MILES RESIGNS AS TRUSTEE

Teacher Contracts Renewed by Board

Slaton School Board president Joe Miles resigned as a trustee Tuesday night after the board had elected teachers for the 1969-70 year, adopted new textbooks, and discussed several other items in a relatively short session.

Miles, whose term expires in April, resigned ahead of time after Supt. Lee Vardy reported that Mrs. Miles was being considered for employment in the business office. With Miles on the board, his wife could not be legally employed by the school district. After Miles' resignation was accepted, the board approved the employment of Mrs. Miles.

Lillian Lockett, longtime secretary in the school tax office, has retired, and she will be replaced by Mrs. Miles.

During the discussion of the election of teachers, Mrs. Virgie Hunter, principal at Stephen F. Austin school, was extended a two-year contract. School principals were given three-year contracts last year, and this places Mrs. Hunter on the level with other principals in the system. All teacher contracts were renewed except two.

The school textbook committee, composed of 18 teachers, submitted a list of books to be approved for the new school year. Trustees approved the books after a brief discussion.

Trustees again discussed the policies of professional consultation and continuing contracts for teachers, after receiving a request from the Slaton Classroom Teachers Association concerning the matters. The board postponed any action, deciding to see if the Legislature acts on the proposals.

Dr. Vardy briefly discussed a proposed sex education course for the public schools. The board is taking the proposal under consideration, as well as a proposed citizens' advisory

committee to work with the program. A proposal by Slaton Tiger Club on securing a weight machine for the athletic department was discussed, and the board agreed to decide the matter by the next meeting.

The board approved monthly bills. All members were present with the exception of Dr. M. J. McSwain. Others present at the meeting were R.C. Hall Jr. and O. G. Nieman.

Girl Scout Cookie Sales Begin Today

Girl Scouts of the Caprock Council will begin their annual cookie sale today.

Girl Scouts in the 18 county council will be selling the cookies through March 14. The price will be 50 cents per box. Around 6,000 girls will be selling five kinds of cookies: chocolate mint, assorted sandwich, butter cookies, peanut butter sand-wiches, and koko cookies.

Profits from the sale are divided between the troops and Council. Council profits will be used for building and improving Camp Rio Blanco.

Camp Rio Blanco is the camp for the entire Council. It is located northeast of Crosbyton. Summer sessions will begin in June. Each session will be based on the Girl Scout Program in the out-of-doors. Camp activities include crafts, hikes, swimming, songs, campfires, cook-outs, nature study and star gazing. Six sessions are scheduled for girls of various age groups.

While girls are selling cookies they will wear their Girl Scout uniforms or pins. A two-week campership for Camp Rio Blanco will be awarded to Girl Scouts who sell 350 boxes of cookies, or more. Girls selling 100 boxes will receive a "Cookie Patch" for their uniform. Those selling 25 boxes of cookies will receive a "Certificate of Merit."

Mrs. Phil Brewer, 385 W. Crosby, Girl Scout neighborhood chairman for Slaton, will hold a neighborhood meeting tonight in her home beginning at 7:30 p.m. All interested adults are invited to attend. Brownies and Girl Scouts will attend a Slaton church in a group Sunday in observance of Girl Scout Week.

COOKIE SALES BEGIN--You can help the Slaton Girl Scout troop go to camp this summer by purchasing cookies, and if they smile like the four girls above, it is going to be hard to turn them down. Brownies will also be selling the cookies. Pictured, left to right, are Felicia Little, Brenda Bownds, Raynie Hardesty and Teresa Wright. (Slatonite Photo)

BURGLAR WELCOMES NEW CHIEF

Wilson Couple Retires From Postal Service

Pat Campbell, postmaster of Wilson, and his wife retired last Friday from the postal service with a combined total of 54 years of service.

Jim Coleman, who has been named officer in charge, received a rude welcome to the post Tuesday morning when he discovered the Wilson Post Office had been burglarized Monday night.

Coleman said the door on the walk-in vault had been torn off and the burglar or burglars attempted to cut into the safe. He said \$120 was taken from the money drawers in the vault but the postal stamps in the safe were not touched.

Campbell was appointed to his position on March 17, 1941, serving 28 years and Mrs. Campbell has served as regular clerk for 26 years, beginning on July 1, 1943.

Campbell has not only served faithfully as postmaster, he has been active in civic affairs, helping Wilson any way he could. He has served as treasurer of the First Baptist Church there for many years.

During his tenure of service, he said he had seen several changes in services offered and rate changes. He remarked, "probably the biggest change was zip code dispatching of mail."

One noticeable change affecting Campbell personally, was the difference in salary. He said, "You know, my income withholdings this year were greater than the total salary paid when I began in 1941."

The Campbells took a short pleasure trip before opening a cotton office located next to the Wilson State Bank. No one will argue they were due some time off. They turned back a combined total of 4,140 hours of sick leave when retiring from the post office.

The Campbells expressed their appreciation to all the employees at the post office

for their cooperation and help, and too, a thanks to the patrons for the help they have given them over the years.

Coleman, who has been farming near Wilson, said the new postal clerk is Arlene Heck.

Eight Candidates Announce For Four City Posts

City voters will be assured a choice in three races coming up on the ballot Tuesday, April 1, and the filing date closes today on the special election for Ward 2 which will be held Saturday, April 5.

J. W. (Curly) Martindale, a former city commissioner, tossed his hat into the ring last week to make the mayor's race a three-man affair, Jonas Cain, incumbent, and Dr. David Hughes had filed previously.

Developments in the Ward 1 commissioner's race saw J. S. Edwards Jr. as a new candidate the past week. His entry put three in the race with Elford Stricklin filing first, then Edwards and the incumbent Hugo Mosser. However, Stricklin withdrew his name Tuesday, and he will not be on the ballot.

Henry Bollinger, the incumbent, and Floyd Guelker will be the candidates in Ward 3. Guelker had filed last week, then Bollinger announced for re-election this past week.

The special election in Ward 2 came about when Dr. Hughes resigned to enter the mayor's race. Otis Neill is the one candidate to file for the post up to press time Wednesday. Deadline for filing is today (Thursday) at 5 p.m. The election in this ward will be held April 5.

Absentee voting in the city election will be conducted beginning March 10.

Dallas Grid Star To Appear Here

Dan Reeves, popular football star of the Dallas Cowboys, will be guest speaker for the annual All-Sports Banquet, sponsored by the Slaton Tiger Club, it was announced this week by president Bob Kern.

The banquet is scheduled March 14 and tickets will go on sale Monday. The annual banquet will be open to the public. Price of tickets and site of the banquet are to be confirmed at a meeting of the Tiger Club tonight in the Reddy Room.

The Tiger Club arranged the appearance of Reeves with Gifford - Hill-Western, Inc., a company which Reeves is employed with during the off season. The banquet honors high school lettermen in all sports.

Other features of the banquet include the induction of new Tiger Club officers, presentation of the "most valuable player" award by coaches, and the "Fighting Tiger" award presented by The Slatonite.

Glen Akin has been named as the club's new president, while Kenneth Henderson and Skip Tumlinson are the vice presidents, and Bud Englund is sec-

retary-treasurer.

Reeves was the "big-play" man before an injury sidelined him the past season. He came on strong in his second season to lead the Cowboys in rushing with 757 yards in 1966. A gliding type runner who uses his 4.7 speed in the 50 to great advantage, Reeves came from the free agent ranks as an ignored quarterback.

The 6-1, 200-pound Georgia native played at South Carolina, where he was a second-team choice in the Atlantic Coast Conference. He and his wife, Pamela, have a son and a daughter.

Police Report Quiet Week on Docket

City police reported another relatively "quiet" week Wednesday.

Patrolmen made 24 jail arrests the past week and issued 55 traffic tickets. Charges of carrying a prohibitive weapon were filed against Ray Dell Thomas, 25, Lubbock.

The magical show is billed as one with "comedy, suspense and magnificent spectacles, the result of a lifetime of accomplishment."

Lions Stage Show Slated

The "Virgil and Julie" presentation of "One Fantastic Night" will be presented on the Slaton High School auditorium stage Saturday at 2 and 8 p.m. under sponsorship of the Slaton Lions Club.

Tickets for the stage show are on sale by Lions Club members, and will also be available at the door. Admission is \$1.50 for adults and 75 cents for students Saturday night. Matinee tickets are \$1 and 50 cents.

Light Moisture, Cold Weather Recorded Here

March came in "like a lion" and Mr. Groundhog's predictions proved correct, according to weather conditions around the Slaton and South Plains area the first week of the month.

After a light shower Sunday morning, a frigid cold front moved into the Slaton area around 3 p.m. Sunday. Temperatures dipped below the freezing mark, with a low of 30 recorded Sunday and 28 degrees on Monday morning.

The week's low came Tuesday morning, however, with a reading of 22, accompanied by light snowfall. There was not enough snow to cover the ground, however. The maximum temperature Tuesday was only 35 degrees.

A threat of heavier snow failed to materialize Tuesday night, and fog and a light drizzle greeted Slaton residents early Wednesday morning.

NO ORANGE EYE

Due to Lions Club activities planned Friday and Saturday nights, The Orange Eye will not be open this week. The youth coffee house will plan to open next Friday night, however.

It's a woman's WHIRL

WW

Monday night, being working night for the Niemans, we rushed off to junior high at 7:30 p.m., thinking we could meet our sons' teachers, visit a little and be back to work in less than an hour. But, we were enjoying Public School Week open house so much we stayed until closing time at 9:30.

Since living in Slaton this was the first time open house had been held at night instead of during class time. If every one else feels like we do, the night open house will be an annual thing. I even heard several parents wishing there would be open house after the first six weeks of school so problems could be discussed early in the year.

Parents hear the same thing over and over. . . "If you are interested or have any question about your child's work make an appointment with the teacher". But if you have a child who is making A's and B's, most parents are hesitant in taking a teacher's time. But maybe a three minute visit on open house night can enlighten a parent and reveal to him why the child isn't doing better work.

Anyway. . . we're glad we went. I understand there isn't an open house at night at high school because so few parents show enough interest to attend. I would like for the high school to give it one more try next year like junior high did this year.

If you are interested in seeing our library progress then you will want to renew or join the Friends of the Library. The annual membership drive is being conducted this month. The Friends have accomplished great things during the past year. To join or renew just clip the form out of today's Slatonite and mail. Mrs. Hall will mail you a membership card.

A LOVE-IN OR A SIT-IN...

Frankly we don't think much of the semantics but when it comes to the function, we can take care of the needs.

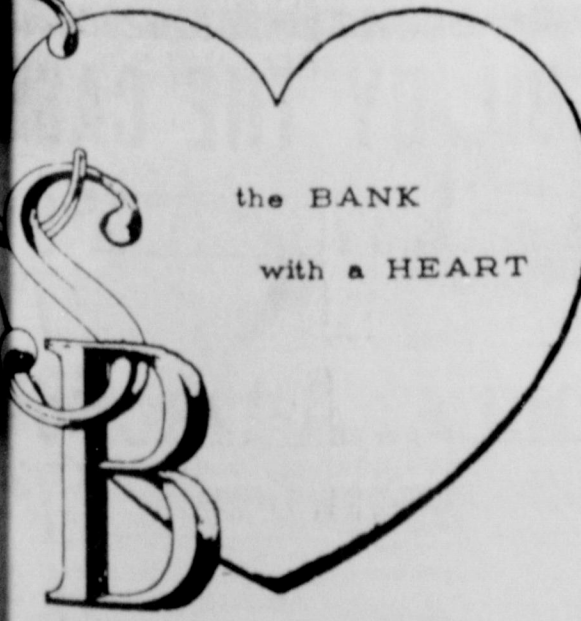

We have just received half a truck of brand new seating pieces and among them are sofas with matching love seats that we are very enthusiastic about.

The first person to see these bought a love seat, and that's the beauty of it. You can buy a sofa or a love seat or two matching units, and the price is very modest.

Be sure to see our east window where we have a display of some of these. We think you will be as impressed as we are.

50 YEARS LATER SLATON MA RECALLS WORLD WAR I ACT

It will be 50 years on March 13 since Edward Buxkemper wrote an article for the Colorado County newspaper when he was stationed in France during World War I.

Now 78 years "young", Buxkemper, who has "personality plus", strolled into The Slatonite this week with the article and gave us permission to use it. Mr. and Mrs. Buxkemper live on Route 2, Slaton and have lived here since 1925.

Buxkemper entered the army on June 24, 1918. He said "I kissed my mother good bye" and she said "dodge those bullets". As the article reveals, Buxkemper served in the veterinary corps. He said he remembered many a night when a train load of horses would arrive and he would get up in the middle of the night to work on them. Some nearly starved, bloody, and always dirty, he said it wasn't much fun but it was a job that had to be done.

Mr. and Mrs. Buxkemper will celebrate their 50th wedding anniversary October 7.... "The Lord willing". He was discharged from the service on

July 10, 1919 and married his pretty bride in Columbus, Tex.

The couple has four children, 26 grandchildren and four great-grandchildren.

The newspaper article begins with Buxkemper telling about his trip going overseas by ship. After being there six months, he said he had only seen two days of sunshine. They left Camp Lee, Va. on Oct. 13 and arrived at Brest, France on Oct. 26.

Following are some of the paragraphs written by Buxkemper:

"I shall never forget how the French looked to me, nearly all the boys and girls, also the old folks, had on wooden shoes. It was quite a sight to me to see them use two wheel carts instead of wagons like we are use to.

After marching five kilometers to Orlanzen Barracks -- called a rest camp, we stayed five days and then went to Brest to help unload lumber from a Norwegian steamer.

We left Brest Nov. 1 and went to Greveliers about 200 miles away. This is a great base section for the service of supplies. Here is where the great warehouses for the A.E.F. are located. They have enough supplies here to feed the whole American Army for 6 months.

We stayed there 5 days and helped the 11 Vet. Hospital to attend to their horses. They had on hand about 220 head and needed our help. There is also a large Remount in connection at that place.

We have been in Lux, France, since Nov. 14. We had to build our hospital and roads. It was raining every day. We have our hospital in good shape and sent out lots of horses and mules.

It costs the government \$168 per ton for hay and about the same for oats, so you see it is quite expensive to feed horses over here. Besides, every horse cost on an average about \$650 there, so it is very necessary for us to have our Veterinary Hospital to try to save the horses.

We now have on hand about 1200 head, I understand that the French are going to buy all the good horses that we have on hand. They use the are not fit to use. I noticed where the can soldiers name girls. I cannot use they will fall for guard the American far superior to the We are going to in vegetables, so are going to have if we stay during Here is hoping the joy summer time home state and of the world, America. Hoping this will and all my good and enjoying life. With my Pvt. Edward Buxkemper

Amistad Dam Now Ready for Anglers

With water backed up more than 150 feet deep behind the 99 per cent completed Amistad Dam, Slaton fishermen suddenly find themselves with a big new fishing hole.

The huge dam has been placed across the Rio Grande by the United States and Mexico near Del Rio. That's only 318 highway miles from Slaton, not far at all according to standards by which distance is measured in the wide open spaces of West Texas.

Development of Amistad National Recreational Area is already underway.

It is expected to attract two million visitors a year from all over the United States and beyond.

Many of these will be traveling through Slaton, which is on Highway 84-206-277, a direct route to Lake Amistad. Thus, Lake Amistad will have a healthy impact on Slaton's economy as well as providing new recreational opportunities for the enjoyment of citizens here.

Already, the fishing is terrific. Anglers are harvesting full limits of bass, running from two pounds up.

Lake Walk and Devil's Lake, long popular with fisherman in the Slaton area, are now submerged below the waters of the huge new reservoir. They have become the Devil's Arm of the big new Amistad, which has emerged as the hottest winter fishing spot in the area.

Because these lakes were already well stocked with 22 different species of fish and because the Rio Grande has long been famous for its mouth cats, fishermen at Amistad did not have to experience the long wait that is customary before new reservoirs become producers of keeper-size fish.

By last fall, Amistad already had good fishing and it has continued to get better as rising waters have spread over thousands of acres of rugged rangeland.

The lake is readily accessible and convenient to nearby Del Rio, a border city with facilities of all types to accommodate the visitor.

MEMO FROM MAC

R. B. (MAC) MCALISTER
State Rep., Dist. 76, Place 3

When the first gallon of water reaches West Texas from the Mississippi in decades to come, the initial drink should be reserved for Representative Bill Clayton of Springlake. This week Bill brought forth House Joint Resolution Number Nine before the House. This is the beginning of a long road that will end in prosperity for West Texas as never known before.

Yours truly after sampling sentiments over the house is optimistic, not only about the legislative passage of the water program, but also approval of the constitutional amendment in November 1970.

The mail is plentiful these days on almost all subjects from eggs to education, but the one deep down thought in the minds of every Lawmaker is where shall tax dollars come from to create nearly three billion dollars in the next three years. This problem is prevalent throughout the nation.

Don't be surprised if revolutionary suggestions are aired in the near future. One veteran Lawmaker said, "A state income tax is coming just as surely as the sun will rise tomorrow morning". Nobody is in favor of it, but where else is the money to be found?

This reporter and Representative believes there must be a method found to lower ad valorem taxes and relieve the burden of the consumer. When the small man reaches a point of no return in our system, it is not long before our economy sags.

Any tax you have on tax sources, no matter how different they may be for goodness sake tell me about them. One little idea by one sincere citizen can change the world, at least a bit.

WHO CAN BELONG TO THE SLATON CHAMBER OF COMMERCE?

All business and professional men and women engaged in producing and distributing goods and services can logically be expected to support the Chamber of Commerce. Four Candidates File For Wilson School Board

The Wilson School Board met in regular session Tuesday, Feb. 25. In other action the board approved the adoption of new

textbooks for 1969-70 school year as recommended by the textbook committee. The board also approved a one day trip to Carlsbad Caverns for the seniors on their Senior Day.

Terms of board members Jiggs Swann and Dale Zant are expiring. Jiggs Swann who is the board president has indicated that he would not file for re-election. Dale Zant has filed for re-election. Others filing are Roy Lynn Kahlich, Mrs. Loyd Anders, and Tommy Bednarz. The election is to be on Saturday, April 5.

Action and not just words - - that's a philosophy this newspaper has long endorsed. And it's the philosophy that has guided the Girl Scouts throughout their 57 years.

Today the Girl Scouts are underlining this philosophy with action that is important to every American. They are intensifying their efforts to find members and leaders; not just in middle class suburbia, but in hard core poverty areas. Their hope is to build bridges of friendship, through Girl Scouting, between the inner and outer cities of our nation.

It's possible that the communication gap which separates these two areas of our society may be bridged better by young people than by adults. The reason is that today's youth is trying to recognize essential values, and to reject the superficial differences that separate people.

We think the Girl Scout effort deserves commendation. In this 57th year of their existence, they are proving a greater force for good than ever, and we hope their example is followed by all Americans.

Police Chief Brings Rotary Program

Slaton Police Chief Walter Head was guest speaker for the regular weekly luncheon meeting of the Rotary Club last Thursday in the Community Clubhouse.

Head discussed some changes in laws which have been requested by the Texas Police Chiefs' Association, including one which would deny bail to certain people. The chiefs would like to see bail denied to those who are charged with a felony, then charged with another felony while out on bail.

The officers are also hoping to see the law changed so that the judge automatically sets the punishment in all cases except

capital cases where the state is asking the death penalty. Another change sought is set up procedures by which oral confessions could be used as evidence.

Head also answered questions during a brief question-and-answer period of the program. Tommy Wallace was program chairman for the week. Several guests and visiting Rotarians were introduced at the meeting.

Visitors in the Dick Evans home last weekend were his brother, Mr. and Mrs. Terry Evans of Amarillo.

ABC Rodeo Slated In Lubbock

LUBBOCK -- Fess Parker, Television's Daniel Boone, will headline the 27th annual ABC Rodeo here March 19-22, it was revealed last week.

Parker, who heads his own empire of business activities, will be featured at all four performances, slated at 8 p.m. daily in Municipal Coliseum.

More than 150 of the nation's top cowboys are expected to sign up for the competition. Cash prizes totaling nearly \$12,000 in purses and added money will be up for grabs.

Tickets may be obtained at Rodeo Headquarters in Pioneer Hotel, or at Brook's, Furr's, Piggy Wiggly, United and Safe-way supermarkets, all western stores and at Tech Drug.

Reserved seat tickets are

priced at \$3 and \$4. General admission tickets are \$2.50 for adults and \$1.75 for students. Children 12 years and younger will be admitted for \$1.25.

Charles Perry, ABC Rodeo chairman, said Wilbur Plaugher, actor and often a Rodeo performer, would return as clown. Clem McSpadden, Oklahoma legislator, again will serve as announcer. J. W. Stoker's trick roping act also will be featured.

Elra Beutler and son of Elk City, Okla., will produce the 1969 Rodeo.

Perry said most of last year's National Champion Cowboys would be featured, along with the title contenders and leading money winners for this year.

A Parade, slated at 4 p.m. on opening day, officially will launch the 27th annual event. Don Workman is parade chairman.

In addition to Parker and the other stars, added entertainment features will be announced at a later date, Perry said. Parker, the star of this year's rodeo, wears many hats

in the show business world. He is an Actor, Writer, Producer, Director, Singer and Composer and heads Fespar Enterprises.

He has just signed a new contract for RCA records, and recently announced one of his most ambitious projects, Frontier Worlds, a \$13.5 million theme amusement park to be built in Boone County, Kentucky.

A native of Fort Worth, "Daniel Boone" of TV grew up in San Angelo. He attended Stephen F. Austin Grammar School there, and later went to San Angelo High School where he starred on the football and basketball teams. He planned to play football at the University of Texas, but an injury kept him out of the sport.

Prior to his hit Television show, Parker starred in several Major Movies, including a half-dozen for the late Walt Disney. Later, he signed with Paramount where he starred in such films as "The Hangman," "The Jayhawkers," and "Hell Is For Heroes."

Scout-O-Rama Set April 12

Cub Scouts, Boy Scouts and Explorers will show Scouting to their families, friends and the public on Saturday, April 12, from 1 to 8 p.m. when Scout-O-Rama 1969 is presented at South Plains Fairgrounds Coliseum in Lubbock.

"Scouting in Action" will be the theme of the show with booth demonstrations by the boys displaying and otherwise showing off their skills, crafts, hobbies and talents.

Scout-O-Rama has several purposes. One is to show the public what Scouting is and does, and another is to give Scouting units and opportunity to create program activities and to whip up enthusiasm for a special project while doing so. Still another is to give boys and units an opportunity to earn prizes and commissions through the sale of tickets.

A special feature of the show this year will be "Windmills to Aerospace", booths portraying the history of West Texas.

Slaton 8th In Track Meet

The Slaton Tiger track team, weakened by the flu bug and the "retirement" of most of its seniors, finished in 8th place at the Littlefield Relays Saturday.

It was the first meet of the season for Coach Gene Franklin's cindermen, and the team goes to the Denver City meet this weekend.

Junior Jimmy Rogers led the Tiger effort at Littlefield by winning second in the pole vault, and taking 5th places in the broad jump and high jump. Ed Cristan, lone senior on the team, placed 4th in the mile run.

Olton won the meet with 135 points, and Seminole was runner-up with 97.5 points. Slaton had 18 points for 8th place, trailed only by Muleshoe. Slaton took only six boys to the first track meet.

Slaton two top quarter milers last year have bypassed the sport this season. Richard Washington and Jim Williams were 1-2 in the district meet last season, and Washington won third in the state meet.

Two Tigers On All-District Team

Two Slaton High Tigers have been named to the north zone District 3-AAA all-star squad as selected by conference coaches.

Richard Washington, high-scoring senior, and Larry Moore, a big junior, were Slaton's representatives on the team. Washington was also recently named to an All South Plains AAA team.

Champion Dunbar of Lubbock dominated the selections, placing four players on the 11-member team. Coaches were to pick 10 but a tie resulted in 11 players on the team. Slaton, Levelland and Estacado each had two on the team, and Littlefield placed one.

Washington was one of the top scorers in AAA action, tallying 666 points for a game average of 24.2 this season. Moore was the second leading scorer for Slaton and was the top rebounder on the team. The junior cager averaged 14.2

points a game and averaged about 10 rebounds in each contest.

Dunbar players honored were seniors Frank Melton, Allen Newman and William Baldwin, and junior Marc Wilson. Levelland had senior Mike Dukes and junior Charlie Flowers, and Estacado placed senior Homer Morse and junior Lasel Green. Littlefield landed Roy Burke.

In other business at the district meeting, Brownfield requested and was voted permission to compete in the north zone of basketball next year. Lamesa and Sweetwater led the selections of the south zone All-Star team with three each. Colorado City had two; Snyder, Brownfield and Lake View had one each.

Girl Scout Week, March 9-15

Around 6,000 girls of the Caprock Girl Scout Council will join almost three and three-quarter million Girl Scouts throughout the country in celebrating Girl Scout Week from Sunday, March 9, through Saturday, March 15.

"Values to Hold-Worlds to Explore" is the theme of Girl Scout Week and of the Girl Scouts' 57th birthday March 12. This date marks the anniversary of the first meeting of the first troop organized in Savannah, Georgia, by Juliette Gordon Low, founder of the movement in the U.S.A.

Since that first troop of a few girls, more than 22 million members have made the Girl Scout Promise to do their duty to God and Country, to help other people at all times, and to obey the Girl Scout Laws of loyalty, honesty, courtesy, cheerfulness, usefulness, kindness, and thrift.

This year Girl Scouts are focusing their attention on "Worlds to Explore." Troops across the country are being encouraged to explore the world of themselves and that includes fashion, food and fun as well as their futures.

Special days are earmarked throughout Girl Scout Week to illustrate the various aspects of the Girl Scout program. Members of Caprock Council will observe the week in a variety of ways.

In observance of Girl Scout Sunday, March 9, local Girl Scouts will attend church as a group.

SUNDAY'S SERMON

PERIL WITHIN

Our military might and consumer buying power have made Americans the envy of nations and individuals around the world. Yet, as the long, hot summer drags on, it is evident we are not inhabitants of an earthly paradise.

We need, perhaps, to strengthen our moral fiber. This will not be an overnight process. It must begin with an "old-fashioned" approach to life.

One may argue for hours about the causes and the undercurrents which spawn chaotic conditions in our great cities. But there is nothing new here. These conditions have existed for some time.

What is much newer and a more relevant sign of moral decay, is the increase in youthful lawlessness, youthful belligerence, youthful scorn for respected traditions and institutions.

We are speaking, of course, of a small minority of today's young people. But the sad truth is that the number is increasing and our nation must contend with too many unpredictable, irresponsible and immature young adults.

Antidote: Education of parents as to the basic responsibilities of parenthood as regards discipline, social and religious guidance.

It is a pressing need.

Mrs. George Evans of Slaton and her son, Lawrence of Lubbock, attended funeral services in Amarillo Saturday for Mrs. Evans' sister-in-law, Mrs. H. L. Henderson, Mr. Henderson is Mrs. Evans' brother. Mrs. Henderson passed away last Thursday night following a lengthy illness. Mrs. Evans returned home Sunday afternoon.

Unity

"Behold, how good and how pleasant it is for brethren to dwell together in unity."

— Psalm 133:1

The ideal world is one in which all men believe in the principle of brotherhood. Wise men have worked for such a world of peace almost since time began.

In these modern times, there is much talk of religious unity. Whether or not this shall be achieved, we do live in a world more enlightened, more tolerant than that which was shared by our ancestors.

In any event, each man better himself and better the world when he seeks to live in peace, in unity with his fellow man.

University Interscholastic League contests will soon be held. Students are given opportunities to compete academically, gain greater knowledge, and win scholarships.

When the word "competition" is mentioned, we immediately think of sports. Sports are important during school days to develop body and spirit. Academic competition is important to test our minds and determine our knowledge and weaknesses. Through preparation, our knowledge is increased. In all the fields of competition, you must study to do well on the tests.

These scholarships will pay much of the expense for college. They are offered in many fields that could provide a college education for students who would otherwise be unable to attend.

There are many other benefits in interscholastic League. Students can meet other students from different backgrounds and with different goals. We can express our opinions and learn different viewpoints.

There will be many students from Slaton High School who will compete in these contests. Any interested student is urged to participate. Let's encourage these students to represent our school well.

Scholarship Opportunities

More than \$134,000 in scholarship opportunities will be awarded to winners of the 1968-69 University Interscholastic League Activities.

All who apply for Texas Interscholastic League Foundation Awards must meet the following requirements: Graduate during the current year; compete in State Meet academic contests or rank as runnerup in regional meet; submit College Entrance Examination scores, or equivalent; have complete application in League office by June 1.

Each applicant should read the announcements carefully, noting special requirements or restrictions of each award. Awards will not be given to students planning to attend junior colleges, except the Pryor awards. Some require students to select certain majors.

Applicants should consider these points carefully. Students who competed in past State meets as underclassmen and who are now being graduated may also apply.

A DAY WITH AN SHS STUDENT OR: WHY YOUNG PEOPLE

My day usually starts as I hear the alarm and knock it off my desk. I then roll back in bed and sleep until I am rudely awakened by my mother. The dog jumps on my bed and I am refreshed by the cool wetness of his tongue as he licks me in the face. I pull the cover over my head.

The sun is steaming in through the windows and I throw off the cover. I find a black cat staring into my eyes and purring. I pick up the alarm clock and notice the time. It is now 7:15 a.m.

I throw on my robe and rush to the breakfast table. My eggs are cold and my milk is warm. I gulp them down and run to the
