THE SNYDER DAILY NEWS

VOL. 25 NO. 253 SNYDER, TEXAS (79549) FRI., FEB. 21, 1975 8 PAGES 10c

The SDN Column

Keeping tab on our neighbors:

Containerized garbage collection in residential areas has gone over big in Lamesa, according to Walter Buckel of the Lamesa Press-Reporter.

"City officials have been highly pleased with the containerization system thus far," wrote Buckel in his By-Lines column. "It has gone far smoother than anticipated—and there is no doubt whatever that it has improved the appearance of streets and alleys."

The containerization system just recently went into operation at Lamesa, and the wonder here is that more towns have not gone to it. Snyder is a pioneer in containerized service, and for our money, it still ranks as one of the best bargains available. And, as Buckel observed in Lamesa, there is no doubt that it improves the appearance of streets and alleys.

★ ★ ★

Westbrook Independent School District found prices still were on an upward trend when it opened bids on some proposed construction recently, according to the Colorado City Record. The Westbrook School had hoped to build a new auditorium, add some office space, build some tennis courts and install a new ceiling in its gymnasium with a $400,000 bond issue. However, the low bid came in at around $442,000.

For the time being, they are holding out the office additions, tennis courts and gym ceiling to get under the wire. This has become standard procedure on many building projects the past couple of years.

★ ★ ★

The value of farm land increased again last year in the United States, but not so rapidly toward the end of the year, according to Farmland News. The increase amounted to 21 per cent for the year. That means the average acre of farm land in this country was worth $339 in November, compared to $280 a year earlier. Texas land still was slightly below the average for the country at $301 per acre, an increase of 18 per cent.

Today In History

By The Associated Press

Today is Friday, Feb. 21, the 52nd day of 1975. There are 313 days left in the year.

Today's highlight in history:

In 1916, the longest and bloodiest battle of World War I, the Battle of Verdun, began in France. More than 1,000,000 persons were killed.

On this date—

In 1613, the son of the Patriarch of Moscow, Michael Romanov, became Tzar of Russia. It was the beginning of the House of Romanov.

In 1795, the Dutch surrendered the Indian Ocean island of Ceylon to Britain.

In 1838, Samuel Morse gave the first public demonstration of the telegraph.

In 1919, after World War I, the Allies recognized the Polish government of Ignace Paderewski..

In 1958, Egyptians and Syrians voted approval of a union of their two countries, with Gamal Abdel Nasser as president.

In 1956, Black Muslim leader Malcolm X was shot and killed as he was about to speak at a rally of several hundred black followers in New York City.

Ten years ago: In South Vietnam, Lieutentant General Nguyen Khanh, under pressure, stepped down as armed forces commander and chief of the government council to becoming a roving ambassador.

Five years ago: A Swiss jetliner bound for Israel crashed in flames near a nuclear plant in Switzerland, killing all 47 persons aboard.

One year ago: Israeli soldiers were pouring eastward across the Suez Canal in the final stage of an agreed withdrawal from the canal's West Bank.

The Weather

SNYDER TEMPERATURES: High Thursday, 72 degrees; low, 29 degrees; reading at 7 a.m. today, 39 degrees.

Northwest and Southwest Texas: Considerable cloudiness tonight and Saturday. Much colder Panhandle and colder elsewhere. Scattered showers extreme southwest portion tonight. Occasional snow Panhandle and scattered light rain most other sections Saturday. Low tonight upper teens Panhandle and mountains to middle 30s southeast. High Saturday low 30s northern Panhandle to middle 50s southeast except middle 60s Big Bend.

North Central and Northeast Texas: Partly cloudy to cloudy tonight and Saturday. Chance of thundershowers east portion. Cooler west tonight and over area Saturday. Low tonight 32 northwest to 55 southeast. High Saturday 55 northwest to 70 southeast.

South Central and Southeast Texas: Cloudy tonight. Turning cooler northwest portion late tonight and rest of area through Saturday. Chance of showers and thunderstorms east portion Saturday. Slight chance of showers and a few thundershowers southeast and south portions Saturday. Low tonight 38 northwest to 60 south. High Saturday 60 northwest to 81 south.

RECEIVES WELCOME—Included among the many people who greeted Grant Teaff, Baylor football coach and 1951 graduate of Snyder High School, at the airport this morning are his parents, Bill and Inez (right). Grant stands behind his wife, Donell, who arrived on the plane with him along with two of their children, Tracey, 14, and Layne, 9. Although they're not pictured, Grant's sister, Mrs. Juanez Garver of Arlington, and her children, Greg, 9, Jeff, 7, and Casey, 1½, also were among the greeting party.

BANQUET SET TONIGHT

Set Goals And Be Loyal, Teaff Urges Students

Grant Teaff, Baylor University's celebrated football coach, flew into his old home this morning to a lively welcome at Winston Field and then set out on a "Grant Teaff Day" agenda in Snyder.

Following greetings at the airport by Snyder Chamber of Commerce Gold Coateers, the Snyder High School Band, his parents, Mr. and Mrs. Bill Teaff and scores of others, the National Football Coach of the year went to the Snyder High School auditorium where he spoke at a special assembly.

He urged the students to set goals for themselves, to be loyal to their school, the families and to their country, and to have a personal relationship with God.

"Remember, there are million of people who would give everything to be where you are right now," Teaff told the students.

He also emphasized that loyalty is an essential factor to success.

Teaff was to appear at an informal reception this afternoon at the Baptist Student Union building at Western Texas College and tonight he will be guest of honor at the annual banquet of the Snyder Chamber of Commerce in the Scurry County Coliseum.

Lt. Gov. George Nigh, billed as a "present-day Will Rogers" and who literally brought the house down in applause and laughter in a similar appearance here three years ago, will be the banquet speaker.

C.T. McLaughlin will present an award to Snyder's "Outstanding Citizen of 1974," and Delbert Downing, the banquet master of ceremonies, will present the Harrie Winston Memorial Award for Achievement in Agriculture.

Teaff will be introduced at the banquet by James M. (Speedy) Moffett, his high school football coach, following remarks by Tommy Turner, assistant to the President of Baylor University.

John Thomas, the Chamber's 1974 president, and Joe Williamson, the organization's 1975 president, also will have brief remarks, and the Rev. Miller Robinson, a Baylor alumnus and now pastor of Colonial Hill Baptist Church, will give the invocation.

Special entertainment at the banquet will be presented by The Country Sounds, a group of musicans from Dallas.

The informal reception at the BSU building this afternoon was open to the public, with Baylor ex-students and high school classmates of Teaff especially urged to attend.

Teaff literally climbed step-by-step up the coaching ladder to become Coach of the Year in Division I of the National Collegiate Athletic Association, which is as high as a coach can go in the college ranks. Following graduation from Snyder High School, he played football at San Angelo Junior College (which has evolved into Angelo State University) for two years and then was a star at McMurry College. Following graduation, he was on the coaching staff at Lubbock High School, then back to McMurry where he became the nation's youngest head coach at 23. In 1966 he joined the staff at Texas Tech, remaining there three years before going to Angelo State, where he took over a "loser" and posted a 16-11 won-lost record in three years, finishing off with his final year there. And then the call went out from Baylor, where in three years he brought the Bears from a string of losing season to their first Southwest Conference title in 50 years and their first appearance ever in the Cotton Bowl.

Rosson Is Honored In Resolution

State Senator Ray Farabee introduced a resolution in the Senate Thursday honoring former Rep. Renal B. Rosson from Snyder. Noting that Rosson's eight terms of service in the House of Representatives, expressed his pleasure in having a part in honoring "a man who has rendered such distinguished service to the people of his area."

Born in Stephens County on Dec. 24, 1919, Rep. Rosson or 'Al', as he is known to his long time friends received a BBAdegree from Texas Tech in 1946 and a law degree from the University of Texas in 1949. Rosson has served in the Air Force and was engaged in the practice of law and in the business of ranching for a number of years before deciding in 1958 to serve the people of his area as representative.

Active in several civic clubs Rosson is a member of the Lions Club, The Veterans of Foreign Wars, the Farm Bureau and the Southwestern Cattle Ranchers.

He also devotes a great deal of his time and effort to the Baptist Church.

The resolution honoring Rep. Rosson was sponsored by Rep. Bill Heatly in the House of Representatives.

Four Watergate Figures Receive Prison Terms

By HARRY F. ROSENTHAL
Associated Press Writer

WASHINGTON (AP) — Three men closest to Richard M. Nixon when he was president were sentenced today to at least 2½ years in prison for covering up the Watergate scandal.

John N. Mitchell, H.R. Haldeman and John D. Ehrlichman were sentenced to 2½ to 8 years by U.S. District Judge John J. Sirica, who ignored a plea by Ehrlichman's lawyer that he be allowed to work with New Mexico Indians instead of going to prison.

A fourth defendant, Robert C. Mardian, was sentenced to 10 months to three years.

All four men have said they would appeal. They were allowed to remain free on bond. They must serve the minimum time of their sentences without opportunity for probation. But they can apply for reduction of sentence, which other Watergate figures have done successfully.

At the time of the sentencing, Nixon was in Palm Springs, Calif., at the home of Walter Annenberg, former U.S. ambassador to Great Britain, and was not available for comment.

The sentences were pronounced two years, eight months and four days after the June 17, 1972 break-in at Democratic party headquarters in the Watergate office-apartment complex. The four men were implicated in White House efforts to hide involvement in the scandal.

Mitchell, Haldeman and Ehrlichman were convicted of conspiring to obstruct justice, obstructing justice and multiple counts of lying under oath.

Mardian was convinced only of a single conspiracy count.

They are the last of the major Watergate figures to be tried. Nixon was cited as a co-conspirator in the case, but his pardon by President Ford makes him immune from any prosecution.

Sirica imposed no fines. But to Mitchell, Haldeman and Ehrlichman, he made identical statements: "It is the intention of this court that the defendant serve not less than 30 months and nor more than eight years."

As they stood before the judge, the defendants clasped their hands in front of them at times. They were silent. Occasionally, Mitchell stared at the ceiling. When he returned to his seat after hearing his sentence, Mitchell looked pale.

The wife of only one defendant, Mrs. Dorothy Mardian, was in the packed courtroom. Ehrlichman's second oldest of five children, daughter Jan, sat in the front row.

Mitchell, the former attorney general, quipped to newsmen: "It could have been a hell of a lot worse. He could have sentenced me to spend the rest of my life with Martha Mitchell."

The Mitchells are separated.

Only the lawyers for Haldeman and Ehrlichman made any lengthy speeches.

An attorney making his first appearance in Ehrlichman's behalf read from a letter written to Sirica by the former White House domestic counselor.

"I profoundly regret my part," one passage said.

"My peers find me unworthy of their trust and belief ... I have been found to be a perjurer and no reversal on appeal can expunge the stigma of those verdicts."

Ehrlichman had been convicted in a previous Watergate-related case and his 20-months-to-five-year sentence was made concurrent with today's.

Mitchell, too, had stood trial earlier, but he was acquitted.

"Whatever Bob Haldeman did, he did not for himself but for the President of the United States," said John J. Wilson, Haldeman's lawyer.

Bryan Seeks Re-Election

Truett Bryan, Place 3 City Councilman, has announced that he will be a candidate for re-election in the April 1 city election.

Bryan, manager of Snyder Motor Co., is completing his first term on the council.

Three places on the council will be filled at the city's general election this year. Terms of J.D. Hinton, Place 1, and Joe Sentell, Place 5, also expire. Hinton and Sentell each has served two terms on the council.

Set Clocks Up This Sunday

WASHINGTON (AP) — Most of the nation will set clocks forward one hour Sunday as Daylight Saving Time again goes into effect.

The change will take place at 2 a.m. Sunday and will remain in effect for eight months in most of the country.

Two states and portions of three others will not observe the changeover.

Congress put the nation on 10 straight months of daylight time last year as an energy conservation measure. The nation switched to standard time last Oct. 27 for the four winter months.

Clayton Backs Bill, Bentsen

AUSTIN (AP) — House Speaker Bill Clayton today declared his support for a winner-take-all presidential primary bill which he said was written to help Sen. Lloyd Bentsen win the Democratic nomination.

The bill is on the House calendar for debate Tuesday morning.

"I think it is a clearcut issue that it is a Bentsen bill, and I think most Texans are for Bentsen. I am for Bentsen. If it comes to a tie vote (on the bill) I'll vote for it," Clayton told a news conference.

Speakers generally vote only to break ties.

The bill would give 75 per cent of a senatorial district's delegates to the top vote-getters, without any proportionate distribution of delegates among candidates. Senatorial district delegations would select the remaining delegates. Clayton indicated the bill would be changed to have delegates elected by congressional districts, since that is required by Republican rules.

Clayton said he favored the winner-take-all feature.

"I see the advantage of the state having a president. If we could unify as a state behind any candidate, whether he is from Texas or anywhere else, we would gain more influence in Washington than if the delegation is split," Clayton said.

On another prime legislative issue, Clayton said he was still awaiting Gov. Dolph Briscoe's public school finance bill. He said it had been expected this week, but "the week's about gone."

He asserted that he opposed any public school money plan that would raise minimum teacher salaries above $10,000 and declared he was confident that a school finance plan could be passed this session.

Clayton said failure to do so might generate a tax bill because the budgetary surplus, if not spent for schools, would tempt legislators to fatten the general appropriation bill.

In Thursday's floor action senators agreed unanimously that the Texas Railroad Commission should warn residents of areas where deadly hydrogen sulfide gas is being used for oil well pressurization.

DESPITE DROP AT WHOLESALE LEVEL

Consumer Prices Rise

WASHINGTON (AP) — Despite the recent declines at the wholesale level, consumer prices continued to increase in January, rising six-tenths of one per cent during the month the government reported today.

The January increase was led by a jump in food prices, especially for cereals and bakery products and fruits and vegetables. Over-all, food prices were up eight-tenths of one per cent from December.

Administration economists had been hoping the Labor Department's Consumer Price Index for January would reflect the decline in wholesale prices during the last two months, especially for food prices.

But the over-all increase in January consumer prices was only one-tenth of one per cent less than the December increase, indicating there has been only moderate relief for consumers from the nation's rampant rate of inflation.

Over-all consumer prices in January were 12.3 per cent higher than a year earlier.

This January increase, however, still was the lowest since last April, when the increase was five-tenths of one per cent. The Consumer Price Index in January stood at 156.1 per cent of the 1967 average of 100 per cent, meaning it cost $156.10 to buy a statistical sample of goods that cost $100 in 1967.

The figures were adjusted for seasonal variations, meaning seasonal factors were taken into account. On an unadjusted basis, the CPI rose five-tenths of one per cent in January and food prices advanced seven-tenths of one per cent.

The Labor Department said there were higher prices during the month for medical care, utilities, houses and some foods. Cereal and bakery products increased 2 per cent during the month and were 23.8 percent above a year earlier.

Partially offsetting the higher prices during the month, the Labor Department said, were price declines for clothing, autos, beef and sugar, and lower mortgage interest rates.

The decline in beef prices was their fourth straight monthly drop. Over-all, prices of meat, poultry and fish were listed as down nine-tenths of one per cent in January.

The increase of eight-tenths of one per cent in food prices compared with an increase of seven-tenths of one per cent in December. Food purchased in grocery stores rose six-tenths of one per cent and restaurant food advanced eighth-tenths of one per cent.

Although prices have declined at the wholesale level for two straight months, these declines have not yet shown up in the Labor Department's index for consumer prices, which increased 12.2 per cent during 1974.

The consumer index for December advanced seven-tenths of one per cent, down a bit from the November consumer increase of nine-tenths of one per cent.

But one government economist said it was time for the declining prices at wholesale level to begin showing up in retail prices, especially for food.

He said farm prices have declined 13 per cent in the past year.

School Hours Remain Same

Snyder Public Schools will continue their 9 a.m. to 4 p.m. schedule of classes when Daylight Saving Time returns, Supt. Bill J. Hood has announced.

Clocks will be changed to the new time over the weekend, and then the school schedule will follow the clock with the same class hours in effect throughout this term. Daylight Saving Time becomes effective officially at 2 a.m. Sunday.

Welcome Home, Coach Grant Teaff

SIGNS PROCLAMATION—Mayor Bill Vestal (center) has designated Feb. 18-March 18 as American Heart Month in Snyder. Watching him sign the proclamation are Sylvia Voelkel, chairman of the annual Heart Sunday Drive, and Dr. Duane Hood, president of the Scurry County Heart Association. The Heart Sunday Drive will begin at 1 p.m. Sunday.

Mayor's Proclamation Designates Heart Month

In a proclamation issued today, Mayor Bill Vestal designated American Heart Month and urged all residents of Snyder to support the 1975 Heart Fund campaign to be conducted across the nation.

The Mayor asked citizens to support the efforts of the Scurry Heart Fund campaign and to help in the fight against the nation's number one killers, heart and blood vessel diseases.

Mayor Vestal stated in his announcement that these diseases claim more than a million lives each year and account for 53 per cent of deaths from all causes.

During American Heart Month, local volunteers join the more than two million volunteers nationwide to distribute heart-saving information and collect funds for research programs, and educational and community projects dedicated to combating diseases of the heart and circulatory system.

President of the Scurry County Heart Association is Dr. Duane Hood of Western Texas College. Sylvia Voelkel is chairman of the Heart Sunday Drive, which will begin at 1 p.m. this coming Sunday.

The text of the Mayor's proclamation reads:

WHEREAS, some 27 million living Americans (1 out of 8) are afflicted by one or more forms of the heart and blood vessel diseases; and

WHEREAS, the heart and blood vessel diseases are responsible for 54 percent of all U.S. deaths annually--more than cancer, accidents, and all other causes combined; and

WHEREAS, the cost in man-days of productivity to the nation exceeds 52 million days and $17.3 billion annually; and WHEREAS, research and advances since 1950 have cut the combined death rate from all cardiovascular diseases by 17.5 per cent among persons 45 to 64. THEREFORE, I, William A. Vestal, Mayor of the City of Snyder, do hereby proclaim the period of February 18 to March 18 as Heart Month and Sunday, February 23, as Heart Sunday.

William A. Vestal
Mayor

Pancake Supper Tickets Ready

Tickets for the annual Noon Kiwanis Club pancake supper are now on sale. They can be obtained from any memeber of the Club.

The pancake supper will be held from 5 p.m. until 8 p.m. Friday, March 21, at the West Elementary Cafeteria. Tickets cost $1 if purchased prior to the banquet. At the door, they will sell for $1.50. Children under six will be admitted free.

The purpose of the supper is to raise funds for Kiwanis Club community projects during the coming year.

Charlie Yoast is chairman of the supper for the Noon Club.

Two Car Fires Are Put Out

City Firemen extinguished two car fires in the past 24 hours.

A 1970 Model Tornado owned by Wayne Key sustained considerable damage in a blaze at 2807 Westridge at 3:10 p.m. Thursday.

There was minor damage to Pete Silva's 1968 Model Pontiac in another car fire at 5311 College Avenue at 10:40 a.m. today.

Hieroglyphics, as the Egyptian writing symbols are called, were carved or painted on stone by priests until the art was expanded over the years.

Astro-Graph

by Bernice Bede Osol

For Saturday, Feb. 22, 1975

ARIES (March 21-April 19) An outside influence has shaken things up domestically. It will still have some effect today, but its power is diminishing.

TAURUS (April 20-May 20) Your going to run into someone ehose opinion is contrary to yours but equally strong. Handle this person tactfully.

GEMINI (May 21-June 20) Don't be bashful about seeking an adjustment for something that seems overpriced. Grind out a better deal.

CANCER (June 21-July 22) You and your mate will not see eye-to-eye on the way to handle things. Each must yield a bit if peace is to be maintained.

LEO (July 23-Aug. 22) You'll be inconvenienced because of another's problems. You will put yourself out because this individual has done the same for you.

VIRGO (Aug. 23-Sept. 22) There's an unresolved issue with an old friend. It has been smoldering too long. It could be patched up now, if you try.

LIBRA (Sept. 23-Oct. 23) Resign yourself to see things through to completion today. You will come out the victor, if you're determined enough.

SCORPIO (Oct. 24-Nov. 22) Someone will anger you today. You'll be tempted to give him a piece of your mind. Your better judgment will prevail. You won't.

SAGITTARIUS (Nov. 23-Dec. 21) Someone in your family is spending too much money. Better revise the budget. Be sure all stick to it faithfully.

CAPRICORN (Dec. 22-Jan. 19) The actions of your mate or partner will bug you — mostly because you don't appreciate his point of view. Once you do, harmony returns.

AQUARIUS (Jan. 20-Feb. 19) The work load you have to contend with today will be very trying. Keep your mind on the rewards. It won't seem so heavy.

PISCES (Feb. 20-March 20) A friend you seldom seem at ease with will cross your path. This time, her presence will prove enjoyable.

your birthday

Feb. 22, 1975

An old friend important to you in the past will reenter your life this year. This person will bring some fortunate circumstances you'll both share in.

Twenty-three-year-old virgin wonders if he's normal

By Abigail Van Buren

© 1975 by Chicago Tribune-N.Y. News Syno., Inc.

DEAR ABBY: I'm 23, male, and still a virgin. I have had absolutely no experience with sex. Not even a kiss.

I didn't even think about it until I was 20. From then on I kept figuring: "Well, it will happen some day," but now I have doubts about whether I am "normal" or not.

What is normal, Abby? I'm not bothered by the fact that my sex drive is rather retarded. I don't think about it very much, but sometimes I wonder what my first experience will be like, and it scares me. I know I will be so clumsy and embarrassed that I will not perform very well and it will be humiliating.

I have dated a few girls, but as soon as I know a good night kiss is expected, I cop out.

Please don't say: "Well, if the girl is understanding...." I suppose a deep relationship could handle this type of thing, but in a shallow relationship, or a one-night stand, it will be humiliating for me, I know.

What's wrong with me, Abby? Do I need a shrink? I'm on a tight budget, and couldn't afford one anyway. Thanks for your time.

NORMAL OR NOT?

DEAR NORMAL: If you think you need a shrink, you need one—if only to be assured that you don't. A tight budget is no excuse. Your local Mental Health Association will provide treatment at a price you can afford.

In the meantime, quit worrying about "performance." When you find a girl you like well enough to kiss, go ahead and kiss her. The rest will come naturally. Rome wasn't made in a day. And neither was Florence.

DEAR ABBY: I am a college student, living in close quarters with four other male students.

Three of us shower regularly, but one of our residents does not. (In fact, he seldom brushes his teeth.) We are repulsed by this character, and upon mentioning this problem to him, he says it is his body, and we have no business telling him what to do.

We heartily disagree because we have to suffer because of his offensive body odor.

We don't know what to do, short of throwing the culprit into the shower against his will.

We welcome your advice.

DESPERATE IN ARCATA, CAL.

DEAR DESPERATE: Throwing him into the shower will give you only temporary relief. Throw him OUT!

DEAR ABBY: My 11-year-old son, Dale, has a teacher I'll call Mr. Authority.

Mr Authority has it in for Dale and picks on him for no reason at all. It's not only Dale's side of it. All his friends from school tell me how terrible this teacher is to my boy.

For instance, the other day Mr. Authority said that some money was missing out of his drawer and he accused Dale of taking it. Dale felt so terrible being humiliated in front of the class that he came home and went straight to bed without even eating supper.

I would like to report Mr. Authority to the school principal, but I'm afraid if I do, this teacher will take it out on Dale. I need to know what to do.

DALE'S MOTHER

DEAR MOTHER: Make an appointment to see Mr. Authority and have a talk with him. If you still feel that he is being unfair to Dale, then take it up with the principal.

Everyone has a problem. What's yours? For a personal reply, write to ABBY: Box No. 69700, L.A., Calif. 90069. Enclose stamped, self-addressed envelope, please.

For Abby's booklet, "How to Have a Lovely Wedding," send $1 to Abigail Van Buren, 132 Lasky Dr., Beverly Hills, Calif. 90212. Please enclose a long, self-addressed, stamped (20¢) envelope.

Snyderite Is In Alpha Chi

LUBBOCK—Janet Musick, daughter of Mr. and Mrs. Austin Leavell, 3504 Jacksboro in Snyder, is among 16 junior and senior Lubbock Christian College students initiated into Alpha Chi, a national academic honor society for senior colleges.

The Alpha Chi National Honor Society is made up of the top-ranking 10 percent of students classified as juniors and the top-ranking 10 percent of students classified as seniors.

Affiliated since 1955 with the Association of College Honor Societies, Alpha Chi is that organization's second oldest and second largest general honor society. Its inception actually extends to 1915, when President Charles M. Bishop of Southwestern University at Georgetown organized a local society to promote and honor scholarship and character.

Today there are about 120 chapters of Alpha Chi in 37 U.S. states and in two foreign countries. Active members number more than 48,000.

Genealogist Guest Speaker Here Monday

Ronald A. Bremer, professional genealogist from Salt Lake City, Utah, will be guest speaker at a meeting sponsored by the Western Texas Genealogical Society Monday in the Snyder Savings & Loan Association community room.

The meeting is open to the public with no admission charge, and will begin at 7:30 p.m. Bremer will be available for questions following the program.

Bremer is editor of the forthcoming "Compendium of American Historical Sources" which is scheduled for publication in 1975. He contributes articles to numerous periodicals, and is a regular speaker at the annual convention of Genealogists International which is held in the Salt Palace in June each year.

An Accredited Genealogist, Bremer was a lecturer at the 1972 Genealogical Symposium sponsored by the National Archives, the Society of American Archivists and the New York Public Library. During the year 1973, he conducted more than 100 public seminars.

Bremer will speak in Lubbock the following night at a special meeting of the South Plains Genealogical Society.

Persons wishing additional information about the Monday meeting here may contact Toni Turk or Mrs. John Boren.

IN SAIGON ATTACKS

25 School Kids, Soldiers Killed

By HUYNH MINH TRINH
Associated Press Writer

SAIGON, South Vietnam (AP) — Communist-led attacks killed 6 school children and wounded 13, and left 19 government soldiers dead and 18 injured in different parts of South Vietnam today, the Saigon command reported.

In Phnom Penh, travelers said about 3,000 Cambodian students and civilians attacked and looted Chinese-owned food shops in Battambang City to protest rising prices stemming from growing insecurity in the region. Casualties and damage were not immediately known.

The Saigon command said five Viet Cong mortars hit the Nhi Qui elementary school near Cai Lay district town in the Mekong Delta 45 miles southwest of Saigon. According to preliminary reports, one child was killed and 12 others were wounded, the command said.

About 350 miles farther north along the northern coast below Da Nang, Viet Cong troops mined a military truck, wounding two soldiers, the command said. But flying fragments from the mine killed five school children and wounded one, the command said.

The command said 14 militiamen were killed in an attack on a militia post near Dat Do, a district town in the Mekong Delta 45 miles southeast of Saigon, and that five soldiers were killed and 11 were wounded in an attack on an infantry position near Lai Khe, 35 miles north of Saigon.

Also in the Mekong Delta, Viet Cong sappers slipped into a gasoline depot near My Tho, 35 miles southwest of Saigon, and blew up more than 10,000 gallons of gasoline, military officials said.

In Cambodia, government forces battled the Khmer Rouge insurgents around the Neak Luong naval base and on an island in the Mekong river below Neak Luong. Military sources said the situation of both government forces was critical because the insurgents were stronger at both points.

About 300 government troops landed Thursday on Peam Raing island, 40 miles southeast of Phnom Penh, where another government task force of 500 men suffered very heavy losses last week.

Kelton Is Due For Workshop

A copy of Elmer Kelton's prize winning novel "The Time It Never Rained" will be the door prize at the Writer's Guild workshop tomorrow morning.

Kelton will be guest speaker for the workshop, which will be held in the Museum Building at Western Texas College. Kelton is the author of 18 novels and associate editor of the West Texas Livestock Weekly which is published in San Angelo. He has continued to write for various agricultural publications at the same time he writes fiction.

Registration for the workshop will begin at 9:30 a.m. Registration fees will be $4 for adults and $2 for students, and anyone interested in writing is invited to attend. A Dutch treat luncheon in the WTC Student Center cafeteria will conclude the workshop.

Two Vehicles Are In Mishap

Minor damage resulted from a two-vehicles mishap in the 3200 block of Forty-second Street at 8:44 a.m. Thursday.

Involved were the parked 1969 Model Chevrolet of Bernard Weems, 3200 Forty-Second Street, and a 1972 Model Cadillac driven by Neoma Harlin, 3110 Forty-second Street.

WIN COMPETITION—These piano students of Mrs. Wayne Bethel, 3773 Sunset, placed high in the 23rd annual Sonata- Sonatina - Concerto Competition held in Lubbock last Friday and Saturday. Pictured, back row, left to right, are Debbie Clements, Cheryl Taylor, Kathi Burk, David Vaughan; front row, Melanie Parsons, Mark Piland and Beth Bowen.

Piano Students Place High

Out of 425 music students and 52 piano teachers from Texas and New Mexico, these Snyder piano students placed very high in the Twenty-third annual Sonata-Sonatina-Concerto Competition sponsored by the Lubbock Music Teacher's Association.

The first place winners received certificates and played in the winner's recital Sunday, February 16, at the Municipal Garden and Arts Center. Those receiving first place were Debbie Clements, Ira, playing Sonatine Op. 20 No. 1, 2nd movement by Dussek; Mark Piland, Colorado City, played 3rd movement of Sonatina No. 1 by Gillock; and David Vaughan, playing last movement of Concerto in D minor by Bach.

Second place winners in their contests were Cheryl Taylor, competing with 12 contestants, playing Sonata No II for two pianos I movement by Clementi; Ricky Bowden playing Harpsichord Sonatina 2nd movement by Thompson and Melaine Parsons playing Sonata No. II for 2 pianos 2nd movement. Each received certificates.

Third place winners in their contest were Kathi Burk, competing with 25 contestants playing Mozart Sonato K 283, first movement; and Beth Bowen, competing with 15 contestants playing Gillock Sonatina No. 1, 1st movement. Each received certificates.

All of the students are from the studio of Mrs. Wayne Bethel, 3773 Sunset.

ENTERTAIN ART GUILD—The program "Our Teenage Friends" was presented Tuesday night to the Art Guild Study Club when they met for their regular meeting. Pictured, left to right, are Vicki Blankenship, American Abroad Student to Australia; Brigitte Glandut, AFS student from France; Miss Virginia Grove, hostess and program director; and Phyllis Davis, art student at WTC, recipient of the Art Guild Club's scholarship this semester.

SHOWER HELD—A pink and blue shower was held February 18 to honor Mrs. Bill Lockhart in the home of Mrs. Leroy Lindsey, 211 Ash St. Pictured, left to right are Mrs. C.R. Schwartz, mother of the honoree; the honoree and Mrs. Dee Lockhart, mother-in-law of the honoree. Hostess for the event were Mmes. Helen Askins, Reba Beck, Elaine Bynum, Ann Chester, Karen Dunn, Joy Early, Peggy Grinslade, Shirley Hatfield, Leroy Lindsey, Lonnie Johnson, Mary Jane Powell, Betty Menges, Debra Smith, Elaine Smith, Jewell Tuggle, Myrtle Sullenger and Mary Ward.

FLUVANNA NEWS

BY MRS. STELLA JONES

Mr. and Mrs. Durwyn Carpenter and girls of Texas City are guests of his mother and husband Mr. and Mrs. Sandy Holder.

Mr. and Mrs. Ray Fulford visited the weekend of February 8 in Gatesville with her aunt, Mrs. Minnie Donaldson who is confined to a local hospital.

Mr. Hulen Allen of Luleing visited last Sunday night with Mr. and Mrs. W.F. Mathis.

Rev. Raymond Walker of Post filled the pulpit at the Fluvanna Baptist Church on Sunday. Other visitors were Mrs. Walker and Mr. and Mrs. Raymond Rudd, all of Post.

Mr. and Mrs. Joe Murry of Comanche visited over the weekend with her sisters Miss Nealy Squyer, Mrs. Alpha Jean Pylant and Hoyt.

Mr. and Mrs. J.L. Bunch and Steve of Odessa visited over the weekend with their daughter and family Mr. and Mrs. Bob Stansell, Gregory and Mark.

Mrs. Ruby Benson and Mrs. Louie Gatewood attended the RSVP convention in Abilene last Thursday.

Supt. James Chapman attended the funeral of Loel Dean Clark in Sidney last Friday.

Mr. and Mrs. Harry Kingston received word on Friday of the birth of a new grandson born to Mr. and Mrs. Bill Kingston in Munday.

Mrs. John Barfield, Mrs. Gilbert Merritt, Mrs. Clinton Gregory and the following Junior girl scouts and Brownies, traveled to Holiday on Ice in Abilene Sunday afternoon with Snyder scouts. They were Tammy Merritt, Vickie Gregory, Michele Ball, Dawn Meacham, Micky Smith, Angie Ynguanzo, Patricia and Jamie Gregory, Jenny Ynguanzo, Amanda Carrasco and, Kathy Paden.

Mrs. Lela Carmicheal, accompanied Mr. and Mrs. Clyde Smith to Erick, Okla. where they all visited Mrs. Carmicheal's sister, Mrs. Ida Barker, who is quite ill in a local hospital.

Those visiting in the home of their parents Mr. and Mrs. Marvin Boulware and Danny on Sunday were Mr. and Mrs. Wayne Sturdivant, Allen, Tanya and Steve of Waco, Mr. and Mrs. Harvey Boulware, Junior and Kristi of Post and Mr. and Mrs. Larry Boulware of Snyder.

Wallace Jones Jr. and Paul of New Braunsfel visited over the weekend with his parents Mr. and Mrs. W.H. Jones.

Mr. and Mrs. Joe Stansell of Brownwood spent Monday night with his parents, Mr. and Mrs. James Stansell. Bryan and Jeremy returned home with their parents on Tuesday after visiting their grandparents for two weeks.

Mr. and Mrs. Tommy Smith and children of Midland visited last weekend with her parents, Mr. and Mrs. Royce Patterson and Tom.

Mr. and Mrs. Carl Keller of Snyder visited Sunday afternoon with Mr. and Mrs. Ray Fulford.

Mrs. Steve Daughtery was honored on the night of Feb. 20 at the community center with a wedding shower.

Snuff dates back to the 16th century.

China Grove News

BY MRS. N.F. HALL

Weekend guests of Mr. and Mrs. Pete White were Mrs. Loretta Buckley and Laine, Mrs. Glenda Jones, Regina and Sarah all of Garland, and Mr. and Mrs. Rayburn White of Abilene.

Mr. and Mrs. Frank Wilson of Colorado City recently visited Mr. and Mrs. Joe Hairston.

Recent guests of Mr. and Mrs. T.J. Webb were Mr. and Mrs. Hubert Webb of O'donnel, Mr. and Mrs. Whit Farmer of Ira and Mr. and Mrs. Elmer Rainey of Colorado City.

Mr. and Mrs. Billy Adams and family recently visited Mr. and Mrs. Ed Adams and family.

Mr. and Mrs. Paul Hunter of Colorado City recently visited Mr. and Mrs. Floyd W. Merket.

Week-end guests of Mr. and Mrs. N.F. Hall were Mr. and Mrs. J.D. Hall, Mr. and Mrs. Freddie Harris and sons of Amarillo and Mr. and Mrs. Elmer Rainey.

Take Care In Buying Copper

COLLEGE STATION—Copper cookware represents a special gift for a very special person, one authority points out.

"Whether for Mother's Day, graduation or a bridal shower, always include a card giving complete use and care instructions," Lynn Bourland, home management specialist with the Texas Agricultural Extension Service, The Texas A&M University System, advised.

She suggested buying utensils "at least 10-12 gauge, about 1-16 inch thick-those you can lift without wrist stfain.

"Also choose only balanced utensils to avoid kitchen accidents."

Since certain acids react with copper-resulting in unpleasant odors, tastes and verdigris (green "rust")-most interiors are plated or lined with tin, nickel, stainless steel or silver, the specialist continued.

"Silver plating increased a utensil's heat-conducting qualities, although it tarnishes easily, and nickel adds sturdiness."

Miss Bourland noted that most new copper utensils come with a protective lacquer or plastic coating. If copperware will be used over heat-or for food preparation, she advised removing the coating.

"To do so, first fill a large container with water. Add one tablespoon washing soda for each quart of water used-then add one more tablespoon soda.

"Bring liquid to a rolling boil and immerse copper utensil for at least 15 minutes-the coating will peel off easily. Finally, rinse and dry the utensil thoroughly.

"To remove coating from a large item, apply acetone-available at any drugstore."

Turning to proper care and maintenance, the specialist emphasized using only wood, hard rubber or plastic tools in the cookware to maintain its beauty.

"To prolong life of the lining, don't sautee or rapidly brown meat in copper cookware. This can cause the lining to blister.

"Also, don't place an empty pan over heat, and avoid high heat altogether-copper conducts heat very efficiently, so it's not needed.

"In addition, remove foods immediately after cooking-and don't store foods in these utensils, even for quick freezing.

"When linings become heavily scratched or worn, get them replated," she added.

Miss Bourland recommended cleaning cookware interiors with soap or detergent. If scrubbing proves necessary, use only a nylon pad, brush or sponge.

"To restore shine to copper exteriors, rub the entire surface with half a lemon rind dipped in table salt. Leave this on for a minutes, then wash in hot, sudsy water. Rinse thoroughly and wipe dry immediately.

"If preferred, dip a sponge or soft cloth in a strong solution of salt and vinegar instead of using the lemon."

More than 60 million Americans hold bank credit cards.

AFS Student Provides Program

The Art Guild Study Club program "Our Teenage Friends" was presented Tuesday night, February 18, by Brigitte Glandut, Snyder High School's AFS Student from France, and Vicki Blankenship, Snyder High School's American Abroad student to Australia. Slides of the two countries showed scenery, homes and families. Both students told of geography, industry, education, home life, community life, and customs in France and Australia. A question and answer period was conducted by Miss Virginia Grove, hostess and program director.

Guests for the evening included Phyllis Davis, art student in WTC, recipient of the Art Guild Club's scholarship this semester, also Mrs. Gary Roberts, Mrs. J.D. Blankenship and Mrs. Mary Lee Kincannon of Jasper, sister of Virginia Grove. The program was very entertaining and informative.

Follwoing the program, Mrs. R.V. Williamson, president, presided at the regular business meeting.

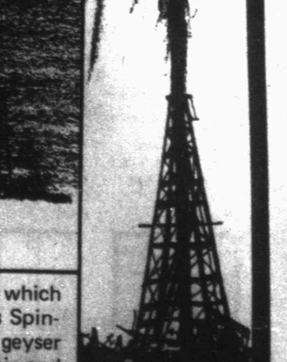

Refreshments were served to 16 members and 6 guests.

Woman's Calendar

SATURDAY

Everyone is invited to play '42' on game night at the Inadale Community Center at 7 p.m.

The Writer's Guild will hold a workshop beginning at 9:30 a.m. at the WTC multi-purpose room. Elmer Kelton, author and journalist, will be speaker.

Parade Of American Music Presented

Musical Coterie, affiliated with the Texas and National Federation of Music Clubs, met Thursday evening at the Martha Ann Woman's Club.

Mrs. M.M. O'Rear, president, welcomed guests for the evening. The next meeting will be March 14. The program will be "Unknown Women Contributors to Early American Music history," to be presented by Mrs. Wayne Bethel.

Mrs. Bob O'Day, program chairperson, introduced Jerry Worsham, who served as Master of Ceremonies for "Parade of American Music.

The program was dedicated to the Parade of American Music, Ada Holding Millar, founder, and sponsored by the National Federation of Music Clubs.

Great American songs and composers were presented by members of the club. Taking part in the program were Mmes. J.M. Kayser, Troy Scott, Glen Thompson, G.B. Clark, Wayne Bethel, M.M. O'Rear, Virgil Mott, Bob Womack, James Jones and Wendy Monroney, guest.

Hostesses were Mmes. M.M. O'Rear, Ben Brock, L.G. Sears and Cloyce Talbot.

Insulate For Savings

COLLEGE STATION—A few inches of insulation in a home's ceiling and walls can substantially reduce heating and cooling bills, one expert contends.

Patricia A. Bradshaw, housing and home furnishings specialist with the Texas Agricultural Extension Serivce, The Texas A&M University System, said savings on these utility bills alone make insulating the house a good investment.

"As an added bonus, insulation improves family living comfort and avoids wasting energy resources."

The specialist recommended placing six inches of insulation in a ceiling–and three or four inches in walls.

To insulate a ceiling that's under an unfloored, well-ventilated attic, simply place batts on the ceiling or spread loose insulation over it, she suggested.

"In case of a floored attic, raise and loosen a few boards–then rake or blow insulation in.

"Walls are easy to insulate during contruction of a house," Miss Bradshaw pointed out.

"But to insulate an existing building, get professional advice and assistance. Side wall insulation added to some existing buildings can cause moisture to condense in walls."

Homeowners also can insulate ducts that circulate hot and cold air to cut operating costs, the specialist added.

"For best results, use at least one and one-half inches of a good fibrous insulation or its thermal equivalent on these ducts."

Do you grate your own nutmeg? You'll probably need five whole nutmegs to yield an ounce of the ground spice.

VEGETERIAN SUPPER
Baked Yams BakedTomatoes
Green Beans and Celery
Banana Health Muffins

BANANA HEALTH MUFFINS

A moist hot bread with good fruit flavor.

½ cup fine whole-wheat flour
½ teaspoon baking soda
¼ teaspoon salt
½ cup rolled oats
¼ cup butter or margarine
¼ cup firmly packed light brown sugar
1 egg
¾ cup finely mashed ripe banana (2 good-size bananas)
2 tablespoons milk
¼ cup unsalted sunflower seeds, toasted if desired

Stir together the flour, baking soda and salt; stir in oats. Cream butter and sugar; beat in egg. Add flour mixture, banana, milk and sunflower seeds; stir until dry ingredients are moistened. Spoon into 9 greased muffin-pan cups (each 1-3rd cup capacity) filling about ¾ full — there will be about ¼ cup batter for each. Bake in a preheated 350-degree oven until well-browned and a cake tester inserted in center comes out clean — about 15 minutes. Serve warm.

Here's the Answer

By ANDY LANG
AP Newsfeatures

Q. — I spilled some motor oil on the concrete floor of our basement. Can it be removed with white gasoline, as someone told me?

A. — Possibly. But it's also a good way to blow up or burn down your house. Don't do it. There's no simple way to remove the stain, especially since you have waited so long before doing something about it. Try scrubbing with a solution of trisodium phosphate according to the directions on the container. If some of the stain remains, cover it with whiting or fuller's earth or dry portland cement. Wait a few days, then sweep up the covering and apply more of it. It might take three, four or more applications.

Q. — When the flush in our bathroom is used, it works fine. But later, there is a constant trickling of water into the bowl. What causes this and how can it be fixed?

A. — Carefully remove the cover at the top of the tank. Stick your hand into the tank and hold down the ball valve. This usually will stop the trickling immediately. If so, it means that the valve is not falling into position properly.

Be sure the rod that raises and lowers the ball valve is straight and that it permits the valve to drop right down. You can test this by flushing the tank and allowing it to refill. Another possible cause is that the valve seat, into which the ball valve falls, is roughened by corrosion. Smooth it with emery cloth or fine aluminum oxide cloth. Also, check the ball valve itself. If the rubber has lost its shape and resilience, buy another. It is inexpensive and is easily screwed into place.

Q. — I will be painting the outside of our house in the spring. It's a job I have never tackled before, although I have some experience in painting inside rooms. What I want to know is where do I begin?

A. — Start painting an upper corner of the house and work downward. Professional painters sometimes will move across a house, but they have assistants and the proper equipment to work in this manner. For the average person, who must juggle the ladder himself, it's best to paint downward; then, get down, move the ladder and start again at the top. Never lean over to cover even a few inches beyond your normal reach. It may mean moving the ladder a couple of extra times during the course of painting each side of the house, but it's a lot safer.

(For either of Andy Lang's booklets, "Wood Finishing in the Home" OR "All About Ceramic Tile," send 30 cents and a long, STAMPED, self-addressed envelope to Know How, P.O. Box 477, Huntington, N.Y. 11743.)

100,000 BARRELS A DAY

The Lucas Gusher which brought in the fabulous Spindletop Oil Field jetted a geyser of oil 200 feet in the air and flowed up to 100,000 barrels a day. Today that torrent of oil is scarcely a trickle and a monument commemorates a lusty era when for a time drinking water sold for more than oil. Now, 70% of the oil is in the middle east and the price is monumental. This means higher fuel costs, higher electric generating costs, higher electric bills.

But as times change there is one constant! The electric cooperative for more than 30 years has delivered power at its lowest possible price. That promise still holds today.

WTC Golf Team Beats Midland

The Western Texas College golf team bested Midland College, 310-323, in a dual golf match that was the first competition of the spring, held yesterday at Snyder Country Club.

Each school played five players and counted the four low scores in medal play.

The Westerners lost a previous dual match at Midland in the fall, 285-290.

Midland golfer David Gage was medalist with a score of 74, and WTC's Bryan Hargrove was runnerup with a score of 75. Westerner Mark Hargrove also had a fine round of 76. Freshman Arnold Madril fired a 79, sophomore Kyle Howard shot an 80, and Freshman Grant Collyns carded an 84.

Next golf action for the Westerners will be the 54-hole Border Olympics golf tournament at Laredo Feb. 27, 28 and March 1.

Midland Girls Win

Midland High defeated the Snyder High School girls varsity volleyball team 16-14, 15-4, here last night after their junior varsity scored a 15-7, 16-14 triumph over the local JV.

Both games in the varsity match were hard-fought all the way. Snyder led most of the first game.

"Midland may be the best 4-A volleyball team in the state," said Tiger Coach Joyce Elrod, "I was proud we were able to stay in the game with them."

Scoring for Snyder's varsity: Debra Davis 7 points, Retha Davis 5, Kathy Williams 3, Ruth Ann Fagin 2, and Tracey Moore 1.

Regina Lewis and Kathy Williams played outstanding games at spiking positions, and Tracey Moore was outstanding in the offense as a set. All of the Snyder girls got in some hits and all played well on defense.

Scoring for the JV: Kim Nicholson 8 points, Susan Walker 5, Rhonda Nunley 2, Della Braziel 2, Mitzi Ayres 2, and Patti Ayres 2.

Pam Kohl, Della Braziel and Sherry Freeman had some good offensive hits.

The varsity girls meet Monahans at 12:45 p.m. today in the first round of the Denver City Tournament.

Oklahoma Signs Sims

HOOKS, Tex. (AP) — Oklahoma University, continuing a raiding pattern that for several years has alarmed Texas loyalists, again has claimed perhaps the top prize in Texas' high school football recruiting.

The Sooners inked Billy Sims, Texas' premier high school running back, Thursday to a national letter of intent to play for the Norman, Okla., school.

Oklahoma Coach Barry Switzer and two of his assistants were in this East Texas town for the signing in the high school principal's office.

Sims, who was sought by more than 100 colleges and universities, gained 7,000 yards in three years for Class 2A Hooks High School—the second largest total in state schoolboy history.

Baylor University and Texas Christian believed they were in the bidding until the end.

It's not the first time Texas has lost a top prospect to its border rival.

There was all-everything blue chip quarterback Jack Mildren out of Abilene a few years ago. He led the Sooners to a national title.

There was Greg Pruitt, the little speedster from Houston who's now with the Cleveland Browns of the National Football League.

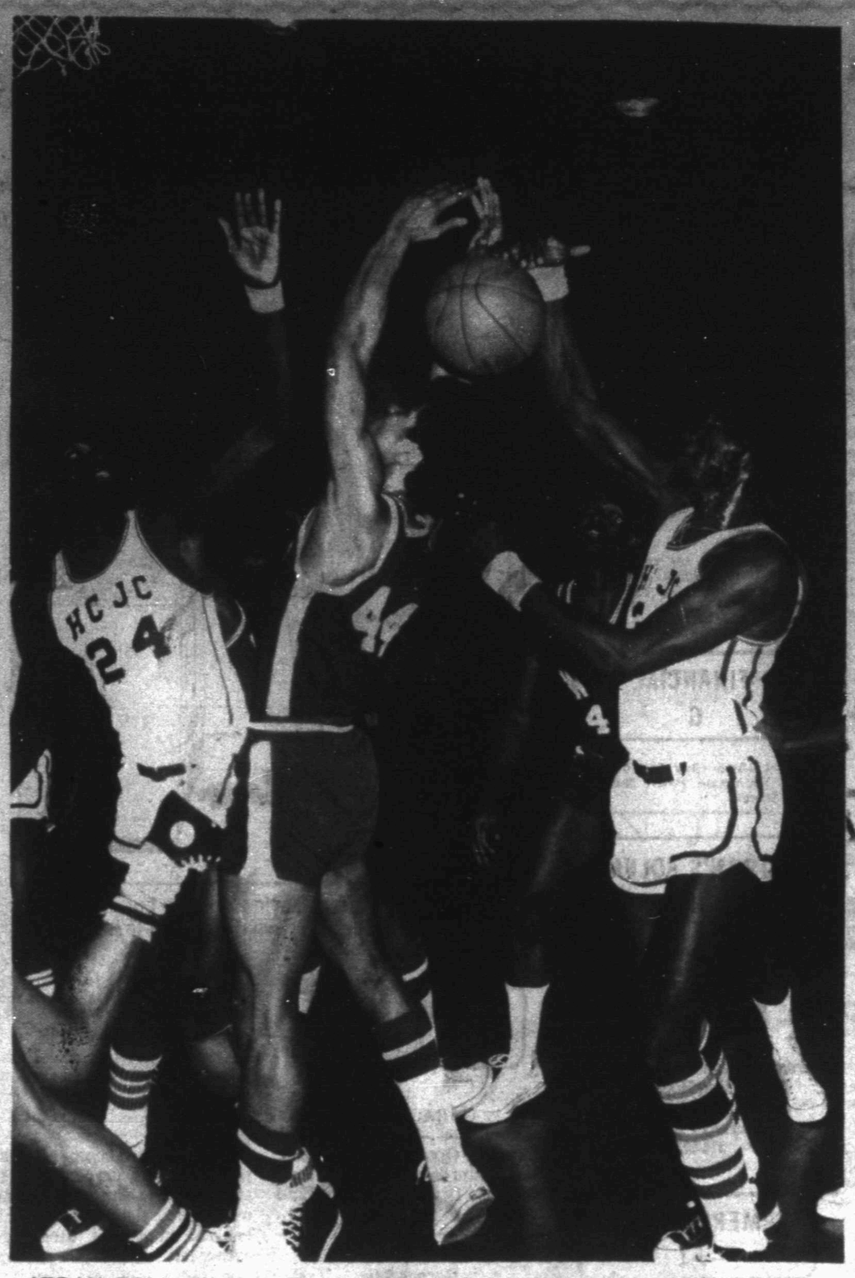

The list goes on.

And it has been five years now since the University of Texas has defeated arch rival Oklahoma.

Sims turned up at home Wednesday morning after his whereabouts were unknown for 48 hours. He visited the Oklahoma University campus Saturday and Sunday but disappeared Sunday night after a friend dropped him off at a Hooks service station.

Sims told different people he had been different places.

Sadie Sims, his grandmother and guardian the past five years, told newsmen she has noticed an alarming change in her grandson's personality.

STRAY BALL—Western Texas College's Brian Minor (44), 6-5 soph forward from Richmond, Va., and Howard College's Marvin Johnson (right), 6-5 forward from DeRidder, La., seem to have trouble getting a hold on the ball during the WJCAC basketball clash in Big Spring last night. Others in on the action are Larry Erves (24), 6-5 forward from Vicksburg, Miss., from Howard, and WTC's Greg Hill (41) (in background), 6-3 soph forward from Midland, Pa. The Westerners rallied in the second half and scored a 102-97 victory. (Photo by Paul Gilbert).

Westerners Nip Howard, 102-97

BIG SPRING—The Western Texas College Westerners defeated Howard College, 102-97, here last night in a Western Junior College Athletic Conference basketball contest that was exciting from start to finish.

The Westerners opened with an early lead and were out front 30-20 with nine minutes remaining in the first half. But, the hosts began to rally and outscored WTC 30-15 during the remainder of the half to take a 50-45 lead into the dressing rom.

"They hit a torrid 58 per cent from the field in the first half and we only hit 37 per cent," declared WTC Coach Mike Mitchell. "We were probably lucky to be in the game at halftime."

Western came out with determination in the second half and scored the first three baskets to go ahead again. The lead changed several times during the remainder of the second half with WTC taking its final lead with three minutes to play. The Westerners made six straight free throws in the last minute of play as Howard committed several fouls going for the ball.

Ken Fowler, 6-2 soph guard from Austin, and Brian Minor, 6-5 soph forward from Richmond, Va., both cooly popped in gratis tosses under extreme pressure during the final minute with the crowd noise deafening. Fowler hit four and Minor put in two.

The Westerners were playing without Eugene Harris, starting forward, who is out with a knee injury.

"I thought the main factor in the game was the fact we wouldn't quit. The boys kept working hard throughout the game," said Mitchell.

Western dominated the boards, pulling down 46 rebounds compared with 31 for Howard. Minor led in rebounds with 17, and Norman Barnes collected 14.

As a team, the Westerners hit 37 of 86 from the field for 44 per cent. Bob Miller, 6-5 soph guard from Seaford, N.Y., and Minor both had outstanding games. Miller quieted the crowd on several occasions with his accurately placed bombs. He collected 32 points, and Minor pitched in 24. Fowler netted 15 points, and Barnes contributed 13. Howard had six men in double figures in a losing cause: Marvin Johnson with 24 points, Larry Erves with 16, Robert Lawrence with 13, Johnny Harris with 12, and Alfred Gladden and Don Davis, each with 10.

Western started out both halves with a man-to-man defense but changed into a 2-1-2 zone when they got into foul trouble. Howard employed a man-to-man press all the way. Barnes fouled out for Western and Harris fouled out for Howard. The hosts led, 39-37, in field goals but WTC had a 28-19 edge in free throws.

The Westerners now are 27-1 for the season and 14-0 in conference play while Howard is 19-9 for the season and 8-5 in league action. Western hosts Odessa JC at 7:30 p.m. Monday in the Scurry County Coliseum. Odessa is 11-12 for the season and 6-8 in conference.

Travis Triumphs

Travis Junior High won a couple of volleyball matches with Big Spring teams here yesterday with the 9th graders beating Big Spring Gold, 15-10, 15-10 and the 8th graders besting Runnels 15-1, 15-12.

Viola Pinkerton tallied 13 points, and Sylvia Garcia scored 11 for the Travis 9th grade. Deana Waller tallied 8, and Cindy Koonsman scored seven for the 8th grade.

Travis will be in the Big Spring tournament Saturday.

Region V Tourney Set

Howard County tangles with South Plains at 3 p.m. today in the Western Texas College gym in the first round of the Region V National Junior College Athletic Association Basketball Tournament.

All of the other teams in the tournament drew first round byes. Western Texas College's Dusters will meet Ranger Junior College at 10 a.m. Saturday in the second round while Weatherford, the tourney favorite, tests the winner of the Howard County-South Plains tilt in the second game at 11:45 a.m. Saturday. Both second round games will be held in the Scurry County Coliseum.

The championship contest will be held at 8:30 p.m. Saturday in the coliseum.

Weatherford, sporting a 19-4 record, has the best record of any of the teams. Western Texas is second best at 15-4, but two of their losses have been to Ranger, which is 11-5 for the season. Howard County is 2-7 and South Plains is 5-9, and both of these teams have been beaten twice by the Dusters.

Probable starters for Howard today are Sheree Griffin, 5-7 guard from Coahoma; Delma Gomez, 5-3 guard from McCamey; Debbie Lambert, 5-10 post from Stanton; Theresa Caffey, 5-8 forward from Seminole; and Echols, 5-8 forward, from Coahoma. South Plains probably will go with Jan Hall and Elaine Freeman at guard, Gail Berry and Kathy Wood at forward and Deann Bingham at post.

Ranger's lineup against the Dusters Saturday morning probably will include Diana Rhomer and Clara Campsey at guard, Mendy Warren and Donna McGill at forward, and Linda Montgomery at post.

Coach Sid Simpson of the Dusters said their starters will be Marilyn Payton, 5-11 freshman from Lubbock Cooper, and Melisa Taylor, 5-7 freshman from Gail, at wing; Theresa Beal, 5-10 freshman from Coahoma, and Sandra Jimenez, 5-9 freshman from Victoria, at post, with Dale Mitchel, 5-8 freshman from Coahoma, at point.

Other Dusters ready for action are Debbie Sharp, 5-9 soph from Wylie; Darilynn Stewart, 5-7 freshman from Tarzan; Deanna Michulka, 5-7 freshman from Crosbyton; Cindy Klepper, 5-7 soph from Roscoe; and Donna Speck, 5-7 soph from Aspermont. June Sterling is out for the remainder of the season with a knee injury. She's a 5-4 soph from Coahoma.

Teaff To Head West Squad

LUBBOCK, Tex. (AP) — Steve Sloan of Texas Tech and Baylor's Grant Teaff will coach the nation's outstanding 1974 senior football players in the 15th annual Coaches All-American football game here June 21.

Sloan, who just joined Tech as head coach this fall, will direct the East Team.

Teaff, the American Football Coaches Association's national coach of the year, will guide the West squad.

Teaff took Baylor last season to its first Southwest Conference football championship in 50 years.

Outstanding seniors of the past season will meet in the game, in which the West holds an 8-6 advantage.

Brigham Young Coach LaVell Edwards and Ron Meyer of Nevada-Las Vegas will assist Teaff.

"handfashioned" Arans.

Advertising... a vote of confidence in business.

(or how to tell the leaders without a scorecard.)

Recently there has been a lot of talk about upturns, downturns, and sideturns in business and industry.

You ask a man these days how the "outlook" appears to him, and you're liable to get a diagonal reply. Not a straight up-and-down nod. Not even a negative, sideways shake of the head.

Mostly the diagonal approach. It doesn't mean yes, business is going up. It doesn't mean no, it isn't.

The answer you frequently get is we'll wait and see. Inflation and some of the other unrests, you know

So the man and his company pull their horns in.

They wait for someone else to "take the lead," they say: No sense sticking our heads out until the situation "improves" itself.

In other words, sure we'll advertise —— or restore our budgets —— *just as soon as we get more business.*

Beautiful.

Everyone hangs around and waits for everything to happen automatically. Hold up. Cut back. Wait. The Prosperity Wagon is right around the corner. And it's going to come to me, old friend, *me*. Without me going out to get it.

Want to bet?

One thing about this economy of ours has never changed. A lack of confidence in our business system, manifested across business, only inspires more of the same. With the result that that wagon may be farther down the block than you think.

Business activity stimulates business.

Advertising helps you get sales.

Companies, agencies and media that advertise should be the ones *you* do business with, because we suspect you'd rather do business with *confident people*.

They take the time, trouble and money to inform you —— to help you know more —— about their products, their services and their markets. They care enough about you to go out of their way to *tell* you they want to do business with you.

We suspect that when the chips are down, this is how you can tell the real leaders.

They get our vote.

They also should get yours. If for no other reason than they are helping to build business for both of us.

"Did You Hear a Hiccup?"

Family Welfare Grants Are Cut

WASHINGTON (AP) — The Ford administration has cut family welfare grants to the states by $97.2 million for the first quarter of this year in a continuing campaign against ineligible and overpaid recipients, it was learned today.

Another massive reduction totaling millions of dollars is due in April, the Department of Health, Education and Welfare said. The latest cuts come on top of the $61.7 million withheld during the last half of 1974.

The cutbacks mean that states must either weed out more ineligible and overpaid recipients or dig into their state treasuries to pay welfare checks through March 31.

The nationwide figures from HEW's Social and Rehabilitation Service are contained in "working papers" which have not been released to the states. Each state has been told how much it is losing during the first three months of this year but that information has not been made public by state welfare departments in many cases.

HEW said the amounts of the reductions are based on states' estimates of how much they could save by correcting errors in the huge Aid to Families with Dependent Children (AFDC) program and additional penalties levied by Washington for failing to meet federal goals.

New York was the big loser in the allocations for the first quarter. It was hit with what HEW called "improvements and adjustments" totaling $27 million.

Other big reductions were $10.7 million in Illinois, $9.5 million in Pennsylvania, $7.2 million in California and $5 million in Ohio.

All states incurred cuts in funds to help pay AFDC recipients for the first quarter except Nevada, Montana and South Carolina. HEW said the latter two states are being reviewed.

HEW did not provide a breakdown on how much of the $97.2 million reduction was voluntarily shouldered by the states and how much was in the form of federal penalties. Of the $61.7 million withheld last year, only $18.2 million represented estimates by the states of how much they could save.

AFDC rolls last October, the last month for which figures are available, totaled 10,850,000 persons and were edging upward as unemployment increased across the country.

Butz Resents Suggestion

WASHINGTON (AP) — Secretary of Agriculture Earl L. Butz says he resents Sen. George McGovern's suggestion that he has sabotaged the food stamp program and should resign.

Butz told McGovern Thursday that his "very serious accusation that I deliberately violated the law ... absolutely is not true."

"I took an oath when I became secretary to uphold the law and I think I have ... I resent that very much," he continued. "You won't get anything out of me by telling me to resign."

The angry exchange between the Cabinet member and the South Dakota Democrat occurred during a hearing by the Senate Agriculture Committee, headed by Sen. Herman E. Talmadge, D-Ga.

The quarrel was triggered by a written statement from McGovern that Butz's attempt to raise the price of food stamps violated the law, Agriculture Department regulations and the intent of Congress.

McGovern said that if Butz disagreed with the law, he should resign and run for Congress, where he could work to change the law legislatively.

Thomas Alva Edison patented the first electrical voting recorder in 1868. The first election to use voting machines was not until 1892, however, at Lockport, N.Y.

Ford's Profits Drop 60%

DETROIT (AP) — Ford Motor Co. has reported profits of $361 million for last year despite a major slump in fourth quarter sales. The profits represented a 60 per cent drop from the firm's record $907 million in 1973.

Ford showed a $46 million before-taxes loss in the last quarter on sales of $6.2 billion. But because of an involved annual tax formula, the after-tax quarterly earnings were $22 million, compared to $57 million profits a year earlier on fourth quarter sales of $5.6 billion.

"Net income in the fourth quarter of 1974 principally resulted for a reduction in the provision for income taxes for the full year because of the sharp decline in earnings." according to a statement released by Henry Ford II, chariman of the board, and Lee. A. Iacocca, president.

Like Ford, industry giant GM has reported a 60 per cent profits decline for 1974 at $950 million. In GM's case, however, the fourth quarter was its best of the year after suffering last winter when sales of its big cars plummeted during the Mideast oil embargo.

Ford, the No. 2 auto maker, with its strong reliance on compact and subcompact models, did relatively well early in the year. But it was hard hit when the recession cut sharply into sales of small cars this fall.

LAFF-A-DAY

"Well, Adams, how does it feel to make your first million?"

In Snyder Area Churches

Morningside Bapt.

Tonight the men of the church will continue their work in the west wing of the new building. All men are asked to come and spend at least two hours in this work.

Sunday School begins at 10 a.m. with a class and teacher for every age group. Morning worship starts at 11. Pastor Vernon Parnell will be preaching.

Sunday night services begin at 6 p.m. with the Training Service program. Evening worship services start at 7. George Welch will be preaching in this service.

The Girls Missionary Auxiliary has completed its mission project which was to raise $100 for interstate and foreign missions. This group will have its weekly meeting Monday at 7:30 p.m.

The mid-week prayer service begins at 7:30 Wednesday evening. There will be a meeting of the home study and visitation workers at 7 p.m. If you desire to help in this effort, attendance at this meeting is important.

"But let patience have her perfect work that ye may be perfect." James 1:4.

Patience is a precious thing;
It's like the air to hold.
To one who finds and holds it close,
It's dearer far than gold.
Seeking patience always
Should be a lifelong goal,
For he who shall attain it,
Will also own his soul.

WILL CURTIS

First Christian

First Christian Church at 2701 Thirty-seventh Street will meet for Sunday School at 9:45 a.m. Sunday morning with classes available for every member of the family. The Church bus will begin its route at 9 a.m. Morning worship is at 10:50 a.m. Special worship experiences are offered for 4-years olds through 2nd grade in Children's Church and for 3rd through 6th graders in Junior Church. The CYF and CHI RHO (7th through 12th grade) will meet at 6 p.m.

The adult Bible Study will be at 7:30 p.m. Sunday evening at the church. The Week of Compassion offering will be taken again Sunday morning and an opportunity will be available for members to make commitments for the "Food for the Hungry" project. All Sunday School workers from Kindergarten through 6th grade are urged to attend a curriculum workshop at Trinity Methodist Church Friday night, Feb. 28, at 7 p.m.

Those serving Sunday are: Minister - Otto Schaufele; Presiding - Delbert Downing; Organist - Pat Whittenburg; Song Leader - Donnie Burk; Receptionist - Dorothy Downing; Junior Church - Pat Schaufele; Children's Church - Bonnie Schaufele.

Northside Bapt.

Sunday morning worship begins with Sunday School at 9:45 where the lesson subject will be "Church Members Minister unto Others" in I Corinthians 16:1-24. This will be followed at 11 with the morning worship hour with pastor George E. White in charge of the services. Wayne Burney will be in charge of the music.

Sunday evening worship begins with B.T.C. at 6 where the lesson subject will be "Why do Baptists Have Associations of Churches?" from Acts. 15:2-4. Discovery Hour will have a film entitled, "In the Presence of Mine Enemies." This will be followed at 7 with the evening worship hour and radio broadcast.

Monday afternoon at 4:30 is the time for regular Girls Auxiliary meeting at the church. Girls of all ages are welcome to attend.

Wednesday evening at 7:30 is the time for regular mid-week prayer service.

Visitors are welcome to any and all services at Northside. There is a nursery provided at each service.

Faith Baptist

Sunday School begins at 10 a.m. at Faith Baptist Church. Morning worship follows at 10:50; training union at 6:15 p.m. and evening worship at 7. The pastor, Rev. Buck Hatfield, will bring both messages of the day.

The church is located at Ave. C and Thirty-seventh St., and visitors are welcome at each service. A nursery is provided.

Mid-week prayer service begins at 7 p.m. Wednesday. If you wish to ride the Faith Baptist bus, call 573-7434.

The weekly radio broadcast will be heard over KSNY at 8:35 a.m. Friday. Rev. Hatfield will be the speaker. Visitors are welcome at each service and a nursery is provided for the babies.

37th St. C. of C.

Pat. J. Abbananto, minister, will preach the gospel in all the worship services at Thirty-seventh Street Church of Christ on Sunday. The worship services are at 10:45 a.m. and 6 p.m.

Bible classes for all ages are held at 9:45 a.m. each Sunday.

The regular mid-week worship services are scheduled for 7:30 p.m. each Wednesday.

El Salvador is the only Central American country that does not touch the Caribbean Sea.

Bethel Bapt.

"What Is In A Name?" will be the sermon topic of R. Virgil Mott on "The Back to Bethel Broadcast" over KSNY at 8:35 a.m. Sunday. Scripture reference is John 1:47-51. Music on the radio program will be "There's A Man Goin' Round Takin' Names," a record by Jerome Hines.

The Bethel church bus ministry will begin at 9:15 a.m. To ride the church bus, call 573-7267 or 573-2303. Clint Hembree will drive the bus Sunday.

Sunday Bible School will begin at 10 a.m. The time will change at 2 a.m. Sunday. Check your clocks, set them right.

"Has God Called You Into His Service?" will be the sermon topic of the pastor at the 11 a.m. worship service Sunday. This sermon is pitched toward Youth. Scripture reference is II Cor. 5:21.

Sunday afternoon activities begin with youth choir rehearsal at 5:30 p.m. Church training service will be at 6 p.m. "What Is A Christian?" will be the sermon topic of the pastor at the 7 p.m. worship service. Scripture reference is II Tim. 1:12.

Wednesday activities will begin at 7 p.m. with activities in each department. The pastor will direct Bible study at 7:30 p.m. The topic of Noah and the Ark will be taught and discussed by all who attend. The last five minutes of prayer time will be given to honoring prayer requests for the week.

Ave D Baptist

Chris Harris has accepted a call to serve as music and youth director at Avenue D Baptist Church. He is a sophomore music major at Texas Tech. His home is in Victoria and he will be in the services this Sunday.

Men's prayer group will meet at 9 a.m. Sunday and Sunday School will begin at 9:45 with worship service following at 11.

Church training is set for 6 p.m. and evening worship will begin at 7.

On Tuesday, church visitation is set for 9:30 a.m. and 7:15 p.m.

On Wednesday, officers and teachers will meet at 6:45 p.m., and the prayer meeting and Bible study will meet at 7:30 p.m.

Girls Auxiliary will meet at 4:15 p.m. Thursday in the fellowship hall.

East Side C of C

Sam F. Kitching will be the host on the 8:15 a.m. radio program on KSNY on Saturday, "Love of Living." He will speak on "Things that Hinder" on the Sunday morning program on KSNY at 8:15, "Give Me the Bible." At the 10:25 a.m. worship service his sermon topic will be "A Good Audience."

Bible classes for all ages are held each Sunday morning at 9:30. Ladies' Bible class is held each Wednesday morning at 10. A nursery is provided and there are classes for all pre-school children.

The mid-week worship service is scheduled for 7:30 p.m. each Wednesday. Visitors are always welcome at all services. For a free bus ride to services, please call 573-5666, 573-6519 or 573-7204.

First U. Meth.

The First United Methodist Church will have the second session of its study on Methodism beginning at 6 p.m. Dr. Marvin Boyd, Conference Program Coordinator of the Northwest Texas Conference, will lead this session. Dr. Boyd is recognized as an authority on the discipline and the legislative process through which the discipline, articles of religion and doctrinal statements are adopted. He will explain the structure of the Methodist Church which should answer any question about the organization and administration of the local church as well as the District, Conference, and Jurisdictional levels.

Sunday's schedule begins with 9:45 a.m. Church School for all ages followed by 10:55 a.m. worship service, with Rev. Wallace H. Kirby, Pastor.

5:30 p.m. the junior and senior High UMYF groups will meet and 6 p.m. is rehearsal time for the Joy, Cherub and Wesley Choirs as well as time for the study to begin for adults.

Berry's World

"...I want to shoot for the moon — strive for the highest goal — that is, earn a living!"

Colonial Hill Bapt.

Youth will meet at 6:30 p.m. for a witnessing retreat and again at 8 a.m. Saturday. Guests will be a drama team from Hardin-Simmons.

The early Bible class will meet at 7 a.m. Sunday in fellowship hall, with the Rev. Miller Robinson teaching the lesson. Sunday School is set for 9:45 a.m. and morning worship will begin at 11. Rev. Robinson will bring the message.

Youth choir will meet at 4:45 p.m. and church training at 6, with Myron Porter, BSU director at WTC, teaching. The evening worship service will begin at 7 p.m. and will be followed by an all-church fellowship.

Church-wide visitation is set for 10 a.m. Tuesday. Also, youth workers will meet at 7 p.m. for visitation.

On Wednesday, the women of the church will meet at 9:30 a.m. to sew for Buckner's Childrens Home. Sunday School directors will meet at 6:30 p.m. and at 6:45 p.m. the teachers and officers will have a planning session. Prayer service and business meeting will begin at 7:30 p.m. The adult choir will rehearse at 8:05 p.m.

Adults will have recreation time at 7:30 p.m. Thursday.

Trinity U. Meth.

Coffee and doughnuts will be served at 9:30 a.m. with Sunday School following at 9:45. The morning worship service is set for 10:55 a.m.

The Sunday evening share group will meet at 6:30 p.m. in the lounge. They will see a film on Israel.

The Wednesday morning group will meet at 9:30 a.m. in the home of Mrs. I.V. Zeck.

The parsonage committee will meet at 7:30 p.m. Tuesday at the parsonage.

The choir will meet at 7 p.m. Wednesday and the youth will meet at 5 p.m. Sunday at Grace Lutheran Church.

ON FUEL, EMISSIONS

Diesels Could Solve Problems

SAN ANTONIO, Tex. (AP)— Two scientists say diesel engines could be the answer to the automobile industry's fuel economy and emissions problems, though the diesels would be no cure-all.

"It's no coincidence that big trucks, railroads, ships, stationary engines and heavy construction equipment utilize diesel engines," Karl J. Spring, director of emissions research at Southwest Research Institute said.

"They give you the best fuel efficiency."

Springer and Southwest Research scientist Ralph Stahman say they will present results of a test of four diesels when they deliver a paper at a Detroit, Mich., conference next week.

Dynamometer stop-and-go tests simulating city driving with diesel engines powering cars between 3,000 and 3,500 pounds averaged 26.6 miles per gallon, Springer said.

And he said the test engines gave emissions well within all present and planned Environmental Protection Agency (EPA) standards except for nitrogen oxide.

Springer said that EPA nitrogen oxide standards are too high and predicted they would be revised downward.

The study deals with fuel economy and emissions of four diesels—a 1972 Mercedes-Benz 220D, a 1973 Peugeot 504D, an Opel Rekord 2100D and a Nissan diesel-powered Datson.

But Springer listed several diesel drawbacks including smoke, particulate matter pollution and odor. He said research could solve such problems, however.

Diesels are less responsive in acceleration than most United States-built cars, Springer said. But other diesel advantages might convince Americans to accept the diesel, he said.

Diesels are more expensive than gasoline powered vehicles and a sharp increase in the diesel population could cause fuel supply problems, he said.

However, Springer said mass production would bring the cost down and availability of diesel fuel should be a prime consideration in formulation of a national energy policy.

Grace Lutheran

Sunday School worship begins at 9:20 a.m. Pastor Henry Hartman's message for the 10:30 a.m. worship service is "Our Journey," based on Genesis 12:1-8.

Confirmation instruction is Sunday at 2 o'clock. There will be a Vacation Bible School meeting of four churches Sunday at 3:30 p.m. at Trinity Methodist Church.

Youth Co-op for Christ will be meeting at Grace Lutheran Sunday at 5 p.m.

Pastor Hartman will do a dramatic portrayal of John, the Baptist, during the Wednesday night Lenten service at 7:30.

Church council will meet Thursday night at 7:30 p.m.

Those serving Sunday are: Howard Limmer and Lowell Marble - ushers; Shirley Broker - acolyte; Jean Gusta - nursery attendant; Howard and Carolyn Limmer - greeters; Janna Tharp - organist.

Republic Officer Probed

DALLAS (AP) — The FBI is investigating a senior officer at Republic National Bank here in connection with an alleged misapplication of banks funds.

J. Gordon Shanklin, agent in charge of the local FBI office, said Thursday the results of the probe "will probably be turned over to the grand jury."

Republic National Bank, with deposits of more than $3 billion, is Texas' second largest bank.

James W. Keay, Republic chairman of the board, confirmed the probe.

"Our internal auditing staff has questioned certain bank transactions, which have been referred to the proper authorities for investigation.

"Pending completion of such investigation, we have no comment other than to state that the matter is not of material consequence to either the financial condition or the earnings of the bank," he said.

The Dallas Morning News, in today's editions, quoted "highly placed sources in the Dallas financial community" as saying the amount allegedly involved was up to $600,000.

The News quoted its sources saying transactions in question involve large sums of money diverted into four or five dummy accounts over the last three years.

Initial reports also indicated the irregularities involved were discovered early this week and involved falsified loans that were converted to personal use, the News said.

The FBI said it entered the case "early this week," but declined to disclose either when the alleged misapplication of funds began or the amount of money possibly involved.

Dumping Permit Renewed

HOUSTON (AP) — A new one-year permit to dump 100,000 tons of waste sludge into the Gulf of Mexico has been issued to Shell Chemical Co.

The regional Environmental Protection Agency, in issuing the permit Thursday, directed Shell to begin researching onshore alternatives for disposal of the sludge from its suburban Deer Park plant.

However, the federal agency set no time limit for Shell to get an onshore disposal system into operation. The permit requires the company to submit to the EPA by next Nov. 1 all reports on its research.

The EPA directed Shell to study incineration, destruction by coking, landfilling, and other methods.

At a public hearing last week on the permit renewal officials of local, state and federal agencies urged the EPA to extend the permit for only three to six months. They claimed that onshore disposal systems are available and are already being used by other chemical plants.

Shell Chemical is the only industry still dumping wastes off the Texas coast. The sludge still being dumped is from the biological treatment system for waste water at the Deer Park plant.

Special Blood Drive Is Set

A special blood drive has been set here Sunday afternoon to replace supplies used in the treatment of the late Wayne Davis.

Mr. Davis, a victim of leukemia, died Feb. 12, in the M.D. Anderson Hospital in Houston. He was a native and long-time resident of Snyder, but lived in Rankin at the time of his death. A blood drive was held several days ago in Rankin and McCamey and the drive here will be conducted between the hours of 2 p.m. and 6 p.m. Sunday in the community room of West Texass State Bank. Those who wish to contribute blood for this purpose are asked to report there during those hours.

Dr. Lamb

New roughage diet needs adjustment

By Lawrence E. Lamb, M.D.

DEAR DR. LAMB—I have developed spastic colon problems. I have been to a doctor and have no organic disease. I have also had X rays which show spastic colon.

For several weeks the doctor kept me on a diet without any whole wheat bread or any food with roughage. This diet did not seem to help a whole lot.

After I read your column on this problem I went on the diet you suggested, after which I began having considerable pain in the lower left side. Is this pain normal after going on a whole wheat diet until your body adjusts to it? I baked my own bread with whole wheat flour so I was sure to get whole wheat. I'm stumped as to what to eat.

DEAR READER—Some people do have the problem you describe when they start a diet that includes more cereal fiber. The discomfort in related to excess formation of gas. This lasts about three weeks and then disappears.

If you have too much trouble with it try to gradually increase the roughage in your diet. That will help some.

Cereal fiber is particularly good for bowel function since it is not absorbed and it does soak up moisture. Its bulk with the moisture it retains helps to increase the size of the stool and prevent it from becoming a hard dried out residue that is related to the spastic colon problem.

The spastic area is commonly on the left side. That is though to be the reason the diverticula (pockets of the colon) develop on the left side too. They are related to spastic colon and poor bowel habits.

Switching from white flour to whole wheat flour and products containing whole cereal, particularly whole wheat products, often corrects bowel problems. The whole program is a bit more involved. For people who have this condition I recommend a bowel training program with the increased roughage. You can get the details of this program by writing to me at P.O. Box 1551, Radio City Station, New York N.Y. 10019 and asking for the booklet on spastic colon. Enclose 50 cents and a long self-addressed, stamped envelope.

It is important to realize that excess gas can be a problem for the first three weeks. But, if you can tolerate it, this condition will gradually disappear. While increasing the bulk in your diet, it is a good time to start cutting down on foods that contain little or no bulk. That means sugars, sweets, and refined flours used in white bread and desserts.

A good source of cereal bran is plain, unprocessed miller's bran. A ready source is ALL-BRAN. You can use this as a breakfast cereal. The more you use to begin with the more likely you will have gas problems. So don't go overboard at the beginning, but start perhaps first by just changing from white flour to whole wheat flour products. Then after a week start using a small bowl of ALL-BRAN for breakfast.

Incidentally, rice does not contain any significant amount of fiber and you won't get much benefit from it. Otherwise most of the unrefined cereals such as the brans and shredded wheat are useful to provide roughage.

There is some evidence that the fiber may also help prevent absorption of cholesterol from the digestive tract and may even aid in controlling blood cholesterol problems. People are beginning to discover cereals again and it is a good thing for our health.

(Newspaper Enterprise Assn.)

TIA Appeal To Be Expedited

NEW ORLEANS (AP) — A federal appeals court has agreed to expedite an appeal by Texas International Airlines of an adverse lower court ruling.

A spokesman for the 5th U.S. Circuit Court of Appeals here said Thursday the case would be put on the docket for late April or early May.

No emergency relief was granted, but none was requested, the spokesman said.

The airline is appealing the decision of a federal judge in Texas which refused to restrain the Air Line Pilots Association from taking action against pilots who crossed picket lines.

The airline had been planning to resume partial service, but canceled the plans after the court ruling in Dallas last week.

Approximately 1,000 ground workers represented by the Air Lines Employees Association (ALEA) struck the airline Dec. 1 when agreement on a new contract was not reached. The airline was paralyzed three days later when the pilots' association refused to cross the ALEA picket lines.

better than GOLD

Gold has always been the most sought after of precious metals. It continues to hold it's value even as currencies fluctuate. The Bible tells us that there is something even better than gold. "The statutes of the Lord are right—more to be desired are they than gold." (Psalm 19:8-10) The Laws of God have kept their value through the ages—better than gold.

These great Laws are Eternal.

BAPTIST STUDENT CENTER—Newest building on the WTC campus is the Baptist Student Center shown above. The building is located on the south side of the campus near the west parking lot, and has entrances on the east (pictured) and south. The center will be opened to the public for the first time on Feb. 21 when a reception honoring Baylor Coach Grant Teaff is planned from 3-5 p.m.

LOUNGE AREA—Areas for lounging, recreation and vespers are planned in the 75 x 40-foot main area of the Baptist Student Center. Pictured above in the lounge area are Myron Porter, Jr., Baptist Student Union director, standing, and a group of students (left to right), Dawn Harvick of Andrews, Jeff Box of San Angelo, Carolyn Hirst of Andrews and Gary Shinn of Odessa.

RECREATION AREA—Tables and chairs for the recreation area of the Baptist Student Center arrived this week. A pool table, television and piano are on order. A classroom, a prayer room, offices for the BSU director and secretary, a completely equipped kitchen and a workroom are also included in the building. Warm colors of pumpkin and gold are featured in the walls and carpets, with bright color accents provided by the furnishings.

Road Show For Bicentennial

The American bicentennial will keynote a road show being planned for presentation in area high schools by the drama department of Western Texas College.

This will be the final production of the current season for the drama department, which plans four major productions each year. The second annual dinner theatre opens tonight, with performances also scheduled tomorrow night and Feb. 28-March 1. A comedy, "The Odd Couple," was chosen for the dinner theatre play.

Many Visit Planetarium

The Western Texas College planetarium, which opened for the first time in the fall of 1973, has been visited by more than 50 school and scout groups since the current school year began, Mickey Schmidt, planetarium director, said.

The planetarium has registered 1,045 visitors since September, 1974, and had 3,654 visitors during its first year of operation.

Salt quarries in Siberia were operated by political exiles from Russia in the 11th century.
