Saturday Election To Decide Two Trustees

James, Campbell, Adams Elected To City Aldermen Posts Tuesday

Major T. James, Jr., led a group of four candidates Tuesday as Olton voters named three councilmen from a field of four.

A light vote turned out in an election in which there were few if any issues.

Named to the council, other than Mr. James, were T. M. Campbell and A. D. Adams, both incumbents. Mr. James was elected to the seat being left vacant by J. C. Hamby whose term expires this year. Mr. Hamby did not seek re-election.

Mr. James polled 75 votes; Mr. Adams, 68; Mr. Campbell, 43; and Joe Chester, 37.

Six write-in votes went to Frank Cornelius; two to Mr. Hamby; two to Basil Sherman; and one to J. G. Cole. City officials said a total of 84 votes were cast.

Alice Ross Bryant 2nd In Spelling Bee

Alice Ross Bryant, Olton eighth grader, finished second in the Lamb County spelling bee which was held at Littlefield Thursday.

A total of 1,375 words were spelled before Alice Ross lost out to Weldon Findley, Littlefield eighth grader, the defending champion.

Also participating in the contest from Olton was Sandra Cox. The girls were coached by Mrs. John Campbell. They were named champion spellers of seventh and eighth grades here in a contest held earlier.

Alice Ross will go to the regional spelling bee in Lubbock April 12 as an alternate.

Words for the county spelling bee were pronounced by County Judge Pat Boone, Jr. Each of the five schools in the county had two spellers in the contest.

Big Easter Egg Hunt Is Sunday

If Old Man Weather cooperates, an afternoon of fun is planned for area youngsters Easter at Olton Recreation Center.

An Easter egg hunt—the first of what may become an annual event—is scheduled. Some 2,000 eggs will be hidden and the hunt will get underway at 2:30.

Basil Sherman, who is in charge of the event for ORC, said this week the youngsters will be divided into three groups. One group will consist of children two to six years old, another from seven to 10 and the third will be from 11 up.

From a field of five candidates, two men will be elected Saturday to serve three-year terms on the board of trustees of Olton Independent School District.

The election will be in the school cafeteria. Votes may be cast from 8 AM until 7 PM.

The terms of L. H. Neinast and V. Y. Jefferies are expiring. Both are seeking re-election. Other candidates are Lloyd Graham, Tom Carlisle and Dr. James E. Fite.

The two top vote-getters will be named to the posts.

Saturday's election officials will be Witt Laceywell, judge; and J. Faye Moore and Era Mae Walthall, clerks.

For each of the candidates, petitions bearing the names of five or more qualified voters were presented to school officials. Names were placed on the ballot by this method. Deadline for filing was March 5, 30 days prior to the election.

Possibly the most important business to be attended to during the forthcoming terms will be the proposed half million dollar building program.

It's possible that recent interest in the building program will increase the number of voters in Saturday's election. Supt. Noel Johnson said from 40 to 750 votes had been cast in trustee elections during the past 10 years.

Other members of the board are Laus Hair, president; Doyle Pinson, Gilbert Roberson, Owen Jones and G. T. Sides.

School Board Decides Against Spring Voting

A bond election, which will be the cornerstone to expanding Olton School facilities, will be called sometime after September 1. School board members made this decision in a lengthy—8:00 PM to 3:30 AM—regular meeting Tuesday night.

After a long consideration on whether to call the election prior to the first of June or after the first of September, the board of trustees made the decision by secret ballot. The vote favored the latter date, 5-2. However, a formal motion was made and passed for the board to go on record as favoring the September date unanimously.

When and if bonds are voted, they will provide funds for constructing some 14 additional classrooms on the south end of the present grade school building, expanding the cafeteria, and building a new gym.

It is estimated the election will be for some \$600,000 in bonds.

As the discussion on the bond election began, Supt. Noel Johnson explained that planning on the building program began last October and "we've gone as far as we can go until the bond money is in sight."

A big development in the planning, Johnson said, was the determining of what kind of buildings were to be built and where. This was decided at the March meeting of the board, though it was discussed several other times. Four building plans were considered.

Mr. Johnson went on to explain that school bonds aren't voted in the summer because it's possible they may be eligible to be purchased by the state. The state board doesn't meet during the summer.

James Atcheson and Atmar Atkinson, Lubbock architects who are handling the building plans, met with the group early in the meeting. Mr. Atkinson showed drawings and floor plans of the proposed buildings, explained them, and made cost estimates.

The proposed gym features clear floor space approximately 75 by 100 feet, dressings rooms

for boys and girls teams, two coaches' offices, and a seating capacity of 1500—750 permanent seats and 750 of the folding type.

Estimated cost of the gym was \$194,000 for the best quality materials and \$172,000 for a lower quality.

Cafeteria plans which seemed to be liked better by the board call for an expansion of the present lunchroom building. A folding partition will be used to divide the building and it's possible the setup could feed 1500 students a day.

Best quality construction for the cafeteria expansion was estimated at \$94,500 and a lower quality at \$75,600.

Cost of the additional classrooms was estimated at \$283,500 for the best quality materials and the lower quality estimate was \$256,000.

The best quality total was \$582,000, with the lower quality being \$504,000.

If the bond election carries this fall, the board estimates the buildings will be ready for use by September of 1960. It would have been feasible, the architect said, for the buildings to be in use by September, 1959 had the election been called this spring.

Athletic Director Joe Turner met with the board to discuss the athletic fund.

Mr. Johnson brought out that the school tax fund had never been used to subsidize the athletic fund during the six years Coach Turner has been here. Also, that the athletic fund decreased its indebtedness by \$1,000 this year.

However, Johnson said, the time was coming when the athletic fund would have to be subsidized. How much subsidy will be needed will be made known

at a future board meeting. Also, Johnson said Olton's sports fund was "in better shape" than most schools'.

The entire school budget was discussed. Figures were presented to the trustees showing it is being handled as originally planned.

Three sealed bids on a 1955 Ford pickup were opened. Eldon Franks had the high bid—\$401.95. The pickup had been advertised for sale. It was used by the school's agriculture department and will be replaced next year.

A discussion was conducted concerning requiring all children entering school to have been vaccinated against polio. The board decided not to make the inoculation a requirement, but it did vote to recommend that students have the shots.

In other business, contracts of school personnel were renewed for the coming year, Mr. Johnson said.

115 Eat With Lions Friday

Olton Lions had 115 people to supper Friday night.

The occasion was a pancake meal in the school cafeteria prior to the queen contest.

In addition to pancakes, the menu consisted of bacon and sausage, butter, syrup, milk and coffee.

The club cleared \$50 in the project.

Cloverlake Dairy Products of Plainview donated the milk. Pinkney Packing Co., Amarillo, gave the bacon and Quaker Oats Co. furnished Aunt Jemima pancake mix.

George Redinger was chairman of the cooking committee.

School Bus And Car Collide; Five Youngsters Are Slightly Injured

Lady Luck frowned, then quickly smiled, Friday morning. An Olton school bus, bringing some 25 students to school, and a car collided. There were no serious injuries.

Five youngsters were, however, slightly hurt. The accident occurred three miles east and a mile north of town. The bus, driven by F. L. Burrow, was going west and the car, driven by Salvador Fiscal Vasquez, was going south when the collision happened at an intersection.

The injured children were taken to the clinic of Dr. B. J.

Souders for treatment. They were Ilona Tanner, 12, daughter of Mr. and Mrs. C. D. Tanner, slight cut on leg; Janie Lopez, 10, daughter of Mr. and Mrs. Augustine Lopez, lacerations and bruises in mouth; Mary Reyna, 11, daughter of Mr. and Mrs. Pablo Reyna.

bruised finger; Margaret Cruz, 10, daughter of Mr. and Mrs. Florentine Cruz, broken nose; and Ricky Skelton, 10, son of Mr. and Mrs. P. R. Skelton, bump on head.

The impact of the vehicles was the center of an intersection. Investigating officers believed that

neither driver saw the other vehicle.

Investigating were Sgt. F. E. Webster, highway patrolman of Littlefield; Thurman Keefer, highway patrolman of Plainview; and V. L. "Smitty" Smith, deputy sheriff here.

Cold, wet weather had caus-

ed the windows of both vehicles to be "fogged over," the officers said. This condition hindered the vision of both drivers.

"No great amount of speed was involved," Sgt. Webster said.

The car, a 1952 Chevrolet, was considered a total loss.

An estimated \$300 damage was done to the bus. The front of the car struck the bus on the right side just a few feet to the rear of the right front fender.

Time of the wreck was about 8:20.

Sgt. Webster said the reason

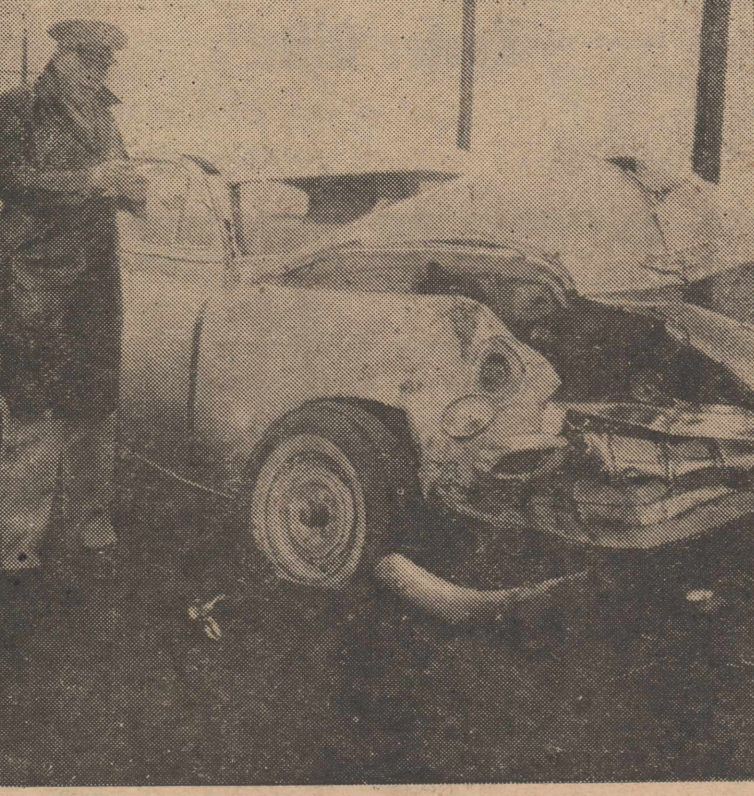

he believed neither driver saw the other vehicle was because there were no signs that brakes had been applied by either.

Deputy Smith said it could have been "a serious wreck" if the car had struck the bus farther toward the rear.

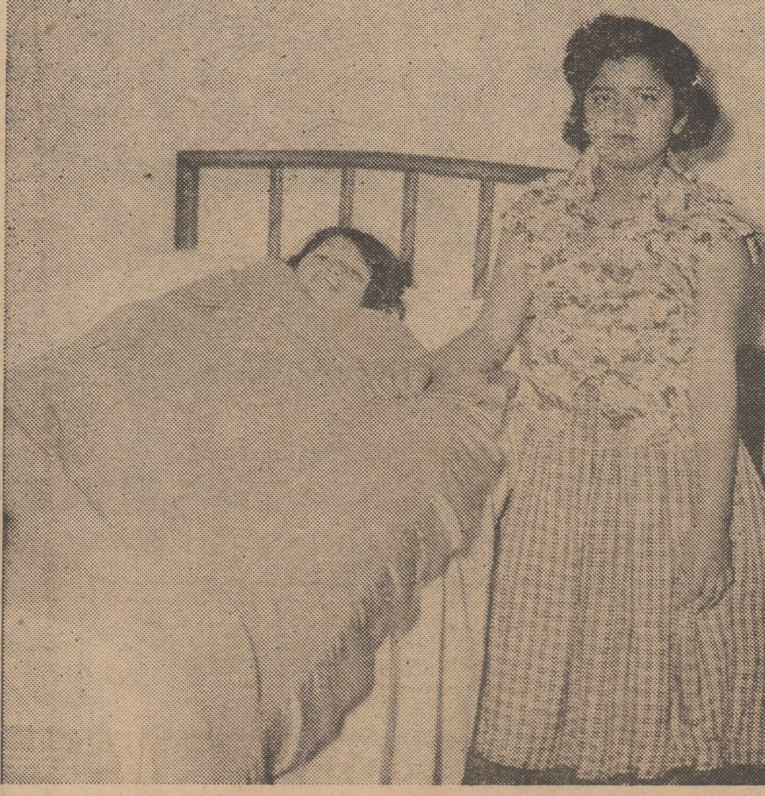

Another school bus was sent to bring the children to school.

THE BUS—An estimated \$300 damage was done to the school bus, which was going west at the time of the collision. Broken glass from the door slashed the leg of one of the passengers. (STAFF PHOTO)

THE CAR—Thurman Keefer, highway patrolman from Plainview, was one of the investigating officers. He's shown here with the car which was considered a total loss. It was driven by Salvador Fiscal Vasquez. (STAFF PHOTO)

SLIGHTLY HURT—Janie Lopez, 10, who suffered lacerations and bruises in her mouth, is shown in a Souders Clinic bed following the wreck. She is being comforted by Mary Reyna, 11, who had a bruised finger. (STAFF PHOTO)

ALSO HURT—Ricky Skelton, 10, came out of the wreck with a bump on his head. However, x-rays showed it was not serious. Margaret Cruz, 10, suffered a broken nose. (STAFF PHOTO)

Pup Prefers Plush Pleasures Of Poppy-Seed And Piano-Playing

BY KORKYE MARTIN

MUSICAL DOG?

The Sonny Millers have a one-ring circus around their house in one, Roxy, their two-year-old black and white dog. Though Ginger (Mrs. Miller) says Roxy is "just a dog," more accurately, Roxy is "quite a dog." With good reason, she holds the blue ribbon presented in the trick division of the dog show here last year, for she's chalked up a long list of "trick" achievements to her credit.

— SPECIAL —

Missie, the Howard Halls' screwtail Bulldog whose story appeared in this series last week, gave birth Monday night to six puppies.

One of the litter did not live; but Mrs. Hall said Tuesday that the others and the mother were doing fine. She (Mrs. Hall), however, was pooped!

Her newest trick is playing the piano. Judy, nine-year-old fourth-grader and piano student, says:

"I came home from school one day and just thought I'd teach Roxy to play piano, too. She wouldn't do it at first, but I kept on with her until she would. That was about a month ago."

And now, at a gentle command from any of her masters, Roxy will leap onto the piano bench and do a bit of playing with her front paws.

But that's only the newest trick of this part-cooker, part-terrier. Other stunts at which Roxy is adept are playing dead dog, shaking hands (right or left), climbing steps of stool and perching high on top.

At the suggestion, "Roxy, be a lady," Roxy will crawl into Judy's little rocking chair, turn around and sit down for a spell.

Roxy is the "biggest beggar you ever saw." She will sit in front of Judy while the latter is eating a snack, and actually "look her out of" a bite of her goodies.

She seems to adore playing hide and seek with Judy. Judy explains:

"I send her in another room

while I hide. Then I call her and she comes looking for me. She nearly always finds me right away."

There's just one disadvantage to this alertness of Roxy's, and that is, that when Judy is playing hide and seek with other children or her daddy, Roxy invariably gives her away.

It's only natural, then, that such a talented dog should be spoiled. Even to the point of being fond of lettuce enhanced with poppyseed dressing. Though she eats anything (except dog food, at which she turns up her nose), this is Roxy's favorite palatable-tempter.

Unfortunately for Roxy, she is not taken on trips with the Millers, because she becomes car-sick after traveling for a while. So the three usually leave her chained up in the back yard, to the care of neighbors and Mrs. Miller's mother.

Mrs. Miller recalls that on one occasion, they were away for two weeks, and when they returned, the neighbors reported Roxy seemed ill and hadn't eaten for a couple of days.

"But 30 minutes after we got back," Ginger smiles, "Roxy was feeling fine. She was just lonesome for us!"

Roxy kept the Millers company in the storm cellar during bad weather last year. She was the first one into the cellar, they say.

The Millers got Roxy when she was just a baby. Judy says she named her Roxy "after the show down here. I like to go to the show." She stays indoors most of the time. Her bed is a group of pillows on the floor in Judy's room.

Roxy is extremely protective and jealous of Judy. She will come to her rescue at the slightest hint of someone's offending Judy.

The Millers had a parakeet (who, incidentally, could talk) when Roxy first came to live with them, but they had to dispose of the bird because of Roxy's jealousy.

The dog lives up to her species by liking other dogs, hating cats. "The only time I can't make her mind," Ginger chides, "is when she's after a cat."

New Mustang Band Drum Major Will Be Announced Next Week

The 1958-59 drum major of Olton High School Band will be named some time this week. Announcement of the selection will be made in next week's issue of The Enterprise, Fred Stockdale, band director has announced.

Candidates for the position are Harvie Jordan, Elza Miller, Joyce Gray, Sue Witten, Charla Granbery, Sharon Dennis and Mary Roper.

Tryouts are being conducted this week for the position. The selection will be made by Mr. Stockdale.

Candidates are judged on their ability to maneuver the band on parade, give voice commands, and to command discipline of band members, the director said.

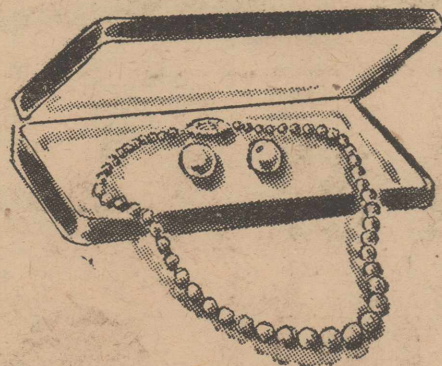

In marching exercises this week, the candidates are being given an opportunity to demonstrate their skills in these requirements.

Majorities will be selected at a later date, Mr. Stockdale said.

Improved Cotton and Sorghum Yields With Phillips 66 Ammonia

Martin Schur, Plainview, Tex., says: "I farm 420 acres, and last year I ran 30,000 pounds of Phillips 66 Agricultural Ammonia through my rig. That shows how I depend on this fertilizer to give me high yields of cotton and maize. I put all my Phillips 66 ammonia down pre-plant, in order to get the job out of the way before the busy spring season."

Other Southwestern farmers have discovered that 82% nitrogen from top quality Phillips 66 Agricultural Ammonia helps them get more profit per acre through higher yields. They get more cotton that classes higher at the gin ... yields of sorghum grain and ensilage are increased ... more marketable vegetables are harvested ... and profits on wheat are increased through higher yields of grain and extended grazing periods.

Phillips 66 Agricultural Ammonia contains 82% nitrogen and gives you more nitrogen per dollar than any other form of commercial fertilizer available.

The program begins with a supper at 7 PM. Dr. Ivyloy Bishop will deliver the message.

New Members Join Baptist Mission

The Trinity Baptist Mission baptized 12 new members Wednesday evening after prayer service.

Prayer service was conducted at the mission. The baptismal service was in the First Baptist Church.

Rev. Glen Godsey is pastor of the mission.

OUR APOLOGY! Yes, we apologize to Mrs. Walter Schreier. Her name was not included in the cutlines last week under the picture of Olton Garden Club officers. She is vice president of that group.

SUNRISE EASTER PAGEANT TO BE IN SANDHILLS SUNDAY MORNING

The sandhills will be the scene of an Easter pageant Sunday at 5:45 AM. Intermediates from the First Baptist Church will enact the nailing of Christ to the cross and His resurrection.

Scene for the sunrise service will be the Merrill Brigrance ranch. Boys from the young people's department will direct cars to the pageant scene.

Mrs. Jean Craft will provide special solo music and Harold Carson will provide background music. Jerry Meyer will play coronet solos, and a sextet of girls from the church will sing.

Costumes will be worn by the characters and J. W. Brown has constructed props for the setting. Mrs. C. S. Silcott will read the scripture and the pageant, "Christ Before Pilot" will be enacted.

The processional will be held with crosses up to Calvary and the nailing of Jesus Christ to the cross. Resurrection of Christ from the tomb will end the 45 minute pageant.

Miller Is Christ

Elza Miller will be Christ; Eddie Loveless, Peter; Kenneth Prestridge, Simon of Cyrena; Barry Prestridge, Pilot; Larry Don Poage, John, the Beloved; Lavon Ester, Mary, the mother of Jesus; Joanna Lewis, Mary Magdalene; Becky Bearden, Mary, the mother of Clophes; and Judy Pinson and Judy Laceywell, angels at the tomb. Other will also have parts.

A place will be provided for guests to sit and the public is cordially invited to the sunrise pageant.

Mrs. Carson Talks To Seventh Grade

Mrs. Raymon Carson spoke to the seventh grade Tuesday on her trip to Europe.

Mrs. Carson showed slides of her trip to New York, England, France, Germany and Holland. "The seventh grade would like to express their thanks to Mrs. Carson for her interesting talk," Iona Tanner, seventh grade reporter, expressed.

Following the service, older intermediates will cook breakfast on the Brigrance ranch for the younger intermediates.

Mrs. Brigrance Talks On 'Texas Legends'

Mrs. A. C. Brigrance spoke on "Texas Legends" at a meeting of 1956 Bykota Study Club recently at the Robert Fisher residence.

Mrs. Brigrance, who said she has lived half of Texas' legends herself, told the club some very interesting legends that are living today. Mrs. Fred Stockdale gave facts about "Texas' Old Forts and Missions."

Mrs. Brown was elected vice president for the 1958-59 club year in the vacancy left by Mrs. Edd Lynn Burrus. Mrs. Fred Burgess gave an outline on the state convention and showed the award she received.

Mrs. J. Frank Daugherty was a special guest along with Mrs. Brigrance.

Present were Mesdames Travis Rector, Stockdale, Billy Smith, Brown, Andy Stroebel, Burgess, Charles Lewis, Gerald Allcorn, Doug Owen, Jerry Nichols, Carol J. May, and Briggs.

Stroebel Speaks To Club Tuesday

Andrew W. Stroebel, Olton attorney, spoke to the 1956 Bykota Study Club Tuesday night on "How To Make A Will." The club meeting was held in the Stroebel home.

Discussion was held concerning the club scholarship which will be given in May. The club voted to give the scholarship to a deserving senior girl each year.

Committees were selected to plan a Bridge and Forty-Two tournament to be sponsored by the club.

President Mrs. Gerald Allcorn appointed committee chairmen for refreshments and entertainment for the Golden Agers club in May. Mrs. Jerry Anderson, refreshment chairman, and Mrs. Freddie Burgess, entertainment chairman, were selected.

Mrs. Norma Jean Willis served refreshments to Mesdames Jim Brown, Freddie Burgess, Jimmy Briggs, Stroebel, Dan Quigley, Jerry Anderson, Fred Stockdale, Travis Rector, Jack Coleman, Gerald Allcorn, R. V. Allcorn and Edd Lynn Burrus.

Leaders From 12 Area Towns Organize Disaster Aid Group

In an effort to work out a plan whereby communities could help each other at a time of disaster, leaders of 12 area towns met Monday night in Olton's fire hall.

Tom Smith, chief of the volunteer fire department here, was named head of the organization. County Judge Pat Boone, Jr., who was present, volunteered the services of his office in the court house at Littlefield to handle correspondence for the group.

A leader for each of the communities was appointed by Chief Smith. First action of the community leaders will be to compile a list of the emergency equipment in their towns. These lists will be mailed to Judge Boone who will send a copy to each of the other leaders.

Also, the leader appointed Monday night will be the man in each town to be called in case there is a disaster in his town or in case another leader wants help from that town.

Invitation letters of the meeting were sent to mayors, fire departments, county judges,

civil defense workers, sheriffs' departments, and highway patrolmen in the area.

Chief Smith gave at least one man from each of the represented towns an opportunity to express his ideas on the formation of such an organization. Judge Boone, who is also head of Lamb County Civil Defense, said he was glad to see that cooperation was underway. A representative from Plainview pledged the use of that town's facilities at a time of disaster in the area.

Mr. Smith, speaking from experience since he helped following last year's tornado here, told the group, "It's best to keep the traffic moving." He carried that point a step further by saying

it's better if spectators are not even allowed to stop and make pictures.

Some of the men who had helped following the disaster here were in the crowd. Chief Smith expressed appreciation to them and pledged Olton's willingness to repay the favor should the occasion arise.

Sgt. Calvin Doyle, Ground Observer Corps leader from Hereford, offered suggestions on how to set up a mutual aid program.

Quoting "forecasters" as predicting tornadoes are going to be worse this year than last, Mr. Smith said such an organization "might save some lives."

Dr. Lynn Fite, Olton city alderman, advised the group to set up traffic control systems in their individual towns so rescue work could be carried out.

"If you don't have some traffic control, more people will get hurt in cars following the storm than the tornado injures itself," the alderman said.

Near the end of the meeting, Hale Center representatives invited the group to meet again "in 30 days" in Hale Center.

New Den Formed For Cub Scouts

A new den of Cub Scouts was formed in Olton Friday night. The organizational meeting was in the Cub Scout House. Cubmaster Dub Hall presided.

Seven boys are members of the den. They are Dennis Dodd, Stephen Fitts, Alan Dale Gabehart, Coy Riggin, G. A. Grimes, Bobby Turner and Steve Spain.

As yet, no mother has been named for the group. Ladies interested in working with the scouts should contact Mr. Hall.

At the monthly pack meeting, which was in Methodist Church basement Monday night, badges were awarded to deserving scouts.

Mike Williams and Lonnie Venable received Wolf badges; Keith Kainer, a Silver Arrow Point; Johnny Meyer, Bear and Lion badges; Billy Roy Smith, one Gold Arrow Point and two Silver Arrow Points; Richard Hall, one Gold Arrow and two Silver Arrow Points.

Three boys, Smith, Meyer and Mike Fite, were graduated from the Cub Scouts to Boy Scouts. Fite also was awarded two and three year pins.

A new den for Cubs 10½ to 11 years old will be formed Monday night in the Scout House. The meeting will begin at 7:30. Bobby Fisher and Butch Dellis will be in charge.

All interested in the research foundation are invited to attend, Mr. Hardy said.

Progress Report From Halfway Set April 14

A progress report of Texas Research Foundation, Halfway station, will be made in Olton Monday night, April 14.

The meeting will be at the high school and will begin at 7:30. Louie Mack Hardy announced.

Dr. T. L. Longnecker of the station will be the main speaker. Also, a film will be shown.

Lions Select Bodkin, Hamm As Delegates To 1958 Boys State

Royce Bodkin and David Hamm, Olton High juniors, will represent Olton at 1958 Boys State.

Lions Club members made the selections from a field of five at their regular meeting Tuesday noon in the Legion Hut.

Boys who were interested in attending Boys State each made brief talks to the club telling why they would like to attend.

Candidates, other than the winners, were Sonny Bryant, Jimmy Robbins, and Charles Giles. Bryant was named alternate.

The boys were selected by a

secret vote of Lions Club members.

One of the boys will be sponsored by the Lions and the other by the American Legion Post. However, the Lions made both selections.

Bill Kelley, club treasurer, reported \$50 was made on the pancake supper which preceded Friday night's queen contest. He said the financial report on the queen's contest had not been completed.

Rev. Robert Emsley, who is currently holding revival services at the Church of the Nazarene, will be the speaker at the next Lions' meeting—Tuesday noon.

Doniece Silcott Is Lions Club Queen

A bevy of Olton High beauties paraded twice before judges and a weather-shortened crowd Friday night in the school auditorium before Doniece Silcott was named 1958 Olton Lions Club Queen.

Miss Silcott, daughter of Mr. and Mrs. C. S. Silcott, will represent Olton Lions Club in the District 2-T1 beauty contest which will be in Dalhart April 25-26. Her sponsors were Consumers Butane and Beauty Mart.

Runner-up honors went to Torchie Cure, second, and Latrell Stewart, third.

Miss Cure is the daughter of Mr. and Mrs. W. A. Cure and was sponsored by Bryant Implement and G. H. Bley Phillips 66. The daughter of Mr. and Mrs. Bert Stewart, Latrell was sponsored by Flower & What-Not Shop and Sherman Food.

For the colorful and impressive program, the auditorium stage was decorated as a spring garden scene and featured red roses.

Mrs. Troy Martin was narrator. Harold Carson played soft organ music during the program.

At the beginning of the show, Lions President Laus Hair explained the contest. At the close, he presented the runners-up with gifts. Miss Martha Hyman, 1957 winner, gave Miss Silcott a bouquet of red roses.

Mr. Hair also introduced the three out-of-town judges and presented them and Mrs. Martin with gifts. Judges were Neal Williams, deputy district governor, Plainview; Tut Tawwater,

Elmer McGill, and Mrs. Charles Loveless.

Other contestants, their parents and sponsors were: Kay Sherman, Mr. and Mrs. Basil Sherman, Shamrock Oil and Smith Gin;

A NEWSPAPER WAS A RARITY IN MANY AMERICAN COMMUNITIES!

Then—a newspaper was a thing to be marveled at—for memories of the Press' fight for freedom were fresh in mind. Although newspapers are common in our country today, their existence should not be taken for granted. It is a wonderful fact that almost all of our modern communities have their own hometown newspapers, freely edited by members of their own communities—spreading the news, stimulating the business of the community, and keeping their readers informed of important events elsewhere. It is well to keep in mind that a free press and a free people are an unbeatable team.

Mustangs In District 2-AA Meeting Friday At Canyon

Participating in Amarillo Relay last weekend, Coach Jeff Smart's Mustang tracksters had entries in the finals of three events.

Royce Bodkin qualified for the 440-yard dash and L. H. McAdams qualified for a lane in the finals. Bodkin had the second fastest time in the 440 event; he ran a 53.9 in the preliminaries. McAdams had a time of 10.9 in the finals of the 100-yard dash.

The mile relay team, composed of Bodkin, McAdams, David Hamm and Jimmy Robbins, ran its race in 3:45. However, none of the efforts of the Olton trackmen earned placings.

The most important meet of the season for the local team will be unrehearsed Friday. It will be the District 2-AA contests and will be held in Canyon on the track and field facilities of West Texas State College.

Olton ranks will be thin and Coach Smart is pinning his hopes on the mile relay team—it will

be made up of the same boys who ran on it at the Amarillo meet. These boys will also run the sprint relay.

James Ray Hyatt will enter high and low hurdles and the pole vault event. McAdams will run in the 100-yard and 220-yard dashes. Robbins will run the 220. Bodkin will be Olton's entry in the 440-yard dash and Hamm will broad jump and high jump.

Boys who place in the top three spots of district events will be eligible to participate in the regional meet. It will be in Lubbock April 19. Winners there will qualify for the state meet.

In the freshman division of the district meet, Olton will have Robert Priest and Kenneth Hooper tossing the shot put and discus. Also, Randee Buchenau, Coy Carlisle and Fred Riney will run the dashes.

Barry Prestridge, with a time of 11 seconds in the 100-yard dash, led Olton's seventh grade team in a Golden Spread Conference track meet at Plainview Saturday.

Prestridge also had the winning time in the 75-yard dash. Coached by Ernest Sturch, the seventh graders had a total of 17 points. Ralph Hamm was second in the chinning contest and the sprint relay team, composed of Prestridge, Raymond Hernandez, James Loveless and Jerry Peterson, finished fourth.

Other seventh grade entrants were Leo Hyman, 50-yard dash; Prestridge, Hernandez, and Peterson in the broad and high jump; and Charlie Burrus and George Dial in shot put.

Coach Travis Rector's eighth grade team was also entered in the Golden Spread meet.

Entrants for that group were Gary DeBerry, 75 and 100-yard dashes; Robert Duncan, 50 and 100-yard dashes; Jimmy Jones, 50 and 100-yard dashes; GERALD

Duncan, 50-yard dash, chinning, and high jump; Johnny Conder, discus; Jimmy Lawson, 75 and 100-yard dashes; Garland Mason, shot put; and Johnny Schenck, discus and broad jump.

District meet for the seventh and eighth grade teams will be in Canyon April 11.

NOTICIAS

Como a las dos de la tarde, el viernes pasado, muchas personas de este pueblo oyeron los anuncios del mal tiempo o sea de posibilidades de tornados en estas partes. Muchas y fueron a los soterranos mientras otros quedaron viendo las nubes negras y cargadas, que pasaron rapidamente arriba de Olton. En la vecindad de Gomez y New Home, se bajaron dos tornados, pero nadie perdio la vida ni fueron lastimados.

Con respecto a los tornados, hubo una junta especial de los Bomberos el lunes en la noche aqui en Olton. Discutieron metodos de avisar a la gente cuando estan amanazando los tornados, para que acuden a sus soterranos con prontitud para proteger sus vidas. Seran anunciados mas in-

formaciones de este programa en el porvenir para que todos oigan la sirenas de las trocas con tiempo.

Recientemente, la Sra. Maria Seawright recibio noticia de su hno. Roberto Rodriguez que esta en Galveston, y nos informa de que su condicion sigue mejor. Esperamos que el puede volver a Olton muy pronto.

No olviden todos los ninos. El domingo dia 6 por la tarde a las 2:30, habra una Busqueda de Huevos, en el Centro de Recreo de Olton situado a dos millas al sur de Olton, a la mano derecha, al llegar a las lineas altas de la electricidad. Se regalara unos premios por ciertos huevos de colores hallados. El Sr. Basil Sherman esta haciendo los planes para eso. Todos los ninos son invitados.

El Sr. Pedro Tenorio de Hart, estuvo aqui en Olton el sabado pasado tratando de unos negocios. Nos sentimos contentos con las visitas de nuestros amigos del pueblo al norte del nuestro.

Houston Hamby has a car now. He is just one of the many seniors to join the 'car owners brigade' this year. Houston's car is a turquoise and white '56 Chevrolet. I haven't found out yet who is occupying the honored seat. Wonder who it could be?

Hayden Hankins and Koenia Schenck were together both Friday and Saturday nights. Can old flames be stirred into something again, kids?

Here I go with something that is late again, but, Torchie Cure, Beverly Roberson and Gloria Finney deserve a big round of applause for their beautifying job on the library. These three girls painted for three days and two nights (until 10 o'clock) just to make it look a little prettier. The library is now a lovely shade of

It is nearly student council election time again! I surely

hope that it will as much fun as it was last year. You'll be hearing more about this soon.

A few of the couples who were together Saturday night at the show here in Olton were Jackie Pinson, Mary Scribner; Winfred Hair, Rhonda Robertson; Billy Hair, Donna Whittington; Harlan Carson, Sue Witten; Ronnie Dennis, Janet Oak; Harvey Garrison, Joyce Curtis; Bill Boverie, Johnny Crawford; T. J. Smith and Joyce Gray.

Donna Whittington was with Lonnie Miller Friday night.

There were several college kids home this weekend, but undoubtedly there will be more home this week for the Easter holidays. Among those here this weekend were Yvonne Pinkerton and Devin McAnally. Yvonne had a friend with her. Yvonne will be here until next week.

Several '57 OHS grads are working here in Olton now. Both Sue Price and Betty Bryant are working at Olton Beauty Salon since graduating from beauty schools.

Olton's newest disease is marriagitis. Hope it isn't contagious! Seriously though, congratulations to all of the new-married couples here in Olton. Latest to become "hitched" were Royce McFadden and Barbara Jones. Earlier victims of marriagitis were Jimmy Mann and Joy Doggett; and Sammie Wheeler and Dona Malone.

Couples from Hart who were in Olton Saturday night were Dee Clark, Wyona Myrick; Jerry Kittrell, Edna Jean Davis; Jimmy Sharp, Scarlet Beeson; Gene Varner, Janice Sharp; Ralph Myrick, Virginia Rice; J. D. Myrick, Freddie Sue Popejoy; Ray Clark and Janice Bass. (My thanks to Janice Bass for this info.)

MY! It must be fun to be a housewife nowadays . . . television has showed me how easy housecleaning is.

There's waxes now that the children can scrape, scratch, abuse, track, spill things on—and, yet, just a "flick of the mop makes your floors shine like new."

And the new soaps are marvelous—stain, rub dirt and grease into your best clothes and the soaps will make them "clean clear through and deodorize, too!" (There's even machines on TV that test the cleanliness and brightness of the fabrics that shows there is no dirt left. It's amazing.)

Even dishwashing is a delight now. With some soaps, you never have to rub your dirtiest dishes—just soak them and the soap does the cleaning. If something sticks to them, "just a flick of your wash cloth gets it off."

You never have to worry about dirty sinks or tubs anymore now. There's special cleansers made especially for sinks and tubs that cleans them "just like a whiz," takes off the worst stains without rubbing.

Remember—deaths go down where laws of the road are obeyed.

And, I find myself feeling silly worrying about my little everyday troubles when I watch the soap operas on TV. Those poor folks have more troubles and problems than meet, most of us in a lifetime.

But I have another problem if I watch them—I worry about the poor characters in the soap op-

Dennis Shows Champion Lamb At Plainview Show

Ronnie Dennis, veteran Olton FFA showman, exhibited the grand champion medium wool lamb in the Plainview Livestock Show last week.

The lamb was sold to Ben F. Smith Grain Company, Olton, for \$1.80 per pound. Ronnie also won the sheep showmanship award.

Darryl Dennis placed two Southdown lambs to second and fifth places in their class. Houston Hamby had a ninth place Southdown, and John Paul Jones' entry in the Southdown class was placed 15th.

Also in the medium wool division, John Lynn Burrow had a fourth place winner; David Cole placed sixth and eighth, and Jimmy Cole had ninth and 10th place lambs.

In the steer division, Carl Nafz-

ger's Shorthorn, which was judged champion of the Lamb County show earlier in the season, placed sixth in the heavyweight drylot

pairs promptly change color.

What makes the sour cream I buy in the grocery a delicacy, and the cream that goes sour in my refrigerator something I don't even like to think about?

Why can I never find last year's Christmas ornaments until the day after Christmas?

Why is it that never, not once, do the coat hangers all face the same way when I try to hang up a few dresses?

Why do all guests prefer to use the underside of the big bath towel instead of the sweet little linen numbers provided just for them?

Why do brothers have longer, curlier eyelashes than sisters?

Why do weeds grow faster than flowers and why are they infinitely sturdier?

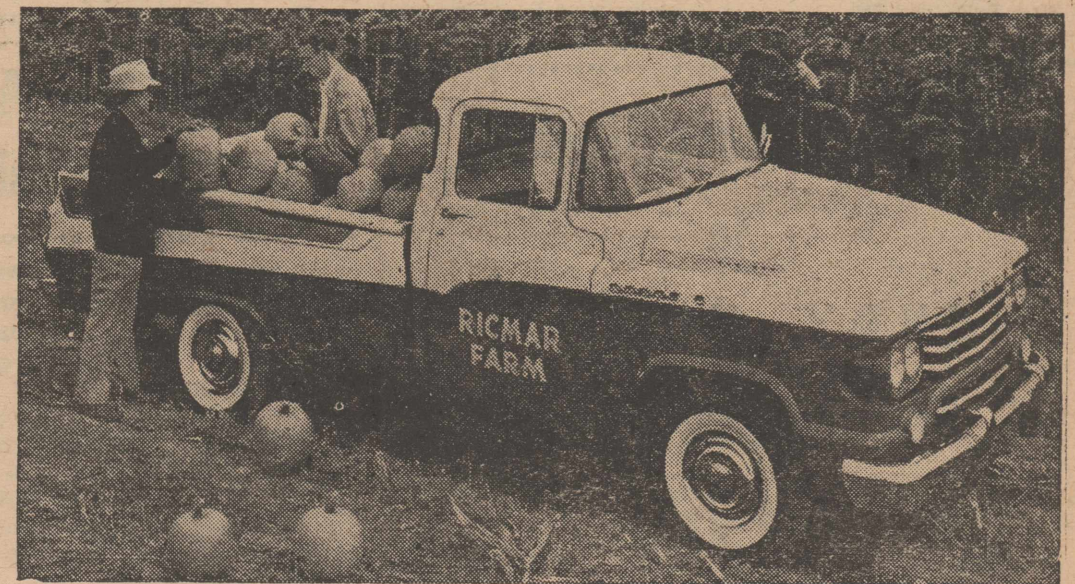

When I'm in a tearing hurry, why do the keys in my pocketbook sink like lead in a well, whereas otherwise they ride readily available atop my compact, change purse . . . Well, we won't go into my pocketbook. We haven't all day.

(Katherine Hillyer wrote the above some months ago in Red-book.)

**Supt. Johnson Meets
With Administrators**

South Plains school administrators studied new procedures in school budgeting, accounting and auditing at a meeting in O'Donnell last Wednesday.

Noel Johnson, superintendent of Olton Schools, attended. Melvin H. Olle, director of the division of school audits of Texas Education Agency, explained the new methods which will go into effect next year. The new procedures were setup by the state legislature in its last session.

Johnson said it would be "no problem" for Olton Schools to adjust to the new bookkeeping systems.

**Friday Fire At M. V. Dixon Farm
Destroys Wash House, Appliances**

Fire destroyed a wooden frame building and several electrical appliances, which were in it, on the M. V. Dixon farm five miles east of Olton Friday morning.

Olton Volunteer Fire Department answered the call to the blaze. The firemen were successful in keeping the flames from spreading to the house—only a few yards away—and other buildings.

Appliances ruined were a washer, dryer, deep freeze, and a water heater. They were not covered by insurance, Mrs. Dixon said.

Origin of the fire was unknown. Mrs. Dixon said she was washing dishes in the kitchen of her house when she saw smoke

and flames pouring from the building, which was used as a wash house and as a shelter for the appliances.

She said it was heated by natural gas. In size, the building was about eight feet by ten feet.

Olton firemen, led by Chief Tom Smith, fought the flames in cold weather that was made more uncomfortable by a rainy mist.

Stolen Springlake Safe Sighted: Stealthy Scamps Secure Stake

The safe which was stolen from Springlake Motor Supply and Service Station March 21 has been found, V. L. "Smitty" Smith, reported this week.

Smith said the safe was found by a hitchhiker on Highway 86, two miles east of Nazareth. The finder notified Castro County sheriff's department.

The metal box had been broken into. Money which it contained was gone, but automobile titles were unharmed.

When it was stolen, the safe contained 24 50-cent pieces, \$65 in bills and checks, \$5 in change, \$40 in pennies and nickels, \$30 in tickets, four car titles and two pickup titles.

Since the robbery, two suspects have been picked up and

questioned by authorities. However, both were released.

The March 21 break-in was the sixth in the Springlake-Earth area in the past 60 days, Smith said.

Thinclads Run At Amarillo Meet; Go To Hale Center This Week

Gene Varner, sprinter for Hart High's track team, finished fourth in the 100-yard dash event at Amarillo Relays last weekend.

He had a time of 10:1.5 and was one of eight Hart thinclads participating in the giant-sized meet. Others failed to place.

Besides Varner, entries from here included Lonnie Bradley, 440-yard dash, broad jump, mile relay, and spring relay; Johnny Hindman, 220-yard dash, mile relay and sprint relay; Connard Riddles, 100-yard dash and 220-yard dash; Edgar Byrd, broad jump, high jump, low hurdles, 880-yard run; Thomas Holster, shot put and discus.

This weekend, the team is entered in Hale Center Relays. Those listed above will probably compete in the same events. Coach Bill Shelby said.

Also going to Hale Center will be Darrell Dunham, 440-yard dash and high jump; Ronnie Farris, mile run; Daniel Irlbeck, mile run; and Bob Dunham, high jump and broad jump.

FHA Members Observe 'Week'

Future Homemakers of America, Hart chapter, observed national FHA week March 23-29.

Highlights of the week's activities were a tea for mothers of members in the homemaking cottage Sunday afternoon and a style show Tuesday afternoon.

At the tea, freshman girls were awarded their FHA pins. At the style show, girls modeled the suits and dresses which they had made as a part of their training. Also, senior girls modeled styles of the 1920's. Too, the new chemise was modeled.

About 50 persons attended the style show.

FHA members attended the Baptist Church as a group the first Sunday of the 'week.' Members attended a party at Mrs. Wescott's home Wednesday night and had a buffet luncheon in the homemaking cottage Thursday.

Friday, each girl wore red and white. On the final day—Saturday—members went to Plainview for lunch and a movie.

On April 19, sophomore girls will prepare and serve lunch for guests. This will be a part of the girls' training, Mrs. Wescott explained.

Jack Sharp Shows Steer At Plainview

Jack Sharp, FFA member and a junior student in Hart High, showed his Hereford steer to a 16th place in the heavyweight drylot class at the Plainview show last week.

The steer sold for 37 cents per pound. It was fed under the direction of Bob Moore, Hart FFA advisor.

Juniors Set Date For Play, May 2

Hart High juniors will present the annual junior class play in the school auditorium May 2. "Scared Stiff" is the title of the production.

Practice began Tuesday night and will continue two nights a week until the week before the play is to be presented. That week, practice will be each night.

The play is being directed by Bob Moore, junior class sponsor.

SENIORS SELLING SUBSCRIPTIONS

Members of Hart High School senior class are selling subscriptions to The Olton Enterprise.

The campaign began Tuesday and will last two weeks. Coach Bill Shelby, senior class sponsor, announced.

The Enterprise, containing a special section for people of the Hart area, "The Hart Beat," has been sent to some 400 Hart families for the past several weeks by Hart merchants.

Names of those who have been receiving the paper were divided equally among senior students. They will personally

Speaker Outlines Requirements For Good Chamber

Duncan Speaks To Light Turnout Thursday Night

"To build a community of better opportunities" is the reason a chamber of commerce should have a program. So said Ralph Duncan, representative of West Texas Chamber of Commerce, Abilene, who spoke at the first general membership of Olton CCA Thursday night in the school auditorium.

Speaking before a light turnout—28 people—the likeable, energetic Abilene man outlined four "basic, positive" requirements that are necessary to have a good chamber of commerce.

The requirements were program of work, money, leadership, and participation of members.

Don Williams, chamber president, presided at the meeting and introduced Mr. Duncan. He told the group that the organization now has 111 members. It is operating on a yearly budget of \$8,210. The original goal was

\$8,400.

The program of work which is planned for 1958 was announced at the meeting. It consisted of 16 parts:

- Research for new crops
- Create markets for farm products
- Standard street paving program
- Recreational facilities for migratory labor
- Dollar Day program
- Support Olton livestock show
- Study trade territory to buyers' needs

Rural directional markers
Improved transportation facilities

Extend support to needed public school facilities

Widen Highway 70 through city

Secure dentist and optometrist

Controlled garbage collection and disposal

Cooperate with other towns for development of Lamb County

Strengthen business and agriculture relationship

Annual community recognition day

Mr. Duncan said the membership has the same responsibility to the chamber that the board of directors does. "I've seen many chambers fail because the membership wouldn't respond and work with the board of directors," he said.

"The difference in building a community and not building it lies with the people of that community," Duncan pointed out.

"Things don't just happen," he went on. "Women and men build towns. We must learn to like to work for our community."

Mr. Duncan said that he was not an expert in his field, but that he had been in the business 22 years.

In regard to advertising, he said, "You have to advertise. You have to tell your own story. You have to tell the story of Olton and you have to tell in pretty positive terms."

People can't be depended on to trade at home unless they're offered the things they want, he told his attentive audience. Also, he said, "Unless you tell the people in your territory your story, the merchants in other towns will be telling your people their story."

Mr. Duncan praised Joe Wood, Olton chamber manager, for the work he has been doing during

the few weeks he has been on the job. Mr. Wood was congratulated several times during the talk.

Mr. Duncan lightly touched on having a chamber-sponsored program for welcoming new people into the community.

He told of a business in another town that considered the chamber of commerce an employee. He quoted the manager of that business as saying, "We write our chamber of commerce a check each time we make out the payroll and we figure it is the best employee for the money we have."

"The value of a chamber of commerce can be measured in dollars and cents," the West Texas C of C man said.

Stressing the point that "your chamber of commerce can't exist without your participation," he pointed out, "Communities, just like people, die, if they're not nurtured. The main street of Olton is going to change in the next five years. It's up to you to see that it changes for the better."

Churches are the greatest things in a community, the professional C of C man said, and the school is second on the list. "In third place is the chamber of commerce because it has to work for the betterment of everything else."

He described the chamber as being a vehicle to be used to get things done. "Now that you have the vehicle, you must make it go to work to accomplish things," he said.

In speaking of industrial development for Olton, he said the first step would be to decide what type industry it would be best to have here. "As far as the chamber is concerned, the only thing industry means is more jobs," he pointed out. Also, he said he didn't want to "dampen the spirit" of the chamber, but that when a town started to attract industry, it was entering a field that was "highly competitive."

Too, it's good to investigate an industry thoroughly before it is brought into a town, he said.

One of the last points he made was, "If 20 people will settle on getting one thing done, there's nothing you can't do here."

President Williams brought up the idea of the chamber starting an industrial fund. The fund would be used to help get industry to move to Olton. At Mr. Duncan's suggestion, it was decided to find out all possible details about such a fund before a decision was made.

After discussion on how the chamber could help in getting needed school facilities, Noel Johnson, superintendent, asked to have the floor to discuss the school's needs.

He pointed out that more facilities were needed and that they would cost around half a million dollars. Mr. Johnson explained that present plans by the school board called for building 12-14 new classrooms onto the end of the present elementary building, expanding the cafeteria, and constructing a new gym.

A bond election will have to be called to pay for the needed expansion, Mr. Johnson said. The chamber passed a resolution

endorsing the needed improvements.

In a directors' meeting Friday morning in Ideal Cafe, an executive committee was established to handle details concerning the organization.

Members of the committee are President Williams; Glen Exter, vice president; Russell Grimes, secretary; and Merrill Brigrance, director.

Mr. Duncan offered advice on how the chamber's other committees should be established. He said, "The heart of any organization is its committees."

Telegram Fired To President By Olton FU Men

The President of the United States received a telegram from Olton Farmers Union Local last week.

The telegram urged Eisenhower to sign a proposed bill assuring the stability of price supports for the coming crop year. If the

Committees to carry out the 1958 program are scheduled to be named in the near future, Mr. Williams said.

bill were put into effect, farmers would receive no less for their supported crops in 1958 than they did last year.

Senders of the telegram, as representatives of the farmers organization here, were Carl Hooper, who is president of the FU chapter, and Tom Carlisle.

The message read:
"Hon. Dwight D. Eisenhower
White House
Washington, DC

URGE SIGN PRICE FREEZE BILL, FARM PRICE KEYSTONE NATIONAL ECONOMY."

WHAT
DO YOU
SEE
WHEN YOU LOOK
AT A BOLL
OF COTTON?

DO YOU see the number of people (including yourself) that depend on the cotton industry for their means of living? Do you see the part cotton has in the defense of our country?

Do you see the part cotton plays in our scientific research and development? Do you see the many towns and cities built from the cotton industry . . . the many improvements in our daily comfort and standards of living?

Ask yourself these questions, think them over—THEN—help yourself and your neighbors by buying more products made with cotton!

Imagine two married couples going into a mediocre theater house 50 miles from home, ten o'clock at night, to watch a movie, the name of the stars of which they had never heard, in a language—French, to be specific—no one of them can understand!

i-t-o
Evelyn Galloway is, without a doubt, one of the most smiling, happiest persons in town!

i-t-o
We are so proud of Alice Ross Bryant and Sandra Cox for their good showing in the Lamb County spelling bee last week!

One could just be SICK that Alice Ross' chances at Lamb County champ were so "jeopardized" by mere slip of the tongue.

But we all know where to go when we need to know how to spell a word now, don't we? And I do not mean Webster's Dictionary. What's your phone number, Alice Ross?

i-t-o
Had it been possible, Olton Lions would have had not one, but 25 beauty queens after their pageant Friday night. If I hadn't known better, would have said everyone of those girls was in love; they simply were radiant!

And the way they answered those impromptu questions so glibly impressed everyone, I believe.

But just about the most refreshing aspect of the entire contest, to me, was the sincerity and gladness with which the other 22 congratulated Donice, Torchie and Latrell. Only the young can be such good sports!

i-t-o
The children around town are already talking about the egg hunt Sunday at the golf course. Dear Weather, please don't disappoint them!

i-t-o
Isn't it too bad that we just sit back and almost stop LEARNING when we finish school?

Oh, I'm not forgetting about that Great Teacher, EXPERI-

ENCE. Our daily experiences cannot fail to leave us with some sort of impressions.

Some think EXPERIENCE IS THE GREATEST TEACHER. Perhaps. But sometimes we can't learn from experience because we do not have the criterion by which to learn.

I refer, then, to actually building up our foundation of KNOWLEDGE, in the same manner as we did in school.

It isn't that we really believe we know it all after graduation, is it? But we no longer have someone pushing us; no exams to face, no promotions from one grade to another to expect; no literal testing to compete with the others in our class.

Take me, for instance. Graduated from high school 12 years ago now; college, eight years ago.

But what if I had kept on LEARNING in these recent 12 years, at the rate I did in the 12 immediately preceding those 12 years in public schools?

Surely life would be much fuller and more fascinating; I would be able to grasp a hint at least of what is implied in space travel; I would know so much more about how to get along with my fellow man.

And besides all that, I'll bet I could answer all the questions that are asked on TV quiz shows!

Wouldn't I be rich! *i-t-o*
Seriously, it is such a shame

Alex Dickie, Farmers Union state president, will speak at a quarterly meeting of Lamb County FU Tuesday night in Littlefield.

Dickie, who has made several appearances in this area, will talk on the new farm program. The meeting will be in Littlefield's community center and

that our minds become so lazy; so much of our brain lying dormant. They say that even Einstein used a very small percent of the potential of his brainpower, and we pay homage to him as one of the, if not THE, most brilliant man in history.

Can you put your finger on a basic fact or phenomenon you have actually LEARNED in the last 24 hours?

We are given all sorts of "prescriptions" for staying young—such things as ridiculous as "drinking a pint of wine a day" to "never working a day."

Well, my suggestion might be that the person who is consistently CONSCIOUS OF LEARNING, will never realize that he is growing old.

i-t-o
Try it. If it's no more than looking up a word in the dictionary each day, or mentioning a Bible verse, or a bit of poetry.

HYBRID SORGHUM FACTS FOR 1958

As Producers in this time of low milo prices we are aware that the **FACTS-OF-YIELD** and not here-say fiction are the difference in profit and loss.

HERE ARE THE FACTS

That make Haydon Texas certified Hybrids your best and safest buy to make a profit in 1958:

- Only Texas Hybrid Sorghums are Certified by the State of Texas.
- Haydon Texas Certified Hybrids are best acclimated to local conditions for highest yields because they are crossed and produced locally under the rigid supervision of Ray Joe Riley, graduate Agronomist and Registered Plant Breeder.
- Haydon Texas Certified Hybrids are Winter Tested in Mexico where they are rated by the Texas Agricultural Experiment Station.
- Haydon Texas Certified Hybrid 620 was the only seed which received a "No. 1—Very Good" rating in 1958 Mexico Tests.
- Haydon Texas Certified Hybrids are processed by State inspected facilities owned and operated exclusively by R. B. Haydon Seed Farms. This modern processing plant is open at all times to public inspection.
- Haydon Texas Certified Hybrids are backed by the "Haydon Hart of the Plains" branded label and the State of Texas.

HERE ARE THE RESULTS

Of the facts behind Texas Certified Hybrids Yield Records:

Winner of the statewide hybrid grain sorghum production program was Mr. Hubert E. Setliff of Route 1, Plainview, Texas. His yield was 10,195.6 pounds per acre from Texas 620 under irrigation.

The dryland winner with a yield of 6,454.8 pounds per acre was Walter F. Schafer of Fayette County, Texas with Hybrid RS 610.

The other winners, too numerous to mention, all planted and harvested Texas Hybrids.

- In all states, conducting tests, Texas Hybrids have out-yielded standard varieties including Martin up to 40% under all conditions.
- Texas Hybrids led all other hybrids and standard varieties at the High Plains Field Station of the Texas Research foundation at Halfway.
- In average field tests in Castro County, Haydon Texas Certified Hybrid 620 netted an average of \$16.20 per acre over Martin under the same conditions.

Another High Production Mark

Mr. Jay Boston, outstanding Castro County farmer and holder of the county sorghum yield records, had one 60-acre field of Haydon Texas Hybrid 620 that in the verified opinion of all who looked at the field would make 9,000 pounds per acre (inclement weather conditions prohibited accurate testing of this crop). Mr. Boston believes in Haydon Texas Hybrid enough that he intends to plant it 100% this year.
