Housing Appeal Rejected

Trustees Named In Elections

Two incumbents and one new member were elected Saturday to the board of trustees of the Snyder Independent School District.

Returned to office were Dan Cotton, who led the field of six with 522 votes, and William J. Schiebel, with 358 votes. Joining these two incumbents in the winner's circle was Bill Eiland, who polled 420 votes.

Others in the race were W. M. Starnes, who received 333 votes; Kenneth Wilson, the other incumbent, who received 307 votes; and Don Spink, who received 184 votes.

The turnout of 729 voters was the heaviest for a school election here since 1966 when 824 ballots were issued.

There were three polling places for the Snyder School election. At West Elementary School, where 484 ballots were cast, the vote was as follows: Cotton 310, Eiland 258, Starnes 213, Schiebel 194, Wilson 182 and Spink 108.

At the city hall where 139 ballots were counted, including the absentees, the vote was: Cotton 123, Schiebel 109, Eiland 97, Starnes 90, Wilson 71 and Spink 54.

At East Elementary School, where 106 votes were cast, the vote was: Cotton 89, Eiland 65, Schiebel 55, Wilson 54, Starnes 30 and Spink 22.

Board members elected in Saturday s election will begin their terms on April 13, the date of the regular meeting of the board.

Hermleigh

HERMLEIGH — Jimmy Roemisch, with 94 votes, and Doyle Wemken, with 93 votes, were elected to the Hermleigh Independent School District Board of Trustees in Saturday's election.

Other candidates included Clyde Feaster, with 49 votes; Julius Roemisch, a write-in candidate who received 47 votes; Walter Stirl, 30 votes, and Dorwin Bollinger, 19 votes.

Ira

IRA — Harold Hester and Manley Burrow received 48 and 39 votes, respectively, Saturday to win places on the board of trustees of the Ira Independent School District.

Donnie Dunn received 33 votes and Bill Daves received 26 votes. Perry Echols received 75 votes at Ira for County School Board member in Precinct No. 3. Echols was unopposed.

Fluvanna

FLUVANNA — Jeff Martin led the field of four candidates with 70 votes in Saturday's school election here. Also winning a seat on the Fluvanna Independent School District Board of Trustees was Gilbert Merritt with 54 votes. Other candidates included Delbert Hataway, who received 24 votes; and Royce Summers, who received 14 votes. Hoyt Pylant received one write-in vote.

Today In History

By THE ASSOCIATED PRESS

Today is Monday, April 5, the 95th day of 1971. There are 270 days left in the year.

Today's highlight in history:

On this date in 1792, President George Washington established a precedent when he vetoed a bill dealing with representation in Congress.

On this date:

In 1614, the Indian princess, Pocahontas, was married in Virginia to the English colonist, John Rolfe.

In 1621, the Mayflower sailed from Plymouth, Mass., on its first return trip to England.

In 1827, the English surgeon who founded modern antiseptic surgery, Sir Joseph Lister, was born in London.

In 1841, Vice President John Tyler was preparing to take over as president after the death of President William Henry Harrison.

In 1939, all German children between the ages of 10 and 13 were ordered to register and serve in the Hitler Youth organization.

In 1951, Julius and Ethel Rosenberg of New York were sentenced to death as atomic spies for the Soviet Union.

Ten years ago — 23 workers on a dam on the northern island of Hokkaido in Japan were killed in avalanches.

Five years ago — The U. S. auto industry endorsed a new federal highway safety program but said the industry, and not the government should be primarily responsible for car safety.

One year ago — There was heavy fighting in Vietnam along the demilitarized zone between North and South Vietnam and along the borders of Laos and Cambodia.

THE WEATHER

SNYDER TEMPERATURES: High reading Saturday, 74 degrees; low reading, 46 degrees; reading at 7 a.m. Sunday, 46 degrees. High reading Sunday, 63 degrees; low reading, 36 degrees; reading at 7 a.m. today, 42 degrees.

Northwest Texas: Clear to partly cloudy tonight and Tuesday. Warmer Tuesday, high in 60s. Low tonight 24 to 34.

North Central Texas: Clear to partly cloudy tonight and Tuesday. Colder in east and south tonight, low 30 to 38. High Tuesday in 60s.

Northeast Texas: Clear to partly cloudy tonight and Tuesday. Colder tonight, low in 30s. High Tuesday in 60s.

Southwest Texas: Fair and cool through Tuesday except cold in northwest tonight, low tonight 31 to 41. High Tuesday 58 to 74.

South Central Texas: Fair and cool through Tuesday. Low tonight 38 in north to 52 in south. High Tuesday 62 to 76.

Southeast Texas: Fair and cool through Tuesday. High Tuesday 60 to 70. Low tonight 40 to 46.

ARCHITECT'S DRAWING OF REMODELED COURTHOUSE

Courthouse Improvement Plans Are Given Okay

County Commissioners this morning approved plans and specifications for a $550,000 County Courthouse improvement project.

Bids will be opened at 4 p.m. Friday, May 14.

Approval came after J. D. Hinton, local architect, presented the plans and specifications and answered questions from the commissioners.

The improvement project calls for an outside cover for the Courthouse of Texas pink granite and concrete white columns.

Most of the existing landscaping will be retained along with the same entrances on the east, west and north sides of the building. The county also will retain the boiler and elevator, both of which are relatively new and in good condition. Parking lots also will remain the same.

The rotunda area will be floored over and used for air conditioning equipment. There will be a new fourth floor over the existing district courtroom, which will add about 2,400 square feet of floor space.

Every wall, ceiling and floor in the building will be refinished.

There will be a new fireproof steel roof construction, a new air conditioning and heating system, and new electrical lighting and power system. Public restrooms will be installed on all four floor levels.

Some interior wall surfaces will be covered with wood paneling and vinyl fabric wall coverings. New floor materials will include vinyl abestos tile, ceramic tile and carpet.

When finished, the various floors will contain the following offices:

First floor — tax office and sheriff's department, highway patrol office and probation office.

Second floor — County Commissioners office, county attorney, treasurer, county auditor and Justice of the Peace.

Third Floor — County clerk, county courtroom county school superintendent, jury room, employment and social security office.

Fourth floor — District offices, including court room, district judge's office, district attorney, clerk, court reporter, law library, jury room and conference room.

The county will lease space for couunty offices while the construction work is underway. The project will take about a year to complete, and work could begin about June 1 if a bid is accepted May 14.

The county proposes to finance the project with budgeted funds, with no bond issue being required. Funds to be devoted to such improvements were budgeted last year and this year.

Willis Rites Here Today

Mrs. Florence A. Willis, 62, 1601 Avenue L, died at 10 p.m. Saturday at her home after a brief illness.

Funeral was to be held at 2 p.m. today in the Bell-Seale Funeral Home Chapel, with William J. Minick, minister of the East Side Church of Christ, officiating. Burial was to follow in Snyder Cemetery, under the direction of Bell-Seale Funeral Home.

Born March 24, 1909 in Comanche County, Mrs. Willis married C. M. Willis in 1948 in Snyder.

Surviving are the husband of the home; three sisters, Mrs. Carrie Thunderburk of Brownwood, Mrs. Willie Harper of Parmer, and Mrs. Bess Smith of Grand Prairie; and, one brother, J. B. Allen of Snyder.

City Election Set Tomorrow

Snyder voters will go to the polls Tuesday to elect three members to the city council.

The only polling place for the city election will be at the city hall. The polls will open at 8 a.m. and close at 7 p.m.

At stake in the election are places 1, 3 and 5 on the council.

The candidates for Place 1 are Homer Godair, Joseph D. Hinton and T. V. Early.

Seeking Place 3 are John Boren and Bert Dickenson. Boren, seeking a second term, is the only incumbent in a city race this year.

The candidates for Place 5 are Lon Faver, Joe Sentell and Bobby W. Burnett.

Holdover members of the council are Winnie Poyner, Bill Seale, W. A. Vestal and Mayor Bobby McCormick. John Thomas and Herbert Reed are the two incumbents who are not seeking re-election.

The city council's regular meeting, normally held on the first Monday night of the month, will be held tomorrow night so that returns of the election may be canvassed and new councilmen may be sworn in.

There were five absentee votes cast in the city election this year.

Negro Rights Are Upheld

By BARRY SCHWEID
Associated Press Writer

WASHINGTON (AP) — The Supreme Court rejected today an attempt by city officials in Lackawanna, N.Y., to block construction of a Negro housing subdivision in an almost exclusively white neighborhood.

The unanimous action indicates local governments everywhere will have legal difficulty if they try to zone out Negroes from white areas.

In other actions today, the court:

—Turned down a bid by a New Jersey school board to resume prayer reading in public schools.

—Limited the federal government's power to punish small-time gamblers.

—Refused a hearing to a group of Providence theater operators in their challenge to Rhode Island's movie censorship laws.

—Set aside a federal judge's ruling that the draft law violates the religious liberty of Roman Catholics opposed to the Vietnam war.

—Upheld the rigging of undercover agents with hidden radio transmitters to snare unsuspecting narcotics violators.

The test case involved Kennedy Park Homes, a project sponsored by Lackawanna Negroes, and rulings by two federal courts that ordered local officials not to stand in its way.

The city claimed sewage facilities were inadequate in the area and the land was needed for a park.

The appeal sought at least a Supreme Court hearing on two points: whether city officials were violating the Negroes' rights and whether the federal judge overseeing the case exceeded his power.

The appeal was rejected without comment.

This means Lackawanna officials must prepare adequate sewage service to the area designated for the Negroes' homes and that the city cannot turn the area into a park.

This order was issued last August by U.S. Dist. Judge John T. Curtin of Buffalo and was supported last December by the U.S. Circuit Court in New York City in an opinion written by former Justice Tom C. Clark.

Clark, who has filled in on various federal courts since retiring from the Supreme Court, said "racial motivation resulting in invidious discrimination guided the actions of the city."

SUGGESTS WIND-UP

Pullout Plans Spurs Debate

WASHINGTON (AP) — President Nixon's Vietnam pullout announcement Wednesday seems certain to point toward the end of massive U.S. troop involvement in Indochina and spur debate over what American forces should remain beyond 1972, a presidential election year.

While Nixon gave no word over the weekend on the period to be covered by his announcement, even a withdrawal timetable spanning just a few months will be followed promptly in Washington by unofficial projections of troop counts by 1972.

High administration sources, known to be concerned over a crescendo of criticism of their Vietnam policy, have encouraged speculation the U.S. contingent in South Vietnam—now about 300,000—will be down below 50,000 by the end of next year.

A knowledgeable informant at the California White House said Saturday the Laos operation makes a major enemy push unlikely for about 18 months—implying Hanoi cannot mount a major new offensive before November 1972.

And the continued U.S. withdrawals will mean American military support of the scale of the Laos campaign will not be possible next year, the White House informant said.

Nixon's last troop reduction announcement, April 20, 1970, covered a year. He ordered a pullback of 150,000 men to a ceiling of 284,000 by May 1, 1971.

The President has indicated he will maintain or speed up the present 12,500-a-month withdrawal rate in the next round. His avowed aim is to pull out all GI's, though he has pledged to keep some U.S. military force—size so far unspecified—in South Vietnam as long as the North holds American prisoners.

Two prominent senators Sunday added to the mounting chorus of congressional calls for a deadline for total U.S. withdrawal. Nixon has opposed a public deadline on grounds it would dash any remaining chance for a negotiated peace.

DISTRICT CHAMPIONS—Snyder High School won the District 3-AAA Literary Contests Saturday at San Angelo with 225 points. The second place team had only 89 points. Winning first places for SHS in the contests were, from left to right, front row, Norman Clement, Jenny Mullins, Linda Benitez and John Dulaney; middle row, Kathy Cumbie, Barbara Stanley, Kathleen O'Banion and Kathie Martin; and, top row, David Burk, David Cotton, Bob Jackson and Randy Carmichael.

SHS Students Win 5th District Title In Row

Snyder High School students placed first in 11 events to roll up an amazing 225 points and capture their fifth District 3-AAA title in a row in the district literary contests Saturday at San Angelo.

The Snyder students actually started on the road to their new title last Thursday when the SHS one-act play won top honors in the drama contest held at Sweetwater.

Placing first Saturday at San Angelo were the girls debate team of Kathie Martin and Kathleen O'Banion, the boys debate team of Bob Jackson and David Cotton, Randy Carmichael in boys' informative speaking, Jenny Mullins in girls' informative speaking, Kathie Cumbie in feature writing in the

Tax Writers Eye Changes

AUSTIN (AP) — Senate tax bill writers are considering at least 26 different changes in the $492.5 million tax bill that passed the House in March by a 100-49 vote.

The Senate and House were to return today at 11 a.m. for expected short sessions before adjourning for crucial committee hearings.

The Senate State Affairs Committee goes into its third week of public hearings on the House-passed $492.5 million tax bill with a 2 p.m. session scheduled for proposed new cigar taxes, a gross receipts tax on stores that stay open both on Saturdays and Sundays and a $10 a barrel beer tax.

Lt. Gov. Ben Barnes let the committee know last week they would have to increase the size of the House bill when he estimated it would take at least $550 million, and maybe $780 million, in new taxes to finance state spending for the next two years.

Water Project Progress Made

Good progress is being made on efforts to bring water from the Ward County well field to the Colorado River Municipal Water District system at Odessa by the middle of May — but it's going to be a close squeeze.

If the project is completed by June 1, as scheduled, that means that it will need to be operational by May 15, said O. H. Ivie, general manager.

The bright spot is the well field development, where 16 holes have been drilled on the lease south of Wickett. Although tests have not been made in all the wells, data from surrounding wells indicate that the district is within 900 gallons per minute of its goal. Ivie said he would like to have 16 wells that can produce 24 million gallons per day, so an extra well could be used as a standby for emergencies. Gathering lines and electrical system projects are moving on schedule.

With only six weeks remaining, the main supply line will become the critical factor. Through Saturday more than 20 miles of the 33-in. line had been laid, and Ivie said that most of this was in the most difficult part of terrain. However, four miles of the Monahans sandhills, with dunes up to 30 feet high, must be traversed along with the tedious job of working from the Odessa terminal westward through thickly populated sectors. Three crews are now at work, and a fourth might be added.

Three pump stations are progressing on schedule. The million gallon tank near the TESCO plant west of Monahans is complete except for coating and painting, one 600,000-gallon tank is well along, and a third will be started this week.

Meanwhile, the over-all supply situation continues to be tight in the absence of rain, and the board will meet again April 13 to review this situation.

Enemy Losses Heavy

SAIGON (AP) — North Vietnamese troops attacked a remote government outpost in the central highlands for the fifth straight day but once again were thrown back with heavy losses, South Vietnamese sources reported.

The sources claimed 287 of the enemy were killed in the assault Sunday on Fire Base 6, in the region 300 miles north of Saigon. Government losses were put at two killed and 20 wounded.

Most of the enemy casualties were inflicted by heavy air strikes and artillery that have pounded the area constantly since fighting broke out there early Wednesday. U.S. B52 bombers have dropped more than 100 tons of explosives around the base, trying to blunt the North Vietnamese assault.

The North Vietnamese overran the base on Wednesday, driving out a South Vietnamese battalion. But government forces recaptured it the next day.

South Vietnamese military sources said more than 1,800 North Vietnamese have been killed in the fighting for the artillery base, while government casualties total 70 killed and 124 wounded. Five Americans also have been killed and one is missing.

Some military observers question the casualty figures. They say air and artillery action account for most of the enemy casualties, and no accurate count is possible. And South Vietnamese casualties are believed higher than stated; earlier unofficial reports said more than 100 Saigon men were killed and at least that many wounded on Wednesday.

The U.S. Command reported that enemy sappers broke through the perimeter of the old U.S. 4th Infantry Division base at Camp Radcliff, killed two Americans, wounded two and damaged 10 vehicles.

Two Mishaps Logged Here

Minor damage resulted from two minor motor vehicle mishaps that occurred Saturday.

The first one occurred at 2:30 p.m. in the 1700 block of Twenty-fifth Street.

Involved were the 1969 Model Ford of Albert Jerald Buckalew, Route 3, Colorado City, and the 1964 Model Rambler of Louis Barnes Rose, 503 Thirty-third Street. Officer Nick Martinez investigated this mishap.

The second one occurred at 5:05 p.m. in the 1900 block of Thirtieth Street.

Involved were the 1970 Model Model Ford of Neal Elizabeth Martin, 500 Thirtieth Street, and the 1962 Model Oldsmobile of Rudolph B. Crabtree, Jr., 2405 Thirty-fifth Street. Officer Brian Blair investigated this mishap.

11-MONTH OLD PUPPY IS BIGGER THAN MASTER — Ross Wagner, 9, of Buffalo Grove, Ill., rests beside his 11-month-old pup, Heathcliff, after the Newfoundland won first place in the puppy contest at the International Kennel Club show in Chicago Saturday. Ross is the son of Mr. and Mrs. Philip Wagner of the Chicago suburb. (AP Wirephoto)

Northeast Texas Gets Showers

By THE ASSOCIATED PRESS

Gentle showers in the aftermath of widespread rains moistened Northeast Texas today, providing some relief from an extensive winter drought.

Showers fell on scattered areas from College Station to Longview and Lufkin. Other rains fell from near Waco to Sulphur Springs.

Heavier precipitation fell Sunday on parched areas of South Texas.

The rains followed a cold front that stretched this morning on a line from Lufkin to Houston and Brownsville.

Skies cleared in western and northwestern regions of Texas as the cool air flowed over the state.

The Corpus Christi Naval Station recorded 1.69 inches of rain during a 24-hour period that ended Sunday morning. Brownsville reported 1.59 inches Sunday night and McAllen had .67.

Thunderstorms rumbled along the Gulf Coast.

Wind gusts stirred dust over Southwest Texas.

Maximum temperatures Sunday afternoon varied from 77 degrees at Lufkin down to 53 at Amarillo.

The cold front lowered readings early today to the 20s and 30s in the Panhandle to the 60s in the Lower Rio Grande Valley.

Clear to partly cloudy skies with mild temperatures were forecast for the state through Tuesday.

There were 11 million cars registered in Britain in 1969, compared to only five million in 1959.

Meir Rejects Canal Proposal

By THE ASSOCIATED PRESS

Israeli Premier Golda Meir has rejected Egypt's offer to reopen the Suez Canal in exchange for an Israeli withdrawal from the banks of the waterway. She also reiterated her government's determination to retain the Goln Heights, Sharm el Sheikh, the Gaza Strip and the Arab sector of Jerusalem.

Addressing a national conference of her ruling Labor party Sunday night, Mrs. Meir avoided stating specific terms for reopening the waterway but repeated her offer Feb. 9 to hold talks with the Egyptians on arrangements to reopen the canal.

Sources close to the Israeli Cabinet said Jerusalem might once again put forward Defense Minister Moshe Dayan's proposal for both Israeli and Egyptian forces to pull back from the canal in conjunction with its reopening.

Sadat's proposal called for only the Israelis to withdraw, with Egyptian troops replacing them on the east bank of the canal.

Saying that April "is the month which shall decide between a solution and war," Sadat warned Israel to make a prompt reply to his proposal or risk renewed fighting.

Mrs. Meir told her party:

"Anyone who proposes Israeli agreement to the opening of the canal as a lever to obtain total Israeli withdrawal from Sinai and from Gaza will certainly not be surprised by Israel's outright rejection of this plan."

She repeated Israel's demands for a formal peace treaty guaranteeing secure borders prior to any troop withdrawal. She noted that her government "is having a serious argument with the United States" over Israel's territorial demands and Washington's insistence that international guarantees can safeguard Israel better than new borders.

Canada Rail Strike Averted

MONTREAL (AP) — A general settlement has been reached in the rail dispute that had threatened to paralyze rail service across Canada at noon today, a spokesman for Labor Minister Bryce MacKasey announced.

The spokesman would give no further details of the settlement.

National rail service would have ground to a halt at noon, when enginemen of the 7,000-member Brotherhood of Locomotive Engineers were to go on strike against the Canadian National and Canadian Pacific railways.

Face-to-face bargaining sessions had broken off Friday, but union and railway negotiators continued discussions in three separate caucuses with the labor minister and federal mediators.

Nationwide freight embargoes went into effect Friday, and passenger service and progressively eliminated so that no trains would be stranded at the strike deadline.

The engineers have asked for a 20 per cent salary increase over two years. Under the previous contract that expired a year ago they earned an average $10,450 per year.

Education Support Inadequate

NEW YORK (AP) — The Carnegie Commission on Higher Education said today that 21 states are failing to provide what it considers adequate support for higher education.

The privately financed commission said that, based on the latest available statistics, four states—Connecticut, Georgia, New Jersey and Virginia—failed to meet two of the four tests used to determine adequate support.

Seventeen states—Alaska, Delaware, Maine, Massachusetts,

Nevada, New Hampshire, Ohio, Pennsylvania, South Carolina, Alabama, Illinois, Kentucky, Louisiana, Maryland, Mississippi, New York and North Carolina failed one of the tests.

The commission said "emergency" efforts to increase the support were needed where:

—Less than 70 per cent of high school students graduate from high school. Alabama, Georgia, Kentucky, Louisiana, Mississippi, and North Carolina failed that test, using 1969 figures.

—Less than .6 per cent of per capita income is spent through state and local taxes for higher education. Connecticut, Delaware, Maine, Massachusetts, New Hampshire, New Jersey, Ohio, Pennsylvania and Virginia failed by 1967-68 figures.

—Fewer than 30 places are provided by public and private higher education for every 100 people of college age. Alaska, Georgia, Nevada, South Carolina and Virginia failed that test in 1968 figures.

—A state's net export of students is greater than 15,000. Connecticut, Illinois, Maryland, New Jersey and New York exceeded that figure in the fall of 1968, according to the commission.

The commission said the first test indicates how many young people will have a chance for higher education. The second shows the potential quality and quality of college opportunities.

Students

(Continued from page 1)

journalism contest, John Dulaney in ready writing, David Burk in number sense, Norman Clement in science, Linda Benitez in spelling, and the Snyder entrants swept the top three places in the slide rule contest with Norman Clement placing first, David Burk second and Barbara Stanley third.

Others winning second place medals in the district competition were Greg Carter in persuasive speaking. Mike Dennis in poetry interpretation and Mark Brock in prose reading. Winning a third place medal was Pam Hartsfield in poetry interpretation.

The first and second place winners will compete in the regional meet at Odessa on April 23-24.

Snyder was far ahead of the second place school in the district meet, Lubbock Estacado, which accumulated 89 points. Sweetwater was the third place school with 63 points.

The faculty coaches and sponsor of the Snyder High entrants in the UIL literary events include Roy Burk, slide rule and number sense; Mrs. Dorothy Rosson, ready writing; Mrs. Rita Carter, science; Mrs. Mary Ann Kincaid and Miss Billie Harding, spelling; Miss Empress McFarland, journalism, and Jerry Worsham, one-act play and speech events.

No Plans To Speed Review

By FRANK CORMIER
Associated Press Writer

SAN CLEMENTE, Calif. (AP) — President Nixon has made no move to speed military review of the life sentence given Lt. William L. Calley Jr. for murdering 22 civilians at My Lai, aides said today.

They reported the chief executive, who twice last week intervened in the Calley case, believed the review should proceed through normal channels at its deliberate pace.

At the same time, the sources said, Nixon would have no objection if the Pentagon expedited the process through such mechanical acts as providing additional stenographers to prepare the full court-martial record. It must be completed before the case can reach the first level of review—by legal officers at Ft. Benning, Ga., where Calley was tried.

John D. Ehrlichman, a top Nixon assistant, told newsmen Saturday that completing the trial record was expected to take 30 to 60 days. He declined to speculate on how many months would be involved in completing the full review.

Nixon announced Saturday he would review and act on the Calley case once it has moved through the full military review.

Calley could be declared innocent and his sentence set aside at any point in the multilevel process, which would end the matter before it reached Nixon's desk.

On Thursday, Nixon first intervened on Calley's behalf, ordering that he be released from the stockade at Ft. Benning and kept under guard at his base apartment, retaining freedom to move about the post until his fate is decided.

The President took the two actions as the White House was deluged with thousands of telegrams described as expressing sympathy for the young lieutenant by a ratio of about 100 to 1.

Nixon's aides said it appeared that many Americans felt reassured that the President stood ready to personally step into the review process.

Public reaction to the Calley verdict and sentencing was a factor in Nixon's decision, Ehrlichman acknowledged, but he said it was not the determinant. He was vague as to what else was involved.

Adlai Asks Hands-Off Policy

WASHINGTON (AP) — Sen. Adlai Stevenson, saying the United States appears to be meddling in South Vietnam's politics, asked Congress today to order a hands-off policy.

The Illinois Democrat said American military involvement seems to give U.S. political support to the Thieu-Ky regime and weight the coming August elections in their favor.

In addition, he said, a U.S. civilian agency, CORDS, has been reported to turn over the results of a monthly nationwide Vietnamese opinion poll to President Thieu; a U.S. Information Agency official has been quoted as saying USIA aids the Vietnamese government in reaching the "electorate;" and the South Vietnamese press has claimed and the American Embassy in Saigon denied that Ambassador Ellsworth Bunker last year pledged support for the present regime.

Stevenson asked Congress to pass a resolution setting up a 10-member committee to watch over American involvement in the August House elections and the October presidential elections.

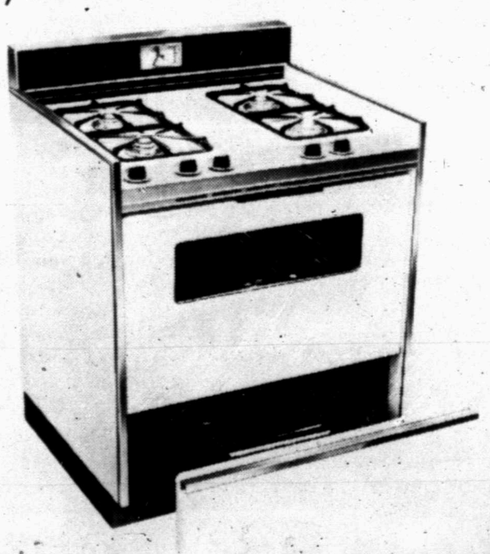

The commission, consisting of five members each from the House and Senate, would have "a staff in South Vietnam to oversee the activities of the United States, its citizens and its government during the campaign."

Teacher Strike In 10th Week

NEWARK (AP) — The Newark teachers strike entered its 10th week today, but the union says it will be able to call a formal end to the walkout within minutes if the Board of Education ratifies a new contract.

SINGING GROUP — "The Swingers" a singing group from Snyder High School, under the direction of J. D. Smith, music director at SHS, provided entertainment at the Federation Day Tea Friday evening at the Martha Ann Woman's Club. Pictured are (from left 1st row) Deweylene Stone, Jana Bullard, Diann Minnick, Dee Peveler, Susan Ferrell, Sharron Moore, Mary Ray, (2nd row) Judy Hendricks, Kathy Rhoades, Wayla Walton, Deborah Murphy, C'Ann Donaldson, Cynthia Schiebel, Sharron Floyd, (3rd row) Don Burk, Billy Kay, Ricky Hanks, Travis Angel, Dennis Williamson, Joe Dan Jones, Johannas Eicke.

Altrurian Club Hosts Annual Federation Day Tea April 2

Members of the Altrurian Club hosted the annual Federation Day Tea Friday, April 2 at 3:30 p.m. at Martha Ann Woman's Club.

Mmes. Alvie Dolen, Aubrey Gray and Dave Harlin were hostesses to approximately 60 members of federated woman's clubs of Snyder and J. D. Smith, choir director at Snyder High School and 22 members of the singing group "The Swingers."

Mrs. Ross Blanchard welcomed guests and introduced Mrs. Travis Rhoades, who in turn introduced the state award winning group "The Swingers" and their director, J. D. Smith.

The singing group sang a medley of songs and Travis Angel and Jana Bullard sang solos, both Italian pieces. Susan Ferrell and Wayla Walton accompanied the group at the piano.

Mr. Smith announced that a talent show will be held Monday evening, April 5 at the Snyder High School auditorium.

Travis Angel introduced the final selection of the group "I Pledge Allegiance To The Flag," by saying "We hope this song will exemplify the outcome to the trial of Lt. Calley, liberty and justice for all."

Mrs. A. J. Smith Jr., president of Mesquite District of Anson, was guest speaker at the tea. She showed federation pins which were for sale and told of the importance of the pin. Money used from the sale of pins is used for the publication of "Clubwoman Magazine." The pin has a 75th anniversary emblem on it and is a great conversation piece Mrs. Smith said. At this time this district is first in sales in 14 districts with 300 pins sold.

Mrs. Smith told of the convention at Colorado City last month. There were 190 persons attending. She complimented several of the Snyder members for special service and awards at the meeting, including Mrs. Earl Donaldson for winning 2nd place for a poem she wrote. Mrs. Travis Rhoades was also commended on her reports. Mrs. Boren was recognized as a life member.

Mrs. Smith announced that Oct. 16 had been set for the fall board meeting and workshop. She said that the state president will be present at this meeting.

Mrs. Smith noted that the 2 year term which she is serving is recognizing and honoring Pioneer Club Women, those who have been in the club for 40 years or more. She asked for a raise of hands of pioneer women at the tea and several were present who were pioneers. The district president noted that several clubs in Snyder were more than 40 years old. The Altrurian Club is 60 years, Alpha Study Club, 43 years; Altrurian Daughters, 41 years.

Mrs. Smith's theme for the year is "Federation Is A Map, Unfold It." In her talk to the club women she mentioned several of the great women and the things they have added to our heritage. She stated that at this time there are 800,000 due paying members in 15,000 clubs in America and over 11 million club women in the world. In Texas alone there are 100,000 club women in 900 clubs. There are 46 clubs in the Mesquite District with 4,600 members. There are 80 women on the board in Austin.

What is federation? Mrs. Smith said it is like four P's in a pod and all four have to work together, pride, purpose, participation, and people.

Mrs. Travis Rhoades expressed the clubs appreciation for Mrs. Smith's part in the program and presented her with a large cut glass stone, a diamond, on behalf of the club.

WOMEN'S CALENDAR

TUESDAY

Alpha Study Club will meet at 3:30 p.m. at the Martha Ann Woman's Club with Mrs. Ben Thorpe as hostess.

Ladies Golf Association will meet at the Snyder Country Club at 12 noon for their monthly luncheon. Tee-off time is 10 a.m.

Twentieth Century Club will meet at the Union Community Center at 3 p.m. with Mrs. I. T. Huckabee as hostess.

West Texas Council of Girl Scouts Association 5 will have their spring meeting and salad luncheon at 11 a.m. at the Girl Scout Hut. All registered adults are urged to attend.

WEDNESDAY

Twilight Garden Club will meet at 7:30 p.m. at the Martha Ann Woman's Club with Mrs. Clyde Collins as hostess. The program will be "Growing And Grooming Plants For Show" by Mrs. S. L. Terry.

OUT FOR EASTER

FEDERATION DAY TEA — The annual Federation Day Tea, hosted by the Altrurian Club, was held Friday afternoon at Martha Ann Woman's Club. The Altrurian Club's colors of green and white were carried out in the decor. The table was covered with a white table cloth and held appointments of silver and crystal and was centered with a lovely arrangement of spring flowers. Pictured are (from left) Mmes. Travis Rhoades, 2nd vice president; Alvie Dolen, hostess; A. J. Smith Jr., president of Mesquite District; and Aubrey Gray and Dave Harlin, hostesses.

WOMEN

Family Dinner

PEACH DUMPLINGS
An old-time favorite!

2 cups unsifted flour, stir to aerate before measuring
1 teaspoon salt
1 teaspoon grated orange rind
¾ cup shortening
4 tablespoons (about) orange juice
6 well-drained canned cling peach halves
Peach Sauce, see below

In a medium mixing bowl stir together the flour, salt and orange rind. With a pastry blender cut in shortening until it is in small pieces. With a fork mix in orange juice, a tablespoon at a time, using just enough to make pastry hold together; shape into a small rectangle. On a floured pastry cloth with a floured stockinet-covered rolling pin, roll out pastry into an 18 by 12 inch rectangle. Cut into six 6-inch squares. Place a peach, cut side down, on each square. Brush pastry edges with milk. Pinch together edges of each square to enclose peach. With a wide metal spatula, place each dumpling, well apart, on a cookie sheet. Brush with milk. Bake in a preheated 425-degree oven for 25 minutes. Serve hot (or reheat) with Peach Sauce and, if you like, vanilla ice cream. Makes 6 servings.

PEACH SAUCE: In a small saucepan stir together 1-3rd cup firmly packed light brown sugar and 1½ tablespoons cornstarch. Gradually stir in until smooth 1¼ cups peach syrup (from canned peaches). Cook over moderate heat, stirring constantly, until boiling and clear. Stir in 1 teaspoon grated orange rind, ¼ cup orange juice and 1 tablespoon butter. Reheat, if necessary, before serving. Makes about 1½ cups.

First telephone patent was issued to Alexander G. Bell in 1876.

Check pockets before washing

By Abigail Van Buren

(© 1971 by Chicago Tribune-N. Y. News Synd., Inc.)

DEAR ABBY: My husband never empties his pockets when he changes, and as a result of his negligence, I have ruined two of his watches and destroyed important papers that were in his wallet and ended up in my washer.

He says I should always look thru the pockets before putting anything in the machine. I say, he should have enough common sense to take care of his personal belongings, and if he is so careless and stupid as to leave things in his pockets, it's not my fault. Who is correct?

—JUST WONDERING

DEAR JUST: Not you, Lady.

DEAR ABBY: Five months ago, when we got married I was already pregnant, but we were in love and the term "have to" never entered our minds. We are both 20. My parents have never let us live it down. We had a beautiful church wedding, but my parents would not let us send out formal invitations or wedding announcements because they didn't want the date of our wedding advertised knowing a baby would be born before nine months had passed.

I am only two months from delivery now, and my mother has decided that we shouldn't send out any birth announcements either.

Abby, my husband and I are very happy over the birth of our first child and don't see why we can't proudly tell the world about our baby when it comes. All my mother cares about is saving her face. She thinks it will reflect on her and Dad if the world knows their daughter was pregnant when she got married. I would like your opinion.

—PROUD AND HAPPY

DEAR PROUD: While I can understand your pride and happiness, I can also understand your mother's reluctance to "advertise" the fact that you were with child when you were married.

However, the baby is yours to advertise as you wish, and the sending of birth announcements is your decision—not your mother's.

DEAR ABBY: I am a freshman at college and this is my first experience at being away from home.

I wonder if parents realize how much their children look forward to mail from home? I am lucky because my parents write to me faithfully. Some parents haven't even written their children once since September! I only wish I could send parents a picture of their child's face when he sees an empty mailbox.

I know most parents are busy, but if they would just sit down and write a letter every few weeks, or even a postcard, it would give the away-from-home college student the lift he needs.

—KAREN

DEAR KAREN: Are you putting me on? I hear from parents constantly complaining that their away-from-home kids never write, the parents finally have to call long distance to find out if the kids are sick or well. I'll print your letter, Karen; perhaps it will provide the stimulus both parents and kids need to keep each other happy.

DEAR ABBY: These days any couple who celebrates fifty years of marriage deserve a medal with a combat ribbon!

My parents recently celebrated their golden wedding anniversary, and they received one of the cleverest gifts imaginable. It was a gold-plated 1921 silver dollar, suspended on a W. W. I medal, attached to a combat ribbon. It was ceremoniously presented to them in a velvet-lined box by their daughter, who was a three-time loser.

—LAGUNA BEACH

What's your problem? You'll feel better if you get it off your chest. Write to ABBY, Box 69700, Los Angeles, Cal. 90069. For a personal reply enclose stamped, addressed envelope.

For Abby's new booklet, "What Teen-Agers Want to Know," send $1 to Abby, Box 69700, Los Angeles, Cal. 90069.

China Increases Forces In Laos

By FRED S. HOFFMAN
AP Military Writer

WASHINGTON (AP) — China has sent another 4,000 to 6,000 troops into Northern Laos in recent months, Pentagon sources report.

The sources estimate Peking's military strength there has risen to between 18,000 and 20,000 men, about double last year's number.

U.S. officials said it appeared the reinforcements were intended mainly to beef up protection for Chinese engineer troops working on a major road project leading from South China's Yunan Province toward the Mekong River and for defense of the road itself.

Among other things, the Red Chinese were said to have positioned large antiaircraft guns and to have introduced new radar for surveillance and warning.

U.S. military analysts said they doubt the manpower buildup had any connection with Chinese government warnings during the recent U.S.-supported South Vietnamese drive against North Vietnamese supply routes in the Laotian Panhandle.

Rather, the Chinese road construction through northern Laos seems to have long range implications for the security of Thailand and Burma, they said.

Both countries are considered targets for Red Chinese-backed guerrilla insurgency. Thai officials long have been worried that a still-limited insurgency movement in Northeast Thailand adjoining Laos might grow to serious proportions, with Chinese and North Vietnamese help.

Chinese road building in northern Laos began several years ago under an agreement with Laos.

If Laotian Premier Souvanna Phouma has had second thoughts about the Chinese project, there seems little he can do about it.

He would be reluctant to antagonize his nation's huge neighbor to the north, especially with North Vietnamese and Pathet Lao troops already controlling much of Laos and pressing the Lao army in several areas.

The reinforcement of Chinese troops along what some officials here are beginning to call the Mao Tse Tung trail suggests the important Peking attaches to the project and possibly some concern that U.S. air power might be turned against it.

Vietnamese Are Appreciative

DECATUR, Ill. (AP) — A Decatur physician and surgeon says South Vietnamese patients were very appreciative of his services.

Dr. Arthur L. Ennis recently returned from a two-month tour through a program of medical assistance of the American Medical Association, the Volunteer Physicians for Vietnam.

Ennis said he was stationed in a 267-bed hospital as a surgeon. He aided both Vietnamese and the Army physicians. Cases he treated included motorcycle accidents, fractures, some gunshot and shrapnel cases, burns, malaria, typhoid, hook worm, round worms and tape worms.

Estimator Has Demanding Job

Career Corner

by Joyce Lain Kennedy

Dear Joyce: What, exactly, does a printing estimator do? What preparation is required? -- E.M., Santa Ana, Calif.

what job would you explored in this column?

The printing estimators I have known have mainly tried to stay one step ahead of a fit. Seriously, this is a high-pressure, demanding job and an important one in the printing industry.

AN ESTIMATOR is the printing firm's man or woman who estimates what each particular printing job will cost. His figures are based on the customers' specifications, and his own knowledge. He considers not only the cost of the materials (paper, ink, embossing, etc.), but the cost of the time the job will be on the plant's presses and other machinery. His recommendations are the basis for his firm's bid on the job.

SINCE MANY customers get competitive bids from other printers, the estimator must be "right on the button" -- too low bids result in loss of profit; too high bids result in loss of business. The estimator must obviously be aware of the latest in technical innovations, material costs, plant wage rates, and production techniques.

A first class estimator is usually in demand, and a college education combining business with printing technology is a good approach. By and large, estimators and chief estimators fall in the $8-20,000 range, and advancement opportunities would include moving into management of a printing company, or opening your own business. Some estimators switch to selling printing, because the successful printing salesman makes excellent earnings.

A NEW BOOK on a wide number of careers in printing has just been published. "Opportunities in Graphic Communications - The Printing Industry" by George Reinfeld, Jr. (Vocational Guidance Manuals, 235 E. 45th St., New York, N.Y. 10017. 1971. $1.95 paperback). Reinfeld describes the duties of an estimator after he receives the basic specifications information....

"Next, the estimator must figure out the cost of setting the copy, making the plates, the cost of paper and the cost of getting it ready to print and then running it through the press. He'll also have to know how much ink he'll need to buy and what the ink will cost per pound, the cost of binding (putting the job together by folding, then stitching it with two wire staples and cutting them to the exact size wanted), the cost of delivering the completed job, etc....

"Certain things can't be covered in a list of physical specifications, such as the quality the customer wants. It is up to the salesman to get his message across to the estimator, for the degree of quality wanted will have a definite effect on the price."

FOR MORE INFORMATION - General career information, including scholarship opportunities is available free from the Education Council of the Graphic Arts Industry, 4615 Forbes Ave., Pittsburgh, Pa. 15213.

Subsidy List Release Studied

By DON KENDALL
AP Farm Writer

WASHINGTON (AP) — Agriculture Department officials are expected to decide soon what information to include when they disclose names of recipients who split king-sized parts of $3.7 billion government farm subsidy payments last year.

Some high-ranking policy makers reportedly want to list only the names and not the address of those who collected $5,000 or more last year for participating in government programs, including production controls for cotton, feed grains and wheat.

But the Agricultural Stabilization and Conservation Service, the department agency which administers the programs, has recommended that recipients be identified by state, county and postal address, the same as in the past, according to a spokesman.

The question over fully identifying payment recipients had not been an issue before. Since the mid-1960s the department has had a standing request from the Senate agricultural appropriations subcommittee to provide the list each year, by name, state, county and address. The list routinely was published by the subcommittee later on as part of its hearing report on USDA appropriations.

But somewhere along the line, the Agriculture Department got the idea that the subcommittee was not going to request the information this year and delayed compiling the names.

The annual list had been ordered by former Sen. Spessard Holland, D-Fla., subcommittee chairman, and had been furnished routinely each year by the department.

After the chairmanship passed to Sen. Gale W. McGee, D-Wyo., the request was not formally renewed, thus raising doubts in the department on whether to provide it again this year.

Meantime, requests were made for the list by other members of Congress. Agriculture Secretary Clifford M. Hardin, sensing charges of a "coverup" were in the works, passed word that the list would be complied and made available for public inspection.

A computer "point out" will be made soon showing the names of individuals getting $5,000 or more in payments last year. If the decision is made to furnish only the names for public inspection, the other information such as addresses will be blocked out.

However, a spokesman for McGee's subcommittee told a reporter last Friday, no final decision has been made on whether to request the list again or ignore it. It may be early May, he said, before the panel decides.

Either the McGee panel or other members of Congress can push the department for all names and addresses. If this is done, the entire list or selected parts probably will be published in the Congressional Record.

Payments for 1970, including the usual half dozen or so "super farm" subsidies of $1 million or more, are the last of their breed. Beginning this year, as a result of a new farm program law, payments will be limited to no more than $55,000 per crop to an individual producer of cotton, wheat or feed grains.

Record Debt

LONDON (AP) — Installment debt in Britain reached a record $3.3 billion last year, up $213.6 million from 1969.

WITH SLUGGISH ECONOMY

Pressure For Income Tax Cut Already Started

By JOHN CUNNIFF
AP Business Analyst

NEW YORK (AP) — With the economy recovering too sluggishly from its bout with recession, pressure for an income tax cut may be expected from sources of various political persuasions. In fact, it has already begun.

Two notable advocates of such fiscal action, which likely could get quick congressional approval, are the First National City Bank and Prof. Walter Heller, author of a highly successful tax proposal nine years ago.

A tax cut, First City said today, would invigorate the private sector and aid directly in deploying the nation's resources to domestic needs as the Vietnam war winds down.

It would also tend to ease the financial problems of state and local governments, the bank said, by stimulating private investment and thereby tax revenues.

Moreover, it suggests that not only would a tax cut spur recovery, but it would relieve some of the social discontent of people who see a continuing larger share of paychecks going for taxes but without observable benefits to them.

Heller, former chairman of the Council of Economic Advisers in the Kennedy and Johnson administrations and now a professor at the University of Minnesota, said he notes a parallel between conditions now and in the early 1960s.

At that time, considerable slack remained in the economy from a previous recession, leading Heller to suggest a tax cut as a means of spurring the economy nearer to its full potential.

The proposal became law in 1964 and is credited with playing a major role, and even that of a catalyst, in the boom that followed.

Heller's thoughts were broached publicly last week in an address to the Independent Bankers Association of America at Minneapolis and expanded upon in an interview Friday.

"We are $60 billion below our full-employment potential," Heller said, forecasting that when first-quarter Gross National Product figures are released they will show an annual rate of $1.015 trillion, compared with a potential of $1.075 trillion.

"This means that if we put a little extra juice into the economy, tax juice, it will express itself in jobs and profits rather than in higher prices," he said.

"The more slack, the more stimulus you can apply without running into demand-pull inflation."

The term "demand-pull" refers to a situation in which buyer demand, based on ability and willingness, is greater than the economy's ability and willingness, is greater than the economy's ability to produce goods and services. Prices, as a result, are pulled up.

Heller suggested that all taxpayers immediately be given a tax exemption of $750 and that the standard deduction be raised to 15 per cent.

Both measures already are called for under a 1969 law but are proceeding in stages, from $600 and 10 per cent respectively, and are not due to be fully effective until 1973.

Heller believes that by making both measures effective now a total of $4.5 billion will be put into the hands of consumers which, added to the $3.5 billion stimulus resulting from a 10 per cent increase in Social Security benefits, would permit them to exercise pentup demand.

He was generally critical of the present White House policy of attempting to nudge the Federal Reserve into an easier money policy.

"The banks are having trouble finding people to borrow money," he said, but administration officials, he added, continue to look to the Fed for more stimulation.

"I happen to think we've gotten beyond the point where this is logical. They're saying to the Fed, 'It's your move.' I think that made sense last year and last fall. I now ask what more do they want the Fed to do."

Heller expressed sympathy for the position of Arthur Burns, Fed chairman, and said "the next move is up to the White House."

He accused the White House of backing into its economic positions rather than seizing them. "It's a matter of presidential initiative," he said.

Chinese gold rush workers gathered jade at the diggings and shipped it to China, leaving the gold to the Americans.

Junior Editors Quiz on ANIMAL TALK

QUESTION: *Can animals talk or communicate?*

* * *

ANSWER: We all know that animals don't talk in the sense that we do. That is, they don't exchange ideas by a system of spoken words. Yet the dictionary also defines talk as communicating by any means. In this sense, many animals certainly do talk, for there is no doubt that they can communicate with each other by means of different sounds. The male baboon in our picture, for example, is not letting out a fierce roar just for the fun of it. He is telling some threatening cheetah or leopard to keep away from his pack, if the big cat knows what is good for him. We often mistake the meaning of animal sounds. A bird may look so happy on a June morning that we imagine he just HAS to sing. No doubt the bird is happy, but when birds sing during the nesting season, they are really warning other birds to keep off their territory. Recently, careful studies have been made of the behavior of some of the large apes. It has been found that they had a surprising number of different sounds to express certain feelings like satisfaction, annoyance, friendliness or hatred. The gorilla has a vocabulary of 22 such sounds. The chimpanzee ranks as top talker with 23.

Conclusion Jumping With Hal

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

One out of every 11 American homes now has a swimming pool. One in every three has two or more cars and also a color television set.

It isn't just the old who are affected by the tensions of the time. A Harvard medical researcher has found that a tendency toward hypertension can be detected as early as the age of two in children of parents who suffer from high blood pressure.

What is the most valuable single patent in history? It probably is Alexander Graham Bell's patent for the telephone, according to the National Geographic Society. The patent—number 174,465—was issued on March 7, 1876.

Are you as strong and healthy as you were 10 years ago? Well, the U.S. dollar isn't. It is worth only 65 per cent of the value it had at the start of the last decade.

Scientists have good reason for concern at the rate mankind is using up its energy reserves. In the last 30 years alone the human race has consumed more coal, oil and gas than it did in all its previous history.

Some victims of a heart attack are depressed by the fear that it will end their working career. In most cases this fear is unfounded. A study by Dr. Stanley Fisher, a University of Connecticut psychologist, found that the chances are better than four to one that the survivor of a heart attack will be back on the job within a year.

A matter of size: We may not be getting better as a people, but we are getting bigger. Men entering U.S. military service today average two inches taller and 10 pounds heavier than those inducted at the start of World War I.

A matter of age: As a nation we are getting older, but as a population we are getting younger. The present median age in the United States is 29, but by 1978 it is expected to drop to 27.

Worth remembering: "Money is funny. You have to be dead to get your face on it, but very much alive to get your hands on it."

Liz's Chauffeur Loses License

MARGATE, England (AP) — The chauffeur for actress Elizabeth Taylor and actor Richard Burton has been forbidden to drive for a year after being found guilty of operating the film couple's $24,000 car while under the influence of alcohol.

Gaston Sanz also was fined $600.

The 49-year-old Frenchman was accused of driving under the influence last August when the car hit a light pole, crashed into the side of a shop, banged a brick wall and came to rest in a car park.

Hill Turned Upside Down

KANSAS CITY, Mo. (AP) — How do you turn a hill upside down? First, you cut it down to street level and haul away the unneeded dirt and rock, to be dumped into a depression where landfill is required. Then, you continue digging until you have a hole 30 feet deep.

That's what is happening to a section of Signboard Hill, a Kansas City landmark that is being eliminated to make way for a 750-room hotel in Crown Center, an urban redevelopment project in the midtown area. The hotel project alone required the removal of 375,000 cubic yards of earth.

Bucks Win NBA Western Playoff

By KEN RAPPOPORT
Associated Press Sports Writer

After losing one game, the Milwaukee Bucks wanted to make sure it didn't happen again. O, boy, did they!

The Bucks, recouping from last Thursday's loss, poured it on early and often and crushed the San Francisco Warriors 136-86 Sunday to win their National Basketball Association Western Conference semifinal playoffs, four games to one.

Milwaukee will play for the Western title against the winner of the Los Angeles-Chicago series, deadlocked 3-3 after Chicago's 113-99 victory Sunday.

In the day's other playoff match, the Baltimore Bullets turned back the Philadelphia 76ers 128-120 to win their Eastern Conference semifinal series, 4-3.

Baltimore will meet the New York Knicks for the Eastern Conference title, The Knicks took Atlanta, four games to one, last week.

Visibly stunned by their earlier loss to San Francisco, the Bucks came out smoking and didn't stop the fireworks until building a 60-point advantage, 126-66, through the final period.

The winners, paced by John McGlothlin, Lew Alcindor and Bob Dandridge, held a 38-13 first-quarter lead. Their superiority was so evident that the Bucks could have gone scoreless in the second quarter and still held the halftime lead. At intermission it was 69-35.

Milwaukee's Oscar Robertson tied an NBA playoff record with eight assists in the opening quarter. The one period mark had been set by Rod Hundley of Los Angeles in 1951.

McGlothlin had 28 points, Alcindor 23 and Dandridge, 19. Fritz Williams led San Francisco with 13 points.

Baltimore and Philadelphia played on even terms in the first quarter with the Bullets holding a 31-30 edge. But Baltimore's Fred Carter and Earl Monroe combined for 20 points in a 43-point second quarter that actually salted it away with a 74-52 halftime lead.

Jack Marin led the Bullets with 33 points, four assists and 16 rebounds. Monroe had 20 points and Carter 18. Billy Cunningham led Philadelphia with 30.

Bob Love and Bob Weiss contributed to a 28-point third quarter that carried Chicago past Los Angeles and set their series showdown meeting for Tuesday night in Los Angeles.

The Lakers, building leads to 11 points in the first half, had a 57-52 advantage at halftime. The Lakers hit 56 per cent from the field with hot-handed Gail Goodrich contributing 19 points.

But Weiss, who scored 25 points, and Love, 21, helped the Bulls take charge, outscoring the Lakers 28-15, to grab an 80-72 lead at the end of the third quarter.

Goodrich wound up with 25 points to tie Weiss for game-high honors.

Tiger Golf Team Holds Big Lead

SWEETWATER — Snyder's Tigers took over the lead in the District 3-AAA golf race by winning the second round match here Saturday.

The Bengals fired a 324, giving them a total of 635. Sweetwater, who had led by one stroke after the first round, slipped to 335 for a 645 total.

Glenn Rambin is leading in the battle for medalist honors with a 155. He fired a 79 Saturday. Mark Hargrove, who has carded a 157 in two rounds, is runnerup. Mark shot an 83 Saturday.

Scores of other Tigers in the second round: Marty Pate 79, Sandy Baker 83, Art Kidd 89, and Jim Fred Liner 83.

Team scores: Snyder 311-324—635; Sweetwater 310-335—645; Brownfield 341-335—676; and, Lamesa 355-328—683.

The third round will be held here April 17.

Sam Snead was the last repeater in the PGA golf championship when the Slammer won the title a third time in 1951. Jack Nicklaus almost repeated in 1964 when he tied for second after winning in 1963.

Max Falls Wins Amarillo Singles

AMARILLO—Max Falls, Snyder tennis player, won his fifth tournament of the season Saturday at the Amarillo Tournament, taking first in the boys singles.

He defeated Charles Melton of Dunbar 7-5, 6-2 in the finals. In earlier matches, Max defeated Bob Friday of Permian 6-4, 6-0; he defeated David Falk of Odessa 6-2, 6-0; and, he defeated John Kirwan of Midland High 2-6, 6-3, 6-1.

In "B" girls doubles, Smith and Bilberry lost to Monterey's Montgomery and Huben 8-6, 6-4. Monterey's girls won the tournament.

In boys doubles, Brandon and Christian beat Dunn and Ellis of Pampa 6-0, 6-0; then, they lost to McInturff and Moore of Monterey 6-4, 6-3. Monterey's boys won the tournament.

Snyder's Steve Wittie, competing in "B" boys singles, lost to Chris Amendes of Monterey 6-0, 6-0. Amendes won the tournament.

In girls doubles, Thompson and Thompson lost to Estacado's Jobe and Hefner 6-2, 6-1.

In girls singles, Becky Sims lost to Susan Gleason of Midland 6-1, 6-0; Vonee Reneau lost to Loretta Young of Permian 6-0, 6-0.

In boys doubles, Boren and Boles beat Peek and Richey of Tascosa 6-2, 6-0; then they lost to Hilliard and Hightower of Midland Lee 6-2, 4-6, 6-2.

Coach Jerry Mankin's boys will host the district meet here April 16-17.

Morton Granted Court Delay

DALLAS (AP) — Dallas Cowboy quarterback Craig Morton has been granted a delay until April 26 to answer charges in Municipal Court that he used abusive language and was disorderly.

The charges stem from Morton's arrest March 14 by two policemen who allege they observed him standing beside a parked car and urinating.

Morton was taken to jail and released after posting a $50 bond.

Dodgers Vs. Houston In '71 Opener

By DICK COUCH
Associated Press Sports Writer

Roaming Richie Allen, whose second western migration in as many years has boosted Los Angeles' National League pennant stock, starts winning for the Dodgers at Houston tonight in the finale of the 1971 baseball season's three-game send-off.

The Dodgers and Astros were set to tangle at the Astrodome after traditional daytime openers at Cincinnati and Washington ushered in the 102nd year of major league play.

Sixteen other clubs will go to the starting gate Tuesday before the world champion Baltimore Orioles and the Chicago White Sox complete the opening cycle with Wednesday games.

The Dodgers, buoyed by the addition of Allen's long ball punch in a winter trade with St. Louis, will send Bill Singer to the mound against Houston ace Larry Dierker in their arc light inaugural.

Allen, who went from Philadelphia to the Cardinals after the 1969 season and belted 34 home runs last year, will start in left field for Los Angeles, which has been installed by the oddsmakers as a 3-1 choice to dethrone Cincinnati's injury-riddled Reds in the NL.

The Reds, loaded with power last season as they ran away with the league's West Division title and flattened Pittsburgh in the pennant playoff, were short-circuited by injuries to center fielder Bob Tolan and first baseman Lee May as they entertained Atlanta today before a sellout crowd of 51,726.

At Washington, the Senators and Oakland A's met in the annual American League opener—without President Nixon on hand to throw out the first ball for the second successive year.

Army Master Sgt. Daniel L. Pitler, who spent four years as a war prisoner in Vietnam, did the relief pitching for Nixon before Washington's Dick Bosman and Oakland's Vida Blue assumed the mound assignments. David Eisenhower, Nixon's son-in-law, subbed for the President a year ago.

Colonels Claim 114-108 Victory

By KEN RAPPOPORT
Associated Press Sports Writer

It's payoff time as well as playoff time for Louie Dampier.

"Everytime I get into the American Basketball Association playoffs, I get hungry for that money," says the Kentucky Colonels' outstanding outside shooter.

Dampier fed on the Floridians with a 28-point performance, including four three-point goals, to give the Colonels a 120-110 victory Sunday and a 2-0 edge in their East Division semifinals.

The Colonels-Floridians clash was one of three playoff matches Sunday. In the others, Virginia topped New York 114-108 to take a 2-0 lead in their East playoffs and Utah ripped Texas 113-101 to grab a 3-0 margin in the West semis.

Led by Dampier, the Colonels wiped out an early Floridians lead and charged to a 61-55 advantage at the half. Issel, who added 26 points, helped give the winners a 109-91 lead before the Floridians made a comeback try at the end behind Mack Calvin.

Calvin scored eight of his 35 points in the last two minutes to bring the Floridians within six, but Kentucky's Howard Wright connected on two free throws in the final 40 seconds to nail it for Kentucky.

Rookie whiz Charlie Scott scored 29 points and flipped in crucial baskets in the final two minutes for Virginia.

The Squires, who managed only six points through the first 7½ minutes of the final period, fell behind 102-99 with five minutes left. Field goals by Doug Moe, who finished with 24 points, and Scott gave Virginia a short-lived 103-102 advantage. But the Squires fell behind when Manny Leaks fired in a jumper for the Nets' final lead.

Scott then hit two field goals and a pair of free throws in the closing seconds after Ray Scott had scored four points. Rick Barry led New York with 32 points.

Virginia plays at New York in the series' next two games Tuesday and Wednesday.

Zelmo Beaty scored 32 points and grabbed 15 rebounds to lead Utah. The Stars took a first-quarter lead and never relinquished it, although Texas threatened several times behind Don Freeman's 30 points and Gene Moore's 21.

The Chaps narrowed the gap to 93-91 with 8:06 left before the Stars broke open the game with eight free throws in the last minutes.

The clubs play the fourth game of the series in Dallas Tuesday night.

Indiana plays Memphis tonight in the ABA's other West Division semifinal. The Pacers, defending ABA champions, lead the best-of-7 series 2-0.

In Saturday's games, Indiana topped Memphis 106-104 and Utah buried Texas 137-107.

Raiders Host Rice In Series

By THE ASSOCIATED PRESS

The Southwest Conference takes a breather from family feuding for the baseball title this week — except for Texas Tech and Rice—with a full schedule of non-conference matches.

Three non-league matchups were slated today. Southern Methodist was at Pan American while Lamar Tech hosted Texas and Rice met LSU in doubleheaders.

Texas Tech, which moved into third place behind Texas A&M and Texas last weekend, hosts Rice in a three game series beginning Wednesday in the only SWC series scheduled this week.

The Aggies ballooned their SWC record to 9-0 during the weekend by sweeping three games from Baylor. Texas also won three from TCU to remain in second place with a 9-3 standard.

TCU is fourth in SWC standings at 4-5 followed by Baylor, 3-6, Rice 2-7, and SMU 2-10.

The Aggies have a gauady 21-3 standard for the season with Texas next at 20-8 and Texas Tech with 19-9. They are the only three teams above the .500 level for the season or in SWC play.

In non-conference games last weekend, Pan American University hosted the Palm Valley tournament at Edinburg and went through the three-day event unbeaten in winning the title from Arkansas and Rice. The Broncs downed Rice 1-0 in the title game Saturday.

Pan Am is 30-3 for the season and ranked No. 2 in the nation by Collegiate Baseball Magazine.

Bengals Score 59 At Seminole Meet

SEMINOLE—Snyder's Tigers placed fourth at the Track Meet here Saturday, winning four second places and compiling 59 points. Brownfield won the Meet with 96 points. Scores of other teams: Andrews 84, Canyon 68, Sweetwater 47, Lamesa 37, Seminole 35, Colorado City 33, Levelland 31, Tulia 6.

Coach Bill Hartsfield's Bengals put on their best showing of the year in several of the events. Jeff Stewart placed second in the high jump by clearing 6-2. Freddy Murphy was second in the 880 yard run with a clocking of 2:03.4. Gary Patterson placed second in both the high hurdles and intermediate hurdles. He was timed at 14.5 in the highs and at 41.1 in the intermediates.

Johnny Spears won third in the broad jump with a distance of 21-0. Troy Hall tied for third in the pole vault by clearing 11-6.

The 440 relay team of David McCommas, David Wittie, Gary Patterson and Johnny Spears placed fourth with a 44.7 clocking.

The 1 mile relay team comprised of David McCommas, David Wittie, Freddie Murphy and Jackie Hartsfield placed fifth with a 3:35.2.

Jimmy Don Dyess placed sixth in the high jump by clearing 5-10, and he was sixth in the broad jump with a distance of 20-0. Johnny Spears ran the century in 10.3 for a sixth, and he also placed sixth in the 220 with a 24.1.

Tomorrow, the Tigers will host Sweetwater in a dual practice Meet. Friday, the Tigers enter a Meet at Andrews.

Foyt Takes Atlanta Race

ATLANTA (AP) — "When you've beaten Richard Petty and the other NASCAR drivers, you've beaten the best," says Texan A. J. Foyt, who is finding the Grand National late model stock car racing circuit financially rewarding.

Foyt, a three-time Indianapolis winner, steered his 1969 Mercury by Petty on the back straight-away 12 laps from the finish Sunday and claimed the $19,200 first prize in the Atlanta 500.

Little Buddy Allin Wins At Greensboro

GREENSBORO, N.C. (AP) — Buddy Allin is a frail-looking little 130-pounder, sandy-haired and boyish appearing, looking for all the world like the drugstore delivery boy.

But the ex-artillery officer, decorated four times in 16 months of Vietnam combat duty, again proved his mettle when he banged in a birdie putt on the first hole of a sudden-death playoff and won the $38,000 first prize in the Greater Greensboro Open Golf Tournament.

Allin, who had won only $5,954 prior to his victory, had a final-round 69, two-under-par on the 7,034-yard Sedgefield Country Club Course, and finished with a 275.

Rod Funseth, the third-round leader, had a 71 and Eichelberger had a 69.

Eichelberger and Funseth each collected $17,575 from the total purse of $190,000.

Peter Brown was alone in third with a 69 for 276. Veterans Terry Dill, 68, and Miller Barber, 72, followed at 277. U.S. Open king Tony Jacklin of England had a 67 and was one of three at 278.

Lee Trevino had a final 69 for 279. Masters champ Billy Casper took a 70 for 283 and South African Gary Player, winner of the last two tour events, was far back with a 71 for 285.

The 27-year-old Eichelberger had the lead alone going to the final hole—Allin had finished almost a half hour earlier—and set up the playoff when he bogeyed after hitting his drive deep into the woods.

That sent the three of them to the first tee for the fourth playoff of the season. All drove the fairway. And all put their second shots into the fringe around the green.

Funseth putted first and missed.

"I kind of went to school on that one a little," Allin said. "I had a little hill to go over, then a valley. It was about 30 feet. I just stepped up and hit it."

And he holed it, giving him a spot in the Tournament of Champions and the match play championship with a guarantee of at least 3,200 more from those two events. But he won't be in the Masters, which starts Thursday at Augusta, Ga.

GREENSBORO, N.C. (AP) — Final scores and money winnings Sunday in the $190,000 Greater Greensboro Open Golf Tournament on the 7,034-yard par 71 Sedgefield Country Club course.

Texas Farmers Hoping For April Showers

COLLEGE STATION, Tex. (AP) — Texans hope April showers will be forthcoming at once and in volume.

March was not good for agriculture, said John Hutchison, director of the Texas Agricultural Extension Service.

Optimum planting dates have and are passing as farmers wait for rain needed to insure stands and to get crops growing. The above average daytime temperatures and cool nights and continuous winds are further complicating things, Hutchison said.

Ranges, except in limited areas, are proving little or no grazing. Fires are a constant threat to remaining dry forage. Ranchers are feeding and hauling water to keep livestock in the best possible condition as they await badly needed moisture.

Dry planting has been the rule over widespread areas. Other farmers choose to wait for moisture, delaying the planting of major crops, the director said. Grain prospects declined. The situation overall is not good.

District agents reported:

Panhandle: Dry, windy weather and very short moisture grips the Panhandle. Stands of dryland wheat declined. Irrigated wheat made good growth and preplant irrigation is increasing. About half the sugar beets have been planted and potato and onion planting is active. Irrigated alfalfa is growing. Ranges are poor but livestock generally are in good condition with heavy feeding.

South Plains (Lubbock): Preplant irrigation is in full swing. Dryland areas need rain to complete plowing for planting. Corn planting has started, onion and potato planting is near completion. Livestock are holding up well with heavy feeding.

Rolling Plains (Vernon): The entire district badly needs rain and grains are in poor condition. Ranges are poor, feeding is heavy, and marketing and hauling water are continuing.

North Central Texas: Moisture is very short. In local areas some grain sorghum has been planted. Cotton farmers are delaying planting because of dry soil. Cattle are fair with heavy feeding. Ranges were below average.

Northeast Texas: Moisture ranges from adequate in six counties to snort in all others. General moisture is needed. Grains are providing good grazing but need rain. Land preparation is complete for planting of all major crops. Some watermelons have been planted. Pastures and ranges are average to below and need rain and warmer weather. Livestock were in fair to good condition with a good calf crop on the ground. Hay is being fed.

Far West Texas: Warm, windy and dry. A general rain is badly needed. Livestock are fair, grass is very short; feeding is increasing. Irrigated crops were good and growing. Preplant irrigation is heavy for cotton planting. Alfalfa is making good growth. Good calf and lamb crops are on the ground.

West Central Texas: Small grains are about gone with most plowed up or dead. Planting is delayed due to the dry soil. Livestock are in poor to fair condition with feeding heavy.

Central Texas: The drought is severe. Grain has already been plowed up and that left is more dead than alive. Some hay crops have been planted and sorghum is not showing uniform stands. Some fields are too dry to germinate the seed. Ranges are poor and heavy feeding is needed. Sheep and goat shearing is underway.

East Texas: Moisture is short to very short and grains are making minimum growth. Range forage is very short and rain is needed. Livestock were in fair to good condition with feeding needed.

Southeast Texas: Moisture ranges from very short to adequate, in a few counties along the upper coast. Drought is real serious. About 5 per cent of the cotton has been planted as farmers wait for rain. About 98 per cent of the corn and sorghum are planted but rain is needed to germinate the seed. About 75 per cent of the rice is planted and farmers are waiting for irrigation water. Irrigated vegetables look good. Range need rain. Livestock are in good condition with feeding.

South Central Texas: Moisture is extremely short and ranges are poor. Some dry planting of major crops is continuing. Livestock are in fair condition; hay is short; feeding continues; and stock tanks are low. Some increase in livestock markets was noted.

South Texas: Moisture is critically short and the dryland crop situation is poor. The onion harvest has started. Cabbage and carrots are moving to market. Ranges declined and fires are a constant threat. Heavy feeding is needed.

Hickel Named Man Of Year

CAMBRIDGE, Mass. (AP) — Walter J. Hickel, fired as secretary of interior last November by President Nixon, has been named by the Ripon Society as Man of the Year.

The liberal Republican group said Sunday that the award was based on a poll of readers of its magazine, Forum.

Hickel wrote a letter to the President last May during student protests of the U. S. drive into Cambodia suggesting that the administration had failed to demonstrate enough concern for the attitudes of young people.

Automatic Analyzer Developed

DALLAS (AP) — An automated and computerized blood, urine and spinal fluid medical laboratory analysis device which already has run 360 tests in three hours—equal to a full day's work by two technicians—is ready for operation at Children's Medical Center.

"If our early experiments carry over into everyday operation we will be able to break the ever-growing log-jam of tests we now face daily," says Ronald Clarke, chief technician in the center's chemical laboratory.

"It also appears that in addition to multiplying the number of tests we can do we may be able to cut the costs of tests almost in half," he added.

Known as a Beckman Discrete Sequential Analyzer, the device was donated to Children's Medical Center by the Goddard Foundation of Oklahoma at a cost of $33,000.

When in full operation, the analyzer can carry out 15 to 20 different laboratory tests an hour. It is unique in that it can print out results automatically on either a script chart recorder or on a teletype when the results are channeled through a small computer and dual channel colorimeter.

A spectrophotometer in the device completes the read-out of results usually performed by professional personnel.

"The analyzer may run blood, urine and spinal fluid tests all at the same time," Clarke explained. "And it may complete a complex blood sugar urine nitrogen test in 45 seconds. No human can come close to that."

Preparation of analysis samples is carried out by technicians in the normal manner. Solutions of the test fluids are then placed in the machine and it is programmed to perform the desired tests.

Adds Clarke "We are currently running 6,000 tests monthly and working our staff to the limit. We can see where the demand will go to 8,000 tests monthly."

Gus May Lose Support With End Of Session

AUSTIN (AP) — House Speaker Gus Mutscher will begin losing support for a third term as soon as the 62nd Texas Legislature adjourns, two possible opponents said Sunday.

Reps. Rayford Price, Palestine, and Price Daniel Jr., Liberty, said they believe Mutscher is highly vulnerable if he seeks an unprecedented third term as House spaker.

Price said Mutscher probably has at least 120 pledge cards of support from House members "but pledge cards are not negotiable instruments. You can't enforce them in any court of law."

"If legislators were to go to the speaker and demand their pledge cards back at this time," Daniel said, "it would put their legislative programs in jeopardy, and they don't want to take that risk."

"Rather, they will wait until the end of the session, or until their legislative program is complete, and when that happens, I believe you will see a number of members going to the speaker and requesting that their pledge cards be returned," Daniel said.

Price and Daniels made their comments on a weekly radio-television show (Capital Eye).

Both said they believe too much power is held by the speaker.

"The speaker appoints all committees," Price said. "And there are committees that are absolutely useless—which provide only leverage for the speaker by giving a favor to a member to be chairman."

Duty Paid On TV Sets

CAPE TOWN South Africa (AP) — Public telecasting is still barred in South Africa, but Finance Minister Nicholaas Diederichs reports that since 1966 customs duty totaling $70,078.84 has been paid on imported television sets.

37 Killed In Texas Violence

By THE ASSOCIATED PRESS

A four-fatality traffic collision and the apparent asphyxiation of three persons on a fishing trip sent the Texas weekend violent death toll on an upward spiral.

A total of 37 persons died violently in the state over the weekend, including 27 in traffic crashes.

The Associated Press began the tabulation at 6 p.m. Friday and ended it at midnight Sunday.

A flaming two-car smashup four miles from Jacksonville in U.S. 69 killed four persons late Sunday.

The dead were identified as Mrs. Millie Anderson, 31, of Burkburnett and Bernice McCullar, 35, Ruby McCullar, 53, and David McGill, 59, all of Jacksonville.

Mrs. Anderson's husband, Charles, and their daughter Sherry, 9, suffered injuries in the collision.

Edeard C. Bazan, 48, of San Marcos was killed Sunday night when his car veered off Texas 80 southeast of Prairie Lea in Caldwell County.

M. B. Williams, 60, of Livingston, his 12-year-old son James, and his 14-year- old grandson Robert Blakes, died of apparent asphyxiation Saturday as they sought warmth in their car.

Justice of the Peace Bill Galloway said the trio had gone fishing and apparently got into the car about midnight as temperatures dropped near freezing.

A motorist found the bodies sitting in an old model car on a Texas 190 bridge over Sandy Creek, nine miles west of Livingston.

Dudley K. Barnett, 46, died in a fire Sunday at his Waco home.

Jesse Brown, 16, of Bogota was killed Saturday in a one-car accident near Deport.

Jeffrey P. Melton, a six-weeks-old infant, was killed and eight other persons injured late Saturday in a two-car accident near Beeville.

Marshall Dawson was killed near Louise early Sunday when his car ran off Farm 2230.

Francisco Vasquez, 43, died Saturday in a head-on collision between a car and pickup truck on a county road southwest of Levelland. Clifton Wayne Turner, 19, was in satisfactory condition at a Lubbock hospital.

Roy Jones, 30, of Marshall died Sunday in a one-car accident on Texas 43 about seven miles northeast of Marshall. Police said his car hit a bridge abutment and flipped over into a creek bed.

Art Dickey, 15, of Ingram died Saturday and two others were injured in a one-car accident nine miles west of Kerrville in South Texas.

Jack O'Neal Crowther, 40, of Shallowater, and his son Carl, 16, died Friday night when their station wagon collided with a train at Shallowater, northwest of Lubbock.

The body of Don Cleveland, 50, of Aubrey was recovered from a lake about 10 miles east of Denton Sunday. Authorities said Cleveland fell overboard while fishing the lake Saturday.

Mrs. Mary Ann Poor, 25, of Victoria died Sunday night when the car in which she was riding collided with a tractor-trailer truck. Police said the accident occurred when the truck went out of control on a rain-slick city street.

Ellis County authorities were searching for suspects Sunday night into the fatal shooting of Johnny Colvin, 18, of Ennis, a Navarro Junior College student.

Authorities said Colvin was shot in the face by one of three men who offered Colvin and a companion, John Stewart, 18, of Ennis a ride and then robbed them.

Pvt. Fred R. Fancher, 20, stationed at Ft. Hood, was killed by a hit and run driver Friday night. Pfc. David Bates, 20, also was struck as the pair walked along U.S. 190.

Maria A. Mancias, 45, of Morton was killed and six persons were injured in a two car collision Sunday night six miles west of Lubbock on Texas 116.

Valachi's Kin Sought

EL PASO (AP) — Officials at the La Tuna Correctional Institution tried to find relatives today to claim the body of Cosa Nostra informant Joseph M. Valachi, 66, who died Friday.

Warden Bill Zecham said no funeral arrangements had been made pending efforts to locate family members to claim the body. Zecham also confirmed an autopsy report that indicated Valachi died of heart failure.

Valachi had been at La Tuna since July 1968, serving a 20-year sentence for second degree murder.

The former underworld figure came into the national spotlight in 1963 when he testified on underworld activities before then U.S. Atty. Gen. Robert Kennedy.

Valachi was imprisoned in Washington, D. C., shortly after testifying and was transferred to the Milan, Mich., federal prison, March 22, 1966, before coming to La Tuna.

Valachi was convicted of second degree murder when he agreed to testify.

At La Tuna, Valachi was housed in a separate cell, was served separate meals and took his daily exercise separately from other prisoners.

He spent all his time under heavy guard in his cell except for his two-hour exercise period.

Program Successful

LITTLE ROCK, Ark. (AP) — Traffic Judge William R. Butler says a voluntary program of giving the drug antabuse to drunks who appear regularly in court has "had almost 100 per cent success."

Butler said more than 60 persons have been put on the program since it was initiated 13 months ago and that only four have dropped out. He says none of those who remained had been back in court for either drinking or other problems.

If a person taking antabuse consumes an alcoholic drink, he becomes violently ill.

Butler says persons who appear in his court three or four times and ask for help are told about the program.

"If they want to volunteer for it, they can," he said. "I will give them the maximum fine under the law, but tell them I will suspend it all upon completion of the program.

"Fining them or putting them in jail doesn't solve the problem," Butler said.

Brewster Is Doing Fine

BOSTON (AP) — Kingman Brewster III, 22, oldest son of the president of Yale University, is reported "doing fine" at Massachusetts General Hospital after emergency surgery for a skull fracture.

Brewster was injured shortly after midnight Tuesday when a car in which he was a passenger hit a utility pole in Oak Bluffs on Martha's Vineyard Island, police reported.

Volunteers Going To Malaysia

KUALA LUMPUR, Malaysia (AP) — About 100 U.S. Peace Corps volunteers will arrive in Malaysia this fall to replace a similar number due to leave, a Peace Corps official said.

SHOW INITIATIVE — These men are students in a course in "Initial Emergency Management and Transportation of the Sick and Injured" at the public safety building. The course includes transportation of persons with back injuries, and there were no devices to demonstrate how they should be transported. So, the men got together and made their own stretcher boards. From left, standing, are Kerry Craig, Bill Miller, Bill Posey, Bobby Burnett and David McIntosh; and, kneeling, Darby Scoff. The course began March 31 and will continue through April 5.

New Postmasters Are Named

DALLAS (AP) — Texas has 55 new postmasters, named over the weekend by Postmaster General Winton Blount. These fill about half the vacancies.

The new appointees are: Amherst, Hazel Davis; Austwell, Julia Bernal; Ballinger, Richard Ueckert; Bartlett, Reno Saage; Batson, Mrs. Jessie Jordan; Borger, Sidney Carpenter; Campbellton, Lydia Rodriquez.

Chico, Mrs. Winonah Lowrance; Crawford, Dorothy Brown; Dickinson, Edward Hogan; Doucette, Charles Willis; Elm Mott, Mary Tustos; Falcon Heights, Mrs. Martha Matthews; Fayetteville, Ludvik Chovanec; Fred, Mrs. Opal Morrison; Gruver, Doris Pinerton; Hico, Lewis Hudson; Justin, Irma Powers; Kirbyville, Arthur Stout.

Lamesa, A.J. McDaniel; Lampasas, Thomas Casbeer; Lancaster, Mildred Smith; Loraine, Mrs. Ruth Butler; McDade, Mrs. Mary Mundine; Manchacha, Fannie Templeton; Markham, Betty Warn; Marshall, F. G. Cariker Jr.; Merkel, Emmett Thompson; Miami, Marshall Hodges; Minus, Billy Tiblets; Mission, Billy Miller.

New Waverly, Mary Slott; Oklaunion, Zelma King; Orange, A.C. Roberts Jr.; Pineland, Ethel Droptini; Point, Dorthy Humphrey; Port Arthur, William McCuistion; Port Lavaca, Patrick Ryan; Port Neches, Luther Dulaney; Pyote, Mrs. Vonnie Coursey; Quemado, Barbara Kelly; Quitaque, Walter Rice; Riviera, Mrs. Mary Bond.

Roby, Lynn Randolph; Sanford, Betty Packebush; Saratoga, Mary Truitt; Skellytown, Mrs. Iona Cornwell; Skidmore, Jack Linney Jr.; Somerset, Warren Healer; Sourlake, Mrs. Evelyn Attaway; Stonewall, Alvin Weinheimer; Venus, Mrs. Etta Martin; Victoria, Linwood Gisler; Von Ormy, Freerick Ernest; and Waxahachie, Roy Almond.

Williams Arrested In Cathedral

NEW YORK (AP) — Hosea Williams, an aide to the late Dr. Martin Luther King Jr., has been arrested in St. Patrick's Cathedral and charged with disrupting Palm Sunday services.

Williams, program director of the Southern Christian Leadership Conference, led a small band of supporters to the cathedral Sunday, the third anniversary of the assassination of King, who founded the SCLC.

Bishop Joseph Flannelly had led several clerics, including Terence Cardinal Cooke, in a procession to the back of the huge packed cathedral as the 1 a.m. high mass was beginning when he encountered Williams and ten followers.

"We come to you as Christ came on Palm Sunday," Williams said.

"How can the church continue to preach the gospel of Jesus and continue to have holdings in big companies that opporess people in South Africa?" he continued. "How can the church continue to live a lie?"

As the other demonstrators began to chant, two policemen outside were summoned and Williams was arrested.

Later, released in his own recognizance, Williams said he did not intend to obstruct to religious service, because "we thought they would allow us to participate in that service."

He also vowed to return to St. Patrick's before the week is out to present demands to Cardinal Cooke, including one that the charges against him be dropped.

"I went to the church on behalf of the black and poor. I committed no crime and I will pay no fine," Williams said.

Poor Box Hit

SAN ANTONIO, Tex. (AP) — A staff member at St. Henry's Roman Catholic church says he caught a man trying to break into the poor box. The man had set off a burlgar alarm wired to the box.

No Problem Seen In HEW Expansion Scheme

By G. C. THELEN JR.
Associated Press Writer

WASHINGTON (AP) — Part of President Nixon's sweeping government reorganization plan calls for melding large chunks of three existing departments and one other agency to produce a lean, well-oiled unit serving the needs of individuals and families.

To be called the Department of Human Resources, the proposed agency would combine the 103,000-man Department of Health, Education and Welfare with parts of the Office of Economic Opportunity and the Departments of Labor and Agriculture.

The stumbling block, sceptics say, is that past HEW unmanageable thicket of warring bureaucracies and special interest groups.

How then can the President expand HEW and expect it to work?

No problem, administration spokesman answer.

HEW is a morass because it is poorly organized not because it is large, they say, and the President's management scheme would fix this.

For example, the secretary now has 24 HEW officials reporting directly to him. Under the reorganization plan, the number would be nine.

Here are some details of the human resources proposal in a question and answer format. The answers are compiled from various statements of administration officials.

Q. What major programs from other agencies would be added to HEW?

A. Alcoholism, family planning, drug rehabilitation, migrants and nutrition programs from the Office of Economic Opportunity; manpower training and unemployment insurance from the Labor Department; nutrition services and meat and poultry inspection from the Agriculture Department.

Q. What would this accomplish?

A. Unification of all government programs "directed at the development and well-being of individuals and families," cut down the fragmentation and overlapping of various federal programs.

Q. What are examples of how this unification will cut waste?

A. Transfer of manpower programs will prevent repetition of the recent construction of two federal job training centers three blocks apart in the same city, one funded by the Labor Department and the other by HEW.

Unification of food programs will end the practice of separate inspectors from the Food and Drug Administration and the Agriculture Department checking the same plants for different possible violations.

Q. What are some other advantages of the new department?

A. Programs would be grouped by their intended function, not by the interest group served. For example, there would just be health programs, not health programs for migrant workers, welfare recipients and the like. Various programs designed to ready welfare recipients for work, such as training, child care, and health, could better focused.

Q. What would be the broad groupings of programs in the new department?

A. Income security, health, and human development.

Q. Take them one at a time and explain what would be in each?

A. The Health Administration would have research programs such as the national institutes, service programs such as Indian health and mental health grants, and protection programs grouped in the Food and Drug Administration.

The Income Security Administration would handle payments for all government social insurance programs, such as Social Security, Medicare, unemployment benefits, and for all assistance programs such as welfare, food stamps, Medicaid and commodity distribution.

The Human Development Administration would include education programs, work training, and social services.

Q. Last question, about how big would this monster be?

A. Some 119,000 employes with a projected budget next year of $90.7 billion.

Rites Set For Torn

TAYLOR, Tex. (AP)—Elmore R. Torn, 64, the man who made it a tradition to eat black-eyed peas on New Year's Day, will be buried Tuesday.

Torn, an internationally known agriculturalist and the father of actor Rip Torn, died of a heart attack last Friday night.

Torn, a native of LaGrange, Tex., went to Vietnam several years ago to help start black-eyed peas crops there. The early crops were destroyed by insects, but Torn believed peas could be grown in Vietnam with the aid of insecticides.

Torn rose to the rank of lieutenant colonel and during World War II he assisted in reinstating the agricultural economy in Europe.

Survivors include his wife, a son and daughter, and his mother, Mrs. R. F. Torn, of Taylor.

Good Anytime! 555-1212 No extra charge!

This is the phone number for Directory Assistance in any distant city. And there's no extra charge for calls to 555-1212. Suppose you want the number of someone in Denver. Just dial "1," plus the Area Code (Denver's is 303), plus 555-1212. No, you can't redeem the coupon, but the number's good anytime you want to use it.

This is not a valuable coupon.

(but its number is!)
