Stalin Advocates Peace Talks With U.S.

Jews Claim Edge Over Arabs In Fighting

TWO DIE IN TRAIN MISHAP—A Delaware and Lackawanna Railroad locomotive and milk car toppled into the Delaware River as it rounded a slight curve near Delaware Water Gap, Pa. The engineman, El Engetti, and the fireman, D. Krushinski, were trapped in the cab of the locomotive. A string of passenger cars remained on the tracks. No passengers or other crew members were hurt. (AP Wirephoto.)

Many Arabs Are Drowned

By EDWARD CURTIS
Associated Press Staff Writer

HAIFA, Palestine, May 17.—A Jewish source said tonight that up to 500 Arab soldiers were drowned when the Jews opened a hydro-electric dam and flooded a plain south of the Sea of Galilee.

The source said Arab troops with tanks and heavy equipment were trapped in a rush of swirling water unleashed from a dam near Deganya on the southern tip of the Biblical sea.

Coastal Town Captured

Some of the Arab tanks were mired in the muddy torrents, the source said. The waters were reported to have swept over a plain which lies below sea level in the Jordan valley along the Palestine-Trans-Jordan frontier.

Haganah fighters drove into Acre today, the old Arab seaport city 12 miles north of Haifa. Their commander said an estimated 4,000 Arabs were penned in the ancient walled area.

The commander said his forces were in complete control of the highway through the city—a key to Jewish communication by road to northern settlements. Acre is just outside of the territory of Israel as defined in United Nations partition plan.

Surrender Claimed

Earlier, Haganah reported successes against invading Arab forces in northeastern Israel. Tel Aviv underwent its third straight day of enemy air attack.

(In Cairo the Arab higher executive office said the Jewish agency has authorized the surrender of Jews in the old city of Jerusalem to the Arab volunteer command. The surrender terms "have been accepted by the old city Jews," the office added.

(The terms, the office said, provide that the Jews give up their arms, that men be considered prisoners of war and that women and children be handed over to the International Red Cross.

(A pooled dispatch from American correspondents in Jerusalem dated Sunday said virtually all the heart of the Holy City was in the hands of Jewish fighters after 51 hours of furious street fighting that followed the British with-

UN Action Sought To End Dispute

By PIERRE J. HUSS
INS Staff Correspondent

LAKE SUCCESS, N. Y., May 17—Russia joined the United States tonight in seeking speedy action by the United Nations to halt the war between the Jews and Arabs in Palestine.

U. S. Representative Warren R. Austin presented a motion to the Security Council invoking chapter VII and including a provision which declares that "the situation in Palestine constitutes a threat to the peace and a breach of the peace."

Council Challenged

Soviet Delegate Andrei Gromyko, whose government recognized the state of Israel tonight, quickly spearheaded a move to get immediate action on the U. S. resolution.

Syria, Colombia and some others in the council tried to stall off prompt consideration on the grounds that their governments must first be consulted. Syria went further and challenged the right of the council to assume that a new state exists in Palestine.

Dr. Jose Arce of the Argentine flayed the big five for keeping silent on policy views of their governments and pointed out that it would be difficult to reach any decisions without knowing the attitude on the Palestine situation on

PICKET LINE VIOLENCE FLARES

State Police Sent To Detroit After Violence In Picket Line

By CYRIL LINDROTH
INS Staff Correspondent

DETROIT, May 17—State police were ordered to Detroit today as four persons were injured in picket line violence in the sixth day of the UAW-CIO strike against the Chrysler corporation.

Gov Kim Sigler sent special squads into Highland Park, an autonomous municipality within the Detroit city limits, after being informed by Mayor Norman Patterson that the situation was out of hand.

State patrolmen moved into the Detroit area under the personal command of State Police Commissioner Don Leonard.

Punches Traded

The UAW-CIO clash with Highland Park police came this morning as the union broadened its third round wage drive with a threat to strike against the huge General Motors corporation.

Pickets and Highland Park police traded punches at the Oakland street entrance of the plant as office workers sought to pass through the gates.

Lt. Ivan Brown, with a squad of about 30 men, fought 500 unionists who attacked non-strikers, hurled rocks through auto windshields and slashed streetcar trolley ropes.

Four Persons Hurt

Two policemen and two pickets were injured in the fracas but the outnumbered officers attempted to make no arrests.

The fighting ended when Chrysler officials closed the plant gates. But Mayor Patterson requested state aid as a precautionary measure against new outbreaks tomorrow.

Highland Park police said they had information that a mass blockade by thousands of strikers, originally scheduled for this morning, was delayed one day to permit completion of last week's payroll.

GM Strike Threatened

State police were also alerted for possible intervention at the Dodge truck plant in Macomb county Sheriff F. Scott Burke said he had available fewer than a dozen deputies to cope with approximately 1,000 unionists massed about the plant. He said he will call in state police at the first sign of violence.

T. A. Johnstone, acting director of the UAW General Motors divisions, meanwhile, threatened to call out 225,000 GM workers in the union's all-out fight for higher wages throughout the industry.

Johnstone pointed out that the UAW's contract with GM expires on May 28, adding:

"Our members will not trespass on GM property after that date."

Ford Proposal Rejected

At the same time, relations between the auto union and the Ford Motor company, third member of the automotive big three, grew worse.

The union rejected as "ridiculous" a Ford proposal to cut wages of Ford workers to the prevailing rate of the industry. The Ford company, which pays 6 to 10 cents an hour more than its principal competitors, was asked to increase wages the equivalent of 50 cents an hour.

The union asked 30 cents from Chrysler and General Motors, but

Atomic Tests 'Successful'

By J. W. DAVIS
Associated Press Staff Writer

WASHINGTON, May 17 — The government today announced completely successful tests of three improved atomic weapons, in what was described as a "milestone in atomic development."

Secrecy cloaked all details of what may well be tremendous developments beyond the A-bomb which wrote new history in the horrors of war by wrecking Hiroshima August 6, 1945.

Today's report came from the White House after Chairman David E. Lilienthal and four other members of the Atomic Energy commission gave Mr. Truman an oral report on the recent tests. They were held at Eniwetok island, a far Pacific atoll which is the proving ground for America's No. 1 weapon.

Term Extension Okayed

The report came as the commission became more deeply tangled in political and labor troubles.

On Capitol Hill, the Republican-dominated joint committee on atomic energy approved 11 to 5 a bill to extend the terms of the five commissioners a flat 23 months. President Truman has recommended Lilienthal to a five-year term and the others to staggered terms of one to four years.

Senator McMahon (D-Conn) charged the Republican leadership with an indirect attempt "to make sure that in two years they get a chance to throw Mr. Lilienthal out."

Strike Threatened

The authors of the 23-month extender said the bill merely gives Congress time to see how the atomic program is developing before making the full term appointments.

On the labor front, a deadlock continued in efforts to eliminate the danger of strikes in atomic plants. Commission officials said they have been unable to get unions and operating companies to agree on a program they said is essential: Continuous operation.

The specific dispute now at hand, over wages and working conditions, is between the AFL Atomic Trades and Labor council at Oak Ridge, Tenn., and the Carbide and Carbon Chemicals Corp. No settlement is in sight and a strike may come June 7.

Lilienthal told reporters 10,000

Navy Base Prepares To Meet Blast From Pacific Typhoon

GUAM, May 17 (INS) — Dispatches reaching Guam today said that at least 18 natives of the island of Yap were killed when a typhoon wrecked their canoe.

The storm then roared northeastward across the central Pacific and was expected to hit within 100 miles of Guam tonight or tomorrow.

U. S. Naval installations on Guam have been battened down, and ships sailing out of Apra harbor have changed their courses to to southeast escape the typhoon's fury.

A number of Navy PBY planes took off for the Philippine islands as a precautionary measure.

Meanwhile, an Air Force weather plane went aloft to chart the course of the storm.

Yugoslav Police Accused Of Seizing Seven Fishing Boats

TRIESTE, Free Territory, May 17 (AP)—Civil police in Venezia Guilia said tonight that police of the Yugoslav occupation zone had captured seven fishing vessels with 80 persons aboard.

The Venezia Guila police said the boats were taken to Capodistria and the crews were forced to sell their catches at a low price in Yugoslav occupation lire. The police said the boats were seized last night.

The fishermen were charged with fishing in Yugoslav waters. The vessels were to be released tonight and allowed to resume fishing with a warning to their owners to keep them out of Yugoslav waters.

Three Men Missing After Pitchblende Tanks Explode

KEARNY, N. Y., May 17 (AP)—Several small tanks said to contain 30,000 gallons of pitchblende exploded tonight at the Kopper Co's tar and chemical plant and a night superintendent said at least three men still were missing.

The series of explosions, which started at about 9:50 p. m. (CST), set off a fire in the plant's two-story brick building.

One man was reported seriously injured with burns at North Hudson hospital.

There was still no official report of possible casualties.

U. S. Officials Remain Silent On Red Offer

(By The Associated Press)

WASHINGTON, May 17 — The White House and State department were silent tonight on Premier Josef Stalin's offer to negotiate a settlement with the United States, and the capital generally kept its fingers crossed.

They were waiting to see whether Stalin's remarks represent:

1. An attempt to befuddle and confuse the United States and thereby weaken its hand, or

2. A genuine change in the Russian tactics which have led to one impasse after another in international gatherings called to straighten out a war-torn world.

Connally Favorable

The atmosphere here was full of suspicion, but there was a disposition to hold the door open to see what the future might bring.

For example, Senator Connally (D-Tex), ranking Democrat on the Senate Foreign Relations committee, told a reporter:

"If Premier Stalin's proposal is a renewal of an offer to negotiate in accordance with Ambassador Smith's conversations, I feel the United States will be glad to enter into negotiations for a peaceful settlement of our differences."

Capital Intrigued

He referred to Gen. Walter Bedell Smith, U. S. ambassador to Moscow. Smith, in a recent statement to Foreign Minister Molotov, reviewed U. S. grievances against Russia and served notice that this country intends to pursue its European recovery program, but declared it has no hostile intentions toward Russia. He emphasized that there will be no surrender of American principle but said the door is always open to discussion of differences.

The Russians jumped on this as an invitation to negotiate and, with a great publicity play, accepted it. The State department backed away, saying it wanted no two-power negotiations of general issues affecting other powers.

The fact that Stalin couched his remarks in the form of a reply to an open letter from Henry A. Wallace intrigued the capital. Some said that if Stalin really wanted to sell his program of negotiations to this government he may have picked the wrong method, because

Three Shootings Probed In City

Officers were investigating an attempted suicide last night and were holding several negroes in connection with three shootings, an assault, and various other offenses.

Police said that a Mexican man, 27, had tried to hang himself with a rope about 8 o'clock last night in the 200 block of North Ave. L. He was cut down from a rafter in a small shed, apparently none the worse for his exeprience, an investigating officer reported. The Mexican told police that he had been having domestic trouble, and that he was trying to scare his wife. An officer quoted him as saying that he knew some one would save him from hanging.

Suspect Is Held

A negro man was arrested about 10:30 p. m. after he allegedly fired two shots at a woman through a window of a residence in the rear of 1601 Ave. D. The weapon, which officers brought to the police station, was a .22 caliber rifle barrel with trigger mechanism but no stock.

Both the complaintant and the accused were being questioned by police, and a charge was expected to be filed, police said.

A 19-year-old negro woman was being held after two shots from a pistol, seven and a half inches long, had been fired in the direc-

Pilot Killed Testing New 'Mystery Plane'

MOFFETT FIELD, Cal., May 27 (INS)—An especially developed "mystery plane," described as a converted P-51 Mustang, exploded in mid-air late today during a so-called "secret test flight" over northern California.

The pilot, Ryland S. Carter, 32, of San Jose, was instantly killed. His body was found more than 200 yards from the wreckage of the plane, which crashed 2½ miles west of Centerville, in Alameda county.

Carter, a former Navy flier, was acting in the role of a civilian test pilot for the Ames Aeronautical laboratory.

A few moments after the crash, officials of the company appeared at the scene and removed what they termed "secret" equipment.

Witnesses said the plane was about 1,000 feet off the ground and traveling at "tremendous speed" when it appeared to disintegrate and plummet to the ground.

Some parts of the plane were found as far as three miles away from the actual scene of the crash.

Company officials refused to comment on either the crash or what the plane was being used for.

Dr. Whyburn Hired For Position At North Carolina U.

Dr. Wm. M. Whyburn, who is resigning his position as president of Texas Technological college effective Aug. 1, Monday was named to the faculty of the University of North Carolina, according to an Associated Press dispatch to The Morning Avalanche from Raleigh, N. C., Monday night.

The story said:

"Trustees meeting here (in Raleigh) designated Dr. Whyburn as professor and head of the department of mathematics at the University at Chapel Hill. The action is effective next September."

Dr. Whyburn was out of town last night and unavailable for comment. Upon announcing his resignation from Texas Tech he had said that he was take a position with one of the nation's leading schools but had refused to announced the name until action by the school's board. It had ben reported unofficially at the time that Dr. Whyburn was going either to the University of North Carolina or Duke.

Scattered Rain Falls In Area

SCATTERED showers, ranging from light showers to an estimated three inches Sunday and early Monday, has assured South Plains farmers of minimum moisture needs for cotton planting, agriculture officials said Monday.

Measuring .41 at the station, it was the first rain for the Lubbock vicinity since April 21-22, when a total of .33 of an inch was recorded.

Some Cotton Planted

According to D. W. Sherrill, Lubbock county agent, about 25 per cent of the cotton had been planted in the county. Irrigation farmers had already planted, it was reported, and a few dry land farmers had also planted with the hope of early rainfall.

Sherrill said that some of the dry land farmers had planted cotton without enough moisture cotbring it up and keep it growing. Sunday's slowly-falling 'seed saver' was considered sufficient to start full-scale planting. However, more ideal conditions were dependent upon another rain in a week or ten days, the county agent said.

The forecast for today was partly cloudy and not much change in temperatures.

Was Very Irregular

The rainfall was "very irregular," the weather bureau station reported, and estimates of precipitation at Lubbock Army Air field, Hurlwood and Wolfforth were about three inches. Light hail fell in that vicinity.

Amount measured at Texas Technological college was .28 inch.

The Santa Fe dispatcher received an estimate that rainfall varied from one inch to three inches in vicinity of Anton and that heavy hail was received northeast of Anton. The precipitation at Plainview was about one and one-half inches.

Rainfall varied over the remainder of the South Plains.

Rainfall reports to the Santa Fe, in addition to those from Anton and Plainview, were: Texico, sprinkle; Muleshoe, 1-4 inch; Sudan, sprinkle; Amherst, sprinkle; Littlefield, 1-4; Shallowater, 1-2; Slaton, .4; Canyon, 3-4; Happy, 1-4; Tulia, 1-4 Kress, shower; Hale Center, shower; Abernathy, light sprinkle; Levelland, .2; Bledsoe, light shower; Ropesville, 1-8; Meadow, 1-8; Brownfield, 1-2;

FLIER IS KILLED

LINCOLN, Neb., May 17. (INS)—A Lincoln, Neb., flier was killed tonight in the crash of a National Guard P-51 mustang in a wheat field 13 miles south of Lincoln. The National Guard withheld name of the dead pilot pending notification of next of kin.

Soviet Leader Answers Note From Wallace

By EDDY GILMORE
Associated Press Staff Writer

MOSCOW, May 17.—Prime Minister Stalin said tonight Russia is prepared, if the United States is willing, to use Henry A. Wallace's recent "open letter" to him as the basis for a two-power agreement aimed at ending strained relations between the two nations.

Stalin's statement was dated today and issued by the Soviet press department. It replied to Wallace's proposals, made at a political rally in New York's Madison Square Garden May 11 and addressed to the Russian leader.

Peaceful Settlement Necessary

Stalin said his government considers that "despite the difference in the economic system and the ideologies, the co-existence of these systems and a peaceful settlement of differences between the USSR and the United States are not only possible, but also necessary in the interests of a general peace."

"I do not know," Stalin said, "whether the United States government approves of Mr. Wallace's program as a basis for agreement between the USSR and the United States."

"As far as the government of the USSR is concerned, it considers that Mr. Wallace's program could serve as a good and fruitful basis for such an agreement and for the development of international co-operation."

Proposals Stated

Stalin gave a concise and factual summary of the points Wallace addressed to him and the U. S. government at the New York rally. He said these proposals "are known to everybody," and listed them as:

1. A general armaments reduction and the prohibition of atomic weapons.

2. Conclusion of peace treaties with Germany and Japan, and the question of evacuating troops from these countries.

3. Evacuation of troops from China and Korea.

4. Respect for the sovereignty of individual countries and non-interference in their domestic af-

Stocks Boosted By Late Buying

NEW YORK, May 17 (AP)—The bull market in stocks recovered from an early stumble today to make a strong finish.

Early cashing of profits depressed leading shares until new buying orders poured in during the final hour.

This late support turned many losses into narrow gains and sent average prices to their highest since August, 1946.

Broadest On Record

Of the day's total of 3,050,000 shares traded, 960,000 shares changed hands in the last 60 minutes. The market was the broadest on record, transfers in 1,161 issues exceeding the high of 1,151 set last Friday.

Some of the railroad stocks joined in the late upsurge, following news that wage negotiations in the dispute that led to government seizure would be resumed tomorrow.

Gains of $1 to $2 a share were made by Southern Pacific at $60, Lockheed at $23, Owens-Illinois at $64, Philip Morris at $29.50 and U. S. Gypsum at $106.

Bill To Control Used Car Prices Offered In Louisiana

BATON ROUGE, La., May 17 (AP)—It will be a misdemeanor in Louisiana to sell a used automobile for more than the price of a corresponding new car, if the legislature passes a bill introduced today.

Rep. Dudley Seamans of West Carroll Parish introduced the measure.

Stassen, Dewey Climax Oregon Campaign

Top GOP Hopefuls Debate Communism

By B. L. LIVINGSTONE
Associated Press Staff Writer

PORTLAND, Ore., May 17—Republican presidential aspirants Thomas E. Dewey and Harold E. Stassen met over the radio tonight to debate their clashing views on outlawing of the Communist party in the United States.

Before a studio audience limited to reporters and cameramen, Dewey hammered on his theme that Communism should be kept in the open and that to drive it underground only enabled it to grow in power.

"You cannot shoot an idea with a law," he asserted.

Stop Coddling Reds

On the affirmative, Stassen called for a stop to "coddling" Communists, and enactment of laws to deny them the "blessing of legality" under which they are permitted to gain power.

Both grimly serious, they sought to drive home their arguments in a campaign highlight to Oregon's unprecedented Republican presidential primary.

They clashed sharply over the Mundt bill, now before Congress.

Stassen held that it would outlaw the Communist party, Dewey that it would not.

Mundt Bill Discussed

"If Mr. Dewey," Stassen concluded, "will agree to support the Mundt bill unequivocally, then I will agree we are in complete union on this issue."

But Gov. Dewey, in his rebuttal, answered:

"I gather from Mr. Stassen that he has completely surrendered. The

New Rail Talks Scheduled Today

WASHINGTON, May 17 (AP) — The White House arranged today for new meetings tomorrow between railroad operators and workers who threatened a strike last week.

The meetings will be held just one day ahead of a court hearing on whether to extend the injunction which barely headed off a walkout of three unions last Tuesday after government seizure of the lines. The hearing will be held before Federal Judge T. Alan Goldsborough.

Some management and labor officials recently and privately have been predicting a pay settlement but there was no open indication whether agreement was near.

Steelman Arranged Meeting

Charles G. Ross, presidential press secretary, told reporters that the sessions had been arranged at the suggestion of John R. Steelman, presidential aide, "in an effort to reach an agreement under which the government can turn the railroads back to private management."

Technically the railroads are being run by the Army under government seizure, though actually the details of management are being carried out by the private operators.

The disputing unions are the Brotherhoods of Locomotive Engineers, headed by Alvanley Johnston; Locomotive Firemen and Enginemen, headed by D. B. Robertson; and Switchmen, headed by A. J. Glover.

JURY IS DEADLOCKED

NEW ORLEANS, May 17. (AP)—A federal court jury was locked up for the third straight night, still deadlocked in its deliberations on the jury tampering case of Former Gov. James Noe and three co-defendants. The jury was locked up at 8:45 p. m. (CST). And it was announced that the court would reconvene at 9:30 a. m. tomorrow. The case of the four Louisianans had been considered for more than 58 hours when the recess was called tonight.

Clues Are Sought In $124,000 Burglary

LE MARS, Ia., May 17 (INS)—Clues were sought today in the theft of a safe containing more than $124,000 in thousand-dollar-bills from Herman Schultz, 75-year-old millionaire farmer-philanthropist.

Plymouth County Sheriff Frank Scholer said Schultz reported the safe taken from his home either Friday or Saturday although he had not noticed it missing until yesterday.

Schultz, a bachelor, recently gave 12 farms to relatives and announced he would give away 25 more in northwest Iowa and South Dakota.

The sheriff reported that a safe in another room of the wealthy farmer's stucco bungalow, containing $86,000 was untouched, and that he ordered Schultz to put the money in a bank.

NAVY MAY GET LARGEST SHIP

House Group Approves Plan To Build Super Aircraft Carrier

By JACK RUTLEDGE
Associated Press Staff Writer

WASHINGTON, May 17 — A House committee which previously approved an Air Force it hopes will be the world's most powerful today cleared the way for the Navy to build the largest ship ever launched.

The Air Force bill eventually was passed by both House and Senate and waits only President Truman's signature.

The measure approved unanimously by the House Armed Services subcommittee today would enable the Navy to get started on a 65,000 ton aircraft carrier almost half again the size of present ships of that type.

Four Years To Construct

Navy authorities said the supercarrier would cost about $124,000,000. Construction will take four years, although this could be shortened in an emergency.

The carrier would be about 10 feet longer than the Normandie, former French luxury liner. It would have a water line length of 1,030 feet, but counting its flight deck overhang it would be 1,090 feet.

Presumably, multiple-engine bombers capable of carrying an

YANK WRITES MOSCOW MAYOR

AWOL Sergeant Avows Intent To Stay In Russia 'As Protest'

(By The Associated Press)

LONDON, Tuesday, May 18 — Moscow radio said today Sgt. James M. McMillin of the U. S. Army has told the mayor of Mos-

(See Story Page 11, Sec. 1)

cow he intends to stay in Russia "as a protest against the anti-Soviet policies of the capitalists who at present rule America."

The broadcast said the 21-year-old sergeant put his reasons for refusing to go home in a letter to the Moscow mayor and Ambassador Walter B. Smith.

The State department in Washington announced Sunday night that McMillin, absent without leave since Friday from his post in the military attache's office of the embassy in Moscow, had obviously been "seduced and exploited by an experienced Soviet woman agent."

The spokesman described Sgt. McMillin as "a young and inexperienced American."

The Moscow radio quoted McMillin's letter as saying:

"Living in the United States, I did not think there existed a system of government such as exists here in the Soviet Union, in which the common man is looked after

Indonesian Stops To See Palomar 'Eye'

Scientist Says Future Earth Man May See Starless Skies

By PAUL F. ELLIS
United Press Staff Correspondent

NEW YORK, May 17—In the far off future the earth man will see no stars for the simple reason there won't be any within his ken.

Furthermore, Dr. E. A. Kreiken, famous Dutch astronomer, also said today that the time is coming when the galaxy in which Earth is located, may be isolated from all other galaxies in the universe.

The reason for that, according to Dr. Kreiken, is because the universe is expanding; that the galaxies are racing away from our own galaxy. Dr. Kreiken, president-curator of the College of Indonesia at Batavia, has been visiting America's colleges and scientific centers.

Stopped To See Scope

He stopped off at Palomar, Cal., where the world's largest telescope is about to be put into use.

In an interview, the talk turned toward Palomar and what the 200-inch mirror will record.

Dr. Kreiken said he believed the "big eye" will prove the theory that the universe is expanding, and that the galaxies — other than our own — are moving away at a rate of about 25,000 miles a second.

"The farther they recede," he said, "the greater the speed, and eventually they will be traveling at the speed of light—186,000 miles a second."

Some day, he said, they will pass beyond the horizon and will no longer be visible to man on Earth. As it is now, he said, earth man can see only the stars in his own galaxy, and a few faint ones in the galaxy known as Andromeda which is about 500,000 light years away.

"Our own galaxy is moving, too, but not as rapidly as the others," he said. "The stars in our galaxy will gradually fade out of sight. Then the nights on Earth will be dark, except for the moon."

Dr. Kreiken said it has been estimated that 200,000,000 galaxies, each containing millions of stars, have been sighted, and that with the new telescope eight times that many—or about 1,600,000,000—will probably be brought into focus.

He said he doubted that science will be able to determine whether galaxies have world's similar to our own. Dr. Kreiken said that some scientists believe the universe has been expanding for 10,000,000,000 years, and others estimate the time to be many times that.

"There are some who believe it may have started from a pin-point size," he said, "and that eventually it will return to zero."

But the starless nights are a long way off, he said.

"Probably billions and billions of years," he said. "No cause for us modern star gazers to worry."

5-Yr. Victim Of Gassy Stomach

"For 5 years I suffered from gas swelling and bloat," says a well-known citizen: "My meals just laid in my stomach and turned to gas Had dizzy attacks from this condition. I tried many medicines, but they never had any effect on me, but finally I found INNER-AID. It cleared out all my gas. Now I can eat without misery afterward This is the only medicine that ever helped me."

INNER-AID is the new formula of 12 juices from Nature's Plants. It has relieved many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food, thus eliminating the poisons that foster stomach trouble. It will cleanse the bowels, clear gas from stomach, enliven liver and remove old bile from the system. So don't go on suffering! Get INNER-AID. Sold by all drug stores. Adv.

Steel Jumping-Jack Newest Improvement For Well Drilling

By HOWARD W. BLAKESLEE
Associated Press Staff Writer

TULSA, Okla., May 17 — The "rabbit," a steel jumping-jack that takes off from the bottom of an oil well, is going to give the motorist much of his gasoline in the future.

The rabbit is a new kind of oil well pump, exhibited at the International Petroleum exposition here. It has been perfected after several years work by the National Supply Co., of Pittsburgh, the Hughes Tool Co. of Houston and the Taylor Instrument co. of Rochester, N. Y.

Much of the nation's oil has to be pumped. More and more of it is at the bottom of wells getting too deep for the usual pumps. Wells now go down three miles with four miles in prospect, and the rabbit is expected to be able to go to any depth.

This mechanical animal is a steel cylinder, with a hole down the center and right through the bottom. As seen in a big glass model at the exposition, the rabbit drops down a pipe, which has a larger pipe all around it.

As he goes down, the rabbit's bottom is closed and the force of his landing opens this closure. Oil flows up through the rabbit, pouring out of his head. It fills the pipe with quite a slug. In a real oil well, this slug is from one to six barrels.

The bottom valve closes and then this automaton suddenly starts upward, with no visible explanation. He leaps with about the speed of a scared jack-rabbit and this gave him his name. He keeps going up, at a fair automobile rate of speed, pushing the oil to the top of the well.

The invisible motive force is gas. This is pumped under pressure down the pipe enclosing the rabbit's runway. It it timed to flow underneath his seat when his bottom valve closes. The gas pressure chases him to the top. The timing controls are automatic and were made by the Taylor company.

The rabbit comes down by gravity and fast. But there is enough gas in the tube to cushion his landing against damage. The pushing gas is caught at the top and used endlessly. The gas naturally present in the well, not enough to raise oil, is also used to boost the rabbit.

One rabbit well is producing at 9,700 feet. Another is being fitted for two miles. Present rabbits can deliver up to 600 barrels a day.

Water Hauling Begins To Families In Three Counties

SAN ANTONIO, May 17 (AP) — Hauling of water was started today to families in the drouth areas of southwest Bexar county and Atascosa and Medina counties.

Two hundred families in this county and 500 in adjoining Atascosa and Medina counties are dependent upon water from Medina canal which has been cut to a trickle because of the low level of Lake Medina.

The early Greeks had a custom in which merchants threw down a glove before customers as a symbol of their honesty in trading.

Says Man Has Strange Powers That Work While He Sleeps

A strange man in Los Angeles, known as "The Voice of Two Worlds," reveals the story of a remarkable system that often leads to improvement in power of mind, achievement of brilliant business and professional success and new happiness. Many report improvement in health. Others tell of increased bodily strength, magnetic personality, courage and poise.

The man, a well-known explorer and geographer, tells how he found these strange methods in far-off and mysterious Tibet, often called the land of miracles by the few travelers permitted to visit it. He discloses how he learned rare wisdom and long hidden practises closely guarded for three thousand years by the sages, which enabled many to perform amazing feats. He maintains that these immense powers are latent in all of us, and that methods for using them are now simplified so that they can be used by almost any person with ordinary intelligence.

He maintains that man, instead of being limited by a one-man-power-mind, has within him the mind-power of a thousand men or more as well as the energy-power of the universe which can be used in his daily affairs. He states that this sleeping giant of mind-power, when awakened, can make man capable of surprising accomplishments, from the prolonging of youth to success in many fields. Strangely, he says that this power works best while we sleep, when proper methods are used.

The author states the time has come for this long-hidden system to be disclosed to the Western world, and offers to send his amazing 9000-word treatise which reveals many startling results—to readers of this paper, free of cost or obligation. For your free copy, address the Institute of Mentalphysics, 213 South Hobart Blvd., Dept. 191-G, Los Angeles 4, Calif. Readers are urged to write promptly, as only a limited number of the free treatises have been printed. —Adv.

"What this country amounts to depends on what happens to its homes."... That's why the life insurance companies and their agents are bringing you this series of messages from the nation's foremost authorities, to help you plan for happiness in the handling of your family money. (This is Message No. 36.)

"Remember, dear—

HAPPINESS doesn't just happen!"

It takes sense as well as sentiment to make a marriage tick!

"BECAUSE you're in love, dear, you just *know* that you will be happy. I felt the same way when I married your father. But our happiness didn't just *happen*. It took work and planning—and more unselfishness than anything else in my life. The more you give to your marriage, the more you'll get. It's as simple as that!"

Perhaps the most important step for a married couple is to set their *goals*. Now that you're pulling together as a team, in what direction do you want to go? Do you want to have a nice home . . . children . . . travel . . .? *Talk it over*. Decide what you want *soon*—and what you want in the long run. Then set out to get these things, through planning and saving . . . and loving cooperation. That's how dreams come true!

Who should be the boss?—Nobody should! Certain jobs will naturally fall to the wife; others to the husband. Where there's doubt, talk it over, and then decide what's fair. There should be no nagging about how the other does his or her work. Whenever new problems come up, or if big decisions must be made—always work them out *together*. "Bossing" is bad for any marriage.

"You see, darling, it's really all up to you!"

Who will handle the money?—That's important; thousands of marriages fail on money problems alone. Usually the cause isn't too little money—it's poor money *management*.

And that brings us right back to having definite goals. When you know what you want . . . and are saving for it . . . there's far less confusion over who should spend what.

Expect the unexpected! Every family should prepare for the rainy days that come in everyone's life . . . and the sunny days, too. Then, when the time comes, you'll be ready to face any unexpected problem . . . to take advantage of any long-hoped-for opportunity! Your marriage is sure to be *different* from what you thought it would be. But whether it will be *better* than you expected—that's up to you!

"That's how dreams come true . . ."

How to PLAN for Family Happiness

● Happiness in marriage depends a great deal on sound money planning. You'll be more likely to have enough money on hand when you need it, if you'll follow these few simple rules:

FOR TODAY . . . The first thing, for most families, is to take care of the larger fixed items such as rent, taxes, insurance, mortgage and installment payments, etc. So start by adding up all your fixed items for the year, divide by 52, and set aside that amount weekly.

Also every family should have a "rainy day" fund equal to at least four weeks' income. Set aside a little every week until you have that much. Then you'll know how much you can spend for food, clothing, heat, light, amusements, and so forth.

FOR TOMORROW . . . We live in a changing world. Family needs and circumstances change . . . living costs . . . taxes. If you have not had your life insurance program reviewed lately, the chances are 2 to 1 that it should be brought up to date.

There are so many ways in which you can use your life insurance, that you should have the life insurance you now own checked to see if it is suited to your needs. This is a service that comes with your life insurance.

The person best equipped to help you with this is the well-trained life insurance agent. Get in touch with your agent, or write your life insurance company. INSTITUTE OF LIFE INSURANCE, 60 East 42nd Street, New York 17, N. Y.

THE LIFE INSURANCE COMPANIES AND THEIR AGENTS

'BALANCED' FORCE IS URGED

Army Undersecretary Calls For Expansion Of Global Defenses

SAN FRANCISCO, May 17 (INS) —Under Secretary of the Army William H. Draper Jr., today urged immediate expansion of America's global defenses to provide the strength to seize air bases from which U. S. bombers "could carry the war decisively to the enemy" if a conflict breaks out.

In a speech before a San Francisco world trade institute, Gen. Draper, who recently headed an economic mission to the Far East, also advocated an American-led recovery program for Japan to enable that country to "contribute to the world's prosperity and well-being."

Responsibilities Pointed Out

Pointing to America's far-flung responsibilities in both hemispheres, Gen. Draper voiced a new plea for congressional enactment of the revived draft, universal military training and a vastly expanded air force.

He urged a "balanced" defense setup in which all armed services would be greatly strengthened both in manpower and equipment. Draper declared:

"Peace can best be kept if we are strong. We need at least the forces to keep attacks, if they should come, away from our own shores.

"We must deny to any potential enemy any foothold or any base on or near the American continent, and if war should come we must be ready to seize and hold air bases perhaps far from our shores but so located that our bombers could carry the war decisively to the enemy. . .

Demobilized Too Soon

"A balanced force—with trained and organized manpower far greater than we have today—alone can instill the respect that will best maintain the peace . . . three years ago we had greater military strength than any other nation. We thought real peace had come. We demobilized too soon.

"Until the day that America has again achieved a military strength which the world respects —and the sinews of strength lie in a balanced force; air, sea and ground, with adequate trained manpower—her task of establishing peace will be subject to the discouragement and interference and danger which weakness invites."

Draper termed America's present strength "slight indeed." He cited as an example the fact that the U. S. is occupying areas totaling 300,000 square miles with populations aggregating about 140,000,000, yet has only seven Army divisions abroad—"all well below strength."

JUNGLE RESCUE, THE HARD WAY—Sgt. Kenneth E. Wilson, Savannah, Mo., clings to a branch of a pine tree after parachuting into the swamplands during a "pararescue" and survival maneuver staged by the Air Forces' 5th Rescue Squadron near Immokalee, Fla. After disentangling himself, the Sgt. and 32 others lived on snakes, roots and leaves for three days. (AP Wirephoto).

Field Is Narrowed In Race For New Mexico Governor's Post

SANTA FE, N. M., May 17 (INS) —The field was narrowed in New Mexico's race for the Democratic nomination for governor today by withdrawal of Lloyd N. Bloodworth of Ruidoso.

Bloodworth, outspoken political foe of Thomas J. Mabry, the incumbent, dropped out of the primary campaign after an Albuquerque attorney, Quincy Adams, threatened legal action to challenge his residential qualifications.

State political observers believed the development would strengthen the position of Gene Allison, who, with Ralph Gallegos, will challenge Mabry for the Democratic nomination.

Injured Union Boss Is Returned Home

DETROIT, May 17 (AP)—Walter Reuther was back home today from nearly a month in a hospital after surviving an apparent attempt on his life.

The red haired president of the CIO United Auto workers, who came home Sunday with a police escort, seemed his characteristic self except for his injury.

"And that can't be soon enough," he remarked in asserting he'd be back on his union job whenever his doctors permitted.

His maimed right arm, which a shotgun blast nearly tore from his body the night of April 20, was in a cast extending over the upper half of his body.

Doctors said he would be confined at home several weeks and that it might be ten months before the extent of the nerve injury to his arm could be determined.

Two Trainmen Killed When Locomotive Falls Into River

EAST STROUDSBURG, Pa., May 17 (AP)—Wrecking crews searched today for the body of the second of two railroad men killed when a Delaware Lackawanna and Western railroad locomotive, tender and baggage car plunged into the Delaware river.

Workmen removed the body of Engineer Albert Ingetti of the Bronx, N. Y., late yesterday but feared his fireman, David Krushinski, of Jersey City, may have been swept out of the submerged car by the current.

The train, which normally runs once a week to carry Sunday paper from New York to Buffalo, N. Y., had left Hoboken, N. J., a short time before the accident occurred just before midnight Saturday.

The locomotive dragged the tender and baggage car behind it but the seven remaining cars, including four passenger coaches and a sleeper, remained on the track and coasted to a stop about 200 yards beyond the wreck. A railroad spokesman said no one was injured on the remainder of the train.

COLLEGE OFFICIAL QUITS

GALESBURG, Ill., May 17 (INS)—The sudden resignation of Dr. Lydon O. Brown as president of Knox college was announced today. Dr. Brown did not accompany his resignation with an explanation, or announcement for future plans. He was a partner in a firm of market analysts and had been a professor at Northwestern university from 1930 to 1943 before coming to Knox as college president.

LOOK MOTHERS!

You will like the savings and convenience offered by Hygeia Water coupon books. Simply tear off the coupon, stick it on the empty bottle, Dial 5075 (fifty-seventy five) and be on your way. Don't stay home to wait for the Hygeia Water Wagon. You and your Children will like Hygeia better because it's different!

See it Now! General Electric's new

ALL-AUTOMATIC Washer!

Completely automatic! You set the controls only once! All by itself, this washer soaks—washes—rinses—damp-dries—shuts off! Cleans itself out! Empties or saves rinse water for next soaking or washing!

Here's a washer so worksaving, so timesaving, so [illegible] you'll hardly believe your eyes!

General Electric's new ALL-AUTOMATIC Washer really lets you say good-by to washday worries—does *all* the hard work *for you*.

It's powered by the General Electric "Sealed-in-Oil" driving mechanism. No oiling ever needed! So dependable, that we give you a WRITTEN 5-YEAR Protection Plan. (Read it below!)

If *you* want to take washday right off your calendar, see this newest G-E marvel at your General Electric retailer's, now! General Electric Company, Bridgeport 2, Conn.

ALL-AUTOMATIC WASHER

Automatic Soak! Your clothes get a preliminary soaking with "Activator* action." Then, *automatically*, soak water is emptied—wash water comes in, mixed to temperature you've selected. Flows through soap dispenser. (The automatic soak is optional.)

Automatic "Filter-skim" Action! All through the soaking, washing, rinsing operations, water recirculates *through a filter*. Dirt and scum are constantly *skimmed away*. The result: You never saw clothes so heavenly *clean*. And it's *all-automatic!*

Automatic "Spin Drying"! General Electric's high speed spin gets clothes drier than *ever before possible*. Not a drop of water can be wrung out by hand. Nearly anything you can wash in the machine—linens, shirts, dresses, children's clothes—will come out *dry enough to iron!*

Automatic Operation to Suit YOU! You won't find a more adaptable washer anywhere! *Start* the G-E soaking, washing, drying cycle anywhere you wish. Or repeat any part of it (if clothes need an extra wash). You can change dial settings at any time!

*Trade-mark Reg. U. S. Pat. Off.

WRITTEN 5-YEAR PROTECTION PLAN

So sure are we of this washer's long life and dependability that with each washer is a *written 5-year Protection Plan*, consisting of a one-year warranty on the entire washer, and additional 4-year protection on the "Sealed-in-Oil" driving mechanism.

MORE new General Electric features— to make this "the washer you've wanted"!

Portable. Doesn't have to be bolted down. Can be moved.

Top opening. No stooping or bending.

Quiet-Running. No bothersome "motor rumble" to disturb you.

Selective wash water temperatures. You can select either Hot (130°F.), Medium (115°F.) or Warm (100°F.) water for the wash cycle.

Saves rinse water. *Automatically*, rinse water is saved for next rinse or wash. Or, if you prefer, it can be emptied with a flick of a control.

ASK FOR A DEMONSTRATION AT YOUR GENERAL ELECTRIC RETAILER'S, TODAY!

HOME GARDENS

AND HOW does your garden grow?

We don't know how many Lubbockites have dug up space in their back yard this year for vegetable plots but the U. S. Department of Agriculture says that 20,000,000 gardens should be planted this year, if we are to meet our pledges for food shipments abroad.

During peak garden periods, it is estimated that 42 per cent of all fresh vegetables consumed in the United States came from Victory gardens. During the war years, 6,520,000 tons of vegetables were produced at a value totaling $926,000,000, if you figure the produce at seven cents per pound.

According to Charles Brannan, assistant secretary of agriculture, the task of America in helping to provide enough food—at the right place and at the right time—is too big to be done by any small group. Everyone must contribute. For those who can grow a garden, there is no better way.

• • •

SPEAKING of vegetables, a study of urban familes in 1942 showed that city folks ate twice as much tomatoes and citrus fruits as farm families; one and one-half times as much meat, poultry and fish and more green and yellow vegetables.

The survey also showed that they used only about two-thirds of the quantities of milk, sugars and sweets, grain products, dry beans, peas and nuts that farm families used. They consumed even smaller proportions of potatoes, fats and oils and eggs.

What has happened to diets of city families in the past six years since the Department of Agriculture conducted this survey will be revealed in a new survey just getting underway in 70 cities throughout the country. One purpose of the survey is to get material for developing programs to expand the consumption and improve the nutrition of consumers.

• • •

OVERLOOKED — When you consider that most brides-to-be are pretty excited and terribly busy in the last few days before the trip to the altar, we wonder why this hasn't happened before. And if the young woman had been filling in one of our Information Please wedding blanks, the omission wouldn't have happened, because we tried to remember everything when we had those papers printed.

One of our recent wedding reports from out of town contained complete details of everything about the bride and her attendants and the bridegroom's best man and ushers, the reception, the honeymoon and where the young couple planned to live. Everything was included in the write-up all right, except the name of the bridegroom!

A telephone call to the bride-to-be's home soon put us straight on the matter.

• • •

LAST SUMMER'S DRESS

THE dress you thought too long last summer may be still too short for the current style, but there are ways of making it longer and more stylish, too.

If you study the styles in newspaper ads and fashion magazine, advises a clothing specialist, you'll be surprised to see how many ways you can make last summer's dress look like new.

A skirt can be lengthened from two to six inches by using one or more bands of eyelet embroidered pique.

Bands of contrasting color, bias plaids or striped material will not only lengthen the skirt, but bring life and color to a discarded dress. A yoke added to the top of the skirt is a good way to get the "new look" in length and hip style, too, says the specialist.

A bias fold or a "petticoat ruffle" added to the bottom of a full skirt can add two inches and fit in the current styles as well.

• • •

SPEAKING of skirt lengths, there's no definite rule for all women to follow. Many stylists say from 11 to 13 inches is within the fashion, but the tall, slender woman might wear her skirt 13 and one-half inches while ten and one-half inches from the floor might be more becoming to the very short woman and yet both be fashionably correct.

Speaking of skirts, we believe from experience that a skirt is too long, no matter what fashion decrees, if it drags on the floor when you are seated at a desk or on the bus or sweeps up the steps when you go up stairs.

• • •

OLD STANDBYS

THE SOLE claim to distinction enjoyed by certain restaurants is that they serve good food. Some of them continue in business for years and years at the same old stand. Competitors may install modernistic furnishings, flourescent lighting, carpets, juke boxes and dance floors. They prosper for a time, but never at the expense of the established places where good food is served without style in old-fashioned surroundings.

We mention this to make a point about Guy Lombardo's orchestra which produces what professional announcers call "the sweetest music this side of heaven." Leaders of competing bands call him the King of Corn and jazz fans plug their ears and shut off the radio when Lombardo tunes up.

Meanwhile Lombardo always has a spot on the air and is always booked at first class hotels. Month in and month out his recordings sell in huge volume; the total income adding up to something fancy.

His music sounds today just as it did 15 years ago. It was pleasing then and it is pleasing now.

We cannot understand why other bands do not try to imitate Lombardo. He, like the restaurants that serve good food, thrives in a rich pasture that others neglect.

Lubbockites Are In Graduating Class

In the spring graduating class of 587 students at the University of Texas, there are seven young men and women from Lubbock and surrounding territory. Commencement exercises are scheduled for May 31.

Students from Lubbock and the degrees they are seeking are: Julian Elvis Ward, jr., and Bernice Elizabeth Hurlbut, Bachelor of Arts; and Roger L. Southall, Bachelor of Journalism.

Others from the South Plains are: Diana Lallande Witherspoon of Plainview, Noble Leon Rumbo of Tahoka and Dorothy Jean Applewhite of Tahoka, Bachelor of Arts; and Winnogene Orene Hickox of Plainview, Bachelor of Science in Chemistry.

Piano Pupils Will Play Here Tonight

Recitals to be presented by piano pupils of Mrs. B. H. Meskimen will be tonight at 7:30 and 8:15 o'clock at First Baptist church auditorium.

To play in the first program will be Suzanne McCauley, Bill McCauley, Bill Trotter, Lloyd Croslin, jr., Lowell Croslin, Marilyn Campbell, Patricia Shelton, Johnie Hughes, Tim Daly, Charles Flowers, Janet Bell, Lyndall Allen, Joyce Davison, Roylene Wheeler, Sondra Read, Wanece Bownds, Carylan Shelton, Jettie Evans, Nannette Crosby, Jane Grant and Martha Key.

Those to play in the second program are: Nancy Lynne Shepherd, Hazel Harrison, Dorothy Dale Kennedy, Sybil Lea, Betty Dee Willis, June Chapman, Ann Grant, Kay Campbell, Paul Green, Roena Deitiker, Shirley Kruse and Doris Dudley.

Theta Rho Club To Attend State Rally

Lubbock Theta Rho girls club will sponsor a bake sale Saturday, May 29, at the Walgreen Drug store and will conduct a benefit forty-two party that night at 8 o'clock at the Odd Fellows hall for the purpose of raising money for a trip to a state rally June 4-5 in Longview. The Lubbock group will be in charge of a program at the meeting. Tickets to the forty-two party are 50 cents.

Twenty-three members of the club went to Littlefield Saturday night to organize a Theta Rho club there. Thirty-eight girls became charter members of the organization. Others attending were Mrs. Edith Wilson, state Theta Rho advisor, Mrs. G. W. Blair, local advisor, and Mrs. M. J. Wilson, local sponsor.

Book Club Speaker To Be Mrs. Brewer

Mrs. Ben F. Brewer will discuss the book, "The Wind That Shakes the Barley," (Barke) for Book-of-the Month club Wednesday afternoon at 3 o'clock in the home of Mrs. Groves Denman, 2615 Twenty-second.

Other hostesses are to be Mrs. Charles H. Read and Mrs. Milton Jones.

LEAVE FOR SUMMER

Dr. and Mrs. Clifford B. Jones, 3501 Nineteenth, are leaving today for their home at Chipita Park, Colo., to spend the summer.

Women's Auxiliaries, Societies, Councils Meet Monday For Lessons, Book Reviews

Circle and group meetings were held Monday by Women's auxiliaries, councils and societies. Bible and mission lessons and discussions of books were presented in program form.

At a program meeting of St. Paul's Episcopal Woman's auxiliary held Monday at Seaman hall, the group disbanded until September. Mrs. Claude E. Canterbury brought a devotion and Rev. Canterbury spoke on the subject, "What the Christian Family Faces."

St. Cecelia's Guild served refreshments. Business of the year was concluded by the 20 members attending.

PLAINVIEW MINISTER REVIEWS BOOK HERE

Theodore Dreiser's book, "The Bulwark," was reviewed Monday afternoon for First Christian Women's council by Rev. Leon England who is moving from the First Christian church of Plainview to Iowa City, Iowa, this month. Mrs. D. E. Ing introduced the speaker and announced that Mrs. R. W. Walker of Plainview who reviewed the book, "Human Destiny," for the council last month has presented that book to the group.

New members attending were Mesdames Henry Owsley, W. H. Hams, and W. D. Rogers, jr., and guests were Mrs. England and Mrs. Charles Quinby.

Circle 5, with Mrs. H. B. Daviss as social chairman, was in charge of refreshments. Fifty persons were present.

"PRAYER" STUDY IS CONCLUDED

Mrs. Fletcher Nesbitt spoke on "The Prayers of Paul" to conclude a study, "Great Prayers of the Bible," for First Methodist Woman's Society of Christian Service Monday at the church. Mrs. G. P. Callan was leader.

The 100 women who were present attended a tea in the home of Mrs. C. E. Maedgen, sr., 1811 Broadway, following the program.

METHODIST CIRCLES HAVE PROGRAMS

Circles of St. John's Methodist church met for programs on "Sisterhood."

Thirteen members of Mary Winn circle met in the home of Mrs. John H. Wilson for a program given by Mrs. Tom Gordon, assisted by Mesdames Rex Bauerlein, Joe Partain, Earl Walker and John Pearce. Mrs. Winston Brummett presented a devotion.

Mrs. O. C. Southall led a program for Maude Keith Horn circle in the home of Mrs. Lucille Smith. Mrs. Fred Button brought a devotion; 11 members attended.

Meeting at the church were nine members of Mary Louella Dunn circle. Mrs. Coleman Hasie was leader and Mrs. Frank Ford gave a devotion.

GOVERNMENT STUDENT SPEAKS FOR WOMEN

Joe Ericson, a graduate student in government at Tech, gave the second and final lesson on "Political Action Primer" for Asbury Methodist WSCS at Fellowship hall. Mrs. N. M. Lowery was in charge of the meeting.

In conclusion, the group sang "Faith of Our Fathers."

MISSIONARY IS DISCUSSED

The life of the missionary, Lula F. Whilden, was discussed by Mrs. O. D. Howard for Helen Leech circle of Calvary Baptist Women's Missionary society in the home of Mrs. J. D. Blethroade.

Seven members attended.

WOMEN, SUNBEAMS PRESENT PROGRAM

A missionary program, "Laborers Together With God," was presented for College Avenue Baptist WMS by Mrs. L. O. Crowder, assisted by three Sunbeams, Beth Payne, Betty Kathryn Snow and Roy Lynn Roberson, and by Mrs. George M. Snow and Mrs. C. D. Roberts. Mrs. W. J. Payne gave a musical reading, accompanied at the piano by Mrs. Odis Taylor. Leader was Mrs. Frank Runkles.

Fifteen women attended and Mrs. R. L. Ledbetter met with 14 Sunbeams.

BAPTIST CIRCLES MEET AT CHURCH

For Circle I of Central Baptist WMS, Mrs. J. A. Burns spoke on "Quickening of the Holy Spirit." Eight members were present.

Mrs. J. L. Birdwell taught a lesson on "Prayer" for four members of Madonna circle at the church.

BIBLE LESSONS ARE TAUGHT

Bible study lessons were taught for circles of First Baptist WMS.

Fourteen members of Annie Armstrong circle met in the home of Mrs. Paul Yancy for a lesson by Mrs. L. O. Bunton. LaRue Riddle Bryan and Ruby Hayden Parker circles met jointly at Thirty-Fourth Street chapel for a lesson presented by Mrs. J. O. Wells. Sixteen were present. A lesson from the book of Acts was taught by Mrs. W. H. Trice for 10 members of Eloise Cauthen circle who met with Mrs. Cecil Turner. Meeting with Mrs. L. E. Boren were 10 members and the teacher, Mrs. Grace Craig, of Ola Culpepper circle.

Teaching for the 13 members of Maudie Fielder circle who met with Mrs. W. A. Robinson was Mrs. Morley Jennings. At a meeting of Blanche Groves circle held in the home of Mrs. Lee White, Mrs. J. T. Meek taught a lesson. Twelve members attended. Mrs. W. C. Fry taught for 15 members of Lillie Hundley circle in the home of Mrs. J. A. Daniel. Mrs. J. Ralph Grant taught for two circles, the Lena Lair group in the home of Mrs. J. C. Gryder and the Alice Stover group in the home of Mrs. Joe Mason. Attending were 14 Lena Lair members and 19 Alice Stover members.

Ann Pettit circle met with Mrs. D. D. Moore for a lesson brought by Mrs Mack Mead. Eleven members were present. Ten members of Lucille Reagan circle met with Mrs. J. A. Goodwin for a lesson taught by Mrs. Lucy Cowan. Meeting with Mrs. W. R. Campbell were 11 members of Annie Jenkins Sallee circle. Teacher was Mrs. J. K. Miller.

The lesson for Hattie Stallings circle was taught by Mrs. J. E. Ward, Mrs. B. T. Terrell was hostess to 10 members. In the home of Mrs. Virginia Fann, eight members of Louise Stapp circle met for a lesson presented by Mrs. C. C. Davis. Mrs. Gordon L. Douglas was hostess and Mrs. R. S. Wilkinson was teacher for 10 members of Blanche Rose Walker circle.

Today's Events

LETTERS TO THE EDITOR

Readers' Forum Offers A Variety Of Suggestions

ON DELINQUENCY

Editor, The Avalanche: I read in your papers every once-in-awhile a discussion on juvenile delinquency. The way the twig is bent, the tree inclines. No one seems to realize that an idle child or person is the devil's playground. So everyone thinks by more playgrounds that is the complete answer. This is not so.

We very definitely do need a lot more diversion for our young people. Most young people need some kind of work to make spending money. Most parents are hardly able to make ends meet, so the children do not have the needed money to live like more fortunate children. The answer is work, and if necessary, government controlled work.

A busy child is usually the happiest. Work tends to create a desire to do things. By the time they are grown they have experience as well as a cultivated desire to do things. Idleness creates an insecure nature, especially in those whose parents have little.

Instead of spending money in saving the child after it has gone astray, why not do it before? Then maybe it will never be necessary to worry over delinquent children.

Yours,
Mrs. A. F. Waters,
Littlefield.

ON LEGISLATURE

Editor, The Avalanche: In a recent issue of your paper, I note an article from Rep. J. Blake Timmons, of Amarillo, regarding the redistricting of the state. This is a needed legislating duty, but first in advance of this idea would be to reduce the members of both the House and Senate.

We have entirely too much representation in both branches of our law-making bodies. We should reduce the membership of the House not less than 40 percent and that of the Senate 25 percent.

Each of these bodies is underpaid and should have more salaries. But in keeping the expense to a minimum and to secure better representatives, it is necessary to having a starting point. Let's not have more members, but fewer, and give better pay for better service.

The State of Nebraska is likely one of the best regulated states in the Union, with a one House of 43 members and doing business on business methods.

Respectfully yours,
C. L. Love,
Spur.

PHILOSOPHY UPHELD

Editor, The Avalanche: Just a few lines to the best paper in the county or state. Of course, I have not read all of them.

I am one of your citizens and am very observing. I find the old saying, "some of the people do all the work and the rest are willing for them to do it," quite true. Some of us try to raise something to eat to cut down the grocery bill, while there are some who dress up and go to bridge parties and then tell the folks who are really trying to make a garden that they just have so many engagements they just can't find the time to do likewise.

Husbands come in from work and make what little garden they try to have. Most of the women will get out in the cool of the evening and squirt a little water on it. Then there are some neighbors who will ask what we plan to do with all of the vegetables we will raise, and if we are going to give them away.

I was taught in my childhood that it was more blessed to give than to receive, but a lot of people have reversed the scripture. I also believe in doing unto others as you would have them do unto you.

A Reader.

OLD TIMER WRITES

Editor, The Avalanche: I read the piece in your paper about the first bank in Lubbock and was reminded of a Sunday morning in 1902. The chuck wagon was there and some of the boys were with it to get such few clothes as we needed to start roundup which was the first Sunday in April. We had to gather 1,000 four-year-old steers to be delivered to Portales, N. M. on April 16.

Sunday morning the men were gathered at the blacksmith shop and were pitching horseshoes. The shop belonged to Charlie Doak, now of O'Donnell. As I remember, he said he had sold the shop. He just had the lot leased, and the fellow that was buying the shop was thinking of moving it on the east side of the square. Judge Beal came along and asked if some one wanted to buy the lot. One of the men asked him what he wanted for it. He said he would take $15 for it.

I think of that every time I am in Lubbock, and the block east of it where the Penny wagon yard was, and where in the northwest corner stalls we got a dude drummer to pull the badger that Sunday morning. He left without working the town after that.

Very truly yours,
George Lightfoot,
O'Donnell.

It pays to provide fattening hogs with plenty of shade in warm weather. The shed should be high enough and open enough to permit a good draft of air during the summer months.

Senator To Nominate General Eisenhower

WASHINGTON, May 17 (U.P.) — Sen. Olin D. Johnston, D., S. C., says he is going to nominate Gen. Dwight D. Eisenhower for president at the Democratic national convention.

The senator, a leader of the Southern revolt against President Truman, said Eisenhower, "would prove acceptable to the South as he would to an overwhelming majority of the rest of the country."

It was the first time that a top flight Southern Democrat has pledged to place Eisenhower's name before the convention in Philadelphia July 12.

Johnston was asked during a radio interview (WEAM) yesterday about the statement of Democratic national chairman J. Howard McGrath that the situation in the South is a difference of opinion rather than a revolt against Mr. Truman.

Johnston said he could assure McGrath that "not one South Carolina delegate to the convention will support Harry Truman." The state will select its convention delegates Wednesday.

Funeral Will Be Conducted For Father Of Lubbock Man

Mr. and Mrs. C. A. Niemeir of 3815 Twentieth are in Halstead, Kan., where they will attend funeral services today for Mr. Niemeir's father, Mr. W. H. Niemeir, about 70, who expired at 3 a. m. Sunday morning in a Halstead hospital. Friends here indicated the probable cause of death as leukemia.

Mr. Niemeir had been at his father's bedside for a week. The elder Niemeir died after an illness of two or three months and a hospitalization period of three weeks.

Final services for Niemeir, a pioneer farmer around Dodge City and Montezuma, Kan., will be held at 2 p. m. today at Montezuma.

Information Booth Opened By Naval Reserve Recruiters

An information and publicity booth has been opened in connection with the local Naval Reserve program, including the organized division of the reserve, on the west side of the courthouse square, Lt. Marvin Hunter, who has charge of the Naval Reserve recruiting office, announced Monday.

The booth is to operated until the organized division moves into the training center on Texas Technological college campus, probably in about a month The Pre-fabricated Structures Co. lent the structure placed on the courthouse square.

Senate-House Agreement Seen On Collective Security Program

By H. K. REYNOLDS
INS Staff Correspondent

WASHINGTON, May 17—Senate-House agreement appeared in prospect today on terms of a collective security plan guaranteeing American support to European self-defense arrangements.

Rep. Chiperfield (R., Ill.), introduced in the House a compromise resolution including proposals of both Sen. Vandenberg (R-Mich.), and Ambassador Warren R. Austin, U. S. delegate to the United Nations.

Definite Plan Given

Chiperfield, ranking Republican member of the House Foreign affairs committee, endorsed Vandenberg's proposal for invoking the collective self-defense provision of the U. N. charter and suggested a declaration in more specific terms than those offered by Vandenberg.

For this purpose, Chiperfield proposed that Congress adopt a formula prepared by Austin and approved by the State department.

Under this plan, the U. S., in addition to attempts to strengthen the U. N. by liberalizing the veto and developing authority in the General Assembly, would provide for American moves in two stages:

1. "Association of the United States with such regional and other collective arrangements as are based upon self-help and mutual aid and as affect its national security."

2. "Encouragement, support, and assistance, in accordance with the purposes and principles of the charter, of these nations in their firm determination to defend their independence and liberty against aggression . . ."

Quick Action Is Sought

The Vandenberg plan, which the Senate Foreign relations committee is expected to approve on Wednesday, calls for an American contribution to the maintenance of peace by making clear its determination to "exercise the right of individual or collective self defense" under Article 51 should any armed attack occur affecting its national security.

Both versions are designed to lay the groundwork for direct American support, should such action be deemed advisable and appropriate, Western European collective defense association and other similar regional defense arrangements.

The Chiperfield proposals will be considered tomorrow by the House Foreign Affairs committee along with demands of the group headed by Rep. Judd (R. Mich.), for radical reform of the U. N. charter by eliminating the veto over use of armed forces to deal with aggression.

Chiperfield's draft placed the provision involving possible military guarantees at the tail end of a series of steps which the United States should take in efforts to make the United Nations work without resorting to new alliances, even within the terms of the charter. Chiperfield said:

"I believe there will be general agreement that our policy should be directed toward exhausting every possible resource to make the United Nations move effective through charter amendments before venturing into other fields, but we should be prepared at the same time to take whatever steps are warranted by world developments."

BODY FLOWN TO U. S.

BERLIN, May 17 (AP) — The body of Msgr. Edward J. Flanzan, founder of Nebraska's famous Boys Town, is being flown home in an Army bomber. Funeral services were conducted today in suburban Steglitz.

"It truly is a Laxative Food"

"Anyone troubled with constipation as I was, should try eating KELLOGG'S ALL-BRAN regularly. It has done me so much good!"—Mrs. Henry Witkowski, Kennywood, Pa. If your diet lacks the bulk you need for regular elimination, eat an ounce of KELLOGG'S ALL-BRAN every day in milk—and drink plenty of water. If not satisfied after ten days' trial, send empty carton to Kellogg Co., Battle Creek, Mich., and get DOUBLE YOUR MONEY BACK. Order KELLOGG'S ALL-BRAN today.

Smithsonian Pushing Search For Fossil Remains In U. S.

WASHINGTON, May 17 (U.P.) — Government fossil-hunters are getting a glimpse of what life was like on this continent 60,000,000 years ago in the "dawn age."

Further digging now under way or being planned is expected to reveal a great deal more about the kinds of animals that dwelled in this part of the world along with the dinosaurs, the Smithsonian Institution reported today.

The Smithsonian has been engaged in a country-wide fossil hunt in areas which soon will be flooded by vast reservoir projects. Co-operating in the survey are the National park service, the Bureau of Reclamation, and the Army Engineers.

Missouri Area Studied

"To date," the institution said, "there have been 94 such reconnaissance examinations in the Missouri drainage area (alone), where several locations appear highly promising for excavations."

The discovery which so far has given the Smithsonian diggers their biggest thrill was the fossil of a large soft-shelled turtle. It was found on the Big Horn river near Shoshone, Wyo.

"Remains of these creatures found in North America in the past have been quite fragmentary," the Smithsonian said. "This one, with a shell about three feet long, is in exceptionally well-preserved condition."

Soft-shelled turtles first appeared on this continent as contemporaries of the last of the dinosaurs, the Smithsonian said. There are several living species, including one that frequents the Ganges river in India.

The government scientists also have found fossils of "early horses, tapirs, and primates merely by skimming the surface of the proposed reservoir sites." The primates were distinctly related to living lemus and monkeys. The horses were small animals no bigger than a present-day dog.

These creatures lived in the "upper cretaceous" geological period. This, the Smithsonian said, was "the dawn age of most of the forms of animal life on earth today."

Here lies Joe whose life turned sour—
His wife wouldn't buy that LIGHT CRUST Flour
To make those biscuits that he loved so;
So good ol' Joe just ain't no mo'!

Oklahoma Aggie Students Pay Visit To Tech Campus Monday

A group of 22 agriculture students from Panhandle A&M college, Goodwell, Okla., made a tour of the agriculture division and its facilities at Texas Technological college Monday.

They were conducted through the Dairy Manufacturing, Plant Industry and Animal Husbandry departments by Prof. L. G. Harmon, Dr. A. W. Young and Prof. R. C. Mowery, respective department heads, who explained the function and facilities of each of their departments.

M. D. Powell, head of the Animal Husbandry department at the Oklahoma college, was in charge of the student group who returned to Goodwell Monday afternoon.

Lubbock Manager Of Employment Commission At Regional Meet

James E. Marshall, manager of the Lubbock office of the Texas Employment commission, is in Big Spring, where today through Thursday he is to attend a regional meeting of TEC managers from all parts of West Texas.

Handling of the farm problem, which this year is back with the employment commission after being handled by the department of agriculture during the war, is to be the principal topic for discussion, Marshall said before leaving.

Managers of offices throughout four districts—Amarillo, Abilene, San Angelo, and El Paso—were to attend the conference.

STATEMENTS IN PAPER PUT HER ON TO REAL MEDICINE: RETONGA

* * *

Felt So Tired And Run-Down She Hadn't Put Out A Big Washing By Herself In Over Six Years. Mrs. R. E. Hamilton Blesses Retonga For Regained Strength And Energy.

MRS. R. E. HAMILTON

"Retonga changed the whole aspect of my life," happily states Mrs. R. E. Hamilton, respected housewife who lives with her husband in their own home at 772 West 9th St., Pomona, Cal. The Hamiltons moved there from Riverside about three years ago. Mrs. Hamilton gratefully continues:

"I felt so weakened I hadn't put out a big washing by myself in over six years and I couldn't do my housework without having to lie down and rest during the day. I suffered so badly from nervous indigestion, gas on the stomach, and was so worried about my condition that I hardly ever ate dinner at all. When I forced myself to eat I would feel so miserable and bloated afterwards that it was awful.

"It's hard to believe that any medicine could give one the relief that Retonga did me. Now I can get out a whole washing without any help from anybody, and even eat dinner with great enjoyment and never fear acid indigestion. I am certainly thankful that those good people were kind enough to make statements in the papers about Retonga, for they put me on to the best medicine I ever saw. It's grand."

Retonga is intended to relieve distress due to insufficient flow of digestive juices in the stomach, loss of appetite, borderline Vitamin B-1 deficiency, and constipation. If the first bottle fails to give you gratifying relief, your money will be refunded. You get Retonga at all good drug stores.

U. S. Not Planning To Cut Down On Soviets Allowed In Nation

WASHINGTON, May 17 (U.P.)—The United States does not plan to limit in any way the number of Soviet officials allowed to enter the United States, it was learned today.

Many reasons are given by officials for not taking such action despite the severe limitations placed on the number of American officials allowed in the Soviet Union. But the chief reasons are these:

1. The Soviet Union is in a position to win hands down in any such "reprisal" game.

Soviets Cut Force

2. It would be a violation of principles long followed by the United States and to which this government is pledged by its membership in the United Nations education, scientific and cultural organization.

The Soviet Union has for some time been reducing the number of Soviet nationals assigned to duty in the United States. Most of the cuts were a result of curtailment of functions performed here after the close of the war.

The number of Soviet officials of all categories now in this country is fewer than 350 compared with 766 a year ago; 1,458 in 1946, and about 2,500 at the end of the war.

Only about 170 American officials, including dependents, are in Russia.

Moscow Blames Housing

The Soviet government always has been reluctant to let any other foreign country send large staffs to Moscow. The reason always given is the shortage of housing. Such a shortage is severe, but the United States has never succeeded in getting Soviet approval for the building of a new Embassy in Moscow even though it was prepared to supply most of the materials itself from abroad.

Officials here point out that the Russians could reduce the U. S. Embassy staff to impotency if the two countries started a campaign of cutting down the staff of the other. The United States long has felt that its embassy in Moscow was understaffed and has long pressed the Soviets to allow it to open more consulates elsewhere in the Soviet Union.

But the second reason for not taking action against the Soviet is given more importance here. The United States always has stood for the freest exchange of peoples and information among countries and is not prepared to violate that principle.

Former Tech Teacher Designs Oil Device

Robert Vail, formerly of the engineering faculty of Texas Technological college, who is now employed by the Cabot company at Pampa, is the originator of a new mechanical device, which is considered the biggest innovation in oil field pumping equipment design in the past 20 years.

The device is an equalizer bearing made of hard rubber, which, after severe tests, has proven more durable and smoother operating, by reduced shock load, than the old type metal bearing. It may be installed with six parts as compared to the traditional 26 to 35 parts for the metal bearing. Its insulation facilities have also proven superior to the metal bearing.

An evener bearing of rubber was such a revolutionary idea that three major rubber companies said it would not work before the U. S. Rubber company finally developed the bearing for Vail. Patent has been applied for.

Cabot Shops, Ins., of Pampa, for whom Vail is chief engineer, is featuring the bearing in its display of oil field pumping equipment in Tulsa at the International Oil show.

While Vail is in Tulsa this week, Mrs. Vail and children, Julia and Robert III, are visiting in the home of her parents, Mr. and Mrs. C. B. Cook, 3115 Twentieth.

Three Men Die After Cave-In Of Colorado Project Tunnel

FORT COLLINS, Colo., May 17 (AP)—Two men were killed and a third was injured fatally today in a cave-in of a reclamation project tunnel 10 miles southwest of here.

The victims were identified as Tommy Muniz, 24, of Fort Collins; George A. Teeter, 34, of Masonville, Colo., and Don Regan, 22, of Loveland, Colo. Regan died in an ambulance enroute to a hospital.

Civil Service Announces Jobs In Bureau Of Animal Husbandry

The Civil Service commission has announced that applications are being accepted by the board of examiners at the agricutural Research center at Beltsville, Md., to fill posts of poultry coordinator and veterinary coordinator.

The positions, paying $4,902 to $5,905 a year, are located in the Bureau of Animal Industry at Beltsville and throughout the nation. No written test is required, but educatjonal and experience requirements are set out.

Information and forms may be obtained from Elmer Potts, local secretary, in the postoffice building, or from regional civil service offices.

March 17 is the anniversary of the death, not the birth, of St. Patrick.

Hubbers Seize Second, Whipping Borger

Down Gassers 13-3 Under Hit Barrage

BORGER, May 17. (Special)—The Lubbock Hubbers waited until the ninth inning tonight to unleash one of the most vicious hitting attacks seen here this season battering the Borger Gassers under a 13-3 score and moving into a tie for second place with their victims.

Until that wild ninth, which was sparked by circuit clouts off the bats of Virgil Richardson and Manager Jackie Sullivan, it had been a respectable contest. Cotton Russell hurled steady ball to outpitch his opponent, Mounti King. Then the dam burst.

Richardson Homers

Sullivan led off with a double to centerfield, and Richardson poked the ball out of the pasture for two runs. Don Moore singled and promptly came home on Frank Boothe's screaming triple Frank McAlexander walked, but Charley Scarborough and Russell both flied out, Boothe scoring.

Then Jackie Wilcox came through, pounding a triple that scored McAlexander. Chick Fowler, a strikeout victim three times, doubled to bring Wilcox in and Sullivan ended the picnic with his homer.

With two down in the first inning, the result of Verdon Gilchrist's double play ball, Manager Eddie Carnett and Gordon Nell hit successive home runs.

The Hubbers picked up one run in the third when Wilcox singled, went to second on Carnett's error and scored on Sullivan's single.

Two More In Fourth

They added two more runs in the fourth with two away, when Scarborough and Russell hit consecutive home runs, duplicating Carnett and Nell.

Another run came across in the fifth, again with two out, when Richardson doubled and scored on Moore's single.

Borger evened that run in their half of the same frame. Verdon Gilchrist walked and Larry Gilchrist again hit into a twin killing. But Carnett doubled and Nell followed him with a two-bagger.

The Hubbers added insurance in the seventh when Sullivan doubled and Richardson pushed a bingle down the first base line into rightfield, Sullivan scoring.

Really Big Ninth

Then came the big ninth, the inning that assured the Hubbers of leaving town Tuesday no worse than one game out of second.

Russell hurled a good ball game, despite his generosity with walks. He fanned nine Gassers and held the powerful Borger bats quiet, except for the bothersome Carnett and Nell. The latter two men had a busy evening and accounted for all the Borger scoring.

The 18-year old Fort Worth pitcher was only in deep trouble in one inning, the eighth. He loaded the bases with runners in that frame after two were out, then induced Larry Gilchrist to fly out.

In the ninth, he struckout two men, but walked three to load the sacks again. Then the dangerous Jim McNulty popped to end the game.

Lamesa Loboes Top Dukes, 5-4

ALBUQUERQUE, May 17 (Special)—Lamesa's nine-hit attack, including six extra-base blows, gave the Loboes a narrow 5-3 triumph over the Albuquerque Dukes here tonight.

The visitors went ahead in the first frame when I. B. Palmer was safe at first on Frank Okrie's error, then went to third on Bob Murphy's single and came home on Shone's miscue.

The Dukes forged into the lead in the second stanza on safeties by Dawson and Chambers and a double by Ron Bowen, but the Lamesans counted again in the fifth on successive triples by Palmer and Murphy and iced the win in the eighth.

Bill Hays, Lobo lefthander, went the route for the victory, while Ray Machado was charged with the defeat.

The box score:

Post, Littlefield Take Oil Belt Loop Tilts

BROWNFIELD, May 17. (Special)—The strong Post baseball team nosed out the Brownfield nine in one of the best games of the Oil Belt League season Sunday, coming from behind to win 3-2.

Greer went all the way on the mound for the winners, hurling four-hit ball and never getting in deep trouble. His mates picked on Don Reeves for nine blows, tying the score in the sixth with two runs and pushing over the winning tally in the next inning.

The line score:

POST .....000 002 100—3 9 4
BROWNFIELD .....100 100 000—2 4 3
Greer and Threne; Reeves and Kelly.

LITTLEFIELD WINS EASILY

LITTLEFIELD, May 17. (Special)—The home forces had no trouble turning in a convincing 14-6 defeat of Seagraves' baseball nine in an Oil Belt League game here Sunday.

A pair of four-run frames, the fourth and seventh, sandwiching two brace of run-innings, more than offset a five-run blast in the seventh by Seagraves. Haverer hurled a four-hit game, his mates booting the ball at critical times to aid the Seagraves cause.

The line score:

SEAGRAVES .....010 000 500— 6 4 4
LITTLEFIELD .....001 432 40x—14 14 4
Courtney, Bennet and Blair; Haverer and Merkel.

EUROPEAN TENNIS RESULTS

PARIS, May 17 (AP)—Hungary knocked France out of the running for the Davis Cup, emblematic of world tennis supremacy, today as the quarter-final bracket in European Zone competition was virtually completed. Joseph Asboth clinched the victory for Hungary when he defeated France's Robert Abdesselam, 7-5, 6-1, 6-2. Belgium also reached the quarter-finals, eliminating Argentina, 3 to 2.

LOUIS VISITS HOME

DETROIT, May 17 (AP)—Joe Louis stopped briefly in his home city today en route to Pompton Lakes, N. J., to begin the final phase of training for his return bout with Jersey Joe Walcott June 23.

PGA ENFORCES STYMIE

ST. LOUIS, May 17 (AP)—To the surprise of some competitors, the stymie has been added to the natural hazards of the Norwood Hills Country club for the Professional Golf Association's 30th Annual Championship tournament starting Wednesday.

MIRACLE MAN—Connie Mack is credited with building another strong team for Philadelphia fans with his 1948 Athletics, who are leading the American League's pennant race. Shown with his board of strategy consisting of Al Simmons, left, and Earle Brucker, right, front row, and Jimmy "Skeeter" Webb, left, and Dave Keefe, right, rear row.

TRACK RECORDS ARE PROOF

Class AA Is Superior To City Conference

By WERNER RENBERG
United Press Sports Writer

DALLAS, May 17. — The first sport in which Class AA and City Conference schools competed for separate state titles is track. If they would never have been divorced, it looks like the AA schools would have taken the cake.

Of the fourteen events staged in both state meets, AA schools have better times and distances in eight. The city slickers lead in four. Two wound up in ties.

In the high hurdles, Paul Leming of Beaumont and Jack Schleuning of Brackenridge, San Antonio, skipped the sticks in the same time—14.2 seconds. That's two seconds short of the state and national record.

And Holding of Waco and Bob Thomas of Arlington Heights, Fort worth, both high jumped six feet, two inches, three inches short of the state record.

Of course, the outstanding feature of either meet was the shot putting of Darrow Hooper of North Side, Fort Worth. The 16-year-old husky youngster broke the national schoolboy record Friday morning in the preliminaries, and then went on to crack that mark in the finals Saturday night. His new record—for which national approval is being sought—stands at 59 feet, 10 1/8 inches. The best a Class AA boy could do was 55 feet, 1/2 inch. That was the distance thrown by Reed Quinn of Austin.

The City Conference has the better time in both the 100 and 220 yard dashes. Both marks were set by Gary Anderson of Brackenridge. Anderson flashed down the century in 9.8 seconds and the 220 in 21.4 seconds. Both times were just one-tenth of a second better than the AA time. But in those short ones, one-tenth of a second is a lot.

The only other event in which the City Conference was any better was in the broad jump, won by S. M. Meeks of San Antonio's Thomas Jefferson high with 21 feet, 10 inches, four inches better than the AA winner.

The AA schools had the edge in both the 440 and mile relays, the 440, 880 and mile runs, pole vault, discus and 200 yard low hurdles.

Biggest difference between the two was in the mile run won by Javier Montes of Bowie, El Paco, in 4:28.8 minutes. The best a City Conference boy could do was 4:38.9, the winning time of Norman Alsobrook of Woodrow Wilson, Dallas, Montes, however, was short of the 4:25-minute state record he himself set in he 1947t state meet.

Finances For American Olympic Team Falling Short Of Goal

CHICAGO, May 17 (INS)—Financing of the United States' Olympic contingent for the forthcoming summer games at London became more of a problem than ever today when the N.C.A.A., which pledged $150,000 to the cause, disclosed it has been able to raise only $85,000 so far.

Officials at Olympic committee headquarters in Chicago said there was no immediate cause for alarm, but added that the proposition is going to be tight all the way

The $84,939 announced by National Collegiate Athletic Association headquarters represents the contributions of 184 member colleges and universities through May 1—the moneys representing collections taken at athletic events or direct contributions from schools' athletic funds.

It was pointed out that receipts from the N.C.A.A. boxing tournament, which should net $10,000, have not yet been turned over to the Olympic people, and of course there is the N.C.A.A. outdoor track meet yet to be held. All told the body should go over $100,000, but won't approach its pledged $150,000.

Yankees And Ipdians Win Games In Boys Club Baseball Play

The Yankees of the Midget league chalked up a narrow 4-3 triumph over the Indians Monday afternoon at the Lubbock Boys club diamond, as Truman Jones turned in a two-hit hurling performance for the winners.

In the Pee-Wee loop the White Sox blasted the Tigers, 16-9.

ENTRIES JAM U. S. OPEN

NEW YORK, May 17 (INS)—The United States Golf Association announced tonight a record entry list for the U. S. Open championship at the Riviera Country club, Los Angeles, June 10, 11, and 12. The approximate number of entries is estimated at 1,440.

Braves, Phillies Move Topwards

NEW YORK, May 17 (AP)—The Boston Braves and the Philadelphia Phillies moved to within two games of the National League lead tonight.

The Braves gained their fourth straight win without a loss over Brooklyn by trampling the Dodgers, 12-3 in a night game at Ebbets Field, while the Phils trounced the New York Giants, 7-1 in a night tilt in Philadelphia.

Sain Hurls, Bats

Johnny Sain scattered nine Brooklyn hits while his mates blasted five Brook throwers for 18 including three apiece by Sain and Bob Elliott. The Braves clinched the game in the eighth with a seven run rally at the expense of Hugh Casey.

Little Blix Donnelly baffled the Giants, allowing only four hits, while the Phils clubbed Bobo Newsom and three other pitchers for 10 safeties including three singles by rookie Johnny Blatnik.

Two Games Out

The Phils and Braves are now a half game behind the second place Giants and two away from the pace-setting St. Louis Cardinals. The Braves, however, are in third place, three percentage points ahead of the Phils.

All remaining clubs in both the National and the American Leagues were idle.

BOSTON .....041 000 070—12 18 1
BROOKLYN .....101 100 000— 3 9 2
Sain and Salkeld; Palica, King (4), Hatten (5), Casey (8), Roe (8) and Edwards. LP—Palica.

NEW YORK .....001 000 000— 1 4 3
PHILADELPHIA .102 100 30x— 7 10 0
Newsom, Hartung (3), Trinkle (7), Jones (8) and Livingston; Donnelly and Padgett. Losing pitcher—Newsom.

Celtics Sign Two Ram Basketball Guards

FORT WORTH, May 17 (AP)—Guinn Phillips and Ted Nicksick, Texas Wesleyan's "Mutt and Jeff" ball handling guards the past two basketball seasons, Monday signed contracts to play with the Boston Celtics for the 1948-49 season.

Phillips, six-foot, four-inch Slidell athlete, who fought in Europe as an infantryman, was drafted by the Celtics.

Nicksick, who made the All-Boston Garden team the past season, previously planned to coach.

TOM B. CARVEY DIES

FORT WORTH, May 17 (AP)—Tom B. Carvey, 55, secretary-manager of the Fort Worth club since 1930, died of a cerebral hemorrhage in a hospital here today.

Telford Captures Publinx Mayor's Cup From Holton

Medalist Lindsey Telford copped championship honors in the Mayor's cup tourney by defeating Ken Holton, 4 and 3, in the final match Sunday afternoon at Meadowbrook Publinx course.

Telford had entered the finals by eliminating Frosty Bishop, 4 and 3, in the semifinals, while Ken Holton was ousting A. B. Holton, 2 and 1.

Clint Kirkpatrick gained the first flight crown with a 3 and 2 win over Ken Leslie, Allen Orr grabbed the second flight title from J. D. Horne, 1 up, and W. S. Moncrief defeated C. W. Nance, 1 up in 19 holes, in the third flight finals.

Hurler's Battle Seen Tonight

Two torrid pitching duels are slated tonight at Jumbo Webster field as the Thomas Jewelers battle Baldridge Bakery and Cloverlake clashes with the Bluebonnet Sunbeamers in South Plains Softball circuit tilts.

The opening tussle is a "natural." It features the hurling of the Thomas ace, G. W. Warden, against Herman Kizer of the Bakery mound staff. Warden has a no-hit, no-run game to his credit and has beaten the Bakerymen three times this season.

In the nightcap the top twirler of the loop, Jackie Neel, is slated to tangle with Cecil Hale of the Dairy nine. Cloverlake won its last game against the Sunbeamers by a score of 2-1.

The card will get underway at 8 o'clock.

Boudreau Grabs Lead In American Hitting

CHICAGO, May 17. (AP)—Manager-Shortstop Lou Boudreau of the Cleveland Indians today had vaulted into the American League batting leadership with a week's 11-point climb to .440.

That gave Boudreau a 43-point margin over runner-up Ted Williams of Boston. In third spot was the erstwhile leader, Al Zarilla of St. Louis, who plumeted 84 points to .394.

Boudreau, who collected nine hits in 19 trips last week, also led in two specialized departments—hits, with 33, and two-baggers with 10.

In the pitching department, Right-hander Allie Reynolds of New York was in front with a 5-0 record.

It is correct to wear gloves while eating and drinking at very formal teas.

Alderson Leads Westerner Nine At Plate, Hits .440

* * *

Jack Alderson, dependable center fielder, continues to pace the Lubbock Westerner nine at the plate as District 1-AA diamond competition nears the end of the schedule, with a spectacular .440 average through seven games.

Griffin, Guy Trail

The veteran Alderson has made 25 official trips to the plate and connected for 11 safeties while scoring 15 runs. His strongest challengers on the Lubbock squad are flashy Bobby (Rip) Griffin, who has an average of .407 on 11 hits in 27 trips, and First Baseman Dorrance Guy, who has chalked up a .370 on 10 safe blows in 27 times at bat.

Billy Tatum, the stocky Westerner shortstop, has compiled a gaudy .545, but has played in only four games of the conference schedule.

The Westerners, leading the District 1-AA championship race with a record of seven consecutive wins, fattened their team average to .318 last week off the hurling of Pampa's George Gamblin and Brownfield's Herman Merritt. The local schoolboys collected 21 safeties off Merritt in the Saturday afternoon tussle.

Little Denny Davidson still holds the top spot in the pitching chart, with three wins and no defeats, but Jackie Martyn, Jim Wilson and James Wilson have each tallied one victory.

Team Statistics

YANKS PLAN GAME

NEW YORK, May 17 (INS)—The New York Yankees announced a special program to celebrate Yankee Stadium's silver anniversary. On Sunday, June 13, members of the Yankees' first World Championship club of 1923 will play an inning or so against an all-star collection of players who comprised New York's ten succeeding series winners. This exhibition will precede the regularly scheduled game between the Yanks and the Cleveland Indians.

Before the Christian era, a glove was given to the purchaser of land, taking the place of title and deed to the property.

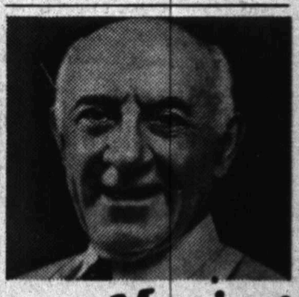

Betty White Of Dallas Sets Texas Open Pace

SAN ANTONIO, May 17 (AP)—Mrs. Bettye Mims White, Dallas, and Betsy Rawls, Austin city champion, toured the Rolling Oak Hills Country club course in two over par 76 Monday to lead a record breaking field of nearly 200 in the 18-hole qualifying round of the Women' Texas Golf association championship.

Mrs. White, the diminutive Texas Women's Open champion, and the Austin teenager shot identical cards of 38-38-76. Each slipped two strokes over par figures on the outgoing nine and then fired par-equaling 38 coming home.

Two strokes back in third place came Mrs. George Noble of Dallas with a 78, one troke in front of Mrs. Harold Weilbacher, former San Antonio city champion and Mrs. Hack Williford of Sherman. Mrs. Williford, who had been burning up the course in practice, shot a 37 on the first nine, but slipped to a 42 coming home.

Match play in all flights will get underway Tuesday morning and will continue through the week with the 36-hole finals scheduled or Saturday.

Sports Study

By Earl Scudday

Amarillo's protest of the Lubbock Westerners' stellar third sacker, Bobby (Rip) Griffin, was a surprise to Lubbock fans but was anticipated by Lubbock school officials. A local school head had learned, in a telephone conversation with one of the Panhandle city authorities, that the action was planned and forwarded the information to the Lubbock mentors and athletic department. Athletic Director C R. (Pat) Pattison and other officials immediately made a complete investigation of the case and reached the conclusion that Griffin definitely was eligible under Interscholastic league rules.

* * *

Basis for the Amarillo protest was a practice baseball game held in March between Post and Memphis, according to reliable reports, in which Griffin played "two or three innings." The Amarilloans charge that some of the players on the team received pay for the contest, which, in turn, would make Griffin ineligible. Pattison found during his investigation that no payment was authorized to any player, however, and that Griffin did not even receive his lunch at the expense of the team or any other person.

* * *

But, according to the Amarillo ans, "at least four players on the Memphis squad have admitted that they received money for playing in the game." That statement is directly contradicted by the reports of team officials to Pattison, since the officials said that they did not pay any of the players and did not authorize any other person to pay them. So it looks as if those two statements will provide most of the "evidence" to be conidered by the District 1-AA executive committee at a special meeting in the near future.

* * *

It is not revealing a secret to report that Lubbock officials are not worried by the protest, since they feel that the actual facts in the case can result in only one decision. They have investigated the case from every angle and are convinced that Griffin and the school are in the clear.

* * *

There is one angle to the case that is unpleasant to consider, however. It seems that the district is developing the same tactics that have caused so much trouble and hard feelings in other parts of the state. There is no question on the basic issues—Pattison and the other school officials are just as strongly against the use of ineligible players as any group in the country—and certainly we have every reason to believe that Amarillo officials have the same attitude. In fact, Pattison hopes that the incident will cause mentors and school officials to go over their rosters with a searching eye to prevent any possibility of the same situation in football, basketball, track or baseball. "In the districts where I've coached there was always a close check on opponents in the eligibility matters," Pattison has remarked, "so it's somewhat surprising to me that these two incidents have come up."

* * *

Quite a few Lubbock fans have not taken such a mild view of the protest, though. Many Hub city fans, wrong though they may be, feel that the Amarillo protest is a "sour grapes" move caused by the Lubbock inquiry that resulted in the discovery of the ineligibility of an Amarillo pitcher earlier this season. As one fan remarked Monday afternoon in a local sporting goods store, "What's the matter with Amarillo? Are they just mad because they can't win everything?"

Tie Results In Skyline Shoot

C. D. Blair and Art Johnson tied for first place honors Sunday in the 16-target registered trap shoot at the Skyline Gun club, each knocking down 98 of 100 targets. A shoot-off will be held later to determine the winner.

Donald Rhoton of Keys, Okla., won the handicap with 49 of 50, followed by F. L. Baldwin of Brownfield with 48 of 50. J. O. Dudley was third with 47 of 50.

Floydadan Wins

Doubles were taken by J. O. Dudley of Floydada with 44 of 50, with Hart Shoemaker of Abilene second with 42 of 50 and Clint Keithr of Lubbock and Charles Lenau of Muleshoe tied for third with 41 of 50.

The high overall shoot, based on scores in the 16-yard trap, handicap and 25 doubles, was taken by Dudley with 188. He was followed by Rhoton with 186, Johnson with 179, Lenau with 175, Baldwin with 174, Shoemaker with 172 and Keith with 170.

Rain and wind hampered the shooters midway through the competition, but some good shooting was evidenced.

Hepburn 39th Victim Of Indianapolis Race

INDIANAPOLIS, May 17 (U.P.)—Ralph Hepburn, who had been piloting big race cars almost since the sport began, was killed in a crackup Sunday while warming up for the 1948 500-mile Indianapolis Speedway race.

Hepburn, one of the smallest drivers in the business, but as tough as they came, had stepped on the gas as he roared out of the northwest turn at 130 M.P.H.

Crashes Into Wall

His Novi special lurched into a spin and banged into an inside retaining wall. Hepburn was crushed in the cockpit. Although the 35,000 spectators didn't know it at the time, he had become the 39th fatality since the track was built and the first in this year's classic.

Dr. E. Rogers Smith, track doctor, said Hepburn died of a crushed chest and fractured skull. The $50,000 car, owned by Lou Welch of Novi, Mich., was damaged so badly Welch said he would not enter it in the race.

The 52-year-old Hepburn was certain he would win this year. He had set two track records in the many years he had raced at the Speedway, including the 134 MPH lap record which still stands. He thought he would have won last year, until he lost his car for leading a drivers' revolt.

Texas Aggies Lose Able Trainer Marty Broussard After One Year

HOUSTON, May 17 (U.P.)—Marty Broussard, Texas A. and M. college athletic trainer, resigned today to return to Louisiana State university in a similar capacity.

Athletic Director William R. Carmichael said that the resignation is effective May 20 and that no successor had been named.

Broussard had been at A. and M. for one school year. He graduated from L.S.U. in 1942 and was head trainer at the Louisiana university until he took a similar post at Florida university in 1946.

TEXAS POLOIST DIES

WEST LONG BRANCH, N. J., May 17 (AP)—Otis Wyatt Coleman, 67, onetime seven-goal indoor polo player and a leading riding instructor, died last night at Monmouth Memorial hospital.

Presbyterian Softball Nine Cops First City League Victory, 13-3

First Presbyterian church copped the opening tilt in the City Softball league Monday afternoon at Wagner park, defeating the First Christian nine, 13-3, behind the hurling of Bob Harvey.

The Salvation Army gained a loop win over the Lubbock Barber college, 10-4, in the second setto.

MICHIGAN LICKS IRISH

SOUTH BEND, IND., May 17 (INS)—The University of Michigan, paced by three shutout victories in the afternoon singles matches, today defeated the University of Notre Dame in a collegiate golf match, 17 to 13. Medalist for the day was Ed Kleffman, Notre Dame, who shot a 71 in the morning. Ken Burke posted the lowest score for Michigan with a 73.

JANIRO BOUT POSTPONED

WASHINGTON, May 17 (AP)—The scheduled 10-round fight here tonight between Beau Jack and Tony Janiro was postponed today for a week because of threatening weather.

GRIM DETERMINATION—Betty Churchill certainly is taking off around end as though she meant to score. She didn't, as the East and West girls' football teams fought to a scoreless tie Saturday at Texas Tech. It was the climax of the afternoon's intramural track meet, which was won by the Wranglers. Some of the girls show greater determination than Miss Churchill, as witness the lass just right of center in the picture. (Avalanche Staff Photo.)

RIPPEY WINS TOBOGGAN

NEW YORK, May 17 (AP)—Rippey, William G. Helis' five-year-old bay sprinter, galloped in the van all the way today to win the 55th running of the Toboggan Handicap before an opening day crowd of 29,340 fogbound customers at Belmont Park.

Holmes Is Top Slugger In National League

NEW YORK, May 17 (AP) — Tommy Holmes of the Boston Braves still leads the National League hitters at .419, but he has a new challenger in the Phillies' Johnny Blatnik, who is batting .409.

Blatnik, drafted from the Cleveland Indians farm system last fall, got a chance to play when Harry Walker, the 1947 batting king, slumped badly. He hasn't stopped yet.

Frank Gustine of Pittsburgh slipped 38 points to .393, good enough for third place.

Bill Voiselle of Boston and Harry Brecheen of St. Louis top the pitchers with perfect 4-0 record.

TEXAN IN TENNIS WIN

CHAPEL HILL, N. C., May 17 (AP)—Bernard (Tut) Bartzen, 20-year-old senior from San Angelo, Texas, and Lanky Fred Kovaleski, junior of Hamtramck, Mich., came from behind today to win the Southern Conference tennis doubles championship for the college of William and Mary.

CASUALTY AT TECH—Catherine McDonough was carried off the field in Saturday's football game between teams of East and West girls at Texas Tech. From the way she is being carried, Miss McDonough probably was injured more from the trip to the sidelines than by the scrimmage. At left, carrying suitcase, is Joe Meador, who served as team physician.

SANDERS BEATS LEVINES

Sanders Furniture, paced by the long-range slugging of Bill Fralin, pounded out a 10-4 victory over Levine's Sunday afternoon at the Waggoner park diamond Pierce was credited with the mound win.

Blatnik, Dubiel Are Prize Draft Choices

NEW YORK, May 17 (AP)—Outfielder Johnny Blatnik and Pitcher Walt Dubiel of the Philadelphia Phillies look like the prize picks of the 1945 draft crop, which was the largest in 20 years. Pitcher Bill Kennedy of the Cleveland Indians is the only other possibility.

Going into tonight's games, Blatnik was batting 409 and pressing Tommy Holmes of Boston for the National League lead.

Dubiel seems to have survived a tough luck start to earn a starting berth with the Phils.

Kennedy won 15 and lost 2 at Scranton last year. Manager Lou Boudreau used him twice on relief before he gave him a starting chance yesterday against Chicago. The 27-year-old rookie allowed only three hits before he gave way in the eighth inning.

One estimate is that the amount of salt in the world's oceans is enough to cover the United States with a layer a mile and a half deed.

NLRB Rules Anti-Union Talks Permissible At Plant Meetings

WASHINGTON, May 17 (AP)—The National Labor Relations board ruled today that an employer may require his workers to attend a meeting on company time and property and listen to anti-union speeches.

The board based its decision on the Taft-Hartley labor act. It reversed the doctrine of a 1946 case which held exactly the opposite under the Wagner labor act.

In the earlier "free speech" ruling, called the Clark Brothers Co. case, the NLRB had held that delivery of an anti-union speech at a compulsory meeting of workers violated their constitutional freedom of speech.

Clark Case Reversed

The theory was that free speech requires an exchange of ideas and the right of a listener not to listen.

However, the Taft-Hartley law now says that expression of an employer's views is not evidence of an unfair labor practice if the expression contains "no threat of reprisal or force or promise of benefits."

Today's decision reversing the Clark case was by a three-member NLRB panel composed of members John M. Houston, Abe Murdock and J. Copeland Gray. It involved the Babcock & Wilcox Co., Augusta, Ga., and the United Stone and Allied Products Workers union (CIO).

The company's superintendent made speeches against the union on four different occasions at meetings in the plant during working hours. The talks all came a few days prior to an NLRB election to determine whether the workers wanted to be represented by the union. Later on, the workers voted against the union.

Jews Claim Edge

(Continued From Page One)

drawal on Friday. Arab shells were falling into the city at that time, the dispatch said.

(Foreign correspondents in Jerusalem have been cut off from normal communications since the British withdrawal. The pooled dispatch came over facilities made available by the U. S. Navy.)

A communique from Haganah the army of Israel, said its fighters drove back Arab attacks in the Samakh area on the southern shores of the Sea of Galilee, and at Gesher, six miles south of Samakh.

Station Captured

Gesher was reported previously under enemy air bombardment and artillery fire after its defenders refused a surrender ultimatum.

North of the Sea of Galilee Haganah claimed the capture of the police station of Nebu Yusha. This is two miles east of Malikya, the town on the Lebanese border which was attacked on the first day of the proclamation of the Jewish state.

Today's air attack on Tel Aviv came just after dawn. It was aimed apparently at the port area. It was believed that only two planes—one a light or medium bomber—passed over the city.

ARABS SAY ARMIES ON MARCH TOWARD TEL AVIV

CAIRO, May 17. (AP)—Arab dispatches said today that Arab armies have penetrated northeastern Palestine in an operation which could determine the control of that fertile region. The area now is claimed by the new Jewish state of Israel.

The penetration coincides with an advance the Arab higher executive office said the Egyptian army has made in the south to within 30 miles of Tel Aviv, the temporary capital of Israel.

A Jewish commander in the Acre area said Haganah troops had swept into the ancient Arab coastal town and penned in an estimated 4,000 Arabs in the old walled city.

Abdullah Directs Arabs

They attacked, he said, from nearby Napoleon hill, a point from which Napoleon himself once tried unsuccessfully to storm Acre. The town is the key to Jewish highway communication with northern settlements.

The Haganah commander said the Jews now hold both sides of the highway through Acre. He said they slashed into new sectors today and captured them.

A dispatch from the Iraqi army sector in northern Palestine said King Abdullah of Trans-Jordan today had personally directed infantry and artillery attacks. They were said to have resulted in the capture of the Jewish settlement of Naharayim and the Gesher police post.

Troops Held Up

Abdullah took over personal command during a visit to the front.

The Gesher police post and Naharayim, a border town, have been obstacles holding up the Iraqi advance for 48 hours. They the situated only a few miles south of the Sea of Galilee.

The dispatch said 300 Jews defended the Gesher post.

Israelite Foreign Minister Moshe Shertok told reporters in Tel Aviv that the Arabs were exerting heavy pressure in the northeast and the south.

River Crossed

(Of the two operations the one in the northeast in the vicinity of the Sea of Golilee appears to be the more significant. It is taking place in Jewish-claimed territory near the borders of Syria, Lebanon and Trans-Jordan. The area is well populated and is a major source of water and hydro-electric power for Palestine.

(The Egyptian movement, on the other hand, is through an arid, sparsely settled region.)

POLAND PROTESTS EGYPTIAN BOMBING OF POLISH SHIP

CAIRO, May 17 (INS)—Poland's minister to Egypt was reported tonight to have protested to the Egyptian foreign office against the allied bombing of a Polish vessel off Tel Aviv by planes of Egypt.

The minister was said to have demanded indemnity for damage in the first "international incident" of the Palestine war involving a country not in the Middle East.

Stalin Statement

(Continued From Page One)

fairs.

5. The inadmissibility of military bases in member countries of the United Nations.

Hopes Reflected

6. World development of international trade. No discrimination within the United Nations framework in assistance to, and economic restoration of, countries which suffered in the war.

7. The defense of Democracy and ensuring the civil rights in all countries, "and so on," Stalin concluded.

"It is possible to agree or to disagree with the program of Mr. Wallace," Stalin said, "but one thing is, nevertheless, beyond doubt: There is no statesman caring for peace and co-operation among the peoples who can ignore this program, since it reflects the hopes and strivings of the peoples towards consolidation of peace, and it doubtless will have the support of millions of ordinary people."

Stalin spoke of the "inadequacy" of the recent diplomatic exchange between the two governments. On May 4, U. S. Ambassador Walter B. Smith conferred with Soviet Foreign Minister V. M. Molotov.

This talk and the exchange of notes between Smith and Molotov "go no further than declaring the desirability of settling the Soviet-American differences," Stalin said

UN Action Sought

(Continued From Page One)

the major powers.

The resolution offered by Austin, if adopted would open the way to economic and military sanctions provided for under chapter VII.

Austin also proposed that the seven Arab league states, the Arab higher committee and the state of Israel be confronted immediately with question naires as to their intent, purposes and objectives One of these questions asks the Arab governments whether they are in agreement among themselves over Palestine and what these terms are.

The council wrangled over approval of these questions, with opposition to them led by China and the Arabs. Gromyko again supported the U. S. in maintaining that the questions were clear and concise and needed no further study.

Aimed At Both Sides

Alexander Parodi, French council chairman, three times overruled Gromyko's demand for their immediate forwarding to the various groups in Palestine and adjourned the meeting to 10:30 a.m. tomorrow.

The U. S. resolution calls for an immediate cease-fire and standstill order in the Holy Land.

U. S. spokesmen were insistent in pointing out that the United States resolution is levelled at both Arabs and Jews without seeking to prejudge the guilt or merit of either party in Palestine.

Under the U. S. resolution, the Security Council's consular truce group in Jerusalem would be charged with reporting back to Lake Success on the compliance or otherwise by either party with the council's edict.

The motion proposes that the order should go into effect 36 hours after it is accepted by the council.

Giant Ship Okayed

(Continued From Page One)

atomic bomb thousands of miles could take off from its flight deck.

In order to get started on the huge ship, the subcommittee approved a Navy plan to stop work on 13 unfinished ships, diverting about $229,000,000 for the carrier and several vessels designed to launch guided missiles.

Top Leaders Approve

The nation's top military leaders all approved the super carrier project, a letter from Secretary of Defense Forrestal to Rep. Hess (R-Ohio) said. Forrestal said the President and the budge: bureau military planners also favor the project. It was formally proposed by Navy Secretary Sullivan last week.

The ships on which the Navy wants to stop work are the battleship Kentucky, the cruiser Hawaii, seven destroyers, two destroyer escorts and two submarines.

The larger ships will be converted to carry guided missiles, and the smaller ships will be "picked" so construction could be resumed later if an emergency arises.

State Police Move

(Continued From Page One)

during negotiations with Chrysler scaled down its demand to 17 cents.

UNION REJECTS SWIFT OFFER TO END STRIKE

CHICAGO, May 17 (AP)—Swift & Company tonight offered three conditions as a basis for settling the nationwide meat strike but the CIO United Packinghouse workers turned them down.

The rejection dimmed hopes for a quick settlement.

The union said it could not accept any proposal to permit company discharge of any striking employe. It did not comment on two other conditions—one involving acceptance of a nine cent wage increase offer.

Rain Welcomed

(Continued From Page One)

Seagraves, light sprinkle; Wilson, 1-4; Tahoka, light sprinkle; Idalou, one-half; Crosbyton, one-fourth; Lorenzo, shower; Floydada, shower, and Ralls, one-fourth. Rainfall at Ralls varied up to .45 inch.

Rain, hail, lightning and wind were reported in the Panhandle and South Plains. Amarillo recorded .91 inch precipitation, Pampa, at the top of the Panhandle, received only a trace, while Wichita Falls had .12 inch. Little rain fell elsewhere as the cool front which caused the rain moved across the state into northeast Texas.

Rainfall in Lubbock vicinity began about 4:30 p. m. Sunday and stopped about 1:30 a. m. today. Sunday afternoon and night rainfall brought the amount recorded at the weather station this year to 2.43 inches, still below normal. Up to May 1, the total was 2.02, or 1.37 inches below normal for the first four months of the year.

Midland Has Hail

Presidio had the highest temperature reported in Texas Monday—a reading of 100. The lowest maximum was 82 degrees at Fort Worth, Texarkana, and Tyler. Rains were scarce.

At Midland, in West Texas, there was an afternoon rainfall of .61 inches, accompanied by some hail.

Otherwise reports to the Dallas Weather bureau showed rains confined to Sunday night or before dawn Monday.

Childress had a heavy fall of 1.36 inches Sunday night. Other points recording rain included Amarillo, Pampa, Wichita Falls, Fort Worth, and Dallas.

High readings Monday included El Paso 94, Amarillo 83, Pampa 84, San Angelo 91, Midland 92, Wichita Falls 86, Dallas 84, Waco 89, Austin 91, San Antonio 92, Beaumont and Houston 91; Corpus Christi 88, Brownsville 87, Laredo 94.

TAKES ITS TIME

TACOMA, Wash. (U.P.) — An amaryllis lily bulb owned by Mrs. James Boddington is blooming this month for the first time in 50 years.

News Briefs

The rank of page will be conferred at a meeting of the Knights of Pythias tonight at 8 o'clock at 1107 Ave. K, it was announced last night. J. B. Patterson will be in charge of the meeting with Ralph Thompson in charge of the degree work.

C. N. Bird, of Matador, reported to police about midnight theft of a wheel and tire from his car in 800 block Thirteenth. It was valued at approximately $35.

Atomic Tests Made

(Continued From Page One)

men were involved in the tests at Eniwetok—military personnel, scientists, engineers and others. The date or dates are still secret, but on April 19 it had been announced that "an atomic weapon" had been tested at Eniwetok.

It was Lilienthal who today described the new tests as a milestone in atomic progress.

The official White House statement said in part:

The official White House statement said in part:

"The President today received from the United States Atomic Energy commission a report on tests of atomic weapons conducted at the commission's proving grounds at Eniwetok atoll in the Marshall islands.

"The commission reported that the tests involving three atomic weapons, each of improved design, was successful in all respects, and that the results indicate very substantial progress. The President gave general approval of commission plans for steps it proposed to initiate at once for further nuclear development, based upon information gained from the tests . . ."

There has been unofficial speculation that a guided missile with an atomic warhead was being developed. Also, the Smythe report on the wartime development of the bomb mentioned the possibility of producing radioactive poisons that might be used like poison gas.

Republicans Debate

(Continued From Page One)

Mundt bill does not outlaw the Communist party. If Mr. Stassen says that is all he wants, then he doesn't mean it when he asks that the Communist party be outlawed—because the author of the Mundt bill and the congressional committee both say it does not outlaw the party."

In concluding his original 20-minute presentation, Stassen argued:

Dewey Scores Outlawing

"To make my position very clear, I say very definitely that it does not add up to me to say that loyal, patriotic young Americans must of necessity be drafted, that their liberties must be taken away in order to make America strong in the face of the menace to peace caused by Communist organizations of the Soviet Union, but that none of the privileges and blessings of legality should be taken away from the Communist organizations themselves, which in fact are causing the menace that makes the drafting necessary."

Dewey branded the outlawing proposal immoral, in violation of the contitutional bill of rights, the method of totalitarianism itself, and a "panacea" which won't work.

House Group Praised

Dewey said that William Z. Foster, head of the American Communist party, and Stassen say the Mundt bill would outlaw the Communists.

He then quoted from the report of the House un-American Activities committee in purported refutation of Stassen's claim.

He said the House committee has been doing "a fine, solid American job. It has been doing a fine job of exposing the Communists."

The report of the committee, Dewey continued, rejected the idea of outlawing the Communist party.

He said the report gave these reasons:

1. It would drive the Communists further underground. We need to expose them.

2. Outlawing has not been effective in other countries.

3. We could not criticize other totalitarian nations for their actions if we adopt similar measures.

Meet Face To Face

"We must keep the Communists in the open, so that we can defeat them and what they stand for," Dewey said.

Stassen's view was that the Communists used the "blessing of legality" to gain power in other countries. He said outlawing Communists would not endanger civil liberties of other persons.

The two Republican presidential aspirants, who have been campaigning the crossroads and highways of Oregon, came face to face in the broadcasting studio for the first time in their exhaustive battle for Oregon's 12 GOP convention votes.

Dewey, arriving first, walked across the studio with outstretched hand as Stassen entered the room.

"Good evening, Tom," said the smiling Stassen. "We've certainly stirred up interest."

"We sure did," replied Dewey, with an equally broad smile.

"We've both seen a lot of Oregon."

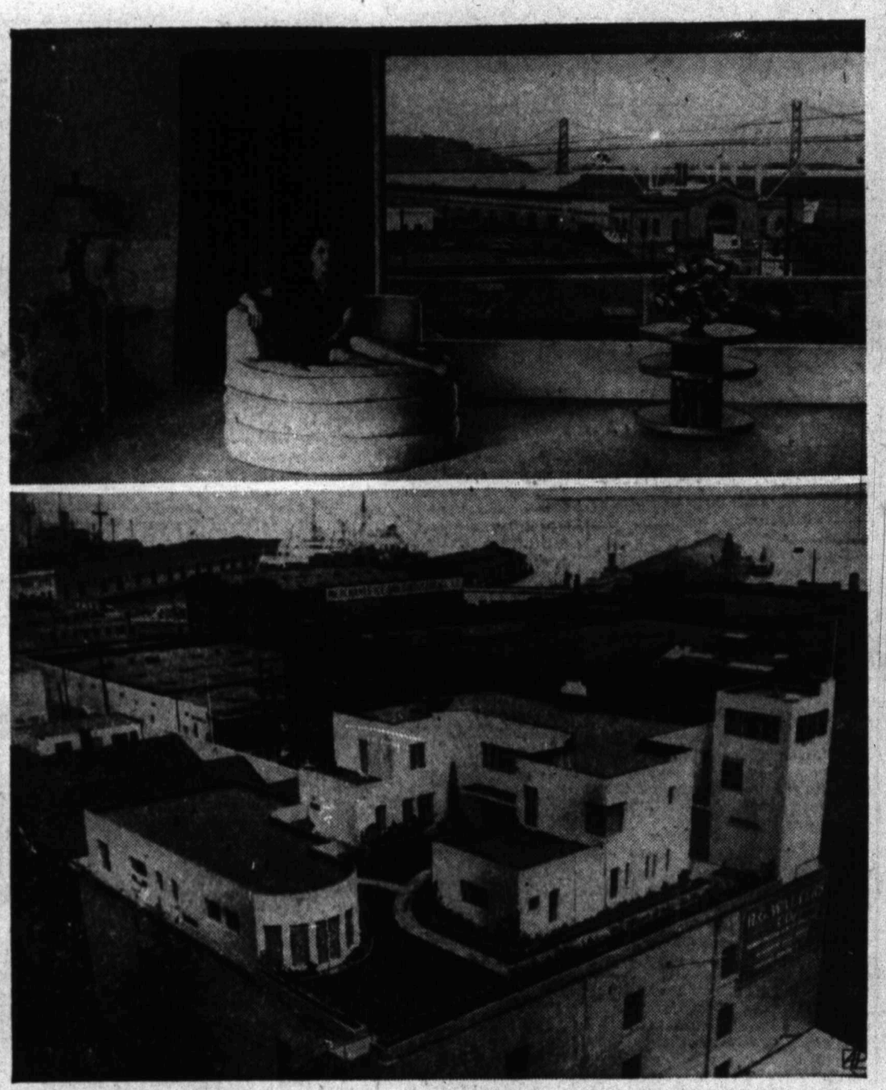

"I'll say we have."

U. S. Soldier

(Continued From Page One)

and which is directed towards constant improvement of the mode of life and the culture of the people.

"The future belongs to this country. Obviously it was long ago clear to the capitalists that such a political system, where everything belongs to the people, presented a great peril to them. Only this can explain the ferocious attacks on this country by American capitalists."

PENTHOUSE ON FACTORY—H. G. Walters of San Francisco solved his housing problem by building a penthouse on top of a factory near the waterfront. Top: Mrs. Walters relaxes near east window which overlooks bay. Bottom: The house is divided into two parts, the main house, right, and the guest house. The guest house contains living room, bedroom, kitchenette and bath. The main house has seven rooms and three baths. Entrance to the penthouse is from a freight elevator under the tower at right.

Joan Bennett Admits Age; Says One Should Be Proud Of Years

By RUTH BRIGHAM
INS Staff Correspondent

HOLLYWOOD, May 17 — In Hollywood, where age is a lie and grey hairs are only make-up, Joan Bennett is a rare exception. The histrionic beauty not only admits her age—38—but even likes it: Joan says one should be proud of ones years and wear them gracefully. But then, it's easy for Miss Bennett—who can't help looking 25. She will become a mother for the fourth time next month—and became a mother-in-law for the first time last week . . .

Pretty June Allyson likes to make a bon mot now and then—but her husband, Dick Powell, wishes she'd know whereof she speaks. So when Junie was sitting in a group that included Dick, Bob Montgomery and others among the Hollywood intelligentsia, she came out with such an erudite remark on politics that she caught everyone's attention. They all looked impressed. Then Dick said: "That sounds good, Honey, but please explain it a little more." June, who was quoting from an article she had read, couldn't explain for she hadn't the faintest idea what it meant! On the way home she scolded Dick for calling her bluff—which he'd done deliberately!

Mature Settles Down

Vic Mature and his society bride have taken to artistic Laguna like ducks to water. They've moved in a modest little cottage—bag and baggage and three dogs—and Vic has settled down to domesticity, even running for city council! Maybe he's really mature, at last. . . .

Rosemary de Camp is a very nice gal who lives a quiet, respectable domestic life with her husband, (a judge) and their three daughters at their secluded beach home. But Rosemary likes that seclusion and doesn't wish any invaders. So the only time she "acts" at home is when prospective buyers of neighboring land come around. Then she and the three little girls go out and make like Indians— and scare the would-be neighbors away! Rosemary is excited about her summer plans, incidentally. For the first time, she'll "carry" the Dr. Christian radio show alone—while Jean Hersholt is in Europe for six weeks. Rosemary is the "doctor's" secretary.

Stars Change Tactics

At the tropics in Beverly Hills: owner Harry Sugarman telling Alan Ladd, "You'd better hide. Here comes Patsy Brogan and she'll be sure to want the shirt off your back, for one of her customers." Patsy sells the stars used clothing . . .

Best result of the Hollywood fear wave is the changed attitude of the stars. The most prima donnaish star has now done an about-face and is nice not only to her studio—but to her public. Contracts have been dropped like hot potatoes, and a star with a contract now considers himself lucky—where they once felt the studio was the lucky one. Marie McDonald has clung to her Metro contract, happy even without work. Greer Garson and Joan Fontaine, once on the "ladies we'd rather not interview" list, are now cooperative, with Greer even holding open house on Sundays for the press. And hard-to-handle Ginger Rogers accepted an invitation to make a personal appearance at the San Francisco photographers ball, a thing Ginger would never have done in the old days. . .

Times are changing . . . For the better . . .

Don Searle, vice president of American Broadcasting company West coast division, had 15 surprise guests for breakfast Friday. He'd forgotten that he invited 15 delegates to the radio convention currently being held in Los Angeles. He made the magnanimous gesture while in New York recently. Mrs. Searle rose to the occasion.

U. S. Officials Silent

(Continued From Page One)

Wallace and his third party are hardly popular with the Democrats and Republicans in control here.

WALLACE URGES ISSUES BE REVEALED TO PUBLIC

OAKLAND, Calif., May 17 (AP)—Henry A. Wallace said tonight the American people should be told whether there is any issue between the United States and Russia "which can't be settled by peaceful, hopeful negotiations."

The third party presidential aspirant, in a prepared campaign address, referred to his recent open letter to Premier Stalin in which Wallace outlined what he considered to be the outstanding differences between the two powers.

Wallace Gratified

"I have said before that the number one responsibility of this government is to catalog the outstanding differences between the United States and Russia to the end that the people may know whether there is any issue which justifies turning the world into an armed camp.

"That catalog of differences would be the agenda for a meeting, and whether the men who fear a meeting want to do it or not, the people have a right to that list."

Commenting earlier on reports of Stalin's reply to his letter, Wallace said:

"If I have done anything that moves the world further forward toward peace, I feel that my campaign will have been a success."

Declaring that he was "very much surprised" that Stalin had replied, he also remarked that perhaps world diplomats should examine his letter to Stalin.

He withheld further comment until receipt of the Stalin reply.

Nature Plays Tricks On Oat Researchers

AMES, Iowa, May 17 (AP)—Like a movie star, Victoria rode the see-saw of a quick climb to fame and fortune, and as quick a decline. Victoria is a variety of oats.

Dr. H. C. Murphy of the U. S. Department of Agriculture directs the co-operative oat experiments at the Iowa State College Agricultural experiment station. The station is one center of tests to find varieties of strains of oats that would resist oat diseases like crown rust, stem rust, and smuts.

Victoria came from Argentina and was extremely resistant to crown rust and smut diseases. But it had weak straw and other disadvantages. By long cross-breeding with other varieties and intensive selection, Dr. Murphy, Dr. T. R. Stanton and associates developed rust and smut resistance, strong straw, high yields, and other factors.

New Disease Popped Up

In 1941, U. S. farmers suffered a loss of nearly 40 per cent in their oat crops due to crown rust. But the Victoria varities remedied that. By 1945, they were planted in 98 per cent of the oat acreage in Iowa, and on 75 per cent of the oat acreage in the United States. In three years, the increased yields for Iowa growers alone were valued at $71,276,845.

But starting in 1944, a brand new disease popped up, and it played havoc with the Victoria-type crosses. Because of it, Victoria's children now are disappearing as fast as they once took over. The disease is a blight, Helminthosporium, that had been present in the United States for years. Most oat varieties had resistance to it But Victoria, a foreigner, was not resistant. Victoria's resistance to crown rust was linked completely with susceptibility to the new blight.

Plant breeders had a new family of oats, derived from the Bond variety from Australia.

There are 87 different strains of the crown rust and 13 of stem rust. The Victoria types resisted all the common stains. But Nature is full of tricks and two rare strains of stem rust started to become more common in 1943. Most of the Bond derivaties resist these two strains and common kinds of crown rust, too, except strain 45 and similar ones. But strain 45 probably will increase when it gets a chance with heavy plantings of Bond derivaties.

Dr. Murphy is crossing the Bond varieties with oats that do resist strain 45, But that won't finish the oat breeding job. Nature is expected to find some other chink for oat diseases to go to work on.

FREEDOM FROM METERS

MINOT, N. D. (U.P.) — Parking was free here the day the Freedom Train visited Minot. The city council voted not to enforce the parking meter ordinance that day.

ANOTHER LEANING TOWER

HAMMOND, Ind. (U.P.) — Hammond is a rival of Pisa, Italy. The city has a leaning clock tower. It slipped out of line during a heavy windstorm.

Congratulations

Mr. and Mrs. W. E. Cromer of Lubbock route 1 on birth of a son weighing 7 pounds 10 ounces at 12:50 p. m. Sunday in West Texas hospital. The father is a farmer.

Mr. and Mrs. Charles Martin of Petersburg on birth of a daughter weighing 6 pounds 3 ounces at 11:56 p. m. Sunday in St. Mary's hospital. The father operates a garage.

Mr. and Mrs. J. D. Shaw of Lubbock on birth of a daughter weighing 6 pounds 10½ ounces at 4:32 p. m. Sunday in Lubbock Memorial hospital. The father is a student at Draughon's Business college and a part time employe at Ben's cafe.

Mr. and Mrs. W. D. Young of 1516 Seventh on birth of a son weighing 6 pounds 15½ ounces at 10:30 a. m. Mon., in Lubbock Memorial hospital. The father is owner of a feed and seed store.

Mr. and Mrs. Don Hammons, of 1606 Ave. J, on birth of a daughter weighing 6 pounds 14 ounces, at 2:31 p. m. Monday, in Lubbock Memorial hospital.

Mr. and Mrs. H. M. Mercer, of 2135 Fifteenth, on birth of a daughter weighing 7 pounds 2 ounces, at 4:37 p. m. Monday, in Lubbock Memorial hospital. The father is an employe of J. C. Penny company.

Mr. and Mrs. B.W. Gregory, of Lubbock, on birth of a daughter weighing 7 pounds 6 ounces, at 1:44 p. m. Monday, in West Texas hospital.

Mr. and Mrs. E. O. Stewart, of 2020 Broadway, on birth of a son weighing 6 pounds 15 ounces, at 11:15 a. m. Monday, in West Texas hospital. The father is manager of Plains Funeral home.

Mr. and Mrs. Ralph Hudgins, of 2715 Twenty-eighth, on birth of a boy weighing 6 pounds 12 ounces, at 9:35 p. m. Monday, in West Texas hospital. The father is assistant cashier at the Lubbock National bank.

Shootings Probed

(Continued From Page One)

tion of a negro man, Daniel McCormick. The incident occurred at 2804 East Ave. F about 6 p. m., police reported.

Shooting Follows Dispute

The shooting followed an argument, officers said, and a light skirmish with rocks and pop bottles. They said that the climax weapon was a .44 caliber thumbbuster. McCormick had declined to press charges last night.

Fronzie Johnson, jr., 21, a Lubbock negro, allegedly shot a tire of the automobile of another negro, Eugene Hankins. Hankins, in the car at the time, informally charged that the shot was meant for him. A 12-gauge shotgun was recovered, investigators said.

Broke Chair Over Head

Melvin Blake, 28, a negro, admitted, police said, that he "broke a chair" over the head of Lillie D. Ashford, a negro female. He had been released last night.

Another negro who allegedly admitted he had been convicted and sentenced for burglary in West Virginia and had been in difficulties with law enforcement officers in other cities was held for investigation into ownership of an automobile he was driving here.

He allegedly had no valid driver's license, no papers showing ownership of the car—"and his story had too many discrepancies," it was announced.

Companions Charged

Two negro companions, one of Utah and the other of West Virginia, were charged with vagrancy.

The arrest was by Sam Fort and John McVean, state highway patrolmen. A request was made for a check of ownership of the car.

C. E. Lynn, justice of peace, fined a negro a total of $28.15 for reckless driving.

Hodges Bros. hardware, of 1115 Ave. G, reported theft there of two portable radios, one valued at $72.50, the other at $31.50.

A bike valued at $40 was reported stolen from Marvin Graham of 1901 Ave. B.

A county court judgment showed that a fine of $50 and costs were levied against George Woodson, 52, of route 1 Plainview, on a drunk driving complaint.

Other Violations Noted

H. H. Roberts, 33, of Sundown was released to appear Thursday on a drunk driving charge filed in county court.

Willie Shields, 53, a negro, was fined $100 and costs on a liquor law violation charge.

L. Z. Cannon, about 30, who officers said, was in possession of 20 cases of beer and six cases of whisky, was fined a minimum of $100 and costs for liquor law violation.

Arthur Hill, a Slaton negro, was released to arrange bail of $800 on a liquor law violation charge.

Jack B. Rowan, 35, was fined $1 and costs on each of two check law violation charges.

A man charged as Sr. Horton pleaded guilty of check law violation and was fined $1 and costs.

Otho Lee Williams, a Slaton negro, was fined $100 and costs for liquor law violation.

Leo Parramore, about 35, posted $600 bond in a check law violation charge.

Cecil R. Foreman, 50, of Slaton highway, had been arrested by the sheriff's department for Mineral Wells authorities in connection with a charge of wife desertion. The arrest was made by deputies Raymond and and George Eubank.

Wife Wants Chinchilla Coat So Californian Raises Some

TEMPLE CITY, Cal., May 17 (U.P.)—When his wife remarked in 1946 that she'd like a chinchilla coat, John Zook decided to raise his own.

It takes 24 of the little fellows to get enough pelts for a coat, retailing anywhere from $47,000 to $70,000. so Zook bought a pair at $800 and bided his time.

Today he's got his 24 chinchillas and more on the way. Zook, employed by a Los Angeles rubber company, estimated that his flock is now worth more than $15,000.

GIRL SPY 'CAPTURES' SERGEANT

Red 'Mata Hari' Is Reported To Be Wife Of Second U. S. Soldier

BINGHAMTON, N. Y., May 17 (INS)—A beautiful Russian spy accused of inducing an American soldier in Moscow to throw over his country for the Soviet Union was declared tonight to be still married to a second U. S. soldier.

The story of the Russian "Mata Hari's" disregard of her marital ties in allegedly seducing 21-year-old Sgt. James M. McMillin, and causing him to desert his embassy post in Moscow, was told by Mr. and Mrs. Nicholas Biconish of Binghamton.

Married Girl In 1945

The Binghamton couple are the parents of T/Sgt. John Biconish, now stationed at Fort Riley, Kansas, who married the Russian woman while he was a member of the U. S. military mission in Moscow in 1945.

Mr. and Mrs. Biconish differed with the official State department resume of the case, issued Sunday night, which indicated that the Russian beauty—Mrs. Galina Dunaeva Biconish—no longer was the wife of the Binghamton soldier.

"John," his mother said, "started separation proceedings only in March after finally giving up trying to get permission for his Russian wife to come to this country."

Her son, said Mrs. Biconish, "never knew" that his wife was a "Soviet agent" as charged by the State department.

Biconish now is serving with the enlisted students detachment of the ground general school at Fort Riley.

Until last March, his parents said, Biconish did everything in his power to obtain permission for his Russian wife to come to the United States.

Paper Asked To Aid

When John was home on furlough in January he stopped in at the local newspaper, the Binghamton Press, to enlist its aid in his campaign to get his wife to America.

At that time he told how he had met the 22-year-old woman at a Moscow dance.

He said that a long friendship followed during which she and her family treated the lonely soldier with kindness. Then the couple was married, because, said John:

"We realized we were in love."

When Biconish learned he was to be sent home in Sept. 1946, he said that he and his wife began to worry about her accompanying him back to the states.

Visa Was Refused

He told his parents that his continual calls at the Russian foreign office for approval of her visa were fruitless.

When the time came for him to leave, she accompanied him as far as Odessa and then they parted.

John's mother said the couple exchanged letters regularly until March when John decided to abandon his efforts to bring the Russian beauty to the U. S. and started separation action.

While Sgt. Biconish was writing to congressmen and knocking at newspaper doors to drum up support for his efforts to bring his wife to the U. S., she apparently was aiming her affections at Sgt McMillin.

(At Cambridge, Mass., the 19-year-old sister of Sgt. McMillin said she "doubted" that her brother had decided to remain in Russia. The young woman, Patricia McMillin, is a sophomore at Radcliffe college. She said her brother was fully indoctrinated in the American soldier's code of loyalty and insisted that she found the State department's version of his desertion "incredible.")

U. S. Reveals American Soldier Defying Orders To Leave Soviet

WASHINGTON, May 17 (AP)—The United States beat Moscow to the punch today with the disclosure that a youthful American Army sergeant has defied orders to leave Russia and return to this country.

A State department announcement identified him as Sgt. James M. McMillin, 21, Boulder, Colo. Reporters were told his actions were due to infatuation for a Russian married woman described as an experienced Soviet agent.

The embassy in Moscow detailed the circumstances in reports received yesterday. Officials decided to make a prompt announcement. The intent at least in part was to prevent Moscow from making propaganda capital by disclosing the incident first.

THIEF REPENTS

YONKERS, N. Y. (U.P.)—A conscience-stricken thief who stole a collection box of coins for an anti-cancer drive from the Yonkers railroad station returned it the next day apparently without having removed a coin.

U. S. Rejects Blame For Texas City Blast

HOUSTON, May 17 (AP)—The United States government today disclaimed responsibility for the Texas City disaster of a year ago. Instead it blamed the steamship companies, longshoremen's union, stevedoring firms and the city of Texas City for the claimed negligence.

The statements were made in answers to some of the $198,000,000 claims against the government growing out of the disaster. The government asked that the federal court dismiss the claims.

The answers filed today were to the $8,000,000 damage claim made by the Texas City Terminal Railway company and five smaller suits. Government attorneys said answers to the suits will be filed as soon as possible.

Texas Mountain May Be Named For Founder Of Big Bend Park

WASHINGTON, May 17 (AP)—The founder of Big Bend park may have one of the tallest peaks in Texas named for him.

The Board of Geographic Names said today the board is considering a National Park service proposal that 7,420-feet peak in Brewster county be named for Roger W. Toll.

Toll and another noted park service official, George M. Wright, were killed in an automobile accident near Deming, N. M., in 1936.

CHILDRESS PIONEER DIES

CHILDRESS, May 17 (AP)—Dr. W. G. Johnson, who had practiced medicine here since 1918, and J. F. Carter, Childress county farmer and rancher for 50 years, died today. Funeral services for Johnson will be held tomorrow morning and for Carter Wednesday morning.

Throw Away Your Lawn Mower!

Plant Centipede Lawn Grass and have a permanent beautiful lawn. THE NEW GRASS FROM CHINA NEEDS NO MOWING OR ARTIFICIAL WATERING. Grows in any soil—sun or shade. Does not die in winter. Prevents weed growth, stops erosion with its ever-thickening carpet. Send name and address for particulars so you can plant at once.

Reward Offered For Clues In Slaying Of American In Greece

ATHENS, May 17 (INS)—A $4,600 reward was offered today for information about the slayers of George Polk, American radio correspondent who was killed while preparing to enter Communist-Guerrilla lines.

Rhea Polk, the CBS correspondent's Greek-born wife of eight months, disclosed her husband had a premonition of death before starting his attempt to interview Gen. "Markos," guerrilla chief.

She said that Polk, before leaving for Salonika to start his journey north, had asked to have his body buried in Athens if he died.

The reward was posted by the public prosecutor in Salonika as the Greek government pressed an investigation into the circumstances surrounding Polk's slaying.

Oil Well Completions Total 136 In State In Past Week

AUSTIN, May 17 (AP) — There were 136 oil well completions last week in Texas, boosting total completions this year to 2,569, up 640 above last year's figure for the comparable period, the railroad commission reported today.

Eight gas well completions for the week brought the year's total to 205, lagging last year's by 12.

There were seven oil and three gas wildcats drilled during the week.

Total average calendar day crude allowable as of May 15 was reported at 2,650,875 barrels, up 7,278 barrels from a week earlier.

PLANES GIVEN TURKEY

ISTANBUL, Turkey, May 17 (AP)—The U. S. escort carrier Siboney delivered an undisclosed number of two-engine bomber training planes to the Turkish air force today.

New Improvement To Give Navy Jet Plane Added Boost

WASHINGTON, May 17 (AP) — An eight-foot tailpipe will give more "zoom" to a new Navy jet fighter plane.

The XF6U Pirate, already in the "well over 500 mile-an-hour" class, will get an extra short burst of power from an "afterburner," the Navy disclosed today.

The pipe burns injected fuel in the tail pipe from the turbo jet engine. The added heat energy provides an extra thrust which "is currently limited only by available materials," the Navy said.

NO SNAPPING ALLOWED

ALEXANDRIA, Va. (U.P.) — The second annual invitational sweepstakes will be run here May 31 and there will be no snapping at the post. The entrants are turtles, tortoises or terrapins. But the judges have ruled no snappers. Last year a snapper in the field of 53 nearly got a judge's thumb.

Supreme Court Seeks Additional Evidence In Suit On War Pay

WASHINGTON, May 17 (INS)—The United States Supreme court asked for more evidence today on an issue involving an estimated half billion dollars in back overtime pay for cost-plus-fixed-fee war workers.

The high court refused on the basis of the present record to say whether such workers were covered by the overtime provisions of the fair labor standards act.

A dozen suits raising the issue have been filed in different parts of the country. The case remanded today was brought in Louisiana by Harris Kennedy, an employe, against the Silas Mason company, Linden, La., which produced munitions under cost-plus-fixed-fee contracts.

The federal district court ruled that the employes were in reality working for the government, and therefore were not covered by the fair labor standards act.

This court was directed to review and re-submit the case.

In refusing to decide the point, Justice Jackson said for the Supreme court that "large sums may be added to the cost of the war" and that "a more solid basis for findings" was needed.

The supreme court also:

1. Affirmed the contempt of court conviction of Harrison Parker, self-styled chancellor of the "Puritan church" at Chicago. He was sentenced to six months in jail after filing allegedly "scurrilious" court documents and writing a letter to the foreman of a grand jury.

2. Agreed to review the case of August Klapprott, former German-American bund leader, who is protesting the revocation of his citizenship in 1942. He is now confined at Ellis Island, N. Y.

3. Refused to review a jurisdictional dispute between porters' and brakemens' unions on the Missouri-Kansas-Texas railroad. A lower court had held that this should be decided by the National Railroad Adjustment board.

4. Refused to review the conviction of Carl F. Delano, Michigan state senator sentenced to three to five years in prison for "conspiring to influence legislation." He was accused of accepting a $2,000 bribe.

Two More Persons Are Killed In New Mexico Traffic Mishaps

SANTA FE, N. M., May 17 (INS)—New Mexico's 1948 highway traffic toll reached 64 today with the death of a Colorado truck driver and a three-year-old boy in Santa Fe.

State police reported that Donald H. Hanson, 24, of Lamar, Colo., was killed when his truck overturned near Raton, apparently after he had gone to sleep at the wheel.

Joe Valdez, 3, died of a fractured skull after he was struck by a car police said was driven by George Koury of Santa Fe.

Modern Jesse James Riding Again After Escape From Jail

ATLANTA, May 17 (INS)—"Jesse James" is riding again tonight—somewhere along the Georgia-Alabama border.

He is Jesse James Roberts, Jr., an alleged big time car thief who is the object of search by police of the two states. Roberts escaped from the Atlanta jail Sunday.

Atlanta officers reported late today they believed Roberts may be heading for Montgomery, Ala. He reportedly telephoned an unidentified Atlanta attorney from West Point, Ga., yesterday. The attorney reported the call to police, quoting Roberts as saying:

"I paid my way out. I just wanted you to know I'm on my way."

The manner of Roberts' escape was similar to the cunning displayed by the original Jesse James. Roberts walked out the jail door after switching identification papers with a drunken cell mate and arranging bond under the latter's name.

The escapee allegedly stole $100,000 worth of automobiles in 15 Georgia cities before his arrest in Atlanta last week.

Probe Of Housing For Vets Asked By Legion

AUSTIN, May 17 (AP)—Veterans' housing conditions at John Tarleton college, were under investigation today by the Texas American legion.

Legion State Commander George S. Berry of Lubbock said the legion is seeking to determine why rents were raised on trailer houses occupied by students at John Tarleton by the FPHA shortly after the Veterans administration granted an increase in subsistence allowances, effective April 1. Also under investigation is a $3.55 per month administrative charge made to all student veterans at the college occupying trailers.

"We feel that the government is trying to go in opposite directions if on the one hand federal agency raises subsistence allowance to veterans and this is followed by another agency raising the rates to veterans to eat up whatever financial benefit the student was supposed to get from the increase," Berry said.

The investigation was asked, he said, by the Dublin post of the American Legion.

IN CAPSULE FORM
News Briefs

L. D. Whiteley gave a report on a meeting of state Jaycee officers held in Abilene May 15-16 to members of the Lubbock Junior Chamber of Commerce at a luncheon in the Hilton hotel Monday. Two members of the local chapter have been elected to state chairmanships, J. P. Watt as head of the Christmas activities committee and J. C. Hughes as head of the cleanup and fire prevention committee. Whitely also introduced Tom Davis, one of two national Jaycee directors for the state of Texas who commented briefly on the favorable standing of this Jaycee region in the overall state picture. The club also made plans for the election of a member to the man-of-the-year gold key award to be held along with regular election of officers for the ensuing year on June 4. Barney Stagner, sports chairman, revealed tentative plans for an invitational softball tourney to be sponsored by the Jaycees at Jumbo Webster field during the latter part of August. Roy Forkner, president, presided.

Various motions in civil cases were heard at the opening of the May term of Federal court by U. S. District Judge Joseph B Dooley in the Federal building Monday. A jury was scheduled to report this morning. Illness of two attorneys, George W. Dupree and Jimmie Cunningham will likely postpone several cases docketed court attaches said.

Mrs. A. B. Conley of 2219 Broadway suffered a broken left hip about 11 a. m. Monday when she stumbled and fell downtown. She was taken to Lubbock Memorial hospital by a Bryan McDonald & Son Funeral Home ambulance and was reported to be resting fairly well Monday night by hospital officials.

Among 66 engineering students at the University of Texas recently initiated into Tau Beta Pi, honorary engineering fraternity, are William Richard Wardroup of 1922 Fourteenth, Bobby Gene Perkins and George Amos Wheeler of Littlefield and Robert Ernest Neely of Seagraves.

Mr. and Mrs. Paul Foster of 2306 Tenth returned Sunday from McKinney, where they were called Tuesday by the serious illness of their daughter, Mrs. Troy Straughn. The Fosters reported her condition much improved at the time of their departure. Graveside services were held Friday morning for the infant daughter of Mr. and Mrs. Straughn. The baby died at birth Thursday. Mrs Straughn is the former Margaret Foster, registered nurse who formely was employed in Lubbock.

Eight new members were initiated into the E. Y. Lee chapter of the Order of DeMolay Sunday afternoon in the Masonic Hall. They were Jack Hensley, Jack Whitehead, James Kennedy, Jack Christies, O. Ray O'Neal, David Leaverton, Thomas White and Ronnie Smith. Jim Bob Bryan, senior councilor; Jackie Martyn, senior councilor; Dorrance Guy, junior councilor, and Charles Ross, scribe, conferred the degrees. Masons present were John Ross Bradford and Clyde Gibson, DeMolay advisors; Jack Veasey, and H. B Bryan, an officer of the Grand Commandery of Texas.

Lubbock Men To Attend Annual Life Insurance Convention

Lonnie Langston, retiring president of the Southwestern Life Insurance club, will attend the annual convention of the Southwestern Life Insurance company to be held in Galveston May 19-22. He will be accompanied by Mrs Langston.

One of the 11 Southwestern agents to qualify for the Million Dollar Round Table this year, Langston will pay tribute with a talk to Charles F. O'Donnell, president of the Southwestern company, of Dallas, recently deceased.

Other Southwestern agents from the Lubbock area who will attend include Sam Henry, S. A. Hamilton, Max Rutledge and M. L. Waldrop, jr.

Rites Slated Today For Terry Veteran

Funeral services for Pfc. Gilbert R. Chance, World War II veteran who was killed in the invasion of France June 5, 1945, will be held at the graveside in Meadow cemetery at 3:30 p. m. today with the Rev. Vic Allen, pastor of Ropes Baptist church, officiating.

The body will arrive in Brownfield at noon today and will lie in state at Brownfield Funeral home until time for services. Brownfield American Legion post will furnish pallbearers and honor guard.

Chance, son of Mr. and Mrs. G. R. Chance of Amarillo, was 19 years old at the time of his death and had lived for several years in Terry county prior to his enlistment in 1943.

Survivors, besides the parents, include three sisters, Mrs. Marvin Gardner, Levelland, Mrs. Lloyd Hinson, Pampa, and Miss Phila Sue Chance, Amarillo, and one brother, Parvin, Amarillo.

According to his household records, George Washington paid as high as 15 cents a piece for pins.

Texan Charged With Murder After Victim Shot 11 Times

BRADY, May 17 (AP)—Harold B. Engdahl of East Speden was charged with murder in the shooting last night of Sam Speegle.

Speegle was free on $1,000 bond on charges of attempting to murder Engdahl two weeks ago. Engdahl was shot and wounded at the time.

Last night's shooting occurred near Engdahl's home, where the first shooting took place.

Engdahl waived examining trial this afternoon and posted $5,000 bond.

Investigating officers said that Speegle was hit 11 times with bullets from a German pistol.

John Ireland Howe of Derby, Conn invented the first successful pinmaking machine.

Politics Take Spotlight As Filing Deadline Passes

Leader Of Pro-Truman Forces To Seek Post Held By Rep. Kilday

(By The Associated Press)

Woodville J. Rogers of San Antonio, leader of pro-Truman forces in Texas, announced Monday for the 20th District congressional place held by Rep. Paul Kilday.

In Dallas Rep. J. Frank Wilson drew opposition from William O. Cooper, 39, war veteran. Cooper heads the Dallas delegation which carries much Truman strength to the state Democratic convention in Brownwood May 25.

Midnight Monday was the deadline for filing for Texas candidates seeking places on the Democratic primary ballot for the court of criminal appeals or U. S. representative.

Other Races Affected

The same deadline applied to state senator, state representative district judge, and district attorney in districts composed of more than one county.

Rep. J. M. Combs of Beaumont entered his name for re-election in the second district. He is opposed by Hugh Wilson, Port Arthur refinery worker, and G. B. Stephens of Beaumont.

At San Antonio, Burton W. Morris, a leader in the junior chamber of commerce poll tax drive, filed for state senator against Walter Tynan, incumbent; V. E. Berry and Pat Dwyer.

Texas Speaker of the House W. O. Reed paid his $100 filing fee at Dallas late Monday afternoon. At that time he had drawn no opponent. Also without opposition several hours before the deadline were Dallas Reps. Sam Hanna, George Parkhouse, and Preston Mangum. Mrs. Barbara B. Ware of Dallas previously filed against Rep. John Crosthwait, and Art Shires, the former big league baseball player, opposes Rep. Dallas A. Blankenship.

Seek Johnson's Post

Bob Lyles and Ray E. Lee of Austin filed for Congress from the 10th district, whose incumbent Lyndon Johnson, has announced for the U. S. Senate seat held by W. Lee O'Daniel.

Lee's name was filed by friends in his absence. He is now in Europe. Other candidates in the district are Creekmore Fath, State Senator James A. Stanford, Homer Thornberry, M. L. Foster, O. P. Lockhart, and Kelly McClain.

Petitioners put the name of E. R. Wright, Huntsville, attorney, on the ballot for state senator from the Fifth district. He said he would have the reaction of the people in a few days and determine his actions by their wishes. Other candidates are incumbent Roger Knight of Madisonville: Mrs. N. H. Colson, state representative from Navasota; State Representative J. B. Sallas of Crockett and County Judge C. L. McIve of Leona.

The last day for filing by candidates for United States senator and for state offices is June 7. The last day for filing by candidates

See STATE Page 9

Dedication Rites Scheduled Today

Formal services dedicating Memorial auditorium ir the Texas Tech Agriculture building to members of the Agriculture division of the college who lost their lives in World War II will be held at 7:30 p. m. Tuesday in the auditorium.

The ceremonies, sponsored by the Aggie club, will include the unveiling of a bronze plaque, 22 by 30 inches, at the entrance of the auditorium.

The program, to which the public is invited, will open with the national anthem. Jim Spain will give the invocation with J. D. Strickland, former Aggie club sponsor, outlining the history of the auditorium project. Dean Emeritus A. H. Leidigh will read a roll of Aggies who fought in World War II. Marion Baumgardner wil make the dedicatory address. Following the talk, the plaque will be unveiled while members of Texas Tech band sound Taps. Carrol Wilson will close the ceremonies with the benediction.

Aggie club members have bought cushion type theater seats for the auditorium, which will hold 240 persons, and have paid for blinds and stage curtains.

Negro Sentenced To Death For Attack Of New Boston White Girl

TEXARKANA, May 17 (AP) — Cleo Smith, 29-year-old negro, was convicted today of the rape of a 13-year-old white New Boston, Texas, school girl. He was given death in the electric chair.

The district court jury deliberated 16 minutes.

Special precautions were taken by state and county officers during the trial to insure that no violence would break out.

Officers, dressed in plain clothes, searched every person entering the courtroom, and completely surrounded the negro during the trial. Some officers sat among the spectators.

LUBBOCK MORNING AVALANCHE

Lubbock, Texas, Tuesday, May 18, 1948

Today Deadline On Derby Entries

Today is the last day to get entries in for Lubbock's first Soap Box Derby set for Monday, July 5. With the entry list already standing at 251, last minute hopefuls signing today are expected to boost the grand total to 275.

Derby Director Roy Finley, who maintains headquarters in the showroom of Kuykendall Chevrolet company, 1902 Texas avenue, said he hoped that every boy who wanted to enter the Derby had been given an opportunity to do so.

A boy must be accompanied by one of his parents in order to sign up for the Derby.

In the meantime, Finley said members of the Exchange club were out on their final drive for sponsors for boys' cars in the race. A sponsor pays a fee of $17.50. which pays for the wheel and axle and stearing gear and basic materials for construction of each racer. No boy can spend more than $6 in materials for his car, and he must build the car himself.

The sponsor will act as advisor and counselor for the boy in building of his car.

Today's entries in the race were: Robert Harris Smith, jr, son of Mrs W. H. Smith, 2422 Ninth; Carl Wayne Winn, 12, son of Mrs. Clyde Winn, Whitehead addition; Uel Doyle Crosby, jr., 12, son of Rev. and Mrs. Uel D. Crosby, sr., 1917 Twenty-third; Horace Krizan, 13, son of Harry Krizan, 3116 Allen; James Dillion Blazi, 14, son of Mr. and Mrs. P. C. Blazi, 2536 North Fourth; and Harry Lavon Gibson, 14, son of Mrs. O. L. Gibson, 1907 Twenty-fourth.

Man Sentenced To Death For Slaying Of Houston Woman

BEAUMONT, May 17 (AP)—Riley Brown McCaine, convicted last year of murdering Elnora Collins, was sentenced today to die in the electric chair June 21.

McCaine, of Houston, was arrested by FBI agents in Seattle April 9, 1946. Miss Collins, clerk in a Houston office, disappeared the night of Sept. 30, 1945. Her nude and battered body was found on a secluded roadside near Beaumont Oct. 4, 1945.

McDonald Says Compulsory Plan Needed

Enforced Program To Save Soil Is Urged

(By The Associated Press)

AUSTIN, May 17—Agriculture Commissioner J. E. McDonald today told the Texas dirt farmers Congress that the time is near for "compulsory soil conservation."

"It is time for us to think about compulsory soil conservation, handled cooperatively by the state and federal governments, and paid out of tax funds, just as schools and police," the commissioner declared. He spoke to the closing session of the Congress.

Officials Are Named

The Congress passed resolutions opposing "federal regional power authorities and favoring state's river authorities;" requesting increased state appropriations for soil conservation districts; expanding the farm to market road program; expanding the seed and soil testing facilities of the State Department of Agriculture; and establishing adequate fire protection for the state's forests.

McDonald was strong in his endorsement of enforced soil conservation. He suggested that the state or nation purchase the heavy equipment necessary for the program and terrace entire watersheds as single projects.

Jim Griffin of Mission, McDonald's opponent in the race for commissioner, also addressed the congress briefly, emphasizing the vital need for soil conservation in Texas.

Evans Reese of Waco was elected president of the Congress, meeting in one-day session.

Ray W. Willoughby of San Angelo was elected first vice president.

Senate Contest Will Hold Area Interest

The race for state senator, 30th district, today appeared to hold all the potential fireworks in elections to name state and national representatives in this area. The deadline for filing for state senator and state and national representative passed at midnight.

Sen. Sterling J. Parrish, incumbent in the 30th district, faces three opponents, Dudley Brummett, Lubbock attorney, Judge Kilmer Corbin, Dawson county judge Lamesa, and Ralph Brock, Lubbock attorney.

George H. Mahon, U. S. Representative from the 19th district, seeking re-election to the House of Representatives, State Rep. Preston Smith, who is seeking his third term in the state house, and State Rep. I. B. Holt, Olton, who is seeking reelection in the 120th district, apparently were without opponents as the filing deadline passed.

Meeting Of Highway Group Set June 11-12

The fifth annual convention of the International Highway 87 association will be held in Denver Friday and Saturday June 11 and 12, officials announced here Monday.

The setting, approved by officers and directors in a mail poll, was reported in letters to members and others interested along the route extending from Alaska to Mexico City from A. B. Davis, U. S. manager of the association and manager of the Lubbock chamber of commerce.

The organization was formed to publicize Highway 87, extending from the Canadian border to San Antonio, as the most preferable U. S. connecting link in the Pan-American highway.

The letter said representation at the meeting is expected to include delegations from as far south as Mexico City, as fa. north as Fairbanks, Alaska, and most intermediate points.

Texas officials of the association, additional to Davis, are Dean Chenoweth, of San Angelo, general vice president, and Mrs. Matt McCall, o. Lamesa, treasurer. Dan W. Maddox, of Hardin, Mont., is president.

SHOOT STRAIGHT OR ELSE

RICHMOND, Va. (U.P) — Take careful aim, brother, when you get set to shoot somebody in Virginia. The state law says that if you hit him and wound him, you will be charged with malicious wounding. But if you miss, there's the more serious charge of attempted murder.

Boy, Bitten By Rabid Dog In Tennessee, Hunted By Police

AUSTIN, May 17 (AP)—A boy, bitten by a rabid dog recently in Nashville, Tenn., was urgently sought tonight by Texas state police.

They broadcast an emergency message relayed from the Tennessee Highway patrol, trying to locate two New Jersey families en route to Los Angeles by way of Houston, and San Antonio. The boy is with one of the families.

State police said he should report to a doctor immediately. The names of the travelers were given as Mr. and Mrs. Ray Van Blockem, and a Mr. and Mrs. Van Dyke, both of Middleton. They left Nashville early May 16 for Los Angeles and state police believed they were somewhere between Texarkana and Houston.

Sentences Are Assessed Here

A five-year suspended sentence was assessed Monday afternoon in 99th district court after Russell Tunnell, 28, had pleaded guilty of swindling.

Judge G. V. Pardue, at the morning session of court, had assessed a total of 20 years, all except three of which were suspended, after juries had been waived and five defendants pleaded guilty.

Harold Peinkert, 20, of Levelland, was allowed suspension of five-year sentence for forgery: J. D. Fulcher, 23, five-year suspended sentence for failure to stop and render aid after an automobile collision; Tom Fisher, 43, a negro, two years suspended for keeping a gambling house; Clarence Bryant, 28, five-year suspended sentence for theft; Charlie Alford Brown, 26, three years to serve in the penitentiary for forgery.

The state was represented by District Attorney Lloyd Croslin and assistant District Attorney E. G. Pharr. C. L. Harris was appointed by the court to represent Tunnell. S. P. Boling represented Fisher. James Denton represented Bryant and Fulcher, the latter by court appointment. J. E. Vickers represented Peinkert. Bryan Dillard was appointed by the court to represent Brown.

A jury will report to Judge Pardue at 9 a. m. today. It was indicated that cases naming Jim Hampton, 32, and Billy Joe Short, 19, will be called. Both are named in two indictments, Hampton for burglary, Short for burglary and theft.

A jury was dismissed Monday afternoon in the 72nd district court of Judge Dan Blair after attorneys announced none of 11 cases on the week's setting was ready for trial.

COLLAPSES AFTER QUESTIONING—Robert H. Hansen, 24, radio shop employe, collapses after being questioned by Los Angeles police regarding two partially burned heads found in the incinerator at the rear of the shop where Hansen worked. The human parts were identified by Sheriff Capt. Ray Morris as being the remains of Ralph Dirksen and his wife, Olga, operators of the shop. Hansen was booked on suspicion of murder. (AP Wirephoto.)

MAN ADMITS BRUTAL SLAYINGS

Hacked Torsos Of Los Angeles Couple Found In Mojave Desert

(By International News Service)

LOS ANGELES, May 17. —The hacked torsos of Ralph Dirksen, 35, and his wife, Olga, 30, were found today in a lonely desert brushland near Mojave, 100 miles north of Los Angeles.

Deputy sheriffs were led to the headless and handless bodies by Robert Hansen, 24-year-old radio repairman, accused of the double slaying.

Hansen told officers he had hacked off the hands and heads of his victims with a hatchet at the spot where he left the bodies.

He said he had brought the hatchet back to Los Angeles and "believed" he burned it in the makeshift incinerator back of the Dirksen home.

Baby Found Alive

Discovery of the hacked bodies came only a few hours after three-year-old Ralph "Sparky" Dirksen was found alive and unharmed in a nearby Compton boarding house.

The hysterical Hansen collapsed on the shoulders of deputy sheriffs after he had pointed out the bodies. The butchered remains had been dumped by a mesquite bush, about 150 yards off a dirt road leading from the main highway between Mojave and Owens valley.

Hansen was arrested yesterday after two human heads and two pairs of human hands were found burning in a makeshift incinerator in the rear of Dirksen's radio shop and home.

Hansen lived with the couple.

Broke Down Under Questioning

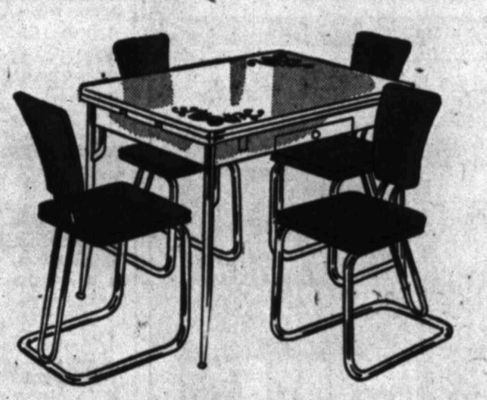

Two neighbors discovered the heads and hands, which investigators said had been wrapped in flimsy cloth and soaked in gasoline before being thrown into the

Pressure For Repeal Of Taxes On Oleo Continues In Capital

WASHINGTON, May 17. (INS) —Treasury Undersecretary Wiggins and spokesmen for labor, consumers, veterans, retail grocers and other groups appealed to the Senate Finance committee today to approve the House bill repealing oleomargarine taxes.

More than a score of witnesses urged repeal of the 62-year-old levies as the committee opened two days of hearings on the bill, which the House passed by the lopsided vote of 260 to 106.

Approval Is Seen

Dairy interests will be heard in opposition to the bill tomorrow.

The Finance committee is expected to approve the bill this week and speed it to the Senate floor for passage. However, it appeared that a long-range farm program would get the first attention of the Senate.

Wiggins reiterated the administration plea for repeal of the taxes which he called "punitive" and "no longer necessary." He said:

"Oleomargarine taxes belong to the category of punitive consumption levies. The combined effect of these taxes is to place a burden on consumers which falls with particular weight upon low income groups."

The AFL, CIO, the National Association of Retail Grocers, the United States Wholesale Grocers association and Amvets were among organizations urging approval of the bill.

Rep. Rivers (D-SC), author of the measure, and Sens. Maybank (D-SC), Fulbright (D-Ark), and Rep. Corbett (R-Pa) testified.

Maybank directed his testimony against oleo color restrictions which dairy state senators indicated they hoped to impose as a substitute for a margarine tax.

He said:

"Margarine is denied the use of yellow simply because the dairy industry has misused its enormous political influence to drive a competitive product off the counter."

Fulbright declared the pure food and drug act is sufficient protection against misbranding of margarine as butter. He protested against proposals to require a restaurant to "label each individual pat of margarine."

He said oleo interests would not object to an amendment intended to prevent restaurants from serving oleo as a substitute for butter. But he added that it should go no further than a requirement that the menu carry the statement that oleo is used.

States Support Water Projects

WASHINGTON, May 17 (AP) — A $50,000,000 program for dams and flood control on the Rio Grande in New Mexico was backed today by New Mexico, Texas and Colorado interests at a Senate Public Lands committee hearing.

The proposed projects and estimated costs are Chamita dam, $31,386,000; Jemez dam, $7,201,000; Rio Grande floodway near Albuquerque, $11,526,000 and Blue Water floodway, $200,211.

Originally, the program contemplated construction also of Chieflo dam on the Rio Grande near the Colorado boundary at a cost of $32,784,000.

Texas and Colorado fought this proposed dam as an encroachment on their own water rights for irrigated farm lands. A compromise, under which the project was eliminated, grew out of conferences last week between engineers representing the three states and reclamation and Army engineers.

The program is provided in a bill by Senators Chavez and Hatch, New Mexico Democrats.

Spokesmen for water groups in the three states testified in support of the measure.

Senator Chavez presided over the hearing and read to the committee a statement emphasizing the program's flood control features. He said it also would provide water for irrigation.

Col. H. C. Gee of the Army engineers told the committee the contemplated work would materially aid Texas and southern New Mexico water users by increasing the flow of water into Elephant Butte dam, which serves irrigation districts in the El Paso area.

Local Church Group Attends Meeting At Ceta Canyon Camp

Several persons from Lubbock Methodist district were among 26 representatives of Northwest Texas conference who attended a work camp and training camp last week at Ceta canyon, where camp grounds and buildings were improved and preparations were made for summer events.

Summer events to be attended by persons from Lubbock Methodist district include youth camp, July 5-9, of which Rev. M. A. Walker of Seagraves will be director; another youth camp and "Know Your Job" camp, Aug. 23-27, Rev. and Mrs. Cecil R. Matthews of Lubbock, directors; Lubbock district intermediate camp, June 14-18, Rev. Tommy Rutledge, Southland, director, junior camp for the entire conference, Aug. 9-13, Mrs. Uel D. Crosby of Lubbock, Northwest Texas conference director of children's work, and Mrs. H. W. Gaston of Dodson, co-directors, and a children's workers camp for teachers and others working with children, Aug. 16-20, Mrs. Crosby, director.

Officials Attending Meeting

Rev. John English of Baird was director of last week's work camp and training camp. Those helping in the camp included Miss Elizabeth Brown, camp consultant of the General Board of Education, Nashville, Tenn.; Miss Lucille Rucker of Lubbock, youth director of the Northwest Texas conference, who was secretary, and Rev. Uel D. Crosby of Lubbock, executive secretary of the Northwest Texas conference board of education.

Those attending from this area included Rev. Rutledge, Rev J. W. Rosenburg of Tahoka, Rev and Mrs. Walker of Seagraves, Rev H. B. Coggin of Seminole, Rev. and Mrs. Crosby, Miss Rucker, Rev. Lynwood Harrison of Brownfield, Rev. W. A. Appling of Lubbock, Rev. and Mrs. W. E. Hamilton of Clarendon, formerly of Lubbock, were present.

SENIOR DEPARTMENT GROUP ATTENDS SESSION AT CAMP

The senior department of Asbury Methodist church honored its members who are to be graduated from high school this month last weekend, when a group from the department and guests went to Ceta canyon to join the Amarillo district in a retreat.

Theme of the program was "The Vision Splendid."

Those going from Lubbock were Martha Ann Sommers, Luvenia Bearden, Nancy Crosby, Lavonne Weaver, John Crawford, Alton Slagle, Bill Wiley, Doris Wise, Mary Katherine Starnes, Helen Wise, Jannell Harris, Wynona Parr, Jimmy Vernon, Lloyd Willis, Betty Brown, Jean Brown, Jackie Cook, Iris Jeffcoat, James Wilson, Sammie Batton, Bill Kelly, Marshall Ross, Wade Brock, who were from the senior department, Uel Crosby, jr., Janice Harris, Linda Leon and Peggy Sommers, from other classes, and the following adults: Rev. Uel D. Crosby, Northwest Texas conference executive secretary of the board of education, Mr. and Mrs. A. G. Sommers, Mr. and Mrs. C. B. Harris, Mr. and Mrs. Wilbur Hunt, Mrs. Isabelle Brown, Mr. and Mrs. Nathan Wise, anl Mr. and Mrs. H. C. Leon, all of Lubbock.

CLAIMED BY DEATH

BIG SPRING, May 17 (AP) — James Sanfield Nail, 52, grain dealer who recently moved to El Paso from Dallas, died aboard an airliner late yesterday after suffering a heart attack. He was en route to El Paso. The body will be sent to Dallas for funeral services at 10 a. m. Wednesday. Survivors include his widow.

Three Tech Students Given Awards In Drawing Contest

Three Texas Technological college students majoring in architecture have received awards for outstanding work in a nationwide drawing contest.

The award of "mention" was made for drawings of a model lookout station submitted to the Beaux-Arts Designs company of New York City together with drawings from over 50 other colleges and universities from throughout the United States. The number of drawings submitted from each school varied with 11 being entered from Texas Tech.

The students receiving awards from Texas Tech include, Granville Billingsley, Lubbock, Charles Kelley, Lubbock; and William C. Riley, Fort Worth All of the drawings submitted were completed as part of the third year architectural design course at the college.

Aviator, Lion And Houses Are Victims Of Boys' 'Fun'

OKLAHOMA CITY, May 17 (AP) —Boys will be boys in Oklahoma City.

Within a few hours yesterday law officers got the following complaints:

One teen-ager is throwing firecrackers into the lions' den at the zoo.

A youthful gang of air-riflemen had shot out most of the windows in a new and unoccupied housing development.

Two young marksmen with a real rifle had plugged an aviator in the leg as he circled in mid-air for a landing.

Suede, a leather finish, is worked into kidskins or lambskins.

Broadcasters Urged To Adopt New Code

LOS ANGELES, May 17 (INS) —President Justin Miller, keynoting a five-day convention of the National Association of Broadcasters, today called for the adoption of standards "as near perfect as possible."

He told more than 1,000 delegates:

"Our present task is to be sure that the standards which we prepare and adopt are as near perfect as possible; as nearly adaptable as possible to meet our needs—and the needs of the people we serve."

Miller added:

"We have greater obligations in doing this than many (other) professions. . . because broadcasters control a greater medium of communication and are the protectors of one of the greatest freedoms enjoyed by the American people."

He warned the radio executives they had no more urgent business than the adoption of a code of self-regulation which has been in process of drafting for more than a year.

Miller asked broadcasters to "clean our house" as other professional groups had done before them, "or to suffer the type of coercive controls that are visited upon the inadequate and the recalcitrant."

SERVICES ARE SET

HOUSTON, May 17 (AP)—Funeral services will be held in Madisonville at 2:30 p. m. tomorrow for W. L. Parten. Mrs. Parten, mother of J. R. Parten, prominent Houston oil man, died at her Madisonville home yesterday.

Full-Scale War For Israel Is Being Organized In Palestine

By J. M. ROBERTS, JR.
Associated Press Staff Writer

It has long been apparent that force would be necessary to solve the Palestine problem. Now, instead of being applied by other nations as a police measure, it is being applied in the form of war. Negotiations still continue in the UN and in the major capitals, but the efficacy of these results depends on the course of the war.

There is still the possibility that, as in India after the British withdrawal there, the shooting will die down without a definite military decision. Observers have cast strong doubt on both the ability and determination of the Arabs

Arabs Plan Conquest

Proponents of repeal of the U. S. embargo on arms to the middle East are using this as an argument, contending the issue must be kept open for further negotiation by helping the Jews to protect themselves. A military stalemate, they hope, will force the Jews and Arabs to emulate India and Pakistan in resuming the effort for a real solution.

Despite all the talk of Arab disunity, however, Arab sources appeared to take it for granted that their armies will press for complete conquest of Israel.

Plans are being made for a concerted campaign in the small area from Acre to just south of Tel Aviv. The immediate Arab objective is to cut the Jewish area into small pieces which can then be overrun one by one.

Then, they believe, the capture of the modern city of Tel Aviv would mean the end of Jewish resistance. The British still are closely tied-in with the Iraq and Trans-Jordan military establishments, and can exercise strong influence on any use of them. For the moment, the British seem to be continuing the hands-off policy they have pursued ever since they were rocked back on their heels by American recognition of the new state of Israel. England has a position to maintain with the Arabs which may put them in direct conflict with the U. S. if the arms embargo is lifted. Already Anglo-American relations are more strained over this issue than over anything else that has happened in years.

Israel is buying arms wherever they may be found. The Jews have managed to bring their three fighting forces, Haganah, Irgun and the Stern terrorists, into unity. It is by no means certain that everything the Arab league has will be sufficient to dislodge them.

'System' Players Gaining On Wheel

LAS VEGAS, Nev., May 17 (INS)—Three "system" players after eight days of continuous betting were ahead of a Las Vegas roulette wheel today by $20,000.

The gamblers are staking $22 on each spin of the wheel at the Pioneer club casino. The lucky number is one.

One week ago, two University of Chicago graduates, Dr. Roy Walford and Albert Hibbs, both 23, and their friend, Jack Cortez, 32, of New York City, began with 50 cent bets on a combination of numbers. They finally settled on the lucky number one.

Walford and Hibbs began their "systemized" assault more than a month ago. They reached a peak in winnings and then began to lose. After $300 in the hole they announced they were through playing.

A hasty calculation over the week-end, however, with Cortez, resulted in the current session of around-the-clock play in four hour shifts for each.

Demos Support Hughes Record

WASHINGTON, May 17 (U.P.) — Four Democrats on the Senate War Investigating committee said today that Howard Hughes, millionaire aircraft designer, is entitled to a "positive" finding that the committee discovered no evidence of wrongdoing in his wartime aircraft contracts.

The statement was made in a revised minority report of the committee. The Democrats criticized the findings of the Republican majority, which had rapped Hughes' war dealings with the government.

Disservice Is Changed

Sen. Carl A. Hatch, D., N. M., filed the report for himself and Sens. Claude Pepper, D., Fla., J. Howard McGrath, D., R. I., and Herbert R. O'Conor, D., Md. The report was revised after its premature release last Friday.

The Democrats said the majority had done "an immeasurable disservice" by implying through "innuendo" that Hughes was guilty of wrongdoing not expressly charged against him. Such tactics could have harmful effects, they said, on manufacturers whose help is needed in defense production.

"Certainly it is no incentive to any manufacturer to learn that the innocent may at some later date be classed along with the guilty," the minority said.

The Democrats particularly objected to references in the majority report to Maj. Gen. Bennett E. Meyers, former Air Force procurement official recently convicted for subornation of perjury. They insisted there should have been no reference to Meyers except as his activities were directly connected with Hughes.

"There is absolutely nothing in the evidence which discloses any fraud, corruption or wrongdoing on the part of Howard Hughes or his associates," the Democrats said. "All the evidence is directly to the contrary."

The minority said there is no evidence of excessive profit-making by Hughes or the use of political pressure to get the contracts he was awarded for a flying boat and reconnaissance planes.

The report said the reconnaissance plane still may prove to be the best the Air Force has. It is too early to determine what research benefit may come from the flying boat, the Democrats said.

Funeral For Pioneer Petersburg Resident Will Be Held Today

PETERSBURG, May 17 (Special)—Last rites for Edward Charles Reagan, 68, will be conducted at 2:30 o'clock Tuesday afternoon in the Main Street Church of Christ here.

Reagan, a resident of the South Plains 44 years and of Petersburg 36 years, died at 6:15 p. m. Saturday at his home in Petersburg.

Officiating Church of Christ ministers will be his brother, John Reagan of Dallas, Leland Aiton of Plainview and J. E. Black, retired, also of Plainview.

Burial will be in Petersburg cemetery. Roy G. Wood Funeral home of Plainview and Charles Schuler Funeral home of Petersburg are directing arrangements.

Mr. Reagan died unexpectedly of a heart attack. He was a retired farmer.

He had been a member of the Church of Christ 50 years.

Survivors include his wife, Mrs. Ida Reagan; three brothers, John Reagan of Dallas, Albert Reagan of Berkeley, Calif., and Tom Reagan of Cleburne, and two sisters, Mrs. J. E. Massie and Mrs. Sally White, both of California.

NO FIGHTING YET

Get The Dam First!

AMARILLO Mayor Lawrence R. Hagy gave sound advice last week when he said that all localities which look to the Canadian river as a possible source of water supply should cooperate in the effort to obtain development of the potentialities of that stream.

If the time comes when a dam and reservoir are approved and built, a terrific scramble for the available water can be expected. It may be a case of each town and city for itself, with most of them seeking more water than they expect to get and few, if any, getting as much as they want.

But the fact to remember now is that there won't be a drop of water for anyone from the Canadian unless and until a dam is provided. So it behooves everyone interested in the vast area made up of most of the Panhandle and all the South Plains to get behind the movement to get a dam. That must be done as soon as possible, or take the risk that priorities on water now available may be sewed up by others elsewhere on the stream.

Obtaining approval of the dam will be a stupendous task, and one beset by many uncertainties. It is an undertaking to challenge every ounce of energy and ingenuity of everyone interested. The utmost in cooperation might not be enough. Premature exhibitions of localized rivalries and jealousies might be fatal.

Common sense dictates, therefore, that all work together now to see what can be done about a dam.

Localized fights can wait until there is something to fight over. There won't be anything of that nature until a dam is assured—and it is far from being assured at this stage of the game.

A Living Memorial

THE first monument to the memory of the Rev. Edward J. Flanagan of which many people doubtless thought when they learned of his unexpected death while touring Germany last week was the "Boys Town" he founded near Omaha, Neb., back in 1917. Operating on the thesis that there is no such thing as an "incorrigible" boy, Father Flanagan came pretty close to proving it at Boys Town.

But probably an even finer monument to his work than Boys Town was the inspiration it provided for the handling of so-called "youth problems" everywhere. The beneficial influence has been worldwide. There is no way to guess how many youths—boys and girls—who have gone astray later have been given another chance because of the Flanagan influence. Doubtless they number in the many, many thousands—most of them boys and girls who never heard of Boys Town.

Such youth are and will continue to be the living testimonials of a life well spent. They explain why regret because of Father Flanagan's death will not be bounded by race or creed. To him, a boy was just a boy, regardless of color or religious beliefs. To boys, and all who love boys, he was their true and loyal friend.

Rip VanWinkle couldn't sleep for 20 years nowadays. Some men taking a public opinion poll would rouse Rip to get his reaction to a current question.

Breathes there a man with soul so dead who never recommended a pet cold remedy to a friend.

Down Memory Lane

From the files of The Lubbock Morning Avalanche of May 18, 1928.)

Several committees for various activities of the County Federation of Women's clubs were named by Mrs. R A. Baldwin of Slaton, president. Among them were: finance committee, Mrs. R. T. Campbell of Lubbock, Mrs. Fred Schmidt of Slaton, Mrs. J. C. Stanford of Southwest Ward, and Mrs. J. L. Benton of Posey; co-operative market, Miss Mae Murfee of Lubbock, Mrs Ed Schroeder of Wolffarth, Mrs. A. F. Mathis of New Hope, and Miss Louise Baird, county home demonstration agent; committee on locating meeting centers, Mrs. J. S. Johnson, Mrs. Gus L. Ford, both of Lubbock, Mrs. R. L. Robertson of Slaton, and Mrs. J. F. Hankins of Lubbock; booth at fair, Mrs. W. H. Meador, Mrs. W. H. Ames of Slaton, and Miss Baird; nominating committee, Mrs. H. T. Kimbro, Mrs. W. B. Price, and Miss Baird.

XXXV

OVER and over it went. Over and over.

Cats have nine lives. Cats have nine lives. Not all cats. But some cats do. Nine lives. But I don't. Or do I? Cats . . . lives . . . cats . . .

She wasn't dead. She hadn't drowned. She knew that. Even though Rush had caught her and dragged her underneath the water she hadn't drowned. The reason she was so sure of that was that she was in bed somewhere and when you were dead you didn't lie in beds. Or did you? She couldn't drag her eyelids open enough to see where the bed was but she knew she was in one; she could feel the smoothness of the sheets under her fingers, her head was on a pillow.

There were sounds around her. Activity of some sort. She couldn't identify it but it wasn't important. It didn't matter. Nothing mattered. She didn't even care a bit that she was alive . . . She'd just as soon be dead . . . inhale . . . that weight on her chest again . . . exhale . . . she tried to move but the effort was too great . . . she floated off on a great wave . . . .

She had a wonderful time in the clouds. She rolled from one to another and they were so soft, so enveloping. She wondered why she wasn't afraid of falling off because she was up so much higher than she'd ever been before but she wasn't afraid at all. That was because she was on a crisis. She knew it was a crisis she was on because someone had said so. They said, "This is the crisis," and then they put out a hand and helped her on it and right away she started to climb. Up . . . up . . . up . . .

She was going along beautifully on the crisis until the little black cloud had to come along and spoil everything. They weren't bothering anybody . . . not anybody at all . . . and then the black cloud ran smack into them with a thump and spilled Ann off.

• • •

SHE started to cry. She could feel the tears trickling down her cheeks. The wetness of them unsealed her eyelids and she opened them.

She opened her eyes wide. She was in a very dim room and Laurie was there, sitting in a rocker beside her bed. For a minute she thought she was back in her room at Tophill and that it was Gay sitting there so quietly but it wasn't Gay. It was Laurie. And she wasn't at the cottage.

"Hi," she whispered to Laurie.

"Ann!" Laurie whispered, too. and she sounded awed as though it were unbelievable that Ann's eyes were open, that she had whispered "hi."

Laurie leaned forward in her chair very quietly, very carefully, as though she though Ann might break if you touched her. "Don't talk," she said gravely. "You aren't strong enough to talk."

Ann closed her eyes again because holding them open was such an awful effort and there was such a pounding inside her head, such a ringing in her ears. But she managed to smile as she closed her eyes because Laurie was there and she was glad to see her.

She lay still for what was surely a long, long time and then she opened her eyes again and said, "Where—is Rush?"

"He isn't here," Laurie said.

He wasn't there. Rush wasn't there.

She was still again for another long time and then she said, this time without opening her eyes, "Where—is he?"

"He's gone," Laurie said. "Be quiet now. Rest. That's what the doctor says is important now, Ann. You're to lie still and do as you're told and rest."

Minutes passed. Hours, it seemed, and Ann said, the question forced from her, "Where—did he go?"

Laurie didn't answer her. Maybe she hadn't heard her. Ann opened her eyes again. Laurie's eyes, so like her own, were watching her.

"Where did—Rush—go?" she asked painfully.

• • •

"ANN, look," Laurie said, "Enos is asleep over there in the chair. Can you turn your head enough to see? If you talk you'll wake him and he's terribly tired."

Of course she could turn her head. She did and Enos was there, sprawled out in the big leather easy chair, his feet on an ottoman. Dear Enos, she thought, faithful Enos. Always there when you need him. Of course she didn't want to wake him. She closed her eyes again and slowly drifted off.

And then Laurie was touching her, waking her up. Laurie was holding out a pill and a glass of water; Laurie was saying softly, "I'm a fine nurse, I am. I almost forgot your medicine. All you have to do is swallow this, Ann, and you can go to sleep again. For a long, long time. Here, I'll help you," and her firm hands went under the pillow, raising Ann up so that she could take her medicine.

She had just managed to get her mouth open when, from the doorway, a flat voice said, "All right, Laurie, that's enough! Put it down —PUT IT DOWN, I SAY!"

Laurie froze quite still and the old familiar terror washed over Ann and it was like the suspended action you see sometimes in movies when the camera stops.

"I SAID, PUT IT DOWN!"

And then Enos — who wasn't sleeping after all — got up very quietly and came over and got the glass out of Laurie's hand. He tried to get the pill too but Laurie fought like a wildcat and jerked and got away from him and put the pill in her owr mouth.

Ann thought resentfully. She isn't sick, what right has she to take my medicine? But when she realized suddenly that it was only another dream. And a pretty silly one, too.

(To Be Continued)

Looking At Life -- By Erich Brandeis

"THE society which fosters research to save human life cannot escape the responsibility for the life thus extended," Dr. Edward L. Bortz, president of the American Medical association, said in a recent address. "It is for science not only to add years to life, but, more important, to add life to the years."

BRANDEIS

"To add life to the years"—there in six words is one of the greatest problems that face us today.

Enormous strides have been made in prolonging life.

In 1919 less than one-fifth of the population of the United States was 45 or over and the average person of 45 had about an even chance to live to the age of 65; today a man's changes are about 70 in 100 and a woman's are better than 80 in 100.

But what are we doing with our older people?

Medicine and science in general have made enormous strides in adding to the years of our lives. But our social and economic forces have not at all kept step with the forces of science.

• • •

Industry and commerce cling to the old idea that at 40 an employee is ready for the scrap heap, and few concerns hire help above that age.

Here is one of the phenomena of the situation:

I know any number of men fifty, sixty, yes seventy years of age who are holding down positions at the head of their concerns, and none would doubt their ability for a moment.

Bernard Baruch's mind today is as clear as it ever was. Walter Gifford, head of the American Telephone company, is in his sixties. General Douglas MacArthur is a candidate for the presidency at 68. Frederick Moore Vinson, at 58, is one of the youngest men ever to hold the office of Chief Justice of the United States.

• • •

BUT let a man or a woman of 45 go around and apply for a minor clerical job and they are told that they are too old.

To old for what?

Certainly a woman of 45 or 50 isn't hired for her looks any more, nor a man of that age for his physical strength or the agility of his feet.

But for loyalty, for experience, for good judgment, for steadiness and good attendance, the older people will invariably be infinitely better risks than the young girls whose one ambition in life it is to get married, or the boys who think much more of tonight's fun than tomorrow's career.

Unquestionably there are jobs that require youth and the pep that only youth has. But there are thousands of other jobs where the assets of age are well worth their price.

In just a few more years we shall have millions of people in the fifties and sixties who, by progress of science, will still be active, alert in mind and potentially useful to industry and commerce.

Are we going to condemn them to thumb-twiddling and to old folks' homes?

Why prolong life if we don't prolong living?

Funny Business

"I can't back out straight, so I had the driveway made accordingly!"

IN GUARDING FREEDOMS

Pressure Is On U.S.

By RAY TUCKER
Special Correspondent

WASHINGTON— Russia's hostile pressures against the United States have had a reactionary and repressive effect in this country that is regarded as a more dangerous threat to the western way of life than the eventually ruinous expenditures for foreign aid and national defense which the prospect of World War III has forced upon us.

The fear of Communist fifth columns in peace or wartime has generated a witch-burning campaign that carries a distinct menace to the very civil liberties the U. S. seeks to preserve in its all-out resistance to the spread of Marx-Stalin ideas.

TUCKER

It is reminiscent of the "Red" raids, secret arrests and summary deportations inspired by former Attorney General A. Mitchell Palmer in 1919 - 1920, and of the Adams Alien and Sedition Laws of the early nineteenth century—excesses for which the American people grew ashamed when the anti-foreign fever had passed.

• • •

EXCUSE: Anxious Washington observers regard this phenomenon as quite natural and understandable, in view of the behavior of the Kremlin and its allies outside the "Iron Curtain."

But they wonder whether the public in general realizes how far the spirit of suppression of those famous "four freedoms" has extended at the Capital and elsewhere. They chalk it up as an unfortunate reaction which, although imposed upon us by Moscow, gives Communist propagandists a powerful argument against the greatest and oldest democracy of them all.

Russian newspapers, magazines and orators delight in highlighting recent attempts to restrict the liberties of religion, our political system, the press, education and organized labor. It is true that they misrepresent many of these seeming or real infringements. But it is also true that we give them an excuse to distort the proposed weakening of civil liberty guarantees over here.

• • •

SUPPRESSION: Frightened leaders of both major parties have been equally active in promoting these movements. And in view of President Truman's Civil Rights campaign, it is ironic that the Administration has taken the lead in the parade.

Although the Administration originally pooh-poohed charges that many Commies had infiltrated its ranks during the New Deal regime, Mr. Truman quickly switched to what he considered the popular side. He sponsored a loyalty order which does not permit the accused to learn the charges against him, to enter any defense or to appeal to the courts. It has been slightly modified but it is still weighted against the legal rights of the individual.

He approved a proposed directive under which almost all news of executive activities could be withheld from the public. Under it a minor departmental official could label any document as "top secret" and anybody who revealed its contents thereafter could be discharged and otherwise punished.

Both these efforts at suppression of information, which would have enabled the government to operate in the dark with respect to questions involving the national and individual security, were blocked only by newspaper exposes.

• • •

SIGNIFICANCE: This contagion, naturally, spread to Capitol Hill, and manifested itself in the proposed Hoffman Act. That statute called for the indictment of any member of Congress who gave out news previously labeled as "confidential." It would also have penalized any reporter who contributed to its publication.

In view of the growing tendency at Washington to conceal and withhold and suppress information on almost every question of public interest, the Hoffman proposal would have reduced reports on Congress to a listing of the fact that they assembled, listened to prayer and recessed. When its significance became known—again through the press—leaders like Speaker Martin and Majority Leader Halleck marked it for amendment or killing.

• • •

REVOLUTIONARIES: The same group which fathered the Hoffman Act—the House Committee on un-American Activities—now demands the outlawing of the Communist Party and legal action against members of that organization. Although many "comrades" may be such only because they are constitutional "aginners," it would hold that their membership, ipso facto, brands them as revolutionaries seeking to overthrow the government.

Distinguished legal experts hold that such a law would be held unconstitutional by the Supreme Court. But they offer the more practical argument that it would drive Stalin's friends underground and make it more difficult to ferret them out for exposure or punishment.

Harold E. Stassen immediately declared in favor of this proposal, although he opposes the Taft-Hartley provision that unions be barred from using NLRB machinery if their leaders refuse to swear that they are not Communists. It is deprecated by Senate Leader Robert A. Taft and Governor Thomas E. Dewey, not to mention FBI Chieftain J. Edgar Hoover.

• • •

STRATEGY: With Washington setting such an example, the publi has not failed to follow suit.

Senator Taft was picketed and vilified when he campaigned in pro-labor sections. Riots and rough stuff have punctuated many Wallace meetings. Even President Truman has been booed. Violence clashes mark almost every pro or anti-labor rally. Even ministers of the gospel cannot agree on how to meet the Russian menace.

It looks as if Stalin has achieved his primary purpose by getting us to fight among ourselves. It is the same sort of Marxist-Lenin strategy which enabled him to divide and rule the Russians.

• • •

BOOKKEEPING: "You recently stated," remarks C.G.M. of Columbus, S. C., "that the Social Security fund consists of seventeen million dollars worth of U.S. securities. My understanding is that this is only a bookkeeping proposition: The money collected is paid into the General Treasury Fund, and there are no assets except the obligation of the government to pay off beneficiaries under the program."

Answer: C.G.M. is correct. Uncle Sam uses money paid in for current operating costs, depositing an equivalent amount of federal securities in the S S. account. It is almost as if a poker party drew down a certain percentage out of each pot to pay for the cards, the host's rent, the refreshments and what-have-you.

A scientist in Sweden has developed a device for listening to molecules. It seems there is no such a thing as privacy anymore.

A resort is a place where they may not know everything, but they know how to charge.

America is returning to normalcy. People have again started jumping from tall buildings.

Believe It Or Not-By Robert Ripley

IN GUARDING FREEDOMS

U. S. STAND MAY BE FORCED

Showdown Seen On Soviet Offer

By THOMAS L. STOKES
Special Correspondent

WASHINGTON—The peace offer which was poked slyly through the Russian iron curtain last week and went whirling on its way with the speed of sound is likely to become something more than a two or three-day sensation in the files of old newspapers.

It is probable that we will hear much more about it and that eventually it may come to something, despite our official disclaimers that the Russian government took too seriously our casual hint of an "open door" to discussion to differences between the world's two greatest powers.

STOKES

It may come to something for a very simple reason — namely, the earnest desire for peace among our own people, which needs no proof; the same earnest desire among the people of Russia as shown by reports of their grateful reception of the news of the exchange of notes between our Ambassador Bedell Smith and Russian Foreign Minister Molotov; and what we may be sure is the same sort of feeling among the millions of Europeans who are wedged between us and Russia, and who live among the ruins of what would be another battlefield, if war should come.

• • •

Soviets Must Take Step

It is perhaps the consciousness of all this that caused President Truman and our State department to leave the door open, though they fumbled at the latch for a long time, like the tipsy husband and his friend who was invited in for a nightcap—just one more—after an evening with the boys. We have attached a condition to opening the door wide. Russia must show her sincerity by doing certain things. The next move is up to her. But the fact that she took the first step offers promise that she may take the next.

And public pressure from all over the world—from the people—surely will continue. For the word is out now that something is possible in a situation that looked so hopeless for so long. The issue will be forced right into our politics, as is obvious already, which was undoubtedly Mr. Molotov's aim. Whatever his overall objective, he was very clever there, and revealed an insight into American psychology for which perhaps he has not been given enough credit.

• • •

All of this recalls something at the United Nations drafting conference three years ago at San Francisco. Mr. Molotov was unable to understand American newspapers—the freedom with which they operated, how they had no hesitation in criticizing their own government and public officials or in attacking other governments and their officials, the free and easy way they printed feature stories filled with homely details about prominent characters, ours and those of other nations.

Evidently Molotov has learned He seems now to understand very well how a story such as that he started the other day would get full play from all angles and how it would be hashed over and interpreted from every standpoint, so that sooner or later everybody would know all about it. The iron curtain doesn't operate here.

And, as for this whole thing being thrown into politics, there is an ironic aspect there. Very carefully Secretary of State Marshall explained that the reason for Ambassador Smith's original note was so that no misunderstanding might arise as to our policy from what might be said during our political campaign. But the upshot of it all is to throw it full-blown into the campaign. We've always done it that way and here is a fervent wish that we always shall.

• • •

Not Interested In Details

Taking advantage of that freedom which mystified Mr. Molotov, it is suggested—if timidly—that he beat us at our own game. Americans and Russians as people are frank, outspoken, occasionally blunt, using the direct approach, even if our diplomats do not ordinarily operate so. But Mr. Molotov broke through protocol by broadcasting to the whole world a confidential note.

This seemed to annoy some of our diplomats very much, though it must be said that Secretary Marshall did not seem too concerned. And it is doubtful if our people are much concerned about that. People are not inclined to take diplomatic protocol too seriously. There are too many important things at stake, like life and death, and living in peace. They got the news—which was the important thing.

• • •

It is perhaps futile to expect—even in this critical hour of world history—that diplomats will begin to talk or act like people, but maybe Mr. Molotov broke the ice and performed a service by his faux pas in the diplomats' Emily Post.

Even Secretary Marshall slipped into the diplomatic gobble-degook, or maybe it was somebody who wrote the formal statement he read in to his press conference. The following paragraph may not be strange but it sounded so to one who listened as he read it:

"It would be unfortunate if an attempt were made to sit down at a table and enter into general discussions and have the discussions result in failure to reach agreements or result in disputes over the obligations which might be undertaken in such agreements."

Why, then, do people ever sit down to talk things over? Now, Mr. Marshall!

Former Wife Of Stokowski Found Dead In Apartment

NEW YORK, May 17 (U.P.)—Mrs. Olga Samaroff Stokowski, 65, first wife of orchestra conductor Leopold Stokowski, was found dead today in her apartment.

Police said death apparently was due to natural causes. Recognized as a concert pianist in her own right, Mrs. Stokowski was a native of San Antonio, Tex., She changed her name from Hickenlooper to Samaroff on the advice of a manager who told her she must have a more exotic name to be accepted by the American public.

She was married to Stokowski in 1911 and they were divorced in 1923. They had one daughter, Mrs. W. H. Thorbecke, of Cambridge, Mass.

Stokowski now is married to the former Gloria Vanderbilt.

KLEEREX makes pimples DISAPPEAR INSTANTLY*

Amazing Kleerex covers up* ugly pimples, blackheads, salt dries them—often overnight! Soothes soreness; relieves itching. *Double your money back if it fails. Ask for KLEEREX at all druggists. 49c

MARKET RESUMES RALLY
NEW YORK, May 17. (AP)—The stock market resumed last week's advance late today after wading through heavy profit taking sales most of the day.

Closing gains ranged from fractions to around 2 points, which placed the market generally at a peak since August, 1946. Declines, and there were a good handful, were mostly fractional.

Most individual issues changed hands than in any single session, topping the previous peak reached in Friday's racing market. Of the 1,396 issues listed, 1,161 were bought and sold.

Volume continued at a high level although below the rate of Friday's and Saturday's tempestuous dealings. Sales of 3,050,000 shares compared with 2,590,000 in the two-hour week-end session and 3,840,000 Friday.

The Associated Press average of 60 stocks moved up 1 of one point to 71.3. This compared with Friday's advance of 1.7 and Saturday's .4 of a point.

Pure Oil Co. stock leaped in front of the market in the last few minutes of trading. The company announced production had started from the deepest level of any oil well in the state and a rush of buying orders appeared almost at once. The ticker tape reported a transaction of 8,500 shares at 40, a gain of 4½ and a new high.

Also higher were Owens-Illinois at 66, Santa Fe at 115⅛, Southern Pacific at 32, Atlantic Coast Line 61, Superior Oil of California 222 (up 4), Paramount Pictures 25, American Telephone 156, Douglas Aircraft 64½, Lockheed 23, Goodrich 63½, Anaconda 39½ and Schenley 33½.

Set back a little were Bethlehem Steel 36⅝, International Harvester 90, Westinghouse Electric 37½, Du Pont 181½, Union Pacific 188, Gulf Oil 75⅝, and Studebaker at 27⅝.

U. S. Government issues moved up sharply in the over-the-counter market, which was interpreted in many quarters as a sign that inflationary forces were still at work.

Produce

CHICAGO REPORT
CHICAGO, May 17 (AP) — Produce: Poultry: 22 trucks, market steady. No price changes. At A Glance

NEW YORK, May 17 (AP)
STOCKS—Higher last-hour demand lifts market.
BONDS—Improved; U. S. governments up sharply.
COTTON — Higher; short covering and mill buying.
CHICAGO:
WHEAT—Steady; late rally cancels losses.
CORN—Steady; short-covering.
OATS — Slightly lower; trade active.
HOGS — Active and $1.00 to $1.50 higher; top $22.50.
CATTLE — Active and 25 cents to $1.00 higher; top $34.00.

Cotton

NEW YORK REPORT
NEW YORK, May 17 (AP) — Cotton futures were irregular in moderately active dealings today.

Early losses extended to $1.50 a bale as commission house and New Orleans profit taking met only scale down trade support.

Slowness in the development of export business prompted some July liquidation and switching into the new crop deliveries.

The market showed rallying tendencies in later dealings as mill buying and local covering met only limited offerings.

New crop deliveries advanced into new high ground for the day in the final hour of trading on short covering.

Futures closed 80 cents a bale lower to $1.30 higher than the previous close.

	Open	High	Low	Close
July	37.74	37.74	37.34	37.58
Oct.	34.17	34.45	33.94	34.38-40
Dec.	33.56	33.84	33.37	33.80
March	33.23	33.45	33.01	33.40
May	32.90	33.12	32.80	33.06
July	32.15	32.25	31.90	32.15

NEW ORLEANS REPORT
NEW ORLEANS, May 17 (AP) — Cotton futures declined early here today but in the last hour of trading rallied shortly on heavy short covering.

Closing prices were barely steady 85 cents a bale higher to 75 cents lower.

	Open	High	Low	Close
July	37.65	37.72	37.55	37.50-53
Oct.	34.11	34.45	33.94	34.33-34
Dec.	33.84	33.86	33.33	33.70-76
March	33.34	33.41	33.14	33.32
May	32.70	33.08	32.70	33.05

AVERAGE PRICE
NEW ORLEANS, May 17. (AP)—The average price of middling 15/16ths-inch cotton today at ten designated southern spot markets was 75 cents a bale lower at 38.08 cents a pound; average for the past thirty market days 37.64. Middling ⅞ths-inch average 35.53.

Livestock

FORT WORTH REPORT
FORT WORTH, May 17 (AP) — Cattle 4,900; calves 1,600; very uneven; common and medium slaughter yearlings, heifers, low grade common and medium and low grade calves 25-50c lower, other slaughter cattle and calves fully steady; stockers generally steady; medium an dgood steers, yearlings and heifers 24.00-28.00; plain slaughter grade 16.00-22.50; medium and good beef cows 19.00-24.00; canner cattle and common cows 12.00-18.50; bulls 16.00-23.50; good and choice fat calves 25.00-30.00; common and medium .17.50-24.50; culls 15.00-17.00; stocker and feeder calves, yearlings and steers 22.00-27.50, few choice calves to 28.00; stocker cows 15.00-20.00.

Hogs 1,000; butcher hogs and sows mostly 1.00 higher; stocker pigs steady top 23.00 paid for good and choice 180-260 lb. hogs; good 275-375 lb., 20.00-22.75; good 150-175 lb. 21.00-27.75; 130-140 lb. 16.00-17.00; stags 15.00 down; stocker pigs 16.00-20.00.

Sheep 30,000; largest receipts of the season; slow; spring lambs steady; good shoe lambs 50c-1.00 higher; low grade showing lambs slow; slaughter ewes steady to 50c higher; cull common kinds showing advance; feeder lambs around 50c higher; good and choice spring lambs 27.00-28.50; common and medium spring lambs 20.00-26.00; good and choice showing lambs averaging 95 lbs. topped at 27.50, a new all time high; other medium and good showing lambs 23.50-27.50; slaughter ewes 9.00- to 13.00; medium and good showing feeder lambs 18.50-20.00.

KANSAS CITY REPORT
KANSAS CITY, May 17 (AP) — Cattle 7,500; calves 1,100; active, slaughter steers and heifers mostly 50 higher, spots 75 up; cows strong to 50 higher; bulls 50 up; vealers and killing calves steady to strong; stockers and feeders strong to 50 higher; bulk good and choice fed steers 30.50-33.00; medium to low good short feds 27.50-29.75; scattered good to low choice heifers 30.50-32.00; 2 loads good and choice mixed yearlings 32.50; good cows 22.00-26.00; common and medium 19.50-23.00; good and choice vealers 25.00-28.00; good and choice stocker and feeder steers 26.50-30.00.

Hogs 9,200; active, uneven, 75-1.25 higher than Fridays average, mostly 1.00 up on all weights and sows; top 23.00; good and choice 180-240 lb. 22.50-23.00; 250-270 lb. 20.50-22.00; 280-375 lb. 17.50-19.50; sows largely 14.00-15.25; a few light weights 15.50.

Sheep 3,100; moderately active, no spring lambs sold early, best held above 31.00; fed lambs around steady, ewes fully 1.00 higher; odd lots good and choice wooled lambs upward to 28.00; medium and good clipped lambs with No. 2 skins 27.00; 2 carl common to medium 24.00; good and choice slaughter ewes 13.00.

Grain

CHICAGO REPORT
CHICAGO, May 17 (AP) — Grains rallied toward the close of the board of trade today. Early losses were for the most part erased. Trading was active with short-covering a factor in the late rally.

Wheat closed ¼-1¼ higher, May $2.45¼-½, corn was ¾-1¼ higher, May $2.30⅜-2.30, oats were ⅛-1⅛ lower, May $1.15-1.15¼, and soybeans were 8 cents higher, May $4.14.

FORT WORTH REPORT
FORT WORTH, May 17 (AP) — Wheat No. 1 hard 2.51¾-56¾¾.
Oats No. 2 white 1.33-34.
Corn No. 2 white 2.76-78.
Sorghums No. 2 yellow milo per 100 lbs. 3.95-4.00.

Brutal Slayings

(Continued From Page One)

incinerator.

Police said Hansen broke down under questioning and admitted the slayings. His story was slightly incoherent.

Hansen told officers that he awoke in the apartment last Thursday night to find Dirksen beating Mrs. Dirksen with a hammer. Hansen said he shot Dirksen with a small caliber pistol. County autopsy surgeon Dr. Frederick Newbarr said there were two bullets in each head.

Took Bodies To Desert

Hansen told police and newsmen:

"I yelled at Dirksen and he hit me with a bench. The next thing I knew I was standing there with the gun and the hammer and they were dead."

He told authorities he took both bodies in the trunk of the Dirksen automobile to the desert where he attempted to bury them. Then Hansen related that he returned to the Dirksen home with the bodies, severed the hands and heads, and took the child to a woman to care for it.

Officers were unable to find the bodies.

Asked if he dismembered the bodies in order to avoid fingerprints, Hansen replied:

"I didn't know they had fingerprints. I don't know why I did it. I must have been crazy."

State Politics

GROMYKO BLAMES U. S.

Soviet Opposition Scuttles UN Atomic Weapons Control Plan

LAKE SUCCESS, N. Y., May 17 (INS)—The United Nations Atomic Energy commission today gave up its two-year struggle to overcome Russian opposition to veto-less world control of atomic weapons.

By vote of nine to two — with only Russia and the Ukraine objecting—the commission adopted a draft report by the U. S., Britain and France suspending the atomic control talks and referring the entire problem to the General Assembly.

That halt in atom control talks at Lake Success coincided with announcement in Washington that the United States has just completed successful tests involving three atomic weapons of improved design, at Eniwetok atoll in the central Pacific.

Gromyko Blames U. S.

Soviet delegate Andrei Gromyko in a final speech pinned all blame for failure to reach agreement on the United States. U. S. representative Frederick Osborn presided at the meeting.

Today's decision means that the General Assembly in Paris next September will have to re-canvass the entire atomic control outlook.

The commission's action also wrote finis to the tenacious Russian diplomatic maneuvers at UN to get the U. S. either to share the atom bomb secret or to yield to an agreement to destroy and outlaw atom bombs and atomic stockpiles.

Approval of the suspension recommendation in addition sounded the death-knell to Soviet efforts to impose its own formula of atomic control on the world.

The resolution as voted included the following conclusion on various Russian proposals presented to the commission in opposition to the Baruch plan principles:

"The commission finds that the Soviet Union proposals ignore the existing technical knowledge of the problem of atomic energy control, do not provide an adequate basis for the effective international control of atomic energy and the elimination from national armaments of atomic weapons, and therefore, do not conform to the terms of reference of the Atomic Energy commission."

Before adjournment, G. L. M. McNaughton of Canada stressed that a framework for atomic control has practically been achieved. He described the control document—which includes the Baruch plan for veto-less punishment of violators—as "a challenge to the forces of reaction, ignorance and timidity to face up to the present situaiton, which includes the inescapable fact of our entry into the atomic age."

The commission decided to hold one wind-up meeting later on to clear up technical work.

Gromyko accused the three delegations who proposed suspension of the atomic control talks with wishing to avoid progress in atomic control and warned that "only those who call for a new world conflagration" are opposed to the Russian-sponsored control measures.

The Russian alleged that the U. S. in effect "vetoed" the Soviet demand that atom bombs and atomic stockpiles be destroyed and prohibited before an atomic convention should be discussed.

Army Nurses On Duty Must Join Reserve To Keep Job

All army nurses now on duty and holding reserve commissions in the Army of the United States are being advised that these temporary war-time commissions expire as of June 30, 1948, according to a recent bulletin from the Office of the Surgeon General.

Nurses desiring to remain in the service from that date forward may do so by accepting appointment in the Army Nurse Corps section of the Officers' Reserve corps. There is no way in which they may stay in army service as reserve nurses without this ORC commission. All future appointments in the regular Army Nurse corps, also, will henceforth be made from among those women holding Officers' Reserve corps commissions.

Nurses now holding army reserve commissions who do not apply for and accept commissions in the Army Nurse Corps section of the Officers' Reserve corps before May 31, 1948, will be automatically seperated from the service on that date.

Rites For V. B. McBride, 56, Of Lubbock Are Conducted

Last rites for V. B. McBride, 56, of 909 Ave. L were held at 4 p.m. Monday in the Broadway Church of Christ with Elder Liff Sanders and Dr. H. I. Robinson officiating. Burial was in Lubbock Memorial cemetery under the direction of Sanders Funeral home.

McBride, a resident of Lubbock since 1908 and a superintendent for Tidmore Construction company at the time of his death, died at 3:30 p. m. Sunday following a heart attack.

Survivors include his wife, his mother, Mrs. Mary E. McBride of 1623-B Tenth; a sister, Mrs. Tom Adams of 1623-B Tenth, a half brother, Ernest McBride of Baird, and two half sisters, Mrs. Florence Hooten and Mrs. Effie Griffith of Austin.

Pallbearers were J. I. Kilpatrick, Tate Wright, George Best, Bob Pendergrass, Doug Lowery and a Mr. Payne. Honorary pallbearers were the members of Local Carpenters Union 1884, of which Mr. McBride was a member.

This year's livestock marketings of all kinds of meat animals will fall short of last year's marketings. Farmers have fewer cattle, hogs and sheep than a year ago.
