Eleven Czech Communists Are Hanged By Comrades

RIDE 'EM BUCKINGHAM!

Right on hand for winter sports thrills in Omaha, Neb., is Buckingham, 7-year-old English Pointer, shown zipping down a 300-foot hill on a toboggan. At first Buck rode teamstyle with Larry Linn, 13, (right) but as he got bolder he found it more fun to go alone. In the summer he plays follow the leaders with the boys down playground slides. Buck lives in an all-brick Tudor style dog house attached to the Linn residence, known, of course, as Buckingham Palace.

Men Accused Of Holding 2 For Ransom

JUAREZ, Mexico, Dec. 3 (AP) — Three men accused of luring two Texas youths across the border, torturing them and holding one for ransom were held today by Chihuahua State Police.

Gregorio Dominguez Marrufo, chief of the State Police, yesterday declined to name the youths he said were kidnaped. Other sources here said they were believed to be Kit and Dean Bramlett, sons of John Bramlett, a farmer on the American side of the Rio Grande near Bosque Bonito.

Dominguez Marrufo said the farm youths were seized last Friday at Bosque Bonito, a village which straddles the Rio Grande 60 miles south of Sierra Blanca, Tex.

The police chief said two other men are still sought, one a former State Police officer.

Dominguez Marrufo said the men he arrested and jailed in Juarez are Eduardo Villanueva, Guadalupe de Laa O and Armando Urango. He did not announce the names of the two who are being sought.

Juarez informants, who declined to be named gave this account:

Two Mexicans offered an American farmer some cattle at a good price last Friday at Bosque Bonito. The farmer sent his two sons into Mexico to inspect the animals.

Three other Mexicans appeared after the sons had crossed the international boundary, seized and brutally beat the youths. Then they ordered one brother to return home and obtain 12,000 pesos (about $1,400) ransom. The second was held as hostage.

Both were released after the money was delivered.

Their father left at once to notify Gov. Oscar Soto Maynes in Chihuahua City, 231 miles south of here. Soto Maynes sent Dominguez Marrufo to investigate and the arrests followed.

Engineers Warned Of Losing Jobs Today

MIAMI, Fla. (AP)—Eastern Air Lines planned to resume some Constellation flights today and told striking flight engineers to return to work by 2 p.m., Eastern Standard Time, or lose their jobs.

EAL officials said two Constellation flights from New York to Miami and one northbound from Miami would be made, using flight engineer supervisors as regular crew members.

EAL's Constellation fleet was grounded at 6 a.m. Monday when flight engineers struck for higher wages after several weeks of negotiations for a new contract.

Congressmen Say Space Limit For Press Is Unconstitutional

WASHINGTON (AP) — A suggestion that Congress seek by law to limit the editorial space a newspaper may devote to a political candidate today was emphatically opposed by a congressional committee.

The suggestion was made by Rep. Clare E. Hoffman (R-Mich) to a special House committee studying federal election laws with a view to recommending changes to the new Congress. Hoffman will head the important House Government Operations Committee starting next year.

"It's just unconstitutional," said Chairman Boggs (D-La) when asked what he thought about Hoffman's proposal.

"Impractical," commented Rep. Keating of New York, top Republican on the committee.

"It's unworkable and unconstitutional," was the reaction of Rep. Karsten (D-Mo).

You can't do anything about it if a paper wants to favor one candidate editorially," said Rep. McCul'och (R-Ohio). "The Constitution guarantees the freedom of the press to print what it wants."

"Why shouldn't there be some limit on the editorial space" a newspaper may give to a candidate? Hoffman asked, citing the present law limiting financial aid to a candidate.

Hoffman admitted that there might be some complications involved, and later told a reporter he knew he had "put his foot in it" by making such a suggestion, but still contended he thought it a good idea.

He said if individuals are restricted as to the amount of money they may contribute to a campaign, a newspaper should be limited to the space it gives candidates because, he said, "some of these editorials are nothing more than ads, anyhow."

Censorship Is Being Studied

WASHINGTON (AP) — Police censorship of all comics and pocket size books was viewed with favor today by lawmakers investigating ways to curb sales of obscene and gruesome literature.

A special House committee engaged in the probe called for additional testimony on the subject today but most members seemed to favor the way The Detroit police handle the problem.

They heard Inspector Herbert Case yesterday detail the operations of his bureau which censors all comics and pocketsize books that are offered to sale in the Michigan city.

Case explained how enforcement of a strict state law against the sale of obscene books has kept off the news stands a large volume of material sold elsewhere in the country.

Case testified that distributors voluntarily go along with his bureau when they request a withdrawal.

Martin. P Durkin, head of the AFL plumbers union, poses in Washington after his selection by President-elect Eisenhower to be Secretary of Labor. Durkin is a Democrat, who voted for Adlai E. Stevenson for President.

More Purges Are Believed Coming

VIENNA, Austria, Dec. 3 (AP)—Rudolf Salnsky, former boss of the Czechoslovak Communist Party, was hanged today with 10 others who once worshipped at the shrine of Joseph Stalin. They died at Prague's Pankrac Prison—as traitors to Stalinism.

Prague Radio announced the executions, carried out only six days after the 11 were sentenced to death. This foreshadowed a possible new and even broader purge of Czechoslovak Communist ranks.

Eight of those executed, including Slansky, were Jews whose wooden confessions in their trial had the appearance of a concerted attack by the Communist Party on world Jewry. Three others who were tried drew life sentences.

Slansky, with former Foreign Minister Vlado Clementis and the others, confessed to a long list of crimes against Stalinism. Those included "Trotskyite, Zionist, buorgeois-nationalists" activities, plotting with "Anglo-Amercan Imperialists" and other actions communism regards as treason.

Most of the purge victims had been high in Communist Party councils, giving the trial the appearance of a climax of a struggle for power between Slansky and President Klement Gottwald. But the anti-Zionist tone of the proceedings indicated the purge was to spread to all the other satellite Communist countries and perhaps even to the Soviet republics inside the USSR.

Within the Soviet Union itself, there were signs of a growing reign of terror, particularly in republics such as the Ukraine. There a Soviet military court has just sentenced three high party trade officials to death as "enemies of the people" for embezzlement. The heavy sentence was highly unusual for this crime, rife throughout the whole USSR. The charge that the three hid gold acquired in their operations hinted that the Ukrainian underground movement, rising out of its own ashes, was active again and the real target of the crackdown.

EXECUTED SWIFTLY

Trials now are expected soon in Romania, where Jewess Ana Pauker, former party boss, has fallen from grace with many others; in Poland and in the other satellites. In Czechoslovakia, it looked like only the beginning of a reign of terror among former party stalwarts who backed the wrong horse. The assignment of a new ambassador from Prague to Moscow and the arrest of the foreign trade minister, announced yesterday by Prague Radio, hinted at more bloodletting in the purification of the Czech Party.

The swiftness of the executions in Pankrac Prison came as a surprise. There had been some thought that the 11 would be spared long enough to testify against others in the forthcoming purge, but apparently Gottwald did not want to risk the wait.

KREMLIN SPOKESMAN DIES

Those who died with Slansky, the Czech party's former secretary general, were:

Clementis;

Bedrich Geminder, former head of the Communist Party's International Section and Kremlin spokesman in Paragues;

Otto Sling, former deputy secretary general of the party;

Ludvik Frejka, former head of the State Economic Commission;

Bedrich Reicin, an ex-general and former deputy defense minister;

Otto Fischl, former deputy finance minister;

Rudolf Margolius, former deputy trade minister;

Andre Simone, ex-editor of the Czech Communist Newspaper Rude Pravo;

Josef Frank, formerly Slansky's deputy and a member of the party's Presidium;

Karl Svab, ousted last year as deputy minister of state security.

The other three defendants, given life sentences, were Arthur London and Vavro Hajdu, both former deputy foreign ministers, and Evzen Loebl, former deputy foreign trade minister.

Truman And Adlai Start Conferences

WASHINGTON (AP) — Adlai Stevenson and Harry S. Truman meet in the White House today to sift the past of the Democratic party in search of its future.

The accent will be on the future but uppermost in the two-day talks between the President and the man he tried hard to make his successor will be the question:

What happened to the Democratic party in the 1952 election which Republican presidential nominee Dwight Eisenhower won by a landslide?

Stevenson, governor of Illinois and defeated Democratic candidate for president, is flying to Washington from Atlantic City, N. J., after attending memorial services for the late CIO President Philip Murray.

The Truman-Stevenson meeting almost certainly will help define just what role Stevenson will play in the Democratic party's future. Party Chairman Stephen A. Mitchell told a news conference yesterday—his first since the Nov. 4 election — he believes Stevenson must continue as standard-bearer but said he does not know just how to describe his duties.

"The active titular leader" was the expression Mitchell used when he smilingly replied to a question as to whether Stevenson would be the active or titular head of the party.

Mitchell said he intends to remain as party chairman "on an indefinite basis" and plans to travel the country meeting state and local Democratic leaders.

As the minority party, Mitchell said, the Democrats will place greater emphasis on its members in Congress. Party policy will be expressed in Congress but "won't necessarily originate" there, he said in explaining his concept of the Democratic National Committee as a sort of clearing house between Democratic legislators and others outside the federal government who are "responsible voices" in the party.

Stevenson is due in Washington by commercial plane at 5:28 p.m., Eastern Standard Time, for his first meeting with President Truman since his White House briefing on the diplomatic and military situtation shortly after his nomination.

Wildcat Staked For Drilling In North Garza

Leland F. Long of Mineola has spotted location in Central - North Garza County for a 3,400-foot wildcat.

It will be drilled as the No. 1 Leland F. Long, 330 feet from north and east lines of the north half of the northwest quarter of section 1112-Abstract 1009-TTRR, 10 miles east of Southland and 15 miles north and a little west of Post.

Rotary tools will be moved in to begin immediately.

CORONET FIELD

Cosden has filed application to deepen two of its projects in the Coronet 2900 field of Northeast Howard County.

The No. 1-D Chester L. Jones, originally to go to 3,000 feet, is to be deepened to 5,000 feet to test the Clear Fork pay. No present depth was reported. It is 330 feet from south and 900 feet from east lines northeast quarter of section 59-20-Lavaca, three miles east of Vincent.

DRILLING REPORT

The No. 1-E Jones, now at 3,330 feet in lime with no shows, will go to the same depth as the No. 1-D Jones. It is 330 feet from south and west lines of the north half of the southeast quarter of section 59-20-Lavaca, three miles east of Vincent.

Cosden has set a new location in the Cornet Field as the No. 2-B Chester L. Jones, 330 feet from south and 990 feet from east lines of section 5-25-H&TC, three miles east of Vincent. Rotary tools will begin at once to drill to 3,000 feet.

Standard of Texas No. 3-1 Chester L. Jones, wildcat re-entered in Northwest Mitchell County which had been plugged and abandoned at 7,911 feet in 1951, has again been plugged and abandoned. Testing the Coronet pay, Standard cleaned out to 2,930 feet and had no shows.

It is 660 feet from south and east lines of the southeast quarter of section 6-20-Lavaca, four miles east of Vincent.

Standard No. 1-1 Dunn, another wildcat re-entered in Northwest Mitchell County for testing in the Coronet pay, is now cleaning out at 550 feet. It will clean out to 3,000 feet and test.

Magnolia No. 2 A. C. Martin in the Kelley - Snyder field four miles southwest of Snyder took a drillstem test in the Pennsylvanian at 6,938-968 feet. Tool was open 26 minutes, and it recovered 975 feet drilling mud with no shows oil, gas, or water. It is now coring at 6,990 in lime.

Superior No. 2-517 Lemons, Northeast Borden County wildcat, tested for an extended period in Mississippian lime above total depth of 8,205 feet. There was no report of whether it developed any possible production. Operator cored at 8,202-207 feet and is now preparing to test the five feet of new hole.

UN To Complete Approval On Peace Plan; Due Red Rejection

UNITED NATIONS, N. Y. (AP)—India's plan for bringing peace to Korea heads for final approval today by the full U. N. General Assembly. Once okayed it will be sent on for an already promised rejection by the Chinese and North Koran Rds.

The Assembly at its plenary session this afternoon was expected to give the Indian resolution the same overwhelming endorsement it received Monday over bitter Soviet bloc opposition in the Political Committee.

The committee exhausted by more than a month of heated argument on Korea, brought 53 Western and neutral countries together in a solid bloc to approve India's compromise prisoner of war plan over five negative Soviet bloc votes and an abstention by Nationalist China.

Delegates expected the vote to be identical in the Assembly, following a brief debate. Further fireworks were not expected, since the Assembly action is merely a formality and speakers usually are required to limit their arguments to from five to seven minutes.

The amended Indian resolution calls for a four-power commission and a fifth-power umpire to handle the repatriation of all prisoners on the Western principle that they will not be forced to return home if they don't want to, and provides for the U. N. to take over all those who remain behind if their fate hasn't been settled in four months.

Once passed, Assembly President Lester B. Pearson of Canada sends it to the Red Chinese and North Korean commanders and urges them to accept it as quiekly as possible so an armistice can be effected. Even the author of the plan, V. K. Krishna Menon, expressed doubt that the Reds would accept it, but he said India would continue to keep in contact with Peiping in an effort to find a way to bring the warring East and West together in an agreement.

ONE MAY SUCCEED MURRAY

Allen S. Haywood (left) CIO vice president, and Walter Reuther, president of the Auto Workers Union, stand under a huge portrait of the late Phillip Murray, CIO president, at the union's convention headquarters in Atlantic City, N. J. Both are contenders to succeed the presidency although Reuther seemed virtually assured of the position after a close and bitter political battle among CIO unions.

After News Blackout Election Results Change In Venezuela

CARACAS, Venezuela (AP) — Venezuelan military leaders last night plumped Defense Minister Marcos Perez Jimenez into the nation's presidency shortly after an official announcement that the pro-government party was leading in returns from Sunday's elections for a constituent assembly.

Perez Jimenez said he would respect the election results and the Supreme Electoral Council said the government-backed Independent Electoral Front (FEI) was leading with 570,123 votes. It listed opposition ballots at 473,880 for the leftist Democratic Republican party (URD) and 138,003 for the Christian Socialists (COPEI). Just over two million persons were eligible to vote.

(This was considerably at variance with earlier unofficial returns Monday which showed the URD taking more than 50 per cent of the vote. Shortly after these returns developed, the government clamped on censorship and correspondents were unable to file other election dispatches until the announcement of Marcos Jimenez' elevation and of the official returns.)

(Caracas newspapers published Monday night showed the URD leading with 294,595 votes, the FEI a poor second with 147,528 and the COPEI trailing with 89,905. The figures were not disclosed abroad until the newspapers reached Willemstad, Curacao, Netherlands West Indies, yesterday.)

Perez Jimenez took office immediately after the three-man junta—in which he was a key member and which has governed Venezuela since 1950—resigned its power to six top representatives of the nation's armed forces. The latter group, which included the defense minister, then announced it had decided to name him as president.

Morrow Said Off Committee

WASHINGTON Dec. 3 (AP) — Chairman Stephen Mitchell of the Democratic National Committee says that so far as he is concerned Wright Morrow is no longer the committee's member from Texas.

Mitchell was asked about the situation yesterday at a press conference, his first since conclusion of the presidential campaign.

Morrow submitted his resignation during the campaign and the national committee then named House Speaker Sam Rayburn to direct Texas activities for the campaign of Gov. Adlai Stevenson of Illinois and Senator John Sparkman of Alabama.

Mitchell said yesterday that although the Texas State Democratic executive committee refused to accept Morrow's resignation, the national committee considered the resignation official and Morrow is no longer a member.

The Texas State Democratic Executive Committee—or most of its members — supported President-Elect Dwight D. Eisenhower in the presidential campaign.

Mitchell did not say how the position he says Morrow has vacated would be filled.

Talk Of Bail In High Court

AUSTIN, Dec. 3 (AP)—The Court of Criminal Appeals was asked today to reconsider its decision that granted bail for Nago Alaniz in the South Texas political slaying of Jake (Buddy) Floyd Jr.

The state filed the motion for rehearing just one day after Mario (El Turko) Sapet asked a rehearing on the court's decision refusing him bail in the same case.

Both are being held in jail in Alice.

Oral argument on Sapet's motion was set for Dec. 10. Date had not yet been set for oral argument on the Alaniz motion.

The pair were charged with murder after young Floyd, son of politically prominent Jake Floyd Sr., Alice attorney, was shot down by mistake in a garage ambush at the family home in Alice.

The charges said neither Alaniz nor Sapet was present at the time of the shooting but alleged they furnished arms and aid to the unknown slayer. The plot apparently had marked the elder Floyd and Dist. Judge Sam G. Reams for death.

Temperature Fluctuates

The temperature struck a low of 26 degrees last night but had jumped to 41 degrees by 7:30 o'clock this morning, according to Mrs. D. P. Strayhorn, official weather observer. The high temperature yesterday was 65 degrees, she said.

WEATHER

WEST TEXAS: Partly cloudy Wednesday and Wednesday night and Thursday. No important temperature changes.

State Department Jobs Safe For Loyal Men, Dulles Says

WASHINGTON, Dec. 3 (AP)—John Foster Dulles, who will be the next secretary of state, declared at the State Department today that "loyal servants of our government have nothing to fear" from the Eisenhower administration.

He specifically promised that the foreign service will be "protected as a non-partisan career group." Foreign service officers are the professional diplomats who represent the U. S. board.

At the same time, Dulles asserted that "many angles...need to be looked into and will be looked into very thoroughly." He did not amplify.

Dulles conferred with Secretary of State Acheson 30 minutes, talked briefly with reporters and then went to the Pentagon to confer with Defense Secretary Lovett.

The visit was Dulles' first to the State Department since the political campaigns during which he bitterly criticized Acheson policies.

His conversation with Acheson, Dulles said, was concerned with "the problems of transition which will be involved in the incoming of the Eisenhower administration."

Dulles said he did not intend "at this time to get into any matters of substance."

Dulles is one of the latest of President-elect Eisenhower's Cabinet selections to set up working relations with their Truman administration predecessors—an unprecedented move suggested by President Truman to ease the shift of administrations.

Another of Eisenhower's Cabinet appointees, George M. Humphrey, due to be secretary of the Treasury, also confers today with the present holder of that post, John W. Snyder.

Five fat volumes dealing with the whole range of American foreign policy and its operations were available for Dulles' initial study. Two of these, prepared especially for Dulles, deal with the work of the State Department in countries all over the world. The other three, prepared for Eisenhower and presented to him by Truman, concern a global survey of foreign policy, world danger spots and emergency plans for dealing with any sudden crisis.

State Department Handling Of Reds Is Rapped By Grand Jury

NEW YORK (AP)—A critical federal grand jury and the State Department showed apparent disagreement today over just how much the department is doing to help ferret out American Reds on the United Nations headquarters staff.

The grand jury, in a report made here yesterday, said the State Department gave "disloyal officials a clean bill of health" in some of "the most flagrant and obvious cases of disloyalty."

The report also said the State Department "stymied" the panel's inquiry into the matter. Last night one of the jury's members said there even appeared to be State Department pressure to have the report withheld.

The State Department, in a statement issued last night in Washington, said it had no authority over U. N. personnel but that it had drawn the attention of the U. N. to Americans whom it "believes to be Communists."

In reply to the jury's contention it withheld certain names of department officials who reviewed and cleared four of the cases, the department said it did so because questioning would have concerned confidential files.

The grand jury report was added fuel to the weeks-long debate on the question of suspected American Communists on the U. N. staff.

A U. S. Senate internal security subcommittee, which has been investigating the matter, promptly made the panel's 3,000-word report part of its own record.

Sen. Herbert O'Conor (D-Md) sitting here as a subcommittee of one, said his group would consider the report in the light of necessary legislation.

O'Conor took up the jury's statement just before the subcommittee adjourned indefinitely its hearings here.

The federal grand jury's report, handed up to Judge David N. Edelstein, said many disloyal Americans moved from one U. S. government post to another and finally infiltrated the U. N. as part of a "definite planned pattern."

Making its report on the last day of its nine-month term, the grand jury urged that a new panel be appointed to carry on its work.

No individuals were named in the report, which was not an indictment.

The report made these allegations, among others:

1. Many of the jury's witnesses, among them American employes of the U. N., refused to answer questions concerning past or present Communist party membership and in some cases past or present espionage against the United States.

2. In some instances "the State Department did supply adverse reports against a U. S. citizen in the U. N. but the U. N. failed to take action."

3. The "infiltration" of Americans "closely associated with the international Communist movement" into the U. N. appears "to result from the contrivance of certain highly placed officials who have surrounded themselves in each (U. S.) government agency, and then in the United Nations with personnel who share their disloyal convictions."

4. The present arrangement between the State Department and the U. N. to exchange information to prevent U. N. employment of disloyal Americans has "failed miserably."

5. The jurors' attempts to discover the reason for "misleading evaluations" by the State Department concerning some U. N. employes was blocked because the State Department refused to furnish the names of department personnel "responsible for the faulty evaluations."

GREETINGS MASTER

Spot was one of the most avid greeters at the Port of Embarkation in San Francisco as his master, PFC. Nicholas Gonzales of Oakland, Calif., arrived home from Korea. Here he aims a welcoming lick. Gonzales was among 3,485 combat veterans that arrived aboard the Gen. Nelson Walker.

Veterans' Leaders Here For More Vigorous War In Korea

Veteran's leaders here advocate a stepped up war in Korea to end the conflict there and to put the "fear of God fearing people in the communists."

In advocating more vigorous war in Korea, the local veteran leaders are echoing the sentiments of the national veteran's organizations leaders, as the only possibility of a quick and honorable end to the present war.

Ray Niedecken, commander of the Snyder American Legion post, said, "If it takes an all out war to end the conflict in Korea, the local American Legion post will support the thinking of our national commander on it."

Niedecken said that the Legion's national commander had just returned from a visit to the front lines in Korea, and that he has stated that an all-out war would not be any worse than the present conflict, and it would offer the possibility of a military victory in the reasonable future—where there is no offer of victory now.

But Niedecken said that no veteran of any war wishes to see another war. "We don't want war if there is any other honorable way out of the mess we are now in in Korea," he stated.

"I'm all for it, if the truce negotiations now under way don't end the war in Korea soon," Ed Chapman, commander of the Veterans of Foreign Wars post here, said.

Chapman added that he believed the United Nations could quickly bring the Chinese Communists to their knees, by crossing the Yalu River and making an all-out offensive.

Chapman went one step further, and said he believed that if nothing else worked to end the war, that we should use atom bombs.

Chapman said he believes almost everyone has the same thinking on the Korean situation—at least everyone who voted for Dwight Eisenhower for president, and most enhower for president, and almost

Bids Asked For Road Construction In Howard

Sealed bids are being taken by the state highway department for construction of 17.871 miles of farm-to-market road in North Howard County.

The road is to be built northwest of Big Spring from Highway 87 north to the Howard - Borden County line and from there west back to the highway at the Borden-Dawson County line.

Plans and specifications are available at the department's office in Colorado City or in Austin.

Snyderites In Oil Group Are Given Posts

C. T. McLaughlin, Snyder oilman, was re-elected vice - president of the West Central Texas Oil & Gas Association at the group's annual membership banquet in Abilene last night.

Ralph Geisenhoner, vice-president of the Snyder National Bank, and Woody Wilson of Ira were elected to the association's board of directors.

Elected president of the organization was Lester Clark, Breckenridge oil operator.

The main address at the directors luncheon was made by James F. Allison of Tulsa, president of Warren Petroleum Corp. The directors passed a resolution commending and endorsing the action of Governor Allan Shivers and Senator - elect Price Daniel in defending the right and property of Texas and pledging them their full support and co-operation in any further efforts necessary to secure the return of the tidelands.

Clarkson Rites This Afternoon

Funeral services were to have been held for Mrs. May E. Clarkson at 3 o'clock this afternoon in the First Baptist Church.

Mrs. Clarkson, 74, died of a heart attack yesterday morning in her home on Arah route. She had lived in Scurry County for 25 years.

The Rev. Cecil Rhoades of the First Baptist Church in Big Spring was to have officiated at the services assisted by the Rev. E. K. Shepherd, pastor of the First Baptist Church here.

Pallbearers were to have been Sam Shorn, M. M. Clark, Maurice Brownfield, Dee Pylant, Jones Chapman, and Henry Flournoy.

Flower bearers were to have been Mrs. Sam Chorn, Mrs. M.M. Clark, Mrs. Henry Flournoy and Mrs. Dee Pylant.

Mrs. Clarkson is survived by three daughters, Mrs. W. F. Coleman, Tolar; Mrs. Alton Winburne, Lubbock; and Mrs. O. D. Odom, Austin; and two sons, Lenoir Clarkson, Snyder, and Francil Clarkson, Greenville. She is also survived by eight grandchildren and three great-grandchildren.

Burial in the Snyder cemetery and funeral arrangements were under the direction of Bell Funeral Home.

HOSPITAL NOTES

The following admissions and dismissals at Battenfield Hospital are those whose names were released by the hospital.

Patients admitted: Mrs. E. A. Brooks, route No. 2, medical.

Patients dismissed: Laura Wild, daughter of Mr. and Mrs. George Wild of Snyder, medical; Floyd C. Blakely, 2709 Avenue S, medical, and Miss Phyllis Goodman 516 East Highway, medical.

Speaker Here At Lions Club

"Many men join Lions clubs for business advantages and later find that Lionism helps them to a useful life of contributing something to their community and their fellowman," George Spence, governor of Lions International district 2-T-2, said in a talk to the Snyder Lions Club yesterday.

In outlining the ideals of the Lions organization, Spence said that membership in the Lions does offer business advantages to its members, but that the members usually achieve personal honor and responsibility through community services.

Spence was introduced by the Rev. Ronald Hubbard, pastor of the First Presbyterian Church and Ivan Gatlin, fire marshal, who were in charge of yesterday's luncheon program.

Spence met with the Lions board of directors briefly after the luncheon program was over.

The Rev. W. W. Adcock, president, reminded members that there will be no luncheon next Tuesday, but instead the club will have a ladies night at 7 o'clock that night.

State Medical Director Quits In Fight Within Texas System

AUSTIN, Dec. 3 (AP)—Administrative troubles of the state hospital system flared into the open once more yesterday as Dr. George W. Jackson confirmed his decision to quit as medical director.

Jackson said he had written a letter of resignation Nov. 18 in which he told Hospital Board Chairman James E. Windham of Livingston:

"I submit this resignation to you because I feel that under the present organizational system it is impossible to make adequate progress within the State state hospital system."

Jackson said he was sorry word of his resignation had "leaked out" before the board could meet to consider the matter Monday, Dec. 8.

RIFT RUMORS FLY

Rumors of conflict over the question of authority between the medical director and Larry O. Cox, the board's executive director, have been prevalent.

Jackson, who left the Arkansas State Hospital superintendency to take the $15,000-a-year Texas post 20 months ago, told The Associated Press yesterday:

"The question of responsibility has been brought to the attention of the State Hospital Board on several occasions, and to date there has been no clarification of responsibility."

His acceptance of the medical directorship was based on assurances he would be directly responsible to the board, Jackson declared.

COX KEEPS MUM

He said he had this assurance even though state law makes the executive director the only person directly responsible to the board.

Cox said he had no statement to make about Jackson's decision but then added, "There's no friction or anything like that, I can assure you."

Dr. Walter C. Goddard, Austin, board vice chairman, described the problem as an "organizational one" and said there had been "no friction personal or otherwise between Dr. Jackson and members of the board."

He said the chain-of-authority question had been dsicussed a few months ago but no conclusions were drawn.

Justice Court Receipts High

Fines and court costs paid in justice court during November amounted to $150 more than the total for October. November's total was $1,242, and October's was $1,092.

Seventy - seven fines were paid last month totaling $266, and court costs on these totaled $976. Fines in Ooctober totaled $367, and costs totaled $725. In addition to these figures, court costs in one civil case in October was $1.20, bringing the total court receipts that month to $1,093.20.

The highest total of receipts so far this year was for April, $2,117 paid for 119 cases. Those listed are only those whose fines were paid. A few each month usually stay in jail two or three days, unable to pay their fines. Credit is given at the rate of $3 a day.

Nearly Two Inches Of Rain Here In November

Rainfall for November totaled 1.89 inches in Snyder, according to unofficial records.

This is over twice the figure for the average rainfall of .52 of an inch for that month. No rainfall was recorded last year during November. The last rain in Snyder fell on Nov. 26 when .44 of an inch of very slow rain was recorded.

1,180 Have Paid Poll Taxes For 1953 Voting

Poll tax receipts and exemption certificates issued by the county tax assessor - collector's office since Oct. 1 total 1,180.

The office has issued 374 exemption certificates and 806 poll tax receipts. Geral Greene, deputy assessor - collector, said he believed this was not a bad total thus far for an "off year." There are usually many more who qualify for voting during regular election years than in years in which no state or national office elections are scheduled.

The number of receipts and certificates issued for this year were more than 7,000. Final date for paying poll taxes for voting next year is Jan. 31. Receipts issued from Oct. 1, 1951 until last Feb. 1, are valid until next Feb. 1.

Man Of Many Duties Finally Gets To Bed

ALFRED, N. Y. (AP)—John Gorton was a busy man last night.

As a member of the village board, he was attending a meeting at the Firemen's Hall. An alarm sounded.

As assistant fire chief, Gorton drove a pumper to the shed fire, saw it put out and went back to the meeting. The phone rang. It was a call for an ambulance.

As an ambulance driver, Gorton raced to the accident scene, picked up a man who suffered minor injuries when his auto crashed through a bridge railing and drove him to a hospital.

As a citizen, Gorton went home to bed.

Mr. and Mrs. Matthew R. Davis of Snyder are the parents of a baby boy born at 2:28 o'clock yesterday afternoon in Battenfield Hospital. The baby, Norman Royal Davis weighs eight pounds and seven ounces.

Mr. and Mrs. E. L. Richards and sons, 3017 Thirty-eighth Street, have rteurned from a two-week vacation. They visited relatives in Magnolia, Ark., and Gilbertown, Ala.

Mrs. Tom Snow entertained with a party yesterday afternoon honoring her son, Tommy, on his sixth birthday. The party was given at their home, 1703 Avenue Q.

Guests included Karen Gail, Linda and Jackie Copeland; Jimmie Reynolds, Jay Hagwood, Linda and Bubba Brown, Timmy Raspberry, Lynn Parlmer, Norman Hoffman, Norma Jean Carter, Gloria and Mike Snow, Doyle Lee and Louise Thompson and Danny and Dennis Kennedy.

Also attending were Mrs. J. C. Copeland, Mrs. Norman Carter, Mrs. L. F. Brown, Mrs. Bud Hagwood, Mrs. L. Y. Palmer and Mrs. Cecil Kennedy.

Helps For Homemakers

Send your questions to "Helps for Homemakers" Snyder Daily News, or call 3-6486.

I am tailoring a suit for myself and bought wool instead of worsted on a friend's advice. I am afraid to cut into it without some advance instructions. R. V.

Specialists say shrink your wool fabric before cutting. Unless it is torn, straighten each end of the fabric by pulling a crosswise thread and cutting along this line. Fold fabric lengthwise with right sides together. Pin along selvages and ends. If fabric pulls diagonally it can be straightened when the fabric is damp.

Wet a sheet in warm water and wring it dry as possible. Fold it lengthwise and spread on flat surface. Lay the wool between the folded sheet, begin at one end and fold sheet and wool together loosely. Fold entire length and let stand 6 to 12 hours. Next, unfold and spread the wool flat, smoothing the wrinkles and making certain that the crosswise grain of fabric is at right angles to the lengthwise grain. Press if necessary but leave fabric flat to avoid stretching or pulling.

After actual construction of the garment, consider the interfacings carefully, the specialists say. Interfacings reinforce the garment you are tailoring to. give it a smooth firm look especially arond the shoulders, collar and front. Interfacings also hold the garment to its original shape. Muslin is a good choice for the interfacing.

* * *

Would you please suggest some pastries or sweets of any kind using honey instead of sugar? I have just found out my mother has sugare diabetes and although her diet calls for no sugar, she may use honey. I have only been able to obtain one cake recipe and would love to have a few hints to send her. Mrs. M. P., 1308 Nineteenth Street.

This recipe for pie uses honey instead of sugar. Here's what you need:

2 eggs
¾ cup honey
¾ cup evaporated milk
2 tablespoons melted butter
½ teaspoon salt
¼ teaspoon allspice
1 tablespoon grated orange rind
¾ cup walnut or pecan halves and pieces
1 8-inch unbaked pie shell

Beat eggs very slightly, add milk, honey, melted butter, grated rind, allspice and salt. Beat until all ingredients are well combined then add the nuts and stir slightly. Pour filling into pie shell and bake in moderate oven (350 degrees) for 40 minutes. Remove and cool before serving.

Peggy Kirkland Is Honored With Party On 12th Birthday

Peggy Kirkland, daughter of Mr. and Mrs. Raymond Kirkland, marked her twelfth birthday Sunday with a party at her home, 1003 Twenty-third Street.

Doris Kirkland directed games.

Guests included Judy Lockhart, Mary Ann Price, Jerry and Leonard Roach and Sarah and Joyce Lee Kirkland.

OES Deputy Matron To Visit Chapter; Banquet Is Planned

Mrs. Hazel Nunn of Sweetwater, deputy grand matron, will make her official visit to the Order of the Eastern Star chapter 450 at 7 o'clock Friday night.

A banquet at 6 o'clock will precede the meeting. Reservations for the banquet, to be held in the Manhattan banquet room, are to be made by 10 o'clock Friday morning by calling Mrs. R. L. Terry, worthy matron, at 3-3135, or Mrs. Carl Smith, secretary, at 3-3042.

PERSONALS

Guests in the home of Mr. and Mrs. W. C. Sheldon, Clairemont Road, have been his sister, Mrs. M. E. Steele, and Mr. Steele of Odessa.

Mr. and Mrs. Charles Brunes and daughters, Legene and Alice Marie, 600½ Thirty - first Street have returned from Wichita Falls where they visited Mr. and Mrs. B. Howes.

Guests in the home of Mr. and Mrs. Sam Craig, 1602 Avenue L, have been their son, Herman Craig and Mrs. Craig, of Jacksboro, Tex., and another son, Thurmon Craig, and Mrs. Craig of Sweetwater.

TODAY'S WOMEN

Andrews Sisters' Husbands Get Trouble In Triplicate

By DOROTHY ROE
AP Women's Editor

"When you marry one of the Andrews sisters," says Lou Rogers, who did, "you acquire all marital problems in triplicate."

You have to cope with three sets of temperaments, keep track of three railroad tickets, take advice from three backseat drivers and light three cigarettes on a match.

"But," adds Lou hastily, "I love it."

This quiet young man is married to Laverne, the red-haired one of the famous singing trio. Patty, the blonde sister, is the bride of Walter Weschler, pianist for the act. Maxene, the bruette, is divorced—her former husband didn't fit into the act.

Having lunch with the Andrews sisters and husbands is an experience.

The girls arrive breathlessly, laughing, full of apologies for being late, trailed by husbands picking up fur coats and compacts and signaling headwaiters.

To avoid confusion each sister wears her name in diamonds and rubies, pinned to her chest. Laughs Patty:

"Sometimes I feel even our husbands might get us mixed up if we didn't carry identification. Not that we look alike (they don't) but actually we do often sound alike, act alike and rush around alike.

"We're likely to make the same mistakes too, such as forgetting schedules and leaving things in hotel rooms. Husbands are awfully comforting at times like this."

At this point Lou excuses himself, explaining:

"I've got to go buy a strap for Maxene's suitcase. We're leaving this afternoon and she broke the lock."

"You see what I mean," says Patty.

Both current husbands say that wooing an Andrews sister is something to try the courage of the strongest man. Walter explains:

"You have to pass muster with all three of them before you even have a chance to hold hands with the one you want. It's sort of like standing trial before a three-judge court."

Lavern, Maxene, and Patty have been crooning their snycopated ditties in night clubs, radio and movies for quite a few years since they left high school in Minneapolis to go on the road with a vaudeville act.

Today they probably are the country's best-known sister act, and despite the hazards of clashing temperaments, split-second schedules and the general hysteria of show business, they still like each other. Says Maxene:

'Oh, we blow up at each other now and then, but that only clears the air. Each of us would fight anybody who made a dirty crack about either of the others."

EVENTS OF THE WEEK

WEDNESDAY

Leisure Bridge Club, 7:30 p.m., with Mr. and Mrs. A. C. Floyd.

7:30 p.m., Lion Oil Camp.

Snyder Beauticians' Association Christmas party, 7:30 p.m., with Mrs. M. M. Clark, 2803 Avenue X.

Jimmie Towle Is Elected To Head Humble Club

Jimmie Towle was elected president of the Humble Club Monday night at a meeting in the Humble Recreation Hall.

Other officers elected include M. M. Martin, vice president, and Mrs. E. A. Denning, secretary-treasurer.

A covered dish supper was served, and plans were announcel for a Christmas dance to be given Dec. 20.

Arts Of Thought, Speech, Action Are Discussed At BSP

Mrs. Carolyn Reon was hostess for Beta Sigma Phi's meeting Monday night.

Mrs. Forrest Beavers discussed "The Art of Speech," and Mrs. Arel Faver discussed "The Art of Thought." In Mrs. Hugh Hopper's discussion of "The Good of Action" she contrasted sincere and insincere deeds.

Ten members attended.

Cyclone Kills Twelve

COLOMBO, Ceylon (AP)—A weekend cyclone killed at least 12 persons and destroyed food and tobacco crops and thousands of palm and tropical fruit trees in the Jaffna Peninsula of Northern Ceylon, it was reported today.

The storm Sunday and Monday ravaged virtually every acre of land in the peninsula, which is close to the southern tip of India.

LARGEST DAELERSHIP IN THE WORLD for Its Size

HERMLEIGH SPARK PLUG

Floyd Hacker, 180-pound senior, will quarterback the Hermleigh Cardinals Friday night in their tilt with Squadron for the bi-district title. Hacker has completed 41 out of 93 passes this year for 1,140 yards. Seven went for touchdowns, and only six were intercepted. The quarterback gained 163 yards on the ground for three touchdowns. The game will start at 7:30 o'clock Friday night in the Tiger Stadium. Tickets are now on sale in the office of the county superintendent.

OPEN SEASON

By DALE WALTON

Hermleigh is picked here to win the bi-district battle with Sanderson in the Tiger Stadium Frday night.

Sanderson downed the Cardinals in the tilt last year, but that team had a record just as good as Hermleigh's then. Hermleigh's is undefeated this season, and it is filled with players of four years' experience.

The game will begin at 7:30 o'clock Friday night, and a full house is expected. Tickets, which are on sale here at the office of the county superintendent in the courthouse and in Hermleigh, are going fast. All are for reserved seats, and they are selling at $1.25.

It's a good thing a new gymnasium will be ready for the Tiger cage squad next year, because they are going to pack in as many as the old gym can hold most of this year.

Gene Gibson's Tigers will make a good entry into Class 3-A. Last year, they exchanged wins with Sweetwater, Big Spring, and Plainview.

Sweetwater, coached by Bennie Rutherford, former North Texas State ace, is expected to be the power in the district.

The Tigers will open their season here Monday night in a bout with Slaton, then they will take on rougher competition Tuesday when Lubbock comes here. Both A and B squads will play in the tilts.

* * *

There's still no word as to whether Snyder fans will be able to buy advance tickets for the Stamford-Seminole regional game here Saturday.

Those wishing to attend will probably be forced to wait and buy tickets at game time Saturday. The game begins at 2:30 o'clock Saturday afternoon.

Class AA Gets Down To Brass Tacks In Football This Week

By The Associated Press

Terrell and Center battle at Kilgore Friday night in the headline game of the Class AA Texas schoolboy football playoff. It is important in two ways—it sends undefeated, untied teams against each other and from this game is likely to come the finalist of the top bracket.

Each school has won 11 games with Terrell romping to 391 points while allowing the opposition 68 and Center rolling up 373 points to 115 for the opposition.

There is no comparison of the teams since they played different foes and in different sections of the state, but Terrell will be a mild favorite to win and push into the quarter-finals.

Other top favorites in Class AA included undefeated, untied Floydada, which would appear to have fairly easy sailing this week in meeting Childress, Childress lost to Phillips, 39-0, and last week Floydada beat Phillips, 13-7.

SEMINOLE PLAYS STAMFORD

Stamford, also undefeated and untied, may run into more than bargained for this week against Seminole, which is not undefeated but has played probably a tougher schedule than Stamford. But Stamford has the scoring power and the defense. The Indians have rolled to 385 points in 11 games while giving the opposition just 49.

On down into the South are two undefeated, untied teams—Killeen and Huntsville. The stage is set for them to clash next week in the quarter-finals. Huntsville plays Ennis this week while Killeen has Belton. Huntsville will be a short favorite to win but Killeen would appear a heavy choice over a Belton team that has lost four games.

Five of the eight games in Class AA are Friday with this schedule:

FRIDAY'S SCHEDULE

Friday—Floydada at Childress, 2 p.m.; Stephenville at Graham, 8 p.m.; Terrell vs Center at Kilgore, 7:30 p.m.; Belton at Killeen, 8 p.m.; Bellville vs LaMarque at Richmond-Rosenberg, 8 p.m.; Saturday—Stamford vs Seminole at Snyder, 2:30 p.m.; Ennis at Huntsville, 2 p.m.; Weslaco at Yoakum, 8 p.m.

SENSATIONAL RECORDS

Records of the 16 teams remaining in the Class AA state championship fight:

Floydada, won 11, lost 0, 369 points, opposition 14.

Childress, won 6, lost 4, tied 1, 221 points, opposition 198.

Stamford, won 11, lost 0, 385 points, opposition 49.

Seminole, won 9, lost 1, tied 1, 285 points, opposition 97.

Stephenville, won 7, lost 3, tied 1, 256 points, oppositon 113.

Graham, won 9, lost 2, 495 ponts, opposition 87.

Terrell, won 11, lost 0, 391 points, opposition 68.

Center, won 11, lost 0, 373 points, opposition 115.

Ennis, won 9, lost 1, tied 1, 317 points, opposition 230.

Huntsville, won 10, lost 0, 325 points, opposition 47.

Killeen, won 11, lost 0, 279 points, opposition 40.

Bellville, won 10, lost 1, 270 points, opposition 94.

LaMarque won 10, lost 1, 317 points, opposition 142.

Yoakum, won 10, lost 1, 319 points, opposition 102.

Weslaco, won 8, lost 3, 235 points, opposition 135.

Professionals Pose Problems

NEW YORK (AP) — It has been common knowledge for some time that football is a funny game, but the mere fact still does not explain how a team of professionals, coached by an acknowledged master of defense, can on a given afternoon be completely outclassed from the opening whistle outclassed from the opening whistle and walloped by a score of 63 to 7.

That was the galling, experience which befell stout Steve Owen and his New York Giants in the cold and snow at Pittsburgh last week end. It was a nightmare the famous mentor from Oklahoma will never forget, starting from the moment Lynn Chandnois ran the first kickoff back the length of the field for a touchdown and lasting until the insatiable Steilers had poured across their final three scores in the closing period.

Owen probably came as close to explaining the debacle as it is possible to do when he said: "If you stay in football long enough, something like that is bound to happen to you." He proved that it had not destroyed his sense of humor by adding wryly, "I had a reputation as a defensive coach to uphold. If it hadn't been for that the score might have been 100 to 0."

The thought which comes to our mind is whether such a dizzy occurrence as that at Pittsburgh might not point up an essential difference between professional collegians. In other words, if two such college leaders as, say, Michigan State and Georgia Tech played each other 20 times over a number of seasons, would either of them ever suffer such a humiliating defeat as that which was inflicted upon the Giants?

Seriously, we doubt it, and this isn't meant as a knock at the money players. They put up a whale of a show week after week and play the best football that is to be seen. But, as we watched the Giants get their lumps on television, the thought occurred that they risked their necks less and less once they realized what was happening to them. They seemed to realize there was no percentage in dying for dear old Tim Mara U, and that there would be another game next Sunday. The collegians haven't enough time left to play it that way.

Carolina Needs New Coach To Lead Gridders

CHAPEL HILL, N. C. (AP)—The University of North Carolina today started looking for a new football coach to replace Carl Snavely, and speculation immediately centered on two former Tar Heel player greats — Jim Tatum and George Barclay.

Snavely resigned last night, effective Jan. 1. The University Athletic Council accepted the resignation and said the veteran mentor would be assigned other duties in the Department of Athletics and Physical Education, possibly teaching.

The white-haired, 54-year-old Snavely had guided the Tar Heels for 10 years, eight of them in succession. His 1946 and 1948 teams went to the Sugar Bowl and his 1949 squad to the Cotton Bowl.

His resignation came after the Tar Heels ended the three most disastrous season in their history. They won only seven of 28 games and only two weeks ago ended an 11-game losing streak by beating South Carolina. They won only two of eight games this year.

The athletic council said its coaches committee would recommend a new coach, but gave no indication as to who would be offered the job.

Tatum, head coach at Maryland and a great guard under Snavely when the latter first coached here in 1934-35, has been mentioned as the top candidate for the job for more than a year. Barclay, an all-time university lineman, was head coach at Washington and Lee until brought here last year to help Snavely install the split-T formation.

Other coaches already figuring in speculation are Art Guepe of Virginia, Johnny Vaught of Mississippi, a former assistant here, and Jim Gill, Snavely's long-time assistant on the Tar Heel staff.

In 1936 the Black Rapids Glacier in Alaska moved at the speedy rate of 115 feet per day, says the National Georgaphic Society.

Two Baseball Managers In State Are Rehired

PHOENIX, Ariz., Dec. 3 (AP)—Two Texas baseball managers have been rehired for the next season.

They are Bobby Bragan of the Fort Worth club in the Texas League and F. J. (Salty) Parker of Temple's Big State baseball league club.

This was announced at the meeting of minor leagues here yesterday.

Bragan goes back for the sixth straight season. The Cats finished second in the pennant race last season and have never been out of the first division since Bragan took over. In 1952, Parker steered the Temple team to its first league pennant.

In Britain gasoline is called petrol.

Stengel Tells How To Win Pennant In '53

PHOENIX, Ariz. (AP) — Tip to Hank Greenberg, general manager of the Cleveland Indians:

Wanna beat the Yankees for the pennant next year? Let Casey Stengel, the guy who stopped you four years in a row, tell you how.

"Nothing to it," says the eagy skipper of New York's world champions. "If you want to beat us, just make a trade with us. No fooling. Look at all the good players we gave away to other clubs in trades in recent years—Bob Porterfield, Jackie Jensen, Frank Shea, Tommy Byrne, Duane Pillette.

"That Greenberg pops off how he hates the Yankees and wants his players to do likewise. Does he think his Indians can win the pennant by hating us? No sir.

"Know how Cleveland can win the penant? By getting some of our players. That's how simple it is. If you can't lick 'em, get 'em on your side."

While Stengel was having some fun at the expense of his friendly rival from the Ohio city, Chuck Dressen, whose Brooklyn Dodgers bowed to Stengel's Yankees in the recent World Series, was accepting congratulations on having been rehired for another season as manager of the Brooks for a salary ranging from $35,000 to $40,000.

The Dressen signing along with the announcement that Joe Black, who all but pitched the Dodgers to the championship and won Rookie of the Year honors, also had signed his contract for 1953 came as the baseball convention wound up its three-day player draft and prepared to delve into one of the heaviest legislative agendas in many years.

Dressen, obviously delighted over his new pact, immediately announced the Dodgers were slated to meet with the Braves "in a day or two" in an effort to transact a deal. The little leader did not identify the players he intended to dangle in front of the eyes of Braves' officials but made no bones about the fact he was anxious to land Warren Spahn, Boston's star southpaw.

Asked whether he would be willing to give first baseman Gil Hodges and outfielder Carl Furillo for Spahn, Dressen smiled and said:

"All I can say is I'd be willing to break up my infield and outfield to get a good starting pitcher, preferably a left-hander."

Dressen said he planned to use Black as a starter and reliefer next season and expressed hope that such neweomers as Jim Hughes, Bob Milliken and Ronnie Lee would fortify the pitching staff.

Another Meeting For Woman Cagers Called

A second organizational meeting of the women's city basketball league will be held at 7:30 o'clock tomorrow night.

Mrs. Frances Perry announced that the meeting will be held at her home at the Sand Hill apartments on the Roby Highway.

About 20 women have indicated interest in the league. Mrs. Perry said enough women must join the organization to make up four teams before the league can be fully planned.

Matty Bell To Speak

SOUTH BEND, Ind., Dec. 3 (AP)—Guests at a banquet here tomorrow honoring the Norte Dame football team will hear an address by Matty Bell, athletic director at Southern Methodist University, Dallas, Tex.

Next season SMU and Notre Dame will renew their football rivalry.

Televiewers Watch New-born Baby Just After Its Birth

By ALTON L. BLAKESLEE
AP Science Reporter

DENVER (AP)—The baby born in view of television witnesses last night is a boy—Gordon Campbell Kerr by name—weighing in at 5 pounds 7 ounces, and mother and son are "doing fine."

It was a dramatic and history-making event, this first telecast of a human birth. Tiny Gordon became the youngest TV star to date, a record unlikely to be broken.

Millions of Americans were brought into a hospital delivery room to see Gordon seconds after he was born. The broadcast was carried on a nation-wide network Some Western cities will set it on film after this month.

The baby was delivered by Caesarean operation, taken by surgery from his mother, Mrs. Lillian Kerr, 38.

John R. Kerr, 35, the father and an Army sergeant, was looking at a TV screen in the hospital, confessing he was "as nervous as any father would be." Gordon is the Kerrs' third child, and second boy, all born by Caesarean operation.

First, the TV audience saw doctors preparing for the operation.

There came a loud rumbling sound. This was the heart beat of the yet-unborn Gordon, magnified through a stethoscope placed over his mother's abdomen.

The camera flicked elsewhere, to show modern care of premature babies. A few minutes later, it brought watchers back to the delivery room of the Colorado General Hospital of the University of Colorado Medical School.

A doctor was lifting Gordon, backside view, taken from his mother's womb, as another physician severed the umbilical cord.

Actually, the surgery had taken but one minute.

Gordon was carried to a nearby table, swathed in warmth-preserving blankets, then given the ministrations of skilled medicine customary for every baby.

Suction devices drew mucous from his mouth and nose, and Gordon began to live in a new strange world of atmosphere.

His little lungs drew in life-giving oxygen, and then came his faint cries, the way a baby starts to live in this world of air.

Quickly, doctors clamped the stub of the umbilical cord. Into his eyes went drops of silver nitrate, the usual protection against infection of our windows upon the world.

The telecast was sponsored by Smith, Kline and French, Philadelphia pharmaceutical firm, in co-operation with the American Medical Association, holding its sixth annual clinical session here.

Restoring Value To Dollar One Job Facing Economists

By SAM DAWSON

NEW YORK, Dec. 3 (AP) — Restoring part of the value of the dollar you earn—or at the very least, halting the shrinkage in the value of the dollar you save—will be one of the big tasks to be tackled by the financial wizards in the coming year.

The dollar now buys scarcely more than half as much in goods and services as it did before World War II. People now past their working years find their prewar savings shrunk—sometimes to the point of poverty.

The inflation that brought this about seems at last to have been halted. The problem now is to protect the value of the dollar and try to restore some of its lost purchasing power.

GOVERNMENT BLAMED

Leading financial figures are at work on this problem. Most recognize that government fiscal policies played a leading role in bringing on inflation.

William McChesney Martin Jr., chairman of the board of the Federal Reserve System says returning financial controls to a "free market" system and away from too much government manipulation, should do the trick.

But he outlines two "serious financial problems" of the coming year: 1. "The prospect of a substantial deficit in the federal budget," and 2. "The recurrent task of refunding large amounts of maturing government securities."

LOOKS TO CREDIT

Both could start inflation up again.

But the National City Bank of New York, in its December letter out today, says both could be avoided and actually the dollar's value can be improved if the government agencies will reverse present policies.

The bank wants the Federal Reserve to curb credit expansion, and says it still has tools to do that.

The federal budget can be balanced, the bank says, if spending policies are revised so that we get "more defense for fewer dollars." And the fact that billions of dollars have been appropriated but are still unspent will let the new Congress see if it doesn't want to renege on some of prior appropriations.

URGES LONGER DEBT

Then the bank sails into the problem of management of the public debt. It notes that since 1945 the gross volume of public debt instruments issued by the U. S. Treasury "runs to the fairly incredible total of 900 billion dollars."

"The need for floating these billions time and again has stopped the Federal Reserve from taking actions which could have given a heavier content to the 1952 dollar," the bank holds.

The bank urges that the new secretary of the treasury fund as much of this floating debt as possible by converting it into long-term government securities.

Such a policy, the bank holds, would help reinforce faith in the value of the dollar.

GRAND CHAMPION WETHER LAMB

"Penn's Pride" (above), owned by Pennsylvanian State College, was named grand champion in wether lambs at the International Livestock Exposition in Chicago. Shephard Carroll Schaffer shows off his charge.

Part Of Blood Being Returned

PHILADELPHIA (AP) — A blood transfusion technique now under experiment would return to a blood donor the red cells taken from his body.

Dr. Joseph Stokes Jr., physician in chief at Children's Hospital, said the process is based on the principle used to separate cream from milk. A centrifuge whirls the freshly drawn blood at tremendous speed separating the plasma from the blood. Then the blood is re-injected into the donor.

Stokes said the method will increase the supply of gamma globulin, the fraction of blood that protects against polio and some other diseases.

Return of the red blood cells may make possible as many as 50 transfusions a year from an individual instead of the five or six now believed to be the safe maximum.

Cat-O'-Nine-Tails Is Back In Action Again

DARTMOOR, England (AP)—Twelve lashes with the "cat" have been meted out to a convict—the first flogging at the government's grim Dartmoor Prison in seven years.

Prisoner William Edward McGuire, 22, sentenced two years ago to 14 years for various crimes, was punished a few days ago for attacking a prison officer.

He also lost 12 months off his sentence he might have earned by good conduct, it was announced.

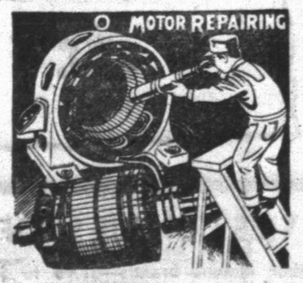

McGuire was strapped to the "triangle" after being stripped to the waist. His neck and kidneys were protected by leather pads and a medical officer stood by while the long nine-thonged whip known as the cat-o'-nine-tails was wielded by a prison officer.

Air Force Due Big Slice Of '53 Budget

By ELTON C. FAY
AP Military Affairs Reporter

WASHINGTON (AP) — The Air Force was reported today to be getting a 17½ billion dollar slice of a total $40,700,000,000 appropriation budget requested for the Defense Department in the next fiscal year.

That estimate came from a well qualified but unidentifiable official source. It represents the money which the Defense Department is asking the White House and Congress to appropriate or authorize for contracts in the year beginning July 1, 1953.

The actual spending budget—money paid for new projects or deliveries on military orders already outstanding—will be more, probably something over 47 billion dollars for the Defense Department. The Air Force, as in the case of the appropriation budget, will have the largest expenditure budget of the three services.

Word on the size of the new military budget, which now is awaiting preliminary approval by the White House and Budget Bureau and final action by the next Congress, followed by a day a news conference of Defense Secretary Robert A. Lovett which produced:

1. Disclosure that he has approved inclusion in the budget request of some funds to start work on a third supercarrier, a sister ship of the 60,000-ton USS Forrestal, now building, and the USS Saratoga, the keel of which will be laid this month.

2. A flat assertion by Lovett that he differed with a top Air Force official, Under Secretary Roswell Gilpatric, that the United States has instead of one Air Force a total of four—the USAF, the Navy's air arm, the Marine's force and the Army's aviation units.

The Air Force, which in the past has contended the Navy is encroaching, with its carrier air fleet, on the USAF's strategic bombing field, didn't like the proposal for even the first supercarrier. It feels the same way about the second and third—and the rest of the seven other huge flattops that Navy Secretary Dan Kimball wants built.

That was one thing which appeared to be implicit in Gilpatric's recent speech.

Prodded by questions about the Gilpatric speech and about possible duplication of effort by the USAF and Navy in the air, Lovett said:

1. He happened to differ with Gilpatric's views.

2. Yes, there probably is some point at which some duplication is reached but the more methods there are of delivering explosives on a target the better off we are.

3. The thing to do is to give the services what they reasonably need for a reasonable function.

Jessup Plans To Resign Job

WASHINGTON (AP) — Dr. Philip C. Jessup, State Department troubleshooter and prime target of Sen. McCarthy (R-Wis), is leaving government service the day before the Republicans take over.

The White House yesterday made public Jessup's letter of resignation as ambassador-at-large, dated Oct. 16 and effective Jan. 19, as well as President Truman's letter of acceptance praising the retiring diplomat for his service.

McCarthy repeatedly has assailed Jessup in his charges that the State Department is influenced by Communist sympathizers. Among other things, McCarthy has accused Jessup of having a "strange affinity for Communist causes." Jessup repeatedly has denied the accusations.

Jessup will return to the Columbia University faculty, from which he took leave in 1948 to accept appointment as a deputy delegate to the United Nations.

Deer Dinner Changed

SOUTH OTSELIC, N. Y. (AP)—The Chamber of Commerce in this Chenango County village will hold its annual deer dinner Saturday.

The Chamber changed the menu but declined to say why. It said the reason might come out at an "alibi hour" to be held by village deer hunters following the meal.

Instead of venison, the Chamber will serve roast beef.

Half Million Dollars In Checks Abandoned

WORCESTER, Mass. (AP) — The thief who took a half million dollars in checks from a railway express truck abandoned his loot yesterday—apparently because he couldn't cash the checks.

Beverly Nadeau, 16, and her sister, Geraldine, 9, found the checks in three canvas bags while playing in a backyard.

The checks were stolen Monday while the driver of the truck was having a cup of coffee in a diner.

Bank officials said the checks were mostly for business dealings and endorsed for deposit only, making it impossible to cash them.

Five Convicts Are Still Free

CHARLESTON, W. Va. (AP)—West Virginia state police were pressing the search today for five dangerous escaped convicts from Pennsylvania after nabbing one fugitive in a Western Union office here last night.

James Milk, 25, of Duquesne, Pa., was unarmed when arrested as he came in to pick up money he expected to get by wire from home.

Police identified him as one of the five convicts from Pittsburgh's Western State Penitentiary who held a family of five as prisoners for two days.

Out of the 10 knife-wielding convicts who broke out of prison Sunday, five were still at large today. One of them was not with the quintet who holed up from Sunday morning until early yesterday at the home of Emile Lerby in the little mining town of Rea, Pa.

Pennsylvania state police said the convicts took two cars, two guns, knives and clothes from the Lerby place and sped toward West Virginia. An automobile later found abandoned in Wheeling, W. Va., tallied with a description of a car taken from the Lerbys.

Television treat—the BUICK CIRCUS HOUR—every fourth Tuesday

How would you like the fun of Christmastime to last all the year through?

That's the way it seems to be when you call this Buick beauty your own—what with the constant cheer it brings to you week after week, month after month.

The cheer of traveling in style that's bright and gay as a holiday wrapping.

The cheer of having rich and spacious comfort—plus the cheery thought that nowhere else can you get as much room for the money.

The cheer of knowing abundant and mighty able power is on call, with all the solid thrift of a Fireball 8 Engine that's valve-in-head—and also high-compression.

The cheer of riding wonderfully buoyant, level and steady—with a ride that *feels* like the million dollars it cost to perfect.

The cheer of taking your travel free and easy—with Dynaflow Drive* doing the chores in letter-perfect smoothness—with Power Steering** assisting to make parking and slow-motion maneuvers no task at all.

Even the price is a cheerful note here—low enough, you'll find, to crowd the so-named "low-price three."

That means action is called for this very week, to make the most of this good deal while it lasts.

Why not drop in today or tomorrow and see how much cheer is to be found in a Buick showroom right now?

*Equipment, accessories, trim and models are subject to change without notice. *Standard on Roadmaster, optional at extra cost on other Series. **Optional at extra cost on Roadmaster and Super only.*

HOMER HOOPEE

THE ADVENTURES OF PATSY

AFTER FOUR YEARS — Eberhard Butz, 29, Esslingen, Germany, engineer, ended four years' work when he completed scale model of British liner Queen Mary, powered by Diesel motor.

Revived Nazism Giving Allies Plenty To Worry About Again

HANNOVER, Germany (AP) — About 800 former Nazis have got back their old political jobs in the West German state of Lower Saxony.

They include the last chief of staff of Hitler's bullying storm troopers, Wilhelm Schepmann; the former lord mayor of Goettingen, Albert Gnade, who is back on the City Council; and several founder-members of the outlawed Socialist Reich party.

They were swept into office as mayors and councilors by a tide of rightist votes in the recent municipal elections.

Neo-nazism is officially dead, killed by the West German Constitutional Court's ban on the Socialist Reich party (SRP), but it is an extremely lively corpse.

Nazism is hydra-headed, as state police here have found. Just before the elections they raided 61 new political groups which had sprung up as self-appointed heirs to the SRP. As fast as they chopped off one growth another took its place.

The Interior Ministries of both Lower Saxony and the neighboring industrial state of North-Rhine Westphalia are investigating a number of groups whose candidates were successful. Some elections may be declared invalid.

It is in the lonely rural areas of Lower Saxony—the forests of the Harz Mountains, the storm-swept Lueneburg Heath—where nazism still flourishes.

Some people there still believe in witches. Farmhouses, even newly built, bear pagan symbols to ward off evil spirits. Many people there still believe Hitler was right.

Isolated inns echo nightly with the notes of old Nazi anti-Semitic and street fighting songs. Hitler's favorite march is played by village bands.

The market town of Verden gave an enthusiastic welcome to a rally of 5,000 veterans of the SS Elite Corps, branded as a criminal organization by the Nuernberg tribunal. The mayor said the town was "honored" by their presence.

It is here that the Hitler generals, Bernhard Ramcke and Otto Ernst Remer, find the audiences that wildly cheer their anti-allied rabble-rousing speeches.

The ban on the SRP made some 367,000 voters, or 11 per cent of the state electorate, homeless. Political observers watched the municipal elections carefully to see where they found haven.

The trend was obscured by the complexity of the voting system and the multiplicity of "voting blocs," but it was evident that many of the Nazis, like Schepmann, owed their success to the support of the radically inclined Refugee party (BHE)—a power in an area where 30 per cent of the population are dispossessed refugees.

There was also a trend for established right-wing parties to take a couple of paces further right to appeal to the old Nazis and disgruntled refugees. This was particularly noticeable in the Deutsche partei (German party), which elected a notable nationalist, Dr. Hans Seebohm, as its chairman. He declared at the party convention that the German Reich must be reborn and parts of Czechoslovakia "rewon."

An old stormtrooper, Dr. Helmut Krueger, is trying to create "an anti-Marxist national opposition" of the odd groups on the lunatic fringe. Now in his 40s he was once in the Goebbels Propaganda Ministry.

He claims that if the SRP had not been banned it would have obtained 50 seats in the Federal Parliament in next year's national elections. He is confident that his "national opposition" will get at least 30 seats.

Parcel Post Station Here

A special parcel post station for Christmas deliveries will be opened next week at 2112 Avenue S, H. D. Moreland, postmaster, announced today.

Moreland said the station, which will handle all packages during the season, will probably open Monday and remain open until after Christmas.

The postmaster said he has already arranged for employment of part-time Christmas workers and that he will probably have about six or seven extra men working.

A few scattered Christmas cards and packages are already coming through the mails, Moreland said. "I wish everyone would send them this early. If they would send them before Dec. 15, we could amost guarantee delivery to anywhere in the U. S. before Christmas," he added.

Chlorine is the most abundant element found in sea water.

Man Shot On Thanksgiving Found Tuesday

JACKSONVILLE, Fla. (AP) — A used car salesman who lay paralyzed and screaming in a field after he was wounded in the spine was reported in good condition today after his five-day ordeal.

The salesman, B. E. Raines, told police he was shot and left in the field Thanksgiving Day by a Negro to whom he was showing a used car. Raines was found a short distance from an expressway yesterday.

George Turpin, 28, Negro, laborer, was charged with assault with intent to murder and with armed robbery. He had been in jail since Saturday on a vagrancy charge.

State Atty. William A. Hallowes said Turpin admitted shooting Raines.

Employes of a dairy in the vicinity found the 33-year-old salesman, clad only in underwear and shoes, sunburned on arms and legs and black from trying to drag his paralyzed legs through the dirt.

Gene Griffin, chief criminal deputy sheriff, said, Raines told him Turpin pulled a gun, forced Raines into the trunk and drove around for several hours. Then he stopped along the new road.

"He made me write a full release for the car for $1,850," Raines said. "Then he made me pull off all my clothes except my undershirt and socks and shoes. He told me to run a few steps and shot at me three times."

One bullet lodged in Raines' lower spine and paralyzed him from the waist down.

Rescue Squadron Still Unable To Reach Plane With 52 Person Aboard

ANCHORAGE, Alaska (AP) — Bad weather yesterday prevented operations by 10th Rescue Squadron crews seeking to reach the smashed remains of a C124 that crashed into a mountain peak Nov. 22, killing 52 persons aboard.

A 12 man trail crew, based in four cabins at the foot of Surprise Glacier on Mt. Gannett, awaited word from helicopter flyers seeking to spot a safe trail to the wreckage.

Meanwhile, flyers in 15 planes reported they found no trace of a C119 flying boxcar which disappeared Nov. 15 on a flight from Anchorage to Kodiak with 20 men aboard.

Get ready for WINTER—NOW with Conoco's Great

ESKIMO SPECIAL!

4-Way, ONE-STOP service gets your car ready for cold weather . . . helps your car *keep* its full power and pep . . . assures you quicker starts, faster pickups on the coldest mornings. *And* it guards metal working parts against winter's rasping wear!

THIS is Conoco's new ESKIMO SPECIAL winterizing service . . .

★ ★ ★

FREE Cooling System Check for WINTER Protection! Your Conoco Mileage Merchant will tighten hose connections, flush out the radiator, recommend proper Conoco anti-freeze.

FREE Battery Check for Fast WINTER Starting! Your Conoco Dealer will check your battery, to see if it is operating properly to help give you quick-as-a-flash starts on cold winter mornings!

Bumper-to-Bumper WINTERizing Lubrication to Keep Your Car Running Smooth and Free! Lubrication experts will check *every* lubrication point on your car to keep it smooth, quiet, protect it from wear. They'll put Winter-grade lubricant in transmission and rear axle for easier gear shifting, less wear.

FAMOUS "50,000 MILES—NO WEAR" SERVICE! Your Conoco Mileage Merchant will (1) drain out grit and sludge, preferably while the engine is hot—(2) recondition air and oil filters, and (3) refill with Winter-grade Conoco Super Motor Oil.

50,000 MILES—NO WEAR! In a 50,000-mile road test, with 1,000-mile drains and proper filter service, test car engines lubricated with Conoco Super showed *no wear of any consequence!* Gas mileage for the *last* 5,000 miles was 99.77% of *first* 5,000! AND—Conoco Super is a heavy duty motor oil!

TEDIOUS, DIFFICULT LAUNDERING ...made easy

with an Automatic GAS Clothes Dryer

Laundering cumbersome items like curtains and slipcovers is no problem with an automatic gas clothes dryer. Put the slipcovers in the dryer immediately after washing and remove them while slightly damp... place them on the furniture without ironing... they will dry to perfection with a smooth, glove-tight fit.

Curtains need little or no ironing depending on the fabrics... they, too, are ready to put into use while slightly damp.

Such ease and efficiency is only one of the advantages of a gas dryer. In most cities and towns served by Lone Star a gas dryer operates for one-fourth the cost of other dryers.

Gas is faster, too. Gas dryers preheat for drying in 4 minutes or less. Other dryers require up to 18 minutes.

Save dryer time. Save operating costs. Buy an automatic gas clothes dryer.

15-DAY FREE TRIAL

Call or drop by Lone Star Gas Company and find out about special free trial offer.

Automatic GAS Clothes Dryers are available also at Appliance Dealer Stores

Lone Star Gas Company

BOYLE'S COLUMN

Little Boys Wanting To Be Tall Should Think Twice

By HAL BOYLE

NEW YORK (AP) — People are getting bigger if not better.

As the world gets smaller and smaller, the folk who live in it are growing taller and taller.

I don't envy them. Height is losing its glamor. Every growing boy yearns to be a big, strapping six-footer-plus, who goes through life bowling bullies out of his way right and left.

But when he does reach maturity he finds things aren't that simple. If he is over six feet and shoves somebody, right or wrong the cry goes up, "Look at the big bum throwing his weight around." The crowd is against him.

Every inch a man grows over six feet today is a handicap instead of a help, unless he is a basketball player or a cop directing traffic.

The tall man finds he is something of a misfit in a civilization tailored to people of smaller size. He bangs his head getting in and out of motor cars, he can't sleep in a regulation size 74-inch bed and he finds it hard to buy a suit off the rack.

Inferiority Complex

No ordinary man or woman will sit behind him in a movie or at a prize fight without grumbling loud enough for the complaint to reach his ears, and if he lives in a boarding house the other roomers resent his reach at the table.

As a result many a tall man gets an inferiority complex. Far from taking advantage of his size, he is more likely to submit to public insults and ridicule than a sub-five-footer.

His altitude troubles of peacetime are doubled in wartime. David long ago disproved with his slingshot the saying that, "A good big man is always better than a good little man." The invention of the rifle made extra size not only something of a nuisance but also a positive danger to a warrior, because he has more body to expose.

I was pointing out these height hazards to a walking human Alp I know. He grinned and said tolerantly:

"Everything you say is certainly true. But you left out one thing. There are still an awful lot of girls who like to lean on a tall man's shoulder, and there always will be."

Sinclair Weeks of Boston was named Secretary of Commerce in President-elect Eisenhower's cabinet. Weeks, 59, is chairman of the Republican finance committee, a post he has held since 1949.

Device Helps Polio Patients

By ALTON L. BLAKESLEE
Associated Press Science Editor

DENVER (AP)—An antigravity machine to help polio victims strengthen badly weakened muscles was shown today to the American Medical Association.

It lets them move arms or legs almost effortlessly without having to fight gravity or friction.

If they can do this, the machine is tightened, creating resistance to give tougher exercise for the muscles. It is like training for weightlifting by starting with light weights.

The device was shown in an exhibit at the opening of the AMA's clinical session by Dr. A. W. Schenker of New York City. The machines have been used on several hundred persons paralyzed by polio and other diseases or accidents, he said, and many have soon become able to abandon canes, crutches, or braces.

It cannot help muscles whose nerves have been killed or severed. But if a few muscle fibers are left alive, the machine helps strengthen them. It has helped persons with muscles so weak they could not move arms or legs against gravity, or against the friction of a bedsheet, Dr. Schenker said.

The secret of the machine is a metal shaft, mounted on fine roller bearings. Your breath can almost move it.

The paralyzed leg or arm is placed in a sling hanging from the shaft. The center of the shaft is placed, by plumb-line guidance, over the center line of the joint of the leg, or shoulder. In effect, there is almost no resistance from gravity or friction.

Even if only a few muscle fibers are left, the patient quickly learns to swing the arm or leg back and forth.

Cemetery And Town To Move

LAREDO, Dec. 3 (AP)—Two towns, one of them 200 years old, and a cemetery are being moved as the giant Falcon Dam on the Rio Grande nears completion.

The international river, Dam Engineer R. B. Ward said yesterday, will be diverted "in about two weeks" so that the center of the dam can be completed.

Two communities being built on each side of the dam—one in Mexico, the other in Texas—are progressing on schedule.

MOVE IN SIX MONTHS

The International Boundary and Water Commission is installing sewer and water lines at the New Zapata townsite, four miles east of the present community. Zapata residents, however, will not begin moving for about six months when a court house and other public buildings will be completed and the streets, water and sewer plants and power lines will all be installed.

Bodies are being removed from cemeteries in the area to be flooded to a new cemetery near the New Zapata townsite.

POWER PLANT DELAYED

On the Mexican side, homes and public buildings are under construction at Nuevo Ciudad Guerrero, which will replace the 200-year-old city of Guerrero. The new town will be about five miles from the dam and 25 miles downstream from its present site.

Completion of work on penstocks in the Mexican power plant through which the water will run is delaying the water diversion necessary to complete the center of the dam.

A cofferdam now extends halfway across the river from the Mexican side and will be extended on across to the United States side, diverting the river through the plant and back into the downstream channel about 2,000 feet away.

When that is done, work will begin on finishing the embankment, complete now except in the immediate vicinity of the Rio Grande

WINNERS
Of Final Football contest for this season were:
First: Joe Rue Burney
1112 25th St.
Second: H. C. Luther
1907 Coleman St.
Third: Tommye Holt
