WALTON FLAYS MASKERS

Liquor Ships To Be Seized

EXTREME STEPS DECIDED ON TO UPHOLD DRY BAN

New Treasury Regulation Drafted In Conference At Washington

3 MORE SHIPS DOCK

Total of 13 Liners Now In Port With Booze Stocks Aboard

Associated Press Dispatch

WASHINGTON, June 27.—The government today prepared to take the extreme step in enforcing the supreme court ban against liquor imports, of seizing ships which bring in intoxicating beverages whether in cargo or under foreign government's custom seals.

Continued violations of the court's decision by an increasing number of foreign vessels entering New York with large quantities of beverage liquors under seals, it was apparent, made necessary the drastic penalty of seizure not only of the contraband beverages, but of the ships themselves. Officials declared privately that the present practice could not be tolerated much longer and steps to invoke the extreme penalties of the Volstead act were said to be imminent.

A new treasury regulation was reported to have been drafted today, providing for additional directions to customs officers to seize all vessels found bringing in beverage liquors, even under foreign customs seals, after adequate notice to foreign governments of the new and more drastic policy. The instructions also would provide for the arrest of the captains of such ships.

3 MORE SHIPS ARRIVE WITH LIQUOR STOCKS

Associated Press Dispatch

NEW YORK, June 27.—Three more foreign liners, the Chicago of the French line, The Olympic of the White Star and the Cunard Saxonia, arrived in port today with their return supply of liquor under government seals. This brings to 13 the total of arrivals to test the recent treasury department ruling prohibiting the carrying of liquor into United States ports. Of these, the seals of only four have been broken so far. They are the Baltic, the Berengaria, the Paris and the Cedric.

No seizures were made today and shipping officials predicted that if hasty action were not taken some of the liners would be kept in port over their schedules.

Seamen Superstitious

The Finland of the American line arrived with nothing but her medical liquor supplies, having dumped her excess before crossing the three mile limit. Just as the liquor was heaved over the side, a bolt of lightning struck one of the masts. Superstitious seamen considered this an omen of disapproval of such waste.

The Paris sailed out with her broken seals still hanging to the wine room door and 12,000 pints of wine and spirits on board, allowed for medical purposes by Dr. E. K. Sprague, public health officer here.

Reports from London estimated that the failure of foreign vessels to get through the customs offices with return supplies had discouraged line officers, and several liners were putting out with only one way supplies of drinks.

DR. CODY BURIED

GEORGETOWN, June 27.—The funeral of Dr. C. C. Cody of Southwestern university, who died late yesterday evening, was held in the Methodist church this afternoon, after being conducted by E. P. Barton, of Austin. Burial was in the I.O.O.F. cemetery.

THE WEATHER

West Texas: Thursday probably cloudy, cooler, Friday fair.

East Texas: Thursday partly cloudy, probably showers, cooler in interior, Friday probably cloudy.

Oklahoma: Thursday probably fair, cooler, east and south portions, Friday probably fair.

GUNDEKER NEW PRESIDENT OF ROTARY CLUB

Guy Gundaker.

Guy Gundaker, Philadelphia restauranteur, is the new president of the International Botary clubs, succeeding Raymond Havens of Kansas City.

GOOSE CREEKERS DECIDE TO TALK

Three Witnesses to Answer Grand Jury Questions On Flogging

Associated Press Dispatch

HOUSTON, Texas, June 27.—After a de luxe jail stay of one week, J. E. Harper, W. E. Viles and W. S. Bradley, Goose Creek men, jailed for contempt of court by Judge J. W. Robinson for refusing to answer questions of the grand juhy concerning flogging in the oil town, tonight announced they were ready to talk.

Serenaded by Band.

The three witnesses will go before the grand jurors at 10 a. m. tomorrow to answer eleven questions propounded by the jurors in their quiz of Goose Creek flogging cases.

Decision of the witnesses to talk followed a conference with their attorney, Judge John M. Mathis, who later informed the court of their willingness to talk.

Harper, Viles and Bradley were sentenced Thursday last when they persisted in their refusal to answer questions concerning the whipping of L. D. Moseley, Johnny Midnight, "Shorty" Brown and a jitney driver named Stewart. They were accompanied to jail by an escort of about 200 fellow townsmen. On the same night the jail was the scene of a serenading party by Houston sympathizers who brought along a brass band.

Surroundings of the witnesses for the last week have been almost the last word in jail luxury. No sooner were they placed behind the bars than sympathizers purchased beds of good quality, linens and a phonograp, to these latter were added a refrigerator in which delicacies could be kept, a book case excellently stocked, a supply of expensive cigars and a water cooler. The regular jail fare has been supplemented by meals sent out by a downtown hotel.

A homecoming is being planned for the witnesses on their return to Goose Creek.

Ross Murder Jury Fails To Agree On Verdict First Day

Companion Good Case Called But Defense Asks For Time.

Associated Press Dispatch

LUBBOCK, Texas, June 27.—The case of Tom Ross, charged with the slaying of W. D. Allison, inspector, went to the jury at noon today.

The case of the state of Texas against Milt Good, also charged with slaying Allison at Seminole, April 1, was called for trial in the Seventy-second district court at 2 o'clock this afternoon.

Verdict Expected Today

The state announced ready for trial, but the defense asked to be allowed time to file three motions, and the court excused the members of the special venire of 100 and witnesses until tomorrow afternoon, and took a recess.

Good and Ross also were charged separately by indictment with slaying H. L. Roberson, another inspector, at the same time. They are scheduled to be tried on these charges following trial on the Allison charge.

At 5 o'clock this evening the jury had given no indication of reaching a verdict, and Judge Mullican and attorneys for both sides left the court room. A verdict was not expected before some time tomorrow.

MRS. BUGGS FOUND GUILTY OF MURDER

Associated Press Dispatch

NEW YORK, June 27.—Mrs. Anna Buzzi was found guilty of the murder of Frederick Schneider, a wealthy Bronx contractor, by a supreme court jury tonight.

She was found guilty of first degree murder. The jury had been out for more than 10 hours, but late this afternoon had sent a request to Justice O'Malley for transcripts of the testimony in the trial.

Colorado to Gulf Highway Meeting at Alvarado

Associated Press Dispatch

ALVARADO, June 27.—The Colorado-to-Gulf highway association attended by delegates from Colorado, New Mexico and Texas opened its eleventh annual convention today and the two-day session is being held in the big pavilion at the Alvarado tourists' camp grounds. Between 2,000 and 2,500 persons sat down to the barbecue tables.

Ed McRae of Fort Worth, chairman of the weather and road information committee, recommended establishment of a weather and road information bureau for which Fort Worth made a bid.

Waggoner Jewel Theft Captured? It Sounds Fishy

Special Dispatch to Record News.

HENRIETTA, Texas, June 27.—A short-lived flurry of excitement sprang up here Wednesday morning when a young man appeared before a local attorney and said he had stolen the Waggoner jewels in Wichita Falls two weeks ago. He also volunteered to reveal the hiding place of the gems.

An officer from Wichita Falls was summoned, and together with the attorney accompanied the man to the spot where the $15,000 fortune was presumed to be hidden. Diligent search, however, failed to reveal any trace of the diamonds.

It was explained that the informant had always been regarded as "peculiar."

Simmons to Hold Office In Game Office Squabble

Associated Press Dispatch

AUSTIN, June 27.—Arrangements were made by Governor Neff today in conference with State Game Commissioner W. G. Boyd and Chief Deputy George Finley Simmons under which Simmons will continue with the state department until the governor's return from a tour of Pinema the latter part of next month. Because of difference between Boyd and Simmons the chief deputy yesterday tendered his resignation to the governor. Simmons expects to submit a report on activities of the department before leaving.

Texas May Advertise "Chevon" $10,00 Strong

DEL RIO, June 27.—No action was taken today on the matter of raising $10,000 necessary to begin an advertising campaign to put before the public the word "chevon" for goat flesh as a food, as officially named by the association last year, at the eighth annual convention of the sheep and goat raisers' association today.

HOTTEST DAY

Temperature Goes Over 107 Degrees As Sun's Rays Grow Hotter Toward Middle of Afternoon.

Another season record was broken Wednesday when the temperature began rising steadily at 6 a. m. and continued to do so until it had reached 107 1-4 at 4 p. m.

The maximum temperature reached on July 27 of last year was 101 degrees which was six degrees lower than that registered yesterday. If one should go by last year's record however, today will be a scorcher as the temperature rose to 108 degrees a year ago today.

The coolest day during last summer from the first of June to September 11 was July 4 when the temperature dropped to 90 degrees.

Texas Swelters With Mercury In Shadow of 100

Associated Press Dispatch

DALLAS, June 27.—The highest temperature of the year was recorded today when the thermometer registered 98.

100 AT FORT WORTH

FORT WORTH, June 27.—Fort Worth today set a heat record for this date when at 4 o'clock this afternoon, the thermometer stood at 100 degrees. It rose to that mark from 93 degrees above at 1 o'clock. It was the warmest day since August 10, 1922, but there were no heat prostrations reported.

99 AT AUSTIN

AUSTIN, June 27.—For two successive days the mercury here has reached 99 degrees, the hottest weather for this time of the year in a decade.

PAROLED DALLASITE ARRESTED ANEW AS HE LEAVES PRISON

Associated Press Dispatch

BATON ROUGE, La. June 27.—William J. Adams of Dallas, sentenced in 1921 to serve from eight to 14 years in the Louisiana penitentiary for burglary, was paroled yesterday because of meritorious service while in prison, only to be arrested on a federal warrant charging the theft of funds from the postoffice at Paris, Texas. During the two years he had spent in the Louisiana prison Adams was cited for his work when a levee at the prison farm broke, and he again was cited for his service when one of the buildings was burned a few weeks ago. His conduct won his parole.

He was arrested on the federal charge upon his release. The alleged theft at Paris occurred a few weeks prior to his arrest for robbery at Jennings, La.

HEAT PROSTRATES OIL FIELD WORKER

Associated Press Dispatch

CORSICANA, Texas, June 27.—Lynn Hauffear, employe of the Humble oil company, was overcome by the heat today in the Corsicana-Powell oil fields. He was brought to the Physicians and Surgeons hospital here where he is said to be in a serious condition. This is the first heat prostration to be reported in the local field.

STATE BEGINS TEST SUIT ON GASOLINE TAX

Constitutionality To Be Determined In Suit Filed At Austin

$250,000 IS INVOLVED

Will Test State's Right To Collect More Than One Tax

Associated Press Dispatch

AUSTIN, Texas, June 27.—A test suit of the constitutionality of the original 1-cent gasoline tax act was filed in the Fifty-third district court today by Assistant Attorney General Frank Kemp on behalf of the state against the Pioneer Oil and Refining company and the Slimp Oil company, both of San Antonio. The suit is especially directed to test the ability of the state to collect more than one tax on gasoline.

Collectable Twice Is Claim

The act involved was passed by the second called special session of the recent legislature. An opinion by the attorney general held it was collectable not only from the wholesaler, against whom it was directed, but also from refiners, distributors and retailers.

The suit specifically covers taxes alleged to be due the state on April and May sales of the defendant companies. The state's petition alleges approximately $8,500 is due from the two firms.

A subsequent act of the legislature defines in detail who shall pay the gasoline tax. Outcome of the suit probably will determine disposition of more than $250,000 already received by the state comptroller.

SMILING "WOMAN" BANDIT HELD ON MURDER CHARGE

Associated Press Dispatch

CHICAGO, Jun 27.—Fred Thompson, the masquerading man-woman, charged with being the "smiling" woman bandit who shot and killed Richard Tecmer, today was ordered held to the grand jury on the charge of murder by the coronors jury investigating Tecmer's death.

The jury also ordered that the police continue their search for the male companion of the "smiling" bandit, and when he is arrested to hold him on a similar charge.

Thompson was attired again in the female clothing which he wore when arrested in the apartment of Frank Carrick, where he is said to have lived as the wife of Carrick and the husband of Marie Clark. Arrested with Thompson and Carrick, he has been forced into male attire at the jail, but when he appeared at the inquest he again wore his dress, high heeled slippers, hat and veil.

GALVESTON STILL RAIDED

Associated Press Dispatch

GALVESTON, Texas, June 27.—A 50-gallon still, along with 25 gallons of liquor, were captured tonight at 10 o'clock in West Galveston by Frank Tiernan, deputy United States marshal, assisted by local police. One man was arrested.

Klan Gathering In Uproar After Priest's Protest

Associated Press Dispatch

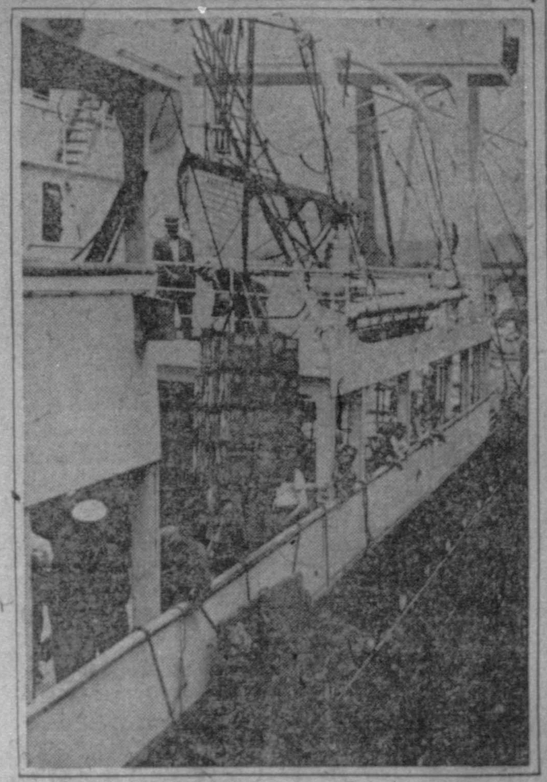

DENVER, Colo., June 27.—Protests of an unidentified man in the gallery and a Catholic priest who wore his army uniform caused R. W. Means, manager of safety, to disperse a seething crowd of approximately 6000 persons, who had gathered in the Denver auditorium tonight to hear a ku klux klan speaker, when sentiment for and against the speaker threatened to cause serious disorder the 150 policemen who were detailed to the meeting were scattered through the dispersing crowd by Means, in order to prevent what appeared to be an outbreak.

JOHN LANDERGIN KILLED BY TRAIN

Associated Press Dispatch

AMARILLO, June 27.—John Landergin, widely known Panhandle cattleman and reputed to be wealthy, was killed by a northbound Santa Fe passenger train just south of Amarillo today. Landergin had been in ill health for several years. He was 67 years of age.

WHEN BALTIC LOST ITS BOOZE

Unloading Seized Liquor from S. S. Baltic in New York.

Johnny Bull waltzed into New York with a choice chip on his shoulder via the steamships Berengaria and Baltic, first to try out the ruling against bringing ship liquor within the three mile limit. Uncle Sam promptly knocked the British chip for a choice stock of liquor, when he seized nearly 12,000 bottles of assorted stuff carried on the two liners.

4 NEW COUNTIES NOW ON VERGE OF MARITAL LAW

Whole State Under Soldiers If Needed to Halt Mask Violence

CADDO MAY BE NEXT

50 Quizzed at Henryetta As Military Takes Over County

Associated Press Dispatch

OKLAHOMA CITY, Okla., June 27.—Reiterating his determination to stamp out activities of lawless mobs within the borders of Oklahoma, Governor J. C. Walton today declared he was ready to place every county in the state under military rule for the next three years if such drastic action proved necessary to suppress masked violence.

Civil Efforts In Vain.

Having clamped martial law down upon Okmulgee county, where he charged that mob outrages had been occurring for months, the governor let it be known that four other counties were on the "verge" of military rule.

Caddo county was named by the executive as one of the counties where troops may be sent.

Declaring that his efforts to get results through the regular civil agencies had been without success, Governor Walton said:

"Local officials are too often allied with these secret, lawless mobs. It seems impossible to get a hold anywhere so that mob rule prosecutions can be assured.

"I found all over the state, county officers, who are apparently in league with elements which are taking the law in their own hands."

Caddo County Warned.

Local conditions made it impossible to execute ouster proceedings against county officers remiss in their duties, the governor asserted.

"Officials ignore whippings and assaults," he declared, adding that the number of such cases was "appalling."

Okmulgee county will remain under occupation by the military until he is

Appropriations Passed By Governor Without Signature Or Vetoes

Legislature Session Early Next Year Now Seen As Necessity.

Associated Press Dispatch

AUSTIN, June 27.—Without disproving a single item, Governor Neff late today filed all of the general appropriation bills with the secretary of state to become effective without his signature. The items total more than $35,000,000 and represent a reduction of slightly over $3,000,000 of the appropriations which the governor vetoed during the recent legislative session.

Special Session Certain

The governor gave no explanation for his action other than that none of the appropriations were in lump sums and could not be vetoed except in their entirety.

It is general believed that this action makes certain another session of the legislature early next year.

GERALDINE FORMALLY GIVEN HER DIVORCE

Associated Press Dispatch

NEW YORK, June 27.—Miss Geraldine Farrar, opera singer, was granted a decree of divorce from Lou Tellegen, her actor husband, by Justice John Tierney of the supreme court today. The decree was granted on recommendations of Referee Mahoney, who conducted the divorce hearing.

Under the interlocutory decree Miss Farrar was permitted ot resume her maiden name and was given the privilege to marry again. This privilege was denied Tellegen, who was directed to pay the costs of the action. The decree will not become final until three months from today.

Harding's Party Blazes Trail In Southern Utah

Associated Press Dispatch

CEDAR CITY, Utah, June 27.—President Harding today became a trail blazer.

When the presidential special train carrying him, Mrs. Harding and their party reached here at 8 o'clock this morning, it was the first passenger train to arrive in Cedar City, and also the first passenger train to travel over 35 miles of new track, just completed by the Union Pacific system between Lund and Cedar City.

Leaving the train, the presidential party motored into Zion park, with its wonderful rock formations, its brilliant color effects and deep canyons.

Harding is the first president ever to visit this section of Utah. A crowd of 75 Piute Indians met the train. They were in native garments, and their faces were covered with bright colored paints.

Tomorrow the president will strike out into enemy territory when he enters Idaho, home state of Senator Borah, caustic administration critic. Addresses are scheduled for Pocatello and Idaho Falls, both in southern Idaho.

Oil Town Irate At Houston Out To Split County

Associated Press Dispatch

HOUSTON, June 27.—Alleging discrimination against their city and its citizens on the part of Harris county officials, a number of Goose Creek men, headed by W. T. Terry, real estate man, today launched a move to secede from the county. They want Goose Creek joined to Chambers county and are hopeful it will succeed Anahuac as county seat.

Information concerning the plan came to light today when Terry called up J. P. Rogers, state representative from Harris county and asked him to use his influence at the next session of the legislature to have the Goose Creek oil field territory severed from Harris and annexed to Chambers county.

The Goose Creek representatives say that Goose Creek never has had fair representation in the courts here. Terry explained to Rogers that the Goose Creek section of the county often is reported as "bad territory" but not one man from that district ever has been selected as a member of the grand jury. "And there are other reasons—many of them," Terry declared.

Rogers says he does not know of a case similar to Goose Creek's proposal in the history of the Texas legislature.

Convicted Texas Oil Schemer May Be Given Canada

Associated Press Dispatch

FORT WORTH, June 27.—Deportation hearing for Frederick L. Haskins, alias Fred L. Harris, convicted oil promoter, was held today in the countl jail by Guy H. Smith, immigration inspector.

The government is endeavoring to have Haskins deported to Canada on completion of term of a year and a day in Leavenwirth penitentiary for using the mails to defraud. At the Canada boundary, federal officers are advised, Haskins will be picked up and forced to serve the remainder of a four-year term for alleged assault on a woman. Haskins was paroled after serving a year.

At the deportation hearing Haskins would not reveal whether his real name is Haskins or Harris, nor would he affirm or deny whether he is a citizen of Canada.

The record in the deportation hearing will be forwarded to the secretary of labor at Washington, who will decide whether Haskins is to be deported. The charge is that he has forfeited his right to remain in the United States because he has been convicted of a felony.

BUY IT IN WICHITA FALLS—THEN YOU'LL GET YOUR MONEY BACK!

More than a month ago, the Record News started a series of page advertisements, setting forth in an attractive manner arguments for trading at home. This series of advertisements is being continued every Tuesday morning.

Today further argument is presented by a number of individual firms and by the chamber of commerce.

Wichita Falls has grown so rapidly in the past few years that some people do not realize the importance of its high class department stores, jewelers, shoe shops and other concerns. Several years ago there may have been some reason for local people going to Dallas or Fort Worth, today, however, it is nothing short of fallacy for one to make such a trip.

On the other hand residents of such towns as Olney, Waurika, Henrietta—to say nothing of Burk and Electra and some of the other towns closer in—have accepted the policy of trading in Wichita Falls instead of going to Dallas and Fort Worth.

Through The Record News, delivered every morning before breakfast by truck, even as far as Graham, they get the message of the local merchants. And the stores who talk to these people through The Record News are the stores where you will meet these people when they come to town. This is being proven every day.

Texas Doctor's "Fourth Degree" Drug Proves Californian Innocent of Murder

International News Dispatch

SAN FRANCISCO June 27.—The "fourth degree" has arrived.

Noted criminologists who watched demonstrations of the new "truth compelling" drug scopolamin in San uentin prison today agree that a new factor in criminology has arrived which may throw into the discard the brutal "third degrees" and make the physician one of the chief aids to criminal investigators.

In a series of tests conducted by Dr. R. E. House Ferris Texas physician who after use of scopolamin as a "twilight sleep" producer conceived the idea of its value in criminology established these things:

1.—Supplied corroboration of the judgment of a jury in acquitting one man of wife murder.

2.—Revealed the identity of Belgian war here serving time for automobile larceny—something the man had forgotten himself.

3.—Supplied officers with information that may clear a man serving life sentence for murder.

4.—Revealed many alleged crimes on the part of a convict unknown to officers.

Under the influence of scopolamin, the subject loses use of conscious will, Dr. House explained to the noted physicians, criminologists and psychologists who followed carefully his experiments. The subject retains memory and answers truthfully any questions put to him.

Henry Wilkens, tried for the murder of his wife, voluntarily asked a test and under the influence of the drug related in even greater detail the story of the holdup in which his wife was killed and convinced August Vollmer, "scientific" police chief of Berkeley, that the jury was right in acquitting him.

At San Quentin prison the additional tests revealed Eugene O'Leary as the son of Pierre Burne, of Luxemburg, Belgium, five times wounded in the Argonne.

John L. Farr, under the "truth serum," revealed the murder he is serving time for was committed by his partner and John Johnson, a negro, admitted his guilt of grand larceny, and other misdemeanors.

COMEDY 'PEPS' LION DINNER

Ladies Entertained At The Muny Golf Course; Prizes Awarded

Comedy was the keynote Wednesday evening when over 50 members of the local Lions clubs, their wives and friends, gathered at the club house on the Municipal golf grounds for a special "ladies night" session. The affair was a tremendous success from first to last.

Dinner was served by Arthur Salmon, concession operator at the golf grounds, and music was furnished throughout the evening by a 5-piece orchestra from the White Kitchen. Vocal efforts of the members and guests came without interruption from the opening to the close.

An interesting and instructive lecture on observations made on a recent tour of the world, given by Miss Lucille Brooks Huff was the only set program number.

Awarding of various prizes was responsible for much of the comedy of the evening. Four stalwart Lions, laboring under a presumably heavy burden, staggered into the room at one time and presented Mrs. L. D. Parnell with a baby grand piano—of the Woolworth variety. Mrs. J. E. Hatchitt was given a set of china dishes—doll's house style, and Mrs. H. J. Bruce got the useful article, a rolling pin with which she made life miserable for the secretary of the club.

Joe Hatchitt won a smoking set, 30 Virginia Cheroots, for being the loudest man present and Rev. Lambreth Hancock was presented a hideous false face for being voted the most handsome gent in the room.

A report on progress being made by the club baseball team was the only business transacted.

Government Takes Hand In Telephone Girls Strike

International News Dispatch

WASHINGTON, June 27.—The government today took a hand in the New England telephone strike when the department of labor ordered Anna Weinstock, commissioner of conciliation, to Boston to attempt to bring about a settlement.

Miss Weinstock settled the New York clothing workers strike and has been successful in many recent disputes involving women workers.

Bachelor Pays

Judge Fines Him $50 on Booze Charge Because He Has No Wife and Children.

Because he was nearly 50 years old and had no wife nor children J. A. Stewart who plead guilty to a whiskey charge was fined $50 by Judge Atwell instead of a sum less than that.

"A man your age who has never married just naturally should pay a little more for not having done his duty in that regard, so I am going to fine you $50," the court said.

"All right, Judge, but it isn't entirely my fault that I have never married," the defendant answered.

WALTON DELAYS---

(Continued from page 1.)

satisfied there is efficient enforcement of law in the county, the governor said, warning that the next report of mob activity in Caddo county would be the signal for dispatching troops there.

Klan Feels Threat

Officials of the ku klux klan, whose names were not used, were quoted by the Daily Oklahoman here as saying they believed the governor's threat of spreading martial law into other counties besides Okmulgee was directed against their organization.

"That the governor's action in sending national guard troops to Okmulgee Tuesday, and his warning to other counties Wednesday, was a direct declaration of war against the organization (the klan) was the consensus of opinion also among statehouse observers," the newspaper continued, adding that the governor had neither affirmed nor denied this allegation, and pointing out that in his proclamation or statements he had made no direct reference to the ku klux klan in this connection, it was recalled that several times since his election Governor Walton has occasionally declared his belief that the ku klux klan is a menace to orderly government in Oklahoma.

Tulsa Believed Included

The executive refused to name the three counties linked with Caddo in his threat of further military occupations, but those familiar with the situation expressed belief that Tulsa, Osage and Pontotoc were the counties referred to.

Charges were made in Okmulgee county in the campaign preceding the election last November that the ku klux klan was supporting John Russell for sheriff and other candidates who made a successful race with Russell.

50 CITIZENS IN PROBE

Associated Press Dispatch

OKMULGEE, Okla., June 27.—More than 50 citizens were questioned at Henryetta late today by Adjutant General B. H. Markham as to their knowledge of charges against Sheriff John F. Russell of Okmulgee county, upon which Governor J. C. Walton based his action in placing the county under martial law yesterday.

Without divulging the nature of the testimony given by the witnesses, Adjutant General Markham returned to Okmulgee this evening asserting he would go back to Henryetta tomorrow to complete the inquiry.

50 Troops On Guard.

"All I will say at this time is that the deputies of Sheriff Russell in Henryetta were 'under fire' in the examination of witnesses," the adjutant general declared. He explained it was his intention to make a detailed report of the investigation to Governor Walton as soon as he finished questioning Henryetta citizens. Until that time, the adjutant general added, that it would be inadvisable to make public various phases of the inquiry as they develop.

Less than 50 national guardsmen were on duty in the county tonight to enforce the martial law decree. Thirty were here and almost a score were on duty at Henryetta. The remainder of the approximately 200 troops, entrained for home a few hours after their arrival here this morning.

Okmulgee Calms Down.

Okmulgee accepted the military occupation with resignation after the initial flurry of resentment and surprise wore off. The military aspect given the situation was the row of tents set up on the old council house grounds in the center of the city.

Reports that the whole county would be placed under military rule were denied by Brigadier General Alva J. Miles, commandig the units. He declared in a statement announcing the order for withdrawal of most of the troops that Sheriff Russell had turned over his office to the military forces but explained that no business of the courts of other civil matters would be interferred with.

Frederick Will Repaired

Special Dispatch to Record News.

FREDERICK, Okla. June 27.—Preparatory to a heavy run the Frederick Cotton Oil mill is being overhauled and placed in condition to handle a bumper crop, according to W. H. Nesmith, representing the Chickasha Cottonseed Oil company, who is superintending work here.

ORPHAN HOME AT TIPTON SOON READY TO ACCOMODATE 200

Special Dispatch to Record News.

FREDERICK, Okla., June 27.—Work on the Tipton Orphans Home, being constructed by the Church of Christ at Tipton, is progressing rapidly and the building is taking on form.

The new orphanage is 280 feet by 165 feet. Each room will have an outside window. Treatment will be given free to all children whose parents cannot pay for it. There will be four school rooms.

The building, when completed, will cost $100,000 and the equipment will cost about $50,000. The home will have its own power plant and heating system.

This orphanage was established in 1921 by W. L. Sweney and wife in Canadian, Texas. There are now 88 inmates. The new building will accommodate 200 children. The orphanage is named for Sol Tipton, who gave a 70-acre tract of land to the promoters.

FREDERICK BUDGET TO BE $86,570.40

Special Dispatch to Record News.

FREDERICK, Okla. June 27.—That Frederick's budget for the fiscal year beginning July 1 will be $86,570.40, was the decision tentatively arrived at by the city council in a prolonged meeting at the city hall Tuesday night. They held until 1:30 o'clock Wednesday morning. The estimate was not completed and the official estimate will be adopted at the special meeting required by law Monday night.

HEAT TAKES SIXTH ST. LOUIS VICTIM

Associated Press Dispatch

ST. LOUIS, June 27.—The sudden death last night of Mrs. Maude Smith, 35 years old, today was attributed by physicians to the heat, making six deaths from heat here in four days. Heavy showers early today caused a 20 degree drop in temperature, the reading this noon being 73.

Did the Trick.

"This artificial bait does not seem to accomplish its purpose."

"How so?"

"It doesn't catch any fish."

"But it caught you," didn't it?"—Houston (Texas) Chronicle.

COURT GETS PAIR OF APPLE-HEADED BLACKS MIXED UP

An unusual case of mistaken identity developed in federal court Wednesday afternoon when a couple of negroes were brought before Judge H. H. Atwell on the popular Volstead amendment violation charges that are predominating this session of court.

Alfred Avers, long slim, apple-headed Ethiopian, was first brought before the court on a whiskey charge. The usual procedure whis is only a matter of being sworn, pleading guilty or not guilty, hearing evidence and receiving sentence and advice from the judge was gone through with.

James Russelton, another Ethiopian, just as slim, just as apple-headed and just as frightened, was brought before the court. The court knew he was not seeing double and had never known of anybody returning for another sentence or to have a little more advice administered.

"This man has already been tried, call the next case," the court said impatiently.

The negro maintained a wild-eyed pose and refused to move.

"Didn't you have your trial a few minutes ago? What are you staying her for anyhow?" the court demanded.

"No suh, your honor I isn't never been in heah no time before this. Dat was another man," Negro No. 2 replied.

The court saw his mistake, smiled and the melange of whiskey hearings continued.

U. S. Cotton Standards Act Accepted By Manchester

Associated Press Dispatch

MANCHESTER, Eng., June 27.—The directors of the Manchester Cotton association have unanimously adopted the report submitted by their delegates who recently returned from America after presenting Manchester's case for modification of the new United States cotton standards act. This means that the Washington agreement with the delegates will be ratified and signed and that Manchester will take its place with the other cotton exchanges of the world.

LAUNDRY OWNERS MEET.

Associated Press Dispatch

GALVESTON, June 27.—Proper study of the laundry business hinges on the study of man, said G. E. McCarrell of Galveston, before the opening session of the Texas Laundry Owners' association, which began a three-day semi-annual convention here today.

19 ARRESTS ON 30 INDICTMENTS

Booze Charges, Theft And Forgery Defendants Rounded Up

Nineteen arrests were made by the sheriff's department Wednesday morning and afternoon on indictments returned by the grand jury Tuesday evening. Theft, forgery, perjury, whisky violations and statutory charges were included in the cases.

A total of 30 indictments were included in the grand jury's report to Judge H. R. Wilson.

BRECKENRIDGE MAN BLOWN TO BITS BY DYNAMITE CHARGE

Associated Press Dispatch

BRECKENRIDGE, June 27.—J. W. Hartney, 72, was killed today by explosion of dynamite. The dynamite exploded as it apparently lay on his chest. The body was blown to pieces.

HARDING TOUR PURE POLITICS

So Says Senator Harrison In Interview At Frederick, Okla.

Special Dispatch to Record News

FREDERICK, Okla., June 27.—Characterizing President Harding's speeches on his western tour as "pure politics" and a complete abandonment of his original plan to make a fight for his world court issue, United States Senator Pat Harrison, Mississippi, in an interview here, predicted a clean sweep for the democratic party in the 1924 elections.

"Eighteen republican United States senators come up for re-election in doubtful seats next year," he said, "while only two democratic senators stand for re-election in doubtful states—Walsh of Montana and Walsh of Massachusetts.

Ford Seen Not Likely.

The democratic party has a host of eligibles for the presidential nomination, any one of whom, if nominated, is practically assured of election. Among them are McAdoo, Cox, Rowland, Davis, Clark, Copeland, Smith, Underwood, Haskell and Bob Owen.

"I am not looking for any third party. Should a militant third party enter the arena it would make the democratic party's chance of victory 100 to 1.

"Personally, I don't think there is much possibility of Henry Ford being nominated by the democrats. My opinion is that the man nominated by the democratic party for the presidency will be known to be a democrat.

"Prohibition Settled."

"I do not think any wet candidate possibly can be nominated. I do not believe we will be bothered by the wet or dry issue, as the prohibition issue has been definitely settled. About 90 per cent of the American people favor prohibition.

"On his western tour the president is doing what we expected. Instead of going out to make a real fight on the republicans who are trying to embarrass him on his world court issue, he has turned his western trip into a campaign speech-making tour for renomination. Every one of his speeches, save the one at Kansas City, has been pure politics."

Lions Hear Him.

Senator Harrison was the guest of the Lions club at luncheon and spoke on the farm bloc, its cause and mode of operation. He declared the high question before the people today was that of transportation and declared that it had but one solution that would be beneficial—lower freight rates, brought about by a consolidation of railway systems.

Pennsylvania Woman Nmed To Republican Committee

Associated Press Dispatch

PHILADELPHIA, Pa., June 27.—Mrs. Barclay H. Warburton, vice chairman of the Pennsylvania republican state committee, today was appointed an associate member of the republican national committee. Mrs. Warburton was named by Senator Pepper. She is the daughter of the late John Wanamaker.

GOOSE CREEK ASKS COUNTY SEPARATION

Associated Press Dispatch

HOUSTON, June 27.—A number of Goose Creek citizens, headed by W. T. Terry, real estate man, today asked J. P. Rogers, Harris county representative in the legislature, to foster a bill to take Goose Creek from Harris county and put it in the confines of Chambers county. Goose Creek is an oil town 21 miles from here. The community has been the scene of a number of floggings in the past two years. The petition claims the town is not properly represented on the grand juries or on the courts of Harris county.

THE LAST STAND

(From the Ohio State Journal.)

Lee surrendered to Grant at Appomattox on April 9, 1865, virtually ending the Civil War, though Johnston's army did not formally surrender until April 26 and Kirby Smith's until just a month later. If a boy 18 enlisted shortly before the end of the war is living today he is 76, well beyond the span traditionally allotted to man and much farther beyond the actual average length of human life. Even a drummerboy of 12 in 1865 would be 70 now. The total membership of the three local Grand Army posts had shrunk to 259 on May 28; 26 members died in the year ended on that date, eight in the last eight days of it.

We suppose the average age of all veterans of the Civil war now living in the country at large must be at least 80. Here and there some sound and strong man will live to be 90, a very few will survive still longer, but the death rate above 80 is terribly high; we imagine the insurance actuaries do not even reckon it. The Grand Army is surrendering as the Old Guard did at last. One foe, if foe he is, and one alone is too much for them.

Fight on, brave old men! Sttay with us as long as you can! And when at last the odds become too great and you bow your brave old heads, know that you leave behind a nation whose hart beats high with gratitude that you kept the faith and fought the fight.

Austria has put out a series of seven postage stamps. Each issue bears the portrait of a famous musician.

CUTTING IN ON CLOSEUPS

The Movies By Joedie Fisk

OLYMPIPC—Douglas McLean in "The Sunshine Trail."
EMPRESS—"Westbound Limited" with Ralph Lewis.
STRAND—Billie Dove in "Youth to Youth."

"WESTBOUND LIMITED" IS REAL THRILLER—

"Westbound Limited" proved to be another sensational thriller—quite successful—if one should judge from the waves of whistling and applause that swept over the packed house at the Empress.

The picture is produced by Emory Johnson who also produced "In the Name of the Law" and "The Third Alarm," which proved very popular among movie fans.

Under all the thundering thrills and sensational scenes runs a little thread of human interest—a love story—Johnny Harron, younger brother of the late Robert Harron who played in D. W. Griffith pictures, is one of the best juveniles on the screen and plays a close second to Ralph Lewis who carries the feature role.

The picture glorifies one of the greatest professions of today—the railroad man. The spectacular dramatic features, the pathos, and the delightful humor of the story will make it a photoplay that is talked about.

"Westbound Limited" closes Saturday at the Empress.

DOUGLAS M'LAIN AT OLYMPIC TODAY—

Douglas McLain and Edith Roberts in "The Sunshine Trail" open today at the Olympic. Doug, as Sonny McTavish, comes home to find that he is officially "killed in action" and buried in the Argonne. Branded an imposter, his troubles begin.

A woman crook leaves a kidnaped child on his hands, his sweetheart is wearing the other fellow's engagement ring, the bank refuses to honor his draft, sheriffs and detectives follow him, bandits rob him of his clothes and money and he finally lands in jail.

Sonny's a loveable cuss, and through it all, he hits the Sunshine Trail with a laugh every mile of the way.

CAN YOUTH LOVE AGE? PICTURE ANSWERS—

Can a girl love a man twice as old as she? Billie Dove answers this question forcefully in her "Youth to Youth" at the Strand today. One thousand dollars a week is offered to the brilliant young singer who runs away from Broadway at the height of her career. She refuses, having decided to remain with the young farmer with whom she has found contentment.

Miss Dove is appealing as the simple little country girl who goes to New York for a stage career, and then after wealth, fame and social position are hers, she runs away from it all and heeds the age-old call of "Youth to Youth!"

COOGAN WILL WEAR RUSSIAN CROWN JEWELS—

Jackie Coogan will be loaned some of the famous Russian crown jewels for scenes in his forthcoming Metro production, "Long Live the King" on which actual filming has started at the Metro studios in Hollywood. The picture will appear at the Strand some time this fall.

Most of these famous gems are in the custody of the Bolshevist government at Moscow, but a few pieces of the collection escaped the general confiscation, and it is some of these that form the Jules Howard collection, which will be worn by the young star and various members of his supporting cast.

Jackie will wear the famous czarvitch ring, symbol of the station of crown prince of the Romanoff family—a diamond marquise stone set in platinum, a full seventeen carats in weight and worth consecrvatively over forty-five thousand dollars in gold.

The various ladies of the court—principally Ruth Renick as Princess Hedwig and Rosemary Theby as Countess Olga Loschek—will wear other pieces of jewelery aggregating in value approximately one hundred and fifty thousand dollars.

NEFF OFF TODAY TO LATIN AMERICA

Associated Press Dispatch

AUSTIN, Texas, June 27.—Governor Neff today announced he has accepted an invitation to speak before the annual chautauqua exercises at Chautauqua, N. Y., on August 14. Governor Pinchot of Pennsylvania will speak on the same occasion, it was stated. The governor will fill several other speaking engagements in northern states, he said. He will leave Austin tomorrow on a tour to Panama and other Central American countries.

New hosiery worn at the theatre shows a front panel of one color set into a black stocking with a zigzag line where the two colors join.

LABOR SHORTAGE IN WHEAT FIELD DENIED

Associated Press Dispatch

AUSTIN, Texas, June 27.—Reports of a shortage of harvest labor in the Panhandle plains section were discredited at the state labor department today. Reports from deputies and federal agents to the state office are that harvest will not get under way in that section until next week and that prospects are for sufficient labor. Reports of need for 2,000 harvesters had been received here.

TRIED MANY; FOUND THE BEST

Black-Draught Gives Satisfaction, Says an Indiana Man Who Has Used It In His Family For a Good Many Years

HARDING GROVE, Ind.—"I can recommend Black-Draught very highly for the benefit it has been to my own family," said Mr. Joe Craft, of this town. "In all my years of married life, trying many liver medicines, I have never found one that gave the satisfaction that Black-Draught has.

"I use it for indigestion and when I have colds. My wife had severe headaches from torpid liver, or indigestion, so we use it for that. It cleanses the liver and is fine to carry off cold. I use a pinch after meals except when I have a heavy cold or bitter taste in the mouth and a drowsy, tired feeling, then I take a good heavy dose and soon feel all right.

"I have used Black-Draught for a good many years and am satisfied enough to keep it up. Have recommended it to others, and have had them tell me that it was very good and they would keep it as a family medicine."

In first-aid home treatment of common colds, Thedford's Black-Draught has been found very helpful, when taken as an adjuvant medicine to regulate the bowels and help stimulate the liver to drvie poisons out of the system.

Black-Draught is a purely vegetable herb remedy. It contains no calomel or other mineral drugs. It acts on the liver, stomach and bowels, in a simple, natural way and without bad after-effects.

Sold by all druggists. Try it. 25c —Adv.

At Strand

BILLIE DOVE

Billie Dove, 19-year-old movie actress, who heads a distinguished cast in "Youth to Youth" with Cullen Landis today at the Strand, says that hard work, enthusiasm for her job and a good-natured grin "whatever the weather," have landed her in stardom at that age. However, we think that brains, talent and charm have a lot to do with it.

JURY DISCHARGED IN H. C. DICUS CASE

After deliberating about 30 hours the jury in the H. C. Dicus case charged with transporting a stolen automobile in interstate commerce reported to Federal Judge W. H. Atwell Wednesday afternoon it could not get together and was discharged and the cause continued.

Tuesday afternoon the jurors reported after several hours' deliberation that a vote of seven to five was the standing of the jury. Judge Atwell sent the jurors back and told them to deliberate until bed time and if a verdict had not been reached, to get a good nights rest and resume deliberations Wednesday morning. The jurors did that and added all day Wednesday for good measure but no agreement was reached.

The case is to come up later in the week it was thought last night by court officials.

Ellington Field Leased To Texas National Guard

Associated Press Dispatch

AUSTIN, Texas, June 27.—Contracts for leasing Ellington field, Houston, to the Texas national guard aerial units was completed with federal officials at Fort Sam Houston today, Adjutant General Barton announced on his return here tonight. Arrangements also were made for inspection of the field and aviation guard units at Houston Friday by army officials, it was stated.

SOVIET BUYS 10,000 CATS AGAINST RATS

Associated Press Dispatch

WARSAW, June 27.—A Russian soviet commission has arrived in Poland charged with the task of purchasing 10,000 cats with which to fight the rats, which are becoming a scourge in Russia.

Sunshine No. 2 Looks Good For 800-Barrel Well

Special Dispatch to Record News

ARCHER CITY, June 27.—Making an initial flow of 100 barrels an hour showing up now for what conservatively looks like an 800 barrel producer is the Sunshine State company's No. 2 well on the Parish tract American Tribune new colony lands, 12 miles northeast of here.

The well began its showing late Tuesday night when the sand was drilled into five feet at 1,577 depth. Preparatory to drilling in six and five-eighths inch casing is being set. This test is between the Parish No. 1 well of the same company and the Peterson pool. It is believed the new well is a connection of the Sunshine and Featherstone pools.

The Verschoyle well on the Wilmot tract which came in early in the week was Wednesday reported gauging 1,150 barrels on the swab.

ELECTRA MAN SENT UP FOR 13 MONTHS

Because of his ability to outwit the officers of the law and believing that a persin with an unusually bright mind should be using it to help enforce the law, Federal Judge W. H. Atwell assigned this as one of the reasons why Tel Bartlett of Electra found guilty Wednesday of transporting a stolen automobile from Oklahoma in an inter state shipment, should go to the penitentiary for a while.

Judge Atwell sentenced Bartlett for 13 months in the federal penitentiary at Leavenworth.

"Think about what you can do to make your wife and three children more happy when you come out and start over again," Judge Atwell told the defendant in passing sentence.

Bartlett told the court he was only 24 years old.

CASES CHANGED TO NEW WACO COURT

Associated Press Dispatch

AUSTIN, June 27.—Court proceedings originating in the 12 counties embraced in the newly created Tenth court of civil appeals at Waco, and now pending before other civil appeals tribunals, were ordered removed to the Waco court for adjudication by the supreme court, in a special decree today. The court also directed docket of the various civil appeal bodies equalized. Governor Neff yesterday named judges of the Waco court, which will begin functioning in October.

25-BUSHEL YIELD MADE IN OKLAHOMA

Special Dispatch to Record News.

FREDERICK, Okla. June 27.—Twenty-five bushels to the acre is the record for black hull wheat on the farm of G. G. Black immediately west of Hollister, this season. Black last year ordered a carload for seed and parceled it out for experimental purposes. He says the wheat more than meets his expectation and that he will save his entire crop for seed. the county's average per acre this season is about 15 bushels.

OIL-BURNING JOHN D. SHOULD DEFEAT "COKE"

Left Asa Candler Sr., John D. Rockefeller, Sr.

By JACK HEIL

Ladies and gentlemen! Gas and coca-cola buyers!

Shortly you may have an opportunity of witnessing the sprint of the century.

For Asa Candler, Sr., aged millionaire and track enthusiast, wants to test his sprinting against that of the unchallenged 84-year-old golf champion.

As a sprinter, John D. Rockefeller is more or less of a dark horse, but that doesn't worry the "coke" manufacturer who, it is reliably reported, sometimes drinks his own concoction.

Candler has endowed a couple of schools which proniibit football but cater to track athletics. The aged Atlanta millionaire is strong for the running game.

Nobody challenges John D.'s claim to the golf title for 84-year-olds, but Candler is certain that he can run him out of gas on the cinder path.

Of course if the race should take place, John D. might slip up Candler by carrying a can of oil and sprinkling it on the track in front of his competitor, but then there'd be nothing to prevent Candler from taking a couple of jolts of "coke" along the route to spur him on.

Of course, the contestants might take a lesson from the Indianapolis races and have "pits" where their attendants could dish out "coke" or oil as the occasion demanded.

It looks to us like anybody's race, so write your own ticket.

WILFORD HARRISON ON PHARMACY BOARD

Associated Press Dispatch

AUSTIN, Texas, June 27.—Members of the state board of pharmacy today were reappointed by Governor Neff for terms of two years. The board includes the following: J. W. Collins, Amarillo; Wilford Harrison, Wichita Falls, and J. B. Ray, Abilene.

SAVED BY THE GOVERNOR

Governor Neff vetoed the item in the appropriations bills reducing from $6000,000 to $3750,000 the sum set aside by the lawmakers at the regular session to defray the expense of a vast reclamation and conservation program calling for surveys and maps of the river water sheds of Texas.

This should meet with the approval of the reclamation and conservation forces of Texas. This work should have been started years ago. There is no valid reason why the appropriation as originally made should not be left intact. The creator did a vast deal for Texas; man has contributed but little.

There are millions of acres of semi-arid land which should be reclaimed. This can be done by the conservation of flood waters. There are millions of acres of swamp land which should be reclaimed. This can be done by drainage and the construction of dikes.

There are millions of acres of very productive valley land which is subjected to overflow. This can be overcome by building of great storage lake in the upper water sheds and the clearing of safts from the rivers in the lower country.

Really one of the most constructive laws ever enacted by a Texas legislature is that known as the reclamation and conversation act. According to those who are familiar with the subject a loss of $25,000,000 has been inflicted on the farmers of the Brazos and Colorado river valleys since 1915, and all this because of the heavy overflows in spring time.

Jones is reminded that $600,000 was appropriated for the work and Jones is reminded that when the work has been accomplished it will be worth more than a hundred million dollars to the people of Texas, to those who live in the lower country.

There is no telling what it will be worth to the West where millions of acres may be reclaimed by the conservation of flood waters and then sold to hardy settlers who in time by their labor will add huge sums to the taxable wealth of the state.

CAUCASIAN DOMINANT

There were wild writers when the world war was on who declared that the Caucasian race had been bled white and would not survive another great war. They had it all figured out. This world was to be given over to the dark faced racer and the survivors of the Caucasian family would be the doormats of the conquerers.

Now William S. Rossiter, who is said to be high authority, after a close study of the related rates of growth for a century predicts that there will be two billion whites by the year 2020. He finds race suicide in China, in India, in Africa and among the aborigines in Australia but there is no race suicide visible on the continent of Europe or the continent of North America.

There is a thirteen per cent increase in the population of the United States every 10 years and the same holds good wherever the white man has obtained a toe hold. He has been in the saddle thousands of years. He dominates the world today. Dark faces and all and if in 2020 there will be two billions of whites then the Lord will have to take care of the remnants of the dark skinned tribes.

HE PLAYED AND LOST

There may be money in oil, but not for the depositors of the American State bank of Wichita, Kan. Philip A. Drumm was the cashier of the bank. He was a man of conscience and courtesy. He had the confidence of all. Now he is enjoying his liberty on bond of $15,000. He has a shortage of nearly $1,500,000. He made bad loans. He loaned to individuals, oil companies and oil corporations.

When he needed the money they failed to meet their obligations. Considerable sums were loaned to operators in the fields of northern Oklahoma. The borrowers failed to make good.

As for Drumm his mental anguish is pathetic. He says he cnaried it for three years. There were moments when he thought that his brain would snap. Now the pressure on his brain has been lifted and the load has been transferred to the stockholders and depositors of the bank. As for Drumm he is broke, ready to take his punishment and drop out of sight.

There may be money in oil, but this Kansas banker played and he lost. If he had played and won there would have been a different story to tell. He would have been a Napoleon of finance, a self-made man and the newspapers and magazines would have carried stories telling how he began at the first rung of the ladder and shot to the topmost rung without the batting of an eye.

Culture is looking up in the city of New York. Forty thousand persons paid $160,000 to witness a prize fight. And yet some men say that money is tight and life is slow on Manhattan island.

BEVERIDGE'S WARNING

Former Senator Albert J. Beveridge of Indiana, is one of the intellectuals of America. He is one of the great thinkers of America. His advice to his countrymen is to shun the world court plan as proposed by President Harding. This famous statesman, lawgiver and author, who went down in defeat in Indiana last year, warns his countrymen against foreign propaganda, which he says operates through snociety, the pulpit, the stage, the screen, the lecture platform.

Things are not to his liking in America. For the reason that one adult person out of every 20 persons engaged in industry in this country is a government agent, official or employe, and that today all the gold known to exist in the whole world would barely pay the total cost of government in America for only a single year. He meant, of course, all government, county, city, state and national.

Another astounding fact, twin sister of the first, the Hoosier intellectual declared, is that Americans are forbidden by law to do more things, and by law forced to do more things than were the Russian people under the czar, or the German people under the kaiser.

Moreover, he declared, nearly all of these repressive, oppressive and autocratic laws and rgulations have been forced upon the statute books by selfish minorities "of whom our lawmakers and administrators are in terror." Former Senator Beveridge is a republican, but not a standpatter. He does not believe in congressional blocs. He does not believe in leagues of nations or world's courts for the United States, at least.

He does believe that powerful minorities are law mad in America and have statutes ready for the prohibition or the protection of everything under the shining sun. He was defeated for the senate by the New republicans, after he had defeated New for the nomination.

This must have appealed to President Harding. He did not wire condolence to Beveridge; he did call New to a cabinet position and thus created a feud that may place Indiana in the democratic column of states in the election next year.

Regardless of this there are millions of Americans who look upon Beveridge as one of the foremost thinkers of the age and who regret that he failed of election to a place in the upper house of the American congress. Statesmen of his type are rare. They do not come often, but perhaps they have more influence without the pale of legislative life than if they were a part of it.

GET RICH QUICK COUNTRIES

An American correspondent under European skies asserts there are three European nations in which American visitors can be millionaires for less than $20. In Germany $6.50 is all that is needed. Poland comes second, but it takes $15.00 to be a millionaire in that country. Austria ranks third. In other words $6.50 invested in German marks make the investor a millionaire; an investment of $15 in American money in 84,000 Polish marks works the same transformation, while in Austria the American is able to exchange $20,000 American money for 1,000,000 Austrian crowns. It is best to keep away from Russia. There $7,000 in American money will only buy 1,000,000 Russian rubles. There is no place like home.

UNCOMMON SENSE

By JOHN BLAKE

WHAT IS REST?

The motorman in the story spent his day off riding on the front of a trolley car with another motorman.

To watch some one else work was his idea of rest.

Perhaps no two individuals define rest in the same way.

In places where summer vacationists go you will find some people toiling over golf courses for eight hours or more a day some spending the same number of hours rowing boats or wading up trout streams and some sitting in hammocks doing absolutely nothing.

A doctor of our acquaintance when he gets worn out practicing his profession goes to Europe and rests by attending medical lectures and clinics.

Whether rest is idleness or not is still a problem. Most intelligent people find the most satisfactory rest in a change of employment.

Thus the man who works over a desk all day can rest himself mowing his lawn when he comes home at night a job which the gardener passing by regards as wearisome labor.

John Sullivan Dwight says:

"Rest is not quitting
The busy career
Rest is the fitting
One's self to one's sphere."

That would hardly accord with the ideas of the shop girl who would gladly quit the busy career of she could in order to get married and find a still busier and probably more wearisome career tending babies.

But they would be her own babies, and she would love them and be glad to mind them and to care for them would be to her a real fitting of herself to her sphere.

There are many very successful men who say that their work is the best rest they can find—with a little sleep now and then.

But few can do their best work continuously, or without some change.

Theatres and other amusements would not be so popular if it were not for rest, although the "tired business man" is usually more tired after he has sat up to see a play than he would have been had he stayed home and read a book till he got sleepy.

For the people who live dull lives, rest is found in excitement.

A fire down the street is never neglected by the bricklayer if he can go to it even if it does involve physical effort.

Putting the same kind of bricks into the same kind of walls is an occupation which easily grows monotonous. A fire is different. One never knows whether it is going out or going to set fire to the whole block. The bricklayer feels refreshed after he sees one.

Our readers have their idea of rest and we shall ask them today to send them to us for the benefit of other readers. We all need rest. But we are all not quite sure what kind we need.

Perhaps after we have printed a few letters the world will have more enlightment on this puzzling problem.

(Copyright 1923 by John Blake.)

TODAY AND YOU

CANCER

Today is one of general good fortune. Do not hesitate to initiate or to terminate all business at hand. After 5 o'clock risky ventures should be avoided as the Moon, adverse to Saturn, tends to disappointment.

A child born today will be visionary and imaginative.

You are by nature liberal and fearless, if today is your birthday, and, quite frankly, almost too visionary. But even in your dreams your method is scientific and systematic and if you ever do succeed in applying any of the elaborate schemes your mind dotes on, you will do it in a thorough and practical manner.

You are the type that suddenly achieves a distinguished and enviable success—something original and unprecedented. You have an unlimited belief in yourself and your own powers in spite of repeated failure, because you realize that virtue is its own reward and you live joyously for the sake of living. For you the material reward is always incidental to the joy of action.

You are interested in science, but you have none of the usual scientist's bias. You are also interested in art, literature, music and travel. You have the nomadic spirit and the critical sense to appreciate all the strange things you encounter, for their intrinsic value and worth.

You are both romantic and adventurous, but not necessarily reckless. Your mind is too richly imaginitive not to forsee the intricate dangers of any undertaking. But the same time it is quite willing to stand or fall by its estimates and methods of meeting all contingencies.

You are inclined to be vain of personal appearance and of your effect on other people, not because you wish to be known for what you are as soon as you are seen.

You will form one of the most valuable connections of your life time within the next six weeks which will bring you unexpected happiness and security.

Well known people born on this date are:

Otis Skinner, actor.

John Boyle O'Reilly, author and poet.

Lyman J. Gage, financier.

SUNSHINE PELLETS

We pull a drive,
For reasons given;
These are drivers
And the driven.

For the doom of the groom is broom.

There's only one generation between teething rings.

Play's the pie that comes after a substantial meal of work.

As we understand it, the original drive was conducted by St. Patrick.

Said the rum-runner: "There'll be moaning at the bar, when I put out to sea."

It makes no diff'rence what they preach,
Take two capsules, ten grains each;
"Skeeter" fever, quinine cures—
Taken this way, it will yours.

Discontented hens won't lay eggs, nor will discontented bricklayers lay brick.

Taking two grains of quinine to stop malaria is like trying to stop an elephant with squirrel shot.

If we believe all we read in the physical culture magazine, everybody plays and nobody works, barn and aged in the heat, as a

When the milk is bottled in the first-class baby-killer it can't be beat.

In matters pertaining to health, some of us are different, most of us indifferent.

POEMS THAT LIVE

TO BLOSSOMS

Fair pledges of a fruitful tree,
Why do ye fall so fast?
Your date is not so past
But you may stay here yet a while
To blush and gently smile,
And go at last.

What! were ye born to be
An hour or half's delight,
And so to bid good-night?
'Tis pity Nature brought ye forth,
Merely to show your worth,
And lose you quite.

But you are lovely leaves, where we
May read how soon things have
Their end, though ne'er so brave,
And, after they have shown their pride
Like you a while, they glide
Into the grave.

—Robert Herrick.

O. HENRY

(From The Asheville Times.)

All manner of theories, ranging from the most plausible to the most fantastic, have been advanced in the many attempts to explain the origin of William Sidney Porter's pen name. Some of them have been so grotesque and have placed such a heavy strain on credulity that they were fairly ludicrous.

One of the most widely speculative of these theories was recently sponsored by Miss Frances Gilchrist Wood. Even the New York Times accepted it with reservations. Miss Wood recalled that during his visit Honduras Porter had become acquainted with a port superintendent who answered to the euphonious name of "Red" Henery. Whereupon she jumped to the conclusion that Porter had received from this association the suggestion which later bore fruit in his pen name, O. Henry.

Dr. C. Alphonso Smith, who is the country's most sympathetic and best informed authority on O. Henry, has exploded this theory in the most effective fashion. He has reminded the New York Times that Porter did not visit Honduras until July, 1896, while the pseudonym O. Henry was used by him as early as April, 1895.

Porter was a genius of the most authentic kind. In many ways, he had the gift of prophecy. It is hardly likely, however, that when he came to select a pen name for himself, he foresaw that he would go to Honduras 14 months later and meet one "Red" Henery. His powers of divination were not quite so remarkable.

Dr. Smith's own explanation of the origin of the pen name, O. Henry, is by far the most plausible. O. Henry is the name of a distinguished French pharmacist. Porter, according to Doctor Smith's theory must have become familiar with this name while he was working in a Greensboro drug store. It attracted his fancy and later on, when he was casting around for a pseudonym, he adopted "O. Henry."

IT'S A GIFT

(Memphis News-Scimitar)

Will Allen White's editorial in the Emporia Gazette which won the Pulitzer prize for 1922, contained not in excess of 330 words. Perhaps it was the brevity of the article, as much as what it contained, that attracted the attention of the judges. If it had been twice as long it would have been just half as good, and three times as long it would not have been worth reading.

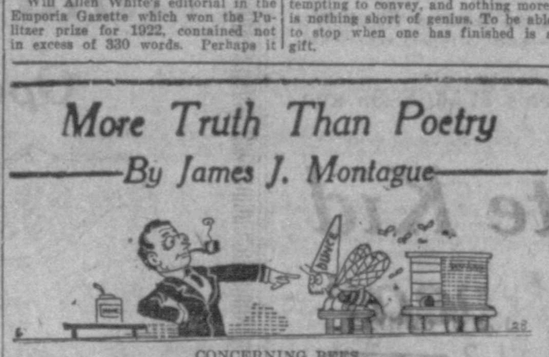

We commend this suitable recognition of brevity to public speakers, ministers, canversationalists and contributors to the newspaper. To be able to say or write what one is attempting to convey, and nothing more, is nothing short of genius. To be able to stop when one has finished is a gift.

ON BEING NICE TO EACH OTHER

More Truth Than Poetry

By James J. Montague

CONCERNING BEES

I never rightly understood
Why bees should be accorded
The praise with which the wise and good
Are usually rewarded.
If you and I should choose a bank
In which to store our money,
Composed of boxes made of plank,
Where bees lay by their honey,
And it was stolen, year on year,
The world would be emphatic
In its decree that surely we
Were empty in the attic.

The bee attacked inserts its sting
With fierce, splenetic power—
And then it dies, misguided thing,
Inside of half an hour.
Far better that the creature should
Be gentle and forgiving;
If such its nature were it could
Keep cheerfully on living.
If you and I should 'bus behave
The world would say, "Good gracious!
Those people may be very brave,
But they are NOT sagacious!"

The bee works eighteen hours a day
With frantic agitation,
Which, economic experts say,
Produces vitiation.
All day he hurries hence and thence,
With no sufficient reason,
And perishes, in consequence,
In one short fleeting season.
If you and I should labor thus,
No maniac detective
Would be required to label us
As mentally defective!

COMBINING HASTE WITH DISCRETION

Curious how few motor speed maniacs ever run into ten-ton trucks.

INSURING SAFETY

In the big cities automobilists are making traffic conditions easier by gradually reducing the number of pedestrians.

HALF KNOWLEDGE

The people who go to prize fights to "see what they are like" never carry their curiosity to the extent of going into the ring.

IRRIGATION

By A. M. McPHERSON
Kahn Bldg., Eighth and Indiana
Consulting Engineer

QUESTIONS AND ANSWERS

Will This Be A Good Place For Stock Food Factories After the Irrigation Project Is Underway?

It would seem that after irrigation has been underway here for a period that either Wichita Falls or any of the surrounding towns would be very good locations for stock food factories.

The manufacture of prepared stock foods is often a highly lucrative business and there is no reason why this territory with irrigation should not become a center for stock food manufacture in North Texas.

The first requirements for such an industry is, of course, a plentiful and sure supply of the raw materials. The second is ready access to market. The project will supply the raw materials and we have the railroads and the market is all around us.

The raw materials used in prepared stock foods are many and diverse. Some of the principal ones are cottonseed cake or meal, crude molasses, alfalfa, dried sugar beet pulp, soy bean meal, corn and the small grains.

Stock foods are manufactured to either form a complete balanced ration in themselves or a highly concentrated food which is mixed with roughage of some kind.

Breakfast foods and stock foods are somewhat alike in that the raw materials can be purchased and mixed much cheaper than the prepared food can be bought, but for the same reason that breakfast foods are so widely purchased for human consumption, the farmer buys his prepared stock foods for his dairy cows.

At first the irrigation project will produce only cotton seed, corn and the small grains. Later on alfalfa will be grown and it is entirely possible that eventually we will have a beet sugar factory which would supply the crude molasses and the beet pulp.

3 GERMANS KILLED

Associated Press Dispatch

DUESSELDORF, June 27.—Three German civilians were killed yesterday in the Belgian occupied area of the Ruhr, according to information received in German quarters here.

Let Your Paper Follow You

You'll leave on your vacation one of these days, and you want to remember to have the Record News mailed to you each day while you are gone.

This is an easy matter to arrange. Just phone 4121 or 4122 and leave your temporary address.

You'll have a better time on your trip if you see the home paper regularly.

Mrs. G. D. Anderson's Sunday School Class Enjoy Party at Park

Members of Mrs. G. D. Anderson's Sunday school class of the First Presbyterian church enjoyed a delightful swimming party at Haven Park Tuesday evening chaperoned by Mr. and Mrs. Anderson.

After a plunge in the pool, a buffet luncheon of baked ham, salad, punch, Eskimo pie, devil and angel food cake was served.

In the party were Ruth Gidding, Viola Sufton, Marie Summer, Adelyn Penney, Gertrude Taylor, Jimmy Allred, Roy Childress, Lucile Overall, Anderson, Janette Snugs, Spyker, Norman, Teales, Elliott, Boan, Hamilton, Berry, Ursule Johnson, Evelyn Burke, Maude Olene Soul, Bowles, Martin, Mary Hooper, Miss Anderson, Margaret Kene, Miss Nash, Robert Riley, Dick Carpenter, Mr. Wammac, Macie McClure and Mrs. Lemen, Mrs. Dillard, Mrs. Lenley Humphreys, Mrs. Scott, Mrs. Hamilton and Mrs. Berry.

AMERICAN LEGION AUXILIARY MEETS

Meeting in semi-monthly session, Mrs. T. R. Brunson was hostess to members of the American Legion Woman's Auxiliary at her home Tuesday morning, with Mrs. L. I. Lucey presiding.

Reports were heard from the treasurer, Mrs. O. W. Wilson and from Mrs. O. A. Wilcoxson, chairman of the finance committee.

Discussion of the booth which the auxiliary expect to have at the fair this fall, formed the principal topic of discussion.

PARTY FOR LUBBOCK VISITOR THIS MORNING

Miss Dorothy Ellis is giving a swimming party and breakfast this morning at Downings, complimenting Mrs. Earl C. Quillan of Lubbock, house guest of Mrs. R. K. Henderson.

YOUNG PEOPLE ENJOY PICNIC

About 20 pupils of the Floral Heights Baptist Sunday school enjoyed a picnic at Lake Wichita Tuesday, chaperoned by Mrs. J. D. Beggs and Mrs. E. H. Carver.

At the noon hour a bountiful lunch was spread. In the party were Ida Boring, Pansy Whatley, Mary Eta Ground, Edna Riley, Margaret Whatly, Wyona Carver, Gladys McAbee, Lucia Berne, Alred, Edna Reeves, Massel York, Lovera Coggens, Claudie May Hurd, Novis Riley, Allene Mueller, Thelma Griffin, Master Tommie Carver and Foshee Martin.

LITTLE MISS SMITH CELEBRATES BIRTHDAY

Celebrating her seventh birthday, little Miss Inez Smith, daughter of Mr. and Mrs. Conner Smith, entertained a group of her friends at the home of her parents, 202 Walnut street, Monday afternoon.

Games furnished the diversion and fruit punch and cake was served at the close of the afternoon to Agnes Ireland, Melba Baumgardner, Reba Earle, Billy Smith, Mary Frances Walker, Edith Hockett, Faye James, Paulius Jones, Mattie Glenn Buchanan, Freddie Bain, Alvin Hokett, Glenn Nelson, Tan Haney, Baby Jack Conner and Frank James, Jr.

TRUMAN WILLIS CELEBRATES BIRTHDAY

Truman Willis celebrated his birthday in a pleasing manner Tuesday evening when he entertained his friends at the home of his parents, Mr. and Mrs. Hix Willis. Games were played and punch was served and ice cream and cake at the close of the evening.

Those present were Misses Aneita McMordie, Lucile McConnell, Carrie Haley, Mary Beth Sharp, Lamar Johnson, Mary Frances Millican, Edna Rundell, Adelyn McGregor, Evelyn White, Edna Lee Shepherd, Maude Smith, Lenon Porter, Ellen Hooker Eileen Willis, and Messrs. Floyd Ard, T. P. Duncan, Edward Smith, Oscar Powers, B. Frank Johnson, Jr., Johnnie Haley, Marvin Robinson, Frank McMordie, Howard McCarty, Mike Kadane, Harold McConnell and Earnest Willis.

BAPTIST WORKKERS' CONFERENCE.

The Wichita County Baptist Workers' conference met with the Lamar avenue Baptist church Tuesday for its regular monthly meeting. The services o the day which began with a sunrise prayer meeting, were well attended, and the spirit of prayer, cooperation, and fgood fellowship was dominant.

The sunrise prayer service, which was directed by Mrs. Homer McGregor, wgs especially well attended, and was one of the most inspirational services of the day. The program, the subject of which was "Prayer," was given by the following young people: Misses Lucille Overall, Stella Smith, Lola Leath, Alma Lee Jones; Mrs. E. S. Richardson and Mr. Ray Rozell.

The program proper, which began at 10:00 o'clock, was also on the subject of prayer. An excellent definition of prayer was given by Rev. W. W. Rozell; inspiring message on "Helps to Prayer," and "Hindrances to Prayer" were brought by Drs. O. L. Powers and A. J. Holt respectively. Following the board meeting and W. M. U. business meeting in the afternoon, Mrs. R. B. Robertson ably discussed "Some Definite Answers to Prayer," and Rev. R. C. Hopper brought a fine message on "Some Results of Prayer." Many present bore testimony to the fact that at some time in their life God had definitely answered their prayers.

A dilicious luncheon was served to all present by the Lamar Avenue women.

The following visitors were recognized and welcomed: Rev. L. B. Owen of Frederick, Okla., Rev. J. O. Tidwell of Memphis, Texas, and Rev. W. L. Massegee, a prominent pastor, of New Mexico.

Dr. J. W. Loving ably presided over the services of the day.

CORPS ONE OF GIRL RESERVES HOLD SESSION.

Corps One of the Girl Reserves met at the Y. W. C. A. for a business session Tuesday afternoon when officers were elected as follows: Leon Bolin, president; Jo Cocke, vice president; Genevieve Hancock, secretary-treasurer; Vivienne Ross, press reporter.

Later in the afternoon, Corps Two and Three joined the group and plans were made for a swimming party to be given in honor of Sarah Beth Boggess, former president of the Corps One, who is leaving July 3, when she will go to Waco on a visit and from there to Cisco where she will make her home.

Members present were Sarah Beth Boggess, Jo Cocke, Leon Bolin, Tressa Montgomery, Marguerite McPherson, Carey Holey, Evelyn White, Kvelyn Hardeman, Edna Lee Shepherd, Thelma Howell, Loeinne McConnell, Vivinne Ross, and Miss Irma Durnal, girl's worker secretary of the Y. W. C. A.

MISS ELSIE KEY CELEBRATES BIRTHDAY.

Miss Elsie Key celebrated her thirteenth birthday in a fitting manner at the home of her mother, Mrs. George Key, 109 East Sixth street, Tuesday afternoon when a group of friends enjoyed several hours playing interesting games. In the donkey contest, Kenneth Smith won the first prize and W. C. Rushing Jr., was consoled with the booby.

During the afternoon, readings were given by Irma Montgomery, Mamie Vassar, David Vassar, and Dorothy Scroggins and Gale Faulkner and Margaret Bell Winn gave a lovely pantomime duet.

Punch, lemonade and cake was served during the aftrenoon, Mrs. Key being assisted by Mrs. Smith, Mrs. Winn and Mrs. Rushing.

The guests were Kenneth Smith, H. E. Best, Mamie and David Vassar, Diana Nix, Margaret Bell and Lucy Jo Winn, Gale Faulkner, Ada Dennis, Needa, Fay, Lorsine and Dorothy Scroggins, Irma Montgomery, Bobbie Farr, W. C. and Gypsie Hugh Rushing, Elsie, Amelia, May, Zelle and Jack Key.

The honoree was remembered with many beautiful gifts.

MRS. TILDEN HOSTESS TO CIRCLE EIGHT.

Circle Eight of the Woman's auxillary of the First Baptist church, held its last meeting of the summer with Mrs. H. C. Tilden, 1410 Hays street, Monday afternoon with 20 members and two visitors present.

Mrs. Hubert Harrison led the devotionals which were followed by prayer and the lesson from "The Stewardship of Life," led by Mrs. T. R. Brunson.

A business session was held after which an informal program included a piano number by Mrs. F. R. Collard, 2 violin numbers, Mrs. Jouette Bonner accompanied by Mrs. Carl Lobitz, and two vocal numbers, "Message of Rose" and "Loves Old Sweet Song," by Mrs. Jerry Schaefer.

A report of the past six months' work which has been done by the circle includes 213 religious visits, religious services in [illegible] 3, 249 garments to the poor, three Bibles distributed, 346 magazines distributed, one conversion, 31 hours put in in sewing for the poor, 97 persons helped $14.50 worth of groceries distributed, 218 visits to the sick, 27 to shut-ins, aiding outside charity work, eight; 118 kindly remembrances, 115 floral offerings, 13 meetings, average number in attendance 19, number of new members 10, visitors 10 and freewill offerings $62.79.

Those present were Mesdames J. L. Jackson, Jonette Bonner, B. M. Hester, J. E. Ward, W. E. Martin, F. R. Collard, H. Willis, W. L. Hawkins, Pat Simmons, Hubert Harrison, F. M. Tunis, T. R. Brunson, J. L. Perry, Jerry Schafer, A. R. Bleakley, H. P. Tilden, C. H. Foley, Carl Lobitz, A. B. Maples, J. M. Hobbs, E. P. Baldridge and T. P. Duncan.

RED CROSS TO HOLD HEALTH CONFERENCE.

The Red Cross will hold a health conference at the Sam Houston school this morning from to 12 o'clock when mothers of this district are invited to bring their babies and children under seven years of age for a physical examination by a baby expert. Food leaflets and literature will be distributed, and all mothers of the district are urged to come.

Mrs. W. R. Gregg of this city is spending the summer in Newcastle, Tex.

Today's Poem

LILACS

Today along the gray streets of the town
The flower venders wander up and down.

Some offer pansy, rose or violet
And those who pause in passing half forget.

The city that is surging like a sea
About them with a dull monotony.
I come to one who shows me plume on plume
Of fragrant white and purple lilac bloom.

Little he guesses as I take a spray
That for me all the loveliness of May

Hides in this flower whose scent can bear me far
Down country ways where other lilacs are

Blowing along the western wall above
A garden which I used to know and love—
There drifts again fraught with the old time pain
The perfume of these blossoms in the rain—
How they would glimmer through the veil of mist
Woven of silver and of amethyst!

I pay my trifling sum; I cannot tell
The man who has these bits of bloom to sell,

That he has parted with the priceless key
Which can unlock the door of Memory.

—Elizabeth Scollard in the New York Herald.

EPWORTH LEAGUE TO HOLD PICNIC AND SWIM.

The Senior Epworth league of the First Methodist church, South, will hold a picnic and swim at Lake Wichita Thursday evening when members are asked to meet at the church at 7:30 o'clock where a street car has been chartered to convey the party to the lake. No one need bring eats.

ALABAMA VISITORS HONOREES AT PICNIC

Honoring Mr. and Mrs. J. Preston Manley, Leigh and Holt Andrews, all of Sheffield, Ala., Mr. and Mrs. W. C. Sutherland entertained with an evening picnic and luncheon at Lake Wichita Tuesday evening.

Those enjoying the hospitality besides the honorees were Mr. and Mrs. Walter Morgan, Mr. and Mrs. W. H. Downing, Misses Georgia Lansford, Dessie Manley, Ruth, Susie and Grace Downing and Messrs. Sidney Ward, Solon Downing, Holt Andrews, Leigh Andrews, Horace Downing, Gerald Downing, Orville Sutherland, Rex Sutherland, Walter Morgan Jr., and Helen Manley.

Society Personals

Mrs. J. I. Birch of this city is visiting in Elk City, Okla.

Miss Lenon Porter of Dallas, Tex., is visiting Miss Eileen Millis of 1406 Tilden street. Many parties are being planned for Miss Porter who was formerly of Wichita Falls.

Mr. and Mrs. Porter Oakes of Fort Worth and son, Porter Jr., and daughter, Anne, who were visiting Mrs. W. R. Duke of 1508 Tilden have returned to their home.

Mr. and Mrs. W. H. Davis will return sometime this week from Big Spring, Tex., where they were called by the death of Mr. Davis' twin brother, J. A. Davis.

Mrs. V. Taylor of Elk City, Okla., is the house guest of Mrs. R. W. Smith of 1502 Polk street, where she will meet her mother, Mrs. C. E. Utley who is coming from Alvord, Texas.

Miss Lorraine Wales is ill at her home, 2206 Grant street and is reported not feeling so well this morning.

Mrs. and Mrs. Charles Sargent of Indianahoma, Okla., Mr. and Mrs. Dean Sargent of Kansas City, and Mrs. Dwight Long of Omaha, Neb., who have been house guests of Mrs. D. Dellis, have returned to their homes.

Miss Gladys Vick of Tulsa, Okla. is the guest of her sister, Mrs. A. K. Presson at 1650 Collins street.

Miss Anna Laura Robey, a teacher in the University of Oklahoma, is the guest of Miss Elizabeth Smith.

A bronze marker was put up on the side of a building on Second street in Sacramento, Cal., recently, carrying this legend: "Site of Terminal of Pony Express, 1860-1861. Marked by Daughters of the American Revolution, Sacramento and San Francisco Bay chapters, 1923."

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse: we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., BA 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

HELP FOR GIRLS WHO WORK

Mrs. Lodic Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Tyrone, Pa. — "A friend told my husband how Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle because I was so run-down, had a nervous weakness, no strength in my body and pains in my left side so bad that I could hardly do my work. Before I was married I used to work in the factory, and I had pains just the same then as I have had since I have done my housework. I would not be without a bottle in the house now. It has stopped the pains all right and I have found out that it is a wonderful body builder, as it has made me well and strong. It is going to be the 'old reliable' with me hereafter, and I am always willing to tell other women how it has helped me. You can use this letter as you wish as I can honestly say that my words are true."—Mrs. M. LODIC, R.F.D. No. 4, Box 40, Tyrone, Pa.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

INJURED MEN RETURN HOME

Rattlesnake Victim Will Recover Also, Physicians Believe

BURKBURNETT, June 27.—All the surviving injured men of the Steiner tank collapse accident have recovered sufficiently to leave the Burk hospital for their home. Ed Rust, the rattle snake victim, is improving, according to reports from that institution.

Miss Pauline Gill, of the post office force, is spending a few days vacation with her friends, Miss Jessie Mae George in Iowa Park.

Mrs. M. R. Rich, of the northwest field, who has been a student of Miss Knickerbocker's expression class in Wichita Falls, for the past year is now taking a post graduate course in the Chicago Bush Conservatory in expression, dramatic art and classical dancing.

From the Jayton Chronicle the following is quoted: The Rockett-Baker revival meeting was a great success. The evangelist, Rev. T. A. Rockett of Burkburnett is a great preacher. His methods are direct and forceful and everyone that has heard him has a profound respect for his ability and earnestness. The song leader, Mr. Baker did splendid work."

Rev. and Mrs. T. A. Rockett of the local Presbyterian church have just returned from Jayton, Texas, where they have closed a revival season in which Mr. Baker and wife, noted singers of that section had charge of the song service.

The funeral of E. Lindsey, 79, was Monday reported the largest ever held in the Clara community, where the deceased had been a merchant for the past 14 years. He lived in the rear of his business building where he died suddenly Sunday afternoon. The wife died in a similar manner about six years ago. He is survived by one daughter living a few miles from Burkburnett.

He was a highly respected old gentleman, and a number of Burkburnett's prominent citizens, formerly them being Gus Lochofner and J. J. of Clara, attended the funeral, among Engleman and others.

Mrs. E. J. Beavers of Hull, Texas, is a summer guest in the home of her daughter, Mrs. W. H. Patton. She is accompanied by the young children of her household, Dorotha and Alma Patton and J. E. Patton nieces and nephew of W. H. Patton.

Dr. O. T. Kimbrough was operated on for appendicitis Tuesday morning in the Wichita Falls hospital. His many friends in Burkburnett are hoping for him a speedy recovery.

Mrs. Verna Busby and littleson, James, left Tuesday for a few days visiting relatives and friends in Seymour, Texas.

J. D. Avis and wife of Wichita Falls, accompanied by their daughters and families, Mrs. and Mrs Harry Hamm and Mr. and Mrs. McCutcheon, returned from Austin and were visitors in Burkburnett recently.

B. C. Brown who has been visiting his brother, W. A. Brown of Newton has returned to Ferriday, La.

Gus Heine is serving on the grand jury in Wichita Falls this week

Mr. and and Mrs. R. W. Kent has returned from Mineral Wells where they spent a short vacation season.

Bob Waggoner and wife of Wichita Falls were visitors in Burkburnett this week.

The Ladies' Aid Society of the Presbyterian church, met in regular session Monday afternoon with Mrs. T. A. Rockett, presiding.

The financial report on piano and other funds were received from the treasurer, Mrs. Goodlett and approved. Several small obligations were paid. It was decided that on Friday evening, July 6, the members of the congregation would meet on the lawn in their monthly social, get-acquainted party, under the auspices of the Aid Society. A course of study is under consideration for the future meeting of the society, which will meet at 3:30 and continue one hour. Be prompt is the request of the presiding officers. Those present Monday were: Mesdames G. F. Hoffman, M. C. Thomas, W. A. Browning, H. A. Brooks, N. G. Goodlett, T. A. Rockett and J. M. F. Gill.

Convicted in a charge of cruelty to animals, a contractor of Little Rock, Ark., was sentenced in municipal court to read Anna M. Sewell's book, "Black Beauty." The court gave him 30 days in which to read the book and at the end of that period an oral examination on the book will be held. Protests have been lodged with Arkansas state officials against the alleged brutal treatment received by horses, mules and oxen in Eldorado and Smackover oil fields.

Frederick
NEWS AND PERSONALS

FREDERICK, Okla., June 27.—Providence Mounts and daughter, Miss Barbara Lee Mounts, arrived Tuesday from St. Louis, Mo.

PAY SAND HIT AT IOWA PARK

Duncan and White Well Finds Sand At 1270; Stands in Oil

The Iowa Park section of the county is coming in for the best prospects it has had in some time since the Temple No. 1 test of Duncan and White, six miles south of that city, hit the pay at 1,270 feet and Wednesday was standing in oil 910 feet and gradually filling up.

Mr. Temple stated Wednesday afternoon the well would in all probability be filled to the top by Thursday morning. This well is believed to have picked up the sand at which several wells were made on the Temple-White wells a short distance away.

OIL—THREE WILDCATS—11.

ARCHER CITY, Texas, June 27.—Three wildcat tests will probably start drilling east of Archer City within the next few days. They are: Lanning and Monninger's P. J. Hay's No. 1, block 98, Clark and Plumb subdivision No. 4, and Chancellor and Sparks' W. J. Prosoder No. 1, block 104, Clark and Plumb sub-division No. 4.

Lanning and Monninger, and Van Desen et als. have derricks erected, and are moving in rotary tools. Chancellor and Sparks are hauling derrick timbers to location.

New Town Springs Up In San Angelo Oil Field

Special Dispatch to Record News

SAN ANGELO, June 27.—With the Sa Rita well in Regan county ready to drill in, since the announcement by John Hofer, San Angelo deputy oil and gas supervisor, that there was no water in the test, and with the well maintaining its month's record of flowing by heads every 40 minutes, interest here is great.

The first new town to come to life as a result of the wildcat discovery test is on the Fayette Mayes land, seven miles east of the well and 79 miles west of San Angelo. It is to be called "Kemper," in honor of W. T. Kemper, receiver of the Orient railroad for this section. H. H. Allen and J. A. Miller, both San Angelo citizens, are laying off the new town.

Danciger Will Wildcat For Lockhart Shallow

Special Dispatch to Record News

LOCKHART, June 27.—The entrance of Danciger Bros. of Kansas City into this section for the purpose of wildcatting for shallow oil believed to be in this immediate section, was marked early this week when a double crew of experienced drillers and pipemen, linemen, carpenters and blacksmiths reached here.

The Danciger company has 300 acres northeast of Lockhart, and the first test will go down on land belonging to Dick Jolley, four miles northeast of here. This test is near the Gibraltar test, which came in for a good shallow flow of good gravity oil some time ago.

Latest Oil News

CHEAPER GAS

Cuts From One to Three Cents Per Gallon Predicted Within Next Two Weeks.

Special Dispatch to Record News.

AUSTIN, Texas, June 27.—"Gas" is going down.

Cuts of from 1c to 3c a gallon on gasoline are expected within the next two weeks, despite the new 1c tax on gasoline sold for use in Texas, according to state officials, and following sharp reductions in crude oil prices throughout the oil-producing sections of the country.

A forerunner of the general decrease in gasoline was declared to have been the reduction of gasoline to 16c in San Antonio several days ago. Since that time, crude oil has been cut more than 25c per barrel. San Antonio's gasoline supply is partly furnished by local independent refineries, and a "gasoline war" has been going on.

Hit Ballinger Sand

Special Dispatch to Record News

BALLINGER, June 27.—On the theory that the third time is the charm, Ballinger citizens who a short while ago were the third faction to attempt to complete the Safety First well, three miles west of here, Monday had the pleasure of standing by and speculating how much the well is going to make after it was learned the test was standing 3,300 feet in high grade oil.

The hole is 3,700 feet in depth, and has a strong gas pressure, and will possibly blow itself in. The boiler is being set back preparing to drill deeper in the sand.

BRITISH LABORITES RESENT INVITATIONS FROM LADY ASTOR

Associated Press Dispatch

LONDON, June 27.—The action of the labor party yesterday in voting against the communist proposal for amalgamation was followed today the passage of another resolution by a majority of 2,000,000 on the card vote which in effect bars J. T. W. Newbold, communist member of the house of commons, from official relations with the labor party.

Some critticism was voiced by speakers today of the acceptance by certain party members of invitations to dine at lady Astor's home. Delegate Medland from Lady Astor's constituency they are ten thousand labor men and women who are trying to kick her out."

Highly Puss-ible

"A salmon will go for a mouse quicker than any other kind of bait," said a clerk in a sportman's store.

"Well, there is another kind of fish that ought to fall for that bait," returned a bystander.

"What's that?" asked the clerk.

"Catfish, of course," was the reply.—Portland (Me.) Express.

Lack Of Storage Hits Operators In Corsicana Field

Special Dispatch to Record News

CORSICANA, June 27.—What looks like an immediate tieup in production here seems imminent since the last few days' developments, resulting in four unusually large gushers has caught the operators without proper storage facilities.

A number of large storage tanks have been hastily constructed, but with wells making from 5,000 to 10,000 barrels daily, it is difficult to make out with this facility. The Humble company is completing a pipe line running from the Mexia district, and this will relieve the situation somewhat. A parallel six-inch line is being rushed to completion by the Magnolia company. The Prairie company is also completing an eight-inch line.

Fourth Gusher Comes In For 400 At Corsicana

Special Dispatch to Record News

CORSICANA, June 27.—Making a flow of 40 barrels an hour, the fourth large gusher of the past six days made its appearance here Tuesday when the McMan Oil company's No. 1 well, which is an offset 1,000 feet for the Humphreys-Kemp gusher, came in. At the rate of its initial flow, the McMan well is averaging more than 9,000 barrels daily. Production came in at 2,846 level, and the sand penetrated eight feet.

Aaron Cohen Picks Up 1577 Foot Sand

Another company to pick up the 1,577-foot pay sand in the Archer county Peterson pool is the Aaron Cohen Oil company's No. 4 which has come in for 125 barrels.

O'Quinn to Amarillo

Special Dispatch to Record News

AMARILLO, Texas, June 27.—J. C. O'Guinn of Wichita Falls is moving several strings of tools to this section, and has contracted to drill more wells than any other operator who has entered the Panhandle section.

Mr. O'Guinn is at this time in bed seriously ill with an attack of appendicitis, and has not been able to begin his vast drilling program he has laid out for the development of this section.

HOPPERS DIE IN IOWA PARK AREA

Little Damage Being Done By Pests Jones Reports

Although an extermination campaign is still being waged on grasshoppers in the vicinity of Iowa Park, damage caused in that territory by the pests has not been as widespread as was at one time feared. It was stated Wednesday by County Agent Guy R. Jones that the insects were gradually being killed off and that little more damage was expected from them.

Two weeks ago the situation was described as being critical, but prompt action on the part of farmers averted what threatened to be a serious condition. Swarms of the grasshoppers had descended on wheat fields and was threatening to eat what wheat had not been lost through greenbug ravages and unfavorable weather conditions.

It is planned to continue the fight until all the unwelcome visitors are eliminated.

Nationally Known Woman New Home Economics Chief

Associated Press Dispatch

WASHINGTON, June 27.—A woman of recognized ability and national reputation has been selected to become chief of the agriculture department's new bureau of home economics, which comes in to existence July 1. She has not yet accepted and her name is withheld.

The place will pay a salary of about $5,000 a year. The women chosen is connected with a large educational institution and refusal of the institution to grant her a year's leave of absence is said to have caused her to consider offering her resignation in order to accept Secretary Wallace's invitation.

No longer will it be legal for hunters to have their guides do their shooting for them in New York state. Under the present law guides are prohibited from carrying guns while practicing their calling. The hunter who wants to make his own kills will be pleased with the new law.

Jane Addams Undergoes Tokio Hospital Operation

International News Dispatch

TOKIO, June 27.—Jane Addams, famous settlement worker, underwent an operation today at St. Luke's hospital. Immediately after the operation it was announced that while a tumor had been found in her breast, it was neither cancer nor a malignant growth and her immediate recovery was hoped for.

Allies To Invite Soviet Signature On New Protocol

Associated Press Dispatch

LAUSANNE, June 27.—The allies today took another step toward "bringing Russia back to Europe" by a decision to invite the soviets to sign the Turkish straits convention when the Lausanne treaty is ready for signature. Terms for opening the straits to foreign warships were arranged at the first conference here but Foreign Minister Tchitcherin of Russia objected to this agreement.

The soviets since that time, and particularly during the excitement following the assassination here of the soviet envoy Vorovsky, have contended that Russia never refused to sign the convention and was entitled to representation in the present conference. The allies are curious to see how Russia will greet the present invitation.

Broker Withdraws Writ Against New York Curb

Associated Press Dispatch

NEW YORK, June 27.—Application for a writ of mandamus compelling the New York curb exchange to reinstate Benjamin Alexander, recently expelled from the exchange, was withdrawn in the supreme court today. No explanation was offered.

CAR WRECKED WITH INVALID

Driver Speeds Up When Girl Faints; She Recovers In Crash

Special Dispatch to Record News.

VERNON, June 27.—When Miss M. McIlheny fainted while out driving in an automobile Tuesday night with Miss Carpenter and G. C. Moore of Electra, Miss Carpenter, who was driving the car, speeded up to bring the young woman into Vernon to a physician. When the end of the paving was struck at a high rate of speed the car turned over and all the occupants but Miss McIlheny were pinned under.

With the exception of bad bruises none of the occupants of the overturned car were injured. The young woman who had fainted was revived by the sudden shock, according to physicians who arrived on the scene, and within a few moments after the accident all persons were able to go to their homes. The car was badly damaged.

Shipbuilding Dividends

Associated Press Dispatch

CLEVELAND, Ohio, June 27.—Directors of the American Shipbuilding company today declared the regular quarterly dividend of 1¾ per cent on the preferred stock, payable August 1 to stockholders of record July 14, and announced an 8 per cent dividend on the common stock for the next fiscal year, beginning July 1, 1923, in four quarterly dividends of 2 per cent each.

Federal Reserve Banks Get Agencies in Cuba

Associated Press Dispatch

WASHINGTON, June 27.—The federal reserve board late today granted the application of the Boston reserve bank to establish an agency in Cuba. At the same time the board allowed the Atlanta reserve bank the same privileges in order to compromise differences which had arisen as a result of protests from the Atlanta bank against the Boston application.

Dewberry Vine Without Thorns Found In Texas

Associated Press Dispatch

CHICAGO, June 27.—The chance discovery of Thornless sprig of a dewberry vine in a Gainesville, Texas, garden has given to the horticultural world a thornless dewberry vine, which is on exhibition at the convention of the American Association of nurserymen which convened in annual session today.

The sprig was discovered in the garden of Mrs. Tine Austin of Gainesville, nearly 10 years ago. Through patient and careful cultivation by Jim Parker, venerable horticulturalist of Tecumseh, Okla., the sprig developed into a vine which is capable of producing large berries.

President Harding has purchased his birthplace—a farm in Morrow county, Ohio, where he passed his boyhood. A modern bungalow and golf course will be built, it is said. The president plans to retire to the farm after leaving the White House.

HEAT TO HURT CROP OF CORN

Jones Says It Will Suffer If Warm Wave Doesn't Break

While the heat wave now holding this county in its grip is declared to be beneficial for the cotton crop, some fear has been expressed that it will work to the detriment of corn. County Farm Agent Guy R. Jones declared Wednesday that a continuance of the weather might result in serious harm.

It was stated that with corn now tasseling, the hot, dry winds prevented the pollination while at the same time they were drying up the crop. No serious damage has been occasioned yet, it is believed.

The cotton crop is profiting by the heat, and every day gives more indication of a bumper yield when picking starts.

With threshing going on at full blast, the wheat yield promises a better return than was expected at first. No accurate figures on the county's production are as yet available, however.

Diabetes Cure Discoverer Listed For $7500 Pension

Associated Press Dispatch

OTTAWA, June 27.—Dr. F. G. Banting of Toronto, discoverer of the insulin treatment for diabetes, is listed for an annuity of $7,500 in budget estimates announced in the house of commons yesterday.

Flat Sided Game Goes To Crabs, 10 to 6

BERGER AND COOMBS GET HOME RUNS BUT FAIL TO WIN IN SLOW GAME; SALM ERRORS COSTLY

Locals Show Fight to Last Out Making Run in Ninth While Five Runs Behind; Lose Lead In League By Dropping To Galveston.

The Galveston Sand Crabs stepped on the Spudders again yesterday for a flat sided victory, defeating the Salms in nine innings of hits and errors with a four-run margin, the final count being 10 to 6. The game was featured by long smashes, errors, and a lot of action, although the high grade of baseball that the Spudders are capable of was absent, and the visitors had the best of the breaks which helped materially in giving them the win.

By dropping the game while the Cats won, the Spudders lost the league leadership.

In spite of the fact that from the start they were up against luck as well as an opposing team, the Spudders were in the game, fighting all the time, and if their play was not up to the standard, it was not because they were not trying. In the midst of the slow play, several flashy bits of speed and unusual baseball made the game worth watching. In the sixth frame one of the prettiest bits of play seen this season, when Berger made a fast job of Wendell's grounder, on the bounce, throwing to second, Hollis relaying it in quick time to Cotter at first, to retire Hamilton and Wendell. The play was probably the fastest shown by the Spudders this year.

Berger, who was the hero of a victory over Beaumont, by a home run, pounded another, his third for the season, over the left field wall yesterday, but with the bases bare. Coombs did the same stunt, but counted only one run, not a runner being on the bags.

Wichita got in bad at the very start, and in the first two stanzas the Crabs ran three counters across the rubber, before the Spudders could get started. It took the locals five innings to overcome the lead, and they again lost it after having kept it only two frames, when the visitors got two in the seventh. After losing the lead the second time, they were unable to get back on top, as the Crabs made a race track of the diamond in the eighth, counting five runners in succession.

Crabs Score Early

In the first inning, Galveston scored when doubles by Wisterzill and Ostergard, aided by an error on the part of Tanner, in dropping an easy ball at third, and by a walk given them by Stauffer, counted twice. In the second Stauffer walked the first man up, Hamilton, and after he was sacrificed to second by Wendell, Bittle sent him across the rubber with a single to left field.

In the third, Joe Berger, first man up, took his old victory in hand and pounded the ball over the left field wall, and the only run of the inning for the Spudders. The Spuds were not able to get near the plate for a score in the inning after the homer. In the fourth, however, they got an other across.

Tanner hit a hard single to left, and Cotter sent him to second with a sacrifice, Grigsby putting him at third in position to score with an infield out. Hollis, new second bager, recently brought back from the farm at Paris, accounted for the run when he poled the ball out for a base hit, and the inning ended with the Spuds still a run behind the visitors.

Spuds Get Right

But they did not stay that way long. In the fifth two more counters were marked up for the Spudders, due to a trio of timely two-base wallops by Weiss, Cotter and Stauffer, Stauffer took a cut at the ball for two bags, and scored when Weiss duplicated the performance. Coombs sent Weiss to third as he went out at first and Weiss counted following a long fly out by Tanner. Cotter's double failed to help, as three outs were made before it was pounded.

In the seventh the visitors came back with a rush and took the lead by counting a couple, and without allowing the Spudders a chance to make up for lost time, ran five across in the eighth, while the Spuds retaliated with one in the seventh and one in the ninth.

Five in Eighth

The long run of counters in the eighth by the Crabs was started when Stauffer walked Bittle. Wisterzill took advantage of his opportunity and scored Bittle with a hard double to center field. Ostergard hit safely, Wisterzill sticking to second, and Wisterzill went to third on Brown's single, which filled the bags. Munson was hit by a pitched ball, after Meine relieved Stauffer in the box, forcing Wisterzill across the plate, and Ostergard and Brown scored on Kearns' single to left.

Munson tried to make it home, but one of the prettiest recoveries of a passed ball seen here in some time was made by Bischoff as he dived at the plate, cutting off Munson from scoring. Bischoff recovered the ball against the stand and beat Munson in by a fraction of an inch. Wendell scored Kearns with a single.

In the seventh, Coombs got a home run that gave the Spudders one counter, the bases being bare at the time, and in the ninth a series of hits netted another. Coombs got a double, and Tanner sent him to third with a single to left. Tanner and Cotter were out in a fast double play, short to second to first, but Carlson came through with a single that sent Coombs across the rubber for the final Spudder score.

Wheezes From The Press Coop

By Don Weldon

Well, folks, the Spudders struck bad luck again yesterday. But don't worry; a little thing like one or two losses isn't enough to stop a pennant winning club like the Salms are!

* * *

Yep! Pennant winning is right. For the Spuds are going to win the pennant this year, in spite of bad luck, lost games, the Crabs and everything else, including the proud Cats

* * *

They got an awful lot of indifferent playing out of their systems yesterday and the day before, but they will get into the game today and win, unless the unexpected happens again. They are due to pour it on the Buffs, in the opening bill, and they ought to annex at least two of the three battles to be played here.

* * *

There were some mighty fast plays in yesterday's game, too. For instance, the double play in the sixth, with Berger, Hollis and Cotter handling the ball like it was red hot all the time, and catching Hamilton and Wendell in the same play.

* * *

Or Bischoff's recovery of a passed ball in the eighth, when he dived back at the plate a fraction of an inch ahead of Munson, and saved a score. It turned out that the Crabs won, anyway, but the play was good!

* * *

Joe Berger got his third homer of the season when he poled the ball over the left field wall in the third. It was still rising when it passed over the wall! Almost as long as Coombs' homer over the same spot in the seventh.

* * *

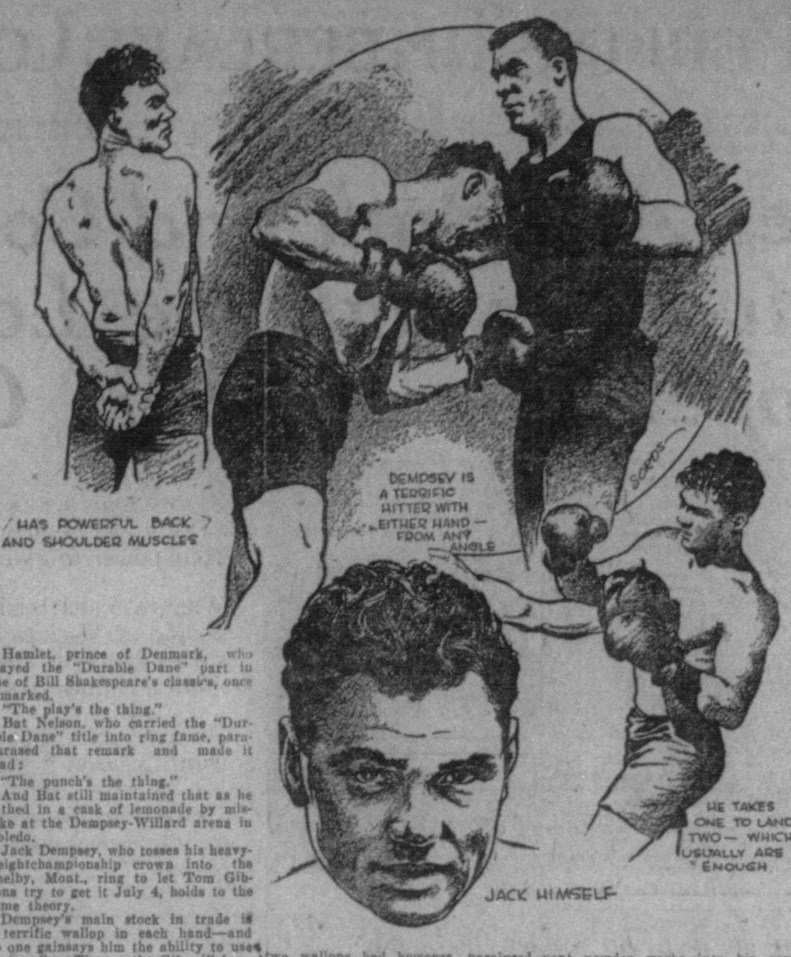

Salm "newballed" the umps in the ninth, when he started substituting new balls for the old ones. His nibs wouldn't stand for it, though, so Salm had to produce the old ones he had put in his old brown satchel. At that he managed to lose a few of the bad ones and the pitchers had to use the new ones the rest of the time.

* * *

Hamilton's catch of Bischoff's hot one that should have gone over his head in the fourth saved the Spudders at least one score, for with Hollis on second and Berger on first they would have both counted easily. Hamilton jumped at least two feet into the air to get it, and came down with the ball lodged in the fingers of his glove. He got a lively hand from the crowd.

All of which reminds us, while we are passing around the bouquets, that the fans come in for some praise once in a while as well as the players. Although not so noticeable as on the field, there is such a thing as courtesy and sportsmanship in the stands, which is typified very well by the Wichita Falls fans. When a visiting player makes a good play, they recognize the fact, as well as when a Spudder gets in the limelight. In giving a man like Hamilton a hand for a brilliant play, they do not lose any of their loyalty to the Spudders—they just show that they have the same stuff in them that the Spudders have, when they give their opponents a fair deal on the field!

WHERE JACK GETS HIS POWERFUL PUNCH

Hamlet, prince of Denmark, who played the "Durable Dane" part in one of Bill Shakespeare's classics, once remarked.

"The play's the thing."

But Bat Nelson, who carried the "Durable Dane" title into ring fame, paraphrased that remark and made it read:

"The punch's the thing."

And Bat still maintained that as he bathed in a cask of lemonade by mistake at the Dempsey-Willard arena in Toledo.

Jack Dempsey, who tosses his heavyweightchampionship crown into the Shelby, Mont., ring to let Tom Gibbons try to get it July 4, holds to the same theory.

Dempsey's main stock in trade is a terrific wallop in each hand—and no one gainsays him the ability to use that wallop. Thomas the Gib will have to stay away from those punches—make Dempsey miss—if he hopes to succeed the Manassa Mauler as champ.

Dempsey is built for hitting. He has, first of all, powerful back and shoulder muscles. His upper arm muscles are just as powerful and his forearms are built strong enough to stand the jar of the impact when he turns loose the power of those muscles.

He has well built legs which give him firm position when he delivers his mule wallops. His back may be a bit slender. It has been said that his back is weak—that he could not stand a gruelling battle of 10 or 15 rounds for that reason. But a lady who was awfully grieved at Jack started the story. So far Jack's back hasn't given out in any of his ring battles because they haven't lasted long enough.

Some of these bosoes with husky muscles, such as Jack carries, are as muscle bound as a two-half hitch knot in a wet rope. But Jack isn't handicapped this way. He is fast and supple.

Dempsey has a fine defense. He can check blows and has a shifty style that makes him hard to hit—serves as an extra defense. But he seldom uses defensive tactics. He prefers to take one—to get a chance to sock back two or three. Two wallops usually are sufficient. A left below the heart and a right to the "button" are enough. It was these two wallops that spelled curtains for Jessica Willard—although Jacques had to swat Jessica down six more times before the big boy had enough. The first two wallops had however, paralyzed Willard's poorly conditioned carcass.

How much hitting power Dempsey has lost while doing vaudeville turns and signing up as president of a mining concern or two, is for you to guess. He probably has lost some of the dynamite in his mitts.

But he packed an awful wad of it two years ago, when he met Carpentier. And he sneaked the whole Dupont powder works into his corner when he met Willard.

And unless the durned stuff's got wet while he's been taking life easy he probably still has half a dozen sticks of TNT in both mitts.

Mr. Gibbons will be the piece de resistance—or something like that—on which Jack will demonstrate how much mustard he still packs in his wallops.

Suzanne Lenglen Enters Fifth Title Tournament By Winning In Every Game Of Two Opening Sets

WIMBLEDON, June 27.—There were no surprises in the play for the world's tennis championships at Wimbledon this afternoon, and only one big thrill. This was when Suzanne Lenglen appeared in the stadium, which was crowded almost to capacity, to start after her fifth successive world's title. She began in characteristic manner, winning every game of the two set match from young Peggy Ingram, the daughter of one of England's old international players.

Mlle. Lenglen played superbly, keeping her opponent at the base line and snuffing out whatever hope the little English girl had by playing shots of amazing accuracy within a few inches of the side and back court lines. Occasionally she worked up to the net to finish off a rally with a neat out-volley.

Mrs. Molla Bjurstedt Mallory, the American champion, scored an easy triumph over Mrs. H. L. Eddis of England, 6-3, 6-2, but Mrs. Eddis lacks the firmness in hitting the ball that one associates with every thousandth good player. She lightened Mrs. Mallory's task immensely by loose strokes.

Vincent Richards, showing the same smooth ability to play the game perfectly from any spot on the court that he demonstrated in his first appearance yesterday afternoon, advanced another step today toward the goal by defeating the Indian Davis cup player, S. M. Jacob, 6-2, 6-3, 8-6.

Longhorn Tennis Pair Wins From English Players

Associated Press Dispatch

PHILADELPHIA, June 27.—Four eastern racquet wielders reached the semi-finals in the national intercollegiate singles championship at the Marion Cricket club today. They are Frank T. Anderson and Gerald Emerson of Columbia; W. W. Ingraham of Harvard and Carl Fischer of the Philadelphia college of osteopathy.

Vieing in interest today with the intercollegiate matches, was the final round of the national intercollegiate tournament in which John F. Whitebeck, Windsor, Conn. won from Charles Watson, of Phillips Academy Andover, Mass., by scores of 6-3; 4-6; 6-3; 6-3.

In the fourth round of the intercollegiate singles Ingraham won from Jerome Lang of Columbia, intercollegiate champion of New York state, 6-1; 3-6, 6-1.

In the doubles, second round Lewis N. White and Louis Thalheimer, university of Texas, defeated M. D. Horne and L. Ramaswami, Cambridge 6-1, 7-5.

NAVY FAVORITE IN COLLEGE REGATTA

Associated Press Dispatch

POUGHKEEPSIE, N. Y., June 27.—The United States naval academy's eight, which has ruled the collegiate seas for the past two years, stood out tonight as a favorite to retain its laurels in the blue ribbon feature of the 26th annual regetta of the intercollegiate rowing association tomorrow on the Hudson.

One far western and far eastern crew will contest the middies' claim to superiority for another season and experts tonight predicted that the premier event of the program which also includes races for freshman and junior varsity eights, would develop one of the keenest contests in recent seasons.

SHELBY PROMOTERS GET MOVIE RIGHTS

Associated Press Dispatch

SHELBY, Mont., June 27.—Disposition of motion picture rights for the Dempsey-Gibbons heavyweight championship July 4 is in the hands of Shelby fight promoters.

After dickering all day with local officials, Jack Kearns, Dempsey's manager, today turned his interest on the films, announced as 35 per cent of proceeds, into the hands of Maj. Jim Johnson, treasurer of the fight; Loy Molumby, American Legion commander; Eddie Kane, Gibbons' manager, and Mike Collins, the match-maker, for disposal as they saw fit. Despite definite assurance by local fight officials that they will have the final $100,000 guaranteed the champion by July 2, when it is due, Kearns said he believed it was "still uncertain" at this time whether the money would be available. Until there is a breach of the contract, which does not provide for payment of the third $100,000 until July 2, he will go ahead with plans for the fight, he declared.

Executive Quits Dempsey-Gibbons Fight Management

Associated Press Dispatch

SHELBY, Mont. Jun 27.—Dan Tracey, pioneer Great Falls mining man and hotel owner, suddenly with drew from the position of executive in charge of the business management of the Dempsey-Gibbons fight early tonight. Tracy said his withdrawal was due to his inability to adequately protect the new capital put into the promotion at the same time the second $100,000 installment was paid Dempsey June 15. Mayor Jim Johnson, treasurer of the fight said Tracy's withdrawal would not prevent the holding of the bout.

Two Worms' Turn.

Willie—He went fishing.

Sunday School Teacher—How long?

Willie—About five minutes, because he only had two worms.—New York Daily News.

Five Teams Must Ask Texas Split Season Meeting

Associated Press Dispatch

DALLAS, June 27.—Letters saying that unless at least five Texas league points requesting a meeting of the league none will be called for the purpose of considering splitting the season are being mailed to the owners, Doak Roberts, president of the league said. So far only two clubs have requested such a meeting.

Nova Scotia has adopted the "drive-to-the right" rule of the road.

Boils

THERE is a reason for everything that happens. Common-sense kills misery. Common-sense also stops boils! S. S. S. is the common-sense remedy for boils, because it is built on reason. Scientific authorities admit its power! S.S.S. builds blood-power, it builds red-blood-cells. That is what makes fighting-blood. Fighting-blood destroys impurities. It fights boils. It fights pimples! It fights skin eruptions! It always wins! Mr. V. D. Schaff, 557 15th street, Washington, D. C., writes:

"I tried for years to get relief from a bad case of boils. Everything failed until I took S. S. S. I am now absolutely cured, and it was S. S. S. that did it."

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

Keeping Pace In The Chess Match

Or a Wee Bit Ahead Houston In Cold Storage Quanah at Bat

Far be it from the one duly and unanimously elected cheer leader of this column to spill any gloom or hang any crepe but inquiries have been so numerous and demands for the real chess dope so urgent that we can't stave off an anxious, fretting feverish, perspiring public any longer.

We regret to acknowledge it but the particular chess teams that have the Quanah and Electra games on, are laid up for repairs. There is, however, no foundation for the rumor that the shape the Quanah board is in has caused this team to become indisposed. Neither is it true that the probable loss of a pawn to Electra, has given the team having the Electra game in charge, a headache. The latest reports from the medical advisor are to the effect that a new book of prescriptions has been received, the patients are sitting up and taking notice and we hope to print moves in both the Quanah and Electra games in Friday's Record News.

Old stockings made excellent floor polishers. Split open and sew together, cutting off the feet if they are much darned. They are also excellent for polishing shoes.

CATS TAKE WIN IN FAST BATTLE

Doubles In Eighth Break Up Tie For One-Run Victory

FORT WORTH, June 27.—Doubles by Sears and Hoffman in the eighth inning broke up a 5 to 5 tie and enabled the Cats to defeat the Exporters 6 to 5 here today. Manager Kitchens, of the visitors, knocked a home run in the fifth and later tied the score with a single in the eighth. Beaumont made three double plays. Score:

North Methodists Beat Southerners In Seven Stanzas

The South Methodists were the victims of the North in a one sided game ending with the northerners the winners by a score of 10 to 2. The winners counted their runs on six hits, the same number being made by each club.

The southerners made nine errors however, which were largely responsible for the loss of the game, playing indifferent ball throughout the game.

Railroad Asked For $100,000 Loan On Shelby Fight

Associated Press Dispatch

GREAT FALLS, Mont., June 27. Expressing himself as hopeful that the $100,000 due Jack Dempsey as the final installment of the $300,000 guarantee to fight Tommy Gibbons July 4 would be in sight tomorrow, George H. Stanton, a Great Falls banker, declared tonight that the money would be raised without a doubt before July 2, the date the amount is due Jack Kearns, Dempsey's manager.

Stanton, who advanced $50,000 to help make the payment of the second $100,000 installment to Kearns 10 days ago, said efforts were being made to have the money advanced by the Great Northern railroad. If this proposal failed, the business men and bankers of Great Falls would be asked to advance it.

"We raised the second $100,000 for Dempsey without much effort, and it is my belief that we will not have much trouble getting the final installment," Stanton said. "All we need to make the show a success is the final installment for Dempsey. It is my honest opinion that Montana will not allow this thing to result in a failure. The state would never live it down."

WASHINGTON TOURNEY SEES SPECTACULAR FINISH BY LLOYD

Associated Press Dispatch

WASHINGTON, June 27.—In one of the most spectacular finishes ever seen in a public links golf tournament, E. B. Lloyd of Chicago this afternoon won 6 in a row from Ray J. McAuliffee, of Buffalo, squaring the match on the seventeenth hole, only to lose on the twentieth hole after the eighteenth and nineteenth had been halved.

In the afternoon rounds Frank Dolph, of Portland, Oregon, defeated Ed Curtin of Newark, 3 and 2. Harry Scharff, of New York, eliminated Walter Crowe, of Chicago, 3 and 2. A. J. Whitman, New York, defeated Samuel Graham, Pittsburgh, 3 and 2. John MacAndrew, won from John Dawson, Chicago, 8 and 6.

FUNERAL FOR INFANT

Funeral services were held for the infant son of Mr. and Mrs. R. N. Hill, 1404 Second street, who died at the local hospital Tuesday at 8 p. m. were held from the Hines Undertaking chapel Wednesday afternoon at 3:30 p. m. Burial was in the Riverside cemetery.

LITTLE LESSONS IN Big Sports

What points will aid in obtaining accuracy in the short game?

Answered by

BOB CRUIKSHANK.

The man who, in 1921, defeated Hutchison, Sarazen and Barnes in an invitation tournament at St. Joseph, Mo. Runner-up in Pittsburgh tournament for professional golfers 1922, being defeated only by Sarazen.

A firm stance, steady body, steady head, and elbows held well into the body, will always aid greatly in the short game. A player should make up his mind as to the distance of the shot and decide definitely which club is best to use. If it is a mashie-iron, mashie-niblick, or mashie shot to the green, he should select a point on, or near, the green to play for. If it is a chip shot over a bunker or a stream, he should forget about them and see only the green and pin. If it is a little chip shot, just off the edge of the green, he should pick out a spot on the green to pitch to and allow a little run to cover part of the distance. Judgment of distance in all these shots plays an important part. (Copyright 1923, Associated Editors).

Miss Thompson Run Down By Car and Injured

Injuries which will confine her to the hospital for several weeks were sustained Wednesday noon by Miss Hettie Thompson, 1641 Lucille street, when she was run down at Eighth and Indiana avenues by an automobile driven by C. J. Beavers. Reports last night from the General hospital stated that she was resting easily and that her injuries were not regarded as dangerous.

Two fractured ribs and severe bruises and cuts are the extent of her injuries.

Miss Thompson, who is employed at the Texhoma offices in the City National bank building, was returning from the Y. W. C. A. cafeteria about 1 o'clock when the accident took place. Mr. Beavers, driving at a moderate rate of speed, turned north on Indiana from Eighth and struck Miss Thompson who was crossing Indiana, walking west. She was knocked to the pavement and run over by the front wheels of the car.

The injured girl was hurried to the hospital in a Merkle-Lunn ambulance where an examination revealed that she was not dangerously hurt.

A reckless driving charge was filed against Mr. Beavers at the city hall, although witnesses of the accident were of the opinion that he was not to blame.

Legion to Celebrate

It was decided at the meeting of the Pat Carrigan Post of the American Legion which was held Tuesday night at the lake that the local post would participate in the July 4 celebration which will be given by the Civic League in Scotland Park on that day. The legion will have a number of decorated cars at the park and members of the local post will probably take part in some of the athletic events.

Katy Officers Here

Several officials of the M. K. & T. are scheduled to arrive in Wichita Falls Thursday morning from Fort Worth on a short business trip. The party will consist of George Atkins, freight and passenger agent of the Missouri, Kansas and Texas lines, with offices in St. Louis, and Dallas; H. H. Moore, chairman of the board of the Texas City Terminal Railroad company; E. A. Bynum vice-president and general manager of the company, and E. C. Guion, vice president and traffic manager. The party will come in a private car.

C. B. Allison Hurt

While working on a rotary rig on the Ferguson lease between Freeman-Hampton and Iowa Park, C. B. Allison, of Thrift, was caught in the machinery in some way and received a severe wrench to his back Wednesday afternoon. He was immediately rushed to the General hospital in this city and at a late hour last night was reported to be resting fairly well. The extent of his injuries will not be known until today when a careful examination will be made.

McBride Set Free

N. E. McBride charged with owning a house in which a still was captured at Burkburnett some time ago was found not guilty by a jury in federal court Wednesday afternoon. L. E. Rone arraigned on a white-key charge was turned loose on an instructed verdict from the court on the ground that the evidence was not sufficient. John Skagga charged for the same offense was turned loose on the same grounds.

Court will begin at 10 this Thursday morning and an effort is being made to clear the docket by Saturday night as Judge Atwell is due in Dallas Monday.

Cities Are Built and Communities Thrive Through the Loyalty and Co-operation of Their Citizenship

Perkins-Timberlake Co., Wichita Falls

Stores and business institutions in Wichita Falls are entitled to as near one hundred per cent patronage as it is in your power to give them.

Wichita Falls business institutions are built to serve the people of Wichita Falls and community — Wichita Falls stores are your stores, and it is your first duty to give them a chance to supply yourwants.

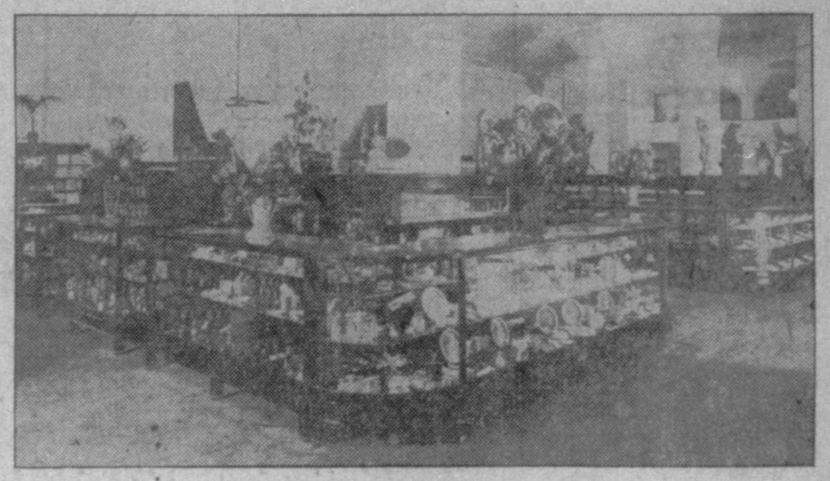

We are mindful of the fact that it is our duty to supply your wants, so that it will not be necessary for you to seek markets in other cities. We search markets throughout the United States—each season for merchandise which we procure at prices just as reasonable as it is possible for money to buy.

Throughout our store are men and women thoroughly capable of assembling merchandise suited to your wants and here you can find just as well assorted stocks as anywhere in America.

Behind every business transaction there is that desire to please—that desire to give courteous service and polite treatment. These are the fundamental principles that have helped to make our store what it is today. Every person connected with our store is instructed that our customers must be shown every courtesy possible, and the management will appreciate a report as to whether or not you are getting such treatment at the hands of our employees.

You'll Find Every Modern Convenience Here

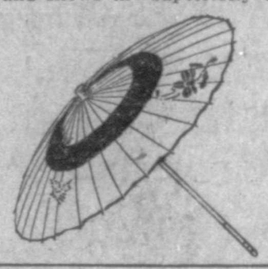

Large roomy aisles—spacious rest rooms—high speed elevators—bubbling fountains of ice water—more than 50,000 square feet of floor space, and every department filled with newest merchandise which makes shopping a real pleasure.

JAIL BEATING BRINGS PENALTY

Three Prisoners Must Serve Ten Days In Solitary Confinement

Solitary confinement for 10 days in an isolated cell is the punisament being meted out three prisoners in the county jail who took matters in their own hands Tuesday night and severely whipped a fourth man who had been locked up in their cell. The fourth prisoner was found Wednesday morning, his face nearly beaten to a pulp, scratches and bruises about the body and an ankle severely sprained from a fall on the floor.

It was necessary that medical attention be summoned for the man. His injuries, while severe, will not prove dangerous, it is thought.

According to the story told Sheriff Murphy, the victim of the beating said that he had been gagged by the three assailants, in order that he could not summon the jailer. He declared that all three of the men jumped on him at once and beat him unmercifully.

Questioned as to the reason for their action, the three men who had administered the whipping explained briefly that it was merely in accordance with instructions from the "kangaroo court," a judicial tribunal maintained by the prisoners for the regulation of the prisoners' conduct while in jail.

The sheriff, after hearing the explanations, ordered the three assailants locked in solitary confinement in a single cell and deprived of all liberties extended the prisoners. In a lecture to the other prisoners, he vigorously assailed such treatment and threatened drastic action if any more complaints of this nature came in.

The man receiving the beating was locked up on a statutory charge Tuesday night.

Federal Man Makes Inspection of Wheat

An inspection of wheat in Wichita county for possible traces of stripped rust is being made by J. M. Rader, traveling representative of the bureau of plant pathology of the United States department of agriculture. Mr. Rader was in the city Wednesday and accompanied County Farm Agent Guy R. Jones on a trip through the county.

Specimens of wheat were taken from several fields and will be tested for traces of the rust.

It was explained that grain on the Pacific coast is suffering considerably from the rust, but that thus far very little has been found east of the Rocky mountains.

How To Raise Chickens Profitably On Small Tract In Your Back Yard

By AL OLSTON
Record News Poultry Editor.

Mr. Al Olston, Record News, City.—

Dear Sir: I would like your advice and would like to see an article written by you on the limit of a back yard poultry keeping. I have a lot, chicken proof, 50 by 60 feet and am very anxious to make poultry pay on this limited space. It is a new place and I have raised about 100 young stock on it this season. Of course I will have my laying hens next year and I don't suppose I can raise as many as I did this year. I have had a fair amount of experience with raising and keeping poultry on the farm or free range but never in confinement and am afraid I will make some mistakes. I am very well equipped with poultry fixtures such as brooders and houses for a flock of 100 chicks. Please tell me just what I can do on this small place as I am very interested in poultry raising and cannot resist the temptation to try my luck on a back lot, being deprived of a greater range.

I have a bunch of high grade white Orpingtons, also a bunch of Anconas. I want to select a pen for each bunch and my question is must I purchase a cock bird to mate with these young pullets for the next breeding season or shall I use the cockerels from the same bunch. I have some beautiful cockerels. Will these pullet eggs do for hatching next spring?

Please write an article soon on these subjects as I read every article and would appreciate it so much. Thanking you, I remain,

Very truly yours, Mrs. J. T. Bobo,
304 Houston City.

The Answer.

Mrs. Bobo—The two main factors in city lot poultry raising are proper housing and proper feeding. The comfort, health and productiveness of the fowls depend to a large extent on housing. "Dry," well ventilated houses with plenty of light and sunshine are very necessary in raising fowls.

Nearly all diseases and losses are brought on by dampness, filth, and foul air. Poultry will stand severe cold much better than it will warm polson-laden air. Therefore good ventilation is an essential that can not be overlooked.

The cloth covered front style houses (south exposure covered with burlap) are becoming popular with poultry raisers. This style of house gives plenty of fresh air and dispenses with the drafts that are so dangerous to fowls.

Builds Watch Shed.

The amount of floor space allowed for each fowl depends upon the breed, the style of the house and the amount of confinement. Large breeds require more space than the smaller ones. Fowls confined a great deal need more floor space than those that have free range. Ordinarily the fowls of the medium size in flocks of 12 or more, three to six square feet of floor space per hen is sufficient. This space should be more or less proportioned.

The house should be high enough to accommodate those working in it but no higher as additional heights increases the cost. If possible, build a scratching shed in connection with the house.

A house 12 feet wide and 20 feet long will be sufficient to accommodate a flock of 50 of the larger fowls or 60 to 70 of the smaller breeds. Much floor space can be gained by placing your drooping broods under the roosts.

I would not try to raise more than 40 or 50 hens on your place. Your chances of success are much more limited if you place more at your place. Get some good cocks for your young pullets. If your pullets start laying within the next 40 days their eggs will be ready for hatching by next February, although eggs from old hens would be much better.

Do Not Overfeed.

Be very careful of overfeeding and keep green stuff for your chickens at all times. If you cannot supply this, keep a gallon of fresh sour milk for them. Your plan is great and will repay you for your trouble. Try to have nothing but the best breed of fowls so you can sell your surplus stuff off as breeding material.

I thank you for the letter and at any time would be glad to talk to you over the poultry business. You can get in touch with me through the Record News. Decide what birds you are going to cull for your show stuff and give us a good account of your fowls at the Texas-Oklahoma Fair.

Judge W. E. Wilson, local attorney, is a good poultry raiser. Read some of the things he is doing out his place, two miles south of town. Last year he sold $125 for 1,000 white Leghorn chicks. He raised 800 of them and kept 250 pullets which have been laying since last September. In that length of time he has received close to 4,000 dozen of eggs. I asked him what he sold them for and he said: "Money. My last few checks have been rather light averaging from $20 to $160."

Judge and Mrs. Wilson have a beautiful home which has cost them approximately $20,000. They have 20 acres of land which is covered with feed stuff. They have peaches, plums and cherry trees just laden with fruit. They are planing to enlarge the poultry end much more by next spring. Their original birds came from Johnson at Bowie.

Note: To those poultry raisers who are planning to show their birds this year at the fair I shall write in my next article about conditioning and preparing the birds—also the way to enter and arrange the entrance blanks.

Curd Resigns To Take Place With Faith Lodge

Announcement of the resignation of Bill Curd as assistant recorder of the Maskat Temple to accept the secretaryship of Faith lodge was made Wednesday by officials of the organization. The change has already become effective.

Mr. Curd has been assisting Al Ellis, recorder, for the past several months, and is well familiarized with the work of the lodge, as well as that of the temple.

MOTOR CAR TO HELP WICHITA

Passengers From Mineral Wells to Reach Here In Quick Time

With the placing of the motor car on the G., T. & W. railroad line from Mineral Wells to Megargle, much better time will be made by passengers coming from Mineral Wells to Wichita Falls. In the past, if one wished to come from that place to this city, he was compelled to go to Fort Worth and there catch the Fort Worth & Denver to Wichita Falls, as a train was only run from Mineral Wells to Megargle three times a week. The motor car, which was placed on the line last Tuesday, will make the round trip every day.

The car from Mineral Wells arrives in Olney at 9:43 a. m. and the Wichita Falls & Southern from Breckenridge arrives at 10:43 a. m., which only necessitates an hour's wait to passengers coming to Wichita Falls.

The connection is not so good going from Wichita Falls to Mineral Wells, as one will be forced to stay over in Olney all night and catch the motor [illegible] the next morning for Mineral Wells.

$2,500 BOND GRANTED TWO ON CHARGE OF PERJURY BY JURY

Bond of $2,500 each was granted Alvin Ireland and Lewis Tillman Wednesday, following their arrest and subsequent indictment on charges of perjury. They were taken to jail last week, after it is alleged that their stories before the grand jury were not considered authentic.

The two men were witnesses in the Carl Holcomb-John Skaggs case and were called for testimony in connection with that affair.

Jewel Presented To Curd and Hammick

Presentation of the past master's jewel to P. B. Curd and W. Y. Hammick was a feature Tuesday night of the installation of officers of Faith lodge, held in the lodge rooms. The presentation speeches were made by W. H. Caldwell, who paid warm tribute to the worth of the men as Masons, and who praised the service they had rendered the lodge.

Brief responses were made by the recipients of the jewels.

Installation of the officers was made in impressive fashion. Following this ceremony, members of Faith lodge adopted pledges supporting the new officials, and then two apprentice degrees were conferred.

INTENT TO SLAY CHARGE FILED

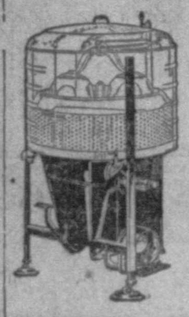

Carl Holcomb Named In Grand Jury Indictment

An indictment charging assault with intent to murder was returned by the grand jury Tuesday against Carl Holcomb, it was learned Wednesday with his arrest by the sheriff's department. The charge came in connection with the fight June 3 in which John Skaggs, local truck driver, was desperately wounded.

His throat was slashed from ear to ear with a keen bladed knife and he sustained other cuts which for a time appeared to be fatal.

Holcomb was arrested in connection with the cutting and was later released on bond.

Bond of $2,500 was set in the case.

Summer Feeding Pays

Eggs pay any time, but when other flocks fall off yours pay best. Feed plenty of protein now. Hens need it for eggs and for the coming moult. If they don't get enough, they will rob their body-tissues to get it. Then it will take twice the feed to get them back.

Keep Purina on the Job

It's rich in egg-making, body-building protein. Get a shorter moult and more winter eggs.

More Eggs or Money Back

Customer Charge

When the housewife finds that her pantry is short one or more items to complete a meal she must call her grocer or walk to the corner store for her needs. When addiional fuel is required for cooking, heating of water, or making the home comfortable in cold weather our customer find their needs anticipated and the need for additional fuel is insantly met by an additional flow of gas. THIS SERVICE IS A DISTINCT FEATURE SEPARATE AND APART FROM THE QUANTITY OF GAS DELIVERED PER MONTH. The cost of maintaining this service and the benefits derived from it are equal for each customer served and each individual customer should pay at least the amount it costs this company to maintain the service to him.

STOCK VALUES KEEP UP SLUMP

100 Stocks Establish New Low Records For Year

Associated Press Dispatch

NEW YORK, June 27.—Quoted values continued to melt away in today's active stock market under the stimulus of heavy professional short selling and more active commission house liquidation of weakened marginal accounts. Both the industrial and railroad averages broke through the low levels of last November.

100 Stocks Hit Bottom.

One hundred stocks established new low records for the year during the day's trading—the largest number for any single day in many months. The list included such stocks as United States, Bethlehem, Republic and Gulf States steels, Baldwin, Studebaker, United States Rubber, American Sugar, American Woolen, American Tobacco, California Petroleum and Southern Pacific.

Selling of the rails, which was regarded as one of the most disturbing features of the day, apparently was based on speculative expectation of increased wage demands by the "Big Four" brotherhoods. The unusually favorable nature of the May earnings reports, now being published, was entirely ignored.

In some parts of the list there were substantial recoveries in the last hour but the list as a whole did not benefit much from the support offered. Considerable buying on a cash basis was reported during the day.

German Marks Rally.

Moderate buying of French francs and Italian lire, both of which advanced slightly, was the feature of the foreign exchange market. Demand sterling yielded 3-8 of a cent to $4.60 5-8 and German marks after selling around .0006 cent rallied to .0007 1-4.

Call money opened at 5 1-2 per cent and advanced to 6 per cent before the close. The time money market was somewhat firmer with bids put in at 5 per cent for all maturities, but business was confined largely to renewal.

COTTONSEED OIL

Associated Press Dispatch

NEW YORK, June 27.—Cottonseed oil was irregular, closing prices being 3 points higher on near months and 2 to 7 net lower on later months. Uncertainty as to the amount of July oil to be tendered brought about short covering and helped to offset heaviness in other markets. Sales 13,300 barrels. Prime crude 9.00@9.25; prime summer yellow spot 10.70 bid; July 10.76; September 10.60; December 8.61, all bid.

TEXAS SPOTS

DALLAS, June 27.—Cotton quiet, 27.40. Galveston 28.05; Houston, 27.90.

OCTOBER LEADS COTTON DECLINE

Weather Bureau Report Says Week Favorable For Crop

NEW YORK

	High	Low	Close
July	27.20	26.40	26.90-95
December	24.31	23.82	23.86-89
Jan.	24.01	23.53	23.57
Mar.	23.91	23.50	23.52
Oct.	24.88	23.32	24.47

NEW ORLEANS

July	27.35	27.00	27.08
Oct.	24.20	23.71	23.80-84
Dec.	23.84	23.35	23.37-40
Jan.	23.60	23.21	23.27
Mar.	23.52	23.10	23.18-20

Associated Press Dispatch

NEW YORK, June 27.—There was a further decline in the cotton market today with October contracts selling off 24.32 or 56 points net lower and 118 points below the high price touched on the advance of later last week. Offerings became lighter at this figure and there were rallies on covering with October closing at 24.47. The general market closed steady at net declines of 11 to 52 points.

Week Favorable.

The market opened barely steady at an advance of 14 points on July and of 40 points on August, but, generally 2 to 10 points lower. Offerings increased after the publication of the weekly report of the weather bureau. This stated that on the whole the week had been favorable for cotton. Selling on an idea that the crop was now making better progress was promoted by weakness in the stock market and the failure of another bullish private end-June report to create additional buying power.

July sold off to 26.64, or 37 points net lower, while December broke to 23.82 or 56 points below yesterday's close.

July Holds Firm.

There was some selling of July during the middle of the day attributed to the south, but July held relatively firm closing 243 points above October compared with a difference of 213 points from the lowest with December closing at 23.86. Port receipts today 3,856; United States port stocks 325,132; exports 6,300, making 4,604,381 so far this season.

FEATURES.

Associated Press Dispatch

Day's total sales 1,056,100 shares. Twenty industrials averaged 88.66; Net loss 1.45. High 1923, 105.38; low 88.66. Twenty railroads averaged 78.48; net loss 1.75. High 1923 90.63; low 78.48.

VALUATION IS 10 MILLIONS OFF

Final Estimate Cannot Be Made Until All Taxes Are Figured

With the unrendered roll figured up and all letters except the last three added, property valuation of the county for this year have thus far totalled only $38,248,807. This presents the likelihood of a total county valuation for the year of approximately $65,000,000. Last year's valuation was $76,000,000.

It was stated Wednesday that a final estimate for the year could not be made until the oil, banks and railroad taxes were figured up, but that the 65 million mark would about be reached.

The estimate is to be submitted by County Tax Assessor Deaton to the county commissioners court at a special meeting Friday.

LIBERTY BONDS

Associated Press Dispatch

NEW YORK, June 27.—Liberty bonds closed; 3 1-2s 100.21; first 4 1-4s 98.2; second 4 1-4s 98.2; third 4 1-4s 98.14; fourth 4 1-4s 98.4; U. S. treasury 4 1-4s 99.20.

FORT WORTH LIVESTOCK.

FOR WORTH, June 27.—Cattle receipts were liberal today and the market again failed to show an activity. Around 4,500 head of cattle and 500 calves were offered. Fed steers were not very numerous and nothing toppy was around, but a few cars went at a range of 7.00@8.00, prices that were about in line with the week's decline. Grass steers were scarce and the market was steady on that class. Cows met with a downward revision of 10 to 15 cents. Heifers, yearlings and calves changed hands at rates that were steady.

Although the hog market was not quotably higher, the trade supported a top of 7.55, on car being exceptionally choice. Bulk sales ranged from 7.15@7.30 and the top to packers was 7.30. Pigs sold as unchanged basis and the market was active. Most of the run went at 5.00@5.75; hogs receipts were close to 1,000 head.

Sheep prices were steady and the market made a fair progress. Around 2,500 head were on offer. Fairly useful shorn wethers cleared at 6.65.

WHEAT FALLS TO LOW MARK

Influenced by Weakness of New York Stock Market

Associated Press Dispatch

CHICAGO, June 27.—Influenced largely by weakness of the New York stock market, all deliveries of wheat fell today to a new low price record for the season. The close was unsettled at 5-8 to 1 1-8 net decline, September 1.01 3-4 to 1.01 7-8 and December 1.04 1-2. Corn finished 7-8 to 1 1-4@1 3-8 down. Oats varying from 1-4 to a like advance, and provisions at a set back ranging from 5 to 20 cents.

Preceding the breaks in wheat prices, the market had shown something of an upward tendency as a result of rains which it was assumed would interfere with cutting and threshing of winter wheat.

Corn and oats showed more resistance to selling than was the case with wheat.

Provisions were depressed, mostly by setback in the value of hogs.

	Open.	High.	Low.	Close.

Fire at Vernon

Special Dispatch to Record News.

VERNON, June 27.—Ernest Smith's home, a modern five-room and bath cottage, on South Pearl street, caught fire from unknown cause at 9:30 o'clock last night. The flames were quickly extinguished by the local fire department, only a small amount of damage being done.

At 3:30 o'clock this morning a second alarm came in from the Smith home. Defective wiring, exposed by the first fire, was the cause, firemen say. This time the fire made such headway that the building, valued at $2,500, was destroyed.

VAUDEVILLE STUNT FOR CIVIC LEAGUE

Announcement has been made that a performance under the direction of Cervin and Warner known in vaudeville as "two boys from the south," will be given on the night of July 7, at the labor temple for the benefit of a fund being raised by the Civic league for a children's playground.

Cervin and Walker recently put on a benefit performance here which was well attended and a larger crowd is expected to be on hand for the Civic league program.

Klan Denies Change Of Hedquarters to Asheville

Associated Press Dispatch

ATLANTA, Ga., June 27.—There is no foundation to the report that headquarters of the ku klux klan will be moved from Atlanta to Asheville, it was announced from headquarters here today. The meeting to be held in Asheville in the near future, it was stated, will be one of grand dragons from every state and will be confined to discussion of problems.

TURKEY INSISTS ON OWN DEBT TERMS

Associated Press Dispatch

CONSTANTINOPLE, June 27.—It is announced from Angora that instructions have been sent to Ismet Pasha, chief delegate at Lausanne, to insist upon the Turkish standpoint in regard to payment of the Ottoman debt.

The newspapers here state that Ismet has been ordered to leave Lausanne if a settlement cannot be reached in accordance with the Turkish claims.

EASTERNERS FLEE AFTER TEXAS SHOTS

Associated Press Dispatch

ATLANTIC CITY, June 27.—Miss Leslie Butcher of Fort Worth today injected some "pep" into the opening session of the International Lions clubs convention.

Wearing a cowgirl costume she led the Texas delegation, 100 strong, into the hall. Whipping out a sixshooter she fired three shots into the air.

Board walk habitues, unadvised as to the direction of the bullets fled.

Canning Club Girls Open Camp For Three Days At Haven Park

Despite the fact that tents for the camp were at Fort Sill, Okla., a good many dusty miles away, everything was announced Wednesday night as being in readiness for the three-day encampment of county girl's canning clubs scheduled to start this noon. The camp opens at Haven park at noon and will break up Saturday night.

The trouble over the tents arose simply because they have never been returned here from the boy scout camp held at Cache creek. The tents are the property of the local National Guard and were loaned to the scouts when they took their annual outing. They were promised the girls, but Wednesday it was found that no one had ever returned them to Wichita Falls.

Georgia Lansford, home demonstration agent in charge of the camp, said Wednesday evening that the tents might be returned here during the night but that failing in this, another supply would probably be obtained.

Other details of the opening were complete. Fifty girls are to be on hand for the session and a full program of entertainment and instruction has been arranged for them.

Four reels of motion pictures will be shown Thursday night. Friday and Saturday will be devoted to inspection tours of business enterprises of the city, demonstrations at the camp, bathing and other attractions offered by the park.

It was learned Wednesday that Miss Mildred Horton, assistant state agent of the extension service of A. & M. college is to be here to conduct demonstrations.

Chaperones for the camp include Miss Anne Preston of Friberg school, Miss Sammie Morgan of Wichita Falls and Miss Lansford, home demonstration agent.

Graham City Hall Is Being Renovated

Special Dispatch to Record News.

GRAHAM, Texas, June 27.—At an approximate cost of $1,000, the interior of the city hall has been renovated and arranged in a more attractive way. The woodwork is in pine, presenting a striking appearance to the usual run of woodwork. The offices of the city secretary are enclosed, the headquarters of the secretary of the chamber of commerce being on the other side. The rear of the hall has been especially fitted up for the use of the board of aldermen.

The words, "City Hall," have also been painted on the outside of the building.

* Travelers report that in the Herzegovina, Southern Slavia, there are so-called women-villages, where the wives, whose husbands have emigrated to America, live with their children. It seems the men cannot earn enough to have their families follow them to the new country.

MUNDAY WILL BUILD CHURCH

Presbyterians to Put $10,000 In Modern Brick Structure

MUNDAY, June 27.—Plans are now being perfected by the local Presbyterian congregation to erect a modern brick church building at a cost of approximately 10,000. The church was only recently organized here and has started with a large membership. The meeting which has been going on for 10 days has been a very successful one. Rev. Gaines B. Hall of Cisco has been conducting the meeting.

Miss Kathlyn Mabry has been visiting friends in Weinert.

I. E. Cook and son Valentine were here first of the week from Abilene visiting the family of John Cook.

Ed McCoy of Goree was in town on business Tuesday.

Mr. and Mrs. Edwin Heald motored to Stamford to see friends Sunday.

Mr. and Mrs. John Cook were visitors in Seymour Sunday.

The local ball team was defeated by O'Brien Saturday by the score of 10 to 4, and again Monday by the same club, 7 to 6. Olney will play here Friday.

Mrs. W. B. Reid and family and Mrs. Joe Pate from Haskell were visitors in the home of W. C. Bevers Tuesday.

LEGAL NOTICE

CITATION BY PUBLICATION.
THE STATE OF TEXAS.
To the Sheriff or any Constable of Wichita County—Greeting:
You are hereby commanded to summon C. J. Lowrie doing business as the Beverly Oil company, by making publication of this Citation once in each week for four successive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the County Court at law, Wichita County, Texas, to be holden at the Court House thereof, in Wichita Falls, Texas, on the first Monday in August, A. D. 1923, the same being the 6th day of August, A. D. 1923 then and there to answer a petition filed in said Court on the 12th day of June, A. D. 1923, in a suit, numbered on the docket of said Court No. 6133, wherein Georg Tunal is Plaintiff, and C. J. Lowrie doing business as the Beverly Oil company, is Defendant, and said petition alleging that, on or about the 25th January A. D. 1923, said defendant was the owner of an oil and gas lease described as the Beverly Oil company lease, situated in Wichita County, Texas, in the Northwest Burkburnett Oil field. That during the year 1922 defendant employed plaintiff to act as pumper for it at $150.00 per month; that there is due this plaintiff under said contract of employment and labor thereunder the sum of $525.00 which defendant herein has hitherto failed and refused to pay notwithstanding the fact of repeated requests, so to do to plaintiff's damage in the sum of $525.00; that on or about the 25th day of January A. D. 1923 plaintiff perfected and filed his laborer's lien as the law requires upon the property on which he performed said labor situated on said lease, a copy of which is attached to plaintiff's petition and made a part thereof; that defendant is also indebted to plaintiff herein in the further sum of $75.00 for services on said lease not covered by said perfected lien.
Wherefore plaintiff prays the court that the defendant be cited to appear and answer plaintiff's petition and on a hearing thereon he have judgment for his damage as aforesaid and for a foreclosure of his lien on said property and for costs suit, etc.
Herein fail not but have before said Court, at its aforesaid regular term, this writ with your return thereon, showing how you have executed the same.
Given under my hand and the seal of said Court, at office in Wichita Falls, Texas on this the 13th day of June, A. D. 1923.
ALMA Y. MILLER,
Clerk, County Court at Law, Wichita County, Texas.
By M. F. YEAGER, Deputy.

NEW ERUPTION ON ETNA CRATER SIDE

International News Dispatch

LONDON, June 27.—A violent new eruption broke out this morning on the south side of Mount Etna's main crater, threatening the observatory on that side of the volcano, according to a Central News dispatch from Rome this afternoon.
Fears were felt in Rome that the observatory would be overwhelmed, the dispatch added. Proffessor Carra reported that the new flow of moltcu lava was advancing down the south slope of the mountain at the rate of one kilometer (six-tenths of a mile) hourly.

POOR HOUSE PROVES BILL RAISING SHOP

KANSAS CITY, Mo., June 27.—"Poor house" would have soon been a misnomer hear if authorities hadn't discovered two of the inmates raising $2 bills to "ten spots."
Elias G. Havens, 73, and ragged, is in jail today, and his partner in the "enterprise," James Nolan, 70, cripple, is a fugitive as a result of the discovery.

U. S. Good Will Tourists Throng Millerand's Palace

PARIS, June 27.—Preident Millerand, receiving the latest party of "good will" tourists from the United States at the Elyses Palace today said he was beginning to get his habit of receiving such delegations, this being the third, but it was a very agreeable habit.

Dozen Towns In Missouri Struck By Wind Storms

Associated Press Dispatch

JOPLIN, Mo., June 27.—One man probably fatally hurt, several others slightly injured and perhaps a dozen cities and towns in southwest Missouri slightly damaged, with almost a score in darkness seemed late tonight to be the chief toll of a terrific rain and wind storm which struck shortly before dark tonight and in some sections reached tornado proportions. Telephone lines in almost all directions from Joplin were down.
The storm apparently struck its hardest blow north and northwest of Joplin, with Carthage and Webb City each being hit by a teriffic gale. Large trees in both cities were uprooted plate glass windows shattered and outbuildings blown away.
Several persons were reported slightly injured at Webb City, chiefly by flying debris. Small frame structures in all parts of the district were damage, or blown down.

NEGROES WRECK CAR AND ESCAPE AFTER CHASE BY OFFICER

A chase that ended only when two frightened negroes took to the railroad yards after a stolen Ford touring car in which they were riding was put out of commission, furnished diversion for residents in the vicinity of Clark and McGregor street late Wednesday night. Motorcycle officer Griffin furnished inspiration for all the rumpus when he made a determined but futile effort to overhaul the car. One shot which he fired at the speeding machine "only made it go faster," he said.
Griffin started after the car on Clark street but it gave him the slip and succeeded in rounding the McGregor street intersection when the left front wheel was smashed in. The two occupants leaped out and disappeared in some nearby railroad yards.
Later a negro man appeared at the city hall and reported that his Ford had been stolen from in front of the Texas theatre in the flats. An investigation revealed this to be the missing car.

DUST STORM

Driven by a 30 mile an hour gale, dense clouds of dust descended on the city late Wednesday night and added more misery to that already inflicted by the heat. No promise of rain was carried in the dry and dirt laden breezes.
The storm was still continuing at an early hour Thursday morning.

FORD STOLEN

A Ford coupe owned by J. R. Thompson, a Devol, Oklahoma banker, was stolen Wednesday night from its parking place in front of the Empress theatre on Indiana avenue. Mr. Thompson reported to police that the steering gear of the machine was locked as well as the motor.
The car bore an Oklahoma license number 26-306.

MAN, 103, HAS NO DESTINATION

He's From "No Place" And Going Likewise, He Tells Officer

An old man sitting with an unconcerned attitude in the blazing sun at Eighth and Ohio was accosted Wednesday afternoon by an officer who, noting his apparent unconcern for everything and anything that was going on, became interested.
"Where you going?" the cop inquired.
"No place."
"Where'd you come from?"
"Same place."
"How you travelling?"
"Wagon."
"How old are you?"
"103."
"Where were you born?"
"Tennessee."
"When?"
"1821."
And then the story developed.
Without relatives or friends and with less than $10 in cash to his name, the old man was "just travelling." He didn't know where he was going—and didn't seem to care much. He had a hazy idea that some day maybe he'd get back to his sunny Tennessee.
Efforts he had been making to solicit funds were reluctantly stopped by the police, who told him, not unkindly, that it was against the law to do that on the streets. He had some money and had a rickety wagon and a time-worn horse stowed in a local wagon yard.
Acquainted with the fact that he would not be allowed to solict on the streets, and plainly anxious that he not transgress any laws of the community, the centenarian called his horse into action again and plodded slowly out of town—no protection from the sun, coming from nowhere and going the same place.

Dozen Survivors of Hood's Brigade Meet at Bryan

Associated Press Dispatch

BRYAN, June 27.—The thin, gray remnant of Hood's immortal Texas brigade, opened its 52nd annual reunion today. Only 12 of Hoods men were on this year's register.
Captain W. C. Walsh of Austin president of the brigade, was in charge and Miss Katie Daffan of Houston, life secretary, was at her desk.
Tributes were paid to the memory of the late Lee J. Rountree, who last year delivered the memorial address at the memorial service of the brigade. The veterans were entertained at dinner by Jack and Dorothy Doane, grand nephew and niece of General Hood.

8 DIE IN DAKOTA TORNADO SUNDAY

Associated Press Dispatch

FARGO, N. D., June 27.—The death list in the Adams and Bowman county tornadoes of Sunday stands at eight today, according to a dispatch received by the Fargo Forum.
Two persons died of injuries yesterday, the dispatch said. A dozen more who were hurt are expected to recover.

FIRE SWEEPS PEKING

LONDON, June 27.—Fire swept the "forbidden city" of Peking today destroying the emperor's palace, said a news agency dispatch from Peking.

LIBRARY PLANS ARE TO STAND

Electra, Burk and Iowa Park Asks for Three Members Each

Although no official action was taken, directors of the chambes of commerce, the city council and library board expressed little sympathy Wednesday morning toward the suggestion of Electra, Burkburnett and Iowa Park that three representatives instead of one from each of the communities be allowed on the library board. The matter came up for discussion in connection with the proposed plan of establishing branch libraries at the three points named, using the Kemp public library of this city as a main base.

Under the contract now drawn, by which the county assumes financing of the library with its control still vested in the library board, Electra, Burkburnett and Iowa Park were each to have one representative on the board. It was revealed Monday that the three places mentioned were dissatisfied with the provision and that each wanted three board members.

Various angles of the case were discussed by C. of C. directors, commissioners and library board members, during which the idea was advanced that the original contract should not be altered.

A wish to keep the library out of politics was the chief aim of those attending the meeting. Three representatives from each outside town, named as has been suggested, by the county commissioners, would speedily transfer the library board into a cumbersome and inefficient body in which political influence would dominate.

A plea for a harmonious settlement of the difficulty was made by J. A. Kemp and A. H. Britain.

No action was taken which officially turns down the proposition of the three outside communities, but in view of the feelings expressed it seems certain that the original contract will not be altered.

Head Of Gas Company Says City Would Save $80,000 Through His Ready To Serve Fuel Charge

"Wichita Falls stands to save $80,000 yearly by the assessment of a ready to serve charge instead of an increase in gas rates," C. B. McKinney of Dallas, president of the Municipal Gas company, told directors of the chamber of commerce at a meeting Wednesday morning.

"In order for the Municipal Gas company to realize $40,000 more each year by an increase in the present rate of 75 cents per 1,000 cubic feet, it would be necessary to take $120,000 a year from the gas consumers here. This is because the Lone Star Gas company, which supplies us with gas, gets two thirds of the revenue we derive from the consumer.

"By assessing this ready to serve charge of 50 cents a month, we realize about $40,000 a year, all of which goes to us and which is what we need to make a profit on our investment."

Committee Named.

The meeting brought out practically every angle of the gas controversy now being waged by the city and chamber of commerce against the Municipal Gas company. It terminated in the appointment of a committee headed by W. D. Cline, T. B. Noble and J. A. Richolt to attempt to arrive at some solution of the matter.

Mr. McKinney's explanation of the situation pointed out to those attending the session that the 50 cent a month charge was an absolute necessity for the gas company and was easily the least expensive proposition that could be made the city. His explanation of the Municipal Gas company's contract with the Lone Star is set forth above.

$30,000 Lost Last Year.

After going over this, Mr. McKinney submitted an auditor's report from competent accountants, showing that the company lost $30,000 in its operations here last year. No question as to the authenticity of these reports has ever been raised. In this connection, Mr. McKKinney reiterated his offer made at the city council meeting last Monday night that a representative committee check over all records and books of the company to establish for itself the condition of the company's finances.

The question of taxes and valuations of the company properties here occasioned considerable comment, chiefly because the gas executives figured their property as being worth $950000 while it was rendered for taxation at $150,000. The equalization board, county Judge Sartin stated, raised this to $300,000 which is still far short of the valuation set down by Mr. McKinney and his associates.

Mr. McKinney stated that the $950,000 was estimated as the replacement value of real estate, equipment and other property owned here.

Other company representatives at the meting, in addition to Mr. McKinney, were E. B. McCabe, treasurer and S. A. L. Morgan, resident attorney.

ATHLETIC MEETING AT LAKE ON FOURTH

An athletic carnival in which the best local talent obtainable from ex-service men will be presented is to be staged at Lake Wichita July 4, it was announced Wednesday. A fast series of boxing and wrestling matches will be added to the water circus, fireworks and other features being arranged.

It was stated Wednesday that a canvas arena was to be erected and the matches put on in big time style. Several capable performers have already been lined up for the day.

All proceeds from the sale of admissions to the bouts will go for the benefit of the American legion.

Funeral Services for Mrs. P. W. Nolen Held

Funeral services for Mrs. P. W. Nolen, age 83, who died at the home of her daughter in Bentonville Monday morning, were held from the First Methodist church, South, Wednesday morning at 10 o'clock, with Rev. C. M. Simpson officiating. Burial was in the Riverside cemetery.

Prior to a year ago Mrs. Nolen had been a resident of Wichita Falls for 12 years, and was the mother of J. W. Nolen of this city.

Baptist Workers Meet

The regular monthly meeting of the Wichita County Baptist Workers' conference was held Tuesday at the Lamar Avenue Baptist church. The meeting began at 5 a. m., at which time a sunrise prayer was held, being directed by Mrs. Homer McGregor. The main program began at 10 a. m. and interesting talks were given by Rev. W. W. Rozell and Dr. O. L. Powers and A. J. Holt. A luncheon was served by the Lamar Avenue ladies.

Old Home Town Stuff

THINGS YOU SAY, DO AND SEE AND SOME YOU DON'T

Jack Cobb, formerly on the city fire department is in the city visiting.

County Tax Collector Guy Raley is in Dallas on business.

Clark Downing of Kansas City, was here Wednesday on business.

J. M. Rader of Moscow, Idaho, was in the city Wednesday on business.

Mrs. J. F. Chafin was here Wednesday on a brief visit from her home in Mankins.

THINGS TO WONDER ABOUT
How does any kid succeed in going barefooted these days.

George Dewey of Dallas arrived Wednesday for a brief business stay in the city.

Judge E. S. Whitelaw and family left yesterday for points in Tennessee. They drove through in their car and will be gone about six weeks.

County Junge B. B. Sartin leaves soon for an extended automobile tour of points in Kentucky. He will be gone about a month.

Another dull day around the county and district courts. Only one case, a divorce hearing was heard in the district court and one small civil matter in the county.

The sheriff's department was busy all day Wednesday running down persons indicted by the grand jury. Nineteen had been taken in custody late in the afternoon.

George Peeler, an attorney from Dallas was here Wednesday on business.

Marriages licenses were in the discard again Wednesday—almost—only one was issued.

A called session of the Royal Neighbors has been set for 4 o'clock this afternoon. Balloting on applications is to be held.

Prisoners and officials at the county jail are going after a swarm of bugs with gasoline. The insects appeared about two weeks ago and although vigorous combative measures have since been taken they have had little effect.

POWDER PUFFS
IV.
We know of girls both young and old
Who never had a date.
We hear there's maids, though really bold
Can't seem to draw a mate.
There's some we feel, can't even get
A dirty look. That's tough.
But we've to find a female, yet,
Without her powder puff.

Work is about complete on rough grading for the court house square project. Sixth and Travis streets have been gone over and Lamar is to be tackled next.

Independence day attractions seem to be piling up thicker every hour. The lake officials announced more fun Wednesday.

A promising looking cloud that came in from the north about 7 o'clock Wednesday evening had most of the town out looking. The promised rain and resultant relief didn't materialize, however.

The treats are on Town Stuff if you don't walk into any cafe any time these days and find watermelon and ice tea the most popular items on the menu.

The domestic disruption that has existed around the city hall for the past ten days was increased still further Wednesday when the tax collector started to move his office. Painting and plumbing equipment have cluttered up the corridors in amazing style and most of the offices are in equally topsy turvey condition.

The Pythian sisters of the city are to have an installation of officers at the lodge rooms tonight, an announcement states. Refreshments will be served and all members of the lodge are requested to be present.

A special band concert by the Wichita Falls Community band is to be held at Lake Wichita Thursday night, it was announced Wednesday by the lake management. The program runs from 8 to 9:30.

More railroad men in town Wednesday. R. B. Coogan of the Southern, Chris Constance of the Gulf Coast Lines and R. M. Montgomery of the Alabama-Vicksburg and Pacific paid their respects to local transportation executives.

"The boys are still behaving," Juvenile Officer W. G. Bralley rports. He states that the threatened outbreak of juvenile vandalism, expected when school was dismissed has thus far failed to materialize.

If you don't think it's a peculiar feeling to have everything in readiness for a big event and then find that an important part of the affair is 60 miles or more away, ask Georgia Lansford. That's how her tents and girl's camp was fixed Wednesday afternoon.

At the Wednesday morning meeting of chamber of commerce directors, $50 was voted to aid in defraying expenses of the county girls camp opening today. Most of the material and equipment for the affair is being donated by local merchants.

L. L. Dixon, of the Dixon Motor company is in Dallas on business.

Another street leading into Tenth has been opened for traffic. Indiana was first opened with the refilling of the ditch that is being dug and now Scott, leading off Tenth is opened for traffic. And still the workmen are digging the ditch up Tenth street.

But you have to be vouched for before he will let you finger it and then doesn't take any chances but keeps his eye on it all the while. —L. L. P.

CLAY CO. MEN MUST SERVE

Sentences Given Scott And Fields Are Affirmed By Court

In a decision handed down Wednesday by the court of criminal appeals at Austin, the penitentiary sentences of H. T. Scot and Sewell Fields were affirmed. Scott is under sentence of 12 years and Fields of 20 years for robbery with firearms in Clay county. The two men, according to verdicts of the trial courts, robbed an aged storekeeper and his wife at Dean, Texas, in the fall of 1921.

On an appeal taken from the verdict, the men were denied reversal but later a motion for a new hearing was filed. This was turned down once and the second motion filed. It was denied in the decision reached Wednesday.

Up until a month ago, both Scott and Fields have been in jail. The former perfected a $12,000 bond and has had his liberty since that time. Fields has been denied bond and has been held in jail since.

Two Men Wanted In Ft. Worth Nabbed Here

Two men said to be wanted in Fort Worth on charges of burglary were arrested by local police early Wednesday morning and held in the city jail here until Fort Worth officials arrived to claim them. They were taken away Wednesday afternoon.

The arrests were made by Patrolmen Minnicks and Roark shortly after word was received here that they were to be held. Details of the charges against the pair were not available here.

City drinking water was given a clean bill of health Wednesday by Dr. A. H. Douglas, head of the city health department. Dr. Douglas announced that numerous queries were being received as to the condition of the watr. He said further that constant laboratory tests reveal it to be perfectly hygenic.

A through street car will be run to Lake Wichita Thursday night for the band concert which is given there every alternate Sunday and Thursday. No transfers will be necessary in making the trip to the lake tonight and the management is expecting a large crowd. A band concert will also be given July 4 with many other attractions.

KNIGHT TEMPLARS TO CONFER DEGREE

The Wichita Falls Knight Templar commandery No. 59 will meet at 4 p. m. today for the conferring of the red cross degree. Supper will be served at 6:30 in the dining room of the hall. During the supper hour the Patricians will give a musical program. The commandery quartet will sing. The order of malta will be conferred in full form by the degree team after the supper.

The Patricians are composed of Glenore and Josephine Fisk, and Beulah and Julia Ross. The members of the commandery quartet is composed of Tillie Mae Shaffer, Mildred Martin, Grover Bullington, Paul von Allman, and J. S. Pittman at the piano.

Horse Theft Back On Docket When Electran Is Held

An indictment on a charge which once was common enough in Texas, but which in late years has become exceedingly rare was returned Tuesday by the grand jury of the Thirtieth district court. The nature of the charge—horse theft—was revealed Wednesday with the arrest of Roy Scott of Electra.

Bond of $1,000 was set in the case.

Scott, it is alleged, made away with a horse owned by an Electra farmer several weeks ago. He was subsequently arrested and his case taken before the grand jury when it convened.

Court officials believe that this is the first horse theft case coming before local courts in several years.

$50 FIRE

Fire thought to have started in the rear of a heated cook stove caused damage estimated at $50 at the Dave Pope home, 1305 Fifth street, Wednesday morning. Some damaged wall paper and loss caused by smoke was the chief item of loss.

Firemen from the Central and No. 4 stations responded to an alarm and prevented further spread of the flames.

Always beat rather than stir your cake batter. Beating introduces air into the batter; stirring makes it more solid.

ALL READY FOR MASONS PICNIC

Reunion Will Take On Aspects of Statewide Event

At a meeting of the Masonic committee in charge of arrangements for the July 4 celebration at the Fair grounds, held on the grounds Tuesday night, it was announced that all details for the affair were practically complete and that a banner day was being expected. Plans were gone over the barbecue feature of the day, a site was selected for the base ball grounds and other details worked out.

Judging from word reaching this city, the Masonic reunion on the 4th is to be an affair of state-wide prominence. Fort Worth and Wichita Falls are the only two cities in the state arragging for such a celebration and Masonic officials of the entire state are co-operating to the end of making the day in both places an unqualified success.

MORE PARKING SPACE PROVIDED AT LAKE

The enormous crowds that have been gathering at Lake Wichita every night the last few weeks have made it well nigh impossible to find a parking place for all the cars.

The management at Lake Wichita has announced a large tract of land north of the lake has been secured for this purpose and hereafter it is thought the scarcity of parking space will be relieved.

The management also suggests that cars be parked on each side of the driveway leading into the lake ground instead of just one side as has been the custom.

The ex-kaiser is reported to have been paid $200,000 for his autobiography, while Hindenburg and Ludendorff each profited by $50,000 and $60,000 b ytheir writings on the war.

Pasteurized Milk and Cream Keeps Much Longer These Hot Days

When you buy milk or cream from the Producers Creamery, you are assured of absolute purity. Every bottle is thoroughly sterilized and cleaned by machinery. The Pasteurization process eliminates germs and the other processes through which all milk passes before leaving our plant removes foreign substances and brings the milk to you in perfect condition.

One of our wagons passes your door each day.
