Israelis, Egyptians Swap Fire Across Canal Again

BY THE ASSOCIATED PRESS

Tank and artillery fire between Israel and Egypt blazed across wide areas of the Suez Canal today and the Egyptians claimed they balked Israelis launching rubber dinghies and a boat in an attempt to cross the waterway. They said the craft was destroyed.

Cairo Radio reported two Egyptian civilians were killed and two wounded near Ismailia, midway on the canal, as Israeli artillery fire continued into the afternoon. Cairo said Egyptian fire silenced the Israeli guns.

The Israeli army, conceding that one of its boats was damaged by Egyptian fire, said nothing of a cross attempt. It reported one Egyptian boat was hit.

Israel reported there were sporadic attacks by Egyptian artillery and mortars at points ranging from the southern end of the Suez Canal to El Quantara on the northern end.

An Israeli army spokesman said three Egyptian tanks were knocked out and Israel's forces suffered several casualties. Egypt claimed one Israeli tank and two armored cars were destroyed.

Confirming that the firing continued into the afternoon, the Israeli spokesman said Egyptians were shelling the eastern bank from Suez at the south end of the canal and Israel's forces returned the fire.

A first Egyptian communique reported only one 45-minute exchange during the morning. It said the Israelis fired first near El Quantara with artillery and machine guns and claimed that in return fire the Israeli tank was destroyed.

Israel said the firing between Egyptians and Israelis continued all morning with the main action centered later on the southern end of the canal. The Israelis claimed they shelled an Egyptian boat after one of theirs was hit by Egyptian artillery fire. The boats were not officially identified, but they are believed to be either motorboats or landing craft.

The fighting began with Egyptian flat-trajectory fire aimed at Israeli forces, Israel said.

Later the Egyptians brought tanks and artillery into play and later mortars joined in.

Cairo said this was the first attempt by the Israelis to cross from the east side of the canal, which has been in Israeli hands since the cease-fire ended the Egyptian-Israeli fighting early in June. Israel said nothing about whether the boat that was hit was trying to cross.

The Cairo communique said the Israelis tried to cross in the El Qantara area 27 miles south of Port Said at the canal's northern entrance.

As the shooting continued, Lt. Gen. Odd Bull, the U.N. Palestine truce observer, headed from Cairo to Tel Aviv to discuss stationing of U.N. observers along the cease-fire line. Bull met Wednesday with Israeli army officials in Tel Aviv and Thursday with the Egyptians in Cairo, but there was no indication yet when the observers would take their stations.

The canal, which was blocked during the June war, has been the scene of intermittent fighting for several days.

Meanwhile, Isreal turned another screw on Egypt's strangling economy, announcing it will tap the Egyptian oil wells in the Sinai desert which yield nearly 5 million tons a year.

Finance Minister Pinhas Sapir said Thursday the Egyptian oil will be used to meet Israel's domestic requirement of 3 million tons annually. He did not say whether the Israelis plan to export the balance.

The Haifa refineries are reported to have completed tests for refining the Sinai oil. The wells were operated by the Egyptian government and ENI, the Italian oil monopoly, until Israeli troops seized the field at Belagm in the June war.

Surveyor Blasts Off

By JIM STROTHMAN
AP Aerospace Writer

CAPE KENNEDY, Fla. (AP) — Beaming back 'great" signals to earth, America's Surveyor 4 winged moonward today to go prospecting for iron on rugged lunar terrain with a magnet, shovel and revolving camera eye in a study of how the moon's craters are formed.

"Everything looks real good," project officials reported after tracking the mooncraft for several hours. "The spacecraft is great-just great."

Surveyor 4 sensors successfully locked onto the sun. The sun and star Canopus, to be acquired later in the flight, are to orient the craft during its 63-hour, 224,730-mile voyage to the moon.

The robot prospector blasted off at 7:53 a.m. (EDT) today aboard a fiery Atlas-Centaur rocket, aiming to soft landing Sunday at 10:30 p.m. on rough Sinus Medii, the central bay region, almost squarely in the center of the moon's visible face as it is seen from earth.

The Atlas-Centaur's performance was "flawless," said Robert H. Gray, director of unmanned launch operations for the National Aeronautics and Space Administration's Kennedy Space Center here.

The launch of Surveyor 4 — most complex automation yet built to scout a potential astronaut landing space — originally was scheduled Thursday. It was postponed until today so technicians could repair a minor rocket problem.

W. S. Rogers Service Set

Funeral for Will S. Rogers, 80, a resident of Scurry County since 1923, will be held at 10 a.m. Saturday in Bell-Seale Chapel with the Elder O. C. Floyd, pastor of the Primitive Baptist Church, officiating, assisted by the Rev. Virgil Mott, pastor of the Bethel Baptist Church. Burial will follow in Snyder Cemetery under the direction of Bell - Seale Funeral Home.

Mr. Rogers died Thursday afternoon in Cogdell Memorial Hospital following a brief illness. He lived at 309 Thirty - second Street.

Born July 7, 1887 in Comanche County, he married Maggie Floyd on Nov. 7, 1907, at Gustine where they made their home until they moved to Snyder. He was a member of the Baptist Church.

Surviving are the wife of the home; two daughters, Mrs. Shade McGinty, Snyder; and, Mrs. J. E. Pearson, Andrews; four sons, Jeff and Wade Rogers, both of Snyder; Dock Rogers, Crane; and Newt Rogers, Andrews; one sister, Mrs. Julia Bumgarner, San Antonio; and 10 grandchildren and nine great - grandchildren.

More Firms Report 'In'

More business firms had reported their personnel 100 per cent "In" today.

Being "In" means a contribution of at least $10 to the industrial campaign here. Business firms whose personnel contribute 100 per cent receive banners, while the individuals receive "Progress Unlimited" certificates. There is no solicitation. However, contributions may be made at either bank, or at the city hall in the office of Karl Mawhorter, director of community development.

The latest list of 100 per centers includes Bullard's Athletic Center, Smitty's Radio and TV, Teal Real Estate, Roe's Furniture and Appliance, Strayhorn Motel, Highland Realty, Everybody's Food Market, Scurry County Sheriff's Office, J. L. Wadleigh Construction Co.

WORKERS EDUCATED, HARDER TO ORGANIZE

By NEIL GILBRIDE
AP Labor Writer

WASHINGTON (AP) — American workers are younger, better educated and more sophisticated than ever before and tougher to organize, says the AFL-CIO.

"These younger workers, inexperienced and unversed in labor history, have yet to learn the value and importance of trade unionism," said AFL-CIO President George Meany.

"Union organizing today is difficult," added the labor federation's organizing director, William L. Kircher. "Many veteran organizers say it is more difficult than ever before."

Meany and Kircher urged renewed organizing efforts by the AFL-CIO's 129 unions among the nation's 32 million nonunion workers. Some 18 million U. S. workers are members of unions, including 13.5 million in the AFL-CIO.

In addition to the increasing youth of workers, Meany listed two other major reasons for labor's problems in organizing—the rapid growth of white collar jobs where unions historically have less of a foothold, and nonunion employers who match union wage.

The AFL-CIO magazine, The American Federationist, devoted its entire July issue to comments from Meany, Kircher and other officials on the problems of organizing today's younger workers.

"They are not the workers of a generation ago," when labor unions struggled for their existence, said AFL-CIO economist Marvin Friedman.

"A steadily growing number know about the hardships of the 1930s only from history books," he said.

White collar employment has grown to nearly 50 per cent of the nation's total, while "jobs in the traditional bastions of unionism—the goods producing industries—represent a steadily declining portion," Friedman said.

Despite a gain of some 3 million AFL-CIO members in the last 12 years, including sharp increases in rapidly expanding government jobs and consumer service industries, union membership has declined as a percentage of the expanding labor force.

The combination of increasingly younger employes in growing industries of traditionally weak unionism has produced a new breed of worker which often shows a strong strain of resistance to labor's sales pitch.

"He or she approaches the prospect of unionism in a more detached and more analytical manner than did the previous generation of workers," Kircher said.

The labor spokesmen said the answer for unions is closer tailoring of organizing efforts to the individual needs of workers in various industries.

Rusk Urges Aid Okay

WASHINGTON (AP) — Secretary of State Dean Rusk appealed strongly today for Congress' approval of President Johnson's $3.1-billion foreign aid program—in the face of cuts already voted by critical senators.

"Those who would like to forget the rest of the world must face the fact that there is no place to hide," Rusk told the Senate Foreign Relations Committee.

"Isolation may be a nostalgic sentiment—it has no reality in the modern world," he said.

"This nation cannot quit: it cannot afford to let the world situation be determined by others while we abandon the field."

Lunchroom Problem Claims Attention Of School Board

Snyder's version of the apparently universal school lunchroom financial problem came in for considerable discussion last night as local trustees dispensed with an otherwise routine agenda.

Meeting with the board for the first time at a regular session was the new superintendent of schools, Bill J. Hood. The new school chief, who came here from Rankin, moved his family here this week.

Mrs. Opal Spikes, director of school cafeteria services, presented several suggestions for changes in lunchroom practices, including some increases in prices. These proposals actually had been under study for several weeks, following an evaluation of the cafeteria service here toward the end of the past school term. The deficit of some $15,000 is about $6,000 above that of last year.

Among the suggestions were an increase in price from two cents to three cents for extra milk served pupils, an increase from 50 cents to 55 cents for serving teachers, a charge of $1 each for guests except during Public Schools Week, etc., no "seconds," and a new approach to "free" lunches.

The free lunches provided for pupils who are found to be unable to pay account for much of the deficit, figures for the past year reveal, along with low participation at the senior high level. It was suggested that in cases where pupils could afford to pay a reduced fee that it be accepted rather than granting a free lunch. It was felt that a pupil who could pay 10 cens per meal and no more should do so, rather than be placed on a completely free lunch.

Supt. Hood was instructed to present definite policy recommendations. The board indicated that it favored most of the proposals.

In bid openings, the Snyder National Bank was awarded designation as the school depository for the next two years, Gandy's was awarded the school milk contract for the year, and Mead's was awarded the bread contract for the year. In each case, the best bid tabulated was accepted.

A proposal to purchase new traffic signs or signals to be installed in school zones was discussed again. Ultimately it was decided that a new prposal be sought. At the June meeting, Gene Merrifield, manager of the Chamber of Commerce, and Otis Boyd, president of the Lamar Junior High P-TA, had presented a proposal for signals which would have cost around $5,000, not including installation.

An appropriation of $700 requested by Athletic Director Wayne Tyrone was approved to pay expenses for varsity and freshman coaches to attend the annual coaching school in San Antonio on July 31 - Aug. 5.

The board authorized the sale of 115 old band uniforms to the Lockett Public School for $500, and repairs to the bus parking area at North Elementary School were approved.

One resignation, five new personnel contracts and two reassignments were approved.

The resignation of Mrs. Melba Worley, sixth grade teacher at North Elementary, was accepted. New personnel include Geral Mac Greene, physical education and coach, Central Elementary; Mike Ezzell, sixth grade at North Elementary; Bobby Jack Gray, line coach, science, at senior high; Mrs. Monette O'Day, music at East Elementary; Joe Raymond Neel, mathematics at Travis Junior High; Mrs. Polly O'Quinn, first or second grade, unassigned.

Reassignments include Mrs. Mary May, from first grade at West Elementary to Special Education, and Mrs. Mary Beth Vestal, from music at East Elementary to Choral Director at Lamar Junior High.

The board approved a proposal to move lighting facilities from the school baseball field to the band practice field.

J. A. Way Rites Here

James A. Way, 68, a resident of the county for the past 24 years, died Thursday afternoon in Cogdell Memorial Hospital following a short illness.

Funeral will be held at 4 p.m. Saturday in the Bethel Assembly of God Church with the Rev. Vernon Hagar, pastor of the church, officiating, assisted by the Rev. Robert Owens of Spring Branch. Burial will follow in Snyder Cemetery under the direction of Bell-Seale Funeral Home.

Born Dec. 19, 1898 in Breckenridge, Mr. Way was a member of the Assembly of God Church. He married the former Christine Hamilton Aug. 15, 1925 in Plainview.

Surviving are the wife of the home; five daughters, Mrs. Estelle Staub, Peoria, Ill.; Mrs. Christine Hill, Amarillo, Mrs. Alma Heuermann, Conroe; Mrs. Barbara Ahrens, Midland; and Mrs. Nevi Kinsel, Mission; five sons, Weldon Way, Nacogdoches; Denver Way and Billy Way, both of Oklahoma City, Okla.; Dick Way, Kerrville; and Delwin Way, Mount Pleasant; seven sisters, Mrs. Dorothy Cloud, Goldsmith; Mrs. Dovie Ware and Mrs. O. H. Bell, both of Snyder; Mrs. Pearl Harris, Ruidoso, N. M.; Mrs. Bessie Bowen, Austin; Mrs. Josephine Evers, Houston; and Mrs. Pallie Giddins, Coushatta, La.; three brothers, John Way, Kerrville; Raymond Way, Colorado City; and Andrew Way, Sweetwater; and 26 grandchildren, and 10 great-grandchildren.

NOT BY BREAD ALONE

Natural Hygiene Society Claims It Is Healthier

By LAWRENCE JANOWSKI

CHICAGO (AP) — Man may not be able to live on bread alone, but he can make out quite well, thanks, on fruits, vegetables, nuts and dairy products. At least that's how members of the American Natural Hygiene Society feel about it.

In fact, members consider some other foods quite literally "poison." [illegible] pretty popular items — meat, fish, liquor, beer, commercial products.

Their diet must be supplemented by an entire program of hygienic practices including regular exercise, sunbathing, rest and even fasting.

The group's 19th annual convention in Chicago, a nine-day meeting, has atracted health enthusiasts from across the country. Many feel they are alive today only because of their faithfulness to the program.

Director Jack Trop, 67, said that he and many other members came over to the natural hygiene way as a last resort.

"A number of these people — as well as I — were told by doctors that we had only a short period of time to live," he said.

The audience looked very lively indeed. There were no fatties in the crowd and several of the elderly people were remarkably alert and energetic.

Trop continued, "We offer no magic potions. We believe the only way to get well is to behave yourself. There is no secret. Our plan is as old as the hills. A little wisdom and the wonderful powers of the human body are enough to take care of you."

Although Trop said the group is not opposed to medical men or medical practices, hygienists would rather try conservative measures before submiting to drugs or surgery.

He [illegible] to add that the program could not, of course help individuals suffering from terminal diseases.

He did, however, say that "the group considers disease not an enemy, but a friend, a warning. The body is saying, 'lie down, relax — to give me a chance to straighten you out'",

Queen To Approve Tainted Wedding

By LAWRENCE MALKIN

LONDON (AP)—With an unusual assist from Prime Minister Harold Wilson to share expected criticism, Queen Elizabeth II will give her permission for the marriage of her divorced first cousin to the mother of his illegitimate son.

Wilson's office announced Thursday night that the Cabinet had advised the queen to give her consent for the Earl of Harewood to marry Patricia Tuckwell "and Her Majesty has signified her intention to do so."

Formal approval will be given at a privy council meeting July 28.

Harewood, 44, is 17th in line for the throne. His first wife, former concert pianist Marion Stein, divorced him earlier this year on the grounds of his adultery with Miss Tuckwell, 38, a former Australian model and violinist who had been his secretary.

The divorce, which gave Lady Harewood custody of their three children, became final last Friday and on Saturday Harewood submitted his request to Buckingham Palace to remarry.

The queen's consent for the marriage of anyone in line for the throne is required by the Royal Marriages Act of 1772. Harewood has no chance of ever reaching the throne, but his request was a potential source of embarrassment to the queen since she is titular head of the Church of England and it opposes the remarriage of divorced persons.

Normally the monarch would not consult the Cabinet on such a family matter. The Labor government's association with her decision allows it to absorb some of the criticism expected from Conservatives who object to Harewood's conduct on religious [illegible] grounds.

Harewood, former artistic director of the Edinburgh Festival and now an impresario in London, is the son of the late Princess Royal, the queen's aunt. He and Miss Tuckwell live with their 3-year-old son in St. John's Wood, a wealthy district on London's North Side.

SERVICE PINS — Officials of Sunray DX Oil Company recognized local employees at a banquet, held Thursday night at Snyder Country Club. Recipients of service pins are, from left to right, Bottom Row, C. E. Hensley, L. J. Kirby, L. R. Brown, and L. C. Bryce; and, Top Row, J. A. Bickel, C. A. McCown, S. A. Elledge, R. E Glasscock, B. H. Burney, J. D. Curtis, Jr. and Roy Miller (plant superintendent).

Sunray DX Employes Are Honored For Safety Mark

Officials from division headquarters in Midland congratulated employes of the Sunray DX Oil Co. here for establishing the best safety record in the company during a dinner at Snyder Country Club Thursday night in which 11 employes also were singled out for service awards.

"You have the most outstanding safety record in the company," said Alvin Summers, employe relations representative from Tulsa, Okla. Employes at the gas production plant in Snyder — largest in the Sunray system — completed nine years of work last February without time loss due to an industrial accident.

Counting time since February, the employes have worked 1,200,000 hours without an accident that resulted in loss of work time.

Earl H. Ramsey, division manager from Midland, presented a charm bracelet and savings bond to C. E. Hensley for having completed 30 years of work with Sunray, and he presented L. J. Kirby with a lapel button and watch for completing 25 years service.

In addition, 15 year pins were given to L. R. Brown, L. C. Bryce, J. D. Curtis, Jr. and S. A. Elledge. Ten - year awards went to J. A. Bickel, R. C. Blakey, B. H. Burney, R. E. Glasscock and C. A. McCown.

The pins are inscribed with the "SX" emblem with the number of years service under it.

Roy G. Miller, Jr., plant superintendent at Snyder, received a safety plaque from Ramsey in recognition for the safety record compiled by local employes.

Summers congratulated the Snyder employes for the safety record and told them Sunray has been able to increase (fringe) benefits to employes, including a new longterm disability plan.

"You have helped Sunray help everybody through no loss time due to an accident," he declared.

Ramsey, the division mahager, said the saving in terms of personal problems resulting from injuries cannot be measured in dollars and cents.

Ramsey also was the main speaker. Discussing the Sunray company, he said production exploration, pipeline and international activies of the extracting, department and refining, marketing and outlet activities of the commercial department have made great strides in recent years.

Sunray DX Oil Company now is operating on a global scale, according to Ramsey who told of activities in Venezuela, Colombia, Nigeria, Libera, the Persian Gulf, Canada, Australia, New Guinea, Indonesia, Borneo and Mozambique. Included among new activities are offshore drilling operations, steam stimulation programs, and plans for pipeline, terminal and docking facilities just to mention a few.

Domestic production also is on the upswing with a steam stimulation program in the San Joaquin Valley of California and plans to improve the Concho gas gathering system and move into Menard County. Production at Duncan, Tulsa and Corpus Christi is increasing, and the company is branching out into the plant food chemical field.

In conclusion, Ramsey quoted Paul Tollivar, chairman of the board, concerning the "American way of life." It has brought abundance to the American people and given them a greater voice in determining their own destiny, he said.

Moreover, Ramsey declared we can take pride in the fact that Americans have shared their bounty and knowledge with other countries of the world.

Miller, the Snyder plant superintendent, and L. Loyd Peek, district manager from Midland, shared duties as masters-of-ceremonies.

ACCEPTS AWARD — Roy G. Miller, Jr. (left), superintendent of the Snyder Gasoline Plant, accepts a safety plaque from Earl H. Ramsey, division manager of the Sunray DX Oil Company from Midland. Local employes of Sunray have not had an accident that resulted in time lost from work in nine years. It is the best safety record in the company.

Beaumont Is Hit By Turbulence

BY THE ASSOCIATED PRESS

Turbulence which sent a tornado knifing into the Beaumont warehouse district and soaked some areas with heavy rain surged into the Gulf of Mexico off the upper Texas coast today.

A few showers fell in the Lower Rio Grande Valley this morning as a cool front started breaking up near McAllen, apparently too weak to push on south to Brownsville.

The Beaumont twister, striking about two miles east of the downtown section, ripped the roof off the Ballinger Specialties Co., a steel fabricating firm. Several smaller buildings also were wrecked, but most of the damage was limited to a single block and there were no injuries.

Police said the tornado spun back into the sky after less than a minute on the ground in Beaumont. The same twister or another, one skipped across Texas 237 north of Nederland in the same vicinity, causing no harm.

Up to 2.35 inches of rain descended at Galveston before the thunderstorm activity moved out to sea. The sudden rain coupled with evaporating moisture at the end of a cooler than usual day sent thermometers falling to a seasonal record low of 71 degrees at 6 p.m. in Galveston.

Beaumont and Port Arthur measured 1.63 inches of rain, with half of that total falling within an hour. Houston received 1.59.

As the rains coursed southward, San Antonio received .98 inch and Thursday afternoon the moisture belt extended as far north and west as Midland and Wink.

The same cool front touched off rains Thursday morning measuring as much as 3 inches at Muleshoe in West Texas and 2.59 at Paris in the Red River Valley.

By this morning fog and low clouds covered much of Southeast Texas from around Galveston, Houston and Beaumont inland past Lufkin. Skies were mostly clear behind the dissipating front.

Temperatures near dawn were down to a cool 60 degrees at Lubbock and 62 at Dalhart in the Panhandle-Plains sector. At the same hour the mercury still hovered around 78 at Brownsville and McAllen near the state's southern tip.

Aside from a few showers near the coast and in extreme West Texas, the Weather Bureau predicted clear to partly cloudy skies. Northern areas of the state were expected to warm a bit by Saturday.

(T—Trace)

DEAR ABBY: I am 29 years old and O boy! to have a problem like this at my age shouldn't happen to a dog.

I am expecting a baby and I am not married. That's not all. The baby's father is Mexican and doesn't speak a word of English. He washes dishes in a restaurant. I don't speak any Spanish, so there is no communication between us at all.

Two questions: If my friend doesn't marry me, please send me the name of a home for unwed mothers near here. If he does marry me, we will keep the baby, so you can skip the home for unwed mothers. But I would like to know where he can go to learn English, I thank you.

NEEDS HELP

DEAR NEEDS: The home for unwed mothers nearest you is the Salvation Army's BOOTH MEMORIAL HOME. It is listed in your telephone directory.) He can learn to speack English by enrolling in an adult education class at night school. And it might be a good idea for you to enroll in Spanish classes. It's time you two established some verbal communication.

* * *

DEAR ABBY: I've been going with a young man who is in service, and am very much interested in him. His tour of duty will be over in a few months, and there is a possibility of marriage involved. I haven't as yet introduced him to my mother because I am afraid of what she may think of him.

Please don't misunderstand, he has a lot of good qualities, but I'm afraid my mother will overlook them for the few faults he has. You see, his table manners are not exactly refined.

And he says, "I ain't." I can't bear to hurt his feelings by telling him. My only hope is that you can advise me on how to handle the situration.

LOVES HIM

DEAR LOVES: Suggest, as lovingly as you can, that he improve his table manners and gently offer to teach him. Then, ask his permission to correct him quietly when he says, "ain't." If you offer your hlep with love and in the proper spirit, he shouldn't feel "hurt." He should be grateful.

* * *

DEAR ABBY: Women are constantly on guard against the tall, dark, handsome type who have a reputation for sweeping a girl off her feet. But who would believe that a short, fat, 55-year-old, bald, little man with dentures could come so close to ruining my life?

What did he have? Charm! His words were absolute poetry. He had me believeing I was the most desirable woman on earth. Ha! I am 48, skinny and look every bit my age.) You guessed it. I worked for him for years before we "discovered" each other. We are both married to others.

What brought me to my senses? One night I heard him tell his wife on the phone why he wouldn't be home for dinner. How convincingly he lied to her. Then I asked myself, "How can he be so false to her and true to me?" And then it ended.

Thank God, I saw the light. And now when I realize how many innocent people could have been hurt had I continued this affair, I shudder. Print this. Perhaps another woman is still trapped as I was.

Counterfeit Ring Broken

FORT WORTH (AP) — Asst. U. S. Atty. Robert Travis credited Secret Service agents Thursday with breaking up the biggest money counterfeiting operation in this area's history.

He said the key move was a raid on a Fort Worth printing plant netting more than $100,000 in bogus $20 bills. It took place more than six weeks ago but the details were withheld until the agents completed an investigation begun in December.

As a result, Travis said 27 counterfeiting cases will be submitted to federal grand juries in this district.

He elated these details:

Secret Service men working under resident agent Charles Kunkel of Fort Worth rounded up more than a score of suspects accused of possessing and passing worthless $20 Treasury notes.

This led to the raid at the Fort Worth printing firm, where agents said part owner Thomas Alfonso Jara, 30, was loading bills with a face value exceeding $80,000.

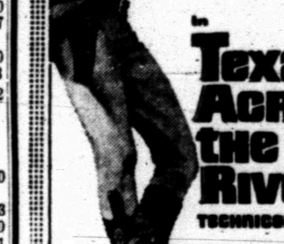

They arrested Jara as he reentered the Tarrant County Printing Co. plant, where thousands of dollars in printed sheets of counterfeit money were spread to dry.

Jara was charged May 27 with making and forging $20 bills and released under $2,500 bond.

Fine Is Assessed

Hugh Monte Thompson, Dallas, pleaded guilty in County Court Thursday to a charge of driving while his license was suspended.

He was handed a $25 fine plus court costs. He was arrested Thursday by Highway Patrolman Harold Kornegay.

Rotary Club In Session

The Snyder Rotary Club held its regular weekly meeting yesterday at noon with President John Thomas presiding.

Program chairman, Jay Rogers, introduced Joe Sliva of Abilene who in turn introduced Warren Quinlan of Midland. Quinlan presented a short work shop on "How to Introduce Your Speaker."

Both Quinlan and Sliva are connected with the Dale Carnegie Course.

Immediate past president, Don Browning, was presented with a past president pin and given club commendations by previous past president, Rayburn Burgess.

Guests included Bill Maxwell, Fort Worth, Dusty Moore, Snyder, and Paul Gilbert, Snyder.

President Thomas called for a board meeting following the luncheon.

Cattle Truck Driver, 57 Animals Killed

SHAMROCK, Tex. (AP) — A truck loaded with 65 head of cattle overturned just after midnight south of Shamrock, killing the truck driver and 57 animals.

Highway Patrolman Dave Croslin said the driver was Robert Lee Atkins, 27, of Canadian, Tex. His truck veered into a ravine from U.S. 83 and caught on fire as it overturned.

Dale Hedgecoke, owner of the Transportation Co. of Canadian and Atkins' employer, said the truck of yearlings was heading for feed lots in Perryton.

Leg Art Has Gone Complicated

By JEAN SPRAIN WILSON
AP Fashion Editor

NEW YORK (AP) — Leg art which was once a simple slice of cheese cake is now so complicated that, like all modern art, it is as much engineering as anything.

When the boot kick halted at the knees in the traditional fashion, function was never a factor.

But when leg leather had higher aspirations, elastic inserts, zigzag zippers and everything but hinges were needed to give the boots the knee bends. At least that was the case until the glove-like plastic or leather legging came into being this year.

This slithery, shapely stemwear forms the roots for most of the way-out styles for fall previewed for the fashion press this week during a marathon of shows called the American Designer Series.

Much of the time the leather leotards were modest solutions to the tunic-like mini-skirts. However, Oscar de la Renta, a designer especially liked by women in the Kennedy clan, used them as often with midi-skirts as he did with costumers who prefer costumes minus skirts.

Perhaps in salute to the ubiquitous Kennedy women, couturier Oscar's collection reflected the native costumes of females around the world and a good many of his models were up to their thighs in boots.

Fuzzy-hatted Russians in quilted midi-length Cossack coats began the runway process followed by turbaned swamis in golden rajah shaped costumes, Indian beauties in one-shoulder saris, and Middle-Easterners in caftans, and then Orientals in obi-sashed pajamas and dinner gowns.

Serve Brisket Hot Or Cold In Sandwiches

Cook corned beef and you'll have wonderful meat for several meals. Beef brisket, cuts from the round and other cuts may be corned. Corned beef can be served hot as an entree with vegetables or as a sandwich. Chilled, it goes well with potato or macaroni salad, as an accent for cold meat platters or again, as a sandwich.

Some meat processors are making corned brisket so tender it can be roasted.

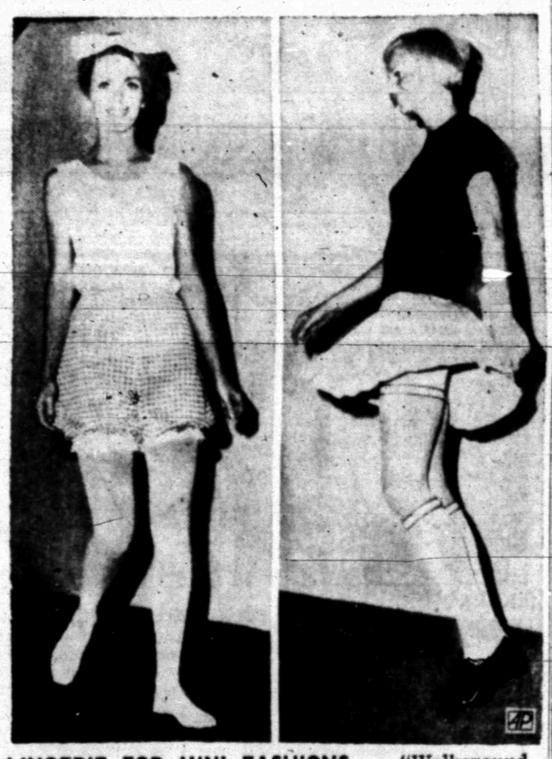

However, much of the corned beef is still of the less tender type which must be covered with water and simmered until tender.

Add no salt to corned beef when simmering in water, for "corned" means cured in brine, a salt solution. Simmering temperature is 185 degrees F. which is below boiling.

Corned beef usually comes in sizes of four to six pounds. The time per pound for cooking is 40 to 50 minutes or a total of 3 to 4 hours when cooking in water. Keeping the temperature below boiling will cause less shrinkage and make carving easier. Cooling the corned beef in the cooking liquid makes the meat more juicy.

Westmoreland Steadfast In Appraisal Of Conflict

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — Take your choice between slow and tremendous.

When Robert S. McNamara, secretary of defense, went to Vietnam last week to confer with the American commander, Gen. William C. Westmoreland, the general told him: "The war is not a stalemate. We are winning slowly but steadily."

The North Vietnamese were the ones who called the war a stalemate.

This country has about 465,000 men in Vietnam and Westmoreland reportedly wanted 100,000 to 140,000 more. Word began to drift back from Saigon that McNamara thought Westmoreland's figures too high.

Then the general's mother died in South Carolina and he flew there for the funeral. McNamara returned, too. Thursday the two men, together with President Johnson, had a news conference at the White House.

None of them would reveal how many more men Westmoreland will get or, for that matter, exactly how many he requested. If it's true, as reported, that he wanted 100,000 to 140,000 he seems unlikely to get them.

If there were differences between Westmoreland and the Johnson administration the President sewed them together and put a shine on them.

He said: "We have reached a meeting of the minds."

But Johnson seemed irked by the North Vietnamese description of the war as a stalemate, a contradiction of Westmoreland's modest claim about a slow but steady victory.

Midway through the news conference the President told the general:

"I wonder if you could tell us what we have done in the last year and expect in the next year, very briefly. Touch on this 'stalemate' creature."

Westmoreland promptly appeared more optimistic than he did in Saigon when talking to McNamara. "The statement we are in a stalemate is a complete fiction," he said. "It is completely unrealistic."

Since Westmoreland has never said publicly exactly how many men he originally thought he needed, it is not clear whether he has been talked into taking less. Johnson's phrase about the "meeting of the minds" could be interpreted that way.

But what does seem clear is that the Johnson administration is trying to stick to a rule it laid down on military manpower last November before Westmoreland's present call for more trops.

At that time McNamara, looking ahead to 1967, said draft calls would be lower this year than in 1966. He repeated this Thursday. He also said something else last November.

It was this: While about 200,000 men were shipped to Vietnam in 1966, "the increase next year will be nothing of that order." And so far the figures bear him out.

By the end of 1966 there were 389,000 Americans in Vietnam. Now there are about 465,000, an increase of 76,000 with 1967 more than half over. Johnson and McNamara have made it plain another 20,000 to 30,000 would certainly be sent.

But they are deliberately vague on how many more will go after that.

One thing is certain: When Westmoreland publicly agreed to Johnson's statement that he will get the force he recommended he will never be able to blame Washington if it turns out he doesn't have enough.

Johnson did not explain why he called the news conference. Perhaps its only purpose was to inform the public. Or, it may have been to thwart any criticism, now or later, that he wasn't fully backing Westmoreland.

Junior Editors Quiz on BANDICOOTS

QUESTION: *Where do bandicoots live and what are their habits?*

* * *

ANSWER: Few of us have even heard of a bandicoot. We know of coots, which are duck-like birds, and we might imagine a coot with bands on it, as our artist has sketched. But this is not a bandicoot, which is a mammal and one of those called marsupials, which carry their young in pouches. Bandicoots live in Australia and New Guinea, different kinds ranging in size from that of a mouse to that of a cat. The long-pointed snout looks strange to us on such a good-sized animal, resembling the nose of the tiny shrew which we often find in gardens. Particularly odd-looking is the rabbit bandicoot, since his large ears do not fit with his pointed nose. Bandicoots dig burrows during the day and come out to feed on worms and insects at night. Since their burrows disturb gardens, the Australians regard bandicoots as a pest. A strange feature which sets the bandicoot apart from other marsupials is that the pouches which carry the young open from the bottom. Other kinds open at the top.

Age Dulls Some Early Ambitions

By HAL BOYLE

NEW YORK (AP) — To be content in the garden of life you have to protect your flowers and periodically throw away weeds.

Fruitless ambitions are weeds. They must be discarded in time, or they'll choke your flowers—the things you really cherish.

It is amazing how the passage of years outdates ambitions that once seemed amazingly attractive. For example, in pursuit of this policy of weeding my garden, I've reviewed a list of old personal ambitions and decided I no longer have much of a desire to—

Blow a bugle charge for a cavalry attack against an army of African whirling dervishes.

Go "skinny dipping" at midnight in the Mediterranean with a movie star.

Eat a sandwich made of moose meat.

Take snuff or smoke a Turkish water pipe.

Marry a lady doctor to cut down my medical bills.

Climb the stairs of the Empire State Building backward.

Prospect in Colorado for gold or uranium.

Spend a winter rubbing noses in an igloo with an affectionate Eskimo.

Buy the Hope diamond and give it to Julie Andrews.

Wear an opera cloak to the opera.

Be castaway on a lonely island with Dr. Joyce Brothers or Martha Raye.

Own a castle in Spain or a house in the suburbs.

Hurl a long-time favorite enemy into a pool of hungry piranha fish.

Produce a new version of "Hamlet" on Broadway with Sen. Everett M. Dirksen of Illinois in the title role.

Unite Ireland. After all, two Irelands are better than none.

Attend a lecture that really would explain away the mystery of sex.

Carve a battleship in a drugstore bottle.

Roll a perfect 300 score at bowling.

Open a liquor store with Jackie Gleason and Dean Martin as silent partners.

Take a sauna bath with Tweedy and Phyllis Diller.

Hunt a wild "rogue" elephant with a bow and arrow.

Have a second life on earth.

Nope, some ambitions, no matter how fascinating they sound, you are better off without. What's on your discard list?

Speaks To Grads

BUFFALO, N.Y. (AP) — Dr. Kingman Brewster Jr., president of Yale, told the 2,200 graduates at the 121st commencement of the State University of Buffalo: "The privilege of your education puts upon you the obligation to protect reason against the strident arrogance of both tyrant and anarchist."

Salaries Are Up

ATLANTA, Ga. (AP) — The regional office of the U.S. Bureau of Labor Statistics says salaries for 1967 college graduates in the South are four to eight per cent higher than a year ago and range from $4,000 to $10,000.

Cubs Pull Out Of Tailspin

EDGE LOS ANGELES, 2-1 AFTER DROPPING SEVEN

By DICK COUCH
Associated Press Sports Writer

The Chicago Cubs are back on their feet in the National League race, but Leo Durocher isn't leaping to any conclusions. Yet.

"If this club wins the pennant I'm going to jump off the Wrigley Building into the river in Chicago," Durocher exclaimed after his Cubs pulled out of a seven-game tailspin by edging the Los Angeles Dodgers 2-1 Thursday night.

Paul Popovich, a light-hitting utility infielder, knocked in the deciding run with a seventh-inning single and Chuck Hartenstein, a rookie relief specialist, rescued winning pitcher Rich Nye from an eight-inning jam as Chicago trimmed a full game off St. Louis' league lead.

The victory, first for the Cubs since July 3, lifted them within three games of the Cardinals, who were beaten by Pittsburgh 8-5. Cincinnati divided a twi-night doubleheader with New York, trimming the Mets 6-3 after bowing 7-3, and San Francisco overcame Houston 5-4 in 10 innings. Philadelphia was rained out at Atlanta.

Washington swept an American League twi-nighter from Detroit 8-3 and 6-1, while Cleveland topped New York 4-3 in 15 innings, the Chicago White Sox nipped California 1-0, Minnesota shaded Kansas City 3-2 and Baltimore drubbed Boston 10-0 after losing the day-night opener 4-2.

Popovich, filling in at shortstop while Don Kessinger fulfills a two-week Army reserve commitment, raised his batting average to .213 with two hits in four trips, including an infield single that sent the Cubs in front 2-0 in the seventh.

Hartenstein replaced Nye in the eighth after the Dodgers closed the gap on Willie Davis' run-scoring single. The 25-year-old reliever stranded two runners by getting Lou Johnson to tap into an inning-ending force play, then set the Dodgers down in the ninth, preserving Nye's eighth victory.

Pittsburgh's Bob Veale walked nine batters in 5 2-3 innings but picked up his 10th victory against three losses as the Pirates felled the league leaders with a four-run burst in the eighth.

Jerry May's fourth hit — a run-producing single — capped the deciding rally. Bill Mazeroski, who homered, Roberto Clemente and Donn Clendenon drove in two runs apiece for the Pirates.

Two bases-empty homers by Tommy Davis and a three-run clout by Larry Stahl carried the Mets past the Reds in their opener at Cincinnati. Winner Bob Hendley needed relief help in the seventh after holding the Reds to one hit through six innings.

Run-scoring doubles by Tony Perez, who had a two-run homer in the opener, and Lee May keyed a three-run Cincinnati sendoff in the first inning of the nightcap and pitcher Jim Maloney's RBI single capped another three- run rally in the fifth. Ted Abernathy relieved Maloney in the seventh and preserved the victory.

Hal Lanier scored on pitcher Carroll Sembera's throwing error in the 10th, lifting the Giants past Houston. Tom Haller's infield hit, an obstruction call against first baseman Chuck Harrison on Lanier's force-play grounder and a walk to Jesus Alou preceded Sember's wild throw past second on an attempted force.

Jim Hart smashed a pair of homers for the Giants and Willie McCovey tied the score 4-4 with a leadoff home run the last of the ninth.

Sun Kings Cut Lead

By THE ASSOCIATED PRESS

A game here and half-a-game there have moved the El Paso Sun Kings within 5½ games of leading Amarillo in the Texas League. A week ago the Sonics had a 10-game margin.

The Sun Kings won their seventh game in last nine starts Thursday night by defeating Austin 5-2. El Paso pitcher Jorge Rubio scattered nine Braves hits in his first full route performance of the season.

Amarillo meanwhile dropped its seventh game in nine outings, losing 2-1 to Albuquerque. Shortstop Lee Bales' error with the bases loaded permitted the winning run to score with two out in the 10th inning.

In the other league game Thursday night, Arkansas scored seven runs—five of them unearned—in the first inning and beat Dallas-Fort Worth 7-4 in the second game of a doubleheader. The Spurs took the opener 7-1.

Albupuerque's Leon Everitt set Amarillo down on four hits and retired the last 17 Sonics to face him. A first inning home run by Keith Lampard spoiled his shutout.

A two-run double by Gordie Avery and a home run by Tom Silverio with a mate on base were El Paso's big blows against Austin.

Byron Browne hit a home run in each game for Dallas-Fort Worth. They were his 15th and 16th of the season.

Bob, Don In Odessa Lead

ODESSA, Tex. (AP) — Professionals Don Massengale and Bob Hamilton, with outstanding help from their amateur partners, shared a tournament record and a four-stroke lead in the second round of the $30,000 Odessa Pro-Amateur today.

Massengale of Dallas, playing with his brother Rik, a University of Texas golfer, and Hamilton of Evansville, Ind., competing with Greer Jones of Wichita, Kan., fired 13-under-par 59s in Thursday's opening round of the 72-hole event.

Their totals were one stroke better than the tournament record of 60 set by Byron Nelson and Bo Wininger in 1950 and equalled in 1959 and in 1962.

Wind and showers slowed play over the par 72, 6,700-yard Odessa Country Club course as 96 two-man teams completed the first round.

Tied for third place with 63s were Chris Blocker of Jal, N.M., and his partner, James Herring of Amarillo, and Homero Blancas of Western Springs, Ill., and amateur Jimmy Grant of Hartford, Conn. Blocker and Blancas are members of the PGA tour.

Charles Coody of Fort Worth and Richard Paton of Midland, last year's champion, were in a six way tie for fifth place with 64.

Jack Shares Lead With 140 Total

By THOMAS A. REEDY

HOYLAKE, England (AP)—Jack Nicklaus marched into the final 36 holes of this British Open golf championship with a share of the lead, but still far from satisfied.

"I've not played a good round yet, not really," said the 27-year-old Ohio strongboy after shooting a brilliant 69 Thursday over Hoylake's 6,995-yard par 72 course.

Halfway through defense of the title he won at Muirfield in Scotland a year ago, Nicklaus was four under par and threatening to create some golf history.

A long hitter, he never needed it here just as he never did at Muirfield. There he needed finesse. Here, even the great Bobby Jones needed length and stamina because of the seaside winds and rain.

Just as at Muirfield, Nicklaus inherited a week of hot sun, high humidity, scarcely any breeze and no rain at all.

Nicklaus, the reigning U. S. Open champ, still was not in complete charge. With him at 140 was Bruce Devlin of Australia, who fired two straight 70s.

At 141 were Argentina's Roberto de Vicenzo, Scotland's Jimmy Hume and England's Lional Platts and Fred Boobyer.

Tony Jacklin of England, who is striving to crash the American circuit, was at 142. Gary Player of South Africa and Clive Clark, 22-year-old fledgling of British professional golf, were at 143. Six were tied at par 144, including Doug Sanders of the United States.

Fifty-eight players survived the cutoff of 149 and ties. The Americans included Nicklaus, Sanders and Phil Rodgers at 147, Bert Yancey of Philadelphia, and Deane Bema, Bethesda, Md., at 148.

Gay Brewer, the Masters champion, shot himself out of it with a horrid 80. So did veterans Bob Sweeny, Palm Beach, Fla. and Bob Falkenburg, Los Angeles, with 156 each.

Impressive Netmen!

Falls, Phillips Pace Snyder 6-3

Max Falls and John Phillips, ace Snyder netmen, again looked impressive on the Highway 80 Tennis circuit. Both members of the Snyder Tennis Team took impressive wins in the San Angelo Open Tennis Tournament.

Falls teamed up with Craig Pluger of Eden in 14 year doubles division and defeated McDonough and Kyzar of Brady 6-2, 6-2; Story and Polansky of San Angelo 6-1, 6-4 to take second place in the event.

Falls and Pluger missed first place when they were beaten in the finals by Treadwell of Eastland and Craig of Midland, 6-4, 6-2.

Falls reached the quarter - finals in the 14 year singles. He defeated Joe Flosey of Odessa 6-0, 6-1 and bested Bobby Hagesman, a state ranked player from Dallas, 0-6, 6-4, 7-5 in a superb tennis battle.

Ron Napier of Houston put an end to Falls' hopes for first place in the event when Falls fell 6-1, 6-1. Napier went on to win the boys 14 singles crown.

Phillips also displayed excellent play by advancing to the third round in the boys' 16 year singels. He defeated Walter Monteith of Houston 6-0, 6-0 and Darner of Wichita Falls 6-2, 6-4. Phillips was defeated in the third round by Ron Touchon of Amarillo 6-1, 6-3.

Phillips and Falls teamed up in the 16 year doubles, but fell in the first round play to a team from Corpus Christi in a close match, 2-6, 6-4, 6-2.

Mike Boles of Snyder won his first round match in the boys 14 year singles over Gerald Brown of Houston 6-0, 6-3.

Deanna Boles entered the girls 16 year singles, but fell to Sally Atto of San Angelo 6-1, 6-2.

Vonee Reneau competed in the girls 14 year singles, and was defeated in the first round by Martha Dass of San Angelo 6-2, 6-3.

Pinson Posts .299 Average

CINCINNATI (AP) — When Vada Pinson ran to his outfield position in 1958 for the first time as a Cincinnati Red, the fans got their first looked at one of those much-lauded "players who come to play."

Since that day, the quiet, unobtrusive Californian has played 1,334 games and missed only 26. He had perfect attendance in four seasons. Once he played in 508 consecutive games ending May 31, 1962.

Pinson's longest absence from the lineup was seven games in 1962. He has missed four games so far this year, three of them in May when he injured his leg.

He has made more than 200 hits in four seasons and batted .343 in 1961 when the Reds won the National League pennant. He is batting .276 now with a career batting average of .299.

SEATTLE, Wash. (AP) — M. J. Zimmerman, Dayton University junior, shot a one-under-par 69 Thursday and took the lead after 36 holes in the National Amateur Public Links Golf Tournament with a 138 total.

BROOKLINE, Mass. (AP) — Defending champion Rod Laver of Australia overpowered Alex Olmedo 6-1, 6-2 in the U.S. Professional Tennis championship Thursday.

CANYON GUN CLUB RANGE NEWS

There will be a hunting rifle match at the Canyon Gun Club Range beginning at 1:30 p.m. Sunday, July 16.

Rules call for the use of .243 caliber and up rifles with 25 shots from bench rest at 100 yards. Trophies will be awarded to the top three shooters.

The monthly meeting of the Club will be held at the Club Range Monday, July 17 at 7:30 p.m. for the purpose of cleaning up the range. Members are urged to bring shovels, hoes, or rakes.

Umps Shun Tobacco Dave

CINCINNATI (AP) — Nobody's drawing any lines on the ground, but umpires do like to keep their distance from tobacco-chewing Dave Bristol during those arguments that erupt over plays in a baseball game.

The Cincinnati Reds' young manager let the secret slip after Thursday night's twi-nighter. The Reds lost the opener to the New York Mets 7-3, and bounced back to win the night 6-3.

In the seventh inning of the first game, Bristol stormed on the field after Larry Stahl made a circus catch on Vada Pinson's fly ball. The bases were loaded at the time with two out and the Mets led 7-3.

As Bristol came up to Ed Sudol to argue that Stahl dropped the ball when he hit the ground, he halted briefly.

"I told him I didn't have any tobacco in my mouth," he said later. "I was chewing gum. I didn't get close to him anyway. But I was chewing tobacco in the second game."

Asked to explain, Bristol admitted he had "got told off" in a letter from National League headquarters about getting too close to umpires.

Kathy Goes Out Front

SUTTON, Mass. (AP) — Kathy Whitworth is a frustrated golfer with a mission — win the Ladies Professional Golfers' Association Tournament.

The slender blonde from Monahans, Tex., is on the right track. She took a four-under-par 69, one-stroke lead into the second round of the 13th LPGA event at Pleasant Valley Country Club Friday.

At 27, Kathy has shattered records on every hand. Twice she has led the official money winners on the girls' tour, last year establishing an all-time mark of $33,517.50. In the 1966 Milwaukee Jaycee Open she fired a 72-hole course record 273.

But she's never won the PGA tournament or the Women's Open.

Kathy hit all greens in regulation Thursday for her first-round 35-34—69 over the par 74, 6,250-yard layout.

She had four birdies and an eagle en route to her one-stroke advantage over defending champion Gloria Ehret, who had a three-under 32 on the back nine for her 70.

Smith Soars Ahead

MARFA, Tex. (AP) — A.J. Smith of South Field, Mich., is the new national soaring champion.

He was declared winner of the 34th annual event Thursday night after the last day's event was canceled because of inclement weather outside this Southwest Texas area.

Smith scored 7,475 points in the meet, which began July 4.

R. E. Schreder of Byron, Ohio, was second in the final tabulations with 6,929 and Dick Johnson of Dallas was third with 6,775.

ANGELS PAY THE PIPER

White Sox Go Into Victory Dance, 1-0

By HAL BOCK
Associated Press Sports Writer

Hoyt Wilhelm's knuckleball did its specialty act and the Chicago White Sox danced away with their 24th one-run victory.

Wilhelm, who celebrates his 44th birthday in two weeks, rescued Gary Peters from an eighth-inning jam and saved the White Sox' 1-0 victory over California Thursday night.

It was the veteran's eighth save this season and reduced his earner run average to a milcroscopic 0.62. He has permitted just three earned runs in 43 1-3 innings.

The victory kept Eddie Stanky's White Sox two games in front of Minnesota, which rode a pair of home runs by Harmon Killebrew to a 3-2 victory over Kansas City. Detroit slipped to third place, three games off the pace as Mike Epstein led Washington to an 8-3, 6-1 doubleheader sweep over the Tigers.

In other games, Boston split a day-night doubleheader with Baltimore, winning 4-2 before losing 10-0, and Cleveland nipped New York 4-3 in 15 innings.

In the National League, San Francisco shaded Houston 5-4, Pitsburgh downed St. Louis 0-5, New York split a doubleheader with Cincinnati, winning 7-3 and then losing 6-3, and Chicago nipped Los Angeles 2-1. Philadelphia's game at Atlanta was rained out.

"He has to go down as one of the greatest relievers history," marvelled Stanky after Wilhelm had bailed out the White Sox again.

Peters had singled and carried home the game's only run on Ken Berry's double in the sixth. He protected the edge until the eighth when Bobby Knoop and Bill Skowron opened with consecutive singles. That brought on Wilhelm.

Jimmie Hall swated one of Wilhelm's knucklers back to the mound and Knoop was caught in a rundown and retired. Roger Repoz popped up and Jim Fregosi tapped back to the mound, ending the threat.

Killebrew's 4th home run and second of the game against Jim Nash propelled the Twins past the Athletics. Nash struck out 12 in the eight innings he worked.

Ken Harrelson and Phil Roof homered for Kansas City, giving the A's a 2-0 lead, but Killebrew's first shot cut the lead in half and the Twins tied it in the seventh on Rich Reese's pinch single, a wild pitch and a triple by Cesar Tovar.

Epstein drove in six runs in the doubleheader against the Tigers, smashing a triple and two home runs in the first game and a two-run double in the nightcap.

Camilo Pascual and Joe Coleman both hurled four-hitters for the victories with Pascual holding the Tigers hitless over the last 6 2-3 innings of the opener.

Max Alvis doubled in the 15th inning and carried home the winning run on a sacrifice and Joe Azcue's ground ball as the Indians squeezed past the Yankees.

George Culver, 7-1, who fed John Kennedy a double play ball to escape a bases-loaded, one-out jam in the bottom of the 14th, was the winner.

Rico Petrocelli's bases-loaded single drove in two runs as Boston pushed across three unearned runs in the first inning and beat Baltimore in the opener. Joe Foy homered for the Red Sox.

Dodgers, Buffs Take TL Wins

The Dodgers won their third game in a row to become the hottest team in the Junior Teenage League by beating the Rebels 7-1 and the Buffs took over second place after breaking a two game losing streak and defeated the Sports 17-3.

The league leading Braves were idle while they watched their lead increase without playing.

The Dodgers scored twice in the first inning which proved to be enough for the win over the Rebles. It was the second straight loss for the Rebels, and it shook them loose from the number two spot in the league standings.

The Dodgers scored two runs in the fourth inning and three times in the fifth frame to complete their scoring.

Nine hits provided the scoring punch for the Dodgers, most of them coming from Larry Braziel, Edward Brandon, Stephen Northcott and Ronald Ward.

The Rebels managed to score only once and it came in the seventh inning when Steve Boydston crossed the plate.

The Dodgers got off to a slow start in league play, but in the last few weeks they have become the hottest team to hit the field. They still rest in fourth place only a half game out of third.

The Buffs scored 11 runs in the second inning to capture an easy win over the Sports. Bobby Thompson, Stewart Sims and William Patterson each scored two runs in the inning and between them collected six hits in the same frame.

The Sports took a first inning lead when they scored two times, but the Buffs went out in front in the bottom half of the inning when they tallied three times, and never lost the lead after that.

The Buffs scored a single run in the third inning and two runs in the fourth frame to round out their scoring.

Wesley Bishop was the winning pitcher and Scott Morgan led the Buff hitting attack with three hits; he also scored three times.

The win gave the Buffs second place with a 7-5 record, and the Rebels moved into third place by a half game with a 6-5 mark. The Dodgers have now evened their record at 6-6, and the Sports are still in last place with a 2-9 mark.

The Braves have a firm lead on first place with an 8-3 season record.

"And when they had platted a crown of thorns, they put it upon his head." St. Matthew 27:29.

The thorns that Christ wore become pointless and spent
Entirely changed into a crown called content,
A wreath all of jewels — no plaything or toy,
When it lives in the heart and radiates joy.
This you cannot inherit or buy for a price;
Just only believe, and it's there for a trice!

Expression On War Encouraged

By GEORGE W. CORNELL
AP Religion Writer

NEW YORK (AP) — A major Lutheran body which traditionally has refrained from critizing government policy says that a "divergence of opinion" exists about the Vietnam war — and that members should speak out about it.

Although avoiding any specific recommendations for settling the conflict, the Lutheran Church-Missouri Synod said Christians are obligated "to relate moral considerations to political concerns."

The action Thursday by the church's biennial governing convention was described as a decisive shift from its customary stance.

"Its an historic attempt to come to some definitive response to the situation," said Dr. Eugene Linsey of S. Paul, Minn., a lay delegate and political science professor.

"The image of the Missouri Synod has often been one of quietism. We're saying here that there should be expression by individuals about the war, but we don't attempt to impose any one view on the whole body."

The 2.8-million-member church, in reference to its position of backing government policy, cited scripture in Romans 13, saying, "Let every person be subject to the governing authorities."

But it also cited the church's responsibility, as enjoined in first Peter 3:11, to "seek peace and pursue it," and to be "an instrument" of Christ's work "to bring hostility to an end," as set forth in Ephesians 2:16.

In the "crises of our times," the resolution said, the church's first duty "is to proclaim the gospel of peace in which God's saving act in Jesus Christ addresses men in every situation."

Church Has Lot Of Bear Recipes

MORGANTOWN, W. Va. (AP) — Riddle: what do you soak in brine, mixed spices, lemon juice and vinegar 24 hours, then baste in buckwheat honey and blackberry wine and roast for nearly five hours?

Answer: black bear.

There are many other ways of preparing West Virginia's state animal for a feast. The Rev. Joe Gluck, part-time pastor of the 192-year-old Fork-of-Cheat Baptist Church near Stewartstown, six miles north of here, can verify that.

When he and his congregation of 60 asked for "the makin's" of a bear feast to celebrate the 192nd anniversary of their church next Sunday, they were quickly assured they could have a 275-pound sow bruin.

But the congregation had to advertise for a recipe to renew the church's traditional anniversary bear feast.

The church probably collected enough culinary advice in the past ten days to provide a different-tasting bear-feast for several anniversaries.

"We were buried with bear recipes," said the Rev. Mr. Gluck.

And he's gotten a kick out of reading them. Nearly all the recipes included instructions for marinating, or pickling the bear meat. But the duration of the soaking varied from two weeks to as little as 25 minutes.

The ingredients of the pickling and basting juices were different in most of the recipes. One wag footnoted his instructions with this advice: "After properly pickling bear for 24 hours and basting for another five hours, throw out the meat and serve the juice."

The Rev. Mr. Gluck said those who had tasted bear meat say either, "It's horrible," or it's "the best wild game ever put on a table." There apparently aren't many "middle-of-the-road" bear eaters.

2 Chinese Are Slain

HONG KONG (AP) — Police killed two Chinese today as they battled suspected Communist terrorists in a raid on a union headquarters.

Arsonists also harassed authorities, setting two fires in a telephone exchange.

Police raiding the union hall opened fire when Chinese in the building hurled acid, fire bombs and broken bottles at them. Two other suspects were seriously wounded and a score received lesser injuries.

Police arrested 81 persons in the raid in which they were assisted by British troops.

It brought the known death toll to 21 since pro-Communist riots erupted in this British colony on Red China's border May 11.

The riots were followed by violent anti-British demonstrations, strikes, an across-the-border attack by Communist Chinese and a series of terrorist attacks.

Boy Fakes Ava's Voice

CULVER CITY, Calif. (AP)— A boy with a voice like Ava Gardner's used it on the telephone to order hundreds of dollars in merchandise, police say.

When the bills came, Miss Gardner refused to pay.

Police arrested the 12-year-old boy at his home Thursday and booked him on suspicion of grand theft merchandise. Later, he was released into custody of his parents.

This is what juvenile court officers say the boy did:

For three months, identifying himself as the actress, he telephoned Columbia Studios and Metro-Goldwyn-Mayer and ordered television sets, manicure sets, $50 bouquets of flowers, an electric can opener and many other items.

The packages arrived daily. When the boy's parents became suspicious, he told them Miss Gardner had befriended him.

A Columbia movie worker who has known Miss Gardner for 17 years said the telephone voice was almost identical to the star's.

Bookmaker Ready To 'Take The Fall'

NEW YORK (AP) — "In a way I'm glad to take the fall," said [illegible] Simone as he was arrested for bookmaking. "I lost $10,000 on the National League yesterday."

He was seized Thursday by hippie-dressed detectives who had staked out his office on Union Square.

The hippie outfits were to avoid detection while casing what the police said was a $30,000-a-day operation.

Mrs. Wallace Doing Well

HOUSTON (AP) — Doctors attending Gov. Lurleen Wallace of Alabama said today they are pleased with the progress she has made since her cancer operation four days ago.

Mrs. Wallace, 40, the nation's only woman governor, underwent surgery last Monday at M. D. Anderson Hospital and Tumor Institute. Doctors removed a malignant tumor from her lower abdomen and also took out part of her colon.

A hospital medical bulletin Thursday said the governor continues her "normal post-operative recovery." It said her vital signs remain normal which indicates satisfactory recovery to date.

LIFE AHEAD

Only four years have passed, but what lies ahead? Will this be a life of service to God and country... or will it be bleak, full of dissipation and sin? Parents — the job is yours! Financial security is good, but don't stop there. Much more than a life is at stake — *there is a soul to be reconciled, to be guided.* Then tend him, nurture him — for "A child left to himself bringeth his mother to shame." Prov. 29:15. Remember, his life will only be a projection of yours. Let us help make it a *"Good Life Ahead."*

You In The Church
The Church In You
— form a combination for good. Every man, woman and child needs the influence of the church. So, come let us go into the house of the Lord. Let us support her program of service to humanity, be a faithful worker, a daily bible reader and attend services regularly.
