Band Banquet Saturday Notes Anniversary

The Duke of Wellington comes home this week to be honored for organizing the first band in Wellington High School--50 years ago.

G. Ward Moody, now of Austin, was the first man to bear that monicor, according to those who knew him here half a century ago.

He will be the guest of honor and speaker at the That Skyrocket Band 50th Anniversary Banquet Saturday, March 18, at 7:30 p.m.

The banquet site has been moved to Bura Handley Community Center, to care for the more than 350 who have bought tickets.

Another event marking the Golden anniversary of the band will be the open house Saturday afternoon at the Band Hall from 2:00 to 6:00 p.m.

Jamie Larson, band director, said this will honor former band directors and former band members who have come for the banquet, as well as band members still living here.

The public is urged to attend and visit and reminisce. Refreshments will be served.

Ticket sales have exceded expectations, but a few more are available, said Mrs. Howard Murdock, who heads this part of the banquet. Those wishing tickets should contact her or any other member of the Band Parents Club, which is sponsoring the banquet. No tickets will be sold at the door.

Moody will be the featured speaker at the banquet and he will reminisce in any way he wishes.

On display will be the first band trophy ever won by a Wellington Band--the town band Moody directed before he organized the high school band. (In 1928-29, he was director of both bands.)

Mrs. Melvin Cardwell is in charge of the banquet program and Larson will be master of ceremonies. After table grace by the Rev. Wayne Pulliam, Roy Dean Cardwell, band president will welcome the guests, and Dr. E.K. Jones, of Amarillo, member of that first 1928 band, will give the response.

The program will include presentation of the seniors in That Skyrocket Band, who have won honors and awards, the band officers, band booster officers for this year and next, and a film of That Skyrocket Marching Band in this year's UIL compeition.

There will be music from all eras covered by the band.

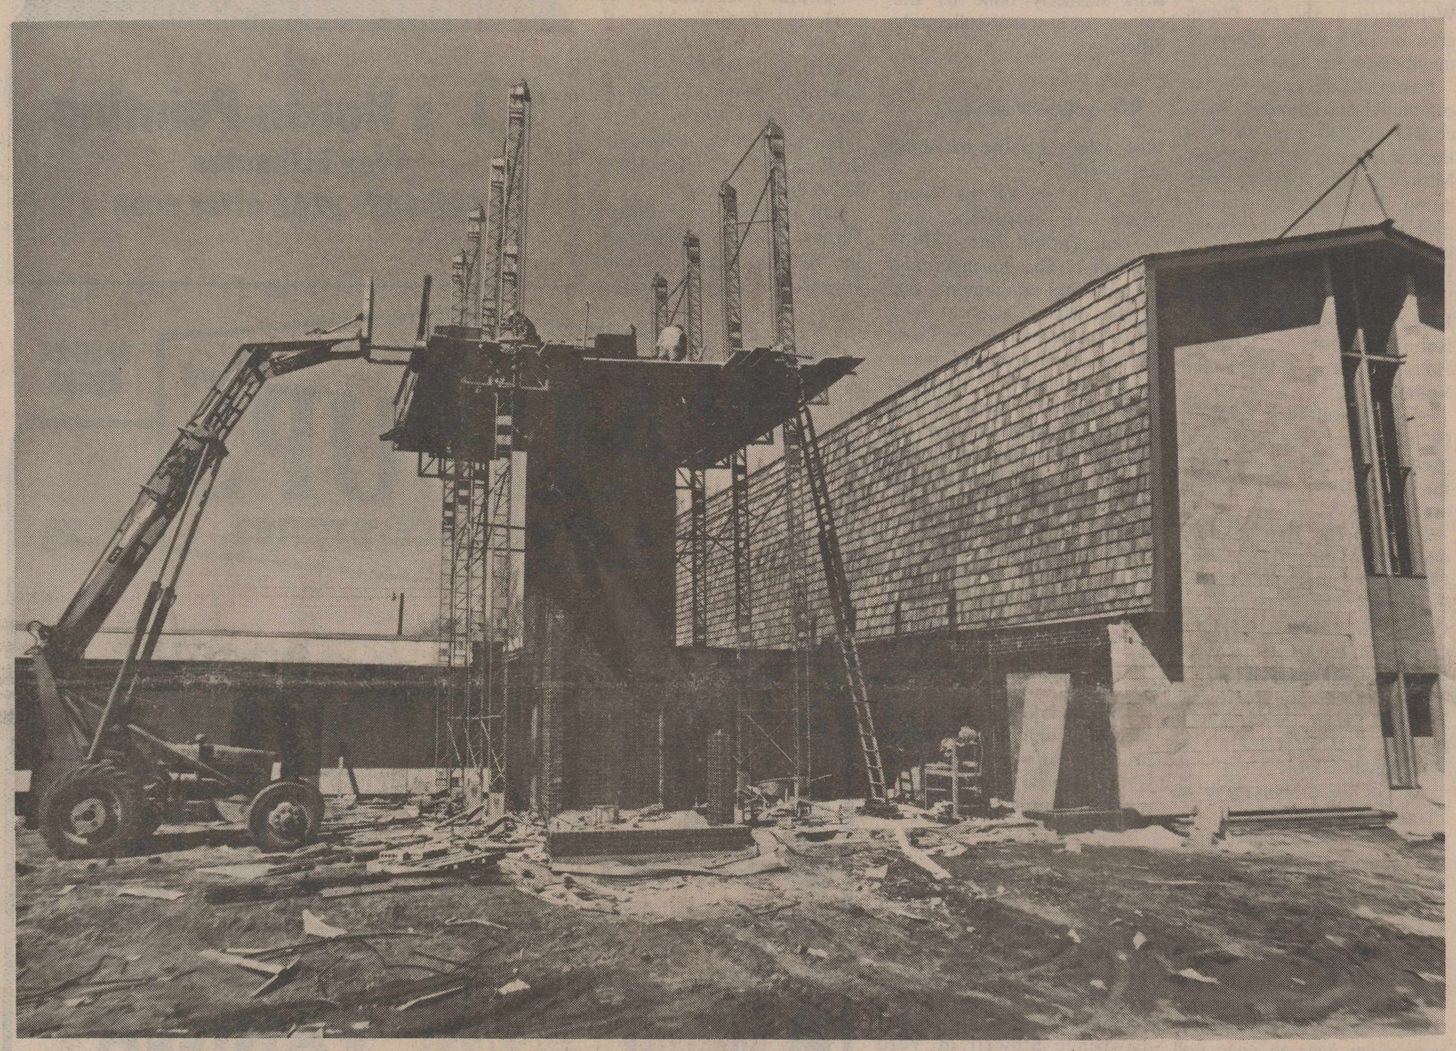

Members of the 1928 band who are present will be introduced, then Moody will give some of his memories of a high school band and a Wellington as it was 50 years ago.

Mr. Moody will be met at Amarillo Airport Thursday and will remain until Sunday. He will be the guest of the Band Booster Club, headed by Jerry Nix.

Several members of the 1928 band have notified Larson they plan to attend: Dr. E.K. Jones of Amarillo, Mrs. Dempsey Harrell (Helen Cook) of Borger; J.N. Cook of Roswell, N.M.; Herbert Lindsey of Lubbock; Cliff Campbell and Barney Glenn of Wellington.

In addition to Mr. Moody,

Red Cross Bloodmobile Seeks 118 Units Monday

One hundred and eighteen units of blood are needed when the Red Cross Bloodmobile comes to Wellington Monday, March 30.

The unit and its staff will be at Bura Handley Community Center from 1:00 to 6:00 p.m.

Charles Floyd, blood drive chairman, this week appealed for more donors than have ever given in a single drive here. These are needed for the present quota and to make up for nearly 45 units the county was short on the last visit about 6 months ago.

A special appeal has gone out to newcomers to the county and to those who have been living here but who have never been donors.

It is urgent that they become involved in the blood program, Floyd pointed out.

Volunteers assisting in the drive will be Wellington Young Homemakers and Business and Professional Women's Club.

To newcomers not familiar with the program, Floyd explained that Collingsworth General Hospital has a contract with the Red River Red Cross Blood Program in Wichita Falls to furnish the hospital with all the blood, or blood derivities it needs. In return, the county is asked to supply the Red River Program with 118 units of blood twice a year--236 pints.

This is the only source of blood the hospital has.

Those wishing to become donors this time may come to the community center Monday or call Floyd at Collingsworth General Hospital prior to Monday.

Since the bloodmobile was here six months ago, the Red River program has furnished Collingsworth General 92 units which was administered to patients.

In addition to this, a number of patients from this county who are in other hospitals, principally at Altus and Amarillo, have received blood transfusions, and that comes out of the quota.

On the last visit of the bloodmobile, county donors gave only 76 units.

"I consider it extremely important that we reach our quota if we are to continue in the Red Cross Program," Floyd declared. "The medical staff and board of directors of Collingsworth General have gone on record in appreciation to the Red Cross for their willingness to furnish us with

Contract Let on Country Club Irrigation System

Wellington Country Club directors Monday, March 13 hired Morris Davis of Davis Irrigation, Memphis, to install an irrigation system for the new golf course at a cost of approximately $28,500.

The system will include underground lines to water greens, tee boxes and fairways and plug-in sprinklers.

Country Club president Bill Long said Davis expected to have the system installed by mid-April.

Dirt moving was completed this week for the greens, tee boxes and lake and director Wayne Martin is plowing fairways this week in preparation for sprigging the grass. Greens and thee boxes will be shaped into their final form later.

Henry Sullivan, John Holton and Jimmy Cochran met with the directors to discuss the possibility of building a swimming pool at the club in time for the summer season. Several types of pool will be considered, and fund-raising for this addition to the club will begin as soon as cost estimates have been obtained.

Long reminded those interested in joining the club that membership fees of $200 may be paid to Patsy Martin at Wellington State Bank or to any director.

People to Determine if 1978 Fair is Held

Chamber of Commerce Directors voted Monday night to let the people of the county decide if a fair is held in Wellington this year.

"If the people want a fair, the Chamber of Commerce will sponsor it," president Lyman Daniel said.

He cited the small number of people who have to put forth a tremendous amount of hard work in order to put on the fair each year.

Directors brought out that at the last minute, the agricultural division was pulled out of the 1977 Fair, which greatly hurt the quality and size.

"If we are going to sponsor a fair, we want it to be a first class fair," Daniel emphasized.

The general public is urged to contact the Chamber of Commerce office and let the organization know how they feel about a 1978 county fair. Those who are willing to work are also asked to let the chamber know.

The tentative dates of the fair are Friday and Saturday September 8 and 9.

A contract has been signed with the carnival, and it will be here irregardless of whether there is a fair.

Chamber directors voted to sponsor a rodeo again this summer, with the date scheduled August 4 and 5.

Dr. Bill Estes was named rodeo chairman and Kirby Campbell will assist him. Others will be named as they are needed. Campbell has had several years experience in producing commercial rodeos.

A considerable part of the meeting was given over to discussing the possibility of a United Way or Community Chest program for the county which would cover all major fund drives held each year.

It was brought out that here again, the same small group of people have to collect funds for most of the drives.

There will be an in depth study of how the community chest or United Way programs are carried out in a number of towns.

School Board Covers Full Agenda On Monday

Wellington School Board hired teachers for the coming school year and heard that its building fund was still operating in the black at regular meeting Monday, March 13.

The board also discussed with Sheriff John Rainey three incidents of vandalism of school property. The board took no action on the incidents, but all members expressed concern about the vandalism and the cost of building repair and replacement of books and other materials.

Business manager Nita Brantley told the board that to date estimated school building fund receipts were still $700 above contracted expenses, thanks in part to a donation of $1,250 from the Wellington PTO for bookshelves in the elementary school.

In addition to the $540,000 bond election, building fund receipts include $2,147 from the dissolution of the Childress County Permanent School Fund; $22,475 interest earned; $3,624 estimated interest to be earned in the future; and the PTO donation. Building fund receipts are expected to total $569,496 before the fund is dissolved, Mrs. Brantley said.

Costs contracted to be paid out of the building fund have totaled $568,779 to date. Several additional cost items are expected in the current building program, however, including paving, curbing and guttering around the new elementary school.

The board also met with architect Tom Brown and told Brown that carpeting in the new elementary library was not the quality they thought they were supposed to get. Brown said that the carpeting met specifications in the blueprints and contracts. However, he offered to compromise with the board's complaints by carpeting an additional area in the new board room. The board accepted his proposal.

The board made no decision on when to move into the new elementary school building since chalkboards and lockers have not yet been installed.

No action was taken on hiring teachers aides at this board meeting, pending state and federal funding programs.

In elementary school the board hired 11 regular classroom teachers, 3 Title I specialists (subject to approval of Title I funds), and recommended that EPCO hire 3 other specialists.

The teachers and their 77-78 school year assignments are Virginia Tarver, kindergarten; Frankie Sue Campbell and Alcie Estes, 1st grade; Opal Camp and Lennie Morgan, 2nd grade; Nan Henard and Colene Barton, 3rd grade; Jane Thomas and Frances Savage, 4th grade; Evelyn Carter and LoRhae Morgan, 5th grade; Katherine Reeves and Diane Bailey, special reading; R.W. Warren, Rita Lowrie and Rhonda Blanchard, special education; and Fraya Hammons, school nurse.

In junior high school, the board hired Novella Word and Juanita White, 6th grade; Bob Allen, math; Lahanda Strickland, assistant librarian; Barbara Williams, reading (subject to Title I funding); and recommended EPCO hire Wanda Cardwell as resource specialist.

The board also accepted the resignation of junior high English teacher Melba Mar-

More Vandalism Over Week End

Vandals returned to Wellington High School Saturday night, March 11 and this time they broke windows in the vocational ag shop room and glass panes in the south doors of the band hall, Sheriff John Rainey said. Apparently they did not go inside the building.

That was only one of several places vandalized over the week end.

Sheriff Rainey said charges have been filed but no arrests or arraignments have been made in this or in the vandalism of the school a week earlier.

Also over the week end vandals pulled a small camper-trailer loaded with a used refrigerator from a garage one-half mile south of town and overturned it on a county road a short distance east of the garage.

Six windows were broken at Mote Garage at Lucky Corner. Chunks of asphalt were used.

Plate glass windows at the Satellite Training and Work Center, at the corner of Dallas and 15th Streets were broken. Damage was set at $600 by the Sheriff's Department, Chief Deputy Richard Keller said.

Officers believe vandalism of the Satellite Center may be unrelated to the other episodes.

On Highway FM 1035, the extension south of Haskell Street, 7 sets of mail boxes were pushed over. These contained from one to three boxes on each stand. Several highway signs were run over and knocked down.

There was also damage to Ellison Park.

Sheriff Rainey emphasized Monday that if the vandalism is to be stopped, it is going to take the full cooperation of the people with law enforcement officers. He said several people have told him they heard sounds Saturday night that were apparently some of the vandalism, but they did not call the sheriff's department.

Softball Meeting Called Thursday

A meeting of the Wellington Softball Association will be held Thursday, March 16, at 7:30 p.m. at Carrolls, when plans will be made to start 1978 play.

"Everyone who intends to play this year is urged to attend," said Tony Stephens, president, for the 1977-78 year.

League officers for the full year 1978-79 will be elected.

"Some players have expressed a desire to change teams, and we will have to know how many players and how many teams there will be in order to set up a league schedule," Stephens said.

A slow-pitch tournament is scheduled in Childress in April and Stephens emphasized that it is imperative that the Wellington league get organized as soon as possible.

Slow-pitch softball has been the major summer sport in Wellington for two seasons and every effort will be made to enlarge it this summer.

Services Held Sunday for Mrs. Stowell

Mrs. J.M. (Lillie) Stowell, a church and civic worker here for many years, died in a Lewisville hospital at 5:30 p.m. Friday, March 10. She had suffered from a broken hip and shoulder but the immediate cause of her death was considered to be a heart attack.

Mrs. Stowell moved from Wellington to the Ft. Worth area in 1974 to be closer to members of her family.

Funeral services were conducted here Sunday, March 12, at 2:30 p.m. in First Baptist Church, with the Rev. Mickey Fugitt, pastor, officiating. Burial was in the family plot in Fairview Cemetery under the direction of Kelso Funeral Home.

Pall bearers were Ollie Raburn, Milburn Derryberry, Bobo Castleberry, Howard Holton, Cicero Gulley, and Willie Smith.

Mrs. Stowell was born in Dallas August 22, 1889, and grew up in Collin County, in the McKinney and Melissa area.

She and Mr. Stowell were married July 10, 1910 in Collin County, and afterwards moved to Crowell. Later they lived at Chillicothe, then at Healdton, Oklahoma, during its oil boom days, and at Wilson, Okla.

They moved to Wellington in 1914, when Mr. Stowell bought half-interest in the Rock Lowry Barber Shop.

Except for a short time at Plainview and Childress, she lived here the 60 years until she moved to Ft. Worth in 1974.

Twice, Mrs. Stowell owned businesses. At Crowell she operated a milinary shop, and for a time in Wellington she owned a florist business.

Most of her time, however, was given over to civic and club work and to First Baptist Church, to which she belonged. She was a charter member of the Belles Lettres Club and was one of those who helped to organize the Wellington Garden Club. She took an active part in its promotion of cemetery projects and flower shows.

Mrs. Stowell is survived by a daughter and two sons, Mrs. Frances Barton of Ft. Worth, Ralph Stowell of Hurst and Lawrence Stowell of Vero Beach, Fla. There are six grandchildren.

Mr. Stowell preceded her in death April 19, 1969.

Early matches were ignited by dipping them in acid.

blood irregardless of circumstances."

In the last three years, all the blood donated in the county has been given by 150 people, out of an estimated 3,000 who are eligible to give.

"The same people have been giving over and over. Now we are seeking to add new donors, and we are appealing especially to new residents who may not yet be acquainted with the program." Floyd said.

Miss Shelly Wright, representing the Red River Red Cross Blood program, spoke at Kiwanis Club Friday, March 10.

Floyd explained that persons 65 to 68 years may be blood donors with their doctor's approval. Those 17 and 18 years can become donors with permission of their parents. If they are married, they do not need permission.

Fees connected with blood transfused are for a processing charge which includes the cost to Red Cross for collecting, processing and distributing the blood, as well as the hospital's charge for laboratory and transfusion work.

He again emphasized that no cost is added for the blood itself and that replacement of blood by individual patients in no way affects either the availability of blood for transfusion or the finances involved in blood usage in hospitals of the region.

The Red River Red Cross Blood Program serves the need for blood and blood products for all residents of 41 counties in northern Texas and southern Oklahoma.

To meet this need, which is currently 91 units of blood per day, Red Cross relies on the cooperation of the entire community for donor support.

Nancy Graham Weds T. Manning In Formal Church Ceremony Saturday

The sanctuary of First Baptist Church was the setting for the wedding of Miss Nancy Dell Graham and Tommy Gene Manning, both of Amarillo, which was solemnized Saturday, March 11, at six in the evening. James B. Earp of Denton, brother-in-law of the bride, officiated.

The bride is the daughter of Mr. and Mrs. Grover Graham of Route 2, Wellington. The bridegroom is the son of Mrs. Carroll Manning, and I.T. Manning of Amarillo.

Brass appointments were used at the altar, and included an arch of candles, entwined with English ivy. Spiral candelabras at each end and the unity candle also were touched with ivy, and the satin-covered prie dieu completed the arrangement.

Aisle candelabras entwined with ivy and accented with white satin bows, marked were along each end of the pews.

Wedding music was presented by Mrs. Lynn Emmert and Mrs. James Earp of Denton, sister of the bride.

MRS. TOMMY MANNING

The bride, given in marriage by her father, wore a formal floor-length wedding gown of sheerganza and reembroidered Chantilly lace over bridal taffeta, designed with a Sabrina neckline, empire waist, long Camelot sleeves and semi A-line silhouette with full back.

Inserts of the lace, enhanced with tiny seed pearls, complimented the neckline, bodice, sleeves and skirt. A border of matching lace complimented the hemline, and the full back ended in a sweeping chapel length train. Her veil of imported illusion fell from a coif, and she carried a colonial bouquet of white roses, baby's breath and freesia.

Attending the bride were Miss Lennie Morgan, maid of honor and Mrs. Steve Emmert, of Amarillo, matron of honor. Bridesmaids were Miss Sandy Rutz, of Amarillo, Mrs. Tommy Hightower of Dodson, and Miss Juliana Baumgardner of Lubbock.

They wore rose dresses in simple A-line style, with a flounce covering the shoulders. They carried natural wicker baskets of roses and gypsophelia.

Jimmy Manning of Canyon was his brother's best man, and groomsmen were Danny Palmer, Ronnie Branham, Robert Pamplin and Scotty Keesee, all of Amarillo.

Guests were seated by Steve Emmert and Tim Jones of Amarillo and Brent Wade of Canyon.

Candles were lighted by David Earp and Rachel Earp of Denton, nephew and niece of the bride. Erica Manning of Canyon scattered flowers and Matt Langham of Amarillo carried the rings.

Afterwards, Mr. and Mrs. Graham honored the couple with a reception in the church fellowship hall.

The bride's table was covered with a floor-length lace cloth, crystal holders held lighted fucia tapers, which were accented with American Beauty satin bows, which matched the roses which decorated her wedding cake. The centerpiece was the bride's bouquet placed on a footed crystal stand. Other appointments were crystal.

Guests were served by Miss Debbie Manning of Amarillo, Mrs. Rusty Henson of Canyon, Miss Cynthia Brewster of Amarillo and Miss Martha McNally of Lubbock.

The bride is a 1974 graduate of Wellington High School and attended West Texas State University and West Texas Barber College. She is presently employed in Amarillo. A 1972 graduate of Caprock High School, Amarillo, the bridegroom attended Amarillo College. He is employed by Texas Exteriors.

After a wedding trip to points in Colorado, the couple will live in Amarillo.

Also during the business session a new meeting hour was selected. The next meeting will be Monday, April 10, at 4:00 p.m. in the county library.

Mrs. Don Tarver of Quail is the president.

Currently, they are working to improve the county library, and through their efforts it became a state-certified library last year.

One of the requirements if certification is to be renewed is that the library must reach 10,000 volumes. Almost 2,000 must be added within a period of about a year and a half, and providing these is the major current project of Friends of the Library.

Donations of books, including memorial books, and funds with which to buy books are accepted.

From time to time, book sales will be held to dispose of duplicate books and the money used to purchase new ones.

Peters Tells Club ABC's Of Basic Life Support

The 1954 Study Club met on March 9th in the home of Mrs. Fred Cox.

Mrs. Cox, program chairman, introduced Marshall Peters, a member of the Collingsworth Co. Volunteer Ambulance Service and a state-certified Emergency Medical Technician instructor now teaching a class at Clarendon College. He discussed the A B C's of basis life support--airways, breathing, and circulation and stated that choking on food is the 6th leading cause of death in the world.

In connection with this he showed a film, "The Heimlich Maneuver" which details a method developed by Dr. Heimlich that the average person can use to dislodge food from the throat of a choking victim.

Mr. Peters also told of the growth of the volunteer ambulance service in this community and the satisfaction one receives from serving others in this work.

Following Mr. Peter's presentation, Mrs. Jerry Nix showed a safety film produced by students in Mrs. Lynn Carter's fifth grade class last year.

Members answered roll call by giving a safety tip.

In the business meeting, presided over by Mrs. Lynn Wright, plans were completed for the club's annual Tiny Tot Revue to be held on March 21st at 7:00 in the high school auditorium.

Attending were Mrs. A.J. Fires, Mrs. Bob Goforth, Mrs. Cal Hurst, Mrs. Johnny Nash, Mrs. Jerry Nix, Mrs. Virgil Patterson, Mrs. Lois Ratliff, Mrs. R.L. Templeton, Mrs. Sam Adams, Mrs. Lynn Wright, and the hostess, Mrs. Cox.

Weekend guests in the home of Mrs. S.L. Lindsey were her children, Mr. and Mrs. Dean Lindsey of Milwaukee, Wisconsin; Mr. and Mrs. Sam Lindsey, Odessa; Mr. and Mrs. Bud Griffin, Amarillo and Mr. and Mrs. Wayne Lindsey of Lubbock.

Quality child care has three major functions: it serves as an extension for the family, aids children's development, and is a way for society to intervene constructively when families and children need help, says Jenny Rienhardt, family life education specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Many gourmet recipes call for clarified butter, says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

To make clarified butter, heat butter over low heat, skim the froth off the top and strain through a cheesecloth. clarified butter loses onefourth of the original volume.

Mrs. Charles Cason was hostess for the Good Neighbors Friday, March 10, at 2:30 p.m.

Mrs. L.W. Wells opened the meeting with prayer and Mrs. Mary Karnes presided over the business meeting. Each one present answered roll call with a scripture.

Mrs. Cason gave a humorous program "Laughing to Keep From Crying." A poem was recited by Mrs. Robert Barjenbruch.

The refreshment plates were decorated with assorted colored marshmallow Easter bunnies. Those present were Mrs. Ray Clubb, Mrs. Wells, Mrs. Janie James, Mrs. G.E. Van Pelt, Mrs. Violet Potter, Mrs. Barjenbruch, Mrs. Karnes, and the hostess, Mrs. Cason.

Belles Lettres Club Tours Satellite Center

The Belles Lettres Club met in the home of Mrs. Grace Thompson Tuesday, March 7.

The president, Mrs. Gladys Richards, presided over the business meeting. The club collect was read in unison and roll call was answered with a scripture verse.

Mrs. Lynn Wright gave the program on the Satellite Center. In order for the club members to see the entire program of the local center, their visit began with a ride in the new van. Mrs. Almeta White, director, explained the need and many uses of the van as the group drove to the center. She is able to take the clients of the center out of town for special olympics, health check-ups and social affairs at the Amarillo Center. They are vey excited and proud of the new van.

Mrs. Wright said, "The help of everyone is needed. Our efforts are rewarded as we witness the dignity and self-respect that the mentally retarded adults have after job training and self-employment."

Mrs. Wright is a member of the Board of Directors of the Collingsworth Satellite Work, Evaluation and Training Center for the Mentally Retarded. The center is a satellite from the Amarillo Center for Human Development. She stressed that part of the board's responsibility is to protect, preserve and guarantee the basic dignity and human rights of the clients. The satellite center offers constructive individual programs for proper care and treatment of mentally impared citizens in the community along with actual contract work which the clients are paid for twice monthly.

Mrs. Wright pointed out that the work center is completely dependent on community interest and contributions. Several organizations and many local donors make monthly donations for the rent and utilities. "Without the support of our local people the center could not function," she added. She invited everyone to become a part of the center and remember it when planning a project or desiring to volunteer time or funds.

Mrs. Thompson served refreshments to Mrs. F.A. Hatch, Mrs. A.B. Clark, Mrs. W.F. Harbin, Mrs. Earl Alexander, Mrs. Esdel Bartlett, Mrs. Mayme Lou Denley, Mrs. Bill Cason, Mrs. Richards, and Mrs. Wright.

KRISTIE GAY FORD— BRADLEY KIRK TOOLEY

Kristie Ford and Kirk Tooley Plan June Wedding at Lockney

Mr. and Mrs. Gerald Ford of Lockney announce the engagement and approaching marriage of their daughter, Krisite Gay, to Bradley Kirk Tooley, son of Mr. and Mrs. Wendell Tooley of Floydada.

The bride is also the granddaughter of Mrs. Wayne Parker and the late Mr. Parker. She is a member of one of this county's pioneer families.

She has visited in Wellington frequently, and recently has been joined by her fiance, who is a nephew of a former pastor, the Rev. and Mrs. Davis Edens.

Plans are being made for a June 24 wedding at the First United Methodist Church, Lockney.

Miss Ford is a 1977 graduate of Lockney High School, and Mr. Tooley graduated from Floydada High School in 1972. Both are students in Texas Tech University, Lubbock.

Many gourmet recipes call for clarified butter, says Mary K. Sweeten, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

To make clarified butter, heat butter over low heat, skim the froth off the top and strain through a cheesecloth. Clarified butter losses onefourth of the original volume, she adds.

Dorotheans Hear Watson

The Dorotheans of United Methodist Women met Thurs. March 9, with Mrs. Anita White as hostess.

The meeting opened with a prayer given by Mrs. Pearl Reeves.

Bob Watson, Juvenile Probation officer, gave the program, "A case for Juvenile Justice." He states that a child that has been taught the laws of God will have little difficulty respecting the laws of man. God made the little child more dependent than any other creature. Children yearn for guidance, training and teaching and it takes both parents to train a child. One of the greatest problems with children is parents failing to teach parental authority. A spoiled child is an unhappy child and a spoiled child is a mistreated child. Training and guidance does not consist of don'ts but comradeship. Children do need help; they need the help of the community--something to do. Mainly they need work, he concluded.

A business meeting was held with Mrs. Guy Owens presiding.

Refreshments were served by the hostess to Mrs. Ruby Ball, Mrs. J.B. King, Mrs. Roy Jeffrey, Sr., Mrs. Olean Leggitt, Mrs. Jennie Holcomb, Mrs. Reeves, Mrs. Grace Thompson, Mrs. Barney Glenn, Mrs. V.K. Orr, Jr., and Mrs. Owens.

Time For Bergland To Wise Up

Secretary of Agriculture Bob Bergland told weekly and small daily newspaper editors in Washington last week that in almost every trade negotiation and talk he has had with foreign countries, the foreigners are "more interested in dependability of supplies than in prices."

We thought this was a remarkable statement from a Secretary of Agriculture whose department continues this week to fight against Congressional bills that would help raise prices farmers receive for their products.

And here is another interesting item with which Bergland agrees: annual world grain consumption is around 1,400 million tons; the U.S. owns half of the world's grain reserves, and our half is estimated at only 30 to 50 million tons.

These two facts--that food-importing countries are willing to pay higher prices for dependable supplies and that there is only a small world grain carryover---should make it clear to the Secretary that the U.S. could and should get higher prices for its food exports.

And higher prices for food would mean a smaller balance of payments deficit for the United States.

It shouldn't be too difficult for the USDA to set up a grain board similar to Canada's that would join with other exporting nations to assure that farmers in each of the countries get the highest possible prices for their products.

All the Department of Agriculture and State Department need are some good horse traders. They have the product and they have the market.

In the meantime, Bergland and his bureaucrats at USDA should quit spending their time trying to kill proposed legislation that would benefit farmers, and start spending time helping to write legislation that would help the most productive area of our national economy--family farmers.

Several bills have been introduced in the House and Senate that would help local farmers. The Talmadge bill in the Senate (which is likely to be the bill that is brought to the Senate floor) would set aside approximately 31 million acres and pay farmers about $75 per acre for the set-aside.

A better bill has been proposed by Congressman Jack Hightower. Under his legislation farmers would be guaranteed a percentage of parity based on the amount of land each farmer chose himself to set aside. For instance, a 20% set-aside would guarantee a farmer 64% parity, while a 50% set-aside would guarantee 100% parity. Hightower's bill is a good one, though it faces stiff opposition from other House members.

Whichever route the legislation takes, the Carter administration needs to wise up to the current realities of the farm situation and support amendments to the current farm bill.

New Blood Is Needed

For several years, since Collingsworth General Hospital began getting its blood for patients through the Red River Red Cross Blood Program, 150 men and women in this county have carried the entire responsibility for providing the blood to fill the quota, or trying to fill it, each time the bloodmobile comes here.

Just 150. Their names are recorded in the hospital.

By comparison, there are around 2,500 names on the voting list in the court house. They are in the same age range as that of blood donors. A good many others in that age bracket are not registered.

Some of these cannot give blood for valid reasons, it is true. But among those who can give, there are enough potential donors to fill the quota several times over.

Charles Floyd, blood chairman, has made a strong call for donors--people who have not been giving.

Of the 150 who have given in the past, not all can give blood every time the bloodmobile visits us. A thing as simple as a cold or taking antibotics brings a rejection. Some of them will be out of town for real reasons.

Each of our organizations say from time to time that they "need new blood."

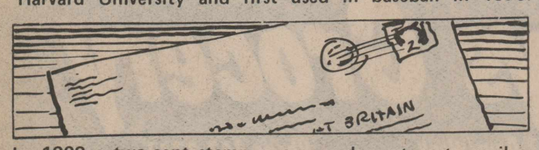

This is urgently true in the blood drive--new blood from those who have not been giving.

The first woman to swim the English Channel was 19-year old Gertrude Ederle in 1926. It took her 14 hours and 31 minutes!

The catcher's mask was invented by F. W. Thayer of Harvard University and first used in baseball in 1876.

In 1908 a two-cent stamp was enough postage to mail a letter from the U.S. to Great Britain.

STATE CAPITAL Highlights AND Sidelights

by Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN — Southwestern Bell is asking the Texas Public Utility Commission for authority to increase telephone rates in the state by $214.3 million.

The increase if granted would raise one-party residential rates by 75 cents a month in small towns and up to $1.20 a month in the largest cities—plus the gross receipts levies of most cities ranging from two to four percent.

One-party business charges would increase on the same basis by $1.60 in smaller towns and $3.80 a month in big cities, plus taxes.

Bell in September 1976 asked PUC for a $298.3 million rate increase, but the commission granted only $57.8 million of that. Bell's appeal has been unsuccessful, though the State Supreme Court has set a hearing April 5 on the company's request for clarification of how the rate base was determined by PUC and other related legal questions.

Company officials said inflation and a required $1 billion a year expenditure to keep up with customer demands for expansions make present rates "grossly inadequate."

PUC Chairman George Cowden indicated a prehearing conference will be scheduled within 20 days and a full hearing in May.

Bell also is seeking increases in one-time charges for installations or rearrangement work done at customer request.

No increase was requested for long distance, pay telephone rates, directory assistance or WATS services. A slight increase was proposed—from $1.60 to $1.70 a month—for extension phones.

Aid Soars

Only five other states received more federal aid than did Texas last year, the U.S. Treasury Department reports.

Texas' take was $2.9 billion in direct payments to state and local governments. The figure does not include such payments as those for research or federal administrative costs.

New York ranked first in federal payments, with $7.4 billion.

Texas' federal aid increased $300 million from fiscal 1976.

But while her payments ranked sixth, Texas stands third in population among the states.

Gas Tax Up

Natural gas taxes have moved ahead of the oil production levy as the top energy-related tax source.

Soaring gas prices boosted state income $474.3 million last fiscal year, according to Comptroller Bob Bullock.

The oil production tax of 4.6 percent of market value per barrel, at the same time, fell to third place among energy-related levies, still yielding $426.4 million.

Motor fuel taxes, including the five-cents per gallon gasoline tax, climbed four per cent to $444.1 million.

The utilities gross receipts tax, increasing 29 per cent, brought in $58.5 million in fiscal 1976.

The sales tax remains the state's most profitable levy, climbing to nearly $1.7 billion, about $200 million more than in fiscal 1976.

Crime Increasing

Crime continued to increase sharply in 1976, according to a new survey by the Department of Public Safety statistical analysis center.

One out of five Texans over 16 was a victim of crime in the year surveyed, the study showed. Violent crime increased 24 percent, and property crime 16.4 per cent. Financial losses from crime jumped from $850 million in 1975 to $970 million in 1976, with the average loss increasing to $109 per person.

Courts Speak

The U.S. Supreme Court ruled 6-3 that smaller political units which do not conduct voter registration are nevertheless covered by requirements of the controversial federal voting rights act.

The Court of Criminal Appeals reversed the death sentence conviction of a San Antonio man, holding a change of venue should have been granted in the case, moving trial from Bexar County.

A State Supreme Court decision found an insurance policy on a boy whose father failed to inform the company his son had a form of anemia did not cover him.

The high state court also determined school districts can force teachers to retire before age 65 under a 1969 law.

Once more, the State Supreme Court declined to reconsider its findings that state regulations apply to the homes for teenagers run by evangelist Lester Roloff.

An Orange county heroin case, resulting in a 25-year sentence was reversed, because the trial judge allowed prosecutors to introduce into evidence handwritten notations about the alleged crime.

Income Increasing

State deposits in banks are earning 41 per cent more than they were at the same time last year, State Treasurer Warren G. Harding reported.

Wellington schools will dismiss for the spring break Thursday, March 23, at 2:30 p.m., Supt. E.W. Clemet announced.

Classes will be resumed Monday, April 3.

Mr. Clement said that he has received a notice from the Texas Education Agency saying that because more than 150 schools in Texas have missed school days due to the weather, they may use one of their work days as a school day.

"We have two work days left, May 25 and 26. We will go ahead with the original plans for the spring break, because so many people had made plans for the break period. We will use May 25 as a make-up school day, leaving a teacher work day on May 26," the superintendent said.

Dognapped Brandy Returned Home

Brandy, survivor of two dognappings, is back home with his family, the Kenneth Martindales of Samnorwood.

Brandy, a Dachshund, was missing from the teacherage area of the Samnorwood campus after a basketball game December 9.

This is the way he disappeared the first time, when he finally went to the home of Mrs. Rose Parker in Shamrock.

Friday, March 10, Mrs. Parker saw Brandy running down a Shamrock street and recognized him. She called Judge Cecil Amerson, who in turn called Martindale. Three Shamrock families, it was learned, had been looking after and feeding Brandy.

He was happy to see his family, and if there was any question of his identify, this was removed when neighbor Kim Peeples came over and he leaped into her arms.

LEGAL NOTICE

General Telephone Company of the Southwest has filed tariffs with the Public Utility Commission of Texas to implement the Federal Communications Commission's telephone equipment registration program (FCC Docket 19528). The tariffs have an effective date of April 15, 1978. The proposed changes will reduce rates for extension telephones and 25 foot long cords; will restructure one-time charges for service connection, moves and changes, increasing some and reducing others; and will offer reduced monthly rates for one-party business and residence customers who provide their own primary telephone instrument. The proposed changes in rates, with some increasing and others decreasing, will reduce General's gross revenues from its Texas operations by $2,565.00.

ED BOYLES OF AVI FARMS, Seminole, Tex. shown with his son Kevin in a two-bales-per-acre field of Coker 312 last Fall. 1,015 acres of the seed block cotton filled 248 modules.

The man who grows it, knows it. Coker cotton yields big — dryland or irrigated.

Many a Texas cotton grower now wishes he'd planted his whole crop to Coker cottons last year. Coker 312 and Coker 5110 performed and yielded extremely well under both dryland and irrigated conditions. With grades, staple and "mike" well above average, the loan price on these cottons has been from 3 to 5¢ per pound above the average loan price. Join the big swing to Coker cottons this year!

These men know it

DON M. SANDERS, Seminole, Tex., 1977 National Cotton Farmer of the year:
"My Coker 312 averaged 1100 lbs./acre on 390 acres. It's always been my highest yielder. It matures all at the same time, so when it's ready to strip, it's *all* ready."

ED BOYLES, AVI FARMS, Seminole, Tex.: "Coker 312 has always beat other cottons by 200 to 300 lbs. per acre. We averaged 1200 lbs. on 430 acres. I figure it cost me about 100 bales of cotton by not having all my crop in Coker 312."

BRENT DAVIS, Lubbock, Tex.: "I planted Coker 5110 & Coker 312 and averaged 980 lbs./acre on 80 acres. For this type soil, no other variety compares with Coker's production and staple."

CLOIS BYARS, Vernon, Tex.: "Coker 5110 bolls were all mature and open at the same time. It stripped easier and made me more money per acre on grade & staple than other varieties."

COKER 312*

Developed for the Texas High Plains. Preferred for its fast fruiting, early maturity and high yields under irrigated conditions. Has shown good storm resistance.

- ★ *TURNOUT* — 23 to 26%
- ★ *STAPLE* — $1\frac{1}{16}$" to $1\frac{3}{32}$"

- ★ *MIKE* — Usually 3.5 to 4.3
- ★ *MATURITY* — Medium Early

COKER 5110*

A great dryland cotton! Performs better under stress conditions and makes more cotton with less water than any other cotton we know of. Very vigorous.

- ★ *TURNOUT* — 20 to 25%
- ★ *STAPLE* — $1\frac{1}{16}$" to $1\frac{3}{32}$"
- ★ *STRENGTH* — 78,000 to 85,000 p.s.i.

Dr. Perez Reopens Office Here Monday

Dr. Reynaldo Perez this week announced the reopening of his office at the Wellington Clinic for general practice, surgery and anesthesiology.

Dr. Perez returned recently from the University of Indiana Medical School, where he passed his examinations for federal licensing, and he was licensed by the State of Indiana on February 28, Charles Floyd, administrator of Collingsworth General said.

His Texas license was approved by the State Board of Medical Examiners at Austin on March 7. His permanent license will be granted after the board holds its next meeting, Floyd added.

"We would like to thank the people of the county for their many good wishes and for their faithfulness and understanding during the interim that he was away," the hospital administrator said.

Dr Perez has been practicing medicine under a temporary Texas license which all doctors not citizens of the U.S. are granted.

"His being able to practice medicine is most important to Collingsworth General Hospital. We estimate we lost some $70,000 at a minimum in revenue during his absence," Floyd stated.

Dr. Perez office has been completely restored and new equipment installed since the fire which damaged the clinic in late October. His staff includes Mrs. Jerol Morris and Mrs. Levada Defoor of Dodson.

He left here December 15 for Indiana to make arangements for examinations leading to licensing in that state.

Night of One-Act Plays Scheduled

The speech department of Wellington High School will present its annual night of one-act plays Thursday, March 23, at 7:30 p.m. in the auditorium.

Included in these is the UIL one act play entry. The cast will take this to the District 2-A UIL contest in Clarendon Tuesday, April 4.

The entire Speech I class is in the cast of "The Timid Dragon," a modern fairy tale that will appeal specially to the younger people.

The cast includes, Una, played by Lesa Johnson; Agnes, Beverly Orr; Graspa, Gail Rudy; Jessica, Wanda Thomas; Adell, Kathy O'Rear, Marilyn, Kaylo Johnson; Shiftless, Joe Ed White; the Damsel, Sharee Bailey; also

Bluster, Jennifer Pendleton; the Queen, Tina Young; Egbert, Harold McKinney, Lydia, Kelly covey; and the Dragon, Robert Sterling. The stage manager is Alvin Pennon.

Speech II class will present two plays. The first is "O, What a Tangled Webb," a farce of what happens when a teenager tells a lie and has to keep on telling them to stay out of trouble.

In this play are Jan, played by Kloette Camp and her sister, Chris, Connie Langford. The parents, Frank and Shirley, are played by Chuck Darter and Deanna Simpson;

Mr. Quigley is Lyn Hurst, Mrs. Quigley, Carol Ann Daves; Tim, Chris' boy friend, T.J. Roberson; Stella, Darla Anderson. The stage crew includes Starla Anderson and Margie Anderson.

The contest play is "Breaking Up is Hard to Do." This play was copywrighted only in 1976 and this is the first year it has been on the approved list of UIL plays, said Mrs. Bob McAlister, director.

The Wellington cast will include the song by the same name as part of the play.

The story covers four couples at three age levels and how each deals with the problems of getting out of a male-female relationship. It makes the point that it is easier to get into one than out.

The narrator is Dickey Moore, while the roles of the elderly couple, Margaret and Johnathan, are taken by Kandi Ford and Allen Murdock. The younger couple, Bob and Doris, are played by Roy Cardwell and Kathy Mote.

The teen age couple, Marshall and Carolyn, are Kelly Ferguson and Susan Kimbro. Lyn Hurst has the role of Tony.

Members of the stage crew are Chuck Darter, T.J. Roberson and Carol Ann Daves.
