Volunteer Fire Department Formed On Lamar Peninsula

A new fire department has been formed on Lamar Peninsula, with Harry Mills elected chief, R. L. Fleming as assistant chief, Mrs. Harry Mills, secretary-treasurer, and Morris Gregory as sergeant at arms.

Moreover, with a space of three or four days, the department has acquired an engine and has already put out one fire, even before the formal organization was completed, and a fire house for the engine.

The engine was a gift from the Fulton Volunteer Department, which recently acquired a brand new pumper through purchase by the county. This released one of the engines formerly used, and this was passed along to Lamar.

At the organizational meeting, there were 18 volunteers, in addition to the officers, and three visitors.

The firemen include A. Y. Wofford, L. V. Clark, James Warrach, Elmo Brundrett, Herb Mills, Sr., Herb Mills, Jr., Al Hagy, Jimmie Greeson, Slim Suttle, T. E. Edmonson, Dan Hopper, Walter Heldenfels, Dailey Heldenfels, Gene Gregory, P. C. Owens, Prentice Owens, Abraham Sanchez, Tim Sanchez, Abraham Sanchez, Jr., O. S. Brumley, E. N. Adams, Gene Adams, Ralph Striano, and Joe Wofford.

Visitors to the meeting were fire chief, Buddie McLester, of Fulton and firemen Mickie Davidson and Harold Oakman.

The new fire department is a member of the Aransas County Emergency Corps, Lamar No. 1. Other members of the Emergency Corps are the Rockport and Fulton Volunteer Fire departments.

COPANO BAY PIER BILL REVISED

Austin—A proposal to convert the old causeway across Copano Bay in Aransas County into a fishing pier was amended Wednesday by the House to provide that all revenue from the pier shall go directly to the State Parks Board.

The House gave preliminary approval to the measure by Sen. William Patman of Ganado, setting the stage for final action Thursday.

An amendment put on the bill by Rep. Jack Crain of Nocona and agreed to by the House sponsor, Rep. Leroy Wieting of Portland, will require Senate concurrence.

Crain's amendment provides that revenue from the fishing pier—which Wieting said would be one of the longest in the world—would go directly to the State Parks Board rather than to a special fund in the State Treasury as originally set out in the bill.

Wieting said the causeway stretches 9,191 feet. The Highway Department is building a new causeway on State Highway 35. When it is completed, the portion of the old causeway not needed for the new one will be transferred to the Parks Board for construction of the public fishing pier.

The Game and Fish Commission would make improvements on the causeway for the fishing pier, spending not more than \$10,000.

Wieting said plans called for a 25 cent admission fee to the pier. The proceeds would go toward maintenance of the pier.

AREA MARINE IS INJURED IN AIR CRASH

Marine 1st Lt. Miles G. P. Gunter of Aransas Pass was identified Sunday as one of two Marines injured in a helicopter crash that killed five other servicemen Saturday in the Philippines.

Gunter, co-pilot of the craft, was listed as seriously injured with first and second degree burns. His mother is Mrs. Lottie Gunter of Aransas Pass.

The Defense Department identified the two Marines injured and three of five other servicemen killed. Another man is reported missing.

The helicopter crashed in the Zambales mountains of western Luzon while on a routine local operation, U. S. officials in the Philippines announced. The site is about seven miles from the U. S. Naval base at Subic Bay.

MRS. D. M. DAVIS APPOINTED LIBRARIAN

Mrs. D. M. Davis has been appointed librarian of the Aransas County Public Library, succeeding Mrs. C. C. Atchley, who resigned recently to accept a position with Marineland, on Highway 35, North.

Ground Broken For Third Luxury Motel

Construction began Wednesday on the third new luxury motel to get underway here within the past 30 days. Harry Cole, owner of the Mayflower Motel in Corpus Christi, is building the new \$300,000 facility on Key Allegro and, if nothing goes awry, expects to have the first phase ready for occupancy by the time the summer tourist season opens.

This will consist of 40 units for accommodation of guests, along with a fresh-water swimming pool, a club, and a restaurant. Later, Cole said, he contemplates addition of another forty units.

The architecture will be Polynesian in style, and the motel and restaurant will be unique in that motel guests in many of the units will have room-side boat docking facilities. There will also be available around the extensive lanai that will furnish an outdoor dining terrace extending from the restaurant proper, out over the waters of the boat basin, so that guests can arrive for dinner either by boat or car.

In this initial phase of construction, Cole said, sixteen single-story units will be erected, while 24 units will be contained—12 upstairs and 12 down—in a two-story structure. Space has been left between these for other buildings that will double the motel's capacity as soon as necessary.

Construction began immediately after completion of bulkheading around the peninsula on which the motel is to be built.

The bulkhead is of a type new to this coast, but fairly common in Florida, and consists of great sheets of concrete, six by nine feet, six inches thick, used as sheet piling in place of older and more conventional forms. Most important of all, it affords excellent protection from erosion at a comparatively reasonable cost. Savings are as great as \$78 a running foot of shore line, compared to the heavy concrete piling designed for hard usage in commercial harbors.

Cole's announcement makes the third of its kind here with in the past 30 days. Two other luxury motels recently announced construction programs. They are the Sea Gun Sports Inn, owned by the Wynn interests of Dallas, and the Sandollar Motel, owned by Jack Sanders.

Picton Lumber Building New Cement Plant

Building on Lamar Peninsula has become so heavy that Chas. T. Picton Lumber Co. is building a new plant to produce ready-mixed concrete in that area.

The present state of the Copano Causeway makes it impossible to send fully-loaded cement trucks from Rockport, hence the new plant will make better service possible in the area, as well as reducing hauling costs slightly.

MRS. JAMES A. JARBOE REPORTS ON PROGRESS OF HUG-THE-COAST ROAD

Mrs. James A. Jarboe, Chamber of Commerce delegate to the recent meeting of the Louisiana-Texas-Hug-the-Coast Highway Association, reported that only about 18 miles of the highway still needed widening to meet minimum Federal standards for the highway to become a reality.

This section includes the stretch between Tivoli and the Port O'Connor turn-off, where work is already going on, and the Copano Causeway, on which bids are expected to be let sometime this fall.

And, as this work progresses, the dream for a U. S. Highway 11, stretching from the Canadian border through New Orleans to Mexico is nearer becoming an accomplished fact than it has ever been.

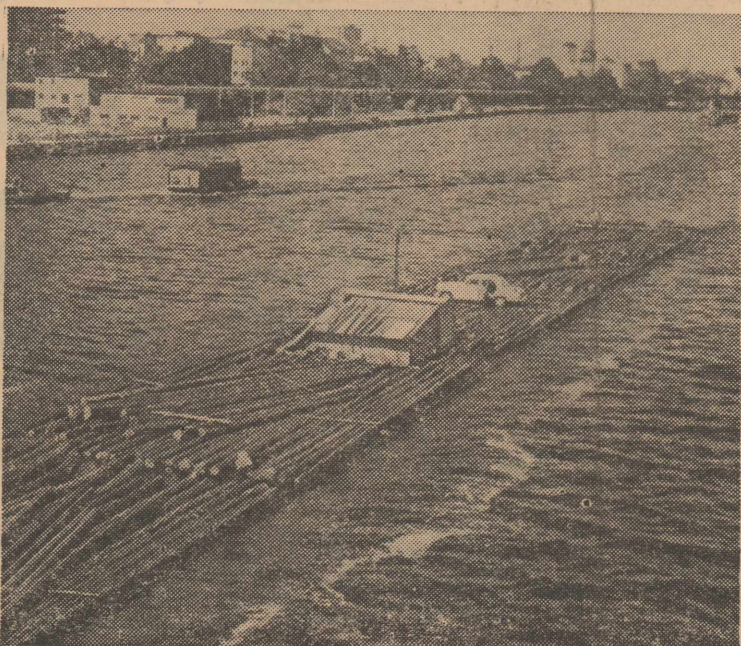

The Association was formed in April, 1960, for the purpose of pushing and promoting the upgrading of state and county roads along the coastal areas of Louisiana and Texas until they could qualify for a single designation.

And the plan is to extend present U. S. 11 from its New Orleans termination by hugging the coast all the way to the lower end of Texas, and then, through Brownsville and Victoria, Tamalpais, joining the Pan-American Highway to Mexico City and points beyond.

CRUISING DOWN THE RIVER—A far cry from what is usually associated with lumberjacks, this one takes a leisurely cruise down the river. In the tow of a large river barge, the pontoon of logs, which carry a car and a make-shift shed, float swiftly by Frankfurt, West Germany.

Library Receives Large Donation For Book Purchases

The largest single gift to the Aransas County Public Library this year or last was the donation of Frank H. Prescott, who gave \$100 to be used "for books that you need."

In announcing the gift, Mrs. Julia West, vice president of the library board, said that Mr. Prescott's donation will make possible the acquisition of several items that have been badly needed for a long time. Among them will be the Handbook of Texas, a two volume encyclopedia published several years ago by the Texas State Historical Association, and dealing with practically everything in Texas.

From the University of Texas, Mrs. West said, will come "More Water for Texas," written by Walter Prescott Webb; "21 Texas Short Stories," edited by William Peery; "Big Bend: A Homesteader's Story," by Fred Gipson; and "William Billaert's Texas," published by the University of Oklahoma Press.

In addition two National Geographic volumes were to be purchased: "Stalking Birds with a Color Camera" and "America's Wonders, The National Parks," as well as a number of books on science for both adult and juvenile readers.

Members of the Library Board were most pleased with the gift, and expressed their thanks to Mr. Prescott for his interest in the library.

Jack Baughman, chairman of the library board, said that besides Prescott's gift, there had been many memorial gifts received recently, from friends and relatives of members of the community who had passed on. He suggested that this is one of the nicest ways to commemorate birthdays, remember departed friends and honor living ones, as the book or books bought with these funds have a commemorative plaque placed inside.

All such gifts are acknowledged by the Library Board, he said, and are deductible as charities from the income tax.

Besides these gifts, the library board president said, another way in which people of the community can help is by donations of books they no longer need, of all sorts, from paper backs to bound volumes.

The library places all the bound volumes it receives on the shelves, for circulation, and all the paperbacks go into an exchange rack, where people may obtain them in exchange for others. This is a most popular service, but in recent months paperback donations have been dropping off, with the result that the rack is becoming bare.

Anyone having such donations can either take them to the library during the hours it is open on Tuesday and Thursday afternoon and Saturday morning, or place them against the library door on other days. If placed against the door, they will be picked up by the courthouse janitor and turned over to the librarian.

LETTERMEN'S ASSOCIATION THANKS DONORS FOR HELP ON CONSTRUCTING WALK

The Aransas County Lettermen's Association, at their regular meeting, expressed their appreciation to Eugene Everett and the Picton Lumber Company for their help in completing a new sidewalk at the Pirate Field house.

The sidewalk runs from the field house door to the stadium gate, across an area that has been flooded by almost every rain.

The Association is particularly grateful that, through the courtesy of these people, the sidewalk was completed in time for the Seventh Annual Toast of the Coast Relays, scheduled for next Saturday, March 9, at which time some eighteen area teams will compete in track and field events.

YOUTH SPONSORS MEET AND DISCUSS DANCES

The Aransas County Youth Sponsors held their regular meeting Monday night and discussed the two dances to be held this week, along with routine business of the organization.

C of C Receives Invitation To Take Part In State Fair

In a letter received this week by R. L. Fleming, former president of the Chamber of Commerce, Rockport has been invited to participate in the State Fair of Texas to be held Oct. through Oct. 20.

The letter says, in part: "It would give us great pleasure to extend an invitation to the City of Rockport to have a special 'Rockport Day.' Realizing, because of the distance involved, a Saturday or Sunday might work out better, particularly with regard to the high school band, we would leave the date to you."

"Your high school band would be expected to participate and, if desired, we would schedule a concert for them during the afternoon. The Fair will give an intimate luncheon for you and your official party, together with a beauty queen to be designated 'Miss Rockport.'"

"The 1963 Fair is celebrating an 'Exposition of Our American Heritage.' In the early evening of 'Rockport Day' a gala illuminated parade will be staged. During this parade, Miss Rockport and her court will be featured on a special float. Your band will escort this float. You and your party will have a section reserved on the viewing stand to witness the spectacle."

After listening to the letter, directors moved that the State Fair administration be contacted to see how much help could be expected from that organization towards defraying the expense of such participation. This would be considerable, as the band and beauties would have to be conveyed to and from Dallas and lodged while there.

DRAFT QUOTA FOR APRIL SET AT 471

The state quota for Texas draft boards in April calls for 471 men, Col. Morris S. Schwartz, state Selective Service director, announced Tuesday.

The state's April call of 471 compares with a quota of 404 for March and 173 for February. The April call is the state's share of a national quota of 10,000 men, all for the Army.

Col. Schwartz also announced that the local boards would send 1,600 men for pre-induction physical and mental examinations.

Local board quotas for the April call already have been figured and sent to the state's 137 local boards.

The April quota will be filled with men who are at least 22 years old on April 1, except volunteers and those legally termed delinquent under the draft law, who may be younger.

Wayne and Jeffrey Offer of Ingleside spent the weekend with Mr. and Mrs. Bill Wendell.

CONTRIBUTIONS COMING IN FOR CARL MURPHEE

Mrs. H. H. Dick reports that contributions are coming in nicely for the aid of Carl Murphee, who was injured in an accident near Alvin some time ago.

One such contribution came to the Pilot and will be turned over to Mrs. Dick. It was from Mr. and Mrs. Olaf and Freda Klausen who said:

"Having read in the Pilot of February 28 of the terrible accident suffered by Carl Murphee while working for a pipeline company, and that friends are soliciting funds on his behalf, my wife and I are glad to assist in such a worthy cause, and are forwarding our check in care of the Pilot."

Klausen said that they enjoyed ten happy years living here from 1950 to 1959.

Anyone wishing to make contributions to this cause can mail them to Mrs. H. H. Dick, Rockport.

Mrs. Cleo Smith returned home last Wednesday after visiting with relatives in Abilene for a week.

NEW BUSINESS STARTED HERE

Gordon Stanley, who first saw Rockport as a member of the 813th Squadron at Rockport Air Force Station, has returned from overseas on the expiration of his service, to start a new business here—Coastal Bend Rentals.

Stanley believes that his service will fill a need in this resort area, as he will have top-notch outboard rigs for rent to fishermen, hunters, water skiers and others who may want to use one for a day, week or month. And, for those who have their own boats but no engines, he will maintain an engine rental service as well.

Doing business from Marineland on Highway 35 North, he has one seventeen-foot and two sixteen-foot rigs, and will add more as need arises. The boats are Lone Stars and the engines are Evinrudes, and he intends to keep them current by trading them in each year, in order to always have top-notch equipment for his customers. All boats are equipped with cushions, life belts, and everything needed to comply with Coast Guard regulations. All boats are on trailers.

Stanley is a graduate of Colgate University, where he obtained his degree in geology, and a veteran of three year's service in the Air Force, his last tour of duty being in Southeast Asia. He returned from there to be discharged, and immediately returned to Rockport to set up his business.

FIRE MARSHALL CAUTIONS ABOUT GRASS AND FIRE DANGER AGAIN

Fire Marshal Carl Osborn and Elva Mullinax are cautioning everyone again about the danger from fires while the grass is so dry. As was the case last year, the freeze killed all vegetation and the dry weather since, has left everything in a highly inflammable state.

No fires should be started outdoors, as there is a chance that they will get out of control, fanned by high spring winds.

The Rockport, Fulton and Lamar Volunteer Fire Departments have all asked for cooperation in this matter, to protect lives and property.

SECOND GRADE HEAR SPEAKER ON JAPANESE

The second grade classes of the Rockport Elementary School were privileged to have as a recent guest speaker on Japan, Mr. John Hansbrough of Corpus Christi.

Hansbrough was stationed in Japan for a little over two years, as a member of the army intelligence for the United States during the war. His official rating gave him more freedom among the Japanese people and he was an invited honor guest in many of the best homes in Japan.

This close association with the people gave him a better understanding of their life and customs. He speaks the Japanese language fluently and being such an interesting and dynamic speaker he kept the youngsters "spell bound" some 45 minutes.

Several items from Japan were exhibited, using one of the teachers as a model. This pleased the youngsters very much.

Hansbrough gave the children an opportunity to ask questions at the end of his talk. The pupils responded readily and most teachers were amazed at some of the questions asked.

Hansbrough commented after the children were dismissed, that it was most gratifying to speak to such a young audience with such a high interest level and mature questioning. He said he enjoyed every minute of it and his audience deeply appreciated the honor given them by his visit.

FIRE DEPARTMENT AUXILIARY MEETING TO BE NEXT TUESDAY

The Ladies' Auxiliary of the Rockport Fire Department will hold their next regular meeting on Tuesday, March 12, at the fire station at 7:30 p.m.

HISTORICAL ASSOCIATION HOLDS MEETING MONDAY

At the regular meeting of the Aransas County Historical Association, Miss Iris Sorenson was appointed vice chairman and Mrs. E. J. Johnson was secretary by Chairman Jack Baughman.

The grave location committee reported that much progress had been made in locating burial plots of members of the armed forces of the United States.

The Association is endeavoring to have all of these properly marked.

Other members of the Association are Mrs. W. B. Allen and Vernon Kleypas.

PEN PALS PLEAD FOR CORRESPONDENTS

Texas Pen Friends is pleading for correspondents. In a letter received today, they say:

"The purpose of Texan Pen Friends is to establish lasting friendships between Americans and foreigners through the exchange of friendly, informative letters, post cards, and photographs. Newspapers throughout the state are helping us to realize our goal by publishing such letters as these.

"If only one young man in a neutralist country such as Ghana gains a better impression of the United States by exchanging letters with his American friend: if a college student explains the American way of life to his pen friend in one of the underdeveloped nations; or if a citizen behind the Iron Curtain itself gains a glimpse of the true American, then a step toward world understanding has been taken. But multiply these examples by thousands, and a long stride has been made.

"Simply by writing letters, you can strengthen the ties between nations; give a true picture of your country to others, while at the same time learning the customs of a foreign country from a native; you will gain a new friend not only for yourself, but for your country.

"Persons from age seven to 70, are eligible, especially students. If interested, simply send your name, age, sex, occupation, address and 25c postage to: Texan Pen Friends, 1212 Glenwick Drive, Fort Worth 14, Texas."

OLDER WORKERS SHOULD APPLY FOR SOCIAL SECURITY

Possibly because of misinformation obtained from friends and partly because "times have changed," many persons who are over 65 and still working, are not aware that they may qualify for social security benefits, H. M. Cleveland, district manager of the Corpus Christi Social Security office, says.

Nationally, these people and others who could qualify for payments, but have not applied for benefits total more than 1,000,000 persons. Cleveland believes that as many as 1,000 of them may live in this area.

"Many of these people believe that they do not qualify for benefits because they are working," he said, "or that their present earnings are too high to be eligible to receive any benefits."

"Under the retirement test in the law, depending on how much an older worker is now earning, he may be eligible for some or all of his benefits. In addition," Cleveland says, "if he is unemployed for any month of the year, he may receive his full benefit for that month. This is of particular importance to workers who are now more than 65 years old."

Leaflets explaining more fully how earnings affect older persons' social security payments are available from the Social Administration, 530 South Water Street in Corpus Christi.

HIGH SCHOOL SENIORS MAY APPLY NOW

High School seniors planning to enlist in the Regular U. S. Army after graduation should apply now if they are interested in choosing a technical school, according to Sgt. Richard L. Ward, local Army recruiter.

Under the Army's Graduate Specialist Program, qualified young men can choose from 107 technical schools. But first you must pass high physical and mental requirements.

More than 40 South Texans, who will graduate from high school before May, have already pre-qualified for selected Army schooling. Certain Army school quotas could be filled by that time at the current rate rate these young men are pre-qualifying.

If you want to fulfill your military obligation upon graduation, learn a trade in the Army school of your choice, and he be paid to go to school, see Sgt. Ward at 424 Taylor St., Corpus Christi, or call him collect TU 2-5555.
