National Red Ribbon Week

Tie a red ribbon around your tree, your front gate or door knob and help us promote the Drug Free Awareness Week, October 23-30.

Red Ribbons will wave across the Panhandle and the state of Texas next week as volunteers decorate businesses, schools, and vehicles recognizing the fight to become drug free. All citizens of Clarendon are encouraged to display red streamers and participate in this important campaign. Everyone, statewide, is also encouraged to wear red on Monday, October 24th, and Friday, October 28th, the initial and final days of the campaign.

The red ribbons symbolizes intolerance of the use of drugs and a commitment to living a drug-free healthy lifestyle.

Mrs. Bill Clements is state chairwomen and President and Mrs. Reagan are honorary National Chairmen for this event that was organized for family and community drug prevention awareness.

In conjunction with this campaign, we would like to see more involvement in programs provided by the state and national as Just Say No Club, Texas War on Drugs and the Protect Your Dream Project. Speakers available for both school and youth organizations.

St. Rep. Foster Whaley (1) accepts a plaque from James L. Jackson, Executive Deputy Commissioner of Texas Rehabilitation Commission.

Foster Whaley Receives Appreciation Plaque

James L. Jackson, executive deputy commissioner of the Texas Rehabilitation Commission, presented a plaque of appreciation to state Rep. Foster Whaley, of Pampa, in his office at the Capitol building.

Through the plaque of appreciation, TRC recognizes legislative efforts on behalf of programs which help people with disabilities achieve productive life styles by preparing them for employment. Last year, over 60,000 Texans received vocational rehabilitation services from the Commission and more than 15,000 of those found work as a result of TRC services.

PTA Membership Drive

The Clarendon PTA invites all parents and interested persons to become part of the largest child advocacy group in the nation with a membership of nearly 6.4 million nationally and 780,000 statewide. Through PTA, parents can work together to improve our school system; parents can be informed about legislative issues and social concerns that affect our children, and parents can learn how to be better parents through monthly programs, workshops, & seminars.

At the National PTA Convention, Paul W. Jung, American Association of School Administrators, stated that "Never before in the history of our schools has a support from the home been needed more. Without informed parents, the needed reforms in education will not be significant not last." The best reason to belong to PTA is that you care about your child's education & welfare. Be a PTA member and let your influence for good and the welfare of all children spread throughout our community.

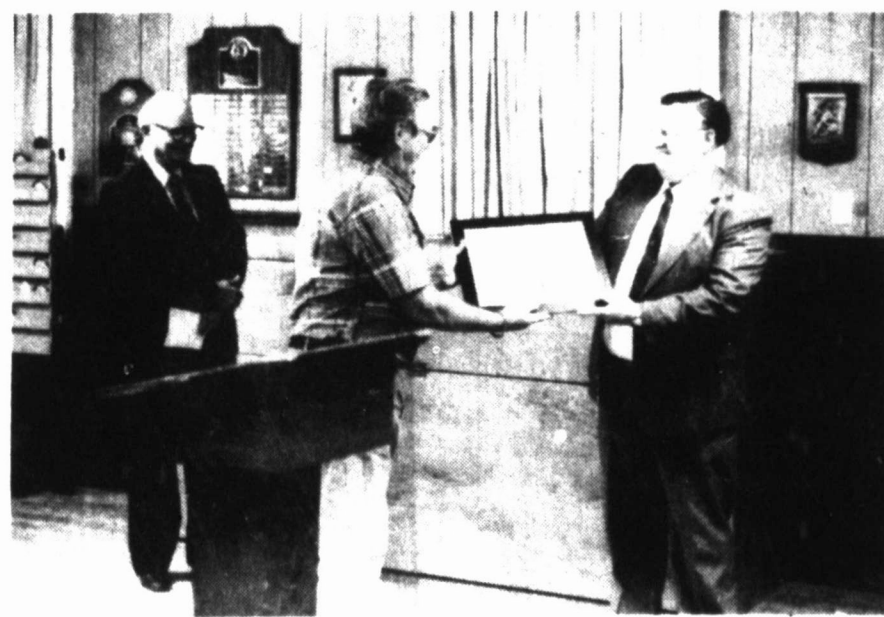

Local membership dues are only \$3.00 and you may become a member by contacting either Jan Campbell (3268) or Bobbie Thornberry (2367). A membership contest between the classes will continue through Nov. 1, 1988. The class having the largest number of PTA members will receive free ice cream coupons.

Become involved in your child's education; support PTA.

The Clarendon PTA will meet Nov. 1, 1988 at 7:00 P. M. in the school cafeteria. The crown of Texas Touring Opera will present a program especially for children. All parents and children are invited to attend.

Whaley represents Legislative District 84, which includes Armstrong, Briscoe, Childress, Collingsworth, Crosby, Dickens, Donley, Floyd, Gray, Hall and Motley counties and part of Lubbock county. He is presently serving as Chairman of Budget and Oversight for the County Affairs Committee and as a member of the Appropriations and House Administration Committees.

Jackson stated, "We appreciate working closely with Representative Whaley's office in returning over 355 disabled citizens in his district to gainful employment during the past year. We are pleased that Representative Whaley recognizes the important contributions that workers with disabilities can make in the growth of the Texas economy."

Tommye Saye, cooperative Weather Observer for Clarendon receives the John Campanius Holm Award for more than 33 years of continuous service.

NEH Tells Clarendon:

Start Planning Now

The Texas Committee for the Humanities (TCH), a state program of the National Endowment for the Humanities (NEH), requests grant applications for public humanities projects that focus on the theme "Preparing for Texas in the 21st Century." This request is part of a three-year special emphasis of the TCH. This effort is designed to encourage Texans to think imaginatively, through the disciplines of the humanities, about the future of Texas and its role in the United States and the world.

Public and private not-for-profit organizations and institutions, including (but not limited to) museums, libraries, historical societies, colleges, universities, public and private schools, government entities, humanities centers and institutes, public radio and television stations, and media centers.

The TCH is particularly interested in projects that focus on the following topics: What are the major cultural and historical forces shaping individual and collective life as Texas approach the 21st Century? What strengths and weaknesses do we bring to the vitality and purpose of Texas in the next century? What are the primary public issues confronting Texans preparing for life in the next century? How can the humanities be used to identify, clarify, and interpret these issues? To what extent are these issues state, regionally, and/or nationally focused? How is

Texas increasingly tied to the global community, and what is the impact of these ties? What major social, political, and cultural movements worldwide do Texans need to understand to be informed citizens? What is the extent of courses and programs in public schools and colleges and universities in the geography, history, and literature of other nations?

Given the need to increase public understanding of Texas' historical and cultural background, of its primary challenging issues, of its increasing ties to the global community, how can education in the humanities in our public schools, colleges and universities, and community organizations be strengthened and expanded?

Lectures, symposia, conferences, reading programs, interpretive exhibits, publications, workshops, seminars, and radio and television programs. In addition to these kinds of projects, the TCH would like to fund one thirty-minute film that provides an overview of this theme for television broadcast and for use in public programs. While the TCH program is designed primarily for the benefit of the out-of-school adult public, projects designed to benefit teachers and students will be considered.

Funded projects may take place between July 1, 1989, and October 31, 1990. Up to \$15,000 in outright funds from the TCH. Costshare requirements, as set forth in TCH application materials, must be met. For larger-scale projects, additional funding will be available through the Gifts-and-Matching Program of the NEH.

Draft of Application: January 15, 1989. Final application: March 1, 1989.

Through an Exemplary Project Award from the NEH, the TCH is undertaking a number of activities to promote the project and to provide instructional material to applicants, grantees, and the interested public. The TCH should have available by early

December a handout that will assist applicants in developing projects focusing on the topics noted above. By May, 1989, the TCH will have published a series of booklets, drawing from the work of seven university-based study groups previously funded and from the work of the TCH itself, that can be used in public programs; for example, a reading/discussion series sponsored by a local library.

In addition to publishing a series of booklets on "Preparing for Texas in the 21st Century," the TCH will be sponsoring from September, 1989, to May, 1990, a Speakers' Bureau and during the fall of 1989, a series of articles in newspapers.

Institutions and organizations interested in applying for funds should write to the TCH as soon as possible to receive resource on material as such material becomes available. Please write: Texas in the 21st Century Grant Program, Texas Committee for the Humanities, 100 Neches Street, Austin, Texas 78701.

Miller-Schollenbarger Wed

Teresa Dawn Miller and Chris R. Schollenbarger were united in marriage August 13 at 3:00 p.m. by Rev. Donald L. Raiford.

Parents of the couple are Mr. and Mrs. Rex Miller of Texhoma and Jo Schollenbarger of Clarendon and G. K. Schollenbarger of Austin.

The ceremony took place at the First Christian Church of Texhoma. The sanctuary was accented with two heart shaped and one arched brass candelabras and the aisle was decorated with pink and burgundy satin ribbons.

Teresa was escorted to the altar by her father. The bride chose a white sparkle organza gown with a Queen Ann collar featuring hanging pearls and crystals at the neck

and a sweetheart bodice of satin with jewels, sequins, and lace. The skirt was a full and flowing cascade of organza ruffles. The back of the bridal gown featured a dramatic diamond back opening, softly crossed with six strands of pearls. The train was a waterfall effect of ruffles cascading from the waistline to a full length queen's court cathedral length. Her headpiece was white picture hat with all satin brim with the fingertip veil. For her bouquet she carried a silk cascade of wine rosebuds and white gardenias backed by a lace fan.

In keeping with tradition, the bride wore a six pence in her shoe, pearl earrings borrowed from the groom's mother, a new dress, and a garter of blue.

Sheri Lynn Fleming, the bride's cousin, served as her maid of honor. The bride's maid was Debbie Brown of Amarillo. They wore tea length, off the shoulder burgundy and pink dresses and wore hairpieces of hanging pearls

Mr. & Mrs. Chris Schollenbarger.

and satin followers. Shelli Ann McCarver, cousin of the bride, was the flower girl.

The groom's attendants were Quentin Spies of Amarillo as best man, Shannon Longan, brother-in-law of the groom, as groomsman, and ushers Dustin Wayne Fleming, the bride's cousin, and Jarrod Callaway both of Texhoma.

The Guest Book was attended by Connie Longan, sister of the groom, and Trisha Thornberry, cousin of the groom, passed out the rice bags.

The wedding cake was three tiered, decorated with the traditional bride and groom, and decorated with pink and burgundy roses. A German Chocolate cake was served from the Groom's table.

Special guests were the bride's grandmothers, Molly Huddleston and Edith Miller, both of Texhoma, the groom's grandparents, Mr. and

Mrs. Lloyd Risley of Clarendon, and the groom's aunt and uncle, Robert and Kay Bain from Wilburton, Oklahoma.

The Pathfinder Club

The Pathfinder Club met in Patching Club House on Friday, October 14, 1988, for the annual Guest Day book review.

Mrs. Royce Williams, from Hedley, a former teacher, gave a delightful review of a very humorous book about Club women and their struggle to learn to follow "Roberts' Rules of Order" in their district and local Club meetings. The book reviewed was "All in Favor, Say Something", by Reeve Ware.

The author stressed that there must be no discussion of a motion from the floor until the motion was seconded. In one Club meeting, Madame President pounded on her desk with her President's gavel and said, "There's a motion before the Club; it has been seconded; now, everybody in favor say something", and they did.

The hostesses for Guest Day were Naomi Green, Murrell Butts, Mary Hazel Van Zandt, and Caroline Hamilton. Patching Club House was gay with October leaves of gold and red. Bright orange pumpkins welcomed us at the door. The serving table carried out the bright fall colors in flowers, red hot apple punch, and American Apple pie.

Members present were Mrs. Goodwin Bray, Mrs. Rolle Brumley, Mrs. Blaine Butts, Mrs. Paul D. Cook, President; Mrs. H. A. Green,

Mrs. Clarence Hamilton, Mrs. Redell Henson, Mrs. Joe Robinson, Mrs. Tommie Saye, Mrs. Heckle Stark, Mrs. C. T. Van Zandt, Mrs. Frank White, Jr., Mrs. Royce Williams and associate members Mrs. Roy Foust, and Mrs. Forrest Sawyer.

Guests from Amarillo were Mary Wilshire and Helen Oakes. Other guests were Rachel Butler, Leona Henson Musgrove, Lockie Pitts, Viola Bones, Audrey Whitaker and Dorothy Whitaker; Hedley, Tena Powell; Ashtola, Edith Spivey, Gladys Hommel, Marie Bell and Joyce Combs; Howardwick.

Donley County Senior Citizens

The Dance Club enjoyed a good practice session on Monday, October 10th. Thanks to Robert & Letha Adams for a large can of coffee.

Board of Directors met in regular session on Wednesday, October 12th. Jean reported the Grant Applications for FY 1989 were presented to the Area Agency on Aging Advisory Council on September 21, 1988. The Council recommended our Applications. PRPC Board of Directors will approve or disallow this recommendation at their October meeting.

October is time to appoint a nominating committee for Board of Directors election. The four Board Members going off this year are willing to serve another two year term -- it was suggested they be appointed with the approval of our Participants. This was brought to the people on Friday, October 14th with no opposition. Board of Directors for 1989 are Robert C. Jones, Lucille Smith, Tennie Smith, Thelma Rudder, Clyde Putman, Oneta Thomas, Dorothy Pitts and Bud Hermesmeier. New Officers will be selected at the January 1989 meeting.

Other items discussed was the "Yesterday's Children" Auction to be held at the Amarillo Civic Center on November 11, 12, & 13, 1988. We truly appreciate the items that have been donated. Since we

are one of the oldest settlements in the Panhandle, we are hoping to get some real old goodies. We have extended our collection date to November 1, 1988. Please call us at 874-2665 if you have something to give to this worthwhile cause.

We had a house full and a good time at Friday's Musical Jam Session. Thanks to the following musicians for a good job. Floyd Crofford, Dee Williams, Lucille Swain, Fred Fortenberry, Forrest Denton, Bud & Betty White, Roselee Watson, F. G. Crofford and Jean Baton.

MABs: New Weapons Against Cancer

When they first appeared in the laboratory several years ago they were referred to as "magic bullets." They are more correctly referred to as monoclonal antibodies or MABs. These powerful substances hold promise in helping the body prevent the rejection of transplanted organs. MABs may also become one of the most important of all the weapons that will be used in the future in the fight against cancer. When injected into the body, MABs spot foreign materials, attach themselves to these materials, and then signal other immune system components to destroy the foreign materials.

Although cancer specialists have experienced varying results using MABs, there is now a new direction in MAB research. Since MABs are moderately active against tumor cells, it is thought that they may be more effective if they are attached to cancer-fighting drugs. MAB-drug combinations are now being tested at several cancer centers.

One of the challenges of this type of research is to produce combinations that attack specific types of cancer cells. If this new research is successful, we eventually may have available injectable products that can be used to pinpoint and eradicate cancers in a more effective way than is now possible.

A Clarendon Weekend ...

Street Dance after the football game made main street loud and lively. Clarendon's young folks - and some not so young - enjoyed the ball, and the gorgeous weather.

Friday Night ...

Friday night means a fast hamburger in a Clarendon restaurant and on to the football game. Who could ask for better weather than Friday night?

Clarendon is proud of its football team. Winning is not just a number on the scoreboard, but an attitude that keeps going when the odds are long. The Clarendon High School football team and band have improved more than any others in the district.

After the game, the Hensons donated electricity to turn downtown into a disco. The young people probably enjoyed the street dance nearly as much as the old folks.

Catch That Pass! Despite a noble effort, victory eluded the Bronco's grasp in the game against Wellington.

TAKE THE CHILL OUT OF WINTER HEATING BILLS.

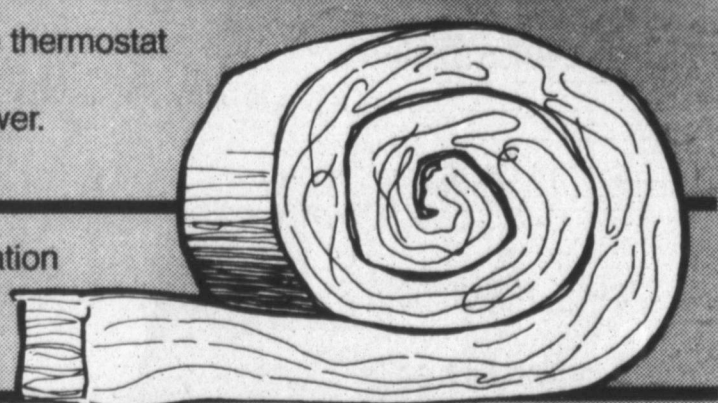

With winter just around the corner, WTU has these suggestions for lower energy bills.

Have heating equipment checked seasonally by a qualified serviceman and check the filter once a month.

Set the thermostat at 68° or lower.

Check for adequate insulation in the attic. R-30 is recommended.

Caulk and weatherstrip around windows and doors to help prevent excessive heat loss.

Tightly close the damper in the fireplace when not in use.

Open drapes and blinds during the day to let in sunlight and close them at night to hold in warm air.

For a more comfortable home and an electric bill that won't give you a chill this winter, contact your local WTU office for more conservation tips.

Rockets Soar Past Bronco's

The Clarendon Broncos played host to the Wellington Skyrockets, Friday night at the Bronco Stadium for the second district game for both teams. The teams went in Friday night with matching 2-2A records of one loss a piece and each needing to win in order to stay abreast in the hunt for a district title. The Skyrockets had little trouble in winning the game handily 33-0.

Wellington scored in each of

the first three quarters for all of their points, while the Skyrocket defense kept the Broncos out of pay dirt territory. The Bronco offense could only muster 117 total yards, 50 rushing, and 67 in the air completing 8 of 21 passes with one interception.

This week the Bronco's take on the Quanah Indians, Friday Night at 7:30 P.M. in Bronco Stadium. So come out and support our team to an upset victory.

Band Show at the Friday football was the best in many years. The band now looks and sounds good.

Former Goodnight resident who now lives in Claude, Rita Edleman is in St. Anthony's Hospital with a stroke.

Mark Luttrell has been hospitalized at North West Texas Hospital and in intensive care for over a week.

A former Ashtola resident John Just was buried last week. Our sympathy is extended to the family.

Gayle "Buster" Gray and his dad Vance went to Canyon Saturday night to see the Homecoming game. Their interest was in defense line-backer Dusty Tittle. The game was a heart-breaker with West Texas losing to East Texas by 3 points.

Clara Finley called Ismanell Gray to tell her she was improving some from a reaction she had to medication. Hope you are scratching somewhat less Clara.

Those of you who believe in the remedy of eating local produced honey to relieve allergies need to know that Dale Robinson's vegetable stand has a supply. It is much more palatable than histamine.

L.A. and Rose Lee Watson drove over to Canadian enjoying the foliage along the route to attend church services at the First Baptist Church there. David Walker who is a relative of Rose Lee is music director there. When they were seated they were told by the usher that the couple in front of them was David's parents, Harold and Evelyn Walker from Ashdown, Arkansas. They had Harold's sister Betty with them. All the relatives enjoyed lunch together. Afterwards L.A. and Rose Lee visited cousins Hulien and Alice Fuller.

Rose Lee Watson visited her father C.I. Casteele at Country Club Manor in Amarillo Thursday. She found him somewhat improved.

L.A. and Rose Lee Watson joined Bud and Betty White for a trip to Memphis Saturday and came back by Hedley to have lunch there.

Beth Watts came for Hoss Friday and had lunch with the H.A.

Greens at noon. Last week I tried to tell about Stephanie and I getting through the "Froggie" weather. I wonder if I could slip through Hoss's protest when I took the Pledge furniture polish can away from him. "Leave me alone there is 'skeeters' in here" he protested. From the size and number we have been having of mosquitoes, I am surprised that he did not claim he was chasing monsters.

Viola Graham entered Memphis Hospital last Thursday. I talked to her Sunday and she was much improved and hoped to be released Monday.

Last week Lindsey did not get her report in on the Williams family trip to Dallas to visit the Charles Dunns and see the Cowboys play football. Don went by San Antonio and got his boys, Mark, Brad, Philip and Kent. They had a good time in spite of the score. Mark is in Clarendon going to school here now.

It pays to advertise. H.A. and I could not resist the temptation to crash the class of '38 dinner party at the Community Center Saturday night when we read about all the bunch that was to be there. Everyone was gracious and we did so enjoy seeing all of that class and some others. You just wouldn't believe how well preserved they were, one and all, after fifty years!

Jerry sowed Bozo the calf a little patch of wheat between the house and the barn. Bozo just gets to graze when I am at home to watch. I tie the rope halter to a concrete tile and if he doesn't go around a tree or a piece of equipment too many times we make it fine. When the chain gets tangled Bozo bawls and I high-tail it to his rescue. I hope that my bankers don't find out that I'm playing the stock market.

Saturday Morning ...

Early Saturday morning, the Clarendon Volunteer Fire Department awarded prizes to the students who drew the best posters. Most of the kids in Clarendon munched on cookies and slurped cokes at the event. But the big event of the morning was the chance to ride on the firetrucks—even some middle-aged kids found that prospect irresistible.

Saturday afternoon was time for Marching Contest. And after that...

Broncho Boosters

The first meeting of the Clarendon Bronco Boosters was held Oct. 11 at the Broncos Field house. Coach Kirkland started the meeting by showing the film against Canadian and explaining some of the plays. After the film Beth Walker was asked to preside over the election of officers. Officers elected for the 88-89 season were: President: Richard Grisham, Vice President: Jim Shadle, Secretary: Kathy A. Hommel, Treasurer: Kathy May.

Mr Walker was then asked what the past Booster Clubs activities and involvements were. Many good ideas for the new club was placed on the agenda. The first order of business will be a membership drive headed by D. Graham. We are expecting a large membership

VAIN WORSHIP?

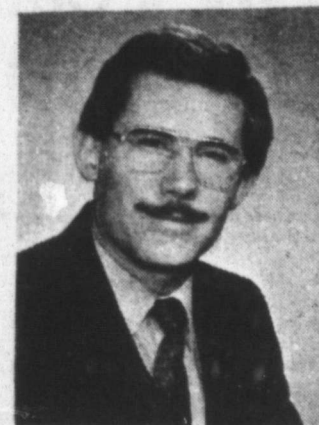

Jesus said, "Why do you yourselves transgress the commandment of God for the sake of your tradition?... You invalidate the Word of God for the sake of your tradition!... You hypocrites, rightly did Isaiah prophesy of you, saying, 'This people honor Me with their lips, but their heart is far away from Me. But in vain do they worship Me, teaching as doctrines the precepts of men!'" MATTHEW 15:3-9

How many people today stand guilty of this judgement? People who claim to be "Christians" and who say they love the Lord, but are giving Him only lip service... holding to their own denominational doctrines and the religious traditions of men, rather than the Word of God! But here our Lord makes it clear that He doesn't want mere lip service and He doesn't want people to be simply "religious"! What He wants is our "heart"! He wants us truly committed to HIM! He wants us to be obedient to His Word and to value the Word of God above every religious tradition of man! Anything else is simply "vain worship"! Friends, we need to study our Bibles and make sure, in view of all that is going on around us in the religious world today, that we keep His commandments and that our worship is not vain!

Deuteronomy 6:7-8

From Crisis to Victory by Jon Leggett

Consider these four incidents, if you will-Two from the Old Testament, and two from the New.

The very familiar story of the crossing of the Red Sea is recorded in Exodus 14. You remember the story: Pharaoh released Israel from bondage following the plagues. Then he changes his mind and pursues his former slaves, trapping them against the sea. The Lord parts the waters and Israel crosses on dry ground. Egypt attempts to follow: the Lord closes the waters, and Pharaoh's armies are no more.

In II Kings 6, as one of the "sons of the prophets" (verse 1) cuts timber to build a house for Elisha and his students, the ax head comes loose and falls into the water. Elisha locates the ax head, it floats to the surface, and is retrieved by the wood cutter.

Both Matthew's and Mark's gospels tell us of a Syrophenician woman who comes to Jesus asking that her daughter, "grievously vexed with a devil" (Matthew 15:22), be healed. Jesus, probably testing her faith, seems reluctant to help at first, and tells her that He is sent unto the lost sheep of Israel (verse 24). But the woman persists, reminding Jesus that "the dogs eat of the crumbs which fall from their masters table" (Verse 27). Jesus impressed with her faith which would simply not let go, heals her

daughter completely and instantly.

Finally, in the eighth chapter of Luke, we read the touching story of Jairus, a ruler of the synagogue, who comes to Jesus asking that his dying twelve year old daughter be healed. But even as he makes his need known, messengers arrive with the news that his daughter has died. "But Jesus heard it, he answered him saying, Fear not: believe only, and she shall be made whole" (verse 53). And in Jairus' house, He speaks, the dead is made alive, and the house is turned from mourning to joy.

What do these four stories have in common? First, obviously, they all involve miracles, and are more or less typical of the many accounts of miracles in both Testaments. Secondly, each miracle comes on the heels of a crisis, as do virtually all the miracles of the Word. Some crises are personal, some are corporate. Some involve Jews, some gentiles. Some affect the lives of those of high estate, some affect the lowly, the down and out.

Look again at the four stories we have so quickly summarized. In the Red Sea incident, a whole nation's very existence was at stake.

In the ax head story, the crisis was probably financial. Iron tools and weapons were scarce (I Samuel 13:22), and this particular ax was borrowed (II Kings 6:5).

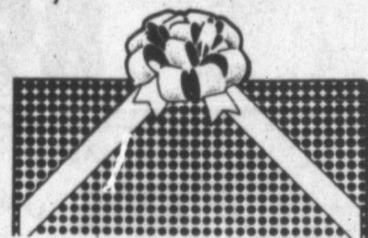

Illness always brings crisis to those involved, and in our third story, this common trauma of human existence comes to a person of no religious standing, and very likely no social or economic standing either.

And finally, in the fourth incident, we see the ultimate human crisis, the facing of death, and the victim family on this occasion was one of high standing in the community. Jairus was a ruler of the synagogue.

Is there a crisis in your life? Miracles, it seems, always followed crises in the scripture. Can you expect a miracle following your crisis?

Some say there are no more miracles. I disagree. I might agree that miracle workers, in the sense that the apostles were miracle workers, are no more. But God is still a miracle worker.

I don't want to argue the point. Does it really matter what you call it when He arranges circumstances for you and for your good? And isn't that what He promises His children in Romans 8:28? "And we know that all things work together for good to them that love God, to them who are the called according to his purpose." Your station in life, these four stories show, doesn't matter. The nature of the crisis-personal, family, financial, national, whatever-doesn't matter. He is able to handle it. Turn it over to Him see. "Humble yourselves therefore under the mighty hand of God, Casting all your care upon him; for he careth for you" (I Peter 5:6-7).

Thank You

We would like to express our deepest heartfelt thanks for all the flowers, cards, calls, prayers and food which were extended to our family during our loved one's recent sickness and passing. We also thank each one who came by at the home and at the hospital to bring much needed relief and comfort to John. Words cannot express the compassion this family feels at the display of such unselfish expressions of love, concern and support for our loved one whose life was interrupted and redirected by his illness. We are eternally grateful to a multitude of close friends and family for their understanding and support and a special thanks to the ladies of Martin Baptist Church.

Special Thank You

Dear Friends,
Perhaps you sent a lovely card, knowing the situation was hard. Perhaps you said a silent prayer, or sat quietly in a chair. Perhaps you sent a funeral spray, if so, we saw it there. Perhaps you spoke the kindest words, as any friend could say. Perhaps you weren't there at all, just thought of us that day. Whatever you did to console our hearts, we thank you so much, whatever the part.

May God bless each of you, The family of Gerald Johnson
