## Graham Bags \$15 In Football Contest

This week's top football predictors all three missed only four games. The difference separating the prize winners was the guess on the Colorado City Breckenridge game. Jerry Graham wins first prize, \$15, for his guess of 21-7 in the C.C.-Breck clash. Orvel Griffith came in a close second with his pick of 20-7 and Joey Ritchey gets \$5 for his third place finish and a guess of 25-13. All this week's winners are from Colorado City. If you would like to try your hand at picking next week's games, check inside for entry details.

## New Chamber Directors Nominated

The Nominating Committee of the Colorado City Area Chamber of Commerce has nominated five persons to serve as directors for a three year term beginning in 1982.

Persons nominated are Bob Chalker, Virginia Fuller, Frank Ginzel, Steve Morris and Brenda Taylor. If no other nominations are submitted under the rules of Article IV Section Five of the by-laws, these members nominated will be elected by acclamation, according to S. T. (Jack) Hollis, executive vice-president.

The section five petition states: "Additional names

of candidates for directors can be nominated by petition bearing the genuine signatures of at least 15 qualified members of the Chamber. Such petition shall be filed with the Executive Vice-President within 10 days after notice has been given of the names of those nominated. The determination of the legality of the petition shall be the authority of the nominating committee and their determination shall be final.

A NEW FACE WITH THE Colorado City Police Department is Patrolman Wayne McGlothlin. He began his duties in late October. The 20-year-old single patrolman moved to Colorado City from Cisco, where he was a patrolman for five and a half months. He was born in Hobbs, N.M., and completed his police officer patrolman training in Abilene. He enjoys hunting and says he's looking forward to his new position in Colorado City.

Other artists with exhibits are La Gaina Fairbetter

## Bob Bullock Report

State Comptroller Bob Bullock sent checks totaling \$96.4 million to 948 Texas cities as their share of the one percent city sales tax for November.

The payment this month is \$16.3 million more than Texas cities received during a comparable period in 1980.

The payments push totals for Texas cities through November of this year to \$614.7 million—a 16.6 percent increase over payments for the same 11-month period in 1980.

Colorado City's net payment for this period is \$26,967.58 bringing the yearly total to \$180,725.34 as compared to \$155,439.06 of last year.

Loraine netted \$1,550 bringing their yearly total to \$4,372.57 as compared to the 1980 total to date, \$5,734.42.

The optional one percent city sales tax is collected along with the state four percent sales tax by merchants and businesses and is rebated each month by the Comptroller to the cities where it is levied.

## Special Called Tax Meeting Is Slated

Clyde Hamilton, president of Southwestern Appraisal Company, Inc., will be on hand tonight (Thursday) for a special meeting of the Mitchell County Tax Appraisal District.

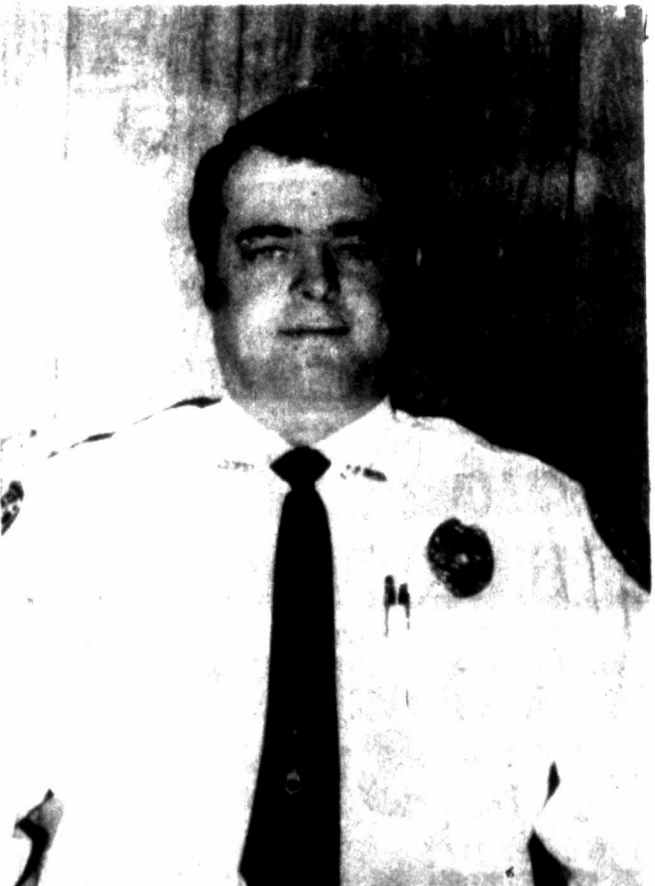

Hamilton will answer questions of the board members and will review the reappraisal of properties in Mitchell

County. The meeting will begin at 8 p.m., in the Curriculum Room of the Administration Building of the Colorado Independent School District, located on 11th Street.

The 1982 budget is also scheduled to be approved along with the approval of minutes of the previous two meetings.

JOHN WEPRYK, JR., of the Texas Aeronautical Commission, was on hand Tuesday to meet with board members and interested persons on his findings when he inspected the Colorado City Airport. He recommended that the airport have some of the shrubbery and weeds cleared up and the airstrip have the cracks mended and sealed with an overcoat. Pictured discussing his recommendations are Mayor Elmer Martin (center) and Jack Perkins, board member on the airport zoning board and airport advisory board. Colorado City applied for a grant in 1979 from the TAC which would cover all of his recommendations.

GEORGE DAVENPORT officially began his duties Friday as a patrolman for the Colorado City Police Department. A native of Colorado City, he worked a short time in the Mitchell County Sheriff's Department. He moved to Colorado City from Breckenridge where he was a patrolman for the Breckenridge Police Department for a year. He retired from the Navy after 20 years of service and got his training from the Police Academy in Arlington. He and his wife, Sharon have three children: Robin, 18; Donny, 14 and Tommy, 12. He gave the following comment about his new position with the CCPD, "I'm looking forward to working in the Department because I think it is a good Department, the way it is set up; professional wise."

## Pipelines... make good neighbors

America has over 220,000 miles of petroleum pipelines carrying crude oil and products to refineries and storage terminals across the United States. Each day, more than 1.5 billion ton miles of crude oil and products move through this network. These pipelines have a safety record second to none in the transportation industry . . . and we want you to help us keep it that way.

- liquids on or a mist above the ground in the area of a pipeline.
- Flames originating from an opening in the ground.
- If you become aware of a pipeline leak . . .
- LEAVE THE LEAK AREA IMMEDIATELY.
- Avoid driving into vapor clouds.
- Avoid direct contact with the escaping liquids.

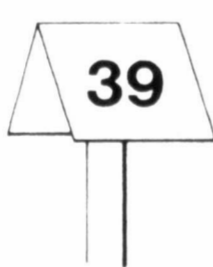

GROUND MARKER

GROUND MARKER

CASING VENT

AERIAL MARKER

When you see signs like those shown above, they tell you that there's a pipeline nearby. If it's underground, you can't see it, of course. But it's there, working quietly to provide energy for you and other consumers throughout this nation.

Some of these signs list the commodity transported in the pipeline, the name of the operator, and a telephone number where the operator's representative can be reached at all times.

Although pipelines have an exceptionally good safety record, once in a while a leak can occur. Indications of a leak might include:

- A strange or unusual odor in the vicinity of a pipeline.
- A hissing or roaring sound (caused by petroleum or product escaping from a pipeline).
- A dense white cloud or fog.
- A spot of dead or discolored vegetation.
- An accumulation of petroleum

- Avoid creating sparks or sources of heat which could cause the liquids or vapor to ignite and burn. If you find yourself in a suspected vapor area, do not light a match, start an engine or even switch on an electric light.
- Notify the pipeline operator as soon as you reach a safe area. Call collect. Give your name, a description of the leak and its location. If you do not know who the pipeline operator is, call your local fire, police or sheriff's department, or the state police. Advise them of the nature and location of the emergency.

If you see someone digging near a pipeline or doing other construction work . . . or if you plan to do such work near a pipeline yourself . . . please call the telephone number shown on the sign and let the pipeline company know so damage can be avoided. It's in your interest . . . and the nation's.

## America's Petroleum Pipelines

## City Boxing Team Wins Big Honors

The Colorado City Boxing Team's Tournament held in Colorado City this past weekend was a complete success with each of the boys taking high honors. This was a fund raising event for the seniors in Westbrook. At this time, there is not a definite figure for the money raised for them, but Vince Gaona, coach, said they did very well. The boys competed against other boys from Snyder, Sweetwater, Big Spring, Abilene, San Angelo, Lamesa, Monahans, Wichita Falls and Odessa.

Locally, Colorado City had winners in the boxing matches both nights of tournament action. Outstanding Boxer was Oscar Martinez, winning both Friday and Saturday and taking a first place trophy for his efforts. Ralph Gonzales lost his round Friday night but came back to take the first place trophy in the finals. Mark Gonzales was left in the finals, giving him a first place trophy.

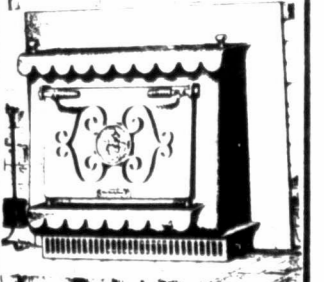

Gabriel Gaona lost his match Friday night and came back to win the finals Saturday night, giving him first place. Eddie Benitz was a winner both Friday and Saturday nights, this gave him a first place trophy.

Taking second place trophies were Marcos Alvidrez, Elias Gutierrez and Greg Rodriguez. Both Alvidrez and Gutierrez won their first matches Friday and lost Saturday. Rodriguez was left in the finals where he captured his second place honors.

In conclusion, Coach Gaona stated that he wanted to thank everyone for their support and for helping the tourney to be the success it was.

On Sunday, following the tournament, three of the boys, Vince Gaona, Jr., Gabriel Gaona and Greg Rodriguez travelled to San Angelo where they competed in a one day tournament sponsored by Tony's Boxing Club and each brought home a first place trophy.

The team will travel to Sweetwater this Friday and Saturday to compete in another tournament.

## "Christmas Ideas" Is Program Presented By Margaret Latimer During B & P W Meeting

The regular meeting of the Loraine B&PW Club was held Monday night in the Lions building. Margaret Latimer was guest speaker.

She titled her program "Christmas Ideas." She gave a list of bold ideas for the future. If we practice the rules: 1. stop smoking; 2. reduce; 3. control high blood pressure; 4. exercise regularly and have regular medical check-ups, we will feel better and enjoy life more.

She emphasized that the important story is how we eat; not how we diet. Our eating habits are formed early in our lives. She gave a score card for good nutrition: less processing of food is best; high color in food is best; more variety in foods is best; more fiber is best; unsaturated fats-best; more white meats such as chicken and fish-best and less sugar and salt always. Finally, she blended a low calorie dip with sliced fruits and vegetables as dippers to serve to the ladies.

Minutes were read and approved. Each one gave a "Did You Know?" as roll call.

Mrs. Taylor was leader for the day and introduced Mrs. C. A. Matejowsky who gave the program. She reviewed the book, "My Glimpse of Eternity." This was a true and very touching story told by Betty Malji of a miracle that happened in her life.

Refreshments were served to 11 members.

Hostesses Ann Preston and Ruby Lee Small

served punch and brownies.

Present were the two hostesses, Pam Butler, Lola Faye Bennett, Juanice Butler, Sally Compton, Mable Givens, Dorothy Johnson, Doris Mae Henderson, Billie Ruth Tarrt, Fielda Blair, Margaret Brame and Verla Owens.

Guests were Hazel Pratt, Nina Meadows, Betty Hackfeld, Viola Gonzales, Ruth Holman, Mrs. J. M. Templeton, Effie Wheeler, Irene Hester, Rosa Hamrick, Darlene Hamrick and Lora Taylor.

A short business meeting followed the program. Lola Faye

Bennett presided. The club voted to donate \$10 to the M.D. Anderson Foundation.

Also the club voted to sponsor a Christmas decorating and lighting contest for the Loraine community. There will be three prizes for the homes in the community: first-\$50 savings bond; second, \$15 and third, \$5.

There will also be one prize of a \$50 bond to the best decorated business in Loraine. Mrs. Dorothy Johnson is the chairman for this contest. The judging will take place on December 30.

### Coffee Hosts Meeting

Mr. and Mrs. Floyd Coffee were hosts for the November meeting of the Loraine Game Club. The party was held at 6:30 p.m., Tuesday, Nov. 10.

Three tables of 42 were played and refreshments of apple pie topped with ice cream, coffee, apple juice, candies and nuts were served.

After the game hour, the group planned their Christmas party and menu and gift names were drawn for the December party to be held at the home of Dr. and Mrs. Bruce Johnson.

Those present were Mr. and Mrs. Doyle Hester, Mr. and Mrs. J. M. Templeton, Mr. and Mrs. Leonard Coldey, Mr. and Mrs. W. A. Taylor, Mmes. Jack Linnam, Syble Walker and Ida Baird.

Both important: energy and the environment . . .  
**let's keep our balance.**

We Americans have built a great nation through productive use of the country's vast energy resources. Sometimes, though, things have gotten out of balance when long-term effects on our environment were overlooked.

Today, most of us recognize the need to preserve the quality of our air and land and water, now and in the future. But the pendulum has swung too far.

At your electric company, we are faced with some laws which raise the cost of electricity without any significant benefit to the environment.

For example, a 1977 amendment to the Clean Air Act requires that plants using low-sulfur coal emit less sulfur dioxide than those which use high-sulfur coal. This requires more air quality control equipment on plants that use low-sulfur coal than is necessary to protect the environment. Ultimately, this will penalize our customers by increasing the

cost of electricity from our future low-sulfur coal plants.

There's a lack of balance here that's costing all of us. Only the U.S. Congress can put it right by changing our laws so that they can be applied intelligently and made to work. Good regulations help keep a balance — let's get the benefits we're supposed to, and be sure they're worth the costs.
