UN Troops Halt Chase At North Korea Border

Red China To Enter Debate About Formosa

NEW YORK, Sept. 29. (AP) — The UN Security Council voted 7 to 4 today to permit Communist China's participation in the council's Formosa debate after Nov. 15.

Council President Sir Gladwyn Jebb of Great Britain ruled that the proposal was adopted. Nationalist China immediately challenged the ruling on the ground she had vetoed the resolution.

The resolution on which the council voted was introduced by Ecuador. Yugoslavia withdrew a similar resolution.

The first test came in a vote on the operative part of the Ecuadorean resolution, calling for a postponement of the debate on Red China's charges of American aggression against Formosa until Nov. 1 and inviting the Peiping regime to send a representative here to take part in the discussions.

Voting for this were Russia, Britain, France, Norway, India, Yugoslavia and Ecuador. The United States, Nationalist China, Cuba and Egypt voted against it.

Then the council voted on the whole resolution, including a long preamble. The result was the same except that Egypt switched from the negative column to an abstention.

Council rules require seven affirmative votes, including those of the five permanent members, for approval of questions of substance. On procedural questions, the permanent members do not have to concur if a measure receives a total of seven votes. In other words, the veto does not apply.

The permanent members are the United States, Britain, Russia, France and China. Two of them—the United States and China—voted against the Ecuadorean proposal.

It was on this that Nationalist China's chief delegate, T. F. Tsiang, based his contention that the proposal had been vetoed. He argued that it was a question of substance rather than a procedural matter. Other countries, including both the United States and Russia, previously had declared the question was procedural.

No. 1 Richter Extends Sharon Ridge Canyon

A one-quarter mile south extension to the west side of the Sharon Ridge Canyon field in Scurry County has been completed by Humble Oil & Refining Co.

The extneder is the No. 1 Gilbert Richter, completed for 542.65 barrels of 44.5 gravity oil daily through a one-quarter inch choke after being acidized with 500 gallons of acid through perforations at 6,660-6,748 feet.

Gas-oil ratio was 958-1.

The new producer is located in section 97, block 5, H&TC survey. It is 660 feet from the north and west lines of the section.

CONNELL WELL

Kewanee Oil Co. has completed its No. 1-D Wil Connell as the second producer from the Pennsylvanian in the East Polar field of Southwest Kent County.

The No. 1-D Wil Connell potentialed for 100.84 barrels of oil plus seven and one half per cent water daily on the top. Gravity of the oil is 34.4 degrees.

Total depth of the one-quarter mile north extension to the East Polar field is 7,045 feet. Pay was topped at 7,031 feet. Production came through perforations at 7,026-45 feet, after that zone had been washed with 500 gallons of mud acid.

Operator reported the gas-oil ratio to be 1,150-1.

Location is 1,980 feet from north and east lines of section 3, block 4, H&GN survey.

NEAR ROTAN

Prince Brothers No. 1 Bennett, Northwest Fisher County exploration about five miles southwest of Rotan, swabbed 85.7 barrels of oil and no water in 20 hours from pay at 6,760-89 feet in the Ellenburger.

The section making oil is in open hole and has been treated with acid.

Operator is continuing to test for completion.

A pump probably will be installed before potential test gauge is run.

This development is west offset to the discovery well of the Bennett Ellenburger field and is in section 51, block 2, H&TC survey.

DEEPEN OLD WELL

Placid Oil Co. has filed application for permission to deepen an old wildcat in extreme Northeast Lynn County, which was abandoned in lime showing water at 4,107 feet.

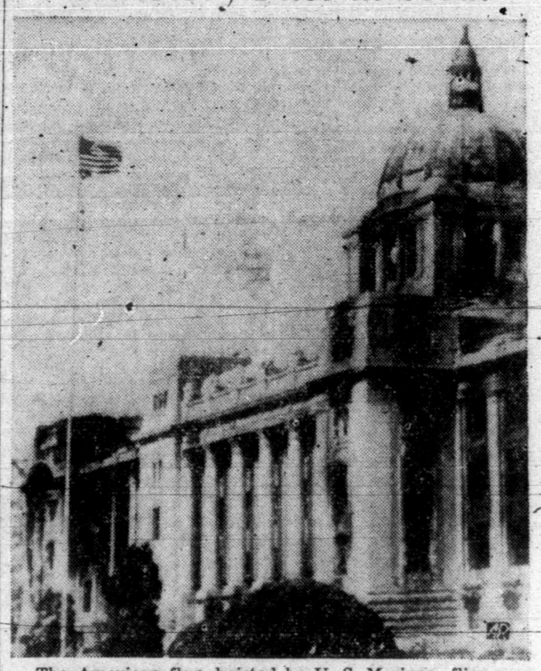

The abandoned project was W. E. Dunnigan of Midland No. 1 Holland, 330 feet from the north and east lines of section 13, block J, GW&TP survey.

It will be deepened as Placid No. 1 Holland.

Projected depth is 9,500 feet which should take the wildcat

(See NO. 1 RICHTER, Pae 8)

Old Glory Flies in Seoul

The American flag, hoisted by U. S. Marines, flies over the burned capitol building of the Republic of Korea, in the northern section of Seoul.

Draft Law Extension To 30 Months Is Asked By Hershey

WASHINGTON, Sept. 29. (AP) — Maj. Gen. Lewis B. Hershey, selective service director, recommended today that the draft should be extended from 21 months to 30 months.

H advanced the proposal as a means of maintaining an army of 1,500,000.

Hershey made this and three other major recommendations to the House Armed Service Committee which is studying possible revision in the draft.

OTHER CHANGES

The other suggested changes:

To modify deferment for dependency. He would have deferment for collateral dependents wiped out.

To remove restrictions on induction of veterans under 26 years of age.

To watch carefully that the "acceptability" standard does not get out of hand.

In explanation of the third suggestion, Hershey said he believed "we are going to have to get a new approach to capacity to serve."

Although he did not specify, this apparently would mean less strict qualifications.

NO AGE CHANGE

Hershey made no recommendations for changing the present draft age of 19 through 25.

In fact, he said he believed that the Army could be, raised and maintained by depending on this age group if the other suggestions are adopted.

Chairman Vinson (D-Ga) is directing the work of the House committee to find what is needed, as he said, to "attain the size of the Army contemplated." Vinson himself did not give any exact figure on the size.

Obstetrician Is Engaged At Snyder Clinic

The addition of Dr. Leroy J. Neal, 49, of Shawnee, Okla., to the staff of the Snyder Hospital Clinic has been announced by Bruce Greer, administrator.

Dr. Neal will assume the obstetrical practice left by Dr. Charles Girod, who left recently on a leave of absence to continue his studies at the graduate school of the University of Pennsylvania, Philadelphia.

Dr. Neal was born in Delta County, Texas. He holds a B degree from the University of Oklahoma and a medical degree from Tulane. Following his graduation he interned in Charity Hospital, New Orleans, and was at the Baylor Hospital, Dallas, a year.

He has done five years post graduate work.

For the last 18 years he has practiced in Shawnee. Prior to that he practiced in Breckenridge, Tex. In Oklahoma he has served as superintendent of health for Pottawatomie County (Shawnee) and as city health superintendent of Shawnee.

He belongs to the Masonic order and to the Elks Club.

Dr. Neal and Mrs. Neal will live at 604½ Twenty-ninth Street here. They have a son and a daughter, the son a pre-medical student at Southern Methodist University and the daughter a hostess for Braniff Airways.

The new staff member at the Snyder Hospital will take up his duties here Oct. 10.

India Opposes Crossing 38th

LONDON, Sept. 29. (AP) — India has told the United States, Britain and other western nations she will oppose any plan for United Nations forces to pursue North Korean Communists across the 38th Parallel.

Diplomatic officials reported today Indian Prime Minister Jawaharlal Nehru has expressed the view to leaders of the big western powers that the UN is committed only to the defense of South Korea and not to the subjugation of North Korea.

Nehru's action is considered here as bringing into the open a split between the United States and some of the British Commonwealth countries over the question whether North Korea should or should not be entered.

Fiery Object Seen Streaking Through West Texas Heavens

BROWNWOOD, Sept. 29. (AP)—Reports of a bluish or yellowish ball of flame streaking across the sky about dawn today came from points 25 miles apart in West Central Texas.

Three men who told of seeing the object agreed it exploded and disappeared.

Fred Koehler, an oil well driller from Brownwood, and Verble Cox, a tool dresser also from Brownwood, told Sheriff Otis Shaw they saw the object at 5:30 o'clock this morning while working on an oil rig near Pioneer, Tex. The site is about 25 miles northwest of here.

Robert Hutchison of Brownwood, circulation agent here for the Dallas News, told the Brownwood Bulletin he saw it at about 5:45 o'clock while making his rounds.

Another report of an object in the sky came from Pampa, in the Panhandle. Scott Rafferty of the Pampa News said he saw what appeared to be a large meteor or comet about 6 o'clock. He said it was traveling southwest and was visible for about 20 seconds.

Koehler and Cox described it as a bluish ball of flame, traveling west, very lo wno the northwest horizon. They said the watched it for 15 to 30 seconds.

Hutchinson said it was a yellowish ball of flame, and not brilliant enough to be a meteor. He said it was traveling west and was on the northwest horizon. He said its speed was about that of a jet plane and that he saw six fragments fall from it before it exploded.

The Civil Aeronautics Administration in Dallas said it had no reports of a plane in trouble or having crashed in the area.

Council Sets Hearing On Curbs, Gutters

A hearing on the city's proposed assessments for curbs and gutters on Avenues R and S and on Thirteenth Street between Avenues R and S will be held Oct. 10 at the city hall.

The hearing was set in a meeting of the city council last night, and is the latest step in the passage of an ordnance enabling the city to assess against property for the cost of curbs and gutters on those streets.

FIRST STEP

The initiating ordinance was passed Aug. 14 by the council, setting forth the emergency need for improving those three streets, which are included in a state highway department program here.

On Avenue R, property owners will pay $2.50 a front foot for curb, gutter, and sixteen feet of paving. The state highway department will co-operate with the city in paving a 24-foot strip down the center of the street, which will be designated a by-pass when Avenue S is reparied.

On Thirteenth Street, between Avenues R and S, the cost per front foot will be the same, $2.50.

On Avenue S, property owners will pay $1.25 a front foot, for curbing and gutters only.

APPROVE CONTRACTS

The council last night also approved a contract tentatively awarded earlier to Holland Page of Austin for construction of the curbs and gutters. The contracted cost is $1.19 a front foot, and amounts to $22,583.82.

The aldermen also give final approval to a contract with Harry Newton of Graham, Tex., for the construction of three new bridges, the widening of two existing crossings, and the installation of storm sewers. The contract was for $121,573.55. The only other contractor to bid on the project was the H. B. Zachery Co. of San Antonio, which submitted a figure of $151,303.34.

Russia Called Power Hungry

WASHINGTON, Sept. 29. (AP)—The State Department officially described Russia today as "a power-hungry government that is bent on spreading its power by force, terror."

In a policy outline drafted at President Truman's suggestion, the department said that since 1945 the Soviet Union has annexed some 7,500,000 square miles of new territory and has taken more than 500 million people under its control.

"It is now trying to extend its empire across Asia," the department added.

NEW BOOKLET

These new denunciations of Russia were contained in a 100-page booklet entitled "our foreign policy." In a brief foreword, Mr. Truman said he suggested the work to "set down as simply and clearly as possible what we are after in our relations with other governments and their peoples."

A first printing of 50,000 booklets has been ordered so the booklets can be distributed to private organizations, clubs and libraries in the United States and abroad.

The booklet, written in simple language, seeks to explode Moscow's theory that the present world tension stems from a conflict between capitalism and Communism.

CONFLICT

"The conflict is really between a power-hungry government that is bent on spreading its power by force, terror and every other means and the community of free nations which refuses to be conquered or dominated, or to stand by and see its members swallowed up," the booklet said.

It noted that many of the anti-Communist democracies are not capitalist "but have a freely chosen socialist system."

The situation of the United States, it said, is something like that of the early settlers of the West who carried arms to protect themselves against 'marauders.

East Germany Shows Unrest

BERLIN, Sept. 29. (AP) — A wave of unrest appeared today to be shaking Germany's Russian zone.

Reports of growing resistance to the Communists were confirmed by the Reds themselves.

The outbreaks may have been encouraged by the United Nations successes in Korea, judging from the timing.

East zone informants said the propaganda activity against the Red regime was particularly heightened in Leipzig, Dessau, Magdeburg, Potsdam and Halle.

Western observers speculated that the tough Ukrainian resistance movement may have gotten a foothold in East Germany.

Demands Cease Fire

Lester B. Pearson, Canadian minister for external affairs, demands that North Koreans cease fire immediately, admit defeat to U.N. forces, in an address before the U.N. General Assembly in New York. He called for a united Korea free of Communist elements directed from outside Korea.

Canadian River Project Delay Due To Chavez

(By the Associated Press)

WASHINGTON, Sept. 29. — Sen. Chavez (D-NM) said today he will continue to fight Texas' proposed $85 million Canadian River project until New Mexico, Texas and Oklahoma have agreed upon a compact for division of the river's water.

He told a reporter this means he will oppose consideration of the project bill when Congress returns in November.

The New Mexican blocked the measure just before Congress adjourned.

The controversial legislation would authorize a project to furnish municipal water supplies for a number of northern and western Texas towns and cities.

CHAVEZ HAPPY

Chavez commented on it as expressed "delight" that President Truman had signed the Vermejo (N. M.) Reclamation project bill.

That project will be on the Vermejo River, a tributary of the Canadian.

Chavez said he believes it "to be absolutely necessary" that a compact be entered into concerning the Canadian River's waters before Congress passes the authorization bill for the Texas project.

He added:

"There is too much involved as far as New Mexico is concerned, to take a chance in authorizing a project that will benefit another state and then depend upon a compact for the leavings.

INNOVATION

"It should be remembered that the Canadian project is an innovation in reclamation.

"Reclamation, as it was basically understood and legalized, meant water for irrigation."

Soldier Says He Saw Dean

(By the Associated Press)

CHINJU FRONT, Korea, Sept. 29. — American prisoners of war rescued today said they were told by a North Korean medical officer that he had seen and treated Maj. Gen. William F. Dean, missing commander of the U. S. 24th Division. The time of treatment was not reported.

Gen. Dean was last seen by his GI's just after the July 20 fighting in the streets of Taejon. The city fell then to the Reds.

The rescued Americans reported the Communist army doctor said Dean was seen later in a Red prisoner-of-war camp in the north.

The Americans were rescued by members of the 25th Division.

The only prisoner from the Southeast liberated was:

Sgt. Allan H. Jamison, Fayetteville, Ark.

U. S. Counter-Intelligence Corps (CIC) officers reported Thursday that three South Koreans who escaped from a Red prison stockade related: They overheard Communist officers making plans to transfer Gen. Dean from the stockade to Seoul.

The three said they did not see the missing 50-year-old general but that they were in hearing distance when the Red officers last Saturday discussed plans to transfer Dean from Chongju's stockade.

International Army Head May Be Eisenhower

By JOHN M. HIGHTOWER
(Associated Press Staff)

WASHINGTON, Sept. 29. — Speculation increased today that President Truman may appoint Gen. Dwight D. Eisenhower to command the projected international army to defend western Europe.

This talk is based in part on what Mr. Truman said about Eisenhower at his news conference yesterday and in part on the fact that Washington officials believe a man of outstanding reputation and proved ability should get the supreme command post.

The mere naming of such a man high officials say, would help to create in non-Communist Europe a new sense of confidence and progress toward real security.

Mr. Truman was asked at the news conference whether he was considering Gen. Eisenhower for some new job, probably in Europe. He replied that Eisenhower is always available at the President's call but that he has not considered him because there is no appointment to make yet.

PACT AGREEMENT

The foreign ministers of the 12 North Atlantic treaty nations decided in New York earlier this week that allied forces for the defense of Europe should be merged into a single army under a general staff composed of officers of all the co-operating nations and headed eventually by a supreme commander.

Theoretically this commander might come from any one of the Atlantic powers; actually, the Europeans have already told the U. S. they want an American officer to have the job.

In addition, the state and defense departments are aware that many European leaders have tremendous admiration for Eisenhower because of his achievements as allied supreme commander in Europe in World War II.

POPULAR

His task then, of course, was to lead an international force somewhat similar to that proposed now. His popular reputation as a hero in Europe is considered here to be beyond question and unmatched by that of any other American.

Aside from Eisenhower, Gen. Omar N. Bradley, the present chairman of the joint chiefs of staff, has been most prominently mentioned for the supreme command assignment.

May Combine Scurry, Kent and Borden Pools

AUSTIN, Sept. 29. (AP) — Oil operators in the Cogdell field, Kent and Scurry Counties; Kelly-Snyder, Diamond "M" Canyon Lime, Sharon Ridge Canyon fields, Scurry County; and Von Roeder field, Borden County, will be asked to show cause Nov. 3 why these fields should not be combined into one field.

The Railroad Commission also will take evidence to determine the most efficient rate of production for the field as well as the Salt Creek Field, Kent County and the Reinecke Field, Borden County.

Korea War In Brief

By The Associated Press

Seoul: Gen. MacArthur formally returns South Korean capital to President Syngman Rhee, pledges freedom for Koreans.

War fronts: South Korean troops drive fleeing Reds all the way back to 38th Parallel while United Nations debates whether they should cross dividing line. Other troops mop up throughout South Korea against only sporadic resistance.

Marines Will Keep Reserves In The Corps

PEARL HARBOR, Sept. 29. (AP)—The U. S. Marines Corps, which scrambled men together from as far away as the Mediterranean to meet the Korean emergency, intends to keep all reserves in uniform. Its commander made that clear yesterday.

"Korea has shown us the necessity of having ready forces available to fight anywhere," said Gen. Clifton B. Cates on a stopover en route to Korea.

The general said the corps' fighting arm, the fleet Marine force, numbered only about 25,000 when the Reds invaded South Korea June 25.

To get the necessary men, Cates said, some were taken from security forces at naval bases. Some were veterans of World War II and joined the division sept to Korea without any refresher training.

"The thing that's remarkable is the way that division was assembled," the general said.

"It was thrown together and it made a damn good team."

He put present strength of the Marine Corps at 120,000 and said he hoped to reach authorized strength of 160,000 men by the end of this year.

Communist Riots Are Expected In Ruhr Area

BONN, Germany, Sept. 29. (AP)—West German police rushed preparations today to meet an expected onslaught by thousands of rioting Communists in at least nine cities of the industrial Ruhr this week end.

From Hamburg in the northern corner of the allied zones to Cologne on the Rhine, cities were gripped by tension as police summoned reserves and warned the populance to stay off the streets and avoid public gatherings.

British authorities said intelligence reports indicate that Communist demonstrations will erupt in 9 or 10 cities despite allied and German bans.

Soldier Weeps in Korea

An American infantryman, his buddy killed in action, weeps on the shoulder of another soldier somewhere in Korea. Meanwhile, a corpsman goes about the business of filling out casualty tags.

Poses Problem Of Who Will Go On North

More Red Atrocities Are Discovered As Areas Cleared Out

By DON HUTH
(Associated Press Staff)

TOKYO, Sept. 29. — South Korean forces chased broken-down Communist invader units to the Parallel 38 border of Red North Korea tonight and then were called to a halt by the allied command.

The allied vanguard was pouring artillery fire on Red positions astride the line between the Red North and democratic South.

A U. S. 8th Army headquarters spokesman said the South Koreans were ordered to stop their advance and wait for what he called regrouping. He declined to say or speculate on what would happen after regrouping took place.

There was still no announced decision on whether the victorious allied armies in the south would strike into Red Korea to police it against any future invasion or Soviet-inspired uprisings.

ANOTHER QUESTION

Nor was there any indication that border-crossing might be left alone to the UN-armed South Koreans or other non-American allies as had been suggested in diplomatic circles elsewhere.

Among the suggestions was that Americans might be kept out of any police force going north of 38 in order not to provoke bordering Red China and nearby Soviet Siberia.

The advancing South Koreans in twin, armored prongs stabbed up to the Red border on the east coast.

Other South Koreans were reported nearing 38 due north of Seoul, the liberated Korean capital 30 miles south of the border.

Gen. MacArthur solemnly turned Seoul over to President Syngman Rhee Friday.

Then the 8th Army commander, Lt. Gen. Walton H. Walker of Belton, Tex., told correspondents at an interview in the capital:

"As far as we are concerned, the war is over. The enemy's army has disintegrated into ineffective pockets which have no real offensive power."

BIG QUESTION

He didn't elaborate on "we." But the lightning northward sweep of the South Koreans to the Red boundary posed a pressing question: Would heavily armed Korean Republican forces go across unaccompanied by other allied troops and wind up the war?

Non-Communist diplomatic capitals agreed generally that MacArthur had broad authority from the United Nations to smash across the boundary with whatever forces at hand that he wants to use. There was a move in the UN to make the authority specific.

AP Correspondent Leif Erickson, flying over the boundary on an observation mission, reported the Reds apparently were trying to make a stand on 38 some five miles south of Yangyang and two miles inland.

He saw shells from South Korean artillery hammering a ridge on the border. About 12 miles north of 38, a small village was in flames. But Erickson said he could spot no sign of the enemy either in vehicles or afoot from 12 to 15 miles north of the boundary.

BRIEF CEREMONY

An automobile caravan along the battle-rubbled streets of Seoul preceded the brief noon ceremony in which the capital was restored as a seat of government for President Rhee.

The staff cars were flown to Seoul's Kimpo Airfield from Tokyo and crossed the Han River over a pontoon brodge also flown to the capital. Hundreds of civilians lined the streets. Few applauded—evidently not comprehending the significance of the caravan.

In the battle-scarred capitol building, shortly before MacArthur appeared, security officers found and removed a bundle of dynamite with a wire attached. It was enough to have blown out the front of the big building, they said.

Rhee said justice would be met

(See UN TROOPS Page 8)

The Weather

WEST TEXAS: Generally fair this afternoon, tonight and Saturday. No important temperature changes.

EAST TEXAS: Partly cloudy this afternoon, tonight and Saturday. Scattered thundershoers along the coast this afternoon. No important temperature changes. Moderate southeast winds on the coast.

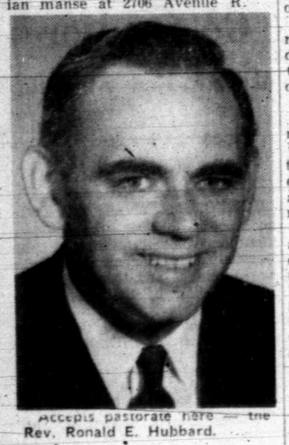

R. E. Hubbard Presbyterian Pastor Here

The Rev. Ronald Edgar Hubbard, who last week concluded a four-year pastorate at the Community Church, Kermit, will preach his first sermon as new pastor of the First Presbyterian Church here Sunday.

The new minister will preach both morning and evening services. The public is cordially invited and the membership of the church is urged to attend to extend a welcome to Mr. Hubbard.

TO MOVE SOON

The pastor, his wife, and two children will move Tuesday into the recently renovated Presbyterian manse at 2706 Avenue R.

Accepts pastorate here — the Rev. Ronald E. Hubbard.

Born and reared in Texas, Mr. Hubbard is the son of the Rev. Edgar Hubbard and Mrs. Hubbard of Lampasas, Tex.

During World War II, he served with the armed forces more than three years as chaplain, two years having been spent in Germany and France. Following the war he attended the seminary at the University of Edinburg, Scotland.

He was reared in San Antonio, where for 22 years his father was pastor of the Denver Boulevard Presbyterian Church. Mr. Hubbard was graduated from the Brackenridge High School in San Antonio. He received his bachelor's degree from Trinity University, then in Waxahachie, Tex., and took post graduate work three years in the McCormick Presbyterian Theological Seminary at Chicago, where he was graduated in 1942. Before volunteering for the service, he served two years as pastor of the First Presbyterian Church, Frederick, Okla.

In Kermit he served as chairman of the March of Dimes three years, and was chairman of the home service for the Red Cross as well as participating in Boy Scout work.

Last summer he was elected president of the Kermit Lions Club. He also served as moderator of the Presbytery of El Paso for one year.

Wedding Ring Class Names Committeemen

Mrs. Edward Bolger entertained last night with a spaghetti supper. Her guests were members of the Wedding Ring Sunday School Class, First Methodist Church. The group met in the basement of the church for the social, followed by a brief business meeting.

Functioning committees of the class were named as follows: visitation, Mr. and Mrs. Floyd Boston, Mr. and Mrs. W. W. Park, Mr. and Mrs. Frank Rose, Mrs. Joyce Walker, Mrs. Barbara Martin; corresponding secretary, Mrs. W. D. Jones; ways and means committee, Mr. and Mrs. Ross Hemphill, Mr. and Mrs. Bob White, Mr. and Mrs. Bill Ivy, and Mr. and Mrs. Bob Marler; spiritual life, Mr. and Mrs. Jim Rhodes, Mrs. Ovid Stanton; social, Mr. and Mrs. Lyles Stein; membership, Mr. and Mrs. H. F. Clark, Jr., Mr. and Mrs. Virgil Walton, Mr. and Mrs. Bob Gregg, Mrs. Peggy Damuth; and courtesy, Mr. and Mrs. Jim Rhodes.

Members present were Mr. and Mrs. Edward Bolger, Mr. and Mrs. Bob Cress, Mr. and Mrs. Jack Smyth, Mr. and Mrs. W. W. Park, Mrs. Ross Hemphill, Mrs. W. W. Adcock, Mrs. Lyman Yoder, Mr. and Mrs. Jim Rhodes, and Mrs. H. F. Clark, Jr.

Labor Gains Another Seat In Lower House

LONDON, Sept. 29. (AP) — A parliamentary by-election victory gave Britain's ruling labor party a six-seat majority in the house of commons today.

A. L. Ungoed-Thomas, prominent labor lawyer, was chosen to fill a vacant seat from the industrial city of Leicester by an 18,777 to 13,642 vote over Conservative H. A. Taylor, London journalist. The election was held in a working class district.

The labor party's hair-thin margin in the 652-seat house of commons had been cut to five last August with the resignation of Labor M. P. Albert Raymond Blackburn.

The laborites also retained a London council seat in another by-election yesterday.

Economic Controls, High Taxes Seen Continuing Long Period

Editor's Note: Business and industry are gearing for an indefinite period of controls and restrictions in carrying out their role in the nation's rearmament program, more aware than the general public that we are entering an economic "twilight zone" of neither war nor peace. Their problems are analyzed by Sam Dawson, Associated Press business news columnist, in the following article, the second of two on the coming impact of the defense program.

By SAM DAWSON

NEW YORK, Sept. 28. (AP) — Many businessmen are getting set to enter the twilight zone of defense mobilization. It will be a strange period, with war-type controls without the sound of guns.

The nation's economic activity already is at a postwar high, as industry and trade work as fast as they can to make and lay up stores of civilian goods.

AFTER ELECTIONS

But most businessmen seem more aware than a large part of the public that, unless the chart of the re-armament program is changed, it will set in, probably soon after the election, with blasts of restrictions and controls.

Over-all production will continue at a high prosperity peak. Almost everyone will be working, at good pay, even if paying large taxes. But businessmen are being bombarded this week with official warnings of the curbs and annoyances that will go with it. All industry—even if not directly engaged in defense production—will have some government agency always peering over its shoulder.

NO WORKER POOL

Here is what the crystal gazers see ahead for business:

1. Labor: Wages are on the way up in many industries. Some expect unions to ask for still higher pay by the end of the year.

Already some companies are scrambling for workers—in sharp contrast to the start of World War II, when there was a large pool of jobless men.

The labor department estimates that a full-scale mobilization would mean a drain of 6.6 million workers from production of purely civilian goods. (That is around 10 per cent of the present total labor force.)

2. Profits: Production rates will be high—especially for those in defense work—but earnings will be milked by taxes. Corporate income tax rates go up next week, may rise again next year.

An excess profits tax is promised by the present congress.

TO TIGHTEN MONEY

3. Money: Bankers, at their annual meeting here this week, say they look for a federal reserve drive to make money scarcer, interest rates higher, the volume of business loans smaller, bank reserves (idle money) larger, and consumer credit smaller. As installment buying curbs tighten, some merchants' totals will drop.

But money is going to be easier for the defense producer to get. Government guarantees of bank loans to boost defense output were made available Wednesday.

4. Controls: Price and wage controls are widely expected.

Government stockpiling of strategic materials is growing, at the expense of industries scrambling for scarce materials.

STILL A BARGAIN

5. Construction: Home building, one of the chief props of this year's prosperity, may drop sharply next year. To some extent, expansion of industrial plants will take its place.

If there is no shooting, all of the shortages, controls, interference with business will seem doubtly irksome. But Washington says it's the only way to attain the defense goals.

These are reported to be: Three million men under arms; an Army of 18 divisions; an Air Force of 90 to 100 groups; and a Navy built around 27 carriers.

They are going to cost you a lot. But if they prevent an all-out World War III, they'll be a bargain.

Argentine Government Takes Over School Catering To British

BUENOS AIRES, Sept. 29. (AP) — A British-owned private school criticized for its teaching methods by the ministry of education has been ordered placed under Argentine direction.

The ministry accused fashionable St. George's College of irregularities, including corporal punishment and teaching of anti-Argentine sentiments. It ordered a government interventor to take over administration of the school, which caters to children of Britons living here.

Pan American Grants General Wage Increase

A general wage increase of six per cent for all employees of the Pan American Production Co. and Pan American Gas Co., affective Oct. 1, was announced in a release yesterday.

E. R. Tinker, Pan American president, said in the release that the minimum increase will be 10 cents an hour for hourly paid employees and $17.33 per month for salaried employees. The maximum increase for salaried employees will be $30 per month.

Presbyterians Remodel Manse And Church

Remodeling of the First Presbyterian Church, including new decoration throughout, has been completed, and the remodeling of the manse is expected to be finished soon.

The basement of the church building was refinished entirely, all woodwork being repainted, walls which had never been before completed were finished.

One of the greatest forward steps in the project was the building of a nursery in the basement, which has been decorated in pink and blue and furnished with three cribs, a table and chairs, and other items necessary for the care of children.

The church kitchen was also rebuilt with new cabinets and the installation of a water heater.

All wooden floors in the building were sanded and varnished, pews were refinished, walls redecorated, woodwork revarnished, and all woodwork on the outside of the brick structure was also repainted.

At the manse, north of the church, a double garage and breezeway were constructed. The dwelling is being completely remodeled inside.

Old style fixtures in the bath were replaced with those of modern design, and the kitchen was rebuilt with new cabinets throughout. The house was altered also to provide more clothes closet space.

All walls were repapered, floors and woodwork refinished, and a complete new roof has been added.

The remodeling projects were done in view of the coming of the Rev. Rohald E. Hubbard, the recently called pastor, who will arrive here Sunday from Kermit.

Republican Candidate For Colorado Head Post Is Former Texan

PUEBLO, Colo., Sept. 29. (AP) — Dan Thornton, stockman who was born and reared in a Texas Democratic family, has been named Republican candidate for governor of Colorado.

The handsome, 39-year-old Thornton, a one-time movie actor, now lives at Gunniuon, Colo. He will oppose Democratic Gov. Walter A. Johnson, seeking his first full term.

Thornton is a native of Hall County, in West Texas. His parents, Mr. and Mrs. Clay Thornton, live at Slaton, Tex. He was named a candidate by the Republican vacancy committee, which announced Thornton's selection last night.

The committee had the task of replacing Candidate Ralph L. Carr, former governor, who died last Friday night. It named Thornton after considering 21 other possible candidates.

Missionary From India To Visit in Snyder

Church H. Smiley, a missionary to India since 1921, will be a guest speaker on three occasions next week at the First Christian Church.

Sunday morning he will talk at the Sunday school assembly. Sunday night he will give a lecture on his work as a missionary, illustrated with a film made in the Orient.

Monday night he will meet with the Women's Council of the church. Smiley is in the United States

On furlough from Orient — Church H. Smiley.

for a furlough this year with his wife and family. His missionary work is supported through the United Christian Missionary Society, of the national board of Christian Missions and Education for Disciples of Christ.

For many years, Mr. and Mrs. Smiley have been stationed in Bilaspur in the Central Provinces of India, where Smiley has had charge of evangelistic work in that city and the surrounding villages.

Working with a corps of trained Indian evangelists, Smiley directs preaching in the villages, establishment of churches, juvenile and adult education, and medical help.

For four years the American family was at the Damoh station.

Smiley is a graduate of Cotner College, Lincoln, Neb., and of the College of Missions, Indianapolis. He has a M. A. degree from the University of Chicago.

Wage Increase Won By Dallas Workers

DALLAS, Sept. 29. (AP) — A 10-cent hourly wage increase has been won by some 3,000 Texas Engineering and Manufacturing Co. employes, and about half the group got other benefits that add up to a total 25 cents.

CIO United Automobile Workers Union leaders hailed the raise yesterday as the first boost in the aircraft industry since the Korean war started.

In another development yesterday, CIO workers for Braniff International Airways received a 10-cent general wage boost retroactive to Sept. 1. It will go to 650 maintenance workers who called off a threatened strike as the new two-year agreement was signed.

Community Aids Family Of Soldier Killed On Korean Battle Front

KEARNY, N. J., Sept. 29. (AP) — This community is observing a three-day period of mourning for Pvt. Johnny Dugan, Jr., first soldier from Kearny killed in Korea.

The tragedy brought a postponement of eviction yesterday for Dugan's parents and their five surviving children.

Their landlord had obtained a certificate from the housing expediter permitting eviction in order to remodel the modest apartment. But yesterday he sent a telegram putting off the eviction because of the "unfortunate occurrence."

"We's searched our heads off for another apartment, but nobody wants to rent a place to a family with six children—five children, I mean," said Johnny's father, a factory worker.

Conservatives Won't Outlaw Communists

LONDON, Sept. 29. (AP) — If Winston Churchill's Conservatives ever get back into power, they apparently will not ban the Communist Party from Britain.

This was indicated last night, when the Conservative Party's executive committee barred from debate at the party's annual convention Oct. 12 four resolutions calling for a ban on Communism as a plank in the conservative platform.

Instead, the committee accepted as the sole item for debate on this subject, a resolution which "deplores the continued growth of international Communism under the leadership of Soviet Russia. . ." and says that under conservative rule "Britain will make it clear that she will employ every legitimate means to combat the insidious advance of Communism."

Austin Says U. S. Is Praying For Peace

NEW YORK, Sept. 29. (AP) — Warren R. Austin, chief U. S. delegate to the United Nations, says about half the letters he gets include a prayer for peace.

"The United States is praying for peace," he told a conference of the National Congress of Parents and Teachers yesterday.

Austin said many of the letters sent to the U. S. delegation are from children who show a growing awareness of the problems of peace and offer good, sound ideas on the subject.

Doesn't Like Postman

PHILADELPHIA, Sept. 29. (AP) — Lucky, a sad-eyed collie, is well into the fourth month of a sitdown strike, its owners, Mr. and Mrs. Clarence S. Damon, said today.

The dog, except on rare occasions, refuses to budge from a letter box near its home. Lucky had been accustomed to join Postman Arthur B. Donovan and accompany him on his rounds.

Donovan was shifted to another route and Lucky has refused to fraternize with his successor.

The dog eats little and is losing weight.

Something Missing On Fourth Meeting

BALTIMORE, Sept. 29. (AP) — Theodore Roosevelt McKeldin, Republican candidate for governor of Maryland, greeted one man four times in the space of a short city block yesterday.

The voter stopped three times in the block — once to buy a package of cigarets, once to buy a newspaper and again to look into a shop window.

He said each greeting was as cordial as the first.

But the fourth salutation appeared to be missing something.

After a moment's reflection, he thought of what it was — no handshake and no picture.

Consecration Of New Bishop In Dallas Today

DALLAS, Sept. 29. (AP) — The Rev. Gerald Francis Burrill was to be consecrated today as suffragan (assistant) bishop of the Dallas Diocese, thus becoming the 500th bishop in the history of the Protestant Episcopal Church.

Father Burrill was elected by a special convention of the Dallas Diocese last spring. He had served as rector of Christ Church, Williamsport, Pa., since March, 1946.

Says Truman In Conspiracy

INDIANAPOLIS, Sept. 29. (AP) — President Truman and Secretary of Defense Marshall, says Sen. Capehart (R-Ind), "are conspiring to oust" Gen. MacArthur from his Far East command after the Nov. 7 election.

"Government circles in Washington are conscious of the bitter animosity held by President Truman and Gen. Marshall against Gen. Douglas MacArthur," Capehart told a Republican rally in suburban Southport last night.

Capehart, campaigning for re-election, said MacArthur has advocated supporting China's Nationalist government and "opposed the Marshall-Truman policy which delivered China to the Reds" and "brought on the Korean war."

Capehart added that Gen. MacArthur "warned the President not to withdraw our troops from South Korea in the first place because it would take the blood of our boys to recover it if we left South Korea helpless, but that is exactly what happened."

Texas Jersey Stock Show In Corsicana

CORSICANA, Sept. 29. (AP) — "Draconis Token Design," owned by Herman Heep of Buda, was chosen grand champion bull of the fifth official Texas Jersey Stock Shaw yesterday.

The reserve grand champion award went to Knolle Jersey Farm of Sandia.

About 246 animals are entered in the show, which continued today.

Gridiron Elite Meet Saturday

By WILL GRIMSLEY
(Associated Press Staff)

NEW YORK, Sept. 29. — Notre Dame, Army and Oklahoma pick up the strings of college football's guadiest success streaks tomorrow, making their season bows on a loaded program.

All of the gridiron elite will be in action across the land as the "one-two-hep" boys try to steal some thunder from baseball's approaching World Series.

The No. 1 attraction is at South Bend, Ind., where the Fighting Irish, tabbed as the country's mightiest, are host to the North Carolina Tarheels.

Army, undefeated in 20 straight games, will be unveiled at West Point with Colgate furnishing the opposition. Earl Blaik's Cadets have been rated second behind Notre Dame in the pre-season Associated Press poll.

Oklahoma's Sooners will make their debut at Norman against Denny Myers' Boston College, which was held to a 7-7 standstill last week by Wake Forest. The Sooners are favored to extend their winning streak to 22 games.

The pass-throwing Southwest and the solidly tough Midwest match might result in two of the best games of the day.

Southern Methodist, boasting one of the season's most highly rated backs in Kyle Rote, invades Columbus to test Ohio State's Rose Bowl champions. Texas' Longhorns, meanwhile, are at home with another big ten stalwart, Purdue.

Other intersectional plums will see Rice, the Southwest Conference titlist, meeting Santa Clara at Houston and Southern California playing Iowa at Los Angeles. The latter game is tonight.

Alabama and Tulane knock heads at New Orleans in the game that has Southerners drolling.

Hermleigh Is 14-7 Winner

Hermleigh and Hobbs High School football teams clashed last night at Hobbs in a rough conference tilt which left the Hermleigh eleven on top 14-7.

Approximately 300 spectators saw Hermleigh's backs Floyd Hacker and Dickie Wall carry the pigskin over in the second and third quarters for scoring. Wall took the ball across the line for an extra point and Fullback Donald Fritz kicked another to complete their 14 points.

Three long passes from Hobbs Quarter Bill Etheridge took Eng Bud Neves downfield for the Hobbs touchdown. Etheredge ran over for their extra point.

Hermleigh Coach J. N. Williams, who took them to District 6B championship last year, will take them to Rule next Friday night for a non-conference play. W. C. Hodges and his eleven will go into a conference game at the same time in Bronte.

Dixie Series On To Texas

SAN ANTONIO, Sept. 29. (AP) — San Antonio of the Texas League and Nashville of the Southern Association resume the Dixie Series here tonight with things all even.

Each had won a game when they finished up at Nashville Wednesday night and came to Texas to play three more.

A crowd of 10,000 is expected for the first home game for the Missions.

Red Barrett was nominated for hurling duty for Nashville with John Pavlick on the mound for San Antonio.

Nashville won the first game at Nashville Tuesday night 11-5 but San Antonio took the next one 10-5.

Bates Captains Aggies

COLLEGE STATION, Sept. 29. (AP) —The Texas Aggies will be captained by Bob Bates senior center from Fort Worth, in their football game against Texas Tech Saturday night. Coach Harry Stiteler named Bates as game captain yesterday and said 45 A&M players will make the trip to San Antonio.

Probable pitchers for tomorrow's Major League games (won and lost records in parentheses):

AMERICAN LEAGUE
Washington at Boston—Kuzava (9-10) vs. Masterson (8-6).
Cleveland at Detroit—Garcia (11-10) vs. Gray (10-7).
(Only games scheduled)

NATIONAL LEAGUE
Boston at Brooklyn (2)—Bickford (15-13) and Burkett (5-1) vs Roe (18-11) and Newcombe (18-11).
Chicago at St. Louis—Night)—Minner (8-12) vs. Boyer (7-8).
(Only games scheduled).

Albany Slightly Favored In Contest With Snyder Tonight

Hard-hitting Tiger gridmen will journey to Albany Friday for their last non-conference game and first out-of-town tilt.

And this isn't going to be any easy game, not even after the Tigers ran over the Chiefs to give them a bad beating last week.

Both Electra and Eastland, which were both Class AA teams last year, bowed to the Albany eleven in early-season tilts. But Winters, which took the Tigers 18-6, also went over the Albany team to a close score of 7-0.

That still leaves the team the Tigers are visiting in favor, but our boys surprised us last time when they went onto the gridiron ready to play ball.

The game will be played at the Albany High School stadium at 8 tonight, and the Snyder score might look good if the visiting bleachers have a crowd in support of the Tigers.

A balanced single-wing offensive is going to be used by Albany Coach Elwood Turner. His key men are Quarterback Witherspoon and Halfback Allman.

Officials for the game will be Bob Stone, referee; Malcolm Anthony, umpire; Wayne Roberts, head linesman; and Alex Crowder, judge.

OFFENSIVE LINE-UP

Snyder	No.	Wt	Pos	Wt.	No.	Albany
Bearden	89	163	E	155	75	Steddum
Voss	86	150	E	155	30	Martin
Keller	76	182	T	178	15	McKeever
Stokes	75	163	T	190	14	Gallion
McCormick	67	159	G	168	13	Edgar
Tate	77	177	G	170	12	Vierte
Teaff	52	167	C	160	25	Scott
Coffee	20	124	B	170	28	Witherspoon
Green	32	150	B	155	22	Allman
Woods	24	147	B	150	17	Morrison
Harrison	10	144	B	170	23	Burton

Grimmitt, No. 42, 136, will double with Harrison on a halfback position. Defensive substitutes for the Tigers are Birt, 217, No. 79, tackle; Thornton, 205, No. 78, tackle; and Sims, 124, No. 22, back.

Schoolboys To Meet Tonight

(By the Associated Press)

A flock of undefeated, untied records go on the line tonight in Texas schoolboy football.

Top games send Lubbock against Sweetwater at Sweetwater and Highlant Park (Dallas) at Sherman in Class AA and Thomas Jefferson (San Antonio) to Austin in a clash between City Conference and Class AA powers.

All except Thomas Jefferson are undefeated and untied. Jefferson is the defending City Conference champion.

A smattering of games was played last night over the state.

In Class AA Port Neches slaughtered Jesuit, Dallas independent, 51-0.

In the City Conference Crozier Tech (Dallas) whipped Amon Carter-Riverside (Fort Worth) 33-6, Arlington Heights (Fort Worth) swamped Stephenville of Class AA 54-6, Robstown of Class A downed San Antonio Tech 26-0, Burbank (San Antonio) beat Central (San Antonio) 13-0 and San Jacinto (Houston) defeated St. Thomas (Houston) 12-7.

Loyola Won't Play In Texas

LOS ANGELES, Sept. 29. (AP) — Loyola University of Los Angeles, with potentially one of its best teams in recent years, has chosen to forfeit the game with Texas Western College at El Paso Saturday because of restrictions against Negro players.

Only one Loyola Negro athlete, Halfback Bill English, was scheduled to make the trip today, but the Rev. Charles S. Casassa, president of Loyola, declared:

"We cancelled the game not only because of public opinion here in Los Angeles, but generally throughout the country. Several schools have refused to play in the South unless they could use all their players, white or Negro. We felt the same way."

Father Casassa said he so advised Dr. W. H. Elkins, Texas Western president, last night after Loyola authorities considered the decision two days.

"The Texas Western people have been very decent about the problem," said Father Casassa, "but they couldn't do anything against the policy laid down by the Texas Board of Regents, who control Texas Western."

Loyola has two Negro players on the squad, but the other, Fullback Vernon Horn, was injured and was not slated to make the trip. The Lions also have a Negro trainer Oscar Cunningham.

The decision was reached "regretfully," Father Casassa said, and Coach Jordon Olivar was kept informed of developments.

Olivar, former Villanova head man who came here last year, has developed a team which many experts placed among the strongest independents on the coast. The 1950 Lions opened their season last week with a 50-13 victory over Pepperdine after winning the last five games on their 1949 schedule.

Rain Would Wash Away Last Hopes For 2nd Place Teams

(By the Associated Press)

"Rain, rain go away, come again some other day."

That's what the second place teams in the major league pennant races are chanting today. This is especially true of the beleaguered Brooklyn Dodgers, and to a lesser extent, the Detroit Tigers.

Rain threatens to wash out what little chance the Dodgers and Tigers have to catch the Philadelphia Phillies and New York Yankees, respectively.

The Phillies in the National and the Yanks in the American assured themselves yesterday of finishing in no worse than a tie for the pennants in their respective leagues.

Brooklyn, in order to tie the Phillies, must beat Boston twice today and the Phillies on Saturday and Sunday. The Phils are idle today and can clinch if the Dodgers split. Detroit, in order to tie the Yanks must win all three of their remaining games against Cleveland while the Yanks, idle today, drop single games to the Boston Red Sox on Saturday and Sunday.

RAIN WOULD HURT

However, Brooklyn is in danger of having its thin chance wiped out. The Dodgers are scheduled to play their third doubleheader in as many days against the Braves at Ebbets Field and the weather forecast is showers.

If rain prevents the twin bill from starting at the scheduled 1:30 p.m. (EST), the games will be started as soon as possible. If necessary, the games will be played at night.

National League President Ford Frick said early today that the doubleheader will be played "if at all possible." Conceivably this means that the teams can play all night if necessary, as the National has no curfew on week day night games.

However, if the games are rained out, the Dodgers will be washed out of the pennant picture since Boston is scheduled to play the New York Giants over the weekend while the Dodgers entertain Philadelphia.

Rain also threatens today's game between Cleveland and the Tigers in Detroit, but there's ample opportunity to make it up as part of a doubleheader on Saturday or Sunday.

BUMS MISS CHANCE

Brooklyn missed the boat yesterday by dividing a doubleheader with the Braves while the staggering Phils dropped their second twin bill in as many days to the New York Giants. Philadelphia's once imposing lead now stands at three games.

The Dodgers won the opener, 6-5, but lost the nightcap, 8-4. The Phils were beaten by identical scores of 3-1.

Brooklyn pulled the opener out with a four run rally in the seventh innings before defeating the tail-American League cast-off, Sid Gordon started the Dodgers on the road to ruin in the nightcap. He tripled with one out in the seventh inning and scored when Jackie Robinson fumbled Tommy Holmes' grounder to shove the Braves ahead, 4-3. Del Crandall followed with a home run and the game was in the bag.

Sal Maglie and Sheldon Jones turned back the Phils. Maglie stopped the Phils on five hits to gain his 18th victory. Two home runs by Bob Thomson put Maglie in the winner's circle.

Jones scattered seven hits in outdueling Robin Roberts. The Giants broke a 1-1 tie in the seventh inning, scoring twice when Whitey Lockman blooped a single to left with the bases loaded.

The Yanks were forced to go 10 innings before defeating the tailend Philadelphia Athletics, 8-6. Phil Rizzuto doubled home Cliff Mapes with the tie-breaking run and then scored the clincher on Yogi Berra's single.

HENRICH GETS HIT

Tommy Henrich delivered a run-scoring pinch-hit, single in the eighth to put the Yanks in front, 6-5, only to have Joe Tipton send the game into overtime with a homer in the ninth.

Detroit stayed alive by edging the St. Louis Browns, 4-3, in 12 innings. The Browns held a 3-2 lead going into the ninth when Aaron Robinson, the goat in Sunday's loss to Cleveland, socked a pinch-hit homer to send the game into overtime.

Pat Mullin walked to start the Tiger 12th. Hott Evers bunted down the third base line but Don Lenhardt had trouble picking up the ball. Lenhardt finally found the handle and when he spied Mullin streaking for third, he fired the ball in that direction but no one was covering and the ball sailed into left field and Mullin romped home to win the game.

In the two other games the St. Louis Cardinals blanked Cincinnati, 7-0, in a night contest, and the Boston Red Sox edged Washington, 4-3. Cleveland and Chicago, in the American, and Pittsburgh and Chicago in the National, were rained out.

Suggs and Zaharias Lead In Tournament

WICHITA, Kan., Sept. 29. (AP) — Golf professionals Louise Suggs and Babe Didrikson Zaharias were queen-pins today after one round of the Women's National Open Tournament, but four amateurs trailed close behind.

The $5,000 four-day meet started yesterday.

Miss Suggs, the defending champion from Carrollton, Ga., playing out of Cincinnati, turned in an opening round 74. It was the only sub par round on the 6,203-yard par-75 rolling hills country club course.

Mrs. Zaharias made the first round in even 75.

The amateur class had Beverly Hanson, of Indio, Calif., the new national champion; Betty Bush, of Hammond, Ind.; Betsy Rawls, of Austin, Tex., and Ann Casey Johnston, of Mason City, Ia., only two strokes off the pace with 76s.

Two other former open champions, Patty Berg of Minneapolis, and Betty Jameson, of Dallas, were in the 77 bracket with Alice Bauer of Midland, Tex.

Marilyn Smith, Wichita, and Shirley Spork, Detroit, both pros, had first-round 78s, a stroke better than little Marlene Bauer, Midland.

S.M.U.-Ohio State To Be Game Nation Will Have Its Eyes On

(Associated Press Staff)

The Southwest Conference plunges into the heart of its intersectional schedule tomorrow favored to win three of its four games against outside foes.

The headliner is Southern Methodist's clash with Ohio State of the Big Ten at Columbus, O. This also is a national feature and means much to the Southwest in its search for the top rung in collegiate football.

But this is the one game the Southwest isn't supposed to win according to the odds-makers, who are establishing Ohio State, the Rose Bowl champion, as a three-point favorite.

Otherwise the odds say this section should triumph with comparative ease against teams of other areas. Texas, for instance, is a 14-point selection against Purdue of the Big Ten at Austin. Rice is given a 12½-point bulge over Santa Clara of the West Coast in a night game at Houston and Texas Christian is a 10-point favorite over Oklahoma A&M at Stillwater, Okla.

Three games will be sectional affairs with Arkansas meeting tough little North Texas State at Fayetteville, Baylor engaging fair-to-middling University of Houston at Waco and Texas A&M clashing with rugged Texas Tech at San Antonio in a night tussle.

The odds say A&M will trim Tech by 13 points and Baylor and Arkansas, while not quoted as to points, are heavy favorites to beat Houston U. and North Texas respectively.

It will be a day and night when the Southwest Conference draws its greatest attendance in history. Some 78,000 will turn out at Columbus, Rice expects 70,000 for its game with Santa Clara, Baylor is due to have 35,000 and Texas looks for 50,000 — and that's over 230,000 for just four games.

The Aggie-Tech game at San Antonio will attract 21,000 while there will be 16,000 at Stillwater and 15,000 at Fayetteville. The grand total for the seven games will be approximately 285,000.

It also will make the formal opening of two new magnificent stadiums — at Waco and at Houston. Baylor's new Waco is not complete but will hold 49,000 when it is. Rice's is complete and handles 70,000. Sixty-five thousand tickets already have been sold at Houston.

The Texas Aggie-Texas Tech game will be quite important along the home front, furnishing a comparison between the resurging Aggies and Texas, the conference favorite, which had trouble beating Tech 28-14 last week. A&M strapped Nevada 48-18 Saturday night but Nevada had little and this can't be used to indicate the Aggies are strong.

Purdue is an unknown quantity having not yet played a game and not supposed to be good anyway. Ohio State, however, has a fine nucleus from its Rose Bowl squad and if Southern Methodist can knock down the Buckeyes it should climb well up in the national rankings.

Santa Clara lost to California last week 27-9, indicating that the Broncs are only a fair team since California doesn't seem anywhere near up to last season.

Baylor, angry over a 7-0 upset at the hands of Wyoming last week, should find once-beaten University of Houston easy enough. Arkansas, though, could run into trouble against the veteran Eagles of North Texas State.

Four of our six selections came through last week — an average that matches our bank account. We should improve this week since we have more games with which to work.

Texas vs Purdue at Austin—Texas by three touchdowns; a maddened Longhorn is tough on a Yankee visitor in the September heat of Texas.

Arkansas vs North Texas State at Fayetteville — too much power; Arkansas by two touchdowns.

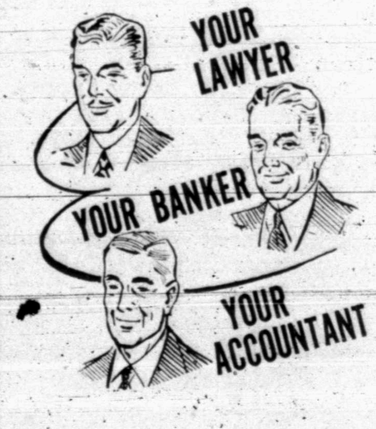

Baylor vs University of Houston at Waco — University of Houston will enjoy looking over that wonderful new stadium but not the result of the game — Baylor by three touchdowns.

A World dwarfed by the shadow of the Cross!

It is the symbol of a day when earthly turmoil and tension are calmed by heavenly vision . . . when men's hearts turn in unison toward God.

That day is World-Wide Communion Sunday. Millions of Christian men and women in every corner of the Earth will come to their churches. Together, according to the customs of their Faith, they will worship and pray. Then, reverently, they will participate in the world's most sacred religious rite—The Lord's Supper.

We all pray that the symbol of this day will, at length, become the symbol of a year, a century, eternity. A World dwarfed by the shadow of the Cross is Christianity's unwavering aim!

As you and your family—and your neighbor and his family — worship Christ on World-Wide Communion Sunday, we move together toward that cherished goal!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of chgracter and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Fashion Parade of Other Days At Wedding Gown Silver Tea

Bridal gowns of yester-years passed in a stately procession yesterday afternoon at the wedding gown tea, sponsored by the Women's Society for Christian Service of the First Methodist Church.

The home of Mrs. R. H. Curnutte, 2306 Thirty-second Street, was filled to capacity for each of the four showings.

Mrs. Oscar Weber, chairman of the tea, and her helpers estimated at 7 o'clock last night that 300 women had passed through the receiving line and $210 had been taken in. Assisting Mrs. Weber in presenting the huge affair to raise money for the building church's fund were Mrs. F. W. Cloud, the gown chairman; Mrs. R. L. Gray, refreshments; Mrs. Dick Sanders, registering; Mrs. H. P. Brown, president of W.S.C.S.; Mrs. J. C. Stinson, program chairman; Mrs. H. W. Sanders, decorations; and Mrs. Curnutte, Mrs. W. W. Adcock, Mrs. Weber, and Mrs. Jack Burleson, receiving hostesses.

The narrator, Mrs. R. E. Gray, gaily apprised the guests that she was wearing "a night gown from my mother's trousseau. As each bride moved into the spotlight, Mrs. Gray described her courtship, costume and history.

FROM 1908

Mrs. Fritz R. Smith wore her own wedding gown, of 1908 vintage, still beautiful, the creamy Battenburg lace as fresh and delicate as ever. Mrs. J. H. Hamlett's much-talked-about gown, modeled by Miss Lucy Barton, was of China silk, with wide white ribbons forming a dainty effect at collar and cuffs. This gown is 57 years old.

Mrs. R. C. Grantham's gown was modeled by Miss Camille Cloud. Of brocaded silk, it bore the elegant marks of another day — wasp waist, leg-of-mutton sleeves. Mrs. W. R. Bell, Jr., modeled the gown worn by her mother-in-law, Mrs. W. R. Bell, Sr. Of Battenburg lace over satin, it was complimented by white kid slippers with beaded and pointed toes and spooled heels.

Mrs. Scott Casey, modeling her own gown of white satin with seed pearls embroidered at the sweetheart neckline.

Mrs. Louise Johnson's gown, worn by Mrs. Billy Jean Slovacek, drew the most comment. Her small daughter, Cassandra, helped her manage the sweeping train, and well.

GAY TWENTIES

Mrs. J. D. Scott's gown prettily represented the gay twenties, when frocks were shorter, with uneven hem lines of flimsy silk lace, this gown was modled by Miss Bylly Alford. Mrs. Lyman Yoder's bridal gown was modeled by Miss Billy Kay Webber.

Mrs. H. W. Sanders, furnished the dramatic touch in her sweeping ice blue gown with a generous train. She bore a bride's fabulous bouquet of pale pink rosebuds. Mrs. Floyd Boston modeled her own gown, eye-catching with its frisky little bustle.

Mrs. Roland Bell, Jr.'s frock of white net lace over appliqued satin was modeled by Miss Shirley Ann Weber.

Strains of traditional wedding music accompanied the showings. Mrs. A. C. Preuitt played for the first hour with Mrs. Jim Rhodes, vocalist. Mrs. Novis Rodgers played the piano at the second hour. Mrs. Hugh Boren singing. Mrs. Ophelia Blackard played for the next two hours. Miss Mary Ann Doak accompanied Miss Cinda Barbara Blackard and Miss Barbara Cockrell during thsi interval, and Mrs. Jim Rhoues gave a solo.

Mrs. Rodger Hostess To Wednesday Club

Mrs. Novis Rodgers was hostess Wednesday to the Wednesday Bridge Club at the Country Club. Mrs. Rodgers had arranged fall flowers at the lunch tables and in the card room.

Mrs. Ophelia Blackard won the high score prize, Mrs. B. L. McKinley the traveling prize, and Mrs. G. B. Clark the bingo prize. Mrs. Charles Cooper won guest high score.

Mrs. Rodgers had invited as guests Mrs. Cooper, Mrs. Flay Joyce, and Mrs. Weldon Johnson.

Members present were Mrs. N. R. Clements, Mrs. Herman Doak, Mrs. Billy Boren, Mrs. Garrett Harrell, Mrs. R. C. Miller, Mrs. Blackard, Mrs. McKinley, and Mrs. Clark.

Mrs. Miller will be hostess to the club next meeting.

Party For Visitor

Eleanor Ann Sanders, assisted by her mother, Mrs. Dick Sanders, entertained Wednesday with a picnic luncheon honoring her young friend, Cassie Slovacek, who is visiting here with her grandparents, Mr. and Mrs. Lloyd Wilsford, 1707 Twenty-eighth Street.

The group gathered at Memorial Park, and Mrs. Sanders provided each guest with a picnic sack filled with lunch and favors.

Attending were Beckie Kent, Rickey Kent, Margie Sanders, Johnette Nystrom, Eleanor, and Cassie, the honoree.

Mr. and Mrs. R. B. Sears, 3301 Avenue U, had as visitors yesterday Mr. and Mrs. Ralph Roff from Midland. The Sears and the Roffs went dove hunting in the country last night.

Talk of the Town

From the Dallas Society for the Prevention of Cruelty To Animals comes a sheet of suggestions. The dog demise in my own family proves, unquestionably that working mamas are not the best owners for perishible young canines. But if you have the leisure and patience to coddle your mutt, you might care to read what S.P.C.A. recommends.

"Do not take a puppy away from its mother until it is seven weeks old. Do not bathe puppy until it is six months old. Do not handle puppy very much, especially in hot weather. Do not worm puppy unless definite signs of worms appear in stools. In very hot or very cold weather keep a young puppy indoors most of the time. Start teaching your puppy obedience when it is three months old.

"By using a pinch of sulphur in your puppies' and dogs' food daily you will find that fleas and ticks will not stay on your pet very long. Discontinue its use when flea season is over. Raw garlic given to your pet daily will save the necessity of worming.

FEEDING SUGGESTIONS. 6 weeks to 2 months feed four times a day. 2 months old to 4 months 3 times a day. 4 months to 6 months 2 times a day. Feed milk and pablum — raw egg yolk (not the white) cooked or raw meat, fish — raw liver or kidneys — soups and table scraps but NO POTATOES — CHICKEN BONES OR BEANS OTHER THAN STRING BEANS. If your puppy gets sick or hurt, call our local veterinarian at once.

Lady Cowpoke in Jail

Mrs. Amelia Bange, sporting cowgirl apparel, is led to a cell in Philadelphia following a magistrate hearing at which she was held in bail on a charge of aggravated assault and battery, and violations of the firearms act. The 47-year-old "cowgirl", using a 22 caliber rifle, wounded her husband Herman, 67—and exchanged shots with a band of policemen.

Hotel Strike During World Series Looms

PHILADELPHIA, Sept. 29. (AP) — A hotel strike in Philadelphia during the World Series loomed as a definite possibility today.

In a joint statement last night, AFL and CIO unions announced 4,000 workers will leave their jobs at 15 major hotels Sunday midnight unless new contracts have been signed.

If the Philadelphia Phillies win the National League pennant, the first two games of the series would be played at Shibe Park.

A hotel strike also would affect the Master Brewers Convention scheduled for next week.

The announcement was made by officials of the CIO-Hotel, Restaurant and Bartenders Union and the AFL-Hotel and Club Employes Union.

The hotels involved are the Bellevue-Stratford, Adelphia, Benjamin Franklin, Essex, Ritz-Carlton, Walnut Park Plaza, Penn-Sheraton, Sheraton, Warburton, St. James, Normandie, Warwick, Drake, Sylvania, and John Bartram.

A joint union committee said it would seek a $3 weekly increase for workers now making $32 a week or less, $2 more than those making from $32 to $40, and $1 a week raise for those receiving more than $40. The AFL contract expires midnight Saturday while the CIO union and the hotels have been negotiating on a new contract since last April.

J. Martin Hardy, president of the Philadelphia Hotel Assn., said the unions' demands came as a surprise to the association.

"We are coming into a season," Hardy said, "in which we hoped that the hotels and hotel employes will find some measure of prosperity . . . yet here we are faced by the ill-advised action on the part of the union officials who would deprive their members from working and throw them into a strike which they cannot afford."

Quake Hits Italy

RIMINI, Italy, Sept. 29. (AP) — An earthquake shook this Italian city earthquake shook this Italian city on the Adriatic early today. No damage has been reported.

Batters may not agree, but William A. Cummings, credited with the invention of the curve ball, is a member of baseball's Hall of Fame, selected for meritorious service to baseball.

PERSONALS

Dr. D. M. Wiggins, president of Texas Technological College, was a luncheon guest of C. T. McLaughlin here yesterday. Mr. McLaughlin is a member of the board of directors of the Texas Technological Foundation.

Mr. and Mrs. Leland Desmond, 400 Twenty-fifth Street, are parents of a duaghter born Wednesday in the Snyder Hospital.

Mr. and Mrs. Cyril Clayton, route No. 1, are parents of a daughter born yesterday at the Snyder Hospital.

Mrs. L. F. Sterling, 1708 Avenue S, spent the past week end in Canyon, Tex., where she visited her daughter and family, Mr. and Mrs. Elmer Cumming. Mrs. Sterling also visited the Amarillo Fair while she was away.

Mr. and Mrs. William Branham, 2704 Avenue G, have as a visitor Mrs. Branham's mother, Mrs. N. K. Graham from Wynnewood, Okla. Mrs. Graham plans to visit here for two weeks. Mr. Branham's mother, Mrs. R. M. Branham, left yesterday, after a ten days' visit. She returned to her home in Pauls Valley, Okla.

Mr. and Mrs. Bob Davie, 2805 Avenue F, have had as a house guests for two weeks, Mr. Davie's mother, Mrs. Robert Davie. She left yesterday for her home in Wilson, Okla.

Mr. and Mrs. D. R. Ainsworth Fifteenth Street and Avenue E, had as guests Wednesday Mrs. Ainsworth's parents, Mr. and Mrs. W. R. Reed of Blackwell, Tex. Also in the Ainsworth home was Mrs. Ainsworth's sister, Mrs. Jake Glascow from Blackwell.

Mr. and Mrs. J. D. Scott returned last night from Dallas, where they have visited several days with their son, Joe Dave Scott, who attends Texas Christian University. They also visited with Mr. Scott's aunt, Mrs. Nancy McAllister in Dallas. The Scotts expect their son here for the week end. Mrs. McAllister will accompany him for a short visit.

Mrs. Mary Fesmire, 2204 Twenty-sixth Street, returned a few days ago from an absence of five weeks. Mrs. Fesmire has been visiting her niece, Mrs. I. Eldredge in Meridian, Idaho. Mrs. Fesmire's son, Le Roy Fesmire, from San Angelo, visited here with her Sunday.

J. E. Minor from Crowell, Tex., spent Tuesday night in the home of his sister, Mrs. C. E. Walker, 1002 Twenty-eighth Street.

Mrs. J. N. Clark, Mrs. Youvann Menton, and Mrs. C. E. Walker spent several hours visiting in Big Spring Wednesday.

Mr. and Mrs. W. H. Cauble, 1211 Twenty-eighth Street, have as guests Mrs. Ida Harp, Mr. Cauble's sister, and Mrs. C. M. Cauble, Mr. Cauble's mother, both from Albany, Tex.

Willis Cox, Jr., went to Abilene yesterday to take his wife and small daughter from Hendricks Memorial Hospital to be with his parents, Mr. and Mrs. W. W. Cox, Sr., in Abilene. Mrs. Cox and the baby, born last week, will remain in Abilene until the middle of October.

Bruce Greer, administrator of the Snyder Hospital, will leave Snyder Monday to go to a meeting of the National association of clinical managers, of which he is an executive councilman. The convention will be held in the Greenbriar in White Suiphur Springs, W. Va. Before returning Oct. 16 he will visit in Council Bluffs, Ia., where he will attend a Masonic meeting, and in Dallas.

Mrs. N. J. Sealy, 3101 Avenue V, accompanied by her son, Bob Sealy, went to Abilene this week to visit with Mr. Sealey's friend, Miss Lucille Goodwin, who is ill in the Abilene Hospital.

Mrs. Sally Pankey and Miss Hallie Rea from Hermleigh spent Monday in the N. J. Sealy home, 3101 Avenue V. Mrs. Pankey and Miss Rea are sisters of Mrs. Sealy.

Mr. and Mrs. Com Ezell returned Wednesday from a trip to Fort Hood, Tex., where they visited their son, Com Ezell, Jr., who is training in the tank corps. He enlisted Aug. 29 in Abilene, and was sent to Fort Ord, Calif., for processing before being sent to Fort Hood.

Mr. and Mrs. LaWayne Hulse plan to leave today for a week-end trip to Ardmore, Okla., and Dallas.

Taft Undaunted By Tomato Smattering

CANTON, O., Sept. 29. (AP) — Someone fired a ripetomato at Senator Robert A. Taft (R-Ohio) as he was making a campaign speech in neighboring Waynesburg, O.

The tomato struck him high on the chest, some of it splattering on his shirt and suit, but Taft kept right on talking. No one was arrested.

New Teeth At 80

BAINGREE, Eng., Sept. 29. (AP) — Eighty-year-old Eli Bacon reported today that he has just cut two new teeth.

"My doctor says they are both good ones, too," he said.

Hermleigh Will Vote Tomorrow On Improvement Bond Issues

Hermleigh voters will go to the polls tomorrow to decide whether the city shall be authorized to issue up to $70,000 water revenue and tax bonds for a city improvement program.

The two phases of the bond issue, if carried, will provide for the building of a city hall and fire station combined, a city jail, fire-fighting equipment, a new 50,000-gallon surface storage water reservoir, additional water plugs and extensions to the water system and other improvements.

TWO ISSUES

The water system improvements are to be covered by the $40,000 revenue bond issue, and the city hall, fire station, and jail are to be covered by the issuance of property tax bonds not to exceed $30,000.

Preliminary plans for a city hall were drawn by the Norton & Mayfield architectural firm of Bryan and Waco, and approved by the city council, the state fire insurance commsision, the state health department, and the city's civil engineering firm, the J. H. Flood & Co., of Waco. The building provides for a city hall, fire station, and jail project to cost approximately $10,000.

The building will measure 46 by 29 feet, including a fire garage 16 by 28 feet, a city clerk and police office 13 by 12 feet, a commissioners room and judge's office combined, two restrooms, and a lobby.

Also included in the tax bond issue is the purchase of a fire truck and fire-fighting equipment. At present, the city's only fire-fighting equipment is a roll of obsolete and worn out fire hose on a home-made spool mounted on a 2-wheel trailer chasis.

INTEREST RATE

The city council recently agreed to accept a bid of the J. H. Sheafer & Co., bond investment firm of Amarillo, to handle the issue proceedings and buy the bonds necessary for the program at 3 per cent interest on those maturing in the next 10 years, 3½ per cent on those maturing in the following 10-year period, and 4 per cent on those maturing thereafter. The agreement included an option allowing the city to retire all the bonds in as short a period as 15 years.

The city's property tax rate is about 90 cents per $100 valuation now, and this rate will remain the same whether the issue is approved by the voters or not, the Rev. Earl Creswell, mayor, said.

According to the state fire insurance commission, insurance rates in the city will be reduced about 50 per cent if the fire station is built and the water system improved and extended, J. H. Flood said in a recent city-wide meeting for discussion of the election.

Those qualified to vote in the issue must reside within the city limits of Hermleigh, have a paid poll tax, and own property within the city, which property has been rendered for city taxes.

Public Notices

NOTICE

TO THE REAL AND TRUE OWNERS, WHETHER HEREINAFTER NAMED OR CORRECTLY NAMED OR NOT, OF PROPERTY ABUTTING UPON AVENUE R AND THIRTEENTH STREET AND SUNDRY OTHER STREETS AND AVENUES WITHIN THE LIMITS HEREINAFTER DESCRIBED IN THE CITY OF SNYDER, TEXAS, AND TO ALL OWNING OR CLAIMING ANY SUCH ABUTTING PROPERTY, OR ANY INTEREST THEREIN, AND TO ALL INTERESTED IN ANY OF THE PROCEEDINGS, CONTRACTS OR OTHER MATTERS HEREINAFTER MENTIONED.

Notice is hereby given to the real and true owners, whether hereinafter named or correctly named or not, of property abutting upon Avenue R and Thirteenth Street and sundry other streets and avenues, within the limits herein defined, in the City of Snyder, Texas, and all persons owning or claiming any such abutting property, or any interest therein, and to all others claiming or interested in any of said property, or in any of the proceedings, contracts and matters herein mentioned, that:

The City Council of the City of Snyder, Texas, by duly enacted Ordinance, dated Aug. 14th, 1950, has determined the necessity for, and ordered the permanent improvement of, the following streets within the following limits, in the City of Snyder, Texas, to-wit:

72. Avenue R and Thirteenth Street. Avenue R from the N. Prop. Line of 24th Street to the N. Prop. Line of 13th Street and Thirteenth Street from the W. Prop. Line of Avenue R to the E. Prop. Line of Avenue S to be known as unit number seventy two.

73. Avenue S and U. S. Highway 84. From the N. Prop. Line of 24th Street to the N Prop Line of 8th Street, Block 3 of Scarborough Subdivision, to be known as unit number seventy three.

by raising, grading, filling, widening, paving, repaving or repairing same and by constructing, reconstructing or realigning concrete curb and gutters where determined necessary by the City Engineer, and by constructing storm sewers and such other drains and incidentals and appurtenances thereto, as are deemed necessary and adequate by the City Engineer; said paving to consist of construction, reconstruction and repair of one and one-half (1½") asphaltic concrete surface course upon a base course provided by the State Highway Department of the type and width as provided for in the City's agreement with said Highway Department. All work to be done by the City, to be as provided for in the Plans and Specifications therefor prepared by the City Engineer, Jas. V. Curnutte, and heretofore approved and adopted by said City Council, all of said improvements to be done in the manner and as provided for in said Plans and Specifications and the contract covering the construction of said improvements heretofore awarded to Holland Page by said City Council and which contract is dated Sept. 28, 1950, and approved and authorized by Ordinance enacted by said City Council on Sept. 28th, 1950; which said Plans and Specifications and contract are hereby referred to and are on file in the office of the City Secretary of the City of Snyder, Texas.

That said City Council has caused the City Engineer to prepare and file the hereinafter set out estimates of the cost of such improvements and has heretofore by duly enacted Ordinance, dated Aug. 14, 1950, determined the necessity of levying assessments for a portion of the costs of the construction of said improvements against the property abutting upon said streets within the limits above defined, and the real and true owners thereof, and did adopt and determine the hereinafter set out proposed apportionment of the costs of said improvements between said City and the said abutting property, and the real and true owners thereof, and that the portion of said costs proposed to be assessed against the said abutting property, and the real and true owners thereof, will be in accordance with the FRONT-FOOT RULE OR PLAN and did further adopt the following proposed rates and estimates of said costs in reference to and for each of said streets and avenues within the limits above defined and indicated in the following schedule by the names and unit numbers of said streets and avenues, to-wit:

Unit No.	Name of Street	(*1)	(*2)	(*3)
72	Avenue R & Thirteenth	$1.2495	$1.2505	$2.50
73	Avenue S & U. S. Highway 84	1.2495	0.2505	1.50

(*1. Amount per front foot for curbs and Gutters Assessed Against Property Owners.)

(*2. Amount Per Front Foot for Improvements Exclusive of Curbs and Gutters Assessed Against Property Owners.)

(*3. Total Amount Per Front Foot for All Improvements to be Assessed Against Property Owners.)

(*1)	(*2)	(*3)
$18,125.04	$ 2,089.73	$20,214.77
14,025.00	260.24	14,285.24

(*1. Total Amount to be Paid by Property Owners.)

(*2. Total Amount to be Paid by the City.)

(*3. Total Cost of All Improvements.)

Each portion of said streets hereinabove described and designated by Unit Numbers constitutes a separate and independent Unit of the improvements and shall be improved and the improvements constructed therein as separate and independent from each and every other Unit of said streets, and the assessments to be levied for said improvements in each Unit or portion of said streets shall be altogether separate and distinct and independent of and from the assessments to be levied in every other of said Units and portions of said streets, and in making and levying said assessments against the property abutting upon one of said Units no matter or circumstance in connection with any other of said Units shall be considered or have any effect upon the other, all as fully and to the same extent as if separate proceedings and contracts had been had and executed with reference to the improvements to be made in each of said Units.

A Hearing will be given and held by and before the City Council of the City of Snyder, Texas, on Oct. 10th, 1950 at 8 o'clock p. m. in the Chamber of the City Council in the City Hall of the City of Snyder, Texas, to the real and true owners, whether named or correctly named herein or not, of all property abutting upon said streets and avenues within the limits above defined, and to all persons owning or claiming any such abutting property, or interest therein and to all others owning, claiming or interested in said abutting property or any of the proceedings, contracts or matters and things herein mentioned or incident to said improvements or contracts or matters and things herein mentioned or incident to said improvements or contract herein described.

At said time and place all such persons, firms, corporations and estates and their agents and attorneys, shall have the right to appear and to be heard and offer testimony as to the said assessments, and to the amount thereof, proposed to be assessed against said abutting property, and the real and true owner or owners thereof, the lien and charge of personal liability to secure payment of said assessments, the special benefits to accrue to each such abutting property and the owner or owners thereof by virtue of said improvements if any, or covering any error, invalidity, irregularity, or deficiency, in any proceedings or contract in reference to said improvements, and said proposed assessments, and concerning any other matter or thing as to which hearing is a constitutional prerequisite to the validity of said assessments, proceedings and improvements and on which they are entitled to a hearing under the laws of the State of Texas and the proceedings of said City Council of the City of Snyder, Texas.

Following such hearing, assessments will be levied against each and every parcel of property abutting upon said streets and avenues, within the limits herein defined, and the real and true owners thereof, for that portion of the costs of said improvements determined by said City Council to be payable by such abutting properties, and the real and true owners thereof, and said assessments shall be and constitute a first and prior lien upon said abutting property, from the date said improvements were ordered by said City Council and shall be a personal liability and charge against the real and true owners thereof, as of said date, whether such property be described or correctly described, or such true owners be named, or correctly named in said proceedings or not, and no error or mistake or discrepancy in the names of such owner or owners or in describing said property in this notice or in any of said proceedings with reference to said improvements, shall invalidate any assessment or certificate issued in evidence thereof, but nevertheless each parcel of property abutting upon each of said streets and avenues, and the real and true owner or owners thereof, shall be charged with, and be liable for, said assessment, which shall be valid whether or not such owner or owners be named or correctly named, or such property be described or correctly described, all as provided for under the State of Texas, First Called Session, Chapter 106, commonly known as Article 1105.b, Revised Civil Statutes of Texas as amended, and adopted by said City Council as the Acts under which said improvements, proceedings and assessments are being constructed, performed and levied.

Of all said matters and things, all owning or claiming any such abutting property or any interest therein, as well as all others in anywise interested or affected by the things and matters herein mentioned, will take notice.

DONE by order of the City Council of the City of Snyder, Texas, this the 28th day of Sept., 1950.

P. G. SEARS, Mayor

Attest: CLARA JONES, City Secretary.

France Preparing For Communist Sabotage

PARIS, Sept. 29. (AP) — France is planning to strengthen her hand against a Red fifth column in case of war by forming a new "territorial guard."

The defense ministry said the guard will protect internal communications, oppose attempts at sabotage, assure maintenance of order and fight infiltration of foreign elements.

Mickey's Car Stands Idle

LOS ANGELES, Sept. 29. (AP) — Mickey Cohen has a brand new $16,000 armor-plates Cadillac but it may have to stay in the garage.

The highway patrol — Which passed on armored vehicles in California—yesterday denied the gambling car a permit to operate the custom-built car.

Cohen—several times a target of gunfire bursts in recent years—was taken aback.

"I don't care about myself, understand," he said. "But what am I gonna do for instance when my mother comes to visit?. . .And my wife I gotta have some protection for the family, don't I?"

The car has eight-inch thick doors each weighing 100 pounds because of a slab of bullet-proof fiberglass inside. There are steel armor plates inside the seats and the extra-thick windows won't have to be rolled down. The car has an $800 air conditioning system.

But it will just have to stand awhile on its $400 worth of bullet-proof tires. Says a highway patrol spokesman, explaining permits are granted only to armored express companies and bank messengers:

"If a permit is issued to one gambler, there will be 10,000 armored cars on the road and the police would never be able to stop them."

New Casualty List Names 27 As Dead

WASHINGTON, Sept. 29. (AP) — A Korean casualty list (No. 110) released by the Department of Defense today contained the names of 203 military personnel.

Among the casualties were 27 killed in action or dead of wounds; 147 wounded in action; 24 missing in action; and five injured in combat zone accidents.

Truman Must Fight Opposition And Overcome Mass Psychology

(Associated Press Staff)

WASHINGTON, Sept. 29.—President Truman is setting for his administration the task of keeping the people alert to the continuing danger of war without also touching off some unpleasant mass psychology.

He says there cannot be any letup in defense preparations after the Korean war is over, but that he expects opposition to continued expansion of the program.

NO EXPLANATION

But he didn't tell a news conference yesterday how he and his defense and diplomatic chiefs would go about keeping the defense program alive.

The President says he hopes the peace which he has long sought will be realized.

It may be an uneasy peace, at least at the outset and perhaps for years. Or it could be only another interlude between wars, like that which ended with Communist aggression in Korea last June 25. It is to be prepared for such possibility that Mr. Truman wants the country to be well armed.

No administration ever has been able to keep the American people interested in military matters when there wasn't a war in progress. Mr. Truman may have more success.

NEW FACTORS

However, he will have to reckon with some old as well as new factors.

There is the national apathy, the dislike of laying out money and military manpower when no conflict actually exists.

To counter this, the government must show why it believes another war may be launched against the United States and its friends. And it also must tell what that war could be like.

Here lies the danger of producing mass fear.

Mrs. Ford Dies At Age Of 84

DETROIT, Sept. 29. (AP) — Mrs. Henry Ford, widow of the world-famed automobile pioneer, died early today at the age of 84.

The farmer's daughter who came to great wealth and renown through her husband's genius and her faith in his work was the victim of a heart ailment.

She died at 2 o'clock this morning in Henry Ford Hospital. A family spokesman said the cause of death was acute coronary occlusion.

For some time Mrs. Ford had been troubled with a heart condition and in recent months she had twice visited the hospital.

On each occasion she had returned to the Ford estate, "Fairlane," in suburban Dearborn and continued active in her household and rose garden.

Yesterday she entered the hospital for the last time. Only a few persons close to the family knew that her condition had again worsened.

Clara Bryant Ford and Henry Ford spent 60 years of wedded life together until the husband's death in 1947.

DEVOTED COUPLE

Over the six decades they were known as a devoted couple. It was said of Mrs. Ford that she was constantly at her husband's side as advisor and helpmate from the time of his early days in a small machine shop until he became world-famous.

Their only son, Edsel, died in 1943. At that time he was president of the Ford Motor Co. as successor to his father. The elder Ford had then retired.

Mrs. Ford's survivors include her grandson, Henry 2nd, now president of the company.

There are three other grandchildren, Benson, William Clay and Josephine. All four grandchildren are children of Edsel.

Ford, who always credited Clara with much responsibility for his accomplishments, called his wife "the believer." He used to say that she never doubted his ultimate success in the original lead days when he worked day and night at his mechanics.

Each, as it turned out, had the same span of life—84 years. Ford was that age when he died in the spring of 1947.

Despite her heart condition, Mrs. Ford refused to give up all her activities.

FLOWER-LOVER

Only this summer a group of flower-lovers visited her beautiful rose garden at "Fairlane" and Mrs. Ford was on hand to show the guests about and talk of this and that.

Mrs. Ford, one of 10 children of a pioneer Michigan farmer, was born in Southern Michigan April 11, 1866. She met Henry when she was 18. Three years later they married. Ford was then 25.

Their marriage was often pointed to as an example of a couple's trust and faith.

Ford, a believer in reincarnation, once was asked by an interviewer what form he would prefer if he were to return to earth.

"I don't know, but I'd want the same wife," he said.

Mrs. Ford never has given much to public appearances. She preferred to live in quiet.

However, friends referred to her with fondness.

One was the Associated Press' veteran automotive editor, David J. Wilkie.

Wilkie, who was a confidante of the family, wrote of Mrs. Ford that she was a "kindly, quiet-spoken woman" and that she and her husband idolized each other.

Publicity Man Weds Actress In Las Vegas

LAS VEGAS, Nev., Sept. 29. (AP) —Actress Caren Marsh, 26, and New York publicity man Bill Dowl, 39, are honeymooning here today.

They were married by Judge Frank McNamee last night. It was the second marriage for both. Miss Marsh was one of a dozen survivors of the Standard Airliner Crash at Chatsworth, Calif., that killed 36 persons in July, 1949.

No. 1 Richter

(Continued from Page One)

through the Pennsylvanian reef and to the Ellenburger.

Rotary operations are to begin in the immediate future.

Sun Oil Co. has completed its No. 1 J. P. Maddox as a small pumping discovery from the Ellenburger in Southwest Nolan County 21 miles southeast of Roscoe. The wildcat completed for a 24-hour pumping potential of 16 barrels plus four barrels of water.

Its production is from open hole in the top of the Ellenburger at 7,116-32 feet.

ANDREWS TEST

Shell Oil Co. No. 1-A Abe Nelson will be a new exploration to the Ellenburger in the Nelson field of Central-West Andrews County.

It is 661 feet from south and west lines of section 3, block A-40, psl survey. Drilling is to start by Oct. 5. Projected destination is 10,600 feet.

The development is 10 miles southwest of Eunice, N. M., the nearest town.

The Nelson field has six producers from the Ellenburger. There has not been any drilling in that area for about a year.

THREE OUTPOSTS

Amerada Petroleum Corp. has staked three outposts to its No. 1 Carlinville National Bank which has shown for production in the Simpson and is a proven south extension to the Ellenburger pay in the Yarborough & Allen pool of Southwest Ector County.

All three projects will be drilled with rotary tools to 11,000 feet, beginning immediately. Drillsites are seven miles southwest of Judkins.

Amerada No. 2 Carlinville National Bank is 1,473 feet southeast of No. 1 and 1,980 feet from north east and southeast lines of section 18, block 46, Gunter & Munson survey.

No. 3 Carlinville National Bank is located 660 feet from northeast and 3,300 feet from southeast lines of section 18, block 46, Gunter & Munson survey and 1,975 feet east and slightly north of No. 1 Carlinville National Bank.

Location for No. 4 is 660 feet from southwest and 1,980 feet from southeast lines of section 18, block 46, Gunter & Munson survey and about 2,375 feet southwest of Amerada No. 1 Carlinville National Bank.

IN STONEWALL

C. L. Norsworthy, Jr. and Cox & Hamon of Dallas have staked a 6,500-foot semi-wildcat in Northeast Stonewall County.

It is No. 1-A Carrie McFarland, 660 feet from northwest and northeast lines of the J. C. Jones survey and about 12 miles northeast of Aspermont.

Rotary tools will be used to drill this prospector. Operations will begin at once.

It is a 3,500-foot southeast outpost to Norsworthy's No. 1 C. D. Wiley, Bend discovery in the East Aspermont pool of Northeast Stonewall County.

No. 1 Wiley was potentialed for 304 barrels of 39.6-gravity oil in 24 hours. Production was from open hole from 6,001 feet to 6,010 feet. Casing was cemented at 5,990 feet.

TEX-HARVEY

Tex-Harvey Oil Co. has completed its No. 4-14 Mrs. B. W. Floyd as a new producer on the southeast side of the Tex-Harvey field of Central-East Midland County.

The well flowed 24 hours through a 24-64th-inch choke and made 252 barrels of 39.6-gravity oil. One per cent of the total fluid recovered was water. Gas-oil ratio was 360-1.

The pay was toppped at 7,000 feet. Bottom hole is at 7,335 feet. Seven-inch casing was cemented at 3,875 feet.

Pay section was shot with 739 quarts of nitro glycerin.

Location is 660 feet from north and west lines of souuthwest quarter of section 14, block 37, T&P survey and 18 miles southeast of the City of Midland.

SWABBING

Gulf Oil Corp. No. 1-E-B George W. Glass, Southwest Martin County wildcat, 18 miles west of Stanton and 12 miles north of Midland, is swabbing to test on perforated section at 10,635-655 feet, in the Pennsylvanian.

The perforations are in a five inch liner which is cemented at 10,821 feet. Drilled out depth is at 10,787 feet.

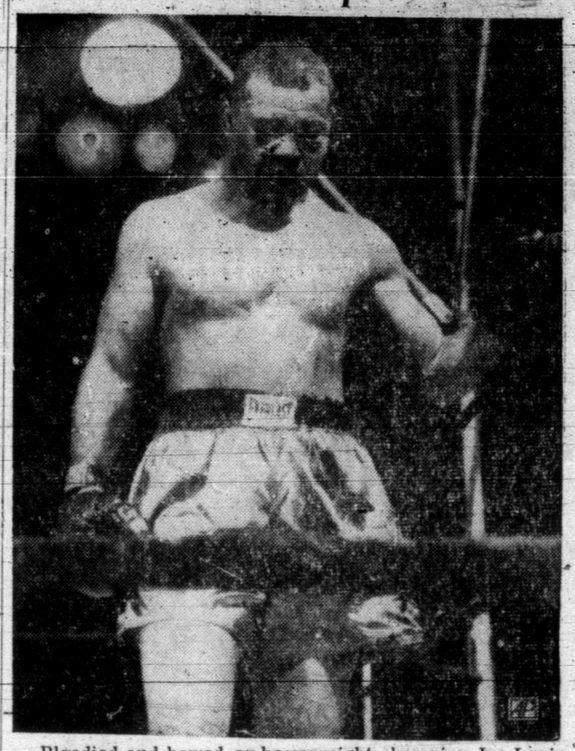

This prospector drilled to a total depth is at 12,915 feet in the Ellenburger and made water in that formation.

It has been plugged back and testing since then in various sections up the hole which indicated possibilities of petroleum.

Up to now no sort of an oil well has been developed.

Location is 1,980 feet from north and east lines of section 13, block 39, T&P survey, T-1-N.

End of Champ's Road

Bloodied and bowed ex-heavyweight champion Joe Louis walks toward his corner after suffering a decisive defeat in his comeback attempt in Yankee Stadium in New York. Louis' opponent, Ezzard Charles of Cincinnati, extended his N.B.A. recognition as heavyweight champ, by winning a unanimous judge's decision.

DAWSON LOCATION

Seaboard Oil Corp. has filed application to drill a 7,000-foot twin to its No. 2-A Robison, San Andres producer in the Spraberry-Deep field of Central-South Dawson County.

The proposed project is slated for drilling to test the Spraberry.

Location will be 600 feet from west and 3,400 feet from north lines of section 37, block 34, T-5-N, T&P survey and 17 ½ miles southeast of Lamesa.

The exploration will be 100 feet south of Seaboard No. 6-A Robison, a failure in the Ellenburger.

Operator will begin operations on the No. 12-D-A Robison at once.

CRANE OUTPOST

Oil Well Remedial Service of Odessa No. 1 University will be drilled as a north stepout to the Block 31 field in East-Central Crane County, 12 miles northwest of the town of Crane.

The venture will be drilled to 4,400 feet with rotary equipment Work is slated to start on the outpost in the immediate future.

Location is 660 feet from the south and west lines of section 43, block 1-A, H&TC survey. Top of the Ellenburger is 7,114 feet. Elevation is 2,522 feet.

6,500-FOOT WILDCAT

Atlantic Refining Co. will drill its No. 1 M. L. Wilson as a 6,500-foot Ellenburger wildcat in North-Central Stonewall County.

Location will be 660 feet from south and east lines of section 83, block F, H&TC survey.

It will also be one and one-quarter miles northeast of the P. N. Wiggins Jr. and C. L. Norsworthy Jr., Dallas, No. 1 Green, and two and three-quarter miles northwest of Barnsdall Oil Co. and Atlantic No. 1 Sloane-Callaway, a 6,351-foot Ellenburger dry hole.

NO. 1 SWEETWATER

A deep wildcat has been staked in Central Nolan County, as Rowan & Hope of San Antonio No. 1 City of Sweetwater.

It is located eight miles south of Sweetwater and 467 feet from south and east lines of section 92, block 22, T&P survey.

Projected depth is 7,200 feet to test the Ellenburger. Rotary tools will be used in drilling this wildcat. Operations will begin in the near future.

FAILURE

R. A. Mason and D. E. Walsh of Lubbock No. 1 G. A. Harral, Central-West Hale County wildcat, eight miles northwest of Hale Center is shutdown for orders at total depth of 9,595 feet in lower Mississippian lime.

The rotary drilling rig which was used to deepen the project from 7,009 feet to the current bottom had been moved off by Westlund Drilling Co., contractor on the deepening project.

The wildcat failed to develop any shows of oil or gas in the new section of hole. It took a drillstem test at 9,389-9,490 feet.

The tool was open two hours. Recovery was 600 feet of salty drilling mud.

Location is 660 feet from south and west lines of section 7, block O, D&SE survey.

This prospector was originally drilled by Tobe Foster of Lubbock to a total depth of 7,009 feet in the lower Permian and it was abandoned at that point as a failure in November 1949.

Mason and Walsh and associates re-entered the old hole in August of this year to deepen it to 9,500 feet in the hope it would find the Ellenburger and get petroleum in that formation.

Drilling was abandoned the depth contract was completed.

Some of the interested landowners in the area adjacent to the wildcat are reported to be trying to work out a deal to finance the moving in of a portable unit to make a production test on the zone above 6,200 feet. No definite arrangements for that activity had been completed at last report.

The interval above 6,200 feet is reported to have logged some slight oil and gas shows. Informed sources reveal that there is only a small chance that testing there would develop any sort of commercial production.

FISHER WILDCAT

Farris Oil Co. of Fort Worth spotted a 3,600-foot wildcat in Southeast Fisher County.

No. 1 W. C. Jackson is located 1,650 feet from west and 330 feet from north lines of section 1, block 1, HT&B survey. Drillsite is five and one-half miles southeast of the Eskota field.

Drilling with rotary tools will begin at once.

PECOS COUNTY

Location for Gulf Oil Corp. and others No. 1 Theo Winfield, scheduled 12,000-foot wildcat in Central Pecos County, will be located 1,980 feet from south and west lines of section 3, block 132, T&STL survey, instead of block 12 as previously reported.

Cabot Carbon Co. LaGloria Corp, and Bryce McCandless & P. N. Gregory are associated with Gulf in the Ellenburger exploration.

Drillsite will be nine miles southeast of Fort Stockton.

KELLEY-SNYDER

Skelly Oil Co staked location for No. 5-A Head in the Kelley-Snyder field of Scurry County.

It is located 1,667 feet from east and 467 feet from south lines of section 230, block 97, H&TC survey and eight miles northwest of Snyder.

Rotary tools will be used to drill to 7,100 feet. Operations will begin at once.

Also in the Kelley-Snyder field and about six miles northwest of Snyder, Byrd-Frost, Inc. spotted its No. 2 Arnett.

It is 467 feet from north and west lines of section 291, block 97, H&TC survey.

Projected depth is 7,000 feet. Rotary tools will be moved in and drilling will begin in hte near future.

Allied Controls To Talk Vienna Problem

VIENNA, Austria, Sept. 29. (AP)—The big four allied control council which watches over Austria is expected today to discuss the Communist led demonstrations which have rocked this country for three days.

Western officials in private have placed the blame on the Russians for the disturbance.

This morning the demonstrations and strikes against a government price and wage decree came to a virtual stop. Only in a few scattered factories throughout Austria Communist-led workers refuse to return to their jobs.

Livestock Market

FORT WORTH, Sept. 29. (AP) — Cattle 450; calves 300; slow weak medium grade slaughter steers and yearlings 24.60-27.75; common 21.00-24.00; beef cows 19.50-22.00; canners and cutters 12.00-19.50; bulls 18.00-2450; good and choice fat calves 2500-28.50; common and medium calves 20.00-25.00; culls 18.00-20.00; good stocker calves 28.00-30.00.

Hogs 400; steady to 25 cents lower; sows steady to 50 cents down; pigs 100 lower; good and choice 190-270 lb. butchers 20.25; good light eights, mixed grades 18.50-20.00; sows 17.00-19.00; feeder pigs 16.00-18.00.

Sheep 100; feeder lambs steady; good shorn feeder lambs 2500; common and medium wooled feeder lambs 26.00-27.00.

Record Traffic Toll Expected For This Year

CHICAGO, Sept. 29. (AP) — The National Safety Council predicted today that the 1950 traffic death toll might reach 36,000, the highest since the record year of 1941.

The council announced an August toll of 3,180, up 10 per cent over August, 1949, and an eight month toll of 21,500, up 11 per cent from last year.

HOPE FADING

The council said hope is fading that the traffic death toll can be reduced in 1950 for the fourth consecutive year.

Motor vehicle accidents killed 31,500 in 1949, a decline from the 32,255 toll in 1948, and well below the 39,969 killed in the record year 1941.

"Only a motoring miracle in the final quarter of the year can forestall a 1950 toll of about 36,000 traffic victims," said Ned H. Dearborn, council president. "That would be the greatest death toll since the record year of 1941.

"There is still time to make a substantial reduction before the end of the year, but only if public officials on the state, county and city levels — those whose efforts can have a direct and immediate effect —approach the problem as an emergency, and receive wholehearted public support," he added. "Half measures won't turn the trick."

SEVEN IN DECREASE

The council said that up to Sept. 1, only seven of the 46 states reporting had decreases in traffic fatalities compared to last year. One had no change and 38 showed increases.

Through the first six months this year, the council said, the traffic death increase was almost entirely in rural areas, with the towns and cities holding the line. But this pattern was reversed in July and in August, the council said.

UN Troops

(Continued from Page One)

ed out to Korean war criminals, but he assured the people there would be no indiscriminate revenge. He said the republic would "distinguish those who dared tyranny and robbery from those who were simply impressed into such a group."

Throughout Southwest and West Korea, allied forces mopped up on Red pockets. Far East Air Forces bombers and fighters flew a record of 792 sorties to take an effective part in the cleanup.

MORE ATROCITIES

Evidences of Red atrocities multiplied. AP Correspondent Bem Price reported the bodies of nearly 400 South Korean civilians and police were found Thursday night in two uncovered trenches at the Taejon prison. An undetermined number of other bodies were found in two open wells nearby.

These were in addition to the bodies of 40 American prisoners of war found in a covered trench in the rear of the Taejon police station.

Eighteen more Americans and 787 South Koreans were reported massacred at Chongju, 22 miles north of Taejon. Captured Reds made the reports to First Cavalry intelligence officers, saying 600 had been shot and 187 blown to bits with dynamite.

Prisoners at Seoul had been removed by the fleeing Reds.

Stock Market

NEW YORK, Sept. 29. (AP) — Enough small plus signs dotted the stock market today to give a slightly higher tinge to the session.

Radio-television issues showed the most strength.

COTTON

NEW YORK, Sept. 29. (AP) — Noon cotton prices were 75 cents a bale higher to 15 cents loer than the previous close. Oct 40.75, Dec 40.40 and March 40.18.

Don Ramage, 18, Polio Victim, Reported To Be In Good Condition

Don Ramage, 18 years old, son of Mrs. Bessie Ramage, 1215 Avenue R, was reported to be in good condition at the Hendrick Memorial Hospital yesterday, where he was taken for treatment for poliomyelitis.

Ramage, a junior in high school, became ill Tuesday, and Wednesday his illness was diagnosed by physicians here as polio, a diagnosis which was confirmed Wednesday night at the Abilene Hospital. He suffers spinal-type polio.

Mrs. Ramage said today the latest report from her son had been encouraging, and that physicians expected to keep him in the hospital another week.

After school hours Ramage is employed at the Grimmett Sand & Gravel Co.

This is the nineteenth case of polio in Snyder this season.

Police Department To Have Banquet Tonight

Celebrating the conclusion of a month-long training school, members and guests of the police department will dine at 7 tonight in the Sage Room of the Village Restaurant.

T. C. Laws, chief of the Department of Public Safety Bureau of Education, and Col. Royal G. Phillips, chief of the department's Bureau of Intelligence, both instructors in the school, will give short talks.

Other guests of the force will include Mayor Forest Sears, Earnest Taylor, police commissioner, and other members of the city council.

Certificates of school completion will be presented to members of the force, who attended their final class last night.

Highlights of the training were instruction in criminal identification. Policemen learned work in lie detectors, ballistics, check investigation, fingerprint identification, photography as used in police work, and blood, alcohol, and chemical analysis.

Man Found in Creek Bank During Night

Police carried a man to the Snyder Hospital last night for a check-up after they found him intoxicated on the bank of the creek just west of the police station on Twelty-sixth Street.

The man had attempted to purchase a ticket at the Union Bus Terminal on Twenty-sixth Street, but was refused because he was intoxicated. He started to walk back toward the courthouse square and when he reached the bridge between the terminal and square he fell over the rail onto a concrete slab.

Finding he had received on injuries from the fall, police took him to the station and booked him for drunkeness.

Bar Meeting To Plan New District Court

A special meeting of the Scurry County Bar Association has been set for Oct. 12 to discuss the proposed bill to establish a new judicial district in Snyder.

The special meeting was set following a report last night to the bar association from its judiciary committee: composed of Pat Beene, Ray Martin, and Bob Davie.

Invited to attend the Oct. 12 session will be various officials affected by the proposed change. They include Judge A. S. Mauzey of Sweetwater, present district judge; Eldon Mahon of Colorado City, district attorney; Pat Bullock of Colorado City, state senator; Sterling Williams, who represents this district in the Legislature; the county judge of Borden County; and Edgar Taylor, Scurry County judge.

The purpose of the special meeting will be to set out the proposed bill to be introduced in the next session of the Legislature.

Snyder lawyers have been seeking the establishment of a new district court here for several months. Some of the reasons they cite for the need include the crowded district court docket in the Snyder court and increased population in all the counties of the present district, Scurry, Nolan, Mitchell, and Borden.

Three big issues which probably will be settled at the special meeting are (1) will the new district be of a temporary or permanent nature? (2) what territory will it embrace? and (3) will criminal and civil jurisdiction of the Scurry County court be transferred to the new district judge?

Child's Hands Burned

Delores Ann Mathes, 3-year-old daughter of Mr. and Mrs. Charles Mathes, suffered second and third degree burns on both hands today when she accidentally put her hands on an acetylene torch being used by workmen on a local construction job.

Truck-Car Collision On Square Snarls Up Traffic For Half Hour

Traffic was side-tracked at noon today on the northwest corner of the courthouse square when a truck and auto collided under the traffic light.

The J. D. Moore Transfer and Storage Co. truck, driven by Henry E. Westbrook of Snyder, was driving south to make a left turn onto the square, and the auto, driven by Paul L. Slonaker of the Cabot Shops, Pampa, was moving north going off the square when the two collided before they could stop.

Each vehicle had a fender and light smashed, and the auto had a damaged bumper and grille. After about thirty minutes of traffic finding its way around the vehicle and investigation by police the car and truck moved on.

No charges have been filed.

Oil Hearing Set

AUSTIN, Sept. 29. (AP) — The Railroad Commission will review all exceptions to its flare gas order in the Levelland field, Cochran and Hockley Counties, at a public hearing Oct. 19.

Mrs. Strong Succumbs

DALLAS, Sept. 29. (AP) — Mrs. Sterling P. Strong, 85, whose late husband was congressman-at-large from Texas in 1933-34, died yesterday. Strong died in 1936.
