Library Has Record Year

The Aransas County Public Library has recorded the largest circulation in its five years of operation when, in June, there were 1489 books circulated.

For the first six months of 1961, according to Mrs. Everal West, of the Library Board, the circulation totals were 1145 adult fiction, 994 adult non-fiction, and 2623 juvenile books.

The list of registered borrowers has increased by 186 during the first half of 1961, Eighty-one of these were adults; juveniles made up the other 105 issued.

The library's total collection of books now numbers 6558. Three hundred and forty-eight of these have been acquired this year: 173 purchased by the library and 175 donated.

Books given as memorials have greatly enriched the collection this year, Mrs. West said. A magnificent gift of books on the arts, from the library of the late Elizabeth Coleman Meigs, was a much-valued acquisition.

The Bullard Memorial is now on permanent display in the reading room of the library. Dick Picton constructed the walnut case in which the miniature log cabin and tools are displayed.

The library is also cooperating with the Junior High School, Mrs. West said, in a summer ending program, the students have been assisting the librarian Mrs. C. C. Atchley in operation of the library. She pointed out that because of increased circulation during the summer months, it would be highly desirable to increase the library's schedule to five days a week, but that this was impossible because of lack of funds.

Total disbursements for the year, Mrs. West said, were $1958. Budget requirements for 1961 had been set at $1853, but estimated receipts totaled only $1343. This has led to curtailment in book purchases, Mrs. West said.

School Board Discusses Budget, Teenage Drinking

More teachers have been hired; two resignations have been accepted; and a preliminary discussion of the 1961-62 budget has been held by the Aransas County Independent School Board, Supt. J. D. Gray said this morning.

New members of the faculty are Thelka L. Simpson, Marvin W. Rice and Helen R. Schulze. Old members whose resignations were accepted are Mrs. Irma Lee DeForest and Miss Elsie Bob Fariss.

However, Gray said, only two faculty positions remain to be filled for the 1961-62 season: High School English and Junior High Science.

Gray told members of the Board at their regular meeting Tuesday night that the school system had been approved for $4329 in Federal Aid, because of children attending from families at the Radar Base, and that $3427 of this had been received.

He also reported that in a letter from Dr. W. R. Goodson, of the Department of School Accreditation, Texas Education Agency, that school authorities have been highly complimented on the curriculm at Aransas County High School.

In other action, the Board designated the First National Bank of Rockport as official depository for the school system, and then began a preliminary discussion of the 1961-62 budget.

A careful study of each item was made, as school finances this year have been subjected to extraordinary expense due to lawsuits filed in District Court by dissident taxpayers, which must be included in next year's budget, and trustees agreed that further consideration of the items on the proposed budget for 1961-62 would be necessary before a formal hearing could be set for some time late in August.

A lengthy discussion was also held recently, Gray said, on teenage drinking. It was agreed that this has become a grave problem, and school authorities are much concerned about the bad effects drinking is having on the youth of the community. It was agreed that, if at all possible the board would like to work with individuals, or any agency, to help curb this evil.

Preliminary Work To Start Soon On Copano Causeway

Judge John D. Wendell, who instigated a request to the State Highway Department for a new causeway over Copano Bay recently, received the following letter from D. C. Greer, State Highway Engineer.

"Careful consideration has been given by the Highway Commission to the presentation of your delegation on June 29, requesting construction of a new causeway across Copano Bay on State Highway 35, in Aransas County.

"The State Highway Commission directed that you be advised that the merit and need of this project are both recognized and the State Highway Department will plan its programs of work in order that this construction may be scheduled as early as possible, commensurate with the revenues available to the Department and the comparable needs throughout the state.

"In the meantime, the State Highway Commission has directed that preliminary engineering work be inaugurated, leading to the securing of the necessary right of way and the development of plans for construction. The preliminary engineering work will be started in the near future.

"The Highway Commission sincerely appreciated your able presentation of this mutual problem."

Tivoli Shuts Out Rockport, 2-0

Beautiful pitching was the order of the day as Tivoli shut out the Merchants 2-0. Both pitchers were superb for the nine innings, allowing a total of only 8 hits in the game. Gramner was the winner and Gardner the loser. Gardner's record is now 1-2.

Gardner allowed only five hits, while Gramner allowed only three in registering his shutout.

Tivoli scored single runs in the fourth and eighth innings, utilizing back to back singles to produce the margin of victory in both innings.

Rockport threatened in the fifth inning and again in the ninth when they had two men on with one out. Gramner toughened up in both instances and preserved his shutout.

The entire Rockport baseball team would like to take this opportunity to thank the merchants of Rockport for the new uniforms which were worn for the first time last Sunday, and for the other kind considerations they have shown the team in helping it get started this seanson.

Parallel Parking Begins August 1

Violations of New City Ordinance Can Cost Up To $200 For Angle Parking and Other Traffic Booboos

After August 1, those people who angle park on Loop 70, the Highway 35 Business Route through Rockport, can be fined as much as $200, as the ordinance passed by the City Council at their regular session goes into effect.

Thus ends a long argument with the State Highway Department. who long ago pointed out that the terms of the agreement under which the state paved the street included parallel parking.

The new ordinance also makes a lot of favorite Rockport traffic practices unlawful, with the same penalty, a fine not to exceed $200, for violations.

It is no longer strictly de rigueur to park on the sidewalk. As a matter of fact, it'll be apt to cost you if you do it. Along with this, the new ordinance bans parking in front of a public or private driveway; within an intersection; within fifteen feet of fire hydrants or cross walks or on a cross walk.

Moreover, the person who parks within twenty feet of a crosswalk at an intersection or within 30 feet of any flashing beacon, stop sign or traffic control signal located at the side of the roadway, is breaking the law and can be fined.

This ban extends to parking between a safety zone and the adjacent curb or within 30 feet of points on the curb immediately opposite the ends of a safety zone unless signs indicate differently.

Parking within fifty feet of a railroad crossing is wrong; if you park within 20 feet of the driveway to any fire station entrance, it can cost you, if you're on the same side of the street as the fire station, and if you're on the opposite, you'd better stay 75 feet away.

It is also unlawful, after Aug. 1, to stop, stand or park alongside or opposite any street excavation or obstruction when snch stopping, standing or parking will obstruct traffic; or on the roadway side of any vehicle stopped or parked at the curb (in other words, quit double parking,) and you must not stop your car, park it or stand with it on any bridge or elevated structure upon a highway or within a highway tunnel.

And, besides all these don'ts, don't stop anywhere else that a sign says you shouldn't.

Parallel parking regulations specify that every vehicle stopped or parked upon Loop 70 between Liberty and First streets, shall be stopped or parked with the right-hand wheels of such vehicle parallel to, and within 18 inches of the curb.

Little, who was chairman of the board a number of years ago, was running for his first full erm under the staggered system of elections set up about four years ago.

He was appointed to the board about a year ago upon resignation of Dick Picton, and was immediately elected chairman of the organization, a post he held until his term expired this month.

CARD OF THANKS

Having written only a few thank you cards for the lovely gifts received at our baby shower, we wish to thank everyone with this small message for all the gifts and beautiful flowers. The loss we suffered is most painful. However, it is most gratifying and rewarding to know we have so many friends. "Thank you" seems so small, but it comes from the bottom of our hearts.

TWO SEA CAPTAINS JOHNSON AND SOME OF THEIR FRIENDS

By Hobart Huson

(continued from last week)

2. Corinne Teal, born in Natchitoches Parish, Louisiana. She married Charles H. Bryne, at Lamar. To this marriage were born twelve children.

3. John Albert Teal, who was born in Natchitoches Parish, Louisiana, April 5, 1854. He married Mary Kuykendall, a native of Texas. She was a daughter of William and Eliga M. Kuykendall. John Albert Teal moved to McMullen County in 1878 and established a ranch on the Frio River below the town of Tilden. He died there in 1900. John Teal and wife had nine children.

4. Edward Teal, who was living in McMullen County in 1935.

5. Mary Louisa Teal married Amos Martin.

6. Laura Teal married William Huff.

7. Virginia Teal married George Roberts, son of William.

8. Frances Teal married Tippett Martin.

9. Walter Teal, who was living in Beeville, in 1935. Married Relissa Doughty, sister of Mrs. Wilson Heard, Sr.

John Jacob Thomas was a native of Switzerland. He was twice married in that county, and all of his children were born there. The three oldest were of his first wife, the two youngest of his second wife, who came with him to Texas. On March 12, 1844, Thomas, then 45 years old, obtained his passport in Canton Basel-Landscraft, for himself, his wife, Elizabeth, and five children. He sailed from Bremen to New Orleans, then came to Galveston to seek a home and employment. The family went to St. Joseph's Island. Learning that General Taylor's army was at Corpus Christi, Thomas went to that place to find employment. He was successful in obtaining a position in the quartermaster's corps of the army. After the Mexican war, the Thomas family returned to St. Joseph's Island. In 1850, the family acquired a farm or small ranch at Salt Creek near Lamar. Herb Tromas and his wife spent the remainder of their lives. Thomas served as a private in Captain Upton's Home Guard Company. Both Thomas and his wife died at their Salt Creek ranch. The children of John Thomas were:

1. Elizabeth Thomas, born 1828. Died unmarried at Salt Creek.

2. Jacob Tromas, Jr., born about 1831. (see below).

3. Eve Thomas, born about 1935. She married Henry Kroeger, of Lamar.

4. Sarah Salina Thomas, born about 1839. She married Anton Strauch of Lamar.

5. Anna Thomas, born about 1841. She married Benson, of Lamar.

It was while the Thomas family was living at Salt Creek that Sarah and Eve Thomas, then about 11 and 15 years old, respectively, were captured by Comanche Indians, who even at that late period mauraded over the coastal section.

(Ed.: The following account is taken from the Refugio Timely Remarks, issue of ovember 27, 1936.)

The two children were driving home the milch cows late one afternoon, when they saw several horseback riders. Sarah became frightened, thinking they were Indians. Her sister Eve, to alleviate her fears, told her perhaps they were Mexican hunters, but said they had better hide in the tall grass and maybe they would fail to see them. All would have been well had not their dog barked and this attracted the Indians' attention to their hiding place. In the meantime the father and mother saw the Indians, for Sarah's fears proved to be true, as there were several bands of the murderous Comanches out on a maurading trip.

The father tried to warn his children by blowing his Alpine horn, but it was too late, for by this time the children had been picked up and placed on horses with an Indian rider and were being carried away. The parents naturally were frantic. The father raised his gun to shoot, when he saw one of the Indians stealing the only horse left, which had been staked near the house. He knew the only means of pursuing them was gone and there was no way for him to secure help. His wife pleaded with him not to shoot, for she knew the Indians would kill their children and massacre the entire family, if one of their band was killed.

Good Luck Pier in Fulton is providing its share of small trout for many fishermen, also those wading and in boats. The big ones refuse to be caught in the daytime. At night, you may see them under the lights, but they are extremely wary and few have been taken the last ten days.

J. C. Ludwick and family of Azle had 5 fair sized trout and many just keeping size.

Don Wildenstein and Jerry Wood of San Antonio, stayed late Saturday night and brought in 15 trout.

Robert Steves and Jim Beer, also of San Antonio, had better luck on the 8th, and caught 70 trout in three hours.

Next week we hope to report that the big ones are in again.

Taylor Oaks reports:

Al Smith and son, Perry, 16 trout, 1 sheepshead.

J. M. Duran, Seguin, one 5-pound trout and one 4-pound trout.

Mr. and Mrs. Jim Stansell, 14 nice trout.

Woman's Club Has Meeting

The regular monthly meeting Tuesday afternoon of the Woman's Club was presided over by Mrs. Jimmie Hunt, president. During the business session Mrs. C. E. Dickey, Mrs. F. A. Bracht, and Mrs. R. H. Harrell were elected to fill vacancies on the board of trustees.

Mrs. C. E. Nickerson then introduced Sgt. E. H. Hale of the Department of Public Safety who talked on driving manners, good and bad; he also pointed out some misconceptions many people have regarding state laws. Sgt. Hale stated that highway accidents have accounted for 200,000 more deaths than all the combined wars that our country has fought. The program was concluded with a color film entitled "Caddo Lake" pointing out more safety laws as well as describing the beauty of this area.

Mrs. D. R. Black was hostess for the social hour which followed.

Mrs. Ollie P. Dunn, of Morton, Texas, well-known here, underwent major surgery in the Methodist Hospital at Lubbock recently, and is now recovering.

Lydia Ann and Barbara Lynn Herring of Corpus Christi are spending the weekend with their grandparents, Mrs. James Clark Herring and Mr. and Mrs. Roy Hinton.

TEXAS LAWMEN
Captain Jesse Lee Hall
Special Force
"Strong, just . . and fearless . ."

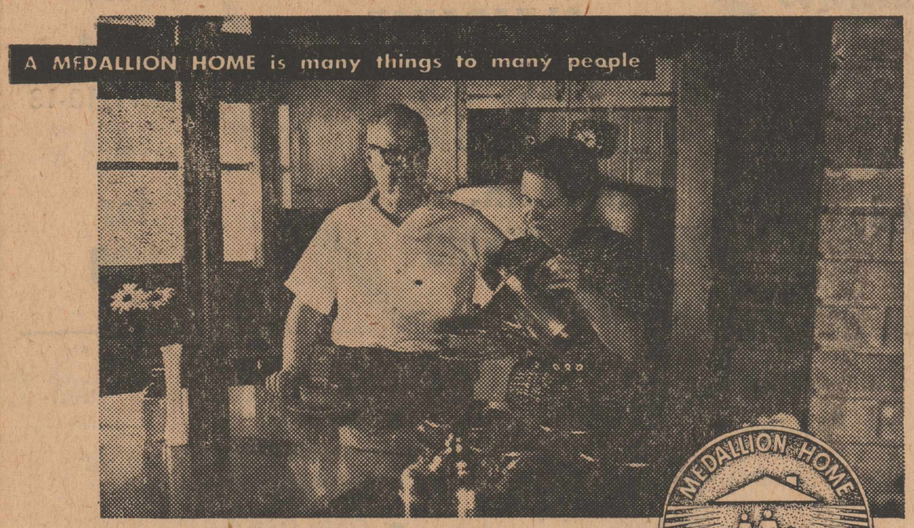

Texans in the late 1870's were not surprised when Captain Jesse Lee Hall, of the Ranger Special Force, handed over the notorious bandit, King Fisher. Nor when he broke up the destructive Sutton-Taylor Feud, and settled the hash of a lot of fence cutters. Most Texans already knew about Ranger Hall and a certain one-man clean-up operation. Only 27 years old, shortly after he joined the Force, Hall was placed on detached service . . meaning, as usual, one job, one Ranger. The job was Goliad, then a lawless stronghold of escaped convicts, outlaws and murderers. The situation called for strong treatment, which the lone Ranger evidently knew how to apply. The undesirable population got the word. Soon Goliad was once again quiet as a sleeping mouse. . . Later, after his Ranger days, Captain Hall distinguished himself as the leader of the famous Macabebe Scouts in the Philippine campaigns.

Just as we have always needed the fearless courage and integrity of our lawmen, so do we need industry and commerce. When an industry provides a whole community with payrolls and revenue, relaxation and the pleasure of moderation . . it "belongs." In Texas, "Beer Belongs." The United States Brewers Association is constantly working with brewers, wholesalers, retailers and local authorities to assure the sale of beer and ale under pleasant, orderly conditions.
