Local Elementary Pupils Will Register Monday And Classes Will Begin Sept. 4

Plans for registration of students in the Lamesa Elementary Schools for the coming term are announced this week by G. M. Roberts, principal. Enrollment in the Lamesa Elementary School will take place on Monday, September 3, and the following plans have been mapped out for registration. According to Principal Roberts these plans should be studied and followed carefully by all children concerned.

Each child who has attended school before must present a book card and a report card from the school previously attended regardless of whether the attendance was in this school or some other institution. Immunity against smallpox is required of all children attending the Lamesa Public Schools and all children entering this school for the first time must present acceptable evidence of such immunity. Vaccination records are on file in the local school for children who have attended the Lamesa Schools before and new certificates will not be required of such children.

Children under six years of age September 1, will not be admitted to the first grade. A birth certificate or other satisfactory evidence of a child's birth date, will be required of all children entering the first grade for the first time and parents should bring these records when presenting their children for enrollment in the first grade. Every child should be able to give the following information upon enrollment: day, month, and year of birth; exact place of residence, such as house and street number; name and initials of parent or guardian; mail address; child's place of birth; place of residence last April 1; date of vaccination for smallpox; name and address of the school last attended.

ELEMENTARY PUPILS TO ENROLL ALPHABETICALLY

Most of Monday, September 3, will be taken up with enrollment of pupils and issuing textbooks, according to G. M. Roberts, principal. When this is completed and the teacher has dismissed the pupil, he may return home. Regular class work will begin Tuesday morning at nine o'clock and will continue throughout the day until regular dismissal time for the respective grades.

In order to avoid congestion and long waiting, pupils are requested to report to classes in alphabetical order as follows:

Pupils whose family names begin with A, B, C, D, or E will report at nine o'clock in the morning.

Pupils whose family names begin with F, G, H, I, J, K, L or M will report at 10:30 in the morning. Pupils whose names begin with N, O, P, Q, R, and S will report at 1:00 p. m.

All other students will report at 2:30 p. m.

POINTS WHERE ELEMENTARY PUPILS TO REPORT GIVEN

All pupils who attended this school last year and who remained until the close of school will find their room assignments at the bottom of last year's report card. All these pupils should examine their report cards and report to rooms accordingly without reporting to the office.

All first grade children who have never attended school and who are not otherwise assigned to rooms will report as follows for enrollment:

Children whose birthdays are in June, July or August, or on September 1 of 1939 will report to room 1.

Children whose birthdays are in March, April or May of 1939 will report to room 2.

Children whose birthdays are in December of 1938 or in January and February of 1939 will report to room 3.

Children whose birthdays are in September, October, or November of 1938 or earlier will report to room 4.

All children for any grades except the first who have never attended this school should report to the office, provided they have not been previously assigned to some grade and room.

Lamesans To Go To A War Fund Meet In Lubbock

J. R. (Dutch) Leuenberger local War Chest chairman, is among the group who have been asked to gather at Lubbock Army Air Field Friday, August 31 for a regional field meeting to plan for the 1945 War Chest campaign in the South Plains Counties. Others from Lamesa who will attend the meeting are Ed DuBose, who has been elected as treasurer of the drive; J. P. White, who will head the Lamesa campaign; Dud Arnett, who will spearhead the special gifts committee; M. C. Lindsey, one of the state directors; and Mrs. Matt McCall, who is in charge of publicity for the drive in this county.

The United War Fund campaign will get underway in October and County Chairman Leuenberger reports that the committee for the drive is now trying to obtain a reduction on the \$10,371.00 fund quota which has been assessed this area. He states that a full corps of workers for the various communities in the county will be announced soon, and further reports that P. K. Humes will head the rural portion of the campaign.

Funds collected during the War Chest campaign are to be used for USO shows and many other war agencies for the benefit of men in uniform and Allied nations needing relief.

War Chest leaders from this county who attend the United War Chest of Texas regional conference in Lubbock will hear from a talented USO camp shows entertainer about reports on services being provided for men. They will also hear from one of the nation's most outstanding battle heroes a personal account of the fighting abroad. J. O. Gilliam will preside at the conference at which Wayland D. Towner will discuss plans for another over-the-top campaigns in Texas.

Classes At High School Start Mon. Faculty Named

V. Z. Rogers, superintendent of the Lamesa Schools, announces that local high school pupils will start in the first period classes or study halls as scheduled at 9 a. m., Monday morning, September 3th.

He reports that pupils whose assignments have not been completed, or students who have not been registered will be assigned from the principal's office to their respective places. The Monday program at the high school calls for assembly at 2:35 p. m. High School classes will continue throughout the day with dismissal at 4 p. m.

It was stated Wednesday that the following teachers had been assigned to high school positions for the oncoming term: V. Z. Rogers, superintendent, H. S. Fitzgerald, principal; Ray Culp, Mrs. Ara Purcell, H. J. Sanders, Mrs. H. J. Sanders, Mrs. Prudence Taylor, Miss Alma Thompson.

Miss Blanche Thompson, Mrs. Zoe White Ramsey, E. P. White, Mrs. E. J. Yates, Richard Young, Miss Luella Mann, and Mrs. Bobbie Dee McKinnon.

Officials stated that assignments had not been made for four teachers needed to complete the 1945-46 high school faculty.

Union Church To Have Conference

The fourth quarterly conference meeting will be held at the Union Methodist Church on Saturday, September 1, according to an announcement received at this office this week.

MANY TAKING ADVANTAGE OF \$1.50 AND \$3.00 RATES FOR SUBSCRIPTIONS TO COURIER

Since the Dawson County Courier announced their new low bargain rates, by which residents of this trade territory can obtain a one year subscription for the price of \$1.50 or a two year subscription for \$3.00, hundreds of people have been streaming into the office, requesting new subscriptions or renewing their old subscriptions to their "home town newspaper." The Dawson County Courier.

Residents throughout Dawson, Gaines, Borden, Terry, Martin and Lynn Counties, which comprise the districts of this trade territory where the rates are effective, have realized the fact that the new bargain prices are being offered for a limited time only, and are eager to take advantage of the savings afforded them by the Courier.

Since a double savings is being offered by the two year subscription rate of \$3.00, many people are leaving their order for a 2 year period. The reduction from the old price of \$5.00 is an amazingly low offer, and persons taking advantage of this offer will have the two editions of the Courier delivered to them each week for a 2 year period.

The Courier's new delivery service is another pleasing factor to its readers, who have been obtaining their papers shortly after publication for the past two weeks. The Courier has installed this service to benefit the public, and papers are delivered to city readers each Monday and Thursday afternoon and can be found on their lawns.

If you have not yet left your order for the Courier at the office do so now. The new bargain rates of \$1.50 for one year subscriptions to persons in Dawson, Gaines, Terry, Borden, Martin and Lynn Counties are now in effect, as is the \$3.00 rate for 2 year subscriptions in the designated counties. This is a reduction of the old \$3.00 yearly rate and \$5.00 two year rate and subscriptions for less than a year's period will not be accepted. Upon the culmination of the bargain rate period the Courier can be obtained for \$2.00 per year. Out of trade territory residents can still subscribe to the paper for \$4.00 per year, and men and women of the Armed Forces can get their papers for \$3.00 per year.

Old subscribers are calling to the office to have their subscription time extended for 1 or 2 years at the bargain rate. All old subscribers are urged to take advantage of the Courier's bargain prices and to have their expiration dates advanced 1 or 2 years from the original date, thereby taking advantage of the savings being offered currently by the Courier.

Though its bargain rates the Courier is making it possible for people in all walks of life to receive their "home town newspaper." The Dawson County Courier. The aim of the paper is for every family in this trade territory to become a "Courier Reader." Join the already large circle of Courier readers today, while the bargain rates are in effect.

Below is printed a list of the names of those persons who have called at the Courier office since Monday, August 27 to subscribe for the paper or to renew their subscriptions. The Courier is indeed proud of this list of farsighted residents and welcomes them into the large circle of Courier readers.

First 1945 Bale Of Cotton To Be Auctioned Sept. 1

Dawson County's first bale of cotton for the 1945 season rolled into town Monday afternoon, August 27, and was ginned by the Lamesa Co-Operative gin between 3:30 and 4:00 p. m., that afternoon. The bale which has been placed on the courthouse square, was produced by Archie Moore on the M. Q. Martin farm which is located 5 miles southwest of town.

The bale will be auctioned to the highest bidder Saturday morning, September 1, at 11 a. m. The auction will be held on the courthouse square.

According to R. L. Jones, Lamesa Co-Operative gin manager, the bale weighs 495 pounds. The cotton has not yet been classed but Manager Jones stated Tuesday that he believed it would be of a middling grade with about a 1 inch staple.

It is reported that Moore picked between 12 1/2 to 15 acres to get the bale of cotton. He states that he has 5 to 6 bales of cotton open in his field, and further reports that he hopes to have it picked in a few days if hands can be secured.

Moore has over 200 acres of cotton planted at the Martin place, having planted his crop in April. Jones reports that the cotton at the farm looks good.

"This year's first bale of cotton is ahead of last year's schedule by a few days, the first bales during the 1944 season having been ginned August 31.

Visiting Pastor Will Preach At Hiway Church

"The glorious old time revival fires have swept the Hiway Baptist Church and surrounding communities," states an announcement received at this office this week. "God has greatly blessed the group. Souls have been saved and backsliders have come back to God," continued the description of the successful meeting held at that church.

The meeting was in progress from August 12 to August 24, at the Hiway Baptist Church under the direction of the Rev. R. N. Power, pastor.

It is announced that there will be a visiting preacher in the pulpit next Sunday, September 2. The regular pastor, Rev. Power, will be in a revival meeting at Midway Baptist Church near Slaton. He will return and preach at all services Sunday, September 9th.

Crop Insurance Papers Are Being Mailed Farmers

C. E. Tarter, administrative officer at the local AAA office, states that some farmers of this county are being mailed their certificates of indemnities on cotton insurance this week from the branch office in Denver.

He advises local producers to bring these documents into the local AAA office where they can secure further instructions, or to sign them and mail them back to the branch office in Denver, Colorado.

Administrative officer Tarter stresses the fact that these certificates of indemnities should not be destroyed. In case they are destroyed, farmers can not receive their crop insurance payments.

Court Of Honor For Scouts To Be Held Here On Friday Night

Scout officials announced this week that a district court of honor will be held Friday night, August 31, in the courthouse at 8 p. m. C. C. Terry, court of honor chairman, will be in charge of the event.

All persons interested in scouting are cordially invited to attend the session.

Cpl. Edward L. Davis, the son of Mr. and Mrs. E. M. Davis of 1003 South Third Street in this city, has been a member of the Air Corps for the past 3 years. Since entering the service, he has been stationed in Illinois, Florida, Georgia, and at present is in Mississippi. His wife and 2 months old son, Edward Jr., are with him. Cpl. Davis is a former student of the Union and Lamesa Schools. Prior to entering the service he was employed at Piggy-Wiggy here.

Mrs. E. Wickson Passed Away On Tuesday, Aug. 28

Mrs. Elizabeth Murdock Wickson of 1402 North Second Street in this city, passed away Tuesday, August 28. Funeral services were held Wednesday afternoon at 4 p. m., in the First Methodist Church with the Rev. Cal C. Wright officiating. Interment was in Lamesa Cemetery.

Mrs. Wickson was born November 18 1861 in England and was 83 years of age at the time of her death. She had held membership with the Methodist Church for 63 years.

She is survived by these children: Ed Wickson, Bob Wickson, Henry Wickson, and C. D. Wickson, all of this city, as well as Mrs. Annie Ola Heath, Mrs. J. E. Hackworth, and Mrs. Bessie Trimble of Seminole, Mrs. John Keller of Lubbock, and Will Wickson of Denver City. Reports Given On Tornado Line Up For 1945 Season

There are three dozen or more boys standing by to receive football equipment from H. J. Sanders, high school coach. They will receive the equipment on Saturday morning, September 1.

Among the group are some letter men from last year's first and "B" teams and from the "Breeze" squad. Among the former team members are Bill Fortenberry, Edd Hawkins, John Hurley, Bill Matlock, Orville Nieman, Donald Hoover, and Bill Taylor.

Coming along from the "B" team are Tom Branon, Arthur Bizzell, Bryant Clark, Eugene Eudy, Ted McCollum, John Lee, Bill Nix, W. L. Patterson, Jim Rowbotham, Alan Smithson, and Bill Merritt.

Former "Breeze" squadron members as well as new comers to the team include Phillip Anderson, Tom Allen, Hal Barron, Gus Burkett, Kayford Bates, Bernice Cooper, D. Conner, Marshall Fields, J. Hughes, J. B. Henley, C. Middleton, Frank Rose, Lon Stevens, Claude Tabor, John Tankersley, Ray Womack, Bill Adair and Alton Anthony.

A complete list of candidates will not be available until practice gets underway Saturday when two workouts are scheduled.

It will be only two weeks before the first game of the 1945 football season is scheduled. On September 14th, the Tornados will match the Tahoka Bulldogs. The Tahoka team will consist of veterans, some of whom have played against Golden Tornado teams twice, and on teams which gave the locals tough battles.

Lamesa is slated to meet the Brownfield Cubs within three weeks and in Cub territory where the Golden Tornados lost their 1943 game. The two teams played to a 6 to 6 tie in Lamesa in 1944.

A 19-mile coastal belt on Kyushu between Moji and Yawata had pre-war metal-working plants that turned out one-third of Japan's production of pig iron and half of her steel.

Lamesa Baptist Association Will Meet Sept. Fifth

The twenty-second annual meeting of the Lamesa Baptist Association will convene with the Midway Baptist Church in this county on Wednesday, September 5, at 9:15 a. m., and will continue with the morning, afternoon and night sessions.

There are three thousand three hundred and twenty-seven members from twenty-one churches in Dawson, Borden, and Martin Counties comprising the associational membership. Churches which are members of the Lamesa Baptist Association which affiliates with the Baptist General Convention of Texas and The Southern Baptist Convention include the First Baptist Church of Lamesa, Ackerly, Berry Flat, Fairview, Five Mile, Flower Grove, Friendship, Gail, Grandview, Key Bethany, Klondike, Midway, Munger, New Home, New Hope, O. K. Patricia, Pride, Sparenberg, Welch and Woody.

Arrangements have been completed for a most interesting program to be given Wednesday. The Rev. J. C. Wade is host pastor for the occasion.

The program will open in the morning at 9:15 a. m. with song and prayer by Rev. Earl Esmond to be followed at 9:30 a. m. by an organizational period at which time the association will be organized and officers will be elected. The third program feature will be at 9:45 when recognition will be given to new pastors and visitors.

At 10:30 a. m., a report will be given by the treasurer, Owen Taylor of Lamesa, to be succeeded by a report on civic righteousness at 10:40 a. m., by Rev. Frank Steel of Ackerly, Rev. Forester of Tahoka will give a report of the Buckner's Orphan Home. A speaker from the home will then talk, after which announcements will be given.

Dr. C. A. Morton, Lamesa pastor, will report on Christian education at 11:10 a. m., to be followed by a special song by Owen Taylor. The culminating feature of the morning program will be the annual sermon at 11:45 a. m., by Rev. Earnest Phillips of Key.

Following dinner, the association will again convene at 1:30 p. m., with song and devotional to be rendered by the Woman's Missionary Union. An associational Women's Missionary Union and Executive Board Meeting will be held at 1:40.

At 3 p. m., reports will be heard from the Rev. Forester of Tahoka to be followed by a talk by Rev. J. M. Cook of Abilene who will discuss the Baptist Standard and Co-operative Program.

Preceding a talk on the training union work by Rev. J. W. Roach of Pride and Tahoka, Rev. Andrew Allen of Dallas will discuss hospital endowments. At 4 p. m., Rev. H. L. Burnam of Friendship will speak on Sunday School work, after which Rev. J. W. Arnett of Midland will render the part of the program concerned with associational and district missions. The afternoon session will close with obituaries at 6 p. m., to be given by Rev. Perrison of Sparenberg.

The evening program will open at 8:30 p. m., with a song service to be led by Rev. June Hogue of Midway. Special music will follow at 8:40 and will be given by Mrs. Carr Spraberry of Midway.

Rev. Harmonson of Plainview will speak on state, home and foreign missions at 8:45 p. m., after which Mrs. C. A. Morton of Lamesa will discuss "Digest of Letters" at 9:15 p. m.

Special vocal music will be rendered at 9:30 p. m., by members of the Klondike Church.

The closing program item for the night will be an annual missionary sermon at 9:35 p. m., by Rev. J. C. Wade of Midway.

W. G. White is the board member from the First Baptist Church of Lamesa to the Executive Board of the association. Official messengers from the First Baptist Church are the pastor, Clarence A. Morton, W. G. White, Mr. and Mrs. Owen Taylor, Mrs. Z. T. McMullen, Mrs. R. P. Nix, Ray Hollingshead, Earl Williams, Mrs. L. P. Houston and Mrs. Billie Boswell.

Plans have been completed for the city wide paper drive to be conducted in this city Friday, August 31. Waste paper will be picked up on all the streets in Lamesa Friday, August 31, between two and six p. m.

Mrs. J. H. Adkins and Mrs. C. F. Gowen, who are spearheading the paper drive for the local home demonstration council, make these statements concerning the city wide collection: "Please place your bundles of newspapers and magazines on your curbs before two o'clock Friday afternoon. It is important that each bundle of paper be securely tied. Newspapers should be tied in bundles from 10 to 12 inches high, and these bundles should be tied both lengthwise and crosswise, if possible."

They continue, "Magazines and books may be assorted in the same package and tied. It is found that packages about 10 inches high are best for books and magazines."

Scrap paper may be boxed, according to the regulations of the council. Officials warn, "Please do not place any loose paper of any kind on the curb. If you do not have time to tie your bundles, please put the paper in boxes."

Mrs. Gowen states that she believes there are enough newspapers and magazines in the homes of Lamesa to fill a freight car.

This paper is needed badly now, even though the war has come to an end.

The chairman urges that all paper be placed on the curbs around town before 2 p. m. Friday, August 31, in order that it can be collected and loaded in the freight car and sent to the paper mills where it will be converted into war materials.

Five More Local Men Are Given Army Discharges

Arthur L. Kinsey, Charles E. Teague, Fred M. Porterfield, Everett L. Lakey and Raymond F. Kaddatz, have recently received their honorable discharges from military service and again returned to a civilian status.

Arthur L. Kinsey, whose home address is Patricia, received his discharge at Torney General Hospital in Palm Springs, California, on July 26, of this year, after serving as a private first class with the 143rd Infantry Regiment.

He entered the service February 4, 1941 at Camp Bowie and received an overseas assignment, leaving the States on April 2, of 1943.

After going overseas he participated in the German, Italian, and in the Southern France Campaigns, and for his services was awarded the American Defense Service Ribbon, European-African Middle Eastern Service Ribbon, and the Good Conduct Medal.

After serving overseas 1 year and 11 months he returned to the States on March 15, of this year.

Another Dawson County man to have received his discharge is Charles E. Teague, who served as a cook with the 48th Quartermaster Company. His discharge papers were given to him at the Separation Center at Fort Sam Houston on August 18.

Entering the service June 9, 1942 in Lubbock, Teague, a private first class, went overseas on April 29, 1943. After spending 2 years and 2 months across, he returned to the States on July 7, of this year.

Teague is a veteran of the Sicily, Naples-Foggia, Rome-Arno, Southern France, Rhineland, and Central Europe Campaigns. He wears the EAME Campaign Medal with 6 Bronze Stars and the Good Conduct Medal.

He was released from service through the Army's demobilization plan. Prior to going into the service he was a tractor driver making his home in Welch.

Released from service at Ft. Sam Houston on August 20, was Everett L. Lakey, who has been attached to the 1513th Engineer Water Supply Company.

A farmer residing on Route D in this county, he entered the service May 29, 1941 at Fort Bliss.

He left for an overseas assignment on November 2, 1942 returning June 29, of this year.

A cook with his unit overseas he had part in the Naples-Foggia, Rome-Arno, and Sicily campaigns, and wears the EAME Campaign Medal with 3 Bronze Stars, American Defense Service Medal, and Good Conduct Medal.

He filled the duties of a technician, fifth grade while in service.

Raymond F. Kaddatz was distributed his discharge papers August 22, at the Separation Center at Ft. Bliss.

A veteran of overseas service, he was a member of the 241st Military Police Company and was rated a staff sergeant.

He entered the military service on November 19, 1940 in Lubbock and went overseas on October 20, 1942. For 2 years and 9 months he remained overseas returning from the European Theatre on July 27, of this year.

Possessor of the American Defense Service Medal and European-African Middle Eastern Service Medal, his home address is General Delivery.

Mrs. Myrtle Dickie Negy, county home demonstration agent, advises you to mulch shrubs and gardens.

She states, "Mulch is straw or dried leaves, or it may be stalks gathered up from around a lot. It is used to cover the ground under garden or yard plants."

The home demonstration agent continues, "It should do three things: conserve moisture, slow down the growth of weeds, and keep the soil cool. It benefits tomatoes, squash and cucumbers by keeping the fruit off the ground. If garden plants and shrubs are mulched now, it might help them go through the rest of this hot summer."

What are your ideas about post-war train travel?

Santa Fe would like to know

How do you think post-war passenger cars should be built? What are your ideas about train-to-station telephone service, recreation cars, "snack bars," dinner music? What about train speeds? Santa Fe has prepared an illustrated questionnaire to give you a chance to take part in planning our trains and travel features of the future. It's easy to show us what you have in mind. You simply check the idea you like in the questionnaire, jot down any additional ideas you may have, and return the questionnaire to us. We pay postage. Mail the coupon today and we'll send you the questionnaire pronto!

T. B. Callahan, Passenger Traffic Manager, Santa Fe System Lines, 80 E. Jackson Blvd., Chicago 4, Ill.

THE CHURCHES OF CHRIST SALUTE YOU. Rom. 16:16

Which Will You Choose Today?

Christ—"HE THAT BELIEVETH AND IS BAPTIZED SHALL BE SAVED. Mk. 16:16.
Man—"HE THAT BELIEVETH AND IS NOT BAPTIZED SHALL BE SAVED."

Christ—"REPENT AND BE BAPTIZED . . . UNTO THE REMISSION OF SINS." Acts 2:38.
Man—"REPENT UNTO THE REMISSION OF SINS, THEN BE BAPTIZED BECAUSE of the Remission."

Christ—"BAPTISM DOTN NOW SAVE US." 1 Pat. 3:21.
Man—"BAPTISM DOTN NOT SAVE YOU AT ANY TIME."

Christ—"THEY WHO ARE BAPTIZED INTO CHRIST PUT ON CHRIST." Gal. 3:26-27.
Man—"THEY WHO PUT ON CHRIST MAY BE BAPTIZED LATER."

Christ—"SALVATION IS IN CHRIST." 2 Tim. 2:10.
Man—"SALVATION IS OUT OF CHRIST."

Christ—"MUST BE BORN OF WATER AND THE SPIRIT TO ENTER THE KINGDOM." Jno. 3:5
Man—"BE BORN OF SPIRIT WITHOUT THE WATER TO ENTER THE KINGDOM."

Christ—"THE LORD ADDS TO THE CHURCH THOSE WHO ARE SAVED." Acts 2:47.
Man—"THOSE WHO ARE SAVED JOIN THE CHURCH, IF THE BRETHREN PERMIT."

Christ—"THE CHILD OF GOD MUST CONTINUE FAITHFUL UNTIL DEATH TO RECEIVE A CROWN." Rev. 2:10.
Man—"NO NEED TO FEAR, FOR ONE WHO HAS BEEN BORN AGAIN CANNOT BE LOST."

Do you believe what Christ said? The man who tries to answer these statements must attack the statements opposite of the words Christ. Now if he does he is attacking the Scriptures and not my position. Remember these statements, opposite the words CHRIST are from BIBLE.

First Game Of Tourney To Be Played On Friday Night

Arrangements have been completed for the baseball tourney which is to be played at the local ball park Friday, Saturday, Monday, Tuesday, and possibly Thursday nights.

Some of the original plans for the tourney have been changed through necessity. It is announced that 9 teams, including groups from Sparenberg, Sundown, Levelland, Seagraves, O. K. Garage in Lubbock, O'Donnell, Osborn's Drive Inn, Seminole, and Ackerly will participate in the tourney.

P. K. Humes who has prepared the schedule of play for the affair states that all games will begin on schedule with matches slated on the designated nights for 7 p. m., 8:30 p. m., and 10 p. m. Ten minutes between matches will be used for field work. Officials are hoping to run off the games as rapidly as possible and to eliminate undue delays.

The tourney, which is being sponsored by the Dawson County Softball League, will operate by double elimination, each team having to be beaten twice before they are eliminated from play.

Humes reports that a portion of the tourney schedule can be announced now, and that the remainder will be announced as the tournament develops.

The first games of the tourney will be played Friday night, August 31. The curtain raiser for the night is slated for 7 p. m., between Sparenberg and Sundown, to be followed by a match between Levelland and Seagraves, and at 10 p. m. by a match between O. K. Garage in Lubbock and O'Donnell.

On Saturday night at 7 p. m., Osborn's Drive-Inn will play Seminole. The next game for the night will be between the winner of the Levelland and Seagraves match and Ackerly and is slated for 8:30 p. m. The final game for the night will be between the loser of the Seagraves-Levelland game and the loser of the Sparenberg-Sundown match.

Matches will continue to be played on Monday, Tuesday and probably Thursday nights.

Appropriate awards will be offered to first and second place winners of the tourney.

Admission for each night's session will be 15 and 25 cents.

It is stated that three teachers are now employed in the Dawson County Separate School which is the Lamesa Schools for members of the negro race and is the only such

Thirty-Four Men Re-Classified By Local Board

The local selective service board met Tuesday, August 28, and reclassified the following group of men:

New registrants and Billy Lynn Warrick, Lahoma Lowell Williams, William Clevis Wimberly, Adam Munes Olivares, Riley Gene Ogden, and Francisco Riojaz.

Men I-C discharged are Nolan Reed, Raymond Kadatz, Gilbert Watson, Everett Lakey, Charles Teague, James Holt, Fred Porterfield, Clarence Blackstock, Othol Franklin, Arthur Atchely, and Eulis Bolton.

Men classified as I-C inducted are Jesus Garza, Warren Barnes, Fred Slough, Norman Compton, Arnie Fuller, Wilburn Lobstein, W. J. Franklin, Oatun A. Roberts Jr., Pollard B. Wise Jr., Jose Dilgado, and Robert Minter.

Designated as I-A were Waymon Phillips, Leon Bailey, Edward Loftin, and O. D. Perryman Jr.

Men classified as 4-F were James Baty and Allen Strickland.

Number Indicate That They Desire A Cold Storage Locker

Officials of the Lamesa Co-Operative Gins, who announced last week their intentions to construct a cold storage locker plant here, report that between 75 and 100 persons have already signed up for lockers. They urge that others desiring to have lockers call at the Lamesa Co-Operative Gin office or see one of the directors of the gin as soon as possible.

Before the gin can get permission from the War Production Board to build a locker and in order to defray expenses, 80 per cent of the boxes for the locker must be leased.

Other information concerning the cold storage plant, can be found in the Co-Op ad in this paper.

school in this county. The teachers employed for this term are: S. J. Mayberry, Miss Athetine Ross and Miss Ada Mae Price. It is reported that Professor Mayberry is looking for 175 pupils to enroll during the oncoming term.

H. Holliday Now Vice President At Henningsen's

An announcement received from Fort Worth this week stated that Harold V. Holliday has been elected to the office of vice president of Henningsen Lamesa, Inc. He was elected by Henningsen's board of directors on July 25, 1945 and is currently operating in the capacity of vice president for the Lamesa business.

Holliday joined the Henningsen organization in November of 1942 as assistant manager of Henningsen Denison, Inc., in Denison, Texas, and was transferred to the local company in December of 1943 to fill the post of manager of the production department of the Lamesa company.

Upon the resignation of Robert Henningsen on June 1, of this year, Holliday was made general manager of Henningsen Lamesa, Inc., and recently assumed the duties of vice president in charge of the company's affairs.

The local Henningsen plant is one of four such plants in Texas. Two are located in Denison, 1 in Fort Worth, where the main headquarters are situated, and Henningsen Lamesa, Inc., has been in operation here for more than a decade.

Holliday is vastly experienced in this field, having begun this type of work approximately 22 years ago. His background of work includes 5 years with Armour & Co., and 5 years with Priebe & Sons Inc., where he served in the poultry, egg, and creamery units in both firms. He spent 3 years with the Dry Food Products Company in Brooklyn, New York, doing experimental work with poultry as well as selling. For some time he was connected with a poultry and egg company in Birmingham, Alabama. Mr. and Mrs. Holliday and 8 year old son, Jerry, are currently making their home in this city at 304 North Main Street.

Local Scouters Participated In Swimming Meet

A district meet was held at the Lamesa swimming pool Thursday night, August 23, for the Tejas scout district, which is comprised of troops from O'Donnell and Lamesa. Since the O'Donnell troops were unable to participate in the meet, competition was staged between local troops 22, 23 and 28.

Troop 22 won the meet, being credited with a total of 100 points with the other troops ringing up a score of 34 points.

The swimming contest was divided into junior and senior units. Comprising the junior division were boys from 13 to 14 years of age and comprising the senior divisions were boys from 15 to 17 years of age.

Events for the divisions were the same and included 20 yard free style swimming, as well as swimming back stroke style, breast stroke style and side stroke style. Swimming underwater, diving, medley relays and free style relays with four boys comprising a team were other activities.

Jerry Phillips and Tommy Allen, both troop 22 members, tied for first place in the greatest number of points gained in the event. Jerry, a junior, and Tommy, a senior, both were credited with 22 1-2 points.

Wendell Moore of troop 23 placed second in the junior division with 18 points, and Sonny Rose of troop 22 was third with 15 points.

In the senior division Tommy Allen was high, followed by John Leuenberger of troop 22 who had 16 1-2 points, and Douglas Moore of troop 23 who was third place winner with 16 points.

Judges for the event were Miss Doris Richardson who is a Red Cross swimming instructor, A. G. Barnard and Marshall Crawford. P. K. Humes acted as official starter.

Father Of Mrs. A. G. Waugh Succumbs

C. W. Brown of Falkville, Alabama, father of Mrs. A. G. Waugh, of this city, passed away Friday, August 24. Funeral services were held Sunday, August 26.

Mr. Brown is survived by four daughters including Mrs. A. G. Waugh of this city, Mrs. D. W. Stringer, with whom he made his home, Mrs. W. C. Taylor of Knoxville, Tennessee, and Mrs. O. E. Little of Roswell, New Mexico. Other survivors are a brother, R. M. Brown of Cullman, Alabama, 9 grandsons, 4 granddaughters, 9

FARM NEWS

The years of short crops are good times to carry out some needed soil conservation practices. The top soil of the earth is life itself. It was formed over a period of many years by nature, mixing rocks, air, water, and life in the correct proportion. Each handful contains millions of living organisms. Soil represents the age old struggle between life and death. Only through it can life be maintained. Soil is our heritage and must be guarded well. Instead of working with nature, man has terribly mistreated this basic resource. We have taken everything off the land and put nothing back. We have planted row crops on slopes on which it would have been more profitable or produced more food if it had been left in pasture. Out of seven hundred million acres suited for cultivation in the United States, soil erosion has ruined approximately fifty million acres, and another fifty million has been seriously damaged. Land owners and operators can apply many soil conservation practices and do the most for the work themselves. More than 90 per cent of the farmland of the United States needs soil conservation treatment to protect it from soil erosion, to maintain fertility, and to put it to the most efficient use. Save the soil and it will save you.

AAA reminds farmers and dairymen that August 31st is the last day on which dairy production payments may be made for whole milk or butterfat sold during the months of April, May and June.

Application for beef production payment for sales of eligible beef during the period of May 19, 1945 through June 30, 1945 should be filed not later than August 31, 1945 to be eligible for payments. After June 30, 1945 application should be filed within sixty days of date of sale.

Your Fall garden small or large should be planned with care. Vegetables planted should provide a high degree of food value and yield over a long period of time.

Three truck loads of green peas raised in Dawson County left Lamesa for Lyndale to be canned by a canning company there. There will be many more loads to follow these in the near future.

Cross Brothers Have Purchased Allen Food Store

Two brothers, Jess Cross and W. A. Cross, both World War II veterans, announced this week the purchase of Allen Food Store, located at 211 North First Street.

The brothers assumed management of the food store on Monday, August 27, and are currently operating the firm under the name of Cross Bros. Food Store.

Jess Cross, a former member of the Army Corps, has been recently connected with Mr. Allen in the grocery business, and prior to his entry into the military service was in the grocery business in O'Donnell.

His brother, W. A. Cross, also a veteran, served as a technical sergeant with a paratrooper division. He saw action overseas, having been stationed in Normandy, Holland, Bastogne and Germany.

Possessor of the Bronze Star, Purple Heart with one cluster, the ETO Ribbon with 4 Stars, one Arrow Head, the ATO Ribbon, Presidential Citation with one Cluster, Combat Infantry Badge, Good Conduct Medal, and the German Occupation Ribbon, W. A. Cross received his discharge from service at Fort Sam Houston in San Antonio, on August 1, of this year.

W. A. Cross was wounded twice in action while serving with the 101st Airborne Division.

Additional details about the change in ownership of the Allen Food Store can be found in the grocery ad in another section of this paper.

Improvements At I.O.O.F. Hall Are Completed

Repairs on the local I. O. O. F. hall which have been underway for some time have been completed except for a few finishing touches, and the membership of that organization is now enjoying a "really dressed up home," according to its reporter.

A new kitchen complete with a large cabinet has been installed, as has a rest room with a shower. Rearrangements of the old lighting system have been completed and new lights are included in the new set up. A new paint job is finished, and an electrically lighted emblem is to be installed on the door in front of the hall, which is located over Morris Pharmacy on the north side of square.

Approval has been given for the lodge to change its weekly meeting night from Tuesday to Thursday night, and after next week's session the regular meetings will be held on Thursday at 8 p. m.

According to reports received this week the local I.O.O.F. Lodge plans to visit the Seminole Lodge next week to assist in initiating 10 new members. The Lamesa lodge has a class of 7 to be given initiatory work beginning the first week in September, according to reports.

Troop 22 Attends A Water Camp In Christoval

Members of Scout Troop 22, made their annual trip to the water camp at Christoval last week ending Friday, Saturday, and Sunday at the encampment.

According to reports the outing in Christoval each year proves to be one of the most enjoyable encampments throughout the year. Activities include swimming, boating, fishing, skating, dancing, cooking, diving, etc.

Attending the encampment this year were Joe Spikes, scoutmaster, Marvin Standifer, senior leader of the troop, George Hart, senior patrol leader, Tommy Allen, Jim Bob Phillips, Martin Burkhead, Bubba Cotten, J. V. Henley, John Leuenberger, Jerry Phillips, Sonny Rose, Don Conner, Jack Prather, I. V. Ferguson, Billy Doyle Wilson, Don Holt, Marshall Crawford, Gene Morris, Jim Booth, Bill Hart, and Josh Beckham.

Troop 22 first started enjoying the features offered at Christoval in 1934, when they stopped there en route to a camp in Uvalde, spending the night at the encampment on the trip to Uvalde and on their way home. In 1938 the boys started making annual trips to Christoval staying at the encampment over a three day period.

Prior to the war aquaplaning was one of the main sports enjoyed at the camp, but in recent years there have been no motor boats available to use for the sport.

This year the boys enjoyed canoeing to replace aquaplaning, and still another sport enjoyed by the group was rope swinging into the water, using various boys as human targets and trying to bomb them as others came down from the ropes.

Earnest Gambill spent Tuesday in San Angelo attending to business.

Before the war, there were about 3,500 psychiatrists in the United States.

Draft Boards Must Continue With Operations

The following news release was submitted to this office this week by L. E. Eager:

Commenting upon the continued induction of men for the armed forces and the consequent resignation of some Texas local boards, Gen. J. Watt Page, State Selective Service Director, said Friday that "as a matter of fact, the number of local boards who have asked that their resignations be accepted is so small as to be almost negligible—only four out of 351 boards."

"Naturally," General Page said, "they are all tired after five years of arduous service. As board members they have done one of the most patriotic jobs in the annals of our country. In addition to being non-compensated, they have neglected their own business. In many cases they have lost money and friends of long standing, and have been subjected to all manner of abuse—these men without decorations. They can never be fully repaid for their contribution to the winning of World War II. Their only remuneration is contained within their hearts and soul in the knowledge that they have served fearlessly, tirelessly and honestly for their country. No man can do more. But their service is not yet completed, even though the shooting-war is over."

"Millions of our boys are overseas and have been there and in combat for several years. Certainly, they should now be allowed to come home to their families. For example I haven't seen my boy for over three years. Now, 'my boy' is simply representative of hundreds and hundreds of thousands of other fathers and mothers and wives with men long in the service. The government is strenuously trying to return these men. In fact, right here in Texas

the official reports of discharges which we are receiving at Selective Service Headquarters now total close to 1,000 notices per day. The Army, the Navy, the Marine Corps and the Coast Guard can not keep this up unless, of course, we can send able-bodied men overseas to replace those who should now be sent home.

"Surely, in this democratic country of ours, it is expected that every man shall participate in its wars. A great many of our young men in the 18 through 25 group have been deferred for several years for one reason or another. These young men have been able to sleep in good beds and have good food. They have had almost complete security with little or no jeopardy of life or limb. Why should not these young men now take up the gun and 'stand guard' for a while?"

"That is why we must for the present continue to issue calls for the induction of men. The calls are small—about 50,000 per month for the nation—but as President Truman has pointed out, they are still necessary. That is why most of the local boards are 'standing by their guns' and not resigning. The boys 'over there' didn't lay down their guns until it was all over."

City Fat Saving Record Falls Under Town and Farm Push

Ever since our government asked town and farm women to save used fats, the record previously set by city women has taken a beating.

We must keep up the good work! This country is facing a shortage of 1 billion, 500 million pounds of fats in domestic supplies, alone. Tons of vital war and home-front supplies requiring fats are still needed. We in towns and rural districts are in a better position to save fats than most city folks, so the government is depending on us.

Save every drop, every scrap. Melt down solid fats. There's never too little to save! Butchers will give you up to 4¢ and 2¢ points a pound. If you have any difficulty, call your Home Demonstration or County Agent.

Rural Schools Ready To Open Monday Morning

P. K. Humes, county superintendent, stated this week that all rural schools in the county would open on Monday, September 3.

Rural schools have made arrangements for their teachers for the 1945-46 term, and Humes submits this list of teachers who will instruct in the designated schools:

Two teachers will instruct 8 grades at Harmony School, including H. H. Browning and Mrs. Margaret Walls. At Woody School, Mrs. Porter Gibson and Mrs. Victor Crawley will instruct in the 7 grades to be taught there. The remainder of the students from that district will attend the Lamesa institutions.

Hancock will operate with 3 teachers, including J. M. Reed, Mrs. Clara Weeks, and Mrs. Homer Pace. Liberty has employed 2 teachers, including Mrs. L. A. Montgomery and Mrs. Kate Corley who will instruct 8 grades.

Grandview will carry 6 grades this year, with the remaining pupils in that community attending Dawson and Lamesa Schools. Teachers at the Grandview institution will be Mrs. J. L. Chiles and Miss Mary Pearl Bearden.

At this time a complete list of the corps of teachers for rural schools is unavailable. County Superintendent Humes stated Wednesday that there are 2 vacancies for high school positions, including 1 for Klondike and 1 for Sparenberg.

Humes further states that contract schools in the county are Bartlett, McCarty, Key, Mullins, and Mt. Olive where pupils have been designated to attend the Lamesa schools. O. K. and Munger are other contract schools, and pupils in those communities will go to O'Donnell and Union respectively.

He explains that pupils from contract schools attend institutions outside of their communities. Contracts are valid for a one year period, terminating on October 1 of each year.

Humes announced that 11 new buses have been secured for transportation purposes for school children. These have been secured since the beginning of the term last year. Worn vehicles have been replaced thereby eliminating transportation problems.

Pvt. W. Parchman, Jap Prisoner, To Be Returned To States

A communication received from the War Department Wednesday stated that Pvt. W. E. Parchman, a former Japanese prisoner, was doing as well as could be expected and would be returned to the States as soon as possible.

Pvt. Parchman was a prisoner of the Japanese for a period of 42 months, having been captured when Corregidor fell.

He is the son of Mr. and Mrs. W. T. Parchman of Justiceburg, who are former Lamesa residents, and is a brother to Mrs. D. E. Matthews of this city.

Pvt. Parchman entered the military service in September of 1941.

Pvt. W. Parchman, Jap Prisoner, To Be Returned To States

Mr. and Mrs. W. H. Derstine and Mr. and Mrs. Tom Boyd and son Thomas left Wednesday for Greenville where they will visit with relatives.

Mrs. Stanfield Writes Poem To Honor War Dead

Editor's Note: The poem which is printed below was written by Mrs. R. S. Stanfield of Route 2 in this county and is dedicated to those lads who won't return including James E. Hinson, Leroy Ogden, and Lester Riddle:

The beat of the drum, the bugle and fife,
Herald the end of war and of strife,
Soon we shall hear the marching of feet,
Heroes returning. Oh, sound so sweet.

Ring forth a cheer. Victory's come, peace is here,
Standing on the edge of the teeming throng,
In my heart is a prayer—on my lips is a song,
Of praises to God reigning on high.

Yet sadly, wistfully, breathing a sigh,
For lads who will not ever return,
To loved ones who will ever yearn,
For just one glimpse of the boy so brave,
Resting yonder in a foreign grave.

Lamesa BUSINESS AND PROFESSIONAL Review

Presenting each week news about live, progressive firms and individuals of Lamesa

F. C. Reece Is Owner Of Lamesa Salvage Company Which Stocks A Nice Assortment Of Car Parts

F. C. Reece is owner of the Lamesa Salvage Company in this city, a popular business which has been in operation here for many years. Mr. Reece, who makes his home in Big Spring, bought the establishment in March of this year from Elmo Smith, and continues to operate the firm which is located on South Dallas Street under the name of the Lamesa Salvage Company.

Mr. Reece, who has made Big Spring his home for a period of 18 years, has been connected with this type of business equally that long. He owns and operates the Big Spring Salvage Company in that city in addition to the local business.

The Lamesa firm offers a variety of services and makes available to you all types of used parts for another of their specialties and they will be happy to assist you on such occasions.

For weddings they can supply gorgeous flower arrangements and capable workers at the shop will decorate the site of the wedding in a beautiful manner. Anniversaries and birthdays, which can be remembered so suitably with flowers will prove a real delight when you send arrangements from Weaver Floral Company. Orders can be telegraphed any place from that shop.

Make your selection now from their large fresh array of choice blooms, hardy and artistically arranged for you. Mr. and Mrs. W. C. Davis, owners of the business report that at the present time they have a nice selection of gladiolus, dahlias, asters, marigolds, tube roses, and several other varieties of flowers for you to choose from. Their beauty and fragrance is a delight at any time and are doubly appreciated because they are evidence of the donor's thoughtfulness.

All orders are filled promptly at Weaver Floral Company to meet your specifications, and may be turned in by contacting the business by phone, or by dropping in at the shop.

Their extensive line of parts include both new and used articles, affording you a wide selection to choose from. They carry grills, wheels, and springs for cars, in addition to the regular line of parts, and have both plate and safety glass for sale. Personnel at the firm will install the glass in your cars.

The Lamesa Salvage Company also offers mechanic service, and has recently inaugurated wrecker service. When you need a wrecker, call 484 and the firm will service you, bringing your vehicles to town and repairing them skillfully for you.

The company has an open market for scrap metal, and pays top prices for this type of goods at all times. The metal is made available to the government for use.

In addition to Mr. Reece, 3 employees are kept at the Lamesa Salvage Company to serve you in an efficient, satisfactory manner. The firm remains open each day from 8 a. m. to 7 p. m., to assist you in any way that they can.

Long Hauls Cared For Properly By Britt's Company

Covering the states of Texas, Oklahoma, Arizona, and New Mexico, the Britt Trucking Company, with headquarters on the Seminole Highway, has built up a reputation for its prompt and efficient deliveries, and for the careful and capable manner with which they handle the items that they haul.

The company is a prominent business in Lamesa, being known as the largest livestock hauling establishment in both Texas and New Mexico, and has experienced a vast expansion since it was first set up. Its functions include the operation of some 12 trucks, and recently a new Diamond "T" truck which

F. C. Reece of Big Spring is owner of the Lamesa Salvage Company, having purchased it in March of this year. The firm carries an extensive line of parts, buys scrap metal, and in addition offers mechanic and wrecker service. A staff of skilled workers are employed at the firm, which is located on South Dallas Street, to serve you at all times.

is 35 feet long was added to the already large fleet.

Trucks of all sizes and types comprise the fleet, and vans, reefers or refrigerated vans, stock trailers, and wench trucks are included. This variety of trucks affords the hauling of all types of merchandise, cattle and other items.

Furniture, feed and oil field equipment, frozen poultry and eggs, and other such items can be hauled. A feature of the business is the transporting of livestock, and still another service offered by the company is the towing in of wrecked cars and trucks.

Britt Trucking Company, which is owned and operated by E. A. Britt, is already welcoming some of their staff back who have been in the armed services for the past several years. Bruce Chilton, Pacific veteran, has returned to join the force, and others are expected to return in the near future. Mr. Britt reports that they are hoping to offer the citizens better service now with the return of members of their staff.

The Britt Trucking Co. owner has long been in this type of business, having trucked in Northern Colorado and New Mexico for 2 years before coming to this city. After moving here Mr. Britt set up head-

POLICEMAN'S GOOD WORK GOES OVER WITH A BANG

MIAMI, Fla. (AP) — Police Traffic Officer A. B. Rossman was writing out a citation for an automobile parked within inches of a fire plug when the owner appeared. "I'm glad you're writing me a ticket," the owner said. "It shows you're on your toes." He disappeared into a drug store, returned an instant later and handed Rossman a cigar: "You're to be congratulated for doing your duty." At home Rossman settled comfortably into his chair and lighted the aromatic cigar. It blew up in his face.

quarters at Gordon McGuire's Service Station, when he operated two trucks.

In 1939 he moved to his present location, and has remained there since.

The firm is equipped with storage facilities for feed and keeps a staff of mechanics on hand to keep the trucks in top condition for deliveries at all times.

The firm handles contract jobs for companies and individuals, and arrangements for hauls can be made with them by calling 175 or by dropping by the office.

Army Has Need For Chickens To Feed Its Forces

Victory has not decreased the demand of Uncle Sam's fighting men for chickens, says U. S. Secretary of Agriculture Clinton P. Anderson appealing to poultry producers in Texas and other designated states to furnish 125,000,000 pounds of dressed poultry to be held for the preparation of canned poultry for the armed forces. Canning will begin October 1.

A month ago the Secretary issued an order, effective August 13, designed to effect "the equal sharing by the armed forces and civilians of all poultry handled in authorized plants" in Texas and a group of other states. Under the order the U. S. Army Quartermaster Corps, buying poultry for the Army, Navy and Marine Corps, will purchase 50 per cent of the poultry killed, bled and plucked in authorized plants in designated areas. The remaining 50 per cent will be made available for civilians immediately after selection by the QMC of the share for the armed forces.

To facilitate a flow of live poultry from producers through established channels to which the army has access, authorized processors and their buyers or suppliers will be given official stickers for their truck windshields. The plants or buying stations of authorized processors, suppliers and all others qualified to obtain live chickens under the order will be identified. With such identification producers easily can make certain that their poultry likewise actually is reaching the armed forces and legitimate trade channels for civilians, Secretary Anderson believes.

The Secretary attributes the greater need for canned chicken primarily to the shortage of refrigeration in tropical areas. All of the inaccessible hot spots of the world can be served by canned chicken, but without refrigeration many places cannot be supplied with fresh poultry. Accordingly, "there's simply got to be more fowl available for canning," he said.

In this order the Secretary emphasized that farmers and poultrymen are not being urged to sell

their laying hens. "We must not jeopardize the nation's 1946 egg supply," he said. "I am asking merely that when the farmer or poultryman, in carrying on normal culling operation, has hens to sell that he sell them only to 'authorized' suppliers providing army poultry under this program."

Food Sealed In Cans Is Best For Overseas Boxes

The war's end has not solved the problem of sending food to servicemen overseas and "food from home" is the first thought most of the boys have when they are asked what they would like to find in their Christmas packages.

Mrs. Winifred J. Levenenz, Texas A. and M. College Extension Service Specialist in Food Preservation, says, "Experience last year taught us to use foods canned in tin cans if at all possible. At least, it is essential to pack the foods in tight containers."

Reports from servicemen indicate that food not sealed in cans was usually molded, infested with insects, soaked in oil or water, or it was dried out and old.

Proper canning will be even more important this year with the bulk of the packages going to the Pacific, where the climate and distance of travel will be harder on the contents.

"When sending food to the servicemen, it is best to send a variety of things unless he has asked for one specific food," says Mrs. Levenenz. "Some women planned a menu on this order: 1 can turkey, 1 can cranberry sauce, - can nuts, 1 can plum pudding. Another sent 1 can cheese, 1 can pickles, and 1 can crackers at one time. A meat, a vegetable, a fruit, a relish and a sweet which go together well might make a whole meal." recommends Mrs. Levenenz.

Fruit cakes were among the most popular items sent last year. It is one of the most desirable products; therefore, Mrs. Levenenz advises that we continue to send fruit cakes even if sugar substitutes have to be used.

Other items which have been canned and sent overseas successfully are: cookies, candies, baked or fried fruit pies, breads, preserves, and jellies, well-cured meats, fritos and potato chips, pickled boiled eggs and many other types of cake in addition to fruit cake. For details on packing and canning these items see your county home demonstration agent.

BRAZIL ADDS 4 SHIPS TO ITS GROWING FLEET

RIO DE JANEIRO (AP) — Brazil's navy has added four units to a fleet which Naval Minister Adm. Aristides Guilhem says has increased by at least 60 vessels since Brazil went to war in 1942.

The new ships, constructed in the shipyards of Rio's Guanabara Bay, were the destroyers Acre and Aps, and the submarine chasers Rio Pardo and Rio Negro.

They will join a fleet which, according to Guilhem, has already conveyed more than 2,901 ships of all nationalities in operations reaching into the Caribbean and Mediterranean as well as along Brazil's coast.

Pointers On How Much To Can Are Given By Agent

The following article entitled "How Much Shall I Can" was written by Mrs. Myrtle Dickie Negy, county home demonstration agent. Farm women are canning in nearly every community, now. There are a few green beans, a good many blackeyed peas, an occasional batch of tomatoes, and the fruit they buy along from trucks and food stores.

A question the home demonstration agent is asked quite often is, "How many cans of beans should I put up?" or someone says, "We got awfully tired of our peas last year." With a well balanced canning budget, this should not happen. For the last four years, since the nation has been in war, the agent has encouraged people to put up more than a one year's supply of canned goods. In West Texas counties where we are subject to drought, it still may be a good plan. However, canned foods do lose some food value, some color, and much of their appetizing flavor if they are stored too long.

Unfortunately, many of the farm houses in this county are not equipped with a good, ventilated pantry or cellar, and for this reason, food that is kept more than one year is not as palatable as fresh canned food. It is important to figure a well balanced canning budget and stay as close to it as possible. Here is a pretty good one:

For each member of the family, can 22 quarts of green and yellow vegetables (spinach, English peas, green beans, blackeyed peas, carrots, etc.); 22 quarts of other vegetables (beets, okra, squash, corn, etc.); 22 quarts of tomatoes, citrus fruits, and sauer kraut; 22 quarts of other fruits (peaches, pears, plums, apples, apricots, etc.); 5 quarts of pickles and relishes; 7 pints of preserves and jellies; and about 44 pounds or 20 quarts of canned meat and chicken. This is about half the amount of those foods a person will eat in one year. It is presumed that they will have the other half fresh.

If there are less than four in your family, it would be better to can in pints than quarts. Usually when a large container of food is opened, some of it wastes before it is all eaten. It is well to consider the likes and dislikes of your family. There is no use spending hours over a hot stove canning a food they do not like. If all members of the family are especially fond of one particular food, such as tomato juice or canned peaches, that would be a good place to put in a few extra jars.

River town's weekly newspaper, the Ballard Yeoman.

Pace decided to do something for the nation's coonhunters so he began publishing the American Cooner, a monthly magazine dedicated to fanciers of coon-dogs everywhere.

He started the magazine last April with little besides his printing equipment and a lifetime of coonhunting experience. Today he has hundreds of subscribers in 40 states and he modestly admits the magazine has exceeded his expectations.

The publication is filled with articles contributed by coonhunters anxious to tell their experiences in the hunt and the accomplishments of their dogs. Pace calls on his personal judgment as a coonhunter in editing these stories.

He learned the printing trade after he was graduated from high

school here and determined then to be a publisher someday. After working for several Kentucky and Illinois newspapers, he bought the Ballard Yeoman from his old employer, E. M. Wear.

After that, he says, he turned to the idea of "The Cooner" quite naturally.

"A lot of people don't realize how big the coonhunters' fraternity has grown," Pace explains. "In recent years coonhound field trials have been spreading all over the country, paying large purses. Dogs are bringing big prices. And these trials are a kind of picnic for coonhound people."

The American Cooner means just what it says, when it says it is devoted to all breeds that will hunt and tree coons and run in trial," Pace explains.

Pace himself once had in his own kennels a registered redbone,

a registered black and tan, a hound-cur cross, a native potlicker hound and a fox terrier, and they all would tree a coon.

His advertising pages announce field trials in all sections of the country and list all breeds of dogs for sale.

Any man who runs a small-

town newspaper and print shop usually is rather busy. And when the deadline for The American Cooner, comes around, Pace is just about the busiest man in Wickliffe.

The magazine has made it hard for Nicky in more ways than one

—he's had to cut down on his coonhunting.

The largest river entirely within Switzerland is the Aar.

Surplus Aeronautical property may now be used by state and local governments for memorial as well as educational, research and experimental purposes, the Surplus Property Board announced. As in the case of educational distribution, none of the equipment may be used for flight purposes, and the recipient must pay the cost of transportation. Although many communities wish to acquire surplus bombers and fighters as memorials to their citizens who fought for their country, the Board urged that great care be taken in preserving such aircraft and recommended that all memorial aircraft be kept under suitable cover to prevent deterioration. State and local governments desiring to make application under the new provision should write to Russel Heddeleston, Chief, Educational Disposal Section, Reconstruction Finance Corporation, Washington 25, D. WPB LIFTS CONTROLS ON CONSUMER PRODUCTS

In a series of sweeping moves to facilitate the reconversion of industry and speed the flow of a wide variety of peacetime products into the hands of consumers, while still avoiding price inflation, prevention of scarce supplies, or a buyers' scramble, the War Production Board has dropped 210 more individual controls over industry, J. A. Krug, WPB Chairman, says. Limitations on the number of radios, refrigerators and trucks that could be manufactured for civilian use were removed. Restrictions on a long list of other products were lifted and the materials freed for consumer goods. Affected are metal furniture, domestic stoves and laundry equipment, electric fans, motorcycles, storage batteries, photographic film, shipping containers, oil-burning equipment, silk and cotton duck, as well as a large number of other products. CLASS 2 SLAUGHTERERS QUOTA PERIOD CHANGED

The date of the beginning of quota periods during which class 2 slaughterers may slaughter 100 per cent of their quota bases for cattle has been changed to quota periods beginning on or after August 1, 1945. A class 2 slaughterer, during a quota period may, carry over to the next consecutive seven days of that period any unused portions of the part of the quota for each species of livestock he was permitted to slaughter during preceding consecutive seven day period in the same quota, OPA says. Class 2 slaughterers whose quota bases have been reduced, removed or canceled by OPA under its Slaughter Control Program are entitled upon request to a hearing on the issues involved before a special hearing officer, OPA says. The hearing officer will be the OPA District Director or an OPA employee designated by the District Director. After the issues have been reviewed, the hearing officer will determine whether or not the OPA District office action reducing the slaughterer's original quota bases was justified, and to what extent, if any, the quota bases will be restored.

WORKING TEEN AGERS URGED TO GO TO SCHOOL

Tenn age boys and girls who have had wartime or summer jobs are urged to go back to school by leading officials of the Department of Agriculture. M. L. Wilson, Director of Extension Work, says—"In preparation for the world of tomorrow, no boy or girl can afford to sacrifice the educational opportunities which completion of his or her high school education offers. World War II has proved that it is relatively easy to acquire practical training for a specific job. But to enjoy greatest happiness, and in order to take an intelligent and active part as a citizen in a free democracy, every boy and girl should consider the completion of a high school education as the minimum educational goal." H. H. Hockbaum, Chief, Division of Field Coordination, Extension Service, points out—"Boys' and girls' 4-H Club work does not stop with training in solving agricultural and homemaking problems. It always accents the development of well-rounded boys and girls. It stimulates all to improve their education. Many thousands of 4-H boys and girls who have finished high school and gone on to college will testify as to the importance of pursuing high school studies through to completion. Now more than ever before, every 4-H member needs to acquire the best possible educational foundation in order to meet new situations and opportunities that will come with the peace. This means a full high school education as a minimum. It is hoped that every 4-H member will set this as his goal."

NEW RATION STAMPS VALID SEPTEMBER 1

Five more red stamps in War Ration Book Four will be good for the purchase of rationed meats, fats, fish and dairy products on Saturday, September 1, OPA announced. The new stamps are L1, M1, N1, P1, and Q1. They are being validated for the usual four months' period—in this instance, September 1 through December 31. Sugar stamp 38 in War Ration Book Four also will be good September 1, and will remain valid for the purchase of five pounds of sugar through December 31.

TE RING HAD 'EM ALL GOING ROUND IN CIRCLES

HAYS, Kas. (AP)—For 23 years every chicken, pig and cow, to say nothing of men, women and children at the farm home of Carl Kraus, southwest of Hays, has lived under suspicion. Now it's all over. Twenty-three years ago Mrs.

Kraus lost her wedding ring.

She searched high and low for it, unsuccessfully. Post-mortems on chickens killed for family meals didn't bring it to light either. For 23 years the search went on. Then the other day a daughter, Mrs. Ralph Bemis, Jr., pulled a weed in the garden of her parents'

home. There at its root was the missing ring.

"Where's all the Coke gone, anyway?"
It's a question a lot of people are asking these days, all over the U. S. A. And the answer is: there's a world-wide sugar shortage, caused by the world-wide disorder and confusion that goes along with war.
Sugar shortage means Coke shortage because Coca-Cola never compromises with quality. Today, yesterday, tomorrow—Coca-Cola means Coca-Cola, the same quality as always.
So you see, nobody is to blame—least of all your dealer. He doesn't like the Coke shortage any better than you do! So will you remember, please—if you don't get your Coca-Cola today, to ask for it again tomorrow?

Cozy in winter...cool in summer... no drafts... no dust? Let's have that NEW QUALITY OF LIVING!
"No more shivering in our new home!" Jim Wayne announced, looking up from his house plans. "Just listen . . . In winter, the air will be heated and moistened just right. And we'll have a new QUALITY OF LIVING all year . . ."
"No more sweating! In summer, the wifing humidity will be sucked right out of the air . . . Sounds like a miracle," said Harriet. "It is!" said Jim. "It's Servel All-Year Gas Air Conditioning. . . Just imagine, honey . . ."
"No more drafts! There'll be live air circulating all the time! Windows will stay closed. The house'll be quieter, we'll sleep better, because street noises will stay outside—with Servel All-Year Gas Air Conditioning. More than that, sweet . . ."
"No more all-day cleaning for you—because every breath of air will be freed of dust! Even the pollen will be taken out, so you'll have nary a sneeze. Hay Fever Harriet!" Harriet gasped. "Oh! That will be a new QUALITY OF LIVING!"
Jim and Harriet are planning now—to make sure their post-war home gives them this NEW QUALITY OF LIVING. And you can, too. With the Servel All-Year Gas Air Conditioner, you'll enjoy not only heating and cooling, but also humidification and dehumidification, circulating and cleaning. Come in and let us tell you more about it.
Hundreds of families put this unit in just before the war. And after four years they say, "We wouldn't be without it. It's wonderful!" So plan on Servel All-Year Gas Air Conditioning when you build, buy or remodel after the war. And meanwhile, keep saving in War Bonds and Stamps.
