New Baptist Bells To Be Dedicated Sunday Morning

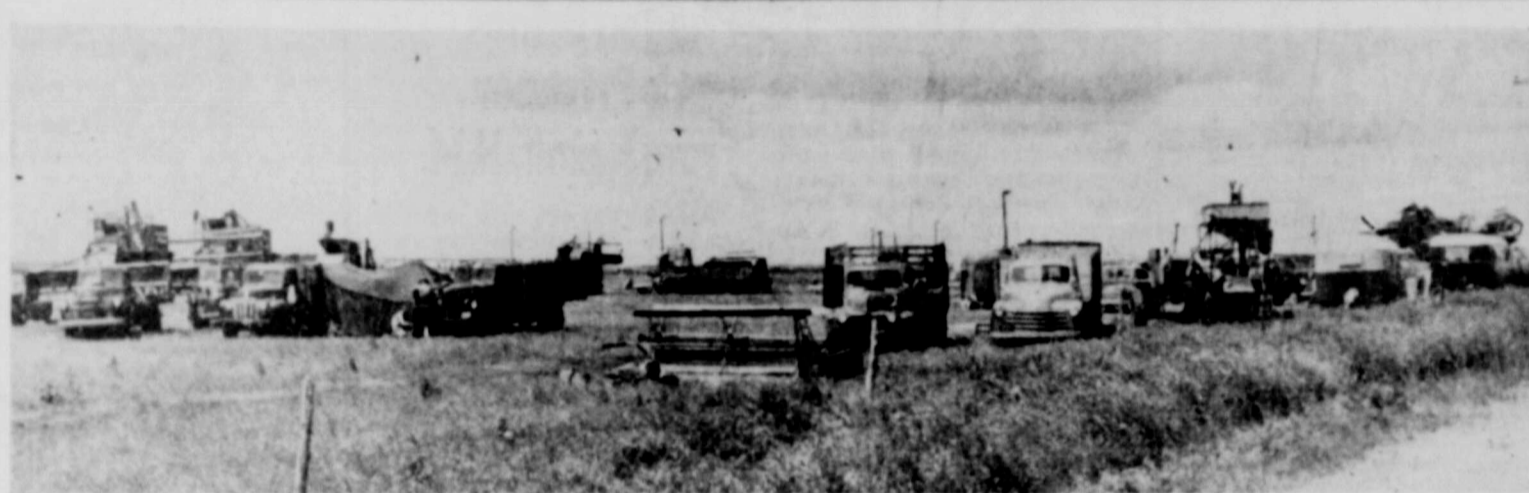

Dedication services for the new carillon bells installed this week at the First Baptist Church will be held Sunday morning, Rev. O. C. Curtis, pastor, has announced.
The new electronic bells were purchased from the Schulmerich Electronics Co., of Sellersville, Pa., and given to the church by Mr. and Mrs. Rupert C. Allen.
The bells are installed so as to play either through the bell tower or inside the church. There is an organ attachment.
See No. 5, Page 6

Manning Rites Held Sunday at Gray Church

Funeral services were held at the Gray Community church Sunday afternoon at 3 o'clock for Burton Thomas Manning, age 64, who died at his home in Perryton last Friday afternoon. He had been ill for several months, confined to his bed after suffering a stroke.
Burt Manning had been a resident of the Gray community for many years. About three years ago he moved to Perryton to make his home.
He had carried the mail, as a rural carrier, for 28 years.
Survivors include his wife, Mrs. Edith Manning; two sons, Earl of Mancus, Colo., and Howard, Roseville, Calif.; three daughters, Mrs. Chet Hoskinson, Orvada, Colo., Mrs. H. W. Parsons, Beaver, Okla., and Mrs. H. C. Gordon, Gray; a sister, Mrs. Effie Kulow, Dornbey; and seven grandchild-
ren.

Baseball Games Sunday

Junior baseball games will be played at the Dumas VFW Sunday afternoon at the 4th ball park in a junior league game. The Perryton team will play Texhoma, winning Sunday's game.
The game will be played at 2:30 p. m. Wayne Gyger stated Perryton will have Bond, pitcher, and Oimstead, 1b, Connor, cf, Smith, 3b, and Clark, rf.

READY FOR HARVEST—This scene shows the harvest machinery lined up at the county harvest area, by the rodeo grounds, waiting for fields to dry out and the 1949 wheat harvest to begin. Practically all of the harvest crews carry their own living quarters with them, either house trailers or tents. The county installed toilets, showers and lights at the harvest area. The Texas Employment Commission headquarters, staffed by E. L. McElhanon and Aubrey Jones, is located in this area and assists both harvest workers and local farmers in securing

Shortage Of Combines Seen for Harvest This Year; Many Machines Being Held Down State

From all indications, there will be a shortage of outside combines in this area. Pre-harvest estimates gave a need for 350-400 outside combines in Ochiltree county, and less than 100 have arrived so far. The rains and delayed harvest down state is holding machines that would ordinarily have come north days ago.
The supply of harvest hands and trucks seems to be adequate in Ochiltree county, although more single hands and trucks are needed in Lipscomb county.
A survey made by Aubrey Jones of the Texas Employment Commission office in Perryton, located at the harvest area in the county rodeo grounds, revealed a shortage of all harvest machinery in Lipscomb

county. Harvest is opening up rapidly in Lipscomb county, with cutting going on Wednesday afternoon near Follett, Booker, and Darrouzett, Jones reported.
E. L. McElhanon, in charge of the local TEC office stated that right now there were enough combines to fill the requests at his office, but that there weren't enough combines in this area to take care of the need a few days from now.
Because of the muddy grounds, combine crews have not moved their equipment to the county area as rapidly as planned. However, most of the crews in Perryton are using the TEC office to secure information and harvest work. Many, of course, have contracted with local grovers months ago for combining and trucking this year.

Two girls from Booker were injured in a wreck which occurred about two miles south of Booker on a dirt road at approximately 1:45 p. m. Wednesday.
Injured are Miss Sue Wilbanks and Miss Oleen Perry, both of whom are in the Sanford Hospital. Miss Wilbanks received cuts on the leg and Miss Perry received a gash above her right eye.
Miss Patsy Smith and Miss Lavera Perry were also in the wreck.
See No. 8, Page 6

Nearly 1,500 In X-Ray Survey

Nearly 1,500 persons have been X-rayed during the first two days of the mass X-ray survey in Perryton conducted by the State Department of Health and sponsored by the Perryton Parent Teacher Association.
On Tuesday, opening day of the survey, 890 persons were examined, and on Wednesday, 590, for a two-day total of 1,480. A daily total of 500 is considered good by the health department, although the crew can handle a maximum of 1,500.
Tuesday and Wednesday saw concentrated effort being made to secure persons from the business district for the X-ray survey, while today, Thursday will be devoted to the residential area.

Herald Publishers To Attend TPA Annual Meeting

Mr. and Mrs. Van W. Stewart publishers of the Herald, left Wednesday morning for Galveston to attend the annual meeting of the Texas Press Association, which will be held on June 16-17-18.
Mr. Stewart is vice-president of the Texas Press Assn.
This meeting of the TPA is expected to attract approximately 500 publishers, ranging from the state's largest dailies to the smaller weeklies.

County Judging Teams Win at State 4-H Roundup Contest

A telegram received from College Station Wednesday morning announced that the Ochiltree county 4-H judging team won second place in the livestock judging contest at the state 4-H Roundup Tuesday.
The team, composed of Max Pearson, Dale Hoover, Myron McCarty and Dickie Hall, will compete against top FFA teams at the State Fair this fall for the state title and the right to represent Texas at the International Livestock Show in Chicago.
Nueces county won first in this contest and Howard county third.
The Ochiltree 4-H dairy cattle judging team, composed of E. E. Waide, Cecil Regier and Billy Johnson, took fifth place honors in the state contest.
Hood Willis, county agent, was coach for both teams.

Perryton Goes To Tucumcari

Perryton will make their longest trip of the baseball season Sunday when they go to Tucumcari to engage the league leaders in a NPAA game. Tucumcari has won 5 and lost 1 this season, although they were upset last Sunday by second place Texhoma, 8-3.
Perryton has won 2 and lost 3, but showed marked improvement in their game last Sunday against Dalhart.

Dry Weather Follows Sunday's Heavy Rain

Three days of clear, dry weather have followed the heavy rain received in the Perryton area Sunday night, giving wheat fields and rural roads a chance to dry out. The Sunday night rain measured 1.33 inches in Perryton, and was general over the county.

Memorial Building Fund Drive Slowed

While continuing to take contributions, the Veterans Memorial Building Committee has decided to postpone launching of the community wide fund drive until after harvest. Preparations for the community wide drive were made last Wednesday night at the meeting of all civic clubs in Perryton. Complete working plans for the new building are now being drawn up by the architect.

City to Enforce 'No Fireworks' Ordinance In Town

Following complaints of many local citizens regarding the shooting of fireworks in Perryton, the city council and mayor C. C. Carter have called attention to the city ordinance prohibiting the shooting of any kind of fireworks within the city limits.
This ordinance, which has been in effect since 1922, prohibits both the sale and the use of fireworks.
See No. 4, Page 6

First Load Received Sunday At Farnsworth; Expect to Be In Full Swing This Week

After a long delay caused by heavy rains during the past few weeks, the 1949 wheat harvest for Ochiltree county and neighboring counties opened up Wednesday afternoon with combines testing in dozens of fields. After the heavy rain Sunday night, three days of hot and dry weather has dried out the fields sufficiently for combines to move in most places.
First load of Ochiltree county wheat was brought in late Sunday afternoon by Keith Stevenson from his farm about 5 miles south of Farnsworth. The wheat, Early Triumph variety, tested 57 and had a moisture content of 13.5. It was brought to the Farnsworth Equitry. Stevenson stated that the wheat was making about 21 bushels per acre.
The Sunday night rain halted harvest in this field and cancelled cutting plans throughout the area.
Carl Carter brought in the first load of 1949 wheat to Perryton coming in late Tuesday afternoon to the Perryton Equitry with 60 bushels cut from his farm near Boyd, Okla. The wheat was Early Triumph, tested 60 pounds, with a moisture content of 14.96. It was cash wheat and brought \$1.72, with a 2 cent dock for moisture.
Harvest is expected to be in full swing in another few days, with many farmers cutting Wednesday. Most of the early variety wheat is ripe, and only the boggy condition of fields has kept combines out this far.
The yield in this area will probably be less than originally estimated, according to experienced observers. Some of the tall wheat has gone down under the excess moisture and winds, and there is widespread black rust affecting especially the early varieties.

Murder Trial Is Scheduled August 22

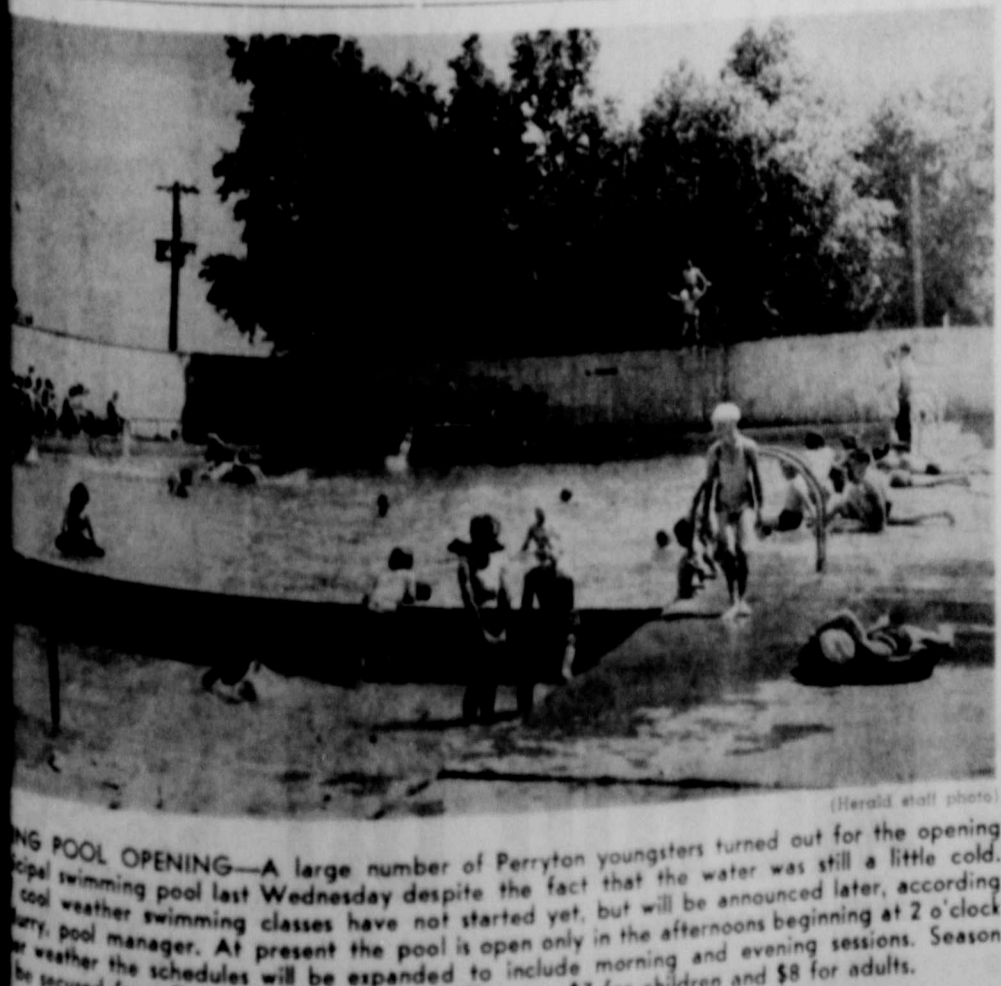

Date for the murder trial of Derby A. Cronister, Ochiltree county rancher, has been set for Monday August 22, in 69th District Court at Dalhart. Trial date was set last week by District Judge Harry Schultz at Dalhart.
The trial, originally called in Ochiltree county last month, was moved to Dallam county on a change of venue after a special venire of 175 men summoned for the trial had failed to qualify. Not a single juror was accepted at the Perryton hearing, which opened on May 2.
Cronister is charged with murder in connection with the shooting of C. W. Barker, 53, and his son, W. H. Barker, 26, on a county road southeast of Perryton on May 6, 1948.
He will face trial first in connection with the shooting of W. H. Barker, a motion by state attorney's for severance having been granted in 84th District court by Judge Jack Allen.
Judge Schultz has ordered a

Government Storage Problem Not Down to Ochiltree Level

While the government announcement of the three-point program to help grain farmers meet the critical grain storage situation was made by Secretary of Agriculture Brannan on June 7, over a week ago, the authorization to go ahead with the program on a local level has not filtered down to Ochiltree county yet.
County ACA secretary Elliott Lee said Tuesday that his office had received nothing on the proposals to make loans for "distress" wheat on the ground or in temporary storage, or loans to farmers for building new permanent farm storage facilities.
"All I know about it is what I've read in the papers," said Lee. A number of farmers have inquired about the new program, including one well known farmer who wanted to know if he could get a loan covering wheat on the ground, adding that he had some on the ground not yet threshed.
However, even if red tape is delaying any action on the government program, the official announcement made June 7 did have some effect. Cash wheat went up about 5 cents per bushel the day after the plan was made public.
The program provides:
(1) "Distress" price support loans will be made on grain piled on the ground or in temporary storage facilities pending construction of permanent storage to
See No. 1, Page 6

PERRYTON VISITORS—These three distinguished gentlemen from Amarillo were visitors in Perryton last Thursday. They presented the program at the noon luncheon of the Rotary Club. Shown above, left to right, are Gene Howe, "The Tactless Texan," publisher of the Amarillo News-Globe; Rev. Leon Hill, pastor of the San Jacinto Baptist church in Amarillo; and Lewis Nordyke, Amarillo News columnist and feature writer, well known for his "Random Thoughts" Column.

POOL OPENING—A large number of Perryton youngsters turned out for the opening of the municipal swimming pool last Wednesday despite the fact that the water was still a little cold. The pool manager, at present the pool is open only in the afternoons beginning at 2 o'clock. The weather schedules will be expanded to include morning and evening sessions. Season tickets are \$7 for children and \$8 for adults. They are secured from Floyd Murry at the pool.

Bogus Bridegroom Bilks Local Firm With Likely Tale of Love

A confused story involving bogus checks, an un-used wedding cake, possible frustrated marriage plans, and a wedding photographer left waiting at the church is shaping up in Perryton as law enforcement officers seek to track down the writer of two bad checks given to Leslie's Bakery.

The story opens Saturday, June 4, when a dissipated blond-

haired man dressed in dirty gray work clothes came into Leslie's Bakery and asked a sales girl for information on wedding cake designs and prices. After securing this information he left briefly to talk with his fiancée who was "being fitted for a wedding gown", and then returned to the bakery to place his order for a fancy wedding cake with Mrs. Bernard Leslie.

He was to re-marry his former wife on Thursday, June 9, at 10 o'clock, and this time the wedding was going to be done up right, he said.

He paid for the cake on the spot, writing a check on a spearmint bank for \$39.85, the exact amount of the cake. As he was leaving, he recalled that he needed some cookies for a picnic and purchased two dozen cookies and wrote another check for \$5. He received \$3.80 in change. Both checks were signed "I. E. Osborne".

Arrangements for the forthcoming wedding proceeded as the tired-looking bridegroom-to-

BOMBS AWAY—Water tumblers that tumble and bounce without breaking easily have been developed by the glass industry. They are not thick, but get their toughness from heat treatment. One manufacturer recently demonstrated the durability of such glasses by dropping 10 of his lightweight products from an airplane over Bucks County, Pa., as shown above. Eight were found without chip or scratch. A round bead-edge prevents chipping and it is claimed that these bouncing glasses last three to five times longer than thick-walled tumblers.

be visited the Perry Studio where he booked the services of a photographer for 10 o'clock Thursday morning at the First Baptist Church in Perryton. In discussing the wedding plans with W. E. Perry his story varied from that told at the bakery in only one respect—the bridegroom was to be E. B. Pollard and the bride Christine Osborne.

No checks or cash changed hands during this episode.

This touching saga of warm-over marriage might have gone on to its logical happy ending, but the bridegroom did not return to the bakery—both his checks did.

At the appointed hour on Thursday Mr. Perry went to the church with his camera ready, but there was no wedding party and apparently no preparations had been made for one. A telephone call to Rev. O. C. Curtis, Baptist pastor, revealed that no wedding had been scheduled.

Next day there were no takers for the bakery's generous offer of a free wedding cake to any couple who might be in need of one.

In summary: an unidentified man is \$3.80 to the good; Leslie's Bakery is out labor and materials for one of their fanciest wedding cakes and \$3.80 in cash; Perry Studio is out time lost in looking for the wedding; local officers are investigating another bad check case; and it is hoped that no disappointed bride is weeping her heart out.

Phagan Brings Back Prisoner From Raton, N.M.

Sheriff Ray Phagan went to Raton, N. M. last week to bring back Ira Booth, age 43, who was indicted by the Ochiltree Grand Jury last December for removing mortgaged property.

Booth was arrested in Cimarron, N. M.

He worked in Perryton last year, and left town with a mortgaged automobile. He is now in jail in Stinnett, awaiting trial.

The word "apron" was originally "napron" and was corrupted from "a napron" to "an apron".

Local Virtue Store Is Clothing Contest Winner

First place in the W. W. Virtue department store's men's clothing and shirt sale contest has been won by the Perryton Virtue's store, manager Carl Barrett has announced. The local store competed with the 19 other Virtue stores in the organization, covering a four-state area, and with many of the stores in cities larger than Perryton.

The Perryton store finished 18 points ahead of the nearest competitor, Ponca City, Okla.

Individual prize winners included G. L. Patton, top man in the local store, who stood 5th in the entire Virtue organization. Ted Lewis, 11th, and Donald Graves, 16th.

During the contest, the Virtue advertising emphasized men's clothing and shirts. The winning Perryton Virtue store used Herald newspaper advertising exclusively.

County Meets Bond Quota

Ochiltree county has surpassed the Opportunity Drive for the sale of series E savings bonds. The quota of \$98,000 for the county was reached four weeks after the opening of the drive on May 16. The drive continues through June 30.

Announcement of this county's reaching the bond quota "was made in the form of a telegram received by the Herald Wednesday afternoon from Nathan Adams, chairman of the advisory committee for Texas. Text of the telegram is as follows:

"My heartiest congratulations and sincere appreciation to your county for having reached and exceeded your county quota four weeks after official opening of the Opportunity Drive. I am sure that with your continued fine work you will have even greater accomplishments to report for your county when this campaign ends."

Mr. and Mrs. Marvin Walton have as their guests, her mother, Mrs. J. S. Owens and Beverly, of Wellington, Texas.

Historians believe that the "brass" referred to in the Bible probably was bronze.

Stark Open House Draws 500 Visitors

More than 500 persons visited the new modern home of Mrs. Beulah Stark at 1321 S. Drake street during open house held Sunday by Mrs. Stark in cooperation with business firms who had a part in the construction and furnishing of the model home situated in the Stark addition.

The house was beautifully decorated by fresh flower arrangements sent for the occasion by friends and local business firms. A device which automatically opens the garage door in response to a button on the dashboard in Mrs. Stark's automobile claimed the greatest interest among men visitors while the appointments of the bathroom and kitchen proved most fascinating to the women.

Firms cooperating in the open house included Holt Plumbing Company, Taber and Hall, Roscoe Nelson, painter; Andy's Electric, Fred Osborne Lumber Company, Lindsey Furniture Company of Borger, Goynes Studio Watson Construction Co., and the Perryton Nursery.

Assisting with the punch service and showing guests through the residence during the day were Mrs. Haskell Holland, Mrs. E. I. Klein, Mrs. Delbert Davis, Mrs. Oliver King, Mrs. Fred Huebner, Mrs. Augusta M. Collingsworth, Miss Billie King, Miss Elaine McCarter, and Miss Clara Louise Davis.

Billy and Gary Collingsworth, grandsons of Mrs. Stark, were in charge of registration of guests. Mrs. Verna Roberts entertained with piano selections during the afternoon.

Also assisting in showing guests through the house were Tica Taber, Roscoe Nelson, Oliver King, Fred Huebner, and Perryton Nursery.

Mrs. Suddeth, Former Resident, Dies In California

Funeral services were held in Madera, Calif., on Monday, June 6, for Mrs. J. V. Suddeth, who died on June 2 after a short illness. She and her family lived in Perryton for many years before moving to Borger in 1939.

They had lived in Madera for about a year. Services were held in the Madera Baptist church. She is survived by her husband, J. V. Suddeth; four sons, Dean of Madera, Jock and Fred of Bend, Ore., and Floyd of Canon, Colo.; four daughters, Mrs. J. B. McKennon of Madera, Mrs. D. A. Hagood of Sayre, Okla.; Mrs. Cap James of Dumas, Mrs. Fred Bennett of Los Angeles, Mrs. L. W. Rehard of Perryton; her mother, Mrs. M. E. Wells of

Madera; four brothers, five sisters and 15 grandchildren. Interment was in Rosewood cemetery at Madera. Mr. and Mrs. Fred Turner returned from Kansas City Sunday and brought their grandson, Gary Crum, with them. Mr. and Mrs. Grover Crum will arrive in Perryton Wednesday to be here during harvest. Arches were built as early as 4,000 B. C.

Mrs. Ray Phagan visited last week end in the Floyd Force home, Raton, N. M. She accompanied her husband to Raton, where he picked up a prisoner to be brought back to Perryton for trial. Mrs. Bruce Johnson and children, Ola Sue and Jimmy, Mrs. A. S. Brillhart and granddaughter, Donna Marie Voth, visited the Carlsbad Caverns last week. Heard Classifieds get results.

Get higher yields OF SMALL GRAINS, CORN, FLAX AND PASTURES KILL WEEDS in growing crops with AGRICULTURAL WEED-NO-MORE A Proven Ester Formulation of 2,4-D

The new miracle chemical 2,4-D in Agricultural Weed-No-More, brings you the practical, low-cost way to kill weeds in growing small grains. Spraying Agricultural Weed-No-More on young corn is faster than cultivating, kills weeds right up to the corn plants, makes row-planting practical. On pastures, fence rows, ditch banks, and grassed waterways, Agricultural Weed-No-More kills many weeds, roots and all. Agricultural Weed-No-More goes on fast—covers 7 to 15 acres per hour. It goes far, too—1/4 pint to 2 pints in only 5 gallons of water treats 1 acre! Apply it by the new low-gallonage method developed and proved by Sherwin-Williams Research. Use a simple, low-cost rig that you or any local shop can quickly assemble.

AGRICULTURAL WEED-NO-MORE Costs less per acre because it controls weeds more effectively! Agricultural authorities have found that the ester forms of 2,4-D used in Agricultural Weed-No-More penetrate weed leaves within 5 minutes, do not wash off, mix easily with water, won't clog or corrode spray equipment, and are harmless to stock. Agricultural Weed-No-More has been proved on more than 500,000 acres.

FREE BULLETINS Before you buy any 2,4-D weed killer, let us give you all the facts on Weed-No-More performance on farms like yours. Ask us for new free bulletins... today!

Successful Term At Darrouzett Church School

DARROUZETT—The Darrouzett Methodist Church has completed a successful vacation church school under the direction of Mrs. Carl Hood, who was chosen as superintendent at a meeting of the Church Board of Education.

She was assisted in the school by Mrs. E. B. Burton, Mrs. George Kerns, Mrs. Evan Brian, Mrs. B. E. Hood, Mrs. Buster Watts, Miss Joyce Burton, Mrs. Earl Long and Mrs. Alex Wheatley. On Friday afternoon a picnic was enjoyed by the group, and an inspirational program was presented to the church congregation at Sunday evening worship hour, after which the congregation was privileged to inspect the handiwork done by the boys and girls who attended the school.

Thirty-five were enrolled in the school.

Three Darrouzett College Men Are Home for Summer

DARROUZETT—Three Darrouzett College men returned home recently for summer vacation.

They are Milton Laurie, who has been attending West Texas State College at Canyon; Austin Montgomery, Texas Tech at Lubbock; and Wilford Watson, also of Texas Tech. Montgomery will return to Lubbock for the second summer semester in July.

Darrouzett Nine Loses to Balko Sunday, 16-15

DARROUZETT—The Darrouzett baseball team was nosed out by Balko on the Darrouzett field Sunday afternoon by a score of 16 to 15 in a closely contested tilt.

Batteries for Darrouzett were Roy Howard, pitching, and James Pendergraft, catching. A double was hit by Teter in the fifth inning, and triples were hit by Howard in the sixth, and Charles Aitmliller in the seventh.

Mr. and Mrs. Wilson of Sealy, Oklahoma were Sunday guests in the home of Mr. and Mrs. J. R. Barnes.

Mr. and Mrs. Roy Howe of Wichita, Kansas visited in the J. W. Herrell home on Sunday.

Darrouzett Short Items

The Kiowa Post of the American Legion sponsored a dance at the Legion Hall at Darrouzett Saturday night, June 11.

Mr. and Mrs. Carson Aitmliller were hosts to guests at a buffet supper Tuesday evening at their home in Darrouzett. Those present were Dr. M. C. Maley, Mrs. Verna Roberts, Dorothea Roberts, Miss Marvyn Wynn, and Miss Martha Huxtable, all of Perryton, Mr. and Mrs. Owens and Al Jackson of Spearman, and Mr. and Mrs. Jess Dillahunty and the hosts of Darrouzett.

Mr. and Mrs. J. V. Copeland, Charles and Darlene, visited Mrs. Copeland's parents, Mr. and Mrs. Ed Hardin of Shattuck, Oklahoma, Sunday.

Mr. C. T. Phillips and Sharon have returned from a trip to Santa Fe, Taos, Eagle Nest, and other points in New Mexico. Others in the party were Mr. and Mrs. Fred Phillips, Lois Nell and Freddy and Bobby Wright of Boise City, Oklahoma, and Jack and Wade Phillips.

Mr. and Mrs. Harry Herber and small daughter, Martha Kay went to Oklahoma City Sunday where Martha Kay received medical treatment.

Ranger Band to Get New Uniforms For Next Year

The Ranger Band will be dressed up this fall.

Sixty new uniforms for the band have been ordered by the school board and will be ready for use when school opens in September.

The uniforms are in the most modern American style, with Naval officer type suits and Pershing style caps. The school colors of cardinal red, with white trim, will be carried out in the new uniforms.

Until the high school band reaches an enrollment of 60, some of the uniforms will be worn by junior high school students who are selected to augment the Ranger band.

Measurements for the new uniforms will be taken by a factory representative Friday afternoon and evening in the band room, J. D. Davis, band director, has an

Five Darrouzett ME Juniors Attend Camp

DARROUZETT—Five children of the junior department of the Darrouzett Methodist Church were taken to the Methodist Camp ground near Happy, for a week's encampment Monday.

Those attending the camp were Arthur Stewart, David Laurie, Buddy Rush, Mary Frances Allen, and Patsy Aitmliller. The group was accompanied by the pastor, the Rev. C. T. Jackson and family Carol Rush and Milke Gilger. They are scheduled to return to Darrouzett Friday afternoon.

Mr. and Mrs. Bill Craft and Mrs. Pearl Cloninger of Hooker visited Monday with the D. R. Galthers.

Mr. and Mrs. Warren Cudd, 619 S. Fordham, had as Sunday guests her parents, Mr. and Mrs. Tom Berry of Wellington.

Announced. All students are urged to attend the regular band rehearsals Friday or to call at the band room Friday afternoon so that measurements may be completed and work started on the uniforms.

Uncle Sam Says

June 17, 1775, 174 years ago, our forefathers fought a great battle for freedom and opportunity at Bunker Hill. Each one of you realizes that to maintain the freedom and opportunity for which they fought you must be ever vigilant in doing your share. One of the country's greatest assets is a sound economy which you can help to uphold. Your government is providing the opportunity through the U. S. Savings Bonds program. If not already enrolled for the safe, automatic way of purchasing Savings Bonds, the great Opportunity Drive, now in progress, is your own individual opportunity.

U.S. Treasury Department

VIRTUE'S QUALITY WORK CLOTHES Cowden Plus

Every man who meets the public in such jobs as a driver for dairy or laundry; as a building maintenance man; as an airline employee or similar work needs good looking clothes. Now, thanks to the new Cowden Plus shirt and pant outfit, he can look dressed up on the job.

New Lips Well Comes In With Gas, Distillate

The Sinclair Oil Company's No. 2 Lips well in north central Roberts county came in Saturday with a good showing of gas and distillate at about the same level as the No. 1 Lips last fall, now an oil producer.

A flow of 800,000 cubic feet of gas through a 3/8-inch choke and recovery of 360 feet of 62 gravity condensate was reported following a drill stem test Saturday.

Core drilling is continuing and further drill stem tests will be made, it is reported.

Pay in the No. 2 well in the Pennsylvania, the same zone and formation as that located in the first test which was reported to have uncovered several million cubic feet of gas and several barrels of distillate without being developed.

Gas and distillate in the No. 2 Lips was topped nine feet lower than in the No. 1 Lips.

The company's No. 2 test is located in section 157, block 13, T&N Survey, approximately 1 1/2 miles north and west of the No. 1 test. The No. 1 Lips was drilled to a total depth of 9,556 feet and plugged back to pay between 8,900 and 8,970. The well came in for 517 barrels on April 9 but since has dropped to 90 barrels a day.

Both wells are approximately 23 miles south of Perryton.

The No. 1 Pazoureck, located 6 1/2 miles south of Farnsworth, is scheduled to spud in within the next few days, bringing the number of deep test wells in Ochiltree county to four.

Other wells are the Gulf Oil Corp. No. 1 Harbaugh, drilling at 6703; Gulf's No. 1 Stump, drilling at 7,462; Gulf's No. 1 Wamble, drilling at 3,800. The deepest test in the area is Gulf's No. 1 Porter in Lipscomb county, now drilling at 13,114.

No. 6 Continued from Front Page

es the lots are occupied without permission of the owners.

Personally we think that officers should force the parking of harvest equipment and camping equipment at the fair grounds. Parking on streets is a traffic hazard and living on vacant lots with no sanitary provisions or regulations is a health hazard. With the streets torn up by the installation of new and larger water mains, the addition of the harvest machinery and trucks is just too much.

Had a nice visit with Q. V. Winningham of Morton, Texas the other day. Mr. Winningham will be remembered by early day residents of Perryton. He owned a blacksmith and machine shop located one block east of the Bob Schuster Pontiac. The shop burned one Saturday night while the Winninghams were on a trip to Colorado. That was in 1922 and after the fire the Winninghams went to Boise City, Oklahoma, then to Crowell, Texas. They were in the latter place when Crowell was almost destroyed by a cyclone. From Crowell they moved to Morton where Q. V. had a shop until he was severely injured in a truck collision and had to give up heavy work. Mrs. Winningham is teaching at Morton. Mr. Winningham has a couple of combines here for the wheat harvest.

Two other real old timers have been here this week. Mr. and Mrs. Maxey Mallett of Atascadero, Calif. have been visiting in the home of Mr. and Mrs. Sam Mallett and other friends. Maxey lived for many years in the southwest part of the county, moving into Old Ochiltree to serve as county clerk in 1914-18. In 1919 they moved to California. Their daughter, Mrs. Maxine Carter, and grandson, Eldon J. Black, accompanied them to Perryton. They went on from here to Noccoa where they visited with some more old time Ochiltree folks. Mrs. Mattie Shipp and her daughter, Mrs. Willie Nutt McGuire. Mrs. Shipp is a sister of Mr. Mallett. Her daughter, Mrs. McGuire, teaches in the Noccoa schools.

No. 4 Continued from Front Page

shooting of fireworks within the city limits. Any person found guilty of violating the ordinance will be fined not less than \$1 nor more than \$25, or be imprisoned in the city jail for not more than 10 days.

Full text of the anti-fireworks ordinance will be found in an advertisement in this issue of the Herald. The ordinance will be enforced, Mayor Carter stated.

The United States has about 38,000,000 telephones.

No. 1 Continued from Front Page

care for it.

(2) Loans will be made to farmers for building new permanent farm storage facilities. Up to 85 per cent of the cost of the facilities will be loaned.

(3) CCC will construct 50,000-000 bushels of bin-type storage facilities at country points to supplement 45,000,000 bushels of such storage already owned by it.

Under the "distress" loan phase of the program, farmers may obtain loans equal to 75 per cent of the price support on grain stored in the open, on the understanding that they build or acquire satisfactory storage for the grain within 90 days.

When this grain is put in satisfactory storage, farmers will get the balance of the price support, which, in the case of wheat, is \$1.85 per bushel in Ochiltree county.

The loans to farmers for construction of additional facilities on farms will be payable in five annual installments or earlier at the farmer's option, and will bear interest at 4 per cent per year. Under this program, borrowers would be allowed additional time to pay off loans in event of crop failures.

In the case of the distress loans, the government will take the risk for any deterioration during the period the grain is piled on the ground or in temporary storage.

No. 5 Continued from Front Page

which brings in the bell music as a background, when desired.

Harry Sykes, representative of the company will be present to play the bells Sunday morning. He will also give a concert Sunday afternoon at 2 o'clock.

Dr. Albert Venting of Fort Worth will preach at the Sunday morning service.

All birds are hatched from eggs.

No. 3 Continued from Front Page

during the present harvest to locate areas from which to purchase their wheat for the coming year's grind, according to Keats E. Soder, director of the improvement organization.

The educational campaign started last year has borne results. In Texas this year there are 477,000 acres more desirable wheat varieties than last year, and 800,000 more acres than in 1947. Oklahoma comparisons show this year 1,155,000 additional acres of good milling and baking types as compared to last year and 2,330,000 acres more than in 1947. In round numbers this is an improvement of 28 per cent in Oklahoma and 17 per cent in Texas.

Comanche and Triumph are currently the leading varieties in western Oklahoma while Westar and Comanche are leading in the Texas Panhandle and Wichita and Triumph in North Texas. All are popular with growers because of earliness, good test weight and high yields.

Comanche and Westar are most in demand by millers and commercial bakers while Triumph and Wichita are mellow in their gluten properties and suitable only for family flour, advises Soder.

MIND OVER MATTER — Nine-year-old Strader Taylor, Ponder, Texas, 4-H boy, proved it was a simply a case of mind over matter when he won best hog showmanship honors at the annual Denton County Future Farmers of America and 4-H Clubs Fat Calf and Hog Show at Denton, Texas. Strader weighed in at 62 pounds while the hog tipped the beam at 290. The hog, on its own merits, could only place tenth in its class. (P) Photo

Slick Pavement Is Blamed for Two Accidents

Slick pavement was blamed for two accidents last week, both of which took place just east of the Ochiltree-Hansford county line west of Waka.

Thursday afternoon at approximately 1:45 o'clock, the 1949 Pontiac sedan of Mr. and Mrs. Luther Wade was damaged in a collision with a truck driven by Robert Howard of Harbaugh, La.

Mrs. Wade, driving the Pon-

tiac, was traveling west and ran into a heavy rain near the county line. As the car slowed down, it went into a spin and slid into the side of the approaching truck. The rear of the Wade car jammed in under the truck bed, doing about \$250 damage to the car.

No one was injured.

On Sunday night, at about the same spot, Mr. and Mrs. Dwight Trosper spun off the road and into a telephone pole during the rain. Trosper was driving the car, traveling west, when the car went into the spin. It crossed the ditch and slammed into the telephone pole, snapping it off.

Both Mr. and Mrs. Trosper were thrown out of the car, and Mrs. Trosper suffered a broken collar bone. Their small child, asleep in the back seat of the 1947 Dodge coupe, was not injured.

State Highway Patrolman Jack Shields stated that a number of accidents have occurred in this same spot, as the pavement is worn down and very slick, especially in wet weather. Since the highway in Hansford county has newer gravel and better traction, the motorist crossing the line into Ochiltree county is often caught unaware by the slick pavement.

About 30,000 women in the United States lose their lives by accident each year.

The smallest living mammal is the shrew.

Ichthyology is the study of fishes.

No. 7 Continued from Front Page

special venire of 120 men summoned for jury duty at Dalhart when the trial opens there.

Both sides in the case will be represented by nine attorneys at the trial. District Attorney Floyd Richards of the 69th district will assist the state, which is represented also by Bob Galloway, 84th district attorney of Borger, and W. L. McConnell of Perryton, former district attorney, and special prosecutor.

The defense will be represented by R. T. Correll, Bill Brownlee, and Dan Archer of Perryton; Dan D. Hoover and E. J. Cussen of Canadian; and Frank Tatum of Dalhart, who has been added to the list of defense attorneys.

Mavourneen is an Irish word for "my darling."

In a matriarchy the mother is head of the family.

Gems of Thought

CANDOR VERSUS CANTOR

Be yourself. Ape no one else. Be willing to pass for what you are. A good farthing is better than a bad sovereign.

There is a wide difference between speaking to deaf people and being silent to the hearing.

Candor will lose you friends, but not as many as cant.

The diligent fostering of candid habit of mind, and candor, is a matter of moment both to character and to opinions.

In reasoning upon matters, we have great respect for candor, in order to be candid, and we judge arguments with impartiality.

Competition in commerce, in councils, in dishonorable transactions, dishonesty in trading with "Who shall be best?" — Mary Baker

For a FULL TRACTION BITE IT'S

Firestone

LOW PRESSURE ★

SUPER BALLOON TRACTOR TIRES

the Tire That

OUTCLEAN

No tractor tire can pull unless it cleans. Firestone Super Balloons OUTpull because they OUTclean. The full-traction tread bars flare outward like the mold-board of a plow and channel the soil out as the tire rotates and flexes. There are no trash-catching "bar-stubs."

OUTPULL

The real test of a tractor tire is how it pulls when the going is tough. You can depend on Firestones to OUTpull because their traction bars are built higher for a deeper bite, longer for a bigger bite, Triple Braced for a stronger bite, and connected at the center for a full traction bite — all-the-way-across-the-tread.

OUTLAST

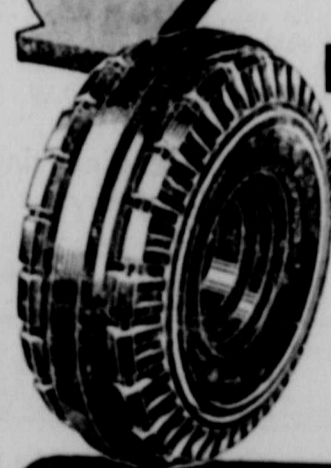

Firestone Super Balloons OUTlast because their Triple-Braced bars cannot wobble and wear, cannot punch their way through the cord body like unbraced bars. The higher, longer, stronger bars of the Super-Balloon ride smoother, last longer. It's easy to see why Super Balloons continue to give full traction tread life long after other tires have worn smooth.

THE ONLY TIRE MADE THAT TAKES A FULL-TRACTION BITE ALL THE WAY ACROSS THE TREAD

LARGE STOCKS

Firestone FRONT TRACTOR TIRES

Whether you buy the Guide Grip tread design (left) or the Rib tread (right) you get maximum value for your money. Easy steering . . . maximum rotation . . . Gum-Dipped Cord Body for extra strength, longer life.

We're Staying OPEN on SUNDAYS

KEEPS TRUCKS ROLLING

DURING HARVEST

As a SPECIAL service to wheat farmers and truck owners we will keep our PARTS DEPARTMENT open on SUNDAYS during harvest in order to help prevent costly delays during the rush season.

In emergencies you can make arrangements with our shop foreman for mechanical repairs on Sundays.

Day and night across the country, thousands of trucks roll up the miles . . . haul bigger loads because of Genuine Chevrolet Service. Trucks must have quick, efficient, economical service and truckers everywhere have found the answer in genuine Chevrolet service. Yes, thousands of truck owners' records show that Chevrolet service pays off over the miles . . . pays big dividends in low operating cost and in a longer, trouble-free life for their trucks.

Local College Students Home for Summer Will Hold Variety of Jobs

Many of the jobs will occupy college students from the area this summer. A survey conducted by the school shows that the boys home from college will work on the farm during their time at home. Many will hold down jobs this summer. College students will be on the farm, 8 will be in the field of business, 11 will work in business firms in Perryton, and several don't know what they'll do this summer.

Girls 15 will spend their time at home, although some stated they would work in business firms. Several will go back to school and several will work in Perryton.

A year student in the Law School of Law and Justice, son of Judge and

Mrs. Jack Allen. Bill is planning to work at the Batman elevator this summer until his marriage in August.

Jack Morris Allen, also the son of Judge and Mrs. Jack Allen, will receive his law degree from Texas University next January, but is going to summer school this summer to make this early graduation possible.

The son of Mr. and Mrs. Aidon Bell, Duane Bell is enrolled in the Department of Letters of Oklahoma University as a Junior student. Work at the Equity elevator will employ Duane's time during the summer vacation.

Receiving his degree in Commerce from Oklahoma A & M College in Stillwater, Oklahoma, Dale Brown is the son of Mr. and Mrs. J. W. Brown.

Roberta Burger is a graduate of McPherson College where she received her A. B. degree recently.

As Editor of the college annual, "The Round-Up", Miss Betty Lou Buchanan has returned to Baylor University to start work on the year book. Betty is a senior journalism student at Baylor and the daughter of Mr. and Mrs. Irvin Buchanan.

Betty's brother, Irvin Buchanan, Jr., will be in Perryton this summer working on the Oscar Flowers ranch, "Buba" will return to Baylor in the fall where he will be classified as a senior.

Bill Curtis, the son of Rev. and Mrs. O. C. Curtis, will receive his Law Degree next winter from Baylor University. Bill plans to work in Perryton this summer.

Wayland College was the school chosen by Texas Cunningham to start her college work. She is the daughter of Frank Cunningham.

With a major in psychology, Shannon Daniels is a senior student in North Texas State College. Shannon is the daughter of Mr. and Mrs. J. W. Daniels and will help cook for hands during harvest.

Mr. and Mrs. A. G. Daniels have three sons in college. Orrel Daniels is working for Bryan's Food Store this summer and will enroll in the Law School of the University of Colorado this fall.

Arthur Daniels is attending Texas University this summer working on his Masters Degree. He received his B. S. in History from the university in January.

James Daniels is a senior physical education major in N. T. S. T. C. and at the present time is having a hard time de-

HOME FROM COLLEGE—A group of Perryton young people who have returned from college for the summer are pictured at the soda fountain of a local drug store. Pictured from left to right are: (back row) Phillip LaMaser, Bill Allen, Bill Herndon, Gale Rogers; (front row) Jane Perry, Gwen Vestal, Shirley Bess Hearn, Jack Gramstorff, Don Stephenson, Glyn Johnson, Duane Bell, Bill Stephenson and Kenneth LaMaser.

terminating whether or not to go to summer school.

Summer school is demanding the attention of Danny Ellis who is a student in the field of business administration at Texas Christian University. Danny is the son of Mr. and Mrs. Carl Ellis.

Another student who will be working at Equity this summer is Gayle Ferguson. His parents are Mr. and Mrs. Frank L. Ferguson and he is a sophomore student in the field of business administration at Kemper Military Academy.

Recovering from an operation on his knee, Keith Flowers is just going to take it easy this summer. Keith is the son of Mr. Calvin Flowers and is a sophomore physical education major at T. C. U.

If you hear a man with a Boston accent, it might be Jack Gramstorff who is an adopted Texan attending Texas Tech. as a senior in the field of agronomy. Jack is the son of Mrs. Harriett Gramstorff and will be farming here this summer.

A new traffic manager and accountant for the Equity Elevator is Wilbert Hart, son of Mr. D. W. Hart of Spearman and formerly of Perryton. Wilbert received his B. B. A. degree from Texas Tech this June.

Laura Ruth Hall is planning to stay home this summer with her parents, Mr. and Mrs. Horace Hall. Laura is a sophomore accounting major at Texas Tech.

Suzanne Harbaugh recently received her Associate of Arts Degree from Stevens College in Columbia, Missouri. She is the daughter of Mr. and Mrs. P. A. Harbaugh.

Paul Harbaugh, the son of Mr. and Mrs. P. A. Harbaugh, recently graduated from Wentworth Military Academy.

A fellow who will probably spend a lot of his spare time flying since he just received his pilot's license is Douglas Hawk, son of Mr. and Mrs. Harlan Hawk. Doug is a junior industrial arts student at West Texas State College and will help his father in farming and ranching this summer.

One of the most prominent students on the campus of the University of Texas is Bill Herndon, a student in the law school. Bill is working for the summer in the law office of Boyer and McConnel and is the son of Mr. and Mrs. W. Herndon.

Shirley Bess Hearn, the daughter of Mr. and Mrs. E. W. Hearn, has completed her freshman year at West Texas College.

Among the graduates of W. T. S. C. this spring was James Handly the son of Mr. and Mrs. Sam Handly. James received his B. S. degree and will probably farm this summer.

Mr. and Mrs. A. W. Henry are the parents of Patsy Henry, a junior journalism student at Abilene Christian College.

Although his parents have moved to Dumas, Jim Hudson still calls Perryton his home.

Jim just completed his freshman year at Texas University in the Geology department and will be working in a grocery store for his parents, Mr. and Mrs. H. I. Hudson.

David Hummer has just completed a uniform freshman course at S. M. U. and has come home for the summer to farm for his dad. He is the son of Mr. and Mrs. D. D. Hummer.

David's sister, Marjorie Hummer, will stay at home this summer and return to T. S. C. W. this fall as a senior music major.

Verla Hummer, the daughter of Mr. and Mrs. M. F. Hummer, is home from McPherson College.

A junior B. A. major at Texas University is Jack Hurter, son of Mr. and Mrs. Carl Hurter of the Huntoon community. Jack will be working in the Huntoon Equity Elevator during the summer months.

Another student from the Huntoon community is Roland Hurter, a junior electrical engineering student at the University. Roland is the son of Mr. and Mrs. Bernard Hurter and will farm with his dad this summer.

Delmar Igou, the son of Mr. and Mrs. C. A. Igou, is a sophomore in the field of science at

Baylor University. He is employed by the Kent and Apple Hardware store for the summer months.

With a major in Bible and English, Johnnie Johnson is a sophomore student in McMurry College. She is the daughter of

Mr. and Mrs. Leo Johnson and is working at the Equity elevator this summer.

Glyn Johnson is the son of Mr. and Mrs. Roy Johnson and will be farming this summer. Glyn has come home from Oklahoma U. where he is a junior in the

field of business.

Home from Texas Tech where he was a senior aeronautical engineering major is J. C. Jones. He is the son of Mr. and Mrs. C. F. Jones and is working for the Plainview Hardware.

SOUTHWEST'S BEST FARM EQUIPMENT STORE

HOW TO GREASE YOUR OWN CAR

First . . .

Put on your dirtiest clothes so you can crawl under your car

Second . . .

Buy a supply of transmission, differential, universal, joint, water pump and pressure grease, a grease gun and a spray gun. Also some penetrating oil and No. 40 oil.

Third . . .

Equip yourself with lots of strong words such as "Darn," and "Oh, Hang," and the like to use on the joints where the grease doesn't want to come through. Keep using these words until the grease comes out on the other side.

Fourth . . .

Buy yourself a complete set of wrenches to use on the containers that must be opened to inspect the lubricating supply inside. Also some new skin to graft on your knuckles when the wrench slips.

Fifth . . .

Fill your spray gun with penetrating oil to spray on the springs. Be sure not to breathe for about 10 minutes while spraying the springs or you may oil-plate the inside of your lungs, which is bad.

Sixth . . .

Be sure not to miss any place that should be lubricated as it may cost you the price of twenty grease jobs for repairs.

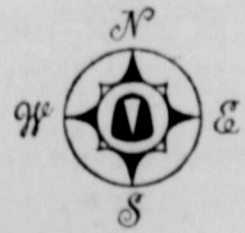

.. Or ..

If it seems like too much trouble and expense, drive your car in here. We can assure you, if you get our "GUARANTEED LUBRICATION"—you just won't try that job again.

College Students

(Continued from Page 1)

Anita King is a sophomore student in Wayland College and is the daughter of Mr. and Mrs. John King.

R. L. Kirk, son of Rev. and Mrs. Luther Kirk, has completed a uniform freshman course at McMurry and will be doing construction work in Perryton this summer.

Jimmy Dick Key will be going to college at home this summer with correspondence work. He is the son of Mr. and Mrs. Stanley Key and will return to Baylor in the fall as a senior with majors in English and Education.

After completing her fourth year in medical technology, Carol Ann Larkey feels she deserves a rest this summer. She will return to North Texas this fall to resume her studies.

A young man who really deserves a lot of credit is Jack Lindley, the son of Mr. and Mrs. G. W. Lindley. Although completely blind, he has recently received his masters degree in music from Cincinnati University's Conservatory of Music. Jack lost his eyesight in the war in 1942, entering the Conservatory in 1944 and has been a constant student since that time doing all of his studying by braille. He is an accomplished pianist, organist and has a knowledge of several other instruments. Jack is considering a government job as a teacher.

Carol Lawrence, the daughter of Mrs. Maybelle Lawrence, is a music major classified as a junior at McMurry. Carol is working at the Men's Wear Store this summer.

Phillip LaMaster received his B. B. A. degree from Texas Tech this spring. He is the son of Mr. and Mrs. W. B. LaMaster and will be farming this summer.

The last member of his family to be in college, Kenneth LaMaster will finish next spring at Texas Tech with a degree in agriculture. He will be enrolled there the first semester in summer school, but his plans for the rest of the summer are rather indefinite.

With an Associate of Arts degree from Colorado Women's College, Colleen Milledge has returned home to teach piano for the summer, at least, and may be longer. Colleen is the daughter of Mr. and Mrs. Andrew Milledge.

Having recently completed a course in woodwork at West Texas State, Wendell Peckenpough has come home for the summer to help his parents, Mr. and Mrs. B. H. Peckenpough on the farm.

Charles Peckenpough, Wendell's brother, lacks one semester finishing a course in sheet metal work at West Texas State. He will also be helping his parents on the farm this summer. Jane Perry has just completed her freshman year in home economics at Tech and will be working in Perryton this summer. Jane is the daughter of Mr. and Mrs. W. E. Perry.

A new man at the Herald shop is Jim Records, who finished his freshman year of journalism at Texas Tech, and is learning journalism through experience in the press room. Jim is the son of Mr. and Mrs. Paul Records.

A senior honor student in the field of Business Administration is Gale Rogers, the son of Mrs. C. B. Rogers. Gale will be farming this summer with his brother, Don.

G. K. Rupperecht will return to Texas University in the fall as a junior in the field of business administration. He is the son of Mr. and Mrs. George Rupperecht and will be working in the Batman Elevator this summer.

Nina Rae Phagan is the daughter of Mr. and Mrs. Ray Phagan and has just finished her sophomore year at Wayland College.

HARD LUCK COWBOY MEETS MISS AMERICA—Jack Lael of Northport, Wash., chosen by the Madisonville, Tex., Sidewalk Cattleman's Association as the cowboy having the hardest luck this winter, tells his story to Bebe Shopp, 18-year-old Miss America from Minneapolis, Minn. (P) Wirephoto

Mildred Schroeder is the daughter of Mrs. J. W. Moore Jr. and received her B. B. A. degree from N. T. S. T. C. this June.

A sophomore in business administration at Texas A. & M. is Bennett Thomas, the son of Mr. and Mrs. E. W. Thomas. Just like most of the boys, Bennett will be working in harvest this summer.

Yvonne Trollinger is the daughter of Mrs. Joe Juliusson and will be a senior psychology major at N. T. S. C. next fall.

The former Mary Tom Kirk, Mrs. Wendell Tooley, will receive a degree in biology from McMurry in July. Mrs. Tooley is the daughter of Rev. and Mrs. Luther Kirk.

Gwen Vestal is the daughter of Mrs. Walter LaMaster and is home after finishing her freshman year at T. S. C. W.

West Texas State College recently conferred the B. B. A. degree on James L. Wright. His plans for the summer are indefinite.

Rita Stone, the daughter of Mrs. Jim Hargrave, recently finished a business course in Perryton.

J. B. Seago is a sophomore agricultural student at Panhandle A. & M. College. He is the son of Mr. and Mrs. C. B. Seago and will help his father farm this summer.

His sister, Betty Seago, was enrolled at Oklahoma A. & M. where she just completed her freshman year in journalism. Betty will help her mother cook for harvest hands.

Mr. and Mrs. Richard Strong will be in Perryton for six weeks. They are both seniors at Tech and Mrs. Strong is the former Nettie Mac Brillhart, the daughter of Mr. and Mrs. S. L. Brillhart.

Two young men whose parents do not live in Perryton, but have liked it well enough to spend several summers here are Dick Grigsby and Delbert Bell. Dick is the son of Mr. and Mrs. Leonard Grigsby of Davenport, Oklahoma and a prelaw student at Baylor University. He will be working at the Magnolia wholesale house for the summer. Delbert's parents live in Beatrice, Nebraska and he will return to N. T. S. T. C. next fall as a junior physical education major. He is working at Poup's Home and Auto this summer.

Mr. and Mrs. D. F. Dieball of San Fernando, Calif., arrived Sunday for a few days visit in the homes of their sons, John Dieball and Ronald Dieball.

Mrs. Otis Burk and Jane left Saturday for Lamesa to visit her mother.

All we know is what you tell us. Phone 67!

Lange Predicts Polish Economic Expansion

WARSAW, Poland—(AP)—Ambassador Oskar Lange says Poland's industrial production should increase from 85 to 95 per cent over present output during the new six-year plan starting before the end of 1949. Lange predicted agricultural production would rise by 35 to 45 per cent over the 1948-49 figure.

Lange, first of speakers in a series on Poland's economic recovery arranged by Radio Polskie, said Poland's total production in 1948 was 40 per cent higher than before the war.

He forecast huge industrial expansion and modernization during the next several years and broad training of technical workers. Lange, now active in the work of the Communist United Workers Party, was Poland's first envoy to the United States. He still retains the rank of ambassador and often attends United Nations sessions.

Mr. and Mrs. Eugene Perry of Bloomington, Ind., here visiting in the Perryton area, are Mr. and Mrs. T. J. Perry and Mrs. H. E. Perry.

Mrs. Dexter Fincher, here visiting in the Perryton area, is the wife of Mr. and Mrs. Jack Dodson.

Mr. and Mrs. J. E. Plainview are here visiting in the Perryton area. Mr. Plainview is the son of Mr. and Mrs. Clyde Carpenter and Bill Carpenter.

From where I sit... by Joe M.

Don't Fence Yourself

Every spring, Handy Peterson and Easy Roberts patch up the stone wall that separates their farms. They walk along talking—Easy on one side, Handy on the other—picking up the fallen stones and putting them back.

Afterwards, over a friendly glass of beer, Easy says, "You know, wall-mending is a nice neighborly custom, but we really don't need that wall. We keep it up just because it happens to be there."

"Yes," says Handy, "a lot of walls and fences and boundaries keep on separating people for no good reason. Maybe we better get off if some of these walls are in the way."

From where I sit, Handy is right. Take the "wall of tolerance" that people build against each other. I like to separate glass of beer now, you may prefer butter, that's no reason for me to you, or you, me. Let's live together—making walls and fences "walls."

TEXANS IN WASHINGTON

By TEX EASLEY (UPI Special Washington Service)

WASHINGTON—Schools out and tourists are swarming all over the Capitol.

Buses full of youngsters have been coming here on week ends from neighboring states since early Spring. Now they're rolling in from Texas and other distant points.

The bright orange Elgin High School bus, wandering off its usual run over central Texas rural roads, pulled to a stop in front of the Capitol bearing a banner reading "Just Elgin seniors looking around."

Escorting the Elgin graduates were E. C. Brown, school superintendent, and Mrs. C. T. Larsberg, a teacher.

Expenses are kept at a minimum. It took them five days to get here. They carried cots along and spent nights at public schools along the way, having made arrangements ahead of time. Here they stayed overnight in the gymnasium of the suburban Bethesda-Chevy Chase Md. high school.

A Rio Grande Valley bus load

of youngsters, 25 to be exact and hailing from various towns in that part of the state, followed the Elgin group by a few days. Chaperoning them were Al Jordan, McAllen Y. M. C. A. director, and Miss Kay Wharton, McAllen Evening Monitor reporter.

They were luncheon guests of

Clean-Up Must Precede Spraying

The heavy rains which we have been receiving this spring furnish ideal breeding places for insects, and at the same time hinder the cleaning up of alleys which have become rutted and boggy with mud. However, in spite of these difficulties, Perryton must be cleaned up before any spraying program will be of any lasting benefit, and Perryton must stay cleaned up all summer to destroy the breeding places of insects.

It does no good to spray a garbage heap that should have been removed. Why spray weed-covered lots that should be cleaned off beforehand? The unplanned spraying program is similar to the application of perfume or toilet water to overcome BO or the application of face powder to cover dirt.

According to Dr. George W. Cox, state health officer, a well-planned fly control program includes hauling away rubbish piles, garbage piles, decaying vegetation and any other places where flies gather. Proper garbage and rubbish containers with fly tight covers should be demanded from all. A walk down Perryton's alleys will show the need for covered garbage containers, especially behind certain business houses.

The DDT spray remains active until rain washes the residue off or it is covered with grease, dirt or soot. This usually lasts four to six weeks, except in weather like we've been having, when rains come every few days.

No matter how much rain comes, however, it won't wash away the trash that is accumulated. City trash haulers can't take time out to police up everybody's back yard. They will haul away the trash that is put into containers and placed in the alley.

Learning from Others

Some time ago a newspaper editor wrote a humorous piece titled "What is an Editor?" Among other things, according to this fellow, an editor "need not have been a judge, but he must have acquired a knowledge of law and court procedure. It is not required that he should have been Secretary of State, but it is mandatory that he should have lived a total of not less than 150 years in India, Europe, South America, Russia, Palestine and China, with side trips to the Solomons and the Aleutians."

"He must have served a term as city manager and it would help if he had served one in prison. It is not essential that he be a scientist, but it will be sufficient if he has a working knowledge of nuclear physics based on a thorough understanding of Einstein's general theory of relativity. He must be a sentimental realist and a cynical crusader. He must have the mind of Machiavelli and the style of Swift, and the heart of a sweet girl graduate."

"And finally, according to this fellow, 'he must have an uncontrollable banking to trade his accomplishments for considerably less money than he could make at any other profession.'

We make no claim to the accomplishments listed above. We struggle along, doing our best to give you the kind of a newspaper you want and to improve our efforts as time goes on.

One of the ways we learn about this business of newspapering is to get together with several hundred other Texas publishers every year at the Annual Meeting of the Texas Press Association. We listen to talks by people outstanding in the field, and we discuss our own ideas and problems among ourselves. We enjoy and benefit by the fellowship of other newspaper publishers during several days of work and play.

This year the Texas Press Association holds its 70th Annual Meeting in Galveston June 15, 17 and 18. Your ed will be down there during that time, breathing in the Gulf breeze, seeing people we haven't seen since last year's meeting, and lifting some good ideas for making this newspaper a better one.

We don't expect to acquire a knowledge of law and court procedure, nor an understanding of nuclear physics—to say nothing of the style of Swift and the heart of a sweet girl graduate. We do expect to return next week, refreshed and ready to do our level best to give you a bigger and better newspaper.

Getting efficient service out of a federal bureaucracy is a slow process as picking cherries with a boxing glove on each hand.

Babson Sounds Danger Signal

ROGER W. BABSON, Editor-in-Chief

New York, City, June 10. During the twenty-eight years that I have been writing this weekly column, I have seldom suggested to my five million readers that they write their Congressmen. I am doing so now, however, because of the indifference which I found as to Government finances on my recent annual trip about the country.

Deficit Financing

For the first time in many peace years the Government has reached the "parting of the ways" in connection with balancing the budget. Of course, during the war it was impossible to balance the budget and no one asked that it be done; but today the situation is very different. The country is now at peace; business is fairly good; and employment continues to be high. On the other hand, due to the demands from abroad and the possibility of smaller income tax receipts, one of two things is necessary. **Either taxes must be increased, or Government expenses must be correspondingly reduced.** The Hoover Commission recommends an annual reduction of three billion.

I believe that President Truman is an honest man, but I fear some of his advisors are either misleading him or else are ignorant of economic truths. He wants a balanced budget, but he seems unwilling to balance this budget in the obvious and sensible way—namely by reducing Government expenses. This would be the natural way for any business to balance its budget; in fact this policy of economy would have saved Mr. Truman from undesired financial trouble which, through no fault of his, came upon his former haberdashery store which I visited a few weeks ago when in Kansas City.

The Present Danger

The present danger is that Congress, to satisfy those who are opposed to increased taxes and also those who want to hold jobs for their friends, may cause the country to fall into the terrible and dangerous habit of deficit financing—that is, to run the Government at a loss and borrow money to make up the difference. Such a borrowing policy is like a prohibitionist starting in to drink, or like a bank clerk starting to gamble, or like any family living beyond its means. Once the habit starts, it is very difficult to stop, and always ends in disaster.

I was recently talking with Mr. Eugene W. Stetson, one of the best informed bankers in New York, regarding the general business outlook. He stated that commodity prices could stabilize and employment hold up "if the business interests of the country could have faith in the Democratic Congress now in session in Washington". In other words, the recent decline in commodities and the accompanying increase in unemployment, is largely due to a fear amongst thoughtful people that proper efforts will not be made to reduce government spending and prevent further debt.

Write Your Congressmen

Therefore, if you readers of this column are interested in getting a fair price for your pro-

duct and holding jobs for yourself and family, I earnestly urge that you write your Congressmen as follows: "Please vote to reduce Government expenses so that it will be unnecessary for Uncle Sam either to increase taxes or to go into further debt." If your Congressmen will take your advice on this matter, the decline in business at this time might be checked. But otherwise, a constant decline in prices, wages, and employment may be expected. It would be the old story of trying to burn a candle at both ends.

Let's be frank. You know your Congressman. Would you employ him to run your own business? Yet, you have elected him to run the greatest business in the world; and I say this very seriously. On the other hand, your Congressman is anxious to please a majority of his people who vote for him. The labor interests are organized to push for a deficit program. They seem to have no interest in balancing the budget, but merely to make trouble. Hence, the hope of the situation lies with independent voters such as the farmers, small businessmen and unorganized workers. Perhaps, you will suggest to your Congressmen that much of this desired economy could be brought about without firing anyone,—but by merely not replacing those government employees who resign or die.

Mrs. F. A. Edwards recently has as a guest her cousin, Mr. O. B. Grey of Ft. Worth.

Wolf Creek Philosopher Wants Experts to Find Cow for Poor Pasture

(Ed. note: As far as we can tell, the Wolf Creek Philosopher has reached a new peak in laziness, his letter this week reveals.)

Dear editor: For years now I've been observing the experts such as the soil conservationists, the county agents, A&M College, etc., while they worked on the problem of improving agriculture and while I am in favor of doing it as long as it don't take more

KENT & APPLE
"The Hardware Department Store"

That is what I am talking about. The experts are going in the wrong direction. Instead of trying to improve the quality of my grass, which I'm smart enough to see only means a lot of work to me, why don't they spend some time adapting cows to my weeds? I can't see why man has to do all the improving. Let the cows do it once in a while.

Everybody knows even without the advice of a expert if you give a cow alfalfa hay and cottonseed cake and fresh young clover and tender Bermuda grass and Kentucky bluestem and so forth she'll do fine, but it takes work to get that sort of diet. What I'd like to see is A&M develop a cow that would do fine on the kind of pasture I've already got. As far as I'm concerned, cows was made for man, not man for cows, and if there's any adapting to be done it ought to be done by the cow.

If A&M is interested in this I will be glad to turn my pasture over to em, with a guarantee it's just like nature intended it to be, and if nature can develop a strain of cattle that can thrive on what I've got to offer em' they'll revolutionize the cattle industry and all I expect in return is a reasonable fee for the use of my land.

Anybody knows you can raise better cattle if you work harder, what I want is better cattle with less work, as I believe I'd rather have poor cattle and feel rested than have fat cattle and be tired out. If only one of us can be comfortable, I'd rather it'd be me. Ain't you the same way about your newspaper?

Jerry Hawkins and Van Cope End 4-H Club Round-Up

— Jerry Hawkins and Van Cope of Dar- ing were scheduled to re- turn to Lipscomb county 4-H the annual 4-H Round- up at College Station Tues- day and Wednesday. The pro- gram included two full days of entertainment and was at- tended by 4-H Club girls from throughout

the county. Wilson, director of the extension service, Wash- ington, D. C. and Durwood Man- ning, of the Texas House of Representatives, were sched- uled to speak on the Tuesday program.

The singing, always an im- portant part of the Round-up was led by Billy Triggs and music at the First Church of Wichita was accompanied by

Gandy, editor of the Lipscomb department of Pro- duce Farmer magazine. The 4-H club girls and their sponsors in the af- ternoon. Her subject was for Older Girls in 4-H. Later in the after- noon girls broke into groups for demonstrations led by extension specialists.

During the Tuesday af- ternoon program, the boys and

their leaders made a tour of the A. & M. campus and enjoyed a swim in the Downs Natatorium. A showing of "The Green Promise", a Glenn McCarthy production featuring 4-H club work was shown in the evening Tues- day.

Wednesday the group heard reports from Beta Neli Baldwin, Wilbarger county delegate to the National 4-H Camp leadership training Congress, and Roy Hranicky, Jim Wells county, who spent the summer of 1948 in the Netherlands as a member of the International Farm Youth Exchange project.

A 4-H club talent program ended the Wednesday morning program, and the afternoon was taken up by demonstrations led by extension specialists.

The State 4-H Dress Revue in Guion Hall climaxed the event. Scheduled to represent Lips- comb county in this event were Harlean Morrison of Darronezzett and Elinor Broyles of Follett.

T. B. Is Menace For India

NEW DELHI—(AP)—More than half a million people die of tuberculosis in India every year, Health Minister Rajakumari Amrit Kaur recently reported. The health minister frankly admitted that it was impossible to prevent the spread of this disease in India because of over- crowded cities and the scarcity of hospital beds and sanatoria for T. B. patients. The Tuberculosis Association with the cooperation of the Health Ministry, is embarking on an extensive campaign of anti-tuberculosis vaccination. Dot Mounds and daughter, Charlene, spent last week end in Hutchinson, Kansas.

PUBLIC NOTICE NOW MANDATORY—Governor Beauford Jester is shown here as he affixes his signature to Senate Bill No. 375. The Bill, known as the Mandatory Publication Law, requires that all public notices called for by Texas Statutes be published, or the official responsible for such publication suffer loss of salary, or removed from office for neglect of duty. Senator James E. Taylor of Kernes, pictured on Jester's left, sponsored the legislation through the Senate. House sponsor was Phillip L. Willis of Kaufman. Covered by the law are all public officials of the state, counties, cities, and school districts. Governor Jester signed the bill into law June 8, and it became immediately effective.

Texas Publishers to Gather In Galveston June 16-17-18

Texas newspaper publishers, some 500 strong, will gather in Galveston on June 16, 17 and 18 for the 70th Annual Meeting of the Texas Press Association. On Thursday afternoon, first day of the meeting, the news- paper people will take to the Gulf in a dozen yachts which will be at their disposal for a cruise of Galveston harbor. Thursday evening they will attend a dinner honoring Lou Calder, one of the men chiefly responsible for the building of the Southland Paper Mill at Lufkin—the mill which helped solve the newsprint shortage for Texas newspapers during the post-war period. Friday morning business sessions will get under way with an Early Bird Breakfast followed by talks made by people who are outstanding in various phases of newspapering and related fields. Elmer Wheeler, sizzling sales- man from Dallas, will be one of the convention's featured speak- ers. Robert E. Stripling, of Mid- land, former chairman of the House Committee on Un-Amer- ican Activities will also address the publishers. Other speakers will be Stanly Walker, ex-city editor from New York, now a Texas rancher and free-lance author; Rigby Owen, publisher of the Opelousas (La.) Daily World; Frank Ahlgren, Memphis (Tenn.) Commercial Appeal; Right Reverend Clinton S. Quin of Houston; Monty Mann advertising agency executive from Dallas; A. D. Bradley, man- ager of the NEA Printers Idea Service of Omaha; John Bind- rum and Fred Spiegel of Metro Associated Services in New York City; Clem Eriander, publisher of the Algona (Ia.) Upper Des Moines. Friday afternoon, publishers will be entertained with a Beach Party. At a breakfast on Sat- urday morning, the awards in the Texas Newspaper Contests will be presented to Texas' out- standing newspapers. A break- fast for Past Presidents of the organizations will also be held on Saturday morning. On Sunday morning, there will be a tour of the Shamrock Hotel in Houston. The first meeting of the Texas Press Association was held at the Hutchins House in Houston on May 19, 1880, with 77 people attending. "We've grown, both in numbers and in usefulness to

Balko Students Return From 5-State Trip

BALKO, Okla. — Seventeen members of the Balko junior and senior classes returned last week from an eleven-day vacation trip through five states. They were accompanied by Mr. and Mrs. Earl Fronk, who furnished their truck for the trip. Their daughters Maxine, Ruth, and Darlene accompanied them. Faculty sponsors of the trip were Coach and Mrs. Tom Palmer with their small son Mark. Students making the trip were Juanita Fish, Lucy Pearson, Marie Thomason, Patricia Cor-

nell, Mary Ann Penner, Flor- ence Murray, Dolores Claybrook, Geraldine Pugh, Ouida Saunders, Abigail Fuller, Elvena Morris, Anna Mae Pope, J. A. Kinsley, Van Bartel, Norman Enterline, Galen Sargent, and Leroy Pen- ner. The party spent the first night at Tulsa, Oklahoma and pro- ceeded to Hot Springs, Arkan- sas where they spent two days in sight-seeing. One of the most interesting tours was a visit to an alligator farm where they saw reptiles from six months to four hundred years old. At Nashville, Tennessee members of the party were studio guests at the "Grand Ole Opry". They also visited The Hermitage, home of Andrew Jackson. The trip included points in Ten- nessee, Kentucky, Missouri, Ar- kansas, and Oklahoma.

Mrs. F. C. Spencer had as her guests last week her daughter, Mrs. J. L. Darnell, Jean and Joy- ce Darnell, of Amarillo. Miss Sue Hext of Glazier has been a visitor in the home of her grandmother, Mrs. Arthur Slavin.

so that we may be of even greater service to our communities. Our annual meetings, when we have an opportunity to get to- gether for the exchange of ideas and discussion of current prob- lems, do a great deal to further that aim."

Christian Science

S. Colgate
Corner S. W. 7th Ave. and
"Is the Universe, Including Man, Evolved by Atomic Force?" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, June 19.

The Golden Text is: "The earth is the Lord's, and the fulness thereof; the world, and they that dwell therein" (Psalms 24:1).

Among the citations which

comprise the Lesson-Sermon is the following from the Bible: "I know that, whatsoever God doeth, it shall be for ever; nothing can be put to it, nor any thing taken from it; and God doeth it, that men should fear before him" (Ecclesiastes 3:14).
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "As material knowledge diminishes and spiritual understanding increases, real objects will be appreciated mentally instead of physically" (page 96).
Friends and neighbors in the home of Mr. and Mrs. Willis Hardy, Saturday, to charivari Mr. and Mrs. Hardy. About forty were present.

Fort Worth Is Planning Big 'Fiesta-Cade'

FORT WORTH—Wichita Falls, Bowie, Ennis and Hillsboro have announced plans to send large delegations to "Fiesta-cade," Fort Worth's 100th birthday celebration July 16-23.

Each city will select a queen to be presented in the lavishly-costumed opening scene of the outdoor spectacle. Hillsboro definitely will send a band and the others are expected to do so. Bowie has selected Tuesday, July 19, as its night at the show.

Other Texas communities have been invited by R. Wright Armstrong, centennial committee

president, to "come join the fun and help us celebrate."

Fiesta-cade will be a panorama of the past century in Fort Worth and this region. It will depict early Indian days, arrival of the first "iron horse," Civil War days, the "Gay Nineties," and a reminiscent scene from the 1936 Casa Manana show.

More than 2,000 Fort Worth volunteer actors are rehearsing for the 24-episode pageant, which will be presented in Farrington Field, high school stadium. They will appear with authentic costumes and sets. Emphasis will be on entertainment, with an orchestra, 400-voice chorus and numerous dancing sets.

Mr. and Mrs. Miller Cunningham, Booker, were visitors in the Oras Busch home Monday evening.

Austrian Winter Peas and Vetch Popular Soil Building Crops in Lipscomb County

LIPSCOMB—Increasing interest in soil building crops among Lipscomb county farms is evidenced by more than 700 acres sown this year to Austrian Winter peas and hairy vetch.

These crops are being tried for the first time in Lipscomb county and individual acreages are generally small, but the spectacular results of this year's crop and the prospect of wheat acreage quotas for next year indicate that these soil building crops will become increasingly popular in the county.

LIPSCOMB VETCH CROP—Max Blau, prominent Lipscomb county farmer, and farm agent Martin Gossett are shown holding vetch plants in a field belonging to Mr. Blau. Several Lipscomb county farmers are trying vetch for the first time this year, and the luxurious growth places a dense mat over the soil and is waist high in many places. As a soil building crop, Mr. Gossett estimates that vetch is worth the equivalent of \$5 in commercial fertilizer. Vetch restores nitrogen to the soil, is valuable as winter livestock pasture, and can be used for hay. Mr. Blau will harvest seed from one-third of his crop and plow under the balance.

Austrian winter peas, which resemble the garden variety of dinner peas in appearance, attained a height of more than thirty inches on many of the Lipscomb farms. These crops are sown in the late summer and provide winter pasture and can be used for hay in addition to their soil building properties. The plants store nitrogen from the air and when plowed under return this element to the soil. It is estimated that the Austrian Winter Peas are worth the equivalent of \$5 per acre in terms of commercial fertilizer.

Lipscomb farmers who have vetch and pea crops this season include: John Allen, Oscar Peterson, Charlie Robbins, George Robbins Johnny Apple, Henry Koch, Virgil Cope, Sue Barton, Orville Sperry, Ray Alt-miller, Ivan Allen, Max Blau, and H. O. Bowdle.

Recent visitors in the home of Mrs. Myrtle Collingsworth were Mr. and Mrs. Paul Johnson of Santa Monica, California and Mrs. Elva Johnson of Hardesty, Oklahoma. Mr. and Mrs. Bernard Ray of Hansford booster station, Mrs. Vormona Johnson of Hardesty, Oklahoma, Miss Ilona Johnson, Collyer, Kansas, Mr. and Mrs. Wayne Hankins, Goodwell, Oklahoma, J. T. Collingsworth, Dallas, Mr. and Mrs. John Foster and daughter, Johnnie, Liberal, Kansas.

L. J. G. and Mrs. H. D. Hearn are to be congratulated on the birth of a son, Michael Dennis, born June 14. L. J. Hearn is stationed in Corpus Christi and is the son of Mr. and Mrs. E. W. Hearn of Perryton.

Marriage Licenses

June 8: Maurice Kinsey Wilson and Vera Rozelle Vaughn; Norbert D. Fast and Twyla Elyne Yoders.

June 9: William L. Smith and Joice Louise Phillips; Walter Winger and Nellie Snook.

June 11: James Leroy Vickers and Doris Vivian Joyner.

Mrs. Jimmy Hinsley has returned home from Lubbock where she spent four weeks at the bedside of her mother, Mrs. Myrtle Smith, who passed away June fourth. Mrs. Hinsley has the sympathy of her many friends of Perryton.

Mr. and Mrs. T. O. Pugh, Amarillo, were week-end guests in the home of Mr. and Mrs. A. V. Goff.

ELMER WHEELER, nationally known public speaker and writer from Dallas, will address the Texas Press Association's 70th Annual Convention in Galveston, June 16-17-18. "Sizzling Salesmanship" gets its name from Elmer's selling slogan—"Don't Sell the Steak, Sell the Sizzle", and is salesmanship with jet propulsion. Wheeler flunked public speaking in school; then, in true Horatio Alger tradition, he not only "came through"—but went all out and became one of America's most dynamic speechmakers. Last year Wheeler addressed more than one million people.

CARD OF THANKS

I would like to express thanks and appreciation to my friends and family for the many flowers, cards and inquiries while I was in the Perryton Hospital. Also to the doctors, hospital staff and my special nurses, I am thankful for their kindness and attention. And a special thanks to the Men's Bible Class of the Baptist Sunday School for the lovely potted plant.

J. H. Key, 24-1tp

Mr. and Mrs. Harry Weimer and son, Ronnie, left for their home in Sacramento, California, after visiting for the last two weeks with her father, Macie Clark, and her sister, Mrs. M. L. Wilson and family.

Does your secretary carry a burden?

She's working under a heavy load—if she uses old-fashioned carbon paper. So help the girl by giving her Webster's Micrometric. It's the one carbon paper with the numbered scale that helps her turn out neatly spaced work on the first typing. Carbon smudges on fingers getting her down? Just hold papers at Micrometric's "clipped corners," separate carbons from letters by pulling on the scale. Easy, clean—and speedy. Yet Micrometric costs no more than other quality carbons. Sold by leading dealers everywhere. Or write F. S. Webster Co., 11 Amherst Street, Cambridge 42, Mass. Branches in New York, Philadelphia, Detroit, Pittsburgh, Chicago, San Francisco.

Mr. and Mrs. Henry LaMaster of Whitesboro, Texas, visited over the week end with relatives in Perryton. Mr. and Mrs. G. H. Fanning of Dennison, Texas came to Perryton with them. Mrs. Fanning will manage the Glasgow Hotel for several weeks while Mrs. Glasgow is on vacation, and Mr. Fanning will work in the W. B. LaMaster Realty Co. office this summer.

Mrs. S. D. Key and her parents, Mr. and Mrs. J. W. Richardson, were in Amarillo Monday on business and visiting.

NOTICE TO CONTRACTORS

Sealed proposals for the construction of curb and gutter on certain streets in the City of Perryton, Texas, will be received

at the office of the City Clerk, City Hall, Perryton, Texas until 8 o'clock p. m., June 24, 1949, and then publicly opened and read.

A Cashier's or Certified Check, payable without recourse, to the order of C. C. Carter, Mayor, or an acceptable Bidder's Bond in the amount of not less than five (5%) per cent of the largest possible total bid, must accompany each bid as a guaranty that, if awarded the contract, the bidder will promptly execute bond and enter into contract on the forms provided as outlined in the specifications and contract documents.

Checks must be issued by a Texas Bank satisfactory to the City, and Bidder's Bond must be issued by a reliable surety company doing business within the State of Texas.

The City reserves the right to reject any and/or all bids and to

waive all formalities, including closing hour will be called to the attention of the bidder. Plans, specifications and contract documents are on file in the City Clerk's office, City of Perryton, Texas, and are available for inspection by request from W. E. B. Sulting Engineer, Perryton, Texas, June 7, 1949.

Plant Breeders Design New Farm Crop Plants Fit New, Efficient Harvesting Machinery

Robert E. Geiger, plant breeder at the University of Maryland, is designing new farm crop plants that will fit the new, efficient harvesting machinery. He is doing this to build resistance to disease and against bad weather so that the plants will be super-efficient harvesters.

Scientists have produced a "bald" leaves that are in a picking machine, sugar beet that is swept up with a shaling machine, oats with stiffer straws that are up to a reaper.

Still more crops to be harvested in one of the projects in plant work. Much of this work is being carried on at the University of Maryland at Beltsville, Md., near Washington, D. C.

Plant builders work with materials they can't even identify, like genes.

Units of inheritance are called genes. They pass along characteristics, like tallness, to offspring.

Scientists don't know exactly

where the genes occur in the cell. Nevertheless they can catalog them.

Breeding experiments determine rather accurately which genes certain plants carry. In over-simplified terms, when plant breeders attempt to obtain certain characteristics, they study the catalogs and the plants and then breed new plants with these characteristics.

The plant breeders have succeeded in crossing a red garden beet, which is almost round, with the sugar beet. The result is an almost round-shaped sugar beet, streamlined for mechanical harvesting.

Spectacular things have been done with corn.

Farmers like to boast they live "where the tall corn grows" but tallness in corn can be costly. Scientists grew some varieties so tall that seed growers had to get up on stilts to reach the tassels. You can't work with tassels that high, so the scientists obligingly brought the corn down to a proper and uniform height.

Uniform height corn also fits the corn picker, and its kernels are as good and nourishing as

those of other corn.

Farmers also needed a new-style soybean plant. Some plants had their pods so low the picking machine missed them.

Scientists juggled the genes of several varieties and produced soybeans that bear pods at just the right height.

One of the best examples of gene juggling is the bald cotton plant. This work started with bug experts — not plant breeders. They wanted to eliminate the hair from cotton leaves because it harbored destructive insects.

But the hair also catches on cotton pickers and draws leaves and other trash into the machines.

Several years ago scientists in Mississippi came up with bald cotton plants. They didn't produce so much cotton as haired plants, but when they were crossed with high producing varieties a high-production bald cotton plant was created. It's now being tested.

Beltsville cotton breeders say it may add \$10 to \$15 to the value of every bale of bald cotton grown.

STANLEY WALKER, freelance author and newspaperman, will speak at the Texas Press Association's 70th Annual Convention to be held in Galveston on June 16-18. Walker studied journalism at the University of Texas. He worked on the Dallas Morning News; was city editor of the New York Herald-Tribune; managing editor of the New York Mirror; associate editor of the New Yorker Magazine; and editor of the now defunct Philadelphia Evening Public Ledger. He has authored such famous books as "City Editor" and "Mrs. Astor's Horse." His articles have appeared in such widely recognized national magazines as the Saturday Evening Post, Mercury, Harper's, Woman's Home Companion, Esquire, and Reader's Digest. Walker is a man of definite and out-spoken convictions—equally at home in the boxing ring, editing a big-city daily or on the speaker's rostrum.

Spain, Portugal See British Art

LONDON—(AP)—Fifty-three thousand persons viewed the British Council's exhibition of old masters during recent exhibits in Lisbon and Madrid.

The exhibition consisted of 55 pictures, including works by Constable, Gainsborough, Lawrence, Reynolds, Romney, Turner and Raeburn.

It was the first time such a large collection by famous British artists had been shown in either capital.

Catches "Fish and Chips"

SYDNEY, Australia—(AP)—An amateur fisherman, Mr. Arch Wiley, went fishing at Murwillumbah, New South Wales, Australia, and caught a meal of fish and chips. Wiley threw his line into Cudgen Creek and immediately caught a large flathead, which bulged in the middle. The bulge was caused by a large potato, five inches long.

Sardines are cheaper than the olive oil in which they are canned.

THE TEXAS POLL

Four Out of Ten Texans Fear Hard Times in Next 6 Months

By Joe Beidon, Director, The Texas Poll, Austin, Texas—Whether the cost of living is rising or dropping, apparently about four out of every ten Texas adults live in fear of harder times.

Two years ago, when economists were warning that high prices might be driving business to ruin, The Texas Poll put this question to a statewide cross section of adults:

"Six months from now, do you think it is going to be harder to make both ends meet, easier, or about the same as now?"

The same question has now been put to a comparable cross

section of adults at a time when experts are worrying that declining prices may bring a recession.

In spite of changed conditions, both surveys produced very similar results. Here are the public's answers.

	May 1947	May 1949
Harder	41%	38%
Same	40%	42%
Easier	13%	15%
No opinion	6%	5%

The latest poll shows that adults in the lower economic levels are more likely to feel that they face harder times. But the difference in opinion between the lower and the upper classes is relatively small, as seen from the following table:

	Upper Class	Lower Class
Harder	35%	40%
Same	46%	39%
Easier	16%	14%
No opinion	3%	7%

In this poll, the "upper class" is represented by persons of average or above average standards of living; the "lower class," by adults of below average means.

A survey by The Texas Poll last March disclosed that while the public sensed a leveling off in living costs, a large majority felt their incomes would remain stable and saw no immediate danger of a depression. This would seem to indicate that the results of the latest poll measure mere fear of harder times rather than rational opinion.

Phonograph Doubles As Church Bell

BAYEUX, France—(AP)— Because it is too poor to buy a new church bell, the village of Littry near here has installed a phonograph with amplifier in the church tower. The bells of St. Peter's, Rome, will now call the villagers to Mass.

Combine Prices

Response to the farmers' complaint on what they want for combining, the combine operators have this view: That the farmers reached a fair price for average combine.

Days when you could combine from Texas to the Canadian border and sell your machine for more than you paid for it. Instead you can sell it for \$1,000 depreciation if you try to sell it. If you're lucky to get half of what you paid in the first place.

At a sixty-day run you can get 40 days of work with an average of 100 bushels per day, due to weather and break-down. Here you have a 1000 bushel combine with \$1 per acre depreciation, and if your meals, gas, oil, and hired help between \$40 and \$50 per acre, you have nothing left over.

Combine operators are plentiful. Hire it doesn't pay a cent to invest in an expensive combine to be standing idle for just a short period.

The owners and operators agreed that \$3 minimum is not enough for an average crop, and the man who has a large yield should get more than the one having a small yield. The big difference is the farmer, however, who has to pay as to what extent the combine operator's income tax.

Combine Operators Committee

How to be popular with your secretary

Little things can make a big difference to your secretary. Take carbon paper, for example. The patented features of Webster's Micrometric make it unlike all others—and she'll love it. Its numbered scale along the edge takes the guesswork out of spacing a letter or report. And she can remove it cleanly, without touching the carbon surface. It saves a lot of time and trouble.

Ask your stationer for samples, or write to F. S. Webster Co., 11 Ambert Street, Cambridge 42, Massachusetts.

More Seats

PHILADELPHIA—(AP)—The seating capacity of Shibe Park has been increased by 2,350 by extending the grandstand 15 rows into foul territory on both the left and right field sides. The home of both the Athletics and Phillies now holds approximately 35,000 fans.

Warning

DO NOT SELL OR SHOOT FIRE CRACKERS, ROMAN CANDLES, SKY ROCKETS, OR ANY OTHER FIRE WORKS WITHIN THE CITY LIMITS OF PERRYTON

Already complaints have been received about unlawful shooting of fireworks within the city limits, please read the ordinance printed below and be guided accordingly.

If you must handle fire works out of the lawful city limits, PLEASE BE CAREFUL since fire works are always DANGEROUS and the loss of a limb or permanent injury, although regrettable, cannot be replaced.

Be it ordained by the City of Perryton, Texas, that,

Sec. 1 It shall be unlawful for any person to sell fire crackers, roman candles, sky rockets, or any other fire works within the city limits of the City of Perryton, Texas.

Sec. 2 It shall be unlawful for any person to fire or use any fire works within the city limits of the City of Perryton, Texas.

Sec. 3. Any person being found guilty of violating this provision shall be adjudged of a misdemeanor and shall be fined in any sum not less than \$1.00, nor more than \$25.00, or be imprisoned in the City Jail not more than ten (10) days, and shall stand committed until such fine and costs are paid.

(Passed June 27, 1922)

Big First Inning Give Locals 10-4 Victory Over Dalhart

Perryton jumped on Dalhart hurler Harrell for 5 hits and 6 runs in the first inning of the NPAA league game played here Sunday, then matched the visitors run for run the rest of the game, coming out on the long end of a 10-4 score.

Harrell was relieved in the first by Rexcote, a big right hander who slowed down the locals, scattering 9 hits through the eight innings he pitched.

Deal, Hargrove, Hergert, Holland and Gibson scored in the big first inning. Deal singled to open the inning, followed by a single by Hargrove, a walk to Hergert, and then Hart got on through an error. A single by Holland, a triple by Gibson and a single by Dieball brought the six runs home.

After that initial scuffle, the two teams settled down to a tighter brand of baseball.

Milton Deason, on the mound

for Perryton, found the strong south wind a disadvantage on his curve ball, but was very effective, striking out three men, giving up 12 scattered hits and didn't walk a man.

Rexcote struck out 6 and walked one.

Leading batters for the locals were Wilbert Hart, who banged out two doubles in four trips to the plate, and Bob Gibson, who got a triple and a double in four trips up. For Dalhart, pitcher Rexcote led at the plate, hitting 3 for 4, including a triple.

Score by innings:
Dalhart: 0 0 1 0 1 0 0 2 0 4
Perryton: 6 0 0 0 1 0 3 0 0 10

THE UNITED STATES again will have strong representation in the English lawn tennis championship at Wimbledon beginning June 20. Bob Falkenburg and Miss Louise Brough of Beverly Hills, Calif., both will be out to repeat their Wimbledon singles conquest of 1948. Richard Gonzales of Los Angeles and Mrs. Margaret Osborne duPont of Bellevue Del., won the U. S. singles crown at Forest Hills last season, and will be out for a Wimbledon win. The Wimbledon finals may be all-American.

SPORTS AFIELD

By Ted Kesting

A lot of anglers don't think much of the catfish as a game species, but because of the polluted condition of many of our streams, we are going to see more and more of them on sport-fishing tackle. It might be a good idea to learn where they live, what they eat, and how to identify the six or seven kinds found in American waters.

Lee Yeager, wildlife scientist and writer, reports that the cats are contained in three groups: (1) the channel cats, three species; (2) the bullheads, three species; (3) the flatheads, mud or river cat, one species. Here are the principal characteristics:

Blue or great fork-tail cat: bluish above, belly whitish, no spots; anal fin 30-35 rays, largest of the catfishes, 10 to 40 pounds. May occur in brackish water along the Gulf coast and in Florida.

Channel cat: tail forked, body

Deason, p 3 0 1

36 10 14

highly streamlined with small black spots; anal fin 24-29 rays; bluish olive above, belly whitish weigh usually 2 or 3 pounds. The Great Lakes catfish found in northern waters is very similar in form to the channel cat.

White cat: tail forked; pale bluish above, belly silvery; anal fin 19-21 rays; seldom exceeds 5 pounds. Occurs only in or near brackish waters along Atlantic and Gulf coasts.

Yellow bullhead: tail slightly rounded, whiskers on lower jaw are whitish; anal fin 23-27 rays; often plump; weight seldom over 4 pounds.

Brown bullhead: tail nearly square; whiskers on lower jaw grayish to black; anal fin 17-24 rays; yellowish-brown, mottled with dark green; weight seldom over 3 pounds.

Black bullhead: tail nearly square; whiskers on lower jaw dark gray to black; anal fin 17-24 rays; fins have jet-black membranes; greenish-brown to black above, belly lighter; weight seldom over 3 pounds.

Flathead, mud, river or shovel-head cat: tail rounded when spread; body wedge-shaped, greatly flattened in head and tail regions; anal fin 13-16 rays; olive or brownish, often blotched; second largest of the catfish, 5 to 25 pounds.

Mudcats and stonecats form another group of cats found from the continental divide eastward. They seldom exceed 8 inches in length and are often mistaken for young bullheads. They can be identified by the continuous fin extending around the rear third or half of the body.

As for food, only one of the important cats—the flathead—is strictly carnivorous. The channel cat is a lover of minnows, but he will eat a lot of other things—insects, crayfish, clams, snails, and dead stuff of many kinds. His huge cousin, the blue or great fork-tail cat, is an omnivorous feeder, too. But the bullhead takes the eating prize. In addition to anything they can swallow, dead or alive, they eat algae, pondweeds and coontail grass.

Follett Nine Wins 13 to 4 Over Gate

FOLLETT—The Follett Baseball club defeated Gate 13 to 4 in a well played game Sunday afternoon. After playing three innings with the score tied, the Follett nine moved out front and remained in the lead for the remainder of the game.

Enjoy GARDEN-FRESH FOOD ALL YEAR LONG

...with an ELECTRIC HOME FREEZER

There's no season for garden-fresh fruits and vegetables when you own a Home Freezer. You can enjoy peaches, berries, corn-on-the-cob and other summer favorites the year around—fresh-frozen and as flavorful as the day they were picked.

A Home Freezer will save you money, too. You can store foods at seasonal low prices... buy meats in wholesale quantities... freeze your own home-grown produce... stock commercially frozen foods on special bargain days... and save in many other ways.

You owe it to yourself to find out what a Home Freezer can do for you... how it pays for itself in savings. See the new Home Freezers... and get the facts TODAY!

\$1 to \$2 for the week at Fort Worth, 50 cents to \$1 at San Antonio, and 25 to 50 at Oklahoma City. Houston held about unchanged, and Denver showed gains up to \$1 in some classes. Monday's receipts ran close to a week earlier in Texas and Oklahoma but dropped a third below in the twelve leading markets. Dressed steer beef sold \$1.50 to \$3 lower for the week at New York, and veal \$3 to \$4 lower. Beef cows ranged generally from \$16 to \$19 in the southwest.

Boatman Family To Leave Next Week for Kansas

Charles E. Boatman, minister of the Christian church, will preach his farewell sermon at the Sunday morning services. He and his family will move next week to Colby, Kansas, where he has accepted the pastorate of the Christian church in that city. The Intermediate class of the church will have charge of the services Sunday morning. They will give reports on the Ceta Glen camp which they have been attending this week. Mr. Boatman resigned as minister of the local church on May 22. He has served in Perryton for the past 15 months.

Saturday, Mrs. A. S. Brillhart, Ola Sue Johnson and Mrs. W. L. Spence went to Dalhart to take Donna Marie Voth to the train for Denver, Colorado. Donna has been visiting relatives in Perryton for about two weeks.

When European guilds were active, a man who infringed upon another's textile brand-mark was punished by having his right hand severed.

RYTON - SPEARMAN

— WEEKLY NEWS LETTER —

From W. J. (Bill) Craig

Austin, Tex., June 14.—Senate Bill 92 which authorizes the commissioners to raise the pay of county officials was signed by the Governor. It is a permissive law that gives permission to the County Commissioners Court to increase salaries of the precinct, county and district officers in an amount not to exceed twenty-five percent of their salary for 1948, whether paid on a fee or a salary basis if the county can afford it. The Commissioners Court may also increase the salary of the deputies, assistants and clerks of any district, county or precinct office in an amount not to exceed thirty-five percent of the sum allowed for the year of 1948.

Meanwhile, final adjournment of the Legislature was being hastened by continued work by joint Senate-House conference committees on the important bills providing funds for operating the state's business the next two years. The big problem still remains—the trimming of the ap-

propriation bills in order to prevent a new tax bill.

Mrs. Ada Ward, Long Beach, Calif, is visiting relatives in the Gray and Fulton, Okla., communities. Mrs. Ward and her three sisters, Mrs. Gerald Kerns, Gray, Okla., Mrs. Bertha Johnson, Pratt, Kansas, and Mrs. Jennie Eubank, Sunray, Texas, made a trip to Springfield, Ill., and points in Arkansas and Missouri. The ladies' parents, Mr. and Mrs. Ben Freeman, pioneer settlers of Beaver, Okla., lived in Springfield before coming to the Oklahoma Panhandle.

Miss Kathleen Lee, who is in nurses training at the St. Anthony Hospital, Oklahoma City, left Sunday after a three weeks vacation at home. Enroute to Oklahoma City, she visited in Amarillo a short time with her father, Jimmy Lee, who is in the hospital, recovering from an operation.

SOPHOMORE BEAUTY AT TCU

• East of Boyd

Everything is very wet again as more than an inch of rain fell Sunday night in this area. A very heavy rain fell last Thursday evening northeast of Boyd. Several farmers reported hail damage ranging from fifteen percent to almost total loss.

Saturday evening friends gathered at the lovely new home of Mr. and Mrs. Earl Watkins for a house warming. The neighbors presented Mr. and Mrs. Watkins and family a floor lamp and a set of beverage glasses. Refreshments of pie and coffee were served. Present were Mr. and Mrs. Jay Pierce and children, Mr. and Mrs. Jess Haworth, Mr. and Mrs. R. C. Pyle, Mr. and Mrs. Wayne Jones, Mr. and Mrs. W. H. Williams, Mrs. Dewey Jester and daughters, Mr. and Mrs. Ted Wahl, Mr. and Mrs. Fred Whittet, Mr. and Mrs. Lewis Whittet and children, Mr. and Mrs. Adrian Nolder and grandson, Mr. and Mrs. John Davis, Mr. and Mrs. Vernon Ratzlaff and son, Mr. and Mrs. Aldeen Rogers and sons, Mr. and Mrs. Earl Watkins and daughters, and Mr. and Mrs. E. W. Prater.

Mr. and Mrs. Harry Kirton returned Friday from a short stay with relatives near Kremlin, Oklahoma. They report that some harvesting was being done there but was being delayed by rain.

Mr. and Mrs. W. H. Williams were in Liberal Friday.

Gordon Barnes called at the Aldeen Rodgers home and also at the John Winters home Sunday.

Accidents

Wendell Aitmliller

John A. Beck of Kremlin, Oklahoma is somewhat improved since his operation recently. Hugh Williams spent Friday afternoon with James Rogers.

Mrs. Dewey Jester and daughters shopped in Liberal Friday. Mrs. W. H. Williams is having some remodeling done in her house and is having an electric dishwasher installed. Some others who have purchased new appliances recently include Mr. and Mrs. Fred Whittet, a new washing machine and refrigerator; Mr. and Mrs. Nolder a new home freezer. Mr. and Mrs. Williams have also purchased a new home freezer.

Vacation Bible School at Anthony Sunday School closed Saturday. An interesting and successful school was reported by those who attended.

Lee and Glen Schollenbarger and Don Gift shocked oats for John Winter Friday. Vernon Ratzlaff cut the oats for Mr. Winter.

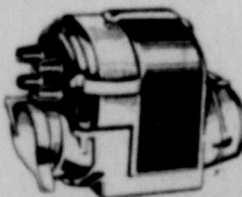

Ted and Ray Wahl were binding barley Saturday.

Fred and Lewis Whittet combined barley one day last week. Mr. and Mrs. George Kirton and son Jerry, have been near Olney and Vernon, Texas with their combines doing custom harvesting.

Wico Designed For Rough Use

Designed specifically for farm equipment, Wico distributors and magnetos will give you years of hard use. Without a hot, dependable spark, no gasoline engine can operate efficiently and economically.

Patton Motor Supply Co., 117 N. Main in Perryton is distributor.

for for Wico distributors and magnetos. Be sure your stock is complete now that harvest time is near.

When you need a new magneto or distributor, your best buy is a Wico. Every model is tested for thousands of hours under the worst dust and dampness conditions. So you can be sure a Wico distributor or magneto will stand up under the hard use you give your farm implements.

Don't take a chance with tractor ignition that may fail at a bad time. Check your equipment now before harvest and then go to your Wico dealer and get parts—genuine Wico parts.

Or, play safe and install a new Wico distributor or magneto and your harvest worries will be over.

Patton Motor Supply

Follett Legion Post Elects New Officers

FOLLETT—New officers for the Follett post of the American Legion were elected for the fiscal year of 1950 at a meeting held June 2.

The following officers were elected: Commander, M. E. Gillispie; vice-commander, Alvin Laubhan; second vice-commander, Leroy Kleiwar; adjutant, H. A. Crites, Jr.; chaplain, Charles Imke; historian, Ronald Parker; finance officer, J. G. Schultz; and sergeant-at-arms, Oscar Schneider.

Retiring officers for the year were Steven Dale, Max Robertson, Roy Roots, E. H. Meyer, Walter Frazier, Archie Bruce and Fred Harhausen.

Miss Dorothy Osborne, head bookkeeper for the Lubbock Buick Agency, is visiting her parents, Mr. and Mrs. T. M. Osborne and also Mr. and Mrs. Jack Osborne.

Mrs. Dean Thomas and children, Deanna Kay and Tommy, are spending this week in the home of her mother, Mrs. J. W. Herrell.

Have THE CLASSIFIED PAGES!

Juniors Lose, Win On Forfeit Against Texhoma

Although the final score was 13-8 in favor of the Texhoma Bulldogs Sunday, the Perryton Legion junior baseball team won on a forfeit, when it was discovered Texhoma used several ineligible players.

Four of the Texhoma players were members of the Texhoma Scouts, another NPAA junior league team.

In the game played Wednesday, June 8, at Perryton, the local juniors lost a 17-10 decision to the Texhoma Scouts.

Mr. and Mrs. Bruce Baumann were in Canyon on Monday.

India Studies Mineral Problem

NEW DELHI, India.—Independent India is giving its mineral wealth attention it has never received before. Exploratory work is being pushed thru the expansion of existing agencies and the creation of new ones. Plans are being studied for the processing of larger quantities of minerals in this country. A broad national mineral policy has been drawn and legislation has been passed giving the central government powers over the development and control of mining in the provinces.

Minister of Works, Mines and Power N. V. Gadgil is particularly interested in plans to increase facilities for processing minerals within the country. He says that nearly 50 per cent of India's imports of minerals are of goods

manufactured from mined in India. India is not exceptional in minerals. M. S. Krishna Rao, director of the Bureau of Geology, describes known resources as "very moderate in size and variety" when taken in relation to the area and population.

Mrs. Lillie B. Pasham of Per, Oklahoma is spending week with her daughter, R. Galther and Mr. Galther.

Mrs. Roy Entfield and Bruce Holmes, were in Sunday.

YOUR PROPERTY MUST BE RENDERED TO EXEMPT YOUR HOMESTEAD FROM STATE TAXES

Our tax assessors are making a strong effort to get every piece of property rendered correctly, but there have been so many changes of ownership, some property selling more than once during the year that the job is very difficult. Furthermore we have missed some of you when we called at your home.

Will you please call by the office and give in your taxes as it will be impossible for us to call on each taxpayer for assessing. It is very important that we get this early. With your assistance we can avoid many errors. It is our aim to give you the very best service possible.

Thanking you very kindly for your early attention to this matter I am,

Yours very truly,

RAY PHAGAN
