#### Cars Overtaken

Two Thousand Men, Women Engage In Attacks On Street Cars; Last One Is Captured and Burned

(By Associated Press)

NEW ORLEANS, July 5.—Historic Canal street was turned into a battleground today as striking street car men and their sympathizers fought it out with non-union workers and police.

The day's casualties were two men and hundreds of bruised, lacerated and injured from both sides in the brickbat, club and gun fights precipitated by attempts of the Orleans Public Service, Inc., to operate street cars.

Starting early today with the opening of the first street car on the Canal Street barn, mob rapidly rose until two thousand men and a few women were engaged in attacks on the street cars. The crowd captured the third last car to put out from the men, chased the non-union men, police guards off, tore the car pieces and burned it down to the stumps.

Overtaken Car Previously had overturned, burned a company motor car sent to rescue the street car and set on fire the street car and set on fire the street car.

Several hundred men then fought the burned trouble car, pushed a quarter mile to the general office of the public service and shot it into the air, smashing the ribs and creating panic among the men employees and customers. A riot squad drove them off and dragged the car to headquarters.

#### California Fire Is Under Control

Residents Rest From Fire Fighting After Another Attack Of Flames Made Improbable Friday

(By Associated Press)

MILL, July 5.—The latest flareup of the fire that three times has threatened this mountainside community with destruction was under control today and residents rested, ready to defend themselves against a possible but improbable new attack.

E. B. Gardner, chief fire warden, announced that provided the wind remains favorable, all danger is over. This indicated that fire-scarred Marian county has won its fight against the devastating whirling fire which has burned 130 homes with an estimated loss of more than \$1,250,000.

The new threat came late yesterday. A 25 mile wind whipped smoldering embers near the Cascade canyon. The fire within a few minutes was rushing down Cascade canyon, threatening scores of homes. More than 20 of the hundreds of fire fighters were burned or less seriously injured in controlling the outbreak.

Working quickly, hikers, sightseers and volunteers, directed by regular firemen, hurled tons of water-pumped from the Cascade reservoir by six engines, on the fire at seven points and within a few hours it was checked. Today crews are working to clear the area.

#### BABOON AT LARGE

Big Fluffy Headed Animal Sought By Zoo

DALLAS, July 5.—A big fluffy headed baboon that chases little boys and scares the celebration at the place of the negro picnics is at large in Dallas, Tex.

For several weeks the animal has been reported in the vicinity of the zoo here and has frightened many. Zoo keepers have sought the baboon, which the declare is not clearing the bobbers. They have expressed wonder at the place of the baboon.

#### Nine Lives Of Cat Are Saved

NEW YORK, July 5.—There are cats and cats, but the wholly plebeian Olaf, mascot of the liner Sud Americano, belongs the distinction of having had all of his lives saved at once, so to speak.

The Sud Americano was on its maiden voyage from New York and plowing her way through a high sea Tuesday when the lookout yelled:

"Cat overboard!" "It's Olaf!" quoth the captain. He was making 17 knots, he ordered her to stop. A life boat was lowered away with Chief Officer E. Anderson and 17 crewmen aboard. Through high waves they cruised about until Olaf, swimming for dear life, was hauled aboard.

Lubbockites Are Guests At Party In Hobbs Friday

Motorcade Headed By Tom A. White As Chairman Takes Year-Old Oil Town By Storm; Band Along

Lubbock and Carlsbad divided honors yesterday, with delegations and brass bands in attendance at the second day of the celebration held at New Hobbs, N. M. Both cities were well represented and the town was theirs from noon until the day was done.

Lubbock's delegation was headed by Tom White and departed in motorcade formation from the city hall early yesterday morning. Upon arrival, New Hobbs was paraded and the high school band, under direction of James W. Crowley, divided honors with the Carlsbad municipal band in concert.

Attendance yesterday was little more than 1,000, but on Thursday, the fourth, upwards of 4,000 people swarmed the little town from dozens of points in New Mexico and Texas. Order of the day was a free barbecue at noon, a rodeo and prize fight in the afternoon and a dance at night.

Hobbs was celebrating its first birthday.

#### Wirtz Measure Is Vetoed By Moody

AUSTIN, July 5.—Governor Moody today vetoed the Wirtz bill providing that the salary of the state tax commissioner shall be provided by legislative appropriation.

The tax commissioner's annual salary is \$2,500 and while the bill makes no mention of the statute fixing him remuneration, its effect would be to repeal, by implication, so much of the statute as fixed his compensation," the governor said.

"This bill is simply the forerunner of a move to increase the salary of this office. It seems to me that the present salary is adequate and that no occasion exists for this bill."

#### FLIERS ARE FETED

Formal Function Given For Franco and Comrades

MADRID, July 5.—Formal functions in honor of Major Franco, his three comrades and their British rescuers from the aircraft carrier Eagle ended today with a luncheon at the Royal Palace given by Queen Victoria.

All the British officers and all the Spanish airmen except Sergeant Pedro Madariaga, Major Franco's mechanic, were guests of honor.

Madariaga did not appear at the luncheon. No formal explanation was made, but it was understood that officials in charge of court functions had objected to violation of the rule that only members of the nobility or persons of high official rank should attend such affairs.

#### Thirty-Six Bottles Of Milk Being Delivered To Needy Families Daily

THIRTY-SIX bottles of milk are daily being delivered to the sick and needy of Lubbock, according to a report last night from Mrs. W. T. Milam, chairman of the Avalanche-Journal and Federated Aid societies milk and ice fund.

Mrs. Milam said that Friday 36 bottles were delivered and that there were four families who were neglected because the committee did not have enough. These, however, will be provided for, since

#### Untin Bowler Is Believed Forced Down By Weather

Wireless Operators Pick Up Faint Messages From Plane Enroute To Berlin From Chicago On Friday

#### Landing Indicated

Poor Visibility Causes Plane To Land At Rupert House Thursday On Hop From Remi; Is Half Way

(By Associated Press)

OTTAWA, Ont., July 5.—Bad weather was believed to have forced down at Great Whale today the giant amphibian plane "Untin" Bowler, enroute to Berlin from Chicago.

Canadian government wireless operators at Port Burwell, on the Hudson Straits, picked up a message from the plane which indicated that the ship was landing. The message barely was decipherable.

Great Whale is 250 miles north of Rupert House, where the plane is believed to have landed yesterday in its flight from Lake Remi. Poor visibility, messages indicated, forced the "Untin" Bowler down at Rupert House, trading post on the northwest outlet of James Bay half way between Lake Remi and Great Whale.

9:00 In Air. The plane was in the air this morning. It was made certain by government wireless operators who received loud signals from the amphibian's radio set. These were received, the operators believe, while the plane was enroute to Great Whale.

From Great Whale the "Untin" Bowler's route is mapped across the wilds of Northern Canada to Greenham, via Point Chelidier, on the northernmost point of Labrador. Rain and fog were reported in this region.

Along the middle section of the southern coast of the straits, however, visibility was 30 miles.

No further message is expected from the "Untin" Bowler until tomorrow. The plane, owned by the Chicago Tribune, is piloted by Parker Cramer and Bob East. Robert Woods, aviation editor of the Chicago Tribune, is a passenger.

#### Farmer Dies From Wounds In Battle

Oscar Lowery Is Second Victim Of Prohibition Agent's Gun; Charges Of Murder To Face Officer

(By Associated Press)

TECUMSEH, Okla., July 5.—Oscar Lowery, farmer of near Tecumseh, died late today from wounds received in a gun battle yesterday with Jeff B. Harris, federal prohibition enforcement agent, on a liquor search. James Harris, Lowery's brother-in-law, died last night from wounds suffered in the fight.

While prohibition commissioner Doran in Washington and Bee De Monbrun, prohibition director for Oklahoma, denied that Jeff Harris was a regularly employed federal agent, it was said by H. K. Hyde, assistant United States district attorney at Oklahoma City, that Harris, Tom Little and Jack Williams, also with Thompson, had been deputized by the officers. The shooting occurred at James Harris' farm home near Tecumseh.

Other Charges Likely. Randall Pitman, Pottawatomie county attorney, said late today that Lowery's death would bring additional charges of murder against Jeff Harris, who admitted shooting both farmers. Previously, murder charges had been filed against Harris, Thomas, Little and Williams in connection with James Harris' death.

The two farmers were wounded

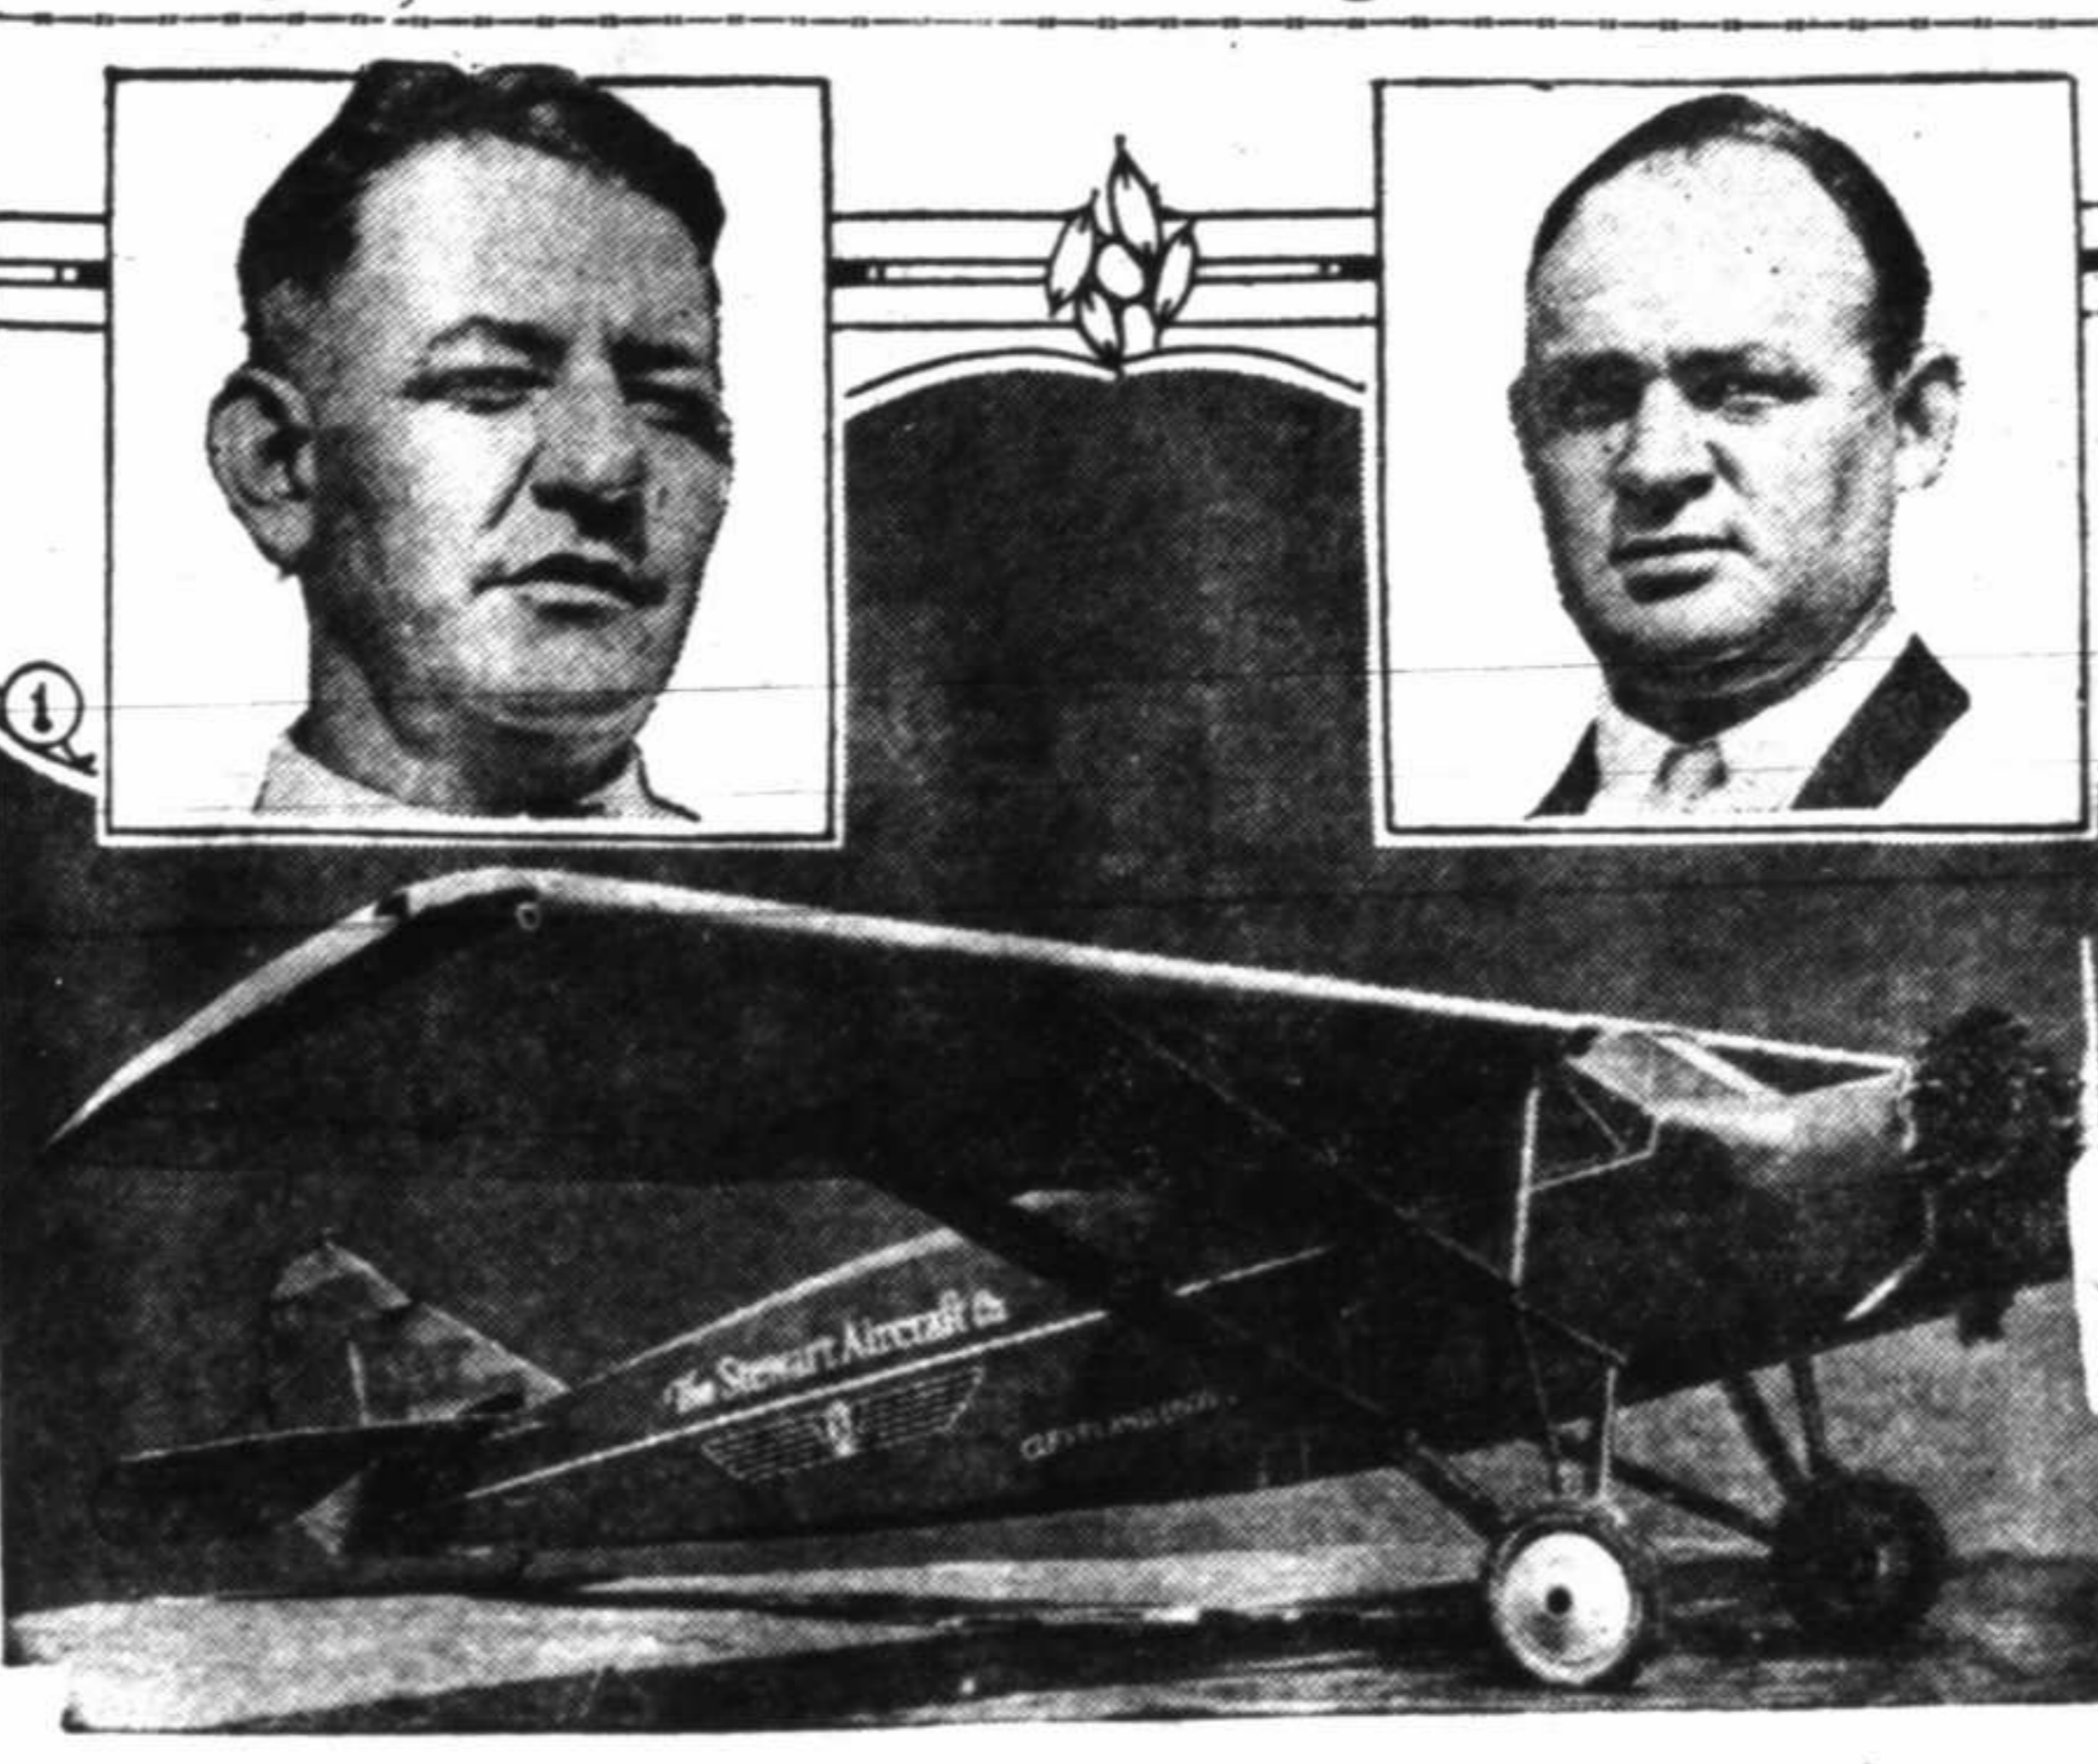

#### Slender Fifteen-Year-Old Youth Is Riding Horse Toward Washington

MARILLO, July 5.—A slender brown-eyed boy of 15 rode out of the Radio arena here today on the first lap of a 1,700-mile trip to Washington, D. C.

Dressed in the traditional bright shirt and neckerchief of the cowboy, Boyd Jones, Amarillo's "pony express" rider of 1928, bore in the holster pocket of his chaps invitations to President and Mrs. Herbert Hoover to attend the Tri-State fair here this fall.

#### Lubbock Youth Is Sentenced By Jury

Vernon Hill, 15-year-old Lubbock youth, and son of Mrs. Willie Hill, living on Avenue F, Friday was sentenced to six months in the state reformatory at Gatesville by a jury in the county court before Judge Robert H. Bean.

Hill was charged with theft in connection with the disappearance of two automobile tires and tubes, several gallons of gasoline and a quantity of oil from the premises of A. M. Kruger, about two weeks ago. The boy entered a plea of not guilty, stating that he was with another boy who did the stealing but that he did not know it at the time.

He had recently been arraigned before Judge Bean on another charge of theft in connection with the stealing of a bicycle. This time he was turned loose on condition that he would promise to stay at home nights, go to work and conduct himself as a young gentleman.

#### Stultz Reported Intoxicated When He Fell To Death

(By Associated Press)

MINNEOLA, N. Y., July 5.—Nassau county authorities reported today that Wilmer "Bull" Stultz, trans-Atlantic pilot, was intoxicated when he took off on the stunt flight in which he and two passengers fell to death at Roosevelt Field Monday.

The announcement, based on a report of Dr. Alexander O. Coettler, New York City toxicologist, who analyzed the airman's organs, was made public before the officials declared their intentions of "cleaning out" speakases near "Long Is-

#### Baliffs Subdue Crowds As Heart Balm Suit Closes

Riot Threatened In Court Room As Scandal-Hungry Mob Batters At Doors; Miss Livingston On Stand

CHICAGO, July 5.—Extra court bailiffs were called today to subdue an excited crowd as evidence in the trial of Ann Livingston's \$25,000 breach of promise suit against Franklin Harding, aged white haired manufacturer, came to an end.

The crowd, its appetite whetted by testimony presented during the past two days battered at the doors of the court room on opening of the afternoon session and for several moments threatened a riot. Hundreds of disappointed persons still were waiting in the halls, hoping for a glimpse of the proceedings when the last witness left the stand.

Witness Refuted. Miss Livingston went back on the stand to elaborate on her denial of testimony given by Mrs. Victor C. Heath of Omaha Wednesday. Mrs. Heath had attacked the plaintiff's girlhood reputation. Miss Livingston denied ever seeing her.

She also denied the testimony of Mrs. James Beyer of Tulsa, her former landlady, who testified that Miss Livingston said she intended to marry Harding's divorcee him and

#### Woman Narrowly Escapes Injuries

Stripping the top, windshield and steering wheel from her car, a Lubbock woman Friday escaped unhurt when she drove into a projecting load of lumber on a truck stopped near the corner of 8th street and Avenue F.

The truck was loaded with heavy lumber which stuck out over the side and into the street. The woman, driving a light roadster, struck the end of the boards which hit her windshield first. This was completely carried away, the steering wheel came next and nothing but the spokes were left while the top also was ripped off. She stated that just before she hit the obstruction she ducked her head, probably avoiding serious injuries to herself.

#### NEGRO ACTOR SUED

LOS ANGELES, July 5.—Stepin Fetchit, negro film comedian, known in private life as Lincoln E. Perry, today was named defendant in a suit for breach of promise filed by Yvonne Butler, 17, in which the girl asked \$100,000 damage.

Fetchit was married June 27 to Dorothy Stevenson.

#### Refueling Flight Mark Established By Texans Is Shattered Early Today; Weary Fliers Land After 174 Hours

Roy Mitchell and Byron K. Newcomb Pass Time Limit At 12:10 O'Clock This Morning

Oil Stock Sold. TULSA, July 5.—R. A. Josey, of Tulsa, today announced he had sold his stock in the Josey Oil company to the Texas Corporation. The consideration was not divulged. Josey announced he would remain in the industry as an independent.

Start Croquet Contest. GALVESTON, July 5.—G. C. Hart, barber, and Luther Rose, tailor of Rule, Texas, are ready to begin their croquet ball marathon from the beach here to New York City, and the take-off has been set for tomorrow morning. They will be accompanied by Frank Walton, another Rule tailor, sponsoring the long distance croquet game, who will carry supplies for the men in an automobile.

Picketing Restrained. LONGVIEW, July 5.—A permanent injunction to restrain members of the moving picture operators union from picketing a theater here was sought today by East Texas Theaters, Inc., owners of a house here.

Three operators were alleged to have failed to report for duty June 1 without giving notice. Violation of contract was claimed. The theater manager claimed the service was unsatisfactory.

Case Considered. PAINTSVILLE, Ky., July 5.—The case of Carl Newton Mahan today went before a new tribunal which promises to consider only the best interests of the six year old slaver in determining what shall be done with him.

Mrs. Emma Hunt director of the Kentucky children's bureau received from County Judge John W. Butcher papers paroling Carl to the bureau. It was decided that the boy, his parents and his counsel will attend a hearing before the bureau's board of directors at Frankfort next week.

Exploitation Ordered. MEXICO CITY, July 5.—The anti-revolutionist party convention in its final session today voted a plank to organize private exploitation of Mexican petroleum reserves subject to government supervision and to reserve for national exploitation sources of electrical power, to prevent them from falling into the hands of foreigners.

A plank for continuation of lay instruction in schools as against instruction by priests also was approved.

Hailstorms Fatal. MUNICH, Germany, July 5.—Reports of deaths and extensive damage caused by a hailstorm which at times reached tomato force last night are arriving from all parts of South Germany and adjoining regions in Austria and Czechoslovakia.

At Aldorf, near Nuremberg, two persons were killed and forty injured, while several thousand panes of glass were smashed. Two persons were drowned in Chiemsee lake.

Order Records Kept. AUSTIN, July 5.—A warning to record dealers to keep a record of sales of poisons destructive of human life was sounded today by the food and drug bureau of the state department of health.

Owing to the small number of inspectors employed by the department, attention of many dealers has not been called to the law. Dr. J. H. Anderson, state health officer, said. The increasing number of suicides and murders through poison has moved the department to try to enforce the registration act more stringently, he said.

Lindy In Arizona. WINSLOW, Ariz., July 5.—Col. Charles A. Lindbergh with Mrs. Lindbergh landed here at 3 p. m. coming from Clovis, N. M. The colonel arrived an hour later than expected. He explained he wished to show his bride the painted desert and had detoured from the regular air route in order to do so.

General Visits Graves. MEXICO CITY, July 5.—Special dispatches from Vera Cruz today said that Gen. Augustino Sando, leader of Nicaraguan rebels, who fought United States marines, visited the tombs of the Mexicans who died fighting the American occupying forces in 1914. The visit was made on the Fourth of July and Sando placed flowers on each grave.

## Clothes-Conscious Sport Stars Play In Real Style

A WHITE-DOTTED FOULARD THAT PATOU MADE FOR HELEN WILLS FEATURES THE HIGHER WAISTLINE . . . HER SMART HOPSACK TUNIC LEUR HAS A SEMI-FITTED COAT WITH SLANTING FACINGS

By ROSETTE  
Written for NEA Service PARIS, July 3.—Famous sports-women in general, were supposed not to know or even to worry much about clothes. This may have been true years ago, but nowadays you will find the champion tennis or golf player fastidiously dressed, both in action as well as in everyday life. Two-Type Wardrobe  
When Helen Wills arrives in Paris one of her first visits is to the couturier. She has very decided opinions about clothes, besides an excellent taste for what suits her type and personality. Her wardrobe is divided into two very distinct categories—sports clothes and feminine, wearable ensembles. For her sports dresses, she refuses to consider anything but the plainest of styles. In this she is in complete accord with Jean Patou who, by the way, makes most of Miss Wills' dresses. Freedom of movement and nothing but an inconspicuous monogram as trimming characterize her tennis dresses. Likes Black and White  
Her other clothes are always chosen from "jeunes femmes" styles rather than those of the "jeune filles." This year black and white seems to have attracted her before anything else and two ensembles in black made for her feature the popular small polka dot in black on white and white on black. Feminine touches in the shape of ruffled collars and cuffs are not disdained by Helen Wills as she is fully aware of their softening and becoming qualities. Patou also created her presentation gown when she attended the Court of Saint James a short while back. In this instance too she carried out in aims in order to show off the perfection of its cut and lines. Although more mature-looking than many a debutante's gown, its sobriety set off Helen Wills' personality to great advantage. According to Jean Patou, Helen Wills has the faculty of imparting an air of youthfulness and unpretentiousness to all the clothes she selects, regardless of the fact that her choice lies in the direction of those styles designed for the young matron rather than for the young girl.

## How to Achieve Beauty

Recently on the Rue du Faubourg, St. Honoré, in Paris, I met a friend whom I had not seen for years. She was rushing along wildly as if she had not a moment to lose. Her hair was straggling out in tiny wisps from under her hat, her powder was caked on the sides of her nose while the tip of her nose was shiny. Her lipstick seemed to have slipped to one side for there was a little smear at one corner of her mouth on the chin. Altogether she looked like a woman who had not seen a mirror for some hours and who gave little thought to her appearance. Actually she is a wealthy woman with plenty of leisure and a great deal of regard for all the amenities of life, chief among them the item of beauty care. She explained that she was late for an appointment and that she had been hurrying all morning to make up time. We chatted for a moment and I persuaded her that she needed a few moments of relaxation and a quick beauty treatment. When I saw her later that evening she had resumed again the role of a well-groomed, perfectly poised and dainty person. But the thought remained with me for some time that it is really unnecessary for a woman ever to appear as she had that morning. Such a few moments, such a very little care will prevent an untidy appearance. The busiest and poorest of little working girls on the streets of a large city is scarcely ever seen without her nose carefully powdered and her hair and lipstick neatly adjusted. During the day any woman, whether she be a busy housewife or business person, can find a few moments to cleanse and refresh her hands and face and "tidy up" her personal appearance. The business woman can keep a few toilet necessities in her office desk—a jar of cleansing cream, a comb, a box of powder. The housewife can keep the same items on a kitchen shelf or in a pantry drawer. And before luncheon, or during the morning before a hasty "appointment," she can quickly refresh and replenish her good looks.

The First Methodist Women's Missionary society is having a food sale Saturday at the American Furniture and shoppers in this city Friday.

**GUARANTEED Ford used cars**  
**Ford dealers' selling prices on USED CARS are low**  
WHY not get a used car for the second car your family has been needing? Most of the cars we have accepted for trade-in on new Fords have a generous number of miles left in them—miles of unused transportation at a price you can easily afford.  
You'll find our used-car prices low because there is no "price padding" to make up for high trade-in allowances. The price of the Model A Ford is so low, and the value so high, that excessive trade-in concessions are impossible. That, and our reputation for fair-dealing which we value so highly, protect you when you buy a used car from us.  
When we offer a Model T Ford for resale it has been thoroughly reconditioned. New parts wherever needed; everything properly tightened and adjusted—and with it goes a guarantee. We have a number of these reconditioned Fords now. Also several cars of other makes, priced according to the unused transportation they offer. Let us prove our prices. ## Helen Jacobs Is Beaten By Poker Face In Finals

Queen Helen Defeats Fellow Countrywoman In First All American Final In Women's Singles

WIMBLEDON, Eng. July 5 (AP)—Conquering Miss Helen Jacobs 6-1, 6-2, in Wimbledon's first all American final in women's singles, Miss Helen Wills won her third straight British championship on the famous Center court today.

These two American girls live in the same California city. They met in a title match no more exciting or doubtful than if it had been played on a club court in Berkeley.

It was Miss Wills' match all the way after the opening game which Miss Jacobs took on her strong service.

Although defeat was inevitable, Miss Jacobs never gave up. With set point against her, she fought off the decisive stroke half a dozen times in the opening session and she also carried the final game of the match to deuce twice.

Not content with her one-sided success in singles, Miss Wills took the court with Frank Hunter and reached the final in mixed doubles by a victory 6-8, 6-2, 6-3, over Miss "Bobbie" Heine and N. G. Farquharson, a South African combination.

The all-French singles final between Henri Cochet and Jean Borotra is down for settlement tomorrow, while the Anglo-American battle for the doubles championship between Gregory and I. G. Collins and Wilmer Allison of Texas and John Van Ryn promises to be a feature match with interest high.

Not content with her one-sided success in singles, Miss Wills took the court with Frank Hunter and reached the final in mixed doubles by a victory 6-8, 6-2, 6-3, over Miss "Bobbie" Heine and N. G. Farquharson, a South African combination.

## Fields Gets Big Shot July 25

Detroit will see its first 15-round championship bout when Dundee and Fields meet July 25 for the welterweight crown.

By GLENN ALLAN  
Associated Press Sports Writer

DETROIT, July 5 (AP)—A presidential candidate with 26 states in his pocket might be permitted a tony strut, but not Jackie Fields, Los Angeles welterweight and champion of his class within the boundaries of the 26 states which make up the National Boxing association.

To so traveled a young man as Fields this condition of being a champion on one side of a river and just another fighter over the water is, to say the least, equivocal. And because the matter cannot be settled by arbitration, he and Joe Dundee, non-fighting champion for these two years past, will endeavor to reach a satisfactory conclusion here July 25.

The issue will be at 15 rounds, the first extended combat permitted by Michigan's new fight law which makes this exception in the event of a championship contest. For the occasion Promoter Floyd Fitzsimmons has constructed an outdoor arena seating 32,000. The arena is designed with the view of affording the faithful a view of the ring from all seats of the enclosure, something said to be quite novel in the history of prize fighting.

Both of the fighters will come to the wars well primed for combat. Fields by reason of eight victories since October, four of them knockouts, and Dundee recognized as a valiant slugger with or without preliminary encounters.

Fields rose through the welterweight division has been startling. He has fought 35 times and won 29 fights, 11 of them by horizontal decisions. He put the skids under Sergeant Sammy Baker in two rounds last October and has had a fight a month since.

Dundee was not concerned himself with fighting since the laurel wreath descended on his brow two years ago. But he is not being overlooked in the forthcoming event. He was the boxer to put the husky Mickey Walker to sleep after Mickey won his championship and he beat Lazo for the title at a time when the was guy was screaming with rage because nobody wanted their 3 to 1 odds against this Dundee.

Both of the fighters have set up training camps sufficiently near the paved roads to attract the customers who like their information first hand and are willing to pay for the privilege of seeing a brace of sparring partners suffer in silence.

Out at his arena, Mr. Fitzsimmons' broods in splendor, confident that 32,000 lovers of nature will appear to sit in his 32,000 shiny new seats.

## Ladies Free Ban Upheld By Board

League Prexy's Ruling That Los Angeles Club Cannot Admit Fannettes Free Is Upheld

LOS ANGELES, July 5 (AP)—Harry A. Williams, president of the Pacific Coast baseball league, was notified today that the National Board of Arbitration for baseball has upheld his decision on the ladies free admission controversy.

The "free admission to women every day" policy of the Los Angeles club started the trouble, which has had the league in disension since the first of the year.

Williams ruled that under the constitution no club could admit women free on its home grounds without an accounting to visiting teams, except on Wednesdays, Thursdays, and Fridays. President J. H. Patrick, of the Los Angeles club, carrying out instructions of William Wrigley, owner, has permitted women to view all games played by the local team at Wrigley Field, free of charge. Patrick maintained it was the prerogative of the Los Angeles club to charge or not to charge the fannettes as it pleased.

Decision of the arbitration board, highest authority in baseball, was contained in a telegram from Secretary J. H. Farrell of Albany, N. Y.

William Wrigley, jr., owner with J. H. Patrick of the Los Angeles baseball club, and co-insignor of the ladies free controversy, said the ruling "is a joke" and "we are a part of the joke system and will abide by the decision."

## Fine Withheld On Nebraska Battler

SAN FRANCISCO, July 5 (AP)—An order temporarily restraining the state athletic commission from disposing of \$13,000, the fine imposed on Ace Hudkins, Nebraska middleweight fighter, was issued today by Superior Judge E. F. Shortall.

The commission was summoned to show cause on July 12, why the order should not be made permanent. Purposes of Hudkins and Charley Belanger, Canadian light heavyweight, were held up after their ten round fight here June 28, because they "didn't fight."

Mr. and Mrs. N. H. McFarland and sons, Louis, Fred and Hugh, have returned from a holiday visit to Ellensburg.

## Chicago Prexy Will Back Wilson To Limit In Case Of Attack On Kolp In Thursday Game In Chicago With Reds

"Any Man Would Have Done Same," Says President Veck; Kolp Called Hack Vile Names, Charge

CHICAGO, July 5 (AP)—Hack Wilson, Cub outfielder, was justified in attacking Ray Kolp of the Cincinnati Reds during yesterday afternoon's baseball game and the Cubs will back him to the limit, President William L. Veck said tonight.

"We caution our players against unwarily tactics on the playing field, but in Wilson's case, it was an exception," Veck said. "Kolp called him vile names and Hack just couldn't stand them. He jumped off the field and went into the Cincinnati dugout to stop it. Any man would have done the same thing."

"Wilson, like the rest of the baseball players, takes plenty of insults but there is a limit to what any human being must or can endure. We are back of him and intend to fight his case to the limit if necessary. He is a gentleman and a conscientious baseball player and has enough red blood in him to resist vile insults such as Kolp hurled at him yesterday."

DALLAS, July 5 (AP)—The Fort Worth Panthers played a good brand of baseball here today to wallop the Dallas Steers, 7 to 3. Bischoff of Dallas slammed out a homer, and E. Moore, Fort Worth, was the day's leading batsman with three hits in four times up.

**Hardware Dealers and Auto-Barbers Engaged in Seven Innings of Listless Baseball Friday Evening in a Regular Scheduled Game that the Hardwaremen Captured by a 7 to 3 Count.**

Manager Chisum and Terry agreed before game time that the game for the championship of the first half of the City League will be played next Monday. Yesterday's fare was the first game on the second half schedule.

Efforts are being made to hold the Santa Fe nine in the league in order that the season may be finished. Since financial difficulties was the cause for the withdrawal of the railroaders, the loop officials may be forced to charge a small gate for the remainder of the season in order that expenses may be met.

State witnesses were O. G. Smith, Fouke; G. G. Billingsley, and L. E. Burns, range riders. They were reciting some cattle from dipping vats to pasturage near here when Person approached them. An argument followed, and an attempt was made to arrest Person, they said. The shooting followed.

**Cotton Generally Lower On Market In Friday Session**

NEW YORK, July 5.—(AP)—Cotton was generally lower today under realizing or liquidation which appeared to be coupled with some southern and local selling. The latter probably was influenced by some of the larger private acreage figures but offerings were not heavy and after selling off to 18.23 or 11 points net lower, October contracts rallied partially, closing at 18.30. The general market closed barely steady at net decline of 2 to 13 points. The market opened steady at an advance of 3 points to a decline of 1 point. A private report placing the condition of the crop at 741 and the indicated increase in acreage at 5.5 per cent, accounted for some of the selling. Private cables said there had been covering with London, Continental and Bombay buying in Liverpool over the holiday here. Influenced by rain news from the south and local complaints, Port receipts today 1,941. U. S. port stocks 730,745. Exports today 9,764, making 8,932,120 to date this season.

**Profit Taking Is Feature Of Stock Market On Friday**

Bullish Operations Are Continued In Several Sections Of List When Score Are Sent High  
 BY CLAUDE A. JAGGER  
 Associated Press Financial Writer  
 NEW YORK, July 5. (AP)—The stock market encountered heavy profit taking today, but bullish operations were continued in several sections of the list, and more than a score of issues again were sent into new high territory. Trading fell off somewhat from that of the preceding sessions this week, as many traders extended the Independence day holiday to include the week-end. The day's transactions fell below 4,000,000 shares for the first full session since last Friday. The Associated Press price indices of 50 leading industrials and

**Cotton Prices In Friday Mart Work Below Early Rise**

NEW ORLEANS, July 5. (AP)—Failure of the weather map to conform with early rain reports and bearish private crop reports today caused cotton prices to work nearly \$1 a bale below an early advance. The initial improvement, due to the rain reports and relatively steady cables, closed October up to 18.30 but the option traded off to 18.11 and closed at 18.19 or 2 points net lower. The general market closed steady at net decline of 2 to 3 points. Liverpool cables were 3 to 5 points better than due and as the English market scored a good advance over the holiday here yesterday, first trades showed gains of 7 to 9 points. **Lows Made Late.** The lows of the day were made in late trading when October sold at 18.11 and December 18.31, or 18 to 19 points below the early highs. There was some covering at the end and final prices showed recoveries of 7 to 8 points from the lows. Receipts 7,790; for week 17,694.

**Farmer Is Held In Death Of Officer**

S. B. Scroggins Is Wanted At Clarendon On Murder Charges In Connection With Watchman Slaying  
 ALTUS, Okla., July 5.—(AP)—S. B. Scroggins, farmer of near Olustee, Okla., was arrested today and held in the Jackson county jail here for officers at Clarendon, Texas, who wanted him on a charge of murder. Sam Banks, sheriff, and Luther Bush, deputy sheriff, made the arrest after receiving a telegram from N. W. Mosley, sheriff at Clarendon. The telegram did not state with whom murder scroggins was charged, but local officers said he would be questioned concerning the death two years ago of John Slaughter, night watchman at Clarendon. Scroggins denied any connection with Slaughter's death, in talking to Bush. The arrest followed a statement of a negro, giving his name as Walter Scott, to Wichita Falls officers yesterday that he had refused an offer of \$100 from his employer to kill Slaughter a few weeks before the watchman was slain. It was not known whether Scott worked for Scroggins at the time. Clarendon citizens raised a fund of \$2,000 as a reward for the capture and conviction of Slaughter's slayer, after the watchman's bullet riddled body was found in March, 1927. The University of Tulsa seeks \$1,550,000 for expansion.

**Natural Absence Of Business Seen**

NEW YORK, July 5. (AP)—Dun's review tomorrow will say. There has been a natural absence of new and significant phases in general business at the turn of the half year, but distinguishing features have appeared in financial circles. Extending its recent trend, the stock market has developed greater activity and buoyancy, the movement being the more impressive because of the prevailing high rates for call money. The latter condition reflected to heavy July settlements, and a 15 per cent quotation again disclosed the unusual aspects of the present credit situation. Offsetting that restraint, several factors, including discussion of possible tax reduction, have been a constructive effect, while current reports have emphasized the strong position of some of the major industries. More unrest among labor has been witnessed this year and a threatened strike in the garment trades has materialized, yet no serious and widespread curtailment of public purchasing power is indicated by the turnover in the retail field, which has responded in a satisfactory way to a period of sustained warm weather. Weekly bank clearings \$13,239,514,000, an increase of 14.7 per cent over a year ago.

**Wheat Prospects Are Cut In Half**

CHICAGO, July 5.—(AP)—Reports that 1929 spring wheat prospects both for Canada and the United States have been cut in half sent wheat prices soaring anew today. A foremost crop authority was quoted to the effect that drought conditions over the greater part of spring wheat territory now are the worst on record, and that thousands of square miles have not received in a month enough moisture to lay the dust. With buying on a big scale, Chicago quotations on wheat closed strong, 2 7/8c to 3 3/8c a bushel higher for the day, corn 2c to 3 1/8c up; oats 1 7/8c to 2 1/2c advanced, and provisions varying from 5c decline to a rise of 7 cents. Intense heat and high winds, have added severely to previous ill results of prolonged drought in the spring belt north as well as south of the Canadian boundary, according to comprehensive advices current here today. Corn and oats prices jumped up with wheat. December corn and December oats outdid the season's previous top record quotations. Provisions were firmer, influenced by strength shown in grain and in hog values.

**Cattle Sales In City Are Active**

Approximately \$75,000 has been the aggregate value of cattle sales recently made in Lubbock, according to Lem Chesher, Texas and Southwestern Cattle Raisers' association inspector. Arrest and Beal, of this city, sold 300 yearlings to W. D. Price, Pampa at \$60, the sale totalling \$18,000. Boyd and Elkin purchased 1,500 cows and calves from Mrs. Carrie Slaughter estate, Dallas. They also leased the ranch in Cochran county for a period of five years. Jot Smyth sold 800 yearlings to Bertie Mitchell, of Marfa. McClellan & Ellwood sold 175 cows to W. D. Nevels at Taboka. According to Mr. Chesher, the average price of cattle in this section are: Steer calves, \$43 to \$50; heifer calves, \$35 to \$45; two and three-year-old heifers, \$70 to \$85; dry cows, \$65 to \$80; cows with calves, \$85 to \$100; yearling steers, \$55.00 to \$80; two, \$70 to \$80; three and up, \$80 to \$95.

**Permits Near Two And Half Million**

Two building permits issued Friday totalling only \$425 failed to bring Lubbock's yearly valuation up to the two and one-half million mark, though the total now stands within easy striking distance at \$2,497,566. The month's figures are \$24,525, representing six permits. H. A. McDaniel was issued a permit for the moving of a frame house to 402 4th Street at a cost of \$125. D. E. Meredith is contractor for another permit was granted R. W. Bowery for the erection of a tabernacle at the corner of 19th Street and Avenue L at a cost of \$300. L. S. Fletcher is contractor.

**June Moisture Is Less Than Normal**

While the total precipitation in Lubbock fell 1.73 inches below normal for the month of June, the total for the year to date in 2.25 inches above the average, according to the monthly report of D. L. Jones, superintendent of the Texas agricultural experiment station, three miles east of the city. Mean temperature for the month was 78.02, this being 2.84 degrees above average. Maximum temperature was 103 degrees, while the minimum was 53. Total wind run was 5,860, and the normal is 5,999.5. There were 17 clear days, 9 partly cloudy days and 4 cloudy days. Eighty-five miles of telephone wire are required for a modern 12-story office building.

On the Firing Line at the Nation's Capital

VARE'S SUCCESSOR IN CONGRESS RUMORED AS SLATED FOR SENATE BY CHARLES F. STEWART Central Press Staff Writer

WASHINGTON, July 5.—According to political form no law of Nature is one whit more inevitable than that Representative James M. Beck of Pennsylvania must be an ultra-regular extra-ultra Republican.

It can be proved conclusively by all the circumstances which put him in congress from the first Pennsylvania district. Granting, however, for the sake of argument, the possibility of the merest symptom of independence on his part, two and two make four no more surely than it would cost him his political life instantly.

These occasions are not infrequent, either. The regulars often find and constitute a nuisance. When they do, the urge is strong on them to get around it somehow. Representative Beck, one of the greatest constitutional lawyers in the country, always knows it.

He always raises a row, too—in a strictly decorous, lawyerlike way, but vigorously and mightily convincingly. He not only speaks his mind; he votes accordingly.

The only conceivable explanation is that the Pennsylvania representative's passion for constitutionality transcends his regard for regularity.

Thus far the story, though strange, is credible. Belief begins to sag at the suggestion that the organization, instead of adopting measures to harpoon the recalcitrant Pennsylvanian actually plans to promote him.

Beck was solicitor general in the justice department during the Harding administration and part of President Coolidge's.

Beck's job is less showy than the attorney general's but about as important. Beck was a wonder in it. He resigned, perhaps, because he was tired of doing most of the work while somebody else got most of the credit.

Soon afterward William S. Vare was elected from Pennsylvania to the senate seat which the senate has balked so long on letting him occupy. Beck prepared a legal opinion denouncing why, under the constitution, Vare was entitled to it.

It did Vare no good, but it pleased him so much that he resolved to confer on Beck the place in the house of representatives which he (Vare) had abandoned to run for the senate.

It virtually was an appointment—Vare's Philadelphia dictatorship being so absolute. True, Beck's residence there was questioned; but he convinced the representatives, who seated him—naturally regarding him as a regular of regulars.

Why wouldn't they?—the choice of the super-regular William S. Vare, to represent the most regular district in the most regular state in the union!

It other respects it was quite a change. Vare was an admitted roughneck who had risen from the Philadelphia street cleaning department. No man in America has a fanner education than Representative Beck—an LL. D. the wearer of half a dozen foreign orders and a member of dozens of learned, artistic and literary societies the world over—an aristocrat—an author.

But nobody questioned his regularity for a minute. Away back in his days as solicitor general, Beck made a speech which sounded rather revolutionary. He said we have entirely too many laws. Still, that was not so bad. The National Association of Manufacturers says the same thing—employers fall foul of some law every time they want to do anything.

But more recently, as congressman the Pennsylvania made a more startling speech. He complained of the American government's increasing tendency toward centralization. He declared it unconstitutional—even compared the constitution with the Parthenon—"beautiful still, in its ruins." He went so far as to broadcast a warning that America may break up into several countries unless states' rights are better respected.

Now it's whispered that Vare, broken in health, intends to give up his long senate fight soon and that he aims to have Beck appointed to succeed him. Miracles are not impossible, if that can happen.

It will be still more of a miracle if Beck can win the election which must shortly follow his appointment. He's smarter than chain lightning, but a haughty man—no politician would guess him a good campaigner.

Several new airports are being planned for the national capital. With a number of tempting choices beneath them, descending aviators will have a hard time making up their minds.

Today's Poem

JUNE When the bubble moon is young Down the sources of the breeze, Like a yellow lantern hung In the tops of blackened trees, There is promise she will grow Into beauty unforetold, Into all unthought-of gold. Heigh ho!

When the Spring has dipped her foot, Like a bather, in the air, And the ripples warm the root Till the little flowers dare, There is promise she will grow Sweeter than the Springs of old, Fairer than ever was told. Heigh ho!

But the moon of middle night, Risen in the rounded moon, And the Spring of budding light, Eddies into just a June. Ah, the promise—was it gold? Nay, the gift was fairy good; All the new is over-odd. Heigh ho! —Harrison S. Morris

Canyon Rotarians Hear Prof. Wesley

(Special To The Avalanche) CANYON, July 5.—The Canyon Rotary club learned about humor from Professor C. Wesley Batchelder of the public speaking department of the West Texas State Teachers college at its weekly luncheon Tuesday.

Declaring that before a person can properly appreciate humor he must learn to originate some of it, Prof. Batchelder indicated how perfectly commonplace things can be associated for purposes of amusement.

A good listener is necessary to the humorist, he said. It always is bad form and most irritating to the joke teller to be stopped at the end of the first line to be told that "I've heard that one." The etiquette of humor demands that we listen docilely even if we have heard the story innumerable times, he said.

Department Stores To Locate Here September 15

Grisom-Robison Stores, Inc., Lease Rix Furniture Company's Store For Period of Ten Years

Confident in the growth of Lubbock to a city of 50,000 within a few years, the Grisom-Robison Stores, Inc., has leased the Rix Furniture company's store building for a period of ten years and will establish a modern metropolitan department store, according to an announcement made last night by E. H. Robertson of Abilene, one of the members of the firm.

Consideration was said to be \$100,000.

The new store will be open for business on September 15. Mr. Robertson said.

Ed A. Rix, of the Rix Furniture company, stated shortly after the announcement that the change would in no way affect the company as a new building will be built shortly.

The new department store will be known as the Carter-Houston store, Ellis Carter of Plainview being associated in the company. Other members of the firm are J. E. and Hardy Grisom, of Abilene.

The store is a unit of a 24-store chain, the Joyce-Fruit store of Rowell, N. M., the Carter-Houston store of Plainview and others of this section being members of the organization.

The Rix building will be given a complete remodeling, Mr. Robertson said, modern department store fixtures being installed. All of the store will be on the main floor, the balcony being removed.

"We are to offer only the finest of merchandise in all lines to the buying public of Lubbock and the South Plains," Mr. Robertson declared.

Announcement will be made on the selection of the local manager in the near future.

The original glass-blowing shed in Parsippany, N. J., in which Thomas A. Edison perfected his carbon filament electric lamp, has been presented to Henry Ford for his Edison Museum at Dearborn, Mich., by the General Electric company. Here you see the transfer of the historic old frame building, which will be moved to Dearborn. George C. Osborn, right, official of the Edison Lamp Works, is turning over the keys and papers to Henry Ford as Edison center, looks on.

Hoover And Party At Fishing Camp

MADISON, Va., July 5. (AP)—President and Mrs. Hoover, accompanied by their son, Herbert Jr., and four guests, arrived at the chief executive's fishing camp in the Blue Ridge mountains near here tonight after driving nearly the entire distance from the White House in a hard rain.

California Fire

began "mopping up" by beating out embers and extinguishing burning stumps.

Small Fires Remain Aside from the fire near here only minor brush and grass fires remained to be mopped up in California.

According to reports the boys are making excellent progress in scout work and enjoying life out of doors.

Troops 4 and 7 from Lubbock and troops from Brownfield and Post are fighting out the second round of the championship trophy.

A swimming contest will be held Sunday afternoon at 3 o'clock and it is stated that visitors may get their meals at the camp if they will notify officials upon their arrival.

Championship in life saving and swimming will be awarded at this time for the first session which will end next Tuesday night, July 9. It is understood that any boys who wish may leave the camp at this time and others coming for the second period may arrive then.

On Tuesday night Rotarians and Kiwanians made their plans to attend this barbecue on Tuesday.

Stultz Reported

land flying fields.

Two speakers were questioned and Roosevelt Field officials were in conference in an effort to determine where rested the responsibility for the tragedy.

Drunk Is Conclusion Pending the reading of Dr. Goettler's report, an inquest next week into the three deaths.

Assistant District Attorney Philip Huntington said the report stated there was a "large amount of alcohol" in Stultz's stomach and brain and "alcohol in the liver and kidney."

"The conclusion is that the man was very drunk at the time of his death," the report declared.

Stultz, Edward Harwood and Pasquale Castelluccio, riding in a plane owned by John Hay Whitney, millionaire sportman, crashed near Roosevelt Field at Stultz's falling head at a height of about 300 feet. The passengers were killed and Stultz died as he reached a hospital.

Stultz piloted Miss Amelia Earhart to Wales in the monoplane Friendship at year ago.

County authorities exonerated the owners of the field, but the district attorney's office announced it would bring a "campaign" against drunken flying.

Pro Killing

when, according to Jeff Harris, James Harris came at him with a shotgun while the former was searching a chicken coop for liquor. Jeff Harris drew his gun, and both fired at about the same time, he said, some of the shot from the farmer's shotgun striking the raider in the shoulder and neck.

Sooner House Of Representatives Meet In Turmoil

Charges Of Corruption In Special Session Against Unnamed Members Cause Of Adjournment Friday

OKLAHOMA CITY, July 5. (AP)—The house of representatives in a turmoil over charges of corruption against unnamed members, the special session of the Oklahoma legislature was adjourned sine die tonight.

Joe Sherman, republican, of Major county, charged just before adjournment that several members have received "trivial sums of money for support of bills permitting dog and horse racing, and in connection with a bill which would put money lenders under state supervision. None of the measures became laws.

Sherman refused to tell the names of the accused members, although he was ordered by a majority to do so. Speaker James C. Nance said he was powerless to compel Sherman to comply with the voted order. Sherman offered to lay his purported information before an investigating committee, but the senate already had adjourned and the house was without authority to act. It then was voted to place the charges in the hands of George Callahan, county attorney of Oklahoma county.

The house refused to adopt a report of its general investigating committee, recommending four articles of impeachment against John Rogers, state examiner and inspector.

Strike Riot

(Continued From Page One)

Farther up Canal street the strikers tore up a section of track and spiked rails, heavy timbers, concrete and other obstacles were placed across the street.

Police admitted they could not control the mob and firemen had their hose jerked out of their hands when they attempted to stop the fires.

After receiving reports of the disorders, the city commission council ordered the public service to cease attempts to operate cars for the time being and instructed the police to break up any street gatherings other than authorized picketers allowed for each car barn. These orders quieted the disturbances somewhat.

Sylvan Thibodeaux, union motorman, died today from a bullet wound through the head received from a volley from one of the street cars and Joseph Molineris, 80 car washer, died from a bullet wound through the neck received in the riots of last night. William T. Foret, union conductor had a bullet wound through the shoulder.

Police reported approximately 200 arrests.

Fares Total 10 Cents A total of ten cents was taken in fares by the operation of the street cars. A negro boarded one of the cars as it passed through a quiet sector of the belt line. He gave the conductor the dime but he later was so amazed from the brickbat bombardment that he neglected to give the passenger the three cents change.

A few blocks away when the car ran into another brick, throwing crew, the negro fell on the floor and began praying. He lay there until the car reached the car barn and then took up his journey on foot.

Threats to call out the members of the building and metal trades union council in sympathy with the carmen were laid before the city commission council tonight by William Ruth, president of the council.

"The building trades council is protesting against the importation of strike tactics and methods used by the police," said Ruth.

"Our trades represent some 20,000 men and if they go out in protest this town will be in darkness and there is no telling where this thing will lead."

At the request of the commission council, attorneys for the carmen and the public service met in conference tonight in an effort to find a basis of settlement of the grievances.

A special train of six cars bringing non-union workers in to operate street cars reached New Orleans tonight and were believed to have been unloaded secretly on the outskirts of the city. The threatened outbreak of the crowd at the Canal Street barn prevented the removal there and the train was shunted about various railroad yards in an effort to shake off the strikers, prepared to welcome the out-of-towners with brickbats.

The train was held at Picayune, Miss., today to await a lull in the riots here. Strike leaders sent out for reinforcements to picket the various barns in the city in an attempt to prevent the non-union men from getting inside.

Negro Resolution

incidents as the one condemned might happen, Mr. Moody said: "Recognizing the right of every citizen to vote his own convictions I do not assert the right to officially upbraid anyone because they exercised the liberty to hold and vote views different from mine, nor do I approve any attempt at official criticism of any citizen's vote."

The resolution had his "hearty approval," in so far as "it condemns customs that bring the two races into contact upon the same social plane," he stated.

"Any mingling of the races upon a basis of social equality is intolerable and no precedent can justify it," he said. The ill effects of acts tending toward equal social recognition between the races are thoroughly demonstrated by the recent contemptible public utterances made before mixed audiences by the negro whose wife was the recipient of the invitation mentioned in the resolution.

Lower Tariff For Sugar Is Sought

WASHINGTON, July 5. (AP)—Lower tariff rates for sugar than those provided in the house bill would be provided under a new sliding scale drafted by Chairman Smoot of the senate finance committee, Smoot asserted today.

He declined to amplify the announcement.

The plan probably will be made public next week before the entire finance committee, which is studying the tariff measure passed by the house.

The sugar schedule is one of the most controverted sections of the house tariff measure.

ACCIDENT IS FATAL

Youth Hit By Propeller At Vernon Dies Friday

VERNON, July 5. (AP)—Harriet Shanor, 6, died today of a fractured skull, suffered yesterday when she was struck by an airplane propeller during festivities opening Vernon's new airport.

The girl and her parents, Mr. and Mrs. G. M. Shanor, took a ride in the plane. When it landed on the field she jumped out, ran to the front of the ship and into its propeller.

Endurance Mark

that they had been able to break the record, and said they had no further comment to make.

Weariness brought them down, the fliers said.

"We broke that record and that's enough," Newcomb said.

"All I want to do now is sleep," Mitchell declared.

The endurance plane was demolished by the crowd as it stood before the hangar. Souvenir hunters ripped the fuselage and wings to shreds tearing off pieces by handfuls as others fought to get near the ship.

The fliers looked tired and drawn. Their faces were covered with a week's beard and their eyes were heavy from loss of sleep. Both recovered quickly from the deafness caused by the motor, however, and declared that, but for exhaustion they felt no ill effects.

As the crowd pressed about the offices of the Stewart company a window was broken and then both Mitchell and Newcomb begged to be released because they could not resist. A guard escorted them to a hotel where they went to bed.

Texas Fliers Not To Try Again

(Continued From Page One)

PORT WORTH, July 5. (AP)—(Saturday)—Reg L. Robbins and James Kelly holders of the endurance flight record shattered at 12:10 o'clock by Roy L. Mitchell and Byron K. Newcomb in the City of Cleveland were enthusiastic for the two victors as they heard that they were no longer champions.

Any rumors that they might attempt to set a new mark were denied finally by Robbins and at least temporarily by Kelly. Robbins said, "Their feat would have been greater than ours. I feel, even if they had only equalled our record because they could not resist, that they have beaten it by an hour. I hope they go further and set up the record I would like to have set 250 hours or more."

"I have no intention of going up to attempt a new record. Others can have that fun hereafter, but for the good of aviation, I am glad that these two Cleveland pilots went after our mark and beat it. I am glad that we held it no longer than we did. It is a good sign to see that it was beaten so quickly."

(By Associated Press.) Steadily and surely the last generation aviators have extended the record for sustained flight in heavier-than-air machines.

Some high spots among the record performances are:

1906—Santos-Dumont, France, 21 seconds.

1908—Henri Farman, France, three minutes, 29 seconds.

1908—Wilbur Wright, France, two hours, 20 minutes, 23 seconds.

1912—Foury, France, 13 hours, 17 minutes, 57 seconds.

1920—Bossoutrot and Bernard, France, 24 hours, 19 minutes, seven seconds.

1921—Stinson and Bertrand: Mineola, N. Y., 26 hours, 18 minutes, 35 seconds.

1924—Coupet and Drouhin, France, 37 hours, 59 minutes, 12 seconds.

1925—Drouhin and Landry, France, 49 hours, 11 minutes, 59 seconds.

1927—Chamberlin and Acosta, Mineola, 51 hours, 11 minutes, 25 seconds.

1927—Ritzsch and Edzard, Germany, 52 hours, 22 minutes, 31 seconds.

1928—Haldeman and Stinson, Jacksonville, Fla., 53 hours, 36 minutes, 41 seconds.

X-1929—Army plane question Mary, Los Angeles, 150 hours, 40 minutes, 15 seconds.

X-1929—Robbins and Kelly, Port Worth, Texas, 172 hours, 32 minutes, one second.

X—Refueling flights.

TRAINS COLLIDE

Thirty-Six Are Injured In St. Louis Smash

ST. LOUIS, July 5. (AP)—Thirty-six persons were injured, seven seriously, here today in a collision between a C. & O. railway passenger train and a Frisco suburban train.

All of the injured were men who occupied a smoking car on the Frisco train.

An investigation is under way to place responsibility.

UNCLE GEORGE DIES

Aged Street Car Conductor Succumbs In Dallas

DALLAS, July 5. (AP)—George W. Mitchell, 72, affectionately known to thousands of early day street car riders in Dallas as Uncle George, died in Whitesboro today at the home of his son, Allen Mitchell.

A veteran of the days when wire haired Mexican mules pulled the cars, Mitchell served on street cars here from 1881 to 1916 and had been on the pension list since.

THREE MEN KILLED

Dynamite Explosion Proves Fatal In Utah

ALTOONA, Pa., July 5. (AP)—Cliff Woodbury, veteran automobile race pilot, seriously injured at the time Roy Keech was killed at the Altoona track, June 15, today said he had retired as a speedway driver.

Four Are Injured Near Hale Center

Four persons were injured, one probably seriously, about 3:30 o'clock Friday afternoon when the car in which they were riding was wrecked against a cement culvert about two miles south of Hale Center, according to reports reaching here.

Mr. and Mrs. G. O. Gilliland, Mrs. Armour Kinkler and Truman Gilliland were the occupants of the car. Mrs. Gilliland was rushed to a hospital for treatment and it is thought she may have suffered internal injuries. All of the other occupants of the heavy sedan escaped with only minor bruises and cuts.

As they approached the culvert another car turned up onto the highway from a lane forcing them into the cement structure.

OIL MAN KILLED

Tulsa Meets Death In Accident At New Well

TULSA, July 5. (AP)—O. N. Willard, 60, superintendent of the Willard Oil and Gas company of Tulsa, was killed in an accident at a new well of the company near Bristol today.

Details of the accident were not learned.

ISSUE REQUISITIONS

Moody Seeks Return of Man Wanted In Amarillo

AUSTIN, July 5. (AP)—Governor Moody today issued requisitions on New York and Oklahoma for men wanted in Texas.

He requested New York to deliver C. H. Peoples, under arrest in New York City, wanted in Amarillo for bigamy and swindling.

Oklahoma was asked for H. A. Colley, charged with selling liquor at Comanche. He is under arrest in Buffalo, Okla.

HEAVY RAINS FALL

Territory Flooded As Tank Breaks Loose

LAREDO, July 5. (AP)—A torrential rainfall in the country south of Laredo filled the monstrous earthen tank on the H. O'Keefe farm to overflowing, and after retaining the great volume of water for over 20 hours the tank broke down, flooding the nearby territory. The tank when full covered 500 acres.

TEN ARE KILLED

Wind And Hail Storms Are Serious In Europe

VIENNA, July 5. (AP)—Ten persons were killed and hundreds injured by wind and hail storms which swept Austria from the north to the south and from the east to the west last night. Reports of damage came from all sections.

Farm Board Called

WASHINGTON, July 5. (AP)—President Hoover has called the first meeting of the federal farm board for Monday, July 15. The president feels that with six of the board's nine members ready to begin business and with acceptance of appointments tendered which he expects before that time, the board will be ready to function by that date.

THE VACANT LOT MARKET

Seems to be looking up, and lots all over town are worth a little more money than they were 90 or 90 days ago. But our client still advises us to sell those two we have listed for him on 28th, just west of Ave. U., at \$235 each cash. These lots are well worth \$450, and they sold for \$400 two years ago, so this price makes what is the very best small opportunity in Lubbock to buy open lots low down and either to build on or to hold for the advance. ### Naval Reductions Thought Favorable

#### Administration Changes In Japan, Great Britain and United States Bring New Viewpoints Forward

WASHINGTON, July 5. (AP)—Administration changes in Japan, Great Britain and the United States—the three leading naval powers—are regarded in official and diplomatic circles here as having brought to the fore viewpoints favorable to naval reductions.

Since President Hoover was inaugurated March 4, the United States has taken the leadership in pressing not only for a world-wide policy of naval limitation, but for reduction in fighting fleets, no matter how drastic in connection with this development. Prime Minister MacDonald of England, promptly initiated conversations with Ambassador Davies looking toward a basis of agreement on the naval question between the two major naval powers.

Former Premier Tanaka of Japan, officially informed the American government that Japan would be wholeheartedly favorable to any steps which might lead to some solution of the naval problem, and the liberal government of Premier Yugo Hamaguchi, who has just taken office, is expected by diplomatic and official circles to play an active part in any disarmament negotiations.

Those who have been closely following the recent developments pointed out today that Premier Hamaguchi is a civilian—the second non-military or non-naval man to hold the premiership of Japan. Former Premier Tanaka, an active seafarer, was army-trained. It was believed here the premier, in view of his civilian background, would look with considerable favor upon a conference of "statesmen" rather than technicians for final discussion of the naval question.

#### ABATEMENT MADE

Overassessment Of \$48,000 Returned To Railway

WASHINGTON, July 5. (AP)—An abatement of \$48,616 to the Kansas City, Mexico and Orient Railroad company for overassessment of its corporation income tax and interest in 1922, was announced today by the internal revenue bureau. The overassessment was caused by the inclusion of revenue erroneously included in the income through a previous audit by the bureau.

### NEVER EXPECTED TO SEE A WELL DAY AGAIN

#### "Orgatone Has Filled Me With New Life And Energy, Suffered 13 Years," Says Lubbock Farmer

"A year ago I didn't think that I would be a well man again, but Orgatone has put new life in me and I feel so good I'd like to give this statement for my gratification." was the statement made by C. L. Karr of rural route 3, Lubbock, Texas, while talking with the Orgatone representative recently.

"I suffered for thirteen years," he went on, "with a very severe case of stomach trouble. In spite of everything I did I kept getting worse. Gas would form in my stomach and cause severe headaches and sharp shooting pains through my back that would almost drive me distracted. At times I was extremely nervous and hardly got enough sleep.

"After every meal I would just be in agony for hours afterward. When this gas formed on my stomach, it would cause shortness of breath and my heart would palpitate very fast, until I thought I had heart trouble. I suffered from liver and kidney trouble, which caused intense pain in my sides and back. At times, to tell you the truth, I did not care whether I lived or not, my suffering was so severe, and I knew if I didn't get something I wouldn't live much longer.

### Dedicate \$14,000,000 New York Central Terminal

Prominent leaders in transportation circles of the east in United States and Canada attended the dedication of the \$14,000,000 terminal shown above of the New York Central railroad at Buffalo. Patrick E. Crowley, inset, president of the road, turned the keys of the station over to the city while thousands looked on.

### Love Conspiracy Claimed In Court

#### Man And Woman Charged With Obtaining \$35,000 From Pampa Woman In Scheme; Face Charge

FORT WORTH, July 5. (AP)—An alleged love conspiracy through which \$35,000 is said to have been obtained from Mrs. Maggie Hopkins of Pampa was set forth today in an indictment by the federal grand jury here of A. C. Killian and Minnie G. Martin of Oklahoma.

Killian is charged with having made love to Mrs. Hopkins and to have succeeded in obtaining \$10,000 from her.

The indictment alleges it was pretended Killian's wife contemplated filing an allegation of affection suit for \$10,000, which was said to have been settled privately for \$25,000. No record of such a suit can be found.

Minnie G. Martin is implicated because of letters she is alleged to have purloined from Mrs. Hopkins, said to have been written by Killian, according to the indictment.

### Cop Kisses Wife Prisoner Exits

#### MIAMI Fla. July 5. (AP)—Those little attentions so widely advertised as promoters of democratic happiness have put Deputy United States Marshal W. F. Fox in an awkward position.

His uncomfortable position has to do with the escape last night of a very valuable prisoner. The deputy's report to his chief, therefore, will read something like this:

"Henry Davey, 45, suspected counterfeiter, whom I was escorting to Louisville, Ky., for trial, took advantage of my momentary absence from a pullman drawing room to escape my custody. I had gone to the end of the car to kiss my wife goodbye."

Davey had been sought since 1926 after a flood of spurious bills had been looted in Louisville and had been captured here only after a three year chase through five states, Indiana, Kentucky, Tennessee, Alabama and Florida. He was the last of a purported counterfeiting ring at liberty.

### Storm In Austria Takes Many Lives

#### VIENNA July 5. (AP)—Several lives were lost and considerable property damage caused in Salzburg and the surrounding districts by a terrific storm which swept Austria last night.

Many peasants cottages were destroyed and others unroofed. Four persons were killed and several injured by falling trees.

London policemen are considerably handicapped in chasing speedsters. Motorcycle cops as yet don't exist there.

Italy, having plenty of soldiers, has closed enlistments in the four principal arms for a year.

### Communists Being Held Under Order

#### NEW YORK, July 5. (AP)—The New York Times says today that a group of American communist leaders is being "detained" in Moscow under orders of the communists; international.

Among them are Ben Gitlow, former socialist member of the New York assembly, Bertrio D. Wolfe and John Pepper, Hungarian aide of Bela Kun.

They were called to Moscow to discuss factional troubles in the American communist party and are expected to remain there a year or until the factional elements in the American party have been reconciled.

Jay Lovestone, who until recently was head of the party in this country, and was known as the "American Stalin," defied the detention order and escaped to this country.

He fled after interception of a cable message to his adherents here instructing them to seize the party machinery and wrest control from W. Z. Foster, who succeeded him as head of the party.

### Grossly Overclad Men's Clothing Is Much Heavier

#### NEW YORK, July 5. (AP)—Men's clothes are three times as heavy as women's. The extension institute weighed the garments of a dozen men and a dozen women. The women's varied from one pound, six ounces to 2 1-2 pounds, the men's from 3 3-4 pounds to 10 1-4. "The average man," comments Dr. Eugene L. Plak, "is grossly overclad."

The clothes of a girl of 18 weighed in as follows: Dress 8 ounces; lingerie 4; shoes 2; shoes 8. Total 1 pound 6 ounces.

Eight years ago 24.4 per cent of urban folk lived in apartment houses. Today a survey of 302 cities estimates the "cliff dwellers" at 53.7 per cent.

Twenty-five miles an hour is "reckless driving" if the road is crowded, decrees a new Indiana law.
