## HILLIG AND HOIRIIS HOP FOR COPENHAGEN AFTER ONE TEAM LANDS IN ENGLAND TODAY

**"TWO YOUNG MEN IN HURRY" CONTINUE TOWARD MOSCOW AFTER SHORT STOP; OCCUPANTS OF "LIBERTY" ARE CONFIDENT OF SUCCESS**

(By The Associated Press)

One team of ocean fliers reached Europe today and another team started out from Newfoundland hoping to duplicate the feat. Still a third team was preparing to leave New York non-stop for Mexico City.

Wiley Post and Harold Gatty, who left Harbor Grace yesterday, landed at an airdrome near Chester, England, early this morning and then reached Berlin.

Otto Hillig and Holger Hoiriis took off from Harbor Grace this morning.

Post and Gatty flew the ocean as the first part of their projected flight around the world. Hillig and Hoiriis were on a non-stop flight to Copenhagen. Post and Gatty had expected to make Berlin their first stop and had fuel enough so that they thought they would stay in the air until mid-afternoon if necessary.

While the two ocean flights were still under way Seth Yerrington and Edward Maloney began final preparations in New York for a non-stop flight to Mexico City as a "shakedown flight" preparatory to a flight across the Atlantic. They thought they might get away today.

**LAND AT BERLIN**

BERLIN, June 24. (AP)—Wiley Post and Harold Gatty landed here today after stops at Hanover and Chester, England late this afternoon.

**"HELLO ENGLAND, WE'VE DONE IT"**

CHESTER, England, June 24 (AP)—Wiley Post and Harold Gatty "two young men in a hurry" on a flight around the world landed safely at the Zealand Royal Air Force airdrome near here this morning on a flight across the Atlantic, snatched a bite to eat and hopped off for Moscow via Berlin with the possibility that they might not even

## GIRL TELLS OF SHOOTING AT AMARILLO

**ATTACK VICTIM SAYS STEP - FATHER IN INSANE RAGE**

(By Associated Press)

AMARILLO, June 24—A sudden fit of insane rage culminating an argument over a sleeveless dress his step-daughter was wearing was blamed today for the tragedy yesterday in which Alva Ray Loden, 29, beat and shot the girl, Josephine Mullen, and then killed himself. The tragedy was enacted at the Loden home.

Josephine, who is 13 years old, made a brief statement this morning to Dr. J. R. Wrather at the hospital, in which she told of the attack. The child has a good chance for recovery, the physician said, although she has been unconscious most of the time since she was found beaten and shot at 10 o'clock yesterday morning. She has severe gashes on her head from blows with the butt of a rifle, and a bullet wound ranging through the side of her head.

**Without Work**

The girl told Dr. Wrather that her step-father had been despondent since he was released from the Potter county jail last week, after serving 30 days on a liquor conviction. He was jobless and was becoming more and more irritatable, she said.

"Father seemed to get angry every time anyone spoke to him," she said. "One of my aunts had sent two sleeveless dresses, one for me and one for my sister, Lillian. Father hated dresses of this kind, and wouldn't let us wear them. But yesterday morning I put mine on anyway. When I went into the house he started scolding me about it. He was sitting down cleaning a rifle all the time he was talking. All at once he got up and struck me with it.

"I started running, and he took after me, swinging the gun. The last thing I remember was hearing a shot."

### *Land Company Head Faces Prison Term*

LOS ANGELES, June 24 (AP)—Alexander Hursh, former president of Romola, Inc., a $19,000,000 California and Arizona land development company, today faced a 12-year federal penitentiary sentence and a $4,200 fine after conviction on charges of engineering a huge land fraud scheme.

Fifteen other persons were convicted with Hursh here yesterday on charges of using the mails to defraud in a nationwide campaign in which the federal prosecutor said $11,000,000 had been collected on Romola contracts. Of this amount he claimed $3,000,000 was spent in developing the land and $8,000,000 went as "expense money" to the promoters. Witnesses testified fig trees on the land had been planted "upside down."

### *Son Arrested For Shooting Of Father*

HOUSTON, June 24 (AP)—W. H. Strebeck, about 50, a barber, was shot and perhaps fatally wounded today, near the criminal courts building. His son, Dorman Strebeck, about 22, was arrested by a deputy who witnessed the shooting.

An investigator for the district attorney's office began questioning the son immediately after the latter was brought to the county jail.

### *Grand Jury Expects To Finish Up Today*

Seventy-second district court grand jury expects to complete its work today, court attaches said. The body reconvened Monday.

Evidence in the case of a 25-year-old negro arrested Tuesday morning by police as a forgery suspect was submitted directly to the grand jury, authorities said.

## WILL OBSERVE JULY FOURTH

**LUBBOCK STORES WILL CLOSE DOORS FOR THE HOLIDAY**

Lubbock retail stores will be closed July 4, officials of the Retail Merchants association have announced after a survey of a number of the larger stores.

July 4 is one of the days on the closing calendar of the association and the survey was made to determine if merchants were planning to observe the day in accordance with the agreement.

A check of grocery stores, department stores, banks, the postoffice, hardware stores, variety stores, furniture stores, jewelry stores, printing concerns, utilities, and other retail establishments indicates that practically every store in Lubbock will be closed on the holiday.

Only cafes, filling stations, drug stores, confectioneries and concerns of this type are to remain open.

### *Tax Collectors At Amarillo Session*

AMARILLO, June 24. (AP)—Tax collectors from all sections of the state were registering this morning for the annual convention of the Texas Tax Collectors association. More than 200 delegates were expected to be on hand by noon.

The first session is scheduled to open at 10 o'clock with President Roy Law of Cameron presiding. Hon. George T. Sheppard, state comptroller, is slated to be the first principal speaker.

The convention will continue through Friday.

## FIRES RAGE IN EAST TEXAS OIL FIELDS

**TWO ARE INJURED AS FLAMES SPURTED AT THREE OIL WELLS**

(By Associated Press)

Fire raged again last night in East Texas' oil fields.

At Overton Frank H. Allison, superintendent of production of the Tulsa company, was seriously burned when the Frank O'Quinn well spurted oil and fire simultaneously. Another man, unidentified, who was thought to have gone to a private home for treatment, was known to have been burned. Allison was burned about the head, face and body.

The T. & P. well 1,200 feet southeast of the Gladewater depot, in city block 49, blew over the derrick at daylight today. It came in Monday but stopped flowing and workmen began deepening it yesterday. The wind shifted early today into the northwest carrying the gas fog away from the business district of Gladewater. Preparations were being made to bring steam from a boiler 1,000 feet distant, in an effort to cap the gusher.

**Run For Lives**

Workmen at the Bell & Grady Stumpff No. 1 Daniels, two and a half miles west of Kilgore, ran for their lives in time to escape death when they saw a streak of flame shoot from the boilers toward the well, soon after the well was brought in. It was the first oil well fire here in which men had not been either seriously burned or killed.

Hundreds of spectators flocked to the scene today as the well spurted flames 200 fet into the air. It was estimated to be burning at the rate of 1,000 barrels of oil hourly. Dwellers in nearby houses had been ordered out.

### *Fire Believed Of Incendiary Origin*

Fire which authorities indicated possibly was of incendiary origin caused about $100 damage to a small house and its contents at 1408 Avenue E last night.

Origin of the blaze, which started in a bedroom, was not determined, Fire Chief W. E. Twitty said. A man ran from the house after the fire had started, the fire chief said.

### *Two Unmasked Men Rob Oklahoma Bank*

ROFF, Okla. June 24 (AP)—Two unmasked men today robbed the First State bank of Roff of an undetermined amount of money and escaped after locking Mrs. Fannie Tipton, assistant cashier in the vault.

Workmen at noon today were boring frantically through the walls to release Mrs. Tipton. A. M. Stewart, cashier of the bank, said the robbers hammered the combination lock after thrusting Mrs. Tipton inside.

**THEFTS REPORTED**

Thefts of a steamer trunk of wearing apparel, including dresses and a man's suit, and of a bicycle were reported to police Tuesday.

## VANDERBILTS ARE SQUARED AWAY FOR FIGHT TO FINISH IN DIVORCE COURT

(By The Associated Press)

RENO, Nev., June 24—The Cornelius Vanderbilts, jr., were squared away today for what may develop into a battle to the finish in the Reno divorce courts.

Following their separation and the filing of a divorce complaint by Mr. Vanderbilt last week, his wife filed her answer late yesterday denying his allegations of cruelty and asking that she and not her husband be granted a decree on those grounds. Mr. Vanderbilt has ten days in which to reply.

Samuel Platt, his attorney, has not announced whether the young writer will consent to presentation of the decree to his wife or make a contest of it.

When Vanderbilt brought suit against his first wife in 1927 the question of who was to get the divorce was decided out of court and Rachel Littleton Vanderbilt won the decree without a fight.

Neither of the Vanderbilts mentioned in their suits the man over whom they were supposed to have quarreled—Peter Arno popular caricaturist whom Mr. Vanderbilt accused of having paid undue attention to his wife.

## WINGING WAY OVER ATLANTIC TODAY

**Otto Hillig (left), Liberty, N. Y., photographer, and Holgar Hoiriis (right), pilot are now flying from Harbor Grace Newfoundland, to Copenhagen in Hillig's plane, "Liberty," shown top.**

## Suicide Plot Because Of Unrequited Love Told In Starr Faithfull Letters

### *Has Own Method Of Thwarting Justice*

CHICAGO, June 24 (AP)—Ralph Wendt has ways all his own of thwarting justice.

He was ordered by Judge Rudolph Desort yesterday to give his estranged wife their furniture.

And did he?

No! He went home and chopped it to pieces with an ax.

The judge later mentioned something about contempt of court.

(By The Associated Press)

NEW YORK, June 24.—Letters in which Starr Faithfull indicated she would take her life because of unrequited love were submitted today to handwriting experts.

If the writing in the letters corresponds to the writing in her diary, District Attorney Elvin N. Edwards of Nassau county, will declare her death a suicide. The grand jury inquiry has been continued until Friday.

Dr. G. Jameson Carr, Cunard line surgeon, went before the grand jury yesterday and submitted three letters from Miss Faithfull.

**Branded Forgeries**

Stanley E. Faithfull, the girl's stepfather, branded them as forgeries. He charged there was a plot to end the inquiry into her death. Detectives who examined both the letters and diary said the writing corresponded.

The letters were written between May 30 and the time of her disappearance, June 5.

One of the letters was made public several days ago. It was an apology for being intoxicated on the Franconia May 29. She was put off the ship.

The other two letters follow:

June 4, 1931

"Hello Bill, Old Thing!

"It's all up with me now. This is something I am going to put through. The only thing that bothers me about it—the only thing I dread—is being out with it and prevented from doing this, which is the only possible thing for me to do.

"If one wants to get away with murder one has to jolly well keep one's wits about one. It's the same

(Turn to Page 9, Column 5, Please)

## FACES RECALL MOVEMENT

**ATLANTA MAYOR SAYS THAT PROHIBITION IS A "FAILURE"**

(By The Associated Press)

ATLANTA, June 24. (AP)—Back at his office in the city hall today after a tour of France with a group of American mayors who were guests of the French government, Mayor James L. Key faced a recall movement and retterated that prohibition is a "failure".

The criticism he voiced to Paris of prohibition in his homeland started circulation of petitions for his recall and aroused protests from preachers and others, but he was welcomed home last night with a parade that his friends said included 75,000 persons.

**6000 Necessary**

George Finch, attorney, said 3,000 voters already had signed the recall petition. Approximately 6,000 signatures are necessary for a recall election.

Mayor Key made no comment on the recall campaign, but revealed that before going to France he had investigated prohibition enforcement in New York by taking his 18-year-old daughter, Ruth, to a speakeasy.

"I wanted her to see prohibi-

### *Aviatrix Is Killed As Plane Crashes*

AKRON, O., June 24. (AP)—An ambition to qualify for a license as a transport pilot ended fatally last night for Miss Mildred Stinaff, 19, of Akron, former holder of the women's record for loop flying.

Her transport training plane which she was flying over the Akron municipal airport fell to the ground within sight of spectators, including her parents, Mr. and Mrs. Charles Stinaff. She died at the city hospital.

## FRENCH REPLY IS MADE

## ANSWER GIVEN HOOVER DEBT PROPOSAL

**EXPLANATION OF THE DOCUMENT WILL BE GIVEN FRIDAY**

(By The Associated Press)

PARIS, June 24.—The French reply to President Hoover's proposals for a year's suspension of war debts payments and reparations was handed to Ambassador Edge by Premier Laval this afternoon.

Accompanied by J. Theodore Marriner, counselor of the embassy, Ambassador Edge discussed the document for half an hour with the premier.

**Sent To Washington**

The French government transmitted the reply this afternoon to Ambassador Claudel at Washington who was expected to turn it over to the state department late today.

Premier Laval was understood to have given Ambassador Edge detailed explanations of the contents which will be given out Friday.

Usually well-informed quarters this afternoon stated that the French reply agrees with President Hoover that something must be done to aid Germany and thus Europe, but disagrees with the president's plan of carrying out the proposal.

The newspaper Intransigeant said that the main points of the French reply to President Hoover's war debts and reparations suspension are:

(1) Respect for the frame of the Young plan and a return to this plan after a moratorium.

(2) Respect for the unconditional annuities, France proposes that the 612,000,000 gold marks (about $153,000,000) so represented be put at the disposition of the bank for international settlements.

The paper says that such a move would permit consolidation of German exchange and would serve to

## CRANFILL PLAN IS TO BE WITHDRAWN

DALLAS, June 24 (AP)—Captain J. F. Lucey, chairman of the East Texas Oil Arbitration committee, committee, said this morning that the Tom Cranfill plan for voluntary proration of oil production in the East Texas field probably would be withdrawn from consideration of the Texas railroad commission within the next 48 hours unless there was marked improvement "in the co-operation which we are receiving from producers in the field."

Captain Lucey said the committee would not ask producers to "stay in line" with the plan for shutting in wells to 300 barrels per 20-acre unit longer than Monday, when the railroad commission is due to hold a hearing upon the plan and prepare its new proration orders.

Lucey and the committee formally presented the Cranfill plan to the railroad commission last Monday, with the request that it be made a formal order of the commission.

## ICC EXAMINER MAKES REPORT RECOMMENDING ONLY SOUTH HALF OF PROPOSED LINE

**CONSTRUCTION FROM BIG SPRING TO LAMESA AND ON TO BROWNFIELD AND LUBBOCK IS ADVISED; NORTH PART NOT APPROVED**

(By The Associated Press)

WASHINGTON, June 24.—Examiner Weed today recommended to the Interstate Commerce commission that it permit the Texas and Pacific Northern Railway company to construct 126 miles of railroad in the Panhandle section of Texas.

The examiner recommended construction of 80 miles of line from Big Spring to Brownfield and 46 miles from Lubbock Junction to Lubbock. The proposed lines would operate in Howard, Martin, Dawson, Terry, Lynn and Lubbock counties.

He recommended that the commission disapprove of the construction of about 207 miles of additional line to operate from Brownfield to a point two miles beyond Vega and from Dimmitt to Amarillo.

**Says Development Needed**

The examiner told the commission a line along the general route covered by the section he disapproved probably would become necessary after there had been further development of the territory.

For the present, however, he expressed belief the disapproved extensions were not necessary.

**Route Well Chosen**

He said the route of the proposed line appeared to have been well-chosen to get maximum business and at the same time aid the further development of the country. He said that that part from Big Spring to Brownfield would be the most useful to the public, as much of the country served was far from existing railroads.

He said the proposed line from Big Spring to Brownfield would give the southern part of the territory a more economical and expeditious rail service to the markets of the southwest and, with a branch from Lubbock Junction to Lubbock, would give it direct connection with Lubbock and Amarillo, traffic centers of the Panhandle, to its and their advantage.

**Lubbock Held Important**

The importance of Lubbock, particularly as the center of the cotton traffic, would make access thereto of great value to the Texas and Pacific, he said, and such access also would enhance the importance of that city. The record does not show convincing reasons, he said, for construction of that part of the proposed line north of Brownfield and Lubbock. Existing railroads provide convenient access to most important markets and their service is supplemented by an extensive system of truck transport.

He said advantages of that part of the line south of Brownfield and Lubbock made such construction

(Turn to Page 9, Column 4, Please)

**ROAD NOT ASSURED**

**Although recommendations of the examiner are favorable to Lubbock's securing another rail outlet, construction of the proposed line is not yet assured. It still must receive approval of the Interstate Commerce commission and then the approval of the railroad company to build the road, as finally Ok'd by the ICC.**

**TO FILE EXCEPTIONS**

**DALLAS, June 24 (AP)—G. O. Bateman, attorney for the Texas and Pacific railroad said today exceptions to the Interstate Commerce commission examiner's report, which disapproved of construction of 207 miles of new lines in the Panhandle, would be filed. He said exceptions could be registered within a time limit of 20 days.**

**Officials of the Texas and Pacific lines, parent organization of the proposed Texas and Pacific-Northern, declined today to say whether or not the line will be constructed should the Interstate Commerce commission approve the project in accordance with the examiner's recommendations.**

## SEVERANCE IN MURDER CASE IS GRANTED

**WILLIAM GUESS GOES ON TRIAL TODAY IN MEXICANS DEATH**

(By Associated Press)

ARDMORE, Okla., June 24.—Obtaining a severance, William E. (Bill) Guess, former deputy sheriff, accused of killing Emilio Cortes Rubio, cousin of the Mexican president, and his college chum, Manuel Gomez, went to trial alone for murder here today.

A jury panel which prosecutors said will not be qualified for the death penalty, was called and Judge John B. Ogden, of the Carter county district court, ordered missing veniremen arrested and brought into court.

**Takes Responsibility**

Guess, who has taken full responsibility for the actual slayings on a residential street here June 7, sat beside Cecil Crosby, another erstwhile deputy sheriff charged with the murders.

Guess testified at the preliminary hearing he "shot from the hip," killing Cortes Rubio and Gomez at their parked motor car, "because they pulled a gun on me."

Judge Ogden filled the jury box in less than an hour with veniremen who said they had no opinion or connection with the case and County Attorney Marvin Shilling began questioning them. Most of the prospective jurors were shirt-sleeved farmers or merchants.

**Eleven Excused**

Eleven previously were excused for opinions; two because they were defense witnesses, and one because he was related to Crosby.

Salvador Cortes Rubio, another kinsman of President Ortiz Rubio and the third member of the vacation-bound college party that encountered gun fire here, sat with his pretty sister, Lucille, 18, at the end of the counsel table. Their faces reflected their grief.

A new defense witness, "Curly" Albro, was on hand today. He was reported among the first to reach the scene of the slayings after Cortes Rubio and Gomez were shot, and may testify regarding whether the youths were armed, as the deputies profess.

## RECORD SET BY HEAT WAVE

**ONE DEATH AND SIX HEAT PROSTRATIONS CAUSED TUESDAY**

(By The Associated Press)

KANSAS CITY, June 24.—After a seige of high temperatures yesterday which broke many heat records for the date in an area extending from South Dakota to the gulf, "more of the same" was forecast for today by government weather observers.

One death and six cases of heat prostration were reported in Oklahoma and Missouri. Oscar Stehr, 20, died yesterday after collapsing in a wheat field near Clinton, Okla., two men who fell victims of the heat while at work were in an Oklahoma City hospital, and four persons were in Kansas City hospitals as a result of the unseasonable temperatures.

**Temperatures High**

Temperatures in Oklahoma ranged to 100 and above. In Kansas City the mercury climbed to 98 degrees, Salina, Kas., reported a maximum of 103, Neodesha, Kas., 102 Concordia, Kas., 100; Maryville, Mo., 100, St. Louis 97, Tulsa, Okla., 98, North Platte, Neb., 100, Rapid City, S. D., 100, Omaha 100, Sioux City, Ia., 94; San Antonio, Tex., 97, Dallas 93, Houston 89 and Lubbock 93.

## MILK AND ICE FUND IS GROWING BUT MORE DONATIONS ARE NEEDED HERE

**The Avalanche-Journal's Fifth Annual Goodfellows' Milk and Ice fund is churning along—churning along. Yesterday saw $15 in cash donations turned in, plus the promise of a pint of milk per day throughout the summer.**

**Statement of the fund to date:**

| | |
|---|---|
| **Previously reported** | **$29** |
| **George P. Kuykendall, 2201 16th street** | **$10** |
| **Joe H. Smith, 1411 13th street** | **$5** |
| **TOTAL** | **$44** |

**Jerry Jarret, of the Cinderella shop, gave the fund authority to draw upon him every day throughout the summer for a pint of milk.**

**There are no expenses connected with the fund. Every cent is being spent on milk and ice for needy children and old people.**

**Let the Avalanche-JoJrnal Milk and Ice fund Editor have your donation today—through the mail or delivered in person.**

**Two hundred kiddies will appreciate any donation—no matter how large or how small.**

DR. MYERS

## Doctor Myers' Daily Column On Child Welfare

BY GARRY C. MYERS, PH. D.
Head Division Parental Education Cleveland College, Western Reserve University

NATURE TRAINING

MRS. M. G. SANDERS wrote such a good letter that I replied to her by begging her to let me use her name in full. I now have permission to do so and give her complete letter below:

"Dear Dr. Myers:

"Recently I read an article written by you advising parents to create in their children a scientific interest in the wonders of nature and to work against fear of reptiles toads and such things. I heartily agree with with you, but believe that this training should also include careful instruction concerning those things in nature which one must not touch and must not eat.

"I wonder what attitude you would have taken had the dead snake which your young son picked up in the road, been a live moccasin. Perhaps he had been taught to discriminate, but your column did not mention the need of that teaching.

"My little girl of eight while in the garden, turned up a stone under which there was a snake. There was no excitement whatever. She called to me in a very natural tone, 'Mother, here's a snake, come and see whether or not it is a poisonous one' (which it was) She is deeply interested in all animals and plants but I do not want her to be fool-hardy.

"I think the mother who allowed her child to finish eating the earthworm indeed 'unusual.' Why couldn't she have told him, as soon as she found him, that people did not eat worms, rather than waiting until he had finished it? I believe the question would arise in any normal child's mind. 'Well, if people do not eat worms why did you stand by and allow me to finish that one without telling me so'? I feel that this mother was rather anxious to display her very modern ideas of child training without exhibiting a surplus of common sense. The child might decide next time to lunch upon a poisonous 'toad-stool.'

"Training a child to be cautious of what he eats and touches is more necessary than teaching him an appreciation of the wonders of nature. To develop a well-balanced child one must strike a happy medium, which I hope to accomplish in my children."

Another mother writes:

"Dear Dr. Myers: I have a nervous young son of eleven. While at times he seems improved, again he becomes irritable, self-conscious and dreadfully absent-minded. Of late it seems to be growing more noticeable. Also the bed-wetting has not been cured. For weeks he will go along O. K., then each night for a long period return to former habit. He chews his nails and shows signs of selfishness though I honestly feel it's thoughtlessness more often. He has a keen mind, but try as I may, these things I've been unable to overcome. Am I right in thinking it's the family interference? With three generations in one home there is plenty of it. What would you suggest"?

Answer: Patiently await reduction of the number of generations living in your home. In the meanwhile try to persuade every one to be sympathetic with the child, all keeping themselves calm, talking in low, quiet voices, never scolding the child for his fidgets, nail-biting or bed-wetting, helping him to feel more secure, to get more rest, exposed to less excitement and fatigue, with opportunities to share and get satisfaction from giving up. Don't do too much for him. Let him have a few definite responsibilities. Make few commands but don't repeat them, and be very liberal with worthy praise

EDITOR'S NOTE: Two pamphlets by Dr. Myers may be obtained by sending 10 cents in coin, for each, and a self-addressed, stamped envelope, to Dr. Garry C. Myers, in care of this paper, or Central Press Association, 1435 East Twelfth street, Cleveland, O. The pamphlets are: "Punishments and Rewards" and "Fear."

**Women say:**

# Many Lubbock People Have Vacation Guests; Others Leave On Trips

## Carol Amacker Is To Be Honored With Fete Thursday; Girls Group On Picnic

Vacationists continue to hold the interest of society. Many are stopping in Lubbock during the summer days, while local people are going to points far and near on trips. Some entertaining continues for visitors here.

Mrs. Robert H. Hester is entertaining Thursday evening at 8:15 o'clock for Miss Carol Amacker of Amarillo, who is a guest in the home of Mr. and Mrs. F. W. Newell, 1715 Avenue N. The party is to be in the Hester home at 2315 13th street and guests are to include Misses Ruth Lewis, Josephine Powell, Mary Thomas, Lois Adair, Ellen K. Clapp, Julia Blackwell, Eleanor Crenshaw, Lydia Fountain of Dalhart, Carol Amacker and Mike Crenshaw, R. C. Douglas, Stanley Gunn, Padgett Maddox, Clarence Mast, Richard Godeke, Buster Moxley, Carl Maxey and Robert Newell.

Mrs. J. N. Nislar is visiting in Oklahoma City.

Miss Pauline Jones of Snyder is the guest of Miss Louie Paulger at 1814 Avenue X.

Mrs. Fannie Cotner arrived today from Gilmer to make her home with her daughter, Mrs. J. I. Noah, and family at 916 Avenue R.

Mrs. J. F. Abel and daughter, Miss Margaret Abel, left this morning for a visit in Lockhart and Corpus Christi. Their home is at 2020 16th street.

**Visit In Brownwood**

Mr. and Mrs. O. W. Ribble are visiting in Brownwood.

Miss Virginia Welch of Floydada is the guest of Mr. and Mrs. A. L. Scoggin, 2023 9th street, this week.

Mr. and Mrs. N. J. Hanna of Los Angeles, Calif., are guests of Mrs. Hanna's sister, Mrs. J. E. George, and family at 2302 5th street.

Mrs. L. W. Squyres, 3511 21st street, has had as her guest her niece, Miss Jim Corinne Norton, of Breckenridge. Miss Norton has gone on to Plainview for a visit with her aunts there.

After visiting in the home of her sister, Mrs. D. D. Stewart, in Louisville, Ky., Miss Marguerite Whipp has returned to her home here. Mrs. C. M. Whipp, who accompanied her daughter to Kentucky, has remained there for a longer visit.

**Cook Supper**

Kayenta Camp Fire girls cooked supper and had a council fire Tuesday evening on a vacant lot on West 25th street. Miss Ethel Green and Miss Fern Holland were in charge of the council fire.

Girls who attended were Mary Dixie Watkins, Ruby Lynn Branch, Loraine Moore, Sarah Spencer, Loraine Smith and the guardian, Miss Vera Johnson.

Lloyd Pyeatt, a former student in Texas Technological college, who has been teaching geology at the University of Louisiana, Baton Rouge, during the winter, is visiting friends and relatives here.

Birdwell Hall of Houston is to arrive in Lubbock Thursday for a visit with friends.

Mr. and Mrs. Ed F. Allen, 2402 4th street have as their guests Mr. and Mrs. Adrian Barber of Temple. Mr. and Mrs. Barber will return to their home Thursday and Mrs. Allen is to accompany them.

**Sisters Are Guests**

Mr. and Mrs. C. E. Moreman, 2421 19th street, have as their guests Mrs. Moreman's sisters, Mrs. T. M. Jones of San Antonio, and Miss Pauline Rushing of Floydada. Mr Jones and Marian Dill, of San Antonio, who were visiting here have returned to that city.

On Sunday, Mrs. Moreman served a birthday dinner for her mother, Mrs. S. L. Rushing, of Floydada. At that time her other guests were Mr and Mrs. Lee Rushing and family of Floydada, Mr. and Mrs. Felix Pierce of Canyon, Mr. and Mrs. Jones, Mr. Dill and Miss Rushing.

Misses Anna Cecil and Marian Evans are to return Thursday from a visit in Houston. They are daughters of Dr. and Mrs. A. W. Evans 2307 16th street.

Miss Winnie Lu Compere, piano teacher of Abilene, is in Lubbock this summer studying under Francis Moore, who is teaching at Texas Technological college. Miss Compere was accompanied to Lubbock last Sunday by her parents, Mr. and Mrs. E. N. Compere, who returned to their home after a short visit here.

The congregation of St. Paul's Episcopal church was host Tuesday evening to young people who are attending the Episcopalian district summer conference at Cheri Casa with a picnic at the Lubbock Country club.

About one hundred were in attendance. Dr. Alan Strout was a speaker at this outing.

Mr. and Mrs. S. D. Hay and daughters have returned to their home in Olton after a visit here with Mr. and Mrs. Fred Z. Payne 1907 23rd street.

Mr. and Mrs. Guy Herring of 2202 17th street are visiting in Mexia.

W. L. Pearson of Raymondville is spending the summer here as the guest of his son, G. M. Pearson and Mrs. Pearson, 1821 27th street Mr. and Mrs. Pearson visited in the Valley for several days and were accompanied home by Mr. Pearson.

Mr. and Mrs. H. D. Phillips and family, 1824 16th street, are leaving Thursday for a visit in Fort Worth Dallas and Bridgeport.

Dr. and Mrs. Broox Grant and daughter, Gladys, of San Antonio and Mrs. J. K. Rosson of Fort Worth have returned to their homes after a visit here as the guests of Mr and Mrs. L. E. Davis and Mr. and Mrs. R. Q. Pierce.

Mr. and Mrs. Dillard Schenck and son of Lovington, New Mexico, have returned to their home after visiting here as the guests of Mr. and Mrs. W. F. Schenck, 1710 Main street.

Miss Maude Pinson left this morning for her home in Proctor, after a visit of several days as the guest of her brother, Bert Pinson and Mrs. Pinson, 1715 14th street.

Mrs. Byron Brown, 1908 Avenue S, is visiting in Plainview for a few days.

## Mrs. George Burns Compliments Girl

Complimentary to Katherine Standifer, Mrs. George Burns entertained Tuesday evening in her home at 2407 14th street. Assisting the hostess in entertaining was Miss Annelle Lewis of Bryson, Tech summer student.

White and pink were used in the decorative scheme and various games were played. Refreshments were passed to Gladys Hall, Johnnie Mullins, Jim Faye Ashmore, Mildred Ashmore, Janet Barnett, Margaret Cosby, Pauline Travis, Sumner Reed, Frank Scott, R. J Murray, jr., Robert Allan Hill, Charles Thomas, Edward Williams, Elizabeth Ann Price, Ramelle Anderson, John Lemond, jr., Frank Gosdin, Harold Cocanougher, Emma Sue Gunn, Rita Louise Hawkins, Sam Teague and Edward Williams.

## *Masons To Receive Aprons Here Tonight*

At the first such ceremonies in the history of Lubbock Masonry, seventeen members of Yellowhouse lodge, No. 841, A. F. & A. M., tonight will be awarded past masters' aprons

United States Congressman Marvin Jones of Amarillo is scheduled as principal speaker.

Past masters of Yellowhouse lodge scheduled to receive aprons are: W. D. Crump, Bob Crump, Joe Boyd, John R. McGee, Roscoe Wilson, S. C. Wilson, Roche Newton, Sam T. Davis, W. E. Davis, Ray Grisham, Neil H. Wright, C. E. Hunt, L. E. Hunt, J. F. Holland, H. L. Willeford, J. W. Hayworth, and F. L. Jones.

An englishman has invented a table with legs which adjust themselves to uneven floors.

## What's In Hats

BY MME. LISBETH

IF YOU can't go to Paris this season and you think New York's too hot, look over the Hollywood gals and find out what's being worn in hats.

Minna Gombel, top, has chosen a rough woven straw in black and white which is long on the left side. It's the sort of thing you can wear with a tailored sports suit as well as with more dressy garments.

Arline Judge, center, has a novelty rough straw in a mixture of brown and white. The brim is manipulated in a manner that gives it individuality and the trimming is confined to brown and white grosgrain banding.

Now if you're a bit of a vamp you may prefer the small close-fitting hat of black straw with the alluring veil, pictured below and worn by Rose Hobart. Veils having been discarded by the Turkish sisterhood, have gravitated over to this side of the big pond and are doing their bit to aid the girl with the vampish tendencies to get her man.

## Mrs. R. Goad Has Forty-Two Affair

In addition to members, several guests attended a forty-two party given Tuesday afternoon by Mrs. R. L. Goad for the Jolly Dozen club in her home at 1630 10th street.

Members attending the party were Mesdames W. H. Trice, J. C. Biffle, J. G. Oslin, Harry Hall, E. B. Harris and P. K. Mitchell. Other guests were Mesdames G. W. Scott, George Duval, C. A. Rogers, Joe Bowman, E. P. Stone and Miss Georgia Barkham.

## LUBBOCK PRAISED IN CLEANUP WORK

Lubbock has been complimented on its efficiency and methods in the annual cleanup and paintup campaign conducted here in May.

W. B. Atkins, chairman of the general steering committee of the last campaign, Tuesday received a letter from the national cleanup and paintup committee in New York City, complimenting Lubbock.

Permission was asked to use a scrapbook of publicity on the campaign here at two conventions next month in Atlantic City. The book contains newspaper clippings, photographs, and form letters used in the campaign here.

Lubbock's methods were reported to all chambers of commerce affiliated with the United States Chamber of Commerce, Atkins was told. State winners will not be announced till the end of the year.

A silver loving cup was awarded to Lubbock as Texas winner in the 1930 campaign.

## *Fairtrace Selected For Ft. Worth Post*

FORT WORTH, June 24 (AP)—Announcement that Geo. D. Fairtrace, Wichita Falls city manager, will become city manager here July 1, at a salary of $12,000 a year, was made by Mayor Bryce after he had advised Fairtrace by telephone of his appointment.

Fairtrace was chosen unanimously by the councilmen, who were assembled unexpectedly by Mayor Bryce at noon today.

## Druggists Find New Way To Stop Headaches

Realizing that no one drug can conquer all headaches, as they come from so many causes, two North Carolina druggists developed a combination of several ingredients which function together, giving three-minute, safe relief for any kind of headache, neuralgic, sciatic or rheumatic pain, quiets the nerves and leaves you normally buoyant, without depression or bad after effects.

This combination of pain relieving ingredients, so efficient for women also at special times, may be found at any drug store or soda fount under the name "B-C" (10c and 25c) ready for use in easing pains and quieting nerves in three minutes. "B-C" is the most amazing preparation of its kind ever discovered and is guaranteed harmless. (Adv.)

## Swimming Party For Girls Tuesday

Following a swim in Tumble N pool, a picnic supper was served Tuesday evening to Chesachamay Camp Fire girls and their guests.

Camp Fire girls attending were Mary Kathryn Rice, Mildred Tubbs, Mary Evelyn Stewart, Doris Tubbs, Christine Lane, Eloise Ratliff and the guardian, Amy Brock.

Guests included Eleanor Lee Ines Stewart, Marcella Marie Ware, Jean Ware, Beleria Ratliff, Velma Blanton, Vela Blassingame, Verla Blassingame, Ruth Brock, Mesdames M. E. Ware, C. H. Tubbs, E. J. Ratliff, P. O. Brock and Miss Margie Taylor.

## NEW CITY WELL WILL BE DRILLED

Following caving of the top of a water well drilled for the city, D. L. McDonald, Amarillo contractor, Tuesday agreed at a called meeting of City commission to clean out the new well and to drill another well in county park at half cost.

The well, completed a few weeks ago, was found to be caving when water department employes inspected the hole preparatory to installing pumps. Pumping equipment for the well has been ordered and will be installed soon, it was said.

The second well will cost the city about $2,100, it was said.

Both wells will be held as auxiliaries to be used in case of emergency, it was said.

A total of 3,160,800 gallons of water was pumped from the city's five wells Monday, the longest day of the year, water department records showed yesterday. Monday's volume set a high mark for the year, it was said.

South Carolina has 16,723 persons over 75 years old.

## Student Sing-Song Will Be At College

Summer school students of Texas Technological college will attend the second sing-song of the term tonight at 7:30 o'clock on the lawn directly south of the administration building. These occasions are a part of the entertainment afforded by the institution for students and their friends. W. R. Waghorne, head of the music department, is to direct the singing.

## McWHORTER TALKS AT LIONS LUNCH

The value of good roads to the communities they serve was discussed by Owen McWhorter, Lubbock attorney, before the Lions club at weekly luncheon Tuesday at the Hilton hotel.

Better highways contribute to the development of small communities as well as to that of cities, and create larger potential markets for both, McWhorter said.

Producers can truck their products to larger markets and obtain higher prices, increasing their profits and buying power, he continued.

County Judge E. L. Pitts, new president of the Lions club, presided. Committee reports will be submitted next Tuesday, end of the club's fiscal year, he announced.

## DOUGHNUTS ARE BETTER IF COOKED A FEW AT A TIME

### Likewise Coffee Has More Delicious Flavor When Roasted in Small Lots

Experience shows that if too many doughnuts are put into the hot fat at once, the cooking process is hindered. The temperature of the fat is reduced and the doughnuts become greasy.

A similar situation occurs when coffee is roasted in bulk. It is difficult to apply the heat evenly, and as a result some of the coffee berries may be overdone and some underdone. Such variation in the roast causes disappointing variation in flavor.

Hills Bros. overcame this by inventing and patenting a process—Controlled Roasting—that roasts every coffee berry evenly. With automatic control of heat and speed of operation, a few pounds at a time pass through the roasters. Uniformity of roast and unequaled flavor is the result.

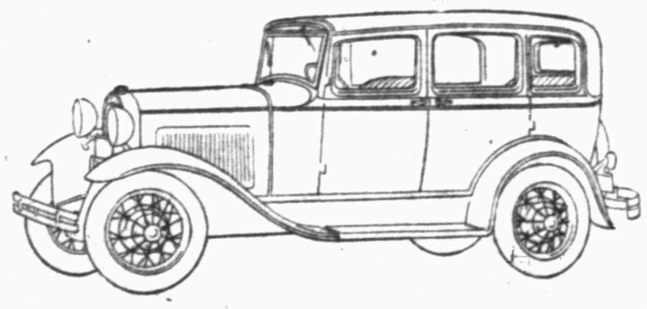

Hills Bros. Coffee is always fresh when you buy it because it is packed in vacuum. This process takes air, which destroys the flavor of coffee, from the can and keeps it out. Coffee will not stay fresh in ordinary cans, even if air-tight. Grocers everywhere sell Hills Bros. Coffee. Ask for it by name and look for the Arab on the can.

Hills Bros. Coffee, Inc., Kansas City, Missouri. ©1931

## SPYING ON SPORTS

Ticket sales to night baseball games in Lubbock this summer are reported to be progressing favorably. One thing we particularly like about the plan to promote baseball in a bigger and better way is the idea of selling tickets to provide for the expense budget. There are no solicitations for cash donations.

• • •

A full season ticket that you may buy from one of the salesmen or at the hotel drugstores costs $10 and admits you to 27 night baseball games. Regular admission to each game will be 50 cents, except for opening night when $1 will be charged. The season tickets are transferable. When you can not attend a game you can give it to a friend and no questions asked. Half season tickets, admitting bearer to a dozen games, are on sale for $5.

• • •

The lighting system to be installed here is the same which would have been used had Lubbock subscribed to the Panhandle league. It represents an investment of around $1,600, less than half of which must be paid within a month, if we understand the contract. While this department has no interest other than in the provision of good entertainment and in the game itself, we suggest you avail yourself of season tickets, help the promoters out and put this thing over in good style. Next season we may be in a professional league, who knows?

• • •

The plant has been ordered and the work of illuminating Merrill Park will begin immediately. The field is under repair now and by July 3 when the juice is turned on by a local Utilities concern everything will be in the best possible condition.

• • •

Jack Reynolds of Cincinnati is still the world's welterweight wrestling championship, and Cal Farley is an Amarillo business man. Might we suggest that Farley, who has already had his vacation up in the New Mexico mountains, get down to business now and limit his wrestling activities to changing tires on Mack trucks. He seems to have little success on the mat. In two trials with the champion he has failed. Yet, he must be a fair wrestler. We may invite him to Lubbock sometime soon for an exhibition match. He has many friends here and he would be a drawing card.

• • •

The rays of Diogenes' flashlight failed to rest upon the curator of this department. Nevertheless we claim that it was his own fault and that we exact our meal ticket price in an honest manner, but when somebody sticks a bet in our face like the one this week we can't resist the temptation. Bob McCall, who pounds Lubbock's sidewalks in search of suicides and market frustrations for this newspaper, came in after an evident visit to the sheriff's vault and gave vent to his emotions thusly

• • •

—"I'll wager (reporters never bet, but wager) you a few $s in connection with Notre Dame's football schedule this fall," sez Robert. "In fact I'll take Notre Dame's opponents in every game and give you the Irish."

He was on his way to the water cooler but his name was on a slip of paper before he reached it.

• • •

Now if there are any other alleged followers of football who do not believe in the Irish next fall they are welcome visitors around here. But Bob's salary is limited and he'll not offer the same wager twice so you need not stop him on the street. Somehow we have faith in Notre Dame's football prospects, even if Frank Carideo and a few of his mates will not be there. The Micks have a tough schedule this fall but we believe they'll win more games than they lose. Added to natural ability will be the spirit of "carrying on," which will be remembered on the gridiron as forcefully as in the press.

• • •

Bob made another trip to the sheriff's quarters and returned with another get-rich-quick idea, but we wouldn't take Schmeling outright. Instead we suggested that if the world's heavyweight championship fight a week from Friday night passed the eighth round, which we hope it doesn't, the German schlugger would retain his title. We were not believed, it seems, and that suggestion may cost the department.

• • •

Since high school days when a young German class mate became peeved at ourself and two fellow-Americans to the extent of "taking us on, one at the time, until one side was whipped," we've had faith in the endurance power of the Teuton tribesmen. While two of us rested for succeeding rounds the other engaged in fistic combat until the three of us hollered "uncle" and called it quits in favor of Germany. So if Stribling doesn't knock Schmeling out early in the game we believe he will outlast the Georgia peach and emerge at the fifteenth with the longest piece of string.

## DALLAS DOWNS HOUSTON ON TUESDAY

### EXPORTERS ARE NOW GAME AND HALF IN FRONT OF RACE

One game and a half in front with the probable split season only seven days away was Beaumont's view of the Texas league flag marathon Wednesday. The Exporters won last night and gained a full game over the Houston Buffaloes who lost.

Probably the most important game was the Dallas and Houston affair in which Grady Adkins, Dallas right hander, limited the Buffaloes to three hits for a 3 to 1 decision. Joe Benes, new Dallas shortstop, again was the fielding sensation with several superb plays.

**SPLIT SEASON**

DALLAS, June 24 (AP)—The possibility of a halved 1931 Texas league baseball race seemed a step nearer a reality today.

Although J. Alvin Gardner, president of the league, said last night he knew of no plans to hold a meeting here tomorrow for the purpose of discussing a split season, he admitted three clubs had asked for a diversion of the race.

**Sports Defeated**

Beaumont, meanwhile, beat Shreveport 6 to 1. Hamlin sent the Sports back to their locker room with eight hits. It was Hamlin's tenth win this season against two defeats.

Where Houston suffered a pennant retreat, Fort Worth, in third place and anxious to go higher, stayed within range of the pinnacle by plastering a 9 to 3 defeat on San Antonio. Taking advantage of an early lead supplied by his mates, Dick Whitworth had little trouble with the Indians. It was Fort Worth's fifth straight win, and Dick Whitworth's eleventh win this season against four defeats.

At Wichita Falls, the Spudders had to wage a stubborn defensive game to retain an early lead that eventually beat Galveston, 5 to 4. Milt Steengrate went the route for the Spudders in spite of the thirteen hits.

### *U. S. C. Star Sets New World Record*

LOS ANGELES, June 24. (AP)—Jesse Mortensen, former University of Southern California athlete, now competing for the Los Angeles Athletic club, has eclipsed a world's record by scoring 8193.29 points to win the decathlon meet of the Southern Pacific A. A. U.

The present recognized total of 8053.29 was set at the 1928 Olympic games at Amsterdam by Paavo Yrjola of Finland.

## New Spar-Mates In Fight Camps

### SCHMELING'S CHIN IS JUST ANOTHER CHIN TO NATIE BROWN

CONNEAUT LAKE PARK, Pa., June 24 (AP)—Max Schmeling's chin is just another chin to Natie Brown, San Francisco heavyweight, newest sparring partner for the world's heavyweight champion.

The California heavyweight made his first appearance in the ring against Schmeling yesterday, and without exception, their bristling two rounds was the best of the current training drive.

Brown more than made good, giving the champion his best workout. He rattled left hooks and right crosses off Schmeling's chin to the delight of 1,000 spectators Schmeling, a slow starter, warmed up to his work in the second round, and seemed to get Brown's measure.

They say the champion did not unload his real dynamite at any time against Brown but is certain to do so before the end of the week. The critics are curious to see what will happen, because Brown has a decision over Max Baer, has fought Larry Johnson, the Chicago negro and is considered a capable ring man.

## WOMEN VIE IN GOLF MEET

### MRS. STAFFORD WILL MEET MRS. ENGLISH IN MATCH TODAY

BY BILL PARKER

DALLAS, June 24 (AP)—Featuring today's second round combats in the first annual Texas Women's State Municipal Golf association tournament was the Mrs. W. T. Stafford and Mrs. J. R. English setto.

Mrs. Stafford, medalist Monday with an 88, yesterday eliminated Mrs. J. Dunagan of Dallas 8 and 6. Mrs. English, current Dallas municipal champion, defeated Mrs. H H. Clark of Dallas 7 and 6.

Another promising exhibition today was the match between Mrs. F. C. Rochon of Wichita Falls, one of the state's best shot makers, and Mrs. Bess Henderson of Dallas. It was Mrs. Rochon who left the first tee against Mrs. Don Zepernick of Dallas and riddled the Tenison course with a medal score of 40, three over par, and finished her match at the tenth green, winning ten consecutive holes to beat Mrs. Zepernick 10 and 8.

Two of the three out-of-town players who qualified in the championship bracket were eliminated yesterday. Mrs. W. Sikes of Amarillo lost to Mrs. J. D. Owens of Dallas, 5 and 4. Mrs. A. D. Stovall of Fort Worth lost to Mrs. E. V. Pederson of Dallas, 2 up.

### CHALLENGER IS GIVEN STIFF WORKOUT BY NEW HEAVYWEIGHT

GEAUGA LAKE, O., June 24 (AP)—Bill Stribling has a new heavyweight playmate, a pudgy fellow named Frank Cawley of Wilkes-Barre, Pa. and if their first training setto is any indication of the kind of workouts to come, the southern challenger for Max Schmeling's heavyweight title is in for a few busy evenings.

Cawley, a stablemate of Tommy Loughran and a boxer with a style faintly reminiscent of the Phantom of Philly, hove into camp here for the first time last night and immediately engaged Stribling in a two round workout. He was fat but he was clever and Bill discovered immediately he could not belt Frankie around as he has the less experienced youngsters who have contracted to prepare the pride of Macon for his fifteen round match with Schmeling in the Cleveland municipal stadium the night of July 3.

Occasionally Stribling nailed his new spar-mate with left hooks but he had hardly any luck at all with a straight right to the head, a punch he has been neglecting in favor of development of his left. And Cawley, who has beaten such fellows as Tom Heeney, Jack Gagnon, and Frankie Simms, slugged back quite merrily. He even borrowed Schmeling's best punch, a straight right to the head, and clicked it full on Stribling's ear on one occasion. Stribling wasn't up to the form he showed in a brilliant workout Sunday night.

## EAST TO MEET WEST ON GRID

LOS ANGELES, June 24. (AP)—For the edification of America's guests to the Olympic games football stars of three eastern institutions will match their prowess against grid grenadiers of three California universities here the night of August 8, 1932.

Players chosen from the graduating gridiron ranks of Harvard, Princeton and Yale will line up against selected seniors from the 1931 teams of Southern California, California and Stanford. The clash will take place on the Olympic stadium greensward.

The game brings the Jones brothers against each other again, for Howard Jones of the University of Southern California will be head coach of the western squad, while Tad Jones, retired coach of Yale, will take command of the eastern contingent. Head football coaches of the participating schools will work as assistants.

wooden houses to be used by victims of the Oaxaca earthquake.

## NEWCOMERS IN LEAGUES ARE NOW STARS

### PAIR HELPS YANKEES AND SENATORS TO WIN TUESDAY

BY HUGH S. FULLERTON, JR.
Associated Press Sports Writer

Two of the season's outstanding stars in the American league this year are a couple of young players who hardly have been in the circuit long enough to know their way around it. Joe Cronin, husky young Washington shortstop, came up to the Senators in the middle of the 1928 season and did not really begin to shine until last year, while Ben Chapman of the New York Yankees was a newcomer in 1930.

Cronin leads the league in batting in runs in total hits and in clouting triples. He is well up in the batting averages and is fielding brilliantly. Chapman, only a fair infielder who batted a little better than 300 last year, also is hitting along with the best and has made a specialty of stealing bases. The Yankee youngster stole three sacks in the second game yesterday as his chief contribution to New York's double victory over the Chicago White Sox. Chappie also made three hits and batted in four runs as the Yanks won 8 to 6 and 9 to 4.

**Helps Senators Win**

Cronin helped the Senators take a pair of games from Detroit by hitting three times, batting in four runs and figuring in four double plays. Washington had an easy time winning the first game 10 to 3, but they played nine scoreless innings in the closing duel before batting around in the tenth to win 4-0.

The twin victory enabled the Senators to reduce Philadelphia's lead to 2 1-2 games as the Athletics got only an even break with St. Louis. Bob Grove pitched the champions to a 3 to 0 victory in the first game but the Browns, badly outhit, lasted to win the 12-inning second game 5 to 4.

**Indians Win Pair**

Cleveland stole some of the thunder from the American league leaders, who have been specializing in pitching, by sending out two moundsmen who pitched shutout ball against Boston. Clint Brown held the Red Sox to five hits to win the first game 13 to 0, then Willis Hudlin improved on the performance by granting only one hit as the Indians took the second 10 to 0.

Only one double header was left when the weather got through with the National league program and in it Cincinnati overwhelmed Boston. Red Lucas turned in a three-hit pitching job to win the first battle 2 to 0. Then Larry Benton gave Cincinnati some more effective pitching and the Reds won 8 to 4.

## ROGERS HORNSBY DECLARES CHICAGO CUBS ARE "JUST GETTING STARTED"

NEW RORK, June 24 (AP)—Rogers Hornsby, taciturn boss of the Chicago Cubs, views the situation with much the same equanimity as the youngster whose team was trailing 23 to 0 in the first inning.

In other words, he figures that his club hasn't yet had its "at bats" in the National league race, even though it is running a strong third.

"We're just getting started," Hornsby declared when encountered in the Commodore lobby. "Hack Wilson, our big punch, has snapped out of his long slump, all of us are beginning to hit and my pitchers are rounding into form. From now on I think we will be pretty tough.

"Another thing, we've been on the road most of the time since the season started, while the Giants and others have had long home stands. That isn't a good thing for a club that's having trouble getting started. After this trip it'll be our turn to play a lot of ball at home and it will make a difference."

There is no doubt in Hornsby's mind of the teams he has to beat. The Giants and the Cardinals have shown him enough to convince him they are of championship calibre and he makes no distinction between them.

## WHOLESALERS TO MEET UTILITIES

The Texas Utilities and Wholesalers meet this afternoon at 6 o'clock on the Merrill Park diamond in the only City league baseball contest scheduled for today.

Yesterday at Merrill Park the Avalanche-Journal club shut the Legion-Lions out, 2 to 0, in one of the fastest games of the season. Hambright, manager-pitcher of the newspaper club, was touched for one hit during the contest and his mates bingled four times off Arnold and took advantage of two successive errors to gain their runs in the fifth inning.

### *Johnny Risko Will Meet Tony Galento*

CLEVELAND, O., June 24 (AP)—Johnny Risko, Cleveland heavyweight, will meet Tony Galento, Orange, N. J., in the semi-final following the heavyweight championship bout between Max Schmeling and W. L. "Young" Stribling at the Cleveland stadium July 3 fight officials announced today. The semi-final is scheduled to go eight rounds.

All other preliminaries will go five rounds apiece and will be heavyweight events.

## STARS OF GAMES ON YESTERDAY

(By Associated Press)

Bob Grove, Athletics — Held Browns to two hits, struck out six to win 3-0, in first game of double header.

John Schulte, Browns—Singles in 12th to drive in run that beat A's in second game.

Ben Chapman and Tony Lazzeri, Yankees—Stole three bases apiece, twice on dougle steals, in second game of double hader with White Sox.

Willis Hudlin and Clint Brown, Indians—Former stopped Red Sox with one hit, latter with five as Indians won double header, 13-0, and 10-0.

Red Lucas, Reds—Blanked Braves with three hits, 2-0.

Fred Marberry, Senators—Outpitched George Uhle to give Senators 4-0 triumph over Tigers.

### *Three Battle For Ryder Cup Berth*

SCIOTO COUNTRY CLUB, Columbus, O., June 24, (AP)—An unbilled act in Sir Walter Hagen's three ring golf circus was scheduled at Scioto today when a trio of young American pros battle over 18 holes for the tenth and last place on the Ryder Cup team that meets the British expeditionary forces Friday and Saturday.

The three are Henry Cuici Bridgeport, Conn., Denny Shute, Cleveland, and Frank Walsh, Chicago. They tied at the the end of the 72-hole qualifying round yesterday with a 302.

The names of Wiffy Cox, Brooklyn shot maker; Billy Burke, New York, and Craig Wood, Buffalo, were added to the American team yesterday. Burke led the field home with a card of 278 and Cox was second with 282 while Wood trailed for third by four strokes.

# LOCAL PAVING PROJECT LET

## CONTRACT ON COLLEGE AVENUE AWARDED TO AMARILLO FIRM

Grading and drainage structures and concrete paving totaling 2.5 miles from Fourth street in Lubbock to highway 24 on highways 7 and 137, which includes College avenue, were contracted for Tuesday by the state highway commission. J. W. Zempter of Amarillo received the contract on a bid of $89,038.

Work on the paving will probably begin in about 30 days, Gyu R. Johnston, resident engineer, said today. The contractor has 50 working days to complete the project, Mr. Johnston said, but he will probably finish in about 30.

"We plan to have the paving around the college completed before the opening of the fall term, he said.

In addition to paving a mile on College avenue, the contract includes 1.53 miles on Nineteenth street on the south side of Texas Technological college, according to plans submitted to the commission by Guy R Johnston, construction engineer. College avenue is located on the east side of the campus.

**Two 20-foot Slabs**

Paving on College avenue will consist of two 20-foot slabs of concrete the length of the street, according to plans.

Contracts were awarded for several other paving jobs in West Texas and South Plains counties, according to press dispatches received from Austin last night.

Contract for 6.2 miles of concrete paving from Paducah, north on highway 4 in Cottle county, was awarded to L. E. Whittam of Wichita Falls on a bid of $127,583.

**Motley Is Included**

Huddleston Construction company of Crosbyton was given the contract for 21.6 miles of grading and drainage structures in Motley county, from Matador to Hall county line on highway 18. The bid was $62,582.

Contract was let to Dozier Construction company of Austin for 9.3 miles of caliche base with double bituminous surface in Scurry and Mitchell counties from Nolan county line to Hermleigh on highway 7. The bid was $64,668.

Thirteen miles of grading and drainage structures in Culberson county from 13 to 26 miles east of Van Horn on highway 1 was authorized by the commission in accepting the bid of Fred and Dan Hall of Waco, which was $62,582.

J. J. Miles of Fort Worth was awarded the contract for 15 miles of grading and drainage structures in Crockett county, from Ozona to Sutton county line on highway 27, on a bid of $64,799.

The commission ordered highway 24 rerouted through Cochran county, from Levelland to the New Mexico line via White Face and Morton.

Award on the Wheeler county project, for 17.2 miles of concrete paving on highway 75 from Collingsworth county line to Wheeler, was withheld by the commission at the request of the low bidder, J. W. Zempter of Amarillo, who asked to withdraw his bid because of error.

Contracts awarded yesterday called for 46.8 miles of concrete paving; 102 miles of grading and drainage structures; 9.3 miles of double bituminous surfacing; two railroad overpasses and eight bridges.

The commission continued its policy of refusing to make any additional designations, although it agreed there was merit in several proposed extensions.

It is estimated that more than $40,000,000 are lost every year in the United States because of poor quality milk and cream.

# HEAVY MOVEMENT OF GRAIN SEEN

Heavier movement of grain, especially wheat, is attracting more attention of railroad executives this week. Train crews are being called back into service in anticipation of a record movement of wheat this year.

E. Kancher, division freight agent of the Santa Fe, spent Tuesday in the Plainview territory looking after the movement. He went to Tulia, Happy and Kress as well as Plainview and expected to spend a day or so there.

E. A. Tusha, traveling passenger agent, went over to Floydada and Lockney Tuesday and he expects to work into Plainview before returning.

I. M. Robinson, city freight agent, also went into the northern sector to look after crop movement.

## *Mayor James L. Key Welcomed Home*

ATLANTA, June 24. (AP)—Atlanta welcomed Mayor James L. Key with whistles, sirens, bands and a parade on his return Tuesday from France, where his prohibition criticisms caused wide and diversified comment back home.

Thousands jammed the station and streets as Mayor Key's train arrived, and saw the parade through the city's business section.

In the parade marched the James L. Key Bible class of the Grace Methodist Episcopal Church South. Mayor Key is teacher of this class.

**HUFF AT HARVARD**

Warren Huff, a member of the 1930 graduating class of Texas Technological college, has been attending the graduate school of business administration at Harvard the past year, Dr. Paul W. Horn, president, said yesterday. Mr. Huff was given his A. B. degree last year. He is making a special study of business administration.

Because of the cheapness of native labor the Government of French Indo-China has decided to continue the use of the most primitive methods in road construction.

# LOCAL MEN ON YMCA BOARD

## THREE NAMED MEMBERS IN REGIONAL GROUP, BOYD ANNOUNCES

Selection of three men as members of regional Y. M. C. A. boards has been announced by Jack Boyd, secretary of the Texas Technological college Y. M. C. A.

Preston Conner, son of Mr. and Mrs. R. P. Conner, 2316 18th street, is a member of the Students-In-Industry study group tfoM..YehC. dustry study group of the Y. M. C. A. at Houston this summer. Members of this group are employed in industrial plants for six weeks to work and study industrial conditions and problems. Mr. Conner is chairman of the Christian World Education committee of the Tech Y. M. C. A.

Hal Lary, a former Tech student who is in Europe this year making a tour on a scholarship, has been elected a member of the national council of student Y. M. C. A. and is to attend the annual meeting of this body the latter part of August in New York. He will return to Lubbock later and enter Tech as a senior this winter, Mr. Boyd said.

This national council is made up of about 75 students and faculty members and directs work of the Y. M. C. A. in all colleges of America. There are about 700 local student associations.

Mr. Lary and Bradner J. Moore, rector of St. Paul's Episcopal church, have been elected to the executive committee of the regional student Y. M. C. A. council for this year.

This council is made up of a local representative fro meach Y. M. C. A. in Oklahoma, Arkansas, Mississippi and Texas and has membership of about 70. Mr. Lary has served on the council before.

China is generally regarded as a poor country, but this is not, actually the truth. The Chinese have little faith in banks and hoard their money. No one knows how much gold and silver is thus hidden away.

# HUGE GASOLINE MOTORCAR IS TO PULL SANTA FE

Santa Fe day trains on the Amarillo-Lubbock run will be pulled by a 535-horsepower gasoline motorcar, beginning about July 10, R. F. Bayless, local freight and passenger agent, said today.

The railway motorcar will be "one of the largest in use in this territory," Bayless said. Trains headed by the motor possibly will continue to Slaton, but it probably will be turned here, he said.

A ten-foot space accommodates the motor in the front of the car. Fifteen feet is allowed for mail and 45 feet for baggage and express in the seventy-foot car. Burning gasoline or distillate, the motor is capable of towing five passenger coaches satisfactorily.

Day trains ordinarily will be composed of the motorcar, a passenger car, and an observation coach, Bayless said. The motorcar is expected from the factory July 6.

The Santa Fe's day-schedule, which will continue unchanged, follows: Lv. Amarillo 8:30 a. m., arv. Lubbock 11:40 a. m. lv. Lubbock 4:15 p. m., arv. Amarillo 7:15 p. m.

The sense of smell in birds, is not every acute, although their organs are well developed. It is doubtful whether the sense of smell is of much use to birds.

## *Knights Of Pythias Conduct Services*

Knights of Pythias lodge, No. 486, of Lubbock, conducted annual memorial services Tuesday night in the order's new building at Fourteenth street and Texas avenue.

Dr. J. M. Lewis, pastor of the First Presbyterian church, delivered the memorial address. H. W. Moore, newly elected chancellor commander, was in charge of the program.

A saxophone duet was given by Miss Mary Frances Gail and Miss Alene Huston, accompanied by Miss Sue Brown.

A male quartet, composed of H. W. Moore, E. C. Young, Arthur L. Brown and J. D. Morrison, sang. Mrs. Townsend Waddell was the accompanist.

Mr. and Mrs. H. W. Moore, accompanied by Mrs. Waddell, gave a vocal duet.

Refreshments were served to about 75 persons following the presentation of the program.

## *Tech Convocation Will Be Thursday*

Texas Technological college's first general convocation of the summer session is scheduled for 9 o'clock Thursday morning at the college gymnasium.

Dr. Paul W. Horn, president, will address the student body at that time. All classes will be suspended during the assembly hour.

In addition to Dr. Horn's talk, general announcements will be made.

## *Lubbock Pastor Is Chosen Missionary*

Missionary of the Lubbock Baptist association is Rev. J. H. Agee of Lubbock. He was chosen at a monthly meeting of the association at Calvary Baptist church here Tuesday. He will serve Lubbock, Garza, Hockley, and Cochran counties, which comprise this district.

The one-day session closed yesterday afternoon with devotionals and inspirational talks given by pastors and lay members of the association. More than 200 workers from the four counties attended the conference.

The association voted to buy a milch cow for Rev. Mr. Gonzales, Mexican missionary of Slaton.

Meetings of the organization will not be held during the months of July and August, Rev. C. J. McCarty, pastor of Calvary church, said last night. The next scheduled meeting will be held in September at Abernathy.

**FILES AN ANSWER**

RENO, Nev., June 24. (AP)—Mrs. Mary Weir Vanderbilt filed an answer Tuesday to the divorce action brought last week by Cornelius Vanderbilt, jr., denied his allegations of cruelty and asked that she be granted the divorce on the same grounds.

**REPORT 1,000 KILLED**

CHUNGKING, China, June 24 (AP)—Unconfirmed reports here today said Szechwan province military forces operating along the Szechwan-Hupeh border had fought a sharp battle with reds, routing and killing 1,000 of them.

An American airplane is being used in Iceland.

## Thought For Today

**For it came to pass when Solomon was old, that his wives turned away his heart after other gods; and his heart was not perfect with the Lord his God, as was the heart of David his father.—I Kings 2:4.**

* * *

Idolatry is certainly the first-born of folly.—South.

## Wage-Earners

The arrival of woman as a wage earner in all sorts of fields has led man to a good deal of perplexity during the last few years. Nowhere is this perplexity deeper, and nowhere does it lead to any more peculiar reasoning, than when the woman who holds a full-time job also happens to be married.

This perplexity has been bothering all kinds of employers lately. And a fair sample of the conclusion the perplexed employer often comes to is afforded in a large middle western city, where the board of education recently voted to discharge all married women from its teaching staff and hire single women instead.

If there is any reasonable theory back of such a decision, it probably is the theory that the married women are teaching just for the fun of it, or just to make a little pin money on the side. The single woman, not having anyone to support her—unless, perchance, she lives with her parents—thus has a more valid claim on the job than her married sister.

Unfortunately, this one board of education is not alone in this view. Other cities have taken the same action. Employment managers in some factories and offices have followed suit. And it is all rather silly.

If every married woman who held a job had a husband who also had a job, it wouldn't be quite so silly. But that is by no means the case.

There are today some six million men out of work in the United States. A good proportion are married and have families. And in thousands upon thousands of cases the only thing that has kept their families from absolute want has been the fact that the wives have been steadily employed.

Thousands of girls and women who work in factories are doing it not to earn pin money or to achieve a feeling of independence, but to support their families while their husbands remain unemployed.

The same thing is true of thousands of salesgirls, stenographers and office assistants. And exactly the same thing is true of many, many school teachers.

In normal times it may be no more than fair to give the preference to single women in passing out jobs. But times right now are far from normal. One would suppose that it would be more sensible to replace the unmarried wage-earners with married ones.

This move to oust the married woman from her job is one of the silliest of all of the business depression's products.

## Why They Listen

The southern Ohio bituminous coal fields seem to be following Pennsylvania's lead. There have been strikes and rumors of strikes, near-riots and threats of violence, arrests and deportations, until the situation has become extremely ugly. Complicating everything is the fact that the Communists are making strong efforts to enroll the miners in their union.

Now Communism, admittedly, is an ugly thing. By and large, Communistic agitators undoubtedly have done the American workman a great deal more harm than good. The appearance of these agitators in the mine fields will properly disturb many Americans.

However, it does no one any harm to try to understand things; and when one strike leader remarks casually that thousands of miners are now "living on dandelions" and that many of their children "went barefoot the coldest day last winter," one can at least understand why the miners are listening to these men. To try to stamp out Communism in the mine fields without, at the same time, trying to alleviate the situation that made the workers willing to listen to the Communists will be futile.

## The Plainsman Says:

That Girl on Broadway says the thing that has done the most to encourage a taste for the better and finer things is credit.

* * *

Some men succeed. Others think the boss is an old fogy.

* * *

ONE of those smart Dallas traveling men strolled into a restaurant here the other day, dressed up like Mrs. Astor's pet race horse, and asked the waitress for luncheon suggestions.

"I have stewed kidneys, boiled tongue, fried liver, pickled pigs feet and calf brains," she announced.

"I'm not interested in the state of your health", he snapped. "What I want is something to eat!"

* * *

OF COURSE, one probably doesn't get a very exact picture of conditions through the medium of the news reel, but if they are any way true to actual conditions Europe doesn't need the Hoover debt paying holiday to increase prosperity. What they need over there is fewer parades and more elbow grease.

* * *

A confirmed movie fan and great devotee of the cinema news reels, The Plainsman can't remember ever seeing one that didn't depict some sort of a parade—military or otherwise—in Europe.

Mussolini addresses 100,000 blackshirts — Von Hindenburg inspects a new war memorial—King Carol opens a lingerie show and what have you. In the background there are hordes of howling, cheering people and the bands play with potency and gusto. Then the 'shot' shifts and a couple of regiments of swanky soldiers march by, doing the 'goose step' like nobody's business.

It's a great racket.

* * *

NATIONS that can't—or won't—make war debt payments can stage colorful expositions, build new battleships, equip new armies and otherwise spend money like plastered Indians on allotment day. If you don't believe it, go to the picture show the next time a news reel is advertised. The bet is 10 to 1 you'll see some sort of a whoopee party filmed in Europe.

* * *

The Plainsman knows nothing what-so-ever about problems of world finance, foreign exchanges and so forth. As a matter of fact, he has a hard enough time keeping up with his car payments—much less the heavier problems of economy, political and otherwise. Mr. Hoover's idea must have been a good one because world business reacted so sharply in its favor.

But this column still believes Europe could have given up a few parades and dedications of memorials and accomplished the same objective without its costing Uncle Sam so much.

* * *

"I don't mind washing the dishes for you", wailed the henpecked husband. "Neither do I care so much about sweeping, dusting and mopping the floors and cooking my own meals.

"But I'll be darned if I'll run blue ribbons through my nightshirt—just to fool that baby!"

* * *

HAVE you ever noticed how many birds there are in the trees which line the courthouse lawn? There must be thousands of them, judging from the twittering and cheeping one hears each evening about sundown or a little later.

They make more noise shortly after sun-up than they do in the evening—that is, they did the time The Plainsman was up that early.

* * *

Sparrows aren't good for much—or at least they don't get credit for being. But their presence in the trees makes the courthouse lawn more restful. It adds to the peacefulness of the locality.

* * *

That Man on Avenue Q says some men's idea of a dutiful wife is one who hasn't had a new hat since 1918.

* * *

The final test of friendship is loving those you do not particularly need.

* * *

THE PLAINSMAN went to church last Sunday morning and the church bulletin was filled with reminders about paying up pledges. Yesterday he ran across a little story that might help some of the pastors of the city.

It seems a certain church was having trouble collecting the funds promised by the brethern and a new secretary-treasurer was appointed to clean up the collections.

He wrote one letter and 50 percent of the delinquent brethern paid up. A second letter brought in all but one and a third cleaned up the whole list. Shortly after, the pastor dined at the home of one of his congregation.

"You have a new secretary-treasurer", the parishoner noted.

"Yes", said the minister.

"He writes a forceful letter", the church member continued, "except for the fact that he can't spell".

"What words does he have trouble with?" the pastor asked.

"Well", was the reply, "he spells 'skunk' with a 'c' and, in one letter I got from him, he used two 'a's' in 'lousy'!"

* * *

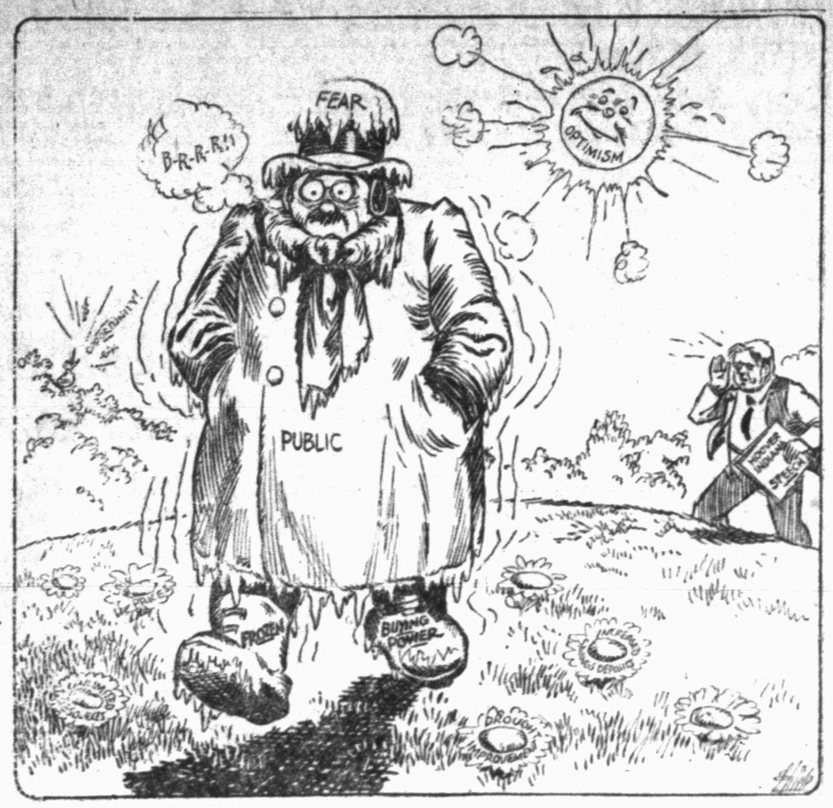

Mayor James L. Key, of Atlanta, may or may not share your own ideas on personal privileges. But whether or no, he is not likely to receive many of your cheers as a result of his latest outburst.

Hizoner, criticized for drinking publicly in France, has replied to his critics in a manner most abusive. "They're hair-brained nitwits," the Associated Press quotes him as declaring.

The Plainsman, incidentally, agrees with Mayor Key in the latter's assertion that "If I drank in France that was my business".

But calling those who disagree with him "hair-brained nitwits", is something else entirely.

# Interstate Commerce Commission Is Aided By Examining Court Of 150 Attorneys In Studying Many Rail Cases

EDITOR'S NOTE: This is the third of four timely stories by Rodney Dutcher about the Interstate Commerce Commission. The previous articles dealt with the function of the body and the members who comprise it. Today's story describes the commission's procedure in important rate cases.

BY RODNEY DUTCHER
NEA Service Writer

WASHINGTON, June 24.—The great number of rate and other cases which come before the Interstate Commerce Commission every year with their vast amount of testimony and evidence cannot be handled by 11 men.

So the commission has an examining court of 150 examining attorneys. These examiners take the oral testimony in all types of cases. They go out into the field where most of the I. C. C. hearings are held and after briefs are filed they usually issue proposed reports designed to guide the decisions of the commission. Objections may be filed to these reports and oral arguments follow. The case is then decided by the commission or a section of not less than three of its members.

All oral arguments—not oral testimony—are headed by at least three commissioners.

That is the procedure in all the commission's rate cases.

**Procedure In Big Cases**

The same procedure is followed, even when American railroads come in a body and file a petition asking the commission for an investigation of their plea for a general rate increase. In cases involving general rate increases, however, one or more of the commissioners are reasonably sure to sit all through the hearings and the eventual decision in very important cases is made by the entire commission.

All interested parties—the carriers, shippers, railroad labor or any other group—are entitled to present relevant evidence at the hearings.

Most rate cases are brought against the carriers. Shippers or others may file a complaint with the commission attacking a given rate or method. The commission may also, on its own initiative or otherwise, order an investigation as in the case of the carriers seeking a general increase. The law says any complaint made to the commission must be investigated and there is no difference in the procedure in complaint actions and investigations except that in the former a copy of the complaint is served on the carrier, who is required to answer it.

The commissioners take into consideration the interests of the carrier, the shipper and the public, but it is provided that their decisions must be based on the record.

On the first two day of the first two weeks of each month the entire commission goes into a huddle and make their decisions.

**Division Of Labor**

Long ago it began to distribute the various classifications of its work into divisions of not less than three members each and in most cases a mere division makes the decision, although appeal to the full commission is always possible. At the meetings of the entire commission division often refer matters to the full tribunal.

Once the law required that all commissioners sit in on all the evidence, but the time came when it was figured out that observance of the law would require a commissioner to read 24 hours a day, 365 days a year. The law was changed so that the I. C. C. might function in divisions. There are six of them and the assignment of work is so extensive that there is no space to detail it. One handles rates as its most important task, another valuation and recapture and so on.

Like the supreme court, the I. C. C. registers all persons admitted to practice before it and about 4500 have been so licensed. They have organized an Association of Practitioners Before the Interstate Commerce Commission and hold annual conventions in Washington which are addressed by the chief justice of the United States. They have adopted a code of ethics modeled after that of the American Bar Association.

The commission is constantly engaged in investigations of the rate structure, big and little. The biggest rate investigation so far has been that of the rates on grain and grain products, in which the decision was made last year.

In that one investigation the I. C. C. gleaned 53,000 pages of evidence. There were 2100 exhibits and 20,000 pages of briefs, exceptions and oral argument.

TOMORROW: Huge problems which confront the I. C. C.

# Diet and Health

By LOGAN CLENDENING, M.D., Author of "THE HUMAN BODY"

EDITOR'S NOTE: Six pamphlets and six articles by Dr. Clendening can now be obtained by sending 10 cents in coin for each pamphlet and 2 cents in coin for each article, with a self-addressed, stamped envelope, to Dr. Logan Clendening in care of this paper, or Central Press Association, 1468 East Twelfth street, Cleveland, O. The pamphlets are "Reducing and Gaining," "Feminine Hygiene," "Indigestion and Constipation," "The Care of the Hair and Skin," "Infant Feeding" and "Instructions for the Treatment of Diabetes." The articles are "Normal Diet," "List of Books for Mothers," "Bed Wetting," "Diet of the Expectant Mother," "Ear Troubles" and "Tuberculosis."

**FOURTH OF JULY DANGER**

THE REDUCTION in the danger of the Fourth of July has been accomplished largely by common sense. Even yet, however, there is the necessity for supervision and care and the prevention of deaths on this happy occasion is still possible.

Dr. Clendening

The greatest danger in the old Fourth of July was from tetanus. Not from immediate injury by toy cannons or firecrackers or pistols, but from infection of the wounds so received by lockjaw germs. Tetanus is always a danger in a wound into which street dirt or dust has entered. The tetanus germs grow in the large intestines of horses and other herbivorous animals, and when horse dung has been scattered on the street a fine culture of such dangerous material is implanted there. Whether the comparative disappearance of the horse from our city streets has contributed to the lower mortality and incidence of Fourth of July tetanus is problematical, but it is not likely, because one or two horses can scatter enough tetanus germs to kill a whole community.

The most potent factor in the saving of life on the Fourth of July has been the limitation of armaments. The embargo on the sale of cannon crackers, especially the dynamite variety, the toy cannon and the overloaded pistol that sooner or later was doomed to explode. One shudders to remember the afternoon of the old fashioned Fourth of July—our exhausted male parents sitting on the front porch lighting dynamite crackers from their cigars and tossing them into the air to explode. No wonder the old fifth of July was a day of death, blindness and maimedness.

An equal amount of credit must be given to the general use of anti-tetanus serum. This serum is for the prevention (not cure) of tetanus, and should be given to any person who has had a wound breaking the skin which could possibly have been contaminated with street dirt, barnyard dirt, or soil from a spot where fertilizer has been used. It should be given hypodermically as soon as possible after the wound has been received. It can be obtained from any drug store, put up in a hypodermic syringe package with a sterile needle ready for immediate administration. Naturally, such packages are put up in proper dosage for tetanus prevention—1,000 units for adults, 500 for children.

Lately manufacturers have added preventive serum against the gas gangrene bacillus to their ordinary anti-tetanus serum, a valuable idea, as both infections have somewhat the same origin and both are equally terrible in effect.

The value of anti-tetanic serum in preventing lockjaw is beyond dispute. During the World war, before its universal use in the German army, lockjaw occurred among 1½ per cent of the wounded; after its introduction, in only 1-10 of 1 per cent.

In 1903 there were 406 deaths from lockjaw in the United States following Fourth of July injuries. In 1914 there were three.

**QUESTIONS FROM READERS**

S. R., New York City: "Do you approve of crude oil for the scalp to relieve loss of hair or baldness?"

Answer: In my opinion crude oil will not relieve loss of hair or baldness.

* * *

W. P., Los Gatos, Cal.: "I would like to know about the prostate gland in a man; the cause and cure. What is the operation in such a case? Do people often die from such an operation?"

Answer: The prostate gland frequently enlarges in men of advanced years. The cause of this is not certainly known. There are several operations for relief. These operations may be removal of the entire gland or removal of a portion of it. In a great majority of cases they are strikingly successful. On account of the advanced age of the individual they necessarily carry considerable hazard.

SWAN

## In New York With Gilbert Swan

NEW YORK June 24—The novelty of society women engaging in business, which started such a flutter and chatter a couple of years ago, has completely worn off. It's almost as commonplace in New York today as women smoking cigarets or letting their bobbed hair grow back.

In the interim, however, those society girls who have cared to take jobs have established a business-like system as efficient as any employment bureau for those in immediate need of employment. But don't think for a moment that, in these times, there are not plenty of debs and sub-debs who can use the money they make—if and when they get employment.

To be sure many of them laugh and gurgle and recite, in their best finishing school accent, something about this being great fun—but, scores of them are hard pressed and need the money. The Junior League has, for some time now, maintained an employment bureau and it's a busier place than you might imagine. Most of the places secured are specialized; certain types of modeling, certain branches of salesmanship and buying and comparative snooping.

It is interesting, incidentally, that most of the society folk who tackled business were more than passingly successful.

One of the outstanding instances has been that of Grand Duchess Marie of Russia once a leading figure in the czar's court who came to America with the definite necessity of making good. Her autobiography has not only been among the best sellers but is a fascinating human document likely to attract readers for years to come. Meanwhile she has achieved success with one of Fifth Avenue's smartest stores.

And there was Mrs. Charles L. Payson, the former Joan Whitney, who started an antique shop in Madison avenue; Miss Suzanne Iselin, who entered a travel bureau; Marjorie Oelrich, who established a gift shop; Miss Nathalie Slocum, the Princess Alexander Obolensky and her daughter, who became agents for Paris finery; Mrs. Cortland Moss and a number of others.

* * *

By the way I learn that chaperones are still "being done" even in New York. In this day and age, when the younger generation is supposed to be emancipated—or whatever it is—this information came as a considerable surprise.

There is, I am told, an agency where chaperones may be engaged and that it is operated by a Miss Emmaline Dignum, who does very well in the chaperone business.

Many of the customers, my informer goes on, are debutantes who wish to go to the snappier places during their "first year out." This, it seems, just isn't done. That is, unless the tyro is chaperoned. By the "snappier places," I refer to night resorts or the smarter speakeasies where one may find entertainment and dancing.

The chaperones, after accompanying their charges, retire to an anteroom for the evening, there to sit and miss all the fun until called for later. Whereupon they escort the young lady to her home.

But after the "deb" has "been out a year"—as they say—she then may go upon her own sweet way. In her second season, one may attend the night clubs with her favorite young man; that is, if she has time and opportunity.

## THE TINYMITES

STORY by HAL COCHRAN—PICTURES by KING

(READ THE STORY, THEN COLOR THE PICTURE)

WEE CLOWNY said, "I'd like to learn this jiu jitsu. When's my turn? I'll bet I'd be real good at it if given just one chance. A Jap could teach me very quick and he'd find out that I am slick. I'd grab ahold of Scouty and I'd shortly make him dance."

"Well, well," replied the Travel Man. "If you'll do what you say you can we all will have a lot of fun. I'll frame a lesson now." And then he paid a Jap to show brave Clowny how the art should go. Then Scouty cried, "I challenge you, as soon as you learn now."

So, in half an hour they met out on the floor to try and get a victory o'er each other in the jiu jitsu game. All of a sudden, with a whack, poor Scouty flopped upon his back. Wee Clowny cried, "I warned you, so I'm really not to blame."

A Jap came up and said, "Well son, since you think this is heaps of fun, come on and jiu jitsu me. That is, see if you can." Of course brave Clowny promptly tried and he was flopped upon his side. "Oh, you're too good for me," he cried. And down the street he ran.

The other Tinies trailed behind and Coppy said, "I'd like to find a place where they paint pretty fans." The Travel Man replied, "Why, here's the very place you crave. You'll see some fans to make you rave. I think a painter's working now. Come on, we'll walk inside."

So, in they went and, sure enough, the Travel Man had pulled no bluff. A Jap had pretty fans spread on fans around the floor. She said, "You're strange here, I see. Well, lads, just keep your eye on me. I've painted lots of fans today, but I will paint some more."

(Copyright, 1931, NEA Service, Inc.)

(The Tinymites visit a Japanese toy shop in the next story.)

# ABC CLUB GETS PUBLICITY

### INVITATION TO NEXT CONVENTION HERE IN MAGAZINE

An invitation to the annual sixth district convention of the American Business club of Lubbock, September 7 and 8, occupies a page of the June number of A. B. C. magazine. Bennie B. Baron is generalissimo of local convention committees

Lubbock was chosen as the 1931 district convention city at a meeting at Enid, Okla., last fall. Roster of the Lubbock club, as of April 20 is included on the invitation page. Fifty members are listed.

Bert Pinson, Lubbock druggist, is president. He represented the Lubbock American Business club at the national convention at Ponca City, Okla., last Wednesday, Thursday and Friday. A 400-word article on the Lubbock chapter also is in the magazine.

Other officers of the Lubbock club are:

First vice-president, B. G. Williamson; second vice-president, Ben Powell; secretary, Truman C. Meinecke; associate secretary, Floyd Coffman; treasurer, W. Durwood Carnett; chaplain, Rev. G. P. McCollom, and sergeant-at-arms Clarence E. Luce.

---

Excavations near Mexico City have brought to light well-preserved remnants of the bathing places of the ancient Aztec aristocracy. The "tubs" were carved out of solid rock.

Like New with NU-ENAMEL

With amateur skill and a can of NU-ENAMEL the result is a beautiful high gloss, factory-like finish, which is as "smooth as glass" and wears like iron.

(You can now refinish your automobile and drive it almost instantly. NU-ENAMEL dries dust free within two hours.)

DURABILITY—

Although NU-ENAMEL dries much faster than ordinary Auto Finish, durability is in no way sacrificed. NU-ENAMEL through its heavy pigment content has wonderful filling properties—its liquid being especially treated oils makes it very elastic.

# DAILY MARKETS

## Cotton Market

**NEW ORLEANS REPORT**

NEW ORLEANS, June 24 (AP)—Cotton here had rather a nervous and erratic opening, Liverpool cables were about as due but there were conflicting reports current over the attitude of France to the Hoover international debt proposal.

First trades were one to three points down, but the market promptly rallied to 9.91 for October and 10.15 for December, or 2 to 4 points above the opening prices. Later in the first hour, prices eased off to 9.83 for October and 10.05 for December or 7 to 8 points below yesterday's close.

At the end of the first hour the market was quiet and steady with traders anxiously awaiting details of the French reply.

The market was very active all morning and prices improved sharply owing to heavy trade buying and shorts covering, helped also by an advance in stocks.

October traded up to 10.15 and December to 10.40, or 37 to 38 points up from the early lows and 25 to 27 points above yesterday's close.

Near mid-session, prices reacted 7 to 8 points from the top on profit-taking but the undertone continued very firm.

**NEW YORK REPORT**

NEW YORK, June 24 (AP)—Cotton opened steady today 6 to 8 points lower under government selling orders and a renewal of July liquidation.

Later cables from Liverpool showed sharp rallies from an early decline in that market but appeared to make little impression on the trading here and prices continued to work lower with July selling off to 9.39 and December to 10.05, or about 13 to 15 points not lower by the end of the first half hour. The rallies in Liverpool were supposed to reflect a favorable interpretation of the French reply to the international debt moratorium proposals, and there may have been some buying of cotton on the steady showing of the early stock market, but July liquidation was more active in preparation for possible notices tomorrow.

Liverpool cables said the early decline in that market was due to liquidation and a poor offtake and said that cloth buyers were cautious owing to distrust of present prices.

Offerings were lighter after the early selling had run its course and the market firmed up later in the morning on a renewal of trade buying and covering which seemed to be encouraged by firmness in the stock market, while there may have been some buying on bullish features in the weekly report of the weather bureau which said more moisture was needed in the eastern states. July sold up from 9.38 to 9.60 and December from 10.04 to 10.27, with the general list showing net advances of about 5 to 9 points at midday.

**NEW ORLEANS OPEN**

NEW ORLEANS, June 24 (AP) — Cotton futures opened steady today: July 9.48; Oct. 9.87; Dec. 10.11; Jan. 10.21; March 10.45; May 10.62.

**NEW YORK OPEN**

NEW YORK, June 24 (AP)—Cotton futures opened steady today: July 9.46; Oct. 9.88; Dec. 10.11; Jan. 10.21; March 10.41; May 10.62.

## Grain Market

**CHICAGO REPORT**

CHICAGO, June 24 (AP)—Influenced by reports that France had accepted President Hoover's moratorium proposal, grains averaged higher early today. Upturns, however, were checked by word that France's acceptance was conditional.

Opening 1-4 cent off to 1-2 up, wheat later held near to the initial range. Corn started unchanged to 1-2 higher and subsequently showed firmness.

**SENTENCED AFFIRMED**

AUSTIN, June 24 (AP)—The 25-year sentence against Mrs. Maud Long of Kingsville, charged with fatally poisoning her husband, Jim Long, September 7, 1929, was affirmed today by the court of criminal appeals.

## Lubbock Markets

These prices are furnished by the following Lubbock firms: Poultry — Lubbock Poultry and Egg company, delivered Lubbock; Dairy Products—Ball Ice Cream company and Mistletoe Creameries; Grain — S. E. Cone Grain and Seed company, following prices being asked by Lubbock grain dealers. Cotton—Blocker Cotton company. All prices subject to change during day

## Livestock Market

**KANSAS CITY REPORT**

KANSAS CITY, June 24 (AP)—(U. S. D. A.)—Hogs: 4,000; around steady, heavier weight slow; top 7:30; packing sows, 275 to 500 pounds, 4.75 to 5.50; stock pigs, 70 to 130 pounds, 7.00 to 7.45

Cattle: 5,000; calves: 1,000; yearlings mostly steady; other killing classes weak; stockers and feeders steady; top yearling steers 8.25 Steers 600 to 1500 pounds, 6.25 to 8.85; heifers, 550 to 850 pounds, 7.00 to 8.25; cows 3.75 to 5.50; vealers (milk fed) 4.50 to 8.00; stocker and feeder steers 5.50 to 7.75.

Sheep: 4,000; killing classes steady; top lambs, 90 pounds down, 7.00 to 8.25; ewes, 150 pounds down, 1.00 to 1.75.

**FORT WORTH REPORT**

FORT WORTH, June 24. (AP)—(U.S.D.A.)—Hogs 400; 10c lower; truck top 7.60; packing sows 5.25-5.50 or steady.

Cattle 4,500; calves 900; slaughter steers 25c lower, butcher and beef cows 25c or more lower; slaughter yearling steady; mixed stock yearlings 5.50-6.50, about steady; steers 4.50-5.75; good fat yearlings 6.50 and 6.75; cows 3.75 down; bulls scarce. Slaughter calves extremely dull, bidding 50c or more lower, heavies 6.00 down.

Sheep 1,300; steady; fat lambs 5.50-6.00; fat yearlings up to 4.75; fta wethers 3.25; aged fat wethers 2.00.

## Stock Market

**WALL STREET REPORT**

NEW YORK, June 24. (AP)—The New York stock market made a fresh start on the advance today, rising 1 to 3 points during an active buying movement in the earlier hours.

Reports in Wall street that France was giving conditional approval to the intergovernmental debt plan, combined with another rise in the price of copper and an increase in cigarette prices to jobbers, gave the market renewed courage and the rise was comprehensive. Oil and copper shares came forward vigorously with rallies of 1 to 3 points.

American Tobacco issues were up about a dozen points and gains in other leading tobacco shares ranged from 5 to 7. U. S. Steel advanced nearly 2 and there were rallies of a couple of points in Allied Chemical, Foster Wheeler, Johns Manville, A. M. Byers and Standard Gas. New York Central and Atchison recovered early declines.

Call money renewed at 1 1-2 per cent.

**CASE REVERSED**

AUSTIN, June 24 (AP)—The court of criminal appeals today reversed and remanded the case of W. A. Schafer, convicted in Dallas county of the murder of Dorothy Jones and sentenced to 99 years in the penitentiary. Faulty procedure following retirement of the jury was given as ground for reversal.

YOUR SWIMMING POOL

"Satisfactory In All Respects"

STATE DEPARTMENT OF HEALTH
AUSTIN, TEXAS
June 18, 1931

City Swimming Pool,
Lubbock, Texas.
Gentlemen:—

We have just received the report of our sanitary engineer, Mr. H. E. Hargis, concerning your swimming pool. We are glad to note that the pool was found to be satisfactory in all respects.

Very truly yours,
J. C. Anderson, M. D.
State Health Officer.

Cleanliness & Safety Our Motto
We Practice What We Preach

CITY SWIMMING POOL

# STATE AWARDS CONTRACTS

### NEARLY FOUR MILLION IN ROAD WORK LET IN TWO DAYS

AUSTIN, June 24. (AP)—The state highway commission yesterday concluded its two-day letting of contracts for highway projects with awards totaling $3,756,948. The total for the two days would have exceeded $4,000,000 had not the commission withheld award of contracts on four projects.

Contracts awarded called for improvement of 351.5 highway miles of which 103.7 was concrete paving and 202 grading and drainage structures. Contracts for 28 bridges, mostly of the smaller type, and four railroad overpasses were also awarded.

**Four Withheld**

The four contracts withheld were in Kimble, Houston and Anderson, Wheeler and Erath counties.

The Kimble county project was withdrawn to permit revision of plans. The Wheeler county project was withheld at the request of J. W. Zempter of Amarillo, low bidder, who asked to withdraw his bid because of error.

Failure of the county to supply sufficient right of way caused the commission to cancel bids on grading and drainage structures on Highway 6 in Erath county. The fourth contract withheld was for paving on Highway 19 in Anderson and Houston counties. It was withheld at the request of the Columbia Construction company of Indianapolis, Ind., low bidder.

**Price Below Estimates**

The average contract price on the projects was slightly more than 21 per cent below engineering estimates, reflecting the lowered price of construction materials.

The commission today started consideration of aid allotments of counties after listening to pleas for various kinds of relief from 28 county delegations Monday and yesterday.

# ATLANTA MAYOR

(Continued from Page One)

tion in the United States," he said. "The worst part of it is that they sold the liquor to an 18-year-old schoolgirl and myself without asking any questions. We didn't drink the stuff, and they offered to return our money, which I refused but the thought of selling liquor to a school girl in violation of every principle of government should set some people to thinking.

"I was told by a prominent man there were 65,000 of such places in New York alone. Does anyone think there could be that many places where vile liquor is vended in one American city if the law was not a failure? I say no."

## Legion To Discuss July Fourth Picnic

Whether Allen Brothers post No 148, of the American Legion will sponsor a picnic near here the Fourth of July will be determined at a meeting of the post at 8 o'clock Thursday night at Legion hall, Glen Hess, commander, said.

A general discussion of the annual fifth division convention here last Saturday and Sunday will be conducted, and a financial report of the convention will be made.

Music is included on the program.

## Mrs. D. A. Stroud Claimed By Death

Mrs. D. A. Stroud, 35, 415 Avenue E, died in a local hospital at 1:30 this morning after an illness of about a week.

She is survived by the husband and three children, two sons, Wesley and Leon and a daughter, Mary.

Funeral arrangements are pending word from relatives in Oklahoma. Rix Funeral directors are in charge.

# SUICIDE PLOT

(Continued from Page One)

way with suicide.

"I don't want to be maimed I want oblivion. If there is an after life it will be a dirty trick, but I am sure fifty million priests are wrong. That is one of those things one knows.

"Nothing makes any difference now. I love to eat and can have one delicious meal with no worries over galning. I adore music and I am going to hear some good music I believe I love music more than anything. I am going to drink slowly. Keeping aware every second.

"Also I am going to enjoy my last cigarette. I won't worry because men flirt with me in the street. I shall encourage them. I don't care who they are (three sentences deleted).

"I don't have to dread living on without even seeing you, nearing rumors such as 'the women all fall for him' and 'he entertains charmingly.' Why in hell shouldn't you! But it's more than I can cope with. This feeling I have for you.

"The words love, adore, worship have become meaningless. There is nothing I can do but what I am going to do.

"I shall never see you again That is extraordinary.

"Although I can't comprehend it any more than I can comprehend the words 'always' or 'time. They produce a very merciful numbness.

"Starr."

The second letter was written on the stationary of a Fifth avenue hotel. It was undated and bore a postmark of June 2. It read:

"I am going definitely now. I have been thinking of it for a long time) to end my worthless disorderly bore of an existence before I ruin any one else's life as well.

"I certainly have made a sordid, futureless mess of it all I am dead sick of it. It is no one's fault but my own I hate everything so. Life is so horrible

"Being a sane person, you may not understand. I take dope to forget and drink to try and like people, but it is of no use. I am mad and insane over you. I hold my breath to try to stand it. take drugs in the hope of waking happier, but that homesick feeling never leaves me. I have, strangely enough, more of a feeling of peace —whatever you call it—now that I know it will soon be over.

"If I don't see you again, goodbye. Sorry to lose all sense of humor. But I am suffering so that all I want is to have it over with. It's become a hell such as I couldn't have imagined.

"If you come to see me when you are in this time you will be a sport. You are assured by this letter of no more bother from me.

"Starr."

# FRENCH REPLY

(Continued from Page One)

aid the Reich provisionally.

"In a word, France asks the Reich to make the unconditional payments at the same time to profit by them."

---

WASHINGTON, June 24. (AP)—Ramifications of the moratorium proposal became somewhat clearer today as official Washington held itself in readiness to receive possible suggestions for modification of the plan.

Indications were that substantially unconditional agreement might be expected only from Germany and Great Britain. The former, in fact, already has accepted the proposition without qualification. Meanwhile, Washington heard of discussions intimating possible reservations by France, Italy and Belgium.

**Delay Is Feared**

In official quarters here the fear persisted that any reservations would delay completion of necessary preliminaries and prevent speedy consummation of President Hoover's avowed intention to stimulate world business by suspending war debt and reparations payments for a year.

The administration is anxious to complete preliminaries in the hope an agreement might be reached soon. But the additional hope has been expressed that reservations will be withheld for consideration after the idea of the plan has been accepted.

# T-P NORTHERN LINE TO BROWNFIELD AND LUBBOCK RECOMMENDED TO ICC

(Continued from Page One)

desirable.

Notwithstanding objections to present construction of the entire line as sought, it is not improbable a line along this general route may become reasonably necessary after sufficient further development of the territory, the examiner said.

**Original Route 333 Miles**

The application originally covered approximately 333 miles. One section would have run from Big Spring northwest 202 miles to a point two miles north of Vega. The examiner recommended that only part of the section between Big Spring and Brownfield be constructed.

Another section, proposed from Dimmitt to Amarillo, about 55 miles, was disapproved. The section from a point 66 miles north of Big Spring, which was referred to as from Lubbock Junction to Lubbock, a distance of 46 miles, was approved.

### HEARING HELD HERE LAST DECEMBER

Hearing on the proposed extension was held here last December and was in session for two weeks. More than 100 witnesses with nearly 200 exhibits were presented Examiner H. C. Davis in the session.

The entire proposed project would have run from Big Spring north to Vega and Amarillo. Towns to have been touched by the new line included Lamesa, Brownfield, Levelland, Littlefield, Dimmitt, Hereford, Amarillo, Vega and Lubbock. Olton and Earth in Lamb county sought to have the line diverted to run through their communities.

**Cost Estimated**

Cost of the construction of the proposed road was estimated at $13,000,000 and the territory to be served was estimated to be between 20,000 and 25,000 square miles. Population of the counties included in the area was nearly 200,000.

The application was strenuously opposed by the Santa Fe, Rock Island and Fort Worth and Denver railways.

**IMPROVEMENT NOTED**

Improvement was reported by the attending physician today in the condition of Olen Northan, 11-year-old son of Mr. and Mrs. J. T. Northan of near Ropesville, who was struck on the leg by a rattlesnake Tuesday morning. Antivenom serum was administered after the boy was received at Lubbock sanitarium late Tuesday morning.

# RADIO SPEECH CANCELLED

### EXTREME DELICACY OF DEBT SITUATION IS EMPHASIZED

BY C. P. WILLIAMSON

WASHINGTON, June 24 (AP)—The extreme delicacy of the international situation created by President Hoover's moratorium proposal was emphasized last night by the state department in announcing the cancellation of a radio address to have been made by Secretary Stimson.

After a conference with President Hoover, during which the distribution of the completed speech was held in abeyance, Stimson announced it would not be delivered. He had spent the entire day in writing the speech which was to have been made last night.

**Needed More Time**

On Mr. Stimson's behalf, the department said that owing to the delicacy of the situation, he felt he should have more time to prepare the address.

In view of the swift moving developments in Europe's capitals on the president's proposal for a one year moratorium on all war debts and reparations payments, the secretary's address had been awaited with keen interest.

This interest was intensified by indicating France, Italy and possibly Belgium might attach reservations to their acceptance of the plan.

**No Debate Wanted**

Secretary Stimson had already made it plain that the United States was not prepared to bargain or debate on the proposal.

The injection by some of Germany's creditors to extraneous questions, such as the official announcement in Rome that Italy would ask assurances on the proposed Austro-German union, will in the opinion of most officials here fall within the secretary's ban against bargaining.

President Hoover throughout the day employed the telephone telegraph and even cables to foreign countries to ascertain the attitude toward his proposal of members of congress who must act on the plan. The White House said about 50 per cent of the membership had replied but there was no indications of the general sentiment.

# OCEAN FLIGHTS

(Continued from Page One)

halt at the German capital.

"Hello, England, we've done it," said Gatty when their machine came to a standstill after a flight of a little over 16 hours at the Zealand airdrome

**Fliers Greeted**

As soon as the identification numbers of the machine had been checked, Royal Air Force pilots and the ground staff rushed from the hangar to greet the fliers who had nonchalantly left New York City yesterday, barely turned around at Harbor Grace, Newfoundland, and then hopped over the Atlantic.

The airmen had about 700 miles to make between Chester and Berlin.

The Americans said they were about 80 miles off their direct course to Berlin and landed to get their bearings. They still had some gasoline in their tanks but refueled before leaving.

### TRANS-ATLANTIC "JOY RIDE" IS STARTED

HARBOR GRACE, N. F., June 24 (AP)—Otto Hillig and Holger Hoirlis took off shortly after daybreak today on their trans-Atlantic "joy ride" to Copenhagen, Denmark.

Their monoplane, the Liberty, roared down the flying field runway at 5:54 a. m., Newfoundland summer time (2:24 a. m. Central Standard Time,) swept gracefully into the air on the heaving shoulders of a brisk west wind, and headed into the rising sun.

The fliers had arrived at the airport 25 minutes before the take-off. Their plane was being warmed up as they rode onto the field and a few minor details were taken care of while they waited for daybreak and the freshening wind.

**Both Confident**

Both seemed confident and Hillig apparently had suffered no ill effects from a cold he contracted yesterday while aiding the crew of the Winnie Mae, which preceded the Liberty across the ocean.

Hillig and Hoirlis were about to climb into the plane and the crowd had already begun to wave good bye, but the start was delayed several minutes while a taxicab was dispatched to the fliers' hotel for a forgotten package.

Everything finally packed safely in the monoplane's cabin, the two climbed aboard and, leaning out a window, waved a cheery farewell to the small crowd of bystanders.

"Don't let that wind die down," was Hillig's parting shot.

Hoirlis, at the controls, smiled, gave her the gun, and they were off.

**Goal 3150 Miles Off**

They had 3,150 miles to travel before reaching Copenhagen and they expected to make the hop in 28 hours. Their monoplane carried 605 gallons of gasoline and 20 gallons of oil, sufficient fuel for 36 to 40 flying hours.

A gallon of water, a dozen oranges, coffee and bread—"plenty to last us till we get there"—comprised their provisions.

The weather was auspicious. The last report they saw gave them clear skies on both sides of the Atlantic and reported a diminishing storm in mid-ocean. They hoped that the mid-ocean disturbance would have disappeared before they got far at sea.

It was the third leg of their flight to Denmark. They made an 800-mile flight from Teterboro, N. J., to St. John, N. B., last Friday to complete the first leg. The second leg, from St. John to Harbor Grace, was completed Monday.

---

OKLAHOMA CITY, June 24 (AP)—The first question of Mrs. Wiley Post, wife of the round the world flier, when informed of the landing of Post and Harold Gatty at Chester England, was:

"Are they safe?"

"Oh I'm so glad. I think it's grand I knew they would do it."

Mrs. Post, reached by telephone at Walters, Okla., where she is visiting her brother, expressed her thanks to the Associated Press for the first news of her husband.

Gordon Post, younger brother of Wiley Post, expressed surprise when informed of the fliers' landing at Chester, England.

"I hope they are all right, but I am sorry they didn't reach Berlin. I can't understand how they failed to make their goal."

# FOR LEASE OR RENT: RAILROAD; GOOD TERMS

WASHINGTON, June 24. (AP)—For rent or lease: One railroad, terms extremely reasonable; apply Denver and Rio Grande Western Railroad company.

Unless the Denver and Rio Grande makes some disposal of its La Madera branch—16 1-2 miles of narrow gauge track in Taos and Rio Arriba counties, New Mexico—it may abandon it within 30 days. The necessary permission was given today by the interstate commerce commission with the suggestion it might be leased.

Originally built for a lumber company, which has ceased operation, the one train on the line makes a round trip every week between Taos junction to La Madera. It has hauled no passengers, mail, baggage or express since April 17, 1927.

Local interests opposed the abandonment.

# DEPUTIES AND MINERS FIGHT

### ONE DEAD AND FOUR INJURED IN CLASH IN PENNSYLVANIA

ARNOLD CITY, Pa., June 24 (AP)—One man was dead and four were in a hospital today following a brief clash between officers and mine strikers in the center of Arnold City, a small mining village, Tuesday.

Eight officers and Ernest Barnes, mine superintendent of the Pittsburgh Coal company, were held in the Gayette county jail without bond pending a coroner's inquest into the trouble No charges have been filed against them. Two of the officers were coal and iron policemen and the others were deputy sheriffs.

The man killed was Maike Philopovich 40, a storekeeper, who was struck by a bullet as he ran to the porch at the front of his store. Two of the wounded men were in a critical condition.

The killing was the second to occur in the southwestern Pennsylvania coal fields during the present strike. One man was killed early Monday in a battle between strikers and deputy sheriffs at Wildwood.

## Aviator Leaps To Safety In 'Chute

EAST ST. LOUIS, Ill., June 24 (AP)—The loss of an aileron while speeding at approximately 235 miles an hour is not a cause for "particular apprehension" to Major James H. (Jimmy) Doolittle, a former ace stunter of the army air corps.

When an aileron fell away while Doolittle was putting a new plane of his own design through its initial speed tests near here early last night, the famous flier nosed the craft into an "upside down" loop to avoid crashing into a group of spectators and leaped to safety in a parachute.

The plane, especially built for the purpose of trying for a new world speed record for land planes, was demolished. The 512-horsepower "wasp" engine was buried five feet in the ground.

## Ruth Nichols Will Be Released Soon

SAINT JOHN, N. B., June 24. (AP)—Ruth Nichols of New York, who was injured when she smashed her plane in landing here Monday, probably will be permitted to leave the hospital in a few days, physicians said today.

Miss Nichols' condition remained unchanged today. She was till suffering considerable pain from two injured vertebrae. She slept at intervals.

## Oklahoma Dope Ring Is Believed Broken

TULSA, Okla., June 24. (AP)—With the arrest of Ralph Clopton, 39, Henryetta restaurant owner, officers here believe they have struck a telling blow at narcotic drug peddling in Oklahoma.

Clopton, arrested late yesterday at Sapulpa, admitted, officers said, that he was connected with a drug ring operating out of Chicago.

F. M. McMillen, head of the police narcotic squad, estimated Clopton had sold more than $100,000 worth of illicit drugs in the last 12 months, the sales being made in Henryetta, Okmulgee, Salpulpa, Bristow, Okemah and Cushing.

# COWBOYS MEET AT STAMFORD

### ANNUAL REUNION WILL BE HELD LATTER PART OF WEEK

(Special To Journal)

STAMFORD, June 24.—The number of early arrivals of out of town people in Stamford during the forepart of the week for the second annual program of the Texas Cowboy reunion of Thursday, Friday and Saturday indicates that the attendance will be considerably larger than last year, officials of the organization declare.

Several ranch outfits were in and camped on the reunion grounds Tuesday and others were expected Wednesday morning. Camp fires at chuck-wagons were glimmering over the prairie and the picket line of horses about the various camps were reminders that the cowboys were here.

**Cowboys In Town**

Scores of cowboys who will enter the rodeo contests are in town; groups of pioneer cattlemen are to be seen on the streets and the general public is well represented about the town and on the reunion reservation.

All details for the opening of the affair Thursday morning are in good shape, W. G. Swenson, president and general manager of the association reports. The rodeo arena, corrals and chutes have been considerable improved since last year. The new arrangements will allow putting on the contests in a faster manner, he thinks. All the fences and buildings have been painted white and blue and the new grandstand is ready for usee.

The open-air dance pavillion where the cowboy dances will be staged each evening after the close of the rodeo program is in shape. New lights have been provided to make the show in the evening, which will start at 8 p. m. as easy to see as the one in the afternoon at 3 o'clock.

**Plan Public Program**

The initial feature of the affair will be the formal opening of the reunion with a public program at the Stamford City auditorium at 11 o'clock Thursday morning. All men and women who saw actual service on the range prior to 1895 will be registered and provided with special badges which will entitle them to numerous courtesies.

At 1 p. m, Thursday afternoon the opening day parade will be staged. This will be lead by the young lady sponsors from a large number of towns and cities, all of whom will be mounted. There will be bands, mounted cowboys, the pioneer cattlemen ond cattlewomen, chuck-wagons, decorated cars and floats, soldiers and other things in the line-up.

The first rodeo performance will open at the reunion arena at 3 p. m. Thursday afternoon and the evening show will go on at 8 p. m. The same order will prevail during Friday and Saturday.

**Fiddlers To Complete**

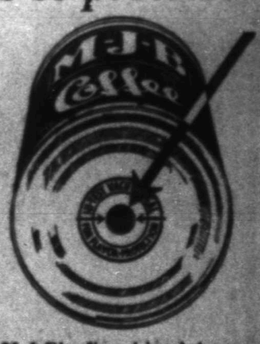

Friday morning at 9:30 in the city auditorium the Old Fiddlers contest will be staged under direction of H. F. Jackson. On Saturday morning the pioneer cattlemen's association will hold a business meeting in the auditorium at 10 o'clock.

Col. R. L. Penick, chairman of the invitation and reception committee has a number of entertainment items arranged for the pioneers and he reports that there will be at least 500 of thos in attendance.

Stamford has been all dressed up in holiday decorations for the reunion. The officials of the organization sponsoring the reunion report that the entire populace of the town are ready to help make the thousands of visitors who are expected feel at home.

# BRITISH DOLE HAS DEFICIT

## ENGLAND TRYING TO SOLVE PROBLEM BY INSURANCE PLAN

**(EDITOR'S NOTE: England tried solving the unemployment problem with compulsory insurance and created a $400,000,000 "Dole" fund deficit in 20 years. Edward Stanley, Associated Press staff writer, cites some of the system's overburdening financial problems in the following article.)**

BY EDWARD STANLEY

LONDON, June 24. (AP)—England's national scheme of unemployment insurance has a lot in common with Job, except that Job didn't have so much trouble.

It is 20 years old. The first ten years were the easiest for there was no unemployment during the war and the plan wasn't so all-embracing.

When the present general scheme came into operation in 1920 there had been accumulated the tidy sum of 22,000,000 pounds.

**Debt Is Growing**

The present debt of the funds exceeds 80,000,000 pounds and is growing at the rate of about 1,000,000 pounds a week.

Cost of "transitional" benefit for those whose benefit period has elapsed is estimated at around 30,000,000 pounds for this year, perhaps more. This is paid out of the exchequer. In addition, the exchequer pays 15,000,000 pounds for its share of the regular insurance.

Most of its troubles have come from the unprecedented period of depression and from trying to carry too big a load.

It seems unlikely that any such plan could have come through such a period unscathed, and while the insurance plan has borne the brunt, it has accomplished many things.

It has been instrumental in maintaining the standard of living. It has relieved local authorities fo much responsibility for distress. And it has kept the industrial population quiet.

There hasn't been a violent industrial disorder in England since the general strike and it is a common phrase—if not factually correct—that the "dole" prevented revolution.

Its big problem is, of course, the gap between income and expense.

Once accustomed to living "on the dole" workmen are declared to be less eager to seek employment. Employers, offering part time work, learn to lean upon the payments to piece out wages.

Most troublesome is the problem of what to do with the 400,000 "transients." These are those whose benefit period has elapsed and are still unemployed.

Friends of the plan are careful not to call it the "dole" but it is hard to keep headline writers and ordinary people away from the short word.

---

Canada imported 63 aircraft from the United States last year.

The English missionary-explorer, Livingstone, excited the wonder and awe of an African tribe as he quietly perused his Bible. So incomprehensible to the natives was his performance with the book that they finally stole it and ate it as the best way they knew of obtaining the white man's satisfaction from it.

**STOP ITCHING TORTURE**

Eczema, Pimples, Ringworm, Rashes, Dandruff and similar annoying, itching skin or scalp irritations are relieved and usually healed by this antiseptic, soothing lotion. All Druggists. 35c, 60c. $1.00. Extra Strength for obstinate cases—$1.25. Adv.

# Why be satisfied with SECOND-CHOICE WHEN FIRST-CHOICE costs no more?

The department of business research of a great public institution asked 205,000 representative motorists this question:

*"Regardless of price, convenience, etc., what tire do you consider the best tire made?"*

Look at the chart; the answers totaled there tell the whole story.

They tell it so plainly they suggest another question, likewise straight to the point:

*"Why be satisfied with a second-choice tire when the first-choice costs no more?"*

Fact is, experienced tire-buyers aren't.

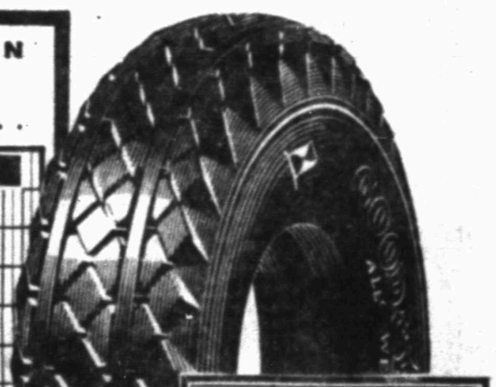

That's why *more* people ride on Goodyear Tires than any other kind!

HOW CAR OWNERS VOTED ON THE QUESTION
"WHAT TIRE IS BEST?"
*Based on a National Tire Survey in 1930 by a Neutral Institution*

| | |
|---|---|
| GOODYEAR | 30.7% |
| COMPANY B | 13.8 |
| " C | 11.3 |
| " D | 7.0 |
| " E | 6.0 |
| " F | 3.7 |
| " G | 3.7 |
| " H | 2.7 |
| " I | 2.4 |
| " J | 1.8 |
| " K | 1.2 |
| " L | .9 |
| ALL OTHERS | 10.4 |
| NO CHOICE | 4.4 |
| TOTAL | 100% |

It will be noted that 30.7% of the car owners of America prefer Goodyear tires. This preference is more than twice that of any other make of tire.

This tire survey was based on a scientifically mailed questionnaire to car owners in every state in the country and proportioned in turn to cities and rural communities.
