C. N. N. FERGUSON PASSES AFTER SHORT ILLNESS

PASTOR FIRST METHODIST CHURCH SUCCUMBS TO PNEUMONIA MONDAY

Rev. C. N. N. Ferguson, pastor of the First Methodist church of Lubbock, died at the family home on 13th street here at 5:30 o'clock Monday morning, when he was being attended by his two sons and Mrs. Ferguson.

Dr. Ferguson had been a sufferer of pneumonia since Thursday night of last week, but it was not until Monday that his condition had grown serious, and just a few minutes before his death he talked with members of his family, and not one hint of the seriousness of his condition had been gained by any of them. He had been very sick during the night however, and when members of his family urged that he needed sleep, he agreed to go to sleep as soon as he had eaten breakfast, and it was while Mrs. Ferguson was going to the kitchen to prepare the food that his heart began to fail. His youngest son, Chas. W. Ferguson, was at his bedside at the time, and called to others present to summon a physician, but death was so sudden that these efforts were of no avail.

Dr. Ferguson was born at Nashville, Indiana, February 17, 1859. He was married to Miss Jennie Wright at Nashville, on July 3rd, 1881, and on November 11th of that year the couple came to Texas and settled at Fort Worth, where Dr. Ferguson worked for several years as a railroad man.

He entered the ministry at Weatherford in 1888, having supplied in that charge on the previous year. Since that time he has served as pastor of churches at Mary's Town, Cotton Gin, East Waco, Bruceville, Abbott, Quafah, Amarillo, Plainview, Abilene, Stamford, Amarillo District, Clarendon and Lubbock.

He also served the church in capacity of presiding elder at Abilene and Amarillo, and during his work in the ministry was a member of only one conference, that being the Northwest Texas Conference, in which the church of which he was pastor at the time of his death is a part.

Rev. Ferguson was more than a preacher and a pastor. He was a church builder and an untiring, successful community worker whose wisdom was realized by his associates, and whose judgment was seldom doubted by the members of his congregations.

The Polk Street Methodist Church of Amarillo, the church at Plainview and two other churches which he built in his early years in the ministry, were built through the efforts of Dr. Ferguson.

He is survived by his wife and two sons, H. A. of Amarillo, and Rev. Chas. W. of Polytechnic church, Fort Worth. Della Gertrude, daughter of the deceased, died while only a few years old.

Dr. Ferguson's mother died when he was only seven years of age and his father died in 1882.

Funeral services will be conducted this morning at the First Methodist church at 10:00 o'clock by

(Continued on page 8)

FUNERAL OF MRS. SHOWELL HELD MONDAY

Mrs. J. Letcher Showell, age 42 years, died here Sunday morning at 3:40 o'clock following a short illness with pneumonia.

Her death was a shock to the entire community, as Mrs. Showell had taken a leading and active part in church and social circles, and having given unsparingly of her efforts for the advancement of her social and religious ideal, stood out as one of the great factors in Lubbock's community life.

The remains will be shipped to Vienna, Maryland, this morning at 7:30 a. m., where interment will be made.

Mrs. Showell came to Lubbock with her husband two years ago when he was placed in charge of several churches in this district, including the local church, the church at Sweetwater and others. Together with Rev. Showell and their nine year old daughter, Elizabeth, two sisters of the deceased, survive. They are Mrs. Robert Lee Wright, of Vienna, Md., and Miss Bessie Craft, of Richmond, Va. Miss Craft arrived in Lubbock Monday morning and will accompany the remains to Vienna.

The deceased was a graduate of Columbia University, and one of her books, "Essex Sketches" which was recently published, and which contained a great deal of Virginia folk lore, has already been given wide circulation. A volume of this splendid work can be found in the Lubbock public library, an institution which owes a great part of its success to the unrestrained efforts of Mrs. Showell.

Very impressive services were held at the Episcopal church, of which her husband is rector, at 3 o'clock Monday afternoon by Rev. E. H. J. Andrews, rector of the Plainview Episcopal church and Rev. B. F. Etson, rector of the Episcopal church at Big Spring.

Among the out of town people to attend the services yesterday were: Harry S. Gooch, business man of Plainview, and who was secretary to the late Bishop E. A. Temple; Mrs. E. A. Temple, of Amarillo, widow of the late bishop; C. A. Charlton, of Sweetwater; Mrs. J. F. Anton, of Slaton and others.

TWO AMERICANS KILLED IN ALBANIA

By United News.

WASHINGTON, April 7.—Assurances of an immediate investigation into the killing of two Americans near Marmaras, Albania, Sunday, was given to the American charge d'affaires Kidding, the State Department was informed in a cable from the legation. The two Americans, Robert Coleman, of San Francisco and George B. DeLong, of New York City, were killed by six highwaymen on the forenoon of Sunday while touring between Tirana and Scutari. The Albanian chauffeur driving them was seriously wounded, the legation reported.

The government will dispatch troops to the scene of the hold up immediately with orders to apprehend the assailants and bring them to the capital for trial.

The bodies of the two Americans will be taken to Tirana and held

(Continued on page 8)

NAME OF STONE IS CONFIRMED

OVER 32,000 PENDING CASES FACE NEW ATTORNEY GENERAL OF U. S.

WASHINGTON, April 7.—Confronted with difficult threefold task of clearing the department of justice calendar of 32,358 pending cases, reorganizing the staff and rebuilding the public confidence, Harlan F. Stone, appointed attorney general by President Coolidge is preparing to "take hold" and make a general clean up now that the senate has confirmed his nomination.

The staggering task of materially reducing the number of cases pending will require hearty co-operation between members of the staff so that personal reorganization probably will be approached first in order that a harmonious group of executives may be gathered around Stone.

The most serious group of cases confronting Stone will be those involving violations of the prohibition laws, numbering 24,422. Mrs. Mabel W. Wildebrandt is now in charge of prosecuting these and it is thought very likely she will continue in office.

The difficulty in clearing prohibition cases is due to the terrific jam in the courts. During 1923, 15,000 cases were disposed of with an ever-increasing number received so that the department is unable to prepare the cases reported. This situation may lead to an enlargement of this unit.

Due to the impetus given such matters by the senate committee and its investigating alleged war frauds, it is thought likely Stone will concentrate on anti-trust cases and war and land fraud cases.

There are now pending 34 war fraud cases, of which the Standard Aircraft case is the largest; 16 anti-trust cases and 890 land fraud cases of which 425 are located in Texas.

Clearing the calendar of these three groups before election probably will be a long way toward allaying the adverse sentiment aroused by the uncovering of the oil and Daugherty scandals.

Of the remaining 7,843 cases aside from the prohibition matters, 3,182 have to do with charges growing out of the draft law and 733 with radical matters.

In view of Stone's previous stand concerning the "red," it is considered likely these radical cases will be dropped.

Important groups of cases in addition to those already mentioned are:

Bank cases 126; bankrupt 79; thefts from government 142; conspiracy 18; perjury 21; fight film transportation 3; federal rail injunction 13; smuggling arms 4; miscellaneous 327.

ATTEMPT TO ROB KANSAS BANK FRUSTRATED

SHAWNEE, Kan., April 7.—Police in three states are searching for the corps of traveling automobile bandits who early Monday swooped down on this little town and wounded Wm. Smith the town marshal, who frustrated their attempt to rob the Shawnee state bank.

Marshal Smith was making his early morning rounds when he noticed three cars parked in front of the bank. Hearing a noise at the general merchandise store across the street, Smith challenged the intruders.

The answer was a hail of bullets and the officer returned the fire until he had been wounded in both hands and was unable to grasp his revolver. Awakened by the gun play citizens rose hastily and fired from half open windows.

The bandits then fled to their motor cars and escaped.

Loot Uniontown Bank.
PORT SCOTT, Kan., April 7.—Bandits held up the Union State Bank of Uniontown, Kan., west of here Monday, taking all the money in the place, and disappearing in an automobile. Two clerks were in the bank at the time.

The men entered the town in an old Ford car, stopped at the bank just as it opened its doors. Covering the two men with revolvers, the robbers gathered all the money from the vaults and scooped it into sacks and made their escape in the automobile.

President Emmett Holt, refused to give out the total loss suffered by the bank.

LANGLEY HELD ON THREE COUNTS OF FRAUD

By United News.

COVINGTON, Ky., April 7.—Three indictments were returned in the United States court here Monday charging Congressman J. W. Langley with conspiring to defraud the government of the tax on 4,200 gallons of whiskey, with conspiring to sell 1,400 cases of whiskey, and with conspiring to transport whiskey from a distillery.

Although Langley is under indictment in Washington on similar charges, efforts will be made to hold the trial here and it will be alleged that the major crime was committed within the jurisdiction of the local court.

It is alleged that permits were issued to the Lewis Drug Company of Philadelphia, a company which does not exist, and that Langley endeavored to obtain consent from State Prohibition Officer Samuel Collins for this shipment of whiskey.

It is also further alleged that Langley received \$2,000 for his attempts to win Collins' consent.

Also accused in the indictment are M. E. Huth and W. E. Carrey, both of Canton, Ohio, who are said to have purchased the whiskey; Albert F. Slater, acting prohibition director of Pennsylvania; Hiram W. Banner, prohibition officer and Milton Libschultz.

Between Sept. 17, and Nov. 18, 1921, the indictment alleges, the defendants split \$32,000 in connection with the whiskey transactions.

ACCUSED PROBES FRAUD CHARGE IS CLAIM

By United News.

WASHINGTON, April 7.—Charges that the government investigations of alleged land frauds in Texas were made under the supervision of those accused in the case have been made before the senate committee investigating irregularities in the sale of land in Texas.

James R. Page, counsel for the committee read a petition signed by six hundred persons in the Rio Grande Valley in which it was alleged that R. B. Creager, former republican national committee man, had visited both former Postmaster General Hays and former Attorney General Daugherty and advised them as to the progress of the investigation.

These charges were confirmed by Rush D. Simmons, chief postal inspector, who said Creager told him that he thought J. M. Donaldson the inspector making the investigation was prejudiced and that thru the inquiry great injustice was being done and was retarding the progress of the Rio Grande Valley.

Following this disclosure, Senator Heflin, of Alabama, instigator of the inquiry, declared it to be "impossible to obtain justice from several judges in Texas. If I had my way I wouldn't permit them to remain in office for another minute."

Heflin refused to amplify his statement or name the judges at the present time, but declared his charges were supported by documentary evidence which he would present to the committee at an opportune time.

WORLD FLYERS EXPECTED TO HOP OFF TUESDAY.

By United News.

PRINCE RUPPERT, B. C. April 7.—Three of the four United States Army planes attempting to fly around the world may hop off from here Tuesday for Sitka, Alaska. It was learned late Monday.

The "Seattle" Major Fredk. Martin's plane and flagship of the squadron was damaged as it landed Sunday night and new wings must be procured from Seattle.

Major Martin has suggested to Army air headquarters at Washington that his three subordinates be permitted to proceed and leave him to follow later.

RE-CHECK GIVES FINN WIN HOUSTON ELECTION

By United News.

HOUSTON, Tex., April 7.—A. C. Finn, klan candidate for school trustee, who was reported to have been defeated in Saturday's election here by 16 votes was Monday night declared elected by 19 votes, following a re-check of ballots.

Anti-klan candidates won the other three places on the board by big majorities.

MANY MEN HIGH IN POLITICS ARE INCLUDED IN BOOZE RING IN STORY UNFOLDED BY DRY AGENT MONDAY

WASHINGTON, April 7. (UN)—Linking many men high in Illinois politics with an alleged brewery ring in Chicago, Brice Armstrong, dry agent, unfolded a sensational story of his unsuccessful three years fight to smash the ring's activities, before the senate committee investigating the department of justice Monday.

Armstrong, slender and boyish, pink cheeked and looking more like a college student behind a pair of horn rimmed glasses, told how he had been threatened, his house blown up by a bomb and of an alleged offer of \$5 a barrel to secure the release of beer from seven Chicago breweries.

24 BEING HELD IN CONNECTION KLAN WAR

By United News.

JOHNSTOWN, Pa., April 7.—Hearing on habeas corpus writs will be granted the 24 alleged members of the Ku Klux Klan, now being held in jail here on charges of carrying deadly weapons, riot and murder as a result of the disturbance in Lilly Saturday, when two persons were killed, two seriously injured and 20 others hurt, following a demonstration there by about 800 members of the klan.

Attorney Percy A. Rose, counsel for the defendants, presented a formal waiver of hearing in the offices of Alderman Edward E. Levergood, whereupon the aldermen remanded all of the 24 to court. The habeas corpus asking that the men be admitted to bail were immediately forwarded to the county court at Ebensburg.

Demand will also be made tomorrow on the city authorities for the release of two other men being held with the supposed charge of suspicion. Four men arrested in Lilly on charges of inciting a riot were released from the Ebensburg jail today on a joint bail of \$5,000.

There has been no further disorder in Lilly and none is expected. A detachment of state troops from Greensburg are keeping up their vigil there and gathering evidence for the trial at the June term of the county court.

WOMAN ACCIDENTALLY SHOT BY HUSBAND NEAR PLAINVIEW

By United News.

PLAINVIEW, Tex., April 7.—Mrs. Arthur Bateman was accidentally shot by her husband while he was cleaning a shotgun Monday morning. Rushed to a hospital here from her home in Gasoline, 40 miles east of Plainview, she was tonight declared to be in a serious condition but with a good chance to recover.

More than one hundred bird shot were removed from her abdomen.

Jury List Mixed

HOUSTON, Tex., April 7.—Four klansmen, two ex-klansmen and two Knights of Columbus were found to be on the week's list of 36 talesmen when Judge C. W. Robinson went through his usual procedure of questioning here today.

Lowell B. Mason, state senator from the exclusive Oak Park district of Chicago, was named as the man who sought permits in Washington for release of the beer. Homer Galpin, chairman of the republican county committee was their legal adviser, Armstrong said.

Following his refusal to work for the alleged ring, Armstrong said he was personally threatened.

Linking these alleged liquor violations directly with the department of justice Armstrong said prosecution of an "Iron Clad" case against the White Eagle Brewery of Chicago had been called off by the litigation section of the prohibition bureau.

In his opinion, Armstrong said, the cases were not pressed because the "local politicians did not want them prosecuted."

Previously the committee listened to charges by Edwin S. Booth, who served under Albert B. Fall as interior department solicitor, that civil action never had been taken against George L. Miller, of Oklahoma even though he pleaded guilty in a criminal fraud trial and was fined.

It was charged that Miller and his brother, owners of the famous 101 ranch obtained part of the lands from Indians under irregular circumstances. Through instructions from the department of justice in 1920, the court accepted a plea of guilty and fined the defendants but no civil suit ever was instituted by the government to recover the lands.

THREE CONVICTS ESCAPE FROM HUNTSVILLE

HUNTSVILLE, Texas, April 7.—Three short term convicts made their escape from the state penitentiary here this afternoon between 3 and 4 o'clock.

Doing interior decorating and paperhanging in the administration building, they made their way into the grounds and entered the guard's quarters.

Hurriedly changing their prison garb for some of the guard's clothing, they walked out of the building to freedom.

The men escaping were: Robert Bonds, sentenced to 10 years for burglary from Harris county; R. V. Reeves, 3 years for theft from Bell County, and W. A. Huckaby, 2 years for burglary from Camp County.

No trace of the prisoners had been found up to a late hour though guards were searching the countryside with the aid of the prison hounds.

An Event Worth Commemorating

July 4th, 1924, the cornerstone laying of the Texas Technological College, with appropriate program, will take place in Lubbock.

To all of West Texas and to all of Texas this is an important occasion. Not only does it mean the beginning of educational expansion in the West but marks the recognition of Textile engineering, one of the most important phases of education for the South.

To fittingly commemorate this great event the Lubbock Morning Avalanche will publish a SPECIAL edition, dated June 29, and mailed in sufficient time and numbers as to assist in making the TEXAS TECHNOLOGICAL COLLEGE an institution widely known and highly esteemed as its position and magnitude demands.

THE WAR ON WINTER

Spring calls them to the colors, the tulips red and white, in uniforms of splendor they'll rally over night; Ten million dandelions are rising at her call, And soon the morning glories will scale the garden wall.

The war on Tyrant Winter already has begun, Its outposts are beleaguered by the forces of the sun; And now on hill and valley the troops of spring recruit, And everywhere around us the buds prepare to shoot.

The robins hurry northward, obeying Spring's command, To spy on winter's trenches and scout the frozen land; The daffodils are waiting to storm with yellow flame And regiments of beauty the field which snowdrifts claim.

With banners proudly waving the hyacinths will come, The violets following after to bulge and to drum; And soon ten million blossoms will wake us with a shout, And tell that Spring has conquered and Winter's driven out!

(Copyrighted 1924, by Edgar A. Guest)

THE MORNING AVALANCHE AND AUTO DEALERS WILL STAGE BIG SHOW FRIDAY AND SATURDAY, APRIL 18-19

Many automobile dealers of Lubbock have already signed contracts to exhibit their cars at the Automobile Show that will be staged here on Friday and Saturday, April 18th and 19th, under the auspices of the Lubbock Morning Avalanche and all indications are that this will be the greatest event of its kind ever attempted on the South Plains.

Indications are that despite the success of the show last year it will dwindle in comparison with the show to be held this month as there will be more and better cars shown than have ever been arrayed in a local exhibition.

Every make of automobile distributed on the South Plains will be represented in the very latest models and in all the various classes, which will tend to make the event not only elaborate from a scenic standpoint, but instructive from a standpoint of comparison.

There was never a finer spirit of cooperation existing between the leaders of such event than is prevalent between the automobile dealers of Lubbock and the Avalanche representatives who will have complete charge of the great show.

A splendid musical program will be carried out in conjunction with the showing of the automobiles, and the spacious building occupied by The West Texas Gray Company, where the show will be held, offers ample room for not only a large number of cars, but there will be ample room for all who visit the place, and every arrangement for the comfort of those in attendance will be made.

The management of the Lubbock Morning Avalanche and the automobile dealers of Lubbock feel that they will be successful, in putting on an automobile show that will reflect credit upon Lubbock and upon every model exhibited.

leave soon for Mineral Wells where he has accepted the pastorate of the Christian church. All members of the church with their families and all interested in this church are cordially invited to attend. All old members will please put forth every effort to invite all new members, whether now affiliated with the church or not. An interesting program will be rendered after which light refreshments will be served.

GETS SUPPORT HERE TOO

The many people here who have gotten such wonderful results from Black and White Ointment for pimples, blotches, bumps, "breaking out," eczema, rash, itching, etc., are proving their gratitude by giving it the most wholehearted and enthusiastic word-of-mouth publicity ever known.

The fact that Black and White Ointment is already selling at the phenomenal and unheard of rate of nearly two million packages a year, proves louder than words can tell how dependable it is to people who had never before been able to get relief from their skin troubles by using anything else.

Black and White Ointment is economically priced in liberal size packages. The 50c size contains three times as much as the 25c size. All dealers have it.

ESSEX CAR AND FORD TRUCK COLLIDE AT TURN

An Essex touring car driven by P. G. Hays, of Fort Worth, collided with a Ford truck being driven by D. A. Green, of Lubbock, Monday afternoon at 1:15 o'clock at the corner of Avenue H and Broadway.

The Ford truck was going west and had turned south into the avenue when the Essex was driven into it, damaging the right fender and causing such damage to the mechanism of the Ford that the engine could not be started, and the steering devices were also damaged.

No arrests were made, but a member of the police force arrived at the scene of the accident shortly after it occurred and took the name of the man driving the Essex and the number of his car, which will be used if an arrest is made.

PLANT A TREE!

BUILDING BRICK FOR BILL SPIKES ON H AVENUE

Contractors Clements & Ottinger started work Monday morning laying the foundation for a brick store building for W. J. Spikes on Avenue H just across the street from the Sanders Hotel.

This building will be modern in every respect and we understand it will be offered for rent as the Spikes Brothers grocery will remain in its present location.

This building adjoins the Oscar Lykes building on the half of the block which will be filled with brick structures when plans already made have been carried out.

The same contractors are to start work in the near future on another brick building on the same block but south of the Spikes building for J. K. Blackard, of Snyder.

TEXAS EXES TO MEET HERE APRIL 21

Lubbock County University of Texas Exes will meet in Lubbock Monday evening, April 21st, at the Palace of Eats Cafe.

Dr. J. T. Krueger is president of the organization and Dr. G. G. Castleberry is secretary.

A splendid program will be carried out with Prof. M. M. Dupree, J. E. Vickers and others slated to speak.

All Texas Exes and their ladies are urged to attend. R. A. Sowder has charge of the tickets and all wishing to attend should communicate with him at once.

BOY WHO WAS BURNED BY GAS FLAMES RECOVERING

Granville, the little son of Mr. and Mrs. W. M. Forney of 1712 avenue J, who was severely burned by gas flames several days ago, is reported to be resting as well as could be expected and no skin graft operations will be necessary in his case.

The lad was burned when he and a younger brother were playing on an automobile when the gasoline became ignited, and he could not get away from the car before the flames had done considerable injury to his face and neck.

Arrested for Burglary.
EL PASO, Texas, April 7.—W. E. Whiteside and Tonite Creson, arrested here on a telegram from I. B. Watson, chief of detectives of Kansas City, Mo., will be taken back there to answer to charges of burglary and forgery.

SOCIETY NOTES

Junior P. T. A. Meets.
(Delayed.)

The Parent-Teachers' Association of the Junior High School met Thursday at four o'clock. The meeting was ably conducted by Mrs. Campbell in the absence of our president, Mrs. Paul Connolly.

Before the usual business the following program was rendered:

Readings, The Liberty Bell by Edna Peck; On to Sherman by LeRoy Vaughan and A Change in Ethiopia, by Mary Maud Wedmeyer. Paper from the Congress of Mothers, read and commented on by Mrs. R. A. Sowder.

The next meeting will be the first Thursday in May and will be the last meeting this term. Officers are to be elected for the next year and we want to urge every patron of the Junior High to be present. Refreshments will be served and all patrons are cordially invited, whether you are a member of the P. T. A. or not.

They All Praise Buick

Ask any garageman, any mechanic, in fact, any person who knows motor cars, what he thinks about Buick. Invariably he will tell you that Buick is a thoroughly good, high grade and dependable automobile and that a person makes a genuinely satisfactory investment when he buys one. Then ask the Buick owners you know what they think about Buick. Do these things and you will quickly understand why Buick has sold over one million motor cars and why you, too, should own a Buick.

"ON TO BROWNWOOD" HAS BEEN ADOPTED AS BOOSTER CRY OF MEMBERS OF JUNIOR C. OF C.

"On to Brownwood," is the booster cry of the members of the Junior Chamber of Commerce who have accepted the responsibility of getting up a representative delegation of Lubbock people to attend the West Texas Chamber of Commerce convention at Brownwood, May 13, 14, and 15, and these young men are going to keep on the job until the last prospect for the trip has been given a berth in the pullman or special train of pullmans that will be used in taking the aggregation to the convention city.

Meantime, the success of the efforts of the Junior Chamber of Commerce members depends largely upon Lubbock's attitude toward the convention, which should be favorable, in the face of the fact that Dr. P. W. Horn, president of the Texas Technological College of Lubbock, will be a principal speaker at the convention.

Every business institution, law firm, doctor's office, bank and in fact everything that is a part of Lubbock, should be represented at this convention and if the members of the Junior Chamber of Com-

merce have their way this will be done.

It will now be several days before the solicitors make their rounds, but now is the time for Mr. Lubbock Citizen to make up his mind to attend the greatest convention of its kind that will be held in the Lone Star State this year, for not only will he be given an opportunity to enjoy a little recreation and the association of a fine bunch of fellows, but he will be helping Lubbock to do the thing that is expected of her.

Some advance the idea that Lubbock should have so many representatives at this meeting that it would take a town block to give them standing room, and while getting such large delegation rounded up for the trip may be a bit difficult, that is just what the members of the Junior Chamber of Commerce intend to do.

It's a cinch that the fellow who fails to attend this convention will miss a good time, and a recognized fact that he will be remaining at home, make Lubbock fall just a little short of what is expected of her.

As They Come and Go

HOW, WHY, WHEN AND WHERE

Judge D. E. Kemp, of Slaton, was a business visitor in Lubbock Monday.

R. H. Akers, of Snyder, who recently underwent an operation in a local sanitarium returned to his home Monday.

R. W. Haldo of Paint Rock spent Monday attending to business interests in Lubbock.

W. H. Youngblood of Heaton, Okla., after spending some time visiting in Tahoka, Post and Lubbock, returned to his home Monday.

R. Roland, of Quanah, passed through Lubbock Monday on his way home from Brownfield, where he had been on business for some time.

Ike Byers, traveling salesman, of Oklahoma City, spent Monday attending to business in Lubbock. While here he visited with his old friend, A. W. Sims.

C. E. Harding, of Plainview, spent Sunday and Monday visiting with his family in Lubbock, returning to Plainview Monday evening.

A. W. Sims, insurance man of this city left Monday for Plainview, where he will spend several days looking after business interests.

Mr. Glascoe, of Bridgeport, arrived in Lubbock a few days ago and will make this place his home in the future.

H. Hardgrave, of Amarillo, spent Monday looking after business interests in Lubbock.

W. B. Copeland, of this city, who has a fine farm at Slide, went out Monday and will spend several days looking after the planting of corn and other early crops. Mr. Copeland has made a decided success of farming in the South Plains country.

The Busy Men's Bible Class of the Methodist church elected officers for the coming year Sunday morning. Those being placed in

office in this large class were: W. K. Dickinson, president; B. F. Hodges, vice president; James A. Hughes, secretary; J. H. Moore, teacher; George R. Bean and C. E. Lynn, assistant teachers. This class has just closed a year of prosperity and much progress, and has for a goal in the coming months a bigger and better class, a larger field of usefulness and a purpose to accomplish greater things for the Kingdom of God.

Rev. B. W. Dodson, pastor of the Methodist church at Slaton was in Lubbock visiting Monday.

Dr. Ratcliff, Conference Sunday School Secretary, for the West Texas Conference, is in Lubbock this week and will have charge of one of the departments in the training school being conducted at the Methodist church during the week. He filled the pulpit at the First Methodist church Sunday to the delight and edification of those present.

Mr. Howard Ferguson, of Amarillo and Rev. Charles Ferguson, of Booker, arrived in Lubbock Sunday to be with their father, Rev. C. N. N. Ferguson, pastor of the Methodist church who died in this city Monday morning.

C. M. Mason, gin man of Littlefield, spent Monday attending to business matters in Lubbock. Mr. Mason said in an interview that the progress being made in that section of the country was wonderful.

T. J. Richardson, of New Hope, spent Monday visiting and attending to business in Lubbock.

Mr. and Mrs. W. O. Sheely visited in Lubbock Monday.

Prof. Minns, of Clarendon, arrived in Lubbock Monday and will have charge of one department of the teachers training school in this city. Mr. Minns is a professor in Clarendon College.

U. S. Berry, of Dallas, representing the United Brotherhood of Car-

penters, was here Monday in interest of the Indianapolis Brotherhood of Carpenters, and decided to remain in Lubbock to look after the business of the local union with F. O. Kelly, secretary.

J. H. Brewer, of the Slaton State Bank, was here Monday from his home at Slaton on business.

F. L. Koons, of El Paso, was a business visitor in Lubbock Monday.

Ed. Griffin and Will Grimes of the Acuff community, spent Monday attending to business in Lubbock. These gentlemen are both engaged in the erection of splendid new homes on their farms in that community.

R. F. Bayless Santa Fe agent in this city, began the erection of a splendid six-room duplex on his property on 10th Street and between Ave. K and L Monday.

George W. Carter of Ropesville, attended to business in Lubbock Monday.

The Victory Class of the First Baptist Church had 128 in attendance in the Lyric Theatre Sunday morning. The class was addressed on Law Enforcement by Judge Clark M. Mullican and one present stated that the address was very greatly appreciated and of much profit.

J. B. Marsett and Miss Anetta Green, both prominent young people of this city visited in the Brownfield section Sunday.

Joe Lane, prominent Stockman of Roswell, was in Lubbock looking after business Monday.

Mr. and Mrs. L. G. Haynes of the three lakes Lynn County, spent Sunday in Lubbock and were visiting with Mr. and Mrs. Claud Burris.

Ward Crim of the Monroe community, attended to business in Lubbock Monday.

Quite a large crowd of people from all sections of the Lubbock trade territory spent the day in Lubbock Monday, taking advantage of the many opportunities offered by the merchants in bargains in merchandise. In the trade yards buying and selling was also brisk. W. D. Moxley, of this city, who has been in Marshall on business, for some time arrived in the city the first of the week and will be at home for a few days.

Rev. F. B. Etson, rector of the Episcopal church at Big Spring, was here Monday to visit Rector J.

Letcher Showell of the local church and to offer condolence at the death of the latter's wife.

L. T. Martin returned to his home here Monday after having spent several days visiting at the home of his son, L. T. Jr., of Amarillo.

D. N. Arnett, Sr., of Colorado, Texas, is here visiting relatives.

Sid Wells, of the Rix Furniture & Undertaking Company returned to his home here Sunday after having attended a meeting of salesmen of the Safe-Cabinet Company there.

Sam A. Roberts, editor of the Haskell Free Press, is here prospecting and visiting A. F. Woods. He is accompanied by one of his brothers who is editor of the paper at Chillicothe.

AUTOMOBILE DEALERS TO ESTABLISH HOUSE HERE

An official of the Fritz Motor Company, of Wichita Falls, was here last week to deliver a Reo cab to Abbott's Checker Cab Company of Lubbock, and stated that the company contemplates establishing a Mormon and Reo distributing

house in Lubbock, announcement of which is expected at any time.

The company has operated in this territory through traveling salesmen and it is the opinion among local business men that they would make a good move to establish a house in Lubbock in the very near future.

LOCAL PEOPLE WILL ATTEND MEETING AT CROSBYTON

Chris Harwell, president of the South Plains Fair Association, accompanied by Manager A. B. Davis County Agents Eaton and Mabel Marsh and probably others interested in the fairs of the South Plains, will go to Crosbyton Wednesday to attend the meeting of South Plains fair executives.

Important matters in the future of the various fairs of this section will be discussed.

Let us demonstrate to you our new model electric Singer. Balcony of Texas Furniture Company, Singer Sewing Machine Company, Phone 97. 127-11.

GOVERNOR NEFF TALKS ABOUT LAW ENFORCEMENT

PARIS, Texas, April 7.—Governor Pat M. Neff delivered his law enforcement speech at the district meeting of the Lion's Club here recently.

Approximately 1,000 delegates were here for the Lion's meet and heard the governor's address.

Col. Louis C. Perry, Terrell, district governor of the Lion's clubs, presided at the meetings.

FARMERS ARE BUSY IN THE PEP COMMUNITY

Pep, the new town on the Yellow-house ranch southwest of Littlefield, is making rapid growth, and special activity on the newly acquired farms surrounding the place is especially noticeable.

Pep was just recently established and with a large, fast developing trade territory will in all probability become a big trading point and live community center.

C. N. N. FERGUSON PASSES.

Rev. C. N. N. Ferguson, one of the veteran
ministers of the Methodist church, and pastor
of the First Methodist church here, has passed
into the great beyond, the realities of which he
shall enjoy according to the doctrine of a Living
Christ that he preached from the pulpit from time
to time. He was one of the most active preachers
that ever occupied a pulpit. He was untiring in
his work for the advancement of the Kingdom
here on earth and for the upbuilding of his church,
which he believed to be the most wonderful organ-
ization on earth. He worked hard, and wrought
well. He was a tireless promoter of the things
that he believed to be for the good of humanity
and for the best interests of the church to which
he belonged, yet he was liberal and charitable
toward all other denominations, and granted them
the same God-given privilege of worshipping ac-
cording to the dictates of their own conscience.

Dr. Ferguson was besides a great church
worker, a wonderfully useful citizen, and the
influence of his pure, righteous life was a blessing
to the community. He lived his religion, and im-
parted to his fellowmen. He was a great admir-
er of the young life of the community, and spent
much of his time planning those things that would
brighten the pathway of the youngsters of the
city, and direct their steps in the paths that they
must travel if they are to attain the high place
that he shall occupy in the life beyond this vale
of tears.

He was a worshiper of flowers if he indeed
worshiped other than his God. At any rate he
loved flowers dearly, and devoted many, many
hours to the planting and growing of flowers,
not only around his own home, but around the
church of which he was pastor. He did not stop
at that, but devoted much time and directed much
of his attention to the planting and growing of
trees and flowers on the school ground.

Dr. Ferguson's great activities will be greatly
missed in this community, for he was an untiring
fighter against the evils of the land, and waged
a relentless warfare against everything that had
the very appearance of evil. He was a good man,
a good pastor, and good citizen. He was a friend
to men. He was an affectionate husband, a lov-
ing father, and a true christian character. He died
thinking of the great program of advancement of
his church. He died as he had wished to die,
with his mind actively working on the plans of
an advanced march, and he has gone to receive
the reward of the faithful. Here words fail to
express our feelings, but we offer this weak and
poorly composed tribute to our friend, our pastor
and one of the most universally loved and admired
preachers in the West.

SMASH, CRASH, TWO CARS RAN TOGETHER

It was another one of those accidents that
continue to happen on the corner of the square,
and which will continue to happen as long as the
city commission allows the street corners to take
care of themselves. It was Sunday afternoon. It
was just an ordinary afternoon. The sun was
shining beautifully, the birds were singing sweetly.
The lovers were loving tenderly. The joy riders
were enjoying the pleasantness of the weather
and the association of their friends, and some pos-
sibly dearer than friends. Neighbors were driving
with neighbors, and it was just a happy, friendly
bunch. The streets were not more congested than
any other pretty Sunday afternoon, but two cars
crashing together just the same, because there was
no one to warn the drivers that cars were coming
from broadside direction, and they landed right
squarely in the middle of each other.

As luck would have it no one was injured
much, but this is not going to be the outcome of
every accident, and some of these days there will
be a gathering up of the fragments of a half
dozen human beings along with the wreckage of
an automobile, and that time may not be later
than today, and we feel that the quickest action
that the commissioners can take in this matter
will not be sudden enough, and we hope they will
in their wisdom see where this can be avoided,
by placing a man at the northwest and another at
the southwest corner of the square to direct traf-
fic. This is hardly necessary except on special
occasions except in the afternoon, but we feel
sure that we are right in saying that it is not only
necessary, but absolutely imperative.

Need for quick action by Congress on the
child labor amendment is indicated in the report
just made public by the Children's Bureau of the
Department of Labor, in which it was disclosed
that of 34 large cities surveyed, 29 reported an in-
crease in the number of children under the age
of 16 entering regular employment for the first
time in 1923, as compared with the previous year.
The number of 14 and 15-year-old children re-
ceiving first employment certificates in the cities
rose from 75,686 in 1922 to 90,166 in 1923.
An increase of at least 20 per cent was reported
by 19 of the principal cities, while nine cities
showed a 50 per cent increase.

THE MELTING POT.

Racial groups and other interests in the United
States have concentrated in an effort to de-
feat the Johnson immigration bill now before
Congress.

The American Legion, through its com-
mander, James R. Quinn, has joined hands
with the American Federation of Labor, rep-
resented by Samuel Gompers, in an effort to
direct attention of the people of the United
States to the importance of viewing the problem
presented, in the light of reason and without
false sentimentality.

It is pointed out that during the last cen-
tury some 30,000,000 aliens have entered the
United States, who are not nominally, an in-
tegral part of the nation. But the facts disclosed
show that millions of these newcomers are still
the nationals, at least in sympathy and prejudices,
of the lands from which they came. The melt-
ing pot, whose efficiency as a transmutter of
humanity into the pure gold of patriotism and
love of country has been boasted, seems to
have failed to perform its functions. For this
failure it may be admitted that Americans them-
selves are in no small part responsible, but the
fact remains that the fusing process has not
been accomplished.

The economic aspect of the case loses its
importance as the social and political factors
become emphasized. Exploited by astute na-
tionals who have preyed upon them, as well as
by employers in industry who have compelled
them to work for less than a fair living wage,
the more ignorant immigrants have grown bitter
and resentful, offering a fertile field for the
seeds of radicalism and revolution. It is contend-
ed, and with reason, that until a satisfactory
plan can be evolved, immigration should be re-
stricted to the minimum.

POLITICAL CONTRIBUTIONS—AN
INVESTMENT

As a result of evidence produced in the oil
investigation, the treasurers of both the major po-
litical parties will be requested to show from their
books what sums were received from men having
any connection direct or remote with the naval
oil leases. Regardless of the fact that various
Federal statutes have been enacted to limit the
amount candidates may spend in seeking election,
it is admitted that many devious ways have been
found to circumvent the laws. The Democratic
pot cannot call the Republican kettle black, ex-
cept on the theory that the pot does not hold as
much as the kettle.

Both parties have a record in the matter that
is vulnerable. As in England contributors to the
party chest get their reward in the shape of bar-
onetries and peerages, so in this country men who
have placed their long purses at the disposal of
party committees have found themselves appoint-
ed Ministers or Ambassadors. This is to say noth-
ing of the return for large campaign contributions
which has unfortunately too often been detected
in the form of securing favorable or preventing
harmful legislation. While many contributors
frankly confess that they expect to get their
"money's worth" the astounding revelation is
made that certain "vested interests" contribute
to both parties, playing both ends against the
middle, and care not which one is elected. If
"radicalism" is to be suppressed these things must
be remedied.

WOMEN'S INDEPENDENT POLITICAL
ACTION.

An independent woman's political party is
being formed. A call has been sent out by the
Woman's Committee for Political Action to
women of liberal thought all over the country
to affiliate for the purpose of having a voice in
the selection of liberal candidates for President
and Vice-President of the United States. It
already has received wide-spread and cordial re-
sponse.

Its purposes are clearly stated in the call and
in the tenets to which the members are asked
to subscribe. It does not pretend to foster the
interests of any particular presidential candidate,
but rather to rally as many women voters as it
can around a set of fundamentals with a view
to exerting an influence commensurate with
strength in assuring the candidacy of one who
measures up to their standards.

The platform is one of the most concise po-
litical statements ever promulgated, following the
lines laid down by the Council for Political Ac-
tion. The convention is to be held in Washington
May 8 to 11, and several women of national re-
putation will participate. Delegates may be elected
to the proposed third party convention to be
held June 17 in St. Paul.

THE UNTHOUGHTEDNESS OF SOME
PEOPLE IS ALMOST SINFUL.

Our attention has been directed to the un-
thoughtedness of some of the people of this city,
in regard to breaking the line of a funeral pro-
cession. Of course, there are no human beings living
in this great South Plains section that would not
act with every respect possible at any person's
funeral, but it is just a case of unthoughtedness
and it will only require their attention to forever
correct the practice that some people have fallen
into a breaking through the line of processions
with a bunch of commercial cars.

On several occasions this has happened in
Lubbock, and we hope that after you have read
this and thought about it for a few seconds, that
you will remember the next time that it will only
take a very few seconds for the cars in the pro-
cession to pass, and then you can resume your
journey, wherever you are going.

Successful men show many contrasting char-
acteristics—but the one quality which they never
lack is thoroughness. Business is full of men who
would be at the top if they had only learned to
think their thoughts out to a conclusion. They
know that 2 and 2 make 4, but they never stop
to think 4 what.

"SOBER UP AND GO TO WORK!"

MARKETS

MARKET HALTED
BY FINANCE
REPORTBy WILL JOHNSON
(UN Financial Editor.)

NEW YORK, April 7.—Dealings
on the stock exchange Monday were
largely in the hands of the profes-
sional element who were quick to
take advantage of the hesitancy
at the start over the failure of the
Dawes report to put in an appear-
ance in the public prints over the
week end. Industrial stocks were
singled out and the hammering was
maintained through the close which
brought rails lower some of the
issues losing the gains built up last
week.

The market between now and
the announcement of the Dawes
report on Wednesday will undoubt-
edly be swayed more by technical
conditions than by any outside in-
fluences. Any action that sterling
may take during the next few days
will hardly be a factor in itself.
Sterling, like stocks, will be affected
by the Dawes report.

In the cotton market Monday,
the principal options were down 50
to 91 points with the nearer positions
suffering the greatest declines. At
one time May contracts stood \$5
a bale lower. The movement of
cotton is still well ahead of this
time last year.

Traders who have been looking
for cheap money rates have been
disappointed during the past few
days. Call money on the exchange
today reached 5-12 percent the
high of last week, after renewing
at 4-12 percent.

EGGS SCARCE ON EASTER
MARKETS ON ACCOUNT
OF WEATHER

CHICAGO, Ill., April 7.—The cold
backward season has been respon-
sible for lighter receipts of eggs,
but there is every indication of real
spring weather throughout the pro-
ducing sections, which will undoubt-
edly bring about a more normal
supply of stock on the leading mar-
kets. Quotations are just a little
higher, due to the demand for cur-
rent receipts for Easter trade. Just
as soon as these orders are taken
care of, the market in all probability
will ease off a little.

More attention is being given to
the problem of improving the gen-
eral quality and character of eggs
marketed. The following sug-
gestions were taken from the U. S.
Department of Agriculture bulletin:

- "To Egg Producers: Do you
know that your eggs will be worth
more money if you—
1. Produce infertile eggs by re-
moving the roosters from the flock
except when eggs are required for
hatching.
 2. Provide clean nests and keep
eggs clean.
 3. Do not wash eggs.
 4. Gather eggs promptly and

keep in a cool, dry place.

5. Market them at least twice a
week.

6. Insist that they be bought on
a quality, graded basis."

The last suggestion is very im-
portant, as producers who take good
care of their eggs and produce fine
quality should undoubtedly receive
a better price than the average
run.

This has been another week of
full supplies of live poultry, par-
ticularly on the eastern markets,
with no noticeable change in quo-
tations on fowl.

Poultry is now being purchased in
the country for current use as
well as for the approaching Jewish
holidays, known as Passover, April
19-20, and the Last Passover, April
25 and 26.

Stocks of butter in the hands of
dealers show some decrease during
the week. A little more confidence
has developed and prices have re-
acted slightly from the low point
early in the week.

Fort Worth Livestock.

FORT WORTH, Texas, April 7.—
Cattle: receipts 3,000; calves 1,500;
market steady; beefs \$3.50-\$3.80;
stockers \$3.00-\$3.70; cows \$3.00

1-2c-\$49 3-4c; May 48c.

WILL APPOINT A
KEEPER FOR
FAIR PARK

Delegates representing the Cham-
ber of Commerce, Junior Chamber
of Commerce, Fair and Golf Asso-
ciations, and the Commissioners' Court of Lubbock County, went to
the fair grounds and county park
Monday afternoon to lay out plans
for taking care of the tourist sit-
uation, and to appoint a keeper
for the county park, the golf course
touring building and fair grounds.
At a meeting held at the court-
house late in the afternoon when
an effort was made to appoint a
keeper for the place no decision
was reached. Four applicants for
the place reported at the meeting.
Another meeting at which the ap-
pointment will be made will be held
in the near future.

NOTED POET TO ADDRESS
ROTARY CONVENTION
ON TUESDAY

PARSONS, Kan., April 7.—"Ro-
tarians of the fifteenth district end-
ed the first day of their annual
convention here Monday night,
amid a clamor of horns and a bar-
rage of confetti at a cabaret pic-
nic. More than 2,000 Rotarians
came from Missouri, Oklahoma,
Arkansas and Kansas.

The meeting will close Tuesday
evening with the election of a dis-
trict governor, and selection of a
1925 convention city.

The principal speaker for Tues-
day will be Edgar A. Guest, poet
and humorist. He will use "The
American Home" as his subject.

... SPORT NEWS ...

ONLY TWO BOUTS OFFERED FANS THIS YEAR

By United Press.

NEW YORK, April 7.—Two big shots are all that the summer boxing program can hold. The outdoor season last summer was overcrowded with feature events and promoters and the public suffered. These are the opinions of Tex Rickard, America's premier boxing promoter, who admits that he is facing his biggest job in giving the sport public this summer the best, in the smallest quantity.

"It was my intention originally to try two big spectacles with Jack Dempsey in one corner, but I find now that this will be impossible. I can use Dempsey only once, and his single appearance must be in the windup show of the season," Rickard said.

Rickard insists that the plans he had in mind for Dempsey were set aside by the insistence of Jack Kearns, the champion's manager, that his charge was not in physical condition to take any kind of a chance until September.

In announcing that he had been forced to abandon plans for a Dempsey-Gibbons contest early in June, Rickard told the United Press that he was willing to stage the contest, that he had reached an agreement on terms with Gibbons, but that Kearns said his champion wasn't in condition to go.

Kearns claims that he was all set to go, that he had placed a return match with Gibbons first on his list of prospects, but that Rickard had told him that it would be impossible to stage a big championship match until the Democrats had picked their man to make the big race this fall.

"I told Rickard," Kearns said, "that we could not remain idle until June, because it would take at least 45 days to steam up into the fight and that would run us into the late summer. We couldn't sign for a July or an August date and keep it quiet until the first of July."

"We had many offers for other fights. Jim Coffroth wanted to put us on in Tijuana early in the summer. We had offers for a fight with Gibbons from several other promoters and we had a couple of movie contracts that we had to consider because the price was so good. So I told Rickard if he couldn't do business for an early date we would have to look elsewhere."

Rickard, when told about the statement Kearns made, said that he was willing and ready to go, but that Kearns had called him off.

There were many rumors in circulation about the time that Dempsey entered a hospital here some time ago for an operation for a fistula. It was reported then that he had to submit to an operation for a hernia and that it was possible that he might never be able to defend his title again.

When Dempsey was discharged from the hospital here several days ahead of schedule, these stories were partially contradicted, but it has been heard since that the champion will have to submit to another operation and that he went to California to have it performed.

Rickard does not attempt to cover his belief that Dempsey is the biggest card among the professional sportsmen and that a promoter assumes less risk in putting Dempsey on than he does in arranging any other match, including one that would involve Benny Leonard, the lightweight champion, who is next to Dempsey, the best card that could be arranged for New York.

There is no doubt that any championship match, or any big spectacle which involves the risk of a quarter

of a million dollars, must be staged around New York. Admitting even that it was badly managed and poorly promoted, the Dempsey-Gibbons match at Shelby last summer proved that a big spectacle, to be successful, must be staged in a place close to the center of a large population. It has been proved that fans will not travel far to see any kind of a sporting contest.

Rickard, not only because is accepted and recognized as the greatest of all promoters, but because he has proved that he knows what the public wants, says all the contests he stages in the future will be within ten minutes of New York City.

Rickard says that he will find an opponent for Dempsey. It may be Firpo, and the chances are that it will be Firpo. It may be Quintin Romero. That depends upon what Romero shows in the test bouts that he has agreed to accept as a proof of his right to contest for the championship. It may Erminio Spalla, the European champion who went 14 rounds with Firpo recently in South America.

Rickard says that he is going to put Romero and Spalla to the test and that if he feels either one of them are worth a shot, that he will give it to them.

GIANTS WIN OVER WHITE SOX 5-3 MONDAY

By United Press.

CHATTANOOGA, Tenn., April 7.—Hank Gowdy, the gangling hero of the 1914 world series in which he smashed out his great home runs for the Boston Braves, again felt the thrill of a home run pulsating along the bat as he leaned against a fast one in the Giants game with the White Sox Monday. Hank, now regarded as an old man in baseball although he is less than 35, contributed this punch in a victory of the Giants on the occasion of John McGraw's birthday. McGraw refused to announce what birthday it was, but inasmuch as he was a shortstop for a regimental team in the war of 1912, he is believed to be about 130.

George Kelly, the Giant's first baseman, also hit a homer and the score finally amounted to 5 to 3 and the Giants have now won four and the Sox two in their barnstorming series. The score: Giants 002 011 001-5 7 3 White Sox 100 020 000-3 7 2 Huntzinger, Gearin and Gowdy; Davenport, McWheneey and Schall.

UNIVERSITY OF IOWA NAMES NEW COACH

IOWA CITY, Ia., April 7.—Burt Ingwersen, first assistant football coach at the University of Illinois and Iowa alumnus, has been elected head coach at the University of Iowa. He succeeds Howard Jones who is the new coach at Trinity College, Durham, N. C.

Gordon Locke, former Iowa, all American quarterback, will be Ingwersen's assistant. Ingwersen graduated from the University of Iowa in 1919.

BERLENBACH KNOCKS OUT JACK STONE MONDAY

By United Press.

BUFFALO, N. Y., April 7.—Paul Berlenbach, the reformed wrestler, whose sensational run of 24 knockouts was halted recently by Jack DeLaney, of Bridgeport, Conn., knocked out Jack Stone, Philadelphia, middleweight, here Monday night in the fifth round with a terrific right just below the heart.

Stone was completely out from the effects of the blow and a physician was summoned to revive him. Stone made a poor showing throughout the bout.

CHANCE TO TAKE OVER REINS OF WHITE SOX

By United Press.

LOS ANGELES, April 7.—Frank Chance, manager of the Chicago White Sox, will leave Tuesday for Chicago to take charge of his team, he said Monday.

Chance intends to be in the east in time to handle his squad in the two game series with the Giants.

C. OF C. DIRECTORS TO MEET AT 9 O'CLOCK TODAY

The directors of the Lubbock Chamber of Commerce will meet at the Chamber of Commerce offices in the courthouse this morning at 9 o'clock, in the regular semi-monthly business session.

Important business that has come to the attention of the manager since the last regular meeting will be discussed.

S. S. TEACHERS BE GIVEN OPENING LESSON TUES. NIGHT

The Standard Training School which has been planned to be held at the Methodist church for this week did not open last evening on account of the death of the pastor, but all of the instructors are here and the school will open this evening at 7:30 o'clock.

Let all who have been planning to attend be out this evening at the opening lesson period. Many from churches in other towns are expected to be present.

COOLIDGE TAKES HEAVY LEAD OVER JOHNSON

DETROIT Mich., April 7.—President Coolidge continued to maintain a big lead over Senator Hiram W. Johnson as the returns from Monday's presidential primary filtered in at midnight.

At that hour 223 precincts out of 289 in the state, reported the following vote:

Coolidge 21,687; Johnson 10,483

In the democratic contest, Henry Ford had a slight lead over Senator Ferris at midnight.

With 260 precincts reporting, the vote stood:

Ford 2,824; Ferris 2,681.

The vote throughout the state was extremely light and returns were slow coming in.

THIRD MAN ARRESTED IN PAYROLL HOLD-UP

EL PASO, Texas, April 7.—Ramon Villalva, was arrested when he crossed the international bridge Sunday and held for investigation in connection with the attempted G. H. & S. A. payroll hold up, when one guard and bystander were killed. Jose Carrasco, who was wounded so badly that his leg had to be amputated and Agapito Reuda, also shot in the leg during the firing at the time of the attempted hold up are in the county jail.

Carrasco says Villalva was not in the bandit party.

A GOOD LAXATIVE

Black-Draught Recommended by an Illinois Lady, Who Says It Helps Her.—"Fine for the Liver."

St. Elmo, Ill.—"I have used Black-Draught for three years," says Mrs. J. W. Boyd, a well-known member of this community. "I was visiting a friend who had used it for some time. I was in need of a laxative and I had a burning in my stomach. I was constipated. She gave me a dose of Black-Draught and it helped me, so I used it from then on. It certainly benefited me. I think it is fine for the liver, too. I am glad to recommend it."

"One day our pastor was visiting us, and he said his system seemed clogged and asked me to give him something to take. I gave him Black-Draught. He was much pleased with the results and bought a package, himself."

Constipation forces the system to absorb poisons that should be thrown out, causing pain, discomfort and tending to undermine your health. Black-Draught helps to relieve this condition by acting on the bowels, and by regulating the liver when it is torpid, thus helping to drive out many poisons in an easy, natural way.

Don't take chances! At the first indication of constipation, take Black-Draught. Costs only a cent a dose. Your local druggist, or dealer, sells Black-Draught. NC-153

STATE OFFICIAL UPHOLDS BONUS CLAIMS DECISION

By United Press.

TOPEKA, Kans., April 7.—The opinion handed down by the district court on the 1,700 contested soldier bonus claims will stand and will not be appealed to the state supreme court, according to an announcement made by Adjutant General Robert Rahn here Monday.

Work on the bonus claims is expected to be completed by May 1, officials of the board announced. Contested bonus claims will total approximately \$2,000,000.

IRISH TROUBLE NOT SERIOUS SAYS MASON

By J. W. T. MASON
(Written for United Press)
NEW YORK, April 7.—Disturbances in the Irish Free State over the question of throwing 30,000 soldiers out of work, through demobilization of the army, are no more than the modern counterpart of the army troubles in America at the conclusion of the Revolutionary War. The Irish soldiers feel that the Free State was won by their campaign, and by the spirit which they personified. Therefore, they demand a privileged position. After the American Revolution, efforts of the civilian authorities to look upon the army simply as a machine, and difficulties about over-due back pay, caused a number of officers to start a royalist movement, culminating in the offer of the crown to George Washington.

POLITICAL ANNOUNCEMENTS

The Avalanche is authorized to announce the following for the office given below, subject to the Democratic Primary in July and the voters of this county are urged to give them due consideration at the polls.

The common sense of Washington smoothed the trouble, and civilian control eventually was firmly established.

In Ireland there is every indication that a similar outcome will result. After self-government has been won by an appeal to the sword in any country, trouble develops between the military and civilian authorities. Whichever side wins in the end determines whether the new government shall be militaristic or democratic. There is not enough militarism in Ireland to allow the soldiers to win.

Army It Doesn't Need
The demobilization order of the Government, however, has had to be withdrawn for the time being because there is still a lively recollection among the Irish of the decisive influence guerilla warfare and military turmoil played in the establishment of the Free State. Ireland has no need whatever for her present army of 50,000 men. The only practical use of a Free State Army is to prevent the Republican rebels from taking the field; and the De Valera forces, have become so inactive that the problem of dealing with them, as disturbers of the peace, is a matter for the police rather than the military.

The Irish Government wants the army to number about 17,000. Even this strength is more than practical considerations require. But it would be specially hard on the officers, numbering about 1,000, to send them back to civilian employment, to occupy very subordinate roles in civil life, after their work in establishing the Free State Government. The officer class feels a sense of dignity and does not like to surrender commissions for low civilian posts and play no further part in the Government they established than to vote at elections. It was the officers, after the American Revolution, who tried to make Washington king.

All Human Nature
Though patriotic duty should induce the Irish military faction to return without protest to their home affairs—the civilian authorities at Dublin have to deal with human nature as it is. A slow process of demobilization is better than a peremptory all-inclusive movement. It saves the pride of the officers, and at the same time permits them to fit themselves one by one into civilian life.

More satisfactory results will follow that system than can possibly result from letting loose a thousand officers at once to scramble for the few immediately available choice civilian positions.

There is no danger to the Free State in the present unpleasantness. Self-government in Ireland has not failed. On the contrary, the quick realization by the Dublin authorities that they have made a mistake shows that common sense rules. The continued application of common sense and recognition of the pride and sensibilities of the soldiers who gave the Free State to Ireland will end the crisis and continue to keep Ireland's Government in civilian hands.

INFANT OF E. R. HIGEAR DIED HERE SUNDAY

Elbert R. Higeard, two day's old, son of Mr. and Mrs. P. E. Higeard, died here Sunday afternoon. Funeral services were conducted by the pastor of the Seventh Day Adventist church Monday afternoon at two o'clock. Interment was made in the Lubbock cemetery.

ENGLAND SEEKS TO MAKE HER OWN MOVING PICTURES

By United Press
LONDON, April 7.—A campaign has been launched here to encourage the production of British-made movies.

American films surpass the home product in popularity here, and English producers are getting worried about it.

At the present time every big feature being shown in the heart of the city theatrical district is a United States production.

London newspapers, discussing the twenty-fifth anniversary of the "movie" assert that on March 10, 1899, two Englishmen in New York made and exhibited at 140 Nassau street the first moving picture—a "chase" thing called "The Haunted House" that required just two minutes to run. These men were J. Stuart Blackton and Albert E. Smith, according to information here, and later they organized the Vitagraph Company.

"Englishmen made the first moving picture—but they made it in America, and America has been making most of the movies since, and is sending us most of our films now," the movie writers here say. They point out that is simply up to the British studios to produce better pictures if they would outdistance the Hollywood and New York productions.

NAVY CHARTS HELP PACIFIC FISHERMEN

By United Press
LOS ANGELES, Calif., April 7.—Science has come to the aid of fishermen off California's coast. New bathymetric charts, compiled by the hydrographic office of the United States Navy, shows fishermen how to locate fishing banks, according to C. S. Bauder, Deputy Fish and Game Commissioner, who says this system has revolutionized the industry.

These charts account, Bauder says, accounts for the big catches now being made.

From San Francisco to Point Descanso, below San Diego, destroyers charted the ocean bottom, extending 100 miles out from the coast. Some 34,000 square miles were covered.

Probably the most popular fishing bank discovered by use of the charts is 20 miles west of San Nicholas Island, south of Beggs Rock.

THE FARMERS AROUND JACKSONVILLE GIVEN CASH PRIZES

JACKSONVILLE, Texas, April 7.—Cash prizes totalling \$2500 will be awarded farmers in this section for crop production this year.

Local business men raised the money to stimulate better farming in the community.

Six prizes totalling \$600 will be awarded for the best production of five acres of cotton; six others totalling \$750 will be given for the best production on five acres of corn and six others totalling \$600 for the best growth on two acres of tomatoes. Prizes for the heaviest litter of pigs farrowed at the ages of six months will be awarded also.

You can pay a singer out \$3.00 per month, without interest. Balcony of Texas Furniture Company Singer Sewing Machine Company. Phone 97. 127-11.

Canadian hens in 1923 laid 202,186,508 dozens of eggs.

PLANT A TREE!

NEW PAPER INVENTION WILL UTILIZE SHAVINGS

By United Press
EUGENE, Ore., April 7.—A new process of producing paper pulp from wood, in which shavings and similar cull material of the ordinary paper pulp mill may be included to give a satisfactory pulp for making heavy grades of dark paper, has been developed by Dr. Alfred Tingle, former research chemist for one of the leading pulp and paper mills of Canada.

Dr. Tingle has been experimenting at the University of Oregon laboratories, at the invitation of Dean O. F. Stafford, who recently developed a process for utilization of mill waste in the carbonization of wood distillation industries.

In Dr. Tingle's new pulp-making process, all danger of overcooking smaller pieces of wood waste, while large pieces remain uncooked, is avoided. Dr. Tingle also says the new process is much simpler and less expensive.

The application of Dr. Tingle's "digestion" method which he believes may prove applicable to waste products of the lumber industry, will produce a product which can compete with kraft pulp when applied to high grade spruce chips, Dr. Tingle predicts.

The process involves a double treatment of wood. The chips or shavings are first digested under pressure with a solution made from lime and sulphur. The product is then crushed into a fine, soft pulp in a certain very cheap acid, which itself at present is only a waste product from another manufacture.

Specially trained Red Cross instructors in hygiene and nutrition are developing a service of great

tist church and 713 Avenue O. Re-
ward for return to E. L. Law
Plumbing shop. 138-1p.

EXPERIENCED ACTOR NOW GETS PREFERENCE

Conway Tearle, who is co-featur-
ed with Corinne Griffith in Frank
Lloyd's production of "Black Oxen"
a first National picture now playing
at the R. & R. Theatre, relates that
not so many years ago between
theatrical seasons in New York his

funds grew so low that he answer-
ed an advertisement for extras in
motion pictures and walked from
Twenty-first street and Tenth ave-
nue in New York to 126th street
and Third avenue, twice in an ef-
fort to earn the \$3.50 a day paid
for well dressed supernumeraries.
"I had had quite a reputation on
the stage," Tearle exclaimed in re-
calling the incident, "and felt that
if the studios were advertising for
extras possibly when I reported in
my best suit and told of my expe-
rience I might get a part, but the
casting office wasn't interested in
my experience, but rather in my
clothes so I became 'atmosphere'."

MEAT MARKET TO BE LOCATED ON EAST MAIN

A space in the J. E. Garrison
building on East Main street that
is now under construction, has been
leased for a period of years by
Mr. Ainsworth, who now owns and
operated a meat market in the
Yarbro grocery, and they will es-
tablish another market in this build-
ing in the near future.

The fact that they will establish
another market by no means indi-
cates that they will dispose of the
present business, as they have an-
nounced intentions of operating the
present business just as it is now.

KEEN HAS COWBOY HAT TO WEAR TO CONVENTION

Curtis A. Keen, local insurance
man, has evidently turned cowboy,
as he was seen strutting the streets
of Lubbock recently in a nine bush-
el hat of the brand usually worn
by the range riders.
Keen received the hat as a gift
from Stout Jackson, nationally
known show man who makes his
headquarters in Lubbock. "You bet
I'll be at the Chamber of Commerce
Convention, and whether they see
me or not they will get a look at
my hat," Keen declared. Keen
was formerly secretary of the Lub-
bock Chamber of Commerce.

ATTORNEY McWHORTER WAS AT HIS OFFICE MONDAY

County Attorney Owen McWhor-
ter has recovered from a severe at-
tack of pneumonia, and was able
to be at his office for a while Mon-
day morning at which time he pre-
pared important papers needed in
the county court cases Monday.

While he is yet very weak and
will be compelled to take hold of
work with less energy than usual,
it won't be but a little while until
he will be strong again.

LARGE BRIDGE IS BEING BUILT ACROSS THE CONCHO

SAN ANGELO, Texas April 7—
A gigantic bridge will soon span
the Middle Concho river on Central
Texas Highway No. 7, twelve miles
west of here.

Plans for construction of the
spanway have already been prepar-

ed, and under direction of the state
highway commission, county engin-
eers will soon begin the work.
The big bridge will have a 120-
foot steel span, with concrete floor
and another 100 feet of concrete
approaches. It will be supported
by huge concrete pillars.

JUNIOR C. OF C. MEMBERS TO MEET WED.

The regular semi-monthly breakfast meeting of the Junior Chamber of Commerce will be held at the Melba Grill, formerly known as the Palace of Eats, Wednesday morning at seven o'clock.

What the board of directors have done on the "On to Brownwood" proposition, the Tourist Park, and other timely and important subjects will be discussed at this meeting, and a large attendance is urged.

Officers of the Junior Chamber wish to impress each member with the fact that this is not a meeting of the directors of the organization, but a membership meeting, and one which should be attended by every member.

C. N. N. FERGUSON PASSES AFTER SHORT ILLNESS (Continued From Page 1.)

Rev. Comer C. Woodward, of Dallas and the body will be taken to Amarillo on the 1:45 train where another brief service will be conducted at the Park Street Methodist Church, of which the deceased was pastor and which he built. Dr. Woodward assisted by the pastor of that church. Interment will be made immediately following in the Llano cemetery.

TWO AMERICANS KILLED IN ALBANIA (Continued From Page 1.)

there pending instructions from the State Department, Kidding said.

Believe Plots Caused Death.
LONDON, April 7.—Tangled plots of Balkan politics may have caused the murder of Robert Lewis Coleman, of San Francisco and George B. De Long of New York on a lonely road between Tirana and Scutari, Albania, according to Albanian officials here.

They believe that the unidentified men who shot the Americans were enemies of the Albanian government and hoped to discredit the present regime by causing possible complications with the United States.

Martial Law Declared.

ROME, April 7.—The Albanian legation semi-officially confirms reports that martial law has been proclaimed in Albania following the murder of the two Americans near Marmuras Sunday. An inquiry into the murders has been opened. It is learned here and it is believed that an ex-minister was involved in the plot which is thought to have been carried in an attempt to embarrass Albania in the League of Nations inquiry on the boundary of the nation's frontiers.

Both California Pioneers.

SAN FRANCISCO, Calif., April 7.—A friendship of long standing closed in the deaths of Robert Lewis Coleman, retired capitalist, and George B. DeLong, former realty broker, both of San Francisco.

January 28 they sailed from New York for Constantinople and after transacting business there had left on a leisurely trip through South-eastern Europe, planning to join Mrs. DeLong and son in London on April 19.

Those plans were contained in letters from Coleman and Mrs. DeLong received in San Francisco the last coming from Coleman to his son Robert, Jr., two weeks ago, written in Athens.

Coleman was one of the city's oldest families and is remembered

as leader of the old Virgilante days. DeLong, also of old California stock, likewise occupied a high position in business and social circles of the city before his retirement.

CITATION BY PUBLICATION

THE STATE OF TEXAS.
To the Sheriff or any Constable of Lubbock County—Greeting:

You are hereby commanded to summon John Jackson, by making publication of this citation once in each week for four successive weeks previous to the return day hereof in some newspaper published in your county, to appear at the next regular term of the District Court of Lubbock County, to be held at the Court House thereof, in Lubbock, Texas, on the 4th Monday in April, A. D. 1924, the same being the 28th day of April, A. D. 1924, then and there to answer a petition filed in said Court on the 22nd day of March, A. D. 1924, in a suit, numbered on the docket of said Court No. 1871, wherein, Golda Jackson is plaintiff, and John Jackson is defendant, and said petition alleging that said cause of action is a suit for divorce.

Plaintiff alleging she and the defendant were married on November 6th, 1914, and lived together as husband and wife until about the 20th day of July, 1923, when they separated on account of the cruel treatment of the defendant, John Jackson. That during their married life, the defendant was guilty of harsh and cruel treatment towards her. That he was wicked, cursed, abused and inflicted corporal punishment on her, and continued said treatment until it became unbearable. Defendant also drank to excess, gambled and failed and refused to support her, all of which treatment became unbearable, and of such a nature as to render their further living together insupportable.

That during the marriage, three children were born, to-wit: Maydelle Jackson, a girl, aged 9 years; Opal Jackson, a girl, aged 7 years; and Loma Jackson, a girl, aged 4 years.

Premises considered, plaintiff prays that upon final hearing she be granted an absolute divorce from defendant, that she be given the sole custody, care, control and education of said three minor children, and for any other relief to which she may be entitled in law and equity, etc.

Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Lubbock, Texas, on this, the 22nd day of March, A. D. 1924.

(Seal)
LOUIE F. MOORE,
Clerk, District Court,
Lubbock County, Texas.

MAN STABBED AT ARCHER AFTER QUARREL

By United News.

WICHITA FALLS, Texas, April 7.—S. H. Melguin, aged 41, proprietor of a gasoline filling station in Archer City, Archer county, died in a hospital here Monday as the result of a knife wound in the head above the left ear.

R. E. Andrews, proprietor of a competitive station across the street from the Melguin station in Archer City is out on bond of \$10,000 in connection with the murder.

The stabbing occurred late Sunday following an argument over the ownership of some iron tanks for holding gasoline.

FINE REDS WILL BE EXHIBITED AT S. P. FAIR HERE

LITTLEFIELD, April 7.—E. C. Cundiff, of this city, is the proud owner of one of the most complete poultry plants to be found in this section.

He has several hundred dollars invested in fine breeding stock, and his place is thoroughly equipped for caring for a big business.

Mr. Cundiff exhibited some winning birds at the South Plains Fair at Lubbock last year and will in all probability make still more winnings this year if he enters any of the birds to be found on his place at this time.

While Mr. Cundiff's plant is not as large as some that have been established on the South Plains in recent months, those who have visited it are of the opinion that he has the finest flock of pure-bred Rhode Island Reds to be found on the South Plains.

GERMANY RESPONSIBLE FOR TEN AMERICAN SHIPS

By United News.

WASHINGTON, April 7.—An echo of the days of submarine warfare was heard Monday, just seven years after the declaration of war against Germany when the mixed

FOUR YOUTHS PLACED IN JAIL MON. FOLLOWING SHOOTING OF NEGRO

By United News.

TEXARKANA, Texas, April 7.—Four white youths, were placed in jail Monday charged with first degree murder in connection with the fatal shooting of Levi Williams, 65 year old negro Sunday night. The aged negro was walking to church when he was shot down on Rose Hill.

Police claim that the shots came from a recklessly driven automobile in which the four white youths were riding.

Indignation is expressed by leading citizens of Texarkana over what appears to have been wanton murder. At the weekly luncheon today, the Lions Club adopted resolutions strongly denouncing the youths.

MANY WILL ATTEND LUMBERMEN'S MEET

COTTONSEED MEAL and HULLS
There is no question but that cottonseed meal grows in popularity as its intrinsic value becomes known. There is no foodstuff known that will place the same amount of fat on cattle within so short a time as cottonseed meal combined with cottonseed hulls, and this fact is recognized wherever this feed is used. When fed to dairy cows, its use increases the quantity of milk, improves the color, and the cream therefrom makes richer and better butter.

WHEELER INDICTED IN MONTANA

GRUESOME TALE OF INTRIGUE IS REVEALED TUES.

ACCOUNTANT SAYS UNABLE TO FORCE PROSECUTION OF POWDER INTERESTS

By United News.
WASHINGTON, April 8.—Testimony that he was unable to force prosecution of the Du Pont Powder interests in connection with the alleged over-payments of the government in the notorious Old Hickory Powder plant controversy was given before the senate committee investigating the department of justice by George W. Stock, a department of justice accountant.

In assigning him the case in 1923, assistant attorney general Crim declared "the government can recover millions." Stock said, "Has suit ever been brought?" Wheeler asked.

"No sir, but two special assistants have been put on the case."

Stock not only declared the Du Pont people owned 90 per cent of the stock in the Old Hickory Plant but that evidence he had collected concerning alleged fraudulent invoices submitted by the Old Hickory owners were turned over to Du Pont lawyers.

A gruesome story of profits made by the Old Hickory concern in burying employees killed by the "flu" was related by Stock. He said the government had paid the concern \$75 for burial of each "flu" victim, but that the Old Hickory owners had spent but \$11 on the burials pocketing the other \$64. The victims were buried in the local potter's field.

Meanwhile, the committee again listened to sensational charges concerning the machinations of an alleged "beer ring" in Chicago, and as Bruce F. Armstrong, dry agent, continued his testimony, he involved persons high in Illinois politics more and more deeply in the alleged ring.

He unfolded a tale of influence brought to bear by Chicago politicians which was so strong that Breweries seized and ordered closed by the courts, still operated with United States marshals supposedly guarding them.

Asked if Mrs. Mabel E. Willibrand, assistant attorney general in charge of prohibition matters, did not halt these activities, Armstrong said:

"She was being hoodwinked by people in her own office and while she wanted to prosecute those accused of violation of the laws, she was prevented from doing so by higher ups."

TWO OF AMERICAN SLAYERS KILLED BY POSSE

By United News.
ROME, April 8.—Two of the murderers of George B. DeLong, of New York and Robert Lewis Coleman, of San Francisco, were killed, another was wounded and three others escaped when the band was overtaken by Albanian search parties according to dispatches from Tirana.

The murderers were run to earth in the village of Malibare, in the district of Kruja, the report states.

Mellon Plan of Tax Revision Revived In Senate But Compromise Measure to Supplant Plan is Almost Completed

WASHINGTON, April 8.—The Mellon tax plan—killed by the house mercifully—has been dragged into the senate for a last stand, and the forces of opposition are marshaling for the assault.

Out of the battle which promises to be strikingly similar in method and result to that in the house, will come a tax measure whose outlines, it appears, will be very unlike the Mellon plan. Just how different is indicated by two developments which followed reporting of the administration measure, containing the Mellon rates, to the senate Tuesday.

1. Democrats immediately predicted that their rate schedule, now nearly completed, would supplant the republican rates by a vote of the senate.

2. Senator McCormick, of Illinois, republican, opposed to the Mellon plan, started a movement to frame a compromise measure so that republicans might get credit for the bill.

A sounding of sentiment and study of probable alignments Tuesday indicated that the democrats will muster enough strength to insert many of their rate schedules, if not a majority of them. They

will have the support of the La Follette insurgents on many schedules, while their plan has been so skillfully contrived that it appears their plan will draw some strength from republicans of the farm bloc.

"I am confident that our rates will be substituted for the Mellon rates," Senator Harrison, democrat of Mississippi, member of the finance committee said.

Only three democrats at the outside will desert the ranks, he stated. In making his prediction, he pointed to the dissatisfaction among many republicans with the Mellon rates.

Senator Smoot, chairman of the committee, had admitted that he does not expect the Mellon plan to prevail in the senate.

The tax bill probably will not get to the senate until the last of next week.

Republicans generally are in favor of disposing of the soldier bonus first.

EUROPE EAGERLY LUBBOCK ASKED TO FURNISH ROYALTY

By JOHN O'BRIEN.
(UN Staff Correspondent.)

PARIS, April 8.—Within the next twenty-four hours Germany will know the terms of reconstruction offered to the German people in the recent report of the experts, and Europe will know whether Germany's reaction will insure ultimate peace or continued conflict.

The experts report, fruit of long months of labor and study by the commission headed by Brig. Gen. Charles G. Dawes, is about to be given to the world.

In the foreign offices of Europe it will be read with more interest than any document since the Versailles treaty. Those who follow Europe's destiny most closely the rulers, statesmen, politicians, bankers, and industrialists, know that the considered decisions reached by the committee will have an immediate and possibly astounding effect on the European political and economic situation.

The experts believe that they have found an acceptable and effective method of settling the reparations question. On such a settlement hangs the ultimate fate of the French, German and even the British governments. On such a settlement hangs ultimate peace or war.

Rejection of the agreement by Germany involves probably downfall of the Poincare regime in France, probable extension of the French guarantees in the Rhineland and Ruhr, and possible return of monarchial groups in the German spring elections. For Britain, it involves the probability of another year of unemployment, at home and bickering with France abroad.

Marked protest from the junkers ultra-nationalists and reactionists

The committee in charge of arrangements for a big delegation from Lubbock to the West Texas Chamber of Commerce convention at Brownwood, May 13-15, has just received a request to select two young ladies to represent this city as Duchess and Maid of Honor.

One of the outstanding features of the convention will be the illuminated parade and the coronation ceremonies, to be followed by probably the most exclusive society event ever held at an affair of this kind, which will be the ball in the honor of the Queen and her Court. This latter feature is being staged at the request of a large number for one strictly society assembly during the meeting.

As yet no definite steps have been taken to select Lubbock's representatives in this great event, in fact it has not been definitely decided by the committee to participate in this part of the program.

On the other hand a large number of our people are asking that a Duchess and Maid of Honor be selected here, and if this is decided on there is no doubt but that this will create a great deal of interest, especially among the younger set.

The committee has this matter under advisement at this time and just as soon as a decision is reached definite announcement as to the plans will be made.

MAN FLOGGED IN TULSA STREET BY WOMAN

By United News.
TULSA, Okla., April 8.—A pretty and well-dressed woman who preferred to take the law into her own hands flogged an unknown man here Tuesday and disappeared in the crowd before she could be apprehended.

A crowd of people waiting for a street car witnessed the incident and said the pretty attacker walked to the man and after accusing him of "making some bad statements about me," slapped his face, pulled a riding whip from beneath her coat and wielded it fiercely.

The man took to his heels, according to the bystanders, and after pursuing him for a short distance, the woman gave up the chase and joining another woman hurried away.

Police said several who saw the flogging overheard the woman say: "I haven't time to wait for the courts to take action. I'll get it over with now."

Mexico Colonizing.
JUAREZ, Mexico, April 8.—Five hundred Menonite colonists will arrive at Satevo during the early part of May, having completed plans to colonize in that vicinity according to advices received here from Chihuahua City.

RADIO TAXATION BILL OPENS IN HOUSE

By United Press.

WASHINGTON, April 8.—Strict federal regulation of the radio through licensing of broadcasting stations and taxing of radio parts, definitely is on the way, in the opinion of house and senate leaders.

The senate passed a bill introduced by Senator Howell, of Nebraska, providing for licensing of broadcasting stations by the secretary of commerce who is instructed to withhold or revoke licenses of companies suspected of attempting a monopoly, pending an inquiry by the federal trade commission.

The senate finance committee also has inserted a clause in the revenue bill, providing for a ten per cent tax on radio parts and complete sets.

Senator King, of Utah, sponsor of this section, has declared it will be adopted by congress.

Senator Dill, of Washington has introduced a bill to amend the present copyright laws, permitting of the free use of popular music. At present, the radio fan is forced to listen to medleys of "Irish Reels," "Annie Laura," and "When you and I were Young Maggie," because of the stringency of the copyright laws preventing broadcasting of new hits.

In the house merchant marine committee, there is a similar measure to the Howell bill, introduced by Representative White, of Maine, which also provides for strict regulation of radio broadcasting through a licensed clause.

The fate of radio regulation now rests with the house. Representative White told the United News Tuesday he believed the measure should pass.

ANNUAL MEET OF LUMBERMEN IN SESSION

By United News.

EL PASO, Texas, April 8.—The twenty-eighth annual convention of the Lumbermen's association of Texas opened Tuesday afternoon with an address of welcome by Mayor R. M. Dudley. Albert Stevens, Sr., of San Antonio, delivered the response and President A. B. Mayhew, of Uvalde, delivered his annual address.

During the afternoon while committees were meeting, J. Walker Morrow, local attorney, delivered an address on patriotism and Lynch Davidson, candidate for governor, addressed the convention on "Texas."

Tonight, a concatenation with a large number of candidates for the Hoo Hoo was held at the Toltec Club.

So far, there has been no politics in the association for office and the presidency is likely to fall in almost any direction, according to observers.

The lumber business in the south is normal again and is making great advances in the west, according to Secretary Jack Dionne, of the association.

One of the important discussions before the convention will be lumber rates from the northwest.

Present rates, the lumbermen declare, are discriminatory against Texas, compared with rates to nearby territory.

BANDITS FORCE ENTRANCE AND ROB KANSAS BANK

By United News.
MOUND CITY, Kans., April 8.—Four bandits forced their way into the Farmers and Merchants State bank here Tuesday and escaped with a small amount of cash, post-office funds and some government bonds. The men entered the vault through a rear wall.

After holding the telephone operator at bay with a gun all telephone wires were severed. The bandits escaped in two motor cars.

FORFEITURE OF BONDS ORDERED BY JUDGE

By United News.
EL PASO, Texas, April 8.—District Federal Judge W. R. Smith has ordered forfeiture of bonds aggregating \$27,600. The bonds range in various amount and sureties will have to pay for those who failed to put in an appearance when their cases were called. The largest amount was \$20,000, bond of Mark Tillery, with C. Pedregon as security.

FEDERAL GRAND JURY CHARGES ACCEPTANCE OF RETAINER FEE; BOND \$1,000 BE ASKED IN WARRANT

GREAT FALLS, Mont., April 8. (UN)—Charged with having accepted a retainer fee after he became United States senator, Burton K. Wheeler, chief investigator of the senate committee delving into the affairs of the department of justice was indicted by a federal grand jury here today.

Bond of \$1,000 will be asked and a warrant telegraphed to Washington it was stated.

Wheeler was indicted in connection with Gordon Campbell, geologist and C. L. Stevenson, oil promoter.

Campbell and Stevenson are charged with using the mail to defraud.

Senator Wheeler represented Gordon Campbell before the department of the interior in an application for an oil permit, it was announced. He represented him at another time before a Montana court in connection with an oil deal it was said.

Senator Wheeler violated Section 113 of the penal code, according to the technical charge.

Amount of Fee Withheld
Amount of the fee withheld was not revealed, but it was alleged to have been paid to Senator Wheeler as a member of the law firm of Wheeler and Baldwin of Butte, Montana, and not as an individual.

Charles L. Blumhoff and E. D. Daily, oil men, were indicted in a third separate indictment with sending fraudulent matter through the mails. Daily was associated with Dr. Cook in Texas oil deals, and is now serving a sentence.

Some of the department of justice agents who handled the Texas cases were also engaged in those considered by the grand jury here.

Says, G. O. P. National Committee Prompted Action

WASHINGTON, April 8.—The republican national committee is behind the indictment just returned against him by a federal grand jury at Great Falls, Montana, Senator Burton K. Wheeler, of Montana, declared in denying the allegations.

Senator Wheeler's first impulse was to return to Montana at once and demand a speedy trial. But after consulting with his advisors, he announced that he will remain here a few days because there are certain matters regarding the senate committee investigating the department of justice which demand his attention. He will decide within a few days whether he will return to Montana at once or wait until his case comes up for trial in the regular course.

Wheeler said it was his understanding that the foreman of the grand jury which indicted him is chairman of the county republican central committee.

CRASH TO EARTH KILLS NOTED AVIATOR

By United News.

DAYTON, Ohio, April 8.—Lieutenant T. S. Vanvleet, one of America's best known stunt flyers fell 700 feet to his death on McCook field here late Tuesday.

The crash was witnessed by Ziegfeld Follies Girls who were making a tour of the field at the time. Vanvleet formerly was stationed at Bolling field D. C.

Vanvleet who had been test flier at the field for three years is believed to have gone into a tail spin when his motor stalled.

He was performing expressly for the entertainment of the Follies beauties who were touring the field as guests of the Dayton Women's Press Club.

Two May Die From Fall.

MOUNT CLEMENS, Mich., April 8.—Second Lieutenant Raymond B. Collins, of Detroit and Lieutenant W. G. Seifert, of Chicago, were probably fatally injured late Wednesday when the army airplane which they were piloting fell a thousand feet to the lake shore just north of Selfridge field army service station.

The two reserve officers, both considered expert fliers, were in the air for several minutes when their plane was seen to go into a tailspin from which it failed to emerge.

They were rushed to St. Joseph's hospital in a semi-conscious condition.

"Blind Baggage" Literally True.

EL PASO, Texas, April 8.—"Blind Baggage" was literally true in both cases when a totally blind Mexican was taken off the G. H. & S. A. train from between the engine tender and the baggage car at Valentine, Texas, according to railroad officials. How the man got on the train or where, is not known.

Just Folks
by Edgar A. Guest

PHILOSOPHY.

This is all the world will ask;
Do your best with every task.
Take your share of cloud and rain,
But don't bitterly complain;
Don't go moping 'round the place
With a sad and gloomy face.
Other folks have troubles, too,
Much like those which come to you.

Do your best and let it go.
Do not wince at every blow—
Other people suffer care,
Other men have hurts to bear,
But they do not cry aloud;
They would never have it shown
What they suffer when alone.

That all men have cause to sigh
Only foolish tongues deny.
Care is here. There's none so strong
But must sometime suffer wrong.
You will weep and you will frown
You will say the rain come down.
But be big enough to bear
Single-handed with your care.

Mr. and Mrs. Q. Shelton, of Amarillo, visited at the home of his aunt, Mrs. A. J. Hicks, of Lubbock, Sunday and a part of Monday, leaving here for Lamesa on a short business trip.

EVERYTHING SET FOR THE JUNIOR C. OF C. MEETING

Everything has been made ready for the regular semi-monthly break-fast meeting of the membership of the Junior Chamber of Commerce which is to be held at the Melba Grill this morning at seven o'clock.

Letters have been sent out to all members by B. C. Dickinson, president of the organization, and it is hoped that a large attendance will be realized.

Never in the history of the Junior Chamber of Commerce have so many important matters been brought to the attention of the membership as will be handled this year, the main feature of their present activities, being the arrangements for Lubbock's participation in the West Texas Chamber of Commerce convention which will be held at Brownwood.

YOUTH SAYS IS CARRYING OUT PARENTS' WISHES

By United Press.

TOPEKA, Kan., April 8.—Claude Traynor, 15 year old youth waiting to be taken to the boys industrial school, pending disposition of charges of burglarizing thirteen homes here, is happy in the belief that he has fulfilled the desires of his parents.

Traynor told police that his parents often wished that some time he would be sent to the reform school. "I decided to commit the crimes so they would not be bothered with me again."

BAPTISTS WILL BUILD CHURCH AT ROPES

A building fund for the Baptist church at Ropesville is being contributed to liberally by the people of the South Plains, as can be seen through the fact that, though it has been hardly a month since work on the fund was started there has been a total of more than \$2000 contributed to date, and those in charge of the project are in hopes that actual construction work can be started within a week or ten days.

Rev. T. B. Sowell is pastor of the church, and is being assisted in raising funds for the new church by Mrs. Sowell and other members of the congregation.

They will build a frame structure to be completed and equipped for about \$3,500.

The people of Lubbock and other South Plains towns are being asked to contribute to the fund, and reports from the solicitors are to the effect that liberal contributions have been made from practically every business house in the city.

DR. C. M. OVERTON AT HOME FROM NEW ORLEANS

Dr. M. C. Overton, of the Lubbock Sanitarium, returned to his home here Tuesday morning from New Orleans where he took a post graduate course in new treatment by insulin of diabetes, the very latest method of treatment which is saving many lives throughout the country.

Dr. Overton enjoyed some rest while away and reports having enjoyed the visit very much.

DALLAS MAN ON TRIAL FOR MURDER OF OFFICER

By United Press.

DALLAS, Texas, April 8.—Henry Belcher, Rowley, garageman, went on trial in criminal district court here today, charged with the murder of Deputy Tom I. Wood. Wood was shot down in a whiskey raid more than a year ago.

A special venire of 300 men has been summoned for examination in connection with the case.

Belcher was convicted and sentenced to ten years in the penitentiary in a previous trial, but the case was later reversed by the court of criminal appeals.

Belcher, in company with Sidney Welk and Clayton Coomer, were arrested after a gun battle with deputies seeking to confiscate their whiskey still. Welk is under sentence of death for the killing of Willis Champion, former night jailer here. Coomer is serving a ten year sentence in the state prison.

NEW LIMITATION CONFERENCE PROPOSED

By RAYMOND CLAPPER

WASHINGTON, April 7.—Proposals for various kinds of international conferences continue to be made in congress in face of strong discouragement from the White House and Secretary of State Hughes.

Because of his position as one of Coolidge's advisors, Senator Pepper created a stir when he rose in the senate Monday and offered a resolution proposing a new world conference to consider further disarmament and some new tribunal. But it soon became known that his proposal was not inspired by the White House. It is understood the President does not feel that the time is ripe for such a project.

The president is in sympathy with the purpose of Senator Pepper and the numerous other members of the house and senate who have proposals pending for economy or disarmament conferences. But the President believes Europe should not be distracted at this time from its effort to rehabilitate Germany and bring about an economic restoration on the continent. Once that gigantic task is accomplished it will be time to take up the question of a general conference.

The President is hopeful that the report of the Dawes committee

of experts will open the avenue to a settlement and if this proves to be the case, then suggestions for a world conference will be more favorably entertained.

The naval appropriation bill, recently passed by the house and now pending in the senate committee, contains a provision requesting the President to call a conference for limitation of aircraft, submarine and auxiliary craft. Senator Borah has a proposal pending for an economic conference and this feature was omitted from Pepper's resolution which suggested only the questions of disarmament and an international tribunal.

Secretary of State Hughes has opposed attempts by congress to force the administration into calling another conference insisting that the limitation of aircraft and submarines was blocked at the Washington conference and there has been no change of sentiment which would make it more favorably received now. President Coolidge sides with Hughes.

This conflict with congress is aggravated by the manner in which the world court project, commended by Coolidge has been ignored by the senate foreign relations committee.

Democrats seized the opportunity to heckle Pepper after he explained that he was seeking to escape the conflicts of view regarding the League of Nations and the world court.

"Fifty-four nations are now in conference on the subjects you list and have invited us to attend," Senator Swanson, Virginia, democrat, observed.

"Would you object to our participating?"

"I refuse to be drawn into a debate on the League of Nations," Pepper retorted.

Senator Robinson, minority leader, asked Pepper if he was not inconsistent in presuming to advise the president regarding the conference after his vote against advising the resignation of Denby.

"If there is inconsistency, I am unintentionally guilty," Pepper replied.

"In the last analysis," Glass of Virginia, democrat, said, "your resolution says that the United States having declined to associate with other nations, now invites those nations to associate with it."

Pepper suggested that the proposed conference be held in Belgium to avoid the jealousies between

The Hague and Geneva. This could be done, he said, through a joint invitation issued by President Coolidge and King Albert, of Belgium.

SOLDIER BONUS TO GO AHEAD TAX BILL

By United News

WASHINGTON, April 8.—The soldier bonus bill, lying again at the door of the senate will be shoved ahead of tax legislation and is expected to be taken up within a few days and passed in short order.

This is the decision reached, informally, by senate republican leaders Monday.

In the face of the insistent call from the country for tax reduction, they have been won to give the bonus priority by the argument that its disposition is necessary in order to see just how much money it will take which will have a bearing on the final shape of the revenue bill.

The bonus bill probably will be taken up by the committee Wednesday and is expected to be ready by the end of the week.

The tax bill is expected to be reported Wednesday but will not be taken up immediately. Senator Smoot of Utah, chairman of the committee has announced. Republican leaders have been under a good deal of pressure to bring up the bonus and dispose of it. Democrats have been willing to take the bonus and tax bills in whatever order republican leaders desire, though Senator Robinson, minority leader, and other democrats have stated that the bonus logically should come first.

The bonus bill is expected to go to the senate practically as passed by the house though there is a disposition among some democrats to try to amend it.

Instead of the insurance plan, after the bill reaches the floor.

The measure as it now stands provides:

20-year endowment policy for every man and woman in service up to the rank of captain who would get over \$50; its face value equal to the amount of compensation to which the ex-service man or woman is entitled on the basis

of \$1 a day for home service and \$1.25 for foreign service, plus 25 per cent, plus interest at four per cent, compounded annually.

Those who are entitled to only \$50 or less will be paid in cash. The first sixty days of service is excluded in computing compensation, as every soldier was paid \$60 upon his discharge, and those who served only sixty days or less will receive nothing.

Loans can be secured on the policy after two years. They are negotiable at 90 per cent of their face value at the time of the loan.

NEVER-SWAT CLUB IS ORGANIZED AT TAHOKA SATURDAY

TAHOKA, April 8.—A "Young Men's Over-Seventy Never Sweat Club" was organized in Tahoka Saturday afternoon, with fourteen charter members. Udo Ben Rogers was elected president, George Sanford, vice president; I. P. McCall, secretary-treasurer; W. C. Cowan, sergeant-at-arms and J. C. Andley, club booster. Eight states were represented in the organization, with only one native Texan. W. C. Cowan, who was born at Mount Vernon, Texas, June 20, 1852. There were four ex-Confederate soldiers, and two Union soldiers present, and the relation of their experiences was both touching and humorous. The club plans to meet at 3 p. m. the first Saturday in each month, with a program of good-fellowship, music and wit. Dad Dunning, and Joe Johnson furnished old-time music on the violin and

banjo, to the delight of the young and old boys present.

LUBBOCK WESTERNERS ROMP AWAY FORD WINS OVER WITH EASY VICTORY OVER LITTLEFIELD HIGH HERE TUESDAY 24 TO 9 FERRIS FOR SENATOR

Although Dunlap was a little unsettled in the opening inning against Littlefield yesterday afternoon at the Merrill park, and the visitors got to him for a total of six hits and as many runs, he settled beyond this, and proved to be the hero of the day, ringing up a total of five hits out of six trips to the plate, three of which were long doubles. After the embittered first inning breezed by, Dunlap settled into his normal state, and although giving up twelve hits in the remaining eight innings, they were well scattered and caused him no trouble. Lubbock romped away with the big end of a 24 to 9 count.

The local lads came back strong in the first after the visitors had hung up their discouraging lead, and on two doubles and a single mixed with errors, counted four runs. In the second both clubs were scoreless, and in the third, batting around with several to spare, the local lads drove in run after run, and had the visitors at a loss to what might happen next. This was accompanied by a general muddle on their part and from the way the ball went flying wildly thru the air, bounding from fence to fence somebody evidently turned in the riot call. When the air had settled the last man was out and the final check-up had been made, the Westerners had counted a total of nine runs with only seven hits in the rack. Mueller determinedly finished the inning but at the opening of the fourth, a new man was sent into the box, necessitating the pulling of Wood from the short field.

Things then settled into a more or less quietude for two innings, the visitors counting one in the fourth on boneheads and errors. The fifth went hitless and scoreless, with the exception of a scotch single for Wood, Littlefield pitcher. In the sixth the visitors counted another on four hits.

Then opening their half of the sixth the locals again opened up a heavy artillery barrage again hitting the circle with some to spare. In this round they garnered seven runs off five hits. In this inning Dunlap lead off with a double to left and later scored. These runs every man but two scoring in order, Dunlap again came up with two men on. This time he drove a liner to the leftfield wall just inside third base line, scoring two men. He later died on third.

The seventh went scoreless, and in the eighth the visitors having counted one run, the locals again levelled into an attack, hitting around, with one to spare. Two triples by Castleberry and Trotter, three singles and two free passes, contributed to these four runs.

Hits and lots of them seemed to be the objective of each attacking faction, and they were certainly in evidence. Mueller, although driven from the mound in the third, contributed four hits out of five trips, one of which was a home run, which came in the first inning when he drove one over Addison's head in center.

The box score: Littlefield—
Porter, c 6 13 7 1 1
Wood, ss 5 12 3 3 0

Summary: Two base hits: Porter, Hensley; Dunlap 3, Sullivan; three home runs: Mueller; Sacrifice hits: White; stolen bases: Cate, Castleberry; Dunlap 2, Trotter; bases on balls, off Dunlap 2, Mueller 1. Wood 3; hit by pitcher: Dunlap (Hay), Mueller (Nessmith), Wood (Trotter, Castleberry, and Hensley); struck out, by Dunlap 3; Mueller 3, Wood 1; double plays: Dunlap to Sullivan, Mueller to Hay. Passed balls: Castleberry 1, Porter 1. Umpire, Jackson. Time of game, 2:15.

Oakland Takes Opener
SALT LAKE CITY, Utah, April 8.—The Oakland won the season opener in the Pacific Coast League here Tuesday afternoon from the Salt Lake Bees by a score of 18 to 4.

Los Angeles Wins 5 to 1
LOS ANGELES, Calif., April 8.—Before the smallest crowd that ever witnessed the opening game of the season, the Los Angeles team won from Seattle here Tuesday 5 to 1.

Tigers Have Walkaway
SACRAMENTO, Calif., April 8.—The Vernon Tigers walked away from Sacramento's Senators in the opening game of the season here Tuesday by a score of 7 to 1.

FIRST OFFICIAL GAME BE PLAYED HERE—FRI.

The first official baseball game of the University Inter-scholastic League to be played in Lubbock county this season will be called at the Merrill Park in the south-east part of the city at 4 o'clock next Friday afternoon.

At this time, the Lubbock high school Westerners will tangle horns with the Slaton Tigers in the first elimination toward the decision of a county championship. According to word from Slaton, they are coming strong, and this promises to be one of the best exhibitions of the season.

DISTRICT MEET OPENS HERE APRIL 19

Friday and Saturday, April 18th and 19th, will be busy days in Lubbock, as it is on those dates that the Lubbock Morning Avalanche Automobile Show will be staged and the following events will be held:

The letter is as follows:
Plainview, Texas,
April 4, 1924.

Dear Sir:—
The University Inter-scholastic League District Meet for the Lubbock District will be held Friday day and Saturday, April 18th and 19th. All track and field events will begin at 8 o'clock Friday for Class "A" schools. All track and field events for Class "B" schools will begin at 8 o'clock Saturday.

Drawings for preliminaries in tennis for both boys and girls in both singles and doubles will be held at 1 o'clock Saturday.

Volley ball for girls will be held at 10 o'clock Saturday.
Enclosed herewith you will find blank for track and field, entries from your school. I advise that you fill out the blank and send it to me not later than April 14th with a fee of 25c for each original entry and 5c each for every additional entry of same contestant in other events.

The baseball championship for this district will be determined in Lubbock, April 26th, beginning at ten o'clock. Teams to compete in this final series, shall be from member schools and shall have won from two member schools, out of the four schools that each team is required to play. If any team plays more than four games then such team shall have a percentage of not less than 500 per cent. No team shall count more than one game won from the same school. Every team that has an eligible record on the 21 of April and expects to enter the final series at Lubbock on April 26th should wire me at my expense by the 22nd. In case of six or eight teams should be eligible to take part it will be necessary for the series to begin Friday 25th. If this condition should develop I shall notify you not later than Thursday, April 24th.

Respectfully,
W. E. PATTY,
Dist. Director of Athletics.

Seals Down Beavers
By United Press

SAN FRANCISCO, Calif., April 8.—Recreation park's largest crowd in history, fourteen thousand persons, watched San Francisco Seals battle the Portland Beavers to a 3-2 victory here this afternoon in the first game of the season.

SCORE BOARD ERROR IS CAUSE OF TIE GAME

By United Press
NASHVILLE, Tenn., April 8.—Unaware of the fact that the score was tied at 9-9, the Giants and White Sox dashed from the field at the end of the last half of the ninth inning Tuesday, believing the Giants had won by a score of 10 to 9. A mistake by the score board boy was the cause of the misunderstanding, the boy having posted four runs for the Giants in the fourth inning when they had scored only three.

BUILD A HOME.

factions were astonished over the comparatively small number of voters who found time to go to the polls.

WHEREABOUTS OF ELMER WRIGHT WANTED AT ONCE

O. L. Nislar, of this city, is in receipt of a message from J. B. Feltz, of Gainesville, Texas, requesting assistance in locating Elmer G. Wright, believed to be a or near Lubbock. Mr. Wright's father is dying, the message states. The man being sought is a motion picture operator, and any assistance given in getting this word to him, we are sure will be very greatly appreciated.

ARMY CASE MUST GO TO TRIAL IS RULING

WASHINGTON, April 8.—America's Dreyfuss case has been reopened by the United States Supreme Court which has held that Captain Robert Rosenbluth and Sergeant Richard R. Pothier must stand trial on indictments charging them with murder of Major Alexander Cronkhite of Camp Lewis, Washington, if the federal district court of the Western District of Washington so orders.

This case has become one of the most famous in army history and has been surrounded with intrigue, political pressure, charges of persecution and anti-semitism in a way which makes it a strange parallel to the famous Dreyfuss case which agitated France for several years. Major Cronkhite was shot and killed at Camp Lewis, Washington, Oct. 25, 1918, while directing a company at target practice on the edge of the camp. He had gone on ahead of the company and entered a thicket. Later he was found dead.

A military court of inquiry held that he had accidentally shot himself. But his father, General Cronkhite, believed his son had been murdered and forced a reopening of the case.

Four years later a federal grand jury found that he had been murdered and indicted Rosenbluth and Pothier. Pothier made an alleged confession while in Rhode Island, but declared that the crime was committed just off the army reservation and that the federal court had no jurisdiction. Rosenbluth then in New York, made a similar defense. They were upheld by the lower court and were discharged from custody. But the supreme court decision Monday gives the federal court in Washington before which the instruments were returned, jurisdiction over the case.

DISCUSSION OF FREE ZONE IN MEXICO IS PROBABLE

MEXICO, April 8.—A delegation from the Chamber of Commerce has gone to Chihuahua City and Mexico City to discuss border conditions with state and federal officials. They refused, however, to state the exact purpose of the visit.

However, it is rumored that an effort will be made to have the federal government establish a free zone—some say a 100 mile strip—where goods will be admitted duty free. Others say that efforts will be made to have the federal government request the United States to remove the 9 o'clock closing ordinance as gambling has been stopped.

EPIDEMICS AND REVOLUTION TIONS BREAKING OUT IN HONDURAS

WASHINGTON, April 8.—Conditions in revolution ridden Honduras are deplorable, with epidemics of typhoid and dysentery breaking out as a new revolution is taking form in the southern part of the republic. American Minister, Morales, reported to the state department Tuesday.

Dead bodies are strewn about the outskirts of Tegucigalpa, capital of Honduras, where fighting has continued for several weeks, the reports stated, and no effort has been made to bury them.

The odor through the city is

nauseating," Morales reported. "The food supply is short. The natives are dying from squator."

RESOLUTION OF SYMPATHY AND RESPECT

Whereas: It has pleased Almighty God, in His wise providence, to remove from the activities of this earthly life, Rev. C. N. N. Ferguson, and;

Whereas: We have found him to be indeed a man of God, faithful in service to Christ, tender in sympathy, fatherly in counsel, patient kind and good in all things, and in his life a brother in deed and in truth, and;

Whereas: We realize that in his passing a "Prince of Israel" has indeed fallen, the church of his ministry suffered an irreparable loss, his children, bereaved, his helpmate desolate, his friends bowed down in broken-heartedness, and we, his fellow laborers in Christ's vineyard, left without his helping hand and wise counsel as our president.

Therefore, be it resolved: That we, the membership of the Ministerial Association of Lubbock, Texas, do sincerely mourn his loss, and offer our sincere and deep sympathy to his family and friends, and the congregation which has heretofore been blessed by the ministry which he has so ably conducted.

Be it further resolved: That we point them to that comfort of Christ which promises a resurrection in immortality to all those who faithfully serve Him, and confidentially urge their thought toward that celestial and eternal home.

Be it further resolved: That a copy of these resolutions be presented to the bereaved family, a copy sent to the press for publication, and a copy spread on the minutes of our association.

REV. JACK M. LEWIS,
Vice President.

REV. J. A. RODGERS,
Secretary.

Resolutions of Sympathy Passed by the Ministerial Association of Lubbock on the Death of Mrs. John Letcher Showell.

Whereas: The omniscient God and merciful Father has deemed it wise to remove from our midst the devoted wife of our brother in Christ and fellow-laborer in the Gospel, Rev. John Letcher Showell, and;

Whereas: We recognize the sterling worth of this Christian woman to her home, her church and her community;

Be it therefore resolved: By the Ministerial Association of Lubbock, That: We hereby record our deep sense of personal sorrow, and how submissively to this late dictate of God's Providence; and,

That: We extend to our broken-hearted friend our most profound sympathy, and assure him of our fervent prayers in his behalf, to the end that he might be granted the strength to carry this heavy cross; and,

That: A copy of these resolutions be sent to the Rev. J. L. Showell, a copy be spread upon the minutes of the Ministerial Association, and copied be handed the local papers for publication.

MITCHELL COUNTY BUYS 2 TRACTORS

COLORADO, April 8.—Commissioner's Court has purchased two new 10-ton tractors to be added to the road building and maintenance equipment of Mitchell county. The county previously owned two tractors.

J. E. Lasseter of Westbrook has been named supervisor of the Bankhead Highway in Mitchell county and recently started three crews to work maintaining the road. This work is being done under supervision of the State Highway Commission.

EXPERT FINANCE REPORT TO BE MADE WED.

PARIS, April 8.—The driving force of the American, Charles G. Dawes, and the tireless application of another, Owen D. Young, have resulted finally in ironing out the differences of conflicting European elements and the experts' report on the reparations problem is ready for the judgement of the world.

The Dawes commission will deliver it to the reparations commission at 10 o'clock Wednesday morning. It will be released for publication immediately.

At the final session Monday, the experts' convention concluded the finishing details of the report and there remain only a few proof readings of corrections before it is ready for the reparations commission.

The experts' report, which aims to restore Germany's finances and balance her budget, reached its final form only after Dawes and Young had exerted considerable pressure upon the European representatives and achieved the American desire to turn in an unanimous report.

Now that the experts have finished their work and produced a document which may decide the future of European politics, observers comment upon the tremendous task it has been—far more involved than any one anticipated.

The patience and the cold, sound reasoning of Young saved many a delicate situation.

When the report is presented to the reparations commission Wednesday, the Americans and their methods will have been vindicated. Both Dawes and Young incidentally have paid all their own expenses. Under the Dawes recommendation a gold bank of emission with a capital of 400,000,000,000 gold marks would be created for the stabilization of German currency. The United States, Great Britain, France, Italy, Belgium, Switzerland and Holland would be represented on the board of directors which would include seven Germans and seven foreigners. The bank of emission would issue notes to replace the depreciated German marks.

To help balance the German budget, the experts propose a series of international loans secured by the German railroads.

WIFE OF POISONED MAN IS ARRESTED MONDAY

LAWRENCE, Kan., April 8.—Mrs. Molly Jeffries, 46, was placed under arrest here Monday, after a Kansas University chemist reported that her husband, John Jeffries, 61, janitor at the College, had died of arsenical poisoning.

Jeffries died on March 30, and police immediately began investigation of peculiar circumstances surrounding his death.

County authorities say they were in possession of a note which Jeffries found in his dinner pail the day he was taken ill, in which his wife advised him never to return home.

"I have nothing to say," Mrs. Jeffries declared late Monday when pressed for a statement by news papermen.

PAYMENT TO STEEL CO. ORDERED HELD UP

By United News.

WASHINGTON, April 8.—Payment to the Bethlehem Ship Building Corporation of \$500,000 has been held up by Secretary of Navy Wilbur at the request of the United States Shipping Board pending outcome of the government's suit against the ship building company for alleged overpayment of \$11,000,000 during the war under a new policy just inaugurated.

The matter has been referred by Wilbur to the judge-advocate general of the navy for decision under an old, unused statute which prohibits the government from paying money to a company or individual against whom there is a pending claim.

This is the first time in many years the government has enforced this statute. It marks a distinct departure in payments to private corporations which may result in holding up payments to many companies against whom the United States has claims.

BRITISH WORLD FLYER HALTED FOR REPAIRS

By United News.

ATHENS, April 8.—The British round-the-world airplane "culture" will have to remain about ten days more at Corfu awaiting spare parts before it can resume its race against the American fliers.

A. N. MacLaren, pilot, has had the airplane taken from Lake St.

Mathew, where it crashed to the coast of Corfu. According to a wireless dispatch from the Greek destroyer Apis, MacLaren will attempt to fly the plane to the port of Corfu.

Memorial Day 1924

In many things we purchase, price should be the chief consideration. There are others which the eternal fitness of things demands that we purchase the BEST.

A Monument is purchased but seldom in a lifetime. Here QUALITY, not price, is the main consideration.

A monument that we erect will be as beautiful and enduring as your love for the one it commemorates.

MEMORIAL SERVICE FOR LUBBOCK CO. COUPLE

DR. FERGUSON BY
KIWANIS

Memorial services for the late
Rev. C. N. Ferguson, a loved
member of the Lubbock Kiwanis
Club, will be conducted in con-
nection with the luncheon program at
the armory Thursday.

Dr. Ferguson was one of the
most active members of the club
and was in attendance upon prac-
tically every meeting since hav-
ing been made a charter member
of the organization.

His death is a great loss
to the entire community and to the
Kiwanis club, and it is but fitting
that the more than sixty business
men who had learned to know and
to love Dr. Ferguson should pause
during the noon hour Thursday in
memory of their deceased friend.

W. C. Rylander will be in charge
and the speakers will be as follows:
"The Citizen"—E. L. Klett.
"A Co-Laborer"—Jack Lewis.
"A Pastor"—J. L. Dow.

The ladies of the Christian church
will serve the luncheon, and a full
attendance is urged. Plates for
the full membership have been
ordered, and the rule requiring
members who are absent to pay for
a plate will be enforced in the fu-
ture, beginning this week. This
has to be done in order to keep
the club from losing money in case
the attendance fall off which is
quite often.

PAT NIX HEADS CANYON FAIR CLUB WHICH WAS ORGANIZED THERE MON. NIGHT; FAIR PRESIDENT ATTENDED

President Chris Harwell, of the South Plains Fair Association, accompanied by Manager A. B. Davis, County Agent David F. Eaton and County Judge P. F. Brown, went to the Canyon community Monday evening to attend a community meeting.

The Lubbock men went to the meeting in interest of the coming South Plains Fair to be held here in October, and they were greatly encouraged by the display of interest in the fair that was made by the progressive citizens of that community.

A Canyon Fair Club was organized at this meeting and Pat Nix was elected president. It is the purpose of this club to work in co-operation with the fair officials in making the fair one of the best in the state, and they will begin work immediately helping the farmers and stock growers of that community plan their exhibits.

Mr. Harwell will visit every community in Lubbock and adjoining counties where he hopes to perfect the organization of such clubs as has been organized at Canyon, as he thoroughly realizes the necessity of having every community work as a unit in making the fair one of the best from a standpoint of exhibits that has ever been conducted here.

Much favorable comment was made by the Lubbock men on the splendid community spirit met with at Canyon.

SOCIETY NOTES

Mariposa Club Will Meet.
The Mariposa Club will meet Thursday afternoon at two o'clock at the home of Mrs. Joe Hilton.

Fairy Operetta Will Be Presented Thursday.

The Fairy Operetta, "Midsummer Eve," will be presented by the South Plains Music Teachers Association Thursday evening at eight o'clock at the High School Auditorium under the direction of Mrs. E. L. Robertson with Mrs. Raymond George as accompanist.

The proceeds will go to begin a fund for a piano for the auditorium.

CAUSE OF PIMPLES Explained

It is easy to understand why so many people never have been able to get rid of their pimples, blotches, bumps and other skin troubles, which keep them from being attractive, when you consider that few of them know what is causing them, and naturally don't know when they are not doing the right thing to get rid of them.

So-called skin diseases are caused by poisons from the perspiration becoming congested in the tiny pores and glands of the skin because they can't get out. Unhealthy skin holds them back and you know what must happen when you continue to let this condition exist. For this reason "skin lotions," etc., can't possibly help you any. You need what is known as Black and White Ointment which heals the sores, builds up the tissue of the skin, makes it active, so it naturally expels all the acid poisons which the system must throw off through the pores. Then pimples, blotches, "breaking outs," eczema, etc., quickly disappear.

Black and White Ointment is economically priced in generous packages. The 50c size contains three times as much as the 25c size. All dealers have it.

WHEELER INDICTED IN MONT.

(Continued From Page 1.)

mail fraud case worked up by the postoffice department. This indictment has all developed in the last few days since I left the department. I understand that the grand jury was just called a few days ago.

Says Illustrates Corruption
"This indictment is merely the latest illustration of the corruption of the department of justice," Wheeler said. "The machinery of federal justice has been utterly

prostituted. On the one hand there have been failures to indict, failures to prosecute, and convenient losses of evidence if the criminal belongs to the gang.

"The failure of the department of justice to indict ex-Secretary Ball, although months have elapsed since his connection with the oil leases was exposed, illustrates how the department of justice protects the members of the conspiracy.

"This indictment which has been found against me is a characteristic answer to the damaging testimony that has been brought out by the senate committee investigating the department of justice.

"The records of the department under Daugherty furnish endless illustrations, both of failure to indict where crimes were committed, and of the use of the machinery of justice was in the case, for reprisal.

"Here is an indictment brought on a presentation by a Daugherty appointee and with the hope that it will be tried before a judge who is also a recent selection of Daugherty.

"It is in truth an indictment evident brought at the instigation of the republican national committee officials in connivance with the late attorney general, solely for the purpose of interfering with the senate investigation which is uncovering the facts of the great conspiracy. That is the sole basis of this attack.

"This action is the most convincing evidence that the investigation of the department of justice should go on. It will go on because it shows that even with Daugherty out of office, his maligning influence still moves old pawns."

Daugherty Denies Connection.
WASHINGTON, April 8.—Upon learning of the indictment against him at Great Falls, Montana, Senator Burton K. Wheeler immediately went to the capitol and went into conference with his colleague, Senator Thomas Walsh, of Montana, chief prosecutor of the oil committee.

Former Attorney General Daugherty said that he understood the case was worked up by postoffice inspectors. He said it had not been turned over to the department of justice before he resigned ten days ago.

Daugherty said he knew nothing about the case except what he had heard in press reports from Montana.

EUROPE EAGERLY AWAITS REPORT OF EXPERTS
(Continued From Page 1.)

in Germany is to be expected. The plan, as outlined by French sources, provides for creation of a bank of emission which will be partly under foreign control and also provides for utilization of the German railroads as a source of revenue.

The pan-German element will undoubtedly make strong objections to these features basing their protests on formulas of infringement of sovereignty. It remains to be seen whether the German die-hards are strong enough to influence the decisions of the German government. If they triumph, the future of the reparations situation which, in effect, is the European situation will be problematical and dark.

French sources state that the experts have envisaged a foreign loan to Germany and arranged reparations payments during the first few years on a graduated table which suggests a desire to ease the burden at first without resorting to a moratorium. These points should be approved in Germany.

The report should prove satisfactory to France, according to terms of the document given out by French sources here. It is said that there is no question of demanding evacuation of the Ruhr, although the first reparations payments are not as large as some Frenchmen would wish, there apparently will at least be definite

payments. The system of controls provided for should prove adequate. There will undoubtedly be some French misgivings, as to whether the guarantees of payment will be adequate, but the experts themselves appear satisfied on this point.

In another 24 hours, the torrents of approval and protest will be in full flood. Europe hopefully awaits its own verdict on the work of the Main Dawes.

The general lines of the report as contained in previous United News cables, are now generally known in Europe. Muttering of dissatisfaction over various points have already arisen, but observers believe that the document will receive favorable response in France and England, and will probably will be well received by Germans who grasp the economic realities of the reparations situation.

WESTERN STAR TO PLAY AT AUTO SHOW

The Western Star orchestra has been engaged by the Morning Avalanche to play five hours each of the two days of the Automobile Show, Friday and Saturday, April 18th and 19th.

This feature of the entertainment will be enjoyed by all due to the popularity of the Western Star players, who have been playing regularly at the Melba Grill.

This, however, will be only one of the many entertainment features that will be carried out in connection with the Automobile Show.

It is probable that greater interest will be shown in the automobile display this year inasmuch as so many improvements have been made in cars the past several months and the increased number of sales made during the last year by dealers everywhere reflects a keen interest in automobile equipment of all kind.

COTTONSEED MEAL

and HULLS

There is no question but that cottonseed meal grows in popularity as its intrinsic value becomes known. There is no foodstuff known that will place the same amount of fat on cattle within so short a time as cottonseed meal combined with cottonseed hulls, and this fact is recognized wherever this feed is used. When fed to dairy cows, its use increases the quantity of milk, improves the color, and the cream therefrom makes richer and better butter.

EX-SOLDIERS ASKED TO LINE UP WITH THE AMERICAN LEGION WHERE CAN BEST SERVE THEIR COUNTRY

The following is taken from the front page of the American Legion Weekly of April 4, 1924, and we hope that every member of the American Legion in Lubbock will read it and we trust that every ex-service man in Lubbock county will read it who are not members of the Allen Brothers Post at this time.

You old members of The American Legion who are sleeping your time away, wake up and get in the harness. We need you and you need the Legion. There is a place of work for all of us to do.

The next regular meeting of the Allen Brothers Post of The American Legion, meets Wednesday night at 8:00 o'clock, April 16th in the Justice Court Room in the courthouse. All members of The American Legion and all ex-service men in the city of Lubbock and Lubbock county are urged to be present. We have many matters of importance to The American Legion that needs action and attention.

You are hereby invited to join The American Legion. My reasons for this invitation are in part:

1. The American Legion is still fighting to erase the scars of the World War. It is working hard for the rehabilitation of its comrades who were disabled physically and financially by the war.

2. We need your support in this fight. Your support is best manifested by your membership in the Legion.

3. The American Legion is fighting for the betterment of America through the promotion of education through the development of patriotism among native Americans and among Americans by adoption, and through work for the welfare of American communities.

4. In this fight, too, The American Legion needs your personal support.

5. The American Legion is a non-military organization, offering the happy comforts of club life and the privileges of fraternal support.

6. Nobody can be happier than a good Legionnaire who is doing his duty to his nation, his community, his comrades and himself.

7. We have been fighting for you in the past. We are only asking you to fight with us in the future.

JOHN R. QUINN,
National Commander

LOCAL MAN BUYS FIRST SUPER-TYPE RADIOLA SOLD IN STATE

The first one of the new Super-Radiolas to be sold in Texas and perhaps in the entire southwest, was delivered to W. S. Posey here recently by the Martin Radio Equipment Company.

This Radiola is the finest one of the new line of radios that have just been released to the public by the Radio Corporation of America and represents the greatest development that has been achieved in wireless since its inception a few years ago.

While this set is so super-sensitive that it is rated with a fifty per cent greater range than any other radiola, yet it uses neither aerial or ground and no wires or connections of any kind are visible. It utilizes four different sources of current supply, but is more economical than most sets of even a fraction of its range. It

SWEATERS Of Trig Simplicity

Achieving a richness through simplicity of line, they strike the dominating note for Spring wear through smart coloring. One need but to glance at them to realize that they are intended to enhance the attractiveness of the sports skirt.

ALL THE NEW SWEATERS ARE REDUCED FOR EASTER SELLING

\$10.75 Sweaters priced now at	\$8.85
\$9.75 Sweaters priced now at	\$7.95
\$8.75 Sweaters priced now at	\$6.95
\$7.95 Sweaters priced now at	\$5.95
\$7.50 Sweaters priced now at	\$5.85
\$6.75 Sweaters priced now at	\$4.95
\$5.95 Sweaters priced now at	\$4.65
\$4.95 Sweaters priced now at	\$3.95
\$3.75 Sweaters priced now at	\$2.85
