Wrestling Card Set April 13

An attractive wrestling card has been scheduled here Saturday, April 13 by the Junior Chamber of Commerce.

It will mark the second appearance of a Jaycee-sponsored wrestling match here, the first held last summer.

Bob Reily, Jaycee sports committee chairman, received confirmation this week from the Texas Wrestling Association in Dallas that they would present a five-event card here April 13 in the Junior High Gym.

And according to Reily, the card this is even more attractive.

First event will feature El Diablo, the Masked Marvel against Bill McCallum of Tulsa Oklahoma in a one fall, 20-minute time limit.

Sailor Henson of Norfolk, Va. and Bob Gurley of Atlantic City, N. J. square off in the second event, also a one fall, 20-minute time affair.

The third one fall event will see Buddy Farmer, Montana Heavyweight Champ against Cowboy Bill Cody of Laramie, Wyoming.

Fourth event, with no time limit, will be a six-man battle royal with the last four men eliminated comprising the four-man team for the tag match, the main event of the night.

'FACE LIFTING'—J. D. Newsom and Carl Helms start another morning's work on the county courthouse. Marble factor welding and other general repairs will cost $8177. Commissioners voted to have work done at a meeting March 11. (Record Staff Photo)

R. J. Wood Becomes Third Candidate In School Race

Announces Bid Friday

April 6 school board election has been seasoned by the announcement of R. J. (Jack) Wood's candidacy.

Wood told the Record Friday morning that he had filed and would be a candidate in the election.

Wood is the third person to file for school board member. Previously Dr. H. Jene Steakley and Dr. Oscar Rhode filed for the expiring posts.

States Policy

"If elected, my policy as a board member will be to see that the graduates of Colorado Independent School District be prepared to gain entrance to any college in Texas," Wood said.

Wood, who is married and has four daughters, went on to say that he believes that policies for the direction of the school operation and responsibility for the reputation of any school fall entirely on the shoulders of the school board.

"While I believe in a strong progressive policy, I'm still old fashioned enough to believe in corporal punishment, if necessary," he said.

Colorado Graduate

Wood is a 1934 graduate of Colorado High School and has been employed by Col-Tex Refinery since 1937 after completing one year at West Texas State College and one year at Tarleton State College.

"Dollar for dollar we are not getting the maximum education for our children and this year we failed even to meet the minimum requirements adopted by the State Board of Education," the 41-year old candidate said.

"This is everyone's concern; our future generation relies upon us; go to the polls and vote April 6," he said.

Wood and his family are members of the First Baptist Church.

GETS PLAQUE AT LUNCHEON

Westbrook FFA Member Wins Sheep Showmanship Award

Doyce Lankford, Westbrook High Future Farmer, has received the sheep showmanship award of the 1957 Mitchell County 4-H and FFA Livestock Show.

Lankford, 15-year-old sophomore at Westbrook, and son of Mr. and Mrs. Troy Lankford, received a plaque for his efforts at the Lions Club luncheon in Civic House, Friday.

Dr. R. D. Bridgford, president of the livestock show, made the award as John Hines, Westbrook FFA teacher, looked on.

Bridgford congratulated Lankford and Hines and said:

"Hines has done a good job with his boys. The average person doesn't realize how much work goes into showing an animal at the stock show."

Hines Wins

Hines' FFA team has won the sheep showmanship award in the annual show for the past three years. Jimmy Moody won the award in 1955 and Roy Iglehart in 1956.

According to Bridgford, men are picked at random to observe the boys during the show and recommend to the show committee who the recipient of the award should be.

Award Given

The award is given on this basis, said Bridgford. How the animal is fitted counts 25 per cent, how the animal is trained counts another 25 per cent and how the exhibitor shows the animal accounts for the other 50 per cent.

Bridgford told the Lions to watch these boys and encourage them in their work because agriculture is the backbone of our economy.

Lankford's award is the first of three showmanship awards to be given this week.

Plaques for best showmanship in the calf and hog divisions of the show will be made at Kiwanis Club and Jaycees, Tuesday and Wednesday.

James Trammell, Colorado High FFA instructor will make the award at Kiwanis and Elmer Martin, chairman of the Chamber of Commerce agricultural committee, will make the presentation at Jaycees.

Purpose of the award at the civic clubs is to acquaint the public with the work the stock show committee is doing for the youth of the county.

Lions Nominations To Be Told on April 12

Lions Club nominating committee will report to the club April 12, listing the roster of officer candidates for the new year 1957-58.

On the committee are Bill Randle, chairman, F. N. (Nat) Thomas and G. D. Foster.

Officers elected will take office July 1.

Scout Workers Plan Improvement Drive

A fund-raising drive for capital improvements of boy scout installation camps will get underway here soon, announced G. D. Foster, county chairman.

Foster said that this will be the first drive for capital improvements since 1947, when the Buffalo Council Boy Scout Ranch was purchased in the Davis Mountains.

The United Fund, which provides for boy scout operating expenses, does not include capital improvements, Foster pointed out.

Chairmen Named

Advance gift chairman for the drive will be M. N. Caddell. Phillip Berman will head the business division, and John Tom Merritt will chairman the boy scout family division.

Goal for capital improvements for the council has been set for $297,400 over a three year period.

Funds, Foster said, would be equally distributed to scout installations.

One-third will go for improvements at the Buffalo Trail Ranch in the Davis Mountains; one-third will be given to the Ed Murphy Aquatic Camp on J. B. Thomas Lake and the last third will go to the council headquarters in Midland.

Foster said all money donated would be spent in this council area which will serve approximately 12,000 in 1959.

Serve 8000 Scouts

Currently there are more than 8000 scouts in the Buffalo Council area.

At the time of the last fund-raising there were 3142 scouts in the area, Foster said.

Improvements

Proposed improvements to the Ed Murphy Aquatic Camp, which is adjacent to Mitchell County, include a $21,500 central lodge, two sail boats, ten boats and canoes, archery and rifle range, caretakers quarters, dining hall, boat dock and piers, water system, road and fence, land expansion and other equipment.

CHAMBER CITED AS RIGHT VOICE

Speaker Urges Businesses To 'Speak Up' for Own Interests

A U. S. Chamber of Commerce official declared here Thursday that business needs to stand up and speak for itself.

Les Flesner, manager of the U. S. Chamber's Houston district that includes part of Louisiana and Texas, said business needed to "stand up and be counted" to correct misconceptions about business and professional operations, and to create a better business climate.

Flesner spoke and conducted a rountable discussion at a Chamber of Commerce dinner in Civic House.

The speaker reported wide misunderstanding among students and the general public about the nation's business and professional system of free enterprise.

"The public thinks you are making 25 to 50 per cent net profit," he told the dinner audience, "while the Department of Commerce figures show that profit to be 3.4 per cent."

Supporting his statement was data in survey that revealed teachers and senior students in a West Texas high school thought 44 per cent would be reasonable profit for a business.

Flesner emphasized that he was not pointing a finger at teachers or students, but at a general misconception on the part of the public.

"We are to blame," he told the audience, "and we must look at ourselves.

"If we don't tell this story—right ourselves, who is going to do it?"

"If there is any misconception about your business, you have to correct it on your own doorstep."

The U. S. Chamber official said there was a relation between issues before Congress and a "trend to the left." And he described business as on the defensive.

"The only way for this trend to be averted is for business to stand up and be counted on issues in government."

Flesner said the only organization that can correct misconceptions about business and professions and seek a better business climate is the local Chamber of Commerce.

"For a better business climate," Flesner said, "you need organization, manpower and a program.

"And you have the organization in your Chamber of Commerce."

"Your Chamber of Commerce, however, needs men, money and a program." The speaker reported every Chamber of Commerce, though, is under financed.

"—under financed," he said, "even when you get more for your Chamber of Commerce dollar in your community more than anything else except

Three Voters Cast Ballots

County Clerk Gilbert Leach said Saturday morning that three persons had cast absentee ballots for the April 2 municipal and senatorial election.

Absentee balloting began Mar. 13 and will continue through Mar. 30. Voting may be done in the office of the county clerk 8-5 p. m., Leach said.

Ballots mailed in will be valid until 1 p. m. April 2. Leach said several ballots had been mailed out but none had been returned.

Leach said that in the last election no absentee ballots were cast.

Barber Pays $25 Fine

Attorney Perry Barber, who Monday hit Frank Ginzel with his fist during a court trial, was fined $25 for contempt of court, said Justice of Peace G. C. Lemons.

Lemons said Barber also apologized for his behavior in court.

Windham Sets Shotput Mark In Odessa Meet

Jim Windham and Dru Vowell appeared Saturday to be Colorado City High's only hopes of picking up points in the West Texas Relays at Odessa.

Windham set a new mark in the shot, shoving the iron ball 52 feet 3¼ inches, breaking the old mark of 51 feet 11½ inches set in 1954 by Bobby Wright of Andrews.

Stuart Peake of Abilene was second to Windham in the preliminaries with a throw of 51 feet 2¼ inches.

Vowell was fifth in the prelims with a mark of 49 feet 8 inches.

Vowell finished fourth in the discus prelims with a throw of 149 feet 10 inches.

Vowell's throw was his best and set a new record for Colorado High track records.

Finals were to be held Saturday.

No Opposition For Loraine Mayor's Post

Mayor Vance Dickenson, Loraine, will seek his fourth consecutive term unopposed in the April 2 election.

City Secretary Homer Hart said Saturday that no other aspirants had filed for the mayor's post. Hart said that the deadline for filing would be March 28.

Councilmen Ray Preston, Bill Stribling and T. J. Green Jr. are serving expiring terms.

According to officials, Green is the only one to seek re-election.

Other candidates who have filed in the race include Jeff Parker and Virgil Walker.

Councilmen Woodrow Pratt and Herbert Mearse hold the other council slots.

Road-E-O Plans Told By Jaycee Chairman

Jaycee-sponsored road-e-o has been set for April 17, H. B. Slaughter, chairman, announced Saturday.

Slaughter said the road-e-o would be held during school hours and arrangements had been made for participating students to be dismissed from school.

Students, however, are not the only persons elgible for the contest.

Requirements Told

Any person who has not reached his 20th birthday by Aug. 15 may enter, Slaughter indicated.

Entrants also must not have been found guilty of a moving traffic violation within six months prior to April 17, must not be employed as a full time driver and must have a driver's license or a driving permit.

Contestants must have parent's consent to participate, Slaughter said.

Movie Slated

A 14-minute movie showing the scope of the course will be shown at schools before the April 17 competition.

After showing of the film, applications may be obtained from Slaughter. Also, a written exam will be given before the road contest, Slaughter said.

Winner of the local event will be elgible for regional road-e-o and the winner there will get an expense paid trip to the state contest.

Prizes Told

Slaughter said local winners would receive certificates and probably other prizes.

Last road-e-o held here was in 1955 when Perry Barbee Jr. was first place winner.

Furnishing cars for the competition will be Jay Adams Chevrolet Company, two '57 Chevrolets; Craddock-Witten, two '57 Fords, and Floyd Wallace and Frank Motor Company will provide one new Plymouth each.

Slaughter said cars would be available with standard and automatic transmissions.

"This will be the first year to use vehicles with automatic transmissions," he said.

"A site for the event has not been determined," he said.

Regular Scout Roundtable Set For Thursday

Monthly area roundtable for scouts and scout workers will be held 7 p. m. Thursday at Junior High School, John Tom Merritt assistant district director for Colorado City, announced Saturday.

During the meeting program themes for April will be demonstrated and dramatized, he said.

Cub scout direction will be under the direction of Mr. and Mrs. Jake Garrett; Pat Shields, scoutmaster of First Baptist Church troop will direct boys scouts, and Skeet Harkins will direct the explorer's session.

Den mothers, cubmasters, assistant cubmasters, explorer leaders, explorers and committeemen are cordially invited, Merritt said.

NEW NOMINEES—Friends and foes are these nine Jaycees who will oppose each other in the coming Jaycee election. At top left to right are candidates Joe Boatright, Johnny Grubbs, Don Benson and Bob Ratliff. Below are Bob Reily, Bill Quimby, Rev. Tommy Nelson, George Womack and Bob Williams. Others nominated for the April 4 election who are not shown include H. B. Slaughter, John Chinn, Joe Burke, Benton Cain and Bob Kirschbaum.

Motorist Cautioned About Auto Inspection

Motorist were warned against the last-minute vehicle inspection rush at the April 15 deadline by Col. Homer Garrison Jr., director of the Texas Department of Public Safety.

"Of more than four million vehicle owners in Texas, only 2,500,000 have had their vehicles inspected, leaving more than one million to act within the remaining three weeks," Garrison said.

The director reminded motorists of the impending deadline with a note of concern.

He suggested that automobile owners visit an inspection station before lines become long and cause a loss of time and effort.

8000-FOOT TEST

Wildcat Test Staked Southwest of C-City

Staked Thursday was a new wildcat ten miles southwest of Colorado City with operations calling for an 8000-foot rotary projection.

It is Weiner No. 1-A Wulfjen. Location is 660 feet from south and 1749 feet from west lines, Section 7, Block 13 of H&TC Survey.

Two more producers were finaled and one site spotted Friday in Mitchell County Fields.

Col-Tex No. 10 Standard of Texas pumped 74 barrels of 24-gravity oil on potential. It is staked in the Westbrook Field.

Location is 330 feet from north and 1674 feet from east lines, Section 10, Block 28, T&P Survey.

Perforations are at 3049-3105 feet and 3049 feet is the upper level pay zone.

Total depth of the venture is 3150 feet. Operator treated with 21,000 gallons of acid before completing.

In the Albaugh Field, Siegfried No. 1 Scott pumped 23.13 barrels of 30.3 gravity oil and 20 per cent water in 24 hours.

The well has a total depth of 1300 feet with top of the pay zone at 1215. Operator treated with 10,000 gallons of fracture fluid before final test.

Perforations are between 1215-1218 feet and 1232-1241 feet. Location is 330 feet from northwest lines of the east half of the northeast quarter, Section 91, Block 29, W&NW Survey.

In the Iatan East Howard Field, Magnolia staked the No. 29 Foster four miles southwest of Iatan. Location is 330 feet from north and 1650 feet from west lines, Section 8, Block 29 of T&P Survey.

Operator plans a rotary projection to 3000 feet.

Expansion Fund To Boost Scouting

Organization is being developed now for Mitchell County's part in the proposed $297,400 expansion fund for Buffalo Trail Council, Boy Scouts of America.

The council, which includes Boys Scouts of Mitchell County and 17 other West Texas counties, is seeking the fund for capital improvements—permanent buildings and facilities at three key points.

If the fund is subscribed by citizens within the 18-county area, then improvements will be built at the Ed Murphy Aquatic Camp on shores of Lake J. B. Thomas and at Buffalo Trail Ranch in the Davis Mountains. A new council headquarters will be built also in Midland.

Shouldering the task of leadership in Mitchell County's drive and G. D. Foster, John T. Merritt, M. N. (Nap) Caddell and Phillip Berman. Under their direction various phases of the fund raising will be conducted by volunteer citizens who believe in the merits of scouting and who believe in meeting the needs for an expanding scout program in this area of West Texas.

Our United Fund is providing for actual year-to-year operation of our scouting program. But the United Fund, by the vary nature of its bylaws, does not allow its funds to be used for capital improvements. So, the buildings and facilities planned for Buffalo Trail Council scouts depend entirely upon the success of the $297,000 expansion fund campaign.

The overall fund-raising goal of the council—$297,000 — appears large, indeed, at first sight. But the cost is to be spread over 18 counties of varying wealth and population, and Mitchell County's proportionate share will be near $10,000.

Mr. Foster and his division chairmen face a major task, to be sure. But the project they lead is a worthy program. And if the citizens of Mitchell County will acquaint themselves with the facts of the expansion program, the good character of scouting and 12,000 boys in scouting by 1959, then they the need for more facilities to provide for will not be hesitant seeing that the goal is met.

O. A. (Shorty) Ruffin has joined that group of business and professional leaders who give of their time and effort as Chamber of Commerce directors.

Gents like him, who recognize the responsibility of the individual citizen in civic service, are a cornerstone for community progress. Their service is due the respect and admiration of all.

SECOND TO COTTON

Dairying Takes Place As New Farm Leader

By JOHN C. WHITE

Dairying, one of the youngest of all phases of Texas agriculture, has made such remarkable strides that it is now a leader in the state's farm economy.

A $250 million annual business, Texas dairying during the past three years has ranked second only to cotton in total farm income value.

This position, of course, is partly due to the drouth which has taken as part of its terrific toll large drops in profits from livestock and other major farm products.

Still, the fact remains that Texas has come a long way from the days when most of our dairy products were imported and milk producing was more a side-line than an industry in its own right. Dairy income today accounts for one out of every eight dollars earned in Texas agriculture.

This development from meager beginnings has been brought about by several economic factors and the foresight of state dairy leaders.

First, dairy development was recognized as a year-round income source as opposed to seasonal income from crops and livestock. Because of this, the dairy dollar is said to multiply itself approximately seven times in trade activity, far ahead of other farm products.

Then, too, the dairyman's productive capacity was challenged by tightening of the cost-price squeeze on all farm industries in recent years. To meet the challenge, Texas milk producers have become some of our most efficient farmers, modernizing and increasing production through use of new equipment, such as tank trucks for hauling, plant pipelines and other major improvements.

The drouth, curiously enough, has also had an effect on these increases. Imported feeds, although expensive, have improved dairy cattle diet and increased the amount of milk produced. In 1956, for example, dairy production was up 14 per cent from 1955.

To handle marketing problems resulting from such increases, Texas dairymen organized themselves into the business of selling their own product much the same as other farm industries have done. The Texas dairy promotion and marketing program through milk producers co-ops and their branch of the American Dairy Association is one of which we can be proud.

The dairy industry has truly come into its own as a full-fledged and vital partner in Texas agriculture.

VIOLENT CRIMES DOWN

Crime Gains 11.8 Per Cent Over Preceding 12 Months

Crime in Texas during 1956 gained 11.8 per cent over the preceding year according to Col. Homer Garrison, Jr., director of the Texas Department of Public Safety.

The increase was attributed mainly to urban areas where a 14.4 per cent increase in crime was shown during 1956 in comparison with the records for 1955. Rural area crimes were up only 2.6 per cent.

The figures compiled by the Department's Statistical Division and the Bureau of Identification and Records point out that crimes of violence against the person were down with actually a decrease in comparison with the preceding year.

Murder Down

On a statewide basis, including urban and rural areas, murder and homicide was down 13.7 per cent, rape was down 11.1 per cent and aggravated assault was down 4.7 per cent.

On the other hand, burglary was up 13.5 per cent, theft was up 14.5 per cent and auto theft increased 11.3 per cent.

The rural areas showed a crime decrease in all divisions except two—theft with an increase of 9.2 per cent and burglary with an increase of 1.1 per cent over the preceding year. Urban areas were up in four divisions, but down in violence against the person.

Rate Compares

Garrison said the crime rate for Texas compares favorably with that for the entire nation.

"Compared with crime statistics for the first six months of 1956 given in the Uniform Crime Reports for the United States, crime in the entire nation was up 14.4 per cent. During that same period crime in Texas was up only 9.8 per cent.

"If the national trend continues for the entire year of 1956 the crime rate will be up 18.3 per cent over 1955, making our 11.8 per cent increase in Texas look encouraging."

The state police director said hopes for lower crime rates in the future are good in that not only are we giving our children better training each year, but law enforcement is becoming more proficient and more closely knitted together in its operation on all levels.

Figures Announced

Col. Homer Garrison, Jr., director of the Texas Department of Public Safety, announced the official figures today for the 1956 highway traffic death count.

Garrison said that with the official closing of the 1956 books on traffic deaths that 2,611 persons had been killed during the year and the economic loss in the state amounted to $229,685,450.

111,501 Injured

He said his figures, compiled by N. K. Woerner, chief of the department's Statistical Division, show that 111,501 persons were injured during the year of 1956 and that there were a total of 228,832 motor vehicle accidents.

The state police director said the 1956 death count represented an all time high with 64 more deaths than were placed on the books during the record breaking year of 1955 with 2,547 fatalities.

"Actually," he said, "there was a three per cent increase in traffic deaths in Texas last year in comparison with 1955 and our death rate per 100,000,000 miles of travel raised only slightly to 6.5 as compared with 6.4 deaths per 100,000,000 miles of travel in 1955."

Drive More Miles

Garrison said several factors must be considered in the fatality figure. "We have more automobiles than ever before in our state and we are driving more miles than ever before. But that is no reason to expect an increased number of deaths in traffic accidents."

"With more driving we have become lax in our attitudes toward breaking traffic laws, and we have become selfish in our driving habits. The traffic officer can do only so much in removing dangerous drivers from the road; we need the full cooperation of the motoring public in making 1957 a safer year on our streets and highways."

The final count of traffic fatalities is withheld until March 15 each year because of late deaths that occur as the result of traffic accidents during the calendar year.

Sh-h-h-h! Baby's Asleep!

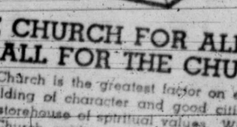

And it's a serene, peaceful, dreamless kind of sleep because she knows no fear. She is utterly content in your care and protection.

You anticipate all her needs. You feed and clothe her. You play with her. You nurse her when she's sick. Whether she laughs or cries, is good or naughty, you love her.

Just now you expect nothing in return. But as she grows older you will expect her to show her love for you by respecting your wishes and obeying your commands. When she is kind and thoughtful you will be happy.

You are a child of God, receiving such love from Him as you bestow on your own child. How long has it been since you showed your love for Him in return?

Visit with Him through prayer and daily Bible reading; and on Sunday worship Him in Church with real love in your heart.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Mrs. Jones Speaks to Beta Epsilon Chapter

"You can measure a person by his concerns", Mrs. J. Frank Jones told member of the Beta Epsilon Chapter of Delta Kappa Gamma Monday evening in the home of Mrs. Floyd Coffee.

"The good teacher will be competent, be concerned and be consecrated," she continued.

Topic of Mrs. Jones' discussion was "What Hinders Spiritual Fellowship Barriers of Distances or Barriers of the Heart?".

Mrs. Travis Rhoades of Snyder conducted the business session in absence of chapter president, Mrs. Winnie Quinney.

The group completed plans for giving a grant-in-aid award of $100 to an outstanding future teacher, who will be selected on an impersonal basis from Snyder, Loraine and Colorado City senior applicants.

Miss Marcia Barnes, now a student at Texas Technological College, was receipient of the award last year. She was the third-high honor student of Colorado High School in 1955-56.

The new Woman's Club Building in Snyder will be setting for the initiation of new members into the chapter and a founder's day program April 14.

Colorado City members attending the Loraine meeting were Mrs. Lawrence Ruddick, Mrs. M. J. Dawson, Mrs. Ed Williams, Mrs. U. G. Hardison, Mrs. Lynn Halbert and Mrs. Jones.

AT LUNCHEON MEETING

Miss Gladys Miller Speaks to Christian Women's Fellowship

Miss Gladys Miller was guest speaker Monday at the monthly luncheon meeting of Christian Women's Fellowship of First Christian Church.

Miss Miller, an English instructor in Colorado High School, spoke on "Words—A Tool for the Art of Life".

She defined word as meaning an articulate sound or series of sounds which, through conventional association with some fixed meaning, symbolizes and communicates an idea.

The speaker divided her talk into three topics "The Good of Words", "The Truth of Words" and "The Beauty of Words".

She discussed the origin and history of words, development of English speech, elements of truth of words, oral forms of words and word patterns.

In concluding her talk, Miss Miller read excerpts from the Bible and poetry.

Mrs. Joe Bell concluded the program with prayer.

Mrs. Goodwin Simpson was worship leader. Mrs. Bell, CWF president, presented a corsage to Miss Miller and introduced her to the group.

The business session was opened with prayer by Mrs. Don Mecoy.

Mrs. Goodwin Simpson and Mrs. O. B. Trulock Jr., accompanied by Mrs. Mecoy, sang "Give of Your Best to the Master". Love gifts given by CWF members will be distributed in 16 countries.

Mrs. J. D. White, Mrs. Ralph Lee and Mrs. P. K. Mackey were hostesses for the luncheon. Invocation was said by Rev. Don Mecoy.

Luncheon tables were centered with large bouquets of purple and white iris. A paper lace place mat was used at each table setting.

Members and guests attending were Mrs. C. E. Cogswell, Mrs. Nona Chastain, Mrs. W. H. Fulton, Mrs. C. L. Root, Mrs. Dan Sykes, Mrs. R. P. Price, Mrs. Frank Lupton, Mrs. P. H. Pace, Mrs. John Moore.

Three Colorado City youths have been invited to pledge social clubs at McMurry College in Abilene.

They are Carol Blassingame, Girvin Harkins and Bobby Williams, all 1956 graduates of CHS.

Carol, daughter of Mr. and Mrs. Don Blassingame of the Buford Community, is pledging Kappa Phi. Girvin, son of Mr. and Mrs. C. G. (Skeet) Harkins, is pledging Ko Sari.

Bobby, son of Mr. and Mrs. Ed E. Williams, is pledging IHR social club.

All three students were active on the local high school campus.

Another college student, Miss Anne Perdue, daughter of Mr. and Mrs. Raymond L. Perdue, has received many honors at Southern Methodist University in Dallas.

She was recently selected to attend a recent SMU Leadership Conference in Mineral Wells.

Anne was chosen on the basis of her leadership potential and interest in campus activities.

A junior English majors, she is the new student center chairman of the Cosmopolitan Club, Methodist Student Movement, student council of religious activities and Kappa Kappa Gamma.

"Congratulations" to Mr. and Mrs. Bill Oliver of Odessa on the birth of a son, Barry Glenn, who was born March 18 in an Odessa hospital.

The baby weighed eight pounds and four ounces at birth. Grandparents are Mr. and Mrs. W. H. Fulton of 1416 Pine St., Mr. and Mrs. C. C. Oliver of Big Spring, former Colorado City residents.

Mike Oliver, the Bill Oliver's 15-month-old son, is visiting here with his grandparents.

EASTER PARADE—Among those modeling in the early Easter parade of by-gone fashions Thursday afternoon at the 1949 Study Club meeting were, left to right, Mrs. Jack Jordan, Mrs. Max Caddell, Mrs. Jimmy Harrison and Mrs. Bill Carter. Costumes shown were from the era of Abe Lincoln through the current styles. Meeting was in the home of Mrs. Fred McKay. (Record Staff Photo)

EARLY EASTER REVIEW

Parade of Old and New Fashions Featured by 1949 Study Club

An early Easter parade, including fashions from the era of Abe Lincoln to present styles, Thursday afternoon highlighted the 1949 Study Club meeting in the home of Mrs. Fred McKay.

Mrs. Joe Bell was commentator for the style review.

"Clothes make the woman," Mrs. Bell began, "and history decides her fashion."

"Today we are rediscovering an early America and with it many fads and fashions what they wore on that certain Easter morning and how they happen to wear it."

The commentator described fashions as they were shown by club members.

Modeling various styles were Mrs. Jack Jordan, Mrs. Jack McKinney, Mrs. Bell, Mrs. Bill Carter, Mrs. Dwayne Feaster, Mrs. Charles Nuckolls, Mrs. Joe Salter, Mrs. Max Caddell, Mrs. Jimmy Harrison, Mrs. H. Jene Steakley, Mrs. Gwan Strange, Mrs. McKay and Mrs. Garlan Green.

Program committee for the afternoon included Mrs. Nuckolls, Mrs. Willie Landau and Mrs. Steakley.

Mrs. Green was program leader. Roll call was answered by each member showing an old photograph of herself.

It was announced that Mrs. Harrison, Mrs. Steakley, Mrs. Nuckolls and Mrs. Jordan presented a 30-minute broadcast over the local radio station. The panel discussed state mental hospitals and their patients.

Mrs. Nuckolls, president of the club and a delegate to the Sixth District Convention in Abilene last week, reported on that meeting.

Plans were begun for the annual pilgrimage of homes.

Here from Abilene

Miss Marveyln Gibson, a student at Abilene's Hendrick Memorial School of Nursing, visited two days last week in the home of her parents, Mr. and Mrs. J.D. Gibson, of the Payne Community.

Summers House Guest

Mr. and Mrs. Rhodes Arnold and son, John Charles, of Roscoe visited Thursday evening in the home of Mr. and Mrs. Charles Summers and sons, Dickie and Lee.

The club voted to donate a contribution to the Cancer Fund.

Demonstration Highlights Meet in Silver

A demonstration Monday evening highlighted a regular meeting of the Mitchell County School Food Service Association in the Silver School cafeteria.

The demonstration on making cobblers was presented by the hosting group.

Following the business session workers of the Hutchinson School cafeteria directed games of bingo. Refreshments were served by the hosting group after the recreational period.

Attending were Mrs. Edgar Andrews, Mrs. H. P. Hines and Mrs. A. A. Raschke of Westbrook, Mrs. H. C. Blassingame, Mrs. Thelma Rogers, Mrs. Ed Richardson, Mrs. Stanley Hammet, Mrs. A. W. Phillips, Mrs. Billy Owens, Mrs. Jim Barkley, Mrs. Carlton Black, Mrs. James Brown, Mrs. Maydell Feaster, Mrs. Archie Feaster, Mrs. Harvey Humphreys, Mrs. Vernon Ratliff, Mrs. Perry Adams, Mrs. Maude Woods and Mrs. Pete Pruitt of Colorado City.

Hostesses were Mrs. P. H. Ferrell, Mrs. Alton Barker and Mrs. Howell Anderson.

Miss Riordan Presents Bible Study

Miss Nellie Riordan Monday afternoon was leader of the regular Bible study for women of the First Presbyterian Church in the church parlor.

Lesson for the day were "Nationalism and Internationalism" taken from the year's study of Christian citizenship.

Devotion was based on the 15th verse of the 11th chapter of Mark.

Miss Riordan said the opening prayer. Mrs. Roy Davis Coles presided in the business session. Reports from workshops conducted here recently during the district Presbyterian meeting were presented by Mrs. Earl Clary, seeing ourselves as Christian citizens; Mrs. Frank Ramsdell, service projects for 1957, and Miss Riordan, special Bible studies and how to plan them.

Meeting was closed with the mizpah.

IN PRIMARY CAFETERIA

Annual Banquet Honors Senior Class of Colorado High School

The senior class of Colorado High School was honored Saturday evening at the annual junior-senior banquet in Primary School cafeteria.

Decorating theme for the fete, hosted annually by the junior class, was an Oriental garden.

Invocation was said by Bob Aycock, vice president of the class. Welcome was extended by Don Black, junior class president.

Responses were said by Delbert Lewis, president of the honored class and Dr. Oscar Rhode, president of the school board.

Jerry Treadwell and Patty Jones, attired in Chinese fashions, read the senior class prophecy. Charla Warren presented a dance.

Ed E. Williams, superintendent of schools, introduced Kenn Eastin of Midland, a former Colorado City resident, who was guest speaker.

The benediction was spoken by B. J. Barnes, a sponsor of the junior class.

Other sponsors of the host group are Mrs. Bill Quimby and Miss Clydine Stickney.

Sophomore boys acting as waiters were Jamie Anderson, Bobby Calley, Joe Merritt, Michael Schoolcraft, James Shoemaker, Kenny Simmons, Truman Stinson, Raymond Weaver.

KENN EASTIN, . . . banquet speaker.

Also, Freddy Womack, Harold Cade, Gerald Adams, Lucky Merket, Freddy Harrison, Johnny Smith and Melvin Walker.

Guests entered on a small curving bridge overlooking a pond of water. A rock wall and picket fence, entwined with flowers, surrounded three walls of the cafeteria.

A drawing of a large dragon marked the west wall. A pagoda near the north wall was surrounded by flowers and greenery. The stage was accented by a large pink tree.

An archway in the north fence served as an entrance for waiters, who were dressed in Chinese styles.

Foursome tables were covered with white linen cloths and centered by a single gladiola. The small vase topped four lemon leaves.

Favors were fortunes written on onion skin paper, which was wrapped around tooth picks.

The evening's menu included cherry blossoms (tomato juice), chop suey with rice (creamed chicken and rice), chopsticks (green beans), lotus blossom salad (fruit salad), poppy seed rolls, emperor's delight (cherry tarts and whipped cream) and Cantonese tea (iced tea).

Approximately 200 juniors, seniors, faculty members and school-board members attended the annual banquet.

The visitors were en route to Austin for the Texas Garden Club convention.

IN COURT HOUSE

Home Demonstration Council Meets Here

Regular monthly meeting for the Mitchell County Home Demonstration Council was Thursday afternoon in the district court room at Court House.

Mrs. Bruce Byrne, council chairman, presided in the meeting opened with prayer by Mrs Willie Taylor of the North Loraine Club.

Mrs. Warren Anderson of the Buford-China Grove Club, a guest of the council, directed recreation for the afternoon.

Bill Brown, park and recreation director for Colorado City, spoke to the council of the current recreational program and distributed questionnaries for council delegates.

Mrs. P. H. Pace, Texas HD Associational chairman for the county, announced that the state HD meeting will be hosted in the Rice Hotel in Houston July 31 through Aug. 2. Local clubs are to elect their prospective delegates in May.

It was announced that the Mitchell County HD Council is to present a program April 18 at 8:45 a. m. over Radio Station KFYO in Lubbock.

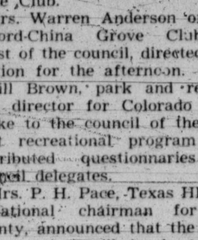

Committee appointed to plan the broadcast included Mrs. Ed Bodine of the Fairview club, Mrs. E. L. Hamrick of the Looney club, Mrs. Alfred Hackfeld of the Baumann Club and Mrs. J.C. Northcutt of the Spade-Conaway club.

The committee is to meet Tuesday at 9:30 a. m. in the HD agent's office in Court House.

Mrs. J. C. Womack of the Fairview club and Mrs. Willie Taylor were appointed to contact club members for bringing in books for the HD shelf at Federation Library.

Miss Elinor Harvey, HD agent, will conduct a hat workshop for leaders of each club April 4-5 at 2 p. m. in the county court room.

Members of the Carr HD club were appointed to plan recreation for the next council meeting.

TELEPHONE TALK

by Truman Black, Manager

9,000 Calls a Minute

Have you ever thought, as you pick up the phone, how many other people were doing the same thing that very minute?

Well, believe me, you're not alone—you've got lots of company. Texas people used their telephones 9,000 times a minute last year.

That's just for local calls. Long Distance lines were busy, too, as Texas called out-of-town 98 million times in 1956.

What's behind the steady increase in the number of telephone calls? For one thing, thousands of new telephones are added each year; but there's more to it than that.

Nowadays, people seem to count on their telephones to run more errands for them, to help them keep up with the faster pace of living and doing business.

Personally, I think it makes a lot of sense. You can do just about everything faster and easier with the telephone.

Post Card Canvass

We look on this post card canvass like a mirror of our service standards here in Colorado City. . . . And we're not like the wicked Queen in that Snow White fairy tale . . . wanting to look and see only the good. We want that mirror . . . the post cards you return . . . to reflect your sincere opinion of service.

For that is the purpose of the post card canvass: to find out what complaints you may have so we can try to remove the cause for these complaints.

At the telephone company, our most important job — first last and always—is to give you, our customers, the kind of service you desire.

Looking Ahead to Weekends

If you're like most people, you look ahead to weekends.

That's when family and friends get together to relax and have fun.

Unfortunately, sometimes all the family can't be on hand, or perhaps you haven't heard from some old friends for too long a time.

There's no point in letting this dampen your weekend fun. Just reach for the telephone and call them Long Distance. They'll be glad you called . . . and so will you.

Rates are lower all day Sunday, and after 6 p.m. week-days.

And remember to call by number—it's twice as fast.

Convenience Is Here to Stay

All around the house, every day, we see convenience and more convenience.

Dad has his easy chair conveniently located next to his favorite reading table. Mother has a novel or her sewing basket near her. And the youngsters like to have a radio or record player in their room.

Maybe this is the time to take another look at your telephone service to make it more convenient for you and your family.

Why not have telephones where you want them, when you need them? We'll install additional phones wherever they serve your family best—in kitchen, bedroom, or any room in the house.

The cost is low, only $1.00 a month and a small one-time installation charge. Just call the telephone business office.

Philathea Class Party Features Book Review

A book review by Miss Gladys Miller Tuesday evening highlighted a monthly meeting of the Philathea Sunday School Class of First Methodist Church in the church's Fellowship Hall.

Miss Miller reviewed the book, "Miracle in the Mountains" by Barnett T. Kane and Inez Henry.

The review depicted the story of Martha Barry who first created an interest in the people of the mountainous regions of Georgia and Tennessee for the establishment of churches and schools.

"One of her academies near Rome, Ga., now has the largest campus of any school in the world with 30,000 acres," Miss Miller said.

Hostesses for the evening party were Mrs. H. E. Maniss, Mrs. Henry Bilberry and Mrs. Ethel Hardegree.

Mrs. Ed Strain, president, conducted a short business session. The devotion, "No Greater Love", was presented by Mrs. J.W. Hill.

Refreshments of cookies, nuts, mints and coffee were served after the program.

Arrangements of rosebuds decorated the hall and refreshment table.

Guests for the evening were Barton Smith, Mrs. J. L. Bradley, Mrs. H. T. Coles, Mrs. W. M. Miller, Mrs. E. M. Owen, Mrs. Wilma Reynolds, Mrs. Arnel Smith and Mrs. N. H. White.

Members were Mrs. Joe Dulin, Mrs. C. A. Farmer, Mrs. Earl Hunter, Mrs. G. C. Lemons, Mrs. Hill, Mrs. W. D. McClure, Mrs. Jewell Richter, Mrs. Strain, Miss Miller, Mrs. Maniss, Mrs. Bilberry and Mrs. Hardegree.

Members Urged to Attend Council Meet

Presidents and representatives from each organization of the Colorado City Council of Church Women are urged to attend an executive board meeting Monday morning by Mrs. J. D. White, president.

The meeting will begin at 9:30 o'clock at St. Luke Methodist Church.

Seventh Graders Tour Government Offices

Three of Winfred Talley's seventh grade classes Tuesday toured the Court House, City Hall and Fire Department.

A fourth group of the class was taken to Ruddick Park where they had dunch.

church."

In the rountable forum following Flesner's talks the audience pointed up the need for business and professional men here to tell their story to other understand themselves and their own community, and to express themselves legislatively.

And the group proposed the possibility of setting up economic discussion groups for self improvement providing better information for business and allowing business to express itself to others.

Chamber directors met Friday morning and mapped plans for organizing a discussion group. Jeff Taylor, Chamber president, appointed a committee to select moderators for the discussion series.

The committee is composed of Bob Williams, chairman; Charles Root, Dr. Bill Rhode, G. D. Foster, Sam L. (Buzz) Majors Jr. and M. I. Berman.

Tentative date for organizing the panel program has been set for April 11.

STRANGE BUT TRUE

Wife, Girl Friend Cold? Don't Give Up That Coat, You Need It

If you think you can't do anything about the weather you're dead wrong.

Ask the State Health Department.

They'll tell you all of us, "assuming normalcy," are constantly doing something about it.

We are all equipped with our own private thermostat. When atmospheric temperatures rise or fall from the 98.6 degrees which is normal body temperature, the thermostat goes into action.

This built-in regulator is a tiny maze of nerve cells in the mid-brain. If the day is hot, it reroutes blood from internal organs to skin capillaries, diluting the flow with fluids drawn from skin and muscle tissue and from the liver. Sweat glands on skin surfaces dilate and exude perspiration.

Body temperature is reduced by the dilution of blood and exudation of sweat. When the sweats evaporates your skin cools off.

Flow Diminishes

If the day is cold the thermostat concentrates the blood and diminishes the flow through skin capillaries. Sweating is minimal and the blood coarses through internal organs deep within the body. Result: you feel cold and have to put on a coat or an extra blanket to stay comfortable.

As a fact of human physiology, body temperature of warm-blooded animals remains unchanged at 98.6 degrees, even though the air temperature might vary from zero to over 100 degrees.

Provided the air is perfectly dry, a man can maintain normal temperature in an atmosphere that will actually grill a beefsteak. There are experimental cases on record where human subjects, by drinking great quantities of water to sustain perspiration and stripping to the waist to facilitate evaporation, have withstood temperatures up to 260 degrees for extended periods without ill effects.

Serious Trouble

But the subjects would be in serious trouble if they tried to endure 120 degrees in a damp, humid atmosphere. Sweat evaporation is influenced by the extent to which the atmosphere is already saturated with moisture. In high humidity sweat merely drips from the skin and in no way increases heat loss.

As a Texan, accustomed to hot weather, you are probably most comfortable when the humidity is about 65 per cent—that is, when the air is 65 per cent saturated.

The fatter a person is the better he can withstand cold. Fat acts as a blanket. Conversely, fat people suffer more in hot weather.

And if you're a man you're more susceptible to cold than your wife. You both have insulating layers of fat but hers is naturally thicker. Therefore, while it may be socially gallant it is physiologically foolish to relinquish your coat to your wrapless lady when you are both caught out in the cold.

You need it worse than she does.

You need it worse than she does.
