

Financial Condition Is Sound In Donley

1929 Cream Shipments Bring Growing Sum To County

CREAM GAINS IN LAST MONTH 1929

SHIPMENTS FROM CITY GAIN OVER NOVEMBER TO COMPLETE YEAR'S TOTAL.

Cream shipments from Clarendon have set a complete new record for the twelve months past and are well on their way to set another record for the coming year.

The year's total amount to 4,144 ten gallon cans of cream shipped to various consuming centers in the United States and will mean that the producers are not the only ones to reap a benefit from the shipments of these containers and their contents.

In value to the producer, this amount of cream shipped from this city will be found to be nearly \$50,000.00. At an average price of \$11.00 per can, which is a conservative estimate, the shipments will be found to total a staggering sum of \$45,840.00.

LITTLE THEATRE BOARD MEETS, MONDAY, JAN. 13

Account of conflicting engagements, the board of directors of the Clarendon Little Theatre will meet with the officers on Monday evening, January 13th, instead of Jan. 6th, as provided by the by-laws.

Two Injured In Serious Crash

A crash in which a Whippet and a Franklin played the leading parts was had on the hill just west of the Bell filling station near noon Wednesday.

The accident happened while a heavy snow was falling and driving was difficult. Both drivers stated that they failed to see the other, hence the head-on collision that resulted in the injury.

Better Staple Is Voted At Goldston

From seventy-five to eighty per cent of the acreage of the Goldston community was represented in the better seed, staple and marketing mass meeting held Wednesday afternoon at 3:00 p. m. at the Goldston school house.

The meeting was informal and the farmers entered generally into a discussion of the conditions which face the cotton raisers at this time. From the very beginning there was an evidence of harmony, and after it had been explained that no pressure was to be exerted to promote the planting of any particular variety of the standard staple seed, the meeting voted unanimously to plant as much as half or more Mebane and Acala cotton the coming season.

Ruel Smith, representing the ginners, told the farmers that it was the tentative agreement of the ginners of this section of Donley County to maintain a government cotton grader in the coming fall, and that cotton would be sold on his official grading.

LIONS HEAR OF NEW DEVELOPMENT

POSSIBILITIES OF POSTOFFICE FOR CITY INCREASED BY LETTER.

Work of the committee named some time past for the purpose of investigating the possibilities for Clarendon's receiving a Federal building was brought forcibly to the minds of the Lions this Tuesday when a letter was received written to G. Lester Boykin, Secretary of the Chamber of Commerce by Marvin Jones.

The letter stated that as yet nothing could be done for cities where the receipts were less than twenty thousand dollars per year, but that plans were being set in motion to care for other towns with smaller receipts and that Clarendon had been included in the latter list as a matter of precaution.

The road plan petitions were mentioned and the Lions who desired to sign them were allowed the privilege after the luncheon. A great number of these petitions are being circulated in all parts of the county to get the opinion of the voters of the county on the proposed plan of uniting the entire forces of the county for road working purposes.

The program committee then turned the hour to Mayor H. W. Taylor, who spoke briefly and to the point on the "Pay at Home" plan. Mr. Taylor stated that this was no new problem, as he had seen it in Clarendon more than thirty years ago when he first went into business here.

BAPTISTS TO MEET HERE JANUARY 14

WORKERS COUNCIL OF MISSIONARY BAPTIST ASSOCIATION COMING SOON.

The Clarendon Baptist Church will host to the Panhandle Missionary Baptist Association on Tuesday, January 14th. The entire association will not be in attendance on this meeting, only the workers council being here to take part in the program as it has been arranged.

The program will start at 9:50 in the morning and will be concluded during the afternoon at 2:50, thus allowing sufficient time for all visitors to reach their homes before the day is closed.

The following is the program as it has been prepared: 9:50 a. m. Devotional—E. E. Walker. 10:05 Some Outstanding Need of Our Association—R. C. Baker. 10:25 Special Music, arranged by—Miss Annie Bourland.

10:35 Our Plans and Program for 1930—Jewel Sibley. 11:10 The Laymen Supporting the Missionaries Program—J. F. Forkner. 11:25 The Pastors supporting the Missionaries Program—E. T. Miller.

11:40 Special Music—Miss Annie Bourland. 11:45 Sermon—George Hutto. 12:15 Lunch. 12:30 P. M. Business Meeting and 2:10 Devotional—Mrs. Joe Goldston.

Snowfall Here Is Seven Inches

As nearly as could be determined in a number of places in Clarendon this morning, the snowfall of Wednesday and Wednesday night will measure approximately seven inches. For the most part, the fall was unhindered here by any wind and in many cases the surface is as level as a floor.

Temperature changes were rather abrupt at the beginning of the cold season, with the low being registered Wednesday night at ten degrees above zero. Predictions for today indicate that there will be possibly clear weather this afternoon, but the cold will be continued for possibly the remainder of the week.

Miss Wilma Nored of Walters, Oklahoma, is here for a visit of a few days in the home of her brother, T. D. Nored.

rather than for a saving in price, a difference in quality or a betterment of style. Other members of the club took this time to express their views on this matter, Lions Murrell, Noble and Wilder being those who attempted to make explanation of the reason why purchases made out of the city.

The preliminary announcement of the Zone meeting was made by Chairman Mulkey, who indicated that the meeting would be held in Clarendon on January 21st if possible. A meeting of the Board of Directors was called for Thursday evening of this week in the usual place and at the usual time.

Births Show A Gain Over Deaths

The number of births registered in the Clarendon registration area of Donley County show a great increase over the deaths for the same part of the county. Complete figures are not yet available for the entire County as the Hedley section of the county has not made final report.

174 births have been recorded for the Clarendon district in the past year, with more than forty registered up to and including August 15th from Hedley. This will bring the totals for this portion of the year to more than 200 births with less than fifty deaths reported for the same period of time.

MARINE TEST IS SETTING NEW LINE

EXTENSION OF SIX INCH CASING TO PRESENT LEVEL HALTS OPERATIONS.

According to Mr. Downey, who is here with the Marine well in an effort to extend this test to the 4,300 foot level, the work has been halted for the duration of this extreme weather. When operations were resumed on lowering the string of six-inch casing to set it on the bottom of the hole, which now stands at 3,770 feet, Mr. Downey further stated that the entire contract depth of 4,000 feet if necessary to allow the well to be completed to that depth.

The hole continues to be dry and the drill was standing on a sandy lime formation when operations were stopped temporarily. The presence of numerous red beds in the lime has necessitated the extension of the casing to prevent possible caves when these beds are encountered.

Mrs. U. J. Boston went to Amarillo Friday to attend a tea given by Mrs. E. F. Bryan.

Mr. and Mrs. F. E. Chamberlain attended the Harry Lauder program in Amarillo Monday.

Colonel Tack Passes Thru

Clarendon was honored yesterday by an unheralded visit from Col. Erasmus Tack, sometimes known as Gene Howe of the Amarillo News-Globe, who was in Donley County on a hunting expedition.

Just to prove that he is an orthodox newspaper man, he came to the News office to get directed to some good advertiser who sells over shoes. Weather prophet, as he is, Col. Tack had scheduled his hunt in the hope of good weather and he wasn't finding it fast when he arrived in Clarendon, as the blizzard and snow was momentarily increasing.

The News man was happily able to direct Col. Tack to a number of good, honest advertisers in the Home Town Paper, and some one of them enjoyed a sale of a pair of over shoes—if they had a pair big enough.

HENRY ANSLEY TO BE TOASTMASTER

AMARILLO'S FAMOUS "COW HAND" WILL CRACK WHIP AT ANNUAL BANQUET.

Henry Ansley, famed "Cow Hand" of the Amarillo News-Globe has accepted the invitation of the program committee of the Clarendon Chamber of Commerce Annual Banquet, to be held here on the evening of January 23th.

Tiring of the home grown variety toastmasters, the committee made the selection of Mr. Ansley secure in the knowledge that there would be no dull moment in the 1930 banquet program with him at the helm.

LEGION PLANS FOR YEAR OF ACTIVITIES

NUMBER OF VENTURES TO ATTRACT WORK OF ORGANIZATION IN 1930.

The first meeting of the American Legion Post in Clarendon for the year 1930 was held Tuesday evening of this week in the Legion Hall. A small but enthusiastic number was in attendance and an active program was laid out for the coming year.

While the ballots are being counted impromptu expressions will be heard from the visitors who will rise and be seated at the august will of the austere toastmaster.

It is very probable that the banquet and program will be held in the basement of the First Christian Church as the committee is now engaged in working out with the ladies of that congregation for the occasion. Plates will be on sale Thursday and Friday before the 28th, and the charge will be \$1.00.

According to Secretary Boykin and members of the committee the 1930 banquet will be the largest attended in the history of the organization, the excellence of the program and the reputation of the speakers being a great attraction.

Donley Divorces Are Small Item

When couples get married in Donley County, they get married for keeps, or at least they have done so during the past year in eight cases out of nine. The records of the County Clerk state that 107 licenses have been returned to her office for filing and that in the same period of time, twelve divorces have been granted. One license was issued during the past year that has not been returned to the office of the Clerk for filing.

The next regular meeting of the Legion will be held in the Legion Hall on the evening of February 4 and a full attendance is urged for that time.

Mr. and Mrs. W. H. Martin returned home Sunday from Amarillo, where they spent the holidays with their daughter, Mrs. Bob Younger and family.

Lindsey Urges Improve Roads

A letter from E. M. Lindsey, former band director for the Clarendon Municipal Band, and now director of the Magnolia Band of Olden, indicates that road problems continue to take a place in his thoughts even though he is removed from Donley County.

Mr. Lindsey further states that roads 22 feet in width are not sufficient to meet the demands of traffic that amounts to 2,000 to 3,000 cars daily. A recent trip made by the Lindsey family to Cisco netted them a count of cars from twenty different states.

Mr. and Mrs. Jimmie Chilton and family were called to McLean last Saturday by the very serious illness of a sister to Mrs. Chilton in that city. At last report, the sister was some improved, with Mrs. Chilton remaining there to assist in caring for her.

Another interesting item in connection with the statements issued this year is found in the Cash and Exchange portion of the statements. Ordinarily heavily loaded with commercial paper of grain and cotton origin, the figures for this year are found to contain in excess of \$400,000.00 in bankers' acceptances.

Express Receipts Show Gain for 1929

Geo. L. Green, local agent for the American Railway Express company, stated to a member of the News force this week that his gross receipts for the past twelve months exceeded those for the preceding year of 1928 by a sum of approximately \$200 per month.

An interesting matter to note in connection with this gain in express shipments is the fact that the gain in express receipts almost exactly totals that amount expended by shipments of cream from this station during the same twelve months period. In explanation of the slump in November, Mr. Green stated that this was caused by the excessive run that had been made on the stock market and its after effects on the people of this section.

The December slump was abnormal and may be said to be brought about by the failure of the Donley County crops to come up to standards that had been expected. The slump in the receipts for June was not explained and none was attempted.

BANKS SHOW CONDITIONS NORMAL

STATEMENTS COMPARE VERY FAVORABLY WITH THOSE MADE YEAR AGO.

Statements of the Donley County banks compare very favorably with those issued on call one year ago. This statement may be alarming and to others may be disconcerting, but the conditions remain the same. Take the loan columns for instance, one year ago, on the 31st day of December, 1928, this figure stood at \$1,245,895.86. The year preceding that, or December 31, 1927, found this figure to stand at \$908,866.92, with the then two banks of Hedley absent from the compilation of figures.

Another interesting item in connection with the statements issued this year is found in the Cash and Exchange portion of the statements. Ordinarily heavily loaded with commercial paper of grain and cotton origin, the figures for this year are found to contain in excess of \$400,000.00 in bankers' acceptances.

The deposit columns of the banks is that which is most interesting to the average person, this season amounting to more than one and three quarters of a million dollars for the county as a whole. Hedley has \$316,420.41 of the total. For the entire four banks of the county this figure will be found to amount to \$1,798,700.63.

It is readily seen that the banks maintain the same average proportion in their various parts. The average condition of the county is thus maintained and the spirit of the entire section held to a level that assures sufficient funds for another year's crops.

### NATIONAL EDITORIAL ASSOCIATION

PANHANDLE PRESS ASSOCIATION

As the business interests of Clarendon are emerging from the inventory period and getting off into the routine of business for 1930, there is a general feeling of confidence and optimism pervading the town. We are off to a good year—how good is up to us.

Close on the heels of the receipt of sixty pecan trees for local planting by the Clarendon Lions Club, comes the announcement of the American Legion that fifty Chinese elm trees will be transplanted in the city each year for the next five years. With these bulk plantings in the lead there will be many private additions to the trees of our city. There's something attractively home-like about trees and for one, The News is prouder of the slogan—"Clarendon the City of Trees."

The Federal Farm Board sounds a warning note on cotton production in the South for the coming year. They urge the farmers to do something for themselves in the way of better seeds, longer staples and fewer acres, arguing that had we had a normal crop in 1929 all records would have been broken with a crop of over eighteen million bales, which would spelled disaster for this section of the country. It will be a hard matter to curtail the acreage, but if our farmers will carry out their projected program of better seed and longer staple, they at least will have a product in demand as against the lower grades.

#### BIG DIVIDENDS ON THE INVESTMENT

One thing dear to the average American is to receive dividends on any investment. There's a real thrill in it, and the return encourages him to make other investments, which in turn makes America what it is today.

Right here in Donley County has come to light one of the biggest returns from a modest investment, we have ever known of, and the county is richer and better by having the investment again in 1930.

The cost of the county home demonstration work in Donley County has been less than two thousand dollars to tax payers of the county, yet in the past year that work has returned a gross revenue of near \$35,000. Think of it—multiplying by seventeen times the amount of the original investment.

During the past year the production of the women's and girl's work in fruits and vegetables together with meats canned and cured amounted to \$32,075.40. Add to this reconstructed clothing and household articles to another \$2,370.75 and the gross total of \$34,446.15 is realized. Miss Thompson, our demonstrator has had a busy year and the huge gross totals of her work is mute evidence of the profit which accrues to Donley County through the agencies of her department.

Aside from the monetary consideration, there is also the matter of the social and cultural value of her work. This is a by-product of the demonstration work not to be considered lightly.

Yes, indeed, the home demonstration work in Donley County has returned big dividends on the investment.

#### THE CHAIN LETTER SOURCE

This early in 1930 the weekly perpetrator of this column has already received one of those perennial chain letters from a very intelligent friend—so intelligent in fact that we take it he means a pleasant little New Year hoax.

We long ago decided that one of our chief aims in life was the breaking of chain letters, even at the cost of threatened "bad luck," and the corresponding loss of "good fortune." So far we have missed making a million dollars, we've never been elected president of the United States, we've failed to discover perpetual motion and have utterly failed to locate the fountain of perpetual youth and have made little progress in being able to please our critics. These and other "good fortunes" we frankly admit we've missed, and breaking chain letters is as good alibi as a person ought to want.

The bad luck we have gotten unto ourself, by breaking the chain of nine letters to nine friends—well that is such a long story we shan't attempt to enumerate. But look at the advantages of the alibi in that respect. We shall never have to admit that we lacked foresight, intelligence and acumen. No one can ever say we were too lazy to profit by our opportunities, or that we were the personification of the round peg in the square hole. Nay, verily, We rode the hot end of the bad luck poker, because we broke chain letters.

However, we are not hard-boiled. We are willing to adapt ourselves to conditions and circumstances. We are willing to compromise. To prove it we have decided that we shall forward the chain letter to one choice friend—not mine. Now if chain letters are still powerful, we shall receive one-ninth "good fortune" in 1930, and only one-ninth "bad luck." You see, by doing that, the chain isn't absolutely broken—not quite.

And, then, we still have our alibis left. Which is something.

Another of the recommendations of the federal farm board is more feed and foodstuffs grown on the American farm. A sound argument is presented in behalf of such a program for 1930, which fits in wonderfully well with the program of dairy cows, chickens and hogs here in the Panhandle.

Meetings are being held over various sections of the West Texas counties in which assembled the farmers and the business men planning a program of selecting and planting a standard bred cotton seed. The cotton growing industry is rapidly going into the production of a better class of cotton. This result is being brought about through the grower finding that a very low price is offered for his staple, and in many places, cotton buyers refuse to make an offer on it. Meetings are being held in Young County with this change in view, and it is hoped that every acre devoted to cotton next year will find a high grade seed planted. In San Saba county the Chamber of Commerce has found that the farmers of the county have been penalized \$50,000 to \$75,000 by the reason of their classification, which was Half and Half cotton.—Olney Enterprise.

Clarendon's postoffice lacked very little grossing business enough in 1929 to put her in the class eligible to receive a federal postoffice building. Really, there was enough business originated here to put her in that class, but for the practice of many local firms in allowing their jobbers and wholesalers to stamp their direct-by-mail advertising campaigns in the big centers, rather than in Clarendon. It will be pretty hard to rectify this situation to our advantage, even though it is manifestly unfair for the big city postoffices to get the credit for the sale of stamps, while the local officer here must do the work incident to its distribution and delivery. While we are considering ways and means of bettering local conditions in the New Year, it might be worth our while to make an effort to see that all advertising matter in 1930 be stamped with stamps bought here at home. The business rightfully belongs here and if we can manage it our local office will gross sufficient total business to insure a new federal building for Clarendon. At least it is worth an effort.

#### NEWSPAPER IDEALS

Every newspaper publisher wants his newspaper to be the best. The difficulty is in the differences of opinion as to what constitutes the best newspaper. An editor asked his readers how he could make his paper ideal, with this result:

"Cut out the crimes, the murders, the sensational divorce case reports," said the nice people.

"Cut out the accidents, the railway and steamship disasters," said the people who "couldn't bear" to read such things.

"Cut out the politics," said the old-fashioned woman. "I don't understand it and haven't time for it."

"Cut out the so-called funny pictures," said the careful mother. "Such pictures aren't funny, and they're bad, very bad, for children."

"Cut out ponderous editorials," snapped the man who merely scans the headlines. "Nobody reads 'em nowadays."

"Cut out the womans' page," said the female with the strong mind. "It's mushy, trashy, trivial; an insult to our sex."

"Cut out sports and theaters," said the intellectual. "Both are bad influences, and both have received altogether too much notice."

"Cut out—," began another and still another, but the publisher beat them to it.

"Stop, all of you," he cried. "On second thought, I have decided to cut out myself. It is no use trying to publish the ideal paper until I come across the ideal reader."

Without readers no newspaper can live, and until humanity has come to live an ideal life there will be no ideal newspaper; for nobody would read one that spoke only of virtue and never of evil. Newspapers are published to print the news; the nature of the news is what people make it.—Washington Newspaper.

#### PRECINCT TWO VOTERS ATTENTION IS ASKED

Voters of the old Precinct 2 in Donley County are asked to be certain to secure their poll taxes in the correct place to save consequent embarrassment when they go to vote in the Primary next July. Those in the voting precinct who live West of the dividing line will do their voting at the Courthouse and will carry tax receipts bearing the former number of the Precinct. Those who live East of the dividing line will carry receipts with the new number on them, and will cast their votes at the City Hall. Precinct 2 was divided at the term of Court last August as prescribed by law, the division being put into effect for the purposes of voting only. The dividing line for the two voting places follows roughly the location of the Highway 88 through Clarendon, this furnishing a basis for the division.

Miss Reuella Dubbs returned Thursday of last week from a week's visit in Amarillo in the home of her aunt, Mrs. C. W. Dubbs.

#### Just One Minute

You can read this Ad in one minute. By the time you reach the last line, property worth \$950.00 will have been destroyed by fire somewhere in the United States. Minute after minute, day after day, this astounding pace keeps up to an annual total of fifty million dollars. That at least has been the record of the past several years. What the showing will be this year and in the years to come depends in a large measure on our attitude towards prevention. Over 60 per cent of the fires take place in homes. Take a look in the cellar, the attic and the closet and clean out all rubbish. Dry grass, weeds and trash piles are common sources of fire.

Examine all your Gas connections and see that there are no leaks. Light connections should be looked after when they become loose.

A minute's thought and action now may save the patient accumulation of a lifetime from the flames. To be absolutely safe, have us write you a Policy on your possessions.

#### ADULT AND PRIMARY UNIONS ORGANIZED

Two new members came into the B. Y. P. U. family Sunday night—an Adult Union and a Primary Union. For some time there has been a need for these two organizations, the adult to care for mature people, who felt the need for the spiritual fellowship and growth such as the Training Service supplies and the Primary Union to care for boys and girls below the Junior B. Y. P. U. age 9 years. The adult group appointed a

committee to report on nominations for the officers next Sunday. Mrs. B. N. Shepherd is the leader for the Primary group. She will be assisted by three other ladies. The boys and girls present Sunday were quite thrilled with the prospects of the "band" and other good things presented. Reporter.

Mr. and Mrs. Frank Stocking returned Sunday from Cleburne, where they spent the holidays with Mrs. Stocking's parents, Mr. and Mrs. Otto Foster.

Why Walk For Food When We Deliver For You

No one realizes better than you just how much it means for you to be able to phone in your order for food and have it delivered right to your home without extra cost. Quality and price considered—you can't beat this plan.

# FOR JUST A PENNY...

Have you ever thought of the ridiculously low cost of electrical service?

Listed below are just a few labor-saving and time-saving appliances that can be operated for absurdly small amounts.

For instance, a penny will operate a vacuum cleaner for 54 minutes, a washing machine for 49 minutes, a sewing machine for 1 hour and 54 minutes or a heating pad for 2 hours and 51 minutes. The same penny will cook 6 waffles, toast ten slices of bread or brew 5 cups of coffee!

Numerous other appliances can be operated for like amounts.

Take full advantage of this economy. There are hundreds of tasks which can be performed more efficiently, more easily, quicker and cheaper with Electricity.

## GOOD WILL TO MEN

From the Old World to the New World—and from the New to the Old—Christmas greetings! Not by the usual, unexciting cards and letters were these messages sent, but by an entirely new method, that of radiocasting Christmas melodies and greetings from Germany, England and Holland sounded in the homes of America on December 25th, while our programs of celebration reached the ears of numerous Dutchmen, Britains and Germans.

This is the first time that natives of Europe residing in this country have had the exquisite pleasure of actually hearing the cherished Christmas melodies of their homeland sung by their own people at a season when memories of what lies beyond the waters are strongest. Our people abroad had a like treat in this winging the American jazz over the Atlantic to them. The programs came to America over the network of the National Broadcasting Company. They lasted for about three hours, and the clear weather made receptivity almost perfect. Holland, England and Germany also reported hearing our programs very distinctly. Although months of effort had been expended to make the broadcasting feat the success it was, it is felt that the future significance of the results is more important than the actual accomplishment, as they demonstrate the possibilities of broadcasting international programs. King George's speech at the opening of the London Naval Conference is the next important feature to be relayed around the world via radio.

## OUR NAUGHTY SENATE

The announced purpose of Senator Reed Smoot of Utah to read in executive session various naughty passages from imported books banned by customs officials has given news writers cause for such headlines as "Reed Smoot to Read Smut" and "Smoot to Spend Christmas With Smut." The inference is that our Puritanical Senators are not unwilling to expose themselves to liberal and realistic literature as long as they can prohibit it to the common herd. Like all reformers, perhaps they thank God that they are not as other men. This incident recalls another which occurred during debate on the Cutting Amendment to the Tariff Bill which would do away with the arbitrary power of collectors of customs to ban so-called "obscene books." A far-western Senator, while delivering a plea for liberal-mindedness, remarked that he had in his possession a book which had been forbidden by Customs officials. The forbidden volume was outspoken but excellent, he stated, and he would be glad to lend it to any of his colleagues. Soon after the vote on the amendment was taken, a mid-Western Senator, who had spoken against the entry of such books was seen to stroll over to the first Senator's desk. After a short colloquy, the liberal soon reached into his desk and handed the conservative a volume which he laid hold of and took back to his place with him. Some gallery observers smiled and shrugged shoulders. "Just another of these little congressional inconsistencies, you know."

## POLITICS THIS WEEK

Is there something significant in the fact that two members of the Senate Finance Committee have this year been designated as Ambassadors to foreign countries? Former Senator Walter Edge of New Jersey departed recently to take up his post in France, and Senator Frederic Sackett of Kentucky will go to Germany shortly as our Ambassador. But perhaps it is only natural and proper that anyone who has sat on the majority membership of the powerful Finance Committee where the belief is firmly grounded that "we are all the people in the world" should be given the opportunity to develop a more international psychology. The last appointment, that of Senator Sackett as Ambassador to Germany, has a double significance. It solves a political problem in Kentucky that promised

grave trouble for the Republicans party in that state, and it smooths the way for the Senate Committee on Committees. That body was confronted with the choice of two candidates for former Senator Edge's place on the Finance Committee, one candidate being Senator Robert LaFollette of Wisconsin, Progressive Republican, and other, some regular Republican, possibly Senator Guy D. Goff of West Virginia. The American consumer will hope that the creation of two vacancies will make certain the assignment of this young Wisconsin Senator to the committee where his point of view is most needed.

## TELLING TIME BY THE STARS

When you set your watches and clocks by some reliable time-piece, you are in reality setting them by the stars. Time all over the country is checked by the radio signals sent from the Naval Observatory in Washington, and the observatory time in turn is checked by star or "sidereal" time. Three master clocks are kept in an underground vault at the observatory. They are under uniform temperature and air pressure, and nobody ever disturbs them except for repairs. These clocks keep sidereal time which is transmitted by electricity to the room from which the radio signals are sent. Radio dashes go out on each second for five minutes at 2:55 a. m. 11:55 a. m. and 9:55 p. m. Eastern standard time. Most people think that the signals come directly from the radio stations, but the fact is they emanate right from the observatory and are transmitted to the stations via telegraph. Observatory signals were first sent out for the convenience of navigators, who used them to check their chronometers before leaving harbor. Now, the signals are heard by Admiral Byrd at Little America near the South Pole, and by surveyors in Alaska at the opposite end of the earth. Most of the clocks have seen long service, some of them dating back to the nineteenth century. The three most important master clocks were placed in the vaults in 1904. Officials in the Naval Observatory are seeking modest appropriations to replace the obsolete types of clocks with new models, but Congress seems to find millions for defense but few cents for correct time.

## WYOMING IN A POLITICAL PICKLE

The death of Senator Warren of Wyoming placed the Republican administration of that state in a difficult situation. We have the story from Joseph C. O'Mahoney, outstanding Democrat of Cheyenne Wyoming, who is regarded as a possible candidate for Senatorial honors in the coming election. In 1925 a Republican legislature, fearing the imminence of the termination of the career of a Wyoming Republican member of the U. S. Senate, enacted a bill to deprive the Democratic Governor of the power of appointment to vacancies. The Governor of Wyoming at that time was Nellie Tayloe Ross. She vetoed the bill for the specific reason that a special election was an unwarranted expense to the people of the state. The Republicans made this vetoed bill an issue in the next election, and Governor Ross was defeated by the present Governor, Frank Emerson. Then, with a Republican Governor and a Republican legislature, the bill providing special elections to fill vacancies in Congress was passed with the proviso "that in the event of a vacancy occurring when Congress is in session, the Governor may appoint." Senator Warren died in the

termin between the special session of Congress and the regular session, and Patrick J. Sullivan was appointed by the Governor of Wyoming to fill the vacancy. Under the law the validity of this appointment was questionable and the Governor was faced with having to comply with his own law. He therefore called a special election to be held late in January to fill the vacancy and in addition called an immediate special session of the state legislature to correct the "ambiguity" in the law as passed with his signature. The people of Wyoming were thus threatened with the double expense of a special session and a special election. The Democratic State Committee met and passed a resolution demanding a repeal of the special election law on the ground of unnecessary expense. This resolution struck a popular chord and the Governor in his message to the special session of the State legislature recommended that the special session amend the Senate Vacancy Bill in terms that would make it possible to avoid a special election.

About two-thirds of the states of the Union exercise their rights under the Seventeenth Amendment and allow the executive authorities to make temporary appointments pending general elections. The rest of the states have provisions for special elections.

## AGAIN—THE SHORTER WORKING DAY

Anyone who has studied the problems of human labor and machinery for forty-two years must surely speak with authority on his subject. So when Ethelbert Stewart, recently reappointed Commissioner of Labor Statistics, declares himself in favor of a shorter working day and shorter working week, we listen with respectful interest. Mr. Stewart reasons in this manner: To waste men at labor which machinery can perform more efficiently, is a grave evil. On the other hand, use of the machine results in unemployment for many men. The only solution, then, is to employ both men and machines for shorter lengths of time, thereby giving both robot and human being a square deal all around. Mr. Stewart further believes that any industry in this country can produce all it sells by working only thirty hours a week, and, if new inventions continue, a maximum of four working days a week of six hours each will be sufficient. The amount of leisure thus created would in itself constitute a problem, but Mr. Stewart has a suggested solution for that also. Let the whole machinery of education turn toward teaching the coming generation the purpose of leisure, he says, and we will have real efficiency for every hour of every day of the week.

## TREASURY DEPARTMENT ISSUES TIMELY WARNING

Abuse by taxpayers of the privilege of securing an extension of time in which they may file their income tax returns will no longer be tolerated according to orders issued by the Commissioner of Internal Revenue and announcements made in this District by Collector Geo. C. Hopkins. Heretofore, tax experts, with a long list of clients have been in the habit of asking and securing extensions, chiefly on the ground that they have more clients than they can physically attend to around March 15. "The Commissioner of Internal Revenue has authorized me to advise all taxpayers and all representatives of income taxpayers that only in those cases shown to have genuine merit will extensions of time for filing be granted," said Collector Hopkins today. "The records show that for several years the extension privilege has been abused, and that in many cases taxpayers or their representatives have habitually requested extensions year after year so that delayed returns have been the rule rather than the exception. It is believed, therefore, in

## MAKE PROGRESS IN CONSTRUCTING THROUGH ROUTES

### ILLINOIS NOW HAS SEVENTEEN HARD SURFACED ROADS CROSSING STATE.

By E. E. Duffy

That comprehensive highway planning is getting someplace is evidenced by the number of through paved routes the national highway map now reveals. Most of the through concrete pavements are in the Middle West, although there are many lengthy stretches in all other sections. In the East, replacement of wornout surfaces built with the limited experience of several years ago, is going on slowly but surely. The most notable all-paved eastern road extends from New York City, through Philadelphia, Baltimore, Washington, Richmond and on to Raleigh. Another concrete highway extends from Philadelphia through the northern part of Pennsylvania to Erie. In the Midwest several lengthy pavements radiate from Chicago. Motorists may travel from Chicago to Louisville, via Indianapolis, without leaving concrete. All but one short bit of the highway connecting Chicago and Des Moines is paved. Chicago also has paved motorways to Detroit and to Toledo.

What cooperation between state highway departments can do is illustrated by the continuous strip of concrete extending from Hibbing, Minnesota to Topeka, Kansas. This roadway, also linking

these, as well as in many other cases the delay was occasioned primarily by undue exercise of the privilege afforded taxpayers of securing extensions of time rather than by meritorious causes, hence the recent instructions to all collectors to grant extensions only upon the showing of a good and sufficient cause. In other words, extensions will be granted only in those cases in which, by reason of the circumstances involved, the taxpayers could not have filed timely returns through the exercise of ordinary diligence. This is to advise representatives of taxpayers that wholesale requests for extensions (a long list of clients) presented at the eleventh hour, accompanied by no better reason than "impossible to collect data," or "Physically impossible to reach all" will not be granted.

We advise representatives of taxpayers who have a large clientele to commence operations immediately after January first and not wait until March, fifteenth to file returns.

We advise taxpayers who depend on others to prepare their returns to furnish all data to their agent immediately after January first. The return can then be prepared but not filed and tax paid until March fifteenth.

Duluth, St. Paul, Chicago, St. Louis and Kansas City, is of tremendous economic and social importance.

Another highway accomplishment worthy of note is the concrete road that extends itself practically all the way round Lake Michigan.

What the state of the future will provide its motorists is indicated by Illinois. That state now has, eleven pavements from north to south and six crossing the state east to west.

Out on the Pacific Coast one may travel almost entirely on first class pavement from Vancouver, B. C. to Aijuana, Mexico.

## \$70,000,000 TO BE EXPENDED IN 1930 BY TEXAS UTILITIES

Capital expenditures of the utility companies of Texas for improvements, extensions and general betterments during 1930 will exceed \$70,000,000 as their contribution to President Hoover's "momentum-for-industry" program, and may reach \$75,000,000 according to announcement made by the Texas Public Service Information Bureau. The announcement was based on detailed reports from twenty large companies and on conservative estimates of those from which reports were not received by the Bureau. The twenty companies showed budgeted improvement items for next year aggregating \$59,249,000. Estimate of \$11,000,000 for the several major companies not reporting may be ultra-conservative, as the omissions include some of the largest operators in Texas.

Companies whose figures are included are Dallas Power and Light, Dallas Railway and Terminal, Dallas Gas, Houston Lighting and Power, Houston Electric, Galveston Electric, Gulf States Utilities (Beaumont), Texas Utilities (Lubbock), Southwestern Public Service (Amarillo), Northern Texas Gas Tractor (Fort Worth), San Antonio Public Service, West Texas Utilities (Abilene), Central Southwestern Gas and Electric (Texarkana), Fort Worth Power and Light, Southwestern Bell Telephone, Lone Star Gas, Fort Worth Gas and Municipal Gas.

In addition to the larger companies for which estimates were made and included in the grand total above, the 300 or 400 independent telephone companies will spend \$1,500,000 in permanent improvements next year, it is estimated by R. B. Still, president of the Independent Telephone Association, and many smaller utility companies are known to have considerable improvement work planned for the year, but since figures were not easily obtainable, their totals are not included in the estimate.

Larkin with more than \$500,000 worth of building permits will set a new building record for itself this year.

## Did You Ever Stop to Think?

By Edson R. Waite, Shawnee, Okla.

Albert Russell Erskine, President of the Studebaker Corporation, Says:

That the aspiration of the American people for beautiful things to wear, to use, and to adorn their homes, and for beautiful houses, leads to greater happiness and higher aesthetic civilization. American manufacturers generally are striving to make their products beautiful by applying the ingenuity of the fine arts to the industrial arts. This is the day of the artists. Old colors and shapes are being questioned. Typewriters and bathtubs are being furnished in colors. Flatirons are being redesigned and so are washing machines, from an aesthetic standpoint. Beautiful boxes in which candy is packed, costing more than the candy, find ready sale. Railroad engines are being painted in colors and pullman cars are being beautified inside. A French perfumer has become a multi-millionaire through selling his perfume in beautiful bottles. There is no end of the possibilities in beautifying the products of industry.

The automobile industry is not satisfied. Some years ago we established the policy of bringing out "sport models" for the young people, with streamline effect and painted in bright colors. We were then under indictment by the shoe manufacturers of reducing the demand for shoes. After denning the automobile in conventions and fussing about poor business a few years, they followed our example and brought out "sport model" shoes, at much higher prices than the old black ugly things they had been making for years.

Their "sport models" were beautiful and the women especially bought them by the millions. Now the shoe manufacturers are up-to-date and are, I hope, enjoying profitable days. Generally speaking their shoes are beautiful in lines, shape and color. This is an example of what perhaps every industry can do, except those which manufacture commodities. There is no opportunity for style expression in pigiron, lumber and such semi-raw materials, but flour millers can and do adopt attractive packages and proprietary trade names to individualize their particular product. The manufacturer of a proprietary article in which the element of style enters, such as a Studebaker car, is the most fortunate of all manufacturers because he can commercialize the trade name as well as the style element, whereas the manufacturer of the proprietary article "Listerine" has no possible style element, except perhaps in attractive bottles.

"Circumstances Alter Cases," as The Old First Readers Used to Say.

Harry Brown, Editor of The Gainesville (Florida) Daily Sun, Says:

That the newspaper publisher guilty of encouraging further excess competition among retailers in the hope of creating fresh sources of advertising is not using common sense. The average small merchant cannot see the value of advertising because of the limited and more or less fixed scope of his patronage territory.

In one Florida town of about ten thousand population there were at one time sixty grocery stores. Changed conditions have reduced the population of that community to eight thousand, but now there are only fourteen grocery stores. When there were sixty the local newspapers carried not more than four or five grocery advertisements; today, with the fewer number of stores, nine and sometimes eleven grocers are using space and without foolish and wasteful cutting of prices.

From The Newspaper Angle, Publishers Are Better Off in Communities Where Ruinous Competition Does Not Prevail. Half-Starved Merchants Cannot Be Expected to Develop Into Profitable Advertising Patrons.

While in Minneapolis a few weeks ago, I visited the famous Foshay tower. As it is one of the most wonderful buildings I have ever had the pleasure of seeing, and as I met Wilbur B. Foshay at that time, who told me that the building was at a later date to be dedicated as the "West's Washington Monument," I have watched the press reports of this event and told Mr. Foshay to write me about what happened. The information he gave me is so interesting that I pass it on to you. Mr. Foshay said:

"Representatives from 36 states, Alaska, Canada, Mexico and Central America came to Minneapolis for the Dedication Ceremonies. Secretary of War Good arrived on Saturday morning, August 31, and delivered the dedicatory speech. Governor Theodore Christianson of Minnesota presided at the services.

"Sons, daughters and children of the American Revolution participated in the services, unveiling three busts of Washington which have been permanently placed in the Tower Arcade.

"The structure which visualizes my life's dream has done much for the Northwest. It is a civic project. We have been told and dedication of this building by prominent people that the erection as Washington memorial and the Northwest."

In the progress of Minneapolis marks the beginning of a new era

The drainage basin of the Brazos, covering 41,700 square miles, is the largest in Texas. That of the Colorado—37,800 square miles—is second.

## Bankers Frown On False Economies Of Construction

PENNY SAVED MAY BE DOLLAR LOST IN MODERN HOME BUILDING.

By Wyatt Brummitt

When a bank lends money to a home builder it wants to be sure that the house will be in first-class saleable shape for the duration of the loan. A shoddy building is poor collateral and bankers naturally enough, want their collateral to be as sound as possible.

You can't blame the bankers for being finicky. They've got to be. And the fact that they must be particular may, in the long run, save a lot of money for the man who embarks on the enterprise of building the home he and his family have always wanted. True enough, it will cost a trifle more to build a thoroughly first-class house but, within a few years that extra first cost will have been completely wiped out by the savings which the owner realizes in low maintenance and operating costs. Satisfaction has no tangible money value, but satisfaction is worth a lot and cannot be gained in a home that is built with an eye to "penny-saving" on seemingly unimportant details. A penny saved frequently means a dollar lost.

The question confronting the prospective home builder who wants a good house but at the least possible cost is, "where can

## Amarillo Painter Praises Orgatone

SAYS WIFE WAS SICK IN BED, SUFFERED SEVEN YEARS WITH DIGESTIVE TROUBLES, BUT FEELS FINE NOW.

"I had two doctors with my wife, this Christmas eve, and when she didn't get any better, bought a bottle of Orgatone and she began to improve right away," said Floyd E. Gifford, residing at 3500 Tyler, Amarillo, Texas, while talking with the Orgatone representative. Mr. Gifford is a painter.

"My wife has suffered for seven years with stomach and digestive troubles. She had pains in her neck and back and her heart was affected every time she ate anything. The food would not digest and caused gas formation which would crowd her heart and she would get weak and dizzy. She had severe attacks of indigestion and would have pains in her abdomen and cramp for hours. She was very bilious and dizzy most all the time, and never was able to rest or sleep of a night and was very nervous. She was very ill Christmas eve, and I went to town and saw where Orgatone was helping so many people and got a bottle. This indeed was a nice Christmas present for us, for the very first dose she got better, right away. She eats everything she wants, now, feels better in every way, and she is not constipated any more, and does not get dizzy and bilious. She says that she feels she owes it to Orgatone to give a statement so that other people may know the benefits. We are both grateful to it." Genuine Orgatone is sold in Clarendon by Stocking's Drug Store who are direct laboratory agents.

## "The Eyes of Texas"

Kenneth Fink

Austin, Texas, Jan. 6—The University of Texas opened January 2 more or less sleepy and tired from trips from all over the state. Some familiar faces were still missing the following Monday, so it must be concluded that either they celebrated the holidays so violently that they were unable to return, or else they "busted out" in the last six weeks' tests and reports.

Students returned to the campus recalling to those who missed the pre-Christmas snow what they had missed.

I safely save money in construction.

Generally speaking, it is unwise to attempt to save money on the basic, structural elements of a home. Some of these elements may be completely hidden in the finished job, but that fact is one good reason for making them as good as possible. For example, a foundation footing that doesn't go down beyond the frost line or that isn't wide enough to do its work in any particular soil is a distinct liability.

Similarly, main bearing walls, partitions, floor supports, plumbing, electrical wiring, heating systems, flues and chimneys, roofing and exterior finish cannot economically be skimped.

Money saved in home construction then is limited to savings on non-essentials. Everyone's idea of non-essentials may not be the same, but it is safe to suggest that built-in gadgets and what-nots may be eliminated in the original construction and installed later, after the major financial burden of the house has been lifted. We have all seen speculator-built homes which are replete with non-essentials but which are sadly deficient in essentials.

Firesafety is not bargain merchandise. It is a staple commodity. But it is worth, many times over the money required to produce it. Exterior finishes such as stucco are subject to unwise "savings"; but it is common knowledge that the cost of replacing inferior or substitute stucco is much greater than original construction with standard portland cement stucco and, where color is used, guaranteed mineral pigments.

Finally, good workmanship is worth what it costs. The wise builder counts as money saved the money he spends on good work, from architect to the last man to leave the job.

Rent that spare room with a News Want Ad.

The Clarendon students are all back in the University. Rhodin Chase, Sam Braswell, Richard Morris and Kenneth Fink returned in time for classes Thursday, January 2.

Mary Katherine Headrick spent the holidays in Clarendon and Amarillo. Florence Fink visited in Clarendon.

Cecil Butler spent the vacation with his parents in Lelia Lake.

Alice and Bob Gordon remained in Austin with their mother. Mr. Gordon came down from Pampa to be with them.

## Dr. Rea Coming To

CLARENDON

Specializing in internal medicine, treating diseases without surgical operation. AT THE CLARENDON HOTEL Sunday, January 12th from 9:30 a. m. to 4 p. m.

ONE DAY ONLY

FREE CONSULTATION AND EXAMINATION.

Dr. Rea, well known American physician, licensed by the State, visiting professionally many important places in the state.

Specialist in stomach disease, liver, bowels, blood, skin, lungs, throat, heart, kidneys, bladder, nose, nerves, rheumatism, neuritis, bedwetting, pellagra, blood pressure, leg ulcers, slow growth and deformities in children.

Remember the date, and bear in mind that his treatment is different.

He does not operate for chronic appendicitis, gall-stones, ulcers of stomach, goitre. Small tumors, skin cancer, tubercular glands, moles, warts, facial blemishes, piles, fistula, varicose veins successfully treated with hypodermic injection method.

Dr. Rea is an experienced practitioner in chronic diseases and applies his efforts in the interest of those diseases he is best qualified to treat, so if ailing, and not getting any better, see him, at this time.

He will give free consultation and examination. Services and medicines at reasonable cost in those cases in need of treatment.

Married women should come with their husbands, and children with their parents. REA BROS. Medical Laboratory. Minneapolis, Minnesota.

## SPACE IS GOAL OF ALL CITIES

NO REASON WHY SMALL CITIES BE CONFRONTED WITH CITY PROBLEMS.

By E. E. Duffy

Aided by a spacious and comprehensive city plan, the small municipality has a better opportunity for sane growth and for a happy and healthy living than the city of metropolitan size.

This statement of Harold S. Buttenheim, editor of The American City, contains food for thought for every city and town regardless of size.

Most cities were not designed for the two modern vehicles of transportation—the airplane and the automobile. Their streets are narrow and but few of them can be used as through routes. To face the matter of street surfaces fairly it must be admitted that the great American street is rough and bumpy and costly and not at all suited to the needs of the automobile which works best on smooth surfaces. As for aviation, most metropolitan centers have as yet been unable to provide flying fields of easy access.

Large cities are making themselves over—Seattle cuts a new street through tall buildings, Chicago widens LaSalle Street by tearing off the fronts of structures—Pittsburg gets more street space by arcing buildings—New York builds an elevated highway four miles long.

Small cities have the advantage for they may provide spaciousness right now without excessive use of the scissors. New streets should be of an adequate width and outlets should be provided that go some place. City planning information is available from a dozen reliable sources; there is no reason why the small city of today, which will be much larger tomorrow, should eventually face the problems confronting all of America's large cities now.

When a pavement is laid it should be a smooth pavement that will last without appreciable maintenance. When a new improvement is planned, the city should ask itself, "will this thing be adequate twenty years from now." That is the only way a municipality can be fair to its population a decade hence.

Texas holds the lead in attendance on state fairs. Attendance in 1929 was 963,074. Nebraska with 497,660 was second. Ohio third with 437,000, and Minnesota fourth with 433,268.

## MRS. LINNIE CAUTHEN SEEKS RE-ELECTION

Mrs. Linnie Cauthen, efficient county treasurer of Donley County has announced her intention of seeking re-election to that office and The News has been authorized to carry her message to the Democratic voters of Donley County.

Mrs. Cauthen has made an enviable record as treasurer and asks the votes and favor of the voters on a continuation of her policies of careful attention to the details of her office and uniform courtesy and service to all. She feels confident that this record justifies her in asking another term at the hands of Donley County voters in the July Primaries and the general election next fall.

Her name will be found in the regular announcement column.

Rev. Leon O. Lewis filled the pulpit of the Methodist Church at Lelia Lake last Sunday.

## BABY BEEF

The meat you have been seeking as a relief from holiday cooking. It's tender and juicy and is the best you have seen. Cooked meats ready for you to eat. Order early for the best selection.

# ANNOUNCING!

The Opening Of

# HATCHING SEASON

We are equipped with two Smith 52,000 egg incubators and will start the first hatch on

## Monday, January 13

### QUALITY CHICKS

We will produce chicks from good quality flocks only, and we ask that all poultrymen who have good flocks get in touch with us at once

### CUSTOM HATCHING

Let us hatch your eggs. Our equipment is the best that money can buy and we are on the job 24 hours a day. No fuss or worry with small incubators or hens. No nervous strains. It is an imposition on the housewife to expect her to look after a bunch of small incubators night and day for two or three months. Conserve your wife's health and maintain peace in the family by unloading your hatching worries on our experienced operators.

Eggs set every Monday and Thursday, bring them to us on Wednesdays and Saturdays. PRICE: 3 1-2 cents per egg in tray lots until February 13; 4c per egg for balance of season. Trays hold 150 to 156 eggs.

### POULTRY SUPPLIES

We will carry a complete line of dependable poultry supplies. Brooders, feed, remedies, etc.

## COME AND SEE US

We ask the co-operation of all poultrymen, farmers and business men in furthering poultry development and improvement. COME AND SEE US OFTEN.

# Clarendon Hatchery

## THE SPIRIT OF ADVENTURE

The Airplane exemplifies as nothing else can, the spirit of adventure, the will to forge onward into the unknown that has ever marked the successful pioneering of the American community.

This month, in their message to the community, the business men have taken as their central theme, the airplane headed toward the dawn, over unknown seas, on a voyage whose one aim is the betterment of mankind in general.

The success of the trip depends in a large measure upon the united functioning of every member of the organization sponsoring the flight, even down to the least important workman about the airdrome. So it is with a community. Each member must do his share toward making the community a successful community.

# SOCIETY

## Richards-Moore

Jim Richards, manager of the Allen-Figh Motor Company in Wellington, and Miss Jewell Moore, the daughter of Mr. and Mrs. F. A. Moore of this city, were united in marriage December 25, at Frederick, Oklahoma. The ceremony was performed by Rev. Stigler, pastor of the Baptist Church of that city.

The bride is quite well known in Wellington where she has always been a prominent member of the younger set. She was graduated from Wellington High School in 1925, and later attended John Tarleton College at Stephenville from which institution she was graduated with honors. She has been teaching school locally since she completed her college education.

The groom is the son of G. M. Richards of Wellington. He has made his home in this city for the past three years, since moving to this place to take over the Allen-Figh management. Before coming to Wellington, Mr. Richards was employed for seven years by the Clarendon Motor Company in this city. He is a graduate of Clarendon High School and later studied in Clarendon College.

Mr. and Mrs. Richards will make their home in Wellington where their friends wish them abundant happiness and success.—Wellington Leader.

## Clarendon Women Attend Tea

The New Year has been ushered in with many charming hospitalities. The aftermath of the holidays is not so dull as usual. The beautiful days of January have inspired merrily to entertain.

One of the largest social events of the week was the tea given Friday afternoon by Mrs. E. F. Bryan at her home, 1252 Crockett Street.

The reception suite made a delightful setting for the occasion in the decorations of roses and greenery which were used profusely.

Mrs. Bryan and her daughter, Mrs. Floyd Keener and her daughter-in-law, Mrs. Allen Bryan, both of Clarendon and Mrs. W. N. Durham were in the receiving line.

Mrs. G. L. Yates and Mrs. R. R. Swindell presided over the beautiful appointed refreshment table.

Guests were arranged on the lower table in crystal chandeliers. Mrs. Harry Gulbransen and Mrs. Casey, daughters of the hostess and Mrs. Floyd Studer, Mrs. C. H. Mason, Mrs. J. W. Sanders and Miss Mary Virginia Hall assisted in serving.

A delightful musical program was given. Mrs. A. D. Steed was in charge.

Those calling during the afternoon:

Mrs. W. T. Hayter, Mrs. Charles Trent, Mrs. J. T. Patman, Mrs. M. M. Nobles, Mrs. G. L. Boykin, Mrs. A. L. Chase, Mrs. J. Boston, Mrs. Tom Connally, Mrs. Ralph Bourland, Mrs. Dorr Ellis, Mrs. Richard Bell, Mrs. George Garrison, Mrs. Clarence Whitlock, Mrs. Ralph Porter, Mrs. Currie Powell, Mrs. J. B. Baird, Mrs. Annie Hall, Mrs. W. H. Patrick, Mrs. W. A. Land, Mrs. Frank Whitlock, Mrs. Euel Sanford, Mrs. C. E. Killough, Mrs. W. C. Stewart, Mrs. A. T. Cole, Mrs. Kate B. Carroll, Mrs. J. L. McMurry, Mrs. Sella Gentry, Mrs. J. F. Blocker, Mrs. J. D. Swift, Mrs. Joe Goldston, Mrs. H. C. Brumley, Mrs. C. W. Bennett, Mrs. W. A. Massie, Mrs. W. T. Link, Mrs. J. H. Hendrick, Mrs. Allen Bryan, Mrs. Floyd Keener, Mrs. H. K. Leathers, Mrs. W. B. Sims, Mrs. J. T. Sims, Mrs. Molly Gray, Mrs. C. G. Stricklin, Mrs. L. S. Bagby, Mrs. R. Thompson, Mrs. O. L. Jenkins, Mrs. E. M. Ozier, Mrs. C. A. Burton, Mrs. H. T. Burton, Mrs. Homer Mulkey, Mrs. Tom Goldston, Mrs. Paul Shelton, Mrs. Frank Stocking, Mrs. Forrest Taylor, Mrs. C. W. Taylor, Mrs. Dave Johnson, Mrs. Vinnie Buck, Mrs. S. W. Lowe, Miss Mildred Martin, Miss Beulah Baird, Miss Anna Moores, Miss Lotta Bourland, Miss Annie Bourland, all of Clarendon.—Amarillo News.

## Young Peoples Society Enjoys Party

The Young Peoples Society of the Presbyterian Church, celebrated the close of a membership contest Friday evening in the basement of the church. The side of which Henry Wilder is captain entertaining the side of which Bill Word is captain.

Rev. and Mrs. Robt. S. McKee entertained the young people in their number of games were enjoyed. Refreshments were served at the conclusion of the evening, the first course being cookies filled with cotton, which afforded much merriment.

About eighteen young people were present.

## Kongential Kard Klub

Mr. and Mrs. Richard Bell entertained members of the Kongential Kard Klub Tuesday evening at the residence of Mr. and Mrs. A. T. Cole.

Pot plants decorated the rooms in which dinner was served before the games of bridge.

Mr. and Mrs. C. E. Miller received high score. Mrs. Chas. Bell gentlemen's cut and Miss Catherine Cole ladies' cut.

Those attending were: Messrs. Chamberlain, Chas. Bell, Ira Merchant, Forest Sawyer, Clyde Price, Chas. Trent, Mrs. Earl Alexander, Miss Catherine Cole.

Upon returning to the house the guests retired to be called the next morning to a delicious breakfast. Those enjoying this delightful affair are: Misses Dorothy Jo Taylor, Jean Bourland, Carol Holder, Pauline Shelton, Pauline Sanford, Melba Del Warner, Coy Latson.

## Hott Family Entertain Relatives in Holidays

Mr. and Mrs. Oran Hott and family entertained a large crowd of relatives and friends New Year's with a nice turkey dinner. Those present were: Mr. and Mrs. C. E. Stillwell and family from Memphis; Mr. and Mrs. J.

## Former Clarendon Boy is Married

The Itasca Item of a recent date carries the announcement of the marriage of Ross Vernon and Miss Violet Standly in the city of Itasca, Texas. Ross Vernon will be remembered by Clarendon folk as clerk in the Antro Hotel at the time it was operated by Mr. and Mrs. H. R. Vernon. Ross is the brother to O. V. Vernon of the Amarillo Board of City Development.

## Carlson is Host To Class

The regular meeting of the Mulkey Class of the First Christian Sunday School was held Tuesday evening of this week in the home of Mr. and Mrs. Ed Carlson. The discussion for the evening was led by Mr. Mulkey with the first Chapter of James. A very interesting discussion was had although the weather conditions made it impossible for a large attendance to be present.

Those in attendance are: F. C. Johnson, W. L. Butler, W. F. Dubbs, Rev. Emanuel Dubbs from Borger, Tom Moss, S. B. Arnold, Homer Mulkey and the host, Ed Carlson.

## 1926 Book Club Meets

The 1926 Book Club met Tuesday afternoon at the home of Mrs. Lillian Brady, with Miss Edger Mae Mongole as assistant hostess.

The study for the day was Rex Beach's "Son of the Gods." Mrs. Henry Tomb was leader for the afternoon. Miss Harris gave a sketch of the life of Rex Beach and Mrs. Lloyd Stallings gave a synopsis of the book.

At the conclusion of a short business session a delicious course was served.

## Home Demonstration Club Meets

The Clarendon Home Demonstration Club met in the home of Mrs. W. D. Van Eaton Friday afternoon.

County Demonstrator, Miss Harvey Thompson, gave an instructive talk on "Furnishing the Living Room." At the conclusion of which the hostess served a dainty salad course to Mmes. O. L. Fink, A. E. Benson, T. M. Crabtree, C. E. Lindsey, J. A. Meador, Major Hudson, J. A. Tomb, A. H. Baker, J. W. Watts, J. C. Estlack, W. H. Youngblood, T. H. Peebles, Joe McMurry, Misses Harvey Thompson and Katie Meader.

## Bridge Party

Miss Agnes Caraway entertained with a bridge party Friday afternoon at the home of her parents, Mr. and Mrs. Odo Caraway. Cut flowers added an artistic touch to the entertaining rooms.

Mrs. M. P. Gentry received high score and Mrs. W. L. Ball cut consolation.

A two course luncheon was served to the following: Mmes. W. L. Ball, B. C. Antrobus, P. B. Gentry, W. S. Bagby, M. P. Gentry, Chas. Trent, Ira Merchant, Misses Norma Rhodes and Lotta Bourland.

## Sims P. T. A.

The Sims P. T. A. will meet Tuesday afternoon at 3 o'clock. A full attendance is urged.

## Legion Auxiliary Names 1930 Officers

The annual election of officers of the American Legion Auxiliary was held Tuesday afternoon of this week and plans were laid to increase the interest and membership of the body in Clarendon. Mrs. C. G. Stricklin was named new president of the body and Mrs. L. L. Swan was re-elected to the office of secretary and other officers were named to fill places vacant. Plans were also laid for a joint social meeting with the Legion on the evening of January 21st. It is the hope of the Auxiliary that they may increase their membership by this meeting.

## NEW FORD RECEIVES ATTENTION FROM VISITORS

When the announcement was made of the arrival of one of the new model Fords in the city, guests turned their thoughts to looking at the machine and steady stream of visitors was seen in the show room of the Clarendon Motor Company all the latter part of last week to get the first views of the new machine. Various estimates place the attendance at from four to six hundred on Saturday of last week to see the changes that had been

## put in effect on the model for the new year of 1930.

The model shown in this city is the Town Sedan and has many of the features that are found on higher priced cars than this. Mr. Kemp states that no further changes are expected in the price levels of this machine.

## HATCHERY ADDS HUGE NEW ROOM FOR BROODING HOUSE

Announcement of the opening of the Clarendon Hatchery for the 1930 season is found in another section of the News. This business opened its doors to the chicken raising public for the first time after the first of February 1929 and a run for a good season with many chickens hatched and sold to the Donley County poultrymen. They are opening this year than they did last for the reason that eggs are more plentiful at this time than they were during the spring of 1929 and that open weather seems to be more nearly at hand.

The equipment of this place of business will remain as it was during the season of its opening with the addition of a brooding room with a capacity of 7,000 chicks. The room is erected in the rear of the second unit of the hatchery and will be completed in sufficient time to care for the chicks as they come from the incubators. Heating coils will supply the necessary heat to the room and a system of fans will insure sufficient ventilation to change the air in the room every three minutes. Frank White, Jr., will be assisted in the work of the hatchery this year by Lee Mears, the man who helped him through the past season.

## CHEVROLET MODELS DRAW BIG CROWDS SATURDAY

Announcement of the appearance of the 1930 models of the Chevrolet cars was carried in all the papers of this section of the state last week, covering the larger towns of the state and also stating that the models would be on display here for public view. The place of business of the Allmond Chevrolet Company of this city had been cleared for almost the entire week preceding last Saturday and the windows had been covered to prevent outsiders seeing what was going on in this place of business. When opened Saturday morning, the stream of interested people started through the building and continued until the place was closed for the night. Estimates made by Carl Allmond, manager of this place, indicate that more than 750 people viewed the new model on display during the day. A four door sedan was in the show room, as well as a chassis of the light delivery truck. A display board showed many of the features found in the new model of the car. Streamers on the chassis also showed the various refinements of the new models, the prices were reduced from \$30.00 to \$60.00 on a scale that covered the entire line of models manufactured.

## Surveying Crew Working Highway

The promised surveying crew from the State Highway Department is busily engaged in Donley County, working out the final designation for Highway No. 5. This crew started their work on December 30th and are taking plenty of time in their efforts to get the line of the road set exactly right before they leave the route. Grades are being set and all necessary plans are being made to allow actual grading to be started as soon as the right-of-way has been secured by the County officials.

In addition to surveying through Donley County, the route will be continued into Armstrong County to intersect with the highway where it strikes the present location at the depot at Goodnight. When his stretch of road is completely surveyed, the highway will be on the south side of the track from Carey in Childress County to Amarillo.

Active direction of the work is in the hands of P. S. Bailey, engineer for the district. For the past few days, the camp has been in Memphis, but is expected to be moved to Clarendon as a central point in the next few days. Mr. Bailey states that the road will pass through the towns of Hedley, Lelia Lake, Clarendon, Ashtola and Claude.

## McELVANEY PURCHASES CHAIN TIRE STORES

Arrangements were completed the fore part of this week whereby Homer McElvaney has become owner of the Panhandle Chain Tire Stores, located in Clarendon, McLean and Shamrock. Since the establishment of these places of business, Mr. McElvaney has been in charge of the three stores mentioned and will continue to have charge of them in the future. He stated to a member of the News force that the same policies would be kept in effect as much as possible and that their places of business would continue to render the same sort of service to the people surrounding the three towns most vitally interested in the growth of the stores.

## NEW VIOLIN TEACHER FOR LOCAL SCHOOLS

Following the resignation of Mrs. G. L. Boykin as violin instructor for Clarendon Junior College and the public schools, the board of trustees this week elected Miss Ruth Crownover to fill out the remaining months of the school year.

Miss Crownover is violin instructor at Childress and will come to Clarendon on Tuesdays and Fridays meeting her classes in the usual violin studios at the college and at the Junior Hi building. The new instructor is in her second year at Childress and comes here well recommended as a teacher and as a young woman of engaging talents. She is a graduate of Southwestern University at Georgetown and has had two years under Carl Venth at Fort Worth, where she ranked as one of the outstanding pupils of that teacher.

## QUATTLEBAUM CUP IS HERE FOR INSPECTION

The silver cup won by E. V. Quattlebaum at the Tri-State Poultry Show held recently in Amarillo has been received and was brought to the News office the early part of this week. The cup has been suitably engraved and must be won for three successive years before it becomes the property of the winner. In addition to the cup, there is a large purple ribbon that was awarded in connection with the cup. Both these trophies may be seen on display in the window of the News office.

## Bill Hay Is New Man at Greene's

Mr. and Mrs. Bill Hay of Memphis are new residents of the city of Clarendon since the latter part of last week. Mr. Hay is taking a place in the Greene Dry Goods Company and will be in charge of the men's department of this store. Mr. Hay was formerly connected with the Hay Clothing Company of Memphis and comes to Clarendon following the consolidation of this company with the Greene Dry Goods Company of that city. Mr. Hay has many years of experience and will be glad to meet the patrons of this store as they visit this place of business.

## DRS. JENKINS have moved to Goldston Building Suite 7-9-11.

## BRONCHO SECONDS ARE GIVEN NEW SWEATERS

After passing safely through the season of 1930 with few losses to their numbers, the second string Bronchos were presented with their letters and sweaters in chapel exercises Tuesday morning of this week. Coach Hutton made the presentation to the boys using appropriate remarks as each member of the squad came forward to receive the desired trophy. A light, slip-over style of sweater of a rich maroon color was given the boys. The letters are a large block type "C" bordered with a thin line of white to give the desired effect of the colors of the school. Those receiving the sweaters at this time are:

Wilford Andis, O. C. Watson, Jr., Greer Cottingham, Silas Franklin, Parris Dever, Henry Wilder, Bill Montgomery, Archie Watters, Truett Behrens, Billie Wood, Billie Word, Loyd Benson and John Ziegler.

The pep squad got into action immediately following the presentation of the trophies to the boys and gave them a number of yells.

## HAROLD BUGEE SHOWS TO AMARILLO WOMEN

A number of the paintings of Harold Bugbee of this city were shown to the members of La Costura and La Aquilera Needle Clubs in Amarillo Tuesday afternoon in the home of Mrs. E. C. Britain of that city. The showing was viewed by more than fifty women of the city who were guests for the afternoon's entertainment and the work was complimented very highly by everyone who saw the pictures.

When the Britain family made their home in Clarendon, Harold was a neighbor to the family and they feel that a showing of this nature is only due the young artist since he is depicting scenes that are famed throughout the west for their clarity of detail and their correctness of color and other work.

## HARBAUGH VISITS HERE FIRST PART OF WEEK

P. B. Harbaugh, new Commercial Manager for this district of the West Texas Utilities Company was a visitor in Clarendon the fore part of this week. Mr. Harbaugh was making his first official visit in the capacity he now holds and called on many of the patrons of the company while in the city. Mr. Harbaugh took the place made vacant by the transfer of W. B. Cabaness to the management of the Memphis office.

Marue Trostle returned to McMurry College at Abilene last Thursday after spending the holidays with homefolks.

A. T. Jefferies went to Childress Friday to attend the funeral of his uncle, T. J. Jefferies, who was an old timer of that county. Mr. and Mrs. Ralph Zachry have gone to their home at White Deer, after an extended visit in the home of Mr. Zachry's aunt, Mrs. J. E. Mongole and family.

## Announcement Column

### For District Attorney, 100th Judicial District: JAS. C. MAHAN.

### For District Clerk: A. H. BAKER (For Re-election)

### For Sheriff and Tax Collector: M. W. MOSLEY, (Re-Election)

### J. R. (DICK) BAIN.

### For County Clerk: MRS. BESSIE SMITH (Re-election)

### For County Treasurer: MRS. LINNIE CAUTHEN (Re-election)

### For Commissioner, Precinct 4: W. M. PICKERING.

### "LION AND THE MOUSE" WILL BE FIRST OFFERING

The first presentation of the Clarendon Little Theatre will be "The Lion and the Mouse," according to Mrs. Frank A. Stocking, director. This well-known play will call for the best talent of the organization and since the parts have been distributed to the cast, rehearsals will be begun in a few days.

This first play of 1930 will be staged at the college auditorium, and the funds derived from the door receipts will be turned into the fund for a new curtain and stage equipment at the auditorium.

The membership in the Little Theatre here is practically full on the active list, but there is no limit on the associate roll and the officers of the organization are anxious that other talent in the city and those interested in the movement offer their names for membership at an early date.

Mrs. B. G. Smith attended the funeral of T. J. Jefferies in Childress, Friday.

## DRS. JENKINS have moved to Goldston Building Suite 7-9-11.

**NEW YEARS EVE MARKS PASSING OF A GREAT CHARACTER, AGED 91**

Tuesday evening, December 31st marked the passing of one of Clarendon's most highly respected and beloved citizens, when Mrs. Albina Brockway Letts succumbed after a short illness at her home in the south part of town. She was past 91 years of age and it seemed fitting that such a long, well rounded life should pass out in the last few hours of the old year.  
 Mrs. Letts was born in Brockwayville, Pennsylvania in the year 1838 when that portion of the country was a frontier wilderness. In 1842 her father moved with his wife and large family of children to the still more frontier country of Iowa, then known as Wisconsin Territory, and settled in Muscatine County. Here she grew into young womanhood amid the surroundings of real pioneer life. Her parents were of sturdy, cultured New England stock and soon made a place for themselves and were active and interested in bearing their part in all developments of the new country which abounded in all sorts of wild animal life and various tribes of Indians. Surrounded by such unfavorable conditions her father managed to give his family a creditable education. There was no school system whatever and a teacher was hired for several winters to live in the home and teach the children. The next step was into the log school house where a subscription school was taught and the teacher "boarded around." That was followed by a term at a Methodist Seminary at Mt. Vernon, Iowa, now Cornell College, one of the leading educational institutions of the state. She and her brother, upon returning home from school, were consumed with the desire to pass to others the educational ideals they had imbibed and organized a neighborhood club known as the Pike Township Literary Society, which lived for fifty years.  
 Miss Brockway spent one summer in Wisconsin visiting her brother, a prominent pioneer lumberman at Black River Falls, and while there taught a term of school in the mill village owned by her brother and brought to a successful close the first school ever taught there, all other teachers having been driven out by these undisciplined pioneer children.  
 In March 1859 she became the wife of James Robinson Letts, a farmer and cattle man near Letts, Iowa, her new home in Louisa County being but twelve miles from her girlhood home. There they lived on the same farm for fifty-two years, where nine children were born to them, eight having been reared to manhood and womanhood. Yet during this long and arduous period of motherhood she found time to serve as a faithful friend and neighbor, never refusing a call of sickness or distress and giving generously of her strength and her means. She had always been of a literary turn and when, as the years passed and her family cares became lighter, she turned once more to literary pursuits. For many years she was editor of the Woman's Column in her home paper, at the same time writing articles for various papers and magazines in the state, including many pioneer articles for the Annals of Iowa, the official organ of the State Historical Society. She was a regular contributor to two Chicago papers and occasionally had poems in two religious papers in the East, one of which was the Christian Herald. She has at this time, two book manuscripts ready for the press, one a story of pioneer days in Iowa, and has a poem

entitled "The Christmas Baby" published in the Amarillo News under date of December 26th last.

Mrs. Letts' literary talent seemed to run particularly along poetical lines and whenever beautiful thoughts passed through her mind she immediately jotted them down, working them out to a fullness at her leisure. These poems were collected by her daughter, who had them published in book form as a souvenir of her golden wedding, thus preserving for her friends and children the beautiful thoughts of her every day life.

Being of a deeply spiritual nature, Mrs. Letts, while still a school-girl joined the Methodist Church and retained to the last the beauty of her christian character, her culture and her refinement. She was a devoted christian a faithful friend, a wonderful mother and the world is better for her having lived in it. Much of her life during the past nineteen years has been spent in this town where she was known to her friends and acquaintances by the endearing term of "Mother Letts."

Wednesday afternoon, at 3 o'clock, a short service was held at the residence by Rev. Robert S. McKee, pastor of the Presbyterian Church. Mrs. W. G. Word sang "Nearer My God to Thee" accompanied by Miss Howren. There was a profusion of beautiful flowers, tokens of the love of her friends and sympathy for the bereaved family. The remains, accompanied by her son, Mr. Arthur R. Letts, were taken to Letts, Iowa, and laid to rest by the side of her husband.  
 Five children survive to mourn her loss: James D. Letts, of Iowa; E. C. Letts, of Chicago; Frank B. Letts of El Paso, Texas; Arthur R. Letts and Mrs. Frank E. McCrary of this city.

Mr. and Mrs. L. A. Muse and baby daughter returned Thursday evening of last week from a three days visit to El Paso and Juarez. Lee stated that they treated him especially nice as they saw the ten gallon hat he was wearing and thought he was connected with the law enforcement forces.

Miss Irma Lewis left Saturday of last week for Green River, Wyoming, after spending the holidays here in the home of her father, Leon O. Lewis.

Mr. and Mrs. J. L. McMurtry and family went to Amarillo Monday to attend the entertainment by Harry Lauder.

Misses Helen, Julia and Rhoda Wiedman, Helen Beck and Mae Lumpkin, were among those from Clarendon who were at the presentation of Harry Lauder Monday evening in Amarillo.

Friends of Mrs. Walter Wilson will be sorry to learn that she is at the Adair Hospital this week for examination and treatment.

ITEMS OF INTEREST IN DONLEY

ASHTOLA

The first Sunday in each year is considered election day for the Sunday School, so we held the election last Sunday and the following officers were elected: H. W. Lovell, Jr., superintendent; Lu McClellan, sec.; W. A. Poovey, treas. The classes elected their own teachers.

Mr. and Mrs. Forrest Burrow and family of Petersburg spent the week-end visiting friends and relatives here and at Clarendon.

Mr. Sam Evans spent the week-end with his son, Louis Evans and family, at Perryton.

Mrs. R. L. Mason returned home last week from a Dallas Sanitarium, where she had been for treatment several weeks. We are sorry to report Mrs. Mason not very much improved.

Miss Vera Johnson spent Sunday with Miss Beatrice Randall.

The following were dinner guests in the W. A. Poovey home Sunday: Mr. and Mrs. Forrest Burrow and children of Petersburg, Mr. and Mrs. J. F. Parker, and three children, Grandpa Gregg, Mr. Ford, Mr. Blackmon, Aubern Eddings and Evelyn Jones.

Friends of Edd Lovell and De Ette Reed were surprised Sunday to learn that they were married in Claude Saturday night. De Ette was reared in this community and was a sweet girl and loved by all, while Edd has only been in the community about 11 months he is the son of Rev. and Mrs. Tom Lovell of Trenton. Edd's friends are numbered by his acquaintances. We wish for them much happiness down life's pathway. They will make their home in this community.

Mr. and Mrs. Elzie Kidd of McKnight, visited the lady's brother and wife, Mr. and Mrs. Elmer Hunsucker, Saturday night.

Mr. and Mrs. Oscar Kempton and son and Mrs. Sam Evans spent Sunday in the R. L. Mason home.

There has been several families moving in and out of this community the past week.

Miss Freddie Aaron of Groom, is visiting her sister, Mrs. Ben Foreland.

Mrs. Payne visited Mrs. Dollie Poovey Saturday.

Mr. and Mrs. Poovey and Ruby Reed Saturday with Irene and Collier.

Mrs. W. A. Thomas and Guss Williams and John visited Preston Parker and family.

Mr. and Mrs. L. L. Mason and family of Lelia Lake, Mrs. Hayter and children visited Mr. and Mrs. R. L. Mason Sunday.

Miss Ruby Reed entertained several of her friends with a slumber party Friday night.

Mr. and Mrs. Henry Lovell visited his nephew, Ben Lovell and family, Sunday.

Mr. and Mrs. Colman Howard were dinner guests in the H. W. Lovell home Sunday.

Odell Williams and Henry Dosier had a sale Monday and sold their stock and farming implements. We understand that Mr. Williams moved to Lelia Lake and Mr. Dosier to Amarillo.

Mr. and Mrs. Clarence Hitchcock and Earl Adams motored to Amarillo Sunday.

Mr. and Mrs. Edd Lovell spent Monday night with Ben Lovell and family.

Mr. and Mrs. Colman Howard visited in Shamrock Saturday.

Miss Willie Gregg of Clarendon, spent Saturday night and Sunday with Miss Virgie Wallace.

Foster Gregg took dinner with Stanley Johnson Sunday.

Mr. Gene Payne visited in the A. D. Shores home Monday.

We have several new pupils in school since the holidays, while some of the old pupils have moved to other schools.

Theda and Ernest Parker visited the Barker children Sunday.

A mole's appetite seems to be almost insatiable and it sometimes eats more than its own weight in a day. In an examination of the contents of moles' stomachs, the U. S. Bureau of Biological Survey found in one stomach the remains of 171 small white grubs and in another 250 ant puparia.

Pleasant Valley

Health in our section is pretty good at this writing. The sick are all on the road to recovery. Dad Corder, who is in the Amarillo hospital, had an operation December 26. He is doing nicely. Mrs. Chamberlain, who was in a Memphis hospital is better.

Mr. and Mrs. Potter spent New Years day with Mr. and Mrs. Clay Isman. They enjoyed the huge turkey dinner and the good music in the afternoon by the boys, Cecil and Ernest Isman and Jack Elliott.

Otto Beach and Mr. Bristol from Wichita Falls, spent the week-end with Mr. and Mrs. Nelse Robinson.

Mr. and Mrs. Russel entertained the young people with a party Saturday night.

Dinner guests in the Robinson home on New Years day were: Mrs. Walton and two sons from Evanston, Wyoming, Mr. and Mrs. Longan and family and Mrs. John Naylor.

Mr. and Mrs. Loyd Moreland and children spent Sunday with Mr. and Mrs. Bill Meaders in Clarendon.

Mrs. Longan and Miss Dolly Corder called on Mrs. Potter Monday afternoon, also called on Mrs. Bonnie Morris and the new baby, Billie Gene. Mother and baby doing fine.

Mrs. John Lott and children and Miss Isabelle Wright visited in the Lamberson home Saturday afternoon.

Mrs. Hutton visited Mrs. Bill Meaders Sunday afternoon.

Mrs. Lamberson, Mrs. Longan and Mrs. Lonzan spent Friday with Mr. and Mrs. Gaither at Memphis. Mrs. Gaither came home with them and remained until Sunday night.

Mr. and Mrs. John Goldston, who have been living in town on account of Mrs. Goldston's health, moved home again this last week. We are glad to have them back again.

Mrs. Walton and two boys from Evanston, Wyoming, visited her brother, Nelse Robinson, several days last week. They made the trip in their car.

Mr. and Mrs. Ben Andis and Lucille and Welford Andis, Mr. and Mrs. Elvin Tinkle were supper guests in the Longan home Wednesday night. The evening was spent in playing games.

Mr. and Mrs. Humbert visited in the Higgins home Sunday.

Mr. and Mrs. Longan were among the fortunate ones to receive an invitation to the turkey dinner Sunday with Mr. and Mrs. Newman in Clarendon.

Miss Thelma Robinson spent Sunday with Miss Lucy McMahan. They also visited relatives at Wellington.

Mr. and Mrs. Richard Cannon visited relatives at Claude Sunday.

Weldon Webb from McKnight, spent Saturday night with Alton Dorsett.

J. T. Lamberson spent Saturday night with Garland Cannon. Mr. and Mrs. Loyd Shelton spent Sunday with their parents, Mr. and Mrs. D. C. Shelton.

Mr. and Mrs. Longan and family, Mr. and Mrs. D. C. Shelton and Mrs. Sam Robertson were callers in the Nelse Robinson home late Sunday evening.

Mallie and Alton Dorsett, Miss Alveda Dorsett and Weldon Webb and Bob Russel were callers in the Lamberson home Sunday evening.

Mr. and Mrs. Lee Marshall visited Mr. and Mrs. Pink Marshall Sunday.

Herman Dorsett, who was in the hospital in Denver for 100 days, came home with his mother. He is now able to be up part of the time, but is still under the Doctor's care.

More than \$175,000,000 in gasoline taxes was collected during the first half of 1929 by 47 states and the District of Columbia. The average tax paid per gallon was 3.07 cents.

Odell Walling of Glenrose, who has been visiting friends and relatives here returned to his home Saturday.

Mrs. H. K. Leathers left Sunday night for a visit with relatives in Fort Worth.

Mr. and Mrs. W. G. Brinson visited Mr. and Mrs. B. L. Knowles Sunday.

Miss Vera Garland spent the week-end with homefolks, who have moved to a place near Goodnight.

Winfred Herndon of Happy, returned to his home Tuesday.

Mr. and Mrs. Elmer Chenault of Quail, spent Sunday here with friends and relatives.

Mrs. W. Holly of Ashtola, spent a few days last week here with relatives.

Mr. and Mrs. Milo Dodson and little daughter of Memphis, attended church and visited relatives here Sunday. Mrs. Dodson remaining a few days with Mr. Dodson's mother, Mrs. J. A. Dodson, who is on the sick list.

Mr. and Mrs. B. L. Knowles had

Would You Know One If You Saw It?

If you ever came face to face with a germ, would you recognize it? Of course it is not likely that you ever will see a germ, unless you own a tremendously powerful microscope, for you would have to magnify one over a thousand times to make it as big as a pin head. But you should recognize the fact that these tiny germs can get into your blood stream through the smallest cut, and give you typhoid fever, tuberculosis, lockjaw, blood poisoning and many more dangerous and perhaps fatal diseases. There is one sure safeguard against these dangers - washing every cut, no matter how small, thoroughly with Liquid Borosone, the safe antiseptic. You can get Liquid Borosone at Douglas & Goldston Drug Co.

U. S. C. OF C. BULLETIN RECOGNIZES DONLEY

The issue of the "Agricultural Service", a bulletin from the United States Chamber of Commerce, Agricultural Division, carries an item that will be of interest to many Donley County readers since it tells of the work done last fall during the Fair by the local trade body. The issue containing this item is number 19 and was published for the month of December and has been handed the News by G. L. Boykin, Secretary of the Clarendon Chamber of Commerce. That portion of the bulletin most interesting to the readers of the News is as follows:

Gas Forces Woman to Sleep in Chair

"Nights I sat up in a chair, I had stomach gas so bad. I took Adierka and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler. Even the FIRST spoonful of Adierka relieves gas on the stomach.

Nature Thought of Everything

Nature thought of everything when the human body was made. When the body is about to become ill, nature planned danger signals to warn us. Thus, if our children grind their teeth when they sleep, or lack appetite, or suffer from abdominal pains, or itch about the nose and fingers, we should know that they may have contracted worms. Then, if we are wise, we buy a bottle of White's Cream Vermifuge and safely and surely expel the worms. Thus we avoid the danger of very serious trouble. White's Cream Vermifuge costs only 35c a bottle, and can be bought from Douglas & Goldston Drug Co.

ach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adierka will surprise you. For Sale by Douglas & Goldston Drug Store.

Texas sheepmen won two of the seven first prizes offered at the National Wool Growers' show recently at San Angelo and made a clean sweep of the awards in the fine French combing division.

The Southwestern Gas & Electric Co., headquarters Texarkana, serving a thriving section of East Texas, will spend \$4,000,000 in improvements in 1930, according to recent announcement. Major improvements are to be made at Texarkana, Marshall and Longview.

Relieves Colds in 2 Minutes

To cut short a cold, cough due to cold, and prevent complications, nothing gives such quick and delightful relief as Aspirinal, a new scientific, "Liquid Cold Remedy" that clears the head; relieves congestion in the nose and throat; checks the excessive flow of mucus; banishes dull headaches and that chilly, achy feeling. Aspirinal is a complete, "Liquid Cold Remedy," acting gently on the liver and bowels, and your druggist is authorized to refund your money while you wait at the counter if you do not feel relief coming in two minutes. All druggists carry Aspirinal, the largest selling liquid cold remedy in the world. (adv.) DOUGLAS & GOLDSTON CLARENDON DRUG CO. STOCKING'S DRUG STORE

Nine-Tenths Preventable Nine-tenths of all the diseases of the American people can be traced directly to constipation, doctors say. Constipation throws into the system poisons which taint and weaken every organ of the body and make them easy victims for any germs which attack them. Prevent constipation and you will avoid nine-tenths of all diseases, with their consequent pain and financial losses. Herbine, the good old vegetable cathartic, will prevent constipation in a natural, easy and pleasant way. Get a bottle today from Douglas & Goldston Drug Co.

Best Purgative for Colds Relieves the congestion, reduces complications, hastens recovery.

A perfume finer than pine or bacon woodsmoke or wistaria!

THE ODORS that please you are many—roses and the redwoods, bacon sizzling over a hickory fire, an off-water breeze, or buttered batter cakes.

Yes, there are hundreds of these perfumes that enchant you when they come your way—and are never missed when they're absent!

There is only one that your nostrils hunt for, wait for, must have.

That is the aroma of hot coffee!

What a relief it is, when you're shaking off sleep and facing another day's problems, to have a whiff of that perfume come your way! You feel braced before ever the coffee is tasted.

That first sniff-sniff in the morning is all important. It's a tip on what is coming—coffee that will either make or break the day. If you're disappointed, nothing that happens all morning can set matters right.

You can bank on this; you'll never disappoint your sense of smell or your sense of taste with the delightful, bracing aroma or the delicious flavor of White Swan Coffee.

By controlling every step in preparation and distribution of White Swan, the Waples Platter Company makes sure that no finer coffee can be brought into your home for the price you are asked to pay.

Supervision as exact as that in your own kitchen is enforced in each important process.

Traffic between Central and South Texas will be speeded up materially when the old ferry that has served for years between Brenham and Waller will be supplanted by a modern bridge across the Brazos.

### W. M. PICKERING ASKS COMMISSIONERS' OFFICE

W. M. Pickering, resident of Donley County for the past eleven years, authorizes the News to publish his announcement as a candidate for the office of Commissioner of Precinct 4. Mr. Pickering asks the support of the voters of his precinct on the basis of a square deal for everyone concerned with no favorites shown. He has never before held a public office, save for being a member of the Donley County School Board, and hence has no favorites in any part of his section of the county.

Mr. Pickering is one of the most successful farmers of the Naylor community, owns his farm, and asks that the voters of his precinct to give his candidacy their very serious consideration when they come to the polls in the Democratic Primary in July.

Mr. and Mrs. T. E. Trostle made a business trip to Gruver, Texas, Friday of last week.

### BAKER ASKS OFFICE OF DISTRICT CLERK AGAIN

The News is authorized to publish the announcement of A. H. Baker for the office of District Clerk of Donley County for the term beginning with January 1931. Mr. Baker is the present holder of this place and asks to be returned to the office for the second term, and bases his request on the record he has made in the office during the time he has held this post.

Mr. Baker states that he will do all in his power to fill the office with credit, and that he has no political strings to pull. He will appreciate the support and influence of his friends in the Democratic Primary to be held in July.

Denton shipped 35 carloads of peanuts this year in spite of drouth deterioration and rain damage after the nuts were dug. As high as thirty bushels to the acre was reported with the prime nuts bringing 90c a bushel.

# Today

- Chevrolet announces

## THE GREATEST CHEVROLET

IN CHEVROLET HISTORY

Today, Chevrolet presents the Greatest Chevrolet in Chevrolet History—a smoother, faster, better Six—with beautiful new bodies by Fisher.

Basically, it is the same sturdy, substantial Six which won such tremendous popularity in 1929. But it is a greater car in every way—for there are scores of vital

improvements which contribute to comfort, performance, endurance and safety!

An improved six-cylinder valve-in-head motor, with its capacity increased to 50 horsepower; four Delco-Looney hydraulic shock absorbers; fully-enclosed internal-expanding weather-proof brakes; a new dash gasoline

gauge; heavier and stronger rear axle; new Fisher non-glare windshield; larger tires—

—these are typical of the many improvements which make this car the Greatest Chevrolet in Chevrolet History.

But most impressive of all—this smoother, faster, better Six has been made available—

## --At Greatly Reduced Prices

During 1929, more than a million three hundred thousand persons bought six-cylinder Chevrolets. This enormous volume has made possible many savings in the Chevrolet factories—and, in keeping with its long-established policy, Chevro-

let is sharing these savings with the public. No written description can do justice to the extra value and quality provided in this new car. Visit your Chevrolet dealer—see this car—ride in it—and judge for yourself its sensational value.

# Highway 5 Association To Be Formed in Wichita Falls January 17th

### ALL TOWNS ON HIGHWAY FROM TEXARKANA TO TEXLINE ARE ASKED TO SEND REPRESENTATIVES TO ORGANIZATION MEETING. PROGRAM OF ENTERTAINMENT PLANNED TO INCLUDE VISIT THROUGH IRRIGATED DISTRICT AND BIG BANQUET IN EVENING.

The organization meeting of Highway No. 5 Association will be held at Wichita Falls on January 17th, according to a notice given out by B. F. Johnson, Manager of the local Chamber of Commerce.

At the Wichita Falls meeting every town on the route of Highway No. 5 between Texarkana and Texline is expected to report with a nomination for a representative on the Board of Directors and with a check for its assessment on the basis of 1c per capita of population. The membership in this association is by towns and the constitution and By-Laws are so drawn that the petty graft usually encountered in highway promotion is entirely eliminated. The minimum membership fee is fixed at \$10.00 and the maximum at \$200.00. Thus a town having a population of 10,000 would pay \$100.00 per year as dues and would have only one vote in the affairs of the organization. The smallest town would pay only \$10.00 and have the same representation as the larger towns.

Mr. Johnson stated that the association contemplates the employment of a salaried manager to devote as much time as possible to encouraging those counties having un-paved gaps to complete the building of the road at the earliest possible moment.

The Manager of Federal Highway No. 67 has been invited to attend the Wichita Falls meeting to present a co-operative routing plan whereby the tourists using either road would be encouraged to continue the journey on the other. Highway No. 67 connects Texarkana with the new bridge over the Mississippi at Cairo, Ill., and is an important north and south highway.

H. S. Cole of Bonham, temporary President and B. F. Johnson, temporary Secretary of Highway No. 5 Association have been cordially invited by the Wichita Falls Chamber of Commerce to hold the next meeting in that city. An automobile trip through the wonderful irrigated district and a banquet at night are some of the inducements offered. Visitors may be assured that they will thoroughly enjoy their trip to Wichita Falls on the 17th.

## MARKET SLIGHTLY LOWER

AND RAISED FOR

The cotton market during the period Dec. 28th-Jan. 3rd witnessed but slight price fluctuations with quotations on Jan. 3rd about 1-8 cent lower than those of Dec. 27th. Both domestic and European demand was again reported rather poor with daily spot transactions comparatively small. Inquiries seemed to be for cottons in the grades white low middling up to middling in the lengths 7-8 to 10 inch inclusive. According to the Weather Bureau the past week was generally favorable for harvesting the remaining cotton crop although but little is ungathered.

Exports to January 3rd this season amounted to about 4.3 million bales compared with 4.9 million to the corresponding day last year. Quotations for middling spot cottons Jan. 3rd Norfolk 17c, Augusta 16.75c, Savannah 17.01c, Montgomery 16.30c, New Orleans 16.90c, Memphis 16.40c, Little Rock 16.25c, Dallas 15.90c, Houston 16.75c, Galveston 16.90c. Average for the ten markets Jan. 3rd 16.62c, compared with 16.74c, Dec. 27th and 16.68c on corresponding day the previous season. Reported sales of spot cotton in the ten markets were again comparatively small amounting to 75,518 bales for the week compared with 55,936 the previous week and 102,224 for the same week last season. January future contracts for the week at New York declined 8 points to 17.10c, New Orleans 9 points to 16.91c, and at Chicago 17 points to 17.03c. Certificated stock Jan. 3rd New York 94.681 bales, New Orleans 55,349, Houston 37,673, Galveston 1,405.

## SHERIFF MOSLEY FOR RE-ELECTION

The News presents this week the name of Sheriff M. W. Mosley as a candidate for re-election as sheriff and tax collector of Donley County. Sheriff Mosley says he has endeavored to give the people of Donley County an efficient, fearless and fair administration of the duties of his office and therefore asks the favor of the Democratic voters of the county when they come to vote in the July primaries.

Mr. Mosley is a long-time citizen of this county and his record as a citizen and officer is such that he feels no hesitancy in asking the voters of the county to give him a second term, promising the same uniform courtesy and service in the future as in the past.

See Mr. Mosley's name in the announcement column.

Of the 11,691 miles of Federal designated highways in Texas, 6,064 are classified as "improved", with 567 miles of graded and drained earth roads, 90 miles of "sand-clay", 519 miles of water-bound macadam, 2,937 miles of gravelled, 886 miles of bituminous macadam, 884 miles of concrete and 29 miles of brick roads.

## GORDON THOUGHT CASE HOPELESS

"Before I took Sargon I had stomach trouble so bad I lost sixty-two pounds. Five years ago I went to a famous clinic and they said my condition was very serious, and advised me to live on

R. D. GORDON

goats milk. I paid \$3,000 for a herd of pedigree goats and have lived principally on goats milk ever since. Even then my liver was so inactive I've had to take four to six grains of calomel every week for the past five years in order to keep on my feet at all.

"I'm now on my third bottle of Sargon and have gained back nineteen pounds of my lost weight already. Sargon Pills regulated my liver and thank goodness my calomel days are over at last. I feel more like my old self than in five years and wouldn't take \$5,000 cash for what Sargon has already done for me."

—R. D. Gordon, Tulsa.

## SHORT COURSE FOR TECH ANNOUNCED

### DATES NOT SET BUT PLANS CALL FOR LATE JANUARY OR EARLY FEB.

Lubbock, Texas, Jan. 6—Featuring Carl Williams of Oklahoma, cotton member of the Federal Farm Board, the second annual farmers' short course given by Texas Technological College will be held late in January or early February. Professor H. J. Bower, director, says that Mr. Williams has definitely agreed to appear on the short course program, the time of meeting depending upon the conveniences of the Federal Farm Board member.

The first meeting held the early part of this year for two days was well attended and successful. The coming session will last three days, the first day being devoted to marketing problems, the second to community work, and the third to a general livestock program.

The first day's program will include a speech by R. F. Cook of Amarillo, manager of the Texas Wheat Growers Association, Harry Williams of Dallas, manager of the Texas Farm Bureau Cotton Association, Miss Mary Mims of Baton Rouge, La., community worker of the Louisiana state department of agriculture, President Paul W. Horn of Texas Technological College, and other Tech professors.

The remainder of the first day's program will be in charge of the Lubbock County Farm Bureau, ending in a dinner in the evening. The food served will be the product of Lubbock county farms and the tables will be decorated with wheat and cotton.

D. P. Eaton, Lubbock county agricultural agent, will be chairman for the second morning, with H. G. Lucas, Brownwood, president of the Texas Farm Bureau Federation, in charge of the afternoon program and Sterling C. Evans, district extension agent for Texas A. and M. College, in charge for the evening.

The second day will include addresses by Miss Mary Mims of Louisiana, Sterling C. Evans and others. The community work will feature this day, the night program to be jointly given by 4-H club workers, Texas A. and M. extension workers, the Tech agricultural club.

The general livestock marketing program for the third day will feature cow-testing, on which subject Sterling C. Evans and Prof. K. M. Renner of the Texas Tech Dairy Products department will speak, as well as Prof. W. L. Stangel in charge of the Tech department of animal husbandry.

## COLORADO TURKEY GROWERS GRADE ALL PRODUCTS

Denver, Colo., Jan. 4—Colorado grown turkeys are coming into their own. A new system of authorized flock inspection will bring a nation wide demand.

For twenty years the poultry department of the National Western Stock Show, which will be held in Denver January 18 to 26, inclusive has been recognized as the trading center for poultry men of the West. This year a new system under which Colorado turkey flocks will be graded to an extent making them attractive to all throughout the United States who are seeking high grade breeding stock, will be presented to the turkey growers of the state.

The large display of standard bred turkeys will be surprising feature at the National Western Stock Show. A. D. Walker of Memphis, Mo., one of America's leading authorities, will place the awards, \$400 in cash and seventeen silver cups, in this section of the big show.

Chickens, rabbits, pheasants, pigeons, guinea fowl, guinea pigs, and all kinds of pet stock will be largely in evidence. General Man-

Never want to see if a headache will "wear off." Why suffer when there's Bayer Aspirin? The many millions of men and women who use it in increasing quantities every year prove that it does relieve such pain. And as surely relieves that of neuralgia; neuritis; even rheumatism. Doctors declare *genuine Aspirin* (with the Bayer Cross on every box and tablet) does not affect the heart. Any drugstore.

Aspirin is the trade mark of Bayer Manufacture of Monocrotic acid ester of Salicylic acid

## DOES A. & M. WANT CUT OF UNIVERSITY FUND?

Austin, Tex., Jan. 6—(UP)—The proposal to declare A. & M. college in on the University of Texas oil wealth has made its perennial appearance, according to Regent Ed Crane of the latter institution.

The gist of the proposition is this: A. & M. College, the Medical school at Galveston and the School of Mines at El Paso, are all branches of the University of Texas, but only the medical school and the school of Mines are directed by the University regents. A. & M. has its own board.

This A. & M. board now proposes a conference with the regents of the University looking to possible division of the \$14,000,000 oil fund that has accumulated from university land.

On previous occasions the proposal has been dropped when A. & M. discovered that if it is counted in on the oil money it is automatically cut off from building appropriations by the state legislature.

The constitution in setting aside the land as a permanent building fund for the University excluded other building appropriation. A. & M. has been getting building appropriations from the legislature on the theory that it was not on the land ownership. If they claim that, out goes the chance of appropriations.

So far, University officials claim, A. & M. has had the best of the building program. They object to it coming in on the oil fund, at least until Texas has provided more buildings for the Austin, Galveston and El Paso schools.

After C. R. Jones of the National Western Stock Show is in receipt of many letters from boys' and girls' pig, corn and canning clubs that indicate the juvenile interest is at white heat and, to a greater extent than before, this important work of Western youngsters will be in evidence.

The Horse Show gives promise of being the best ever presented here, with many special attractions and novelties. Of course, Denver is all set to show her Stock Show visitors a big time and make a record for sales, fun and attendance.

Lakeview, Hall County town, became the 111th town to be served by the West Texas Utilities Co. when that company completed a 13-mile transmission line there from Memphis.

New Braunfels' new \$250,000 hotel, recently opened, is proving an additional attraction for the scenic beauties of that section.

## Bag Limits On Waterfowl Reduced For Next Season

### CHANGE IN FEDERAL REGULATIONS IS IN ACCORD WITH LEGISLATION PASSED IN TWENTY-NINE STATES.

Secretary Hyde advised today that upon his recommendation the daily bag limits of ducks and geese allowed gunners will be reduced for the next season, that is 1930-31, by change in the Federal regulations under the Migratory Bird Treaty Act.

The necessity for this reduction has become evident from exhaustive field investigation by the Department of Agriculture, which has disclosed that waterfowl have not been holding their own in the past year. The unusual drought that prevailed during the past season, and the reclamation of large former breeding grounds in the northwest States and Canada, have resulted in cumulative losses of great areas of marsh and water.

This reduction has been vigorously insisted upon by the principal game associations, the Izaak Walton League of America, the Western Association of State Game Commissioners, the Association of North Central Game and Fish Departments, and several others.

At its annual meeting in December the American Game Conference, attended by representative sportsmen and conservationists from all parts of the continent, adopted resolutions to this end. At its annual meeting in Washington in December, the Migratory Bird Treaty Act Advisory Board, made up of representative sportsmen and game conservationists from all parts of the country, passed a resolution by an almost unanimous vote urging that this action be taken.

Twenty-nine states have passed

legislation reducing the bag below the Federal standards, and many of them have protested at the holding of Federal standards above their State limits because of the difficulties created in enforcement.

The regulations will go in force after the present season, and the bag will be reduced from present limit on ducks of 25 to 15 a day and on geese from 8 to 4 a day and a possession limit of 30 ducks and 8 geese is also prescribed.

Santa Fe extensions totaling 148 miles of new line into territory not now served by railroads have been authorized. They pass thru Potter, Moore, Sherman, Dallas, Hutchinson and Hansford Counties.

The new water purification plant of the City of Dallas will have a normal daily capacity of 32 million gallons and a peak of 40 million. After several months consideration of other power proposals with the best consulting engineers in the United States called in to aid in the investigation, the City Commission decided to use electricity and closed contract with the Dallas Power and Light Company for current.

## It May Be Urgent

## When your Children Cry for It

Castoria is a comfort when Baby is fretful. No sooner taken than the little one is at ease. If restless, a few drops soon bring contentment. No harm done, for Castoria is a baby remedy, meant for babies. Perfectly safe to give the youngest infant; you have the doctors' word for that! It is a vegetable product and you could use it every day. But it's in an emergency that Castoria means most. Some night when constipation must be relieved—or colic pains—or other suffering. Never be without it; some mothers keep an extra bottle, unopened, to make sure there will always be Castoria in the house. It is effective for older children, too; read the book that comes with it.

## Fletcher's CASTORIA

ONLY A DOCTOR KNOWS WHAT A LAXATIVE SHOULD BE

Danger lies in careless selection of laxatives! By taking the first thing that comes to mind when bad breath, headaches, dizziness, nausea, biliousness, gas on stomach and bowels, lack of appetite or energy warns of constipation, you risk forming the laxative habit.

Depend on a doctor's judgment in choosing your laxative. Here's one made from the prescription of a specialist in bowel and stomach disorders. Its originator tried it in thousands of cases; found it safe for women, children and old folks; thoroughly effective for the most robust man. Today, Dr. Caldwell's Syrup Pepsin, as it is called, is the world's most popular laxative. It is composed of fresh herbs and other pure ingredients. You can get it in generous bottles and ready for use, at any drugstore.

Quite a few of the young folks attended the party at the Reeves home in Lelia Lake Saturday night.

Mr. W. B. Morgan made a business trip to Memphis Monday.

**MRS. BESSIE SMITH SEEKS 2ND TERM AS COUNTY CLERK**

Mrs. Bessie Smith has authorized The News to announce her as a candidate for re-nomination and re-election to the position of County Clerk of Donley County in the July primaries and general election next fall.

Mrs. Smith has made a splendid record in the county clerk's office and her never failing courtesy and careful attention to details has made many friends for her. She feels that she is justified in offering again for the office with such a record of service and invites the votes and influence of the Democratic voters in the coming primaries.

See her name listed in the regular announcement column of this paper.

Hollow tile laid flatwise and covered with a coating of cement mortar about one-half inch thick makes a very good floor for the hog house. The hollow spaces in the tile prevent the passage of moisture from the earth to the floor surface. A smooth, concrete surface can be kept sanitary and when tile is used as a base the floor has the advantage of being warmer in winter than a floor which is laid on the ground in the ordinary manner.
