AFTERMATH OF RAIN — Car washes were doing a brisk business late last and early this week following recent rains. A customer at the Don Hardy Car Wash is shown wiping down her vehicle following its "bath" in this unique mirror picture. Farmers are keeping their fingers crossed that additional moisture does not arrive until the crop is "on its way."

Commissioners learn county jail renovations will exceed $91,000

"The estimated cost of all phases of the jail renovation project will total approximately $91,367.61," stated architect Ed Stiles in an appearance before the Floyd County Commissioners on June 8.

"This is as close to an actual cost as we can get without actually taking bids," added Stiles. Renovations to meet requirements set by the Texas Jail Standards Commission (TJSC) in order to maintain the operation of the county jail will involve about 1,024 square feet on the third floor of the existing facility and another 120 square feet on the main floor for a holding cell, according to Stiles.

Commissioners were assured that "should the project be undertaken, each phase will be documented and written approval obtained from the TJSC before any phase is implemented."

Action on the matter was postponed "until we have a clearer picture of our status financially" in the words of county judge Bill Hardin. Commissioners Sam Spence, Floyd Jackson, Thomas Warren and Kay Crabtree agreed to delay authorizing the architects to proceed on the project until that information is available, "hopefully, sometime within the week."

DOUGHERTY ISD ANNEXED

A petition for the annexation of the Dougherty Independent School District to the Floydada Independent School District was reviewed and approved by the commissioners. The action, taken at the request of DISD was completed with Ken Campbell, president of DISD board of trustees, and Jerry Cannon, superintendent of FISD in attendance.

FISD concurred with the action and will allow various memorabilia to be placed in the Floyd County Historical Museum before closing DISD buildings in preparation for appraisal and sale. The buildings considered for sale will be two houses and the school building. The gym will be retained by FISD and may be used as a community building by Dougherty residents.

PUBLIC ASSISTANCE POLICY REVISED

Commissioners revised the current public assistance policy in two areas. The first encompasses income levels of eligibility to receive assistance. Previous maximum levels were set at $300 for a family of one with an additional $50 per family member. Families with income above these levels could not receive public assistance at county expense.

Commissioners voted to increase the income levels by $100, making assistance available to a family of one with income of $400 or less. Additional family members will still increase the income level by $50. Income will be calculated on all forms of income, including pensions, social security, SSI payments, welfare and food stamps.

Burial assistance was increased from $580 to $680. This does not cover the cost of the least expensive funerals, but will come closer than the previous assistance level said Judge Hardin.

An application for assistance by a county resident was rejected during the June session. The resident applying for assistance requested $58 to pay for transportation to Houston for a check-up at M.D. Anderson Hospital.

The request was denied on the basis of income in excess of guideline levels. The family of three has an income of $529 plus food stamps. Newly established income levels allow income of $500 for three to be eligible for assistance.

RURAL FIRE CONTRACT APPROVED

A rural fire service contract which has been a recurring subject of the Floyd County Commissioners Court was once again on the agenda at the Monday meeting. Approval was given for the judge to sign the agreement with the City of Floydada for rural fire protection. The terms of the agreement call for county payment of $3000 in annual fees for the service and an additional fee of $200 per call in rural areas.

Precinct 2 commissioner Floyd Jackson stated, "I think that is too much to pay, but if we are going to pay that to Floydada, we need to pay the same to Lockney's fireboys."

The motion, made by Sam Spence, precinct 1, and seconded by Kay

First wheat loads arrive Thursday, estimates vary

First load of 1987 crop wheat reaching a Floyd County terminal arrived at 9:45 a.m. last Thursday at Producers Cooperative Elevators' Dougherty installation. It was produced by Francis Brothers on a Motley County farm.

Weighing 21,360 pounds, the load had a test weight of 59 percent and a moisture content of 12.50 percent.

A second load — weighing 21,200 pounds — arrived from the same farm on Thursday. Test weight and moisture content were the same.

Brent Whitaker delivered an 11,420 pound load of wheat, produced on a Motley County farm, to the Producers facility at Cedar Hill on Thursday. Test weight was 58 pounds per bushel and moisture content was 12.5 percent.

'ANYBODY'S GUESS'

County yield from the '87 wheat crop is "anybody's guess," in the opinion of Bob Vickers, Producers' general manager. "There is some good wheat and some of it is sorry," he says.

Vickers points out that a portion of the wheat was damaged by a severe March freeze, some of the wheat was hurt by Russian aphids and a portion of the wheat was late and not severely damaged by the freeze.

A portion of the heaviest damaged crop was grazed or plowed up by growers. This reduced the county wheat acreage.

Vickers estimates that this year's crop will produce "maybe 75 percent of the 1986 yield production. I may be overstating the production."

The Producers officicial expects the bulk of harvest to begin "about the 10th or 15th (of June), providing the weather stays dry."

Capital improvements in amount of $112,456 OKed by school board

Members of Floydada Independent School District board of trustees authorized the inclusion of $112,456 in capital improvement expenditures in the 1987-88 budget on Monday. In addition, $191,620 was approved for operating expenses for four campus schools, band and athletics. These figures do not include salaries.

The lion's share of the operating money is being earmarked for the athletic department. Athletic director Earl Overton submitted a budget of $72,617 which was approved for the coming year. This amount is an increase of almost 8½ percent over the $66,950 budget approved last year and represents nearly 38 percent of the operating expenses for the school system.

Included in this is $16,000 in football equipment such as pads, helmets and other safety items. According to administrative assistant Jimmie Collins, "Coach Overton elected to purchase this type of equipment rather than new uniforms because he is more concerned with the safety of the students than their appearance in uniform."

A.B. Duncan Elementary came in second in the funds race, gaining approval of a $35,200 operating budget. These expenditures will include specialized programs and teaching aids to improve reading, writing and math skills. Principal Bobbie Weir was granted an increase of nearly $17,000 over the Duncan budget for 1986-87 of $18,650.

R.C. Andrews Elementary budget submitted by principal Charles Tyer is $500 below the amount approved last year. The 1987-88 budget for school operations totals $26,150.

Both the junior high and high school budgets vary little from those of last year. The high school budget increased by just under $400 to $17,398 and the junior high budget was approved at $17,050.

The band department received an increse in funding from $20,490 in 1986-87 to a proposed budget of $23,205 for 1987-88.

These budgets were approved on a motion by Michael Hinsley, seconded by Weldon Pruitt, and agreed to unanimously by the remainder of the voting board members.

Other budget items dealt with at the June 8 session included expenditures for capital improvements in the district. These include an intercom and bell system at high school ($7500); paving a parking area and drive from Fifth Street across to Fourth Street ($8950) and cyclone security fence ($1500) at junior high; additional parking area ($5000),

Youth baseball leagues underway

Youngsters carrying a ball and glove and heading for parks near Floydada High School are visible four days each week during June as the summer youth baseball program is underway.

T-ball games are played at 6 and 7:15 p.m. each Monday and at 6 o'clock Tuesdays, Thursdays and Friday. T-shirt and Little League games unreel Tuesday, Thursdays and Fridays at 7:30.

Bobby Gilliland, league president, says both T-ball and T-shirt contests are played on the T-shirt diamond, while Little Leaguers have their park.

Five teams — Tipton Oil, Floyd County Insurance, Oden Chevrolet-Olds, City Auto and Floydada Co-op Gins — are vying in the T-ball league. Five- and six-year-olds are involved.

T-shirt ball is for seven-through nine-year-old players. The three teams are sponsored by First National Bank, Thompson Pharmacy and Floydada Livestock Auction.

A trio of squads are vying in Little League, which is for players 10 through 12. Sponsors are Moore-Rose Funeral Home, Adams Well Service and Floydada Co-ops (Floydada Co-op Gins, Producers Cooperative Elevators and Consumers Fuel Association).

Parents, other relatives and all friends of youngsters are invited to watch the games.

Schedules and team rosters are listed on an inside page.

Photo deadline 5 p.m. Monday

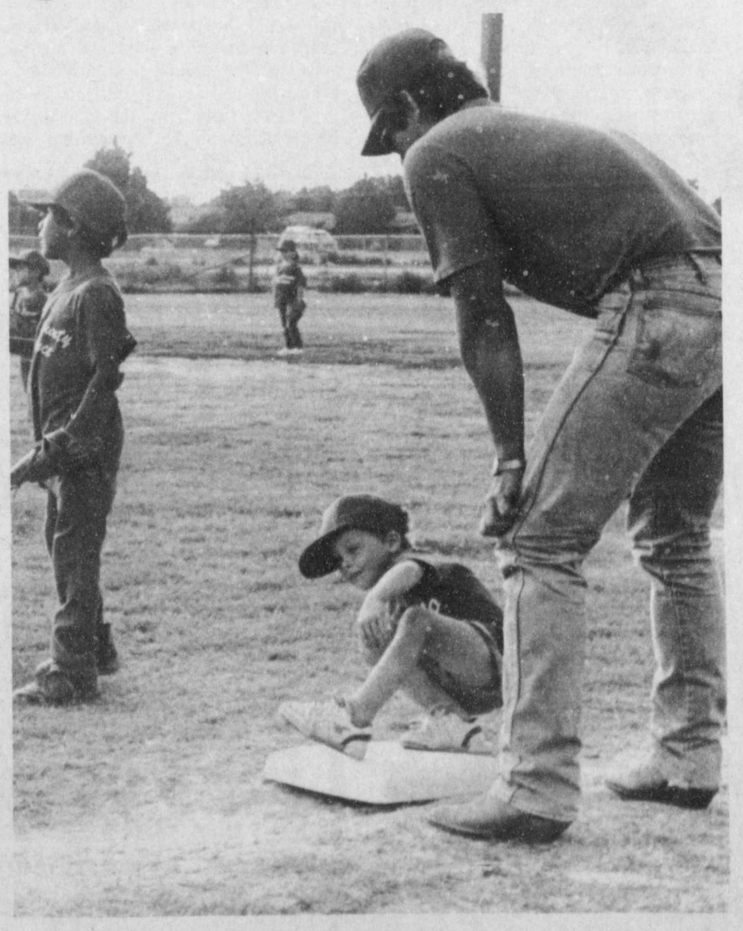

The public is reminded that 5 p.m. Monday is the deadline for news photographs — taken by staff members — to appear in that week's issue of The Hesperian. Photos can be taken after that time but, except for emergencies, will appear in the next week's issue.

Photographs supplied by the public can be accepted until the 3 p.m. Tuesday news deadline.

This newspaper asks for 12 hours advance notice before taking photos in order that staff schedules might be arranged.

NO 'OLD' STORIES

In a policy change, The Hesperian will no longer publish articles (except for unusual situations to be determined by the staff) which occurred two weeks or more in the past. Management believes news value is lost after this time span.

Disaster payments now 100 percent for 1986 weather-related losses

With Congress having approved full funding under the new disaster relief act, farmers whose application on '86 crop losses already have been approved now will receive disaster payments on 100 percent of their losses. They previously have received 73.9 percent.

The new funding provision affects payments to farmers in counties declared disaster areas because of weather-related problems last year. Floyd and most area counties have received this designation.

United States Department of Agriculture has not revealed when the remaining 26.1 percent will be paid.

Floyd County producers are due to receive approximately $410,000, according to Plains Cotton Growers.

The USDA approved in Feburary almost $127 million in disaster relief for farmers in the 25-county South Plains area. However, only $93.8 million (73.9 percent) of that amount was paid, that being the High Plains' pro rata share of the $400 million total allocated for the program nation-wide.

Earlier payments were made in generic commodity certificates. Local officials anticipate the additional payments will be made in the same manner.

tuckpointing the building ($25,000) and 25 four drawer file cabinets ($3500) for R.C. Andrews; and $10,000 in computer equipment for A.B. Duncan Elementary. Duncan will also have a handicapped ramp ($1500) installed at the rear of the school and an intercom and bell system ($7500) installed.

Under general expenditures for the system, $32,000 has been set aside to replace the Whirlwind activity bus and another $10,000 earmarked for a new drivers education vehicle. The capital expenses were approved on a motion by Adolfo Garcia, seconded by Don Hardy.

DOUGHERTY ANNEXATION

Reporting on the annexation of the Dougherty ISD, Superintendent Jerry Cannon told the trustees that the annexation became official on June 8th following approval by the Floyd County Commissioners Court.

The trustees agreed to consider selling the two houses and school building from Dougherty ISD after appraisal. Sale will be by bids.

The gym at Dougherty will continue to be available for use as a community center. Cannon requested an audit of Dougherty records to close out the annexation. The board agreed that it should be done and authorized Cannon to contact the district's CPA firm for the audit.

NEW BUILDINGS

Two new buildings are in the works for the district. A portable building 72 feet by 24 feet is scheduled to be completed using about $60,000 in Title I federal funds already on hand. The building will be erected at A.B. Duncan Elementary and will house two classrooms and a computer lab.

The second building being contemplated is a special education cottage as part of the cooperative special education project FISD participates in. This building will be designed as a family housing unit and will afford instructors the opportunity to teach trainable handicapped students to perform everyday chores such as making beds, cleaning, etc. The cottage will be built with special education funds already on hand which also total about $60,000.

RESIGNATIONS

Resignations were accepted from the following employees: LaVada Garrett, junior high special education; Tommy Baxter, tennis coach; Norma Feuerbacher, junior high history; Zacha Gregory, first grade; Elaine Baxter, Caprock Special Education secretary; Jett Cheek, assistant band director; Sue Farnsworth, teachers aide at high school; and Belinda Rodriquez, teachers aide at A.B. Duncan.

Hired by the district at the June session were: Gail Gregg as head girls basketball coach at high school; Cindy Day, junior high English; Duffy Hinkle, computer aide at R.C. Andrews Elementary; Ester Arellano, teachers aide at A. B. Duncan; and Linda Smith, fifth grade at R.C. Andrews. Marilyn Marler will be moving from teachers aide at A.B. Duncan to Caprock Coop special education secretary and Sue Chesshir moves from migrant aide to teachers aide at Duncan.

The tax report, given by Collins, revealed that 94.70 percent of the current tax roll has been collected, compared to 94 percent a year ago. Collections total $772,374 leaving a balance of $42,877 to be collected.

School counselor Sheree Cannon presented a report, received in April, detailing the results of TEAMS tests given to grades 3, 5, 7 and 9 earlier in the year. Cannon stated, "The results don't look as good as we'd like, but we are working on it."

Cannon told the board one of the major factors in comparing results against other schools and prior years is "the criterion." She said it had been raised to bring more students into the "norm" therefore mastery is more difficult.

A related article appears elsewhere in this edition.

Jerry Cannon reported that policy manual updates had been received from the Texas Association of School Boards. This series of updates is entitled Localized Update 29. The changes were adopted on a motion by Don Hardy, seconded by John Dunlap and approved unanimously by the remaining board members.

Following open session, the board entered an executive session to discuss personnel. No action was taken following the closed session.

Attending the regular June session were board members Freddie Morren, Weldon Pruitt, Charlene Brown, Don Hardy, John Dunlap, Adolfo Garcia and Michael Hinsley. Also present were superintendent Jerry Cannon, administrative assistant Jimmie Collins, Sheree Cannon, Joseph Stepp and the Hesperian reporter.

TEAMS results reviewed

By Sheree Cannon

FISD Board of Trustees reviewed the results of 1987 TEAMS tests (Texas Educational Assessment of Minimum Skills) which were given in February to all students in grades three, five, seven and nine. Grade one students took the tests in April, and the results have not yet been received.

Mastery results for students in grade nine were up in all three areas: math, reading and writing. Ninety-three percent of grade nine students mastered the math objectives, 85 percent mastered reading and 63 percent mastered writing.

Students in grade seven showed improvement in math mastery as 88 percent of the students mastered the math objectives. Reading scores were slightly lower than last year while writing mastery remained the same.

Grade five results show that 78 percent of the students mastered the math objectives, 74 percent mastered reading and 78 percent mastered writing.

Grade three results were comparable to last year as 74 percent of the students mastered the math objectives, 64 percent mastered reading and 47 percent mastered the writing objectives.

In reviewing the district results, writing objectives still appear to be the target area for improvement. District personnel are continuously working to find ways to improve scores in these basic areas of instruction.

Remediation classes have been implemented at the high school level and plans are being made for TEAMS classes at junior high to begin next year.

WHEAT [Continued]

'NORMAL' YIELD

Another elevatorman, Roger Poage, anticipates a "normal" yield. He points out that "We have so much variance this year."

Poage emphasizes that "this obviously will not be a normal yield for all farmers," because some of the wheat was badly damaged, but he expects harvest to be "normal, overall."

He points out that some late wheat was "still green when it rained" and benefitted from the moisture.

Commissioners learn county jail renovations will exceed $91,000

Continued from Page One

Crabtree, precinct 4, calls for payment of the stated fees to both Floydada and Lockney fire departments for rural fire protection.

An agreement for interlocal law enforcement was signed with the City of Lockney. The agreement allows the county sheriff's department and the Lockney city police to cooperate in law enforcement matters for the mutual good of residents of both entities. The measure was approved unanimously on a motion by Floyd Jackson, seconded by Sam Spence.

PERSONNEL MANUAL APPROVED

Commissioners gave final approval to a new policy manual for county employees. The new guidelines will be distributed as soon as possible to county employees. Due to take effect on July 1, the manual details employee responsibilities and benefits along with wage schedules.

Commissioners head a variety of reports from several sources. The county treasurer, Glenna Orman, reported that the county began the month of May with $420,838.54 on hand and received $709,495.93 during the month. Disbursements totaled $821,158.62, leaving $309,175.85 at the end of May.

Certificates of deposit total $668,000 with earned interest of $29,030.40. Also on the agenda was the signing of a contract pledging assets of FNB Floydada to ensure the security of county deposits in excess of $100,000. Judge Hardin was authorized to sign the contract.

Orman reported that "tax collections are 95.28% complete which is a little bit ahead of last year." She added that $5,779.83 was received from the bank franchise tax recently distributed.

Bill Hale, president of the Floydada Development Corporation, reported to the court on the progress of efforts to obtain a minimum security prison facility in this area. He also requested that the court pass a motion supporting these efforts. Spence and Crabtree proposed the motion which was passed by unanimous vote.

Judge Hardin reported to the court that "an informational report is expected from attorney Jim Milan within the week." Hardin said that he had spoken with Milam and was assured that the court would hear a full report on the "results of Milam's investigation into the subjects of the law library and offices for the district attorney and the county attorney."

The sheriff's department will advertise a 1975 Oldsmobile for sale with the court's permission. Bids will also be solicited for purchase of a backhoe for precinct 4.

"Junk" stored in the courthouse basement is to be inventoried and destroyed as required by state regulations governing disposal of such items. "Most of this stuff is worthless except for salvage," stated Judge Hardin. "We cannot legally dispose of it unless we destroy it or take bids for it."

Farm work contracts were approved for Hazel Burns, Bill Sherman, Hershel Carthel, Billy D. Colston, Lyndal Carey and Daniel Battey Jr. Contract #450, previously approved was voided.

Lake report

Lake depth is reported at 114 feet with a water temperature of 71 degrees

Bass fishing has been very good according to lake authorities.

Golden Spread Bass Club of Amarillo weighed in a 4½ pound largemouth and Coy Lorance, also of Amarillo, brought in a 2½ pound bass caught using a wiggle wart up Tulle Creek.

Hybrid Strippers are surfacing in the early morning and late evening hours. Randy Mussucci of Amarillo hooked a 7 pound stripper using a bomber lure.

Crappie, walleye and catfish are still slow.

'Alert neighbors' help officers develop suspects in two cases

"Observant neighbors" have given the Police Department assistance in two incidents during the week in which burglary, theft and vandalism topped the agenda.

"Alert neighbors have given officers the name, description and address of a suspect," according to Police Chief James Hale, in the Saturday theft of 10 $20 bills — earmarked for "rent money" — from the Randy Santos residence at 515 W. Virginia. The burglary of a habitation was reported about 9:30 Sunday morning.

Santos told officers that "about $25 in meat" was taken from the house "two or three weeks ago."

"Observant neighbors" also helped officers develop a suspect in the 5:30 p.m. Thursday vandalism of the James Norrell residence, 210 E. Hallie. The crime was reported 15 minutes later.

Someone had used a brick to break out an east window at the residence. Marks indicate that the brick struck the window more than one time, according to police, before it was thrown into the Norrell back yard.

Two red flower pots were taken about 6 p.m. Friday from the front of the Lamplighter Inn, 102 S. Fifth Street.

A customer "who forgot to pay for $15 worth of unleaded gasoline" was contacted by phone. He then went to Ince Oil Co. #15 at 401 S. Second and paid for the gasoline.

A "fender bender" occurred about 1:30 p.m. Wednesday of last week on the Pay-n-Save parking lot. A 1980 Pontiac Bonneville, driven by Terry Watson of Floydada, was backing from a parking slot when it struck the rear of Otho Sanders' 1979 Chevrolet El Camino pickup.

Chief Hale termed damage as "minor."

He says that it has been a comparatively quiet week.

SHERIFF'S DEPARTMENT MAKES FOUR ARRESTS

Two individuals were arrested by the Sheriff's Department for public intoxication and two others for driving while intoxicated during the past week, according to Sheriff Fred Cardinal.

Caprock Hospital is revealing plans for a coronary heart disease screening clinic on June 25-26.

Hospital officials say the clinic will consist of blood pressure, weight, height and pulse screening, diet consultation, cholesterol and triglycerides blood test, EKG and exercise tips for all ages "to insure healthy hearts."

Individuals desiring additional information should phone Leroy Schaffner at Caprock Hospital, 983-2875 (extension 145).

"Today, about 30 million Americans have some form of heart and blood vessel disease," Schaffner says. "Of that number, over four million have developed coronary heart disease. We know that many variable affect the condition of the heart and blood vessels and different reasons have been given for the high incidence of coronary heart diseases.

"Each day an average American consumes about 100-120 grams of fat. In spite of the large amount ingested, only about two percent is made up of cholesterol and the rest is mainly triglycerides and free fatty acids.

"A check of the cholesterol and triglyceride level will help your physician determine your chances of developing coronary heart disease and help you reduce your intake of free fatty acids.

"A check of the cholesterol and triglyceride level will help your physician determine your chances of developing coronary heart disease and help you reduce your intake of free fatty acids."

Cost of the cholesterol and triglycerides blood test will be $8 and a $5 fee will be made for each EKG.

'A Thief In The Night'

"A Thief in the Night," a motion picture about Bible prophecy from Mark IV Pictures of Iowa, will be shown at Abundant Life Fellowship A/G on June 14, 1987 at 6:00 p.m.

"A Thief in the Night" is a dramatic portrayal of what could happen when Jesus Christ returns. This suspenseful story centers around Patty Meyers (played by Patty Dunning Risinger) a young woman caught up in living for the present, with little concern about the future. What happens when this thinking finally catches up with her provides an action-packed, unforgettable drama.

The fast-moving pace evolves into increasingly tense moments as the Rapture predicted in Bible prophecy takes place, leaving Patty in a world which forces her to make a choice: either for a life of fleeing the inevitable sufferings and death; or for UNITE, a new world government which rejects Jesus Christ and forces citizens to receive the "mark" warned against by God. Suspense builds to a thought-provoking climax as Patty faces the consequences of her choice.

This movie portrays the Biblical predictions, "There will be no place to hide" (Rev. 20:11). As one viewer commented: "The film in essence illustrates the consequences of indecision. It leaves the audience thinking."

"A Thief in the Night" was given the "Best Film of the Year" award by the National Evangelical Film Foundation of Valley Forge, Pennsylvania. Patty Dunning Risinger received the "Outstanding Female Actress" award.

Ranch Club site of annual Watson reunion

Roaring Springs Ranch Club was the site this past week-end for the annual Watson Reunion. "A large number" of friends and relatives attended.

"A lot of fond memories were recalled by different ones, plus we enjoyed volleyball, swimming, taking pictures, recording a lot of good music and singing, delicious food with cooking on the campfire, a fish fry one night and ending with a devotional and dedication service Sunday morning," according to a family member.

Among those attending were: Gene and Lorene Watson, Tuscaloosa, Alabama; Muriel Cantrell, Pat and Inez Sanders, Vacaville, Calif.; Retha Ann Smith, Abilene; Terry and Oma Sue Helms, Hobbs, N.M.; Curt, Cynthia and Tiffany Kautz, Dickens; Hubert and Euderia Holcomb, Crosbyton; Thurman and Susie Sain, Sara Sain, Charles Sain, Frank and Kay Watson, Brady and Libby, W.B. and Betty Jo Watson, all of Amarillo.

Also, Spencer and June Wright, Charles Wright, all of Wichita Falls; Gus and Joyce Wilkerson Dyvad, Buda, Tex.; Debra Johnson and daughters Shara and Shane, McKinney; Glenn Fryar, Covington; Inez Fryar, Clarksville; C.E. and Lois Watson, Houston; Larry Watson, Dallas; Raymond and Peggy Winan, Jack and Betty Hanzol, Bill Hanzol and Laurie Stock, all of San Antonio;

Also, Carl and Rose Pierce, Dorma Kohler, Patrick and Adam, Trina Savage, Teffany and Derrick, Naomi Huddleston, all of Lubbock; Leon and Margaret Parks, Memphis; Stanley and Mary Lou Lefevre, Tommie and Lori Crupe and Kye, Gregg and Melissa Lafevre, Chris and Michelle Lefevre, all of Plainview;

Also, Wayne and Roberta Russell, Bill and Dell Gray, Oleta Watson, Guy Garrison, W.R. and Margaret Daniels, Dannie Daniels, Chad and Ashley, Laura Kendrick, all of Floydada; Alfred and Dora Watson, Zelma Crump, Jack Bearden, James Bearden, Elsie Thacker, Bobby and Jeanne Williams and Paige, Bonnie Richards, all of Matador;

Also, Dorothy and Fraiser Watson, Lillie Pierce, Eugene and Cleo Watson, Don Dillard, Ben Dillard and Monty Watson, all of Roaring Springs; and Colum McCann from Dublin, Ireland.

BICYCLIST FROM IRELAND

A highlight of the Watson reunion was the "honorary adoption" of Colum McCann of Dublin, Ireland, into the Watson clan. The Watson family "has long prided itself concerning its Irish origins."

Eugene Watson, upon learning that a full-blooded Irishman was camping out at the Springs Ranch, checked around the camp-sites with his son Larry and quickly located young McCann. Watson explained to McCann that the Watson family was of Irish descent and was having a reunion and that he would be more than welcome to attend and engage in the activities.

McCann accepted and thanked the mayor of R.S. for his invitation.

The Irishman "quickly won over the assembled family members by both his Irish accent and personable character." When asked to give a speech, he accepted and delighting the group with his accounts of himself, his present activities in the U.S.A. and his home country of Ireland.

Colum McCann is 21 years old and is bicycling across America to gain a better understanding of both his country and its people. He graduated from school early, at the age of 16. He then received a two-year degree in journalism at the age of 18.

Upon completion of his studies, McCann cycled the countries of the British Isles and continental Europe, broadening his horizons both geographically and intellectually. He became fluent in three languages: English, Irish and French.

Finishing his tour of Europe, McCann set his sights upon America. He arrived in Boston, Mass., with his bicycle, traveled south and began his tour of America. He normally travels with about 100 pounds of gear-food, clothing, tent, sleeping bag and his few personal belongings.

McCann works for an Irish newspaper, sending back articles on his journey through America. So far in his travels, he has always met a good Samaritan along the way that has taken him in for whatever reason, whether to wait out a storm, provide a meal or simply to do the laundry.

McCann stated that so far in his trip across America, "The United States of Texas" has been the most friendly and hospitable state he has visited.

He stayed for Sunday morning services with the Watson families at the Springs Ranch and had lunch with them before bidding them good-bye and going on his way.

McCann is on a time schedule. He receives mail from family and friends back home at a predetermined destination and date. In this instance, the site was Amarillo.

The Watson families wish their newly-adopted cousin, Colum McCann, good luck on his journey.

Norrell - Brooks joined in candlelight wedding

Christi D'Lene Norrell and Walker McGaughey Brooks were united in marriage in a candlelight ceremony Saturday, June 6 at 7:00 p.m. The Rev. Hal Farnsworth, pastor of the First Baptist Church of Floydada, officiated the double ring ceremony.

Parents of the couple are Mr. and Mrs. Harold Norrell and Mr. and Mrs. Ray Brooks, both of Floydada. The bride is the granddaughter of Mrs. Willie McCormick of Floydada. The groom is the grandson of Mrs. Louise Brooks of Ft. Worth.

The altar was alight with dusty rose candles. Pairs of seven-branch brass candelabra ascended the steps to a semi-circle of matching candelabra holding forty-five tapers. Additional seven-branch candelabra flanked the center as well as floor palms grouped on each side. A unity candelabrum centered the grouping. All candelabra were entwined with plumosa fern, babies breath, and dusty rose satin ribbons and bows. Alternating pews were marked with sprays of fern and babies breath ties with dusty rose satin bows.

Mrs. Roberta Hardin, organist, and Mrs. Penny Giesecke, pianist, played musical selections while the guests were being seated. "Edelweiss" and "Lara's Theme" were performed by Miss Lori Hanes of Wichita Falls on the flute accompanied by Mrs. Giesecke as the grandmothers and mothers were seated. Upon seating of the mothers, Miss Lori Beckham of Lubbock sang "This is the Day." This was followed by the chiming of the hour by Mrs. Hardin. During the ceremony, Miss Beckham sang "I've Waited a Lifetime" and "My Tribute." As the unity candle was lit, she sang "Love Grows Here" with flute and piano accompaniment.

Given in marriage by her father, the bride wore a floor length gown of white taffeta. The Victorian hi-neckline was complimented by a drop shoulder-yoke of schiffli embroidery trim. The Venise lace medallion on the sleeves were layered with wedgewood lace tiers which formed the Victorian style. The gown was featured with a Victorian lace ruffled bodice. The V-shaped basque waistline was accented with wedgewood lace. The taffeta skirt was hemmed in rows of wedgewood lace forming three tiers which flowed into a cathedral train designed by Alfred Angelo. To complete her ensemble, the bride chose a pearl ganded wreath headpiece highlighted with a filament edged veil of pouf, and a side spray of silk flowers and pearls.

The bride chose a cascade bouquet of dusty rose and white roses, dusty rose oriental blossoms and burgandy enchantment lilies, all enhanced with babies breath. The custom-designed bouquet was surrounded by a ruffle of white lace with matching lace mini-fans interspersed throughout the flowers. White lace ribbon streamers completed the long cascade.

Carrying out the tradition of "something old", the bride wore a strand of pearls belonging to her paternal grandmother, the late Era Norrell. "Something new" was her wedding attire. The bride wore a pair of diamond earrings borrowed from her mother. Completing the tradition was a blue garter, made by the bride's mother, and in her shoe, two pennies minted in her birth year and that of the bridegroom. The bride chose to carry rings belonging to her paternal grandmother, Era Norrell, and the groom's late maternal grandmother, Esther McGaughey, in her bouquet.

Serving as matron of honor was Vickie Norrell of Floydada, sister-in-law of the bride. Bridesmaids were Mysti Younger of Lubbock and Fanchon West of Canyon. Amber Poole of Dougherty, cousin of the bride, served as junior bridesmaid. Each wore tea length gowns of dusty rose taffeta designed with a lace, fitted bodice. The hi-neckline, V-shaped waistline and gathered skirts resembled the old-fashioned look of the bride's gown. They carried white lace fans designed with sprays of dusty rose and white roses, oriental blossoms, burgandy enchantment lilies and babies breath. They were tied with white lace bows and ribbons.

The groom wore white tails and his groomsmen and ushers were attired in formal silver tuxedos with dusty rose cummerbunds and bow ties. Serving as best man was Mark Lee, of College Station. Groomsmen were Wade Brooks and Ward Brooks, brothers of the groom. Guests were seated by Gerry Norrell, brother of the bride; Patrick Lloyd of Austin and Blake Davis of Littlefield.

A cross-stitched Precious Moment wedding portrait, made by Vickie Norrell, was presented to the bride and groom to decorate the registration table. Presiding at the table was Lori Hanes.

Following the ceremony, a reception was held in the Wall Street Parlor. The bride's table, covered with a floor length lace cloth, was centered with the bride's bouquet and surrounded by her attendant's bouquets. The four-tiered wedding cake was decorated with dusty rose roses and tiny burgandy rosebuds with small pink ribbon all swirling around the cake. Atop the cake was a Precious Moment given to the bride and groom by the bride's parents. Serving cake and punch at the bride's table were Robin Daniel of Wolfforth, cousin of the bride, Jodie Hight of Dawn, Pam Cathey of Pampa and LaDonna Ellison of Petersburg.

The groom's table was decorated with a western theme consisting of branding irons and spurs belonging to the groom and his late grandfather, Arthur McGaughey. Serving as centerpiece for the table was a cross-stitched veterinarian symbol made by the groom's aunt, Edith Beck. A vegetable tray, finger sandwiches, ham pinwheels and coffee were served by Holly Lee of College Station and Carol Williams of Floydada.

Members of the house party were Leora Younger, Kay Dean Smith, Darlynn Hambright, Jane Pruitt, Carolyn Cheek, Kathy Mulder, Carolyn Smith and Janis Julian.

The bride chose a two piece blue denim dress with an ivory lace collar for traveling.

After a wedding trip to Florida, the couple will make their home in College Station where the groom will be attending the College of Veterinarian Medicine at Texas A&M University. The bride will be employed as an elementary teacher in Navasota.

A rehearsal dinner was hosted by the groom's parents in the fellowship hall at the First United Methodist Church. A bridesmaids' luncheon was held on Saturday, June 6 in the home of Mrs. Molly Burleson, hosted by Mrs. Lou Burleson.

Other courtesies honoring the couple included a miscellaneous shower in the home of Mrs. Leora Younger of Floydada; a lingerie shower in the home of Mrs. LaDonna Ellison of Petersburg with Mysti Younger, Jodie Hight, and Lori Hanes assisting; and a spice and rice shower in the home of Mrs. Deedie Covington of Dougherty with Sherese Covington and Vickie Norrell assisting. Also, a "honey-do" shower was given by the teachers at Duncan Elementary.

'Taxpayers best friend' award to Senator Gramm

When it comes to spending taxpayers' dollars, U.S. Sen. Phil Gramm, R-Texas, is rated as one of the most responsible members of the U.S. Senate.

Following an analysis of votes cast in the first half of the 99th Congress, Gramm has been awarded the "Taxpayers Best Friend" award by the National Taxpayers Union.

The only senators ranked higher were U.S. Sen. William Proxmire, D-Wisc., and U.S. Sen. Jesse Helms, R-N.C.

"In order to be completely fair and objective, the National Taxpayers Union has analyzed every vote that affects the amount of federal spending," said James Davidson, chairman of the organization.

"To recognize those members of Congress who have the courage to consistently vote for limiting the size of the federal budget, the National Taxpayers Union gives special 'Taxpayers Best Friend' awards."

Davidson applauded Gramm for an "outstanding" record of voting "to keep government spending down and to protect the taxpayer's pocketbook."
