Spur Bulldogs To Meet McMurry Freshmen Fri.

(H. F. Dodge)

Coach Wadzech was quoted in a Plains paper as saying he wanted a game with a strong team to beat him. Not that he wanted to lose a game but that a hard game would do his boys good. So as to be sure he would get a good team, Mr. Wadzech picked a game with a squad he knew would give him competition—the Freshman team of his old Alma Mater, McMurry.

The Bulldogs hereto, had easy picking on their home ground but Friday there promises to be real competition against them, hence, a break for the fans that like a close game. There is nothing that would suit Coach Wazech better than to beat a team representing McMurry College, and will have his first team in the game with the orders to give 'em the works.

The boys have been through several stiff workouts this week and will probably open up some plays that have so far been kept under cover. The Freshmen have a good team but the Bulldogs are a powerhouse and the fans are to be treated to a real football game Friday at the Fair Park.

Flores - Campbell

A courtship of several months culminated this week the marriage of Vernon Campbell, Spur, to Miss Edna Pearl Flores of Lorenzo. The ceremony took place at the home of Rev. Bill Flores in Ralls Monday afternoon at 5:30 o'clock, with Rev. Flores, uncle of the bride, speaking the nuptial solemnities.

Mrs. Campbell is the daughter of Mr. and Mrs. O. P. Flores, who reside near Lorenzo. The family has made their home at Lorenzo for several years, are highly respected among their many acquaintances, and have a host of friends in that territory. The bride is a charming and accomplished young woman, and is very popular with the young people of her city. She is a graduate of the Lorenzo High School, having finished her grade work there with the class of '33.

Vernon is the son of Attorney and Mrs. V. J. Campbell of Spur. He is a trustworthy and enterprising young man being an employee of the Fair Store here at present, and having been at times connected with other business firms here. He is a graduate of the Crosbyton High School, member of the 1933 class, and moved to this city more than a year ago. He has a host of friends here and is promising for the making and maintaining of a happy home.

The Texas Spur and a host of Spur citizens welcome the young bride to Spur and wish the couple a rosy path of matrimonial homemaking.

Hale Grocery Store Celebrates First Anniversary Here

Ringing up the end of the Store's first year of successful business, Terrell Hale, owner and manager of the Hale Grocery, is putting on some very special prices this week to mark his entrance into the coming twelve months. The advertisement of the store appears on another page of the Texas Spur.

Mr. Hale remarks that on reaching the first anniversary of his business in Spur he is well pleased with the splendid business accorded him, and that he is planning for a growing business in the future. He has just completed rearranging his fixtures and stock, adding much new stock, and says he's "stepping up service to the top notch."

Dickens Co. Entitled To Send Four Boys To CCC Camps

This office has received instructions from Austin wherein Dickens County will be entitled to four boys to be sent to the C. C. C. Camps. These boys must report in Lubbock, Teras on Monday, October 8th. Make your applications to this office not later than 3:00 o'clock, Friday, October 5th, 1934. Selection will be made by the County Committee on Saturday morning, October 6th.

O. C. ARTHUR,
Administrator.

Hindman - Bennett

Among the many other optomists who have recently taken the marriage vows are Mr. and Mrs. D. A. Bennett, who are already established in their farm home in the Gilpin community. The groom hopefully and jauntily, has been seen sowing wheat turnip seed, and soforth, also hoeing down his fine crop of weeds which immediately took the advantage of the showers which came too late to make feed stuff and cotton. The bride among her many other new found duties is now merrily preparing three square meals per day, on time, and we agree with him, they are good meals. Three cheers for them we say, and for all the other optomists who are helping to carry out the prophecy: "they shall marry and be given in marriage till Christ comes again." for who but an optomist would marry now?

The wedding took place at the home of the bride's parents, Sunday morning, September 16, at 10:30 o'clock with Rev. W. B. Bennett officating. The bride (Vivian) is the charming and accomplished daughter of Mr. and Mrs. B. P. Hindman of the Soldier Mound community and has lived here since a child. She is a young lady of stainless character, who numbers her friends by her acquaintances, a graduate from the Dickens High School, and Mr. Bennett is to be

Guy Teague, Spur Football Boy Has Blood - Poisoning

(H. F. Dodge)

Guy Teague, valuable half-back of the Bulldogs, is in the Nichols Sanitarium seriously ill with blood-posoning in his left leg.

Guy received a small scratch in practice last week which became infected, although at the time little attention was paid to it, other than ordinary precautions, although Friday and Saturday he noted the pain had increased. Monday at 10:45 he was carried to the hospital in an unconscious condition with fever running to 104 6-10 with a serious case of blood-poisoning. His temperature still wavers around 103 and is delirious at intervals while his condition is critical.

Guy has proved himself a valuable asset to the Spur football team and will be missed the remainder of the season. He was a good ball-carrier and passer, but it was his blocking that proved a sensation on the field. When a man was to be blocked out, it was Teague that carried out the assignment and his men stayed blocked!

We, along with his team-mates, friends, and relatives wish Guy a speedy recovery and hope he will be back among us soon.

Adult Education Through F E R A

Adult education has come to us perhaps a little sooner through the Federal Emergency Education program than it otherwise would but it has come to stay. This machine age has brought to us leisure that we, as a nation, never before have had. Most of us do not know how to use it. We can work because we are accustomed to that but when work is over we are restless and ill at ease. Sometimes for lack of anything else to do we restore to private or community fusses for our excitement. A person's age can be very well estimated if his interests in life are known because it is a well established fact that old age is a period where the interests in life become fewer. Some people's lives during the later years are dominated almost entirely by only one or two ruling interests. The individual who is interested in the greatest number of things lives the fullest life. Life is teaming with activity and satisfaction but if we do not make an attempt to seize on to some of it, all of this may pass us by.

Our nation needs more recreation. Many people depend almost entirely on the picture show. When the money becomes scarce as now, there remains nothing to do after the work is over. This year we need recreation perhaps more than ever before.

The National Government through the Federal Emergency Education program is paying unemployed qualified people to teach adults almost anything they want to learn. An adult is defined as a person not in school who is sixteen years or more old. As an example of the kind of thing that can be taught a good mechanic who is capable of giving instructions in his line can teach his work to eight adults. A music teacher can train an orchestra, a vocalist can teach singing, and a recreationalist can teach games. A beauty parlor operator can teach women how to take care of themselves and their families. This beauty course and other vocational courses should not be taught in such a manner as to conflict with established schools in the field. In other words, the students can not be turned out to become beauty parlor operators. These subjects taught are not supposed to have any commercial values.

Mr. Darnell, our zone director in the Emergency Educational program, says that East and West Texas are getting most of these classes. West Texas is unusually awake to everything of the kind but he says that the indications are that we are going to sleep on our rights and are permitting this money and this opportunity to escape.

If you are interested in taking any kind of course or teaching anything please send me a card immediately stating subject or subjects.

MADGE D. TWADDELL

Spur Boys Defeat Roaring Springs 47 to 0 Friday

(H. H. Dodge)

The Roaring Springs eleven was smothered under a deluge of touchdowns at the hands of the Spur Bulldogs at the Fair Park Friday in the first conference game of the season. The game was slow, marred by frequent penalties and time-outs, but showed the determined strength of the Bulldogs that threatens the contenders of this district.

Only once, in the third period, did the Roaring Springs eleven threaten, that against the second team, with a desperate attack from the air that carried the pig-skin deep in Spur's territory. The threat, however, was stopped without score as Coach Wadzech quickly sent in first string reinforcements.

Both teams played a clean game, contrary to some statements refering to the Bulldogs, although the Roaring Springs men suffered from the hard tackling and blocking of the high-stepping Bulldogs.

FIRST QUARTER

Roaring Springs, after taking the kickoff, was forced to punt as the powerful forward wall of the Bulldogs held them to 6 yards in three plays and shortly after taking the kick on the 50 yard line, the Bulldogs scored their first touchdown after a steady march through their opponents line, but failed to kick the point. Spur-6; Roaring Springs-0.

The second attempt of Roaring Springs in advancing the pig-skin was even less successful, and Spur blocked the punt, Scoggins swooping up the ball and ran 15 yards for a touchdown. The try for point was good. Spur-13: Roaring Springs-0.

The remainder of the period was scoreless, though Martin raced 60 yards for a touchdown that was called back.

SECOND QUARTER

In the second period the Bulldogs unveiled an attack that swamped their opponents with four touchdowns. Bingham, hard tackling center for the Bulldogs, started the scoring by intercepting a pass and running 52 yards for a score. Next, a punt was blocked on Roaring Springs 5 yard line and recovered back of the goal by Captain Bostic for the Bulldogs bringing the score to 26-0. A 43 yard jaunt by Martin for another and a series of line plunges by McArthur brought the score for the first half 40-0.

THIRD QUARTER

Coach Wadzech started his second team at the half and Roaring Springs opened up with a passing attack that swept the Bulldogs off their feet. They were within scoring distance when the first team took the field to stop the score. The spirited attack of the invaders proved hard for even the brawny first string to hold, and the quarter ended without either team scoring.

FOURTH QUARTER

Roaring Springs attempted to get their offense to clicking again as they tried pass after pass but failed to no avail. Martin started the march for the last touchdown by reeling off an 18 yard run, followed by McArthur that carried the ball to the 14 yard line where Teague made 4 around end and McArthur again took the ball to carry it over for the last score.

The outstanding representatives from Roaring Springs were Goodwin, Captain; Hurst, Bridges and Capshaw, while for Spur Captain "Frosty" Bostic, Teague, Scoggins, McArthur and Martin were outstanding.

Mrs. I. G. Van Leer returned Friday to her home in Spur after spending a few days visit with her daughters, Mrs. Rhodes of Eastland, and Mrs. Nomie Rodgers at Post, Texas. Mrs. Van Leer says she will continue her residence in her home in Spur.

Mother of E. M. Wilson Died at Cisco Tuesday, 2

Word was received in Spur Tuesday from Mr. and Mrs. E. M. Wilson who have been at the bedside of Mr. Wilson's mother, Mrs. J. W. Wilson, for the past week, that she expired after her short illness at Cisco. Mrs. Wilson died at ten o'clock Tuesday morning.

Funeral services were held Wednesday at Cisco, and interment was made in the Eastland cemetery.

W. R. Weaver and Bynum Britain, both employed at the West Texas Utilities office here with Mr. Wilson, left Spur early Wednesday morning to attend the funeral of Mrs. Wilson.

John Baxter Severely Burned At Glenn Last Saturday

A fire that did considerable damage and inflicted severe burns on John Baxter in the cream testing room in the rear of the Dobbs City Mercantile store at Glenn, broke out Saturday when a gasoline burning stove exploded and sprayed its surroundings with gasoline.

Following the explosion Baxter's clothes became ignited and he was very painfully burned before M. R. Ernest and Paul Baxter were able to smother out the flames about his body. After caring for John, Paul and M. R. returned to the cream testing room where the blaze in that place was extinguished. The testing room was greatly damaged, and some damage done to stock in other parts of the store.

Mr. Ernest is manager of the store.

Dickens Co. Singing Convention Postponed Until November 4th.

The Dickens County Singing Convention which was scheduled to hold the next meeting in Dickens has been postponed until Sunday, November 4th, same being the first Sunday in November. The meeting was postponed due to the new school building not being completed.

Youth Sustains Broken Arm in Fall Tuesday

Bernard Mayo, the small son of Mr. and Mrs. F. B. Mayo, who reside a few miles south of Spur, fell from a wagon in which he was riding with his father Tuesday and sustained a break in his right arm near the wrist. He was rushed to the Nichols Sanitarium here where an examination was made and the bones reset.

Bernard was reported resting nicely late last night, not having received other fractures or abrasions from the fall.

500 More Cattle May Be Sold To Government

According to information given out by the County Agent's department, a measure providing for the purchase by the Government of five hundred head of cattle in Dickens County has been extended owners, and the immediate study of the situation is to be effected.

Put into affect as an auxiliary of the original cattle program because of the severity of the drought in this as well as many other sections of the country, the work will be begun at once. Launched under stringent rulings, the applications will be studied and passed upon by the county board only after a thorough investigation has been made of the individual's circumstances as to grass and feed. Each case in which applications are made are to be carefully checked and if the feed situation warrants the purchase of the stock by the Government, the county allotment will go to purchase not more than five hundred head of cattle.

Placing special emphasis on the strict ruling and instructions given the county board, the Agent's department expressed hope that owners of the stock would refrain from making applications where imperative because of the intent of the board to make such thorough investigations and in many cases the probability of perhaps refusing action, although in all cases of appeal for sales of stock, attention would be given.

In most cases, though somewhat short of grass and feed, most owners of stock in this county have already sold all that they care to weed from their herds, and feel that the remainder of the cattle here can be handled, some instances have arisen where action will be needed not only as a financial necessity, but from a humane standpoint. It is the direneed case to which the purchase program is now pointing.

Judge and Mrs. E. J. Cowan had as guests Monday night and Tuesday, her brother, Mr. and Mrs. J. H. Roberts of Chatham, New York. From here they expect to go to Lordsburg, N. M., where they will visit his brother, Raymond Roberts and family where Mr. and Mrs. J. H. Roberts will spend the winter for the benefit of his health. Miss Wilbur also of Chatham, N. Y., accompanied them for a pleasure trip and to accompany Mrs. Roberts on the return trip.

Mrs. L. E. Lee, Mr. and Mrs. Hayden Pierce and baby were Lubbock and Abernathey visitors Tuesday. Mr. and Mrs. Pierce remained for a week or ten days visit.

Miss Patti King left Monday for Lubbock where she will continue her college course in Texas Tech.

City Ordinance

AN ORDINANCE FOR THE PREVENTION OF FIRES, ESTABLISHING FIRE LIMITS, A STANDARD OF CONSTRUCTION, MAINTENANCE, REPAIRS AND REMOVAL OF BUILDINGS, PROVIDING FOR PERMITS FOR BUILDINGS AND FEES FOR SAME, WITH RESPECT TO ALL CONSTRUCTION, REMOVAL AND REPAIRS WITHIN THE FIRE LIMITS OF THE CITY OF SPUR, TEXAS, AND FIXING PENALTIES FOR THE VIOLATION THEREOF.

BE IT ORDAINED BY THE BOARD OF COMMISSIONERS OF THE CITY OF SPUR, TEXAS:

SECTION 1: FIRE LIMITS

That the following described area within the City of Spur, Texas is hereby designated as fire limits.

The East One-half of Block Nos. 5, 12, 21, 28, and 37;

The West One-half of Blocks Nos. 6, 11, 22, 27, and 38;

The North West One-fourth of Block No. 21;

The South West One-fourth of Block No. 28;

The South East One-fourth of Block No. 27 and;

The North-East One-fourth of Block No. 22.

SECTION 2: PERMIT REQUIRED

No wall, structure, buildng, or part thereof, shall hereafter be built, enlarged or altered, until a plan of the proposed work together with a statement of the material to be used, shall have been submitted to the City Clerk, who shall, in accordance with the provisions herein contained, issue a permit for the proposed construction or alteration.

Structures hereafter erected without a permit or not in conformity with this ordinance shall be removed.

No building shall be moved from one location to another within the fire limits until a permit has been obtained therefor. A permit shall be issued only in case the construction is in accordance with this ordinance.

SECTION 3: INCOMBUSTIBLE CONSTRUCTION REQUIRED WITHIN FIRE LIMITS

Every building hereafter erected, altered or enlarged within the fire limits shall be enclosed on all sides with walls constructed wholly of stone, well burned brick, or reinforced concrete and shall have the roof, also the roof and sides of all roof structures covered with incombustible material. All cornices shall be of incombustible material.

SECTION4: FRAME BUILDINGS

No structure, whose walls are wholly, or in part, constructed of wood, shall, hereafter, be built or moved into the fire limits as herein designated, or as they may hereafter be established, except as follows:

A. Temporary one story frame buildings for the use of builders.

B. Small out houses not exceeding One-hundred square feet in area, and eight feet in height, not located within thirty feet of any other building nor within five feet of any lot line.

Any existing frame or iron clad building within the fire limts, which may hereafter be damaged by fire, decay, or otherwise to an amount greater than one-half its present value, exclusive of the foundation, shall not be repaired or rebuilt but shall be removed.

SECTION 5: GAS CONNECTIONS

Gas connections to stoves and similiar heating devices shall be made of rigid metal pipes. For small portable gas heating devices, flexible metal or rubber tubing may be used when there is no valve or other shut off on the device.

SECTION 6: FEES REQUIRED

Before the erection, construction, or alteration, or raising of any building structure or wall or any part thereof, or any platform, staging or flooring to be used for standing or seating purposes is commenced, the owner or lessee, or agent or either, or the architect or builder thereof, shall apply to the City Clerk for a permit to do such work, such application shall be in writing, and shall contain a plan of the proposed work, with a statement of the material to be used with the contract price or estimated cost, and shall be accompanied by a fee of Two & 50|100 ($2.50) Dollars. The City Clerk shall then, upon approval of the application, issue a permit for such improvements if said application is in accordance with the provsions herein contained.

SECTION 7: PENALTY FOR VIOLATIONS

Any person, persons, firm or corporation violating any part of the provisions of this ordinance shall upon conviction, be fined in any sum not exceeding One-Hundred ($100.00) Dollars, and each and every day of such violation shall be deemed a separate offense.

SECTION 8: CONFLICTING ORDINANCES REPEALED

All ordinances and parts of ordinances in conflict herewith are hereby repealed. This ordinance shall take effect from and after its passage and publication.

Passed at a Special Meeting of the Board of Commissioners of the City of Spur, Texas, the 26th day of September 1934.

Approved:
E. J. COWAN,
Mayor

Attest:
L. R. BURROW,
City Clerk

Board Deliberates on County School Bill

Last Friday, September 21, 1934 the County School Board met for the purpose of appraising a Dickens County School Bill which had been prepared by some of the Dickens County citizens. At the end of much study and discussion the following motion was made, seconded, and carried unanimously: The County School Board appreciates the efforts the formulators of the bill put forth in dawing ut up; the main purpose of which was for the betterment of the schools of the county. The County Board further feels that the bill is worthy of more study and consequently appoints a educators of the county to re-write committee of some of the leading the bill if deemed necessary and desirable. Those appointed are Messrs O. C. Southall, Joe M. Rose, W. O. Cherry, John Alexander, Robert Reynolds, A. C. Sharp, Otho Thompson, Sam Z. Hall Malcolm H. Brannen, Charles McLaughlin, Norman Lawson, Mrs. Crocket, and Mrs. Twaddell.

The county Board further suggests that all the people put forth every possible effort to co-operate for the good of all of the schools.

County School Board:
J. L. Karr, President.
C. R. Bennett.
Chas. McLaughlin.
M. N. Lawson.
Joe Thannisch.

Name Chosen For the Consolidated School

At a meeting of the school board of District 22 in the north part of the county, Monday of this week, a name was selected for the new school and district. The name chosen was selected from a large number recently submitted on the occasion of the opening of school. The new school and district will henceforth be known as Patton Springs. The honor of choosing the name selected goes to more than one person. The following persons submitted the name selected: Luther C. Stark, Mrs. Joe M. Rose, Margreit Burns, Newman Young, Johnnie Young, and Mrs. Braddock. In addition to the above the name was submitted by several who failed to sign a name to the slip so that it is impossible to give them due credit.

Formerly the present town of Afton, near which the new school is located, was known by the name of Patton Springs. The natural flowing springs known as Patton Springs are on the same quarter-section of land upon which the new school building will be located.

It is thought that a movement will shortly be begun to change the name of the postoffice serving the school from Afton to Patton Springs. No great difficulty should be experienced in effecting such a change.

On Texas Farms

(By Minnie Fisher Cunningham)

Texas meat canning plants — to the number of 19—are doing their level best to take care of the cattle bought as drouth relief; 8,585,134 No. 2 cans of meat had been placed on the pantry shelf of the Relief Commission by the middle of August. Eight and a half million cans of meat is quite a bit.

All those cans filled with beef products. Next will come the program of buying sheep and goats (which has already started) and the meat will be conserved in the same way.

That is the New Deal in drouth relief. The old way was a heap of whitening bones on the prairie and a total loss to the producer.

There is another feature to New Deal handling of drouth problems—that is planning to make the facts learned from this one serve to help make the next one less terrible.

One such plan is the erosion survey of the whole country undertaken by the Soil Erosion Service of the Department of the Interior. Field work on it was begun this week—to be finished by October 15.

Findings will supply a complete picture of the condition of agricultural lands to be used in the development of the American agricultural policy of the future.

"Let Science Have a Chance' is the title of a recent article by the Secretary of Agriculture and may become the watchword of his department.

WHAT'S WRONG WITH THE MOTORIST?

Reports indicate that 1934 is seeing more men, women and children killed in automobile accidents than in any previous year. Figures supplied by the National Bureau of Casualty and Surety Underwriters show that for the first six months of this year about 20 per cent more people were killed than in 1933, and the worst driving months are yet to come —September, October and November. In 1933, nearly 31,000 per-per cent to this number it will be 37,200, with more than 1,000,000 persons injured. The economic loss will jump into billions.

What is the matter? It is not possible that the drivers of the country have ceased to think. They would not admit that they are willing to wipe out or cripple the population of a large city every year. Yet, they do so, and seemingly they don't care.

There must be some kind of a new gem in the air which infects us all. Perhaps it is the speed bug. In any event, it compels us all to dash somewhere or nowhere in our cars day or night for no pressing reason. Then we come back to the same place in the same hurry. If a man, woman or little child gets in the way, it is just too bad. If another car, or bus, or tree, or stone wall is in the way, that is just a tough break.

Our authorities have been liberal in the matter of driving rules and regulations. On the whole drivers are legally allowed plenty of speed at all times. But this liberality does not extend to the point where the authorities are willing to have an army of people killed every year. The motorists of America should realize that the time will come when the authorities—representatives of themselves and their neighbors—will pass stricter regulations and enforce more stringent penalties. If people will not exercise care for themselves, society as a whole must exercise them. There appears to be no other way out.

DRY LAKE CLUB NEWS

The Dry Lake Home Demonstration Club met September 27, at the club room with an all day program.

The lesson "Getting Ready for Club Exhibits," was discussed and enjoyed greatly.

After the lesson the members and visitors sewed on the school childrens clothes made from old garments brought in from all parts of the community.

Twenty articles of clothing was given to the children. These consisted of coats, dresses, shirts, trousers, sweaters, and underwear, also some children were given shoes and bootees.

Members and visitors present were Mrs. W. A. Harris, Mrs. R. C. James, Mrs. Doc Reed, Mrs. B. Rogers, Mrs. Ola Miller, Mrs. Jeff Smith, Mrs. Bob Pickens, Mrs. Arthur Swanner, Mrs. R. F. Rogers, and Miss Lois Smith.

Our next meeting will be with Mrs. Doc Reed, October 11, at 2:30 p. m. Miss Pratt will give a demonstration on making pickles and relishes. We will also continue our sewing for the needy school children.

STEEL HILL P. T. A.

The opening meeting of the P. T. A. of Steel Hill was held on Friday night, September, 28.

The meeting was well attended and about 22 persons enrolled for membership.

An outline of the work for the year was given by Mrs. Patton, the President.

Committees were appointed and everyone ready to go forward with the work.—Reporter.

BAROCA CLASS ENTERTAINED

Mr. and Mrs. Willis King were pleasant host and hostess to members of the Baroca Class of the Baptist Sunday School Thursday evening, entertaining with a weinert roast on the lawn at their home on West Harris Street.

Mr. King is teacher of the men of the class.

Those present and enjoying this very enjoyable occasion were Messrs and Mesdames Earnest George, Jerry Ensey, Truman Webb, Freeman Moore, Russell Smith and Louie Rice.

1933 STUDY CLUB

The 1933 Study Club met October 2 with Mrs. V. L. Patterson. Mrs. R. A. Taylor acted as leader for a program on "Child Welfare." Mrs. Charlie Powell, Mrs. R. C. Crockett and Mrs. F. F. Vernon rendered interesting papers on the subjects studied.

Mrs. R. A. Taylor was elected as president to the Federated City Council and Mrs. W. R. Weaver as special club delegate to the council.

Mrs. John Albin accepted membership to the club.

The next meeting will be held October 16th at the home of Mrs. R. A. Taylor.—Rep.

MESDAMES HAILE AND LEE ENTERTAINED FRIDAY

Mrs. Fred C. Haile and Mrs. Lawis E. Lee were joint hostess at two delightful social affairs Friday, entertaining with contract bridge in the afternoon and "42" in the evening at the Haile home on North Trumbull.

Mrs. M. R. Earnest received champion prize for making high score and Mrs. V. L. Patterson was awarded traveling prize for making a grand slam in the bridge games. A lovely salad refreshment plate was served the afternoon party guests named below:

Mesdames W. T. Andrews, M. H. Brannen, M. R. Earnest, H. P. Gibson, H. O. Everts, A. C. Hull, F. W. Jennings, L. H. Perry, L. D. Ratliff, W. D. Wilson, Sam Clemmons, J. C. McNeil, Guy Karr, Essie McGuire, W. R. Lewis, C. L. Love, Buster Parish, A. M. Lay, R. R. Wooten, E. F. Laverty, V. L. Patterson, Jimmie Sample, D. H. Zachry, Bynum Brittian, J. T. Wylie, G. W. Grimes, C. B. Jones, Nellie Davis, E. C. Edmonds, Jack Rector, G. J. Lane, Oran McClure, Elzie Watson, Tom Johnston, Roy Taylor, Ermal Lisenby, M. L. Jones, M. C. Golding, Jas. O. Smith, Gerald Wadzech, and Miss Jane D. Wilson.

Again guests assembled at the Hale home at 8 o'clock in the evening and enjoyed several games of "42" following which the hostess served refreshments to Mesdames Luther Hindman, C. L. Love, Sneed Twaddell, P. C. Nichols, Earnest Lee, I. E. Abernathy, H. P. Gibson, W. B. Lee, M. A. Lea, E. S. Lee, Carl Proctor, W. T. Andrews, F. W. Jennings, W. D. Starcher, E. L. Yeats, C. H. McCulley, Jannie Rosamond, Jas. B. Reed, W. E. Putman, Sam Z. Hall, L. R. Barrett, Horton Barrett, W. S. Campbell, B. F. Hale, Dr. Lawler, Roy Stovall, Tom Dickey, J. P. Carson, Jim Foster, W. R. Lewis, J. B. Morrison, E. D. Engleman, J. E. Morris, A. M. Walker, W. C. Gruben, Misses Maud Bailey, Julia Mae Hickman.

Mrs. B. Yeary and two daughter-in-law, Mesdames Esley Yeary and Silvia Yeary, of Floydada spent Wednesday in Spur visiting her daughter, Miss Bessie Yeary and also to have beauty culture work done.

Mr. and Mrs. R. C. Forbis of Afton were in Spur Tuesday. Mrs. Forbis came down to attend a meeting of her literary club which met with Mrs. R. E. Dickson.

Our plan enables you to secure a good part of the hundreds of dollars spent in this vicinity each fall and winter for magazines. Oldest agency in U. S. Guaranteed lowest rates on all periodicals, domestic and foreign. Instructions and equipment free. Start a growing and permanent business in whole or spare time. Address MOORE-COTTRELL, Inc., Wayland Road, North Cohocton, N. Y. 2t

TWO MEMBERS ADDED TO CENTENNIAL COMMITTEE

Dallas, Texas, Sept. 23—Completing its organization by seating two new members from Dallas, the Texas Centennial Executive Committee has swung into action on the task of marshaling the entire state behind plans for celebrating 100 years of freedom and progress in 1936 with appropriate observances at San Antonio, Houston, Goliad, Brenham, Nacogdoches, Huntsville, Dallas and other historic points.

Plans for financing the tSate's share of the celebrations without burdening the general fund are being prepared now and members of the executive committee have shouldered the responsibility of working out this problem to the satisfaction of the Legislature.

The State committee's organization was completed in Dallas when Fred F. Florence and R. L. Thornton were seated as new members of the executive group. Both men were nominated by the Dallas Centennial Executive Committee of which Mr. Florence is chairman. Mr. Thornton heads the ways and means committee of the Dallas group.

Both men are presidents of National banks and are actively identified with civic affairs in Dallas. Mr. Florence served as charman for Dallas county relief work several months and Mr. Thornton is now President of the Dallas Chamber of Commerce.

Members of the executive committee approved the work that already has been done in getting the Centennial movement started and set their sails for more work in every section of Texas.

Centennial workers will do their best in the immediate future to have the question of an appropriation and appropriate legislation considered by the special session of the Legislature. If the present session cannot handle the assignment for lack of time, leaders hope another session will be available so plans for the epochal event can be laid on the knowledge of the money that will be available.

MANY CITIES WILL CELEBRATE TEXAS CENTENNIAL

Dallas, Texas, Sept. 23, 1934 (Special)—Part of the Glory that was San Jacinto pervades the plans which Houstonians are turning in their minds as they look forward to their local celebration during the Texas Centennial to be observed in 1936. This is true because the Battleground of San Jacinto, now converted into a State Park lies only a few miles away along the banks of the Houston Ship Channel. It was on this ground that the immortal Sam Houston, illustrous hero of Texas History, achieved Independence for the Republic of Texas from Mexico, in 1836. There is no lovelier spot for Texas to remember her birthday. Undulating soil is grass grown beneath spreading trees hung with drapery of soft gray moss. In spring a thousand wild flowers embroider the surrounding fields in colors where the ship channel lies sleeping until stirred by a ship slipping quietly out to sea, passing so slowly that it might be in reverence of the path of pioneers. The bluebonnets keep faith with their blankets as they must have spread them for weary soldiers far from home. Mockingbirds still lift their night songs, as they must have done a hundred years ago reminding the brave of two countries of love and home. Here on this beautiful spot, Texans lift their faces to the sun remembering that its victory made possible the passing of a boundary line westward, beyond the Mississippi and the spreading of a great country to the shores of the Pacific.

When Houston has shown the visitors San Jacinto, it has still much more to offer. Its history is intimately entwined with that of the whole state. The city was founded August 30, 1836 by John K. and A. C. Allen, and was named in honor of Sam Houston. It will be interesting to tell the visitor that six flags of sovereignty—Spain, France, Mexico, United Confederacy, Republic of Texas and the Stars and Stripes—have all waved over the soil that is now Houston and on which at one time was located the capitol of Texas.

A short drive from the city into Brazoria County offers a romatic site where once flourished the flower of the Old South. It is plantation country of Anti-Bellum days. Old brick ruins of extensive manor houses, slave quarters and sugar mills hold a great fascination for those who love the memory of a vanquished drama. There is "Waldeck,' once the property of Queen Victoria's cousin, Prince Waldeck, a plantation with its own system of waterworks, extensive park ornamented with statuary and fountains; "Chenango" with its huge brick sugar house toppling down; "Varner," so perfectly kept by the family of the late Governor James E. Hogg; "Peach Point' once owned by Mrs. James F. Perry, sister of Stephen F. Austin, where Austin made his Texas home, and many others equally as interesting. Driving through this country fragrant with the scent from banked tendrils of Cherokee roses; The Magnolia and Clematis, one will forget that it is today, . . . and live in the romantic past.

A stop at West Columbia on the return drive ill reveal the information that the original Columbia once was the Capitol of Texas for a short time. But one will not think long upon that subject. To the imaginative, the air will become pleasantly filled with the songs of happy slaves, returning from the fields at sundown.

FIRST SEAL OF TEXAS WAS A BRASS BUTTON

Dallas, Texas, Sept. 23 (Special)—The first use of a five-pointed star as the emblem of Texas was in 1835 when a brass button, cut from an overcoat, was used as a seal. The large button came from the overcoat of Henry Smith, provisional governor, elected by the Texans when events were shaping themselves for independence, but at a time when the main issue was as to whether the Mexican constitution of 1824 would be observed.

Smith was named governor at a meeting held at San Felipe (Austin County). Needing some kind of a seal for official documents, he cut off one of the decoratice buttons on his overcoat and it was used as the seal. The present seal of the State features a five-pointed star, and the star also is used in the Texas flag.

This historic button may or may not be in existence today. It would be a most interesting relic for exhibition in 1936, when the Centennial of Texas independence is to be celebrated at San Antonio, Houston, Goliad, Brenham, Huntsville Nacogdoches, Dallas and other cities of the State identified with the early history of the Lone Star State.

Reading Fun in Store For Boys of Nation

Here's important news for the boys of America. THE AMERICAN BOY—YOUTHS COMPANION, the nation's quality magazine for boys, has been reduced from $2.00 a year to $1.00. The three-year rate, formerly $3.50, has been reduced to $2.00

"For a long time we have been seeking a way to reduce the cost of THE AMERICAN BOY to readers," states Griffith Ogden Ellis, editor. "Recently we have effected savings that make the cut possible, and we think boys will agree that the new price is big news on the reading front. We hope boys will help us to spread the good news by telling their friends."

Along with the cut in cost, the magazine's publishers are planning a magazine that will continue to set the pace in fiction, articles and departments. The favorite characters of millions of boys will parade through THE AMERICAN BOY in new stories. Douglas Renfrew of the Royal Canadian Mounted, Hiderack, the red-and-gold collie, Bonehead Jim Tierney, the detective, will give the reader many exciting hours in the months to come.

William Heyliger, whose true-to-life, gripping vocational stories have won him wide acclaim from parents and librarians, as well as the hearty approval of boys, is working on new stories. Staff writers are interviewing famous coaches and athletes and world-renowned explorers, to bring boys the color and fun of sports and travel.

In short, THE AMERICAN BOY, under its new price, will continue to give boys a magizine that measures up to the best standards set by adult magazines. Send your subscription to THE AMERICAN BOY 7430 Second Blvd., Detroit, Michigan. Enclose your name and address and the proper amount of money, and THE AMERICAN BOY will soon be headed your way, loaded with reading thrills.

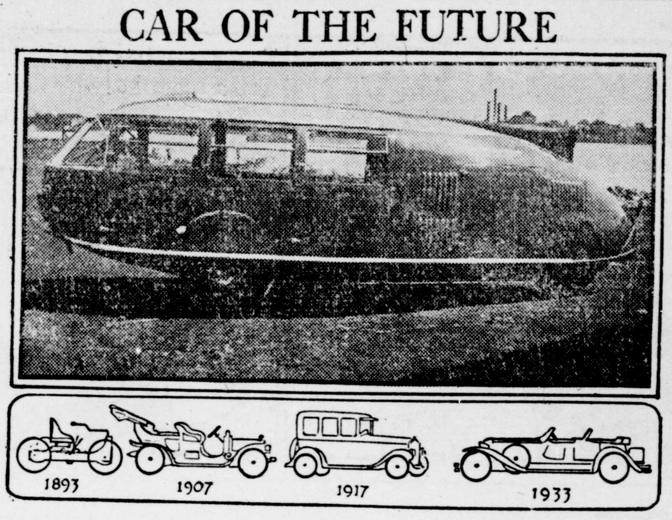

Chevrolet is Highest In July Productions

Chevrolet Motor Company established a production record for the month of July, building 92,947 passenger cars and trucks, the highest July production since 1929, according to an announcement made by H. C. Howard, Xone Manager, Dallas Zone.

To meet the demands of dealers, which continued on a high level during the month, the heavy production schedule was maintained. In the last four full working days of the month, 16.901 units were produced with a record of 4,953 cars in a single day.

Handicapped by a late start in the early part of the year, Chevrolet production set a pace during March and April which was maintained through June, July and the early part of August. It is significant to note that at the close of production on Saturday, August 4, Chevrolet had surpassed last year's total production figure, building 626,303 units as compared with 626,277 units for the entire 12 months of 1933. July sales rivaled the June record in reflecting the current demand for Chevrolet cars. Deliveries made during July totaled 86,570 units, Mr. Howard said. Retail sales for the month, as compiled from dealers' reports and Canadian and export deliveries, were the basis of this announcement.

CAR OF THE FUTURE

To those who are not yet accustomed to the present "airflow" type automobiles, the radically streamlined car shown here may appear somewhat startling. However, in view of the outstanding changes in motor car design made during the past few years, it may not be such a wild prediction to prophesy that cars such as the Dymaxion will be commonplace in the near future.

Certainly, if efficiency of operation gets its proper share of consideration, this unusual car will become highly popular. Powered by a Ford V-8 engine, speed in excess of 125 miles an hour is claimed for it by the designer. With three wheels, two driving wheels in the front and one in the rear for steering, it can almost literally "turn on a dime." Streamlined to the nth degree, it is said to require less than half the horsepower to drive it at 50 miles per hour than does the average car. Because of its five-spring arrangement and its weight balance, passengers are not thrown skyward when the car strikes a bump.

The Dymaxion is the creation of Buckminster Fuller, who has already announced plans for its commercial production at Bridgeport, Conn. In Mr. Fuller's description of the car, the alloy steel used in its construction is strongly emphasized. Chrome molybdenum steel has been used in most of the chassis framing, in all brackets and strut framing, and in long distance transmission control linkage. This alloy steel has been employed to provide the utmost in strength and toughness with low weight.

The tubular bumpers, made of chrome molybdenum steel, are typical of the strength built into the car. According to Mr. Fuller, these have proven far stronger than any bumpers on the market, the front one on one of the cars having broken the standard steel safety cabling used for mounted road guards without so much as bending the bumper—though the car was traveling at a speed of 60 miles per hour. In Mr. Fuller's estimation the extreme lightness of the Dymaxion together with strength adequate for the speed of 125 miles per hour claimed for it, is due to the use of chrome moly steel.

Mrs. Ray Sanders left Thursday for Hubbard, Texas to spend a ten days visit with her mother.

Mr. and Mrs. M. L. Caffey, of of Anson, spent several days visit this week at the home of her brother, Mr. and Mrs. Alonzo Lollar of several miles east of Spur.

Mr. and Mrs. Roy Stoval returned Wednesday from Dallas where they have been on business the last few days.

Mr. and Mrs. W. R. Stafford of Afton visited in Spur the first of this week with Mr. and Mrs. Elzie Watson and Miss Mavis Stafford.

Mrs. W. H. Crouse and daughter, Mrs. E. C. Montague, of Stephenville spent several days in Spur last week, looking after business

P. T. A. Will Hold First Meeting Here Tuesday, Oct. 9th

Tuesday, October 9 the P. T. A. will hold the first meeting of the year in the High School auditorium. Patrons are invited to visit the schools on this day and be at High School at 3:00 for P. T. A. meeting.

The following officers are in charge:

President ____ Mrs. W. R. Weaver
V-President ___ Mrs. C. H. McCully
Secretary ____ Mrs. W. R. King
Treasurer ____ Mrs. Jack Rector
Historian ____ Miss Wilson

The following committees have been appointed:

Finance—East Ward, Mrs. Bailey, Mrs. V. L. Patterson, Mrs. Chas. Powell; Junior High, Mrs. J. M. Foster, Mrs. E. S. McGee, Mrs. Ernest Hale; High School, Mrs. J. B. Reed, Mrs. M. C. Golding, Mrs. Tolbert.

Membership—East Ward, Miss Lassetter, Mrs. B. C. Johnson, Mrs. Foy Vernon, Mrs. W. D. Starcher, Mrs. S. C. Fallis, Mrs. Frank Watson; Junior High, Mrs. White, Mrs. Hall, Mrs. Swan, Mrs. E. S. Lee, Mrs. W. B. Lee, Mrs. Lollar; High School, Miss Buster, Mrs. McCully, Mrs. L. R. Barrett, Mrs. W. F. Godfrey, Mrs. Ned Hogan, Mrs. Oran McClure.

Hospitality Com.—East Ward, Mrs. T. H. Blackwell, Mrs. W. C. Gruben, Mrs. Thurmond Moore, Mrs Lester Ericson; Junior High, Mrs. Ray Sanders, Mrs. Dickson, Mrs. Lisenby, Mrs. Pressley; High School Mrs. Nichols, Mrs. B. F. Hale, Mrs. Caraway, Mrs. H. C. Foote.

Program Com.—East Ward, Mrs. Collier, Mrs. G. J. Lane; Junior High School, Mrs. Kelly, Mrs. Cowan; High School, Miss McNeil, Mrs. Luther Powell.

Publication Com.—Miss Johnson, Mrs. Roy Taylor, Mrs. Ivey, Mrs. Henry Gruben.

Publicity—Mrs. A. M. Walker, Mrs. Laverty, Miss Hayes, Mrs. Mack Brown.

Pre-School Com.—Mrs. Brannen, Mrs. Dickey, Mrs. Murley, Mrs. Marrs, Mrs. Dick Speer, Mrs. Mack Wilson.—Rep.

Mr. and Mrs. Will Smiley of Duncan Flat spent some time in Spur, Tuesday, shopping with the merchants and visiting friends.

There's Profit—

as well as pleasure in dining at

BELL'S

Presbyterian

We are planning to observe Rally Day at the Presbyterian Church on Sunday morning, October 7th. The Sunday School will begin at the regular hour. 10 o'clock. Will the entire membership kindly make a very special effort to be present for this occasion?

The Morning Worship hour is 11 o'clock. At this time we will observe the communion of the Lord's Supper. The sermon subject will be The Christian Passover, and will be an attempt to afford a better conception of what the Passover meant to the Jews and how it compares to the Communion service among Christian people.

In the evening service, which begins at 7:30, we will make a study of the second great phase of the life of Moses. The pastor is engaged in a series of sermons on the lives of Old Testament heroes. It is hoped that by a study of these characters we may obtain a better knowledge of the story and the teachings of the Old Testament.

On Wednesday evening, October 10th, at 7:30 o'clock, we will discuss the second of the Ten Commandments. Our Wednesday evening services, for the next ten weeks, will be devoted to a study of these commandments.

Come and worship the Lord with us. An invitation is alway open to all.

Sanitarium Notes

Miss Ernestine Green, who underwent an operation September 21, is recuperating nicely.

Miss Jettie Windham, undergoing an operation September 23, is reported steadily improving.

Mrs. Bullock Tillotson is able to be up after having had an operation September 24th.

Mrs. George Sloan is convalescing after an operation September 24th.

Mrs. C. D. Hooker, of Afton, who underwent an operation September 18th, is still in the Sanitarium but is reported improving.

O. D. Thompson, of Dickens, underwent an operation Tuesday of this week and is reported to be getting along nicely.

A. J. Wright, of Red Top, was brought to the Sanitarium Wednesday afternoon prepatory to on operation to be performed this morning.

Mr. and Mrs. Alonzo Lollar of six miles east of Spur had as their guests for several days visit the past week her sister. Mrs. Lela Allen of Guanah, and nephew, Mr. and Mrs. Claude Allen of Oklahoma City. Her mother, Mrs. M. C. Ellis, accompanied them and will make her home with Mr. and Mrs. Lollar during the winter.

Miss Jane Douglas Wilson Announces Engagement Sat.

Jane and Floyd, October 18, 1934 was the important message conveyed to guests, by letter place cards at a breakfast at the Spur Inn Saturday morning at nine o'clock, when Mrs. W. D. Wilson, 1907-23 St., Lubbock, entertained announcing the engagement of her eldest daughter Miss Jane Douglas Wilson to Floyd McArthur.

The marriage will be solemnized Thursday. October the 18th at the home of the bride elect's parents in Lubbock, Texas.

A large crystal vase of pink rose buds together with bowls of yellow and white autumn flowers centered the table at breakfast.

Plate favors were lillies of the valley tied with yellow teele.

Miss Wilson has been reared in Spur and is an exceptionally fine character and has for the past three years filled a position as teacher in our Spur Schools.

A series of pre-nupital parties are scheduled to follow with some here and others to be given in Lubbock.

Covers were laid for Misses Wilma and Lillie McArthur, sisters of Floyd McArthur; Mesdames V. V. Parr, Sam Clemmons, J. C. McNeil III., Geo. S. Link, D. H. Zachry, F. W. Jennings, W. D. Starcher, Ray E. Dickkson, Ned Hogan, Nellie Davis, Sam Z. Hall, M. H. Brannen, Faust Collier, A. O. White, Oran McClure, Buster Parish, Miss Nig Lisenby, the hostess, Mrs. W. D. Wilson and guest of honor, Miss Jane Douglas Wilson.

Expecting another car Dawson Hydro-cleaned coal about Tuesday. Buy it off the car and save money.

Twin Wells Club Demonstrators For The Ensuing Year

"The secret of cooking catsup is in cooking it rapidly. It will have better color and will taste better if cooked in a pressure cooker," said Miss Pratt at the regular meeting of the Twin Wells club at the home of Mrs. Gilmore Tuesday afternoon.

Mrs. Gilmore was leader for the afternoon program. "Making Catsup and Mincemeat' was the topic for discussion.

Pans were made for the club exhibit which will be held in the early part of November.

The following members were enrolled as demonstrators: Mrs. Tom Gilmore, yard improvement; Mrs. L. B. McMeans, farm food supply; and Mrs. Don Merriman, wardrobe demonstrator class 1.

The club should make 100 percent in wardrobe work next year, as we shall have 4 wardrobe demonstrators. Each member is expected to keep a record of their clothing expenses during the year beginning August 1. "It is very easy after one begins," said one demonstrator.

Members present were: Mrs. Dan Merriman, Mrs. Tol Merriman, Mrs. C. C. McCombs, Mrs. L. B. McMeans, Miss Minnie Fae McMeans and the hostess.—Minnie Fae McMeans, reporter.

1931 STUDY CLUB

The 1931 Study Club met with Mrs. Jerry Ensey Tuesday, October 2nd.

Sixteen members answered roll call with classical composers. A music program was enjoyed, led by Mrs. Jones, who discussed Early History and Developement of Music. Mrs. Clemmons gave some interesting events in the lives of Bach and Beethoven, and Mrs. Williams discussed National Characteristics in Music.

Refreshments of pear salad, date cake and iced tea were served by the hostess. The club meets Oct. 16 with Mrs. Jack Rector.—Rep.

1925 BRIDGE CLUB

Mrs. V. V. Parr entertained the 1925 Bridge Club at her home on the Pitchfork Ranch last Wednesday afternoon. The spacious rooms were decorated with pot plants which went as the high score at each table after the games of bridge were played. Mrs. Nellie Davis won high club score, a sterling salad fork, and pot plants went to Mrs. W. T. Andrews, Mrs. F. W. Jennings and Mrs. Clifford Jones. Refreshments were served to Mrs. E. F. Laverty, Mrs. M. C. Golding, M. L. Jones, Nellie Davis, Hill Perry, Roy Harkey, W. T. Andrews, Clifford B. Jones, C. L. Love, Elzie Watson, Oran McClure, F. W. Jennings.—Rep

Hindman-Bennett

(Continued from page 1)

congratulated on obtaining her for his helpmate.

Mr. Bennett is the son of Rev. and Mrs. W. B. Bennett of Spur and is well and favorably known, having been practically reared among us. He is an industrious young farmer of sterling character, an unusual ability, and we join their many friends in wishing them a prosperous and successful voyage over life's stormy ocean.

A Neighbor.

Mrs. Neal Chastain and young son, Neal Jr. are spending this week in Hamlin, Texas visiting her parents and Judge and Mrs. Claude Chastain and family.

Mrs. Fred C. Haile is spending this week in Abilene visiting her parents, Mr. and Mrs. Nichols and family.
