Rodeo Queen Kathi Wilson

Wilson Is New Queen

Kathi Wilson, representing the Westbrook Golden Age Club, Saturday night was named Queen of the 2nd annual Colorado City American Junior Rodeo Association (AJRA) rodeo. Nine Mitchell County girls were vying for the title.

Miss Wilson, 18, daughter of Mr. and Mrs. Roy Wilson of the Spade Community, was crowned by last year's queen, Jana Shackelford.

There was a tie for first runner-up between Sareesa Mitchell, representing the Colorado City Noon Lions Club, and Rancee Grisham, representative of the Root Hospital Pink Ladies' Auxiliary.

The crowning of the queen came as the climax of the annual event which saw the largest field of contestants in any AJRA rodeo in the state this year. A total of

Shopping Center Planned For City

A shopping center, to be named Town Center, will be built in Colorado City at the intersection of East 17th and Highway 208, it was announced late Tuesday.

The first phase of construction will contain about 60,000 square feet of floor space and will be built of steel-masonry in earth tone colors.

It will be built by B. D. Click Construction Co. of Abilene at a cost of approximately \$2 million.

There has been about 24,000 square feet of floor space in the shopping center leased and anyone interested in leasing space has been asked to phone Click in Abilene at 692-6205 or at 692-4964 after hours at his home.

Construction is expected to start in the near future on a 13.39 acre site.

That site will be the subject of a meeting of the city Planning and Zoning Committee at 7 p.m. Monday at City Hall. The committee will meet to consider a zone change.

The acreage is now zoned for single family residence and the committee has been asked to consider changing the zone to central business.

Tuesday at 4 p.m., the City Council of Colorado City will hold a public meeting to receive comments on the proposed urban development action grant application with proposed funds from the grant to be used to extend public

utilities to the proposed rezoned property.

City Manager Ray Mason has stated that copies of the application are available during

business hours for public inspection and review.

Final action on the grant is scheduled for July 24 at 4 p.m.

Mason Maps Out Budget

The money crunch is getting to everyone as evidenced by budget control systems instituted by City Manager Ray Mason.

During Tuesday evening's City Council meeting, Mason demonstrated charts he is currently keeping, which are on a month by month basis for each department.

This will show during any given month where a budget deficit or overage occurs and why.

Joe Morren presented the council with an audit report ending the fiscal year April 30, 1979.

This report indicated assets of \$4,492,542 as of April 30, 1979. The City received \$10,474.33 from the motel occupancy tax.

The city ended the fiscal year with a deficit of \$73,017.98. Brenda Tarter, city secretary, noted that expenses have been cut to absolute necessities.

Joe Morren jokingly commented at the end of his report "Looks like in 1992 we'll be home free."

Lone Star Gas representatives met with the council and requested 13.33 percent rate increase.

Rick Vaughn, home office representative, addressed the council. He stated that the rate request was made to the council because it has original jurisdiction. That is the right to determine and regulate for the city.

He indicated the city has three choices. They can reject the increase, in which case the gas company will appeal the case to the Railroad Commission. Vaughn indicated this is a costly procedure and the cost will be billed to the customers. Any delay because of the appeal can be retroactive back to the original date and charged to the customer in the form of a sur-

charge. If the council denies the appeal the Railroad Commission will determine according to law a price allowing the company a reasonable return on invested capital.

Vaughn noted the council could pass the rate increase as it was stated and feel justified because the company had requested the exact amount they require to make the allowed profit.

Or, the council could table the request for 30 days or 60 days (actual regulations allow 120 days) and during that period of time hold workshops with guidance from the gas company to determine a fair rate.

The council voted to suspend for 60 days and hold a workshop. Woody Anderson, representing the Jaycees, requested \$500 from the motel occupancy tax for promotion of a softball tournament to be held Aug. 3-4-5.

The money will be used to clear a vacant lot for parking, planting trees and purchasing a new score board.

The request tabled the request until funds are available.

PEGGY SMITH was sworn in Monday morning as Colorado City's first female police officer by City Secretary Brenda Tarter. The new officer is from Kermit and has been employed for one year with the police department there. She is a graduate of the Permian Basin Law Enforcement Academy.

Thunderstorm Hits City, Area

Mitchell County residents were distracted from whatever they were doing at about 7:30 p.m. Monday when a noisy thunderstorm boasting a lot of

ing, thunder and wind rumbled through the area. When it had ended about on and one-half hours later, rains in amounts of up to one-half inch had fallen in scattered places over the county and some damage, mostly around Lake Colorado City, had been reported.

Dwayne McGuire, utility service maintenance man for Texas Electric, said that his crews worked most of the night in restoring the electricity around the Lake Colorado City area which went out at about 9 p.m. He added that the electricity was on again by 7 a.m.

Most of the damage in that area consisted of three power poles near the Sportsman's Club Restaurant which were blown over.

When asked if the cul-

prit could have possibly been a small tornado, he said that he didn't think so that it looked like a "Straight wind, right out of the north."

He reported that there was some other damage, however, including a transmission pole south of Cattle-

man's Restaurant on Interstate 20 which was blown over and another power pole north of Buford which went down.

This was apparently the greater part of the damage done to the area.

Eddie Gregory, line superintendent for Lone Wolf Electric, reported that his crews had to replace one pole in an oil field outside of town but beyond that there was no damage.

Pat Rice, business officer supervisor for Bell Telephone's Colorado City Office, also reported no significant damage to this area.

She said that crews from this office had been called to repair several poles near Po-

Teacher Changes Mark School Board Meeting

The Colorado School Board, meeting in regular session Monday night, appointed four new teachers for the 1979-80 school year and accepted the resignations of four others.

The newest appointments to the schools teaching staff are listed below.

William George Martin will serve as the new girls' head basketball coach at Colorado High School. In addition he will teach health and physical education at high school and will assist as girls' coach at Colorado Middle School. For the past two years he has been girls' head basketball coach in Sweetwater. He has a

Bachelor of Science degree from McMurry College in Abilene.

Ronnie Harold Gainey has been appointed assistant boys' coach at Colorado Middle School. He will also teach speech at both middle school and high school. This is his first teaching assignment. He has a bachelor of Science degree from Angelo State University.

Brenda Nell Gainey will teach the fourth grade at Kelley Elementary School. She is the wife of Ronnie Gainey and this is also her first teaching assignment. She also has a Bachelor of Science degree from Angelo State University.

Rebecca Harper, who

has a Bachelor of Science degree from Baylor University, will serve as homebound teacher at Colorado High School under the plan A program under contract with the Sweetwater School District. She has previously taught for one and one-half years in the Ector County School District.

The four resignations which School Superintendent Charlie Uselton recommended that the board accept were Deborah Sykes, sixth grade science teacher at middle school; Betty Richardson, first grade teacher at Kelley Elementary School; Theresa Vest, math and speech teacher at high

school and middle school and Katherine Howell who had been hired at the board's June meeting as language and learning disabilities teacher at Hutchinson Elementary School.

With these appointments and resignations, the school still has a number of positions to fill before the 1979-80 school year opens.

Included in these vacancies are a language learning disabilities teacher at Kelley Elementary, two fifth grade teacher positions at Hutchinson and two math and two social science teacher positions at middle school.

There are also two openings which remain at high school requiring two people to split the duties of a girls' coach and the teaching of math, journalism and physical science.

The school also still has need of a diagnostician.

Upon Uselton's recommendation, the board hired a full time maintenance supervisor to be in charge of the upkeep of the buildings and grounds at all of the school's campuses.

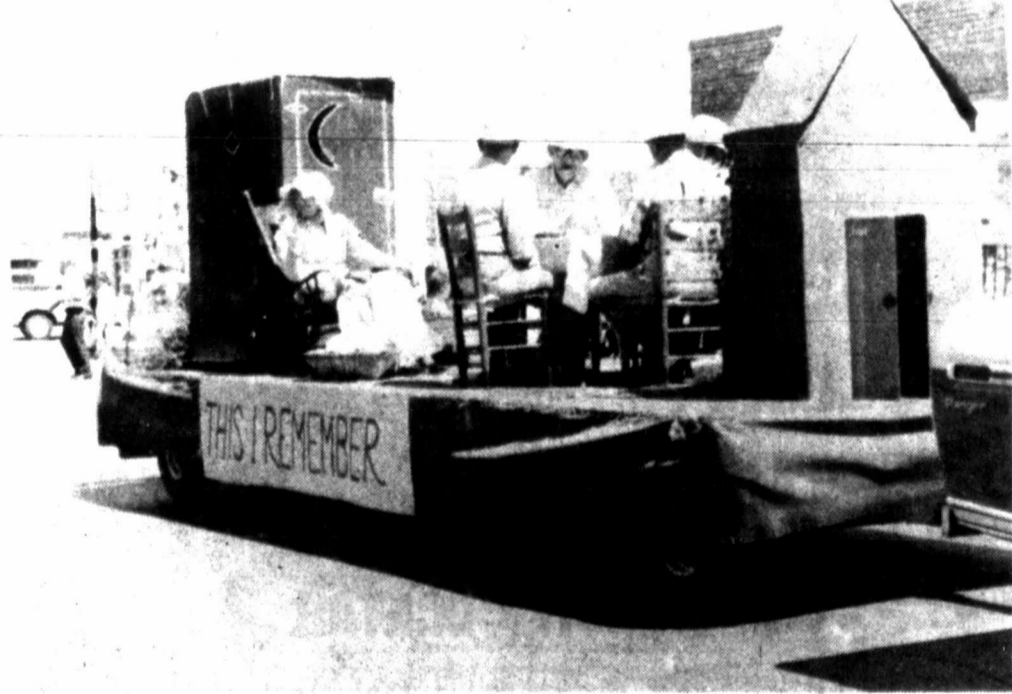

Henry A. Ring Jr. was employed for the position at a salary of \$10,500. For the past two years he has been supervisor of the custodial department at Howard Payne University.

In other matters, the board members voted that the school remain on the quarter system for the remainder of this year at the recommendation of Uselton.

Under a law recently passed by the Texas Legislature, all Texas schools must operate under the semester system beginning with the 1980-81 school year but have the option of staying with quarter system if they so choose for 1979-80.

THIS I REMEMBER, the above float put together by the Wallace Senior Citizens took first prize during the "Frontier Days" parade Saturday in downtown Colorado City. The group received a \$500 prize for having the winning float.

LAKE COLORADO CITY STATE PARK continues to attract sizeable crowds as 14,421 people passed through its gates during last Friday, Saturday and Sunday. During the month of June the park attracted about 62,000 people as compared to 41,000 in June 1978.

THE MISSOURI PACIFIC railroad barrier was blown down during the thunder and lightning storm Monday night. A spokesman for the railroad estimated that it would cost between \$300 and \$400 to repair it.

County Struggles With Rising Costs

Once more the county has been hit in the pocketbook by inflation. During Monday's Commissioner's Court meeting, a contract with the appraisal company of Pritchard and Abbott was renewed for a staggering flat fee of \$19,500 a year, a jump of \$7,500 from last year.

When the county first installed the assistance of the company in 1967 a flat fee of \$4,500 was agreed upon, with the contract to be renewed each year.

At that point property valuations in Mitchell County were at \$4,500,000. In 1968-69, the services of P&A went up to \$6,500 and property valuation went to \$6,400,000.

For the years 1970-71, the contract cost the county \$7,500 annually and property valuation went to \$9,500,000 in 1970, then jumped to \$11,000,000 in 1971.

For the next four years P&A held their charge at \$8,500 as property valuation climbed

from \$11,000,000 to \$24,000,000.

From 1976 to 1979 the appraisers contract cost \$11,500 and property valuation dipped to \$20,000,000 in 1976, then jumped to \$24,300,000 in 1977.

A contract for \$12,000 a year held the county for the next two years with property valuation reaching \$30,000,000. Due to the legislation recently signed into law, termed tax relief, exact figures for 1980 property

valuation have not been compiled, however, it is anticipated values will range from \$55-57,000,000.

Commissioner Johnny Shackelford expressed shock at the sizable increase of the fee requested by P&A but agreed with the other commissioners, it is necessary to have an appraisal company and Pritchard and Abbott have done a very fine job in the past.

Fiber Art Show And Sale Scheduled Sunday

Did you ever wonder how great grandma used to spin and then what did she do with it?

There will be a Fiber Arts Demonstration Show and Sale on July 15th at the Medallion Room at Lone Wolf Electric from 1 p.m.-5 p.m.

There will be demonstrations in weaving, basketry, tattering, spinning and natural dyeing of wool.

Tom and Nancy Beck will be here from Lubbock where they now own Becks Warp 'n Weave.

Tom will be doing demonstrations in different types of weaving and Nancy will be doing different types of basketry and also tattering demonstrations.

Joan Holburn from Hobbs, N. M., will be doing demonstrations of natural dying of wool and spinning of wool and cotton.

Tom and Nancy plan to bring some of the Lubbock area's most noted fiber artist's work. Most of these pieces will be for sale.

Those represented will be Virginia Riggs' cordweaving and loom pieces, also some tattering samples. Lynn Haney will show baskets and large frame looms pieces. Lynn has his Masters in Art Education and teaches at Atkins Junior High in Lubbock. He is a working fiber artist besides teaching. He specializes in weaving and basketry. He has received an award from Texas Designer Craftsman for his

basketry work and his work was featured in the Jan.-Feb. 1977 Fiberarts Magazine on basketry. At the present time he is working on three large panels of tapestry weaving for Odessa College.

Charlotte Funk's work will be represented at our show. She has her M.S. and M.F.A. in textiles. She exhibited at Convergence 1976, 7th International Biennial of Tapestry at Lausanne, Switzerland in 1975 and other prestigious exhibits. Her works hang in public and private collections here and abroad including Borg-Warner, Chicago; City of Lausanne, Switzerland and Rockwell International, Dallas. She is noted for her twill tapestries, a technique

developed over the years and the subject of her thesis requirements.

There will also be some wall hangings, loom and frame loom work done by Mark Hammark. Mark has just recently held a workshop in Lubbock at the Garden and Art Center. He gave instructions on different techniques including stitching, embroidery, weaving, coiling and punch needle work on a fabric base.

Star Shelton, also a fiber artist from Lubbock will have some of her hand woven silk, cotton and wool clothes on hand for the show.

Star has just signed a contract with the Texas Independent Ginners

Association to present a style show at their annual meeting at the Regency Hyatt House in Dallas during the spring of 1980. This is a special honor since this will be the first time an individual designer has been asked to stage this annual style show.

The local Colorado City Club of Spinners and Weavers will also have some of their work on hand. It will be for sale also.

The Beck's will be bringing some yarns, frame looms and wooden needles for those who need to stock up on some new supplies.

There is no admission to see this show and sale, so come out and enjoy. You may pick up a new satisfying hobby.

First Methodist Church Tiny Tots Visit Fire Station

If you passed by the fire department Tuesday morning about 10:30 you may have wondered what all the giggling, laughing, tiny tots were doing swarming over the engines.

First Methodist Vacation Church School, two and three year-olds got a special thrill when leaders decided to take a field excursion to the fire department.

Fourteen children enjoyed thirty minutes of sightseeing, guided by helpers Debbie Carlock, Cindy Gale, Leslie Perkins, Katie Kidd, Robbie Raschke and Linda Walls.

Chamber News

by Larry Winders

Many people have told us that Saturday was the biggest and best parade held in Colorado City in a very long time. We are very glad to hear that. IT SHOULD HAVE BEEN.

That Rodeo and that Parade and that Queen Contest didn't just happen. An awfully lot of people worked very long and hard to make them successful.

Personally I sort of snicker when remembering those folks who said "You can't do that in Colorado City." "The people don't care and they won't support your efforts." "We're too small a town for that sort of thing."

Others thought we could have a Parade and boy did they prove their point. There were many hours spent by persons just to benefit their home town. And you must admit that for a short while we really shook the foundations. It was good for all of us and it was good for our Town.

Well, a lot of other people didn't believe those stories and we had according to the Secretary of the American Junior Rodeo Association, the largest Rodeo in the State of Texas this year. We also had a record number of young ladies contesting for the title of 'Rodeo Queen'. They set a record in advance ticket sales and one of them set an individual sales record that will probably stand for a long time.

Just think what we could accomplish if everyone on a continuing basis would give a small portion of the effort put forth last week. We can do anything and be anything we want to but there is no such thing as a free lunch. It takes money, time and work. Ask those who did this.

Skate-A-Thon Set Saturday July 28th

Skate World Skating Center in Snyder will hold a Cystic Fibrosis Skate-A-Thon on Saturday, July 28, from noon until midnight. The event will be organized by Mr. and Mrs. John Salmon, managers of Center.

Participants will be getting sponsors to pledge an amount of money for each hour skated in the 12-hour period.

Prizes to be awarded include a Quasar 12" black and white television, and AM-FM digital clock radio and T-shirts.

All proceeds will go to the Cystic Fibrosis Foundation. Cystic Fibrosis is one of the most life-threatening diseases of children. A little known entity 25 years ago, it occurs in approximately one of every 1,600 live births in this country.

For more information about the Skate-A-Thon, please call 573-6872.

STATE CAPITAL HIGHLIGHTS

By Lyndell Williams
TEXAS PRESS ASSOCIATION

AUSTIN—Texas Attorney General Mark White blasted the national energy policy last week, painting a gloomy picture of double-digit inflation and a continuing energy crisis.

The crisis brings "economic chaos" at a level of "deeper concerns than Vietnam or Watergate," White told a Young Texas Lawyers convention in San Antonio.

The national policy has a particularly negative impact on the economic vitality of Texas, he told them, and Congress "has not dealt with us (Texas) in an even-handed fashion."

White referred to a series of rulings by the Interstate Commerce Commission which granted increases in coal freight rates... "additional gouges," White called them.

Coal transport rates have risen from less than \$8 per ton to more than \$18 per ton.

Later this week Governor Bill Clements took advantage of authority given to him by President Jimmy Carter up to five percent of the state's monthly gasoline allocation from low-use rural areas to metropolitan areas.

Clements is considering a plan to require some service stations in big cities to sell gasoline on weekends or not get their share of an additional 40 million gallons of fuel to the big cities this month.

Kubiak Pushes "Agriculture"

If fuel continues to flow from rural to urban areas, the slack in tractor fuel tanks may be taken up by alcohol fuels, according to one state legislator.

State Rep. Dan Kubiak told a Capitol news conference Tuesday that Texas farmers will one day have "agrihol" plants on their farms and burn pure grain alcohol in their tractors and farm machinery.

Kubiak also announced he is building a pilot "agrihol" plant in Milam County to demonstrate how farmers can grow their own fuels.

Irked by Clements' veto last month of a Texas A&M University alcohol fuel plant, Kubiak went to farmers and engineers in his district for financial backing for the plant.

Clements, meanwhile, submitted to Environmental Protection Agency officials a Texas plan for complying with federal clean air standards.

If it is not accepted, the state could lose millions in federal funds in highway and sewage treatment plant construction grants and face a ban on building new industrial facilities.

The plan calls for Texas to meet the Clean Air Act of 1970 guidelines through additional pollution controls on refineries, chemical and manufacturing plants and automobile emissions.

Demos Favor Convention

While Texas Republicans will hold a presidential primary election next spring, Democrats will probably choose their delegates to the 1980 Democratic National Convention through the convention system.

The overwhelming sentiment of testimony at a Democratic Party Rules Committee hearing in Houston was that

the party reject the idea of a binding presidential primary.

Only one of 21 witnesses opted for the primary: Franklin Garcia of San Antonio who said, "Let the people choose. Period."

On the eve of the Fourth of July, Republican presidential contender John Connally met in Austin with a

group of 200 of the state's most powerful lobbyists.

When the group discovered a news reporter in the adjacent room, Connally's microphone was shut off and the press was effectively left out of the meeting.

Clements has also been entertaining the political movers and shakers lately trying to pay off a \$4.75 million campaign debt. Meanwhile, his 1978 opponent, former Attorney General John Hill, said he will wait until 1981 to decide whether to take on Clements again. Hill predicted Clements will only serve one term in the mansion, but some

of Clements friends are saying the same things—they predict he will be chosen as vice president in 1980.

Colson Bid Rejected

The Texas Department of Corrections rejected a request by Watergate figure Charles Colson to bring an evangelistic crusade to Texas prisons.

Colson, one-time aide to former President Richard M. Nixon, became a born-again Christian during his Watergate ordeal and in the last three years has taken his Prison Fellowship crusade into federal and state prisons.

Department director

Jim Estelle admitted he disliked some reported Colson comments that prisons are breeding grounds for criminals, but that Texas prisons already had enough religious activity. It was "no slight to Mr. Colson," he said.

On a Biblical note of another sort, Texas Agricultural Commissioner Reagan V. Brown said grasshoppers have invaded Texas in their greatest numbers since 1958 but he is "declaring war" on them. About 1.4 million acres of Panhandle rangeland were sprayed with insecticide to stop the pests who were counted at from 10 to 18 per square yard.

Vest Is Named To Chairmanship

Mrs. Lillian Vest has accepted the Chairmanship of the Annual Fall Campaign on behalf of the Cystic Fibrosis Foundation. She will be recruiting volunteers within the community to plan a "Breath of Life Campaign" to take place this Fall in Colorado City. The purpose of this Fall Campaign will be to provide the community with information about Cystic Fibrosis and to raise funds to support

research, education and care programs for children affected by cystic fibrosis, and other lung-damaging diseases like severe asthma, chronic bronchitis and bronchiectasis.

Cystic Fibrosis is the number one genetic killer of children. Approximately one in every twenty Americans is a symptomless carrier of the recessive CF gene. Cystic Fibrosis is inherited when both parents carry the recessive gene. At the present time, no cure for Cystic Fibrosis is known.

An estimated 10-million Americans unknowingly carry the C-F Gene. A baby who inherits two C-F Genes, one from each of its carrier parents, has Cystic Fibrosis.

Hestand Services Today

J. P. (Jim) Hestand, 87, died at 1:40 a.m. Tuesday morning at Root Memorial Hospital.

Services will be at 2 p.m. Thursday (today) at the Twenty-Second and Austin Street Church of Christ. Gary Dennis, minister, will officiate. Burial will be in the Colorado City Cemetery under the direction of Kiker-Seale funeral home.

Hestand was born on November 14, 1891 in Johnson County. He married Julia Della Gist on August 15, 1923 in Sweetwater. Mrs. Hestand preceded her husband in death on September 27, 1977.

He was a member of the Church of Christ and a veteran of World War I.

He is survived by one daughter, Mary Beth Lightfoot of Colorado City; three sons, Wallace Hestand of Odessa, Don Hestand of Irving and Charles Hestand of Midland; three sisters, Mrs. Usery Powell of Rankin, Mrs. Mary Lou Parks of Breckenridge and Mrs. Vera Morrow of Anson; one brother, R. M. Hestand of Anson; eight grandchildren and six great-grandchildren.

Pallbearers were Robert Bracy, Bill Carter, Louis Small, Lewis Claxton, Curtis Britton and Raymond Watlington.

Lambeth Services Tuesday

Graveside services for Ocie Lambeth, 51, head basketball coach at Rock Springs were held at 1 p.m. Tuesday at the Colorado City Cemetery, under the direction of Kiker-Seale Funeral Home. The Rev. Glenn Roenfeldt, pastor of the First Baptist Church, officiated.

Lambeth died Saturday afternoon in St. Luke's Hospital in San Antonio after a long illness.

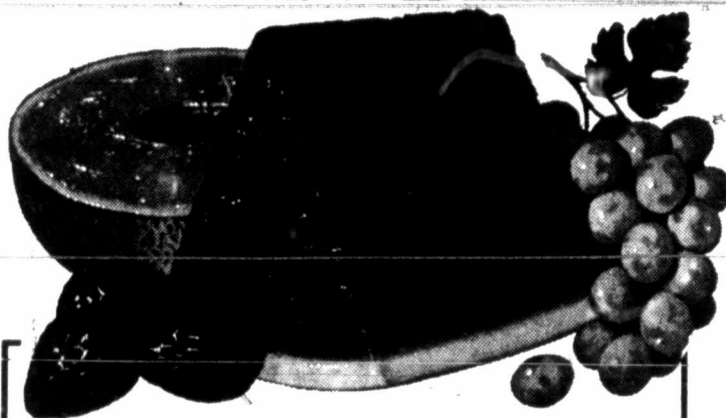

He was born Oct. 4, 1927 in Colorado City and graduated from high school here where he was a member of the football team.

Survivors include one brother, Harold of Midland; two sisters, Ruth Walters of Hamilton, Okla. and Everett J. Travis of San Antonio. He was a first cousin to Rep. Walter Grubbs of Abilene.

Beth Ann Stalnak, George Gray

Stalnak, Gray Set August Wedding

Mr. and Mrs. Robert Stalnak of Portland announce the engagement and approaching marriage of their daughter Beth Ann to George S. Gray, son of Mr. and Mrs. Carroll D. Gray of 901 Easy 13th Street.

Miss Stalnak is a Junior student at Baylor University. She served as vice-president of her freshman class and is a member of Zeta Tau Alpha Sorority.

Her fiance is a graduate of the University of Texas at Austin and is a student in the Baylor University School of Law. He is a member of Delta Theta Phi Legal Fraternity.

The couple will exchange vows at five p.m., August 11 in the First United Methodist Church in Portland.

Gibson Is New Loan Representative

Eddie W. Gibson has been employed as a new loan representative by the Production Credit Association at 441 Walnut.

Gibson, 23, is single and a native of McCauley. He graduated from McCauley High School in 1973. He received a Bachelor of Science degree from Tarleton State University in Stephenville in 1977 with a major in agriculture business.

He has been employed for the past year as assistant county supervisor for the Farmer's Home Administration in Fannin County.

Former Resident Is Teacher Of the Year

Mrs. Cecile Meskimen of Lubbock received the Teacher of the Year award from the Texas Music Teachers Association at the organization's annual convention at Corpus Christi in early June. Mrs. Meskimen has been a piano teacher for the past 30 years in Lubbock.

Cecile Meskimen

Mrs. Meskimen is the former Cecile Conaway, daughter of the late Mr. and Mrs. C. P. Conaway. She was born on a ranch near Colorado City in 1897 and is the sister of Mrs. Mattie Hines of Colorado City.

Mrs. Meskimen taught piano here from 1927 to 1936 and served as pianist of the First Baptist Church during this time. She attended school here from her 1st through 9th grade.

At the age of 14, she entered the Academy of Simmons College in Abilene where her formal piano study began. She graduated from the academy in two years and continued her study for four more years at Hardin-Simmons University. She has served as dean of fine arts at Montezuma Baptist College, Las Vegas, N. M. and taught piano at Texas Tech University. She is listed in "Who's Who of American Women".

"Music and Dance of the Southwest" and was named teacher of the year of the Lubbock Music Teachers' Association. She is a past member of the Lubbock Music Club and Texas Federation of Music Clubs and the originator of the Hymn Playing Festival, which began in Lubbock in 1977.

Presently she is involved making plans for the 1981 T.M.T.A. convention in Lubbock. She continues to be an invaluable asset to L.M.T.A. and a source of inspiration to her students, colleagues and friends.

Turn Pilot Off In Summer

Save fuel by having the furnace pilot turned off when the heating season is over, suggests Pat Seaman, housing and home furnishings specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

But, be sure to have it re-ignited before turning the furnace on again next fall.

Arthur Captures Singles Crown

Kitten Arthur raced past three opponents to take the intermediate singles crown in the "Volley of the Dolls," ladies tennis tournament played at the Middle School tennis courts Thursday through Saturday.

Mrs. Arthur defeated Karla Herm in the first round, 6-4, 6-4 and eased past Sandra Watlington, 6-1, 6-1 for her second round victory.

In the finals she took on Diane Kelly, the second place finisher, and again came out on top, 6-3, 6-2.

After her first round defeat, Karla Herm came back to take the intermediate consolation title by defeating Tracy Rees, 4-6, 7-6, 6-3 and Tammy Aguillon by 6-2, 6-2.

Sandra Watlington and Jackie Palmer took the intermediate doubles crown. They drew a bye in the first round and then defeated Tammy Aguillon and Karla Herm, 6-3, 6-0 in the second. In the championship round they eased past runner-ups Kitten Arthur and Diane Kelly, 6-3, 6-3.

Tammy Aguillon and Karla Herm took the consolation title in the intermediate doubles division with a win over Susan and Leola Anderson.

Angie Neff was the novice singles winner with victories over Andrea Redwind, 8-2, in the first round, Gay Powell, 8-1, in the second and runner-up

Lulu Turner, 8-6, in the finale.

Holly Neff took the novice consolation singles crown.

Coleen and Mickie Palmer claimed the novice doubles title as they eased past Hortense Neff and Lulu Turner, 8-4, in the opening round and won over Nancy Hamner and Gay Powell, 8-3, in the second.

They took on runner-ups Mac Perkin and Charlotte Goodlett in the final round and again came out on top, 8-1.

Hortense Neff and Lulu Turner took the consolation novice doubles title.

Library Films

Films to be shown this Saturday at the Mitchell County Public Library at 2 p.m. are:

"Big Henry & The Polka Dot Kid": An orphaned boy saves the life of an old, blind dog which his uncle is ready to destroy. The Youngster also starts a closer relationship with his uncle.

"Round Trip": Three white snowmen go on a trip through town. Because the littlest snowman gets covered with soot, his 2 friends move away from him. The little snowman's friends are later covered with soot also while he becomes white again.

Finders Keepers?

Berman Corbell is an extraordinary individual. Why? He found a wallet stuffed with \$34,520, tracked down its owner, insured and returned the billfold at his own expense and firmly refused any reward offered him for his efforts.

Light saying Corbell's honesty was "one of the most moral, honest acts that has ever happened to me and I imagine one of the few in this day and age."

He also wrote the factory Corbell represents in selling kitchen cabinets praising his integrity.

Berman is a native of Colorado City having graduated from Colorado High School. He played football along with Don Maynard for the Wolves.

The wallet belonged to an Alexandria, La. businessman, Jimmie Thompson, who commented, "And you don't find many of them no more."

Corbell found Thompson's wallet containing the money in cash and checks in a telephone booth at a Phoenix airport. He has firmly refused Thompson's offer of various rewards. Corbell said "It has been a lot of fun. Returning it will do you ten times more good than the money. The money is something, but the feeling inside is worth a heck of a lot more."

Thompson thought Corbell was calling to find out what he could get. "I had a lot of papers invaluable to me also. It would have cost me quite a bit to replace, even if I could have replaced them. I told him to take whatever amount of that pocket book he wanted. 'You want it all, you take it, but I want my papers!'"

"He absolutely refused to take anything. I thought it was some kind of gimmick." Thompson wrote a letter to the San Antonio

Eddie Gibson

Water Facts To Be Listed

Buyers of dishwashers and laundry equipment may soon know how much water those appliances use, says Nancy Granovsky, family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In the future, tags and stickers will carry water facts along with electrical information, appliance dimensions and a description of the finishes used, she reports.

30,072 Miles of Pipe:

WE'VE GOT A SYSTEM THAT'S SAVING YOU MONEY.

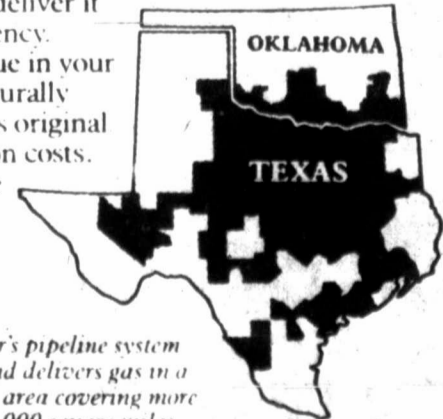

Our modern pipeline system saves you money because it helps us supply gas at the lowest price consistent with safe, reliable service.

This system includes 11,394 miles of gathering and transmission pipelines with thousands of interconnections and 18,678 miles of distribution mains.

It helps us negotiate with gas producers for terms favorable to you. It lets us collect gas from more than 16,000 wells, then deliver it to you with cost-cutting efficiency.

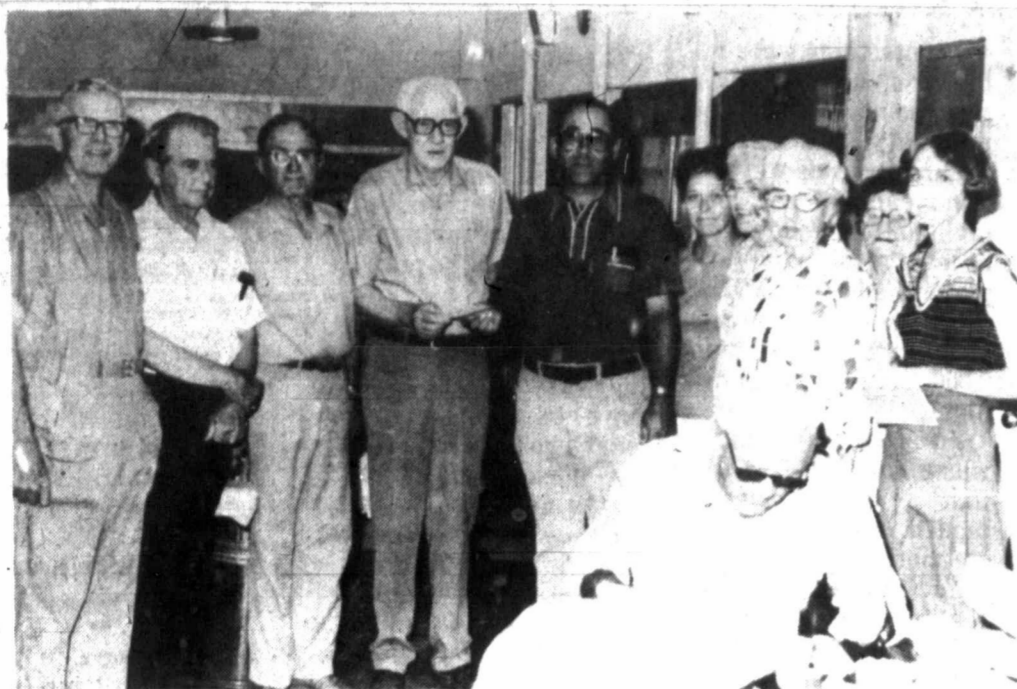

Gas is an excellent value in your energy budget because it's naturally efficient. It works for you in its original form, free of energy conversion costs. And costs you less because we can deliver it efficiently and economically.

Lone Star's pipeline system receives and delivers gas in a geographic area covering more than 250,000 square miles.

Gas. It's plentiful, efficient and right for the times.

THE WALLACE SENIOR CITIZENS are presented a check from Chamber President Mac McKinnon for having the first place float in Saturday's parade. (left to right) they are Arnel Smith, Ben Costin, Olson Sweatt, Willy Brook, McKinnon, Shirley Rogers, Della Fox, Dona Reed and Etti Gibson.

★ STORM.

lar which had blown over and one pole near Hermleigh.

The highway patrol likewise reported that there were no incidents of motorists needing assistance because of the storm.

There was also no reported damage to city property in Colorado City because of the storm.

One Loraine resident reported that the "trees took quite a beating," in that area but there was not significant damage that she saw. On the other side of the county, there was also no damage other than broken tree limbs reported at Westbrook.

Possibly the main casualty of the storm, other than the power lines, was a railroad crossing carrier near the Wallace Center on Texas 206 in Colorado City.

The arm of the barrier was blown over and a spokesman for the Missouri Pacific Railroad said that it would probably cost \$300 or \$400 to repair it. He added, however, that he expected to have the barrier repaired within a few hours.

A check of several insurance agencies in town also revealed that so far they hadn't had many calls from customers filing claims for damage on their residences or businesses because of the storm.

Godsey Insurance Agency reported no calls as of Tuesday afternoon and Bob Ratliff Insurance Agency reported no calls because of damage to residences and only one call from a business on 2nd Street which had a window blown out.

Gary Harkins State Farm Insurance Agency reported that thus far they had three calls from customers filing claims due to damage to their homes.

The Colorado City Fire Department reported answering one call because of a downed power line but there was no serious damage.

Middle School Damaged

Someone broke into the Colorado Middle School over the weekend apparently with the intention of vandalizing the place. This he did, but even though he didn't take anything, he could still be charged with burglary according to Assistant Police Chief Jerry Cowin.

The department received the call at 8:58 a.m. Monday and found that someone had broken and gone through a window on the west side of the building.

Once inside they had taken the fire extinguishers and emptied them out down the halls and in several rooms, including a math room, records room, storage room and junk room.

Cowin estimated the damage at about \$250. He stated that even though there was apparently nothing missing, the person could still be charged with burglary because he entered the place with the intent to commit a felony.

Loraine School Board Approves Lunch Hike

The Loraine Board of Trustees approved an increase in lunchroom prices at a short School Board meeting Tuesday evening held in the Loraine Homemaking building.

Prices will be increased 50c for elementary students, 60c for junior high and high school students, \$1 for teachers and \$1.25 for visitors. Previously lunches have been 40c, 45c, and 75c.

In other matters, the board of trustees approved the resignation of three teachers, one in the elementary school and two in the high school.

Resignations were accepted from first grade teacher Lora Eastman who has accepted a teaching position in the Garden City School, and Mr. and Mrs. Mike Herrington will be teaching in the San Angelo school.

With the resignation of the three teachers Tuesday evening, this leaves the system with five positions open. Those positions are high school math, band director, first grade, high school science and counselor.

Bond for the Tax Assessor - Collector Jayne Andrews, was increased to \$40,000 after a brief discussion.

According to the TASA Legislative Information Network for Educators Superintendent Glenn Sanders stated that provisions are added to provide additional funding up to 10 percent of regular allotment for

TEA is required to adopt and administer appropriate criterion referenced assessment instruments designed to assess minimum basic skills competencies in reading, writing and math for all pupils at the fifth grade level and shall also adopt and administer to all ninth grade pupils, secondary exit level assessment instruments designed to assess minimum math and English language arts competencies which it deems appropriate for a high school graduate.

In other legislative items discussed were

modification of transportation allotment formulas and the tax relief amendment.

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas effective August 3, 1979.

It is expected that the requested rate schedule will furnish a 6.09 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality, and is available for inspection in each of the company's public business offices in Texas.

Motion Granted By Holt

Thirty-Second District Court Judge Wayland Holt granted a motion to suppress evidence Monday in the case of Wesley Smith, Mary Alice Smith and David Helm.

The three were picked up in an incident last winter and arrested for allegedly possessing narcotics.

On Monday, however, Defense Attorney R. L. McKinney asked that the drugs allegedly found with the trio be suppressed as evidence because of illegal search and seizure. Holt granted McKinney's motion.

★ COUNTY, From Page 1

ed, P&A is currently fighting a legal battle with a large firm who is disputing the tax valuation. He commented the county is lucky to have the company to defend their position in court because it would cost a great deal to hire attorneys to do the job.

A second 2 year contract was signed agreeing to pay 30c per line for tax rolls and 10c a line for notices.

More bad news came in letter form from the state. Carter read the letter to the Commissioners. It stated Governor Clements had vetoed legislation which would renew an allocation of state funds to assist in maintaining county roads. This loss will amount to about \$20,000 to the roads and bridges budget.

At this point, the commissioners indicated it will probably become necessary to cut back on preventative maintenance.

The state highway department did an off-system bridge inventory and appraisal. In a letter to the commissioners they noted a bridge on the Colorado River 1.6 miles off FM 229, load weight 7,000 pounds.

The bridge had previously been marked 10,000 pound capacity, that will be changed to 7,000 pounds. Shackelford commented someone had stolen both signs off of the bridge last week, so it will be necessary to make new ones.

Good news in the form of a proposed health insurance plan was presented by NFC Heart Insurance.

Mike Ballard appeared before the commissioners requesting permission to speak with county employees and the county auditor.

The group plan would be paid for out of salaries and deducted from the payroll. It would cover employees and family against heart attack, both inpatient and outpatient, at the rate of \$100 a day, paid to the individual. Premiums ranged from \$9.60 to \$3.20 and coverage would be immediate.

Ballard noted that persons having had a heart attack in the past five years would be ex-

empted, however, all other preexisting conditions would be accepted, with no physical required.

Commissioners agreed to allow Ballard to approach employees and expressed personal interest in the plan.

A dance is planned for Friday at the Agriculture Barn. Rex Beights appeared, representing the Optimist Club, to request permission to utilize the barn. He indicated the dance would be for young people age 18 and under. Chaperons and Mitchell County Sheriff's Department will be present. Beights indicated there will be no charge to the young people for refreshments or entry fee.

Commissioners granted permission for use of the county barn.

Fines for late books will now cost 5c a day, rather than the previous 1c a day. This is being done to help offset the expenses incurred in operation of the library. This will not go into effect until July 23rd.

Sheriff Bill McGuire commented he and his deputies will be assisting in collecting some of the more delinquent fines.

Platting of the Kelley-McCloud lake property was approved during the meeting. This is done to allow selling of lots and blocks.

Continuance was requested and granted to the McCabe Estate, until Friday, in a dispute over tax valuation. Carter noted the board of equalization will officially adjourn at that time.

Department of Interior Fish and Wildlife sent information to the commissioners on the cost to the county for the Animal Damage Control Program.

The department had covered 19 ranches, removing 119 coyotes, three bobcats and two red foxes. They used aerial hunting. The county has paid \$4,950 to the program.

Marie Bassham came within \$4.50 of balancing the county clerk's office bank accounts. With the installation of Joan Beach as new county clerk, a legal audit is required. All funds have now been transferred. The commissioners were complimentary of Bassham's tenure of office.

Precincts one and five

will be combined, if approved by the Secretary of State. Commissioners voted to submit application to the Attorney General for combining precincts five (Buford) with precinct one because the number of registered voters, 97, is below the required 100. This will be effective January 1, 1980 and all registered voters from that precinct will vote at the county courthouse rather than the Buford Gin.

Election judges were appointed for each precinct. They are the same as last year: Billy M. Long, precinct 1; Douglas Barber, precinct 2; Olson Sweet, precinct 3; Ted Lefevre, precinct 4; Bob Ratliff, alternate and Billie Ruffin, precinct 7.

Charles Nothcutt asked permission from commissioners to cut weeds in bar ditches, along country roads, to help and feed to livestock. They granted permission if a contract is drawn up releasing the county from responsibility if any injuries or damages result.

Shorty Moore requested the commissioners to officially close a road which was never opened on his property.

Carter explained the early city fathers had contemplated the city would grow in that direction and designated the road.

The road was never built and Moore is now requesting permission to initiate action for legal documents to obtain clear title to the property. Permission was given.

Reinvestment of interest making funds will be made Thursday. Commissioners requested the county auditor make the arrangements.

A letter commendation for Ruby Sweat and Henry Doss, in regard to completion of course given by Texas Justice of the Peace Training Center, was read to the court by Carter.

July 30 is slated for the next meeting of the Commissioners Court.

★ SCHOOL, From Page 1

ed that the school do this because the schedules and everything were already set up for it to operate on the quarter system for this coming year and to change now would cause a great deal of confusion.

The school board also approved a resolution concerning the taxing of agricultural land either on market value or productivity value. This action was as a result of another recent bill passed by the Texas legislature.

The bill stated agricultural producers would be given a choice of either having their land taxed on market value or productivity value in 1979 unless governing bodies took steps not to implement productivity values until 1980. In that case all agricultural land would be taxed according to market value in 1979.

Because it was already so late in the year it was decided that Tax-Assessor-Collector Jay Craddock would not have time to do the bookwork necessary for the implementation of the productivity values. Therefore all agricultural producing land will be taxed according to market value in 1979.

Another reason Craddock recommended the board not implement productivity value in 1979 was at present, the market value of Mitchell County Agricultural land is below that of its productivity value. For this reason agricultural producers would prefer to have their land taxed according to market value anyway.

The board passed an amendment to the 1978-79 budget to account for added revenues of \$14,330 and for added expenditures of \$4,970.

Board members approved an annual contract from Sept. 1, 1979 through Aug. 31, 1980 for the leasing of space at the Wallace Community Center to the Texas Department of Health for use as a health center.

The lease called for the use of 1,508 square feet of space at the Wallace Center at a rate of \$40 per month.

Warren Anderson was appointed by the board to serve a second term as a member of the Educational Service Center Board Region 14 at Abilene.

As a member of this board he will represent

Mitchell and Scurry Counties. His appointment must be approved by the other school districts in the two counties which include schools from Loraine, Westbrook, Snyder, Hermleigh and Ira as well as Colorado City.

In another matter, the board revised their calendar for the next few weeks concerning the board of equalization and tax rate.

The board of equalization met on June 27 and will hold a public hearing on Monday night.

Notices will be published on the 1979-80 tax rate on July 19 and 22 and on July 30 a public hearing will be held on the tax rate.

On August 5 and 9 notices will be posted to the public concerning the times of the budget hearing, the setting of the tax rate and the adoption of the 1979-80 school budget.

On Aug. 13, in regular session, the board will adopt the 1979-80 school budget.

In one other matter, Athletic Director Tommy Ramsey appeared before the board and discussed in detail an athletic handbook which he had put together for the benefit of his athletes.

The handbook contained UIL guidelines which the athletes must follow to be eligible to participate in sports, it also contained school training, academic and conduct guidelines. The handbook also outlined the requirements which the athletes must meet to letter in any particular sport.

Mixed Doubles Tourney

There will be a mixed double tennis tournament for Mitchell County residents of any age July 20-21 at the Middle School Tennis Courts.

The tournament will be divided into two classes, advanced and novice, and the entry deadline is July 19. Trophies will be given for first, second and third places in each class.

Those interested in playing may call Redwine at 728-3080.

★ RODEO, From Page 1

406 contestants were vying for a purse of \$15,000 plus points toward the national AJRA finals.

Large crowds were on hand each of the four nights of the rodeo with at least a thousand people on hand for each of the first three nights and then more than 2,000 present Saturday night.

For four days, there was a number of events that were all well attended and all were sponsored by the Colorado City Area Chamber of Commerce and Agriculture.

First on the schedule was the Fly-In July 4th which was attended by some 2,000 people with about 100 planes being flown in from a large number of cities.

Then Wednesday night, the AJRA rodeo got underway and again people were here from everywhere with visitors being introduced from New York, Ohio and Norway just to name a few.

Saturday afternoon, one of the largest parades in many years wound its way through the City's downtown area and was viewed by a large and enthusiastic crowd. There were 16 floats entered, vying for \$1,025 in prize money, plus four riding groups, a large number of advertisers and individual displays, riders and attractions including a camel from the Kendrick Easter Pageant held between Eastland and Cisco and involving Colorado City people.

The winning floats in the parade, judged by the same out-of-town judges who judged the queen's contest were; Wallace Senior Citizens, \$500 prize; 2nd First Baptist Young People, \$300 prize; 3rd, Westbrook Golden Age Club, \$150 prize; 4th, Big Spring Squares Square Dancers, \$50 prize and a tie for fifth and \$25 cash, Loraine B&PW Club and Looney Home Demonstration Club.

The winners in the riding club competition,

each receiving trophies, were: 1st, Scurry Junior Sheriff's Posse; 2nd, Howard County Sheriff's Posse, and 3rd, the Scurry County Sheriff's Posse. Narrator for the parade was Charolette Northcutt.

One of the highlights of the rodeo each evening was the calf dressing contest between local groups. The winner each of the three nights advanced to the finals with the Texas Electric team of Billy Preston, Betty Rankin and Mary Lou Costabile being the winners of the Saturday night finals.

Calves for the calf dressing were furnished by Bob McClure and Bill Ellis of Colorado City Livestock Auction.

Chamber of Commerce President Mac McKinnon said the rodeo, parade, dance and fly-in were all huge successes and expressed appreciation to everyone for helping and to those who came out to watch.

AJRA officials said the show not only was the largest AJRA event in the state this year, but was also the best operated show and the best attended.

McKinnon noted that plans are already under way for next year's rodeo which has tentatively been set for July 23, 24, 25 & 26, 1980.

Listed below are the winners of the events in the rodeo:

Cemetery Board members were appointed. Rick Perkin will be chairman, Ray Mason, G. D. Foster, Roy Byrd, Marion Bassham and Francis Chesney will be members.

Mason noted B. D. Click from Abilene has decided to build a shopping center across from the high school.

Mason will be applying for government funds to assist in running utilities and streets to the site.

Members of the Business and Professional Woman's Club donated a coat rack to the Civic Center. They offered two types. One was to hang on the wall and the other is on wheels.

The council decided to accept the one on wheels because the east wall, where the women wanted to hang the rack, would not support the weight. "We are certainly proud to have this rack, we really needed one," Loyd Ledbetter commented.

The council voted to renew a request to Texas Aeronautics Commissions for funding. This is a request for \$75,000 matching funds, renewed annually.

Program On India Presented Monday

The Loraine Baptist women met at the church Monday afternoon for a mission program on Baptist work in India.

Mrs. T. L. Holman presided over the meeting which opened with group singing "We've a Story to Tell". Mrs. Holman led in prayer. Mrs. Pauline Smiley read scriptures and gave the Calendar of Prayer.

In their talks about India Mmes. Francis Porter, Charlie Harris, Clifton Henderson, Hal Bennett and Clara Butler discussed the people, religion and hospital work there. It was stated that India is second only to the U.S. in the number of Baptist. It is known best as the birthplace and stronghold of Hinduism, Sikhism and Jainism and Buddhism which is no longer a stronghold there.

Though its land area is only slightly larger than the U.S. east of the Mississippi River, it has the population of 634,700,000 (second only to China in population.)

Baptist built and opened a hospital in Bangalore in 1973 and in 1978 added a new chapel. Twelve missionaries live in Bangalore, including three physicians, a hospital administrator and a nurse. Every person who comes to the hospital has a chance to hear the gospel. Seven Indian pastors and two women serve as chaplains.

Ms. Britton served homemade ice cream and cake which was enjoyed by Ms. Taylor, Meadows, Inez Thomas, Mary Helen Graham and Doris Graham.

Health education is needed badly, especially in the country areas and villages. There are also teachers there, but with 50,000 students in 50 colleges in the Bangalore area, more are badly needed.

In a short business meeting, Mrs. Harris gave the Treasurers report and Mrs. Clara Butler read minutes of the last meeting.

Davis To Be New Pastor

Oak Street Baptist Church will have a new pastor beginning the first Sunday in August.

Harold Davis has accepted the pastorage coming from the Park Heights Baptist Church in Tyler.

Davis, 31, is a native of Van. He is married to the former Marilyn Forbus, daughter of Mr. and Mrs. Calvin Forbus of Loraine. The Davis' have two children, Dondra and Dodie.

They will be moving to Colorado City sometime the first of August.

Birth
Eric Brandon, son of Mr. and Mrs. Ruben Molina of Colorado City was born in Root Memorial Hospital, July 7 weighing 7 lbs. 9 ozs.

Card Of Thanks

We would like to thank everyone for helping make the Rodeo parade such a huge success. It would have been nice if everyone could have won but we believe everyone was a winner in that they enjoyed the spirit of competition and being involved. It was indeed a pleasure for us to have been involved in the parade.
Mary Ann Fincher and Dell Barber

Card Of Thanks

Words cannot express the appreciation we feel to those who sent food, flowers and words of sympathy during the illness and passing of our beloved Mother and Grandmother. Our special thanks to Dr. Agullon, the nurses and Rev. Glenn Roenfeldt for making her last days as comfortable as possible.
The family of Eva Wingo
Billie Johnson and Children

I would like to take this opportunity to thank everyone for all the help and support you gave me over the past few weeks during my campaign for Rodeo Queen. A special thanks goes out to the Pink Ladies, who sponsored me and also the Chamber of Commerce, B&PW and Doris Ward for the use of his horse.
Thank you all,
Ranee' Grisham

Public Notice

Notice is hereby given that a public hearing will begin at 9 a.m. on July 24, 1979, in the offices of the Texas Public Utility Commission in Austin, Texas, on a proposal by Southwestern Bell Telephone Co. to make certain changes in the format of selected Texas telephone directories.

The principal proposed changes are: (1) to separate business and residential listings in the white pages, with residential surnames listed once in boldface type followed by the alphabetical listing of the individuals' given names in regular type; and (2) to add, in addition to the "white pages" business and residential listings and the Yellow Pages business listings, a third set of "blue pages" listing the numbers of selected governmental and public service agencies.

Inquiries may be addressed to the Texas Public Utility Commission, 7800 Shoal Creek Blvd., Austin, Texas 78757.
