Rockport Receives Grant To Buy City Park Land

The City of Rockport will receive a \$40,000 Coastal Energy Impact grant for the purchase of additional land for city park development.

The announcement was made to the Pilot by Congressman Bill Patman in a release received Monday, April 27. Helen Braffett, assistant to Rockport City Secretary Herman Johnson, said the city had been notified of the grant award in a letter from U.S. Senator John Tower.

She added that the city had not yet received the

grant contract from Washington.

Patman said the \$40,000 grant to Rockport is one of only three Coastal Energy Impact Program grants that have been approved so far in Texas' 14th Congressional District.

Other applications from the Texas coastal area are still pending with National Oceanographic and Atmospheric Administration (NOAA) which is responsible for awarding the grants.

"We are working hard to get affirmative decisions on these (remaining) requests," Patman said, adding, "We hope to get news of other grants within the next few days."

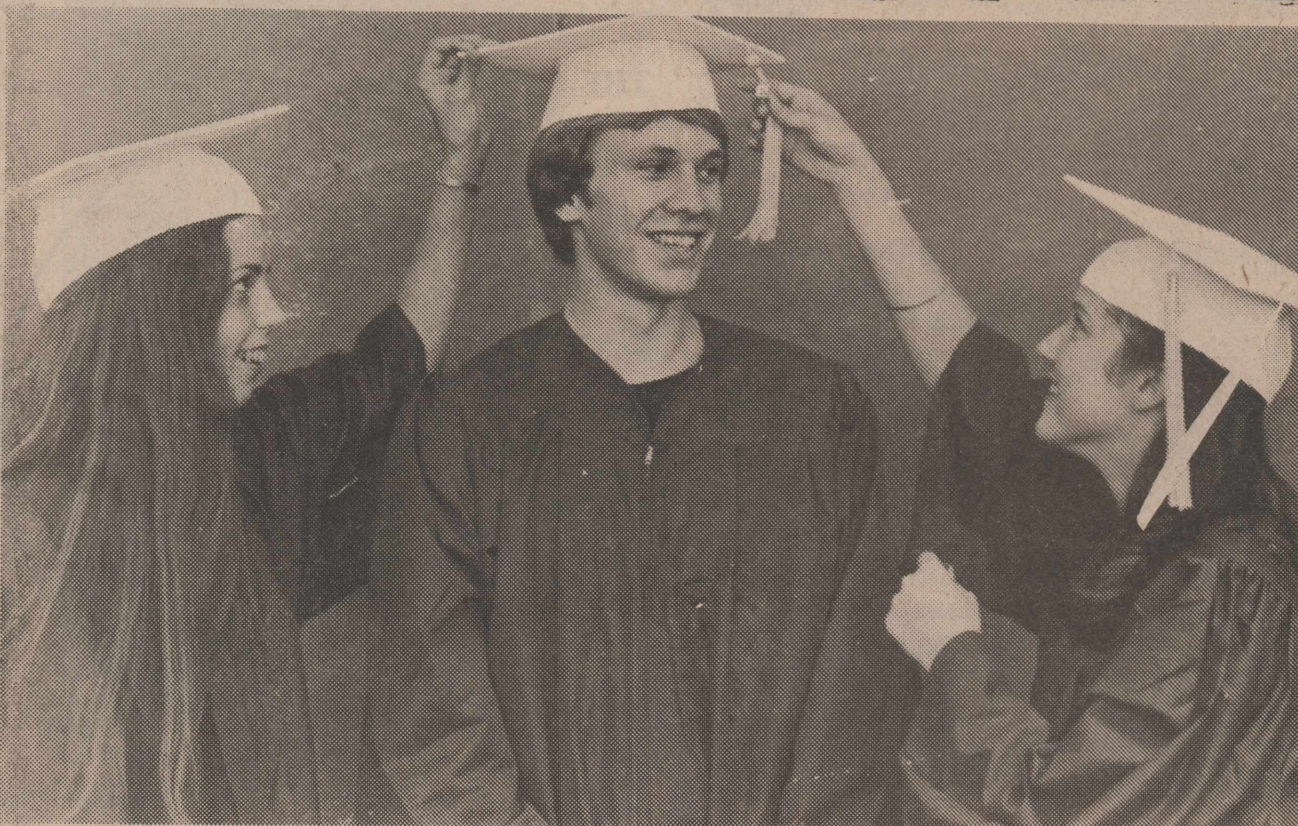

Among pending grants under this program are two projects in Aransas County: a \$215,000 grant for a lighted fishing pier in Fulton and a \$200,000 grant to pay for improvements to Rockport Beach.

Mrs. Braffett said the City of Rockport already holds an option to buy some

4.66 acres of land for a park as soon as the paperwork is done on the \$40,000 grant to Rockport.

The land is located just north of and adjacent to the city's existing Memorial Park.

The other two grants that have been awarded for the Coastal Bend, according to Patman, are \$1.25 million for the Bob Hall Pier in Nueces County and \$50,000 for construction of a recreational facility at the Gregory City Park.

Live Oak State Bank Plans For Merger With Allied Bancshares

The management of Rockport's Live Oak State Bank and Allied Bancshares Inc. have agreed "in principle" to a plan for Live Oak's merger into Allied.

The announcement was made jointly by Larry C. Boone, president and chief executive officer of Live Oak State Bank, and Gerald H. Smith, president and chief executive officer of Allied Bancshares.

Shareholders of Live Oak State Bank will receive 90,340 shares of Allied Bancshares Inc. stock for all of the outstanding Live Oak State Bank stock, Boone announced.

Final action on the merger agreement is pending approval by the banks' shareholders and regulatory authorities, Boone said.

He added, "Allied Banc-

shares has distinguished itself as being one of the outstanding financial groups in the nation.

"We have found that our (Live Oak's) management philosophies are compatible with Allied Bancshares," he continued, "and we feel that it significantly enhances our ability to serve our present and future customers' needs."

Allied Bancshares Inc. is

associated with 26 bank subsidiaries in the upper Gulf Coast and Eastern Regions of Texas and is currently involved in the approval process for affiliation with 11 Texas banks.

Live Oak State Bank first opened its doors in Aransas County in 1975 and by the close of the first quarter this year reported deposits in excess of \$26 million.

Rockport Hosts Texas Physicians' Seminar

Some 100 physicians from throughout South Texas will be in Rockport this coming weekend for the third annual Seminar of the South Texas Chapter of the Texas Academy of Family Physicians.

Among those attending will be local physician Dr. J. Curtis Kovacs who will also function as the local host for the visiting doctors.

The day-long sessions are set for Friday, Saturday and Sunday at Allegro House on Key Allegro, according to Dr. Kovacs who added that speakers will include Dr. Denton Cooley, the University of Texas surgeon-in-chief of the Texas Heart Institute.

Also on the program will be Sam A. Nixon, president of the American Academy of Family Physicians.

President of the South Texas Chapter of the Academy, Dr. Kovacs added, is

Allen H. Shields, a family practitioner from Victoria.

Among highlights for the wives of the visiting physicians, Kovacs added, is a fashion show scheduled for

Saturday afternoon. The show will be presented by Connie Garcia, owner of Hidden Treasures.

Dr. Kovacs added the

three-day seminar for physicians is part of the Academy of Family Physicians' continuing education program.

New Phone Billing Process Eliminates Punched Data Card

A new billing process by Southwestern Bell has eliminated the punched data card that has accompanied monthly telephone bills, starting this month.

A new "return address page" will replace the data card, according to J.D. "Dutch" Koppenhaver, customer services supervisor for residence installation maintenance in Rockport.

The new system went into effect April 23.

A scan line of computer-readable numbers appears at the bottom of the new sheet to be enclosed with phone bills. The numbers reflect customer account information that will speed crediting of customer accounts.

Using special terminals, computer operators will enter the amount paid by the customer, while a computer will read the customer's account information.

While the punched card no longer will be used, it is

important that telephone customers return the new address page with their payments.

"In the past, some customers have not returned the data card that contains their account information," Koppenhaver said.

"When that happened, we had to check records manually, and that caused delays."

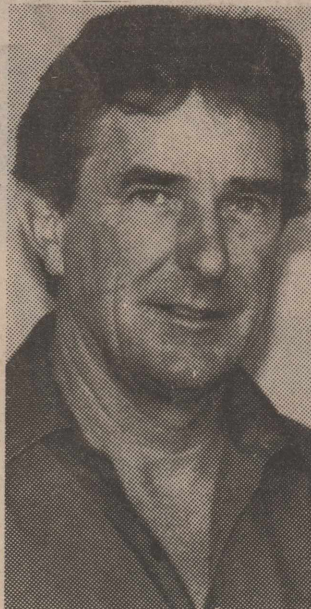

The new billing system will affect 1.7 million Southwestern Bell residence and business customers in South, Central and West Texas.

In A Different Vein

By 'Uncle John' Leslie

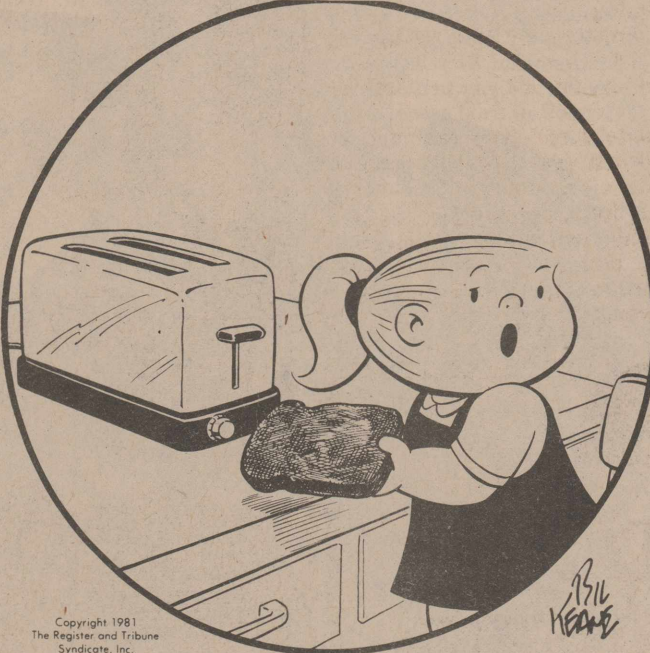

illegally dumped in front of the Jitney Jr. Drive-In on Market Street.
I was a sad sight, but I had possibilities. I was just a young puppy whose belly was swollen and full of gas. I had no food for several days. I was lonely and ready to give up. All I had going for me was my two big eyes and my whimper.
Well, before the day was over, a kind-hearted young lady who works in the food store took pity on me, took me in and wrapped me up

and gave me some milk. I rested — slept comfortably for the first time since I was born.
I don't know who my mother or father was — guess I am not a pedigreed dog — just plain dog who had been unfortunate in being born at a home where me and our litter were not welcome.
I don't know where my brothers and sisters wound up. Just hope some other kind-hearted soul took them in. Not only was it very cruel of those who held my life in their hands, but I think illegal to do what they did and they could have been fined for cruelty to animals.
I hope they read this and see how I feel and that I have found a new and loving home.
Signed — "An Illegally Dumped Puppy" — who now has a "name and a home."
P.S. Please be kind to dogs and cats. They will love you if you will let them — Don't mistreat them.
Puppy.

THANKS, CITY OF ROCKPORT

A (FORMER) ORPHAN

This cute little puppy wasn't so cute when she was first found abandoned in Aransas County, suffering from mange and starvation. She was one of the lucky ones — she found a home. But most of the dogs and cats that are abandoned on the county highways and city streets either die of starvation or injury or become nuisances that have to be destroyed. The covered dish luncheon on Wednesday, April 22, was attended by 53 members and five guests.

The first performance of the Kitchen Band, newly formed by AARP Chapter 1536 and under the direction of Vi Street, was most delightful. We are looking forward to hearing this group more often in the future. The songs, dances, piano duets, steel guitar and saxophone solos and the humorous actions were most entertaining.

The next game meeting of Chapter 1536 in May will be on Wednesday, May 13, at 10 a.m. The founders and charter members of this chapter will be honored at this meeting in keeping with Senior Citizens Month which is observed in May.

The winners at game afternoon on Thursday, April 23, included Hazel Dailey and Winifred Copeland at bridge. The "Pouch of Coins" went to Otto Payne. Host and Hostess were Vincent and Mary Lucille Skrobarcek.

The next game afternoon is on Thursday, April 30, at 1 p.m., Paws and Taws Building. Refreshments will be served during the afternoon.

In May, the covered dish luncheon will be changed to the "Sunset Supper" at 5 p.m., Paws and Taws Building. The first "Sunset Supper" will be Wednesday, May 27.

Mexican Bread Pudding

Capirotada is a traditional bread pudding that makes for a tasty spring treat, notes the Texas Department of Agriculture's home economist. The recipe, combining the taste of raisins and other fruit with bread slices, has many variations.

CAPIROTADA (Mexican Bread Pudding)

- 1½ qt. water
- 1 C. raisins
- 1½ tsp. cinnamon
- 1 T. finely chopped onion
- 1½ C. brown sugar
- 16 slices bread
- 1 lg. sliced apple
- ½ C. pecans
- 1½ C. shredded cheddar cheese

In a saucepan, combine water, raisins, cinnamon, onion and brown sugar. Bring mixture to a boil and simmer until the raisins are plump and flavors are combined; then remove raisins and set aside. Meanwhile, place four slices of bread in baking pan approximately 9x9 inches. Divide raisins, apple slices, pecans and cheese into fourths to be layered with the remaining bread slices. Sprinkle one-fourth of the fruit mixture on first layer of bread and cover with another layer of bread. Repeat this alternation ending with fruit mixture on top. Pour liquid from saucepan over bread into baking pan to moisten ingredients. Bake at 350 degrees for 45 minutes or until bread is puffed and slightly firm.

NOTE: The cone shaped piloncillo in the background of the picture is a traditional cane syrup cone that was used to make Capirotada.

For more recipes, write Agriculture Commissioner Reagan V. Brown, Texas Department of Agriculture, P.O. Box 12847, Austin, Texas 78711.

Auditions Scheduled For Ballet Workshop

SAN ANTONIO — Auditions will be held in Houston and San Antonio in June for young dancers to attend the fourth annual Robert Joffrey Ballet Workshop on the campus of San Antonio's Incarnate Word College July 27 to August 10.

Since 1978 Joffrey has conducted two-week workshops on the IWC campus for superior ballet students from across the nation, offering daily classes in classical and modern ballet, music, plus lectures and films.

The students, who have come from 55 American cities, live on campus and have classes in the College's ballet studio or college auditorium, ending the workshop with a public lecture-demonstration conducted by Joffrey.

After a placement class on the first day, students are placed in groups according to experience and taught daily by Joffrey or ballet mistress for the Joffrey Company, Diane Orio.

Auditions will be held in Houston on June 20 at Jones Hall, 615 Louisiana Street, and in San Antonio June 25 at Incarnate Word College. The cities are part of the Joffrey Ballet Company tour.

Auditions are free and open to male and female dancers 14-18 years of age. Dancers should have at least three years of classical ballet training.

For the auditions women should wear a black leotard, pink tights and pink ballet shoes. Men are to wear a white t-shirt, black or grey tights, and black or white ballet shoes.

Specific information on the auditions, registration, and the limited number of scholarships available for the 1981 workshop can be obtained by contacting Sister Helena Monahan at Incarnate Word College, (512) 828-1261.

HERE'S PROOF! H.E.B. IS HELPING KEEP FOOD COST LOW!

GENERIC PRODUCTS

What's the best way to shop for NO-FRILLS Generics?

If you're concerned with saving money, then you should make the generic labels your first stop when you come into H.E.B. Go through your weekly shopping list and select the comparable generic items which fill the bill. Then proceed to the rest of the store and complete your shopping list. With many generic products to choose from, you'll find that this method allows you to get the most value for your dollar.

What about the quality of NO-FRILLS Generics?

These products are of standard grades and offer acceptable quality. For example NO-FRILLS LABEL packages are packed in light syrup instead of heavy syrup and vary in size. While wholesomeness is not affected, this does help lower the price and the price you pay is lower. Generic products are displayed on the label. These good wholesome foods may vary in appearance from fancy foods, but are good tasting and cost less.

Will NO-FRILLS Generics carry the Golden Guarantee?

Yes! H.E.B. guarantees your satisfaction on everything it sells. This applies to all "NO-FRILLS LABEL" products. Your complete satisfaction is guaranteed or your money back.

NO-FRILLS GENERICS

Products are readily recognizable by the plain white labels with minimum identification and no fancy packaging. By eliminating costly multiple colored labels and elaborate packaging, these wholesome standard quality products cost less and the price you pay is lower. R-F Pirates Win District At Meet

By Ted Norman
Bubba Scott took first in the shot with Marty Davenport taking second and a first in the discus to help the Rockport-Fulton Pirates win their first district track meet in 10 years, after edging out the Gregory-Portland Wildcats at the rain-delayed Sinton meet.

Even with the new all-weather track at the Sinton High School the district meet was delayed in starting as a midday drizzle and heavy clouds roamed overhead.

A dozen or more yellow school buses were lined up in the parking lot with hundreds of eager partici-

pants staring through the rain-coated windows wondering if they would get to compete in the all-important meet.

As the 1 p.m. starting time arrived it appeared the meet would have to be called off. But a few moments later the rain stopped, the sky cleared

and the boys piled out of the buses and began to make themselves and their equipment ready for the meet.

One hour later, with most of the freshmen preliminary events still going on, the skies closed up and the rains began again only stronger than before and

hundreds of participants and spectators ran for the shelter of buses and cars where they were to sit out another forty-minute rain.

After a long, wet wait the heavy downpour reduced to a drizzle and it looked as though the meet would continue. And the wait was worth it as the Rockport-

Fulton track team spent the afternoon and early evening collecting 148 points to win the 15 4A district championship title, beating the Gregory-Portland Wildcats by only four points.

The upset by the R-F Pirates ended an eight-year domination by the Wildcats of the district.

The Pirates dominated the shot event with Bubba Scott winning the event and Marty Davenport taking second with Kroy DeForest coming in third.

Davenport and Scott took first and second respectively in the discus.

Mike Simmons won the 200 meter dash with Dwayne Walls taking second in the event.

The Rockport - Fulton sprint relay team of Walls,

Simmons, Green and Mike Covarrubias won more points for the Pirates as they took their event in a time of 42.59.

John Green vaulted 14'7" to win the pole vaulting event.

The Pirates won first place in six events with Covarrubias, Simmons, Walls and Zak Green winning the 400 meter relay.

Simmons also took first place in the 100 meter event with Walls capturing a victory in the 200 meter.

Davenport won in the discus with Scott taking first in the shot put.

Pirates runner Raul Castro won the 1600 meter run and the 3200 meter run.

The Rockport - Fulton boys took four second place spots with Scott coming in

second in the discus and Davenport was second in the shot.

Walls took second in the 100 meter dash and Simmons was second in the 200 meter dash.

Kroy DeForest was third in the shot put and David Ramirez was third in the 800 meter run. Zak Green was third in the 100 meter event.

Donnie Frels was fourth in the 110 meter high hurdles with Ramirez taking fourth place in the 1600 meter run.

The Pirates' mile relay team of Clyde Barre, Joe Lara, Lupe Contreras and Jeff Dickerson came in fifth.

Ernie Gonzales placed fifth in the 200 meter run and David Williams took fifth in the 300 intermediate hurdles.

Peter Booth was sixth in the 1600 intermediate and sixth in the 3200 intermediate runs.

The victory was only the second win in 10 years for the Pirates. There are only a few seniors on the R-F track team and most everyone will be back next year to try again.

Gregory-Portland took second in the meet with 144 points followed by Beeville in third place with 62 points. Flour Bluff was fourth with 54 points and the host team of Sinton trailed in fifth place with 35 points.

The Pirate JV squad took fifth place in the meet with the 1600 meter relay team of Richard Nava, Scott McMillan, Eddie Naro and Ernie Lara placing first in their event. McMillan placed third in the 300 intermediate hurdles.

The 400 meter relay team of McMillan, Paul Beck, Aaron Chambers and Kenneth Smith took fourth.

Lara took fourth in the 400 meter dash in the JV competition.

Billy Morgan was fifth in pole vault and Beck took sixth in long jump.

The JV Pirates took four sixth place events with Beck in long jump, Kelly Pultz in pole vault, Joe Cantu in the 110 meter high hurdles and Naro taking sixth in the intermediate hurdles.

The Rockport - Fulton freshmen placed third in the Sinton meet. Eddie Bechtol won the 110 high hurdle event with Steve Arkell winning the 100 meter dash and taking first in the 200 meter dash. James Blair captured a first place in the 800 meter dash.

The R-F freshmen relay team of Arkell, Tom Weaver, Charles Solis and Blair took second in their event.

Solis also placed third in the 100 meter dash and Tommy Barnard placed third in the freshmen shot put.

The freshmen took two fourth places with Charles Gurley in discus and Bechtol in the 300 meter intermediate hurdles.

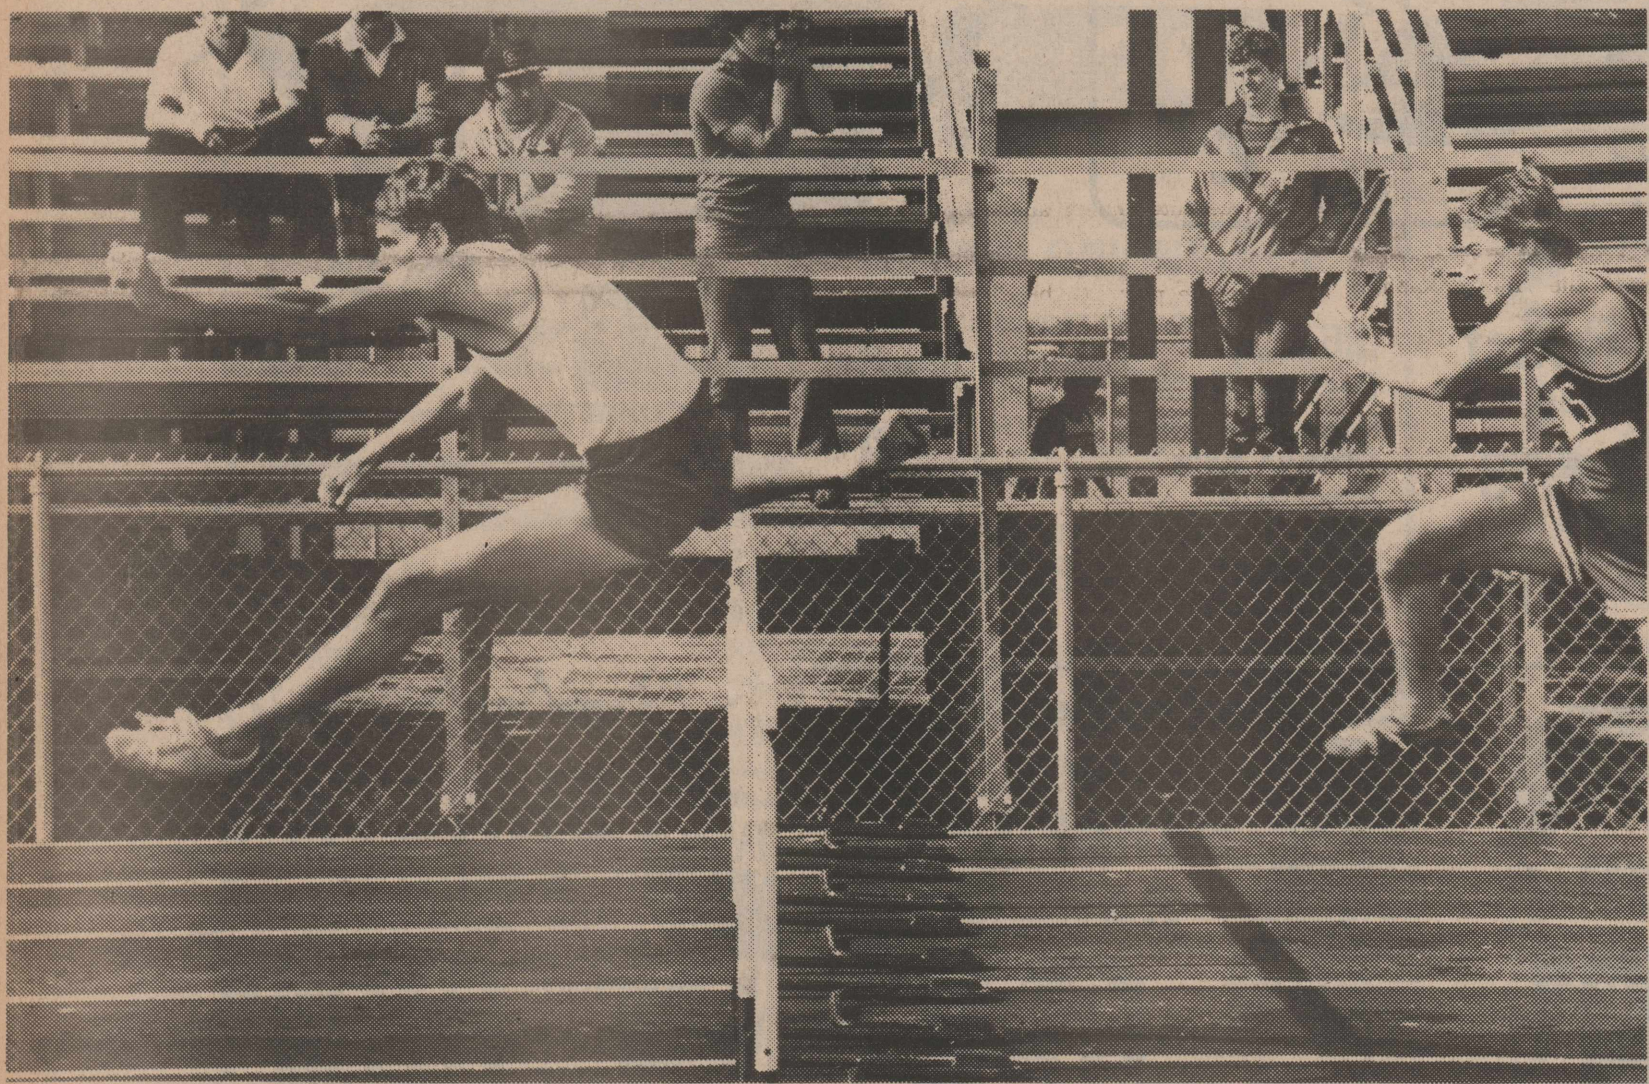

Phillip Ochoa was sixth in the freshmen shot put.

The R-F freshmen 1600 meter relay team of Barnard, Weaver, Blair and Doyle Parr ran sixth.

A&I Coach To Speak

Ron Harms, head football coach at Texas A&I, will be the speaker at the Rockport-Fulton High School All-Sports Banquet May 9 at the VFW Hall.

Harms has been head football coach at Texas A&I University the past two years and is in his second term on the Javelina coaching staff.

Harms was offensive coordinator at Texas A&I in 1974 and 1975 and in those years the Javelinas compiled a 25-0-0 record, won two NAIA national championships and took two Lone Star Conference titles.

He took over the head coaching position in 1979 and in his first season guided the Javelinas to a 12-1-0 record, the NAIA national title and the LSC championship. The squad had been picked to finish fifth in the conference standings in pre-season polls.

The 1980 team had a 7-4-0 record and finished third in the league.

Harms' record as a member of the Texas A&I staff is 44-5-0.

In his two years as head

coach of the Javelinas, Harms has been named NAIA national coach of the year, Texas Sports Writers Association coach of the year and American Football Coaches Association district coach of the year.

Harms is a native of Houston and received his bachelor's degree from Valparaiso University in Indiana. He holds a master's degree from Wayne State University in Michigan and has done post-graduate work at the University of Nebraska and University of Oregon.

Harms started his coaching career at Lutheran East High School in Detroit where he coached three years. He then moved to Concordia College in Nebraska where he coached eight years, six as head coach.

At Concordia, he also served as head track coach five years and was athletic director and physical education department chairman two years.

He became head coach at Adams State University in Colorado and was there

four years prior to becoming offensive coordinator at Texas A&I in 1974. His Adams State teams won Rocky Mountain Conference titles twice and were runners-up the other two seasons.

During Harms' 1974 and 1975 Texas A&I seasons as offensive coordinator, he helped install the veer offensive attack, the same offensive pattern still used by the Javelinas. The Hogs claimed the LSC total offense, rushing offense and scoring offense titles in 1974 and 1975.

Harms went to Baylor in the spring of 1976 and became offensive coordinator in 1977. He was in the latter position when he was called back to Texas A&I as head coach in 1979.

Harms is married to the former Marlene Peterson of Lapeer, Michigan, and they have four children.

Tickets are on sale at the Rockport-Fulton High School gym, field house and administration office.

No tickets will be sold at the door on banquet night. Admission is \$4.

Lady Pirates' Moore And Cross Advance To State

By Bob Crawford

Terri Moore and Belinda Cross will advance to the State Track Meet in Austin on May 8 as a result of their efforts in the Regional Meet in Corpus Christi this past Saturday.

Moore, on her way to

setting a new school record in the discus, hurled the discus 129 feet, three inches to insure herself a Austin. In addition, Moore also tossed the shot put over 36 feet to claim second place, qualifying her in that event as well.

Cross, who has run well

all year, coasted to a win in

the 800 meter run with a new Rockport-Fulton individual record of 2:19.0 in the event.

Two Lady Pirate relay teams narrowly missed the trip to Austin as they were nosed out in their events.

The 800 meter team (Alma Dickerson, Cross, Darlene Dilworth and Julie Huff) finished third, making them the alternate to the state meet.

The same foursome ran in the 1600 meter relay and took fourth, although es-

tablishing a school record for the event.

This trip to Austin will be the last for Coach Karen Richter who will leave the coaching ranks to become Assistant Principal at Rockport Elementary next year.

Pirates Skin Bears 7-3

By Bob Crawford

Erupting for five big runs in the third inning, the Rockport-Fulton Pirates picked up their second win in Round Two of the District 15-4A race as they downed the West Osu Bears 7-3 at Oso.

Rockport took the lead in the first inning with a single run coming after Robert Flores got on on error, and then he scored on Tim Redden's single.

The lead for the Pirates was short-lived as the Bears got the Pirate pitcher Bill Jennings for two runs in the bottom of the first inning.

Trailing 2-1 in the third,

the Pirates put together five runs to put the game out of reach. Pat Nava led off the inning with a single, and Rudy Zavala sacrificed Nava to second. Flores came to the plate and picked up a hit, scoring Nava.

Jennings reached base on a fielder's choice after the Bears' fielder hesitated, and the Pirates had two men on base for Mark Goodin. Goodin hit a shot at the shortstop who misplayed the ball, and Flores crossed with the second run of the inning.

Steve Berley delivered a two-run hit, and Pee Wee Solis scored Goodin on a sacrifice fly.

Leading 6-2, the Pirates picked up an insurance run in the fourth when Flores singled, and Jennings aided his cause with a double to knock in the run.

Although Oso got a single tally in the bottom of the fourth, the Pirates went on to hold off the Bears to even their season's record at 7-7.

Flying Fish

I was relaxing on a Braniff jet the other day heading for a fishing hole far over the horizon, when this little old lady asked me what I new about flying fish.

"Nothing," I admitted, but the question rather intrigued me and I proceeded to dig up some information as soon as I had a chance.

First of all, flying fish don't have any wings, and they glide rather than fly. A tail, shaped like a sculling oar, propels them across the surface of the water until they reach flying speed.

Then the little fish, rarely longer than 18 inches, spreads its enlarged pectoral fins and becomes airborne.

They come in two styles, with monoplane models having two fins and the bi-planes sporting four. When in the air, the fish's tail acts as a rudder, and as a brake to terminate a flight.

Flying fish take off into the wind, just like aircraft do. Maximum flying speed is around 35 miles per hour. An average flight is 250 feet or less, but ones of 1,000 feet have been recorded.

Why do flying fish fly? The best theory is to escape the dolphin fish, which is this species' primary predator.

Bea Shipman Has Day At HEB

Bea Shipman jokes that she was "sold with the store" back in 1963 when West's Grocery was sold to the H.E.B. Grocery Company.

This year, after 18 years with H.E.B. — 30 years in the grocery business — Bea retired. Her retirement was effective April 1.

However, she was back in the store Monday, April 27, as H.E.B. employees celebrated "Bea Shipman Day" with cake and Open House at the Rockport H.E.B.

In honor of the occasion, the company held Open House inviting its custom-

ers to share in the cake they prepared for Bea. The day was climaxed with a dinner in Bea's honor at Corky's Restaurant at 7 p.m.

In all, Bea has been in the grocery business for 30 years — 12 years with Grady West's Grocery which was located where H.E.B. now stands.

When West sold the store to H.E.B. in 1963, Bea just went along. Prior to her retirement she was in charge of the store's tobacco counter although she was bookkeeper for about 12 years.

Bea's two daughters were kind of raised in the

grocery store," she said, and Barbara Radke was influenced to follow her mom into the business. Today, Barbara is one of the store's two bookkeepers.

Bea's other daughter lives in Houston and she has five grandchildren.

Bea herself is a resident of Fulton, living alone "except for my grandson who lives with me part of the time."

Bea is proud of the fact that all 30 of her years in the grocery business have been in Aransas County, adding, "I really like what I'm doing."

Brown, Highway Commissioner Sponsor Road Priority Meetings

AUSTIN — Senator J.E. "Buster" Brown and newly appointed Highway Commissioner John Butler have announced two town meetings in the District to get input from citizens on highway priorities.

"Evacuation of the coast during a hurricane is one of our most vital concerns," Brown said. "These meetings will be held for the purpose of allowing local citizens and leaders to participate in determining what the needs are in our District."

"The Texas Department of

Highways and Public Transportation has been quite responsive to my proposal to establish evacuation priorities. I have asked Commissioner Butler to participate directly in these important meetings, as I feel this will result in his learning first-hand what the needs of our coastal areas are," the Senator continued.

Brown pointed out that highway construction funds in Texas are based on funds derived from gasoline taxes. "Currently, he said there is a decreased demand for gaso-

line, and accordingly, a decrease in the amount of funds for highway construction. It is imperative that local leaders gain a consensus as to which roads should be built and improved immediately so that we can establish adequate evacuation routes away from the coast as soon as possible."

The meetings will be held Saturday, May 16, in Brazoria and Galveston Counties with the specific time and place to be announced later.

Rockport's First Dinner Theatre Opens Its Season On June 12

The evening of Friday, June 12, is opening night for Rockport's first dinner theatre "The Black Swan", owned and operated by Aaron Schave and Ed Humphrey.

The theatre is located off Highway 35 South and was formerly "Jim's Smokehouse". Schave and Humphrey bought the restaurant and the surrounding 51 acres and have operated the establishment since December of last year, officially changing the name a few weeks ago.

The theatre's first show, "The Fantasticks" is only the beginning of what promises to be a summer full of top-notch musical comedy entertainment.

Other shows featured in the enterprise's first season are "Give Me Gershwin", "Musical Melodrama", "Red, Hot and Blue" (a Las Vegas Revue) and a full scale "medieval feast" — "King Arthur's Court".

In addition to the theatre, restaurant and lounge, Humphrey and Schave will be conducting a theatre arts school with students com-

ing in "from everywhere". The students will perform in the shows, which will have casts of up to 30 people and which will also feature Las Vegas performers from the MGM Grand Hotel.

Schave and Humphrey both have performed in Las Vegas and have taught theatre arts in many universities and colleges. While teaching at Southwest Texas University in San Marcos, they heard of "Jim's" being up for sale and, having been on the lookout for such a property for their planned school theatre, they "had to buy it".

Their forte is musical comedy and the theatre will be the "only musical comedy dinner theatre in the United States," according to Schave.

The stage will be built outside of the present restaurant and will incorporate the dead oak trees now on the site to hang lights on. Schave and Humphrey want to preserve and make use of everything on the property. "We don't want

to destroy anything," says Humphrey.

The surrounding acreage will be turned into a preserve for the troupe's rather large menagerie of birds plus some new additions.

Anyone used to the peacocks at the old "Jim's" will not be disappointed — there are now eight different varieties of birds on the property including a large flock of peacocks, geese, ducks, black swans, of course, chickens, and on the larger end of the size scale — two emus and two ostriches.

The pair of ostriches, due to their "dancing" ability, are named Isadora and Duncan and reside in a fenced enclosure near a lily pond south of the restaurant.

Humphrey and Schave both have high hopes for their project. "We know it will take awhile to build up the tourist trade," says Schave, but we think this area is well suited for the purpose.

"King Arthur's Court" which will begin its run on

July 3, will begin an annual medieval festival incorporating the entire 51 acres. It will have 70 cast members wenches, rogues, jugglers, — mimes, magicians and madrigal singers — and will, according to Schave and Humphrey, be repeated as an annual event.

The "Swan" will be holding audition for this show and all others on Saturday, May 2. They are looking for singers, dancers, musicians and any specialty acts. "We're hoping for talent and students from the Rockport area," said Schave.

Anyone interested in more information on the theatre, including ticket sales and first night "galas" should call 729-7604.

Anyone interested in an excellent barbecue meal and some birdwatching should just drive on out Highway 35 South and turn right at the "Black Swan" sign.

And be sure to say "Hello" to Isadora and Duncan.

"Taquitos Unlimited" To Open

"Taquitos Unlimited", owned and operated by Martha Singleterry, will open Monday, May 4.

offering a complete menu of flour tortilla taquitos and other Mexican food, to go. Mrs. Singleterry, a resi-

dent of Rockport for 18 years, thinks the town is a good location for such an endeavor. "We don't have something like this in Rockport — a place featuring a specialty item. I really think it's a super idea. I think it will work out beautifully."

She will be doing all her own cooking with the exception of the special tamales made for the restaurant by her mother Mrs. Antonia Vega. Her sister Naomi and niece Ruby Sanchez will be helping out in the restaurant also.

The menu is strictly to-go and with orders over \$25 in the Rockport city limits there will be free delivery. A catering service is also

offered and specialty orders will be welcomed.

The menu features soft flour tortilla taquitos, but some corn tacos are also available. The specialty of the restaurant is fajitas. Mrs. Singleterry's fajita recipe requires the meat to marinate for a minimum of 24 hours in a mixture of spices and wine.

Mrs. Singleterry and her husband have been working on the building at 206 Magnolia since April 16, installing stoves, refrigerators and other necessary items.

The store will be open six days a week from 7 a.m. to 6 p.m. The number for call-ahead orders is 729-8527.

A TAQUITO TO GO, PLEASE...

Starting on May 4, Martha Singleterry is ready to take your order at "Taquitos Unlimited" on 206 Magnolia. [Pilot Photo by Becky Werhan]

Pet Talks

By Dr. Hap Lutz

Leptospirosis — What Is It?

Dr. Lutz is a graduate of Baltimore City College and Texas A&M University. He specializes in small and exotic animal practice. He was an instructor of small animal diseases and surgery in the Veterinary School at Texas A&M and was in private practice in Waco for 25 years.

This disease affects humans as well as dogs. The causative organism is a spirochaete (protozoan-like organism), rather than a bacteria or virus.

Leptospirosis is significant from a public health aspect because dogs and rodents can act as reser-

voirs for human infection.

The most common mode of transmission is through direct contact with, or ingestion of contaminated food or water. Leptospira can enter the body through abrasions in the skin.

The onset of clinical signs is frequently sudden. High fever, vomiting, diarrhea, and not eating are early signs.

Jaundice is seen in 70 percent of some outbreaks. Ulcers on the gums or tongue can develop. Dehydration and depression soon follow.

Yes, there is a treatment for this disease. The mor-

tality is often very high. Success in treatment depends on early diagnosis.

The prevention of this disease is advisable and inexpensive. Dogs should be vaccinated when they receive their distemper-hepatitis vaccine — and receive an annual booster injection thereafter.

Do you have questions about the care of your pet? Send them to "Pet Talks," care of the Rockport Pilot, 1002 Wharf Street, Rockport, Texas 78382. Dr. Lutz will answer them in the Weekender edition of "Pet Talks."

101 Persons Attend Reception For Ehrlich

Some 101 persons, many from outside Aransas County, attended the reception kicking off a one-man show by area artist Jack Ehrlich Sunday afternoon, April 26, at Live Oak State Bank.

"The reception was very successful," according to

Cam Leonard of the bank who reported that more than half of the 34 paintings in the show had been sold by Monday morning.

With some 25 percent of the purchase price of each painting going to the Rockport Art Association's Art Center Building Fund, this meant "a little more than \$1,100" for the proposed

new art center, Leonard added.

A highlight of the show was Ehrlich's watercolor of the Fulton Mansion. Leonard reported the original painting "and all of the proofs" had been sold by Monday and he is taking orders, on Ehrlich's behalf, for limited edition prints that will be made from the original.

The show will continue during banking hours through Friday, May 8. Hours are 9 a.m. to 3 p.m. Monday through Thursday and 9 a.m. to 6 p.m. on Friday.

Most of the 34 paintings on exhibit are watercolors, Ehrlich said. The current exhibit is the artist's second one-man show.

Court Upholds Optional City Sales Tax

AUSTIN—A Travis County District Court has upheld the constitutionality of the optional one percent sales and use tax charged by many Texas cities.

State Comptroller Bob Bullock said Judge Hume Cofer in a summary judgment ruled in favor of the state in a suit filed by U.S. Steel which attacked the constitutionality of the optional one-percent city sales tax.

Cities which have adopted the extra one-percent sales tax collect the state four-percent tax and an extra one-percent while only four-percent state tax is collected in other cities and non-in-

corporated areas.

Bullock said the court turned down U.S. Steel's argument that the law was unconstitutional and discriminatory because tax rates were not uniform throughout the state and refused to order a \$62,000 refund that the company had paid under protest.

If the ruling had gone against the state, according to Bullock, many cities could have faced economic chaos because the city sales tax in its present form could have been abolished.

Texas cities, Bullock noted, received more than a half-million dollars last year in city sales tax rebates.

Editor's note: Following are representative questions answered daily by VA counselors. Full information is available at any VA office.

Q. — I was born in Poland and fought in the Polish Army during World War II. Am I entitled to any benefits from the Veterans Administration?

A. — Hospitalization and outpatient and domiciliary care are available to certain Polish and Czechoslovakian veterans who served against an enemy of the U.S., who have been citizens of the U.S. for at least 10 years. Contact the nearest VA office for information.

Q. — I have had Veterans Administration insurance since World War II which I converted to a permanent plan about 10 years ago. Can I cash the policy in now?

A. — You may apply for the cash surrender value of your policy. However, you should consider that once you surrender the policy, you cannot restore it.

Q. — I am separated from my wife and am attending school with GI Bill educational assistance. Can my wife get part of my educational allowance without my consent?

A. — Yes. If your wife can prove you are not providing for your family, she can request the portion paid you for your dependents and you will receive the rate of a single veteran.

Q. — I am an unmarried surviving spouse of a veteran. Am I eligible for a Veterans Administration guaranteed home loan?

A. — You are eligible only if your spouse had service after September 16, 1940, and his death was service connected. Contact your nearest VA regional office for details.

GETTING READY FOR THE PROM

Rockport-Fulton Juniors and Seniors are pretty busy these days getting everything ready for their Prom on Saturday, May 2. The theme is "Nights In Vegas", as this mural depicts. Working on the mural Monday were (left to right) Michael Henderson, Cindy Schexnider, Bunny Ousley, Suzanne Smith and Alan Barnard. The big event will last

from 9 p.m. until 1 a.m. and will be in the Paws and Taws Building. The band "Broxtown" will perform. Teacher Laurie Hatfield, one of the Prom sponsors said Monday, "Lots of kids have worked on this. The participation has been great." [Pilot Photo by Becky Werhan]

Scout Pack Holds Pinewood Derby

Cub Scout Pack 340 held their annual Pinewood Derby at the Live Oak Elementary School over the weekend with eighteen scouts from the area participating in the event.

The Pinewood Derby, a model car race, is an annual event and according to race co-ordinator Susan Kovacs this is the twentieth year for the race.

The scouts entered the elimination-type event running in three categories with Sean Miller winning the Webelos division and Larry Corey taking second in division. Clint Carter placed third.

Jeff Shaw took first place in the Wolf Division with Clint Buttler taking second followed by Ray Allen Jr. in third in the Wolf division.

Brian Cody won the Bear Division.

Brian Cody won a gold medal, Jeff Shaw won a silver medal and Sean Miller won the bronze medal for the over-all grand winners.

Judges in the events

were Bill Watson, Leonard Specht and Mrs. Kenneth Rogers.

To compete in the race a cub scout must obtain a Pinewood kit and design and build his own race car. The cars must meet very rigid requirements covering the length, width and weight of the cars.

The scout must then assemble the car and paint it and make it ready to race.

Each scout must check in with his car and have it measured and weighed. If the car is too heavy it must be trimmed down. If too light, weights must be added to the car to bring it to the proper weight of five ounces.

The cars are placed on a ramp about thirty feet long that is set at about a twenty degree angle. The cars are placed in five starting stalls and released at the same time. The car reaching the bottom first is the winner.

Cars winning races must then enter a series of elimination events to find the fastest cars of the derby.

Other people who helped in the event are Curtis Kovacs, Cub Master, Terry Cody, Assistant Cubmaster and race starter. Ray Allen Sr. was the Webelos leader and Den Leader Connie Cooper was scorekeeper.

Mary Allen was race car organizer and Susan Kovacs was the event co-ordinator.

Cub Scouts entering the event were, Clay Cooper, Ray Allen Jr., Tom Knostman, Dan Rucker, Fran Garcia, Chris Pahany, Jeff Shaw, Danny Cox, Clint Buttler, Heath Mock, Brian Cody, Jimmy Wilson, Bill Berry, Allan Jennings, Sean Miller, Clint Carter, Mike Kovacs and Larry Corey.

Conference On Gifted Student Curriculum Slated

The Association of Educators of Gifted Students (AEGIS) in cooperation with the UTSA Gifted and Talented Student Program is sponsoring a conference, "Curriculum for the Gifted: Elementary and Secondary," May 8 at UTSA.

AEGIS is a new organization for educators of gifted students and provides a forum for exchange of ideas through publications, seminars and workshops.

A recent survey of elementary and secondary school teachers and their problems in dealing with gifted students was done by AEGIS. Results showed that the major difficulty was in curriculum development.

President of AEGIS Sam Mammen said the program will stress this area. "We hope to attract education majors and faculty at UTSA as well as the teachers, counselors, principals and curriculum supervisors in the Southwest. Our program is not only for the educators of the gifted and talented, but also for teachers in the normal curriculum with students of above average ability."

He noted that the topics such as Special Needs of Gifted and Culturally Different Students should benefit educators in bilingual-bicultural programs.

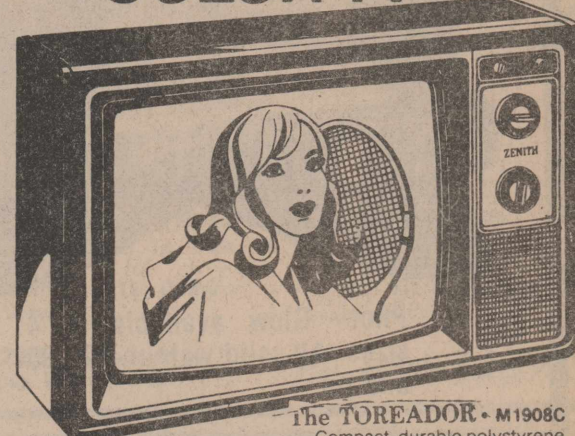

"Our sessions are unique in that our topics are new to San Antonio educators," said Mammen. "We are hopeful that the seminars 'Communication Personified,' which addresses the special needs of the handicapped and gifted students, and 'Computer Science for the Gifted Student' will attract the experienced gifted student teacher."

Plans, materials and products from gifted/talented programs in the San Antonio area will also be on display.

Other topics being offered are Regional Implementation of the Study of mathematically Precocious Youth and Teaching Writing to the Verbally Gifted, which should interest the teacher of normal students.

The conference will be divided into six morning and six afternoon mini-sessions. The general session will begin at 9 a.m. in the Humanities - Business Building in Room 2.01.10. Registration fee is \$5 for the conference. Reservations may be made by calling 438-2255 or writing the Association of Educators of Gifted Students, 27635 Bonn Mountain, San Antonio, Texas, 78260.

Simmons was arrested about a half hour after the incident was reported.

A radio cassette player and 21 cassettes, totalling an estimated \$340, were

reported taken from a pickup belonging to Adam Sanchez of Rockport.

Theft occurred sometime between 9:30 p.m. Friday, April 24, and 9:30 a.m. Saturday, April 25.

Criminal Mischief

Michael S. Decker of Aransas Pass reported two radio antenna and side mirror were broken off his truck by six men who "tried to make him get out of his truck" as he was leaving The Bull early Thursday, April 23.

The incident occurred about 2:05 a.m. Damage to the antenna

and mirror was estimated at \$20 each.

Gas Theft

Some \$23 of unleaded gasoline — 17.5 gallons — was stolen from the Billups Service Station, Highway 35 North, about 11:45 a.m. Tuesday, April 21.

The gasoline was reportedly taken by a male and

female driving a 1975 Buick with a Texas license plate. The man reportedly filled the tank while the female entered the Billups Station and walked around inside. After the man had filled the car, both subjects reportedly got into the vehicle and drove north on Highway 35 "at a high rate of speed."

Pager Taken

A telephone pager valued at \$409 was taken from Magcobar Services in Cove Harbor. The pager was allegedly issued to an employee in February. The employee reportedly promised to return the pager but

has so far failed to do so. The incident was reported Monday, April 20.

No other items appeared to have been disturbed.

Motorcycle Theft

A \$250 Honda motorcycle was taken from the residence of Cipriano Aguilar, 911 North Terry, between 9 a.m. April 9 and 8 a.m. April 10.

Stolen Car Recovered

The vehicle was impounded April 22.

Rockport Rotarians Told

Local Boy Scouts Need More Support

Lack of financial support and personal involvement in Boy Scout activities in the Rockport area were decried by "Uncle John" Leslie at a luncheon meeting of Rotary Club at the Sandollar Restaurant Wednesday, April 22.

Leslie, a contributing writer for The Rockport Pilot, has been active in Boy Scout work virtually all his life starting with troop membership in 1911 at the age of 12 when the movement was brought to this country from England.

He asserted that the Boy Scout movement was one of the strongest forces combatting abuse of drugs and juvenile delinquency, yet it does not attract the support it needs to reach a maximum number of young people.

Leslie reported sadly that two local churches which sponsored Scout troops for several years have withdrawn their support and as a result the troop charters have been withdrawn.

He added that while financial support was essential, the personal touch of active participation as Scout leaders was just as important.

Leslie praised the Rotary Club for its longtime financial support of a local Cub Pack, but asserted that more Rotarians should accept leadership roles in local Scout activities.

"Right now we need at least 12 concerned individuals to realize the full potential of the Scout movement in our community," he added.

Tony Thorne and Dr. J. Curtis Kovacs were inducted new members of Rockport Rotary at the Wednesday meeting.
