VOLUME XXXIII

NUMBER 232

The Gay Philosopher

By J. W. S.

THE HOUSE moving business sometimes can get pretty complicated. For example, Mr. Vernon Honea and his dad have a contract to move an aircraft hanger over at Abilene. The big building measures 120 by 188 feet and holds 24 airplanes. It took Vernon four days to prepare plans for moving the huge building. The move is scheduled in the next couple of months.

Another sizeable moving job on the Honea schedule is the gymnasium at Morton Valley, which will go to Eastland. Because they'll have to cross a railroad and other complications (like telephone wires), this structure will be moved in sections and re-assembled.

UP AT HIS picture making studio, Mr. Shy Osborn is displaying a Dahlia from his wife's flower garden. The beautiful flower measures 10 inches across. Mr. Henry Curtis, the justice of the peace, and Mrs. Ruby Denning were united in marriage at 2:30 p. m. Saturday at the East Cisco Baptist Church by the Rev. F. C. Bradley. They'll make their home in Cisco. Congratulations!

LOCAL GOLFERS who haven't been playing golf lately had aughta go out and look at the Cisco Country Club course. The greens are the best we've ever seen, and the course is in top shape. Pro Jackie Milner is doing a splendid job.

YOU WILL WANT to meet Master Randy Nix. He is the new son of Mr. and Mrs. Holland Nix, and he arrived at the Graham Hospital Friday morning. Randy is a husky fellow, weighing in at eight pounds and three ounces. His dad works for West Texas Utilities Company and has been passing out cigars. Mrs. Nix and Randy are doing nicely.

RAN INTO DR. E. H. Ramsey, the Cisco dentist who has spent the past year as a Naval officer attached to an Army unit in Korea. He arrived home last week, leaving Japan a couple of months ahead of his discharge date due to the serious illness of his father, E. H. Ramsey, Sr., of Rising Star. Dr. Ramsey's dad has been improving and is due to go home soon from an Abilene Hospital.

Dr. Ramsey looks good and is delighted to be home. He will finish his tour of duty at some U. S. base. He guesses he'll return to Cisco then and open up his office again. He'll be around until his leave expires.

MR. ALLEN Farley calls our attention to an unusual event up on Avenue M. There's a pear tree in the Smitty Huestis yard with a crop of good pears and blooms for another crop. Mr. Farley says he never saw anything like it before. . . Mr. L. M. Cawley, superintendent of Lone Star Gas Company's plant at Pueblo, reports that he was over at Mr. Owen King's place for a hamburger the other night. When he got ready to leave, he noticed that one of his tires was flat. He asked Owen to call a filling station. Instead, Owen changed the tire. Nothing wrong with that kind of service, Mr. Cawley says.

COACH RED Lewis went down to Bryan last Thursday night to scout the Allen Academy team, which his Wranglers play this week. He didn't get very many notes, for the Tyler Junior College (Allen's opponent) kept the ball most of the time and won, 70 to 0. . . See several Cisco servicemen in town to visit with relatives, including Don Farnsworth, Lynn Echols, L. E. Sublett and James Waddell.

JOE ALBERT Patterson of Mineola, who lost his life in the recent explosion of the Aircraft Carrier Leyte, was a cousin of Mrs. Leita Mendenhall of Cisco. He was the second member of his family to die in Naval service. . . Mrs. Bill Tucker, the Farm Bureau secretary, sends us a clipping from her home town paper, the Memphis (Texas) Democrat. And it reports that Mr. E. M. Wilson, formerly of Cisco, has been awarded a 30-year service pin by West Texas Utilities Company. He is active in all civic affairs there.

KEEPING THINGS IN ORDER—Mounted policemen kept close watch on ranks of longshoremen in Brooklyn, N. Y., after quelling an outbreak of violence. Some members of the International Longshoremen's Association had fought with dock workers of the new AFL union as the latter group "invaded" a pier being picketed by the "old" ILA men.

Cancer Society Names Directors At Area Meeting

GRAHAM, Oct. 24. — Two new directors of District 13 of the American Cancer Society, Texas Division, were named recently by volunteer cancer workers of the 21-county area.

The new directors are E. R. Marchman, of Graham, named layman director, and Mrs. A. Floyd Curry, Jr., of Fort Worth, elected lay woman director of the West Texas District.

They were named at an annual meeting of volunteer cancer control workers held here Tuesday, October 20.

Mr. Marchman, an independent oil operator and for two years chairman of the Young County Unit, succeeds Floyd Randel of Wichita Falls. Mrs. Curry, long active in the Tarrant County ACS Unit, succeeds Mrs. L. E. Dudley of Abilene.

Highlighting the day's program were talks by Mrs. Joseph M. Perkins of Eastland and Dr. W. S. Lorimer of Fort Worth. Mrs. Perkins, vice-president of the Cancer Society's Texas Division, stressed the need for repetition of the message of hope about cancer and the fact that "only surgery, X-ray and radium can cure cancer."

Dr. Lorimer introduced a new public education film emphasizing the importance of chest X-rays in early detection of cancer of the lung, and led an afternoon discussion on medical aspects of cancer work.

LEAVE FOR MARKET

Mr. and Mrs. F. B. Altman of Abilene, Miss Edith Altman of Cisco and Mrs. Floyd Robinson of Eastland were to leave today for market in Dallas. They will buy holiday and Spring merchandise for their three stores.

ATTEND FUNERAL

Mr. and Mrs. John Bailey attended funeral services for Mrs. T. E. Reader Saturday in Kerrville. Mrs. Reader was an aunt of Mrs. Bailey.

Mr. and Mrs. W. R. Carrington and Mrs. H. F. Henington have returned from a visit in Los Angeles, California where they visited Mrs. Carrington and Mrs. Henington's brothers and sisters.

PLANS NEARING COMPLETION TO HOLD ANNUAL BANQUET OF C of C

Plans for the annual banquet of the Cisco Chamber of Commerce, scheduled for November 21 with noted Industrialist R. G. LeTourneau of Longview as the principal speaker, were discussed Thursday afternoon at a meeting of committee chairmen.

Mr. LeTourneau will address a Chamber of Commerce audience, which will be limited to 400 persons, Saturday night, Nov. 21, and will make three appearances on Sunday, Nov. 22, at Cisco churches.

Chairman D. N. Morrison of the arrangements committees said that tickets for the banquet, which will cost \$2, will go on sale about November 2. The

CISCO GARDEN CLUB WINS HIGH HONOR AT DISTRICT CONVENTION

The Cisco Garden Club was awarded second place on a floral arrangement entered in the District 8 Texas Garden Clubs, Inc., Convention held last Wednesday in the Ballroom of the Windsor Hotel in Abilene. The theme of the convention was "I Like Mine Country Style."

The Cisco entry was a right angle floral arrangement with pampas grass and red berried pyracantha branches forming the background for a free-standing arrangement. Small curved red peppers and bright red geranium blossoms incorporated the focal point on one side while small yellow squash, yellow chrysanthemums, and yellow zinnias designed the second center of interest. A straw rooster looking on was included as an accessory.

The Merkel Garden Club took first place by only one point with a "Country Family" scene. The entries were judged on distinction and originality, color harmony, relationship of accessories, perfection of centerpiece on decoration, proportion and balance of accessories, condition of material, and suitability to the occasion or how it conforms to schedule.

The entries from the twenty-one towns in the district were used for table decorations for the banquet. The head table held a centerpiece of a stuffed scarecrow in a grain field marked off with miniature picket fencing. Black styra foam crows were flying overhead, suspended from the ballroom ceiling. Bur-lap covered the table.

A mural depicting a country scene, baryard and all, was painted by Mrs. Charles Griggs of Sweetwater, general chairman of the convention, and Mrs. Hal Sayles, publicity chairman, two hours before the luncheon and was used as the background for the speaker's table.

Mrs. Ray Chapman of Cisco was program chairman and introduced District 8 Governor, Wilma Hendricks Lucas, and Mrs. Griggs who gave the Greetings in poetry style, paying tribute to the Abilene firms furnishing the program.

Speakers for the occasion were Mrs. Keet Dunn of Winters who announced the three goals for the district and Scott Fikes who spoke on "Landscaping The Home."

Reports on horticulture, civic beautification, awards, and projects, were given by Mrs. E. G. Thornton of Olney, Scott Fikes, Mrs. A. V. Womack of Anson, and Mrs. George J. Clark, respectively.

Those attending the convention from Cisco were Mrs. Alex Spears, Mrs. Charles Spears, Mrs. C. S. Surlis, and Mrs. Ray Chapman, and Mrs. Robert Clinton of Putnam.

Everyone was invited to the program, which is the fourth of a weekly series. The final films will be shown next Sunday.

There is no admission to the program, but a freewill offering will be taken to help pay for the use of the films.

Napoleon instituted the French Legion of Honor in 1802.

A delegation of members of the John William Butts Post 123 of the American Legion and the Auxiliary Unit were expected to attend a 17th District Convention in Eastland this weekend.

The convention opened with registration at the Hotel Connelley in Eastland on Saturday. The two organizations will meet for a joint session Sunday morning, followed by individual business meetings Sunday afternoon.

E. L. Jackson, Cisco, former state department vice commander, was scheduled to conduct a memorial service at Sunday morning's joint session. District Commander W. A. Hazelwood of Sweetwater will preside over convention sessions.

The Legion Post here elected delegates as follows: D. N. Morrison, Gene Abbott, E. L. Jackson, Rex Moore, W. P. Knight, H. V. Kirby, W. J. Foxworth, Charles Roberts, G. C. Rosenthal, R. P. Brashear, H. R. Garrett, Marshall Jones, Stanley Webb, Haywood Cabaness and Crigler Paschall.

Community Chest Workers Urged To Finish Drive

Leaders of the Cisco Community Chest 1954 budget campaign urged all workers Saturday to check their lists to see that everyone has an opportunity to contribute. Collections totaled \$7,055.87, according to a report by Treasurer Paul Farrow.

Chairman George Irvine reminded the workers that "we are less than \$2,500 from our goal, and it is possible that a re-check of our lists will uncover enough prospects to put the drive over the top."

The Community Chest this year is raising \$9,500 to provide the 1954 working budgets of 11 public supported organizations that work in Cisco. More than \$8,000 was raised in last year's chest campaign.

"Our workers are to be commended on a splendid drive," Mr. Irvine said. "Those who have been overlooked should leave their contributions with Mr. Farrow at the First National Bank."

Farm Bureau To Hold Convention Thursday Night

Members of the Eastland County Farm Bureau will hold the annual county convention on Thursday night, Oct. 29, at the county courtroom at Eastland, according to an announcement Saturday by President A. Z. Myrick.

Purpose of the convention is to draft resolutions to be presented at the state convention which will be held in Mineral Wells on November 8-11. Mr. Myrick urged all members to attend the county meeting.

Many issues of vital importance to the farmers and ranchers will be given consideration and "now is the time to think wisely and well of tentative legislation and plan accordingly," Mr. Myrick said.

Members of the resolutions committee are Luther Cunningham, Earnest Weaver and Ed Harrison of Gorman and Jimmy Sparks of Desdemona. Ray Norris is secretary and treasurer of the county organization.

Mr. and Mrs. Harry Alkire and children of Lubbock are weekend visitors in the home of his mother, Mrs. Mabel Alkire.

City Commission To Study Budget

A city budget for 1953-54 will be studied by members of the City Commission at its regular semi-monthly meeting on Tuesday night, Oct. 27, at the city hall Mayor G. C. Rosenthal reported Saturday.

Collection of 1953 taxes, which began October 1, is progressing nicely, Mr. Rosenthal said. The collection total as of Saturday amounted to \$38,573.13 — 48 per cent of the total amount of the roll.

For comparison, a total of \$36,666.51 or 46 per cent of the roll had been collected on the same date last year, Mr. Rosenthal said.

Loboes Beat Cross Plains To End Non-Conference Schedule

WELL KNOWN SPEAKERS TO TALK AT RANGE PEST CONTROL CLINIC

BRECKENRIDGE, Oct. 24. — Dr. R. D. Radeleff, Veterinarian-in-Charge, Pathological Division, Bureau of Animal Industry, Kerrville Experiment Station; J. D. Prewitt, Associate Director, State Extension Service, College Station and Manning Price, Department of Entomology, Texas A & M College will speak at the Texas Livestock Pest Control Clinic in Breckenridge November 9 at the American Legion Hall, Dr. R. L. Rogers, program chairman announced.

Dr. Radeleff will discuss toxicity of the new livestock insecticides. Early in his career, Dr. Radeleff began experimenting with usage of lead arsenate as a tapeworm remedy for sheep and goats. Soon his experiment included cattle. Since joining the Kerrville Experiment Station, his work has been devoted to the investigation of safety and proper dosage of newer insecticides.

Mr. Prewitt's subject is to be "The County Agent and The Livestock Producer." He became one of the early county agents in West Texas at Brady in 1928. In 1937 Mr. Prewitt became District Agent at College Station. He held this position until 1942 when he became acting director of the state extension service.

Mr. Price will speak on "Controlling Flies in Livestock and Dairy Barns." A 1939 graduate of Texas A & M, Mr. Price received his Masters degree in Entomology in 1941. After four years in the army as a specialized research worker he returned to the teaching staff of the Department of Entomology. During his army service Mr. Price was in charge of insect borne diseases affecting army personnel.

Clinic sessions begin at 9:30 a. m. Ranchers and others interested in livestock pest control are invited to attend the meeting sponsored jointly by the West Texas Ranchers Association and the Association of Texas Manufacturers and Distributors of Veterinary Supplies.

Leo Martin, President of the A. T. M. D. V. S. will preside. A. S. Kimmell is President of the West Texas Ranchers Association.

STUDY PEANUT QUOTAS

County PMA quotas for 1954 and other crop plans were studied Friday when officials of PMA offices of Palo Pinto, Callahan and Eastland Counties met at the courthouse in Eastland. State officials met with the county leaders.

DAR WILL MEET

The Charles Crawford Chapter of the D.A.R. will meet Monday afternoon at three o'clock in the Women's Clubhouse for a mother-daughter tea. Mrs. F. E. Harrell and Mrs. J. E. Elkins will be hostesses and Mrs. W. W. Wallace will be in charge of the program. All interested persons are invited to attend.

GIRL SCOUT WEEK PROGRAM TO OPEN WITH SERVICE AT CHURCH

Local Girl Scouts and Brownies will open Girl Scout week here Sunday (today) attending the evening services of the First Baptist Church in a group with their leaders.

Dr. H. M. Ward, pastor of the church, has prepared a special sermon for the occasion.

During this week the Scouts and Brownies will have some type activity in keeping with the National program.

Monday will be homemaking day and each troop will observe the day with appropriate work. Tuesday, which is citizenship day, flag raising ceremonies will be held at some of the schools. Wednesday the scouts will appear at the Lions Club for a program and Thursday they will be at the Rotary Club meeting. Also Thursday they plan a flag ceremony at the junior high school.

Stephenville Will Play Here Friday

The Loboes of Cisco High School concluded their non-conference schedule Friday night as they won an easy 38-to-0 victory over the Buffaloes of Cross Plains High School in a football game at Chesley Field. The game was played in a rain drizzle on a water soaked field.

Tommy Reynolds, youthful Lobo quarterback, was the big offensive gun, scoring three touchdowns and passing for another.

The Lobo line was a big star of the game, holding the Buffaloes to a net gain of 66 yards and three first downs. It was not until the third period that the visitors were able to register a first down. Virtually every member of the Lobo squad saw action, and Lobo second stringers played almost all of the final two periods.

Completing their non-conference schedule with three victories and three defeats, the Loboes now face four successive weekends of District AA-9 games. They open district play with Stephenville High here next Friday night.

The Loboes came out of the Cross Plains game in good shape. The Buffaloes lost their star backfield performer when Kenneth Beeler suffered a broken shoulder early in the game. He was given treatment at the Graham Hospital in Cisco.

To open the game, Arzell Hale kicked off for the Loboes and Cross Plains put the ball in play on their 45 yard line. Two plays gained eight yards and Monte Ingram hit Buffalo Robinson for a six yard loss, and then he recovered a blocked punt on the Buffalo 30.

Harold Pippen got loose for 20 yards and lost the ball, Cross Plains recovering on their 10. Three plays failed and the Buffaloes punted to their 47.

The Loboes then began their first touchdown march. Marcos Gallegos got seven yards, and Pippen drove through for eight more. Reynolds circled end for 33 yards and a touchdown. He kicked the extra point.

Cisco kicked off to the Buffalo 37. Buck Whitehead recovered a fumble on the Buffalo 30, setting the stage for touchdown number two. Kent Davis drove off tackle for 23 yards. On third down, Reynolds circled end for five yards and another score. He again converted.

The teams exchanged punts, Cisco getting the ball on the Buffalo 42 early in the second period. Gallegos got 22 yards and Pippen got 5. Davis broke through for a touchdown, but the ball was called back and the Loboes drew a 5-yard penalty. Davis then made 16 yards. The Loboes then lost the ball on a fumble on the Buffalo 4.

The Lobo line refused to give an inch and Cross Plains punted to their 39. Reynolds and Gallegos made 9 yards, and Reynolds went over center on a quarterback sneak for a touchdown. He missed the uprights. Two exchanges of punts ended the second quarter.

Opening the third period, the Buffaloes recovered a Lobo fumble on the kickoff and took over on the Cisco 20. On third down, Fred Hayes intercepted a Buffalo pass and ran to the Cisco 40. Reynolds made 10 yards, and Gallegos and Davis made 10 more. Four plays failed by one yard and the Buffaloes got the ball on their 31.

The Loboes promptly recovered a fumble on the Cross Plains 36, and on first down Reynolds passed to End Bill Smith for a touchdown. A few minutes after the touchdown, the Loboes got possession on the Buffalo 47. Hayes drove to their 36, and as the final period opened Buck Whitehead took a pitch-out from Hayes and went all the way, with Benji Lipsey blocking out the safety man to clear his field for the 36 yard run. Reynolds missed the try for extra point.

Late in the period, the Loboes got the ball again on their 44. Hayes and Whitehead drove to the Buffalo 45, and Whitehead circled for 12 yards. Hayes then

Declining Agricultural Exports Pose Grave Problem For Farmers

The agricultural export situation is likely to be given serious consideration when farmer delegates convene Nov. 9-11 in Mineral Wells for the 20th annual convention of the Texas Farm Bureau Federation.

Declining agricultural exports pose a grave problem for producers of certain commodities. Growers of some of the basic commodities, including cotton and wheat, are hardest hit by the loss of foreign markets. Two years ago exports accounted for 51.2 per cent of the cotton crop and 46.7 per cent of the wheat crop.

But this market is rapidly shrinking. Agricultural exports from the United States declined 31 per cent in value last year, to the lowest point since 1944-45, according to figures recently released by the U. S. Department of Agriculture. At the same time, the nation's non-agricultural products shipped abroad rose in value.

Several reasons have been given for the decline, including: the reduction in direct foreign economic aid by this country; improved farm production in areas fostered by the U.S.; inventory reductions in importing countries in response to eased world-supply situations.

Secretary of Agriculture Ezra Taft Benson, commenting on the

downward trend in farm exports, said, "Our declining export situation points up sharply our need for more effective farm programs and for foreign trade policies that will not only assure the U. S. farmer good markets at home, but which will widen his markets abroad."

The major farm organizations are attempting to find a solution to the export decline which threatens the whole farming industry. The American Farm Bureau Federation, which has a membership of 1,800,000 farm families in 47 states and Puerto Rico, has initiated action on several fronts to bring about an increase in exports.

The Farm Bureau was largely responsible for getting Congress to set up a bi-partisan trade commission last session to review the whole field of international trade. The commission's report, to be given when Congress convenes in January, is expected to point up flaws in the present trade policy.

Farm Bureau was instrumental in getting the Reciprocal Trade Agreements Act extended until next year. This act permits the President to negotiate separate trade treaties with various countries.

The national farm organization was able to help eliminate Section 104 of the Defense Production Act. This section of the act was causing retaliatory measures by other countries to the detriment of U. S. trade and prestige.

The Farm Bureau was primarily responsible for adoption by Congress last session of a plan whereby the U. S. would accept the national currencies of the free nations of the world in return for surplus agricultural commodities. The foreign money collected would be used to carry out our commitments under the Mutual Security Administration.

Mrs. C. T. King of Scranton spent Friday in the home of Mr. and Mrs. Sam B. King.

Lawns Need Repair and Fall is Best Time for It

The care of the lawn, whether on the farm or suburban lot, is just as necessary, if one is to have a good lawn, as proper preparation of soil, fertilizing, and mowing at time of establishment.

There are few localities in which local conditions are such that the routine following of maintenance measures will keep a lawn permanently in good condition.

At some time each year or alternate year it is usually necessary or desirable to do some renovating. Ordinarily the best time is in the fall. Conditions in the spring are not usually favorable. By the time one can get on to the ground to undertake suitable soil treatments preparatory to reseedling, it may be too near summer for seeding grasses to become established.

In such cases it is usually better to adopt some temporary expedient such as sowing an annual grass, or applying a summer treatment in preparation for a real renovation at the most favorable time in the fall.

Renovation becomes a "must" when the turf is wholly undesirable and when replanting to the same or to a different grass is contemplated.

It is essential first to determine the reason for the unsatisfactory turf and to plan a program that will correct the previous deficiencies. Unless all the factors for satisfactory plant growth are favorable, the turf will become unsatisfactory again in a year or so.

Destruction of all unwanted growth usually is the first step. To accomplish this it is best to mow closely and remove coarse clippings. The use of strong chemicals to kill weeds is justified in a renovation program.

Preparation of a seedbed is essential to a successful job of replanting the area. Apply about 20 or 25 pounds of complete fertilizer per 1000 square feet such as 5-10-5 or equivalent. In the cool humid regions, applications should be made in early fall and very early spring. In warm humid regions applications should be made in spring and early summer when the grass is growing actively.

The need for lime should be determined by soil test. Most soils in the eastern United States require lime. Ground limestone is the cheapest form. It can be applied at any season—late fall or early spring.

Because of the great variety of conditions under which lawns are prepared and maintained, even in the same locality, if one is not well-informed on lawn care, he should consult his seed supplier, county agent, or other person qualified to give expert advice on lawns before undertaking a renovation job.

The results from renovation will be in accordance with the thoroughness of the application of correct principles, suitable weather, and a follow-up with proper maintenance measures.

Homemaking Day in Girl Scout Week falls on Monday, Oct. 26—when demonstrations of perennially popular activities will take place in communities throughout the country. This year Girl Scout Week will be celebrated by more than two million members—an all-time high—for the organization.

How to Renovate Established Lawn

- (1) Mow old stand of grass closely. (2) Apply weed control methods and materials if necessary. (3) Rake severely or cultivate with a hand disk or spiker to loosen surface soil. (4) Apply fertilizer and lime as needed. (5) Sow seed of the right kind and best quality or plant sod or sprigs. (6) Roll the surface. (7) If ground is bare on slopes, apply mulch or fabric to protect from erosion. (8) Water adequately, and (9) Mow as soon as growth requires it, but not too short.

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF Cisco Daily Press published daily at Cisco, Texas, for October 24, 1953.

1. The names and addresses of the publisher, editor, managing editor, and business managers are:

SOCIETY AND CLUBS

AND NEWS OF INTEREST TO WOMEN

New Officers Take Over At GA Meeting

The weekly meeting of the Bell Intermediate G. A.'s of the First Baptist Church was held Wednesday, October 21, with the new officers taking office.

The newly elected president, Charlotte Collins, called the meeting to order and Linda Bennie led in prayer. The watch word, allegiance and star ideals were repeated and a talk on Japan was given by the leader, Mrs. Boles. Medean Collins led in special prayer for Japan.

The group decided to have a year book and plans will be made at the next meeting. Nelda Cates presided at the meeting with prayer. Those attending were Nelda Cates, Marita Webb, Paula Booth, Medean Collins, Linda Cheves, McDonald, Anna Jean Whitman, Charlotte Collins, Linda Bennie, Mrs. C. W. Boles, and the W. A. leaders, Mrs. Ray McDonald, Mrs. W. F. Collins, and Mrs. D. H. Whitten.

Mrs. Hill Is Speaker For 20th Century Club

"Greece and Israel" was the topic discussed at the semi-monthly meeting of the Twentieth Century Club held Friday afternoon at the clubhouse. Mrs. T. Anderson was hostess for the meeting.

Mrs. J. E. Crawford, program chairman, introduced Mrs. Minnie Hill who gave a lecture and showed slides of Greece, Israel, and Switzerland taken on her European tour this summer.

A short business session was held and conducted by Mrs. J. J. Carter, chairman. Approximately 20 members attended the meeting.

Mrs. W. J. Tickner Is Honored At Dinner

Mrs. W. J. Tickner who celebrated her 86th birthday on October 13 was honored by friends and relatives at a birthday dinner last Sunday.

Those who attended the dinner or who called during the day were: Mr. and Mrs. Darwin Etheridge of Austin; Mr. and Mrs. D. Phillips, Mr. and Mrs. R. W. Osburn and Bryan and Mr. and Mrs. W. C. Tickner of Odessa; Mr. and Mrs. Frank Sage of Corpus Christi; Mr. and Mrs. Maccon Johnson of San Antonio.

Mrs. Henry Agnew, Mrs. Van Parmer, Mr. and Mrs. Marshall Wadley, Mr. and Mrs. Aaron Hamilton and Don, Mr. and Mrs. Guy Morris, Mr. and Mrs. Bill Warren and Sonja, Mr. and Mrs. E. T. Fenley, Mr. and Mrs. J. W. Stephens and Joy and Glenda Mr. and Mrs. Durward Morris and Mike, Melody and Monte, all of Cisco.

Those sending gifts were Mr. and Mrs. Buster Etheridge and Mr. and Mrs. M. E. McDonald and Winston of Odessa, Miss Kathryn Fenley of Abilene, Mr. and Mrs. John Tickner of Covington, Mr. and Mrs. Raymond Warren of Fort Worth and Mr. and Mrs. Van Tickner of Cisco.

Sunday School Class Has Hallowe'en Party

The Seven Year girls of the First Baptist Sunday School met Friday afternoon at the home of their teacher, Mrs. F. E. Shepard, for a Hallowe'en party.

The girls arrived in costumes and games were played. The girls were then directed to the dining room, which was decorated in the Hallowe'en theme, and were seated at the dining table. Sandwiches, cookies, hot chocolate, candy, and favors of Hallowe'en horns were served.

Those attending were Sarah Brashear, Dorinda Powell, Alice Ann Webb, Karen Moore, Sandra Hart, Sylvia Hart, Mrs. Shepard, and two guests, Mrs. Bob Hammett and Johnny.

Luck Brownie Troop Has Meeting Tuesday

The Lucky Brownie Troop met in regular session Tuesday, October 21, at the American Legion Hall.

The girls made tray favors using the Hallowe'en theme, to be given to the hospital for use on the patients trays.

Those attending the meeting were Carolyn Baird, Nevia Burnam, Ann Carruthers, Ann Choate, Melba Hamilton, Linda Latham, Marquerite Leard, Sue Lewis, Pricilla Mahaney, Roberta Mitchell, Billy Jean Moates, Sharon Rawson, Judy Reynolds, Cathy Rodden, Mary Starr, and Claudine Tucker, Mrs. Choate, Tommy and Jimmy.

WHERE 14 GOT HURT—Dense smoke rose over an entire city block in East St. Louis, Mo., as a general-alarm fire blazed in the south end of the city. Fourteen persons were injured, including seven firemen.

Beta Upsilon Chapter To Meet In Gorman

Beta Upsilon Chapter of Delta Kappa Gamma will meet in the Gorman High School auditorium in Gorman Monday at 7:30 p. m. in a joint meeting with Gorman's three women's study clubs for a program of International Goodwill.

Mrs. Minnie Hill of Beta Upsilon chapter will be the speaker and will use illustrative color slides on Europe and the middle east.

VISITING IN CISCO

Mr. and Mrs. L. G. Neill of Brisbane, Australia, are visiting Mr. and Mrs. Rudolph Kamon and son, Robert, in Cisco. The Neills and Robert Kamon became friends when Robert visited in Australia several months ago. They are currently touring the world and came to the United States after visiting in Europe and the Middle East.

Mr. and Mrs. Wayne S. Stanford and son, Mike, of Dallas have returned to their home after a week's visit with her parents, Mr. and Mrs. C. E. Whitaker.

Albert Smith, stationed at Denver, Colorado, is visiting his parents, Mr. and Mrs. Mack Smith. Following his visit here he will report to El Paso.

In 1861 there were two presidents in the United States—Lincoln in the North and Jefferson Davis in the South.

OFF TO THE GAME—Actress Hedy Lamarr, new short hairdo and all, leads British boy actor Richard Sullivan by the hand as they attend a football game in Rome, Italy. Accompanying them is Italian industrialist Gianni Agnelli, who uses two canes after a recent accident.

Vet Questions And Answers

Q — I have an ordinary life policy under National Service Life Insurance. I want to change to a 20-payment endowment policy. I am not a disabled veteran. How can I go about making the change?

A — You should apply to the VA District Office that handles your account. In order to make the change, you will be required to pay the difference between the reserve value of the new policy and the reserve on the old policy.

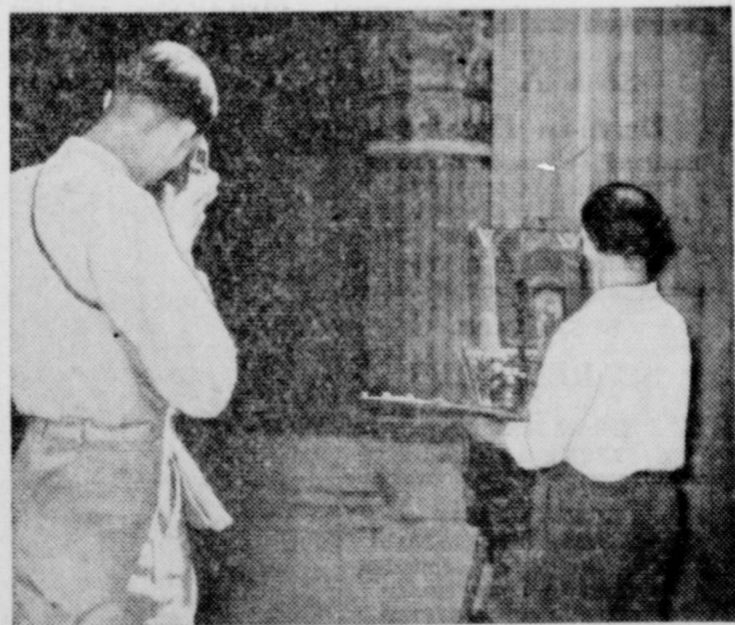

Q — My daughter, who is past 18, is attending school. She has been receiving compensation payments from VA, based on the death of my husband, a World War I veteran. She plans to drop out of school for several months, during which time, I understand, payments will stop. Will the payments start again once she resumes school?

A — They will, provided she sends VA evidence that she has resumed school. If VA gets the evidence within one year, the renewed payments will be effective as of the date she started class. Otherwise, the effective date will be the date VA receives the evidence.

Q — I've been taking on-the-job training under the Korean GI Bill for eight months in automobile mechanics, but I want to change to a different job training course in television repair. When I change, will I receive the full beginning rate of GI allowance, or a reduced rate?

A — You will receive the full beginning rate of allowance in your new course, even though you have been training long enough in your old course for the rate to be reduced. Your first reduction in your new course will be made four months after you start it.

Mr. and Mrs. A. F. Ashenhurst, Mrs. J. R. Burnett, Mrs. Katie Richardson, and Mrs. C. P. Cole were visitors in Abilene Saturday.

EACH TO HIS OWN—Recording the architectural beauties of Florence, Italy, can be a matter of technique. A soldier on the left snaps part of the Palazzo Vecchio with his camera, and the artist interprets the scene with brush and canvas.

PIPING A GREETING—As Dame Flora MacLeod, 75, arrived in New York, two pipers from the N. Y. National Guard pipe band were there to make her feel at home. Dame Flora, first woman to become Chief of the MacLeod Clan, is touring the U. S. to meet MacLeods in this country. She received the mantle as head of the clan upon her father's death in 1936.

Agency To Study Walleyed Pike In Two Texas Lakes

AUSTIN, Oct. 24. — Specially equipped crews are seeking trace of the walleyed pike planted in two large Texas lakes last spring. The Chief Aquatic Biologist of the Game and Fish Commission said this work is proceeding under a special Dingell-Johnson project.

The Dingell-Johnson Act provides for a Federal tax on fishing equipment and earmarking of the revenue for fish improvement work.

Walleyed pike were introduced into Texas this year through joint efforts of the Federal hatcheries and the Commission. One half million young pike were placed in Lake Travis, one of the Highland Lakes chain north of the city of Austin. The same number of fingerlings was released in Devils Lake, near Del Rio on the Mexican border.

Several reports have been received of walleye catches but the Chief Aquatic Biologist believed the fishermen concerned had been deceived by log perch or darters. They are similar in appearance to walleyes but both have black dots in the middle of the base of their tails, a distinguishing mark which the walleyes do not have.

One fairly authentic report came from a man fishing in Lake Travis who said he caught what he believed to be a walleye while fishing with a minnow in thirty feet of water. Minnows are the favorite walleye bait.

The Chief Aquatic Biologist said the Commission solicits cooperation of fishermen in tracing walleyes but requested that, where possible, they bring in or send in the specimens to the Commission headquarters in the Walton Building, Austin.

He said the walleyes necessarily are confined to Lake Travis and Devils Lake although sooner or later some are expected to get into Lake Walk below Devils Lake and Lake Austin below Lake Travis.

The Chief Aquatic Biologist said it is known for certain that some of the walleyes thrived and grew quickly. These comprised a small number that escaped into ponds of the San Marcos State Fish Hatchery where the consignment of eggs was hatched.

Theoretically, the surviving walleyes will attain adulthood by spring and begin reproducing by next summer.

The Chief Aquatic Biologist said he doubted that walleyes would be suitable for stocking the new Falcon Lake on the Mexican border since the lake will be "too muddy bottomed for pike which prefer sandy, gravelly, clear water."

Miss Patsy King of McMurray College in Abilene is spending the weekend with her parents, Mr. and Mrs. Sam B. King.

MAKING THE BEST OF IT—Once she was free from the stuffy conference halls of the British Labor Party Convention in Margate, 20-year-old delegate Kathleen Showell did some relaxing. The beach weather wasn't too warm, but she got out on it, anyway.

NICE TO SEE—The sight of two lovely gals cooling their feet in Rome probably raised the temperatures of male pedestrians more than any weather thermometer could show. A local water dispenser is enjoying his job as he helps out in front of the Victor Emanuel Monument, the tomb of Italy's Unknown Soldier.

Young Soloist To Be At Brownwood

Margaret Roggero, the enchanting young Metropolitan mezzo-soprano, will be heard in Brownwood on Thursday, November 5, at 8 o'clock, during the course of her second trans-continental tour. Her appearance at the Mims Auditorium, in a concert which is for members only, is under the auspices of the Brownwood Civic Music Association.

This is the first concert in the 1953-54 series for members of the Brownwood Civic Music Association, many of whom live in Cisco. Other concerts in the series will be given by the National Operatic Sextet on Monday, November 16, Iva Kitchell, a dance satirist, on Monday, February 8, 1954, and by Ferrante and Teicher, duo-pianists, on Thursday, March 9, 1954. Attendance at the concerts is limited to those who joined the Civic Music Association during their annual membership campaign last spring.

Miss Roggero's program in Brownwood will highlight operatic arias and art songs, including selections from the works of Handel, Schubert, Massenet, and the well known and loved, "Mon coeur s'ouvre a ta voix" (My Heart at Thy Sweet Voice) from Saint-Saens, "Samson et Lelila."

THEIR TURN COMES LATER—As they take their maiden trip down the Detroit River, past that Michigan city, the motors of about 400 new passenger cars are still idle. A Great Lakes freighter does all the work for these cars being shipped to port cities like Buffalo, Cleveland and Duluth. They're tightly packed onto the decks to utilize maximum space.
