# Wolves to take on Rangers

## *Perryton presents big challenge*

The bi-district champion Colorado Wolves begin preparation this week for the Area Championship game with the Perryton Rangers Friday night at 7:30 p.m. in Plainview.

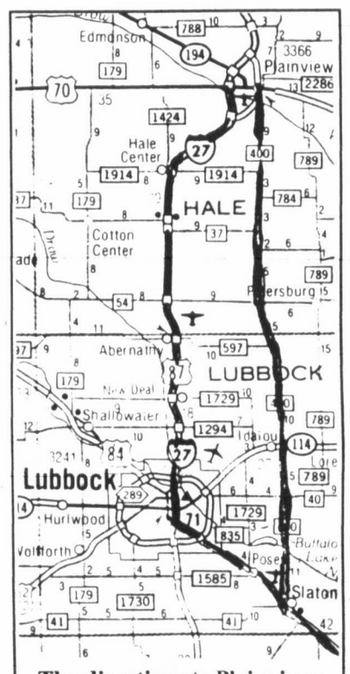

Colorado City (9-2), and winners of eight straight games tackle the upstart Rangers (8-3) for the first ever meeting between the schools. The Rangers knocked off highly rated Denver City (10-1) last Friday.

Two of Perryton's three losses came at the hands of 4A Borger and Dumas. Both of these 4A schools are still in the playoffs. The Rangers only district loss was to eventual District Champion (1-3A) Friona. Friona was ranked 5th in state when they defeated Perryton 21-14 several weeks ago.

Perryton will run from the wing T offense, that features the power running of tailback Allan Atkinson. Atkinson has rushed for 1489 yards this season on 211 carriers and is averaging 7.1 yards per carry and has also scored 20 touchdowns. Atkinson is being heavily recruited by several Big 12 universities. Atkinson, a 180 lb. senior caught the eye of the Wolves' headman Bill Grissom while he was watching film, and looking over the scouting report on Perryton. "Gosh, he's a strong, powerful runner. We've got to stop him if we want to be successful Friday night. Perryton is a good, quick team both offensively and defensively. Atkinson and Shawn Eckhard are both hard, fast runners. They like to run Atkinson on the counter and power sweeps. Their offensive line is very quick off the ball."

Look for a 187 lb., senior

# Westbrook and Sands to battle Friday

The Westbrook Wildcats made school history last Friday night in Klondike when they advanced to the Area round of the state six man playoffs with a convincing 52-6 win over Ropes.

The victory over Ropes advances the Wildcats to the second round (area) of the playoffs for the first time.

Westbrook re-instituted their football program in 1993 after a 50 year absence. In 1995 the Wildcats lost to Sands 49-42 in the Bi-district round. Westbrook will attempt to avenge that loss when they meet Sands in the area round of the playoffs this Friday night at Klondike.

Sands finished their regular season at 9-1 with their only loss coming at the hands of state ranked Grandfalls-Royalty 66-38 in the Mustangs season opener.

The Mustangs are coached by Billy Barnett who is not only Head Coach and athletic director but serves as the assistant principal at the school. He feels his team will be severely tested this week.

"I feel like Westbrook is the best team we have faced this year," said Coach Barnett. "They cover the field real well and have so many different

## Wolves Regional Play-off Game

If the Wolves win Friday night's play-off game against Perryton, they would be pitted against the winner of the Breckenridge-Bridgeport contest. The Breckenridge Buckaroos are 11-0 and ranked #4 in the state and are the favorite. The contest would probably be held at Shotwell Stadium in Abilene next Friday or Saturday.

If Bridgeport wins, the game has been set for 7:30 p.m. Friday in Brownwood.

## Wildcats Regional Play-off Game

Should Westbrook win Friday night against Sands they would play the winner of the Lazbuddie-Follett game. Indications are the game would probably be held in the Lubbock or Amarillo area depending on the opponent.

# Prison decision to come Friday

Colorado City could get word Friday on whether it will be the site for the next round of prison construction.

The Texas Board of Criminal Justice meets Friday and is expected to give the go-ahead for construction on two and possibly three high security facilities.

Representative Rob Junell said during a Veterans Day speech here last week that a legislative meeting Monday to discuss prison expansion would precede the prison board's meeting Friday.

Predicted space problems in the prison system are a result of fewer inmates getting out of prison early, officials say.

"While adult crime is down, parole release is down from 79 percent in the early 1990s to 15 percent now," said Junell.

Colorado City was one of eight towns chosen in December, 1995 for an administrative segregation unit. Lamesa and Wichita Falls were selected by the prison board in July of this year as sites for new 660-cell facilities.

Along with Colorado City, other towns in the running for the next selection are Woodville,

# Fire destroys home

An early Saturday morning fire north of the I-20 state park exit and Farm-to-Market Road 2836 destroyed the home of Monty and Joyce Rich.

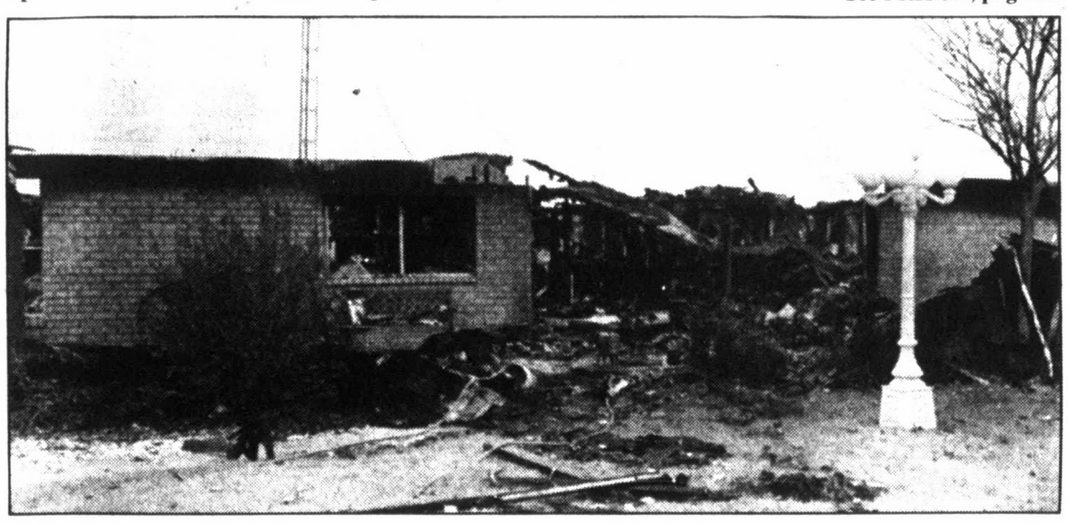

According to Mitchell County Sheriff Patrick Toombs, a traveler from Dexter, N.M. saw the smoke from I-20, knocked on the door to wake up the couple and used his cellular phone to call 9-1-1 around 2:30 a.m. At the same time, Monty Rich woke up to the smell of smoke and discovered that the electricity was off. He found smoke in the front part of the house and then heard the traveler beating on the door.

The fire had engulfed the house when Colorado City volunteer firefighters arrived. Westbrook and Loraine fire departments also battled the blaze. According to reports, more than 40,000 gallons of water were used to fight the fire.

Fire Marshal Billy Ray Williamson said the fire apparently started in an attached storage shed that contained heat lamps for pets and flammable materials, then spread to the attic and the rest of the house. A portion of the house was from an old T & P railroad house. Highly flammable treated lumber from the railroad section of the house combined with delays in getting water hampered firemen's efforts, Williamson said.

No one was injured in the fire. However, the couple lost almost all their belongings. A community shower will be held for the Rich's Saturday, Nov. 22, at 2 p.m. at the Westbrook School Cafeteria. Organizers

# Garage sale ordinance discussed

After a lengthy discussion of the pros and cons of regulating garage sales, Colorado City council members failed to approve a new ordinance by a split 3-3 vote during Tuesday's council meeting.

Councilmen Walt Staats, Bob Reily and A.W. Rowe voted in favor of the ordinance. Mayor Jim Baum and Councilmembers Faye Ross and Sammy Contreras voted against it. Councilman Gary Redwine was not present.

City Attorney Tom Rees and Police Chief Pat Taylor drafted the ordinance after researching ordinances in other towns.

"The occasional sale is meant to be a wholesome, all American enterprise for people but we have to have a law to enforce for those who abuse it," said Rees.

"People can say they're having a garage sale and it lasts a month. You can put a stop to it with this ordinance," Rees told the council.

# Two new businesses to open in C-City

## *Family Dollar*

Plans are underway for a Family Dollar store to open in the former Perry's store in January, a Family Dollar district manager said Monday.

"We were shooting for December but now it looks like Jan. 8 is the latest date for opening," said Steve Prunty, Family Dollar district manager in Odessa.

Family Dollar and other retail operations bid on 60-some Perry locations when Perry's decided to close their doors this fall.

Prunty said that Family Dollar had been looking at locations in Colorado City for several years.

"Then this opportunity opened up," said Prunty.

More details on the opening will be announced in the next few weeks.

## *Alco*

An ALCO Discount Store will open in May at 2000 Hickory Street, Duckwall-ALCO Stores, Inc., officials announced Thursday, Nov. 13.

Construction is expected to begin in December on the building that has a gross size of 22,300 sq. feet. The sales floor will be 18,000 square feet.

The deadline for bids for all scopes of work on the project has been extended from Friday, Nov. 14 to Friday, Nov. 21.

"We are very confident that the new ALCO store's selections, quality and prices will meet the needs of shoppers in

# Drug-related money confiscated

Mitchell County lawmen confiscated $8,100 in a drug-related seizure after stopping three Oklahoma City travelers on I-20 Friday.

According to Department of Public Safety Trooper Mark Negri, a car traveling westbound on I-20 was stopped for speeding violation at 10:25 a.m.

The two men and one woman in the vehicle were traveling from Oklahoma City to Juarez, Mexico. Investigating officers were Trooper Negri, Trooper Shane Johnson and Mitchell County Sheriff's Deputy Kevin Frizzell.

After receiving conflicting statements from the three, troopers gained written and verbal consent to search the vehicle and found $8,400 in a fast food paper bag under a cupholder.

A drug dog from Big Spring "alerted on the car's console where the money had been concealed," said Negri.

"We separated the money into $100s, $20s and $10s and put it into three envelopes. The dog alerted on the envelopes with $100s and $20s, totaling $8,100," said Negri.

The dog did not indicate that the ten dollar bills had been in contact with drugs. No arrests were made and $300 was returned to the trio, Negri said.

"State statue allows us to seize cash we can relate to contraband," he said.

The money will be filed by District Attorney Mark Edwards for a forfeiture hearing. If the district judge rules the seizure as a legal forfeiture, the money will go into the drug forfeiture fund and will go back to Mitchell County to be used to fight drugs, said Negri.

This is the eighth drug related

## Local organization to start shop at Heart of West Texas Museum

A gift shop will be set up at the Heart of West Texas Museum, officers of the Colorado City Business and Professional Women announced last week. The organization recently decided to adopt the museum gift shop as their project for 1997-1998.

"The Heart of West Texas Museum is one example of what makes Colorado City so special to all of us. We go there for research, nostalgia, and just plain fun," Mary Beth Love, civic participation chairperson said during the organization's November meeting.

"We plan to fund a small inventory of appropriate items by donations. Our organization would be responsible for stock, inventory control and financial records for the first year," said Shirley DeLaney, president. "After that the shop should be self-supporting and a source of income for the museum."

Heart of West Texas Museum Board President A. W. Rowe said that the planned gift shop would be very beneficial to the museum as well as visitors who want to take home a souvenir.

The club plans to carry vintage postcards in the gift shop. Pictures on the post cards will be of local scenes and a postcard depicting a favorite location or event can be sponsored with a $50 donation.

Local organizations received letters concerning the project last week. The Kiwaniannes voted Thursday to sponsor two postcards—one depicting the Renderbrook Spade Ranch and the other with a picture of the Smoot House.

"Other specific gifts are welcome and all funds received will be used for the gift shop," said Love.

Checks may be made payable to the Heart of West Texas Museum as a tax deductible contribution. Contributions may be sent to "Gift Shop", c/o Shirley Bradley, museum director, 304 E. Third St., Colorado City, Tx. 79512.

## Robinson speaks to B&PW Club

The Colorado City Business and Professional Women's Club met on Tuesday, November 11, 1997, at 6:30 p.m. in the Civic Center for their regular monthly meeting. Public Relations Committee with Anna Staats, chair, assisted by Louise Logsdon was in charge of program. The Pledge of Allegiance was led by Anna Staats and club collect was led by Pauline Light after members and visitors sang God Bless America. Music was rendered by Golda Redwine. Present were seven visitors and 18 members. After a delicious meal was served, Anna Staats then introduced the guest speaker, Nancy Robinson, a well-known motivational writer and speaker who spoke on "Making Things Happen."

After a brief recess, president Shirley DeLaney opened the business discussion. Minutes were read and approved. Treasurer's report read, approved and filed for audit. Shirley thanked Molly Bruce, Anna Staats and Lovess Curlee for their work in promoting Working Women's Week.

Civic participation committee chair presented a letter promoting gifts for a gift shop for the West Texas Museum. This will be their project for the year 199-98.

Molly Bruce reported that more coats will be needed by the "Great Coat Give Away" to be held on December 6 at the Thompson Room from 9:00 a.m.-11:00 a.m.

Correspondence was read from several of the women who were honored and also a letter of appreciation from Leisa Martin, recipient of BPW club scholarship.

The District 7 Christmas party will be held Saturday, December 6 at 5218 Bentwood Drive, in San Angelo, Texas.

Food is being collected for a needy family as a project. Two birthdays were recognized and gifts were presented to Virginia Dearen and Lovess Curlee.

Barbara Stahl was installed as a new member. She also won a wreath that was raffled off with proceeds going to foundation. Meeting adjourned.

Present were guests Nancy Robinson, Barbara Donall, Jim Baum, Golda Redwine, Mary Ann Fincher, Nell Holman and Eunice Fisher. Members attending were Shirley Bradley, Molly Bruce, Margaret Ann Conaway, Christine Cooley, Nancy Crow, Lovess Curlee, Virginia Dearen, Shirley DeLaney, Louise Logsdon, Mary Beth Love, Erdine Morgan, Erline Selliers, Anna Staats, Sue Womack and Barbara Stahl.

**GUEST SPEAKER Nancy Robinson Masters holds up one of the nine books she's written following a Veterans Day program at the Civic Center. Business and Professional Women's President Shirley DeLaney presented Masters with a certificate from the organization.**

## COOK'S CORNER

With three boys, close together in age, Bobbie Steakley has done a lot of cooking in her time. She and her two sisters learned basic techniques from their mother and after she married, she did plenty of experimenting on her own. Bobbie learned that practice is the most important thing in learning to cook.

Bobbie remembered the first Angel Food Cake she made from scratch. "It turned out as tough as a spare tire," she laughed. She said that she has never attempted an Angel Food Cake from scratch since.

Cooking for her three sons was one of the many joys in Bobbie's life. She said that she always tried to make balanced, nutritious meals for them. She and her boys agree on their favorite meal: a good steak and baked potato. However, her husband, Jene prefers fish, fried catfish to be exact.

When Thanksgiving was mentioned, Bobbie said that two of her sons and their families were coming home for Thanksgiving. The boys still enjoy their mother's cooking. She said that her boys can all barbecue, but they are fortunate because their wives can cook.

Bobbie's husband, Jene is a retired dentist. He practiced dentistry for 46 years in Colorado City before retiring in September of 1996. The Steakleys have been married for almost 51 years and have three sons. They are Jene Jr. from Snyder, Zollie from Sweetwater and Dan from Austin. The couple also has 7 grandchildren.

MITCHELL COUNTY HOSPITAL DISTRICT named outstanding employees for the month of October and the quarter ending in September. The honored employees are (l-r) Petra McCoy, Doris King and Susan Sanchez.

## Hospital district names outstanding employees

Mitchell County Hospital District officials have named outstanding employees.

Petra McCoy, LVN, has been noted as the Outstanding Employee at the Valley Fair Lodge for October. Petra has been working in health care for the past 20 years and at Valley Fair for 18. Petra and her husband Lynn have been married for 16 years and have three sons, John Patrick who lives in Greenville, S.C. and works for Winn Dixie, Wayne is stationed in Okinawa with the Marine Corps., and Brian is a junior at Colorado High.

Petra enjoys raising goats and camping.

"I always wanted to be a part of a team of nurses that helped the elderly. It always felt natural to me. I will never forget the Pink Ladies and Charles and Maxalee Root encouraging me to get may education." Marsha Rickard noted that Petra is an excellent geriatric nurse. "She has an eye for detail and the energy to follow through with the needs of the patient."

Susan Sanchez was chosen by the staff at Family Medical Associates as the Outstanding Employee for the quarter. "Susan keeps the clinic in Loraine running smoothly and in excellent shape," states Shirley McPhaul. "She also works at Family Medical in Colorado City taking care of overflow from other jobs. She is pleasant, kind to patients and never refuses to help." Susan and Bobby Sanchez have been married 14 years and have two children, Robert 13 and Patricia 11. Susan teaches catechism classes at St. Joseph's Catholic Church in Loraine.

Doris King, LVN, has been voted by the Department Heads at Mitchell County Hospital as the Outstanding Employee for October. Doris has been with Mitchell County Hospital since December 29, 1969. Doris is known by everyone to be good natured and good humored. JoAnn Merket, Director of Nurses, comments that "Doris is a very caring person. I can always depend on her. She is conscientious and very, very, dependable."

Banker Bobby Lemons almost got himself into trouble with Jan the other day. Seems he had lunch at The Smoot House and was back at work talking about how good it was.

Bobby went on to say it was a lot better than going home to eat "a cold bean". Who should walk up behind him but his wife, Jan? Well, when he turned around and saw Jan standing there, boy was he trying to backtrack! Everyone knows Jan cooks Bobby's lunch most of the time. He wouldn't want to upset that applecart, would he?

Joyce and Monty Rich, whose home burned over the weekend, are staying at her mother's while they try to get their lives back in order.

Joyce said Monday night she was touched by all the help she and Monty have received since the fire.

A shower is planned for the couple Saturday at 2 p.m. in the Westbrook School Cafeteria. Be sure and bring a copy of your favorite recipe. Joyce wants to start a new recipe file, since hers was lost in the fire.

I read in a magazine the other day a Thanksgiving tradition that I thought was a very good idea:

Buy one cloth napkin, light colored for your Thanksgiving dinner. Across the top, write: Thanksgiving 1997, I am thankful for:..

Then let everyone at the table write their name and what they are thankful for this year.

Each year, read the older napkins while others are filling out the napkin for that year. The list of things we are thankful for changes as we grow older—especially the children.

***

Speaking of tradition, the Lions Club chili supper and the Wallace Center Christmas bazaar, annual holiday events, will be held the night of the Christmas parade.

On Nov. 15, the Dublin, Tex. Awards Ceremony was held for the yearend playdays. Garrett Fincher was second and won a breast collar and tack box. Cole Fincher was third and won a saddle pad with leather reinforcement and a large feed bucket. They are the grandchildren of Mary Ann Fincher.

***

Recent visitors of Mary Ann Fincher were Jack and Joanne Songer from Lewistown, Montana. Joanne is Mary Ann's niece. The couple was on their way to Arizona and California before returning to Montana for the holidays.

Also visiting was Henry Engelhardt from Albuquerque, New Mex. He went on to Austin to spend a few days with his daughter and then stopped back by on his return trip. His wife, Dora, recently passed away. She was Mary Ann's cousin.

## American Cancer Society holds monthly meeting

The Mitchell County Unit of the American Cancer Society met for their monthly meeting on November 13 at Mama's Villa Restaurant.

Due to the illness of President Anna Staats, vice-president Denise Crawford presided.

November 20, 1997 is our great American Smoke Out Day.

Candlelight services were talked about and tabled for a later date.

The date for the Appreciation Day for the prison will be Saturday, August 1, 1998 and the night golf tournament can be set around that date but not on the same date.

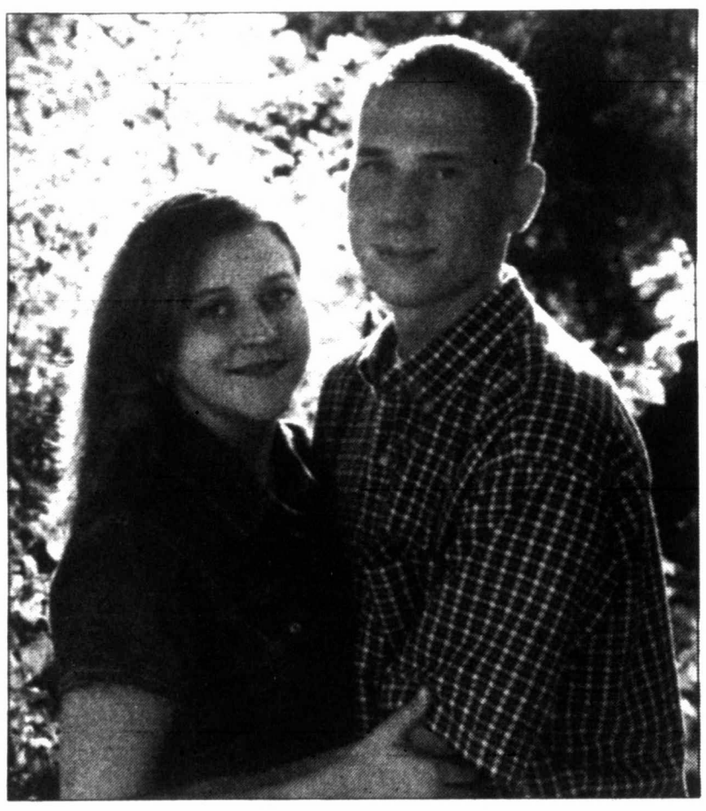

The fiscal year for the American Cancer Society will start on September 1.

Names were drawn for the two wreaths that were hung at the courthouse and hospital for Breast Cancer Awareness. Names drawn were Mark Waldrip and Delores Wood. The wreaths were donated by Colorado Floral and Stacie's Creations.

A card of thanks was signed and mailed to Warden Mohr for all the work he did for the cancer unit. Warden Mohr has moved to Huntsville.

There will not be a meeting in December.

Members attending were Mark Waldrip, Amy Merket, Denise Crawford, Leesa McNeese and Mildred Free.

## Hillcrest Addition dedicates street to Woods

The residential neighborhood of Hillcrest, in cooperation with the Texas Department of Housing and Community Affairs (TDHCA), officially dedicated "Mattie Woods Lane" to its namesake, Ms. Mattie Woods, a 49-year resident of Colorado City, on Tuesday, November 18.

Mattie Woods Lane, formerly a dirt road known as McKinney Street, was recently paved by Colorado City using funds from a Housing Demonstration Fund Grant from Community Development Program of TDHCA. The grant was made to Colorado City in support of the Hillcrest neighborhood being developed in a Neighborhood Partnership for Texans (NPT) project. Participants in the NPT include: TDHCA, city of Colorado City, Mitchell County, TU Electric and the developer of Hillcrest, Covenant Communities Partners, Ltd.

"The dedication of Mattie Woods Lane is another example of the cooperative spirit between the public and private sectors regarding Hillcrest. We learned of Mrs. Woods' enthusiasm for the paving of the road after living here for 50 years and worked with the City Council to change the street's name," according to Bill Lee, president of Covenant Communities.

Attending the dedication were board and staff members of TDHCA, including executive director Larry Paul Manley; Daisy Stiner, director of housing programs; Ruth Cedillo, director of community development; and Oralia Cardanas, manager of community development. According to Lee, all were crucial to the review and approval of the Housing Demonstration Fund Grant.

DeLynn Reeves, sales associate and Dell Toelkes, regional general sales manager for Hillcrest, presented Ms. Woods with an official street sign bearing her name at the dedication ceremony. Ms. Woods' son, David Woods, the assistant principal at Colorado City High School, was also in attendance.

When informed of plans for the newly paved road, Ms. Woods, who was the original resident on McKinney Street and who will turn 96 on November 22, expressed excitement about being able "to walk to her church without getting her feet dirty," according to Lee.

" It is our pleasure to recognize a loyal Colorado City citizen such as Mattie Woods," said Mr. Lee. "Her love for this community has been evident in the number of years she has spent here and the contribution she and her family have made to Colorado City. We are fortunate to be able to include *her* street as part of the new Hillcrest neighborhood."

# CISD test scores higher

Students' scores on the Texas Assessment of Academic Skills (TAAS) test were higher this year than last year and continued to show improvement overall compared with previous years, CISD Superintendent Russell Merket reported to trustees during the Nov. 10 school board meeting.

The board reviewed the recently released Academic Excellence Indicator System report, published annually by the Texas Education Agency to evaluate school performance and focus improvement efforts.

Following a summary of the report by Merket, Jesse Munoz, board member, acknowledged the positive aspects of the test results but pointed out the disparity in scores made by Hispanic students compared to those made by white students.

In the fourth grade reading test, for example, 92.3 percent of white students passed compared to 66.7 percent of Hispanic students, Munoz noted.

In explaining reasons for the differences in scores, Merket noted factors such as the effect of transfer students, some from other states who have never taken Texas tests. In addition, scores are higher this year than they were four years, Merket said.

Colorado High School Principal Buddy Compton said that classes vary from year to year with some classes consistently making higher scores on tests as evidenced by a report last year that tracked students from one grade to the next.

Colorado Middle School Principal Mark Merrill explained that most students eventually pass the TAAS before graduating and that sometimes it takes awhile for students to catch up who are not up to a certain reading level when they start school.

"There's no question that we need to continue to work to improve the scores and I think we're going to see some improvements," Merket said.

In district performance, third graders scored slightly below the state average in reading and math. Reading scores were 74.1 percent in reading compared to 81.5 percent state-wide and 87.2 percent in region 14. However, increases were significant over the previous years' tests for the district. Last year's reading score was 65.5 percent.

On all tests, fourth grade scores were significantly higher this year than 1997, 63.6 percent in 1997 and 49.2 percent in 1996.

In the fifth grade, 69.4 percent of students passed all tests. The state percentage was 79.2 and the region 86.5 percent of the students passed all tests. The 1997 score was below the 76.9 percent in 1996.

In the sixth grade, 76.3 percent of students passed all tests, an increase over last year's 66.7 percent.

The seventh grade score for all tests this year was 77.4 percent, slightly above last year's 76.3 percent and above the state score of 75.1 percent.

Eighth grade tests include science, social studies and writing in addition to math and reading. The percent for all tests was 59.8 percent, which was higher than the state percentage for all tests of 57.3 percent.

In grade 10, 65.2 percent of students passed all tests, compared to 73.1 percent the previous year; 67.8 percent state score and 73.5 percent region 14 score.

In general, test results for CISD students in grades three through eight and ten were comparable to state averages. However, local scores in most subjects continue to be lower than scores made by students in the area and by campus when compared to scores made by students in 40 similar schools.

The report is available for the public to view at the Mitchell County Library.

## Windbreak tree orders being taken

The Mitchell Soil and Water Conservation District is again providing windbreak tree seedlings to the community. A variety of species are available in hardwoods and evergreen species. The hardwood species available are aromatic Sumac, catalpa, desert willow, green ash, little walnut, hackberry, honey locust, fruiting Mulberry, Russian olive, bur oak, and shumark oak. The evergreen species available are Mondell Pine, Austrian Pine, Pinyon Pine, and Redcedar.

The Conservation District also has drip irrigation supplies available which is necessary to insure survival of your tree plantings.

Orders for the windbreak trees will begin November 20 at the Natural Resources Conservation Service Office located at the G-Kell Building at South 208 and I-20, or call 728-3473.

# LETTERS TO THE EDITOR

Letter to the Editor:

**Thursday is the Great American Smokeout Day.**

Are you a cigarette smoker?

Whether or not you smoke, you would have to have been secluded in a cave somewhere in far-off Siberia not to know a few simple facts about smoking, the simplest of which is the fact that smoking is the single largest PREVENTABLE cause of death in the United States today.

Thousands of cigarette smokers die prematurely each year because of the major health problems associated with smoking cigarettes. Despite the Surgeon General's constant warnings about the health risks involved, millions of teenagers and adults continue to "puff away." They have become addicted to nicotine and don't have the will power to kick their habit, regardless of the potential health hazards caused from smoking cigarettes.

Nicotine, one of the main ingredients found in tobacco, is unquestionably a very powerful stimulant. Nicotine reaches your brain within seconds after the inhalation of tobacco smoke into your lungs, causing your heart rate and blood pressure to quickly rise above normal levels.

Even more powerful is the addictive capacity of nicotine. The fact that nicotine is just as addictive as other mind-altering drugs such as cocaine and heroin adds to its danger.

Nicotine can cause serious damage to the lungs and greatly increase the risk of developing lung cancer, emphysema and chronic bronchitis. It also increases your chances of getting cancer of the larynx, mouth, esophagus, bladder, kidneys and the pancreas.

Finally, extended use of nicotine greatly increases your chances of suffering a heart attack sometime later in life.

There is, however, GOOD NEWS! It is possible for you to quit smoking without draining your bank account seeking outside help in your effort to quit.

In my opinion, the most effective method is also the most inexpensive. This method is commonly referred to as COLD TURKEY. It's not easy, but I know it can be done because I quit smoking after 30 years as a heavy user (one to two packs per day). If I can quit after 30 years of addiction using this method, I know it's possible for you to kick this filthy and unhealthy habit, too!

How about it? Ready to give it a try? You have nothing to lose but a chronic cough and an ever-present health risk, and you stand to gain years of previous life and a considerable sum of money currently being wasted on cigarettes.

I am a 75-year-old retired Naval Warrant Officer who began smoking "roll-your-own" cigarettes in 1938, when I was a member of President Roosevelt's Civilian Conservation Corps (CCCs). At that time, I thought it was the "COOL" thing to do, since a lot of my CCC buddies were cigarette smokers.

I advanced from "roll-your-own" to ready-made cigarettes when I joined the Navy in 1939. I smoked cigarettes from 1938 until I had a heart attack in 1975, a heart attack which was attributed to my heavy use of cigarettes. When I recovered from my heart attack, I quit smoking cigarettes COLD TURKEY. I feel that cold turkey is the only way to quit; all it requires is lots of will power and and your overwhelming desire to quit.

After recovering from my heart attack, I was informed by my doctor that if I ocntinued to smoke, I would probably have another heart attack sometime in the future, and the next one might be fatal.

Lung X-rays also showed the beginning of emphysema as a result of my smoking over the years. Now, after 22 years without smoking, my lungs are clear of emphysema.

Since I love life and hope to live to a ripe old age, I made up my mind to kick my filthy smoking habit the hard way, which was COLD TURKEY.

That was 22 years ago and I am very happy to say that I have not smoked a cigarette since the day I made up my mind to quit. I remember that after only a few weeks without cigarettes, I actually felt like I had been born again!

Before I get into the actual steps in this simple process, let me warn you that unless you have made up your mind to quit, don't even try. Quitting smoking, as you probably already know, will be the hardest thing you've ever tried to do.

Remember, you can kick your cigarette habit cold turkey, but you must have your mind made up that you want to quit the filthy and expensive habit. Just imagine how it will feel to breathe with clean lungs and to regain your sense of smell and taste once again.

Now that you have made up your mind, follow the following process.

Pick a day when you plan to quit. On the day before, smoke more than you usually do so that you will awaken with a tobacco hangover and a nasty taste in your mouth.

When you first get up in the morning, note the time and try to go one hour without smoking a cigarette. During this first hour, your craving for nicotine will be nearly overwhelming. This is the first test of your will power. A helpful hint to suppress your craving for nicotine is to chew gum or suck on hard candy.

Once you have made it for one smoke-free hour, then try for two hours, then three hours, and so on. Another helpful hint for success is to keep your mind occupied to help overcome any temptation.

If you can survive the first 24 hours, then your desire for nicotine will begin to subside and it will be all downhill from that point.

Finally, try to avoid smoke-filled environments which could increase the temptation.

Remember, to quit cold turkey you must have tons and tons of will power...will power ...will power! It will not be easy, but it certainly will be worth it. Not only will you be able to enjoy better health, but you will be able to spend your hard-earned money on things other than cigarettes.

Good luck!

Letter to the Editor:

I have lived in Colorado City most of my life. I spent two years in Vietnam. I was proud to be from Mitchell County and from Colorado City and to be involved in a Veterans Day program Veterans Day November 11, 1997, and in front of the courthouse.

Thank you goes to the many people who braved the cold; to honor our local veterans, and all our veterans. I would like to thank the many people involved in making the day possible: Mayor Jim Baum, Judge Ray Mayo, Mr. Sanders, Congressman Charles Stenholm, Representative Rob Junell, the prisoners from the Wallace Unit, Warden Rodney Cooper, the staff of the Colorado City *Record*, Mrs. Elmer Martin, who also braved the cold, Mr. L.B. Elliott of World War I and veterans and family.

Many thanks to Aaron Lewis and the CHS band and Jack White and the CHS choir, Honor Guards from Dyess Air Force Base and Snyder and the many families and friends. All of you made me truly proud in being an American and a resident of Colorado City. So to all of you thank you and God Bless.

Sincerely

Letter to the Editor:

I would like to share my views with anyone taking time to read this. In no way am I trying to impose my way of thinking on to anyone, but this is the way I feel about the unfair property taxes in Mitchell County. We are close to having the highest tax in the state and the poorest economy in the state. I have an example to show:

In 1971, our home on Austin Street, the city, county and school taxes were $179.88 minimum wage then was about $2.00 per hour. It took ninety hours or one months payment or one months rent to satisfy the tax collectors.

Now 1997, same property, 26 years older the assessed taxes are $1235.39. Minimum wage now is $5.25 an hour. It takes over 200 hours in minimum wage or equivalent of three months rent to pay this unfair tax.

Now, look around town and see how many new homes have been built the last 5 years for their families to live. I think you can count the new homes on one hand and have fingers left over. I don't profess to be an economist nor do I claim to be a prophet. As I see this in the future, the people in our county will be paying higher taxes and be living in shacks and dugouts. Even the animals will fight to protect their dens, and so will I. Thank you.

Letter to the Editor;

Many volunteer hours have already been given to make this holiday season a special time. We want to encourage everyone to be involved in the festivities. This is a time of "Thanksgiving" for better crops, new families, new business and faith that things will continue to improve. The Memory Candles will be lit on November 26, Thanksgiving Eve, as we honor and remember our loved ones.

December 6 is the big day! The parade will be late evening with all floats dressed in lights and cash prizes for the winners. The only way this can be successful is for service clubs, churches, schools, individuals and businesses get involved. Merchants, please light your stores and vendors, play Christmas music that can be heard outside and let your excitement spread to your customers. Citizens of Mitchell County support the candidates for Little Mr. and Mrs. Merry Christmas and even a $1,000 Home Shopping Spree. Attend the lighting of the courthouse and enjoy a short program.

Employees of TDCJ of the Wallace and Ware Units will host a Winter Wonderland and pictures with Santa Clause at the Railhead Building.

As you can see there are a lot of people working a lot of hours to provide Colorado City, Loraine and Westbrook with an exciting Holiday Season kick-off. Won't you be an important part of the fun? Call the Chamber of Commerce for information or to volunteer– most important of all is involvement!

## Bessie Nancy Myers Edwards
**1908-1997**

Bessie Nancy Myers Edwards died Friday, November 14, 1997, at 89 years of age.

She was born August 2, 1908, in Anson, Texas, to Sylvester and Belle (Thomas) Myers. She had lived in the Georgetown area since 1969 after moving from Colorado City, Texas. Mrs. Edwards was a homemaker. She was a member of the Georgetown Church of Christ in Georgetown.

The funeral service was at 2 pm Sunday in Cook Waldon/Davis Funeral Home Chapel with Minister Keith Cain of the Georgetown Church of Christ officiating. Burial was in the Liberty Hill Cemetery, Liberty Hill. Serving as pallbearers were her grandsons-in-law.

Mrs. Edwards is survived by her daughters, Dalphene Bruton and husband, John, of Kingwood, Texas, and Faye Sansom and husband, Jim of Austin; daughter-in-law, Olga Edwards of Houston, one sister, Pearl Hoopes of Restin, Virginia; grandchildren, Deborah Stephens and husband Max, John Bursen and wife Tina, Aymara Lillenthal and husband Reiner, Karla Smith and husband Bryan, Spinks Edwards, Kirk Bruton and wife Lynne, Howard Edwards and wife Mary, Alan Sansom and wife Jeanette, Marc Sansom and wife Sandra, and 16 great-grandchildren. She was preceded in death by her beloved husband of 64 years, Spinks "Si" Edwards in 1993 and her very special son, Spinks Edwards in 1976.

Memorial contributions may be made to the Georgetown Church of Christ or charity of one's choice.

Arrangements by Cook-Walden/Davis Funeral Home, Georgetown.

## Kathleen Marie George
**1917-1997**

Kathleen Marie George, age 80, of Aransas Pass died Sunday, November 16, in an Austin nursing home.

Memorial services will be held November 29, 1997, at Trinity Memorial Park in Big Spring, Texas. Sundown graveside services with interment of ashes next to her husband will be November 29, 1997, at Trinity Memorial Park in Big Spring, Texas. She was born in Falls Church, Regina, Saskatchewan, Canada, on April 12, 1917. She was a member of a pioneer farming family in the Plainfield, Illinois area. She was the widow of Laurence H. George. She had resided in Aransas Pass for 3 1/2 years. Mrs. George was a long time former resident of Colorado City, Texas.

Mrs. George is survived by a daughter, Regina Barber of Aransas Pass; a sister, Betty Dalton of Ludington, Michigan; a granddaughter, Kirby Barber Kerr of Austin; and a grandson, Cameron Bryan Barber of Austin.

# Local pharmacies critical of CISD insurance plan

Colorado Independent School District will continue to offer mail-in drug prescription service on employee health insurance after a recent survey showed teachers wanted the service.

The survey was conducted by the district in response to criticism from local pharmacists that a letter to health plan participants promoted the mail-in service.

Superintentendent Russell Merket discussed the survey with the CISD school board during their monthly meeting Oct. 10.

According to the survey results, 70 percent of all employees said they shopped locally, not using the mail-in service; 28 percent planned to use mail-in if extended prescriptions are necessary and nine percent (12 of those surveyed) said they used the mail-in service.

The survey results indicated that the majority of school employees felt it would be beneficial to have the mail-in prescription service if they needed to take medicine for a long period of time.

"The concensus of opinion seems to be that employees will use it when extended prescription service is needed," said Merket. "Very few have used the service but feel it is an important benefit and needed in the policy. Most of the teachers feel that suporting the local merchants is important and would only use the mail-in service for extended prescriptions."

A survey of local businesses conducted by school district staff showed that two out of three of the other three largest employers in the county offered the prescription by mail service. Texas Department of Criminal Justice employees have three choices of insurance policies and each policy has the mail-in service and prescription drug card. Texas Utilities's health insurance offers mail-in service and the prescription card with employees paying 20 percent of the total cost of prescriptions.

Mitchell County Hospital District is the only one of the top four largest employers that does not offer the service as part of their policy. However, hospital employees are granted a percentage discount from each of the local pharmacists, according to the survey. The amount of the discount is not known.

CISD changed health insurance policies this summer when their previous insurance company, Horace Mann, dropped coverage for all their life and health insurance programs. The district put out bids during June 1997. At that time, some local insurance agents quietly criticized the school district for using a Richardson consultant, Tom Sawyer, to help narrow down the choices when over 30 carriers submitted bids. The consultant would be acting on behalf of the district in presenting information to the various companies.

During board discussion, Jesse Munoz, board member, questioned using a consultant who would be paid by the insurance company that was selected rather than by the school district.

Sawyer narrowed down the list to the five best bids and turned the decision over to an insurance committee, made up of Geneva Findley, Russell Merket, Buddy Compton, Mark Merrell, Beau Rees and Kitten Arthur. The committee's recommendation of Monumental Insurance-Health Smart as CISD's medical, life and dental insurance was approved by the school board Aug. 4.

In response to the district's decision, Eddie Piland, owner of Eddie's Pharmacy and a former school board member, said Monday that the issue is more than just prescriptions but involves other businesses in town and raises questions about community and reciprocal treatment of those who support the school district with loyalty as well as tax dollars.

"We're asking for a level playing field," said Piland.

Local businesses of all types are often competitive, if they're given the opportunity, he said. Concerning using local pharmacists, Piland pointed out numerous advantages including instant accessibility, often 24 hours a day/seven days a week, delivery service, no problems with prescriptions being lost in the mail and, contrary to a statement in the letter, no waiting in long lines.

The letter each CISD employee received is as follows:

Dear Health Plan Participant: Colorado ISD is pleased to announce the implementation of the Rx Direct, Inc. Mail Service Pharmacy.

Designed to provide you time and money savings, the service is available to you and your eligible dependents primarily to provide your long-term medications. Prescriptions are conveniently delivered to your home, saving wasted time in line at the pharmacy Also, there are no claim forms to complete or deductibles to meet. You may order up to a 60 days supply of maintenance medication and pay only $25.00 for each brand name as $8.00 for generic prescriptions.

With each prescription, you will receive important drug information to ensure proper use of the medication in relation to other drugs you may be using and your personal circumstances. The service also provides direct telephone assistance to handle any questions and concerns about your prescriptions.

Rx Direct, Inc. Mail Service Pharmacy is a positive step toward more effective health care cost-management for our company and employees. We encourage you to participate in this program.

If you have any questions about your prescription benefits, call Rx Direct, Inc. at 1-800-785-4197 during regular business hours.

Colorado City and the surrounding trade area," said Glen Shank, president.

The staff for the new store will be hired primarily from the Colorado City trade area. Dennis Alesio, vice president of personnel for the chain, indicated that representatives of the company will schedule and annonce application dates for the some twenty-five associate openings.

"We feel confident that we will be able to find well-qualified individuals to fill the group managers and sales associates positions," said Alesio.

The store manager and opening asistant manager will be assigned to Colorado City from ALCO's existing management pool.

Colorado City Manager Steve Shutt said that his office has been working on bringing ALCO to Colorado City for the past three years. He credited Economic Development Board member Bobby Lemons with "putting a lot of hours and leg work on this, working out the details to make it possible for a large corporation to make an investment in Colorado City."

Alco will stress convenience, friendliness and service by offering a quality full-line general merchandise selection at discount prices. The store will include clothing, shoes and accessories for all members of the family, jewelry, non-prescription medicines, beauty aids, candy, housewares, appliances, china/glassware, stereos, TV's, records/tapes,cameras, stationary, greeting cards, school supplies, furniture, hardware, tools, paint, garden center, toys, sporting goods, pet supplies, automotive supplies, bedding, curtains, shades, crafts, fabrics and sewing supplies. Merchandise will be supplied to the store from ALCO's 350,000 square foot distribution center in Abilene, Kansas.

ALCO Discount Stores represents a division of Duckwall-ALCO Stores, Inc., with headquarters in Abilene, Kansas. There are presently 152 ALCO stores serving customers in seventeen states in the Midwest and West. ALCO currently operates eighteen stores in Texas. In addition to the ALCO Discount Stores, the company operates 66 variety or specialty stores in seven states. Duckwall-ALCO Stores, Inc. was founded in 1901 in Abilene, Kansas and has been incontinuous operation since that time. The corporate headquarters and distribution center are still located in that small Kansas community.

# Reward is offered in burglary

A $500 reward is being offered for information pertaining to the burglary of a house north of Colorado City Wednesday, Nov. 12.

A burglary occurred before 3:50 p.m. at a house located five miles north west of Colorado City on Farm-to-Market Road 1229, according to Mitchell County Sheriff Patrick Toombs.

Two shots were fire during the offense, one at the door knob and one inside the house. A 410-single gauge shotgun, camcorder, household items and a small amount of cash and bag of loose change were taken during the burglary.

A reward of $500 is being offered for information that leads to the arrest and indictment of a person or persons connected with the crime. Call the Mitchell County Sheriff's office, 728-5261.

# Man arrested for arson

An Abilene man is being held in a Louisiana jail for a string of burglaries and fires at West Texas convenience stores that started with the June fire at Smyler's on I-20 here.

Mitchell County Sheriff Patrick Toombs said that the suspect has been under federal investigation by the Alcohol, Tobacco and Firearms (ATF) for burglaries of seven stores in the Abilene, San Angelo area. Lottery tickets were stolen from the stores and fires were believed to have been set to conceal the theft in several of the burglaries.

The burglary case at Smyler's will be presented to the Mitchell County Grand Jury in December, Toombs said. Investigators will seek indictments on arson charges in federal court.

# GARAGE

FROM PAGE 1

Under the proposed ordinance, residents who wanted to hold a garage sale would have had to register with city hall and pay a $2 fee. Garage sales were restricted to a maximum of three days and no more than three could be held in a year. Violators of garage sale ordinances in some towns have been fined up to $500 per violation.

The ordinance was intended to stop people from setting up an unsightly junk business in their front yard and calling it a garage sale, said City Manager Steve Shutt.

Mayor Jim Baum argued against the proposal, saying that only a small number of people were causing the problem but there were at least a hundred legitimate garage sales held every year in the city.

"I think we're trying to kill a gnat with a sledge hammer," said Baum.

# County to purchase equipment

Mitchell County Commissioners approved the purchase of a large item of road equipment, despite a dissenting vote from Precinct 2 County Commissioner Carl Guelker during Tuesday's Commissioners Court meeting.

The big equipment, called a reclaimer, is used to get to the bottom of caliche pits and grind up caliche for reworking roads. Precinct 4 is buying the equipment with the understanding that the other precincts can use it on a work-trade basis.

Guelker disagreed with the purchase, saying that the same thing could basically be done with scarfire rippers.

"I don't think the county should be paying $193,000 for equipment. I think we owe it to the taxpayers not to be spending that kind of money," said Guelker.

Commissioners Bill Preston, Wendy Inman and Ed Roach voted in favor of the proposal from West Texas Equipment of Abilene.

"It's to our advantage to have this," said Inman. "Good caliche is running out in the southwest corner of the county and a reclaimer can be used to get it out of the pits.

According to the proposal, the starting price of $193,000 would be reduced to $74,000 with the trade-in of two county trucks and a total buy-back guarantee.

**NOTICE OF APPLICATION OF SOUTHWESTERN BELL TELEPHONE COMPANY FOR DESIGNATION AS AN ELIGIBLE TELECOMMUNICATIONS CARRIER UNDER 47 U.S.C. §214(e)**

Southwestern Bell Telephone Company has filed an application with the Public Utility Commission of Texas ("PUC") for the purpose of being designated an eligible telecommunications carrier ("ETC") in accordance with 47 U.S.C. §214(e) by December 31, 1997. Southwestern Bell's application is currently being considered in Docket No. 18100.

Southwestern Bell is required to obtain ETC status in order to receive Federal Universal Service Funds ("FUSFs") beginning January 1, 1998. 47 U.S.C. §214(e) requires the PUC, either upon its own motion or upon request, to designate common carriers as ETCs for service areas. Southwestern Bell seeks ETC status for its entire service area. Southwestern Bell has requested a minimum waiver for one year of the requirement to deploy toll control.

Persons who wish to comment or intervene in this application should notify the Public Utility Commission of Texas by November 20, 1997. Requests for further information should be mailed to the Public Utility Commission of Texas, P.O. Box 13326, Austin, Texas 78711-3326, or you may call the Public Utility Commission's Office of Customer Protection at (512) 936-7120 or (888) 782-8477. Hearing- and speech-impaired individuals with text telephones (TTY) may contact the commission at (512) 936-7136, or use Relay Texas (800) 735-2989 to reach the commission's toll free number (888) 782-8477.

# Holiday angel display to open at Scurry County Museum

"Angels and Snows" opens November 20, 1997, at the Scurry County Museum with a reception from 5 p.m. to 7:30 p.m.

The 1997 Holiday display features angel related objects scattered among snow scenes. Local individuals are sharing their collections with the museum for the viewing pleasure of holiday visitors. Angel figures and portrayals range from folk art angels made of wood and tin to delicate porcelain figures to a plastic lawn angel decoration. T-shirts with angels, Christmas tree ornament crocheted angels, and even a guardian angel brooch are further examples of the angels among us.

The idea of angels is one of hope and inspiration. The word "angel" comes from the Greek work "angelos," meaning messenger, which is what most people believe is a primary role of angels. In addition, angels are believed to serve as guardians, guides, comforters, teachers, healers, and even warriors. The angel images and sentiments in this year's holiday display hold much inspiration for the museum visitor.

Several churches are participating in the display. The First Baptist Church has installed a cross which is topped with an angel. The Lighthouse Assembly of God has decorated a Christmas tree with homemade angels, flowers, and gold ribbons and bows.

Thirteen snow scenes by Dalhart Windberg serve as a compliment to the angel display. Also, a print of Windberg's 1997 Christmas painting is featured. At the beginning of his career in the 1960s, Sindberg was invited by Snyder oilman/rancher C.T. McLaughlin. Since that time, Windbert has become a well known artist with some 3,000 paintings to his credit, and 177 of these have been converted to prints, many of which are currently available for sale at the Scurry County Museum.

In addition to the snow scenes, over thirty other prints by Windberg are on display at the museum. They depict life in simpler time periods or the beauty of the American outdoors. The display will remain until December 10, 1997.

The Scurry County Museum is located on the southwest corner of Western Texas College campus, 6200 College Avenue, Snyders. Its hours are from 8 a.m to 5 p.m., Monday through Thursday, and 8 a.m. to 4 p.m., Friday. Other times by appointment. Please call (915) 573-6107 for additional information.

# Texas Prison Museum to construct memorial plaza and monument

With the Texas prison system making plans to observe its 150th anniversary in 1998, the Texas Prison Museum in Huntsville announced recently it is launching a statewide effort to construct a memorial plaza and monument in time for the system's sesquicentennial celebration next September.

"As the organization responsible for preserving the colorful history of the Texas prison system, the Texas Prison Museum is excited to offer criminal justice employees this opportunity to preserve their own place in history," said Mark Bull, president of the museum's board of directors.

The non-profit Texas Prison Museum, which houses the prison system's numerous artifacts, is selling engravable bricks to past and present Texas Department of Criminal Justice (TDCJ) employees, their families and other interested Texans.

The commemorative bricks, available in four different sizes, can be engraved with names, dates of service and other information. The smallest brick, which measures four inches by eight inches, is available for $25 and offers two 14-character lines for engraving. A six-by-eight-inch brick with three lines of characters is available for $40, while larger curb stones are available for $100 and $200.

Order forms for the bricks will be available at TDCJ facilities across the state and through the Texas Prison Museum, 1113 12th Street, Huntsville, Texas 77342. Supply is limited.

When complete, the brick plaza will serve as the setting for a 150th anniversary monument.

The memorial plaza and monument will be located at the entrance of the Texas Prison Museum's future building, which will break ground near Highway 75 and Interstate 45 in 1998.

"As future generations of Texas visit the Texas Prison Museum to learn more about the state's criminal justice system and its past, this memorial plaza and monument will give them an opportunity to see how many thousands of courageous prison employees have served this state over the years," said Bull.

## Reining Clinic set Dec. 21-22

The annual State 4-H Reining Clinic will be Dec. 21-22 at the West Texas Fairgrounds in Abilene.

This is the 10th year for the clinic, which is a specialty school offered through the Texas State 4-H horse committee.

Coordinators are Vicki Hoggett of Glen Rose, Roger Blackmon of Baird and Dr. Bill Jackson of Stephenville.

The lead instructor for this year's clinic is Terry Thompson of Aubrey. Thompson is one of the top reining horse trainers in the United States, having shown horses successfully at the National Reining Horse Association futurity.

Stalls will be available on Dec. 20, with the clinic being held from 8 a.m. until 5 p.m. Dec. 21 and from 8:30 a.m. until 4:30 p.m. on Dec. 22. The cost is $60, which includes a stall. Chaperoning adults may audit the clinic at no cost.

The clinic is designed to teach 4-H members and youth how to train and ride a reining horse. Having a "finished" reining horse is not a prerequisite for clinic attendance, but basic horsemanship and some reining skills are mandatory. Topics will include circles, spins, stops, rollbacks and lead changes.

All participants will receive hands-on training throughout the clinic. Youth will be divided into groups and will be instructed by accomplished horse trainers and teachers.

To be eligible to attend, each youth must be a Texas 4-H member (six out-of-state youth will be accepted); bring a "broke" horse; and, if under the age of 13, must have a parental or volunteer supervisor.

"The quality of youth reining performances in both 4-H and breed shows in Texas has increased tremendously over the past several years," said Dr. Doug Householder of College Station, Extension horse specialist.

"Much of the increase in skill level can be attributed to clinics and schools such as the Texas State Reining Horse Clinic for 4-H members."

Host motels for the clinic are the Abilene Travel Lodge on Hwy. 80 on the Days Inn on IH 20.

Registration is limited to 65 youth on a first-come, first-serve basis. Further information is available from Vicki Hoggett, Somervell County Extension office, P.O. Box 895, Glen Rose, TX 76043, telephone, (254) 897-2809, or Dr. Householder or Dr. Pete Gibbs, Extension horse specialists, Kleberg Center 249, College Station, TX 77843, telephone (409) 845-1562.

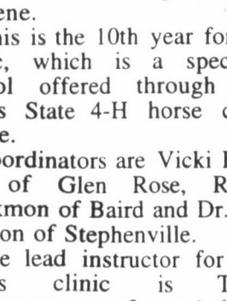

Additionally, information on the Texas State 4-H Adult Leaders' Reining Horse Clinic also may be obtained from Ms. Hoggett. The clinic is scheduled for April 28-30

## 4-H showmen must fill out entry cards

All 4-H members that wish to enter the Mitchell County Show or many of the Major Livestock Shows must come by the County Extension Office this Thursday or Friday, November 20-21, 1997, to fill out entry cards. Major Shows that are to be entered are Odessa, Ft. Worth, El Paso, San Antonio, Houston, and San Angelo.

Did you get cold this past weekend?
If so, you may need insulation!

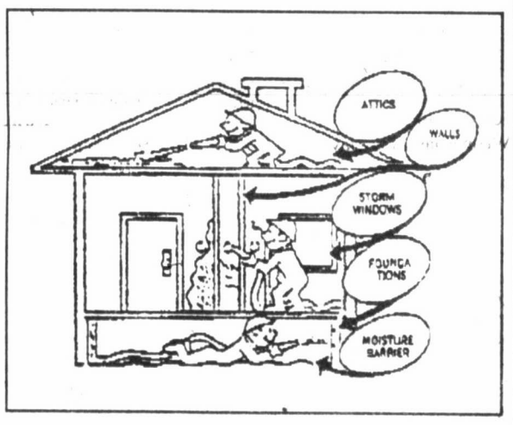

Four Seasons Insulation Offers One of the Most Advanced Insulating Systems Available!
We specialize in Wall & Attic Insulation.

A little known fact: you lose more energy through your walls than anywhere else in your home. After years of research, a unique method of insulating and re-insulating your exterior walls was developed by Four Seasons Insulation.

This experienced West Texas Company can pump a unique flame-resistant insulation material into the exterior walls of your home from the outside, with no structural damage.

For example, on a brick wall we drill a hole through the mortar seam, then pump our flame-resistant insulation into your exterior walls from top to bottom. At this point, we then patch the mortar seam back to its natural state.

Likewise, wood, stucco, or any other walls can be patched back to their natural state.

There is no air mixture that will cause settling of the insulation in your walls. Drastically reduce energy consumption and lower your heating and air conditioning bills by re-insulating your home now with exterior wall insulation from Four Seasons Insulation and Siding.

Thinking about DBS?
Think again.

How do you plan to get your local channels?

You see, DBS dish systems don't carry local stations! That means no more local news, sports or weather. In fact, the only way you're going to be able to watch your local stations is to keep your Cable TV or install a "regular antenna"... remember those?

If you have Cable TV, you're able to watch "local" channels right along with all the top-rated cable channels. Isn't having local news, sports and weather an important part of your television viewing?

## David Mainka awarded scholarship

Six students and their advisors from Texas State Technical College (TSTC) Sweetwater's Automation/Robotics department competed this past weekend and brought home first place again.

Members of Region 11 Society of Manufacturing Engineers (SME) held their annual conference on November 7 & 8 in Arlington, Texas. During this conference, the automation/robotics competition was held for the representative nineteen colleges and universities from Texas, Oklahoma, and Arkansas. Senior SME Chapters sponsor the participating colleges and universities and TSTC Sweetwater's sponsor is Chapter S51 from Fort Worth. Approximately 200 students and their advisors joined the senior SME members at the conference.

TSTC Sweetwater's first place honors were awarded for having the best work cell display. This work cell, known to TSTC Sweetwater's students and faculty as "Scarlet" was designed and built by the six member team. Scarlet was designed and programmed to assemble suction valves like those found in the oil industry. After successfully assembling six valves, Scarlet demonstrates "her" patriotism by waving the American flag to the tune of the "Star Spangled Banner." Besides receiving this top honor, the TSTC Sweetwater team also earned third place in Oral Presentation which highlights the activities of the student SME organization at TSTC Sweetwater and David Mainka of Colorado City, President of TSTC Sweetwater's student SME chapter, was awarded a $800 scholarship, the highest scholarship awarded at the conference.

On hand as a guest of the TSTC Sweetwater group was Rito Martinez, Campus Recruiting Manager for Intel - Fort Worth.

Members from the TSTC Sweetwater team included: Domingo Garza, Valerie McHugh, Jim Mitchell, Roger Sipple, Debra Miers, and David Mainka. Advisors to the student organization are Gary Rhoades and Dr. "Mike" Mahmut Reyhanoglu.

In addition to TSTC Sweetwater, other colleges and universities attending the competition included: Arkansas State University, ITT Technical Institute, Midwestern State University, Oklahoma State Technical Institute, OSU Oklahoma City, Southwest Texas State University, Southwestern OSU, Temple Jr. College, Texas A&I University Kingsville, Texas Southern University, University of Arkansas, Oklahoma State University, Texas A&M University, Texas Tech University, University of Houston, University of Oklahoma, University of Texas Pan Am, and Westark Community College.

## Fund established to defray Pietzsch's medical expenses

Cathy Pietzsch of San Angelo, a graduate of Colorado High School Class of 1995, was involved in a serious automobile accident while returning to San Angelo from visiting her grandmother in Sweetwater on October 19.

Cathy came upon a deer and tried to miss it—losing control of her car. An oncoming car then struck her vehicle. Cathy was airlifted to Shannon Memorial Hospital in San Angelo, where she was hospitalized for over a week with multiple head injuries.

Cathy, while a student at CHS, was active in various activities. She played doubles on the tennis team, was vice president of public relations in F.H.A., member of the National Honor Society, secretary-treasurer of the Wolverines and crowned prom queen.

Doctors should release Cathy soon to return to work part-time.

A fund has been established at City National Bank to help defray medical expenses.

# Wolves stop Bucks...advance in playoffs

A pack of hungry wolves came out of the north during blizzard-like conditions Friday night to hobble and kill the Alpine Bucks 56-30 in Crane.

With wind chill factors, icy conditions and frigid temperatures hovering just above the zero mark, the Colorado Wolves stalked their prey during the first quarter of action and then pounced on the Bucks for four touchdowns in the second stanza on their way to a bi-district championship.

The first quarter of the contest was basically a defensive stand-off in favor of the Bucks, who had the ball twenty plays while the Wolves touched the ball only six times. Alpine drove to the Colorado 36 yard line, but linebackers Chris Fambro, John McSpadden and Bingo Nelson hurdled the Bucks back before any damage could be done. On a fourth and five at the Wolves' 36, Fambro sacked quarterback Justin Yarbrough and the Wolves were ready to explode.

Arian Emerson, the Colorado City's tailback who had 198 yards rushing for the night, ran two plays for nine yards. Fambro carried for three, and the Wolves had a first down. Emerson carried outside for 25 yards, then again for six and finally scored on a 11 yard run. Randy Byington missed the point after and at 8:54 in the second quarter, the pack led 6-0.

On the next series, the Wolves partially blocked an Alpine punt and took possession at their own 41 yard line. Quarterback Justin Hill, who went 7-11 for 147 yards and three touchdowns, passed to Fambro for a quick four. Terry Green ran the wingback reverse for five and Emerson carried twice for six yards. Hill then tossed to tight-end Adam Wood for the Wolves second touchdown. Hill rolled right, and hit Green with a low bullet pass for the two point conversion. The Wolves led 14-0 with 2:43 left in the first half.

Alpine took the airway route on their next possession, but Hill playing a unique safety position made a fantastic over-the-shoulder interception, turned around and rumbled 37 yards to the Bucks 23 yard line. Hill threw short and incomplete to Wood. On the following play Hill ran a pass option to the right, took his time to read the defense, cut inside and scampered 23 yards for another score. Byington's boot was true and Colorado City led 21-0. Alpine ran two plays for nine yards, but with time running out Yarbrough was forced to go to the air. It was a mistake! Defensive cornerback, Randy Byington, snatched an errant pass but slipped and fell at the Bucks' 49. On first down, Hill tossed a screen pass to Emerson, who dazzled and danced 50 yards for the score. Byington was good again for the extra point and Colorado City took command at 28-0. Junior quarterback, Justin Hill, passed and ran for three touchdowns in a three minute span.

Hill didn't cool off at the half, despite the near freezing, wind and wet weather, he hit Adam Wood on a play action slant pass and Wood galloped the rest of the way for a 44 yards touchdown. Byington's kick was good and Colorado City led 35-0.

With 6:50 left in the third quarter, the Bucks' Julian Molinar blocked a Wood punt at the Colorado 49. It was scooped up by Conrad Arriola who carried it in for a Buck touchdown. Big 225 lb. fullback, Kevin Caughman blasted in for the two point conversion. The Bucks were on the board, 35-8.

Capitalizing on an Emerson fumble, Alpine went 39 yards in six plays for another score. It was capped off on a 21 yard run by halfback Cody Carpenter. Caughman was stuffed by the Wolves defenders on the two point try. Colorado led 35-14.

Offensively Colorado City would roll again on a six play, 47 yard march with Emerson taking it in the endzone from 18 yards out. Byington was good on the extra point and the red and black pulled away, 42-14.

Alpine, still running hard with Yarbourgh and Caughman toting the load, moved 52 yards to the Wolves 18 yard line. A second down fumble recovery by the ever present Fambro stopped the Alpine drive. On Alpine's next possession Carpenter scampered 23 yards for an Alpine touchdown and he also carried the ball in for the two point conversion making it 42-22 with 5:15 remaining in the contest.

The Wolves had great up front offensive blocking all night and the next drive was no exception. All state tailback, Emerson, followed his lead block and literally ran by two secondary defenders for a 48 yard touchdown, his fourth of the night. Byington's kick was good again and the Wolves put this one out of reach at 49-22.

Alpine was still not through and took the Wolves kick off and charged to the red and black 23 yard line. Yarbourgh threw to Adam Llanez, who slipped behind Wolf defender Terry Green for the Bucks final score. Carpenter ran in the two point conversion.

The Pack recovered the onside kick at the Wolf 44. Sophomore full back John McSpadden broke the trap through the Alpine line and emulating counterpart Emerson, raced straight up the field, blew past two safeties who were closing in for a 56 yard touchdown scamper. Byington kicked the extra point.

A happy Coach Bill Grissom couldn't say enough about his team's play under atrocious weather conditions Friday night. "The weather didn't affect our kids, they came to play. I was real proud of our offensive line. They opened holes for our backs and kept the pressure off of our quarterback. I thought Arian Emerson looked more like the old Emerson tonight. He was more agile and his moves and cuts were excellent, he seems to be getting over those nagging injuries that have been bothering him all season," Grissom said.

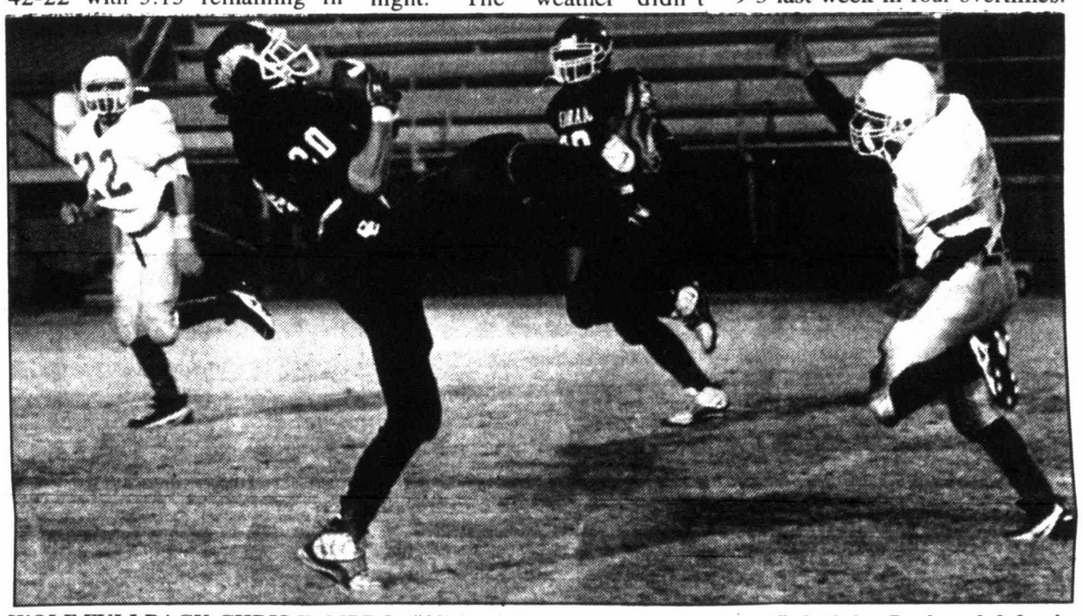

Grissom continued, "Justin Hill had a great effort and so did his receivers. It was awfully cold out there to throw and catch the ball the way our kids did. I'm real proud of them."

Defensive coordinator Gerald James cited Fambro and defensive tackles, Jeff Anzaldua and Freddie Atkinson, for their outstanding play. "Fambro had 14 unassisted tackled, 5 assists, 3 sacks, 3 tackles behind the line of scrimmage and he recovered a fumble. Now that's a productive night," stated James.

Colorado will meet defense-minded Perryton this Friday at 7:30 p.m. in Plainview for the Area Championship. Perryton eased by favored Denver City 9-3 last week in four overtimes.

WOLF SAFETY ARIAN EMERSON (#20) comes to the aid of cornerback Randy Byington (#10) in bringing down Alpine's 225 lb. fullback Kevin Caughman (#45). The Wolves stopped Caughman and the Bucks 56-30 in Bi-District play last Friday in Crane.

WOLF FULLBACK CHRIS FAMBRO (#30) hauls in a pass over an unidentified Alpine Buck and defensive back Justin Yarborough (#22). Fambro had two receptions for 23 yards. Also pictured is Wolf tight end Adam Wood (#88).

SEVERAL HUNDRED WOLF FANS traveled to Crane last Friday to watch Colorado City triumph over Alpine 56-30 in Bi-District action. Despite a wind chill factor of -2 degrees, the fans seemed to enjoy the outcome.

GO WOLVES!
BEAT PERRYTON!

## C-CITY WOLVES

FROM PAGE 1A

strong guard Nathan Stollings to anchor the offensive line, with help from quick guard 185 lbs. senior Jesse Castro. "They're a lot like us--they're not real big but they just get after you," Grissom commented.

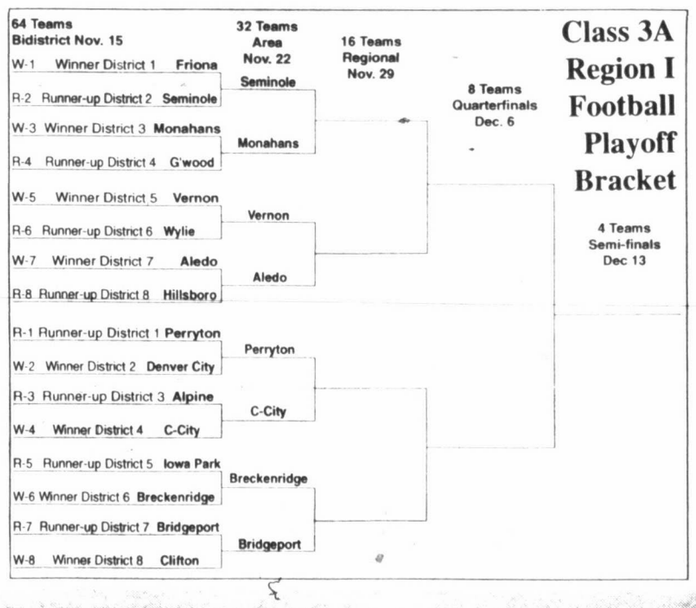

*Advance tickets for the Colorado City-Perrytown area football game in Plainview are on sale at the secretary's office at Colorado High School. Tickets are $4 for adults and $2 for students. All tickets at the gate are $5. Advance tickets will be on sale until 12:00 noon Friday.*

Defensively, the Rangers are in a 4-3 defense, featuring three linebackers and four down linemen. Senior Jesus Hernandez at 233 lbs. is a solid performer at tackle as is Elkhard at the other tackle spot. Junior Konrad Carroll, a 194 lbs., is a complete player at middle linebacker and Atkinson is aggressive at right linebacker. Jason Pshigoda, a 5'10" 185 lb. senior, heads up a good Ranger secondary core, that will try to zero in on the passing of Wolves' quarterback Justin Hill.

"From here on out, it's the teams that want to be in the play-offs that are going to have to be reckoned with. Some kids get tired of playing, and just want to go home. Our kids are sold out to go as far as they can. We saw that last Friday against Alpine," Grissom stated flatly.

The Colorado coaches are pleased with the balance between the running and passing game of the past two weeks. Against Alpine the Wolves rushed for 308 yards and passed for 146.

Defensive Coordinator Gerald James was content with the defensive performances of the Wolves Friday night. "I felt that we had a good defensive effort. Sure it's hard to keep the defense focused when you get a 35-0 lead, he admitted. We felt that Chris Fambro, Freddie Atkinson, and Jeff Anzaldua had super games. We substituted a lot in the second half in order to rest our starters, and in doing that we gave up some things. But all-in-all we stopped them when we had to," James concluded.

## Wendy Sullivan places 2nd at state meet

Colorado City junior Wendy Sullivan was nipped at the finish line at the state 3-A cross-country meet held in Round Rock last Saturday.

The slender Sullivan was leading at the mile marker but the lead shifted constantly on the wet track. At one point Sullivan almost fell when her shoe got caught in the mud. She was clocked at 12:32 behind Casey Jones, a sophomore from Caldwell. Jones was timed at 12:31 but Sullivan was actually about a tenth of a second behind.

"I knew it was going to be a hard race before hand because all of our times were real close," said Sullivan. "The sleet and mud didn't make things any easier," she stated.

Sullivan, one of about 124 runners to start the race, would like to go to Rice University and major in communications. Sullivan runs 4-6 miles a day to keep herself fit. "I love to run," Sullivan said. "When it gets cold I just add more clothing."

With Sullivan having one more year at Colorado City she plans to avenge her loss next year.

"I'm hoping to make it back next year but the competition seems to get tougher every year," she said ending with her favorite quote. "I may not have been a little pink bunny (energizer) but I had a lot of fun."

## SPORTS NOTES

### *Offensive player of the week*

This week the offensive player of the week is shared by Arian Emerson and Justin Hill. Emerson rushed for 198 yards on 22 carries and four touchdowns. Hill completed seven of 11 passes for 147 yards and three touchdowns plus rushing for 22 yards and one touchdown. Congratulations guys on another job well done!

### *Defensive player of the week*

The defensive player of the week went to Chris Fambro hands down. The senior captain played one of his best games of the year making 14 solo tackles, five assisted tackles, three sacks and one recovered fumble. Way to go Fambro!

### *Monster Hit Award*

Arian Emerson again came away with the coveted monster hit award. He hit a receiver from his safety position so hard it knocked his ear pad out. The hit was so nice, he tackled him twice! Another job well down Arian!

### *Special Teams player of the week*

The special team award is shared this week between Chris Fambro and Roland "Bingo" Nelson. Nelson partially blocked a punt and made two key tackles on the kick-off team. Fambro made two "bell ringing" tackles on the "killer" squad busting up the wedge on the return. He is now an official member of the "wedge busters."

# Westbrook knots Ropes, 52-6!

Despite wind chill temperatures of around zero and a football field covered with sleet, the Westbrook Wildcats struck early and often ending their bi-district clash with Ropes with 2:50 to go in the third quarter by way of the 45 point rule, 52-6.

Sophomore running back Roland Matos put the first points on the board for Westbrook when he broke a 54 yard run for a touchdown with 9:05 left in the initial quarter. The PAT by Vincent Soliz was good and Westbrook was up 8-0.

The Eagles began a long drive but a swarming Wildcats defense stripped the runner of the ball to stymie the drive.

Less than three minutes later Matos scored the second of his four touchdowns. This time he carried the ball in from 10 yards out. The PAT form Soliz was no good leaving Westbrook up 14-0 with 3:45 to go in the first period.

But only 48 seconds later Ropes answered with a touchdown of their own when deep back Greg Knight found paydirt. The PAT was no good narrowing the score at 14-6 with 2:57 left in the first quarter. That would be as close as Ropes would get the rest of the evening.

Matos scored two more touchdowns while Davy Daniel scored on two pass receptions and a run and Thadd Rich scored on a pass play early in the third quarter that put Westbrook up by a 44-6 count. Two minutes later Soliz hit Daniel with a pass pushing the score to 50-6 with 4:47 to go in the third quarter. Westbrook only needed the PAT to end the game but it was not the be–yet.

Two minutes later the Ropes center snapped the ball over the deep back's head and the ball was downed in the end zone by Ropes for a safety thus putting an end to the game at 52-6 in favor of Westbrook.

"I thought our kids played extremely well considering the elements and field conditions," said Coach Jim Hill.

"It's like I've said before when we don't turn the ball over we can play with anybody," Coach Hill continued. "We played errorless ball on offense and that's a tribute to the kids. I think we just wanted it (the win) more."

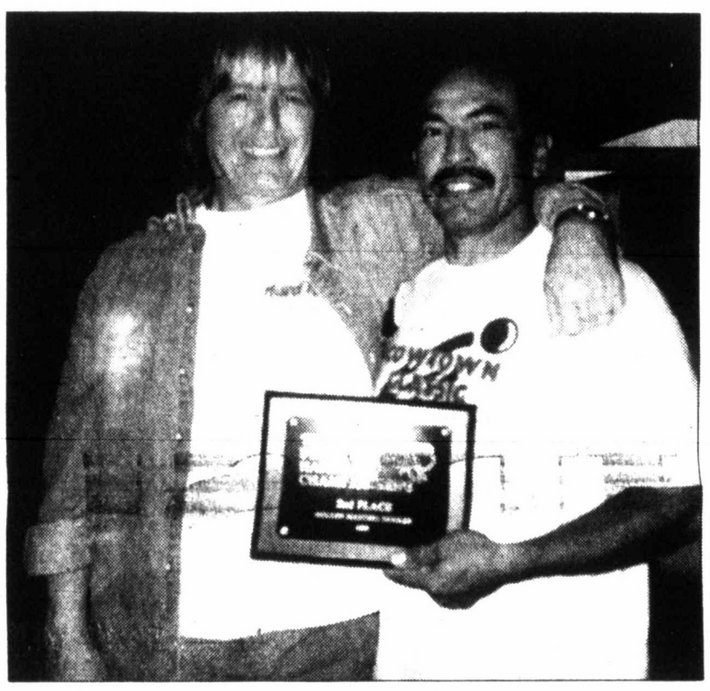

Westbrook now advances to area around of the play-offs to face the Sands Mustangs. The game will again be played at Cougar Field in Klondike with a 7:30 kick-off Friday night.

weapons," he added. "Soliz has really impressed me with how he has come on this year and #9 (Davy Daniel) is explosive," he continued. "I'm expecting a great game."

Sands doesn't rely on any one person to lead the team. They make the most of the talent they have. Leading rusher is running back Jarrod Beall but he has a supporting cast of Anthony Cantu, Robert and Robin Cisnersos, and Coby Floyd.

"I am concerned about Westbrook's defense," said Coach Barnett. "The way the they held an explosive Ropes team to only six points is really scary," he concluded.

Game time for this week's game is 7:30 p.m. at Cougar Field in Klondike.

## 8th grade girls basketball "B" team starts season

The Colorado City 8th grade girls "B" team opened its basketball season last Monday losing to Lamesa in a 21-18 squeaker. The junior high ladies carried a 11-6 lead into half time but a 12-2 point run in the third quarter for Lamesa turner the game around.

"It was a very close game," stated Coach Anita Graham. "They never gave up in the second half," she added.

Coach Graham pointed out Mindy Sullivan, Ashley Hill and Kassandra Raymond with playing good defense. Chesna Riley led all scorers with six points followed by Crystal Martinez and Kristen Ritchey with four points each.

## 8th grade girls basketball "A" team loses first game to Lamesa

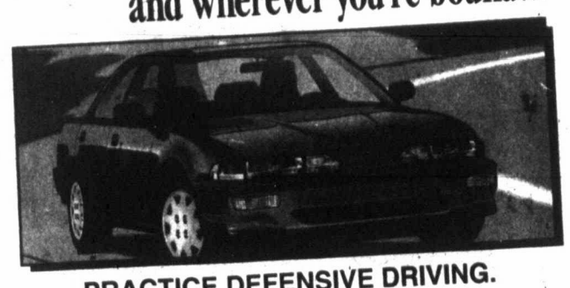

The 8th grade "A" Lady Wolves opened up their basketball season here last Monday against Lamesa.

The "A" team got off to a slow start falling behind 0-10 after one quarter of play. The Lady Wolves answered back in the second quarter outscoring Lamesa 4-2 to cut the lead to 12-4 at half-time. The "A" team however, got outscored 8-18 in the second half and fell to 0-1 with a 30-12 defeat.

"We got behind early, then we started to play better defense but our offense wouldn't ever let us get back in the game," Coach Anita Graham stated. "Our girls played hard despite the loss," she added.

Scoring for the "A" team were Vanessa Quintero six, Kassie Redwine four, and Kandon McGuffin with two points.

SEVERAL GOOD BUCKS have been harvest this deer season in Mitchell County including this nice 10-point buck (19" inside spread). Curtis Clemmer (l) killed the buck this past weekend southwest of Westbrook. Steve Rich (r) of Seven Wells Processing said it was one of the largest brought in for processing this season.

NICK EDWARDS, 9, a third grader at Hutchinson Elementary, bagged this nice 10-point buck Saturday evening November 15. The buck field-dressed 120 pounds and had a 17-inch spread. He shot it with his Ruger .22-.250 at 125 yards south of Mitchell County. His parents are Tim and Helen Edwards.

CHRIS BOLIN, 16, killed this deer the first day of deer season, only four miles from town. The deer field dressed 185 lbs., and was an eight point buck with a 21 inch spread. Chris is the son of Hobie and Jeanie Bolin of Colorado City.

**Pain may be eliminated for millions**

(SPECIAL)-- A drug that is exciting researchers in the treatment of pain has been formulated into a new product known as **"Arthur Itis,"** and is being called a *"Medical Miracle"* by some, in the treatment of debilitating conditions such as arthritis, bursitis, rheumatism, painful muscle aches, joint aches, simple backache, bruises, and more. Although the mechanism of action is unclear, experiments indicate that **Arthur Itis,** relieves pain by first selectively attracting, and then destroying the messenger chemical which carries pain sensations to the brain, thus eliminating pain in the affected area. **Arthur Itis,** is available immediately without a prescription in an odorless, greaseless, non-staining cream or new roll-on liquid form. **Arthur Itis,** is guaranteed to work or your money back.

# Ma's teeth and the Round Top

*Editor's Note: The local Kiwaniannes organization has been taking donations to help pay for restoring the old Round Top Cafe. Once restored, the cafe will be cared for by the City of Colorado City.*

*Recent donations have been made by Sun Down Lions Club, Travis and Lucy Turner and Johnny and Bettye Adams.*

*Accompanying one donation was a letter to the Kiwaniannes about memories associated with the Round Top. The author, Johnny Adams of Cross Plains, has given permission to reprint the letter.*

Congratulations to each of you for taking on the project to restore the Round Top. Projects of this sort are usually slow, difficult but very rewarding. Bettye Sue and I have just finished working with a local group restoring the Robert E. Howard home in Cross Plains. Howard was the creator of Conan The Barbarian and other fantasy stories. He did all of his writing in a little 6 x 11 foot room in front of his home. We can appreciate how much work is in front of you.

I have many memories of the Round Top but the one that stands out occurred during the depression. My grandfather and grandmother Enyart lived south of town in the Lowe Community. We called them Ma and Pa. As a young boy I spent my summers with them helping make a crop. Needless to say times were hard, difficult and money was short. Every two to three weeks we would come to town and Ma would trade cream and eggs for staples and hoped that she would have a little extra because her teeth were bad and she would have Dr. Nall pull a tooth or two as she could afford it.

On Sundays we would go over to the community center at Lowe for preaching. If a preacher showed up we would have preaching, if not we would all visit. I can recall one Sunday a real hellfire and brimstone preacher showed up and really raked everyone over the coals. He even held forth on the evils of tobacco including those who smoked, chewed, or dipped the evil stuff. Why he had even heard of some of those town hussies who smoked ready rolls using ivory holders. This made Ma nervous because Pa would kid her and say that fellow preaches you snuff dippers straight to hell. Ma's defense was that she could kill the pain in her bad teeth by rubbing her dip stick filled with Garrett snuff on the tooth.

Finally after many trips past the Round Top Ma had all of her teeth removed and had saved the 25 to 30 dollars needed for a new store-bought set from Doc Nall. When she went into Doc Nall's office that day her cheeks were all sunk in and her chin nearly bumped the end of her nose when she talked or ate. When Ma came out she looked like she had stuck a whole apple in her mouth at one time. Pa laughed because he thought she looked funny but Ma saw no humor at all in it. So he stuck the old Model A into gear and we headed for home.

This time however, he pulled into the Round Top and told Ma to get out and let's go and see if those teeth are going to work. And poor Ma got out and we all went into the Round Top. This was the first time that I could recall ever being in a cafe. The counter was a circle with a little opening on the east side into the kitchen.

Pa told the waitress to fix this woman a steak, that she had some new teeth and wanted to try them out. He ordered nothing for me or him. I had by this time found out that the stools would go around, so I entertained myself by going around and round. Ma, poor thing, was absolutely baffled by those teeth and embarrassed, she finally said that she would have to go home and practice and get used to the things. So we headed south from the Round Top, Ma with a set of teeth to get used to and Pa with another story to tell his buddies down at Lowe.

I still have that little egg crate with her name on the side that she hauled so many times to town to pay for those teeth and I treasure it. I also have the memories of the Round Top which I also treasure.

P.S. The Round Top did turn.

# Holiday festivities begin with parade on Dec. 6th

The Christmas season will officially kick off on Saturday, December 6 with a day full of events planned.

The annual Christmas parade and courthouse lighting will take place the evening of December 6 with the theme "The Light of My Life." Since the parade will be held in the evening, all entries in the parade must have lights on them to be seen.

The Little Miss and Mister Merry Christmas contest will allow children the opportunity to spread some holiday cheer and also encourage residents to do their Christmas shopping at home this year. All Mitchell County children kindergarten through fifth grade are eligible to enter the contest. The children will accept $1 donations from November 5 until December 5, and those donating will have a chance at winning the grand prize Mitchell County Shopping Spree. Businesses throughout Mitchell County have donated gift certificates, cash and gift items valued at just under $1,000 for the grand prize.

The boy and girl who collect the most donations will be crowned Little Miss and Mister Merry Christmas at the Courthouse Lighting on December 6. All children participating will also receive a special prize at the Courthouse Lighting.

The holiday season is also a time to reflect and honor the family members and friends who have touched our lives in special ways. Two memory candles will be placed at the northeast corner of the courthouse lawn to honor those special people.

The candles will be lit Monday, November 24 and every night thereafter through December 31. Each night a different person's name will be spotlighted and honored. Anyone may request that their friend or family member's name appear on the candle for a specific night. The cost is $10 and all proceeds go toward maintenance and up keep of the Christmas lights.

The employees of the Texas Department of Criminal Justice are planning a "Winter Wonderland Carnival" to be held in the Railhead building before and after the Christmas parade and Courthouse lighting. Proceeds form the carnival will go to help Mitchell County families in need during the holiday season.

For more information on deadlines and registration forms for the holiday events, contact the Chamber of Commerce at (915) 728-3403.

# Loraine News

Greetings to one and all. Put on another sweater and make yourself a cup of hot jello. It not only tastes good but after a moment or two you will have the urge to wiggle and jiggle. No Jello in the house, well, try hot cool-aid, hot lemonade or hot tea, wassail, hot apple cider, hot cocoa, you get the picture. Anything hot will do. If you don't have any of the above, milk the cow right quick!

Yuck! Hot milk...

Perhaps hot milk and honey. Now your in the mood to plan your Thanksgiving dinner!

Bea Looney had an uncle Romy Mays, from Big Spring, to visit recently, also her aunt Minnie Cranfill and cousin Wanda Bristo both from Coahoma. A good visit and a jolly time was had by all, reports Bea.

***

Harley Owens neice and nephew from Austin came to spend the weekend with him and Verlie recently. The family members were Jack and Betty Clawson.

***

Veida Gage of Snyder, formerly of Loraine, came over last Sunday to visit with her children, Mike and Regina Gage and grandchildren. Before returning home, she paid me a nice visit also.

***

Bobby and Wanza Graham came by to let us know that they have a new grandchild. He is Tanner Cordell and he was born on the 13th of November. Chad and Lanette Harmon of Burnett are the parents of Tanner Cordell. He also has a big brother, Hunter Daniel. Congratulations to the entire family.

Last week Billie Schroeder returned from a week's tour and stay at Branson, MO. She went with the Bill Berry Tour Group of Abilene and R.S.V.P. Group of Big Spring.

She enjoyed shows such as The Osmond Brothers, Bobby Vinton, Mel Tillis and Brenda Lee, The Dixie Stampede and Tim Owens Show. Before leaving MO, they visited the "Bass Pro Shop" in Springfield and also the Precious Moments Chapel located in Cathridge, Tennessee. Billie reported having a "large" time.

Loraine Senior Center News

Line Dancers from Sweetwater came to the center Wednesday, November 12th to entertain us and a great job they did.

The ladies starting dancing early and had to be in teriffic shape to dance until noon. Sue Cervik, Betty Letz, Neva Hall, Della Lawlis and Maudie Eivens. They were great!

***

On Saturday, November 14th, the center was open and served a hot nutritious meal. It was a make up meal in order for the place to be closed on the day after Thanksgiving.

We are looking forward to a four day holiday weekend.

Saturday, November 15th we had some "home-grown" entertainment prior to the noon meal of tacos and Spanish rice, beans and salad. June Barron made enough "pumpkin pie cake" to serve everyone. It is still being "talked about" and everyone wants the recipe, including me. Vida Mae McDaniel played piano, Gus Armstrong played the drums and Bill Epperson played the guitar and sang. The Whippen Pool Song was sung by the "Five Alive", June Barron, Shirley Kendall, Wanza Graham, Nell Doyle and Bessie Ann Vaughn. (We were five, but alive, not for sure).

# Local calling extensions begin Dec. 4

GTE Telephone Operations will extend local calling for all customers in the Loraine telephone service area, beginning December 4.

Under the plan, all calls from Loraine to Roscoe and Sweetwater will be local calls. Calls from Roscoe and Sweetwater to Loraine will also be local calls.

"Prior to the start of Extended Local Calling, each call between these areas was billed separately as a long-distance call, and customers would see a long-distance charge per call on their monthly bills," said Danny Ferguson, Area Manager - Customer Operations, Plains district.

"Now, these calls are equivalent to local calls, and all customers in the towns having the new Expanded Local Calling (ELC) must now dial all seven digits, both for local calls and ELC calls," explained Mr. Ferguson.

The implementation of this seven-digit service may require modification to some telecommunications equipment such as fax machines, speed calling, PABXs, key system, automatic dialers and other equipment that may restrict or automatically dial long-distance numbers.

Customers are not required to take any action to take advantage of the new service offering. Once extended calling is operational, it will no longer be necessary for customers to dial "1+" before the number when placing calls between these communities, but you must dial all seven digits for local and ELC calls.

This is a result of balloting which took place in the Loraine telephone service area under the rules of Senate Bill 632 and the Public Utility Commission Rule 23.49 (c). Under those guidelines, certain communities were allowed to petition for extended toll-free local calling to nearby communities.

With GTE's Expanded Local Calling plan, the $.73 surcharge will be replaced with the following monthly charge: $3.42 per line (residence); $6.11 per line (business). The charges will be listed as "EXPANDED LOCAL CALLING/SURCHARGE" in the tax portion of the telephone bill. More information will be provided to affected customers in their monthly telephone bill as the service becomes operational.

Residential customers with questions about the ELC service should call toll-free 1-800-483-4400, and business customers should call 1-800-483-5400.

With revenues of more $21 billion in 1996, GTE is one of the largest publicly held telecommunications companies in the world. In the United States, GTE offers local and wireless services in 29 states and long-distance service in all 50 states. GTE was the first among its peers to offer "one-stop shopping" for local, long-distance and Internet access services. Outside the United States, where GTE has operated for more than forty years, the company serves approximately 7 million customers. GTE is also a leader in government and defense communications systems and equipment, directories and telecommunications-based information services, and aircraft-passenger telecommunications.
