Third Democrat quits state court

AUSTIN--In what Texas Republicans called a "gift from heaven," Supreme Court Justice Jim Wallace will give then another vacancy to fill by appointment when he resigns at summer's end.

Wallace, a Democrat, said he was quitting for financial reasons, explaining that he, like many

State Land Commissioner Garry Mauro last week hired a nationally known defense attorney after the FBI subpoenaed agency records as part of an investigation of dealings between Mauro's office and land developers.

Noted San Antonio attorney Gerald Goldstein said Mauro has "nothing to hide" and he is convinced political enemies are using federal investigators to smear him.

Goldstein criticized the FBI for not asking for the records of contributions to Mauro's campaigns sooner. Agents have said the investigation began several months ago. "Surely they would have compared those before now," Goldstein said.

Prisons, Jails Full

With state and county jails at capacity, the state parole board voted to allow bail for parolees charged with simple burglary.

The action led some anti-crime groups to charge that criminal justice in Texas is now determined solely by available space in jails.

State officials said some 5,000 convicts await transfer to state prison from county jails.

Agri dollars in Place

With predicted higher prices at the supermarket, officials announced last week the state is ready to secure loans on a \$5 million program to boost agricultural diversification.

The loans, up to \$250,000, will be made at two points below the market rate for T-bills, according to the sponsors, Sen. Bill Sims and Rep. Dudley Harrison.

Some predict the loans will encourage \$36 million in new revenues and 4,800 new jobs over the next five years.

Other Highlights

- The latest colorful quote from Agriculture Commissioner Jim Hightower comes as a comic insult of Vice President George Bush: "If ignorance ever goes to \$40 a barrel, I want the drilling rights to that man's head."
- A recent poll of Texas accountants show nearly two-thirds do not want a state income tax, according to the head of the Society of Certified Accountants. Almost three-fourths said they did not expect lawmakers to approve an individual state income tax.
- Former Gov. Mark White last week mailed personal letters with a press release announcing his partnership in the new Houston office of Keck, Mahin & Kate, a Chicago firm. Joining the firm with White is Grant Cook, a highly regarded Houston trial lawyer.

other Texans, had real estate and other investments which need his attention.

Although his term runs through 1982, by resigning creates a vacancy that will be filled in general election on Nov. 8.

Gov. Bill Clements can now appoint his third judge to the high court, someone presumably to be on the November ballot with the slight edge of one month's incumbency.

In all voters will be choosing six justices this fall due to resignations of Chief Justice John Hill and Robert Campbell and now Wallace, all Democrats. The normal rotation is to elect three of the nine justices.

Bullock Leading Poll

Meanwhile, Comptroller Bob Bullock received his own "gift from Shipley." A recent poll by George Shipley, owner of an Austin public opinion and research firm, shows Bullock with a sizeable lead against any potential opponent in the race for lieutenant governor.

In a match-up with two state senators talking about running, the poll shows Bullock beating Hugh Farmer of Fort Worth by 55 percent to 11 percent and Chet Edwards of Duncanville by 57 percent to 13 percent.

Even Republican primary voters favored Bullock over former State Republican Party Chairman George Strake, the GOP nominee for lieutenant governor in 1982; Railroad Commissioner Kent Hance, who has talked about the post; and Rob Mosbacher Jr., a Houston oilman, who is considering a run.

With long and varied experience in state government, Bullock believes the time is right for him to help solve some of the state's problems. "I think Texas is at a crossroads," facing problems in education, prisons, tax structure and economic development.

Bullock is a former: state representative, assistant attorney general, executive assistant to Gov. Preston Smith, secretary of state. He was elected comptroller in 1974.

Announcement is made this week of the association of Dr. Robert A. Middleton with the Haskell Clinic for the practice of medicine and surgery. He comes to Haskell from Wichita Falls.

The cooperation of all Haskell citizens has been requested in a water conservation program during the summer months.

Haskell County's first political rally of the current campaign, held Saturday evening in Weiner, attracted a large crowd of voters and virtually all candidates for district, county and precinct offices.

Mr. and Mrs. Oatis Hawkins and Diane of Weatherford and Brad James of Casper, Wyo, spent the weekend with Mr. and Mrs. Wilbert Klose and Pam.

Pvt. Walter Lindsey Cox of Haskell is now in Germany where he is serving with the 534th Field Artillery in the U.S. Army.

Born July 1 at Haskell County Hospital: Twyla Dianne Druesedow, daughter of Mr. and Mrs. Bobby Dean Druesedow.

Rex Felker, manager of the Qunanah Chamber of Commerce, visited briefly in Haskell Wednesday. He was on his way to Hamlin. He is a former manager of the Haskell Chamber of Commerce.

Ray and Vernon Lusk of Haskell and Ewell Lusk of Rule were in Abilene Wednesday at the bedside of their brother-in-law, Jess Barton, a surgery patient in Hendrick Memorial Hospital.

50 Years Ago June 24, 1938

Mrs. Elma Guest and Mr. and Mrs. Buford Cox had as their guests over the weekend Mrs. Guest's brother, Homer Ferguson and wife of Cisco, and her sister, Mrs. Otho Green of Brownwood.

Sgt. and Mrs. Hugh Ratliff and daughter of Shreveport, La., arrived Sunday for a visit with their parents, Mrs. W. A. Kimbrough and Judge and Mrs. L. D. Ratliff.

Mr. and Mrs. Ben Charlie Chapman and Mr. and Mrs. R. E. Sherrill were in Abilene Monday. They were accompanied home by Dr. Richard Sherrill who had been visiting relatives in several West Texas towns.

Col. and Mrs. S. P. Herren went to Abilene Thursday. From that city, Col. Herren will go to Dallas for a few days.

Arrangements have been completed for the annual 4th of July celebration and picnic at the Sons of Hermann Hall in the Irby community. An added feature this year will be a political rally and candidate speaking.

70 Years Ago July 6, 1918

Jesse Collier, who has been carrier on the Star Route from Haskell to Rochester, is now with the Haskell Bottling Works. Wm. Burt, formerly with F. G. Alexander & Sons, is now carrier on the mail route.

J. N. McFatter of Haskell is now doing some contract work in Ranger. He spent a few days here this week with home folks.

County Tax Collector H. H. Langford reports that about 600 women have registered as voters for the coming primary. He believes at least 1,000 will register before the July 12 deadline.

E. H. Kemp has resigned as county farm demonstrator and will enter some branch of service.

Lonnie Williams of Camp Bowie passed through the city Monday on his way to Brushy to visit home folks.

A small cyclone passed through the Dennis Chapel and New Mid communities on the night of June 27, wrecking the home of George Hammonds near Dennis Chapel and injuring Mrs. Hammonds seriously. The homes of E. W. Stephens and D. H. Craddock were damaged. Mr. Wall's home on the Davenport farm was wrecked.

Mrs. R. C. Montgomery and mother, Mrs. J. S. Rike, returned Monday from a two week's visit with relatives at Farmersville.

W. J. Strain, who is in the U.S. Navy, is home on a short furlough.

Charlie Moeller of Vontress left Wednesday for the training camp at Camp Bowie.

80 Years Ago July 4, 1908

Last Thursday evening W. C. Eastland hitched his horse and buggy to the courthouse fence, and when he went to get his rig about 10 o'clock it had disappeared. Deputy Sheriff Dan Falkner started inquiries the next day and traced the missing animal and buggy to Thurber. Mr. Eastland and the officer went to Thurber where they learned identity of the man taking the horse. Deputy Falkner arrived back Tuesday with the prisoner, and Mr. Eastland will drive his horse and buggy back to Haskell.

Mr. and Mrs. A. D. English returned the latter part of last week from their ranch in El Paso County. Mr. English said he frequently saw Messrs. Bonny Edwards and Jack Ward, who were citizens of this place some years ago.

Jack Simmons and sisters, Misses Tishie and Mamie, left Tuesday evening on a trip to Dallas.

Will Brewer and Miss Flossie Parsons were married Tuesday night at the home of the bride's father, W. H. Parsons, in Haskell. Rev. C. B.

Meador officiated.

Jim Killingsworth returned Monday from Rule where he has been engaged for several days plumbing the residence of J. L. Jones.

Frank Wilfong showed us some well grown cotton bolls the other day from his field and a field of Mr. Long's.

The Reunion management is to be congratulated on getting the 15-piece Midland Brass Band to play for the three-day reunion.

Miss Una Foster entertained the young folks with a "tacky" party Wednesday night.

Messrs. A. H. Tandy and J. G. Owens have returned from the Indian Territory.

Wal-Mart to open in winter

Grand opening of the new Wal-Mart store in Stamford will take place this winter, the company announced last week.

Wal-Mart said it will employ 80 area residents for the 41,304-square-foot store. They will fill a variety of job positions including department managers, cashiers, sales clerks, receiving clerks and office clerks. Prior to the store opening, interview dates and locations will be announced in classified sections of area newspapers.

The Stamford store is one of 125 new Wal-Mart stores scheduled to open this year. The company has 180,000 employees in 1,167 stores in 25 states. Wal-Mart reported sales of \$15.9 billion for the fiscal year ended Jan. 31 and expects to exceed \$20 billion during the current year.

plain talk

BY WENDELL FAUGHT

"My economics department tells me if we cut our standard of living by roughly 10 percent a year for 10 years, we could possibly succeed in getting rid of the (federal) deficit."

So said Lee Iacocca. I'm afraid a lot of us wouldn't have any "living" if we tried to make it on 90 percent of what we make.

But it surely would be nice to try to live on 90 percent of Iacocca's mega-million income.

John Anders of the Dallas Morning News tells of a sign in a federal court house elevator: "As a courtesy to others, please don't smoke on crowded elevators." Wouldn't a simple "No Smoking" serve as well?

He says the English people take the longest route to relate their messages. A sign in a London hotel, for instance, reads: "In the event of fire, do not prejudice your safety by remaining behind to collect personal items." That's a nice way of saying, "In case of fire--RUN!"

He goes on: "New Yorkers know to 'Curb your dog' according to the popular sign, but in England the sign reads, 'Do not allow your canine to foul the footpath'."

Los Angeles has surpassed Chicago as the nation's largest second largest city, according to the U.S. Bureau of Census.

Latest figures show Los Angeles with a population of 3,259,300, while Chicago has 3,009,530.

Three Texas cities are on the list of the Census Bureau's 10 largest. Houston is fourth (1,728,910), Dallas is eighth (1,003,520) and San Antonio is ninth (914,350).

Others in the top 10 include Philadelphia (5th), Detroit (6th), San Diego (7th) and Phoenix (10th).

The top 10 membership is quite different from that of the top 10 of a generation ago. Cleveland, Baltimore, Boston, St. Louis and San Francisco once belonged in the top 10.

Nearly 20 percent of the population of Texas is in the Houston metropolitan area. The Census Bureau lists the population of the Houston metro area at 3,230,600.

The Dallas metropolitan area contains 2,401,400 souls, while the San Antonio metro population is 1,276,400. Next comes the Fort Worth-Arlington area with 1,253,900.

Completing the top 10 metro areas in Texas are Austin (726,400), El Paso (561,500), Beaumont/Port Arthur (375,800), Corpus Christi (363,300) and Brownsville/Harlingen (257,300).

For many years, San Antonio was the largest city in Texas. Dallas has the distinction of being the state's second city for many years, but never first.

For years, Dallas chased San Antonio for the top spot. The 1920 census showed that Dallas had almost caught San Antonio, when the Alamo City had a population of 161,000 and Dallas had 158,000.

Dallas finally passed San Antonio in the 1930 census, 260,000 to 231,000, but Dallas remained the bridesmaid as up-and-coming Houston passed both of them with a population of 292,000.

Wal-Mart's 1988 annual report reveals some interesting statistics for the giant retailer.

In 1970, Wal-Mart had just 38 stores in five states. By 1980, there were 859 stores in 11 states, by 1985 859 stores in 22 states. By 1988, the company had 1,167 stores in 25 states, with approximately 125 more stores scheduled to open this year.

Although Wal-Mart is headquartered in Bentonville, Ark., its biggest concentration of stores is in Texas where it has 204 outlets. There are 101 stores in Missouri, 79 in Oklahoma, 75 in Arkansas and 73 in Tennessee.

Wal-Mart's sales have increased from \$900 million in 1979 to nearly \$16 billion in 1987.

A period in a figure can really turn the meaning around.

A news release states that .58 percent of the 40 traffic deaths in Texas during last year's 4th of July weekend were occurred in accidents where speed or driving while intoxicated was a contributing factor.

I presume they mean 58 percent, not 58/100ths of one percent as stated.

Beat the heat

Wrong ideas can prove deadly

Myths, tips, sales pitches and folklore abound when it comes to ways to beat late spring and summer heat. The wrong information can be deadly for the exerciser who prefers to be outside during the sun season.

"It's sad to see an ambitious runner, tennis player or other athlete fall prey to the summer heat," comments Dr. Michael H. Crawford, president of the American Heart Association (AHA), Texas affiliate.

The AHA offers answers to common questions asked about summer heat and health:

Q: Is it okay to exercise when the outside air temperature is over 90 degrees?

A: Exercisers should limit vigorous activity to times when the temperature is no more than 85 to 90 degrees and the humidity is moderate.

Q: Is it safe to drink liquids during exercise?

A: It depends on the liquid. It's fine, in fact it's recommended, to drink water before, during and after you exercise. By consuming water, you'll keep yourself from dehydrating. As you sweat, you're naturally losing vital fluids. Water helps replenish and refresh. Ice cold drinks are not recommended since they can shock your system. Drinks with caffeine or alcohol in them are not as helpful as plain water. Although "sports ade" products can be helpful for retaining fluids, some of these products are high in sodium. Persons trying to gauge their sodium consumption may want to consider drinking water.

Dehydration, low blood sugar and reduced athletic performance can result from drinking highly sweetened sugar solutions.

Q: May one exercise in the heat while on medication?

A: No. Many over-the-counter drugs, such as diet pills, decongestants and painkillers, can be risky to use while exercising in the heat. Some high blood pressure medications can reduce body fluids. The idea is to keep up body fluids while exercising. Aspirin can be a culprit to the summer exerciser, too. It can raise, not lower, body temperature.

Q: Is it true that a sweatsuit can be harmful to wear while exercising in the heat?

A: True. Lightweight, loose-fitting clothing that "breathes" is recommended for hot weather exercisers. A sweatsuit causes fluid loss and heat retention. During hot weather, this can cause heatstroke, heart attack and even death.

Q: Is it a good idea to take salt tablets before exercising in the heat?

A: No. Most Americans don't drink the huge amounts of water needed to make salt tablet use safe.

Q: Is heatstroke a form of stroke?

A: No, but persons with cardiovascular disease, including those

not yet diagnosed with the disease, are considered more likely to have a heatstroke. Dehydration is the common element in all heatstrokes.

"Common sense is the best advice for summer exercisers. Remember the saying about 'only mad dogs and Englishmen stay out in the noon day sun. It's better to exercise outdoors while it's cooler in the morning or evening during summer months,'" says Dr. Crawford.

"And when you're not thirsty, keep drinking water while you're exercising," he advises.

These members of the Haskell High School varsity cheerleading squad recently attended a National Cheerleaders Association camp held on the campus of Tarleton State University in Stephenville. Participating in the week-long clinic were, from left, Larressa LeFevre, Tori Jenkins, Kathleen Kutch, Tammy Sanders and Traci Landes.

Alzheimers: No joke

When you're 14 and you forget something, we say you're irresponsible. When you're 40 and forget, well, you just got too busy with other things. But when you're 80 and forget, we're sure you have Alzheimer's.

But even at 80, the chances are that it's not Alzheimer's, the degenerative brain disease that robs its victims of not only memory but also life itself eventually.

Dr. Ed Luke, psychiatrist at Texas

College of Osteopathic Medicine who specializes in work with the elderly, says that only 5 percent of people over 65 have Alzheimer's. So when someone over 65 forgets where he laid his keys, there's a 95-percent chance the problem is not Alzheimer's.

Dr. Luke explains Alzheimer's symptoms: It's long standing, it's slow and progressive, and it runs in families. Even with these symptoms, though, he warns that many other

diseases or problems can mimic Alzheimer's.

Have the symptoms checked out by a doctor trained to evaluate older patients.

Tree value

Keep in mind that the trees that are dropping those leaves in your yard are also saving you money.

National Wildlife magazine reports that trees may cut cooling costs 50 percent or more by shading a house from sunlight. And come winter, trees may lower heating bills by as much as 15 percent by deflecting winter gusts.

**BREAST CANCER DETECTION UNIT
AVAILABLE TO AREA WOMEN**

FRIDAY, JULY 15, 1988

HASKELL, TEXAS

A Service of
HASKELL MEMORIAL HOSPITAL

CALL 864-2621 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

The Mobile Breast Cancer Detection Unit will be in Haskell on Friday, July 15th.

The American Cancer Society has established guidelines for a mammography in asymptomatic women. (Women who have no symptoms of disease). Those guidelines have been adopted by the American Academy of Family Physicians, American College of Obstetricians and Gynecologists, and The American College of Radiology. Those guidelines are:

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$50.00. The Unit accepts cash, check, VISA, MasterCard and American Express.

For more information or to make an appointment call 864-2621.

A mammogram can detect a cancer this small, even before it can be felt.

Appointments may be made by calling 864-2621.

Killer bees head for Texas

Africanized honey bees are continuing to move up through Mexico, drawing ever nearer to the Texas border.

The bees, often called "killer bees" because of their behavior when defending their colonies or hives, are averaging about 300 miles a year in their northward trek. They have been on their journey since 1957 when they were accidentally released in Brazil during an experiment.

"Africanized bees have been reported within 560 miles of Brownsville along the Gulf Coast of Mexico and are expected to reach South Texas in 18 months to two years," said Dr. John Thomas, entomologist with the Texas Agricultural Extension Service.

The bees are more aggressive when their colonies are threatened. This could cause problems for individuals allergic to insect stings and for children and older people who are more susceptible to such stings. However, the bees should not be a major problem for most individuals, Thomas said.

Africanized bees put all their resources into reproduction rather than honey production. Therefore, they are constantly swarming and moving from area to area while domestic bees tend to stay in local managed colonies.

"Unless beekeepers pay close attention to re-queening to keep domestic colonies gentle and reproductive, Africanized bees could have a major impact on the Texas fruit and vegetable industry," Thomas said. "Many fruit and vegetable crops depend on pollination for production."

"Also, honey production could be reduced sharply if beekeepers fail to aggressively maintain carefully selected stock in their hives. Honey production has dropped as much as 80 percent in areas invaded by Africanized bees," Thomas said. Texas ranks sixth in honey production, with a value of about \$5.3 million.

Aside from their nasty disposition, Africanized bees look much like their European or domestic counterparts.

A special advisory committee made up of representatives of various Texas and U.S. agencies has been studying the situation and monitoring the movement of Africanized bees. Chairing the advisory committee is Dr. Fowden Maxwell, head of the Department of Entomology at Texas A&M University. The group is looking at management techniques, including the annual introduction of young mated European queen bees into domesticated hives. These queens must be produced and mated in geographic areas free of Africanized honey bees to insure that their offspring will be gentle.

"There's not much that can be done to keep Africanized bees out of

Texas," said Thomas, also a member of the advisory committee. "But we should learn a great deal about managing the bees as we work with the Mexican government and their beekeepers. They key is to prepare urban areas to remove all wild swarms and improve management practices of beekeepers, both commercial and hobby, so that gentle, productive stock can be maintained."

Pony Leaguers win two more

Haskell's Pony League team added two victories to its record last week, defeating Rule 17-4 and Knox City 22-9.

In the Rule game, Mark Jones and Mark McMillin combined their pitching for the win. Jeremy Fuentes and Jay Miller helped out on the scoring by knocking homeruns.

In the Knox City game, Jay Miller and Mark McMillin handled the pitching. Haskell's defense played well, getting a double play in the first inning when McMillin grabbed a grounder and pitched to Jones on second base who then threw to first baseman Cody Josselet to get the second out.

Although there were no homeruns, there were some good hits by Jones, McMillin, Miller, Josselet, Fuentes, Greg Williams, Mike Layland, Shawn Sanford and Michael Rodriguez.

Haskell will be out for revenge this week as they play Aspermont here after losing to them earlier at Aspermont.

Holiday

Most Haskell businesses and offices will be closed Monday in observance of the 4th of July holiday.

Hobby Club

Family reunions, vacations, illness and canning are keeping the Rochester Hobby Club members extra busy lately. However, 12 members and four visitors spent an enjoyable June 21 meeting.

Those having June birthdays are Eunice Newberry, Ida Pack, Iola Hudson and Henry Erwin.

The beautiful "Double Irish Chain" and a fancy multi-checked gingham were finished. Now in one frame is a graceful circus horse patterned quilt ready for quilting.

A salad luncheon, with Oleta Fitzgerald as hostess, is scheduled for the club's next meeting July 5.

Indians are 5-0 in baseball

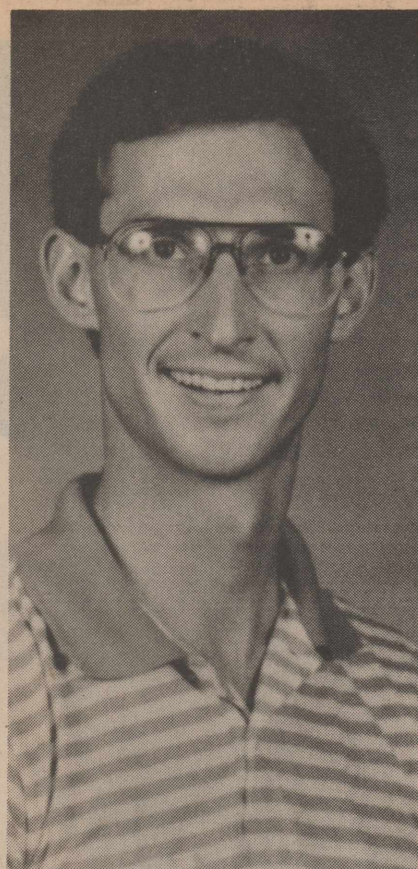

The Haskell Indians' entry in the teenage Cotton Belt League reached the half-way point of the league season Thursday with a perfect 5-0 record.

The Indian baseball team crushed Anson 19-1 for their fifth straight victory.

Other victories have been 15-3 over Hamlin, 4-3 over Anson, 11-5 over Anson and 14-4 over Hamlin.

This Thursday, the Indians will play in Hamlin and next Tuesday in Anson.

Haskell, Hamlin and Anson make up the three-team league.

J. Paul Riggins of Rule was named to the spring 1988 Dean's Honor Roll at Wayland Baptist University in Plainview. Riggins, a senior, posted a 3.75 grade point average for the recently completed term. He is the son of Mr. and Mrs. Joe Riggins Sr. of Rule.

Appraisals, career ladder not working, Texas teachers say

The Texas teacher appraisal system and teacher career ladder are not working.

That's what 35 Texas State Teachers Association leaders, representing most state geographic locations, told members of the State Board of Education at two public hearings conducted June 23-24 in Austin.

TSTA president Charles N. Beard Jr. told board members that the current teacher appraisal system has failed to inspire the confidence of teachers, a necessity for improving instruction in Texas.

He also said that local school boards were "substituting" career

ladder bonuses for "across-the-board" raises, causing Texas' national pay ranking to fall from 21st to 27th in four years.

"The Texas Legislature intended that career ladder bonuses be used to reward outstanding teachers, not to keep wages at a sub-level base," Beard said.

The TSTA president also told the board that it should stop changing the appraisal standards every year.

Much of the teachers' testimony complained of the poor quality of appraiser performance. Most recommended additional appraiser training and the monitoring of appraisers through site field checks.

Cartwright, Donaho wed in Munday

Mary Catherine Cartwright and James Drew Donaho exchanged wedding vows in a double-ring ceremony at 6 p.m. Saturday, June 25, at the Church of Christ in Munday. Dr. Dan Drew of Bryan, retired professor in the department of computer science at Texas A&M University, officiated.

Mr. and Mrs. Alonzo S. Cartwright of Munday are parents of the bride. She is the granddaughter of Mrs. W. A. Fowler of Haskell. The groom is the son of Mr. and Mrs. Jerry Donaho of San Antonio.

The couple exchanged vows before an arched candelabra covered with greenery. A pair of spiral candelabras, also covered with greenery, flanked the arch, and two heart-shaped candelabra appointed with pink and burgundy sweetheart roses, pink miniature carnations, starbrumillies, baby's breath and greenery completed the setting for the candlelight ceremony. Runners of lily-of-the-valley lined the altar rails, and pews were marked with greenery, baby's breath and rubrum lilies with mauve and burgundy satin bows.

Haskell Church of Christ singers presented vocal selections of To Me, Always, Sunrise, Sunset, The Wedding March, The Wedding Song, O Perfect Love and May the Lord Bless You and Keep You. Lyndle Reeves of Munday was soloist on Evergreen and The Lord's Prayer.

Given in marriage by her parents and escorted by her father, the bride wore a formal gown of imported white bridal satin accented with dainty hand-clipped Venise lace. Designed with Sabrina neckline edged in hand-clipped Venise lace over a sheer panel of imported illusion, the satin bodice was encrusted with Venise lace, sequins and hand-sewn pearls. Medallion insets of matching lace enhanced the satin leg-o-mutton sleeves, which extended into illusion tapering the wrist, where the Venise accents were repeated.

The deep V-shape of the open back was outlined with sequins and seed pearls and the back waistline was finished with a large bow. The full skirt was heavily detailed with medallions of lace, pearls and sequins and flowed into a cathedral tiffany train traced with insets of Belgium and Venise lace embellished with pearls and sequins. Her walking-

length veil was gathered into a princess crown of entwined pearls, and she carried a cascade of rubrum lilies, white dendrobium orchid sprays, white iris, white, pink and burgundy roses, pink and burgundy miniature carnations, baby's breath and plumosa fern.

In keeping with tradition, the bride carried a handkerchief which belonged to her grandmother, the late Mrs. Louis Cartwright, as something old, and her gown was something new. Her pearl earrings were borrowed from her sister, and she wore the traditional blue garter and pennies in her shoe.

Lisa Peek of Commerce, sister of the bride, served as matron of honor, and Karen Caram of Munday was maid of honor. Bridesmaids were Teresa McAfee of Richardson and Julie Smith of Olney, and Ali Cartwright of Abilene, niece of the bride, served as junior bridesmaid.

They wore formal length gowns of candy pink satin designed with sabrina necklines and full skirts. The backs of their dresses were fashioned into deep V-shapes accented with triple-tier bows which fell the length of the gowns. Each attendant wore a wreath of sweetheart roses, baby's breath and greenery with mauve and burgundy ribbon in her hair and carried a bouquet of rubrum lilies, white iris, pink and burgundy roses and miniature carnation with baby's breath and plumosa fern.

Steve Wise of San Antonio served the groom as best man, and Greg Rose of Waco, Bob Forrest of College Station and Zayne Salmon of Allen were groomsmen. Junior groomsmen were Cliff Cartwright of Abilene, nephew of the bride. Ushering guests were Lou Cartwright of Abilene and Jim Cartwright of Wharton, the bride's brothers, Jim Peek of Commerce, brother-in-law of the bride, and Mikol Woodruff of Joshua.

The groom chose a white tuxedo with tails, a white shirt and matching accessories, and he wore a double red rosebud with baby's breath and greenery in his lapel. His attendants' grey tuxedos, also with tails, were complimented with white shirt, grey cummerbunds and ties, and their boutonniers were single red rosebuds with baby's breath and greenery.

Rachel Peek of Commerce, niece of the bride was flower girl.

Mothers of the couple wore corsages of white roses accented with baby's breath and greenery.

Mrs. Connie Waggoner of Vernon registered guests. The registry table was covered with white satin cloth ornamented with hand-sewn lace appliques and pearls made by the bride's mother and accented with an arrangement of rubrum lilies, baby's breath and greenery. Miss Dionne Kingston handed programs to the guests.

The bride's parents were hosts for a reception in the Munday Community Center following the ceremony. The lace-covered white satin cloth which covered the bride's table was trimmed with seed pearls and lace and draped with tulle tied with lace bows. Centering the table was the four-tiered wedding cake which was topped with two blown glass crystal swans circled with lace. The cake was decorated with fresh burgundy and pink roses and carnations with tree fern, and crystal candleholders and crystal appointments completed the setting. Serving guests were Susan Mosteller, Debbie Rose and Lori Taylor.

The groom's table was covered with burgundy satin cloth overlaid with scalloped white linen. The maroon and white Aggie cake was complemented with an arrangement of cotton bolls in a Texas A&M container, and coffee was poured from a silver service. Servers were Cecilia Canada and Naris J. Wise.

Scattered throughout the room were individual tables covered with burgundy and mauve cloths sewn by the bride's mother. The food table was decorated with mauve calico featuring three tiers of ruffles overlaid with a scalloped mauve cloth. A quilted cloth of patchwork burgundy and mauve covered the gift table.

Members of the house party for the reception were Amy, Lynn and Ann Parker, Angie and April Offutt, Cheryl Bunton, Leann Oustad, Ernestine Dickerson, Becky Offutt, Shirley Gase, Beckie Hendrix, Paula Schur, Sammie Kingston, Donna Cypert, Sandy King, Virginia Hobert, Sara Offutt, Arletha Decker, Brenda Shawver, Stella Caram, Ida Oustad, Linda Bunton, Almeda Blair, Frances Parker, Ruby Booe, Juanita Nelson and Flora Lee Floyd.

Rachel Peek, Ali Cartwright and Misty Strickland distributed lace bags

of birdseed tied with mauve, burgundy and white ribbons.

The groom's parents hosted a rehearsal dinner at the Munday Community Center on the evening preceding the wedding. Freddie and Stella Caram of Munday catered the barbecue meal.

Pre-Nuptial courtesies honoring the bride included a bridal shower given by Munday hostesses, two showers in Greenville and a rice bag party given in Rockwall.

The bride graduated from Munday High School and received a bachelor of science degree from Texas A&M University with a major in computer science and a minor in business management.

The groom, a graduate of James Madison High School in San Antonio, earned a bachelor of science degree from Texas A&M with a major in computer science and a minor in electrical engineering.

Both bride and groom are employed in Greenville, where they will make their home after a honeymoon cruise in the Caribbean.

Kelly Earp weds Wayne Hutchinson

On Saturday, June 25, Kelly Lauren Earp became the bride of Wayne Eugene Hutchinson in the First Baptist Church in Weinert. The Rev. Steve Peace of the First Baptist Church, Rotan, officiated the double ring ceremony.

Parents of the bride are Mr. and Mrs. Johnny Earp of Weinert. Mr. and Mrs. Wyne Hutchinson of Knox City are the bridegroom's parents.

The sanctuary of the church was decorated with a 29-candle brass arch flanked by a unity candle table and greenery. The table held three large brass candlesticks bearing the white unity candles and was covered in a white cloth with an overskirt of cerise glitter satin and a lace topper crocheted in a heart motif. A brass plant stand of fantasia and several potted azaleas completed the altar setting. Small branches decorated with flowers, bows and birds in the bride's chosen color accented each window. Pews were marked with arrangements of rhubrum lillies, baby's breath and greenery.

Trish Horny, college roommate of the bride, of San Antonio registered guests at a table laid with cerise glitter satin topped with a crystalline ruffled cloth.

The bride wore an original gown of white glitter satin overlaid with crystalline which was designed by herself and handsewn by the bride's mother. The bodice of the gown featured a scalloped neckline and a dropped, scalloped waistline embellished entirely with imported re-embroidered alencon lace, iridescents and pearls. The off-shoulder puff sleeves were accented by rows of curled crystalline ruffles. The full gathered skirt of glitter satin featured an overskirt of crystalline edged with two rows of curled ruffles along the hemline which draped up the sides of the skirt creating an apron effect. Scalloped re-embroidered lace embellished with iridescents and pearls topped the ruffled hemline. The cathedral length train was completely overlaid in rows of curled crystalline ruffles.

The bride wore a satin hat adorned with imported re-embroidered alencon lace embellished with iridescents and pearls. A spray of white flowers and

pearl loops accented the hat which featured a pouf of tulle strewn with tiny seed pearls that flowed into a fingertip veil.

She carried a free-form bouquet of white silk gardenias, azaleas and satin roses, cerise morning glories, curls of cerise honeysuckle and english ivy enhanced with loops of iridescent and lace ribbons and seed pearl sprays.

For something old the bride chose an antique gold bracelet belonging to her mother. A strand of pearls which belonged to the groom's great-grandmother was borrowed. The traditional blue garter was given to the bride by her college roommate. Lucky pennies minted in the birth years of the bride and groom were worn inside her shoes.

A prelude of love songs chosen by the bride was played by the pianist, Mrs. Pam Gibson, and the organist, Mrs. Sandy King. As the candles were lighted by the bride's cousins, Tad and Del Smith of Panhandle, Randy McLelland sang "Wind Beneath My Wings" while accompanying himself on guitar.

Mothers of the couple were escorted by their sons to the altar to light the unity candles as Mrs. Cindy Guess sang "Through the Eyes of Love." The bride's mother chose a gown of mauve accented with a beadwork belt and pearls. A peacock gown was worn by the groom's mother which featured a self belt adorned with rhinestones. Both mothers wore orchid corsages.

The couple's attendants entered the sanctuary as the traditional "Bridal Chorus" was played. Karen Harlan of Weinert was her sister's matron of honor. Bridesmaids were Mindy Hutchinson, sister of the groom, of San Angelo, Stacia Leach of Haskell, Linda Wade of Abilene and Darla Griffis, Laurie Hester and Amy Castillo, all of Weinert.

Bridal attendants were attired in formal length gowns of cerise glitter satin which featured a dropped, scalloped waistline, scoop neckline, and rows of curled ruffles over each shoulder. Each of the attendants' dresses was also fashioned by the bride's mother. Bridesmaids carried nosegays of silk mums, lillies and azaleas in shades of the chosen color

and wore combs of cerise ribbon and pearl loops in their hair.

Serving his brother as best man was Chuck Hutchinson of Dayton. Groomsmen were Kevin Eaton of Abilene, Matt Reid of Waco, Tyke Meinzer of Knox City, Steve Howard of Zephyr, Ronnie Casey of San Angelo and Arnie Jo Pharr, cousin of the groom, of Knox City. Ushers for the ceremony were Johnny Earp IV, brother of the bride, of Munday, Tad and Del Smith and Arnie Joe Pharr.

The groom chose black tuxedo with tails, white pleated shirt with black studs, white bow tie and vest. His groomsmen wore black tuxedos, white pleated shirts with black studs and cerise bow ties and cummerbunds. All wore boutonnières of minuet roses and baby's breath.

Jeremy Harlan, nephew of the bride, served as ring bearer. He was dressed exactly as the groom and carried a glitter satin ring pillow which was made by the bride's mother and sister.

Krystal Hutchinson, niece of the groom, and Lynzie Harlan, niece of the bride, carried white baskets of rose petals which were decorated with cerise ribbons, bows and lace. The girls wore formal length gowns of cerise glitter satin featuring a front dropped waistline, ruffles over the shoulder and back bow sashes. In their hair they wore loops of cerise ribbon and pearls.

Cindy Guess and Randy McLelland sang duets of "To Me," "One Hand, One Heart" and "Endless Love" during the wedding ceremony. As the couple lit their unity candle "Nobody Loves Me Like You Do" was sung by the duet. Following the ceremony, pink balloon bouquets lined the roadside to the home of Bob and Melanie Wood of Weinert where the reception was held. The home was decorated in the bride's chosen color with a handmade heart wreath, windsocks, hanging baskets, yard candles, flowers and brass accents. Several Precious Moments figurines were displayed throughout the home.

A three-tiered wedding cake decorated with fresh azalea blossoms sat above a cascading fountain of cerise pink upon a large brass tray. The strawberry cream cheese cake was iced in white and was served with brass and crystal appointments. The bride's table was laid with a crystalline cloth over white, edged with curled ruffles and scalloped re-embroidered alencon lace embellished with iridescents and pearls. Pink ice cream punch was served from a large brass punch bowl encircled with azalea blossoms. The centerpiece of the table featured a Precious Moments wedding party figurine atop a base of glitter satin accented with iridescent

ribbons, rosettes, bows and strands of pearls. The centerpiece was designed and created by the bride's sister. Cream cheese mints in shades of pink and cocktail peanuts were served from scalloped brass bowls. Assisting at the bride's table were Kelly Powers of Panhandle, Renee Casey of San Angelo and Donna Griffis of Weinert.

The groom's table was covered in a natural linen cloth with two smaller ecru hand crocheted lace tablecloths laid at angles atop the table. A footed brass bowl held an artistic arrangement of fresh fruit and greenery which was centered between a large red velvet cake iced in chocolate holding an arrangement of hand-dipped chocolate strawberries and an ornate brass samovar coffee service. Individual chocolate strawberries, toasted almonds and pink mints were served with the groom's cake. Serving at the groom's table were Ila Kay Gross, cousin of the groom, of Knox City, Becky Underwood of Knox City and Kelly Hutchinson, sister-in-law of the groom, of Dayton.

A large, rectangular glass and brass buffet table of assorted finger foods and fresh fruits and vegetables with dips was appointed with crystal and brass serving pieces. Accenting the buffet table was a 17-candle footed brass candelabra. A crystal punch bowl of Dr. Pepper was served from a brass tea cart on the patio. Hostess Melanie Wood was assisted by Mrs. Dorethy Harrison, Mrs. Wanda Hester, Mrs. Wanda Vojkufka, Mrs. Linda Adams, Mrs. Alice Yates and Mr. J. N. Stewart Jr.

Shanna Murphy of Weinert and Angela Peace of Rotan distributed wedding scrolls, programs and cerise roses filled with birdseed to the guests.

The rehearsal dinner was hosted by the groom's parents at the Shamrock Cafe in Munday on the evening preceding the wedding.

The bride is a 1986 graduate of Weinert High School and is a junior at Angelo State University majoring in elementary education. She is employed by Texas Bank of Commerce in San Angelo.

The groom, a senior physical education major at Angelo State, is a 1984 graduate of Knox City High School. He is employed by Ethicon, Inc., in San Angelo.

After a wedding trip to Ruidoso, N.M., the couple will make their home in San Angelo.

Grandparents of the bride are Mr. and Mrs. Chester Smith of Goree and John Earp of Haskell. Mrs. Opal Hutchinson and Mr. and Mrs. Wayne White, all of Knox City, are the bridegroom's grandparents.

Kelly Earp Hutchinson

The couple was honored with several pre-nuptial parties which included a kitchen shower at the bride's college dorm on Saturday, April 16, which was hosted by her roommate, Trish Horny, and her mother, Mrs. Jane Horny of San Antonio. A basket shower honoring the bride was hosted by Mrs. Kerri Urbanczyk and Miss Laurie Hester in the home of Mrs. Urbanczyk of Munday on Sunday, May 1.

Ms. Wanda Hester of Weinert hosted a formal wedding shower in her home on Sunday, June 5. On

Monday, June 6, a bridal party at Fuentes in San Angelo was hosted by Mrs. Renee Casey. A lingerie party was hosted by Mrs. Stacia Leach on Saturday, June 11, at her home in Haskell.

On Sunday, June 12, Mrs. Sandra Bateman of Knox City hosted a bridal shower to honor the couple. A bridal luncheon was hosted on the wedding day by Mr. and Mrs. Herbert Bellinghausen of Knox City.

Card of Thanks

THANK YOU!

The children and family of Edna Collins wish to express their heartfelt thanks to the ladies of the Rochester community and the East Side Baptist Church in Haskell for preparing and serving lunch to our large group. We also extend our warm appreciation to the First Baptist Church of Rochester for the use of its facilities; to Rev. Wilson and Rev. Cheatum for their words and caring support; and to W.O. Elmore and Susan Turner for the lovely music during the service. We were touched and comforted by all who shared with us many kind words and deeds in this time of loss. Thank you, and God Bless You! 26p

--Weinert--

By Myrtle Phemister

We finally received that long awaited moisture, it measured 1 1/2 inches by Sunday morning, with intermittent showers since then.

Those who got their cotton up have a beautiful crop, and we are all rejoicing about our good fortune.

We extend condolence to the Guess family in Weinert upon the death of their aunt, Bernice Guess, who was buried in the Idalou Cemetery on June 10, at age 92 years. She was the last one of her generation.

Making the trip to Idalou for the memorial services were John and Laverne Mayfield and Mildred Guess. They were joined there by Arch and Eddy Lou Mayfield of Plainview, and enjoyed a visit with relatives they seldom see, as it is with all of us.

Condolences are also extended to the Bob Wood family upon the death of Bob's grandmother, Mrs. Alice Edding of Amarillo, who passed away and was buried on Thursday, June 23rd in Memphis, Texas, where the family had lived for many years before moving to Amarillo.

Jeanie Forehand is spending a few days in Robert Lee with her mother who is recuperating from hip replacement surgery.

Our congratulations are for several couples who are celebrating anniversaries this week. First of all will be Mr. and Mrs. Wayne Hutchinson (nee Kelly Earp) who were married Saturday, June 25, at 7 p.m. in the First Baptist Church in Weinert. They are both students at San Angelo State University, and for another year will make their home there.

Others who are observing anniversaries include Woodie and Georgia Turnbow, Billy Joe and Joyce Robertson and H.H. and Juanita Grimes.

Congratulations, all.

Happy Birthday songs will be sung to Eddie Sanders, Julian Estrada, Shannon Forehand, Laurie Hester, Stacia Adams Leach, Angie Castillo, and to Rance Parrott, grandson of Jerry and Doris Walker, who with big

brother Justin is spending a few days in Weinert.

Alton and Mildred Sanders, with son Jerry, and his children Jeremy and Amanda, of Merkel, were in Vernon to visit Mildred's Aunt Annie Mayer.

They were accompanied by Annie's sisters, Aline Cross, of Seymour, and Jewel Havran, of Munday.

The recent plane crash at Noodle, in which 4 people perished, happened on Jerry Sanders farm, and they had to use Jerry's tractor and trailer to remove the bodies, because of the muddy fields.

Helen Boykin attended memorial services for a nephew of Mack's in Ft. Worth on Tuesday. J. Lynn Bagley, son of Pete and Ruby Bagley died on Sunday, June 26, with interment in the Alvord Cemetery, where most of the Boykins are buried.

Jackie Frantz spent the weekend with her parents, Ted and Faye Jetton, while her husband Earnie attended a work shop in Kansas City. Earnie is an A.F.L. Official.

18 of Sallie Sanders descendants spent the night at her home, and "made memories" along with making "pallets" and "biscuits and gravy," after returning from Daingerfield where they had attended their family reunion. Sallie said she put her rocking chair into use! Good for her.

AT&T ANNOUNCES UPCOMING PRICE CHANGES FOR SOME TEXAS INTRASTATE SERVICES

AT&T announces the following price changes for some of its Texas intrastate services. These changes, which more closely reflect the actual costs incurred by AT&T in providing these services, will become effective on August 1, 1988.

- SDN (Software Defined Network) Schedule A prices will be reduced 1.5% during the initial 30-second period. Schedule B prices will be reduced 16.4% overall. Schedule C prices will be reduced 4.2% overall.
- WATS 80 service prices for both the initial 80-hour usage period and the additional usage period will increase 5%.
- The monthly prices for some of AT&T's Analog Channel Services will increase between \$7.05 and \$25 per channel termination for Analog services.
- The monthly prices for some Dataphone Digital Service (DDS) will decrease up to \$9.65. Other DDS monthly prices will increase up to \$18.35. Overall, AT&T's DDS monthly prices will increase less than 1%.

The combined effect of these price changes is expected to produce approximately \$3.4 million in annual revenue, which is approximately 0.3% of AT&T's annual revenue for all Texas intrastate services.

If you have questions regarding these price changes, please call your AT&T Account Executive, or our business consultants toll-free at 1-800-222-0400. AT&T's tariffs reflecting these changes will be filed with the Public Utility Commission of Texas on July 1, 1988, with an effective date of August 1, 1988.

Persons who have questions regarding this tariff filing may also contact the Public Utility Commission of Texas in writing, at 7800 Shoal Creek Blvd., Suite 400N, Austin, Texas 78757, or by calling the Public Information Office at (512) 458-0223 or (512) 458-0227 or (512) 458-0221 for teletypewriter for the deaf.

John and Laverne Mayfield have returned from the Dallas area where they spent some time with their daughter's families, and enjoyed a visit with granddaughter, Adrienne Wynn.

Bill Guess was in Weinert for a visit with his mother, Mildred Guess, and attended worship services with her at the First Baptist Church.

Attendance was good at the recent Baptist revival, with out-of-town visitors each night and inspirational sermons and singing.

Included on the guest list are Shirley Offutt of Wichita Falls, Terry and Beth Sanders, with David and Keri, of Hamlin; Jerry and Joyce Sanders, with Jeremy and Amanda of Merkel; Ricky and Linda Wade of Abilene.

Shanna Murphy and Heather Guess will compete in the Rolling Plains District 4-H Fashion show to be held Wednesday at the Albany High School Auditorium.

They will model their creation they make in the 4-H sewing project held in May, Shanna, daughter of Mr. and Mrs. Ed Murphy will wear her casual sports jumper, made of striped ticking.

Heather, daughter of Mr. and Mrs. Hal Guess will model her popover skirt.

They will be accompanied by their mothers, grandmothers and sewing instructor.

Mrs. Toby Yates will serve as a judge in the competition, in which 200 entries from 21 counties will be entered.

Denise Carroll is in Odessa, spending a week with her uncle, Darrell Briles and family. She is missing a lot of fun as Bob Wood and Roy Forehand go about remodeling the Carroll home in her absence.

Edna Mae Haynes came up from Abilene for the Knox County Vegetable Festival, and enjoyed a visit with her parents, Edward and Zella Alexander, and her late brother's family, Veta Alexander, Randy and Missy.

Missy was a queen contestant, and made a very good representative for Weinert. Congratulations!

Jeanene Perry of Stanton was in town for a visit with her parents, Buck and Helen Turnbow. Buck said "she's liable to pop in just any time."

Debbie Hutchinson is home from Junction for the summer, and taking a rest from the classroom by working at M System in Haskell.

Heather Keller, niece of Debbie Crump, is spending a week in the Crump home and enjoying time with her cousins, David and Tabitha.

David and Peggy Phemister with Greg of Round Rock came by for a brief visit with his parents. Greg stayed for a longer time while his parents are in Oklahoma.

Ed and Mary Murphy, with Shanna and Lane, flew to Midland in the family plane one day last week to attend the 75th birthday party for Ed's aunt, Mrs. Bennie Curfew of Crane.

Weinert boys who will playing in the Pee Wee All Star game at Munday on Friday evening include Cary Wood, Bobby Carrizales and Timmy Perez.

Jace Yates, who plays on the Little League, will also be included on the roster of All Star players.

We are very proud of our boys, and proud of the men who take the time

to coach.

Alexander Reunion
Approximately 80 members of the Jim and Ophelia (Barber) Alexander descendants gathered at the Kiva Inn in Abilene for their annual family reunion, with Erlinda and Tiffen Mayfield a granddaughter, serving as hosts for the occasion.

Of the original children, seven survive, and they were all present save one, Willie Fisher, of California. They include Simmie, of Cisco; Doris (Hoss) of Munday; Jona Caddell, of Haskell; Edward, Rene Vojkufka and Ima Stewart of Weinert.

Each of the deceased descendants was represented by several family members.

Erlinda had made a "family" quilt for the occasion, and each one present had one chance of winning the quilt, which had been quilted by aunts, Rene and Jona. The lucky winner was Nan Young, granddaughter of Pete, a son of Robert and Thelma Young, of Lubbock, all now deceased.

A slide presentation of family members during the last 100 years was made, and shown by Erlinda and Tiffen.

The family met in the Mary Neal room for games on Saturday night, and for the show and devotion on Sunday.

Celebrating freedom's success.

Independence. Precious few nations enjoy it. We are blessed with it. For over 200 years we have protected and earned it. On the Fourth of July we will again celebrate Independence Day.

As citizens of the United States of America we enjoy more freedom than any other country in the world.

It's time to celebrate the leadership and wisdom of our founding fathers who authored the Declaration of Independence, Constitution and Bill of Rights. It's a time to marvel at the success of our democracy.

It is truly a great day to be an American.
