CYCLIST PETER DUKER AT TAM ANNE
. . . With Jo Ann Hudson and her young son

Tam Anne hosts pro bike rider

(Editor's Note: Our county has been the crossroads within the past three weeks for two riders attempting to set new records. Three weeks ago Jake Schaffhauser came through on horseback, bound from northern Canada to Chile. And Tuesday morning, English cyclist Peter Duker of England stopped for breakfast at the Tam Anne Cafe, operated by Mrs. Marie Mayfield and her daughter, Jo Ann Hudson. This article by Mrs. Hudson is the first newspaper story about Duker's cross-country ride since he left Los Angeles.)

By JO ANN HUDSON

Peter Duker of England is a professional bicycle rider. He is now attempting to beat the trans-American solo bicycle record.

HE HAS ridden in countries all over the world, and came to the US March 1 from Australia, landing in Los Angeles.

He's a big man—6 feet or taller, hefty, about 40—and very pleasant.

His trip started at 6 a.m. March 14 from Los Angeles, and he will travel 2,800 miles, ending in New York.

PETER started out alone, and occasionally was joined by sponsors along the way. Traveling with him is Michael Chacon, a free-lance photo illustrator from Los Angeles, who joined him in Phoenix and will follow him to New York.

The trip is sponsored by the Raleigh Bicycle Co. of England and an English brewery. In addition to driving a station wagon behind Peter, Michael is photographing the tour with a lot of movie and still cameras.

Peter and Michael stopped at the Tam Anne Cafe at 9:30 Tuesday morning and asked if we were still serving breakfast. We told them were—and what a breakfast they ordered. Mother cooked them a two-inch club steak apiece, with toast and coffee, and asked them if they wanted something to go with their steaks. They said, "Yes—some sausage."

Peter said it was the best meal he had eaten since leaving Los Angeles.

AS I FOUND out more about them, I thought it might be fun to interview them and share it with you. It was very interesting talking to both Peter and Michael. We talked about where they were from and about their trip. Michael took several pictures of Peter and me in the cafe, and they stayed long enough for us to take a few pictures of our own.

Michael carries an extra bicycle on top of the station wagon, so that when Peter has a flat tire he can change bikes and keep riding while Michael gets it fixed. However, he hasn't needed the extra bike yet. He also carries extra

JUNIOR AND SENIOR SPELLING CHAMPS
. . . LaDonna Brockman and Twila Ball

Nazareth girls win county 'bee'

A pair of Nazareth girls spelled their way to the championships of both divisions in the 1972 Castro County Spelling Bee Tuesday.

TWILA BALL, seventh grader, captured the senior division title and will represent the county in the regional spelling bee in Amarillo April 24.

LaDonna Brockman, sixth grader, won the junior championship.

Both girls had to spell down their Nazareth classmates in the finals to win.

MISS BALL spelled "plumage" after Mary Theresa Kern had missed it, then went on to spell "plutocrat" correctly to win the senior championship.

The junior division contest came down to a boy-girl spell-off between LaDonna and Tony Brockman. LaDonna spelled "circular" after Tony had missed it, then spelled "cluster" correctly for the championship.

Others in the junior division were Angie Wilhelm, Renea Ball, Timothy Wilhelm, Lane Loudder and Jonette Stephenson.

ALL SPELLERS in the contest were class winners or runners-up. North Elementary School of Dimmitt entered two students in the junior division, but neither Dimmitt nor Hart had any entrants in the senior group.

County Judge Raymond Wilson was chairman of the county bee, which was held in the courthouse Tuesday afternoon.

Bond election to be called

New fire station planned

Dimmitt's city commission set in motion Monday night plans for a $100,000 bond election for a new fire station to be located in the old education building of the First Baptist Church on West Bedford.

THE BOND issue would cover the costs of purchasing the site and building, remodeling of the building and purchasing additional equipment needed by the fire department.

Commissioners tentatively plan to call the election at their next meeting (April 3) and to hold the election on April 22.

E. B. Noble, city manager, said the First Baptist Church is asking $30,000 for the building and quarter block of property. The adjiining quarter block was sold to Allsup's drive in grocery chain last year for $15,000. For that price, Allsup's purchased the land and a condemned building, and agreed to tear it down.

NOBLE SAID the fire department needs more space to house additional equipment and hold meetings and drills. The second floor of the education building would be made into an apartment and meeting area with the bottom floor to serve as parking space.

According to Fire Chief Harlan Dodd, the fire department now has five vehicles—three fire trucks, an emergency van and a station wagon—but the present station was designed to hold only three. Dodd said the fire department also hopes to add a Civil Defense vehicle if the new fire-station proposal is approved.

Dimmitt's present bonded indebtedness is being paid off at approximately $39,000 per year, and will be completely paid in 1977. The fire department issue would be set up for a six-year payoff, with the yearly payments adding approximately $10,000 to the current payment. Then for two years, the final payments would be approximately the current rate. The last payment on the new issue would be in 1979.

IN OTHER action Monday night, the commission passed—as a formality—an ordinance making it unlawful to sell beer, liquor, wine or other alcoholic beverages on Sundays within the city limits.

Commissioners also adopted an ordinance deleting Chapter 15 of the plumbing code from the city building code and added a new plumbing requirement code.

The city park upkeep contract was postponed until the next commission meeting, April 3.

Last rites held for Mr. Caldera

Funeral services for Amado Caldera of Hart were held at 2 p.m. Monday in the Pentacostal Church of Dimmitt.

Gustavo Ornelas officiated at the services. Burial was in the Hart Cemetery, under the direction of Dennis Funeral Home.

MR. CALDERA died Friday evening in Plains Memorial Hospital. He was born July 24, 1930, in Waco.

Survivors include his wife, Amanda, and six children.

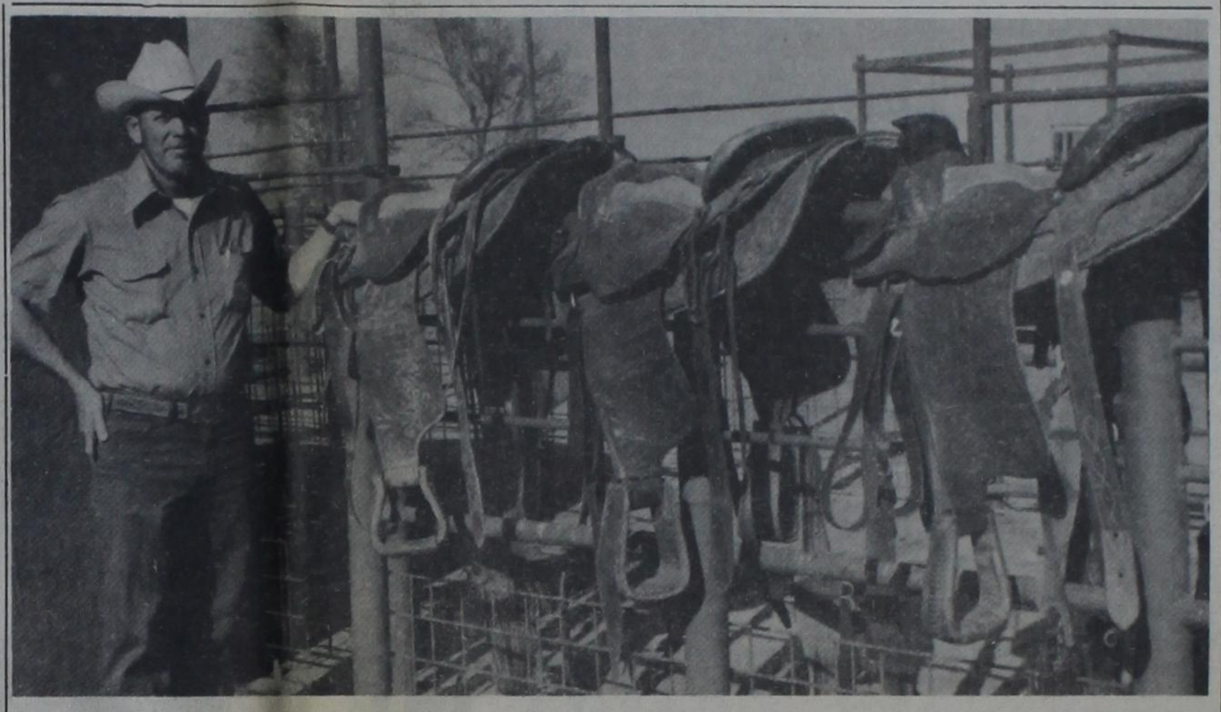

Easter egg hunt will be April 1

Mark April Fool's Day on your calendar, kids. That's the day of the big Jaycee Easter Egg Hunt.

THE ANNUAL egg-hunt for all boys and girls 12 or younger in the county will be at Dimmitt's city park at 2 p.m. Saturday, April 1.

The park will be roped off in sections for children of different age groups, and the Jaycees will scatter thousands of candy eggs over the park just before the hunt begins. A prize egg will be hidden in each area also, and those finding the bonus eggs will receive special awards from the Dimmitt TG&Y Store.

Gary Gerber is chairman of the Jaycee project.

ROY 'COWBOY' JOHNSON WITH RODEO TROPHY SADDLES
. . . One more and he'll have his whole family outfitted

★ ★ ★ ★

'Cowboy' always rides a trophy

By BECKY BERRYHILL

The area rodeo circuit is well known to the Roy "Cowboy" Johnson family of Dimmitt. It's a family affair with the Johnsons—but Cowboy is the big winner.

DURING the past three years Cowboy has brought home three trophy saddles and four belt buckles.

"I've won a buckle for each one in the family, and just need one more saddle for all of us to have one," Cowboy said.

Cowboy competes in several roping events, both team and individual, on the rodeo circuit each year.

HE'S THE header in team roping. The calf gets a 15-foot head start on the team, then the ropers ride into action. The header ropes the calf and turns to face the gate. His partner, the "heeler," ropes the calf's feet and holds them up, and both face the judge. At that moment the timing stops.

"The best time we ever got was 5.8 seconds at Friona in 1968," Cowboy said. "The usual time is seven, eight or nine seconds. When your time is over 10 seconds, it usually means you don't made the go-round."

Cowboy also competes in single roping, or "steer tripping," which is illegal in Texas.

"THE CALF is roped and you pull from the right to throw it, then tie three feet," Cowboy explains. "It's illegal in Texas, so the event is called steer roping and branding, and we brand the calf when we're through."

Dally roping is fairly new to the rodeo circuit and Cowboy enters it, too. The rope isn't fastened to the saddle horn until the calf is roped.

"It's as fast or faster than the older styles of roping," Cowboy said.

ALONG WITH the summer rodeo circuit, Cowboy enters jackpot team roping events on weekends year round. During the summer, the Johnson family makes a rodeo nearly every night, returning home in time to do the worg on the A. J. Kemp land where Cowboy works.

"A. J. has always understood my rodeoing," Cowboy grinned. "It's his horse, Lightning, that I've won all my trophies on."

Lightning is the nickname for Kemp's registered quarter-horse, Cactus Breeze.

"Lightning has been photographed after winning so much, that he poses," Cowboy laughed.

COWBOY started roping as a cow puncher on the JA ranch as a teenager. Altogether he's worked nine years for the JA. "When I started at the JA, they had 300 sections of grazing land for their Hereford cattle," Cowboy remembers. "At that time, they had 16,000 head of mother cows."

"I followed the chuck wagon nine months of the year and worked the floating outfit during the winter," Cowboy said. "The floating outfit moved from camp to camp instead of living

Big DHS reunion jelling

Progress report on the Dimmitt High School Ex-Students' Reunion, coming up April 1:

MORE interest seems to be generating for this reunion than for any since 1966, when the county's Diamond Jubilee celebration was in full swing.

The main reason is that this reception will bring together—for their 20th-year reunion—the members of those two basketball teams that fulfilled the impossible dream back in 1952 by bringing two state championship trophies home to Dimmitt High within the span of two magic, hectic weeks.

Mrs. Shirley Hall, who was a forward on the Bobbies' team that year, has contacted all her former teammates. And Bill Gregory, the all-state post forward on that fabulous Bobcat team, has notified all the squad members and told them to get home for the reunion.

BILL STEPHENSON, secretary-treasurer of the Ex-Students' Association, reports that 1,250 invitation letters have been mailed out—but that quite a few have been returned because the addresses have moved. In this mobile age, it's hard to keep an up-to-date mailing list, so if you know of any ex-student who may not have received the message, let us know his or her address.

Gov. Preston Smith, who was sent a courtesy invitation, notified the Ex-Students' Association this week that he would be unable to attend because of a prior commitment, but asked us "to convey my best wishes to all my friends in Dimmitt."

On the other side of the coin, though, Jack Copeland of Darien, Conn.—who was the team manager for the 1952 Bobcats—said he will be here for the reunion, although he has to leave New York City for Europe the following day. Jack, now an investment banker in New York, is working with his dad, Floyd Copeland, to line up all the airline connections.

WE'VE BEEN assured that many other exes are coming in from surrounding states.

Choc Lay asked this week if the reunion is just for ex-students, or whether it's for the general public as well. Yes, it's open to the general public. They're as much a part of the school as the exes—DHS wouldn't have survived or progressed if it weren't for the "general public" here.

Incidentally, Choc wants to see that game film of the 1952 Bobcats whipping the Class AAA state champion, Bowie, during the reunion. Choc helped carry Dimmitt teams all over the country before team buses became common. He and J. R. Brown even flew a jug of Dimmitt water down to Waco to help one of our girls' teams win a state championship. They went along with the jug, of course.

WE'RE GOING to need help from a lot of kitchens. We're asking all local ladies attending to bring two dozen cookies or pastries, and others will be asked to bring their coffee urns and punch bowls. It will all be "pick-up" foods not requiring saucers or forks.

If you haven't marked the date on your calendar, do it now: the reunion will be Saturday, April 1 (the day before Easter) in Dimmitt High School gymnasium.

Proceeds will go to the lodge's "Project Floor Covering." IOOF members have remodeled the inside of the lodge hall and both the lodge and auxiliary are joining forces to complete the remodeling project both inside and outside.

Rites held Sunday for O. L. Follis

Services were held in the Assembly of God Church Sunday for Oran Luther Follis, 60, of Dimmitt.

MR. FOLLIS died Friday in the Methodist Hospital in Lubbock.

Born April 1, 1911, in Purdon, he was a self-employed carpenter. He had lived in Dimmitt for 19 years.

Rev. Homer T. Goodwin of Hereford officiated at the services, assisted by Rev. William E. Summers of Dimmitt. Burial followed in Castro Memorial Gardens, under the direction of Dennis Funeral Home.

SURVIVORS include two sons, Luther Grant of Fort Worth and Randall of Hobbs N.M.; a daughter, Edna, of Dimmitt; three brothers, J. V of Navarro Mills and Basil and Robert, both of Corsicana; four sisters, Mrs. Gertrude Chapman, Mrs. Bertie Mae Tramle and Mrs. Retha McHoney all of Corsicana, and Mary Follis of Tulsa, Okla.; and seven grandchildren.

Nazareth FHA to serve chicken

Nazareth's FHA girls will have their annual Chicken Dinner Sunday in the school cafetorium from 11:30 a.m. to 2 p.m.

THE MENU consists of fried chicken, mashed potatoes and gravy, green beans, tossed salad, homemade bread, tea, coffee and homemade pie.

Tickets are $1.50 for adults, $1 for children under 12, and 50 cents for pre-schoolers. Everyone is invited to come and enjoy themselves.

Price's aide to visit Friday

Charles Lanehart, assistant to Congressman Bob Price, will be at the First State Bank of Dimmitt from 1 to 3:30 p.m. and at the American Legion Hall in Nazareth from 4 to 5 p.m. Friday to assist any county residents with problems involving the federal government.

"I hope you will have the opportunity to visit with Mr. Lanehart if you think my office can assist you on any matter," Price said.

Dimmitt's city commission hopes to see all the remaining unpaved streets in the city paved by the end of summer 1973, and started an assessment program this week to get it done.

ALMOST 100 blocks will come under the assessment program. The city will assess homeowners along unpaved streets and will begin the paving during the spring of 1973.

"The only problem would come from homesteaders refusing to be assessed," City Manager E. B. Noble said. "Homesteaders who refuse cannot legally be assessed for this type of project."

Tom Anderlich, president of the Texas Securities of San Antonio, met with the city commission Monday night to discuss the plan. Anderlich, who has assisted on most city paving projects in recent years, was requested to scout for an assessment company to handle the paper on the new project.

ACCORDING to Noble, the cost of paving city streets is now about $14 per running foot, or $7 per front foot for the property owner on each side of the street. On a 50-foot lot, the cost of $350 could be paid out over a four-year term in monthly or annual payments, he said.

"The commission feels that placing a flat assessment on every lot along unpaved streets would give property owners a chance to get their streets paved," Noble said.

"If homesteaders are given advance notice and they still don't want to go along with the program, at least the city will have done its part in trying to eliminate unpaved streets in the city," he added.

Croft appeals verdict

Attorneys for Billy Lee Croft of Lubbock are appealing his murder conviction in 64th District Court here.

A CASTRO County jury convicted Croft on March 6 of murder with malice and sentenced him to 99 years and one day in prison for the 1971 shotgun slaying of Mrs. Lillian Kesler of Tulia. The seven-day jury trial was conducted here under change of venue from Swisher County.

Croft's defense attorneys, Selden Hale of Amarillo and Jim Brown of Canyon, are appealing for the verdict to be set aside and a new trial be granted. County Attorney Robert Buntyn said no hearing date has yet been set on the appeal.

By appealing the 99-year sentence, is Croft taking a chance on getting a harsher sentence if a new trial were granted?

"BECAUSE of new decisions by the US supreme Court, it's unclear whether a second trial could result in a harsher sentence," Buntyn said.

He referred to a recent Supreme Court decision relating to double jeopardy in a new trial in a North Carolina case. The High Court ruled that "imposition of a harsher sentence on retrial after a successful appeal would violate due process of law by penalizing the defendant's right to appeal."

Similar decisons have been handed down by other federal courts recently Buntyn said.

Croft was the second man convicted of murder in connection with Mrs. Kesler's death. Lonnie Brown of Lubbock was convicted earlier and given the death penalty by a Swisher County jury. His case is now under automatic appeal.

A THIRD defendent, Bobby DeShazo of Lubbock—who was a key state witness in both the Croft and Brown trials—has also been charged with murder in connection with Mrs. Kesler's death.

Babe Ruth League to replace Pony?

Nobles home from tour through 'Big Thicket' country

By MYRTLE SHEFFY

South Texas and East Texas are the magnets for the Dimmitt travelers this spring.

MRS. Es Noble gave me this story of their trip, as she told it. "Es and I have spent the past five weeks in the sticks of East Texas. First we visited a day with our out of town kids Jerry and Barbara at Lubbock, Don Loy at Texas City and Wilma at Gainesville. We came home for one week, then Es had to notion to go see the "Big Thicket" in East Texas and we saw and visited some of the Indians there. Most of their children come out of the woods to school. You remember the Big Thicket was Sen. Yarborough's project to save. We liked it but Wes and Alice Anthony say they didn't care for it. "Guess we are more like kids than they are."

We followed the thicket to Beaumont, on to Orange, Bridge City where we visited Imogene and Ray McKinney, on to Port Arthur, down the Texas coastline across on the ferry to Galveston. We came back by Missouri City, a big Houston development, saw the pretty furnished homes at Quail City, then later back east to Rayburn Park and Lake, the prettiest place of all. We crossed the Angelina and Neuces Rivers. The natives there say the azaleas and trees are prettier than ever.

BOB AND Helen McLe-n, Bob and Jeannie Estes of Oklahoma and Mr. and Mrs. Katizan of Bovina went to Miami Beach Fla. to a bankers business meeting, then on down to the Bahamas for a couple of days to enjoy the sun and sand. Then Sunday they went up to the Clayton Ranch to see about the cows.

Bert Andrews went to College Station for a short course in lawn and weed control methods. He is superintendent of the city park here. Then Bert went to Houston to visit his son Jerry and Janice who took them on tours of the largest city in Texas. He reports perfect weather, and nice things to see, Nasa, the big chemical factories, the Bay and all the fine homes. Janice is the daughter of Billie Wesson.

GENE AND CONNIE Ivey are on a good trip east and south. First stop was at daughter Raneals in Oklahoma, on to Arkansas. They visited Gene's brother there and a sister joined them for a visiting trip in Mississippi. The plan is to go on to Florida. The dogwood and azalea trails and the ocean are worth seeing.

Homer and Nelle Newton recently returned from a month's tour abroad. Their daughters and families. Mr. and Mrs. John Gray and family of Amarillo and Mrs. Barbara Anderson and girls of Dimmitt bid them "Bon Voyage" on Jan. 29. They had a stop over in Phoenix where they were met at the airport by their daughter and family T-Sgt. and Mrs. Richard Burkhardt and Stacey for a short visit enroute to Los Angeles.

The "South Pacific Tour with Ralph Wheeler" consisted of a party of ten including the Newtons visiting Tahiti, New Zealand, Australia and Hawaii. Nelle says, "Words can't express the beauty of the flowers and coconut groves in Tahiti. The highlight of New Zealand was the "Glowworm Grotto" and the 60 million sheep statistics says there are 20 sheep for every person in New Zealand.

In Australia the Koala Bears and Kangaroos are the main attractions. Nelle says she didn't care much for "Kangaroo Tail Soup." In Australia they had a special tour to Phillip Island to the "Fairy Penguin Parade" when each afternoon at dusk these quaint little birds return from the Sea.

They crossed the International date line going and coming. They left Sidney, Australia Feb. 22 at 5 p.m. and arrived in Honolulu at 7 a.m. the same day. One man in the tour celebrated his birthday twice.

The group had a lot of fun going through customs. They had gotten accustomed to having flowers, fruit, etc. taken away from them but were quite surprised when their plane landed on "Fiji Island" to refuel when men boarded the plane and sprayed all the passengers before unloading. "Said it didn't smell good either. Guess they didn't want any American germs."

The Newtons and Lokeys of Olton spent three days in Hawaii touring the Island. Mrs. Newton says "She just had to get out in the pineapple fields and get a pineapple." From Sidney to Los Angeles they flew on the 747 Pan Am jet (some plane). Mountains, lakes, forests, birds and flowers, you name it, we saw it, say the Homer Newtons.

Tuesday evening Blackie and Sara Blackwell served cake and coffee with games of "42" to Mr. and Mrs. Jack Tucker, Mr. and Mrs. Burl Bradford, Mr. and Mrs. H. C. Nelson, Mr. and Mrs. Curtis Tate, Polly Bell and Mamie Birdwell.

Mr. and Mrs. D. H. Strickland were hosts to Mrs. Mary Newton of Anchorage, Alaska and her daughter Pam of Wayland College at Plainview and their son Butch, also a student at Wayland. Pam was one of the contestants in the "Miss Beautiful Wayland" last month. Her mother is an artist and showed her work to the North Elementary School where Mrs. Strickland teaches.

Mr. Dutton the choir director at school, took the students to Lubbock for a concert. I don't know the details.

Weekend guests of Mr. and Mrs. P. P. Robb were his brother R. B. of Florence, Colo., Don, Sandra and boys of Idalou, and Ted, Jean and family of here.

GOOD FRUITS

"The wisdom that is from above is first pure, then peaceable, gentle, and easy to be entreated, full of mercy and GOOD FRUITS."

There are two forces at work in this world, evil and good. We have the freedom to choose between these two things.

"O taste and see that the Lord is good: blessed is the man that trusteth in him."

EVERYONE IN THE CHURCH ... THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

DKG chapter installs new officers; hears author's views on happiness

"Year by year we work for techniques in order to master ourselves and reach a growing understanding of ourselves and others. Happiness is based upon this primary understanding," states Pearl Buck in an essay presented by Mrs. Bettie Stephens of Hart at a recent meeting of the Iota Zeta Chapter of Delta Kappa Gamma.

MRS. BUCK further states that body, mind and will are the forces which unite to achieve our goals. The essay was written from her point of view as she neared age 80, and summarizes her feelings to this point.

Mrs. Eunice Thornton conducted a discussion of the subject of how we can be agents of change. Mrs. Ruth Wooten offered the meditation before the program.

The meeting was in the First United Methodist Church in Dimmitt. Mrs. Evie Froehner, president, conducted the business meeting during which new officers were installed. They include Mrs. Avis Smith, president; Mrs. Joan Moore, first vice-president; Mrs. Shirley Tucker, second vice-president; Mrs. Margaret Rambo, recording secretary; Mrs. Loranell Hamilton, corresponding secretary; and Mrs. Dawn Goolsby, treasurer. Jaycees kick off Boxing Club fund

The Castro County Jaycees became the first civic club to give financial support to the new Dimmitt Boxing Club when they voted last Thursday to donate $125 as a "starter" contribution.

THE JAYCEES also voted to help the Boxing Club operate its future interclub matches, tournaments and other activities where help is needed. President Harley Wilke appointed Jimmy Butler and Truman Touchstone as the Jaycees' representatives to Boxing Club board meetings.

Kenneth McDermitt, who organized the Dimmitt Boxing Club, reported to the Jaycees that a board of directors was elected last week at a parents' meeting, and that 40 to 50 boys are now working out and taking boxing lessons.

HE TOLD the Jaycees that the boxing club needs both money and manpower from all the city's civic clubs if it is to survive.

"We expect to have an interclub match in April, and we hope to have a big AAU tournament here in August," McDermitt said, "but we'll need a lot of help from our civic clubs to do it. These matches are good money-makers, but we'll need plenty of people on hand to help the boys get ready, take tickets, sell popcorn and so forth."

EXTERIOR WORK and landscaping are now completed at the new Immaculate Conception Catholic Church on West Halsell Street. Rev. Raphael Chen, pastor, is laying the brick himself for a belltower west of the building, which will put the final touch to the primary construction project. The large new tan-brick building has one feature that is almost unique among churches—when it's completed, it will be free of debt.

Spanish language tax booklet out

A new publication written in Spanish and designed to assist Spanish-speaking taxpayers in filing their Federal income tax returns is now available in all IRS offices and most post offices in North Texas, according to Ellis Campbell Jr., District Director of Internal Revenue Service.

The new booklet was designed and written by staff members of the IRS and is patterned after the form 1040 instructions. The booklet is written in a literary form common to all Spanish-speaking people.

The booklet was specially designed with insructions that are keyed to a sample Form 1040 that will serve as a guide for filling out an English language From 1040.

A free copy of the booklet, IRS Publication No. 579, "Information for the Preparation and Filing of the Individual Federal Income Tax Return," is available to Spanish-speaking taxpayers at IRS offices and most post offices in North Texas. If taxpayers prefer they can write to Internal Revenue Service, 1100 Commerce Street, Dallas, Texas 75202 and ask for a Pub. 579. IRS will mail them a copy.

INSIDE THE CHURCH, services are now being held regularly as interior finishing continues. The interior is modernistic, with liberal use of brick, paneling, carpet, hardwood fixtures and multi-colored pattern-glass windows. The draped window at right someday will be the entrance to an education wing.

Scouts get $264 first five days

Dimmitt reached the $264 mark by tabulation time Friday in the Boy Scout Sustaining Membership Drive, according to M. J. Reed, drive chairman.

THE DRIVE, which started March 13, is for Scout funds in the 20-county South Plains Council for the current operating budget of $187 217. Of this amount, 10 United Funds have already allocated $103,890 toward the total needs. The local fund drive goal is $1,300.

Sustaining membership drives are now underway in 45 South Plains communities, according to Jack Schneider of Lubbock, chairman.

The South Plains Boy Scout Council serves over 10,600 boys in the 20-county council through 3,500 adult leaders. The council owns three camps—Tres Ritos, high in the Sangre De Christo Mountains of New Mexico; Camp Post, 41 miles southeast of Lubbock; and Camp Haynes located near Silverton.

Plans are for all drives to be completed in April, Schneider concluded.

The 17th annual Texas Commercial Egg Clinic will be held at Texas A&M University March 29. The clinic will be highlighted by discussions on Exotic Newcastle, feed restriction for laying hens, pesticide residue monitoring, merchandising eggs, egg inspection and quality control programs for egg operations.

Lock-Seal concrete irrigation pipe is manufactured by Gifford-Hill, installed by Gifford-Hill, serviced by Gifford-Hill and guaranteed by Gifford-Hill.

Gifford-Hill will even design an entire Lock-Seal system for you.

That's quite a line.

It is for a fact. Nobody else can say that because nobody else builds an irrigation pipe like Gifford-Hill builds LOCK-SEAL.

Nobody has anything to do with anything where LOCK-SEAL's concerned but us. Our sole objective is to build a pipe line that conserves your water and uses it to the best possible advantage.

■ First, we make sure that every section of LOCK-SEAL meets our rigid set of standards. If one doesn't, it's scrapped.

■ Then we put a flexible rubber gasket in each section. That virtually eliminates expansion, contraction and soil movement problems.

■ Before we install it, our irrigation specialists design the system that will work best on your farm.

■ When it's time to install it, a team of specialists gets involved. LOCK-SEAL is installed to the exact design specifications. From cutting the ditch to the final tie-in, experts are at work, making sure that you have a trouble-free system.

■ After the job is finished, the same experts are standing by to provide any service needed.

■ Year after year, you'll have the same reliable people offering the same dependable product and service.

Vets returning to civilian life reminded of important deadlines

With more Vietnam era servicemen returning to civilian life, Jack Coker, director of the Veterans Administration Regional Office at Waco, pointed out that certain deadlines are important to these young men and women.

CIVILIAN return will be smoother, Coker advised, if veterans keep in mind the following timetable after separation:

1. In 10 days, report address to Selective Service through local board (in person or by mail).

2. In 30 days, register with Selective Service or any local board, if not already registered.

3. In 90 days, apply to former employer for reemployment.

4. As soon as possible, register with local state employment service office. (Veterans have up to a year to apply for unemployment compensation, but applications filed after a long period of unemployment could result in a lower rate of unemployment conpensation).

5. In 120 days, or one year if totally disabled at time of separation, convert Servicemen's Group Life Insurance (without examination) to private, commercial policy.

6. Within one year from date of notice of VA rating on disability, apply to any VA office for GI life insurance based on service-connected disability.

7. Within one year, apply to any VA office for dental care.

8. As soon as possible, apply to any VA office for GI education or training, which must be completed within eight years of separation from military service.

Coker noted there are no time limits for veterans to:

Apply to any VA office for a GI loan guaranty to buy a farm, or buy, build or improve a home.

File claims with any VA office for compensation for service-connected disabilities or disease, or apply for hospital care.

Seek assistance from local offices of state employment service in finding employment or entering Labor Department job training programs.

Coker added that the 72 Veterans Assistance Centers around the country are ready to help veterans get a quick start in civilian life.

WASHINGTON AND SMALL BUSINESS

AS HEARD BY HEARD

What Is the Alternative?

There is an old saying around Washington about seven economists holding a discussion and arriving at eight different answers.

* * *

Similarly today, there are many viewpoints on the current economic control plan known as Phase Two. While some are appalled that the nation has ever had to take this course in view of the American tradition of individual enterprise, this viewpoint is not one for discussion at this time.

* * *

But there are many conflicting opinions and viewpoints on whether or not the present plans will work. The man in the street as well as the man in the ivy tower, or in the executive suite, all hold different opinions.

* * *

Great arguments can, and are being advanced, that the current control system will work. Other equally as valid arguments are made that the system cannot possibly work.

* * *

But in all the dialogue and rhetoric that has been and is being launched, there is a most pertinent point omitted.

* * *

That is the question of what are the alternatives if the present program does not work?

Obviously, for the U. S. to resume the inflationary spiral it was on would mean ruin for many, perhaps for the entire nation.

* * *

And it cannot be dismissed with a shrug that perhaps the present plan will not work. But so far, no one has come up with an alternative plan.

* * *

The nation's independent businessmen have for some time protested to the National Federation of Independent Business that spiraling costs had gone beyond all limits.

* * *

It is unfortunate that the action on controls had to be taken on the eve of a political year, because everything then becomes politically suspect.

* * *

But so far the present plan is the only one the nation has and it should be supported by the people until such time as it may prove that it is not going to work.

* * *

However, rather than carping over the present program, it would be far better if people everywhere, seriously start thinking what would be a feasible replacement for the present program in the event it is not successful.

Grainmen can now alter set-aside

Elbert Harp, executive director of the Grain Sorghum Producers Association was notified this week by USDA officials that the set-aside regulations have been relaxed for farmers who produce both wheat and summer row-crops.

UNDER THE new regulation, a farmer sho has wheat set-aside will be asked to designate his intended set-aside for cotton and grain sorghum at the time of wheat certification. However, if for any reason he wishes to change his set-aside later, he may do so by notifying the county ASCS office at the time of certifying his grain sorghum and cotton.

Prior to this adjustment, a change could have been made only with the approval of the county ASCS office, which unduly complicated the farming operation at the time of starting crops in the spring, Harp said. The Grain Sorghum Producers Association and the Plains Cotton Growers Association have been working on this problem with the USDA for over a month.

FU banquet set Saturday in Tulia

The Farmers Union District II annual banquet will be held at the Ezra Jones Memorial Cafeteria in Tulia Saturday at 7:30 p.m.

DISTRICT II is composed of 15 South Plains counties, including Castro.

Congressman Graham Purcell of Wichita Falls will be the principal speaker. He will bring the group up to date on the current status of rural legislation in Congress. Purcell is currently serving a fifth term in Congress and is seeking re-election in the newly reorganized 13th Congressional District. He is chairman of the Livestock and Grain Sub-committee of the House Agriculture Committee. He is also a member of the Post Office and Civil Service Committee.

Henry Boston of Tulia, president of Swisher County Farmers Union and chairman of the Banquet Committee, said tickets are available from Farmers Union officials in all District II counties and that the admission is $4 per person.

HSU exes to hear plans today of of aid for private universities

Wayne E. Thomas of Hereford, chairman of the Coordinating Board, Texas College and University System, will address at 7 p.m. dinner meeting of the Panhandle Association of Hardin-Simmons University Ex-Students today (Thursday). About 150 are expected at the dinner meeting at Sutphen's restaurant in Amarillo.

"HIGHER education must become everybody's business, and coo eration must replace in fighting among institutions if Texas is to meet the demands of the future," Thomas said.

"Increases in annual operating budgets are plaguing all institutions, but the small independent colleges are hardest hit," says Thomas. "At the same time, students and their parents are finding it increasingly difficult to meet the rising costs of higher education."

The contributions of private colleges are very much a part of higher educational planning in the state, according to the chairman. The Coordinating Board overseas the growth and development of the entire Texas system of higher education. Private colleges not only offer students needed alternatives in higher education, they represent an investment in plant, equipment, land and human potential which must be considered in any statewide educational planning, explains Thomas.

"THE Coordinating Board respects and supports the constitutional provisions for separation of the Church and state," explains Thomas, "but we don't think those provisions ever were meant to dictate a 'sink or swim' attitude toward private colleges."

The legislative act which created the Coordinating Board specifically authorizes the Board to enter into cooperative undertakings with private institutions.

Students attending private colleges also are eligible to participate in two state-supported financial aid programs. The Hinson-Hazelwood College Student Loan Program is available to needy students enrolled in any institution of higher education in Texas.

A NEW Tuition Equalizaton Grants Program was created by the Texas Legislature in 1971. The program authorizes the Coordinating board to award grants to needy Texas students to help pay the difference in the amount of tuition charged by a private college and a public institution. During its first year of operaton, almost 2,200 students enrolled in 44 different private colleges have received grants, averaging slightly more than $385 a year.

Additional relief for the financial squeeze both for colleges and parents may lie in curriculum reform and expanded use of college credit by examination to students who can demonstrate they have already mastered the content of beginning college courses. Small, private colleges have the flexibility to move rapidly to meet student's needs in these areas, says Thomas. Curriculum revision, adoption of three-year degree plans, awarding of credit by examination, and introduction of nontraditional programs are almost inevitable changes for colleges in the future, the Chairman believes.

"THESE kinds of changes are promoted both from a desire for educational reform and a compelling need to conserve resources. Colleges recognize that they must address themselves to the problem of achieving more results without more resources."

A QUALIFIED 18-year-old voter can run for municipal office in Midland where there is no statutory or legal barrier, Secretary of State Bullock has held.

Three local men win corn awards

Three area growers habe been named to receive special awards for their excellence in corn growing. Announced by the Producers of Funk's G-Hybrids, the awards are in recognition of their production of high corn yields. Yields gained by these outstanding farmers are being entered in the nationwide record books of Project:200. Project: 200 is a high yield corn growing project aimed at increasing corn yields and per-acre profits. Corn growers throughout the U.S. and Canada are participating.

Growers named from Dimmitt, their hybrids and yields, are: Gary Moore, G-4697, 167.2 bushels per acre; Howard W. Smithson, G-4646, 187.7 bushels per acre, and Rayphard Smithson, H24382, 176.8 bushels per acre.

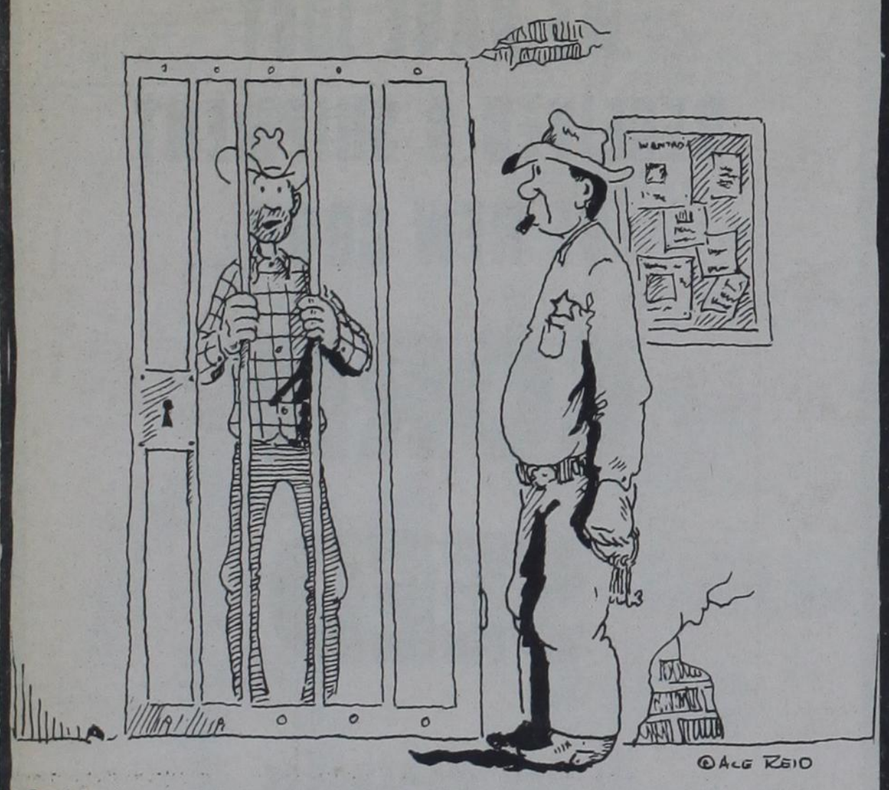

Under the national Project: 200 rules, a minimum of two acres must be machine harvested from not less than four adjacent rows running the full length of the field, shelled nd converted to No. 2 corn. All figures must be validated by a disinterested witness.

The information gained from Project:200 high-yield projects will be computerized. The resulting facts concerning successful management practices will be shared with corn growers.

Social Security agent sets visit

A representative of the Amarillo Social Security Office will be in Dimmitt Wednesday from 9:15 until 11:15 a.m. to help local residents on any matters relating to social security or Medicare.

WE HAD another big group of boys and girls for the Children's Story Hour last Friday. Each child made a shamrock and I told them about Ireland, the big parades and the people wearing green on St. Patrick's Day.

The reason everyone wears green is that green is supposed to be Ireland's favorite color. Mrs. Lynn King and I served green cupcakes and green Koolaid to 16 boys and girls.

INTERESTING people in the library last week:

—Mrs. Pearl Sheffy, who came in for a good book. I suggested "Then There Grew Up a Generation," by Bjorn. She called later that she enjoyed it so much that she wanted to use it for a program.

—Mrs. Bill Myers of Friona came by to visit one afternoon.

—Mrs. Spraberry and her son were in one day last week. Mr. Spraberry wanted to read Mrs. Bowden's and Father Stanley's books while he was here visiting.

—Mrs. Robert Huseman and son and two daughters from Nazareth were in the library to check out a few books.

—Emily Clingingsmith brought a book back which Ben Hawkins had loaned her. Also Hazel Bagwell returned a book that Sandra had loaned her.

THOSE who seek to improve their minds will be the leaders of tomorrow.

V.F.W. NEWS

By GERALD BROADSTREET

Greetings Comrades,

You've probably noticed the increase of activities throughout the county. Farmers are getting ready for the spring planting, trees are budding out, kids are swarming the sidewalks and streets with bicycles and tricycles. Activity at our post home is going strong also, business has been real good, we have a couple of dances planned and we are still gaining in membership.

HAROLD Broadstreet, post custodian, is still recruiting members. At last report our membership was 170 strong, this is 14 over our assigned quota. I think that that is pretty good considering some of the posts in District 13 aren't even close to quota yet.

Comrades, I would like to bring to your attention a special meeting Thursday, March 16. The purpose of this meeting was to establish a means of helping a fellow veteran and his family who are in financial distress due to illness and hospitalization. We are soliciting donations at the post home and by Saturday night we had collected a total of $119.10. Anyone wishing to make a donation may do so at the post home after 4:30 p.m., the money will definitely be put to good use.

Last Thursday night Glen Mayhew announced his resignation from the house committe and Commander Gene Johnson appointed Herman Acker to complete his term. We are going to miss Glen, he pursued his job with diligence, vigor and dependability that was so necessary for our organization to function properly. Our hats off to you Glen, you've done a wonderful job and we all appreciate it very much. You're a real asset to the post.

DON'T forget, this Saturday we are having a dance at the post home. The band that is playing is the "Crystal-Aires," this is the group that everyone is talking about. They played for our last dance and from what I heard they can really turn out some good music. They can play most any kind of music you want to hear. The dance starts at 9 o'clock and ends at 1 o'clock, but you don't have to wait till 9 o'clock to come out. You can get here early and pick out the table you want, we open at 4:30. Admission price will be $5 per couple.

We had quite a few out of town guests at our "Game Night" activities last Wednesday. Word is getting around how much fun we have, so why don't you come out and join in. Be here at 8:30 p.m. and bring the family with you, this is family type entertainment that everyone can enjoy.

The youth of the church had a special prayer meeting Wednesday evening before regular prayer meeting. A special prayer service was held during the regular prayer meeting period in preparation for the revival. Mr. and Mrs. Dan Burnett came from Plainview for the service.

Mr. and Mrs. Howard Spencer of Red River visited Monday and Tuesday with his parents, Mr. and Mrs. John Spencer.

Mrs. Ray Joe Riley and Jodie visited in Hereford Monday with her parents, Mr. and Mrs. Ira Scott.

PIONEER BRAND SEEDS

Sign of Good Breeding

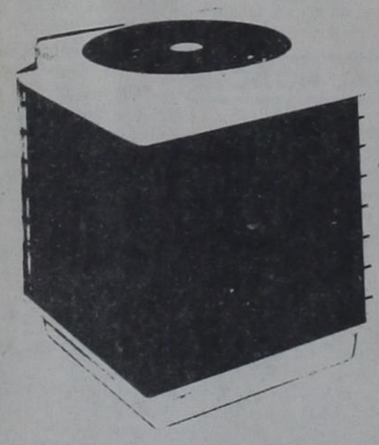

Bred-in yield potential is the reason 1972 looks like another record year for Pioneer brand hybrid corn. Last year, High Plains farmers planted nearly twice as much Pioneer hybrid seed corn as the year before. The most popular varieties for grain were 3369A and 3306, both of which have been consistently good hybrids for this area. Yields this past year of 150 bushels per acre and more were common with 3369A and 3306 on good irrigated land. For corn silage, Pioneer brand 9178 is still one of the best for high yield. Pioneer brand 3147, however, is growing in popularity. It yields along with 9178 and has a higher grain to stover ration. If you're planting corn this year, see your Pioneer dealer right away for the seed you need.

KENNETH CHRISTIE, Hereford, averaged more than 185 bushels per acre on 104 acres of Pioneer brand 3306 hybrid seed corn. He liked the standability, even maturity, and the good threshing qualities of 3306. This year, Mr. Christie plans to plant 380 acres in Pioneer brand 3306.

at the wagon."

It was at the JA, that Cowboy met his team roping partner, Tommy Blasingame, who now lives at Hereford. They grew up together on the JA. Blasingame was four years younger than Cowboy and followed him around like a younger brother.

COWBOY WORKED for the Matador ranch for several years before returning to the JA. As an ex-Matador cowboy, he's eligible to rope at Channing's Ex-Matador Reunion each year. The first year Cowboy entered, he placed second in calf roping and won a tooled leather breast collar. The next year, 1971, he was awarded the roping saddle as winner of both the calf and team roping events.

He's won the saddle for two years at the annual Clarendon Rodeo. Both have "All Around Roper" tooled into the leather.

"Someone asked me about the cost of the first saddle I won," Cowboy said. "I answered that it cost me nearly $2,000 trying to win it. The sentimental value of those saddles adds so much to their cash value, I wouldn't sell them for any amount of money."

HE STARTED on the rodeo circuit riding saddle and bareback broncs. "But I quit that, I got bucked off on the head too much," he grinned.

"The best advise I ever got was from an old rodeo man who told me 'Always land on your head, not your ankles, because you might want to rope someday.'"

Cowboy has won four belt buckles in roping events. He won three the same year—two at the Happy rodeo and one at Clarendon. Cowboy and Blasingame won their first buckles at Hereford in 1968, then another set at Clarendon in 1971. Also in '71, Cowboy won the single steer roping buckle at Happy and with Glen Green, the team roping event at Happy.

"THEY DON'T always give trophies at the rodeos, or I'd have a lot more buckles. A lot of places just award the prize money," Cowboy said.

Cowboy won his first trophy saddle at Clarendon in 1958, just after he'd bought a new roping saddle for competition. Since then he's been using the trophy saddles. He won the top saddle again at Clarendon in 1971. And he has the trophy saddle from the '71 ex-Matador roping contest.

Cowboy's wife, Jeannie, doesn't ride but does a lot of driving so Cowboy can rest on the way home from the rodeos. She's also the chief family photographer at the rodeos.

"COWBOY'S always been living outdoors and rodeoing," Jeannie said. "He was living in a teepee on the JA when we got married, but I didn't have to live in it."

The Johnsons' daughter, Jackie, hasn't entered any rodeos yet. But she plans to rope with Cowboy in mixed team roping this summer. Their son, Monte, ropes some but isn't too interested in rodeo competition, yet.

"I've tried to discourage the kids from the rodeo life because it's so hard, but the competition and challenge make it worthwhile to me," Cowboy said.

"I GUESS I'd sum it up by saying, you're happy when you win and blue when you lose but I think it's all worthwhile." Cowboy said.

Jeannie laughed and added "We eat steak when we win and bologna when we lose."

They showed us their map route across the country and had us sign their travel book. They have people sign it all along the way to verify their route. They stay on the "side roads" across the country because Peter isn't allowed to ride on the turnpikes and freeways. Both seem to be enjoying every moment.

The skin on Peter's face is just literally cooked, but you can tell that he's a man of great stamina, courage and strength, as well as a wonderful personality.

PETER HAD ridden from Clovis before stopping at our cafe for breakfast. He makes only three stops a day—breakfast, lunch and overnight—and spends all the rest of his time riding. He said people have generally been friendly all along the way, but that this is the friendliest area he has seen so far.

Peter was 2½ hours behind schedule, so he had to be on his way. We shook hands and I wished him luck, then we all watched him ride off. As he was riding off in the distance, he turned and waved one more time and shouted in his English brogue, "Bye, love."

Michael stayed and visited for a short while and tried to brief me more about them and their trip. Michael is a case. He's short, jolly, and very witty. He was born in El Paso, but has lived in California most of his life. He does a lot of photographic work for Columbia Studios in California.

Then Michael left to catch up with Peter down the road. They planned to spent Tuesday night in Silverton.

They promised that when they finish their trip they'll send us a full story of it, with pictures, from New York.

Strother resigns at First Baptist

Raleigh Strother has resigned as building superintendent of the First Baptist Church of Dimmitt.

HE WILL join the National Distributing Co. of Lubbock, a petrochemical wholesale supply firm, as a regional sales representative. He said he will continue to live in Dimmitt while serving garages and service stations in a seven-county area.

Strother has been the Frst Baptist Church's building superintendent since the new church on Western Drive was completed in 1970. His resignation is effective Sunday.

Boxing Clubs new charter board eyes ways of setting up program

Dimmitt Boxing Club boosters have elected a chartering board and are moving toward either a non-profit corporation or full civic-club sponsorship to get the program on solid footing.

ELECTED to the chartering board at a parents' meeting last week were Kenneth McDermitt, president; David "Bullet" Adams, vice-president; Jodie Minnick, secretary-treasurer; Mrs. Byron Roberts, assistant secretary; Bob LuLaney, Don Hood, Dr. J. D. Blackburn and Bill Clark, members.

Since that time the Jaycees have appointed Butler and Truman Touchstone as their representatives to the club, the Dimmitt Lions Club has named Minnick and Clark, and the Rotary Club has appointed Bill Behrends. These men—and others appointed by civic clubs here—presumably would serve on a separately incorporated boxing commission of one is formed.

The chartering board has appointed Joe Day of Dimmitt and Willis A. Hawkins Jr. of Hart as the boxing club's coaches. Both men are former Golden Gloves champions.

REPRESENTATIVES of other boxing clubs in the region met with parents last week and explained how their organizations were set up. In Amarillo six Lions Clubs went together and appointed two men each to form the Amarillo Boxing Commission, a non-profit corporation which controls all amateur boxing in the city. In Levelland, boosters formed the Boys Club, Inc., to administer boxing and other youth activities.

The visitors said the boxing program here would be self-sustaining once it is established. One good tournament per year will generally finance the club's equipment, traveling, utilities and other expenses for an entire year, they said.

In a meeting Tuesday night, members of the chartering board asked the civic club representatives to report back to their clubs and get their feelings on which alternative they would prefer—an independent boxing commission or a co-sponsored club.

ANOTHER meeting is scheduled for 7:30 p.m. Tuesday in the board room of Dimmitt Agri Industries, Inc. The meeting will be open to the public.

McDermitt said the club still needs manpower help, money and materials. Anyone willing to help should contact McDermitt at the Dimmitt Police Dept., Jodie Minnick at Schaeffer & Associates, Bill Clark at Dimmitt Agri Industries, Inc. Don Hood at High Plains Clinic or Willis A. Hawkins Jr. at Hart.

11 local boxers win at Hereford

The Dimmitt Boxing Club participated in a five-team meet Friday night in Hereford, and came home with the lion's share of victories.

TODD TOUCHSTONE opened the card with a win over Kenny Paetzold of Hereford in the 50-lb. division. Larry Bossett, the regional champion, scored an easy first-round TKO.

The Ewing brothers, Robert and Richard, spelled double trouble for their opponents, as both Dimmitt fighters scored decisions.

Brad Glenn was the class in the 120-lb. division, as he scored an easy first-round knockout. Andy Gonzales met the same boy who had eliminated him in the Amarillo Golden Gloves Tournament, but this time Andy turned the tables and took a popular decision.

SCOTT ARMSTRONG used a long left jab and a wicked right hand to take a close decision over a rugged opponent. Adolpho Romero and Rudy Rosas had strong competition, but both boys held on for wins.

Tommy Kenworthy left little room for doubt in his match as he took the fight to his opponent from the opening bell, and scored a quick TKO.

Danny Washington, a muscular 125-pounder, used a lot of class and a good right hand to knock out his opponent in the second round.

TEAMS FROM Hereford, Lefors, Amarillo and Plainview furnished the competition for the Dimmitt team, and the Castro County lads brought 11 victories back to Dimmitt. Coach Joe Day's boxers displayed the same aggressive style that won them the "Fighting Heart Award" in the regional tournament in Amarillo.

Several members of the Dimmitt Boxing Club will compete in the Southwest AAU Tournament to be held in the Amarillo Coliseum March 30 and 31, with the finals on April 1. All bouts for the three nights start at 8 p.m. All area boxing fans are encouraged to attend this meet to see some of the finest amateur fighters in the Southwest compete.

I read in a magazine that the High Plains area has 600,000 irrigation wells.

IF THIS is true, and they average pumping 600 gallons of water per minute, then they would pump enough water in 3½ days to cover an acreage equal to that of Castro County one foot deep. Or enough to lay an inch of water on 12 counties our size.

Lots of water, isn't it?

Here is something else for us to think about: We were told in Las Mochas, Mexico, that the state of Sinaola had 700,000 acres of irrigation, and that 200 truckloads of vegetables were coming into the US daily from there.

Musical comedy highlights ladies golfers' annual gala

By JON NELL FORRESTER

A three-act musical comedy highlighted the CCCC Ladies' Golf Association membership drive reception held in the ballroom of the Country Club last Thursday night.

HOSTESSES included Mmes. Bill Clark, chairman, Joe Butler, Ralph Glover and Fred Bruegel Sr.

Hot rolls, ham, cheese, salad, coffee and punch were served to 51 members and guests. Reception table was tended by Mmes. Bud Giles, H. B. Thomas, and Ben Hill.

The acting cast of 'Broadway,' via Dimmitt, presented "The Swing's The Thing," a golfing musical variety show, "possibly the first of its kind to be shown to human audiences."

Narrated by Mrs. Clark and featuring music by Maxie Horton, the musical starred Ann Touchstone as "Beginning Golfer" and Patsy Morris as "Lady Golfer."

Mrs. Touchstone opened Act 1 as a "frompy" Dimmitt housewife who labors awake with a headache amid dirty dishes, unmade beds and cluttered floors. First musical number by Mrs. Touchstone was "Help Me Make It Through the Day." The phone rings to the singing voice of the co-star, Mrs. Morris, doing a cheerful "Let's Have A Golfing Day."

The Second Act finds the reluctant "Beginning Golfer" at the CCCC course for her first lesson with the illustrious golf pro, Al Forrester. After a delightful pantomime and song routine by Mrs. Touchstone, she prepares her golf bag: Kleenex, water bottle, balls, tees, score card, hairnet, windbreaker, glove, gum, Aspirin, safety pins, bug spray, towel, cigarettes, matches, comb, and Band Aides. She is ever prepared for wind, rain, snow, creatures, and even self. Her head is swimming with her new vocabulary of "mulligans, spots, eagles, birdies, hole outs, fore, hook, slice"—but nevertheless, with a spirit of confidence, she heads for the No. 1 tee with Mrs. Morris.

PATSY MORRIS, ANN TOUCHSTONE
... As "Lady Golfer" and "Beginning Golfer"
★ ★

Onward and upward. Back and forth. Think, head down, arms stiff, knees bent, relax, watch the ball, don't drop your shoulders, drag those clubs, iron here, 3-wood there, where's that putter, hope those people behind aren't watching, tend the flag, over the green, back over the green, once more over the green—our "Beginning Golfer" is tired!

The Third Act finds four golfers on No. 6 tee box. It's a tired, discouraged "Beginning Golfer" we look in on. She has survived five holes with a fantastic score. A lyrical Touchstone accuses her partner of "What a Fool Am I?" But our "Beginning Golfer" manages to get an eagle on the next hole and things look different. There's renewed hope and enthusiasm. It's in her blood—she's a "Lady Golfer" now.

The play closed on a duet by Mrs. Touchstone and Mrs. Morris of "Side By Side" and "Let's Have A Golfing Day."

Keynote speaker was Golf Professional Al Forrester, who welcomed new members and guests and discussed the various activities of the Ladies' Golf Association.

"The ladies have helped the Country Club immensely," Forrester said, "and I have never worked at a club where the women have worked as hard as they do here in Dimmitt.

"One of the major problems of golf course maintenance at the Country Club has been airifying the greens, which takes a $1,500 machine, which we did not own," he said. "We had to borrow a pickup to drive to where we could borrow an airifier from another club, at their slack time, which might not necessarily be the right time for our greens. The LGA, through their money-making projects, raised enough money last year for a first-class used airifying machine. And this is just a typical example of how the LGA has been of assistance in improving our Country Club facilities."

Forrester introduced this year's president, Mrs. Garnett Holland, who is serving for her second year, and past presidents Mrs. Bob Vilas and Mrs. O. B. Trimble.

Mrs. Holland, introduced the 1971 slate of officers and board members: vice-president Amy Glover; secretary-treasurer, Vaudine Giles; reporter, Jon Nell Forrester; ways and means, Juanita Bruegel; special events, Bobby Vilas; tournament and handicap, Kathy Thomas; telephone, Adeline Rush and Janie Walker; membership, Dugan Butler; hospitality, Joannis Robertson; yearbook, Dorothy Mayfield; social Deanne Clark; and scrapbook, Rosalia Gilbreath.

Mrs. Holland announced that the first Play Day for the L.G.A. would be Tuesday, April 4, and the course would be closed for the ladies from 8 a.m. and 12 noon. Starting in April will be the free group lessons to association members at 9 a.m. every Tuesday through July. If enough "working members" sign up, there will also be an afternoon class at 5:30 p.m.

VANCE T. BRADFORD, elementary teacher in Hart, has accepted the job of assistant Boy Scout leader, working with Deryl Clevenger.

Bradford holds a bachelor of arts degree from Wayland Baptist College and a master's degree in education from West Texas State University, where he was graduate asistant for two years.

He was a member of Boy Scouts many years in Anardako, Okla., and Plainview. In early March of this year Bradford, Bart Bruington and Clay Hanes attended the junior leadership training conference in Plainview.

About Boy Scouts, he said, "It's a natural for boys to be interested in camping and to have fun, and scouting gives them this opportunity. The principal aims of Boy Scouts is to develop character, good citizenship and fitness, and to have fun. It is important how boys are reared—if they receive the proper guidance and encouragement from adults, then we wouldn't have to worry about the future. The future belongs to those who are prepared, and I believe Boy Scouts can provide the best means of that preparedness for boys."

Bradford and his wife live in Plainview. Mrs. Bradford is a special therapist in the Plainview school system and at the High Plains Children's Center.
