CONFEREES AT LABOR MEETING

Representatives at the Farm Labor Conference in Big Spring yesterday included the officials shown above. Left to right, they are J. H. Greene, Big Spring Chamber of Commerce; Frank Kelley of Colorado City, vice president of the West Texas Chamber of Commerce; M. B. Calderon of San Antonio, Mexican consul general at large; Tom Sutherland of Austin, representing the Texas Council on Human Relations; Joel S. Quinones, Mexican consul at Amarillo, and W. B. McFarland, United States Employment Service representative.—(Big Spring Herald photograph).

Prospects for Mexican Labor On Farms, Ranches Discussed

A new angle in the West Texas ranchman's struggle to get Mexican labor was injected into a labor conference yesterday in Big Spring when W. B. McFarland of Dallas, United States Employment Service farm placement division, told the group that plans were being made to import ranch hands from below the border through regular immigration channels.

McFarland said the ranch hands would be brought in not under the migrant labor pact recently signed by Mexico and the United States and providing only for farm workers, but through separate applications from ranchers for specific Mexican ranch hands.

He said before all the red tape is unwound, the matter would go through the State Department at Washington and thence to the Mexican government labor division, which might order a visa issued to the worker to enter the United States.

The Big Spring conference was sponsored by the Texas Cotton Ginners' Association, Big Spring Chamber of Commerce, and the West Texas Chamber of Commerce, and was presided over by Frank Kelley of Colorado City, chairman of the West Texas Chamber's legislative committee.

FOR FARM HARVEST

McFarland, told the legal background for the 1951 international labor agreement between the U.S. and Mexico, which has superseded the old pact of 1950.

He said there is a vast need for Mexican labor to harvest the huge American crops of cotton, and beets. The speaker said there must be adequate protection for the migrant laborers from Mexico, and fair treatment accorded them while here. He pleaded for cooperation and understanding between the American farmer and the Mexican national

He told of the arrangements for the braceros, including camps set up in Mexico, at Monterrey and other points. The Mexican nationals will be permitted to enter this country on six month visas, and that the American farmer pays for the processing expense, including $15 for each laborer imported.

"No Mexican national labor will be available to any farmer where local help is available," said McFarland.

Only experienced agricultural workers are being sent to this country from Mexico, and each is recommended by the Mexican government. He told the group that ample provisions have been made in the agreement for the protection of the migrant farm laborer, to include his transportation from and to various reception points, proper transportation facilities, insurance and housing by the employer.

PAY RATES

The prevailing rates in the area will be accepted as pay for the Mexican agricultural worker, according to the agreement.

McFarland said the Mexican consul has the right to inspect or visit any area or camp where Mexican nationals are being employed to ascertain if any violations of the pact are being made; that the Mexcian official will not deal with the farmer but make a direct report to the American government through his proper channels.

"If a Mexican worker leaves his work without permission, then the person is placed on the blacklist the same as the farmer or association who violates any terms of the agreement," he said.

Each migrant Mexican group should elect a leader to speak for them with their employers, which would prevent much lost motion, he said. The speaker stressed the point that no strikes will be allowed, which action would terminate the workers" agreement; that no Mexican nationals would be imported to take the place of strikers in this country.

M. G. Calderon, consul general of Mexico, San Antonio, speaking in behalf of his country said:

"Mexico is strcitly against the illegal traffic of its nationals and is doing everything possible to prevent such practice with the cooperation of the United States Immigration and Naturalization services.

"I think we are on the right track in seeking to solve the migrant labor problem by starting on the ground level for a decent wage and standard of living while

Mitchell Well Reported In Ellenburger

S. F. Huribut of Corpus Christi and Associates No. 1 E. H. Winn, Southeast Mitchell County wildcat, is bottomed at 7,477 feet in Ellenberger and reported to be running a drillstem test.

The prospector is reported by unofficial sources to have topped the Ellenburger at 7,436 feet on an elevation of 2,022 feet. It drilled to 7,451 feet and took a drillstem test with the packer set at 7,375 feet. Recovery on the test was 30 feet of drilling mud with no shows of oil, gas or water. Length of the test was not reported.

The No. 1 Winn is 683 feet from east and 720 feet from north lines of the E. C. Bartell survey No. 2. That puts it about 15 miles south and east of Colorado City.

PUMPER TESTS

Stanolind Oil & Gas Co. No. 1 F. A. Langley, Central - West Mitchell County wildcat, is at plugged back total depth of 8,152 feet in the Ellenburger and testing with the pump on perforations above that depth.

The well is reported to have pumped 60 barrels of oil with 175 barrels of water in the last 24-hour period.

Location is in section 25-29-tln-T&P and about two and one-half miles northeast of Iatan.

KENT COUNTY

Sun Oil Co. No. 2 D. G. Sampson, Kent prospector, is moving off rig and preparing to complete as a new producer south of the Clairemont - Lower Pennsylvanian field.

Sun No. 1-A H. W. Davis, one and one-half miles south of Clairemont, is moving in and rigging up to begin operations.

Sun No. 1-D Bilby Wallace, south of the Clairemont field, is drilling below 5,560 feet in shale.

SAND PRODUCERS

The completion of two new oilers from sand areas within reef fields has been reported to the Railroad Commission.

Chapman & McFarlin Producing Co. No. 50 D. M. Cogdell, drilled in the Kent County Cogdell, field, tential of 116 barrels of 42.6 gravpumped 24 hours to make a pority oil with 52 per cent water. Gas - oil ratio was 135-1.

Pay was topped at 5,030 feet, with seven - inch casing cemented at 5,031 feet. Total depth is 5,036 feet.

Standard of Texas No. 4-1-S Mrs. Jessie W. Brown, George Parks-Cisco pool location, made a calculated potential of 535 barrels of 41.5 gravity oil. The test covered a six - hour perod, with the well flowing natural through a 32-64th-inch choke.

Gas - oil ratio was 731-1. Casing pressure was zero, with tubing pressure 150 pounds. No water was present. Top of the pay zone is at 6,198 feet. Seven - inch casing is set at 6,175 feet, and total depth is 6,246 feet

Joe Kennedy Suspected As Notre Dame Donor

NEW YROK, Aug. 31. (AP)—Frank Farrell, in his column in the World-Telegram and Sun today, said "friends suspect" that Joseph P. Kennedy, former U. S. Ambassador to England, is the man who anonymously offered the money to help expelled West Point Cadets complete their education at Notre Dame University.

After the cribing scandal at the Military Academy, Farrell said. The Rev. John Cavanaugh, president of Notre Dame, made a quick visit to Kennedy.

Farrell wrote that Kennedy shrugs off queries with:

"They say it's a wonderful Irishman out in St. Paul, named I. A. O'Shaughnessy — Ignatius Aloysius, that is — an oil man wh loves doing things like that on the Q.T."

Crime In State Shows Increase Over 1950

AUSTIN, Aug. 31. (AP)—Crime in Texas this year is 7.7 per cent more prevalent than last year, the Texas Department of Public Safety reported today.

There was 8.5 per cent less rape, 16.4 less robbery and 3.1 less aggravated assault. All other categories showed increases.

Murder and homocide were up 5.1 per cent; burglary, 6.4; theft, 12.8; and auto theft, 2.1.

Cooler Here Thursday, Only 103 Degrees

Snyder temperature cooled down to 103 degrees yesterday after reaching 104 degrees on Wednesday. The minimum before dawn today was 70 degrees, cooler than on previous days, while the temperature at 7:30 stood officially at 73 degrees.

(By The Associated Press)

"Is the same old story?" the weatherman said.

"Texas is going to burn again today and no rain is in sight."

Henrietta again was the hot spot in Texas with 109.

At Dallas hospital attendants said Rady T. Lancaster, 43, died after showing symptoms of a heat stroke.

A livestock agent said at San Antonio movement of cattle from drought-parched South Texas to northern feeding grounds is two months ahead of time and on a record scale.

Some other Texas highs: 108 at Bridgeport and Llano; 106 at Albany, Memphis, Seymour and Quanah; 105 at Corsicana, Graham, Kaufman and Paris; 104 at Lufkin, Wichita Falls and Fort Worth, Childress, Alice and Presidio; 102 at Tyler, Junction, College Station and Del Rio; 101 at Texarkana Laredo, Waco Big Spring and Dallas; 100 at Abilene, Palestine, San Angelo and Midland.

The only reported rain was .03 inch at Wink and .32 at Alpine.

There's going to be an eclipse of the sun Saturday but little of it will be visible in Texas, the weather bureau said. Some East Texans may see it, the bureau said. It will be at sunrise.

Credit Given On Insurance Premiums Here

The fire department has received congratulations from the secretary of the state firemens' and fire marshals' association, Olin Culberson for good records of low fire losses in Snyder.

Culberson's letter to N. W. Autry, fire chief, praised the department for the records which have resulted in low fire insurance rates. He wrote that the fire department here was a "tremendous business investment to the city."

Owners of Snyder property this year are receiving a total credit of 15 per cent on their fire insurance premiums because premiums paid on fire insurance during 1950 amounted to $115,324 more than the total amount of insured fire losses.

Losses for the year totaled $34,160 while property owners paid $149,484 in insurance premiums. The 15 per cent credit because of this record applies to policies issued between March 1, 1951 and March 1, 1952. The credit in 1949 was 10 per cent.

Snyder has a good average record since 1920, when records for the city were first kept, but the city has been penalized on the premium rates some years because of high losses. Snyder, however, has had no penalty since 1943 and has had only seven in the last 30 years.

Mentioning the good record for past years, Culberson said: "I am sure your citizens will be justly proud and appreciative of what has been done by the department." The first figure in his enclosed statement showed the record of 1920 when the amount paid in premiums was $32,481 while only $9,206 were totaled for fire losses. This figure was typical of most of the following figures.

Insured fire losses in Snyder in the last 31 years totaled only $512,442. Permiums during that period totaled $1,102,346.

Howard County Junior College Open to Negroes

BIG SPRING, Aug. 31. (AP)—Howard County Junior College has been opened to Negroes.

A resolution was adopt. Thursday by trustees, declaring the college is open to "any qualified student regardless of race, color or creed."

President E. C. Dodd said he did not know of any Negro who desired to enter, although some inquiries had been received.

Connally Hits Recognition Of Chinese Reds

WASHINGTON, Aug. 31. (AP)—Senator Tom Connally of Texas opposed today a proposal by Supreme Court Justice William O. Douglas that the United States formally recognize Red China.

In a heated exchange in the Senate with Senator Welker (R-Idaho), Connally shouted "I don't agree with Mr. Douglas. I think he ought to stay home instead of roaming all around the world and Asia and making fool statements."

"We're really at war — in a sense — with Red China now," said Connally, chairman of the Senate Foreign Relations Committee.

Douglas, in San Francisco after a trip along the southern frontiers of Russia and China, told a reporter that United States recognition of Red China would serve as a means to smash China's political ties with Russia.

Welker called Douglas a "high administration spokesman" and said the Douglas statement indicated the administration might recognize Communist regimes in both Asia and Europe.

This brought an angry shouting denial by Connally that Douglas was an administration spokesman or that the President or Secreary of State Acheson favored recognizing Red China.

FUNERAL SAVINGS

LOUISVILLE, Ky., Aug. 31. (AP) — An 82-year-old widow started a new savings account today to pay for her funeral.

Mrs. Mary Lander had collected $300 but lost it Thursday to a thief who entered her apartment while she was visiting friends. The money came from her $44 monthly old-age pension.

She planned to make arrangements with an undertaker next week but said "I guess I should have gone this week."

"I'm not worried,' she added, 'I'm going to heaven.'"

'Man-of-Mars' Rocket Flies 14 Miles High

EL SEGUNDO, Calif., Aug. 31. (AP)—A Navy rocket-powered airplane has shattered all altitude records, climbing to what aviation experts unofficially believe was 77,674 feet (more than 14½ miles). It levelled off at 1,300 miles an hour.

The supersonic flight in the needle-nose Douglas Skyrocket ship was made Aug. 15 from Edwards Air Force Base. The exact altitude reached by the Douglas test pilot, Bill Bridgeman, was not disclosed.

Marvin Miles, Los Angeles Times aviation editor, estimated the altitude at 77,674 feet. He said that at a "planned altitude Bridgeman levelled the skyrocket off to obtain high speed performance data that may have sent the research craft whipping through space at speeds faster than 1,300 M.P.H."

The officially-recognized world altitude record if 72,395 feet, set in 1935 by two balloonists, Army Capts. Albert W. Stevens and Orville A. Anderson. The officially accepted speed record is 670.981 M.P.H., set in 1948 by a North American F-86. The accepted piloted aircraft altitude record is 59,445 feet, set March 23, 1948, by British test pilot John Cunningham in a Vampire jet.

Bridgman's plane was dropped from the bomb bay of a Superfortress at 35,000 feet and he immediately cut in the four powerful rocket tubes to curve upward in front of the bomber.

At 63,000 feet, Bridgeman's blood would have boiled had the skyrocket's cabin not been pressurized. He wore a special new high altitude flying suit with a "fishbowl" helmet for protection in case the pressurization failed.

Bridgeman could have seen the vast curve of the earth had he had time to look, but he worked tensely in the cramped little cabin, scanning the wide range of his instrument panel.

The skyrocket has a wing span of 25 feet, is 40 feet long and weighs about 15,000 pounds.

Long Asked To Intervene In Newsmen Suit

LAKE CHARLES, La., Aug. 31. (AP) — Gov. Earl Long was asked today to suspend two Calcaseau Parish (county) officials who allegedly were defamed in stories which brought indictments against five Lake Charles newspapermen.

The Peoples Action Group (PAG) a citizens organization formed to fight gambling in Lake Charles, telegraphed the governor Thursday night to ask the attorney general to suspend District Attorney Griffin Hawkins and Sherfif Henry Reid.

The request was signed by George Buchanan, president of the PAG, and James O'Brien, chairman of the PAG crime commission.

The governor was asked to instruct the attorney general to name assistants to handle the indictments case and suggested that they determine if the evidence justifies prosecution.

The indicted newspapermen are Kenneth Dixon, managing editor of the Lake Charles American Press; Publisher Thomas B. Shearman; his son and co-publisher, William Hugh Shearman; James Norton, city editor, and Carter George, police and court reporter.

They were indicted on charges of defaming the police jury (the parish governing body,) three other public officials and three admitted gamblers.

Permanent Breakdown Of Truce Parley Not Expected by Allies

TOKYO, Aug. 31. (AP)—An Allied spokesman said today "there is no indication that there will be a permanent breakdown in truce talks to end the Korean War.

The spokesman made the statement amid a welter of new Communist charges that United Nations forces violated the Kaesong neutral zone in Korea.

The U. N. command began an immediate investigation of the new complaints. There were three of them. All previous charges have been denied.

At Munsan, advance headquarters in Korea of U. N. truce negotiators, Major James McMaster told newsmen there was no sign of a final breakdown in the talks.

The Allies spokesman amplified his statement only be referring to the announced U. N. willingness to resume talks whenever the Reds are ready. Communists broke them off eight days ago.

Other sources observed that neither side wants to assume responsibility for renewing full scale warfare.

While the Reds have not answered Gen. Matthew B. Ridgway's offer to resume negotiations, they maintained official contact between truce delegations by the mere act of filing new protests.

North Korean Gen. Nam Il, chief Communist negotiator, protested to Vice Adm. C. Turner Joy head of the U. N. delegation, that an Allied plane dropped a flare over Kaesong Wednesday morning.

Nam Il called it an "unbridled, unrepentant, provocative act." He demanded that "the culprits be severly punished." The Red general told Joy "the record proves that you are the reckless and unscrupulos breaker of agreements."

A Red liaison officer, who delivered the note to an Allied liaison officer lodged verbal protests that U. N. infantrymen twice violated the neutral zone.

McMaster said the U. S. Fifth Air Force and Eighth Army promptly began investigating the charges.

He said the U. N. command "had answered all the previous Communist accusations and denied all of them.

"They haven't produced one violation for which we are responsible.

"If we did violate the zone, we would take disciplinary action."

McMaster said "we can't judge the motives" of the Communists in filing a seemingly endless series of charges of neutrality violations. But he suggested:

"The Communists may be trying to build up a record of manufactured incidents by the U. N. command to make us look bad in the face of the world.

"We made them look bad on two previous occasions."

One these occasions the talks were suspended by the U. N. command until the Reds withdraw armed troops from the Kaesong neunear the building in Kaesong where armed Chinese soldiers marched tral area and after a company of negotiations were being conducted.

Red chrages that the U. S. also violated the neutrality zone followde. Their complaints included some phraseology markedly similar to that used by the Allies.

Truman Invokes Taft-Hartley Law As Copper Strike Goes On

WASHINGTON, Aug. 31. (AP) — President Truman Thursday night invoked the Taft-Hartley Act emergency provisions in an effort to end the widespread strike which has shut down the nation's copper industry.

But negotiators for the copper companies and labor went ahead today, anyway, trying to settle the wage dispute among themselves. If an agreement is reached, no government action would be needed. This has happened before.

In three of the previous nine times Mr. Truman used the emergency provisions of the act since it became law over his veto in 1947, cases did not go all the way through to the court-injunction step which forces an end to strikes.

The strike, which Mr. Truman earlier termed a serious threat to the national defense program because copper is a scarce and critical metal, started Monday.

The President named a three-man board of inquiry which went to work at once, in an effort to report back on the facts by next Tuesday, as requested by the President. The board is not authorized to recommend a settlement.

The board arranged an organization session today; hearings might be possible by Saturday.

A court injunction, to force an end of the strike, may not be obtained before the board reports, under terms of the Taft-Hartley law. Once obtained, it runs for 80 days.

Despite Mr. Truman's action, interest was focussed on the negotiations between the Kennectott Copper Co. and the AFL and independent unions involved in two major Salt Lake City plants.

Face-to-face bargaining between the unions and the company was scheduled this morning.

It was freely predicted that any settlement was likely to be around 16 cents an hour as a package of wage benefits, including an across-the-board boost of about eight cents. The Kennecott workers now average $1.54 an hour.

A Kennecott settlement likely would be followed rapidly by a break-up of the entire strike and settlements in the other major copper operations.

Reds Bring Up Fresh Troops To Front Lines

U. S. EIGHTH ARMY HEADQUARTERS, Korea, Aug. 31. (AP) — Thousands of North Korean troops were reported today moving toward the front in hilly Eastern Korea. Savage fighting has been in progress there more than two weeks.

Thursday and Thursday night, Allied planes ripped into these reinforcements, into their highway supply convoys and the railroads feeding down to Communist front lines all across Korea.

Allies supplied their own front line troops with the biggest air drop in two months. Thirty-six Flying Box Cars parachuted 110 tons of ammunition, rations and medical supplies yesterday to troops battling high in the mountains of Eastern Korea. Rain-swollen streams and muddy roads cut off truck routes.

A U. S. Eighth Army staff officer today reported the following new observations of Communist troops in Eastern Korea:

A fresh division, about 8,000 men, digging in west of the coastal city of Kansong, 25 miles north of Parallel 38.

About 2,000 Reds moving south toward Yanggu, a city eight miles north of 38 and 35 miles inland from the East Coast. Allied planes roared, down, and attacked this group.

Two other groups of 5,000 Reds each in camouflaged positions west of Kansong and north of Inje. Allied artillery fired on these concentrations Thursday.

A Far East Air Forces summary Friday reported heavy attacks on the Reds' main railways, leaving many sections in twisted wreckage. Bombers went after railroad yards filled with loaded boxcars.

Record Number Cattle Move North To Feed

SAN ANTONIO, Aug. 31. (AP)—The movement of cattle from South Texas to northern feeding grounds on a record scale is two months ahead of the normal flow on account of drouth conditions in South Texas, it was said today.

An all-time record for livestock movement from the local stockyards was established Wednesday night when an estimated "million dollar train" rolled north.

L. M. Fergus, Missouri Pacific general livestock agent, said the record 91 cars were the greatest number ever to move from San Antonio in a single train. Three diesel engines were required to move the mile-long train from the sun-baked ranges of South Texas to greener pastures in other states.

Thirteen additional car loads of cattle were moved by the Southern Pacific and Katy Railroads.

Fergus said he had confereed with rail line officials in Omaha, Kansas City and St. Louis in an effort to get the cars to their area where he normal fall run of cattle to market has begun at least two months earlier than usual because of drouth conditions.

Water Being Trucked Into Mount Vernon

MT. VERNON, Aug. 31. (AP)—Mt. Vernon was completely without water today after the city wells ran dry in the long drouth.

The city of about 2,500 appealed to Mt. Pleasant, 16 miles away, for 20,000 gallons of water daily by railroad tank car. The Cotton Belt Railroad said no tank cars are available.

The American Pipeline Company supplied a truck and drivers Thursday to bring water to Mt. Vernon. The American Liberty Oil Company donated a 4,000 gallon tank trailer. They're hauling water from Mt. Pleasant on a 24-hour basis, at no cost.

Company officials said the hauling would continue as long as the shortage exists.

Miss Texas Leaves For Atlantic City

ODESSA, Aug. 31. (AP) — Janie Holcomb of Odessa left early today by private plane for Atlantic City where she will compete as "Miss Texas" in the Miss America contest which starts Monday.

Miss Holcomb is the daughter of Mr. and Mrs. R. W. Holcomb. She is 18 and is a dramatics student at the University of Texas.

WEATHER

WEST TEXAS: Partly cloudy tonight and Saturday, widely scattered thundershowers in Panhandle and west of Pecos valley. Not quite so warm Panhandle Saturday.

EAST TEXAS: Clear to partly cloudy and continued high temperatures tonight and Saturday.

Record County Budget Due to Be Passed Today; Tax Rate Will Be Set at $1.15

The county budget for 1952 based on a valuation of $110 million and a proposed tax rate of $1.15 per $100 valuation, which is to give the county a revenue of $1,265,000, is due to be adopted by the commissioners court this afternoon. This is the biggest budget ever outlined in Scurry County.

A public hearing on the budget, called for 10 o'clock this morning, was informally held at 10:40 o'clock in the county courtroom with Walter Grant, commissioner of precinct No. 1, and Doyle Parmer, commissioner of precinct No. 4, present. Ted Haney, precinct No. 3, was absent because of his wife's illness, and Cullen Toombs, precinct No. 2 did not appear at the hearing.

Other officers present were Edgar Taylor, county judge, and J. P. Billingsley, county auditor. Others attending were W. T. Davis, Lynn Henderson, A. C. Martin, A. C. Kincaid, and Tom DeShazo, who were given written copies of the budget, which they viewed before leaving about 11 o'clock.

Meanwhile the commissioners considered four other matters of business: a resolution to grant permission for drilling of an oil well; an application for the position of janitor of the courthouse; a contract to install a sewer line for the airport; and authorization of Judge Taylor and John Wilson, engineer on the airport project, to make a trip to Dallas next week to secure priority on airport lights.

Judge Taylor said the court was to consider the budget for adoption about 1:30 o'clock this afternoon. The commissioners also agreed to give further consideration in the afternoon session to the other matters brought to their attention this morning.

The budget proposes that approximately 90 per cent of the tax assessments will be collected during the collection period beginning Oct. 1, this year, amounting to $1,139,000, leaving about $126,000 delinquent on July 1, 1953.

On July 1, this year, the budget stated, delinquent taxes amounted to $45,000, of which about $10,000 is expected to be collected during the coming collection period. If so, anticipated collections will total $1,149,000.

Although the county tax rate, if adopted at $1.15, will be 30 cents higher than it was last year, the combined state and county tax rate will be virtually the same. Judge Taylor said. The state tax rate is being decreased 30 cents because of the legislature's vote to take off a 30 - cent ad valorem tax for special road purposes.

With this additional 30 cents per $100 valuation in the county's collections, it is believed that much of the county's bonded indebtedness can quickly be cleared, the judge said, including the original cost of the courthouse which has never been fully paid.

The proposed tax rate will still be less than that of 1949, which was $1.22 and netted the county only a fraction of what this year's income will be because of the valuation being only about $8 million then instead of $110 million.

The $110 million assessment is an increase of $60,181,353 over that of 1951. The new valuation is based on approximately 15 per cent of true market values of properties.

JOVIAL PRESIDENTS

President Truman and Philippine President Elpidio Quirino share a laugh as they shake hands during the mutual defense pact signing between the two nations in Washington. Philippine Ambassador Joaquin Elizalde is at center.

NO HELP NEEDED FROM OUTSIDERS

Chelsea, the Mohawk Zoo's mountain lion, shits her displeasure at the man who took this picture of her and her four-day-old twins at Tulsa, Oklahoma. She balked zoo curator Hugh Davis' attempt to get the babies for bottlefeeding and he said she'd have to rear them on her own.

PERMIAN OIL NEWS

New Coleman Venture To Test Sand Zone

Nash Dowle of Midland is to start operations by Sept. 7 at his No. 1 T. M. Hays, which is to be a 1,200 - foot cable tool wildcat in Southeast Coleman County.

The prospector will be 11 miles southeast of Santa Anna and in section 92. Bonds & Sanders survey.

It is to try for production in the Jennings sand pay. The venture is one and one half miles south of the Jennings field which produces from the sand to which the Dowdle wildcat is projected.

* * *

Concho Test Staked South of Paint Rock

Southern Petroleum Exploration, Inc. of Wichita Falls has filed application with the Railroad Commission for permit to drill the No. 1 W. F. Barfknecht as a wildcat in Central Concho County.

Drillsite is eight miles south of Paint Rock and in section 9, H.A. Robertsen survey.

Ground elevation is 1,815.3 feet.

Rotary tools will be used to drill to propected depth of 4,100 feet.

* * *

New Ellenburger Field Has Offset Staked

The Wilshire Oil Co. has staked location for a one and one-quarter mile southwest offset to the opener of the Elkhorn - Ellenburger field in Northeast Crockett County.

It is the No. 4 J. M. Shannon, in section 37-UV-GC&SF survey.

Projected depth is 7,500 feet. Rotary tools will be moved in and drilling will begin in the near future.

* * *

Runnels Wildcat Makes Gas Producer

Mid - Continent Petroleum Corp. No. 1 R. B. Thetford, Northeast Runnels County wildcat, has been completed as a gas well from the Morris sand for a daily flow of 8,277,000 cubic feet per day.

The production is from perforated section at 3,682-3,715 feet.

It is 10 miles northeast of Winters and two miles north of the Sykes - Morris field in Wharton County school land survey A-409.

* * *

Abilene Firm Stakes Northeast Runnels Try

Miami Operating Co. Inc., of Abilene, is to start drilling soon at its No. 1 Tungbet, slated 4,400-foot wildcat in Northeast Runnels County.

It will be in section 532-32, D. Diaz survey.

That makes it seven miles southwest of Crews and two miles southeast of the McMillan field.

Two Locations Staked In Sharon Ridge 1700

Marvel Production Co. of Midland has filed application to drill the No. 7-B and No. 8-B Hardee in the Sharon Ridge 1700 field 12 miles southwest of Snyder. Operations will begin immediately.

The No. 7-B Hardee is 330 feet form west and 990 feet from north lines of the C. A. O'Keefe subdivision, tract 6, of Kirland & Fields survey. No. 8-B Hardee is 1,045 feet from west and 990 feet from north lines of the same acreage.

Combination tools will be used in drilling both to 1,800 feet.

* * *

No. 182 P. L. Fuller Finals for 490 Barrels

Texaco No. 182 P. L. Fuller, Cogdell field location, has been completed for 490 barrels of 40.7 gravity oil on the official potential test.

The potential was calculated from a 10-hour flow through a 24-64th-inch choke. Gas - oil ratio was 933-1. Casing pressure was 125, tubing pressure 575-275. No water was present. Top of the pay section was at 6,960 feet. Casing was cemented at 6,956 feet, with total depth 6,969 feet.

The well is in section 502-97-H&TC.

* * *

Devonian Completes Its No. 6 J. R. Canning

The Devonian Co. has reported completion of the No. 6 J. R. Canning for 1,248 barrels of 44.3 gravity oil with no water.

The No. 6 Canning is in the Sharon Ridge - Canyon field in section 125-25-H&TC.

The potential was calculated from an actual four - hour flow gauged through a one-half inch choke. Gas - oil ratio was 752-1. 125 pounds, tubing pressure 500 Casing pressure on the test was pounds. Top of the pay section was at 6,661 feet. Five and one-half inch casing is set at 6,662 feet. Total depth is 6,695 feet.

Confiscation To Hold In West German Case

BONN Germany Aug. 31. (AP)—German owners of foreign property seized by the Allies during the war were stunned today by news they have no chance of getting it back.

The Western occupation powers — Britain, France and the United States — approved a new law yesterday giving clear title to persons who purchased former German assets from Allied custodians of enemy property. Germans had hoped for restoration of their former property in Allied countries.

German organizations assailed this new law as a violation of the rights of private property but U. S. Assistant High Commissioner Benjamin J. Buttinweisser said the principle of such seizure and disposal was firmly established.

Another Convicted Man Gets Reprieve

AUSTIN, Aug. 31. (AP)—A three-day reprieve was granted Bob Wall Thursday to move his scheduled execution from falling on Sunday.

Gov. Allan Shivers changed the date from Sept. 16 to Sept. 19.

Wall was convicted in the slaying of 65-year-old Jacob Coleman a Waco guard, in his hotel room a year ago. Coleman's body, bound and gagged was found the day following the slaying. His money and most of his valuables were missing.

Dressen Ill At Home

BROOKLYN, Aug. 31. (AP)—Manager Chuck Dressen of Brooklyn's National League leaders is expected to remain home in bed with the grippe for several days.

FINALISTS BARRED

BOSTON, Aug. 31. (AP)—The main bout of the park department's novice boxing show didn't come off Thursday night becuase the mother of the finalists — twins — wouldn't let them fight.

When Joe and Vic Gallucci, 13, reached the finals in the 75-pound class, Mrs. Phyllis Gallucci, their mother, decided she didn't want to see her offspring battle each other.

And Victor Gallucci, the papa, agreed.

"They do enough fighting around the house anyway," he said.

New Faces On Many Squads Over Country

NEW YORK, Aug. 31. (AP) — College football practice begins on a broad, national scale Saturday with the sport in perhaps the unsteadiest, most nervous state in its history.

More than 50 coaches will be familiarizing themselves with new squads, the result of wholesale shakeups last year.

Many a familiar figure will be missing: Minnesota's Bernie Bierman, Texas' Blair Cherry, Stanford's Marchie Schwartz, Southern California's Jeff Cravath, Duke's Wallace Wade, to name a few.

Thirty-three smaller colleges aren't playing this year. They couldn't exist in this era of two-platoons, million-dollar stadia and television.

The spring and summer basketball scandals and the exam-cribbing pribe at West Point, that wrecked the country's second-ranked team, have brought demands for a return to strict amateurism in college athletics.

The one experiment in that direction, the sanity code, is dead—slain at the winter college meeting in Dallas — but the National Collegiate Athletic Association is still alive and kicking.

Some colleges want television, some don't. So they're giving home viewers a restricted diet on an experimental basis.

The Southwest, Eastern, Southern and Southeastern colleges hit the practice wire Saturday. The Big Ten starts Tuesday.

This includes Army and Navy, and teams of the Big Seven Conference are at work already.

No Cadets To Be Restored

WLST POINT, N. Y., Aug. 31. (AP)—The U. S. Military Academy head says no cadet dismissed in the cheating scandal will be restored to duty.

Maj. Gen. Frederick A. Irving, West Point superintendent, issued a statement Thusday saying "no cadet found guilty and separated has been restored to duty, and there is no intention of doing so."

Irving's assertion followed an earlier statement by Attorney Robert Daru, who told a bar inquiry that seven of the accused cadets had been "restored to duty."

He said he would not divulge his source of information unless he was asked by a Congressional investigation committee.

Daru is a member of the committee on justice of the New York Civil and Criminal Courts Bar Association conducting public hearings in New York City on the legal aspects of the cadet dismissals.

Originally, 90 cadets were accused of violating the Academy's honor code by cheating on examinations — including practically all of Army's vaunted football team.

From previous statements by Academy officials, it appeared that other cadets had been questioned.

TALK OF THE TOWN

By FRANCES BROOKS

It's Watch Inspection Time — with a special week Sept. 6-15.... According to watchmen, the curse of a woman's watch is her purse ... she'll be back for watch repair twice as often as a man because she keeps her watch in her purse at times. ... She's then surprised if told the delicate mechanism is covered with a green residue from perfume in her purse.

Likewise, face powder, tobacco dust, divers other foreign ingredients literally gum the works. If the works are rusted, she says, "I never wear it in swimming or under the shower!" . Nope, but she works in the kitchen with it.

According to watchmen, steam from pots can seep in, and every time she reaches into the hot stove with her watch on her wrist, that's cruel treatment. That tiny drop of oil, meant to last the watch's long lifetime, finally dries out and the parts wear out, if you abuse it. A watch is so delicate and perfect, we forget its care, taking our car for regular checkups, but ignoring the watch. There are 1,440 minutes in a day—If your watch loses or gains 1 minute it is within 1,1440th of perfect performance.

* * *

The study clubs are going into high gear ... several of their compact little year books have fluttered onto my desk already ... Notice that this year young and sprightly Cosmorama Club has dropped formality and hostesses, are referred to by their first names. At the reassembling brunch, Sept. 12, there will be five members entertaining "Horrence Brice, Louise Thompson, Mary Ellen Headstream, Frances Stevenson, and June Boren." ... Alpha will take a special interest this year in the Snyder Girl Scout Lodge and in selling its excellent red - backed cook book including Snyder women's favorite recipes ... Mrs. GEORGE E. FRAZIER is a new member.

"Pattern of America" will absorb Altrurian Club, Sept. 7 they reassemble at a covered dish luncheon, Mrs. R. D. ENGLISH the hostess. New president, Mrs. D.M COGDELL will extend greetings. Twentieth Century Club takes "These United States" as their study course this year. Mrs. WALDO MONTGOMERY is searching avidly for some oil facts of interest for these parts, as oil has long been of interest to her. Mrs. CHARLES COOPER, who just returned to Snyder after spending the summer out of town, was one of the yearbook committee who sent to the printer their year's program. A breakfast at the Country Club Sept. 19, with Mrs. HARRY WARD, Mrs. HAROLD BROWN hostessing will start the year for the young matron's study group.

Court Docket Is Scheduled For Labor Day

Although Monday is Labor Day and a legal holiday, the wheels of justice in 132nd district criminal court will continue to grind, it was announced today by Judge Ben F. Thorpe.

The jury which was excused yesterday has been called back for service at 9 o'clock Monday morning.

According to Bob Davie, district attorney, the following criminal cases have been scheduled for this term:

Avis Boling Hill, charged with being an accomplice in the armed robbery of the Aztec theater; Charles E. Hill, charged with robbery in the same case; Walter C. Brown, charged with assault with intent to murder J. D Lewis; Sylvia Bankston, charged with accidental murder by motor car in the death of G. D. Lewis; Don Lehman, charged with removal of a mortgaged car; and Miles Morgan, charged with the same offense.

Floyd Bunch on a charge of driving while intoxicated as a second offense, which is a felony (Bunch is in the Odessa jail charged with murder in connection with the fatal beating of a prisoner recently); Reece Hester, charged with swindling by check, and on a second charge of theft of commercial paper; Shurman Leon Gray, on a fleeing from an accident charge; and F. A. Barrett and B. F. Clauson, both charged with theft by bailee.

Higher Dollar Crop Reported

AUSTIN, Aug. 31. (AP)—Texas farmers and ranchers enjoyed a 36 per cent greater dollar crop the first seven months of this year than for the comparable 1950 period, the University of Texas Business Research Bureau reported yesterday.

Livestock sales recorded an impressive increase in cash income, with cattle movements accounting for the bulk of the total.

Cattle sales brought 40 per cent more than during the first seven months of 1950. The 1951 total was $209,295,000.

Calves yielded $44,053,000 compared with $19,745,000 through July of both years.

Income from hogs rose 41 per cent; from sheep and lambs 6.

Mohair and wool sales produced 95 and 53 per cent more money, respectively. Wool was the bigger money maker, pulling in $38,068,000. Mohair sales totaled $6,886,000.

Income from several agriculture products dropped, with flaxseed and wheat suffering the sharpest percentage losses. Flaxseed income was down 95 per cent; wheat 59. Wheat sales totaled only $17,673,000 compared with $43,625,000 for the first seven months of 1950.

Tot Contest Winners To Be Crowned

Presentation of winners in the "tiny tot" contest will highlight the second presentation of "Going Places" at 8 oclock tonight in the high school auditorium.

Leaders in the contest this morning were Ricky Hall, son of Mr. and Mrs. Clyde Hall, Jr., 2242 Sunset Avenue, and Phyllis Burns, daughter of Mr. and Mrs. Phil Bruns, 807 Twenty - seventh Street. In second place were Larry Hall, son of Mr. and Mrs. Cecil Hall, 2241 Sunset Drive, and D'Linda Cathey daughter of Mr. and Mrs. Stanley Cathey, 403 Twentieth Street. Third place holders were Ralph Lee, son of Mr. and Mrs. Jack Lee, and Connie Baker, daughter of Mr. and Mrs. E. B. Baker.

All children entered in the contest will be presented on the stage tonight and awards made the winners and runners - up.

Participants in the Professor Quiz show conducted at last night's opening performance were Mrs. Phil Burns, Guy Glen, Mrs. Maurice Brownfield, Frank Wilson, the Rev. Woodrow W. Adcock and Mrs. C. W. Babb, Haskell Beard served as quiz master, with contestants chosen at random from the audience.

Other in the cast include Mrs. Ethel Nowlin, John Boren, Jan Johnston, Everlie Hooper, Shirlene Wharton, Elli Contello Jane Earl Crowder, Luanne Norris, Eddie Frank Bayouth, Malcolm Bolger, William Brownfield, the McGreggor twins, Mary Sue Boren, Frieda Davis, Glen Reeves, Morris Pilcher, Dawn Lee, Ann Fish, Jessica Lee, Barbara Nichols Connie Longbotham, Bob Davie, Tommy Deffebach, Wencie Garcia, Lee Smyth, R. S. Yorgesen, Dr. John Blum, Jim McClure, Charles Wolfe, Dr. D. K. Ratliff, and George Killam.

The show is under the sponsorship of the Snyder Lions Club.

Peppy Blount Will Coach Texas Freshmen

AUSTIN, Aug. 31. (AP)—State Rep. R. E. (Peppy) Blount of Big Spring will be part-time assistant freshman coach this year at the University of Texas, where he starred as a pass-catching end in 1947.

Kayoed Boxer Holds On

NEW YORK, Aug. 31. (AP)—George Flores, critically injured in a knockout at Madison Square Garden Wednesday night, held his own today while doctors debated whether a second brain operation is necessary.

The 20-year-old Brooklyn welterweight failed to regain complete consciousness after he was floored by Roger Donoghue in the eighth round of their bout.

THAT'S NOT SO

WASHINGTON, Aug. 31. (AP)—A fugitive from a Virginia prison camp road gang, wants police to know he hasn't been going around bragging about not being taken alive.

In fact, he wrote a Washington newspaper from his hideout, "I am unarmed and have no intentions of causing trouble for anyone."

He said the newspaper had erroneously printed that he had made a statement he would not be taken alive. He asked the paper to print his denial. It did on page one today.

Labor

Continued from Page 1

they work in this country."

Senor Calderon said he hoped there would be no violations of the agreement which would have to go to Washington for review.

He pointed out that the 1951 international migrant labor pact is only good for six monhs, effective Aug. 11, 1951, with the termination date Feb. 11, 1952.

The consul general also pointed out that the farm labor pay is far under that of industrial workers in this country, and even Negroes draw more wages for common labor than the average Mexican farm worker, Calderon said.

"If you show cooperation, you can rest assured that the Mexican government always will be understanding," Calderon added.

"We will do our best to see that you get your crops out, and ask for the safe return of our nationals. We ask that human rights be repected, and for fair treatment, and no employer will need fear for the consequences."

VIOLATIONS

Calderon cited numerous violations under the old labor pact, particularly violations in the Valley, when a farmer would sign anything without reading it, to get farm labor from across the border.

"No school child under 16 years of age can be employed on a farm during school session," P. D. Riley, of the Wage and Hour Division, Department of Labor, Fort Worth, told the group.

Speaking on the subject, "Rulings on Wages and Employment of Children of School Age," Riley said the government needs the crops and is not going to let them rot in the field, but children under 16 years of age will not be permitted to work in the fields during schools hours.

He did point out that these same children can work in the fields before and after school or on holidays, Sundays and Saturdays. He said this provision applies to migratory children as well as local youths under 16. Riley pointed out that this law does not apply to a farmer if he sells only to dealers who market exclusively with the same state.

The farmer is responsible for finding out the correct age of the young worker, and he will be protected if a certificate of age, issued or accepted by the U. S. Department of Labor, is obtained, which shows the young person to be at least 16 years of age, said Riley.

A farmer's own children are not subject to the child - labor provisions of the federal law, when they are working on their parent's farm or farms, with or without pay, said the speaker.

Violation of the child - labor act is a fine up to $1,000. For a second offense, committed after conviction for a similar offense, a fine of not more than $10,000 or imprisonment of not more than six months, or both, may be imposed, said Riley.

Mrs. Matt McColl, manager of the Lamesa Chamber of Commerce told of her county, Dawson, being placed on the blacklist by the Mexican government for an alleged discrimination, but which was quickly corrected, but the stigma still remains. She said Lamesa will not let this happen again, if it can be prevented. She said the mayor and county judge have formed a human relations council to take care of such incidents.

"Dawson County produces about 70,000 bales of cotton annually, and we need the Mexican nationals to help pick this huge crop," said Mrs. McCall. It was through the cooperation of the Mexican consul at Amarillo that the discrimination incident was straightened out, she said.

"Now we welcome migrant labor, and trust that we all shall live by the Golden Rule," she said in closing.

Tom Sutherland, as guest speaker at the luncheon, and who is executive director, Texas Council on Human Relations, cited the cooperation between this country and Mexico in the eradication and control of the deadly foot-and-mouth disease that raged below the border several years ago, and is still being fought.

"It has been a long row to hoe in Texas to bring about the better human relations existing between Texans and Mexicans, but it is being achieved," said Sutherland.

The speaker lauded the efforts of Governor Allan Shivers for his work on the Good Neighbor Commission, which functions without remuneration.

Sutherland scored certain magazines and newspapers that have brought unfavorable publicity to Texas through articles and pictures of Mexicans that reside in Texas.

"Our languages are different and it is easy for each to misunderstand each other, but this can be overcome by achieving understanding and of establishing communication," he said.

SPEAKERS

Other speakers during the day included J. M. Burleson, of the farm labor division of the Texas Employment commission, Austin; Ralph Proctor, president Howard County Farm Bureau; Joe Quirones, Mexican consul at Amarillo; Frank Meton of the West Texas Chamber of Commerce; G. W. Dabney, mayor of Big Spring, who delivered the address of welcome to the group; Durwood Lewter, county agent of Howard County; and George Logan of Waco.

Among the towns and cities represented at the all - day meeting were: Snyder, Stanton, Ausin, Tarzan, Lenorah, Lamesa, Midland Monahans, San Angelo, Colorado City, O'Brien, Fort Worth, Dallas, Abilene, San Antonio, Amarillo, Knott, Brownwood and Big Spring.

Harold Bennett, manager of the Scurry County Chamber of Commerce; Mel Andress, secretary of the Scurry County Fram Bureau, and a representative from the Daily News, attended from Snyder.

About 60 registered for the conference.

Raspberry sauce, although traditionally served with peaches and vanilla ice cream as in Peach Melba is equally delicious on pears.

Border Teams Begin To Work

(By The Associated Press)

The defending champion is among the four Texas members of the Border Conference beginning football workouts Saturday.

West Texas State's Buffaloes, coached by Frank Kimbrough, took their first Border loop title last season. Other Lone Star representatives are Hardin-Simmons, Texas Tech and Texas Western.

Arizona University, largely because of two undefeated freshmen elevens in two seasons, is the favorite. Other entries are Arizona State at Tempe, New Mexico A&M and Arizona State at Flagstaff. The Flagstaff school does not play enough conference games to be considered for the championship.

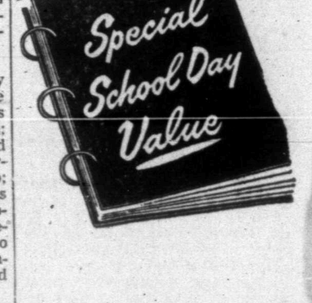

West Texas has 28 lettermen, but gone is the entire regular 1950 backfield, and five regular linemen. All-conference center Bob Kelley returns.

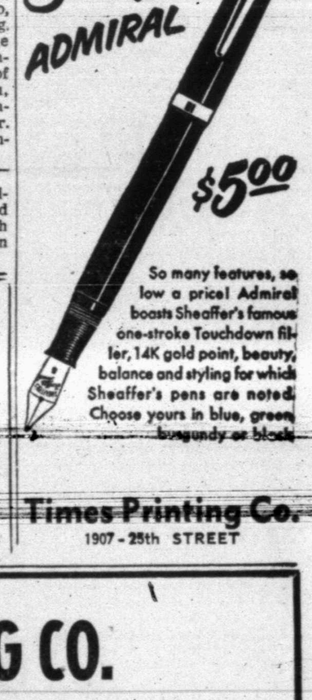

Hardin-Simmons lost passing star John Ford, but numbers 18 returning lettermen.

Coach DeWitt Weaver's new regime at Texas Tech can count on 17 lettermen. All-Conference Jerrell Price a tackle, is one of them.

Worst hit by graduation is Mike Brumbelow at Texas Western. He has only 12 returning lettermen, but J. D. Partridge, all-conference end, is back.

An emergency-inspired rule permitting freshman play should help all four.

WEST POINT WORKOUTS START

Earl Blaik, coach of the United States Military Academy football team, stands by as candidates for the 1951 team go through calisthenics at West Point, N. Y., the first day of fall practice. With most of his players dropped from school because of he cribbing scandal, Blaik is working with almost an entirely new squad.

Aggies To Wear Masks For 3 Weeks Of Play This Season

COLLEGE STATION, Aug. 31. (AP)—The Texas A&M football team will be fearsome this season. Rated a powerhouse, the Aggies will present an awesome appearance with their face masks.

Each player will wear a plastic mask, the better to keep his eyes open in slanting off tackle or smashing through center. Veteran trainer Bill Dayton says the boys won't be so likely to smack headfirst into an opponent's knee or helmet.

If the Aggie experiment works out, every football equipment room in the country may in a few years, have masks to issue along with the helmets and shoulder pads, Dawson says.

The idea stemmed from injuries to Bob Smith, the great Aggie fullback last season. Smith suffered a broken jaw in mid-season. Dayton hauled out a leather mask.

Smith found that he was not handicapped in the least using the mask. A week after his nose was broken against Baylor, Smith avraged eight yards carrying the ball against Arkansas. Two weeks later he set a Southwest Conference record for rushing with 297 yards against SMU. He went on to hang up a new conference season record of 1,302 yards.

Now Dayton is coming up with a plastic mask which covers the forehead, nose, chin and most of the cheeks. It is attached at the bottom by a strip around the neck and at the top by a pair of thongs.

All Aggies are to use the masks for three weeks. Then, it will become optional.

Projects For DevelopmentOf City Outlined

Water, recreational facilities, a good tax structure, and a clean town are what big concerns want when they seek sites for their business establishments, Harold Bennett, manager of the Scurry County Chamber of Commerce, told the Kiwanians at their luncheon meeting Wednesday at the Sage and Sand restaurant.

Bennett pointed out the need for such facilities for Snyder if it wants to grow. He said adequate water is assured upon completion of the dam, and that recreational conveniences will follow later, even though the park bond election was defeated recently.

He also cited the need for inviting airlines to use the local airport when it is completed.

Bennett told of the tour made by a group of businessmen Wednesday which included visits to all major oil and gasoline plants in this area, and to the airport.

H. W. Cargile, club president, announced the nominating committee for new club officers to be elected later in the fall. They include Ford Caperton, chairman, George Frazier, H. D. Moreland, Bill Brown, and Harold Grant.

Luncheon guests included, Sterling Parker, Jim Turner, Jake Springer, Mel Andress, Charles Wolfe, E. J. Haskell and W. J. (Bill) Smith.

Three Teams Grapple For Gulf Fourth Place

(By The Associated Press)

Laredo, Galveston, and Texas City are battling to the wire for fourth place and a spot in the Gulf Coast League playoff.

Galveston grabbed a share of fourth place Thursday night when it split with Lake Charles. Laredo lost. Galveston won 7-3, lost 3-0. Laredo got licked by Brownsville, 6-4.

Pennant winner Corpus Christi lost to Port Arthur 9-8. Texas City moved within a game and one half of fourth on an 8-3 decision over Harlingen.

Mrs. C. P. McKelvy and son returned to Lubbock yesterday after a short visit with her parents and sister, Mr. and Mrs. J. S. Lewis and Hazel of 3101 Avenue M.

Mr. and Mrs. L. B. Taylor, 1609 Avenue I, have had as visitors in their home this week Mrs Taylor's niece and nephew, Rita Grant and Gary Grant from Sweetwater.

200 Students Immunized In School Clinic

Many primary and elementary students will enter school this year with complete records of immunization because of the clinic held this summer, Miss Kathryn Davis, public school nurse, said today.

Miss Davis said about 200 students were given shots for immunization against communicable diseases, some taking all seven shots offered in the free but voluntary service clinic. A series of three typhoid shorts was offered, a series of three diphtheria shots, and one smallpox vaccination.

About 60 first grade students were also screened for hearing and visibility defects, she said.

The clinic was held in two phases, the first from June 18 through June 22, and the second from July 16 through Aug. 10.

Those of pre-school ages were referred either to their family physicians or the public health unit, which also announced an increase in immunziation. Those who began their series of shots too late to complete them during the clinic received the remainder of their requierd shots through the health office at the courthouse, Miss Leah Davis, public health nurse, said.

Three Wildcat Failures Reported In This Area

Three wildcat failures have been reported to the Railroad Commission late this week.

R. B. and W. A. Moncrief, Jr., of Fort Worth have plugged their No. 1-91 Scanlon Estate, wildcat in Northwest Dawson County, at total depth of 3,001 feet. It was three miles southwest of the nearest production in the Welch field and in section 91-M-EL&RR.

Kewanee Oil & Gas Co. No. 1 Cannon, Southeast Crosby wildcat, was quit at 7,730 feet in barren Mississippian. Top of that zone was at 7,665 feet on a minus datum of 5,363 feet.

The failure is 18 miles southeast of Crosbyton and three miles east of Kalgary in section 85-2-H&GN.

General Crude Oil Co. abandoned the No. 1 Ruby Cooper, Northeast Fisher County venture, at total depth of 6,161 feet in Ellenburger. The Ellenburger was topped at 6,098 feet. The well recovered 3,770 feet of sulphur water on a one-hour and 20-minute drillstem test at 6,142-61 feet.

Location is nine miles northeast of Hamlin in section 116-1-H&TC.

Mr. and Mrs. W. H. Rogers and Mr. and Mrs. E. L. Stagner of Colorado City visited Tuesday night in the home of Mr. and Mrs. Charles H. Cooper, 3007 Avenue S.

Philadelphia Steps On Toes Of Indians

(By The Associated Press)

This is the time of year that second division clubs get the most fun out of baseball — knocking off the contenders.

The Philadelphia Athletics who are a sad seventh, knocked Cleveland out of first place tie with the New York Yankees Thursday, beating the Tribe 6-1, for their second straight decision over the Indians.

The idle Yanks moved a half game out in front.

During the past few weeks the A's also have split eight games with the Yanks, divided six with the third - place Boston Red Sox and took three out of four from Chicago's fourth-place White Sox.

FELLER SHELLED OUT

Bob Feller, gunning for his 21st victory, was tagged for his seventh defeat. The A's clipped Feller for a pair of runs in the second and added four more in the third.

The third-place Red Sox downed the Detroit Tigers, 10-4, to move to within 4½ games of the Yanks. The Red Sox iced the game with four runs in the ninth.

In the National League, the Brooklyn Dodgers defeated Cincinnati 3-1, the Pittsburgh Pirates clipped the New York Giants, 10-9, the St. Louis Cardinals defeated Philadelphia 6-3, and the Boston Braves swamped the Chicago Cubs, 16-2. The Dodgers' victory and the Giants' defeat moved Brooklyn seven games out in front.

KINER BEATS GIANTS

Preacher Roe and Clyde King stopped the Reds on seven hits under the lights at Brooklyn. Roe left in the seventh when his pitching arm tightened his 18th victory against two losses.

Home runs featured the Giant-Pirate game at New York. Ralph Kiner won the game for the Bucs by belting his 37th homer in the ninth inning.

The Braves pounded a trio of Chicago pitchers for 15 hits to allow Jim Wilson to coast to his sixth victory. Wilson and Sam Jethroe led the assault with three hits each.

Veteran lefthanders Al Brazle and Harry Brecheen collaborated in pitching the Cards to victory at Philadelphia. Brazle worked the first six innings and received credit for his fourth victory.

Tight Race In Big State Loop

(By The Associated Press)

Austin finally caught up with Sherman-Denison in the Big State League. Temple is still chasing pace-setting Gainesville.

The Pioneers blanked Sherman-Denison, 6-0, Thursday night and went into a fourth-place tie with the Twins.

Temple used Fred Bell's 10th inning home run to lick Texarkana, 5-4, Gainesville walloped Waco, 14-3, to stay a game ahead of the Eagles. Wichita Falls beat Tyler, 8-6.

Frank Hill blanked Sherman-Denison on one hit a single by Tony Estrada in the sixth.

Austin manager Tom Jordan protested his game in the second with Plate Umpire Zaetz 10 yards from home plate and was tagged out.

Gainesville ranged out 14 hits, including a homer by Wilcy Moore.

A home run by Bob Jenkins in the eighth insured Wichita Falls' victory.

SPORTS MIRROR

(By The Associated Press)

Today a year ago — Gil Hodges Brooklyn Dodger first - baseman belted four home runs in a nine-inning night game against the Boston Braves thereby tying a major league record.

Five years ago — Luke Sewell resigned as manager of the St. Louis Browns.

Ten years ago — Ben Hogan shot a record-making 275 to win the Hershey Open Golf Tournament.

Twenty years ago — Lou Gehrig of the New York Yankees hit his 38th home run of the season to wrest the leadership away from Babe Ruth.

Pioneer Conference Starting Practice

ARLINGTON, Aug. 31. (AP)—Pioneer Conference football teams open fall training tomorrow with all five member schools expecting squads of 50 or more to report.

The largest squad is expected at Arlington State College where Al Milch is to issue equipment to 130 candidates.

Two new coaches are on hand, H. A. Sanford, former University of Alabama star, is at Tarleton. Milch, line coach last year at Hardin-Simmons, is at Arlington.

PIANOS! PIANOS!

NEW PIANOS: Mason-Hamlin, Knabe, Fischer, Janssen, Kimbell, Cable, Gulbransen, Lester. Prices start as low as $495.
USED PIANOS: Guaranteed used pianos from $75 to $295.
You can rent a used piano for as little as $8 per month and a new piano for $20 per month with all the rent you pay being applied to the purchase price if you decide to buy later.

GAVILAN GETS FACIAL

A shocking right to the jaw by challenger Billy Graham appears to have an electrical effect on the face of welterweight champion Kid Gavilan. The hair-on-end, distorted jaw appearance took place in the 13th round of the championship bout in New York's Madison Square Garden. Gavilan retained his title by a close decision in the 15-round battle.

Playoff Set In LonghornLoop

(By The Associated Press)

The Longhorn League playoff bracket is as good as complete.

Odessa clinched a tie for fourth Thursday night when it knocked off Vernon, 9-6. The only way Vernon can share the last place in the playoff is to win the rest of its games and Odessa to lose all its eight games.

Midland took a 22-9 victory over Sweetwater.

San Angelo beat Roswell, 4-2, and Big Spring licked Artesia 7-3.

Hayden White batted in four runs and scored five as Midland made merry.

Wayne Wallace hit two home runs for San Angelo, and rookie Mike Fornieles won his 17th game for Big Spring.

Abilene Sure In First Place

(By The Associated Press)

Abilene clinched first place in the West Texas-New Mexico League Thursday night.

A 5-3 victory over Clovis gave Him Melton his 21st victory and Abilene the pennant.

Don Stokes hit a two-run homer in the 12th to give Lame a 5-3 decision over Borger; Bob Spence pitched Albuquerque to an 8-1 win over Pampa, and Lubbock licked Amarillo, 9-3, behind the seven-hit pitching of Ken Michael.

No. 2 McElroy Ranch Flows 53.6 Gravity Oil On Potential Testing

Sinclair Oil & Gas Co. has reported completion of the No. 2 McElroy Ranch in Upton County for o potential of 3,500 barrels of 53.6 gravity oil.

Production is from the Ellenburger limestone through perforations at 12,260-12,360 feet. The well, a north offset to the No. 1 McElroy Ranch, completed in April, is 45 feet high geologically to the three other producing wells on the ranch.

It is on a block of 2,500 acres of leases owned by Sinclair. Seven other wells are being drilled in the area.

Mrs. Peggy Gordon of Dublin, Tex., is visiting in the home of Mr. and Mrs. J. E. Nichols, 104 Browning. Mr. and Mrs. Jess Stacey and son, Larry, of Edna, Tex. and Mr. and Mrs. R. B. Mayfield of Coahoma also visited in the Nichols home until Tuesday.

Texas League Clubs Reported In The Market

DALLAS, Aug. 31. (AP) — Three Texas League clubs — Dallas, Fort Worth and San Antonio — are on the market, the Dallas News said today.

The paper said it had learned that Allen Russell, president of the Houston club, had talked to Dick Burnett, Dallas owner, about possible purchase of the club. Russell tried to buy Dallas last winter.

The News quoted Russell as saying "I have been interested in buying a Texas League club for a long time."

In Houston Russell commented "I'm always in contact with the other owners of the clubs, but I am not looking for a Texas League club to purchase at this time. If one should ever be available, however at a bargain, I would be interested."

Burnett said "there is nothing to it — right now." Burnett said he would sell the club for $1 million "but I dont think anybody will pay that much."

The News said Russell also was reported to have bid $500,000 for San Antonio. Others seeking to buy the San Antonio club are Bill DeWitt, former partner in the St. Louis Browns, and George Schepps former president of the Dallas club.

Brooklyn has put its Fort Worth club on the market, the News said. "It was reported that John Reeves, president of the club would like to buy it," the News declared. "Reeves would not confirm that Brooklyn was trying to sell its Fort Worth holdings but he said that this property, like any other, could be bought. You can always buy something if you can pay the price."

Reeves a vice-president of the Dodgers and a part owner of the Fort Worth club, was out of town on business.

Texas Playoff Is Uncertain

(By The Associated Press)

Three teams are going to round out the Texas League playoff bracket, but you can't begin to figure how they're going to line up behind pennant winner Houston.

San Antonio, Dallas or Beaumont could finish second, third or fourth, or out of the money.

Confusing? Nope. Fort Worth still has a chance to get in the playoff and there's just one game that separates second-place San Antonio from fourth-place Beaumont.

Dallas edged within a half-game of second Thursday night by bumping Oklahoma City, 5-4 with a three-run, ninth-inning rally.

San Antonio knocked off Shreveport, 9-5; Beaumont blanked Houston, 11-0, and Fort Worth stayed within two and one half games of the first division on a 10-2 decision over Tulsa.

Europeans In Red Lines Are 'Marked Men'

SEOUL, Korea, Aug. 31. (AP)—If European Communists show up on the Red battle line in an international brigade, an Allied combat officer said today, "they'll bee marked men."

There have been presistent but unconfirmed reports that the Reds have recruited several thousand Europeans for such a brigade.

These troops are reported to have moved into North Korea recently. The latest rumors say they are somewhere between the Western battle line and Pyongyang, the Red capitol.

If there is such a force, and they are combat troops, an Allied front line officer said, "I feel kind of sorry for them.

"The Chinese and North Koreans are tough fighters. But a lot of our boys figure they're just stooges for the Russians.

"But these other guys are coming out here with their eyes open. They'll be marked men, believe me.

"If we see any European Commies out where the shooting is going on, you can bet your bottom dollar our boys will make an extra effort."

Fresistent stories that the Reds were forming an internacional brigade have never indicated whether they would be combat troops, technical advisers or members of service units.

The Chinese and North Koreans are badly in need of technical advisers, especially for tank, artillery and radio units.

Some U. N. officers say the Communists would like to have an international brigade in the front line for propaganda value.

Reports of the recruitnig campaign emanated largely from the Chinese Nationalist capital at Taipeh.

Mr. and Mrs. H. D. Harmon and son visited in Irving and Dallas over the week end.

CONVERSATION

A parrot can talk. But he can only say *the things he has heard!*

Human conversation is not so far removed from parrot-talk as we might like to believe. We too base most of our conversation on the things we have heard. But we digest thoughts that have been given us, consider them, make them our own, and then repeat them in our own words.

And yet, unlike the parrots, we influence others by the gift of speech. Our words can brighten or darken the lives of many people.

The God who has given us the gift of speech has also given us access to Truth. The spiritual knowledge we gain as we worship and study in our churches is the key to what the Bible calls "a holy conversation."

And that doesn't mean using pious phrases! It means using the gift of speech to help, rather than hurt, ourselves and others.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Miss Vera Periman

ASK MILDRED

(Editor's Note: Miss Vera Periman is a guest columnist today. A veteran home economics instructor she is indirectly reponsible for many of the well - balanced meals being served up by young matrons today in Snyder.")

"Your bodies are the temples of your souls". This quotation is one of the first ideas I present to nervous, first - year cooking students at high school. From then on the program for the year is on its way in our second - floor laboratories and kitchens.

I just naturally harp on the "Basic Seven!" These seven requirements in their selection of food are my Bible and if my students by the end of that first term don't understand them and respect them they are deaf, dumb and blind! These 7 rules are simple and they insure good health and avoid HIDDEN HUNGER.

1. A leafy green and yellow vegetable.
2. Citrus fruit tomatoes or RAW cabbage.
3. Potatoes and other fruits and vegetables.
4. Milk, cheese, and ice cream.
5. Meat, poultry, fish, eggs, dried peas and beans.
6. Breads especially whole wheat or fortified and cereal.
7. Butter and fortified margarine.

I tell my girls to plan their meals (or to choose their meals if they are eating out) around these requirements. Don't choose your food simply as a whim. With habit, these seven basic requirements will become ingrained in your consciousness, and you will build meals around them as surely as you shift into low, second, then high gear in a car.

* * *

I just got back from a delightful experience — a visit to "Lindy's" famous, widely - written-up restaurant in the heart of Manhattan. My friend and I returned several times, enchanted with that excellent cooking with a slightly foreign flavor. (The kosher dills were devine.) I brought back a recipe of cheese cake, which is originally a German dish, used frequently in Jewish families. At Lindy's it is sold, 45 cents the piece, placed before you in all its airy lightness topped with glazed oversized strawberries.

Cheese Cake

Ingredients:
6 eggs well beaten
1½ cups granulated sugar
juice of 1 lemon and rind
½ cup flour
¾ pint cream
1½ pound cottage cheese (drain and let dry as cheese must not be moist)
¾ cup cream cheese
pinch of salt
2 teaspoons vanilla

Beat all of this together with an electric beater if possible.

Line the cake pan with the following:
½ pkg. zwelbach unsweetened
½ cup sugar
Enough melted butter to hold mass together.

Pour into crust and bake 1 hour in a low oven (325 degrees). Let stand in the oven until cool. Do not open oven door.

This is an extremely rich dessert and pineapples, glazed might be substituted for those strawberries, which add the final touch.

* * *

And I might include one recipe which I suppose I have furnished hundreds of people upon request. Perhaps it's a hit because it requires no icing. Maybe it's just good. Anyway constantly I get letters or requests for it.

Orange Cake Recipe

Juice one orange and mix juice with ½ cup sugar. Let this stand until the cake is baked.

Grind 1 cup of raisins which have been washed and soaked (First - year girls usually need to be reminded to wash raisins!) peel of one orange and ½ cup nut meats (optional). Place aside.

Now blend ½ cup butter or shortening, 1 cup sugar, 2 eggs, a dash of salt, 1 cup sour milk (or cream or part cream), 1 teaspoon soda (mix with milk), 2 cups flour (sifted), teaspoon baking powder (with the flour).

Add this batter to the ground ingredients. Bake in a moderate oven about 40 minutes.

Pour over this cake the orange juice and sugar mixture.

This cake is better the second day than the first as the flavors have blended.

Celery-flavored Tomato Juice
Fried Chicken — French Fried Potatoes (Quick-frozen)
Salad Bowl — Buttermilk Muffins*
Melon Slices — Beverage
(Recipe for Starred Dish Follows)

BUTTERMILK MUFFINS

INGREDIENTS: 2 cups sifted flour, 3 teaspoons baking powder, 1 teaspoon salt, 2 tablespoons sugar, 6 tablespoons butter or margarine, 1 egg, 1 cup buttermilk.

METHOD: Sift flour, baking powder, salt and sugar into a mixing bowl; cut in butter or margarine with pastry blender until particles are fine. Beat egg in a small bowl with rotary beater (electric or hand); add buttermilk and beat to combine. Pour into dry ingredients all at once and stir quickly, just enough to moisten. Fill greased medium-sized muffin pans about 2-3 full and bake in hot (400F.) oven 20 to 25 minutes. Makes 12 muffins.

Boyle Finds Conversation In American Homes Is One-Sided

By HAL BOYLE

NEW YORK Aug. 31. (AP)—The average American wife can get everything she wants from the average American husband — except his attention.

Over the years a dense wall of fog rises between her vocal chords and his ears. No matter how many words she pours into this fog all she gets back is "uh huh" or a non-committal grunt.

"You don't talk to me any more" she says accusingly.

Translated this means "you don't listen to me anymore."

But, granting that this is what she really has in mind, why doesn't the average husband listen to his wife? Why shouldn't a dirty old thing that grew up from rats and snails and puppy dog tails jump at the chance to converse with a fair creature made of sugar and spice and everything nice?

BY A WATERFALL

I asked several husbands this question. The first said rather cynically I thought:

"Listen I don't know why, but if you lived by a waterfall for 20 years do you think you'd still hear it? No."

Another replied "to tell the truth I don't remember anything my wife said to me since 1935." It turned out that what she had said then was: "Shut up!"

A third answered that he quit listening to his bride because all she did was make such despondent remarks as:

"Well guess what happened today? The laundry didn't come back." or "that new butcher is getting awful fresh with me again I wish you'd go to the store and put him in his place."

STRAINED SILENCE

This husband said a strained silence had ensued in his household ever since he told her "Honey why don't you put your complaints to music and play them to me on a ukelele?"

A fourth marital old-timer said defensively "That's why people have kids — so wives'll have somebody to talk to. Conversation is for couples that are still courting."

And a fifth said: "It's simple. The less you talk at home the fewer the quarrels."

My what bitter men!

And then I met a white-haired old gentleman as wise as any man can be in the ways and whims of women who said:

"My boy, there are only two sentences a man can say that really make sense to a woman. The first is 'Will you marry me?' the second is 'I love you.'"

5 MONTH'S STUDY OF 'ART' PICTURES

WASHINGTON, Aug. 31. (AP)—Post office trial examiners have decided that the pin-up pictures offered for sale by night club entertainer Evelyn West aren't art.

They said in an initial decision handed down Thursday after five months' study that Miss West was offering lewd pictures for sale through the mail.

The decision went to postmaster General Jesse M. Donaldson, who must decide what to do about it.

Miss West has contended that the pictures — 22 for $1 — were offered to people "interested in art in its various phases." The Los Angeles entertainer once insured her figure for $500,000.

Mrs. McAfee Hostess At Bridge Party

Wednesday Bridge Club members met at Mrs. E. L. McAfee's home, 1208 Twenty - first Street, for an afternoon of bridge Wednesday.

Mrs. Louis Bruce won low score, and Mrs. J. S. Wester was high scorer. Other members attending were Mrs. J. G. Byer, Mrs Lester Schraub, Mrs. J. D. Sheridan, Mrs. Garland Smith, Mrs. S. L. Surratt, Mrs A. G. Thomas and the hostess.

A surprise anticipation shower in honor of Mrs. Schraub was given after the bridge was completed.

Mrs. McAfee served a salad course with iced tea to the members.

Next meeting is to be held at 1:30 o'clock in the afternoon of Sept. 12 at the home of Mrs. J. D. Sheridan, Texas - New Mexico Pipeline Camp.

THE STARS

By BOB THOMAS

HOLLYWOOD Aug. 31. (AP)—What was Rudolph Valentino really like?

The screen's greatest lover has been dead 25 years and legend has already clouded his real nature. There are still many people in Hollywood who knew Valentino.

"He was a pretty good fellow about publicity," remarked veteran publicist Frank Pope. "He would cooperate on just about anything you might suggest.

"He was all right as long as he remained down-to-earth but sometimes he would get some grandideas about his own aloofness. He was nice enough to the people he knew and liked but when he didn't like someone — watch out."

"He wasn't a woman-chaser" said Dev Jennings who photographed Valentino in "The Cobra" and is still a cameraman at Paramount. "When I knew him he was very much in love with his wife, Natacha Rambova, and was very jealous of her.

"Rudy lived very quietly and didn't get involved with the wild Hollywood crowd. He would just have a few friends up to his home in the Hollywood hills. He seldom went to the big parties.

"Rudy's hobbies were riding fencing and boxing. Here's one thing most people don't know — his left ear was cauliflowered. I had to use special lighting on him and avoid shooting him on the left side."

Pfc. Bill Dillard is expected home from Fort Sill, Okla., to spend the Labor Day week end with his parents, the Rev. and Mrs. R. L. Dillard, 700 Thirtieth Street. Another son, Capt. Robert Dillard, and Mrs. Dillard are also expected to visit here soon.

Mr. and Mrs. Billy Prather, Snyder, are the parents of a daughter born early today in Snyder Hospital.

Mr. and Mrs. Delvin Leatherwood, Fluvanna, are the parents of a son born last night in Snyder Hospital.

DISMISSED CADET TESTIFIES

Donald Senich, of Cleveland, O., one of the 90 cadets dismissed from the U. S. Military Academy for alleged cheating at exams, testifies at a public hearing in New York. Senich, appearing at the inquiry conducted by the committee on Justice of the New York Civil and Criminal Courts Bar Association, said that he had not received a hearing before the cadet honor committee as provided in the West Point code. He played football and basketball at the academy. Bar Association members (left to right) are: Judge Herman Hoffman, chairman Norman Fenton and Stuart Levinson.

Trying To Find Out Who Is An Indian Is Tough Problem

By JAMES MARLOW

WASHINGTON, Aug. 31. (AP)—An Iowa cemetery refused burial to a Korean war veteran because he was not of the Caucasian race. He was an American Indian.

It's easier to explain the race from which the American Indians sprang than to answer what might seem a much simpler question: Who's an Indian?

Anthropologists agree Indians are of the Mongoloid race, which includes Chinese and Japanese, and that they came into North American from Siberia within the last 20,000 years.

Some Indians are believed to have come here along the same route as recently as 900 years ago.

But there is no general agreement on who is an Indian.

DEFINITIONS DIFFER

Even government agencies — like the Census Bureau, which gathers figures on population, and the Interior Department's Bureau of Indian Affairs (BIA), which handles Indian problems for the government — don't have the same definitions.

But isn't there some general agreement on who's an Indian, based on the amount of Indian blood in a man? For example— is a man an Indian if he has one-half, one-quarter, or one-eighth Indian blood? No.

Indian tribes don't agree on that, for one tribe may accept as a member a man with one-half Indian blood, another if it's one-quarter, another if it's one-eighth.

The Census Bureau lists as an Indian anyone who says he is, provided he's accepted as an Indian in his community, but the BIA doesn't have a definition which designates a man an Indian according to blood alone.

PROPERTY INTEREST

Generally, the BIA judges a man to be an Indian if he has one-quarter or more Indian blood and — if he also has an interest in property held in trust by the federal government.

For example:

1. A man with 50 per cent Indian blood, and a member of a tribe occupying a reservation works in a Detroit auto factory. For some reason he has no interest in any land owned by the tribe, and held in trust by the government, or any profit derived from that land.

So far as BIA is concerned, he is not an Indian.

But his brother, working beside him in the same plant, with 50 per cent Indian blood but with an interest in the land held in trust by the government, is considered an Indian by BIA.

There are about 300,000 Indians — according to BIA's definition — living on the 150 reservations, and another 100,000 living somewhere else. No one guesses how many people in this country have some Indian blood.

TEXAS BRANDS

JNB

By JOHN M. HENDRIX

A JNB was registered in Potter County in 1887 [illegible] Mallowing, a former lieutenant governor of Texas and prominent attorney of Amarillo. He had served in the courts of Texas, the county town of the Panhandle of the '80s, when it was at its height. He knew Texas and Canadian cattlemen of the older days by the score. Browning continued many times in the settlement and development of the Amarillo and plains region, although he was never one of the larger owners of the district, confining his efforts mostly to his practice of law.

Radar Screen For Overseas

WASHINGTON, Aug. 31. (AP)—The U. S. Air Force is planning a "radar screen" for its bases in Britain, Western Europe and the Mediterranean area.

An Air Force spokesman confirmed today that "a sizeable part" of the $1,071,000,000 requested of Congress for 'classified" Air Force construction overseas will go into such an air raid warning and patrol system.

Authorization for the spending is part of $5,768,000,000 military construction bill approved by the House and now pending in the Senate.

Work has been speeded up on the $161 million defense warning system around the United States and Alaska. This radar screen is being constructed to give advance warning against possible surprise attacks from the air.

The exact number of warning stations and their locations are secret. Those in this country and Alaska work with similar installations in Canada under the mutual Canadian-U. S. defense plan.

PERSONALS

Mr. and Mrs. Joe Rylander, Jr., and daughter Mr. and Mrs. H.D. Harmon and son, Mrs. P. F. Harmon, Mr. and Mrs. Joe Harris and sons and Leroy Miller went to the Sweetwater park for a picnic Tuesday night.

LEGAL NOTICE

LEAGAL FOR Friday
THE STATE OF TEXAS
To any Sheriff or any Constable within the State of Texas,
GREETING:
You are hereby commanded to cause to be published in some newspaper regularly published in your County once each week for two consecutive weeks, notice in words and figures as follows;
JAMES A. Clark
vs. No. 6152
W. L. SHAW, ET. AL.
IN THE DISTRICT COURT OF SCURRY COUNTY, TEXAS
132nd JUDICIAL DISTRICT
To: C. E. Pisunty, E. E. Walker, J. N. Jarrell, Ella Dodson, J. S. Phagan and T. H. Quick, and to all persons interested in the above entitled suit, and to their unknown heirs and legal representatives.
Notice is hereby given that James A. Clark, plaintiff, has filed direct interrogatories in a certain suit pending in the District Court of Scurry County, Texas, wherein the original parties are James A. Clark plaintiff, and W. L. Shaw, L. Parnell, Jack Aubry Parnell, Elsie Parnell, Emma Isaacs, Bessie Eaton, T. J. Shaw, L. A. Shaw, Ola Garrard, C. S. Phipps, Mrs. M. E. Rosser, E. E. Walker J. N. Jarrell, Ella Dodson, Mike Wolf and J. S. Phagan and T. H. Quick, and H. W. Meredith are defendants, No. 6152, to Garland W. Wolf a witness who resides in Kent County, Texas, the answers to which will be read in evidence on the trial of said cause, and has also filed an affidavit in said suit that the plaintiff James A. Clark does not know the residence of the defendants names in this Notice, and that a commission will issue on and after the 14th day after the publication of this notice to take the deposition of the said witness.
Witness, Eunice Weathersbee, Clerk of the District Court of Scurry County, Texas, SEAL
GIVEN UNDER MY HAND AND SEAL OF SAID COURT, at office in the town of Snyder, on this the 29th day of August, A.D. 1951.
Eunice Weathersbee
Clerk, District Court, Scurry County, Texas.
Issued on this the 29th day of August, A.D. 1951.
Eunice Weathersbee
Clerk, District Court, Scurry County, Texas.

THE STATE OF TEXAS,

TO R. W. Collum, L. A. Gamble, J. R. Boyd, H. E. Gesaway, E. L. Acker, Flossie Gurley, D. R. Fox, if living, and if dead, the unknown heirs, and legal representatives of said persons, and the unknown heirs and legal representatives of said unknown heirs, Defendants in the hereinafter styled and numbered cause:
YOU are hereby commanded to appear before the District Court of Scurry County, Scurry County, Texas, to be held at the Court House of said County in the Scurry County, State of Texas, at or before 10:00 o'clock a.m. of the first Monday after the expiration of 42 days from the date of issuance hereof, being Monday, the 15th day of October, A.D. 1951, and answer the Plaintiff's Original Petition in cause numbered 5469, Styled Abel Barrientes Et Al, Plaintiff vs. J. P. Cruse Et Al, Defendant filed in said Court on the 30th day of June, A.D. 1951, the nature of Plaintiff's demand is as follows, to-wit: Suit in Trespass to try title and for recovering the described real property to-wit: Lot No. 5, Block No. 3; Lot No. 6, Block No. 32; Lot No. 11, Block No. 3; Lot No. 12, Block No. 3; Lot No. 14, Block No. 3 and Lot No. 1, Block No. 4, all in the Gross Subdivision of the Scarborough Addition to the Town of Snyder, Scurry County, Texas, and being a part of Section 180, Block No. 3, H. & G. N. Ry. Co. Survey, Scurry County, Texas.
Plaintiffs sue for title and possession of said property, for damages and for costs of suit and for general relief.
HEREIN FAIL NOT, but of this writ answer as the law requires.
WITNESS: Eunice Weathersbee

Eunice Weathersbee
Clerk 132nd Judicial District Court, Scurry County, Texas,
By Ima Lee Lammert, Deputy.

CHURCH DEDICATION SUNDAY AFTERNOON

An open house and dedication of the Mount Olive Baptist Church in the Colored Section of town will be held at 3 o'clock Sunday afternoon. H. L. Wren, and the Rev. E. K. Shepherd from the First Baptist Church will be two of the speakers for the occasion Congregations from churches all over West Texas are invited to attend.

Pictured above are five leaders of the Woman's Society for Christian Service of the First Methodist Church. Left to right are: Mrs. M. T. Popejoy, leader for the Philathea Circle; Mrs. Nancy Caton, leader of the Wesleyan Circle; standing, Mrs. O. J. Weber leader for the Berean Circle and also publicity director of the WSCS; Mrs. Waldo Montgomery, vice president of the WSCS, and Mrs. Marcene Holt, leader for the young women's group, the Mary-Martha Circle. Mrs. R. E. Gray, president of the WSCS, is not pictured. Other officers not pictured are Mrs. H. F. Clark, Jr., secretary, and Mrs. J. B. Melton, treasurer.—(Lee Watson photograph.)

WSCS Started Here as Small Group Serving Sick and Needy

Soon after the turn of the century, in 1903, the Methodist Woman's Home Missionary Society met and organized, laying the foundation for the present strong church woman's group, Women's Society for Christian Service.

Of that tiny group from the First Methodist Church who met, only one member still lives in Snyder. Mrs. Joe Strayhorn, 2111 Thirtieth Street, who sat with the charter group, today attends meetings of the present organization which has an enrollment of more than 400.

CHARTER MEMBERS

Besides Mrs. Strayhorn those early Methodist women were Mrs. Lonnie Grantham, Mrs. H. A. Goodwin, Mrs. W. T. Davis, Mrs. L. B. Barnes, and Mrs. W. T. Manry. The Rev. C. W. West was pastor of the First Methodist Church in 1903, and working with him the group raised money through giving dinners, selling syrup, or anything else they could think of to furnish the parsonage, buy pianos, and attend to the needs of the church.

As there was no hospital in Snyder, and no nurses, they cared for the sick where they were needed, in more cases than not sitting up all night with ill people. They served and tended to children when they were needed. Dues in those days were $5 a year and all funds were kept for the quantity of work they did here at home.

In 1908 the group divided its work into the Home Department and the Foreign Department. Mrs. H. G. Towle serving as president of the Home Department, Mrs. E. W. Clark, president of the Foreign Service. Mrs. Towle recalls the early problems in the Northwest Texas Conference of which she was treasurer. "It was so disorganized at first, we often felt like wringing our hands!"

An invaluable member in those days was Mrs. R. M. Stokes whose small children prevented her joining but as soon as the larger ones grew old enough to care for the smaller ones, she entered the women's group and steered many of the activities. A member who joined in 1918 and still serves is Mrs. Ida Curry, Mrs. M. W. Clark being another member who has worked with the group for years.

CHURCH UNION

In 1939, the north and south churches of Methodism at a convention in Kansas City united into one church and changed the women's group to the Woman's Society for Christian Service. This name became official in 1940.

Celebrating their tenth birthday, the WSCS last year joined the organizations from other churches by exchanging birthday cakes. Colorado City women brought their cake to Snyder, Snyder women taking their cake to Lamesa.

Today the aims and ideals of the society are much the same as in the early days, though the membership is many times larger. After the boom hit Snyder, it became necessary to divide the growing group into three circles, the Mary-Martha (young mothers), the Philathea and the Berean circles. Business and professional women were given a chance to work, too, their group being named the Wesleyan Service, with night meetings.

The WSCS and the Wesleyan Service Guild every year meet once jointly. This year they will convene Nov. 26.

New members are cordially invited to join any one of the circles. Young matrons are asked to telephone Mrs. Marcene Holt, chairman of Mary - Martha Circle. Mrs. M. T. Popjoy will be glad to enroll you in the Philathea Circle. Mrs. O. J. Weber in the Berean Circle. Mrs. Nancy Caton, chairman of the Wesleyan Circle, encourages all interested businesswomen to contact her about joining that circle. You may also join any group by calling the church office of the First Methodist Church.

As a member of many years in the WSCS once remarked, "Don't ever get so discouraged that you give up and quit trying, for no good was ever done by a quitter. Whenever you think the WSCS is just about dead, it's about ready to take on new life again! This spirit has preserved the strong group of churchwomen through the years."

Episcopal Clergyman To Start Work Here Beginning Next Sunday

Members of St. John's Episcopal mission met Tuesday night at the home of Mr. and Mrs. A. D. Erwin, 2801 Avenue W, to discuss work of the church here.

Discussion centered on the contacting of members of the church and urging them to attend services held each Sunday night in the Texas Electric Service Co. building.

It was announced that the ReRv. Robert Purrington, formerly of Baltimore, will begin working with the group here next Sunday. Mr. Purrington will live in Sweetwater.

Those attending the meeting Tuesday were Mrs. Robert R. Patterson, Mr. and Mrs. C. B. Keever, Mr. and Mrs. James M. Turner and Mrs. Elizabeth Turner.

Nazarene Church Holds Youth Meetings During Special Revival Week

Revival services at the Church of the Nazarene are to continue through Sunday, the Rev. R. L. Dillard, pastor, said today. The Rev. Henry C. Thomas of Seagraves is speaker for the services.

A special service for young people is conducted at 7:30 each evening preceding the regular service at 8 oclock. Morning services are held at 10 o'clock.

Christian Service Society Has Luncheon

The Women's Society of Christian Service of the First Methodist Church met Monday for a covered dish luncheon in the fellowship hall, where Mrs. T. J. Sterling, Mrs. Waldo Montgomery, and Mrs. O. J. Weber were hostesses.

Mrs. Sid Worrell, in charge of the program, was assisted by Mrs. J. H. Weber, Mrs. R. L. Gray, and Mrs. R. E Gray who discussed, "The Last for Which the First Was Made," a subject on old age.

The devotional was given by Mrs. Ida Curry.

The president, Mrs. R. E. Gray, directed the business meeting, in which the group voted to hold a bake sale today and tomorrow at Pick & Pay Grocery Store. Nineteen members of the society were present.

Christian Board Meets

The board of elders and deacons of the First Christian Church will meet at 4 o'clock Sunday afternoon at the church, J. B. Turner, chairman, has announced. Regular business matters will be discussed.

Baptists' Mid-Week Services to Feature Missionary from Africa

Mrs. Milford Howell, a Baptist missionary to Nigeria, Africa, will be guest speaker at the Wednesday night service of the First Baptist Church, the Rev. E. K. Shepherd, pastor, said today.

Mrs. Howell was originally from Waco. She has been engaged in mission work for the past several years.

Family Night Planned At First Methodist

A covered dish supper and program Wednesday night will highlight a family night planned by the First Methodist Church, the Rev. Woodrow W. Adcock, pastor, announced today.

The supper will be served at 7:30 in fellowship hall, and will be followed by the presentation of a 30 - minute religious film and several skits from departments of the church.

All members of the church and their friends are invited to attend, Mr. Adcock said. He also extended a special invitation to newcomers now living in Snyder and the surrounding area.

Methodist Stewards Will Meet Tuesday

The board of stewards of the First Methodist Church will have a regular monthly business meeting at 8 o'clock Tuesday night in fellowship hall, Haskell Beard, chairman, announced today. The board is made up of 51 men of the church.

Special Gifts For Churches In Flood Area

Methodist churches throughout the United States will be asked to make special contributions on Sept. 9 for the aid of churches destroyed by recent floods.

The special day will be announced in the First Methodist Church, the Rev. Woodrow W. Adcock, pastor said, and contributions to the fund accepted.

More than 70 churches and parsonages in Kansas, Central Kansas and Central West Annual conferences were destroyed and must be rebuilt from funds from private sources. Relief organizations and army engineers who are restoring housing with local aid cannot restore damaged church property.

The special flood day program has been approved by the council of bishops and the executive committee of the general commission on World Service and Finance.

Calvary Baptist Pastor Returns From Preaching In Southern States

The Rev. T. Gerald Cates, pastor of the Calvary Baptist Church, is to return tomorrow from a month's preaching tour in Mississippi and South Texas.

His sermon titles for the morning and evening church services next Sunday were announced as "Sir, We Would See Jesus" and "Jesus May Come Any Moment!"

Baptist Adult Class Has Picnic at Orchard

Thirty persons picnicked at the east Von Roeder park last week, the party being sponsored by the Adult Couples Class of the First Baptist Church.

Mrs. Myron Roe, teacher, presided as hostess of the outdoor affair, Mr. and Mrs. Jim Langridge, vice presidents, assisting.

Others attending were Mr. and Mrs. Ed Allen, Mr. and Mrs. E. B. Baker, Mr. and Mrs. Tom Carney, Mr. and Mrs. Lindy Clark, Mr. and Mrs. Billy Holman, Mr. and Mrs. Wilson Howell, Mr. and Mrs. Arthur Roberts, Mr. and Mrs. E. M. Stephens, Mr. and Mrs. B. J. Weaver, Mr. and Mrs. G. B. Brigham, and Mr. and Mrs. Bill Boyd.

First Christian Church Resumes Choir Practice

Choir practice will be resumed at the First Christian Church Wednesday night the Rev. Clifford Taylor, pastor, has announced. The choir rehearsal was dismissed during August.

A. T. Nicholas has been selected to serve as choir director. Choir practice will be held at 8 o'clock following the prayer service and Bible study period.

Labor Day Message Scheduled at Church

"The Clock Watchers" will be the subject of a Labor Day message to be delivered Sunday morning at the First Methodist Church by the pastor, the Rev. Woodrow W. Adcock.

The pastor has chosen "Elijah's Victory" for the topic of his Sunday night message. The two choirs of the church will present music for both services.

Wayne Pitner Named To Methodist Post

Wayne Pitner, now assistant manager of the J. C. Penney Co. store here, has accepted a position as organist, secretary and director of youth work for the First Methodist Church, the Rev. Woodrow W. Adcock pastor, said today.

Pitner will take charge of these activities at the church on Sept. 1. He succeeds Miss Katherine Elliott, who has held the postion since June. She will teach in the junior high school this fall.

Missionary to China Is Slated to Speak

Dr. Buford Nichols, Baptist missionary to China will be among the speakers at the Baptist Brotherhood district meeting to be held in Big Spring Sept. 3 and 4.

Several members of the Brotherhood here are expected to attend the meeting, the Rev. E. K. Shepherd, pastor of the First Baptist Church, said. The meeting will be held at the District 8 camp.

U. S. Hopes Soft Peace Will Make Japan Our Friend in Asia

WASHINGTON, Aug. 31. (AP)—The United States and her allies are gambling that Japan will remain a steadfast friend.

The "soft" peace treaty to be signed next week in San Francisco is in part a calculated risk. So is the military and financial support the United States has pledged to give free Japan.

Instead of being kept in weakness, Japan will be helped and encouraged to becoming a first class power again.

There are two reasons:

The United Nations need strong friends in Asia; and a repressive peace probably would stir the proud Japanese to vengeance.

The danger is that Japan might use this strength, sometime in the future to renew her dreams of ruling Asia or might be compelled by circumstances to deliver it to the Communist bloc.

At present, the risk is slight. Japanese leaders and most of their people are strongly pro-American and anti-Communist. The country is economically and politically stable.

COMMUNIST PLAGUE

But for years Japan will be plagued by forces more explosive than those which turned her to imperialistic war. She will be under constant pressure from the Communist mainland. And the dense population she cannot now feed is growing alarmingly.

Most Japapese, thirsting for independence, do not realize that with freedom their troubles will actually begin.

Japan will not become officially free until the peace treaty is formally ratified. This is expected to take between six and nine months after the San Francisco conference.

It will be much longer before the Japanese can stand entirely on their own feet.

American forces will protect them for an indefinite period, under a mutual aid agreement to be signed in San Francisco. This will mean United Statse air and naval bases and ground force installations.

In time, the Japanese will be expected to provide their own defensive ground troops, supported if necessary by United States air and naval power.

TOUCHY QUESTION

Rearmament remains a touchy question in Japan. Many Japanese do not want their militarists to come back. Their Oriental neighbors, still bitter from the Pacific War, are equally distrustful.

In the end, some form of Japanese army appears inevitable. American officials say it could not be turned toward aggression without air and naval power which Japan is too poor to rebuild.

The Japanese also look to the United States for continued help in rebuilding their economy.

American dollars have kept Japanese industry rolling throughout the occupation. At one time $1 million a day was spent for food and other necessities. During the past year a total of $187 million was appropriated to fill the gap between Japan's export earnings and her import requirements.

The official hope is that this dole can be eliminated. Instead, the Japanese will be paid for the installations and facilities used by American security forces. These were cost-free under the occupation.

FACTORIES WORKING

Japanese factories filled $330 million worth of special contracts during the first year of the Korean war. They are capable of further business in continued war contracts, in rehabilitating Korea or in helping to industrialize such areas as southeast Asia.

But for 50 years continental China and Manchuria supplied both the markets and the cheap raw materials needed by Japanese industry. Sometime, Japan may have to trade extensively with this area, regardless of its politics, in order to survive.

Behind this is the pyramiding pressure of an unsolved population problem. The total now is 84 million people, crammed in an area the size of California. Improved health measures have contributed to an annual increase of 1.4 million.

These forces may eventually determine Japan's future and her allegiance.

They are stronger than even the most stalwart Japanese democrat has been able to withstand.

The Japanese will not be obliged by peace treaty terms to retain any of the extensive reforms introduced by the occupation. What they do with their blueprinted state may indicate how far they have been weaned away from autocracy and traditional belief in their right to rule Asia.

American officials expect some "backsliding" when the Japanese regain authority.

The purge of thousands of wartime leaders already has been lifted, with the approval of occupation authorities. Powerful Japanese groups are opposed to a number of other basic measures, many of which American authorities would like to see retained.

Land reform, considered the most important single achievement of the occupation, already has been challenged in the courts as unconstitutional. The landowners' case was denied under circumstances suggesting it will be brought up again when occupation restraints are gone.

Fishermen, laborers and women may also have to fight a hard battle to retain all the legal rights they have gained.

Eventually, the Japanese will evolve their own kind of state from the plans which American authorities drew for them.

And for the present Japan can be expected to stand with the western bloc for the most compelling reason in international politics — mutual benefit.

Gas Allowable For September

AUSTIN, Aug. 31. (AP) — These September natural gas allowables have been set by the railroad commission (by fields):

East Imogene 1,500,000 cubic feet daily; Boyce 5,616,467; South Caesar 4,933,333; Coy City, 4,175,267; Gottschalk 3,116,067; Harris 14,697,540; West Kittie 3,314,600; North McFaddin 23,081,767; Oakville, 20,995,767; Placedo 29,325,900.

If Snyder Pays Average Tax, Take Here Is Over $5 Million

If you think you got taken to the cleaners in paying taxes last year, you're right. Figures compiled by the Federal Census Bureau show that payments to federal, state and local governments last year came to an average of $360 for every man, woman and child in the country.

Figuring Snyder's present population at 15,000, that means that roughly $5,400,000 went for taxes from this one town alone. The county, with an estimated population of 25,000, paid about $9 million.

The well - worn jokes about federal income tax deadlines on March 15 causing intense suffering in the vicinity of the pocketbook are still too true to be entirely funny. But the average taxpayer has become acutely aware of the income tax situation everytime he reaches for his pay check.

Add to this outright deduction, taxes on property, real estate and a large percentage of other items on which tax is obvious and the total begins to add up. There are, in addition "hidden" taxes which the consumer is so accustomed to paying that he hardly winces at the blow, and the amazing total is complete.

However, there is a brighter side to the picture.

The Institute of Life Insurance, for example, has recently compiled figures which show that the savings of the average family are higher than ever before. The average figure now is $4,000, compared with an average of $1,700 in 1941 and $950 in 1920. The Institute figures that the rise is due to the fact that accumulated savings have been growing at a far more rapid rate than consumer spending. Housewives trying to balance budgets take note.

Catholics Planning To Set Up Censoring Body

WASHINGTON, Aug. 31. (AP)—A "Legion of Decency" to rate television programs on the basis of moral standards may be set up soon by the National Council of Catholic Men.

Plans for the organization were disclosed by the council Thursday in its publication "Catholic Men."

It would be similar in operation to the "Legion of Decency" which classifies motion pictures for public guidance.

If the TV plan follows the lines of the motion picture "Legion of Decency," Catholics would be urged to boycott programs which habitually televise objectionable material.

Taken to Big Spring

Sam Spikes, 3011 Avenue K, was taken to Cowper Clinic in Big Spring by a Bolger - Barnes ambulance yesterday afternoon. Mr. Spikes was to receive treatment for a back injury.
