City Raises Tax Ratio and Approves Gas Rate Increase

The City Council Monday night voted to increase the ratio of assessment for taxes from 33⅓ per cent to 40 per cent. The tax rate is $1.50 per $100 valuation. It was reported that this move will produce approximately $30,000 additional revenue which city officials estimate will be needed to operate city services during the next fiscal year.

This action was by split vote with Alderman Charlie Garrett voting no and Aldermen N.F. Jackson, Dan Ward and Dr. J. Martin Shaw voting yes.

Before approving the tax ratio increase, the aldermen were informed by Mayor Walter S. Falk, Jr., that tax exemptions for persons 65 and older and for veterans, in special instances, will cut into the amount the city will be receiving from taxes.

In regard to the gas rate increase, the fuel cost adjustment will produce only modest hikes in consumers' gas bills. For example, Vernon Kleypas, operations manager of Aransas Natural Gas Co., said that the minimum bill would go up only 43 cents per month, or an increase from $3.59 to $4.02.

Kleypas said: "In accordance with the terms of Exhibit "A" of Ordinance No. 346 dated the 8th day of October, 1973, we are hereby notifying the City Secretary of an increase of $.1428 per thousand cubic feet in Aransas Natural Gas's average unit cost of natural gas. A copy of Ordinance No. 346 is attached. On March 31, 1975 the average cost for the prior twelve months was $.2653 and on January 31, 1976 the average cost was $.4081 or an increase of $.1428 per thousand cubic feet.

"We propose to increase all of the gas rate schedules to reflect this $.1428 per thousand cubic feet as provided for in Section 4 of Ordinance No. 346. Enclosed is Exhibit "A" which shows the new tentative rate schedule together with comparisons with the old rate.

"Also attached is Exhibit "B" which is a detailed statement of our natural gas costs over the twelve month period ending January 31, 1976. At the beginning of this period our cost of natural gas from Valley Pipe Line was $.754 per thousand cubic feet. In December of 1975, the cost from Valley Pipe Line was $1.5333 per thousand cubic feet or a 103% increase. Our average cost is extremely low because of our favorable long-term contract with Emory M. Spencer-Hunt for local gas. Our cost of gas from the Spencer-Hunt connection will increase to the current field price in March of 1978. The field price for gas is currently $1.50 to $2.25 per thousand cubic feet.

"Our proposed gas rate schedule is less than any gas company in this area. We are happy to be in a position to sell gas at this rate, but in 1978 our rates will need to be considerably higher."

In other actions, the Council:

--Approved a reimbursement agreement with Linwood Bland and a number of other Key Allegro property owners for a special sewer project to serve them and possibly others in the future.

--Jim Johnson and Coy Truelove of the Texas Highway Department appeared before the Council and said the state had designated $100,000 for farm-to-market road improvements in this area. The Council recommended that Broadway (better known as Fulton Beach Road) be considered, beginning at the Y at the intersection of Highway 35 North and Fulton Beach Road and proceeding north as far as the funds would defray the cost.

--Regarding insurance matters, the Council awarded a contract to Glass, Sorenson & McDavid Insurance for a Hartford policy for hospitalization insurance for city employees. This was the only bid submitted.

For liability insurance coverage for city officials and employees, the Council by split vote awarded a contract to Joe Hugenberg Insurance. Hugenberg and Glass, Sorenson & McDavid submitted identical bids for coverage by the same insurance company. Garrett voted against awarding the contract to Hugenberg, and Jackson, Ward and Shaw voted in favor of the action.

--Approved request from Sandra Courts for building permit for pier in Little Bay.

Pilot Sets Deadline of 5 P.M. Monday for Ads and News Items

The Rockport Pilot has found it necessary to establish a new deadline for receiving ads and news articles.

The deadline for all ads (display and classified) and for all news items is 5 p.m. each Monday.

The reason for the deadline change (from Tuesday noon to 5 p.m. Monday) is that a change has been made in the schedule of the printing firm in Sinton which prints our paper. This firm prints more than 15 area weekly newspapers.

In order to have the Pilot printed on time for distribution in the Rockport area on Wednesday, we will have to deliver the page paste-up to Sinton earlier than in the past.

Some ads and stories can be brought in, or mailed in, on Wednesday, Thursday or Friday for use the following week, and this will help us greatly to continue publishing what we trust is an interesting and informative newspaper.

We hope that the new Monday 5 p.m. deadline will not inconvenience our friends who supply the ads and news articles which are vital to our existence. We will appreciate your understanding and cooperation.

PALM VILLAGE DISAPPEARING — Palm Village tourist cottages, which accommodated hundreds of vacationers for more than 40 years are undergoing demolition to be replaced by a $5 million condominium resort complex.

Wage Reports for Household Workers are Due April 30

Quarterly wage reports and social security contributions for household workers are due by April 30, according to Al Roiz, assistant district manager of the Corpus Christi Social Security district.

People who pay a household worker $50 or more in cash wages in any 3-month calendar quarter must send a report of the wages, along with the social security contribution, to the Internal Revenue Service within one month after the end of the quarter.

"Wage reports and social security contributions for January, February, and March of 1976 are due by April 30," Roiz said.

The wage report may be filed on a form available at any Internal Revenue Service Office - Employer's Quarterly Tax Return for Household Employees (for Social Security).

The social security contribution for a household employee is 5.85 percent of covered wages, and the employer pays a matching amount.

Social security contributions build retirement, disability, survivors, and Medicare protection for workers and their families. People who employ household workers can get a free copy of the leaflet, Social Security and your household employees, at the Social Security office, 5733 South Padre Island Drive, Corpus Christi, Texas.

As pledges are collected, additional money will be distributed to the agencies. It is anticipated the balance will be paid to the Fund by the end of the fiscal year June 30, according to Director-Secretary Loyce Landrum.

A nominating committee composed of Lola L. Bonner, Ruby Hart and Curtis Goodman was named to nominate directors and officers for the 1976-77 fiscal year.

$5 Million Condominium Resort To Replace Palm Village on Bay

Palm Village, one of the most popular bayfront tourist resorts for over 40 years, is being torn down to make way for a $5 million condominium resort project.

Built in the 1930s by Henry Stumberg, Palm Village developed into almost an institution or a way of life for hundreds of people who came here in summers and winters to enjoy the easy life and go fishing, sailing, swimming or just relaxing on the beach.

Arlo Hansen of Rockport owned and operated Palm Village from 1956 until 1974 when he sold it to Key Allegro Condominiums, Inc.

When Hansen talks about Palm Village he sounds as though he is talking about a friend and he feels compelled to explain why he finally agreed to sell--limited revenue from old cottages needing repair, increasing taxes, and the opportunity to start taking life easy.

"I still get wedding announcements, graduation announcements, Christmas cards, birth announcements and other greetings and letters from scores of people who stayed at Palm Village over the years," Hansen explains. He points out that more than 50 people now living in the Rockport area moved here after having stayed at Palm Village.

When the demolition work is competed at Palm Village and the last pink cottage has been removed, work will begin immediately on the $5 million condominium resort project, tentatively named Allegro North, according to Carl C. Krueger, Jr., president of Key Allegro Condominiums, Inc., of Rockport.

Replacing Palm Village and Blevins Harbor (which adjoins Palm Village on the south), the new project will be located directly north of Key Allegro.

It will consist of 92 apartment units, two swimming pools, two championship Laykol tennis courts, fishing pier, 1,000 foot-long private beach, and private boat harbor, with the entire complex on Aransas Bay beachfront.

Conwell Smith, president of Bayshore Building Company, contractors for the complex, said construction work on phase 1, consisting of 32 apartment units, is expected to be completed within six months.

This notice is given in accordance with Article 7.15 Texas Election Code, governing the use of Electronic Voting Equipment.

DELAY IN ABSENTEE BALLOTING EXPLAINED

Absentee balloting by personal appearance in the office of the County Clerk, Ruby Hart, was delayed this year by several hours because the ballot pages from the Austin printer failed to arrive on time. Contact with the printer revealed that two factors contributed to the failure to timely deliver the ballots for Aransas County: first was the extended filing deadline caused by the unexpected resignation of Justice W.A. Morrison from the Court of Criminal Appeals and second was the last-minute decision by the Travis County Democratic Executive Committee, for whom the printer performs service, to open six substations for absentee balloting.

Candidates seeking Judge Morrison's position had until April 5 in which to file for the position, which decreased the time in which all printers had to comply with deadlines. The burden of printing additional ballot pages for Travis County altered the printers schedule to the detriment of our local voting.

The fourteen voters who appeared Monday morning, April 19th, to vote indicated understanding when the circumstances were explained to them by Mrs. Hart. It was felt that all voters should have the benefit of this explanation.

DECISION MADE ON BURIAL SITE

Bryan Lynch will be buried in the family plot in Sommerville.

Dist. Judge Noah Kennedy issued an order Monday to Maxwell P. Dunne Funeral Home to follow the burial instructions issued by Michael Gian, who had been given power of attorney by Warren Lynch, father of Bryan Lynch. The younger Lynch died Apr. 22 of injuries suffered in a traffic accident April 16.

The elder Lynch, who is in Aransas County jail on violation of probation on a marijuana conviction, contested the plans of his son's mother, Mrs. Franklin Vrana of Wellington, Kan., to have the burial in Kansas.

Gian filed the suit after the funeral home received an order from Yost Funeral Home in Wellington, Kan. to ship the body there.

A probation officer, Ruben A. Gonzalez, testified that young Lynch had told him that it would be his father who would know his whereabouts at any time.

Young Lynch was on probation for burglary and had spent the last five years with his father.

The elder Lynch attracted national attention when he held police at bay for 18 hours in February at his alligator farm.

Income Tax Speech Topic

"What Happens to Your Income Tax Return" was the subject of a discussion by Roy Hicks, local public accountant, at a luncheon meeting of Rotary Club April 21 at Sandollar Restaurant.

Hicks said about 31 per cent of 1975 reports have not yet been filed because of extensions granted. He also said fewer returns are being audited but more sophicated computer machines and procedures are making it easier to spot returns that should be reviewed. As a result, audits are producing an increasing amount of tax money, he said.

Hicks also asserted income tax returns are becoming so complicated and involved that it is difficult to complete a fully accurate return even bv an experienced accountant. He added that a recent survey showed three out of four returns on which taxpayers were helped by Internal Revenue people were faulty.

The speaker outlined the involved procedure used in processing returns after they are received by the district office. This includes sorting by state and class of income followed by a personal scanning for obvious errors. Next, returns go to a so-called "thinking" computer that "reads" the return for mathematical errors. The next step is to put the return data on tape which is sent to a computer center in Martinsville, Va., where the tape is compared by computer with previous returns.It is here that possible refunds are determined.

Hicks said the original tape is then returned to the district office after coding for probability of error. Next, certain returns are selected for individual examination. At this point computers pick out returns which have certain characteristics which indicate probable error. Just how this selection is made is a closely guarded secret, according to Hicks. In general, returns of the self-employed and business firms, as well as returns showing high income are most likely candidates for auditing.

He reported that approximately 435 million pieces of supporting information are received from other sources than individual income tax reports. This information is matched with tax returns at the Martinville center, Hicks said, adding that audits generally are a year behind original returns. He suggested that supporting income tax data be kept for five years.

Few Whoopers Seen in Flyway

The migratory habits of the endangered whooping crane remain mysteries to wildlife experts, and now there's even a bigger question - just where are 54 of the big birds.

There are 61 whooping cranes in existence - 57 of them which winter at the Aransas Wildlife Refuge along the Texas Gulf Coast, the other four which winter with the sandhill cranes in New Mexico.

The Texas flock migrates northward each spring on a route taking them over the Texas and Oklahoma Panhandles, central Kansas, Nebraska and South Dakota. From there, they veer to the northwest, passing over northwestern North Dakota or eastern Montana, and into the Canadian province of Alberta.

The summer nesting grounds are in the Wood Buffalo National Park, a wilderness area in northeastern Alberta and in the Northwest Territory.

Only three of the whoopers, a male, a female and a young bird, remained at Aransas Refuge as of April 20, according to Lee Marlatt, assistant manager of the Aransas refuge. The others have flown the coop in various numbers.

Marlatt said he looks for the final three whoopers to be gone within a few days when the next aerial survey of the area is slated.

The migration began early this month, and while most of the birds have been gone for more than a week, there have been very few sightings along the flyway.

There have been no confirmed sightings in Oklahoma or Kansas, and only one in Nebraska, where a deadly fowl cholera still plagues several lagoons in the central part of the state near Holdrege.

Last year the cholera killed more than 20,000 ducks, geese and other birds. This year the death toll stands at about 7,500.

Last year, several whoopers sat down to rest right in the middle of the cholera-infested area. Volunteers and wildlife workers using aircraft, guns and anything else that would make a loud noise, pushed a frantic and successful effort to haze the birds out of the area.

Officials do not know if the whoopers are susceptible to the cholera, and they don't particularly want to find out-especially by having the cranes again landing in the area near Holdrege. Preparations have been made to scare the whoopers away from the area if they land there this year, and aerial surveys of the area are made on a nightly basis.

Last year's brief brush with the cholera had no apparent ill effects on the birds.

The cholera now appears to be under control, according th Larry Oborny, a biologist with the U.S. Fish and Wildlife Service in Grand Island, Neb.

The Kinsey Report

Like everyone else, I'll be glad when the primary elections are over May 1st.

One of the main reasons is this: What do you say to two candidates seeking the same job, when both of them are friends of yours, and each says, "I sure would appreciate your vote."

In some instances, you have made up your mind, In other cases, you are still undecided. In either event, what do you say when you like both candidates.

You'd like to continue your friendship with the one you do not intend to vote for. If you're a person who tells the truth, it goes against your grain to say, "I'm going to vote for you," when you actually do not intend to do so.

I'm not overburdened with friends, so I'd like to hang onto those that I have. So I'm not about to say, "Sorry, I'm not going to vote for you because I think your opponent will do a better job."

From the standpoint of the primaries as the American process of choosing men and women to represent us in government, I think it is very good that there is some healthy competition this year.

Let's all get out and vote!

SHAWS ATTEND CONVENTION

Dr. and Mrs. J. Martin Shaw recently attended the state convention of Ethical Optometrists in Houston. The three day meeting ended Apr. 26 with a record number of optometrists in attendance.

Dr. Shaw attended five seminars during the three-day convention ranging from special techniques of eye disease diagnosis to the latest developments in contact lens materials and techniques.

Also, during the convention he was appointed chairman of the State Optometric Development Fund. It will be this committee's job to assist the University of Houston with extra funds for special equipment needed in the new optometry college building due to open in November of 1976.

Mrs. Shaw visited friends not seen in many years during their stay in her hometown, Houston.

Library News

A 2-volume set "A New Age Now Begins," by Page Smith has been added to the library collection. The book is a people's history of the American Revolution. Mr. Smith, the author of the first major work on the Revolution in almost a hundred years, has the advantage, in trying to interpret the Revolution for the modern reader, of three crucial intervening episodes in our history:

World Wars I and II and the Vietnam War. The author has incorporated what the history of his own times has taught him into this narrative of the American Revolution. New to the library also is J. Bronowski's "The Ascent of Man" and "The Homecoming" by Norah Lofts.

Story Hour is scheduled for May 6, 10:30 to 11:00 a.m. Preschool children are invited to attend this event.

The library gratefully acknowledges donations of books and memorials from the following: Mrs. John Munro, Mrs. Robert Dufner, Mary Harrist, Mrs. J.K. DeForest, Mr. and Mrs. A.C. Hamon, Mervin Sours, Harry Cole and the Woman's Club of Aransas County, Inc. Rotary contributions for purchase of Bicentennial books were received from J.M. Shellenbergar, D.D.S., and Fred Bracht, Sr.

Each boy ran his best, but age was with Johnny and he won by a fair margin. Due to high winds Johnny ran a 1:58 and David a 2:06. In better conditions Johnny has run a 1:45 while David has run a 1:48. Each boy is in the top running for the Presidential Award.

"Oh, things are terrific around here since you left." "I'll bet. You know I miss you guys." "How do you like your new house?" "Oh, Suzie, it's terrific." "Did you get what you wanted?" "That and more." "Well?" "Well what?" "Tell me about your stupid new house." "Suzie, it's fabulous." "Did you get the big back yard you wanted?" "Three acres with a pond." "Do you have a garden?" "We have a greenhouse!" "Do you have a nice kitchen?" "A huge kitchen with all new appliances!" "Do you have some aspirin?" "Aspirin?" "Yeah, you're making me sick." "You should complain. You're not exactly living in a dump." "How does Fred like his new job?" "Suzie, he's a new man." "He likes it?" "He loves it. Absolutely loves it." "That's good." "How is Jack?" "Fine. He's going through a do-it-yourself phase right now." "Oh, good." "Everytime I ask him to do something, he yells 'Do it yourself!" "Oh, not good." "When are you coming to visit us?" "When are you going to invite us?" "You know you have a standing invitation." "Yeah, but we'd rather sit." "I'm serious. When are you coming?" "Name a date." "How about in a few weeks... say the week of the 29th?" "Wait a minute, let me get my calendar... the 29th?" "That's a Saturday." "Yeah. Sounds good." "Okay, it's a deal. We'll be expecting you." "What do you want us to bring?" "Just your sense of humor." "No." "No?" "Just joking." "Funny." "You missed a great party at the Smiths' last night." "They had a party? They never have parties." "They've been waiting for you to move away." "What happened?" "Well, for starters, Jackie's dog ate the main course before any of the guests arrived." "You're kidding." "No. Then the air conditioning went on the blink." "No wonder they never had any parties. What did everyone do?" "We starved and perspired a lot." "Sounds awful." "Speaking of starving, how's the old diet?" "I'll tell you if you tell me." "125" "Oh, Susan! You've been cheating!" "No I haven't." "Well how can you lose weight if you've been eating?" "How about you?" "I'm not telling." "Come on." "One fxvie five." "What?" "One fxvie five." "Marge, you're mumbling." "One fxvie five." "One forty five?" "Less." "One thirty five?" "See, that's not so bad." "That's terrible." "I know." "What's your excuse?" "A perfectly understandable insecurity resulting from having to adapt to new surroundings." "New surroundings. The only new surroundings you're gonna have to adapt to is the lard surrounding your midsection." "Hey, look. Go easy kid. I don't have you to nag me any more." "Well, it hasn't been easy for me either." "You wouldn't believe the food prices here." "Oh?" "Low." "Low?" "Low." "No wonder you're eating so much." "I'm not kidding..." "Neither am I." "...I'm saving about 15 dollars a week over what I used to pay." "You're kidding!" "I'm not kidding." "Sounds like you got a raise, too." "Right. 15 dollars to blow on anything I like... toilet paper, floor wax and soap." "Don't forget laundry detergent." "Right." "Hey, you took something of mine when you left." "Your yellow sweater?" "Did you take my sweater?" "Sorry, I wasn't going to tell you." "That's okay. You keep my sweater and I'll keep your skirt." "Skirt?" "You know, the one with all the animals on it?" "Oh, yeah. I'd forgotten about that." "Is it a deal?" "We'll trade when you come to visit." "Sour puss. I'm sorry I even brought the subject up." "What were you going to say?" "I was going to say that you took my Suzie Fu Yung recipe." "Did I?" "Yes." "I'll give you that too when you come." "Good." "See? Just think of all the nice things awaiting you when you come." "I can't wait. Hey, I have something for you." "What?" "A riddle." "Shoot." "What has four holder-uppers, four puller-downers, a pair of lookers, and a swishy-wishy?" "I don't know, what?" "I'll tell you when we come to visit." "Oh, no you don't!" "Bye." "Come on, tell me!" "Bye." "Suzie!"

Calvary Baptist Dedication Set

The Calvary Baptist Church, 123 S. Doughty, has recently completed a new education building and fellowship hall and extensive remodeling of the church auditorium. The new education building provides additional Sunday School space, a new kitchen and space for receptions, banquets, meetings and recreation. The auditorium has been enlarged, a new baptistry installed, more pews added, wall-to-wall carpeting installed, new lighting and improved choir loft and pulpit platform.

Formal dedication of these facilities will be held during the morning worship service at 10:50 A.M., May 9. Rev. Tom Ratcliff, Area Missionary for the Blanco Bend Area will bring the message. In addition, the church will hold several evangelistic rallies followed by open house. Rev. Price of The Greater First Church, Rockport, and their choir will conduct the meeting Friday, May 7 at 7:30 P.M. Rev. W.D. Broadway of the First Baptist Church, Portland, will be the speaker and a singing group from the Edroy Temple Bautista will be featured Saturday, May 8 at 7:30 P.M. Sunday night, May 9 at 6:00 P.M. a Youth Rally conducted by the youth group from Pettus First Baptist Church will be held.

Open house and refreshments will follow each night meeting. The public is invited to attend these meetings and to look over the church facilities. A nursery will be provided at all services.

GRADUATES HONORED

Andy McDavid, Claire Picton and Sara Shenk, graduate candidates of Rockport-Fulton High School, and Jeff Steen of Cuero, were honored by Jeff Dietze at his home on Key Allegro on April 24.

Following a barbecue supper, dancing was enjoyed by thirty of the honorees' friends and classmates.

Special guests were Mr. and Mrs. Lias "Bubba" Steen who were house guests of Mr. and Mrs. Linwood Bland.

Character is what makes individuals do more than the law required.

Tennis Star Is Injured

Jimmy Aleman, member of Rockport-Fulton High School varsity tennis team, suffered a disabling injury last Friday when the fingers of his left hand were severely lacerated as he was working with a table saw in the high school shop. One finger was reported to have been vertually severed.

He was taken to Memorial Medical Center in Corpus Christi where surgeons worked on his hand for several hours. It is reported that the procedure was successful and that he is expected to recover full use of his hand.

The Steve Allen-Aleman duo has defeated all boys doubles teams in the region with one exception, and the local high school team as a whole has had the most successful season in the history of the school.

Aleman was expected to be in the hospital for about a week.

First Grade, Kindergarten Registration

Parents with children who will be in the First Grade or Kindergarten for the 1976-77 school year may register their children at any of the Elementary schools during the week of May 3 through May 7. The child must be five years of age on or before September 1, 1976 to enter Kindergarten, and six years old on or before September 1. 1976 to enter the First Grade. If a student is attending Public School Kindergarten at Rockport Elementary this year it will not be necessary to register them for the First Grade.

To register a student for the First Grade or Kindergarten, it will be necessary to bring their birth certificate and immunization record. The immunization record must be up to date with the following shots complete: D.P.T. series or booster since their fourth birthday, Polio series or booster since their fourth birthday, Measles-vaccine or history of illness, Rubella-vaccine. If a parent has any question about registration they should call one of the elementary schools' office.

A.C. RAIDERS NEWS

The Raiders girls softball team has played their first three games in their division, winning one and losing 2. The girls are facing strong competition since A & B teams are played against each other.

Corpus Christi is sporting two girls teams that took state honors last year, so competition is pretty keen.

Our girls are working under a great deal of strain, facing their first year of playing and facing top teams in state and facing a pretty good age handicap.

All the Rockport girls are under age 15 with the exception of Barbara Lewis, 18. Most of their competition is between 15 and 18.

The girls playing in the 3 games are Helena Lewis, captain, Theresa Lewis, co-captain, Brenda Lewis, Barbara Lewis, Alma and Connie Rivera, Belinda Cross, Cindy Gordon, Mamie Gonzales, Vera Green, Darlene Dillworth, Carrie Shuff, Julie Coggins and Carolyn Farnsworth.

Thanks to the efforts of Felix Solis of Los Amigos Restaurant and A.C. Raiders women team, these Rockport girls are getting a chance to play good competitive ball in an organized league this year.

NURSING HOME NEWS APRIL 19-25

The Aransas Pass Nursing and Convalescent Center had another busy and very enjoyable week of activities.

Monday evening the wonderfully talented family of Bro. Alton Pruitt from the Aransas Pass Pentecostal Church of God and other members of their young people's group were out to entertain and inspire our residents with their music and some of the most beautiful music I have ever heard.

Mrs. McCormack also sang several songs for us. It was a very nice thing for Mrs. Marie Gree who came with them to bake homemade cookies for our residents to have for snack time that evening.

Tuesday morning the ladies and Rev. Gall were out to have their program and to present a nice gift to each one having a birthday this month. Rev. Gall and Mrs. Gall and all the ladies from the First Assembly of God Church of Aransas Pass have been doing this for two years and we feel that they, as well as all the other groups and individuals who come out and do so many nice things for us, really do care.

Tuesday afternoon the Aransas Pass Ladies V.F.W. Auxiliary were out for their monthly game day which is always enjoyed.

Tuesday evening was movie night but Susan McVey had some trouble with her projector, but the evening was still a big success, because our very own "Pat and Al, the Musical Pals" were on hand to bring us a very nice musical program. Adding to this evening of fun was Belinda Ritz, one of our LVN's, coming out popping and serving popcorn to residents. Gee, thanks! Belinda, they all really enjoyed it.

Wednesday evening Jean Windham and her helpers were out for the "paint class."

Wednesday afternoon the Friendship Club of the Mobile Inn Trailer Park of Fulton were here for their game day. By the way, this group needs some volunteers to come out and help them on this day, so if anyone has an hour or two and would like to come out and assist this group, just let us know.

Thursday morning the Pentecostal Hour was held and led by Bro. Alton Pruitt.

Saturday afternoon Father James Hamilton was out to give Holy Communion to our Catholic residents.

Then came Saturday night! As most of you all know by now, this is our monthly "dance Time." Mrs. Mary Frances Fahrenthold and Xandra Mathis furnished our music while the ladies of the Altar Society of St. Mary's of the Sea of the Catholic Church here in Aransas Pass furnished our lovely refreshments. We really all had a nice evening with guests and relatives in attendance.

Sunday morning church services were held by Rev. Al Bankert.

Sunday afternoon was once again time for the members and friends of the First Christian Church of Ingleside to come over for their monthly "Sing-in."

As I said as I began my write-up, we did have a wonderful week. I would like to thank Mrs. Sue Drier of Ingleside for all of the very nice clothing she gave to us to use. Thank you, Sue.

Also, a big thanks goes to Mrs. Curtis Barber for the biggest and best tomatoes I have seen in a long time. We all really enjoyed them and we do appreciate you thinking of us.

Again, we love all of you that are always doing nice things for my "Little People" for you truly are the "icing on the cake" to us.

PINNEBERG, WEST GERMANY--Four tree nursery laborers died after drinking a highly poisonous weed killer from what appeared to be a rum bottle. Police said they do not suspect foul play.

MOSCOW -- Wire-mesh screens are being installed on the windows of the U.S. Embassy in Moscow, apparently as shields against possible microwave radiation from Soviet probes, diplomats said.

Again, I emphasize that my name—MARGARET WEBER—does not appear on the Voting Ballot for re-election. I am retiring December 31, 1976, having spent almost half my lifetime in County Government.

YOU WILL FIND

ALLENA JONES

No. 78 on this ballot, whom I heartily recommend to you, as my successor.

She has the knowledge and ability to carry out all the rules and regulations that govern this office set by the State of Texas and Aransas County.

Remember these rules are not made by the tax office. It has been said during this campaign, improvements will be made in the tax office; but I assure you if any improvements are made, the State statutes will have to be revised. The essential departments of this office are assessing and collecting Ad Valorem Taxes, Vehicle Sales Tax, Occupation Tax, Complex Voter Registrations, Liquor Control Board which governs all forms of Beer and Wine License, and Texas Highway Department which governs all vehicle registrations and transfers. These rules have governed this office, and in my 16 years as your Tax Collector, I have tried to fulfill them to the best of my ability.

If you want a Tax Collector who is honest, prompt and measures up to the highest level of morals and ethics, can meet the public in a gracious manner, has the ability to make decisions, treats her office force with kindness and understanding, and above all she and her co-workers remember they are public servants of the people and common courtesy is a must, then please vote for ALLENA JONES, for your next TAX ASSESSOR-COLLECTOR, who can meet the above qualifications.

Sincerely

MARGARET WEBER
ARANSAS COUNTY TAX ASSESSOR-COLLECTOR

PHIL
GRAMM

★ ★ ★
For Texas

PHIL GRAMM'S Stand on: INFLATION

In the last ten years the Federal Government has run a $100 billion deficit and driven up demand twice as fast as industry and agriculture have been able to produce new goods and services. As a result, prices have risen 70% in a decade. We will stop inflation only when we slow down the rate of growth in government spending and put the federal government on a budget like everyone else.

PHIL GRAMM'S Stand on: ENERGY

If we want more energy at a price we can afford to pay, we are going to have to produce more by opening up the Continental Shelf for drilling, not just along the Texas coast but along the California and Massachusetts coasts as well. We must deregulate natural gas prices on the interstate sales so that people in the Northeast have to pay the same prices we pay here in Texas to provide incentive for new investment.

PHIL GRAMM'S Stand on: BUSING

I am totally opposed to the forced busing for our school children and favor the use of money now spent on busing to upgrading education in neighborhood schools.

PHIL GRAMM'S Stand on: CRIME & GUN CONTROLS

We will end the crime wave only when we increase the probability of apprehending criminals and increase the severity of punishment. We must take criminals off the streets rather than taking guns out of peoples homes.

PHIL GRAMM'S Stand on: Bureaucracy and Red Tape

I will work to limit unnecessary regulations and red tape and the power of EPA and OSHA.

WE THE UNDERSIGNED SUPPORT PHIL GRAMM BECAUSE WE THINK IT IS TIME TEXAS HAD A FULL TIME SENATOR NOT A PRESIDENTIAL CANDIDATE.

B.J. Crowley's HOROSCOPE

Week of April 25, 1976

TAURUS--Love, beauty and fine arts are important to you. Your gem is the emerald. Your colors are green and yellow. Your lucky numbers are 1 and 4. Your lucky day is Wednesday.

TAURUS--April 21 to May 20 -- Place major emphasis on "at home" situations this week. Your generosity could make someone close to you a more agreeable and willing companion.

GEMINI--May 21 to June 20 -- A trip could bring renewed interest in a relationship with someone important to you. Put on your most charming manner and proceed.

CANCER--June 21 to July 22 -- Concentrate on needs during this period rather than wants. Luxuries will come later. Organize your work. Then pursue that special hobby.

LEO--July 23 to Aug. 22 -- Form your own opinions. Someone may try to dictate your likes and dislikes. Your individuality is important to you.

VIRGO--Aug. 23 to Sept. 22 -- Watch that temptation to be too aggressive. Otherwise you find a relationship strained. Someone feels smothered by your concern.

LIBRA--Sept. 23 to Oct. 22--Someone who has been a pain in the neck to you finally overreaches himself. You can now relax. The pesky person fades into the background.

SCORPIO -- Oct. 23 to Nov. 22 -- A special message arrives allowing you to make a major decision about your future. The good news gives you a new outlook and a new spurt of energy.

SAGITTARIUS--Nov. 23 to Dec. 21 -- You will do well to follow the rules now, even though you don't necessarily agree with them. A splendid, enchanted evening is indicated for the near future.

CAPRICORN -- Dec. 22 to Jan. 19--Take advantage of opportunities to meet new friends. You could get out of your rut by developing new interests.

AQUARIUS -- Jan. 20 to Feb. 18 -- Jealousy of a person who really has your best interest at heart could cause you to lose a great deal more than you gain.

PISCES--Feb. 19 to March 20 -- A splendid week is in store for you. Good food, good conversation and an over-all good time is indicated. Relax and enjoy.

ARIES--March 21 to April 20--Stay in the background this week, letting others make the moves. If you do you can pick up some valuable information.

ERIE T. ELLER

The Experienced Candidate

FOR

COUNTY COMMISSIONER

Representing Precincts No. 1 And 1A

When you cast your ballot for County Commissioner Precinct No. 1 and 1A, Saturday, May 1, Democratic Primary, remember that ERIE ELLER is mature, experienced and highly qualified to handle the responsibilities of this important county position. He has demonstrated this ability for almost four years since he was elected in 1972. For years he has been involved in business of a type directly related to many of the responsibilities of County Commissioner.

During World War II he was a member of The U. S. Navy Seabees, specializing in construction of airports and roads in the South Pacific. He is a member of the Veterans of Foreign Wars. His wife, Jane, has taught school in Aransas County for twenty years. The Ellers have three grown daughters.

ELLER has pointed out that no candidate can fulfill promises or initiate programs which are contrary to the legal guidelines set for counties by Texas law.

ELLER'S only promise is that if reelected he will continue to make an honest and diligent effort to accomplish the most good for the greatest number of our people with the least expenditure of public money.

ERIE T. ELLER has given his full support to the development of Aransas County Airport, the building and operation of Aransas County Garbage Compactor Station, the building of the JOHN D. WENDELL Juvenile Shelter, helped Rockport-Fulton Tourists Association and the American Association of Retired Persons obtain a suitable contract for the recreation building at the Airport.

ERIE T. ELLER has a record of 100 per cent attendance of Commissioners Court meetings and has worked closely with the Cities of Rockport and Aransas Pass on paving programs and other joint projects.

ERIE T. ELLER has opened six miles of new roads and has black topped or seal coated some six more miles during his present term as Commissioner.

ERIE T. ELLER has the ability, experience and personality to work effectively with other court members and the County Judge. We believe that the people of Aransas County want the continued progressive development of Aransas County, which Eller has helped to make possible.

We the friends and associates of ERIE T. ELLER believe he has proven himself to be a well qualified County Commissioner.

We urge the voters of Precinct No. 1 and 1A to reelect this well qualified and experienced man your County Commissioner.

Kurtz-Smith Wed

Miss Susan Smith and Gary Kurtz were united in marriage at First Presbyterian Church Friday with the Rev. John Bradshaw officiating at the double ring candlelight ceremony before an altar decorated with branched candelabra holding long white tapers and entwined with lemon leaf. The background was of standing palms. Standing baskets of white gladiolas and yellow carnations accented with greenery flanked the altar.

Mrs. Norman McLead furnished the music. Bobby Jackson sang "The Twelfth of Never." Parents of the couple are Mr. & Mrs. Charles Smith of Rockport and Mr. & Mrs. W.P. Kurtz of Aransas Pass.

The bride was given in marriage by her grandfather W.H. Cheaney of Aransas Pass in the absence of her father. She wore a gown of white nylon over white satin with three quarter sleeves with full circle cuff, and shoulder-length veil accented with white daisies. She carried a cascade of yellow sweetheart roses with white carnations and baby breath accented with long white streamers tied in love knots. The bride wore a bracelet which her paternal grandmother wore at her wedding for something old.

Miss Donna Smith, sister of the bride, was the maid of honor. Bridesmaid was Miss Ramona Sanchez. They both wore floor-length dresses with yellow picture hats with yellow ribbon. They carried colonial nosegays of yellow daisies and baby breath.

Flower girl was Dedra Cheaney of Aransas Pass, cousin of the bride. Ring bearer was Charles Smith, Jr., brother of the bride. Best man was Larry Kurtz, twin brother of the groom, of Aransas Pass. Groomsman was Audie Reed of Aransas Pass. Ushers were Gene Carter of Rockport and Arnold Kurtz of Aransas Pass, brother of the groom.

The bride's mother chose a blue floor-length gown with jacket with yellow roses. Her corsage was yellow camelias.

The groom's mother chose a green floor-length gown. Her corsage was white camelias. Miss Cheri Smith, sister of the bride was at the register.

Following the ceremony, a reception was held in the church fellowship hall. The bride's table, covered in white satin with white net ruffled skirt, held the three tiered wedding cake decorated with yellow roses and white daisies, topped with miniature bride and groom. Silver candle holders with white tapers. The bride's bouquet completed the centerpiece.

Serving at the bride's table were Miss Vallerie Rayburn, Miss Tina Hamilton and Miss Beverly Barnard, all of Rockport.

The groom's table was covered in white lace over lavender satin and held a German chocolate cake and silver coffee service. Serving were Debra and Diane Hunger from Karnes City, cousins of the groom.

The bride chose a navy dress with white dots for her going away. After a wedding trip to Corpus Christi and San Antonio the couple will be at home in Rockport until the bride graduates in May.

Fashion

Hats are beginning to come back in style--particularly in the larger cities. The huge hair-do's were responsible, to a large extent, for the custom of women going hatless these past few years. Straws are popular and turban scarfs are also favorites.

Hair-do's are more natural this season than in several years past. They may be curly or straight but all have a clean look.

Looking over the coming generation we wonder where the future crop of he-men will come from.

Tennis Tourney Is Success

Rockport's first officially sanctioned tennis tournament staged during the past weekend at the Racquet Club was pronounced an outstanding success by local participants and officials as well as the more than 30 out-of-town players who took part.

There was a total of 42 entrants in singles and doubles in three age categories in the Spring Men's Senior Classic which was played before enthusiastic audiences last Thursday, Friday, Saturday and Sunday. Approximately a dozen communities in Texas and Louisiana were represented, and in a number of instances participants brought their families for the long weekend.

Many of the players were outspoken in their praise for the professional manner in which the tournament was conducted, and there were numerous favorable comments on the friendly atmosphere which prevailed throughout the affair.

Social events for players and their families included a get-acquainted cocktail party Thursday evening, a beer and tamale courtside party Friday afternoon and a tournament banquet Saturday night.

The seniors tournament was planned and sponsored by the recently organized Rockport Tennis Association as its first venture in the field of sanctioned tournaments, which means that both the United States Tennis Association and Texas Tennis Association endorse the tournament, making it possible for participating players to enhance their state and national ranking.

Local association officials admitted after the tournament that cost of trophies, balls, advertising and entertainment forced the young organization's slender treasury into the red. A number of out-of-town players made cash contributions to the cause to demonstrate their support for the tournament. Association officers expressed hope that local individuals and business firms would follow suit. It was pointed out that tournaments of this type which attract visitors to Rockport can have an increasingly favorable effect on the local economy.

Daniel Herndon of Dallas won the singles title in the 45 and older category, defeating Ward Smith of Fredricksburg, 6-2; 6-2. Doubles champions in this age category were Herndon and Smith, who beat Andy Diebel and Art Schramm, both of Victoria, 6-4; 6-2. Consolation winner in this class was Jack Klatt of Corpus Christi who beat Dr. Jim Wideman of Rockport, 6-1; 6-1.

In the 55 and older group, B.L. Como of Morgan City, La., defeated his doubles partner, D.C. Roane, Jr., of Jeanerette, La., 6-1; 6-0, in the singles final. Como and Roane took the title in the doubles from L.D. Crumley of Corpus Christi and Joe Meyers of Corpus Christi, 7-5; 6-4, while Wilson T. Jones of San Antonio beat Raymond Nicol of Corpus Christi, 6-1; 6-1 in the consolation final in this age group.

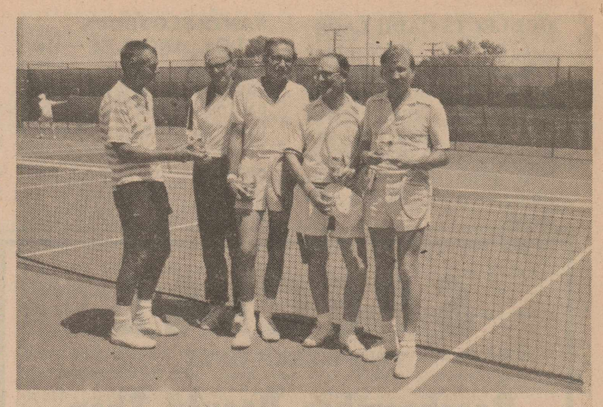

Buster Becker of Houston took the title in the 60 and older classification by defeating E Crittenden of San Antonio, 6-4; 6-4 in the final match. Both play frequently in Rockport. Later, Becker teamed with W.G. Marlin of Houston to win the doubles title in the 60 and over category by beating Dewey Lingo and Jim White, both of Rockport, 6-2; 6-4. Earlier in the consolation tournament, for those who lost in the first round singles, Marlin defeated Lingo, 6-3;6-4.

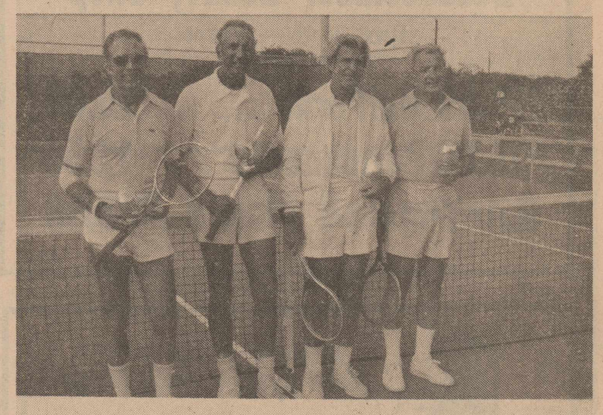

Como and Roane, together with their families, flew to Rockport in Roane's private plane, landing at the County Airport and spending the weekend at nearby Racquet and Yacht Club.

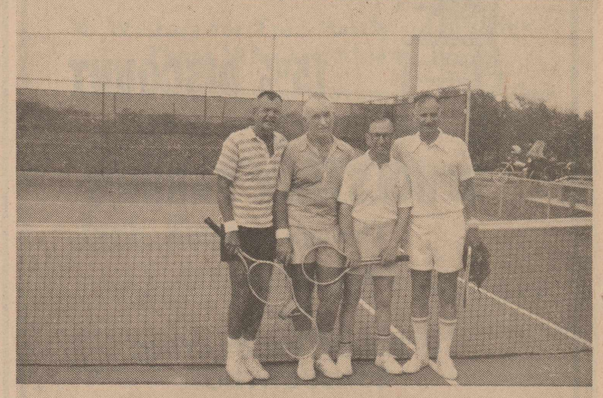

One of the features of the tournament from the standpoint of both players and spectators was the unique service style of Ward Smith. It was described as a combination of tennis serve, shotput cast and discus throw. Smith started his service standing about two feet behind the baseline with his back to the net. Next he twisted his body to get a view of his opponent over his left shoulder. Occasionally he took a second twisting look over his shoulder. Then he spun around and used a two-handed grip to drive the ball over the net. He claimed this was the proper and natural way to serve a tennis ball, citing the point that a similar twist is used in many sports. At any rate, it usually was effective.

Dewey Lingo, president of the Rockport Tennis Association, was general chairman of the tournament. Jim White and Dr. Jim Wideman were co-chairmen of the operating committee. Joe Hugenberg was in charge of registration and George Falk supervised the courtside party Friday afternoon. Polly Bracht was responsible for entertainment. John Gutzke, Racquet Club professional, served as umpire for final events and supervised scheduling tournament matches.

Following last week's tournament, association officials announced it is planned to make the Senior Classic tournament an annual event. It was pointed out that in many tournements, events for senior players are assigned a minor role as compared with matches for younger players. It is believed success of the local tournament will stimulate much word-of-mouth advertising and result in greatly increased participation here by senior players from Texas and nearby states.

(Top) Dewey Lingo, president of the Rockport Tennis Association presents trophies to winners and runners-up in the 45 and older category during last weekend's tennis tournament. Left to right are, Dan Herndon of Dallas and Ward Smith of Fredricksburg who defeated Art Schramm and Andy Diebel of Victoria, 6-4; 6-2. Later Herndon won the singles title from Smith, 6-2; 6-2 in this age category.

(Second from Top) In the 55 and older doubles event at the seniors tournament last weekend, L. D. Crumley and Joe Meyers, both of Corpus Christi, on left, lost to B. L. Como of Morgan City, La., and D. C. Roane, Jr., of Jeanerette, La., 7-5; 6-4. Later Como defeated Roane, 6-1; 6-0 for the singles title in the 55 and older category.

(Third from Top) Buster Becker of Houston holds the men over 60 championship trophy he won by defeating E. Crittenden of San Antonio, 6-4; 6-0 in the final match of that event last Sunday at the Racquet Club.

(Bottom) In the doubles 60 and older category, left to right, Dewey Lingo and Jim White, both of Rockport, lost to Buster Becker and W. G. Marlin, both of Houston, 6-2; 6-4 in the final match of this event.

TETANUS--EASY TO GET, EASY TO PREVENT

With the return of outdoor activities the hazard of minor accidents, cuts and scratches increases. Most often these aren't serious but minor mishaps can be avenues for tetanus (lockjaw) infection if they are not treated properly.

Tetanus-producing spores can lie dormant in the soil almost anywhere. These spores can enter the body through the tiniest wound--a pin scratch, a bee sting or a small cut.

Tetanus spores may remain in the body for long periods without producing the disease. Or, they may produce poison effects in five to fourteen days, even though the wound has healed.

First signs of tetanus are irritability and restlessness. Muscles rapidly become rigid, eventually causing a clenched-jaw leer that gives tetanus its popular name--lockjaw.

When symptoms appear, the outlook is grim, even with the best of treatment. To help avoid the deadly consequences, be sure to clean all wounds thoroughly. Free-bleeding, surface scratches have less chance of producing tetanus than puncture wounds since tetanus grows best when little air can get to the spores. However, the best protection is to be immunized with tetanus toxiod. With imminization, the body manufactures antibodies that will fight tetanus. A booster is needed every 10 years.

In an emergency there is no time for immunization if someone isn't protected. If a person has no built-in immunity, a physician may inject tetanus antitoxin. An emergency shot is sometimes, but not always, effective.

The only long-range guarantee against tetanus is immunization with tetanus toxiod. Unfortunately three of every four persons' tetanus protection is not up-to-date.

ESTATE PLANNING SERVICE OFFERED

In an effort to enlighten the general public and especially the marine resource user to various methods of establishing family security, the Aransas-San Patricio Counties Sea Grant Advisory Committee will present an Estate Planning Program. The program will be conducted by an estate planning specialist from the Farm Bureau and will be held at 7:30 p.m. Tuesday, May 4 in the Conference Room of the First State Bank, 221 S. Commercial, Aransas Pass.

Estate Planning is a term used to describe those plans made to relieve tax burdens and other financial stresses which come about at the death of the family's primary money maker. Since the seafood industry is such a capital intensive business, the Sea Grant Advisory Committee feels that it is essential that adequate plans be made to prevent financial hardship from being experienced by survivors. It is hoped that interested individuals will take advantage of this free opportunity to become aware of various measures to consider in planning for their estate.

This estate planning program will be the fourth monthly event sponsored by the local Sea Grant/Marine Fisheries Advisory Committee since its conception. For more information on the Estate Planning Program or the Sea Grant Program in general, contact the County Extension Marine Agent, Room 104, Aransas County Courthouse, 729-1211.

SHARK STUDY RESULTS ANALYZED

Austin -- An opportunity to bite back was made available to Arlington and Dallas residents who participated in a recent shark meat taste test and attitude survey conducted for the Texas Parks and Wildlife Department.

Although all data have not been analyzed, tentative results indicate Texans are willing to accept shark meat as a seafood. In comparison with accepted seafood dishes like redfish, shark meat fared well, according to Bill Schwartz, Texas Parks and Wildlife Department seafood marketing specialist.

Four tests were conducted, two each in Arlington and the north Dallas area.

In the first taste test, 128 persons were served four pieces of broiled, unseasoned fish. The four fish tested were redfish, used as the control piece, bonnethead, sharpnose and blacktip sharks.

"They were asked to score the fish on flavor, taste and overall satisfaction on a range of one to seven," Schwartz said.

On that basis, redfish scored an average of 4.3, as did sharpnose. Bonnethead scored 3.9, while blacktip averaged a 3.6 grading.

Overall, the testers preferred the taste of sharpnose, one of the smaller-sized sharks.

"This doesn't mean the lowest score indicates the taste of blacktip was not liked," Schwartz explained. "The scores were used to rank one species in relation to the others.

"Even though blacktip scored lowest in this test, 23 persons said they liked the taste of it the best."

The second test involved 80 testers, and all were served four pieces of blacktip shark.

"They were given a small and a large piece of fish, the same as in the first test. This time they were given two more pieces, one large, one small, that had been soaked in water for 1½ hours," Schwartz noted.

He added that soaking the shark meat in water prior to cooking is thought to remove a bitter taste.

However, results showed the large, unsoaked piece of meat was rated the highest, 4.5, while the small untreated piece was rated lowest, 3.5.

For the third test, "We made an effort to make the meat taste good by breading and frying it," Schwartz said. Some 80 testers were given three, bite-sized pieces of fish: one redfish, one soaked sharpnose and one untreated sharpnose. The treated piece had been soaked in water before cooking.

In that test, the control substance (redfish) and the soaked piece of shark meat scored identically, 5.4. The untreated piece scored slightly lower, 5.2.

In the fourth test, 64 testers were given identical pieces of blacktip shark.

"The only difference was we told them that one piece of meat was shark, but we did not say the other piece was also shark," Schwartz said.

Surprisingly, the piece identified as shark received a higher rating than the unidentified piece of fish. Of the 64, only four said they could not distinguish between the two pieces. There was, in fact, no difference, since both portions were blackstip shark.

"These results surprised us somewhat," Schwartz noted, "but it shows a general indication of positive reaction, as far as taste is concerned. The public in our samples thinks shark meat tastes good, and most of the shark meat got basically the same scores as redfish, which is an accepted good-tasting fish."

Regarding all four tests, Schwartz indicated much of the data have not been cross-referenced, nor has an analysis been completed. He said several computer tests still have to be applied to the data before a definite analysis can be drawn and results defined, "but people generally liked the product they tested, whether they knew it was shark or not."

Although attitude test results are not complete, he added, "We do know that women are more adverse to eating shark than men, and we do know that all species of shark do not taste the same. The differences in taste, however slight, are real."

On the attitude survey, individuals were asked their reaction if they ate a piece of good-tasting fish and were then told it was shark meat. Out of 199 respondents, 144, or 72 percent, said they would be pleasantly surprised and continue eating. Only 23 persons, 11 percent, said they would be upset at being told it was shark meat and stop eating.

"Our data thus far indicate shark is not all that different in taste from other types of fish and what differences there are are in the shark's favor. Its meat is of firmer texture and won't flake apart, 65 percent of the animal is edible and there are no bones in the flesh," Schwartz noted.

More than 20 species of shark are found in the Gulf of Mexico, and Schwartz feels the shark supply is available in enough quantity to be marketable if people accept it as a source of food.

WE AGREE
that our State Senator
A. R. "Babe" Schwartz
is one of the best!

SCHWARTZ has passed effective LAW ENFORCEMENT legislation year after year and was chosen OUTSTANDING SENATOR and LEGISLATOR OF 1971 by the TEXAS LAWMEN'S ASSOCIATION for his work.

In 1973, Texas Monthly magazine chose SCHWARTZ as one of the "Ten Best Legislators", and said:

"....One of the most consistently influential members...."

"....has almost singlehandedly saved the Gulf Coast beaches from commercial exploitation...."

"....he is expert in floor debate, repartee and filibusters . . . even stronger in committee, especially conference committees...."

In 1975, Texas Monthly magazine AGAIN chose SCHWARTZ as one of the "Ten Best Legislators", and said:

"....the best technician in either House, an expert on everything from the rules to appropriations. Has no equal at passing bills...."

"....a dominant force, as usual, on the Senate Finance Committee and the Appropriations Conference Committee...."

WE ARE PROUD of his work as a State Senator for our District and our State. We invite you to join us in our support for his re-election.

CPL explores many new fuel resources.

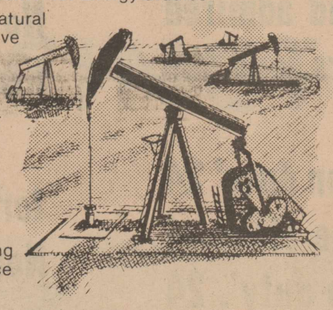

To insure continued reliable electric service for you, Central Power and Light Company is investigating a variety of new fuel resources to supplement dwindling supplies of natural gas.

In the near future, we'll be adding coal and uranium to our supply of fuel resources used to generate electricity. Our first coal-fired power plant will be ready in 1980. Later that same year, we'll have power from our share of a nuclear unit, the South Texas Project.

We know that a diversity of fuel sources will be essential to guarantee that we always can provide an adequate supply of electric power for South Texas. We are, therefore, involved in many research and development activities:

- CPL is continuing to support research efforts in nuclear fusion at The University of Texas through the Texas Atomic Energy Research Foundation; and in development of geothermal resources along the Texas coast, a three-year project with the university's Center for Energy Studies.
- CPL has entered into a partnership for a natural gas exploration program, with 12 productive wells completed of 23 drilled so far.
- At CPL's La Palma power station in San Benito, a pilot plant will be established to test the feasibility of gasifying high-sulfur coal and fuel oils on a commercial basis.
- CPL has placed in service its first electric generating plant designed to operate for extended periods on fuel oil as well as natural gas.
- Virtually all of CPL's power plants are being refitted to burn fuel oil to guarantee service when natural gas is not available.

In outlining a few highlights of our current activities, we hope we have brought you a better understanding of the effort we are making to be certain we can continue to provide you with dependable electric service, even though the price will be higher.

For

Aransas County Attorney

and make your tax dollars work for YOU!

There are in excess of 6,000 registered voters in Aransas County, Texas, and I cannot hope to reach out to each and every one with my message of purpose in this campaign.

I am an attorney primarily, not a politician. The law is my business, and it is my only business. With the support and assistance of each of you, I can bring the business of law back to the respected and admired status it once enjoyed in this county of ours, and the integrity it deserves.

Just as any law enforcement officer is 'on duty' 24 hours a day, weekends and holidays, so is the office of the Aransas County Attorney going to be 'on duty', 24 hours a day,weekends and holidays. It is an obligation of that office as a servant of the public, yet not since the Honorable Emory M. Spencer and the Honorable Weldon C. Cabaniss served this County, have we had such full service and protection for the citizenry.

If elected to this office, I can promise to each citizen of this County that comes to me as County Attorney, my full attention and service to the very best of the facilities made available to the law enforcement community. No complaint is too small .... no voice is too weak to be heard.

As a candidate for the office of Aransas County Attorney, I will not play upon the sympathy of the voter. Nor will I rely on his ethnic preferences for support.

As Aransas County Attorney, if elected I will not be influenced by personal alliances or financial advantage.

Make Your Vote Count!!

Make Your Voice Heard!!

In the general election of 1974, out of 5,280 registered voters, only 1,469 cast their ballots.

... Let Aransas County Know How You Feel ...

The budget for the office of the Aransas County Attorney is presently in excess of $19,000.00 for this year. Are you getting your tax dollar's worth?

A Vote For Gene A. Garcia Is A Vote For

.... efficient and speedy service to the public
.... diligent and energetic prosecution

PEACE LUTHERAN MEETING HELD

The Lutheran Women's Missionary League of Peace Lutheran Church met April 21 with Ruth Peters presiding with eight members present.

All members took a responsive reading part in the topic "Our Help in Ages Past and Our Hope."

An invitation to the May 2 Coastal Bend Zone rally to be held in Corpus Christi at St. John's Lutheran Church was read.

The meeting closed with the Lord's Prayer.

MAMAS WIN TWO

The Rockport Mamas won two more in their quest for the Class B-1 divisional championship in Corpus Christi and are presently sitting at the top of the heap along with the Flour Bluff Sluggers.

April 19 the Mamas defeated the Flour Bluff Blazers 8-3 behind a good defense and strategic hits when they were needed the most.

Then on April 21 they put it all together and turned in one of their very best performances in beating the highly regarded Panthers 13-7. Every Mama played an excellent game both offensively and defensively. Third baseman Faye Lewis got another homer, center fielder Barbara Berna made two run-preventing plays and rover Anita Dingenary played excellent defense in both games and got four hits for in the second game.

The Mamas meet the Flour Bluff Sluggers April 28 with the winner taking sole possession of first place.

These girls are playing good softball and are representing Rockport with good playing and good sportsmanship. Show them your appreciation with your moral support.

Hole-In-One

Karl Smith can't stand to have his wife, Rose, get ahead of him.

Recently Rose got a hole-in-one on No. 5 at Live Oak Country Club. Ever since then, Karl often has been heard muttering, "Some day I'll show that woman that I can do it, too."

Well, Karl did it. Last week when he, J.D. Griggs and Paul Medlin came to No. 5, J.D. put one on the green to the right of the pin, Medlin landed on the green to the left of the pin, and Karl pulled out his trusty 7-wood and got himself a hole-in-one.

This little item is for the benefit of those few people Karl hasn't gotten around to telling about his achievement.

What's New In Cookware For Spring

College Station -- "Spectragraphics" will be on cookware with Teflon II coatings this spring.

"This isn't some exotic flu virus, but a baked-on design to enhance the appearance of the cookware," Mrs. Janice Carberry, a family resource management specialist, reports.

Various manufacturers will market cookware featuring such patterns as florals, abstracts, scenes and a bicentennial eagle and liberty bell.

"These designs are baked on interior surfaces using a combination of black with federal grey, Lexington blue, Brandywine beige or Salem red," she said.

Mrs. Carberry is with the Texas Agricultural Extension Service, The Texas A&M University System.

She reported that another manufacturer has a pattern that gives modern glass cookware the look of early American crockery. It features a blue floral design on a speckled beige background.

"Included in the line are bowl sets, oval and round casseroles, a three-piece bake-serve-store set and a four-piece oven-refrigerator-freezer set. All are dishwasher safe," she said.

LETTER TO THE EDITOR

Dear Sir:

As a faithful reader of the Pilot, I could hardly miss the article that you recently published on "Dropping the H from the Alphabet".

I do not believe that these speech experts are playing with all their marbles. CAN YOU IMAGINE:

Wearing a white sirt and tie;

A politician by the name of Ubert (No middle initial) Umprey;

Picking up seasells by the seasore;

Taking a bat or sower and drying off with a towel marked is or ers;

Cinncinati, Oio;

The immortal Battlesip Texas;

I believe this illustrates my point. Please register my vote "against" dropping the "H".

DISEASE RESISTANT VARIETIES IMPORTANT FOR GARDENS

Disease control in the home garden begins with the use of disease resistant varieties rather than spraying plants with a particular fungicide, contends D.P. Pawlik, county agent for the Texas Agricultural Extension Service.

Use of disease resistant varieties may be the only means of controlling some disease and can eliminate the need for later fungicide applications. Fusarium wilt of tomatoes is an example of a disease that can be controlled only by resistant varieties.

Although resistance is not available for all diseases, this factor should be considered when available. Homeowners often feel that if the plant is resistant, it will never have the disease. This is not true. There are degrees of resistance, as with pink root of onions. A pink root resistant variety may have 10 to 15 per cent damage and produce a crop while a susceptable variety will have 90 per cent damage and not produce a crop. The pink root still occurs in the resistant variety but only to a minor degree so that a crop is still produced. If a variety never has a particular disease, then it is immune, notes Pawlik. Immunity is difficult to obtain.

Certain disease resistant varieties can be damaged by the particular disease when a new strain of the pathogen develops. Thus plant breeders must seek new sources of resistance among the wild plant species throughout the world. Resistance is difficult to develop in some plants, and some disease resistant varieties may require 10 or more years of development.

When selecting varieties for planting, read the variety description thoroughly for information on resistance within that variety. This description may be in the seed catalog or on the seed packet. Further information on disease resistant varieties is also available at the County Extension Office.

Disease resistance in garden plants is a labor-and expense-saving investment for the homeowner and should be used when available.

DR. GRACE JAMESON

Uncommitted Delegates to the Democratic National Convention. Why uncommitted? . . .

The ballot in our Senatorial District will list only four candidates for the Democratic nomination for President and delegates elected in their names are legally obligated to vote for that candidate through at least two ballots at the convention.

There are several announced and unannounced Democrats well qualified for the Presidency who will not be on the ballot. The uncommitted slate will give the people of Senate District 17 an opportunity to consider every possibility for the nomination and will not be bound to a Presidential candidate who may use their votes as bargaining power in hopeless deals.

Students Get High Honors

Sixty University of Texas students have been chosen as Outstanding Students and Goodfellows for the 1976 Cactus yearbook.

Joint student-faculty committees chose the recipients for both awards. Students were selected on the basis of leadership, involvement in campus activities, and contributions to the University of Texas and scholarship.

Nelson K. Barre was chosen one of the 20 Outstanding Students. Barre and Richard Bradley Porter were honored on April 20 when the College of Business Administration honored six Outstanding Students.

Barre served as a Student Senator from the College of Business and received the Delta Sigma Pi Outstanding Student award.

Richard B. Porter, a former resident and student in the local school system, is a member of Phi Eta Sigma and Phi Kappa Phi and has received two accounting scholarships while at the University of Texas. His present address is Kingsville.

LIFETIME LEARNING COMMITTEE MEETS

The Lifetime Learning Committee of A.A.R.P. met at the home of Dr. & Mrs. J.F. Benjamin on Friday morning at 10 A.M. Helen & George McCague are coordinators. Besides them and the host & hostess, others were Douglas Ward, Dorothy & John Leslie, and Zollie Glass. The guest and speaker was Leroy Hixson, associate dean of A.A.R.P. Lifetime Learning Committee with headquarters in Long Beach. He was accompanied by James Anderson, who on May 1 will become the state director of this area for A.A.R.P. and who lives in Corpus Christi.

Hixson told the group of other institutes being held all over the country--of which San Antonio has the largest. Questions and answers about the different subjects that other groups are using or that might be of interest to older people were discussed. Helen McCague asked what was meant by certified teachers and it was found that it meant qualified in the area to be studied. Another good point brought out by Hixson was that courses should have attractive names like "Painting is Fun" for oil painting or "Good Grief," a course in transforming the grieving process after a death into something beautiful, etc.

CAST YOUR BALLOT
FOR
ELLIS L. CLARK
FOR
COUNTY ATTORNEY
SATURDAY, MAY 1

ELLIS L. CLARK has been a resident of Aransas County for 22 years and has been your County Attorney for 15 years. During this time he has been a Full Time County Attorney with his only office in Aransas County Courthouse. He has fulfilled the obligations of office in both LETTER and SPIRIT of the law.

In order to fulfill the LETTER of the law, he has:

1. **Maintained an up-to-date private library (at his own expense) in addition to the County Law Library.**
2. **Maintained membership in Texas District and County Attorneys Association, availing himself of its expert research by leading prosecutors and jurists of the State of Texas and attended all possible meetings and seminars of the Association. In addition, he has attended National College of District Attorneys continuing legal education courses.**
3. **When official duties permitted, attended State Attorney General conferences on subjects pertinent to the office and availed this County of the services of the Attorney General's opinions and staff for purposes of prosecution, prevention of criminal offenses, and protection of the general public.**

These are just some of the sources serving as guidelines for local law enforcement.

In order to fulfill the SPIRIT of the law, he has:

1. **Made himself available to the general public, all law enforcement officers and magistrates.**
2. **Made himself available for conferences with parents of juvenile offenders, school officials, ministers, relatives of troubled persons, and other attorneys in order to prevent court action or imprisonment in cases where another solution is preferable and more humane.**
3. **Made his files of information, statements, evidence and charges readily available to the attorney representing an accused person so that the accused is given the full benefit of a fair and well-prepared defense as provided by the Constitution.**

Misdemeanor complaints may be made by law enforcement officers or private citizens. However, it is the County Attorney's decision as to whether a punishable offense has been committed and a complaint accepted. No complaint is filed until an investigation has been made and evidence presented. Some complaints are accepted but not filed because the investigation and evidence do not support the complaint.

Occasionally, after filing, a complaint (upon request by the county Attorney) is dismissed by an Order of Dismissal by the Court. This Order is placed of record. There are several reasons for dismissals when further pursuit of the case would be a futile expenditure of tax-payers' money and there is no reasonable possibility of conviction. Some of these reasons are:

1. **Lack of sufficient evidence to sustain conviction**
2. **Refusal of complaining witness to testify (assault, theft, etc.)**
3. **Defendant cannot be found or identified (bad checks, etc.)**

Consider the following reasons for voting to re-nominate ELLIS L. CLARK as your County Attorney in the Democratic Primary Election May 1, 1976.

1. **ELLIS L. CLARK is your full-time County Attorney**
2. **ELLIS L. CLARK has the confidence, cooperation, and respect of your Judges and Law Enforcement Officers.**
3. **ELLIS L. CLARK has, by forceful prosecution, with proper investigation and apprehension by Law Enforcement Officers, reduced the incidence of DWI and assaultive offenses in Aransas County.**
4. **ELLIS L. CLARK is against legalizing possession or sale of marijuana.**
5. **ELLIS L. CLARK has attempted to give you facts instead of ambiguous innuendo or meaningless cliches.**
