

PAYNE CONFESSES TO WIFE'S DEATH

OFFICER SAYS MAN ADMITS SLAYING

"MODEL HUSBAND" IS "MEANEST MAN," HE SAYS TODAY

(By Associated Press)
STINETT, Aug. 7.—A. D. Payne, Amarillo attorney, held on a charge of murder in connection with the death of his wife, who was blown to pieces by a bomb or infernal machine in the family automobile, has concluded he is "the meanest man in the world."

Only a few days ago he acknowledged his part in the tragedy that mutilated officers for weeks. Admits Placing Explosives

Chief of Police W. R. McDowell of Amarillo said today that Payne, held in jail here, admitted in a statement that he placed the explosives in the automobile that killed his wife and permanently maimed his nine-year-old son who had been known by his neighbors as "a model husband."

McDowell quoted Payne as commenting after he had acknowledged his part in the tragedy that mutilated officers for weeks.

Frances Mrs. Thompson

The accused man at the same time had paid for the woman who once his private secretary, divulged to newspapermen her "affair" with the attorney and caused the strong arm of the law to reach out and restrain him.

Mrs. Verona Thompson, the former secretary, had been described by Payne to A. R. MacDonald, Kansas City newspaper man, as a "commonplace, unattractive" woman, when the lawyer was asked about women who had worked for him, and it was to the "unattractive one," MacDonald had been given a great deal of information that might clear up the mystery explosion.

"No need of going to see her," Payne had told him.

In Talkative Mood

Mrs. Thompson was in a talkative mood today.

FLIERS NEAR OLD RECORD

JACKSON AND O'BRIEN UP 416 HOURS; NEW PLANE ALOFT

(By Associated Press)
ST. LOUIS, Aug. 7.—Dale Jackson and Forest O'Brien today were near their former world's record for non-stop flying in a new plane, 416 hours, 31 minutes, established last year, and were ready to point their monoplane "Greater St. Louis" toward the present record of 384 hours held by the Hunter brothers.

A 9:11 a. m. C. S. T. Jackson and O'Brien had been up 416 hours and gave no indication that either they or their plane were weakening. A firework display is planned at Lambert-St. Louis field tonight when the fliers' old record is passed.

OKLAHOMA CITY PAIR UP AFTER RECORD

OKLAHOMA CITY, Aug. 7.—A plane piloted by Roy French and Elmo Dodson, local aviators, took off from the municipal airport here at 8:15:20 A. M. today for an attempt on the refueling endurance record now held by the Hunter brothers of Chicago.

The start of the flight, originally set for last night, was delayed when a small boy, clambering over the plane, fell on the stabilizer, causing damage that consumed the night in repairing.

"Thinking of the takeoff was the only worry connected with the attempt. Five Oklahoma City men acted as official timers.

The plane will be refueled by a ground crew composed of Bill Bleakley and Tipton Schier, also local pilots.

EVEN DOGS TO BE GIVEN WELCOME

And even your dog will be cared for.

A letter received this morning by the chamber of commerce from a Midland druggist announced that he had made arrangements for dogs during the West Texas Pharmaceutical Association convention here August 12 and 13.

"I am expecting to be a visitor in your city during the convention," the letter reads, "and would like to inquire if there is a dog kennel to board my dog while there."

"You and your dog are welcome," the chamber answered.

"Both the Lubbock and Midland hotels have kennels as well as another owned by Dr. L. H. Hodges."

DOLORES DEL RIO, SANS STOCKINGS, MARRIES IN 150-YEAR-OLD MISSION

(By Associated Press)
SANTA BARBARA, Calif., Aug. 7.—Dolores Del Rio, Mexican film star, became the bride of Cedric Gibbons, studio art director, before the altar of the 150-year-old Franciscan mission yesterday, after a ceremony threatening to postpone the ceremony were dissolved.

The wedding was as simple as the old adobe church they chose as a setting.

While the couple knelt at the altar and the Rev. Father Augustin pronounced the ceremony, the bride wore no stockings.

NEW RECORD TO COAST IS SET BY HAWKS

LOS ANGELES MAN IS 14 HOURS MAKING NATION HOP

(By Associated Press)
LOS ANGELES, Aug. 7.—Frank Hawks, Los Angeles aviator, today held the record for the quickest east-west crossing of the United States.

Flying at an average speed of 178 miles per hour, Hawks yesterday drove his low-winged monoplane from Curtiss field, New York, to municipal airport, Los Angeles, in 14 hours, 59 minutes and 43 seconds. It was the first time a transcontinental flight had been made in full daylight. The travel plane touched the ground here at 4:30:43 p. m. (p. a. t.) after leaving New York at 5 a. m. (e. s. t.).

Lower Turner Record

Hawks lowered by three hours and 52 minutes the recent east-west record set by Roscoe Turner. Hawks made refueling stops at Columbus, Ohio, St. Louis, Wichita, Albuquerque, and Kingman, Ariz. Turner made but one stop on his flight.

Hawks encountered stormy weather during most of the 2,600 miles. He flew through rains between Pittsburgh, Pa., and Terre Haute, Ind., and severe storms from Albuquerque to the Arizona-California border. Over Arizona, Hawks said he was forced to fly high and off his course to avoid thunderstorms.

Subtracting the time taken for the five stops, Hawks actually flew across the country in 13 hours, 35 minutes and 43 seconds.

HUSTON GIVES UP OFFICE

REPUBLICAN CHAIRMAN SAYS HIS ATTACKS UNWARRANTED

(By Associated Press)
WASHINGTON, Aug. 7.—Claude H. Huston of Tennessee, resigned today as chairman of the Republican national committee and in a formal statement asserted "no man in political life has ever been subject to more biased and unwarranted attacks."

Huston presented his resignation to a meeting of the party's executive committee and made public his statement before the meeting was over and his successor chosen.

He said his withdrawal would "give the organization an opportunity of selecting a leader free from the present factional opposition, and will permit me without embarrassing others, to pursue a course that will insure in the minds of the Republicans of the country my right to their continued esteem and confidence."

HIGHWAY MEET IS HELD TODAY

Seeking to cement a feeling of good will as regards the questions of highway matters, a group of seven Lubbock men this afternoon are meeting in Brownfield with representatives from Lovington, Tatum, Plains and the assembly city.

The local delegation left here shortly after noon in order to reach Brownfield for the meeting which started at 2 o'clock. Included in the Lubbock delegation are R. J. Murray, president of the chamber of commerce; J. J. Clements, mayor; Charles A. Gray, editor of the Avianche-Guy; J. Bryan Miller, city manager; J. H. Hankins, chairman of the chamber of commerce highway committee; Garnet Reeves, publicity manager, and A. B. Inyris, manager of the chamber of commerce.

Questions of routing of traffic from Texas to southeastern New Mexico possibly will hold the spotlight of attention.

NEGRO TO PAY FOR ATTACKS IN CHAIR

ELECTROCUTION IS SET FOR TOMORROW AT HUNTSVILLE

(By Associated Press)
HUNTSVILLE, Aug. 7.—Rainer Williams, 38-year-old Port Arthur negro who twice escaped a threatened mob, will be executed at the state prison here early tomorrow for criminal assault on Joyce Keller, a negro.

He was accused, after his arrest, with attempted attack on a number of white women in and around Port Arthur and during his trial was identified by a white girl as her assailant.

Mob Threatened

Williams first trial was held in Port Arthur after his arrest, but a mob was formed there and authorities were compelled to dash through the group with the prisoner, transferring him to the Beaumont jail in a fast moving motor coach which was pursued, for a time, by other machines.

A few hours after the Beaumont jail received Williams, a crowd of muttering men surrounded it but was finally persuaded to disperse.

Williams was found guilty July 2 after 15 minutes of deliberation by a jury as far as was known he is the first man to be electrocuted in Texas for an attack on a negro.

NINE MORE FAIR OFFICERS NAMED

Nine additional officials to serve during the 1930 Panhandle-South Plains fair were announced this morning at offices of the Lubbock Chamber of Commerce.

D. T. Jennings will head the boy scout department; Dr. Y. J. Aiken will be superintendent of the horse and mule division; Don Jones will have charge of sheep while Roy B. Davis is superintendent of dairy cattle.

Bonds Set For Two On Swindling Charge

Bond of \$500 each was set in the case of Tom Parks and John Nutall, charged with swindling, at a preliminary hearing held this morning before Justice of the Peace W. S. Clark. The two are charged with having attempted to pass a forged draft for \$140 at a local grocery store. They were arrested Tuesday.

Parks and Nutall are still being held in jail, not having furnished the necessary security at noon today.

Three Doctors Needed To Aid Youth In His Magician's Disappearing Act

(By Associated Press)
LINCOLN, Neb., Aug. 7.—Three doctors had to help Lloyd Schmidt, 13, complete his amateur magician act.

The lad made a silver dollar disappear yesterday—down his throat. Physicians used an x-ray, a tiny electric light, elongated pinners and a hollow tube to make it reappear.

Brought to a hospital here from his home at Sterling, Neb., Schmidt was in no pain and could breathe easily. Dr. J. W. Thomas and two associates decided, however, to make the removal before the coin did further damage. Last night youth Schmidt went home, not much the worse for his experience.

Dr. Thomas said it was the only case of swallowing a dollar that he knows of.

CHILD DROWNS IN TANK

While playing about a horse trough at her father's home yesterday afternoon, Lucile Cope, 15-month-old daughter of Mr. and Mrs. A. Cope, living three miles east of Abernathy, fell into the iron container and was drowned before aid could be summoned.

Lynn Cade, 15-year-old boy scout, refusing to accept the fact that death had taken his young sister, worked frantically for several hours over the child at first aid and artificial respiration in an effort to save her life. Physicians were summoned from Lubbock and Abernathy to aid the scout in the futile battle for life.

The child fell unobserved in the tank about 4:30 o'clock Wednesday. Missing the little girl, Mr. Cope began a search and found the body in the trough. It was estimated that the victim had been in the water about 15 minutes when found.

Other than the parents and Lynn, the child is survived by another brother and sister.

Funeral services will be held at 2 o'clock this afternoon at Abernathy, R. S. Sanders of this city, in charge of arrangements.

ENTERS FOURTH WEEK IN BOUGHS

Alton Phillips, below, 16-year-old son of Mr. and Mrs. Wesley Phillips, 1812 Avenue N., was still endeavoring this afternoon in his attempt to set a record for sitting in trees. The youth will end his third week in the boughs at 4 o'clock this afternoon, having gone aloft on Thursday, July 17. He seems none the worse for his experience today. His time is believed to be the longest any in Texas and possibly in the nation. He had been up 391 hours at one o'clock this afternoon.

TREE-SITTER STILL ALOFT

YOUNG PHILLIPS SAYS HE'LL REMAIN UP UNTIL SEPT. 4

"Of course I'm not coming down not even to go to the picture show," declares Alton Phillips, 16, who this afternoon at 4 o'clock checked 394 hours, the third week, since he first ascended to his perch in a tree in the 1800 block on Broadway.

Alton believes he holds the championship record in Texas since the boys were forced to come down in El Paso at the demand of the police and he is sure that he exceeds anyone in this section of the state.

WHEAT AND CORN SENT TO NEW LEVELS FOR SEASON TODAY

(By Associated Press)
CHICAGO, Aug. 7.—A fresh burst of buying lifted wheat and corn to new high levels for the season today, wheat jumping as much as 3 1/2 cents a bushel, at the opening while corn advanced a maximum of 2 1/2 cents.

GRAIN PRICES UP HIGHER

The wild bullish demonstration of yesterday apparently had attracted further public interest and there was general buying of all grains at the outset.

September wheat opened at 79 1/4 to 1-2 cents a bushel and gained another cent in subsequent trading, but March wheat moved up from 1 1/4 to 3 1/2 cents overnight, starting at \$1.09 1/4 to \$1.11. Corn was still overselling wheat. September delivery, at \$1.01 1/4 to \$1.02. December corn, after selling up to 79 1/2, receded to 77 3/4 in a few minutes and then rallied again.

LAMESA GOLFERS STILL PLAYING TODAY

LAMESA, Aug. 7.—(Special)—Claude Humphries, Gilbert Holladay, Rufus Griffin and M. C. Platt, Lamesa's endurance pee wee linksmen, had completed forty hours of continuous play here at 11:30 this morning.

They all stated they were feeling fit to go the remaining sixty hours for the 100 hour record. Platt had gone 2,384 holes at that time as had Humphries. Holladay had made 2,330 holes while Griffin had covered 2,539 holes. Rain here Wednesday night, Thursday morning was third shower they have played through.

WORK ON HOME IS TO STOP

FUNDS ARE SHORT AND CONSTRUCTION IS TO BE HALTED

All construction work on the new Lubbock American Legion home will be stopped Saturday afternoon due to lack of funds for further procedure, according to an announcement this morning by J. A. Raley, Jr., commander of the Allen Brothers post.

"A complete check up of available funds has been made at that time," said Mr. Raley, "and the amount lacking for completion of the home will be determined. We do know at this time, however, that the amount will run several hundred dollars short."

In a drive conducted sometime ago for funds with which to build the home, \$14,204.96 were raised. Of this amount \$600 are still due in notes and citizens who have not paid their notes are urged to do so as quickly as they become due that completion of the structure might be realized in the near future.

"Raising of the \$600 in notes, however, will not complete the necessary amount," officials stated, "and a sum in the neighborhood of \$700 to \$800 probably will be needed."

No plans have as yet been advanced for raising the additional cash but legionnaires state that some action will be outlined in the near future in order that the home can be rushed to completion.

"MISS UNIVERSE"

Five feet, six inches tall, weighing 123 pounds and boasting long golden curls and blue eyes, Miss Dorothy Dell Goff, below, 17-year-old New Orleans high school senior, has been acclaimed "Beauty Queen of The Universe" in competition with national and foreign beauties at the annual International Pageant of Pulchritude at Galveston. She won the title by unanimous vote of seven judges. The night before she had been adjudged "Miss United States" in competition with American beauties.

YOUNG BEAUTY GIVEN PRIZE

MISS GOFF IS AWARDED \$2000; OTHERS ARE HONORED ALSO

(By Associated Press)
GALVESTON, Aug. 7.—The eleventh annual International Pageant of Pulchritude which selected a new reigning "Miss Universe" Dorothy Dell Goff of New Orleans—was ended last night on a last note of general felicitation. Miss Goff, herself a 17-year-old blond high school girl, helped put over the last show, a testimonial dinner, by singing two popular songs, "I'm Dancing With Tears In My Eyes," and "I'll Be Waiting At The End Of The Road."

The ten pageant winners were presented with awards ranging from the \$2,000 grand prize Miss Goff received, to \$100 prizes for each of the third to ninth place victors.

Heard Over Radio

Each of the beauties was presented for a few words over the radio and officials of the pageant including Executive Chairman Robert I. Cohen, Jr., and H. Elmo Labreque, managing director, was presented.

Miss Universe's plans early today were indefinite although her manager, Martin Starr of New York, had said he expected to obtain more attractive offers than has been made before taking any definite steps.

NOISE MUST STOP OR HARRY MOVES

JUDGE ISSUES DECREE ON COMPLAINT OF HENS AND ROOSTERS; THERE'S ONLY ONE WAY OUT

(By Associated Press)
CHICAGO, Aug. 7.—Unless some effective means of silencing chickens is discovered before August 29, Harry Resnick will have to move.

The neighbors complained of the noises emanating from Resnick's back yard. The hens and roosters he harbors there, they said, make sleep impossible after daybreak and this, to a city dweller, means a considerable loss of sleep.

Judge Francis Borrelli, to whom the case was finally referred yesterday, agreed with the neighbors that chicken noises come under the class of disturbances in a large city. Resnick would have to do something about it, the judge said.

"But I can't mumble the roosters or hush up the hens," Resnick replied. "The only thing I can do is move out of town."

"That's a good idea," returned Judge Borrelli. "Make it before August 29."

Business, Social Gatherings Held By Two Baptist Classes Here Wednesday

Five Are Hostesses To Alathean Group In D. A. Davis Home; Program Is Held

Garden flowers used to decorate the entertaining rooms of the D. A. Davis home, 2205 13th street, made a pretty background for the combined business and social meeting held by members of the Alathean Sunday school class, First Baptist church, Wednesday afternoon.

Mrs. W. H. Trice presided for the brief business session, during which the following women were appointed members of the nominating committee: Mrs. W. D. Hanesy, chairman, and Mesdames C. A. Paulger and D. A. Daily. The committee will nominate officers to be elected at the first meeting in September and to take office in October.

Program Is Given
Mrs. Paul Morgan entertained with several piano selections and Misses Thes Davis and Mary Nell Chubbidge favored the group with readings.

Those attending were Mesdames W. C. Barnett, Bob Bristow, N. L. Ball, W. D. Hanesy, W. M. Louri-more, George Moore, C. R. Reed, Dick Abbott, C. A. Paulger, W. H. Trice, P. K. Mitchell, H. W. EX-RANGERS MEET IN ANNUAL REUNION

EASTLAND, Aug. 7 (AP)—Tales of their days in the saddle years ago when bands of Indians and outlaws depredated the cattle ranges of the then sparsely settled state were retold today at the 11th annual convention of the Texas Ex-Rangers association.

Seventy-five of the men who made the Texas ranger feared and respected had registered for the three-day meeting and at least twenty-five more were expected. The meeting was called to order by Major William Green of Colorado City, president, and Miss Ruby Green, secretary-treasurer, called the roll.

The address of welcome was delivered by Judge John Turner of Eastland and the response was made by Judge C. C. Thompson of Colorado City.

The visitors were guests of the board of city development today and the women were to be entertained by the board tomorrow.

The veterans, a majority of whom are growing old and feeble, spent much time swapping yarns of the long ago.

Prominent Man Held On Embezzlement

NEW ORLEANS, Aug. 7 (AP)—James B. Ross, prominent in business and social circles, was charged today with embezzlement of \$72,831.22 of the funds of the New Orleans Underwriters agency, of which he once was president and general manager.

District Attorney Eugene Stanley authorized an affidavit against Ross on the complaint of J. P. Bolton of Alexandria, La., stockholder in the underwriters agency, who claimed the alleged embezzlement covered more than a decade. Bolton alleged Ross appropriated funds of the concern from January 1, 1919 to August 1, 1929.

Ross was released on \$10,000 bond and in a formal statement asked the public to withhold judgment until the courts passed upon the accusation against him.

Number of Cars in Hockley Increases

By Staff Correspondent
LITTLEFIELD, Aug. 7 (AP)—Nearly one-third more automobile licenses have been sold so far this year in Hockley county than were sold all last year, Deputy Sheriff Cannon, in charge of sales, said today.

Up to the first of this week 1,703 licenses for privately owned passenger cars and 83 licenses for trucks were issued. Last year the total was slightly over 1,300, he said.

"If we have good crops this fall, I expect to see the number of licenses reach nearly 2,000," Mr. Cannon added. "We have good crop prospects now."

Rubio Says Foreign Owners Not To Lose

MEXICO CITY, Aug. 7 (AP)—President Pascual Ortiz Rubio in a statement today said that land concessions granted foreigners in Lower California would be respected by the government.

He said he would do everything in his power to prevent foreign monopolies in Mexico but that it was his obligation to respect whatever grants had been made up until now.

The question of foreign ownership of land in California was brought to the attention of the public recently through publication of a report by the secretary of communications, General Juan Andreu Almazan, recommending that hereafter there be no further grants of land to foreigners and that land already granted be reacquired by the government.

AGED NEBRASKAN SAYS PEOPLE TO CONTINUE DRINK

LINCOLN, Neb., Aug. 7 (AP)—Aaron Read, Nebraska's 84-year-old Republican candidate for the United States senate, an outpinner of the prohibition law, has made his first and probably his last campaign address.

Invited to make a radio address last night, Read said he accepted because it entailed no expense except that of coming here from his home at Madison and that he planned no other campaigning.

Though he had no hope of winning the nomination, he said today he was confident of polling many thousands of votes.

In his speech he said opposition to continued enforcement of the prohibition law was on all sides.

"Get the price down to a reasonable level and the moonshiner's day will end," he said.

"As long as peaches, apples and grapes grow and dandelions bloom the American people will make and drink intoxicating liquor and no constitutional amendment or any other law will stop them."

SIX RUNOFFS IN LAMB SCHEDULED

By Staff Correspondent
LITTLEFIELD, Aug. 7 (AP)—Lamb county will have six offices in its local runoff, that number of contests in the first primary not being decided by a majority for one of the candidates. Date is August 23.

Runoffs will be as follows: For attorney, J. F. Dryden and Herbert C. Martin, for clerk, J. W. Hoppins and A. H. McGavock, (incumbent), for tax collector, T. L. Matthews and Gaston Patterson, for assessor, Roy Ribbert and A. A. Whyte, for treasurer, M. M. "Jimmie" Brittain and Miss Beattie Bellomy, for superintendent of schools, L. D. Rochelle and Mrs. Susie C. Rowe.

Runoff will not be necessary in the following races: county judge and sheriff, Judge S. D. Hay was nominated over his opponent and G. R. "Bob" Crim eliminated both Sheriff J. L. "Len" Irvin and O. H. Brown.

There will be several contests for precinct offices.

Originality Given Emphasis At Camp

Originality is one important aim of every activity planned for girls at Camp Wo-he-to, which is being conducted at Two Draw lake, near Post, under the auspices of the Lubbock Camp Fire council. A treasure hunt ending with supper cooked over a camp fire, a gypsy hike and "stunt night" are interesting features.

"The camp is expected to be the best ever held by the local group," said Mrs. Hub Jones, a member of the council who visited on the grounds Tuesday. She stated that Mrs. Mita Hall of Sherman, chairman of Camp Fire girls for the district comprising Texas, Oklahoma, Arizona and New Mexico, spent Tuesday night at the camp and assisted the girls and leaders in beginning their ten day program.

Boy Scouts of both Lubbock and Post assisted in pitching the tents and preparing the camp grounds, located near the Baptist tabernacle.

Although parents and friends are asked not to visit the camp during week days, Sunday has been designated "visiting day" and all interested are invited to attend. The girls are to hold a special service probably including the dramatization of a Bible story, for the visitors on Sunday morning.

Those attending are Betty Alice Gordon, Ramelle Anderson, Elizabeth Ann Price, Ellen K. Clapp, Ruth Elaine Lewis, Lois Agnew, Marie Thomas, Julia Blackwell, Mary Margaret Carter, Nannie Margaret O'ertton, Louisa Bristow, Katherine Klett, Carrie Jane Thomas, Jean Canteloni, Sallie Truman Strickland, Billie Bob Jones, Dorothy Rutledge, Edna Pinner, Austine MacDonald, Helen Wagner, Ruth Wagner, Doris Mullins, Velma Blanton, Roberta Myrick, Thelma Houston, Mimi Speed, Inez Ferguson of Plainview.

Miss Corrinne Warner, Camp Fire executive, is assisted in directing the various activities by Mesdames Mary Gene Owen, Louise Jennings, Anna Cecil Evans, and Mary Frances Galt, Lubbock, and Mesdames Teresa Vehle, Earleen Kirby, Louise Taylor and Marjorie Taylor, all of Sherman.

Children Guests At Party Wednesday

Former Student Of Tech Is Married

In a ceremony performed in Wellington Sunday evening at sunset, Miss Alynne Blain, of Wellington, became the bride of Darwin Nix, also of that city.

Mrs. Nix is the daughter of Ed Blain, of Wellington, where she was reared. After her graduation from Wellington high school in 1923, she studied at Miss Hockaday's School for Girls in Dallas and at the University of Texas.

The groom is the son of Mrs. Mary Nix. He is a former student of Texas Technological college.

Fellowship Club Will Be Entertained

Melba Campbell was complimented on her ninth birthday recently when her mother, Mrs. Arnold J. Campbell, entertained a group of children with a lawn party.

After an hour of games and contests directed by Miss Frances Fisher, of Wellington, Kan., the little guests were invited into the dining room where the birthday cake was cut and served with grape sherbet, whistles going as favors.

Those attending were Virginia Nislar, Maxine Kuykendall, Mary Elizabeth Spears, T. L. Kuykendall, Dorothy Duncan, Neomi Dalton, Margaret Louise Coffman, Charles Howard, Frances Eubanks, Edwin Coffman, Gladys Johnson, Betty Jo Campbell, Rosetta Smith, Millie Richardson, Helen Richardson, Janet Ratcliff, Barbara Yeager, Betty Jane Williams, Ouida Leu Robertson, Edith Herzet, Mary and Melba Campbell.

Needle Club Meeting Is Postponed

Because of the large number of members out of the city, the meeting of the Lucky 13 club, which was to have been held Wednesday afternoon has been postponed until Wednesday of next week. It will be held in the home of Mrs. R. O. Short, near Lubbock, at 4 p. m.

Wallace Ray Wood Is Given Gay Party

Supervised games made the afternoon hours pleasant ones when Wallace Ray Wood was entertained on his sixth birthday by his mother, Mrs. W. C. Wood, 2418 22nd street.

Mrs. R. V. Kimmel assisted Mrs. Wood with the games and at the close of the afternoon a unique birthday cake, decorated with tiny animals was cut and served with sandwiches, punch and Dixie cups.

Little guests were Martha Kuykendall, Mary Elizabeth Grimes, Janie Dell Borders, W. E. Borders, Sarah Beth Kimmel, Turner Kimmel, Bettye Oakley, Jimmie Noble, Raymond Thomason, Jr., Bonnie Jean Edwards, Jean Carolyn Harvey, Billy Wood, Jr. and Wallace Ray Wood.

LAMESA WILL HOLD FORMAL PLANT EVENT

CEREMONIES ON MILK PLANT OPENING TO BE ON FRIDAY

(Special To The Journal)
LAMESA, Aug. 7.—Officials of the West Texas Dairy Products company owners of the \$200,000 powdered milk factory, were busy this week arranging a program for the opening day here Friday, August 8. The main happenings have been mapped out, although details of the celebration have not been completed.

The program will begin at 9:30 when an inspection of the plant will be made by visitors for one hour while the machinery which manufactures powdered milk and sweet cream butter is in operation. Over 4,000 visitors are expected to pass through the huge factory building at that time.

Trial To Be Held
Following the plant's inspection those present are invited to attend the trial of a scrub bull, against which there has been drawn an indictment for incompetency and for trespassing in Dawson county. This part of the day's events is in charge of Joe Peterson, well known Dawson county farmer who was recently employed as field manager of the new industry here. The mock trial will have all the earmarks of a real law suit. H. H. Barron, Dawson county dairyman has been named as judge. He is to supervise the selection of jurors. The prosecuting attorney is Chester DuBose and he is to be assisted by Carl Marshall. J. E. DuBose is the defendant's legal representative. He will be aided by Frank Martin.

To make the trial more complete several Dawson county deputy sheriffs will be present as will Clyde Backenstos, court reporter for the 10th District Court here. The press table will be occupied by J. Sam Lewis, Avalanche-Journal field manager of Lubbock and Vic Lamb, publicity man for the Chamber of Commerce.

Whittkamp In Charge
After the verdict is read, the visitors will be invited to lunch, consisting of coffee, sandwiches, cake and other food. Plenty of ice-water will be had, according to Win Whittkamp, manager of the plant and in charge of the dinner preparations.

Speakers for the day will include R. F. Kooch, editor of Plainview and J. E. Stanford, editor of the Southern Agriculturalist. They are to address the crowd during the afternoon.

The day's program is to be climaxed by a drawing by farmers for prize donated by Lamesa merchants. Only farmers are eligible for the gifts, according to Win A. Wilson, who is aiding in preparing the program.

Operations Successful
The milk plant here has been in operation for two weeks and its milk receipts have grown steadily. Customers for the only plant of its kind in West Texas are increasing also. According to records kept by plant officials 93 customers furnished milk for the first day while during its second week the number doubled.

As a special drawing card during the day a special low price has been fixed on the sale of sweet cream butter, manufactured by the new factory.

"We are offering our 'Sunburst' butter at a reduced rate to introduce it to Dawson countians," Whittkamp stated.

LOCAL PEOPLE WILL ATTEND OPENING

More than a score of Lubbock county citizens are expected to form a delegation Friday to visit Lamesa on the formal opening program of the powdered milk plant in that city, according to announcement made today.

Among those who probably will make the trip will be B. Sherrod, J. B. Mayer, Spencer A. Wells, Roscoe Wilson, H. E. Blocker, S. C. Arnett, T. B. Dargan, C. E. Maedgen, C. A. Burrus, H. D. Grant, J. A. Hodges, W. R. Frenzel, H. Quinn, W. O. Stevens, A. B. Davis, R. J. Murray, and D. F. Eaton. Others are expected to join this group before start of the trip.

Instead of using a propeller, a California inventor plans to drive an airplane with a revolving cylinder having blades both inside and out.

LOS ANGELES, Aug. 7. (AP)—Gloria Swanson, motion picture actress, announced today she and her titled husband, the Marquis Henri de La Palaise, had decided to live apart. The Marquis returned to Hollywood last Sunday from Paris.

TONY IS "BROK"

He Couldn't Find Place For His Savings

DUNBAR Pa. Aug. 7. (AP)—Tony Goldarino is "brok" because he tried too hard to find a safe place for his life savings, \$200.

His money reposed in a Conestoga bank came tumbling the bank was going bust. Tony withdrew his savings. Next day the bank closed.

Like his neighbor, Tony hid his savings in a mattress, but the neighbor just hid money where his mattress took fire.

Next Tony tried hiding the money in a tree. A tree nearby was struck by lightning. That was too much for Tony. He decided a bank was the best place after all. He deposited the money in a bank at Vandell, Pa.

Next day the bank closed.

Three Waco Boys Saved From Lake

WACO, Aug. 7. (AP)—Three Waco boys today were recovering from a narrowing experience in Lake Waco when their sail boat sank two miles off shore during a rainstorm yesterday.

The trio, Norman Smith, Alvin Boyce and Chuck Caldwell, were pulled from the water one-half mile from shore by J. C. Herring and Garland Beck, who had been attracted by their cries as they battled high waves in their swim for safety. Herring and Beck went to their rescue in a motor boat.

Australia's New Gold Bubble Bursts

MELBOURNE, Australia, Aug. 7. (AP)—Australia's new gold field bubble appears to have burst. The chance discovery of a nugget weighing thirty ounces in the Tarragulla district which started a gold rush has been followed by no further strikes.

Hundreds of claims have been pegged out eagerly but no more gold has been nailed so many prospectors are leaving in disappointment, leaving an army of newcomers as they depart.

GLORIA AND HUSBAND DECIDE TO BE FRIENDS BUT CONTINUE LIVES APART

LOS ANGELES, Aug. 7. (AP)—Gloria Swanson, motion picture actress, announced today she and her titled husband, the Marquis Henri de La Palaise, had decided to live apart. The Marquis returned to Hollywood last Sunday from Paris.

"Henri and I have decided to continue living apart," Miss Swanson said, "as we have lived for the last year and a half."

"He plans to remain at a hotel during his stay here, and I shall continue to live at the beach. We have found it possible to maintain

separate establishments and still be the best of friends."

The couple was understood to have spent most of yesterday conferring on their future plans. Reports of a separation had been current in Hollywood several months but they previously had been denied.

PLAINVIEW, Aug. 7.—(Special)—A swimming pool containing seventy-two hundred square feet of space will be built for Plainview soon by D. D. Bowman two miles north of the city on the paved highway which goes to Tulia, Happy and Amarillo.

The pool will be 60 by 120 feet with showers and lockers, and have different depths. A nursery is located on the tract and operated by

Bowman. The irrigation plant for the nursery will supply water for the swimming pool, and the water from the pool used for irrigation purposes. The State Health rules will be observed, Bowman says.

Hale Rural Schools Open On September 4

PLAINVIEW, Aug. 7.—(Special)—Rural schools in Hale county will open on September 4th, if the recommendation of the County Board is followed as made at its meeting

Saturday with Superintendent O. Legge. This will be the day following the close of the teachers' institute at Texas Technological college at Lubbock, when all the teachers in Hale county's rural schools will be in attendance. A separate institute is held at Plainview's teachers arranged by Superintendent Lee Clark.

\$1,000,000 Salary

The slightly worried American who lies awake at night wondering how he can boost his salary to \$1,000,000 can be pardoned, probably, if he takes a keen, envious interest in the salary enjoyed by Mr. Eugene Grace, president of Bethlehem Steel.

Indeed, it is so much money that some prominent people have been wondering, in print, if any executive can possibly be worth it. It has been suggested that no man's services, under any circumstances, can deserve such pay; that Grace in short, is getting too much money.

However, those who fear that wealth is tending to concentrate in the hands of a few people will probably find an ominous portent in this Grace salary. Grace may be worth a million a year to Bethlehem Steel, but it is to the best interest of the country to have such enormous salaries paid to single individuals.

If you set out to answer that question you probably would be discussing socialism before you got through. Without going into that phase of it, it seems safe to say that under our present economic system million-dollar salaries are not at all out of place.

A clever stock manipulator, for instance, can make more than a million dollars a year—and can do it without producing anything of value to anyone, simply by juggling trading accounts; by gambling, in plain English.

The industrialist, like Grace, is at least giving his country something. He is producing things—turning out a definite product in return for his salary and providing employment for thousands and adding to the general prosperity of the country.

THE PLAINSMAN

Says: That Girl on Broadway says Hell has few terrors for those whose love letters have been read in court.

WHILE we're all sitting around sweeter in the bright August sunlight don't forget that in a little more than a month fall will be here.

It's a little early, perhaps, to talk football but the Plainsman believes in preparedness in that sport as in everything else. It won't be long now until Coach Pete Cawthon, of Tech, and Mentor Henry Frka, of the high school, start hunting for jobs for deserving athletes, and this column aims to help them out as much as it can.

The Lubbock Westerners will have one of the best high school aggregations in Texas. We don't predict a championship yet but we do predict plenty of action, and Henry ought to get all the help he can. The Amarillo Sandies are going to be 'meat' for the Westerners this year, if every fellow does his part.

But we've got to help the deserving footballer. He can't stay in school without jobs. Amarillo, The Plainsman understands, has already stepped out into the minor leagues and has bought three or four new teams to replace the stars who lugged out on the Westerners last year.

When look at the situation at Tech, Pete Cawthon and his coaching crew are all new brooms, and they want to sweep clean. They want to build up a team which, although it may not be a world-beater its first year, will develop in its second and third seasons.

The Plainsman intends to have something to say along this line at frequent intervals. This is just a warning of what will come in the next six weeks. You, fellow, who think you'll have jobs for students this fall and winter, are in a general way fact that we've got a couple of football teams to take care of.

LUBBOCK has never been much of a golf center. It's true that a lot of people dub around on the links here but generally speaking the city is shorter on real stars than the average city of 10,000 people.

The warehouse act of 1922 was the first federal law on the subject of co-operative marketing. It gave control to the Department of Agriculture under very rigid rules and regulations.

That's a mighty fine thing, sending those kids to Amarillo, and The Plainsman will bet they do Lubbock proud. It's one cinch, they'll represent the city as well as the older ones did at the West Texas tournament at Brownwood.

THE PLAINSMAN is about to come to the conclusion that he's not sure at all after all and that all the supporters of Ma Ferguson aren't down on him. Ab Humphries, who has always been a big Ferguson man and who heads his campaign in Lubbock county, has been in and assures The Plainsman that he's not mad at him.

WACO CUBS RUN WILD TO SMASH MODERN BASEBALL RECORDS

Without any warning, and without, we are afraid, any real reason, the Lamesa club has severed relationships with the South Plains League. Word has it that the team has disbanded. At any rate their scheduled game with Levelland Tuesday was not played when the Lamesans informed their hosts that the Dawson county entry in the league no longer existed. We are afraid politics has had something to do with the collapse of one of the strongest teams in the loop, one which was going good, and threatening to end the first big hold-up season in second place. Gus White, who has quite a bit to do with the team's activity, was recently elected sheriff of the county, and law enforcement might not mix with baseball.

The South Plains League was beginning to get on the up and up and playing on fairly even terms. Tahoka had the first half clinched, but it was anybody's second half. Now Lamesa lets the rest of the league down like it was two-hundred-to-odd. There could have been any number of reasons for the club to call it quits, but after hanging on this long, it seems that it should have strung along with the other clubs for the remainder of the season. It places the league in a rather embarrassing position. Some other team more than likely will be invited or permitted to join the loop since such a move is almost necessary, but it will give both the new team and the old one unfair advantages. Should the league be allowed to play the second half, there will be a feeling of having been aired out on the part of the other teams. On the other hand, if the new team is not successful, it will be little more than a peg on which the other teams may hang their uniforms.

Wayland College is optimistic over its 1930 football prospects. For one thing, a crew of at least twelve veteran squadmen, including about eight lettermen, will return to the fold of Coach Frank Kimbrough. For another, the team has the most important games will be played at home. Further interest is taken in the fact that all of the home games and four foreign games will be played at night, bringing King Island to the first time on the South Plains. The Jackrabbits field is being equipped with lighting fixtures which will flood the gridiron with 100,000 candle power, making the field as light as day. The Wayland mascot has been in the favor of night football since the game with El Paso Miners last fall, and is looking forward to a successful season for his Rabbits under the arc.

Night football should prove as beneficial and as full of interest as baseball, for it will be no more difficult to light a gridiron than a diamond and the plays are no harder to see. They are not hard at all in a well-lighted baseball park. The gridiron has been played at night on a small scale, for the last two years at experimenting schools over the country. Last fall the game was quite popular in the east, and a few western schools adopted the idea. It will be even more popular this season, and who knows what may happen next fall? America is going night life, saving daylight for business, education, and afternoon matinees. The night football idea should meet with the approval of college press who beguile a half-holiday for championship game. Football will hardly likely gain as fast at night as did baseball, since a great part of the season is played after the first hints of winter, and a slab of concrete at night is a very sticky proposition. It is not sought by even the most enthusiastic fan.

To Coach Pete Lawhorn of Texas Tech and to any of his pupils when he was mentor at Austin College night football is no stranger and not uncommon. Anyone who has associated with Coach Lawhorn very much has heard the story of his "ghost football," and his former proteges can make the story very vivid. Upon it hangs part of the success with which Lawhorn has had with his Austin College team. A field for practice and a gymnasium, Mr. Lawhorn kept his team going with threats of practice after dark. Many times his threats were carried out, and his charges found themselves scrambling for crisply-afixed darkness set in. They were to start a young revolution within the ranks of the players and call out the best.

Earl Mastro Meets La Barba Tonight
CHICAGO, Aug. 7 (AP)—The championship trials of a pair of the best featherweights in the ring industry, Earl Mastro and George La Barba, will be held at the Chicago stadium tonight in the Chicago stadium's punch bowl.

They will battle 10 rounds or less to a decision and the victor, if the triumph is decisive, expects to force his way to a title match with the champion of the division, Bat Satalano.

The Italian government has granted to the match industry a complete monopoly over the manufacture, importation and sale of automatic lighters.

ANTON JOINS SOUTH PLAINS LEAGUE

THREE HOMERS ARE HIT IN ONE FRAME

TOTAL OF EIGHTEEN RUNS CHALKED UP IN SAME PERIOD

BY GAYLE TALBOT, JR.
Associated Press Sports Writer
Pudgy Gene Rye and the Waco Cubs joined in the eighth inning of what had been a perfectly good ball game against Beaumont last night to stage a bombardment that for sheer destruction probably will never be equaled in the Texas league.

In one rousing round the Waco nightmarers scored 18 runs to humble the Exporters' 20 to 7, and climb within a half-game of the leading Wichita Falls Spudgers. Rye, with three circuit-drives, accounted for eight runs, and the individual hero of the onslaught that eclipsed anything seen in the modern history of the league. The stocky Cub outfielder opened the fireworks with a sweat over the left field wall; his second, with two aboard, sailed over the right paddock, and his third, with the sacks loaded, followed in its wake.

Never Been Equalled
Rye's record, so far as history discloses, has never been equalled in organized baseball. Only one team ever before scored as many as 18 runs in an inning, the Chicago Cubs performing the feat against Detroit in 1883.

Mallett, Green and Newman were the three Shipper hurlers who suffered during the big round. Stevenson and Piet also cracked homers, while Boshart contributed a single and double. In all, the Cubs made 12 hits and were issued six walks during the inning.

Cats Down Spuds
The Prattmen's record-smashing performance served to bunch the leaders, as the Fort Worth Cats bested Wichita Falls, 13 to 8, in the opener of their "crucial" series at Spuderville. Only one game separated the first place Spuds and the third place Cats today, with the Cubs wedged between.

Hank Thormahlen, for whom the Klittens have refused to pay the second \$5,000 on his purchase from Waco, relieved Whitworth in the second and did a fine job of relief pitching against the leaders. Four of the Spudgers runs rode in on homers, including No. 36 for Larry Bennett.

Tony Kaufman, the reformed outfielder, hurled his third victory in as many starts for Houston, setting the San Antonio Indians down with four hits and licking them 7 to 1. In former big league days, in five starts, he pitched in the second, fourth and seventh innings of the circuit in the eighth inning against Beaumont pitchers—the same inning that saw his team run up 18 runs as a part of a 29 to 7 victory over Thomas E. Burns, of the Chicago National league team, formerly held the distance clouting record for a single inning with two doubles and a homer in the seventh inning of a game with Detroit September 6, 1885. It was in that inning that the Cubs scored 18 runs; the record Waco equaled last night.

NEW RECORD SET UP BY TEXAS SLUGGERS
WACO, August 7 (AP)—Long distance sluggers today had a new record of 18 runs in one inning to show at a due to 7 victory over Beaumont.

Gene Rye, outfielder of the Waco club of the Texas league, last night hit three times for the circuit in the eighth inning against Beaumont pitchers—the same inning that saw his team run up 18 runs as a part of a 29 to 7 victory over Thomas E. Burns, of the Chicago National league team, formerly held the distance clouting record for a single inning with two doubles and a homer in the seventh inning of a game with Detroit September 6, 1885. It was in that inning that the Cubs scored 18 runs; the record Waco equaled last night.

Since 1900, fourteen has been the highest score in a single inning. The Cubs pounded out that number against Philadelphia in the fourth inning, August 25, 1923, and the New York Yankees duplicated the feat in the fifth inning against Washington July 6, 1920.

MEADOW NET PLAY TO BE HOT AFFAIR

SOUTHAMPTON, N. Y., Aug. 7 (AP)—With three members of the United States Davis cup team in the quarter-final round, the vic oies were predicting today that the Meadow club invitation tournament would be won by Big Bill Tilden, with Wilmer Allison and George Lott having an outside chance.

Big Bill's style show yesterday, when he dramatically entered the singles play and won two matches within the short space of two hours. The two victories coupled with a default placed him in the quarter-final round along with Wilmer Allison, George Lott, Francis T. Hunter, Francis Shields, Sidney Wood, Richard Murphy and Edward Jacobs.

LOOP'S SECOND HALF OPENS TUESDAY

WINNER OF LAST HALF TO MEET TAHOKA IN TITLE PLAYOFF

The Anton baseball club was admitted to the South Plains League to take the place of the disbanded Lamesa team, according to a decision by the board of directors of the league meeting in council last night in the county court room at Tahoka. The new member will play its first game in the league Sunday when it meets Tahoka at Tahoka for the last game of the first half. The official league membership begins Tuesday, August 12, however, with the beginning of the second half of the season.

A schedule calling for twelve games for each team was drawn up and passed at the meeting last night. The second half will be cut three games short, and each team will play three games per week in order that the division may be completed before the beginning of school in September. According to the schedule, the second half will open next Tuesday and will end Sunday, September 7. Each team will have six games at home and six away, playing two Sunday games at home.

The winning team of the second half will meet the Tahoka club winners of the first division in a five-game play off series during the week following the close of the season.

The schedule for the second half is as follows: Lubbock at Brownfield, Tahoka at Levelland; Southland at Anton August 14; Anton at Lubbock; Brownfield at Tahoka; Levelland at Southland, August 19; Lubbock at Tahoka; Anton at Southland; Brownfield at Levelland, August 21; Brownfield at Lubbock; Tahoka at Southland; Levelland at Anton, August 24; Tahoka at Lubbock; Anton at Brownfield; Southland at Levelland; August 28; Lubbock at Southland; Brownfield at Anton; Levelland at Brownfield; Southland at Tahoka, August 31; Lubbock at Levelland; Anton at Tahoka; Brownfield at Southland; September 1; Southland at Lubbock; Tahoka at Brownfield; Anton at Levelland; September 4; Tahoka at Lubbock; Anton at Brownfield; Southland at Levelland; September 7; Lubbock at Anton; Brownfield at Southland; Levelland at Tahoka.

Berg and Chocolate To Lose In Receipts
NEW YORK, Aug. 7 (AP)—The present must suffer with the guilty as Kid Chocolate and Jack Kid Berg are beginning to discover.

Madison Square Garden officials have been more than a little disturbed over the disappointing advance sale for the last year. Apparently Chocolate and Berg, neither of whom was or loses on fouls will have to share the loss along with the garden.

"OLD PETE" IS RELEASED AGAIN
TOLEDO CLUB NOTIFIES VETERAN HURLER HE'S NOT WANTED AFTER FAILURE TO APPEAR

CHICAGO, Aug. 7 (AP)—Grover Cleveland Alexander, once one of baseball's greatest pitchers, has been released for the third time this season.

He was notified by the Toledo American association club last night that his services were not desired. He had never even won a Toledo uniform.

"Old Pete" was released by the Dallas team of the Texas league several weeks ago after being taken out of the box. He previously had been given his freedom by the Philadelphia nationals.

Then the Toledo Mud Hens signed him up. Alexander was to have pitched his first game at Toledo Sunday. Photographers were there, even sound movies were to be taken, the park was filled with thousands who came to see the former world series hero in his much belated comeback attempt. But he failed to appear.

ROBINS START TRIP WESTWARD WITH WIN OVER PIRATES; SENATORS SLICE A'S LEAD; PITCHING IS SHOWING UP

MIDNIGHT CHAMP "Jug" McSpaden Wins Tourney In Kansas City

BY EDWARD J. NEIL
Associated Press Sports Writer

Rolling into the west where the National league pennant is waiting to be won, the Brooklyn Robins today have a most auspicious beginning of a crucial road trip to spur them on.

Straining to establish a lead that can stand the strain of slumps and battle with chief contenders yet to come, the Robins scored a 7 to 4 conquest over Pittsburgh in the opening of the Pirate series yesterday, while the St. Louis Cardinals rose to swat the Chicago Cubs and add to the lead of the Robins, now 3-1-2 games in front of the league champions of 1929.

Comoros' Does His Bit
An extra-base hit, George Watkins' pinch hit home run in the seventh with one on, gave the Cards a 4 to 3 decision over the Cubs but four doubles, three triples and a home run by Comorosky couldn't save the Pirates from defeat.

The Washington Senators out the lead of the Athletics to 6-1-2 games in the American league by downing Connie Mack's champions, 5 to 1. Sad Sam Jones held the A's to six hits while the Senators clubbed George Earnshaw in the pinches.

The third place Yankees made hay in the sunshine, opening a lengthy home stay with a close 4 to 2 win over the Boston Red Sox in a game featured by Roy Sherid's pitching struggle with Milt Gastor. Harry Rice did the important hitting for the Yanks.

Uble In Form
George Uble topped with the Cleveland Indians as Detroit belted Willis Hudlin, Jabonowski and Beaulieu to a 2 to 1 defeat making it six in a row for the Tigers. Uble hit three singles and a double as many hits as he allowed the whole Cleveland outfit.

The mightiest hurling of the day was turned in by Coffman of the St. Louis Browns in the opening game of a doubleheader with the Chicago White Sox. Coffman shut out the Sox 5 to 0 and allowed three hits but ancient Red Faber got just as far with less effort in the second game, pitching Chicago to a 5 to 2 triumph and an even break on the day.

The Boston Braves wound up a seven game series with the Phillies with a three run spurt in the ninth for a 5 to 4 victory. The Braves won five of the seven games. Randy Moore crossed the Phillies up, slicing a pitchout into left field to drive home the winning runner.

The New York Giants and Cincinnati Reds were not scheduled.

JEFFRIES SENT TO TOLEDO
CHICAGO, Aug. 7 (AP)—Irving Jeffries, White Sox pitcher today, was sent to the Toledo club of the American association subject to a 24-hour optional recall. Jeffries has fielded well but his batting average listed only .217 for the few games he played.

P.G.A. MATCH TO BE MINUS OLD MASTER

MAJOR LEAGUE LEADERS

GARDEN CITY, N. Y., Aug. 7.—The Professional Golfers' championship at the Fresh Meadow Club, Flushing, in early September will not be the same old golf battle it has been in the dozen years of its existence. No longer will it be Walter Hagen against the field. Hagen, five times champion of the pros, failed to qualify Wednesday in the Metropolitan district test at 35 holes over the course of the Cherry Valley club.

The old master took 149 strokes to work his way around the sporty layout while Horton Smith, his protégé, led the field with 138. Hagen missed a chance to qualify by four strokes. He was the highest.

If the man who won the title four times in succession could have pared three shots from his score he would have been in a tie with Jack Forester, the long hitting Scott from Hackensack, N. J., who was the last man in the scant net of the Metropolitan district is privileged to send to the P. G. A. battle field.

Hagen took the three strokes he was to need for a 146 at the 18th hole of the morning round, a Par three hole, where he holed out with a ghostly six. His finish in the morning was one of the weakest he has ever had in a serious competition. His 5-3-6 standing out in bold relief against a par of 4-4-3. His play throughout was spotty but he had his brilliant moments and at times Hagen was himself. It marked the first time Hagen has failed to qualify in a championship. He picked up once in a Metropolitan open but he was always qualified.

Several hundred galleries turned out for the tourney heralded as the first held at night over a standard-size layout.

Caddies armed with flashlights searched sometimes unsuccessfully for balls which straggled from the lighter straight and narrow, and players experienced some difficulty in judging distance and following the balls in flight when they soared above the scope of the large illuminators.

The innovation was pronounced successful however especially by the general who shot near par figures. Some found the artificial light confusing and scores consequently ranged into the late 80's.

Timid Robber Gets Loot From Grabiner
CHICAGO, Aug. 7 (AP)—A timid robber, whose pistol shook in his hand, broke into the Southside apartment of Harry Grabiner, secretary of the White Sox ball team, last night while Grabiner, his wife and a guest were playing cards and robbed them of \$300 in cash and jewelry valued between \$500 and \$800.

The robber stammered a "thanks" as he withdrew. "It seemed like that pistol was burning in his hand," Grabiner said. "We were glad to get rid of him."

CHANGES IN SOLONS FOR STATES SET

TEXAS TO GAIN THREE NEW CONGRESSMEN BY CENSUS

WASHINGTON, Aug. 7.—Thirty states will be required to take legislative action to rearrange their congressional districts before the election of November, 1932, to conform with the reapportionment of members of the house of representatives as a result of the 1930 census.

Twenty-six memberships are involved. Twenty states will lose members. Ten states will gain them.

The secretary of commerce will transmit to congress, as directed by law, on the first day of the December session of congress, the population of the various states and the number of representatives to which each state would be entitled under an apportionment of 435 members by the method of major fractions.

Calculations by the method designated by congress on the preliminary population totals of all the states, as announced by the district supervisors and compiled by the bureau of the Associated Press throughout the country, show the apportionment results somewhat different from those computed by the census committee of the house before the reapportionment law was adopted.

California, instead of gaining six additional seats in the house as had been estimated, would be entitled to nine additional members, bringing her delegation to twenty.

New York had been slated for a loss of one member but her population gain probably will entitle her to two additional members, bringing her delegation to forty-five.

Texas was forecast by the committee to gain two members but on her present population she would be entitled to three, making a total delegation of twenty-one.

New Jersey population increased sufficiently to secure two additional members for that state, as had been calculated. Ohio had been computed for a gain of three members but her population has been estimated sufficient only for an increase of two members, making her delegation twenty-four.

SOVIETS USING YANKEE WIT IN MOULDING INDUSTRIAL NATION

CLEVELAND (AP)—American engineers and ideas are reaching half way around the world to touch Soviet Russia with the magic of industry and modernization.

Here in Cleveland three firms are at work on plans for construction in Russia, of industrial centers comparable to Gary, Youngstown and Duluth.

Arthur J. McKee and company, engineers, are perfecting plans for a steel plant to be worth \$182,000,000. It will be about the same size as the U. S. Steel corporation's plant at Gary, Ind.

Superior Construction
These engineers also will supervise construction of ore mines which will yield approximately 30,000 tons a day. Eight blast furnaces will smelt this ore.

In this plant will be three 35-ton Bessemer converters, 12 open hearth furnaces, three blooming mills, a rail mill, a series of merchant mills and a mill for heavy structures.

Furnaces Cooled
A lake 14 miles long and two miles wide is being impounded to cool the furnaces. Between 3,000 and 4,000 men have been working on the site of this dam since May.

Ralph E. Baker, secretary of the McKee company, says the project is the largest industrial development yet undertaken in the Soviet republic.

The Austin company of Cleveland has begun construction of a \$50,000,000 automobile factory and modern industrial city at Nizhni Novgorod, 270 miles east of Moscow.

The plant will have an initial capacity of 120,000 cars a year, to be increased to 300,000. The city will have a population of about 20,000.

Pax in Gold
Russia pays the Austin company each month in gold.

A third Cleveland firm, Ogilby-Norton and company, has sent 20 engineers to the Soviet to supervise development of iron mining.

Eight translators are employed by the McKee company to maintain an understanding between American and Russian engineers. Five Russian-English geographers translate all programs.

Yankee road-building experts recently won a \$11,000,000 contract to repair Moscow, and American machinery is doing the job.

And almost shadowing the Kremlin is a giant American-style apartment building to house government officials in being erected.

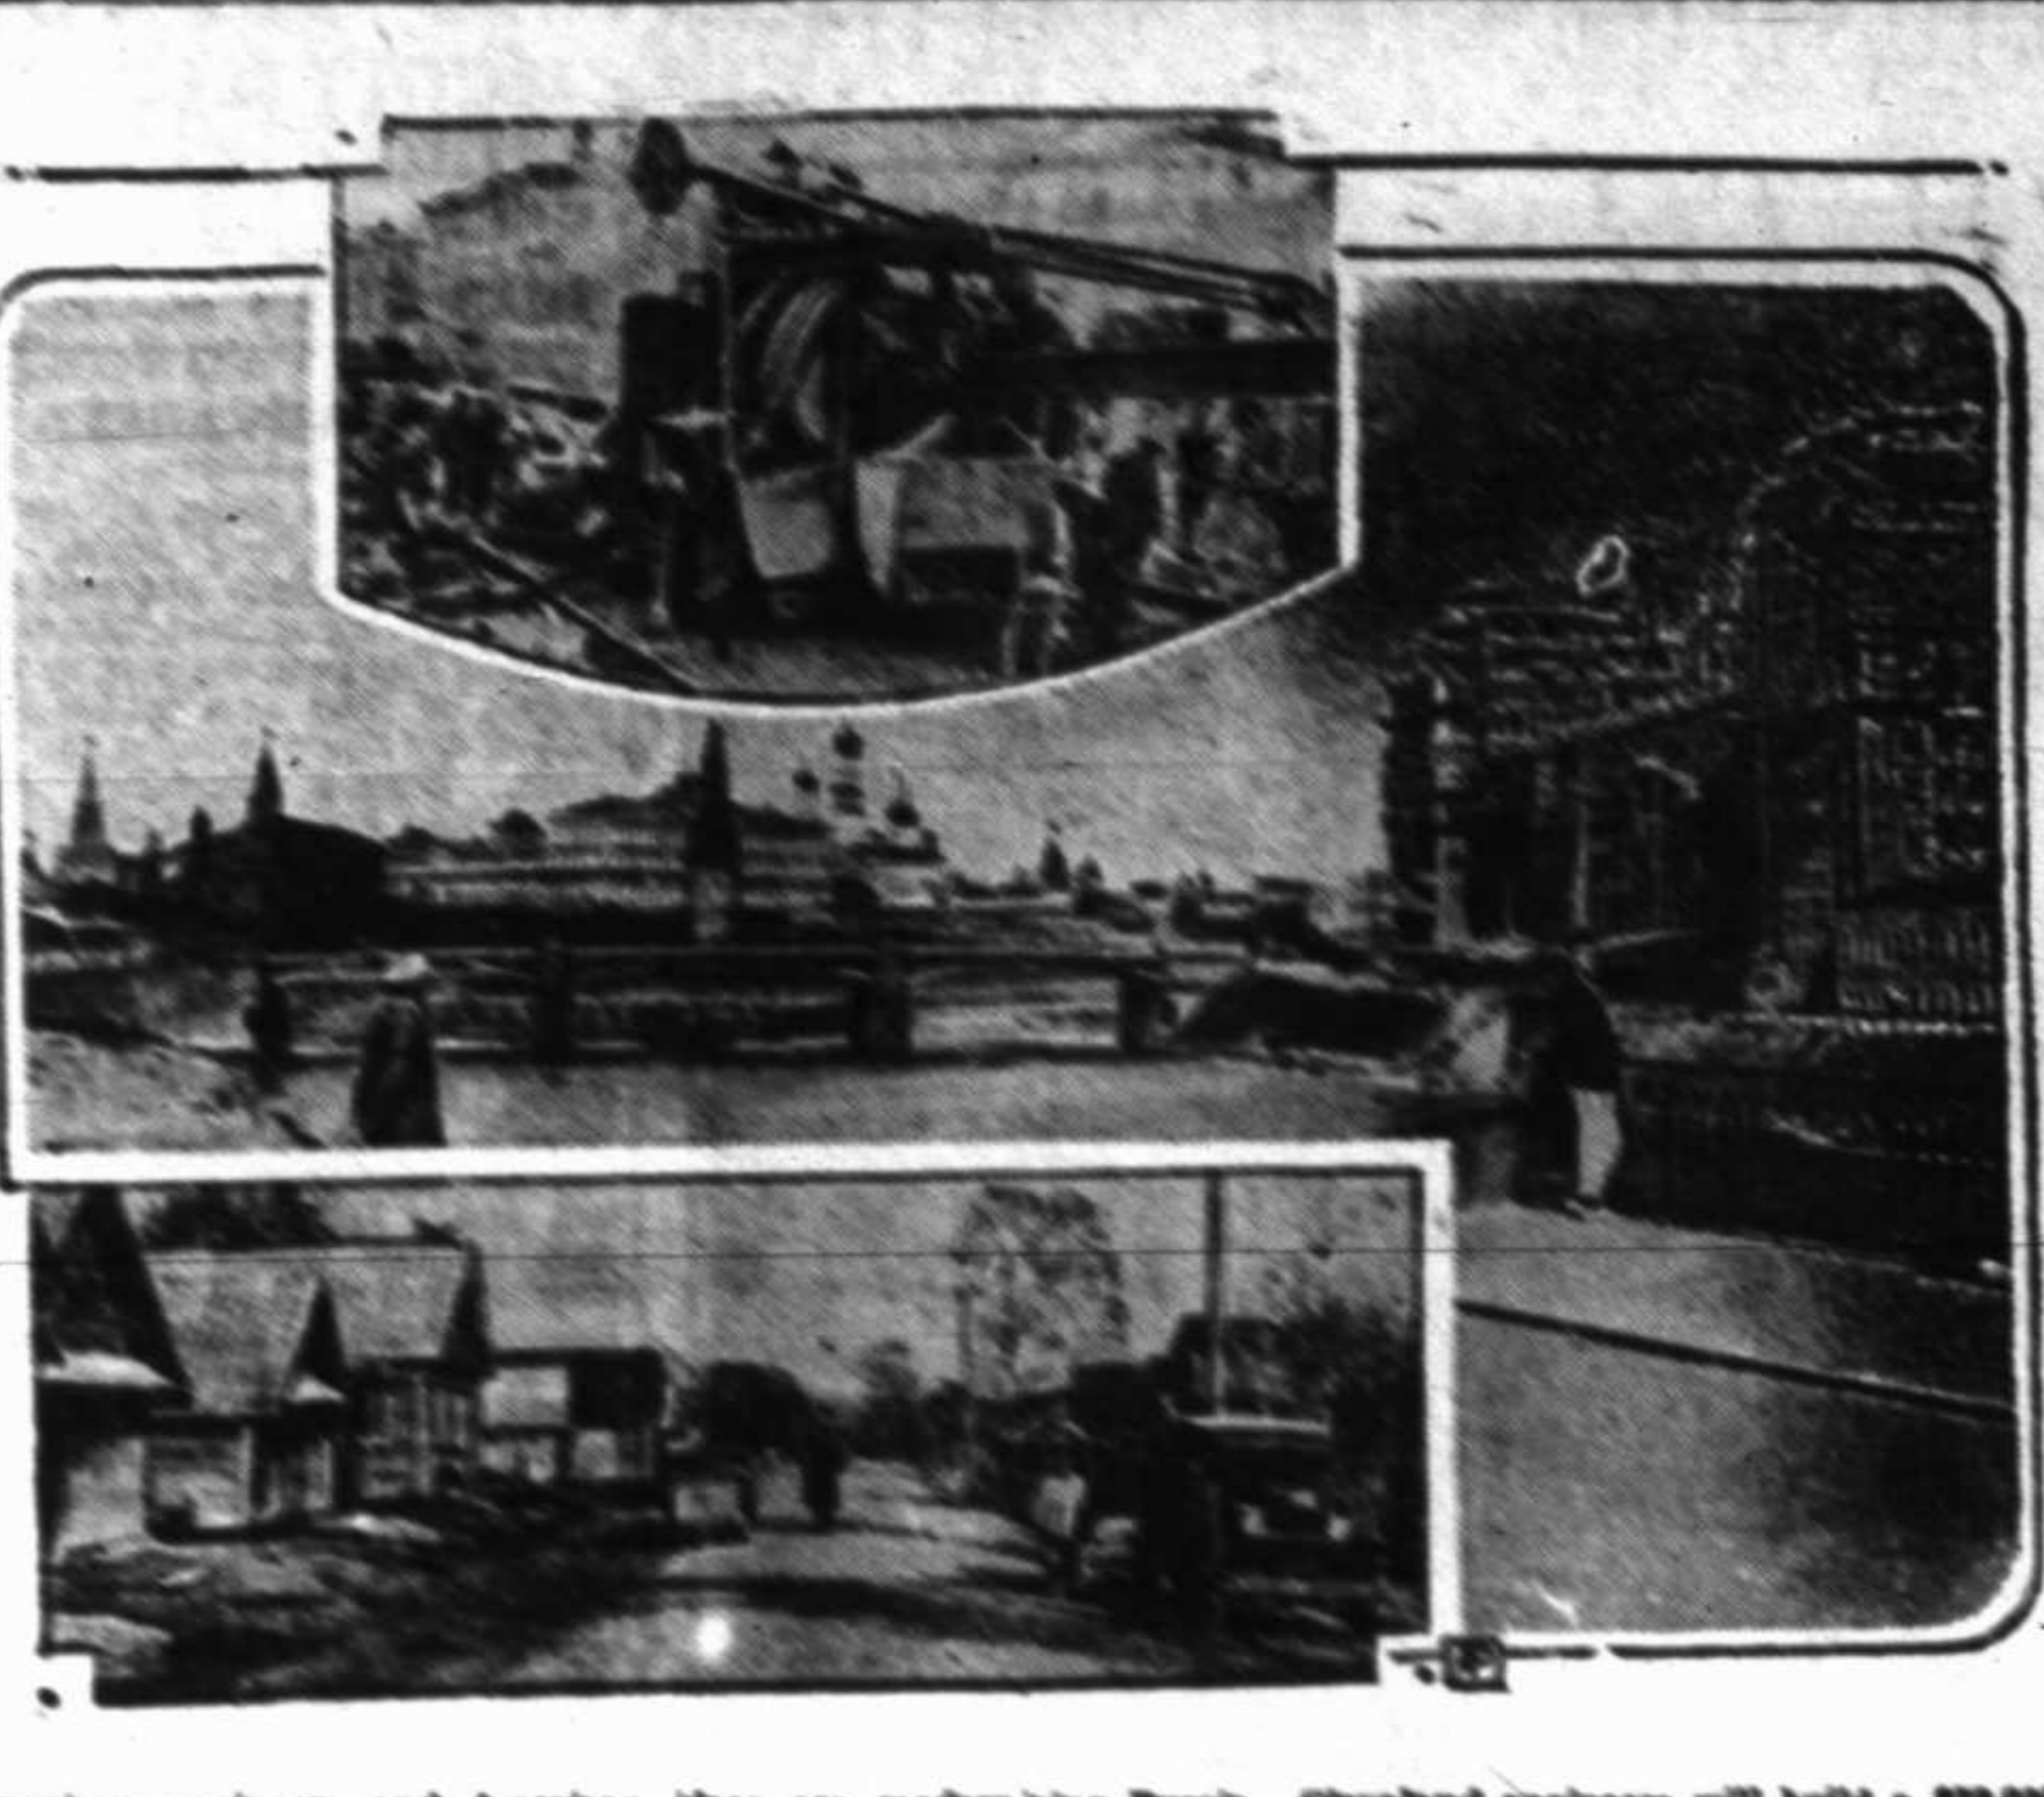

The census committee, which was made by Connecticut, Florida, North Carolina and Washington.

Missouri would be the largest loser as the committee had indicated, with a decrease of three members, bringing her delegation down to thirteen. Georgia, which the committee had not figured for a loss, would lose two members.

Losses of two members each, all of which had been indicated by the committee, would be sustained by Indiana, Iowa, and Kentucky.

Losses of one member, which had not been forecast by the committee, would fall in Minnesota, Rhode Island, South Carolina, and South Dakota.

A picture theatre in Billingshough shows one talkie and one silent picture at every performance.

American engineers and American ideas are modernizing Russia. Cleveland engineers will build a \$182,000,000 automobile factory and a city of 20,000 near Kazanka, below, while American machinery (top) is repairing Moscow where modern apartment for Soviet officials are thrusting up near the Kremlin (center).

MEXICAN PROFESSOR RETURNS FROM MONTHS OF LIVING IN HUICHOLE IN AN AREA WITH INTERESTING OBSERVANCES

MEXICO CITY, Aug. 7.—After living for months among the Nomad Huichole Indians in the state of Nayarit, Professor Aguirre of the National Museum, has returned to civilization with an interesting account of the strange customs observed among these sun worshippers, polygamist wanderers.

For centuries the Huicholes have lived undisturbed in the wild interior of Nayarit, constantly moving about in search of escape from death, which their fear gods do and which tribe or people of Mexico.

The To Other Parts
When one of their number dies they abandon their camp and try to some other place thinking that to evade a repetition of the event.

Aguirre, who found the Huicholes a friendly, hospitable people, said that while they worship some of the Christian saints they look to the sun as their God and pray to it.

Has 4 Wives
When a Huichole has been permitted to marry a parcel of land he is permitted to wed. He may have as many wives as he can support, the average number being four.

The husband goes out of his way to respect and treat his wives well.

Aguirre explained. At meal time his wives sit on their haunches in a circle about him, offering tortillas and other things he has prepared for him, and to avoid burning the feelings of any one he leaves an equal amount of the food offered to be eaten.

There are times when he tires of one of his wives. In such cases, he tells her kindly explaining that he no longer wishes her in his entourage, then goes out to find a new mate.

is willing to add her to his household, he offers her in trade, accepting usually a horse, an ox or a burro, according to the value he attaches to her.

The Huicholes live in caves and are a happy people, apart from their fear of death.

The National Dairy Association of New Zealand has passed a resolution urging dairymen to purchase goods manufactured in Great Britain in preference to American, Canadian or Australian products.

STERLING FOR LAW CHANGES

HOUSTON MAN SAYS "VACANCIES" NOT USED FAIRLY

(By Associated Press)
HOUSTON, Aug. 7.—A change in the law governing land title "vacancies" was recommended today by Ross Sterling, gubernatorial candidate, in a statement issued on his return from a statewide conference of his supporters in Dallas.

The present ruling, which allows any person discovering a vacancy to force the state to sell him land affected, is unjust, Mr. Sterling said.

His statement follows:
"When Texas entered the union it retained all of its public lands. These lands were surveyed into sections and sold by the state to citizens."

"From time to time here and there it was discovered that the surveyors had not met between sections and that small strips which were called vacancies existed."

"Under existing law, a person ferreting out such vacancy may file thereon, and the land commissioner is bound to sell to such applicant. Many home owners have had their boundaries disturbed."

"If elected governor, I will recommend to the legislature that the law be changed so that if and when a vacancy in any survey is discovered, the person or the assignee of the person in whose patent the land found to be vacant was included shall have the first right to purchase such vacant strip from the state at the price fixed by the state."

GLEE CLUB DATE
PLAINVIEW, Aug. 7.—(Special)—The glee club of the I. O. O. F. home at Corsicana will appear here in a concert on August 23, Ross O. Harris, superintendent, has advised W. M. Blunger, district deputy. There will be about 25 children in the party. Mr. and Mrs. Harris and the woman director will accompany the party.

BUYS LARGE TRACT
MULLENBURG, Aug. 7.—(Special)—C. C. McAdams of Channing, Hartley county, has closed a deal with R. L. Brown for the purchase of a 2,500 acre tract in south Bailey county. Some of the land will be cultivated this fall and the rest left for pasture.

GET NEW MILL

Plainview's Old Wooden Tower Is Replaced

PLAINVIEW, Aug. 6.—(Special)—Plainview has always been distinguished as the "Plains City With the Windmill on the Courthouse Yard."

This past week a new shiny, steel windmill replaced the old wooden windmill and tower that has been in use and constant operation for the past twelve years.

A discussion about abandoning the windmill brought a storm of protest that the commissioners court could not face, so the old mill was replaced. It occupies a prominent position in the heart of the downtown section, and a drinking fountain is served by it.

Two or three mills precede the one just torn down. There has always been a mill there, the old timers say.

The U. S. Navy can now muster more than 400 fighting planes.

Ten Apply For Snyder Position

SNYDER, Aug. 6.—(Special)—Ten applications have been filed with the United States Civil Service Commission for the position of postmaster here to fill the position of E. F. Womack whose term has expired.

The applicants are: Thomas Johnson, Mrs. E. J. Anderson, A. M. Hamrick, Mrs. J. L. Morgan, Milton U. Wicker, Abner Rhoades, Herbert A. Smith, Joseph E. Shipps, Elias Davenport and Cyrus E. Fish.

Terrapin Races Are Held In Snyder

SNYDER, Aug. 6.—(Special)—The first of a series of terrapin races inaugurated here Saturday brought 160 quadrupeds to snout with entry of Erman Davidson, six years old carrying off the honors. On the back of his terrapin was printed the name of "Clint Small" in large letters.

GROCERY IS DAMAGED

AMHERST, Aug. 7.—(Special)—Stock and fixtures of the Hoken-Pook grocery here was damaged to the extent of \$650 by a fire of undetermined origin. At first it was thought electric wiring might have caused the blaze.

PERSEID-METEOR STREAM TO CROSS EARTH'S PATH NIGHT OF AUGUST 11; EXPECTED TO BURN OUT AT SEVENTY MILES

BY HOWARD W. BLAKESLEE Associated Press Science Editor

NEW YORK, Aug. 7. (AP)—The earth will clash into the heart of the Perseid meteor stream on Monday night, Aug. 11.

Flying through space in a stream estimated at 70,000,000 miles wide, these meteors for years have preserved the same thickened cloud in the same portion of their wide path.

So for many years they have been the only annual meteor shower that never failed to reappear. The exact hour varies, swinging between August 11 and 12.

Facing northeast, an observer may begin looking for them low on the horizon after sunset, but the best time to look is after midnight and fairly high overhead.

They stream from the position of the constellation Perseus, after which they are named.

A few of them are bright, with noticeable trails, and blue coloring which indicates intense heat. But the majority are faint, because they are believed to be on the average little larger than grains of dust, and they usually are not visible even during the height of the shower unless the sky is unusually clear and the watcher far from city lights.

The meteors are estimated to ignite at an average height of 70 miles and to burn up at about 50 miles. Usually a few of them may be seen on any clear night from August 9 to 13.

Their orbit is computed to be nearly perpendicular to that of the earth, which spends a month from mid-July to mid-August in cutting across the stream. This meteor river reaches out an immense distance into space.

Oswald Thomas, the astronomer, says they travel in an enclosed elliptical ring as far beyond the orbit of Neptune as the distance from the sun to the orbit of Uranus. Neptune was the outermost planet until the discovery this year of the new planet Pluto.

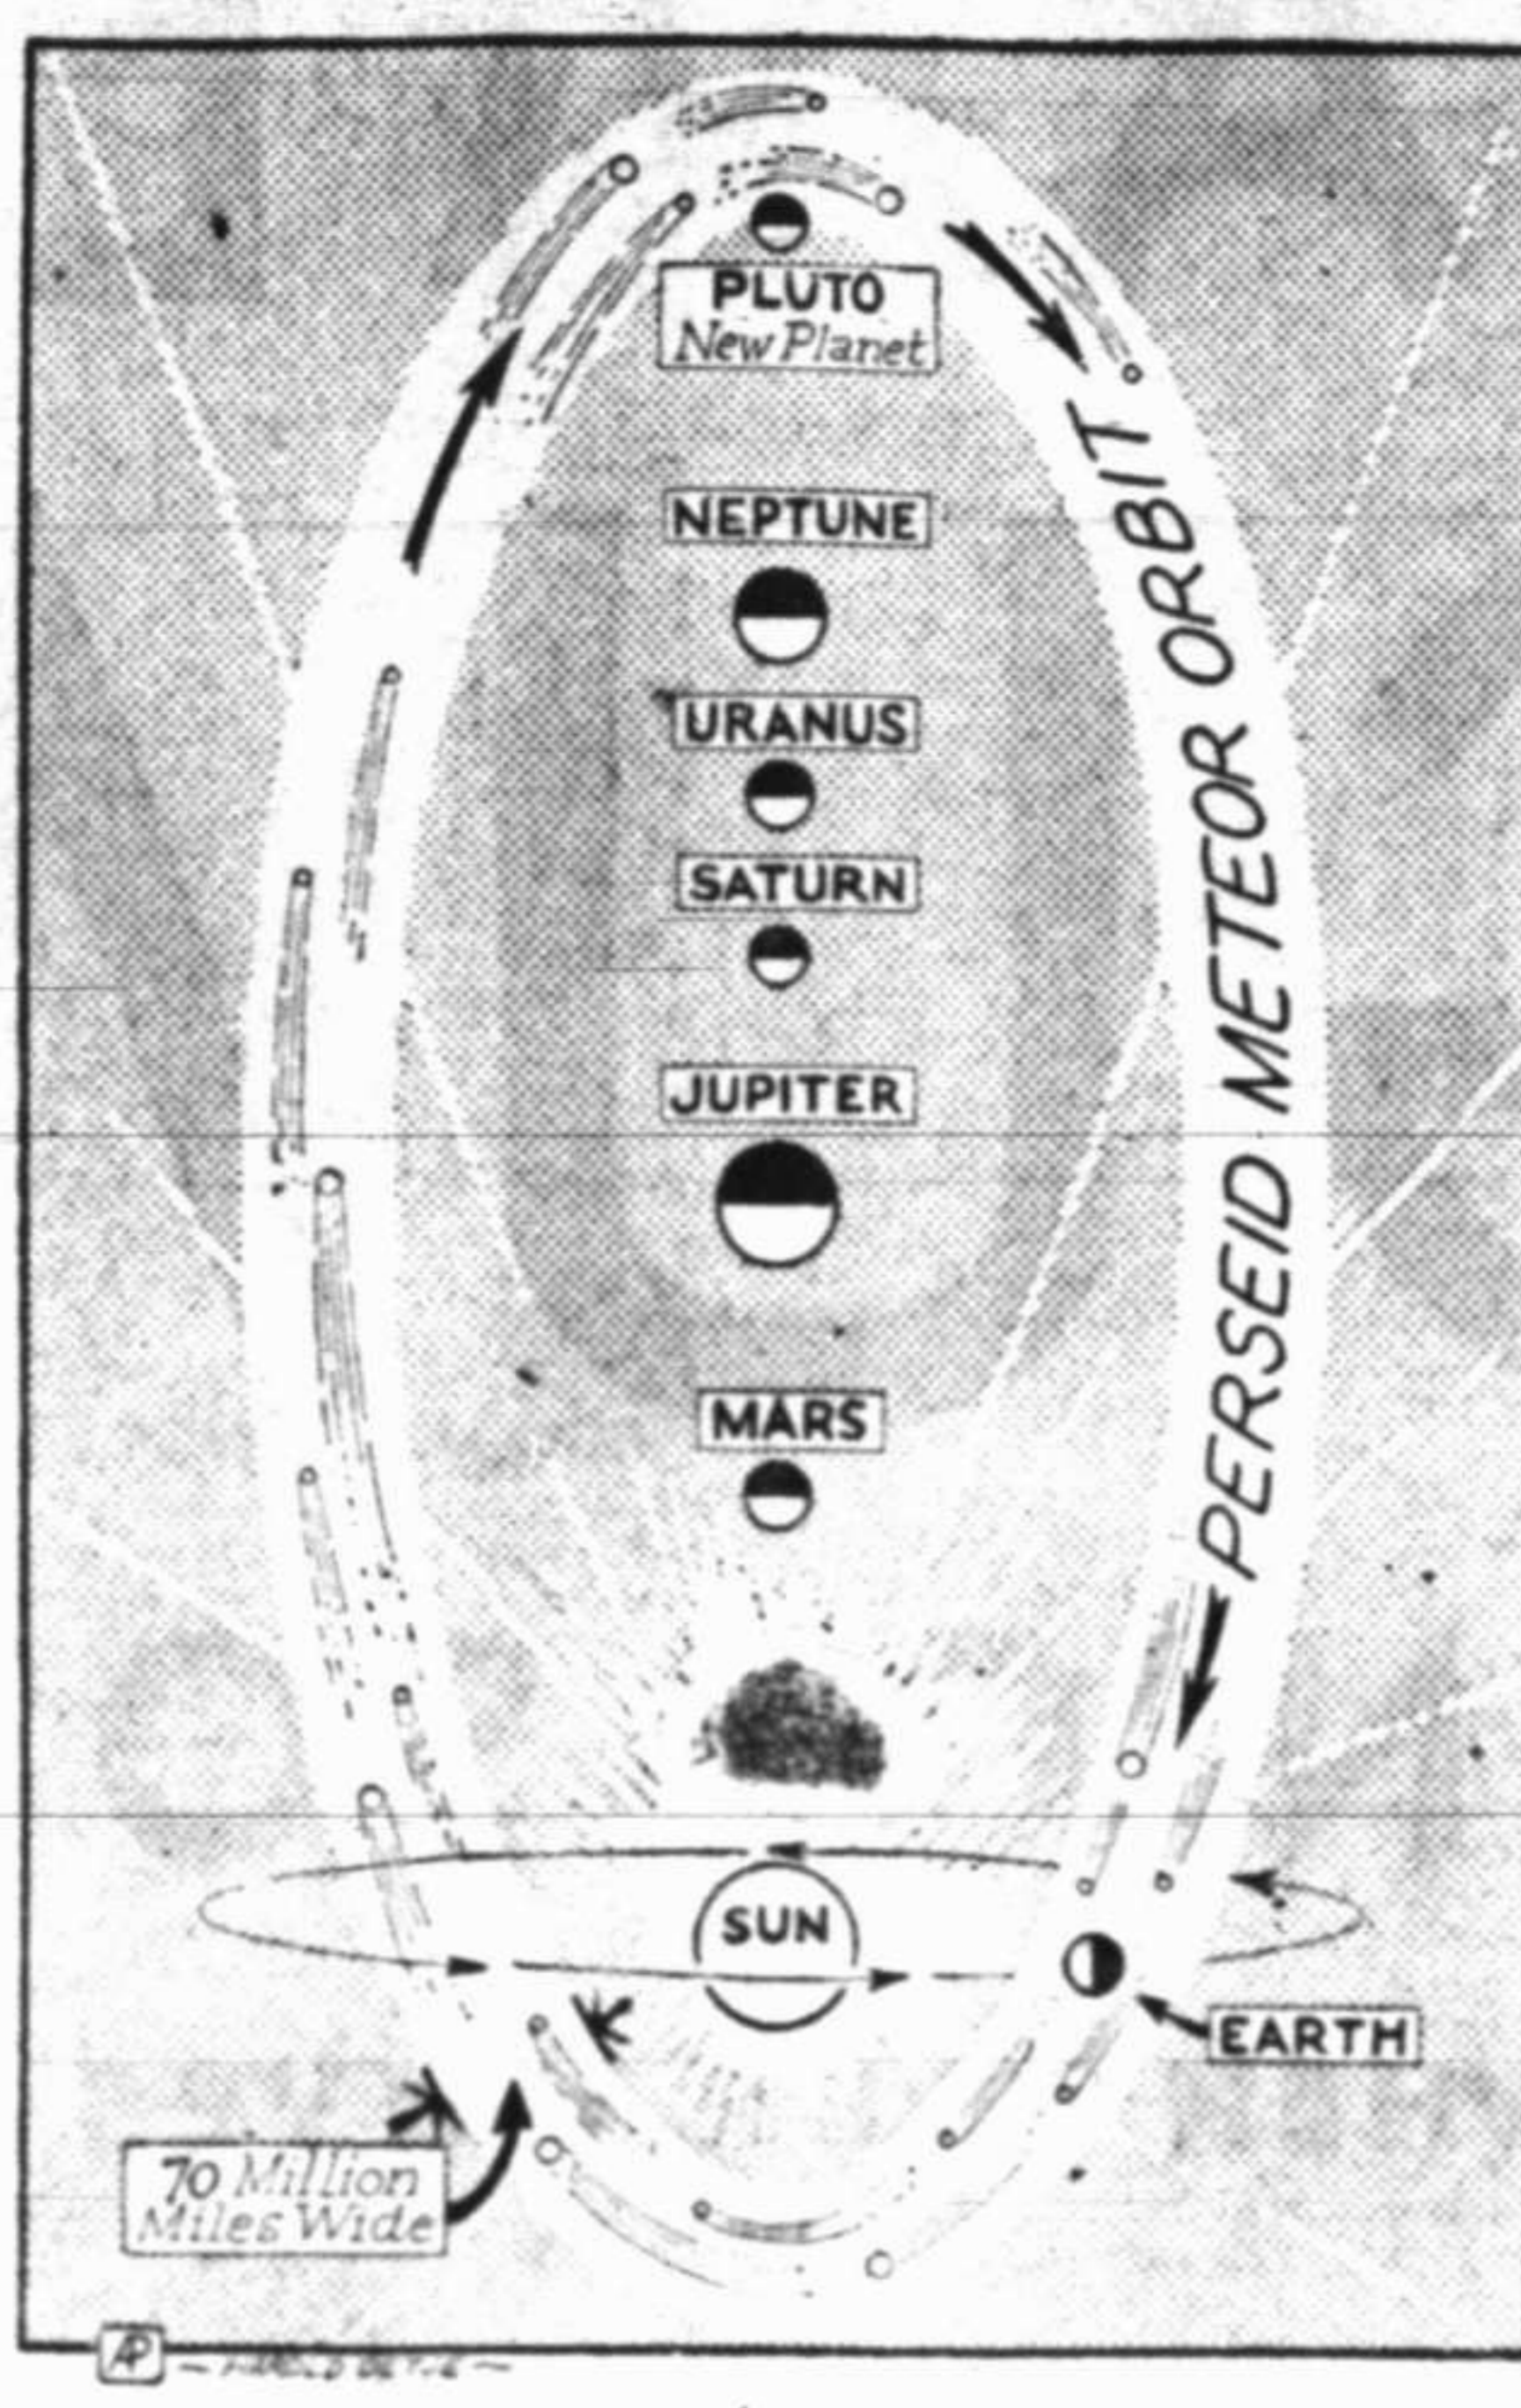

Thomas' figures and the latest estimates of Pluto's orbit would indicate that these meteors travel outward somewhere near to Pluto's front yard.

This year is the 1,000th anniversary of what some astronomers consider the first recorded appearance of the Perseids, July 28, 1690. Records of reappearances were intermittent for hundreds of years, and some authorities trace the present Perseids to a comet supposed to have broken up less than a century ago, and rate previously observed meteors as different streams.

SHE'S BETTER BEHIND FOOTLIGHTS MEXICAN ACTRESS DOESN'T FARE SO WELL IN RING WITH RAGING BULL; IN HOSPITAL

MONTEREY, Mexico, Aug. 7. (AP)—Bravado of Senorita Celia Montalvan, pretty Mexican actress, who thought herself better at bull fighting than a professional matador, led today to a hospital bed.

Physicians treated her there for wounds received in the bull ring here yesterday when she was gored and pitched about by an enraged beast to whom a woman meant no more than a man. Her injuries were not serious.

Senorita Montalvan volunteered to fight the bull in answer to the applause of thousands who thronged the ring and recognized her. She had hardly entered the arena when the bull caught her on its horns and threw her nine feet against the arena wall.

Battered, and with sand in her eyes she went back at the beast, which kept the advantage in the one-sided struggle. Her friends, then fearful of the consequences of allowing her to remain in the arena, forcibly carried her away. One of them, a pianist, turned matador himself and killed the bull.

Designation Of Road To Be Rushed LAMESA, Aug. 7. Argument for official recognition of the short-trip route is being prepared now, it was said, to present to the National Highway meet in Washington, D. C., in November.

Here's a letter written October 21, 1929, by Mrs. Fred Barringer of Lewistown, Montana, that ought to be read by every overweight woman in America.

"Gentlemen: I first saw your advertisement in a Billings, Montana, paper and decided to try Kruschen Salts.

"I started taking them every morning as directed as I was very much overweight and wanted to reduce.

"I had tried going on a diet but would get so hungry that my diet would not last long, so I decided to give 'Kruschen Salts' a fair trial. The day I started to take them I weighed 256 pounds and at present, which has been just four weeks I weigh 239 pounds. And I must say, I feel better in every way, besides looking much better.

GRATEFUL LADY PAYS TRIBUTE TO NEW KONJOLA

Now Giving This New and Different Medicine to Her Children - Read Her Statement

MRS. J. D. RHYNE

There is a reason why Konjola is America's best known medicine, and that reason can be summed up in just three words—Konjola makes good, even when all else has failed. Consider, as a typical example of Konjola's 32 ingredients at work, the case of Mrs. J. D. Rhyne, 616 East Eleventh street, Amarillo, who says: "I was in a terrible condition for many years, with constipation, nervousness, indigestion and kidney and liver ill. It seemed no use to try medicines and treatments further, for I kept growing worse right along. I lost weight and had headaches and dizzy spells and bilious attacks. Food caused indigestion, and many a night I was awake until two or three o'clock. But words can not express my surprise over what Konjola did for me. All of my ills have vanished and now I am giving Konjola to my children, and my husband is about to start the treatment."

Konjola is a medicine for all the family; old and young. That is why Konjola is a household word in tens of thousands of American homes. Konjola is sold in Lubbock, Texas, at Bowen's Drug Store, and at all the best druggists in all parts throughout this entire section.—Adv.

RETURNS SHOW BUTTE IS TO BE NOMINEE

REPORTS SO FAR GIVE AUSTIN MAN LEAD IN BALLOTS

(By Associated Press)
DALLAS, Aug. 7.—E. D. Toothman, director of Republican state headquarters here, reported today that returns so far from the July Republican primary showed that Dr. George W. Butte of Austin would be the party nominee for governor, without the necessity of a run-off.

Incomplete returns today showed Dr. Butte leading with 3,161 over Hugh E. Exum of Amarillo, his closest opponent, who had 1,960.

Capt. J. P. Lucey of Dallas, close friend of President Hoover, was preparing a review of the administration's accomplishments, to present in an address before the state executive committee at its statutory meeting next Monday in Brownsville. Kingsford-Smith Undergoes Operation

VERRE, Zealand, Holland, Aug. 7.—Wing-Commander Charles Kingsford-Smith, worn by the strain of a successful Trans-Atlantic flight and its subsequent public acclaim, tonight was in Middelburg hospital following a successful operation for acute appendicitis.

A statement issued by the hospital said there was no reason for anxiety, but the famous flier must forego visits from friends and will not be permitted to read either letters or telegrams.

The Australian flier came here to visit a friend, Hendrik Willem Van Loon, Dutch-American writer, after he had returned from the United States.

The most recent exploit of Kingsford-Smith occurred in June, when, accompanied by John W. Stannard, radio operator, M. E. Van Dyk, co-pilot, and Captain J. P. Saul, navigator, he left Ireland, June 23, at 10:30 p. m. and landed at Harbor Grace, Newfoundland, at 5:56 in the morning, June 25.

Scotch Whiskey Is Poured Into Sewer

ALBANY, N. Y., Aug. 7. (AP)—Genuine Scotch whiskey valued at \$30,000 was taken from the federal building here today and poured into the city sewers by prohibition agents.

The whiskey had been imported by a drug concern in 1921. It received its shipment in one-fifth gallon bottles, instead of in pint bottles. When told it would not be allowed to rebottle its importation for sale on physicians' prescriptions, the firm "abandoned" it to the federal government.

BLAME THE GUM IN GASOLENE

WHEN YOUR VALVES GET STUCK

When you're going up a hill or trying to get away quickly in traffic and you step on the gas with poor response—don't blame your engine for the way it struggles—

Blame the gum in gasolene that has stuck your valves and robbed your motor of its power.

Then—change to Koolmotor Gasolene—the gas from which harmful gum has been removed. A special process—the mini-gum process—enables Cities Service experts to reduce the gum content in Koolmotor Gasolene to a harmless minimum.

When you use Koolmotor Gasolene your valves are kept clean and free-moving. They are not held back by sticky, gummy deposits. You get full compression and full power.

Your nearest Cities Service station or dealer will serve you courteously with this powerful, clean-burning motor fuel—Koolmotor, the original high test, anti-knock green gas.

The Mini-gum process—the name applied to the extreme care and precision taken by Cities Service experts to remove harmful gum from Koolmotor Gasolene. When this powerful, clean burning motor fuel reaches your car its gum content has been reduced to a harmless minimum. You are protected against the menace and expense of sticky valves.

PROSPERITY!

WHAT IS IT?

HOW DO WE GET IT?

This is the proposition we are all worrying over now. We are willing to lay the trouble on the other fellow, but to get down to real facts, it is not the other fellow, it is the individual. A certain individual sets out a certain way of disposing of their earnings in buying something that never brings a cash return.

In fact, spending as much as is received out of the income then the unexpected happens. Something extra has to be paid for. All ends cannot be met. The final result is poverty. Hard times, you call it. You think everybody is broke, but not so. Your security is gone, that is all.

Now, there is a way to remedy all of this, but you will have to change your way of doing things. Don't lay the troubles on the other fellow. They are yours. You hold the key to the whole problem. Are you satisfied? If not, make a change.

The Great Western Finance Company offers a plan which is safe and conservative, and will induce you to save and which we think will help you bring prosperity to yourself, which will in return help others. If we can induce you to invest in something that you will get a cash return on, we feel that our effort will not be in vain. Do not drift with the tide any longer. Make a change yourself. Start now, not tomorrow. The trouble with the individual everywhere is the money is being spent on something that never brings a return. Try the Great Western Finance Company's way. We believe we have a plan that will make prosperity for you. It costs nothing to investigate.

Of means who are already prosperous are investing with the Great Western Finance Company. TAKE ADVANTAGE of this great opportunity.

"INCOMPETENCY, LACK OF UNDERSTANDING BY PARENTS" IS BLAMED FOR COLORADO'S LATEST JUVENILE SLAYING

DENVER, Aug. 7.—Colorado's latest juvenile murder, the killing of six-year-old Rose May Ethridge by Gloria Utter, her junior by one year, had a scientific explanation today from Dr. Duren J. H. Ward, one of the foremost American psychologists, who said the crime could be traced back to "incompetency and lack of understanding by parents."

The explanation by county authorities that they could not prosecute the child slayer because of "age of discretion" as fixed by Colorado statutes at 10 years, was followed by voluntary opinions from various alienists and psychologists to the effect Gloria was not to blame for her crime.

"This killing of a child by a child is a most terrible misfortune," said Dr. Ward, fellow of the American Association for the Advancement of Science. "It proves again the need for a well-organized movement to stem and check the time of primitive, savage instincts which are having such a free play in modern life."

STORIES OF TORTURE IN CHINA TOLD

MISSIONARIES SUBJECT TO HAVING FINGERS HACKED OFF

SHANGHAI, Aug. 7.—Stories of torture and other violence involving women missionaries climaxed today's reports from the areas infested with Communists and bandits.

British consular authorities at Foochow reported desperadoes had chopped a finger from the hand of a British woman missionary at Kienyang, northern Fukien province, and sent the severed digit to provincial officials at Yenching, along with a demand for \$50,000 ransom for the missionary and her companion, both of whom had been held captive for more than a month.

Others to be Chopped Off

The message from the desperadoes said the women's other fingers would be chopped off and sent as evidence of the seriousness of the ransom demand unless payment were forthcoming immediately.

The captives are Miss Edith Nettleton and Miss Edith Harrison of the British church missionary society, with headquarters in London. They were seized while traveling from Chungking toward Yenching in an attempt to escape from the danger area.

Oil Notes

BEEVILLE, Aug. 7. (AP)—A two-mile northeast extension of oil production in the Bee county discovery pool was indicated today when the Union Producing company's No. 19 Ray struck a good oil sand at 4,024 feet, the well was given a drill stem test late Tuesday.

OKLAHOMA CITY, Aug. 7. (AP)—The Kessler Oil company, Oklahoma City, today purchased the half interest of F. C. Hall in the Hall and Briscoe independent oil firm for approximately \$2,000,000, part cash, part oil and assumption of obligations. Powell Briscoe, owner of the other half, retained his holdings.

SUDAN WILL SKATE

SUDAN, Aug. 7.—(Special)—Mr. and Mrs. E. O. Children have erected a tent here just north of town and have installed roller skating equipment.

LORENZA, Aug. 7.—(Special)—Thirty Boy Scouts, headed by Roy J. B. Thompson, scoutmaster, left in a truck for New Mexico to visit Cochise canyon and other places of interest. They were four days on the trip.

There are no fish in the Dead Sea. The salinity of the water is too great for fish life.

HALE COUNTY FARMERS FIND ALFALFA IS GOOD PAYING CROP; YIELD GOOD

PLAINVIEW, Aug. 6.—With low prices prevailing in practically all farm commodities, Hale county farmers are finding a notable exception in alfalfa hay this year, there being the best demand and the best price in years.

to supply the demand made of his company for alfalfa, and is looking now for a carload at seventeen dollars in the field. He says Hale county will produce about 4000 tons this year, the crop being valued at \$70,000.

POLITICAL LEADER DIES

CHARLESTON, W. Va., Aug. 6. (AP)—Charles W. Osenton, 63, former Democratic national committee man from West Virginia and a prominent Democratic leader in the state for many years, died today at his home at Kanawha Falls, from injuries he received in a fall from a cliff yesterday.

EVE, EVENING . . . and Proper Chiffons!

When evening festivities are so enchanting, and Proper Chiffons so exquisite, can you blame any modern Eve for combining the two for her own most alluring effects?

FLASHES OF LIFE

As Brought Over Associated Press Wires Today

Built For Three

NEW YORK — An airplane for three has been purchased by Colonel Charles A. Lindbergh as a gift for his wife. Although no plans have been announced, it was considered probable the first trip would be to the summer home of her parents at North Haven, Me., with Charles A. Lindbergh, Jr., as a passenger.

Oldest of Group

WASHINGTON — The oldest retired army officer, the oldest on record, is Major John V. Landradale of Brooklyn, 97 years, 6 months, 10 days.

Not Enough

LONDON — Norfolk House, home of the Duke of Norfolk in St. James square and birthplace of George III is for sale, but \$12,250,000 is not enough to buy it. Such a bid was made at auction. Then it was announced that private offers were higher and the auction was cancelled. The house is 300 years old.

Has Diversion

PLYMOUTH, Vt.—Back to his farm home homestead for a brief visit, Calvin Coolidge has been provided with a diversion. A miniature wind mill built in the days before he became president and which he used to like to watch spin has been unearched from the cellar by Mrs. Coolidge and once again the former president sits on the piazza admiring his handiwork.

Returns Pennies

MAYS LANDING, N. J.—In his quarter of a century as owner of a candy store, John Underhill, negro, amassed \$198,000 from pennies spent by school children for candy. In his will he directed that the money be turned back to the children in the form of equipment to the high school gymnasium and improvements to the town park.

Plan Bouncing Trip

NEW YORK—It will be the bouncing main if the plan of two Brooklyn mechanics succeeds. Eleven rubber companies have been invited to construct free of charge a huge rubber ball in which Carl Herzog and Fritz Giel would bounce over the Atlantic to Europe. They conceived the idea from a toy ballroom at the beach.

Quite A Talker

WASHINGTON—Paul G. Palear, of New York, talked himself out of a sentence on a charge of riding a bicycle while drunk. He used seven languages, but the magistrate later admitted that the plea in English was the one he understood.

Reveals Secret

NEW YORK — The nation's healthiest girl avoids alcohol, tobacco and rouge and eats meat but once a week. Miss Florence Sacco of Easton, Fla., 18, who won the title at the last congress of 4-H clubs in Chicago, is visiting here. She revealed her S. O. S. (secret of success) as sur, oranges and sunshine. She likes citrus fruits swimming and tea.

Needs Substitute

LONDON — Viscount D'Aberville believes a vast fortune and the gratitude of humanity await the discoverer of a good substitute for alcohol as a beverage. He told the royal commission on licensing that the world greatly needs it.

Must Be Regular

"The Ohio senator's sole idea of statesmanship," Garner added, to be regular, and his definition of regularity is to applaud whatever Republican administration happens to be in. In all its dips, spurts, angles, no matter how vacillating that course may be."

Texan Says Ohioan Is Regular With Any Party

WASHINGTON, Aug. 7.—Representative Garner of Texas, Democratic leader, said in a statement today through the Democratic national committee that Senator Fess, Republican, Ohio, "during the whole tariff business had only the vaguest idea what it was all about."

GARNER SAYS FESS ISN'T INFORMED

WASHINGTON, Aug. 7.—Representative Garner of Texas, Democratic leader, said in a statement today through the Democratic national committee that Senator Fess, Republican, Ohio, "during the whole tariff business had only the vaguest idea what it was all about."

Commenting on a recent statement by Fess which defended the tariff bill, Garner said the Ohioan "was prepared to be equally enthusiastic for the coalition tariff reductions if, as the president's press agents suggested at the time, the White House really wanted the limited tariff revision it had asked for."

When the votes are counted," Texan continued, "and the result appear in the Republican deflections in both house and senate people will not blame him for having done it. The only manifestation that is to be expected is a lift of the eyebrows and the slogan that Republican defeat will merely 'poor old Fess.'"

Tests of more than 700 school children at Columbia University have shown that a stutterer is intellectual equal of a normal child, that his vocabulary is good and usually that he is physically superior.
