(Q) I would like to know what I can do about the cotton that blows out of trucks that pass my house on Old Highway 80. I have lived here for years and every fall I have to pick cotton in my yard and around my house.

If someone from a car threw out a lighted cigarette, what a fire that would be if you should be asleep. A cotton fire is hard to put out.

(A) According to Buddy Hertenberger, the Mitchell County official of the Department of Licenses and Weight, state law exempts cotton trailers and burr trucks from the law of depositing.

He commented, "I wish wholeheartedly that there was something that we could do about the problem," noting that he had even contacted the Texas attorney general about it.

The only course Hertenberger could suggest was that the persons who have a complaint, work to get the City Council to pass an ordinance requiring that cotton trailers and burr trucks be covered.

City Manager Rick Crowley said, "We are aware of the problem. We also know that problems like that are inherent to agricultural areas."

He also said that citizens interested in pursuing the problem should contact him at city hall to get on the agenda of a City Council meeting.

In Mitchell County and statewide

Voter turnout heavy

Democrats made a strong showing throughout the state in Tuesday's election and Mitchell County was no exception with 52 percent of the registered voters turning out.

Democrats won every slot on the ballot 2 to 1 in Mitchell County, with the exception of the governor's race.

In Mitchell County, Mark White won the race for governor, receiving 1,385 votes to incumbent Bill Clements' 918.

Lieutenant Governor Bill Hobby will retain his position for another term according to county voters as he got 1,509 votes to 755 for George Strake.

In the contest for the office of attorney general,

county voters elected Jim Mattox with 1,556 votes over Bill Meiers' 667.

Dick Burnett carried Mitchell County by a sizeable margin in the State Representative race with 1,496 votes, while Don Dorsey received 646.

SEE PAGE 2 FOR COMPLETE ELECTION RESULTS.

In the U.S. Senate race, Lloyd Bentsen defeated his opponent, Jim Collins, by a 911 vote margin in Mitchell County.

As U.S. Representative for the 17th Congressional District, Charles Stenholm garnered 1,771 votes to James Cooley's negligible 19. Jim Hightower re-

mains the choice of county residents for Commissioner of Agriculture; he got 1,454 votes to 662 for Fred Thornberry.

Bob Bullock got the majority of Mitchell County votes for the office

of Comptroller of Public Accounts with a total of 1,511, as opposed to Mike Richards' 716.

The State Treasurer's office goes to Ann Richards with 1,554 votes. Allen Clark received 672

votes.

Garry Mauro won his bid to be Commissioner of General Land Office

by a large margin in Mitchell County with 1,544 votes to Woody Glasscock's 592.

Five of the six constitutional amendments passed in Mitchell County with Proposition Six

losing by a small margin. Proposition Three passed by a 2 to 1 margin.

Old-timer still singing

"This jazz stuff-I don't take too well to it; folk songs, either. I just take gospel singing," says R. L. Soloman, an 85-year-old who spends every Tuesday evening singing with a church group at various nursing homes in the area.

"It's good for these old people," he notes. "A lot of them sing

pretty good. We usually sing old songs, like 'Amazing Grace,' and a lot of them sing along. They really enjoy it."

Mr. Soloman took his first singing lesson at the age of ten: "I didn't want to go but my dad told me, 'You get your horse saddled and get started.' During those times, kids lived with

their parents, the parents didn't live with the kids-so what dad said, well, it went."

"After that school," Mr. Soloman continues, "I thought I knew the rudiments of music pretty good and then I went to another one and found out I didn't know anything."

But apparently he did learn his lessons well, as he wrote two songs that are included in "Happiness In Song."

Mr. Soloman was born October 15, 1897 in Freestone County, Texas and in 1905, he and his family moved to Oklahoma. It wasn't Oklahoma then, though. He explains, "It was Indian Territory, in Greer County. Well, in less than two years time, it was a state."

While in Oklahoma, the county where they lived was split up into two counties. The name of the half they lived in was named Beckham.

His residence in that part of the country bears a certain distinction: "I lived in Indian Territory, the state of Oklahoma, Greer County and Beckham County, all in the same house."

The family moved back to Fairfield in Freestone County after about two years and in 1971, he moved to Mitchell County.

"I lived out at the ranch until four years ago," he says. After his wife died, he moved into town and "I've been here ever since."

"I lived in that same house out there for about 60 years," Mr. Soloman says, adding, "That is, the same place. The house burned up (Aug. 3, 1963) and I

had to have a new house built, but it's the same place."

On his birthday last month, over 160 of Mr. Soloman's friends and fellow singers from about 100 miles got together.

Playoff hopes gone

The Wolves playoff hopes are gone with Ballinger's win over Crane and Ozona's victory over Coahoma last week.

The best the Pack could do is finish in a three way tie for first with Ballinger and Ozona if Sonora defeats Ozona and Coahoma beats Ballinger. Then all three teams would finish as tri-champs with 3-2 records, but Ballinger and Ozona would advance to the playoffs because they both defeated the Wolves.

Oursbourn wins for second time

Cecil Oursbourn of Colorado City became the second person to win two Jackpot Football contests.

Oursbourn turned in the contest's best prediction percentage as he only missed three of the 26 games. For his effort, Oursbourn picks up a fast \$25.

This is Jackpot Football's last week, so see how well you know your football. Play Jackpot football on one of the inside pages.

Halloween quiet for Colorado City

Local residents have washed the eggs off their cars and taken the t.p. streamers out of their trees, signalling the end of a relatively quiet Halloween weekend.

There were two incidents of a rock or similar object being thrown at cars, but other than

that, it was mostly routine, Colorado City Chief of Police Ed Wheat said.

Wheat commented that he "appreciated the cooperation received from the young people."

Also, no reports of candy that had been tampered with were received at Root Memorial Hospital.

Lions to celebrate 60th anniversary

The Colorado City chapter of the International Lions Club will celebrate its 60th anniversary with a banquet at 7 p.m. Monday, November 8 in the Civic Center, announced Lions Club President Rev. Monte Jones.

The main speaker for the event will be Everett J. "Ebb" Grindstaff, International Lions Clubs President.

Grindstaff, a Ballinger resident, has been a member of the Lions since May of 1954 and has been very active in the organization. Not only has he been a president of the Ballinger Lions Club and served as President of the Texas Lions League for Crippled Children, he has also been District Governor of District 2-A1 and part of the International Board of Directors.

Crafts Show nets profit

The 1982 Railroad Arts and Crafts Show did very well this year, according to the chairman J. O. Dockrey, with participants coming from Big Spring, Abilene, Odessa, DeSoto, Sudan and Houston.

A wide variety of crafts were displayed and sold, from woodwork and crochet to stained glass and many kinds of Western arts.

The Roundup, which is held every Fall, netted \$478.31 this year, Dockrey said.

pient of the Melvin Jones Fellow Award, Ambassador of Good Will Award and the International President's Awards.

Grindstaff became the International Lions Clubs President at the annual convention held in Atlanta, Georgia on July 3, 1982.

There will also be awards presented to some members for years of service, including Louis Elliott, who has been a Lion for 60 years.

Others receiving awards will be Dr. W. S. Rhode from Washington state, Congressman George Mahon of Lubbock, Joe Pond of Big Spring and Charles Thompson of Colorado City.

Passenger robs man of money

An 88-year-old Colorado City man was slightly injured Tuesday morning when he was robbed by someone to whom he had offered a ride.

The victim had offered a young man a lift and the young man asked for change for a five dollar bill and when the older man opened his wallet, which contained \$1,000 he had been saving to buy a car, the young man snatched the wallet from him and ran, scratching his hand in the process.

Colorado City police are currently investigating the incident.

Gainey to highlight Chamber banquet

Hollis Gainey, a former resident of Colorado City and presently Assistant Athletic Director of the Lubbock School System, will be the featured speaker at this year's annual Chamber of Commerce Banquet.

The announcement came Monday night at the Chamber's monthly board meeting. Gainey graduated from CHS in the mid-fifties and later went on to

college and received his master's degree from the University of Texas.

He married Nell Johnson of Westbrook and they have three children.

The Chamber Banquet is tentatively set for Thursday night Feb. 10th at the Civic Center.

Final plans including time, menu and entertainment will be finalized at the board's next meeting.

A RIBBON CUTTING CEREMONY was held on Wednesday morning at Big 3 Used Auto Parts. Pictured are (left to right): Charles Godwin, Chamber of Commerce Ambassador; Bob Green, manager; Dorothy and Bob Wheeler, owners; Linda McCombs, Chamber Manager; and J.O. Dockrey, Chamber Ambassador. In the back row are mechanics Art Nelson and Larry Evans.

LORAIN at FORSAN

Bulldogs face tough Forsan

The Loraine Bulldogs will close out the season tomorrow against possibly the best team they have played this season when they square off with the Forsan Buffaloes in Forsan.

The Buffaloes bring a 5-2-1 regular season record and a 3-1 district slate into the contest. They are assured of a playoff spot behind frontrunner Roscoe who handed the Buffaloes their only district loss 21-18, in a contest that Forsan had a chance to win if not for turnovers at crucial times.

Forsan coach Jan East returns eight defensive and nine offensive starters from a squad that went 3-7 last year in class AA. "The drop to A helped us, we had a hard time competing in AA because of our size," said East.

Meanwhile Loraine will be trying to end the season the way it started, on a winning note. Bulldog head coach Jimmy Fine rates the Buffaloes as an excellent team. "They are a fine football squad, they are awesome! They are big, and just line up and blow you off the offensive line. They have an excellent quarterback who can throw when he has to."

East's son, Todd, directs the Buffaloes T-attack. The 138 pound sophomore has completed 26 of 77 passes, most of them going to running back Brad Jenkins.

Forsan likes to keep the ball on the ground, running to the left behind 175 pound senior guard Raymond Miranda and 160 pound sophomore tackle Robin Hood. All three of the Forsan running backs carry the ball often, and all get their share of yardage. The leading rusher is Luis Boeker with 635 yards. He is followed by Daniel Bristol's 379 yards and Brad Jenkins' 245 yards.

Miranda, who East calls the best athlete on his team, anchors the Buffaloes 52 defense. He plays three positions, noseguard, linebacker or defensive end. The Buffaloes line him up wherever they think the ball is going. East thinks the only problem that his team might have is looking toward next week's first playoff game against Eden.

The Bulldogs are coming off of a 35-14 loss to Sands. Again the 'Dogs generated some offense, but the defense had a rough night as Sands rolled up over 400 yards on them.

Coach Fine will be hoping his troops can

stifle the Buffaloes attack. "We want to keep the ball away from them, make them drive the length of the field, and don't give up the big plays," said Fine. The Loraine mentor also singled out the fine defensive play of linebacker Tony Morris and cornerbacks Jerry Darnell and Adam Merket, who picked off his sixth pass of the year last week.

Darnell has been the main weapon in the Bulldog offense all year. The shifty running back has rushed for over 500 yards this season, and was the leading ball carrier last Friday with 67 yards on 16 carries. James Griffin, who was moved from running back to tight end has been a pleasant surprise for the Bulldogs lately. In the last couple of weeks, the 6-1 187 pounder has caught several key Merket passes. "James is coming along fine, he has always had the best hands of anybody on the team, but now he is learning to block," Fine commented.

So now it's the last game of the season and the Loraine Bulldogs are riding an eight game losing streak. They will be trying to change that tomorrow to start a new kind of a streak for next year.

Highway Patrol Report

Only two accidents were investigated by the Texas Highway Patrol over the last weekend, one involving serious injury to a motorcyclist.

At 12:15 p.m. on Saturday, Fred Allen Lentz of Westbrook was driving his 1975 Oldsmobile west on Interstate 20 South Service Road at Westbrook and George Juado was westbound on his Honda motorcycle. Lentz turned left into the Westbrook Cafe parking lot, failing to yield right of way to Juado and Juado ran into him.

According to Highway Patrolman Tom Johnson, Juado was taken to Root Memorial Hospital with compound fractures to both legs below the knees. A hospital spokesperson said that he was transferred to San Angelo.

The other accident occurred at 3:30 a.m. Sunday on Interstate 20 near Loraine. Kenneth Monroe went to sleep at the wheel and ran off the road, striking an exit sign with his 1982 Buick.

Wolfpack shoots for .500 season

By STEVE BELVIN
When the Colorado City Wolves and Crane Cranes hookup in the last game of the season tomorrow night at Wolf Stadium, quite a few things will be on the line.

The main goal of getting into the playoffs are out of the question for both squads. Even if Ballinger and Ozona both lose, then which ever team wins between Colorado City and Crane, a three way tie would prevail, but Ballinger and Ozona would still go to the playoffs because they defeated the Wolves and Crane. The Wolves will be out to try to salvage a .500 season while Crane who has a 7-2 record, will be out to prove that their early season success wasn't just luck.

Pride is also on the line as both teams will be trying to have a winning record in district.

Individual wise, Wolf running back Larry Hamilton will be trying to crack the 1,000 yard rushing barrier. His 170 yard performance last week raised his season total to 924 yards. Wolf sophomore quarterback Doug Chitsey will be looking to go over the 1,000 yard mark in total offense. He has run for 435 yards and passed for 488 yards as he closes in on the mark.

Crane has a trio of stars of their own led by Odessa Ector transfer Eugene Morris. The senior quarterback was an all district performer last year in class 4AAAA. The slick signal caller has thrown for 1,000 yards and rushed for 400. Crane Coach Rickey White will also use Morris at wide receiver at times because of his excellent speed.

Last year's all district running back Gilbert Ramirez will be the main ball carrier in the

Crane's I-formation. He has rushed for 804 yards and last week picked his way through a stingy Ballinger Bearcat defense for 149 yards. When the Cranes throw they like to go to tight end Clint Barrett who has 30 receptions for 750 yards. At 6-4 195 pounds, Barrett makes a very good target. Oscar Rosales, a 6-0 195 pounder who White calls his best blocker. "He is very good, and my most consistent blocker," said White.

Crane has a very solid defense led by all district linebacker Darrell Draper (5-8 180). It was five games into the season before they were even scored upon.

The Cranes have a monstrous defensive tackle in 6-1 284 pound Don Bishop. "He hasn't been blocked in the last two games. This is his first time ever playing football and he is an outstanding player with good quickness. Next year he will have a chance to be recruited to play major college football," said White.

The defense will also be strengthened by the return of defensive end Eddie Jones, a 6-1 201 pound senior. He has been out with knee surgery and played a little last week against Ballinger.

"Eddie Jones will be an added plus to our defense. He is the best athlete on my team and one of the best athletes in the state of Texas," White commented.

Last week the Wolves did what no other team has done all year, scored three touchdowns on the Sonora Broncos in a 21-13 victory.

The Pack used a defense that bended but did not break and offensive plays that were highlighted by Hamilton's running and the passing of Chitsey along with the receiving of

Stacey Tarter and Dennis Rivera.

Rivera was all over the field last week as he caught a key touchdown pass along with picking off his fifth and sixth interceptions of the season. Tarter had three catches for 87 yards, including a 41 yard touchdown pass.

For the year, he has caught 18 passes for 338 yards.

Wolf defensive end

Tom Rees played an outstanding game last week as he was in the Sonora backfield all night, aided by the help of his cohorts Donnie Davenport, Raymond Bassinger and Ruben Luera.

White feels the game will be a good contest because Colorado City is such a well coached ball club. "Their quarterback (Chitsey) is a good player and that little

running back (Hamilton) is very quick and runs hard. We feel that Colorado City is one of the better teams in district. The key to us winning is how well we block and tackle. I don't think that the fact that neither team can win district will affect the intensity of the game. I know my kids are going to play hard Friday night."

Varsity girls travel to meet Wildcats

The Colorado City varsity volleyball team travels to Ft. Stockton today for bi-district battle with the Fabens Wildcats, the winner of district 5AAA.

The game is a first of a doubleheader that starts at 5:30. Crane will play Alpine, the second place finisher in district 5AAA following the Fabens-Wolves contest. The winner of the Crane Alpine game plays Clyde from district 7AAA.

Fabens, under the direction of new coach Gloria Estrada finished district with a 6-0 mark, and the regular season with a 17-7 record. The Wildcats are a relatively small team, that likes to play power volleyball. Their tallest starters are 5-6 hitters Pricilla Salgado and Cindy Graham.

The other starters are Marcia Garcia, a 5-5 hitter, Brenda Gonzales, a 5-5 hitter, Martinia Atodaza, a 5-5 defensive player and Monica Estrada a 4-11 setter. All district performer Michelle Williams, a 5-6 hitter comes off the bench and does an excellent job in a reserve role.

According to Estrada, the Wildcats have beaten such teams as Ft. Hancock, El Paso Hanks, El Paso High and Laredo. She says she doesn't know that much about the Wolves, but they seem to have a good sound ball club and

she is looking forward to a good game.

The Wolves are coming off a disappointing loss to Crane. It marked the first time in eight years that the Pack has not won district. Wolves head coach George Martin feels good about his team's chances in tonight's tilt.

"We have been improving all year, we started slow, but we are getting stronger. If we get by Fabens we will get stronger," said Martin.

For the Wolves, Tomika Randle has been a vital cause to the front line all year, and Pam Wilson has been doing a good job setting in the Wolves 5-1 attack. Rounding out the Wolves starting lineup will be spikers Laura Baum, Stacey Harmick, Kerry Spivey and Della Ausbie.

Martin says his team played about as well as they could against Crane, but mental mistakes in the final match was the Pack's downfall. He has also been stressing this week for his team to be more aggressive. "We have to play more power volleyball and quit dinking so much," he said.

He said that he was pleased with the play of all of his starters in the Crane contest, and also praised the play of reserves Carolyn Green, Mona Molina and Robyn Turner. Martin said he

would also like to thank the fans for the large turnout for the Crane game, and encourages all fans to go to Ft. Stockton to back the Wolves in post season action. The winner of tonight's game plays Breckenridge next week.

Twelve Wolf footballers take gridiron for last time

We visited the Wolves senior football players and asked them how it felt to be playing their last football game wearing the red and black for Colorado City.

-Tip Chaney-"It's kind of hard for me to understand that this is gonna be it. I have looked forward to playing my senior year on the varsity ever since the seventh grade. Now it's down to the last game, and it's hard."

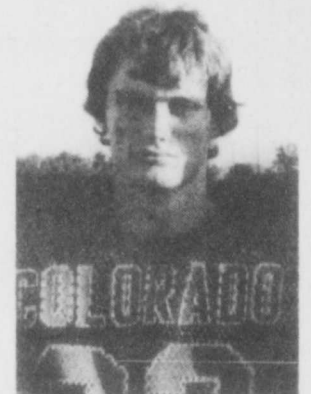

-Stacey Tarter-"Football has been my life for the last six years. I don't know what I'm gonna do when it's over. It is real depressing to think that it's all gonna be over. I want to go out in style, and the only way you can go out in style in football, is to win."

-Gerry Hamilton-"Football means a lot to me because it is the number one sport around here, and the number one sport to me. We have to win this game Friday night to have a shot at a tri-district championship. Crane is bigger, but we can get them on our quickness."

-Chris McKinney-"Over the last six years, football has been just about the only thing that I've ever really done. It's kind of hard to think that after next week I'll never get to put on another football uniform and go down to Wolf Stadium and play. It's hard to think that something you have strived to do your best in will come to a halt all so suddenly."

freshman year. We put a lot into it, and it's sad to see it go away without getting a district championship for it. It's gonna be real sad to have to take off the pads and never put them back on, but that's the way it is in life; you have to start over."

-Paul Wood-"Football has been very rewarding to all of us. It has taught us how to get along, and help build up our character. I think this game is going to be hard for us to play because we know it's our last time to put on that black helmet. We all will give a good effort."

-Willie Martinez-"This game is very important to us seniors because it is our last game and we need a win to have a 5-5 record."

we were cheated out of a game in Crane our seventh grade year. If you come out and watch Friday night you will see a well dedicated Wolf football team."

-Frank Torrez-"This game is very important to us because it is our last game and we know that we will never play again, it will be gone forever. It's just sad that we can't go to the playoffs, because I believe that we have the best team in district."

-Tim Beights-"It's important because it is my last senior game. It really means a lot to the seniors because of how

-Tom Rees-"This year went by too fast. I wish I could go back to the seventh grade and start again, but I can't. So I guess I'll have to try to go out and do all the things I've wanted in just this one game."

-James Blackwell-"I've been in the Wolf football program for five years now, and come Friday night it will all go down to 48 minutes, then that will be it for me. Our team is

devoted to winning for the Wolves and for the Wolves spirit. Friday night we will win for ourselves and all of the Wolves fans."

Game Day held at school

The student council at Colorado City Middle School sponsored a Halloween game day for their fellow students Wednesday at the Middle School.

The annual event which is usually on May Day was held for the first time during October. All students and faculty dressed in Halloween costumes with a \$5 cash prize being given to the student with the scariest and funniest costume. Jerry Hulme had the scariest costume and Toby Bell had the funniest outfit.

Numerous games were sponsored by students to raise money for a school project. Some of the games included football throw, softball throw, fortune teller and three legged race. The homemaker class baked cakes that were given away in the cake walk.

LHS Bulldog seniors comment on finale

The seniors on the Lorraine football team had these comments about playing their final game as a Bulldog.

John Wells

Rodney Blankenship

—Steve Morris—"I want to play the best game that I can. I want to hit them hard; make as many tackles as I can and block good."

—Ruben Garza—"I want to go out there and play the best game that I can. I want to show the people that our team is not as bad as everyone thinks."

—Jerry Darnell—"I want to play as well as I can Friday night. I want to show the people that we still have a good team, even though our record doesn't indicate it."

—Adam Merket—"Friday night is very special to me because it is our last ball game. It seems that we have things to prove to the town, and that's what my goal is; to go out there and prove what we can do."

—Margarito Rodriguez—"I'm not gonna play Friday night, but I'm still gonna be behind them. We are still a team, and I am not going to give up on them."

—John Wells—"I'm going to give it my best shot, try to win."

Lorraine Senior Rodney Blankenship will also be playing his last game Friday night, but was unavailable for comment due to illness.

Stenholm urges farmers to participate in program

With farm prices continuing to hover at the lowest levels recorded since the 1930s, Congressman Charles W. Stenholm is urging farmers to participate in the

1983 farm program as a first step on the long road back to profitability.

Stenholm, speaking recently to farm groups

in several states and at a Lubbock press conference with other Texas farm leaders, has repeatedly emphasized the necessity to bring agricultural production into line with demand and to lower costs to taxpayers.

"We come back to the age-old problem that hounds the agricultural industry," Stenholm said. "When agricultural supplies are high, market

demand is down and prices drop accordingly. When prices drop, farmers invariably rely on increased production to make up the difference and the cycle is repeated. More production, less demand, lower prices. We have to break that vicious cycle."

At the recent Lubbock farm meeting, attended by Congressman Kent Hance and commodity leaders in rice, cotton,

feed grains, wheat, dairy, as well as major farm organizations, Stenholm said all economic studies indicated that higher levels of participation in farm programs by farmers can contribute to increases in commodity prices.

"The more farmers who take part in the set-aside, the more land is taken out of production and the more close-

ly supply comes into line with market demand," he told the group.

The participation push outlined at the press conference is part of a large effort to get farmers united behind a common program. This includes the formation of the Texas Agricultural Forum. Stenholm, along with commodity leaders and Texas farm organization officials, started the Forum ear-

lier this year. Its format is based on the Conservative Democratic Forum that Stenholm initiated during his first term in Congress.

"The Forum is not a replacement for existing farm organizations," Stenholm said, describing the young organization that is beginning to attract attention from neighboring farm state groups. "Neither does it compete with

them. Rather, it complements and assists their work by bringing producers from many different general and commodity organizations together.

"Our aim is to bring different farm views together, work on areas of agreement and eventually develop a consensus on opinion on what the options for agriculture are," the Stamford Democrat said.

Gressett memorial given to church

On Sunday, October 24 at the Westbrook United Methodist Church, the pastor, Rev. Charlie Mack Lummus spoke a dedicatory message after a repository had been presented to the church as a memorial to the late Mary (Gressett) Reed.

Donors were a daughter, Maria (Reed) Foust and son, Jason Faust of Big Spring, and Mr. and Mrs. J. W. (Winnie Faye Gressett) Hood of Albuquerque, NM.

They were in attendance at the dedicatory service along with other family members, including Mrs. Smut (Reecie Gressett) Swafford of Colorado City, Mr. and Mrs. Tommy Gressett of Mineral Wells, Donald Gressett and son, Tommy, of Snyder and Mrs. Leroy (Thelma) Gressett of Westbrook.

J. W. Hood, a former teacher in the Westbrook school system and a past choir director of the Methodist Church, presented special music, accompanied by Laverne Moody at the piano.

The Gressett family were early day settlers of Westbrook and have played important roles

in the development of this area.

Letter to the Editor

To the Editor:
They say our nation has been Reaganized
On this I am convinced
I know everything is homogenized
Or is it condensed?
No matter what you call it
There is more of us concerned
I think we all will admit
That a few of us have learned
The more we try the less we get
A future we cannot see
We are facing things we have never met
And that is confusing to me.
A simple life is all I want
I will work hard for that
I'll do my do's and all my don'ts
I think that is where it's at
But with Reaganized, homogenized & condensed

My world is a lot smaller
Everything I touch is so miniced
I don't know who to follow
So I will do the things my Daddy did
I will go just one way
I'll follow the truth, the lies I've hid
And then I will stand and pray
Whether it be a Kennedy, Ford, Carter or Nixon
I don't know where to put the blame
But Reaganization has done the fixin'
And I think that's a shame.
So follow your heart-the truth's not there
On this I think I know
And in the end we will all share
A different kind of show.

Hypertension

A major health problem

Hypertension, or abnormally high blood pressure, is one of the most prevalent health problems in the United States and is also one of the major contributors to heart attacks and strokes, reports Dr. Mary Ann Shirer, health education specialist with the Texas Agricultural Extension Service, Texas A&M University System.

Although progress has been made to increase public awareness of hypertension and to develop effective ways of treating it, the problem still remains a major health concern.

Leaders of an industry-funded symposium on nutrition and blood pressure control recently gave these guidelines concerning hypertension. They recommended that people:

1. Define their risk status, including diabetes, obesity, and family history of the disease.
2. Check blood pressure regularly, whether or not they are in a high-risk group.
3. If pressure is normal, continue present lifestyle.
4. If pressure is slightly high, begin a program of moderate exercise; lose weight, if needed; and reduce salt intake as necessary.
5. Stop smoking and cut down alcohol intake.
6. If over 40, get a doctor's advice on exercise and take a stress test.
7. Do not drastically alter your diet by cutting out all fat or all salt-containing foods, or by following only a high fiber diet. If you cut out dairy products because they contain salt, you will also lose calcium, which is essential to blood pressure regulation.
8. If sodium-sensitive, follow a prescribed medical diet. Persons with normal blood pressure need not restrict their salt intake, but prudent use is advised.
9. If your doctor decides that you don't need medication, but insist on it. It's better to regulate blood pressure through diet and exercise than with chemicals.

Loraine High School

By MELISSA CLIFTON
DEE ANN PULCHER &
SHELLY MARTIN

Homecoming week was a very busy one for Loraine High School.

Thursday the student council held an activity period. They put on skits and impersonations of the teachers. There were also contests in which the students participated. We all enjoyed taking part in homecoming activities. In the previous article we

mentioned the "Spirit Link" contest; the seniors showed their spirit by winning this particular contest. Thursday night the high school cheerleaders led the pep rally in the gym. This was a great success. The gym was decorated in black and gold. A large crowd attended to support them. The bonfire followed the pep rally. As the bonfire went up in flames, the band played our fight

song and also played a couple of other songs.

Friday was the big day. We were all tired from the week's activities but we were excited about the coming game. Jay Beaty was announced the winner of the "Turkey Leg" contest. We played against Sands that night. At halftime, Hortencia DeLoera and Adam Merket were announced homecoming King and

Queen. After the game, the homecoming dance took place. We all enjoyed it. Seeing the exes again made up for the loss of the game.

Saturday a luncheon was held for the exes. There were a great number present and happy to see their former classmates.

On Tuesday, November 9th at 7 p.m., the faculty will play a basketball game against some of the high school students in the gym. We are counting on an exciting game. We would like you to come and join us if you can. It will be something to remember.

Loraine alumni enjoy homecoming festivities

Activities at the Loraine School Homecoming began with a pep rally and bonfire Thursday night.

Friday night the Loraine Bulldogs played Sands High School and the program was held at one p.m. Saturday.

The Bulldogs lost their game to Sands Friday night, but all enjoyed a fine show at halftime. The Loraine band performed, Homecoming Queen and King, Hortencia DeLoera and Adam Merket were announced.

Hortencia was escorted by her father, Raymond DeLoera and by Ricky Banks, No. 64 Bulldog. Miss DeLoera was presented a bouquet of roses.

Betty Draper Hackfeld and Joan McAdams Merket were chosen Coming Home Queens and presented roses.

Exes and guests registered at the school cafeteria at 10 a.m. Saturday. A meal was served at noon and Ronnie Blair, president, presided over the business meeting at 1 p.m. Willie Taylor gave the invocation. Debbie Blair read minutes of last year's

homecoming. These two were re-elected to serve for the 1983 Homecoming.

Mrs. Clara Butler was recognized as graduating from the earliest class, that of 1912. Bobbie Beaty Mott from Alta Vista, Calif., came the farthest distance and the class of 1929 had the largest group present.

The class of 1952 was recognized. James Clifton was spokesman for the class and introduced each member. They in turn told what had happened in their lives the past thirty years.

The program was presented by Donald Richard and Glenda Richard Pruitt, with Golda Cary Redwine accompanying at the piano. These three entertainers always receive a standing ovation. Elvie Lee, class of 1944 was present and old classmates urged him to play. He said he never played any more but he showed he still was at ease and master at the piano. He was pianist for all activities of Loraine High School back in his day, and welcomed home again.

Ronald Bruce gave the benediction.

After the program, Ronald, class of 1952, invited the class to the Conference Room of First State Bank where they enjoyed an hour of visiting.

They recounted happenings of their school years together, showed pictures of those years and the present and had coffee and refreshments. There were seven of the 14 class members present. They were Ronald Bruce and wife Nelda, Wayne Reddin, Betty Draper and Raymond, Joan McAdams Merket, Mary Munoz, Don Martin and wife, Nancy, James Clifton and wife, Shirley.

Later all exes and guests were invited to gather at the old Brownlee School house where they enjoyed music by a band made up of elderly musicians from Sweetwater and they enjoyed visiting, dancing, etc.

Save energy and money at home by learning how to insulate, caulk and weatherstrip — it's easy when you know how. Just call us, or ask for our "Unhandy Person's Guides" on the comments portion of your bill.

It's important to learn ways to conserve energy, especially since we're having to pay more for fuels to make your electricity — partly because another of our contracts for low-cost natural gas has expired, but mainly because the price of all fuel continues to rise.

Computer in works to aid crop insurance

The computer is coming to the aid of farmers considering the new "all-risk" federal crop insurance program in their production and financial plans.

The Texas Agricultural Extension Service of the Texas A&M University System has been awarded a \$186,000 grant from the U.S. Department of Agriculture's Extension Service to develop microcomputer software (programs) related to the year-old crop insurance plan.

The grant is for the specific purpose of developing a microcomputer program that will enable farmers to analyze their exposure to crop production risks and to evaluate the effectiveness of USDA's all-risk crop insurance program and private crop insurance plans as risk management tools.

"The recently expanded federal all-risk crop insurance program has been plagued by confusion among farmers on how it works, its benefits and costs," said Steven C. Griffin, Texas A&M University agricultural economist and project leader for the grant. "Many farmers

have been discouraged by the program because of its complexity and the large number of options from which they must choose."

The new all-risk crop insurance package, with its expanded coverage and benefits, is also fighting residual resistance to the old program of federal crop insurance. "All-risk" is really a much better product and deserves a look by farmers, the economist said.

"We hope to come up with a computer program that will help farmers sort out the facts about crop insurance and how it can fit into their operations," noted Griffin. "The computer package should aid farmers in organizing their

information and processing data into useful results for decision-making."

The federal grant provides for distribution of the computer software package on a number of popular microcomputer systems.

The economist pointed out that the federal government pays a 30 percent subsidy on the crop insurance pre-

miums and that congressional appropriations pick up the tab for all administrative and sales expenses. So, all-risk insurance should, in theory, actually pay farmers more indemnities in the long-run than they pay in premiums.

"The major and sometimes unseen benefit of crop insurance is the security it provides by off-setting the poten-

tial adverse financial crop losses," Griffin said.

Bob Kimbrel is one of Lone Star's gas buyers who constantly shop the Southwest for gas value and quality, and for contract terms that are favorable to you.*

300 smart buys a year help keep gas first in efficiency.
From offshore and onshore. From East Texas, far West Texas, West Central Texas, North Texas, the Gulf Coast and Oklahoma. From 20,000 wells and 790 producers in 690 different fields, Lone Star gets you the gas you need.
Like you, we buy our gas.
Lone Star buyers shop for value and quality, and for contract terms that are most favorable to you.
These purchase/delivery transactions are extremely complex. The buyer needs to know the good gas from the not-so-good, the rich source from the skinny one. Each buy has its own variables, and we make about 300 new buys a year.
Our buyer may have to bid against as many as 15 others from all parts of the country. And Lone Star's delivery system must be right there. Able to move the gas from the wellhead directly to your home. Today, that requires 32,000 miles of pipeline. And the system keeps growing.
There's plenty of gas. But it takes a smart buy to secure it. And a mighty pipeline system to deliver it.
Lone Star has both. We get you the gas you need.
