Ike Wants Flexibility In Handling Indochina Crisis

DICKENSON AND WIFE

Cpl. Edward Dickenson talks with his wife, Lottie during a recess in Dickenson's court Martial at Washington, D.C., on charges that he collaborated with his Chinese captors while a prisoner of war in Korea and informed on his buddies. In background is an unidentified military policeman.

Planes Able To Get Through To French

HANOI, Indochina (AP)—French warplanes swooped down through cloudy skies today to hammer at Vietminh troop concentrations, ammunition dumps and supply routes from Red China leading to besieged Dien Bien Phu.

The French high command reported no important land fighting around the threatened northwest Indochina fortress. French Union defenders continued violent artillery duels with the Communist-led rebels pounding away at the heart of the Dien Bien Phu plain.

Transport planes roared in low over the fortress, braving Vietminh antiaircraft fire to dump more tons of ammunition and other war supplies to the embattled fortress and its isolated southernmost strongpoint, cut off from ground contact with the main defense area.

The Vietminh had stepped up pressure against that outpost—"Isabelle"—in scattered fighting around the fortress yesterday.

French military sources believe the Vietminh soon will try to smash the isolated strongpoint and then move northward to tighten their noose around the main fortress area, three miles away.

The defenders continued to throw up additional fortifications inside the heart of the fortress, whose perimeter has narrowed to less than a mile in diameter.

In Saigon, Prince Buu Loc, premier of the Indochinese state of Viet Nam, came out flatly today against any dismemberment or partition of his war-stricken country, such as the Soviet Union and Red China have been reported ready to propose at the Far East conference in Geneva.

This stand already has been expressed on several occasions by Viet Nam's chief of state, ex-Emperor Bao Dai, who is in France negotiating with the Paris government on his country's status. Buu Loc supported this in a statement issued just before he left Saigon to join Bao Dai in France.

3 Dry Holes Are Quit In This Section

Three projects, one each in Scurry, Howard and Nolan Counties, have been quit as dry holes.

The Scurry County failure is Woodson Oil of Fort Worth No. 1 G. H. Marley, which was drilled to total depth of 8,345 feet. It was 660 feet from north and 1,980 feet from west lines of section 600-97-H&TC, four miles north of Fluvanna. That location was one-half mile northwest of an Ellenburger failure, and two and one-half miles northwest of Fred Goodstein No. 1 Mathis, a Strawn discovery.

The No. 1 Marley was in the same half section as Woodson's No. 2 Marley, an Ellenburger failure which Woodson re-entered for tests of the Strawn. The No. 2 Marley has also been quit although no plugging report has been filed with the Railroad Commission.

Texas Pacific Coal & Oil No. 1-B Spencer, North Howard field test, is preparing to abandon operations after a drillstem test in the Ellenburger from 9,997-10,065 feet.

The tool was open one hour with a blow of air which died after eight minutes. Recovery was 90 feet of drilling mud and 230 feet of gas and sulphur water-cut mud. Flowing pressure ranged from zero to 225 pounds, with 30-minute shut-in pressure 4,050 pounds. Total depth was 10,065 feet, with top of the Ellenburger at 9,915 feet.

Payne, Johnson & Byars No. 1 Hale, Northeast Nolan wildcat, has been plugged and abandoned at 6,280 feet, and reported no shows for possible production in drilling to that depth.

The project was two and one-

Two Strong Quakes Off Mexican Coast

BERKELEY, Calif. (AP) — Two "strong" earthquakes, apparently centered off the west coast of Mexico, were recorded early today on American seismographs.

Assistant seismologist Don Tocher of the University of California located the center in the Gulf of California, perhaps off Guaymas or Mazatlan.

The first shock, recorded in Berkeley at 5:52.18 a.m. (EST) was "very strong," Tocher said, and the second "even stronger." The second recording, intertwined with the first, began at 6:37.22 a.m. (EST). The recordings lasted for four hours.

There was no immediate report from Mexico.

Duval Court Fight Before State Jurists

AUSTIN (AP)—The Court of Criminal Appeals today studied arguments whether or not it has jurisdiction in a fuss over the discharge of a grand jury commission in the Duval County bailiwick of political boss George Parr.

Attorneys for the commission said yesterday the court does have jurisdiction. The other side contended it does not.

The suit was brought by members of a grand jury commission discharged by 79th District Court Judge A. S. Broadfoot shortly after he succeeded ousted Judge C. Woodrow Laughlin of Alice.

Broadfoot, called out of retirement to fill the post by appointment of Supreme Court Justice J. E. Hickman, sat with his wife in the court room yesterday and listened to the oral arguments.

It was not known how long it will take the court to reach a decision.

Broadfoot had said the commissioners, appointed by Judge Laughlin, did not use due care and deligence in selecting fair and impartial grand and petit jurors in the turbulent affairs of Duval County.

Beaumont attorney E. B. Votaw, representing the jury commissioners, told the appeal court yesterday, "It's time undeclared martial law in Duval County be stopped."

He said Broadfoot's order discharging the commission was drawn after a "secret hearing guarded by Texas Rangers" and attended by the attorney general and members of his staff.

The commissioners and grand jurors, he argued, were held up to "scorn and ridicule" by the action which he said was without a testing of their qualifications to serve.

Child Custody Suit In Court

A jury was selected this morning from a panel of prospective jurors seated in a near-full courtroom for the civil district court child custody case of Peggy Nell Merritt vs. Glen H. Merrit.

Approximately 30 witnesses are expected to testify in the case, trial of which was to begin at 1:15 o'clock this afternoon. The entire morning was used in questioning the jury panel before selection of 12 jurors at noon.

The case concerns custody of a small child. A divorce suit between the plaintiff and defendant is pending in the same court.

Representing the husband in the suit is Eldon Mahon of Colorado City, district attorney for the 32nd judicial district, which formerly included Scurry County.

Attorney for the mother of the child is Garland Armstrong of Snyder.

Judge Sterling Williams is presiding.

Jurors chosen were M. L. Galloway, W. D. Casebolt, L. A. Berry, Raymond Hill, L. Z. Bridgeman, John R. Covey, Jr., W. W. Wood, P. W. Cloud, John W. Jordan, Kenneth Knollenburg, Arthur Duff, and J. P. DeSharo.

Testimony In Dickenson Case

WASHINGTON (AP)—An Army major testified today that the Chinese Communists told Cpl. Edward S. Dickenson that if he went home "he would suffer physical harm and possibly be killed," and that even his family might be harmed."

Maj. John Bojus, a member of the Army explainer group which talked with prisoners of war who elected to stay with the Communists in Korea, was called to the witness chair at Dickenson's court-martial in an apparent move to establish that the corporal was "buttered up" to make a self-incriminating statement.

OKLA. TORNADO WARNING AS DUST HITS PANHANDLE

By The Associated Press

Two masses of cold air bore down on Texas Thursday, setting off turbulent weather predictions.

The Weather Bureau issued a warning of possible tornadoes in a diagonal line across Oklahoma for noon to 6 p.m.

No warnings had been issued for Texas, but the bureau said thunderstorms probably would start west of Wichita Falls, extending northeastward across Oklahoma —and move southeastward.

At mid-morning, Dalhart in the upper Panhandle, reported seeing a bank of dust moving in from the northwest.

Temperature drops of 15 to 20 degrees were predicted as the cold fronts moved into North Texas. A low in the middle 30s was predicted for the Panhandle Thursday night.

Cold fronts were moving in from the north and west. The western one was deep in the Texas Panhandle at mid-morning. The northern one was in southeastern Colorado and southwestern Kansas.

Waiting for them in Texas was a massive bulk of warm, humid air.

Weather forecasters said such conditions spawn turbulent weather.

Thursday was the third day in a row for tornado threats in Texas.

Temperatures, meanwhile, were mostly in the 70s across the state and ranged from 50 at Dalhart, back of the front, to 74 at Laredo, Houston, Corpus Christi and Brownsville.

At the same time, East Texas was generally cloudy and West Texas was clear to partly cloudy. There was no rain.

Twisters were reported Tuesday in the Big Spring area and again Wednesday in the vicinity of Waco, host little more than a year ago to a mammoth killer tornado that wrought death and destruction.

Highway patrolmen tracked two twisters until they broke up near West, 19 miles north of Waco, without touching the ground. Residents in the China Springs and Coyote communities in Waco's vicinity reported seeing tornado funnels aloft.

While Waco had only a hard shower, rain and heavy hail pounded Valley Mills, while China Springs, Coyote and Whitney had hard rains. All are in the Waco area.

Forecasts called for thundershower and thundershower activity in every part of Texas except the western portion. Some rain was expected in the Panhandle Friday.

A Waco meteorologist said Wednesday he did not believe there was enough cold upper air around the storm-jittery city to give a twisting funnel the punch needed to smash to the ground.

It was possible, with two cold fronts moving in, that such conditions would be made to exist Thursday. Wednesday's tornado warning covered an area bounded by Waco, Mineral Wells, Sherman and Longview.

At 6 a.m., CST Thursday, there had been no additional warnings and the Waco-Mineral Wells-Sherman-Longview alert had long since expired.

South Scurry Farm Planted By Neighbors

Sam Haggerton, farmer who lives nine miles southwest of Hermleigh, has experienced several recent events he believes are good for heart trouble.

Haggerton was in Johnson Hospital at Loraine several weeks with critical heart disease, having suffered numerous attacks. His son, Billy Haggerton, stationed as a military policeman in Germany, was flown home on emergency leave.

About three weeks ago, Haggerton's condition was such as to allow him to remain at his home. The son went back to the army but was discharged a week ago to help operate the farm. Last Friday neighbors came with tractors to plant his cotton for him, but rain sent them home again. They returned Tuesday night and planted the cotton and plowed but had to quit just before the job was finished because of another half-inch rain.

"They were nearly finished," Haggerton said, "and they were all happy about the rain and about helping a fellow, although I didn't feel they should have left their farms to do it. I guess we never appreciate our neighbors enough until a heart condition shows us their hearts."

92 Degrees Yesterday

Temperatures rose to the highest they had been in three weeks yesterday when they hit a high of 92 degrees. That is not the highest of the year so far, however. The highest was 97 on April 6. Low last night was 59, and reading at 7:30 o'clock this morning was 68, according to Mrs. D. P. Strayhorn, weather observer.

RALPH YARBOROUGH
. . . to try again

Yarborough Is Making Race For Governor

AUSTIN (AP)—Ralph Yarborough, unsuccessful candidate against Gov. Allan Shivers two years ago, announced today he will seek the governorship again.

Yarborough, 51, said he made the decision to run because "as a Democrat, I will not stand idly by while the Democratic party is again betrayed."

"Hundreds and hundreds of people have phoned, wired, and written me, and thousands of others have petitioned me, to enter the race for governor, in order to stop the governorship of Texas from going by default to a power-mad political machine," Yarborough said in a prepared announcement of his candidacy.

Calling the coming campaign the "highest call to duty I have ever had," Yarborough said he will "represent the plain people of Texas in this campaign."

Move Would Halt His War Powers

WASHINGTON (AP)—President Eisenhower said today his flexibility in handling the Indochinese problem would be hampered by any requirement that he get prior approval from Congress on sending troops there.

At the same time, Eisenhower told his news conference, the United States will not become involved in war except by constitutional processes. And he noted that the Constitution says only Congress can declare war.

Several members of Congress have been outspoken against any idea of sending U.S. forces to help the French fight Communists in Indochina.

Rep. Coudert (R-NY) has proposed an amendment to the Defense Department appropriation bill which would prohibit the use of any of its funds to send U.S. troops into combat without congressional approval, except to uphold treaty obligations or in self-defense.

This amendment, if adopted, would have the force of law; also Rep. Bennett (R-Mich) prepared for introduction in the House a resolution which would advise the President that Congress opposes sending troops to Indochina without prior approval by Congress.

Eisenhower said the prohibition in the Coudert amendment could not fail to damage the President's flexibility in taking actions for the best interests of the country.

He said, however, this government will go only so far as Congress has authorized in the matter of providing aid and equipment to the anti-Communist forces in Indochina.

He declined to be led into any detailed discussion of further American action in the Southeast Asia conflict. He said that it would be inappropriate for him to speculate at a time when the big powers are in conference at Geneva.

Rep. Sikes (D-Fla) proposed earlier today that the United States supply the French with atomic bombs for use in Indochina to "get the war won so we won't have to send American boys there."

The A-bomb matter did not come up at Eisenhower's news conference, however.

"We have all kinds and all sizes of A-bombs that have never been tested in conventional warfare," Sikes said in an interview. "Let's see if they work."

He said the Indochinese war, in which French and native troops have been fighting Communist-led forces for more than seven years, "is becoming serious enough so that we had better use every weapon we've got to win it."

Sikes, a member of the House Appropriations subcomittee which handles Army funds, said he opposed sending American forces to Indochina without prior congressional approval but would back maximum material aid to the French.

Bennett said in a statement he was offering his resolution because "events of the last few weeks make it appear that the pattern of Korea may very well be repeated all over again in the case of Indochina . . .

"How many Koreas must we have before Congress will reassert its constitutional prerogatives?"

Vice President Nixon has said that "in the unlikely event the French withdraw, this country may be obliged to send troops to Indochina.

Coudert said his amendment is intended to support "the President's declaration that he would not intervene in Indochina without congressional approval."

He told the House yesterday he could see no objection to his proposal and said it could not "be construed in any way as reflecting weakness of the United States or undermining our negotiators at Geneva."

But Chairman Taber (R-NY) of the House Appropriations Committee termed the proposal "ridiculous" and predicted its defeat.

He said, "It would be a sign of weakness that would get us into war by tipping off our hand to the Russians."

Taber predicted the big money measure would pass without major changes. It is $1,206,348,500 less than President Eisenhower requested, but some of the cuts were volunteered by the armed services.

There was no apparent move to restore any major cuts, although day-long debate yesterday reflected growing House concern over Indochina and the possibilities of further American involvement there.

Sikes told his colleagues that "war may come to us in Indochina tomorrow" because the French may pull out and "we may be forced to fill the void."

Rep. Mahon (D-Tex) said that he didn't want to see U. S. troops in Indochina "but I do not favor telling the enemy whether we are going to send them there or not."

Tremendous Russian Strength Estimated By U. S. Experts

WASHINGTON (AP)—Two new estimates were before the American people today on how their air strength stacks up against Soviet Russia's:

1. Word from U.S. diplomatic sources that there has been a "rapid increase in Soviet air potential" through the conversion of much of Russia's 20,000-plane force to modern jet planes.

2. A statement by Rep. Scrivner (R-Kan), chairman of a House Appropriations subcommittee handling Air Force funds, that the United States outnumbers Russia 3-2 in the air and that the Soviets have no long-range bombers able to reach the United States and return to home bases.

The views were given out at the time of these events in Washington and elsewhere—

Congress was considering the annual Air Force appropriation bill. Adm. Arthur Radford, chairman of the Joint Chiefs of Staff, had just talked with President Eisenhower after a hurried trip to Europe and a visit with British Prime Minister Churchill. The North Atlantic Treaty Organization (NATO) was reassessing its own and Soviet strength in the air, on the ground and at sea.

The diplomatic officials, who may not be named, yesterday made available an over-all summary of Communist military strength—six million men under arms in Russia, Eastern Germany and the satellite countries.

They figured that 4½ million of the six million are in ground forces; that 22 divisions are in Germany, constituting "a ready-made spearhead" for a rapid advance into Europe; that the bulk of the 22 divisions are armored outfits with nearly a complete complement of tanks and self-propelled guns.

Backing up the 22 divisions are another 60 Soviet divisions based in western Russia and Eastern satellite nations. And the satellites themselves have about 80 divisions, twice the strength of 1947.

Communist air strength was calculated this way by the diplomatic officials:

New types of medium and heavy bombers, including jet models, have been observed. (These presumably would include at least two new designs of long-range planes, one four-engined, another six-engined, powered with propellers driven by jet engines. The six-engine bomber obviously is intended to counter the U.S. Air Force B36.)

Since 1951 the number of medium bombers, called by the Russians TU4 and closely resembling the appearance and capability of the American B29 or B50, has doubled.

Almost all Soviet fighter planes now are jets; in 1951 only 20 per cent were of these modern types.

In 1951 the Red air force fleet of light bombers had no jet-powered planes. Now more than two thirds of the light bombers are jets.

The diplomats said the Soviet air force remains at a steady overall strength of about 20,000 planes but that it is the thorough-going modernization that is increasing the potential so fast.

Scrivner told the House, during debate on military appropriations, that balanced against Soviet air strength were more than 21,000 planes of the U.S. Air Force, plus 10,000 more Navy and Marine planes.

Ft. Monmouth Case Brought Back Into Joe-Army Probe

WASHINGTON (AP)—Secretary of the Army Stevens testified today he was apprehensive the Ft. Monmouth, N.J., commander was moving too fast against alleged security risks last October. He said it was "entirely possible" the commander, Maj. Gen. Kirke G. Lawton, had been asked to withdraw some suspensions.

Stevens had been confronted at the McCarthy-Army hearings with a statement by Lawton that Army Counselor John G. Adams telephoned him early in November urging him to "dismiss certain security cases" at the Army radar research center.

In a dramatic development, Ray H. Jenkins, special counsel to the Senate Investigations subcommittee, produced the memorandum, "not two hours old," saying Lawton had dictated it in Jenkins' presence.

The memo was handwritten in ink. Jenkins said Capt. Joseph E. Corr Jr., aide to Lawton, had taken down the general's statement.

Jenkins termed the memo of vital importance to the contention by Sen. McCarthy—denied by Stevens—that Stevens sought to stop the senator's investigation of alleged subversive activities at Monmouth.

The special counsel conducted such a hammering cross-examination of Stevens that Joseph N. Welch, special counsel to the secretary, protested Jenkins was going at it as if it were a "murder trial."

Stevens swore that he had no recollection of the purported telephone conversation between Adams and Lawton.

But Stevens said it could be "entirely possible"—that it was "conceivable"—he had told Adams he had better call Gen. Lawton.

Stevens said he did recall that last Oct. 31, he had talked to Gen. George I. Back, chief signal officer, and told him he wanted the Army's commanding generals to exercise "careful and good judgment" in carrying out the government's program to weed out security risks.

The secretary said he told Back he did not want the removal of employes at Ft. Monmouth to be done so rapidly that people would be suspended without sufficient evidence to support the action.

And, Stevens said, he told Back he was "apprehensive that Gen. Lawton might be moving in that direction." He added he was afraid that unfair suspensions would take place.

If there were any doubt about employes, Stevens said, he wanted them out, but he said he emphasized that he wanted the security program conducted in a fair way and not just on the basis of "meager or almost non-existent information."

The secretary said that, with that background in mind, he might have talked with Adams and had him call Lawton, but he reiterated that he did not recall such a conversation.

Stevens testified that between January and March of this year, the Army had "weeded out" 170 individuals as security risks where there has been a "loyalty connotation."

When McCarthy's turn came, there was a flare-up from Stevens at one point. The secretary said he "objected violently" to an implication by McCarthy that McCarthy's investigation of alleged subversion at Ft. Monmouth would have had no success if Lawton had not been commander there.

"Thank God he (Lawton) had guts," McCarthy had declared.

McCarthy said a general who was promoted at the time Lawton was passed over had refused to suspend one of the men at Ft. Monmouth who later was suspended by Lawton.

The man, McCarthy said, was known to have attended Young Communist League meetings "with Rosenberg, the man who was executed."

McCarthy asked whether Stevens had asked that Maj. Gen. Richard C. Partridge not be called as a witness at a public hearing because of "incompetence."

This was a reference to a McCarthy hearing at a time when Partridge was assistant chief of staff, G-2 (Intelligence).

Stevens said he may have suggested that Partridge not testify because "we don't like to have our intelligence officers in public hearings."

As McCarthy's questioning time expired, the committee took a recess for lunch. It was to meet again at 1:30 p.m.

There was long questioning from Jenkins before Stevens conceded that he might have had Adams call Lawton.

HONOR GRADUATES HERE

Mira Nell Caswell, left, daughter of Mr. and Mrs. Cecil T. Caswell, 3757 Dalton Drive, is valedictorian of the graduating class at Snyder high school this year. Monnie Hedges, right, son of Mr. and Mrs. Bushy W. Hedges, who live in Westridge addition, is the salutatorian. Miss Caswell has a grade average of 94.39 for her four years in high school, and Hedges has an average of 93.94. Molotov Wants All Others Out Of Asia

GENEVA (AP) — Soviet Foreign Minister V. M. Molotov told the Geneva conference today he agrees entirely with the Asia-for-Asians declaration of Chinese Communist Foreign Minister Chou En-lai.

Molotov, in his first policy speech before the 19-nation conference, said a peaceful solution of the Korean problem can be found if the delegates proceed "from the principle that the peoples of Asia have the full right to settle their affairs themselves."

"Other states, the participants of the Geneva conference," he said, "are called upon to assist the Asian peoples in this respect by their friendly efforts."

Molotov spoke after Australian Foreign Minister Richard G. Casey told the conference some United Nations troops may have to remain in Korea until the divided peninsula is unified under a Democratic government. Many diplomats here are convinced this may never happen—at least not in the near future.

Outside the conference hall, a French source reported talks between Russia and France for a truce at Dien Bien Phu to permit evacuation of French Union wounded have virtually collapsed.

Informants said Molotov and French Foreign Minister Georges Bidault exchanged heated words at a dinner last night, with the Soviet diplomat expressing surprise that Bidault had injected the truce question into a discussion of what parties should participate in settlement of the Indochinese question.

Bidault replied that he was just as surprised that the Russians had violated confidences by disclosing his request without notifying the French beforehand. Molotov said he did so to counteract what he called tendentious articles in the world press. The Russians repeated that a truce should be arranged here; the French said it should be done by field commanders in Indochina; neither side would budge and there the matter rests, with no further meetings on schedule.

The Australian diplomat said the dangers of an "over-hasty withdrawal" from Korea "have been all too bitterly demonstrated." He added that "the heavy sacrifices that this has involved must surely preclude the United Nations from agreeing to withdrawals before United Nations interests and objectives are properly safeguarded."

"It may be," Casey declared, "that some United Nations forces will be needed in Korea until a unified and independent government has been democratically established."

MOTION FILED IN CIVIL SUIT FOR ANOTHER TRIAL

A motion was being filed today in civil district court requesting a new trial in the suit of Walter Hales, doing business as Walter Hales Lumber & Supply, vs. C. E. Marshall and Houston Fire & Casualty Co.

The motion for rehearing is by James Rosser and John E. Sentell, attorneys for C. A. Ramsey of Amarillo, a party to the suit by intervention by which he sued Marshall for alleged debt of $7,772.

Marshall, in turn, sued Ramsey for about $7,100 alleged actual damages, and $25,000 exemplary damages, and the court ruled later in favor of Marshall. The trial by jury was concluded March 9, but the judge, Sterling Williams, took the jury's answered charge under advisement to determine whether he believed it answered according to intentions of the jurors.

Judge Williams later entered judgment in the case according to the jury verdict, which favored Hales entirely in that phase of the suit. Hales had sought $6,100 from Marshall, an alleged debt. It was only on the other phases of the complicated suit that the verdict was taken under further consideration pending a judgment.

Rosser said the court now had 45 days in which to rule on the motion for new trial, during which time a hearing on the motion may be held. If the motion is granted, a new trial will be held here, but if not, the case will be appealed to the court of civil appeals in Austin, Rosser said.

Attorney for Hales was Gene Dulaney of Snyder. For Marshall, attorneys were of the Colorado City firm of Thompson, Worell & Moore. The insurance company, which had bonded the defendant on his subcontract on a building project, was represented by P. O. Settle of Fort Worth.

The suit involved a building project at Sweetwater, and further concerned both alleged actual debts, alleged reputational damage, and alleged breach of contract.

Lawyer Argues For Whitaker

AUSTIN (AP)—Attorney Clifford Brown told the Court of Criminal Appeals yesterday it had made an assumption not warranted by the evidence in upholding the death sentence of Walter E. Whitaker Jr.

Whitaker was convicted of murder in the strangulation slaying of Joyce Fern White of Lubbock on the night of Jan. 8, 1953. The tragedy occurred after he had promised to marry her.

In sustaining the trial court judgment, the appellate court said in an opinion last month it could "be safely said that the appellant choked (the girl) to death with a cotton cord around her neck."

"The court should not decide cases on what can be 'safely said' but on the evidence," Brown said in a brief oral argument asking the court to reconsider the case.

Brown said the state had relied on Whitaker's oral statements for "99.9 per cent of this case," and "never once did he testify that he put the cord around her neck."

Brown said a second point of error lay in the state's having stood upon the contention that a legal autopsy was held.

"We contend it was not (legal)," he said.

Whitaker, an Air Force cadet and son of a prosperous Hartford, Conn., family, is in the Vernon jail awaiting final judgment in his case.

GARZA WILDCAT

The Alamo Corp. of Lubbock has set location for its No. 1 Beulah Bird as a 3,000-foot combination tool wildcat in East Garza County.

Drillsite is 330 feet from south and west lines of section 11-8-H&GN, 15 miles east of Post. The location is on a 400-acre lease.

BORDEN LOCATION

Sam D. Ares of Lubbock has filed application to drill the No. 1-A Dennis Brothers in the South Gail field nine miles north of Gail.

Location is to be 990 feet from south and 330 feet from east lines of section 4-30-t5n-T&P and on a 640-acre lease. Projected depth is 9,000 feet, with operations to begin on receipt of approval.

NEW TESTS DUE

Brahaney Drilling Co., Inc., of Midland has given up trying to complete its No. 1 Acosta-Sunray from the Pennsylvanian lime in Southwest Borden County.

During the last test through perforations opposite the Pennsylvanian, the wildcat made approximately 90 per cent salt water. The section tested was from 9,030-040 feet. Total depth is 9,182 feet.

Operator now plans to plug back and test the Dean formation and probably the Spraberry.

SCURRY DRILLING

In Northwest Scurry County, May field No. 1 R. H. Jordan is drilling below 5,840 feet in lime.

Woodson Oil No. 1 Noel is drilling in lime below 8,316 feet.

Goodstein No. 1 Browning is drilling in lime below 8,350 feet.

Bright & Schiff No. 1 Ainsworth is drilling in shale below 5,706 feet.

Superior Oil No. 8-436 Lanham has set nine and five-eighth-inch casing at 2,275 feet and is drilling ahead.

DRILLING REPORT

Guy Mabee No. 1 Justice, Southeast Garza wildcat, is drilling in lime below 9,520 feet after a two-hour drillstem test in Permian lime from 7,983-435 feet. Shutin for 15 minutes, recovery on the test was 450 feet of gas and 50 feet of mud with a rainbow shot of oil. Hydrostatic pressure was 2,825 pounds with flowing pressure 500 pounds. Bottomhole pressure was zero.

Phillips Petroleum No. 1-B Clayton, Borden venture, is at total depth of 8,251 feet and running logs. A drillstem test in the Canyon reef from 8,233-251 feet has gas at the surface in 30 minutes at the rate of 6,300 cubic feet per day. The tool was open 120 minutes with recovery 330 feet of heavily oil and gas-cut mud and 130 feet of clean, 40.9-gravity oil. Flowing pressure was 315 pounds with 15-minute shutin pressure 2,750 pounds.

In far Southwest Borden County, Texas Crude No. 1-44 Brown is continuing to test after flowing 127 barrels of oil in 24 hours.

Four Youths Off To Alaska In Hearse

NORWOOD, Mass. (AP) — Four youths are leaving here tomorrow in a $60 hearse—1937 model—for Alaska.

George Burns, 20, Cornelius Seastrom, 19, Theodore MacCarthy, 19, and Thomas Hillman, 18, have a $400 stake for gasoline and food. They plan to sleep in the hearse en route.

The boys said they hope to get summer jobs as construction workers in Fairbanks.

Final Plans For Opening Of Lake Are Made

Brochures on Lake Thomas and Snyder will be distributed at the lake Saturday by the chamber of commerce during activities of the opening of fishing there.

The brochures will include information on the lake, such as its expected size, number of fish stocked there, and the various ways to get to the lake.

The chamber recreation committee, which has Forrest Travers in charge of opening day activities, has set up a catch list of 16 prizes for a fishing derby at the lake Saturday. Several merchants also have prizes. A registration and weighing station will be set up at Sanders' boat dock near the south end of the dam. Participants must weigh in by sundown Saturday.

The committee, in cooperation with the National Guard, will have a safety patrol set up on the dam, on the lake shore, and on the water. Boats of the safety patrol will be marked so fishermen can distinguish them. Also available will be a resuscitator, which will be on a cabin cruiser operated by Harold Denson.

A first aid station and two-way radio will be set up on the south side of the lake near the dam, being set up in cooperation with the sheriff's department.

National Guardsmen will also aid in the safe launching of boats. The committee will make every effort to keep public launching places clear.

BIRTHS

The Rev. and Mrs. Floyd Strickland, 323 Thirtieth Street, are the parents of a son, Joe Wendell, born at 2 o'clock this morning in Callan Hospital in Rotan. The baby weighed nine pounds, two ounces at birth. Mr. Strickland is pastor of the Avenue D Baptist Church.

Mr. and Mrs. Howard Harrington, 1500 Twenty-seventh Street, are parents of a daughter, born at 5:15 o'clock yesterday afternoon at Cogdell Memorial Hospital. The child weighed six pounds, two and one-half ounces.

Personal
To Women With Nagging Backache

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages.

Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Wooden Nickels Will Be Good In New York

SCOTIA, N. Y. (AP)—Beginning May 3, merchants in this Schenectady suburb will take wooden nickels.

The merchants will issue them as souvenirs of the village's golden jubilee celebration. They will be 2½ inches thick and 4 inches in diameter.

Until noon June 8, the coins will be worth 5 cents in trade at local stores or a nickel in cash at the Glenville National Bank.

Suttle Honorary Ranger

Walter C. Suttle, police chief, has been appointed an honorary member of the Texas Rangers, Marvin Brister, police desk sergeant, said.

Suttle, a law enforcement officer for 29 years, received the certificate of commission in the Rangers from Gus Strauss, state senator from Hallettsville.

Wives Plan To Break Strike

COLUMBIA FALLS, Mont. (AP)—Mrs. Ruth Woolsey has a plan which she hopes will end the strike of 1,000 construction workers here.

She said she and at least five other wives of workers idled may offer to go to work in place of the men.

The men are idled by a carpenter's strike at the Anaconda Aluminum Co.'s 50-million-dollar plant. Other crafts are honoring picket lines set up by the carpenters. Negotiations between the company and the carpenters are at a standstill.

"We're the ones who lost the pay check," Mrs. Woolsey said. She has asked wives of all idle workers to attend a mass meeting Saturday.

The carpenters are seeking a 15-cent-an-hour pay increase and some undisclosed modifications in their working agreement.

Anaconda Aluminum had no comment on Mrs. Woolsey's proposal.

Woman Skips Jail, Is Found In Nearby Tree

GRUNDY, Va. (AP)—Somebody left a door unlocked yesterday in the women's section of the Buchanan County Jail here and Mrs. Audrey Lester, 23, awaiting trial on a charge of petty theft, took off.

Police located her a short while later—perched in a tree not far from the jail. She finally agreed to come down when her pursuers threatened to climb up after her.

Back she went to jail—to a cell near her husband Sanford, who is awaiting transfer to the state penitentiary to serve a two-year sentence for grand larceny.

Won't Work At 73

KNOXVILLE, Tenn. (AP) — Mrs. Ethel Mae Chinnie Carey, 44, filed suit for divorce yesterday against John William Carey on grounds he won't work. He's 73.

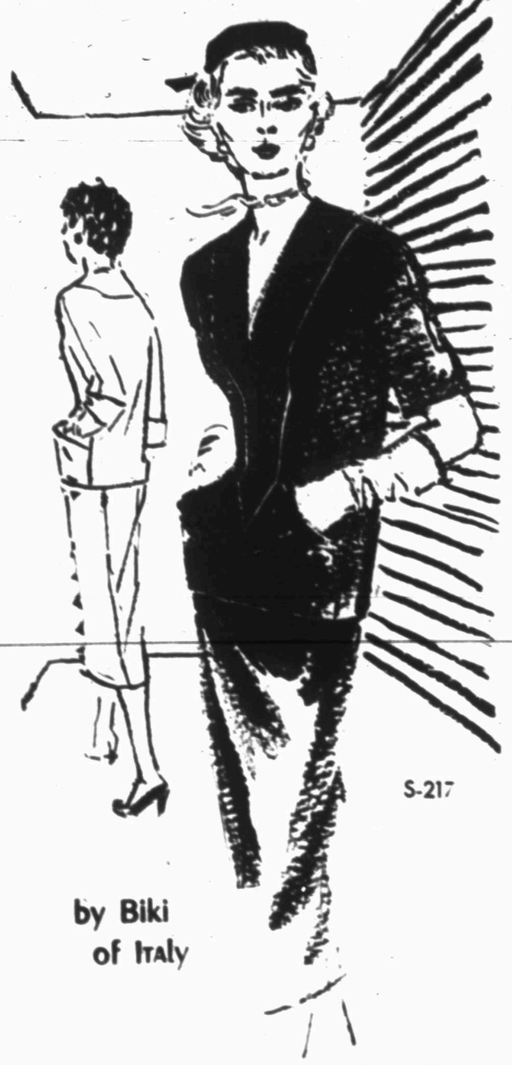
INTERNATIONAL DESIGNERS' PATTERN



S-217

by Biki of Italy

The wholehearted acceptance of the American middy blouse by practically every couturier in Europe in their recent spring collections presages enormous popularity among the well dressed women in our own country. This model by Biki, one of Italy's foremost names in design, has great elegance plus a new born chic that belies its casual cut. The V's of the neckline and the bodice detail are particularly flattering lines for shortened necks but in truth it is a line anybody can wear and wear well. The bodice front is lined and shaped so that there is figure definition fore and looseness aft. Biki showed it first in gray flannel and is suitable in any wool of that weight as it is too in linen, pique or any of the faille type materials. This pattern is cut in sizes:

BUST	WAIST	HIPS	SIZE
34	24	35	10
35	25	36	12
36½	26½	37½	14
38	28	39	16
40	30	41	18

Size 12 requires 3⅝ yards of 36 inch material for middy blouse (short sleeves) and skirt and ¼ yard of 25 inch material for interfacing. To order pattern No. S-217, address International Designer's Patterns, Box 983, Dept. SX-13, G.P.O., New York 1, N.Y. State your size. Send $1.00. Airmail handling 25 cents extra.

Here is good news for devotees of the wondrous fabrics such as dacron, orlon and nylon.

Colored sewing thread of dacron polyester fiber is now available for home sewing. After an extensive research, one firm is introducing the thread in 18 colors. It has been found excellent for sewing fabrics like dacron, orlon acrylic fiber, and nylon, as well as rayon, acetate wool and silk.

Because thread of dacron resists stretching during sewing, it eliminates puckering of the fabric and reduces creeping at the seam end.

MEAT AND MACARONI SALAD

2 to 3 cups cooked macaroni
1 tablespoon chopped onion
1 cup chopped celery and leaves
1 cup chopped cooked ham or beef
Salad dressing
Salt and pepper to taste

Cut the cold macaroni into small pieces. Mix lightly with the other ingredients. Chill and serve on crisp lettuce, water cress, or endive.

Nice weather calls for casserole dishes that can be baked while you are gardening. Try this recipe for Spanish Beans for an easy one-dish meal.

6 slices bacon
2 cans red kidney beans
1 medium-sized onion
1 tablespoon prepared mustard
⅛ cup pineapple syrup or sweetened pineapple juice
2 4-ounce cans Vienna sausage

Cut bacon into small pieces. Pan fry until crisp. Drain off all the fat but 2 tablespoonfuls. Combine bacon, bacon fat, kidney beans, chopped onion, mustard and pineapple syrup. Pour into casserole. Cover and let cook in a slow oven for an hour. During the last half hour of cooking, top with diced sausages.

JAMBALAYA

2 tablespoons fat
1 pound ground beef
½ cup chopped onion
1-3 cup chopped green pepper
1 clove garlic, finely minced
3 cup uncooked rice
¼ teaspoon thyme
1 can tomato soup diluted with water
Salt and pepper to taste

Melt fat in a large skillet. When hot, add ground meat and brown until crumbly. Add remaining ingredients. Stir well. Cover. Cook for 35 minutes over medium heat. Garnish with strips of green pepper and serve.

E. A. Black, seated at the left, was honored at a birthday supper yesterday. Seated with him at the table is the Rev. M. W. Clark, with Mrs. A. C. Leslie, Mrs. L. N. Periman and J. T. Biggs standing. (Lee Watson photograph)

SOCIETY SCRIBBLINGS

E. A. BLACK celebrated a special occasion — his ninety-third birthday — at an extraordinary kind of party yesterday.

The hostesses were the members of the second year homemaking class at Snyder High School. Other special guests, all over 80 years of age, were the Rev. M. W. CLARK, J. T. BIGGS, Mrs. L. N. PERIMAN and Mrs. A. C. LESLIE. Mr. Black's daughter, Miss SUSIE BLACK, was also a guest.

Mr. Black, a Snyder resident since 1924, now lives at 2811 Avenue M with his daughter. Among his prized possessions is his 50-year Masonic pin, and he still attends lodge meetings regularly. He walks to and from town almost daily. He is a familiar figure in a downtown cafe where he enjoys a leisurely cup of coffee while engaging other customers in conversation.

Acting as official hostesses for the party yesterday were Janet Weber, Mary Nell Strickland, Nancy Jordan, Kay Watson, Janice Springer, Wanda Nance and Gaynell Lewis. Helping with the service were Donnie Wiley, Alice Leggett, Lajuan Evans, Shirley Lilley, Betty Dennis, Frankie Morton and Johnnie Wilkinson.

Class members also arranged floral centerpieces for the serving table and the individual tables were the guests were seated in the living room of the home economics department.

And, of course, the final course for the supper was birthday cake, baked and iced by Verdell Dowell.

• • •

Mr. and Mrs. O. T. BARTON, residents of Snyder for the last three years, are moving to San Angelo this week. Mr. Barton was transferred to the sales department of Dowell, Inc. there.

A scatter pin almost a century old was the bride's "something old" for Miss IRALYN NEWBY when she was married to LATHAM RYAN Tuesday. The pin was originally owned by the bride's great-grandmother. Something new in her wedding accessories was a white satin Bible, a gift of Mrs. WADE DAVIS, and something borrowed was a lace handkerchief carried by another friend at her own recent wedding. Mr. and Mrs. Ryan will live in Levelland following their wedding trip.

Culture Club With Mrs. Henry Kelley

The Woman's Culture Club, with 13 members present, met Tuesday at the home of Mrs. Henry Kelley on the Colorado City Highway.

Mrs. E. J. Richardson, program leader, discussed Great Men And Great Issues In Our American Heritage. Mrs. H. L. Wren spoke about Independence Hall. The purpose of hobbies was discussed by Mrs. R. L. Terry and at roll call each member spoke briefly about her favorite hobby.

Two New Members In Atheneum Study Club

Two new members, Mrs. Oran Henderson and Mrs. Mel Gilbert, were introduced when the Atheneum Study Club met Tuesday at the home of Mrs. R. L. Duggar, 3755 Dalton Drive.

Mrs. I. B. Robinson spoke on democracy in Japan.

A film, "Religion And Democracy," was shown and discussed by the hostess. There were 16 members present and two guests, Mrs. Frank Self and Mrs. R. H. Dillard.

A single steam electric plant near Lexington, Ky, can burn more than a million tons of bituminous coal annually.

Latham Ryan And Iralyn Newby Wed

Mr. and Mrs. Latham Ryan are on a wedding trip to San Antonio following their marriage Tuesday afternoon in the home of the bride's parents, Mr. and Mrs. Louis F. Newby, 2706 Avenue Q.

The bridegroom is the son of Mr. and Mrs. Latham H. Ryan of Winters. Mrs. Ryan is the former Miss Iralyn Newby.

The wedding ceremony was read at 4:30 o'clock by Warder K. Novak, minister of the Thirty-seventh Street Church of Christ. Floor baskets of pink and white gladioli were used to form a setting for the ceremony. Bouquets of roses completed house decorations.

For her wedding, the bride wore a frock of navy blue silk shantung taffeta fashioned with a full pleated skirt and a fitted bodice covered by a matching bolero. Her hat and gloves were pink and she wore a corsage of pink roses entwined with pearls. She cafried a white satin Bible.

Miss Joy Graham was the bride's only attendant. She wore a two-piece dress of pink linen with white accessories and a corsage of white carnations. George Kiker of Sweetwater, a brother-in-law of the bridegroom, was best man.

The couple is to be at home at 1409 Austin in Levelland after May 1.

The bride, a graduate of Snyder High School, was employed in the business office of Southwestern Bell Telephone Co. here. Mr. Ryan was graduated from Winters High School and is employed as a field salesman for Continental Supply Co.

Out-of-town guests at the wedding included the parents of the bridegroom and his sister, Miss Patricia Ryan, from Winters, and Mr. and Mrs. George Kiker and son, Charles, from Sweetwater. Among the other guests were two grandmothers of the bride, Mrs. Ira Sturdivant and Mrs. Ida Newby.

LOST 43 POUNDS

Don't say it's your thyroid while reaching for the box of chocolates. Not one in a hundred overweight people have a thyroid condition. But don't make the mistake of going on a protracted starvation diet to fight the "battle of the bulges." A strenuous diet can do a great deal of harm.

Why not try the sensible Barcentrate way? Nothing harmful — no dieting and if the very first bottle doesn't show you the way to reduce, return the empty bottle for your money back.

Just ask your druggist for four ounces of Barcentrate — now just $1.69. Mix with grapefruit juice as directed on label and take according to directions. That's all there is to it.

Mrs. Gladys Sue Mangan, Route 2, Crockett, Texas, wrote us as follows: "I weighed 171 pounds when I commenced to take Barcentrate. I am now down to 128, a loss of 43 pounds. I feel so much better after using this wonderful product."

TRAFFIC AT PLATE

Pete Castiglione (1), is safe at home as Cincinnati catcher Hobie Landrith gets set to tag out Cardinal catcher Sal Yvars in the eighth inning of game in St. Louis. Castiglione, running for Ray Jablonski, was on second, and Yvars on first when Tom Alston doubled. Gus Bell recovered the ball and threw to Roy McMillan who relayed to Landrith. The ball arrived late to tag on Castiglione but Yvars, following close behind, was out. Umpire is Art Gore.

Cardinals Stealing Show By Stealing Bases, Taking Games

By BEN PHLEGAR
Associated Press Sports Writer

The St. Louis Cardinals are stealing their way back into the National League pennant picture.

Running bases with an abandon no Redbird team has shown since the last St. Louis flag winner in 1946, Manager Eddie Stanky's club has moved from dead last at the start to within a game of the top.

In 12 games the Cards have swiped 12 bases. They need only half a dozen more to equal their total for the entire 1953 season.

Winning Cardinal teams almost always have been running teams. One of the greatest was the 1931 aggregation. That was the year Frankie Frisch, the Fordham Flash, led the club with 28 steals, and Pepper Martin virtually stole the World Series away from the Philadelphia Athletics with his head-first belly slides.

The 1931 Cardinals stole 114 bases. The 1946 pennant winners, last National League team to win the World Series, stole 58. But look at the totals for some of the lean years — 28 in 1947, 24 in 1948, only 17 in 1949, 23 in 1950, 30 in 1951 and 33 in 1952. In every instance these figures placed St. Louis last or next to last in the league in bases stolen.

Stanky claims there is no radical difference between the base-running tactics of the 1954 outfit and last year's club.

"We're just trying a few things and they're working," he said.

Nevertheless, the figures are doubly interesting in that 10 different players on the team have stolen bases, including one pitcher — Harvey Haddix.

A steal figured directly in the result of yesterday's Cardinal game when the Redbirds edged Brooklyn 6-5 in 10 innings. Bonus baby Dick Schofield, running for Ray Jablonski, who had walked with two out, stole second on pitcher Jim Hughes and rode home on Steve Bilko's single, the second hit of the season for the massive first baseman.

The defeat, Brooklyn's second in a row in St. Louis, dumped the Dodgers into a third-place tie. They went West over the weekend in first place. The Cincinnati Redlegs, who replaced the Dodgers at the top on Tuesday, stayed there with an 8-4 verdict over the Pittsburgh Pirates, and the New York Giants moved into a tie with Brooklyn by nipping Milwaukee 3-1.

Rain and bad weather caused the other five scheduled games to be postponed.

Spectacular relief pitching by little Jackie Collum preserved the Cincinnati victory after the Reds rallied for five runs in the third inning to gain a 7-4 lead. Collum stopped the Pirates on one hit through the last 6 1-3 innings after they had battered starter Fred Baczewski for nine in the first 2 2-3.

Ruben Gomez pitched six shutout innings and drove in the first New York run at Milwaukee before leaving the game with a wrenched back after running the bases in the seventh. Al Dark doubled with the bases loaded, also in the seventh, for the other two New York runs. Gomez' injury was not considered serious.

CHILL FOR GAME OF WEEK BOYS

Professional Gridders Show They Can Use Saturdays Too

By GAYLE TALBOT

NEW YORK (AP)—If your favorite college athletic director appears to be walking around today with a case of the nervous jerks, as though he suspected he was being followed, there is a reason. The National Football League has just announced its television plans for the coming fall.

It is no secret that college football authorities, including the big-time coaches, have been worrying themselves into a decline for several years that the money boys would yield to avarice and move in on the rich Saturday dates which they, the rab-rah forces, have always felt were theirs exclusively by right of inheritance.

They have tried repeatedly to gain some assurance from the pros that they would at least limit their TV activities to Sunday games, even if they decided to play some of their contests on Saturday. The collegians got nowhere because the pros said they wanted no part of any agreement which might look even vaguely like a conspiracy to some government agency.

Now there appears to be little further doubt that the fears of the athletic directors were justified. If the professional league hasn't moved in on them completely it has at least shoved a large foot in the door and hollered boo.

As of next autumn, the pros plan to play nine of their games on Saturday night, and to televise same. The extent of the television coverage will depend upon how attractive the sponsor considers each game to be and how much he wishes to spend in exploiting his wares. Presumably, some of them will blanket the land.

In addition, two league games will be played on Saturday afternoons, Dec. 4 and Dec. 11, and they also will be televised. Most college schedules will have been completed by that time, but it happens that Notre Dame and SMU are waiting until Dec. 4 to have it out in Dallas, and that they will be seen over the regular weekly college hookup.

If there isn't a conflict there, it will be close. The pro game will be between Baltimore and Los Angeles, at Los Angeles. As there is a two-hour time differential between Dallas and the Coast city, the college tussle presumably will start at least that long before the salaried number. To be safe, one had better start a little early or the other late.

Obviously, the professionals have tried to avoid, for the time being, at least, flinging a direct challenge at the schools, but they have supplied a very clear picture of what they can do if and when the owners feel the time is ripe. As one pro official has said, there's no use making the colleges any madder than necessary, since they do produce the players and it is smart to get along with them as long as possible.

Preacher Roe, Dodger southpaw pitcher, admits to 38 years. Record books have Preach as only 36.

Grover Cleveland Alexander never pitched a no-hitter but in 1915 he hurled four one-hitters.

Tigers To Angelo For Afternoon Tilt

The Snyder Tigers were scheduled to journey to San Angelo today for a 4 o'clock afternoon game with the Bobcat baseball squad.

The Tigers will go into the game with an 8-9 season record, while San Angelo boasts an 7-4 mark. In district play, the Tigers have an 0-3 record. The Bobcats, who are in a separate district, have a 2-2 record.

Included in the San Angelo wins were four over Lubbock, two over Big Spring, and one over Melvin. It has lost one to Lubbock, Midland, Sweetwater, and Odessa. Common opponents of the two teams include Big Spring, which Snyder downed twice and lost to twice, Midland, which won and lost a game each against Snyder, and Sweetwater, which lost to Snyder once and beat the Tigers twice.

Probable starters for the Angelo team will include Carlton Hartman catching, Will Farris at first, Wayne Vick at second, Albert Miranda at shortstop, Bobby Biederman at third, Billy Pope at left field, Paul Feist at center field, and Elias Menchaca or David Dumas at right field.

Starting for Snyder may be Mike Gibson behind the plate, Jimmie Rodgers at first, Tommy Pritchard at second, Alan Snead at short, Don McNew at third, Bernie Hagins at left field, Jerry Taylor in center field, and Ray Courtney in right field.

Courtney is now leading hitting for the Tigers with a .357 batting average. Pitching today may be Dwayne Prince, who has an 0-2 record; Ronnie Baker, with a 1-0 record; or Tommy Williams, who holds an 0-3 record. Courtney is also a possibility for the mound. His record stands at 0-1.

The Tigers will be back here at 4 o'clock tomorrow afternoon for a rescheduled match with Wichita Falls, which was rained out Tuesday. Saturday afternoon, the Tigers will be in Abilene. Both of those games are district matches.

Roswell And Carlsbad Take Longhorn Lead

By The Associated Press

Roswell and Carlsbad, with twin 6-3 records, were neck and neck Thursday in the Longhorn League lead.

Roswell decisioned San Angelo 10-8 Wednesday night while Carlsbad was beating Odessa 8-4. The league's eight teams were still bunched closely after nine nights of baseball warfare with Midland, San Angelo, and Artesia just a game off the first-place pace.

In the other two games, Midland beat Big Spring 6-3 and Wichita Falls nudged Artesia 3-2 in 11 innings.

Carlsbad used home-run power to beat Odessa's Oilers, clubbing four round-trippers off starter Evelio Ortega for their fifth straight victory. Don Fornal, who survived a shaky start, went the route for the Potashers and struck out nine while walking three. He was superb in the clutches.

At Roswell the Rockets had to stave off a late San Angelo rally after the league leaders grabbed an 8-2 lead in six innings. The Colts knocked southpaw Tom Sawyer from the box with a four-run uprising in the ninth. But Ollie Ortiz cooled them off in a relief role, getting pinch-hitter Joe Baril to force Marv Christennson at third.

Lefthander Ralph Atkinson struck out 16 men as his Midland crew whipped the Big Spring Broncs. Atkinson had to fan the last nine outs as his support went bad in the late innings. In the seventh, he fanned the side in order, all on called third strikes. Two runs Big Spring made in a ninth-inning stand were unearned.

Davis Floyd slammed a triple into left and scored on Manager Al McCarty's single in the bottom of the 11th to give Julio Ramos and the Wichita Falls Spudders their win over Artesia. Ramos struck out 15 batters and gave up only four hits in the last seven innings. Only 225 persons were on hand to see the Texans triumph.

Tyler Widens Its Lead Again

By The Associated Press

Tyler's Tigers had a widened Big State League lead Thursday after snapping a three-game losing streak at the expense of challenging Waco.

The Tigers did it the hardest way, virtually without hits.

They beat the Pirates 4-2 on three hits, six bases on balls and five glaring Waco errors. In the sixth they broke a 1-1 tie to score three runs off a walk, two Pirate errors, and a couple of squeeze plays.

Waco touched winning pitcher Bill Bagwell for nine safeties, but Bagwell took his fourth straight win of the season as his mates gave him heads-up support.

In other games of the night, Temple edged Austin 8-7, Galveston squeaked by Bryan 7-6, and Harlingen eked out a 6-5 win over Corpus Christi.

The victory at Harlingen over Corpus Christi snapped a six-game losing skein for the Capitols with a two-run rally in the eighth. Earl Caldwell, first of three Cap' pitchers got his second victory of the season.

Charlie Grimm, manager of the Milwaukee Braves, sold peanuts as a youngster in the old Sportsman's Park in St. Louis.

Lead Changes In Texas Loop As Cats Move

By CLAYTON HICKERSON
Associated Press Staff Writer

See-sawing Shreveport and Fort Worth had exchanged places in the Texas League standings again Thursday.

The Sports relinquished their half-game lead to the Cats Wednesday night as Fort Worth's right-hander Ralph Butler pitched a brilliant two-hitter.

The Cats won 10-1 and took over first place by a half-game margin with their 11-hit attack.

In other games, Beaumont's heavy-hitting Exporters won their second in a row over Dallas 7-3, San Antonio broke a three-game losing streak 11-4 over the Tulsa Oilers, and Oklahoma City whipped Houston 6-4.

LONE RUN UNEARNED

Shreveport's lone run against Catman Butler was unearned. It came in the sixth when Joe Koppe's line-drive triple scored a runner who got on base when Cat first sacker Bill Gabler dropped a pop fly.

A seventh-inning double by Jim Ackeret was the only other hit off Butler. For the Cats, Gabler, Glenn Gorbous, Ken Staples, and Jack Lindsey knocked home runs.

Beaumont's consistent, heavy hitting garnered three tallies in the second frame and four in the sixth to clinch great relief pitching by the old Dallas nemesis, Vern Kennedy, the night's winner. Howie Anderson absorbed the loss.

Oklahoma City rallied for four runs in the ninth to defeat Houston's seventh-place Buffs. Earl York's two-run homer, his second of the night, featured the ninth inning uprising. The loss ended a five-game winning streak for Houston and evened the Buff-Indian series at one each.

SAN ANTONIO WINS

San Antonio got back in the win column with spree of power hitting. The Missions' 11 hits included home runs by Jim Pisoni, Jerry Jacobs, and Frank Kellert. Jacobs' came in the third with the bases loaded.

They play in the same parks again Thursday night, Dallas at Beaumont, Fort Worth at Shreveport, Oklahoma City at Houston, and Tulsa at San Antonio.

Wednesday night's games, besides changing positions for the Cats and Sports, left San Antonio in third place a game and a half back of the leaders. Dallas, two percentage points ahead of Beaumont, was in fourth place with an 11-won, 10-lost record and two games back.

Oklahoma City and Houston were 4½ games off the pace, and last-place Tulsa, with a 7-12 season mark, was five games away.

POLIO TESTS BEGIN

Six-year-old Randall Kerr gets an injection of a new polio vaccine at McLean, Va., near Washington, as a test gets underway in selected areas across the nation. Dr. Richard Mulvaney injects the serum, first developed by Dr. Jonas Salk of the University of Pittsburgh, into Randall's arm. Randall was the first of some 100 children to be inoculated at McLean, and perhaps the first in the country.

4-H Teams To Enter Lubbock Meet Saturday

District contests will be held for 4-H Club judging teams at Texas Technological College Saturday in which teams from Scurry County will be entered, O. M. Fowler, county agent, said.

Three teams from Scurry county in the contests will be a rifle team, a livestock judging team, and a crop judging team, he said.

The county elimination for the livestock judging team has not been held yet, but was planned for this afternoon. Members of other teams have been selectd.

Th rifle team will be composed of Adrian Banks, Joe Neal Smallwood, and Preston Brown.

The two members of the crop judging team will be James Minor and Maxie Carey.

Entrants in the livestock judging contest to be held here to select the county's representatives at the Lubbock meet are Bobby Staton, Gene Griffin, Dennis Holmes, Jerry Davis, John Mayes, and Bobby Hataway. The top four contestants in the livestock judging here will form the county team for district competition, Fowler said.

Actress Says She Will Marry George White

HOLLYWOOD (AP)-Actress Jean Gale says she's engaged to marry George White, a showman whose "Scandals" were famous on Broadway 25 years ago.

A spokesman for the actress said last night no date for the ceremony has been mentioned but it probably will take place next fall. Meanwhile, she will leave Friday for two weeks in New York, where White is producing the show at the Versailles night club.

Miss Gale recently had a small part in "The Egyptian," at Twentieth Century-Fox studios. Her brother-in-law is Lew Schreiber, assistant to Darryl F. Zanuck, Fox production head. Another sister of Miss Gale is married to pianist Oscar Levant.

25-Cent Haircut Is Only Memory Now

SMYRNA, N. Y. (AP)—The 25-cent haircut, until yesterday an institution in this central New York village, was only a memory today. Barber John Widger, who offered the bargain price, retired last night after a half century in the business.

Sexual Stimulant As Prank, Proves Fatal

LONDON (AP)—Scotland Yard experts say two pretty office girls who died Tuesday were poisoned by a sexual stimulant called cantharides—Spanish fly.

Arthur Ford, 45, the manager of the drug-making firm where the girls worked, is in the hospital with symptoms of the same type of poisoning. All three became ill after eating chocolate coconut sherbert bought at a shop near their office.

The girls, June Malins, 19, and Betty Grant, 27, died at the office before they could be taken to a hospital.

Detectives said possibly the substance had been put in the confection as a practical joke by someone not aware it was lethal in anything but minute quantities.

After Hour Plans For Final High School Prom

ROYERSFORD, Pa. (AP) — Civic clubs are planning an experiment here to keep the youngsters from racing all over the countryside in automobiles after the junior-senior prom at the local high school.

The clubs are putting up $300 to provide:

A professional floor show after the prom, from midnight to 1:15 a.m.

An informal dance at the country club from 1:30 a.m. to 3 a.m.

A breakfast at the American Legion home at 3 a.m.

GIs Ordered Off Jap Streets For May Day

TOKYO (AP)-The U. S. Army, Navy and Air Force today ordered personnel off Tokyo streets Saturday in an apparent effort to avoid any repeat of the Communist-inspired May Day brawls two years ago.

Two years ago, demonstrators chanted, "Go Home Yanks," fought pitched battles with police, burned American automobiles and tossed two American sailors into the Palace moat. There was no large scale violence last year.

Credit Sign Didn't Work On Aged Pair

PRESCOTT, Ariz. (AP)—For years proprietor Hank Hage of the Granite Bells Cafe felt snug about this sign on his wall:

"Credit extended to those over 80 years and accompanied by their parents."

Then H. P. Stratton, 82, of Seattle walked in with his father, W. H. Stratton, 107. Hage paid for their meal.

National Guard Is Full, Can't Take Anymore

Young men who want to join the National Guard are now out of luck, at least until July 1.

Capt. Weldon Kincaid, commander of the National Guard ha. frozen units at present strength and will not allow any more enlistments, except for those who are now guardsmen whose enlistments expire during that period.

Kincaid said the guard nationally has reached its allotted strength and that it must wait until the beginning of the new fiscal year to determine how many more men it can take.

The local unit's roster now stands at 93 enlisted men, plus six regular officers and four battalion staff officers. That is below the full strength for the unit, although the unit is the largest company in the regiment, which includes 23 companies. At one time the unit had 99 men here.

The order, received this week, became effective last Friday. Five men had started processing into the unit here Friday, Kincaid said, and he does not yet know whether they will be allowed into the unit.

For those who want to get into the guard, the unit has started a waiting list. This is the first time since World War II that persons could not join the guard, Kincaid said.

New Mexico Pebbles Can't Be Shipped Free

SANTA FE, N. M. (AP)—New Mexico is passing its latest publicity opportunity, regretfully.

A Jamaica, N. Y., firm asked for two million New Mexico pebbles to distribute and bring New Mexico a "great deal of favorable publicity" plus stimulating travel.

The State Tourist Bureau said it couldn't swing the deal because it could not afford to ship the marble-sized pebbles free, as the firm asked.

GENEVA TORPEDO

Failure Assured By China Leader

Editor's Note—The writer of this story is a long-time Far Eastern correspondent, most recently as Associated Press chief of bureau in Tokyo.

By RUSSELL BRINES

WASHINGTON (AP) — Red China's Premier Chou En-lai made what appeared to be a strong start toward torpedoing the Geneva conference yesterday by laying down a policy line carefully calculated to alienate the West and entice other Asian countries.

The suave Chou, in his first speech at a major East-West parley, demanded the evacuation of Asia by non-Asiatics, presumably not including the Russians, and the elimination of their military bases. He said Red China would continue growing stronger.

He also demanded outlawing the hydrogen bomb and condemned rearmament of West Germany, proposed by the West.

This was Red China laying down peace terms as a victor, instead of participating at Geneva as a defendant before the bar of world justice, as Secretary of State Dulles had described his role.

And, doubtless, Chou's aim was to make Peiping appear as an equal participant in talks on such non-Asian subjects as West Germany.

But beyond that he clearly was talking primarily to the restless, unconquered Asian world and particularly to the key nations now meeting in Ceylon to work out closer cooperation among themselves. The Ceylon conference includes the leaders of more than 400 million people in India, Indonesia and Burma who remain neutral and are therefore highly eligible for Communist conquest.

Chou carefully echoed many of the phrases about an Asian Monroe Doctrine that are certain to appeal to such men as India's Prime Minister Nehru, as well as to segments of every Asian nation.

He went further, however, in demanding more Western scalps than was necessary just to win attention in Ceylon or to further the Communist propaganda line.

The Communists knew that under no circumstances could Western officials agree to an Asian blueprint that would leave South Korea, Indochina, Formosa and other territories as prey for Red armies. Nor would the United States agree to eliminating the Far Eastern air bases on which it depends for primary protection in any possible war against Siberia-based Soviet bombers.

If Chou had intended to start legitimate bargaining over Korea and Indochina at Geneva, the Oriental way to do it would have been to limit his policy declaration to sentiments that could be revamped to as circumstances dictated without causing him to lose face.

But even the wily Premier would find it difficult, if at all possible, to make any equal peace now without giving Asia the impression that he was backing down from the first declaration of his position. The Chinese, too, want to avoid the appearance of any Munich.

All these factors would have been considered before the final okay was given to such an important declaration as Chou's speech. By loudly slamming the door on the West, it appears as if Chou has given notice that the Communists will not go out of their way to make peace at Geneva.

At the same time Chou clearly laid down a foundation for the next phase of the Communist campaign — an intensified effort to win the highly important, anti-colonial millions in western Asia.

Cancer Fund Drive Plans Made Yesterday

Workers in the Scurry County fund drive for the American Cancer Society mapped plans yesterday to raise money here for the fund.

The local goal is about $3,000. At yesterday's meeting the group decided to organize a series of coffees to raise funds. Mrs. Houston H. Harte and Mrs. Bill Atwood were appointed by the county drive chairman, Ed Bolger, to head the coffee planning.

Mrs. Gene Dulaney was to investigate the possibility of some type entertainment for the raising of funds. Bolger said he hopes to have some type of program in each of the service clubs next week.

Technically a duck always is a female, the male being a drake, but in common usage, both sexes are called ducks.

Chadwell Gets National Post In DE Group

Only one Texas student—Roland Chadwell of Snyder—got aboard the election bandwagon at the national Distributive Education convention in San Antonio.

Chadwell, a senior at Snyder High School, was elected national vice president in charge of publications. He will serve as publicity director for the national DE magazine, The Distributor, and will also arrange for news coverage for national conventions. In conjunction with the national advisory committee of DE, he will direct all publicity for the national organization.

Chadwell also served on the nominating committee for the convention. The five-member committee was named by Otis Snead, a Snyder High School graduate who is now president of the national organization.

Daniel Martin, DE coordinator for Snyder High School, accompanied Chadwell to the convention. Martin was one of Texas' official sponsors. Texas was represented by 14 voting delegates, the largest number present from any single state.

New officers were elected Tuesday morning and officially presented at a formal banquet that night. Installation ceremonies were held Wednesday. A special souvenir for each new officer was a freshly minted silver dollar presented by the delegation from Montana.

Fish For Epicures Provided In This Rolled Fillet Dish

By CECILY BROWNSTONE
Associated Press Staff Writer

FRANKLY FANCY, is how we describe this rollup fish dish. It's made to order for any good cook who wants to give a meal a lift. A recipe to keep for after Lent, too, because it adds a fillip to always-available and thrifty fillets.

The fillets are stuffed with buttery crumbs, shrimp and beaten egg — a delectable combination. When we served this dish we accompanied it with green peas because such a mild vegetable does not overpower the delicate flavor of the stuffing. If peas are your choice, use a small amount of water when cooking them, and add a tablespoon of butter or margarine, a dash of salt and one of sugar to the water. Yes, we said sugar. That smidgen of sweet won't change the true flavor of the peas — it will just accent it.

We like a crisp salad after this fish dish — tossed greens enlivened with thin cucumber slices and Roquefort cheese is a favorite combination. If we are making the salad a little ahead of the meal, we put the greens and cucumber slices in our wooden bowl tightly and refrigerate. Just before serving we dress the salad with olive oil, wine vinegar, salt and freshly ground pepper, using three or four tablespoons of oil to one of vinegar.

Hot tea, properly brewed, is a fine go-along for this meal. With fish, we like lemon with our tea, but your family may prefer milk or cream. Born in Ireland, the blue-eyed and merry helper in our household, insists cream is the proper accompaniment to tea. Even though we quote professional tea-tasters as having laid down the edict that milk brings out the best tea flavor, she is strong in her convictions!

But we are both in agreement with the tea-tasters when it comes to tea brewing. The teapot must be rinsed with boiling water, tea and water must be measured, the water must be freshly boiled and the brew must steep about five minutes. If you are a stickler about serving hot beverages hot, rinse the teacups with very hot water.

It may be that you use tea bags rather than loose tea; sometimes we use the first, sometimes the second. We find that "tea-bag tea" tastes best made in a teapot — and we like to add an extra bag for the pot. We've been cautioned lately about dunking tea bags up and down, for dunking cools the water. The correct method, we understand, is to let the tea and water quietly unite.

FISH FELLETS IN PEAS
. . . with buttered breadcrumb and shrimp filling

If you wish to preface this meal with a first course, either chilled tomato juice or hot tomato soup is a good choice. Serve a hot bread, too; one round of it with the main course, one after.

SHRIMP AND FILLET ROLLUPS

Ingredients:
6 thin fish fillets
juice of ½ large or 1 small lemon
2 tablespoons butter or margarine
1 small onion (minced)
1 cup soft bread crumbs
½ teaspoon salt
⅛ teaspoon pepper
2 tablespoon parsley (minced)
1 cup coarsely chopped cooked cleaned shrimp
1 egg (separated)
1-3 cup milk
6 whole cooked cleaned shrimp
2 teaspoons butter or margarine (melted)

Method: Buy narrow fish fillets or trim wide fillets. Butter 6 large cups of a muffin pan; or use large custard cups. Allow fillets to stand in lemon juice about 10 minutes, turning once. Drain fillets well; roll up loosely to fit into muffin cups. Melt 2 tablespoons butter in 8-inch skillet; add onion and cook over low heat until tender — about 5 minutes. Stir in bread crumbs, salt, pepper, parsley and chopped shrimp; remove from heat. Beat egg white until stiff. Without washing beater, beat yolk until thick and lemon-colored; beat in milk; stir in shrimp mixture. Fold in beaten egg white. Spoon stuffing into rolled fillets in muffin cups. Dip one side of whole shrimp in 2 teaspoons melted butter; top each muffin cup with a whole shrimp, buttered side up. Bake in moderate (375F) oven 15 to 20 minutes. Allow to stand about 5 minutes before removing with spatula. Makes 6 servings.

Note: About 3 tablespoons of minced onion is right for this recipe. When preparing the soft crumbs called for, remove crusts from bread. If you buy ¾ pound of shrimp you will have enough for chopping and for garnishing.

Lower Priced Butter Still No Seller Here

Butter price slashes have failed to stimulate sales in Snyder, grocers report.

Because the federal government reduced its support price from 90 to 75-per-cent parity, retail prices on butter in Snyder have dropped recently from an average of about 80 cents to a range of 59 to 65 cents a pound.

Grocers here reported they could tell no difference in volume of sale. One grocer said, "People are still buying margarine for half the price of butter, and I'm sure they'll continue to do so."

Another grocer said improvements in the manufacture of oleo margarine in recent years had made the product so desirable that many families would prefer it to butter even if prices were the same. "Why would a housewife pay 60 cents for butter if her family liked the 20-cent margarine better?"

Chinese Suppers To Appease Appetites

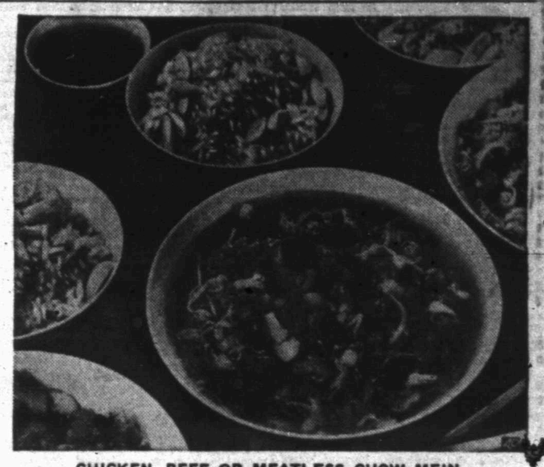
By The Associated Press

Cook Chinese-Style for one of your meals. We tried the idea ourselves and can recommend it. Our main course was the new frozen meatless chow mein accompanied by Almond Soy Rice.

Frozen chow mein is a new product that comes in three varieties: chicken, beef and meatless. It's an especially good product, in our opinion, because the vegetables stay crisp and the gravy is well flavored. Crisp Chinese noodles are packed along with the chow mein; although the package suggests serving the noodles "as is," we prefer to heat them in the oven. We tried serving three packages of the chow mein to four people, to see if we could keep our menu cost down, but our tasters all complained! They liked the chow mein so well that they insisted one package is not too much for each person served.

For the start of your Chinese-style meal, take a tip from the usual bill of fare in a Chinese-American restaurant. Tomato juice with saltines, or chicken soup with soft noodles or rice, will make an acceptable first course. Or if you expect company at this meal, you might serve a more elaborate appetizer and have shrimp dipped in a batter and fried.

Dessert might be pineapple slices and almond cookies. Or you could have pineapple, lemon or orange sherbet. Or maybe you fancy broiled or baked peaches? If you can get hold of some ginger marmalade, put a spoonful of it in each peach cavity before heating, then serve with whipped cream. It's a combination we favor.



CHICKEN, BEEF OR MEATLESS CHOW MEIN
. . . serve with almond soy rice

ALMOND SOY RICE

Ingredients:
¼ cup butter or margarine
2 cups converted-type rice
2½ cups boiling water
¼ cup soy sauce
2 tablespoons butter or margarine
1 cup blanched slivered almonds

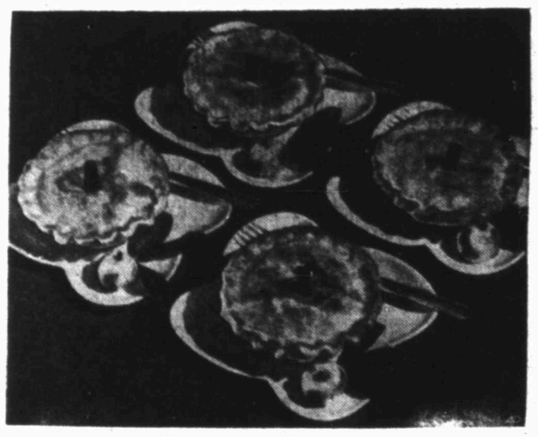
Method: Heat ¼ cup butter in large heavy skillet over low heat. Add rice and stir constantly until rice is golden-brown. Add water and soy sauce; cover skillet tightly. Simmer 40 minutes or until liquid is absorbed and rice cooked through Melt 2 tablespoons butter in a small skillet; add almonds; cook and stir over low heat until almonds are lightly browned. Stir almonds into rice. Makes 6 servings. Serve with frozen meatless chow mein heated according to package directions.

Here Is New Trick In Apple Pie To Liven Up Desserts

By The Associated Press

Here's a new way to make that old favorite, apple pie. The oatmeal crust, with its nut-like flavor, is rolled out to fit individual tart pans. Then a rich brown sugar and custard-type filling goes over layers of tart apples. A cinnamon stick is inserted in the center of each pie to help keep juices from bubbling over.

When your pies come from the oven, all beautifully baked, put them on individual pie plates. Garnish each plate with a "love apple" and a vew huckleberry or other small green leaves. To make the "love apples", roll a spoonful of sharp soft cheddar cheese between the palms of your hands to form a small ball; dip two sides in paprika for a pretty apple blush and stick a clove in the top for a stem.



INDIVIDUAL APPLE PIES
. . . made with oatmeal crusts

INDIVIDUAL APPLE PIES

Ingredients: For Crust—
2 cups sifted flour
1 teaspoon salt
3 tablespoons sugar
¾ cup shortening
2-3 cup uncooked rolled oats (quick or old-fashioned)
1-3 to ½ cup cold water

For Filling
6 cooking apples
1 cup firmly-packed brown sugar
2 tablespoons flour
2 eggs (lightly beaten)
½ cup water
⅛ teaspoon salt
2 tablespoons butter or margarine (melted)
¼ teaspoon vanilla
3 cinnamon sticks

Method: For the crust, sift together flour, salt and sugar into bowl. Cut in shortening until mixture resembles coarse crumbs. Add rolled oats and mix lightly. Add water a little at a time, mixing lightly until pastry can be formed in a ball. Let rest 5 minutes. Divide pastry in half; divide one half into 6 parts. Roll each of the 6 parts out on lightly floured board until slightly larger than tart pan. Place in tart pans; trim edges. (Remaining pastry is for top crust.) For the filling, peel and core apples; slice thin and place slices in pastry-lined pans. Mix together sugar and flour and combine with eggs, water, salt, butter and vanilla. Pour filling over apples. Divide remaining pastry into 6 parts. Roll each part out on lightly floured board until slightly larger than tart pan; cut a small hole in the center of each. Lay pastry over filling; fold top edge under bottom edge; seal and crimp edges. Break cinnamon sticks in half and insert one half through center hole in pastry and push into filling. Repeat for other five tarts. Bake tarts in a hot (400 F) oven about 40 minutes. Serve hot. Makes 6 small tarts.

Group From Here To Meeting At Lubbock

A meeting of county agents, and cotton insecticide and applicator dealers will be held next Tuesday at Texas Technological College, Lubbock, O. M. Fowler, county agent, said.

Tentative arrangments have been made for several persons from Scurry County to attend including the county agent, he said.

Others who now plan to attend include Lindy Clark, Floyd Boston, Bently Baize, and Nolan von Roeder, Fowler said.

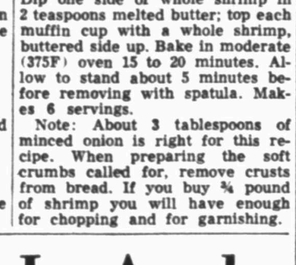
Insect Control Meet Slated In Colorado City Next Month

A joint meeting of cotton producers of Mitchell and Scurry Counties has been set for 8 o'clock the night of May 14 in the district courtroom of the Mitchell County courthouse, O. M. Fowler, county agent, said.

He said that specialists from Texas A&M College, and Texas Technological College will be there to help farmers formulate an effective cotton growing and insect control program for the year.

He pointed out that the mild winter just past was an ideal one for the carry over of cotton insects.

Included in the talks at the meeting will be one by a cotton gin specialist who will talk about the ginning qualities of different varieties of cotton.



COOKIES WITH COTTAGE CHEESE
. . . tea-time treat

SOMETHING NEW ADDED WHEN IT'S COOKIE TIME

By The Associated Press

Pass these cookies with a cup of tea and your family and friends will be pleased. It's a brand-new recipe, made with cottage cheese. The cheese, combined with margarine as the shortening, helps to give these cookies delightful flavor.

This tea-time treat is easy to make. Just cream the margarine until it's fluffy, blend in the other ingredients until you have a smooth mixture and drop the cookie dough from a spoon. No rolling and cutting!

Serve the cookies crisp and warm from the oven "as is". Or cool them and decorate as suggested in the recipe.

COTTAGE CHEESE DROP COOKIES

Ingredients:
1½ cups sifted flour
½ teaspoon baking soda
½ teaspoon salt
½ cup margarine
¼ cup creamstyle cottage cheese
1 cup sugar
1 egg
½ teaspoon vanilla
¼ teaspoon lemon flavoring
½ cup chopped candied pineapple
confectioner's sugar frosting
extra pieces of candied pineapple
sliced candied cherries

Method: Sift together flour, baking soda and salt. Cream margarine until fluffy; blend in cottage cheese. Beat in sugar gradually and well. Beat in egg thoroughly, vanilla and lemon flavoring. Add sifted flour mixture to creamed ingredients, about one-fourth at a time, mixing smooth after each addition. Stir in ½ cup candied pineapple. Drop by teaspoonfuls, about 2 inches apart, on greased baking sheets. Bake in moderate (375F) oven 10 to 12 minutes. Remove to cookie racks and serve warm "as is". Or cool and decorate with confectioners' sugar frosting and extra pieces of candied pineapple and sliced candied cherries. Makes about 3 dozen cookies.

Lately we've been using margarine in an old Viennese recipe with excellent results. Cream a quarter pound of the margarine with a three-ounce package of cream cheese and a dash of salt; if you have an electric mixer let it do the creaming. Then with a wooden spoon work in a cup of sifted flour gradually. Chill the dough and roll it out on a prepared pastry cloth; we also use a floured cover for our rolling pin. Cut the dough into small squares, put a dab of pineapple preserves, in the center of each and fold over to make turnovers — crimping the edges with a fork. Bake the turnovers in a very hot (450F) oven until lightly browned — about 10 to 12 minutes. All our taste-testers are highly approving of these flaky little sweets!

FOUNDED IN 1904

Back in 1904, C. W. Furr, now deceased—founder of Furr's Super Markets, set up a grocery business in Kirkland, Texas, a small town near Childress.

He had dreams of a worldly enterprise, for it was not long until his wooden grocery store, cracker barrel and all, became a brick structure to include groceries, hardware and clothing departments. The business retained the original name, The Kirkland Mercantile Co.

In 1925, Mr. Furr moved to Amarillo. Here he founded the Furr Food Stores, and son Roy Furr became a key figure in the operation.

Four years later, in 1929, Roy Furr moved to Lubbock where he purchased the M-System stores, six units: three in Lubbock and one each in Littlefield, Idalou and Shallowater, Key Furr, a brother, took over where Roy Furr left off in Amarillo, as No. 1 aide to C. W. Furr.

In 1934, the M-System stores became the Furr Food Stores. At that time three units were in Lubbock and six others in Slaton, Tahoka, Hale Center, Littlefield, Clovis and Hobbs, a total of nine stores.

Today, fifty years later, Roy Furr, as president of Furr's, Inc. (Furr's Super Markets) operates a group of 31 super markets in West Texas and New Mexico. The Amarillo unit has some 29 stores, giving an overall total of 60. From the start of 25 personnel in his six stores, the Furr's group now has more than 1,000 persons on the payrolls. In addition to the 31 stores in the Lubbock division, Furr's operates a packing plant, creamery, bakery, egg department, a wholesale house and five warehouses.

Stores are located in Childress, Plainview, Brownfield, Levelland, Lamesa, Littlefield, Snyder, Big Spring, Midland, Odessa (2), Monahans, El Paso (9), Lubbock (7), Hobbs, Roswell and Albuquerque.

Drop Noted In West Texas Drilling During 15th Week

A slight decline was noted in West Texas drilling activity during the 15th week of 1954. A total of 91 applications to drill, including 23 wildcats, were filed in Railroad Commission District 7-C and 8.

The number compares to 92 applications, including 25 wildcats, filed the preceding week.

Totals for the year now stand at 1,069 field tests and 299 wildcats for a grand total of 1,368 tests for oil and a weekly average if 91.2.

Nine counties in District 7-C shared 20 applications to drill, including seven wildcats and 13 field tests, while 20 District 8 counties shared 61 applications to drill; including 16 wildcats and 45 field tests.

District 7-C wildcats were: Coke, two; Crockett, McCullough, Sutton, Tom Green, and Upton, one each.

District 7-C field tests were: Coke, Crockett, and Tom Green, three each; Reagan, two; Runnels, and Schleicher, one each.

District 8 Wildcats were: Howard, three; Borden, two; and Andrews, Crane, Dawson, Ector, Hockley, Lamb, Lubbock, Midland, Pecos, Sterling and Yoakum, one each.

District 8 field tests were: Andrews and Crane, seven each; Ward, six; Howard and Yoakum, four each; Garza, three; Cochran, Gaines, Midland, Mitchell, and Winkler, two each; and Gaines, Kent, and Pecos, one each.

Library, United Fund Studied By Group Here

Studies were begun here this week by the chamber of commerce civic affairs committee for the possibility of a public library here and the creation of a united fund each year.

The committee voted in a meeting this week to begin a study program on libraries, to consult authorities on what is necessary for a library buildings and how much aid is available from the State Library Association for the building of a library.

On the united fund, the group voted to secure information from the national united fund organization on the organization of such a fund here. The committee will study that data, then call a public meeting of representatives of all communities, clubs, and other interested groups or persons in the county for discussion of the fund. If that group favors the united fund, it will be organized there and become a separate function from that of the chamber committee, operated by its own officers and members.

The committee decided to study and intitiate programs to improve transporation and communications facilities here, especially in relation to postal, railway express, and telegraph facilities.

The Rev. Ronald Hubbard heads the group. Members include Theo Lamb, Clyde Hall, Herbert Feather, Harold Bennett, N. K. Keller, Hicks Allen, Mrs. Lee T. Stinson, Mrs. Tom Hartley, Mrs. J. P. Nelson, and Haskell Beard.

Mother's Day · May 9th

Everybody wants to shower Mother with presents.....

Mother's Day, 1954, is expected to account for more than $360 million in gift volume in the United States, according to Irving K. Edwards, executive director of the National Committee on Observance of Mother's Day. This prediction is based on an estimated $12.00 to be spent by each of 30 million families who will honor Mother on her day, May 9.

By the same token the 6,000 families who read the Snyder Daily News will spend about $80,000 this year for Mother's Day gifts. This event, second only to Christmas as a gift-giving occasion, offers the aggressive merchant a real opportunity to send his sales curve upward.
