## DECISION ON BENEFITS TO BE TODAY

### WALLACE REFUSES TO BARE DETAILS OF PAYMENTS PLAN

(By The Associated Press)

WASHINGTON, Aug. 15.—Secretary Wallace said today the plan for paying benefits to wheat and cotton farmers without withholding in full sums the farmers now owe the government will be made public at the White House later in the day after the conference of the cabinet advisory board.

He refused to reveal details of the compromise plan worked out yesterday by Henry Morgenthau, jr., governor of the Farm Credit administration, Chairman Jones of the Reconstruction corporation and himself as members of a committee selected by the board last week to frame a plan.

**Complicated By Law**

Payment of bounties aggregating more than $100,000,000 to cotton farmers for plowing up from 25 to 50 per cent of their growing crop this summer was complicated by a law which was interpreted as requiring that the government withhold amounts due it in the form of seed, feed, crop production and other loans.

Wallace said the plan "will be satisfactory to all concerned."

In the case of wheat farmers, large sums advanced as loans are also due the government. In event that amounts due were withheld from more than $30,000,000 in benefits scheduled to be distributed to wheat farmers this fall in return for agreements to reduce acreage, Wallace said the wheat program would have been seriously affected.

## TAX ON HOGS IS LIKELY

### SECRETARY ANNOUNCES PLANS FOR LEVY ON OCTOBER 1

(By The Associated Press)

WASHINGTON, Aug. 15.—Secretary Wallace said today that a nominal processing tax may be levied on hogs on or after October 1 to provide funds for financing the emergency hog reduction program now being worked out by his aides.

Under no consideration he said, will a processing tax on swine be levied before the beginning of the hog marketing year which he added is generally recognized as being October 1.

**To Determine Levy**

A tax of about one-half cent per pound of live hog would provide sufficient funds for the emergency program, he said, reckoning the maximum gross cost of the program at about $50,000,000. However, he added, this may not be the rate of the initial levy. He said it had been left for later determination.

Several details remained to be worked out before the program presented by organized corn and hog farmers can be put into effect, Wallace said.

This program contemplates the payment of a bonus of about $4 to farmers for marketing a million sows soon to farrow and 4,000,000 pigs under 100 pounds by October 1.

## *"Problem Child" Is Sentenced To Pen*

FLINT, Mich., Aug. 15 (AP)—While attorneys debated disposition of his father's half-million-dollar estate, Balfe MacDonald, 17-year-old "problem child" today faced early transfer to the state prison at Jackson to begin a term of 10 to 15 years.

Balfe was sentenced by Judge James S. Parker yesterday when he pleaded guilty to manslaughter for the slaying of his widowed mother, Grace MacDonald, in their home on the night of May 27.

The youth confessed that he struck his mother with a heavy bookend during a quarrel over what he considered deprivation of his "right." He was arrested ten days later in Nashville, Tenn.

## *Indians Opposed To Rodent Control; It Takes A Delicacy*

GALLUP, N. M., Aug. 15. (AP)—H. C. Neuffer of Albuquerque, Indian irrigation supervisor for New Mexico and Arizona and coordinator for the Indian conservation program, has found out why Navajo Indians oppose rodent control work by the Indian conservation corps—the Indians wanted to eat prairie dogs.

Prairie dogs, Neuffer explained, are an Indian delicacy. Properly roasted the meat is reported to be sweet and resembles chicken or squirred. Biologically, the prairie dog is related to the woodchuck and lives on grass, roots and similar foods.

A further objection of the Indians was that the poisoned prairie dogs were often eaten by the Indian's valuable sheep dogs which resulted in the death of the dogs.

## ATTACK MADE ON LAW BY OIL MEN

### TEXAS REFINERS HAVE QUESTION BEFORE SUPREME COURT

BY DON J. KIRKLEY
Associated Press Staff Writer

WASHINGTON, Aug. 15.—The constitutionality of the National Recovery act was fought over in district of Columbia supreme court today with the government defending it and an attorney for Texas oil refiners asserting it could not "be sustained on any ground."

The attack on the legislation under which the administration is carrying on its vast program for industrial restoration was made by F. W. Fischer, arguing for an injunction against recent federal orders prohibiting interstate oil produced in violation of state conservation regulations.

**Orders Defended**

Issuance of these orders by Secretary Ickes was defended by Charles Fahy, acting solicitor of the interior department, who filed a brief holding the act constitutional and contending the federal government had the power to control interstate movements of commodities for the general welfare.

"I do not think the national recovery act can be sustained on any ground," Fischer told Justice Joseph Cox in answering a question by the judge as to whether he thought the act was based on federal powers over interstate commerce or power

## CAPONE IS TO FACE TRIAL

### GANG LEADER SAID TO BE ON WAY TO JOILET PRISON TODAY

(By The Associated Press)

CHICAGO, Aug. 15.—Al Capone was reported at police headquarters today to be en route from federal penitentiary at Atlanta, Ga., to the Illinois State prison at Joliet to be held there pending trial in Chicago on charges of racket conspiracy.

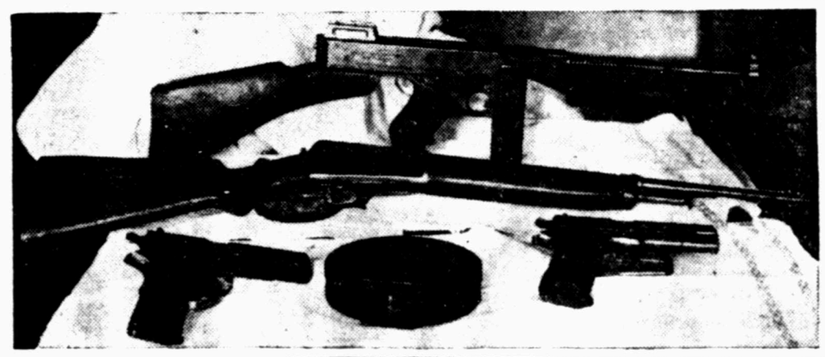

The report came as federal and state authorities were preparing to go before Chief Justice John L. Prystalski of criminal court and ask for a habeas corpus writ to return Capone here. He has been indicted with 23 others on charges of restraint of trade through racketeering on legitimate business.

All detective squads were ordered to remain on duty both day and night at detective headquarters. Chief of Detectives William Schoemaker and two squad cars of detectives armed with machine-guns and riot equipment left headquarters, supposedly for Joliet.

Capone has been sentenced to 11 years in the federal prison for evasion of income tax.

## BAILEY'S "BEDFELLOW ARSENAL" AND SCENE OF CAPTURE

**Department of justice agents believe these guns shown below, Harvey Bailey's "bedfellow arsenal", fired the bullets which snuffed out the lives of five persons in the Kansas City Union Station massacre and menaced the family of Charles Urschel in Oklahoma City when the wealthy Oklahoman was kidnaped and held for ransom by Bailey. At the top of the picture is a sub-machine gun, next is an automatic high-powered rifle and below are two large caliber automatic pistols. A magazine for the machine gun is between the pistols. In the bottom photo, the farm house where Bailey was captured Saturday near Paradise in Wise county is shown. The house has also been identified by Urschel as the place where he was held captive by Bailey and his gang.**

## CUBA FORMING NEW REGIME

### U. S. WARSHIPS STILL GUARD HARBORS AS ISLE SUBSIDES

BY JOHN P. McKNIGHT

HAVANA, Aug. 15. (AP)—A new Cuban government set out today to find solutions for problems inherited from the upheaval that brought the overthrow of the Machado regime.

In the harbor, as a steadying influence, the American destroyer Taylor rode at anchor. The U. S. Navy Cruiser Richmond was en route through the Panama Canal to the Atlantic side to await orders.

**Normalcy Expected**

The destroyer Hamilton was expected to arrive at Manzanillo today, but confidence in the return to normalcy was seen in the recall of the destroyer Claxton.

Dr. Carlos Manuel De Cespedes, the provisional president, gathered about him a young and inexperienced cabinet to cope with the political and economic troubles growing out of a widespread strike, now ending, and disorders attending last Saturday's revolution.

**Cooperation Asked**

They and the whole republic were asked by Dr. De Cespedes in his inaugural address to co-operate in recovery.

Soldiers and squads of A B C opposition members continued to seek out and kill, or imprison for trial.

## *Thousand Peasants Reported Drowned*

KAIFENG, Honan Province, China, Aug. 15 (AP)—One thousand peasants were reported drowned in a few minutes today when dikes of the Yellow river broke and flood waters covered a large area.

The stream continued to rage. Dikes north of Kaifeng, a city of 175,000 in northeastern China, were holding against the swirling waters, but this community was nearly isolated by floods west and east of here.

## FEDERAL GOVERNMENT'S CHALLENGE TO CRIME WORLD HAD NEW MEANING TODAY; BAILEY, 11 OTHERS IN JAIL

(By The Associated Press)

DALLAS, Aug. 15—The federal government's challenge to the crime world's master minds held a new meaning today with jail bars framing the faces of Harvey Bailey, one of the nation's most desperate gunmen, and nine other persons arrested in three states.

"They'll never take me alive," Bailey once boasted. But when he was aroused from sleep to look up into a machine gun, he changed his mind, and remarked:

"Well, it looks like it's just too bad, doesn't it?"

**Charged In Two Crimes**

The machine gun slaying of four officers and their prisoner at Kansas City June 17 and the ransom kidnaping of Charles F. Urshel at Oklahoma City July 22 are only a few of the crimes charged to Bailey by authorities. Ransom for Urschel has been reported as high as $200,000.

Charges have been filed at Oklahoma City against 11 persons in connection with the kidnaping of the oil millionaire. They were filed under a federal law which provides for a life sentence. Federal officials withheld the names of those charged, but it was understood they included Bailey, Albert L. Bates, under arrest in Denver and identified by the department of justice as George Bates, a suspect in the Urschel case, and George Kelly, still at large.

President Roosevelt's recovery program has invaded social life in Lubbock and a new organization has the name of NRA Needle club. Membership is made up of young single and married women.

Miss Stella Beard, 2602 Twenty-First street, is president of the new club. Other members are Misses Katherine Wilbanks, Oleta Casey, Orlou Brown, Nell Wilbanks, Mrs. W. J. Whittaker, Mrs. Milton Stiles and Mrs. Edward Price. Meetings will be on Wednesday afternoons.

## *Brady Civic Leader Claimed By Death*

BRADY, Aug. 15 (AP)—W. D. Crothers, 69-year-old banker and civic leader who had the distinction of being the first mayor of Brady, is dead.

He was elected mayor after organization of the town in 1906. Since that time he has led virtually every civic movement. He was an organizer and active vice-president of the Brady Commercial National bank. Death came to him at his home here yesterday. He was survived by his widow and three children.

## MOVEMENTS OF AGENTS TO BE SILENT

### GOVERNMENT TO TAKE NO CHANCE WITH BANDIT LEADER

**CHICAGO, Aug. 15. (AP)—Squads of heavily armed police reportedly hunting a band of kidnapers guarded highways leading to Chicago today and tied up hundreds of automobiles for several hours. More than 30 squad cars of the Chicago police department augmented by state highway police, all carrying machine guns and riot equipment, were on guard at several main highways.**

(By The Associated Press)

OKLAHOMA CITY, Aug. 15.—The utmost secrecy will cloak future movements of federal operatives in bringing the Charles F. Urschel kidnaping gang to justice, it was indicated here today.

Recalling the attempt to deliver Frank Nash, one-time Spencer gangster, that resulted in the wholesale killing of the prisoner and four officers on the Kansas City Union Station plaza last June 17, officers here gave no indication of when Harvey Bailey and others held in several cities would be brought to Oklahoma City for trial.

Bailey is accused of having a part in the Kansas City massacre. Several of his pals, notably Wilbur Underhill and Bob Grady, with whom he escaped from the Kansas penitentiary last Memorial day, still are at large. So is George Kelly, wanted for the Urschel kidnaping here.

The whereabouts of Urschel and his wife also were guarded carefully, and it was known that D. H. Covin, chief of the local branch of the United States bureau of investigation, had warned Tulsa intermediaries that if they told of their part in aiding the Urschel family during the kidnaping "it will be at their own risk."

"There still are men at large con-

## *Plot To Draw U. S. Into Trouble Told*

TOKYO, Aug. 15. (AP)—Testimony regarding a plan to assassinate an American ambassador and consul was offered today during the court martial of ten naval officers charged with assassinating Premier Suyoshi Inukai and other terroristic acts in May, 1932.

The witness, Lieutenant Kijo Ito, one of the defendants, said two naval officers seriously considered the plot in order to cause friction with America and thereby promote a nationalist and militarist revolution.

## HOCKLEY COUNTY GETS RELIEF WORK

AUSTIN, Aug. 15 (AP)—The Texas Highway commission today appropriated $40,000 for emergency relief work in Hockley county, the money to be expended in improving either Highway 137 or highway 24.

## WALLACE SAYS PLAN TO BE UP IN FALL

### SECRETARY DECLARES SOUTH ANXIOUS FOR PERMANENT PLAN

(By The Associated Press)

WASHINGTON, Aug. 15.—Another cotton control campaign is in the making and Secretary Wallace indicated today he expected action to be taken on it some time this fall.

The program this year, which resulted in a reduction of the crop by more than 4,000,000 bales, was regarded as temporary and Secretary Wallace said today he found extreme anxiety throughout the south for the formulation of the more permanent cotton control plan which was to follow this year's emergency drive.

**Would Have Steadying Effect**

The cotton farmers, Secretary Wallace said, believe the shaping of additional control plans would have a steadying effect on this year's price.

The secretary of agriculture, who returned from a southern tour last Saturday, said he expected representatives of the growers to present their plans within the next few weeks and they would have hearty cooperation by the department.

**Modeled After Wheat Plan**

Although no definite program has been worked out, preliminary conferences have indicated that the permanent cotton control plan might be shaped along the lines for that of wheat.

Under the wheat plan the growers will be alloted payments corresponding to the average amount of wheat they have produced during the past few years. In return, they will promise to reduce their acreage in the amount that the secretary of agriculture finds necessary, the maximum reduction being 20 per cent.

## STOP ORDER IS GIVEN TODAY

### FORT WORTH CONCERN IS PROHIBITED BY GOVERNMENT

(By The Associated Press)

WASHINGTON, Aug. 15.—Using its drastic prohibitive powers under the securities act for the first time, the federal trade commission today issued a stop order against the sale of a $250,000 issue by the Speculative Investment Trust of Fort Worth, Texas.

The effect of the order is to withhold approval of registration of the issue, pending the furnishing of all information concerning it as required by law.

In recommending the stop order yesterday, Richard P. Whiteley, commission counsel, said the company failed to submit with its registration application its advertising prospectus, balance sheet, and profit and loss statements for the last three years. He also said it had made errors in items it did furnish.

Heavy fines and imprisonment are provided if an applicant violates a stop order.

## CROSBY AREA HAS SLIGHT HAIL LOSS

Rain which fell here last night and early today was negligible in quantity.

Hail which stoned a narrow strip perhaps four miles long west and southwest of Crosbyton in Crosby county last night evidently was confined to that area, the Crosbyton Review reported. A cursory check indicated not more than half a dozen farms were affected.

One reported about 40 acres badly damaged, another one patch of cotton.

Heavy rains occurred south, without hail, and southwest of Crosbyton. About a fourth of an inch fell at Crosbyton. The precipitation thinned to a shower northward.

**OLNEY GETS RAIN**

OLNEY, Aug. 15. (AP)—A half inch of rain fell in Olney and vicinity from midnight to daylight today.

**HALF INCH RAIN FALLS**

STEPHENVILLE, Aug. 15. (AP)—A high wind and electrical storm accompanied a half-inch rain which fell over this county today.

## PATRONS OF AVALANCHE-JOURNAL TRIP TO FAIR TO SEE MANY TEXANS THERE

Passengers on the Lubbock Avalanche-Journal and Amarillo Globe-News train which will arrive in Chicago, Monday, August 21, will find many other Texans there, as Wednesday of that week is Texas day at A Century of Progress exposition. The train will leave Amarillo on Sunday. Two other Texas trains are to run Sunday, one from El Paso and another from Fort Worth.

Schedule of days which the party will be at the fair includes: Monday, Montana day; Tuesday, Georgia day; Wednesday, Texas day; Thursday, All-American East-West football; Friday, rodeo, Soldier field; Saturday, Hungarian day.

Reports of huge crowds of Texans attending continue to come in. Those returning say the exposition is far beyond all expectations in magnitude and display.

One man who made the trip by automobile said he was two hours and a half in a traffic jam on Michigan avenue when he drove his car to the fair grounds.

"I went back to where I was staying, put my car in the garage and did not take it out to go to the fair grounds as long as I remained there, which was six days," he said.

The train leaves Amarillo Sunday afternoon at 2 o'clock and arrives in Chicago at 2:30 p. m. Monday. Lubbock and South Plains people

## *World Wheat Treaty Is Conference Goal*

GENEVA, Aug. 15 (AP)—A world wheat agreement is the object of a conference called today by the League of Nations to be held in London Aug. 21.

The four principal wheat exporting countries—the United States, Canada, Argentina and Australia—will be the outstanding participants.

**THREE MEN CHARGED**

McCAMEY, Aug. 15 (AP)—Three men were held for action of the grand jury today after waiving examining trial on murder charges for the slugging of G. E. Berry, McCamey blacksmith, last July 29. They were J. W. Hillman, L. (Pete) Hutchison and G. L. (Bull) Lafferty. Bond for each was fixed at $10,000.

## REGISTRATION OF LABOR FOR HIGHWAY WORK OPENS SOMETIME THIS WEEK

Labor to be used in working road contracts under the federal unemployment relief program, will be registered through the county welfare office, 1312 Avenue G, Edgar Inmon, in charge of relief work, announced today.

Mr. Inmon said he hoped to be able to get registration work started the last of the week. No official orders to begin have been received, he added.

A Lubbock county road contract is to be let this week. It is probable it will be several weeks before actual work begins on this job, which is the surfacing of highway 21 from Idalou east to the county line.

Several communities have been cooperating with Mr. Inmon in the registration work, securing names of persons who are in need of work. M. F. Stephens of Wolfforth, was in Tuesday with a list of two. He reported N. E. Casey of the community had five other names. A third man is to be named on this community.

Roy Boyd, superintendent of schools at McClung called on Mr. Inmon last week and listed three families from that community. These are the only communities so far reporting.

Idalou, Slaton and Shallowater have been handling their own relief work. For road work, however, all registrations are to be made through the Lubbock office.

## THE WEATHER

WEST TEXAS: Partly cloudy to cloudy tonight and Wednesday.

EAST TEXAS: Partly cloudy, local thundershowers in south portion tonight and Wednesday. Light to moderate easterly winds on the coast.

OKLAHOMA: Generally fair tonight and Wednesday.

# Approximately 300 Women Attend Circle Meetings Of Five Church Societies Here Monday

## Dress Up Your Kitchen; Don't Treat It Like Outsider

Don't treat your kitchen like an "outsider"! It's the spot where the average housewife spends most of her time, so why not have it as attractive as possible? You can carry out an entire summer color scheme in your kitchen, the same as you do in the other rooms in the house. When you're buying new summer draperies and slip covers for the living room and bedrooms, it's an excellent idea to buy new materials with which to dress up the kitchen. Gay, yellow-and-white fabrikoid (you can get it by the yard) makes handsome, cheerful curtains, table covers and shelf coverings. Don't overlook the kitchen chairs. They'll be twice as comfortable and will stay clean longer if you make dainty little cushions for the seats and backs of them.

## Miss Laura Jones Is Party Honoree

Mesdames Joe Baldridge and J. T. Trieg are entertaining at 4 o'clock this afternoon as a courtesy to their sister, Miss Laura Jones, of 1200 West Arlington, Fort Worth. Miss Jones has been spending the summer here.

Games of forty-two are to be the diversion.

The list of guests includes Mesdames A. H. Leidigh, James M. Gordon, W. C. Wood, R. S. Rodgers, W. C. Eylander, R. I. Tubbs, R. Bush Smith, G. A. Sandlin, L. G. Haynes, J. D. Reese, C. A. Burrus, C. V. Sandlin, Ernest Manning, Cordie Copeland, W. E. Ballew, Hugh Sandlin, Eppie Sowder, Miss Pearl Denman and the honoree.

**SAVE MAYONNAISE**

A tablespoon of boiling water placed in mayonnaise makes a salad dressing which may be bottled and kept in the ice box for several days or a week.

## Newlyweds Plan To Go To California

Following their marriage in Clovis, N. M., last Saturday, Mr. and Mrs. Hamill Hinson are to leave Wednesday for Los Angeles, Calif., to make their home.

Mrs. Hinson is the former Miss Jaunita Bush, daughter of Mr. and Mrs. J. W. Bush of near Lubbock. Mr. Hinson is the son of Mr. and Mrs. J. E. Hinson of near town. He is a mechanic. Both bride and groom attended the Carlisle school.

## Readers Digest Club Hears Review

Members of the Readers Digest club heard Mrs. Sam J. McFarland review "The House of Exile" by Waln Monday afternoon at a meeting of the club at the Hilton hotel. Lunch was served preceding the review.

Those present were Mesdames W. H. Meador, W. O. Stevens, Jerome H. Smith, Walter P. Jennings, Fred Snyder, J. H. Hankins, J. S. Johnson, Thomas West, McFarland and Miss Grace Jennings.

## Campaign To Be Led By Church Folk

Women from classes in various Sunday schools of the town will be selected to aid in a city-wide educational campaign to keep the Eighteenth Amendment to the Constitution, according to an announcement made Monday afternoon following a meeting of the law enforcement committee in the Church Women's Federation. Mrs. A. W. Evans, chairman of the committee, presided.

Don't use a stiff brush when washing linoleum. This makes it dull—and no one wants dull linoleum. Use soap and water and wash lightly—almost tenderly—if the luster is to be preserved.

## Sorosis Class Has Picnic On Monday

Members of the First Methodist Sorosis class attended a watermelon feast Monday evening at Shannon park. Hostesses were Mesdames George Brewer, H. D. Stanley, G. W. Nolen, B. B. Baron, Lloyd Bentley, Altus Sansom and W. A. Fix.

Those attending were Mesdames J. E. Cook, W. C. Blanton, V. H. Moore, Burton S. Burks, Watson Wilson, Olive Fluke, A. F. Phillips, J. B. Morrisset, J. Ray Dickey, Mary T. Dickey, Victor Lindsey, L. H. Beall, J. E. Carruth, J. Kirby Nash, H. F. Stubbs, Evelyn Rozzell, Olen Stewart, W. A. Gossett, Paul Hardwick, A. S. Meinecke, Sam Leifeste, A. W. Evans, Lex Reese and W. J. Spain.

## Nineteen Women In Community Meet

Mrs. W. J. Roberts led a lesson from The World Outlook Monday afternoon when 19 members of the Canyon Women's Missionary society met at the church in that community. Mrs. L. B. Biffle led a lesson on "The Place of Women in the Church."

## Baptist Class Party Is Given Monday

Girls in the Character Builders class of the First Baptist church attended a party Monday afternoon in the home of Mrs. J. C. Levens, 2115 Fifteenth street.

TEXAS UTILITIES COMPANY

LAXATIVE SLAVERY ENDED BY NEW COW DISCOVERY

You probably know that constipation is generally due to nothing but sluggish liver. The liver manufactures a liquid called the bile, which is Nature's own purgative. When not enough bile flows into your bowels, you are constipated.

Yet countless physics and laxatives never touch the liver. So scientists have studied to find a *natural*, non-habit-forming liver aid.

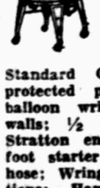

Now the cow has given them what is needed. They have taken natural bile from the livers of healthy cattle. It quickly starts your own liver working right, banishing constipation.

This natural bile is now put up in convenient little tablets called Kompo and Bile Salts Tablets, and if you want to end constipation and quit taking habit-forming physics and laxatives, get Kompo Tablets from your druggist today. Results guaranteed, *or every cent back.*

SPECIAL FREE OFFER: Clip out this offer and mail it to us with your name and address and a small trial package of Kompo Tablets will be sent you absolutely FREE. Kompo Company, Dept. [illegible], Atlanta, Georgia.

# FERRY RULING IS AWAITED

## HIGHWAY DEPARTMENT PLANS TO PURCHASE PRIVATE FERRY

(By The Associated Press)

AUSTIN, Aug. 15.—The Texas Highway commission today was waiting on the attorney general's department for an opinion whether it could purchase a ferry, plying between Galveston and Point Bolivar.

Should the commission have authority to make the purchase it planned to start negotiations with owners of the ferry, but in event it is powerless to act at this time, legislative sanction will be asked.

**To Make Appraisal**

W. R. Ely, member of the commission, said at a hearing yesterday that it was desirable the state own the ferry, provided it could be obtained at a fair price. State engineers would make an appraisal to determine the true worth of the property.

John S. Harris of Cleveland, Ohio, representing the ferry owners, said he would submit $234,000 as the proposed sale price to the security holders but he would not recommend that it be sold at that figure. He said the company had invested $336,000, exclusive of franchise.

**Plan Free Bridge**

The commission ordered negotiations opened with Oklahoma looking to construction of a free bridge across Red river between Byers, Texas, and Waurika, Okla. The project would be constructed jointly by the two states.

Hearing of county delegations was continued today and likely will continue through tomorrow.

Bids will be received by the commission tomorrow on the first of the projects to be constructed from federal emergency unemployment relief funds. Another letting of emergency contracts probably will be made August 28, Gibb Gilchrist, state highway engineer said.

Gilchrist said the commission had submitted its program of works under the recovery appropriation to the federal government. Contracts will be awarded as soon as the projects and the plans have been approved by the federal bureau of public roads.

The program included highway construction for practically every county in the state, Gilchrist said. Early approval is anticipated.

# CRIMINALS HELD

(Continued from Page One)

tion, said that Sam J. Kronick, Charles Wolk, William Nelson and Sam Kozberg, under arrest there, will be charged with conspiracy in the Urschel case.

Four of five persons arrested with Bailey were held. They were Mr. and Mrs. R. G. Shannon, a son, Armond and his wife, Mrs. Oleta Shannon. The fifth person, Earl Brown, was released.

At Washington, William Stanley, assistant to the attorney general, putting before the nation the facts of the government's decisive, smashing cleanup of the Urschel kidnaping and the Kansas City massacre, pointed out the Urschel case was the first in which the victim's family had notified the federal government. He said three confessions to the Urschel abduction had come from among those under arrest.

**Asks For People's Aid**

"Thus," he said, "within the course of only a few weeks after the perpetration of two of the most startling and dastardly crimes in the annals of American history, the law enforcement arm of the department of justice has reached out and captured the parties responsible for these outrages."

Invoking, then, the might of the government, he appealed to the people to come to it for aid.

"This division," he said, "has aided so unerringly in the apprehension of the recent kidnapers that we are asking you to consider carefully the record of the division and to cooperate fully with it should occasion arise."

**To Attack Problem Fully**

"It is ridiculous to think that the gangster and racketeer, a negligible proportion compared with the great body of American people, is superior to the mind, ingenuity and resources of the nation. The department of justice will neither temporize nor equivocate in attacking this problem."

Attorney General Cummings expressed belief that Bailey, an escaped Kansas penitentiary convict, was the leader of one of the country's most dangerous criminal gangs.

**Identified As Killer**

Cummings said Bailey had been identified as an operator of a machine gun in the slayings at Kansas City. The slaughter resulted when gangsters attempted to free Frank Nash, fugitive convict, while he was being returned to prison, only to kill him accidentally in the hail of bullets that mowed down four officers, including an agent of the department of justice.

Bailey, taken at a lonely farm cabin near Paradise, in north Texas, and the four others arrested there, were held here for probable early return to Oklahoma City.

**Found Marked Money**

Bailey was captured Saturday but news of his arrest was withheld until Monday in the hope other members of his gang might return to the rendezvous. Federal operatives, aided by local officers, surprised him. They said they found marked money that had been paid to effect the safe return of the oil operator.

Urschel went with the federal agents to the lonely cabin and there identified it thoroughly, even to finger-prints.

Stanley emphasized particularly the fact the justice department had been enabled to move so swiftly and surely in the Urschel kidnaping because it had quick information.

**Cooperation Cited**

"This, I believe, proves that when the law enforcement authorities receive the cooperation of the families in such cases, together with the very excellent cooperation of the local authorities, which was extended in this particular case, real results can be obtained."

At Denver, Detective Captain William Armstrong said Bates was wanted in a dozen states for bank robberies and holdups, and, the captain added, "we were getting ready to fight about a dozen states that are going to demand that Bates be turned over to them. We want to send him to prison for life for a Colorado robbery."

Police announced they found marked ransom money, paid for Urschel's release, on Bates.

# DAILY MARKETS

## Cotton Market

**NEW YORK COTTON**

NEW YORK, Aug. 15. (AP)—Cotton opened barely steady, 2 lower to 3 higher with liquidation on favorable crop and weather reports and commission house buying on steady cables. Oct 9.06; Dec. 9.29; Jan 9.35; March 9.50; May 9.65; July 9.76.

Trading was comparatively quiet at the start, but offerings were light and prices steadied right after the call on covering and trade buying promoted by the relatively steady showing of Liverpool and talk of an improved technical portion.

December sold from 9.28 to 9.38 with the general list showing net advances of about 7 to 10 points at the end of the first half hour.

Offerings increased later in the morning, due to expectations that tomorrow's weekly weather report would indicate that the crop was making continued good progress. Trade interests were buyers on a scale down, but the demand was relatively light and by midday December was selling around 9.21, with the general list showing net losses of 5 to 10 points.

The market reacted further late in the day under renewed liquidation and southern selling. Futures closed easy, 15 to 21 lower; spot quiet; middling 8.85.

**NEW YORK FUTURES**

NEW YORK, Aug. 15. (AP)—Cotton futures closed easy 15 to 21 lower.

| May | 9.65 | 9.46 |
| July | 9.76 | 9.60-61 |

Spot quiet; middling 8.85.

**NEW ORLEANS COTTON**

NEW ORLEANS, Aug. 15. (AP)—Cotton opened somewhat easier due to lower cables and hedge selling. First trades showed losses of four points and October dropped an additional point to 9.00, while December remained at the opening figure at 9.22.

Later hour good buying appeared in the market and stocks opened firmer. October advanced to 9.10 and December to 9.32, up 10 points from the earlier figures and 5 to 6 points above yesterday's close. Late in the first hour the market was quiet and steady and near the highs.

The market was on the down grade all morning, due to liquidation, some selling by ring traders and a great deal of hedging. October traded down to 8.85 and December to 9.07, down 25 to 26 points from the early highs and 19 to 20 points under yesterday's close. Near midsession prices rallied 7 to 8 points from the lows, due to short covering. The census bureau's report on domestic mill consumption during July of 600,143 bales was somewhat larger than looked for.

**NEW ORLEANS SPOT**

NEW ORLEANS, Aug. 15. —(AP)—Spot cotton closed quiet 27 points down; sales 17; low middling 8.08; middling 8.68; good middling 9.08; receipts 1,128; stock 670,223.

## Texas Applications For Loans Are 4,000

WASHINGTON, Aug. 15 (AP)—James Shaw, manager of the Home Owners' Loan corporation in Texas, reported to Washington headquarters of the organization that about 4,000 applications for loans had been filed with the Texas agency.

He expressed the opinion that 60 per cent were eligible for loans if and when the mortgagees accepted the bonds. He said owners of about one-half of the mortgages would accept corporation bonds in exchange for them and that no concerted effort to foreclose mortgages was being made in Texas, with the holders generally delaying matters hoping that the corporation would take over the loans.

He expressed the opinion that as fast as bonds were issued, mortgagees would accept them.

## Close Study Made Of Grain Trading

WASHINGTON, Aug. 15. (AP)—Secretary Wallace said today the department of agriculture was studying closely the problems he expected to develop in event that minimum prices on the nation's grain market were suspended with the close of trading today, as scheduled.

The agriculture secretary said no decision has been reached by the Chicago Board of Trade as to its final course "and none by us."

## Stock Market

**WALL STREET REPORT**

NEW YORK, Aug. 15 (AP)—Security markets stepped carefully today as the grain price situation and firming dollar rates tended to cloud the speculative and investment horizons.

Stocks and bonds mulled about in unusually dull trading.

The majority of leading shares moved diffidently. Homestake Mining dropped 6 points, and declines of fractions to around a point were registered by National Distillers, Alaska Juneau, General Electric, Consolidated Gas, Allied Chemical and Ownes-Illinois. Chrysler, International Nickel, Du Pont and General Motors were up slightly. Many others were unchanged.

While the Chicago board of trade problem apparently was the principal deterrent to a revival of stock market enthusiasm, the recent climbing tendencies of the dollar again became a financial factor. In banking circles it was said the strength of American currency internationally could be attributed to several influences.

## Livestock Market

**FORT WORTH PRICES**

FORT WORTH, Aug. 15 (AP)—Trading in cattle was slow here today. Morning bids on steers were a little lower. Other classes of slaughter cattle were about unchanged. Demand for calves was narrow. Early sales of hogs were steady. Bidding was about steady on sheep.

Cattle: 1,800; one load light steers 5.65; bulk steers due sell 4.00-5.00; medium to good yearlings 4.00-75; few cows 2.50-3.00; load strong weight butcher cows 2.25.

Calves: 1,000; bulk calves value sell 3.50-75; culls 1.75-2.00.

Hogs: 1,000; best truck hogs 4.25. No rail. Packing sows 3.00-25.

Sheep: 1,000; light supply.

**KANSAS CITY PRICES**

KANSAS CITY, Aug. 15. (AP)—U. S. Dept. Agr.)—Hogs 3,500; 80 direct; fairly active, steady; top 4.15 on choice 190-240 lbs.; 140-160 lbs. 3.00-85; packing sows 275-550 lbs 2.65-3.15; stock pigs 70-130 lbs 2.75-3.25.

(x)—Quotations based on ewes and wethers.

## Grain Market

**CHICAGO GRAIN REPORT**

CHICAGO, Aug. 15 (AP)—The ceremony of blackboard exhibition of fictional quotations took place promptly tdoay on the Chicago board of trade. About the only variation from recent experience of brokers and spectators was placarding of a notice that no Winnipeg prices would be available today until half an hour after the usual time, while Canadian trade authorities considered what to do in view of abnormal conditions here.

Virtually no dealings in any kind of grain were witnessed in Chicago, and prices which were formally posted were the minimum allowed under emergency rules, unchanged from yesterday and Saturday.

**CHICAGO PRICES**

CHICAGO, Aug. 15 (AP)—Wheat: No. 1 Red 87 1-2; No. 1 hard 88; No. 1 northern spring 87; No. 1 mixed 85 1-2.

## Strange Type Of Sickness Puzzling

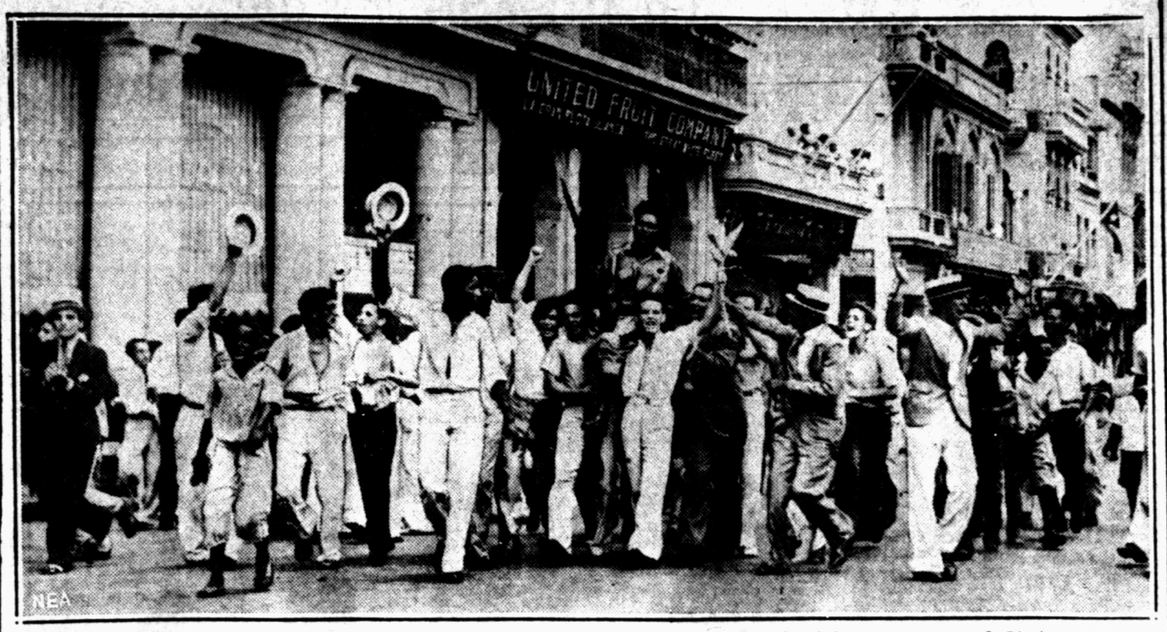

ST. LOUIS, Aug. 15 (AP)—The spread of a strange type of "sleeping sickness" which has taken six lives since it began July 23, today challenged the resources of city, state and federal health officials.

Physicians have pronounced thirty-seven patients at the isolation hospital as suffering from the disease, which they say is encephilitis of the epidemic type.

**REV. W. G. BAILEY ILL**

PLAINVIEW, (Special)—Rev. W. G. Bailey, pastor of the First Baptist church here, who was conducting a revival at Silverton, was taken ill there and brought home. He is expected to be in a local sanitarium for several days. Rev. Joe Strother, spoke here Sunday in place of Rev. Bailey.

# Crowds Acclaim Soldier Who Killed La Porra Chief

Holding aloft the gun with which he shot and killed Colonel Antonio J iminez, founder of the dreaded strong arm squad, Lieutenant Rogerio Perez Villalon, a soldier of the Rural Guards, is hailed as a hero by de lirious supporters shown in this striking photo carrying him on their shoulders in a wild celebration through Havana streets.

# PROFESSOR SAYS NRA UNIT UNABLE TO FULFILL DUTIES

WASHINGTON, Aug. 15. —(AP)—A charge that an NRA committee headed by Mrs. Hugh S. Johnson, wife of the industrial administrator, was unable to fulfill its functions was issued today as the finale of the first open dispute within the recovery organization.

It came from Professor William F. Ogburn, University of Chicago economist, whose resignation as a member of the consumers' advisory board was accepted by the NRA chief.

Reaching beyond his dispute with Mrs. Mary Harriman Rumsey, wealthy and socially prominent chairman of the board, Ogburn told Johnson the consuming public was not being protected.

He added in a statement that the express policy of the NRA of keeping purchasing power moving alongside of rising prices "will be blocked, I predict, for want of adequate indexes."

"The complaints (against violations of codes by employers), I recommend, should be handled by a 'line' organization and not by an advisory board," the professor said.

"During my absence and without my knowledge the complaints of the consumers were relegated to a subdivision of the consumers' advisory board, housed in a private home, and assigned to a group inadequately equipped to learn the facts of costs and prices, which are the topics of most complaints."

## Chas. A. Jones Back In Town He Founded

SPUR, Aug. 15.—(Special)—Charles A. Jones, called the "Founder of Spur," is back in the harness again in the town which he helped start more than a decade ago. He is relieving his son, Clifford B. Jones, as manager of the S. M. Swenson and Sons, interests here during the time the latter is federal administrator in charge of the vast public works program for this area.

The elder Jones was manager of the farm interests of S. M. Swenson and Sons in Dickens county when Spur was started, coming here in 1909. He was succeeded by his son when he retired some years ago.

## Florida Man Found Dead In Ft. Worth

FORT WORTH, Aug 15 (AP)—Identified as that of Dave L. Southard, lawyer of Palm Beach, Florida, the body of man was found dangling from a rafter in a garage in a thinly settled section here Monday afternoon.

An attendant at a hospital in which Southard had been a patient for nearly three months until his disappearance Saturday morning identified the body. Officers said the clothing bore the marking "Southard" and a Panama hat in the garage contained the letter "D L.S."

Dr. D. Southard of Stamford, who had been here to aid in locating his missing brother, left Fort Worth to return home only an hour before the discovery was made. Police telephoned authorities in Mineral Wells, who notified the physician. Dr. Southard then returned to Fort Worth.

## Proposed Code For Shippers Is Drawn

NEW ORLANS, Aug 15 (AP)—J. W. Garrow, president of the American Cotton Shippers association, announced late Monday that cotton shippers from most of the southern states meeting here over the weekend had agreed to abide by a code for the industry framed and approved by the association.

Pending ratification of the code by the National Recovery administration details of the wage scale and minimum hour clauses were not announced.

The proposed code will be forwarded to Washington.

**JURY DELIBERATING**

SALEM, Mass., Aug. 15. (AP)—A jury in the Essex county superior court, at 11:52 a. m. today, began deliberation of the case of Jessie B. Costello to decide whether they would send the attractive 32-year-old widow to the executioner for slaying of her husband, Fire Captain William J. Costello of Peabody.

**Youths Paroled** — Four Slaton youths appeared before Judge E. L. Pitts in county juvenile court Monday afternoon. After trials, they were sentenced to a year each in the state boys' training school, and paroled to their parents upon good behavior. Three were charged with theft of a box of candy July 4 in Slaton from a drink stand. They pleaded guilty. The other was charged with being incorrigible. He pleaded not guilty. Two were 16, one 15, and one 14 years old.

men of former President Gerardo Machado's strong arm squad, the Porristas, who are charged with slaying political opponents in an effort to maintain the Machado distatorship by force.

The popular temper against remains of the deposed government, however, cooled considerably.

Leaders of the Machado regime were in hiding, had fled, or were preparing for flight. Out of Cuba are Machado, who is in the Bahamas; his family, who are in Florida; former Secretary of State Orestes Ferrara, in Virginia; former Secretary of War Herrera, en route to Jamaica, and Octavio Averhoff, former secretary of the treasury, and Eugenio Molinet, Machado's secretary of labor and agriculture, who also are in the Bahamas.

## AGENTS WORK QUIETLY ON CASE TODAY

DALLAS, Aug. 15 (AP)—Department of justice agents went back to work quietly today on the kidnaping case of Charles F. Urschel of Oklahoma City and sought to determine where Harvey Bailey, captured Saturday near Paradise, Tex., would be taken for trial.

Bailey was guarded carefully in his cell on the sixth floor of the Dallas county jail. F. J. Blake, in charge of the department of justice office here declined the request of Douglas Walsh, chief of the bureau of identification, that Bailey be taken to the city jail for fingerprinting, declaring that too great a risk would be involved.

**To Determine Later**

Gus Jones, San Antonio department of justice agent who captured Bailey, said Bailey's disposition would be determined after federal district attorneys had conferred regarding the city where he might be taken and upon what charges. He could be tried in either Oklahoma or Kansas. He escaped from the Kansas State penitentiary on memorial day while serving a long-time sentence.

Two justice agents, heavily-armed, left headquarters during the morning but Blake said their departure was only a "routine matter."

It was considered possible, however, that they had gone out in search of other suspects in the kidnaping case. George Kelly, for whom officers laid in wait Sunday night at the same farm house where Bailey was surprised and taken prisoner without resistance, has not been apprehended.

Jones said no confessions had been obtained in connection with the Oklahoma oil millionaire's abduction but Blake revealed that "admissions" had been obtained from three persons at the farm house that Urschel had been there.

## HEAVILY ARMED CAR IS SOUGHT NEAR BORDER

CORPUS CHRISTI, Aug. 15 (AP)—Lieut. Lee Miller of the state highway patrol today organized a search between Corpus Christi and Laredo for a sedan bearing two men and a woman heavily-armed.

He expressed the opinion that one of the men might be Clyde Barrow. He declined to say whether one of them might be George Kelly for whom federal officers are looking in connection with the kidnaping of Charles E. Urschel of Oklahoma City.

**SOUGHT IN BALTIMORE**

BALTIMORE, Aug. 15. (AP)—Baltimore police today sought George R. Kelly, alias, R. G. Shannon, alleged sub-machine gunner wanted in connection with the $200,000 Urshel kidnaping case. An operator of the bureau of investigation, United States department of justice, told police the man might be in this city.

# TWO ARE HELD IN MARIJUANA CASE

Charged separately with possession of about 150 pounds of marijuana, Higinio Satelo, 52, of the 100-block of Avenue M, and Jose Plata, 42, of the 100-block of Avenue L, arrested Monday afternoon, waived examining trials this morning before Justice of the Peace J. S. Connell, who set their bonds at $500 each. They were to be released from county jail on bond late this morning.

Blata and Sotello were arrested in Little Juarez, Mexican section, by Policeman H. B. Brown and A. Melendez, a patrolman in the Mexican quarter.

Brown said two plots of the drug were found in the 300-block between Avenues N and M. The marijuana plants, some as high as a man's head, had been irrigated freely. The officers required Mexicans to cut down the plants, which were carried to the courthouse.

**Delegates President's Power**

"The act complained of is unconstitutional and void for the reason that it is an attempt to delegate power to the president of the United States which can not be delegated but must be exercised by congress alone," Fischer said, citing court decisions.

He contended the federal government's power over interstate commerce related solely to its regulation and did not permit prohibition of interstate commerce.

This was the first court challenge of the constitutionality of the recovery act as well as the initial test of the power of the federal government to help the states in controlling the production and distribution of oil.

## County Votes To Aid In Cattle Tests

Cooperation with the federal government in making tuberculin tests of Lubbock county cattle was voted Monday afternoon by County Commissioners court.

The action was taken after groups of farmers called on the commissioners, asking that the protection be given. The county is to hire helpers to two federal veterinarians who will make the tests, County Agent O. G. Tumlinson said.

After the examinations have been made, Lubbock county cattle may be shipped to fairs or to other states, in which the tests have been given, without an additional examination for tuberculosis infection.

The commissioners also approved accounts and inspected Lubbock county jail.

## Probable Date For Store Opening Told

Montgomery Ward & Co. will open its Lubbock store in new quarters about mid-November, with November 20 as the probable date, D. G. Hobson, local manager, has announced.

A change has been made in the type of brick to be used. The Texas avenue and Broadway sides will be of white brick instead of other brick that was to be painted.

The basement, first floor, mezzanine and second floors are to be used for sales work, Mr. Hobson said. The third floor is to be for storage.

"It will be the finest store of its kind west of Fort Worth," Mr. Hobson said. "I was up at Amarillo last week and the two stores will be very much alike."

# MRS. RUMSEY'S TASK IS BIG

## SHE MUST EDUCATE U. S. TO BUY ONLY FROM NRA FIRMS

BY MELVIN E. COLEMAN
Associated Press Staff Writer

The job of educating America to buy only at the sign of the Blue Eagle has been entrusted by the National Recovery administration to Mrs. Mary Harriman Rumsey, heiress of the late E. H. Harriman, and noted as a social welfare leader.

Mrs. Rumsey has her hands full. In addition to her duties at Washington she manages two farms in Virginia and an estate on Long Island and looks after three children.

**Upholds Position**

The burden proved a bit heavy recently when Prof. William F. Ogburn of the University of Chicago, a member of her board, disagreed with some of her plans and she moved to uphold her position as "boss." Doctors ordered her to take a few days' rest.

But multiple responsibilities have been her lot for several years. While she was still in her teens her father began to take her into his confidence and she helped the railroad king manage part of his properties.

**Founded Junior League**

For a time after her marriage to the late Charles C. Rumsey, sculptor, she figured in New York society, hunting sets. Then she was attracted by social welfare work and founded the junior league, a charitable organization of young society women which has spread to many cities.

She is an intimate friend of Mrs. Alice Roosevelt Longworth and of Frances Perkins, secretary of labor. Mrs. Rumsey summarized her NRA task thusly:

"We must bring the wage earner and the consumer to realize that in the last analysis he is one and the same person. The consumer is the base of an eternal triangle. Capital and labor are its sides."

Mrs. Rumsey is described by her friends as an earnest woman of the capable type, one who avoids extremes. These days, for example, she tilts her small hats down over one eye, but just a little bit.

**Schedule Arranged**

Tuesday, Wednesday, Thursday, and Friday will be given to sight seeing, on a special schedule. Saturday will be clean-up day, for those who care to see places they were unable to visit earlier.

Wednesday night a 3-hour cruise on Lake Michigan, on the S. S. Roosevelt, is scheduled. Thursday an all-day cruise on the S. S. Roosevelt across Lake Michigan to Michigan City, Ind., is planned.

On Friday a tour of Chicago's famous "gold coast" and its splendid park system is planned.

The cost, $70, includes railroad and Pullman fare, meals in air-cooled diners, quarters in the new Palmer House while in Chicago, five tours while in the city. Only meals in Chicago are not included in the cost.

A new attraction, a rodeo, begins Friday, August 25, and trippers will have an opportunity to see this. The return will be at 7 p. m. Saturday, with arrival in Amarillo at 5:30, and in Lubbock at 10:15 p. m. Sunday night.

## Widening Circle

There has been much discussion of how many people will be given work as a consequence of NRA's establishment of a work week of 35 hours in factories and 40 hours in the so-called white-collar pursuits.

The National Industrial Conference Board attempts to give a partial answer. It estimates that 838,000 additional factory workers would be needed to maintain the output as of May this year, and 831,000 workers in "other pursuits." This is a total of 1,680,000.

The figure does not, of course, make allowances for increased activities which would result in many ways from the return of this number to work. Nor does it include those who are returning to work as a result of the general upturn in business.

Apparently there is no way to make a definite calculation. Higher payrolls bring increased consumption, and increased consumption brings more jobs. The theory is that the recovery process will operate in an ever-widening circle.

## Code For Gypsies

Freedom forsakes its last stronghold. Even the gypsies in far-off Rumania have succumbed to the modern-day craze for organizing, joining, and regulating.

No longer will their caravans wander over the open roads, and their camp fires light the woods at twilight. They are to have an association with a headquarters—permanent—and with officers, by-laws, and all the appurtenances of the typical society. Also, they'll have a newspaper, a university, and a library.

But worst of all, the black tents are to give way to rest houses, where the gypsies may stay until they can find work. Work, mind you.

It's too bad, this modernization of the freest people in the world, who alone have seemed to have the secret of doing what they pleased and going where they pleased, with utter disregard of the rest of the world.

Movie actress plans to dance the cancan in a forthcoming production. Probably just an expedient to help her keep well-preserved.

As Brought Over Associated Press Wires Today

### Quick Solution

HACKENSACK, N. Y., Aug. 12 (AP) Anthony Nadratowski, 24, whose alibi for non-appearance in court was lack of carfare, found Judge Abram Lebson quick with a solution.

A short time after a bench warrant had been issued for his arrest, Nadratowski, telephoned the judge from Jersey City, saying he did not have the fare to Hackensack.

Before he was through talking, Nadratowski was confronted by police who had traced the call, and taken to Hackensack in a patrol wagon.

### Tree Alarms City

NEW YORK—An elm tree in Brooklyn is sick and tree lovers throughout the city are alarmed. The deadly dutch elm disease, which appeared several weeks ago near East Orange, N. J., has attacked a tree on Ocean Parkway, Brooklyn. Government officials, fighting the infection, fear that unless they stamp it out quickly it will spread throughout the northeast.

### A Knockout

EVANSTON, Ill. — Despite her somewhat frail figure of 110 pounds, Miss Sarah M. Scott, a supervisor of nurses, did this:

When a 210-pound six-foot man allegedly tried to seize her in an "L" station she scratched and kicked. The man staggered away. Three blocks away the police caught him and had to take him to a hospital for medical treatment. They said they identified him as Paul McMahon, a former reformatory inmate.

### Just A Nobody

DAYTON, O.—Gen. Hugh S. Johnson, NRA chief, was just another traveler without luggage to a hotel clerk here.

Bad weather forced Johnson to interrupt an air journey from St. Louis to Washington Sunday night. He walked into a hotel without even a tooth brush in his possession.

A newspaperman vouched for his identity, but the skeptical clerk, seeing no luggage, demanded payment in advance.

Johnson, expressing his feelings pithily, turned on his heel and walked out. Another hotel welcomed him with open arms.

### Charlie's Big Day

NEW YORK—Charlie, a German shepherd puppy, stubbed his toe and caused more bother than any other dog ever did on upper Broadway.

The stubbing of the toe precipitated Charlie into a deep crevice of a rock pile in a vacant lot. For five hours, while a crowd looked on, a police emergency squad labored to get Charlie out.

Four tons of rock were moved, then police drilled a hole down to Charlie. A boy was lowered head first through this hole, and finally came out with a wiggling bunch of joy in his arms. It was Charlie.

## QUESTIONS AND ANSWERS FROM THE NRA FRONT

(By The Associated Press)

Are men delivering from store to store and men delivering from store to customer both classified as delivery men?

Yes. The necessity for delivery is considered the same in both cases.

* * *

Does the NRA consider any stigma attached to taking away the Blue Eagle from one who has signed a code?

No. It will be just as though they never had a Blue Eagle and NRA officials believe that is enough.

* * *

When the Blue Eagle is taken away can it ever be restored?

No.

* * *

Who has the authority for taking the Blue Eagle away from a firm or individual?

Administrator Hugh S. Johnson must have the record presented to him to determine just what the issues are and he decides whether or not the eagle will be called back.

* * *

Can a retail store, open less than 52 hours a week before July 1, 1933, reduce the store hours at all?

No.

* * *

Are retail stores with two or less employes, which keep open only the minimum number of hours required, fulfilling their part?

Yes.

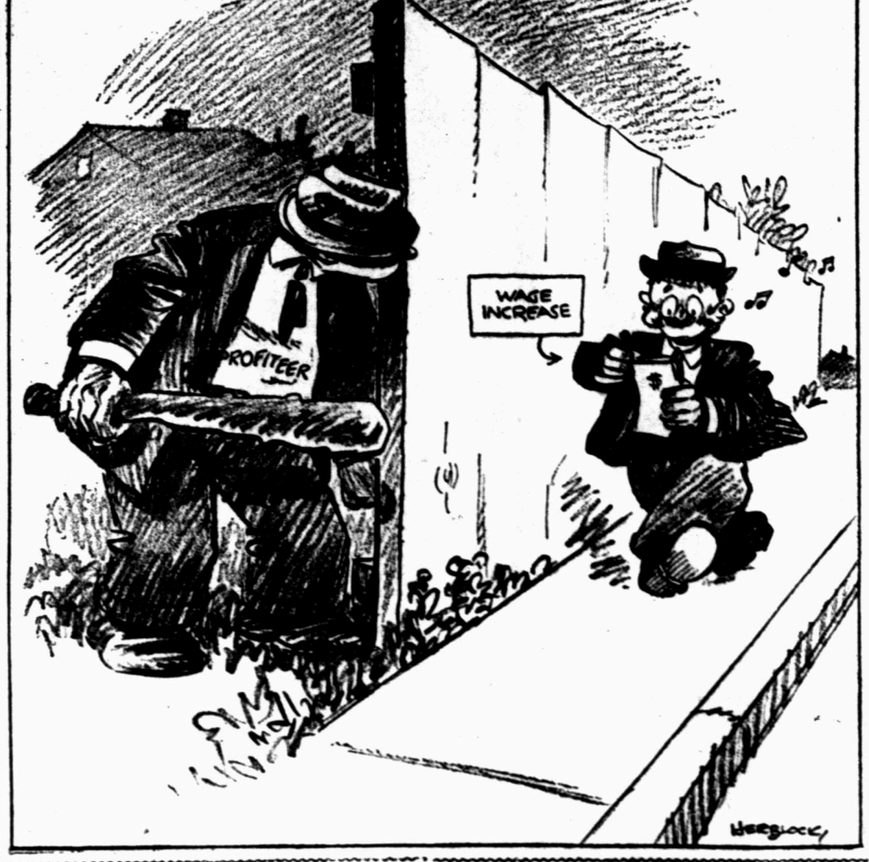

* * *

Are there any figures available as to how many people have sent in their certificates of compliance under the president's reemployment?

No. The NRA proposes to wait until the period is up and then make such a survey.

Spanish Supreme Court has a tough case brought by a girl who demands the right to fight bulls. Only right the bull has is habeas corpus.

# Price Gouging Check Applied By Uncle Sam; Dr. Fred C. Howe's Job Is To Protect Consumer Against Profiteering

BY RODNEY DUTCHER
Evening Journal's Washington Correspondent

WASHINGTON, Aug. 15—All of us must help pay the bill which will be charged up in higher prices under the New Deal.

Butcher

But we have a fighting champion in Dr. Fred C. Howe, an incorrigible crusader whose job it is to see we aren't gouged when we buy food and clothing.

As "consumers' counsel" for the Agricultural Adjustment Administration, Howe will publish weekly prices from over the country along with analyses to show how much of the increases are being paid to the farmer and how much to labor.

Aimed at the profiteers and designed to protect the ordinary citizen, this program is almost revolutionary.

Howe usually summers on Nantucket Island, which is down under Cap Cod and leaning over toward Spain. He was there when the telephone call came which brought him to Washington.

* * *

**Served Under Wilson**

In 1914 he had been called from Nantucket by a telegram—delayed a month at his New York hotel—which said President Wilson wanted him to be commissioner of immigration for the port of New York. Howe went to look over Ellis Island, noticed the contrast between hot, crowded detention rooms and the green lawn outside.

He decided the immigration station should be a happy, smiling place and accepted the job. After that children and women played on the lawn. Howe introduced football, baseball, better food, concerts and a small school. He was there six years.

* * *

**Has Had Varied Career**

First he had studied 11 years in universities. Then he practiced law in Cleveland and became a political lieutenant of the great Tom Johnson, famous for his disbelief in municipal corruption. He held public offices for 10 years and became Johnson's floor leader in the Ohio Senate. He developed a strong belief in public ownership of utilities.

He has been an author, magazine editor, specialist and adviser on banking, railroading and public utilities, director of the People's Institute in New York and head of the All-American Co-operative Institute, which preached co-operative marketing to American farmers following Howe's study of co-operative systems abroad.

* * *

**Consumers Will Know**

Mrs. Mary Rumsey, chairman of NRA'S Consumers' Advisory Board, plans to publish what the board considers approximately legitimate price increases after each industrial code goes into effect. She says her organization is the "C. A. B." and that "no consumer shall be taken for a ride."

* * *

**Law-Abiding Louisiana**

Just before Senator Huey Long had to dash to Louisiana to deal with election fraud troubles, he was around Attorney General Homer Cummings' office, boasting: "Look at Louisiana. There's no crime wave there. We have no kidnapers!"

* * *

**Johnson's Moods**

Administrator Hugh Johnson of NRA displayed three contrasting moods in three days of coal strike negotiations.

At Harrisburg he said: "God help the man or group of men who stand against this drive."

At Washington, after a day of deadlock: "I stuck my nose into something that was none of my business and got what was coming to me."

Finally victorious, he emerged from his office grinning, almost giggling. He laughed as he plowed through a group of newspapermen, insisting: "Not going to tell you a damn thing. The president will give it out."

But he was too happy not to relent. He finally said to a few persistent ones: "Well, if it'll help you any, I'll tell you confidentially," And he did.

SIXTEEN-YEAR-OLD BRIDE-TO-BE OF FORMER BROTHER-IN-LAW SHOOTS SELF IN FT. WORTH

FORT WORTH, Aug. 15. (AP)—Wedding bells will not ring for Jennie Franklin, 16. She was found dead—a pistol bullet in her temple Saturday afternoon at her rooming house.

Jennie would have been 17 today. Her birthday was to have been her wedding day, for she was engaged to marry her former brother-in-law, Charles Vallasek, 47, who roomed at the same place.

Jennie had lived with the Vallaseks since she was 3 years old. Last February her sister was divorced from Vallasek and moved to California with her daughter, Charlene, 9.

Jennie went to live with an aunt in Oklahoma. She wanted to go to a business college so Vallasek brought her back to Fort Worth. They made plans for a wedding on Jennie's seventeenth birthday.

Friday night they got word that Jennie's sister had remarried. Jennie worried about her little neice.

About 1 o'clock this afternoon she went to the neighborhood store where Vallasek is employed. He said she seemed nervous and despondent. He tried to reassure her that everything would turn out all right. She went back home.

No one else was in the house except Adad Williams, a negro maid.

Mrs. Frank Youngblood, who lives next door, heard a shot.

She investigated. Jennie was on the floor of her fiance's room. His pistol was at her side.

## Ferrara Says Cuba Faces Persecution

WASHINGTON, Aug. 15 (AP) — The prediction that Cuba faces a period of persecution and not peace was made today by Dr. Orestes Ferrara, exiled secretary of state and confidante of General Gerardo Machado, deposed president of the island republic.

From the seclusion of a hotel suite at Richmond, Virginia, where he stopped Sunday night after a hair-breadth escape from a mob in Havana, the man who left his native Italy to fight for Cuban independence expressed his concern for the future of his adopted country.

## With 'Whiz' BARRY

## Under The Capitol Dome

BY R. W. BARRY
Associated Press Staff Writer

AUSTIN, Aug. 15 (AP)—State employes are somewhat embittered at the legislature's action in reducing their salaries a minimum of 25 per cent, now that the dollar will not purchase as much as it would when the state appropriations were sliced.

The new schedule of salaries will become effective on September 1, but the capitol employes have been wearing long faces for many weeks, anticipating the adjustments they would be forced to make in their accustomed living habits.

**Are Handicapped**

With the federal government advocating shorter hours and longer pay and business and industry generally accepting that principal, state employes are wondering if they will have to plod along with reduced stipends another two years.

When the legislature was in the midst of advocacy of reduced wages, the dollar had a greater buying value than in many years. Its purchasing power has been shrinking steadily since the appropriations were passed.

Some of the cuts were as steep as 33 1-3 per cent. Every department of government felt the pruning knife. The judiciary, especially, experienced deep cuts. Already, one judge, a member of the supreme court commission of appeals, resigned his place because he decided he could not afford to work for what the state promised to pay.

## Communication Is Made With Micro Waves By Italian

ROME, Aug. 15 (AP)—Communication with micro waves a foot and a half long over distances greater than the range of vision and through or around physician obstacles was reported here today before the science department of the Royal Academy by Guglielmo Marconi, noted wireless inventor of Italy.

Previous tests had indicated these waves would travel only as far as could be seen in a straight line.

In a series of tests conducted between the inventor's yacht Elettra in the Tyrrhenian sea and inland Italy, Marconi said that both radiophone and radiotelegraph messages had been exchanged with the experimental station at Santa Margherita, 94 miles landward, a distance three times further than he had been able to get heretofore.

## OUTLAW HIDEOUT BELIEVED FOUND

KILGORE, Aug. 15. (AP)—Officers who believed they had uncovered an East Texas hideout for a band of Oklahoma and Texas outlaws continued their search today for two men who escaped yesterday just before the posse of peace officers closed in on a log cabin hidden away in a heavy woodland near Gladewater.

The group of officers, led by Ranger Sergeant C. H. Platt, had received a report that two heavily armed men drove into the woodland Saturday. As the posse approached the cabin yesterday, one of the men was just disappearing through the timber and one of the rangers fired a shot after him.

A woman found at the house denied she knew the identity of the men who had been there.

**RESPOND TO PETITION**

CARRIZO SPRINGS, Aug. 15 (AP)—Responding to a petiton signed by several hundred qualified Dimmit county voters, the commissioners court Monday ordered a county-wide election for August 26, to decide whether 3.2 per cent beer shall be legalized in the event the state legalizes it. The county was dry for many years before passage of the national prohibitory liquor laws.

Promoter says rising amusement taxes will kill boxing. We're not afraid. Why even the boxers haven't been able to kill it.

## RANGES LOWEST IN PAST TEN YEARS

AUSTIN, Aug. 15. (AP)—The United States department of agriculture today reported the condition of Texas ranges at 71 per cent of normal as of August 1, the lowest in 10 years, except in 1925.

The ranges rate 74 per cent of normal one month ago, 85 per cent one year ago and 82.5 per cent the ten year average.

Cattle were recorded as 77 per cent of normal on August 1, compared with 80 per cent a month ago, 86 per cent a year ago and 86.5 per cent the ten year average.

Sheep and goat ranges were reported at 70 per cent of normal, compared with 75 per cent a month ago, 85 per cent a year ago and 84.7 per cent the ten year average.

The condition of sheep was given at 77 per cent of normal, compared with 81 per cent a month ago and 88 per cent the ten year average.

## SPYING ON SPORTS

BY COLLIER PARRIS

The 1933 Football guide, heralding e approach of another gridiron ason, is out (adv.) and on sale. it known that this department in no way affiliated with the akers of football guides, and there no commission forthcoming, but you're a rip snorting football fan d want to get more out of the me, we'd suggest you spend the 35 nts for this little book. In addi- n to all the rules, including anges for the 1933 season, the ok has pictures and records of llege teams all over the country, mplete schedules of nearly all lleges for the season, and num- ous other hepful hints and inter- ting notes. If fans were better ac- ainted with football rules, foot- ll teams, their records, systems, al there'd be no room for custo- ers at the big games.

* * *

Every important athletic con- ference in the country is re- viewed in the guide. A couple of pages are given to the Border conference, of which Texas Tech is a member. The Mata- dors' picture is on one page. J. F. McKale, director of ath- letics at the University of Ari- zona, wrote the dope. He has in part the following to say regard- ing the 1932 season:

* * *

"The Border Intercollegiate Ath- tic conference finished its second ason of football. . . . The brand play was about of the same high tandard as has been played in this ction in previous seasons. Texas echnological college at Lubbock as the first addition to the orig- al conference. The conference ules forbid the awarding of a hampionship, but Texas Tech was onsidered the leading team. Tech layed only two conference games, winning easily from University of rizona and University of New Mex- o. They also were victors in two ut of three games from teams in he powerful Southwest conference, winning from Southern Methodist nd Baylor and losing to Texas A. nd M. . . .

"The following were considered ading players of the Border con- rence: Owens, Crites and Hitch- ock of Texas Tech; Allen, Jackson nd Brickey, Flagstaff Teachers; lass, Meecham and Baird, New exico A. & M.; Griffin, Hezmal- alch and Larson, Tempe Teachers; ross, Walton and Schlick, Univer- ty of New Mexico; Greer, Sample nd Davies, University of Arizona."

* * *

Pete Cawthon, who coaches championship football teams and manages championship coaching schools, was just about right the other day when he re- marked, "Well, you ought to have enough dope to fill that column for a long time now; at least it ought to tide you over until the football season starts."

* * *

We didn't have time and space to print an interview with Coach Clyde Littlefield, University of Texas football and track mentor who put on track and field at the coaching school. We asked him a question likewise propounded to other visit- ing mentors, regarding the effect of legalized alcoholic refreshments on training rules and athletics. The Texas mentor, who has one of the toughest jobs in the country and who fills it wonderfully, replied that the difference would be so negligible as to be unnoticed at all. He reiterated the answers of other big coaches in saying that real athletes, ambitious athletes and sensible athletes would always abide by training rules, re- gardless of which way the legal sephyrs blew. And he illustrated with a little story as follows:

* * *

It was after a big football game in the Southwest confer- ence last fall, and the University of Texas Longhorns were on the train homeward bound after winning the contest. Everybody was feeling jolly. The players, knowing Littlefield was a stick- ler for training rules, (he's one of the country's best known originators of training sugges- tions) and knowing, from ex- perience that the slightest dis- regard for same would result in the "turn in your suit" order, were being pretty careful. Just as they neared Austin, one of the most valuable players on the team approached Line Coach Bill James and asked for a pri- vate conversation. James accom- modated the troubled athlete. "Coach, I just smoked a cigar —a big, black cigar. I've broken the rules, and I'm sorry. Is it all over for me?"

* * *

Seeing the athlete was in earnest, James suggested that he tell Coach Littlefield about it next day. The athlete did that, and Littlefield could see his protege was repentant. He listened attentively, and re- marked: "Be at the dressing room tomorrow afternoon." The discus- sion ended. At the dressing room, just before practice, Littlefield gave his instruction and, casual like, said: "Mr. —— has something to say." The startled athlete took the cue and responded nobly, apologizing before the entire squad for his ac- tion on the train two nights before. There was no "turn in your uni- form" order that afternoon. And Littlefield told why.

# Jimmy Foxx Goes Wild At Bat To Set New Mark In Total Runs Batted In

### NEW AMERICAN LEAGUE RECORD IS SET IN TILT WITH TRIBE

BY EDWARD J. NEIL
(Associated Press Sports Writer)

There's a new brilliant shining today in the bonnet of pink-cheeked Jimmie Foxx, a new American lea- gue record of nine runs batted in in one game.

Never in all Babe Ruth's twenty years of big league play has he loosed more devastation at the plate than Foxx unleashed yesterday as the Athletics slaughtered Walter Johnson's Cleveland Indians 11 to 5 in the first game of their western invasion.

**Broke Mark of 1911**

The nine runs he drove across the plate broke the record of eight set by Topsy Hartzell of the Yankees in 1911, and tied since by Harry Heilman, Lou Gehrig, Carl Rey- nolds and Earl Averill. He fell three shy of equalling the major league record set by Jim Bottomley of the Cards with an even dozen in 1924.

Rallying from an ordinary start this season, due to a spiked shin in the spring that healed slowly, Foxx's one-man field day boosted his average to .362 for a neat lead over his old room mate, Al Sim- mons, his foremost hitting rival around the circuit.

**Only 2 Other Games**

Aside from the glamor of Foxx's achievement, the day in the majors was a typical blue Monday with Detroit beating Boston 6 to 5 in the only other game played. The National league's lone match be- tween the Phillies and Giants was rained out.

Foxx's outburst led a 13-hit raid on Willis Hudlin and Belve Bean and gave Roy Mahaffey a chance to coast to his fifth victory of the season behind a nine-run lead piled up in the first four innings. The Tigers banged three Boston pitchers for four runs in the seventh to pile up a 6 to 5 margin.

## TROTTERS ARE TO MATCH STRIDES

GOSHEN, N. Y., Aug. 15 (AP)—A dozen or more of the country's fleetest three-year-old trotters will match strides tomorrow for the richest of harness racing purses, the $50,000 Hambletonian.

At "Good Time" park, where the Hambletonian will be trotted at 2 p. m. (EST) over the half-mile route, trainers sent their charges through final workouts today.

**Survivors Of Field Of 48**

The colts and fillies which will face Starter Steve Phillips for the first of three-out-of-five mile heats, are the survivors of an original field of 40. All have shown their worth in preliminary races over the "Roarin Grand."

Mary Reynolds, owned by W. N. Reynolds, of Winston-Salem, N. C., and trained and driven by the vet- eran Ben White, is expected to start a lukewarm choice as the result of her latest victory in the National stake at Rockingham Park. Pre- viously she won the championship stallion stake at Cleveland stepped off with the Peninsular Farm stake at Toledo, defeating several of the same colts she will meet tomorrow over the triangular track.

## *Rotarians Trample Kiwanians Monday*

The Rotarians trampled the Ki- wanians, 17 to 12, yesterday in one of the biggest slug-fests of the Junior Baseball league season.

Six home runs, five three-baggers and nearly a dozen doubles bounc- ed from the bats of ambitious youngsters on both sides.

Davidson and Miller pitched for the winners, while Jackson went the route for the Kiwanians.

The Rotarians, managed by Dutch Leuenberger, go to Slaton tomorrow afternoon for a contest with the junior team of that city.

## *Old Manassa Mauler Still Packs 'Em In*

DALLAS, Aug. 15 (AP)—The at- traction of Jack Dempsey, former world's heavyweight boxing champ- pion, was demonstrated again here last night when a capacity crowd of more than 7,000 fans turned out at fair park arena to see the old Manassa Mauler referee a wrestling match.

Billy Edwards, 201-pounder from Kansas City, Mo., defeated Mar- shall Blackstock, 216, from Los An- geles, in the main event. Edwards won the second and third falls with headlocks. Blackstock took the opening fall with a top body spin.

In a boxing match, Kid Granite, 126, of Oklahoma City, knocked out Battling Morales, 125, of San Antonio, in the sixth round of a scheduled eight-round bout.

## FIELD EAGER AND FRESH FOR START OF NATIONAL WOMEN'S NET MATCHES

FOREST HILLS, N. Y., Aug. 15. (AP)—An unexpected day of ease, bridge and shopping, coming just when rest was least needed, found the field eager and fresh today for the start of the annual Women's National tennis championships.

Rain that left the courts slick and slippery forced officials of the United States Lawn Tennis asso- ciation to postpone the opening round play yesterday and left the stars of the women's tennis world, Helen Jacobs, defending champion; Helen Wills Moody, seven times titleholder; and the remainder of the ranking players of America and Great Britain, to their own devices.

**Mrs. Moody Recovered**

Mrs. Moody, favorite to win the singles title and equal the record set by Mrs. Molla Mallory, spent the day shopping, apparently complete- ly recovered from the back injury that forced her out of the recent Wightman cup play with Great Brit- ain.

Indications that Mrs. Moody was again in perfect physical condition were seen in her entry with Eliza- beth Ryan, former Californian who has been living in England, in the doubles competition, where they are top seeded. It was expected she would forego the doubles play if she feared her back would not stand the strain. Miss Jacobs and Sarah Palfrey, of Boston, are seeded sec- ond.

**Don't Play Sunday**

Final matches probably will go over from Saturday to Sunday or Monday because of the postpone- ment, although officials will attempt to speed up play in the field of 64. The final cannot be played Sunday if Dorothy Round, British star, reaches that round. Daughter of a minister, Miss Round, who heads the British Wightman cup team that includes Mary Heeley, Peggy Scriven, Freda Games, Betty Nut- hall, Mrs. L. C. R. Michell and her- self, refuses to play on the Sabbath.

Prominent matches in the first round today were:

Betty Nuthall vs. Jane Sharp, Los Angeles.

Mrs. Moody vs. Dr. Esther Bar- tosh, Los Angeles.

Miss Heeley vs. Norma Taubele, New York.

Helen Jacobs vs. Eunice Dean, San Antonio, Tex.

Carolin Babcock, Los Angeles, vs. Virginia Cross, Providence, R. I.

## ENROLLMENT IN FREE GOLF SCHOOL HERE IS NEAR 200 MARK AS ADDITIONAL BEGINNERS REGISTER FOR CLASSES IN GAME

That the golf school enroll- ment would swell to 200 students today was indicated when sev- eral beginners registered at this morning's class. Additional pu- pils were expected to report at the Meadowbrook this after- noon.

"There's plenty of room and equipment for everybody who wants to take advantage of this school," W. G. McMillan, man- ager at Meadowbrook said this morning. "Beginners who did not attend this morning's class still may enter the school this afternoon."

**Runs Four Weeks**

One hundred sixty pupils en- rolled during the first two days of the school. The goal is 200, or more. The school runs four weeks, during which eight com- plete lessons in golf fundamen- tals will be taught. Morning classes begin at 8:45 o'clock on Tuesday and Thursday morn- ings, and afternoon classes at 6:15 on the same days.

Joseph W. Byrne, professional instructor, is directing the class- es, made possible through co- operation of the Avalanche- Journal publishing company and the Meadowbrook club.

There are no charges at all, the whole school being free to beginners and veterans, young and old, men and women. No "strings" are attached and there is no "joker" in the whole deck. Golfers are cordially in- vited to attend the school and receive professional instruc- tions free of charge. Eight les- sons comprise the school, but if ambitious golfers have failed to attend the two previous classes, they will be given special in- struction today.

Clubs will be furnished to those who need them, free of charge.

**FIRE IN MORTON HOME**

MORTON, (Special)—Fire of un- known origin but believed to have been started by mice, caused a small loss at the Alton Burleson home here during the absence of the family. Clothing in a closet in the bath room caught fire. Prompt work by volunteer firemen, who broke into the house, prevented spread of the blaze, as it was con- fined to a closet built of fire proof wall board.

## FOUR SOFT BALL TILTS SET TODAY

Four, instead of three, games are scheduled today in the Lubbock Softball association. Three Ameri- can league and one National league contests are on tap.

Hule-Ribble and Weiss-Truch Terminal teams play at the Ave. K. park in the regularly scheduled American league game. However, Lubbock Printers play Hilton Hotel and A. W. McKee meets Quicksall- Pryor this afternoon. The Printers and Hotel team play at the 22nd street and Avenue R field. McKee and Quicksall-Pryor tangle at the College Avenue park, home of the Lubbock Hubbers.

In the National league, Meinecke Bros. Hardware is scheduled to play Kuykendall Chevrolet at Fair Park. All the games are to start at 6:15 o'clock.

The Printers-Hilton game was postponed from last week after a slight misunderstand regarding the schedule. The McKee-Q. P. game has been moved up from tomorrow's schedule, at the request of mana- gers on both sides.

## SELPH'S SCRAPPIN' BUFFALOES CLING TO SLENDER LEAD IN TEXAS LEAGUE

BY BILL PARKER
Associated Press Sports Writer

Manager Carey Selph's scrappin' Houston Buffaloes refuse to be cap- tured by Pilot Billy Webb's dash- ing Galveston Buccaneers. Monday night saw the Buffaloes retain their slender three-point advantage over the Buccaneers with a 4 to 3 de- cision over Oklahoma City.

Mike Cvengros, southpaw curve ball artist, retained top position for the Buffaloes when he dropped the Indians with four hits. It required a two-run rampage in the last of the ninth for Houston to emerge vic- torious. Cvengros' mates clouted Benton and Nitcholas for eleven hits.

**Score In First**

The Indians made it an uphill fight for Houston by scoring three runs in the first frame.

The Buccaneers continued to make the league race uncomfort- able for the Buffaloes by taking some of the wind out of the Dallas Steers. Tubbs was in rare pitching form for Galveston, so rare that he triumphed, 3 to 1. It gave Galves- ton two of the three crucial games.

Manager Brainard used Stiely and Vance in a stout effort to reap vic- tory. This combination limited the Buccaneers to six hits, but two runs in the first and one in the third were too much for the Steers to overtake.

**Disastrous For Steers**

It was a disastrous blow to the Steers and dropped them from third to fourth place when San An- tonio jumped to third place with an 8 to 4 win over Fort Worth. Walkup San Antonio's young mound find who is unbeatable when he is right and easy to defeat when wrong, was right against the Cats. He allowed nine hits but was tough to solve in the pinches. The Missions stormed across for three runs in the third and four more in the sixth to set- tle all doubts about the eventual outcome.

Beaumont and Tulsa played a doubleheader Sunday and remain- ed idle Monday.

More than half a billion horse- power are still available from the known water sites of the world; present installations total only 33 million horsepower.

# HERE ARE MORE QUESTIONS, ANSWERS ON NATION'S WHEAT ALLOTMENT PLAN

**EDITOR'S NOTE — This is the second of three articles explaining in question and answer form details of the voluntary domestic allotment plan now being put into effect for wheat.**

• • •

WASHINGTON, Aug. 15. —(AP)— Can a producer who signs an allotment contract stop raising wheat?

No; he must seed the acreage based on his average yield in recent years needed to produce his farm's allotment.

What would happen to a producer who signed and who, because of unfavorable weather, could not seed winter wheat?

In some areas he could seed spring wheat. If he does not seed such acreage as is necessary to produce his farm allotment in terms of average yield, he must return payments made to him.

Must a producer withhold from sale a part or all of his wheat crop until given permission to sell?

No.

If the producer's farm is mortgaged, must the mortgagee sign the contract?

Not unless he receives a part of the crop as payment on the mortgage.

If a farm is sold, is the purchaser bound after a contract has been signed?

Yes.

What is the farm allotment?

That number of bushels of wheat upon which adjustment payments may be made to the producer, supplementing what the producer obtains from it in the markets. It is intended to represent the farmer's share in the wheat required for domestic human consumption.

Will the farm allotment be changed each year?

No; the 1933 allotment will remain unchanged during the 1934-35 crop years, except for correction of errors.

## *World Carryover Of U. S. Cotton Lower*

NEW YORK, Aug. 15. (AP)—The New York Cotton exchange service today reported that the indicated world supply of American cotton for the current season is about 2,000,000 bales below last season, marking the first reduction from the previous year since 1929.

The service estimates the carryover in August 1 at 24,207,000 bales against 26,138,000 bales last season and commented that with efforts to reduce cotton production and increase consumption the next few seasons should see the carryover reduced to normal proportions of 4,500,000 to 5,000,000 bales.

"If would consumption of American cotton during the current season," it said, "should be no larger than last season the carryover at the end of this season would be reduced about 2,000,000 bales."

# COWMEN SEEK DICTATOR

### PLAN IS PROPOSED IN MEETING IN DENVER LAST NIGHT

(By The Associated Press)

DENVER, Aug. 15. —A "dictator" for the cattle raising industry was proposed at a meeting of beef producers gathered from western states to seek ways to adjust the market and boost prices.

But the proposal was not acted upon and the western livestock conference named a committee of five to confer with governmental agencies on possible relief measures.

**Urged To Buy Low Grade**

It also was proposed last night that the government purchase low grade beef to feed the unemployed and this suggestion will be presented at the government conference.

Sheepmen determined to go it alone, declining to become a party to the cattle raisers' program.

B. O. Wilson, manager of the National Livestock Marketing association, told the beef producers they had lost their market through failure to follow up their sales with appeals to the consumer.

**Russia Likely Market**

Russia was contemplated as a market, control of production was proposed to eliminate a surplus, but the cattlemen were warned that increased incomes of consumers through the NRA perhaps would result in absorbing the present beef supply and no surplus would be found.

Earlier marketing of cattle because of drouth conditions in the southwest was predicted by speakers and the stockmen made an appeal for freight rates which would permit them to transfer their cattle to areas of available feed, and that traffic charges be reduced on feed shipments, including cottonseed cake.

**Tariffs Urged**

Maintenance of tariff against competitive beef supplies was urged. The stockmen recommended that federal agencies giving credit to cattle feeders in the corn belt arrange to pay shippers from the range at the point of origin.

Members of the cattlemen's committee who will conduct negotiations in Washington are Charles E. Collins of Kit Carson, Colo., chairman; J. Elmer Brock of Kaycee, Wyo.; C. C. Abbott of Alliance, Nebr., Hubbard Russell, Los Angeles, and Dolph Briscoe, Uvalde, Tex.

# SWART IS NAMED DISTRICT LEADER

Optometrists of the nation are organizing to cooperate with the National Recovery administration in "hopes of cleaning up quackery and unfair practises," Dr. E. B. Alexander, first vice president of the American Optometric association, of Duncan, Okla., told South Plains optometrists Monday night in the Lubbock hotel.

District 2 of the state association was organized with Dr. Millard F. Swart of Lubbock as chairman. Dr. C. M. Clough of Plainview was named secretary. Dr. Howard G. Towle of Snyder presided at last night's session, and Dr. Mollie Armstrong of Brownwood was a speaker. Besides optometrists from Snyder, Plainview and Lubbock, others were here from Brownfield, Floydada, Spur, Littlefield and Levelland.

"No profession has made greater strides in recent years than ours and a code protecting us from unscrupulous manufacturers should strengthen the profession in the esteem of the public," said Doctor Alexander. "Like all industries and professions, ours has had its troubles. One of the worst is that the optical market has been flooded with inferior and defective lenses and materials. We expect our code to eliminate this evil."

## *Four Are Released From Texas Prison*

AUSTIN, Aug. 15. (AP)—Governor Miriam A. Ferguson today released four convicts from the Texas penitentiary.

Jack Ciulia of Harris county, serving five years for embezzlement, received a full pardon. He was convicted in May, 1930.

Conditional pardons were given Gilmer Dansby, Dallas county, assault to rob and robbery, five years, convicted in November, 1932; Irvin Garrett, Harris county, theft, seven years, convicted in October, 1930, and Harry H. Morris, Harris county theft, seven years, convicted in October, 1930, and Harry H. Morris Harris county, robbery with fire arms, five years, convicted in February, 1932.

# TARIFF-FREE ZONE BEING CONSIDERED

MEXICO, D. F., Aug. 15 (AP)—President Rodriguez and officials of the treasury department are studying a petition for establishment of a tariff-free zone along the border between California and the Mexican state of Lower California.

The request came from residents of Agua Caliente, Nsenada, Tijuana and Mexicali, who pointed out that the section is difficult of access from the main part of Mexico. Freight from the capital, which is 2,000 miles away, must be brought either by steamer or by railroads passing through United States territory.

The scheme is designed to permit merchants to import freely from nearby cities without paying duties on heavy freight charges. It was reported the government is considering establishment of such a zone as an experiment to see whether it can be successfully worked out. No other area along the border is affected by the plan.

## *Well In Runnels Is Flowing 520 Barrels*

SAN ANTONIO, Aug. 15. (AP)—B. C. Mann of San Angelo and associates' No. 1 T. B. Wade became the largest producer, initially, of sweet, high gravity oil in Runnels county when it flowed 520 barrels of 44.6 gravity crude during 24 hours ending Sunday afternoon. This was the first day's gauge after the well was deepened two feet Saturday to 2,534 feet, eight inches in the second pay sand.

Intervals between heads lengthened today as cavings presumably increased in open hole below 2,461 feet. After the well is cleaned out a liner will be run.

No. 1 Wade is being connected with Condor Petroleum co.'s pipe line that leads to a loading rack on the Santa Fe railroad at Benoit. It is eight miles northeast of Ballinger.

## *Man Is Killed By Plane's Propeller*

VERNON, Aug. 15. (AP)—Eugene Knox, 58, was killed when struck by the propellor of an airplane from which he had just alighted during an air circus Sunday. The plane was piloted by Ray Shiflett of Mangum, Okla. Justice of the Peace S. N. Taylor returned an inquest verdict that the accident was unavoidable.

# MILTON FURR GETS 25-YEAR SENTENCE

GRAHAM, Aug. 15 (AP)—Milton Furr was sentenced to 25 years imprisonment late Monday by a jury which convicted him of fatally wounding Policeman C. S. Carlisle in a shooting at Wichita Falls last June 27.

W. W. Ballard, defense attorney, filed a formal motion for a new trial for the 20-year-old Wichita Falls defendant. The case had been transferred here on a change of venue after difficulty was encountered in obtaining a jury to try it at Wichita Falls.

Carlisle and Elmer McCord, another policeman, were shot down by a man in a taxicab they tried to question the night of June 27. Carlisle died a few days later but McCord, although gravely wounded, recovered and was the principal witness against Furr.

Furr was arrested in Tulsa, Oklahoma, a few days after the shooting.

## *Three Sentenced In Theft Of Hose Here*

Pleading guilty of theft of 200 feet of hose from the president's lawn at Texas Technological college, three Brownwood youths waived jury trial before Judge E. L. Pitts in county court Monday afternoon. The hose, stolen Sunday night, was recovered.

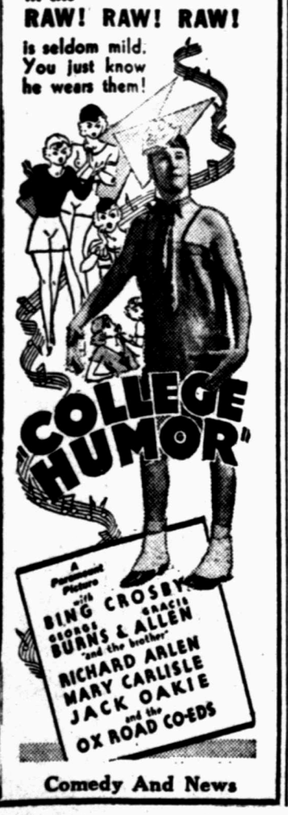

Louis Adams, 21, and Monroe Orand, 17, were sentenced to 15 days in jail and fined $1 and costs. Upon recommendation by County Attorney Vaughn E. Wilson, Judge Pitts deferred sentence of Leon Adams, 19, a brother of Louis.

Leon Adams, in a signed statement to Wilson, admitted theft of the hose here and told of theft of three gin belts in Lamesa August 11. The belts were recovered. Orand told Pitts he cut the hose from the water faucet.
