Rain Up To Four Inches Breaks Late Drouth

The late summer drouth was broken during the week end when from two to four inches of rain fell over the county, with the heaviest amounts concentrated in areas north of Wellington and around Dodson.

Late cotton will benefit in some sections, while north of Salt Fork farmers report late feed will be helped.

Wellington recorded 2.47 inches, with .82 inches falling Saturday night and 1.65 Sunday night. Heavier rainfall north of town Sunday night sent water through fields in that section.

Approximately four inches was recorded in rain gauges at Dodson for the two nights. Some damage has been reported.

Approximately three inches was reported at the Mill Iron Ranch.

The Samnorwood and Dozier sections received from two and a quarter to two and a half inches, with most of the rain coming Sunday night.

There was considerable wind in the Dozier area, according to reports.

East of Lutie in the Needwood community, two inches was recorded.

The Quail area received the lightest amount, with only .3 inch falling Saturday night and .9 Sunday, for a total of 1.20 inches.

Lewis Watkins Breaks Leg

Lewis Watkins, 13 year old son of Mr. and Mrs. Harold Watkins received a broken leg in a collision which involved his motor scooter and a car driven by John James. Both were traveling east.

The accident occurred Friday Sept. 14 about 8 a.m. on 15th Street near elementary school.

The boy's left leg was broken between the ankle and knee. His condition is improving as much as possible, his father said, but he will remain in St. Joseph's Hospital for several more days.

State FFA Head Here

Jerry Clark, state president of the Future Farmers of America, visited the chapters in Collingsworth county Friday, Sept. 14.

His home is at Wiseman near Beaumont.

This is the first time a state president has visited the local chapters, and his visit at each school was in the nature of informal visits with the ag students and their advisors.

FOOTBALL ON OUR MINDS

This prize-winning float in the County Fair parade was a forerunner of where our interest would lie in just a few weeks . . . with the Rockets. The float placed first in the commercial division and was entered by Ko Shari, girls social club, but sponsored by C&H Pharmacy.

Public Invited

Tour of Farm Research Test Plots Slated for Sept. 25

The annual field day and tour for the Northwest Texas Research Demonstration Program will be held Tuesday, Sept. 25, when farmers and business men can see for themselves the results of these on-the-farm demonstrations.

Plans for the tour were announced this week by Dwane Scott, farm demonstrator assistant.

The program, now completing its fifth year, is carried out on Collingsworth County farms through the joint work of the Extension Service and Texas Experiment Station.

Tour members will leave from the south side of the court house at 9 a.m., with school buses used for transportation. Vocational ag students of the county schools will participate.

One of the highlights this year will be a display of a lateral oiling machine used in treatment of johnson grass, which eliminates hoeing. This is a machine which Scott developed and built.

"There are other machines that operate on the same principal, but they do not work well here," County Agent Bob Lynch said. "Scott's machine was designed and built for Collingsworth and other West Texas counties."

The first stop on the tour will be at the Elvis White farm at Rolla to see a fertilizer demonstration on dry-land cotton. The amount and kind of fertilizer will be discussed and tour members can see for themselves the results.

The Jack Phipps farm at Cross Roads has a grain sorghum variety test, in which 16 varieties of hybrid grain sorghums will be seen. Most are on the market, although several varieties are still in the experimental stage. One of these is a new short variety toward which breeders of grain sorghums are working.

At the John Coffee farm at Bean Hill, tour members will inspect a combination cotton bur and fertilizer demonstration.

"We got some striking results," Lynch commented.

The Dwane Scott farm just north of town is the next stop, where the alfalfa variety tests are carried out. These include aphid resistant varieties. Both forage and seed have been harvested and the results will be given tour members.

During the tour, refreshments will be served by the Farm Bureau, Lynch said.

The tour will end before noon.

"There will be plenty of time for people to ask questions about any of the plots. This program and the tour are to provide information to Collingsworth farmers on crops we grow here.

Specialists from the Extension Service and Texas Experiment Station who have directed these experiments have been invited to take part. Among these are Norris Daniels, entomologist for the Southwestern Great Plains Field Station at Bushland, who directed the alfalfa variety test; and Dr. Alan Weise, agronomist for that station, who was in charge of weed control.

Keith Lahr, the new superintendent of the Chillicothe Experiment Station, will be making his first tour here.

Coming from Lubbock will be Dr. Alex Pope, agronomist and Harvey Walker, assistant agronomist, for the Lubbock Experiment Station, and Billy Gunter, area agronomist with the Extension Service.

Ribbons Waiting

C-C Seeks to Identify Fair Parade Winners

With the biggest Collingsworth County Free Fair in its 5-year history, some of the winners remain unidentified, N. M. Higdon, chamber of commerce manager, said this week.

He has appealed to the entries bearing number announced to identify themselves at his office. Ribbons await the winners and there is a plaque for a missing first place winner.

Parade entries were identified by number and some of those without other identification were not known to the judges.

Floats were in three divisions this year, and these were the winners:

Commercial division: C & H Pharmacy, sponsoring Ko Shari's float, first; second, Steve Owens, showing the old and new methods of doing the family wash; and third, Wellington State Bank, featuring building loans.

Adult organizations: first, St. Joseph's Hospital Auxiliary, carrying twins born in the hospital; and second, Shamrock Chamber of Commerce, advertising that town. The third place float was No. A-4.

Youth organizations: first, Methodist MYF, with a religious theme; second was No. Y-1 and third was No. Y-4.

There were two other par-

Water Is the Key

Rogers Urges Development of East Panhandle Area

A master plan for the development of the water resources of the Eastern Panhandle, to lead directly to the development of all other natural resources, was envisioned by Congressman Walter Rogers as he spoke in Wellington on Tuesday, Sept. 18.

He addressed a crowd of almost 100 at the combined meeting of the Rotary and Kiwanis Club members and their guests.

Following the meeting Mr. Rogers defined this more precisely as a plan that would cover the area from the Prairie Dog Town Fork of Red River to North Fork and generally including Childress, Collingsworth, Donley, Hall, and part of Wheeler counties, in what he said is "one of our greatest areas which by proper development can become one of the outstanding wealth producing areas of the nation."

He spoke out against the trend of thought against the farmer, an example of which is the recent report of the Committee on Economic Development, which recommended that two million farmers be moved off the farms in the next five years. This, the congressman said, would serve to swell the relief rolls of the cities, since there is already a crowded labor market.

"We here have the opportunity to attack this from another source, the development of the resources of this area," he declared.

The diminishing power of the rural areas in congress, brought on by the re-districting measures which give cities greater representation, makes it continuingly harder to get legislation favorable to areas such as this, it was pointed out.

"But you must keep the pressure on and do it now. With the minority voting block you can have certain strength," he said.

"It behooves everyone in the Eastern Panhandle to work together to develop all our resources," he said a few minutes later.

"I think it is possible to work out a master plan in the Eastern Panhandle. I have moved to find out how far we

Defense Will Be Hard

Rockets Visit Dragon Territory Friday Night

Football moves out of Powell Field this week, as the Skyrockets meet the Paducah Dragons on their home field Friday night, Sept. 21.

And the Rockets, say their coaches, are going to have to get ready for them mentally, as well as physically, if they expect to win.

"Of course Wellington has been having losing seasons and Paducah will come after us with blood in their eye," Head Coach Don Beck remarked.

The Dragons' losses this season tell no story. They have played two of the finest football teams in the state. Childress was rated the No. 3 AA team in Texas before the season started and Rotan was rated the No. 1 Class A team in

Sabin Polio Vaccine Program Opens In County October 7

Three days to signal Collingsworth's fight against polio were set this week.

County-wide vaccination with Sabin oral polio vaccine will be held Sunday, Oct. 7, Sunday, Nov. 18 and Sunday, Jan. 6, Dr. Carter Holcomb, county health officer announced.

The goal is the vaccination of 5,000 of the county's 6,300 people.

Two points for administering the vaccine will be set up: the community building in Wellington to serve the south half of the county, and at Samnorwood for the north half, Dr. Holcomb said.

Type I vaccine will be given first, since that will give immunity against the more common type of polio.

Type III vaccine is slated for November 18, and Dr. Holcomb expressed the belief that any question concerning the administering of this type will be completely cleared up by that date.

Type II vaccine, for the least common type of polio, will be given in January.

"We strongly recommend everyone over three months of age have the Sabin oral polio vaccine, even if you have had the Salk shots," the county health officer said. "The only restrictions are that if you are acutely ill, you should not have it, nor until at least two weeks after tonsils and adenoids are out. Common colds and such will not prevent your having it."

Dr. Holcomb said make-up dates will be set for those unable to take the Sabin vaccine at the times scheduled.

"There is no charge as such but those who can afford it are asked to pay 25¢ per dose," Dr. Holcomb emphasized. "Nobody will be asked to pay one cent.

"No one in any way connected with the program will receive one dime out of it. It is all volunteer work. The money received will go to pay for the vaccine, paper work and sugar cubes on which the vaccine is given.

"If there is any money left it will go to the National Polio Foundation, which right now is financially strapped.

"If there is any additional expense, it will be underwritten by local civic clubs."

The vaccine will be given under the supervision of local doctors, who will be assisted by nurses of the county and civic club members.

Not more than 15 minutes

(Continued on back page)

4 Represent Collingsworth at Demo Meeting

Collingsworth county Democrats are represented at the Democratic State Convention in El Paso this week by four delegates, who will vote under the unit rule.

Dan Henard is chairman of the delegation and members are Mayor Hiram Cudd; G. B. Hopper, Democratic county chairman; and Mrs. John Coleman.

The group left here Sunday, Sept. 16, and a member said that since this was the first convention for all four, they planned to "just listen" at the pre-convention activities.

The convention began Tuesday, Sept. 18.

Jennifer Singley Cotton Queen at Childress Fete

Jennifer Singley of Wellington was named Cotton Queen Monday night at the Cotton Queen Contest in Childress.

Janice Hutcherson of Memphis was runner-up.

The two girls were the only ones in the contest in evening dresses.

Timmy Sooter was named Mr. Boll Weevil and Roy Dean Seals was runner-up.

Miss Cotton Bloom is Lee Ann Harp. Brenda Jo Blackwell was runner-up.

Vicki Mullins was first in the Miss Cotton Bud contest and Vickie Smart was runner-up.

Miss Cotton Boll honors went to Bobbie Henderson, Lewene Mullins won second.

The Little Miss Cotton title went to Donnalene Bearden and Jackie Sue Webb was named runner-up.

Red Cross Drive Ends

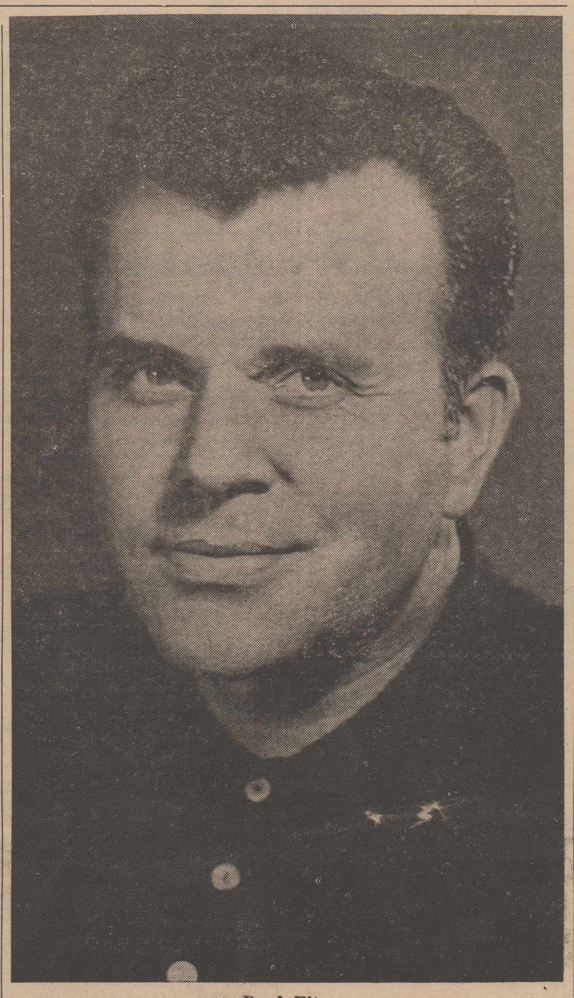

George Shadid, chairman of this year's county Red Cross Drive, reported this week that the drive has been completed and a total of $825.84 collected.

Shadid expressed his appreciation to those who donated and those who worked in the drive.

Known Internationally

Dord Fitz Exhibits Paintings Sunday

Dord Fitz, internationally known artist, art teacher and gallery owner of Amarillo, will be presented Sunday, Sept. 23, in a lecture and showing of his paintings in the major art exhibit slated for Wellington this fall.

Presented along with him will be Robert Perkins, Amarillo dress designer, who will study in New York on a scholarship after Jan. 1.

There will be a relationship between each dress and a painting, the correlation of the two makes this exhibit unusual in its presentation.

The exhibit will be in the community building and will begin at 3 p.m. The public is invited to attend.

The Domestic Science Club is sponsoring the exhibit.

Mr. Fitz has art classes in Childress, Stratford, Dallas, Pampa, Spearman and Perryton, as well as in Amarillo in Texas; in Liberal, Kan.; and Oklahoma classes in Beaver, Boise City, and near his ranch home in Northwestern Oklahoma. He started a new class here in Wellington Sept. 13. This class meets from 7 to 10 p.m. on Thursdays and is held in the high school library. A new class has also started in Memphis, to meet on Thursday mornings.

He has an M.A. degree in painting under Philip Guston from the State University of Iowa. He has also studied and painted with Fletcher Martin, Grant Wood and Jean Charlot. He attended the Art Institute of Chicago and received the A.B. degree from Eastern State College, Kentucky.

Prior to establishing his art school and gallery in this section of the country, he taught fourteen years as a university professor and served in the Army during World War II. He resigned his position as a professor of art at the University of Kentucky to move with his family to their Oklahoma ranch near Higgins, Texas.

From there began his art movement in this section of the country. His gallery, located at 1709 Polk in Amarillo, features frequent exhibits of work by acclaimed artists, and exhibitions are free to the public.

Among world recognized artists who have had work exhibited and who have been guests in the Amarillo gallery have been sculptor Louise Nevelson, Elaine de Kooning, and Leon Smith of New York City.

Among other world famous NYC artists whose works have been exhibited at the Amarillo gallery have been Franz Kline, Bill de Kooning, and Fairfield Porter. In 1960, paintings and sculpture by seventeen top New Work City women artists were featured in exhibit at Mr. Fitz's gallery, and eight of those artists were present for the opening of that exhibit.

Mr. Fitz is using art as a means of awakening people to a way of creative living. He says "Each being, through experiences with the art elements can learn enough of the me-

FB Resolutions Body Sets Opening Meeting

The Farm Bureau Resolutions Committee will hold its annual open meeting Saturday, Sept. 22, in the district court room, when all wishing to introduce resolutions to come up before the membership will have an opportunity to present them.

The meeting will start at 2:30 p.m. and W. R. Breeding of Abra is chairman, according to Dee Burba of the local FB office.

The usual procedure will be followed. Those with resolutions to propose will bring them up at the committee meeting Saturday, and the committee in turn will collect them and present them at the annual membership meeting on Saturday, Oct. 6 at 6:30 p.m.

"If you have some problem you feel concerns farmers, bring it up too. Maybe we can work up a resolution to cover it," Burba said.

Birchfield on FHA Committee

Tom H. Birchfield of Dodson was recently appointed a member of the Collingsworth County Farmers Home Administration committee. Announcement was made by George A. Sparkman, county supervisor, for the local agency.

Birchfield began his three-year term on July 1.

Two other members serving unexpired terms on the committee are Wood R. Coleman of Dozier and John W. Carson of Quail.

The local Farmers Home Administration committee reviews loan applications by farmers and other rural families for different types of agricultural, housing and water loans made in Collingsworth county.

Birchfield succeeds Walter H. Camp of Dodson, whose three year term expired this year.

Fire Damages Holton Home

The home of Mr. and Mrs. Ham Holton was damaged by fire Saturday, Sept. 15, about 6:30 p.m., when an air-conditioner caught fire.

The living room received most of the damage, Mrs. Holton said. Curtains and a chair were destroyed and the carpet was heavily damaged. The entire house received smoke damage.

Holton had the fire under control by the time the fire department arrived, she added.

C. W. Roberts Will Be 101 September 25

C. W. Roberts, beloved county pioneer, will observe his 101st birthday on Tuesday, Sept. 25 at his home in Wellington.

While there will be no open house he will still be able to visit with a few of his old friends, according to Mrs. Roberts, and would like to have them drop by.

Last year Mr. Roberts observed his 100th birthday with an open house and many old timers went to see him on that occasion.

Former President Advises Business

Former President Eisenhower made two statements in recent weeks that deserve the greatest attention of Americans regardless of party or position.

The former President's warning that we are spending far too much on defense should awaken a demand that this nation's defense expenditures be scrutinized far more closely than they have been in the past.

For some time now, defense has been something of a sacred cow and we are constantly being reminded that we must be prepared for any eventuality — regardless of the cost. We should beware, however, that it is possible to spend ourselves "broke" by such thinking and that a financially insolvent nation is much easier to conquer than one that's armed to the limit of its capacity and financially solvent.

Because it requires such a big portion of our national budget, defense expenditures should be scrutinized more carefully than some of the smaller items in the national accounts.

The former president's advice to businessmen to take a more active interest in politics should be heeded "to the limit," especially by the small businessman if he hopes to preserve his place in the American economy —The Colfax (Wash.) Gazette

From the Files of The Wellington Leader . . .

Other Days and Familiar Names

10 Years Ago—1952

Rocket majorettes chosen for the year were Betty Wood, Jannine Crawford, Ruthie McCaskill, LaJuan Wilson and Tanya Smith.

Mrs. Arthur Robinson of Quail began work as secretary in the insurance office of Clark Anderson.

E. J. Cooper was injured when his car collided with one driven by Thomas Franklin as both men were going to a fire.

William Worth McClaskey was elected vice president of the First National Bank at Lockney.

James Glasscock was chosen editor of The Skyrocket, high school newspaper.

20 Years Ago—1942

Sgt. Pat Templeton was killed in action in England while serving with the Royal Canadian Air Force.

Collingsworth County War Ration Board announced it would be closed one-half of each day.

One hundred and twenty-five persons attended the 4th annual Firemen's Barbecue.

Mrs. Bill Leach returned home after 13 months in Puerto Rico, where her husband was employed with a construction firm.

Memorial services for Sgt. Pat Templeton were the first meeting of any kind held in the new community building.

For Sale: Men's bicycle. Good shape. Heber Brantley.

SMELL COOL

For a refreshing tingle on hot summer days, chilled cologne, dabbed on the back of the neck and forearm is just the thing.

Time to Go to Work

CROSSROADS REPORT

Dear Editor:

I see where the President is going to push a "bold and daring and unflinching" effort to land a man on the moon.

Naturally, when Khrushchev and Castro hear about this they will know they can't win in Berlin or Cuba against such fearlessness, so they will save time by just giving up now.

And, of course, it is much more sophisticated to be bold and daring and unflinching toward some objective like the moon, which is not threatening to shoot back.

I see where the memo "In God We Trust" is showing up on some of the paper money that dribbles down here, but close examination reveals that His actual signature is nowhere on it.

Name-dropping like this does sometimes impress people you are dealing with, though, by making them think you have got important connections.

But writing "In the First National Bank I Trust" on a hot check does not guarantee that the bank won't turn it down.

I see where the President has volunteered Congress for the job of working up some tax reform next session.

But they ought to wait and see of the old unreformed taxes might maybe bring in enough money as soon as the Internal Revenuers' new electronic cheat-detectors make all of us taxpayers honest.

Unless it may be Congressmen don't trust these electronic civil servants since slot machines and voting machines have proved that machines can be corrupted by association with people.

Report says in West-Virginia, which has got some very high-level publicity as a depressed state, the Revenuers have found only 79 moonshine stills here lately.

But it seems like private enterprise abounds more plentifully in the State of Arkansas where 4,769 sitlls were turned up in the same period.

My self-relier neighbor says no wonder West Virginia is depressed, if even its moonshiners have quit trying to improve the National Growth Rate by adding something to the Gross National Product.

I see where the State Department boys have got a swell Plan No. 7277 to disarm all nations, including the U.S., and run the world with one big police department.

And it seems plausible that these planners feel like they are the people Destiny has created for jobs on the world management team, with pistol carrying privileges.

Two or three dozen of them likely expect to draw the job as head policeman, but others would probably be satisfied with some medium-kinghood position, such as commissar of the moon.

I see where some economixperts claim the National Debt is getting smaller, per citizen, because the population is growing faster than the debt.

Which ought to quiet down critics who are saying the population explosion is dangerous, and makes Motherhood at least Public Enemy No. 2 or 3.

Because it is now evident that mothers are being patriotic and holding down the public debt, per capita, by producing children faster than Congress can spend money.

QB Club Sells 301 Football Season Tickets

As the day of the Rockets' first game arrived, 301 reserved seats had been sold in Powell Field stadium, approximately 5 times as many as for the two preceding football seasons, according to Charles Allen, president of the Quarterback Club. That organization was in charge of ticket sales this year.

To close the sales, Allen and J. Y. Martin, president-elect of the Quarterbackers, turned over to Supt. J. L. Harper a check for $1,637.50, representing the club's portion of the ticket sales.

Actual sales were made through the local drug stores, it was pointed out.

"We feel the Quarterback Club has done a fine job in this," Supt. Harper said, speaking on behalf of himself and the school board.

Only seats around the edges of the reserved seat section were still available.

Rocket Band Picks Officers

Wellington Skyrocket band members recently completed the slate of officers to work with Carol Blain, president, who was elected in the spring.

The new vice president is Vickie Allen, who is assistant drum major, while Anna Kay Kelso is secretary; Nancy Crawley, drum major; and Sammie Thompson, student assistant.

The band council representatives are Douglas Mitchell, Janet West, and Bryant Harris.

Band members are Karen Childress, flute; Vickie Allen, oboe; Phyllis Riley, bassoon; Ann Orr, Martha Miller, Kathy Davis, Koni Underwood, Patsy McDaniel, Linda Karnes and Patricia Jones, clarinets;

Anna Kay Kelso, Graham Bowen, Frances Warrick, Marsha Tyler, and Jane Orr, saxophones; Sammie Thompson and Jerry Havron, bass clarinet; Carol Blain, Bryant Harris, Raymond Horton, Nancy Crawley, Billy Thomas, Norman Black, and Sandra Carter, cornets;

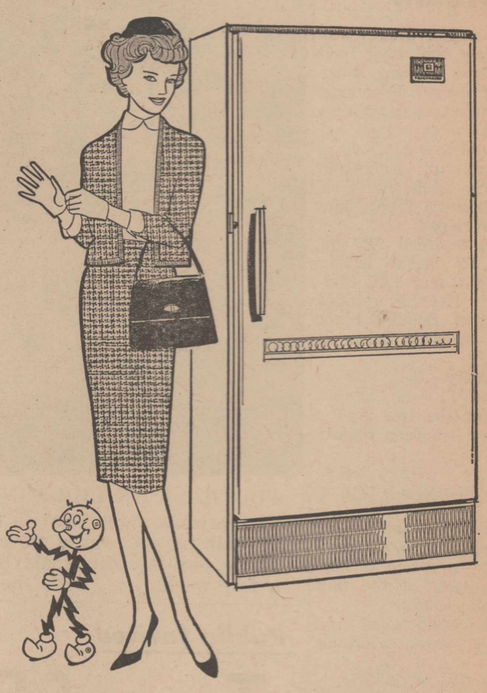

Janyth Estes, Tommy Thomas, Laquita Martin, French horns; Dan Warrick, trombone; Jackie Barton, Billy Tyler, Douglas Mitchell and Betty Courtney, baritones;

Charles Black and John Barjenbruch, bass; Gene Sweat, Billy Wilkerson, Wynona Jones and Janet West, percussion.

Mr. and Mrs. Claude Groves and David took their daughter, Jolene, to Waco where she will be a junior at Baylor University. On the return trip the Groves visited Mr. and Mrs. Frank Lindsey and family of Euless. Barton Groves of Dallas joined them there.

Mrs. R. L. Sessions returned last week from Springfield, O., where she spent three weeks with her son, Mr. and Mrs. S. L. Harrison and children.

Here's why Martha puts laundry in the freezer

A woman's work, especially the ironing, is never done. Sometimes Martha just has to take time out for shopping or visiting during the day. But sprinkled clothes can't be left to sour or mildew! So Martha pops them into a plastic bag and into the freezer they go. When she gets back, they'll be ready for her to start ironing again. Isn't it amazing how many ways women have learned to use flameless electricity to make living better . . . and, it costs so little, you can use lots of it.

FREEZER TIP...Sprinkle your clothes and place in Freezer for about 10 minutes and they will be ready for ironing.

Tough new '63 Chevrolet Trucks are here!

...THE ONES THAT WHIPPED THE BAJA RUN...TOUGHEST UNDER THE SUN... TO SHOW THE WORTH OF NEW ENGINES, FRAMES AND SUSPENSIONS!

Sometimes the caravan crept along for hours in low gear. It took 17 days to go 1,066 miles! This is the road near Loreto.

Round trip from Detroit to the end of the Baja Peninsula is over 8,000 miles.

Millions of years ago nature fashioned a proving ground for trucks that man can never duplicate. Today it is known as the Baja (bah' hah) California Peninsula, Mexico.

These pictures give you only a bare idea of the place. The road is fine for 140 miles below the U.S. border. Then the beating begins. Rocks and hard-baked ruts bang, jab and jerk the trucks from stem to stern. Loose sand makes them struggle and strain. Dust chokes them. Heat roasts them. Rivers drench them.

The Baja Run took this Chevrolet truck caravan 17 days to go the 1,066 miles.

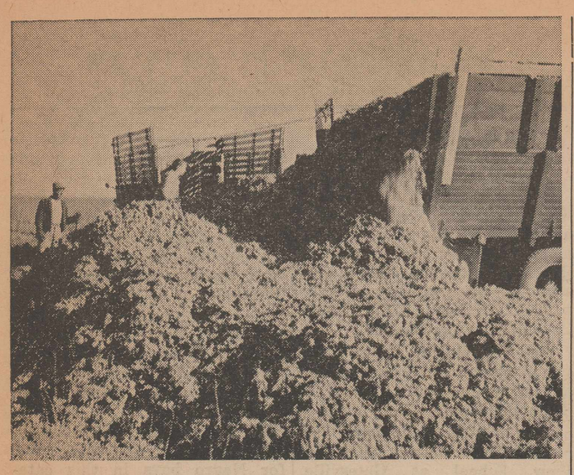

All the trucks performed magnificently. Not one was forced to drop out because of mechanical difficulty.

Trucks that can take this kind of beating can take on your toughest truck jobs. Come in now and see tough quality-built '63 Chevrolet trucks with all their new improvements.

COTTON BUR FERTILIZER

One of the best fertilizers Salt Fork SCD has ever known can be had for no cost at all except the hauling. It is cotton burs, that in a few weeks will pile high around the county's gins. Salt Fork Soil Conservation District officials are urging farmers to take advantage of these,

* * *

Cost Nothing

Farmers Urged to Use Cotton Burs

By BOB CRAWFORD
Soil Conservation Service

Do you need more rain now to produce a crop than you did several years ago.

Application of cotton burs can be part of the answer. And with the beginning of the cotton season, farmers have several months ahead in which to haul burs to their land.

You have probably heard old timers say that it just takes more rain to produce a crop now, and this is probably true on land that has been farmed for years.

After raising low-residue crops for many years, the soil loses its ability to absorb water. The structure is broken down so that when rain falls, it causes the soil particles to run together and seal off the soil. As a result part of the water you need to make the crop is lost in runoff. Also percolation in the soil is slowed down and rain is lost by evaporation.

Fertility holding capacity is also reduced as the nutrient level in the soil is closely related to the level of organic matter present.

You can perform a simple test to check the condition of your soil. Take a clod from a field that has been in cotton continuously and sprinkle water on it. You will see that it breaks down rapidly and runs down in a puddle.

Take a clod of virgin soil or that has had high residue crops grown on it recently and do the same thing. It will stand up and take water readily without breaking down.

"Cotton burs are a good way to improve the soil, especially on farms that do not have room to rotate crops. Burs are readily available for the expense of hauling.

If farmers do no take advantage of this opportunity, burs become a problem to the gin and have to be burned. This is a waste of a good soil builder and fertilizer.

Burs should be applied at the rate of three to five tons per acre. The ASC program will pay one dollar per ton up to five tons.

Here's an example of the use of burs to advantage:

John Coffee on the P. E. Starr farm applied about 10 tons per acre on the place east of town last fall. The farm had been in cotton about 40 years and Coffee says that in spite of drouth, he has one of the best crops on it he has ever seen.

Application of fertilizer is also important because the burs have to be broken down to humus before the nutrients are available. This is done by bacteria that feed largely on nitrogen—about 30 to 60 pounds is a normal application, depending on the amount of burs put down.

Boyce Gilt Third in Sears Swine Show

Garland Boyce, who had the first place gilt at the Youth Project show here, participated in the annual Sears Swine show in Amarillo Saturday, Sept. 15.

Boys in the program from 11 counties participated.

Boyce placed third and received a $20 cash award.

Charles Smallwood, head of the agriculture department at West Texas State College, who judged the show, praised the Boyce pig and said she was one of the meatier type pigs in the class.

The gilt, a registered Poland China, was bred by Sid Ewing, who lives near Dodson.

This is the second year the Sears Swine Program has operated here. Each year in May, five gilts are distributed among 4-H Club boys, according to County Agent Bob Lynch, who administers the program.

Each boy agrees to return to the program one gilt from his first litter to be given in turn to some other boy.

Boyce, 14-year-old Quail 8th grade student, is the son of Mr. and Mrs. M. A. Boyce.

Quail FFA Shows at Tri-State Fair

Quail Future Farmers are exhibiting an educational booth in the Tri State Fair at Amarillo, under way this week.

Entitled "Extra Dollars from Hybrid Vigor," the exhibit shows the results of crossing Angus and Hereford cattle to get the fast-gaining, white faced, black cattle.

One chapter member, J. C. Saunders, has three calves in the junior livestock division of the fair: the Angus that won the Collingsworth County Youth Project Show championship, and two Herefords.

All chapter members plan to attend the annual Youth Day activities at the Fair Saturday, Sept. 22, when a number of special events are planned for boys and girls of the Panhandle.

Due to go from Quail are Eddie McGill, Walter McGill, Kirby Word, Billy Brooks, Reed Souder, Dwight Burns, Duane Campbell, Don Morris, Tommy Morris,

Bruce Ward, Royce Mitchell, Paul Gollihugh, Joe Harris, Stanley Gosnell, Jerry Boyce, Rodney Hall, Charles Bowen, Ike Gilbreth, Tommy Baker, Robert Russell,

Dan Langford, David Phipps, Mike Mitchell, David Brim, John Carson, Denzil Phipps, Smokey Mitchell, Carol Kennedy, Dean Johnson, J. C. Saunders and Billy Lindsey.

Legal Notice

NOTICE OF HEARING TO APPROPRIATE PUBLIC WATERS OF THE STATE OF TEXAS
No. 2235

Notice is hereby given to whom concerned that the application of LOUIS E. ALLRED, BOB L. SESSIONS and JAMES E. SESSIONS, the post office address of whom is Wellington, Texas, was received on the 15th day of March, 1962, in the office of the Texas Water Commission. Applicants seek a permit to appropriate and divert 336 acre feet of water annually, by impounding 336 acre feet in an on-channel reservoir on Sand Creek, a tributary of the Salt Fork of the Red River in Collingsworth County, Texas, for the irrigation of 246.8 acres of land in Section 74, Block 10, H. & G. N. Ry. Company Survey, Collingsworth County, Texas, all being more fully described in said application.

A point on the proposed dam is South 5 degrees West 2120 feet from the Northeast Corner of Section 74, Block 10, H. & G. N. Ry. Company Survey, Collingsworth County, Texas, across Sand Creek in Collingsworth County, Texas, and is distant in a southeasterly direction from Wellington, Texas, about 5.5 miles.

Said application was accepted for filing by the Texas Water Commission on the 4th day of September, 1962, as Application No. 2235, and a hearing thereon will be held by the Texas Water Commission, in the office of the Commission at Austin, Texas, on TUESDAY, OCTOBER 9, 1962, beginning at ten o'clock a.m., at which time and place all parties interested may appear and be heard. Those opposing the granting of said application should file written protests with the Commission and the applicant at least five days prior to hearing date, giving their reasons therefor and such other information as is required by Commission Rule 305.2. Such hearing will be continued from time to time, and from place to place, if necessary, until such determination has been made relative to said application as the said Texas Water Commission may deem right, equitable and proper.

Given under and by virtue of an order of the Texas Water Commission, at the office of the said Commission at Austin, Texas, this the 4th day of September, 1962.

JOE D. CARTER, Chairman

Serves Collingsworth

Open Cotton Classing Office at Memphis

To give cotton farmers in this area more convenient and faster classing service, the US Department of Agriculture opens its Memphis cotton classing office Wednesday, Sept. 19.

Operating now for the fourth season, the Memphis cotton classing office serves 56 gins in Armstrong, Briscoe, Carson, Childress, Collingsworth, Cottle, Donley, Gray, Hall, King, Motley and Wheeler counties.

Kermit E. Voelkel, who has been with the cotton division of USDA's Agricultural Marketing Service for 31 years, is in charge of the Memphis office this season.

During the peak ginning season, the Memphis office has facilities for classing about 5,000 samplets per day.

Last year, the Memphis office classed 217,432 bales of cotton, according to Voelkel.

Early ginned cotton in the Memphis territory was classed in Altus. Should a farmer want a review on any of these classifications, the request for review and samples should be sent to Memphis, Voelkel says.

Cotton is classed without cost for farmers belonging to organized Smith-Doxey cotton improvement groups.

Farmers who know the grade and staple of their cotton are in a good position to get the best market price for it.

"That is why farmers in this area have nearly all of their cotton classed by USDA," Voelkey said.

In addition to classing cotton, the AMS cotton office releases every Friday the "Texas-Oklahoma Market Review," describing local, state and national market conditions, trends and quotations, plus facts on picking, defoliating, machine harvesting and ginning.

During the harvesting season, AMS issues a cotton quality report by classing offices every Monday and a quality report by districts, monthly.

Persons wanting these cotton reports can get them without cost by writing to Mr. Voelkel, 221 Noel St., Memphis, Texas.

SCHOOL BUS PASSING

Texas Department of Public Safety says it will crack down this year on motorists who illegally pass a school bus stopped to take on or discharge children. State law requires the driver of any vehicle to stop upon approaching from either direction any school bus which has stopped on the highway for the purpose of receiving or discharging school children.

JACK THE GIANT KILLER
Kerwin Mathews stars as "Jack the Giant Killer" in the multi-million dollar filmization of the well known folk tale. In Technicolor, the film opens Thursday at the Bronco Drive-In Theatre.

ROGERS INVOKES JEFFERSONIAN PRINCIPLES

Congressman Walter Rogers (D-Texas) introduces youth to Thomas Jefferson in observance of 175th anniversary of the adoption of the Constitution.

Electronic Brain Speeds Work of Texas Highways

AUSTIN—An electronic brain that can read 8,000 cards per minute is helping the Texas Highway Department shorten the time between planning another Texas highway and seeing it opened to traffic.

Known as "the 1401", this lightning-fast computer teams up with the department's other computer equipment to solve the intricate engineering problems involved in building today's highways. These are problems in geometric bridge design, hydraulics, earth work, land measurement, and traffic signalization — to list just a few.

Housed in the basement of the highway department offices in Austin, the 1401 consists of a card reader punch, a lister, a central processing unit, and four tape units.

This complex "brain" does work in one day that used to require weeks—if done by the human brain and human hands. For example, in addition to reading as many as 8,000 taped IBM cards per minute, it can also—in the same length of time—punch 250 cards, print 600 lines on paper, and read 800 (untaped) IBM cards.

Machines such as this have become a necessity to cope with the increasing complexity of modern highway building.

As a matter of fact, when the 1401 moved into highway department operations, it replaced two obsolete computing machines. These two machines could read only 150 lines per minute.

Crackers Open With 43 on Team Roster

Forty-three seventh and eighth grade boys make up this year's Firecracker football squad which played its first game against Wheeler Thursday night, Sept. 13.

With what amounted to a one-man team, Wheeler defeated the Rockets 22 to 6, their fleet-footed eighth grade halfback having made all three touchdowns.

"It was hard to keep that boy bottled up," Coach Harvey Millsap remarked. "He'd do all right on a high school team."

Joe Wood made the Firecracker touchdown on a dive play to the right in the first quarter.

The touchdown play was set up by Wesley Ward on a 30-yard sweep to right and a reverse play by Randy West that put the ball down in scoring territory. Wood went over from about the 10 yard line.

Firecracker starters in the Wheeler game were Jim Rudy, Jimmie Hodge, David Caison, Tim White, Steve Trapp, Joe Wood, Doyle Stewart, Tommy Yarbrough, Andy Bell, Wesley Ward and Randy West.

Team managers this year are Buster Howard and Henry Wells.

For the fans' reference, Millsap announced the number, weight and position of this year's players:

No.	Name	Pos.	Wt.

PRISON EXPERT PRAISES TEXAS SYSTEM

AUSTIN. — Austin MacCormick of New York, the expert on penitentiaries whose recommendations led to reform of the Texas Prison System a decade ago, came to Texas to take a look at the Texas Youth Council's reorganization.

He headed for New York full of praise for improvements at Gatesville and Gainesville State Schools.

MacCormick particularly was pleased with the new Mountain View School at Gatesville, where the tougher boys are separated from first offenders. He said it was not an "Alcatraz" but a place where the boys with more problems can be given special attention. At the same time, their influence is removed from the younger boys.

But the expert warned that Texas needs a place for boys who are dependent and neglected, but not yet delinquent, to save them from becoming delinquent.

Too many boys who belong in foster homes are being committed to schools for delinquents, giving them an undeserved stigma, MacCormick said.

He particularly urged the establishment of a State home for Negro boys in this category.

Mr. and Mrs. Truett Hardage and children visited in the home of Mr. and Mrs. Jim Harris Sunday.

Mrs. Carl Crosnoe to Head Home Demonstration Council in 1963

Mrs. Carl Crosnoe of Dodson was elected chairman of the Collingsworth County Home Demonstration Club Council in the annual election meeting on Monday, Sept. 10. She and other new officers will be installed at the January meeting of the council.

Elected to serve with her were Mrs. Cecil Masten of Wellington, vice chairman; Mrs. A. V. Lowrie of Dodson, secretary-treasurer; and Mrs. Zook Thomas was re-elected reporter.

Plans for the delegates' trip to the state convention of the Texas Home Demonstration Association were discussed, with the group to leave for Dallas Tuesday, Sept. 18.

Representing the Collingsworth clubs as delegates will be Mrs. David Peters, who is council chairman; Mrs. Earl Alexander and Mrs. Crosnoe. Alternate delegates are Mrs. R. T. Savage, Mrs. Dudley Phipps and Mrs. Jess Deger.

Council officers have requested individual clubs to turn in the names of new officers by October 1 and to elect a reporter for the workshop to be held soon. Members also were requested to turn in their achievement records to club presidents, who in turn will present them at the October council meeting.

Mr. and Mrs. Frank Hatch of Eldorado, Okla., visited his parents and brother, Mr. and Mrs. F. A. Hatch and Mr. and Mrs. Bill Hatch Sunday.

Mrs. Opal Dunn and two sons, Bill and Bob, visited her parents, Mr. and Mrs. T. C. Clement and other relatives over the week end.

Lillie HD Club Names Officers

The Lillie Home Demonstration Club met in the home of Mrs. Elmer Haralson Thursday, Sept. 13, with Mrs. A. M. Saunders presiding.

Mrs. Haralson gave the devotional and Mrs. Henry Langford led in prayer.

During the business session, Mrs. Saunders was elected president for 1963 and will take office in January. Other officers are Mrs. Dudley Phipps vice president; Mrs. Haralson, secretary - treasurer; Mrs. Henry Langford, council delegate; Mrs. Haskil Manuel, reporter; and Mrs. Zook Thomas, parliamentarian.

Mrs. Thomas presented the program on federation of clubs and the history of the county library.

Club members were asked to turn in their accompishments records at the next meeting in September.

Refreshments were served to Mmes. Phipps, Ted Wheeler, C. A. Wright, Langford, Clyde Emmert, Thomas, G. D. Thomas, Saunders and Haralson.

Miss Madie Turner of Amarillo visited Miss Alvina Roberts and other friends here last week end.

Clinton Gibbs of Guymon, Okla., visited his parents, Mr. and Mrs. Milburn Gibbs, over the week end.

Junior Hospital Auxiliary Meets

The Hospital Junior Auxiliary met Sept. 11 in the staff room of St. Joseph's Hospital.

Four amendments to the constitution were voted on and passed. A fund-raising project and a party for new members were discussed.

Members present were Laquita Martin, Rose Montgomery, Bonnie Farrar, Frances Hill, Linda Sikes, Jan Lindsey, Connie Null, Linda Maxwell, Anne Henard, Anna Kay Kelso, and Mrs. B. M. Sims.

Jerry Rainey and Freddie Watkins left Sunday for Denton, where they will enroll in North Texas State University. Both will be freshmen this year.

Shirley Peters returned to Canyon Tuesday where she will continue her studies at West Texas State College. Shirley will be a sophomore this year.

Mr. and Mrs. V. J. Simpson and Mr. and Mrs. Frank Fourmentin visited their daughter and sister, Mr. and Mrs. T. A. Nichols at Shamrock Sunday.

DOZIER NEWS

By Mrs. Alex Coleman

Mr. and Mrs. W. R. Montgomery and Shela, and his mother, Mrs. Alva Montgomery of Dallas visited Mr. and Mrs. Donald Coleman over the Labor Day week end.

Mr. and Mrs. Roy Hoffman, Jr., and Mark, and Miss Molly Hoffman, of Dallas, visited their parents, Mr. and Mrs. Roy Hoffman, who operate the Dozier store.

Mrs. G. R. Buckner and daughter, Mrs. Bob Ray, visited in the home of Mrs. Alex Coleman Thursday.

Visitors in the home of Mr. and Mrs. Donald Coleman recently were Mr. and Mrs. F. H. King, Jake, Denise and Renea, of Hereford, and Mr. and Mrs. Carol Fabors and Rusty, of Childress.

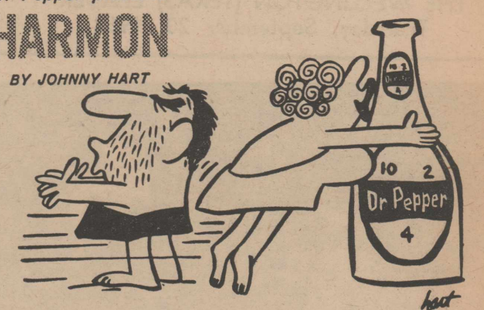

Mrs. Dea Allison of Carrizo Springs is visiting Mrs. Alex Coleman and other members of the Coleman family. She was a dinner guest Friday of Mrs. Lula Laycock in Shamrock.

Mr. and Mrs. Ted Wheeler, Eddie, Buford, Clariece and Laura Faye returned recently from a trip to the southern part of the state. They attended the wedding of their son, Danny Ray Wheeler and Miss Charlotte Richmond in Corpus Christi, and also visited in the home of Mrs. Wheeler's nephew Mr. and Mrs. Bill Marshall. In Alice they visited in the home of Mrs. Wheeler's sister, Mr. and Mrs. Clarence Styce and Linda. Mrs. Wheeler's mother, Mrs. Betty Holtom, who had been visiting with the Wheelers here, remained at the Styce home for a longer visit.

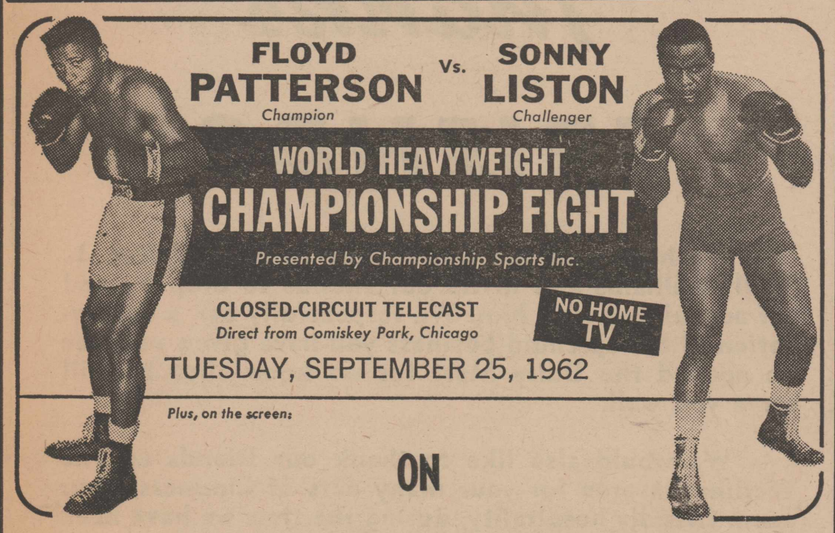

Mrs. Louise Kendrick and Mickye Ann visited her parents Mr. and Mrs. B. V. Stewart in Borger Saturday and Sunday.

Miss National Baby Doll

Receiving her crown as Miss National Baby Doll of 1962 is Zahn Couvillion, of Alexandria, La., whose mother, Mrs. W. H. Couvillion formerly lived here. With her are Sylvia Carson, Miss National Physical Culture Queen, and Mayor Clyde Fant of Shreveport, La.

★ ★ ★

Daughter of Former City Girl Is "Miss National Baby Doll of 1962"

Zhan Couvillion of Alexandria, La., won the "Miss National Baby Doll" 1962 contest in the 3 and 4 year old entrant class of the Physical Culture Pageant held in Shreveport, La., recently for the national elimination finals.

Zhan is here shown receiving the trophy from Mayor Clyde E. Fant of Shreveport.

Earlier this year she won the "Miss Baby Doll" honor over 18 parishes in the regional eliminations which made her eligible for the national finals.

Zhan was "crowned" the 1962 "Miss National Baby Doll" winner by the 1961 "Miss National Physical Culture Queen"—Sylvia Carson. Zhan is the daughter of Mr. and Mrs. W. H. Couvillion of Alexandria.

Mrs. Couvillion is the former Mae Ople Harper of Wellington.

The pageant was sponsored by the Quota Club.

Dodson Club Opens Year

The Dodson Civic Club met Thursday, September 13, in the school lunch room, with Mrs. Murle Whitfield and Mrs. J. T. Hartin and Mrs. B. B. Martin sharing hostess duties.

This was the first meeting of the year and new officers began their active duties. As is traditional with the club, it was a dinner meeting.

Mrs. B. B. Martin presented the program on "Texas Camp Meetings." She told of famous Texas camp meetings, and traced the history of that part of the state's religious life.

A memory service was held honoring the memory of Mrs. Z. O. McKinney, a charter member of the Dodson Civic Club, and a past president.

Roll call was answered by naming a noted evangelist.

The refreshment table was centered with an arrangement of marigolds and the dinner was served buffet style.

Attending were Mrs. S. L. Beanland, Mrs. J. T. Bogle, Mrs. Fred Boyd, Mrs. Thurman Crownover, Mrs. Hoyt Ellis, Mrs. Grover Graham, Mrs. J. C. Howell, Mrs. T. E. Lennon, Mrs. G. M. Lewis, Mrs. H. A. Painter, Mrs. Ross Swift, Mrs. Purl Tippie, Mrs. Floyd Teutsch, Mrs. B. T. Webb, Mrs. E. H. Ready and Mrs. Braswell of Hollis, Mrs. R. T. Jameson, Mrs. W. R. Crownover, Mrs. J. C. Tally, Miss Mary Graham, and Mrs. Olan Farris.

Miss Bonnie Willis attended a meeting of the District IX, Texas State Teachers Association, in Amarillo Monday. She attended some workshops which were held in connection with the meeting.

Who's New
— in the —
Wellington Area

Mr. and Mrs. Petra Bueno are the parents of a son, Roberto, born Sept. 13 in St. Joseph's Hospital. He weighed eight pounds, three and one-half ounces.

A son, Damon Douglas, was born to Mr. and Mrs. Scott Neil, Jr., Sept. 13 in St. Joseph's Hospital. His weight was seven pounds and seven ounces.

Shower Saturday Evening Honors Bride-to-be, Miss Nancy Elliott

The home of Mrs. Sandy Parsons Jr. was the setting for a shower honoring Miss Nancy Elliott, bride-elect of Jack Parkhouse of Dallas.

Joining Mrs. Parsons as hostesses for the event Saturday evening, September 15, were Mmes. Orville Vaughan, Frank Anderson, Byron Duncan, Velman Warrick and Clyde Drake.

Forming the receiving line were Mrs. Parsons, Miss Elliott and her mother, Mrs. A. L. Elliott.

Guests were registered at a table centered with an arrangement of white chrysanthemums in the form of a bride's bouquet.

A white drawn-work linen cloth covered the serving table. White chrysanthemums formed the center arrangement and on each side was a silver candlestick, wreathed in white mums, holding a white taper. Mrs. Don Crawford of Dallas, sister of the bride, and Mrs. Lyndon Crelia alternated at the punch service.

Arrangements of white autumn flowers were used in the entertaining rooms. Guests called from 7:30 to 9 p.m.

St. Joseph's Auxiliary Meets

First-of-the-year business was covered by St. Joseph's Hospital Auxiliary members in their initial meeting Friday, Sept. 14, with Mrs. B. M. Sims, president, in charge.

Mrs. Sims has announced these committees to work with the elected officers:

Executive board: Sister Mary Adele, hospital administrator; Mrs. Sims, Mrs. Quinton Brewer, vice president; Mrs. E. H. Harwell, recording secretary - treasurer; Mrs. Clyde Drake, corresponding secretary; and Mrs. Emory Hunter, historian.

The advisory committee is made up of the executive board and the immediate past president, Mrs. L. C. Hill.

Standing committee chairmen are: awards, Mrs. C. B. Jones; editorial, Mrs. Sims; finance, Mrs. Harwell; geriatrics, Mrs. E. D. Crawley and Mrs. Ernest Nunnelley;

Legislation, Mrs. J. W. Cochran; membership, all members; publicity, Mrs. Drake; scrapbook, Mrs. Hunter.

Special committees include the benefit ball, Mrs. H. L. Duncan; birthday luncheon, Mrs. J. W. Wells and Mrs. John Sherman; Christmas basket, Mrs. Harold Watkins and Mrs. Kelly Pigg; gift bar, Mrs. A. L. Elliott; junior auxiliary, Mrs. Sims, Sister Paula Marie and Sister Mary Perpetua; national hospital week, Mrs. C. E. Littleton; telephone, Mrs. Jones Singley and Mrs. J. H. Wood; scholarship, Mrs. L. C. Hill, Mrs. Carter Holcomb, and Mrs. Sims.

Three new active members were reported: Mrs. Joe Thompson, Mrs. Herbert Bearden and Mrs. Lyndon Crelia. Three new honorary memberships or memorial gifts were reported: Mrs. Floyd Teutsch, Mrs. W. S. White, and the late Mrs. Dolly Whisenant.

Plans were begun for the operation of the gift bar during the Christmas season.

Guests of Mr. and Mrs. Henard Gray and children during the week end were her sister and family, and a nephew: Mr. and Mrs. Ed Leftwich and daughter, Barbara, of Oklahoma City, and John Stephenson of Cristobal, Canal Zone, who has enrolled in the school of architecture of the University of Oklahoma at Norman. The Leftwich family has visited here frequently through the years.

To District B&PW Meet

Members of the Wellington Business and Professional Women's Club will attend the District 10 annual conference in Memphis Saturday and Sunday, Sept. 22 and 23.

Mrs. John Coleman, director for District 10, Texas Federation of B&PW Clubs, will conduct the business sessions.

The Club chorus will sing at the emblem ceremony Saturday night and the memorial service Sunday.

Miss Patsy Falk will give a number on her marimba.

The banquet speaker will be a former Wellington woman, Modell Hammack Scruggs, first vice president of the Texas Federation of Business and Professional Women's Clubs and wife of a Houston lawyer.

Edith DeBusk, Dallas attorney, will be the luncheon speaker on Sunday.

During the business session, a new director will be elected to succeed Mrs. Coleman.

Mrs. A. L. Cochran had as her guest last week her sister, Mrs. C. C. Sterling of Madill, Okla.

Mrs. W. D. Durfey had as her guests Saturday and Sunday her nephew and his family, Mr. and Mrs. Ben Miller and sons, of Denver City.

Picnics for Church Groups

Mrs. Richard Peters and the junior class of Trinity Methodist Church honored Mrs. G. C. Isbell and the primary class with a picnic at Ellison Park Friday, Sept. 14.

Those attending were Mr. and Mrs. Peters and Linda, Laron, Karon and Doris; Mr. and Mrs. Richard Gilbreth, Richard, Susan, Mary Ann and Zane; Mrs. Billy Waters, Karon, Larry and Robin; Mr. and Mrs. J. Emmert and Lena Hall; Mrs. Billy Joe Patterson, Janet and Jimmy; Sharon and Gary Cummings, and Mr. and Mrs. G. C. Isbell and Billy.

Dr. and Mrs. Russell Patrick of Albuquerque, N.M., visited the Rev. and Mrs. Glenn Hickey during the week end. Dr. Patrick teaches at the University of New Mexico.

Mrs. E. M. Strickland had as her guest last week her son, E. M. Strickland, Jr., who is moving to Austin where he will be with the government as an appeal analyst.

Mr. and Mrs. Bobby Joe King and children of Tex-Booster Station near Guymon, Okla., and Mr. and Mrs. Harry White, formerly of Amarillo, visited in the home of their parents, Mr. and Mrs. Henry Stall last week end. Mr. and Mrs. White left Monday for Houston where he will work indefinitely.

Mr. and Mrs. Newt Price have returned from a ten day vacation. Their first stop was in Dallas where they visited their daughter, Mr. and Mrs. C. C. McCulloch and family. They next attended a reunion of Mrs. Price's four sisters in Corsicana. Later in the week the Prices attended his family reunion in Athens at the home of Mrs. Will Cummings, Mr. Price's sister.

Visitors in the home of Mrs. R. S. Montague last week were Mr. and Mrs. Chester Keller of Monterey, Calif. Keller is a nephew of Mrs. Montague.

Mrs. N. H. Moore and Miss Faye Simpson of Beaumont are visiting in the home of her brother, Mr. and Mrs. V. J. Simpson and other relatives here.

Mrs. J. G. Gardner has returned from a two weeks visit with relatives. In Amarillo she visited her son, Mr. and Mrs. Troy Gardner and family, Mr. and Mrs. Macy Sanders, and a sister, Mrs. Tina Rogers. Mrs. Gardner's sister, Mrs. C. A. Smith, of Clovis, met her at Mrs. Rogers' home.

Mrs. Charles Simpson Jr. and four sons, Charles, Norman, Walter and Marvin, of Pueblo, Colo., recently visited her grandmother, Mrs. J. G. Gardner. Mrs. Simpson is better known here as Joyce Camp.

Visiting in the home of Mr. and Mrs. Will Ward last week end were Mr. and Mrs. Charley Hathaway, Mrs. Pauline Ward and Mrs. Leola Van of Sulphur Springs, Texas, Mrs. Ray Bell and Mrs. Willis Walker of Pampa.

Mr. and Mrs. J. F. Holley and James spent the week end in Abilene with their daughter, Mrs. Ralph Gray and children.

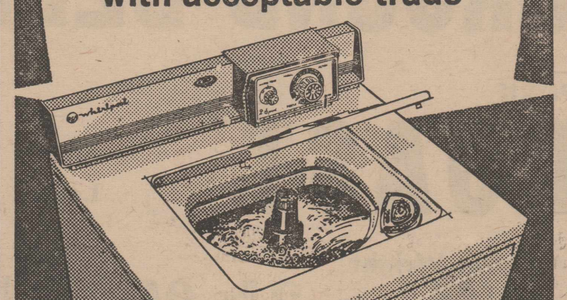

Mrs. Loren Thompson visited in Lubbock Saturday and Sunday with her son, Mr. and Mrs. Jimmie Thompson and children.

More Expected

Coaches Find Much to Praise in Rockets

Player by player, Rockets who saw action in the opening game with Hollis came in for high praise—and admitted mistakes—from their coaches, Don Beck and Harold Lamb.

"Overall, we're real proud of our kids because of their aggressiveness and desire to win," Head Coach Beck declared. "We felt our line blocked well except for a few mistakes, which is always expected in the first ball game. The backs blocked well and ran well throughout the game but made some mistakes in their assignments. We felt like our defense looked better than our offense because we made fewer mistakes than we did offensively," he continued.

"We need to realize all our defense and offense is completely different than it has been in the past and it takes a while to teach the kids that."

Here is Beck's report on the players:

We had exceptional effort out of Raymond Sanders in his hard, quick running and blocking and he did well on defense. But more important than that he gave us real good second effort. When he blocked one man, he'd get up and go block another one.

Gary Holliman did a fine job blocking and gave us good defensive play.

Bobby Hudson ran well and did a good job blocking.

Craig Bergvall ran exceptionally well and is a breakaway threat nearly any time. We were also real proud of his quarterbacking on the few plays he quarterbacked.

Danny Martin has real fine running style and we're going to see real fine things from him in the future.

Lynn McLain is a real field general offensively, doing a fine job of handling the ball, faking and throwing the ball. He also stands out defensively.

Gary White is a young quarterback but is learning very quickly and we expect him to be ready for top flight football in another game or two.

Line play was led by Jennings Wells, who played outstanding ball on offense and defense and could be one of the finest linesmen in the Panhandle—and we expect him to be.

Eddie Hale did a real fine job on defense and we are real proud of him because this is the first time he has ever played football.

Charles Floyd was outstanding on defense and we expect a good game from him every week.

Skippy Duncan was outstanding on defense.

Bryan Hatch made some fine plays defensively but he also made some mistakes which we expect him to correct.

Glenn Thomas made some defensive mistakes but I'll take credit for those because this is a new assignment for him and he doesn't know it yet, but we expect him to be one of the finest boys in the country.

Don Roark played a good game on defense but not as outstanding as he has been in previous scrimmages.

Our second unit linebackers Billy Clubb and Chester McLain filled their assignments extremely well, as did Tim Bailey.

Peter Hughes made an outstanding tackle or two which made leather pop.

"We were well pleased with the attendance at the ball game and the support that our cheer leaders and band and student body gave."

Each Class Has a Duty

FUTURE FARMERS ELECT NEW OFFICERS, OUTLINE DUTIES

Officers of the Wellington Future Farmer Chapter were chosen in the first meeting of the year Monday, Sept. 10.

President for the 1962-63 year is Glenn Thomas. Charles Floyd is secretary; Gary Holliman, vice president; Nat Romo, treasurer; Ronnie Ketchum, reporter; Joe John Henard, sentinel.

This year's FHA Sweetheart is Jan Glenn. She is the younger sister of last year's Sweetheart, Vicki Glenn.

A special meeting was planned for Tuesday night, Sept. 18 when FFA jackets, rings and other supplies were to be ordered.

Special events also were set, including the Father-Son Banquet, the FFA Rodeo, and the FFA Calendar and National FFA Week observation.

The chapter will have approximately 50 members this year.

Activities by class levels also were announced by Danny Garcia, ag instructor and FFA sponsor.

Ag I boys will become familiar with how the organization operates, its constitution and by-laws, and the content of the FFA manual. Following this, they will begin work on parliamentary procedure.

Second year vocational agriculture students are studying destructive and beneficial cotton insects, insecticides to be used in cotton, the rate and method of application. A number of field trips will be taken.

Vocational Agriculture III members, in their two hours long course, will have one hour of classroom study, biological study of plants and plant growth, along with identification of major grasses and other plants grown in the county, their characteristics and importance to the community.

These boys will pour the concrete floor for the new addition to the agriculture shop building, Garcia said. They will do finish work on the weatherboarding and roof and paint the building.

Air conditioning was added to the building, paid for by the money the ag students and FHA won on their crops booth at the county Fair. These fans were bought secondhand and reconditioned by the ag boys.

Future Farmers who have completed the ag work offered in school but who remain in the chapter, will assist in the meetings, run for district offices, serve in advisory capacities, attend conventions and serve in other ways.

St. Joseph's Hospital Notes

Mrs. W. M. Williams, surgical, has been a patient since Sept. 11.

Mrs. Petra Bueno, obstetrical, Sept. 11 to 14.

Robert V. Smith, Jr., medical, has been a patient since Sept. 12.

Mrs. Scott Neil Jr., obstetrical, Sept. 13 to 15.

Mrs. E. V. McClendon has been a medical patient since Sept. 13.

Mrs. W. J. Uselton, medical, was admitted Sept. 14.

Harold Louis Watkins, 13-year-old son of Mr. and Mrs. Harold Watkins, traumatic surgery, was admitted Sept. 13.

Judge Raymond Horton, medical, Sept. 13 and 14.

Miss Patsy Tompkins, medical, Sept. 13 and 14.

Mrs. Lucien Bearden, medical, Sept. 14 and 15.

Dewayne Gollihare of Dodson, medical, Sept. 15 and 16.

Millard Eugene Smith, 16-year-old son of Mr. and Mrs. Robert V. Smith of Dodson, traumatic surgery, has been a patient since Sept. 16.

Mrs. Eulice Murdock, medical, was admitted Sept. 16.

Mrs. Ellis LaHue, medical, was admitted Sept. 16.

Mrs. W. A. Morrow, medical, has been a patient since Sept. 16.

Mrs. W. I. Jackson, medical, was admitted Sept. 17.

Herman Belew, medical, was admitted Sept. 17.

Mrs. Fred Watkins, medical, was admitted Sept. 17.

Patients admitted earlier and discharged during the last week were:

Mrs. A. S. Dockins, Sept. 11.
Thad Alan Crosnoe, Sept. 12.
Mrs. J. H. Seymour, Sept. 12.
Mrs. George Sager, Sept. 13.
Mrs. Leon Smith, Sept. 13.
Mrs. W. H. Craven, Sept. 17.

Mr. and Mrs. Bert Lisman of Vernon are back in town for several months. Lisman is a cotton buyer for Marrow-Spenser and they live here during the ginning season each year.

Kenneth Strickland of Baton Rouge, La., visited his mother and sister, Mrs. E. M. Strickland and Mr. and Mrs. Fred Williams recently.

Mr. and Mrs. H. I. Magatagan of Artesia, N.M., spent the week end with her brothers and sister, Mr. and Mrs. R. R. Crawley, W. R. Crawley and Mr. and Mrs. J. A. Killian.

Miss Nancy Elliott and Mrs. Don Crawford and daughter, of Dallas, visited in the home of their parents, Mr. and Mrs. A. L. Elliott this past week end.

Mrs. Athan Lowrie of Crosbyton is spending several days with her parents, Mr. and Mrs. Paul Brewer.

Add to Quail Shop Building

Quail Future Farmers and Young Farmers chapters have started construction on an addition to the shop building on the Quail school campus.

The building, 20 by 30 feet, will be of frame and sheet iron construction, with a concrete floor.

It will be used for welding and blacksmithing work, according to Frank Kennedy, advisor to both chapters.

Mr. and Mrs. Jerry Thompson of Weatherford, Okla., spent the week end with their parents, Mr. and Mrs. Loren Thompson and Mr. and Mrs. Henry Langford.

Mr. and Mrs. O. B. Benson and son, and Mr. and Mrs. Jim Dumos, of Comanche, Okla., visited their sister, Mrs. Ralph Long and family last week end.

Card Of Thanks

With deepest gratitude we wish to extend this word of thanks to all those who were so thoughtful and helpful during the illness and at the passing of our loved one, Mrs. D. W. Bryant. May we especially thank Dr. Holcomb and the nurses of the clinic. Your kindness and help has meant so much to us.

The family of
Mrs. D. W. Bryant.

I wish to express my sincere thanks to the B&B Electric for the Automatic Electric Dryer I won at their drawing Saturday, Sept. 15.

Mrs. Alva Christy.

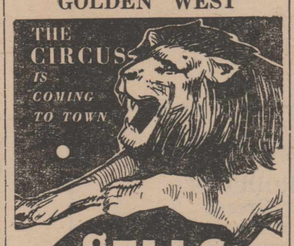

Words cannot express our gratitude toward all those who expressed their sympathy and helpfulness to us so beautifully at the time of our recent sorrow.

May God bless each of you.
The family of
Marvin Harris

May we express our heartfelt thanks to those of you who expressed your sympathy in so many thoughtful ways during the passing of our loved one. Your kindnesses have meant much to us.

The family of
Mrs. Nancy Brown.

It's Great to Be NEEDED

IN a community like this of ours, you don't have to be rich, or a genius, or the right man's son-in-law, to be useful and respected.

Here there is room and opportunity for the fulfillment of every man's true destiny—service to his fellowman—in contrast to the case in great population centers, where it is the role of millions of modestly endowed folks to live out their lives in obscurity.

★ Here there is more satisfaction in living, and broader opportunity for the development of latent genius in leadership. Consequently, from the smaller communities like ours have come virtually all of our country's great men.

It is our obligation to ourselves and to our children and grandchildren to keep our own particular unit of real American life vigorous and intact economically by consistent patronage of home business, that we may preserve this vital way of life...and its contribution to our country's greatness.

It Pays to Buy Where You Live

One of a series of advertisements on the subject of Community Economics . . . respectfully presented by this group of leading Wellington business firms . . .

Variety Demonstrations

Bison Ranks Over Others in Intra-State Wheat Tests

Bison, a wheat variety developed in Kansas, was the top producer over a four year period in the intra-state wheat variety tests carried on by the Northwest Texas Research Demonstration program in cooperation with the Southwestern Great Plains Field Station at Bushland. Its average yield was 34 bushels per acre.

Results of the variety tests were known this week by County Agent Bob Lynch.

These tests have covered both good years and bad from the wheat growing standpoint. Results of the tests were affected by weather just as was wheat over the county.

The top producers were newer varieties, whose breeders worked toward heads that shatter less and stems that are harder to break.

Lynch and Dwane Scott, research demonstration assistant, were in charge of the wheat variety tests for the research demonstration program. Dr. Kenneth Porter, agronomist for the Bushland field station, was in charge of the overall program.

The tests for the four-year period were on the Baumgardner farm, operated by David Baumgardner, a young Texas Tech graduate who understands research work and its value. The test plot was planted in the middle of his own wheat field and treated just like the rest of his dry-land crop.

Bison made its top yield of 43 bushels per acre last year and its lowest, 18, this year.

"This is a variety that is fairly new to this area but it's well known in Kansas. It originated with the Kansas Experiment Station and is grown extensively in southwestern and central Kansas," Lynch said.

"This particular wheat has been the top producer or next to the top each year of our test," he added.

Ranking second was Concho, with a three-year average of 32 bushels. It is a Texas-bred wheat but was not used in the tests this year.

Tascosa, a wheat developed at the Bushland station three or four years ago and bred especially for the High Plains-Panhandle area, was the third high producer.

"An attempt was made to breed these characteristics into it: stiffen up the stalk, shorten it, and tighten up the head so it won't shatter. Definitely the head is a big improvement over any other variety. It's a little harder to combine, but that isn't a factor.

Fourth high producer is Crocket, which averaged thirty bushels. It is not well known in this area. It appeared, however, to produce better in dry weather than some of the other varieties.

Kharkof (Turkey), a wheat still in the experimental stage, ranked fifth. It averaged 30 bushels, with high production of 37 and low of 17.

Comanche placed sixth, with yields ranging from 15 to 38 bushels and an average of 29.

Kaw, another wheat developed at Bushland, had an average of 28 bushels and range of 18 to 39 bushels. It is one of the top bread-flour wheats and while it has yielded well on the high plains, it has not been as successful in the rolling plains area, Lynch said.

Improved Triumph, eighth, averaged 27 bushels and Triumph 24.

Early Blackhull, a variety not recommended because of its poor milling quality, was included as a check, since its performance here is so well known. It's test average was 24 bushels also.

Tascosa was the high yielder in 1960 with 47 bushels and almost as good in 1961. But 1959 was a bad year. Scott and Lynch feel the rain pattern probably affects Tascosa. This did not appear to be the case with Bison.

Plans are being made to continue the wheat variety tests as part of the Northwest Texas Research Demonstration program.

Group Here for Bowen Rites

Among the out of town visitors who attended the funeral of Mrs. S. B. Bowen were Mr. and Mrs. Frank Goforth, Bob Goforth, Earl Goforth, Mrs. Vera Wilder, Mrs. Mae Hatch, Mrs. Ed Nuss and the Rev. J. L. King, of Amarillo;

Mr. and Mrs. Jim King of Pampa; Mr. and Mrs. Ray King and Joe, of Guymon, Okla.; Mr. and Mrs. H. L. Bowen, Mr. and Mrs. L. K. Bowen, Mr. and Mrs. Raymond Bowen, and Mrs. John G. Berry, all of Jacksboro;

Mr. and Mrs. Bill Rogers and sons, Mr. and Mrs. Cliff Farber, of Walters, Okla.;

Mr. and Mrs. Freddy Ford of Buffalo, Okla.; Mr. and Mrs. Lanny Lewis and son, of Weatherford, Okla.;

Mr. and Mrs. Doyle Rogers and sons, of Briscoe; Mr. and Mrs. LaDwain Bowen and family of Spearman;

Mr. and Mrs. Amos Steelman and Mr. and Mrs. Glenn Kelly of Bovina;

Mr. Royal, Mr. Lipscomb, Mr. and Mrs. Charles Bowen and family of Plainview; Noel Cudd of Corpus Christi; Mr. and Mrs. Bill Begert of Allison; Mr. and Mrs. Keith Bowen of Childress;

Mrs. Susie E. King and Mrs. Joe Chaney of Lubbock; Mrs. Jake Melker of Fairview, Okla.;

FHA Men Here Sept. 26 for District Meet

Farmers Home supervisors of Area 21 will hold a training session and tour here Wednesday, Sept. 26. This is sponsored jointly by the FHA and the Northwest Texas Research Demonseration program. County Agent Bob Lynch, Dwane Scott, research demonstration assistant, J. J. Roan, FHA district supervisor, and George Sparkman, county supervisor, are in charge.

During the training session, Lynch and Scott will bring the group up to date on the research findings relating to cotton, johnson grass control, wheat varieties, cotton varieties, fertilizer tests and other research tests carried on under the program.

This will be followed by a tour of the demonstration plots. The itinerary is being worked out this week.

This is the second time the FHA supervisors have met in Wellington to study the Northwest Texas Research Demonstration Program.

Mrs. T. A. Nichols and R. A. Nichols of Shamrock; Mr. and Mrs. S. B. Campsey of Munday; Mrs. Lilla Campsey of Knox City; and Mr. and Mrs. J. R. White and family of Phoenix, Ariz.

Mrs. Joe Shields and Mrs. Ed Hill of Amarillo visited in the homes of E. N. Lewis and Mr. and Mrs. Harold Watkins recently.

Mr. and Mrs. Claude Savage returned their son, Mike Dillon, to Lubbock Sunday, where he will attend Texas Tech. Mike was a freshman there this summer.

Rotary to Sponsor Sells Bros. 3 Ring Circus

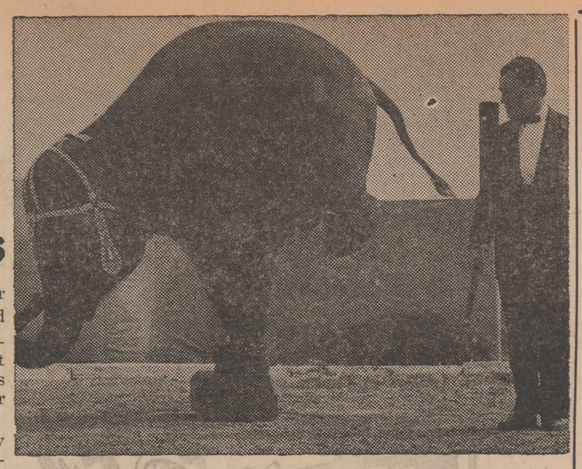

N. M. Higdon, president of the Wellington Rotary Club today announced that the club plans to sponsor the famous Sells Bros. Circus in Wellington on Monday, Oct. 8.

The show, a genuine old-time 3 Ring Circus "under the big top," and the largest to play in this area in many years, will give performances at 4 and 8 p.m. at the show grounds located at the Ball Park for one day only.

Sells Bros. 3 Ring Circus, "the oldest and proudest name in the circus world," presents over 30 feature acts in three rings, bringing all the thrills of Circus Day to young and old alike. The tented circus is not dead, and the Sells Bros. prove it with an outstanding array of talent from the four corners of the world. Aerial artists and wire walkers share the spotlight with jugglers, tumblers and funny old clowns; while amazing animal actors cavort in all three rings to show that Circus Day is still the happiest holiday of the year. Dogs, ponies, monkeys, bears, lions, and many more will hold the attention of the small fry while the entire family will marvel at the performing herds of elephants.

Travelling on two vast convoys of motorized equipment, Sells Bros. famous 3 Ring Circus presents an all new show for the 1962 season. They boast a huge big top, with comfortable seating for thousands. No games of chance or gambling devices are carried with the show, and the sponsor draws attention to the fact that the Sells Bros. Circus is good, clean enertainment for the entire family.

Tickets are on sale now from any member of the sponsoring group, and the sponsor urges everyone to buy their tickets early to avoid the line at the box office on Circus Day. All proceeds will go to local activities of the Rotary Club.

TRUNK FULL OF TRICKS
Elephants always draw crowds, and this will be true when Sells Bros. 3 Ring Circus performs in Wellington Monday, Oct. 8. Above is but one of the elephants and one of the tricks that will entertain the crowds.

NEWS OF MEN IN SERVICE

MAYPORT, Fla. — Donald J. Terry, disbursing clerk second class, USN, son of Mr. and Mrs. J. C. Terry, Wellington, is serving aboard the attack aircraft carrier USS Saratoga, operating out of Mayport, Fla.

The Saratoga recently was nominated for the annual Arleigh Burke Fleet Trophy for outstanding improvement in battle efficiency, morale and performance.

The award honors Admiral Arleigh Burke, who was Chief of Naval Operations before retiring last year.

The Saratoga was among six ships of the Atlantic Fleet nominated for the award, which was won by the radar picket destroyer USS Vesole.

New Cars and Trucks

E. G. Allen, Quail — Ford pickup.

Dodson School, Dodson — Chevrolet school bus.

State quota for Texas draft boards in October calls for 160 men, Col. Morris S. Schwartz, state Selective Service director, has announced.

Field Day Tour Tues, Sept. 25

We would like to call your attention to the Field Day Tour of experimental and demonstration plots that will be held Tuesday Sept. 25 for we believe it will provide valuable information for farmers and businessmen alike.

FARMS TO BE VISITED

1. Elvis White farm at Rolla for a fertilizer demonstration on dry land cotton.
2. Jack Phipps farm at Cross Roads, grain sorghum variety test.
3. John Coffee farm at Bean Hill, combination cotton burr and fertilizer demonstration.
4. Dwane Scott farm just north of town, Aphid resistant alfalfa variety test and to see lateral oiling machine to treat Johnson Grass.

Information on other work being conducted by the Northwest Research Demonstration Program will be discussed during the tour and refreshments will be served. See you Tuesday at 9 a. m. on the south side of the court house.

Rockets Zoom Over Tigers by 34 to 0

Don Beck's 1962 edition of the Wellington Skyrockets zoomed and boomed to a 34 to 0 victory over the outclassed Hollis Tigers in their opening game on Powell Field last Friday night. The winning game of the Rockets was made more pleasing to the 1100 spectators —at least home fans—by the pyrotechnics set off by the quarterback club after each Wellington score. It was an auspicious start for Beck and Harold Lamb and their practically new team.

The game was less than two minutes old when the pattern of coming events began to unfold. Wellington kicked off to the Hollis 20. Two tries by the Tigers gained only three yards and on the third play the Rockets recovered a fumble on the 8-yard line. Lynn McLain did a neat bit of ball handling and behind some excellent blocking Raymond Sanders went around his left end for the first touchdown. The try for two points failed but the Rockets had 6 points with only three plays having been run by both teams.

After getting the ball on the kickoff Hollis failed to make a first down and was forced to punt. Craig Bergvall returned the ball through a broken field to his own 16 before he was brought down. On one play, Bobby Hudson carried it to pay dirt and again the blocking of the white-clad Rockets was sharp.

Hollis managed to make one first down near the end of the quarter but lost the ball on a fumble. The Rockets returned the compliment with a fumble of their own which the Tigers recovered on their own 41-yard line. After moving the ball to the 48 the Tigers suffered a five yard loss when Rippetoe was trapped behind the line.

Hollis lined up in punt formation but the hard charging Rocket line caused an overpass and the ball rolled all the way back to the 21 where it went to the Rockets on downs.

Good carries by Martin and Bergvall took it to the six and Sanders thundered up the middle for the third touchdown. A kicking try for one point failed and the score mounted to 18 to 0.

On the next series of downs Hollis was moving with a combination of running and passing plays, but Lynn McLain snared the second pass and raced 28 yards to score. This time Bobby Hudson carried the ball over for two points making the score 26 to 0, where it remained at the end of the half.

The third quarter was an entirely different ball game with the Tigers putting up a determined fight. At the beginning of the second half the Rockets made two first downs in a row but lost the ball on downs when they elected to run on a fourth down.

Taking the ball on their own 28 yard line the Tigers made their most sustained drive of the evening, picking up four first downs in a row with Rippetoe and Hays doing most of the carrying. From their own 28 they punched the ball to the Wellington 22 before losing it on another of the numerous fumbles that plagued them all through the game.

The Rockets also moved the ball for a considerable distance in the third quarter but about half of it was backward due to 15 yard penalties for holding and illegal use of the hands.

Wellington's most sensational run of the evening came in the middle of the fourth quarter. After getting the ball on a fumble the Rockets took over on their own 45 yard marker. On the first play the Rocket line opened a big hole and Sanders raced through the middle into the secondary where it looked like he might be stopped, but he kept bulling his way forward and finally shook loose from the last Hollis tackler and then outran them across the goal to bring the score to 32 to 0. The try for two points was good and the scoring ended 34 to 0.

The Tigers' best run of the night was a punt return by Henry McBrayer who took it deep in his own territory and raced it across midfield to the Rocket 24 before being knocked out of bounds.

The blocking and tackling of the Rockets was outstanding for an opening game and the hard charging of the linesmen made many of the breaks that went in favor of Wellington. Coach Beck used a two platoon system and 20 boys saw some action during the game.

King Receives Scholarship

Bob King, 1962 graduate of Samnorwood high school, has received a basketball scholarship to Oklahoma State University.

He is the son of Mr. and Mrs. Bill King of the Dozier community.

King compiled an 18-2 record over a three year period while playing for the Samnorwood Eagles.

Mr. and Mrs. A. Y. Bell visited their daughter, Mr. and Mrs. Newton Crain in Canyon, and attended the West Texas State College football game last week end.

Student Council Names Officers

The student council of the Wellington high school met recently and reviewed the rules covering the use of the student lounge, a privilege given students who maintain specified standards.

Among other things, the student who uses the lounge must have a scholastic average of B or above, cannot be a litterbug, must conduct himself mannerly. Upon approval by two faculty members, a student may use the lounge as an honor study hall.

President of the student council this year is Raymond Sanders, also president of the senior class. Council vice president is Lynn McLain, a senior, while Beverly Singley, sophomore, is secretary and Mary Graham, a senior, is treasurer.

Other members of the student council are Don Paul Sweat, Danny White, and Virginia Patterson, freshmen; Mickey Carter and Ronnie Hurst, sophomores; Glen Thomas, Judy Grawford and Gail Henard, juniors, and James Poteet, senior.

Aleta Owens and Mark Fires represent the Beta Club on the student council.

Sponsors are Mrs. Bynum Hightower and Louis Graham.

Quail Juniors Name Officers

The Quail junior class met Tuesday, Aug. 23 to elect officers and sponsors.

Kirby Word was chosen president; Robert Russell, vice president; Ann Baggett, secretary; Duane Campbell, treasurer; Carrol Kennedy, sergeant at arms, and Sue Ward, reporter.

Class sponsors are Mrs. Woodrow Wilson and Frank Kennedy. Room mothers are Mrs. Jerry DePauw and Mrs. Dudley Phipps.

The class had its first party Friday, Aug. 26 when members went swimming at Marian Airpark pool and afterward ate supper at the Dairy Mart and watermelon at Ellison Park.

Those attending were Margie DePauw, Peggy Vernon, Janie Patton, Mary Finley, Sue Ward, Marjorie White, Jackie DePauw, Duane Campbell, Don Langford, Dwight Burns, Kirby Word, David Phipps, Eddie McGill, Robert Russell, Billy Brooks, Johnny Carson, Mike Mitchell and Carrol Kennedy.

Mr. and Mrs. C. B. Clark of Amarillo visited her son, Mr. and Mrs. Francis Roberts, last week.

Mr. and Mrs. J. E. Bowen of Plainview visited with relatives over the week end.

8th St. at Railroad Track

Deck's DIDACTICS

—By Deskins Wells

Congressman Walter Rogers spoke before a combined meeting of the Rotary and Kiwanis Clubs of Wellington Tuesday at noon. Much of his talk concerned water conservation and utilization in the Eastern Panhandle and was well received by the water-mided civic club members. The story is in another part of the paper. Some expressed regret that he had nothing to say about Cuba. However, he did talk on Cuba at a meeting in Amarillo that same night and is quoted as saying that he would be in favor of a U.S. invasion of Cuba and the taking of the island—wtihin 24 hours if positive proof of the installation of missiles on Cuban soil were obtained.

The saddest words of tongue or pen: It might have been. The dangerous buildup of Communist forces in Cuba could have been prevented if President Kennedy had made the right decision at the right time. It was on April 16, 1961 that the ill-fated Cuban invasion was started. President Kennedy had given his final approval to that invasion a few hours earlier. That was the day an armed force of Cuban refugees sailed to invade Castro's Cuba.

The day before a surprise attack of bombing planes belonging to the invaders had knocked out all but seven of Castro's air force. A second air strike was planned for April 17 to finish wiping out Castro's planes and to provide air support for the invading forces. The planes would have been manned by Cuban pilots. The invaders went ashore and were successful in the battle that followed. Castro's tanks moving up to attack would have been vulnerable to the second air attack which never came and the reason was that President Kennedy forbade their use. On April 18 he consented to the use of a limited number of American planes manned by Cuban fliers, but this was too late and the invasion was crushed. Many military men believe the invasion could have been a success without costing a single American life. What the Communist buildup 90 miles from our shores may cost in the future is impossible to say. It could have been prevented.

The Field Day Tour is slated for next Tuesday. I don't suppose I will get to go for Monday and Tuesday morning happen to be the hours when I do my most intensive advertising work, but I would certainly like to see the combination fertilizer and cotton burr test on the John Coffee farm near Bean Hill. I presume this will be three plots, one with commercial fertilizer, one with cotton burrs alone and the third a combination of both commercial fertilizer and cotton burrs. Perhaps I can get John to drive me out there some Thursday or Friday.

Incidentally John wants to know just what is a New Frontier guarantee. Well, it is something like an Oklahoma guarantee in the old days except it is printed on paper that costs a billion times more.

Next Tuesday fight fans in Hereford, Dumas, Amarillo, etc., will shell out $4 or $5 each to crowd to the Amarillo Tri-State Fair Grounds to see the heavyweight title fight. This will not be true of the people in Wellington who are on the cable. All they will need to do it fix a plate of sandwiches and sit back and relax. The high-up officials of Vumore pitched Hurshel Tyler and this paper a curve about the time, as can be seen from the advertisement on the inside of this issue, but the time listed in the ad on this page is correct. It is 8:30 in the evening.

I like most sports, but personally I wouldn't give 50¢ to see an ex-convict and another Negro who has a fairly decent reputation try to kill each other. I saw one Negro murdered this year and that is enough. The referee ought to be forced to watch the movie of that fight once a week for the rest of his natural life.

The Rockets looked good last Friday as they downed Hollis 34 to 0 and they will probably win again against Paducah. Of course you never can tell about football. Look at what Hamlin did to Childress last Friday. The tackling of the Rockets was superb for an opening game and their ball hawking on fumbles was equally impressive. Their offense was about as polished as you could expect from a comparatively new team on opening night. I have always felt that learning to throw an effective block is the hardest thing to learn in football—more difficult than running with the ball, throwing or catching a pass. The second most difficult, in my opinion that is, is for two men to learn to be an effective field goal pair and the third is how to punt well.

Grownups as well as children were thrilled and delighted with the fireworks after each Rocket touchdown last Friday night. This was not done by the Quarterback Club as many believed. Our thanks should go to Dan Henard, Jim Martin, Billy Hatch and Chas. Allen who financed the show as individuals. They had to pay $25 for a permit and then they had to take out a bond in case any person is injured. Anyway it was like the old championship days of the Rockets. Thanks gentlemen for making a very pleasant evening doubly so.

Back in the twenties when he was the best fielding second baseman in the Eastern Panhandle and Western Oklahoma as well as the top Wellington hitter, people would have laughed out loud if they had heard of Polly O'Neil taking flowers to the editor. But that is what he says he is going to do. He has some kind of a wild flower that will last for four weeks after being cut. Well, bring them on in and I will give you an opinion even if it is totally incorrect. The description sounds like Belles of Ireland that have been turned out to pasture.

Cook Grain Co. Terrapin Wins Racing Event

A terrapin entered by Cook Grain Co., won first place in the county fair terrapin race, N. M. Higdon, chamber of commerce manager, has announced.

There were 51 entries.

Race 1 saw a terrapin sponsored by Zook Thomas place first and those of Judge L. E. Gribble second and Dr. Carter Holcomb third.

The W. J. Copeland terrapin was first in Race 2, with one sponsored by Hurshel Francis second and Raymond Patton's creature third.

The third race saw the Cook Grain terrapin place first; and those of Dr. J. M. Orr and C&H Pharmacy second and third.

Judge R. L. Templeton had the winner in the fourth race, Henard Brothers second, and Lynn Wright third.

The four winners competed in the final event.

Polio Vaccine

(Continued from page one)

will be needed to take the vaccine.

Consent sheets which require the signature of the parents or guardian of a minor will be distributed through the schools in advance of Oct. 6.

"Written consent must be given before any minor can receive the oral vaccine," Dr. Holcomb declared.

The vaccine is for everyone, he pointed out. "Visitors in the county may take it right along with local residents."

The Sabin oral vaccine will not be completely new here when Oct. 6 comes. Already, approximately 30 doses have been given by local doctors to patients.

Paducah

(Continued from page one)

the state.

Childress defeated the Dragons 66-6 and Rotan 50 to 6.

"Paducah runs a multiple offense," Beck said. "This is an unbalanced line and you can set flankers either way and get a multiple of variations.

"This is difficult to defend plus the fact that they have an outstanding quarterback in 170 pound Bill Neskorik and a good fullback in Dwight Read."

"The Dragons are led by a young line who lack experience, as does our line," Coach Beck said. "They have an exceptional blocker in Royce Perez, a 160 pound tackle.

"Their defense has been a four man line and an eight man line, which are both sound defenses.. We can win the ball game but only if our kids get ready for it mentally and physically," he re-emphasized.

Coaching the Dragons this year is John Higdon, and his assistants are Jackie Hunt, Kenneth West and Gene McCain.

IF YOUR PLATES DON'T FIT GET "CUSHION" NOW

A new Plastic Jelly. Apply "Cushion" from tube to dry plates. Place in mouth and bite down gently. "Cushion" flows and molds to shape of gums. "Cushion" congeals and forms soft liner in plates that lasts for weeks. To remove just peel out and apply more. Plates can be washed and soaked without damage. Try it.

Joel Lowry Speaker

Steak Fry Honors Norwood FFA Parents

Samnorwood Future Farmers held their annual Parent-Son Banquet Tuesday, Sept. 11 with Joel Lowry, past state vice president, as guest speaker.

This year the banquet was in the form of a steak fry.

Neal Lowry, chapter president, was master of ceremonies and John Dwyer, advisor, presented the chapter awards.

These included:

Neal Lowry, public speaking; Bill Wischkaemper, livestock farming; Lloyd Stice, farm mechanics; Dean Tate, star greenhand; and Mike Wischkaemper, star chapter farmer. The state dairy team received certificates of merit. Members were Buck McLemore, Bill Wischkaemper and Mike Wischkaemper.

Members of the second place senior chapter conducting team also received certificates of merit, including Neal Lowry, Mack Shields, Wayne Lindley, Jimmie Martindale, Bobby Colson, Don Amerson, Mike Wischkaemper and Bill Wischkaemper.

Miss Drake With Baylor Hospital

Miss Francis Drake, an August graduate from the University of Texas, is employed as a secretary to the head of the x-ray department of Baylor Hospital in Dallas.

She is the daughter of Mr. and Mrs. Clyde Drake.

Quail FFA Picks Officers

Quail Future Farmers have named officers for the coming year, with Kirby Word as president.

Other officers are Duane Campbell, vice president; John Carson, secretary; Carroll Kennedy, reporter; David Phipps, treasurer; and Dan Langley, sentinel.

Frank Kennedy is chapter advisor.

Crackers Open Home Schedule vs. Estelline

The junior high Firecrackers will play their first home game Thursday, Sept. 13 against the Estelline junior high team, Coach Harvey Millsap has announced.

The game will be at Powell Field and begin at 7 p.m.

Under an agreement with the Estelline coach, Jimmie Adams, only seventh grade Firecrackers will play in this game, Millsap said. "Their coach says Estelline is not a strong team this year and asked if we would play our seventh grade boys. We agreed and made this special deal," Millsap continued.

The public is urged to come out and support these younger football players.

Winners Shy

(Continued from page one)

ade divisions:

The most spectacular riders: first, David Caison; second, Mish Dukeminier; third, Bob King on a Texas Longhorn steer.

The pony carts: first, No. P-3; second, Jake Leach; third, No. P-5.

Judges were Mrs. Paul Guthrie, J. B. Oney and Donald Nunnelley.

Lutie Church Host to BTU Zone Meeting

Lutie Baptist Church was host to the B.T.U. zone meeting Monday, Sept. 17. Officers for the coming year were elected during the business session.

New officers are Tom Cunningham, Samnorwood, president; E. B. Seale, First Church in Wellington, vice president; and Doris White, First Church in Wellington, secretary-treasurer.

The theme for the program was "Prepare, Live, Follow." Joel Lowry brought the devotional.

Following the special music by Dottie Tate, the film "In the Circle of His Will" was shown. The program closed with the song "Follow Me', sung by Darlene Rainey, Dottie Tate, Joel Lowry and Neal Lowry.

There were four churches represented and Lillie Church was awarded the attendance banner. Watermelon was served by the host church.

Grid Player Ill in Lubbock

Jerry Elbert, member of the Texas Tech Red Raiders, is recovering from what doctors believed was either a heat stroke or loss of too much salt from his body during football practice.

The young athlete was not hospitalized but was under treatment at his home, his wife told her parents, Mr. and Mrs. Heber Brantley.

His parents are Mr. and Mrs. Cecil Elbert. Elbert visited his son in Lubbock Saturday.

Rogers Speaks

(Continued from page one)

can go.

"The development of these resources will open the door of opportunity to our people here. It will provide opportunity to the people who will come here."

Mr. Rogers devoted the remainder of his talk to an explanation of the Arms Control Bill, much misunderstood and the target for "hate organizations." The bill, he explained, aimed at co-ordinating the arms efforts of the nations, which is scattered through many agencies, and was requested by the Joint Chiefs of Staff.

Rogers and about a dozen other congressmen were the authors of the Fountain Amendment to the Bill, which would provide that the armed strength of the nation cannot be reduced without following constitutional channels.

N. M. Higdon, Rotary president, presided at the meeting and guests were introduced by Troy Marsh, vice president. Henry Sullivan was master of ceremonies and introduced Mr. Rogers.

Mrs. Welch to Teachers Meet

Mrs. Bernice Welch, president of the local chapter of the State Classroom Teachers Association, was in Austin on Friday, Saturday and Sunday, attending a meeting of all local presidents.

Mrs. Gene Scott, president of the Shamrock chapter, made the trip with her.

Mrs. Welch heads the Wellington Classroom Teachers Association.

Dord Fitz

(Continued from page one)

chanics of manipulation of the elements in space that an idea of his can become a physical manifestation, and in this instant he becomes a creator."

Results of his work are evidenced in the new meaning to life found by people who have come in contact with his art movement and the painting and the sculpture that have been accomplished under his tutelage.

Each spring an exhibit of work by students of Mr. Fitz is featured at a New York City gallery. These exhibits have always received high acclaim by the New York art critics. Many of the students and Mr. Fitz attend the opening of this spring NYC exhibit. Several people from this area have made the trip to New York City for this student exhibit.

Show Instruments for Beginners Band Thursday

There will be a display of band instruments for beginners Thursday, Sept. 20 from 4 to 6 p.m., at the band hall, Tubal Cain, director, has announced.

Parents of all fifth graders interested in taking band are invited to attend. There will be an explanation of the rental plan and also the use of school band instruments.

Classes for fifth grade band students will start Friday, Sept. 21 and will last for 30 minutes each day, Cain said.

Mrs. Scott Sigler Visits in City

Mrs. Scott Sigler of Brownwood visited in the home of her nephew, Clyde Drake, and with other Wellington friends Thursday, Sept. 13.

The late Mr. Sigler ran the early day passenger service by hack and later by touring car between Wellington and Memphis. Later he owned the Phillips agency here.

Mrs. Sigler now lives at home on the ranch of her younger daughter, Mrs. Bragwel Locker near Brownwood.

Another Wellington visitor that day was her niece, Mrs. Mildred Stevens of Memphis.
