W. H. MORELOCK MEETS WITH LOCAL CITIZENS TO DISCUSS WAR SURPLUSES

WILKINSON HEADS COMMITTEE TO DIRECT ACTION

In a meeting here with county and school officials and representatives of local organizations, Monday, December 4, H. W. Morelock, president of Sul Ross College, discussed plans for applying the Surplus Property Act passed by Congress on October 3, 1944.

A steering committee appointed by those present at the meeting consisting of R. S. Wilkinson, chairman, R. E. Corder, and Tom Holley will direct efforts towards determining the need of surplus war equipment in county and school agencies. The committee will call on help from other interested organizations in its investigation of the

HE GROWS THEM BIG

Proof that turnips grow large in Terrell County was at hand this week when M. H. Goode, Sr. brought to the Times office a turnip grown on his ranch that weighed six and one-eighth pounds. The turnip measured 23 inches in circumference, and to be sure that no doubt was created as to what it was Mr. Goode left the tops on. Otherwise someone might have figured it was somekind of an underground melon. A number of smaller turnips were brought along with the big fellow and the editor knows that they were of good quality.

Before joining the Air Force on June 13, 1942, Jimmy was employed as a cowpuncher by the late Jesse Henshaw. He arrived in Italy January 1, 1944.

Bob Lea, Seaman Second Class, was recently made a platoon commander with two other men of his class, and afterwards was sent to platoon instructor's school in Maryland. Bob says that it is rather cold up there, but he likes it. He is looking forward to when he can come home.

John Fisher Charlton, AMM Third Class, his brother, Fred Charlton, AMM First Class, and Lt. W. J. Ferguson, Jr., had

"THE MUSIC MAKERS", TRIO OF GIRLS, TO PRESENT CONCERT HERE DEC. 13

The third program in the Southern Assembly Series, "The Music Makers", will be presented Wednesday evening, December 13, at 8:00 o'clock in the Sanderson High School Auditorium. It has been announced.

"The Music Makers" are three young women musicians who will give a concert consisting of solos and ensemble numbers on the marimba, violin, and piano. The selections have been chosen for their brilliancy and melody.

Star of the program will be Miss Doris Stockton of Chicago, "America's First Lady of the Marimba", playing a magnificent \$2,000 Deagan-Imperial instrument. Her musical education was started when she was seven, on the piano, and recently Miss Stockton won first award in an eighteen-state contest of marimba artists. She has also

possibilities of the surplus buying program.

A Summary of what the speaker presented for discussion at the meeting is as follows: "The money for the purchase of this material came from the taxpayer's pocket at every level of society, and some of it should be returned to him. Because of the demands of war, all city, county, and State agencies have been denied many necessities for carrying on a program which is complementary to the democratic way of life. The immediate education of veterans under the terms of the GI Bill is an obligation our country owes these men and women. They cannot be properly educated for the new day unless they are provided with adequate equipment. The GI Bill makes no provision for providing equipment in keeping with the needs of the veterans. Much of the surplus war material will function better in the schools than in the reconversion of industry back into normal channels. It is important that our country stimulate the morale of all the people during the lull period after the war. It is just as important to civilization that the educational forces of the world be organized for definite objectives as it is that the political, economic, and labor forces be co-ordinated. The government should allocate a large part of the surplus war supplies to educational purposes, and only by the thorough organization of each community right now can we direct the flow of these goods to our tax supported institutions at a reasonable cost, thereby preventing speculators from selling it to us later on at an exorbitant price."

Those present at the meeting besides H. W. Morelock were Mrs. Hugh Rose, Tom Holley, O. H. McAdams, Mrs. J. H. Lochausen, and O. T. Sudduth.

Mrs. Tommy Billings and son, Gerald Thomas, returned Tuesday from Austin where they have spent a month visiting with her sister, Mrs. Thomas Seale, and Mr. Seale.

Mrs. E. W. Hardgrave left Sunday for Port Lavaca, where she was called on account of the death of her aunt, Mrs. A. Pennington.

Lt. Colbert Coldwell of Ft. D. A. Russell was a business visitor here Monday.

Mrs. Ervin Grigsby spent Thanksgiving in Sterling City with her parents Mr. and Mrs. J. L. Glass. She was met in Fort Stockton Sunday by Mr. and Mrs. W. J. Ferguson who returned her home.

Mrs. Jimmie Hatchell returned Friday from several days visit in El Paso with friends.

Victory Concert To Be Staged Dec. 14 At High School

Admission Will Be War Bond or Stamp Purchases

With a view to helping raise Terrell County's \$90,000 quota in the Sixth War Loan Drive, Sanderson High School has made plans for presenting a Victory Concert on Thursday evening, December 14, at 8:00 o'clock in the High School Auditorium. Admission will be the purchase of a bond or war stamps.

To be arranged along the lines of past successful bond-selling concerts, this Sixth War Loan Drive concert will consist of special numbers by the band, the girls' chorus, the boys' glee club, and several grade school numbers, all under the rehearsal and direction of Miss Marion Brieger, band instructor.

School-sponsored Victory Concerts have been remarkable for their bond sales in other drives, and C. P. Peavy, Terrell County Chairman of the Sixth War Loan Drive, urges citizens to help make this forthcoming one successful by giving the musicians a full house.

Presbyterian Ladies Meet Monday With Mrs. R. S. Wilkinson

The Presbyterian Auxiliary met November 27th in the home of Mrs. R. S. Wilkinson. The minutes were read and the roll called by the secretary Mrs. C. C. Mitchell.

The devotional leader, Mrs. John Byrd, gave a discussion on Evangelism. The program leader, Mrs. Mitchell discussed "The Bible in Shoe Leather". In her speech she quoted the saying "England has two books, one which she has made and one which has made her—the Bible and Shakespeare."

The hostess served a salad plate and hot tea to the following members: Mesdames W. R. Holland, N. E. Charlton, Byrd, A. F. Gholson, E. F. Pierson, Mitchell, and a guest Mrs. Joe Galbraith of Del Rio.

Mr. and Mrs. W. M. Druse returned Saturday from San Antonio where they visited with Sgt. and Mrs. Troy Druse and where Mr. Druse received medical attention. They were accompanied home by Mrs. Druse who will make her home here for the duration.

Miss Madge Conger spent the Thanksgiving holidays in Balmorea and Pecos visiting with relatives and friends.

Mrs. H. E. Werneking and children and Staff Sgt. Thomas E. Lambert returned Saturday from Sayre, Oklahoma where they had been visiting their grandparents Mr. and Mrs. T. J. Jackson. They were accompanied home by a cousin Miss Madge Jackson.

Mr. and Mrs. C. B. Cochran went to San Antonio Monday, where Mr. Cochran will receive medical attention.

Mrs. Rosetta Parsons returned to her home in Springfield, Ohio, after a week's visit here with E. B. Litton and family.

Mrs. Lee Grigsby and Mrs. Walter Grigsby went to Dallas last week to be at the bedside of Mrs. Lee Roy Grigsby who is in a hospital there. Mrs. Lee Grigsby returned home this week, but Mrs. Walter Grigsby remained for a longer visit.

Mrs. S. L. Stumberg, who recently underwent an operation in a Del Rio hospital, was returned home Wednesday.

Mrs. James Caroline and son, Jimmie, spent Thursday through Sunday of last week in Pecos visiting with relatives.

WHITE BEAR

White Bear is the name of a man, a full-blood Quapaw Indian who is living now. His home is at Quapaw, Okla., where he is well and favorably known for miles farther than his neighbors can see the smoke from his tepee. The word tepee is not literal, of course. White Bear has a comfortable home, children and grandchildren to brighten his declining years. He is past 70.

White Bear's small income from oil royalties has shrunk lately to a bare subsistence. He shared his wealth, when he had it, freely with people less fortunate than he, red men and others. Some grandparents live in the past, but not White Bear. He has remained interested in things, probably because of his youngest child, an only son. The boy was a true Quapaw brave, in fact, a paratrooper.

Once to Every Man

Finally to White Bear's fire-side came an ominous little yellow envelope... a telegram from the War Department. The son had liquidated his obligation to the country that was verily his own. The tragedy took place in training maneuvers near Des Moines, Ia. White Bear hesitated no minute after the news came. Promptly he drew his savings from the bank, all of them, and boarded a bus.

At Des Moines a businesslike officer showed White Bear his son's pall. The proud father was ashamed. The casket seemed far too cheap for one so great and noble as an American paratrooper, a Quapaw full-blood. White Bear spoke his mind and the officer told him how much the government would pay toward a more pretentious funeral. The old tribesman took the suggestion and accepted the credit.

Honor to Whom Honor

At home the young brave had been prominent and popular, loved and admired by many. He must now return like a hero. Handsome things the father desired cost \$72 more than the government's fixed amount. White Bear paid without protest. Then, leaving shipping instructions with the officer, the unhappy father disappeared. Out toward the highway he went without a dollar to thumb rides home in time for the funeral.

Forget for a moment those jaunty horsemen of the plains whose hats retarded the Gold Rush. Forget also the colored tales of modern Osages rolling in wealth. Here is something more nearly true: Specimens of a vanishing race, sore of foot and dim of vision, trudging homeward hungry, quite ignored by hurrying traffic; a stranger in native West, too proud to beg, too honorable to steal.

Help At Extremity

South of Kansas City a short way, White Bear's time was more than half gone, his vitality almost depleted and his journey not yet half finished when help came. A suburbanite who had seen Indians before, sparing his tires along the highway's outer lane, saw the old man with perceiving eyes; dismissed him two hours later, strengthened with a \$2 steak and humbled with a ticket home.

How ideally American is this elder of the Quapaws. From his eyes no gauzy tears, no simpering about economic inequalities, no railing at "the system," no carping about rigid Army rules. With admirable independence he faced what might have been his last crisis, alone, with bitterness toward none. Warmed by neighborly interest however, his faltering English was eloquent to glorify his scion, his state and his race.

Miss Edith Cameron spent Thanksgiving with relatives in Ballinger.

Uvalde Leader-News—Central Power and Light Company's new frozen food locker will be open for public inspection Saturday, Dec. 9. J. A. Smylie, CPL manager, announced this week.

The Sabinal locker plant, built in connection with the CPL ice plant, contains 280 frozen food lockers. Of these, 168 are of the door type and 112 of the drawer type. Each locker has more than five cubic feet of storage space and will hold from 250 to 300 pounds of meat when it is properly cut and packed.

Fort Stockton Pioneer—Architect's plans and specifications for two construction projects to provide needed classrooms at two Fort Stockton schools have been ordered by the trustees of the Fort Stockton Independent School District, and arrangements also have been made for preparation of a "master plan" on which to chart future school expansion and keep current construction correlated to a long-range program.

Fort Stockton Pioneer—The Fort Stockton City Council last week approved plans for the purchase for \$2,800 of lots west and north of the City Hall to provide space for the future expansion of the City Hall, and to permit access of fire trucks on to Nelson street.

At the same time the back 50 feet off one lot and an area of 10 by 50 feet at the back of another lot, lying next to the alley between Nelson and Main Streets at the rear of the Presbyterian church, was selected by church officers to provide space for building of Sunday School rooms and an educational building by the church.

Fort Stockton Pioneer—Fort Stockton's most important construction projects since building of Gibbs Field facilities here in 1942 were placed under contract this week after a low bid was filed by E. O. Davis Construction Company of Houston, in a downtown Main Street building of R. E. Ellis for the Wilson Department Store and on a double business building on Nelson Street near Highway 290 for Royce Coleman.

Big Bend Sentinel, Marfa—An early morning fire at Fort D. A. Russell, Wednesday destroyed about one-half of the Service

Club building, near the entrance to the Post, and caused some damage to the remainder of the building and contents.

The alarm was answered at 6:30 with both the Post firemen and the Marfa Volunteer Fire Department making the trip to fight the fire. The furniture in the wing of the building that was burned also was destroyed. The kitchen and game room were housed in the portion of the building that was lost.

Alpine Avalanche—One dozen new chemical guns, being used against coyotes very successfully in Colorado and other western states, are being tried out this week on the Gene Benson ranch in the Nine Point mountain section of Brewster county, according to Frank Newsom, county agent, who is supervising the trial. The chemical gun is a modern invention, new to this section, where the coyote "shoots himself." The guns were baited out the first of the week and will be checked at regular intervals for results.

AN AMERICAN WAR PRODUCTION RECORD THAT DESERVES TELLING . . .

On December 14, at 3:00 o'clock in the afternoon, the men and women of Humble Oil & Refining Company will pause in their work to commemorate, in appropriate ceremony, a feat unparalleled in the petroleum industry: The production of ONE BILLION GALLONS of finished 100-octane aviation gasoline at the Baytown refinery.

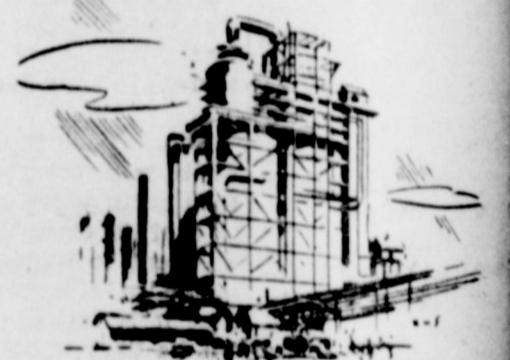

This accomplishment merits special commendation, because it climaxes 25 years of development, planning, and teamwork of a great organization. The cooperative effort of Humble employees has brought about a uniform progress in all phases of the Company's operations which has enabled them to establish remarkable records in finding, producing, transporting and refining petroleum during a critical period in the history of our nation.

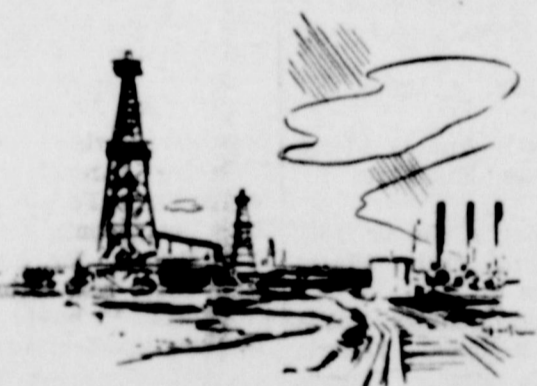

Humble research and development, in progress for many years before Pearl Harbor, made possible these accomplishments and contributed greatly to the total production of toluene, and the tremendous quantities of finished 100-octane aviation gasoline required by our Armed Forces.

Baytown Ordnance Works, first synthetic toluene plant in the world, has supplied toluene for at least one out of every two bombs used by the United Nations since Pearl Harbor. For this production feat, Baytown Ordnance Works has five times been awarded the Army-Navy "E".

Baytown Refinery has made one billion gallons of finished 100-octane aviation gasoline—more than has been produced by any other plant in the world. The world's first commercial alkylation plant was built at Baytown in 1938. The alkylation process is the very backbone of 100-octane aviation gasoline production by the entire petroleum industry.

Humble Oil & Refining Company is the nation's largest producer of crude oil, and is currently supplying about one-fourth of the increased production required for war, as measured by the gain since 1941.

Through the facilities of Humble Pipe Line Company, there is being transported more oil than is being carried by any other system in the country. Nearly 700,000 barrels move daily through Humble pipe lines—one-seventh of all the oil production in the United States.

United in a great singleness of purpose, 14,000 Humble men and women are devoting themselves to the task of providing vital petroleum products for war, looking to the day when their 3,000 fellow employees and all their comrades in arms will return.

OPEN HOUSE AT BAYTOWN REFINERY—DECEMBER 14-17

So that one of America's great war plants may be seen in action, Baytown Refinery is holding open house from Thursday, December 14, through Sunday, December 17. The story of the refinery at war will be told by dramatic exhibits of petroleum war products and a great Army and Navy show of war machines and materials. Specially conducted tours will take Humble's friends and neighbors into the heart of the refinery itself.

ON TO TOKYO!

Let's all get behind the greatest march in history—the march to Tokyo—and victory!

On countless invasion fronts, thousands of your fighting men are taking up the battle cry: "On to Tokyo!" We've got to back them up with what it takes for complete victory. Remember, the supply lines in the Pacific are long and your fighting men will need more materiel than was required for the entire European invasion to crush the Jap foe.

Let's Echo that cry with BONDS!

Our boys won't quit until they've reached their goal. Let's not stop buying Bonds until we've reached ours! In this 6th War Loan Drive, the Nation's goal is \$14 billions... our individual job is to buy at least an extra \$100 Bond... another and then another... let's keep on going... let's keep on buying... let's keep on saying it with Bonds... "On to Tokyo!"

CAUTION

(Copied from Saturday Evening Post)

"The public must come to know that the cost of eye comfort is not the price of glasses. Most of them think glasses are a commodity, without giving credit to the important professional factors that is a public welfare service, supplied by a specialist that can furnish the scientific professional services".

We suggest

Thanksgiving dinner together in the Hawaiian Islands. In a letter written on the 27th of last month, John said that Fred was on his way home. Fred has served in Hawaii for two and one-half years.

Private Pablo L. Pena, stationed at Fort Benning, Georgia, attending parachute school has won the right to wear the "Wings and Boots" of the U. S. Army Paratroops. He has completed four weeks of jump training during which time he made five jumps, the last a tactical jump at night, involving a combat problem on landing.

Cpl. D. E. Smith, who is stationed at Camp Crowder, Missouri, writes to the Irvin Grigsby's: "Have been exceptionally busy since becoming a member of Cadre Co. duties—8 hours of school daily. Cadre meetings and night school once per week keeps one's time fairly well occupied. Had hoped to get a furlough, but the possibility is remote just now, since quite a number have been removed from instructing personnel. News seems to be very good, and it appears there may be a possibility of this conflict terminating especially in Europe. Surely hope you are doing fine. Malcolm Davis and myself are spending the day in Neosho. Go to church here most every Sunday."

Flight Officer John Hardgrave, stationed somewhere in Italy, writes his parents on November 5: "I haven't had a chance to write lately because I have been gone. And when I

say gone I mean that I was almost gone. I am now a member of the Caterpillar Club. In case you don't know what that is, well, I had to hit the silk. It is a very comforting fact to know that you have a chute on and it works when you jump. I saved the silk, so I will now have lots of material for scarfs and whatever else I want to do with it. I can't tell you any more right now, but some day I will be able to. I visited Paris one day, but I didn't get to stay there long enough to see the town. It was pretty nice from what I saw, though I was glad to get back. The only trouble with France is that everyone speaks French, and I can't understand it. I can understand a little Italian, but my Spanish gets in the way when I try to speak it."

From the First United States Army Headquarters overseas notice is received that Lieutenant Colonel Joel L. Cochran, Medical Corps, U. S. Army, has been awarded the Bronze Star Medal. The citation is as follows: "For meritorious service in connection with military operations against the enemy as Chief of the operations section, 97th evacuation hospital, semi-mobile, from June 17 to August 30, 1944, in France. Lt. Col. Cochran skillfully examined incoming battle casualties and prescribed the necessary medical treatment. His expert recognition of immediate surgical cases saved the lives of many American soldiers. The keen foresight and sound professional judgement of Lt. Col. Cochran reflects credit upon himself and the military service. Courtney H. Hodges, Lt. General, U. S. Army, Commanding."

Cpl. Laurence Janes, stationed at Clovis, N. M., and a friend spent the week-end here visiting his sister Mrs. Herman Couch. Mr. and Mrs. Couch took them to Ft. Stockton Sunday, and they returned to Clovis from there.

★ TERRELL COUNTY HEROES ★ ☆☆ IN SERVICE ☆☆

WILLIAM ELBERT LEA, JR.

Was born December 18, 1913, in Alpine, the son of Mr. and Mrs. W. E. Lea. When he was four years of age he moved with his parents to Sanderson and has made this his home since that time. He graduated from the Sanderson high school with the class of 1933, later attending Sul Ross at Alpine. Prior to his enlistment into the armed forces January 14, 1943, he was employed with the T. & N. O. railroad out of Sanderson. He entered the services January 19, five days after he enlisted, at Houston. On the 21st day of the same month he reported to Norfolk, Va., for his preliminary training. From there he went to a post in California, and on May 1, 1943, left for overseas duty. On May 10 he landed in the Aleutians, returning to the States November 13, 1944. After a visit with his parents in Sanderson he was stationed in Rhode Island, but only recently has been transferred to Camp Parks, California. Bill, seaman second class, is a water tender serving with the Seabees.

You can't wipe this out with your tears!

BUT BONDS WILL HELP YOUR BOYS DO IT!

Your fighting men are paying back the Japs for Pearl Harbor, that "deed that will live in infamy." But it's a long way yet to Tokyo—where the final installment will be collected.

We, at home, can't fight shoulder to shoulder with our boys. Yet we can help today by getting behind the 6th War Loan Drive with every dollar we can scrape together. This is every American's war. Buy an extra \$100 Bond—and don't wait till you're asked. For we've a tough job ahead.

Your Bonds prove that you

haven't forgotten Pearl Harbor, Bataan and the thousands of other crimes against humanity by the Jap hordes. Your Bond is an installment on what it's going to cost us to crush the Japs in the long sea lanes of the Pacific—it's going to take more superfortresses at \$600,000 each, more P-47 Thunderbolts at \$50,000 each—more of every type of material.

And remember, when you buy Bonds you are saving for your future and the future of your country. Don't put it off—buy that extra Bond today.
