Formal Opening New Norwood Grocery-Market

Norwood's new grocery and market on the highway in Talco held its formal opening last Saturday and the new store was thronged throughout the day with visitors and well-wishers. Many beautiful bouquets of flowers graced the attractive new store, which was well stocked with well known brands of food.

The store, attractive in its arrangement, has many display shelves and two electrically cooled refrigerators for meat and vegetables, known as Tyler Commercial Refrigerators, which are sold by the North Texas Refrigeration Co. of Paris.

Visitors were met by Mr. and Mrs. A. G. Norwood, owners and operators of the store, and by W. R. (Red) Stone, who presides over the meat department.

H. M. Burress, representing Hormel brand foods, gave away bonus coins to be used in the purchase of foods of his company, and E. J. Smith was awarded merchandise in a bean guessing contest.

"We are very much pleased over the reception accorded our new store on its opening day," Mr. Norwood told The Times, "and want to place an ad in the next issue of our local paper in which we will try to thank everyone who has been so nice to us."

Highway Repair Now Underway

Farm-to-Market road 71 between Talco and Haganport in Franklin County is under repair this week by Highway Department employees. The road has been badly worn on the edges by the heavy traffic detoured over it since the bridge over Sulphur on Federal 271 has been out.

Talco asphalt mixed with sand from along State 37 north of Haganport is being used to do the repair work of filling bad holes and widening the road where cut to pieces on the sides. Hot asphalt is applied, followed by the mix.

Steel has arrived for the bridge over Sulphur on 271 and welders are now busy spotting it into position. Delay on construction was occasioned by a big 36-foot span of steel that carried a lot of slag.

A son was born to Mr. and Mrs. James Sloan of Talco on June 15. He was named Kenneth Warren.

Oilers Win One And Lose Two League Contests

By JACK WINN

Talco Oilers, meeting the two strongest teams in the league this week, won one and lost two.

On Thursday night the Oilers played host to Winnsboro and behind the 6-hit pitching of Westbrook, tagged a 6-3 defeat on the boys from Wood County. The Oilers collected 10 hits off the offerings of Blair to give Westbrook the necessary runs to win the game handsdown.

But it was a different story Friday night in Winnsboro when the boys from the south jumped on Gramley for 15 hits, three homers included, to pound out a 11-2 decision.

Tuesday night of this week the Oilers tangled with the Sulphur Springs Eagles and when the dust was all settled the score was 5-3 in favor of the Eagles. Frye was on the mound for Talco and had as his opponent Ralph Marshall, the Dallas boy, who is always rough. It was a battle to the last with the winner in doubt until the very last out.

Bad breaks and close decisions played heavily in the final outcome. Mac Pittman was the batting star of the game for the Oilers, giving the fans a thrill with his long smash against the fence, good for a triple, with two men on board to put Talco out in front. Mac also got a single and got as far as third twice more, but Marshall was tight in the pinches, leaving 12 Oilers stranded on base.

The two teams played in Talco last night, score unavailable, and Talco will go to Mt. Pleasant tonight to make up a rained out game.

Talco will meet Daingerfield here in Talco Tuesday night. Be out to see this game. Daingerfield holds two league games over Talco this season and the Oilers will be out for revenge.

Sinclair Seeks Sheriff's Office

We are authorized to make announcement of the candidacy of Lloyd Sinclair for the office of Sheriff of Titus County.

In making his announcement, Mr. Sinclair stated that he has lived all of his life in the county and feels that he needs no introduction to the voters. However, those who do not know him are asked to investigate him.

Mr. Sinclair also said that he realizes it will be impossible for him to see every voter in the county between now and the first Democratic primary, but he intends to see as many as possible. He sincerely seeks the support of everyone in the forthcoming primary, and to those whom he should fail to see he asks that this announcement be considered as a personal appeal for their vote.

No editorials this week, but we don't suppose it will make any difference 100 seconds from now, anyway. The editor and Mrs. Holloway were in Ft. Worth Friday, Saturday and a portion of Sunday to attend the 71st annual convention of the Texas Press Association. We heard a lot of smart men tell how to publish better newspapers and sat in on round table discussions of others who are doing outstanding jobs. Maybe we'll find time to write something about it for next week's edition.

Mr. and Mrs. Howard Walters and Mr. and Mrs. J. R. Lee were in Gladewater on business Tuesday.

Mary Ann and Bobby Brown are spending the week with their grandparents, Mr. and Mrs. Herbert Lowry in Bogata.

Alcorn Not Worried Over What Census Population Figures Will Show

Editor's note: Achin Alcorn, philosopher on his Johnson grass farm on Sulphur, discusses the census this week, and we don't mind saying we're publishing his letter only in the interest of freedom of the press.

Dear Editor: I have been reading a lot lately about the census and how a lot of towns and cities are in for a big let-down, due to the fact there is gonna be a big gap between what the Chambers of Commerce has been claimin and what the cold figures will show. For nine years it's all right to stretch things, but in the tenth year a man with foresight keeps quiet.

I understand there is more than on eChamber of Commerce which is plannin a night raid on population signs along the highway leadin into town, put up durin the days people was counted by drawin on the imagination instead of goin from door to door. Also, there is a good many cities plann sick over the fact they ain't gonna be near as crowded as they

thought they was.

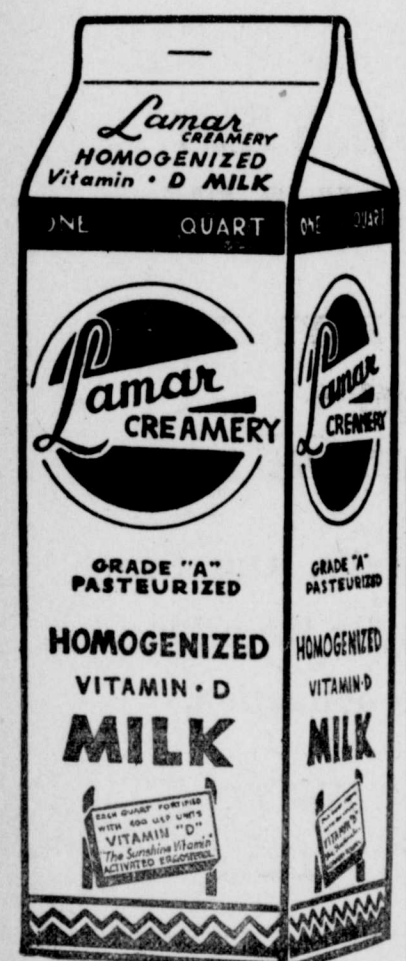

Now what I can't understand is what difference does it make what sibe a town is? Don't make no difference how big a town is, there's another one bigger, until you get up to New York City, which has won the race and the honor of gettin the first atomic bomb if Russia drops one.

Personally, I never was taken in by big numbers. You take this community out here. Can't say it would lessen my Johnson grass a single blade or improve my nappin in the shade if our population doubled. I just don't understand big city people. They don't seem happy until they got a traffic jam. Then they ain't happy if some other city's got a bigger one.

As for me, there's plenty of people out here now. I like it as it is, and you won't find us havin to tear down any population signs after the new census figures come out as we never did get around to puttin up a sign after the census ten years ago.

Yours faithfully, A. A.

Summer Officially Began Wednesday; Cool and Pleasant

Wednesday, the first official day of Summer, the longest day in the year, was cool and pleasant. A light shower fell about mid-morning, sending temperatures considerably lower than the past few days. The mercury had climbed back up to the upper 80's by afternoon. The shower was beneficial to corn, gardens, flowers and pastures. They had begun to look wilted after the temperatures reached the year's highest mark of 96 degrees Monday.

Cotton farmers were not complaining about the hot dry weather as it halted the spread of insects. Most of the cotton has been hoed and plowed and prospects are for a good yield, even though the Cotton Control program cut the acreage considerably in this area.
