OTHER YEARS REMEMBERED

Visiting during the Marella-Salt Fork-Lillie Reunion Sunday were two who came early to the area. Mrs. S. L. Maxwell of Amarillo, right, was the oldest person to attend. She will be 90 in October. At left is Mrs. Bell Mitchell, just a few years younger.

Many Entries Urged In Big Fair Parade

Opening the Collingsworth County Fair on Friday, September 8, will be the big parade, generally rated as one of the best of its kind in the lower Panhandle.

Jack Neeley, parade chairman,

reminds that only three weeks remains before Parade Day. The format will be much like that of other years.

Five divisions are planned: adult organizations, youth organizations, commercial, decorated bicycle and horses.

This should cover all business houses or organizations who wish to participate, it was pointed out.

Mr. Neeley emphasized that every entry must be registered at the Chamber of Commerce office and receive a number, which is to be displayed at a point where the judges can see it, during the parade.

Failure to register and show a number in some past parades has made it difficult or impossible for the out of town judges to designate the winners.

A trophy will go to the first place winner in each division, and second and third place winners will receive ribbons.

"We want to urge everyone to prepare a float and let's have the best parade we've ever had," declared Mr. Neeley.

Out of town judges will again select the winning entries.

Mr. Neeley said he is trying to work out plans to have the floats parked following the parade so that the fair visitors may look at them during the day.

Spotted Rain Boosts Crops During Week

Mid-August moisture for the area ranged from scattered cotton showers up to more than two inches over the week beginning August 9.

Wellington measured 1.16 inches in three separate showers, beginning with .43 Wednesday, August 9, according to Dwane Scott, Weather Bureau reporter. An additional .28 fell Sunday and .45 on Monday.

The heaviest fall was recorded in the Quail and Marella area

Barton B. Martin, Retired Farmer, Dies Saturday

Barton B. Martin, 93, died at 11:15 p.m. Saturday, August 12, in Thomas Nursing Home, where he had been a patient 5 years.

Mr. Martin had lived here since 1934, and farmed in the Samnorwood-Lutie area a number of years before retiring and moving to Wellington.

He was born December 9, 1878, in Cooke County where his family was among the early settlers.

In 1901, while still living in Cooke County, he was married to Miss Mellie Mitchell. She preceded him in death in 1965.

He was a Baptist since early in life.

Funeral services were conducted at 10:00 a.m. Wednesday in Kelso Chapel, with the Rev. Ted Savage, pastor of First Baptist Church officiating.

Burial was in Memorial Gardens.

Survivors are two sons, Henry L. Martin of Amarillo and Fred B. Martin of Sante Fe, N.M.; four daughters, Mrs. Tennie May Dale of Sante Fe, N.M., Mrs. Mary E. Hargis of Tucumcari, N.M., Mrs. Blanche Raper of Tulia, and Mrs. Medie Caldwell of Phoenix, Arizona, and several grandchildren.

New Date Given to Open Kindergarten

The opening date of the First Baptist Kindergarten has been reset for Friday, August 25, to allow for preparation of the new location.

An informal open house will be held during the regular hours

JAN MCGILL

Wellington Beauty Gets Dual Honors

Honors come in pairs to Jan McGill.

Saturday night, August 12, she was named Greenbelt Bowl Football Queen at Childress, in competition with 37 other area beauties.

One week later, Saturday, August 19, she will participate in the annual Wheatheart of the Nation Beauty Pageant at Perryton.

The contest will be at 8:00 p.m. in the high school auditorium.

This is the second year Collingsworth County has been represented by the McGill family, for Jan's older sister, Sandra, was runner up in the 1971 contest.

The reigning Miss Wellington, Miss McGill was officially entered in the beauty contest by the Collingsworth County Chamber of Commerce. She is the 16 year old daughter of Mr. and Mrs. Sam McGill.

Miss Wheatheart of the Na-

tion 1972 will receive a \$1,000 college scholarship to the college of her choice. First Runner-up will receive a \$500 college scholarship and Second Runner-up will receive a \$250 college scholarship.

Miss McGill will be competing with 34 other contestants in the Miss Wheatheart of the Nation Contest 1972.

Kathy Scott in Cycle Accident

Kathy Scott, daughter of Mr. and Mrs. Ocie Scott, is recovering at home from painful injuries received in a motorcycle-truck accident which occurred about 5:45 p.m. Friday, August 11 at Clarendon.

Miss Scott and a friend, Mike Owen, driver of the motorcycle, were coming up behind a truck which began backing. He laid the motorcycle on its side and both youth were thrown off, she going under the truck, which the driver stopped as soon as he was aware of the approaching cycle.

Miss Scott received deep cuts on her left leg and abrasions and bruises on her arms and legs. She was treated at the Clarendon Hospital and then returned home. Owen was uninjured.

A sophomore at Clarendon College, Miss Scott had gone to Clarendon that day to complete plans for the coming semester.

County Schools Open Monday; 930 Students

Approximately 930 Collingsworth students will return to classes Monday, August 21, with the opening of Wellington, Quail, and Samnorwood Schools.

With registration of Wellington students to be completed Thursday and Friday, a full schedule will be held Monday, beginning at 8:15 a.m., Supt. Thayne Amonett announced.

Buses will run their usual routes and the cafeteria will

be open.

The Wellington School board met Monday, August 14, to complete opening plans.

Mr. Amonett reminded that beginning this year, all students must bring proof of immunization against 5 diseases, polio, diphtheria, whooping cough-tetanus, measles and rubella.

This is especially true of children entering school for the first time, he emphasized. If the

original records are brought, they can be entered on the school record and the original returned to the parents, he continued. This requirement is a Texas law, which became effective January 1, and if there is any problem or question, the school will try to help, the superintendent explained.

QUAIL

Approximately 90 students are expected in the Quail school this year, after all late-comers are registered.

Two new teachers were added to the faculty in the last week, Supt. James Stavenhagen reported.

Mrs. Joe Wood will teach business and English, and Mrs. Rodney Myrick will teach home economics.

Mrs. Wood was graduated this year from West Texas State University with a major in Business education and minor in English. She did her practice teaching in Hereford High School. This is her first year to teach.

Mrs. Myrick received her degree in home economics education from Texas Tech University and taught one year at Klondike, near Lamesa.

Mr. Stavenhagen said that only three buses will run this year, down one from last term.

The Buck Creek and Wellington routes were combined and parents along these routes have been notified of the change. If there is any question, the parent should contact Mr. Stavenhagen, he said.

Bus drivers will be David Knox, Joe Chance and Calvin Green.

The completed faculty this year will include Mrs. Lynn

School Budget Hearing Set On August 24

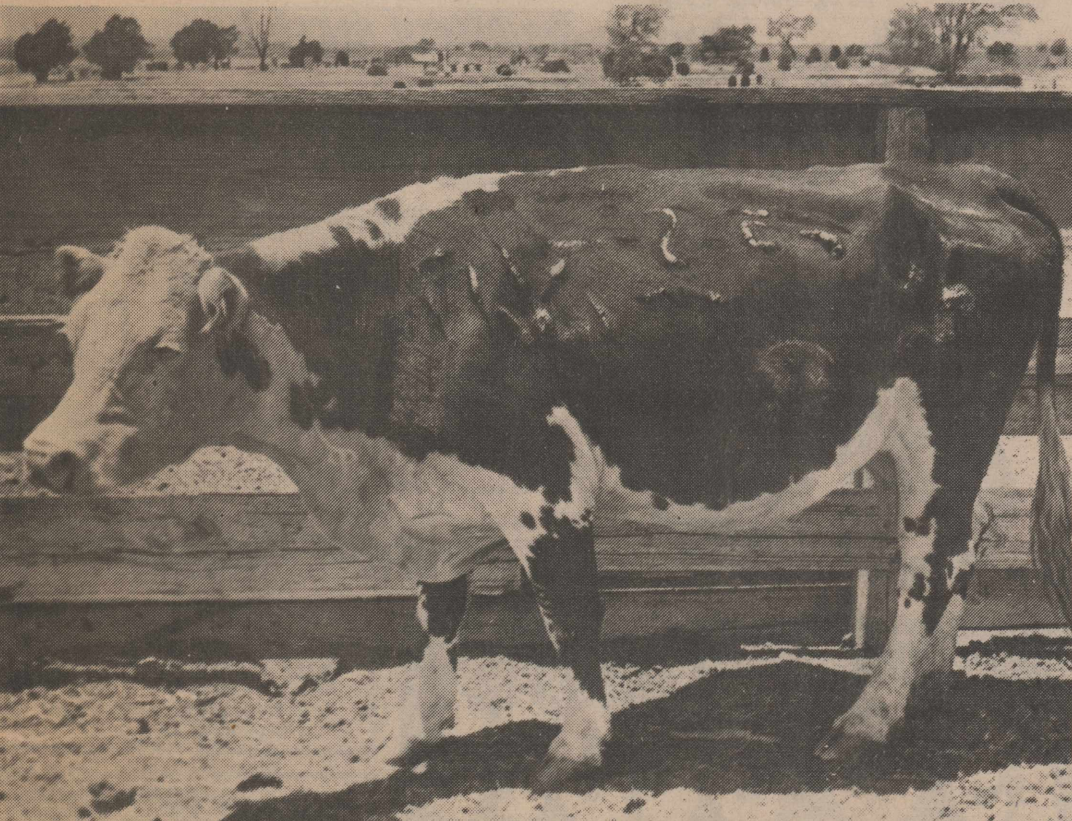

The budget hearing of the Wellington Independent School district will be held Thursday, August 24, at 8:00 p.m. Supt. Thayne Amonett has announced.

The hearing will be at the high school.

This meeting is open to the public and all persons interested are urged to attend.

It is the opportunity for patrons of the Wellington Schools to learn how much it costs to operate the system, how much is derived from local funds and how much comes from state and federal sources.

This meeting is set each year by the school board and the trustees will answer questions concerning the budget which patrons may have.

MARK OF THE RANGE

stock Commission Co. Edd Henard estimated that these were put on all the way from the lower Panhandle to Colorado.

of 9:00 to 11:30 a.m. and parents, especially mothers, are invited to come with their children and visit the kindergarten.

Mrs. Don Reeves will be the teacher, Rev. Ted Savage, pastor, announced following the business meeting of the congregation Wednesday, August 9.

The regular registration period ended Tuesday, August 15, but Rev. Savage said enrollments will be accepted up to the time of the Kindergarten opening.

Mrs. Reeves, wife of the Collingsworth County agricultural agent, has a degree in elementary education from West Texas State University and taught third grade three years in Will Rogers School, Amarillo.

Rev. Savage called the new quarters for the kindergarten "excellent." They are located in the north wing of the Wellington Clinic, immediately across the street west of the church. It is pointed out that this is the section that has not been used for several years and is away from that part of the building used as a medical facility. It has air conditioning and central heating, plus a large area at back which will be used as a playground.

Assisting Mrs. Reeves will be Mrs. Harvey Isaacs. Rev. Savage said he will be there to give supervision and provide some spiritual training.

Quarter Horses Win Honors at Quanah

Three Collingsworth Quarter Horses won honors in the annual Hardeman County Quarter Horse Show held at Quanah Friday, August 11.

The Reserve Grand Champion stallion was Hy Sox King, owned and shown by Bill Wilson. Before being tapped for the se-

cond highest place, Hy Sox King placed first in his class of 1969 stallions.

It was the second time he has won reserve honors this summer, having been judged to that place in the Denison Quarter Horse Show.

Hay Camp Ranch, owned by Mr. and Mrs. A.B. Dean, entered the show circuit with Jaguar, a 1971 stallion that came in second in his class. Mr. Dean exhibited the horse.

Mr. Scooter Bill, owned and exhibited by Mrs. Bill Lowe, placed sixth in the class for aged geldings. Mrs. Lowe is a long-time exhibitor in quarter horse shows.

The Hardeman County event was limited to registered horses.

Fair Finance Drive Seeks \$1200 Fund

The Collingsworth County Fair finance drive is under way this week, as only three weeks remain before that major event.

The goal is \$1,200, according to Mrs. Margaret Vines, Chamber of Commerce secretary.

Workers who are contacting business firms include George Shadid, west side of the square; Billy Hatch, north side; Dan Hiatt and C.T. Hubbard, east side; and Don Welch, south side.

Dan Henard, Jr., will cover Wellington Livestock Co. during the next sale day and contact business firms in Highway 83. He is choosing workers to assist him.

Mrs. Vines pointed out that the money raised in this drive goes to pay the money premiums

Two Arrested Here Wanted in Gun Burglary

Two youths, wanted in the burglary of a Borger gun shop, were picked up near Wellington recently and four rifles and a shotgun were recovered, Sheriff John Rainey reported. The two were turned over to Borger officers.

One of the men was identified as Jackie Washington Harris, Jr., 20. The other was a 15 year old youth, and it was at the home of his relatives that

Guy Wood Preaches In Gospel Meeting

Guy N. Woods of Memphis, Tenn., will return to Wellington to hold a gospel meeting at the Church of Christ from Sunday,

August 20 through Friday, August 25.

Plans for the meeting were announced by Gaylord Cook, minister of the church, which is located at 13th and Bowie Streets.

There will be two services daily, 10:00 a.m. and 8:00 p.m.

Mr. Wood lived in Wellington from 1934 to 1940, while preaching for the Church of Christ. He has preached in many gospel meetings here since that time.

He is now engaged in full time evangelistic work throughout the United States, preaching in about 40 gospel meetings each year. He has been doing this for the past 25 years.

An author as well as a minister, he has written more than a dozen books, including commentaries on First and Second Peter, First, Second and Third John, Jude and James. His most recent book is a self teaching text on New Testament Greek.

He is a member of the bar, but does not engage in the practice of law, choosing instead to preach the gospel.

Mr. Wood is a devoted amateur radio operator with both fixed and mobile equipment, his call letters being WA4KCN.

County Budget Hearing Set For September 7

The hearing on the county budget will be held Thursday, September 7, at 10:00 a.m. the commissioners court voted in its regular session Monday August 14.

This was but one item in the meeting which covered a wide variety of business.

One resolution approved a secretary for the Extension Service with a salary of \$150 per month.

Noting the seriousness of the scabies problem, the commissioners voted that a scabies resolution be made part of the records, and that copies of this be sent to each commissioner court in the quarantine area asking each to take immediate action.

Several resolutions that were passed related to roads.

County road employees were put on an hourly basis with the exception of operators, effective September 1. On the recommendation of Road Administrator Chester White, two additional road employees were approved.

A letter from the Texas Highway Commission relating to the visit of a delegation seeking the closing of an unpaved gap on FM 3070 will become a part of the court minutes, the commissioners voted. The letter explains that this work cannot be done under the present program but will be included in a later one.

In one of their last pieces of business, the commissioners voted that the county shall become a member of the Texas Good Roads Association.

Early Days Recalled at Three-Community Meet

Approximately 100 former residents of the Marella, Lillie and Salt Fork communities gathered Sunday, August 13, for their second annual reunion, held in Bura Handley Community Center.

Saturday night, more than 70 of this group had gathered at Trinity United Methodist Church for an evening of old-time singing and refreshments. Then a number of them gave readings and poems which they remembered from their school days - when each of the three communities had its own school.

Mrs. S.L. Maxwell, now of Amarillo, was the eldest reunion visitor. She will be 90 in October. Coming the greatest distance to attend was Mrs. Hazell Hill of Springdale, Ark. The former Hazel Pearson, she has the distinction of having lived in all three communities.

Mrs. Rob Isbell, president of the organization, was re-elected to that office during the brief business session Sunday afternoon, and Raymond Horton was re-elected secretary.

Following the dinner, also held at the community building, there was visiting and music, with Mrs. Horace Hallmark (Willie Jean Cummings) of Hartsborn, Oklahoma, at the piano, Clyde Ming of Pritchett, Colorado, on the violin, and Mary Bearden playing the guitar.

The religious life of the Salt Fork community was recalled in a poem, written for this reunion by Willie Johnson Cummings:

"... The Salt Fork School and Community, and especially the Salt Fork Church, and the good old time religion, and the singing that almost made the walls burst. The two-long weeks of revivals that revived both young and old."

The families she recalled were the Gollighugh, Wrights, Fikes, Wilsons, Johnsons, Needhams, Claunches, Cummings, Harrises, Pearsons, Isbells, Boltions and Maxwells.

Gospel singing, so much a part of the life of the people of these communities in years past, concluded the day of reunion.

Those registering for either the reunion or Saturday night singing were:

Mr. and Mrs. R.H. Isbell; Mrs. Hazel Hill and Jerry Hill of Springdale, Ark.; Buster and Valree McDonald and Herman and Myrtle McDonald Cox of Comanche; G.H. Brewer; Mr. and Mrs. Harlon

Frank Phillips Offers Practical Spanish Course

The close ties of friendship, business, and tourism between Texas and Mexico are making a speaking knowledge of the Spanish language a "must" for Texans.

Business executives and travelers are becoming aware of this need and are preparing to take advantage of these business and cultural opportunities.

Frank Phillips College is ready to meet this need by offering modern conversational Spanish courses taught by a native of Mexico.

In a modern language laboratory, students listen to master voices and repeat the patterns of speech, attempting to mimic as nearly as possible the native pronunciation.

CJC Gives Fall Schedule

CLARENDON -- Pre-registration and Pre-Counseling for all entering Freshmen planning to attend Clarendon College for the Fall Semester of 1972 was announced today by Leonard Selvidge, Dean of Students for Clarendon College. The Dates set for the planning and counseling session for all incoming Freshmen will be between August 28 and 31. It is requested that all entering Freshmen to Clarendon College report on one of the above

skill (speaking-understanding). Stress will be on pronunciation, basic grammar, patterns of ideas adapted to class needs and study of Spanish culture. The class meets at 6:30 to 9:45 in room No. 31 of the James W. Dillard Library on Tuesday evenings.

Evening students register at FPC on August 31 and September 1, at 6:30 to 7:30 p.m. in the reading room of the James W. Dillard Library.

Mr. Selvidge advises that the pre-counseling and pre-planning sessions are most important in the lives of beginning Freshmen. Many of the small problems facing the beginning student are eliminated at this time.

Announced also is the official opening of the Dorms for the Fall Semester. Move-In of all Dorm Residents will start at 2:00 p.m. on September 4th with actual registration of all students to begin on September 7th at 8:00 a.m. The last day to register for the Fall Semester will be September 22.

Youths Already Groom Animals for 1972 Fair

The Collingsworth County Fair is the first stop on the show circuit for most Future Farmers and 4-H livestock exhibitors, and again in 1972, this will be a major event. The show will be one day only, Saturday, September 9.

County agent Don Reeves is show superintendent and chairman of the beef cattle division.

Bob Weatherly heads the swine division. Both are assisted by the vocational agriculture teachers of the county, Rodney Myrick of Wellington, Jimmy Brown of Samnorwood, and Doyle Messer of Quail.

Show rules were announced this week in order that boys and girls may begin plans to show their animals.

BEEF CATTLE

The beef cattle show will be in the Salt Fork Soil Conservation District show barn on 8th Street, between West Avenue and Amarillo St., and the lot immediately behind it.

All cattle must be in place by 9:00 a.m. Saturday when the show opens and remain until released by the superintendent.

Susie Howard of Cuero was crowned Miss Texas Rural Electrification in San Antonio during the 32nd Annual Meeting of Texas Electric Cooperatives, Inc. Miss Howard is 20, the daughter of Mr. and Mrs. James Howard and is a college junior. She was sponsored by the electric cooperatives located in the Coastal Bend and South Texas section of the state.

The new Miss Texas Rural Electrification will participate in numerous activities during the next 12 months representing the 80 electric cooperatives in the state and will carry the Texas banner to the Miss National Rural Electric Cooperative Association Contest in Dallas next February.

Runner-up in the Statewide competition was Miss Debbie Behrens, Mason, the daughter of Mr. and Mrs. D.W. Behrens.

C-C Secretary On Vacation

The Chamber of Commerce office is closed this week while Mrs. Margaret Vines, secretary, is on vacation with her family.

Persons needing information may contact Sandy Parsons, C-C president.

Mrs. Vines, her husband, Lloyd Vines, and their daughters Miss Pam Vines and Mr. and Mrs. James Parker of Shamrock, are visiting relatives in Kansas City, both Kansas and Missouri.

They are also stopping at points through the Missouri and Arkansas Ozark Mountains.

The C-C office will be open again Monday, August 21, she said.

Mr. and Mrs. Charles Darter, Chuck and Craig spent their vacation in Yellowstone National Park recently.

Driving Course Helps Cut Vehicle Insurance

Ned Price and Durwood Manford, Members of the State Board of Insurance have announced that the Texas Safety Association has accepted responsibility for coordinating the National Safety Council's Defensive Driving Course in Texas. After September 1 motorists who complete the DDC course can become eligible for a 10% savings on their annual automobile insurance policies.

Plans for a local Defensive Driving Course available to vehicle owners will be announced soon. Students who have had driver education have covered this and are not eligible to take it again.

Employees of the Texas Highway Department also have had the course, taught recently in this district by Lewis Meinzer.

The State Board of Insurance said in accordance with the information received by the Board, that the Defensive Driving Course should cost \$10 or less per person, and the resulting credit will be good for three years. This means, the Board said, a motorist can spend ten dollars and save forty-five or more on his auto insurance over a three year period. Savings from this credit could amount to \$43 million a year in Texas. Add this to the rate reduction just approved and it amounts to a savings of an estimated \$118 million a year.

"While this is a substantial financial saving," adds Durwood Manford, "the savings in life and injury that can result from the Defensive Driving Course is even more significant. The National Safety Council tells us that, properly taught, the DDC course will prevent traffic crashes."

Lloyd Palmer, General Manager of Texas Safety Association, says, "the Association will conduct courses for DDC instructors in all sections of the state. We are going to do all in our power to help make the DDC available to everyone in the state."

Under the new ruling, private passenger automobiles eligible for Family Automotive coverage will receive the 10% premium credit on the automobile principally operated by the person who completed the DDC unless that automobile has the 10% Driver's Training Credit applied. No duplications of the Driver's Training courses are allowed. The credit is applicable to the bodily injury, property damage, and collision coverages only.

In a family with two or more cars, the principal drivers of each car will have to take the DDC in order to qualify for the credit on both cars.

The credit will apply to new and renewal policies effective for three years from the date of completion of the course. After this three-year period, the DDC course must be successfully repeated by an individual in order for him to again qualify for the 10% premium credit.

Further information can be obtained by contacting Texas Safety Association, P.O. Box 3138, Austin, Texas 78764.

Salt Fork Soil Conservation District News

PASTURE MANAGEMENT

Many acres of grass were planted in Salt Fork SCD in the spring of this year. With the moisture that was received and an application of fertilizer at seeding, the grass is off to a good start. Now is the time to start thinking about proper management of grass.

Weeping lovegrass should be managed so as to leave a minimum 6 inch stubble height. If cattle begin to spot-graze leaving large areas ungrazed, smaller pastures should be considered. Shredding lovegrass back to a 6 inch stubble height and fertilizing with an adequate fertilizer will result in a more palatable grass for grazing. Late shredding and fertilizing will produce enough late forage

to winter cattle.

Management of bermudagrass pastures is just as important as management of other pastures. Bermudagrass should be managed to leave approximately 5 inch stubble height at the end of the growing season, an adequate application of fertilizer in early spring and throughout the growing season will provide nutrients for grass growth.

Proper management of all grasses in pastures is very important in the very existence of grass. Improper use will result in poor quality grass and erosion from wind and water. More information can be obtained from the local Soil Conservation Service.

Greenbelt Bowl Good Night for Wellington

Two former Skyrockets, Charley Taylor and Denny Carter, rounded out their football careers with a flourish as they played almost the entire Greenbelt Bowl Game at Childress Saturday night, August 12.

But Wellington fans were delighted further as Jan McGill was chosen the 1972 Greenbelt Bowl Queen. She was Taylor's nominee and was selected for the top honor from a field of 38 candidates.

Wellington's second representative in the contest was Renee Mitchell, young beauty making her first out of town appearance in a major queen's contest. She was nominated by Carter.

Taylor and Carter played on the West team, which took

the bowl victory 32 to 7 over the East. Taylor, a tackle, was in the kickoff play and made numerous tackles throughout the game. Carter was moved from high school position of quarterback to split end and alternated with another player carrying signals. He also caught a 58 yard pass play and would have taken the ball over to score had a game official not gotten in his way.

Big Thicket Prairie Saved For the Future

AUSTIN -- A small part of the Big Thicket is saved for the enjoyment of all Texans.

The Texas Conservation Foundation, acting in a recent meeting, voted to buy a little over three acres of the Marysee Prairie in Liberty County for \$4,882.50.

The Marysee Prairie is located on Highway 162 between Batson and Moss Hill. Less than 100 acres of near-virgin prairie remain of the miles of extensive grasslands which greeted the first white men to Texas.

It is all of the prairie plant community which exists between Pine Island Bayou and the Trinity River.

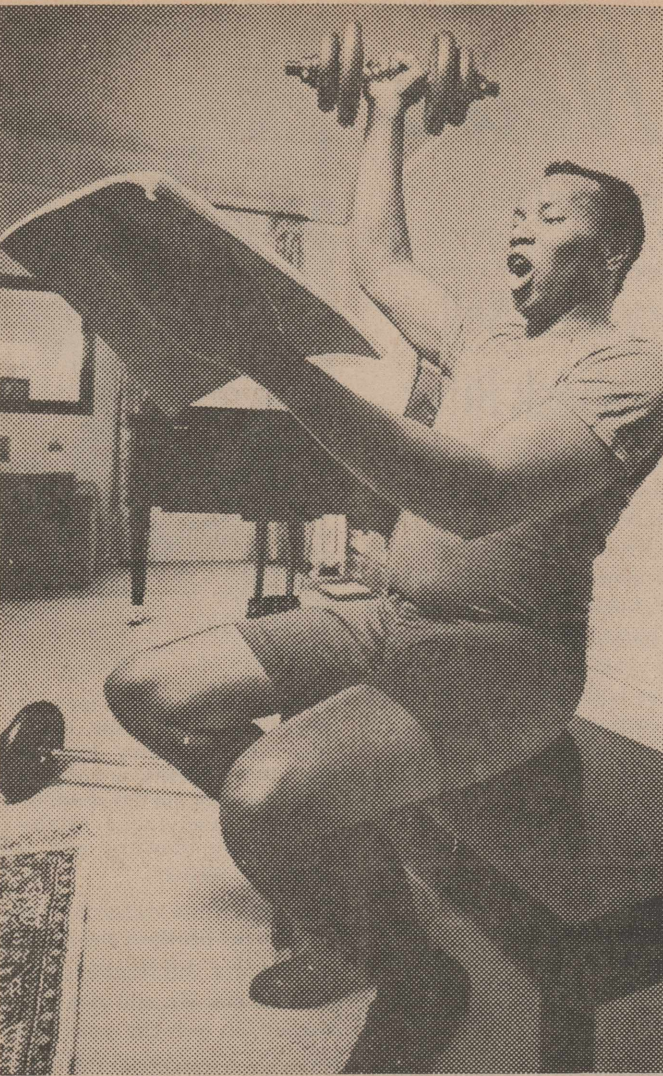

According to the descendants of early settlers in the area, this portion of prairie has never been plowed or mowed. Local residents say that occasional wildfires swept the land and stimulated the exuberant growth of grasses such as Eastern gamma, Indian grass and blue-stems.

Prairie wildflowers such as winecups and cornflowers, as well as species not found in any other part of Texas thrive on the Marysee.

Its proximity to forested land offers a unique opportunity to study the succession between prairie and woodlands. The Marysee Prairie is not part of any bill to preserve the Big Thicket.

The Foundation's purchase was endorsed by Mrs. Geraldine Watson of Silsbee and Professor Richard C. Harrel of Lamar University in Beaumont.

College Bound Veterans to Contact VA

The Veterans Administration today reminded college bound veterans that they should contact VA as soon as possible to avoid unnecessary delay in their monthly education allowance checks.

Jack Coker, Director of the Waco VA Regional Office offered these additional tips for veterans looking forward to getting started in college:

"The first thing a veteran should do," Coker explained, "is to decide on an educational objective. He should then choose a school and apply for admission as soon as possible.

"The veteran then should request a certificate of eligibility, from the nearest VA office. VA will send two copies of the certificate, which must be submitted to the school. The school will endorse one copy and forward it to the VA Regional Office," he said.

The VA official strongly suggested that the veteran check back with the school to make certain the certificate has been forwarded. This is to help insure

Mrs. Shanks at Flower Market

Mrs. Cecil Shanks, owner of Wellington Florist, was in Amarillo recently to attend the fall flower market.

During July, additional shelving was built into the shop, Mrs. Shanks said.

that the veteran starts receiving monthly education checks promptly.

Veterans returning to the same school need not get another certificate. Those who plan to change schools or educational objectives withing the same school, however, must get VA approval.

To be eligible for educational benefits, a veteran or serviceman must have served at least 181 days of continuous active duty, any part of it after January 31, 1955. Or, he must have been separated from service because of a service-connected disability without regard to length of service.

Veterans were urged to contact their nearest VA office, veterans county service officer, or their local veterans service organization representatives if further information on educational benefits is desired.

Miss Roark Weds Barry Jean Sell Saturday Evening in Lubbock Rites

Miss Mary Ann Roark and Barry Jean Sell of Lubbock were married at eight o'clock Saturday evening, August 12, in First Christian Church there. The Reverend C. Robert Coleman performed the double ring ceremony.

The bride is the daughter of Mr. and Mrs. J.J. Roan, Jr., now of Victoria. Her father was the late Robert Roark, and her grandparents, who were members of some of the first families to settle here, were the late H.M. Longino and Edith Myers Longino.

Parents of the bridegroom are Mr. and Mrs. J.B. Sell of Petersburg.

Wedding music was presented by Miss Janis Plumber, organist, and Miss Mary Jane Conner and Mrs. Bill Collier, vocalists.

The bride was given in marriage by her step-father.

She wore a formal length gown of ivory organza, fashioned with a high Victorian neckline of scalloped Venice lace, long sheer bishop sleeves, and a band of ruffled lace outlining the sheer yoke of the empire bodice. A softly gathered skirt extended into a chapel train, edged with matching lace. Her headpiece was accented with seed pearls belonging to the bride's grandmother, and her only jewelry was her father's wedding band. She carried a bouquet of gardenias, statice, lavender daisies, stephanotis and baby breath.

The bride was attended by Mrs. Bill Collier, matron of honor, and Miss Cathy Mask and

Miss Shelly Schauer. Her sister, Miss Linda Kay Roan, was the junior bridesmaid.

They wore old-fashioned floor-length gowns of lavender sheer eyelet, made similar to the bride's with purple satin cummerbunds. Their headpieces were purple ribbons with baby breath, and they carried white roses tied with purple ribbon.

Mike Curtis was the best man and groomsmen were E.J. Sell, the bridegroom's brother, Allan Underwood and Jack Swartzell. Ushers were Jim Hall, Steve Foster and Ken Blender.

After the ceremony, Mr. and Mrs. Roan were hosts at a reception in the church parlor to honor the couple.

Members of the house party were Mrs. Don Roark, Mrs. John Roark, Mrs. Lonnie Roark, Mrs. E.J. Sell and Mrs. Jack Swartzell. Miss Carolyn Byrd presided at the bride's book, and Todd Roark, nephew of the bride, was rice boy.

The bride was graduated from Victoria High School in 1969 and will graduate from Texas Tech University in December with degrees in education and special education.

Her social sorority at Tech is Kappa Kappa Gamma, of which she is activities director, and in high school she was head cheer leader.

The bridegroom graduated from high school in Petersburg in 1966 and is a senior at Texas Tech, majoring in agricultural

Upon returning from their wedding trip, the couple will be at home in Lubbock.

Assembly of God Honors Pastor With Farewell Dinner on Sunday

The congregation of the Assembly of God honored the Rev. and Mrs. John E. Hutson with a dinner following the morning service Sunday, August 13.

He recently resigned as pastor of the church, and the couple left Tuesday, August 15, to make their home at Tucumcari, N.M.

With this as their headquarters the couple will engage in full-time evangelistic work for the Assemblies of God. His parents, the Rev. and Mrs. John M. Hutson, live at Tucumcari, where he is pastor of the Assembly of God.

The couple came to the Wellington church about 14 months ago. He preached his farewell sermon Sunday morning.

Along with the dinner, the congregation presented the couple with a set of luggage and a canister set.

Following the dinner, those attending spent the afternoon singing.

Mr. and Mrs. Doug Bergvall and Kathy Trimble visited last week in Denton with their children, Craig and Vickie Bergvall. Their other son, Gary, of San Antonio, joined them there.

The Rev. Howard Smith, pastor of the Church of the Nazarene at Dodson, and Mrs. Smith vacationed last week at a camp meeting held at Camp Arrowhead near Mineral Wells.

Laura Whitson, who has attended the summer session of Abilene Christian College, visited last with her parents, Mr. and Mrs. Stanley Whitson of Lutie. She returns to ACC this week to begin her practice teaching in the Abilene public schools. Laura is majoring in elementary education with emphasis on special education. She will be a senior this year.

Mrs. Ray Scott is leaving soon to visit a son, Mr. and Mrs. Winford Scott in Morton. She will attend the wedding of a grandson, Sgt. Michael Scott on September 2.

Mrs. Rebecca Wells returned Saturday from Ojo, Caliente, New Mexico where she joined other members of her family for a ten day vacation. They were her sister, Mr. and Mrs. Jesse James of Eads, Colorado, her brother, Mr. and Mrs. M.H. Robinson of Boise City, Oklahoma.

Visiting Mr. and Mrs. Pete Scott over the week end were their daughter and family, Mr. and Mrs. C.K. Aaron, Debbie, Kim, and Scotty. The family moved recently from Dallas to Wichita Falls.

WMC to Hold Back Yard Sale

The Women's Missionary Council of the Assembly of God is holding a large back yard sale Friday and Saturday, August 18 and 19.

This will be at the home of Mrs. E.C. Escoe, 1103 Floyddada Street and a wide variety of items will be included in the sale, she said.

Trio Attends Dallas Reunion

Mrs. J.L. Hays, Myra and Larlu visited in Wichita Falls during the week end of August 12, with Merle Hays and Mr. and Mrs. D.R. Biter and family. Mrs. Hays, Myra Larlu, Merle, Mrs. Biter and Jimmy and Mr. and Mrs. Joe Biter attended the Allen family reunion at Tension Park, Dallas, Sunday, August 13.

Other members of the Hays family joining them there were: Mrs. H.L. Pollard, James and Barbara, Mr. and Mrs. Mike Pollard and Lori; Mrs. Ida Mattingly, her daughter, granddaughter and great-granddaughter.

One hundred forty-one relatives and friends registered, with families attending providing the noon meal. Mrs. Oza Hill, a niece of Mrs. Hays, returned home with her and will go on vacation with the Hays family before returning to her home in Dallas.

Who's New in the Wellington Area

Capt. and Mrs. Dennis Cudd of Ft. Clayton, Canal Zone, are the parents of a son, Dennis Earl II, born August 14. He weighed nine pounds and two ounces.

The grandparents are Mr. and Mrs. Hiram Cudd and C.A. Crawford of Panhandle. Great grandparents are Mr. and Mrs. Earl Yarbrough, Mr. and Mrs. C.A. Crawford and Mr. and Mrs. Willie Moat of Carey. The great great grandmother is Mrs. C.S. Trout.

Maternal grandparents are Mr. and Mrs. G.A. Montgomery of Wellington.

Happy Homemaking

By BARBARA BAKER

Use a clean sponge on your stove top as a spoon holder. It is handy to clean up any spills and can be washed and rinsed along with the dishes.

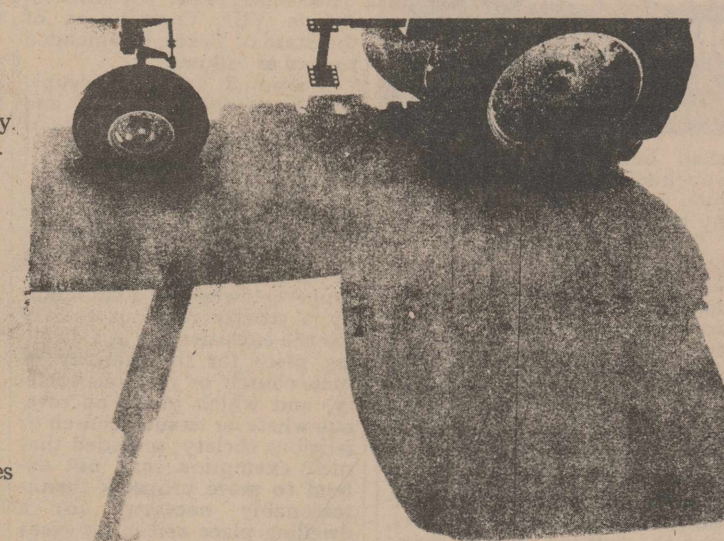

If baby's plastic pants are washed in hot water and rinsed in hot water, they will stay soft much longer. Quick drying, as over a register, also helps. It is the rinsing in cold water that hardens them.

Dip cotton swabs in oil before cleaning the children's

ears. This cleans the wax off without pressure.

When teaching a baby the art of drinking from a glass, hold a sponge under his chin. This is a real help for new mothers and encourages one to keep on pursuing what could be a messy task, and baby comes out without a drip.

If small children hate to have their faces washed, use dad's shaving brush to get up a good lather and they will love it.

Generation II Arriving Saturday August 19

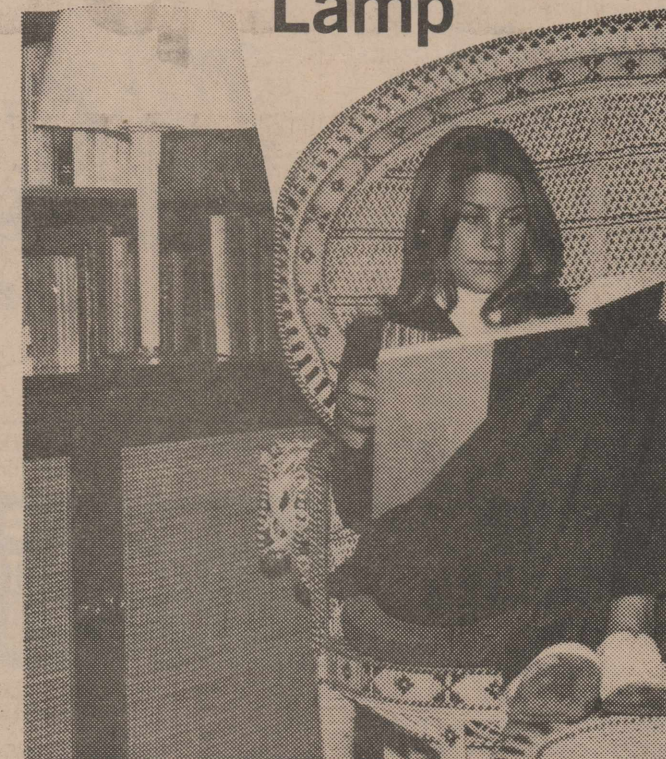

It's the biggest tractor announcement day in more than ten years. It's August 19 — the day you can enter Generation II and meet four new tractors from John Deere ranging from 80 to 150 hp. It's the day you can start farming more safely — in greater comfort and luxury. It's an all-day affair you simply can't afford to miss. Refreshments will be served and door prizes awarded.

THE FAMILY LAWYER

Fairly Free Private Enterprise

Curbside flower vendors became so numerous in a certain community that the regular florists began to complain about the competition. Finally, the city council passed a tough licensing law aimed at knocking the street vendors out of business.

But when the new law was tested in court, it was held null and void. The court said the city simply had no power to regulate a business as harmless as selling flowers.

Private enterprise, while not wholly free, still has considerable vitality. A city's "police power" does not include blanket authority over all kinds of business activities, just because they happen to be within the city limits.

On the other hand, a city may indeed impose restraints on a business that has a real potential for harm.

Consider the case of a man who started a telephone answering service. According to a city ordinance, he and his employees were supposed to submit to photographing and fingerprinting. Challenging the ordinance, the man said it was unfair to "single us out."

But a court saw two ways in which a telephone answering service could be harmful:

- 1) by the misuse of confidential information about subscribers; and
- 2) by the encouragement of immoral activities.

Upholding the city's requirements, the court said:

"There is a reasonable basis for distinguishing this type of business from others that are not regulated."

Another ordinance, covering private detectives, went still further. Under its terms, they had to put up a special bond and get a character clearance from the police department.

But, again, a court decided there were enough possibilities for mischief in this line of work to justify the city in taking precautions. As one judge put it:

"A statute to promote the public safety is valid, although it may interfere with individual freedom. Individual freedom must yield to the public good."

Good Friday

The name of Good Friday for the Friday commemorating the crucifixion of Christ probably arises from the fact that Roman Catholic and other ancient traditions prescribed that the day be spent in actions which are free from sin. Hence, the proper behavior on Good Friday is one of personal goodness.

CROSSROADS REPORT

Dear Editor:

I see where a high professor says the scientists and engineers who are losing their jobs because of cutbacks on aerospace and defense systems are getting very unhappy;

But a vast army of unemployed whiz-brains is the natural result of our continuing mania for "higher" education for all.

Common sense, if more of it was available, would tell us that the law of supply and demand is about to create more job openings at higher wages for good auto mechanics, short order cooks, etc., than for Ph.D.s, space scientists and computer custodians.

Will We Join the Parade When Fair Time Arrives?

Everyone loves a parade, and the excellence of Collingsworth County Fair parades is recognized area-wide.

But do they thrill us enough to get out and build a float...to go to the trouble to see that our business or our organization is represented in some manner in the parade when it rolls onto the square Friday, September 8?

Every business and group, both adult and youth, is eligible to be a part. Our participation is essential if that parade is to be the kind that the Fair deserves. And the Fair is only three weeks away.

This year, could some arrangement be made for these beautiful floats to be parked near downtown for the remainder of the day? Although the beauty of some of them depends on the lovely young women and children riding on them others deserve more attention than just once around the square. And many visitors would like to be able to take a second look.

Life Span Shrinking

In spite of the miracles of medicine and all the comforts that an industrial nation can provide, life expectancy of the average U.S. man has decreased. The World Health Organization reports the American male's life span was down from 66.7 years to 66.6 for the 1958-68 period.

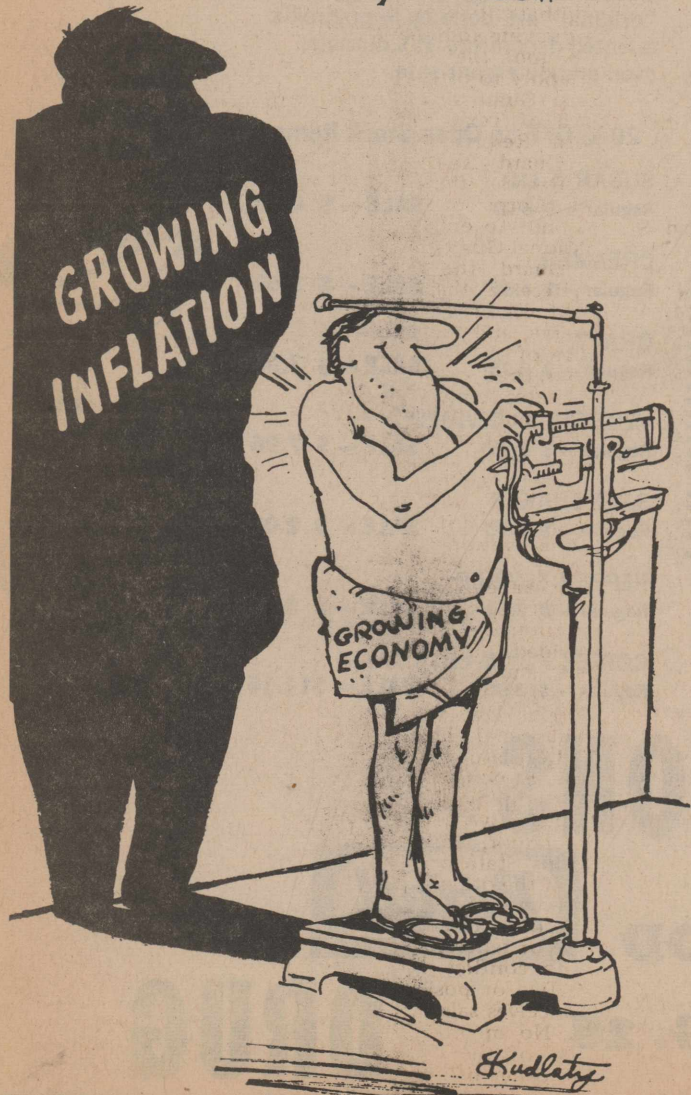

Men in the Netherlands, New Zealand and some other nations live considerably longer. Men in Sweden have the longest lives, with an expectancy of 71.8 years.

While citizens of industrialized nations such as the U.S. appear to be outliving all others, life expectancy in the developing nations is increasing substantially. The male expectation of life in Chile, for instance, increased from 53.8 years in 1958 to 58.7 years in 1968.

U.S. health authorities had no immediate comment on the report. But we will wager that increased tensions from a more sophisticated life, and softer living by most people have contributed greatly to the declining life span.

Proposed
CONSTITUTIONAL AMENDMENT
NUMBER 4 ON THE BALLOT (HJR 61)
General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article XVII, Constitution of the State of Texas, be amended by adding a Section 2 to read as follows:

"Section 2. (a) When the legislature convenes in regular session in January, 1973, it shall provide by concurrent resolution for the establishment of a constitutional revision commission. The legislature shall appropriate money to provide an adequate staff, office space, equipment, and supplies for the commission.

(b) The commission shall study the need for constitutional change and shall report its recommendations to the members of the legislature not later than November 1, 1973.

(c) The members of the 63rd Legislature shall be convened as a constitutional convention at noon on the second Tuesday in January, 1974. The lieutenant governor shall preside until a chairman of the convention is elected. The convention shall elect other officers it deems necessary, adopt temporary and permanent rules, and publish a journal of its proceedings. A person elected to fill a vacancy in the 63rd Legislature before dissolution of the convention becomes a member of the convention on taking office as a member of the legislature.

(d) Members of the convention shall receive compensation, mileage, per diem as determined by a five member committee, to be composed of the Governor, Lieutenant Governor, Speaker of the House, Chief Justice of the Supreme Court, and Chief Justice of the Court of Criminal Appeals. This shall not be held in conflict with Article XVI, Section 33 of the Texas Constitution. The convention may provide for the expenses of its members and for the employment of a staff for the convention, and for these purposes may by resolution appropriate money from the general revenue fund of the state treasury. Warrants

shall be drawn pursuant to vouchers signed by the chairman or by a person authorized by him in writing to sign them.

(e) The convention, by resolution adopted on the vote of at least two-thirds of its members, may submit for a vote of the qualified electors of this state a new constitution which may contain alternative articles or sections, or may submit revisions of the existing constitution which may contain alternative articles or sections. Each resolution shall specify the date of the election, the form of the ballots, and the method of publicizing the proposals to be voted on. To be adopted, each proposal must receive the favorable vote of the majority of those voting on the proposal. The conduct of the election, the canvassing of the votes, and the reporting of the returns shall be as provided for elections under Section 1 of this article.

(f) The convention may be dissolved by resolution adopted on the vote of at least two-thirds of its members; but it is automatically dissolved at 11:59 p.m. on May 31, 1974, unless its duration is extended for a period not to exceed 60 days by resolution adopted on the vote of at least two-thirds of its members.

(g) The Bill of Rights of the present Texas Constitution shall be retained in full."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment providing for a constitutional revision commission which precedes the convening of the members of the 63rd Legislature as a constitutional convention in January, 1974, for the purpose of submitting to the voters a new constitution or revisions of the existing state constitution."

General Election November 7, 1972

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Section 2, Article VIII, Constitution of the State of Texas, be amended to read as follows:

"Section 2. (a) All occupation taxes shall be equal and uniform upon the same class of subjects within the limits of the authority levying the tax; but the legislature may, by general laws, exempt from taxation public property used for public purposes; actual places of religious worship, also any property owned by a church or by a strictly religious society for the exclusive use as a dwelling place for the ministry of such church or religious society, and which yields no revenue whatever to such church or religious society; provided that such exemption shall not extend to more property than is reasonably necessary for a dwelling place and in no event more than one acre of land; places of burial not held for private or corporate profit; all buildings used exclusively and owned by persons or associations of persons for school purposes and the necessary furniture of all schools and property used exclusively and reasonably necessary in conducting any association engaged in promoting the religious, educational and physical development of boys, girls, young men or young women operating under a State or National organization of like character; also the endowment funds of such institutions of learning and religion not used with a view to profit; and when the same are invested in bonds or mortgages, or in land or other property which has been and shall hereafter be bought in by such institutions under foreclosure sales made to satisfy or protect such bonds or mortgages, such exemption of such land and property shall continue only for two years after the purchase of the same at such sale by such institutions and no longer; and institutions of purely public charity; and all laws exempting property from taxation other than the property mentioned in this Section shall be null and void.

(b) The Legislature may, by general law, exempt property owned by a disabled veteran or by the surviving spouse and surviving minor children of a disabled veteran, a disabled veteran is a veteran of the

armed services of the United States who is classified as disabled by the Veterans' Administration or by a successor to that agency; or the military service in which he served. A veteran who is certified as having a disability of less than 10 percent is not entitled to an exemption. A veteran having a disability rating of not less than 10 percent nor more than 30 percent may be granted an exemption from taxation for property valued at up to \$1,500. A veteran having a disability rating of more than 30 percent but not more than 50 percent may be granted an exemption from taxation for property valued at up to \$2,000. A veteran having a disability rating of more than 50 percent but not more than 70 percent may be granted an exemption from taxation for property valued at up to \$2,500. A veteran who has a disability rating of more than 70 percent, or a veteran who has a disability rating of not less than 10 percent and has attained the age of 65, or a disabled veteran whose disability consists of the loss or loss of use of one or more limbs, total blindness in one or both eyes, or paraplegia, may be granted an exemption from taxation for property valued at up to \$3,000. The spouse and children of any member of the United States Armed Forces who loses his life while on active duty will be granted an exemption from taxation for property valued at up to \$2,500. A deceased disabled veteran's surviving spouse and children may be granted an exemption which in the aggregate is equal to the exemption to which the decedent was entitled at the time he died."

Sec. 2. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held on the first Tuesday after the first Monday in November, 1972, at which election the ballots shall be printed to provide for voting for or against the proposition: "The constitutional amendment allowing certain tax exemptions to disabled veterans, their surviving spouses and surviving minor children, and the surviving spouses and surviving minor children of members of the armed forces who lose their life while on active duty."

Sec. 3. The foregoing constitutional amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the first Tuesday after the first Monday in November, 1972, when the ballots shall be printed to provide for voting for or against the proposition "The constitutional amendment to provide that directors of soil and water conservation districts shall be disqualified from holding or being compensated for more than one office."

Commissioners Hear Historical Report

The Commissioners Court Monday, August 14, heard a report from the Collingsworth County Survey Committee of its past year's work, along with a request for inclusion in the 1973 county budget.

A \$300 item to continue the committee's work was included in the tentative budget.

Representing the Historical survey group was Mrs. Clyde Drake, committee chairman; Earl Hunter, Mrs. John Holton, and Mrs. Boyd Derryberry.

This committee, Mrs. Drake pointed out, is appointed by the Commissioners court.

Here are some of the highlights covered in the report:

The \$100 contribution to the Texas State Historical Foundation has been made which gives the local group the status of Texian members. Besides providing affiliation with the official Texas historical body, it also gives access to a considerable body of information and to consultation with museum professionals.

Two members of the Texas State Historical Survey Committee have come to Wellington, Bob Watson, who is in charge of field operations, and Dan Traverso, museum consultant.

With the court's endorsement, the historical survey committee sponsored the organization of the Collingsworth County Historical Museum and conducted a membership drive

Martin Interns With Parsons

Don Martin, a student in the Pharmacy School of Southwestern State College, Weatherford, Oklahoma, is doing his internship at Parsons Drug, Sandy Parsons said.

which netted more than \$3,000 and brought evidence of wide community interest.

A museum association was organized, by-laws were adopted, the state charter and federal income tax exemption status were obtained.

A Memorial fund was set up, with Kelso Funeral Home named to receive monies.

"These can be in memory of people living, dead or those long dead. Or memorials can be given to honor entire families," Mrs. Drake pointed out.

A system of registering artifacts was set up to cover both those that are loaned and those that are given to the museum. High School girls have assisted in this work.

Two traveling museum cases were made and the exhibits in each of these changed three times, Mrs. Drake reminded.

One of the major projects of the Historical Survey Committee was the production of the musical drama which told the story of Collingsworth, "Man & Land & Love," which was given in October 1971.

This will be repeated October 21, 1972.

"The Committee's archives are growing. New tapes telling the story of early life in the county are being made. Stories, folk lore and local history are continuously being collected," said Mrs. Drake.

At present, Mrs. Bill Boston is working on early land grants and patents in the county and collecting biographies of early settlers.

Mrs. Hubert Bowen is collecting local family genealogies.

Mrs. Dalton Vaughan and Mrs. Wilbur DePauw are securing the biographies and records of doctors and veterinarians who have served in Collingsworth County.

Mrs. Barbara Williamson is in charge of collecting old photographs, with emphasis on school pictures. These may be given to the museum or loaned for reproduction. This does not harm the pictures, it was explained, and they will be returned to the owners.

Boys Ranch 28th Rodeo Will Be Held Sept. 3-4

The only rodeo of its kind in the nation will be held over the Labor Day weekend, September 3 and 4.

It will be the 28th annual Boys Ranch Rodeo at Cal Farley's Boys Ranch, where approximately 10,000 people are expected for the two performances. More than 150 boys will be riding calves, steers, brahma bulls and bucking broncs. Older boys will compete on professional rodeo stock with judging under R.C.A. rules. All of the 375 boys who make their home at the Ranch will have some part in the rodeo, either as contestants or working in the many, behing-the-scenes activities.

Both performances of the rodeo will begin at 2:30 on

Sunday and Monday afternoons with music provided by the Boys Ranch band. An added attraction will be big bar-be-que sandwiches that will be prepared and sold by the boys for only \$1.00. The rodeo is also a traditional homecoming for the more than 2,500 boys who lived at the Ranch since it was founded by Cal Farley in 1939.

Reserve box seat tickets for \$2.50 are available at the Boys Ranch office, 600 West, 11th Street in Amarillo, or can be obtained by writing to Cal Farley's Boys Ranch, P.O. Box 1890, Amarillo, Texas, 79105. General admission will be \$1.50 for adults and 75¢ for children.

ORIGIN OF BUNKUM
Felix Walker, a Congressman of the 1820s, became known as "old oil-jug" because of profuse speeches made for Buncombe County in his North Carolina district. The words "bunkum" and "debunking" derive from his loquacity.

Texas Alligators Make Comeback

AUSTIN - The alligator in Texas is making a comeback.

Thanks to a combination of state and federal laws which make the interstate transport and the possession of alligator hides illegal, more and more Southeast Texans are reporting the big reptiles in their ponds and lakes.

This resurgence of alligator populations increases for the alligator, and one state, Louisiana, has even proposed removing some of the restrictions on killings 'gators.

If the population continues to increase and expand its range, a limited harvest might become feasible.

At the present, however, past losses still need to be recovered.

The alligator comeback is heartening news to conservationists who, just a few years ago, feared that the great beasts were being driven to extinction by poachers and disappearing habitat.

The habitat is still disappearing, and biologists say alligators as well as other species of wildlife will suffer as a result. However, poaching activity was effectively stymied by the new laws governing the possession of alligators and their skins.

It is a criminal offense to keep a live alligator without a permit and to possess a hide except as a finished product.

The Texas Parks and Wildlife Department estimated that there were approximately 10,000 alligators in Texas in 1966, with a slow decrease in the numbers. At one time in Texas alligators probably numbered in the millions.

No one knows how many 'gators there are in Texas now, but a survey taken last fall in several southeastern counties

Dangers from Mercury Not Really Great

AUSTIN — Headlines about the dangers of mercury poisoning do not tell all the story, according to information from the Texas Parks and Wildlife Department.

The department is distributing a reprint from the Los Angeles Times written by Dr. Fredrick Stare, chairman of the Department of Nutrition at Harvard University.

In the article Dr. Stare said the recent discovery of mercury levels in some tuna and swordfish has sent a panic wave through the ranks of many who ought to know better.

"For years we and many others have been teaching about the fine nutritive qualities of fish and its value as an important part of diets designed to lower the cholesterol level of the blood and hence help prevent or postpone the onset of our most common type of heart disease," said Dr. Stare.

He pointed out that while 600,000 Americans die annually from heart disease, there has never been a symptom of injury, let alone a mercury-related death in this country from eating fish.

"The widely heralded case at the Bay of Minamata in Japan where deaths occurred from mercury poisoning resulted from an unfortunate combination of circumstances," said Dr. Stare. "A plastics plant emptied mercury residue right into the bay; those who

were affected ate an average of half a pound daily of the contaminated fish, and it is believed that some of them were workers in the plant where they also came into contact with the mercury. Levels of mercury in these fish bore no resemblance to levels present in the fish we consume."

According to Dr. Stare, mercury occurs in our environment naturally, in sea, soil and food -- all foods. It has probably always been in our environment.

"The important thing for us to do is to lessen and prevent increased pollution of the environment, not only with mercury but with other substances," he said.

THE CLOUDBURST that hit Snyder last week and caused flash flood warnings along the Double Mountain Fork of the Brazos River brings nearer home a summer of peculiar and disastrous weather. Since the middle of June three separate regions of the United States have been ravaged by torrential rains that caused over 500 deaths with property losses mounting into billions of dollars.

THE WORST disaster in lives lost was the one in Rapid City, S.D. on June 9 when a dam broke and 236 people were drowned or killed and over 3,000 were injured. Shortly after there was another storm in California and one in Hong Kong on the other side of the world. These three storms were what the meteorologists call local.

HURRICANE Agnes, which struck the Florida coast on June 18 and ended in Maryland, Pennsylvania and New York a week later was of vast proportions. Agnes was considered a dry hurricane at the start. She turned out to sea over South Carolina and tried to reform three times and failed. Then another storm formed over Maryland and took over the moisture brought north by the tropical storm Agnes and dumped it on the Eastern states. It was one of those chance occurrences that make predicting the weather unpredictable.

HERE at home our spotted showers continue to form their erratic patterns. Many places have had ample moisture and on the whole the crops are wonderful; but there are spots that are dry. Monday an innocent single cloud formed southwest of Wellington and moved over the town leaving an inch of rain in about 30 minutes. As it moved northeastward toward Salt Fork, it could be seen that it was no more than two miles wide if that much. There was only a sprinkle a mile and a half east of town.

LAST YEAR it was Quitaque and Turkey that consolidated to form the Valley School. Now it is McLean and Alanreed that are talking of consolidation. In fact it has gone farther than talk for petitions have been sent to the county judges of Collingsworth, Wheeler, Gray and Donley. It makes you a little sad to think of a school losing its identity; but in the face of a declining rural population it seems to be the only

MRS. HELEN HARDIN

Helen Hardin Nursing Center Administrator

Mrs. Helen Hardin of Shamrock has assumed duties as administrator of the Wellington Nursing Center, according to an announcement by Walter P. Blevins and Floyd M. Yates, owners.

The 80-bed facility, located at 16th and Childress Streets, is nearing completion.

Mrs. Hardin formerly was employed at the nursing center in Shamrock.

She is a graduate of Carney High School, Central City Commercial College and the American Medical Record Association School for Medical Record Personnel. She completed a special course of instruction in nursing home operation required by the State of Texas and is attending classes at Amarillo College. She is an accredited Record Technician and licensed as a Nursing Home Administrator.

Mrs. Hardin has been a legal secretary, title abstractor, and was a medical record librarian at Shamrock General Hospital.

She is the wife of Guy Hardin, District Attorney of the 31st Judicial District, and has 5 children, four girls and a boy.

Mrs. Hardin is a member of the Business and Professionals Women's Club, the Rebekah Lodge No. 386, and the First Baptist Church of Shamrock.

Money premiums are confined to those divisions in which boys and girls participate.

way to provide an adequate education for the children.

IT DOES not seem possible for it to be that time again; but students know it. School starts here next Monday.

Services Held Wednesday for Paul Holley

Funeral services for Johnathan Paul Holley, 62, of Guymon, Oklahoma, were conducted at Kelso Chapel at 3:00 p.m. Wednesday, August 16. Burial was in North Fairview Cemetery.

A former county resident, Mr. Holley died at Guymon, Monday, August 14.

Born May 30, 1910 at Forrestburg, he was the son of the late Mr. and Mrs. T.F. Holley. The family lived in the Lilly community and also at Dodson for a number of years.

Survivors include four sons: Thomas F. Holley of Denison; William D. Holley of San Francisco, Calif.; Paul D. Holley of Guymon and Ronald S. Holley of Atlanta, Ga.; two daughters, Mrs. Nancy Lee Hedrick and Mrs. Jean Van Ordon of Dallas; and two sisters, Mrs. George W. Howard of Wellington and Mrs. Paul Wofford of Marfa.

Loco, however, got only two cotton showers, however about three miles to the east, one-half inch was measured.

Rain was stopped in the general Dodson area but measured up to more than one inch.

North of Salt Fork, one inch was measured at Lutie and 1.2 at Samnorwood. East of Lutie, however, it dropped to .7, and to the northeast about one-half inch.

Farther northeast, along Elm Creek more than an inch was received.

SAMNORWOOD

There has been no change in plans for the opening of the Samnorwood School, announced last week by Supt. Rex Peeples.

The faculty was completed early with one new teacher, Mrs. Karon Matthews, who will teach English and music, and direct a new chorus.

One adult course will be offered through the co-operation of the school and Amarillo College, automotive mechanics, taught by a faculty member, Zeldon Jenkins.

they were picked up, the sheriff said.

Mr. Rainey said they were wanted in connection with the burglary of Dolly's Gun and Boot Shop, and in addition to shotguns and rifles, a television and stereo tapes were taken. The latter were then sold in Pampa.

The guns recovered here included a 12-gauge shotgun; a 30-30 Winchester, a .308 calibre rifle; .306 Remington pump gun; .22 lever action rifle, and another .308 rifle, according to records in the Sheriff's department.

Three other men have been involved in the case. One of these was picked up in Odessa and several guns recovered, Sheriff Rainey said, and another was arrested at Hollis.

Visiting Mrs. J.B. Clark last week was a grandson, John King of Abilene. He had been to Vega where his parents, Mr. and Mrs. C.E. King, are moving from Bledsoe. Mrs. King will teach at Morton.
