$25,000 Swindle Case

Emory S. King, 83, of a local hotel was arrested Friday morning and charged with two counts of theft over $50 for allegedly swindling a total of $25,000 from two women.

King was released on $25,000 bond set by Peace Justice Walter Grice.

Sheriff A. N. Standard Jr. said one or possibly two other suspects are being sought in connection with the allegedly fraudulent investment scheme.

Texas Ranger Charlie Hodges and the Howard County Sheriff's office have been working on the case.

Sheriff Standard declined to release the names of the two women involved or other details before the case goes before the grand jury.

Golf Resort Killers?

CHRISTIANSTED, St. Croix, V.I. (AP) — Two islanders were charged Saturday with first degree murder in the robbery-slaying of eight Americans at a plush Virgin Island golf resort. Bond was set at more than $1 million for each man, authorities said.

Atty. Gen. Ronald Tonkin said Meral Smith, 21, and Beaumont Gereau, 23, were arraigned before Municipal Judge John Marsh on eight counts of robbery and murder. Both men are from St. Croix.

BREATH HOLDING PROVES FATAL

HOUSTON (AP) — Police reported that Gus Ronald Oldham, 26, told friends at an apartment pool Saturday that he could stay under water for two minutes.

Two minutes passed and Oldham still sat on the bottom of the pool in five feet of water.

Friends pulled him out and tried to revive him, but he was dead.

Reviewing the . . .

Big Spring Week

. . . with Joe Pickle

Farmers and ranchers got their wishes last week with return of warm weather and a letup in the abnormal August rain pattern. Most were able to get into fields, but there was no great rush because plants are so full of moisture and so tender. This is the critical week for fruiting, for that after the middle of Septemeber it would have little chance of making it normally. So lush is everything, many farmers may learn to live with weeeds. Ranchers are luxuriating in the best grass prospects in years.

* * * *

Another beneficiary of the recent rains was the Colorado River Municipal Water District reserves. Lake J. B. Thomas gained to elevation 2239.93, the highest point in over three years, and Lake E. V. Spence to 1857.80, a new record. Together the lakes hold over 211,000 acre-feet, and other reserves add about 6,000 acre-feet to that.

Miss America Crowned

ATLANTIC CITY, N.J. (AP)—Terry Anne Meeuwsen, Miss Wisconsin, was crowned Miss America 1973 here Saturday, ending a quest that began with a calculated decision to enter a local beauty pageant to further her professional singing career.

The 23-year-old DePere, Wisconsin, native, the only double winner in the preliminary competition this year, used the stage presence and experience gained through two year's singing with the New Christy Minstrels to win both talent and swim suit prizes.

The first runnerup was Miss North Carolina, Constance Anne Dorn, 19. The other runnersup were Miss Pennsylvania, Linda Kay Olson, 20; Miss Texas, Mae Beth Cormany, 21; and Miss Indiana, Rebecca Sue Graham, 23.

Munich Security Questions

NEW YORK (AP) —The terrorist raid on Olympic Village in Munich raised many questions of security and defense measures, but several security experts have expressed doubt about the effectiveness of anything short of massive armed guards in such a situation.

Detection devices such as vibration sensors could have been used on the fence around the Olympic Village, one security specialist said, but he found it questionable whether that would have helped.

The warning devices would have to be part of a larger security system, with a central station to receive the alarm and dispatch an armed flying squad, the specialist said.

"And is that the kind of Olympics you would want," asked Willard Tiffany, security expert at the Stanford Research Institute, "with armed men all over the place?"

Tiffany, manager of the institute's security systems research program, said the question of cost probably would have been raised; there would have been a high number of false alarms with people violating curfews and a consequent slackening of alertness; there was the desire of the Germans to erase an image of militarism, and there was the possibility guards would have been overcome anyway.

Donations Pass $4,000 Mark

The period of formal appeals for the high school Bible Class Fund draws to a close today with about $1,800 needed to reach the goal.

A generous outpouring Saturday gave the fund a substantial lift with gifts totalling $253.

Doubtless, many individuals and Sunday School Classes, churches and others today will have gifts to add to the fund. These may continue to be sent to the Herald on behalf of the sponsoring Howard County Ministerial Fellowship, which administers the class. Tax funds may not be used for payment of the instructor, although the course is non-sectarian and teaches the Bible for its great ethical and moral truths, its historic and literary treasurers.

Israeli, Syrian Jets Fight; Crowd Cheers

By The Associated Press

Israeli and Syrian warplanes fought a swirling air battle Saturday over the occupied Golan Heights, with Israelis cheering their pilots on from the ground. The United Nations Security Council was summoned into urgent session to deal with Mideast develooments.

Israel claimed its planes shot down three Syrian jets in the Golan Heights encounter and returned safely to base. Syria conceded the loss of three planes, two to ground missile fire, but claimed two Israeli jets downed.

In New York, the Security Council meeting was set for 10 a.m. Sunday. A U.N. spokesman said Syria requested it to consider air strikes by Israeli jets into Syrian territory.

Israeli warplanes made a series of raids Friday on targets in Syria and Lebanon in retaliation for the killing of 11 Israeli Olympic athletes in Munich last Tuesday by Arab commandos.

The U.N. spokesman said Syria requested the emergency council session in a telephone call and letter to the mission of Chinese Ambassador Huang Hua, council president for September.

WAVE OF PLANES

A Syrian commnique claimed Israel sent over another wave of planes 90 minutes after the Golan Heights dogfight Saturday, that Syrian planes intercepted and hit one of the intruders.

There was no verification of a second engagement by Israel.

Israel also reported one of its missile boats sank an Arab guerrilla boat outside Lebanese territorial waters Friday. The Palestine news agency Wafa said an Israeli boat was sunk Friday off the Israeli coast.

CLEAR VIEW

The aerial battle was fought in clear view of hundreds of Israeli motorists, enjoying a morning outing on the Jewish New Year near the Sea of Galilee. They cheered as they saw Syrian planes go down.

A Syrian spokesman said Syrers delivered "a strong strike ia's fighters and fighter-bomb- in the Golan Heights, causing material and human losses." It was called a reprisal raid for the air strike Israel launched Friday in Syria and Lebanon.

In Amman, a Jordanian army spokesman reported 18 persons were killed and 17 wounded when rockets exploded in the village of Zneibah near the Syrian border during the Israeli-Syria dogfight.

There was no indication whether the rockets came from the Israeli or Syrian planes.

The day began with Israeli planes flying reconnaissance over the Golan Heights. Syrian antiaircraft guns opened up, and were brought under fire from Israeli ground forces. No casualties were reported.

SINK BOAT

In the sea battle, the Israelis said one of their missile boats was on patrol when an Arab craft opened fire. The Israelis replied with cannon fire and "in the exchange the terrorist boat was sunk," said a Tel Aviv communique.

United Way Contributions Are Third Of Total Sought

The United Way campaign had reached $33,749 Friday evening, according to reports from Bob Hickson, campaign chairman.

This is little less than a third the amount needed to finance the activities of a dozen and a half local institutions.

Hickson urged all division leaders and other workers to renew efforts to complete contacts for the United Way. Particular emphasis is being placed on the employes and the public employes divisions with an appeal for pledging a "fair share."

"This fair share," said Hickson "is simply a request that employes give one hour's pay per month for the support of all the agencies which make this a better town and county for them and their families."

Most business operators gladly accept payroll deductions for the fair share and other gifts, he said.

"This is the one, big coordinated appeal which takes the place of a dozen and a half separate campaigns," he added. "Dollars given to the United Way are the dollars which stay at home. Except for the funds required for the campaign and operation, all money goes directly to agencies which spend their money right here where they serve. And that going for administration and campaign expense is all spent right here at home."

ATTACKS McGOVERN WHEAT CHARGES — Agriculture Secretary Earl L. Butz denounces charges by Sen. George McGovern that wheat sales to the Soviet Union were made in "a conspiracy of silence" with large grain exporters and exploiting unsuspecting farmers.

BIG SPRING RESULTS UNCERTAIN

Rainmaking In West Texas

By CHRIS HARTE
Associated Press Writer

AUSTIN (AP) — Efforts to bring more rain to arid sections of Texas have been going on for many years, but recently have become more scientific and frequent.

One of the earlier attempts, other than prayers and Indian rain dances, was in 1891. It involved the firing of cannons at clouds and the setting off of explosives on the ground and from balloons.

The artillery and explosives attempt was tried because so many battles were fought in the mud, and pioneer rainmakers believed there might be a connection between the noise vibrations and rain.

MIDLAND EXPERIMENT

The 1891 results in the Midland experiment were inconclusive, but San Diego, Tex., residents underwent torrential downpours following the first shots there.

Scientific opinion ridiculed such efforts. And since the results, if any, were erratic, that sort of rainmaking activity all but disappeared.

Today, rainmaking is back, but in a form that scarcely would be recognizable to the artillerymen and the explosives experts.

Modern rainmakers are scientists and technicians who carefully document their efforts and results under the supervising eye of a state agency.

CONTROVERSY

But two things haven't changed—the federal government still finances much of the activity, and it is still surrounded by controversy.

Mail received by the Texas Water Development Board, which regulates all attempts to modify the state's weather, "runs from people calling us saints to people calling us any name they can get through the mail," says executive director Harry P. Burleigh.

All seven of the current rainmaking projects in Texas are in West Texas and the Panhandle. With an average annual rainfall of 15 to 25 inches, and some years far below that level, the region not only has a need for water but also the 'seedable clouds" required for successful rainmaking.

SEED CLOUDS

John T. Carr Jr., chief planner in the board's weather modification division, says a cloud can be seeded "if it is at least three miles wide and two miles from base to top, and extends above the freezing point, which occurs about 12,000 to 14,000 feet above sea level."

Almost all moisture in Texas skies comes from the Gulf of Mexico, Carr explains, and is carried north by prevailing winds. There is nothing to force the air up, to cool it and form clouds, until it hits the Balcones Escarpment or a natural barrier like a cold front.

Silver iodide is the most common chemical used in cloud seeding. It can be released into a cloud's base from aircraft, or carried up from the ground by air currents.

BEST JOB

If conditions are favorable, some of the silver iodide reaches the freezing point, where it forms ice crystals, turns to snow, attracts enough additional moisture to overcome the cloud's turbulence and falls to the ground. It melts to rain long before it leaves the cloud.

Rainmaking activity extends from early spring to late summer. "During fall and winter, nature does the best job possible with the moisture that's available in the clouds," Carr says.

In order to obtain a weather modification license in Texas, an operator must first convince the Water Development Board he knows the technology of rainmaking. Then he must get approval for the location and dates of a specific project.

Only one applicant has been refused a license. His 1972 request contained statements and claims which the board decided were phony, in the words of one official.

TRY TO CHANGE

Carr says the Texas law governing attempts to change weather has served as a model for similar statutes in many other states. Oklahoma has a similar law, he says, the only difference being a clause exempting religious activities.

That was inserted to avoid complaints from the state's Indians. Carr says Texas rainmaking projects benefit Oklahoma more than Texas. Financed by private groups as well as government agencies, clouds are seeded in Texas but are carried over Oklahoma before producing any rain.

The other projects are wholly contained in Texas.

West Texas ranchers are financing the oldest project in the state. Now in its third year, the Plains Weather Improvement Association spends $130,000 a year to try to bring rain to the large area north of Lubbock.

BIG SPRING ACTION

They also hope to eliminate or at least minimize crop and livestock damage from hailstorms. This is accomplished

The cool evenings, crisp mornings and general stillness proclaim that autumn is here, although the official date is Sept. 22. It hardly seems possible, but the football season kicked off Friday evening with the Big Red of Coahoma taking up where it left off last season, and Big Spring waiting until Saturday night for its kickoff in Lubbock.

A hunting accident resulted in the death of B. C. Hammer Sr., 70, of Big Spring, near Garden City last weekend. Jack W. Beall, 48, Snyder, was killed when his car was struck by a train at a Colorado City crossing. Little Cynthia Ann Jones, Sweetwater, was injured fatally when struck by a car at Sweetwater.

* * *

Colorado City got the welcome word Thursday that Sequoya Mobile Homes will construct and operate a plant there. This is due to involve considerably more than the $500,000 included in initial announcements, has a target of 100 beginning employes who will seek to turn out three to four units per day. Later, plans call for more than doubling the production, which would mean boosting the payroll from some $15,000 per week to $25,000 or more.

* * *

Speaking of Colorado City, community leaders there are throwing a party Tuesday evening in honor of Joe (and Marge) Bell, who operated the Colorado City Record for 20 years. Despite many obstacles, Bell not only turned out a good newspaper, but he worked to keep his town alive and pushing.

* * *

For practical purposes, registration has about concluded at HCJC (although students can sign up before classes Monday) with 1,000 on the rolls. The Webb Education Center also will have final signup Monday evening for numerous upper level and graduate courses open to anyone. Big Spring schools picked up another 100 pupils.

Dawson County had prospects for a Fusselman discovery on the basis of a drillstem test of Knight & Miller No. 1 Graham, eight miles south of Lamesa. It returned considerable gas and free oil above 11,685, but there also was a slight amount of water. Henry and landenberger No. 1 Nail, a Martin County prospector, threatened to blow out in the Strawn.

* * *

The regular appeal for support of the Bible Class Fund ends today, but that doesn't mean you can't send in your gifts. They are still needed urgently because the effort is substantially short of its goal of $5,500.

* * *

The Howard County Airport has been closed and will remain so until Sept. 15 for repairs and runway refinishing being done by Price Construction Company. When traffic resumes there, including Texas International, air passengers will find that fares to Dallas and Houston will be $1 more one way, thanks to a CAB fare increase.

* * *

Results from the Muscular Dystrophy telethon last weekend showed $1,529 raised and pledged here, somewhat off from the previous year.

* * *

A new trial was granted in Odessa to Bobby W. Bell, and his death penalty for a murder conviction was modified to life sentence. The original sentence, assessed in the slaying of an elderly woman, was the first ever given in Ector County.

Ameripass Is Available Here, Says Jim Owens

Ameripass, Greyhound's new 60-day unlimited travel ticket, is now available in Big Spring, according to Jim Owens, Greyhound representative.

Owens said Ameripass offers complete freedom and flexibility of travel by bus for 60 days for only $149.50.

Using Ameripass, a traveler can go anywhere in the United States and many areas in Canada over Greyhound's 100,000 miles of routes, reaching 40,000 cities and towns, Owens said.

Ameripass holders are also eligible for special discounts on hotels, sightseeing, automobile rentals and other travel services.

Owens pointed out that Ameripass is the country's leading travel bargain. "Imagine being able to see America for only $2.50 a day. It's the most economical way to see this great land of ours," he said.

There are no limitations on the time of day or day of week Ameripass may be used during the 60-day period. Nearly 100 other intercity bus companies in the United States and Canada honor Greyhound's Ameripass.

Tracking Test

NORFOLK, Va. (AP)—The guided missile destroyer Lawrence is on station off Vietnam to test specialized tracking devices and weapons, Atlantic Fleet Headquarters announced Friday.

Rod Brooks Named Prexy Of HCA Club

A newly formed Howard County Agriculture Club plans to meet once a month and study problems common to all citizens interested in agriculture.

Farmers, ranchers and agribusinessmen are all invited to join the group which was formed here Thursday night.

The club has as its principle objectives, educational purposes and community service. They are a countywide organization and will meet the first Thursday of each month at the Howard County Show Barn at 8 p.m.

New president of the club is Rodney Brooks and he announced that programs will be on topics of general interest to farmers and ranchers in the area. "Modern agriculture is constantly changing and it will help us all keep up to date, as well as sharing problems," officers of the club stated.

Other new officers include Loyd Underwood, vice president, Leon Langley, secretary; Marion Newton, treasurer; Donnie Read, program chairman and Raymond Stallings, reporter.

Anyone interested in learning more about the new club may call any one of these men before the next meeting in early October.

Shotgun Blast Beds Local Man

A 27-year-old man was in good condition with birdshot in his upper right chest Saturday afternoon after an incident at 1106 W. 4th St. at 11 p.m. Friday.

A man had been trying to break into his house when the shooting occurred, Gilbert Flanagan, 1106 W. 4th, reported to police.

Then, the wounded man drove off east on West Fourth St., the police log stated.

Police were reported en route to Flanagan's residence. But, before arriving, they said they learned a man whom had been shot was at Betty Lou's Bar.

An ambulance was dispatched to the bar in the 1200 block of West Third St. and rushed the injured man to Hall-Bennett Memorial Hospital.

A complaint had not been filed Saturday in connection with the shooting.

DEATHS

Virginia A. Tyner Dies In Seminole

Virginia Ann Tyner, 65, was found dead in her home in Seminole Saturday morning.

Services will be at 2 p.m., Tuesday, in the Nalley-Pickle Rosewood Chapel. Burial will follow in Trinity Memorial Park.

Mrs. Tyner was born June 7, 1907, in Huntsville, Ala. She married Jess Tyner in 1962. He preceded her in death in 1969.

Mrs. Tyner had been a resident of Seminole the last 20 years. She was a member of the Westside Church of Christ in Seminole.

Survivors include four sisters, Mrs. A. J. Bailey, Big Spring, Mrs. Harold Burton, Tacoma, Wash., Mrs. Walter Wood, Lubbock, and Mrs. Bobby Airhart, Wingate; seven brothers, F. E. Hollandsworth and Charley Hollandsworth, both of Big Spring, J. C. and Claude Hollandsworth, both of Pensacola, Fla., John Hollandsworth, McFarland, Calif., J. W. Hollandsworth, San Diego, Calif., and Tom Hollandsworth, Seminole.

Mrs. Gonzales; 72, Succumbs

Mrs. Antonio (Marguarita) Gonzales, 71, was dead on arrival at a local hospital at 9 p.m. Friday.

Funeral mass will be at 10 A.M. Monday at St. Thomas Catholic Church. Officiating will be the Rev. Leo J. F. St. John. Burial will be in Mount Olive Cemetery under the direction of Nalley-Pickle Funeral Home.

Mrs. Gonzales was born Feb. 23, 1900, in Laredo. She married Antonio Gonzales Jan. 30, 1918, in Carrizo Springs. They moved to Big Spring from Carrizo Springs in 1937.

She was a member of the St. Thomas Catholic Church.

Survivors include her husband, of the home; four sons, Leon Gonzales, Ben Gonzales; Raymond Gonzales, and Lup Gonzales; three daughters, Mrs. Paula Martinez, Mrs. Dorma Guzman and Mrs. Juanita Deanda, all of Big Spring; a brother, Beninio Ayala, Asherton, 40 grandchildren and 11 great-grandchildren.,

Patients In Need Of Head Coverings

Another appeal for donations of men's and women's straw hats was voiced today by Mrs. Larson Lloyd, coordinator of volunteer activities at Big Spring State hospital.

They are needed for hospital patients who will be guests of Cosden at the Shrine Circus Monday 3 p.m. at the rodeo bowl. A dozen people responded with hats Friday, said Mrs. Lloyd, but twice as many more are needed because the patients — on thorazine — become itchy when exposed to direct sunlight. Those with men's and women's straws (particulary the broad brimmed women's type) are asked to call Mrs. Lloyd at home today or at her office early Monday.

Minimum Wage Bill Stalled In Congress

WASHINGTON (AP) — Legislation that would increase the minimum wage for millions of U.S. workers is being held up in Congress by Republican efforts to force a vital change in House procedures.

The Republicans are blocking efforts to reach a compromise between House and Senate minimum wage bills by demanding a voice in selecting the Democratic House members who will take part in the compromise conference.

They want to make sure a majority of them will stand by the House bill, which is far more limited than the one passed by the Senate.

$1.60 FOR TEENS

The appointment of conferees is a key power of the Democratic leadership and it has shown no signs of yielding to the GOP demand. But the Republicans are in a position to drive a hard bargain because they have the support of most Southern Democrats and can muster a majority on the House floor.

They first showed their power last May when by a 217 to 191 vote they substituted their own bill for a far more liberal one backed by the Democratic leadership. It would raise the present $1.60 an hour minimum to $1.80 two months after enactment and to $2 a year later, but hold it at $1.60 for teen-agers and students.

EXTEND COVERAGE

In July, the Senate voted to raise the minimum to $2 after two months and to $2.20 a year later. Its bill also would extend coverage to 8.4 million new workers.

Most disputed legislation is passed in different versions by the House and Senate, which then appoint conferees to work out a compromise. By controlling the appointment of conferees, the Democratic leadership can at least strongly influence the outcome.

House Democrats planned to accept many of the more generous Senate provisions when they went to conference on the minimum wage bill, but on Aug. 1, the motion to send it to conference was beaten, 198 to 190, by the Republican-Southern Democrat coalition.

RUNNING OUT

Rep. John N. Erlenborn, R-Ill., who is leading the coalition effort, urged defeat of the motion because a majority of the conferees to be appointed had voted against the GOP substitute bill.

The Democratic leadership has done nothing since that vote to get the bill to conference or to give Erlenborn the assurance he seeks that House conferees will stick to the House bill.

But time is running out, and with an increase in the minimum wage an important part of the Democratic legislative program, some action is expected soon.

The most likely solution would be a pre-arranged agreement between House and Senate Democrats on the major provisions of the compromise. With that in hand to ease the fears of some conservative Democrats, the leadership would probably be able to pick up the few extra votes it needs to appoint the conferees it wants—and to maintain its perogatives.

Texas Democrats, GOP Announce Key Speakers

By The Associated Press

Texas Democrats and Republicans announced key speakers Saturday for their Sept. 19 state convention activities.

Sen. Lloyd Bentsen, D-Tex., will be the speaker for the "Tops in Texas Dinner" on Sept. 18 in Houston, the night before the State Democratic Convention. Comedian Norm Crosby will also appear at the $25 a plate fund raising dinner in the Crystal Ballroom of the Rice Hotel.

Tennesse Gov. Whitfield Dunn will be the keynote speaker at the State Republican Convention in Dallas on Sept. 19. On Monday night Dallas County Republicans will sponsor a cocktail buffet in the Statler-Hilton Hotel.

Pre-convention activities for the Republicans begin Saturday, Sept. 16, with public hearings before the Convention Platform Committee. The platform committee meets again Sunday afternoon along with the Convention Credentials Committee.

The State Republican Committee meets 10 a.m. Monday, Sept. 18, followed by campaign workshops for the various Republican candidates.

The full state convention will be called to order at 9 a.m. Tuesday, Sept. 19, in the Dallas Convention Center.

The first scheduled pre-convention meeting for the Democrats will be public hearings before the Convention Credentials Committee at 2 p.m. Sunday, Sept. 17, in the Rice Hotel. The State Democratic Committee meets at 2 p.m. Monday.

The State Democratic Executive Committee will be called to order at 10 a.m. Tuesday, Sept. 19, in the Albert Thomas Convention Center.

Piano Teachers Enroll In Class

Mrs. Marguerite Hyden, Mrs. Bob Simpson, and Mr. Harlen Thornton, Big Spring piano teachers, have enrolled in a Piano Musicianship Pedagogy series of classes offered through the National Piano Foundation, Chicago, Ill.

Clinician Nancy Winford of Odessa is teaching the course, which is based on new techniques in group piano instruction. Included will be teaching the interrelated subjects of sightreading, transposition, ear-training, repertoire, harmony and keyboard improvisation, and is intended to give piano students a broad musical understanding and develop literacy and independence.

The educational programs of the National Piano Foundation are under the direction of Dr. Robert Pace, internationally known educator and author.

Baptist Workers To Be Counseled

A regional training conference for associational officers will be held here Monday at the First Baptist Church.

Bob Fuston, Dallas, will head a staff of workers from the Baptist General Convention of Texas to counsel with workers in Sunday School, church training, music, library and youth.

Representatives will come from associations from below San Angelo on the south, El Paso on the west, the Panhandle on the north and Abilene on the east.

The afternoon and evening meetings will involve several scores of the associational leaders in an effort to coordinate and improve Baptist work.

Chamber Meeting Is Set Monday

Directors of the Big Spring Chamber of Commerce will meet at noon Monday at Coker's restaurant, R. H. Weaver, president, announced Saturday. Reports will be received from division heads and from chairmen of special task forces. There also may be reports from the revaluation program of the membership rolls.

Mrs. Hansen Nominated

The Parish Workers of St. Paul Lutheran Church Thursday nominated Mrs. H. T. Hansen for president and Mrs. Leroy Budke for secretary-treasurer of the West Texas Zone of the Lutheran Women Missionary League (LWML).

Pastor Carroll Kohl talked to the group in the home of Mrs. Robert Roever of Midway about how women view the church.

LWML Sunday will be observed Sunday, Oct. 8. A banner will be made for the church, and a special service will be held.

New members welcomed Thursday include Mrs. Kohl, Mrs. James Vineyard, Mrs. John Spurr and Mrs. J. D. Nelson.

Attending the Texas LWML District Convention recently were Mrs. Hansen, Miss Connie Hadley, Mrs. Ralph Hadley, Mrs. Alton Marwitz and Pastor and Mrs. Kohl.

School Trustees Convene Monday

Among the top items to be discussed at the regular school board meeting Monday at 5:15 p.m. at the school board room, will be discussion of the proposed budget in relation to the building fund and to the special education progam.

Action is also expected on a building trades class project, the board policy on married students and the possible employment of an elementary school art supervisor.

Reports will also be heard on the proposed addition to the central administration building, enrollment at the schools and possible attendance at the Texas Association of School Administrators and School Boards meeting.

There is also to be an analysis of collections of the tax department and a report from Novis Womack, tax appraiser.

Baptists To Have Rally Wednesday

A rally at First Baptist Church Wednesday 7:30 p.m. will introduce members of the team which will be with the church for a revival in October.

The evangelist will be Gil Stricklin, Dallas, member of the evangelism department of the Baptist General Convention of Texas. For a number of years Stricklin was on the Billy Graham team but more recently has been devoting his full time to helping Texas churches in evangelism.

A substantial part of the program will be given over to songs by Veo Gray, radio and television recording artist who is an independent evangelistic singer headquartered in Dallas. Dates for the meeting at First Baptist are Oct. 8-15.

New Industrial Park Ceremony Is Set Monday

MIDLAND — Official opening of new Industrial Park area at Midland Regional Air Terminal will be held at 10 a.m. Monday, just east of the Terminal post office building along the main road.

Wilson Banks, director of aviation for the City of Midland, will serve as master of ceremonies for the occasion. Brief remarks will be made by Mayor Ernest Angelo, County Commissioner Durward Wright, and A. A. (Jack) Bradford, chairman of the airport advisory board.

The city has designated 140 acres of Air Terminal property as an Industrial Park. A brochure detailing in the park's location for warehousing, distribution facilities, and manufacturing has been printed by the city.

Connally Will Be Sworn In Monday

AUSTIN, Tex. (AP) — Sen. Wayne Connally of Floresville will be sworn in as president pro tem of the Senate Monday.

Lt. Gov. Ben Barnes will preside at the ceremony. Connally was elected president pro tem, the assistant presiding officer of the Senate, at the close of the 62nd Legislature's third special session in July.

He succeeds Sen. Chet Brooks of Pasadena, and will serve as governor for a day, which the pro tem traditionally does, on Oct. 7, when both Gov. Preston Smith and Barnes are out of the state.

'Y' Slates Swim Classes

YMCA classes in swimming will start Sept. 11, according to YMCA Athletic Director Pat Owen. The classes are for children ages 3-5.

According to Owen, the child must have attained a chin heighth of 31 inches.

The classes are designed to help children overcome a fear of water. Instruction will be for two weeks with the sessions running from 3:30-4 p. m. every Monday through Friday.

There is no charge for family members of the YMCA; however, non-members must pay a $10 fee for each child enrolled in the classes.

The enrollment will be limited so a small student-teacher ratio can be maintained.

Also scheduled by the "Y" is an art instruction worsshop for children ages 8-12. These classes will be each Monday and Wednesday from 4-5:30 p. m. Classes begin Sept. 11 and will be conducted through Oct.4.

There will be instruction in sketching, shading, drawing, forms, painting (tempera) and watercolors. Mrs. Gary Oxley is the instructor.

Fees for the classes are six dollars for members and ten dollars for non-members.

MISHAPS

2303 Lynn: Parked C. T. Burrows, Hobbs, N.M., and Paul Eugene Merrell, 2306 Lynn.

One-half block west of Police Station: Perry J. Graham, Odessa, and A. A. Beckmon, RFD 1, Box 651.

Foodway, 2602 Gregg: Yolanda T. Correa, 505 Abrams, and Pamela Kay Dyer, 1703 Aylford.

FM 700 by State Park: Casswell S. Hall, 605 Runnels, and reflector pole.

205 E. 6th: John Gordon Edwards, 205 E. 6th, and Dorothy Brown Cross, 1608 E. 6th.

VANDALISM

Jack Lewis Buick reported B-B's hit the window of a 1972 Buick. Damage estimated at $220.80.

Police said the stationary part of the sliding glass door on the east side of Fire House No. 6 was broken.

THEFTS

Pat Patterson told police a stereo was stolen from a vehicle parked at the Jack Lewis Buick lot. The car belonged to Jeanie Lawson.

Ruby Rodriquez, Midland, reported her car had been taken, and police arrested a suspect. A complaint was pending Friday.

Bobby Nicholson of D&C Trailer Sales reported theft of a tire, rim, hub and locking nut on a mobile home at the storage lot at 4010 W. U.S. 80. Loss was placed at $32.

John Turner, 1026 Birdwell, reported a stolen 1970 green Pontiac Catalina.

Move To Create Federal Police Force Ires Welch

DALLAS (AP) — Robert Welch, founder of the John Birch Society, says he is concerned by what he called a "piecemeal" move at the national level to create a federal police force.

He claimed during a weekend visit to Dallas that such a police unit is being formed under the auspicies of the Federal Protective Service in Washington.

"I don't think it's too large yet," he said in response to a question at a news conference, but added: "It is fast becoming a national, gestapo-like police agency."

DON'T KNOW IT

He said guards used to protect federal buildings are part of the agency "but they don't know it yet."

He said "another division" other than the Federal Protective Service is involved but said he could not recall the name at once. "There may even be a third," he said.

The FBI, Welch said, is not included in the movement. "Nobody was more opposed to a federal police force than J. Edgar Hoover (the late FBI director)," he added. "The FBI is an investigate body, not a law enforcement agency."

He said the FBI has exposed Communist conspiracies "over and over and nothing has happened." He said there was inactivity in this field by a number of attorneys general, and specifically named the late Robert Kennedy and Ramsey Clark.

Publication Features Ray

Sponsorship of a film, "Small Cars and crashes," to explain why he refuses to sell small car models hs earned Dewey Ray the lead spot in the September issue of Status Report. This is the national publication of the Insurance Institute for Highway Safety.

As result of this publication, Ray said he had been interviewed by telephone by the Washington Post and Advertising Age. The article explained he declined to sell the small models because he would feel responsible.

A number of weeks ago, Ray projected the film on television. Status Report explained that the picture shows result of six head-on crash tests the Institute conducted between small cars and sedans. His dealership refuses to sell models marketed by his own manufacture, said Status Report.

Ray added that several customers said they had been persuaded to buy a larger car. "The retailer of the future must," he said, "start advertising with complete candor and lean over backwards to present factual material and factual comparison of automobiles."

Ginners Gather For Conclave

Plains Ginners Association will hold its annual meeting and election of officers and directors Saturday at the Lubbock Country Club .The meeting will be at 9 a.m. and will adjourn at 2 p.m.

Current officers include Gayle Craft, Plains, president, and Bill Weaver, Lamesa, vice president. Donald Johnson Lubbock, executive director of Plains Cotton Growers, Inc. will discuss prospects for future government cotton programs and other factors which bear on the volume of cotton production and ginning in the year's ahead. Tony Price, executive director for the state ginners will talk about problems in trailer lighting laws, air pollution control, and the new occupational safety and health act.

Board To Convene

Trustees of Howard County Junior College will meet at 5:15 p.m. Tuesday in the board room off the parlor in the Dora Roberts Student Union building, Dr. Thomas Salter, president, announced. The agenda, while lengthy, contains only routine items.

RAINMAKING

(continued from Page 1)

by adding large quantities of silver iodide to clouds that seem likely to produce hail. The theory is to cause the formation of many small hailstorms rather than fewer large ones.

The Upper Colorado Water District has seeded an area northeast of Big Spring for two years, attempting to bring water into the J. B. Thomas and E. V. Spence reservoirs.

And the federal Bureau of Reclamation is conducting a dual purpose seeding experiment in the San Angelo area. Operating in a warmer area than the others, the project hopes to find methods that will bring rain from clouds that don't reach the freezing level.

But when such clouds do develop, they are seeded by conventional methods in an attempt to put some water into Twin Buttes resorvoir. Two years of the three-year experiment, expected to cost close to $1 million, have been completed.

TAKES 10 YEARS

Carr says meteorologists generally agree it takes 10 years to tell if experiments are working, since the normal year-to-year rainfall variations, especially in an area like West Texas, can exceed 50 per cent of the average figure.

Carr also says that there may be technology before too long that will prevent rain in already flooded areas.

But board officials stress they have no intention of trying to change the climate of any region of Texas.

Re-Elect Directors Of Co-Op

STANTON — At the 33rd annual membership meeting of Cap Rock Electric Cooperative, Inc. Saturday night in Stanton, 1,954 persons saw three directors re-elected to the board:

Glen Cantrel, president of the board of directors, of Big Spring, representing district two; Alfred J. Schwartz of the St. Lawrence area, district seven ;and Neil Fryar of Lomax, district one.

D. W. McDonald of Midland, the director for district nine, was presented a plaque for 30 years of service on the board.

And the director for district six, Raymond A. Pribyla of Tarzan, was given a pen for 10 years service.

Amarillo's Rev. Leon Hill entertained the crowd at the high school stadium with a humorous talk. The Rev. Hill praised American farmers for their good work.

Defeated nominees for board slots were Oliver (Bud) Nichols Jr. of Elbow, who ran against Fryar; Donald McKinney of Coahoma, who opposed the president; and S. E. (Siler) Williams of Lawrence, who tried to unseat Schwartz.

The three incumbents were re-elected to three-year terms.

FOR YOUR PLEASURE

Materials Are Pledged For Next Two Showings

Several individuals have brought or pledged materials for the next two showings at Heritage Museum.

Mrs. J. C. Hurt will loan a painting, "Mapping the Trail," for the exhibit of H. W. Caylor paintings next month. The pioneer Big Spring artist painted this in 1900, and for years it hung in the office of the late Dr. John Hurt.

The family of Mrs. L. S. McDowell Jr. will loan several Caylors for the exhibit, which Museum officials hope will be the most comprehensive showing of the artist's works.

* * *

Also, several items cane in for the railroad exhibit, which is to follow the Caylor display. Mrs. Frank Powell brought in several things saved by her late father, Schull, a conductor. Included is a seniority list for freight and passenger brakemen and conductors from 1881-1914; a picture of the T&P home that Ed C. Tucker built at Gregg and First about the time the T&P arrived; pictures of train wrecks. Mrs. Lillian Cluck, whose father, A. P. Clayton, was an engineer, brought his tin grip for carrying clothes on a trip; Mrs. W. H. Bain, whose husband is a fireman, had engine and crew pictures; also books given to Mr. Bain by the late J. M. B. Gilmore, engineer who ran for 62 years.

Museum visitors during the week included Hannah Harrison's homemaking class from Runnels Junior High. A memorial to James F. Wheat was made by Mr. and Mrs. Wade Choate. The Settles Hotel gave a large picture of the historic Crawford Hotel.

The show fast is coming together for the presentation of "Oklahoma!," the last of this month by members of the Big Spring High School Choral department. Costumes were due over the weekend. Rehearsals now include all cast members, the full choir and full orchestra, and the show is shaping as a splendid production. Tickets ($2 and $4) go on sale Monday, and reservations may be made by calling the high school.

* * *

Auditions for the newly organized Chorale of the Midland-Odessa Symphony will be continued this afternoon, between 2-4 o'clock — at Rodenhiser Hall, Midland Air Terminal. Other auditions will be Saturday, 10 a.m. to 3 p.m. at the same place. Henry Sellers and Robert Kreis will be in charge of the auditions, and all area singers are invited to try out for the chorale. Additional information may be had by writing P. O. Box 6266, Midland 79701 or call 563-0921 (the Symphony office).

* * *

The Lubbock Symphony has launched its ticket drive for the season, looking toward its first concert Oct. 10. Mary Costa will be guest soprana. Currently she is starring in MGM's new film on the life of Johann Strauss Jr.; "The Great Waltz."

* * *

The Midland Arts Association has announced a regional art and craft exhibition Oct. 22-28. There will be categories in oils, water-based media; graphics, scultpure, ceramics, crafts and photography. Entry fee is $2.50 per each work, with no limit, and items entered may be sold at a 20 per cent commission. Entry date is Oct. 15 from 12 noon to 6 p.m. Additional information may be had from the association at box 4252, Midland 79701.

Doc-Patient Ruling

AUSTIN (AP) — Texas does not recognize the doctor-patient right of privileged communication, and therefore doctors must notify the Board of Medical Examiners when treating a narcotics addict, Atty. Gen. Crawford Martin said.

The 1971 Legislature outlawed prescriptions of narcotic or dangerous drugs to addicts except where they are under treatment for their addiction and provided the doctor notifies the state board.

M H. Crabb, secretary of the state board asked Martin if the 1971 law violated any other state or general law, or if it abridged any rights under the state or federal constitutions.

Martin said it did not.

"The physician-patient privileged communication is not a constitutional right and it was not recognized as a right or privilege at common law," Martin said. "It is merely a statutory privilege in those states whose legislatures have conferred the privilege . . . Texas does not recognize that privilege."

Martin further said the 1971 Texas law is in line with a nationwide trend requiring some sort of reporting by doctors in narcotics addiction cases.

The provisions in the Texas law "are almost identical to the language recommended by the American Medical Association for adoption in the Uniform Drug Act," he said.

SHARELLE ROGERS

Bank Will Display Works Of Well-Known Artists

A rate occasion is in store for Big Spring's lovers of Southwestern art. Later this week, Thursday and Friday, the product of regional artists will be on display at First National Bank's Main Lobby.

Scheduled for showings Thursday from 10 a.m. to 3 p.m., 7 p.m. to 9 p.m., and Friday from 10 a.m. to 3 p.m. are paintings by such well known Southwestern artists as Sharelle Rogers, Roland Enright, Andre Gisson, A. D. Greer, Travis Keese, Don Parker, Charlotte Payne, Brian Puckett, Joe Rader Roberts, Sandy Truett and others.

The source of inspiration of some of these artists is the desire to retain something of nature, those rare sights unspoiled by civilization.

Sharelle Rogers expressed her fear for nature: "I have always loved animals. I want Clay (her son) and other youngsters to enjoy them too, and I am afraid they don't have much of a chance. So I want to paint them for others who may never see them."

Her paintings bespeak a kind of energy that has its own morality, subconsciously responding to the outcry of conservationists who speak of the threat of extinction to many birds and animals.

Travis Keese expresses the same fear in his brush, recreating the wilderness and settings that are untouched by man. "I think this is unconsciously brought on by the fact that man is gradually spreading out into the wilderness and sooner or later very little, if any, will be left. So I aim to capture as much of the true wilderness as I can before it is gone," he says.

State Must Pay Guard From Odessa

AUSTIN, Tex. (AP) — Texas State Guard members who are injured in riot control training can collect their medical expenses from the state, Atty. Gen. Crawford Martin held Friday.

Martin's opinion went to Maj. Gen. Ross Ayers, the state adjutant general

Ayers said Sgt. Charles Hicks was thrown to a concrete floor in the Odessa National Guard armory during a class on crowd control April 18. Hicks struck his head, and his medical bills now total $1,787.

The adjutant general said that until now, his department has not considered claims for such injuries valid when submitted by Texas State Guard members who have not been called to active duty by the governor.

But Martin said a 1965 state law provides that any member of the state's military forces—including the Texas State Guard—who is injured during training is entitled to compensation for his injuries. Martin said payment can come from an appropriations item of $15,000 for the state guard's riot control training.

Reporter Dies

NOVATO, Calif. (AP) — Elmont "Monty" Taylor Waite, 63, a San Francisco Chronicle reporter and former war correspondent for The Associated Press, died Wednesday.

Texas Effort Spotlighted

Efforts to find employment for Viet Nam era veterans has brought national recognition to the Texas Jobs for Veterans Task Force, appointed earlier this year by Gov. Preston Smith.

James F. Oates Jr., who heads the national Jobs for Veterans organization, praised the Texas group in a letter written to Texas Employment Commission Chairman Harold K. Dudley, who serves as chairman of the state task force. "The whole nation is indebted to you for the substantial contribution you have made to the . . . Jobs for Veterans Program," he said.

Accompanying the commendation was a certificate of appreciation from the national committee.

The Texas group has helped to organize local task forces throughout the state and has assisted in various other ways in promoting the hiring of returning veterans. During the fiscal year ending June 30, the Jobs for Veterans groups, working in cooperation with the Texas Employment Commission, placed 41,534 veterans in permanent nonagricultural jobs.

The Big Spring TEC office reported 469 veteran placements during the fiscal year 1972. Of these, 76 were permanent placements, while the other were regarded as temporary.

MEN IN SERVICE

U.S. Air Force Capt. Carl L. Baker, son of Mrs. Lois A. Merlau of 6015 Annapolis Drive, Lansing, Mich., has been graduated from the Air University's Squadron Officer School at Maxwell AFB, Ala.

Capt. Baker was specially selected for the 14-week professional officer course which prepares junior officers to assume higher command and staff duties required by the Air Force.

The captain is assigned at Holloman AFB, N.M., as an F-4 pilot with a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

Capt. Baker, who has served in Vietnam, is a 1962 graduate of Dansville (Mich.) High School. He received his BS degree and his commission in 1966 from the U.S. Air Force Academy.

The captain's wife, Dana, is the daughter of Mr. and Mrs. Roy Rosene of 1309 Sycamore, Big Spring.

* * *

Lt. Col. Carl A. Wyrick, son of Mr. and Mrs. Roy L. Wyrick of Coahoma, has deployed with his Forbes AFB, Kan., unit for temporary duty at Rhein-Main AB, Germany.

Col. Wyrick is an air operations officer with the 47th Tactical Airlift Squadron, a component of the Tactical Air Command (TAC).

Such TAC units are rotated — generally on a 60-day basis — to overseas locations to maintain a high degree of flexibility and operational readiness.

Col. Wyrick, who holds the aeronautical rating of a command pilot, was commissioned through the aviations cadet program. He has completed 19 months of duty in Vietnam.

A 1952 graduate of Coahoma High School, the colonel attended Howard County Junior College, Big Spring, and the University of North Carolina.

His wife, Carol, is the daughter of Mrs. Helen Monroe, Big Spring.

* * *

U.S. Air Force S. Sgt. Clarence E. Watson, son of Mr. and Mrs. Norris B. Chadbourne of Cambridge, Maine, has arrived for duty at Little Rock AFB, Ark.

Sgt. Watson, an aircraft maintenance technician, is assigned to the 314th Organizational Maintenance Squadron, a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces. He previously served at Ching Chuan Kang AB, Taiwan.

The sergeant was graduated in 1965 from Piscataquis High School, Guilford, Maine. His wife, Rachel, is the daughter of Mr. and Mrs. Ira L. Beights of Rt. 2, Loraine, Tex.

* * *

U.S. Air Force S. Sgt. Donald A. Sharon, son of Donald M. Sharon, 6765 W. Flamingo Way S, St. Petersburg, Fla., is on duty at Nakhon Phanom Royal Thai AFB, Thailand.

Sgt. Sharon, a security policeman, is assigned to the 56th Security Police Squadron.

His wife, Shirley, is the daughter of Mr. and Mrs. C. B. Smith, 1600 Cardinal, Big Spring.

Ambush Puts 79 In Jail

MEXICO CITY (AP) — Army personnel have arrested 79 persons in connection with the ambush of a military convoy last month in which 18 soldiers were killed, officials said Saturday.

Members of a group of guerrillas led by former school teacher Lucio Cabanas are believed to have been responsible for the Aug. 23 ambush in the Guerrero State mountains, officials said.

Representatives of the Mexican attorney general's office who are carrying out an investigation of the incident said they hope to be able to charge the arrested guerrillas soon. The 79 persons are being held in Acapulco.

Those arrested were captured by members of the 50th Infantry Batallion of the Mexican army, authorities said.

Leaders of the Independent party, meanwhile, announced they will hold a demonstration Sunday in Acapulco's main square to protest what they called "the illegal arrest of hundreds of farmers and violations of human rights in the state penitentiary and the Acapulco jail."

MISS TINA
Aerialist in Shrine Circus

Circus Boasts Foremost Cat Trainer In Barrada

A true circus family with all the traditions will arrive in Big Spring as part of the SUEZ Shrine Circus starting Monday at the Rodeo Grounds.

The circus will give two performances, the first at 3:15 p.m. The evening show gets under way at 8 o'clock.

Father is Captain Jose Barrada from Peru, acknowledged as the world's foremost lion trainer. He is now in his eleventh year in the United States working with the Clyde Brothers Circus Nubian Lions.

Although she is no longer an active performer, Senora Barrada was one of the great aerialists of the circus world. Anna Maria and her brothers came to the United States from Colombia where they were one of the top wire acts of South America.

Eighteen year old Jorge has also worked the big cats. His father started teaching him at age 12. When Captain Barrada was injured in 1970, Jorge took over the act for six weeks. Jorge and his sixteen year old brother, Chino, cooperate on training and presenting a bear cat. Chino also practices on the tight rope.

The only non-performer member of the Barrada family is Jaime. But he's only five. He'll be ready to start next year.

Captain Barrada's cage full of snarling jungle fury is the opening act on the circus. Twelve huge African lions weighing up to 500 pounds each will fill the iron cage at show tije. Captain Barrada will work the cats, his sons will watch carefully outside the cage, and in their luxurious trailer, house wife, Anna, will wait dinner for her husband and sons to come home from a day's work.

Advance tickets can be purchased for $1.50 each at Blum's Jewelers, the Chamber of Commerce, First National Bank, Greyhound Bus terminal, Gibson's, Hemphill wells, Prager's Men and Boys' Wear, The Record Shop, Security State Bank and State National Bank. At the gate, the tickets will sell for $2.

Martin Is Still Setting Pace

Martin County continues to set the pace for oil well drilling in this area and ranks fifth place in Permian Basin totals.

Both Lea County, N.M. and Pecos County led with 21 active rotary rigs, while Ward County had 18 and Eddy County, N.M. 14.

Martin County had nine rigs gurning, up one for the week; Borden County two, the same; Dawson, down one; Glasscock one, up one; Howard five, up one; Midland one, down one; Mitchell three, down one; Nolan two, down one; Reagan seven, up one; Scurry none, down one.

County Dads Will Discuss Pay Boosts

The County Commissioners Court Monday will discuss the budget and consider increasing county employes' salaries 2 per cent.

Kenneth Howell, business manager of International Union of operating Engineers Local 826, is to confer with the court about the raise.

County Judge A. G. Mitchell estimated raising salaries 2 per cent would cost about $7,000 more before the end of 1972.

Other items include:

—Discussing adopting a resolution for a survey of water and sewage systems in Howard County through the Permian Basin Regional Planning Commission.

—Considering repairs needed in restrooms at Howard County Airport.

—Discussing hiring a vocational office education student for the county clerk's office.

—Discussing amending the travel budget of the juvenile probation office.

—Conferring with Marvin Hanson, acting road administrator, about road work.

—Considering purchasing a copying machine for the sheriff's office.

—And approving bills.

Junior Wallace To Sing, Grin

MONTGOMERY, Ala. (AP) - George A. Wallace Jr., son of the Alabama governor, has signed a contract to appear in a series of singing engagements with Hank Williams Jr.

Wallace will be featured as a singer and guitarist in the show on a national tour. He is scheduled to begin appearances next week.

McGovern To Talk At Houston Rally

HOUSTON (AP) — Sen. George McGovern, trying to capture the Texas' 26 electoral votes, returns to the state Sunday for the second time in four days and third time since becoming the Democratic presidential nominee.

McGovern will appear at a 6:30 p.m. rally at Houston's Hobby International Airport and depart for Minneapolis immediately after his talk.

He originally had planned to stay overnight and campaign in the city Monday but additional scheduling cut short his stay.

"We're looking forward to a huge airport rally," said Dr. Robert Hauge, co-chairman of the Harris County McGovern-Shriver Campaign Headquarters. "We're sorry the Senator can't stay."

Hauge said the headquarters received a telegram Friday from McGovern altering his Monday plans.

"I must alter my original plans to campaign in Houston on Monday," McGovern's telegram said. "Additional scheduling requires that I cut short my stay in Houston. I am looking forward to seeing all of you and our supporters in Houston upon my arrival at Hobby Air port."

McGovern visited Dallas and Houston Wednesday and Thursday. At Dallas McGovern frequently blasted John Connally, former Texas governor who last May resigned as President Nixon's Treasury Secretary to head the nationwide Democrats-for-Nixon campaign.

At Houston, McGovern visited the Mannes Spacecraft Center and denounced the man-in-space program as "too costly" and pledged to put space engineers into other types of work.

While in Dallas on Thursday morning, he spoke for 20 or 25 minutes on the telephone with former President Lyndon B. Johnson, calling it "just a very pleasant conversation."

McGovern and his running mate, Sargent Shriver, visited Johnson at the former president's ranch about three weeks ago. At that time Johnson endorsed McGovern's campaign.

Shriver also was scheduled to return to Texas this week. His schedule shows him to arrive in El Paso sometime Tuesday. He may campaign in other Texas cities.

Two Accused Of Killing Dealer, Granddaughter

BELTON, Tex. (AP) — It may take only a week to complete the trial that begins here Monday for two Houston men accused of killing a Kountze antique dealer and her 3-year-old granddaughter.

Dennis R. Anderson, 26, and Fred F. Young Jr., 22, are charged with slaying Mabel McCormick, 50, with a knife and ball peen hammer and stuffing Leslie Bowman head first in a toilet bowl last Jan. 5.

The defendants will be tried here in the death of Mrs. McCormick and later in Tyler in the child's death.

NO DEATH PENALTY

District Judge James K. Kuykendall, has called for a panel of only 200 prospective jurors because "the Supreme Court castrated us" by outlawing the death penalty.

Instead of questioning the prospective jurors individually on how they feel about the death penalty, prosecutors and defense lawyers will interrogate them in group, which takes much less time.

One of the prosecutors, Jim Kreymeyer of Belton, said jury selection may be completed in one day, and the state's testimony will take approximately three days.

Conviction carries a sentence of life imprisonment or any term of years not less than two.

READ THE BIBLE

Anderson and Young have been "model prisoners" in the Bell County Jail, says Sheriff Lester Gunn, who restricts their reading matter to one book, the Bible.

The defendants surrendered to officers at the Houston International Airport Jan. 14 after a flight from Puerto Rico.

The murder victims were found in Mrs. McCormick's burning home—antique shop by the child's mother, Mrs. James Bowman.

The slayers had left a short time before with a truck loaded with an estimated $6,000 worth of antique furniture and brassware.

The defendants allegedly returned a truck to a Pearland rental firm at 10:30 p.m. that night. The loot was found in a Pearland house on Jan. 8, and Anderson and Young reportedly were seen in Houston boarding an airplane for Corpus Christi on that day.

Two En Route From Tech Die

OLNEY, Tex. (AP) — Two Bowie youths en route home from Texas Tech died Friday night in a traffic accident a mile east of this town on Texas 199.

The victims were Pat Cleveland and Buddy Fenoglio. Injured were Jimmy Crumpler and Tommy Collins.

Trying To Dodge Cow Nets Deaths

POINT COMFORT, Tex. (AP) — Two teen-agers died Friday night in a car-truck collision which investigators said appeared to involve trying to avoid a cow in the road.

Killed were Adrian Drozd, 18, of Point Comfort and Paul David Mahalik, 18, of Olivia.

The truck driver escaped injury.

Cop Imposter 'Disappears'

DALLAS (AP) — Police said today a Vietnam veteran who was arrested posing as a vice squad officer in a tavern Wednesday night has "disappeared" after giving investigators a phony address.

The man, 25, "perfectly matched" the description of a police imposter-rapist who attacked two women and shot one of them, the Times Herald quoted police sources as saying.

"He sure fits the original description better than anyone we've had before," one source said. "He even had a scar down his left leg which he got when he was wounded fighting in Vietnam."

The rapist used "police credentials" to gain entry to the women's apartments in July.

The usual development surfaced as a Dallas County grand jury began considering a related case involving a veteran policeman, Felix F. Florio, 31.

Florio is charged with assault to murder in the shooting of a secretary, 22, in her East Dallas apartment July 27.

He was no-billed late last year by a grand jury in the pistol death of his 21-year-old girl friend.

An attorney, Charles Tessmer, said Florio does not have a scar on either leg and has an alibi for the night of the crime.

"He still maintains his innocence," Tessmer said. "He has maintained his innocence all the way through this thing."

Since Florio's arrest a week ago, Thursday, police have kept a strict and unusual seal on all information about the case.

The 25-year-old war veteran, whom some officers are now calling a "new suspect," was arrested Wednesday night while sitting at a bar.

BREAD PRICE BOOST DENIED

WASHINGTON (AP) — The Cost of Living Council Friday denied a request by the nation's bakers for a price increase for bread.

"There should be no rise in bread prices at this time," the council said in an announcement.

The American Bakers Association asked for a general increase in bread prices, contending that recent sales of wheat to the Soviet Union have triggered higher flour costs.

Good Look At Hopefuls

LUBBOCK (AP) — About 150 student leaders attending the Texas Intercollegiate Association meeting at Texas Tech University got a good look at Republican and Democratic candidates for the U.S. Senate Saturday.

Sen. John Tower, R-Tex., and Barefoot Sanders, Democratic nominee, were special speakers to the associated meeting.

"Young people voting for the first time this year have a historic opportunity to make smokescreen politics obsolete," Tower said. "These young people are smart enough to see through phony promises and apply good common sense in helping determine the future course of our nation."

Sanders said that young people "have led the way to supporting the idea of consumerism ... Consumers and business people agree that basic consumer protection is a good thing. All but the swiftest fly-by-night operators support sensible legislation, but not John Tower. On June 21 he was one of 10 senators who voted against the bill to give consumers better protection against misbranding and illegal distribution of food, drugs and cosmetics."

(Sun., Sept. 10, 10:30 A.M. & 6:00 P.M.)

DO YOU BELIEVE . . .

That the world's greatest need in these trying times, as well as all times, is God?

That the most important thing in the world to you is your own soul's salvation? (Mark 8:36, 37.)

That the Bible is the word of God and the only guide to salvation? (Romans 1:16.)

That in order to be pleasing to God we must follow the teachings of His word and not the teachings of any man or group of men? (Matthew 15:9.)

If your answer to these questions is "YES," you will want to attend.

ART SHOW

THURSDAY, SEPT. 14, 10 A.M. - 3 P.M.; 7 P.M. - 9 P.M.
FRIDAY, SEPT. 15, 10 A.M. - 3 P.M.

Big Spring residents are fortunate in being able to view paintings of Travis Keese, well-known wildlife artist. The colorful detail and craftsmanship in his paintings are outstanding, and the impact of nature is truly there.

Take a modern housewife, color her eyes hazel, send her husband to work and the 9-year-old to school, put her self-designed home in order and what does she do? She paints. Some Indians, animal miniatures, a landscape and the signature Sharelle Rogers creats a demand.

R. D. ENRIGHT

Roland D. Enright was born in Elkhorn, Wisconsin and rural living in modest means inspired his love of nature. Now living in Texas, landscape painting became his challenge and some of his best work will be on display in our bank Thursday and Friday.

All paintings will be exhibited in our bank Thursday, Sept. 14 from 10 a.m. until 3 p.m. and again from 7 p.m. until 9 p.m. Friday, Sept. 15 hours are 10 a.m. until 3 p.m. Other artists who will be represented in this special exhibition of Southwestern contemporary art include Andre Gisson, A. D. Greer, Don Parker, Charlotte Payne, Brian Puckett, Joe Rader Roberts, Sandy Truett and others. Don't miss this outstanding show.

Mills Wants Lid On Expenditures

NEW YORK (AP) — Rep. Wilbur Mills, chairman of the House Ways and Means Committee, has predicted quick congressional action on President Nixon's request for a limit on budgetary expenditures and for his own amended revenue sharing bill.

Mills, an Arkansas Democrat, told the Securities Industry Association here Friday that he would support the president's request for a $250 billion limit on budgetary expenditures and that the proposal had an excellent chance of being enacted in the current session of Congress.

Mills also said that a House-Senate compromise of the revenue sharing bill he authored would be ready for Nixon's signature by the end of this month.

During his address, Mills, the Democrats' leading economic spokesman, was critical of both Nixon and Sen. George McGovern, the Democratic presidential nominee.

He said he was more concerned with deficit spending, which he estimated could go over $35 billion in the coming fiscal year, than with tax reform.

Mills, who has said he would consider accepting an offer to become Secretary of the Treasury if McGovern were elected, took a swipe at the South Dakota Senator's tax reform and welfare proposals without mentioning him by name. "I don't care what anybody running for office says," he declared. "Either we must exercise greater restraint in our spending than we have in the past, or we will have to face the painful prospects of higher taxes."

Brown Heads Talk Panel

LAMESA — The West Texas Chamber of Commerce has selected Lamesa as one of three sites to hold a "Money in Vegetables" conference.

Purpose of the conference is to study the possibilities and possible money-making factors in growing vegetables in West Texas.

One conference has already been held at Munday, one will be held in Plainview, according to Art Roberts, manager of the Lamesa chamber.

Howard County farmers and farmers from other surrounding counties are invited to the three hour conference from 1-4 p.m. in Forrest Park Community Center across from the fair Barn in Lamesa.

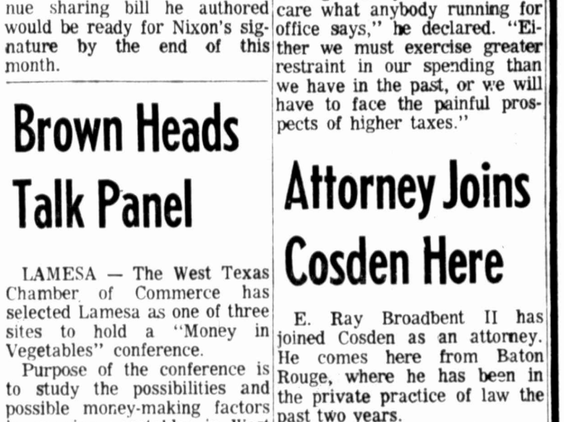

Norris Barron, farmer and director of the agriculture division of the Lames Chamber will preside. Claude W. Brown, West Texas chamber president will speak as will experts in vegetable production.

Attorney Joins Cosden Here

E. Ray Broadbent II has joined Cosden as an attorney. He comes here from Baton Rouge, where he has been in the private practice of law the past two years.

Broadbent is originally from Ponca City, Oklahoma. He earned a BS degree in industrial management from Mississippi State University and, in January 1970, received the J. D. degree from Louisisna State University School of Law. He is a member of the American Bar Association and the State Bar of Louisiana. He served six years in the Army Reserve.

His wife, Mary Caroline, is a graduate of Louisiana State University with a degree in mathematics. She is auditor of City National Bank at Baton Rouge, and recently completed her second annual session in an advanced banking school at the AIB in Madison, Wisconsin.

TEXAS WELCOME — Norwood Chearis (left) patent attorney for Cosden Oil & Chemical Company, welcomes E. Ray Broadbent II to the company.

Hope Is Greatest Thing Around For Arthritics

By CHARLES TEAGUE

Hope is the greatest thing available for arthritics today, according to Dr. William A. Riley, M. D., Malone-Hogan Clinic rheumatologist.

With much relief, and sometimes cure, there is no reason why most arthritic patients can't continue with a near normal life, he said.

Unfortunately most people think nothing can be done for arthritis," said Dr. Riley.

Dr. Riley has been practicing rheumatology in Big Spring for six years after taking his fellowship training at the Baylor School of Medicine rheumatology department. Five years prior he practiced internal medicine at Winston-Salem, N. C.

ONLY ONE

Rheumatologists are somewhat rare physicians in west Texas, according to the Arthritis Foundation's West Texas Chapter, including Amarillo, Lubbock, Odessa, Midland and San Angelo. According to Dr. Riley, he was the only rheumatologist in the area until another one was recently placed in Amarillo.

An average of 25 to 30 arthritics pass through his office daily, many of whom return once a month for treatment.

Dr. Riley testified to the effectivness and importance to all Americans of the Arthritis Foundation's work. "It's the only organization which is effectively supporting research and teaching in arthritis."

ONE IN EIGHT

When asked why he chose the field for specialty, he replied, "One out of eight people have arthritis, and someone needs to take care of these people."

The hardest part of his job, Dr. Riley explained is to gain the confidence of the patient. The treatment program is long and painful.

Almost all arthritic drugs have side effects, he said, some causing ulcers, skin troubles, or visual deficiencies. The side effects necessitate a comprehensive knowledge of the patient's physiology, so that a proper combination of varieties of drugs may be devised for treatment of the patient's particular symptoms.

Simple medicines with few and slight side effects are prescribed initially, explained Dr. Riley, carefully gauging the patient's response to the drugs. If and when necessary, the prescriptions are strengthened and changed to bring the most favorable combination of responses.

SOME DROP

During the early stages of treatment, stressed Dr. Riley, there is a danger of the patient growing disheartened anf disillusioned with treatment, often resulting in his dropping the treatment.

Once his case has been diagnosed, as well as a determination of general health made, the treatment program can be initiated. Waiting for the results is the hardest part of the treatment.

When the results finally come along, the patient is usually cooperative; but a new danger often develops at that point. When the patient feels "so utterly healthy," as a result of the treatment program, he is inclined to drop the prescriptions and exercises, because he thinks he no longer needs them.

(Photo by Charles Teague)

DR. WILLIAM A. RILEY

COME IN WHEELCHAIR

Dr. Riley said that he has seen patients come to him in a wheelchair, suffer through surgery or any other treatment program until they felt so healthy they dropped the treatment. Then they come back in a wheelchair, he added.

The reason that results are so slow about manifesting is that the treatment process hinges on the alteration of a human's physiology.

Arthritic drugs are extremely potent and dangerous, requiring much consideration and observation of side effects on the part of the physician.

DRUG DEATHS

Dr. Riley said he is aware of two Big Spring people who died and others who required treatment for blood disorders. They were arthrities who sought treatment from a Mexican physician on the border of Texas. They were treated with an analgesic anti-pyretic drug recognized in the United States under the generic name, Di-pyrone. The drug administered by the physician causes a fatal bone marrow depression in some patients.

Research today, according to Dr. Riley, is directed toward the discovery of basic mechanisms of the disease, the exact immunology and the various processes occuring in the arthritic after the disease begins.

NO CURE

A cure is by no means known, he said, but it is important to all arthritics to know that 95 per cent of all arthritis can be controlled, although, unfortunately, control is expensive and time-consuming.

He wasn't able to say arthritis was controllable just a few years ago.

As a result of research funded by the Arthritis Foundation, crippling and disability due to arthritis is no longer inevitable.

SYMPTOM, NO DISEASE

In a sense, according to Dr. Riley, arthrtis is a symptom, and not a disease. Identifying the specific disease is a prerequisite to administering proper treatment for arthritis.

In a few isolated cases, when arthritis is caused by an infection, such as pneumonia, gonorrhea, kidney infection, the result is an infection in the joints, or organs. Treated early, the arthritis in these cases is completely curable.

Other forms of readily-treated arthritis include rheumatic fever and gout.

First Legal Gator Hunt In Decade

GRAND CHENIER, La. (AP) — About three times the normal number of Wild Life and Fisheries agents patrol the marshes of Cameron Parish during the first legal alligator hunt in a decade.

The road patrols are beefed up, agents fly night and day surveillance in light planes, and patrol boats skim the bayous and inlets throughout the 750,000 acres opened to hunting.

"If any alligator poachers are operating in this area, they must be pretty slick," a WL&F spokesman said.

Minor confusions that marked the start of the season apparently smoothed themselves out. "The hunters did their homework on the tagging system, and everything's going real smooth," said Wild life biologist Ted Jeanen.

WL&F did not set bag or possession limits on the gators as with other game in hunting seasons. Instead, it issued interlocking metal tag to landowners on the basis of land area and marsh type, since certain types of marshes support a more dense population of alligators. The total allowable was set at 4,000, but ony about 2,000 of the tags have been issued.

Each skin taken must be tagged. Once pierced through the gator hide, the tags cannot be removed without destroying them.

Jeanen estimated 150 to 200 gators were killed Wednesday, bringing the two-day total of confirmed kills to around 300. Not nearly all of the kills are confirmed, however, since hunters are not required to bring their gator hides in until four days after the session closes.

"In the stomachs we've examined so far," Jeanen said, "we've found a lot of nutria, muskrat and blue crab." All are cash crops for the trappers and fishermen.

"Most of those we've checked have been over near the Texas line in Johnson's Bayou," Jeanen said.

2,379 Texans Die On Highways

AUSTIN, Tex. (AP) — The Department of Public Safety said Saturday that 2,379 Texans have died in accidents on Texas highways this year.

The figure marks an increase of 57 deaths, or 2 per cent, over the level a year ago.

Amtrak Lawyers Battle To Keep Liquor Flowing

OKLAHOMA CITY (AP) — Amtrak lawyers won the first round Friday in their battle to keep liquor flowing on passenger trains in Oklahoma despite the state's antisaloon law.

U.S. District Court Judge Stephen Chandler issued a temporary injunction blocking enforcement of Oklahoma liquor laws on trains operated by the federally created National Railroad Passenger Corp.

Chandler said he was satisfied that enforcement of Oklahoma's ban on the sale of liquor by the drink was "interference with interstate commerce."

He also compared his decision with another ruling he made 20 years ago upholding the right of Army officials to transport liquor to Ft. Sill, Okla., a federal reservation. Amtrak, he said shows "a great deal of similarity to a federal enclave" on which federal law takes supremacy over state law.

An Oklahoma City spokesman for Amtrak said serving of alcoholic drinks on lounge cars was being resumed at once and "the first drink tonight is on the house."

Judge Chandler said Friday he would make his order permanent unless lawyers for the state could show him some statute with which he is not familiar and change his mind.

Asst. State Atty. Gen. Jeff Hartman said, after the hearing, that he did not know what action the attorney general's office would take. However, he expressed a belief that only a three-judge court could have issued the injunction.

Chandler rejected a request by Loyd Benefield of Oklahoma City, counsel for Amtrak, for a three-judge panel at the start of the hearing.

"I won't stop here," asst. District Atty. James McKinney said. "It is unfair for Amtrak to come into the State of Oklahoma and sell liquor by the drink when a citizen can't."

Serving of liquor by the drink on Amtrak trains crossing Oklahoma was halted after a July 18 raid on a train passing through Oklahoma City.

TO MAKE A PROFIT, ONE MUST EXPLOIT OTHERS

Get-Rich-Quick Schemes

AUSTIN, Tex. (AP) — State authorities are trying hard to dry up at least part of Glenn W. Turner's multi-million-dollar business of get-rich-quick schemes in Texas.

"I've spent 70 per cent of my time since June 1971 on this," said a young lawyer in Atty. Gen. Crawford Martin's consumer protection division.

Turner, 37, was arrested in Florida last Wednesday and charged by Pinellas County authorities with 86 counts of violating securities laws. His $1.7 million plant in Orlando has been raided. Company records have been seized by police. And nationwide sales of part of his "Dare To Be Great" motivational program have been banned after Sept. 8.

DOUBLE DARE

Since January, Martin has filed two suits against Turner, plus a third against a firm that has been linked with Turner in a Wyoming lawsuit. In turn, Martin says, Turner has sued him in an eastern state for $1 billion.

Martin went into district court here Jan. 7, trying—in effect—to throw Turner's Dare to Be Great, Inc., out of Texas. One Dare To Be Great center was in Irving.

As described by Martin, Dare To Be Great sells self-confidence courses, costing $300 and $700. But to make money directly from the program, one must recruit others. "Independent sales agents" earn commissions from the sales of "independent sales trainees" they recruited.

$5,000 AGENT

It costs $2,000 to become a "trainee" and $5,000 to become an "agent."

To make a profit, Martin said, one must exploit others "who have virtually no chance of receiving a return on their investment and who have been induced to participate by misrepresentation of potential earnings."

Martin said the "agents" have no control over the "trainees" they recruit and "gamble on the motivation of their recruits for the recovery of their investment through commissions earned by reason of their recruits' advancement."

This, he said, makes the scheme a lottery, and lotteries are prohibited by Texas law.

State district court judge James Meyers of Austin issued a temporary injunction Jan. 18 prohibiting Turner and his employes from representing that:

—Dare To Be Great participants—or those in other Turner schemes—would make more money than was actually earned by "a substantial number of participants" in Texas.

—Turner was named "American of the Year" by Lions International — something the Lions denied.

EASY TO RECRUIT

—It is easy to recruit people for Dare To Be Great.

The injunction remains in force until Meyers can hold a full hearing on Martin's request for a permanent injunction.

Martin went back into court a month later, seeking $160,000 in civil penalties on grounds that the injunction had been violated 16 times. Meyers has not ruled yet on that request.

The attorney general said prospective Dare To Be Great investors were told they could reasonably expect to earn $30,000 to $50,000 per year.

But Turner's lawyers, in response to written questions submitted by Martin as part of his court case, said that in 1971 only eight Texans made $10,000 or better, one more than $20,000 and none over $30,000.

The Turner lawyers said 982 Dare To Be Great "adventures" were sold in Texas last year for $1,778,300.

TRADE SCHOOLS

In April, the state tried another approach to put Dare To Be Great out of business. State Education Commissioner J. W. Edgar and Martin sued to prevent Dare To Be Great from conducting its affairs without a license under the 1969 Proprietary School Act, which regulates trade schools.

But Meyers denied the injunction May 31, finding that while the state had shown "a probable right to the" injunction it had "shown no probable injury if such relief is not granted in that defendants (Dare To Be Great) ceased operations on April 12, 1972.

The 3rd Court of Civil Appeals will hear Martin's and Edgar's appeal from Meyers' decision Oct. 18.

Martin filed suit in Meyers' court Aug. 31 against Wesware, Inc., linked with Turner in a Wyoming lawsuit. A hearing is set for Friday morning.

The attorney general said Wesware employed a chain-referral or pyramid selling scheme in which dealers obtained commissions from sales of cookware by salesmen they had recruited. Martin said this was an illegal lottery because a participant "gambles on the motivation of others over whom he has no control."

"The sale of merchandise by use of a lottery constitutes a deceptive trade practice," Martin alleged.

A participant, to break even on his $1,000 initial investment, would have to recruit five more salesmen because the person who recruited him gets his first two $400 commissions. The game is "geometric progression of participants by reason of which the market in any given area is immediately saturated and the scheme collapses of its own weight. Only participants in an early stage have any hope of gain," Martin said.

Meyers issued a temporary restraining order against the scheme pending this week's hearing.

C-C Opens Campaign For Members Wednesday

LAMESA — The first concentrated chamber membership drive in several years will get under way in Lamesa Wednesday morning at 7 a.m. with a breakfast at Turner's Cafe.

Four membership chairman, John Hegi, Joe Coffey, Charles Hardage and Olen Graves will begin their efforts at that time to reach 150 prospects and add additional memberships to the Lamesa Chamber of Commerce and Board of Civic Development.

The chamber at present has 384 individual members, representing some 330 businesses, according to Art Roberts, chamber manager.

Humor will highlight the campaign which will end with a luncheon with the two losing teams furnishing steaks for the two winning teams at the end of a week.

Appropriate prizes will be awarded to the best salesman as well as the worst. It is apparently all a part of a reign of enthusiasm which seems to be generating the Lamesa chamber, which is currently up to its ears in civic projects.

Demo Committee Meets Tuesday

A meeting of the Howard County Democratic Executive committee, to and all other interested Democrats, have been asked to meet 7:30 p.m. Tuesday in the Howard County courtroom. Lee Porter, county chairman, said there would be a general discussion of plans for the autumn, plus completion of plans for the autumn, plus completion of organization of the committee, consideration of a headquarters space, etc.

Don't Expect Too Drastic Drop In Insurance Rate

By MARJ CARPENTER

Howard County residents anticipating an eleven per cent cut in their auto insurance rates may be in for a surprise when they renew the policies.

There is no such thing as a straight across-the-board insurance cut. It's much more complicated than that.

Everything hinges on the type of policy, the insurance classification of the driver, the age of the driver, the sex of the driver, the number of tickets held by the driver, the type of violations, the type of automobile, the model of the automobile, the town in which you live, the district it is in and the number of wrecks people have had in that district.

Add to this the number of people hurt in those wrecks, the number of people killed in those wrecks and the property damage in the wrecks. Shake it all up together and you come out with an insurance rate book which is the Bible of the insuranceman.

CRY A LITTLE

Howard County is in District 25 and that's with Odessa and Midland. So cry a few tears when you pass a Big Spring wreck and shed a few more when you read about one in Odessa or Midland, because, brother, that's your district and your insurance rate.

But it isn't as bad as District 26 which includes Lamesa, Andrews, Kermit, Monahans and Pecos.

Where Howard County citizens will now save $6 on a basis 1A bodily injury and property damage liability policy which has been $65 and is now $59, people over in District 26 will only save $3 on the same policy.

In other changes in Howard County, young men who are under 25 and married will see their basic policy, with no tickets drop $10 from $122 to $112.

These figures were compiled by Malcolm Patterson, local insurance agent. He said the under 25 for singles males has been broken down to 21 and under who now pays $177 and save $7 and 21-25 who now pays $161 and save $23.

The rate for the uninsured motorist section of the policy is the same. Females under 21 will see their rate with a slight increase.

SEE YOUR AGENT

The best thing to do if you really want to know, before your bill comes out, just what kind of changes you can expect is to call your agent.

There's no concrete method of just simply announcing — so many dollars less for everyone.

They have to get out that little manual and study your age, sex, and the age and possibly even the sex of your automobile before they can come up with any answers.

Field Day, Open House Scheduled

The United States Field Station will have a Field Day and open house Thursday from 1-5 p.m., Bill Fryrear, acting location leader, announced Saturday.

Visitors will have opportunity to see cotton plants that have been damaged by wind; the completed wind tunnel that will be used by Australian Gib Moore to determine influence of tillage on moisture losses from soils; the soil and plant analysis laboratory; and the high-altitude and ERTS satellite photos of West Texas.

In this field will be the first-year study on management of blank rows in a skip rows cotton system, new sorghum, and experimental guar plots. Also included will be herbicide screening trials, and experiment on influence of available water on grass production, and the first common grass nursery in West Texas.

Fryrear urged all farmers and ranchers to attend as well as all others interested in agriculture.

Postal Receipts Show Big Gain

Postal receipts are up in Big Spring, according to figures released for the first eight months by Frank Hardesty, post master.

The figures shows a total of $402,000 through Aug. 18 in comparison to $380,000 last year.

Every month except June and August was up from 1971. January showed $55,000 this year in comparison to $48,000; February showed $51,000 over $48,000; and March $50,000 over $49,000.

In April, the year 1972 showed a big raise to $51,000 over $35,000. May showed $58,000 over $55,000. For some reason, June was better in 1971 when the month totaled $53,000 in comparison to $47,000 this year. July showed this year up $45,000 over $43,000 and in August, 1971 was a better year with $49,000 over $45,000.

The total number of pieces of mail for the first eight months in 1972 was 12,676,000, less than the 15,038,000 of 1971.

This is not just a comparison because the 1972 volume drop is mainly because the Big Spring Post office no longer is allowed to count outgoing mail under one of the many new postal regulations and changes.

Barbecue Ducats Sold At Door

Advance reservations do not have to be made for the annual football barbecue being staaged Friday evening in the Downtown Tea Room by the Evening Lions Club.

Tickets, priced at $1.50 each, will be on sale at the door from 5:30 p.m. until 8 p.m. Big Spring will play Hobbs, N. M., in their first home game that evening.

Beef will be served, along with a salad, drink and desert.

Plates can also be fixed to go.

Charles King Has '72's First Bale

PATRICIA — Dawson County's first bale of cotton in 1972 was baled at the Patricia Gin 15 miles south of Lamesa Thursday afternoon.

The 440-pound bale was picked at the Charley King farm six miles southwest of Lamesa.

The Lamesa Chamber of Commerce presented King with a $250 check for producing the first bale of the season.

The 2,200-pound gross yield was hand picked from a field that was planted on prewatered ground April 16.

Port Of Houston Official Disputes Louisiana Claim

HOUSTON (AP) — A Port of Houston executive says claims by Louisiana officials that their state has replaced Texas as the front runner in the race for a Gulf Coast superport are "garbage, propaganda."

George Altvater, executive director of the Houston port, said it was obvious to those attending an April U.S. Corps of Engineers hearing in Galveston that the site choice will not be based on which state can produce what he called the most hot air on the subject.

Gov. Edwin W. Edwards of Louisiana appointed a 46-member task force in February to promote the state's bid. The Louisiana legislature replaced it with a nine-member committee Aug. 1.

DIVORCED

A Corps of Engineers study managed by Wayne O'Bannon of the Vicksburg, Miss. office will recommend a site but the decision is not expected until next June.

O'Bannon has said no state has an edge in the competition for the superport. He also said the decision will be divorced from political considerations.

"Any decision will be based on ecological, environmental and engineering data, not on politics," O'Bannon said.

Louisiana, Alabama, Florida and Texas made its pitches to the corps last spring in a series of public meetings.

Texas' main selling point, according to many who testified at a Galveston hearing, is the size of its petrochemical industry. Louisiana stressed its Mississippi River access and the availability of deeper water close to shore.

IN THE RUNNING

Ray Brimble, a Houston businessman who is president of the Texas Superport Study Corp., said Texas was still very much in the running for the port.

Brimble said Louisiana was far behind Texas in beginning studies and planning for a deepwater port. He said Texas A&M University's industrial economics research division already has completed preliminary studies on the concept and is working on a socio-economic study.

"They (Louisiana officials) just took our work plan, jiggled it around a little bit and called it 'A Superport of Louisiana,'" he said.

Superports, which are 100 feet deep to accomodate the hugh bulk-carrying vessels already on the seas, are considered an economic necessity on the Gulf and East coasts.

No United States port on the Atlantic or Gulf coast is capable of handling the jumbo tankers. Most ports, such as the Port of Houston, can handle only ships with 40-foot drafts or less.

One-Day Guidance Workshop Slated

The guidance department of Howard County Junior College is sponsoring a one-day fall guidance workshop here Monday Sept. 18.

Dr. Wayne Bonner, director of guidance services, said that counselors, principals and superintendents in this general area have been invited to attend.

Topics include roles of counselors, principals and superintendents in guidance programs, also group counseling.

Speakers will be Dr. William E. Traux Jr., Commerce, dean of the college of education at East Texas State University and executive director of the Texas Personnel and Guidance Association which he founded, and Dr. Everett D. Erb, Commerce, professor of counseling psychology at East Texas State University. He is an author and consultant.

Registration begins at 9:45 a.m. in the college auditorium, said Dr. Bonner, and at noon to here will be a luncheon and a meeting for Permian Basin Counselors. The general afternoon session concludes at 3:30 p.m.

Stop Chasing

Jean Adams'

TEEN FORUM

TIM TROUBLE: (Q.) Last summer Tim went with me and one other girl. This summer he has had dates with five girls besides me.

I think he likes Brenda more than me. She told me she didn't like him at all, but she wrote him a note saying she liked him very much.

How can I find out if he likes Brenda more than me? Tim and I are very involved with each other, but he doesn't even come to my house so we can talk about things. I have to go to his house. — Help Needed in New Jersey.

(A.) Tim is a very popular boy and you are chasing him. Stop it. Get uninvolved with him. Go with other boys. Let him see that you are not available at the snap of a finger. Then he will respect you more and if he really wants to go with you he will treat you as a girl should be treated.

While you are going with these other boys, look around for one that could be more important to you than Tim is. I think that is your real answer.

* * *

"ABSOLUTELY": (Q.) I am 18 and my boy friend is 18. The subject of sex is constantly coming up between us. My mother has always told me never to give in to any boy or man until I am married. I have not even thought about doing so before, but I want to now. I am absolutely positive this is true love. I could take pills or he could use something. What do you think? — Desperate in Alabama.

(A.) You are 18, old enough to vote, old enough for college, old enough to make up your own mind. You are also old enough to marry. If you are absolutely positive that it is love, think about that.

If that isn't possible, consider the possible penalties of unmarried sex: Pregnancy (preventatives can fail and sometimes ¼do), emotional trauma, venereal disease, adverse reaction of parents, friends or neighbors, damaged reputation.

Think seriously about all these possibilities. Is it worth the risk?

* * *

SPANKING: (Q.) A few months ago my father got a promotion. In his new job he had to take men out to dinner. Sometimes the men's wives are with them, and so he asks Mother to go.

At first Mother gave him some trouble. She would look for excuses not to go, and she would be late getting ready.

She got later and later. I know because I have to stay home and take care of my little sister while they are gone. Finally one night she was 30 minutes late. My father was in the living room waiting.

When she came in he didn't say a word. He just took her by the hand, led her to the couch, sat down, turned her over his knee, and spanked her soundly.

She came up crying, but smiling, too. She hugged and kissed him and told him she was sorry and they left. She hasn't been late since.

I am sure all this means something, but I can't figure out what. I thought maybe you would know. — Surprised Son in Arkansas.

(A.) Husbands and wives have many secrets among themselves. Some of them go far back — to "courting" or honeymoon days. But if it was just punishment or discipline, I would not approve of your father's action. I think there are better ways of discipline than spanking — except maybe for small children.

* * *

(Jean Adams reads and considers every letter, but she regrets that she cannot answer each personally. Mail your questions and comments to Jean Adams, care of the Big Spring Herald, P. O. Box 2402, Houston, Texas 77001)

Glaucoma:

A warning sign may be detected by electronic tonometry at TSO.

One of the warning signs of encroaching glaucoma is increasing pressure within the eye. When the examination reveals the need, the Doctors of Optometry associated with TSO use an electronic tonometer to accurately measure intraocular pressure for indications of glaucoma. In cases where intraocular pressure is higher than normal, patients are referred for medical observation.

Guard against eye disease, eyestrain and poor vision with an annual professional eye examination by a Doctor of Optometry associated with TSO.

TEXAS STATE OPTICAL

ASSOCIATED DOCTORS OF OPTOMETRY

Open Saturdays until 1:00 p.m.

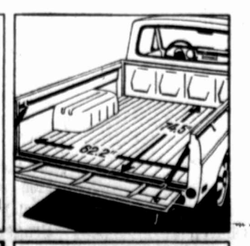

Consult your yellow pages for the TSO office nearest you.

4 reasons (including price) to pick Ford's Courier over other imports

Courier is the import with the long list of standard equipment

Features at right are extra cost on some imports—or aren't available. They're all included in Courier's low standard price. So are the peppy 1800-cc. overhead-cam engine and the easy-shift 4-speed transmission.

STANDARD EQUIPMENT ON FORD'S COURIER
- bright-finish front bumper
- bright-finish grille
- whitewall tires
- bright hub caps
- mud flaps at rear
- dual sun visors
- dual armrests
- full floor mat backed by insulation
- handy storage space behind latched seat back

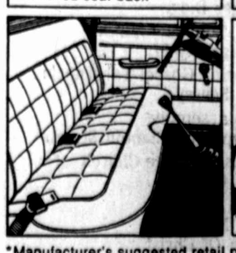

Courier is the import with the hefty build and wide loadspace

The box is over 6 feet long, and extra wide. Big 1400-pound capacity for people and payloads, too. And Courier's built heavier than most imports: Husky frame. Big coil springs up front. Long 6-leaf rear springs.

Courier is the import with the long wheelbase to smooth the ride

You get the extra smoothness of a long 104-inch wheelbase—and a great cab in which to enjoy the ride. Foam-padded seat is deep and comfortable. Handsomely tailored interior has full vinyl headliner and door paneling.

Courier is the import with the low $2222* price

Why pay up to $150 more—and still not get all that Courier gives you? Before you buy any imported pickup, look into Courier.

*Manufacturer's suggested retail price. Destination charge, dealer preparation charge, if any, state and local taxes extra.

At selected Ford Dealers.

FERGUSON OVERSHADOWED

Hogs Shocked

LITTLE ROCK, Ark. (AP) — Mike Rae, a backup quarterback for two years, overshadowed Arkansas' highly touted Joe Ferguson and led eighth-ranked Southern California to a 31-10 victory over the fourth-ranked Razorbacks Saturday night.

Rae, starting his first game for the Trojans, set up two touchdowns with long pass completions and broke a 3-3 halftime tie when he raced five yards for a touchdown in the third quarter.

Tailback Rod McNeill, who USC Coach John McKay has compared to O.J. Simpson, scored twice on runs of three and 18 yards. McNeill, a 218-pounder who sat out the 1971 season with a hip injury, carried the Trojans' running game with 117 yards on 28 attempts.

Rae often outfoxed Arkansas' defense with swing passes to his running backs but the two game-breakers were genuine bombs.

The first covered 43 yards and was caught by fleet Edesei Garrison at the Arkansas 16. Four plays later, Rae scored from the five.

Rae completed 18 of 24 point in the second half had passes for 269 yards and at one nine straight completions.

Linebacker Richard Wood set up the second USC touchdown with a leaping interception of a Ferguson pass near midfield. A 50-yard pass from Rae to Lynn Swann on a third-and-13 situation carried to the Arkansas 33 and a penalty on the play moved the ball to the 18. McNeill broke up the middle for the touchdown.

Ferguson, offensive player of the year in the Southwest Conference in 1971, was hampered by USC's fierce rush and swift defenders. He finished the game with 19 of 36 for 223 yards.

Vols Defeat Wreck, 34-3

ATLANTA (AP) — Reserve tailback Bill Rudder scored one touchdown and passed for another in a 71-second span of the third period Saturday as 15th-ranked Tennessee, cashing in on turnovers, crushed Georgia Tech 34-3 in a nationally televised college football opener.

An interception and a fumble recovery set up the lightning quick touchdown drives that covered only 41 and 16 yards and put Tennessee in command.

Rudder, a 220-pound junior, stole the spotlight from Tennessee's Condredge Holloway and Tech's Eddie McAshan who became the first black quarterbacks to start a major college game in the South.

Rudder lifted Tennessee to a 13-3 lead with 10:16 left in the third period when he crashed over the middle, slid to the outside and scored on a seven-yard run.

Then, just over a minute later, Rudder headed to the right on an apparent sweep, stopped and fired a 16-yard scoring strike to Chip Howard, who made a leaping fingertip grab in the end zone.

Washington State Skips By Kansas

LAWRENCE, Kan. (AP) — Washington State pounced on a fumbled pitchout with less than four minutes remaining, converted the Kansas mishap into a touchdown and two-point conversion and edged the Jayhawks 18-17 in an intersectional college football season opener Saturday.

The late-game turnabout nullified a record-smashing performance by David Jaynes, Kansas' junior quarterback. Jaynes passed for two touchdowns and broke Kansas school and individual records by completing 24 of 45 passes for 380 yards.

Mike Carter recovered a bobbled pitchout by the Jayhawks' Delvin Williams at the KU 16 with 3:42 left.

Washington State, which lost 34-0 here last year in its season opener, scored in five plays plus an offsides penalty against Kansas. Steve Hamilton scored on a five-yard pitchout around the left side with 1:39 remaining.

Tide Rips Devils, 35-12, In Debut

BIRMINGTON, Ala. (AP) — Veteran quarterback Terry Davis and fullback Paul Spivey led seventh-ranked Alabama to a 35-12 victory over Duke Saturday night in the opening football game for both schools.

Strong running by Spivey early in the game and perfect passing throughout by Davis kept Duke in the hole although the Blue Devils made a battle of it most of the way on the running of Steve Jones and the passing of young Bob Albright.

The Crimson Tide's longest gainer was a 39-yard scoring run by Steve Bisceglia late in the game.

Alabama jumped to a 14-0 lead in the first quarter on runs by Spivey and Joe LaBue but Duke came right back in the second period for 12 points on scoring passes by Albright.

Spivey's runs came behind the strong blocking of the Tide's awesome middle, guards John Hannah and Buddy Brown and center Jim Krapf.

Baltimore Sweeps 2 From Brewers

BALTIMORE (AP) — Don Baylor and Dave Johnson rapped home runs to back Doyle Alexander's two-hit pitching as the Baltimore Orioles down Milwaukee 8-0 in the second game to complete a sweep of Saturday's two-night doubleheader.

The Orioles won the opener 2-1 on Terry Crowleys two-out homer in the ninth after tying the score in the eighth on a pinch single by Tommy Davis.

A&M Measures Wichita U.

WICHITA, Kan. (AP) — Texas A&M scored five first-half touchdowns off an effective wishbone-T offense to smother Wichita State 36-13 in a season opening nonconference football game Saturday night.

The Aggies scored on every possession except one in the first half after the Shockers opened the game with an 85-yard touchdown run on the kickoff for a 6-0 lead.

Fred Speck, a freshman running back, took the kickoff on the 15, ran straight up the middle and went untouched all the way.

The Aggies scored their first touchdown on their second possession when quarterback Lex James hit tight end Homer May for a 32-yard scoring pass to tie the game.

Wichita's Don Gilley took the ensuing kickoff and scooted 94 yards for the Shockers' second touchdown to give Wichita momentary 13-6 lead.

Texas then took control of the game with the running of Mark Green and Ernest Bean. Bean ran two yards for the Aggies' second touchdown to cap the 70-yard scoring drive.

King Is Queen In Open Tennis

FOREST HILLS, N.Y. (AP) — Billie Jean King won her second consecutive women's title at the U.S. Open Tennis Championships Saturday by blitzing Kerry Melville of Australia 6-3, 7-5.

Mrs King, the top seed from Long Beach, Calif., completely outplayed the 25-year-old Australian, seeded No. 9, as she captured her third U.S. title.

The match was held up by rain for eight minutes in the first set and all the second was played in a whipping wind.

Rice Owls Upset Houston, 14-13

HOUSTON (AP) — Edwin Collins caught touchdown passes of 30 and five yards and freshman John Coleman made a dazzling college debut to lead the Rice Owls to a 14-13 upset over cross-town rival University of Houston in the football opener for both teams Saturday night.

Rice took a kickoff starting the second half and marched 72 yards for what proved to be the winning touchdown with Coleman picking up 42 yards on eleven carries. Quarterback Bruce Gadd hit Collins for the five-yard touchdown.

A thrilling passing performance by Houston quarterback B. C. Nobles brought the Cougars within seconds of scoring the winning touchdown as time ticked away. Houston had a first down at the Rice one-yard line when Nobles started the final play of the game and was tackled for a four-yard loss by Rice defender Preston Anderson.

Rice took a 7-0 lead in the first quarter when Gadd hit Collins for a 30-yard touchdown pass. Coleman got 16 yards of the 58-yard drive.

Houston running back Leonard Parker scored both of the Cougar's touchdowns on runs of one and two yards.

The decisive play came following Houston's second touchdown when Cougar holder Joe DeSpain bobbled the snap from center and kicker Ricky Terrell missed the extra point that would have tied the game at 14 all.

Russians Get Help, Nudge U.S., 51-50

MUNICH (AP) — The Soviet Union shattered the United States' 36-year, unmarked States' 36-year, unmarked with a controversial floor-length strike in the final second Saturday for a 51-50 victory that turned ill fortune into complete disaster for the reeling, shell-shocked Americans in these Munich Games.

Nobody would believe it—especially the glassy-eyed Americans.

It was a crowning blow in an incredible series of accidents and reversals that have turned these international contests into a harrowing nightmare for the powerful team that has dominated the Olympics for years.

The basketball gold medal was the eighth Saturday for Russia, which almost swept the lake Saturday with six victories in seven events in canoeing and kayak, sent the amazing Ludmila Bragina to a world record triumph in the women's 1,500-meter race and in all collected a total of 13 medals.

This windfall sent the Russians soaring past the United States in the barometer and there was no chance for the Americans to catch up Sunday in the final full day of competition.

With one full day remaining, the Russians had a total of 87 medals, 43 gold, 24 silver and 20 bronze. The United States fell 15 back of the Russians in golds, and with 28 plus 29 silver and 25 bronze for a total of 82.

The Americans had only one brief moment of glory in the next-to-last day of these tragedy-marked and surprise riddled games.

Randy Williams, a 19-year-old freshman from the University of Southern California and a black, won the long jump.

The basketball game, the first lost by an American team since the spsu dceodt iaotrwn since the sport was introduced in 1936 and coming after 63 victories, finished on a note of high drama—and provoked an immediate protest from U.S. Coach Hank Iba.

Pokes Hammer Raider Club

DALLAS (AP) — Dallas cornerback Charlie Waters rambled 61 yards for a touchdown with an intercepted pass in the third quarter Saturday night to break up a field goal contest and give the Cowboys a 16-10 National Football League exhibition victory over the Oakland Raiders.

Austrian soccer - style kicking specialist Toni Fritsch kicked field goals of 22, 14, and 19 yards as the Cowboys ended their preseason schedule with a 6-1 record.

Oakland, which held a brief 3-0 lead in the second period on George Blanda's 22-yard field goal, had trouble penetrating the Texas World Champion's defense, particularly in the second half.

Raider defensive tackle Art Thomas was the only offense sparkle for Oakland in the second half when he stole the ball out of Dallas quarterback Craig Morton's arms and thundered 47 yards for a touchdown.

A heavy thunderstorm pelted the Texas stadium artificial turf during the first half, which ended 3-3, after Fritsch matched Blanda's 22-yard field goal with one of his own from the same distance.

Fritsch gave Dallas a 6-3 lead with his second field goal to set the state for Waters' heroic.

Waters, who is a backup secondary man for the Cowboys, made his steal off Raider quarterback Daryle Lamonica, who shared quarterbacking duties with Ken Stabler. Neither was effective against the Cowboy defense as Oakland finished the preseason with a 4-2 record.

Plainsmen Hang On To Edge Longhorns

By DON COOPER

LUBBOCK — A pair of Mike Anderson field goals proved the difference as Lubbock Monterey held off a last-ditch Big Spring drive to claim a 20-14 victory over the Steers here Saturday night.

The Steers had a fourth-and-four at their own 30 with 1:39 left in the game and managed to drive to the Monterey 19, aided by two pass interference penalties as the clock ran out.

BS		MONTEREY
9	First Downs	18
46	Yards Rushing	194
97	Yards Passing	33
143	Total Yards Gained	227
9 of 15	Passes Completed	5 for 12
1	Passes Interc. By	0
5 for 40	Punts, Ave.	3 for 33
2	Fumbles Lost	0
8 for 70	Penalties, Yds.	7 for 78

All the scoring occurred in the first half. In the end, it was Monterey's stout defensive play that told the story.

Monterey drew first blood with 5:51 left in the first period when Quarterback Glen Yarborough drove in from the one. The Plainsmen never yielded possession after taking the opening kickoff, gaining most of their yardage on the ground. Tailback Tim Botkin was the powerhouse in the drive. Anderson, who is only a sophomore, kicked the PAT.

Big Spring responded with an 80-yard drive with 10:30 to go in the second. The touchdown came on a pass from QB Alan Davis to Flanker Willie Williams, good for 11 yards. Two defenders closed in on Willie but he took the ball at the one and fell across the goal line. Ricky Steen kicked the point after.

Botkin proceeded to run the next kickoff back 88 yards for a score, dodging the final Big Spring defender, John Smith, at the Steer 35 before going in. Anderson sliced the uprights with his kick.

Anderson made it 17-7 a short time later when he kicked a 21-yard field goal with 7:35 remaining.

Smith gained a measure of reserve, with 2:40 left in the half, when he intercepted a pass thrown by Yarbrough to Dan Irons and raced up the sidelines for a score, the play covering 69 yards. Steen again booted the point after and Big Spring trailed, 17-14.

With ten seconds left in the half, Anderson split the uprights with a 42-yard field goal and Monterey had its final points of the night.

End Scott Carlisle, tackle Vicky Woodruff and Smith looked outstanding on defense for Big Spring, which opens its home season against Hobbs, N.M., next Friday. The crowd was estimated at close to 7,000.

Score by quarters:

Big Spring	0	14	0	0	—14
Monterey	7	13	0	0	—20

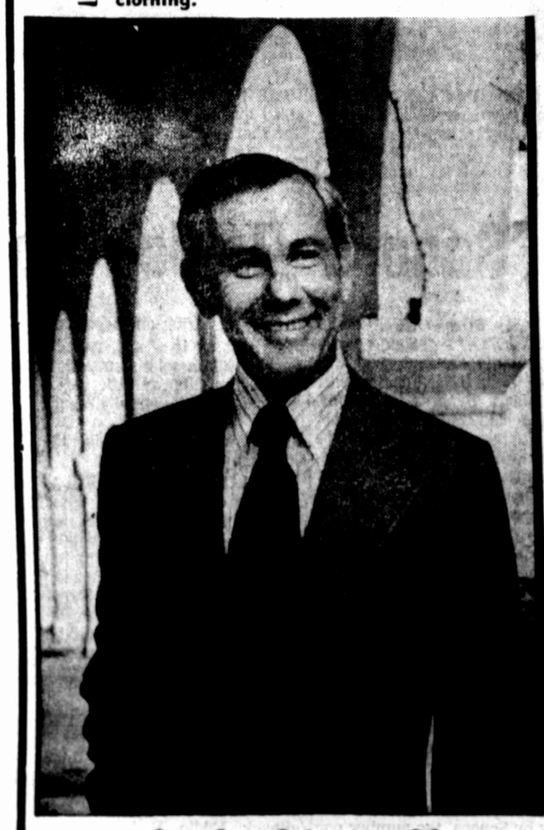

Keydets Trounced By Carolina Foe

LEXINGTON, Va. (AP) — Junior quarterback Carl Summerell threw three touchdown passes—one of them an 83-yard record breaker—as East Caroline University overcame a fumbling start to easily defeat Virginia Military Institute 30-3 here Saturday in the 1972 Southern Conference opener for both teams.

Summerell went to work after two Pirate fumbles had paved the way to VMI's only score on a first quarter field goal.

FRANKLIN CARRIES FOR SHORT YARDAGE — Coahoma halfback Freddie Franklin is pulled down by several Sonora Bronco tacklers after carrying for short yardage in first half action of the Coahoma-Sonora football game Friday night. Sonora won, 21-20.

STREET SHINES IN WINNING DRIVES

Sonora Rallies To Edge Coahoma

By DON COOPER

COAHOMA — Steve Street slipped into the end zone with 3:56 left in the game to spark the Sonora Broncos to a come-from-behind 21-20 victory over the Coahoma Bulldogs in the season opener for both teams here Friday night.

Sonora had been trailing the Bulldogs, 20-7, going into the second half; however, the Broncos rallied for two touchdowns in the fourth quarter to nip Coahoma.

Coahoma		Sonora
12	First Downs	11
299	Yds. Rush	224
43	Yds. Pass	34
8	Pass Att.	6
1	Pass Comp.	2
0	Int. By	0
6	Fumbles	3
3	Fumbles lost	3
6-44	Penalties	10-80
2-36.5	Punts-Ave.	4-34.0

SCORE BY QUARTERS

Coahoma	6	14	0	0—20
Sonora	0	7	0	14—21

The key to the second half rally by Sonora, the number one Class A school in Texas, was the fancy running of Street. The 140-pound senior was almost impossible to bring down on the two TD drives in the fourth period.

The winning drive was set up when John Beckham recovered a Putt Choate fumble at the Coahoma 40. With a third and seven at the Bulldog 39, quarterback Mark Rousselot hit big tailback Bruce Kerbow over the middle for 20 yards and a first down. After an incomplete pass and a two-yard run by Kerbow, Rousselot turned to Street. The slippery little senior responded with an eight-yard run to give the Broncs a first-and-goal just inside the Coahoma ten-yard line.

Street then moved the ball to the four on an identical play. A procedure penalty moved the ball back to the Coahoma nine, but then Street took a pitch from Rousselot and headed toward the right sideline. Street appeared trapped; however he broke away from two would-be tacklers and darted into the end zone for the touchdown to knot the score at 20-20. Henry Mata added the extra point to give the Broncos the winning margin at 21-20.

Coahoma had taken an early 6-0 lead behind the running of quarterback Roland Beal and fullback Eddie Padron. Beal, who directed the Bulldogs' Wishbone attack beautifully during the game, broke loose for a 49-yard jaunt to highlight the Coahoma drive. The touchdown came on a four-yard run by Beal. Beal had faked into the line to Padron and then cut off right tackle for the touchdown. The Bulldogs' attempt for the two-point conversion was nullified by a procedure penalty and Franklin was short of the goal line on the second attempt.

The first Sonora score was set up when Wesley Richardson fell on a fumbled pitchout at the Coahoma three-yard line. Kerbow blasted off right tackle on the first play from scrimmage to score. Mata's kick was good and Sonora held a brief 7-6 lead.

It took just two plays for Coahoma to shoot back out in front. With just 1:57 left in the first half, the Bulldogs' Putt Choate capped a 54-yard drive with a 12-yard burst. Beal carried for the two-point conversion and a 14-7 lead. The key play in the drive was a 42-yard run by Freddie Franklin.

Kerbow fumbled the ensuing kickoff and Dean Wood fell on the ball at the Sonora 26. After an incomplete pass and a one-yard loss by Franklin, Beal broke a tackle by Beckham and 27 yards for the touchdown. The run for two points failed and Coahoma took a 20-7 lead into the dressing room.

The third quarter was scoreless as neither team could mount a sustained drive. Moments before the end of the third period, Coahoma gave up the ball on a punt. Sonora took command at the Bronco 38. The Broncos mounted a 62-yard, 13-play drive to score. Rousselot scrambled for 10 yards and a first down on the last play of the quarter.

With the ball at the Coahoma 38, Rousselot turned the show over to Street. Street carried the ball six straight times on the same play to move the Broncos down to the Bulldog three. Freddie Virgen moved the ball inside the Coahoma one where Kerbow banged off right tackle for the touchdown. Mata's kick was good cutting the Coahoma lead to 21-14 with 8:16 left in the game.

Following Mata's kickoff, Troy Kerby was stopped for no gain. Choate picked up nine yards to the Coahoma 40. With third-and-one at the Bulldog 40, Choate bobbled a pitchout and Beckham recovered for Sonora to set up the winning drive.

Grambling Edges Past Morgan

NEW YORK (AP) — Richard Paul booted field goals of 23 and 26 yards Saturday to give Grambling College a 6-0 football victory over Morgan State before a Yankee Stadium crowd of 63,917 in the annual Whitney M. Young Memorial Classic.

Paul's field goals were set up by the passing of Grambling quarterback Matthew Reed, who otherwise was held well in check by Morgan State's beefy defensive unit.

Reed a 6-foot-5, 255-pounder, was able to complete only nine of 20 attempts. But a 27-yarder to flanker Charlie Smith set the Tigers up at the Morgan nine-yard line midway in the second period.

Prairie View Is Triumphant, 16-0

OAKLAND (AP) — Leroy Clark kicked three field goals Saturday as Prairie View, Tex., A&M coasted to a 16-0 victory over Hayward State in an intersectional college football game.

Clark opened the scoring with an 18-yard kick, then put one across from 19 yards in the second period and another from 26 yards in the final quarter.

John Moore scored the visitors' touchdown on a 44-yard pass from quarterback Hardie Malvo.

Clemson Outlasts Citadel, 3 To 0

CLEMSON, S.D. (AP) — Clemson mustered enough of an erratic running game Saturday to beat the Citadel, 3-0 in an interconference college football game.

Quarterback Ken Pengitors, after dropping back to pass, ran 11 yards for the first Clemson touchdown, capping an 80-yard march. Heide Davis plunged from the one to climax a second half 58-yard Clemson drive.

All-Southern Conference quarterback Harry Lynch gave a demonstration of pinpoint passing, but his Citadel receivers dropped throws at crucial times.

Gaylord Perry Claims 20th Win For Indians

CLEVELAND (AP) — Graig Nettles drilled a home run with one out in the 10th inning Saturday that gave the Cleveland Indians a 2-1 victory over the surging Boston Red Sox and enabled Gaylord Perry to win his 20th game.

The first place Red Sox remained one percentage point ahead of Detroit in the American League East pending the outcome of the Tigers' night game against New York.

Nettles 15th home run of the season came off reliever Gary Peters, who took over in the ninth inning of the nationally televised game after starter Lynn McGlothen left for a pinch hitter.

Perry held the Red Sox to four hits and struck out 10 in winning for the first time since Aug. 22.

The Indians took a 1-0 lead in the first when Ray Fosse singled home Jack Brohamer, who singled and went to second on a fielder's choice.

The Red Sox managed only two hits off Perry until the seventh when they tied the game on singles by Carl Yastrzemski and Reggie Smith and a two-base throwing error by center fielder Buddy Bell.

Bell fielded Smith's hit and heaved the ball into the box seats behind third base attempting to cut down Yastrzemski, who was waved home.

NOLAN THINKING SUPER BOWL

49ers Are Mature Ballclub

SAN FRANCISCO (AP) — This could be the season Coach Dick Nolan's San Francisco 49ers reach maturity, and he thinks that will mean a trip to the Super Bowl.

Of the team's 22 probable starters, 16 have between three and seven years of pro football experience.

"That's no accident," says Nolan, who puts a premium on experience and thinks most of his players are approaching the best days of their football lives.

"Jack White (49ers' personnel boss) has done a great job and we've got a good scouting system. Most of our recent high draft picks have helped us already," Nolan says.

The relatively young 49ers have been stopped one step from the Super Bowl by the Dallas Cowboys the last two seasons, losing in the National Football Conference championship games by 17-10 two years ago and 14-3 last season.

Among the 49ers indispensable old pros are quarterback John Brodie and tackle Len Rohde on offense, tackle Charlie Krueger and cornerback Jimmy Johnson on defense.

Brodie, 37, is the oldest of the 49ers and the most important, was marred by a career-high 24 interceptions, some of them fatal in the team's five losses.

In Gene Washington and tight end Ted Kwalick, Brodie has two of the finest young receivers in the National Football League. Both are fourth-year pros, and they combined for 98 catches worth 1,548 yards last season.

Dick Witcher will probably retain the other starting receiving job. Top rookie pick Terry Beasley was expected to challenge but limped through the preseason period with a series of injuries.

"We made big improvement last year in our running game," says Nolan. The reason was Vic Washington, an NFL rookie who had three seasons of pro experience in Canada.

Washington gained 811 yards rushing and caught 36 passes. Seven-year vet Ken Willard ran for 855 yards, the second best total of his career, and reserve fullback Larry Schreiber ran for 180 yards backing up Willard.

The offensive line includes All-NFC Cas Banaszek at one tackle and All-Pro Forrest Blue at center. Over the past two years, "The Protectors" have allowed Brodie to be sacked only 19 times.

Two 1971 All-Pro selections, Johnson and outside linebacker Dave Wilcox are on the defensive unit. Nolan's biggest worry is whether defensive end Cedrick Hardman, who appeared to be nearing All-Pro form last year, will be at full strength.

Hardman, who had knee surgery after an off-season injury playing basketball, made his first appearance last Sund against Oakland, playing briefly, but looking good. The 255-pound lineman was in on 18 of the 49ers' 38 quarterback sacks from either 1971 unit was free last year, just his second as a pro.

The only starter Nolan lost Safety Rosey Taylor. Five-year man Johnny Fuller is the probable replacement.

If Johnson doesn't recover from a preseason shoulder separation quickly, the 49ers will be vulnerable in their secondary for early games. But they face San Diego, Buffalo and New Orleans before what looks like their first major test, the Los Angeles Rams Oct. 8.

The Rams and 49ers took turns in first place for most of the 1971 season before San Francisco emerged with a 9-5 record, to the Rams' 8-5-1, in the NFC West.

PP&K Competition Is Nearing Here

Local boys, ages eight through 13, will be blowing the dust off their footballs and loosening up their throwing arms soon for the 1972 Punt, Pass and Kick Competition.

This year the local level of PP&K will be co-sponsored by the Morning Optimist in conjunction with participating Ford dealers in the area.

Nationally PP&K:, now in its 12th year, is co-sponsored by the National Football League and the Ford Dealers of America. Since it was started in 1961, the program has attracted over 8 million boys, ages eight through 13, and participation this year is expected to top the 1,100,000 mark.

Participants in the Punt, Pass and Kick program compete only against boys their own age. Any boy eight through 13 years of age may register to compete at a participating Ford Dealer. There is no entrance fee and no body contact during competition. No special equipment is needed and participation does not impair a boy's amateur standing.

Scoring is based on accuracy and range with one point added for every foot of punting, passing and kicking distance and a point subtracted for every foot off a center line.

Twelve national finalists will compete for the National championships in their age group during the half time of the Pro Bowl Game in Dallas, Texas, Jan. 21, 1973. Winners will have their names permanently enshrined in the Pro Football Hall of Fame in Canton, Ohio. Their trophies will be presented by Football Commissioner Pete Rozelle.

Boys, accompanied by a parent or guardian, may register for PP&K at Bob Brock Ford here.

Hensley Dazzles Opponent In Win

WELLMAN — Borden County ran roughshod over Wellman, 42-0, here Friday night, scoring all but one of its touchdowns in the first half.

Halfback Randy Hensley scored four touchdowns for the Coyotes on runs of six, 51, 15 and seven yards.

Bill Benevides intercepted a Wellman pass and ran it back for another Gail score. Randy Critenden ran for seven yards and another Coyote tally.

In addition, Critenden passed to Steve Lockhart and Henry Oliveres for extra points while Rex Cox flipped an aerial to Oliveres for another two-pointer.

Sophomore Stars In Baylor Drill

WACO, Tex. (AP) — Sophomore Neal Jeffrey of Overland Park, Kan., his six of seven passes for 152 yards and two touchdowns Saturday as Coach Grant Teaff sent the Baylor Bears through their final pre-season, game-condition scrimmage.

Jeffrey propelled the No. 1 offensive unit to touchdowns on all but three drives during the 1½-hour workout on the torrid Astroturf of Baylor stadium.

Barnes On Beam In Tech Drill

LUBBOCK, Tex. (AP) — The Texas Tech first and second squads went through a one-and-a-half hour scrimmage Saturday here against the third and fourth teamers.

Number one quarterback Joe Barnes played only about thirty minutes and directed three touchdown drives of 37, 11, and 18 yards.

Number two quarterback Jimmy Carmichael came in and directed four scoring drives including an 83-yard touchdown pass to flanker Jeff Jobe on Carmichael's first play from scrimmage.

AFTER RECORD — Wilbur Wood, star knuckle-baller for the Chicago White Sox, is pitching so well this season he may overshadow a 50-year club record for games won. The present mark is 25 victories.

Stubborn Cal Is Upended

BOULDER, Colo. (AP) — Sophomore linebacker Ed Shoen returned a third-period interception 48 yards for a touchdown and Fred Lima booted two long-distance field goals Saturday as nationally ranked Colorado held off a stubborn California team 20-10 in the college football opener for both squads.

The Colorado defense, guilty of sloppy tackling throughout the game, came up with a big play when it had to, including Shoen's runback that gave the Buffaloes a 17-3 lead.

Then, late in the final period, the Buffs held twice when Cal had fourth down and less than a yard to go.

Cal sophomore quarterback Steve Bartkowski, mixing his plays well and scrambling effectively, brought the Golden Bears back within a touchdown early in the fourth period, but then the Colorado defense took the luster off his comeback effort.

Lima, a barefooted soccer-style kicker who is a native of Chile, kicked a 46-yard field goal just before the half and came back late in the fourth period with a 55-yarder, which set a school record for distance and tied the Big Eight mark.

Colorado tailback Charlie Davis enabled the Buffs to play ball control in the first half, gaining 121 yards on 18 carries in the half and scoring the first CU touchdown.

Kingman Blow Fells Reds

SAN FRANCISCO (AP) — Dave Kingman's 25th home run of the baseball season following a one-out walk to Jim Ray Hart in the bottom of the ninth inning gave the San Francisco Giants a 2-1 victory over the Cincinnati Reds Saturday.

It was the third loss in a row for the Reds, who started play seven games ahead of Houston in the National League West.

Kingman's blast was only the third hit for the Giants off Don Gullett, 8-8. Pinch runner Garry Maddox scored ahead of Kingman.

Jim Willoughby, 5-2, held the Reds to three hits but until Kingman's blow appeared to be headed for his second consecutive 1-0 setback.

After Denis Menke's infield single in the second inning, Willoughby retired the next 14 batters until Bobby Tolan opened the seventh with a bunt single. Johnny Bench bounced Cincinnati's third and last hit through the right side, sending Tolan to third, and he scored on Tony Perez' sacrifice fly.

Kansas State Deflates Tulsa Hurricane, 21-13

MANHATTAN, Kan. (AP) — Kansas State capitalized on two tremendous breaks within 50 seconds of the third quarter, coming from behind for a 21-13 victory over Tulsa Saturday in the football season opener for both teams.

Ron Solt, a sophomore halfback, gave the host Wildcats a chance to take the lead by intercepting Todd Stark's pass and romping 38 yards to tie the game at 13-13. Keith Brunley kicked his second of three extra points, and the Big Eight Conference team was out front after trailing, 13-0.

Fifty seconds earlier, Kansas State got a break when a bad fourth-down snap from center to Tulsa punter Arthur Bennett went over his head and Gary Melcher got it on the Hurricane 14.

Don Calhoun, after three stabs from the three had failed, swung left from the one for the touchdown.

Calhoun's running and Dennis Morrison's passing highlighted K-State's 61-yard drive early in the fourth, the march ending with Isaac Jackson bursting through the right side from the four.

The visitors from the Missouri Valley Conference led by Texas Christian transfer John Rhodes, dominated the first half almost entirely but had to settle for field goals of 26 and 23 yards by Sam Henry until an interception put the Hurricane in business at the Wildcat 19.

Stark operating from the 14, found Rhodes with a flat pass and the elusive tailback knifed through the Wildcats to the goal.

Elks Crush Bearkats

GARDEN CITY — Kyle Burnett scored five touchdowns to pace the Cotton Center Elks to a 48-12 romp over the Garden City Bearkats in eight-man football Friday night.

Burnett's TDs dame on a 20-yard run on a pitchout form Darryl Barrett, a 40-yard run, a 50-yard. punt return, another 20-yard run and a 15-yard run. He also added two extra points on a run.

Garden City scored on a pass from David Smith to Mike Batala and a run by Charlie Puga. Both tries for extra points failed.

Cotton Center had 339 yards rushing while Garden City had 251 yards on the ground.

M-Murry Beaten By Tarleton

ABILENE, Tex. (AP) — Tarleton State tailback Alfred Knox scampered for a school record 161 yards and scored two second-half touchdowns to lead the Texans to a season-opening 24-14 victory over upset-minded McMurry College here Saturday afternoon.

Knox scored on runs of four and five yards in the second half to offset a 14-9 third quarter deficit.

Quarter back Peyton Mullins streaked 14 yards for the Texans' first touchdown, but McMurry stormed back on a one-yard plunge by quarterback Lonnie Hobbs to knot the score at 7-7 in the first quarter.

Eagles Clip Klondike, 58-6

STERLING CITY — Jesse Lujan and Tommy Bynum led the Sterling City Eagles to a 58-6 romp over Klondike in eight - man warfare Lujan scored twice and Bynum once in the second quarter to spark the Eagles to a 38-6 halftime bulge.

Lujan and Ken Peel scored in the third quarter and Chris Gartman added a final TD in the fourth period.

Sports Buffs Offer Help To Brundage

MUNICH (AP) — Avery Brundage scanned the telegram, blinked and could not resist a deep chuckle.

"Nazi".

That was all it said. All around him, almost knee deep, were telegrams from all over the world directed at the 84-year-old president of the International Olympic Committee.

"You should award gold medals posthumously to the brave Israelis slain by the Arab commandoes," said a telegram from Athens, Greece.

"Inscribe the Star of David on the five rings of the Olympic flag," said another from Tel Aviv.

Many of the telegrams dealt with the expulsion of American runners Vince Matthews and Wayne Collett from the Olympic Games because of their so-called "disgusting" behavior on the victory stand during the playing of the national anthem.

"They are a disgrace to America," said a telegram signed by a citizens committee from Dallas. "Send them home and take away their medals."

"Racist—it's just another discrimination against the blacks," argued a voice from a militant black society.

Brundage proceeded to read every one, spraying the messages on the floor as he finished them.

It was suggested that these Games—with the African-Rhodesian controversy, Tuesday's horror-filled massacre of innocent Israelis and Friday's expulsion of two American black athletes—must be the most trying of all for Brundage, who performs his final duties as president on Monday.

"Absolutely," Brundage said. "But the Olympic spirit is too strong to die—or be killed by anybody."

Pros Begin Playing For Keeps Sunday

By The Associated Press

The Dallas Cowboys hit the trail next weekend that they expect will lead to a second straight National Football League championship.

The trail will be tough. There are 14 contests, possibly more if they make the playoffs, along the way. And top gun Roger Staubach won't be available with his firepower for much of the campaign.

The NFL season, leading to Super Bowl VII in Los Angeles Jan. 14, opens Sunday with 13 games scheduled in the National and American conferences.

St. Louis opens at Baltimore, Cincinnati at New England, Houston at Denver, the New York Jets at Buffalo, Green Bay at Cleveland, Miami at Kansas City, Oakland at Pittsburgh, San Diego at San Francisco, Atlanta at Chicago, New Orleans at Los Angeles, the New York Giants at Detroit and Philadelphia at Dallas, all on Sunday.

Washington goes to Minnesota Monday night for the first of ABC television's "week night" telecasts.

Dallas coach Tom Landry and his charges will find there has been some reshuffling in the NFL since their 24-3 victory over Miami in Super Bowl VI. Everybody, apparently, benefited to a degree from off-season trades and the draft.

Four teams have new coaches—John Ralston at Denver and Bill Peterson at Houston, both from the collegiate ranks; ex-player and assistant coach Abe Gibron at Chicago, and Lou Saban, formerly of Denver, back at Buffalo.

Coyotes Romp Past Wellman

WELLMAN — The Borden County Coyotes walloped Wellman, 42-0, in the opening game for both teams Friday night. Randy Crittenden led the Coyotes to the win as he scored a touchdown and passed for two two-point conversions as the Coyotes raced to a 16-0 first quarter lead.

The Coyotes ran the score to 28-0 at halftime. Bill Benavidez and Randy Hensley scored in the second half to complete the Borden County scoring.

LAKE SPENCE REPORT

Lake Rise Stimulates Fishing

Recent rises which boosted the level of Lake E. V. Spence to its highest point have also stimulated fishing at the new lake.

During the past week both the number of fishermen and catches multiplied. Labor Day drew the biggest crowd to date.

Strings reported showed even spreads of channel cat, black bass, some crappie and several striped bass. About the only gap was in white bass, which have been prominent in previous reports.

Among those reporting catches were:

Tom Newman, 20 channel cat up to three pounds; Don Wortham, four pound striped bass; Gene Wilson and party 40 black bass up to five pounds. All these were from Big Spring.

From Odessa, Bob Hollis, 10 white bass up to 1½ pounds; Grady Huffmann, two striped bass to five pounds; R. M. Martin, half a dozen crappie at one pound and five channel cat to three pounds; Bill Holland, seven black bass to five pounds; Jame Jennings, 10 channel cat to three pounds; C. E. Stone/ two striped bass at four pounds; Mrs. Grady Hoffman, one seven-pound striped bass; Owen Cotton, 15 channel cat up to three pounds; Keith Ferrell, 16 channel cat about two pounds average; Mr. and Mrs. Cotton Armstrong, 23 black bass to three pounds.

Midland fishermen included Jewell Wilson, five channel cat, the largest a six-pound specimen; Virgil Picklow, eight black bass at two pounds.

Those from San Angelo reporting were J. E. Garrett, two black bass at 2½ pounds; Barney Baumann 15 black bass to four pounds on one day and with Russell Baumann another day, 20 black bass to three pounds; Albert Valdez, 10 black bass to three pounds; E. J. Martin, 19 channel cat with the largest five pounds.

Others included Clyde Hagen, Dallas, eight black bass about three pounds; Kenneth Kiker, Edith, eight black bass to 2½ pounds; and E.J. Brice, Robert Lee, five channel cat, the largest a whopping eight-pounder.

(Photo by Danny Valdes)

BEAL SCORES — Coahoma quarterback Roland Beal carries for four yards and a touchdown during first quarter action of Friday night's clash between the Bulldogs and Sonora. Sonora won, 21-20.

Lamesa Nips Clovis, 22-21

LAMESA — Wayne Hogg scored two touchdowns to spark the Lamesa Tornadoes to a 22-21 win over Clovis, N. M., Friday night. Hogg's scores came on a 31-yard run and a 62-yard pass from quarterback Greg Cannady.

Clovis got on the scordboard first with a nine-yard run by Phil Mills. Donnie Beachump's kick made the score 7-0.

Lamesa came back with a pair of second-quarter TDs. Hogg's 31-yard juant tied the score at 7-7, with Cody Reed adding the PAT. Then Jerry Lambright raced 32-yards with Reed again adding the PAT to give the Tornadoes a 14-7 halftime lead.

Clovis scored on a 20-yard run by Bobby James in the third quarter, with a Mark Trujillo run tacking on the extra points to give Clovis a 15-14 margin.

Hogg took a 62-yard pass from Cannady to score the winning TD. A Cannady to Montey Bedwell pass provided the extra points and a 22-15 lead.

Clovis scored on a 30-yard pass form Trujillo to Mills. The New Mexico team tried to pull out a win by going for the two-point conversion; however, the attempt failed and Lamesa took the win, 22-21.

Panthers Lose To Seminoles

PITTSBURGH (AP) — Gary Huff fired touchdown passes of 71 and 54 yards to pace 19th-ranked Florida State to a 19-7 victory over Pitt Saturday to launch his Heisman Trophy campaign.

Huff, the nation's total offense leader in 1971, completed 11 of 24 passes for 242 yards in the opening game for both teams.

Neither side moved the ball in the scoreless first quarter.

Huff's second pass of the game was intercepted by linebacker George Feher and Pitt's new wishbone offense was ineffective.

In the second period, Ahamet Askin, a freshman from Cyprus, booted a 44-yard field goal that gave the visiting Seminoles a 3-0 lead.

However, Pitt's wishbone gained momentum under the direction of quarterback John Hogan, who replaced starter Bob Medwid.

Hogan gained 28 yards on two keepers and led a 67-yard touchdown drive that ended with a 15-yard pass to Rod Huth with 55 seconds left in the half.

The lead was shortlived, as Huff hit wide receiver Barry Smith with a 71-yard scoring pass on Florida State's next play from scrimmage to end the first half scoring.

Askin kicked a 23-yard field goal in the third quarter, and Huff hit Joe Goldsmith with a 54-yard touchdown pass in the last period to close out the scoring.

Bulldogs Drop New Home, 21-16

NEW HOME — Robert Darnell raced 72 yards to cap a come-from-behind effort by the Lorraine Bulldogs and sparked them to a 21-16 win over the New Home Leopards Friday night.

New Home took an 8-0 lead early in the second quarter on a five-yard carry by Ernest Thomas with Stanley McNeely tacking on the extra points.

Darnell's run and a conversion pass from Eddie Merket to Isiah Williams tied the score. Lorraine led at halftime, 14-8, on a 24-yard Mardet-to-Williams pass.

Michael Jones scored the final touchdown for Lorraine ona four-yard carry and a 21-8 lead. New Home's consolation score came late in the third quarter

BUFFALOES' REVENGE

Stanton Clips Tahoka

By JOHN EDWARDS

STANTON — The Buffaloes revenged last year's loss to Tahoka 13-6 here Friday night.

End Paul McCalister put Stanton four yards from the winning touchdown with a 36-yard pass reception. Halfback Dwayne McMeans, who averaged 4.9 yards, burst over for his second TD of the game.

STATISTICS		
Stanton		Tahoka
20	First Downs	8
208	Yds. Rushing	152
111	Yds. Passing	21
10-5	Poss Att.-Comp.	7-1
1	Int. By	0
2	Fumbles Lost	0
2-20	Penalties	5-45

Ending Tahoka's hopes late in the fourth quarter, Quarterback Rick Wilson intercepted a pass from his Bulldog counterpart, Phil McClendon.

McCalister took four of five passes for all but one of the 111 passing yards credited to Stanton.

McMeans won the largest share of rushing statistics, 102 of a team total 208. Halfback Mitchell Irvin ran 49 yards for an average 3.8 yards.

Tailback Jim Bailey emerged Tahoka's biggest offensive asset with over 75 yards on the ground.

Neither team scored the first half although Stanton ended one drive on the 12-yard line with one of its two first-half fumbles.

In the third quarter, Tahoka End Gary McCord made 25 yards with a reception. Bailey crossed the goal standing up from eight yards out, and the kick was doog kick was good.

But the Buffaloes bounced back in a 78-yard scoring drive. McMeans ran 20 yards in one play, and later plunged six yards for the touchdown.

Bulldogs held the edge when McMean's conversion attempt failed.

Stanton's defense, later, forced Tahoka to punt after a series that cost the Bulldogs one yard.

A Tahoka defender bobbled a pass into the hands of McCalister putting Stanton four yards from its second touchdown.

Wilson kicked the ball for the extra point.

Staubach Begins New Exercises

DALLAS (AP) — Dallas Cowboy quarterback Roger Staubach, who underwent surgery to repair a shoulder separation Aug. 13, had the pin removed from his shoulder Saturday and began immediate rehabilitation work.

CARD OF THANKS

HERMAN L. STANLEY

To our kind friends, neighbors and relatives we wish to express our sincere appreciation for sympathetic attention, beautiful floral tributes and other courtesies extended to us at the passing of our beloved husband and father.

Wife and Girls

We wish to thank all our kind friends and neighbors for their many kind expressions of sympathy and condolences during our recent bereavement.

The Family of Fairy Shafer

We sincerely thank all the kind friends, neighbors, relatives and Ministers for the many courtesies, expressions of sympathy, beautiful floral tributes, memorials and prayers that were given at the passing of James W. (Jay) Johnson. A Special Thanks to Dr. Virgil Sanders and staff at Medical Arts Hospital.

The Family of
James W. (Jay) Johnson

Horoscope Forecast

CARROL RIGHTER

SUNDAY, SEPT. 10, 1972

GENERAL TENDENCIES: Continue yesterday's accent upon pleasing those who mean much to you. Attending the studies or the services of your choice renews a glowing spirit in you and makes it possible for you to continue to be thoughtful of others, even when personal problems arise.

ARIES (March 21 to April 19) You can discuss quietly with an associate and come to a far better understanding. Show your finest qualities in public. Do not stay out too late tonight. Show you are sensible.

TAURUS (April 20 to May 20) Doing something thoughtful for one who has done you many favors in the past can help you reach your aims. Wear your finest clothing and make fine impression. Avoid any arguments.

GEMINI (May 21 to June 21) You can express yourself very well at the activities that appeal to you. Show more affection for mate and get right results. Avoid one who is not trustworthy.

MOON CHILDREN (June 22 to July 21) Spend time at home, making it more charming and showing fine affection to those who dwell with you. You can think deeply and wisely about how to make the future more satisfying.

LEO (July 22 to Aug. 21) A day to join in recreation with associates and cement better relations with them. Meditation will reveal how to express your loftiest convictions. Don't permit anyone to lead you astray.

VIRGO (Aug. 22 to Sept. 22) You can discover a sensible plan for making your property more valuable. Then talk over with business expert how to add to present income. Stop feeling so frustrated. Take action.

LIBRA (Sept. 23 to Oct. 22) You want to reach many personal aims, so get an early start and carry through. Contact fine friends who can be helpful to you. Attending group affairs can have fine results.

SCORPIO (Oct. 23 to Nov. 21) Try to comprehend the reasons why you and others are not reacting as usual today. Then try to do something about it. A fine day for enjoying the romantic side of life.

SAGITTARIUS (Nov. 22 to Dec. 21) Any new interests where the social side of life is concerned can now be pursued with fine results. Add fine friends to your roster. A good pal gives you a new idea. Follow it.

CAPRICORN (Dec. 22 to Jan. 20) Make a strong effort in going after aims that will improve your image with the public. A most practical person will give you fine ideas. Contact this person early today.

AQUARIUS (Jan. 21 to Feb. 19) Fine day for studying data that will soon permit you to get into new activities and get right results. Gain the friendship of an important person. Make your life a happy one.

PISCES (Feb. 20 to March 20) You have excellent hunches. so follow them and gain the benefits. A romantic interest you have can be pursued with excellent results. A calm, quiet attitude is best in the long run.

MONDAY, SEPT. 11, 1972

GENERAL TENDENCIES: You start the week determined to get results from whatever is of interest and concern to you whether personal, business or governmental. You have the chance now to uncover some facts and figures you have not had before and to use them at once to your advancement. Don't procrastinate.

ARIES (March 21 to April 19) You have many responsibilities to get rid of, so start early on them and do not neglect taxes or insurance. Know what it is that loved one expects of you. Then do your utmost to please.

TAURUS (April 20 to May 20) Sit down with that important partner and cement better relations, particularly where most vital issues are concerned. Get to the right public places to put your ideas across successfully. Avoid time wasters.

GEMINI (May 21 to June 21) You have many duties to perform so get at them early and stick with tasks until completed. Taking the right treatments can do much to add to your present energy. Don't be afraid of exercise.

MOON CHILDREN (June 22 to July 21) Plan part of this day for the good amusements you have not had in a long time. Get relief from worries. Keeping busy with creative work you like to do is very fine now. Excellent results are possible.

LEO (July 22 to Aug. 21) If you do not stir up any old wounds at home, you can make this a most harmonious and happy day, p.m. there. Give more encouragement to kin and all is fine. Quietly rid yourelf of that bone of contention.

VIRGO (Aug. 22 to Sept. 22) If you shop early, you can then follow through with that new plan for increased production. Make your life work more efficient. Keep any professional opportunity you may have made.

LIBRA (Sept. 23 to Oct. 22) You want to get your financial affairs in better order and there is no finer day than this to do so. Get excellent advice from an expert. Follow to the letter and all is satisfactory.

SCORPIO (Oct. 23 to Nov. 21) Find better methods for getting the right energetic people to go along with some plan you have that means a great deal to you. Do something helpful for them, too. Your social ideas are good — follow through on them.

SAGITTARIUS (Nov. 22 to Dec. 21) Instead of trying to project yourself so much, get into the studies and work that are vital now and make big headway. Showing more affection for mate is important in p.m. Increase your own happiness as well.

CAPRICORN (Dec. 22 to Jan. 20) You have a secret associate through whom you can benefit now, so get together early with this person. Then the social is most productive of good results later. Do some entertaining yourself in p.m.

AQUARIUS (Jan. 21 to Feb. 19) You have certain matters to handle in the business world and you should not delay any longer in so doing. Enter into that civic work with true enthusiasm and get excellent results. Speak softly to others.

PISCES (Feb. 20 to March 20) Find new outlets for expressing yourself better now and those whose background has been different from your own can be most helpful. Make new friends who are clever and dynamic and let some of that rub off on you. Think logically.

Calls Nixon An Unethical 'Pitiful, Helpless Giant'

By The Associated Press

LITTLE ROCK, Ark. (AP) — Promising to campaign in the South just as hard as in the North, Sargent Shriver got cheers from Arkansas Democrats Saturday when he denounced President Nixon's Southern strategy as "nothing more than warmed-over Reconstruction."

"It's an insult to anyone who proudly calls themselves a Southerner and to everyone who considers themselves an American," the Democratic vice presidential candidate told the Arkansas State Democratic Convention.

Shriver drew praise Friday from Sen. John L. McClellan, D-Ark., a self-styled conservative, who said the Shriver visit apparently means the national party has decided to stop ignoring the South.

Election-day victory for George McGovern in Arkansas and throughout the South was very much in Shriver's mind.

"We're going to have a president who talks truth, instead of Richard Nixon who tried to exploit every fear, every prejudice and every person with false appeals and Southern strategies," Shriver said, and added:

"The South is no more racist than the North. We intend to campaign in the South and appeal to its highest traditions and to campaign just as hard here as in any other part of the country.

"It is an insult to you and the spirit and strength that built your state and helped build America that men like Richard Nixon try narrow-minded sectional appeals in an attempt to win your votes."

Every state will be a contest and every state will be contested, Shriver said, predicting Arkansas will once again, as he says it has on four election days in the past, reject Nixon.

Shriver then attacked the President and his administration, calling Nixon an unethical "pitiful, helpless giant" who has isolated himself from the needs of the American people.

"He promised to make our streets safe, to make our air clean, to 'bring us together'—but fear and crime grow, the environment decays, and divisions deepen," he said.

Shriver based his appeal on the traditions of the Democratic party once again opposing the Republicans, whom he said indulge in "the politics of privilege and the politics of neglect."

"Richard Nixon—a man who won't listen to the real needs of the American people—is the same man who tried to listen to the tapped telephone in Larry O'Brien's office," Shriver said.

He referred to the arrest of five men who were found with wiretapping equipment in the offices of the Democratic National Committee just before the party's national convention.

Shriver promised again that George McGovern will reform the tax system, bring full employment to America, and do it without further taxes on wages or salaries.

The many recent Nixon vetoes of bills for education, health and welfare meant a denial of vital money for states like Arkansas, Shriver said, and he added:

"Money that would have meant jobs, not bombs; money that would have built homes in urban areas like Little Rock as well as in the rural areas of Arkansas; money that would have meant new schools for Jonesboro and more teachers for Fayetteville; money that would have put a hospital in Fort Smith and another doctor in Camden; money that would have been spent on rural water and waste disposal programs; on programs to fight pollution instead of fighting war; money for the Farm Credit Administration; money to help you build up Arkansas' economy so that you can attract even more industry and create even more jobs.

"George McGovern and I are going to see that Arkansas and the nation get those programs."

Feed Mill Found Guilty

COLEMAN, Tex. (AP) — It was a lighter penalty than state attorneys had sought, but the Hollingsworth Feed Mill and Feed Lot, Inc. was found guilty here Friday of odor pollution and fined $1,250.

A jury in Judge Joe Dibrell's district court found the company guilty of violation of the Texas Clean Air Act for 25 days, and fined it $50 per day. State attorneys, representing the Texas Air Quality Control Board, had contended the firm was in violation of the act every day of operation since Jan. 1, 1971 and sought a fine of $1,000 per day of violation.

The trial was the first in which the odor provisions of the state law were used exclusively for prosecution. Defense attorneys said they would appeal.

Judge Dibrell said he is still considering a state request for an injunction against the company.

Injured Man Is Now In Hospital

Michael R. Smith, Webb AFB, was flown Saturday to Wilford Hall hospital at Lackland AFB for treatment of a fracture of the neck he received in an automobile mishap Friday.

His car left Interstate 20 at 3:10 p.m. Friday near Sweetwater, veered back on the highway, then into median where it rolled over.

Smith was taken to Simmons Hospital in Sweetwater, then transferred to Webb AFB Hospital where it was determined he had a fracture in addition to brusies and cuts. He is assigned to the supply squadron here.

Dated this 5th day of September, 1972.

SIGNED:

FLOYD C. COATES,
Executor of the Estate of Bonnie Coates, Deceased.
No. 8006 in the County Court of Howard County, Texas.
(Sept. 10, 1972)

'IN NO WAY RELATED TO' BREAK-IN

Texans Give To Nixon Fund

WASHINGTON (AP) — Money contributed to President Nixon's re-election campaign by a prominent Texas Democrat may have ended up in the bank account of a man accused of breaking into Democratic headquarters, the Washington Star-News has reported.

Nine prominent Texas businessmen are included on a secret list of Texas donors to the Nixon campaign, according to the report by newsman James Polk.

The President's campaign organization denied that the list represented campaign donors and insisted that those named "were in no way related" to the June 17 break-in at Democratic national headquarters in the Watergate Hotel complex.

LBJ'S PAL

Polk reported that the only prominent Democrat on the list of Nixon's biggest Texas contributors prior to April 7 was Harding Lawrence, chairman of the Braniff International airline and a longtime friend of former President Lyndon B. Johnson.

Republican campaigners have sought to keep secret the names of those who gave before April 7, when a new reporting law took effect requiring that names of contributors be made public.

The Democratic headquarters break-in becomes involved because investogators reportedly have traced a total of $114,000 in contributions to the Nixon campaign to the Miami bank account of Bernard L. Barker, one of the five men arrested for the break-in.

Of that total, there have been reports that $89,000 came from early Texas collections, moved through a Mexico City bank, then to Washington and finally to the Miami bank. The Star-News reported that the $89,000 came from Democratic circles and that Lawrence "is the only well-known Democrat on the secret list."

RICH FIRM

Polk reported from Houston that Lawrence was en route to Japan and could not be reached for comment.

Others named on the list, according to the newspaper, were:

—Edgar W. Brown of Orange, banker, rancher and large stock holder in Olin Corp.

—Robert A. Allen, the Nixon campaign's Texas finance chairman and the president of Gulf Resources & Chemical Co. in Houston. The company's Mexico City lawyer's name was on the four bank drafts for the $89,000.

—Albert B. Fay, a Houston oil operator and former GOP national committeeman.

—Erik Jonsson, a former mayor of Dallas, a Republican and founder of Texas Instruments Inc.

—William H. Lane, president of a Houston rice processing firm, Riviana Foods.

—John J. Moran of Houston, board chairman of D.E. Hycel, Inc.

—Robert A. Mosbacher, a Houston oil operator and past supporter of Nixon.

—Watson W. Wise, an industrialist in Tyler, Tex.

The newspaper said that Brown, Fay, Jonsson, Moran and Wise confirmed that they had given money to the Nixon campaign, but none would say how much. Wise's name is the only one of the nine listed on public records of donors after April 7.

Men Put It Together For The Sportin' Life

The look in men's sportswear should be individual this fall, because men will be putting it together themselves.

The two newest looks in off-duty clothes — the layered look and tops and bottoms — both allow men to do their own co-ordinating and come up with individual fashion looks.

It's no longer a sea of look alike gray flannels and blue serge. The 1972 man apparently wants to experiment with putting different looks together. It all adds up to male fashion freedom.

Putting together tops and bottoms usually results in a look that's one-half solid, one-half patterned. For a patterned top, a man might choose a knit shirt, which this season comes in a variety of bold patterns and prints.

Also, there are the neat checks and geometric plaids in knit, or cotton and polyester combinations.

Sportshirt styling for fall includes short sleeve and long sleeve, pullover or button front. Some shirts have finished bottoms and are meant to be worn outside the slacks. Others feature such treatments as epaulettes.

When it comes to bottoms, there's the soft look (and touch) in corduroys, velvets and cotton velours. For the man who is avant-garde, or perhaps simply nostalgic, a fuller cut pants with pleats and cuffs returns.

For those interested in a Great Gatsby look, it's available in elegant white flannel.

1972 may be the year of the sweater, and there's an almost limitless variety from which to choose.

Patterned sweaters seem to be important, and can be found in anything from a small and neat style to a bulky cable knit. Scoop necks, v-necks and turtlenecks all play a part in the layered look.

The bench warmer and the duffle coat, quilted jackets and ski coats appear in strong, vibrant plaids.

Storm coats, those all-time favorites, now go from above the knee to mid-calf in wool, corduroys and twills.

Above, Pat Danforth showing a one piece polyester double knit bodice with print flair skirt, long sleeves with white cuffs.

This fashionable little dress comes from "Better Things," only one of the many nationally known lines offered at Anthony's. Her Fashion Wise Shoes by Ga-Ro

Airport PTA Will Have Social Hour

Airport Parent-Teacher Association will host an ice cream social immediately following its first meeting at 7:30 p.m. Thursday in the school cafeteria. The event is planned to give parents a chance to meet teachers. Baby sitting service is available for children through the second grade. Dr. Henry Butler will be guest speaker for the meeting.

MRS. MICHAEL A. GERHART

Couple United In Marriage

Oklahoma City, Okla., is the destination of Mr. and Mrs. Michael Allen Gerhart who were married Saturday in Calvary Baptist Church, Friona. Upon returning from the trip, the Gerharts will reside at 604 W. 5th.

Gerhart, who is the son of Mr. and Mrs. A. W. Gerhart, 2101 Johnson, graduated from Big Spring High School and attended West Texas State University. He is currently working for the county while attending Howard County Junior College.

BRIDE

The bride is the former LaFonda Jean Hodges, daughter of Mr. and Mrs. B. R. Hodges of Plainview. She graduated from Friona High School, attended WTSU and plans to complete nurse's training at Odessa.

Carrying a bouquet of yellow roses and white carnations, the bride was attired in a formal gown of white satin with long lace sleeves and bodice overlaid with lace. The watteau train was of matching lace. Her tulle veil was attached to a headpiece of satin and lace sprinkled with seed pearls.

Larry Suttle of Canyon, a Church of Christ minister, performed the ceremony before an arch of greenery. Centering the altar was an arrangement of yellow and white roses and carnations flanked by branched candelabra.

Mrs. Vance Luckie, the bride's sister, was matron of honor, and bridesmaids were Miss Jane Rushing, Miss Evelyn Whisenhunt of Littlefield and Miss Brenda Gerhart of Big Spring, sister of the bridegroom. They wore identical empire gowns of royal blue satin crepe overlaid with a sheer fabric. They wore matching hair bows and carried long-stemmed yellow carnations.

BEST MAN

Jack Williamson of Kenai, Alaska, served as best man, and groomsmen were Gary Nickel and Elmer Johnson, both of Canyon; and Vance Luckie. Bobby Hodges and Johnny Hodges, brothers of the bride, were ushers. Miss Peggy Coffman of Rotan presided at the guest registter.

Mrs. Terry Martin of Estancia and Coy Schuster of Amarillo assisted at a reception held in the church parlor.

Out-of-town guests were Mr. and Mrs. L. R. Cruce and Mrs. Johnny Hodges, all of Olton; and Mr. and Mrs. George Sollee, Plainview.

The refreshment table was covered with blue linen with overlay of white lace. The tiered wedding cake was topped with a minature bride and groom.

Good Taste Usually Rules Out Gimmicks

With fashion back to basics, simplicity is the keystone to this season's look.

Leathers used in the new collections include both grained cabretta leathers and suede. Suede may be lambskin or cowhide.

Grained leathers can be home-cleaned with mild soap and a damp cloth, while suedes need only an occasional professional dry-cleaning.

This fall, one can't go wrong in a well-tailored leather suit with skirt or pants. These impeccable coordinated pieces can make up a great layered look.

Separate units might be a vest, blouse, turtleneck as well as the jacket, pants and skirt. The blazer, cardigan and cropped styles are silhouettes to watch.

Curly shearling can be found in warm and wonderful jackets or simply as lining or trim.

Classic coat styles can be the trench, topper, poncho or cape. For real smash, many coats are luxuriously trimmed with raccoon or other fur.

With separates a vital part of any layered look, the coordinated are irresistible elements.

Among the favorite jacket styles are the blazer, battle jacket, safari, cardigan and shirt-jac. Vests are mainly seen as long sleeveless jackets. Some of the vests offer set-in or separate belts.

Pants are tailored to a T and are frequently cut with the wide leg. Many good-looking jeans show up in leather versions.

Skirts are super-smart, and can be found in zipped, gored, A-line and wrap-around styles.

HI-Y, TRI-HI-Y SET MEETINGS

All interested high school students are invited to attend Hi-Y and Tri-Hi-Y meetings at 8 p.m., Monday at the YMCA. The main purpose of the groups is to provide young people with a working knowledge of Texas government as well as offering them an opportunity to be of service to the community. Sam Chappell, one of last year's members, was an outstanding senator in the mock legislature at Austin.

Cafeteria Menus

This Chair...is a Bed!

The all new... Slumber/Seat®

Here is the practical solution to the problem of where to sleep an occasional guest. The Slumber/Seat is a fully upholstered luxurious club chair, but with just a flip of the unique mechanism, it converts into a full size bed 76" long with a built-in pillow rest for your head. Ideal for the apartment, home, den, resort cabin, boat, and wherever a combination of space saving and dual purpose sleep furniture is desired. Many styles available in a wide variety of fabrics and Naugahyde vinyl.

® Manufactured exclusively by Victor Stanley, Inc., Dunkirk, Maryland. Patented.

DR. JUDSON MAYNARD
"People are still raving"

Community Concert Series Promises Sparkling Season

The Big Spring Community Concert Association, as in years past, is giving last year's ticket holders a break by beginning this year's subscription campaign with "renewal week." In this way, present members have the opportunity to renew their memberships before new memberships are accepted.

Five outstanding attractions — entertainment for the entire family — will be presented during the 1972-73 season, and attendance at the attractions is by season membership only. All performances will be held in the Municipal Auditorium.

The season opener will be the delightful musical comedy of love and life, "I Do! I Do!," starring Lesley Stewart and Don Grilley Oct. 16. The November attraction will be Thomas Andrew's exciting "Ballet Brio" which will come to Big Spring Nov. 18.

The first 1973 program will be Jan. 29 featuring "The Young Americans," the famous youthful group of singers and performers who have proven to be a popular attraction all over the nation. Concert organist Judson Maynard will be spotlighted Feb. 24, and the final concert of the series is slated March 31 when "The Ronnie Kole Trio," called the most exciting combo in years, will make its appearance at the auditorium.

The membership campaign closes Sept. 23, and membership cards will be mailed Oct. 1.

Membership fees remain the same as last year: Adult Reserved, $14; Adult, $10; Student Reserved, $8; and Student, $4. Checks should be made payable to Community Concerts and mailed to Big Spring Community Concert Association, 2608 Rebecca, Big Spring, Texas, 79720. As an added convenience, subscribers may charge concert membership tickets to their Hemphill-Wells charge account.

Volunteer community concert workers are now calling on present members to renew their memberships while, at the same time, inviting new friends to join and enjoy the music world's most exciting personalities. The membership plan enables local and area residents to hear and see nationally known talent within a modest budget. It gives parents an opportunity to introduce their children to great music, as well as the world of dance and drama, while the family functions as a unit.

It has been said, "Good music is more than entertainment; it is necessary in a mature civilization." Also, it is the universal language. People with awareness turn to music in all the important events in their lives.

Heading the association's board of directors are Mrs. J. W. Kuykendall, president; Mrs. H. M. Jarrett, first vice president; Mrs. Paul Kionka, second vice president; Mrs. Dan Shockey, third vice president; Mrs. Carl Bradley, treasurer; and Mrs. Richard Shook, secretary. Mrs. Jarrett is serving as membership chairman, with Mrs. Kionka being co-chairman. Mrs. Bradley is dinner chairman, and publicity is being handled by Mrs. Shockey.

New to the 28-member board are Mrs. Charles Beil, Mrs. Lowell Jones, Mrs. Don Lovelady and Mrs. Sam Hunnicutt.

Three Short Courses Scheduled At HCJC

Three short courses of divergent interests have been announced by Howard County Junior College.

They will be in intermediate and advanced sewing, charm, and typing.

Intermediate and advanced sewing will begin Tuesday, from 9-11 a.m. For those who will be unable to attend the morning session, there will be a class in the evening from 7-9 p.m., also beginning Tuesday. The classes will run for eight weeks and will be held in room Ad. E-1. The instructor will be Dr. Anna Lou Bradberry. A fee of $17 will be charged.

Typing will begin Tuesday from 7-9 p.m. in room HGC-209. Mrs. Doris Huibregtse will be the instructor. The class will meet every Tuesday for six weeks. A fee of $10 will be charged.

The charm class will consist of six different subjects instructed by six different professionals. The class will begin Thursday from 7-9 p.m. and will continue for five weeks. Each class will meet for a period of two hours in room Ad. E-2. A fee of $10 will be charged.

A schedule of each class and instructor follows:

Sept. 14 — Hair styling taught by Mary Haught from the Kut and Kurl Beauty Salon.

Sept. 19 — Make-up selection and application taught by Miss JoAnna Patterson (Lesson 1).

Sept. 21 — Make-up selection and application Miss JoAnna Patterson (lesson 2).

Sept. 28 — Posture and figure control, Kay Brown from Elaine Powers.

Oct. 5 — Proper speech patterns, Dan Shockey.

Oct. 12 — Wardrobe selection taught by Evelyn Gunning from Hemphill-Wells department store.

Kraut, Goulash

Diamantina Arguello Weds Daniel Abeyta

Miss Diamantina Arguello became the bride of Daniel Abeyta Saturday morning in Immaculate Heart of Mary Catholic Church, with the Rev. Emilio Abeyta, cousin of the bridegroom, officiating for the nuptial rites. Background music was by Johnny Arguello, organist, cousin of the bride.

Parents of the couple are Mr. and Mrs. Jose G. Arguello, 1106 N. Lancaster, and Mr. and Mrs. Casimiro Abeyta of Littlefield.

The couple plans to reside at 610 14th St., Canyon, where Abeyta is a senior student at West Texas State University. He is a graduate of Littlefield High School and attended two years at South Plains College. Mrs. Abeyta, a graduate of Big Spring High School and Childers and Reeves School of Hairdressing and Cosmetology, is also a 1972 graduate of WTSU where she received a BA in Spanish and English.

AZARES BOUQUET

Carrying a bouquet of azares, the bride was attired in a formal-length gown of floral lace, embroidered with sequins and seed pearls. The long-sleeved gown was fashioned with natural waistline and wide V neckline. A headpiece of lace and pearls held a lace-bordered veil of illusion which swept into a train.

Miss Rosemary Arguello, who served as maid of honor for her sister, was attired in a full-length gown of green organza over satin, with which she wore a wide-brimmed white hat. The other feminine attendants were Mrs. Juan Gaitan, Mrs. Fidel Saldivar, Mrs. Jesus Marquez, Miss Janie Chavez, Miss Eva Zamora, Miss Stella Cordova, Miss Irma Quezada, Miss Helen Pena, Miss Tina Leal, Miss Norma Perez, Miss Alice Cisneros, Mrs. Albert Mangles, Miss Teresa Savala, Miss Eva Arguello, Miss Gloria Arguello, Miss Elam Minjares and Miss Mary Gutierrez. They were identically attired in formal gowns of orange chiffon over matching taffeta. All wore white garden hats.

Edward Torres of Lamesa served as best man. Groomsmen were John Gaitan, Fidel Saldivar, Jesus Marquez, Fidel Saldivar Jr., Adrian Saldivar, Albert Mangles, Charles Chavez, Eugene Carillo, David Renteria, Elizar Mendez and Matias Garza. The ushers were Ricky Arguello, brother of the bride; David Abeyta, brother of the bridegroom, and Luis Salgado. Adriel Saldivar was ring bearer, and the flower girl was Yvette Saldivar.

MRS. DANIEL ABEYTA

The fellowship hall of St. Thomas Catholic Church was the setting for a reception honoring the newlyweds, refreshments were served by Mrs. Barney Arguello and Mrs. Paul Minjares.

Guests attending from out of town were Mr. and Mrs. Pat Abeyta, Lubbock; Mr. and Mrs. Victoriano Ybarra, Slaton; and Miss Santa Castilleja, Sabinas Chic., Mexico.

FOCUS ON FAMILY LIVING

Is Convenience Food Worth Higher Price?

By SHERRY MULLIN
(County HD Agent)

"Are convenience foods worth high price tags? Or do they really cost that much?

A study has revealed that some convenience foods cost as much as three times the price of ingredients needed to prepare similar foods at home.

The study also showed that some cost less than their homemade counterparts.

Homemakers generally pay a higher price for convenience.

In the study, each of four commercially prepared frozen, ready-to-heat dinners of meat loaf, beef, fried chicken and turkey cost more if prepared at home. Costs for fried chicken dinners averaged 25 per cent higher.

Costs were based on home-prepared dinners that had the same amount of food (meat, potatoes and a second vegetable) as commercial dinners. Cost relationships might have differed substantially if home-prepared dinners had used another cut of meat or poultry.

For example, the home-prepared fried chicken dinner used a whole ready-to-cook frying chicken (cut up) costing 42 cents a pound.

If the meal had served chicken parts — breasts with ribs and legs — at 65 cents a pound, the dinner would have totaled 35 cents instead of 25 cents. The commercial fried chicken dinner, then, would have cost only 50 per cent more than the home meal rather than 110 per cent higher.

HIGHER BRANDS

Some brands of frozen ready-to-heat main dishes cost much more than other brands, partly because they contain more meat or poultry.

One brand of beef pie, for instance, cost twice as much while another cost about the same as beef pie made from a home recipe. The less expensive frozen pie contained only three-fourths as much meat as the homemade pie. Similarly, one brand of chicken pie cost 150 per cent more while another brand was only 20 per cent higher.

Cheese pizza made from a packaged mix cost only slightly more than pizza made from scratch. But frozen pizza, ready for the oven, cost 60 per cent more.

Apple pie, pound cake, brownies, sugar cookies, waffles and baking powder biscuits made from mixes ranged in cost from slightly less to one-third more than similar foods made at home. Frozen waffles, heated in the toaster, cost three times as much as homemade waffles, but canned chilled biscuits, ready-to-bake, cost only one-third more.

Apple pie bought ready-to-eat cost about 80 per cent more, but ready-to-eat brownies and sugar cookies cost about the same as homemade brownies and cookies.

Paying these higher prices for convenience may be a saving for persons living alone. Preparing some dishes at home can require too many ingredients and yield too many servings to be practical. Or a homemaker may simply prefer to use her time for activities other than cooking.

When shopping for convenience foods, compare costs of equal-sized servings of home-prepared and commercially prepared foods. This will prevent paying more for convenience than you had intended.

Calculating precise costs for mixed dishes isn't easy. Before attempting the calculations, try the convenience item first to check if it's acceptable.

COMING EVENTS

Students Attend Area Colleges

WESTBROOK (SC) — Westbrook residents attending various colleges include Sandy Anderson, sophomore special education major at San Angelo State University; John Sweatt, junior zoology major; Robert (Bo) Jackson, junior business major; and Robert Chambers, senior electrical engineering major, all at Texas Tech; Roxanne Moore and Gaylord Rich, both freshmen at Howard County Junior College; and Junior Oden, Sul Ross University.

OWC SAMPLES WARES

Take The Expert's Opinion: "Wines Are Like Women"

"Wines are like women. The younger ones are gay, lively and slightly risque; the older ones are fuller bodied, mellowed and more mature."

The comparison was made by Dick Sullivan of Turk Distributors, Odessa, guest speaker for the Officers Wives Club September luncheon, "A little Bit of Italy."

Sullivan said types of wines can often be distinguished by the shape and color of bottles. Bottles topped with a crown cork always contain sparkling wine or champagne, and bottles with long sloping shoulders or necks are used for red or white burgundy or burgundy-type wines. He said a claret-shaped bottle will hold a red or white dry Bordeaux wine.

German wines are often in brown or green bottles. Brown signifies a Rhine wine that has a slightly sweet taste but is still a dry wine. Green bottles hold Moselle wines that have a lighter, crisper taste than Rhines.

"When in doubt about whether or not your dinner guests are wine drinkers, serve either Rose or Rhine wines," said Sullivan. "In order to learn about wines, you should sip it with your guests and discuss the flavor." He said a home wine cellar should start with two reds, two whites and one Rose.

Sullivan said European wines are dated because climatic conditions are sporadic and highly variable. Therefore, the vintage date tells the buyer whether or not he is getting a quality wine. California wines are dated, but Sullivan said the date merely tells whether it is a young or mature wine.

"As a general rule, young white wines are better," said Sullivan. "They should range from two to four years of age, whereas red wines are generally better after 5 to 15 years of aging.

Four types of wines which Sullivan had for guests to sample included Johannisberg Riesling, Chablis, Beaujolais and Zinfandel.

Mrs. Fred Wertz presided at the business meeting, and introduced Mrs. Stanley M. Umstead, wife of the new wing commander.

Mrs. Tim Danforth announced a personal affairs orientation will be conducted for military dependents from 9:30 a.m. to 2 p.m., Sept. 26 at the Webb NCO Club, and from 6:30 to 10 p.m. Sept. 27 at the Service Club. The orientation will outline services and benefits available to dependents. For reservations call 267-2511, Ext. 2446.

In other announcements, Mrs. Danforth said Air Force Village Christmas cards are being sold before and after each monthly luncheon through October. Bridge and Mah Jongg are played each third and fifth Thursday at 9:30 a.m. at the Officers Club, and reservations must be made by noon Tuesday before the game days.

Members wishing to have family portraits taken may go to the Service Club between 12:30 and 3 p.m. Nov. 5 for a sitting. The cost will be $4.25 for two 5 by 7-inch and four wallet size prints.

Decorations for the luncheon followed an Italian motif. Red and white checked cloths covered the tables, which were centered with matching fabric flowers. A larger arrangement in a leather and straw brown basket centered the head table.

General chairman for the luncheon was Mrs. Brian Arnold. She was assisted by Mrs. Randy DeAngelis, decorations; Mrs. Ken Voelker and Mrs. Jim Carpenter, menu; and Mrs. Rick Brown, publicity. Host group was wives of Class 73-04.

New members welcomed were Mrs. Barbara Mills, Mrs. Johanna Rhoades and Mrs. Carol Reynolds. Farewell was bid to Mrs. Arthur Williams, and guests were Mrs. Lillian Saukko, Mrs. Curt Strong, Mrs. Lu Chien Lin and Mrs. Johanna Lindner.

The next OWC function is the "Country Fair," Sept. 30 at the Officers Club. There will be square dancing, game booths, talent show, and an antique and curio auction. The Ben Shaw Band will play from 9 p.m. to 1 a.m. The affair begins at 5 p.m. and will also include cooking, canning and crafts contests, as well as hog calling and pie-eating events.

Woman's Forum Sets First Meet

The first meeting of the Woman's Forum for the 1972-1973 club year will be a coffee from 10 to 11:30 a.m. Friday in the home of Mrs. Robert L. McDonald, 1603 Eleventh Place.

MRS. KEN SCHMIDT OF NORFORK, NEB., SAYS:

I lost 80 lbs!

"When I started on the X-11 Plan, I weighed 205#. Now I'm down to 125#. I enjoy wearing dresses sizes 11-12's rather than 20½. Sometimes my friends pass me by and then turn around and call me back. They can't believe it's the same old Marge."

EAT WELL...WHILE YOU LOSE THAT UGLY FAT

So you want to lose 5, 10, 25 or more pounds of excessive weight? ... Now with the X-11 Reducing Plan, you can remove pounds and inches from thighs, neck, legs, waist — ALL OVER.

While you eat satisfying meals, no longer will you be the prisoner of the overeating habit, because with the X-11 Plan, you eat less — want less. You lose weight ... while you eat well.

SATISFACTION GUARANTEED OR MONEY BACK

Get your X-11 Reducing Plan today. If flabby fat doesn't disappear, just return your empty first package for an immediate refund — no questions asked.

What is your suit saying about you?

Subtleties say a lot. Shoulders, for instance. If they're a little higher, you look a little slimmer. If they're capped, like these, the effect is one of advanced elegance.

Advanced is the key word at Society Brand this Fall. Pure wool fabrics that stretch. New wool-and-silk blends to keep you colorful. "Brijo" Knits to keep you just enough ahead of the crowd.

We're outlining our new styling a little more definitely, too. With bolder linings, color-matched buttonholes and edge-stitching. Not too daring—but definitely distinctive.

Put all this together with wider lapels and a deep center vent, and you've got a suit that says—not shouts—success. $175.00

SOCIETY BRAND CLOTHES
We always speak highly of you.

Wedding Ceremony Held In Denver City

The Varsity VI Apts., Lubbock, will be the home of Mr. and Mrs. John L. Falkner who were married Saturday evening in the Denver City Church of Christ with Bob Crass, minister, officiating. The couple stood before an archway flanked by candelabra, and background music was provided by an a cappella choir with Doug Hubbard as soloist.

The bride is the former Debra Ann Williams, daughter of Mr. and Mrs. Coy Williams, Denver City, and the bridegroom is the son of Mr. and Mrs. Avery Falkner, 708 W. 17th, Big Spring.

A graduate of Denver City High School, Mrs. Falkner attended Lubbock Christian College. Falkner graduated from Big Spring High School, Abilene Christian College and the Sunset School of Preaching at Lubbock. He is currrently employed in Lubbock by W. D. Wilkins Distributing Co.

MRS. JOHN L. FALKNER

Carrying a bouquet of glamellias and stephanotis, the bride was attired in a full-skirted gown of white dotted Swiss, scrolled Venise lace tracing a bateau neckline on the demi-bodice and overlaying white satin ribbons which extended to form bows and streamers at the back waistline. Matching lace accented sheer ruffle at the wrists and hemline of the gown. Back fullness extended to form a chapel-length train. Her elbow-length veil was held by a bandeau of embroidered organza medallions with back streamers.

ATTENDANTS

Miss Glenda Williams, sister of the bride, was maid of honor and was attired in a pink dotted Swiss princess-style gown with which she wore a velvet headband trimmed with flowers. Identical attire was born by the bridesmaids, Miss Mona Gist, Mrs. Ike Lewis, Miss Kathy Horn and Miss Barbara Hemmeline, the latter three of Lubbock. They carried nosegays.

Riley Falkner, Big Spring, served as best man for his brother, and groomsmen were another brother, Avery Falkner Jr., Abilene; Al Watkins, Big Spring; and John Lacey and Truitt Adair, both of Lubbock. The ushers were Lynn Herndon, Ike Lewis, Craig Bigelow and Mike Holloway. Altar tapers were lighted by Jada Herndon and Penny Holloway, while the flower girl was Julie Bigelow. Jeff Herndon was ring bearer.

RECEPTION

Prior to leaving on a wedding trip to Ruidoso, N.M., the couple was honored at a reception in the fellowship hall. Refreshments were served by Miss Pam Holmes, Miss Jean Sellers, Miss Shela McDaniel and Miss Denise Harrison from a table covered with pink satin and white net. Crystal and silver appointments were used.

Out-of-town guests, other than the bridegroom's parents, were Mrs. Avery Falkner Jr.; Abilene; Mr. and Mrs. Sam Smith, Mr. and Mrs. Cecil Peurifoy, Mr. and Mrs. Carl Coleman, Miss Gayle Coleman, Mrs. Riley Falkner, Mr. and Mrs. Jimmy Morehead, Mrs. Florence Rhoton, Mr. and Mrs. Bill Eggleston, Rick Peurifoy, Mr. and Mrs. Gene Wilson, Mr. and Mrs. Kenneth Lane, Mr. and Mrs. D. S. Riley, Mrs. Al Watkins Jr., Mr. and Mrs. O. B. Kirby, Mr. and Mrs. Bobby Hogue, Mr. and Mrs. Edwin Bednar and Mr. and Mrs. Vernon Baird, all of Big Spring; Mr. and Mrs. J. P. Stroud, Stanton; Mrs. Lillie Williams and Mr. and Mrs. Eddie Cheek, all of Andrews; Mr. and Mrs. T. L. Williams, Mr. and Mrs. E. D. Holloway and Mr. and Mrs. J. L. Evans, all of Odessa; Mr. and Mrs. Joe Hull, Monahans; and Miss Judy Watkins, Lubbock.

The bridegroom's parents hosted a rehearsal dinner Saturday in the Denver City Bank Bldg. where 40 guests were in attendance. The head table was accented with a pink floral arrangement.

Handbags Will Swing, Belts Soften

Come fall, the handbag that will really be in the swing of things is the soft leather shoulder - strapper. Casual and dress shoulder-bags are fall's overriding favorites.

Deep envelopes, soft roomy pouches and totes, and quilted Chanel-type bags see the most action. Leathers in just about every finish make up these newest shoulder-bag models.

Suede is the hands-down favorite, but grained, smooth, waxy, brushed, antiqued and patent leathers also look very good.

Offering the shoulder bag some lively competition will be a bright-looking group of more conventional styles.

Casual totes, pouches and box bags with regulation handles or straps sport such details as bold stitching, brush-blended trim.

New leather gloves are long and sleek, streamlined and extended. Shorties are in second place, with four and six-button lengths in the lead.

Leather belts are changing their image, scaling down in width and softening up on detail. Leather covered buckles create a dressier, more classic look.

ELEGANT shirtcoats are at east in any setting. This one has newsy dolman sleeves, soft raglan shoulders and cuffed sleeves.

Perfect Taste: That's New Fashion Theme

By DEVIE ROSENBLOOM

Elegant, understated, casual — in other words the theme for this fall's fashion is perfect taste. It shows up in design as well as in color.

This is the year of the big coats. Free-swinging tents, toppers to pop over pants or skirts, newsy dolman sleeve coats, wrappy self-sashed styles, shirt jacket models and close little cropped jackets are all part of the picture.

One new look in coats shows sleeves rolled up above the elbow — then worn over a dolman sleeve turtleneck.

There appears to be a renaissance in suits — many with wrapped jackets, others with jackets to just below the hips and circled with narrow belts.

Many of the skirts are hip-stitched and then pleated, many are slashed — all show lots of graceful freedom of movement.

The daytime dress heralds the return of a well-loved style — the chemise. This time around it has the slightest hint of body shaping but, as always, is free-flowing and easy.

The shirtdress, perennial favorite that it is, has a slightly fuller skirt — but still tailored with all the expected- classic details.

Sleeve treatment in dresses includes the dolman, the capped sleeve and a reprise of the raglan sleeve. Many capped sleeve dresses and jumpers appear over a turtleneck top or sweater.

Sweaters have a new, albeit nostalgic, look. The twin sweater set is back. Softest angora and cashmere are in fashion both day and night. Colors are pale, well-bred with a kind of throwaway chic.

Pants are generally wide-legged — many of them cuffed. Many have highrise waistlines — perfect foil for the narrowed down belts seen everywhere.

The layered look continues very important with vests and shrinks over shirts and sweaters — then often topped with a cropped or shirt jacket. Teamed with pants or skirts, layers are likely to remain successful.

Evening gowns range from the most striking strapless and sequined models to casual long sweater dresses. Combinations of satin and angora appear.

AAUW Plans Fashion Show

"A Dollar's Worth of Fashion" is the theme chosen for a welcoming orientation coffee to be hosted by the American Association of University Women at 10 a.m. Saturday at Big Spring Country Club.

All college graduates or other persons interested in AAUW study groups are invited to attend.

Mrs. Payl Allen is general chairman for the affair. Major committee chairmen include Mrs. John W. Carter, invitations; Mrs. James F. Little, decorating; and Mrs. Robert Greene and Mrs. William F. Martin, programs. Assisting with decorations will be Mrs. Ovis James, Mrs. Alvin Shroyer, Miss Ann Ratliff and Mrs. Greene.

The fashion show will be presented by Hemphill-Wells, with Mrs. Joe Gunning, fashion coordinator, providing commentary. Models will include Mrs. Bruce McDonald, AAUW president; Mrs. Hervey Perry, Mrs. David A. Anderson, Mrs. Jerry Spence, Mrs. Wade Choate, Mrs. Walter Wheat, Mrs. Don McDonald and Mrs. Bill Estes.

All other AAUW members will be hostesses for the coffee, which has become an annual September event in recent years.

Through its programs, AAUW brings together alumnae of different institutions and various backgrounds.

There is no charge for the show, and persons interested in making reservations, or in obtaining more information about AAUW are invited to call Mrs. Carter, 263-3692; Mrs. Jim Collier, 263-2496; Mrs. Jerry Phillips, 263-4629; or Mrs. George Wanner, 263-4941. Reservations should be made by Thursday.

'ROUND TOWN

By LUCILLE PICKLE

With the beginning of school, and the women's club activities getting under way, the season of the heavy mail is also gathering momentum. Almost every day there is a piece or pieces of mail for the club presidents and the parents group leaders pertaining to the anticipated work for the nine coming months. The first pieces started arriving the minute the old year was completed.

One nice thing about this constant flow of communication, one never feels completely out of things. Actions suggested in the letters may not be one's cup of tea but it gets to be interesting to see what has been thought up while you were sleeping.

This year there is an offer for group trips to foreign countries which more than likely a great number of club women will take. There have been numerous suggestions on how to earn money for financing club work, and they are good ones if you are in the mood for getting out and selling, but not many of us are anymore. A great many organizations have learned that money is not the only way to be helpful; some people just need the love and understanding of other people. That's what 'Putting a Little Love in Your Life' is all about.

* * *

The PETE WARRENS have recently returned from Dallas where they visited their son and daughter-in-law, MR. and MRS. JOHN (Skip) WARREN who had the pleasure of showing off their newly acquired home to his parents.

* * *

For the first time in their business careers, LEONARD and LONNIE COKER, who have recently sold their Twins Restaurant, have had the pleasure of vacationing at the same time, and together. They and their wives, along with their brother-in-law and sister, MR. and MRS. GENE TURNER of Big Spring, and a nephew and his wife, MR. and MRS. WELDON STRINGER of Vernon, spent some time at Lonnie's Ruidoso, N.M., house. The Leonard Cokers remained through Wednesday while the others returned Labor Day. The ZOLLIE BOYKINS came back Thursday from Ruidoso where they have a summer home. The T. H. McCANNS hosted friends from Big Spring, the J. O. HAGOODS and the ERNIE BOYDS.

The only drawback to the New Mexico stay was a plentiful amount of rain, almost all day, every day.

* * *

When the CLYDE JOHNSTONS vacationed last week they spent most of the time watching baseball games. A former baseball player and a permanent baseball buff, Johnston likes to watch the Astros and now takes time to watch the Rangers. In Houston, they saw four Astro games along with her brother and his family, MR. and MRS. JIM BOB CHANEY, and their sons. Then they attended a Texas Ranger game in Dallas.

* * *

It won't be long now before the BOB WHIPKEYS embark on a cruise of the Mediterranean. They plan to spend some time in Spain during the tour.

* * *

Recent guests of MR. and MRS. H. J. AGEE have been her mother, MRS. P. M. BEATY, and her sister, MRS. JOHN ABEL, both of Abilene.

FLOWERS AND FANS — Both were much in evidence at the Japanese tea held Wednesday in the home of Mrs. D. S. Riley, 505 Hillside Drive, for Big Spring Garden Club members and their guests. Shown, from left, are Mrs. Clyde Angel, Mrs. John Balch, Mrs. Pete Warren, Mrs. Riley, Mrs. J. C. Pickle and Mrs. John B. Knox.

Japanese Tea Opens Season For Big Spring Garden Club

Japan, the land of flowers and fans, beauty and enchantment, was symbolized in the decorative motif at a Japanese tea held Wednesday in the home of Mrs. D. S. Riley, 505 Hillside, for Big Spring Garden Club members and their guests. Cohostesses were Mrs. Brady Warren and Mrs. John Balch.

Highlighting the tea table was a jade-colored container holding an authentic Japanese flower arrangement featuring Fiji chrysanthemums, cattails and fans. A companion arrangement was placed on a credenza. Japanese tea and coffee were served from silver services.

Throughout the entertainmnt area were displays of decorative fans, Koshi dolls and objects d'art. The hostesses and many of the guests were attired in Japanese attire, including obis and silk kimonos.

Yearbooks, in the form of passports, were distributed. The theme was "Around the World," and during the 1972-73 club year, programs will emphasize different countries.

Heading the 27-member club are Mrs. John Knox, president; Mrs. Warren, first vice president; Mrs. Balch, second vice president; Mrs. Riley, recording secretary; Mrs. D. O. Gray, corresponding secretary; Mrs. John Coffee, treasurer; Mrs. L. B. Edwards, parliamentarian; and Mrs. J. C. Pickle, council representative. The club's nationally accredited flower show judges are Mrs. J. Gordon Bristow, Mrs. Knox, Mrs. Riley and Mrs. Gray. Mrs. Bristow is also a judge for the American Iris Society.

Special dates being observed this fall by the gardeners are Oct. 3-6, Landscape Design School No. 4, College Station; Oct. 17, Garden Club Day at State Fair of Texas; Oct. 25-26, Texas Garden Clubs Inc. fall board meeting, Brownsville; Nov. 3, District I fall meeting, Lubbock; Nov. 1-3, Flower Show School symposium, Houston; and Nov. 9, District I Southern Zone meeting in Kermit.

Club members have adopted the conservation pledge: "I give my pledge as an American to save and faithfully defend from waste the natural resources of my country, its minerals, its soil, forests, waters and wild life."

(Photo by Danny Valdes)

STUDY BOOKS will be passports for members of the Big Spring Garden Club as their season's programs take them "Around the World." Getting a preview at the Japanese tea are, from left, Mrs. J. P. Dodge, Mrs. A. C. Bass, Mrs. Marvin Sewell, Mrs. W. G. Wilson, Mrs. L. B. Edwards, Mrs. Norman Read, Mrs. H. H. Squyres and Mrs. J. E. Brown.

Free Street Dance Date Is Sept. 18

The Big Spring Squares will host a free public dance Friday in the parking lot at Third and Scurry, beginning at 8 p.m.

Alvin Huskey, president, said "Square dancing is good, clean entertainment, and we want to encourage more young people to participate in this type of recreation. It can also be a family activity."

The club is having a membership drive and the dance is being held to publicize square dance lessons which will begin Monday, Sept. 18 at the Big Spring Squares building in Silver Heels. The first three lessons will be free, and the fee for subsequent lessons will be $1 per couple each night. The two-hour sessions will continue for 15 weeks with Curtis Thompson as caller.

Mr. and Mrs. Mike Dow serve as vice presidents of the club, with Mr. and Mrs. Smokey Rigdon as secretaries. Mr. and Mrs. Leon Stockton have the posts of treasurer and reporter. The club's current membership includes 42 couples. More information may be obtained by calling any club officer.

Spectators are welcome at the street dance, and club members will be present to describe the club's activities. Out-of-town clubs have been invited to attend the dance.

Resolution Read By Rebekahs

Mrs. Homer Petty read a resolution of sympathy in memory of R. B. Hughes, when John A. Kee Rebekah lodge no. 153 met Tuesday evening at the IOOF Hall. The 14 members present reported 28 visits to the sick. Mrs. W. E. Rayburn presided, and the Rev. Elra Phillips discussed scripture passages.

Nuptial Ceremony Is Performed At Home Of Bride's Parents

Wedding vows were exchanged by Miss Gerry Lee Simpkins and William Frank Marino at 7 p.m., Friday in the home of the bridegroom's parents, Mr. and Mrs. John Marino, Gail Route. The bride is the daughter of Mr. and Mrs. G. L. Simpkins, 925 W. 39th, Odessa.

Marino graduated from Big Spring High School and is employed by Fiberglass Systems, Inc. The bride is a graduate of Odessa High School. The couple will reside at 1701½ Main.

The Rev. Carroll C. Kohl, pastor of St. Paul Lutheran Church, performed the ceremony as the couple stood at an archway of green ivy with wedding bells suspended from the center top.

The bride's gown was fashioned empire style in white bridal satin with white lace accenting the neckline and long sleeves, and extending down the front of her A-line skirt. Her elbow-length veil was held with a band of white roses and leaves, and she carried a bouquet of white roses tied with light blue ribbons.

Mrs. Edgar Jennings of Odessa was matron of honor. She wore a street-length dress of light blue with a fringed collar and hemline. The dress featured long sleeves and an A-line skirt, and was accented with a scarf at the neck.

Edgar Jennings of Odessa was best man.

A reception honored the couple in the Marino home following the ceremony. The serving table was laid with a light blue cloth and overlaid with white lace. A tiered cake centered the table. Mrs. David Laning of Cathedral City, Calif., sister of the bridegroom, served refreshments.

Guests from out-of-town included Mrs. Edgar Jennings of Odessa and the bride's parents.

Scarf Story

Newly important accessory is the scarf. Tiny ones, knotted at the neckline, can be very sporty. Huge squares and fur scarves are dressy additions.

SUEDE'S supple strength gives distinction and elegance to this knee-length coat.

Combine Soup

Combine cream of mushroom soup with a can of drained peas and a can of drained onions for an unusual vegetable dish. Season with paprika and sprinkle bread crumbs over the top.

BRIGHT BOLERO sets off a black-skirted dress with black and white print top.

NCO WIVES TO HOST SOCIAL

The NCO Wives Club of Webb Air Force Base invites all wives of NCO Club members to attend a social hour Tuesday at 7:30 p.m. in the club on base. During a board meeting last week, Mrs. Joseph Miller, president of NCO Wives, announced upcoming events and stressed that all eligible women at Webb AFB are urged to enjoy the benefits of membership in the club.

Miss Ballard Wed To Vernon Lee White

Miss Lawanda Lynn Ballard, daughter of Mr. and Mrs. Bob Ballard, 4117 Parkway, was married Saturday evening to Vernon Lee White, son of Mr. and Mrs. Roland White, 701 E. 15th.

(Curley's Studio)

MRS. VERNON LEE WHITE

The Rev. Billy Rudd, pastor of Tarzan Baptist Church performed the rites in the home of Mr. and Mrs. Doyle Hale, Rt. 1, Stanton, uncle and aunt of the bride. The setting included an archway decorated with greenery and white doves. On either side were wrought-iron candelabra and cherub pedestals holding baskets of white flowers.

The bride's princess-line wedding gown was of white taffeta overlaid with net and styled with stand-up collar and long chiffon sleeves with wide cuffs. Rows of lace, sprinkled with seed pearls, extended down the front of the gown and back fullness swept into a chapel train. A chiffon and lace bow trimmed with pearls held her shoulder-length veil of illusion, and she carried a bouquet of white daisies and white and aqua carnations.

ATTENDANTS

Miss Debi Ballard, sister of the bride, was maid of honor, and bridesmaids were Miss Kim Casey, Miss Diana Gonzales and Miss Firm Norwood. They were identically attired in formal gowns of aqua satin trimmed with velvet ribbon and fashioned with stand-up collar and long sleeves. Miss Ballard carried a nosegay of white and aqua carnations, and the other attendants carried single long-stemmed white carnations.

Sgt. Bobby Brewer, brother-in-law of the bridegroom, served as best man, and groomsmen were David Stroud, Rodney Hale and Gary Hale, all of Stanton. Brent Hamilton of Midland was junior groomsman, and Shane Clanton of Big Spring was ring bearer. Jerry Kontos and Mark Kontos, both of Abilene, lighted the altar tapers. Ann Stroud, the flower girl, wore a long dress similar to the other attendants'.

The reception was held in the home, immediately after the ceremony, with refreshments served by Mrs. Larry Henderson and Mrs. Monroe Casey, both of Big Spring. The guest registry was laid with white lace over aqua satin and accented with equa flowers in a milk glass vase. The bride's table, centered with her bouquet, was laid with a fringed white cloth and appointed with crystal and silver. Silver candelabra held aqua candles, and the wedding cake was topped with bridal figurines. Chocolate cake was served at the bridegroom's table which was covered with aqua satin and lace and appointed with silver.

DINNER

A rehearsal dinner was held Thursday evening in the Hale home for members of the wedding party.

Mr. and Mrs. White will reside at 1806 Pennsylvania. He is employed by Berkely Mobile Homes.

Fall Bride: Romantic Sophisticate

Dramatic or romantic, simple or sophisticated, this fall's bride can find the wedding dress of her dreams.

Although most gowns seen are quite traditional in style, each has its own individuality.

The princess, the dolman-sleeve, the Chinese influence, the shirtdress and the layered-look are among the many styles.

Ruffles, lace, pearl beading, passementerie and insets of tiny crystal-pleating are some of the most popular trim details.

A wide range of fabrics is to be found. Included are silk-faced peau de soie, soft jersey, faille, nylon, gabardine, silk moire taffeta and ottoman.

Veils run the gamut from long, filmy sweeps to the tiniest head-hugging caps. An attached hood completes one medieval design gown.

Historical Group Changes Meeting

The Howard County Historical Survey Committee will meet at 7:30 p.m. Tuesday in the home of Mrs. Armour Long, 60[illegible] Scurry, rather than at its regular meeting place in the county library. Mrs. Long's home was built in 1900 by the late Judge J. B. Littler. Mrs Floyd Mays, president of the commitee, said the public is invited to attend the meeting and view the architecture and furnishings of the home which are of historical interest in this area.

HAPPINESS IS a pretty party dress. Reverse pattern bodice and lacy trim makes this a charming look for little girls.

MR. AND MRS. L. M. DUFFER

Anniversary Reunion

Mr. and Mrs. L. M. Duffer will observe their 35th wedding anniversary with a family dinner and reunion today at their home on Sterling City Route.

The Duffers have four children and eight grandchildren who will be present for the occasion. The children and their spouses are Mr. and Mrs. Kenneth Ray Duffer, Sterling City Route; Mr. and Mrs. O. E. Strickland, Odessa; Mr. and Mrs. Lester Duffer, Midway Road; and Sgt. and Mrs. Dale Dittrich, Leesville, La.

Mrs. Duffer is the former Sybil Holt, daughter of Mrs Inez Holt of Colorado city and the late Mr. Holt. Duffer is the son of the late Mr. and Mrs. John Duffer of Colorado City.

Mr. and Mrs. Duffer were married Sept. 10, 1936 in Roscoe and shortly moved to McCamey where he was engaged in farming. In the fall of 1943 Duffer began working for his present employer, Shell Pipeline Company, and moved to Forsan. He works in the station maintenance section. The couple moved to their present home in 1965.

Mrs. Duffer is a member of Elbow Home Demonstration Club and enjoys working on arts and crafts projects during her leisure time. The couple attends Marcy Street Church of Christ.

Other guests for the dinner will include Mrs. Duffer's mother and brothers and sisters of the honored couple.

Fakes Whoop It Up: A Howling Success

New howling success on the fashion scene appears to be a complete zoo — and there's not a roaring species in the group.

Fake fur fashions are now found in every kind of coat and jacket fashion. Almost every kind of "real" animal is represented — and a number of delightfully imaginative ones as well.

Designs range from cropped-at-the-waist jackets to fingertip length toppers to street length styles — and right to the ankles in swirls of glamorous fluff.

The fake fur seems to be here to stay, to be worn from dusk to dawn — by every member of the family.

What's Back? The Chemise

It's been missed and now it's back. The chemise. This easy, beloved silhouette shows up in daytime wear as well as in evening wardrobes.

Seen almost everywhere, it can be a very full tent or with light body shaping.

One version is front-zipped, has stitched detail at the hem, collar and cuffs and is worn over a turtleneck sweater.

Another is a combination of a smock and a chemise with attached ribby turtleneck and cuffs.

A raglan-sleeved model has slit pockets and a full face-framing cowl neckline.

The military effect is represented with very sporty epaulettes and pocket tabs.

One very full smock chemise has sleeves that fall from a dropped shoulder. Final detail: two lowset patch pockets.

ENCHANTING encounter — dramatic abstract prints and timely details. This striking culotte gown is in nylon with dolman sleeves.

'Naturally' Elegant In Jewels

There's a break-away from gimmicks. Natural jewelry is the accessorizing basic.

Diamonds contribute with pendant designs to swing from bared backs. They may also convert to a necklace, bracelet and brooch.

The beauty of cultured pearls — in many lengths, many strands — returns as a classic. Chokers, bibs and matinee length pearl necklaces in multi-strands of cream, grey and golden shades show refined elegance.

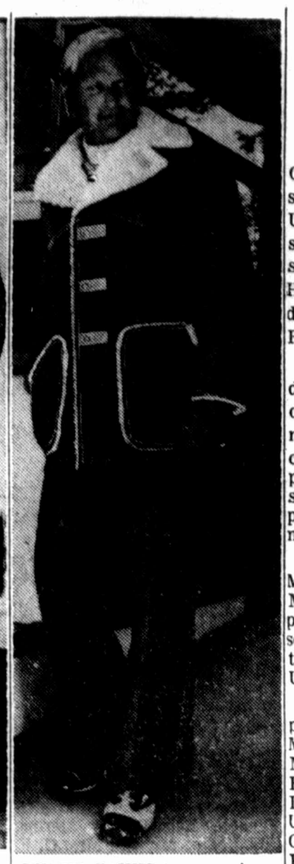

Pewter jewelry reflects a pure involvement in past, present and future fashion.

Superfine Sugar

If you need superfine sugar in a hurry, regular sugar refined in your blender will do the trick.

LAYERED LOOK: A glen plaid sport coat tops a V-neck argyle sweater over a shirt in another plaid. Grey flannel slacks have cuffs and pleats.

DENIM TAKES to snow in a fingertip coat of blue brushed cotton denim with white plushy lining, lapels and pocket outlines.

The Gentleman Takes Charge

For the sort of man who likes good looking tweeds, beefy plaids and elegant tailored clothing, fall '72 could be the perfect season.

The "look of the gentleman" is, perhaps, the main theme of this fall's clothing. The tailored look is dressier, easy on the eyes and to the touch.

Fashion is in a mellow mood this year. There are more new fashion ideas around than ever, and they have been translated into very wearable clothes, according to the Men's Fashion Association.

Soft fabrics and neater patterns could be the big news in suits. The focus is on flannels, but not a reprise of the man-in-the-grey-flannel-suit of the fifties.

Today's flannels range from pure wool to polyester blends to knits, and they are styled with shaped jackets, wide lapels and deeper vents.

Plaids may be elected as the most popular pattern of the year. They run the gamut from quiet, muted designs to bold horseblanket plaids.

Colors are limitless, going from the ubiquitous brown and blue to bottle green as the popular choices.

Knits, having made their impact on today's male, continue strong for men who want to combine function and fashion.

The newest knits, often in a polyester blend, wear like a stretch fabric, but have the look of a woven cloth. Classic woven patterns are now available in knit — glen plaids, checks, tweeds and stripes.

Suit models are holding the fashion line. The main-stream model continues to be two-button, with wide lapels, center vent and varying degrees of shape. For the fashion savant — more interest in side vents.

For weekend wear, sportcoats are tops. Rugged and casual, they come up with a handsome, masculine look.

Popular patterns include glen plaids, tartans and argyles. For a sporty — but elegant — look, there are sportcoats with soft leather trim at the shoulders, elbows and buttons.

Corduroy continues to be a favorite of sportcoat - wearing men, while velvet is fast becoming popular with men who want a dressier casual look.

The fashion sophisticated man will be wearing the layered-look under his suits and sportcoats. Putting a sweater vest over a long sleeved shirt; combining a tank top and shirt are all ways to achieve this look.

Checkmates: Howard Wolf's completely relaxed ensemble. Checked, wide-leg pants with solid sleeveless shirt and jacket, lined with matching checks — a winning combination in woven polyester. Navy; 6-16.

Zack's

Sleeves Make News

Top drawer news this season could be the sleeve. It's been many a season since sleeve treatment has been given such a fashion play.

The dolman, roomy but cut with non-bulky lines, is seen on coats, dresses, sweaters for night and day.

The raglan is soft and interesting — sometimes just an extension of the shoulder line — as in the capped effect in jumpers and vests.

At other times it's full-length, narrowing to the wrist The epaulette frequently rides high on the raglan sleeve.

The sleeve-on-sleeve effect is often seen with coat sleeves rolled up, then worn over a sweater or a turtleneck top.

Capelets can be found on coats, and in lesser numbers, on dresses.

ENGAGED — Mr. and Mrs. Ralph A. Halfmann, St. Lawrence Route, Garden City, announce the engagement of their daughter, Sandra, to Jerry L. Thames, son of Mrs. Fred M. Thames of San Angelo and the late Mr. Thames. The couple plans to marry Dec. 2 in the St. Lawrence Catholic Church.

Agent Outlines Changes In Extension Programs

Miss Sherry Mullin, Howard County extension agent, outlined some changes in the A&M University extension service since its beginning in 1914, when she was guest speaker for City Home Demonstration Club Friday in the Pioneer Gas Flame Room.

Miss Mullin said home demonstration clubs were first organized to teach rural women more effective methods of canning. They gradually progressed to their present status of providing educational programs on all phases of homemaking and civic concerns.

New officers introduced were Mrs. M. F. Hodnett, president; Mrs. M. E. Anderson, vice president; Mrs. W. N. Norred, secretary; Mrs. Clyde Cantrell, treasurer; and Mrs. Alton Underwood, council delegate.

Committee chairmen appointed by Mrs. Hodnett were Mrs. Ross Callihan, clothing; Mrs. Marvin Sewell, foods; Mrs. Fay Newman, crafts; Mrs. D. D. Johnston, exhibits; Mrs. Underwood, safety; Mrs. J. P. Gordon, citizenship; Mrs. W. J. Priebe, recreation; Mrs. Carl Gum, health; Mrs. W. E. Wozencraft, family life; and Mrs. C. G. Miller, yearbook.

Members will attend the Sewing Fair in Lubbock Friday. The women agreed to continue several philanthropic projects from last year, including entertaining residents at Big Spring Nursing Inn and the "buck-of-the-month" club at Big Spring Statae Hospital.

Mrs. Newman was hostesss, and Mrs. Priebe won the attendance prize. The next meeting is at 2 p.m., Sept. 22 in the home of Mrs. M. E. Anderson, 614 Dallas.

Useful Tubes

Save those plastic tubes new toothbrushes come in. Use them for storing crochet hooks and needles.

UTU Auxiliary Has Luncheon

Mrs. C. G. Barnett presided at Friday's noon meeting of the Ladies Auxiliary to United Transportation Union in the IOOF Hall.

The charter was draped in memory of the late Mrs. T. A. Underhill.

During the business session, Mrs. Jack Smith was named legislative representative, with Mrs. B. N. Ralph serving as alternate.

Mrs. Ralph and Mrs. J. H. Eastham served as hostesses for the luncheon which was served at a table covered with a white lace cloth. Husbands of six of the members were guests.

BIG SPRING HERALD

SEC. D BIG SPRING, TEXAS, SUNDAY, SEPTEMBER 10, 1972 SEC. D

Need Hot Weather In WT To Mature Some Cotton

COLLEGE STATION, Tex. (AP) — Texas farm activity was highlighted last week with widespread harvesting operations and land preparation, Dr. John E. Hutchison, director of the Texas Agricultural Extension Service, said.

The cotton harvest is in full swing in Central and North Central Texas with yields ranging widely due to varied moisture conditions during the growing season, he said. Cotton made good progress in the Rolling Plains and in Far West Texas where recent rains have boosted the crop.

FALL GARDENS

Land preparation for small grains is active in many counties, he said. Fall gardens are being planted in East Texas with many fall vegetable crops up and making good progress in much of South Texas and the San Antonio winter garden area.

The state's livestock picture remained stable, but grazing is short in North Central Texas and some supplemental feeding is underway. Herds also are being thinned in that area. Stock water is low in some sections, he said, and screwworms and ear ticks continue to plague cattle and are especially heavy in South Texas and in the coastal plains.

District agriculture agents gave these reports:

South Plains: There is some regrowth in late-planted cotton due to wet weather, which has also hampered weed control and increased Verticillium wilt. Excellent grain sorghum yields are in prospect. Carrots and peppers are being harvested.

Rolling Plains: Good rains fell over a part of the area with most counties reporting adequate moisture. Cotton is fruiting good but bollworm and boll weevil damage continues. The grain sorghum harvest has started and some small grain acreage has been planted.

Far West: Hot weather is needed to mature some cotton. Livestock are in good condition and fall sheep shearing is in full swing. The cantaloupe harvest is complete in the Pecos area. Wet weather has slowed some crop harvesting and dove hunting.

West Central: Recent rains have brought an increase of boll weevils in cotton. Damage is heavy in most counties. Peanut and pecan prospects are good. Harvesting of grain sorghum is active. Land preparation is underway for small grains.

South Central: The corn and grain sorghum harvests are moving toward completion. The cotton harvest is at the 80 per cent mark. Grain sorghum yields are generally up this year. The peanut crop is making good progress. Pecans are shedding heavily due to insect and disease damage.

HARVESTING

Southwest: Harvesting of corn, grain sorghum and cotton is about complete. Yields have been generally good and above average in some locations. Land preparation is active for small grains and winter vegetables with some planting in progress.

South: More than 260,000 bales of cotton have been harvested in the Rio Grande Valley. Harvesting is still active over the area with yields in the Coastal Bend ranging from zero to a bale and a half per acre. Hot, windy weather has dried pastures and soil moisture is short in many counties. Screwworm and ear tick infestations in cattle remain heavy with the Texas fever tick being reported in one location.

Weather Woes

Your Good Health

Dr. G. C. Thosteson

Dear Dr. Thosteson: Please define, if possible, a condition I have read about and confirms what I have experienced, that there are people who are affected by climate, which creates both physical and mental changes due to humidity, falling of the barometer, etc., very often putting people in a depressed and anxious state, often feeling bloated and ungainly.

I have asked doctors over many years to clarify this condition and explain or help with medication, but they knew not of what I spoke.

I am still plagued by it. People ask me why my eyes are almost closed on a sunny day, and if I told them it would rain the next several days it would be almost funny to them, so I bear and grin.

I lost the article about it, but it did not refer to treatment, but the condition was a fact. Do you know of this condition? Are doctors becoming aware of it? Can anything be done? — C.A.S.

A most interesting question, but a most baffling one. Are doctors "becoming aware of it?" They've been aware of it for many years, but explaining it, or knowing what to do about it, is something else.

Just trying to find out something about it, I once dug an eight-volume set of books out of the library, recounting a lifetime of work at one of the big university medical centers.

It boiled down to this: there is endless and intriguing evidence that various things happen to some people because of the weather, but only slight evidence that explains why. Temperature, barometric pressure, humidity, dryness, positive or negative ionization of the atmosphere, dust in the air or imperceptible particles that cause allergies — these and quite probably other things not yet recognized can have enigmatic effects.

One of the problems is to find any common ground. Some folks are not noticeably affected (except perhaps in emotional attitudes) by even violent weather changes.

Others are sensitive to factors that we well recognize: sunlight, cold, excessive heat, humidity. There are people who have to be cautious about all of these. Some with arthritis can "feel it in their bones" when the weather is about to change — presumably because of changes in pressure, although this is no more than a supposition.

Yet what bothers one person may not bother another at all. If only everybody, or even most people, would react the same way, it probably would be easy to figure out the reasons. If we had the reasons, no doubt somebody could evolve some treatments.

If only we could find some common denominators . . .

Wishful thinking, I suppose.

* * *

Dear Dr. Thosteson: My daughter is emotionally disturbed. Recently, added to her many problems, her eyes have been rolling up in her head.

Can you give me any advice on what to do for her? One doctor gave her tranquilizers, and others have no suggestions. — Mrs. E. S.

This can be a sign of a mild convulsive seizure. The girl should be examined by a neurologist, with the tests including an electroencephalogram. The results should give you a more solid idea of what can be done for her.

* * *

How to get rid of leg cramps and foot pains? The answer may be simple. Write to Dr. Thosteson in care of the Big Spring Herald for a copy of the booklet, "How To Stop Leg Cramps and Foot Pains," enclosing a long, self-addressed (use zip code), stamped envelope and 25 cents in coin to cover cost of printing and handling.

Just Not His Time To Go

CINCINNATI, Ohio (AP) — Police said a 3-year-old boy tumbled from a moving car on a busy interstate highway, bounced to a stop, got up and walked across two lanes of traffic and escaped with only minor cuts and bruises.

Young Raymond Wagenknecht, of West Chester, Ohio, was riding in a car driven by Patricia Stradlmen, 22, of West Chester, when the mishap occurred on Interstate 75.

Miss Stradlmen said the car was traveling about 60 miles per hour when young Wagenknecht opened the rear door and fell out.

Witnesses said the boy bounced and rolled nearly 150 feet, but rose and walked across two lanes of traffic to the median strip.

Three drivers stopped to help, and the car of one of them was hit from behind by a fourth car. No one was seriously injured.

Under Starry Skies

At this time of year the starry skies, so distant and so clear are of romantic interest.

So distant and so clear. Only half of that supposition is true, and the muscle of astronautical science has hurled into orbit 460 miles above the earth's atmosphere a giant, telescope-laden satellite to get an unobstructed view of the distant stars.

A magnificent achievement after several failures and one that the boy and girl in the fifth and sixth grade can thrill to as well as their parents do.

For who has not wished that somehow clouds and invisible atmosphere that make stars blink could be removed for a "real look" at the great, mysterious Out There?

Now for the next five or six years this giant satellite with six telescopes popped into orbit from Cape Kennedy will study the life story of stars and perhaps write a definitive giography about how they were born and how they grew.

Developed at Princeton, the largest telescope will examine ultra-violet light in young, hot stars only a few million years old. Ultra-violet light, much in evidence in the early life of stars, may be a clue to bigger matters.

Scientists say, as they always do in any big advance, that the knowledge gained may lend a clue to the origin of the universe. As casual "laymen scientists" who follow the Apollo flights know, there are many zigs and zags and hedges and "new thoughts" that intrude in the course of stellar exploration.

Be that as it may, the bits and pieces of knowledge about such things as the probable sources of the mysterious X-rays from outer space trickle in over the next few years, will make interesting reading and speculation, and cause many a youngster to turn to science for his life's work. They even may unlock secrets that will affect our lives.

Worm May Be Turning

Apparently Algeria has had enough. It is about to slam its open-door to revolutionaries.

Since announcing it would grant asylum to all revolutionaries everywhere, Algeria has found itself host to increasingly unwelcome guests. Eldridge Cleaver and his Black Panthers have made Algiers their headquarters, and Algerian authorities who first welcomed them are now having serious second thoughts.

The last couple of hijack trips to Algeria have not ended happily for the hijackers. Algeria seized the money and returned it to the ransom-payers. This past week, it paid back the $1 million seized by a Detroit band which claimed Black Panther allegiance. And there is reason to suspect the Algerian policy of no punishment and no return of hijackers may soon end; the latest group is not believed to have been given official sanctuary.

Perhaps Algeria is learning a hard lesson, that those who are troublemakers and violent oppositionists in one nation cannot safely be harbored in unlimited numbers by another, particularly a relatively small state. It may be afraid, and justly so, that it is storing up problems for itself by its no-holds-barred asylum policy.

My Answer

BILLY GRAHAM

I have an 18-year-old daughter who resents any kind of authority. Demerits from school authorities mean nothing to her, she studies very little and goes to classes unprepared — still she refuses to quit school. Recently she said to me, her mother, "I can't stand to look at you. I hate you." Can you explain why a loving, concerned mother, should be the target of such contempt? A.M.

For some reason or other the younger generation invariably show disrespect for the older. I recall that as a youth I thought my parents were pretty "dumb." There seems to be something about the process of learning which goes to the head, and makes people arrogant. But, today, I consider my mother the wisest of women.

As we mature, we find out how little we know compared to the vast storehouse of knowledge in the world — we mellow and become more humble.

But, there is another factor at work within the young as well as the older, and that is the inherent sinful stubbornness and natural arrogance of human nature. The Bible says we are all sinners by nature, and there is ample evidence of that everywhere. It is much easier to be resentful than loving; much easier to be arrogant than humble, and much easier to do wrong than right. The Bible says about the nature of man: "There is none righteous, no not one: there is none that understandeth, there is none that seeketh God. They are all gone out of the way, they are together become unprofitable; there is none that doeth good, no, not one." (Romans 3:10-12.) This is in contradiction to the modern philosophy that men are good by nature. It was our sin which brought Christ to the cross.

Too Heavy Burden

Marquis Childs

WASHINGTON — Federal Judge Charles Richey of the District of Columbia court is carrying a burden that puts him under the heaviest responsibility. He is the judge who will hear both the civil and criminal cases growing out of the bugging of Democratic National Headquarters, an unprecedented exercise in political espionage long since outgrown the sniggering designation of caper.

THE IMMEDIATE challenge is whether one or both cases will be heard prior to the election on Nov. 7. Judge Richey must thread his way through a tangle of legalisms if postponement is not to follow postponement with the suspicion that the power of the judiciary is being used to keep back facts that might harm the Nixon-Agnew ticket.

The five men arrested with all the tools of espionage in Democratic headquarters at the Watergate on June 14 have not yet been indicted. The trail leads through a murky underground to individuals who had connections with the Committee to Re-elect the President. Into the Miami bank account of one of the five, Bernard Barker, two large deposits supposedly intended for the committee — one $25,000 and another $89,000 — have been traced. Why? No one has come up with the answers.

EDWARD BENNETT Williams, attorney for Lawrence O'Brien, Democratic Chairman at the time of the breakin, has been taking depositions in O'Brien's suit for $1 million against the Nixon campaign committee. Judge Richey on his own initiative ordered the deposition sealed. His reason was that disclosure might prejudice the chances for a fair trial for the five.

Yet taking the depositions in a law office and not under the jurisdiction to a trial judge is inhibiting. The witnesses are not liable to discipline for circumventing the questions or for refusing to testify at all.

THAT A BURDEN of this magnitude should be put on Judge Richey says a lot about the method of selecting federal judges and the way that a particular case falls to the lot of a particular judge. Granted that he may have the wisdom of a Solomon and the virtues of an Aristides the Just, his origins have a bearing on the heavy responsibility he has assumed.

He was appointed to the federal bench on May 19, 1971. Prior to that he had been general counsel to the Public Service Commission in Maryland. Spiro Agnew, as governor, had named him to that post and he had continued to serve under Gov. Marvin Mandel. In Maryland he has been known as "Spiro's Man."

WHEN THE espionage case came before the federal courts one judge, William B. Jones, disqualified himself. He did so because he had been a Democrat and was appointed in 1962 by a Democratic president. It has apparently been a fairly common practice when highly controversial cases are involved for a Republican-appointed judge to disqualify himself when a prominent Republican in a political case comes before the court and vice versa for a Democratic-appointed judge.

BUT SURELY in this instance the circumstances cry out for not only a special prosecutor but a special tribunal to hear the whole case without fear or favor. Why not a thorough Senate investigation by the Judiciary Subcommittee of which Sen. Edward M. Kennedy is chairman?

Pressure From Food, Prices

NEW YORK (AP) — The terrorist massacre at the Olympic Games sent ripples through American business this past week.

The shooting of members of the Israeli Olympic team at a West German airport came as delegates from 17 nations were working at a meeting in Washington, sponsored by the International Civil Aviation Organization, on drafts of a treaty designed to combat airplane hijackings.

Early in the meeting a draft prepared by the United States and Canada drew the opposition of France and Great Britain, who were supported by the Soviet Union and Egypt.

STIFF REQUIREMENTS

It would have signatory nations to halt collectively all commercial air service to any country that did not punish or extradite hijackers, or did not promptly release passengers, crews and planes.

Food prices and taxes also were in the news.

In reporting that wholesale prices rose faster in the first year of price controls than in the previous year, the Bureau of Labor Statistics blamed the higher rate on "an acceleration of prices of raw and processed agricultural prices."

Raw farm products are exempt from price controls.

The wholesale price index, which also includes industrial raw materials and manufactured goods, gained two-tenths of one per cent in August, making the past year's increase 4.4 per cent. "This compares with a rise of 4 per cent in the preceding 12 months period," the Bureau said.

NIX BREAD HIKE

The August increase amounted to six-tenths of one per cent on a seasonally adjusted basis, as farm products usually drop sharply in that month.

The cost of Living Council turned down a request by the nation's bakers for an increase in the price of bread.

The request had come from the American Bakers Association, which asked for a general increase on the ground that recent sales of wheat to the Soviet Union had touched off higher costs for flour.

Donald Rumsfled, director of the Cost of Living Council, disclosed he had sent telegrams to the largest food retailers in the nation, telling them retail beef prices still were too high. He said he had ordered the Internal Revenue Services to monitor about 100 of the major food chains.

PLANT RISE SLOW

A Commerce Department survey showed plant and equipment expenditure in the secoind quarter rose only 0.4 per cent to an adjusted annual rate of $87.12 billion, compared with 86.79 billion in the first quarter. A June survey by the department indicated that businesses planned to increase ment spending are expected to the second quarter.

For all of 1972, the new survey said, plant and equipment spending are expected toi advance 9.7 per cent, or $7.89 billion, to a total of $89.1 billion. In May a projection indicated an increase of 10.3 per cent, or $8.41 billion. The 1971 increase was 1.9 per cent.

The Week's Business

- Olympic massacre puts damper on skyjack negotiations
- Wholesale prices advance faster under first year of control
- Prices of uncontrolled raw and agricultural blamed
- Price council turns down baker request for bread price hike
- Plant expenditures hardly living up to expectations

Retarded? Didn't Feel That Way, So He Made Straight A

LOUISVILLE, Ky. (AP) — Twelve years ago when Harold Howard was told he was retarded, he did a pretty smart thing: he refused to believe it.

"I said, 'Gosh, I don't feel retarded,' she recalled Friday. "I felt like one of those cartoons —I'm running out in space and as long as I don't look down I don't know I'll fall."

Today Howard is carrying a 4.0 — straight A — grade average in the University of Louisville graduate school and is earning $9,000 a year as project director for the Youth Service Bureau here, an agency that seeks to keep youngsters out of jail.

It was while Howard was in the Kentucky State Reformatory at LaGrange that an IQ test turned up a score of 69, indicating he was seriously retarded.

LATE START

When he went to see about getting some education he was told he wasn't too bright. At the age of 15, he started third grade. In weeks, he had finished the eighth grade, and then some time later he finished high school. With scholarships from the state Bureau of Vocational Rehabilitation, he finished four years of college at Kentucky State with a degree in sociology.

"What is proves to me is we need to stop categorizing people," he said. "These people made a mistake. If they did it to me, how many other young blacks have they done the same thing to?"

Since he finished college, Howard, now 28, has undergone some changes.

He dropped out of the University of Kentucky graduate school, to which he had a full scholarship, saying the school was "racist" and in January of this year returned to Louisville.

BOOKED IN HOLDUP

He said he had promised himself he'd never come back here, because this was where he had committed a crime. Howard had been given a life sentence for armed robbery following a holdup at a liquor store in which the owner was shot. In 1970, he received a pardon from then Gov. Louie B. Nunn, after serving seven years.

Howard devotes much of his time to youth and to speaking engagements.

Races Produce Sore Winners

VIRGINIA CITY, Nev. (AP) — Betting is legal in this state, but it's really a gamble to try to pick a winner in the 12th annual camel races under way here.

Six dromedary — one-humped camels are jostling contestants around a race course.

The seven races staged Friday produced sore winners as well as sore losers.

Holding the lead going into today's second round of competition was rookie Galynn Flinn of Reno, Nev., who had captured three races and earned 15 points to lead the caravan.

Boat Theft Ring Charges For 17

DALLAS (AP) — The federal grand jury indicted 17 persons at weekend on allegations they took part in a boat theft ring operating in five states.

Eight of the 17 also were indicted on claims they conspired to transport fraudulent securities—money orders—in interstate commerce.

The indictments list 11 boats as having been stolen in Dallas, Arkansas, Georgia, Alabama and Louisiana.

Mike Spitz . . . Oooh!

Around The Rim

Walt Finley

My favorite fan letter of the week was from a Colorado City woman, who wrote:

"I enjoy your column very much even when it doesn't have anything in it."

* * *

Mike Spitz a dentist? How can he expect-to-rate?

* * *

In the course of a conversation the other day, good ol' Bill Factor asked: **"ISN'T THERE** ever going to be a stopping place for rising taxes?"

It was more an expression of futility than anything else, but he struck a nerve and I exploded:

"No there isn't! Taxes aren't going to stop going up until the people get aroused and demand economy in government.

"And I don't mean just you and me. I mean everyone — or at least enough of us to win an election. And by 'demand' I don't mean just grousing among ourselves.

"I mean we've got to make our wants known to the candidates and make it clear we will kick them out of office if they don't cut the terrific waste now going on in national, county and city government.

"Frankly, I don't think the people will ever do it."

* * *

EX-ALPINE COWBOY Jay Sanders busy rounding up type after a brief trip to Arizona, says:

"A cocktail party is a place where alcohol removes the polish from the furniture and people."

I didn't know that!

MR. JP, one of my leadcrs, reports a dispatcher at the local police station shouted over the air waves "there's a bomb in the house."

Silence. Then a policeman in a low, calm voice replied:

"I'll go out there — but I won't go in the house."

* * *

MY GRANDMOTHER, "Mama" Ladd, reached her 98th birthday Aug. 30. While helping her celebrate Sept. 1-2-3, she offered me this bit of advice:

"Work eight hours, sleep eight hours, but don't do it in the same eight hours."

* * *

BASEBALL BUFF "Red" Thomas reveals seeing a sign in a service station:

"We got so many complaints about our free service that we're not giving it any more."

* * *

A short item especially for Mr. PP, a "Golden Rule" member:

A reporter who recently interviewed an official of the Optimist Club was surprised to learn that the man was a funeral director.

Later in the office he commented on it and an elderly member of the staff told him:

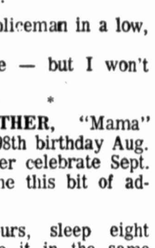

"No one has a better right to be an optimist than a funeral director."

* * *

I THINK IT was Pat, the publisher's daughter, who asked:

"What did the Godfather say to introduce himself to the folks next door? 'I'm your neighbor hood.' "

Candidate's Wife

Art Buchwald

(Mr. Buchwald was so exhausted from the excitement of the Republican National Convention that the doctor advised him to take a rest. He has left behind some of his doctor's all-time favorites.)

WASHINGTON — It is regrettable that when the wife of a candidate for public office is interviewed, she can't say what is really on her mind. In order to be a good candidate's wife, she must show a stiff upper lip and stick with the standard cliches about her husband, her home and her children.

Now, for the first time, thanks to a new extrasensory perception process, I can reveal what really is going on in the mind of the wife of the candidate. Her thoughts are in parentheses:

"MRS. GOODFELLOW, what is the most important role a wife must play in her husband's political career?"

"She must give him moral support when he is discouraged. She must be his ears and eyes when he isn't around, and she must be able to help him relax at the end of a hard day's campaigning."

(As well as keep him off the bottle and away from all the skirts who think he's God's gift to women.)

"YOU HAVE four children. Do you find they miss their father when he is out making speeches all the time?"

"I imagine they do. But Charlton is a wonderful parent, and he always makes time for the children.

(Would you believe he hasn't seen them since the Fourth of July?)

"DO YOU GET upset at the terrible things that are said about your husband during the campaign?"

"Oh, no. One must understand that politics is a rough business, and I'm used to it."

(But if I ever see the wife of Charlton's opponent, I'll scratch her eyes out.)

"MRS. GOODFELLOW, do you find it tiring to be constantly in the limelight and always on your best behavior?"

"I love it. When we first got married, Charlton indicated he wanted to go into politics and I knew that although it would place me in the spotlight, our lives would be exciting, thrilling and rewarding. I wouldn't change my life for anything.

(Except to be married to a plumber or somebody else with a respectable job.)

"How do you manage to keep so beautifully dressed all the time?"

"I make do on Charlton's salary. You just have to know where the bargains are."

R.I.P. Skyjack Pact

William F. Buckley Jr.

The Soviet Union — get this — doesn't want to sign the proposed arrangement to curb skyjacking because it hasn't come in through the machinery of the United Nations, and the Soviet Union believes that it would set a dangerous precedent for countries or groups of countries to come together to impose sanctions under ad hoc circumstances. So, wearily, the 17-nation group convened to discuss means of dealing with skyjacking plods along and, meanwhile, nothing happens. That was the complaint of the pilots who, last June 19, stopped flying for 24 hours, to the consternation of the entire world.

IF IT HAD been only the Soviet Union, we'd all have been entitled to feel simply: there we go again. The Soviet Union, through the exercise of the veto power, has made the Security Council an all but totally useless instrument. It has made lawlessness into high art, and objects to skyjackers for the single reason that occasionally a skyjacker picks on a Soviet airship to spirit away. Concerning the loss of property, the Russian Communists are altogether bourgeois.

BUT THERE were objections, though they were not voiced so strongly, also from Great Britain and from France and from Egypt. They too made the legal argument — that it would be cumbersome to set up an entirely new international organization to mete out sanctions against countries that failed to punish or extradite hijackers. But they confessed, privately, that their objection to a redundant new organization was not the cause of everything that bugged them. Mostly they were worried about specific problems. Great Britain, with its considerable ties to the Middle East, is afraid that she will work herself into a position of having to embargo air service to the countries in that part of the world. That would not only greatly inconvenience British businessmen, it would throw a lot of air business into the hands of other airlines that refused to go along. France has the special problem of Algeria, the favorite destination of skyjackers, Cuba having roughed up a few in recent months. And France fears that to offend Algeria by refusing to fly into Algeria could have an undesirable diplomatic result. Egypt, of course, fears the necessity of having to boycott a brother country engaged in ideological piracy — so, the proposed covenant is dead.

(Copyright, 1972, The Washington Star, Inc.)

A Devotion For Today . .

Thy kingdom come, thy will be done, on earth as it is in heaven. (Matthew 6:10.)

PRAYER: We thank you, Father, that your will for us is love. We confess that we often are unloving. We ask for forgiveness and a new heart of love. Strengthen us with your love so that your perfect will may be done in and through our lives today, in all our relationships to others. In Jesus' name, Amen.

BSHS

Elections To Be Held For Class Offices

By JOHN HICKS

Elections for class officers will be held during lunch this Tuesday on the patio. The following names will appear on the ballot. Senior nominees for president are Richard Shook and Susan Smith. Nominees for vice president are Donna McDaniels, Curtis Mullens and Sandy Williams. Running for secretary are Bonnie Anderson, Pat Cox, Martha Perry and Teresa Stewart.

Junior nominee for president are Tim Dunn, Larry Stanley, and Ivan Sursky. Nadine Teague and Orville Rau are running for vice president. Secretary candidates are Gay Arrington, Rita Burely, Khendra Harland, Duranne Priddy and Debra Williams.

Kelley Green, Greg Horton, and Doug Robison are running for sophomore president. Vice presidential nominee is Ann Caton, Secretary candidates for the sophomore class are Viena Arencibia, LeAnn Brazel, Kathy Perry, and Sonia Dowing.

Freshmen presidential hopefuls are Ray Don Box, Sidney Crow, Jodie Grant, and David Wheeler. Vice presidential nominees are Suzzan Craig, Donnie Green, Ronnie Mullins, and Roane Riley. Diane Ripkin, Mary Webb, and Cathy Williams are running for secretary of the freshman class.

All students who have not yet purchased a subscription to the Corral are reminded that this Thursday is the last day they will be on sale. Students not purchasing a subscription will not receive any of the nine magazines which will be put out by the Corral staff. A subscription can be purchased from any journalism student or in room 119 for $1.50.

Class pictures will be taken Tuesday through Thursday for all students who are either freshman, sophomore, or junior. All students should check the papers which are posted as to the specific date and time to have pictures made. All pictures will be taken in room 119, the journalism lab. Boys and men faculty should wear a shirt, tie, coat jacket, sweater, or colorful sports shirt. Girls and faculty women should wear colorful clothing. All pictures will be in color.

Tickets for the musical, "Oklahoma!" go on sale tomorrow at the Big Spring High School Choral Department. Tickets are $2.00 and $4.00 and can be purchased from any choral member or by calling BSHS Choral Department. "Oklahoma!" will be put on September 28, 29 and 30.

The student council are selling tickets for the Supremes concert on September 16 at Webb Air Force Base. The tickets cost $3.50 and can be purchased from any student council member. The student council will receive a certain percentage of the sales for their own fund.

Texas Association of Careers in Health will hold a swimming party Saturday, September 16, at Mike Thomas' house at 400 Washington. All interested members are invited to attend. Any questions concerning the club can be answered by Mrs. Mathis, sponsor.

The Vocational Office Education Department elected officers at their last meeting. lisa Gautreux was elected president. Other officers included Galynn Bledsoe, vice president; Rebecca Palmer, recording secretary; Cindy Adams, corresponding secretary; Mary Joe English, treasurer; and Kay Morehead, reporter. Beth Brown was elected as parliamentarian, Beverly Pearce as program chairman. Mrs. Vonna Jean Swim is the advisor. Club meetings will be held the first Tuesday of each month at 7:00 in room V-22.

Mascot Steer Pins and Beat-Em ribbons can be purchased from the FHA girls during lunch. Ribbons cost 10 cents and the pins cost 50 cents. Officers for this year are: Phil Fitts, president; Maridene Margolis vice president; Brenda Gerhart, second vice president; Cheri Ingram, third vice president; Carol Mize, fourth vice president, Mary Guess, fifth vice president; Janet Coffman, historian; and Cindy Cole, pianist.

FRANKLIN CARRIES FOR SHORT YARDAGE — Coahoma halfback Freddie Franklin is pulled down by several Sonora Bronco tacklers after carrying for short yardage in first half action of the Coahoma-Sonora football game Friday night. Sonora won, 21-20.

SANDS

Students Elect Class Sponsors

ACKERLY — Sands enjoyed another exciting week by electing the class sponsors. Senior sponsors are Miss Janette Rutherford and Jimmy Airhart; junior sponsor, John McRae; sophomore sponsor, Bobby Barr; freshman sponsor, Carlene Hammack; eighth grade sponsor, Dewayne Blackwell, seventh grade sponsor, Delmer Turner.

Seniors passed out birthday calenders this week. Calenders may be received by contacting any senior.

The Pep Squad is getting prepared for another football season. Candles were sold last week to help pay for new uniforms. The fillies will do routines at all home games.

Sands opened their football season at Lubbock Christian Friday night. Members of the football team are Kenneth Schuelke, Arlis Kennedy, Randy Cheatham, Keith Nichols, Elgie Bayes, Bobby Wiggington, Benny Cluck, David Nichols, Lonnie Richter, Terry Blakely, Alex Arce, Dennis Armstrong, David Zant, Victor Rodriquez, Domingo Cantu, Edward Kenemer, Stevie Bodine, Buddy Dyer, Neal Grigg, Andy Anderson, Refugio Gerda, Lynn Wiggington, Frosty Floyd, and Silbero Cantu. Coaching the Mustangs is Bob Davis with assistant coach Bobby Barr. Junior high also opened the season at Loraine.

Due to an over abundance of Sands news last wek, the following officers were left out. Freshman officers are president, Neal Grigg; vice president, Steve Bodine; secretary; Ann Nichols; student council representatives, Kay Hunt, Buddy Dyer; reporter, Lynn Hopper; Frosty Floyd, treasurer, Connie Hughes. Eighth grade officers are president, Leola Jones; vice president, Daryl Witt; secretary, Jana Grigg; reporters, Stanley Feaster, Lisa martin; student council representatives, Karen Cowart, Randy Blakely; treasurer, Cathy Mahaney. Seventh grade officers; president, Martin Nichols; vice president, Jody Kemper; secretary, Susie Brasher; treasurer, Bruce Hill; student council, Jackie McDonald, Sylvia Cantu; reporter, Susan Martin.

GOLIAD

Goliad Wins First Game

By LINDA LESTER

Last Thursday at the Memorial Stadium the Goliad Mavericks played their first game of the season with the Runnels Yearlings. Goliad won 16-0. Tommy Churchwell scored both touchdowns of the game.

A pep rally was held in the gym at 3 p.m. before the game with the cheerleaders, Lori Brown, Patti Brackett, Cathy Crow and Amy McQuien, led the yells. Pep talks were given by Tommy Churchwell and Bubba Stripling. The second game of the season will be played this Thursday in Snyder. Goliad will play Travis at 6 p.m.

Work on this year's annual has begun, with class pictures being made on Thursday and Friday of last week. Members of the annual staff include Cheryl Weaver, Denise Crenwelge, Sharon Clark, Margaret Findley, Delynda Barker, Linda Lester, Mike Burleson and Robin Hallman. The group is sponsored by Mrs. Cornelia Gary.

Mrs. Essie Person, the librarian, will give library orientation to all seventh grade English classes this Thursday and Friday.

While waiting for equipment, the woodworking classes have been studying different types of wood. The drafting classes are doing freehand drawings. Both classes are instructed by Milton Laird who is one of Goliad's new faculty members.

Goliad welcomes five new students this week. They are Susan Altman from Erie, Pa.; Randy Anderson from Coahoma; Graciela Forward from Tyler; Deborah Ann Mennella from Klamath Falls, Ore.; and Darnell Ray from Salinas, Kan.

HCJC

Enrollment Drop To Be Studied

By RODNEY HAMMACK

Dr. Thomas Salter, new college president called the decreased enrollment at HCJC a matter of "profound concern" in a recent interview. Dr. Salter expressed the opinion that the loss is due to the birth rate drop, population decrease in West Texas, and a slowing in the Vietnam conflict. He remarked that he intends to wait until after the twelfth day of classes to initiate a study on the matter.

The first issue of "el nido," the campus newspaper, was circulated to students Thursday — two weeks earlier than in previous years.

Students gathered on campus Thursday evening to view the critically acclaimed motion picture "A Man Called Horse" starring Richard Harris. The next movie booked is the suspenseful "Wait Until Dark" with Alan Arkin on Oct. 7.

Beginning the week of Nov. 20 students will get an unscheduled holiday. Classes will resume Monday, Nov. 27. Students can thank the faculty, which will attend an instructional workshop sponsored by the coordinating board, Texas College and University System.

A meeting is scheduled Sept. 14 for anyone interested in participating in the new intramural program. The meeting will be held in the front of the Student Union Building at 2 p.m. Eddie Trice, new coordinator of student activities, has described the program's purpose as "to develop a school spirit that will permeate the entire campus."

NEWS FROM THE SCHOOLS

Big Spring (Texas) Herald, Sun., Sept. 10, 1972 3-D

GARDEN CITY

Clubs Elect Officers For Upcoming Year

By DINELL HIRT

The Future Homemakers of America officers are: president, Deborah Robinson; vice president, Kay Donna Halfmann; secretary, Dinell Hirt; treasurer, Twilla Coffman; historian, Jeanie Werst; parliamentarian, Marsha Talley; song leader, Margie Glenn; and reporter, Kathy Schwartz. The FHA sponsor is Mrs. Joyce Bergstrom.

FHA freshmen initiation was Aug. 23-Aug. 31. Tuesday was Witch Day, Wednesday, Fat Lady Day; Thursday, Tramp Day; and Friday, Dress Up Day. Thursday after school there was a cookout and the final initiation. The members also collected $21 for UNICEF.

The new FHA members are: Jan Hirt, Dana Halfmann, Becky Hirt, Pam Schwartz, Dana Tilley, Denice Plagens, Anna Thompason, Brenda Schwartz, Sherry Reid, Mary Kay Hoelscher, Linda Chandler, Jacque Frerich, Peggy Smith and Robin Lewis.

Beta Club officers are: president, Twilla Coffman; vice president, Paula Halfmann; secretary, Roxanne Hirt; treasurer, Marsha Talley; and reporter, Dinell Hirt. Sponsors are Larry Bradford and Steve McIlhaney. Other members are Jeanie Werst and Joe Wooten.

The junior class had a car wash and bake sale Saturday.

Kay Donna Halfmann and Dinell Hirt are on the committee to make the FTA handbooks.

The Pep Squad officers are: president, Kathy Schwartz; vice president, Paula Halfmann; secretary, Dinell Hirt; and treasurer, Kay Hayden. Sponsor is Miss Linda Foster. The drummers are Becky Robinson, Cindy Halfmann, Sheryl Newell; and alternate, Antoinette Schraeder. Shirley Schwartz is the mascot.

WESTBROOK

Anderson New Senior Prex

WESTBROOK (SC) — Class officers have been named in the Westbrook schools.

President of the 12th grade class is Randy Anderson while David Sweatt will serve as vice president and Lee Roy Miller as secretary-treasurer. Charles Parnell is class sponsor. Anderson and Teresa Selevera will serve as 12th grade student council representatives.

Officers on other grade levels include: 11th—Tim Oden, president; Bruce Rich, vice president; Debbie Webb, secretary; and Steven Hines, treasurer. Class sponsor is Dale Byrd.

Tenth grade officers are Billy Hogue, president; Rodney Moore, vice president; Brenda Matlock, secretary; Roger Crawford, treasurer. Sponsor is Mrs. Mary Ellis.

Freshman officers include Mary Martinez, president; Steve Rollins, vice president; Pandora Moore, secretary; Rhea Nell Johnson, treasurer. Sponsors are Mrs. Anne Martin and Mrs. Judy Chitsey.

STANTON

Boosters Holds Barbecue For Football Players

By ELIZABETH FLANAGAN

The Stanton Buffalo Booster Club boosted the junior high school, B-team and varsity football players Tuesday night, Sept. 5, to a barbecue at the high school stadium. After the meal, everyone adjourned to the auditorium when each player was introduced.

Coach Phil Click of Stanton Junior High introduced his players and Coach Alvis Jackson introduced the B-team players. Each of the varsity players was introduced by a booster member who had chosen a player to personally boost this season. The booster gave a brief talk about the player as he was introduced.

Ed Lawson, Booster president, was master of ceremonies. Special guests were Jack Page and Jonathan Honea of radio station KBYG, who will be broadcasting play-by-play action of all the games.

Class elections were held this fices in the senior class were: fices in the senior class were Tommy Deavenport, president; David Chandler, vice president; Clint Creech, secretary; and Lisa Hopper, treasurer. Sponsors for the senior class are Mr. Dillard, Mr. Douglas and Mr. Smith.

Junior class officers are: Cheryl Bradshaw, president; Skeeter Straub, vice president; Jackie Jones, secretary-treasurer; and Rosalind Welch, reporter. Their sponsors are Mrs. Goodrum and Mr. Anastasio. The juniors will sell beat ribbons throughout the season to raise money.

H. A. Scheulke will preside over the sophomore class with Billy Howard serving as vice president, Ray Conner as secretary, and J. T. Springer as treasurer. This class is sponsored by Miss Bass and Coach Gregory.

The freshman class officers are Billy Pinkston, president; J. C. Tunnell, vice president; Joanna Sawyer, secretary; and Max Lopez, treasurer.

The FTA also elected officers. They are Judy Henley, president; Skeeter Straub, vice president; Lisa Hopper, secretary; and Mary Helen Gonzales, treasurer.

FFA officers for the year are: Lynn Romine, president; Jackie Rudd, vice president; David Chandler, secretary; Bradford Hull, treasurer; Clint Creech, reporter; Benton Posey, sentinel; and Mr. Nolan Parker, chapter advisor.

The band gave $25 to the Jerry Lewis Telethon for Muscular Dystrophy.

RUNNELS

Spirit Shown With Colors

By PHYLLIS HART

Thursday was Red and White Day at Runnels. Many of the students and teachers wore combinations of school colors.

At 3 o'clock Thursday afternoon, a giant pep rally was held in the gymnasium. The school band was present and played several songs. Both seventh and eighth grade cheerleaders were there and led several yells. The pep rally was held to remind the student body that the football season was only hours away, also included a speech by Coach Bob Zellars.

In Memorial Stadium Thursday evening, the Yearlings played well against Big Spring Goliad but lost, 16-0.

Physical fitness tests for the girls' PE classes have been going on all week.

Choir officers for all three school choirs, which are directed by Miss Judy Storm, have been named. For the advanced choir, the president will be Kyle Wheeler. Other officers selected were Stephanie Renshaw, vice president; Carol Arbuckle, secretary; Leisa Cook, treasurer; Cathy Valdes, librarian; Karen Thomas, assistant librarian; and Chris Burnett, reporter. Section leaders are Scott Emerson, Nora Valles, Leisa Cook and Randy Honeycutt.

In the boys' choir, Gayle Garretson will serve as president. Other officers will be Larry Lara, vice president; Bobby Huff, secretary; Casey Thompson, treasurer; and Steve Cannon, reporter. Section leaders will be Tim Duncan, Tom Purcell and Bobby Huff.

President of the girls' choir is Donna Sundy. Donna Carpenter will serve as vice president. Other officers include Debra Hayworth, secretary; Rhonda Carr, treasurer; Toni Hanson, reporter; and Robin Newsom, Patti Webb and Kathy Harrison, all section leaders.

COAHOMA

Enrollment Increases To 345 At Coahoma

By CHERYL BOHANNON

Coahoma High School increased its enrollment to 345. Among the many new faces are eight new members of the high school faculty. They are Miss Betty Frantzen, Juan Luna, Miss Deanna Morris, Miss Jo Lynn Flowers, Mrs. Sherrill Chandler, Ray Shoemate, Mike Melton and Weldon Weaver.

Leading the Bulldogs in spirit this year will be cheerleaders Sally Echols, Diana Kohanek, Mona Honea, Susie Smolko and Karen Shirley. Assistant cheerleaders Sheryl Hulme, Dietra Fowler and Debbie Fryrear will also add spirit and enthusiasm. Entertainment during half time and pep rallies will be by twirlers Jeanine Brady, Teresa Duke, Vickie Cook and Becky Snell.

The Future Homemakers of America started the school year off by having two parties. First, they sponsored a kidnap breakfast for all upcoming freshmen. Then, a hot supper was held for members and their dates. The first FHA meeting will be held Sept. 11 at 7 p.m. Officers for this year are president, Gloria Webb; first vice president, Sally Echols; second vice president, Judy Matthies; third vice president Cheryl Bohannon; secretary, Christie Rupard; treasurer, Paula Dodson; parliamentarian Lisa Bruton; historians D Dee Luce and Marsha Day. The sponsor for FHA is Mrs. Barbara Justiss.

Annuals are now on sale for $5. They must be paid in full. Class representatives are senior, Pam Baker; junior, Janey Easterling; sophomore, Connie Tucker; freshmen, Mark Tiller; eighth grade, Jimmy Refro; seventh, Alan Romans; sixth and fifth grades, Cheryl Bohannon; fourth and third grades, Nelda Ashley. Other representatives are second and first grades, Jerry Bales; and kindergarten, Dennis Mays.

Mrs. Jewel Stovall is sponsor of the annual staff.

The Coahoma Rodeo Club met and elected officers for the new year. They are Bobby Reid, president; vice president, Robbie O'Daniel; secretary, Renae Welch; treasurer, Sally Echols; and reporter, Roylyn Welch. The Rodeo Club has some members participating in the Aspermont Rodeo Sept. 15 and 16.

Magazines are being sold by the junior class. Money is to be turned into Jayne Meacham or Jimmy Refro. Sponsors are Mrs. Doris Tiller and Phil Wynn.

The Coahoma Chapter of Office Education Association of Texas met last Wednesday morning to elect the chapter officers. Serving as officers will be mark Milliken, president; Cindy Parrish, vice president; Pam Baker, secretary-treasurer; Gloria Webb, historian; Patti Lee, reporter; Steve Fraser, parliamentarian; and Benny Mansfield, sergeant at arms. Mrs. Marie Ethridge is the chapter advisor.

The chapter dues are $3. Bulldog pins are being sold to help raise money for various activities that the chapter will have throughout the year. The pins are to be sold at 35 cents each.

Husband Is Liar

Dear Abby

Abigail Van Buren

DEAR ABBY: I have been married for 10 years to a man who has told some of the most outrageous lies I've ever heard. We have an 8-year-old son.

Before we were married, John used to tell some tall tales, but I thought he was just trying to impress me. I told him I loved him for what he was, and he didn't have to make up any lies. He promised he'd stop, but I still catch him lying to me. Heaven only knows what he says when I'm not around.

Last week a friend of ours died. I wasn't able to go to the wake, so John went alone. Yesterday when I called on the family they told me they were so sorry that my husband has spent the last three weeks in the hospital being built up for surgery! I almost fell off my chair but said nothing.

When I got home I asked John why he had made up that story, and he said he was ashamed because he hadn't gotten around to visit his friend when he was sick. I told him he would have been better off not to have made any excuses. Abby, I just can't live with a man who lies, but I can't leave him because of our son. Is lying an illness and can it be cured?

JOHN'S WIFE

DEAR WIFE: Lying is an "illness" only when the liar can't distinguish facts from fiction. Your husband's lying appears to be more of a character deficiency. It's also a sign of immaturity, so perhaps if you scolded him and let him know how disappointed you were in him, he might shape up.

* * *

DEAR ABBY: How good a marriage prospect is a 45-year-old bachelor who still lives at home with his parents? He is an only child and when his parents move from one city to another, he moves with them.

I have known him for years, yet when I write to him, his mother is the one who answers my letters. She will write and say, "... says to tell you, 'blah, blah, blah,' ... and even though my letters to him have become more personal since he proposed marriage on the long-distance telephone, he shares my letters with his folks, and they keep telling me how much they all enjoy my letters!

Now I am informed (not consulted, but informed) that after our marriage, we will live with his parents. He is a sweet person, but he has let me know that I will either do things his way or else.

I am beginning to wonder what I am getting into. What do you think?

HAVING SECOND THOUGHTS

TS

DEAR HAVING: I suggest you have some third, fourth, and fifth thoughts about this. And when you get to six, sell!

* * *

DEAR ABBY: My boys club is putting on a play. Since there are no girls, some of the boys have to play girls' parts and I have the "female" lead.

I have to wear women's clothes and nylon stockings and heels. Also, a padded bra. I don't need a wig because my own hair is long, but they curl it so I will look like a girl. But what I hate the most is that I have to kiss another boy. I just can't do that, Abby! Please tell me what to do.

A WORRIED BOY

P.S.: At rehearsal I found out why girls hate brassieres.

DEAR BOY: Ask your director how to appear to be kissing the boy without really kissing him. If you keep your back to the audience, I'm sure you can fake it convincingly.

(P.S.: Break a leg! That's show biz for "good luck.")

Closing Private Bank Of Shearn Moody Jr.

GALVESTON, Tex. (AP) — The century old private bank of Shearn Moody Jr. closed Thursday following a ruling by a federal judge.

The Fort Worth regional office of the Securities and Exchange Commission announced Wednesday night that a final judgment of permanent injunction has been entered against W.L. Moody and Co. Bankers (Unincorporated) and Shearn Moody Jr., owner of the bank and a descendant of its founder.

The judgment was entered formally here by U.S. District Court Judge James Noel.

His order said the bank, once a cornerstone in the vast Moody financial empire, will be closed but may continue to conduct "transactions involving valid contracts with government agencies."

This means there will be no private deposits, no loans, no withdrawals from savings accounts by individuals until Noel allows the bank to reopen its doors.

Robert F. Watson, administrator of the Fort Worth SEC regional office, said his office, after a three-month study of the bank, sought the injunction because the SEC feels the Moody bank has been selling unregistered securities and banking such sales fraudulently because bank customers are "unaware of the bank's exact status."

Jerry G. Hill, a Houston lawyer representing the bank and Moody, said the defendants agreed to the injunction and called it a consent decree.

"This is temporary and there are no obligations in the SEC complaint that the bank is insolvent or that there may have been any defalcations in connection with the bank's operation," Hill told newsmen.

"The injunction has been settled, however, and the SEC asked the court to appoint a temporary receiver to take possession of all the property belonging to W.L. Moody and Co. Bankers (Unincorporated)," Hill added.

Noel granted the SEC request and appointed Emma Louise Yon of Galveston interim receiver until a temporary receiver is named. She is an assistant district clerk in the federal court in Galveston.

The judge said he expects to name a temporary receiver by Monday.

Hill said the bank did not consent to the appointment of a receiver and maintained that the receiver will be for the bank and not for Moody personally.

AG Churches Now Enter Vietnam Area

The denomination of the Assemblies of God will enter Vietnam with missionaries this year, according to Pastor Donald Calvin, Evangel Temple, 2205 Goliad, Big Spring. The Rev. Calvin is himself a former chaplain, 1st Marine aircraft Wing, Vietnam.

"This will be our first missionary trust into the war-torn country and we are very excited about it," commented the Evangel Temple pastor.

Two experienced missionary couples have already been appointed to Vietnam and another will be appointed soon. In addition, young couples will be recruited to go into the country to "learn the language, identify with the people, and become the real backbone of the outreach in Vietnam in the years ahead."

Missionary John Hurston, who spearheaded the Assemblies' work in Korea following that conflict, will lead the work in Vietnam. Earlier this year he sought and received official permission from the prime minister of Vietnam to begin missions activities there.

"We are concerned about the economic vacuum left by the war in Vietnam," Pastor Calvin said. "Along with the economic vacuum there is a spiritual vacuum. These are parallel needs, and we want to do what we can to help relieve them."

He spoke of the five million refugees who must be relocated. The Assemblies of God will participate in a people-to-people program of relocation for families from areas such as Quan Tri into the rich agricultural areas further south.

"Whole new villages will be built with government assistance, and then, for $25 a family, the tools and seed needed to help them get started again can be provided. Assemblies of God families will be encouraged to share in providing the needed $25 per family. As the villages are built, chapels will go up with them," the pastor explained.

Various departments of the Assemblies of God will undergird the church's effort in Vietnam. The Women's Missionary Council will assist with some of the basic and urgent needs of the hospital near the first chapel, which is sponsored by women, including Vietnamese army officers' wives.

"All departments of the church are involved," said the Evangel Temple pastor. "Speed-the-light," the youth missions funding program, will raise funds for the printing press, which will be used to print correspondence courses in Vietnamese. The Boys and Girls Missionary Crusade will be asked to help with funding translation work. The Men's Department, through its Light-for-the-Lost program, is raising $10,000 for gospel literature to be distributed during Good News Crusades in Saigon."

Pastor Calvin further commented that Missionary Glenn Stafford, an Assemblies of God missionary from West Texas, has changed from Singapore to Vietnam for the purpose of aiding in the work.

"I would like to ask all denominations to pray for this brand-new missionary thrust," said the pastor. "We are seeking to rebuild, spiritually and physically, what war has destroyed.

Missions Day Set At Local Church

Sam L. Jones, who has spent the past 10 years as a Southern Baptist missionary to Rhodesia, will highlight an observance of Missions Day at Hillcrest Baptist Church today.

The entire services of the church will be focused on missions, starting with the Sunday School period, said the Rev. Collyns Moore, pastor. Thus, there will be focus on special phases of Baptist mission work at the training period and evening worship These involve projects of the church such as ministries at the county jail, VA Hospital, nursing homes, etc.

Buckwheat Of Our Gang Involved In Community

Copley News Service

HOLLYWOOD — That Jamel "Buckwheat" Frazier is no longer a full-time movie star may be his loss, but it's certainly his community's gain.

And, all things considered, it may be his gain too, because not many screen stars enjoy such contentment and feel such a sense of accomplishment as he.

Sure, when he looks at the screen (TV or movie) sometime and watches an actor working, he thinks, "I could have played that role," or even, "They've got the wrong people working."

But the former child star who played Buckwheat in the "Our Gang Comedies" isn't haunted by what might have been. He's too happy about what is, about the love that fills his home and binds his family together, about the fact that he's working even though not at the studios, about the fine way his children have turned out, and about the opportunities he finds to help his neighbors.

BUCKWHEAT FRAZIER

STARTED ON BOAT

"My mother and father were entertainers," Frazier recalls, "on the showboat John C. Adams. And, when the boat was tied up, they'd send me out on the dock to sing and dance and draw a crowd.

"In the winters, we lived in Maryland, but in the summers we traveled with the riverboat up and down the Delaware and the Chesapeake and the Susquehanna. And other rivers, too.

"I guess John Charles Thomas 'discovered' me.

"He was on a vacation on a riverboat. But other famous people saw me, too. President (Calvin) Coolidge was one. Hal Roach Sr. was another."

The future Buckwheat was five years old when Roach put him under contract and sent him to the old Edison Theater in New Brunswick, N.J., for seasoning and to get more audience reaction.

Then, confident that he had a little hit on his hands, he promoted him to membership in "Our Gang," a collection of cute kiddies whose antics, then recorded at Monogram Studios, were helping to sell tickets at movie houses all over the country.

"At first I was in the old, silent 'Our Gang Comedies,'" Frazier relates. "Then, when I was about six years old, talkies came in.

"I made one comedy at Monogram and the others at the Roach studio and at MGM."

Jackie Cooper, Dickie Moore and the late Helen Parrish were three of Buckwheat's kiddie-colleagues in the "Our Gang" series.

As Judy Garland, Elizabeth Taylor and other child stars did, Frazier went to school on a studio lot. But unlike some child stars — the late Miss Garland in particular — he never felt exploited or put upon.

"It was a new experience for me," he says, "and very interesting.

"In fact, as a child actor, I had some big thrills. Whenever you meet a dignitary and know that you're entertaining him, well, that's about the biggest thrill a person can have.

NOT EXPLOITED

"Yes, I've heard the claims some people have made that child stars were exploited and even drugged to make them work better, but nothing like that happened to me.

"Sometimes a child would have a headache from working, and somebody would give him something so that he'd feel better, but I never had a headache."

Like many another child star, Buckwheat found the transition to adult roles less than smooth. Nevertheless, he continued to work rather regularly in films and television until 1963, when he made his last appearance as a Hollywood actor, working with Gardner McKay in "Adventures in Paradise."

"I went to work for North American Aviation in 1951," he says, "but they let me off to make pictures whenever I asked them to.

"Now I work for the City of San Fernando (Calif.)."

Frazier, a man of diverse talents, describes himself as an interior decorator having been trained for that profession after his "Old Gang" days were over while he was attending school in Baltimore.

"But," he adds, "that's not what I do for San Fernando."

Though he hasn't worked in films in some years, he still keeps his hand in as an entertainer, performing from time to time as the opportunity arises.

"God gave me my talent," he says, "so I think I should use it."

He continues to have an agent and would have no objections to working full time as an actor again; however, whether the studios call him or not, he's never idle.

ORATES AND ADVISES

Recruited by the Los Angeles Police Department to work as a civilian aid in a campaign against drug use and delinquency, he's constantly in demand as a speaker for youth gatherings.

Meeting Makes Actress, Star, And Play, A Hit

Copley News Service

HOLLYWOOD — Actress Martha Scott and the play "Our Town," met in the nick of time so far as the future of each was concerned.

If the play's producer Jed Harris had not located Miss Scott and brought her into the play exactly when he did, "Our Town's" Broadway opening would have been delayed (indefinitely, perhaps), and Miss Scott might not have won the stature she now enjoys in the theater.

Martha Scott and I were relaxing during lunch at the Brown Derby as she recalled "Our Town."

THIRD EMILY

"The company was eight days away from its out-of-town opening before going to Broadway, and it didn't have an Emily," Miss Scott said. "Two Emilys had been hired, but both had been dropped. So Jed Harris called the cast together and told them that unless he could find a girl at once who could be ready to play the part in eight days, the play wouldn't open in Princeton.

"Three people suggested that he try me, so he told someone to find me, but that wasn't easy, because I'd moved 14 times in two years and had never registered with Equity."

Nevertheless, Harris' bloodhounds tracked her down and delivered her to "Our Town" by offering her not only a script she liked but a contract.

Miss Scott, by becoming Emily, became a star, not only on Broadway but on the screen as well. However, there were problems.

TEST 'TERRIBLE'

David Selznick waged a massive talent search to find the right Scarlett for his "Gone With the Wind." He combed sorority houses and little theaters. He tested Bette Davis and Susan Hayward before he cast Vivien Leigh in the role.

George Brent was his first choice for Rhett Butler, and he took Clark Gable as a not-too-welcome substitute.

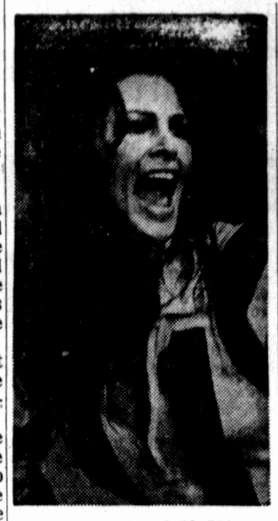

Since "Our Town" had made Martha Scott a star of the stage, she naturally came to Selznick's attention when he was casting "Gone With the Wind."

So he tested her for Melanie with appalling results.

The test was so terrible, in fact, the producer of the film version of "Our Town" said he didn't want her for Emily in the picture, thought he was finally persuaded to change his mind and accept her in the role opposite William Holden.

"I didn't like my test for Melanie myself," Miss Scott says. "And Selznick thought it was so bad that he told me, 'Go back to the theater. You have no future in pictures.'

"A year later, when I ran into him on a studio lot, I'd been nominated for an Oscar, and he was so mad he wouldn't even speak. He couldn't stand it, because a woman had proved him wrong."

RAQUEL WELCH

Rink 'Bomber' Starting Here

"Kansas City Bomber," spotlighting Raquel Welch as a determined Roller Games skater on the rise to stardom, opens Wednesday at Cinema Theatre.

Kevin McCarthy also stars in the Metro - Goldwyn - Mayer action-drama filmed with the cooperation and technical assistance of National Skating Derby, Inc.

Jerrold Freedman, award winner for his work on "The Senator" TV series, directed the new motion picture for which Miss Welch underwent extensive training in order to perform the required skating, stunts and falls.

Helena Kallianiotes, who played the tough-talking hitchhiker in "Five Easy Pieces," and veteran actor Norman Alden co-star as two of the skaters the Kansas City Bomber copes with as she speeds to notoriety on the dangerous banked track of the fastest-growing body contact spectacular in the world.

Gal Sailor Up Gangplank

SAN FRANCISCO (AP) — Peggy Sue Griffith has marched up the gangplank of history, reporting for duty as the Navy's first sea-going woman sailor. But before her ship sails, she'll be joined by 60 other women.

The 22-year-old from Canton, N.C., reported aboard the hospital ship Sanctuary. The ship is being outfitted at Hunter's Point Naval Shipyard here for duty as a dependent support vessel.

Miss Griffith reported for duty exactly one month after Adm. Elmo R. Zumwalt Jr., chief of naval operations, announced that the Navy would accept women for sea duty.

Actress Chosen For Fact Film

Leigh Taylor-Young has been signed to star with Charlton Heston in Metro-Goldwyn-Mayer's "Soylent Green," producers Walter Seltzer and Russell Thacher announced.

Film is to be directed by Richard Fleischer. The science-fact screenplay by Stanley R. Greenberg is based on a novel by Harry Harrison.

Ms. Taylor-Young, who last starred in MGM's "The Gang That Couldn't Shoot Straight," previously appeared in "I Love You, Alice B. Toklas," "The Big Bounce," "The Adventurers," "The Buttercup Chain" and "The Horsemen."

'All In The Family' Hired Hitchhiker

By NANCY ANDERSON
Copley News Service

HOLLYWOOD — Believe it or not, this is a true story almost equal to the not-so-true one about Lana Turner's discovery by a studio scout in a Hollywood drug store.

Mike Evans, the black actor who plays the recurring role of the Bunker neighbor in "All in the Family," was a Los Angeles City College student when producers Norman Lear and John Rich put out a call for prospects to test for the part.

Rich tells what happened:

"Mike wasn't set for the role until the night before the first rehearsal.

"Carroll (O'Connor) and Jean (Stapleton) had done two pilots for the series before I became connected with the show, so they were set before I was.

"We tested 55 or 60 young people for each of the remaining family member roles, those of the daughter and the son-in-law.

"Then we began testing for the black friend. I think we saw literally every black actor available in Hollywood and New York. Nobody seemed right, so I suggested that we change the age requirements a little and try again.

"When Mike came in, he was better than anyone else I'd seen, so I asked him what professional experience he'd had.

" 'None,' he said.

"Well, when an actor says he's had no professional experience, that counts so heavily against him he's practically out of the running. But I liked Mike, so I asked him what he did, and he said he was a Los Angeles City College student.

"Then I asked him what college plays he'd been in.

" 'None,' he said.

" 'Okay,' I said, 'so what's your ambition, your goal in life?'

" 'To get a part in a college play,' he told me.

"I thanked him for coming in and told him he might hear from us.

"To make a long story short, no matter how many people we saw, Mike still looked like the best bet, so I brought him back in to read for Norman (Lear).

"This time Mike was nervous and had lost some of his edge, and, after he'd gone, Norman said he preferred an actor from New York.

"I wanted Mike, so finally Norman said, 'Well, it's your neck.'

"Normally I don't take chances like that.

"However, I told Mike he had the part while explaining to him that he was going to be under a lot of pressure, because he'd be working with an extremely professional cast.

"I gave him the backgrounds of the others, so that he'd understand what he was up against.

"Naturally I was worried about him, because I was concerned about my own safety, but the night of our first show, Mike was the only one in the cast who was perfect.

"Later I told him, 'One thing's still worrying me. How did you ever come to see me in the first place?'

" 'I was hitchhiking,' Mike said, 'and caught a ride with someone who mentioned an open call for black actors.' "

If he'd caught a bus that day, I wonder whether he'd still be trying for a part in an L.A.C.C. play?

Stars' Open Immorality Disgusts American Actor

Copley News Service

HOLLYWOOD — "With this interview, I've probably offended everyoine in Hollywood," Dane Clark said, smiling enough to show that he wasn't worried.

During breakfast at the Beverly Hills Hotel, he'd been expressing his shock at the mores of Hollywood today, especially at those of young players who, prizing forthrightness beyond taste, not only sin but say so.

In fact, they brag about it.

"I cant understand it, Clark said, shaking his graying head. "The other night I was listening to one of today's stars, or I guess you'd call him a star, talking to David Frost or Dick Cavett, and he was telling the world about habits he shouldn't have, or if he does have them, should be ashamed of.

"Have you listened to some of these people talk?"

Clark mimicked a talk-show guest:

"I've had an affair with a man. I've had an affair with a woman. I'm into drugs. I'm outof drugs. I don't feel well.'

"IT'S SICKENING, this compulsion to keep nothing secret.

"Sure, there were drug ushers in old Hollywood. Or I've heard there were. One major star of the silents allegedly died from overuse of drugs. But then stars didn't brag about their vices."

A star who maintains homes in both New York and Los Angeles, he was on the West Coast playing Boston Phil in "The Family Rice, one of the "New CBS Tuesday Night Movies."

"The writers avoided offending Iralaian-Americans by not mentioning the Mafia," Clark says, "and by givipng the heads of the organization Jewish named.

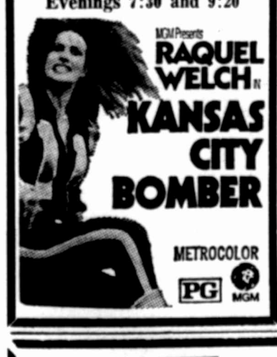

"YOU ASK ME whether I had scruples about making a picture like this one. Because of the state of the business today, an actor has no hesitation about playing a three-headed goose if he can get the part.

LADIES

Did You Ever Make THE RING TEST During That
Time-of-the-month?
Does your ring slip off your finger easily—or does it hopelessly get stuck below your knuckle during the days of the pre-menstrual and menstrual period? It may tell whether you are retaining fluid in the system—body-bloating water that often builds up due to overtiredness, stress during the menstrual stages. Amazing new X-PEL "Water Pills"—a gentle diuretic—helps you lose as much as 5 pounds of this water-weight gain, and helps to relieve body-bloating puffiness when body-water retention "swells" your waist, thighs, tummy, legs, arms. Stay as slim as you are. Ask for X-PEL "WATER PILLS" on our guarantee of satisfaction or money back. Get it today at

'Dash' Is As Widespread As Poverty

LAGOS, Nigeria (AP) — —The shipping company official adjusted his ankle-length robes, sat back in his chair in a cluttered office near the Apapa docks and smiled slyly at his American customer.

"We don't believe in doing business this way ourselves," said the Nigerian apologetically. "But if you pay the customs authorities something in advance they will not inspect your property and we can deliver the shipment to your home this afternoon."

IF WON'T PAY?

The American, a businessman newly arrived in this West African capital, was visiting the docks to clear his household property shipped from home.

And what if he refused to pay?

"Then there will be a delay of about a week while they tear open the crate, inspect everything, and by the time they are through there will be, no doubt, some very important things damaged or missing."

The American said later he thought about his tape recorder and his wife's new kitchen appliances and decided to pay the requested $60 to have the goods delivered quickly and intact.

It was a petty sum in the total amount of "dash" collected annually by officials throughout West Africa, where the practice is as widespread as poverty and the payoff has become a way of life.

"Dash," says Peter Enahoro in an amusing book about his fellow Nigerians, is "the sweetly quaint custom of expressing gratitude in anticipation of services rendered."

SERVICE CHARGE

The dash is a "service charge preceding the service," he explains. This "tipping in reverse" includes petty bribes to minor government officials and huge kickbacks at higher levels.

In virtually every capital of this vast continent, public "services" taken for granted abroad are sold to the public by members of the privileged elite who happen to have strategic jobs in government.

Need a passport? Pay some dash to the appropriate fellow and you will be on your way in no time. If you don't join the system your application may see no action for months, or ever.

Need a driving license? Want to be accepted at the university of your choice? Want a government contract? Need a telephone installed quickly? Want to avoid a fine for almost anything? Looking for a better job?

START OVER

One answer to all these problems, and more, from Dakar to Abidjan and Yaounde, is the ubiquitous "dash."

If no dash is produced you will quickly learn that your application has been "lost," that you have failed to fill out a form correctly or that the man handling your case is "not on seat" and "would you be so kind as start all over again with mister so and so?"

The prospect of fighting through yards of red tape in the slow-moving government bureaucracy and wasting hours in dingy offices while heat and humidity take their toll has prompted many law-abiding individuals to resort to bribery.

WHISKY MONEY

Customs officials on the Ghana-Togo border close their eyes, for a price, as tons of cocoa pour into Togo while radios, whisky and cigarettes find their way into Ghana. The same problem is evident along the Dahomey-Nigeria frontier.

If you have to pay 100 per cent duty at the airport or border for a new camera you are bringing home, doesn't it make more sense to slip the official $15 than pay $150? So the reasoning goes.

Because of the scarcity of jobs in Africa, corruption also means nepotism, and it is not unusual to find government ministers padding slots in their ministry with relatives.

"Nigeria, though one of the most blessed and richest nations of the world, has become one of the most corrupt and extravagant countries," says a Nigerian professor of economics.

The military government of this oil-rich nation, Africa's most populous, reported last year that a census revealed a division of 60,000 troops was receiving pay checks for 70,000 soldiers, apparently ever since the civil war which ended over two years ago.

LOW PAY

The country's soldier-ruler, Gen. Yakubu Gowon, who has promised a decree on corruption, said the country was losing $750,000 a month because of the fraud.

African officials, unhappy with criticism abroad about the all-pervading corruption, tend to point to the developed nations and say: "You have corruption too. Why pinpoint our problems?"

But the factors fuelling these practices in Africa are more numerous and severe than in the developed world.

There are the overbearing poverty, low salaries, shortage of jobs, shallow sense of the public welfare, the enticing expensive imported luxuries in the store windows, the tradition of gift-giving for favors and the overpowering family obligations.

The extended family system dictates an iron-bound code of "all for one and one for all." Any successful family member is responsible for sharing his wealth with his less fortunate kin, from his son to third cousin and tribal "brothers."

This puts considerable pressure on office holders to produce enough income or jobs to pay off their family obligations and still retain enough for themselves.

'Pidgin' Booklet

UNITED NATIONS (AP) — A booklet on the U. N. Trusteeship Council is being published in "Pidgin English" for the Australian-run territory of New Guinea and neighboring Papua, where that version of English is spoken.

Girl Search Truth Told

HOUSTON (AP) — Juvenile officers say Ted Hale, 37, a Missouri farmer, didn't tell it like it really was the first time.

They said Hale told them he came to Houston from Southwest City, Mo., to help save the life of a little girl possibly bitten by a rabid dog.

They said that was his story Tuesday night when he arrived but after questioning Wednesday he said he actually was seeking his wife and three children who left his country home nine days ago. He said he believed they were in Houston.

In his first story, police said, Hale told of finding the body of a rabid dog near his home and remembered that a young girl, who had moved to Houston with her family, had been bitten by the dog.

What causes wrinkles on the face?

Exposure to sun and wind hardens the layer of outer skin and, with the years, blocks skin breathing. This causes the new layer underneath to sag and age faster. Peel-O-Matique cream treatment, a new cosmetic process, can remove this unwanted accumulation of dead skin gently and quickly. It contains no abrasives or chemical acids. Come in and let us demonstrate this revolutionary skin cream.
