Viet Moves Closer To Civil Rule

By KENNETH L. WHITING

SAIGON, South Viet Nam (AP) — South Viet Nam moves a few steps closer to civilian rule with the opening Tuesday of a conference to draft a new national constitution.

The 117-member Constituent Assembly hopes to complete the constitution in six months, paving the way for a popularly elected government by next summer.

The meeting in the refurbished National Assembly building will be largely ceremonial. Delegates will deal first with several election challenges from the Sept. 11 balloting for assembly members, settle on bylaws, and elect officers.

Work on the constitution will be under way in about two weeks.

Drafting the constitution is expected to proceed smoothly unless the delegates get sidetracked on fringe issues. Premier Nguyen Cao Ky said he expects the task will be completed in about three months.

Diplomats here say there is a 50-50 chance the Constituent Assembly will convert itself into a legislative body and continue as this nation's lawmaking body. Whatever the outcome, real power is virtually certain to remain in military hands.

Many assembly members have little political experience.

South Viet Nam has been without a constitution since the overthrow of the Ngo Dinh Diem regime in 1963.

He Knows About Ants!

LOS ANGELES (AP) — If you think ants aren't very bright, it won't upset Stephen Bernstein. But don't try to tell him one ant is as smart as another.

Dr. Bernstein and his wife Ruth collect ants, test their intelligence, then try to correlate the ants' intelligence with the size of the insects' brains.

"The attempt to correlate the size of an animal's brain with its intelligence has been a classic problem in neural biology," says Dr. Bernstein, an assistant professor of psychiatry at the University of California at Los Angeles.

Generally speaking, the bigger the brain the smarter the ant, he said.

Why ants? In brains of more complex animals the parts and functions are too difficult to point out accurately, he says.

Armed Forces Chief Due From Germany

BONN, Germany (AP) — Gen. Ulrich de Maiziere, West Germany's new armed forces chief, will fly to North America late this week to tour military installations in Canada and the United States, the Defense Ministry announced today.

BESIEGED MARINES FACE ANOTHER DAY — Weary after third night of fighting against North Vietnamese troops, U.S. Marines crawl from foxholes as first rays of sun light their hilltop position near the demilitarized zone. Helicopter in background was shot down when it came into resupply the unit. (AP Wirephoto)

Erhard Expected To Seek Postponement

WASHINGTON AP) — West German Chancellor Ludwig Erhard conferred with President Johnson today admid reports the chancellor would seek postponement of an arms purchase agreement.

Erhard went to the White House from a State Department meeting with Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara.

The chancellor, who arrived in Washington Saturday, entered the White House through an entrance out of sight of newsmen.

White House press secretary Bill D. Moyers said the unusual practice had no significance "except to keep the visit informal."

Erhard reportedly planned to ask Johnson to postpone Bonn's agreement to buy 1.35 billion worth of U.S. military equipment in the two years ending next June 30.

Sunday, Erhard conferred with Rusk and Undersecretary of State George W. Ball.

The chancellor reportedly told the U.S. officials that West Germany is unable to pay more than 50 per cent of the 675 million obligation each year to help defray the cost of keeping 200,000 troops of the U.S. 7th Army in Germany.

Rusk, who returned Sunday from a week of talks with foreign ministers at the United Nations, was to join the President and other senior U.S. officials in the talks today and Tuesday with Erhard and members of his government

Other topics to be discussed include sharing of nuclear weapons and cooperative U.S.-West German space ventures.

Informants said Sunday night that West Germany will have placed orders worth about half of the two-year obligation by the end of the year but will ask for additional time to place the remainder.

Stock Market Edges Lower

NEW YORK (AP)—The stock market edged irregularly lower early this afternoon although selected issues showed 1trength.

Losses of fractions to a point among key stocks outnumbered gainers.

The trend was lower among autos, chemicals, drugs, tobaccos, rails nonferrous metals, oils and utilities.

Some of the color television, other electronic and photographic issues were strong.

The Associated Press average of 60 stocks at noon was off 1.0 at 284.5 with industrials off 1.3, rails off .8 and utilities off .3.

The Dow Jones industrial average at noon was off 3.00 at 787.97.

Averages were depressed by Du Pont's decline exceeding 3 points and by losses of more than a point by General Motors and General Electric.

On the brighter side, Polaroid ran up 4 points on word from the company that demand for its cameras is so great that cameras must be allocated to dealers.

Zenith, up more than a point, also put on a strong showing as it reported record sales and earnings. Fractional gains were posted by United, Eastern and Pan American airlines.

Most of the stock list, however, showed little ambition.

Prices rose in moderate trading on the American Stock Exchange.

WEATHER

SNYDER TEMPERATURES: High Saturday, 87 degrees; low, 58 degrees: reading at 7 a.m. Sunday, 63 degrees. High Sunday, 91 degrees; low, 62 degrees; reading at 7 a.m. today, 63 degrees.

Coast: South to southeast winds 8 to 18 knots tonight and Tuesday with a few scattered showers Tuesday.

South Central Texas: Partly cloudy and warm tonight and Tuesday with a few scattered showers along the coast Tuesday. Lows tonight 65 to 75. High Tuesday 88 to 98.

Southeast Texas: Partly cloudy and warm tonight and Tuesday with a few scattered mostly daytime showers. Lows tonight 65 to 75. High Tuesday 86 to 94.

North Central and Northeast Texas: Clear to partly cloudy tonight and Tuesday. Lows tonight 64 to 72. Highs Tuesday 84 to 94.

Northwest Texas: Partly cloudy tonight and Tuesday. A little warmer north Tuesday. Lows tonight 56 northwest to 72 southeast. Highs Tuesday 84 to 94.

CRMWD Awaits Bids On New Lake

The Colorado River Municipal Water District now has $29,850,750 in the bank and high hopes of some sharp bids on its lake project at Rorert Lee.

Proceeds from the sale of the district $30,000,000 revenue bond issue were turned over to CRMWD Thursday noon, and the First National Bank of Fort Worth, trustee, promptly invested the funds for the district. The district should realize about ¾ of one per cent over the 4.9 per cent which it pays on the issue.

O. H. Ivie, general manager for CRMWD, closed out the transaction in New York, and funds were transferred promptly by Morgan Guaranty to the Fort Worth bank, which had a scheduled of reinvestment worked up by Charles Perry, Odessa, district president, and John Beck, the bank's trust officer.

This completes the financing of the 488,000-acre foot lake project on the eve of important developments. Two condemnation cases to clear up land requirements in the dam site area have been set for Oct. 3-4 in Robert Lee. Bids for construction of the dam will be opened in Big Spring at 2 p.m., Oct. 6, and so far 38 prime contractors have checked out plans on the project, said Ivie. He anticipates some spirited bidding on the job.

The district actually received $29,520,000 for its issue, when discount was taken out. But the bonds were dated July and total to $29,850,750 at time the deal was closed with Eastman, Dillon, Union Securities, the district's fiscal agents. One hand for the closing were Ivie, Jerry Menton, representing First National of Fort Worth, Paul Horton, Dallas, the district's bond attorney, Richard Locke, for Eastman-Dillon, and R. J. Crooks, assistant trust officer for Morgan Cuaranty.

The condemnation proceedings slated for Oct. 3 are on land held by Weldon Gordon and on Oct. 4 on land of the Simpson Estate and Marvin Simpson and Bill Simpson.

GOPs Present Antipoverty Plan

By JOHN BECKLER

WASHINGTON (AP) — Republicans are ready with their own antipoverty plan today as the administration's much-criticized program finally reached the House floor.

House Republican Leader Gerald R. Ford says the GOP plan would cost the government less than half as much.

The Michigan Republican said in an interview the GOP's so-called equal opportunity bill would cost about $1.75 billion, of which $750 million would be paid by state and local governments and private industry.

The administration bill, which would carry the war on poverty into its third year, would cost $1.75 billion — all in federal funds.

Ford said the GOP plan, to be introduced this week, is a concrete example of the Republicans' drive to cut federal spending. He said cuts are imperative "because of the Johnson-Humphrey inflation we're faced with —primarily because of excessive spending out of the federal treasury."

Ford declined to speculate on the GOP bill's chances for enactment.

Democratic House leaders predict the administration bill will pass by a narrow margin in spite of rough opposition.

Ford announced the Republican plan Saturday at a news conference in Grand Rapids, Mich.

The administration bill comes to the House floor after a long delay while Congress is working on several major bills in a drive toward mid-October adjournment.

If they can squeeze it in, House leaders also want to get passage of one of President Johnson's anti-inflation measures. It would suspend the 7 per cent investment credit for industry, and certain tax-advantageous depreciation formulas.

US Bombers Silence Red Antiaircraft Guns

By ROBERT TUCKMAN

SAIGON, South Viet Nam (AP) — U.S. bomber pilots reported silencing 10 antiaircraft gun positions in North Viet Nam Sunday along a main rail line to Communist China.

During 127 bombing raids in the North, U.S. fliers also attacked four surface-to-air missile sites including one only nine miles northeast of Hanoi. Navy attack bombers reported destroying a North Vietnamese torpedo boat 50 miles northeast of Haiphong in the Tonkin Gulf.

Ground fighting in South Viet Nam dwindled to small and scattered actions after a weekend in which U.S., South Vietnamese and Korean forces reported nearly 300 Viet Cong and North Vietnamese killed.

During the raids over the North, a U.S. Air Force F105 Thunderchief was shot down and the pilot is missing. It was the 386th plane reported lost in the war over North Viet Nam.

The antiaircraft gun positions knocked out by Air Force Thunderchiefs were part of a chain protecting the northeast rail artery 50 to 55 miles northeast of the Red capital, a U.S. spokesman said.

Navy planes from the aircraft carrier Coral Sea attacked three SAM sites in the Thanh Hoa area, and the spokesman said they heavily damaged all three. The fourth missiles site, nine miles from Hanoi, was pounded by Air Force bombers.

U.S. Marines operating near the demilitarized zone between North and South Viet Nam reported a possible kill of 60 North Vietnamese army regulars in a fierce fight Saturday. The Leathernecks were hard hit themselves, reporting moderate casualties.

In a predawn attack over the demilitarized zone Sunday, Air Force B52 bombers hammered North Vietnamese infiltration routes and supply and storage areas.

U.S. sources reported three helicopters lost in South Viet Nam Sunday, one by enemy groundfire, one by U.S. artillery fire and the other in a crash. Two crewmen were killed and two injured when one helicopter crashed in a mine field at Bien Hoa. Two persons aboard a helicopter knocked down by groundfire 21 miles southeast of Saigon were injured.

Flood waters continued to rise in the Mekong Delta, reaching rooftops in some sections of the hard-hit provinces of Chau Doc, An Giang, Kien Phong and Kien Tuong. Some 20,000 Vietnamese have been made homeless and thousands more face evacuation, but no deaths have been reported.

The first armed forces television station in a combat zone in Viet Nam was formally opened in a tape-cutting ceremony Sunday at Qui Nhon. The station; which eventually will operate 56 hours a week, will beam news and American television programs to some 24,000 U.S. troops in the area.

Sgt. Robert A. Martin of Albuquerque, N.M., program director, said: "We expect to have 'Batman' in two weeks."

Fair Lease Is Approved By County

County Commissioners this morning authorized the county judge to sign a lease agreement with the Scurry County Fair Association for facilities to be used during the fair in Towle Memorial Park.

The fair will be held again in the park, with the county barn and the National Guard Armory to serve as the major exhibit buildings. In Addition, some space in the park will be used for outside exhibits and for the carnival. The county and the fair association agreed on a lease at a token figure last year, and this year's contract will be the same.

L. M. Dawson, president of the Scurry County Fair Association, requested the lease at the commissioners meeting this morning. Dawson said plans for the fair, scheduled Oct. 6-7-8, were rapidly taking shape. However, he said the demand for commercial exhibit space had been disappointing so far.

Cone Merritt, Precinct No .1 Justice of the Peace, asked commissioners for authority to hire extra help in his office if an indicated 500 to 600 small claims cases are filed at one time in his office. Merritt said he had been advised that the county hospital probably would file several hundred such cases. Commissioners said that whatever help is needed could be provided.

Wounds Fatal To Kyle Truck Driver

SAN MARCOS, Tex. (AP)—A Kyle man died today after an assailant stopped his truck by dashing a beer bottle against it, then shooting him six times Sunday night with a pistol.

The victim was identified as Frank Cisneros, 33.

The shooting took place about 10 miles northwest of San Marcos near a Spanish fiesta at Uhland.

Hayes County Sheriff Bobby Kinser said Cisneros was driving a pickup when stopped by the other man in a car. He said a witness described the incident, which happened on a country road.

THIS TRICK EARNS HIM LUNCH — His four-foot flippers extend like airplane wings as Bimbo, a 5,000-pound whale at Marineland of the Pacific in Los Angeles, leaps 19 feet for lunch. His trainer, being careful not to emulate Jonah, holds a five-pound fish. Bimbo gets his lifting power from flips of his tail flukes. (AP Wirephoto)

Japan Counts Storm Dead

By RENE-GEORGES INAGAKI

TOKYO (AP) — Hundreds of police and soldiers were pressed into disaster duty today to clean up the debris, restore communications and dig out the dead from the worst typhoon to hit Japan in seven years.

Typhoon Ida smashed into the heartland of Japan, the Tokyo and Mt. Fuji area, early Sunday while Typhoon Helen was still beating southern Japan with less ferocity.

National Police headquarters said the latest count was 211 dead, 108 missing and nearly 1,000 injured. Damage to U.S. military installations was estimated at more than $6 million.

Government officials estimated Japanese damage at more than $300 million.

It was the highest typhoon casualty toll since 5,041 died near Nagoya on Sept. 26, 1959.

U. S. Army headquarters said no Americans were badly injured.

A third big typhoon, June, was churning in the Pacific. Weathermen said it might approach Japan Thursday if it stays on its present course.

The weekend typhoons, and particularly Ida, caused multi-million - dollar damage, including 60 per cent of the pear and grape crops in Yamanashi Prefecture, site of Mt. Fuji.

Salty rain carried by the typhoon also did widespread damage to harvests.

Ida hurled the most violent winds ever recorded by Japanese weathermen — 202-mile gusts — at the top of Mt. Fuji.

Storm Now Hurricane

MIAMI, Fla. (AP)—Tropical storm Inez grew into a hurricane today and roared toward the Leeward Islands with top winds of 80 miles an hour.

The Weather Bureau hoisted hurricane warnings over the Leewards at the east end of the Caribbean Sea from Marie Galante to Antigua.

It was expected to strike the Leewards sometime Tuesday, then threaten Puerto Rico.

The hurricane was centered 350 miles east of Guadeloupe and 675 miles east-southeast of San Juan.

It was still 2,100 miles east-southeast of the Florida coast.

Malaysia Asks UN Peace Try

UNITED NATIONS, N.Y. AP) — The deputy prime minister of Malaysia asked all other U.N. members today to help get a peace conference of "the immediate parties" to the war in Viet Nam.

Speaking in the assembly's general debate, Abdul Razak also urged U Thant of Burma to continue as U.N. secretary-general, hailed the recent end of Indonesia's war against Malaysia, and welcomed Indonesia's impending return to the United Nations.

Deploring Communist China's demands for a reorganized United Nations, Tazak said Formosa "should be allowed to remain a member of the United Nations while mainland China could be admitted to this organization if she so agrees."

"To us in Southeast Asia," he declared, "the Viet Nam conflict poses a real and proximate threat to the peace, progress, safety and security of the whole region."

Razak said Malaysia would "continue to take every necessary and appropriate initiative open to it on a comprehensive all-Asian basis to seek an Asian solution to the problem."

"It should be left to the parties involved to find a formula to solve their problems and our efforts should be directed solely to bringing them together, not to suggest, much less impose, a solution," Razak said.

Razak, Foreign Minister Thanat Khoman of Thailand and Philippine Foreign Secretary Narciso Ramos last month invited 17 Asian countries to make a joint appeal to the warring forces in Viet Nam for a peaceful and honorable settlement reached at an Asian conference.

South Viet Nam endorsed the peace move, North Viet Nam and Communist China rejected it.

SIMPLE JOB IS MONUMENTAL

Geminauts Describe Space Tasks

By RONALD THOMPSON
AP Aerospace Writer

SPACE CENTER, Houston, Tex. (AP)—Gemini 11 spacewalker Richard Gordon revealed today he was "tired and had a pretty high heart rate" even before he left the spaceship to take his shortened stroll in orbit.

And, he said, what he thought would be a 30-second task of tying Gemini 11 to an Agena with a 100-foot cord turned out to be 'a monumental task of about 30 minutes."

Gordon's walk in space during the record-smashing flight of Gemini 11 was eventually cut short because he worked so hard sweat poured down his face into his eyes.

He told a news conference that he and his flying partner, Navy Cmdr. Charles Conrad Jr., got about two hours ahead of time in preparations for the stroll the second day aloft and even considered asking officials to let Gordon begin one orbit early.

"So essentially I was setting there with no cooling," Gordon said, noting that he was already bundled up, just waiting, in his bulky spacesuit. At this point we was off the spaceship's coolant system, and the pressure suit environment system was not yet turned on.

They stopped the preparations and Gordon went back to the spacecraft system for cooling.

As a result, he said, "I was tired and had a pretty high heart rate before we opened the hatch."

Gordon said he really got tired while straddling the nose of the to an Agena rocket they had captured in the world's quickest rendezvous. He looped the cord from the Agena to the Gemini for a later formation-flight experiment.

He called this the "Biggest shock of my life."

Gordon explained that in simulations on earth he could do the experiment in about 30 seconds, but found it difficult in space to sit on the nose of the spaceship and use both hands.

"I was unable to sit on the spacecraft like I had done in Zero-G aircraft, he said. "I kept floating up."

Dear Abby...

By ABIGAIL VAN BUREN

DEAR ABBY: Five weeks ago my daughter, 21, married a 29-year-old man. The day before the wedding, he announced he didn't want to get married for "personal" reasons. All the plans were made and my daughter's beautiful gown lay upstairs on her bed. She broke into tears, so he agreed to go thru with the wedding.

When it came time to cut the cake, the groom was nowhere to be found, which was very embarrassing. It seems he took the car and went riding around to 'think things over." Since then my daughter has been miserable. She has a good job, but he sells on straight commission (no salary like he said he made) so she is practically supporting him.

He had two children by a previous marriage, which my daughter agreed to keep on weekends and vacations. Now, Abby, is this marriage worth saving?

HEARTSICK MOTHER

DEAR MOTHER: That is for your daughter and her husband to decide. Her first mistake was in 'Going thru" with the wedding, knowing the groom was unwilling.

Calling it off might have been embarrassing and costly, but not nearly so traumatic as the divorce which may be in your daughter's future. The couple should talk it over with their clergyman, and soon.

* * *

DEAR ABBY: What would you make of this? A girl friend of mine went to a party with her boy friend. She said it was a real lively party and she was having a swell time when all of a sudden her boy friend said, "Let's get out of here—this party is a flop."

He took her straight home at 10 o'clock. She found out later that HE went back to the party and stayed until 2 o'clock in the morning, and had the time of his life.

THE FRIEND'S FRIEND

DEAR FRIEND: It's obvious. The boy friend had enough of your friend, but he didn't have enough of the party.

* * *

DEAR ABBY: How can a person avoid a situation like this without making himself look cheap?

My boy friend meets me every morning for coffee and a donut. Same time, same place—around the corner from where we work. Several of the guys and gals who work where we do sit with us because the place is always crowded. We don't mind that, but when the check comes nobody else makes a move to pay his share, so my big-hearted boy friend picks up the tab for everybody.

I suppose this sounds like I'm making a big deal out of nothing, but day by day it mounts up. Is there a way to get them to pay their share without looking cheap?

IRKED

DEAR IRKED: Yes. When you order, ask the waitress for separate checks. That will separate the men from the moochers.

* * *

CONFIDENTIAL TO "NO NAME, PLEASE" IN BURLINGAME: In California incurable insanity IS grounds for divorce. Check with your attorney.

* * *

HOSPITAL NOTES

Chaplain: Rev. Marvin Roark

ADMISSIONS: Haskell Tempelton, Hermleigh; Billy Wilson, Arah Rt.; Thomas Smith, Rt. 3; Patsy Burney, 311 Thirty-sixth; Marilyn Burton, 302 Thirty-sixth Pl.; Della Edmonson, 1500 Ave. T; Roy Sumruld, Fortieth & S; Ginilee Sealy, 2701 Thirty-eighth; Aurora Silva, Clairemont Rt.; Herman Schulz, Arah Rt.; Kelly Jones, 3742 Ave. V; Annie Cuppet, 3004 Thirty-eighth; Guadalupe Ramos, Dallas; Leola Williams, Dermott; Clarence Holoman, 2805 Ave. M; James Williams, Rt. 3; Brady Bynum, 222 Thirty-second.

DISMISSALS: Virginia Rogers, Ginilee Sealy, Billy McCormick.

Boy Is Hurt When Bicycle Hits Car

Roy Sumruld, 11-year-old Snyder youth, received lacerations of the arm following an accident involving his bicycle and a car in Towle Park at 6:15 p.m. Saturday.

He was taken to Cogdell Memorial Hospital by private vehicle. Hospital authorities this morning described his condition as good.

Police said the mishap occurred near the pavilion. The boy was dirving his bicycle down the hill in front of the pavilion and it ran into a 1965 Oldsmobile operted by Francis S. Miller, Laughlin AFB. The car was stopped at the time of impact. Damage to the vehicle was estimated at $150.

Hermleigh Sailor In Mine Exercise

Gunner's Mate Third Class Michael F. Fuller, USN, son of Mr. and Mrs. Les T. Fuller of Route 1, Hermleigh, is a crewmember of this First Fleet unit participating in exercise "Eager Angler."

The mine exercise, the third conducted this year, involves 29 ships ranging in size from attack aircraft carrier to minesweeper, started Sept. 13.

"Eager Angler" is designed to ready ships for combat roles in the Western Pacific. Vice Admiral Bernard F. Roeder, USN, Commander First Fleet, is in overall command.

Among the phases of naval warefare to be stressed are air and anti-air operations including aerial strikes with live ordnance in the bombing ranges of the Chocolate Mountains and San Clemente Island; close air support and aerial reconnaissance.

BIRTHS

Mr. and Mrs. Antonio Silva, Clairemont Rt., are the parents of a 7 lb. 15¼ oz. baby girl born Sept. 24 at 10:55 p.m.

Indian Statesman Dies In London

LONDON (AP)—Sir C. P. Ramasami Aiyar, 86, noted historian and one of India's elder statesmen, died today of a heart ailment.

RARE ASIAN ANIMALS — Two Banded Palm Civets, the only pair in captivity in the United States ,are on display at Hermann Park Zoo, which acquired them last month from the Malay Peninsula in Southwest Asia. Quarantined in a glass-covered display case, they are thriving. Their kind has been shown only one other time in this country — in Philadelphia in 1937. This pair is in Houston. (AP Wirephoto)

Snyder To Host Art Association

Snyder members of the West Texas Art Association will host the 13th annual meeting of Region 7 next Saturday, Oct. 1.

Registration, coffee and a social period will start the day's activities at 9 a.m. at Lamar Junior High School. Meeting of the officers and board members will get underway at 10:30 a.m. Private judging by Dr. Emilio Caballero, R.A.A., Head of Department of Art at West Texas University will be from 10:30 to 12:30, while at the same time Juanita Tittle Pollard will give a college demonstration.

Included in Region 7 is Brownwood, Cisco, Abilene, Coleman, San Angelo, Sweetwater, Colorado City, Big Spring, Snyder Midland, Lamesa and smaller towns in the area.

The West Texas Association holds only one such meeting each year. At this session, a teacher will be selected to make a circuit of these towns.

Lunch is scheduled for 12:30 and the business meeting and report of directors at 1:30. Comments by Dr. Emilio Caballero will be held at 2 p.m.

Officers of this region are Mrs. W. A. McGlaun of Snyder, president; Mr. Sherwood Suttes of Abilene, vice president; Mrs. Melvin Lee secretary, and Mr. W. S. Salmon, treasurer, both of Snyder.

A large group of artists are expected. Presentations of awards will be: Snyder National Bank, $100.00; Diamond M. Foundation, $100.00; West Texas State Bank, $50.00; Snyder Savings & Loan Association, $50.00; and Sun Pipe Line, $25.00. Door prizes will also be awarded.

Announcement of TFFA citation and WTAA Circuit selections will be on display. Paintings winning citations go to Austin and then on an exhibition circuit for one year.

All entries must be in the building not later than 10:15 a.m. Work must be original, independent of instructors or class supervision and not before exhibited in WTAA. Contestants are allowed two entries in any media. Maximum dimensions are 32 inches by 42 inches including frame.

TFAA citation awards will be presented to not more than one out of every ten entries. Only one work from any one artist is eligible to go to Austin. Approximately 30 works will be selected from the exhibition for the circuit show for travel among member cities or clubs of the association between November and May.

Dues are $2, guest registration $1, TFAA member $1 per entry, non member TFAA $2 per entry, and lunch will be $1.50.

Progress follows the MIDWEST ELECTRIC COOPERATIVE powerline like sunshine follows the rain. Plant a pole and a factory springs up beside it. String a line and a commercial or industrial establishment taps this abundant source of low-cost power to strengthen the rural economy with new jobs, new tax revenues and new opportunities. For more than a quarter century, the MIDWEST ELECTRIC COOPERATIVE has been plowing the fallow fields of rural endeavor and reaping a harvest of new opportunities.
Their efficient, low-cost electric service is Helping Texas Grow.

Newsman Reports Night Of Death

EDITOR'S NOTE — U.S. Air Force gunships went to the aid of embattled U.S. Marines south of the demilitarized zone in South Viet Nam Sunday night. Associated Press photographer Rick Merron was aboard one. Here is his report.

By RICK MERRON

NEAR THE DEMILITARIZED ZONE, South Viet Nam (AP) — The medical corpsman sprawled beside two badly wounded Marines. He had done all he, could and desperately needed help.

It was inky dark. North Vietnamese troops that had ripped into the Marines at dusk with mortars now were pouring in automatic rifle fire.

American artillery blasted back at the enemy positions.

Through the crackle and roar of the fighting could be heard the whirling blades of helicopters.

Gunships, medical evacuation choppers and a twin-engine C47 "Puff, the Magic Dragon" — bristling with armament — were churning through the darkness to the embattled Marines.

Two companies of the 2nd Battalion, 7th Marines, were just south of the demilitarized zone between North and South Viet Nam. For two days they had battled a well dug-in enemy force.

The Navy corpsmen on the ground, Donald Birdwell of Midland, Tex., spoke into a radiophone at the incoming aircraft.

"I've got two seriously wounded men down here," he said. "One can't last more than 20 minutes unless we get him out. And I've got a lot more on my hands."

His voice came through faintly in the planes. But his meaning was clear.

"Oh God!" one pilot said, "I wish I could find a landing strip to get in there and help them out."

The gunship helicopters swirled in, blazing machine-gun fire. "Puff" splattered bullets from its three guns — 6,000 rounds a minute.

Minutes ticked by. Life was ebbing from the most critically hurt Marine.

A medical evacuation helicopter slanted down through the bullets to try and get in. It exploded in a great ball of flame.

Fiery chunks of metal shot into the sky.

It had been hit by an artillery shell fired in support of the surrounded troops. The four Marine crewmen and a Navy medical corpsman aboard were killed.

The pilot of Puff," Capt. Edward McKee, 28, of Mount Vernon, Wash., gritted his teeth and cursed.

Another helicopter and then a third tried to drive through the bullets to bring out the wounded.

But the enemy fire was too fierce. The pilots were ordered not to try to land.

But for the Marine beside Birdwell, it was too late. He had died — almost 20 minutes exactly from the time Birdwell issued his urgent plea.

In the aircraft, Birdwell's voice crackled again over the radios:

'I've fixed the rest of these guys now. We can hold out til dawn."

The aircraft flew back to Marine headquarters at Dong Ha, three miles east.

At dawn today, the evacuation helicopters returned to the battle scene.

Helmets of dead and wounded lay beside foxholes. Bodies wrapped in ponchos lay near the landing zone. Wounded waited beside them.

The helicopters whirled away with their cargoes.

One Marine who had been unhurt in the fighting, Lance Cpl. Jerry Biluey of Denton, Tex., described the bitter night:

'I thought the world had come to an end."

Store Owner Bluffs Would-Be Robber

RESEDA, Calif. (AP)—Leonard Becker had rung up the sale of a bottle of gin and two packs of cigarettes when his customer drew a gun and ordered, "Give me all your bills."

Becker, 57, reached into his trouser pocket Sunday, saying, "I have a gun, too. Start shooting." The liquor store clerk produced what appeared to be a pistol.

The robber backed slowly toward the door.

"Be care ful, be careful," the robber implored as he fumbled with the door catch. Dropping his cigarettes, he fled.

Becker set down his weapon—a plastic cigar case.

Plea Is Entered

J. L. Bowdy, Snyder, pleaded innocent in County Court this morning to a charge of possession of whiskey, beer, wine and vodka. He was apprehended Sunday by Sheriff's Authorities. Bond was set at $500.

Thieves Enter Laundry

Thieves entered Beaty's Laundry in the 2400 block of Twenty-sixth Street Friday night and removed $8 to $10 in change from the Dr. Pepper soft drink machine, according to City Police.

MR. AND MRS. DAVID L. KLEPPER III
(Photo by Craft Studio)

Miss Cajanek, Mr. Klepper Exchange Double Ring Vows

The First Baptist Church of Snyder was the setting when Miss Linda Jo Cajanek of Hermleigh and Mr. David L. Klepper III of Rotan exchanged double ring wedding vows on September 16 at 8 p.m. Brass candelabras with white tapers and green foliage was used in the church decor.

Dr. A. B. Lightfoot, pastor officiated.

Parents of the couple are Mr. and Mrs. A. J. Cajanek of Route 2, Hermleigh, and Mr. and Mrs. David Klepper, Jr. of Rotan.

Given in marriage by her father, the bride wore a floor-length sheath gown of white satin with a full cathedral train of matching material. Long fitted sleeves ended in petal points over the hands. The ensemble was trimmed with lace beaded with seed pearls. Her ballerina length veil was attached to a crown of pearls. Her accessories were a pearl necklace and a gold antique bracelet.

She carried a cascade arrangement of white carnations atop a satin and lace covered white Bible.

Miss Ann Klepper of Rotan, sister of the groom served as maid of honor. She wore a street-length sheath dress of blue linen and carried a bouquet of white carnations.

Mr. Larry McClain of Rotan attended as best man. Ring bearer was Winford D. Kimzey of Hermleigh, nephew of the bride, who carried the rings on a white satin heart trimmed pillow graced with lace and satin ribbon streamers. Seating guests were Mr. Frank Klepper of Rotan, brother of the groom and Mr. William Kimzey of Hermleigh, nephew of the bride.

Organ selections were presented by Mrs. Wendell Rehm. Mrs. Bob Womack, soloist, sang "I Love You Truly", "Because", and "The Wedding Prayer".

A reception was held in fellowship hall. The table was laid with a lovely lace cloth belonging to Mrs. Forest Sears, which she purchased on an island off the coast of South America. A blue and white centerpiece was used. The four tiered wedding cake, graced with blue roses and topped with a miniature bride and groom was served by Mrs. Ted Robbins and Mrs. Don Bollinger.

Kathy Odstrcil, cousin of the bride, registered guests.

For her wedding trip to various points in Texas, the bride chose an off-white A-line linen dress.

The couple are at home at 1202 Twenty-fourth Street Snyder where both are employed at Snyder National Bank.

The bride is a 1963 graduate of Hermleigh High School and completed her secretarial course at Commerical College in Abilene. The groom is a 1958 graduate of Rotan Hgh School and attended Angelo State College.

Knapp News

By MRS. VERNON TODD

Mrs. Ruth Weathers visited Tuesday in Snyder with Mr. and Mrs. Garrett Harrell.

Mr. and Mrs. Vernon Todd visited in Lubbock with their children, Mr. and Mrs. Lloyd Ramsey and son and Mr. and Mrs. Donnie Dove, Teressa and Kieth. They brought Scott Ramsey home with them. Mr. Todd also attended the Field Day program at the A&M Extension service.

Recent visitors of Mrs. Ruth Weathers were Mr. and Mrs. Roy Warren of Colorado City and Mr. and Mrs. Sam Armstrong of Cuthbert.

Mr. and Mrs. Eddie James and daughters of Stanton have been recent visitors of Mr. and Mrs. Cecil James.

Mrs. Frieda Murphy and Mr. and Mrs. Jim Sorrells attended the funeral last week at Austin of Manfred von Roeder.

Mrs. Ruth Weathers visited at Bronte Thursday with an aunt, Miss Minnie Weathers who is a patient in the hospital there.

Joyce and Janice Browne visited last week in the Vernon Todd home.

Dee Don Moore attended the Junior High football game between Borden Co. and Sands Thursday evening.

Mr. and Mrs. Vernon Todd and Scott Ramsey visited Wednesday in Stanton with Mr. and Mrs. J. B. Mashburn and family.

Mrs. Elvia Ashley of Oregon has been visiting with Mr. and Mrs. Doyle Lovell.

Travis FHA Elect New Officers

The Travis FHA chapter met in the homemaking department Friday and elected the following officers for the new school year.

Betty Richardson, president; Elaine Chester, vice president; Linda Coy, secretary; Susan Brown, treasurer; Becky Higgins, reporter; Mary Nell Elder, historian; Mary Mapes, degree chairman; and Susan Stewart, program chairman Rocky Land was named FHA "Romeo".

The projects for the year will be: "Morals and Manners Matter". They will emphasize the importance of the development of a code of ethics to gain self respect and the respect of others. Chairmen for the monthly programs were also selected.

Chapter mothers will be Mrs. L. F. Brown, Mrs. J. W. Coffee, and Mrs. John Zalman Jr. Mrs. Howard Gracey is chapter sponsor.

Refreshments of cookies and punch were served.

Twentieth Century Club Tours Two Plants Here

The Twentieth Centruy Club visited the Realsport Clothing factory and Southwestern Brick and Tile Co. on Tuesday.

Mr. George Greengrass, manager of Realsport Co. said that Snyder is a community in which people are willing to come out and help a new business. He hopes to employ 156 persons by the end of next year and build up to a maximum of 350. He expects his operators to maintain quality and yet produce to the best of the ability. Each girl charts her day's work so that a check can be maintained for peak efficiency.

Large lathes are used to keep costs down. Members watched as 67 garments were being cut at one time. One machine used in the plant is called a Reece machine. This machine sews, cuts and turns the back pocket on pants and cannot be purchased. It is used on a rental basis of one cent per pocket. Another machine cuts zippers, and the sale of the scrap from the zippers pays the rental on this machine.

Average training time for an employe is four weeks. The average time for completing a bundle of pants is from 7 a.m. of one day to completion time at 8 a.m. the next day.

Mr. Greengrass served coffee to the club members and extended an invitation to come back again.

The members were then guided through the Southwestern Brick & Tile Co. by Mr. Bill Martin.

Mr. Martin showed different types of clay from which the brick is made, saying in part: "the color of the brick appears after the brick has been fired. The clay is first crushed and then screened. If it is too coarse or too fine it will crack when it is fired".

He showed the members how the clay-mixture is put into the mixing machine, then into the vacuum machine, and then cut into 8-inch brick with piano wire. The brick is then stacked 10-high on a car and allowed to dry in the drying tunnell for two days. Wet brick would explode when fired. The brick is then preheated, fired and cooled again.

The plant has a patent on the type kiln used and they feel that it is more efficient than any other type. Mr. Martin explained the many sleepless nights that went into the planning of this kiln.

Mr. Martin said that his father first became interested in concrete and brick laying in 1910, and that Southwestern Brick & Tile Co. is 13 years old. He closed the tour saying, "I've run errands for my Dad most of my life, and was 21 years old before I knew my name wasn't "Bill Run."

Members and guests enjoyed pie and coffee at the Steak House following the tour. Guests were Mrs. M. Terrell, Mr. Charlie Noble and Mr. Bernard Bartels.

18th District P-TA Workshop Wednesday

The 18th District P.T.A. Fall Leadership Workshop will be held in Aspermont, Texas, Wednesday September 28, in the High School auditorium. Registration begins at 8:30 a.m.

The Theme of The Workshop is, "The P.T.A. at Work". Subjects will be: "B" Knowledgeable, "B" Progressive, "B" Alert, "B" Wise, and "B" Diligent.

This workshop is in the interest of everyone and all members of P.T.A. in District 18 are urged to attend.

Coffee and doughnuts will be served by the Paducah hospitality Committee.

Hermleigh News

By MRS. O. W. RICHBURG

Mrs. Roger Fink and daughters, Lorri and Michele of Las Vegas Nev., arrived in Hermleigh this week where they are visiting her grandparents, Mr. and Mrs. Red Thomas. Others they are visiting are, Mr. and Mrs. Fleet Anderson and Mrs. Georgia Woods.

With the 1966 graduates leaving Hermleigh for college this fall, has decreased our population. Those attending McMurry in Abilene are Sandra Fritz, Cecile Hall and Peggy Rannefeld. Betty Groves is enrolled at Howard Co. Jr. College at Big Springs while Royce Mason and Larry Schwartz are at Levelland and Larry Farr and Micheal Roemisch are at Texas Tech in Lubbock. Charlotte Ince is at Lubbock Christian College.

Mr. and Mrs. Ben Henderson spent Friday night of last week with their son, Mr. and Mrs. Charles Henderson of Lubbock. They also visited Mr. and Mrs. C. T. Fitzgerald.

Those visiting Mr. Loren McMillian and sisters, last Sunday were Mr. Dulane McMillian of Santa Monica, California, Mr. and Mrs. W. C. McMillian and Clark of Lubbock, Mr. and Mrs. Fred Hodges of Arlington, Mr. and Mrs. Van Voss of Odessa, Mrs. Don Baremore of Kermit, Mr. and Mrs. Don Williams and Donna Joe, of Monahans, Mrs. Geral Green of Snyder, Mr. and Mrs. O. B. Jackson and Mr. and Mrs. Walton Mc Millian, Jimmy and Randy of Hermleigh Mrs. Frank Nachlinger visited them Sunday afternoon.

Mr. and Mrs. Bobby Etheridge and baby of Ft. Worth was visiting Miss Laura Shipman Saturday night and Sunday.

Mrs. Pearl Watts and Mrs. Kate Voss visited Mrs. Grover Barnes and Mrs. Loravne Barfoot at Cogdell hospital this week.

Miss Geenita Robbins of Lubbock visited last weekend with her parents, Mr. and Mrs. H. E. Robbins.

Mrs. W. C. McMillian of Lubbock was a visitor at Sunday School Sunday morning at the Methodist Church.

Peace Remains As Elusive As A Mouse On A Beach

By JAMES MARLOW
AP News Analyst

WASHINGTON (AP) — "Peace is our passion," President Johnson said more than a year ago, talking about Viet Nam. But it has been a bleak pursuit. Peace is still as elusive as a mouse on a beach.

Things perked up, in bits and pieces, getting nowhere back in 1965 which was a very busy year for empty peace talk.

In March of that year Johnson said the North Vietnamese must stop their intervention in South Viet Nam as a precondition for peace negotiations.

And Secretary of State Dean Rusk said the North Vietnamese would have to give some indication they were prepared to stop what they were doing before any peace talks could begin.

Then on April 7 in a major speech Johnson said the United States was ready for unconditional talks with North Viet Nam but at the very moment was saying it he laid down conditions.

He said the essentials of any final settlement were "an independent South Viet Nam, securely guaranteed and able to shape its own relationships to all others, free from any outside interference, tied to no alliance, a military base for no country."

The North Vietnamese gave this the ha-ha. They said Johnson's proposal smelled of poison gas and made a proposal of their own, a four-point program, from which they haven't deviated an inch since.

Among other things, Hanoi said, the United States must withdraw all its forces from South Viet Nam, although it wasn't clear whether the Communists meant before peace talks began or before there could be a settlement.

And the third of the four points was a dilly: Hanoi said the internal affairs of South Viet Nam must be settled by the South Vietnamese people themselves in accordance with the program of the Viet Cong, whom the South Vietnamese were fighting because they didn't want a Viet Cong program.

The U.S. State Department immediately took a dim view of Hanoi's ideas. At the moment, it seemed, sitting down to talk peace with the Viet Cong looked unthinkable, which is about what Hanoi was demanding.

But later Rusw said the United States would be willing to hold discussions with the Viet Cong but those guerrillas could not be a primary part in negotiations. As time passed the American attitude on this changed.

Johnson said later this would not be an insurmountable problem. But nothing happened. Then late last year Johnson suspended the bombing of North Viet Nam targets while he sent his top emissaries to capitals around the world, talking peace. But the North Vietnamese didn't talk back.

And on Jan. 31, 1966, after a 36-day pause, Johnson ordered the bombing resumed. Later in the year he ordered the bombing stepped up, this time against North Viet Nam's oil depots. The pressure on him to find peace became intense.

For one thing, much of the world didn't like the war. A lot of Americans didn't like it. And the war was gorging itself on billions of American dollars which could be used at home.

Last week U Thant, secretary-general of the United Nations, made a plea for peace before that body and a couple of days later Arthur J. Goldberg, U.S. ambassador to the United Nations, made a proposal.

As a preliminary to negotiations, he said, the United States would stop bombing the North if it just got assurance that North Viet Nam would start cutting down on its war effort.

This looked like another American concession. Instead of wanting proof that North Viet Nam would pull back its troops if the United States stopped bombing, this country was willing to settle for assurances — although it wouldn't take long to find out if North Viet Nam was living up to its assurances.

But Russia quickly brushed this proposal aside. And North Viet Nam rejected it as hypocritical.

Junior Editors Quiz on JELLYFISH

QUESTION: Into what category do scientists put jellyfish?

• • •

ANSWER: Scientists divide the animal kingdom into large groups or phyla. Jellyfish are placed in a group low in the scale of development called Coelenterata. These animals lack backbones and even the jointed legs of arthropods such as lobsters, spiders and insects. But you will realize that jellyfish are not fish, for fish are in a much higher phylum, Chordata, or animals with backbones. Many jellyfish start life as polyps, cup-like animals attached to some support. Later they swim free, with the cup turned over, when they are called medusas. This is because the tentacles, which stream down, resemble the snakes which were supposed to grow on the head of Medusa of Greek mythology. She was said to be so hideous you would turn to stone if you looked at her. Like the mythical snakes, the tentacles of the real medusa can sting, paralyzing small fish which are used for food. The animal's jelly keeps it afloat. We illustrate another type, with tentacles resembling combs: the comb jelly.

• • •

FOR YOU TO DO: When you go to an ocean beach, look for a stranded jellyfish. But don't get too close. It might give a painful sting. 9-26

(Debbie Pillar of E. Liverpool, Ohio, wins today's combined prize of Compton's Illustrated Science Dictionary plus $10 cash for this question. Mail yours on a postcard to Junior Editors in care of this newspaper.)

SOLUTION OF SATURDAY'S PUZZLE

A peek Into Columnist's Mail Bag

By HAL BOYLE

NEW YORK (AP) — Things a columnist might never know if he didn't open his mail:

Winston Churchill was so fond of butterflies he used to order them from butterfly farms and release them to flutter among his guests at garden parties.

Ever worry that you'd be struck by lightning? Well, it happens each year to only about three persons in every million.

One reason cows look more contented than people is that they get more pleasure from food. You probably have only about 3,000 taste buds, but a cow has up to 35,000.

No wonder conservationists are having so much trouble saving California redwood trees from saw and ax. Each 300-foot tree contains enough lumber to build five houses.

Your teen-age children may want to move to the Soviet Union if you tell them that phone service there costs only $3 a month for an unlimited number of local calls. However, there is only one phone for every 33 persons—in the United States, there are 45 phones for every 100 persons.

Quotable notables: 'There are two things to aim at in life: First, to get what you want; and, after that, to enjoy it. Only the wisest of mankind enjoys the second"—Logan Pearsall Smith.

'To stay normal, weigh normal." Researchers at Temple University found that the more a person's weight deviates from normal, whether up or down, the more likely he is to become hypersensitive and on the defensive emotionally.

The French sometimes do things the hard way. For mothers too busy to take their babies out on airing, a wire-enclosed playpen has been developed in France. Mama simply puts little Pierre in the cage, then hangs the cage out the apartment window. But what do the neighbors below think?

Wisecracks of the week: Bobby Vinton says highway speeders are simply trying to commit "hurry-kari." And Paul Anka believes "middle age is that period in life when a woman longs for a girlish figure—and so does her husband."

Everyone knows that "two's company, three's a crowd," but the law says that as few as three people can also constitute a riot.

Worth remembering: "In placing footprints on the sands of time, try not to leave merely the marks of a heel."

Topless evening gowns aren't exactly new. Lucrezia Borgia, as shown in a 520 painting, appeared at fetes in Venice with one breast exposed and rpuged, and so did other women of high fashion of the time.

Nats Sweep White Sox In Twinbill, Baltimore Falls

By DICK COUCH
Associated Press Sports Writer

Hank Allen, older brother of Philadelphia slugger Rich Allen, wound up his first week in the majors Sunday with a six-hit spree that led the Washington Senators to a 6-4, 2-1 doubleheader sweep over Chicago.

The rookie outfielder, promoted from the Senators' Hawaii farm club last week, lashed six hits in nine trips to the plate, driving in two runs in the opener and singling across the winning run in the 11th inning of the nightcap.

Overtaking Rich, who walloped his 40th homer and three otner hits for the Phillies Sunday, won't be easy for the 26-year-old newcomer, but Hank has made Washington go during his short stay.

He slugged a three-run homer in Friday night's 5-4 victory over the White Sox and has batted at a .417 clip, with 10 hits in 24 at-bats, since joining the Senators.

In Sunday's other games, California whipped AL champion Baltimore 6-1; Cleveland trimmed Kansas City 4-2; Minnesota nipped Detroit 1-0 and New York beat Boston 3-1.

Chicago upended National League-leading Los Angeles 2-1; Atlanta stunned Pittsburgh 6-2; Houston surprised San Francisco 5-4; Philadelphia edged St. Louis 4-3 in 13 innings and New York topped Cincinnati 8-4 in the opener of a doubleheader before rain washed out the nightcap.

California snapped Baltimore rookie Tom Phoebus' two-game shutout streak in the first inning and went on to whip the Orioles behind Dean Chance's six-hit pitching and a three-run homer by rookie Charlie Vinson. Phoebus had pitched shutouts in his first two appearances, blanking Chance and the Angels in his debut Sept. 15.

The Indians scored three runs in the ninth, overtaking Kansas City after being checked for eight innings by rookie Jim Nash. Nash was yanked after walking the first man he faced in the ninth and the A's bullpen broke down as Max Alvis and Chico Salmon, stroked run-scoring singles around Vic Davalillo's sacrifice fly.

Tony Oliva's 25th homer, a lead-off shot in the ninth, lifted Minnesota past the Tigers, breaking up a pitching duel between winner Jim Kaat, 25-11, and Detroit's Earl Wilson.

Steve Whitaker and Bill Bryan hit successive homers in the second inning, backing Jim Bouton's strong pitching as the Yankees outscored the Red Sox.

Mo Valley 11's Thrive

BY THE ASSOCIATED PRESS

Missouri Valley football teams seem to thrive under unfavorable conditions.

A week ago North Texas upset New Mexico State in the rain and lightning with passer Vidal Carlin throwing well.

Louisville played most of its opening game without most of the lights because of a power failure Saturday night at Southern Illinois, but won it 16-7 with Benny Russell passing for 245 yards.

Better than two-thirds of the lights went out in the second quarter. The teams left the field more than an hour, but the lights stayed out, so the coaches decided to finish it in semi-darkness.

North Texas, looking more like a strong title contender every week, beat potent Texas Western 12-9 at Denton with a strong defense which halted the El Paso club four times inside the 25 and once on the three.

Carlin had another good game, throwing for 217 yards. He struck for two quick touchdowns, passing for one and setting up the other, after Texas Western jumped ahead 9-0 in the third period.

This gave the Valley a 2-2 split for the weekend against outside foes and a 4-3 season edge. Tulsa's defending Valley champs were beaten 27-8 at Arkansas and Cincinnati lost its opener at Dayton, 23-7, with sophomore quarterback Greg Cook out with an injury.

With Cook out, Mike Flaherty started the game. It was discovered Sunday that Flaherty suffered a leg fracture and will be out for the season.

The Valley race opens next Saturday night with Cincy at Wichita and North Texas at Louisville. Tulsa is idle.

Lobos Defend LS Crown

BY THE ASSOCIATED PRESS

Sul Ross, unbeaten in its last 18 regular season football games, opens defense of its Lone Star Conference title Saturday night against Southwest Texas, last year's runnerup.

The Lobos walloped Nuevo Leon of Mexico 74-0 last week for their third victory of the season. Only a tie game midway in the 1964 campaign mars the unbeaten string.

Sul Ross won 10 games last year but lost a post-season NAIA playoff to Linfield, Ore., 30-27. It has been beaten only once by a conference team in the last two years.

Southwest Texas scored all its points in the fourth quarter in a 16-0 victory over Trinity last Saturday. It takes a 2-0 record into the game at Alpine.

Undefeated Sam Houston and Stephen F. Austin also won their second games last week. Sam Houston trounced Mexico Poly 42-0 and S. F. Austin beat Angelo State 34-14.

The Sul Ross-Southwest Texas meeting is the only conference game this week. In non-conference action, East Texas meets Arlington State, Howard Payne plys Angelo State, Sam Houston faces Tarleton, McMurry meets Abilene Christian and Texas A&I plays Trinity.

Former Cougar Wins Seattle Tournament

EVERETT, Wash. (AP) — "I played for par those last nine holes," said Homero Blancas, "and it kinda got me in trouble a couple of times."

But the former University of Houston star weathered the storm, staving off a late challenge by Jacky Cupit to win the Greater Seattle-Everett Open Golf Tournament by one stroke Sunday.

Blancas shot a closing 70, one under par, for a 766 total on the Everett Country Club course.

Cupit made up eight strokes on the last nine holes, birdying four of the last seven and finishing with a five-under-par 66 to make his total 267.

HANRATTY STOPPED THIS TIME — Here's Notre Dame quarterback Terry Hanratty (5), playing his first college football game, stopped on a running play against Purdue at South Bend, Ind. However, Hanratty's running and pass throwing to teammate Jim Saymour led Notre Dame to 26-14 victory. Hanratty threw three touchdown passes. (AP Wirephoto)

K. City Routs Boston, 43-24

By HAL BOCK
Associated Press Sports Writer

Lew Dawson, who wasn't even listed among the American Football League's leaders last week, is batting a cool .600 today, a pretty good average for any. picther.

Dawson gunned five touchdown passes, three of them to Chris Burford, as Kansas City routed Boston 43-24 for its third straight victory Sunday.

The Chiefs' attack moved mostly along the ground in Kansas City's first two triumphs with Dawson attempting only 28 passes and completing 16. Quarterbacks with less than 30 attempts were not included in the AFL list of top passers last week so Dawson missed the cutoff.

He's not likely to miss it this week.

Against the Patriots' Dawson completed 20 of the 32 passes he attempted for 220 yards.

Dawson, a 10-year pro, now has completed 36 for 60 . . . a .600 percentage . . . and thrown 10 touchdown passes. He has gained 511 yards through the air.

Elsewhere in the AFL Sunday, New York and San Diego preserved their unbeaten records while Buffalo stepped back into the Eastern Division race.

The Jets, down 7-0 at the half, rallied to beat Denver 16-7. San Diego got three interceptions from Speedy Duncan and defeated Oakland 25-20. Buffalo beat Houston 27-20 when Hagood Clarke intercepted a George Blanda pass with 27 seconds to play and returned it 66 yards for a TD.

Denver threw a scare into the Jets but two third period field goals by Jim Turner kept New York within striking distance and Joe Namath finally hit Matt Snell with a five-yarder in the final period for the winning score. Turner added another field goal after the TD.

Duncan's interceptions and John Hadl's solid quarterbacking led the Chargers to their third straight victory. Hadl ran for one TD, passed 19 yards to Jacques McKinnon for another and set up a third with a 44-yard aerial to Lance Alworth.

Clarke stole Blanda's 52nd pass of the game and raced into the Oiler end zone for Buffalo's winning TD against Houston. The interception came with 27 seconds to play and then Clarke grabbed another Blanda pass with three seconds remaining, ending Houston's last hope.

The victory left Buffalo and Houston tied with 2-2 records in the East behind New York's 3-0. Kansas City and San Diego share the Western lead with 3-0 marks.

ACC Clips HPC Team

BY THE ASSOCIATED PRESS

Southland Conference football teams have a slim schedule Saturday night with only three of the five teams playing. The opposition will be Lone Star Conference teams.

Abilene Christian and Arkansas State posted their second victories of the season last week. Abilene Christian beat Howard Payne 17-9 and Arkansas State defeated Florence State 27-4.

Lamar Tech, defending Southland champion, whipped Southwest Missouri 55-12 for its first victory against one loss. Trinity and Arlington State have yet to win.

This week Abilene Christian meets McMurry, Arlington State plays East Texas and Trinity faces Texas A&I.

Astros Beat Giants, ChiCubs Nip Koufax

By MURRAY CHASS
Associated Press Sports Writer

Ken Holtzman can forget about Sandy Koufax and the Los Angeles Dodgers. People such as Chaucer and Elizabeth Barrett Browning are more important now.

But Koufax and the Dodgers won't soon forget Holtzman.

The rookie left-hander outpitched Koufax Sunday, holding the Dodgers hitless for eight innings and winding up with a two-hitter as the Chicago Cubs edged the National League leaders 2-1.

Despite the loss the Dodgers retained their 1½-game lead over the second-place Pittsburgh Pirates, who lost to Atlanta 6-2. Third-place San Francisco remained four back by losing to Houston 5-4.

Holtzman's start was his last before returning to the University of Illinois where he is a senior majoring in English literature. He headed to school after pitching his best game of the season —a season which started out with him as a part-time player.

While attending classes in the spring he pitched for the Cubs on weekends. Still his 11 victories, against 15 defeats, are the most for a Chicago pitcher this year. His latest was too much for the Dodgers.

Until the ninth inning, the only Dodger baserunner was Dick Schofield, who walked in the third inning on a 3-2 pitch. Holtzman erased him on a double play so the 20-year-old southpaw had faced only the minimum 24 batters when Schofield led off the ninth with a single.

In other NL games, Philadelphia edged St. Louis 4-3 in 13 innings and New York downed Cincinnati 8-4 in the first game of a doubleheader. Rain washed out the second game.

In the American League California beat Baltimore 6-1, Minnesota defeated Detroit 1-0, Washington swept Chicago 6-4 and 2-1 in 11, New York trimmed Boston 3-1 and Cleveland topped Kansas City 4-2.

Koufax, now 25-9, gave up just four hits and only one in the first inning when the Cubs scored both of their runs. Don Kessinger walked and scored on Glenn Beckert's triple. Beckert scored when second baseman Jim Lefebvre dropped Ernie Banks' two-out pop fly.

Hank Aaron hit two homers, giving him 42 for the season, and Mack Jones added his 21st as the Braves prevented the Pirates from moving up. The Pirates had the bases loaded and one out in the eighth inning, but Clay Carroll came on and stopped them with only one run.

Willie Mays and Willie McCovey gave Houston three unearned runs in the first two innings, but the Astros needed singles by Aaron Pointer, Bill Heath and Bob Aspromonte for the winning run in the sixth. That run broke a tie gained for the Giants by McCovey's two-run homer.

Philadelphia's Rich Allen hit his 40th homer in the fourth inning, singled home the tying run in the ninth and singled across the winning run in the 13th against St. Louis.

The Mets clinched ninth place by beating Cincinnati. Cleon Jones drove in three New York runs while Ron Swoboda and Greg Goossen knocked in two each.

Hogs Ready For Frogs

By JACK DONOVAN
Associated Press Sports Writer

The Arkansas Razorbacks should take their place alongside Texas at the top of the Southwest Conference football standings Saturday, and then in two weeks they will clash in what could decide the title race.

All this is conjecture but it seems to be a growing trend in recent years when either Texas or Arkansas has won the championship.

The Razorbacks start work on an unprecedented third consecutive outright title at Texas Christian Saturday night. They meet Baylor at home the following week.

In the meantime, Texas has non-conference engagements with Indiana at Austin Saturday night and with Oklahoma in Dallas a week later.

The Longhorns got their customary early jump on other conference teams for the lead by beating Texas Tech 31-21 last Saturday. The other members continued their non-conference activities and broke even in six games.

Arkansas won as expected over Tulsa 27-8, and it was the same for Southern Methodist, 21-3 over Navy. But at Rice the cry might have been, "Let's win one for old Jess," and the Owls did by upsetting Louisiana State 17-15 with a late touchdown.

Jess Neely, Rice's head coach for 26 years, has announced his retirement for 1967.

Baylor, Texas Christian and Texas A&M have only unwanted memories of last week.

Baylor, the No. 10 team in The Associated Press weekly poll, was surprised 13-7 by Colorado, Ohio State stopped Texas Christian 14-7 and the Aggies lost to Tulane 21-13.

Although most of the games did little for conference prestige, they were filled with the unusual and not bad for distance either.

There was Greg Lott's 88-yard scoring run with the opening kickoff for Texas before the Tech record crowd of 48,155 persons hardly got comfortable.

Ohio State's Will Thomas also returned the inaugural kickoff 91 yards but he fumbled on the Texas Christian 2-yard line and the Frogs recovered.

Then there was Texas' Bill Bradley who punted 80 yards to within inches of the Tech goal and David Conway of Texas who kicked a field goal of 47 yards and Martine Bercher of Arkansas who returned a punt 64 yards for a touchdown.

One other conference game is on tap Saturday night with Texas Tech at Texas A&M. An Aggie victory would move it into a tie with Texas and Arkansas or Texas Christian.

In probably the week's highlight game, undefeated Southern Methodist goes to Purdue, which was stunned by Notre Dame last Saturday. Rice is at Tennessee and Baylor at Washington State.

It appeared after the Tech game that Texas Coach Darrell Royal had another rebuilding program on his hands.

"This is the worst I ever felt after a win," he said. "It looks like we've lost three starters."

Royal said center Ken Gidney has a bad knee, guard Ronny Landry injured an elbow and guard D. H. Martin hurt an ankle.

"It looks like we'll have to start training some men to play both ways again," Royal added.

His outstanding sophomore quarterback, Bradley, who scored two touchdowns and passed for a third against Tech, was more optimistic.

"I hope with this victory everybody will feel like they can win and will work a little harder to keep winning," he said.

Hunters Urged To Watch For Wires

Each year, thousands of telephone conversations are interrupted by hunters who are negligent when shooting near telephone wires and cables, according to Cecil Fowler, local Southwestern Bell Telephone Company manager.

It only takes one careless shot to knock out vital local and Long Distance service for an entire area, he said noting that many important calls may be missed while the telephone service is out.

Fowler asked area hunters to follow the rules of safe gunsmanship while hunting and to remember that there is no open season on telephone wires.

Joe Culmone led the riders at Garden State Park, Cherry Hill, N.J., last spring with 32 winners. Joege Velasquez led with 31 winners during the fall meeting.

Lamar Ninth Romps Past Ponies, 22-0

SWEETWATER — Snyder Lamar's 9th Grade Texans romped to a 22-0 decision over the Sweetwater 9th grade football team here Saturday night on the strength of a prolific performance by Randy Levens.

Levens scored all three of the Lamar touchdowns as the Texans completely dominated the action. The first score came early in the second period when Levens galloped into the end zone and hauled in a touchdown pass from Lee McNair. The play went 23 yards.

The try for extra points failed and the Texans went into the half-time intermission with a 6-0 lead.

In the third period, Levens slashed 22 yards into the end zone to hike the Texan lead. Billy Bowden crashed through to pick up the two extra points. The Texans had another apparent touchdown called back in the third period, this one scored by the defense. Darden Stokes, who led a charge on a pass rushing play, grabbed the football in the air when it was all but rammed down the throat of the Sweetwater passer. Stokes chugged some 25 yards into the end zone, but it was nullified by a penalty against the Texans who were cut down by the red flag more often than they were by the Sweetwater defense.

Levens rammed 18 yards for the final touchdown, surging from the grasp of three would-be tacklers after he spotted the Sweetwater secondary. McNair passed to Larry Greene for the two extra points.

Sweetwater 9th never was able to reach midfield in the first half. However, midway of the third quarter, the Sweetwater team managed to drive to the Lamar 16, with the aid of two 15-yard penalties, before the Texans dug in and took over on downs.

Although Levens scored all three touchdowns and was easily the biggest ground gainer, he had help on ball toting chores from Neal Rinehart, Alex Tavarez, Billy Bowden and Lynn Wilson who ripped off several big chunks of yardage before he was sidelined by a back injury.

Stokes, Carlos Preston, Greene, John Lacik and Bowden made some key defensive plays that shut off the Sweetwater offense at times when it appeared ready to make a move.

Gautt, Cardinals Sock Cleveland

By RON RAPOPORT
Associated Press Sports Writer

Prentice Gautt couldn't believe it, but the Cleveland Browns found it real enough.

With St. Louis and Cleveland tied 28-28 in the final quarter Sunday, Cardinal back Gautt burst through the Browns' line and ran 23 yards for the score that gave St. Louis its 34-28 margin and raised its Eastern Division-leading NFL record to 3-0.

"It was a draw play and the blocking was beautiful," Gauttt said later in a jubilant St. Louis locker room. "No one touched me. I couldn't believe it."

After the touchdown, Cardinal extra-point kicker Jim Bakken missed his first point-after in 125 attempts and for a while it seemed as if it might cost St. Louis the ball game.

The Browns, who had blown a 28-14 lead, came roaring back to a first down on the St. Louis 11. Two of Cleveland quarterback Frank Ryan's passes were incomplete and Ernie Green picked up a yard on a run. On the fourth-down play, Ryan threw at rookie Milt Morin in the end zone, but Cardinal defender Jerry Stovall reached in front of him and knocked it down.

Elsewhere in the league, Green Bay beat Los Angeles 24-13, Dallas took Minnesota 28-17, Baltimore bombed San Francisco 36-14, Detroit bounced Atlanta 28-10, Philadelphia smothered New York 35-17 and Washington got past Pittsburgh 33-27.

Green Bay, now the only unbeaten team in the Western Division, had its troubles with the Rams before an 80-yard pass play from Bart Starr to Elijah Pitts iced the game. The Packers lost five fumbles in blowing a 17-0 lead.

Dallas remained unbeaten in the Eastern Division with three 80-yard scoring marches in each of the last three quarters. Cowboy quarterback Don Meredith completed just eight passes but two were good for touchdowns to Bob Hayes and Buddy Dial.

Lou Michaels tied an NFL record with five field goals and Alvin Haymond was tough on defense in the Baltimore victory. Michaels' kicks ranged from 23 to 41 yards and Haymond set up scores with two kick returns and a pass interception.

BUSINESS and INDUSTRIAL NEWS

DISPLAYS WARES — Velma Smith (left), clerk at Snyder Drug Co. on the Big Spring Highway, displays some of the many good bargains to be found at the store. Customers are Jeanelle Allen (center) and Dorothy Ferguson. They look over the new Lanvin hair spray with Arpege and Justin's new purses and bags.

New Fall Items Arriving Daily At Snyder Drugs

Things are happening at Snyder Drug Co. where new Fall merchandise is arriving daily.

Included among the many new wares are new home and travel products by "Trina," fabric cases for travel in purses, toiletries, Kleenex, cigarettes, combs, brushes, shoes, medicine, mirrors, curlers, dental needs and jewelry.

If you are going to travel, "Trina" makes a fine fabric case to put every item in. And for the home—shoe trees, clothes hangers, shower caps, pin curl bonnets, shoe bags, make up capes, drawer liners, laundry bags, umbrellas, assorted tapestries made into light weight flight bags and suit cases, large and small, fitted and unitted.

You will find at Snyder Drugs a gift for every occasion and every type of person in the travel line. Justin leather goods for men and women have arrived: Purses, bill folds, cigarette cases, chains, all in the new popular fall colors. Herzbergs new fall line of costume jewelry is coming in daily with fashionable new colors and designs that will complement your new fall outfit. Lanvin's "My Sin" and "Arpege" hair spray so different from any hair spray so far. This fine perfume has a special fragrance.

Another new for Snyder Drugs for the teenage girls and the college set—imported Swiss watches with new sport bands featuring wide bands of coth, leather or suede in all the new fall shades, orange and purple, browns and stripes.

Yes, new things are coming to Snyder Drugs every day—glass ware, ceramics, new small electric appliances, lots of Timex watches, new Italian leather-covered decorator items, good filigree boudoir and dresser accessories that are so fashionable now. New games, greeting cards and gift items galore, including Sunbeam clock lines, bath room clocks, kitchen clocks, decorated clocks, Boudoir clocks, desk clocks, electric battery and wind clocks.

R. E. Patterson, owner of Snyder Drugs, says now you can travel with just a few wash and wear clothes, that is, if you have the new portable Sunbeam clothes dryer. It's just as easy to carry as a new hair dryer.

If it's new, you will probably find it at Snyder Drugs—the store with more of what you are looking for.

Snyder Drugs is located on the west side of the Big Spring Highway just north of Thirty-seventh Street.

Italy Fights Three Wars Within Its Own Frontiers

By JAMES M. LONG

ROME (AP)—Italy is fighting three wars, all within its own frontiers. In none is victory in sight.

More than 20,000 heavily armed troops and national police are in action against terrorists at the Austrian frontier, hill bandits in Sardinia, and the Mafia in Sicily.

The toll in lives in the three outlying regions has run into many hundreds in recent years. Scores of the dead have been soldiers and carabinieri, Italy's army-trained national police.

The three regions have full-scale military operations. Battle-equipped Alpine troops and armored cars operate in the Alto Adige of the north. Cavalry roam the wilds of Sardinia. Roadblocks and motorized troops make night raids in Sicily.

Italy took over the Alto Adige from Austria after World War I. Terrorists demand that the region be given back to Austria.

Five thousand Alpine troops and 3,000 carabinieri are there trying to maintain order. But the terrorists are hard to catch.

Italy contends they strike from across the border and are trained, equipped and protected in Germany and Austria by die-hard Nazi groups still dreaming of pan-Germanism.

Other Italian troops and thousands of carabinieri have orders to stamp out killings, kidnapings and rustling in the rugged hinterland inland of Sardinia.

Three thousand police and carabinieri were massed around Nuoro in the province where 500 persons were slain in a blood-bath of violence in 1950-1955. Feud and vengeance killings have continued ever since.

Three years of massive army and police crackdown in Sicily have driven underground the looseknit outlaw alliance of the Mafia but have not wiped it out nor overcome the average Sicilian's fear of its power.

Seven centuries of bloodshed had made the Mafia a law above the law in Sicily until the bomb slaying of seven policemen aroused Parliament and prompted new laws and a tougher crackdown.

More than 10,000 soldiers and national police are in action on the island. At least 30 soldiers and police have died in gunfights with the outlaws since the war. Palermo alone has had 600 violent deaths since 1961. The inland town of Corleone, with 20,000 population in the heart of the Mafia country, had 150 killings in that time.

Sentenced In Slaying

SAN ANTONIO (AP)— Thomas Eggleston Jr., 26, was found guilty Sunday of slaying the 16-year-old son of a San Antonio grocer and was assessed a 99-year-prison sentence.

The victim, Jesse Eng, was shot to death Dec. 27 after he, his father and a brother pursued a bandit who had just robbed the Wah Uyen Grocery and Market, owned by the father.

Mrs. George Eng, mother of the victim, identified Eggleston as the person who held her up at gunpoint. The victim's 13-year-old brother also identified Eggleston as the man they had pursued from the store.

The state asked the death penalty.

Eggleston still faces a charge of robbery by assault with firearms, also a capital offense.

Because the verdict was returned by the jury on Sunday, Dist. Judge John Onion ordered that the verdict be entered formally Monday.

Cub Pack 61 Sets Meeting Tuesday

There will be a meeting of Cub Scout Pack 61 at 7:30 p.m. Tuesday at the North Elementary School.

All new Cub Scouts and boys from Northeast Elementary district who wish to become Cub Scouts are invited to attend, along with their parents.

US Sends Rail Experts To Viet Nam

By BOB HORTON

WASHINGTON (AP) — The tracks are often mined and the trackside is infested with snipers. But the Pentagon wants to open up the throttle on its use of the battered Vietnamese National Railway.

It has sent a team of railroad experts to South Viet Nam to study how the 1,200-mile narrow gauge line should be improved.

Only 400 miles is now considered safe for regular hauling. But even bolstering that much would ease mounting supply distribution pressures, say U.S. officials.

The Viet Cong guerrillas hit the railroad almost daily.

The Pentagon says it would require too many troops to keep the full length of the line open. The track runs from Saigon to the coast, then northward along the sea to North Viet Nam.

Rail service has not received priority attention because of the ready availability of sea shipping.

The United States provides locomotives and freight cars, but pays the government of South Viet Nam a tariff for hauling U.S. supplies aboard them.

The Agency for International Development says the United States has turned over to the South Vietnamese 48 diesel electric locomotives, 225 freight and tank cars, and shop equipment worth $7.8 million.

Experts See No Recession

WASHINGTON (AP) — Two top economic advisers to President Johnson say there is little chance of a recession next year.

But one, Secretary of the Treasury Henry H. Fowler, repeated his declaration that a tax increase is certainly in the realm of probability."

The other, Gardner Ackley, chairman of the President's Counil of Economic Advisers, said Sunday the danger for next year would be on the side of too much demand rather than too little." He said, "short of a sudden termination of the defense effort in Viet Nam, I see no prospect of a recession in 1967."

Fowler spoke on the ABC television-radio program "Issues and Answers." Ackley appeared on the CBS television-radio program "Face the Nation."

Fowler said that August apprehensions about rigidity in the financial market "are by the boards" in the wake of Johnson's anti-inflation recommendations.

Referring to a possible tax increase, Fowler said the President's advisers are "determined that we're going to pay our expenses out of current revenues."

Five Burned In Rig Fire

CARLSBAD, N. M. (AP) —A raging fire that followed an explosion at an oil-gas rig 16 miles east of Carlsbad Sunday burned five men, two of them critically.

Jim Lingle, 45, of 4236 Waverly St., Odessa, Edward D. Coebrane, 44 of 3410 Douglas, Midland, were listed as being in critical condition at a Carlsbad hospital.

A physician said both had burns over 50 per cent of their bodies.

Jack Brown, 41, of Midland, A. L. Hinson, 37, of Odessa, and A. O. Vowell, 58, Maljamar N. M. were listed in satisfactory condition.

The well Hudson-Fedral Pennzoil No. 1, was only about six weeks old. It was under the supervision of the Dean Stoltz Oil Co. of Midland. Flames shot an estimated 450 feet into the sky. The derrick withstood the intense heat for about 90 minutes before it melted and collapsed.

NEWSPAPERS SELL THE MOST!

Nobody Escapes Inflation's Spread

BUSINESS MIRROR
By JOHN CUNNIFF
AP Business News Analyst

NEW YORK (AP) — The fine drizzle of inflation that dampened the outlook of economic forecasters earlier this year has now become a steady rain. Everyone is wet, consumer and manufacturer, worker and employer.

Most importantly, housewives now have been caught in the downpour longer than nearly any other group—mainly because food prices have been at the head of this inflation—and everyone knows a wet housewife is an angry one.

No consolation, either, to learn that the big manufacturers of our basic products are now having the same problem, for they might resolve their costs in higher consumer prices.

Inflation now has become a basic issue in almost every home, the White House included.

So all-pervading is it that seldom can you consider the war in Viet Nam, disturbing as it is, without also considering the inflationary impact at home of our heavy military spending.

Military, government, consumer, business and labor have been competing hard for the nation's available goods and services, and in some instances, the rising cost of certain products is a reflection of this.

The cost of living index shows these higher prices concentrated in an area disturbing to householders, in food for example, in items such as milk, bread, eggs, bacon. The housewife remembers she had been told food prices would drop. She is angry.

Moreover, vacations cost more this year and medical bills went way up. Back-to-school clothes cost more in some areas than they did during the summer. And compared with a year ago clothing was up substantially.

All this is causing a few arguments around the kitchen table after the kids are in bed. The conclusion often is this: "We need more money." Thus, more pressure is generated on upcoming labor talks.

And look at what's ahead:

In October alone contracts expire at General Electric Co., 80,000 workers; Westinghouse, 55,000, and Bell Telephone, 91,300. In January the Lady Garment Worker contract expires, 81,000, and in March the Teamsters, about 340,000.

Auto labor contracts don't come up for renewal for a year, but the heat already is on.

In many areas of the economy there is a dearth of credit available and the goods aren't always there either. Neither are the guideposts present to restrain wages and prices. But demand seems to be present.

In theory, nothing now can stop labor from demanding a wage increase and business from seeking a price rise. And, in trip-action fashion, one frequently sets off the other.

Community Accepts New Family

By GENE SCHROEDER

DETROIT (AP) — On the sidewalk in front of his home, 5-year-old Gordon Wright Jr. played ball with a neighborhood friend, also 5.

Inside, Mrs. Wright prepared dinner in the modern kitchen of the two-story red brick Colonial home.

Two other children — Joyce, 7, and Cheryl, 9 — were in nearby Ferry Grammar School.

And the father, A. Gordon Wright, 36, prepared to wind up a busy day at the office so he could join his family in their new $40,000 home at Grosse Pointe Woods, a plush Detroit suburb.

It was a typical family pattern, repeated in thousands of American communities — except for one thing:

The Wrights are the first Negro family to live in the neighborhood.

When they moved in about two months ago, they were the targets of hostility and harassment.

"There were cranks going up and down the street — walking, driving, shouting 'nigger, get out'—and I just couldn't conceive of running into this sort of thing in 1966," said Wright, a regional director of the federal Economic Development Administration and son of a Cleveland millionaire.

All is serene now, Wright said.

"We're being treated with friendliness and courtesy, and our two girls have had no problems in school," he said. 'There have been no further incidents."

Other residents of Grosse Pointe Woods agree.

"The Wrights seem to have been accepted as just another new family in the neighborhood," said Circuit Judge Blair Moody Jr., chairman of the Grosse Pointe Human Relations Council.

'I'm not suggesting, though, that the problem has been completely resolved," added Moody, who lives about six blocks from the Wrights.

The problem is the fear of some homeowners that property values automatically drop when Negroes move into a neighborhood.

2 Killed By Hit-Run Auto

SAN ANTONIO (AP) — A car struck and killed two young women near the west edge of San Antonio late Sunday night, and a witness told police the driver sped away without stopping.

Authorities identified the victims today as Shirley Lugo, 18, and her sister, Mrs. Alice Borga, 23.

Sam Anderson, 35, said the automobile swerved right, hit the two women and narrowly missed their male companion as the trio walked beside U.S. 90.

"It had to be intentional," Anderson told investigators.

Police said the man who escaped informed Anderson that he and the young women alighted from a car a few minutes earlier after complaining to the man at the wheel that he was driving too fast.

Officers sought the driver for questioning.

Pipeliners Study Price Controls

By MAX B. SKELTON

HOT SPRINGS, Va. (AP) — Possible future trends in federal efforts to control wellhead prices of natural gas will be discussed the next three days by the nation's gas pipeline executives.

Specific objectives of a new nation-wide committee organized to ease such controls may be spelled out for the first time at the annual meeting of the Independent Natural Gas Association of America.

The policy-making trade organization for gas pipeliners also is to hear one of the first major speeches to be made by Lee C. White, the new chairman of the Federal Power Commission, the agency that has been seeking a price control formula the past 12 years.

The association represents practically all the pipeline firms that transport natural gas in every state except Hawaii. The membership also includes representatives of the producer and distributor segments of the gas industry.

The work of the new nationwide gas committee will be discussed Monday by William O. Senter, a retired Air Force lieutenant general who became the committee's executive vice president July 1.

The committee was organized last October with an announced intention of asking Congress to clarify the authority of the FPC to control the wellhead prices of natural gas sold into interstate commerce. Specific objectives and target dates, however, have not been revealed.

The committee was formed just two months after the FPC established a two-price area formula for gas from the Permian Basin of West Texas and Southeastern New Mexico.

The FPC has expressed hope its Permian decision, now being challenged in federal court, will set a pattern for price controls for 22 other major producing areas. Prior to adopting the area concept in 1960, the FPC had sought since 1954 to control prices by handling each producer case on an individual basis.

White, a former White House staff member and former Tennessee Valley Authority attorney, did not participate in the Permian proceedings but has indicated he believes the area formula is a practical approach to the problem.

White is to speak Tuesday on "The Natural Gas Industry—a Time for Reappraisal."

The pipeliners also may discuss methods for meeting intensified competition from the electric power industry.

A year ago the association authorized the appointment of a special committee to explore ways the gas industry can combat power industry objectives that include 19 million electrically heated homes by 1980. The gas industry now supplies about 93 per cent of the home heating market but this would be reduced to an estimated 66 per cent should the electric power industry attain its 1980 goal.

W. A. Strauss, association president from Omaha, Neb., is to submit his report Monday afternoon. Strauss is board chairman of the Northern Natural Gas Co.

Other speakers Tuesday include Senator Gale W. Mcgee, D-Wyo., and Martin R. Gainsburgh, New York City, senior vice president of the National Industrial Conference Board.

An unusual agreement with Tanzania's Masai warriors is protecting the fossils of ancient man at Olduvai Gorge. Under the pact, anthropologist Louis S. B. Leakey is building dams, with the help of the National Geographic Society, to supply the Masai with water. For their part the tribesmen have agreed to stay out of excavation areas where their cattle might trample fossil bones.

HAZARDOUS SCHOOL ROUTE — Five of Earl Stacy's seven school-age children cross Quicksand Creek in the Mountains of Eastern Kentucky on the 2½-mile route they would have to take to the nearest school bus stop. Stacy said he will keep the children home unless the school can send the bus closer to their home near Jackson, Ky. Stacy, father of 16, is facing jail and the loss of almost half of his $250-a-month income from a federal assistance program because of his decision. (AP Wirephoto)

Church's Future Dark, Says King

By TOM JOHNSON

DALLAS (AP) — Dr. Martin Luther King forecast a gloomy future Sunday for the American church unless it comes to grips with racial inequality and ceases to "mouth pious irrelevances and sanctimonious trivialities."

In Dallas to address the annual meeting of the International Convention of the Christian Churches (Disciples of Christ), King said the church must recapture its prophetic zeal or become "little more than an irrelvant social club with a thin veneer of religiosity."

The Atlanta civil rights leader continued:

Honesty impels us to admit that religious bodies in America have not been faithful to their prophetic mission on the question of racial justice."

At an airport news conference before the church meeting, King charged that the high proportion of Negroes among American combat troops in Viet Nam reflects "the deep pattern of discrimination in our country."

"We need to rectify this system, where only 10 per cent of the population is Negro, but 20 per cent or so of combat troops in Viet Nam are Negro," King said.

He also told reporters that "Black Power" is "an unfortunate use of words" and went on:

"I agree with its use when it means the massing of the economic and political strength of Negroes. But if it means black separatism, then I have to disagree.

"I believe in striped power —black and white together. No more tragic development could befall our country than to substitute one tyranny for another."

Another speaker at the church convention, a former president of the American Bar Association, indirectly attacked King on the use of civil disobedience, which King has long advocated for Negro rights.

Dr. Robert G. Storey, also a former vice chairman of the U.S. Civil Rights Commission, said that some participants in civil disobedience "excuse themselves with the statement that the law against which they protest is illegal."

Storey said it was up to the courts to determine whether any law was legal or illegal.

The third speaker, the Most Rev. John J. Wright, bishop of the Roman Catholic diocese of Pittsburgh, Pa., said it was a "logical and psychological absurdity" for Christians to love "humanity."

"Humanity has no address, you cannot send it a Christmas card," the bishop said. He advocated the love of individual persons instead.

King said it was a "stench in the nostrils of God" for opponents of Negroes civil rights to say that Negroes are not ready or the time is not ripe for full racial integration.

"The time is always right to do what is right" he said.

Oilmen Say Supply Woes Will Appear

By MAX B. SKELTON

HOT SPRINGS, Va. (AP) — A spokesman for natural gas producers said today federal regulatory policies are contributing to adverse supply trends within the industry.

William O. Senter, Washington D.C., said meaningful changes are needed in that continuation of such trends will create a gas supply problem.

Senter said a new nationwide gas supply committee of which he is executive vice-president will ask Congress to remedy the situation before the problem creates widespread anxiety.

"Stated quite simply, producers believe the time to make this approach is now," Senter said.

He spoke before the annual meeting of the Independent Natural Gas Association of America, a trade group that represents practically all the interstate pipeline firms that transport gas into every state except Hawaii.

The gas supply committee was organized by producers after the Federal Power Commission (FPC) set a two-price system last year for gas sold into interstate commerce from the Permian Basin area of West Texas and Southeastern New Mexico.

The FPC plans to use the Permian formula as a pattern for establishing price control for 22 other major gas-producing areas.

Producers are challenging the Permian formula in federal court. They contend the Permian prices are too low to provide incentives for them to explore for new reserves needed to bolster future supplies.

Senter said producers need help from pipeliners and distributors. He indicated details of the type legislation to be sought will not be developed until a united front by all segments of the industry is assured.

"We expect to gain this broad-based industry support in the same way we expect to obtain an affirmative vote in Congress—on the merits of our proposals and the persuasiveness of the facts on which they are based," he said.

Two bills to clarify FPC's authority to control wellhead prices of gas were vetoed by Presidents Harry S. Truman and Dwight D. Eisenhower.

Truman said a 1948 bill was not in the best interests of the public. Eisenhower favored a 1956 bill, but based his veto on what he called "arrogant lobbying activities" by small segments of the gas industry.

ON BOARD — Sidney Long, vocational agriculture teacher at Borden County High School at Gail, has been elected to the board of directors of the Vocational Agriculture Teachers Association of Texas.

To Be Tried For Verwoerd's Death

CAPE TOWN, South Africa (AP)—Dimitriot Tsafendas is to go on trial in Cape Town's Supreme Court Oct. 17 for the assassination of Prime Minister Hendrick F. Verwoerd, stabbed to death on the floor of Parliament early this month.

Murder in Africa carries the death penalty. Execution is by hanging.

Youth Sought In Stabbing Death

KENILWORTH, Ill. (AP) — A 19-year-old youth was sought for questioning in the Valerie Percy slaying today as police beefed up their forces for a long investigation.

The investigation "is going to take a long time," said Kenilworth Police Chief Robert M. Daley. He said state troopers had joined his 11-man force trying to track down the slayer of Miss Percy, 21, daughter of Charles H. Percy, GOP nominee for the U. S. Senate from Illinois.

Police sought for questioning a youth about 19 who spoke to Valerie and her twin sister, Sharon, some 30 hours before Valerie was killed.

Police said the girls sat near the youth in an elevated train car as they returned home from their father's Chicago campaign headquarters. They quoted Sharon as saying her sister introduced the youth by his first name only.

Sharon told police the conversation then ended. She said the youth transferred trains with them and got off at their stop, walked behind them a short distance and then took another path.

The Percy family went into seclusion at an undisclosed location.

Police reported that Percy and Sharon Percy had given them new leads. Chief Daley said the information had been relayed by a family friend.

Without disclosing specifics, Daley said they had given him the names of new possible suspects and additional information on persons previously considered suspects.

Valerie Percy was beaten and stabbed repeatedly Sept. 18 in the Percy home.

Mexican Police Check For Escaped Prisoner

WHARTON, Tex. (AP) —Mexican police are checking a report that an escaped Texas convict has crossed the border and is at Monterrey.

The escapee, Hearne Edward Smith, 31, has been charged with murder here in the shooting death last week of Nellie Dee Stoner of Rosharon, Tex.

Smith escaped about a week ago from Ramsey prison unit in Brazoria County of Central Texas.

He was believed seen last Friday in McAllen and Texas authorities combed the Lower Rio Grande Valley for him over the weekend.

Innovations Are Plentiful In New Jesse Jones Hall

HOUSTON (AP) — Architectural innovations abound in the Jesse H. Jones Hall for the Performing Arts, the majestic structure rising in downtown Houston that opens in six days.

Two of the most striking features of the $6.7 million hall are the honeycomb-like ceiling of the auditorium and the multi-purpose stage.

The ceiling, which weighs 110 tons, consists of 870 hexagon-shaped sections that can be individually raised or lowered electronically so it can be acoustically tuned.

Called the first of its kind in the world, the ceiling was developed by Yale University physicist George Izenour, the hall's architects, Caudill Rowlett & Scott of Houston and New York, and the acoustical firm of Bolt, Beranek and Newman of Cambridge, Mass.

With the aid of a computer, it can be adjusted to change acoustics to fit the seating capacities from the maximum of 3,001 to 2,400, 2,200 or 1,800. Izenour says the hall presents the "first articulated ceiling in the history of theater construction."

At present, 11 other buildings are being fitted with similar ceilings.

Officials so far have declined to comment on the acoustics, but musicians who tested it, including members of the Houston Symphony orchestra, have been jubilant over what they heard.

The Houston Symphony Orchestra, which opens a month-long Houston arts festival with its grand opening concert next Monday, will find itself within a 68-ton acoustical shell.

The device folds back against the stage walls when not in use. When needed, a computer starts a motor that rolls two teakwood walls on tracks into position, forming a back wall. Acoustical hexagons like those in the auditorium folddown to complete the shell.

Adding as much as 18 feet to the depth of the stage is the orchestra pit, which can be mechanically elevated to stage level. A total of 100 musicians can be accomodated.

The hall officially opens Sunday in civic ceremonies for invited guests that include 700 of the workmen who helped build the giant gift to the city.

On the following day, famed conductor Sir John Barbirolli will direct the symphony at the opening concert.

Wednesday, Oct. 5, will see the Houston Grand Opera Association's Production of Aida, starring Gabriella Tucci and Richard Tucker of the Metropolitan Opera. Aida again will be staged Oct. 7 and 9.

The city center joffrey ballet is due Oct. 6 and two days later Errol Gardner, George Wein and the Newport Jazz All-Stars will present a jazz concert.

Carol Channing will follow on Oct. 12 in the first of eight performances of "Hello, Dolly."

Barber Says President 'Meticulous'

WASHINGTON (AP) — President Johnson is like any other American male in his barber's chair: Somedays chatty, somedays reading — but very interested in how his haircut looks.

"He's pretty fussy and very meticulous," says his barber, Steve Martini. "He makes little remarks about his hair. He's also very human and kind. He tries to keep his appointments right on time."

Martini, 52, is the son of Italian immigrants. Barbers have been in his family for several hundred years. He's been cutting the hair of presidents since Dwight D. Eisenhower borrowed him from the Pentagon barber shop.

"I just happened to be at the right place at the right time," the barber said in an interview.

Last week President Johnson said Martini was one of his "most influential counselors, believe it or not." Martini thinks he's over-rated. "I never talk to him too much, unless he talks to me. He has his own thoughts," Martini said.

Martini has a shop in Washington, but goes to the White House weekly to cut the President's hair. He operates in a little shop beneath the President's west wing office and allots half an hour for the executive clip — "European style, with a razor."

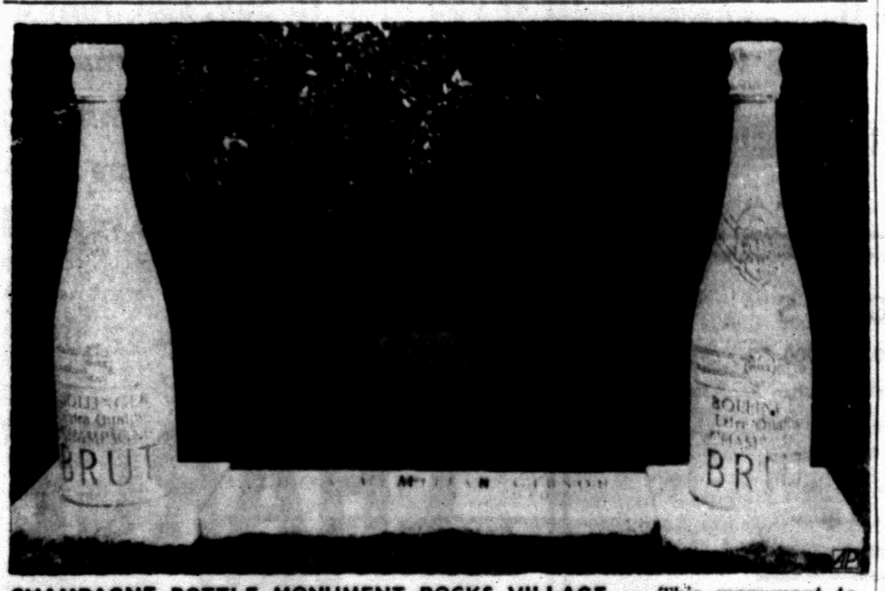

Machine For Quarters Not For Fingers

DALLAS Tex. (AP)—Richard Meletio, 9, poked a finger into a vending machine slot designed only for quarters.

"I was just fooling around," he said.

He was at a bowling center near his home.

It was an hour and 27 minutes later before firemen hacksawed the metal slot and used pliers to free Richard's finger.

CHAMPAGNE BOTTLE MONUMENT ROCKS VILLAGE — This monument to James McMillan Gibson featuring two jeroboam size champagne bottles has been removed from the First Parish Cemetery in York, Maine. Relatives of persons buried nearby complained the monument was becoming a major tourist attraction. Gibson, a multimillionaire, died in Palm Beach last May. He sold his home in the Georgetown section of Washington to Jacqueline Kennedy. (AP Wirephoto).
