Dear BFD: Just a few lines, Buford, to ask you to stop sending the paper for awhile. You see, I have graduated from gunnery school and am on my way to Lincoln, Nebr., but won't be there but a few days. From there on—I don't know as yet, but, as soon as I get an address or APO, I'll let you know. I surely enjoy getting the Review, as it's a good way to keep up with the boys. Kermit Woodbridge looked me up one day in Las Vegas and it was from the paper that he knew I was there. Give my best regards to your family and yourself. Your friend, Sgt. Felmet Watts. July 20, Colton, Calif., (Enroute.)

Dear Buford: Well, I guess I've finally gotten settled down to one address for awhile, so you can send the paper to me at this address. What is this about a request you have to have to send the paper? Well, anyway, you have my request for it. I think it's one of the best weeklies out, and it surely is nice of you to send it to all the boys and girls from Abernathy that are in the service. You don't know how much you miss it until you go for awhile without getting it. Well, I'll close for now—and thanks again for the paper. I'm yours sincerely, Robert F. Howard, P2c, WFO, San Francisco, July 9.

Dear Buford: Just a few lines to thank you again for sending me the Review each week. It's really nice to get all the news from home. I am here in Yeoman school now. That is the clerical branch of the navy. I'll be here about four months at least. This will be my address for that time: Andrew R. Holt, S2c, Class 1-46, Yeoman School, USNMC, San Diego 33, Calif. Thanks again, Buford. We all appreciate your efforts. — Yours sincerely, Andy Holt.

Dear Buford: I'm dropping you a few lines to give you my new address and to let you know I enjoy your paper a lot. There isn't any news here, so I'll close Yours truly, Pfc. John A. Nabors, Sec. C, Box 5927, CAAF, Carlsbad, N. M. July 15

Dear Buford: Just a few lines to let you know I have a new address. After two years at Dodge City I am now in Montgomery, Ala. Thanks for the Review, it was on time every week, and I have missed last week's because of delay in transferring my mail here; so, to avoid any more delay, my new address is: Cpl. James B. Jones, Sq. O, Maxwell Field, Montgomery, Ala. By the way, are there any of the fellows from Abernathy around here. If so, please send me their address. J. B. July 13.

Mrs. Homer Hamilton of Rule recently visited her parents, Mr. and Mrs. M. J. McCoy, and her sister, Mrs. George Waits.

Mrs. Esther Neuhauser and daughter, Judy, of Madison, Wis., are visiting in the home of her parents, Mr. and Mrs. H. Schulz. They accompanied Mr. and Mrs. Schulz on a trip to El Paso, Juarez and Carlsbad cavern last week.

NEW DEAL NEWS —

W. K. Clements has returned from Savannah, Mo., where he was under treatment in a hospital.

Ichenzell, Germany, June 29.

Dear Buford: Well, here I am again, and pardon me for not writing so often, but there is something about me that makes me not write so much, but when I have to, then I can, and it doesn't hurt me, so I guess it is O. K. There is not much going on here, but the things that are not to be told, so for what I am doing, is just waiting to catch a boat home. I am wondering just when I will get to do that. We haven't had too many hints that we were going, but still have hopes and that is about all. Well, we changed APO's again the other day and the new one is 758 and from the same place. Don't know just how many more we will have but hope it will be none. The weather here is nice for sleeping and that is about all that I am going to do for the next few days, since all the men in the outfit are going on pass and I'm going to be here with about enough men to cook for and to do the necessary guard so that will be about all I will have to do. May take my fishing pole and go down to the creek and do some fishing. There are some nice speckled trout in the stream—all you have to do is catch them and they are very good eating. Guess that's about all for now and I hope by the time you get this I am well on the way home and I can walk in the office and tell you the next change in address. With best regards to all, 1st Lt. Travis Lutrick.

Mrs. J. C. Hurst: Greetings! I decided I'd write and let you give my address to the Review. I would like to have the Review so as to keep up with my friends and neighbors. A friend, Pvt. Walter L. Lutrick, Co. A, WDFC, Ft. Bliss, Tex. July 20.

THE ACTUAL SCIENCE OF PRAYER

THAT PRAYER — for safety, health, usefulness, happy relationships, progress, satisfaction, or any other legitimate achievement or condition — can be a scientific as well as a religious experience, and therefore unailing in its results, is clearly shown in Christian Science.

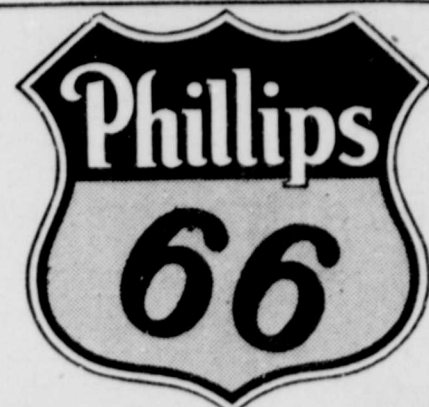

Through growing understanding of such prayer, or treatment, increasing numbers of Christian Scientists in many countries are proving its value and thus are seeing the fulfillment of the Scriptural assurance, "Ask, and ye shall receive, that your joy may be full."

The complete explanation of Christian Science and its healing and enriching prayer is given in the Christian Science textbook, SCIENCE and HEALTH with Key to the Scriptures

OFFICE OF DEFENSE TRANSPORTATION GENERAL ORDER 52

Effective 12:01 am, June 30, 1945

"No carrier shall reserve, assign or allocate seating or sleeping space on a passenger train more than 120 hours in advance of scheduled departure time of such train. No carrier shall issue a ticket for a reserved seat or sleeping space on a passenger train more than 120 hours in advance of scheduled departure of such train, except in the case of tickets for reservations made prior to the effective date of this Order which have not been picked up."

OFFICE OF DEFENSE TRANSPORTATION GENERAL ORDER 53

"On and after 12 o'clock noon, July 15, 1945, no common carrier by railroad or sleeping car company shall operate or transport any railway car containing sleeping space or sleeping accommodations to a point of distance 450 miles or less from the point of origin of such car, such distance being measured by the shortest distance by railroad over which sleeping cars are operated between such points. Each common carrier by railroad shall forthwith cancel all reservations for space after 12 o'clock noon on July 15, 1945."

What about Travel now....

under the new Government rulings?

The Government has curtailed civilian travel by ordering the railroads not to make reservations on passenger trains more than five days in advance of departure and by banning sleeping car service on trips of 450 miles or less.

A lot of people are assuming that, with the European war over, the travel situation on trains should have eased up by now.

But they are finding out that it's harder than ever to get space. They're asking themselves, "Why?"

The reason is simply that the railroads are being called upon to repeat a job of moving over 3,000,000 soldiers. But this time it is to be done in 6 to 9 months whereas originally it took more than 2 years to move these men.

The railroads are still operating with the same number of passenger cars that they had when the war started. Building new passenger cars has not been permitted since Pearl Harbor.

Many Pullman cars have been converted into

hospital cars, and, of course, more Pullmans and coaches than ever are being withdrawn from civilian service to use in the movement of men to the Pacific.

The great bulk of traffic for the Pacific funnels into 4 railroads to ports of embarkation in California. Santa Fe, with its improved facilities, is carrying a large part of this traffic.

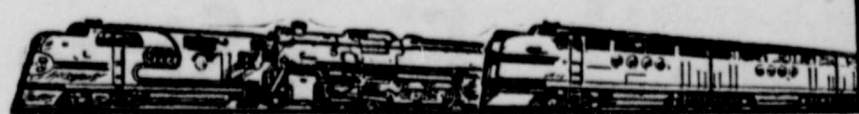

This all adds up to the fact that only a very limited amount of space is left over for civilian travel.

Of course we like to accommodate our friends and make new acquaintances. But you, too, agree that the troops and materials needed to whip Japan must come first.

New cars are now on order. Santa Fe has enough new chair cars on order to seat 3186 people. 16 new lunch counter-diners are also on order. A substantial number of new sleeping cars will be placed in service on the Santa Fe as soon as War Production Board orders permit.
