FRIDAY AFTERNOON, AUGUST 27, 1926

Leased Wire By Associated Press

CITY NEWS BRIEFLY TOLD

MISS ALICE FREELAND, OF Brownfield, visited in Lubbock today.

L. LUMSDEN, OF WILSON, IS IN Lubbock Friday.

MISS PAULINE LOKBY, OF SLATON, was in Lubbock Thursday and visited with friends here.

R. R. JAMES AND SON, NELSON, of Lovington, N. M., are in Lubbock on business Friday.

MR. AND MRS. C. R. BRIDGES, OF Brownfield, were visitors in Lubbock today.

WAYNE STALNAKER, OF CHILDRRESS, is to arrive this afternoon for a visit with his parents, Mr. and Mrs. Stalnaker, 1619 18th street.

MRS. J. R. B. COOPER HAS RETURNED from a short visit to Abilene and Fort Worth.

MRS. L. H. SHELTON IS IN Christoval attending the Baptist encampment.

MISS ALMEDA MURRAY IS ILL at her home, 1802 Avenue Q.

MRS. J. F. BACON HAS BEEN ILL at her home, 1629 Broadway, for several days.

MRS. B. F. BAXBY, OF GARRETT'S returned yesterday from Dallas, Fort Worth and other points east, where she spent a two-weeks' vacation.

LEWIS PRICE, OF HEMPHILL-Price Co., returned this morning from a vacation trip to San Angelo and other points in Southwest Texas.

DR. GORDON R. REED, STUDENT in the Galveston Medical College, and who has been visiting here with relatives and friends during the past week returned to Galveston recently.

RALPH W. CARTER, CHEVROLET dealer of Brownfield was in Lubbock today and carried his grandfather and grandmother Rev. and Mrs. R. D. Carter home with him for a few days visit. They have been visiting their son, T. H. Carter and wife and will return here after a few days.

AN ENTIRELY NEW CQUABBLE is being conducted in Lubbock these days. Naturally, the boys claim that the girls started it, and yet verily, but it has not yet been decided which group had the most enjoyable time on their camping trip—the girls at Palo Duro, or the boy scouts at Post. Both have returned to the city within the past two days, each declaring that camp under supervision of trained leaders is the best ever.

AMONG A NUMBER OF VISITORS in Lubbock today on business and on pleasure were Mrs. M. Fulkerson, of James; Mr. and Mrs. Ira Griffith and daughter, of Shallowater; G. C. Thompson, of Spur; Mr. and Mrs. J. T. Hammett, and daughter, of Slaton; H. W. Black and family from Ropes; W. R. Parker and son, Jesse, of Hale Center; J. R. Bridges, Brownfield; R. P. Miller, Lorenzo; Willard Stanley, and P. L. Alexander, Lamesa; and Mr. and Mrs. C. L. Gatewood, of Meadow.

THE EPWORTH LEAGUE OF THE First Methodist church will go this evening to the Igo ranch, some sixteen miles south, for a picnic supper. The cars for transporting leaguers and the cats will leave the church at 6:30 and according to league officers this hour is the dead-line. At the picnic grounds, a short but interesting program has been arranged for which will end to the enjoyment of the evening. Sunday evening, instead of the regular devotional service of the league, a musical program will be given. Harry Lamajre, bandmaster at the Tech, will be in charge, with a specially picked orchestra to furnish sacred music, besides solo number by Mr. Lamajre. Miss Frances Garland will also be on the program of the evening, for vocal solos.

DAILY ALMANAC

Temperature Here: Maximum ----- 90 Minimum ----- 53 Mean ----- 71 1/2 West Texas: Tonight and Saturday partly cloudy, probably mild showers in southeast portion. East Texas: Tonight and Saturday probably local showers; somewhat warmer tonight; warmer in northwest portion Saturday. WOMAN LAWYER SHOT TO DEATH

Special Guard Called For Slain Doctor's Wife

ACTION FOLLOWS DISCLOSURES OF SECOND MEXICAN ARRESTED THAT HER LIFE IS IN DANGER

"YOU WILL NOT BE A WIDOW SEVEN YEARS" MEXICAN SAYS MURDER OF MATHIS PHYSICIAN TOLD HIM; SYSTEMATIC SEARCH GOES ON

(By The Associated Press) SAN ANTONIO, Texas, Aug. 27.—Special guards Friday were placed about Mrs. J. A. Ramsey, widow of Dr. Ramsey, slain Mathis physician, when it became known her life was in danger. Ramsey's body was found in a shallow grave near Mathis Thursday. "You will not be a widow seven years was the threat that reached her from the lips of a second Mexican arrested in connection with the case. Tells Widow To Be Careful The Mexican, arrested at his home in Mathis, where he was often befriended by the doctor, told Mrs. Ramsey to be careful as he had heard the man who had killed her husband also intended to "get her."

With Mrs. Ramsey under guard at her home in Mathis and two Mexicans, one said to have admitted a part in the killing, in jail at Sinton, officers joined in a hunt for the killer of the doctor. A suspect arrested in Corpus Christi was released Thursday night. A posse headed by Sheriff C. E. Key of Live Oak county in which the killing was committed, also began a systematic search through border towns for the man named by a Mexican under arrest as the one who paid him to assist in the crime. The suspect sought is well known to officers.

While no threat was made to attempt violence against the two Mexicans held in the jail at Sinton, excitement there and in Mathis Friday was at a high pitch as gruesome details of the crime, revealed by the prisoners spread through the section. Dr. Ramsey was killed from the back of his home in Mathis the night of May 23 by one of the Mexicans.

The Mexican, as he led officers to the shallow grave from which the body was exhumed, told officers his story. After driving a short distance out on a main highway, the Mexican said the man for whom the officers are looking jumped upon the running board of the car and directed that it be driven into a dim trail that ended blindly in the thick brush a short distance from the road.

When they arrived at the spot where

2 OFFICERS SHOT IN GUN FIGHT

MUSKOGEE, Okla., Aug. 27. (AP)—Two handits who today shot two Sequoyah county officers and took J. C. Wall, Sallisaw police chief prisoner in a gun fight on the Albert Pike highway about four miles west of Sallisaw, were reported surrounded in the mountains near Long Island village twelve miles northeast of Sallisaw, shortly after noon. Bert Cotton, under sheriff, who suffered a scalp wound, had his wound dressed and went back into the man hunt. Perry Chukulake deputy sheriff, is believed dying with two bullet wounds in the right breast and another in the arm. He was taken to a Frot Smith hospital.

The two handits, after wounding the two officers, forced Wall to accompany them, appropriating the officers' car, and a few minutes later picked up a farmer who was walking along the road and forced him to accompany them. They headed north of the highway toward Marble City and then swung back toward the east.

Ranger Gasoline Rate Is Found Reasonable

WASHINGTON, Aug. 27.—Freight rates on natural gasoline from certain points in the Ranger group in Texas to destinations in eastern and southern territories were held in a report by an interstate commerce commission examiner today to be unreasonable except to Brunswick, Georgia. The commission must pass on the report. A reasonable rate to the Georgia point was recommended and the commission was asked to award reparations to the Chestnut and Smith corporation, Phillips Petroleum company and the Texas Pacific Coal and Oil company of Texas on past shipments.

Which Road Will You Choose?

Texas has come to the parting of the roads. A fork appears in the highway to progress. One route leads upward and onward—a broad highway of honest endeavor in public office—tending always toward the principles of truth and right, honorable efficiency and good government. The other turns sharply away from the ideals of true Texans—away from the beliefs upon which this great state was founded—and leads forever downward, a ragged, slimy trail, uninviting to him who would travel on. Which shall it be? Shall the government of Texas again be turned over to the Fergusons—whose treachery in public office has become a by-word throughout the nation—so that they may be permitted to continue to drag the good name of Texas through the muck and mire? Or shall it be put into capable hands—new hands, unsoiled and strong—the administration turned over to Dan Moody, whose banner is unsoiled by the splashes of suspicion? Texas and Lubbock county can answer tomorrow through medium of ballots. Do not leave it to your neighbor just because it looks like Fergusonism is certain to be defeated. Get out yourself and cast a vote for good government in Texas, Lubbock county and the 72nd Judicial District. Do your part to choose for Texas and this section of Texas the broad highway which leads always onward and upward and to mark forever "closed" on the treacherous trail which leads to political oblivion.

Known Death Toll Of Pennsylvania Mine Blast Now Stands At 41 While Rescue Goes On; 58 Men Entombed

(By The Associated Press) CLYMER, Pa., Aug. 27.—The bodies of nine miners, badly burned and mutilated, were recovered from the Clymer mine at noon today, bringing the known death toll of yesterday's explosion to 41. Rescuers continued the search for three miners, who, it was believed, were buried under heavy falls of rock and earth. 58 Trapped by Blast CLYMER, Pa., Aug. 27. (AP)—The explosion at the Clymer mine of the Clearfield Bituminous Coal corporation yesterday apparently had crushed all the lives of four men. With 12 bodies recovered from the blasted workings at 5:30 o'clock this morning min officials expressed the belief that 12 others unaccounted for were dead in the debris-swept ruins of the mine. Figures given out officially today revealed that 53 miners were trapped by the explosion, which occurred at 1:30 o'clock Thursday afternoon. Ten miners escaped and four others are in a Dixonville hospital suffering from gas and shock. None of the bodies had been definitely identified at the improvised morgue in a machine shop, one mile from the scene of the blast. Mine officials believed that 150 children were made fatherless by the explosion, the second in this territory within three years. In January, 1923, fifty-six lives were lost at the Starford mine at Shankstown.

Families Keep Vigil Late last night many of the wives and children of the entombed men left the mine mouth after a vigil of ten hours. At dawn, they returned to the hillside flanking the ill-fated pit. They were ignorant of the fact that thirty-two bodies had been brought out and removed to the temporary morgue. A corps of Salvation Army lassies labored all night, without sleep, preparing the bodies so that later in the day the stricken mine villagers might be summoned to identify them. Black damp, the deadly menace which follows a mine explosion, took the lives of the first four men brought up. Their bodies were unmarked. The others, however, were burned badly, some beyond recognition. These victims, at work farther inside the mine when the fatal blast carried death and destruction through the dark recesses, were trapped by the wall of fire which came with the explosion. The blast spent itself in a moment, and the wrecked mine did not catch fire.

Political Rally Will Be Held This Evening Several thousand are expected to attend the political rally to be held at 8:30 o'clock this evening at the corner of Broadway and Avenue L, when Judge Clark M. Mullican and Judge George R. Bean will speak in the interest of Dan Moody for governor of the State and Durwood Bradley and others will speak in the interest of their candidates. A band is to play during intermissions.

Steam Whistles To Blast Election Day BROWNSVILLE, Texas, Aug. 27. (AP)—Arrangements have been made with all managers of all industrial plants in the lower Rio Grande Valley to blow steam whistles at hour intervals to apprise the voters that it is election day. The whistles will blow from 8 a. m. to 7 p. m.

Ship Officer Shoots Two And Kills Self INGLISH, Fla., Aug. 27. (AP)—David Wiley, said to be an officer on a boat plying between New York and Galveston, last night shot and seriously wounded his divorced wife, Mrs. Jerry Wydman, and her husband, and then sent a bullet through his own heart. Wiley died before a physician could reach him. The wounded persons were taken to an Okala hospital where their condition was said to be critical today. Investigating Levy county authorities said Wiley entered a recreation hall here last night, shooting the man and woman. They have been unable to assign a reason.

Cop Is Hero ASSBURY, PARK, N.J.—Big Pat McDonald, who throws weights for fun and for a living keeps traffic in order on New York's Broadway, thinks nothing of saving a life or two in the surf on his vacation. Many saw him rescue a girl from the undertow. "Nothing more than I did the other day without many finding out about it," he remarked.

BODY FOUND IN HOTEL ROOM AT CHILDRESS; TWO YOUNG MEN COMPANIONS FREED AT INQUEST

BLASTED ROMANCE OF SCHOOL DAYS IN LAW COLLEGE GIVEN AS CAUSE OF DEATH BELIEVED SUICIDAL; WOMAN'S NIECE IS OIL OPERATOR

(By The Associated Press) CHILDRESS, Texas, Aug. 27.—Miss Lila Clark Franklin, 22, law school graduate of Ardmore, Okla., was found dead in her room in a hotel here this morning, shot through the heart. A small calibre pistol lay near her body. The coroner's verdict was death from a pistol shot, but whether fired through accident or suicide intent unknown. Miss Franklin arrived here after mid-night last night in an automobile with Norman T. Spann, 24, and Carl Farmer, 22, of Hoodland, Ala. They registered under assumed names as brothers and sister, according to the police. During the night, Spann said he heard a shot, and when Miss Franklin's room was entered at 8 a. m. by hotel employees, her body was found lying across the bed, a small automatic pistol beneath her.

Youths Released. Spann and Farmer were held for the coroner's inquest and then released. The inquest testimony indicated that Spann and Miss Franklin had been sweethearts at Cumberland university law school Lebanon, Tenn., of which Miss Franklin is a graduate. Letters read at the inquest showed that Miss Franklin had written Spann "recently to come to Ardmore and take her to Albuquerque, N. Mex., where she learned that the young men had planned an overland trip to Los Angeles to enter law school there. Proposition Treated Coolly. According to the story of the letters, the young woman repeated her request several times and the letters showed that Spann was rather cool to the proposition, but that he finally consented. Spann and Farmer passed through Ardmore several days ago, stopping long enough to take Miss Franklin. They reached Childress last night and stopped at the hotel with the intention of continuing their journey westward today.

Miss Franklin's mother is Mrs. Alvin Franklin of Albuquerque.

Niece of Oil Operator. ARDMORE, Okla., Aug. 27. (AP)—Lila Clark Franklin, young woman attorney of Ardmore, who was found shot to death in a Childress, Texas, hotel early today, was a niece of Wirt Franklin, prosperous oil operator here. Friends here said she was driving to California with Norman Spann of Hoodland, Ala., who they understood, was her fiancé. Miss Franklin was 22 year old. She graduated last spring from Cumberland law school at Lebanon, Tenn., and was admitted to the Oklahoma bar in June. She was employed in a law office here.

Engineer Here ON GAS SURVEY Max Cunningham Says Gas To Be Available by December 15th, As Promised Reiterating the promises of the Texas Gas company, holders of a franchise to supply this city with natural gas in commercial quantities by December 15th, Max L. Cunningham, former state engineer for Oklahoma and now in charge of the engineering work on the laying of the gas line from the Panhandle fields south to Slaton and auxiliary lines, from Plainview to Flopanda and Lockney, was in Lubbock today attending to business in connection with the gas service. According to Mr. Cunningham's statement five engineering crews will be at work tomorrow morning on various sections of the survey and four more will report for actual work next Monday. The survey on the Hardy ranch in the Palo Duro canyon, has been completed and the finishing of the project marks the completion of the most difficult part of the engineering work, he said. Mr. Cunningham is now connected with the Benham Engineering company, of Kansas City and Amarillo. Bids To Be Received He further stated that bids for the

Political Rally Will Be Held This Evening Several thousand are expected to attend the political rally to be held at 8:30 o'clock this evening at the corner of Broadway and Avenue L, when Judge Clark M. Mullican and Judge George R. Bean will speak in the interest of Dan Moody for governor of the State and Durwood Bradley and others will speak in the interest of their candidates. A band is to play during intermissions.

Steam Whistles To Blast Election Day BROWNSVILLE, Texas, Aug. 27. BUCS TAKE TOP AGAIN AS PHILS LOSE TO CARDS

REDS TRIM DAZZY VANCE TO TIE CARDINALS FOR SECOND PLACE

(Copyright, 1926 NEA Service, Inc.)
The trim Buccaneer craft, with a four point margin, was in the forefront again today in the mad race for honors in the National league.

Yesterday the St. Louis Cardinals were half a game in the lead, but that was before the Phillies, hitherto considerably battered by the rest of the league, suddenly came to life and edged out a 3 to 2 victory. When Cincinnati kept on its merry way by trimming Dazzy Vance and Brooklyn, 3 to 1, the Cards found they not only had lost the leadership but must share second place with Cincinnati.

Waner Hits Six For Six.
Pittsburgh, spurred to the attack by Paul Waner, outfielder from the coast, slammed the offerings of four New York pitchers to win the starter of a three game series, 15 to 7. Waner gathered six hits in as many times at bat.

The Cardinals' defeat was particularly disappointing to them in that Philadelphia could garner but eight hits off Haines while 13 were clattering from the St. Louis bats. Dean kept them well scattered, however.

Pitcher Wertz gave the Boston Braves their only run when he broke Guy Bush's string of 25 scoreless innings with a fluke home run that happened over the center field fence. Chicago took the game, 3 to 1. Hartnett hit two singles and a double for the Cubs.

Athletics Take Two.
The Athletics took two over time games from St. Louis. The first was decided 5 to 4 in 11 innings and the second 4 to 3 in 12. Simmons' seventh tenth circuit smash of the season with a man on base contributed the winning margin in the first and his single and steal in the last innings of the second put him in a position to score on Houser's hit.

The Senators took two from Chicago, 9 to 3 and 1 to 0. Right in the heart of the fray were Washington's old timers, Walter Johnson and Stanley Coveleskie. Each allowed just 4 hits.

Met for Title—

WARREN COEN, ABOVE, AND SIDNEY WOOD, JR.

These two lads fought it out in the final round of the national boys' tennis singles championship at Chicago last week. Coen, who hails from Kansas City won the title, easily defeating Wood of Forest Hills, 6-2, 6-1. Coen started both sets by winning the initial five games, and the rest was easy.

17 Year Old Girl Wins Way To Finals In Golf

CHICAGO, Aug. 27. (AP)—Miss Dorothy Page, Madison, Wis., a seventeen year old blonde with a herculean driving equipment, won her way into the final round of the women's Western golf championship tournament today by defeating Miss Naomi Hull, Indiana's sensational school teacher putter, 2 and 1.

Mrs. O. S. Hill of Kansas City, Missouri Valley champion for the second successive year, continued her remarkable driving game today to eliminate Mrs. Stewart Hanley, Detroit, 2 and 2. She will meet Miss Page in 36 hole final tomorrow.

Sirens of Harbor Hail Trudy Home

NEW YORK, Aug. 27. (AP)—Trudy of Channel fame came home today.

The name of Gertrude Esker, young daughter of an Amsterdam Avenue butcher was hailed by the sirens of harbor craft as the City Tug Macom took her from the Berengaria at Quarantine and led a triumphal procession up the bay.

It was cheered by thousands of her fellow townsmen massed about the battery to see her land. It reverberated through the crowds that lined Broadway to City Hall.

The conquerer of the English Channel was back from accomplishing a feat never before achieved by woman, and from doing it better than any man had ever done it, and New York took her.

Body of Estrada's General Is Found

NOGALES, ARIZ., Aug. 27. (AP)—A dispatch to the Nogales Herald confirms a recent rumor of the finding of the body of General Ulloa, formerly chief of staff under General Enrique Estrada near the little village of Guadalupe, Chihuahua, Mexico, with five bullet holes in it.

Billy Evans Says

Coming west from Boston recently, I was on the same train as the St. Louis Browns. The club was scheduled to play in Cleveland the following day. Naturally baseball was the chief subject of conversation, with golf a close second.

At the time the winning of two major golf titles by Bobby Jones was fresh in the minds of the athletes. Despite the fact that Jones had defeated Walter Hagen in capturing both championships, the argument waxed warm when the question was raised as to who was the greater golfer, Jones or Hagen.

Miller Leads Em.
From great golfers the subject shifted to star pitchers. It was the consensus of opinion of the St. Louis Browns that George Uhle of the Cleveland Indians is the most effective pitcher in the American league. The most effective, is just another way of saying the best.

No player on the club was louder in his praises of Uhle than "Bing" Miller, former star outfielder of the Philadelphia Athletics. "Bing" led the cheering section for the ace of the Indians and at different times would break in on the conversation of some other player with:

"How that baby can pitch in a pinch. He's sure poison to me."

In Right Spot.
Little did Miller think as he made that remark that the game of the next day would offer Uhle a chance to prove the truth of the assertion.

Incidentally, it again demonstrated to me the part that psychology plays in sports. Miller certainly was a victim of it when he faced Uhle.

In the eighth inning of the game with Cleveland enjoying a slight lead, the first two men to face Southpaw Buckeye got on. The first two pitchers to Miller were balls. It looked bad for Cleveland.

At this stage Manager Speaker waved Buckeye to the bench and summoned George Uhle from the bullpen where he had been warming up for some time.

While Manager Speaker had no idea of the fanfare in which the Browns, and Miller in particular, had lauded the pitching of Uhle, he couldn't have picked a better spot to drop him into the game.

"See who is coming" said Miller to me as he stepped out of the box while Uhle took the preliminary five balls.

"I still maintain he is the best pitcher in the American league and I am not trying to offer an alibi to what may happen to me."

Uhle's first pitch was a fast one right through the heart that I called a strike. With the count two balls and no strikes, Miller was forced to take it in the interest of proper baseball.

The next was a fast one on the inside, letter high, at which Miller swung and missed. The third was in the same place and Miller did the same thing.

The hard-hitting Miller had struck out on three pitched balls. The crisis had passed. Uhle retired the side without any runs.

However, as Miller fanned on three pitched balls, I couldn't help but think of what he had said about Uhle and in my own mind was convinced that psychology had aided Uhle as much as natural stuff in disposing of Miller.

Best In League.
Most American league players are willing to agree with the members of the St. Louis club that George Uhle is just about the best right-hander in the American league if not the majors.

Uhle has everything that goes to make a super-twirler, great speed, a fast-breaking curve, dazzling change of pace and a knowledge of how to pitch.

Incidentally Uhle is a great fielder. Cleveland really has five infielders in the game when he is pitching. At the bat he is as dangerous as any man in the Cleveland lineup.

Uhle had his best year in 1923, when he won 26 games and was, according to the records, the most effective right hander in the American league.

On Bonus Contract.
It is baseball precedent that a pitcher invariably stumps after a big year. Uhle was no exception, for the following season he won only nine games, about one-third the total victories of the previous year.

This season I understand that Uhle is working on a bonus contract that is most attractive. He is making the most of it.

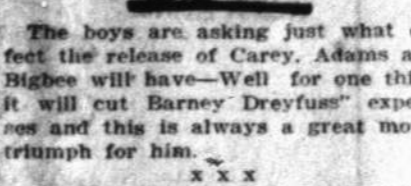

George Uhle is one of the big reasons why Cleveland is cutting such a wide swath in the American league race.

The NUT CRACKER by Joe Williams

As far as Bucky Harris and the Washington Senators are concerned Pittsburgh could have kicked Max Carey off the club last fall.

As we understand it the chief objection to Fred Clarke in Pittsburgh is that he is an old fashioned baseball man who expects high salaried baseball players to play baseball.

While it may be true that Mr. McKechnie has a lot to say about the conduct of the Pirates we suspect he merely repeats what Mr. Clarke says.

The boys are asking just what effect the release of Carey, Adams and Higbee will have—Well for one thing it will cut Barney Dreyfuss' expenses and this is always a great moral triumph for him.

Mr. O'Goofy just stuck his head into our cell to ask if the witness in the Hall murder case is called "the pig woman" because she squealed.

It develops that George Sisler was given a chance to resign as manager of the Browns this year and refused to do so.—His eyes may be bad but there's nothing wrong with his game.

Another way-out of an embarrassing situation would be to match Paddy Mullins and Jack Kearns in the semi windup to the Dempsey-Tunney act.

One of the things about Bill Tilden you can't laugh off is that when he wants to play tennis he can make any other player in the joint look like a run down rubber heel.

The boys are busy picking the twelve greatest horses of all time.—As we view the matter the twelve greatest are the twelve we never bet on.

A baseball fan in Minnesota eating a hot dog found a gold ring.—This merely proves again the uncertainty of baseball.

Dempsey went to the race track on Friday the Thirteenth and lost six straight bets.—His hunches, like his punches, aren't what they used to be.

The distressing thing about the Pittsburgh mutiny is that it may take Judge Landis away from his golf for two or three days.

TILDEN WINS
NEW PORT, R.I. Aug. 27. (AP)—William T. Tilden, national title holder, staged one of his typical uphill fights to defeat Manuel Alonzo of Spain in the semi-finals of the New Port invitation tennis tournament today 6-1, 3-6, 4-6, 6-4, 6-1.

Camel—the greatest tobacco word of all time

NEVER in the history of smoking has there been such a cigarette as Camel. No other cigarette was ever made welcome in so many millions of homes, because no other ever brought so much enjoyment to smokers.

When Camels came into the world they brought an entirely new sense of smoking satisfaction and contentment. Millions who have tried them all, who could well afford to pay more, will smoke only Camels. Camels on the table mean that this is the home of experienced smokers.

Camel is the world's favorite cigarette. Camel is given a greater patronage than any other cigarette ever had. Why? Because Camels contain the choicest Turkish and Domestic tobaccos grown. Because Camels never tire the taste, no matter how liberally you smoke them. Because they never leave a cigarette after-taste. The world's largest tobacco organization puts the utmost quality into this one cigarette.

If you want the mellowest mildness that ever came from a cigarette, try Camels. Regardless of what you are willing to pay, you will find in this famous smoke every fine feature you ever looked for in a cigarette.

Have a Camel!

WITCHER CLOSES HIS DRIVE WITH PUBLIC ADDRESS

CANDIDATE CENTERS HIS VERBAL GUNS ON HIS ENEMIES HERE

(By The Associated Press)

CHICAGO, Aug. 27.—An immigrant railroad laborer armed with a shot gun, reserve ammunition crammed into a woman's hand bag and a knife dangling from about his throat last night killed one man, wounded three others and kept the Illinois Central railroad terminal in an uproar for fifteen minutes before he in turn was killed.

The slow action of his old model single barreled gun played a major part in the termination of the madman's volleys before they found other victims, the time required for his last re-loading giving an ex-service man a moment's advantage.

Barber Opens Fire

In that instant Charles Danloff, a barber opened fire and killed the laborer instantly, after he had escaped the fire of a policeman and charged through the station concourse.

The one clue to the cause of the shooting was a shouted "I'll get even with all of you," after he had emptied his weapon into the back of the Michigan Central's depot passenger agent.

From the words, and the fact that the man singled out persons in uniform, authorities were led to believe that a grudge against the railroad was responsible.

The war veteran's single pistol shot brought the killer down just after he had slain a restaurant waiter who had run into the street.

The laborer was identified as Joseph Mazza, 36, a Sicilian employed in a track gang of the Illinois Central system.

Agent Is First Victim

Mazza's first victim was Joseph Edwards, depot passenger agent, who unaware of the man's approach, was shot down from behind. It was thought he probably would die.

Mazza then re-loaded in the face of a special officer's fire, chased the patrolman to cover, and waving his shot gun and shouting, ran through the station. He threw the revolver's stand into a panic and started up the street after shooting two pullman porters, who were only slightly wounded.

He said Louis Kikakos ran at the restaurant doorway and fired, killing the waiter. As Kikakos pitched forward, Mazza turned and began re-loading. He saw Danloff approaching, revolver in hand, but could not take

Immigrant Railroad Laborer Runs Amuck In Chicago Railroad Terminal Killing One Man And Wounding Three

aim before the veteran twice decorated for valor in France, fired.

An inquiry disclosed Mazza to be somewhat of a miser and a friend of Mazza told police that the killer was "crazy about money and talked to himself all the time."

Turkish Unionists Executed For Plot

CONSTANTINOPLE, Aug. 27. (AP)—Four prominent unionists, sentenced to death yesterday by a special court on a charge of conspiring to slay Mustafa Kemal Pasha, president of Turkey, were executed at midnight in the prison yard at Ankara.

The executed men were Dvaid Bey, former finance minister and long a prominent unionist; Dr. Nazim Bey, former minister of education and one of the leaders of the 1926 revolution against the late Sultan Abdul Hamid; Hilmi Bey, a former deputy, and Nail Bey, a former secretary of the unionist party.

Today's executions bring the number of men hanged for an alleged conspiracy against the life of President Mustafa Kemal to seventeen, thirteen well known men having been hanged recently at Smyrna.

"Baby Bandit" Sits Up And Eats Everything

PUEBLO, Colo., Aug. 27. (AP)—Sitting up in bed, joking with reporters, and, as the nurse said, "eating everything in sight" Leslie Gones, 14 year old "baby bandit" with four bullets in his body, passed yesterday serenely and after a good night's sleep, bid fair to keep hospital attendants busy keeping him in bed today, one week after he was shot down by sheriff's officers here.

The bullets are being left in his body at least until he gains more strength. One of them tore through a lung. The boy was shot when officers believed him about to shoot in resisting arrest. For several weeks he, and his brother, Forrest Gones, 21, now serving a penitentiary sentence for highway robbery, terrorized parts of Kansas and Colorado with a series of bold hold ups and robberies.

FAIR BANNERS FOR AUTOS ARRIVE IN LUBBOCK

Automobile banners advertising the Panhandle South Plains Fair which will be held this year, September 29, 30, October 1 and 2, have just arrived and can be had by calling at the Chamber of Commerce. Every Lubbock car should carry one of these banners, Walter Myrick Jr., president of the fair association stated Friday morning just after they had arrived.

The fair board, employees, superintendents and other officials of the fair are busy working out details of the fair which bids fair to be the biggest exposition in the history of the fair here.

The record breaking crowds that have been attending the fair the past few years will increase a large per cent this year, according to the belief of the fair officials and the benefits of the fair to Lubbock will be increased accordingly. Each banner on the back of a car will give the exposition additional publicity and will increase the turn styles next month.

94 Passengers Die As Boat Capsizes

NOAKHALL, BENGAL, India, Aug. 27. (AP)—Ninety-four passengers on a Megna river ferry boat are believed to have been drowned when the craft capsized in mid-stream and broke into. One hundred passengers were on board and only six are known to have been saved. Many were carried away by the swiftly rushing water.

Negro Hanged For Murder of Deputy

GREENWOOD, Miss., Aug. 27. (AP)—Sylvester Mackey, 22, negro, was hanged in the yard of the county farm here today for the murder of Frank Smith, a deputy sheriff.

Mackey mounted the scaffold at 5:50 o'clock this morning. He was pronounced dead twelve minutes after the trap was sprung.

So kindly disposed is human nature toward the memory of the newly departed that it is probable that even the man who writes the law's obituary notice for the home paper doesn't realize at the time that he is living like a Florida realtor.—Ohio State Journal.

MANY STILL SEEK TO VIEW RUDY

NEW YORK, Aug. 27. (AP)—Rudolph Valentino's body today continued to be a magnet for thousands of curious and admiring persons, despite orders barring the public from the undertaking establishment where it rests.

Hundreds were driven away from the doors of the mortuary chapel on upper Broadway by a police guard 300 strong yesterday to prevent repetition of disorders by the unruly crowds that have flocked to the bier.

Nearly 500 persons were admitted to see the body yesterday. Only one of them lacked a card. She was a wrinkled old Italian woman from the star's birthplace of Castelloneta, Italy. Many tried to enter with persons bearing cards. Many girls hoped to gain entry by bringing flowers, but these were accepted at the door and the girls were barred.

A fascist guard was withdrawn at police request after a protest by anti-fascist Italians.

NEW ORLEANS TRADING NEW ORLEANS, La., Aug. 27. (AP)--The cotton market opened firm in sympathy with higher Liverpool cables than due. First trades showed gains of 13 to 18 points and the market continued to advance on buying due to rains in Texas, until October traded up to 17.95c, December to 17.90c and January to 17.85c or 19 to 23 points above yesterday's close. The market then eased off on profit taking and selling by ring traders, prices declining 6 to 11 points from the highs.

The market eased off in the second hour, October dropping to 17.85c and December to 17.75c. Selling was mainly by ring traders who cling to the theory that reaction is due. The market later rallied about 10 points from the lows on reports of cold rain for Texas and an increase in insect activity.

Following the rally around mid-session on Texas rains the market again eased off on selling by professional traders and in the early afternoon October made a new low at 17.75c or 18 points down from the early high. The other motives did not duplicate their previous lows but came close to the levels at the beginning of the final hour the market was near the lows.

CHICAGO, Aug. 27. (AP)--Cotton futures closed October 17.71-72c; December 17.70c; January 17.71c.

NEW YORK TRADING

NEW YORK, Aug. 27. (AP)--The cotton market opened firm at an advance of 8 to 18 points. Trading was active and prices soon showed gains of 13 to 24 points, October selling up to 18.02 and January to 18.01 in response to very firm late cables from Liverpool, reports of continental buying here, and rebuying by recent local sellers.

Early weather news evidently disappointed sellers of yesterday as there were reports of further showers in Texas, and buying was promoted by complaints of insect activities in various parts of the South. The advance to the 18 cent level again attracted realizing in considerable volume, but the market held steady and about 5 to 13 points net higher at the end of the first hour.

The market, which had eased off from 17.95 to 17.86 for December stiffened up several points after publication of the Western belt forecast for further showers in Texas. Buying was reported for foreign trade account. Realizing continued, however, and prices eased off again toward mid-day on the better weather reports from the eastern belt. December sold down to 17.81, the general market ruling within 6 or 7 points of yesterday's closing prices.

Early afternoon trading was very quiet. The bulges brought out a conditional realizing but there was covering on the set backs and it seemed traders were evening up for over the weekend. At 2:00 o'clock December was ruling around 17.84 with the general market about five to eleven points net higher.

NEW ORLEANS TRADING

New "Ever Fast" Materials for Fall

The new fall Everfast materials have arrived and this season they represent even a prettier range of colors and patterns than ever before. There are many materials on the market in so-called "fast colors" but there is only one "EVERFAST" trade mark. You will find the label on the selvage of all these cloths—a guarantee to you that if the material fades either from laundrying or sunlight or any other cause whatever, that you will be refunded the purchase price of the material plus the cost of making.

FOR THE FALL SCHOOL DRESS

ENGINEER HERE ON GAS SURVEY

(CONTINUED FROM PAGE 4)

actual construction of the pipeline would be received by A. J. McMahan, Oklahoma City head of the gas company, between September 6th and 15th and actual construction will be immediately begun. The machines which will be used to dig the trench in which the line will be laid can proceed at the rate of a mile per day. Mr. Cunningham stated.

There is no doubt the engineer reported, but what gas will be available here by December 15th, but the company hopes to have it here for industrial purposes in advance of that date. A number of industrial concerns in Lubbock and other places have already

signed up for the service but Mr. Cunningham urges that others sign up so the company will know in advance how much gas will be wanted for this use, so that larger lines can be laid if needed. There will be one station east of Amarillo and one at Plainview.

Train Hurls Rock Which Kills Man

HOUSTON, Aug. 27. (AP)—Brought to Houston from Sealy late Thursday, after a rock was hurled from underneath a passing train and fractured his skull. T. O. Noland, 44, section foreman for the M-K & T died five hours later at a hospital.

Noland with his crew was ballasting a section of the track. They paused to allow a southbound passenger train to pass. The rock that hit Noland, it was explained, was picked up in some manner near the front of the train and hurled against the foreman's head.

ACTION FOLLOWS DISCLOSURES OF MEXICAN

(CONTINUED FROM PAGE ONE)

a grave was ready. The Mexican said the American made the doctor sign some papers, thinking he could save his life by so doing.

When the papers were signed, the Mexican said, at a signal from the other man, he struck the doctor over the head with a scythe. As the doctor sought out his throat and then, partially undressing him, placed him in the grave.

Funeral services for the doctor will be held at 5:30 o'clock Friday. Word was received Friday that an American wanted for the killing is in hiding in South Texas, and has no intention of leaving the country.

Through acquaintances, he is said to have sent word he will appear when he avoids arrest now for fear he is date is set for his trial, but that he might be lynched during the present excitement at Mathis.

Charges of murder were filed at times Mexico narrested in Laredo on Sinton Friday against Roberto Martinez Wednesday and who led officers to the shallow grave.

FIVE KNOWN DEAD IN COAST STORM

(By The Associated Press.)

NEW ORLEANS, La., Aug. 27.—Five persons were known to be dead, several others were missing and estimates of damage wrought by the tropical hurricane that swept through southern Louisiana Wednesday night ranged between five and ten million dollars as new reports of storm damage reached here today.

The fifth death reported was that of a child who drowned at Schriver. Thirteen fishermen are missing from the colony at Barataria Bay, 45 miles below New Orleans.

As lines of communication are restored throughout the southern half of the state, reports of damage to crops and property continue to mount. Fully three fourths of the estimated damage will be born by farmers, as thousands of acres of sugar cane and corn were flattened by the 100 mile wind and many acres of rice were ruined when the tide, whipped by the wind, rose to unusual heights flooding irrigation canals with salt water.

Hundreds of homes and business houses in the storm area were damaged, many being demolished. Practically every highway was blocked with fallen trees. Railroad transportation was practically back to normal today.

Price Reduction In Light Bulbs Announced

PITTSBURGH Pa., Aug. 27. (AP)—A five to seven percent reduction in the price of electric light bulbs has been announced by the Westinghouse Electric Manufacturing company.

The cut, made possible by reduced production costs, will be effective on September 1. Company officials said the reduction would save electric bulb users of the nation approximately \$1,000,000 annually.

E. P. Earhart Elected President And C. E. Hunt Secretary, Of Pioneers Of South Plains At Session Thursday

Recalling the pioneer days in Lubbock, old-timers gathered Thursday afternoon at the J. Andy Wilson country home, 5 miles northeast of the city, one of the oldest settled places in the county, for a reunion and picnic. E. P. Earhart Sr., was reelected president of the association and C. E. Hunt was elected secretary, succeeding J. R. Mobley in that office. Approximately 500 persons, pioneers and their families, were in attendance.

More than 40 men and women who signed the petition for the organization of the county in March, 1891, or who were here at that time, were grouped for a picture. These, with others who were here prior to 1900 form the pioneer organization and are planning annual meetings. The first meeting was held last summer and the organization was formed. Miss Lalla R. Boone, historian, is compiling the chronicles of the families represented in the association.

Aside from the short business session, the afternoon and evening was spent in recalling former days and the meeting of friends, some of whom had not seen each other for many years. A matter of interest was that the farm where the picnic was held was established by Judge W. D. Crump when old North Lubbock was first organized about one-half mile south of the farm. Another town, South Lubbock, was situated just north of where the Tech now stands and through a compromise, the town was moved to its present site, leaving the Crump home in the country. Judge Crump and family, now of Shallowater, attended the picnic.

Bountiful basket lunches were spread by those in attendance and barbecued beef and sun-of-a-gun, prepared in cowboy style, were served. Quaker Colony Recalled. There were many reminiscences of the old Quaker colony of Estacado, which was a town long before Lubbock was organized and at which the

families of Lubbock gathered at that time. Mr. and Mrs. Robert Lynn, yet residents of Estacado, were at the picnic and in the group that petitioned for the organization of Lubbock county.

Typical of former days in Lubbock, entire families gathered together on the farm, many of the men in shirt sleeves and broad hats. Chairs had been placed in the shade of the large cottonwood trees where the people gathered informally. A register was kept of all those in attendance with dates of when they came to Lubbock.

List of County Organizers.

Among those who were here when the county was organized, and who were present, were Joe Boyd, Mr. and Mrs. J. B. Jones, Mr. and Mrs. J. O. Green, E. B. Green, Mr. and Mrs. Frank Wheelock, Mr. and Mrs. George Bales, Lee Tubbs, Mr. and Mrs. W. S. Clark, Mr. and Mrs. C. Fred Stubbs, Mrs. I. L. Hunt, Mr. and Mrs. George Wolfarth, Mr. and Mrs. E. P. Earhart Sr., Mrs. Alex Norris of Lockney, Mrs. Earl Davis, Clifford Hunt, Mr. and Mrs. Jerry Burns, Mrs. George Dean, Mrs. Eppie Sowder, J. B. Earhart, J. R. Mobley, Mr. and Mrs. Will Green, Mr. and Mrs. J. B. Green, Miss Mamie Crump, Miss Katie Bell Crump, Judge W. D. Crump, Bob Crump, Mr. and Mrs. Isham Tubbs, Mr. and Mrs.

Bob Lynn of Estacado, C. W. Mallard and Miss Maggie Mallard.

"Ma" Takes Parting Shot At Opponent

AUSTIN, Texas, Aug. 27. (AP)—Attorney General Dan Moody's nomination could have but one result, and that the embarrassment to the democracy of the state, Governor Miriam A. Ferguson declared in a pre-election statement, for the run-off election Saturday.

It was her final statement, Guy Holcombe, her campaign manager, said.

Accidental Shot Is Fatal To Baby

GALVESTON, Texas, Aug. 27. (AP)—A .38 calibre bullet wound over the heart received when a revolver was accidentally discharged proved fatal to Andrew Miller, age 3, here today. Edward B. Cooley, Jr., age 14, told police that he was attempting to take the gun away from the tot when it went off.

We could stop short skirts in about 20 years by teaching present girl babies to walk too soon.

Month-end Round-up

A Special Sale of New Fall Dresses \$13.75
