Volume 45. Tahoka, Lynn County, Texas, Friday, November 12, 1948 Number 6

Tahoka Bulldogs End Season With Loss to O'Donnell

The football season in Lynn county came to an end Armistice Day, when the O'Donnell Eagles won a hard-fought game on the local field before a large holiday crowd. The score was 13 for the Eagles to 7 for the Tahoka Bulldogs.

A summary of the game shows Tahoka gained 233 yards on running plays and 56 on two passes, while O'Donnell made 207 yards running and 7 yards passing. Tahoka also led in first downs 13 to 11. However, the visitors capitalized on the breaks, recovering three of Tahoka's four fumbles, and intercepted one pass. O'Donnell lost the ball twice on fumbles.

Tahoka received the kickoff and ran up four first downs before losing possession. O'Donnell immediately proceeded to march down the field for a touchdown, Quarterback Palmer going over from the one. Brock's kick was no good. Tahoka came back with a bang, and early in the second quarter Farr scored from the 2 yard line, and Carter's placement was good, making the score 7 to 6.

But; midway in the third quarter, O'Donnell's Halfback Brock got away over left tackle and went 31 yards to pay dirt. Palmer passed to Houston for the extra point, and the score was 13 to 7 in favor of the Eagles.

The ball game was an excellent one, overlooking a few miscues.

With the close of the football season, many of the boys will now turn their attention to basketball. Though the season has not been too successful in the matter of games won, the boys have received some valuable training in sportsmanship and physical development. After all, no school can be a winner all the time.

Bulldogs Take Seagraves 26-6

Inclement weather held down the crowd at the football game between Tahoka Bulldogs and Seagraves Eagles here Thursday night, Nov. 4, but it did not hamper the Bulldogs, who turned in one of the best exhibitions of the season in defeating the visitors 26 to 6.

The cold wind and rain which came up late in the day, subsided at kick-off time, and those who braved the elements saw a spectacular contest.

The fireworks started when Bob Boyd, Tahoka quarterback threw a 20-yard touchdown pass in the first quarter to Duane Carter, end. Carter then kicked for the extra point. On the ensuing kickoff, Seagraves' fullback, Kenny Jackson, took the ball on his own 25 and came right up the middle 75 yards for the visitors' only score. The try for extra point was no good, and Tahoka led 7 to 6. Before the quarter ended, Boyd again passed to Carter, the play being good for 42 yards, and then passed to Doug McNeely for 15 yards to set up the next touchdown. Two plays later, Jimmy Small carried over for the score. The attempted conversion was no good.

Both teams threatened in the second quarter, but it was not until the third that Tahoka scored again. This time Carter recovered a Seagraves fumble on the 13, and Fullback Tom Chandler went around left end for a TD. Again the try for extra point was no good.

Seagraves threatened again but lost the ball, and Small caught two beautiful passes that could have been a TD with another block.

In the fourth, Clark Farr, half, raced around end 25 yards for the fourth and final touchdown, and Carter's kick was good. Final score, 26 to 6.

Not all the stars of the game carried the ball, however. Among the others were Crotwell, Cowan, Stevens, Tippit, White, Strickland, Morgan, Martin, Akin, and possibly others.

No man can be a conservative until he has something to lose—James P. Warburg.

MRS. InA MERLE HARRIS

Mrs. "Corky" Harris Farm Bureau Queen

Mrs. Ina Merle (Corky) Harris of O'Donnell was recently selected Lynn County Farm Bureau Queen in a contest in which five other girls participated. Mrs. Harris was selected because of her personality, poise, charm and beauty. She was awarded $50.00 in cash and given an opportunity to participate in the District Contest at Lubbock, which she did, and won third place. She was sponsored by the O'Donnell High School Seniors and gave her award to the Senior Class.

Mrs. Harris is an attractive blond, twenty years of age, blue eyes, about 5 feet five inches in height and weighs approximately 115 pounds. She was born and reared in O'Donnell and was graduated from the O'Donnell High School in 1946. She is the daughter of one of our finest families, Mr. and Mrs. C. J. Beach of O'Donnell. Mrs. Harris enjoys housekeeping, does her own sewing, laundry, and has done considerable canning this summer in addition to her job at Thompson's Toggery.

The Lynn County Farm Bureau is very pleased to have Mrs. Harris as Queen for 1948-49 because they feel that she is an excellent example of American womanhood and are proud that she was among the highest in the District Contest.

The Farm Bureau Queen Contest is to be an annual affair.

Former Citizen of Wilson Is Killed

Raymond Peter Kolodziejczyk, 28, a Lubbock salesman, who formerly lived at Wilson, died in the Lubbock Memorial Hospital at 6:22 o'clock Wednesday morning from injuries sustained when the automobile which he was driving crashed into the safety posts at a curve of the Lubbock-Slaton highway just southeast of Lubbock at about 2:05 a. m.

Running at about 55 miles per hour, Kolodziejczyk was unable to negotiate the curve and the car went into the safety posts, breaking three of them down. The car turned over two or three times and was wrecked. Kolodziejczyk was thrown some 30 or 40 feet from it. An ambulance was summoned and took the injured man to the hospital, but physicians were unable to save his life. Jeff D. Alderson, owner of the car, who was riding with Kolodziejczyk, miraculously escaped serious injuries.

The dead man's parents, Mr. and Mrs. Dennis Kolodziejczyk, two brothers and a sister live at Wilson. Funeral services have not been announced as this is being written.

JUNIOR FOOTBALL BOYS LOSE TO SLATON

Tahoka's future Bulldogs, the eighth grade team of Coach Jim Foust and the sixth and seventh grade team of Coach Jake Jacobs turned in excellent performances in games with Slaton's juniors here Wednesday but lost 14 to 0 and 13 to 0, respectively.

Both local teams were out-weighed, but they played good ball, and are due to make the fans sit up and take notice in a few years. The boys are getting some valuable training and playing experience, they like the game, and many of them will be hard to handle when they get big enough and old enough to be Bulldogs.

City of Tahoka Continues Improvements On Water System; History Recalled

Tahoka's 27-year-old water tank recently underwent repairs at a cost of a little more than $3,000, according to Dr. K. R. Durham, mayor.

The tower and tank were erected in 1921-22, while Dr. J. R Singleton was mayor. It has been in constant use since, of course, and recently it has been leaking a little at the seams and the rust had eaten a few small holes in the metal. This is the first time that major repairs have been made. The interior of the tank was first thoroughly cleaned from top to bottom, then the holes and seams were securely welded up and a coat of paint applied. The city gets a guarantee of ten years of additional service without further repairs.

The present water system had grown from a very small plant when it was taken over by the city in 1920 until it has reached its present proportions.

Not only was Dr. J. R. Singleton the mayor when the property was acquired but W. S. Anglin immediately became water superintendent for the City, and he knows the history of Tahoka's water and electric plants from A to Izzard. When approached on the street Saturday by a representative of the News he remembered at a flash the entire personnel of the City council at that time and clattered them off without hesitation just like saying his a-b-c's, J. R. Singleton, mayor and Frank H. Weaver, Ira Doak, W. L. Knight, Howard Henderson, and W. G. Tarrance, aldermen. All are still living except Dr. Singleton, the mayor, who died here several years ago and whose widow and daughter still live here, and Frank Weaver, who moved to Waco many years ago and later died there. The

Two Men Guilty On Felony Counts

Two men were indicted, tried, convicted, and one of them taken to the penitentiary here last week and the other was taken to San Angelo to stand trial on other cases against him.

Henry Neal McKay of Lubbock, charged with the crime of burglary committed by breaking into the News office on the night of October 12 and stealing a radio therefrom, was indicted by the grand jury, entered his plea of guilty to the offense in the district court, his punishment was assessed at two years in the penitentiary, and waiving all legal formalities as to time, he was taken to Huntsville at the week-end to serve out his term. He was alleged to have committed other thefts on the same night that he entered the News office.

Wayland Geurin was the other man who was indicted, tried, and found guilty in the court here last week He was charged with the crime of forgery. He too pleaded guilty and was sentenced to two years in the penitentiary. He was was first taken to San Angelo and placed in the custody of officers there, however, to aswer charges pending against him in the district court there.

Three other indictments were turned into the court here last week by the grand jury.

There was a larger number of pleas of guilty in the justice court here and at O'Donnell over the week-end than usual, some twelve or fifteen all together.

Checking up on the number of misdemeanor cases disposed of in these two courts during the month of October, Sheriff Sam Floyd reported there had been 34 cases disposed of in the Justice Court in O'Donnell, where Will Brown is the justice of Peace, and 19 cases in the justice court here, where P. D. Server deals out justice.

These misdemeanors consisted mainly of drunkenness, fighting, and gambling.

Of course the great majority of these cases are due to the influx of Negro and Mexican cotton pickers into this county at this season of the year.

Tahoka Closed Armistice Day

Tahoka business houses were closed up Thursday, Armistice day.

Principal holiday attraction was the Tahoka-O'Donnell football game.

Other entertainment features here on the holiday included a dance sponsored by the American Legion, the picture shows, and the Rotary-Rotary Ann banquet.

Mrs. Aubrey Smith of New Home underwent appendectomy at the Tahoka Clinic Monday afternoon. Her condition is reported to be satisfactory.

Pfc. Delmar West Is Buried Here

Re-burial services for Pfc. Delmar West, son of Mr. and Mrs. W. M. West of Tahoka, who was killed overseas January 30, 1945, were held at 3:00 o'clock Tuesday afternoonn in the Chapel of the Stanley Funeral Home here, with Rev. H. C. Thomas of Levelland officiating. Interment followed in the Tahoka cemetery under direction of the Veterans of Foreign Wars.

West entered the service in March, 1943, while the family was residing at Brownfield, and was stationed at San Diego, California, Fort Bliss, El Paso, and Camp Pickett, Va., before being sent overseas. He was assingned to the European theatre of operations and was killed in action at Kasrenick, Germany. He was then 20 years of age having been born on August 23, 1924.

Surviving him are the parents, three sisters, and six brothers, and other relatives. The sisters are Mrs. Flo Dell Todd of Brownfield, Mrs. Laura Stice of Tahoka, and Mrs. Dessie Shipley of Littlefield; the brothers, O. C. Malvern, and Herman West, all of Brownfield, Clyde West, who is a patient in the Veterans Hospital in Waco, Lowell West, who resides at Rosebud, and Randall West, who is stationed in Japan with the U. S. Army.

Christmas Lights Will Go Up Again

Plans for the coming Christmas season were discussed by the Tahoka Chamber of Commerce board of directors at its regular meeting Monday night.

Christmas lights, will be hung across the streets down town again this year. The directors appointed Terry Thompson, who has been in charge of the lighting program in the past, to buy new lights and to have them strung by early in December.

Two contests will be held again this year, one for the best decorated store windows, and another for the best decorated homes. Cash prizes will be offered in both contests.

First prize in each contest will be $25.00 and second prize will be $15.00.

Plans for other Christmas features were also discussed.

Several other projects on which plans will be announced later were discussed by the board.

The next regular meeting will be held on Monday night, Nov. 22.

ROBT. L. STONE HERE

Robert L. Stone, county agent of Lynn county until called into the service, visited old friends here for several hours Wednesday. He now is with the agricultural development division of the Texas Electric Service company, and has his headquarters in Fort Worth.

J. H. McNeely has been critictly ill in a Lubbock hospital the past few days. Little hope is held for his recovery.

DR. D. M. WIGGINS

Tech President Is Rotary Speaker

Dr. D. M. Wiggins, new president of Texas Tech, was here Thursday night to address Tahoka Rotarians and their wives at a banquet held in the school cafeteria.

He is former president of Texas School of Mines, El Paso. Though born in Crowley, La., he has spent most of his 25 years in Texas. He grew up at Canadian, graduated from old Goodnight College in 1917, was principal and coach at Burkburnett, and married a Memphis, Texas girl in 1918. He enlisted in the Army in 1918, and on receiving his discharge entered Simmons University and graduated there in 1919. He was principal and coach at Vernon, then at Canadian, and later was superintendent at Canadian.

Dr. Wiggins received his M. A. degree in 1925 and his Ph. D. degree in 1930 from Yale, also did graduate work at University of Chicago. He was professor of education and dean of students at Hardin-Simmon from 1925 until 1935, when he was chosen president of Texas Mines.

Election Returns Nearly Complete

The latest published election returns from 130,774 voting places out of the total 135,855 voting places in the United States give Truman a majority of 2,125,146 votes over Dewey, and a slight majority, 2,822 votes over Dewey, Thurmond, and Wallace combined

A few thousand votes were still out, but this is the way the vote stood at the latest count.

PRESIDENT

Truman	23,667,727
Dewey	21,542,581
Thurmond	1,005,945
Wallace	1,116,379

ELECTORAL VOTES

The votes in the electoral College will be divided as follows:

Truman	304
Dewey	189
Thurmond	38
Wallace	0

One of the most unusual and seemingly impossible features of this election was that Truman lost the states of New York, New Jersy, Pennsylvania, Michigan, and four states in the "Solid South," South Carolina, Alabama, Mississippi, and Louisiana, and still won the election.

TEXAS VOTING

The latest tabulation of the Texas election returns accounted for 1,161,047 votes for President. This was divided as follows:

Truman	768,160
Dewey	281,673
Thurmond	104,126
Wallace	3,795
Watson	2,568
Thomas	725
(Senator)	
Johnson	736,368
Porter	360,210
(Governor)	
Jester	827,249
Lane	150,610

TAHOKA LITTLE TOT WINS CONTEST AT CLOVIS

Mr. and Mrs. Newt Barham have received a report that their little grand-daughter, pretty 4-year-old Jackie Marcotte Blackard, daughter of Mrs. Jean Blackard, had won a "Personality" contest for little folks at Clovis, New Mexico, last Sunday.

Mrs. Blackard was formerly Miss Jean Barham.

Soil Conservation District Elects New Officers

Six applications for soil conservation assistance were approved in a Friday morning session of the board of supervisors, Lynn County Soil Conservation District at their local headquarters. In addition, the supervisors studied and approved farmer-district agreements and soil conservation plans on four Lynn district farms.

R. L. Littlepage of Rt. 3, Tahoka, board chairman, presided over the regular November meeting of the supervisors. The other four members of the board, H. O. Hargett of Rt. 1, Tahoka, A. E. Hagens of Wilson, Kay K. Moore of New Home, and W. R. Ledbetter of O'Donnell, were also present. Mr. Ledbetter succeeds P. O. Cabbiness and Mr. Moore succeeds L. R. McCormick. Both are new members of the board. Mr. Ledbetter was elected by the landowners in the southwest subdivision of the district at a meeting held at Wells on Wednesday night, Nov.. 3, and Mr. Moore was elected by the landowners in the northwest sub-division at a similar meeting held at New Home on the following night. The meetings were conducted by Bill Griffin, Lynn County Agent, who is assisting the district with the educational program. Soil conservation films were shown at each meeting.

Louis Dawkins of Plainview, Field Representative of the State Soil Conservation Board, attended the supervisors' meeting and discussed

Sam Weathers Died Monday

Relatives and friends in Tahoka were greatly surprised and shocked Monday afternoon when a telephone message came from Los Cruces, New Mexico, stating that Sam W. Weathers of Tahoka had just died there. The message came from Hubert Aldridge of the Redwine community, who, together with his wife, had taken Mr. Weathers on a trip out to Los Angeles, California, to visit a daughter and were returning from the visit. A Stanley ambulance went out to Los Cruces for the body and arrived back here early Tuesday morning.

Funeral services were conducted in the chapel of the Funeral Home at 2:00 o'clock Wednesday afternoon with Rev. C. A. Holcomb Jr. of the First Methodist Church here, officiating. Interment was made in the Tahoka cemetery.

Pall bearers were: Borden Davis, G. M. Stewart, Irvin Stewart, Willis Pennington, Joe Vandyke, and Lee McFadden.

Survivors include two sons, Jakie Weathers of Tahoka and Pinkie, who is a patient in a Veterans hospital in San Francisco, a casualty of the late war; three daughters, Mrs. Dora Edith (Ottis) De Vault of Perryton, and Mrs. Ouida Yvonne (Keith) Hatfield of Los Angeles, California, and Mrs. Imazell (Landon) Smith of Tahoka. Also surviving are two sisters, Mrs. Frank Perkins of Celeste, Hunt county, and Mrs. Ervin Burk of Oregon; and four brothers, Raymond and Louie Weathers of Tahoka and Larkin and S. N. "Shed" Weathers of Lubbock. Also residing here is a niece, Mrs. R. W. Fenton Jr.

Circumstances of the death were recited to the News by Hubert Aldridge, who had taken Mr. Weathers out to California and who was bringing him back at the time of his death. Mr. and Mrs. Aldridge and Mr. and Mrs. Dan Cruse had left here with Mr. Weathers for Calif. on Wednesday of last week. Mr. and Mrs. Cruse went out to see a relative in California and remained for a longer visit. After visiting his daughter, Mrs. Hatfield, in or near Los Angeles, Mr Weathers and Mr. and Mrs. Aldridge started back home, intending to stop over for a visit somewhere in New Mexico, however, before coming on back to Tahoka.

Upon reaching Los Cruces a little after eleven o'clock Monday

STRAWBERRIES TO MAKE YOUR MOUTH WATER

This is a veritable Strawberry Paradise. You would believe it if you had seen the little box of giant berries which Mrs. Ted Terry brought to the News office and presented to the editor on Tuesday. We are not going to undertake to describe them, for it would be as impossible to do so adequately as it would be to describe your favorite rose or the spotless water lily that blooms in your back yard. And their aroma is as sweet as their appearance is beautiful.

Honestly, strawberries do as well here as anywhere we have seen them tried out and we can not understand why gardeners do not raise more of them.

LT. CLARENCE SHAMBECK STATIONED IN FLORIDA

Tyndall AFB, Florida.— 1st. Lt. Clarence H. Shambeck, son of Mrs. Louis Shambeck of Wilson, Texas, has been selected to attend the sixth class of the Air Tactical School, Tyndall Air Force Base, Tyndall Field, Florida.

Lt. Shambeck attended Texas Lutheran College prior to his entering the service in November 1940. After receiving his commission he was sent overseas with the 11th AF in the Aleutian Islands where he spent 4 months and flew 13 missions against the enemy. He is presently stationed at Eglin Air Force Base, Eglin Field, Florida and will return there upon completion of the 16 weeks course.

Lt. Shambeck's wife is the form- Miss Phyllis E. Anderson of Marengo, Illinois. She is residing in Panama City, Florida while he s attending school.

The Air Tactical School is the basic school of the Air University system. Its purpose and aim is to teach the fundamental and basic principles required for officers to most successfully handle the responsibilities of Squadron Commanders and for staff duties commensurate with their rank. A broad academic course covers instruction in Leadership, Tactics, Intelligence, Administration, Supply, Personnel Management, Public Information, Civil Affairs and New Developments. The academic course is supplemented by a flying program utilizing the latest types of Air Force aircraft. The regular curriculum is supplemented by lectures given by civilian specialists, Ground Force Officers, Naval Officers and faculty members of the Command and Staff School at Maxwell Air Force Base, Maxwell Field, Alabama.

COUNTY H. D. COUNCIL ANNOUNCES FOOD SALE

The Lynn County Home Demonstration Council is plannig a sale of foods, such as cakes, pies, and dressed hens on Wednesday, November 24, the day immediately preceding Thanksgiving, in the office of Southwestern Public Service Station, W. S. Anglin local manager, according to Mrs. J. W. Lowrey o Petty, who is the Council Finance Chairman.

All the H. D. Club women of the county are backing the project and Mrs. Lowrey says that the proceeds of the sales will be used by the County council to promote home demonstration work.

Many housewives and others no doubt will remember to patronize these ladies on the day before Thanksgiving.

Let one stop do it. Renew your Daily and your Lynn County News at the same time. Mrs. E. I. Hill, at The News Office.

Blind Vet's Keen Hearing Averts Railroad Tragedy

BEAVER FALLS, PA.—The keen hearing of a blind marine veteran is credited with averting a railroad disaster near here.

If 22-year-old Jack George hadn't detected a broken rail on the bridge spanning the Beaver river, the crack Chicago-to-New York "Admiral" of the Pennsylvania railroad could have been derailed.

Jack and his father, Griffith W. George, a conductor for the Pittsburgh and Lake Erie, were sitting in their home about a block from the river.

Jack's ears, made acute by the loss of his sight four years ago on Guam, picked up the sound of the broken rail as a fast eastbound train crossed the span.

The father, leading his son, went to the bridge where a flashlight revealed a 12-inch break in the track.

They hurried home and telephoned the Pennsylvania dispatcher, who warned all trains to slow down when approaching the bridge so they could be switched to adjoining tracks.

Girl Shoos Angry Bull For Frightened Drivers

BARNSTABLE, MASS.—A 13-year-old girl caused considerable blushing among full-grown men when a belligerent bull tied up traffic on Route 6 for a half hour.

Some drivers attempted to start a roundup, but they quickly returned to their automobiles when the bull began snorting.

Cars were lined up a mile before Dolly Van Duzen, 13, rode her horse up to the bull and dismounted. Waving her arms in the bull's face, she yelled "Scat."

The bull did.

BAPTIST PASTOR GOES TO STATE CONVENTION

Rev. and Mrs. C. T Aly left Sunday afternoon to attend the Baptist General Convention of Texas, which was in session in Houson this week He stated that he would be back before Sunday and would be in his pulpit as usual next Sunday morning. He announced that his subject would probably be "Echoes of the Convention."

In his absence, Rev. J. P. Durham, father of Dr. K. R. Durham, who is visiting here, filled the pulpit Sunday night, to the delight of the congregaton.

The pastor and Mrs. Aly will doubtless have interesting reports of the convention upon their return. for this is the 100th anniversary of the Convention's organization. The convention was organized on September 8, 1848, at Anderson, in Grimes Co. Twenty-three churches were represented by Messengers sent to effect the organization. There were then 34 Baptist churches within the bounds of Texas. There are now more than 3,300. Total number of members in 1848 is reputed to have been about 1,000. The membership now is about one million. This does not include Negro and Mexican Baptists numbering almost a half million. Considerably less than one hunded persons attended that first convention. It was estimated that eight to ten thousand would be in attendance at the convention this week.

WEDDING ANNOUNCEMENT

The News has received the following announcement from Mr. and Mrs. J. H. Edwards Jr., both of whom were reared in Tahoka and were married here but have been living in Houston the past several years.

Mr. and Mrs. J. H. Edwards Jr. announce the engagement of their daughter Janice to Mr. Earl D. Moore, son of Mr. and Mrs. C. D. Moore of Houston. The wedding will take place on December 3 at seven o'clock P. M. in the First Methodist Chapel, Rev. Clyde Verhyden reading the ceremony. The couple will be at home at 512 McGowen, Houston. Texas.

BIGGER THAN HE THOUGHT

Ben Moore of O'Donnell got pretty badly scratched up in a fall a few days ago but it is believed he will live over it. Ben tells the story himself in the following semi-humerous fashion.

"I forgot about my increase in weight yesterday when I reached out from a pretty high bluff and grasping a slender oak sapling undertook to climb down to the ground. I went down about like a sack of potatoes, taking along most the bark from the sapling and losing some from my own limbs. Then it came to me, a bit too heavy for such business."

AN ECONOMICAL LUXURY

IN THIS SECTION where winter weather usually gets unpleasant, you'll find a home laundry dryer an economical luxury Just think, no more bundling up to go out to the clothes line, no more waiting for "good drying weather". Just put your wash, fresh from your washing machine, into your home dryer. A gentle stream of warm air will toss your clothes to dryness in just a few minutes. Your family's clothing will last longer, with no bitter wind pulling at them, no burning sun bleaching them.

Best of all, of course, is the fact that with electric service cheaper than ever before, your home laundry dryer will cost just a few pennies a month to operate.

See an appliance dealer soon about a home laundry dryer.

FFA Girls Observe National FHA Week

The Tahoka FHA girls participated in the National FHA Week November 1—5.

The activities began Tuesday, November 2, when red balloons with white letters, "F. H. A." were thrown from the third Floor of the high school building to the students below. The Club also presented a variety assembly program.

On Wednesday night, November 3, a large percentage of the girls attended the First Baptist Church for prayer meeting.

The regular F. H. A. meeting was held on Friday, November 5, in the high school auditorium. The parents and women members of the faculty were invited. The program consisted of a style show. Twenty-three members modeled the clothing articles of a typical high school girl.

After the meeting, the invited guests and members of the Club had a tea in the Home Ec department, thus ending the National F. H. A. Week.

ATTENDS LUNCHEON

Mrs. Gladys M. Stokes attended a luncheon at the Hilton Hotel in Lubbock Saturday for the Life Insurance Underwriters Association. She was awarded a certificate for life membership in the Women's Quarter Million Dollar Round Table which is a national association for women who write a quarter million or more of life insurance in one year.

Jeff Connolly was up from Midland Wednesday visiting relatives and greeting old-time friends.

Congratulations:

Mr. and Mrs. Joe Beckham, Rt. 3, on the birth of a daughter weighing 6 pounds and 3 ounces at 6:15 Saturday afternoon in St. Mary's Hospital, Lubbock. The father is a farmer.

Mr. and Mrs. R. M. Thomas of Tahoka, Rt. 1, on the birth of a daughter weighing 7 pounds and ten and one-half ounces at 12:30 p. m. Thursday of last week in the Lubbock Memorial Hospital. The father is a farmer and ginner at Grassland.

Mr. and Mrs. Felix R. Nolte of Wilson, Rt. 1, on the birth of a daughter weighing nine pounds and two ounces at 4 p. m. on Thursday of last week in St. Mary's Hospital, Lubbock. The father is a farmer living out northwest of Wilson.

Mr. and Mrs. Cecil Curry, out on Rt. 2, upon the birth of a 9 pound and 2 ounce son in a Lubbock hospital Monday morning at 12:51.

REDWINE H. D. CLUB PLANS CHRISTMAS PARTY

The Redwine Home Demonstration Club met Tuesday, November 9, with Mrs. Edd Carpenter.

The Club voted to have a Christmas party at the next meeting, on December 2, each member to bring a gift not to exceed 35 cents.

The Club is to have a "42" party in the home of Mrs. Carpenter on Friday night, November 19, at 25 cents per couple. coffee, cake, and cokes will be sold.

Members present Tuesday were Mesdames Owens, Tippit, Traweek, Bratcher, Dubree, Miller, Venable, Watson, Blair, Walters, and the hostess, Mrs. Carpenter. —Reporter.

No. 6?8— Guardianship of Hershel R. Lindly, and Clarence B. Lindly: In the County Court of Lynn County, Texas, Probate Division, September Term, A. D. 1948.

To All Persons Interested in the Above Named Minors or Their Estate:

You are notified that I have on the 10th day of November, 1948, filed with the county clerk of Lynn County, Texas, an application under oath for authority to make an oil and gas lease on that certain real estate belonging to such minors, described as follows:

An undivided 1-16th interest to each of said minors, or a joint undivided 1-8th interest to said minors, in the West One-half of Section No. 479, Block One, E. L. & R. R. Co. Survey, situated in Lynn County, Texas, and containing 320 acres more or less, the balance o said land being owned as follows to Mrs. Texas Owens and undivided one-half interest, to Marie Walker an undivided one-eighth interest, t John W. Owens an undivided one-eighth interest, and to Elmer H. Owens an undivided one-eighth interest; that Tom Garrard, judge of the county court of Lynn county, Texas, on the 10th day of November, 1948, duly entered his order designating the 22nd day of November, 1948, at 10:00 o'clock A. M. in the county court room in the courthouse of such county as the time and place when and where such application would be heard and that such application will be heard at such time and place.

BILL SHORT SUFFERS FRACTURE OF LEG

Billy Short, 14, son of Mr. and Mrs. Henry Short, suffered a fracture of the right leg at the knee in a game of football played at Cooper Friday night of last week.

He was taken to a hospital where he injured leg was placed in a cast. It is hoped that the fracture will completely heal.

West Texas Gas Company

YOU CAN HAVE
PLENTY of BUTANE
ALL WINTER
IF
YOU HAVE
ADEQUATE STORAGE

Will you be sure of having all the LP-Gas you will need this winter? Or will you be at the mercy of bad roads, bad weather and possible gas shortages? There is only one way in which your Butane-Propane dealer can promise you all the gas you'll need and that is for you to have adequate storage now!

So if you want to enjoy all the advantages of gas next winter — without any empty-tank worries — let your dealer explain how you can be guaranteed of having dependable, year-round gas service. Write, phone or see him today.

HERE'S THE PICTURE

The refineries which produce LP-Gas (Butane or Propane) have the same capacity all the year around. They produce the same amount of gas in the summer as they do in the winter. Yet there is four times as much gas used during the four winter months as there is during the other eight. That means LP-Gas produced in the summer must be stored for use in the winter. The refineries have increased their storage facilities. Your local dealer has increased his. But that's still not enough! Even more gas must be stored.

HERE'S THE ANSWER

The only solution to this problem is for you folks who use LP-Gas to increase your storage facilities, too. That's the only possible way in which your dealer can assure you of having a dependable, year-round supply of LP-Gas. Remember — your storage tank is like the gas tank in your car. If it's too small you're always running out of gas. So play safe. Get set for winter by getting adequate storage NOW!

HOW BIG A TANK DO YOU NEED?

You'll have adequate storage when you have a tank big enough to hold a supply of gas that will carry you through the four winter months. A tank that size will enable you to have it filled now while plenty of gas is available. Then, this fall, you can have it refilled and start off the winter with enough gas to see you through

TEXAS PRESS ASSOCIATION

We hope that President Truman will go a little slow in pushing his "civil rights" program. Such a program strictly enforced would not be relished even in the North. For business men everywhere do not like to be compelled by law to employ any particular individual or any particular class of individuals. For example, if a Jap, or a Russian, or an Arab, or a Turk, should show up some day in response to an ad. and make application for a job in The News office, we would like to have the privilege of using our own judgment as to whether or not we should employ him even though he might be a citizen of the United States and might prove to us that he was thoroughly competent and qualified to do the work. We suspect that Northerners would feel the same way about it whether they employ one man or a hundred. Likewise we think we should have the same right respecting a member of whom we buy. We figure that is our business and not the business of the Government or of any labor leader in the world. As for race segregation in cities and towns in this state, we feel that is the business of such cities and towns, and as for "Jim Crow" laws that require different compartments for Negroes and Whites on buses and railway trains, we feel that that is the business of the state of Texas and not the business of the president of the Association for the Advancement of the Negro Race in New York, Chicago, or elsewhere outside of Texas. The people of Texas evidently did not believe when they voted on November 2 that President Truman would seriously undertake to ram this proposed legislation through Congress. We can not believe yet that he will be stubborn and persistent in any such attempt. If he does and if it passes and is enforced, he should make up his mind in advance to lose more than four Southern states at the next election. But we feel that President Truman will be sure and conservative respecting this matter.

—o—

The poll takers are going to be compelled to revise their methods of sounding out public opinion. We don't know why all of them failed so miserably during the recent campaign in forecasting the election results, but we suspect that they confined their efforts too much to the business houses and offices and did not sufficiently sound out the folks on the sidewalks and in the rural grocery stores. We suspect that they neglected the housewives too, especially those out on the farms. At any rate, they did a poor job. We have decided also that the political commentators who blare out their opinions over the radio and use up countless columns of newspaper space, know less about the pulse of the country than does the ordinary country newspaper man. Hereafter, when we want to know what the country thinks, we are not going to listen to the wiseacres who do a lot of wind-jamming over the radio and wise-cracking in the newspapers; we are going to ask John and Mary and Aunt Jane ad Uncle Bill as they drop into The News office to pay their subscriptions or to leave with a classified ad. In fact, we were not fooled this year as to the probable results in Lynn county or in Texas. But we did think that Dewey really had the world by the tail and a downhill pull in such states as Ohio, Iowa, California, Minnesota, and possibly a dozen others that landed in the Truman column.

—o—

The publishers of The News and numerous other Texas citizens have not approved all the policies of President Truman. In fact we have strenuously opposed many of them. But there are many matters on which we can go with him all the way. We were particularly pleased with the post-election statement, doubtless authentic, to the effect that the government housing project would hereafter be directed largely toward the construction of smaller housing units for the poorer classes of our people. What is most needed, it seems to us, is the construction of numerous three-room and four-room residences to be sold at reasonable prices to people whose incomes are in the lower brackets, such as day laborers, and young married people of the poorer classes. The assurance that much attention is to be given to the displacemen of slums in the larger cities is particularly gratifying. We believe also that in our state neat but modest homes for Negroes should be built either in the existing Negro sections of our cities and towns or in new Negro communities when necessary. Local school districts, with or without state aid, should be required to provide ample and well-equipped school buildings for them and sanitary regulations should be strictly enforced. We believe that the people of Texas and of the entire South would go along with the President upon a program of that kind, and if we failed to do so then we could not consistently object to colored children being sen to white schools. Mr. President, we are with you on any such program as that.

—o—

See us for Bargain Day rates on all leading daily papers. —Mrs. E. I. Hill at Lynn County News Office.

A press dispatch from Washington a few days ago predicted that Texans and others seeking legislation to confirm title to the oil-bearing tidelands in the respective states would find the going to be hard. The opinion was that Congress would make short work of the job of taking over these tidelands for the Federal government. In that case, Texas will lose millions of dollars in taxes annually, a large portion of which has been used heretofore for the benefit of our schools. It is hoped that Texas Congressmen will make a strong fight against any such action. For a hundred years the State's title to these tidelands has been undisputed, as we understand it, and we can see no justice in their confiscation by the Federal Government now. In fact, it is doubtful if the Federal Congress can constitutionally take them over. However, Texas voters had fair warning. President Truman months ago took his stand in favor of taking them over for the Federal Governmnent and he has stood pat ever since. Our attitude on November 2 seemed to be like that of Job when he said in his affliction, "Though he slay me yet will I trust him."

THE STATE OF TEXAS

TO: Mary Flores, Defendant, Greeting:

You are hereby commanded to appear before the Honorable District Court of Lynn County at the Court House thereof, in Tahoka, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 6th day of December A. D. 1948, then and there to answer Plaintiff's Petition filed in said Court, on the 1st day of October A. D. 1948, in this cause numbered 1835 on the docket of said court and styled Alex Flores Plaintiff, Vs. Mary Flores Defendant.

A brief statement of the nature of this suit is as follows, to wit: Plaintiff and defendant were married in Lynn county, Texas, on October 7th, 1946; they separated on December 7th, 1946. Plaintiff has lived in Lynn county for more than six months and in the State of Texas for more than one year before filing this suit. Plaintiff charges that defendant was taken in adultry with a man whose name is unknown to plaintiff but well known to defendant. Plaintiff alleges that no child or children have been born to plaintiff and defendant as issue of their marriage and that they have no community property between them.

Plaintiff alleges that the residence of defendant is unknown to him, and prays that citation issue by publication and that upon a final hearing he have judgment of divorce, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Tahoka, Texas this 19th day of October A. D. 1948.

Attest: W. S. Taylor, Clerk, District Court, Lynn County, Texas.

We are ready to renew your daily! —Mrs. E. I. Hill at The News Office.

DEACONS AND WIVES HAVE GET-TOGETHER PARTY

With H. P. Caveness, chairman of the Board of Deacons of the First Baptist Church, serving as master of ceremonies, fourteen deacons and their wives, the pastor and his wife, and two or three other special guests, enjoyed a Thanksgiving dinner and an hour of fellowship featured by an informal but unique program in the dining room of the church last Friday night.

Worship, music, and fun were blended in just the right proportion to make the occasion one of the happiest and possibly one of the most profitable of its kind that has ever been held in this church.

A quartet of men rendered one of the finest old hymns of the church, and a women's quartet sang first a Negro spiritual and later another of the fine old hymns, with Mrs. Pat Hutchison accompanying on the piano.

The other part of the program, conceived in the brain of the master of ceremonies, H. P. Caveness, consisted of a quiz directed by him in which the deacons, one by one, were asked many very personal questions concerning their age, their conduct, and how in the world they ever managed to get inducted into the high and sacred office, and when their answers were not entirely satisfactory, he called their wives to the witness stand and had them to talk out of school quite a bit. If any citizen of Tahoka has the idea that Mr. Caveness has little humor in his make-up, he should hear the gentleman on some such occasion as that Friday night. We have heard of no serious consequences following the quiz, but we have an idea that some of the women had to do a lot of apologizing to their husbands after returning home because of the character of evidence they had given.

Following the fun, Mr. Caveness gave a brief but interesting talk, and Pastor Aly read some Scriptures and discussed the qualities of a good deacon.

Present and enjoying the occasion in addition to the pastor and his wife and Mr. Caveness and his wife were Mr. and Mrs. G. W. Hickerson, Mr. and Mrs. E. H. Cunningham, Mr. and Mrs. E. J. Cooper, Mr. and Mrs. L. M. Nordyke, Mr. and Mrs. W. P. Hutchison, Mr. and Mrs. E. I. Hill, Dr. and Mrs. K. R. Durham, Mr. and Mrs. A. L. Smith, Mr. and Mrs. L. D. Howell, Mr. and Mrs John W. Roberts, Mr. and Mrs. W. H. Brasher, Mr. and Mrs. Alton Fleming, and Mr. and Mrs. H. Eanes. Mrs. R. C. Forrester, whose husband was also a deacon in the Baptist Church at Wilson for a number of years and of the Tahoka Church for possibly a year or more preceding his death, and a few children were also present.

Active deacons of the church here who were out of town and therefore could not attend included W. A. Reddell, A. E. Herring, Garland Pennington, Jarrell Cox, and Paul Cox. Six others living here could not be present for various reasons, such as sickness in the family, the infirmities of age, and other reasons.

VISIT NEAR SPOKANE

Mrs. E. C. Crouch, who lived in this county many years and then moved to Lubbock about a year ago, was here Saturday and called at the News office. She just recently visited her son Kenneth and wife and their three children at Opportunity near Spokane, Washington, and was accompanied home by another son, Edward Lee, who had spent the summer out there. She went and came by bus, which required about four days and nights to make the trip each way. She spent two weeks there and had a wonderful visit.

See us for Bargain Day rates on all leading daily papers. —Mrs. E. I. Hill at Lynn County News Office.

Sixteen million women—1 out of every 3 over 14 years of age—will be at work, or seeking work by 1950. More than 1½ million more will enter employment each year thereafter.
—From a study by Bryn Mawr College.

Will SHE HAVE TO GO TO WORK?

Will your *widow* have to go to work "to keep things together and make ends meet?" Will she be prepared to enter a lucrative profession . . . fill an executive's chair . . . start a business of her own? Or will she have to seek employment wherever she can find it, at whatever she can get?

More than 90% of all the women employed in our country work *because they have to eat, or need the money to support others. (Women's Bureau, U. S. Department of Labor)*

The thing nearest your widow's heart will be security. To her, security will mean more than investments, assets, money in the bank. Security—to her—will mean happy, contented human relationships . . . an unbroken family . . . a home safe against the darkness outside . . . a placid place to nurture children. And you can give her that security through Southwestern Life Insurance.

If you are 35 and your wife is, say, 32, by saving as little as $13.50 a week you can assure her $100 a month for life. If she lives until she is 52, she will get a total of $24,000 in $100 monthly checks. If she lives until she is 72—as many women do—she will get a grand total of $48,000. One hundred dollars a month to her should you be taken out of life's picture . . . or $100 a month for life for *you*, if you want it, to start when you are 65. Give your wife a financial nest-egg—a guaranteed income that she can depend on—an income that she will have as long as life lasts. Ask for a plan to fit your needs today.

Reddell Attends RLCA Meeting

Mr. and Mrs. W. A. Reddell and little grandson, Jimmy Allen Billman, returned Sunday afternoon from a trip down east.

Mr. Reddell, who is president of the Texas Rural Letter Carriers' Association, attended a district meeting at Greenville on Saturday night and addressed the convention. Congressman Sam Rayburn of Bonham had been scheduled to appear on the same program, but new duties devolving upon him as a result of the recent election kept him away.

Mr. Reddell reports that a large crowd was present and that it was an unusually good meeting.

The Naval Ordnance Test Station, Inyokern, California, roughly equals the State of Rhode Island in size.

The value of clothing issued to new enlistees in the Navy during 1946 was $143.20 per man.

WEST POINT H. D. CLUB REPORTS GOOD MEETING

The West Point H. D. Club met Tuesday, Nov. 6, in the home of Mrs. Terry Noble.

Roll call was answered with "Favorite Protection for the Bed Clothing.

A report was given by the Council member.

During the business session we discussed and voted to change our meeting time from 3 o'clock to 2 o'clock.

Mrs. Blan Ramsey and Mrs. Clayton Lawrence gave an interesting demonstration on stenciling.

Refreshments were served to nine members.

The next club meeting will be a Christmas party in the home of Mrs. Newt Barham at 2 o'clock on December 14.—Reporter.

R. B. McCord was ill several days recently, possibly had a light attack of heart trouble, but his condition has never been considered serious.

COMPLETE TITLE OF STATE OF LOUISIANA TRACED BY LAWYERS

In a Legal Transaction involving the title to a parcel of land in Louisiana, the firm of New York lawyers handling the matter requested that a title opinion be furnished.

A New Orleans lawyer, who was retained to check the title rendered an opinion, tracing the title back to 1803.

The New York firm examined the opinion and wrote again to the New Orleans Attorney, saying, that the opinion was all very well as far as it went, but that the title to the property prior to 1803 had not been satisfactorily covered. The New Orleans attorney replied as follows:

"Dear Sirs:

I am in receipt of your favor of the 5th instant, inquiring as to the state of the title to this property prior to the year 1803.

Please be advised that in the year 1803 the United States of America acquired the Territory of Louisiana from the Republic of France by purchase, the Republic of France had in turn acquired title from the Spanish crown by conquest, the Spanish crown having originally acquired title by virtue of the Discoveries of one Christopher Columbus, a Genoese sailor who had been duly authorized to embark upon this voyage by the Queen of Spain, who, before granting such authority, had obtained the sanction of his holiness, the Pope; the Pope is the Vicar on earth of Jesus Christ; Jesus Christ is the Son and Hier apparent of God, God made Louisana."

MAN PLEADS GUILTY IN TWO CASES HERE TUESDAY

Warren W. Carey entered his plea of guilty in the district court here Tuesday to two charges of passing forged checks recently at O'Donnell. He was given two years in each case, the terms of punishment running concurrently.

The man had been previously tried in Fort Worth for felony theft and in Roby for forgery. Cases were pending against him at other places.

NOW! . . .

YOU Can Give YOUR Child The Start Your Dad COULDN'T Give You

A savings plan that will insure your child's lifetime financial security. Each unit provides:

AGE 1 THROUGH 20 . . . In event of death, return of all savings deposits you have made, plus accumulated dividends, plus $1,000 face amount.

THEN AT 21 . . . Right at the time when his responsibilities are likely to increase—marriage-wife-children—each unit of this remarkable plan triples in insurance protection without further evidence of insurability and at no extra cost! In event of death at any time from age 21 through age 54 each unit of the plan provides for return of all deposits made since purchase, plus accumulated dividends plus $3,000 face amount.

AT AGE 55 . . . The savings plan you started for your child matures as an endowment for full face amount plus dividend accumulated over the full period. Liberal options of settlement (to) provide income for retirement years.

Available to children ages 1 day to 14 years.

S. C. S.

(Cont'd from front page)

the Texas Soil Conservation Law. He emphasized the duties and responsibilities of supervisors, primarily for the benefit of the two new supervisors.

The meeting was also attended by County Agent Griffin, Marshall W. Howard of Lubbock, District Conservationist, and C. H. Hines, who is operating the Tahoka City farm.

The supervisors completed plans for holding a bench land levelling demonstration on the Tahoka City farm, located two miles south of Tahoka Saturday afternoon, Nov. 13, from 2 to 4 p. m. The City Council of Tahoka is cooperating with the district and through the district program is receiving assistance from technicians of the Soil Conservation Service in doing this bench levelling. The bench levelling demonstration is being sponsored jointly by the Board of Supervisors and the City Council of Tahoka and will consist of the following:

1. The construction of borders and levelling the land between borders.
2. The application of irrigation water on listed and drilled land which has already been levelled.
3. The use of concrete drops in the irrigation ditches.

The six applications for conservation assistance which were approved were for the following farms: S. D. Martin, D. W. Gaignat, A. L. Pace, Roy Nettles, Garland Peek, and J. B. Edwards.

The board approved the cooperative agreements and conservation plans for the following farms: M.B. Benton, 160 acres, W. J. Klattenhoff, 323 acres; Kay K. Moore, 160 acres; and L. W. Cannon, 1,154 acres.

The supervisors also held their annual election of officers and the following were elected: R. L. Litsey of Rt. 3, Tahoka, was re-elected chairman, A. E. Hagens of Wilson was elected vice-chairman, and Kay K. Moore, who was elected supervisor for sub-division No. 5 at New Home, was elected secretary.

Water Plant . . .

(Continued From Page 1)

living are W. L. Knight and Howard Henderson, who still live here, and Ira Doak and W. G. Torrance, who live in Lubbock.

All this called for a little more history and Mr. Anglin had it all on the end of his tongue. A. D. Shook, one of the founders of Tahoka and still remembered by all the old-timers here, built a little privately-owned and operated plant in the year 1915, or thereabout. In 1918 Shook sold this little plant to a man named Click, who operated a gin at Royston in Fisher county and that is where Walter Anglin comes into the picture. He had been sent to Tahoka to operate a gin, and did so for a time, but was then employed as superintendent of the little water plant. Click sold the plant to the City in 1920. At about the same time the City also bought the remains of a little electric light plant that had been started here by E. L. Howard, picture show man who operated a show where the Wallace Theatre is now situated.

When the City bought these properties, Anglin became superintendent of the City Water and Light plant. When the City sold the electric light plant to Judge I. R. Kelson, president of the Texas Utilities Company, in 1928, Anglin retained by the Texas Utilities Company as its local manager and has remained in that position ever since, though the Company is now known as Southwestern Public Service Company. G. H. Hines, who was an employee of the City in the Water Department, became the City's Water Superintendent when Anglin left the City service and went with Texas Utilities. Hines has been Water Superintendent ever since. The system has been gradually but greatly expanded since he took over and further expansion is just around the corner. Improvements have been recorded in the News as they have been made through the years.

In a reminiscent mood, Mr. Anglin recalled that Dr. Singleton was first elected mayor in 1919. He was repeatedly re-elected to that position until 1929, when he retired. Much growth and improvement occurred during his administration. The City Hall and Fire station were built early in his tnure of office. The City Park was established and planted in trees, a project in which John Donaldson was the chief actor. In 1922, the first paving in the town was begun. All of the brick pavement on the courthouse square and on several business blocks and down Porterfield Street to the Santa Fe station was laid in 1922-23. The concrete paving on several residence streets was made under Dean Nowlin's leadership as City mayor, but to Dr. Singleton goes the credit of having instigated the first paving, acquired and expanded a water system for the City and an electric light and power system that is now operated by a great corporation.

Weathers . . .

(Continued from Page 1)

morning, they stopped and the men got out of the car for a few minutes rest. Mr. Weathers started to a barber shop to greet a friend he had there, about a block away. Just before reaching the shop, Mrs. Aldridge saw him turn and start back and he had hardly done so until she saw him fall. her husband was returning to the car just at that time and she told him that Mr. Weathers had fallen. He jumped into the car and hurried to the scene. When he arrived, the barber had come out and they picked Mr. Weathers up and hastened to a sanitarium with him, where he was pronounced dead. He had evidently suffered a heart attack.

Mr. Weathers was born in Hunt county on May 16, 1889, and was therefore 59 years of age. He came with his parents, Mr. and Mrs. E. N. Weathers, and other members of the family to Lynn county in 1905.

He was married to Miss Clio Pinkston at Celeste on August 25, 1914, she came with him to Lynn county to make their home. She died here on November 18, 1839. By occupation, Mr. Weathers was a farmer and had also been employed in road and highway work.

He united with the Baptist Church many years ago and still retained his membership therein. He had many friends here, who are grieved at his passing.

PHEBE K. WARNER CLUB

The Phebe K. Warner Club held its regular meeting Tuesday afternoon in the home of Mrs. I. M. Draper.

General Ike Eisenhower was the subject of the day's program. Mrs. E. R. Edwards told of his early life, and Mrs. R. W. Fenton Sr. described his military career.

Refreshments were served by the hostess.

Among those here from Lubbock Wednesday attending funeral services for Sam Weathers were Mrs. G. E. Lockhart and Mr. and Mrs. C. L. Dickson, all former residents of Tahoka.

Mrs. C. C. Dwight Injured By Fall

In coming down the stairway from the Dwight Studio on the second floor of the Thomas building over Wynne Collier's Drug Store Monday afternoon, Mrs. C. C. Dwight lost her balance and fell from the swinging doors near the midway point on the stairs down several steps to the sidewalk below, from which she suffered serious injuries.

One bone of the wrist was broken, a finger on the other hand was also broken, a severe gash was cut on the head, and many painful bruises were suffered. Dr. Emil Prohl and an ambulance were immediately summoned, and Mrs. Dwight, bleeding profusely and suffering much agony, was taken hastily to the Tahoka Clinic, where her injuries were treated.

It is hoped that the injuries sustained will not prove to be permanent.

D. L. SHORT CHILDREN VISIT SICK MOTHER HERE

Mrs. D. L. Short, who has been so seriously sick the past few weeks and who was a patient in a Lamesa hospital for a few days and was then brought back to the Seale Clinic here, was released from the latter institution Tuesday and taken to her home in East Tahoka.

A number of her children from a distance were here last week and this. Among these were Mr. and Mrs. Lige Holley from La Veta, Colorado, Mr. and Mrs. Lester Short of Paden, Mississippi, Clayton Short of Tishomingo in that state, and Dayton Short of Amarillo.

GRIFFIN MEETS WITH WILSON 4-H CLUB BOYS

The Wilson Boys' 4-H Club met Thursday, November 4, with Mr. Griffin, Lynn County Agent.

Mr. Griffin explained to the boys how to feed out hogs for the show and how to treat a hog for the show. —Reporter.

In the two-year period ending September 30, 1944, the Officers Account Division of the Navy's Bureau of Supplies and Accounts wrote 567,552 checks for a total of $63,524,300.47.

TWO PREACHERS MOVE

Rev. Melvin Ratheal, educational director and assistant pastor of the First Baptist Church here during the pastorate of Rev. George A. Dale and who more recently has been pastor of the Parkdale Baptist Church in Lubbock, has accepted a call to the pastorate of the First Baptist Church of Spur and will move there soon.

Also, the News is informed that Rev. W. P. (Ted) Brian, who has been pastor of the Wells Baptist Church in this county for the past two years, has been called as pastor of the Plains Baptist Church in Yoakum county and will also move at an early date.

CARD OF THANKS

We would like to express our thanks for the beautiful floral offerings, for the food, and for every act of kindness shown us in our sorrow. May the Lord bless each of you is our prayer. —Mr. and Mrs. W. M. West and family.

Fred Barker of Levelland was here Wednesday attending the Sam Weathers funeral services and visiting briefly with friends. Fred was a long-time citizen of Tahoka.

Judge B. P. Maddox was confined to his bed several days last week and this from some chronic ailment, but is now able to be up.

Attend Lions Minstrels Monday Night!

Baptist Men To Meet In Tahoka

A great Association-wide Brotherhood Rally has been planned to be held at the First Baptist Church in Tahoka at 2:30 p. m. Sunday, November 21.

This is one of a series of eight such rallies to be held in District Nine, one in each association. All of them will be held at night except the one here, which falls on Sunday and will therefore be held in the afternoon.

The visiting team will consist of George W. Schroeder, associate Secretary of the Baptist Brotherhood of the South; L. H. Tapscott of Dallas, State Brotherhood secretary; Rev. Frank E. Swanner of Plainview, district missionary; and Judson Burnett of Levelland, district Brotherhood president. W. A. Reddell of Tahoka is president of the Brownfield Association Brotherhood, and Dr. K. R. Durham is president of the Tahoka Brotherhood.

It is hoped that all these meetings will be well attended. District President Judson Burnett of Levelland and state Secretary Tapscott of Dallas has set the attendance goal for the Brownfield Association at 400, and President Reddell and others are working to the end that this goal may be reached. Men from every church in the association are being urged to attend, as are the boys also, particularly those seventeen years of age or older.

It is presumed that Secretary Schroeder will be the princpal speaker, though each of the other three men is perfectly at home on the platform.

This will no doubt be a great inspirational service, and all men are invited regardless of their church affiliation.

Nine out of ten home fires are preventable. It's up to you to find the fire hazards in your home and eliminate them.

It's not too early to start thinking about your 1948 income tax return.

Tahoka Lions Club is sponsoring the presentation of Lubbock Lions Jubilee Minstrels in Tahoka High School Auditorium Monday night About 70 prominent Lubbock men appear in the show. Pictured above are the interlocutor Dr. D. D. Jackson (center), and end men Dr. C. C. Craig, A. B. Reese, Floyd Thompson. W. D. Rogers, Dr. F. G. Harbaugh, and Dallas Whaley. Also, at the left are Craig, Jackson and Rogers, the featured performers. Half of the proceeds from the show will go to the Tahoka Club for carrying out its program of civic work here.

Methodist Men Organize Club

A goodly number of the men of the Methodist Church met Monday night and effected a Fellowship Organization.

Maurice Bray was elected president; A. C. Weaver, vice-president; and Fred B. (Pete) Hegi, secretary.

A chili supper prepared by V. P. Jones was served. Calloway Huffaker was master of ceremonies and Truett Smith of the Baptist Church was the guest speaker.

The organizaion starts off with about thirty initial members. Meetings will be held on the second Monday night in each month. All the men of the Methodist Church are urged to become members and others are invited to attend the meetings.

This is the time of year to treat your cattle for grubs . . . This is grub season. They cause a big loss in meat, milk and leather. Ask the county agent about cattle grub control.

In the face of modern advancements, the Navy has given up its old tradition of having every officer competent to handle every job by setting up "Specialist Duty Only" classifications for officers in the fields of Communications, Intelligence, Photography, Public Information, Psychology and Hydrography.

The "X" disease of cattle is found in more than 30 states, including Texas. This disease strikes hardest during the late winter and early spring months, and seems to hit the younger animals harder than the older ones.

During the period June, 1944 to May, 1945, 30 million pounds of ice cream mix were used by the Navy.

Girl Known Here Killed In Wreck

Mr. and Mrs. L. M. Nordyke received a telephone call Sunday morning informing them of the accidental death of Miss Zola Mae Elliott of Lubbock, a very intimate friend of their daughter, Mrs. Fay Nordyke Kennedy, which occurred early Sunday morning near New Orleans, Louisiana, where Miss Elliott was attending the Baptist Theological Seminary. She and other young people were in a station wagon on their way to near-by Sorrento, Louisiana, to conduct religious services, when a tire blew out on an approaching automobile, which then swerved into the path of the station wagon. Miss Elliott was killed and four other students were injured in the crash.

Miss Elliott was a daughter of Mrs. Callie Elliott of Lubbock and was a member of Calvary Baptist Church. Funeral services were conducted there Wednesday afternoon followed by burial in Tech Memorial Park Cemetery.

Miss Elliott and Miss Fay Nordyke were intimate friends while students in the Texas Technological College, both graduated there in June, and Miss Elliott attended Miss Nordyke as maid of honor when the latter was married in the Baptist Church here on August 1 to Rev. Charles Kennedy, a Ministerial student.

Growth of Baby Teeth

When a baby is born his first teeth are already formed in the gums, although they usually don't begin to come through until between the sixth and eighth month.

The diet of the mother before the baby was born determines the health of the baby's teeth, which begin growing five or six months before birth.

The permanent teeth as well as the baby teeth begin to form before birth. The baby's diet affects the condition of these second teeth. Calcium in milk and Vitamin D in fish-liver oil are essential for strong healthy teeth.

You can breeze through a good part of your Christmas shopping by simplifying your gift list. It's probably a fact that a good many of your friends enjoy cigarette or pipe smoking. You can easily please these friends by ordering several cartons of mild, mellow Camels and pound tins of rich-tasting Prince Albert from a local dealer. Both these popular gifts come ready-wrapped in gay holiday dress. No other gift wrapping is necessary. There's even space for your personal greeting. Save time and energy this Christmas season by giving cool, mild Camels and mellow Prince Albert Smoking Tobacco. (Adv.)

How To Relieve Bronchitis

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

CHANCE of LIFE?

Are you going through the functional 'middle age' period peculiar to women (35 to 52 yrs.)? Does this make you suffer from hot flashes, feel so nervous, highstrung, tired? Then do try Lydia E. Pinkham's Vegetable Compound to relieve such symptoms. Pinkham's Compound also has what Doctors call a stomachic tonic effect!

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

Watch Your Kidneys!

Help Them Cleanse the Blood of Harmful Body Waste

Your kidneys are constantly filtering waste matter from the blood stream. But kidneys sometimes lag in their work—do not act as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use *Doan's Pills*. *Doan's* have been winning new friends for more than forty years. They have a nation-wide reputation. Are recommended by grateful people the country over. *Ask your neighbor!*

WEEKLY NEWS ANALYSIS

Russ Reject U. N. Berlin Proposal; Stalin Hits Three Western Powers As Attempting to Start a New War

By Bill Schoentgen, WNU Staff Writer

(EDITOR'S NOTE: When opinions are expressed in these columns, they are those of Western Newspaper Union's news analysis and not necessarily of this newspaper.)

DIFFERENT COAL STRIKE . . . French troops in battle array march into the Villiers mine in the St. Etienne area of France as the government seized strike-bound coal mines throughout northern France. Vicious rioting and assorted civil battles preceded the government's action in taking over the mines.

REJECTION:
U. N. Proposal

Russia wouldn't play ball with the United Nations on the settlement of the Berlin dispute.

A six-power "face-saving" resolution for solving the crisis was presented to the U. N. security council and promptly batted down by the Soviets—to the surprise of no one concerned.

THE RESOLUTION proposed that Russia lift the Berlin blockade immediately; that the four military governors of Germany begin immediate negotiations to implement the Moscow agreement of August 30 for a Soviet-backed, four-power controlled mark in Berlin by November 20, and that a foreign ministers' council be convened within 10 days thereafter to take up other serious differences over Germany.

Russia's stated objection to the resolution was that it provided for the lifting of the blockade before the currency control went into effect.

Previously, the western powers had turned down Andrei Vishinsky's counter proposal for simultaneous lifting of the blockade and putting into effect the currency agreement.

IN REALITY, this point of difference upon which the latest deadlock centered was a minor one, but it served to illustrate the vast gap that must be closed before a meeting of minds between the East and West can be achieved.

MOREOVER, it has become increasingly clear that Moscow does not even have any desire to lift the blockade. It is, for them, too good a weapon with which to attempt to bludgeon the U. S. and the West into granting them further concessions in Germany, including a voice in the operation of the all-valuable Ruhr industrial area.

STALIN TALKS:
'Horrors'

In what is probably the most amazing outburst he has made since the war, Soviet Premier Josef Stalin told the world that the U. S., Great Britain and France are seeking a new war through a "policy of aggression."

The accusation, despite the high level of its source, amounted to nothing more than a repetition of the already stereotyped Russian practice of attempting to turn an opponent's reasoning back on him.

HOWEVER, he added, the "public forces favoring peace" are too strong to permit "the instigators of a new war" to plunge the world again into the "horrors" of conflict.

Stalin named Winston Churchill as "the main instigator of a new war" and predicted that Churchill's "pupils of aggression" would be rejected by the people just as Churchill has been.

Although he did not label President Truman or any other leader as a "pupil in aggression," the implication was too clear to be mistaken, particularly since the Moscow radio had broadcast a prediction that Mr. Truman would be defeated on November 2.

STALIN accused the U. S. and Britain of twice rejecting settlements of the Berlin crisis with Russia and said that debate on the Berlin question in the U. N. security council "was a display of aggression on the part of Anglo-American and French ruling circles."

The British and Americans, the Soviet premier said, declared "null and void" an agreement reached in the Kremlin conferences August 30 that would have lifted the Soviet blockade and ended the crisis.

HE CHARGED that the western powers fear "most of all" to reach any agreement with the Soviet Union.

"What they want is not agreement and cooperation, but talk about agreement and cooperation, so as to put the blame on the U. S. S. R. by preventing agreement, and to 'prove' that cooperation is impossible."

Stalin's statement obviously was issued as a high-powered propaganda stroke—a move the Russians undoubtedly hoped would tip the Berlin scales in their favor.

Headliners

IN YORK, Pa. . . . Mrs. Walter Sechrist made a wide-eyed announcement that her gas range picks up short wave transmissions made by her next-door neighbor, an amateur radio operator, vowed it had broadcast a conversation between the neighbor and another operator in South America.

IN SALEM, Mass. . . . Robert C. Carter claimed in a divorce suit that his wife had deserted him a block from the church just two minutes after they were married in 1944.

IN HAGERSTOWN, Mo. . . . Thieves broke into the Potomac Edison building, got away with a specially equipped camera set up to take pictures of thieves breaking into the Potomac Edison building.

IN LITTLE BRICKHILL, Eng. . . . Postmaster N. C. Parrott looked down his nose at the man with the gun trying to rob him of his postal receipts, sneered, "The revolver is not loaded, you know." "Sorry," said the crushed desperado, slinking away.

IN DURAND, Wis. . . . Frank Weimirski was forced to reassure his customers as to the fact that he still was in the popcorn and soft drink business after he began making deliveries with an old hearse.

BLUFFING:
In Berlin

Gen. H. H. Arnold, wartime commander-in-chief of the U. S. air forces, turned up in the news with a military man's hearty opinion about what to do with the Russians in Berlin.

"WHY NOT take a motor convoy and push it through the corridor to Berlin?" he suggested. "Perhaps we might have learned something from Gen. George Patton's technique. If Patton were running the show he would take it through."

Russia, he claimed, is attempting a tremendous bluff against the U. S. and the western allies, but is "not ready to fight, doesn't want to fight and won't fight" if someone should call her bluff.

WHAT would the Russians do if an armed convoy did plow through the blockade? "Not much, if anything," was Arnold's laconic estimate.

"It would be a grave and basic error to let the Communists bluff us out in the present deadlock in Germany.

"They are not ready to fight and they do not want to fight. We should curb the national tendency to be in awe of the Russians, an awe amounting almost to fear.

"TIME plays with the Russians. We have the superior power now. They may have it later. Meantime, it would be folly to let them bridge the gap by bluff alone."

Whether he was right or wrong, Hap Arnold at least had done the worrying U. S. public one favor: By reducing the problem to hard, simple terms of pure action and divorcing it from the intricate realm of diplomacy he made it appear more understandable, less overwhelming and less frightening. General Arnold, at least isn't expecting a war tomorrow.

Old-Fashioned, but . . .

Toothaches are old-fashioned. That is the opinion of Dr. John C. Brauer of the University of Washington school of dentistry, a leading authority on children's dentistry and care of the teeth.

Dr. Brauer said few children would experience dental pain during their lives if they practiced preventive measures now known to dental science. Most older people are doomed because of their past habits.

HOUSEHOLD MEMOS... by Lynn Chambers

Single Dish Suppers Please Family Tastes; Most Prepare Quickly

EVERY HOMEMAKER needs several special dishes on which she can draw for Sunday night suppers and other occasions when company appears and needs hot and hearty refreshment. There are covered dish suppers at the church which are so popular, and then, too, the youngsters coming home from school games and events may want something to warm them as well as to satisfy their appetites.

Plan to serve either a salad or dessert or both as one of the main dishes, depending upon the appetites, and, of course on the type of supper you are serving. All of the recipes I'm giving you today are bound to be special favorites.

• • •

Baked Beans
1 quart dried navy beans
1 teaspoon soda
1 medium onion,
½ cup molasses
¼ cup brown sugar
1 teaspoon dry mustard
2 teaspoons salt
¼ teaspoon pepper
¼ pound salt pork
1½ cups tomato juice
1 teaspoon worcestershire sauce

Soak beans in cold water (to cover) overnight. Drain, cover with cold water and add baking soda. Bring to a boil and boil 15 minutes. Drain, cover with fresh water and bring to a boil again. Drain.

Baked beans make an outstandingly good supper for Sunday night or for entertaining informally for men folk or youngsters who like their food hearty, but good to eat.

Place the onion at the bottom of the pot and add beans, molasses, brown sugar, seasonings and juice. Cut pork into small pieces and press into the beans. Add enough water to cover the beans. Bake, covered, in a slow (325-degree) oven for five hours, adding more water when necessary to keep the beans from drying. Remove cover, bring pork to the surface and bake for one hour longer.

• • •

BAKED BEANS ARE good when served with the following dessert and salad:

***Cabbage-Fruit Salad**
(Serves 6)
2 cups finely shredded cabbage
1 cup diced pineapple
2 red apples, cored and diced
Mayonnaise

Toss all ingredients together with enough mayonnaise to make creamy.

Orange Sponge Pudding
(Serves 8)
2 cups bread crumbs
1 pint milk
2 tablespoons butter
½ orange
¼ teaspoon salt
¼ cup sugar
2 beaten egg whites

Place bread crumbs in top of double boiler with milk and cook until soft. Then add remaining ingredients. Pour mixture into a buttered baking dish and bake in a slow (325-degree) oven until firm. Serve with the following sauce: Beat two egg yolks until thick; add one-fourth cup of powdered sugar and the juice and grated rind of one-half orange. Just before serving fold in one cup of cream, whipped.

The pudding may be baked as the beans finish since the oven temperature is the same.

LYNN SAYS:

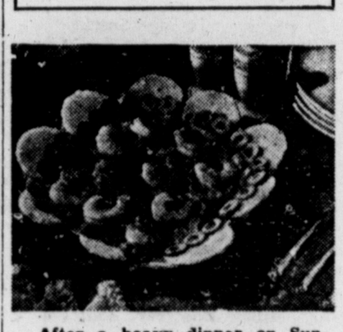

Keep Ingredients Available For Making Hot Snacks

Those baking powder biscuits from Sunday dinner can be turned into delicious snacks on Sunday evening. Split the biscuits, butter them and top with a slice of tomato, a slice of cheese and sprinkle with chopped cooked bacon. Broil until cheese melts.

Creamed, well seasoned crabmeat may be broiled after being spread on buttered toast rounds.

SUNDAY NIGHT SUPPER

Chilled Tomato Juice
*Hamburger-Cheese Buns
Relish
*Cabbage-Fruit Salad
Hot Chocolate
Boston Cream Pie
*Recipe Given.

After a heavy dinner on Sunday, the family will enjoy the light savoriness of Shrimp Wiggle for the evening supper. Serve with a salad or just a dessert depending upon how sharp the appetites are.

ONE OF THE following fish dishes makes a delicious supper when the gang gathers at your home or for Sunday night supper as a delightful change from regular dinner:

Shrimp Wiggle
(Serves 4)
2 onions, sliced
2 tablespoons butter
2 cups stewed tomatoes
2 tablespoons flour
¼ cup water
2 cups cleaned shrimp, cooked or canned
Salt, pepper
Toast rounds

Saute onions in butter until golden brown. Add tomatoes.

Simmer for a few minutes. Stir water into flour to make a smooth paste and add tomato mixture. Cook, stirring as mixture thickens. Add whole shrimp. Season with salt and pepper to taste. Serve with toast rounds and garnish with stuffed olives.

Macaroni-Salmon Scallop
(Serves 6)
1 cup macaroni
1 1-pound can flaked salmon
1 tablespoon chopped onion
1 tablespoon chopped green pepper
Salt
1½ cups thin white sauce

Cook macaroni in boiling salted water until tender. Drain and rinse. Alternate layers of macaroni and salmon in a casserole sprinkling each layer with onion, green pepper, and salt. Pour white sauce over all and sprinkle top with buttered bread crumbs. Bake in a moderate (350-degree) oven. This dish may also be made with tuna fish, ham or chicken.

SOMETIMES WE MERELY want hot sandwiches to satisfy our appetities for Sunday night or after a football or basketball game. But, make these hot and substantial, and serve with a hot beverage and dessert if you want to make a grand meal of them.

Open-Faced Cheese Sandwiches
(Makes 6 Sandwiches)
6 slices lean bacon
½ pound American cheese
2 slices onion
1 tablespoon prepared mustard
6 slices bread

Grind together the cheese, bacon and onion. Add mustard and mix thoroughly. Toast bread on one side and spread a thick layer of cheese on the untoasted side. Brown under broiler or in oven. Serve hot.

***Hamburger-Cheese Buns**
(Serves 5)
1 pound ground beef
1 teaspoon salt
½ teaspoon pepper
5 round buns
5 slices snappy cheese
India relish or piccalilli

Combine beef with salt and pepper and form five round, flat cakes. Fry on both sides until well browned. Split buns, toast and butter them. Cover the lower half of each bun with cheese, slice and let melt under broiler flame. Cover with hot hamburger, spread with relish and serve hot.

Released by WNU Features.

Season mashed sardines with catchup and worcestershire sauce and stir in grated cheese. Spread the mixture on slices of toast and broil until cheese partially melts.

Salami may also be ground and mixed with cream cheese and enough cream of celery soup to moisten. This may be spread on buns or toast for tasty snacks.

Tuna fish salad spread in toasted buns makes a delicious hot sandwich if you place over the tuna fish some nippy cheese and broil until the cheese melts.

Honey During the Ages

Interesting are the stories of symbolic ceremonies associated with weddings among people of Asia, Africa, and Europe. Not the least of these tells of the part played by honey. Honey was respected as an important commodity, as a symbol of sweetness in family relations and of protection against evil spirits, and as a food. History records that in the marriage contracts of ancient Egypt the bridegroom has to promise his bride a definite amount of honey each year. Among the Hindus and certain Central European people honey was used to bless the home or anoint the bridal couple. In Rome and among the Slavs honey or a honey beverage was served to the bride and the bridegroom as a special part of the ceremony. In a few countries some of these and similar customs still persist.

THANKSGIVING POP JOLLY TIME IT NEVER FAILS ASK YOUR GROCER BEST for Home Popping JOLLY TIME POP CORN

Crunchy toasted Kellogg's All-Bran muffins laced with cheese . . . you'll get "raves" on these every time!

2 tablespoons melted shortening
1 egg, slightly beaten
¾ cup milk
1 cup Kellogg's All-Bran
1 cup sifted flour
2½ teaspoons baking powder
½ teaspoon salt
1 cup grated American cheese

1. Combine shortening, egg and milk; add All-Bran and let soak for five minutes.
2. Sift flour with baking powder and salt; add cheese. Add to first mixture and stir only until combined.
3. Fill greased muffin pans two-thirds full and bake in moderately hot oven (400°F.) about 25 minutes.

Yield: 9 muffins (2¾ inch size).

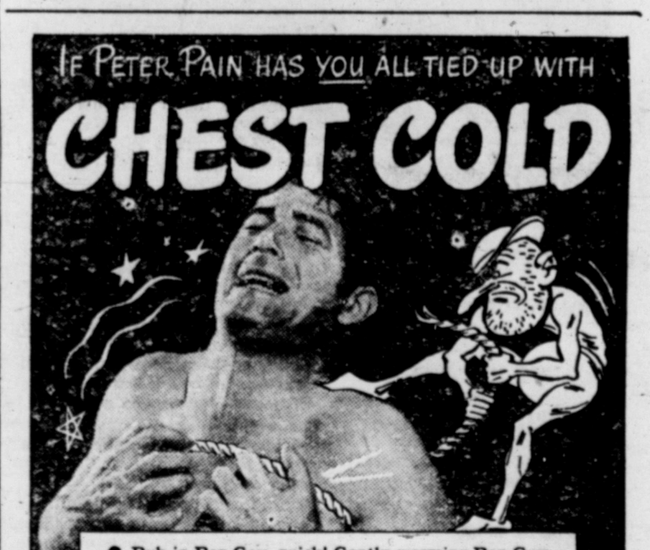

America's most famous natural laxative cereal—try a bowlful tomorrow.

Pictured above is the new dam which has just been completed on Camp Mamie Haynes of the Boy Scouts of America. Camp Haynes is located about 13 miles northeast of Silverton, Texas. The new dam is approximately 150 feet long, 110 feet thick at the bottom, and approximately 30 feet hight. Water backed up by the dam will provide an excellent place for Boy Scouts to swim and fish next summer. Mr. Henry Teubel of Tuila and Mr. John Haynes of Silverton initiated and pushed the project through to its completion.

"Burn down your cities and leave our farms, and your cities will spring up again as if by magic; but destroy our farms and the grass will grow in the streets of every city in the country." William Jennings once said.

New-Born Babies Make Adults Look Like Pampered Sissies

CHICAGO.—New-born babies are tiny but tough, and in many ways, make adults stack up like sissies.

Dr. Clement Andrew Smith, assistant professor of pediatrics at Harvard Medical school, listed these among baby's strong points:

Babies have been known to go five, ten and even as long as fourteen minutes without breathing immediately after birth.

The body temperatures of babies exposed to chilling or covered by too many blankets have ranged from less than 90 to 102 degrees.

These changes in internal temperature will not do the baby any particular good, but on the other hand neither do they signify as much harm as they might in an adult he said.

Babies apparently have more water in their bodies at birth than after. For this reason it is sometimes considered wise not to feed them for two to five days after birth. This is especially true of premature infants.

Baby also has disadvantages, too. the first being his small size. A baby has proportionately a much larger surface area than an adult. This causes a heavy loss of body heat. To make up for this an infant must breathe faster and his heart beats faster.

CHICAGO.—"Many physicians do dodge the making of calls on patients in the late hours of the night or early morning."

The Journal of the American Medical association made this accusation in commenting on recent complaints of this nature from many sections of the country."

Some cities, the Journal reported have set up machinery for meeting the demands for emergency medical service 24 hours a day through a physicians' telephone exchange.

The exchange maintains a list of physicians willing to make calls at night or to respond to the calls of persons unknown to them.

"Actually, comparatively few night calls' are so urgent that harm would result from postponing responses until morning," the Journal said. "Nevertheless, the patient who suffers pain or the mother who is frightened over a condition in her child that she does not understand is little interested in explanations as to the percentage of emergency calls that are not really emergencies."

The Journal quoted the principles of ethics which read:

"A physician is free to choose whom he will serve. He should, however, always respond to any request for his assistance in an emergency or whenever temperate public opinion expects his service."

Roofs of any tpye—shingle, slate, or tile—should be inspected for broken or loose pieces before cold, wet winter months set in.

Wilson Men Tell Of Fishing Trip To Old Mexico

To the Editor of the Lynn County News:

I would like to give a report on a fishing trip that seven Wilson men made to Old Mexico. The members of the party were: Patt Swann, Jiggs Swann, Bill Bruckner, August Bruckner, Glenn Shelton, Alfred Lichey, and W. G. Boyd.

We left Wilson at about 7:30 a. m., Saturday, Oct. 23, and returned on Saturday, Oct. 30, about midnight.

We stopped at a roadside park several miles south of San Angelo to eat lunch. Some of the boys were always on the alert for scenery and things of interest. They were not disappointed here, as they viewed some of the more interesting sights. Nothing else happened until we got to Eagle Pass, where Mr. Swann and Mr. Lichey were given a ticket for parking their cars in violation of the law. Needless to say, I persuaded these men to leave town without going to see the Judge. This was where the fun started and never ended until we crossed the border coming back home.

We stayed at a camp that was operated by a man well acquainted on the Plains and knew many Wilson people. The Camp was modern and very good. It cost us $9.00 for three rooms.

The next morning we started across the border, and that is where the fireworks started. Our passports cost $10.20 in Mexican money or less than $2.00 American money. The Mexicans never give back any change, so, we gave them $2.00 and said nothing. We had no trouble at this point but we had to cross the street to register the cars and have our suit cases searched. This called for several tips in order to hasten things along. I was the only one that had any trouble here as my motor number was wrong and I had to have the numbers checked, this called for $1.00 more tips. We finally got out of town and had to stop for inspection 18 miles from the border and I was the only one that had the numbers correct. The inspector just shook his head and said, "I guess I will just have to let you go on your way."

We crossed at Piedras Niegras, Mexico, which is a typical Mexican town. It was very filthy looking and had a saloon on almost every corner. If you are smart you will not eat Mexican food, and you will take your drinking water with you.

It is absolutely necessary to be very cautious about your driving while over there. It is a very serious offense to run into a person, and especially a child. In fact, they will run into you purposely, and cause you a lot of trouble if you are not careful. We drove about ten miles per hour thru town.

After we left the border and had our last inspection, we saw many interesting things on the way. About the first thing that attracted our attention was a family that seemed to be touring the country. The man was riding a burro holding a baby in his arms, two bundles were strung across the back of the burro, while the woman walked by the side and carried a bundle in her hand. The next thing we noticed was that the Mexicans were doing two kinds of work. They were either hauling wood, which was nothing but small limbs, or hauling green corn stalks. They use small wagons that they call express, pulled by one or two donkeys.

The first 100 miles in Old Mexico will hold your undivided attention. The land is level and makes a beautiful scene. The people must live on goat meat, because we saw many of them but only one herd of sheep. It looks desolate, but because it has such an ancient appearance it holds your eyes upon it.

On our way down, it was Sunday and all the population of the towns were on the plaza in its best dress. They had all of the gay colors of the ancient world and we were just as much in foreign land as if we had been across the ocean.

W. G. Boyd.

(To be continued Nov. 19)

Former Naval Reserve officers, now transfered to the regular Navy, are required to attend General Line schools at either Monterey, Calif., or Newport, R. I., where 44 weeks of training brings their service education up to a stage theoretically equalling that of U. S. Naval Academy graduates.

Food requirements of the Navy in 1941 were 1,000,000,000 (B) pounds; in 1945 they had risen to 5,700,000,000 (B) pounds.
