Believe It Or Not  
TULSA, Okla., May 13. (AP)—A terrapin released here 36 years ago by Walker Mineheart, now dead, after he had carved his name, address and the date upon its back, was returned here by a motorist who said he found it near Memphis Tenn., nearly 400 miles away. Mrs. Charles Lowrie, formerly Mrs. Mineheart, to whom the terrapin was returned, said today she was with Mineheart when he made the inscription.

Good Reason  
DETROIT, May 13. (AP)—Mrs. Helen Hotchkiss put up with her husband introducing her to his friends as "my crabby wife," she told the judge, but later he added an insult that she couldn't stand. She left him, she said because he told a photographer friend that he would "pose for a picture with his dog, but not with his wife." Judge Joseph Moynihan granted a divorce.

Brother Sought  
DUNCAN, Okla., May 13. (AP)—Police today sought Jeff Cunningham, the aftermath of a gun battle near here last night in which one of Cunningham's brothers was killed and two other brothers and two officers wounded.

## WARNINGS ARE FOUND TODAY ON BUILDINGS

## BLACKS TOLD TO LEAVE CITY; PROBE INTO MOB CONTINUES

(By Associated Press)  
SHERMAN, May 13.—Typewritten warnings advising negroes that unless they left Sherman within 24 hours their homes would be destroyed were found by national guardsmen tacked on several residences in an outlying negro section today.

## Another warning was found at the business place of a Sherman contractor who employed a number of negroes. It advised the contractor that he must discharge his negro workers within 24 hours.

## To Be Protected

Col. L. S. Davidson, provost marshal, advised the negroes and the contractor to disregard the warnings and reiterated his statement that the lives and property of negroes would be protected.

## He said guards in the negro section had been strengthened and the troops had been ordered to shoot anyone they caught attempting incendiaries.

## The officer said the military court of inquiry had some leads as to last night's activities and that it was prepared to make a thorough investigation.

## State rangers continued their roundup of suspected members of last Friday's mob, three arrests being noon bringing the total to 33.

## Those arrested today were Webb Purdon of Van Alstyne, and Jimmie Arnold and G. R. Alsup, both of Sherman. All were docketed on a charge of "incendiaries and inciting riot."

## Military authorities still were of the opinion martial law could be lifted by end of the week unless there were disturbances more serious than the posting of anonymous warnings.

## Asks Co-Operation

Calling for closer cooperation between small town and unit banks, Horne expressed the opinion that the convention should go on record as opposing further legislation toward expansion of banking privileges.

## SHOLAPUR IS NOW IN HANDS OF NATIVE GOVERNMENT

(By Associated Press)  
Mahatma Gandhi's Sholapur liegions today seized the city of 119,581 population and swiftly brought upon themselves a state of martial law with investiture of the city by government troops. The natives set up Swaraj (self government) in defiance of British dominion.

## The Bombay government summoned a special session at Mahabaleswar, summer capital, to deal with the extraordinary crisis.

## Leaders Sentenced

While Dr. Sarojini Naidu and Mahatma Gandhi prepared to launch salt raids on government depots, Abbas Tyabji, Gandhi's successor whom Dr. Naidu succeeded, and numerous other leaders were sentenced to terms of imprisonment ranging from six months in Tyabji's case to three years in Gandhi's attitude in that of other disturbers.

## A general hardening of the government's attitude on all sides was evident today.

## Four persons were killed and twelve seriously injured in a free fight with hatchets and axes between Mohammedan peasants of Kakiri village today.

## Well known in the city as a welfare worker, Mrs. Barrier was one of the most prominent members of the Baptist church here. She is a charter member of the T. E. L. Sunday school class.

## The body arrived in Lubbock this afternoon and will lie in state at the family home until tomorrow afternoon. Rix-Sanders will be in charge of funeral arrangements.

## Several brothers and sisters survive.

## At least six persons will represent Lubbock tomorrow at a meeting in Dallas of the Texas Farm Bureau Cotton association when plans will be discussed for converting that organization into the recently Texas Cotton Cooperative association.

## R. J. Murray, president of the Lubbock Board of City Development; W. O. Stevens, vice president of the Citizens National bank; F. R. Friend, vice president of the First National bank; C. E. Maedgen, president of the Lubbock National bank; N. H. Payne, field director of the Texas Farm Bureau Cotton association; E. R. Davis, of Acuff, director, and R. E. Overstreet, retiring director, are scheduled to attend the meeting.

## Measur. Stevens, Friend and Maedgen are now in Fort Worth attending the session of the State Bankers association.

## Due to the fact that Lubbock is to be established as a concentration point for the cotton cooperative association in district two, the meeting will be watched with interest by the local delegation.

## It was genuine near beer, nothing else, so the agents went on their way.

## Tony said he guessed he must have put too much air pressure in the barrel.

## WINNER OF TRIP

A trip to Europe is the reward of Edward Heyman, below, of Fort Sanilac, Mich., senior at Michigan State Normal college, Ypsilanti, for his winning paper on various phases of the League of Nations. Heyman's \$5,000-word manuscript was adjudged the best submitted by any college student in the United States to the League of Nations association, which conducted the contest.

## HORNE GIVES APPROVAL TO BANDIT FUND

## TEXAS BANKERS' HEAD SAYS REWARD CUTS DOWN ROBBERIES

(By Associated Press)  
FORT WORTH, May 13.—Describing the \$5,000 reward fund offered by the Texas Bankers association for dead bank bandits as of salutory effect in diminishing the number of bank holdups in the state, A. A. Horne of Galveston, president of the association, expressed himself as favoring its continuance in his annual report here today.

## The president's report was given before a convention attendance reduced somewhat below expectations by the heavy rains last night which made roads in many parts of the state almost impassable and delayed the arrival of many of the bankers.

## He recommended that all small banks should become members of a county organization or regional clearing house to handle problems of mutual interest successfully and for the interchange of credit information.

## He described the unit form of banking as the kind best to serve a producing state such as the state of Texas.

## He endorsed the nomination of F. M. Law, president of the First National Bank of Houston, for the vice presidency of the American Bankers' association, as an opportunity to give Texas and the southwest its first president of the national organization in 1933.

## Increase Shown In Laredo Population

LAREDO, May 13. (AP)—An increase of 9,951 in Laredo's population during the last decade was shown in figures released today by the census supervisor for this district which placed the population at 32,661 compared with 22,710 in 1920.

## TONY'LL WATCH HIS BARRELS

DETROIT, May 13. (AP)—Tony Doukas, bartender, had heard a barrel making the same hissing noise all day, so he paid but little attention to it. Then—"Boom," went the barrel, liquid splashed all over the place and Tony was blown ten feet away and knocked unconscious.

## A couple of prohibition agents were nearby. They heard the blast, rushed to the place, revived Tony and excitedly began to sponge up the liquid from the exploded barrel. But—

## It was genuine near beer, nothing else, so the agents went on their way.

## Tony said he guessed he must have put too much air pressure in the barrel.

## FACES DISMISSAL

WEST POINT, N. Y., May 13. (AP)—Immediate dismissal of Christian Keener Cagle, below, from the military academy was forecast today by Army officials following new dispatches confirming reports of the Army football captain's marriage nearly two years ago, in direct violation of West Point regulations. He was married to Miss Marian Mansford Hille at Gretna, La., Aug. 25, 1928.

## TAHOKA AND AREA STRUCK; RIVERS HIGH

RAINS OF ONE-HALF TO FIVE INCHES ARE REPORTED

One person was drowned and thousands of dollars damage to farming land, highways, railroads and other properties caused by terrific rain and wind storms that swept sections of Texas Monday afternoon and Monday night.

## Rainfall measuring from one-half to five inches was reported.

## Damage estimated at about \$10,000 was sustained by Tahoka property owners late yesterday afternoon by severe wind, rain and hail storms which left a precipitation of about 1.28 inches.

## The central, south and southwestern portions of the county also were struck by the unfavorable weather, while only slight damage was recorded in those sections, due to scarcity of wind.

## Roofs Beaten In

Roofs of dwellings were beaten by the hailstorm in Tahoka and many outbuildings were blown down.

## Hogan Dry Goods company reported the heaviest damage in the business section. Display windows of the company was broken and much damage was done to merchandise.

## Yesterday's rain brought the total for Tahoka to 3.32 inches in the past 12 days.

## Rain was reported all along the route of the Texas and Pacific railroad. Rains were also reported at Brownfield, Snyder, Post and Lamesa. Bus service was slightly interrupted along those points.

## Five inches of rain fell at Snyder, 12 miles north of Brownfield. Creeks in curvy country were turned into veritable rivers. Part of the Santa Fe tracks at Justiceburg were washed out, but repaired later, and several bridges were carried out on Highway No. 7, north of Snyder.

## Some hail fell at Amarillo but no damage was reported. Precipitation in Lubbock and the country has been largely of the shower variety.

## DAMAGE IS \$10,000 AT TAHOKA

## Methodist W. M. S. Meets On Monday

Circle 4 was in charge of the devotional period at a meeting of the First Methodist Women's Missionary society Monday afternoon.

Mrs. G. F. J. Stephens led the devotional prayer, and Mrs. H. W. Sims led the prayer.

Talks on "Teachers in the Home" were given by Mesdames G. B. Walden, J. W. Gordon, and J. R. B. Cooper. This was followed by two songs, "In the Garden" and "What a Friend We Have in Jesus," sung by Mrs. Alberto Leones.

Other guests were Mrs. William Williams, Walter Hall, W. H. Williams, Thos. Harnwood, W. B. Jones, J. Waldrop, B. G. Marshall, Raymond Marshall, Vaughn P. Spores, Raymond P. Spores, G. L. Lawler, C. W. Penney, J. B. Penney, Daniel Watson, Anna Snavels, Edzar Capelman and G. C. Jenkins.

## Dutch Motif Used For Bridge Party

One of the lovely bridge parties during the week-end was given by Mesdames Helen Thomas and Mary McAnulty in the home of Mrs. K. L. Riggs, 1901 13th street.

The Dutch motif was featured in tables and score pads.

Red tulips were given as high score prize to Miss Cordelia McCaskey, and Mrs. Howard Pearson was favored with a deck of cards in Dutch design for second high. A deck of cards also was given Miss Bernice Phipps for high cut.

A Dutch tea was served at the close of the games to Mesdames F. H. Childress, Ed O'Sullivan, G. H. Aker, Howard Pearson, Victor Payne, J. O. Morgan, K. L. Riggs, Herbert Street, Elizabeth Hailey, Jack Parsons and Burford, Misses Hazel Armstrong, Alice Armstrong, Rosabel Jones, Bernice Phipps, Ger-

# On The Edge Of This Volcano Grows The Choicest Coffee Known

**FOLGERS COFFEE**

ANTIGUA VOLCANO, GUATEMALA—From this fertile region comes a rare flavor coffee, brewed the world over. Folger's finest breakfast coffee is brewed from the coffee as well as the berries to market.

... If you've never tasted these rare mountain coffees from the West Coast —Do it Today!

NATURE'S choicest coffee is grown on the slopes of an old volcano. It is flavored in Nature's own way, by steaming tropic rains . . . rich volcanic soil . . . brilliant mountain sunshine. . . All of these combine to give it a rich vivid flavor that is utterly unlike any other coffee known.

This is one of the rare mountain coffees that you taste in Folger's. They are grown for us in certain tiny mountain districts along the West Coast of Central America. Coffees with a winey tang and delicious mellow body, that experts agree are not duplicated anywhere else in the world.

If you've never tasted Folger's, we believe your first cup will be a revelation.

**A New Flavor**

Ordinarily you note little real difference when you change from one brand of coffee to another. That is because over 70 per cent of all the coffee entering the United States comes from one common region—where Nature gives it the same common taste.

The Central American coffees that we use are another type altogether. Grown in a different country where Nature gives coffee a rare flavor found nowhere else in the world.

You will realize that this is no ordinary coffee with the very first rush of fragrance that comes with the opening of the tin.

**The Flavor Test**

because Folger's flavor is so distinctly different, we make an unusual offer. Buy a pound of this coffee today. Drink it tomorrow morning. Next morning drink the coffee you have been using. The third morning serve Folger's again. If for any reason you do not choose Folger's, your grocer will gladly refund the full price. We'll pay him. That's fair, isn't it? Why not try it today?

# GRADUATES OF HIGH SCHOOL HEAR SERMON

## DR. JACK M. LEWIS IS SPEAKER TO GROUP LAST NIGHT

Urging development of the spiritual side of life, Dr. Jack M. Lewis, pastor of the First Presbyterian church, delivered the baccalaureate sermon last night before 265 seniors of Lubbock High School in the auditorium of the First Baptist church.

"The Successful Life," was the theme of the eloquent sermon. The text was Luke 12:15: "A Man's Life consisteth not in the abundance of the things which he possesseth."

**Quotes Business Men**  
Dr. Lewis quoted outstanding business men of Lubbock who had told him the contributing factors toward success in their lives.

"With hardly one exception they said that they did not necessarily consider the richest man or the man who is socially prominent a success," said the speaker. "On the other hand some said that he who has reached the point where he is at peace with the world and is particularly sympathetic with his fellow man is successful, while others branded as successful the one whose influence is positively good; who works hard and who puts first things first."

The speaker said that spiritual quality gives for inward satisfaction and that one who places a material goal as his ultimate aim is likely to find that it takes the wings of the morning and flies beyond his grasp. "To be successful," he continued, "one must be in a proper relationship to his Maker and his fellow man. A proper attitude toward his fellow man and choose that calling that is worthy of the sacrifices which must be made before it realizes a success in it."

**Exercises Wednesday**  
Commencement exercises will be held Wednesday evening at 8 o'clock at the First Baptist auditorium. Dean A. H. Leighton of Texas Technological college will deliver the principal address. S. C. Wilson, vice president of the board of education of the Lubbock Independent School district, will present diplomas. M. H. DeWitt, superintendent of public schools, introduced the speaker last evening. Preceding the sermon the audience sang "On Christ the Solid Rock." Following prayer led by Dr. Lewis, the high school choir sang "Twilight and Evening."

# REVIEW OF THE WEEK'S FOREIGN NEWS

By The Associated Press

**(By Associated Press)**  
A wave of violence succeeded the non-violent civil disobedience campaign of Mahatma Gandhi in India last week after the elderly nationalist leader was interned by the British.

As word of the arrest of "The Holy One" seeped through the restless millions of Britain's great Asiatic domain, rioting became widespread.

**50 Killed, 400 Hurt**  
The most serious trouble was at Sholapur, beginning Wednesday, and insurgents virtually had control of the city until troops and police reinforcements arrived. Unofficial estimates placed the dead at 50 and the wounded at 400 in two days of disturbances. Three policemen were burned alive after kerosene had been poured over them. Five others, listed as missing, were reported to have had their eyes gouged out and their hands thrown in a well to perish. European women and children were evacuated. Order apparently had been restored by Saturday.

Other disorders occurred at Delhi, where police killed two rioters after an assembly had been forbidden, and at Calcutta, where 15 nationalists were injured when they attempted to interrupt railway service. Minor trouble was reported from all parts of India.

**Making Cloth**  
Through all this the Mahatma sat quietly in his quarters in prison near Poona, living in his asceticism and making homespun cloth on a handloom spinning wheel. The British provided him comforts and are watching his health, fearing the consequences if anything happens to "The Great Soul" who is virtually worshipped by millions of Hindus.

The Young plan, which puts world war reparations problems on a business basis, was declared effective Friday after ratification by Germany, France, Great Britain, Italy and Belgium. It provides the Dawes plan and provides for payment of war annuities through the bank for international settlements at Basel, Switzerland. The first act will be the issuance of \$200,000,000 in reparations bonds.

**Pagant Held**  
Religious pagantry marked the thirtieth international eucharistic congress, held in historic Carthage on the north coast of Africa, where thousands of Christians were martyred early in the Christian era. Pilgrims from all the world, including three shiploads of Americans, took part in the celebration and glorification of the holy eucharist.

In China the nationalist government forces of Chiang Kai-shek are battling a northern coalition headed by Yen Hui-shan and Feng Yu-hsiang, which has seized the ancient capital of Peking. Both sides are claiming victories along a 70-mile front near the Lunghai railway and while磋商 has been on the details it is known that 20,000 wounded nationalists were entrained for hospitals Thursday. Murders and bandits continue to ravage the interior, meanwhile, with the slaughter of 15,000 persons by 4,000 marauders at Yung-Yang.

# LOCAL GROUP SEEKS QUIET, ACTIVE MEET

## BUSINESS-LIKE MEET FOR WTCC IS ASKED FOR LUBBOCK

Although this city will be prepared to place a bid for the 1931 meeting, the steering committee of the Lubbock Board of City Development does not plan a noisy campaign at the annual convention of the West Texas Chamber of Commerce in Abilene May 29, 30 and 31, it was announced yesterday.

"It will be a business-like meeting, so far as we are concerned," said Frank Maddox, chairman of the committee, composed of R. J. Murray, W. W. Rife, Frank Kent, B. Sherrod, Charles H. Read, Marvin Collier, S. A. Wells, Charles A. Guy and L. E. Grimes.

**To Send 25 Men**  
The committee voted to send a maximum of 25 business men to seek the convention.

A restriction was placed in one motion which was passed to the effect that the committee invite the convention, provided that such will be strictly a business meeting, to cost no more than \$3,000.

**World Ban Contests**  
The committee favored eliminating the band contest in connection with the West Texas Chamber of Commerce, as well as the pagant and other entertaining features that tend to distract from the accomplishments of the convention.

Members of the committee pointed out time and time again in the committee meeting that a small representative group of business men from each of the towns of West Texas can accomplish much more for West Texas in the annual convention if they are permitted to meet and concentrate on West Texas' problems.

It is with this idea in mind that the committee dares to suggest that a majority of the entertaining features of the annual convention be eliminated next year.

**Vote Against Seaverix**  
Carrying out their idea, the committee voted against taking Seaverix along. The committee voted "no" when the question of putting

Two Japanese, Kakichi Tanaka and John Dos Yomomoto were indicted with Mendell. Bonds were set at \$4,000.

The indictments resulted from Mendell's arrest by Mexican officials recently.

# ELIMINATION OF FIRE HAZARDS IN STATE PENITENTIARY IS REQUESTED

(By Associated Press)

AUSTIN, May 13.—Recommendation that immediate steps be taken by the prison board to eliminate fire hazards at the state penitentiary was made yesterday in a report of the investigation of the Huntsville plant by J. W. DeWeese, state fire marshal. He declared the prison the worst fire hazard ever to come under his observation.

Although he condemned the plant generally, DeWeese placed particular emphasis on the hazards of the hospital, cell blocks and administration buildings.

**Hospital Worst**  
The report stated that of these three, the hospital was the worst, declaring that its interior construction is a mass of wood with open stairways. Among the recommendations made concerning this building were: installation of adequate fire escapes and fire shutters; construction of a fireproof room for the storage of X-ray films, and protection of other buildings from any

fire which might start in the hospital. The X-ray films, the report stated, now are being stored in a room of the hospital that is separated from the rest of the building only by wooden walls. The practice of storing large quantities of anaesthetics in the building also was condemned.

Recommendation that provision be made for the quick release of prisoners in the cell blocks through installation of an interlocking device, was made. Under the present system, each cell has an individual lock and DeWeese pointed out that it would be practically impossible to release all prisoners in time to prevent loss of life in case a fire started in the block. Construction of additional emergency exits also was urged.

DeWeese asserted the construction of the cell blocks is such that inmates themselves could set the building afire and urged that the wooden ceiling be covered with metal to prevent incendiary fires. The report also urged that fire doors be installed in unprotected openings in the fire walls and that the cell blocks be divided into three distinct fire areas.

Inspection of the administration building disclosed, the report stated, that a fire in the cell blocks would probably result in serious loss of life in the cell blocks. The construction of the administration building is such, DeWeese stated, that heat and smoke from a fire would spread to the cell buildings quickly and suffocate the inmates.

# VERY NERVOUS, NO STRENGTH

Lady Says She Has Taken Cardui In The Spring As a "Building Up" Medicine.

Buena Vista, Ohio.—"About ten years ago I had a break-down, and it seemed I could not get myself together again," says Mrs. Hester Malone, of this place. "I had no strength and was very nervous. I would have spells when I would just have to give up, for I could not keep going."

"I thought Cardui might help me. I began taking it and I soon began to improve. I grew stronger and was not so nervous. I slept well and I could eat."

"I took Cardui for several months, and all the time I was gaining in health and strength. I have taken Cardui during the spring for several years, as I think it is an excellent tonic. It builds me up."

# Texas To Recover On Casinghead Gas

AUSTIN, May 13. (AP)—The University of Texas is entitled to recover one-eighth of the value of casinghead gas under outstanding leases although no stipulation was made for royalty on this product.

Attorney General Robert Lee Bobbitt has held in an opinion to J. W. Calhoun, comptroller of the University of Texas. The opinion was based on the conclusion that casinghead gas is a constituent of oil and would be embraced by the provisions providing for royalty on oil.

The opinion advised that the value of the casinghead gas for royalty purposes should be determined by the value of the gas at the well and held that payment of royalties also should include casinghead gasoline and residue gas.

The decision was expected to be used as the basis for recovery by the University of Texas of several thousand dollars.

Recovery also will be sought for the difference in the royalties that have been paid on the one-tenth basis, the opinion holding the university was entitled to one-eighth.

# GIANTS PROVE CONQUERERS OF CUBS, PIRATES

## COUNTRY CLUB MATCH PLAY STARTS

Two Lubbock baseball teams suffered humiliation at the hands of smaller-town aggregations Sunday afternoon, thanks to the splendid "co-operation" which has been in evidence since the season opened in this city. On the Merrill Park diamond, the Tahoka all-stars ran wild on the bases to wallop the Lubbock Advertisers 24 to 4. At Southland, another crew of Lubbock rookies was completely routed 19 to 1. Neither team had more than two or three seasoned players in its line-up, the opposing teams taking great delight in handing the Lubbock clubs a sound trouncing.

The reason for this pair of one-sided defeats handed the local clubs is apparent. Instead of joining forces to give the city a strong diamond unit, rival managers have sprung up over night, cutting at each other's throats with great glee. Repeated victories of smaller-town teams over Lubbock representatives don't give this city any desired publicity. If there were a scarcity of baseball talent here, this miserable showing of teams flaunting the banner of Lubbock might be excusable. But there is no reason why a high class semi-pro aggregation cannot be organized within the limits of this Plains metropolis. And it cannot be accomplished when the baseball strength is divided between warring clubs.

Lubbock baseball fans lost confidence in local activities several seasons ago. There were times last season when the Hubbers came to life and gave the customers a good brand of baseball, but these times have been few and far between. Team organization has been haphazard as well as the management of the business end. The season of 1930 has come around and no club has leased the park for the year. Wrangling has been wholesale and as a result baseball has been getting nowhere fast.

Until the numerous managers see fit to "get together," this situation will continue to hold back the game. The real baseball months are just around the corner; the time has come for concentrated action.

Announcement of the selection of a new coach for the Quannah last week carried considerable interest for members of District One. D. W. Stalworth, assistant grid mentor under Paul Tyson at Waco for the past three years, has been named head coach at the Hardeman county capital, succeeding Jim Bradford. The new Indian mentor is a graduate of Baylor University and has taken graduate work at the University of Michigan. Leaving a winning team and coming to a ball-ender in another district, Stalworth is facing a tough job at Quannah if he hopes to bring the club out of the basement.

Here's the latest—Max Schmeling, the German heavyweight who has come to this country again in quest of the boxing crown left open by Gene Tunney, has become so popular in New York that a lot of rate crushers are putting beer stains on their vests and pretzel crumbs in their pockets. He is a nothing like that old fraternal feeling.

"I am happy to be in America. I will enjoy it here," said Max, and then he went out and tried to play a round of golf to prove he was wrong.

Today in Austin, the Texas University Longhorns, baseball champions of the Southwest conference for the past 18 years, will make a desperate stand against the invincible T. C. U. Horned Frogs in a doubleheader. Boasting one of the strongest diamond aggregations in the history of the Port Worth school, the Frogs of Dutch Meyer are sitting astride the top perch in conference standing and the team bill today is heralded as the deciding game in the race. By taking both ends of the double bill, the Horned Frogs could practically clinch the championship, while the Steers could turn the tables and get back in the running.

Running on a slow, rain-soaked track, Cy Leland and Claude Bracey, the sprint twins of the Southwest conference, turned in remarkable performances yesterday. College Stadium in the annual conference meet, Bracey splashed through mud and water to breast the tape a foot in front of Leland in the 100, winning in 9.7 seconds. Leland was off to a better start in the 220 and likewise set a new conference record, being clocked in 20.2 seconds. Considering the condition of the track, both marks were sensational.

### MCGRAW HAS BETTER MEN AT BATTING

#### THREE OUT OF FOUR WON FROM BOTH RIVAL CLUBS

BY HERBERT W. BARKER  
Associated Press Sports Writer

The New York Giants have tangled for the first time this season with their chief rivals, Chicago and Pittsburgh, and th honors must go to John McGraw's fence-busters beyond dispute.

On the crest of a terrific hitting streak, the Giants rode roughshod over both the Pirates and the Cubs, taking three games out of four from each of the two formidable western clubs. The net result was to give the Giants a firm grasp on the league leadership.

**Pounded Out 121 Hits**

During their last eight games with the Pirates and Cubs as opponents, McGraw's sluggers have pounded out 121 hits, including an even dozen home runs, and scored 73 runs. The average per game was 9.2-3 runs and 15 1-8 hits.

It remained for the final game of the series with the Cubs to provide most of the fireworks. The Giants won 14 to 12. Nine home runs were hit, three by the Giants and six by the Cubs. This game within one of the record for teams set by the Cardinals and the Phillies in 1923 and the Cubs' total also backed but one of the best major-league marks for one team. The Cubs equaled the record made by Pittsburgh in 1894 when they pounded out four homers in the seventh inning.

**Brooklyn Loses**

Beating Brooklyn, 6 to 2, Pittsburgh not only broke a four-game losing streak but created a triple tie for third place with the Robins and Cincinnati Reds as their companions in Ervin Braun's record six hits while the Pirates collected 11 off Dudley and Morrison.

The Reds nosed out Philadelphia, 7 to 6, for their ninth victory in their last 12 games. The Phils tied the score in the eighth on Klein's double and Whitte's single but the Reds came back in their half of the same frame to score the winning run on Sukeroff's triple and Alken's sacrifice fly.

**Piperas Turns in the Best**

George Piperas turned in the best pitching performance in the American league when he allowed the Tigers only three hits and hurled the Yankees to a 7-0 win. Lou Gehrig hit his eighth home run of the year in the sixth.

The Boston Red Sox's five-game winning streak was halted by St. Louis, 3 to 2 in 10 innings. Lascene gave the Browns only four hits in the first nine innings but was reached for a sixth home run and a sacrifice fly in the tenth.

The Athletics maintained a half-game lead over Washington for first place by trouncing Cleveland, 13 to 6.

Bob Burke allowed only five hits as Washington trounced Chicago, 13 to 2.

**STAR NEVER PLAYED IN WORLD SERIES; ON BENCH NOW**

BY JACK SORDS  
Central Press Sports Cartoonist-Writer

He never played in the big series. That is one of the tragedies of George Sisler, a one-time wonder from the University of Michigan, as he sits on the sidelines during ball games played by the Boston Braves. A great player of another day not good enough to play first base even for a fall-end team.

Sisler's name was ranked with the greats of the past decade—all of whom participated in at least one world series. Rogers Hornsby, Babe Ruth, Walter Johnson, Tris Speaker, Ty Cobb—the list goes on.

**Denied Him Chance**

Fate has denied him the chance that came to Stuffy McInnis, Lou Gehrig, Jake Daubert, Dick Hoblitzel, Jimmy Fox, Jake Stahl and Franz Childs—men better first basemen than George, but given the opportunity to shine in the great autumnal games.

The passing of Sisler, which now seems imminent, will bring to a close a series of misfortunes which dogged George's steps since he suffered an attack of amnesia trouble which struck him down at the peak of his career as the great star of the St. Louis Browns and the idol of the Missouri metropolis.

Before fate confounded him Sisler was the most brilliant first baseman in either league. He twice passed the 400 mark in batting, once achieving the remarkable season of 1920. He was the first man in either league to win the title of "most valuable" to his team. He was a great stealer of bases, a fast runner and a fine-headed ball player.

On the last of the summer came Sisler's failure as a manager. Under his tutelage the Browns failed to get anywhere because Sisler, a great player, had not the faculty of transmitting his skill and baseball knowledge to others.

Returning to the rack as a player his old effectiveness was gone and the American league permitted him to be waived out of the circuit. George being picked up by his old friend and rival for St. Louis, cheers, Roberts Hornsby, who was then with the Boston Braves. Boston paid Washington \$7,500 for a player who six years before was just about the most brilliant player in either league.

BRACEY AND LELAND DIVIDE DASHES; 3 MARKS SET

(By Associated Press)

COLLEGE STATION, May 13.—The crown for excellence in track and field work in the Southwest conference for 1930 today rested on the brow of the Texas Agricultural and Mechanical college.

Fighting opposing athletes of other conference schools and rains for four days, the Aggies finally captured the conference title yesterday with 21-3 points. Rice was second with 32-3. The others in order were Rice, 311-2; Baylor, 211-6; Arkansas, 19; T. C. U., 10; and S. M. U., 8.

Willis of Rice was high point man with 10 points. Second place found five men tied as follows: Cy Leland, T. C. U.; Claude Bracey, Rice; Harlan, and Slocum of A. & M.; and Hammond of S. M. U.

As usual in conference meets this season, Bracey and Leland were the centers of attraction. Leland set a new mark in the 220 for the conference at 20.2, and Bracey set a new record in the 100 at 9.7.

The pole vault also saw a new record set. Steier of A. & M. clearing the bar at 13 feet, 1-2 inch.

**Summaries:** 440 dash—Westerfeld, Texas, first; Emmons, A. & B. second; Larkin, Rice, third; Tracy, A. & M., fourth. Time 30.2. 100 dash—Bracey, Rice, first; Leland, T. C. U., second; Goddard, Baylor, third; Oliver, T. C. U., fourth. Time 9.7 (new conference record).

One mile—Willis, Rice, first; Gresham, Arkansas, second; Jacobo, Rice, third; Guiffin, Texas, fourth. Time 4:37.8.

High jump—Guise and Strickland, Baylor; Holmsake and Lester, A. & M.; Perkins and Underwood, Texas, tied. Height 5 feet 8 inches. Shotput—Grace, Baylor, first; Hammond, S. M. U., second; Alexander, Texas, third; Mitchell, Baylor, fourth.

**WHITNEY HEADS EXCHANGE**

NEW YORK, May 13 (AP)—Richard Whitney, vice president of the New York Stock Exchange for the last two years and a member of the board of governors since 1919, Monday was elected president of the exchange to succeed E. H. H. Simmons, who is retiring after serving as head of the exchange six years.

**SEEK ADDITIONAL JUDGE**

WASHINGTON, May 13 (AP)—The senate today passed and sent to the house a bill to authorize the appointment of an additional circuit judge for the fifth judicial circuit, comprising the states of Georgia, Florida, Alabama, Mississippi, Louisiana, Texas and the Canal Zone.

**NEW AND LIGHTER GOLF BALL USED IN TOURNAMENT; PLEASES PLAYERS**

NEW YORK, May 13 (AP)—The new and lighter golf ball has gassed its first tournament test with something like flying colors.

The test of the new ball, which will go into general use in the first of next year, was made in an 18-hole sweepstakes competition at the Fairview Golf Club, White Plains, yesterday. Use of the new ball was made obligatory and the test had the sanction of the Metropolitan Professional Golfer's association.

While there was some complaint that the new ball did not putt well and was difficult to drive from the tee in a heavy wind, Joe Turnesa of Elmford, N. Y., had no protests to make. Joe won the event with a fine

**Seven Americans In British Play**

FORMBY, Eng., May 13 (AP)—Seven Americans survived today in the British Women's Golf championship when the field was reduced to 32.

The survivors are Miss Glenna Collett, Miss Maureen Orent, Miss Helen Hicks, Miss Virginia Van Wic, Miss Edith Quier, Mrs. Leo Federman and Mrs. Stewart Hanley.

### Primo Knocks Out 3 Heavies

By The Associated Press

OGDEN, Utah, May 13.—Primo Carnera, man mountain of Italy, last night knocked out three boxers here in five minutes of activity.

Carnera first stopped Jack Silver, 220, Seattle, in 2 minutes. Al Dawson, 205, Ogden, then stepped into the ring and was floored for the count in 2 minutes and five seconds. The last victim, Ed Wilks, 175, Ogden, was dropped in one minute.

A crowd of 3,000 fans watched the Italian giant toy with his prey, knocking each opponent down five or six times before finally ending the battle.

### EMANUEL DEFEATS JIMMY MALONEY

LOS ANGELES, May 13 (AP)—San Francisco's battling barrier Armand Emanuel today held a 10-round decision over Jim Maloney, Boston heavyweight, a late rally here last night resulting in the victory.

The victor was outweighted 20 pounds, entering the ring at 187 pounds. Several months ago Maloney won a decision from Emanuel at Boston. The west coast fighter had protested that the first knockout was won by a low knockout blow.

Maloney jarred Emanuel in the fourth with hard overhand rights to the head and again in the ninth round hammered the barrier severely about the head and body. Emanuel weathered the storm and came back strong in the tenth. He apparently was superior in the first three rounds, with Maloney scoring in the fourth, eighth and ninth and with the fifth, sixth and seventh even.

Miss Sheila MacDonald, aged 19, the youngest daughter of the Prime Minister of England, has been given her hockey blue at Oxford University and recently played against Cambridge University women's team.

Nearly half the estimated world production of Norway for 1931 is already contracted for.

Thought For Today

The drunkard and the glutton shall come to poverty.—Proverbs 23:21.

Drunkennes is nothing else than voluntary madness.—Seneca.

A Plague

The world changes rapidly, as far as the conditions under which men live are concerned. But nature's basic laws move forward very slowly.

A plague of locusts is infesting the land of Egypt once more.

Thousands of years ago the locusts had established themselves in this same Egypt, as one of nature's most deadly weapons.

"On To Hobbs" is the by-word of today's caravan from Midland.

From the wisecracker on the sports desk "Love is about the only game that is never stopped because of darkness."

PERHAPS many were surprised to learn in a recent statement from Judge Robert H. Bean that Lubbock County donates about \$5,000 annually for charity and that the total fund subscribed to the chest a little more than \$7,000 is budgeted to the Salvation Army and the local chapter of the American Red Cross.

It appears to the Plainman that the county should be relieved to a great measure of the burden of investigating and aiding in problems of poverty.

The Plainman has learned that an efficient filing system is being installed at headquarters of the community chest in the city hall.

Today's news from the high school: You won't find many lazy students taking the graduation exercise Thursday night.

We understand that the telephone girls have to plug for a living.

An Iowa attorney wrote that "women are like whisky." What a compliment this might have been in pre-prohibition days!

THE PLAINSMAN

That girl on Broadway says gasoline quickly removes spots from dresses and that her dad says it takes the five and ten spots out of trousers too!

"THE PLAINSMAN" is being "worked up" by the "working" men of the editorial staff of the Avalanche-Journal today so if you get a big "kick" out of it, kind readers, please don't give any credit. Just send in the rath to the American Legion Home drive.

This substitute Plainman, while a great booster for Lubbock and a believer that this city is the most progressive in West Texas, still has the idea that a bit of constructive criticism would not be amiss. Lubbock has long been known as the "Hub of the Plains," the metropolis of this wide area and thousands of dollars annually are added to Lubbock payrolls through this position.

But, with the advent of the oil industry into western Texas and southeastern New Mexico, a richer field for expansion has thrown its doors open. Instead of receiving this development and making the most of it, Lubbock has rather lethargically made a bid for the trade of this new empire.

To our south about 120 miles is a little city of barely past 5,000. It is doing what Lubbock should have done long ago—stretching forth a hand of friendship and thereby molding a feeling of goodwill which will pay many fold.

Thousands of years ago the locusts had established themselves in this same Egypt, as one of nature's most deadly weapons.

DEAD DOCTOR I hope you will find my question of general interest. I have had a headache for several days.

My mother used to suffer with headaches but they left around the change of life. You see I am so much underweight but with a growing family to take care of I can't afford to be so thin.

I have had what the doctor calls an ulcer on my stomach for two years or more and it doesn't seem to heal. What can I do about it? It is so disagreeable. Thank you so much.

In New York

NEW YORK, May 12.—The night life of the cosmopolitan island is not reserved for Broadway or Harlem or any other limited area.

Practically every nation that has sent its sons and daughters to New York has some form of night club or play place. And in many of these the lights burn far longer and later than they do in the giddy city.

Thus for instance, there is a spot where Arabs gather and where the dancers ever cross the doorway, and these enter only when accompanied by one who belongs to the inner circles. Guests do not gather until about three in the morning, an hour when Broadway resorts are closing their doors for the night.

Not only in their native food served, but Arabian dancing girls are on hand to remind the patrons of their homeland. The music is of the desert.

There is another class of Arabian who attend college and have learned to carry his flask gayer. The proprietor, who holds to the discipline of the homeland, has become annoyed and disgusted at the whoopee raised at one time or another by the transplanted youth. He has threatened to allow no more collegiate lads and lasses in his resort.

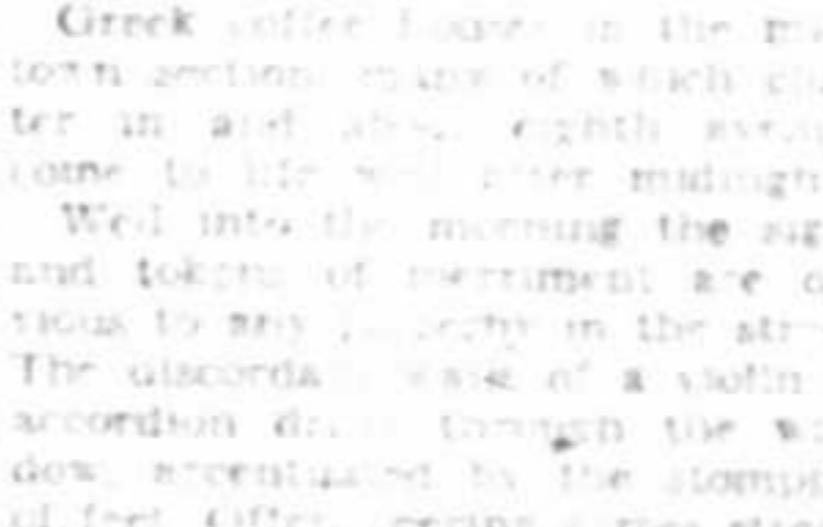

Yet there are sober ones who in the atmosphere of Orientalism sit for hours and discuss Freud, the philosophers and the poets.

The East Side is a vast and varied lodge-pole of varied nationalities. Some have been here for generations and have become established in the neighborhood. Others have been upstarters and have an ambition that their light burn brightly for their customers. They are waiting cover the sidewalk to please the taxicabbers on "rainy nights" and other signs of a city that has grown very popular. Its addition to all cooked food is an appetizing and healthful one.

When you eat Kellogg's ALL-BRAN regularly, you have the satisfaction of knowing that you are enjoying one of the most healthful habits on earth. It not only relieves constipation, but adds iron to the blood. In combination with milk or fruit juice, it brings important vitamins to the diet.

Every one should eat it to supply the bulk needed to balance the soft foods eaten today. Kellogg's ALL-BRAN in all reducing diets. It helps prevent constipation and anemia.

**WE ARE BONDED**

All of our members are re-insured in Bankers-Lloyds of Texas, guaranteeing the payment of our policy. Every official connected with our organization is under heavy bond, protecting you against fraud.

We are now operating 20 companies throughout Texas and Oklahoma. If you are interested in a Matrimonial policy, either come to our office, or call us, and one of our representatives will gladly call and explain our proposition thoroughly to you.

Buy here, with your home company, where you can watch the progress of the company. Investigate our proposition thoroughly, before buying Matrimonial Insurance.

To date, we have paid off 102 claims. We have sold, in the city of Lubbock, over 1,200 policies—THAT RECORD SPEAKS FOR ITSELF.

TECH FRESHMAN GIVEN FIRST HONORS IN BEAUTY CONTEST

Winning over sixteen other contestants, Miss Frances Gunn, 18-year-old Texas Tech freshman, who represented the Hotel Lubbock, was crowned "Miss Greater Lubbock" last night at the Palace Theater at the first bathing beauty revue ever staged in this city.

To Represent City Miss Gunn will compete with representatives of other cities of the Panhandle and South Plains the latter part of July for the title of "Miss Plains", the winner to compete at the international pageant of pulchritude at Galveston in August.

David Dallas, who directed the pageant, failed to include two names in the list he announced yesterday. They are Miss Crystelle Boone, representing Miss Thornhill Drug, and Miss Odie Holcomb, representing Miss Blue Bird Beauty Shoppe.

COTTON SEED TO CHANGE IN FLOYD COUNTY

BETTER GRADE WILL BE PLANTED; PRIZES OFFERED

(Special to The Journal) FLOYDADA, May 13.—That the majority of Floyd County farmers are aware of the fact that the time has arrived for a change in the grade of seed cotton being planted in this territory is reflected in a preliminary survey made by gin men, newspaper and chamber of commerce officials.

The largest number of Floyd County farmers, it is believed, are planting this year pure pedigreed seed of the best varieties obtainable. This action is being taken by the farmer in order to bring up the quality of staple and grades being produced in Floyd County.

Lon M. Davis, a local gin man, and owner of Davis Gin company of Floydada, has recently announced that he will offer \$50 in prizes to boys of school age, limit of 6 to 21 years, who grow the most cotton on three acres, first prize of \$25, \$10 to second place and \$5 each to the next three highest score.

BOARD REFUSES TO BAR HISTORY

AUSTIN, May 13 (P)—After hearing charges from the Rev. Earl Anderson of Dallas, Baptist minister, that the book, "Early European History," taught the theory of evolution and contained pro-Catholic teachings, the state board of education Monday refused to bar the use of the book from the public schools of Texas.

The board adopted the report of the textbook revision committee which declared the book was no worse than the other four on the multiple list of histories. The motion of the board in retaining the history stated that it could not be dropped now if the board wished it owing to a contract and that the charges as presented by Rev. Anderson did not justify it being barred.

After the action of the board, the Rev. Mr. Anderson stated he would make a statewide issue of the book in an effort to have it removed from the public schools. Rev. Anderson was placed under oath before being permitted to appear before the board. He stated there was a growing tendency to contradict the word of God through evolutionist teachings and asserted that many of the professors in state educational institutions were leaning to modernistic beliefs.

NOISE BLAMED AS CAUSE OF DEATH

NEW YORK, May 13 (P)—Noise can directly cause sudden death, the Acoustical Society of America has been informed.

This was the high point in a summary of the harm done by noise, presented by Dr. Shirley Wynne, New York City health commissioner. He disclosed results of the latest scientific anti-noise move, which seems to take the guesswork out of the question whether noise is merely an annoyance, or whether it affects health.

Dr. Wynne said there was good medical authority for believing "there is no doubt that some sudden death of middle aged men are due to sudden loud noises."

"Another serious effect is increased in blood pressure of 15 to 40 points," he said.

The two daughters of Philip J. Bradley, aged 81, who were last heard of 20 years ago, were traced in about two hours recently following a broadcast R. O. B. and reached his bedside at Hastings, England, before his death.

SIR HUBERT WILKINS EXPEDITION TO USE OLD U. S. SUB TO MAKE VOYAGE UNDER ICE IN THE NORTH POLE AREA

(By Associated Press) WASHINGTON, May 13.—The Sir Hubert Wilkins expedition, which would sail beneath the ice across the top of the world—from Spitzbergen via the North Pole to the Behring Sea—has chosen the old and battered United-States submarine P-12 for its craft and today made written request to the navy department for a charter.

The plans disclosed that the submarine, if made available, would be virtually rebuilt; fitted with machinery for boring through ice 30 feet thick; equipped with a balloon air observation and provided with both television and radio.

Specifically, the letter submitted to Assistant Secretary Jahncke of the navy by Sloan Danenhower, a former naval reserve lieutenant commander, requested that the P-12, now decommissioned at Philadelphia, be transferred to the shipping board for charter in connection with an "international geophysical investigation within the Arctic region."

It told of the plans and hopes of men who would undertake what has been described as one of the most daring voyages ever set out upon. Commenting upon it today, Jahncke said: "Here is an undertaking that would bring Jules Verne into the twentieth century."

Large Project In Poultry Planned

SNYDER, May 13.—(Special)—Snyder county's latest poultry project brings a former county banker to the front in the person of Robert H. Curmote, formerly identified with the First National bank and of late with the First State Bank & Trust Co. Mr. Curmote's project calls for 2,500 pullets to be housed in a model house that will be strictly turned into egg production on a commercial basis.

TEST OF CONOCO'S GERM-PROCESSED TENACIOUS FILM

... Compared with Popular Oils at Pike's Peak ... Reveals 76.4% Less Motor Wear!

We believe that this disclosure alone will cause you to begin using CONOCO Germ-Processed Motor Oil ... such decided reduction in motor wear ... such triumph over the savage attack of friction and heat ... such positive supremacy over the oil you have been using, all have a definite appeal to your pocketbook and judgment.

Think What Regular Use of This CONOCO Oil Will Mean To Your Motor!

Charts prepared from the Pike's Peak Test records indicate a longer motor life by lubricating it with Germ-Processed oil. Too, you will save substantially on your gasoline cost, and in oil expense, by using this oil. The tenacity with which this oil's film will hold a compression seal in your motor will give you more enjoyment from driving your car. The penetrative lubricity, the fact that Germ-Processed oil penetrates metal surfaces, means that after starting your car on a cold morning you can safely drive at top-speed with less likelihood of damage ... for CONOCO'S film is already on the job.

did in the Pike's Peak Tests Tested out on the Pike's Peak Highway, scene of many famous automobile tests, a memorable struggle for supremacy ... On the one side, three of America's representative and popular oils—on the other, Germ-Processed oil. And CONOCO Germ-Processed Motor Oil won, by all tests applied.

Seek the sign of the CONOCO Red Triangle ... Only CONOCO can make Germ-Processed oils. CONOCO can give you these new motor oil merits, including penetrative lubricity—CONOCO has an oil which penetrates metal surfaces and stays there! CONOCO Germ-Processed oil can give you more power with less carbon, more mileage with less cost, more compression with less motor wear by 76.4%, as shown in the Pike's Peak Tests! We hope to serve you soon at stations displaying the Red Triangle.

Less Carbon—Less Cost—More Mileage ... and Less Heating—More Compression. All these things mean a better all-around motor, and a happier use of your car. It is unusual for a motor oil to so excel competition as CONOCO
