Chamber Names Two Teachers Citizens of Year

Two retired school teachers whose total years of teaching is 87 have been selected by the Chamber of Commerce as the "Outstanding Citizens of the Year."

The ladies so honored are Miss Katie Lee Clarke and Mrs. Bertha Oertling Harper. A plaque was presented to Miss Clarke at the annual Chamber of Commerce Banquet Saturday night at the Sandollar Colony Room, attended by 210 persons. Since Mrs. Harper was unable to be present, her plaque was accepted by Mrs. John Haynes, a friend and neighbor.

Miss Clarke, whose family was among the early settlers in Rockport, graduated from Rockport school in 1911 and in September of the same year began her teaching career.

She taught in Aransas county for 50 years thereafter. In a number of families, Miss Katie Lee taught several generations. She has lived in Rockport all her life with the exception of two years.

It has been said by one of her former pupils that, "Miss Katie Lee had a way of bringing out the best in us without resorting to scolding or using other means of discipline. We wanted to do for her."

Miss Clarke is still active in her lodge work and in civic affairs, and is still considered "one of us" among the present local school faculty.

The other lady honored, Mrs. Harper, is a daughter of one of the pioneer families of Rockport, the Oertlings, and she followed the tradition of pioneering by beginning her teaching career here in 1907.

She was a member of the first Rockport High School graduating class in 1907. After graduating, she prepared herself for teaching and taught here for 37 years. Many remember Mrs. Harper as "Miss Bertha," a favorite teacher and friend.

When asked her philosophy of teaching she said, "I loved my pupils, and I made them mind and was interested in their problems and tried to help them solve them. When I promised a child anything I kept my promise. I loved all my pupils and I still love them and am interested in them today."

It has been said of her by some of her pupils that she not only "taught us what was right, but she also made us do it."

Mrs. Harper was active in the Parent-Teacher Association and child welfare work, is (continued on page 8)

April 1 Is Last Day to Sign For Medicare

Nationally, nearly half a million older people not previously enrolled have signed up for the voluntary doctor bill insurance under medicare since the start of the current open enrollment period, last Oct. 1, says H. M. Cleveland, Corpus Christi social security district manager.

Although most older people in South Texas are now enrolled in the health program that supplements their basic hospital insurance under medicare, some still need to take action by April 1, in order to get the protection.

Just about everyone who is now 65 or over is eligible for the voluntary insurance. This also applies to those who have never worked under social security, as well as to those who have retired and those who are still working, Cleveland pointed out.

The premium for the medicare insurance protection is \$4 a month, half the cost. The other half is paid by the government.

Any eligible person who needs additional information should immediately get in touch with the Social Security Administration, 1802 South Staples, Street, Corpus Christi.

Posthumous Award Presented Here

The Bronze Star Medal and the Purple Heart were presented posthumously this week to S/Sgt. Henry R. Garcia in a service at the Veterans of Foreign Wars Hall.

Accepting the medals was Garcia's widow, Gloria, who was accompanied by her two young sons, Pete and Henry, and other relatives. Garcia was killed in action in Vietnam Dec. 10, 1967.

In making the presentation honoring Garcia, Lt. J. E. Moon of Corpus Christi said the Bronze Star Medal was awarded "for heroism in connection with military operations against a hostile force." Staff Sergeant Garcia distinguished himself by heroic action on Dec. 10 while serving as heavy weapons advisor to the 3rd Battalion, 8th Regiment, 5th Infantry Division, Army of the Republic of Vietnam.

"On this date, on Highway 13 in Binh Duong Province, Sergeant Garcia's vehicle was ambushed by a Viet Cong force utilizing intense automatic weapons fire.

"Sergeant Garcia and his passenger, a Vietnamese soldier, were both seriously wounded. Realizing that because of the nature of his wounds he could not move, Sergeant Garcia unhesitatingly ordered his comrade to leave the vehicle and escape, while he provided covering fire.

"Remaining in the vehicle, Sergeant Garcia valiantly continued to place accurate and devastating fire on the enemy until overcome by his wounds. As a result of Sergeant Garcia's selfless act of great courage and his unyielding fighting spirit, a fellow soldier was saved from certain destruction."

"Staff Sergeant Garcia's actions were in keeping with the highest of the United States Army and reflected the utmost credit upon himself and the military service."

Staff Sergeant Henry Garcia's brother, Staff Sergeant Thomas Garcia, will be going to Vietnam April 16 as a member of the Ninth Air Commando Squadron.

Whenever Mrs. Connie Hagar, fellow columnist and famous ornithologist, gives a talk on birds before a group of school children, she always receives many letters from the youngsters.

Here are some she received following a recent talk:

Dear Miss Connie:
I liked your talk. I want to thank you for being able to come. My little brother liked your talk. When we had chicken last night he got mad because he said that you said not to kill a bird and did not eat any.

My little brother said that he would like to see some more birds. Do you think he can come. When you come back I will take down more notes.

Sincerely,
Jerry Lee Domasch

Dear Mrs. Hagar:
I enjoyed your coming over with your birds very much. And not minding if the third grade came in. It was interesting learning about different kinds of birds. Some birds you told us about I didn't know about or heard of. Thank you very much.

My mother told me that when she was little you came over and talked to her room. Yours truly,
Rose Marie Heasley

Dear Mrs. Hagar:
We all enjoyed your wonderful birds. We were also glad to meet you. I hope you come back again. And I hope you bring some other important things you have. Did you know that I like the Baltimore Oriole and the Scarlet Tanager the best?

You know you're the most wonderful lady I've ever met. Your friend,
Robert Edler

WALKER IN RACE FOR STATE REPRESENTATIVE

Tom Walker will be one of the names appearing on the ballot of the Democratic Primary on May 4. Mr. Walker is a candidate for State Representative for District 44 of the State Legislature. District 44 includes Aransas County as well as San Patricio, Live Oak, McMullen and La Salle Counties.

Walker, who will be 28 on June 15, is the oldest son of Mr. and Mrs. E. O. Walker. He was reared on the Walker ranch south of Tilden in McMullen County, where he is now ranching with his father. In 1958, he graduated from Freer High School, where he was an honor student.

Mr. Walker has a B.A. Degree in History and Government from the University of Texas and has begun work on his law degree. He is married to Jeanette Workman of Austin and they have a two-year old son, Joseph Todd. The Walkers live in Tilden and attend the Episcopal Church in George West.

While in school in Austin, Mr. Walker became actively interested in politics. He worked in and around the state capitol and got to know many representatives and senators. Because of his political work, Walker was recently invited to join the Young Texans Research Board, a distinguished group of young people set up by the State Democratic Executive Committee to study the political problems of the state. If elected, Mr. Walker says that his primary concern will be to work for quality public education for Texas children. He plans to work and cooperate with local leaders to develop the potential of these communities. (Paid Political Ad) p52

VOTE FOR GENE CLYNE FOR MAYOR

1

I understand that the incumbent Honorable Delmar Hiller is running on his record. (On or from??) What kind of a record has he had? He started off his administration with a zoning ordinance. This has only hurt the City of Rockport. It only encouraged more people and businesses to build outside the city limits, thereby stopping the City from getting more taxes.

2

As you all know in winding up his administration, he is now proposing a new City Sales Tax, thereby not relieving the Rockport people but putting another burden on them. At the present time the City tax ratio is highest of the (3) taxing authorities. However, Mr. Hiller needs more money to foolishly throw it away, as usual.

3

Between the first and last of his administration, our mayor went to the taxpayers expense to have two City Elections, to vote additional money for storm sewers which would have cost many, and helped a few of his LOYAL supporters.

4

Where do city taxes go?

A

FIRE DEPARTMENT

The Aransas County Emergency Corps does an excellent job. Again no City help.

B

SERVICES

Garbage, sewer, water, all these items have to be paid for above the abnormal city taxes. No wonder this department shows a profit!

C

PARKS AND PLAYGROUNDS NEGLEGIBLE

SO WHAT DOES THE TAXPAYER IN THE CITY OF ROCKPORT GET FOR HIS TAX DOLLAR? THE HOLE OUT OF A DONUT.

This week I will tell you that if elected to this position of honor that I shall do more than has been done, without the raising of taxes, without the voting on bond issues, and without running any more people out of Rockport. Next week I will tell you how I will do this.

Brownie Girl Scout News

Troop 431 and Troop 11

The trip to the Post Office was a very good one. Mr. Rowan was very nice to Troop 11. He took them through the Post Office from beginning to end. The girls learned lots of things, each in her own way. The girls wrote Thank You notes, thanking Mr. Rowan for letting them come. Troop 11 is having their over-night

stay, March 22, at the Girl Scout House.

Troop 431 planted flowers Saturday, March 16 at the Girl Scout House for their "Pull-a-Weed and Plant-a-Seed" project. Troop 11 pulled all weeds and turned the soil March 13 for their "Pull a weed and plant a seed."

Mrs. Matcheski will be glad to take any calls about Troop 11's over-night stay.

We hope that all parents have been up to see our Girl Scout window in Roaten's Drug Store. We would like to thank Mr. Roaten for letting us use the window.

We would like to send a Thank You to Mrs. Matcheski, Mrs. Bloomer, and Mrs. Prophet for helping with Troop 11's trip to the Post Office.

Higher Earnings Possible Without Benefit Deductions

By H. M. Cleveland
District Manager

For older people and other beneficiaries who continue to work, the recent changes in social security will enable them to make more money and still draw some or all of their social security benefits.

The amount of money a person can earn in a year and still draw all his social security benefits has been raised. Beginning with 1968, a person who makes as much as \$1,680 can still collect all of his social security benefits. Even if he earns considerably more than that, he may still draw some benefits. The exempt amount under the old law was \$1,500, effective through 1967.

Here's how it works. If you are working but do not earn more than \$1,680 a year, you will receive all of your social security benefits each month.

If you are working and make more than \$1,680 a year, \$1 will be withheld from your benefits for each \$2 you make over \$1,680, and up to \$2,880. If you make more than \$2,880, \$1 will be deducted from your benefits for each \$1 you make above that amount.

However, regardless of your total earnings for the year, you will receive your social security for any month in which you do not earn more than \$140 in wages and are active in self-employment.

Mr. and Mrs. Elbert Haynes of Combes, Texas and Mrs. John Christian of Austin visited last week with Miss Hettie Weber in Fulton.

CP&L Nuclear Science Symposium Dates Selected

Fifty-three outstanding high school science students and teachers from throughout South Texas will attend the eighth annual Texas Nuclear Science Symposium under the sponsorship of Central Power and Light Co., it has been announced by CPL President E. S. Joslin. The annual conference will be June 4-7 in Austin.

Selection of the students to attend the meeting will be made by the University of Texas and area high schools. It is expected that representatives from Rockport-Fulton High School will attend.

The four-day symposium is co-sponsored by the University of Texas at Austin and the Texas Atomic Energy Re-

search Foundation. CPL and nine other investor-owned electric utility companies in Texas compose the Foundation.

Some 500 students and teachers attending the symposium from throughout the state will hear outstanding speakers from science, industry and education. Included on the program will be tours of the science laboratories at the university.

"This symposium will give students a good chance to talk to leading scientists and learn about career opportunities in the nuclear field," Joslin said.

The foundation is supporting research at the university aimed at controlling fusion reactions for the generation of electric power.

Explains GI Bill Benefits

The Veterans Administration today issued a reminder that benefits of the new GI Bill are not limited to Vietnam Era veterans, but apply equally to veterans who served in the armed forces at any time after Jan. 31, 1955.

Jimmie Hunt, County Service Officer, said that veterans who had at least 181 days active duty service, any part of which occurred after Jan. 31, 1955, are eligible for these GI Bill benefits:

*Educational Assistance: Full-time payments for college type training range from \$130 a month for a single veteran to \$175 for a veteran with two dependents, with \$10 extra for each additional dependent.

High School: The same payments are available to a veteran while he completes high school without losing any GI Bill eligibility for advanced educational benefits.

Apprenticeship or Other On-the-Job Training: Payments (based on six-month periods) begin at \$80 per month in the first period for a single veteran with added payments for veterans with dependents.

Farm Cooperative Training Includes Institutional

Courses: Payments range upwards from \$105 a month.

Vocational Flight Training: Payments cover 90 per cent of the established charge for flight training for veterans who have the equivalent of a private pilot license.

GI Loans: V.A. guarantees a portion of loans made through commercial lenders. On home loans the VA will guarantee up to \$7,500 of the loan; on farm real estate, loans up to \$4,000.00 and on non-real estate farm loans up to \$2,000.00 VA will make direct loans for homes in certain cases up to \$17,500.00.

Medical Care: VA provides hospital care for all veterans who served in the Armed forces after Jan. 31, 1955, (whether their service is classed as wartime or peace time) on the same basis as for veterans of earlier wars. Top priority goes to men needing treatment for service-connected or service-aggravated disabilities. If a bed is available, veterans may be admitted for any ailment requiring hospitalization if they are unable to pay for the treatment in a private hospital.

An allowance of \$1,600 purchase of special-equipped automobiles for veterans with certain disabilities suffered

Explains GI Bill Benefits

The Veterans Administration today issued a reminder that benefits of the new GI Bill are not limited to Vietnam Era veterans, but apply equally to veterans who served in the armed forces at any time after Jan. 31, 1955.

Jimmie Hunt, County Service Officer, said that veterans who had at least 181 days active duty service, any part of which occurred after Jan. 31, 1955, are eligible for these GI Bill benefits:

*Educational Assistance: Full-time payments for college type training range from \$130 a month for a single veteran to \$175 for a veteran with two dependents, with \$10 extra for each additional dependent.

High School: The same payments are available to a veteran while he completes high school without losing any GI Bill eligibility for advanced educational benefits.

Apprenticeship or Other On-the-Job Training: Payments (based on six-month periods) begin at \$80 per month in the first period for a single veteran with added payments for veterans with dependents.

Farm Cooperative Training Includes Institutional

Courses: Payments range upwards from \$105 a month.

Vocational Flight Training: Payments cover 90 per cent of the established charge for flight training for veterans who have the equivalent of a private pilot license.

GI Loans: V.A. guarantees a portion of loans made through commercial lenders. On home loans the VA will guarantee up to \$7,500 of the loan; on farm real estate, loans up to \$4,000.00 and on non-real estate farm loans up to \$2,000.00 VA will make direct loans for homes in certain cases up to \$17,500.00.

Medical Care: VA provides hospital care for all veterans who served in the Armed forces after Jan. 31, 1955, (whether their service is classed as wartime or peace time) on the same basis as for veterans of earlier wars. Top priority goes to men needing treatment for service-connected or service-aggravated disabilities. If a bed is available, veterans may be admitted for any ailment requiring hospitalization if they are unable to pay for the treatment in a private hospital.

An allowance of \$1,600 purchase of special-equipped automobiles for veterans with certain disabilities suffered

Boys Full Of Big Fish Lure Illegal Netters

The fact that the bays, especially Lower Laguna Madre, are full of big fish has caused an increase in illegal netting activities, according to Tom D. Moore, regional director of the Parks and Wildlife Department.

Departmental pilots, flying at low altitudes, report that they have never seen so many big fish in the shallow waters of the Lower Laguna Madre in the vicinity of Port Isabel and Port Mansfield. Sports fishermen and trotliners in that area have had a field day and, of course, the illegal netters have attempted to share in the harvest.

E. G. Simmons, regional coastal fisheries supervisor for the Department, says that this increase in the numbers and size of the fish in the bays is a common phenomena in the wake of hurricanes. Last fall's Hurricane Beulah was even more productive than most storms, Simmons believes.

Because of the increase in illegal netting, law enforcement personnel of the Department have found their work load extremely heavy since Beulah's departure. The results have been gratifying, however.

Since the first of September, more than 50,000 feet of illegal nets have been confiscated in Laguna Madre. Many fishermen have been arrested and convictions obtained.

Better trained men, more efficient equipment, faster boats, and the use of the Department airplanes have made illegal fishing less profitable and more hazardous for the fishermen, Moore said.

Seafood May Be Answer to More Healthy Heart

Austin—Seafood is one of the answers toward a more healthy heart says Bill Schwartz, seafood marketing specialist for the Texas Parks and Wildlife Department.

Doctors F. J. Stare and Mary McCann of the Department of Nutrition, Harvard University, say that one of the major causes of heart attacks is the high level of cholesterol and other "fatty substances" in the blood.

These substances coat the inner layer of blood vessels and restrict the natural flow of blood, requiring the heart to work faster to increase pressure in order to force blood through the vascular system.

The result is that 500,000 Americans die each year from heart attacks, many of them caused by an overworked heart.

Schwartz says that fish and shellfish do not contain the hard, saturated fats that comprise such a large part of American diets today and which contribute to high blood cholesterol levels.

"Unlike meat fats," he says, "fish fats are soft, polyunsaturated, and if eaten several times a week, will actually neutralize the harmful effects of saturated fats from other foods in the diet."

Chamber Names

(Continued from Page 1)

still active in church and civic affairs.

The plaque presentation was made by J. D. Gray, superintendent of schools and a director of the Chamber of Commerce, who said:

"The teaching profession is perhaps the most complex of all professions and nobility of purpose is second to none. One does not become rich by teaching, but who has more reason than a true teacher to rest assured that the world is a better place because of him, with no possibility of predicting just where his influence will end."

The principal speaker at the banquet was Cayce Moore, the

noted humorist from Hearne, who kept the audience laughing from the beginning to the end of his talk.

Master of ceremonies was R. L. Eckman. The invocation was given by the Rev. Cecil H. Lang, Jr., pastor of First Presbyterian Church. Ed

Harper, president of the Chamber of Commerce, gave a short talk thanking the membership for supporting Chamber projects designed for the benefit of the community. Kenneth LeBlanc provided organ music before and during the dinner.

QUESTIONS AND ANSWERS ON MUNICIPAL SALES TAX

Q. What items are subject to the 1% municipal sales tax?

A. The 1% city sales tax is applicable only to those sales now taxed under the State Sales and Use Tax Act.

Q. Does the city sales tax apply to sales at wholesale?

A. No, only to retail sales. Goods sold for resale are not taxable.

Q. Are city sales tax payments deductible on our federal income tax reports?

A. Yes.

Q. Does a person residing outside of the city limits pay the penny city sales tax?

A. Yes, when he makes a purchase of personal property subject to the tax in a city which has adopted the local sales tax. In return, he enjoys the city's street facilities, police protection and other advantages of the city for which city residents pay the major share.

Q. Assuming that City "A" has the sales tax and City "B" does not, and a sale is made in "A" but delivery is to be made in "B" does "A" collect the tax?

A. Yes. The sales tax is levied at the point of sale.

Q. If merchandise is ordered from a mail-order business in City "A", which has the local sales tax, for delivery in City "B", which also has the tax, which city is eligible to collect on the sale?

A. City "A" collects, since it is the point of sale, rather than delivery.

Q. What are some of the items which are exempt from the 1% city sales tax?

A. Among many other exempt items are included cigarettes, cigars, automobiles, telephone and telegraph, prescription medicines, prescription eyeglasses, alcoholic beverages (unless included on meals), gasoline and groceries.

A complete list of exempt items is available from the State Comptroller, Austin.

Q. Who can vote on the penny sales tax?

A. Any registered voter living in the city. A simple majority is required to put the sales tax into effect.

Q. Do other Cities have the Tax?

A. Yes. Aransas Pass, Corpus Christi, Ingleside, Port Aransas, Sinton, Taft all now have the penny tax. As of Dec. 31, 1967 a total of 160 cities in Texas had adopted the penny tax with only 22 rejecting it. You have to pay the tax on eligible items that you purchase in any city that has the tax.

Q. How much revenue would the penny tax produce for Rockport?

A. An estimate, based on data from the Texas Municipal League Officers, is that this

penny tax would produce in Rockport about \$22,000.00 the first year.

Q. When will the election on the penny City sales tax be held?

A. April 6, 1968 at the City Hall.

Q. When would the penny tax start in Rockport?

A. If approved on April 6, the tax would become effective October 1, 1968.

Q. Why should the local businessman favor the city sales tax?

A. Poor city services mean poor business, while well-financed and efficient municipal services attract new people to live and trade in efficient municipal services attract new people to live and trade in the city. More people mean more business and a more active economy.

Q. Will a local sales tax hurt business?

A. No. The experience of cities in other states has proved that a sales tax will not hurt the retail sales business in a community. Rather, a clean, attractive, and well-run city attracts people, makes it grow, and makes business better.

Q. Why should a resident property owner favor this kind of tax?

A. Proper police and fire protection will protect the property owner's investment in his home, and high-quality streets, parks and other municipal facilities provide a suitable environment in which to live. The money to support these services must be derived from some source, which has, to this time, been primarily property taxes.

Q. Why should a city dweller who rents his residence favor the local sales tax?

A. For one matter, the person who rents enjoys the same services available to the property owner. For another, if it is necessary for the city to raise property taxes, the increased cost of this tax will be passed along in the form of higher rent charges.

Q. Is the local sales tax regressive—that is, will it cause a particular hardship for lower-income families?

A. A sales tax has more elements of equity than any other type of tax, and this is particularly true in Texas, since so many essential items are exempt from the sales tax.

Q. To whom will the local merchant report and pay the local sales tax?

A. Reports and remittances will be made to the State Comptroller in Austin.

Q. How is the Comptroller reimbursed for expenses incurred by his office in col-

lecting local sales tax?

A. The Comptroller is permitted by law to retain 2% of the total in local sales taxes collected.

Q. Who will enforce the municipal sales tax?

A. The State Comptroller is authorized by law to administer and enforce the local sales tax.

Q. What would the sales tax money be used for?

A. The monies received from the sales tax would be budgeted and used to finance the cost of operating and improving your City facilities, such as police department, fire department, streets, drainage, parks, lights, etc., being the same as your property tax dollar is being budgeted and used for at present.

Q. What effect will the passage of a local sales tax have on property taxes?

A. It is the opinion of the governing body that an increase in property tax would be delayed for years by the passage of a local sales tax.

PRESBYTERIAN CIRCLE HOLDS MEETING

Circle No. 4 of the Presbyterian Church met March 14 at the home of Mrs. J. H. Mills. There were 12 members present. Delicious refreshments were served, and a social half hour was enjoyed before the meeting was opened by a prayer given by Mrs. A. L. Bachman, chairman.

The secretary's and treasurer's reports were read and approved. The number of cards sent and the number of visits made were reported. These totals were twice those reported for any previous month.

After a discussion of a project for Circle No. 4, Mrs. J. Little made a motion, seconded by Mrs. Bushart, to send \$12 of the circle fund, the

amount necessary to buy four blankets, to Church World Service. Those members who can contribute used blankets were urged to send them.

Anyone who cares to send a box of "goodies" to the boys in the service can obtain the addresses from the church secretary, Mrs. Hugh Morrison.

A letter from Hugh Morrison, chairman of the Witness Committee, was read asking for the help of the circle members to visit homes where

Presbyterian preference was stated in last fall's survey.

Mrs. J. Little gave an interesting discussion of the lesson: "The Holy Spirit and the Mission of the Church."

The meeting was closed by all members reciting the Mizpah benediction.

Mr. and Mrs. J. F. Floyd and Mrs. Hazel Pierce of San Antonio visited in the home of Mr. and Mrs. Steve Clark and family of Oak Terrace this weekend.
