Moody-Davidson Moves Awaited

TODAY FINAL DAY TO FILE CANDIDACIES

LIST FOR GOVERNOR IS NOW 12; OTHERS TO COME IN TODAY

(By Associated Press)
DALLAS, June 2.—Political interests of Texas were focused today on the expected moves of Governor Dan Moody and of Lynch Davidson of Houston, former lieutenant governor, in either accepting or declining the actions of citizens in filing their names as democratic gubernatorial candidates. Today was the last day allowed candidates to file their names for places on the ballot.

The governor had said he "would not like to run against my friend Ross Sterling" after Sterling, Moody's appointee as chairman of the state highway commission, announced his candidacy at Houston. Sterling's application to Albert Sydney Johnson, secretary of the democratic state executive committee, for a place on the primary ballot, was in the mail.

Others To File
Nine other candidates, besides Moody, Sterling and Davidson, had filed their applications, and more than half a dozen others had until midnight tonight to apply formally for places on the ballot.

Those already filed were Earle B. Mayfield, Austin; Dr. C. E. Walker, Grapevine; Frank Putnam, Houston; Barry Miller, Dallas; Clint Smith, Wellington; Mrs. Miriam A. Ferguson, Austin; James Young, Kaufman; Thomas B. Love, Dallas; and C. C. Moody, Fort Worth.

In the midst of the confusion, with an unprecedented number of gubernatorial candidates in the field, T. Whit Davidson of Dallas, former lieutenant governor, issued a statement yesterday declaring he would not be a candidate for governor and predicting that "every additional entry increases the danger of defeat for the democratic party in Texas."

He cited "two extremes entered in the democratic primary," saying "Mr. Love admits that he will not support either of the Fergusons, they and their following would be less than human if they do not return the compliment."

Davidson foresaw that "in the

HANKINS HAS ROUTE REPORT

LOCAL MAN TELLS OF DESIGNATION OF CAVE HIGHWAY

Following successful efforts in securing federal designation of Carlsbad Cavern highway through Lubbock, J. H. Hankins, of this city, returned during the week end from Washington, D. C.

"The route has been designated to include far more territory than we had anticipated," said Mr. Hankins. "It starts in Marysville, Va., and continues through Oklahoma City to Lubbock and thence to Carlsbad, N. M., and El Paso. Benefit of the highway to this city will be immeasurable."

One Slight Change
There has been one slight change in the designation. Instead of entering the Texas side at Quanah, the highway will pass through Childress, due to the fact that there is toll bridge across Red river, immediately north of Quanah.

The highway has not yet been given a number, but we believe it will be No. 68. In Texas it will pass through Childress, Paducah, Mata-

BABY STRUCK AT PLAY IN STREET HERE

MICHAEL KEMP MAY BE FATALITY HURT; LAD DRIVING CAR

Michael Kemp, 4-year-old son of Mr. and Mrs. M. E. Kemp, 1950 Avenue M, was probably fatally injured this morning about 10 o'clock when his body was crushed beneath a car driven by Pat Crawford, 19, who resides at 2112 22nd street.

The child was rushed to the West Texas hospital by a Bynum Brothers ambulance.

An operation is to be performed this afternoon in a final effort to save the boy's life.

The accident occurred at the intersection of 19th street and Avenue M, where a group of children were playing in the street. The lad sustained a crushed skull, a crushed chest and other minor injuries.

"According to witnesses the accident was unavoidable," C. E. Luce, city motor policeman, reported after an investigation. "With other children the Kemp child was playing in the street, near where a house was being moved. Witnesses related that Crawford was driving at reasonable speed and that he used every measure to prevent striking the child after the latter ran in front of the car."

Mussolini-Tardieu Duel Being Watched With Much Interest

TROUBLE BETWEEN TWO NATIONS BREWING IN SITUATION

(By Associated Press)
PARIS, June 2.—All Europe is watching with interest and some anxiety a political situation which promises to develop into a duel between two European statesmen, Benito Mussolini, premier of Italy, and Andre Tardieu, premier whom France regards generally as a worthy successor of Clemenceau and Poincare.

Mussolini has attracted attention again because of recent speeches in northern Italy, wherein he warned the world that Italy's independence and Italy's future cannot be neglected and that, if occasion necessitated, the world would find that the Italian people would form themselves into a solid mass to defend Italian rights.

Guns More Beautiful
In another speech he declared that there is nothing more insulting to the pride of the Italian people than to suppose that Italy's recent naval program is a thing which will not be brought to its consummation. And he continued with the phrase that has rung around Europe, "words are beautiful but sailing guns, warships, airplanes and cannons are even more beautiful."

Frenchmen generally believe that Mussolini's addresses were directed against their country, first because of the French refusal at London to grant naval parity to Italy, and also because of the failure of negotiations concerning Tripoli and Tunis to materialize in a manner pleasing to Mussolini.

France To Keep Strength
M. Tardieu last night stated to 1,500 leaders from all branches of French life that France is strong, intends to remain mistress of her own destiny, and needs neither to fear nor to boast.

There was no specific mention of Italy but after calling attention to Foreign Minister Briand's efforts to assure world peace, he added: "The government is passionately interested in this work (peace). It has neglected nothing which would enable France to participate actively by vigilantly safeguarding her security."

"France is in a position which from her from the need both to fear or to boast."

FIFTEEN MEN LOST AT SEA

TWO STEAMERS COLLIDE IN CHANNEL; CREW BELIEVED DEAD

(By Associated Press)
NEW HAVEN, England, June 2.—Fifteen men today were believed to have lost their lives in a collision between the Swedish steamer Inger and the Italian motorship Litemo.

The Inger was sunk, with but three of its crew of eighteen saved.

The two ships came together in a thick fog in the English channel near Beachy Head. One of the three survivors, a Swede named Lindfors, said the ship began to fill immediately after she was struck and listed so quickly that it was impossible to launch boats successfully.

The Inger, which was bound from Swansea to Sweden with a cargo of coal, sank in about ten minutes. The Litemo was damaged in the collision but proceeded to Dover without assistance. She came from Copenhagen. The collision occurred during a heavy fog.

Two of the three survivors were picked up by the Litemo and another rescued from an overturned boat by a lifeboat. A fourth was picked up dead. There was no trace of the other fourteen men.

back. His arms and body twitched as in a convulsion, then were still.

Three minutes after he entered the death chamber he apparently was dead.

White asked that he be executed in the gas chamber rather than serve a life term in the prison.

"The gas does not frighten me," he said. "Let me take it and get it over with. It will be better for my wife, for if I went to prison she would want to remain here and her life would be wasted. This way she can return to Ireland and in a

few years forget me and perhaps be happy."

The condemned man's wife, however, persuaded him to appeal the death sentence.

While waiting for the State Supreme Court's decision, White spent nearly a year in the prison and assisted in carrying stone from the prison quarry for the construction of the death chamber.

The Supreme Court ruled that the death sentence must be carried out, and White was notified by the warden, who

GRAF BEING REFUELED AT AIRPORT TODAY FOR ATLANTIC HOP

LAKEHURST, N. J., June 2.—Having again received the homage of multitudes of air-minded Americans, the famous German dirigible Graf Zeppelin, was prepared today for its seventh trans-Atlantic crossing enroute home on a voyage touching three continents.

Thousands of visitors streamed through the naval air station hangar yesterday to gaze at the huge airship while workmen repaired broken struts and pumped fuel gas aboard to have the air liner ready for its departure, set for 9 p. m. (a. t.) tonight. It is expected to fly over New York about 11 p. m.

Replenish Hydrogen
All that remained to be done before the dirigible sets out on her 5,500 mile trip to Friedrichshafen, Germany by way of Seville, Spain, was replenishing of the supply of hydrogen in the lifting cells.

Previous visits of the Zeppelin seemed only to have intensified interest in the airship, judging by the throngs which journeyed to the

ANOTHER WAR BELIEVED ON AMONG GANGS

FOUR DIE IN CHICAGO; FIVE IN DETROIT IN MULTIPLE SLAYINGS

(By Associated Press)
DETROIT, June 2.—Gangster's guns, breaking into activity after several weeks of quiet, took five lives in the metropolitan area during the week-end, two of the victims being policemen who were shot down from an automobile which they stopped in their investigation of a hit run accident.

The fifth victim, an Italian, was sent to his death with four bullets in his head and body at daybreak today. Police connected this killing with the shooting of two Italians in a fish market Saturday afternoon. The policemen, members of the force of Grosse Pointe park, an exclusive residential district, were believed to have been killed by rum runners. Two men were held in connection with this crime. A third suspect, arrested with a revolver in his pocket, was able to convince police he had nothing to do with it.

RENEWED WARFARE BELIEVED OPENED

CHICAGO, June 2 (AP)—Multiple murder, raised to its high point St. Valentine's Day, 1919, passed another milestone yesterday. Four men were slain and two persons—one a woman—were wounded, perhaps fatally. The killers used machine guns. An hour later and at a spot on North Clark street not a half mile from the scene of the Moran gang massacre of last year, another machine gun fusillade was fired, killing one, critically wounding two others.

Marks War Opening
Police said the attacks marked the opening of new, intense gang gunnery, and they had substantiated today when the body of a "red" victim was found, supposed to be the alter ego of the Italian Trust and Savings bank on Milwaukee avenue.

Sunday's "little massacre" was at a resort hotel at Fox Lake, in the suburban area northwest of Chicago. The victims, believed to have been members of the gang faction headed by the Druggan brothers, were seated at a table on a glass enclosed porch. It was about one o'clock in the morning. Without warning, the machine gun attack was opened on them from outside, the bullets crashing through the glass.

The dead: Michael Quirk, West Side gangster; Sam Pelier, identified.

AMARILLO NINE NOSES OUT LUBBOCK, 8 TO 7

HEAVY HITTING IN MAJOR LEAGUE CONTINUES

LOCALS DEAD ON FEET IN BASE RUNNING

SAM SCOTT HURLS GOOD GAME BUT SEVENTH RALLY IS FATAL

Lubbock outhit Amarillo 2 to 1 at Merrill Park Sunday afternoon but poor base running by the homebats enabled the Tactless Texans to eke out an 8 to 7 decision before the largest turnout of the season at the local ball orchard.

Ted Nicklaus was touched for 16 safeties by the Lubbock swatmen—enough base knocks to put the ordinary ball game on ice. Too many of these blows, however, came while runners had stopped on second and third base to indulge in a mid-afternoon siesta.

Scott's Hurling All Right While the locals were having a comparatively easy time with the offerings of Nicklaus, Sam Scott was hurling a winning brand of baseball for Lubbock. He was given a three-run lead in the third and two more were added in the sixth to put the home cause in the lead 7 to 4, but the Texans broke loose in the seventh with a trio of tallies that deadlocked the game. Two infield errors helped the visitors in their spree.

Windy Nicklaus crossed the rubber with the winning run when he scored from third on Pirtle's bunt in front of the plate. Wright came in fast to field the slow roller but his throw to catch the speeding Nicklaus was too late to avert the score.

Marshall Leads Marshall led the batting assault for the locals, slamming out five bingles in as many official trips to the plate. Sled Allen, former manager of the Lubbock Hubbers, failed to accompany the Amarillo club here as per the original schedule. Gib Jackson and Jack Gomer were in charge of the team. It was necessary for the visitors to put Pirtle, a Post City player, in center field.

LEFTY SQUIRES TOO MUCH FOR ADVERTISERS Lefty Squires proved a puzzle to the Lubbock Advertisers at Tahoka Sunday afternoon and the Lynn county sluggers walked away with the long end of a 7 to 4 count. The Tahoka southpaw limited the Advertisers to 6 hits while Joe Hoyle on the mound for the locals was giving up 9. Errors by the Lubbock players contributed to Tahoka's scoring.

Before the Lubbock game, the Tahoka crew had handed Southwest a 2-0 shutout. A large crowd attended both games.

Atlanta Goes On Big Hitting Spree ATLANTA, Ga., June 2 (P)—New material having been added, the tail end Atlanta club went on a hitting spree Sunday and captured both ends of a double bill from Nashville, 18 to 11 and 11 to 7.

New Orleans was within two games of the leading Memphis club today as the result of the Sunday contest. A run in the tenth with two out gave the Pels a win over Mobile 7-6.

A lead of four runs was piled up by the Little Rock Travelers in the first two innings, and the Memphis Chicks were never able to overcome the disadvantage. The Travelers won 5 to 3.

By winning both games of the doubleheader in Birmingham, Chattanooga kept its winning streak intact. The Lookouts secured 14 safe blows in the first battle and 16 in the second to defeat the Barons 9 to 7 and 15 to 3.

Sharkey Seems In, But Maxie Has Big Chance, Fight Experts Declare

TEUTON MAY SPRING SURPRISE IN BOUT WITH BOSTON GOB

BY WERNER LAUFER
 NEA Service Sports Writer
 ENDICOTT, N. Y., June 2.—They say that Max Schmeling might as well keep his left hand in his pocket during a fight—

And that Max's right hand, "with a cowbel on it," never can beat as experienced a ringman as Jack Sharkey.

But, I believe that if that right hand ever lands plump on the Sharkey chinworks, the next heavyweight champion of the world will be a beetle-browed young German from Hamburg.

One big chance to tag Jack Sharkey early in the fight is the hope and prayer of Der Maxie's following. Jack Sharkey is the greatest in-and-out-er in the ring. On occasions when he was in good form and had an incentive to win, he was the master fighter. On others, when he was in the doldrums of indifference, he looked like a bum.

Sharkey has everything along the mechanical lines to make him a great champion. He boxes superbly—he can hit with either hand and has plenty of courage. He was accused of being a front runner and a fighter who couldn't take it after Jack Dempsey knocked him out. But the only mistake he made that night was to look toward the referee and take his eyes off Dempsey's fists. The mistake was mental and gave evidence that Sharkey is not a smart fighter.

When he dropped a decision to John Risko and barely drew with Tom Heeney, Sharkey substantiated this evidence. Against both of these fellows, he was the soul of nonchalance. He boxed cautiously and met their clumsy rushes with clinches. Not once during these two performances did he drive himself to fight. He let Risko and Heeney take the play away from him at the opening going and keep it.

In his first Miami fight against Young Stribling, he fought much the same way. It was only that the southerner was even more loathe to mix it that brought the referee's nod.

But against Jimmy Maloney, Jack Delany and Tommy Loughran, and even in the first three rounds of his losing fight with Dempsey, Sharkey demonstrated that he can be a great fighter if he wants to be. In most of these fights Jack was riled by dislike for his foe. He fought with savage ferocity—gave out emotional outbursts after he but a knockout punch on his hated, opponent's chin.

Schmeling has a more stable disposition. As soon as the gong rings Max digs in to do his utmost. He is cool and deliberate and concentrates on finding openings.

Max, as well as he knows how, until he sees the chance to shoot one to a vital point. And when he shoots it there is plenty behind it. He demonstrated this when he put Johnny Risko, the toughest man in the ring, on the canvas for the count.

Against Paulino he fought with caution until he had the Spaniard's style figured out. Then he rushed in to do a most workmanlike job of bruising the Basque. It is said that both Risko and Paulino had been softened considerably before they met the Teuton Schmepp.

That doesn't take away the fact that Schmeling has done all he has asked of him since he has been campaigning on these shores.

Sharkey has stated that he has not much use for the young man from Germany. That may be too bad for Max. Sharkey also has expressed the patriotic determination that a foreigner shall strip this glorious country of its heavyweight crown only over his dead body.

Whether or not the flag-waving is sincere, Jack Sharkey would like to be the heavyweight champion for his own satisfaction and for the prestige and money. Therefore, he ought to go into the ring on the night of June 12 with the same inspiration he had the nights he knocked Loughran, Delaney and Maloney kicking.

And that's why we think he will win. As much as we like Schmeling for his charm and personality, we are afraid that experience and skill will triumph over youth and energy. (If the reader's name is Otto Schmeling, we will argue the case no further.)

NATION'S COLLEGIATE TRACK STARS TO GATHER IN CHICAGO THIS WEEK END

CHICAGO, June 2 (P)—Collegiate champions of the under track and the field will run and jump and throw for new records Friday and Saturday in the National Collegiate Athletic association meet at the University of Chicago.

The meet will be well supplied with talent for the 100-yard dash. George Simpson of Ohio State, runner of Big Ten dashmen, Eddie Toian of Michigan, holder of the world record at 99.4, Claude Bracey of Rice Institute, winner of both sprint events in 1928, Cy Leland of Iowa State college, who is credited with 99.4 this year, are on the list. Frank Wykoff of Southern California is entered but is not a certainty to start.

The qualifying round, an 18-hole test, will determine not only the 32 low scorers for the championship flight, but the makeup of six additional flights of 16 players each.

Parings for late entrants were made at the starting two following additional entries yesterday. The names of 171 contestants were listed in the pairings prepared Saturday night.

A new champion will be chosen this year since Mrs. O. S. Hill of Kansas City is not defending the title she won in 1928 and retained in 1929. Mrs. Hill went to England the several weeks ago with the American women's team selected by Miss Gienna Collett.

If an entrant runs as a favorite to succeed to Mrs. Hill's crown, it is Mrs. Dorothy Klotz Pardee of Sioux City, Iowa, nationally known star. She declined an invitation to accompany the American women's team to England.

Ranking in the favored group, in addition to Mrs. Pardee, are Mrs. George Mippie, Hutchinson, Kansas; Mrs. E. S. Hynes, St. Louis; Miss Ann Webster, Leavenworth, Kan.; Miss Phyllis Burdick, Denver; Miss Mary Elizabeth Ford, Kansas City; Mrs. F. E. Pharr, Texas; Mrs. S. G. Hopkins, Texas; Mrs. Ann Kennedy, Tulsa; Miss Clara Woodridge, Little Rock, Ark.; Mrs. R. E. Drennan, Tulsa; Mrs. Tom Wallace, Sapulpa; Mrs. J. Walter Beyer, and Mrs. Hubert Clarke, Oklahoma City.

NEW YORK, June 2 (P)—The metropolitan district's outdoor boxing season opens this week as a prelude to the Schmeling-Schearley heavyweight championship battle at the Yankee Stadium June 12.

Three local arenas, Ebbets field, Dexter Park and the Queensboro stadium, throw open their gates to boxing during the week, weather permitting.

Tony Cananeri and Joe Gluck are matched in the headline bout at Ebbets field Wednesday. Max Rosenbloom engages George Hudman, New York heavyweight, at the Queensboro tomorrow night. Leo Williams and Izzy Grove, New York light heavyweights, furnish the chief entertainment at Dexter park tonight.

TWENTY-FOUR HOMERS ARE HIT SUNDAY

RED SOX BEAT YANKS; RUTH KNOCKS 16TH HOME RUN

BY HUGH S. FULLERTON, JR.
 Associated Press Sports Writer
 Various winning and losing streaks ended in yesterday's ten major league baseball game, but the boys continued to drive balls outside the parks.

Twenty-four home runs were hit in the ten games, two less than in the same number of games May 22. Babe Ruth contributed his 16th homer, and Hack Wilson hit two to equal the Babe's total.

Sox End Losing The Boston Red Sox ended the season's longest losing streak, turning on the New York Yankees after 14 successive losses to win 7 to 4. Ruth did not hit his homer until the second game and left in the third inning as the Giants scored 12 runs in one frame.

A's Down Senators The Philadelphia Athletics, downing Washington for the fourth time in a row and their eighth straight victory, gave Sad Sam Jones his first defeat of the season after he had won six games. The final round was 9 to 6 with a homer by Williams providing the margin of victory.

Walter Stewart of the St. Louis Browns, possessor of another of the American league's best hurling records, could not check the slugging propensities of the Chicago White Sox to earn his eighth victory and get 6 to 5. The Chicago victory helped produce a three-way tie in games for fifth place between the Tigers, defeated 3 to 2 by Cleveland. The Indians, bunting hits off George Uhl to score all their runs in the third inning, moved into third place ahead of the Yankees.

Adolfo Luque of Brooklyn continued to win for the Robins, scoring his fifth straight victory at the expense of the Phillies, 10 to 2. The Robins hit 15 times for 34 bases, five of their blows being homers, and placed themselves three full games ahead of their nearest rival. Chicago moved into second place, running its winning streak to five straight, by trouncing Pittsburgh 10 to 4.

Good pitching was the important factor as Cincinnati sent St. Louis to third place with a double victory. The Cards got only 15 hits in the two games losing, 5 to 4 and 7 to 1. Jake May and Larry Benton hurled the first game for the Reds and Benny Frey the second. Harry Heilmann did the heavy hitting with six hits, two homers, for a perfect day.

T. H. Carter Named Typographical Head T. H. Carter was elected president of the Lubbock Typographical Union, No. 488 at a meeting of the organization Sunday afternoon in the Labor Temple.

H. R. Miller is the retiring president. Other officers elected were W. J. White, first vice-president; W. C. Edwards, secretary-treasurer; and Edward Whitaker, sergeant-at-arms. H. R. Miller, L. D. Lattimore, and A. L. Borho compose the auditing committee.

Other boxing centers have little to offer. Primo Camera tackles K. O. Christner at Detroit Thursday; Tuffy Griffiths meets Cowboy Bill Owens at Sioux City Thursday.

DOUBLEHEADERS ARE PLAYED SUNDAY IN ALL CITIES

BY GAYLE TALBOT, JR.
 Associated Press Sports Writer

In an obvious effort to revive interest in the game and pull the customers through the turnstiles, the Texas league broke out in an epidemic of doubleheaders yesterday. The move was successful as evidenced by the fact that 3,000 fans turned out to watch the seventh place San Antonio Indians split a program with Houston, and a like number saw the Shreveport Sport take a car from the basement-dwelling Dallas nine.

The Sports, incidentally, were the only club in the effort to enhance their standing, three of the bargain bills resulting in a draw. The Wichita Spudders, thus enter the eighth week of play with a record of 12 to 4. As none of yesterday's doubleheaders was scheduled, it was not quite clear what the boys would do today. It was understood that all would enjoy a holiday except the Cal and Spudders at Wichita.

Spuds Split With Cats Ability of the league leaders to win without a particularly violent offense again was demonstrated when the Spuds came back to take the second game from Fort Worth 5 to 4, after dropping the opener, 12 to 4. Trailing by one run going into the last inning of the nightcap, the result of Larry Cox's homer in the previous round, the Oilers punched across two runs on Dick Wintworth after two were out.

Bill Hargrove, Texas' ace, is center and Red Hoots' 134 throw in an effort to catch a runner at third provided the San Antonio Indians with a very important run in the last inning of the nightcap and gave them an even break with the Buffs. Both bouts were hummers, the Bruins taking the first, 2 to 1, the Indians the second, 3 to 2.

Burns Stops Waco The veteran Dennis Burns prevented Beaumont losing ground in the first division when he stopped Waco, 2 to 0, in the last game after the Cubs had captured the opener, 4 to 2. Burns gave up seven hits but kept them scattered. Ketchum pitched good ball for the Prattmen in the first ray which was featured by Stover's two home runs.

Their pitching and continued inability to hold a lead frustrated the Dallas Stars' latest losing streak to eight straight as the Sports banged their way to two victories, 11 to 9 and 6 to 2.

HUNT GROCERY COMPANY'S NEW STORE TO BE FORMALLY OPENED ON TUESDAY EVENING; HAS LATEST IN EQUIPMENT

Formal opening of the Hunt Grocery company and McClellan & Williams market at their new location, 1411 Ave. K, will be held Tuesday evening, June 3, and the general public is invited to attend.

Decision to move the business to the new location was made because of the increasing downtown congestion and the large building will relieve crowded conditions inside as well. The new building is well-ventilated and has important improvements such as a drinking fountain, hot and cold water, and electrical refrigeration throughout the building.

The market has a new display case and the addition of a delicatessen department.

The new location is two and one half blocks south of Hotel Lubbock on Avenue K with parking spaces available.

Mr. Hunt has been in the grocery business here for the past 18 years. In 1912 he moved to Lubbock and accepted a position with a mercantile establishment, later giving that up to become cashier in the Citizens National Bank.

In January 1913 Mr. Hunt resigned to enter the grocery business and has been in that work since that time.

Two Men Named

Two enlisted men from the crew of the U. S. Navy dirigible, Los Angeles, have been invited to make the trip to Friedrichshafen as unofficial members of the crew. W. A. Russell, chief machinist mate, and F. L. Peckham, chief boatswain mate, have been designated by Commander M. R. Pierce, commanding officer of the station, to make the trip.

In the passenger list are six persons who made the trip from Europe to South America and here on the Graf. They were the infant Don Alfonso, cousin of the King of Spain; Colonel Emilio Herrera of the Spanish Air Force; Dr. Jeronimo Megias, physician to King Alfonso; Senor Frederico Garcia Sanchez; Mrs. Mary Pierce of New York and Fritz Graw, merchant of Zurich Switzerland.

Postal authorities estimated the Zeppelin would carry 16,000 pieces of mail on the return trip.

second primary, the voters must of necessity choose between Mrs. Ferguson and Senator Love. If Mrs. Ferguson should be the nominee, the followers of Thomas B. Love will, of course, vote for the republican—if she is the democratic standard bearer, then the democratic party will be defeated.

"On the other hand, if Thomas B. Love should be the democratic nominee and all the other right-wing men and women that he refers to as Tammanyized democracy are eliminated, he has given them license under his freedom of conscience proposal to vote for him or against him, as they see fit. It is needless to say that many of them are going to follow the precedent and example he has set, and if Love will likewise be defeated in the general election."

Predicts G. O. P. Win

Davidson further predicted that if the republicans put forth some outstanding man and "if either extreme wins" in the democratic primary, "the democracy is due to a deserved defeat for allowing itself to be shackled by a law that denies it the right of self control."

Applications of the following candidates were on file with the secretary of the democratic executive committee:

For United States Senator: Senator Morris Sheppard, Texas; for reelection: C. A. Mitchener, Sherwood; and Robert L. Henry, Houston.

Lieutenant governor: James P. Rogers, Houston; Edgar E. Whit, state senator, Waco; Virgil E. Arnold, Houston; H. L. Darwin, Paris; W. H. Bledsoe, Lubbock.

State railroad commissioner: Pat M. Neff, Waco; Nat Patton, Crockett; H. O. Johnson, Houston; W. Gregory Hatcher, Dallas.

State treasurer: Ed A. Christian, San Antonio; John E. Davis, Mesquite; Charley Lockhart, Austin.

Commissioner of agriculture: J. E. McDonald, Waxahatchie; Edwin Waller, San Marcos; A. H. King, Throckmorton; H. L. Maddux, Alto.

Chief justice: Chief Justice C. M. Cureton, Bosque county; Covey C. Thomas, Cotulla.

Comptroller: Arthur L. Mills, Waco; and George H. Sheppard, Sweetwater.

Only one state candidate on the democratic ballot today remained unopposed: S. M. N. Marra, superintendent of public instruction.

Jokiss W. Burka, Comanche county citizen and for the last six years employed in state department, announced yesterday his candidacy for commissioner of the general land office, although his application had not been filed here.

College Presidents Give Pro Law Views

EVANSTON, Ill., June 2. (AP)—A symposium of the views of 257 American college presidents has convinced the national Woman's Christian Temperance Union there is less drinking among students than ever before and that student opinion against intoxicants is on the ascendant.

The W. C. T. U. solicited opinions of the nation's educators on the liquor situation. And today make public the following results: No drinking among students—44; less drinking than before prohibition—146; drinking now and always unknown or almost unknown among students—47; about the same amount of drinking now as before the 18th amendment—8; conditions are bad—7; conditions are worse—3.

The answers came from 45 states.

LESTER TRIAL TO OPEN HERE TODAY

The diatribe case of R. B. "Blackie" Lester, charged with violation of the prohibition laws, is scheduled to open for trial this afternoon in 72nd district court, Judge Homer L. Pharr presiding.

Lester has been at liberty under \$1,500 bond during the last two months. Several weeks ago, when his case was set for trial, his attorneys, Schenck & Triplett, sought a continuance in a motion stating that testimony seeking to prove insanity would be introduced and that material witnesses were absent. Upon answer of District Attorney Durwood H. Bradley, Judge Pharr ordered the prisoner returned to jail and ruled that his bond was invalid. Later, following appeal of defense attorneys, the court of criminal appeals order Lester's release from jail.

WHEN IS SUNDAY?

Presbyterians Get Mixed Up On New Calendar

CHARLOTTESVILLE, Va., June 2. (AP)—If Sunday comes on Monday, what day is it?

The general assembly of the Southern Presbyterian church frankly admitted here Thursday that it didn't know, and sent a committee to get busy and find out.

It came up over a protest of the West Texas Presbytery against the League of Nations' new fangled calendar. Dr. H. T. Graham of Florence, S. C., said the second year the calendar was used Sunday would come on Monday.

"Well, it would still be Sunday, wouldn't it?" argued Dr. J. B. Hutton of Jackson, Miss.

When Dr. James Vance of Nashville told the delegates they didn't know what they were trying to do, Hutton, amid laughter, moved to send the matter to the committee on Christian education. A special committee was finally ordered to inquire into the new calendar and report to the 1931 assembly because, as Moderator Tom Currie of Texas put it, "out of our ignorance we decline to answer."

ATKINS IS NAMED HEAD OF CLASS

W. B. Atkins was elected president of the Down Town Bible Class, sponsored by the Sunday school of the First Baptist church here yesterday as the class started out on its third year of work.

Each of the 253 present promised to be present next Sunday when Dude Buster, retiring president will attempt to have over 300 present when the new president will take up his duties as the head of the class.

Other officers elected are: W. B. Yeager, first vice president; Dr. C. M. Ballenger, second vice president; W. R. Campbell, third vice president; Mrs. J. Neel Bryan, secretary; George Moore, treasurer; Mr. and Mrs. W. P. Clement, music; Dr. R. C. Campbell, teacher; Dr. W. A. Jackson, assistant teacher.

The 253 present stood to their feet with an evidence of sincerity when a motion for a standing vote was submitted commending Dude Buster, retiring president, for his untiring efforts in behalf of the class.

"In all my work, I have never seen a more diligent or a more faithful president of a Sunday school class, than Mr. Buster," Dr. Campbell, teacher of the class declared.

Landing at Motecello Aerodrome at fourteen minutes before one a. m., he and his companion flier, Lieutenant Fausto Cecconi, exceeded by one hour and 49 minutes the previous record of the Germans, Johann Ristice and Hans Zimmermann, who in 1928 remained aloft for 65 hours and 26 minutes.

OLTON HAS SMALL FIRE EARLY TODAY

A fire which slightly damaged a restaurant at Olton was responsible for a report current here this morning that a large section of the Lamb county city's business district had been destroyed by flames.

The blaze which started in the Paducah restaurant at Olton this morning at 5 o'clock resulted in a damage of about \$100. It was quelled by a bucket brigade.

Lubbock's fire department received a call for help this morning shortly after 4 o'clock by long distance telephone message, accompanied by the false report. The local department advised Olton to call Plainview, Abilene, Sudan, and other nearby cities, pointing out that it would be almost useless to make the 65-mile run from this city.

SPUR SHIPS MUCH CATTLE

SEVERAL HUNDRED CARS
OF STOCK LEAVE
AREA YEARLY

(By Staff Correspondent)
SPUR, June 2.—Between 500 and 600 car loads of cattle are shipped each year from Spur over the Wichita Valley railroad to Kansas City and other mid-western centers, says E. A. Russell, agent of the company.

S. M. Swenson and sons, owners of the famous Spur ranch near here, are the principal shippers.

Swensons are shipping cattle now to Kansas City and other towns in the fall for feeders," Mr. Russell said. "They are mostly young stuff and go to surrounding states for feeding."

"One of the big shipments each year is registered white faced Herefords for the several state agricultural colleges in the middle west. The Kansas State Agricultural college at Manhattan, of which William Jardine who was secretary of agriculture in President Coolidge's cabinet was once head, gets a car or two every year. Other state schools also get car load shipments."

Most of the feeds raised around Spur are fed to local cattle, the railroad man said. There has been a big increase in dairying and in the cream business.

Shipments of butter from the local creamery are made as are an increasing number of cars of cream.

Show Troupe Has Wintered In Spur

(By Staff Correspondent)
SPUR, June 2.—During the past winter Spur has been headquarters for a show troupe, with the tent and scenery stored in the city awaiting the coming of spring.

Charles Stewart and Harry Hearn are the owners. The company is known as the "Merry Madcaps," and the troupe consists largely of members of the families of the two owners.

Opening was delayed by the owners, who had been working in Des Moines. They arrived this week and after looking the situation over, decided to wait for a couple of weeks.

"We may not open until in the fall and then, after a week or two here, strike out for the south and take in the Rio Grande valley," Mr. Hearn said. "We have been together for ten years and every year we talk about going to the valley for the winter. But when winter comes, we do something else."

Formal Opening Of New Road Planned

The extension is expected to be finished between June 10 and June 20. It is about 20 miles from Hobbes to Lovington and with very little heavy construction, the rails are fast nearing the county seat of Lea county.

"We may delay the opening for some time after the track is laid because we want to have the route to Lovington in better shape than the road to Hobbes," Mr. Lancaster is quoted as saying.

THE SACRAMENT OF HOLY BAPTISM

SERMON ON BAPTISM DELIVERED BY REV. G. A. BOECKMAN, ST. JOSEPH'S CHURCH

"Amen. Amen. I say to thee unless a man be born again of water and the Holy Ghost he cannot enter into the kingdom of God." John chap. 3 v. 5.

The grace of God is that supernatural assistance which He imparts to us through the merits of Jesus Christ, for our salvation. It is called supernatural because no one by his own natural ability can acquire it.

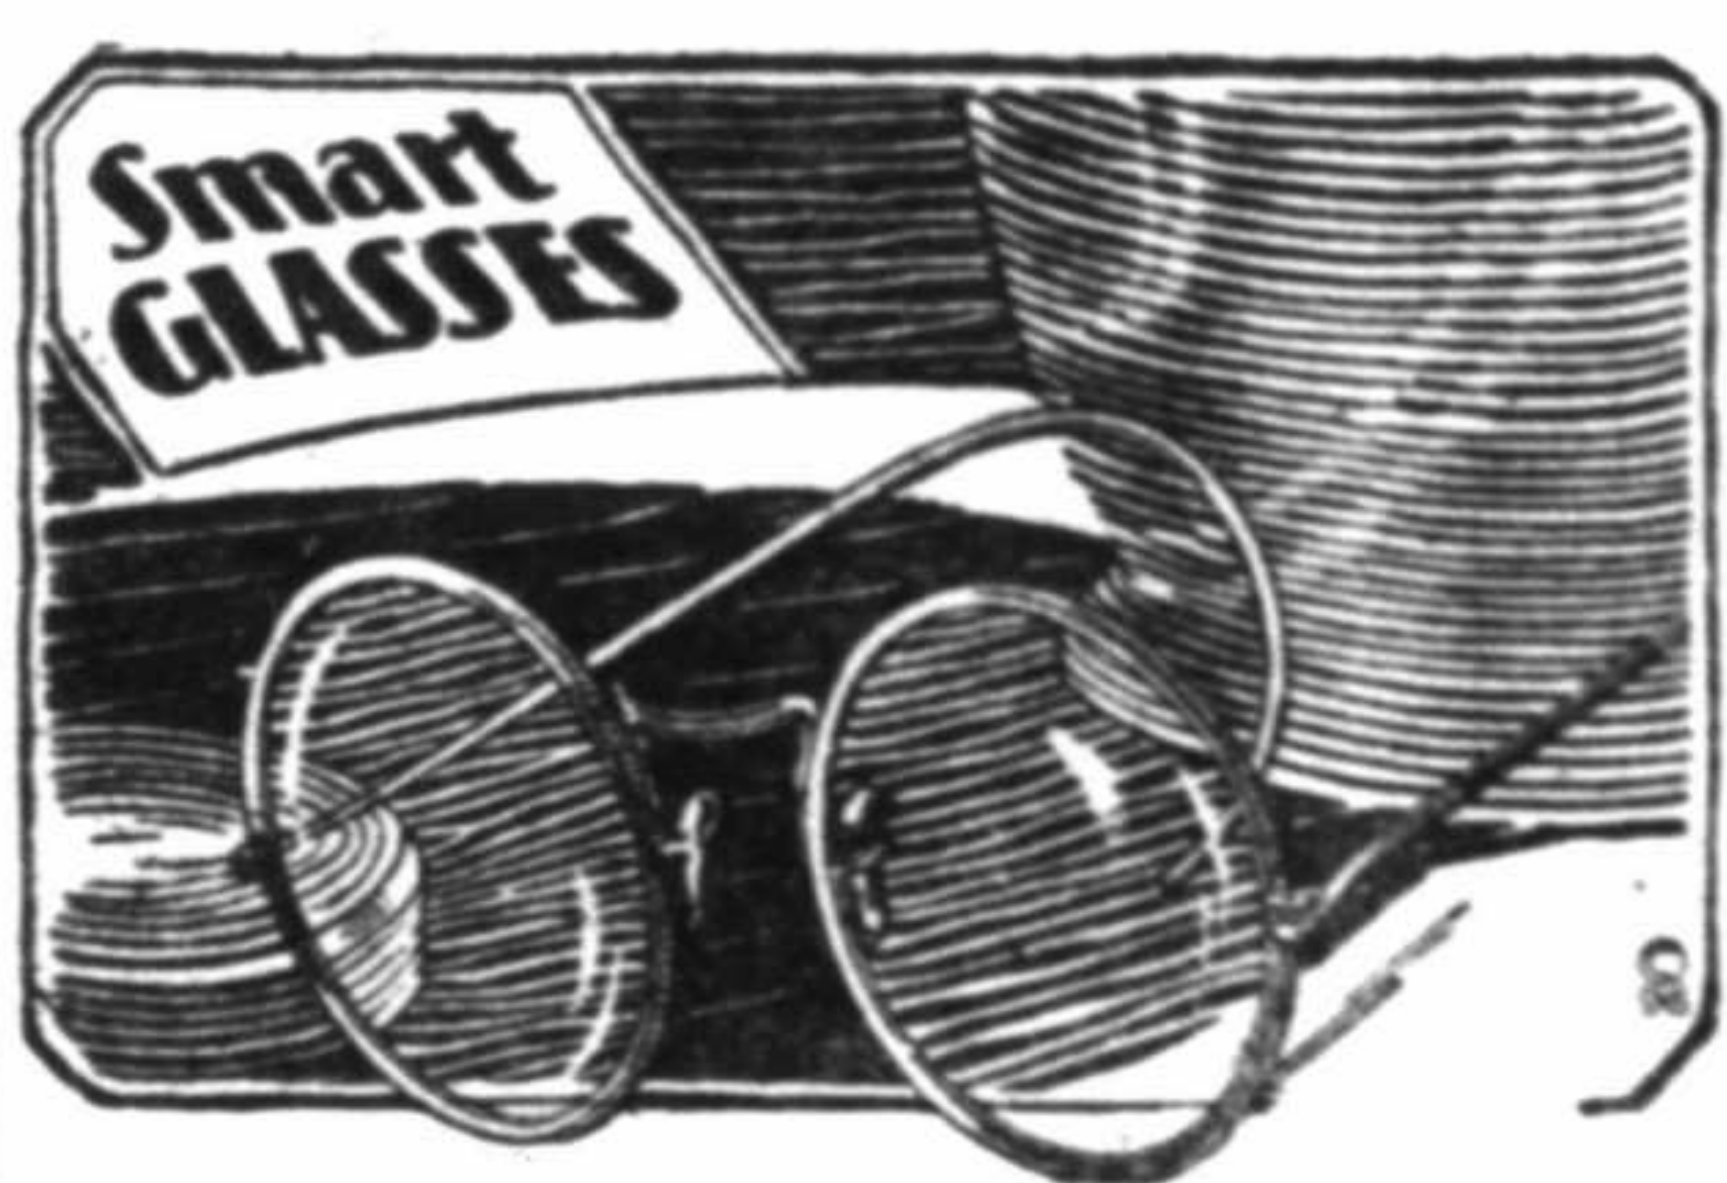

Without Divine grace we can neither conceive nor accomplish anything for the sanctification of our souls. "Not that we are sufficient," says the Apostle, "to think anything of ourselves, as of ourselves; but our sufficiency is from God." For it is God who worketh in you both to will and to accomplish, anything conducive to your salvation. "Without Me," says our Lord, "you can do nothing." The grace of God is obtained chiefly by prayer and the Sacraments.

Is Visible Sign
A Sacrament is a visible sign instituted by Christ by which grace is conveyed to our souls. Three things are necessary to constitute a Sacrament, viz.—a visible sign, invisible grace and the institution by our Lord Jesus Christ.

Thus in the Sacrament of Baptism there is the outward sign, which consists in the pouring of water and in the formula of words which are then pronounced, the interior grace or sanctification which is imparted to the soul; Be baptized—and you shall receive the Gift of the Holy Ghost; Acts chap. 2, v. 38, and the ordinance of Jesus Christ, who said: "Teach all nations, baptizing them in the name of the Father and of the Son and of the Holy Ghost."

According to the teachings of Holy Writ man was created in a state of innocence and holiness, and after having spent on this earth his allotted term of years he was destined, without tasting death, to be translated to the perpetual society of God in heaven. Wisdom chap. 2 v. 23. But in consequence of his disobedience he fell from his high state of righteousness; his soul was defiled by sin; he became subject to death and to various ills of body and soul and forfeited his heavenly inheritance.

Transgression Transmitted
Adam's transgression was not confined to himself, but was transmitted with its long train of dire consequences to all his posterity. It is called original sin because it is derived from our original progenitor.

JAYTON PREPARES FOR COTTON CROP

(By Staff Correspondent)

JAYTON, June 2.—The Jayton Cotton Oil mill will be ready for the receiving of seed when cotton picking starts. F. R. Donohoo, manager, announces.

Crop conditions around Jayton are in good shape according to Mr. Donohoo, who says that barring an unexpected weather condition, there should be good yields this year. Jayton has four gins and all of them expect to operate this year.

be born again of water and the Holy Ghost he cannot enter the kingdom of God. These words embrace the whole human family, without regard to age or sex, as is evident from the original Greek text, for the word used there means mankind in its broadest acceptance.

Original sin, as St. Paul has told us in universal. Every child is, therefore, defiled at its birth with the taint of Adam's disobedience. Now the Scripture says that nothing defiled can enter the kingdom of heaven. Hence Baptism which washes away original sin is as essential for the infant as for the full grown man, in order to attain the kingdom of heaven.

It is necessary for all, but if a person has not opportunity of receiving it then if a man is heartily sorry for his sins, if he loves God with his whole heart, God in this case accepts the will for the deed.

Let us remember that heaven is a place to which none of us has any inherent right or natural claim, but that it is promised to us by the pure favor of God. He can reject and accept whom He pleases, and can, without injustice, prescribe His own conditions for accepting His proffered boon. If you child is deprived of heaven by being deprived of Baptism, God does it no wrong because He infringes no right to which your child had any inalienable title. If your child obtains the grace of Baptism be thankful for the gift. Amen.

REVIEW OF THE WEEK'S FOREIGN NEWS

By The Associated Press

BY CHESTER L. SHAW

Associated Press Cable Editor

Blood was shed in two parts of Asia last week. In India, where riots which were principally racial caused deaths estimated from 100 up, with injuries nearing 1,000, and in China, where the government is battling against a northern coalition while communist bandit armies ravage interior cities.

India's attention was drawn momentarily from the nationalist salt raids by disturbances in the four great cities of Rangoon, Dacca, Lucknow and Bombay.

Riots Develop

In Rangoon the riots developed between Hindus and Burmans, growing out of a dock laborers' strike; in Dacca between Hindus and Moslems; in Lucknow between nationalist congress volunteers and police; and in Bombay between Moslems and British police. The Moslems have not joined the civil disobedience campaign, but the rioting undoubtedly grew out of the current unrest. In each case a precise estimate of the casualties was difficult to obtain, but the toll was high, with police and troops having all they could do to quell the disturbances.

Stories Conflict

China's warfare developed widely conflicting stories, the northern coalition declaring it had achieved “smashing” victories against the government forces of Chiang Kai-shek along the Haichowtunkwan railroad in northern Honan province and claiming the reconquest of Kweichow, which was taken by Chiang's troops several weeks ago.

The government denied these victories, but a statement by the government finance minister indicated it was short of money.

The Graf Zeppelin continued her journey with almost as much ease as a motor car on good roads. Following her comfortable flight from Spain to Brazil in the previous week, the Graf left Pernambuco Wednesday morning and was tied up at Lakehurst, N. J., early Saturday morning.

Visiting Graves

American Gold Star mothers and wives continued to visit the graves of their sons and husbands in the battlefield cemeteries of France, Belgium and England. The first contingent sailed for home late in the week, but two others were in France and another was on the way.

The British labor government,

headed by Prime Minister Ramsay MacDonald, defeated a conservative motion to upset it by a vote of 270 to 241, or a majority of 29.

Much criticism has been directed against the labor government for its failure to solve the unemployment problem, as promised in the election campaign last spring.

YOAKUM SHOWS CENSUS BOOST

The population of Yoakum county is 1263, as compared with 504 for 1920, showing an increase of 759 during the last decade. Dr. E. B. Barr, census supervisor, announced today.

“Yoakum is the only county in Texas which has reported no unemployment,” said Dr. Barr. “Our census enumerators announce that there is no record of unemployed persons living in the county. This is perhaps largely due to the fact that Yoakum is mainly an agricultural and livestock center.”

There were 239 farms enumerated in the county.

Enumerations by precincts follow: Justice precinct 4, 457; precinct 3, 82; precinct 2, 210; precinct 1, 514.

“GREATER HOBBS” MAY RISE FROM 3 UNITS INTO ONE INCORPORATED CITY

(Special to the Journal)

HOBBS, N. M., June 2.—Soon this place will be known as “Greater Hobbs” because the three towns here are being so rapidly connected by new business houses that it is almost impossible to tell where one municipality stops and another begins.

The first place to start was Hobbs, now called “Old Hobbs,” to distinguish it from the others. It had a store and school, with a ranch house of two and a couple of other buildings. That was all three years ago.

Soon New Hobbs started with a postoffice. Later this was transferred to Hobbs and a new one begun here.

Rivalry between the two towns resulted in a third town which called itself “All Hobbs.” It was midway between the two, at the junction of Carlsbad street, Hobbs, and the Jal-Wink highway.

Old Hobbs has been incorporated. New Hobbs is planning to and has taken preliminary steps.

Now there is a move on to incorporate the places as one big center, Greater Hobbs.

DIMMITT, June 2.—(Special)—Miss Ona Lee Odum, formerly of Lubbock but stenographer for County Attorney Charles H. Dean, has resigned to wed H. L. McKean of Tulsa, superintendent of the Skelly Oil company. The wedding will take place in Bentonville, Ark., home of the groom.

FEEDER-BREEDER GROUP PROPOSED

(By Staff Correspondent)

SPUR, June 2.—Plans are being discussed here by business men and leading farmers for the starting of a feeder-breeder association.

A committee now is working on the plan and it is expected a report will be made within a short time on the advisability of starting the work. Both farmers and business men are on the committee.

Spur is the center of a rich cattle raising area and there are many shipments of cattle to markets.

The dairying industry also is also strong in this part of the state.

TEACHER IS MARRIED

LORENZO, June 2.—(Special)—Miss Irene Wampler, daughter of Mr. and Mrs. Harve Wampler and one of the Lorenzo teachers for the past several years and Mr. Buck Stobaugh, son of Mr. and Mrs. W. C.
