"I wholly disapprove of what you say but will defend to the death your right to say it."—Voltaire.

Volume 43. Tahoka, Lynn County, Texas, Friday, August 1, 1947 Number 43

School Bus Aid For County Schools Is Given Approval

Transportation aid totaling $30,488.00 for Lynn county schools has been approved by the State Department of Education and the State Auditor, and checks will be mailed within the next few days from the State Comptroller, according to Mrs. Lenore M. Tunnell, county superintendent.

None of this has been paid for last year's transportation, Mrs. Tunnell says. Lynn county had 1220 children riding the 25 buses owned by school districts and the one bus privately owned.

The total ceiling cost of operating the buses was $37,791.75. Aid was granted on the basis of $3.25 per month for both grade and high school students residing in districts of 100 or more sections, and in districts of less than 100 sections, $3.00 for high school students and $2.75 for grade school students.

By districts, the aid granted follows:

Draw-Redwine, 77 grade school students and 25 high school students, for a total of $2226.00.

Gordon, transfers to Southland, 13 and 9, $480.

New Moore, 56 grade school students, $1184.00; and 16 high school students to O'Donnell, $365.00.

New Home, 166 and 52, $6,132.00.

Grassland, 36, $813.00; and 9 to Tahoka, $202.00.

Midway, 35, $644.00; and 10 to Tahoka, $203.00.

Wells, 20, $495.00; and 12 to O'Donnell, $306.00.

O'Donnell, 161 and 60, $5,670.00.

Wilson, 245 and 68, $8,488.00.

Tahoka, 105 and 43, $3,592.00.

West Point and Three Lakes did not ask for aid, furnished their own buses, and sent their students to Tahoka.

Dixie and Edith contracted their students to Tahoka, and paid the Tahoka district $900 each for transportation.

T-Bar did not qualify for aid.

Mrs. Tunnell states that there will be only four of the smaller schools operating this coming school year, namely Grassland and Newmoore, 8 grades each, and Wells and Midway, 7 grades each. All other schools in the county are 12-year affiliated high schools. These are New Home, Wilson, O'Donnell, and Tahoka.

All schools in the county will pay the new state salary schedule of $2,000 per year minimum for degree teachers. Nearly all vacancies have been filled, she says, there being only five jobs open in the schools, Tahoka, O'Donnell, and Wilson excepted, which possibly have a few vacancies to fill yet.

Most if not all Lynn county schools are expected to open on September 1st.

Lost Battalion Plans Reunion

The "Lost Battalion" of the Java campaign in the last war will hold its reunion at Abilene on Friday and Saturday August 15 and 16, and all who served with that ill-fated body of American soldiers are requested to attend the meeting and send their reservations to "Lost Battalion, P. O. Box 1099, Abilene".

General Wainwright and Congressman Ed Gossett will be among the speakers on the program.

S/Sgt. Miley D. Dove of Tahoka who is still in the Army stationed at El Paso, has been given special invitation to be present. Sgt. Dove was taken prisoner in Java by the Japs and spent the war in a prison camp.

Ex-Sgt. Keith Connolly, now of Denver, is also invited, he having served in Java with the "lost Battalion", but escaped to Australia and served for many months during the critical stages of the Southwest Pacific campaign as a Flying Fortress gunner.

OPEN NEW GROCERY

A new neighborhood grocery has been opened by Mrs. Jim Foust in the new C. C. Stephens building on Main Street just west of the ice plant. The new building is 30 by 40 feet in size and is of frame and stucco construction.

Newsprint Scarcity Hampers The News

The Newsprint shortage seems to be getting more critical all the time—at least, to The News.

The house which supplies The News with newsprint is over a month behind with its shipments, and it has been necessary for the publishers to print as few pages as possible, resultnig in a large percentage of advertising to the amount of reading matter.

If your copy of the paper fails to arrive, it may be because your subscription is out, for we cannot carry delinquent subscribers on our list because of the exceedingly high price and scarcity of newsprint.

Unless the situation eases, The News will be forced to raise the prices on both advertising and subscriptions.

Also, to be sure of getting your copy in the paper, we must insist that our advertisers and correspondents get their ads, and news to us as early in the week as possible.

County And State Tax Rates Set

Tax rates for the year of 1947 have been released by the Commissioner's Court of Lynn County and the State Tax Board, according to Frank McGlaun Jr., County Tax Assessor and Collector.

The State rate will be 72 cents on the $100 valuation with a maximum homestead of $3000.00 or 200 acres of land, which ever one is the most exemption. In most cases in this county, the small property owner will be entirely exempt from payment of State tax excepting on personal property.

The County rate for general expenses will pay 80 cents on the $100 valuation. No homestead exemption is given on County taxes.

Donkey Softball Game Scheduled

Monday night the softball fans of Lynn County will be in for a "kicking good time" when the VFW and American Legion renew their "feud" on the softball diamond. This time however, they will be riding a bunch of their brothers, the famous "Jacks".

There will be plenty of thrills and spills, braying and praying to keep the crowd on their toes. This will be the highlight of the softball season and everyone should make it a point to see the game of the year. You will enjoy this game regardless of whether you are a softball fan or not.

This ball game has it's more serious side too. The game is to be co-sponsored by the VFW and the Tahoka Chamber of Commerce.

The VFW will use their share of the funds derived from this game to help pay for the DDT that they are using to spray the city of Tahoka with. This is a very good project and they need your support. The job of spraying has not been completed yet, but it will be completed in the near future.

The Chamber of Commerce will use their share of the funds derived from the game to help pay the expenses incurred in the upkeep of the local softball field. This is a very good cause also, as everyone in town has at sometime or other benefited in someway, either in the pleasure of being a spectator or as a player on the local field. The Chamber of Commerce has bought and installed new reflectors, erected more light poles and has had the rewiring of the field and electrical expenses to pay not to mention other expenses incurred in providing the playing field for community and county use.

A small charge will be made to all who attend the Donkey Softball game Monday night.

The game will start at exactly nine o'clock. The reason the time has been set at nine is to give the farmers time to get their chores done at home and still have plenty of time to come in and see all the game.

Lyntegar Secures Permission For Office Building

Work is expected to start in the near future on the new office building for Lyntegar Electric Co-op to be located facing Main Street just north of the Rose theatre as the result of a trip to Washington, D. C., by John Heck of Wilson, president, and Tom Garrard, attorney, for the co-operative.

Mr. Garrard says they received permission to erect the building from Claude Wickard, administrator of Rural Electrification, Department of Agriculture.

Plans were drawn for the building about a year ago, and the site was secured, but complications developed at the time which prevented going ahead with the structure. It is believed now that the way is clear to go ahead with the new building at an early date.

Also, the gentlemen received promise of more funds in the near future for further extension of the co-operative's lines.

Lyntegar now has nearly 4,000 customers and 1800 miles of distribution lines in 10 South Plains counties, with headquarters in Tahoka. The lines serve customers in Hockley, Yoakum, Terry, Cochran, Lubbock, Lynn, Garza, Dawson, Borden, and Martin counties.

Plans have been completed for the annual meeting of Lyntegar members to be held here on August 12, according to Garland Pennington, manager. He hopes to have the largest crowd present since the establishment of the co-op. The meeting will be held in Tahoka High School auditorium at 2 p. m. August 12.

While in Washington, Mr. Heck and Mr. Garrard had dinner with Senator Tom Connolly, Congressman George Mahon, and also had a visit with Sam Rayburn.

They flew to and from Washington via Braniff and American Airways, leaving Lubbock at 6:30 a. m. last Saturday and arriving in Washington exactly 12 hours later at 6:30 p. m. On the return trip they left Washington at 11 p. m. Tuesday and were back in Lubbock at 12 noon Wednesday. Judge Garrard said the trips between Dallas and Washington were non-stop. Naturally, they greatly enjoyed the flight.

Floyd Knoy Dies At Oklahoma City

Floyd Knoy, 37, former citizen of Tahoka, died of a heart attack in Oklahoma City Sunday, July 20, according to his sister, Mrs. Ernest Drager, who accompanied by her son, Jimmy Wayne, attended the funeral in that city on July 24.

Floyd, a son of the late Mr. and Mrs. G. W. Knoy, moved away from Tahoka about 19 years ago. He is survived by his wife, one son and one daughter.

WYNNE COLLIER ILL

Wynne Collier is confined to his home by illness, and on orders from his doctors will be there for possibly a month of rest. He was recently found to have a heart ailment, which doctors think will clear up with complete rest for a while.

Lloyd Moyer, Slaton minister, who is conducting a meeting at the New Home Church of Christ which opened Wednesday and will continue through August 10. Services are being held at 10:30 a. m. and 8:30 p. m. daily.

County Seeks Aid On Farm Roads

The Lynn County commissioners court left Thursday for Austin, where they will appear before the State Highway commission today in regard to farm-to-market roads now being built in this county.

The court is seeking the participation of the State in building some of these roads under a new policy adopted by the commission whereby the State will participate in 25 percent of the cost of building together with all maintaining up to $100,000 worth of new farm-to-market roads per year.

County Judge Tom Garrard and Commissioners E. J. Cooper, Willis Pennington, John Anderson, and Thad Smith made the trip to Austin.

Legion Auxiliary Installes Officers

The American Legion Auxiliary met Monday night at the Legion Hall for purpose of installing new officers for the coming year.

Mrs. Charles Stewart, the retiring president conducted the installation of the following officers.

President, Mrs. Randolph Rutherord; 1st vice president, Mrs. Jess Gurley; 2nd vice president, Mrs. R. E. Pentecost; 3rd vice president, Mrs. Charles Stewart; Secretary, Mrs. Jarrel Brown; Corresponding secretary, Mrs. Andy Wilson; Treasurer, Mrs. Eldon Gattis; Historian, Mrs. Winefred Stout; Chaplain, Mrs. Odell King; Parliamentarian, Mrs. W. V. McElroy; Reporter, Mrs. Perry Walker.

Following the meeting, the Auxiliary joined the Legion members in a watermelon feast.

HUFFAKER IN FT. WORTH

Calloway Huffaker Jr., district attorney of the 106th Judicial District, is in Fort Worth this week receiving treatment to his back. Mr. Huffaker has been suffering with his back or some time, and for several weeks has been seeking medical relief for it.

Mrs. Rafe Richardson and Mr. and Mrs. Dea Parker visited Mr. and Mrs. Grady Beard at Portales, N. M. last week.

Farm Program Funds Available

Clinton M. Walker, Secretary of the Lynn County A.C.A., received notice this week that sufficient money had been appropriated by Congress to continue the Farm Program through 1947 and also a limited program for 1948. He was further advised to commence taking applications again for the various soil-building practices that apply to this county.

It is thought that there will be a great deal of Fall terracing if the crops are gathered soon enough and Mr. Walker states that it looks like there will be sufficient funds to pay for as much terracing as will be done.

Lynn county farmers are beginning to apply for prior approval to leave stalks of sorghum on the land as a protection against wind erosion. This practice applies only to farms where it is determined by the county committee that such cover is necessary as a protection against wind erosion and the operator's farming plan provides that it will be left on the land until sufficient moisture is available to prepare the land for a following crop, but, in any event, until January 1, 1948.

Be sure to secure prior approval before you commence a practice if you intend to apply for payment for carrying out the practice.

Legion Officers Installed Monday

Perry Walker was installed as commander of the Marion G. Bradley Post last Monday night in ceremonies at the American Legion Hall. Mr. Walker, Farmers' Home Administration Supervisor Lynn and Dawson counties, has been active in Legion work since getting out of the Army. He succeeds Clint Walker as commander.

Other officers installed were: Winfred Stout, first vice-commander; R. W. Rutherford, 2nd vice-commander; Eldon Carroll, adjutant;; Joe Bob Billman, chaplain; Jess Gurley, custodian; Charles Townes, historian; and Joy E. Brown, Sgt.-at-arms.

Immediately following the installation all members and members of the Auxiliary gathered on the lawn and engaged in some plain and fancy watermelon eating.

Friends Help Womack Get Crops Hoed

A group of friends and neighbors last week made it possible for Jay Womack to get his cotton crop hoed. Twenty-five business men and riends each contributed funds to pay for 25 work days, and 11 others contributed a day of work.

Mr. Womack had been unable to get all his crop hoed due to the serious illness of Mrs. Womack.

REVIVAL AT GRASSLAND CHURCH OF NAZARENE

A revival meeting will be conducted at the Grassland Church of the Nazarene August 1 to 10 inclusive. Services will begin each night at 8 o'clock.

Rev. J. E. Ray of Bethamy, Oklahoma is the evangelist.

Rev. S. R. Branon, pastor of the church says that everyone is invited to attend these services.

HOPKINS COUNTY REUNION AUGUST 10

The Annual Reunion for former residents of Hopkins County will be held at Mackenzie Park, Lubbock, Sunday, August 10, from 2 to 6 p. m. Each family is to bring a water melon.—Bert Hattan, secretary-treasurer.

Congratulations . .

Mr. and Mrs. M. Gregg are the parents of a girl, named Carla Jean, weighing 9 pounds, born Friday at 8:42 a. m. in Lubbock Memorial Hospital. Mrs. Gregg is the daughter of Mr. and Mrs. N. M. Wyatt of this city and she was born and reared here. Mr. Gregg is associated with Broome Optical company at Lubbock.

To Mr. and Mrs. Charles Uzzle on the birth of a daughter weighing 7 pounds, 12 ounces at 11:05 a. m. Thursday in a Lubbock hospital.

Work Starts On Tahoka School's New Buildings

Work was started Thursday morning reconditioning an Army surplus mess hall, moved here Tuesday from Camp Barkeley, Abilene, on the campus of the Tahoka Schools.

A barracks building from the same place is expected to arrive here early next week for conversion into a classroom building of about six rooms.

Foundations for the two buildings were laid two weeks ago, immediately following the bond issue of $30,000 voted for physical improvements of the local school system.

The cafeteria building is of frame construction, with wallboard on the interior and is insulated. It is 26 by 94 feet in size. Members of the school board inormed The News that the building will be thoroughly reconditioned, underpinning put around the building, new roofing put on, and the entire structure painted. Much of the present luncheon equipment will be installed in the building, and chairs, tables and other equipment installed.

When completed, it is expected that the cafeteria will be able to feed at least 200 or 300 students at a time.

The other building to be moved to the campus which is a 26 by 151 foot hospital ward, will be thoroughly reconditioned also, and it is hoped to have them ready for the opening of the fall term of school on September 1st.

The board also expects to have the permanent brick buildings reconditioned and put in first class shape. Repairs to the heating systems and roofs will be necessary.

If sufficient funds are available the board expects to make other improvements to the school plant and campus.

E. R. Edwards is board president, and other members are Maurice Small, E. R. Tunnell, Weldon Martin, Hick Gibson, Fred McGinty, and H. O. Hargett.

Blue Sox Will Play Ropes Here

Sunday afternoon at 3 p. m. the Tahoka Blue Sox will play Ropesville here. This is a hard-ball game and will be played over on the hill just northeast of the water tower.

The game Sunday is a return game, the Blue Soxs having gone to Meadow a couple of weeks ago and lost to the Meadow team by only two or three runs.

The Blue Sox is a newly organized ball club, the first hard-ball club Tahoka has had for several years.

There is no organization backing this ball club and all the equipment was bought by the boys that have formed the club. The Blue Sox have only played four or five games this season, but are pretty good, but they need a little backing from the citizens of Tahoka to help them win their ball games as well as a little funds with which to help pay for their equipment.

These boys are looking forward to having a good ball club next year with a manager, more equipment and if possible a ball park of their own to play on.

This club is also contemplating on entering a league, possibly the Oilbelt League or some similar league if they can get enough backing from the citizens of Tahoka to help them with some of their problems.

Not so many years ago Tahoka had a ball team that could beat nearly anybody in the country including some of the Texas League teams. There is no reason why we shoudn't have just as good a baseball team now as we did then.

There will be a small charge for the ball game Sunday afternoon and these boys need your help and your support to get hard-ball back in Tahoka. Think it over.

U. S. Navy carrier pilots shot down 6,484 enemy planes in World War II, while U. S. losses were 452.

Tonsillectomies in Polio Season Up to Physician

Although summer is popularly considered a favorable time for removal of children's infected tonsils or adenoids, the National Foundation for Infantile Paralysis, through its local chapter, urges parents to seek the advice of their own personal physician on whether such operation during the polio season is advisable.

Scientific investigations carried out with March of Dimes funds indicate that there may be more of a predisposition to infantile paralysis infection as a result of tonsil and adenoid operations performed during the seasonal polio months—June through September.

Consequently, the National Foundation points out, parents should be guided by their own physician's advice in each individual case.

COLORED SINGERS GIVE PROGRAM AT CHURCH

"The Western Harmonizers," a group of Negro singers here from Odessa Sunday to take part in a program given at Pleasant Grove Baptist Church, colored, volunteered to stage a program at the First Baptist Church, white, Sunday night, and they were given an opportunity to perform at the close of the regular service. They had given a briefer program at the B.T.U. assembly earlier in the evening.

The Negro sings not only with his mouth and his vocal organs but also with his hads and feet and whole body. So, those Negroes, as they sang, moved their feet and hands and swaved their entire bodies as rythmically as the intomations of a bell. Only one of them would get out of harmony with the others now and then; otherwise it was a good performance. And the best part about it was the evident sincerity and emotion with which they sang.

FORMER DRAW YOUTH WEDS IN ALICE

Leslie Elbert Waller, formerly of Draw, and Miss Loraine Lewis of Amarillo were united in marriage on Friday, July 25, in Alice, where the groom resided, according to a news item sent to the News by a member of the family.

Mrs. O. C. Mensch of Draw is a sister of the groom and she and her husband and three children attended the wedding ceremony.

The couple are residing in Corpus Christi.

REESE CHILDREN VISIT PARENTS

Martin Sylvester Reese of Dallas and Mr. and Mrs. Carna Reese of Abilene were here over the weekend visiting their parents Mr. and Mrs. J. L. Reese, and their sister Mrs. Lorene Keyser and her husband Jack Keyser of Huntington, West Virginia, who came early last week. Sylvester, who worked in the News office as a boy and who was advertising manager for a prosperous south Texas weekly before entering the Navy, is now engaged in the real estate business in Dallas. Carna is a Ministserial student in Hardin-Simmons University.

NEW MISSIONERY HERE SUNDAY AFTERNOON

Rev. Mr. Hammock, the new missionary to the Spanish-speaking people of Tahoka, held his first service here Sunday afternoon.

A total of 29 had been in the Sunday school in the morning and seventeen of them remained at the building until the 3 o'clock service in the afternoon conducted by the missionary. He spoke only briefly but left an appointment for another service on Thursday night of this week and for 3 o'clock again next Sunday. After that, he intends to put in one entire Sunday each month in Tahoka.

In speaking of the work here, Rev. Levi Price stated that although these people have had no one to preach to them for nine or ten months, they have services each Sunday during this period.

Mrs. Dona Moore and daughter, La Fayne and her grandaughter, Otheldа Freeman have returned home from Hamilton where they had been attending a home coming of her aunt and uncle, Mr. and Mrs. Charley McClintock. Close to two hundred people attended the event and Mrs. Moore met many of her relatives that she had never before seen.

Okinawa, where 35 vessels were sunk and 49 others seriously damaged, largely by Kamikaze attacks, was the most costly operation to the U. S. Navy in World War II. But the fleet withstood and broke the full strength of the Japanese Empire's air forces.

The United States flag which was photographed in the Mt. Surabachi ceremony on Iwo Jima has been preserved as an historical relic in the Marine Corps Museum at Quantico, Va.

County Agent

Several questions have been asked the past week about melon aphids (honey dew) and their control.

The attack is first confined to the underside of the leaves, where the insects feed in masses. As they multiply they spread to wender terminal shoots.

When the aphids become abundant the leaves of the plant become coated with a thin sticky coating of excretion of the aphids a condition we call (honey dew). When this condition exists the injury has developed to such an extent that the plants rarely recover and make normal growth even if the insects are controlled.

Examine your melon vines, cucumbers, pumpkins, squash and okra often to find these aphids and control them before honey dew develops.

The melon aphid can be controlled with a nicotine dust or a nicotine spray, however the underside of the leaves, where the aphids feed, can be reached easier with a dust than with a spray.

To prepare a nicotine dust mix 1 ounce of Blackleaf 40 or Nicotine Sulphate (40 percent Nicotine) with 1 pound of hydrated lime.

If you prefer to use a spray use the following formula, Nicotine Sulphate solution (40 per cent Nicotine) 1 tablespoon soap flakes, 1 tablespoon to 1 gallon of water.

Don't forget the Johnson Grass Control equipment demonstration August 8th and Johnson Grass Week August 11-16.

From
"DUST BOWL"

To **"SUGAR BOWL"**

Smart folks here have worked hard, used their heads and today there's a rich "sugar bowl" in the Panhandle-Plains-Pecos Valley area.

This crop . . . growing in the so-called "dust bowl" of a few years ago . . . means *good* money to a good many farmers in this area. Dependable low cost electric power increases sugar beet profits and helps turn the wheels of thriving sugar beet mills.

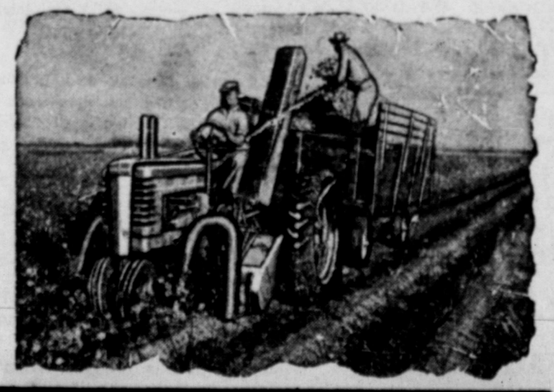

We have so much confidence in the sugar beet industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and better living—electrically—to everyone.

PANHANDLE PRESS ASSOCIATION

We know nothing about Abner L. Lewis; nothing of his back ground or his natural talents. Never heard of him that we can recall until he was appointed as a member of the Board of Pardons Advisors. His activities as a member of that board, however, especially with respect to the application of Dr. W. R. Newton for a pardon, indicate that he has an exceedingly puerile conception of his duties as a member of the board. In fact, he seemed to be acting throughout those proceedings in the role of an attorney for the applicant rather than as chairman of an impartial semi-judicial body. And the reasons which he gave in favor of granting the Doctor a pardon were far from convincing—in fact they were scarcely pertinent or relevant to any issue involved. We take it that Lewis has had little experience with criminals or in the practice of criminal law. Admitting that there are some unexplained facts and circumstances relating to the assault made on Dr. Roy Hunt, with which Dr. Newton was charged, it remains that 35 of the 36 jurors who sat on his case in three trials pronounced him guilty. If there were unexplained facts in his favor, he and his attorneys certainly had ample opportunity to bring them to light. Yet the chairman of the Board of Pardon Advisors strenuously and almosst vehemently aligned himself with the one dissenting juror and against the other 35. And he swallowed hook and line the puerile plea made by the Doctor that he should be granted a pardon because, allegedly, he was greatly needed in the practice of his profession. If such a plea is ever worth considering, then most doctors, teachers, preachers, and some editors should be immune to punishment whatever crimes they might commit. Bosh! Abner Lewis did not convince anybody that Dr. Newton was innocent, but he did convince many persons that he himself is poorly qualified to sit as chairman of the Board of Pardons Advisors.

Russia so far has refused to agree to anything that America has proposed, either respecting Germany, the Balkan countries, Greece, Turkey, and the Near East, or the Orient. She wants to have her way in Germany; she wants to gobble up all the little nations around her or to make of them mere puppets, as Hitler sought to do; she wants to control the Mediteranean, and so she is striving to spread her communistic system over Greece and eventually Turkey, for that would make it easy for her to annex such additional territory as Iran and Iraq, where oil is said to be abundant; and the next step would be to control the great expanse of India. Already she has shown that she is eager to bring China under her sway, and she has given evidences of a desire to interfere with our operations in Japan and the islands of the Pacific that have come under our wing. As master of Europe and Asia, it would be easy for her to close in on America and thus become the master of the world. And that is the reason we can get no agreements out of Russia. When we say Russia, we mean the Russian dictatorship, for a few strong men in Russia control the Communist party and the Communist party controls the Russian masses. It is a conflict between Christianity and Democracy on the one side and Communism, Atheism, and Autocracy on the other. God help us to remain a Christian people and a thoroughly democratic nation.

The Secretary of War is no more. The Secretary of the Navy is no more. These two Cabinet positions have been merged into one, and the name of the new office is Secretary of Defense. Promptly upon the passage of the unification measure by Congress, President Truman approved the bill and appointed James V. Forrestal as head of the Department. Forrestal had been Secretary of the Navy. Now he will function as head of the combined departments, Navy, Army, and Air Force. We are not qualified in any respect to pass on the wisdom of the change, but we do believe that the event of another war, the three branches of service will work together better than they ever have done in the past. However, if there ever should be another major war it probably will be the last one for a thousand years and possibly for all time.

Congress adjourned Saturday, and most Senators and Representatives have returned to their homes to look after their political fences. Senator O'Daniel, whose term of office will expire at the close of next year, has already announced that he expects to begin soon a speaking campaign. Of course he will not be running for office, for he told the people in his first campaign for the Senate that if they would elect him he would not be a candidate for another term. In fact, he favored the passage of a law forbidding any Senator to be elected to a second term. No, he will not be running for office—he will merely be fishing for an excuse to say that the people have drafted him. If the people do draft him they certainly will fool us.

BROWNFIELD BAPTIST GROUP TO HOLD REVIVAL IN ALASKA

BROWNFIELD, July 26. (Spl.)—Rev. and Mrs A. A. Brian and Mr. and Mrs. Homer Newman will leave Brownfield Monday for Fairbanks, Alaska, where they will conduct a two week revival at the First Baptist church in Fairbanks. Rev. Orand Cary, former pastor of the West Side mission here is the minister of the Fairbanks church.

Rev. Brian, who will do the preaching, is pastor of the First Baptist church here. Mr. Newman, choir director at the local church, will be in charge of the singing.

After the Fairbanks church was organized some two years ago, it made application for admission into the Brownfield Baptist association and was admitted. This association doubtless is the only one in the United States having a wing several thousand miles away.

Ira Clary and family and B W. down at Brownwood Lake last down at Brownwood Lake last week fishing. We have not been informed as to whether they caught or bought their fish.

MOORE-KIMBROUGH

Mr. and Mrs. L. A. Moore of this city have announced the marriage of their daughter, Miss Myrtle F. Moore to Mr. E. R. Kimbrough of Odessa.

The couple were united in marriage on July 19 in the Methodist Parsonage of Odessa.

Mrs. Kimbrough is a graduate of Tahoka high school and the Scoggins Beauty Academy in Abilene. For the past year she has been the manager of the Fashion Beauty Shop in Odessa.

Mr. Kimbrough is a resident of that city and was formerly in the U. S. Army.

Mr. and Mrs. Kimbrough will make their home in Odessa.

The first U. S. Naval officer to become an Admiral was David Glasgow Farragut, who was appointed to that rank July 25, 1866.

CARD OF THANKS

We the family of Mrs. T. P. Morse wish to extend our sincere thanks to Mrs. J. E. Stigler, Mrs. Eula Eason, and also their friends and neighbors, Stanley Funeral and officiating Minister for the kind deeds and sympathy shown us in the death of our beloved mother and wife. T. P. Morse and family.

MODERN LIVING CLAIMS VICTIMS

SOFT, refined foods and lack of exercise are responsible for increasing thousands of constipation victims. Intestinal muscles become sluggish, waste matter accumulates and gas is formed. Often there is a tired, restless, listless feeling. It's cases like this that the new improved ADLERIKA is designed to help. This scientifically compounded Tone-Up laxative is quickly absorbed by the gastro-intestinal system . . . gas pressure is relieved and waste matter is moved gently through the digestive canal. When you eat well and digest your food well, you'll find a new joy in living. Order a bottle of ADLERIKA today.

HELP BUILD AMERICA'S AIR POWER on AIR FORCE DAY, AUGUST 1ST

No one today questions the fact that the whole future of the United States may rest in the very clouds over your head. And the new, reorganized Air Forces give thousands of eligible young men an opportunity to take an active part in building America's air power . . . on the ground as well as in the sky.

You may, for example, enlist in the Air Forces for three years. If you have a specialty which will qualify you, you may also be able to enlist in a grade at higher pay.

If you have had Air Forces experience, you may join the Air Reserve and continue your military aviation training outside of business hours.

Or, you may join the Air National Guard and perhaps become eligible for advanced technical training at special Air National Guard schools.

On Air Force Day, make a point of finding out everything about your Air Forces — especially the new Aviation Career Plan described below. Full details can be obtained at your U. S. Army Recruiting Station.

NOW—THE WORLD'S GREATEST OPPORTUNITY FOR A CAREER IN AVIATION

Today the Army Air Forces offer high school graduates an unprecedented opportunity to get the finest aviation schooling on earth—*and select your school or course before you enlist.*

The AAF Career Plan is unlike anything ever offered before. It permits selected high school graduates to apply and qualify for AAF specialized courses of their own choice. Simply go to your U. S. Army Recruiting Station, advise the Recruiting Officer the kind of aviation training you want and he will provide you with an application blank and a complete list of available courses.

When you are selected to attend the course of your choice, you enlist in the Army Air Forces for 3, 4 or 5 years. After your basic training period you are guaranteed the education you have selected to make you a specialist in the type of work you want.

Get a list of all the schools and courses open to you under the AAF Aviation Career Plan at your U. S. Army Recruiting Station.

T Hangar Flying . .

Saturday, August 9, a Johnson Grass Killing and Controling demonstration will be held at the Tahoka Airport at 2 p. m.

This demonstration will be a prelude to the Johnson Grass Control Week which is to be held in Lynn County August 11 to 19.

Several types of Johnson Grass spraying and burning equipment will be demonstrated at the airport including a talk which will be made by Dr. A. W. Young on the control of Johnson Grass.

• • •

Mr. Henry Watson of Raymondsville, and who is now temporarily working out of Lamesa was a visitor at the Tahoka Airport recently in his Cub Duster. Mr. Watson is doing a lot of crop dusting in this section of the state.

• • •

Ellis Barnes was out last Sunday flying the old Flying Six around the county.

• • •

Bill Griffin said the other day that we should hold another Flying Farmer Field Day . . . then we would have all the rain we would need for this year's crop.

• • •

One day last week Conner Parsons was mowing the runways and was really doing a good job of it when all of a sudden he flushed a Cub Duster out of the grass. The pilot took off and then came back and landed on the runway that had just been mowed, taxied up to the office and stated that he had been lost down on the runway for several days and had just about given up hope when Conner came along with his mowing machine.—Now most of you folks will think that's a whopper of a lie, but it's the truth.

• • •

Mr. and Mrs. H. C. Hogue flew over to Clovis, N. M. last Saturday afternoon to visit relatives and returned Sunday afternoon. Mr. Hogue stated that he didn't take any chances on his navigation and flew the "Iron Beam".

• • •

Mr. and Mrs. Billy Hill flew to Odessa in the Cessna 140 last Saturday afternoon where they visited with Mrs. Hill's sister and husband, Mr. and Mrs. Bill Meeks.

• • •

A dealer for the North American 'Navion', a four-place, low-wing airplane flew down early this week to demonstrate the plane to a potential customer. . . . We didn't learn whether the customer was sold or not.

• • •

The Navy's Antarctic expedition used a specially devised heater to convert snow into ice during construction of an airstrip surface.

• • •

Joe Bob Billman was out flying Sunday afternoon practicing landings and take-offs.

• • •

The National Flying Farmers Second Annual Convention will be held at Stillwater, Oklahoma, August 7, 8 and 9. A big program has been well planned for this year's convention with the Governor of Oklahoma, Roy J. Turner being a host and speaker and also many other speakers including Rear Admiral Joseph James "Jocko" Clark of the U. S. Navy.

• • •

According to statistics released recently by the National Flying Farmers Ass'n., there has only been one fatality to farm fliers in 9,937,880 air miles and an average of one minor accident for 3,195 hours flying time.

• • •

No one in Lynn County has indicated that they were going to attend the National Meet at Stillwater, Oklahoma this year. . . . they are all probably too busy with their crops to even think about attending.

CARD OF THANKS

We choose this method to express ur sincere thanks and appreciation to our friends and neighbors who chopped cotton and those who sent hands.

We want to thank our Christian friends for remembering us in their prayers. Too, we want to thank all of you for the flowers, cards, and letters, words of condolence, and for letting us know that you were concerned. Your thoughtfulness has made the days of illness seem much shorter.—Rae Fern and Jay Womack.

The U. S. Navy has released nearly 80 per cent of its war surplus.

S. S. CLASS MET

Mesdames W. M. Willett, Loyd Conwill, and George Akin were hostesses to the Martha Sherrod Sunday School Class of the First Baptist Church, in the home of Mrs. Willett, Tuesday evening, July 29.

The following members attended: Mrs. I. L. Carter, W. M. Willett, Loyd Conwill, George Akin, Borden Davis, Lois McMahon, Jewell Connolly, Marvin Bentley, Jewell Johnson, N. E. Wood, Vick Botkin, Hattie Garrett, and Beulah Pridmore.

In less than a year on Tinian, U. S. Navy Seabees built 40 miles of airfield runways and taxiways, and moved 12 million cubic yards of coral—the equivalent of three Boulder Dams.

MARRIAGE PLANS ANNOUNCED AT TEA HERE LAST FRIDAY

The approaching marriage of Miss Peggy Fenton to O. C. Elliott Jr., was announced at a tea given by Mrs. R.W. Fenton Jr., in her home Friday afternoon.

Guests called from four to six and were greeted at the door by Mrs. J. K. Applewhite before entering a receiving line composed of Mrs. Fenton, Miss Fenton, Mrs. O. C. Elliott Sr. of Olney, Miss Macky Fenton, and Mrs. Bill Barrett of Electra, and Miss Virginia Elliott of Wichita Falls, sisters of the prospective bridegroom.

The table was decorated with a centerpiece of pink carnations and white tapers. White astors surrounded the punch bowl. Miss Betty Jean Gray of Lubbock, and Miss Bobbie Gayle Baggett of Olney presided at the table the first hour and Mrs. Charles Verner and Mrs. A. T. Wilson the second hour. Miss Dorothy Applewhite presided at the guest book. Mrs. Marcus Edwards and Miss Mary Louise Fenton furnished the music throughout the tea. Other members of the house party were Mrs. Jack Fenton, Mrs. Carl Griffing, and Mrs. Louie Weathers.

Out of town guests were Mrs. John Leslie, Mrs. Ira Doak, Mrs. Summer Knight, all of Lubbock, Mrs. C. N. Barnes and daughter, Eva Clair, of Clovis, New Mexico, and Mrs. Sam Privitt of Brownfield.

WEST POINT H. D. CLUB

The West Point H. D. club met July 29 in the home of Mrs. H. R. Tankersley with nine members and two visitors present.

Roll call was answered with "My Greatest Ironing Problem".

After the reading of the minutes a report was given by the Council member. Four food and clothing leaders were chosen to meet with Miss Myrtle Murry, clothing specialist, who will be in Tahoka August 14.

A demonstration was given by Miss Hard, County H. D. Agent, on basic rules for ironing and proper ironing equipment.

Refreshments were served and the club adjourned. The next meeting will be Sept. 9, in the home of Mrs. Tom Hale.—Reporter.

Mr. and Mrs. N. A. King of Sunset Beach, Calif., visited in the W. A. King home last week. They were enroute to Tennessee and Alabama. Mr. W. A. King accompanied them on their trip and expects to be gone about a month.

Mrs. T. W. White and son, Ollie, of Abilene, and another son, Elgin, of Sundown, spent Sunday here with the former's sister, Mrs. Samie Norwood, and family. This was the first time the sisters had seen each other in 21 years.

Mr. and Mrs. E. O. Overman and son returned Tuesday night from a fishing trip to San Saba. They report that they caught "plenty of fish" for the short time that they were away. They expect to have their cafe open again today.

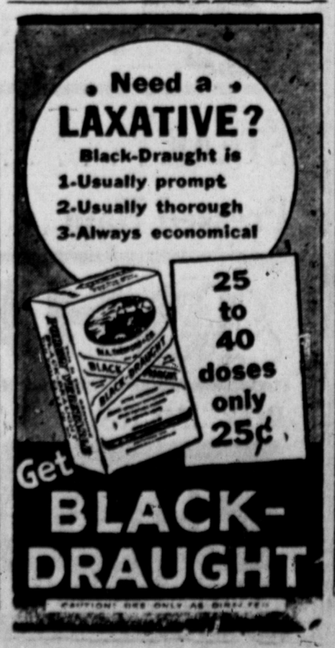

Theodore Roosevelt was the first United States President to go below the surface of the sea in a U. S. Navy submarine.

"IF AND WHY"

If it is right and well pleasing to God for a man to join the Church of his choice; why would it be wrong for the same man to be a member of several different churches?

If you say, "A man could not be a Baptist and a Methodist at the same time"; I ask, why, since they both recognize the other as a child of God, a Christian.

If you say, "it is because Baptists believe it is impossible for a Child of God to so sin as to be finally lost, and that immersion only is baptism; while the Methodists believe a child of God can so sin as to be finally lost and that sprinkling or pouring is baptism; I ask, "why should that hinder, if it makes no difference what a man believes on such subjects. Baptist ministers and Methodist ministers refer to each other as "gospel preachers," knowing that they differ on these subjects. If it makes no difference what a man teaches on these two subjects, he is a gospel preacher just the same, then these two subjects have no gospel truth connected with them. If Christ and his apostles taught anything on these two subjects then the man who teaches different to what they taught can not be scripturally called a gospel preacher. If Christ and his apostles taught anything on these subjects, yet a man can be a Child of God without believing what Christ and his apostles taught on other subjects, such as, "there is one Lord," that "Christ is the Son of God," or "that Christ was raised from the dead"?

If a man can be a child of God, a Christian, live his life out, then die and go home to heaven without being a member of any church, then why have any church at all?

If in the plan of salvation the church is a non-essential something; then why did Christ pay such a price for it? See Acts 20:28.

If you really believe one church is as good as another; why don't you attend the services of the church of Christ in your community, where the gospel of Christ is preached like it reads in your Bible You are always welcome at the church of Christ.

If you want Bible answers to Bible? You are always welcome at keep sending me your questions? What is your attitude toward the Bible?—Price Bankhead, Post, Tex.

FAMOUS MAGICIAN AT ROSE THEATRE

Ricado, that supurb magician and mind reader, will be at the Rose Theatre Friday and Saturday August 1 and 2.

This is a wonderful stage show that everyone will want to see. If you like real entertainment, or if you have something you wish Ricado to tell you, then come to the Rose Theatre on Friday or Saturday night, and Saturday matinee.

This troup is on a tour of the entire state and will only have time to be with us for two days. Ricado is nationally famous for his stage performances of thrilling magic stunts such as cutting a woman's head off.

In connection with this amazing stage show, he will present a spine chilling mid-night show at the Rose Saturday night. "The Man Who Dared," is not a show for people who have weak hearts and are afraid of their own shadows. So if you don't wish to see a show that you will always remember, then don't come to see the wonderful stage show and blood curdling mid-night show that will be at the Rose Theatre tonight, tomorrow, and tomorrow night.

CARD OF THANKS

We wish to express our thanks and appreciation to our dear friends for the lovely flowers, cards and letters sent during the loss of our dear brother and uncle, and for every word of sympathy and comfort each word spoken has brought to us. May God bless each one of you is our sincere prayer. Mr. and Mrs. Ernest Drager and family.

The U. S. Navy had a total of 319 active combatant vessels on January 1, 1947.

CARD OF THANKS

I take this means to thank all the people that brought flowers, gave words of sympathy, brought food and sat up during the death of my sister-in-law Dora Mae Morse. I also wish to thank the Doctor and Mr. Stanley or their fine work. Thanks again to you all for every helpful deed and for your words of sympathy.—Mrs. J. E. Stigler.

44 ways To get "Something for Nothing"

The railroads have received 44 "rules" demands from the leaders of the operating unions . . . representing engineers, firemen, conductors, trainmen and switchmen. They say they are seeking only changes in working conditions—NOT a wage increase.

More Money For Less Work

But what kind of rules are being asked for? Twenty-eight of them would compel railroads to pay more money for the same, or less work; 7 would require additional and unnecessary men *to do the same work;* the rest would bring about changes in operating practices at increased cost.

For Instance:

The Union leaders demand additional train and engine crews on Diesel-powered trains—one full crew for every power unit in the locomotive. A freight train hauled by a 4-unit Diesel would have to carry 4 engineers, 4 firemen, 4 conductors, and at least 8 brakemen, or a total of 20 men instead of 5.

"Made Work"—Sheer Waste

The Union leaders demand that full-length freight trains be cut to about half their length, even though such trains are most efficient for low-cost service to you. This rule would call for twice as many locomotives, would double the number of trains, and make accidents more likely.

Additional equipment, yards, and other facilities required to take care of these short trains would cost hundreds of millions. What the Union leaders *really* want is to make more jobs.

The Union leaders demand that when a crew in one class of service perform incidental service of another class, they will be paid not less than a day's pay for each class, even though all service is performed as a part of the same day's work. *The crew would get at least two days' pay for one day's work.*

The Union leaders demand that the present basic day for passenger conductors and trainmen be reduced from 150 to 100 miles, which would have the effect of increasing their pay 50%. Such a run often takes only two or three hours!

You Can't Afford This Waste

Demands like these are against the interests of the whole American people, who depend on railroad service for nearly everything they eat, wear and use.

These rules would cost A BILLION DOLLARS annually—a gigantic waste which neither the railroads nor the country can afford.

Railroad workers are good citizens and good employes, with pride in their calling. Their record during the war was outstanding. We do not believe they fully understand the "featherbed" rules which the Union leaders are demanding. We do not believe they understand the harmful results which these rules would have to the railroad industry, to the millions of men and women dependent on railroads for their livelihood, and to the shipping and consuming public.

The great strength of America is in *production*—an honest day's work for an honest day's pay.

For only through greater production can we hope to stop the steady upward surge of living costs.

Surely, if ever there was a time in our history when we needed to *work*, not *waste*, this is it.

CORPORATIONS CHARTERED AND BUSINESS FAILURES

AUSTIN, July 30.—June was the peak 1947 month in Texas as far as new business is concerned, with 281 new domestic corporations receiving charters, according to The University of Texas Bureau of Business Research. In the same period Dun and Bradstreet reported only 4 business failures in the State.

The new charters exceeded the 230 granted in May but business failures were also greater, as only 2 failures were reported in May.

Capitalization on charters issued during June reached $6,591,000, which was a sharp drop from the $9,547,000 total marked up in May. This reduction means that the size of new business is markedly smaller.

RABBITS AT FAIR

Rabbits return this year to the Panhandle South Plains Fair which will be held in Lubbock, September 29 through October 4. For the first time since 1934, the Fair, a member of the American Rabbit and Cavy Breeders Association, Inc. will present a rabbit show.

Cash prizes and ribbons will be awarded in three different classes and for the best normal white fur, the best normal colored fur, the best rex fur and the best angora wool. Cash awards will also go to the best meat pen of small fryers, three rabbits under six pounds, and for the best doe and litter of four to eight rabbits from five to seven weeks old.

Special awards will be granted for the best display, the largest entry from Lubbock County, and the entry from the greatest distance.

FRUIT AND VEGETABLE RAIL SHIPMENTS

The University of Texas Bureau of Business Research reported a seasonally-expected 27 per cent decline from May to June in rail shipments of fruits and vegetables, as at toal of 9,733 carloads was registered.

The 1947 season failed to come up to 1946 standards, as shipments continued to run behind the same months last year. Compared to June 1946, shipments were off 14 per cent.

End of the citrus season cut grapefruit shipments from 2,024 carloads in May to 275 carloads in June for an 86 per cent slump.

U. S. Navy submarines sank almost two-thirds of Japan's merchant ships and one third of her warships in World War II.

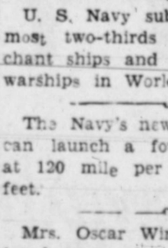

The Navy's new electric catapult can launch a four-engine airliner at 120 mile per hour within 500 feet.

Mrs. Oscar Winchell, only registered nurse in a 600-square-mile area around McGrath, Alaska, tends to the sick by plane.

The USS Ranger was the only prewar carrier which went through World War II without a hit from an enemy bomb, torpedo or shell.

To avoid a second-hand air power, 25 percent of military planess should be replaced each year.

From five to seven years are required to bring a new military plane through the design stage to production and combat testing.

MIDGET RACING

Midget auto racing is again in full swing in Lubbock at the Fair grounds every Thursday night and will continue weekly until opening of the 30th Annual Panhandle South Plains Fair.

Des Abbott, new promotor of the races, has agreed not only to furnish a fast and exciting program weekly, but will also put on daily afternoon contests at the Fair, September 29 through October 4.

Fifteen drivers drove in the best races of the season last week over an improved track. Three races were decided by less than a car length. Starting position meant but little as the lead changed hands several times. The main event was won by Lloyd Ruby, Wichita Falls.

WHEAT GRINDINGS

Texas wheat grindings slid downward 13 per cent in April in an expected seasonal decline, according to government reports just received by The University of Texas Bureau of Business Research.

POSTAL RECEIPTS

Postal receipts took a downward trend in June, part of which was an expected seasonal decline. Receipts fell 7 per cent below May levels.

A Statement To Our Customers About Resale

PRICES of PRODUCTS

Built by International Harvester Company

Here at Harvester we are concerned over the fact that a growing number of our products are appearing on the resale market at greatly inflated prices.

As manufacturers, we try to produce at the lowest possible cost. We cannot set the prices at which our products—tractors, motor trucks, farm implements, refrigeration, and industrial power equipment—are sold. We can and do suggest list prices which the great majority of our dealers adopt as their retail prices.

$20,000,000 Price Reduction

Our basic price policy was publicly stated in March, 1947, when we announced price reductions at the rate of approximately $20,000,000 per year on our products. At that time, Fowler McCormick, Chairman of the Board, said: "ANY PRICE IS TOO HIGH IF IT CAN BE REDUCED."

Practically all of our dealers cooperated with this policy and passed on the savings to their customers.

The objective of the price reductions was to make it possible for customers to buy our products, which they need so badly, at lower prices. Naturally, this purpose is defeated when our products are sold by anybody at inflated prices.

IH Production at All-Time Peak

Inflated prices are caused by the difference between supply and demand. To increase supply, we now have the greatest number of employes in history on our payrolls—almost 90,000 in the United States, as against about 60,000 prewar. Large new plants are getting into production in Louisville, Evansville, and Melrose Park. A fourth will soon be in operation in Memphis. The men and women now employed are turning out the greatest quantities of IH products of all kinds that we have ever made. These are also the finest products we have ever made, and recognition of that fact is an important contributing factor to the demand for them.

Distribution to Dealers

But even record-breaking production is not sufficient to give your dealer—and other IH dealers—enough products to meet today's demand. We have tried to make the fairest possible geographical allocation of our products so that every dealer would get a fair share, and we know that dealers, in most cases, have tried earnestly to make the fairest possible distribution to their customers.

But we also know that many of our products—far too many—are being resold at inflated prices. The public criticism and resentment of these resales are of real concern to us, as we know they must be to our dealers, because such reactions endanger the good will of both the dealer and the Company in any community.

Distribution to Customers

Experience shows that many IH new products are being resold by users who decide they can continue to make out with their old equipment after they have had an inflated offer for their new equipment. To eliminate this, many dealers are taking measures to be sure that equipment purchased is for their customers' own use and is not to be resold.

Nearly all IH dealers, we believe, are now using the basis of PRESENT NEED as their primary guide for the sale of scarce products. The customer whose need is real and urgent is not likely to resell.

What Price Should You Pay?

While it may take a little more time to get delivery, we urge our customers to consider all of the factors mentioned here, before paying more than the list price for any IH product. Any IH dealer or branch can furnish the suggested list price for any IH product.

We know that the overwhelming majority of IH dealers are as much opposed to inflated prices as we are. In the public interest, we have already asked their cooperation—and are now asking the cooperation of customers—in correcting this situation.

Tippits Attended Family Reunion

The Tippit families of this county have returned home from Coryell county, where they attended a reunion at Gatesville on July 20 of the Tippit-Moore families.

The reunion, held in Raby Park, was an annual affair with the families until the war, and this was the first since the conflict. Nearly 200 members of these families were present, enjoyed a big barbecue at noon, and visiting and conversation throughout the day.

Those attending the reunion from here were: Mr. and Mrs. E. S. Tippit and family, Mr. and Mrs. T. I. Tippit and family, Mr. and Mrs. J. T. Tippit and family, Mr. and Mrs. J. W. Tippit and family, and Mr. and Mrs. Roy Finch.

TWO FINED HERE FOR GAME LAW VIOLATIONS

Two Slaton men were assessed fines Wednesday of this week for violation of the state game laws, the violation having taken place on the B. W. Baker place near Wilson.

One of the men was fined $39.00 on each of two charges, killing quail out of season and hunting out of his home county without a license, and the other was fined $39.00 for hunting without a license.

MR. FARMER..

ARE YOU LOOKING FOR FARM EQUIPMENT?

SEE US. We may be able to help you. We're doing everything in our power to fill urgent needs. If you are buying a machine today, it is important to consider:

★ Our service to you has only begun when you buy from us.

★ When we sell you a machine, we back it up and we're backed by a reputable manufacturer.

★ If you need parts or service, you can bank on us.

★ In case you have a breakdown, in a rush season, we're here to help you.

★ If you need credit you can get it through us at a fair rate.

★ If your equipment needs repairing we're here to do the job and do it right — with skilled factory-trained mechanics.

★ **Whether you buy a new or used machine, you can depend on us charging only a fair price. We're not in business to take advantage of your hardship. We're here to serve you this year, next year and for years to come.**

Yes, see us about that machine you need. We'll do our best to get you either a new one or a satisfactory used one which will tide you over — at a reasonable price and backed by our complete service.

Softball Play-off Now In Progress

Monday night the New Home nine took an easy win over the Grassland nine winning by a score of 11 to 2. Parham pitched for the New Home Team while A. L White pitched for Grassland.

Tuesday night O'Donnell won a thriller over the VFW by only two runs. The final score was 15 to 13 in favor of 'O'Donnell.

VFW took the lead in the first inning and held it until the fourth when O'Donnell eased by them and then ran up a big score in the fifth. VFW came back in the sixth with a rally that brought the score up to 10 to 15 and in the seventh inning started another rally that was stopped short when Jakie Weathers flew out to left field and the winning runs on bases.

Last night the losers of Monday and Tuesday night's games, Grassland and VFW, played.

Tonight the winners of Monday and Tuesday nights games, New Home and O'Donnell will play.

Tuesday night the winner of Thursday nights game will play the loser of Friday nights game.

Wednesday night the winner of Friday nights game will play the winner of Tuesday nights game, and the winner of this game will be the champions. However this game may not be played on Wednesday night. Further information about the night the final game will be played can be obtained through the public address system at the ball games Monday and Tuesday.

The play-off games were moved up on account of a Donkey ball game that is scheduled to be played Monday night.

C. of C. Loses Double-Header

The C. of C. lost a double-header to Baldridge Bakery in Lubbock Tuesday night. Baldridge won the first game without much trouble, but in the second game Baldridge had a hard time winning and only four hits was allowed them by the Tahoka pitcher, Bobby Oliver.

On last Friday night Tahoka forfeited to Brownfield due to the fact that the Tahoka nine was playing an ineligible player. However the game was a good one for the local nine as they were leading by a score of 10 to 1 at the seventh inning, and then the pitcher was injured and Brownfield managed to tie the score at the end of the ninth inning off of Tahoka's new pitcher that replaced the injured pitcher, and that's the way the game ended, 10 to 10.

NEWSPAPER AGENT

Billy Ed Ware has been named Tahoka distributor for the Lubbock Avalanche and Journal, and effective today will make deliveries and take subscriptions for the two daily papers.

Wynne Collier, Druggist, has handled the papers since early in the war, when local deliveries were discontinued. He will continue to handle news stand sales of the two papers.

LEHMANS HAVE VISITORS

Joe M. Lehman is home from medical school visiting with his parents Mr. and Mrs. Al Lehman. Also visiting in the Lehman home are Mrs. J. B. Moss and her daughter Sylvia of Dallas. Miss Sylvia is Joe's girl friend.

Mrs. Moss and daughter expect to return to Dallas the latter part of this week.
