Mavericks Face Bulldogs Friday

The area rankers see it as No. One vs. No. Five— but that doesn't mean a thing when the

Ranger Bulldogs and the Eastland Mavericks tangle.

It's that time again. The Mavericks play host to the Bulldogs in Maverick Stadium Friday night with an 8 p.m. kickoff. A capacity crowd is anticipated.

The mythological Eastland County Title Championship will be in the offering as Ranger attempts to put together their second local win. They beat Cisco last week, 28-6.

The Mavericks went back to work Monday in an effort to correct mistakes made against Haskell last week. The main emphasis was on defensive and offensive techniques. Wednesday and Thursday was spent on the passing game and working against the Ranger offense and defense.

Coach Frazier singled out the entire offensive line for doing an excellent job. James Eidson, Rodney Reynolds, Steve Lopez, Mike Jones, Allan Jolly, Gil Gaeta, and Garry Barnes opened gaping holes in the Haskell defense.

Defensively Steve Lopez, Howard King, Mike Jones, Gil Gaeta, and Tony Thomas were singled out for performance.

The running of Howard King and Ruben Gaeta was also pointed out as being impressive.

The Mavs could very well have their hands full this week as they take on the much improved and aggressive Ranger Bulldogs. After defeating Anson in scrimmage the Bulldogs downed

BIG WEEKEND IN VIEW

PEANUT Salute 12th Annual Bowl -

Parade At 3 p.m.

Final preparations for the 1971 edition of the Peanut Bowl are now being completed. All the Parade entries have been received and placed, the route has been mapped, floats and decorated cars are being completed, and excitement is mounting.

Parade chairman Mel Herwerk reports that the largest number of entries in recent years will be on hand at 3 p.m. Saturday, September 18, to be viewed by hundreds of spectators along the streets of Eastland.

The parade will form and begin at the corner of Commerce and Connelley Streets, and will continue east along Commerce to Bassett, where it will disperse.

Mr. Joe Hanna of Breckenridge, State Representative of District 64, and Mayor James Reid of Eastland will serve as Parade Marshalls of the parade.

Prizes and trophies will be awarded in each category in the parade. Cash awards of \$50.00, \$35.00 and \$20.00 will be given the winning floats, and trophies will be awarded to the best band in each class of competition, the best decorated car, and to the top Riding Clubs.

A special feature of this year's parade and game is the Honoring of Miss Texas, Janice Bain. Janice has just returned from an exciting week in Atlantic City and the Miss America Pageant. Miss Texas will ride in the parade and will be presented at the halftime activities of the 12th Annual Peanut Bowl Game.

Miss Kay Hoffmann of Eastland, this year's 1971 Texas State Peanut Queen will grace the Jaycee float and will be joined there by Sharon Ledbetter, 1st runner up in the State Contest. Kay will be presented a \$500.00 scholarship by officials of the Texas State Peanut Producers Board during the halftime ceremonies.

County princesses attending will be Miss Erath County, Mary Jane Montgomery, Miss Gorman - Sarah Kirk; Miss Kokomo - Christi Fuller. Other title holding young ladies to

appear will be Miss Eastland County, Debbie McClaran of Cisco Junior College and also was a contestant in the Miss Texas Pageant this year.

Seven area bands and drill teams will further make up the roster of parade entries. Cisco Junior College and the Wrangler Belles, Rising Star High School, Cisco High School, Eastland High School, Ranger High School, Gorman High School, and Ranger Junior College and Drill team, will compete for band and drill team honors.

Floats sponsored by the Hospital, Beta Sigma Phi, Farm Bureau and the United Fund Float will compete in this division. Decorated cars will be sponsored by the Eastland County Republican Party, Ranger Junior College Cheerleaders, the Eastland High School Cheerleaders, the Cisco Junior College Cheerleaders, and the Eastland Junior High Cheerleaders.

New 1972 model automobiles and equipment will be displayed by Fullen Motor Co., King Motor Co., and Squires Farm Stores.

An added attraction will be the 15-member Shrine Motor Club Motorcycle corp. of Fort Worth. This group has performed in parades all over the country and will put a special demonstration on the square during the parade.

A special added attraction will be the Fort Walters Marching Band and the 1st Calvary Division Band of Fort Hood.

A special section will be reserved for bicycle riders. Any child wanting to ride a bicycle is asked to come to the corner of Commerce and Dixie streets, by 2:30 p.m. anyone deciding to ride a horse, etc. is asked to do the same. Herwerk stated. Organizations or individuals desiring to make last minute entries are asked to call 629-1288 for placement.

Tickets for the game are on sale at Modern Barber Shop in Eastland, Dean Drug in Cisco, and Ranger Rexall in Ranger. All seats are reserved and are \$2.50 each. Ranger Junior College is the home team this year and will sit on the West side of the Stadium. Tickets will remain on sale at the three places until 2 p.m. Saturday and then the only place will be Modern Barber Shop until the gates open.

FREE CONCERT

A free concert will be presented on the court house lawn Saturday afternoon immediately after the Peanut Bowl Parade. Chairman Mel Herwerk stated. The 1 Calvary Division Band from Fort Hood Texas will march in the parade and their stage band will give a 30 minute concert on the court house lawn immediately after. Everyone is invited to stay and listen.

Johnson Named H. V. Plant Mgr.

Boyd Wolfan, Production manager - Bras and Girdles, has announced the appointment of Clarence Eugene (Gene) Johnson as manager of the Eastland Hollywood Vassarette plant. He replaces J. B. Ryan, Jr. who has accepted a position with Genesco, Inc. in Atlanta, Georgia. A native of Tennessee, Mr. Johnson joined Vassarette on

Foreman in Paris. He has several years experience in apparel manufacturing having been associated with Washington Manufacturing Company, Fayetteville, Tennessee, as Assistant Superintendent prior to joining Vassarette. Mr. Johnson is married and he and Mrs. Johnson will make their home in Eastland.

STATE QUEEN MISS KAY HOFFMANN

Carbon To Host May Tigers

The Carbon Wolverines will be going up against May Tigers Thursday night in May for what should be an exciting game. The Wolverines beat May last year in what was described as the game of the week by Carbon fans.

Coach Wade Luckner stated that his team is in better shape and have worked out most of the mistakes that happened to them last week when Mullin won 51-20.

Absentee Ends Friday

Absentee balloting for the Tuesday, Sept. 21 bond election for Eastland's new sewage system concludes Friday at 5 p.m. at Eastland City Hall.

The bond vote will be in the amount of \$92,000 as the city's part in a \$198,700 plant to replace the present inadequate system. Federal grant and state aid will further contribute to the project.

Two separate ballot boxes will be used: one for property owners and another for non-property owners. The law requires that property owners sign an affidavit at the time of voting to record that they are property owners.

If the measure passes, the sewer charge probably will be increased by 50¢ per customer per month to help retire the indebtedness.

Rotarians See Film Of Passage

The Northwest passage to the North Pole, now being used regularly for commercial use, has a unique and interesting story behind its vast operation. An illustrative film, "Through the Northwest Passage" was shown by Buddy Carter to Eastland Rotarians, and guests at the Sept. 13, Monday Noon MEETING, AT THE White Elephant.

The Northwest Passage, was considered a geographical obstacle to be conquered. The conquests began as early as 15th century as began his search to find a passage through this unique world. Man tried and failed, and hundreds lost their life, yet each step was a step forward. Man got closer and closer, and on December 14, 1969, the great "Manhattan" did something no other commercial ship had succeeded in doing. It had opened this unknown world, by successfully probing through 101 miles of solid ice, to reach its destiny. In its experimental mission, the "Manhattan" HAD DELIBERATELY TAKEN THE THQest route, testing the ship to its fullest degree.

Once again, man has taken another step closer, to full understanding of the world in which he lives.

Extension Homemakers Meeting

More than 2,000 home demonstration club ladies from across the nation have pre-registered for the 35th annual conference of the National Extension Homemakers Council in Dallas September 20-24.

Attending from Eastland County will be Mrs. J. C. Clearman, Kokomo Home Demonstration Club; and Mrs. H. E. Hartsell, Morton Valley Home Demonstration Club; and Mrs. D. D. Sandlin, Pleasant Hill Home Demonstration Club. Alternate delegates were elected as follows: Mrs. Guy Sherrill, this program. Donations are asked to be sent to Dr. C. L. C. Browning, State and National Director; PO Box 7200; Fort Worth, Texas, 76111, or can be given to Frank Sayre, Grover Hallmark or Virgil Seabery, Youth Crime Prevention Committee members for Eastland.

One Killed, One Critically Injured In Saturday Accident

A Lake Leon man lost his life, a Cisco man was critically injured and two other men suffered cuts and bruises in a two vehicle accident on Farm Road 570 east of Eastland at 6:30 p.m. Saturday.

Dead was Zulus Ozias Mehaffey, 75, of Lake Leon, who was driving a 1964 model Buick sedan.

Billy Carroll Cozart, 25, of Cisco suffered a broken left arm, a broken left leg, and multiple broken bones in his face as well as internal injuries. He was reported as "holding his own" in intensive care section of Hendrick Memorial Hospital, Abilene, early Tuesday.

Danny Jack Speegle, 32, of Cisco and Franklin Pierce Shackelford, 25, of Abilene and formerly of Putnam and Cisco, were in Cozart's 1969 Chevrolet pickup and suffered cuts and bruises. They were released after emergency treatment at Eastland Memorial Hospital.

Cozart, who was driving the pickup, was treated at Eastland hospital before being sent to Abilene for the attention of specialists.

Highway Patrolman Gary Brewer of Eastland, who investigated the mishap, said the accident was still being investigated. It occurred on a curve on the farm road two miles east of Eastland. The

officer said the cars seemed to hit "left front to left front" and both were demolished.

Funeral arrangements were conducted at 2 p.m. Monday at First United Methodist Church in Gorman for Mr. Mehaffey. He was a brother-in-law of Mrs. Bertha Mehaffey, a former Cisco School teacher.

Cozart, a graduate of Cisco High School, is the son of Mr. and Mrs. Pee Wee Cozart and is married to the former Jean Reynolds. He formerly was employed by the Texas Highway Department. He is a veteran of the U. S. Army.

Speegle works for Lone Star Gas Company in Cisco, and Shackelford is employed by West Texas Utilities Company in Abilene.

McCullough Funeral Held Here Tuesday

Thomas H. (T. H.) McCullough, 86, died at 7:45 a.m. Monday in the Eastland Manor Nursing Home after an illness of one month.

Funeral was held at 3 p.m. Tuesday in the Arrington Chapel with the Rev. Haston Brewer, pastor of the First Baptist Church officiating.

Burial was in the Eastland Cemetery.

Born June 29, 1885, in Comanche, he was a resident of Eastland the past 50 years and a former resident of Comanche.

He retired in 1950 after 20 years service with the City of Eastland. He attended the Baptist Church. He married Lucy B. Arther in 1906 in Comanche. She died in 1966.

Survivors include three sons, W. H. of Cisco, S. G. and L. C., both of Eastland; one daughter, Mrs. Vera Lovelace of Eastland; one sister, Mrs. Mina Easley of Fort Worth; seven grandchildren, six great-grandchildren and several nieces and nephews.

First School Immunization Wednesday

The First School Immunization Clinic of a series sponsored by the Texas Department of Health was held Wednesday, September, 15th. Most of the elementary children received both the Rubella and Measles Vaccines last year, and will not need additional immunizations against these diseases.

An oral polio booster vaccine will be available for those who have not had a booster in the last five years, and the entire oral series will be available for those who have never been immunized against polio.

NO SMALPVX VACCINATIONS WILL BE ADMINISTERED. Diphtheria-Tetanus will also be available.

Those ill with high fever or having vomiting or diarrhea the day of the campaign should not have the vaccines.

TEXAS law now requires that all children entering school must show that they have been immunized for diphtheria, tetanus, measles, polio, smallpox, and rubella (German Measles). Preschool children must also be protected against pertussis (whooping cough).

Exclusions from compliance with the law are allowable on an individualized basis for medical contraindications and religious conflicts. Signed affidavits must be submitted for children falling into these two categories as specified in the law.

The Texas State Department of Health will conduct a series of immunization clinics in the schools beginning this month in which your children can receive the vaccines free-of-charge, with the exception of smallpox vaccinations. No provisions will be made to give smallpox vaccinations at the school clinics.

The Friendship Club's next meeting will be October 14, with a salad supper in the home of Nina Hastings. Afterwards, Ruth Layton will install the officers for the next year.

Family Finance Session Set

The first session of the family business institute will be held on Tuesday, Sept. 21st at 7:30 p.m. in the Texas Electric Reddy Room in Eastland. The Family Business Institute will consist of five meetings presenting information on family business practices. The Business Institute is being sponsored by the Eastland County Agricultural Extension Service.

This coming Tuesday's program will feature two outstanding speakers. Mrs. Bonnie Fowler, Home Management Specialist-Texas Agricultural Extension Service, Texas A & M University, will introduce the evening program with "Credit Outlook for the U. S. Economy."

Mrs. Fowler, is a native of El Paso, and received her M. S. Degree from Cornell University in household economics and management. She formerly worked with the Extension nutrition program in New York State.

Focal speaker speaker for the evening program will be Mr. James E. Sutton, Consumer Education Consultant. Sutton is head of the State Office of Consumer Credit Commissioner located in Austin.

Mr. Sutton, who is an outstanding authority in the field of credit, will discuss current credit legislation, credit

frauds, different types of credit, and legal aspects of credit contracts.

The meetings are open to the public free of cost. The other Family Business Institute meetings will be September 27 - "Family Investments", October 5 - "Family Insurance", October 12 - "Estate Planning", and October 19 - "Retirement Planning."

Mr. Richard Watson, Gorman pharmacist, was the speaker for the meeting of the Licensed Vocational Nurses' Association, Division no. 64, Monday evening, September 13, in Eastland Memorial Hospital Conference Room. Mr. Watson gave a very interesting and informative talk on the reasons for the methods of administration of certain medications at certain times.

After the business meeting, the Cisco hostesses served delicious refreshments of chicken salad sandwiches, mints, nuts, cake, coffee and tea to the following: Mrs. Lillie Ogle, R.N., and L.V.N.'s Glenda Agnew, Gene Cox, Alice Eakin, Gladys Edwards, Anna Fay Foster, Emma Gregg, Iva Hooks, Louise Kimmell, Lovenia Kinser, Lola Marshall, Luda Parson, Elizabeth Stroud, Marsha Thomas, Josephine Wallbraun, Gertrude Wallace, and visitor Mildred Squires of Ranger.

Questions and Answers

Q. I have paid the maximum social security contributions since 1940. I am now 67 and still working. When I applied for social security retirement benefits, I was told that because my earnings for the year would be too high, I was not entitled to receive any checks. This doesn't seem fair to me. Why was the law set up this way?

A. The primary reason for an earnings limit under social security goes back to the original purpose of the program as passed by the Congress. Social security retirement benefits are a partial replacement for earnings that stop when you retire. And, until a worker has retired or had his earning power sharply reduced, there are no lost earnings to replace. However, Congress also realized that some people never retire but continue to work long past 65. To completely deprive these workers of social security benefits would not be fair either. Therefore, regardless of the amount of his earnings, an eligible worker can get full monthly social security re-

tirement benefits at 72. Earlier, he can get full benefits if he earns \$1,680 or less in a year. If he earns between \$1,680 and \$2,880 a year, his benefits are reduced by \$1 for every \$2 earned. If he earns over \$2,880 a year, his benefits are reduced \$1 for every \$1 earned. Regardless of his annual earnings, however, he can get his full social security benefit for any month he earns \$140 or less.

Have a question about social security and its retirement, survivors, disability or Medicare benefits? See your telephone directory for the phone number and address of the nearest social security office.

Quarterback Club Launches 'BAM' ROSTER

The Eastland Quarterback Club initiated its "BAM" program, Tuesday night, which typifies the way the Mavericks will hit their opponent, this year. The "Be A Maverick" opportunity will be

given to two members who are at the Tuesday night meetings preceding each Friday nights game. Names of those present will be put in a hat, and the two lucky winners will be furnished a Maverick jacket and will accompany the team

on their entire schedule form the time they leave the school until after the game. The fans will recognize these loyal Maverick backers as they take the field with the team, stated R. P. Haun, Quarterback Club President.

The following is a list of some of the new Quarterback Club members.

LEGAL NOTICE

AN ACT relating to the recording and rerecording of livestock brands and marks; and declaring an emergency. BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. (a) This Act shall apply to every county in this State. In all the counties, each owner of any livestock mentioned in Chapter 1 of Title 121 of the Revised Civil Statutes of 1925 shall within six months after this Act takes effect, have his mark and brand for such stock recorded in the office of the county clerk of the county. These owners shall record the marks and brands whether the brands and marks have been previously recorded or not.

(b) The owner shall have the right to have his mark and brand recorded in his name who according to the present records of the county first recorded the brand and mark in the county, or in event it can not be ascertained from the records who first recorded the brand and mark in the county, then the person who has been using such mark and brand the longest shall have the right to have the brand and mark recorded in his name.

(c) After the expiration of six months from the taking effect of this Act, all records of marks and brands now in existence in the county shall no longer have any force or effect and after the expiration of six months, only the records made after this Act takes effect shall be examined or considered in recording marks and brands in the county.

(d) Immediately upon the taking effect of this Act, the county clerk of the county shall have this Act published in some newspaper of general circulation in the county for a period of thirty days. The publication shall be paid for by the county out of the general county fund.

Sec. 2. All clerks in reregistering brands shall comply with Articles 6890 through 6899, inclusive, of the Revised Civil Statutes of Texas, 1925, as amended, and with Section 1, Chapter 273, Acts of the 41st Legislature, 1929, as amended (Article 6899a, Civil Statutes), and shall also be aware of and comply with Articles 1484, 1485, and 1486 of the Penal Code of Texas 1925.

Sec. 3. All brands and marks registered under the provisions of this Act shall be reregistered every 10 years in the manner prescribed in Section 1 of this Act.

Sec. 4. The importance of this legislation and the crowded condition of the calendars in both Houses create an emergency and an imperative public necessity that the Constitutional Rule requiring bills to be read on three several days

in each House be suspended, and this Rule is hereby suspended; and that this Act take effect and be in force from and after its passage, and it is so enacted.

moved from Gorman, and are now living at 401 S. Mulberry.

AMERICAN BIBLE SOCIETY

NEW YORK--The Old Testament book of Job has been translated in Today's English Version of the American Bible Society. First copies of the illustrated, 89-page paperback, "Job for Modern Man," came off the press August 1.

The largely poetic book, also entitled "Tried and True," relates the suffering and faithfulness of the man named Job. It was translated by the same

group of scholars who prepared "The Psalms for Modern Man," now in its ninth month of circulation.

Like its predecessors, the best selling New Testament "Good News for Modern Man," Today's English Version of the book of Job seeks to express the meaning of the original language, in this case Hebrew, in words and forms that all people speak who speak

English have in common. The entire Old Testament in Today's English Version is slated for publication in 1975.

The American Bible Society, a non-profit organization founded in 1816, has as its object the translation, publication, and distribution of Scriptures.

Highlights And Sidelights

AUSTIN, TEX. A major court decision last week left up in the air the question of how

Texas is to achieve a valid reapportionment act for both houses of its legislature before

next year.

State Supreme Court agreed with an August 2 Austin district court finding that a House redistricting bill passed this year is unconstitutional because it unnecessarily split up 23 counties.

The decision left unanswered how the bill should be corrected or if it should be redone before 1973. Basic questions are these: Should House reapportionment and state Senate redistricting (left untouched by the Legislature) be the subject of an emergency special session? Should the five members constitutional Legislative

Redistricting Board take on the job, since no valid reapportionment was done by the Legislature in the first regular session after the 1970 census?

Should the Legislature forget about the reapportionment before 1972 elections and wait until the 1970 census statistics are all complete and published? Gov. Preston Smith and Atty. Gen. Crawford Martin once more are on opposite sides of a controversy.

Smith says the redistricting Board has the "duly constituted responsibility" under the constitution to redistrict, and a special legislative session on reapportionment would be unnecessarily costly.

Martin stated in a brief before the Supreme Court a special session "would seem the only correct possibility, but this too, could become the subject of litigation."

A high Court ruling in another case challenging the Redistricting Board's authority may hold the key as to whether it can proceed, whether the Legislature must take over now or check the task until 1973.

A note of urgency is injected into the issue by the fact that the Board is directed by the constitution to do whatever it is going to do by late October. Furthermore, legislative candidates appear to face a November 7 deadline for establishing residency in the district they choose to represent.

ANTI-POLLUTION PERMIT USED-- Texas Air Control Board has put into operation a far-reaching construction permit system to help control and prevent air pollution.

Since August 30, any industry that will omit air contaminants into the atmosphere must get a Board Permit before starting any construction. Similar permits are necessary to modify or change existing contaminant causing facilities.

Permits apply to specific, individual manufacturing processes, not entire industrial plants or complexes. Exceptions for minor contaminant causing plans will be listed later. Applicants have 60 days after construction is completed to apply for operating permits.

HEALTH STUDY ON-- New studies to find ways of meeting health service, staff and facility needs of Texas' rural population will be undertaken by the Research Institute for Systems Development at Texas A&M University.

The study will be conducted in the West Central Texas area, centered around Abilene which has both rural and urban characteristics typical of many regions.

Fewer than half of Texas' 492 hospitals meet federal medicare requirements for health and safety, so the project will focus on health facilities and services considered below medicare standards. Texas has more than twice as many qualified hospitals as any other state.

APPOINTMENTS-- Carl E. F. Dally of Houston and District Judge Tom G. Davis of

Vernon are new commissioners on Texas Court of Criminal Appeals.

Six directors and two assistants to the executive office of Texas Parks and Wildlife Department were named this month. They are: Roy T. Huffman, director of current operations; George H. Cook, assistant for legislative affairs; George C. Adams, assistant for land acquisition; Ron D. Jones, director of planning; John D. Macklin, Jr., director of personnel and administration; Richard A. McCune, director of information and education; S. Samuel W. Kendrick Jr., director of support services and Clayton T. Garrison, director of finance and data processing. John D. Townsend has been named assistant commissioner for planning and coordination for the State Department of Public Welfare.

Gov. Smith names James D. Eppright of Dallas to the Texas Tourist Development Board and reappointed Dan Sanborn, McAllen. He appointed to the State Board of Dental Examiners Dr. William J. Kemp of Haskell, Donald L. Brunson of Baytown, James S. Rogers of Amarillo (six year terms); Dr. Sam H. Rabon of Kingsville (four year term) and James E. Bauerle of San Antonio (two year term).

\$150 MILLION BOND ISSUE POSTPONED-- University of Texas regents postponed until October 22 consideration of an overall plan for marketing the first block of \$150 million in bonds authorized for new college construction.

About \$30 million in bonds apparently will be sold by December. The y are backed by tuition revenues. Money will go to build new institutions of UT at San Antonio, Dallas, Houston, Odessa, and El Paso. The bonds were authorized by the 62nd Legislature this year to build newly-authorized institutions.

DAM AUTHORIZED-- In spite of opposition by landowners, Texas Water Rights Commission voted to permit construction of a dam on Martin's Creek in Rusk County by three electric power companies.

Dallas Power and Light Company, Texas Electric Service Company, and Texas Power and Light Company plan to build the dam 17 miles northeast of Henderson for a major power plant.

Landowners expressed fear the lake created by the dam would flood their pastures, destroy timber, and prevent Martin's Creek from continuing to provide water for livestock. The companies pledged to try and prevent or mitigate damage.

D. A. STUDY PENAL CODE-- District and county attorneys have launched their own committee study of needed changes in the penal code. They fought a sweeping, controversial revision of the code during the legislative session this year.

District Attorney Tom Hanna of Beaumont was selected as chairman of the committee in the first meeting of last week. Prosecutors indicated they prefer a simplified, "more responsive" new code to the version introduced in 1971 Legislature which had five years in the making.

INDUSTRIES GET AWARDS-- Five Texas Industries will receive special 1970 Governor's Industrial Expansion Awards at ceremonies in connection with the Governor's Conference of Industrial Expansion October 13-14 here.

They are Jimmy Dean Meat Company of Plainview, Levu Strauss and Company of Amarillo, Sprayberry Handbags Inc. of Clifton; Gorman Peanuts of Gorman and Vintage Homes Inc. of Breckenridge.

SHORT SHORTS

Free Humidifier with installation of a CARRIER Electronic Air Cleaner

Electronic Air Cleaner

Enjoy a cleaner, pollution-free environment and relieve respiratory discomforts with a Carrier Electronic Air Cleaner.

Ordinary filters catch big particles of lint, but millions of tiny, invisible particles of smoke, grease, dust, and pollen float in the air of your home and collect on windows, walls, fabrics, dishes, woodwork and furnishings. The Carrier Electronic Air Cleaner surrounds each tiny particle with charged ions and forces them into mesh pads. Gives you a cleaner, brighter environment and operates for only pennies a day.

Stamp out winter dryness with a Carrier Humidifier.

The dryness of indoor air in winter causes wood to shrink, furniture joints to loosen, fabrics and rugs to wear faster, and increased amounts of dust and static electricity as well as respiratory discomforts. Carrier's unique self-cleaning humidifier gently adds moisture to the warm air stream from your furnace to eliminate "winter-dry" air.

Buy cleaner air for your home and get it "moisture-conditioned" for free!

Call us today about our Free Humidifier offer. And ask about our special offer on the famous Carrier 58GA1002 Furnace (100,000 BTU input capacity) for only \$269 plus installation. Start your completely controlled environment with Carrier. Beat 1972 price hikes. Call us today.
