Kidnap Victim Safe In Texas; Was Held 3 Months In Mexico

Wife Of Retired Army Officer Claims She Was Not Mistreated By Captors

(By The United Press)

McALLEN, June 20—Mrs. Cynthia Kernan, wife of a retired U. S. Army colonel, arrived here today after a wild flight from Mexico, where she said she had been held hostage for three months by kidnapers.

Her kidnapers, Mrs. Kernan said, demanded information from her about the work done by her son and her brother, both Army officers, who had been stationed in Alaska.

Mrs. Kernan, a middle-aged brunette, is the wife of retired Col. Harold Kernan. They make their hame now at Durango, Mexico.

She said she was kidnaped on St. Patrick's day evening, while enroute to post a letter.

"Two Mexican men grabbed me, tossed a blanket over my head and put me into a sedan," she said.

That was a block from her home, and she said she was captive until last Wednesday night, when she stole a jeep and fled from an adobe house. She came here to await the arrival of her husband.

Mrs. Kernan said her kidnapers never mistreated her, and "at times, in fact, they were reluctant even to talk to me."

She said she did not know the location of the houses where she had been kept, incommunicado. She was taken first to a crude little Indian house, and was later moved by airplane to a bigger, but still crude adobe hut

Five times, she said, a tall, blond-haired man quizzed her.

"He told me at first that he was sorry about the inconvenience and advised me not to consider myself a prisoner," said Mrs. Kernan.

"He kept asking what my son was doing in Alaska."

The son, Benjamin, a 1948 West Point graduate, has since been killed. A plane crash at Wright field, Dayton, O., cost his life last November.

"The man also demanded that I tell him what my brother had told me upon his return from duty in Alaska," she continued. "He

Search For Son Of W. C. Jones Turns Up Sunday Tragedy

(Special To The Journal)

CROSBYTON, June 20 — William Melvin Jones, nine-year-old son of Mr. and Mrs. W. C. Jones of 618 Ave. E, Lubbock, drowned Sunday while picnicking with his family at Silver Falls, four miles east of Crosbyton.

The boy's body was recovered at 1 p. m. Sunday from the Salt Fork of the Brazos river, three hours after he apparently fell into the stream, which flows through Silver Falls State park in Blanco canyon.

Found In Shallow Spot

Members of the Jones family first missed the youth at about 10 a. m., but because there was a throng of approximately 200 Sunday picnickers in the park, there was at first no serious concern over his absence.

At noon, however, a full-scale search for the boy was begun. One hour later his body was found near the bank of the stream, in about three feet of water.

Efforts of doctors to revive the boy were unsuccessful.

Funeral Tuesday

The stream in Blanco canyon is as much as 10 feet deep in places, and it was thought that the Jones youth fell into deep water and was drowned before the body floated to the shallow section near the bank.

Funeral services are to be held at 3 p. m. Tuesday in Sanders Funeral home chapel, Lubbock. Rev. Fred McPherson, pastor of Lubbock South Side Baptist church, will officiate.

Sanders Funeral home, which took the body from the local King Funeral home to Lubbock today, will direct burial in Lubbock Memorial cemetery.

The boy's father has lived in Lubbock three years, and is employed by the Hygeia Purified Water company.

Survivors incude the parents; three sisters, Shirley, Valarie and Cendra Kay Jones; three brothers, Wilburn Wayne and Vannon Jones; the paternal grandmother, Mrs. Elizabeth Jones of Quanah; and the maternal grandfather, G. W. Meeks of Graham.

Ellison Drug Loss Claimed Over $1,000

Seven Burglaries Over Weekend Are Reported In City

By R. C. HANKINS
Journal Staff Writer

Burglars rapped Lubbock business men seven times over Sunday, to continue a wave of breaking and entering that included the looting of three lumber yards Friday night or Saturday morning. Weekend investigation also was directed into the slaying of a negro man, raping of a negro woman, a shotgun disturbance of a Mexican wake, and other offenses.

One of the weekend burglaries, of Elison Drug, at 1802 Ave. H, resulted in a loss estimated at "more than $1,000."

Others Burglarized

Other places burglarized were listed on police reports as:

A warehouse at 1104 Fourth; Baron-Holmes Tire company at 1319 Texas Ave.; Plains Furniture company at 907 Thirteenth; an unidentified place at 223 North Ave. N, the Vita Water company identified only as being on Ave. H, and a building at 813 Firteenth.

Fred V. Ellison, owner of the drugstore, said inventorying of stock, especially of jewelry and narcotics and other drugs, was in progress this morning. "We won't know until it is completed what our exact loss is," he said.

Much Property Taken

Ellison said it was known that much property had been removed from the store.

It included, he said, cigaret lighters, fishing reels, two Remington six-head electric razors, one Schick electric razor, (one Sunbeam electric razor was dropped on the floor and smashed), one Remington travel electric razor, approximately six dozen pairs of women's hose, a 16mm Eastman movie camera, an 8mm Univex camera, narcotics and other drugs, a portable radio, an electric Tadio, fountain pens, travel clocks, watches, neckties, 16mm magazine movie film, cigars and cigarets, fishing tackle box, a Sunbeam electric hedge trimmer, two cases of shotgun shells, boxes of candies, manicure sets, sunglasses, perfumes, five pounds of boiled ham, five pounds of bacon and six pounds of butter.

Shotguns Are Stolen

Seven shotguns valued at $550 to $600 were stolen from the tire company

From the Fourth street warehouse, property taken included a fountain pen, 11 flashlight batter-

Plan Submitted To Streamline U. S. Agencies

Program Effective In 60 Days Unless Vetoed By Congress

(By The Associated Press)

WASHINGTON, June 20. — President Truman today asked Congress to create a tenth cabinet-rank department—a Department of Welfare—and to put the Commerce department in charge of Public roads.

The plans—seven all told—were sent to Capitol Hill within a half hour after Mr. Truman signed the long-debated reorganization bill giving him broad powers to merge and streamline government agencies, subject to congressional veto.

The public roads administration now is in the federal works agency, Welfare and social security matters are handled by the federal security agency.

Congress Can Veto

All the plans, if permitted to take effect, will carry out reform and economy proposals of the commission on government organization headed by former President Herbert Hoover.

The other five would (a) give the Bureau of Employment Security (jobless pay and job placement) to the Labor department, (b) reorganize the Postoffice department, (c) enlarge the scope of the executive office of the President, (d) streamline the Civil Service commission, and (e) strengthen the authority of the chairman of the Maritime commission.

All seven plans were described by the White House as conforming "quite closely" to the Hoover commission recommendations.

Under the new law, the plans will take effect in 60 days unless either House of Congress vetoes them within that time by a majority vote of the full memberships—49 no votes in the Senate or 218 in the House. Each plan is to be considered separately.

Cabinet Post Created

Congressional leaders, after talking with the President today, indicated Congress still will be in session when the 60 days are up on August 19. They also predicted two more reorganization plans will be sent up by the President shortly.

The proposal to create a Welfare department provides that it takes over the duties now administered by Federal Security Administrator Oscar Ewing. Ewing, if he then holds the job, would

Bruce Cabot Lost? Just Taking Rest

HOUSTON, June 20. (U.P.)—Bruce Cabot, the rough and tough film star, was "lost" today—in the Shamrock hotel, where he's been since $20,000,000 showplace opened last March 17.

The Houston portion of Jimmy Fiddler's radio audience couldn't believe its ears last night, when the commentator noted:

Here's another exclusive—police and officers throughout the southwest have been asked to look for Bruce Cabot, who has been missing from Hollywood for nine weeks . . . friends and business associates fear foul play."

In interviews with local reporters, Cabot refers to his long stay as "a rest," and has said he might "enter the oil business."

Pilot Missing Off Jap Coast

SILVERTON, June 20. (Special)—First Lt. James L. Webb, jr., 24, of Silverton was reported missing today, the Air Force informed his parents, Mr. and Mrs. James L. Webb, sr., of Silverton.

A United Press dispatch from Kyushu, Japan, reported Webb's fighter plane crashed into Hakata bay near Fukuoka during a training flight from the Miho Air base last Thursday.

He has a wife and two children, Karen, 3, and Taylor, nine months, who reside in a dependent's housing area at the Miho base.

Served In Europe

A sister, Mrs. W. L. Walker, lives at Plainview.

Young Webb formerly lived with his parents at Big Spring. He was graduated from Big Spring High school, then attended New Mexico Military Institute. After completion of his schooling there he attended the University of Texas.

He was within half a semester of receiving his degree at Texas when he enlisted in the Air Corps in 1942. He served in Europe, making 49 missions before the Armistice and two afterward. He was assigned to the Japan station last fall.

Lt. Webb was a Scottish Rite Mason, and a member of the Shrine club at Amarillo.

Bride And Groom Are Booed By Crowd

Son Of Negro Red Agitator Is Married To A White Girl

MARILYN PAULA GREENBERG

(By The United Press)

NEW YORK, June 20.—Paul Robeson, jr., 21, son of the pro-Russian negro baritone, married Marilyn Paula Greenberg, a 21-year-old white girl he met at college, yesterday in an atmosphere of tension created by his parents' opposition to press coverage of the event.

The 10-minute ceremony was conducted in the fifth floor walk-up apartment of the Rev. John W. Darr, jr., a Congregational minister. Darr said the vows were a combination of Jewish, Catholic and Protestant ritual and did not contain the word "obey."

Contempt For Press

The elder Robesons arrived at Darr's apartment first with the groom. The singer informed reporters and photographers that they would not be admitted to the ceremony nor allowed to take pictures.

"I have the greatest contempt for the Democratic press," he said, shaking his fist at newsmen. "Something within me keeps me

AT LEAST NINE PERSONS KILLED

Precautions Taken In Southern Flood

(By The Associated Press)

PETERSBURG, W. Va., June 20.—Health authorities moved into the flood stricken Shenandoah and Potomac river valleys today to avert any possible threat of typhoid from polluted water.

The danger of disease was the aftermath of flash floods that struck in Petersburg and Moorefield, W. Va., and Bridgewater, Va., over the week-end, killing at least nine persons.

Still unaccounted for were about a dozen others in the area. Officials directing the operations said, however, that they might still be alive but unable to communicate with rescuers.

Water Polluted

Sheriff C. L. Pratt said damage from the flood may run into several millions. James Breathed, local Red Cross disaster chairman, said only about 15 persons are actually homeless, but that some 300 are depending on the Red Cross food kitchen for meals.

Drinking water in Petersburg and other communities hit by the floods has been polluted, and health officials are starting a program of innoculations.

Dr. Claude A. Thomas, district health officer, said in Romney that no disease has occurred as the result of the flood yet, and that the chances are good that none will.

However, state officials are taking no chances. Chief State Sanitary Engineer H. K. Gridley and an assistant, J. B. Baker, were scheduled to arrive in the area today.

Dr. Thomas has 1,400 units of vaccine ready and expects more to be shipped in.

Guardsmen Move In

Water for Petersburg has been brought in from Keyser, some 50 miles away, in five-gallon milk cans, and a central boiling station has been set up where townspeople can get safe drinking water.

Hubby Determined, Wifey Is Stubborn

BLACKPOOL, Eng., June 20. (AP) — William Brindle wants his wife to quite conducting her streetcar and come on home to do the cooking.

Saturday he was put on probation because he stopped traffic along the seafront by telling his troubles to a crowd he assembled on his wife's tramline.

Sunday he burned up the skirt to her conductor's uniform and hid the jacket. The wife, Violet, went to work in a green smock.

Brindle cooked his own dinner—and burned the peas.

"I'll get Violet back home if its the last thing I do," Brindle growled.

"The trams are my career," snapped Violet. "I shall go on, whatever happens."

Miners Troop Back To Pits

PITTSBURGH, June 20. (AP)—John L. Lewis' nearly half-million United Mine workers trooped back to the pits today as the UMW's contract negotiations neared the showdown stage.

Just as UMW district leaders predicted, the week-long "stabilization" walkout ordered by Lewis ended on schedule. The few mines operating midnight shifts reported full-scale production underway. Little absenteeism was expected as 7 a. m. shifts began.

The 480,000 UMW members can use the money they earn this week. On Saturday they quit work again—this time for their 10-day paid vacation. But the loss of last week's wages offset to a considerable degree the $100 each of them will receive for their vacation.

Contract Ending

The miners, too, aren't sure just when they'll return to work after the end of their vacations. That's because the current UMW contracts run out June 30.

If Lewis and the operators can't come to terms it's a foregone conclusion there will be a strike. The bushy-browed leader long has adhered to a "no contract, no work policy."

Last week's walkout didn't hurt the nation's economy. Despite the fact it was the second walkout of the year for the UMW—in March Lewis ordered a two-week shutdown — there's more coal above ground than ever before. Sources close to the industry say

Three New Floggings Reported In Alabama

BIRMINGHAM, Ala., June 20. (AP)—Three new floggings were added today to the growing list of acts by robed and hooded terrorists in this area.

They were revealed to newsmen by one of the victims, a widowed mother of five. She is Mrs. Irene Burton, 38, of Dora, Ala.

Two of her daughters, Billie Faye, 18, and Sally, 16, were forced to go with her by the masked band. Both daughters stood beside her on a wooded hillside road as she was struck three times with a rope the night of June 3.

Two men, both seized by the band at the Burton home, also were flogged.

Defense Fund Cut Studied

WASHINGTON, June 20 (AP)—Secretary of Defense Johnson was reported today to have told senators defense spending can be trimmed by $750,000,000 in the 12 months starting July 1.

Members of the Senate appropriations committee said Johnson told them behind closed doors that this could be done mainly by cutting back the future size of the Air Force from the 70 groups proposed in Congress to the 48 urged by President Truman.

Hopes For Slash

The senators had called Johnson for testimony on the $15,900,000,000 armed forces money bill passed by the House.

Chairman Elmer Thomas (D-Okla) of the subcommittee considering the bill has said he hopes that at least $1,000,000,000 can be trimmed from it. He called defense officials back today for more closed-door testimony.

One Bill Passed

Chairman Tydings (D-Md) of the Senate armed services committee said in a radio interview yesterday that "unless some new situation evolves we may get by for $14,500,000,000 or $14,600,000,000 at the outside in defense spending for the coming fiscal year.

With the new fiscal year starting in less than two weeks, Congress has passed only one of the appropriations needed to keep government agencies operating.

Former Mayor Of Lamesa Is Claimed

LAMESA, June 20. (Special)—Funeral arrangements today were pending for B. Warren, 74, pioneer resident and former mayor of Lamesa who died early Sunday in a Los Angeles, Calif., hospital.

Warren, who had been ill the last two months, had gone to Los Angeles six weeks ago to visit relatives.

Warren first came to Lamesa in 1908. He and G. B. McGuire, former district judge, formed a law partnership in 1915.

During World War I, Warren was Dawson county attorney, and in 1927 he became mayor of Lamesa.

He had retired from active law practice in recent years, but continued to carry on his business at his residence here.

A native of Alabama, Warren was a member of the Baptist church, the Masonic lodge and the Knights of Pythias.

Burial probably will be in Meridian, Texas, relatives here said today.

Survivors include the wife, Mrs. Mary Etta Warren, Lamesa; a son, W. W. Warren, Lamesa; two brothers, Cecil Warren of Los Angeles and Ernest Warren, Hot Springs, N. M.; three sisters, Mrs. Mary Burton, Mrs. Edith Hamner and Mrs. Otella Hamilton, all of Los Angeles; and two grandchildren.

FIRST CHECKS DUE IN JANUARY

Ex-GIs Assured Of Dividend Payments

(By The Associated Press)

WASHINGTON, June 20.—Veterans Administrator Carl R. Gray, jr., today authorized payment next year of a special $2,800,000,000 dividend on National Service Life insurance policies.

Gray said he hopes veterans will begin receiving checks "some time in January, 1950," with payment substantially completed in the first half of that year.

The dividend payment has been hopefully anticipated by some economists as a stimulant to purchasing power which might help offset declining business activity.

A premature announcement of the action was put out by VA yesterday, but recalled because Gray had not yet signed the order. He signed it this morning.

About 16,000,000 veterans of World War II will receive the dividends.

This would average about $175, but individual calculations have not been completed.

In general, every veteran who took out National Service Insurance and kept it in force at least three months will be eligible. Where policy-holders have died, the beneficiaries will receive the funds.

Applications Prepared

Application blanks for the dividends are being prepared and may be available in August in postoffices, veterans' service organizations, and VA offices.

The special dividend will not be paid on policies issued after Jan. 1, 1948. But such policies may participate in some later dividend, Gray said.

The cut-off date—that is, the

Texas Hit By Hot Weather

(By The United Press)

On the eve of summer, Texans would have to look twice today to tell that the torrid season was not already upon them. Officially, summer arrives at 12:03 Tuesday.

Fair skies and a broiling sun—harbingers of summer—were the order of the day. Monday came with only a scattering of light clouds over the state and on the heels of another hot, virtually rainless Sunday.

Cool Front Breaks

Temperatures in the state ranged from a high of 100 at Presido Sunday afternoon to a low of 58 at Marfa this morning.

A moderate cool front that headed for Texas yesterday disintegrated before it dropped temperatures, but it did provide a partial cloud umbrella for some of the state.

Wheat Is Harvested

Only rainfall reported in the 24 hours ending at 6:30 a. m. today was four-hundredths of an inch, at both Texarkana and Tyler.

The dry weather was just what the Texas Panhandle country ordered as it was engaged in the task of reaping its wheat. Scattered light showers fell in the region late Saturday, the U. S. Weather bureau said, but none was of any consequence and throughout the Panhandle the harvest went on through Sunday in 90 degree weather.

Theft Reports Are Made To Officers

Several theft reports were made to the police over the weekend.

They included: A bike valued at $25, from Keith White of 2219 Thirteenth; a small metal box containing insurance papers, from Ed Bledsoe of 1801 Thirteenth; a $35 bike from A. C. Tapp of 1603 Twenty-third; fender skirts valued at $25, from Roy Burrows of 2407 Sixth; a rubber horn valued at $4, from the car of Robert Montgomery, when parked in 200-block College Ave.

Report of a car theft was phoned by C. Holt of Brownwood, from Post. He said a black Ford coach, license DB 3211, had been stolen at Post. It contained men's and women's clothing, Holt said. The car's owner is proprietor of Texas shows.

Big Four Make Austrian Pact

PARIS, June 20 —The Big Four foreign ministers announced today their failure thus far to agree on economic or political unity for Germany, but announced agreement in principle on an Austrian independence treaty.

Ending a session which began May 23, the foreign ministers of the United States, Russia, France and Britain disclosed agreement only on a "modus vivendi"—a sort of live-and-let-live arrangement for Germany.

Slav Claims Ditched

A communique winding up the talks said the four powers will discuss in September during the United Nations assembly meeting the date and other arrangements for a new session of the council on the manifold problems of Germany.

Meanwhile, discussions will continue at a lower level among the occupation authorities of the four zones on problems of divided Berlin. The authorities will be guided in these talks by what has taken place at this conference in discussing steps to restore normalcy in Berlin's life.

On the Austrian treaty the ministers agreed on these lines:

1. Austria's frontiers will remain as of Jan. 1, 1938. This means Yugoslav territorial claims, at first supported by Russia, have

Lonely Hearts Mechanic Is Accused Of Murder By Fire

(By The Associated Press)

LAKEPORT, Calif., June 20.—A lonely hearts club fan is in jail today accused of murdering his bride and her two-year-old daughter and burning their cabin to hide the crime.

The accused man, Stephen Brushnahan, 34, a mechanic, had a dossier of 31 women with whom he had corresponded, District Attorney Levett K. Fraser said.

Last on the list was Mrs. Virginia James Wiltgen Brusnahan, 26, former wife of a Chicago policeman, who died in the blaze last week. She and Policeman Charles Wiltgen were divorced, and Brusnahan married her in Hutchinson, Kas., last March 31.

The hefty mechanic was arrested Saturday after he had attended a double funeral for his wife and her drughter, Agnes.

The district attorney said Brushnahan suddenly was confronted at an inquest with discrepancies in his account of the cabin fire. His wife's brother, Eugene C. James, who

Catholic Leader Urges "No Surrender"

Czechs Await Red Action On Defiant Act Of Archbishop

(By The United Press)

PRAGUE, Czechoslovakia, June 20. — Czechoslovakia waited uneasily today for the Communist government's reply to Archbishop Josef Beran's defiant "no surrender" call to the nation's 9,000,000 Roman Catholics.

The 61-year-old primate threw down the gauntlet yesterday in his most outspoken pastoral letter yet against the government's attempts to muzzle him. The letter was read in most of the nation's Catholic churches despite a reported police warning that it was illegal.

Monsignor Beran tried to peak out in person against the Communist regime in St. Vitus cathedral yesterday, but, drowned out by an apparently organized group of shouting, whistling hecklers, he returned to the seclusion of his nearby palace.

He was still there today, along with Czech secret police who seized control of his office last Wednesday and now are painstakingly examining his files. Czech catholics fear-

Marriages Of South Plains Highlight June Society

Early week society concerns announcements of numerous June weddings read for South Plains couples.

Mr. and Mrs. Bill F. Anthony who were married recently in the home of the bride's parents, Mr. and Mrs. W. M. Inglis at Anton, are at home at 3111 Twenty-sixth. They are students at Texas Technological college. The bride is the former Miss Patsy Inglis.

The double ring ceremony was performed by Rev. W. O. Wilson. The bride, given in marriage by her father, wore a navy crepe dress with navy and white accessories. Her corsage was of red roses.

Mr. and Mrs. W. D. Inglis were attendants to the couple. Mrs. Inglis wore white with navy accessories. Her husband is the bride's brother.

Mrs. L. S. McCarty, pianist, played the traditional march and offered "Clair de Lune" after accompanying the soloist, Mrs. Love, in singing "Because."

A reception followed the service. The couple left later for a trip to Breckenridge.

Betty Jo Kennedy Is Bride Of Mr. Young

POST, June 20. (Special) — The marriage of Miss Betty Jo Kennedy, daughter of Mr. and Mrs. L. P. Kennedy, jr., of Post, and Gaylon Young, son of Mr. and Mrs. Ray Young of that city, took place Friday night in the Post First Baptist church before an altar decorated as an outdoor garden. Rev. T. M. Gillham, pastor, read a double ring service.

Mrs. Ray N. Smith, organist, played a prelude of wedding music and accompanied Mrs. Tom Power who sang "Through The Years" and "The Lord's Prayer."

The bride, given in marriage by her father, wore a white Swiss organdy gown fashioned with off-shoulder neckline, shirred bodice and sleeves and a full skirt, falling into a train. Her fingertip length veil was of bridal illusion and she carried a bouquet of white gladioli and stephanotis, centered with a white orchid.

Mrs. Nathan Mears attended her sister as matron of honor, wearing yellow organza over taffeta and a matching hat. She carried a bouquet of apricot gladioli.

Bridesmaids were Miss Anita Kennedy, sister of the bride, Miss Glanda Mae Young, the bridegroom's sister, Mrs. Weldon Rogers and Mrs. V. L. Peel.

R. E. Josey served as best man and ushers were Wendel Huddleston, Jo Wayne Ward, Wayne Kennedy and George Hester.

A reception was held in the church parlor and the four-tiered cake was served from a table covered with an Italian lace cloth.

After a trip to Ruidoso, N. M., the couple will be at home in Lubbock where Mr. Young is employed by the Southwestern Associated Telephone company.

Out-of-town guests included Mr. and Mrs. Carl R. Sanders and children and Ola Mae Carnes Lubbock.

Plainview Church Is Scene Of Marriage

ABERNATHY, June 20. (Special)—Miss Betty Jeanne McDowell, daughter of Mr. and Mrs. E. B. McDowell of Olton, and Waldo Cox, son of Mrs. Nannie Cox of Abernathy, were married Sunday in the First Methodist church in Plainview with Rev. E. L. Hill, retired minister, officiating.

The wedding music was played by Clyde Green of Wayland college. He accompanied Miss Stella Doak of Lubbock who sang "Because," and Mrs. G. C. Applewhite of Tahoka who read "How Do I Love Thee" from Elizabeth Barrett Browning's "Sonnets from the Portuguese."

The bride, given in marriage by her brother, wore a white crepe dress, styled with a white shawl collar, a fitted bodice and draped bustle. She wore a white off the face hat and white accessories and carried a Bible topped with an orchid showered with pale green ribbon.

She was attended by her sister, Miss Valera Holly of Kress. Roy Lee Cox of Clovis, N. M., served his brother as best man.

The bride, a graduate of Wayland college and former student at Hardin-Simmons university, has been teaching in Abernathy schools. After a trip to Colorado, the couple will be at home in Abernathy.

Mrs. D. B. Doak and Mrs. D. J. Wilhelm of Lubbock were out-of-town guests.

Permit To Abandon Rail Line Sought

WASHINGTON, June 20. (AP)—The Texas and New Orleans railroad asked authority today to abandon a 24-mile line between Burnet and Lampasas, Tex.

The application, filed with the Interstate Commerce commission, said the section has been operated at a continuing loss.

The carrier applied at the same time for a permit to build a new 4.5-mile rail line in Victoria county, Tex., to serve properties on the Guadalupe river being developed by the Dupont interests.

Elections Are Held

Morning meetings are being conducted by a number of church women's societies during the summer months.

When Susanna Wesley circle of Asbury Methodist WCSC met with Mrs. George Birdwell, 2001 Twenty-seventh, today plans were made for the coming church year and the following officers were elected:

Mrs. Fred Graves, chairman; Mrs. Clarence Loving, secretary-treasurer: Mrs. E. P. Barbee, chairman of spiritual life; Mrs. A. C. Walker, program chairman; Mrs. L. J. Fernandez, chairman of telephoning committee; Mrs. E. C. Price, reporter.

Mrs. H. E. Ross, 2120 Twenty-first, will be hostess in July.

Annie W. Armstrong circle of First Baptist Women's Missionary society met with Mrs. Vernice Ford, 3013 Twentieth, this morning with 15 in attendance.

Mrs. C. Fred Litton taught a Bible lesson and the mission study was directed by Mrs. L. O. Bunton. The latter will be hostess to the circle July 18 at 9:15 a. m. in her home, 2012 Twenty-fourth.

Victims Of Wreck Reported Recovering

Five members of the Ray Melchor family of Justiceburg today were reported to be recovering satisfactorily in Lubbock hospitals from injuries suffered early Sunday in a car-truck collision three miles northwest of Justiceburg.

Three other persons injured in the accident had been released today, hospital attendants said.

Mrs. Melchor, 32, and three daughters were said to be in satisfactory condition in Lubbock Memorial hospital. Mrs. Melchor and Mary Lou Melchor, 7, each suffered fractures of both legs, while Janie Melchor, 15, suffered a fractured right leg and a laceration of the left knee.

Elsie Melchor, 5, also was in Lubbock Memorial hospital, but attendants said she did not appear to have been seriously hurt.

Ray Melchor, the husband of Mrs. Melchor, was in West Texas hospital today for treatment of a severe laceration of the calf of the rightleg. He had recovered from initial shock, however, and his condition was listed as satisfactory by an attending physician.

Three persons taken early Sunday to West Texas hospital were released after being given emergency treatment. They were Oscar Balderrama, 23,; his wife, Ange, 20; and Emma Melchor, 10, daughter of Mr. and Mrs. Melchor.

All eight of the persons were injured at about 12:30 a. m. Sunday when a heavy truck smashed into the rear of their automobile as they were driving southeast on the Justiceburg-Post highway.

The driver of the truck escaped serious injury.

Highway patrolmen said no charges had been filed, pending further investigation of the accident.

Area Men Back From Annual Encampment

More than 100 officers and men of the 132nd field artillery arrived by train in Lubbock Sunday morning after participating in the annual encampment of the 36th division at North Camp Hood.

The units is commanded by Lt. Col. Ross Ayers of Lubbock.

Two Lubbock officers, one from Levelland and one from Plainview received promotions during the encampment.

They were Second Lt. Shirley K. Flatt of Levelland, to first lieutenant; Lt. Thomas W. Vaughn of Plainview, to captain; Lt. Harold D. Lynn of Lubbock, to captain; and Lt. John L. Davies of 1507 Twenty-fifth, to captain.

Capt. Bert D. Locke of 315 Temple avenue received a division commendation for outstanding instruction in artillery gunnery.

A rear detachment of two officers and 20 men arrived by truck Sunday night, completing the movement back to Lubbock. Lt. Morris G. Harrison and Lt. Burnel C. Sledton, jr., both of Lubbock, were in charge.

Services Held For Prominent Doctor

Mr. and Mrs. J. E. Vickers and W. W. Campbell flew to Winnsboro Saturday to attend the funeral of Dr. Claude Tyson Vickers, 68, prominent physician who died Friday of a heart attack.

Because of ill health Dr. Vickers retired from active practice about three years ago, after 36 years of practice. He was the brother of J. E., Lubbock attorney, and a cousin of Campbell.

Burial took place in the Lee cemetery, Winnsboro.

In addition to the men named above survivors include: the widow, Nollie; a daughter, Mrs. Sarah McMillan, Winnsboro; two sons, C. T. Vickers, jr., Galveston and Bert Vickers, with the Air Force in the South Pacific.

Health Bulletin

Carl E. Maxey, Lubbock contractor who recently has been awarded government construction contracts at Oak Ridge, Tenn., and Albuquerque, N. M., has bought an $11,000 Beechcraft Bonanza airplane, it was announced today by H. J. Shipley, representative of the Trade Winds Airport corporation of Amarillo, dealer. Shipley said Maxey will use the plane to fly to his jobsites.

Major William A. Beard, son of John L. Beard of Lubbock, was among 35 Texas officers graduated recently from the Air Command and Staff school, the Air University, Maxwell Air Force base, Ala. Major Beard went to the Air university from Barksdale Air Force bast, La., where he was director of personnel and administration. During World War II he served two years with the Twelfth Air force in the Mediterranean theater.

Senate confirmation of the appointment of Valton V. Cox of Lubbock to the state board of veterinary medical examiners for a term to expire Jan. 17, 1955, was asked in Austin today by Gov. Beauford Jester, the United Press reported.

Estimates For Area Cotton Pickers Short

Early estimates for cotton chopping labor and for pickers now seem to have been too low, Vernon O'Farrell, farm placement representative of the Texas Employment Commission reported today.

"We originally based our figures for labor requirements on about 50 per cent of the acreage," O'Farrell said. "It now appears that we are going to need choppers for a lot more cotton than that."

To facilitate orders from farm help and the placement of individuals and crews, the TEC is opening branch offices June 27 at three new South Plains towns. Men will be stationed in Ralls, Crosbyton and Jayton. A local man will be employed where it is practicable.

One such branch office is already functioning at Levelland with Fred Presley in charge. Presley has received a large number of orders for labor now and for stipulated future dates. He has been placing workers on the job or getting them located so they will be on hand when they are needed.

The state plans to inaugurate a new system in agricultural employment as soon as details of the plan are fully worked out. According to O'Farrel, the plan is similar to that used in Kansas. During peak seasons a large number of farm consultants are employed on a part-time basis to facilitate the shifting of labor and relieve log jams.

Amateur Magician Is Feature Of Program

A "double feature" program highlighted today's weekly Jaycee luncheon in the Hilton hotel.

Ralph McAbee, amateur magician who recently moved to Lubbock from Wichita Falls, briefly demonstrated several sleight-of-hand tricks with a deck of playing cards. His demonstration was accompanied by a talk on the tricks used by dishonest gamblers in card and dice games.

For his feature trick, McAbee allowed a Jaycee member to take nine cards from the deck, and reinsert them at various places in the deck. Then, shuffling the deck three times, he produced the chosen cards in consecutive order.

The latter part of the program was a popular dance routine by Dave Fawcett and Marilyn Steele, accompanied by Winton Kyle at the plano. Kyle also played a piano solo.

Two additional chairmanship appointments were announced by Bill Tinney. C. A. Rodgers is to head the local club's international relations committee, while Jack Blankenship will head the program committee during the next year.

Ralph Krebbs reported briefly on last Friday night's organizational meeting of the Seagraves Jaycees.

A. C. White announced that plans for the annual Jaycee installation banquet June 30 are near completion. Jim Kirkpatrick, state Junior Chamber of Commerce president, is to be the featured speaker.

Two out-of-town guests, Jim Sickles of Sulphur Springs and Hector McKay of Littlefield, were introduced.

Apartments, Auto Agency Destroyed

SAN SABA, June 20. (U.P)—Five families escaped with their lives today as a $100,000 fire swept an automobile sales agency and apartment units above it.

The Circle Motor company was described as a "complete loss" by its owners, Jim and Pete Circle.

Jim Circle and his wife were among the occupants of the apartments.

The fire apparently originated in the attic of the building, the Circles said, and was discovered barely in time to permit the families to flee the building.

48-Year-Old Mother To Start 870-Mile Jaunt Tuesday Pushing Young Son In A Wheelbarrow

JACKSONVILLE, Fla., June 20. (AP)—Mrs. Julia Roka St. Clair and her seven-year-old son Adolphius leave for Detroit Tuesday—by wheelbarrow.

Adolphius will ride. His 48-year-old mother will push.

Mrs. St. Clair says she was Miss Hungary of Europe in 1918 and a former actress. She added:

"I'm really very active for my advanced age."

The purpose of the trip—870 miles as the crow flies, farther as the barrow rolls—is for Adolphius to see his 82-year-old grandmother, Mrs. Eva Roka. They also want to attend a family reunion at the home of Mrs. C. S. Bashor.

They chose a one-wheel contraption with handles for their trek because Adolphius wanted it that way, the obliging mother explained.

Mrs. St. Clair, now a housekeeper at a Jacksonville tourist court, continued:

"I guess it's a crazy thing to do "but Dolphie was born crippled after I was separated from my husband and I've spent as much time as possible getting him well.

"Not long ago he had measles and asked me for a wheelbarrow ride as soon as he got well. He enjoyed it so much I thought we'd make the trip to Detroit by wheelbarrow. We'll have a lot of fun. I do everything I can to make him happy. On the trip he'll walk only as much as he wants."

She said a canvas shelter is being rigged up in case of rain; that she might fly back or return by train.

The scheduled route is, generally, Waycross and Augusta, Ga., Asheville, N. C., Knoxville, Tenn., Dayton, Ohio and Detroit.

REA To Speed Work So Rural American Homes Can Light Up

By VINCENT J. BURKE
United Press Staff Writer

WASHINGTON, June 20. (U.P.)—With government help, rural America is lighting up at a record pace.

About three-fourths of the nation's farms have electric service now, compared with slightly more than two-thirds a year ago, Rural Electrification Administrator Claude R. Wickard said today. Only 11 percent of the farms had electricity in 1934.

In an interview, Wickard predicted the electrification would be stepped up even faster during the next 12 months. By mid-1950, he said, about four out of every five farms will have electricity.

Lines Under Construction

A tremendous amount of power lines are being constructed now, Wickard credited the postwar speed-up to the farmers themselves and to Congress for authorizing the Rural Electrification Administration to make larger loans available. Aided by these loans, the farmers have organized cooperatives to build a vast network of electric lines throughout rural America.

"The big power companies are not really getting out into the thin territory," Wickard said.

He said that three out of every four farms that have been electrified in recent years have been connected to government-financed lines.

These facilities are actually owned and operated by the borrowers. REA is authorized to make loans to corporations and other organizations, as well as cooperatives.

Loans Have 2% Interest

About 96 percent of REA'S loans have gone to cooperatives, of which there are about 1,000. The loans are made at two percent interest, repayable over 25 years. Since the program was started in 1935, Congress has authorized REA to loan out $1,900,000,000. It recently authorized another $500,000,000 for fiscal 1950.

"Construction during the past year has far exceeded our expectations. A year ago we predicted energization of 120,000 miles and connection of 375,000 rural consumers," Wickard said.

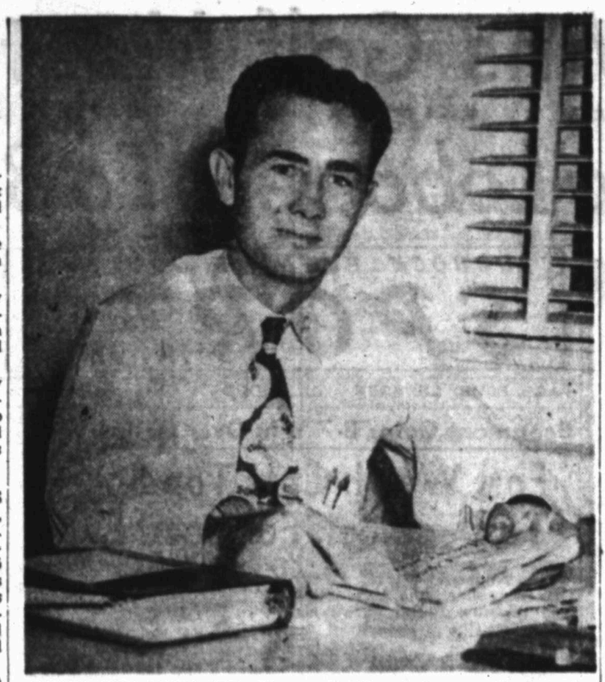

"Our estimates were too conservative. While our records for the year are not yet complete, we now estimate that our borrowers will have energized 170,000 miles of lines and connected more than 500,000 new consumers during the fiscal year ending this June 30."

More Lines Seen

REA loans during this period totaled about $325,000,000, he said. That's $79,000,000 more than was loaned in any previous fiscal year.

"At the present time our borrowers have under construction about 155,000 miles of line, and we expect they will energize at least 200,000 miles of new lines and connect over 600,000 new consumers during fiscal 1950 (July 1, 1949, to June 30, 1950.)"

Most of the REA consumers are farmers, but they also include rural stores, schools, and churches, rural homes and other establishments.

MEET THE MANAGER—Horace S. Humphries, president and general manager of Armstrong Warehouse and Transfer, Inc., was born at Brashear, Texas, Aug. 9, 1919. His parents moved to Lubbock when he was three years old, and he attended Lubbock public schools. He was graduated from Lubbock High school in 1938, and entered Tech. He left Tech to enlist in the Tank Corps of the Armored Infantry. He served four years and 10 months, of which a year and a half was overseas in the European theater, mostly in France and Germany. Upon his release as a captain at the end of the wr he joined his father in the firm of Davis and Humphries. In 1946 he took over the Acme Transfer and Storage company, and May 16, 1947, the Armstrong company was bought and the two firms were consolidated, with Mr. Humphries as president. He is a member of First Methodist church, Exchange club, of which he is a director, and Lubbock country club. When he has time he loves to play golf, hunt and fish, and boat at Buffalo lakes. Mr. and Mrs. Humphries and a daughter, Jan, 5, live at 2219 Thirtieth. (Staff hPoto.)

Reds Use Wired Programs, Group Listening As Regular Radio Fails To Cover Big Areas

By PAUL F. ELLIS
United Press Science Writer

NEW YORK, June 20. (U.P.)—The Soviet union, unable to provide enough radio stations to cover its vast domain, has turned to the use of wired programs and to group listening, a Columbia university report disclosed today.

The report, one of several which have been combined in a book, "Communications Research 1948-49," published by the university's bureau of applied social research. Editors are Dr. Paul F. Lazarsfeld, director of the bureau and professor of sociology, and Frank N. Stanton, president of CBS.

Reds For Behind

The report on Russian radio, written by Alex Inkeles, who is being "closely acquainted with domestic broadcasting" in the Soviet, said several five-year plans will be required before the number of radio sets in Soviet Russia approaches that which exist in the United States and the more advanced areas of western Europe.

The report further said that "there is no indication that in the near future there will be a rapid expansion of the Soviet radio system." The Russians in recent months have made claims that a Russian, not Marconi, first invented radio.

"The quantitative and qualitative development of the Russian receiving net work, no less than that of the transmitting facilities, have not matched the expectations of the Soviet government and radio authorities or the demands of the listening public, actual and potential," the report said.

Know-How Lacking

The Columbia researchers concluded that the reasons for the lag were technical inadequacy, pressure of demands for materials and skilled workers by higher priority segments of the national economy, and lack of initiative.

As for group listening, the report said that such a technique "lends itself admirably to agitation work."

"It brings the agitator's audience to him of its own volition, and gives him the unique opportunity of combining his personal appeal with the authority of the impersonal radio," the report said.

"In addition, wired diffusion eliminates the possibility that his audience may have been subjected to radio counter-propaganda—such as the American broadcasts beamed to Russia."

The state motto of Iowa is "Our Liberties We Prize and Our Rights We Will Maintain."

Veterans Group Asks Extension Of $20-Week Jobless Law

WASHINGTON, June 20. (U.P.)—The American Veterans committee wants the controversial "52-20" law extended for another 18 months.

The vterans organization said last night in a summary study of the legislation that the law providing $20 a week up to a full year for unemployed veterans should be continued beyond its present July 25 expiration date.

Jobless Trend Cited

The AVC report, released by Chairman Gilbert A. Harrison, said that it now is generally recognized "that we are in the midst of a period of economic adjustment."

"Unemployment totalled 3,290,000 in May," the report added, "about 1,500,000 above the level of a year ago. An average unemployment of between 4,000,000 and 5,000,000 in the coming 12-month period is probable, and more pessimistic forecasts range much higher."

Harrison called for immediate hearings on the extension bill by the House veterans affairs committee under chairmanship of Rep. John E. Rankin, D., Miss. Such hearings should be held promptly, Harrison said "so that Congress can thoroughly review the problem and act before the July 25 deadline."

Vets At Disadvantage

In plugging for the extension measure introduced by Rep. James E. Noland, D., Ind., the report said "some type of temporary financial assistance must be provided veterans who are without income through loss of work."

Pointing out that the war veteran has less seniority and less experience than other workers of his age, the AVC report said that, typically, he is the first to be laid off work.

"Bureau of census figures indicate that veterans are jobless at a higher rate than non-veterans," the report said.

Mrs. Frank Goldthwaite Wins Golf Meet

Veteran Drubs Odessa Woman

By CHOC HUTCHESON
Journal Staff Writer

Time marches on—but apparently with little effect on the golfing ability of Mrs. Frank Goldthwaite of Fort Worth.

Fourteen years ago, Mrs. Goldthwaite came to Lubbock, set a women's record for the Lubbock

WINNERS ARE LISTED

A complete list of champions of 12 Women's West Texas Golf association tournaments:

1935—Mrs. Frank Goldthwaite, Fort Worth.
1936 through 1939—Mrs. R. E. Winger, Fort Worth.
1940—Mrs. G. E. Shows, Odessa.
1941—Mrs. F. C. Rochon, Fort Worth.
1942—Miss Polly Riley, Fort Worth.
1943 through 1945—No tournaments held.
1946 through 1948—Mrs. Sam O'Neal, Odessa.
1949—Mrs. Frank Goldthwaite, Fort Worth.

Country club sand greens course, and walked off with the championship of the first annual Women's West Texas Golf association tournament.

Last week, the graceful Fort Worth matron returned to the local layout, established a women's record for the grass greens course, and captured the championship of the 12th annual Women's West Texas golfing event.

Takes Easy Victory

The long-hitting Fort Worth star won the title with a solid 7 and 5 triumph over Mrs. Sam O'Neal, three-time champion from Odessa, in Sunday's 36-hold finals.

In three earlier matches in this tournament, Mrs. Goldthwaite grabbed an early lead and was never seriously threatened. She led four up at the midway point, and was never less than three holes in front during the afternoon.

Mrs. Goldthwaite's medal score for the 31 holes of the match was three strokes over women's par for that distance. She assumed the early lead with a sizzling 36 on the first nine, slipped to a 40 on the second nine, posted a 39 on the third nine, and was even par for the four holes played on the final nine. She closed out the match by taking three of the last four holes.

Outhit From Tee

Mrs. O'Neal battled gamely all the way, but simply was overpowered. She was outhit consistently from the tee by the veteran Fort Worth campaigner who has won most of the major women's golfing titles in the southern section of the country.

A gallery of nearly 200 persons followed the afternoon round of the championship match, which was played in a slight wind and under a scorching sun.

Mrs. Goldthwaite's triumph climaxed a spectacular week of play which had seen her equal, break and "re-break" the women's record over the 6,042-yard Country club layout. Tuesday, in mixed foursome play, she fired a 78 to tie the competitive record held by Mrs. Bettye Mims White of Dallas and Mrs. George Soash of Lubbock. Wednesday, in qualifying for the tournament, she smashed the record and took medalist honors with a 76. Saturday, in defeating Mrs. Ted Huestis of Odessa in the semi-finals, she blistered the local course with a two-under-women's par 72.

The defeat ended the three-year

Lubbock Takes Over Runner-Up Spot As Pampa Beats Abilene

Lubbock's Hubbers cemented their hold on second place a little more securely yesterday afternoon with a narrow 9 to 8 victory over Lamesa's Loboes in the West Texas-New Mexico league.

Other positions remained relatively the same. Albuquerque kept its four and a half game lead with an 11-0 shutout over Borger; Abilene dropped a full game behind Lubbock when Pampa won its third straight victory, 7-4; and Amarillo and Clovis split a twin bill, Clovis winning the afternoon encounter 8-5 and Amarillo grabbing the overdrawn nightcap 14-11.

Virgil Butler turned in another fine victory for the Dukes, scattering Borger's six hits effectively to preserve his whitewash. It was the fifth of the year for the Dukes, who lead the league in that department, and their second in three days over the Gassers.

Butler Whiffs 12

Butler whiffed 12 batters and walked three in gaining his first shutout, while the Dukes hit Jim Cain hard. Cain contributed to the loss when he walked two men with the bases loaded in the first inning. Gordon Nell was the only Gasser to get to third base and he was caught at the plate in the ninth on a fine throw by Len Attyd.

Jack Martin set the Blue Sox down with only four runs in pitching Pampa to its third victory in two days over Abilene His mates collected 14 off Tex Coapland, scoring clusters of two runs in the third, seventh and eighth for the victory. Abilene also had two two-run innings, but couldn't muster a threat in other frames.

Bill Rosin gave up 14 hits to the Amarillo Gold Sox in the first game of a doubleheader, but the the Sox were held scoreless from the third inning on. They took a 5-3 lead after Clovis had scored its trio of runs in the first inning, but the Pioneers got one in the fourth, three in the fifth and another in the sixth for the victory, although getting only nine hits off Bob German, Boyce Box and Bob Glass.

Logamarsino Gets Win

In the nightcap, Steve Logomarsino staggered through to his third victory over the season, although touched freely for 16 hits, one more than the Gold Sox commanded. But a home run barrage by the Sox was more than enough to win. Each team had a five-run inning.

The Hubbers slammed Eulis Rosson for five hits and six runs in the first inning, added another in the third and then watched the Loboes peck away at the lead. The Loboes pecked and pecked until they had whittled the margin down to 7-6 going into the bottom half of the eighth.

Mike Dooley, who had slammed his third grand slam home run of the season to spark the six-run first inning, proceeded to win the game with a second circuit clout. With two down, Bo Dempsey picked his third hit of the day and Dooley drove a pitch over the leftfield fence.

Willis Blasts Homer

It was well he did. The Loboes came back in the top of the ninth to score two runs and had the winning run on first base. But Chris Haskins, who wasn't his usual effective self yesterday, bore down to whiff J. B. Gibbs on three pitches to end the agony.

Charley Willis followed Dooley's long homer over the centerfield fence in the first inning with a blow over the leftfield fence to account for the final run in the initial stanza.

Tonight the Abilene Blue Sox come to town to open a three-game series with the Hubbers and Manager Jackie Sullivan will send Billy George "Cotton" Russell (3-3) to the mound. Russell hasn't won a game since May 29, when he came on in relief to gain credit for a victory against Clovis.

Spudders Top Bears Twice

(By The Associated Press)

The league-leading Wichita Falls Spudders have grabbed a two-and-a-half game lead over the Texarkana Bears in the Big State league baseball race.

The Spudders swept a doubleheader from the Bears yesterday, 6-4—in ten innings—and 4-0.

Third-place Austin and fifth-place Waco divided a twin bill. Austin copped the opener, 3-1, while Waco took the nightcap, 5-4.

Greenville Sweeps Bill

Fourth-place Gainesville and seventh-place Sherman-Denison also split a double-header. Sherman-Denison won the first game, 3-2. Gainesville won the second, 11-6.

Sixth-place Greenville won both ends of a twin bill from Temple, 2-1 and 6-5.

Wichita Falls won the opener from Texarkana in the tenth when Glen Blackwood scored on Leon Mitchell's single and Mitchell counted on Cecil McClung's bingle. The Spudders' hurler, Sid Peterson hurled five-hit ball to shutout the Bears in the nightcap.

Austin Wins Opener

Austin won the opener from Waco on Emory Hresko's three-run homer in the seventh. Waco's Carmen Di Muzio scored the winning tally in the nightcap after a long fly by Baas.

Sherman-Denison's John Whitehead hurled four-hit ball to give the Twins the opener against Gainesville. In the nightcap, Dean Stafford hit a two-run homer in the fifth for the Twins but Gainesville cashed in 13 hits for 11 runs and the win.

Two errors and three Gainesville Majors hits in the ninth inning gave the Majors the opener against Temple. Two two-run doubles by Greenville's Pepper Martin won the second game.

Dog Owned By City Residents Winner

ALBUQUERQUE, N. M., June 20. (Special) — Coleta's Ebony Rocket, owned by Mr. and Mrs. Cecil Paschall of Lubbock, Tex., trotted off with top honors in the Third Annual Cocker Spaniel Specialty show here Sunday afternoon.

Coleta's Ebony Rocket, a black dog, won the best of breed trophy, which was presented to its owners by City Commissioner Clyde Tingley. Best of variety award went to Coleta's Creme Puff and also owned by the Paschalls.

Francisco's Flashy Francene owned by Mr. and Mrs. W. O. Francisco, Port Arthur, Tex., was presented the best of opposite sex of breed trophy.

Paul Berlowitz, kennel owner from Oklahoma City, Okla., judged the show.

Barber College Nine Swamps Littlefield

Barber college took a softball doubleheader, both games by shutouts, from Littlefield VFW Saturday night at Jumbo Webster field, 11-0, and 7-0.

In the first game Art Pinkert pitched one-hit ball while his mates were collecting 12 safe knocks—two homers. Bill Wells homered with the sacks loaded with barbers and J. B. Hance knocked another four-ply wallop with one aboard.

Another one-hitter was engineered by Doug Galey in the second contest and R. B. Eagger hit a three-run four-bagger.

The double victory increased the games won by Barber's college to 30 against only 3 defeats.

Beaumont Gains 8-7 Win Over Dallas

Fort Worth Cats Top Sports To Deadlock For Loop Lead

(By The United Press)

The irrepressible Fort Worth Cats today shared the Texas league lead that the Dallas Eagles had held since the beginning of the 1949 season.

It took only one inning of fence-bustin' on the part of the Cats to accomplish the miracles. They shelled Shreveport starter Quentin Altizer for five runs in the first, enough to beat the Sports 5 to 3. Fred Baczewski, who relieved Altizer, blanked the Cats the rest of the way.

Dallas lost its grip on undisputed leadership last night when Gene Herbert poled a 10th inning homer to give the Beaumont Exporters an 8-7 edge over the Eagles.

The Burnett Bombers had overcome nearly two-run deficit with a five run rally in the third. They added two more in the fourth, but the Shippers came back in the top half of the fifth with four and scored a lone tally in the ninth to knot the count. Then Herbert slammed the game-winning homer in the tenth off reliefer Garth Mann, who was charged with the loss.

Oklahoma City and Houston split a doubleheader in the Sooner capital. The lowly Buffs grabbed the first game, 12 to 6, but the Indians grabbed the abbreviated nightcap, 7 to 2, behind the steady pitching of Al Olsen.

Tulsa added to San Antonio's woes by sweeping a doubleheader with the Missions, 5-4, and 9-5. The Missions' Don Lenhardt hit two homers.

EL PASOANS WIN

EL PASO, June 20. (AP)—The big bore team championship of the Texas Rifle and Pistol association is staying in El Paso for the fourth straight year. El Paso's team—Berry Edwards, J. H. Garcia, Jack More and Harry Corning—fired a total of 552 points. A different El Paso team did one point better last year.

THE NEW CHAMPION—Mrs. Frank Goldthwaite, veteran Fort Worth golf star, smiles as she accepts the champion and medalist awards from C. L. Dean, Lubbock Country club president, at the close of the 12th annual Women's West Texas Golf association tournament here Sunday. Mrs. Goldthwaite captured the title by trouncing Mrs. Sam O'Neal, Odessa, 7 and 5, in the 36-hole finals Sunday. She won medalist honors Wednesday by qualifying with a 76, and later in match play set a women's course record of 72. (Staff Photo.)

Henderson Defeats Bryan Club, 6 To 5

The Marshall Browns and the Longview Texans, tied for top honors in the East Texas baseball league, resume play tonight after rain washed out their Sunday doubleheader.

Henderson defeated Bryan, 6-5, in the only game played in the league yesterday. Rain caused the postponement of the other three games, at Marshall, Gladewater and Kilgore.

Henderson scored four runs in the seventh inning to down Bryan.

Between The Lines by Joe Kelly

The finals of the Women's West Texas Gold Association's 12th Annual tournament really were a letdown after two earlier events of the week. Mrs. Frank Goldthwaite won so easily over Mrs. Sam O'Neal, the defending champion from Odessa, that much of the glory was removed. It came as an anti-climax mainly because Mrs. Goldthwaite had twice tourned the Lubbock Country club's beautiful course in less than the previous record. Wednesday the more experienced linkswoman from Fort Worth had beaten the record that she herself had established in wining the tourney in its first year. Then Friday she lowered her own record with a par-shattering 72, only one over men's par.

• • •

It took only her qualifying round, her easy initial victories over a pair of better than average golfers and the second course record shooting to convince everyone that she would be mighty hard to beat. She was a heavy odd-on favorite going into the finals yesterday and she fully justified her backer's appraisal with a blistering exhibition. As for Mrs. O'Neal, she quietly took on all challengers and won handily, day after day. At the same time, Mrs. Goldthwaite was winning even more handily. Mrs. O'Neal, when it came to the finals, was virtually an unknown. She hadn't been extended and the gallery and golf followers didn't know just how good she might be.

• • •

For that reason, no one figured that Mrs. Goldthwaite would have a romp, despite her impressive triumphs and course scores up to that point. Almost everyone agreed that the final match would be a good one all the way and that there definitely was a chance that Mrs. O'Neal would extend Mrs. Goldthwaite, might even beat her to retain the title she had held since 1946. But the Fort Worth golfer was not to be denied and in her victory there was something like poetic justice. After all, she won the first tournament here 12 years ago. She returned to the scene of her original triumph and proceeded to do just about everything a golfer can do. She richly deserved the triumph and we're happy to extend congratulations to her.

• • •

The tournament officials, members of the Country club and all those who had any part in helping conduct the tournament, can be proud of the task they performed. It was a well-run tourney, from start to finish. Golfers got off on time, matches were speeded up as much as possible and yet no one felt that they were being given anything but complete attention and courtesy. Probably the biggest jobs were held by George Aulbach and T. E. Patterson, who had to record scores, figure pairings, get the golfers off on time, settle any arguments or disagreements about the course and listen to the tales when the women came in. But there also was Mrs. Bruce Kattmann, who registered in the golfers; Herb Schroeder, the club pro; Mrs. T. E. Patterson and Mrs. Fenner Tubbs, who were co-chairmen of the tournament committee; Mrs. Guy L. McAfee and Mrs. C. L. Dean, entertainment hosts; Mrs. O. D. McCoy on handicaps; Mrs. W. F. Eisenberg on prizes; and Raymond Marshall on rules. It was a good show and well done all the way around. Congratulations are in order.

In all the hurly-burly over golf, the Hubbers have been overlooked, but not by those who follow baseball. Despite case after case of injury, necessity of playing pitchers in the infield and outfield and other things, the Hubbers have come on with a rush that has taken them to second place. They've done it by playing great ball in June. As of this afternoon, the local club has won 13 or its last 17 games to climb from sixth to second in the torrid West Texas-New Mexico League race. Not only that, but they have opened up some space between themselves and the other clubs. They have a full game over Abilene, a game and a half over Borger, two games over Amarillo and three and a half over Lamesa.

• • •

Tonight they open a really crucial series with the Blue Sox, who are floundering in a bad way. The Sox have now lost 13 of their last 19 games. That doesn't mean that they can't, or won't, be tough and that they can be counted out of the pennant chase. They'll be tough in all three games here, but the Hubbers at least meet them when they're running on unsure ground. It wasn't an accident that the Hubbers beat them three straight in Abilene recently. The local club had found itself and had begun to roll; Abilene had started to slip.

• • •

Paul Dean said recently that he didn't think Abilene was even a first division club. We don't agree with that. They've been getting good pitching and timely hitting, even if the extra-base wallops were on the weak side. We think that Abilene definitely is a team to battle with for the first division, as is Borger, Amarillo and Albuquerque. We don't think that Lamesa is strong enough to make it, nor is Pampa, beginning to show signs of life, or Clovis. The Hubbers have a long way to go and second today doesn't mean too much. They've played 58 games and they have 82 left. There's a long, long season ahead yet, but at least the Hubbers are showing that they have the stuff to make it interesting until the bitter end.

• • •

THE ROUNDUP: Judge Raley began playing golf about 5:15 Wednesday night, the night the Hubbers had two games with Amarillo. When we asked him if he was going to miss the games, he replied emphatically that he'd be there. He was, as he always is . . . Sorry to hear that Manager Jess Landrum's father died and extend condolences . . . We're told that the reason Jackie Wilcox wasn't kept by the Loboes is because two or three of the players with whom he played before didn't like him or want him . . . That, despite the fact that he gave them the best shortstop protection they'd had all year . . . LaVern Roach is going to fight in Plainview next month for the hometown folks. There's a possibility that Gene James and J. D. Kirkpatrick will be on the same card . . . Nomination for "Big Head of 1949" in this league: Jack Guiterrez of Lamesa's Loboes, who allegedly remarked that he was too good for this league, but had to play somewhere!

Seagraves Defeats Levelland, 9 To 4

In the Oil Belt Baseball league Sunday, Seagraves won a hometown game, 9-4, defeating Levelland behind the steady pitching of Lefty Faulkner, who limited the visitors to seven hits.

Levelland got off to a 1-0 margin in the first inning, but Seagraves tied the count in their half of the frame. Levelland went out in front by two runs in the third, but in the bottom of the sourth Seagraves tallied once and then pushed two across in the fifth too ice the decision.

Seagraves got one run in the sixth and three more in the eighth after the losers had scored once in that frame to take the game by an easy margin.

Seagraves collected 12 hits off Cornell for the victory. Charles Galey, second baseman, had one for two.

Sundown Pounds Out Victory Over Slaton

SLATON, June 20 (Special) — Sundown notched another Oil Belt league baseball triumph here Sunday by turning back Slaton, 7 to 5.

The visitors took full advantage of eight Slaton fielding errors to gain the victory, although they committed six miscues themselves in the loosely-played game.

Toten, Sundown first baseman, was the hitting standout with two home runs and a single in three official trips to the plate. A. H. Weaver paced Slaton's attack with two singles in three times at bat.

Sundown collected nine hits to seven for the losers.

Medford was the winning pitcher, while Wilson was tagged with the loss.

College Net Stars Open Austin Meet

AUSTIN, June 20. (AP)—An army of youngsters fired away today in opening rounds of the storied National Collegiate Athletic association tennis tournament.

A dozen courts were being utilized for the 76 contestants from 33 colleges. Only two of the top-seeded players were in the first 12 matches that comprised the opening round as the field was cut to 64. The second round of 32 matches finds Victor Seixas, jr., of North Carolina, twice NCAA runner-up, and seeded No. 1 this year, swinging into action.

Herb Flam, UCLA's ace who is seeded No. 2, and James Brink of Washington, No. 10, were in the opening round.

Feller Hurls Tribe To Win Over Yanks

By JOE REICHLER
Associated Press Sports Writer

Bob Feller is up to his old tricks again—engaging in his favorite pastime of making the baseball experts eat their words.

It was only a couple of days ago that the experts predicted, for the umphty-umpth time, that the erstwhile great Cleveland pitcher was through—finished as a winning hurler. And as he did on all previous occasions, the 30-year-old right-hander has proved them wrong.

FELLER

He stilled them yesterday with a brilliant 11-inning pitching performance as the Indians defeated the New York Yankees, 4-2. Feller allowed six hits, only one in the last seven inning.s

The Van Meter fireballer, who won 122 games in five straight complete season for the Indians, reached the nadir of his pitching fortunes just eight days ago. On June 11, the Yankees handed him the most humiliating defeat of his career, shelling him from the mound in the first inning.

Hurls Six-Hitter

That was the signal for many of the scribes to start writing Feller's baseball obituary. They were forced to hold up when Bob came back three days later to beat the Red Sox in Boston with a six-hit effort.

Feller's victory yesterday was a very important one for the fourth place Indians. It gave them the series from the league leaders—two games to one—and moved them up to within five and a half from the top. They've now won seven of their last eight and trail the third place Philadelphia Athletics by only one game.

A home run with one on by First Baseman Mickey Vernon broke up the game in the 11th. Joe Page, who had replaced starter Allie Reynolds in the seventh, was the loser. Tommy Henrich drove in one of the Yankees' two-runs with his 13th homer, his third off Feller.

Ted Williams Homers

Aided by homers by Ted Williams and Dom DiMaggio, each with two mates aboard, the Boston Red Sox walloped the Chicago White Sox, 9-2, to sweep the four-game series.

Lefthander Shuck Stobbs, allowed seven hits for his first major league victory.

The second place Detroit Tigers, behind the superb pitching of Virgil Trucks and Fred Hutchinson, shut out the Washington Senators in both endsof a doubleheader, 9-0 and 7-0, to cut New York's margin to three games.

Philadelphia and St. Louis divided a doubleheader, the Athletics winning the first game, 8-2, and the Browns taking the second, 7-3. Rookie Alex Kellner won his ninth game for the A's, scattering six hits.

Joe Ostrowski stopped the Mackmen with a seven-hitter in the nightcap.

Cards Beat Phils

Chuck Diering's ninth inning single scored Lou Klein with the run that gave the second place St. Louis Cardinals a 6-5 victory over Philadelphia and put them only one game behind the National league leading Brooklyn Dodgers. Robin Roberts, who shutout the Redbirds on Friday, was the loser. Ted Wilks, in relief, was the winner.

Johnny Schmitz pitched the Chicago Cubs to an 8-2 triumph over the Dodgers to snap a seven-game losing streak for his club. It was the first Cub victory since Frank Frisch became manager.

The Boston Braves regained third place from the Phillies by taking both ends of a doubleheader from the Cincinnati Reds, 5-2 and 3-2. Bob Elliott drove in three runs in the first game to help Warren Spahn gain his eighth victory.

The Pittsburgh Pirates defeated the New York Giants, 9-4, to take the rubber of the three game series.

Bob Chesnes scattered seven hits in winning his fourth game. Larry Jansen was the loser.

Middlecoff, Mangrum Divide Prize Money

DETROIT, June 20. (AP)—Cary Middlecoff and Lloyd Mangrum headed home ward with $2,250 each today after playing all even in a unique sudden death tournament extra.

The two were tied at 273 at the end of the regulation 72 holes of the four-day Motor City Open golf competition yesterday.

Then they set out on the sudden death playoff that went 11 thrilling holes before it was called by mutual agreement with the two splitting the championship and the $2,600 and $1,900 first and second prize money.

Local golfing authorities said it was the first such overtime match in a PGA tournament here and the first time there had been co-champions in any PGA bigtime event.

Big Spring Noses By San Angelo, 4 To 3

(By The Associated Press)

The Big Spring Broncs are bucking along a full six games in front in the Longhorn baseball league.

Big Spring yesterday edged fourth-place San Angelo, 4-3, Second-place Vernon downed last-place Ballinger, 6-2, Third-place Midland whitewashed sixth-place Odessa, 6-0. And seventh-place Sweetwater defeated fifth-place Roswell, N. M., 6-4.

Big Spring won on Gumbo Helba's pinch single in the last of the ninth that scored Ray Vasquez.

Vernon banged out 13 hits in downing Ballinger.

Ernie Nelson pitched five hit ball for Midland to shut out Odessa.

Sweetwater had three home runs in a four run-fifth inning to defeat Roswell.

Larsen Gains Tennis Crown

HOUSTON, June 20. (U.P.)—Art Larsen of San Francisco university today wore the men's singles crown in the U. S. Lawn Tennis association's Texas sectional tournament.

Larsen took the title yesterday by overpowering defending champion Fred Kovaleski of William and Mary, 6-3, 4-6, 3-6, 6-1, 6-1.

Margaret Varner of El Paso grabbed the women's singles title by defeating Peggy Eby of Houston, 3-6, 6-1, 6-2.

Larsen teamed with Bob Kamrath of Houston to defeat Felix Kelley of Robstown and Bobby Goldfarb of El Paso, 7-5, 0-6, 6-3, 3-6, 6-2, in the hard-fought men's doubles match.

Turpin Beats Oates

Jack Turpin of Dallas and Rice Institute won the junior boys' singles by beating Julian Oates of Waco, 5-7, 6-3, 6-4.

Turpin and Oats then put their serves together to take the junior boys' doubles title by defeating Johnny Hernandez of San Antonio and Eugene Letsos, Galveston, 8-1, 7-5.

In the boy's doubles, Sammy Gaimmalva, Houston, and Alan Graham, Houston, beat Jayton Green and John Clendenin, both of El Paso, 6-1, 6-1, 7-5.

San Antonio Pair Wins

Earlier, Gaimmalva annexed the boys' singles crown by conquering James Schmidt, Galveston, 7-5, 6-2.

Ethel Norton and Patty Nixon, both of San Antonio, took the women's doubles honors home by beating Margaret Varner, El Paso, and Rosemary Buck, Dallas, 8-6, 4-6, 7-5.

Winner of the junior girls' singles competition was Ruth Pace, Fort Worth, who defeated Betty Gray, Houston, 6-1, 6-0.

Miss Pace and Betty Seay, El Paso, breezed through Dot Taylor and Carol Choate, both of Houston, 6-1, 6-2, in the junior girls' doubles.

Charles' Workouts Are Unimpressive

By JACK CUDDY
United Press Sports Writer

KANKAKEE, Ill., June 20.—The quickest comparison that can be made of Wednesday night's contenders for Joe Louis' vacant heavyweight crown is this: Ezzard Charles appears worse than Jersey Joe Walcott.

Here in the land where the elms are luxuriantly green, the wild-cherry trees are budding, and the honeysuckle bushes are showing pink berries, Jake (Madman) Mintz presides over a training camp that seems distraught and wacky as time runs out for Charles.

Charles Looks Bad

Brown-skinned Ezzard of Cincinnati concluded his boxing preparations in comparative privacy today at the Sunset Hills country club; but over the weekend the large sideshow tent in which he sparred was crowded with mid-western fans and with boxing writers from most of our major cities.

Charles appeared so pathetic yesterday, for example, that many of the joust-journalists wondered if the 27-year-old negro—wearing headguard and masklike, protective rubber flaps over his cheeks—were "putting on an act." He was such a surprisingly easy target for each of his four sparmates that the boxing experts were amazed. True, Charles was concentrating on slamming low hooks to the midriffs of his mates; but, in so doing, he was leaving openings that might prove "fatal" against Walcott, who was explosive enough to floor Louis three times in their two title bouts.

Session Is Ordered

In the oven-like heat of the green, orange-trimmed tent, the man in the mask and little mustachio appeared molasses slow not only on defense but also on offense. It seemed that each of the sparmates—Al Smith, Gene Jones, Lloyd Gibson, and Pedro Bradley—ladelled out more punishment than he received.

From lip to lip, around the ringside sped the comment: "He looks awful. Walcott'll knock him out."

Mintz, front man for Charles' three Cincinnati managers, appeared paler and jerkier than usual. Although Ezzard had been scheduled to finish his sparring yesterday, Jake excitedly ordered today's extra sessions. It seemed that a training gash on Ezzard's left cheek, suffered a week ago, had prevented Charles from sharpening properly in the closing stage of training. To prevent that gash from being re-opened, he wore the rubber flaps in the ring.

REED WINS MEET

CISCO, June 20. (U.P.)—Forced to play 40 holes in order to get in a playoff of a halved Saturday quarterfinals match, Slim Buster Reed of Dallas and North Texas State took the grueling grind in stride yesterday to win the 14th annual Cisco Invitation golf tournament.

Outlook For Low-Cost Housing Brighter As More Loans Made

By SIGRID ARNE
Associated Press Staff Writer

WASHINGTON, June 20 — It looks like better hunting this year for the family that wants a house costing under $10,000.

For several months now sales have been much better for the contractors who are building lower-priced houses. More and more loans are being made for lower and lower sums. Contractors are announcing definite programs for lower-cost houses.

Reports that come into the Federal Housing Administration (FHA) here tell the story.

Fort the first four months of this year the average mortgage accepted by FHA had dropped to $6,963. Seven months previously it was an average $7,416.

Average Amounts Down

Actually, the greatest jump in business appears to be in the sort of house that can carry a mortgage of $6,000 or less.

Such mortgages were approved by FHA for only 2,139 houses in January. But by April, FHA had taken on loans for 14,335 such houses. The average loan of the lot was for $5,534.

At the same time it was becoming much more difficult to sell houses that cost from $20,000 and up. FHA district offices around the country report that such houses stand vacant as much as nine months before they find a buyer and that often by that time the price is cut. They report that the building of such higher-priced homes has almost stopped everywhere in the country.

Sales of houses in all price ranges has dropped off everywhere in the country, but they have dropped off least in the lower-priced homes.

Down Payments Short

Here's how the sales reports come in from the 65 FHA district offices:

Trouble in selling higher-priced homes is reported from 42 FHA offices.

Only 26 reported drops in the sales of medium priced homes.

And only 15 reported trouble in selling the lower priced homes.

The real market for homes appears to lie between those that cost $4,000 to $8,000. This is the estimate of FHA Commissioner Franklin D. Richerds. He says "the trouble is that the great mass of buyers no longer have the money to make the big down payments which are necessary for the higher priced homes."

He says reports from builders around the country show that 75 per cent of them are planning, from here on out, to concentrate on lower priced house. More than half of them report that they no longer are held up by shortages of materials. They report only one difficulty: Trouble in getting brick-layers.

All through the postwar years builders have been trying to cut down the time it takes to build a house. They are still at it. In April this year they had cut the average building time to 4.09 months. A year ago it took an average 4.81 months.

Her keepers at the bigger adobe house, she said, were a 200-pound white woman and a short, squat, swarthy man. She stole their only jeep last Wednesday night, Mrs. Kernan said, and drove until it was empty of gasoline.

Thursday and Friday she hitched rides and walked, finally arriving—tired and bruised and scratched about the legs and arms—in Reynosa, Mexico, on Friday night. She notified her husband that she was all right and then hurried across the border into Texas, to await his arrival from Durango.

They were hustled into taxis by a contingent of police. One of the policemen had to restrain Robeson from punching a photographer who snapped a picture.

"This marriage would have caused no particular excitement in the Soviet union," he said. Robeson sent his son to be educated in Russia in 1936 "to escape race prejudice in a country where all races are equal."

The wedding reception was combined with a rally given by the Council of African Affairs to welcome the senior Robeson home from a recent concert tour of Russia. Robeson told an audience of 4,000 he loved the Soviet people "more than any other nation."

Assault To Murder Trial Is Started

Bartolo Esparzo, 19, went to trial this morning before Judge G. V. Pardue and a 99th district jury on a charge of assault with intent to murder.

He is accused in connection with the shooting April 30 of Juan Ysasaga, 21, at a Mexican dance in Slaton.

The state called three witnesses, including Ysasaga, at the morning session, and planned to use two or three this afternoon, E. G. Pharr, assistant district attorney, said.

Byron Chappell, counsel for the defendant, planned to call three or four witnesses and to complete his evidence this afternoon, court officials said.

A murder case charging Alfredo Albidrez will be tried Tuesday, Pharr said it was planned. Albidrez is charged in the Feb. 27 slaying here of Adolfo Trujillo. He is 30.

DEMAND IS BETTER

NEW YORK, June 20. (AP)—Demand for stocks took a turn for the better late today and the market closed with gains of fractions to a top of around 3 points.

Final prices were just about the best for the day.

Railway and air line shares paced the advance but other groups were well represented.

Brokers reported nothing particular in the news to account for the pronounced upward trend.

Among the gainers were Eastern Air Lines, Transcontinental & Western Air, United Air Lines, Santa Fe, Atlantic Coast Line, Nickel Plate, Baltimore & Ohio, U. S. Steel, Youngstown Sheet & Tube, Texas Co., Pennsylvania Coal & Coke, Chrysler, General Motors, Goodrich, Sears Roebuck, Consolidated Natural Gas, Kennecott Copper, American Smelting, Du Pont, American Woolen, and International Paper.

Cotton Market

NEW YORK REPORT

NEW YORK, June 20. (AP)—Cotton futures were firm today on trade and commission house buying. Tightness in the nearby July situation and covering against export sales believed to be for England against third quarter ECA credit firmed the market. Buying was also attracted by renewed Washington efforts to scrap the flexible crop loan provisions of the farm act in favor of fixed high price supports.

Futures closed 35 to $1.70 a bale higher than the previous close.

Grain Market

CHICAGO REPORT

CHICAGO, June 20. (AP)—Grains edged upward today. It wasn't a spectacular advance, but it left cereals with worthwhile gains.

With July leading, wheat jumped more than 2 cents at times. Mill buying helped. So did more reports of disappointing yields in the southwest. Local traders generally took to the buying side. Hedging pressure was negligible.

The advance in wheat futures came in the face of a decline in premiums for new crop cash wheat at Kansas City.

Other cereals mainly followed wheat.

Wheat closed 2⅛-2⅝ higher, July $1.97½-¾, corn was ¾-1⅛ higher, July $1.31⅞-1.32, oats were ⅝-¾ higher, July 60½-⅝.

Burglaries

(Continued From Page One)

ies, a set of wrenches, and a set of knives, Dick Medlock, complainant, said.

Sixty dollars in money was taken from the Ave. N address, in the Mexican quarter. The money was removed from a fruit jar inside a locker, it was reported by M. D. Ivarra, the complainant.

An estimated $4 in cold drink receipts was taken from Rhodes' place, police were told.

Preliminary reports indicated no loss from Plains Furniture company or the Vita Water concern.

Ellison theorized that a bunch of "hopeheads' perhaps already "coked up" were responsible for the burglary of his drugstore.

Door Too Strong

"Whoever broke in tried first to make it through the rear door, but it was too strong," he said. "Then they took wood out of the front door but jammed the lock, so had to kick the glass out and crawl in.

"It takes nerve to break into the front of a store under a street light and go through a place where a 300-watt floodlight shines. That is, unless perhaps one is hopped up."

Ellison said there was evidence that the burglars were under influence of narcotics when they entered, or were before they left. Narcotics were scattered "all over the place, and the burglars took some narcotics and drugs of no value to them, passing up others they almost invariably grab up." He said he believed they 'stopped awhile and took narcotics orally before beginning their further looting."

Third Burglary Of Store

Ellison was victimized last year by burglars who entered his place through the roof and took property valued at approximately $3,000.

A year earlier roof burglars went into his store and removed $10,000 worth of property, he recalled.

Moore's Bonded patrol reported three of the burglaries—Ellison drug, Plains Furniture company and Baron-Holmes Tire company—to the police. Most of the places had been entered after rear doors were pried, police further said.

Police and the sheriff's department arrested and later released three men and three womn in connection with investigation into the Ellison druestore burglary. A heavy automobile in possession of one of the men was still held this afternoon by police who said they were checking into its title.

Other Investigations Made

Numerous other investigations were under way, including cases of violence.

Robert Oates, a negro man was fatally shot by Marvin Young, another negro, in a cafe in the negro section.

Young made a statement to A. W. Salyars, assistant district attorney, admitting the shooting. He said he fired in self-defense after Oates had threatened to kill him and another negro and had reached for an "East Dallas special," a long knife.

No charge had been filed, and Young was released. The case probably will be investigated by the next grand jury.

At Chatman hospital it was said that Oates died seven hours after he had been shot in the right side and through the right lung, liver and stomach.

Martha Massey, about 20, a negro woman, was beaten unconscious and raped, officials were told. She stepped outside a negro cafe into the darkness, she said, and was seized by a negro male who dragged her over a fence and beat her.

Suspect Is Arrested

Police arrested a suspect, but he did not have facial scratches the woman told detectives they'd find, and he was not dressed like her assailant, she said. The investigation was continued.

Eva Mae Davis, 41, a negro woman, was hurt when a car driven by Major Davis, 44, overturned on a turn here.

Willie Dawson, a negro of 1806 Ave. A, was arrested for investigation into the hijacking of Roy Donley of Littlefield. Donley and Dawson left a cafe in the negro section together and soon Dawson was back with a report of the hijacking. Police were told that he had been first to report two similar hijackings in the past, so arrested him for questioning.

A shotgun blast disturbed a wake in the Mexican quarter Sunday night, police said. Two Mexicans, who allegedly had the gun went to a hospital for treatment of injuries suffered when guests of the wake beat them, it further explained. No charges will be filed, it was indicated.

Woman Admits Shooting Man

HOUSTON, June 20 (AP)—A 20-year-old girl admitted today she shot a Finnish seaman to death and robbed him of $30 because he "got rough" with her after she had promised to have a date with him.

Josephine Martinez said she shot Arne L. Enholm, 40, the night of June 13, at the spot where his body was found the next morning by a hysterical housewife.

Traced By Hairnet

Miss Martinez told police, who traced her by a hairnet found near Enholm's body, that they were walking near the railroad track when Enholm suddenly became violent.

"This man slapped me on the face and knocked me down. Then he grabbed my hair and pulled my net off, and tore my shirt, blouse and pants," the girl said in a written statement.

It was then, she claimed, that she got the .38 caliber pistol out of her purse.

Man Is Sought

"I hit him on the head, and he still wouldn't turn me loose, so I shot him."

She insisted that she only took $30 from the dying man's pockets, after searching him thoroughly. Shipmates said earlier that Enholm had some $500, paid him only the night before for work aboard the Lykes lines freighter Thomas Jefferson.

Miss Martinez said the pistol was given her by a "boy friend" to keep for him. Police were searching for the man today.

Southern Flood

(Continued From Page One)

60 cots in the grade school here, and about 40 more are in the Memorial Church of the Brethren across the street. Scattered around town in various locations are about 100 more, all in use.

Dr. Thomas said that all wells that were flooded by surface water will have to be pumped out, scrubbed down and chlorinated to make them safe for drinking.

The National Guard moved into town early Saturday to help maintain order.

Town Isolated

The flood struck savagely and without warning Friday night, flattening crops, toppling buildings, sweeping away bridges, wrecking highways, and carrying away livestock. Petersburg, a town of about 2,000, was isolated until about noone yesterday. Moorefield, 12 miles away, had been able to maintain contact with the outside world by one telephone line and one back road.

Acres of wheat and corn crops were destroyed. Many farmers had readied their wheat fields for harvest next week.

Rescue crews evacuated 300 families from the flood. Some 60 homes and 285 other buildings were wrecked.

The swollen waters of the Potomac reached their crest early Saturday morning. Reports of new cloudbursts in the uplands led residents to prepare for another inundation yesterday, but the water crept up only a few feet before dawn and then began to subside.

The flood came on the heels of a downpour that was recorded at 11.93 inches in the period from 7:30 a. m. Friday to 7:30 p. m. Saturday; during a two and three-quarter hour stretch ending at 7:15 p. m. Friday, a downpour of 4.31 inches was recorded.

In the West Virginia area, officials were organizing burying parties to rid the countryside of the hundreds of farm animals left by the flood.

Church Leader

(Continued From Page One)

ed this might be the prelude to another Mindszenty trial.

The archbishop made his own position abundantly clear in the 1,000-word pastoral letter read by Catholic priests to the faithful yesterday. It apparently was drafted by Monsignor Beran before the police moved into his office.

In it, he accused the government of trying to undermine Roman catholic ideology, seeking to replace, religion with Marxism and attempting to appropriate for the state "all rights, even in matters of conscience, faith and morals, which no Christian can recognize."

"Every Czech and Slovak Catholic must realize that his time of test has come, in which he has 'to tell the sheep from the wolves in sheep's clothing', and that in issues of religious freedom there can be no compromise whatever," he said.

Rent Controls Ended In Five Texas Towns

WASHINGTON, June 20. (AP)—Housing expediter Tighe E. Woods ended rent controls today in New Braunfels, Denison, Sherman, Mission and Bryan, Texas.

The action was taken as a result of decontrol resolutions passed by the governing bodies of those cities and approved by Governor Beauford Jester of Texas.

Woods also removed rent controls in the counties in which all of the cities except Mission are located. The decontrol action also was applied to Wilson, Kendall and Fannin counties.

Violent Deaths

(Continued from Page One)

Mexicans were feared drowned in the Rio Grande.

A head-on collision near Marfa took the biggest toll—five. Two other persons died in traffic accidents. Two persons were known drowned, and two brothers suffered fatal burns. Two negroes were shot to death.

Car Wreck Fatal

Killed in the crash near Marfa were Mrs. G. H Robinson of El Paso and David Contreras, Matiaz Salgado, Mariano Jiner and Ernest Miller, all young residents of the Big Bend town.

Turner Snyder of Roscoe was fatally injured when the car he was riding in overturned late Friday near Roscoe.

Cpl. Doyle H. Hickey, 32, of Russell, Ark., was killed in an auto collision near Houston Saturday.

Lonnie Ray Miller, 26, of Dallas stepped off a sand bar and disappeared in the Brazos river yesterday before he could be saved. He had been swimming near Waco.

Pvt. Charles Constantino of Providence, R. I., drowned Saturday in Salado creek near Fort Sam Houston, where he was stationed.

Two Shooting Victims

James R. Trout, 9, was fatally burned Friday night when he ran into his blazing home at Grand Prairie in a futile attempt to save "my baby brother," The six-month-old brother was found dead in his arms.

S. V. Brooks, 54-year-old negro, was found shot to death in a parked car in Dallas. Dallas arrested a young woman.

At Grand Prairie, in the midst of an Emancipation day celebration, Albert Holloway was shot to death by a cafe operator who gave himself up and said Holloway had threatened him with a shotgun.

Mrs. Della Darter, 25, of Fort Worth drowned in a creek near Ardmore, Okla., yesterday while trying to rescue her seven-year-old son. The boy was saved moments later by a fisherman.

Bob Kelley of Mineloa, was decapitated by a train at Texarkana, Ark., Saturday night. He was an extra employe working as a brakeman for the Texas and Pacific railroad.

Two young Mexicans disappeared late Friday night in the Rio Grande near Laredo. A third man, Jorge Velasquez, 24, said the three were crossing the river when his companions stepped into a hole. They yelled for help and vanished, he said.

Mrs. Julia Vizza, 74, of San Antonio, was fatally injured there yesterday when the car in which she was riding collided with another vehicle. Five other persons were hurt in the crash.

Reorganization

(Continued from Page One)

become a cabinet member as Secretary of Welfare.

In greater detail, the other five reorganization plans would:

1. Transfer the Bureau of Employments Security, now in FSA, to the Department of Labor. The bureau deals with unemployment insurance and job placement.

This plan also transfers to labor the functions of the vterans placement service board and abolishes that board.

Positions Abolished

2. Empower the postmaster general to reorganize the post office. He would take over authority now lodged in subordinate officers and agencies of the department.

The plan provides for four assistant postmaster generals but drops the designations "firts," "second" and so on. It abolishes the offices of postal controller, purchasing agent and bureau of accounts.

3. Transfer the national security council and the national security resources board to the President. These agencies now report to the President but are more like independent agencies.

4. Make the chairman of the U. S. Civil Service commission the boss of all its executive and administrative affairs, while leaving policy questions to the bi-partisan

5. Make the chairman the chief executive and administrative officer of the U. S. Maritime commission. He would take repsonsibility for appointment of its personnel and the direction of their activities.

Mines Reopen

(Continued from Page One)

it's enough to keep industrial production humming for 60 to 80 days.

About the only persons, outside of the miners themselves, who suffered from the walkout were employees of coal-hauling railroads. Last week some 30,000 railroaders were furloughed. However, the railroads said some would have been furloughed anyway because of a business slump.

Daddy's Surprise: Beer For Kiddies

MEMPHIS, Tenn., June 20. (AP)—James B. Ross found a pigeon's nest with two birds in it and decided to show it to his two young sons.

On the way home, he stopped at the grocer's with the box containing the nestlings.

When he arrived, he called: "Come here and see what daddy has brought you."

He opened the box and inside were several cans of beer.

He inadvertently had swapped boxes at the grocery store.

Lonely Hearts

came from Chicago for the funeral, preferred the charges.

Fraser said "no doubt there was foul play."

He said Brusnahan made large purchases of fuel oil the week before the fire, and that unburned oil was on a rug near Mrs. Brusnahan's body. The district attorney quoted neighbors as saying Brushnahan was reluctant to fight the fire with a hose.

Brushnahan said he was showering when the fire was caused by an explosion of cleaning fluid at his wife's ironing board. He said the heat made it impossible to save her and her daughter. Fraser quoted neighbors saying they saw Brushnahan fully clothed before the fire was well under way.

The Brushnahans came to the cabin at Lucerne, ten miles from here on Clear Lake, last April. The cabin was included in a $4,000 inheritance of Mrs. Brusnahan's.

Frasier said the mechanic was divorced in 1944 by Jean Brusnahan of Chicago after a two-year marriage. The district attorney said. Brusnahan was paying $50 monthly support to Mary Gray of Ber-Wyn, Ill., for a child declared by a court to be his.

GI Dividends

limit of time on which dividend accumulations will be allowed—is the anniversary date of the policy in 1948.

"Shot In The Arm"

Government officials expect dividends to be spent promptly and to provide a noticeable "shot in the arm" for business.

The $2,000,000,000 distribution of terminal leave pay bonds in 1947 had such an effect, observable in sales charts.

Nearly 20,000,000 policies were issued, of which 7,215,000 are still in force with a face value of $41,552,000,000. The policies need not now be in force to make the holder eligible for a dividend payment.

Huge Unemployment Problem In U. S. Shown By Two Surveys

(By The Associated Press)

WASHINGTON, June 20.—Two national surveys agree the nation soon may have 5,000,000 or more jobless, but they disagree on what happens next.

In reports published over the weekend:

The Public Affairs Institute warned, "nothing in sight indicates a halt in unemployment trends."

The American Federation of Labor declared, "a serious business recession is almost impossible."

Situation Said Confused

Senator O'Mahoney (D-Wyo), also in a weekend statement, said the situation is confused and Congress will study it.

The Public Affairs Institute, which describes itself as a non-profit, non-partisan research organization, predicted that 8,000,000 workers will be out of jobs a year from now unless the federal government steps in to give business a boost.

Unemployment may hit 6,000,000 by the end of this year, the institute added.

In a special report on employment, the institute recommended tax cuts for the low and middle income brackets, emergency public works in hard-hit areas, revival of the Civilian Conservation corps, and other federal actions to reassure and stimulate business.

Is National Problem

"Unemployment has passed the 'spot' stage," the institute said. "It is not a local, but a national, problem."

The AFL looked over the economic outlook in its magazine, "Labor's Monthly Survey," and found the prospect good. It acknowledged there are some dangers, however, and said policies of unions, management and the government right now are "all important."

It said wages should keep moving upward to increase consumer buying, but suggested increases be based on increases in productivity. It urged unions to cooperate with management in cutting out waste and bringing down expenses.

The AFL warned this is no time for government, management, or unions to start any tinkering that might bring on inflation again.

"This is no time to interfere with normal economic adjustments which seem to be quickly finding their way to stabilization at lower price levels," the report said. "These adjustments should be permitted to continue until a new economic balance is reached. This would open the way for a long period of postwar prosperity and rising standards of living."

Senator O'Mahoney announced that the Senate-House economic committee, of which he is chairman, will study employment and investments.

"While unemployment has increased slightly during the first part of this year," he said, "at the same time the latest figures show that total civilian employment in May of this year was 58,694,000—a larger number than in any previous month in 1949, and larger than the employment figures a year ago in May, 1948."

Big Four

(Continued from Page One)

been thrown out.

2. Austria will guarantee the rights of the Slovene and Croat minorities.

3. Yugoslavia would have the right to "seize, retain or liquidate Austrian property" within Yugoslavia territory. This means Yugoslavia would get no reparations.

4. Austria will pay the Soviet Union $150,000,000 in "freely convertible currency."

The four ministers said the New York agreement of May 4 continues in existence. The New York agreement was the one under which the Soviet blockade of Berlin and the allied counter-blockade were lifted. This would mean a guarantee of continued western access to Berlin.

TILT IS SLATED

SUNDOWN, June 20. (Special)—Amarillo's highly-rated Colts are scheduled to tangle with the Coffeyville, Kansas, Boosters in an exhibition baseball tilt here at 8:30 o'clock Wednesday night.

WILL OPPOSE BILL

WASHINGTON, June 20 (AP)—Senator Flanders (R-Vt) said today he will oppose a bill to boost military pay scales unless Congress grants all other government workers an increase at the same time.

Lucille Ball Weds Arnaz Second Time

HOLLYWOOD, June 20 (AP) — Actress Lucille Ball has married bandleader Desi Arnaz—for the second time.

The couple were wed yesterday at the Our Lady of the Valley church in nearby Canoga Park. They were united in a civil marriage Nov. 30, 1940, at Greenwich, Conn.

The actress was escorted to the altar by a close friend, director Edward Sedgwick. She was dressed in Alice blue satin, a white crocheted hat and held a small bouquet of lilies of the valley.

Only immediate members of the family attended the simple rites. The couple planned no second honeymoon, both having motion picture commitments.

U. S. Health Problems Will Be Discussed By House Committee

WASHINGTON, June 20. (AP)—Congress this week starts what may be the most thorough check-up on national health it has ever attempted.

General health problems and specific diseases will be examined by a House commerce subcommittee. Some of these problems are being treated for the first time in congressional hearings.

The hearings will run from Tuesday through Friday, on proposals to help combat ailments like:

Arthritis and rheumatism, multiple sclerosis (a brain and spinal cord affliction in which nerves deteriorate), cerebral palsy, epilepsy, leprosy, cancer, heart disease, infantile paralysis, blindness and eye disease.

Survey To Be Considered

Before the subcommittee are dozens of bills dealing with these illnesses. Most of them propose setting up a special agency in the Public Health service to conduct research and experiments on the cause, prevention, diagnosis and treatment of the specific disease.

But that isn't all. Subcommittee members are going to consider a proposal for a "survey of sickness in the United States." Rep. Fogarty (D-RI) is pushing this.

His bill calls for a study by the Public Health service to determine the number, age, sex, ability to work and occupations of people suffering from disease, injury or handicaps. He wants to find out the type of disease or injury and how long the sufferer has been prevented from working.

Fogarty says the latest information along this line is 13 years old and up-to-date facts are needed to size up the health of the people and make proper plans for a health improvement program.

Study Branching Out

Then Rep. Miller (R-Neb), a doctor, wants to set up a "medical care investigation commission," of four members of Congress and three outsiders, to look into "all phases of medical care in the United States."

The commission would report back to Congress in 18 months.

If Congress okayed something like that, it would mean delaying President Truman's health program until the study had been finished. Basically, that program is what the subcommittee started considering in the first place. Now it is branching out.

The President's plan includes a controversial, compulsory health insurance system for paying medical bills—patterned on the social security program. There is fairly general agreement that Congress won't do much about that during this session.

But some leaders think other health measures might fare better—things like the President's suggestions for getting more doctors, nurses, hospitals and medical research.

Elevator Operated By Voice Is Shown

MONTREAL, Que., June 20 (U.P.)—A voice-operated automatic elevator which understands two languages went on exhibition today.

The bi-lingual elevator, developed by the Westinghouse elevator division at Jersey City, N. J., was displayed at the Building Owners and Managers association convention.

There was an operator on hand to demonstrate it. When he said "going up" or "monter," the French equivalent, into a microphone, the elevator doors closed and it rose to whatever floor was indicated. When the operator said "down please" or "descendre" the elevator descended.

The gimmick is that Westinghouse does not intend to build such an elevator for public use. The one on display here was a one-foot model. Harry Welden, Westinghouse spokesman, said it was built to demonstrate the "uncanny alertness" that engineers put into modern elevator controls.

Governors Meet In Colorado

Cut In Federal Aid Proposed

COLORADO SPRINGS, Colo., June 20 (AP)—A freshman Democratic governor—Adlai E. Stevenson of Illinois—said today that all government costs too much and the states had better set their own houses in order before quarreling about federal aid.

Stevenson, who has gained mention as a Democratic presidential possibility in 1952, told a reporter he doesn't agree with some of his governor's conference colleagues in demanding greater control over the spending of U. S. money.

"Government is too expensive at all levels," he said. "We need economy from the township up to Washington. But until we can do a better job in government at local and state levels we ought not to be damning federal interference at the same time we are asking for more feedral funds."

Bigger Tax Bite Problem

The 41st annual governors' conference, beginning its official sessions today, has before it a proposal for a 20 per cent cut in federal aid grants to states—to be made up by increased state tax collections from theater admissions, gasoline sales, electric and telephone service, if the federal government would withdraw from those fields.

Gov. James H. Duff, Pennsylvania Republican, has complained about too much Washington interference in administering relief and other programs.

Gov. Earl Warren, California Republican, said he doesn't think federal aid can be cut until some definite agreement is reached to give the states a bigger bite of tax collections.

General To Speak

"When you get down to cases and try to decide who is going to give up what in the way of taxes, that's when the difficulties begin," he told a news conference yesterday.

Gov. Thomas E. Dewey of New York, the 1948 GOP presidential nominee, will be head man when the governors get down to cases on the federal-state government questions tomorrow. Dewey, who hasn't seen Warren since he and the Californian lost last year's election, arrives from the east today.

With Gov. William Preston Lane, jr., Maryland Democrat, presiding, Gov. Lee Knous, Colorado Democrat, officially opens the conference which tonight will hear Lt. Gen. Walter Bedell Smith discuss foreign policy in an address approved in advance by the State department.

Smith, former ambassador to Moscow, is expected to define this country's relations with Russia for the governors, who otherwise

THE QUESTION

What is your reaction to news of unemployment and of relief laws which have been put into effect in five states?

THE ANSWERS

H. B. BROWN, 1404 Ave. O, bricklayer: "I think it will affect us. It will reach this area eventually. The unemployment is a pretty bad situation. Naturally, with prices as high as they are, it is going to affect the country more than if it were on a level plane. I'd think everyone should accept it as a warning to insure their own employment."

M. S. PARKE, 1508 Twenty-second, salesman: "I think that Roosevelt was right. We have 'nothing to fear but fear itself.' I think we're just in a buyer's market and that business is starting to resume its normal course. The situation is really healthier than it was before. If you just go on down the middle of the road and not fear things, they will straighten themselves out."

JOHN WEBB, Spur, Soil Conservation service: "I would assume that those who see after our national economy are taking precautionary measures to prevent a slump. I base that opinion largely on the fact that our debt was accumulated by spending 'cheap money' and we'll have to get out the same way. I don't think anything like a depression is in the offing. Relief keeps some from being without money and if everyone has a little money, there's no reason for cars to get back to $900, for 25-cent hair cuts and five-cent shoe shines and so on."

DOYLE COX, 2510 Thirtieth, fountain waiter at Mark Halsey Drug store No. 1: "Jobs are rather hard to find now. If you were to get out of one, there you'd be with a problem on your hands. It's a stabilizing influence in a way because it keeps people from shifting so much."

WARREN SHOTWELL, Lamesa, salesman for McPhaul Motor Co.: "There are so many angles you can think about. It could be seasonal or it could lead to greater unemployment. Being a salesman, I am of the opinion business has a better selling job to do. That would keep unemployment from getting any worse."

G. L. PETTY, Lubbock route 7, attendant at Littrell Gulf Service station: "I think the relief laws have some good points. Around here, however, anyone can find employment if they want it badly enough It isn't any cause for worry."

Hospital For Unwed Mothers Is Richer

HOLLYWOOD, June 20 (AP) — The St. Anne maternity hospital for unmarried mothers is $41,012.50 richer today, all because of an auction sponsored by actress Loretta Young.

Jewels, gowns, antiques, furs, and even cocker spaniels were donated by motion picture actors, actresses and executives for the auction, held four days last week.

Even the gavels of volunteer auctioneers Roy J. Goldenberg and Jack Gregson went under the hammer. There was one instance of a donor buying back his own donation.

Tom Lewis, Miss Young's husband, got back an antique baby buggy which Bel-Air firemen had redecorated for his wife.

"They did such a wonderful job," said Miss Young. "I told Tom I couldn't bear to let it go."

CHURCH SERVICE, LUNCHEON FEATURE PROGRAM

"Sign Language" Sermon Is Given Here For Area Deaf

By OPAL DIXON
Journal Staff Writer

For the first time in 20 years, some of the deaf of the South Plains received the words of a sermon Sunday.

With engrossed expressions, they watched the youthful Miss Beatryce Hale, missionary to the deaf, as they received the words of the sermon by means of sign language at Thirty-fourth Street Baptist church.

Their eyes wandered occasionally to the minister whose words they could not hear, but returned quickly to the young brown-haired girl who has dedicated her life to helping the deaf.

For those who must live in total silence, it was a day of joy—a day in which they could find an outlet for the things they had to say and a means of "conversation" with those who have the same language they do.

The language is clear to many of them. It is a matter of fast motions of the hands, which tell the words in fast sequence.

For example, as a quartet rose and sang by means of sign language, the finger pointed to the center of the palm meant Jesus—described by Miss Hale as one of the most meaningful words of the sign language. It represents the nail placed in Jesus' hand at the crucifixion.

One man walked 14 miles from Shallowater to attend. He is F. J. Terry, partner with his father in a Shallowater cafe. He left in the afternoon, not remaining for the night service, to hitch-hike his way back home. He frequently walks all the way from Shallowater to attend the "Silent class" in Sunday school at the Thirty-fourth Street Baptist church. Sometimes he gets a ride; often he does not.

After the morning sermon, approximately 35 deaf persons present ate luncheon served by women of the church. They then went to the I.O.O.F. hall for a business meeting. They returned to the church at 6 p. m. for a picnic, then went into the night service in which Miss Hale again in-

SING HYMN IN SIGN LANGUAGE—A quartet of deaf persons sang "Let Others See Jesus in You" by sign language at the service for the deaf, while Miss Nidra Williams, Thirty-fourth Street Baptist church secretary, sang the hymn vocally. Pictured, from left to right, are Miss Williams and quartet members, Mrs. Raymond Schultz, Guthrie Williams, and Mr. and Mrs. Ben W. Harmon. Although many of the deaf can speak, they frequently use the sign language when together because it enables their fellow deaf to know what they are saying. (Staff Photo).

INTERPRETS SERMON—Miss Beatryce Hale, above, was interpreting Rev. John P. Baker's statement that Joshua was "strong in character, having a fervency of spirit," when the above photograph was made. Approximately 35 deaf persons were watching her with intent expressions. The sermon was a Fathers day message. (Staff Photo).

"Yassuh, Brudder Jones," returned the parson, "dat's right. All dem angels got wings."

"Den how come, if'n dey got wings, dey's gonna be a-wawkin on dem streets, and up and down 'dem stai's, 'stead of flyin'?"

"Oh," said the preacher, "dey will be a-flying most of de time. When Ah said we'd see 'em a-wawkin', Ah was thinking 'bout de times when der wings would be a-moltin'!"

We have a letter from a reader, as follows:

"Some of us were talking the other night about our American Presidents and someone insisted that only one had been completely bald.

"Can you tell us if that is true and, if so, give us the name of the bald President?"

Frankly, we can't answer the question. If any reader can, we'd appreciate hearing from him.

WE'VE always felt sorry for people with allergies — those thrown into tail-spins by the pollens of various weeds and flowers, by horse dandruff, from the juices of various fruits and berries, etc.

But the fellow we feel sorriest for is a guy we know who is allergic to cigar smoke.

This man occasionally has to go to board meetings, or other gatherings, where a considerable number of men are present and two hours spent around cigar smoke forces him into bed for a day, as sick as a sick horse.

In order to get himself back to normal, he has to wash his hair and send his clothes to a cleaner before he can wear them again without becoming desperately ill.

Peculiarly, cigaret smoke doesn't bother him — from other people's cigarets, that is.

But he cannot smoke — even without inhaling — without being adversely affected.

This man has gone to numerous doctors, seeking some sort of medicine, treatment, or "shots" to immunize him against the tobacco allergy.

But he's never found anything that will help him.

WALTER Winchell recently reported that Supreme Court Chief Justice Fred Vinson has become a busy White House political advisor.

Every once-in-awhile, Droop Pearson, or somebody else, discovers that Justice Felix Frankfurter is outlining some sort of program or other for the administration to carry out; that Justice William O. Maybe it would be a good idea to go back to the old system whereby Supreme court justices were Supreme court justices, neither too busy, nor too indisposed, to give full time to the jobs to which they were appointed.

WHEN he was going through some old records the other day, Dr. Clifford B. Jones happened to run across an item of interest connected with the recent beer election in Crosby county.

In some old Crosby county records, Doctor Jones found the following:

On June 13, 1887, the Crosby county commissioners court met to canvass election returns after a vote on whether or not to legalize the sale of beer and liquor in Crosby county.

The vote: 3 for; 21 against.

The ratio was 7-to-1 in 1887. In the most recent election over there the vote was 1,230 against legal beer; 409 for it. The ratio, 3-to-1.

On the basis of the past, Crosby county is likely to remain legally dry until the year 2002.

☆ ★ ★

In the same set of records, Doctor Jones found another item which will be of interest to South Plains taxpayers—in and out of Crosby county.

At the same June 13, 1887 meeting, Crosby county's commissioners set the tax rate. It was:

$1 per acre of ground; $7.50 per head for cattle.

That was a bargain, hey?

DOWN MEMORY LANE: If you think our occasional sandstorms are bad these days, be here officially informed that back in the mid-1920's it was not unusual for people to wear goggles on the street, nor was it unusual for them to wear handkerchiefs tied over the lower parts of their faces, when a sandstorm was on . . . But something like two decades ago, some weisenheimer decided that the lake's bottom should be dredged. It was—so much that the essential silt was raked off'n the bottom and the lake bottom has leaked ever since! Incidentally, that part of Mackenzie park originally was a county park, and was named for Lubbock county's first judge, George Shannon . . . Lubbock had an afternoon paper, very briefly, before the birth of The Journal, in the Fall of 1925. The first afternoon daily here was called "The News," and was published in late 1924 as a companion paper to the Lubbock Morning Avalanche, by James L. Dow who sought to grab the afternoon field before The Journal, then a weekly, could get set to enter it . . . BY DREW PEARSON: AMERICAN TOURISTS SHOULD BE U. S. GOOD-WILL AMBASSADORS

Oil Companies Carpetbagging On Marshall Plan

(ED. NOTE — Part of Drew Pearson's column today takes the form of a letter to James Webb, acting secretary of state).

MR. JAMES WEBB,
Acting Secretary of State,
Washington, D. C.

Dear Jimmie:

When your old chief, O. Max Gardner, was preparing to become ambassador to England, he was working on an idea which you, who were not with him at that particular time, may not have known about. And since Max is now where he can't put his own ideas across, it occurred to me that maybe you would consider helping to put them across for him.

PEARSON

This is the season when thousands of American tourists are sailing for Europe and when Max would have especially wanted his idea to be circulated.

Though Max was departing for our most important of all embassies, he felt that no ambassador was any more important than the rest of the American people.

In brief, he thought that every traveling American, whether he likes it or not, is an unofficial ambassador, and as he conducts himself abroad so he builds up good will or ill will for his country.

So Max figured it might be a swell idea to take a leaf out of the Army's book and let everyone getting a passport also receive a little pamphlet on the importance of spreading good will while traveling abroad.

The State department hands out a lot of other dull visa information with each passport which nobody ever reads. It might as well hand out some human, readable information instead.

* * *

G. I.'s Were Ambassadors

Before the American Army landed in England, every G. I. was given a small booklet telling him about the English people, reminding him that he was a representative of his country, that whatever he did would reflect on his country.

The Army did an A-1 job of selling the American soldiers on getting along with their allies and most G. I.'s took the hint. On the whole they were excellent ambassadors for the U. S. A.

I think what Max Gardner had in mind was that an invading army of tourists can be pretty much like an invading army in wartime. Even though we're fighting on the same side or even though we're spending tourist dollars, we sometimes get in each other's hair.

The raucous American tourist who knows all, sees all and wants to tell all, can cause his country more harm than an ambassador can patch up in a week. He thinks that a surfeit of dollars can atone for a deficit of courtesy. On the other hand, the kindly American who is much more typical of this country can create more good will than a paid ambassador, because there are so many of them.

As we all know, getting around in Europe isn't so easy these days. You butt your head against a certain number of slow-moving customs officials, slick-moving waiters and dollar-greedy hotel managers. And that's why it's all the more important for Americans traveling abroad to be reminded that even though they pay taxes to keep ambassadors plenipotentiary and envoys extraordinary on the job, they themselves can do an equally important job of representing their country abroad.

I realize that some know-it-all Americans would resent being given this word of advice when their passports are handed out by the State department. But I don't think they'd resent it if they knew it came from a great human being like Max Gardner who was always thinking about his country first and who isn't around to help his country any more.

Sincerely yours,
Drew Pearson.

WHILE economy-at-any-cost senators are chopping off dollars going to Europe under the Marshall plan, they have completely overlooked the unfair profits rolling back. Of these, the big oil companies alone are gobbling up more Marshall plan dollars than the senators have been able to save.

The amazing, little-realized fact is that 20 per cent of the money appropriated for the Marshall plan is spent for oil products. And out of each dollar, the oil industry is squeezing a fantastic profit. What this really amounts to is carpetbagging—at the expense of European recovery and the American taxpayer.

Here are some of the eye-opening ECA figures: it costs the oil companies only 40 cents for a barrel of Saudi Arabian oil. Yet these companies have been charging Marshall plan nations $2.20 per barrel for fuel oil. After a great deal of ECA pressure, this was finally reduced to $1.75 per barrel. Yet for the same oil the Navy pays only $1.40 per barrel.

How the Navy is able to buy oil 35 cents cheaper is difficult to understand—particularly because of the short haul from Saudi Arabia to Europe.

However, the probable explanation simply is that ECA is not a tough customer. In fact, ECA isn't permitted to deal directly with the oil companies, merely puts up the cash and leaves it to individual countries to arrange the price.

ECA is constantly hammering at the oil companies, however, to bring their prices within reason. Instead of using the lash of public criticism, ECA is merely slapping the oil boys over the wrist in private. As a result ECA has got nowhere.

The Senate might also find it more economical to demand more value from the dollars spent rather than to cut appropriations. In that way, Marshall plan dollars could be stretched much farther.

Note—The Federal Trade commission is also investigating oil profits under the Marshall plan—to find out whether the anti-trust laws have been violated.

Trouble With Baseball Same Problem In Everything Else

CINCINNATI, June 20.—We have been to call on Mr. Waite Hoyt, the vintage boy wonder, and Mr. Hoyt says what is wrong with baseball today is largely what is wrong with everything.

The slim, quite professional Mr. Hoyt looks as young as you do, maybe younger, and certainly less bulgy. It is a kind of shock to recall that he came up at the age of 16 in 1915 and that he played for the Giants, Red Sox and Yankees until 1938. Nearly 23 years for a skinny pitcher is a long time, even for a boy wonder which is what they always called Mr. Hoyt in the inspired sporting press.

RUARK

Mr. Hoyt now broadcasts the games of the Cincinnati Reds for a beer firm and is in close touch with baseball. He winces when occasionally, as happened not long ago, five pitchers were employed to pitch to five batters in the same inning. He winces when lineups are constantly shuffled to permit left-handed batters to hit against right-handed pitchers and the other way around.

"We breed weaklings," Mr. Hoyt says. "We breed specialists. We breed piece-work pitchers. We breed guys who think they are good if they can go four heats. We are attacking the core of confidence in the batters when we persistently jerk them to let other batters hit. I know one guy—left-handed batter—hasn't hit against a left-handed pitcher in two years. How will he ever know if he can or can't?"

Game Too Contrived

Mr. Hoyt says pitchers today come in frozen-food packages and that baseball is no longer a game of nine men against nine men. "It has become too contrived like everything else," says Mr. Hoyt. "It is getting to be a game of percentage and statistics and I will tell you, friend, the game is just not that exact."

We hauled out the pencil and put down the lineup of the old Yanks of Hoyt's heyday—Combs, Dugan, Gehrig, Ruth, Meusel, Lazzeri, Koenig and Collins.

"I do not recall," Mr. Hoyt remarked, "that anybody ever hit for anybody in that lineup against right or lefty pitching unless it was occasional stand-in for the catcher or pitcher. Just as a pitcher's heart bust if he didn't go the full stratch, those guys prided themselves on being able to whack anything that came up at them. They knew what was expected of them and they drove themselves to fulfill it. Pitchers today don't even seem very mad when they're taken out of the game," Mr. Hoyt continued.

* * *

"I USED to get knocked out, I was sore and ashamed for a week. We never even thought of pitching more than once every four days then. Now you see the same guys day after day—three innings today, two tomorrow, three the next."

"You see guys rapping homers today that never hit homers, and I can't tell you whether it's the ball that's livelier or the pitching is bad. The good pitchers seem to win, though, so you can't blame everything on the ball or on night games.

"Baseball always seems to hook itself onto the age. In a depression you get cautious ball. We are living now in a highly specialized age, full of uncertainty, theory, second-guess contraptions, contrivances and top-level guidance. I guess baseball is just following suit. I went back to an old Yankee reunion last year and all I met was executives, vice-presidents in charge of this and that and the other. I met executives for an hour before I ever met a ballplayer."

It seemed to me that this was not a bad approximation of our governmental scheme in which one becomes so mired in specialists and the end is often lost in a slough of specialized confusion. Mr. Hoyt's analogy certainly seemed to button neatly onto the civilian scene where the citizen is so constantly experted and hearded that little time is left for him to discover whether or not he might be proficient against both right and left-handed throwing.

"Try And Stop Me"

WHEN Somerset Maugham, the author of Of Human Bondage, The Razor's Edge, and dozens of other famous novels, visited Bombay, he was very definitely neglected by the snobbish English colony. Finally, however, a dowager condescended to speak to him at a large reception. "Mr. Maugham," she hazarded, "could you by any chance be related to Lord Maugham, the Lord Chancellor?"

"Yes," he said "He's my brother." The dowager summoned her friends "This Mr. Maugham," she informed them breathlessly, "is the brother of the Lord Chancellor." Then with hardly a pause, she said to Mr. Maugham, "Will you come to lunch on Wednesday?"

BY RUTH MILLETT: TO THE LADIES

The Feminine Viewpoint

CHANCES are about three-to-one that the modern girl sometime during her life will wind up as a combination housewife-career girl, says the Women's Bureau of the Labor Department.

Those are the odds. So what are you doing to make sure that your teen-age daughter will be able to handle both jobs successfully?

She probably has some ideas of her own as to the kind of job she wants. And you are probably making provisions for her to get the necessary training for her career—whether that means sending her to college, to a business school, letting her go into nurses' training, of whatever it may be.

MILLETT

But are you doing anything to help her prepare for the role of housewife?

In order to manage both a career and a household a woman has to be able to do both jobs efficiently and with as little wasted effort as possible. Since girls don't, as a rule, learn a great deal about practical homemaking in school, training them for home-making is a job mothers should take over.

* * *

MOTHERS OVERLOOK ASPECT

YET it is surprising how many mothers neglect that part of their daughters' training. They believe that they have done everything they should for their teenage daughters in the way of marriage preparation if they help them to be popular by getting them pretty clothes or letting them entertain.

Such mothers don't worry over the fact that their daughters may go into marriage knowing absolutely nothing about child care, cooking, managing a home, decorating, or entertaining graciously.

That's not so bad if a girl is going to be able to spend all her married years learning how to be a home-maker. If that's her full-time job she can take her time and muddle through her work, even though she isn't very efficient at it.

But it's a different story if a girl has to be a home-maker after working hours. Then she hasn't the time to learn by the trial and error method.

So, since the odds are in favor of your daughter's combining marduring her adult life, you really owe it to her to give her some sound and sensible training in the job of home-making.

Today's Thought

He shall pray unto God, and he will be favourable unto him: and he shall see his face with joy: for he will render unto man his righteousness.—Job 33:26.

* * *

I have been driven many times to my knees, by the overwhelming conviction that I had nowhere else to go. My own wisdom, and that of all about me seemed insufficient for that day.—Abraham Lincoln.

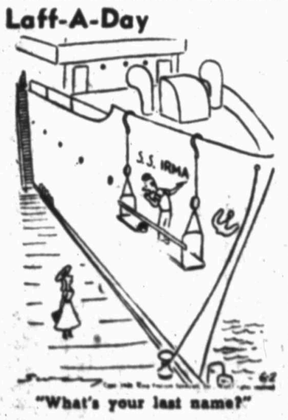

Journal Jabs

"I make my own hats," Carmen Miranda told an interviewer. It seems that "build" would have been a much more appropriate verb.

* * *

When some ideas are boiled down they disappear.

Laff-A-Day

"What's your last name?"

Today's Journal Editorial

WHAT GOES ON HERE?

Japanese newspapers charged the other day that an attempt had been made to blow up a special railroad train carrying Emperor Hirohito, members of his staff and family.

Headquarters of the American Military government countered with a denial. No such attempt was made, said the offices of General MacArthur.

From where we sit it's not so important whether the attempt was made, or was not made. What is important is why the Japanese emperor travels in a special train.

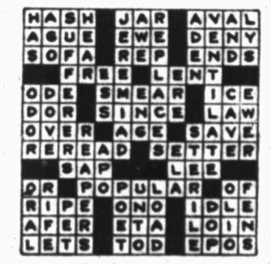

As we, and most Americans, understand it, Japan, led by Hirohito, lost a war, after countless acts of brutality and viciousness aimed at our young men. As we understand it, our occupation of Japan is supposed (1) to keep the Japs in control; and (2) teach them democracy.

Permitting the emperor to ride around in the same high state to which he was accustomed before Pearl Harbor doesn't fit in with either of our programs in Japan.

Why, then, is it permitted?

To most Americans—and especially to Americans who fought the Japs—Hirohito is just another Nipponese Joe who ought to be made to bear a full share of responsibility for the war and inhuman mistreatment of our boys who fell into Japanese hands.

City Woman Is New Golf Head

Mrs. T. E. Patterson, of Lubbock, is the new president of the Women's West Texas Golf association.

Mrs. Patterson, who was co-chairman of the tournament committee for the women's tourney staged at Lubbock Country club last week, was elected to the post at the annual association meeting held in conjunction with the event.

Mrs. Claude Foster, Odessa, was chosen as vice-president. The position of secretary-treasurer is to be filled later by Mrs. Patterson's appointment.

Lubbock Woman Honored

Mrs. Fenner Tubbs, Lubbock, co-chairman with Mrs. Patterson of the tournament committee here last week, was re-elected to the association's board of directors.

El Paso Country club submitted the only bid for the 1950 Women's West Texas tourney. Action on the El Paso bid will be taken by a mail vote of the new board of directors within the next few weeks, Mrs. Patterson said Sunday. Indications are that the tourney will be awarded to the Rio Grande city.

Slight revisions were made in the association's constitution and by-laws at the annual business session here.

Record Field Competes

The attendance trophy, given each year to the custody of the out-of-town club with the greatest representation, this year will be shared by Odessa and Plainview. Each had eight players in the tournament here.

Mrs. Patterson, at the close of the event Sunday, termed the 1949 tourney as "undoubtedly the finest—both in quality and quantity—that the Women's West Texas Golf association has ever held. The entry list of 110 golfers was the largest in the association's history, and nearly three times the number, 35, who competed in the first annual tournament here in 1935."

She expressed her, and the association's, thanks to all persons who helped make the tournament such a success.

Retiring officers of the association include Mrs. Howard Edmiston, Brownwood, president; Mrs. John H. Lockaby, San Angelo, vice-president; and Mrs. J. Hooper Stiles, Lubbock, secretary-treasurer.

Deaf Attend

(Continued From Page One)

terpreted the sermon by sign language.

Some of those present can read lips. One young man smiled when asked at the luncheon if he could read lips. He answered immediately. "How old are you?" Miss Hale asked him. "Twenty," he answered immediately. "Do you go to school?" she asked. He answered that he had been graduated this year from the School for the Deaf at Austin, in which he had been a student since he was seven years old. He is Bobby Barlow a 708 Ave. A, a baker.

Most Are Employed

Most of the deaf residents of this area are employed, having jobs which do not require much direct contact with the public.

"The adult deaf don't speak very well, because they weren't taugh to speak in school, but the children now are being taught more to talk and each year the children who are coming out of our schools are able to talk and read lips much better and get along with other people better," said Miss Hale.

The young missionary to the deaf, who represents the Southern Baptist Home mission board, began talking in sign language when she was three years old. She lived two blocks from the Tennessee School for the Deaf and played with children from that school as she grew up. When she was 14 years of age she began interpreting sermons by sign language in the First Baptist church in Knoxville, Tenn., and later worked in several schools in Tennessee.

Communted To Waco

She left Tennessee to enroll in Southwestern Baptist Theological seminary at Fort Worth last fall. She commuted to Waco on weekend to help a group of deaf persons there. She is spending this summer traveling over the state to help organize church groups for the deaf. Next fall, she will teach in the Texas School for the Deaf and expects to return the following year to the seminary to study. She organized a club for purpose of study of the sign language during the last year at the seminary. She hopes, upon her return there, to start a class for purpose of studying the sign language. More persons are needed to work with the deaf, she said.

She has a master of science degree in education for the deaf from the University of Tennessee. She did not organize the group in Lubbock, because a Lubbock chapter of the Texas Association for the Deaf already was operating here. It meets once a month. The monthly meeting held Sunday was combined with the general program of Sunday school, two church services and luncheon and the picnic.

Dr. Chatman Congratulated At Celebration

Surprise Party Staged For Outstanding Negro Citizen

"Even without my favorite dessert, watermelon, this was the most enjoyable party I ever had," Dr. Joseph A. Chatman said at a surprise party in his honor last night.

The party, which took place on the lawn of the Chatman Hospital Clinic, culminated a 'Juneteenth' celebration in which Dr. Chatman was named Lubbock's most valuable and outstanding negro citizen. Dr. Chatman was chosen overwhelmingly by cards and letels sent to the Avalanche-Journal.

Received Mysterious Call

Late Sunday afternoon, Dr. Chatman said, he received a call to go immediately to Bill Goldstein's drugstore. Thinking it an emergency call for medical aid he hurried right over. After he got there a number of friends detained him for almost an hour. They professed ignorance of the call.

Somewhat baffled by the mysterious message, Dr. Chatman drove back to his hospital. A complete change had taken place on the landscaped grounds. Tables had been set up and a sumptuous supper spread out on white cloths.

As he stepped out of his car happy greetings and congratulations were showered on him. Telephone calls and telegrams began to come in. Scores of them were from white friends who have the greatest respect for the fine work Dr. Chatman has done in Lubbock.

"I was really overwhelmed," Dr. Chatman said. "It is such occasions that make a man humbly grateful. It is wonderful to know you have so many fine friends. It was the happiest day I have ever had and I don't know how to express my thanks.

"The words seem inadequate but all I can do is repeat, I thank you, I thank you." Dr. Chatman was obviously deeply impressed by the honor bestowed upon him.

Dr. Chatman received more than 25 gifts from his visitors and well-wishers. During the course of the evening more than 200 dropped by to shake hands.

Record Cited

Dr. Chatman, who got his medical education the hard way, came to Lubbock ten years ago with only $7 in his pockets. In that single decade, he has built a fine, approved hospital, a two-story brick home and a practice that has the utmost faith in his ability.

Dr. Chatman is a member of many organizations including the American Medical association. Last year he was named the outstanding man of the Commonwealth club of which he is president.

"I believe the best way I can show my gratitude for the honor that has been shown me is to continue, humbly, my work as a doctor and a citizen of this community," Dr. Chatman concluded.

Those responsible for the surprise supper were Sentell Lyons, Charles Chatman, Beatrice Chatman, Hazel McGrew, Sally Stanley and Othelene Burk.

Governors

will be occupied almost solely with domestic problems.

Welfare Program Favored

Warren sits as chairman over the first discussion—a round table on the constantly shifting tides of social security and welfare.

The California governor made it plain he hasn't gone back on the welfare program he sponsored in last year's presidential campaign. He said he remains firmly committed to federal aid to education, a long-range housing program and to health insurance.

He urged that the states develop their own health insurance programs—a proposal his own California legislature has defeated. But he added:

"If the states can't or won't do it, I'm of the belief that a national program is essential."

Gov. Roy J. Turner, Oklahoma Democrat who headed the Truman-Barkley clubs in the 1948 campaign, presides at an afternoon session on education problems.

Accidents Alarming

Lane told his colleagues in a prepared address that they had better get busy on the question of highway safety, which he said "unquestionably" is the job of the states. Lane served as vice chairman of President Truman's 1949 highway safety conference.

He said that automobile crashes account for more than one-third of all accidents in the country yearly.

"There is an injury caused by an automobile every 25 seconds in the United States," he said. "Every 18 minutes someone is killed in traffic and it is costing us $170,000 an hour, 24 hours every day.

"It is our responsibility and we had better get on with the job of meeting it."

Two Members Of Barker Gang Shot To Death After Robbery

LINCOLN, Nebr., June 20. (AP)—Two members of the notorious, Barker gang of more than a decade ago have been identified as the men shot to death in a gun duel with Nebraska officers following a $75,000 jewel robbery last Friday.

Albert C. Gladson, 48, and Alton Crapo, 47, were identified through fingerprints last night as the men killed a little more than two hours after they had robbed a Lincoln salesman of a small fortune in diamonds.

Both had long criminal records, Crapo having spent a term in Alcatraz, Lt. Harold Smith, head of the criminal division of the Nebraska safety patrol, said.

Ma Barker Killed

The Barker gang, notorious for bank robberies and killings, broke up in the mid-30's after "Ma" Barker and Freddie Barker were killed by FBI agents in Florida.

Of her other sons, Arthur was killed in 1939 while trying to escape from Alcatraz. Lloyd, who served a 25-year-term at Leavenworth, was killed at his Denver home March 18. Herman was killed in the early 1920s.

The Barker gang, which grew up in southwest Missouri and later went to Tulsa, Okla., climaxed its long career with the kidnaping of Edward G. Bremer, St. Paul Brewer, who was held for $200,000 ransom.

Gladson's criminal career began in 1920 when he was sentenced to the Missouri state penitentiary for robbery. He also had served time for killing a Kansas police officer, possessing firearms and grand larceny.

Thugs Typed Off

Crapo was convicted in 1928 in connection with a Colorado bank robbery. He had served time at both Leavenworth and Alcatraz for possessing firearms and had been charged with bank robbery in Kansas and Missouri.

Lt. Smith said the pair apparently had been "tipped" Elton L. Goldberg, Lincoln Jewelry salesman, was carrying a large stock of diamonds.

They forced Goldberg and a companion, Williard Davidson of Lincoln, to the side of a highway detour near Lyons, Neb., robbed them of the jewels and fled.

A farmer, who stopped during the holdup was warned by the gunmen to "keep going or we'll blow your head off." The farmer drove to Lyons and gave the alarm.

Some two hours later, the gunmen's car was spotted by Nebraska officers. They closed in and shot it out with Gladson and Crapo. The gunmen were killed and Sheriff Edward J. Patach was shot in the hands.

Wedding Heard In 4 States By Phone

HOLLYWOOD, June 20 (AP)—Janet Shore, 21, pretty Miss Miami Beach of 1947, and Nathan Borin, 53, wealthy Chicago manufacturer, are honeymooning in Hollywood today after an unusual wedding ceremony heard in four states by telephone.

A telephone hookup was arranged so that relatives and friends could hear the ceremony performed at the Flamingo hotel, Las Vegas, Nev., by Judge Frank McNamee last Saturday night.

The bride's parents, Mr. and Mrs. Morris Shore, listened in at Boston and other friends and relatives were at telephones in New York, Los Angeles, Chicago and Swan Lake, N. Y.

The marriage came after lengthy court battles between Borin, maker of art goods, and his former wife, Mrs. Claire Borin. Mrs. Borin named Miss Shore as co-respondent in a divorce complaint charging adultery.

At one point Miss Shore sued Mrs. Borin for return of her clothes found in Borin's apartment.

Drug For High Blood Pressure Discovered

PHILADELPHIA, June 20. (AP)—A new drug credited by doctors with decreasing blood pressure has been announced by the University of Pennsylvania.

The new drug, called dihydroegocormine, was developed by four university physicians engaged in a drive to fight heart and circulatory diseases.

The university said "this favorable combination of effects had been observed" for the first time:

(1) "The spasm of the brain blood vessels which accompanies high blood pressure can be released."

(2) "The blood pressure of the body is lowered."

(3) "There are no unfavorable effecis on the patient."

The university announcement said the drug, developed from a fungus which sometimes grows on rye and other grasses, is injected into the muscles and temporarily lowers general blood pressure.

Doctors explained that the drug is not recommended for routine treatment of high blood pressure cases, as its effect is only temporary.

Russia Ready To Resume Return Of Japanese Prisoners Of War

TOKYO, June 20. (AP)—Russia said today she is ready to resume repatriation of Japanese prisoners of war. General MacArthur has been pressing the Soviet to speed up their return.

The Russian intention was announced in a letter from the Soviet mission here to allied headquarters. It requested that four Japanese ships of 2,000-man capacity be sent to Nakhodka, Siberian repatriation shipping center 50 miles east of Vladivostok.

These ships, the Russians said, should arrive at Nakhodka on June 25, 27, 29 and 30. The Japanese government has been holding ships in readiness for nearly two months.

An allied headquarters spokesman said the shortness of the Soviet notice "apparently is an attempt to embarass us." It is expected, however, the ships will meet the Russian deadlines.

Just a week ago, MacArthur accused Russia of failing to live up to repatriation agreements. The allied commander said:

"This failure to meet international commitments and maintain normal standards of human decency in the disposition of captives finds little parallel in the history of modern civilization, and is calculated so to outrage moral sensibilities that even the Japanese Communists have been moved to register a bitter and indignant protest."

The Russian letter today did nothing to clear up the running repatriation dispute except to set a starting date and quotas for the first four shiploads.

Allied headquarters and the Japanese government have accused Russia of holding 408,000 Japanese. A Moscow announcement last month said the "remaining 95,000 Japanese officers and soldiers" would be sent home "between May and November."

Officers Are Named By Amvets Session

WACO, June 20. (AP)—New Texas department commander of the Amvets is J. H. Barnesburg of Camp Hood. He was elected at the closing session of the Amvets fifth annual convention yesterday to succeed J. Earle Kuntz, Wichita Falls.

Other state officers are Bert McDaniel, Waco; Joe Farmer, Dallas, and Dr. J. C. Chapman, Gatesville, vice commander; Frank Willey, Camp Hood, finance officer; Herb Manning, Fort Worth, judge advocate; A. B. Crawford, Wichita Falls, provost marshal; Enoch Totter, Fort Worth, national executive committeeman, and T. V. Foote, Gatesville, alternate.

Third Coat Of DDT Is Given San Angelo

SAN ANGELO, June 20. (U.P.)—This polio-stricken West Texas city got its third coat of DDT today.

City Manager Sam Lawhon said spraying operations would continue until the epidemic subsides.

The outbreak has stricken 194 persons, killing eight.

Four new patients were admitted to Shannon hospital yesterday, but nine were discharged to bring the total under treatment down to 58. Ten patients were being treated at the Smaller Clinic hospital.

Three more physical therapists were scheduled to report to Shannon for duty in the next two or three days. At least 20 technicians supplied by the National Foundation for Infantile Paralysis were on duty today.

Illinois is known as the "sucker state."

EAT PLENTY AND TAKE OFF UGLY FAT

When you buy Barcentrate, you buy a preparation for taking off weight. You do not pay for any printed diet or for vitamins to fortify you against weakness while on a starvation diet. You need never know a hungry moment while taking this preparation. Barcentrate is the original grapefruit juice recipe for weight reduction.

Just go to your druggist and ask for four ounces of liquid Barcentrate. Pour this into a pint bottle and add enough grapefruit juice to fill bottle. Then take just two tablespoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show you the simple, easy way to take off ugly fat, return the empty bottle for your money back.

Lost 56 pounds

Here is what Mrs. L. J. Bryant, P. O. Box 56, Whitewright, Texas, wrote us: "I want to tell you what Barcentrate has done for me. I weighed 268 pounds when I started taking it. I now weigh 212.

"I have taken my dress size down from size 50 to 44 and never felt better in my life and everybody tells me how much nicer I look than I did.

"I am still taking Barcentrate as I want to get my weight down to 165 or 170 pounds."
